PART II**CAPITAL PROJECTS BUDGET**

(1) Capital Construction Fund Appropriations and Reauthorizations: Moneys in the Capital Construction Fund are appropriated for the following capital projects subject to the conditions and procedures in this Act. Items listed without appropriated amounts are previously authorized for which no additional amount is required. These items are listed in order to continue their current authorization into the 2018-2020 fiscal biennium. Unless otherwise specified, reauthorized projects shall conform to the original authorization enacted by the General Assembly.

(2) Expiration of Existing Line-Item Capital Construction Projects: All appropriations to existing line-item capital construction projects expire on June 30, 2018, unless reauthorized in this Act with the following exceptions: (a) A construction or purchase contract for the project shall have been awarded by June 30, 2018; (b) Permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds, if the authorized project completes an initial draw on the line of credit within the fiscal biennium immediately subsequent to the original authorization; and (c) Grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties by June 30, 2018. Notwithstanding the criteria set forth in this subsection, the disposition of 2018-2020 fiscal biennium nonstatutory appropriated maintenance pools funded from Capital Construction Investment Income shall remain subject to the provisions of KRS 45.770(5)(c).

(3) Bond Proceeds Investment Income: Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties and excess bond proceeds upon the completion of a bond-financed capital project shall be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations.

(4) Appropriations for Projects Not Line-Itemized: Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Kentucky Infrastructure Authority Water and Sewer projects; Repair of State-Owned Dams; Guaranteed Energy Savings Performance Contract projects; Wetland and Stream Mitigation projects; Flood Control projects; Bond-funded and Restricted Fund maintenance pools; Postsecondary Education pools; and Commonwealth Office of Technology Infrastructure Upgrades. Notwithstanding any statute to the contrary, projects estimated to cost over \$1,000,000 and equipment estimated to cost over \$200,000 shall be reported to the Capital Projects and Bond Oversight Committee.

(5) Capital Construction and Equipment Purchase Contingency Account: If funds in the Capital Construction and Equipment Purchase Contingency Account are not sufficient, then expenditures of the fund are to be paid first from the General Fund Surplus Account (KRS 48.700), if available, or from the Budget Reserve Trust Fund Account (KRS 48.705), subject to the conditions and procedures provided in this Act.

(6) Emergency Repair, Maintenance, and Replacement Account: If funds in the Emergency Repair, Maintenance, and Replacement Account are not sufficient, then expenditures of the fund are to be paid first from the General Fund Surplus Account (KRS 48.700), if available, or from the Budget Reserve Trust Fund Account (KRS 48.705), subject to the conditions and procedures provided in this Act.

PART III

GENERAL PROVISIONS

1. Funds Designations: Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Fund, State Enterprise Funds (State Parks, State Fair Board, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Fleet Management, Computer Services, Correctional Industries, Central Printing, Risk Management, and Property Management), and selected Fiduciary Funds (Other Expendable Trust Funds). Separate fund records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, other miscellaneous federal receipts received by a budget unit, and the Unemployment Compensation Fund, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. Expenditure of Excess Restricted Funds or Federal Funds Receipts: If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 2018-2019 or fiscal year 2019-2020, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by a specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act, for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.730, and 48.800, and with the authorization of the State Budget Director and approval of the Secretary of the Finance and Administration Cabinet.

Prior to authorizing the appropriation of any excess, unbudgeted Restricted Funds pursuant to this section, the State Budget Director and the Secretary of the Finance and Administration Cabinet shall review the adequacy of the General Fund Surplus Account with respect to its availability to support authorized expenditures from the General Fund Surplus Account, known as Necessary Government Expenses. If General Fund Surplus Account moneys are determined by this review to be adequate to meet known or anticipated Necessary Government Expenses during fiscal year 2018-2019 or fiscal year 2019-2020, respectively, then the appropriation increase may be approved. If the review indicates that there are insufficient funds available or reasonably estimated to become available to the General Fund Surplus Account to meet known or projected Necessary Government Expenses for the fiscal years enumerated above, the State Budget Director and the Secretary of the Finance and Administration Cabinet may disapprove the request for additional Restricted Funds expenditure authority and may direct the excess Restricted Funds identified to the General Fund Surplus Account in order to meet Necessary Government Expense obligations. The results of any review shall be reported to the Interim Joint Committee on Appropriations and Revenue in accordance with KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.730, and 48.800.

Any request made by a budget unit pursuant to KRS 48.630 that relates to Restricted Funds or Federal Funds shall include documentation showing a comparative statement of revised estimated receipts by fund source and the

proposed expenditures by proposed use, with the appropriated sums specified in the Budget of the Commonwealth, and statements which explain the cause, source, and use for any variances which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the fiscal biennium 2018-2020 Branch Budget Request Manual and according to the following schedule in each fiscal year: (a) on or before the beginning of each fiscal year; (b) on or before October 1; (c) on or before January 1; and (d) on or before April 1.

3. Interim Appropriation Increases: No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and the documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with KRS 48.630. Proposed revisions to an appropriation contained in the enacted Executive Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

Notwithstanding KRS 48.630(3), (4), and (5), any proposed and recommended actions to increase appropriations for funds specified in Section 2. of this Part shall be scheduled consistent with the timetable contained in that section in order to provide continuous and timely budget information.

4. Revision of Appropriation Allotments: Allotments within appropriated sums for the activities and purposes contained in the enacted Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

5. Permitted Appropriation Obligations: No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly and legislative and executive records.

6. Lapse of General Fund or Road Fund Appropriations Supplanted by Federal Funds: Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account, respectively, to the extent the Federal Funds otherwise become available.

7. Federally Funded Agencies: A state agency entitled to Federal Funds, which would represent 100 percent of the cost of a program, shall conform to KRS 48.730.

8. Lapse of General Fund or Road Fund Excess Debt Service Appropriations: Pursuant to KRS 48.720, any excess General Fund or Road Fund debt service shall lapse to the respective surplus account unless otherwise directed in this Act.

9. Statutes in Conflict: All statutes and portions of statutes in conflict with any of the provisions of this Act, to the extent of the conflict, are suspended unless otherwise provided by this Act.

10. Construction of Budget Provisions on Statutory Budget Administration Powers and Duties: Nothing in this Act is to be construed as amending or altering Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act.

11. Interpretation of Appropriations: All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

12. Publication of the Budget of the Commonwealth: The State Budget Director shall cause the Governor's Office for Policy and Management, within 60 days of adjournment of the 2018 Regular Session of the General Assembly, to publish a final enacted budget document, styled the Budget of the Commonwealth, based upon the Legislative Budget, Executive Budget, Transportation Cabinet Budget, and Judicial Budget as enacted by the 2018 Regular Session, as well as other Acts which contain appropriation provisions for the 2018-2020 fiscal biennium, and based upon supporting documentation and legislative records as considered by the 2018 Regular Session. This document shall include, for each agency and budget unit, a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class, and any other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted Executive Budget and Transportation Cabinet Budget shall be revised or adjusted only upon approval by the Governor's Office for Policy

and Management as provided in each Part of this Act and by KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810, and upon review and approval by the Interim Joint Committee on Appropriations and Revenue.

13. State Financial Condition: Pursuant to KRS 48.400, the State Budget Director shall monitor and report on the financial condition of the Commonwealth.

14. Prorating Administrative Costs: The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for prorating the administrative costs of the Finance and Administration Cabinet, the Department of the Treasury, and the Office of the Attorney General relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate federal laws and regulations governing the programs. The receipts and allotments under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

15. Construction of Budget Provisions Regarding Executive Reorganization Orders: Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless the executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 2018 Regular Session of the General Assembly.

16. Budget Planning Report: By August 15, 2019, the State Budget Director, in conjunction with the Consensus Forecasting Group, shall provide to each branch of government, pursuant to KRS 48.120, a budget planning report.

17. Tax Expenditure Revenue Loss Estimates: By November 30, 2019, the Office of State Budget Director shall provide to each branch of government detailed estimates for the General Fund and Road Fund for the current and next two fiscal years of the revenue loss resulting from tax expenditures. The Department of Revenue shall provide assistance and furnish data, which is not restricted by KRS 131.190. "Tax expenditure" as used in this section means an exemption, exclusion, or deduction from the base of a tax, a credit against the tax, a deferral of a tax, or a preferential tax rate. The estimates shall include for each tax expenditure the amount of revenue loss, a citation of the legal authority for the tax expenditure, the year in which it was enacted, and the tax year in which it became effective.

18. Duplicate Appropriations: Any appropriation item and sum in Parts I to X of this Act and in an appropriation provision in any Act of the 2018 Regular Session which constitutes a duplicate appropriation shall be governed by KRS 48.312.

19. Priority of Individual Appropriations: KRS 48.313 shall control when a total or subtotal figure in this Act conflicts with the sum of the appropriations of which it consists.

20. Severability of Budget Provisions: Appropriation items and sums in Parts I to X of this Act shall conform to KRS 48.311. If any section, any subsection, or any provision is found by a court of competent jurisdiction in a final, unappealable order to be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions.

21. Unclaimed Lottery Prize Money: For fiscal year 2018-2019 and fiscal year 2019-2020, all unclaimed lottery prize money under KRS 154A.110(3) shall be credited to the Kentucky Educational Excellence Scholarship Reserve Account to be held as a subsidiary account within the Finance and Administration Cabinet for the purpose of funding the KEES Program as appropriated in this Act. If the Kentucky Higher Education Assistance Authority certifies to the State Budget Director that the appropriations in this Act for the KEES Program under the existing award schedule are insufficient to meet funds required for eligible applicants, then the State Budget Director shall provide the necessary allotment of funds in the balance of the KEES Reserve Account to fund the KEES Program. Actions taken under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue on a timely basis.

22. Workers' Compensation: Notwithstanding KRS 342.340(1) and 803 KAR 25:021, Section 5, the Personnel Cabinet shall be exempt from procuring excess risk insurance in fiscal year 2018-2019 and fiscal year 2019-2020 for the Workers' Compensation Benefits and Reserve Program administered by the Cabinet.

23. Carry Forward and Undesignated General Fund and Road Fund Carry Forward: Notwithstanding KRS 48.700 and 48.705, and other Parts of this Act, the Secretary of the Finance and Administration Cabinet shall determine and certify, within 30 days of the close of fiscal year 2017-2018 and fiscal year 2018-2019, the actual amount of undesignated balance of the General Fund and the Road Fund for the year just ended. The amounts from the undesignated fiscal year 2017-2018 and fiscal year 2018-2019 General Fund and Road

Fund balances that are designated and carried forward for budgeted purposes in the 2018-2020 fiscal biennium shall be determined by the State Budget Director during the close of the respective fiscal year and shall be reported to the Interim Joint Committee on Appropriations and Revenue within 30 days of the close of the fiscal year. Any General Fund undesignated balance in excess of the amount designated for budgeted purposes under this section shall be made available for the General Fund Surplus Expenditure Plan contained in Part VII of this Act unless otherwise provided in this Act. The Road Fund undesignated balance in excess of the amount designated for budgeted purposes under this section shall be made available for the Road Fund Surplus Expenditure Plan contained in Part IX of this Act unless otherwise provided in this Act.

Notwithstanding KRS 164.230 and 164.360, when a faculty reduction occurs pursuant to this section, the board shall provide ten days' notice in writing to the faculty member or members being removed as a result of the reduction stating the Board's reasoning. (c) Lack of work;

(d) Abolishment of a position; or

(e) Other material change in duties or organization;

(3) The appointing authority shall determine the job classifications affected and the number of employees laid-off in each classification and each county to which a layoff applies. In the same department or office, county, and job classification, interim and probationary employees shall be laid-off before any full-time or part-time employees with status are laid-off. For purposes of layoff, "probationary employee" does not include an employee with status serving a promotional probation;

A reemployment applicant shall not be removed from any register except as provided by KRS 18A.032. When a reemployment applicant is removed from a register, he or she shall be notified in writing. A reemployment applicant who accepts any classified position, or who retires through the Kentucky Retirement Systems or Kentucky Teachers' Retirement System, shall cease to have eligibility rights as a reemployment applicant;

(8) With the approval of the Secretary, the Personnel Cabinet may place employees subject to a reduction in force;

(9) Furloughs or reduction of hours during a pay period shall not result in the loss of eligibility for any benefit otherwise due the employee;

(10) The Secretary shall have the authority to promulgate comprehensive administrative regulations governing this section; and

(11) A layoff, furlough, or reduction of hours implemented in accordance with this section shall not be considered a penalization of the employee for the purposes of KRS Chapters 16, 18A, and 156, and shall be appealable to the State Personnel Board, the Kentucky Technical Education Personnel Board, the Department of Kentucky State Police Personnel Board, or other applicable administrative body.

Notwithstanding any provision of KRS 48.120(4) and (5) to the contrary, the official enacted revenue estimates of the Commonwealth described in KRS 48.120(5) shall be adjusted at the conclusion of the 2018 Regular Session of the General Assembly to incorporate any projected revenue increases or decreases that will occur as a result of actions taken by the General Assembly subsequent to the passage of this Act by both chambers.

GENERAL FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130 and 48.600, a General Fund Budget Reduction Plan is enacted for state government in the event of an actual or projected revenue shortfall in General Fund revenue receipts, excluding Tobacco Settlement – Phase I receipts, of \$11,005,900,000 in fiscal year 2018-2019 and \$11,290,000,000 in fiscal year 2019-2020, as determined by KRS 48.120 and modified by related Acts and actions of the General Assembly in an extraordinary or regular session. Notwithstanding KRS 48.130, direct services, obligations essential to the minimum level of

constitutional functions, and other items that may be specified in this Act, are exempt from the requirements of this Plan. Each branch head shall prepare a specific plan to address the proportionate share of the General Fund revenue shortfall applicable to the respective branch. No budget revision action shall be taken by a branch head in excess of the actual or projected revenue shortfall.

The Governor, Constitutional Officers, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary, as well as take other measures which shall be consistent with the provisions of this Part and biennial branch budget bills.

Notwithstanding KRS 48.130(4)(a) and (b), in the event of a revenue shortfall of five percent or less, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of the Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582 as modified by the provisions of this Act;

(2) Transfers of excess unappropriated Restricted Funds, notwithstanding any statutes to the contrary, other than fiduciary funds, to the General Fund shall be applied as determined by the head of each branch for its respective budget units. No transfers to the General Fund shall be made from the following:

(a) Local Government Economic Assistance and Local Government Economic Development Funds;

(b) Unexpended debt service from the Tobacco-Settlement Phase I Funds, including but not limited to unexpended debt service and the Tobacco Unbudgeted Interest Income-Rural Development Trust Fund, in either fiscal year;

(c) Multi-County Coal Severance Fund; and

(d) The Kentucky Permanent Pension Fund;

(3) Unexpended debt service;

(4) Any unanticipated Phase I Master Settlement Agreement revenues in both fiscal years shall be appropriated according to Part X of this Act and shall not be transferred to the General Fund;

(5) Use of the unappropriated balance of the General Fund surplus shall be applied;

(6) Any language provision that expresses legislative intent regarding a specific appropriation shall not be reduced by a greater percentage than the reduction to the General Fund appropriation for that budget unit;

(7) Reduce General Fund appropriations in Executive Branch agencies' operating budget units by a sufficient amount to balance either fiscal year. No reductions of General Fund appropriations shall be made from the Local Government Economic Assistance Fund or the Local Government Economic Development Fund;

(8) Notwithstanding subsection (7) of this Part, no reductions shall be made to the Constitutional Officers or their offices, Commonwealth's Attorneys or their offices, or County Attorneys or their offices. The Governor may request their participation in a budget reduction; however, the level of participation shall be at the discretion of the Constitutional Officer or the Prosecutors Advisory Council, and shall not exceed the actual percentage of revenue shortfall;

(9) Excess General Fund appropriations which accrue as a result of personnel vacancies and turnover, and reduced requirements for operating expenses, grants, and capital outlay shall be determined and applied by the heads of the executive, judicial, and legislative departments of state government for their respective branches. The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of the Finance and Administration Cabinet and the Legislative Research Commission. The Secretary of the Finance and Administration Cabinet shall execute the certified actions as transmitted by the branch heads.

directed to take necessary actions with respect to the Executive Branch budget units to balance the budget by such actions conforming with the criteria expressed in this Part.

AN ACT relating to retirement and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 61.522 is amended to read as follows:

Notwithstanding any other provision of KRS 61.510 to 61.705 or 78.510 to 78.852 to the contrary:

- (1) For purposes of this section:
 - (a) "Active member" means a member who is participating in the system;
 - (b) "Employer" means the governing body of a department, as defined by KRS 61.510, or a county as defined by KRS 78.510;
 - (c) "Employer's effective cessation date" means:
 1. The last day of the system's plan year in the year in which the employer has elected to cease participation in the system, provided the employer has met the requirements of this section and has given the Kentucky Retirement Systems sufficient notice as provided by administrative regulations promulgated by the systems; *or*
 2. ***For employers making an election to cease participating under the provisions of subsection (8) of this section, it shall be June 30, 2019; and***
 - (d) "Inactive member" means a member who is not participating with the system;
- (2) Any employer participating in the Kentucky Employees Retirement System or the County Employees Retirement System on July 1, 2015, except as limited by subsection (6) of this section, may:
 - (a) Voluntarily cease participation in its respective retirement system subject to the requirements and restrictions of this section; or
 - (b) Be required to involuntarily cease participation in the system under the provisions of this section if the board has determined the employer is no longer qualified to participate in a governmental plan or has failed to comply with the provisions of KRS 61.510 to 61.705 or 78.510 to 78.852;
- (3) (a) If an employer desires to voluntarily cease participation in the Kentucky Employees Retirement System or the County Employees Retirement System as provided by subsection (2)(a) of this section:
 1. The employer shall adopt a resolution requesting to cease participation in the system and shall submit the resolution to the board for its approval;
 2. ***Except as otherwise provided by this section,*** the cessation of participation in the system shall apply to all employees of the employer;
 3. The employer shall pay for all administrative costs of an actuarial study to be completed by the Kentucky Retirement Systems' consulting actuary and for any other administrative costs for discontinuing participation in the system as determined by the board and as provided by this section;
 4. The employer shall provide an alternative retirement program for employees who will no longer be covered by the system, which may include a voluntary defined contribution plan ***but, for effective cessation dates occurring on or after June 30, 2019, shall not include a defined benefit plan which by nature can have an unfunded liability;***
 5. If the alternative retirement program established by the employer meets the qualification requirements under 26 U.S.C. sec. 401(a) and is capable of accepting trustee-to-trustee transfers of both pre-tax and post-tax contributions, employees of the employer ceasing participation may seek to transfer his or her account balance to the employer's qualified alternate retirement program within sixty (60) days of the employer's effective cessation date. An employee's election to transfer his or her account balance within sixty (60) days of the employer's effective cessation date is an irrevocable waiver of the right to obtain service credits in the system for the time worked for the employer ceasing participation; and
 6. ***Except as provided by subsection (8) of this section,*** the employer shall pay by lump sum to the system the full actuarial cost of the benefits accrued by its current and former employees in the system as determined separately for the pension fund and the insurance fund by the actuarial study required by subparagraph 3. of this paragraph. The full actuarial cost shall not include any employee who seeks a transfer of his or her account balance within sixty (60) days of the employer's effective cessation date as provided by subparagraph 5. of this paragraph. The actuarial cost shall be fixed, and the employer shall not be subject to any increases or subsequent adjustments, once the lump sum is paid.

- (b) If the board determines an employer must involuntarily cease participation in the system as provided by subsection (2)(b) of this section:

1. The cessation of participation in the system shall apply to all employees of the employer;

The employer shall pay by lump sum to the system the full actuarial cost of the benefits accrued by its current and former employees in the system as determined separately for the pension fund and the insurance fund by the actuarial study required by subparagraph 2. of this paragraph. The actuarial cost shall be fixed, and the employer shall not be subject to any increases or subsequent adjustments, once the lump sum is paid. ~~+~~

An employer who is required to involuntarily cease participating in the systems shall not establish or contribute to on behalf of its employees a defined benefit plan which by nature can have an unfunded liability;

- (4) Any employee hired on or after the employer's effective cessation date by an employer who has ceased participation in the system as provided by this section shall not, regardless of his or her membership date in the systems administered by Kentucky Retirement Systems, be eligible to participate in the Kentucky Employees Retirement System or the County Employees Retirement System through the employer that ceased participation for the duration of his or her employment with that employer;

- (5) If an employer has ceased participation in the system as provided by this section:

- (a) The rights of recipients and the vested rights of inactive members accrued as of the employer's effective cessation date shall not be impaired or reduced in any manner as a result of the employer ceasing participation in the system; and

- (b) Employees of the employer ceasing participation shall accrue benefits through the employer's effective cessation date but shall not accrue any additional benefits in the Kentucky Employees Retirement System or the County Employees Retirement System, including earning years of service credit through the ceased employer, after the employer's effective cessation date for as long as they remain employed by the employer. The day after the employer's effective cessation date, each employee described by this paragraph shall be considered an inactive member with respect to his or her employment with the employer that ceased participation and, subject to the provisions and limitations of KRS 61.510 to 61.705 and 78.510 to 78.852, shall:

- (6) (a) Kentucky Employees Retirement System employers who are county attorney offices, Commonwealth's attorney offices, ~~{local and district health departments governed by KRS Chapter 212, }~~master commissioners, executive branch agencies whose employees are subject to KRS 18A.005 to 18A.200, state-administered retirement systems, ~~{state-supported universities and community colleges, }~~property valuation administration offices, or employers in the legislative or judicial branch of Kentucky state government, shall not be eligible to voluntarily discontinue participation in the Kentucky Employees Retirement System unless the employer is a nonstock nonprofit corporation organized under KRS Chapter 273. ***An employer who has both employees subject and not subject to KRS 18A.005 to 18A.200, shall, notwithstanding any other provision of law to the contrary, be eligible to cease participating in the Kentucky Employees Retirement System for all employees not subject to KRS 18A.005 to 18A.200 or for all employees subject and not subject to KRS 18A.005 to 18A.200, provided more than fifty percent (50%) of the employer's employees reported to the system are not subject to KRS 18A.005 to 18A.200.***

For purposes of determining the full actuarial cost, the assumed rate of return used to calculate the cost shall be the lesser of the assumed rate of return utilized in the system's most recent actuarial valuation or the yield on a thirty (30) year United States treasury bond as of the employer's effective cessation date, but shall in no case be lower than the assumed rate of return utilized in the system's most recent actuarial valuation minus three and one-half percent (3.5%);
- (8) *Notwithstanding the provisions of this section, an employer who is eligible to voluntarily cease participating as provided by subsection (6) of this section, and who contributed to the systems in fiscal year 2017-2018 may, prior to January 1, 2019, elect to voluntarily cease participating in the systems. If an employer makes an election as provided by this subsection:*

 - (b) *For fiscal years 2018-2019 and 2019-2020, and only for the period of time occurring on or after the first day of the month following the date the employer makes an election as provided by this subsection, the employer ceasing participating shall pay the same dollar amount of contribution as the employer contributed in fiscal year 2017-2018;*
 - (c) *The cost of ceasing participating to an individual employer shall be equal to the cost determined under subsection (7) of this section, except as otherwise adjusted by this section; and*
 - (d) *The cost of ceasing participation as provided by this subsection shall be financed over a thirty (30) year period by the system beginning July 1, 2019, with no interest payable by the employer ceasing participation and with an annual payment not exceeding the dollar amount of contributions payable under paragraph (b) of this subsection for payments on or after July 1, 2020, unless the employer's costs for ceasing participation cannot be financed over the thirty (30) year period starting July 1, 2019, using this method, then:*
 - 1. *The dollar amount of the contribution paid each fiscal year on or after July 1, 2020, may be increased by up to five percent (5%) per year over the prior fiscal year in order to finance the cost interest free over the thirty (30) year period; and*
 - 2. *In the event that the total cost cannot be financed interest free over the thirty (30) year period by the increase in payments as provided by subparagraph 1. of this paragraph, then additional years shall be added to the financing period so that the cost is paid off by the conclusion of the financing period but in no case shall not exceed forty (40) years.*
- An employer ceasing participation who is making installment payments as provided by this paragraph, may at any time payoff the remaining balance.*

The local board of education and the fiscal court shall have accessible a factual list of individual salaries for public scrutiny and the local board and the fiscal court shall furnish by mail a factual list of individual salaries of its employees to a newspaper qualified under KRS 424.120 to publish advertisements for the district, which newspaper may then publish as a news item the individual salaries of school or county employees.~~
- (5) The officer shall procure and include in or attach to the financial statement, as a part thereof, a certificate from the cashier or other proper officer of the banks in which the funds are or have been deposited during the past year, showing the balance, if any, of funds to the credit of the officer making the statement.

The advertisement shall be published within ninety (90) days after the close of the fiscal year.
- (8) The appropriate officer of a county shall satisfy the requirements of subsection (6) of this section by publishing the county's audit, prepared in accordance with KRS 43.070 or 64.810, in the same manner that city audits are published in accordance with KRS 91A.040(6).

➔Section 9. KRS 278.020 is amended to read as follows:

- (1) (a) No person, partnership, public or private corporation, or combination thereof shall commence providing utility service to or for the public or begin the construction of any plant, equipment, property, or facility for furnishing to the public any of the services enumerated in KRS 278.010, except:
 1. Retail electric suppliers for service connections to electric-consuming facilities located within its certified territory and ordinary extensions of existing systems in the usual course of business; ***or***
 2. ***A water district created under KRS Chapter 74 or a water association formed under KRS Chapter 273 that undertakes a waterline extension or improvement project if the water district***

or water association is a Class A or B utility as defined in the uniform system of accounts established by the commission according to KRS 278.220 and:

- a. The water line extension or improvement project will not cost more than five hundred thousand dollars (\$500,000); or*
- b. The water district or water association will not, as a result of the water line extension or improvement project, incur obligations requiring commission approval as required by KRS 278.300.*

In either case, the water district or water association shall not, as a result of the water line extension or improvement project, increase rates to its customers;~~[-]~~

until that person has obtained from the Public Service Commission a certificate that public convenience and necessity require the service or construction.

- (b)* Upon the filing of an application for a certificate, and after any public hearing which the commission may in its discretion conduct for all interested parties, the commission may issue or refuse to issue the certificate, or issue it in part and refuse it in part, except that the commission shall not refuse or modify an application submitted under KRS 278.023 without consent by the parties to the agreement.
 - (c)* The commission, when considering an application for a certificate to construct a base load electric generating facility, may consider the policy of the General Assembly to foster and encourage use of Kentucky coal by electric utilities serving the Commonwealth.
 - (d)* The commission, when considering an application for a certificate to construct an electric transmission line, may consider the interstate benefits expected to be achieved by the proposed construction or modification of electric transmission facilities in the Commonwealth.
 - (e)* Unless exercised within one (1) year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.
- (2) For the purposes of this section, construction of any electric transmission line of one hundred thirty-eight (138) kilovolts or more and of more than five thousand two hundred eighty (5,280) feet in length shall not be considered an ordinary extension of an existing system in the usual course of business and shall require a certificate of public convenience and necessity. However, ordinary extensions of existing systems in the usual course of business not requiring such a certificate shall include:
- (a) The replacement or upgrading of any existing electric transmission line; or
 - (b) The relocation of any existing electric transmission line to accommodate construction or expansion of a roadway or other transportation infrastructure; or
 - (c) An electric transmission line that is constructed solely to serve a single customer and that will pass over no property other than that owned by the customer to be served.
- (3) Prior to granting a certificate of public convenience and necessity to construct facilities to provide the services set forth in KRS 278.010(3)(f), the commission shall require the applicant to provide a surety bond, or a reasonable guaranty that the applicant shall operate the facilities in a reasonable and reliable manner for a period of at least five (5) years. The surety bond or guaranty shall be in an amount sufficient to ensure the full and faithful performance by the applicant or its successors of the obligations and requirements of this chapter and of all applicable federal and state environmental requirements. However, no surety bond or guaranty shall be required for an applicant that is a water district or water association or for an applicant that the commission finds has sufficient assets to ensure the continuity of sewage service.
- (4) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one (1) year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.
- (5) No utility shall apply for or obtain any franchise, license, or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a

certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.

- (6) No person shall acquire or transfer ownership of, or control, or the right to control, any utility under the jurisdiction of the commission by sale of assets, transfer of stock, or otherwise, or abandon the same, without prior approval by the commission. The commission shall grant its approval if the person acquiring the utility has the financial, technical, and managerial abilities to provide reasonable service.
- (7) No individual, group, syndicate, general or limited partnership, association, corporation, joint stock company, trust, or other entity (an "acquirer"), whether or not organized under the laws of this state, shall acquire control, either directly or indirectly, of any utility furnishing utility service in this state, without having first obtained the approval of the commission. Any acquisition of control without prior authorization shall be void and of no effect. As used in this subsection, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a utility, whether through the ownership of voting securities, by effecting a change in the composition of the board of directors, by contract or otherwise. Control shall be presumed to exist if any individual or entity, directly or indirectly, owns ten percent (10%) or more of the voting securities of the utility. This presumption may be rebutted by a showing that ownership does not in fact confer control. Application for any approval or authorization shall be made to the commission in writing, verified by oath or affirmation, and be in a form and contain the information as the commission requires. The commission shall approve any proposed acquisition when it finds that the same is to be made in accordance with law, for a proper purpose and is consistent with the public interest. The commission may make investigation and hold hearings in the matter as it deems necessary, and thereafter may grant any application under this subsection in whole or in part and with modification and upon terms and conditions as it deems necessary or appropriate. The commission shall grant, modify, refuse, or prescribe appropriate terms and conditions with respect to every such application within sixty (60) days after the filing of the application therefor, unless it is necessary, for good cause shown, to continue the application for up to sixty (60) additional days. The order continuing the application shall state fully the facts that make continuance necessary. In the absence of that action within that period of time, any proposed acquisition shall be deemed to be approved.
- (8) Subsection (7) of this section shall not apply to any acquisition of control of any:
 - (a) Utility which derives a greater percentage of its gross revenue from business in another jurisdiction than from business in this state if the commission determines that the other jurisdiction has statutes or rules which are applicable and are being applied and which afford protection to ratepayers in this state substantially equal to that afforded such ratepayers by subsection (7) of this section;
 - (b) Utility by an acquirer who directly, or indirectly through one (1) or more intermediaries, controls, or is controlled by, or is under common control with, the utility, including any entity created at the direction of such utility for purposes of corporate reorganization; or
 - (c) Utility pursuant to the terms of any indebtedness of the utility, provided the issuance of indebtedness was approved by the commission.
- (9) In a proceeding on an application filed pursuant to this section, any interested person, including a person over whose property the proposed transmission line will cross, may request intervention, and the commission shall, if requested, conduct a public hearing in the county in which the transmission line is proposed to be constructed, or, if the transmission line is proposed to be constructed in more than one county, in one of those counties. The commission shall issue its decision no later than ninety (90) days after the application is filed, unless the commission extends this period, for good cause, to one hundred twenty (120) days. The commission may utilize the provisions of KRS 278.255(3) if, in the exercise of its discretion, it deems it necessary to hire a competent, qualified and independent firm to assist it in reaching its decision. The issuance by the commission of a certificate that public convenience and necessity require the construction of an electric transmission line shall be deemed to be a determination by the commission that, as of the date of issuance, the construction of the line is a prudent investment.
- (10) The commission shall not approve any application under subsection (6) or (7) of this section for the transfer of control of a utility described in KRS 278.010(3)(f) unless the commission finds, in addition to findings required by those subsections, that the person acquiring the utility has provided evidence of financial integrity to ensure the continuity of sewage service in the event that the acquirer cannot continue to provide service.

- (11) The commission shall not accept for filing an application requesting authority to abandon facilities that provide services as set forth in KRS 278.010(3)(f) or to cease providing services unless the applicant has provided written notice of the filing to the following:
- (a) Kentucky Division of Water;
 - (b) Office of the Attorney General; and
 - (c) The county judge/executive, mayor, health department, planning and zoning commission, and public sewage service provider of each county and each city in which the utility provides utility service.
- (12) The commission may grant any application requesting authority to abandon facilities that provide services as set forth in KRS 278.010(3)(f) or to cease providing services upon terms and conditions as the commission deems necessary or appropriate, but not before holding a hearing on the application and no earlier than ninety (90) days from the date of the commission's acceptance of the application for filing, unless the commission finds it necessary for good cause to act upon the application earlier.
- (13) If any provision of this section or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to that end the provisions are declared to be severable.

➔Section 10. KRS 150.021 is amended to read as follows:

- (1) The Department of Fish and Wildlife Resources shall constitute a department of state government within the meaning of KRS Chapter 12. - (3)
 - (a) ***The Finance and Administration Cabinet shall assess the Department of Fish and Wildlife Resources each fiscal year a fee in an amount equal to five percent (5%) of the debt service associated with all phases and implementation of the capital project to replace, repair, or maintain the two (2) way radio system utilized by the Department of Kentucky State Police.***
 - (b) ***The fee shall be assessed on each phase of the implementation of the two (2) way radio system and shall continue to be assessed until all debt for the system has been retired.***

➔Section 12. KRS 132.590 is amended to read as follows:

- (1) The compensation of the property valuation administrator shall be based on the schedule contained in subsection (2) of this section as modified by subsection (3) of this section. The compensation of the property valuation administrator shall be calculated by the Department of Revenue annually. Should a property valuation administrator for any reason vacate the office in any year during his term of office, he shall be paid only for the calendar days actually served during the year.
- (2) The salary schedule for property valuation administrators provides for nine (9) levels of salary based upon the population of the county in the prior year as determined by the United States Department of Commerce, Bureau of the Census annual estimates. To implement the salary schedule, the department shall, by November 1 of each year, certify for each county the population group applicable to each county based on the most recent estimates of the United States Department of Commerce, Bureau of the Census. The salary schedule provides four (4) steps for yearly increments within each population group. Property valuation administrators shall be paid according to the first step within their population group for the first year or portion thereof they serve in office. Thereafter, each property valuation administrator, on January 1 of each subsequent year, shall be advanced automatically to the next step in the salary schedule until the maximum salary figure for the

population group is reached. If the county population as certified by the department increases to a new group level, the property valuation administrator's salary shall be computed from the new group level at the beginning of the next year. A change in group level shall have no effect on the annual change in step. Prior to assuming office, any person who has previously served as a property valuation administrator must certify to the Department of Revenue the total number of years, not to exceed four (4) years, that the person has previously served in the office. The department shall place the person in the proper step based upon a formula of one (1) incremental step per full calendar year of service:

- (3) (a) For calendar year 2000, the salary schedule in subsection (2) of this section shall be increased by the amount of increase in the annual consumer price index as published by the United States Department of Commerce for the year ended December 31, 1999. This salary adjustment shall take effect on July 14, 2000, and shall not be retroactive to the preceding January 1.
- (b) For each calendar year beginning after December 31, 2000, upon publication of the annual consumer price index by the United States Department of Commerce, the annual rate of salary for the property valuation administrator shall be determined by applying the increase in the consumer price index to the salary in effect for the previous year. This salary determination shall be retroactive to the preceding January 1.
- (c) In addition to the step increases based on service in office, each property valuation administrator shall be paid an annual incentive of six hundred eighty-seven dollars and sixty-seven cents (\$687.67) per calendar year for each forty (40) hour training unit successfully completed based on continuing service in that office and, except as provided in this subsection, completion of at least forty (40) hours of approved training in each subsequent calendar year. If a property valuation administrator fails without good cause, as determined by the commissioner of the Kentucky Department of Revenue, to obtain the minimum amount of approved training in any year, the officer shall lose all training incentives previously accumulated. No property valuation administrator shall receive more than one (1) training unit per calendar year nor more than four (4) incentive payments per calendar year. Each property valuation administrator shall be allowed to carry forward up to forty (40) hours of training credit into

the following calendar year for the purpose of satisfying the minimum amount of training for that year. Subject to availability of funds, the department may extend cost-of-living increases approved for department employees to deputy property valuation administrators and other authorized personnel, by advancement in grade.
- (6) Beginning with the 1990-1992 biennium, the Department of Revenue shall prepare a biennial budget request for the staffing of property valuation administrators' offices. An equitable allocation of employee positions to each property valuation administrator's office in the state shall be made on the basis of comparative assessment work units. Assessment work units shall be determined from the most current objective information available from the United States Bureau of the Census and other similar sources of unbiased information. Beginning with the 1996-1998 biennium, assessment work units shall be based on parcel count per employee. The total sum allowed by the state to any property valuation administrator's office as compensation for deputies, other authorized personnel, and for other authorized expenditures shall not exceed the amount fixed by the Department of Revenue. The Department of Revenue shall return to each property valuation administrator, no later than July 1, an approved budget for the fiscal year.

Any deputy property valuation administrator employed or promoted to a higher position may be examined by the Department of Revenue in accordance with standards of the Personnel Cabinet, for the position to which he is being appointed or promoted. No state funds available to any property valuation administrator's office as compensation for deputies and other authorized personnel or for other authorized expenditures shall be paid without authorization of the Department of Revenue prior to the employment by the property valuation administrator of deputies or other authorized personnel or the incurring of other authorized expenditures.

3. A licensed distributor or licensed retail distributor shall:
 - a. Identify and display the distributor's or retail distributor's license number on the invoice to the retailer; and
 - b. Identify and display the excise tax separately on the invoice to the retailer. If the excise tax is included as part of the product's sales price, the licensed distributor or licensed retail distributor shall list the total excise tax in summary form by tax type with invoice totals.

- ~~(5)(7)~~ The department may prescribe forms and promulgate administrative regulations to execute and administer the provisions of this section.
- ~~(6)(8)~~ The General Assembly recognizes that increasing taxes on tobacco products should reduce consumption, and therefore result in healthier lifestyles for Kentuckians. The relative taxes on tobacco products proposed in this section reflect the growing data from scientific studies suggesting that although smokeless tobacco poses some risks, those health risks are significantly less than the risks posed by other forms of tobacco products. Moreover, the General Assembly acknowledges that some in the public health community recognize that tobacco harm reduction should be a complementary public health strategy regarding tobacco products. Taxing tobacco products according to relative risk is a rational tax policy and may well serve the public health goal of reducing smoking-related mortality and morbidity and lowering health care costs associated with tobacco-related disease.
- (7) Any person subject to the taxes imposed under subsections (1) and (2) of this section that:*
- (a) Files an application related to a modified risk tobacco product shall report to the department that an application has been filed within thirty (30) days of that filing; and*

Provided, however, that any legislator who was in office on July 1, 1980, and who is in office at the time he makes the election may, after the expiration of the thirty (30) day period and until May 1, 1982, make the election, in which event he shall pay to the Legislators' Retirement Plan, for the months between July 1, 1980, and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system

under KRS 6.535, will equal the member's contribution required by this section. If the member makes his election after February 1, 1981, he shall in addition pay to the plan interest on the foregoing sum, at six percent (6%) per annum, calculated as if the sum consisted of equal monthly payments, one (1) of which was due at the end of each month between July 1, 1980, and the date the election was made. The election shall be addressed to and filed with the secretary of the Finance and Administration Cabinet and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five percent (5%) thereof, as a voluntarily elected contribution by the member towards the funding of the Legislators' Retirement Plan.

- (b)
 - 1. For a member who begins participating in the Legislators' Retirement Plan prior to January 1, 2014, the election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530.
 - 2.
 - a. For members who begin participating in the Legislators' Retirement Plan on or after January 1, 2014, the General Assembly reserves the right to amend, suspend, or reduce the benefits and rights provided under KRS 6.500 to 6.577 if, in its judgment, the welfare of the Commonwealth so demands, except that the amount of benefits the member has accrued at the time of amendment, suspension, or reduction shall not be affected.
 - b. For purposes of this subparagraph, the amount of benefits the member has accrued at the time of amendment, suspension, or reduction shall be limited to the accumulated account balance the member has accrued at the time of amendment, suspension, or reduction.
 - c. The provisions of this subsection shall not be construed to limit the General Assembly's authority to change any other benefit or right specified by KRS 6.500 to 6.577, for members who begin participating in the Legislators' Retirement Plan on or after January 1, 2014, except the benefits specified by subparagraph 2.b. of this paragraph.
 - 3. The provisions of this paragraph shall not be construed to limit the General Assembly's authority to amend, reduce, or suspend the benefits and rights of members of the Legislators' Retirement Plan as provided by KRS 6.500 to 6.577 that the General Assembly had the authority to amend, reduce, or suspend, prior to July 1, 2013.
 - (c) An election once made under this section either to participate or not to participate in the Legislators' Retirement Plan, shall be considered to apply to all future service as a legislator, whether in the same or a different office as a legislator, and whether or not it is in successive terms.
 - (d) Notwithstanding the provisions of this subsection:
 - 1. A legislator who becomes a member of the Legislators' Retirement Plan on or after September 1, 2008, but prior to January 1, 2014, shall make monthly contributions to the Legislators' Retirement Plan in an amount equal to six percent (6%) of his monthly creditable compensation, as defined in KRS 61.510(13).
 - 2. A legislator who becomes a member of the Legislators' Retirement Plan on or after January 1, 2014, shall make monthly contributions to the Legislators' Retirement Plan in an amount equal to six percent (6%) of his or her monthly creditable compensation, as defined in KRS 61.510(13), of which:

 - b. One percent (1%) of his or her monthly creditable compensation, as defined in KRS 61.510(13), shall be used exclusively to help fund retiree health benefits as provided by KRS 6.577 and shall not be refunded to the member if the member withdraws his or her accumulated account balance as provided by KRS 21.460. The amounts deducted under this subdivision shall be credited to an account established pursuant to 26 U.S.C. sec. 401(h), within the fund established by KRS 6.530.
- (2) A legislator entitled to elect membership in the retirement system who failed to elect membership within thirty (30) days after taking office may elect membership not later than August 31, 2005. An election, upon being made pursuant to this section, shall operate to create an inviolable contract between the member entitled to elect membership under this subsection and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of KRS 6.500 to 6.577.

- (3) When any legislator makes a delayed election of membership in the Legislators' Retirement Plan under subsection (2) of this section, his active membership in the Kentucky Employees Retirement System shall terminate, as of the date his membership in the Legislators' Retirement Plan becomes effective, and any credit in the Kentucky Employees Retirement System, earned for service as a legislator, which he then has or which he subsequently regains while being an active member of the Legislators' Retirement Plan, shall be transferred to and counted as service credit in the Legislators' Retirement Plan, and shall no longer constitute credit in the Kentucky Employees Retirement System, except for the purpose of validating any other credit in that system if the member pays the difference, if any, between the amount transferred from the Kentucky Employees Retirement System and the actuarial value of the transferred service. However, any credit he then has in the Kentucky Employees Retirement System, earned for service in any capacity other than a legislator, shall not be affected. No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section for the same period of service. When credit is transferred from the Kentucky Employees Retirement System to the Legislators' Retirement Plan, the Kentucky Employees Retirement System shall transfer to the Legislators' Retirement Fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the Kentucky Employees Retirement System in effect at the time the contributions were made, compounded annually at that same interest rate.
- (4) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010~~((10))~~. The picked-up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. The state shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 6.500 to 6.535 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.
- (5) When any legislator elects membership in the Legislators' Retirement Plan in accordance with this section, his active membership in the Kentucky Employees Retirement System, State Police Retirement System, County Employees Retirement System, or Teachers' Retirement System shall terminate, as of the date his membership in the Legislators' Retirement Plan becomes effective, and any credit in such other system or systems, earned for service as a legislator, which he then has or which he subsequently regains while being an active member of the Legislators' Retirement Plan, shall be transferred to and counted as service credit in the Legislators' Retirement Plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected. No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section, for the same period of service.
- (6) A member of the Legislators' Retirement Plan who would be entitled, under KRS 61.552, to repurchase credit in the Kentucky Employees Retirement System, for previous service as a legislator, which credit had been lost by refund of contributions, may pay the amount required by KRS 61.552 directly to the Legislators' Retirement Plan and thereby obtain credit in that plan for such service, rather than making payment to the Kentucky Employees Retirement System for credit which would be transferred to the Legislators' Retirement Plan. In such event, the Kentucky Employees Retirement System shall transfer to the Legislators' Retirement Plan an amount equal to the employer's contributions that originally were made to the Kentucky Employees Retirement System for the regained service credit, with interest as provided in KRS 6.535. Six (6) months' current service shall be required in the Legislators' Retirement Plan in order for the repurchased credit to remain in force, the same as provided in KRS 61.552. Service purchased under this subsection on or after January 1, 2014, shall not be used to determine the member's participation date in the Legislators' Retirement Plan.

➔Section 64. KRS 16.545 is amended to read as follows:

- (1) Except for members over age fifty-five (55) on July 1, 1958, who shall not be required to contribute, each member shall, commencing on July 1, 1998, contribute for each pay period for which he receives compensation, eight percent (8%) of his creditable compensation.

- (2) The employer shall cause to be deducted from the compensation of each member for each and every payroll period subsequent to July 1, 1958, the contributions payable by such member as provided in KRS 16.510 to 16.652.

- (4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010~~[(40)]~~. These contributions shall not be included as gross income of the employee until such time as the contributions are distributed or made available to the employee. The picked-up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. Each employer shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 16.510 to 16.652 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

- (2) The urban-county government shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010~~(140)~~. The picked-up employee contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. Within thirty (30) days following the distribution of residual assets, the board of trustees of the fund shall as its last act file a complete report with the legislative body of the urban-county government of the actions taken to terminate the fund and liquidate residual assets of the fund. Upon completion of the provisions specified by this subsection, the provisions of KRS 67A.320 to 67A.330 as it relates to the employees' pension fund shall be void.

- (4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010~~(10)~~. - (2) The Department of Revenue shall fix the fair cash value, as of January 1 of each year, of the capital attributable to Kentucky in each financial institution included in subsection (1) of this section. The methodology employed by the department shall be a three (3) step process as follows:
 - (a) 1. The total value of deposits maintained in Kentucky less any amounts where the amount borrowed by a member equals or exceeds the amount deposited by that member shall be determined.

2. The total value of deposits maintained in Kentucky shall be determined by the same method used for filing the summary of deposits report with the Federal Deposit Insurance Corporation;
- (b) 1. The Kentucky apportioned value of capital shall be determined by including undivided profits, surplus, general reserves, and paid-up stock.
2. For Agricultural Credit Associations chartered by the Farm Credit Administration, capital shall be computed by deducting the book value of the association's investment in any other wholly owned institution chartered by the Farm Credit Administration that is either subject to the tax imposed by KRS 136.300 or this section or that is exempt from state taxation by federal law.
3. The Kentucky value of capital shall be determined by a fraction, the numerator of which is the receipts factor plus the outstanding loan balance factor plus the payroll factor, and the denominator of which is three (3); and
- (c) 1. The values determined in steps (a) and (b) of this subsection shall be added together to determine total Kentucky capital and then reduced by the influence of ownership in tax-exempt United States obligations to determine Kentucky taxable capital.
2. The influence of tax-exempt United States obligations is to be determined from the reports of condition filed with the applicable supervisory agency as follows: the average amount of tax-exempt United States obligations for the calendar year, over the average amount of total assets for the calendar year multiplied by total Kentucky capital.
3. The department shall immediately notify each institution of the value so fixed.

- (4) (a) The outstanding loan balance factor specified in subsection (2)(b) of this section is a fraction, the numerator of which is the average balance of outstanding loans negotiated from offices or made to customers in Kentucky, and the denominator of which is the average balance of all outstanding loans.
- (b) 1. The average outstanding loan balance is determined by adding the outstanding loan balance at the beginning of the preceding calendar year to the outstanding loan balance at the end of the preceding calendar year and dividing by two (2).
2. If the yearly beginning balance and ending balance results in an inequitable factor, the average outstanding loan balance may be computed on a monthly average balance.
- (5) The payroll factor specified in subsection (2)(b) of this section shall be determined for the preceding calendar year under the provisions of *Section 59 of this Act* ~~KRS 141.120(8)(b)~~ and administrative regulations promulgated according to KRS Chapter 13A.

➔Section 74. KRS 136.530 is amended to read as follows:

- (1) The receipts factor is a fraction, the numerator of which is the receipts of the financial institution in this Commonwealth during the taxable year as determined by subsection (2) of this section and the denominator of which is the receipts of the financial institution within and without this Commonwealth during the taxable year. Receipts shall include the following:
 - (a) Receipts from the lease or rental of real property owned by the financial institution;
 - (b) Receipts from the lease or rental of tangible personal property owned by the financial institution;
 - (c) Interest and fees or penalties in the nature of interest from loans secured by real property;

 - (e) Net gains from the sale of loans. Net gains from the sale of loans includes income recorded under the coupon stripping rules of Section 1286 of the Internal Revenue Code;
 - (f) Interest and fees or penalties in the nature of interest from credit card receivables and receipts from fees charged to card holders, such as annual fees;
 - (g) Net gains, but not less than zero (0), from the sale of credit card receivables;
 - (h) All credit card issuer's reimbursement fees;
 - (i) Receipts from merchant discount. Receipts from merchant discount shall be computed net of any cardholder charge backs, but shall not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its card holders;
 - (j) Loan servicing fees derived from loans secured by real property;
 - (k) Loan servicing fees derived from loans not secured by real property;
 - (l) Interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities and from trading assets and activities. Investment assets and activities and trading assets and activities include but are not limited to investment securities, trading account assets, federal funds, securities purchased and sold under agreements to resell or repurchase, options, futures contracts, forward contracts, notional principal contracts such as swaps, equities, and foreign currency transactions. The receipts factor shall include the following amounts:
 - 1. The amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements; and
 - 2. The amount by which interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from these assets and activities;
 - (m) All receipts derived from sales that would be included in the factor established by *Section 59 of this Act* ~~[KRS 141.120(8)(c)]~~; and
 - (n) Receipts from services not otherwise specifically listed.
- (2) A determination of whether receipts should be included in the numerator of the fraction shall be made as follows:
 - (a) Receipts from the lease or rental of real property owned by the financial institution shall be included in the numerator if the property is located within this Commonwealth or receipts from the sublease of real property if the property is located within this Commonwealth.
 - (b) 1. Except as described in subparagraph 2. of this paragraph, receipts from the lease or rental of tangible personal property owned by the financial institution shall be included in the numerator if the property is located within this Commonwealth when it is first placed in service by the lessee.

2. Receipts from the lease or rental of transportation property owned by the financial institution are included in the numerator of the receipts factor to the extent that the property is used in this Commonwealth. The extent an aircraft will be deemed to be used in this Commonwealth and the amount of receipts that is to be included in the numerator of this Commonwealth's receipts factor is determined by multiplying all the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this Commonwealth and the denominator of which is the total number of landings of the aircraft. If the extent of the use of any transportation property within this Commonwealth cannot be determined, then the property shall be deemed to be used wholly in the state in which the property has its principal base of operations. A motor vehicle shall be deemed to be used wholly in the state in which it is registered.
- (c)
 1. Interest and fees or penalties in the nature of interest from loans secured by real property shall be included in the numerator if the property is located within this Commonwealth. If the property is located both within this Commonwealth and one (1) or more other states, receipts shall be included if more than fifty percent (50%) of the fair market value of the real property is located within this Commonwealth. If more than fifty percent (50%) of the fair market value of the real property is not located within any one (1) state, then the receipts described in this subparagraph shall be included in the numerator if the borrower is located in this Commonwealth.
 2. The determination of whether the real property securing a loan is located within this Commonwealth shall be made as of the time the original agreement was made, and any subsequent substitutions of collateral shall be disregarded.
 - (d) Interest and fees or penalties in the nature of interest from loans not secured by real property shall be included in the numerator if the borrower is located in this Commonwealth.
 - (e) Net gains from the sale of loans shall be included in the numerator as provided in subparagraphs 1. and 2. of this paragraph. Net gains from the sale of loans includes income recorded under the coupon stripping rules of Section 1286 of the Internal Revenue Code.
 1. The amount of net gains, but not less than zero (0), from the sale of loans secured by real property included in the numerator is determined by multiplying net gains by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (c) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans secured by real property.
 2. The amount of net gains, but not less than zero (0), from the sale of loans not secured by real property included in the numerator is determined by multiplying net gains by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (d) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans not secured by real property.
 - (f) Interest and fees or penalties in the nature of interest from credit card receivables and receipts from fees charged to card holders, such as annual fees, shall be included in the numerator if the billing address of the card holder is in this Commonwealth.
 - (g) Net gains, but not less than zero (0), from the sale of credit card receivables to be included in the numerator shall be determined by multiplying the amount established in paragraph (g) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (f) of this subsection and the denominator of which is the financial institution's total amount of interest and fees or penalties in the nature of interest from credit card receivables and fees charged to card holders.
 - (h) Credit card issuer's reimbursement fees to be included in the numerator shall be determined by multiplying the amount established in paragraph (h) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (f) of this subsection and the denominator of which is the financial institution's total amount of interest and fees or penalties in the nature of interest from credit card receivables and fees charged to card holders.
 - (i) Receipts from merchant discount shall be included in the numerator if the commercial domicile of the merchant is in this Commonwealth. Receipts from merchant discount shall be computed net of any

cardholder charge backs but shall not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its card holders.

- (j) 1. a. Loan servicing fees derived from loans secured by real property to be included in the numerator shall be determined by multiplying the amount determined under paragraph (j) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (c) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans secured by real property.
- b. Loan servicing fees derived from loans not secured by real property to be included in the numerator shall be determined by multiplying the amount determined under paragraph (k) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (d) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans not secured by real property.
- 2. In circumstances in which the financial institution receives loan servicing fees for servicing either the secured or the unsecured loans of another, the numerator of the receipts factor shall include the fees if the borrower is located in this Commonwealth.
- (k) Receipts from services not otherwise apportioned under this section shall be included in the numerator if the service is performed in this Commonwealth. If the service is performed both within and without this Commonwealth, the numerator of the receipts factor includes receipts from services not otherwise apportioned under this section, if a greater proportion of the income-producing activity is performed in this Commonwealth based on cost of performance.
- (l) 1. The numerator of the receipts factor includes interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities and from trading assets and activities described in paragraph (l) of subsection (1) of this section that are attributable to this Commonwealth.
 - a. The amount of interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities in the investment account to be attributed to this Commonwealth and included in the numerator is determined by multiplying all income from the assets and activities by a fraction the numerator of which is the average value of the assets that are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all the assets.
 - b. The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 1. of paragraph (l) of subsection (1) of this section from funds and securities by a fraction the numerator of which is the average value of federal funds sold and securities purchased under agreements to resell which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all funds and securities.
 - c. The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts described in subdivisions a. and b. of this subparagraph, attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 2. of paragraph (l) of subsection (1) of this section by a fraction the numerator of which is the average value of trading assets which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all assets.
 - d. For purposes of this subparagraph, average value shall be determined using the rules for determining the average value of tangible personal property set forth in KRS 136.535(3) and (4).

2. In lieu of using the method set forth in subparagraph 1. of this paragraph, the financial institution may elect, or the department may require in order to fairly represent the business activity of the financial institution in this Commonwealth, the use of the method set forth in this subparagraph.
 - a. The amount of interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities in the investment account to be attributed to this Commonwealth and included in the numerator is determined by multiplying all income from assets and activities by a fraction the numerator of which is the gross income from assets and activities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all assets and activities.
 - b. The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 1. of paragraph (1) of subsection (1) of this section from funds and securities by a fraction the numerator of which is the gross income from funds and securities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all funds and securities.
 - c. The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions, but excluding amounts described in subdivisions a. and b. of this subparagraph, attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 2. of paragraph (1) of subsection (1) of this section by a fraction the numerator of which is the gross income from trading assets and activities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all assets and activities.
3. If the financial institution elects or is required by the department to use the method set forth in subparagraph 2. of this paragraph, it shall use this method on all subsequent returns unless the financial institution receives prior permission from the department to use, or the department requires, a different method.
4. The financial institution shall have the burden of proving that an investment asset or activity or trading asset or activity was properly assigned to a regular place of business outside this Commonwealth by demonstrating that the day-to-day decisions regarding the asset or activity occurred at a regular place of business outside this Commonwealth. Where the day-to-day decisions regarding an investment asset or activity or trading asset or activity occur at more than one (1) regular place of business and one (1) regular place of business is in this Commonwealth and one (1) regular place of business is outside this Commonwealth, the asset or activity shall be considered to be located at the regular place of business of the financial institution where the investment or trading policies or guidelines with respect to the asset or activity are established. Unless the financial institution demonstrates to the contrary, the policies and guidelines shall be presumed to be established at the commercial domicile of the financial institution.
- (m) The numerator of the receipts factor includes all other receipts derived from sales as determined *in Section 59 of this Act* ~~pursuant to the provisions set forth in KRS 141.120(8)(c)]~~.
- (n)
 1. All receipts that would be assigned under this section to a state in which the financial institution is not taxable shall be included in the numerator of the receipts factor, if the financial institution's commercial domicile is in this Commonwealth.
 2. For purposes of subparagraph 1. of this paragraph, "taxable" means either:
 - a. That a financial institution is subject in another state to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, a corporate stock tax including a bank shares tax, a single business tax, an earned surplus tax, or any tax which is imposed upon or measured by net income; or

The credit allowed to members, shareholders, or partners of a limited liability pass-through entity shall be applied to income tax assessed on income from the limited liability pass-through entity. Any remaining credit from the limited liability pass-through entity shall be disallowed.
- (4) Each taxpayer subject to the tax imposed in this section shall file a return, on forms prepared by the department, on or before the fifteenth day of the fourth month following the close of the taxpayer's taxable year. Any tax remaining due after making the payments required in KRS 141.042 shall be paid by the original due date of the return.

Computation of net income under this section and the computation of the partner's, member's, or shareholder's distributive share shall be computed as nearly as practicable identical with those required for federal income tax purposes except to the extent required by differences between this chapter and the federal income tax law and regulations.

~~(3)(4)~~ Individuals, estates, trusts, or corporations doing business in this state as a partner, member, or shareholder in a pass-through entity shall be liable for income tax only in their individual, fiduciary, or corporate capacities, and no income tax shall be assessed against the net income of any pass-through entity, except as required for S corporations by KRS 141.040~~[(14)]~~.

An exemption so revoked shall be reinstated only with permission of the department. If a partner, member, or shareholder who has been exempted from withholding does not file a return or pay the tax due, the department may require the pass-through entity to pay to the department the amount that should have been withheld, up to the amount of the partner's, member's, or shareholder's ownership interest in the entity. The pass-through entity shall be entitled to recover a payment made pursuant to this paragraph from the partner, member, or shareholder on whose behalf the payment was made.

If the total credit taken in prior taxable years exceeds the redetermined credit, the difference shall be added to the taxpayer's tax liability under this chapter for the taxable year in which the sale, transfer, or disposition occurs. If the redetermined credit exceeds the total credit already taken in prior taxable years, the taxpayer shall be entitled to use the difference to reduce the taxpayer's tax liability under this chapter for the taxable year in which the sale, transfer, or disposition occurs.
- (5) The total tax credit allowable under subsection (2) of this section for equipment that is sold, transferred, or otherwise disposed of before the end of the recapture period shall be adjusted as follows:

Both the numerator and the denominator shall be adjusted, if necessary, by paragraph (b) of this subsection.

- (6) The watercraft taxes collected for local taxing districts by the department shall be distributed to each local taxing district based upon the local taxing district's fractional portion of the amount calculated in subsection (5) of this section.
- (7) Prior to distribution of taxes to local taxing districts, the department shall retain an administrative fee of one percent (1%) of the amount due each district. The fee imposed by this subsection shall have no effect upon the discount provided to taxpayers pursuant to KRS 134.015.

 2. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates.

An insurance company may commence a civil action in a court of competent jurisdiction for payment of the civil penalty. The total civil penalty shall not exceed ten thousand dollars (\$10,000) per incident.
 - (c) This subsection shall not preclude the disclosure of information to the Department of Insurance or to the legal representative of the local government for purposes of administrative hearings or legal appeals therefrom, nor shall it prohibit the local government from verifying the accuracy of the information with an individual policyholder to whom the information pertains.

- (5) The Attorney General shall not exempt an agency from any requirement of this chapter until the agency establishes alternative procedures by administrative regulation which, insofar as practical, shall be consistent with the intent and purpose of this chapter. The decision of the Attorney General, whether affirmative or negative, shall be subject to judicial review in the Franklin Circuit Court within thirty (30) days of the date of issuance. The court shall not overturn a decision of the Attorney General unless the decision was arbitrary or capricious or contrary to law.
- (6) Except to the extent precluded by another provision of law, a person may waive any procedural right conferred upon that person by this chapter.
- (7) ***The provisions of KRS 13B.030(2)(b) shall not apply to administrative hearings held under KRS 11A.100.***
 - ➔Section 3. KRS 13B.050 is amended to read as follows:
- (1) In any administrative hearing, the agency shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing, unless otherwise required by federal law. An agency shall make reasonable effort to schedule a hearing on a date that is convenient to the parties involved.

- (2) The notice required by subsection (1) of this section shall be served on the parties by certified mail, return receipt requested, sent to the last known address of the parties, or by personal service, with the exception of notices of Personnel Board hearings and all board orders which may be served by first-class mail. Service by certified mail shall be complete upon the date on which the agency receives the return receipt or the returned notice.
- (3) The notice required by this section shall be in plain language and shall include:
 - (a) A statement of the date, time, place, and nature of the hearing;
 - (b) The name, official title, and mailing address of the hearing officer;
 - (c) The names, official titles, mailing addresses, and, if available, telephone numbers of all parties to the hearing, including the counsel or representative of the agency;
 - (d) A statement of the factual basis for the agency action along with a statement of issues involved, in sufficient detail to give the parties reasonable opportunity to prepare evidence and argument;

 - (f) A statement advising the person of his right to legal counsel;
 - (g) A statement of the parties' right to examine, at least five (5) days prior to the hearing, a list of witnesses the parties expect to call at the hearing, any evidence to be used at the hearing and any exculpatory information in the agency's possession; and
 - (h) A statement advising that any party who fails to attend or participate as required at any stage of the administrative hearing process may be held in default under this chapter.
- (4) If an agency decides not to conduct an administrative hearing in response to a petition, the agency shall notify the petitioner of its decision in writing, with a brief statement of the agency's reasons and any administrative review available to the petitioner.
- (5) ***Subsections (1), (2), and (3) of this section shall not apply to notices issued under KRS 11A.080(4)(b) when a party fails to file an answer or otherwise fails to participate.***

➔Section 4. KRS 13B.090 is amended to read as follows:

- (1) In an administrative hearing, findings of fact shall be based exclusively on the evidence on the record. The hearing officer shall exclude evidence that is irrelevant, immaterial, unduly repetitious, or excludable on constitutional or statutory grounds or on the basis of evidentiary privilege recognized in the courts of this Commonwealth. Hearsay evidence may be admissible, if it is the type of evidence that reasonable and prudent persons would rely on in their daily affairs, but it shall not be sufficient in itself to support an agency's findings of facts unless it would be admissible over objections in civil actions.
- (2) All testimony shall be made under oath or affirmation. Any part of the evidence may be received in written form if doing so will expedite the hearing without substantial prejudice to the interests of any party. The hearing officer may make a recommended order in an administrative hearing submitted in written form if the hearing officer determines there are no genuine issues of material fact in dispute and judgment is appropriate as a matter of law.
- (3) Any party shall have the right to inspect, at least five (5) days prior to the hearing, a list of all witnesses every other party expects to call at the hearing, and the available documentary or tangible evidence relating to an administrative hearing either in person or by counsel. Copies of documentary evidence may be obtained upon the payment of a fee, except documents protected from disclosure by state or federal law. Nothing in this section shall be construed as giving a party the right to examine or copy the personal notes, observations, or conclusions of the agency staff, unless exculpatory in nature, nor shall it be construed as allowing access to the work product of counsel for the agency. Conditions for examining and copying agency records, fees to be charged, and other matters pertaining to access to these records shall be governed by KRS 61.870 to 61.884. To the extent required by due process, the hearing officer may order the inspection of any records excluded from the application of KRS 61.870 to 61.884 under KRS 61.878 that relate to an act, transaction, or event that is a subject of the hearing, and may order their inclusion in the record under seal.
- (4) Objections to evidentiary offers may be made by any party and shall be noted in the record.

- (5) The hearing officer may take official notice of facts which are not in dispute, or of generally-recognized technical or scientific facts within the agency's specialized knowledge. The hearing officer shall notify all parties, either before or during the hearing, or in preliminary reports or otherwise, of any facts so noticed and their source. All parties shall be given an opportunity to contest facts officially noticed.
- (6) The agency shall cause all testimony, motions, and objections in a hearing to be accurately and completely recorded. Any person, upon request, may receive a copy of the recording or a copy of the transcript, if the hearing has been transcribed, at the discretion of the agency, unless the hearing is closed by law. The agency may prepare a transcript of a hearing or a portion of a hearing upon request but the party making the request shall be responsible for the transcription costs. The form of all requests and fees charged shall be consistent with KRS 61.870 to 61.884.
- (7) In all administrative hearings, unless otherwise provided by statute or federal law, the party proposing the agency take action or ~~grant~~ a benefit has the burden to show the propriety of the agency action or entitlement to the benefit sought. The agency has the burden to show the propriety of a penalty imposed or the removal of a benefit previously granted. The party asserting an affirmative defense has the burden to establish that defense. The party with the burden of proof on any issue has the burden of going forward and the ultimate burden of persuasion as to that issue. The ultimate burden of persuasion in all administrative hearings is met by a preponderance of evidence in the record, *except when a higher standard of proof is required by law*. Failure to meet the burden of proof is grounds for a recommended order from the hearing officer.

AN ACT relating to insurance and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 304.5-140 is amended to read as follows:

- (1) (a) For the purposes of subsection ~~(4)~~~~(3)~~(c) of this section, a "qualified United States financial institution" means an institution that:

- (b) A "qualified United States financial institution" means, for purposes of those provisions of this section specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:
1. Is organized or, in the case of a United States branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and
 2. Is regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies.
- (c) *As used in this section, "NAIC" means National Association of Insurance Commissioners.*
- (2) (a) Credit for reinsurance shall be allowed a ceding insurer as either an asset or a deduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of:
1. Paragraphs (a), (b), (c), (d), ~~or~~ (e), *or (f) of subsection (3) of this section; and*
 2. *Paragraphs (b), (c), (d), and (e) of this subsection.*
- (b) *The commissioner may promulgate administrative regulations pursuant to subsection (8)(a)2. of this section that establish specific additional requirements relating to or setting forth:*
1. *The valuation of assets or reserve credits;*
 2. *The amount and forms of security supporting reinsurance arrangements described in that subsection; and*
 3. *The circumstances pursuant to which credit will be reduced or eliminated.*
- (c) *For reinsurers*~~[If]~~ meeting the requirements of ~~paragraph~~~~[paragraphs]~~ (c)~~[or (d)]~~ of subsection (3) of this section~~[subsection]~~, the requirements of paragraph (g)~~[(f)]~~ of ~~that~~~~[this]~~ subsection shall also be met.
- (d) *For reinsurers meeting the requirements of paragraph (d) of subsection (3) of this section, the requirements of paragraphs (g) and (h) of that subsection shall also be met.*
- (e) *For reinsurers meeting the requirements of paragraph (e) of subsection (3) of this section, the requirements of paragraph (h) of that subsection shall also be met.*
- (3) (a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer ~~that~~~~[which]~~ is authorized to transact insurance or reinsurance in Kentucky.
- (b) 1. Credit shall be allowed when the reinsurance is ceded to an assuming insurer ~~that~~~~[which]~~ is accredited as a reinsurer in Kentucky. An accredited reinsurer is one which:
- a.~~[1.]~~ Files with the commissioner evidence of its submission to Kentucky's jurisdiction;
 - b.~~[2.]~~ Submits to Kentucky's authority to examine its books and records;
 - c.~~[3.]~~ Is licensed to transact insurance or reinsurance in at least one (1) state, or in the case of a United States branch of an alien assuming insurer, is entered through and licensed to transact insurance or reinsurance in at least one (1) state;

 - e.~~[a.]~~ *Demonstrates to the satisfaction of the commissioner that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers. An assuming insurer meets the requirements of this subdivision at the time of its application if:*

- i.* **It** maintains a surplus as regards policyholders in an amount ~~that[which]~~ is not less than twenty million dollars (\$20,000,000); and
- ii.* ~~Its[whose]~~ accreditation has not been denied by the commissioner within ninety (90) days **after submission** of its **accreditation application**.~~[submission; or~~
- ~~b. Maintains a surplus as regards policyholders in an amount less than twenty million dollars (\$20,000,000) and whose accreditation has been approved by the commissioner.]~~

~~2.[5.]~~ Credit shall not be allowed a ceding insurer under this paragraph if the assuming insurer's accreditation has been revoked by the commissioner after notice and hearing.

- (c) Credit shall be allowed when the reinsurance is ceded to an assuming insurer ~~that[which]~~ is domiciled and licensed in or, in the case of a United States branch of an alien assuming insurer, is entered through a state which employs standards regarding credit for reinsurance substantially similar to those applicable under this section and the assuming insurer or United States branch of an alien insurer:

- 1. Maintains a surplus as regards policyholders in an amount not less than twenty million dollars (\$20,000,000); and
- 2. Submits to the authority of the commissioner to examine its books and records.

However, subparagraph 1. of this paragraph shall not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system.

- (d) 1. Credit shall be allowed when the reinsurance is ceded to an assuming insurer ~~that[which]~~ maintains a trust~~[fund]~~ in a qualified United States financial institution for the payment of valid claims of its United States policyholders and ceding insurers, their assigns, and successors in interest. The assuming insurer shall report annually to the commissioner information substantially the same as that required to be reported on the ~~NAIC[National Association of Insurance Commissioners]~~ annual statement form by authorized insurers to enable the commissioner to determine the sufficiency of the trust~~[fund]~~.
- 2. *a.* In the case of a single assuming insurer, the trust~~[fund]~~ shall consist of a trustee account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, **except as provided in subdivision b. of this subparagraph**, the assuming insurer shall maintain a trustee surplus of not less than twenty million dollars (\$20,000,000).
- b.* ***At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three (3) years, the commissioner may authorize a reduction in the trustee surplus required by subdivision a. of this subparagraph, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of a reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including, when applicable, the lines of business involved, the stability of the incurred loss estimates, and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trustee surplus may not be reduced to an amount less than thirty percent (30%) of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust.***
- 3. In the case of a group including incorporated and individual unincorporated underwriters:~~[;]~~
 - a.* The trust shall consist of a trustee account representing the **respective underwriter's**~~[group's]~~ liabilities attributable to business written in the United States;~~[and, in addition,]~~
 - b.* The group shall maintain a trustee surplus of which one hundred million dollars (\$100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group;~~[;]~~
 - c.* The incorporated members of which group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency

regulation and control by the group's domiciliary regulator as are the unincorporated members; and

- d. The group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary insurance regulatory official and its independent public accountants.

4.~~[2.]~~ In the case of a group of incorporated *underwriters*~~[insurers]~~ under common administration, *the group shall:*

- a. *Comply*~~[which—complies]~~ with the *reporting*~~[filing]~~ requirements contained in subparagraph 1. of this paragraph;~~[-, and which is under the supervision of the Department of Trade and Industry of the United Kingdom and submits to the commissioner's authority to examine its books and records and bears the expense of the estimation, and which has]~~
- b. *Have continuously transacted insurance business outside the United States for at least three (3) years immediately prior to making an application for accreditation;*
- c. *Maintain a trust in an amount not less than the group's several liabilities attributable to business ceded by United States ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of the group;*
- d. *Maintain an* aggregate policyholders' surplus of *at least* ten billion dollars (\$10,000,000,000);~~[-, the trust shall be in an amount equal to the group's several liabilities attributable to business written in the United States plus the group shall maintain]~~
- e. *Maintain* a joint trustee surplus of which one hundred million dollars (\$100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group;~~[-] and~~
- f. Each member of the group shall make available to the commissioner an annual certification of the member's solvency by the member's domiciliary insurance regulatory official and its independent public accountant.

5.~~[3.]~~ The trust shall be established in a form approved by the commissioner. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers, their assigns, and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the commissioner. The trust shall remain in effect for as long as the assuming insurer shall have outstanding obligations due under the reinsurance agreements subject to the trust.

6.~~[4.]~~ No later than February 28 of each year, the trustees of the trust shall report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31.

(e) 1. *Credit shall be allowed when the reinsurance is ceded to an assuming insurer that:*

- a. *Has been certified by the commissioner as a reinsurer in this state; and*
- b. *Secures its obligations in accordance with the requirements of this paragraph.*

2. *In order to be eligible for certification, the assuming insurer shall:*

- a. *Be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by subparagraph 4. of this paragraph;*
- b. *Maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the commissioner by administrative regulation;*
- c. *Maintain financial strength ratings from two (2) or more rating agencies deemed acceptable by the commissioner by administrative regulation;*
- d. *Agree to submit to the jurisdiction of this state, appoint the commissioner as its agent for service of process in this state, and agree to provide security for one hundred percent (100%) of the assuming insurer's liabilities attributable to reinsurance ceded by*

- United States ceding insurers if the assuming insurer resists enforcement of a final United States judgment;*
- e. Agree to meet applicable information filing requirements as determined by the commissioner, both with respect to an initial application for certification and on an ongoing basis; and*
 - f. Satisfy any other relevant requirements for certification as determined by the commissioner.*
3. *An association, including incorporated and individual unincorporated underwriters, may be certified as a reinsurer in this state if the association satisfies the requirements of subparagraph 2. of this paragraph and:*
- a. The association satisfies its minimum capital and surplus requirements through the capital and surplus equivalents (net of liabilities) of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the commissioner to provide adequate protection;*
 - b. The incorporated members of the association are not engaged in any business other than underwriting as a member of the association and are subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and*
 - c. The association provides the commissioner an annual certification by the association's domiciliary regulator of the solvency of each underwriter member within ninety (90) days after its financial statements are due to be filed with the association's domiciliary regulator, or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the association.*
4. *a. The commissioner shall create and publish a list of qualified jurisdictions under which an assuming insurer licensed and domiciled in the qualified jurisdiction is eligible to be considered for certification by the commissioner as a certified reinsurer.*
- b. In order to determine whether the domiciliary jurisdiction of an assuming insurer from a jurisdiction outside of the United States is eligible to be recognized as a qualified jurisdiction, the commissioner shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction outside of the United States, both initially and on an ongoing basis, and consider the rights, benefits, and the extent of reciprocal recognition afforded by the jurisdiction outside of the United States to reinsurers licensed and domiciled in the United States. A qualified jurisdiction shall agree to share information and cooperate with the commissioner with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction may not be recognized as a qualified jurisdiction if the commissioner has determined that the jurisdiction does not adequately and promptly enforce final United States judgments and arbitration awards. Additional factors may be considered in the discretion of the commissioner.*
- c. The commissioner shall consider the list of qualified jurisdictions published through the NAIC's committee process when determining qualified jurisdictions. If the commissioner approves a jurisdiction as qualified that does not appear on the list, the commissioner shall provide justification in accordance with criteria to be developed by the commissioner by administrative regulation.*
- d. Jurisdictions within the United States that meet the requirements for accreditation under the NAIC's financial standards and accreditation program shall be recognized as qualified.*
- e. If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the commissioner may revoke or suspend the reinsurer's certification indefinitely, in lieu of revocation.*
5. *The commissioner shall assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to*

the commissioner by administrative regulation. The commissioner shall publish a list of all certified reinsurers and their ratings.

6.
 - a. *A certified reinsurer shall secure obligations assumed from United States ceding insurers pursuant to this paragraph at a level consistent with its rating as specified by administrative regulation promulgated by the commissioner.*
 - b. *In order for a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the commissioner and consistent with subsection (4) of this section, or in a multibeneficiary trust in accordance with paragraph (d) of this subsection, except as otherwise provided in this paragraph.*
 - c. *If a certified reinsurer maintains a trust to fully secure its obligations subject to paragraph (d) of this subsection, and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer shall maintain separate trust accounts for:*
 - i. *Its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this paragraph or comparable laws of other United States jurisdictions; and*
 - ii. *Its obligation subject to paragraph (d) of this subsection.*
 - d. *The commissioner shall not grant a certification pursuant to this paragraph unless the certified reinsurer agrees to bind itself, by language of the trust and agreement with the commissioner with principal regulatory oversight of each trust account, to fund, upon termination of any applicable trust account, out of the remaining surplus of the trust any deficiency of any other trust account.*
 - e. *The minimum trustee surplus requirements provided in paragraph (d) of this subsection are not applicable to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred pursuant to this paragraph, except that the multibeneficiary trust shall maintain a minimum trustee surplus of ten million dollars (\$10,000,000).*
 - f. *With respect to obligations incurred by a certified reinsurer pursuant to this paragraph, if the security is insufficient, the commissioner shall reduce the allowable credit by an amount proportionate to the deficiency, and the commissioner may impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.*
 - g.
 - i. *For purposes of this paragraph, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure one hundred percent (100%) of its obligations.*
 - ii. *As used in this subdivision, "terminated" includes revocation, suspension, voluntary surrender, and inactive status, except if the commissioner continues to assign a higher rating as permitted by this subsection, a certified reinsurer in inactive status or reinsurer whose certification has been suspended shall not be considered "terminated."*
 7. *If an applicant for certification has been certified as a reinsurer in an NAIC-accredited jurisdiction, the commissioner may defer to that jurisdiction's certification and the rating assigned by that jurisdiction, and the reinsurer shall be considered a certified reinsurer in this state.*
 8. *A certified reinsurer that ceases to assume new business in this state may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this subsection, and the commissioner shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.*
- (f) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of paragraphs (a), (b), (c), ~~(d)~~ or (e) of this subsection, but only with respect to the

insurance of risks located in jurisdictions where such reinsurance is required by applicable law or regulation of that jurisdiction or reinsurance ceded to a residual market mechanism reinsurance association, or the members thereof, created pursuant to law or which has been voluntarily created as such by its members with the approval of the commissioner.

~~(g)(4)~~ If the assuming insurer is not authorized, ***certified***, or accredited to transact insurance or reinsurance in Kentucky, the credit permitted by paragraphs (c) and (d) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

1. That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, shall comply with all requirements necessary to give the court jurisdiction, and shall abide by the final decision of the court or of any appellate court in the event of an appeal; and
2. To designate the Secretary of State or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding insurer.

This paragraph is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement.

(h) If the assuming insurer does not satisfy the requirements of paragraphs (a), (b), or (c) of this subsection, the credit permitted by paragraphs (d) or (e) of this subsection shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

1. ***Notwithstanding any other provisions in the trust instrument, if the trust is inadequate because it contains an amount less than the amount required by paragraph (d)2. of this subsection, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust;***

 - c. ***The commissioner finds that an emergency requires immediate action and a court of competent jurisdiction has not stayed the commissioner's action.***

4. *While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with subsection (4) of this section. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance may be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with paragraph (e)6. of this subsection or subsection (4) of this section.*

 2. *Upon notice by the ceding insurer to the commissioner that the certified reinsurer has failed to pay claims owed under a reinsurance agreement in a timely manner, the commissioner shall notify the certified reinsurer that it is no longer permitted to defer the posting of security for catastrophic recoverables.*
 3. *Reinsurance recoverables for only the following lines of business, as reported on the NAIC's annual financial statement related specifically to the catastrophic occurrence, shall be included in the deferral:*

This security may be in the form of:

- (a) Cash;

(b) The reinsurance agreement may provide that the domiciliary liquidator of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against such ceding insurer on the contract reinsured within a reasonable time after such claim is filed in the liquidation proceeding. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 337.285 is amended to read as follows:

- (1) No employer shall employ any of his employees for a work week longer than forty (40) hours, unless such employee receives compensation for his employment in excess of forty (40) hours in a work week at a rate of not less than one and one-half (1-1/2) times the hourly wage rate at which he is employed.
- (2) This provision shall not apply to the following:

 - (d) Employees whose function is to provide twenty-four (24) hour residential care on the employer's premises in a parental role to children who are primarily dependent, neglected, and abused and who are in the care of private nonprofit childcaring facilities licensed by the Cabinet for Health and Family Services under KRS 199.640 to 199.670; or
 - (e) Any individual who is employed by a third-party employer or agency other than the family or household using his or her services to provide in-home companionship services for a sick, convalescing, or elderly person.
- (3) As used in subsection (2) of this section, "companionship services" means those services which provide in-home fellowship, care, and protection for a person who, because of advanced age or physical or mental infirmity, cannot care for his or her own needs. These services may include household work related to the care of the aged or infirm person such as meal preparation, bed making, washing of clothes, and other similar services. They may also include the performance of general household work, provided that the household work is incidental, i.e., does not exceed twenty percent (20%) of the total weekly hours worked. The term "companionship services" does not include services relating to the care and protection of the aged or infirm which require and are performed by trained personnel, such as a registered or practical nurse.
- (4) Notwithstanding the provisions of subsection (1) of this section or any other chapter of the KRS to the contrary, upon written request by a county or city employee *or a Trooper R Class or CVE R Class*, made freely and without coercion, pressure, or suggestion by the employer, and upon a written agreement reached between the employer and the county or city employee *or the Trooper R Class or CVE R Class* before the performance of the work, a county or city employee *or a Trooper R Class or CVE R Class* who is authorized to work one (1) or more hours in excess of the prescribed hours per week may be granted compensatory leave on an hour-for-hour basis. Upon the written request by a county or city employee *or a Trooper R Class or CVE R Class*, made freely and without coercion, pressure, or suggestion by the employer, and upon a written agreement reached between the employer and the county or city employee *or the Trooper R Class or CVE R Class*, before the performance of the work, a county or city employee *or a Trooper R Class or CVE R Class* who is not exempt from the provisions of the Federal Fair Labor Standards Act of 1938, as amended, 29 U.S.C. secs. 201 et seq., may be granted compensatory time in lieu of overtime pay, at the rate of not less than

one and one-half (1-1/2) hours for each hour the county or city employee *or the Trooper R Class or CVE R Class* is authorized to work in excess of forty (40) hours in a work week.

- (5) (a) Upon the request of the county or city employee *or the Trooper R Class or CVE R Class*, and as provided in subsection (4) of this section, compensatory time shall be awarded as follows:
 1. A county or city employee who provided work in excess of forty (40) hours in a public safety activity, an emergency response activity, or a seasonal activity as described in 29 C.F.R. sec. 553.24, may accrue not more than four hundred eighty (480) hours of compensatory time; or
 2. A county or city employee *or a Trooper R Class or CVE R Class* engaged in other work in excess of forty (40) hours, may accrue not more than two hundred forty (240) hours of compensatory time.
- (b) A county or city employee *or a Trooper R Class or CVE R Class* who has accrued four hundred eighty (480) hours of compensatory time off pursuant to paragraph (a)1. of this subsection, or two hundred forty (240) hours of compensatory time off pursuant to paragraph (a)2. of this subsection, shall for additional overtime hours of work, be paid overtime compensation.
- (6) A county or city employee *or a Trooper R Class or CVE R Class* who has accrued compensatory time off as provided in subsection (4) of this section, and who requested the use of compensatory time, shall be permitted by the employer to use the compensatory time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt the operations of the employer. Mere inconvenience to the employer shall not constitute a sufficient basis for denial of a county or city employee's request *or a Trooper R Class or CVE R Class request* for compensatory time off.
- (7) If compensation is paid to a county or city employee *or a Trooper R Class or CVE R Class* for accrued compensatory time off, the compensation shall be paid at the regular rate earned by the county or city employee *or the Trooper R Class or CVE R Class* at the time the county or city employee *or the Trooper R Class or CVE R Class* receives the payment.
- (8) Upon a county or city employee's termination of employment *or the termination of employment of a Trooper R Class or CVE R Class*, all unused accrued compensatory time shall be paid at a rate of compensation not less than:
 - (a) The average regular rate received by the county or city employee *or the Trooper R Class or CVE R Class* during the last three (3) years of the *employment of the county or city employee or Trooper R Class or CVE R Class* ~~employee's employment~~; or
 - (b) The final regular rate received by the county or city employee *or Trooper R Class or CVE R Class*, whichever is higher.
- (9) Compensatory time shall not be used as a means to avoid statutory overtime compensation. A county or city employee *or a Trooper R Class or CVE R Class* shall have the right to use compensatory time earned and shall not be coerced to accept more compensatory time than an employer can realistically and in good faith expect to be able to grant within a reasonable period upon the county or city employee *or the Trooper R Class or CVE R Class* making the request for compensatory time off.
- (10) Nothing in subsections (4) to (9) of this section shall be construed to supersede any collective bargaining agreement, memorandum of understanding, or any other agreement between the employer and representative of the county or city employees *or the Trooper R Class or CVE R Class*.
- (11) As used in subsections (4) to (9) of this section: ~~{~~
 - (a) "County or city employee" means an employee of any county, city, charter county, consolidated local government, unified local government, or urban-county government, including an employee of a county or city elected official;
 - (b) "*CVE R Class*" has the same meaning as in KRS 16.010; and
 - (c) "*Trooper R Class*" has the same meaning as in KRS 16.010.
- (12) In addition to the designation of a work week under subsection (1) of this section, local governments, as defined in KRS 95A.210(3), may designate a work period for professional firefighter employees as defined in KRS 95A.210. The designated work period shall be not less than one (1) work week of seven (7) consecutive days and not more than four (4) work weeks of twenty-eight (28) consecutive days for purposes of complying with the requirements of the Federal Labor Standards Act of 1938, as amended, 29 U.S.C. secs. 201 et seq.

This subsection shall not exempt local governments from complying with the overtime requirements set forth in subsection (1) of this section and is intended to:

- (a) Clarify the option to designate both a work week for compliance with Kentucky law and a work period for compliance with the Fair Labor Standards Act of 1938, as amended, 29 U.S.C. secs. 201 et seq.; and
 - (b) Allow for the application of the partial exemption set forth in 29 U.S.C. sec. 207(k) in determining overtime pay under the Fair Labor Standards Act of 1938, as amended, 29 U.S.C. secs. 201 et seq., only.
- (13) (a) A law enforcement department of a consolidated local government organized under KRS Chapter 67C shall not be deemed to have violated subsection (1) of this section with respect to the employment of a peace officer if:
- 1. The officer works eighty (80) hours or less in a work period of fourteen (14) consecutive days; and
 - 2. The law enforcement department and a representative of a collective bargaining unit certified under KRS 67C.408 that includes the officer agree to the exception.
- (b) It is the intent of this subsection to allow the employment of a peace officer for longer than forty (40) hours in any seven (7) consecutive days within a fourteen (14) day work period without incurring the obligation to pay a rate of not less than one and one-half (1-1/2) times the officer's hourly wage under subsection (1) of this section.

- (4) If a water district that provides sewer services is not the water supplier, the water district may enforce collection of delinquent sewer service charges in the manner provided in KRS 96.930 to 96.943.

➔Section 6. KRS 76.080 is amended to read as follows:

The district created under the provisions of KRS 76.010 to 76.210 is empowered:

- (1) To have jurisdiction, control, possession, and supervision of the existing sewer and drainage system of the city forming a district pursuant to KRS 76.010; to maintain, operate, reconstruct, and improve the same as a comprehensive sewer and drainage system; to make additions, betterments, and extensions thereto within the district area; and to have all the rights, privileges, and jurisdiction necessary or proper for carrying such powers into execution. No enumeration of powers in KRS 76.010 to 76.210 shall operate to restrict the meaning of this general grant of power or to exclude other powers comprehended within this general grant.
- (2) To prepare or cause to be prepared and to be thereafter revised and adopted, plans, designs, and estimates of costs, of a system of trunk, intercepting, connecting, lateral, and outlet sewers, storm water drains, pumping and ventilating stations, disposal and treatment plants and works, and all other appliances and structures which in the judgment of the board will provide an effective and advantageous means for relieving the district area from inadequate sanitary and storm water drainage and from inadequate sanitary disposal and treatment of the sewage thereof, or such sections or parts of such system of the district area as the board may from time to time deem proper or convenient to construct, consistent with the plans and purposes of KRS 76.010 to 76.210, and may take all steps the board deems proper and necessary to effect the purposes of KRS 76.010 to 76.210.
- (3) To construct any additions, betterments and extensions to the facilities of the district, within or without the district area, and to construct any construction subdistrict facilities or additions, betterments and extensions thereto, within or without the district area, by contract or under, through, or by means of its own officers, agents and employees. No construction or extensions shall be started within the city forming a district pursuant to KRS 76.010 until, firstly, the city's director of works, and secondly, its board of aldermen have approved the plans. No construction or extensions shall be started in any city with a population greater than three thousand (3,000) but less than one hundred thousand (100,000) based upon the most recent federal decennial census until the governing authorities of such city or cities have approved the plans. No construction or extensions shall be started in any other part of the county until the plans have been approved, firstly, by the county engineer and, secondly, by the fiscal court.
- (4) To establish, construct, operate, and maintain, as a part of the sewer and drainage system of the district, sewage treatment and disposal plants and systems and all the appurtenances and appliances thereunto belonging. The sewage treatment and disposal plants may be located in the city, or beyond the limits of the city in the county in which the city is located, as the board deems expedient.
- (5) To acquire and hold the personal property the board deems necessary and proper for carrying out the corporate purposes of the district and to dispose of personal property when the district has no further need therefor.
- (6) To acquire by purchase, gift, lease, or by condemnation, real property or any interest, right, easement, or privilege therein, as the board determines necessary, proper and convenient for the corporate purposes of the district, and to use the same so long as its corporate existence continues, and same is necessary or useful for the corporate purposes of the district. Condemnation proceedings may be instituted in the name of the district pursuant to a resolution of the board declaring the necessity for the taking, and the method of condemnation shall be the same as provided in the Eminent Domain Act of Kentucky. When the board by resolution declares that any real property which it has acquired, or any interest therein, is no longer necessary or useful for the corporate purposes of the district, the real property and interest therein may be disposed of.
- (7) To make bylaws and agreements for the management and regulation of its affairs and for the regulation of the use of property under its control and for the establishment and collection of sewer rates, rentals and charges, which sewer rates, rentals and charges, applicable within the limits of a city forming a district pursuant to KRS 76.010, shall be subject to the approval, supervision and control of the legislative body of the city as hereinafter provided.
- (8) To make contracts and execute all instruments necessary or convenient in the premises.
- (9) To borrow money and to issue negotiable bonds and to provide for the rights of the holders thereof.
- (10) To fix and collect sewer rates, rentals, and other charges, for services rendered by the facilities of the district, which sewer rates, rentals, and other charges, applicable within the limits of a city forming a district pursuant to KRS 76.010, shall be subject to the approval, supervision and control of the legislative body of such city as hereinafter provided.
- (11) To enter on any lands, waters and premises for the purpose of making surveys, and soundings and examinations.
- (12) To approve or revise the plans and designs of all trunk, intercepting, connecting, lateral and outlet sewers, storm water drains, pumping and ventilating stations, disposal and treatment plants and works proposed to be

constructed, altered or reconstructed by any other person or corporation, private or public, in the whole county, in order to insure that such proposed construction, alteration or reconstruction shall conform to and be a part of a comprehensive sewer and drainage system for the said county. No sewers, drains, pumping and ventilating stations, or disposal and treatment plants or works shall be constructed, altered or reconstructed without approval by the board of the district. Any such work shall be subject to inspection and supervision of the district.

- (13) ***To enter into agreements with another entity or entities to acquire by purchase or lease, any real or personal property, or any interest, right, easement, or privilege therein, outside of the district's jurisdictional boundaries, in connection with the acquisition, construction, operation, repair, or maintenance of any sewage, wastewater, or storm water facilities, notwithstanding any other provision of the Kentucky Revised Statutes restricting, qualifying, or limiting their authority to do so, except as set forth in KRS Chapter 278.***

➔Section 7. KRS 76.231 is amended to read as follows:

- (1) As an alternative to establishing a metropolitan sewer district pursuant to KRS 76.010, any city with a population equal to or greater than twenty thousand (20,000) but less than one hundred thousand (100,000) based upon the most recent federal decennial census, together with the county in which it is located, may jointly establish a sewer agency for the purpose of providing sewer and drainage facilities within the city and the county.
- (2) A joint sewer agency shall be established upon the enactment of identical ordinances establishing and setting out the powers of the agency by both the legislative body of the city and the fiscal court of the county.
- (3) All the powers granted a metropolitan sewer district in cities of the first class by KRS 76.010 to 76.279 may be granted by ordinance to the sewer agency except that these powers may be restricted or qualified in order to conform to the local needs of the county and the city.
- (4) The legislative body of the city and the fiscal court of the county shall establish a schedule of rates, rentals and charges to be collected from all real property served by the facilities of the sewer agency in the manner provided by KRS 76.090. If the city, county, and sewer agency find that local needs warrant, uniformity of rates for all residential property shall not be required for a period of no more than ten (10) years from the date the sewer agency is established under subsection (2) of this section. If for whatever reason the city and county cannot agree to amendments to a rate schedule, the current schedule shall remain in effect until such time as an agreement can be reached.
- (5) For purposes of establishing a schedule of rates, rentals, and charges to be collected, the legislative body of the city and the fiscal court of the county may prescribe by joint ordinance for the creation of a rate adjustment board that shall be comprised of the members of both legislative bodies, sitting as a single body. Upon the creation of a rate adjustment board, a simple majority of the combined membership of the rate adjustment board shall be required to establish rates, rentals, and charges to be collected.
- (6) The joint sewer agency shall be administered as a separate legal entity or by a jointly appointed administrator or joint board as set out in the establishing ordinances.
- (7) The joint sewer agency may be dissolved only by a joint action of the legislative body of the city and the fiscal court of the county. The establishing ordinance may be amended in the same manner as originally enacted.
- (8) The legislative body of any city with a population of less than twenty thousand (20,000) based upon the most recent federal decennial census may by ordinance elect to be within the jurisdiction of a joint sewer agency established pursuant to this section.
- (9) ***The joint sewer agency may enter into agreements with another entity or entities to acquire by purchase or lease, any real or personal property, or any interest, right, easement, or privilege therein, outside of the agency's jurisdictional boundaries, in connection with the acquisition, construction, operation, repair, or maintenance of any sewage, wastewater, or storm water facilities, notwithstanding any other provision of the Kentucky Revised Statutes restricting, qualifying, or limiting their authority to do so, except as set forth in KRS Chapter 278.***

➔Section 8. KRS 76.232 is amended to read as follows:

- (1) A city with a population less than twenty thousand (20,000) based upon the most recent federal decennial census together with the county in which it is located or together with the sanitation district, or any city with a population equal to or greater than twenty thousand (20,000) but less than one hundred thousand (100,000) based upon the most recent federal decennial census together with the county in which it is located or together

with the sanitation district, as an alternative to establishing a metropolitan sewer district under KRS 76.010, may jointly establish a sewer agency for the purpose of providing sewer and drainage facilities within the city and the county or within the city and the sanitation district.

- (2) In order to establish a joint sewer agency under this section, the legislative body of the city, the fiscal court of the county, or the governing body of the sanitation district may vote to merge any existing agency or sanitation district or any portion thereof into the jointly established sewer agency or into an existing city or county sewer agency. If the legislative body of the city, fiscal court of the county, or governing body of the sanitation district determines to merge an existing agency or sanitation district into the joint sewer agency, it shall determine a method to satisfy any legal obligations of the existing agency or sanitation district which might be affected.
- (3) A joint sewer agency shall be established upon the enactment of identical agreements establishing and setting out the powers of the sewer agency by all parties establishing the joint sewer agency. Any agreement enacted by a city or county shall be by ordinance. Any agreement enacted by a sanitation district shall be done in the same manner as any other official actions taken by the sanitation district.
- (4) All the powers granted a metropolitan sewer district and cities of the first class by KRS 76.010 to 76.279 may be granted by ordinance to the joint sewer agency except that such powers may be restricted or qualified in order to conform to the local needs of the county, city, and sanitation district.
- (5) The joint sewer agency shall be administered as a separate legal entity or by a jointly appointed administrator, joint board, or one of the merging entities, as set out in the ordinance creating the joint sewer agency.
- (6) The joint sewer agency may be dissolved only by adoption of an ordinance of the legislative body of the city and the fiscal court of the county. The ordinance creating the joint sewer agency shall be amended in the same manner as originally enacted.
- (7) The legislative body of any city with a population of less than twenty thousand (20,000) based upon the most recent federal decennial census may by ordinance elect to be within the jurisdiction of a joint sewer agency established pursuant to this section.
- (8) ***The joint sewer agency may enter into agreements with another entity or entities to acquire by purchase or lease, any real or personal property, or any interest, right, easement, or privilege therein, outside of the agency's jurisdictional boundaries, in connection with the acquisition, construction, operation, repair, or maintenance of any sewage, wastewater, or storm water facilities, notwithstanding any other provision of the Kentucky Revised Statutes restricting, qualifying, or limiting their authority to do so, except as set forth in KRS Chapter 278.***

➔Section 9. KRS 76.325 is amended to read as follows:

The powers of the commission shall be:

- (1) To construct, operate and maintain a sewerage and/or drainage system and sewers and drains within the boundaries of the sewer construction district, or to contract with a metropolitan sewer district for such construction, operation and/or maintenance;
- (2) To provide for disposition of the sewage and/or drainage, and for treatment of sewage, either through its own facilities or by contract with the metropolitan sewer district;
- (3) To clean out, straighten, alter, deepen, fill up or otherwise improve any stream, watercourse receiving sewage, liquid wastes or drainage, located in or out of the district;
- (4) To construct, operate and maintain trunk sewers, intercepting sewers, laterals, siphons, pumping stations, sewage treatment and disposal works necessary for the purposes of the district, through its own facilities or by contract with the metropolitan sewer district;
- (5) To hold, control, acquire by purchase, donation or condemnation any real or personal property necessary for location, construction, operation or maintenance of its works and improvements and easements for rights of way;
- (6) Upon completion of construction of any integral part of the sewer or drainage system, to contract for the operation and maintenance of its works and improvements or easements for rights of way;
- (7) Upon completion of construction of any integral part of the sewer or drainage system, to contract for the operation and maintenance of, and extensions to, such part of the system, with the metropolitan sewer district on a service basis for the users, or, with the approval of the court, to have the territory in such part of the sewer

construction district incorporated into the metropolitan sewer district for service as provided to other property within said metropolitan sewer district; *and*

- (8) *To enter into agreements with another entity or entities to acquire by purchase or lease, any real or personal property, or any interest, right, easement, or privilege therein, outside of the district's jurisdictional boundaries, in connection with the acquisition, construction, operation, repair, or maintenance of any sewage, wastewater, or storm water facilities, notwithstanding any other provision of the Kentucky Revised Statutes restricting, qualifying, or limiting their authority to do so, except as set forth in KRS Chapter 278.*

➔SECTION 10. A NEW SECTION OF KRS 220.010 TO 220.540 IS CREATED TO READ AS FOLLOWS:

A sanitation district may enter into agreements with another entity or entities to acquire by purchase or lease, any real or personal property, or any interest, right, easement, or privilege therein, outside of the district's jurisdictional boundaries, in connection with the acquisition, construction, operation, repair, or maintenance of any sewage, wastewater, or storm water facilities, notwithstanding any other provision of the Kentucky Revised Statutes restricting, qualifying, or limiting their authority to do so, except as set forth in KRS Chapter 278.

CHAPTER 197

(HB 517)

AN ACT relating to grandparent visitation.

WHEREAS, studies have shown that relationships between adolescents and grandparents contribute to the adolescents' well-being; and

WHEREAS, studies have also shown that grandparents are instrumental in times of family adversity and help the whole family to survive a crisis; and

WHEREAS, emotionally close ties between grandparents and grandchildren provide a wide variety of benefits to both grandparent and grandchild; and

WHEREAS, the opioid epidemic and rise in drug abuse has led to an increase in the number of families that are pulled apart; and

WHEREAS, there are over 70,000 children in Kentucky that are no longer living with their parents, including over 8,000 children in foster care and over 30,000 homeless children; and

WHEREAS, the presence of healthy, supportive grandparents has been shown to be a factor in distinguishing well-functioning children of drug abusers; and

WHEREAS, there is a rapidly increasing number of grandparents who serve as the primary caregivers for children;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 405.021 is amended to read as follows:

- (1) (a) The Circuit Court may grant reasonable visitation rights to either the paternal or maternal grandparents of a child and issue any necessary orders to enforce the decree if it determines that it is in the best interest of the child to do so. Once a grandparent has been granted visitation rights under this subsection, those rights shall not be adversely affected by the termination of parental rights belonging to the grandparent's son or daughter, who is the father or mother of the child visited by the grandparent, unless the Circuit Court determines that it is in the best interest of the child to do so.
- (b) *If the parent of the child who is the son or daughter of the grandparent is deceased, there shall be a rebuttable presumption that visitation with the grandparent is in the best interest of the child if the grandparent can prove a pre-existing significant and viable relationship with the child.*

(c) *In order to prove a significant and viable relationship under paragraph (b) of this subsection, the grandparent shall prove by a preponderance of the evidence that:*

1. *The child resided with the grandparent for at least six (6) consecutive months with or without the current custodian present;*
2. *The grandparent was the caregiver of the child on a regular basis for at least six (6) consecutive months;*
3. *The grandparent had frequent or regular contact with the child for at least twelve (12) consecutive months; or*
4. *There exist any other facts that establish that the loss of the relationship between the grandparent and the child is likely to harm the child.*

(2) The action shall be brought in Circuit Court in the county in which the child resides.

(3) The Circuit Court may grant noncustodial parental visitation rights to the grandparent of a child if the parent of the child who is the son or daughter of the grandparent is deceased and the grandparent has assumed the financial obligation of child support owed by the deceased parent, unless the court determines that the visitation is not in the best interest of the child. If visitation is not granted, the grandparent shall not be responsible for child support.

➔Section 2. KRS 620.090 is amended to read as follows:

- (1) If, after completion of the temporary removal hearing, the court finds there are reasonable grounds to believe the child is dependent, neglected or abused, the court shall issue an order for temporary removal and shall grant temporary custody to the cabinet or other appropriate person or agency. Preference shall be given to available and qualified relatives of the child considering the wishes of the parent or other person exercising custodial control or supervision, if known. The order shall state the specific reasons for removal and show that alternative less restrictive placements and services have been considered. The court may recommend a placement for the child.
- (2) In placing a child under an order of temporary custody, the cabinet or its designee shall use the least restrictive appropriate placement available. Preference shall be given to available and qualified relatives of the child considering the wishes of the parent or other person exercising custodial control or supervision, if known. The child may also be placed in a facility or program operated or approved by the cabinet, including a foster home, or any other appropriate available placement. However, under no circumstance shall the child be placed in a home, facility, or other shelter with a child who has been committed to the Department of Juvenile Justice for commission of a sex crime as that term is defined in KRS 17.500, unless the child committed for the commission of a sex crime is kept segregated from other children in the home, facility, or other shelter that have not been committed for the commission of a sex crime.
- (3) If the court finds there are not reasonable grounds to believe the child is dependent, neglected or abused, or if no action is taken within seventy-two (72) hours, the emergency custody order shall be dissolved automatically and the cabinet or its designee shall return the child to the parent or other person exercising custodial control or supervision. A request for a continuance of the hearing by the parent or other person exercising custodial control or supervision shall constitute action precluding automatic dissolution of the emergency custody order.
- (4) When the court issues a temporary order for the custody of a child, the court may order that, within two (2) weeks, arrangements be made for the child to receive a thorough medical, visual, and dental examination by a professional authorized by the Kentucky Revised Statutes to conduct such examinations. The costs of the examination shall be paid by the cabinet.
- (5) The child shall remain in temporary custody with the cabinet for a period of time not to exceed forty-five (45) days from the date of the removal from his home. The court shall conduct the adjudicatory hearing and shall make a final disposition within forty-five (45) days of the removal of the child. The court may extend such time after making written findings establishing the need for the extension and after finding that the extension is in the child's best interest.
- (6) *If custody is granted to a grandparent of the child pursuant to this section, the court shall consider granting reasonable visitation rights to any other grandparent of the child if the court determines the grandparent has a significant and viable relationship with the child as established in subsection (1)(c) of Section 1 of this Act.*

Signed by Governor April 26, 2018.

CHAPTER 198

(HB 528)

AN ACT relating to joint custody.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 403.270 is amended to read as follows:

- (1) (a) As used in this chapter and KRS 405.020, unless the context requires otherwise, "de facto custodian" means a person who has been shown by clear and convincing evidence to have been the primary caregiver for, and financial supporter of, a child who has resided with the person for a period of six (6) months or more if the child is under three (3) years of age and for a period of one (1) year or more if the child is three (3) years of age or older or has been placed by the Department for Community Based Services. Any period of time after a legal proceeding has been commenced by a parent seeking to regain custody of the child shall not be included in determining whether the child has resided with the person for the required minimum period.
- (b) A person shall not be a de facto custodian until a court determines by clear and convincing evidence that the person meets the definition of de facto custodian established in paragraph (a) of this subsection. Once a court determines that a person meets the definition of de facto custodian, the court shall give the person the same standing in custody matters that is given to each parent under this section and KRS 403.280, 403.340, 403.350, 403.822, and 405.020.
- (2) The court shall determine custody in accordance with the best interests of the child and equal consideration shall be given to each parent and to any de facto custodian. ***Subject to Section 5 of this Act, there shall be a presumption, rebuttable by a preponderance of evidence, that joint custody and equally shared parenting time is in the best interest of the child. If a deviation from equal parenting time is warranted, the court shall construct a parenting time schedule which maximizes the time each parent or de facto custodian has with the child and is consistent with ensuring the child's welfare.*** The court shall consider all relevant factors including:
 - (a) The wishes of the child's parent or parents, and any de facto custodian, as to his ***or her*** custody;
 - (b) The wishes of the child as to his ***or her*** custodian, ***with due consideration given to the influence a parent or de facto custodian may have over the child's wishes;***
 - (c) The interaction and interrelationship of the child with his ***or her*** parent or parents, his ***or her*** siblings, and any other person who may significantly affect the child's best interests;
 - (d) ***The motivation of the adults participating in the custody proceeding;***
 - (e) The child's adjustment ***and continuing proximity*** to his ***or her*** home, school, and community;
 - ~~(f)(e)~~ The mental and physical health of all individuals involved;
 - ~~(g)(f)~~ ***A finding by the court that domestic violence and abuse, as defined in KRS 403.720, has been committed by one (1) of the parties against a child of the parties or against another party. The court shall determine the extent to which the domestic violence and abuse has affected the child and the child's relationship to each party, with due consideration given to efforts made by a party toward the completion of any domestic violence treatment, counseling, or program;***
 - ~~(h)(g)~~ The extent to which the child has been cared for, nurtured, and supported by any de facto custodian;
 - ~~(i)(h)~~ The intent of the parent or parents in placing the child with a de facto custodian;~~and~~
 - ~~(j)(i)~~ The circumstances under which the child was placed or allowed to remain in the custody of a de facto custodian, including whether the parent now seeking custody was previously prevented from doing so as a result of domestic violence as defined in KRS 403.720 and whether the child was placed with a de

facto custodian to allow the parent now seeking custody to seek employment, work, or attend school;
and

- (k) *The likelihood a party will allow the child frequent, meaningful, and continuing contact with the other parent or de facto custodian, except that the court shall not consider this likelihood if there is a finding that the other parent or de facto custodian engaged in domestic violence and abuse, as defined in KRS 403.720, against the party or a child and that a continuing relationship with the other parent will endanger the health or safety of either that party or the child.*

- (3) ~~{The court shall not consider conduct of a proposed custodian that does not affect his relationship to the child. If domestic violence and abuse is alleged, the court shall determine the extent to which the domestic violence and abuse has affected the child and the child's relationship to both parents.~~

- (4) ~~{The abandonment of the family residence by a custodial party shall not be considered where said party was physically harmed or was seriously threatened with physical harm by his or her spouse, when such harm or threat of harm was causally related to the abandonment.~~

- (4)(5) ~~The court may grant joint custody to the child's parents, or to the child's parents and a de facto custodian, if it is in the best interest of the child.~~

- (6) ~~{If the court grants custody to a de facto custodian, the de facto custodian shall have legal custody under the laws of the Commonwealth.~~

➔Section 2. KRS 403.280 is amended to read as follows:

- (1) A party to a custody proceeding may move for a temporary custody order. The motion must be supported by an affidavit as provided in KRS 403.350. The court may award temporary custody under the standards of KRS 403.270 after a hearing, or, if there is no objection, solely on the basis of the affidavits. If the parents or a de facto custodian joined under subsection (9) of this section present a temporary custody agreement and mutually agreed plan for parenting time, and the court confirms that the agreement adequately provides for the welfare of the child, the agreement shall become the temporary custody order of the court.
- (2) *Subject to Section 5 of this Act*, in making an order for temporary custody, there shall be a presumption, rebuttable by preponderance of evidence, that *it is in the best interest of the child for* the parents or a de facto custodian joined under subsection (9) of this section ~~to~~~~shall~~ have temporary joint custody and ~~share~~ share equally in parenting time.
- (3) If a deviation from equal parenting time is warranted, the court shall construct a parenting time schedule which maximizes the time each parent or de facto custodian joined under subsection (9) of this section has with the child and is consistent with ensuring the child's welfare.
- (4) Each temporary custody order shall include specific findings of fact and conclusions of law, except when the court confirms the agreement of the parties.
- (5) Any temporary custody order shall address the circumstance in which physical possession of the child will be exchanged.
- (6) Subject to KRS 403.320(4) and 403.340(5), modification of a temporary custody order may be sought when there is a material and substantial change in the circumstances of the parents, de facto custodian, or child.
- (7) If a proceeding for dissolution of marriage or legal separation is dismissed, any temporary custody order is vacated unless a parent or the child's custodian moves that the proceeding continue as a custody proceeding and the court finds, after a hearing, that the circumstances of the parents and the best interests of the child require that a custody decree be issued.
- (8) If a custody proceeding commenced in the absence of a petition for dissolution of marriage or legal separation under KRS 403.822(1)(a) or (b) is dismissed, any temporary custody order is vacated.
- (9) If a court determines by clear and convincing evidence that a person is a de facto custodian, the court shall join that person in the action, as a party needed for just adjudication under Rule 19 of the Kentucky Rules of Civil Procedure.

➔Section 3. KRS 403.320 is amended to read as follows:

- (1) A parent not granted custody of the child *and not awarded shared parenting time under the presumption specified in subsection (2) of Section 1 of this Act, subsection (2) of Section 2 of this Act, or subsection (6) of Section 4 of this Act* is entitled to reasonable visitation rights unless the court finds, after a hearing, that

visitation would endanger seriously the child's physical, mental, moral, or emotional health. Upon request of either party, the court shall issue orders which are specific as to the frequency, timing, duration, conditions, and method of scheduling visitation and which reflect the development age of the child.

- (2) If domestic violence and abuse, as defined in KRS 403.720, has been alleged, the court shall, after a hearing, determine the visitation arrangement, if any, which would not endanger seriously the child's or the custodial parent's physical, mental, or emotional health.
- (3) The court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child; but the court shall not restrict a parent's visitation rights unless it finds that the visitation would endanger seriously the child's physical, mental, moral, or emotional health.
- (4) (a) Except as provided in paragraph (b) of this subsection, any court-ordered modification of a child visitation decree, based in whole or in part on:
 1. The active duty of a parent or a de facto custodian as a regular member of the United States Armed Forces deployed outside the United States; or
 2. Any federal active duty of a parent or a de facto custodian as a member of a state National Guard or a Reserve component;

shall be temporary and shall revert back to the previous child visitation decree at the end of the deployment outside the United States or the federal active duty, as appropriate.
- (b) A parent or de facto custodian identified in paragraph (a) of this subsection may consent to a modification of a child visitation decree that continues past the end of the deployment outside the United States or the federal active duty, as appropriate.
- (5) Under circumstances where the court finds, by clear and convincing evidence, it is in the best interest of the child, any relative, by blood or affinity, that was previously granted temporary custody pursuant to the provisions of KRS 620.090 may be granted reasonable noncustodial parental visitation rights by a Circuit Court or Family Court as an intervenor or by original action. Once the relative has been granted visitation pursuant to this subsection, those rights shall not be adversely affected by the termination of custodial or parental rights of an individual who has permanent custody of the child unless the court determines that termination of the visitation rights are in the best interests of the child. The action shall be brought in the county in which the temporary or permanent custody order was entered or where the child resides.

➔Section 4. KRS 403.340 is amended to read as follows:

- (1) As used in this section, "custody" means sole or joint custody, whether ordered by a court or agreed to by the parties.
- (2) No motion to modify a custody decree shall be made earlier than two (2) years after its date, unless the court permits it to be made on the basis of affidavits that there is reason to believe that:
 - (a) The child's present environment may endanger seriously his physical, mental, moral, or emotional health; or
 - (b) The custodian appointed under the prior decree has placed the child with a de facto custodian.
- (3) If a court of this state has jurisdiction pursuant to the Uniform Child Custody Jurisdiction Act, the court shall not modify a prior custody decree unless after hearing it finds, upon the basis of facts that have arisen since the prior decree or that were unknown to the court at the time of entry of the prior decree, that a change has occurred in the circumstances of the child or his custodian, and that the modification is necessary to serve the best interests of the child. When determining if a change has occurred and whether a modification of custody is in the best interests of the child, the court shall consider the following:
 - (a) Whether the custodian agrees to the modification;
 - (b) Whether the child has been integrated into the family of the petitioner with consent of the custodian;
 - (c) The factors set forth in KRS 403.270(2) to determine the best interests of the child;
 - (d) Whether the child's present environment endangers seriously his physical, mental, moral, or emotional health;
 - (e) Whether the harm likely to be caused by a change of environment is outweighed by its advantages to him; and

- (f) Whether the custodian has placed the child with a de facto custodian.
 - (4) In determining whether a child's present environment may endanger seriously his physical, mental, moral, or emotional health, the court shall consider all relevant factors, including, but not limited to:
 - (a) The interaction and interrelationship of the child with his parent or parents, his de facto custodian, his siblings, and any other person who may significantly affect the child's best interests;
 - (b) The mental and physical health of all individuals involved;
 - (c) Repeated or substantial failure, without good cause as specified in KRS 403.240, of either parent to observe visitation, child support, or other provisions of the decree which affect the child, except that modification of custody orders shall not be made solely on the basis of failure to comply with visitation or child support provisions, or on the basis of which parent is more likely to allow visitation or pay child support;

- (6) ***Subject to Section 5 of this Act, if the court orders a modification of a child custody decree, there shall be a presumption, rebuttable by a preponderance of evidence, that it is in the best interest of the child for the parents to have joint custody and share equally in parenting time. If a deviation from equal parenting time is warranted, the court shall construct a parenting time schedule which maximizes the time each parent or de facto custodian has with the child and is consistent with ensuring the child's welfare.***

If a domestic violence order is being or has been entered against a party by another party or on behalf of a child at issue in the custody hearing, the presumption that joint custody and equally shared parenting time is in the best interest of the child shall not apply as to the party against whom the domestic violence order is being or has been entered. The court shall weigh all factors set out in subsection (2) of Section 1 of this Act in determining the best interest of the child.

➔Section 6. KRS 403.740 is amended to read as follows:

- (c) Directing that either or both of the parties receive counseling services available in the community in domestic violence and abuse cases; and
- (d) Additionally, if applicable:

 - (c) Specifically describe in the order the locations or areas prohibited to the respondent; and
 - (d) Consider structuring a restriction so as to allow the respondent transit through an area if the respondent does not interrupt his or her travel to harass, harm, or attempt to harass or harm the petitioner.
- (3) When temporary child support is granted under this section, the court shall enter an order detailing how the child support is to be paid and collected. Child support ordered under this section may be enforced utilizing the same procedures as any other child support order.
- (4) A domestic violence order shall be effective for a period of time fixed by the court, not to exceed three (3) years, and may be reissued upon expiration for subsequent periods of up to three (3) years each. The fact that an order has not been violated since its issuance may be considered by a court in hearing a request for a reissuance of the order.

- (c) The commission, when considering an application for a certificate to construct a base load electric generating facility, may consider the policy of the General Assembly to foster and encourage use of Kentucky coal by electric utilities serving the Commonwealth.
 - (d) The commission, when considering an application for a certificate to construct an electric transmission line, may consider the interstate benefits expected to be achieved by the proposed construction or modification of electric transmission facilities in the Commonwealth.
 - (e) Unless exercised within one (1) year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.
- (2) For the purposes of this section, construction of any electric transmission line of one hundred thirty-eight (138) kilovolts or more and of more than five thousand two hundred eighty (5,280) feet in length shall not be considered an ordinary extension of an existing system in the usual course of business and shall require a certificate of public convenience and necessity. However, ordinary extensions of existing systems in the usual course of business not requiring such a certificate shall include:
 - (a) The replacement or upgrading of any existing electric transmission line; or
 - (b) The relocation of any existing electric transmission line to accommodate construction or expansion of a roadway or other transportation infrastructure; or
 - (c) An electric transmission line that is constructed solely to serve a single customer and that will pass over no property other than that owned by the customer to be served.
- (3) Prior to granting a certificate of public convenience and necessity to construct facilities to provide the services set forth in KRS 278.010(3)(f), the commission shall require the applicant to provide a surety bond, or a reasonable guaranty that the applicant shall operate the facilities in a reasonable and reliable manner for a period of at least five (5) years. The surety bond or guaranty shall be in an amount sufficient to ensure the full and faithful performance by the applicant or its successors of the obligations and requirements of this chapter and of all applicable federal and state environmental requirements. However, no surety bond or guaranty shall be required for an applicant that is a water district or water association or for an applicant that the commission finds has sufficient assets to ensure the continuity of sewage service.
- (4) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one (1) year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.
- (5) No utility shall apply for or obtain any franchise, license, or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.
- (6) No person shall acquire or transfer ownership of, or control, or the right to control, any utility under the jurisdiction of the commission by sale of assets, transfer of stock, or otherwise, or abandon the same, without prior approval by the commission. The commission shall grant its approval if the person acquiring the utility has the financial, technical, and managerial abilities to provide reasonable service.
- (7) No individual, group, syndicate, general or limited partnership, association, corporation, joint stock company, trust, or other entity (an "acquirer"), whether or not organized under the laws of this state, shall acquire control, either directly or indirectly, of any utility furnishing utility service in this state, without having first obtained the approval of the commission. Any acquisition of control without prior authorization shall be void and of no effect. As used in this subsection, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a utility, whether through the ownership of voting securities, by effecting a change in the composition of the board of directors, by contract or otherwise. Control shall be presumed to exist if any individual or entity, directly or indirectly, owns ten percent (10%) or more of the voting securities of the utility. This presumption may be rebutted by a showing that ownership does not in fact confer control. Application for any approval or authorization shall be made to the commission in writing, verified by oath or affirmation, and be in a form and contain the information as the commission requires. The commission shall approve any proposed acquisition when it finds that the same is to

be made in accordance with law, for a proper purpose and is consistent with the public interest. The commission may make investigation and hold hearings in the matter as it deems necessary, and thereafter may grant any application under this subsection in whole or in part and with modification and upon terms and conditions as it deems necessary or appropriate. The commission shall grant, modify, refuse, or prescribe appropriate terms and conditions with respect to every such application within sixty (60) days after the filing of the application therefor, unless it is necessary, for good cause shown, to continue the application for up to sixty (60) additional days. The order continuing the application shall state fully the facts that make continuance necessary. In the absence of that action within that period of time, any proposed acquisition shall be deemed to be approved.

- (8) Subsection (7) of this section shall not apply to any acquisition of control of any:
- (a) Utility which derives a greater percentage of its gross revenue from business in another jurisdiction than from business in this state if the commission determines that the other jurisdiction has statutes or rules which are applicable and are being applied and which afford protection to ratepayers in this state substantially equal to that afforded such ratepayers by subsection (7) of this section;
 - (b) Utility by an acquirer who directly, or indirectly through one (1) or more intermediaries, controls, or is controlled by, or is under common control with, the utility, including any entity created at the direction of such utility for purposes of corporate reorganization; or
 - (c) Utility pursuant to the terms of any indebtedness of the utility, provided the issuance of indebtedness was approved by the commission.
- (9) In a proceeding on an application filed pursuant to this section, any interested person, including a person over whose property the proposed transmission line will cross, may request intervention, and the commission shall, if requested, conduct a public hearing in the county in which the transmission line is proposed to be constructed, or, if the transmission line is proposed to be constructed in more than one county, in one of those counties. The commission shall issue its decision no later than ninety (90) days after the application is filed, unless the commission extends this period, for good cause, to one hundred twenty (120) days. The commission may utilize the provisions of KRS 278.255(3) if, in the exercise of its discretion, it deems it necessary to hire a competent, qualified and independent firm to assist it in reaching its decision. The issuance by the commission of a certificate that public convenience and necessity require the construction of an electric transmission line shall be deemed to be a determination by the commission that, as of the date of issuance, the construction of the line is a prudent investment.
- (10) The commission shall not approve any application under subsection (6) or (7) of this section for the transfer of control of a utility described in KRS 278.010(3)(f) unless the commission finds, in addition to findings required by those subsections, that the person acquiring the utility has provided evidence of financial integrity to ensure the continuity of sewage service in the event that the acquirer cannot continue to provide service.
- (11) The commission shall not accept for filing an application requesting authority to abandon facilities that provide services as set forth in KRS 278.010(3)(f) or to cease providing services unless the applicant has provided written notice of the filing to the following:
- (a) Kentucky Division of Water;
 - (b) Office of the Attorney General; and
 - (c) The county judge/executive, mayor, health department, planning and zoning commission, and public sewage service provider of each county and each city in which the utility provides utility service.
- (12) The commission may grant any application requesting authority to abandon facilities that provide services as set forth in KRS 278.010(3)(f) or to cease providing services upon terms and conditions as the commission deems necessary or appropriate, but not before holding a hearing on the application and no earlier than ninety (90) days from the date of the commission's acceptance of the application for filing, unless the commission finds it necessary for good cause to act upon the application earlier.
- (13) If any provision of this section or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to that end the provisions are declared to be severable.

➔Section 10. KRS 150.021 is amended to read as follows:

- (1) The Department of Fish and Wildlife Resources shall constitute a department of state government within the meaning of KRS Chapter 12. The department shall consist of a commissioner, a Fish and Wildlife Resources

- (3) (a) *The Finance and Administration Cabinet shall assess the Department of Fish and Wildlife Resources each fiscal year a fee in an amount equal to five percent (5%) of the debt service associated with all phases and implementation of the capital project to replace, repair, or maintain the two (2) way radio system utilized by the Department of Kentucky State Police.*
- (b) *The fee shall be assessed on each phase of the implementation of the two (2) way radio system and shall continue to be assessed until all debt for the system has been retired.*

- (f) The city shall order payment in an amount not to exceed the appropriation authorized by this section.
- (g) The property valuation administrator shall be required to account for all moneys paid to his *or her* office by the city and any funds unexpended by the close of each fiscal year shall carry over to the next fiscal year.
- (h) Notwithstanding any statutory provisions to the contrary, the assessment dates for ~~the [such]~~ city shall conform to the corresponding dates for the county, and ~~the [such]~~ city may by ordinance establish additional financial and tax procedures that will enable it effectively to adopt the county assessment.

- (j) Any such city may, by ordinance, abolish any office connected with city assessment and equalization.

- (k) Any city which elects to use the county assessment shall have access to the assessment records as soon as completed and may obtain a copy of that portion of the records which represents the assessment of property within ~~the [such]~~ city by additional payment of the cost thereof.

➔Section 12. KRS 132.590 is amended to read as follows:

- (1) The compensation of the property valuation administrator shall be based on the schedule contained in subsection (2) of this section as modified by subsection (3) of this section. The compensation of the property valuation administrator shall be calculated by the Department of Revenue annually. Should a property valuation administrator for any reason vacate the office in any year during his term of office, he shall be paid only for the calendar days actually served during the year.
- (2) The salary schedule for property valuation administrators provides for nine (9) levels of salary based upon the population of the county in the prior year as determined by the United States Department of Commerce, Bureau of the Census annual estimates. To implement the salary schedule, the department shall, by November 1 of each year, certify for each county the population group applicable to each county based on the most recent estimates of the United States Department of Commerce, Bureau of the Census. The salary schedule provides four (4) steps for yearly increments within each population group. Property valuation administrators shall be paid according to the first step within their population group for the first year or portion thereof they serve in office. Thereafter, each property valuation administrator, on January 1 of each subsequent year, shall be advanced automatically to the next step in the salary schedule until the maximum salary figure for the population group is reached. If the county population as certified by the department increases to a new group level, the property valuation administrator's salary shall be computed from the new group level at the beginning of the next year. A change in group level shall have no affect on the annual change in step. Prior to assuming office, any person who has previously served as a property valuation administrator must certify to the Department of Revenue the total number of years, not to exceed four (4) years, that the person has previously served in the office. The department shall place the person in the proper step based upon a formula of one (1) incremental step per full calendar year of service:

- (3) (a) For calendar year 2000, the salary schedule in subsection (2) of this section shall be increased by the amount of increase in the annual consumer price index as published by the United States Department of Commerce for the year ended December 31, 1999. This salary adjustment shall take effect on July 14, 2000, and shall not be retroactive to the preceding January 1.
- (b) For each calendar year beginning after December 31, 2000, upon publication of the annual consumer price index by the United States Department of Commerce, the annual rate of salary for the property valuation administrator shall be determined by applying the increase in the consumer price index to the salary in effect for the previous year. This salary determination shall be retroactive to the preceding January 1.
- (c) In addition to the step increases based on service in office, each property valuation administrator shall be paid an annual incentive of six hundred eighty-seven dollars and sixty-seven cents (\$687.67) per calendar year for each forty (40) hour training unit successfully completed based on continuing service in that office and, except as provided in this subsection, completion of at least forty (40) hours of approved training in each subsequent calendar year. If a property valuation administrator fails without good cause, as determined by the commissioner of the Kentucky Department of Revenue, to obtain the minimum amount of approved training in any year, the officer shall lose all training incentives previously accumulated. No property valuation administrator shall receive more than one (1) training unit per calendar year nor more than four (4) incentive payments per calendar year. Each property valuation administrator shall be allowed to carry forward up to forty (40) hours of training credit into the following calendar year for the purpose of satisfying the minimum amount of training for that year. This amount shall be increased by the consumer price index adjustments prescribed in paragraphs (a) and (b) of this subsection. Each training unit shall be approved and certified by the Kentucky Department of Revenue. Each unit shall be available to property valuation administrators in each office based on continuing service in that office. The Kentucky Department of Revenue shall promulgate administrative regulations in accordance with KRS Chapter 13A to establish guidelines for the approval and certification of training units.
- (4) Notwithstanding any provision contained in this section, no property valuation administrator holding office on July 14, 2000, shall receive any reduction in salary or reduction in adjustment to salary otherwise allowable by the statutes in force on July 14, 2000.
- (5) Deputy property valuation administrators and other authorized personnel may be advanced one (1) step in grade upon completion of twelve (12) months' continuous service. The Department of Revenue may make grade classification changes corresponding to any approved for department employees in comparable positions, so long as the changes do not violate the integrity of the classification system. Subject to availability of funds, the department may extend cost-of-living increases approved for department employees to deputy property valuation administrators and other authorized personnel, by advancement in grade.
- (6) Beginning with the 1990-1992 biennium, the Department of Revenue shall prepare a biennial budget request for the staffing of property valuation administrators' offices. An equitable allocation of employee positions to each property valuation administrator's office in the state shall be made on the basis of comparative assessment work units. Assessment work units shall be determined from the most current objective information available from the United States Bureau of the Census and other similar sources of unbiased information. Beginning with the 1996-1998 biennium, assessment work units shall be based on parcel count per employee. The total

sum allowed by the state to any property valuation administrator's office as compensation for deputies, other authorized personnel, and for other authorized expenditures shall not exceed the amount fixed by the Department of Revenue. However, each property valuation administrator's office shall be allowed as a minimum such funds that are required to meet the federal minimum wage requirements for two (2) full-time deputies.

- (7) Beginning with the 1990-1992 biennium each property valuation administrator shall submit by June 1 of each year for the following fiscal year to the Department of Revenue a budget request for his office which shall be based upon the number of employee positions allocated to his office under subsection (6) of this section and upon the county and city funds available to his office and show the amount to be expended for deputy and other authorized personnel including employer's share of FICA and state retirement, and other authorized expenses of the office. The Department of Revenue shall return to each property valuation administrator, no later than July 1, an approved budget for the fiscal year.
- (8) Each property valuation administrator may appoint any persons approved by the Department of Revenue to assist him in the discharge of his duties. Each deputy shall be more than twenty-one (21) years of age and may be removed at the pleasure of the property valuation administrator. The salaries of deputies and other authorized personnel shall be fixed by the property valuation administrator in accordance with the grade classification system established by the Department of Revenue and shall be subject to the approval of the Department of Revenue. The Personnel Cabinet shall provide advice and technical assistance to the Department of Revenue in the revision and updating of the personnel classification system, which shall be equitable in all respects to the personnel classification systems maintained for other state employees. Any deputy property valuation administrator employed or promoted to a higher position may be examined by the Department of Revenue in accordance with standards of the Personnel Cabinet, for the position to which he is being appointed or promoted. No state funds available to any property valuation administrator's office as compensation for deputies and other authorized personnel or for other authorized expenditures shall be paid without authorization of the Department of Revenue prior to the employment by the property valuation administrator of deputies or other authorized personnel or the incurring of other authorized expenditures.
- (9) Each county fiscal court shall annually appropriate and pay each fiscal year to the office of the property valuation administrator as its cost for use of the assessment, as required by KRS 132.280, an amount determined as follows:

Assessment Subject to

County Tax of:

At Least	But Less Than	Amount
----	\$100,000,000	\$0.005 for each \$100 of the first \$50,000,000 and \$0.002 for each \$100 over \$50,000,000.
\$100,000,000	150,000,000	\$0.004 for each \$100 of the first \$100,000,000 and \$0.002 for each \$100 over \$100,000,000.
150,000,000	300,000,000	\$0.004 for each \$100 of the first \$150,000,000 and \$0.003 for each \$100 over \$150,000,000.
300,000,000	----	\$0.004 for each \$100.

- (10) The total sum to be paid by the fiscal court to any property valuation administrator's office under the provisions of subsection (9) of this section shall not exceed the limits set forth in the following table:

Assessed Value of Property Subject to

County Tax of:

At Least	But Less Than	Limit
----	\$700,000,000	\$25,000

\$700,000,000	1,000,000,000	35,000

7,500,000,000	-----	250,000

This allowance shall be based on the assessment as of the previous January 1 and shall be used for deputy and other personnel allowance, supplies, maps and equipment, travel allowance for the property valuation administrator and his deputies and other authorized personnel, and other authorized expenses of the office.

- (11) Annually, after appropriation by the county of funds required of it by subsection (9) of this section, and no later than August 1, the property valuation administrator shall file a claim with the county for that amount of the appropriation specified in his approved budget for compensation of deputies and assistants, including employer's shares of FICA and state retirement, for the fiscal year. The amount so requested shall be paid by the county into the State Treasury by September 1, or paid to the property valuation administrator and be submitted to the State Treasury by September 1. These funds shall be expended by the Department of Revenue only for compensation of approved deputies and assistants and the employer's share of FICA and state retirement in the appropriating county. Any funds paid into the State Treasury in accordance with this provision but unexpended by the close of the fiscal year for which they were appropriated shall be returned to the county from which they were received.
- (12) After submission to the State Treasury or to the property valuation administrator of the county funds budgeted for personnel compensation under subsection (11) of this section, the fiscal court shall pay the remainder of the county appropriation to the office of the property valuation administrator on a quarterly basis. Four (4) equal payments shall be made on or before September 1, December 1, March 1, and June 1 respectively. Any unexpended county funds at the close of each fiscal year shall be retained by the property valuation administrator, except as provided in KRS 132.601(2). During county election years the property valuation administrator shall not expend in excess of forty percent (40%) of the allowances available to his office from county funds during the first five (5) months of the fiscal year in which the general election is held.
- (13) The provisions of this section shall apply to urban-county governments and consolidated local governments. In an urban-county government and a consolidated local government, all the rights and obligations conferred on fiscal courts or consolidated local governments by the provisions of this section shall be exercised by the urban-county government or consolidated local government.
- (14) When an urban-county form of government is established through merger of existing city and county governments as provided in KRS Chapter 67A or when a consolidated local government is established through merger of existing city and county governments as provided by KRS Chapter 67C, the annual county assessment shall be presumed to have been adopted as if the city had exercised the option to adopt as provided in KRS 132.285, and the annual amount to be appropriated to the property valuation administrator's office shall be the combined amount that is required of the county under this section and that required of the city under KRS 132.285, except that the total shall not exceed one hundred thousand dollars (\$100,000) for any urban-county government or consolidated local government with an assessment subject to countywide tax of less than ~~five~~~~three~~ billion dollars ~~(\$5,000,000,000)~~~~(\$3,000,000,000)~~, one hundred ~~seventy-five~~~~twenty-five~~ thousand dollars ~~(\$175,000)~~~~(\$125,000)~~ for an urban-county government or consolidated local government with an assessment subject to countywide tax between ~~five~~~~three~~ billion dollars ~~(\$5,000,000,000)~~~~(\$3,000,000,000)~~ and ~~seven~~~~five~~ billion ~~five hundred million~~ dollars ~~(\$7,500,000,000)~~~~(\$5,000,000,000)~~, and two hundred ~~fifty~~ thousand dollars ~~(\$250,000)~~~~(\$200,000)~~ for an urban-county government or consolidated local government with an assessment subject to countywide tax in excess of ~~seven~~~~five~~ billion ~~five hundred million~~ dollars ~~(\$7,500,000,000)~~~~(\$5,000,000,000)~~. For purposes of this subsection, the amount to be considered as the assessment for purposes of KRS 132.285 shall be the amount subject to taxation for full urban services.
- (15) Notwithstanding the provisions of subsection (9) of this section, the amount appropriated and paid by each county fiscal court to the office of the property valuation administrator for 1996 and subsequent years shall be equal to the amount paid to the office of the property valuation administrator for 1995, or the amount required by the provisions of subsections (9) and (10) of this section, whichever is greater.

 - (c)
 1. A retailer located in this state shall not purchase tobacco products for resale to consumers from any person within or outside this state unless that person is a distributor licensed under KRS 138.195(7)(a) or the retailer applies for and is granted a retail distributor's license under KRS 138.195(7)(b) for the privilege of purchasing ~~untax-paid[untaxed]~~ tobacco products and remitting the tax as provided in this paragraph.
 2. A licensed retail distributor of tobacco products shall be subject to the excise tax as follows:
 - a. On purchases of ~~untax-paid[untaxed]~~ snuff, at the same rate levied by paragraph (a)1. of this subsection;
 - b. On purchases of ~~untax-paid[untaxed]~~ chewing tobacco, at the same rates levied by paragraph (a)2. of this subsection; and
 - c. On purchases of ~~untax-paid[untaxed]~~ tobacco products, except snuff and chewing tobacco, fifteen percent (15%) of the total purchase price as invoiced by the retail distributor's supplier.

 2. A distributor licensed under KRS 138.195(7)(a) may sell tobacco products to another distributor licensed under KRS 138.195(7)(a) without payment of the excise tax. In such case, the purchasing licensed distributor shall be the distributor liable for the tax.
 3. A licensed distributor or licensed retail distributor shall:
 - a. Identify and display the distributor's or retail distributor's license number on the invoice to the retailer; and
 - b. Identify and display the excise tax separately on the invoice to the retailer. If the excise tax is included as part of the product's sales price, the licensed distributor or licensed retail distributor shall list the total excise tax in summary form by tax type with invoice totals.

- (5)~~(7)~~ The department may prescribe forms and promulgate administrative regulations to execute and administer the provisions of this section.
- (6)~~(8)~~ The General Assembly recognizes that increasing taxes on tobacco products should reduce consumption, and therefore result in healthier lifestyles for Kentuckians. The relative taxes on tobacco products proposed in this section reflect the growing data from scientific studies suggesting that although smokeless tobacco poses some risks, those health risks are significantly less than the risks posed by other forms of tobacco products. Moreover, the General Assembly acknowledges that some in the public health community recognize that tobacco harm reduction should be a complementary public health strategy regarding tobacco products. Taxing tobacco products according to relative risk is a rational tax policy and may well serve the public health goal of reducing smoking-related mortality and morbidity and lowering health care costs associated with tobacco-related disease.
- (7) *Any person subject to the taxes imposed under subsections (1) and (2) of this section that:*
- (a) *Files an application related to a modified risk tobacco product shall report to the department that an application has been filed within thirty (30) days of that filing; and*

 - c. To prevent double taxation, if the invoice used by the retailer or sub-jobber to determine the purchase price of the other tobacco product does not separately state the tax paid by the wholesaler, the retailer or sub-jobber may reduce the amount paid per unit by seven and one-half percent (7.5%).
- (3)
 - (a) The taxes imposed by this section may be paid in three (3) installments. The second installment, in an amount that brings the total amount paid to at least two-thirds (2/3) of the total amount due, shall be remitted on or before **August 10, 2018**~~[May 10, 2009]~~. The third installment, in an amount equal to the remaining balance, shall be remitted on or before **September 10, 2018**~~[June 10, 2009]~~.

- (c) *A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the corporation's commercial domicile is located.*
- (8) (a) *Except as provided in subsection (9) of this section, all business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor, representing twenty-five percent (25%) of the fraction, plus the payroll factor, representing twenty-five percent (25%) of the fraction, plus the sales factor, representing fifty percent (50%) of the fraction, and the denominator of which is four (4), reduced by the number of factors, if any, having no denominator, provided that if the sales factor has no denominator, then the denominator shall be reduced by two (2).*
 - (b) 1. *The property factor is a fraction, the numerator of which is the average value of the corporation's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the corporation's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.1-300 shall be excluded from the property factor.*

Net annual rental rate is the annual rental rate paid by the corporation less any annual rental rate received by the corporation from subrentals, provided that the rental and subrentals are reasonable. If the department determines that the annual rental or subrental rate is unreasonable, or if a nominal or zero (0) rate is charged, the department may determine and apply the rental rate as will reasonably reflect the value of the property rented by the corporation.*
 - 3. *The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the department may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the property.*
 - (c) *The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the corporation for compensation, and the denominator of which is the total compensation paid or payable by the corporation everywhere during the tax period.  - (d) 1. *The sales factor is a fraction, the numerator of which is the total sales of the corporation in this state during the tax period, and the denominator of which is the total sales of the corporation everywhere during the tax period.*
 - 2. *Sales of tangible personal property are in this state if:*

 - b. *The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government.*
 - 3. *Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.*
- (9) (a) *If the allocation and apportionment provisions of this section do not fairly represent the extent of the corporation's business activity in this state, the corporation may petition for or the department may require, in respect to all or any part of the corporation's business activity, if reasonable:*

 - b. *For purposes of subdivision a. of this subparagraph, Kentucky receipts shall be determined by multiplying total receipts for the tax period from each separate investment company for which the services are performed by a fraction. The numerator of the fraction shall be the average of the number of shares owned by the investment company's shareholders domiciled in this state at the beginning of and at the end of the investment company's taxable year, and the denominator of the fraction shall be the average of the number of the shares owned by the investment company shareholders everywhere at the beginning of and at the end of the investment company's taxable year; and*

➔Section 63. KRS 6.505 is amended to read as follows:

- (1) (a) Each legislator in office on July 1, 1980, may within thirty (30) days after that date, and any legislator thereafter taking office may within thirty (30) days after the date thereof, elect to make monthly contributions to the Legislators' Retirement Plan, in an amount equal to five percent (5%) of his monthly creditable compensation, as defined in KRS 61.510(13). The election shall be effective to establish membership in the plan as of July 1, 1980, or as of the date from which the thirty (30) day period is measured, as the case may be. Provided, however, that any legislator who was in office on July 1, 1980, and who is in office at the time he makes the election may, after the expiration of the

thirty (30) day period and until May 1, 1982, make the election, in which event he shall pay to the Legislators' Retirement Plan, for the months between July 1, 1980, and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system under KRS 6.535, will equal the member's contribution required by this section. If the member makes his election after February 1, 1981, he shall in addition pay to the plan interest on the foregoing sum, at six percent (6%) per annum, calculated as if the sum consisted of equal monthly payments, one (1) of which was due at the end of each month between July 1, 1980, and the date the election was made. The election shall be addressed to and filed with the secretary of the Finance and Administration Cabinet and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five percent (5%) thereof, as a voluntarily elected contribution by the member towards the funding of the Legislators' Retirement Plan.

- (b)
 1. For a member who begins participating in the Legislators' Retirement Plan prior to January 1, 2014, the election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530.
 2.
 - a. For members who begin participating in the Legislators' Retirement Plan on or after January 1, 2014, the General Assembly reserves the right to amend, suspend, or reduce the benefits and rights provided under KRS 6.500 to 6.577 if, in its judgment, the welfare of the Commonwealth so demands, except that the amount of benefits the member has accrued at the time of amendment, suspension, or reduction shall not be affected.
 - b. For purposes of this subparagraph, the amount of benefits the member has accrued at the time of amendment, suspension, or reduction shall be limited to the accumulated account balance the member has accrued at the time of amendment, suspension, or reduction.
 - c. The provisions of this subsection shall not be construed to limit the General Assembly's authority to change any other benefit or right specified by KRS 6.500 to 6.577, for members who begin participating in the Legislators' Retirement Plan on or after January 1, 2014, except the benefits specified by subparagraph 2.b. of this paragraph.
 3. The provisions of this paragraph shall not be construed to limit the General Assembly's authority to amend, reduce, or suspend the benefits and rights of members of the Legislators' Retirement Plan as provided by KRS 6.500 to 6.577 that the General Assembly had the authority to amend, reduce, or suspend, prior to July 1, 2013.
- (c) An election once made under this section either to participate or not to participate in the Legislators' Retirement Plan, shall be considered to apply to all future service as a legislator, whether in the same or a different office as a legislator, and whether or not it is in successive terms.
- (d) Notwithstanding the provisions of this subsection:
 1. A legislator who becomes a member of the Legislators' Retirement Plan on or after September 1, 2008, but prior to January 1, 2014, shall make monthly contributions to the Legislators' Retirement Plan in an amount equal to six percent (6%) of his monthly creditable compensation, as defined in KRS 61.510(13).
 2. A legislator who becomes a member of the Legislators' Retirement Plan on or after January 1, 2014, shall make monthly contributions to the Legislators' Retirement Plan in an amount equal to six percent (6%) of his or her monthly creditable compensation, as defined in KRS 61.510(13), of which:

The amounts deducted under this subdivision shall be credited to an account established pursuant to 26 U.S.C. sec. 401(h), within the fund established by KRS 6.530.
- (2) A legislator entitled to elect membership in the retirement system who failed to elect membership within thirty (30) days after taking office may elect membership not later than August 31, 2005. An election, upon being

made pursuant to this section, shall operate to create an inviolable contract between the member entitled to elect membership under this subsection and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of KRS 6.500 to 6.577.

- (3) When any legislator makes a delayed election of membership in the Legislators' Retirement Plan under subsection (2) of this section, his active membership in the Kentucky Employees Retirement System shall terminate, as of the date his membership in the Legislators' Retirement Plan becomes effective, and any credit in the Kentucky Employees Retirement System, earned for service as a legislator, which he then has or which he subsequently regains while being an active member of the Legislators' Retirement Plan, shall be transferred to and counted as service credit in the Legislators' Retirement Plan, and shall no longer constitute credit in the Kentucky Employees Retirement System, except for the purpose of validating any other credit in that system if the member pays the difference, if any, between the amount transferred from the Kentucky Employees Retirement System and the actuarial value of the transferred service. However, any credit he then has in the Kentucky Employees Retirement System, earned for service in any capacity other than a legislator, shall not be affected. No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section for the same period of service. When credit is transferred from the Kentucky Employees Retirement System to the Legislators' Retirement Plan, the Kentucky Employees Retirement System shall transfer to the Legislators' Retirement Fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the Kentucky Employees Retirement System in effect at the time the contributions were made, compounded annually at that same interest rate.
- (4) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010~~(40)~~. The picked-up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. The state shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 6.500 to 6.535 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.
- (5) When any legislator elects membership in the Legislators' Retirement Plan in accordance with this section, his active membership in the Kentucky Employees Retirement System, State Police Retirement System, County Employees Retirement System, or Teachers' Retirement System shall terminate, as of the date his membership in the Legislators' Retirement Plan becomes effective, and any credit in such other system or systems, earned for service as a legislator, which he then has or which he subsequently regains while being an active member of the Legislators' Retirement Plan, shall be transferred to and counted as service credit in the Legislators' Retirement Plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected. No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section, for the same period of service.
- (6) A member of the Legislators' Retirement Plan who would be entitled, under KRS 61.552, to repurchase credit in the Kentucky Employees Retirement System, for previous service as a legislator, which credit had been lost by refund of contributions, may pay the amount required by KRS 61.552 directly to the Legislators' Retirement Plan and thereby obtain credit in that plan for such service, rather than making payment to the Kentucky Employees Retirement System for credit which would be transferred to the Legislators' Retirement Plan. In such event, the Kentucky Employees Retirement System shall transfer to the Legislators' Retirement Plan an amount equal to the employer's contributions that originally were made to the Kentucky Employees Retirement System for the regained service credit, with interest as provided in KRS 6.535. Six (6) months' current service shall be required in the Legislators' Retirement Plan in order for the repurchased credit to remain in force, the same as provided in KRS 61.552. Service purchased under this subsection on or after January 1, 2014, shall not be used to determine the member's participation date in the Legislators' Retirement Plan.

- (2) The employer shall cause to be deducted from the compensation of each member for each and every payroll period subsequent to July 1, 1958, the contributions payable by such member as provided in KRS 16.510 to 16.652.

➔Section 70. KRS 67A.320 is amended to read as follows:

- (1) Any urban-county government in which there existed a municipality which had in effect an employees' pension fund prior to its merger into the urban-county form of government shall provide by comprehensive plan or ordinance for the maintenance of the pension fund for those employees covered by the pension fund, and shall in each case provide for the payment to the pension fund in each month of the sum necessary to maintain the fund in accordance with the actuarial principles established by the actuarial studies described in this section, and may assess monthly the amount or percent of the salary of the employees as determined on a fair actuarial basis, and in any case not in excess of nine percent (9%) of the monthly salary of each employee unless a higher rate was charged prior to the merger of governments, in which case the higher rate may be charged, the assessment to be deducted from the employees' salaries or picked up pursuant to subsection (2) of this section and paid in cash into the pension fund. Within six (6) months after the effective date of the urban-county form of government, or within six (6) months after June 21, 1974, whichever shall be later, the trustees of the board shall, at the expense of the pension fund, provide for the performance of an actuarial valuation, which shall be completed within six (6) months thereafter, and shall describe the amounts necessary to be contributed by the urban-county government or other sources to fund on an actuarially sound basis the benefits promised or described in the fund, including any payments required to bring the fund to an actuarially sound position if it was not so at the time of the performance of the valuation. The legislative body shall determine a reasonable period over which additional funding, if any, shall be made, which period shall not exceed thirty (30) years. A similar valuation shall be arranged by the board at the cost of the urban-county government at least once in every three (3) year to five (5) year period thereafter as prescribed by KRS 65.156. If the fund created by this section is extended to cover employees not described in the first sentence of this section, the actuarial valuation shall determine the required payments necessary to keep the expanded fund on an actuarially sound basis, and the urban-county government shall maintain the fund, and shall assess against the additional covered employees the same monthly contribution as required for other government employees.
- (2) The urban-county government shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010~~(10)~~. However, the urban-county government shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employee until such time as the contributions are distributed or made available to the employee. The picked-up employee contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. The urban-county government shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the urban-county government to the fund. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of this section in the same manner and to the same extent as employee contributions made prior to August 1, 1982.
- (3) The pick up of employee contributions by the employer shall not be construed to reduce the final salary or the average salary upon which the employee retirement benefit is based.
- (4) There is hereby created a board for the existing employees' pension fund and trustees of that board. Trustees from the pension fund board shall consist of the mayor, four (4) members of the legislative body of the urban-county government selected by the legislative body, the secretary of the Finance and Administration Cabinet, the director of the Division of Personnel, and three (3) civil service employees or retirees to be elected to the

board by those employees and retirees covered by the employees' pension fund. In the event that there is no position in the urban-county government denominated secretary of the Finance and Administration Cabinet and/or director of the Division of Personnel, the appointed office of the urban-county government exercising the functions most closely resembling such office shall serve as trustee.

- (5) Temporary employees appointed without examination shall not be compelled to contribute to any pension fund and shall not be eligible to benefits.
- (6) In no year shall the contribution by the urban-county government to the pension fund, in the manner provided in this section, be less than the total amount assessed upon and deducted from the salary of the employees.
- (7) The trustees of the pension fund shall, at least once every three (3) months, report in writing to the mayor the receipts, expenditures, and financial status of the pension fund, stating the places of deposit of funds, or the character of investments made, and the mayor shall cause copies of the report to be posted in at least three (3) places where urban-county employees frequent and report.
- (8) If the urban-county government issues the appropriate order allowing participation in the County Employees Retirement System alternate participation plan pursuant to KRS 78.530(3) and 78.531(2), the urban-county government shall have the right to use assets in the local pension fund, other than assets necessary to pay benefits to the remaining active members of the local pension fund and to retirees and their survivors as determined by actuarial valuation and other than assets payable to the County Employees Retirement System pursuant to KRS 78.531(2), to assist in the payment of both the employee's and employer's costs of alternate participation pursuant to KRS 78.530(3)(d).
- (9) If all liabilities to all individuals entitled to benefits from the employees' pension fund have been satisfied, any ordinances established for creation or maintenance of the fund may be repealed by the majority vote of the duly elected members of the entire legislative body of the urban-county government. If repealed, the fund's board of trustees shall, within sixty (60) days of repeal, proceed with the liquidation of any residual assets of the fund. All residual assets liquidated pursuant to this subsection shall be distributed by the board of trustees to the urban-county government's general fund which shall then contribute the entire distribution received into the policemen's and firefighters' retirement fund as a supplemental contribution, so long as the return of assets complies with federal and state law governing the distribution of assets. The supplemental contribution provided to the policemen's and firefighters' retirement fund under this subsection shall be in addition to the contributions required by KRS 67A.360 to 67A.690 and shall not be used to offset any other contributions required to be paid to the fund under the provisions of KRS 67A.360 to 67A.690. Within thirty (30) days following the distribution of residual assets, the board of trustees of the fund shall as its last act file a complete report with the legislative body of the urban-county government of the actions taken to terminate the fund and liquidate residual assets of the fund. Upon completion of the provisions specified by this subsection, the provisions of KRS 67A.320 to 67A.330 as it relates to the employees' pension fund shall be void.

➔Section 71. KRS 67A.510 is amended to read as follows:

- (1) (a) Each active member shall contribute a sum equal to not less than ten and one-half percent (10.5%) nor more than eleven percent (11%) of current salary, to be determined by the legislative body of the urban-county government, except that:
 1. For members whose participation date in the fund is prior to March 14, 2013, the members shall, effective July 1, 2013, contribute a sum equal to twelve percent (12%) of current salary to the fund; and
 2. For members whose participation date in the fund is on or after March 14, 2013, the member shall contribute a sum equal to twelve percent (12%) of current salary to the fund.
- (b) The commissioner of finance of the government is hereby authorized to deduct such amount provided by this subsection from the salary paid to each active member during any pay period. This contribution shall be made as a deduction from salary, notwithstanding that the salary paid in cash to such member may be reduced thereby below the established statutory rate. Every member of the fund shall be deemed to consent and agree to the deduction from salary as herein provided, and shall receipt for his full salary, and payment to such member of salary less such deduction shall constitute a full and complete discharge and acquittance of all claims and demand whatsoever for the services rendered by such member during the period covered by such payment, except as to the benefits herein provided. After August 1, 1982, employee contributions shall be picked up by the urban-county government pursuant to subsection (2) of this section.

- (2) The urban-county government shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010~~(10)~~. However, the urban-county government shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employee until such time as the contributions are distributed or made available to the employee. The picked-up employee contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. The urban-county government shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the urban-county government to the fund. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 67A.360 to 67A.690 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

➔Section 72. KRS 78.610 is amended to read as follows:

- (1) Each employee shall, commencing on August 1, 1990, contribute, for each pay period for which he receives compensation, five percent (5%) of his creditable compensation.
- (2) The agency reporting official of a participating county shall cause to be deducted from the "creditable compensation" of each employee for each and every payroll period subsequent to the date the county participated in the system the contribution payable by the member as provided in KRS 78.510 to 78.852. The agency reporting official shall promptly pay the deducted employee contributions to the system in accordance with KRS 78.625.
- (3) The deductions provided for in subsection (2) of this section shall be made notwithstanding that the minimum compensation provided by law for any employee shall be reduced thereby. Every employee shall be deemed to consent and agree to the deductions made as provided in subsection (2) of this section; and payment of salary or compensation less the deductions shall be a full and complete discharge of all claims for services rendered by the person during the period covered by the payment, except as to any benefits provided by KRS 78.510 to 78.852.
- (4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010~~(10)~~. These contributions shall not be included as gross income of the employee until the contributions are distributed or made available to the employee. The picked-up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. Each employer shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 78.510 to 78.852 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.
- (5) The provisions of this section shall not apply to individuals who are not eligible for membership as provided by KRS 61.522.

➔Section 73. KRS 136.310 is amended to read as follows:

- (1) Every federally or state chartered savings and loan association, savings bank, and other similar institution authorized to transact business in this state, with property and payroll within and without this state, shall, during January of each year, file with the Department of Revenue a report containing information and in such form as the department may require.
- (2) The Department of Revenue shall fix the fair cash value, as of January 1 of each year, of the capital attributable to Kentucky in each financial institution included in subsection (1) of this section. The methodology employed by the department shall be a three (3) step process as follows:

- (a)
 - 1. The total value of deposits maintained in Kentucky less any amounts where the amount borrowed by a member equals or exceeds the amount deposited by that member shall be determined.
 - 2. The total value of deposits maintained in Kentucky shall be determined by the same method used for filing the summary of deposits report with the Federal Deposit Insurance Corporation;
- (b)
 - 1. The Kentucky apportioned value of capital shall be determined by including undivided profits, surplus, general reserves, and paid-up stock.
 - 2. For Agricultural Credit Associations chartered by the Farm Credit Administration, capital shall be computed by deducting the book value of the association's investment in any other wholly owned institution chartered by the Farm Credit Administration that is either subject to the tax imposed by KRS 136.300 or this section or that is exempt from state taxation by federal law.
 - 3. The Kentucky value of capital shall be determined by a fraction, the numerator of which is the receipts factor plus the outstanding loan balance factor plus the payroll factor, and the denominator of which is three (3); and
- (c)
 - 1. The values determined in steps (a) and (b) of this subsection shall be added together to determine total Kentucky capital and then reduced by the influence of ownership in tax-exempt United States obligations to determine Kentucky taxable capital.
 - 2. The influence of tax-exempt United States obligations is to be determined from the reports of condition filed with the applicable supervisory agency as follows: the average amount of tax-exempt United States obligations for the calendar year, over the average amount of total assets for the calendar year multiplied by total Kentucky capital.
 - 3. The department shall immediately notify each institution of the value so fixed.
- (3) The receipts factor specified in subsection (2)(b) of this section is a fraction, the numerator of which is all receipts derived from loans and other sources negotiated through offices or derived from customers in Kentucky, and the denominator of which is total business receipts for the preceding calendar year.
- (4)
 - (a) The outstanding loan balance factor specified in subsection (2)(b) of this section is a fraction, the numerator of which is the average balance of outstanding loans negotiated from offices or made to customers in Kentucky, and the denominator of which is the average balance of all outstanding loans.
 - (b)
 - 1. The average outstanding loan balance is determined by adding the outstanding loan balance at the beginning of the preceding calendar year to the outstanding loan balance at the end of the preceding calendar year and dividing by two (2).
 - 2. If the yearly beginning balance and ending balance results in an inequitable factor, the average outstanding loan balance may be computed on a monthly average balance.
- (5) The payroll factor specified in subsection (2)(b) of this section shall be determined for the preceding calendar year under the provisions of **Section 59 of this Act**~~[KRS 141.120(8)(b)]~~ and administrative regulations promulgated according to KRS Chapter 13A.
- (6)
 - (a) By July 1 succeeding the filing of the report as provided in subsection (1) of this section, each financial institution included in subsection (1) of this section shall pay directly into the State Treasury a tax of one dollar (\$1) for each one thousand dollars (\$1,000) paid in on its Kentucky taxable capital as fixed in subsection (2)(c) of this section.
 - (b) The institution shall not be required to pay local taxes upon its capital stock, surplus, undivided profits, notes, mortgages, or other credits, and the tax provided by this section shall be in lieu of all taxes for state purposes on intangible property of the institution, nor shall any depositor of the institution be required to list his deposits for taxation under KRS 132.020.
 - (c) Failure to make reports and pay taxes as provided in this section shall subject the institution to the same penalties imposed for such failure on the part of the other corporations.
- (7) If a financial institution included in subsection (1) of this section selects, it may deduct taxes imposed in subsection (6) of this section from the dividends paid or credited to a nonborrowing shareholder.
- (8)
 - (a) Every Agricultural Credit Association chartered by the Farm Credit Administration being authorized to transact business in Kentucky but having no employees located within or without the state shall be

subject to the same tax imposed pursuant to either KRS 136.300 or this section as that imposed upon its wholly owned Production Credit Association subsidiary.

- (b) For purposes of computing Kentucky apportioned value of capital pursuant to subsection (2) of this section, those Agricultural Credit Associations subject to the tax imposed by this section shall utilize that Kentucky apportionment fraction computed and utilized by its wholly owned Production Credit Association subsidiary for the same report period.

➔Section 74. KRS 136.530 is amended to read as follows:

- (1) The receipts factor is a fraction, the numerator of which is the receipts of the financial institution in this Commonwealth during the taxable year as determined by subsection (2) of this section and the denominator of which is the receipts of the financial institution within and without this Commonwealth during the taxable year. Receipts shall include the following:
 - (a) Receipts from the lease or rental of real property owned by the financial institution;
 - (b) Receipts from the lease or rental of tangible personal property owned by the financial institution;
 - (c) Interest and fees or penalties in the nature of interest from loans secured by real property;
 - (d) Interest and fees or penalties in the nature of interest from loans not secured by real property;
 - (e) Net gains from the sale of loans. Net gains from the sale of loans includes income recorded under the coupon stripping rules of Section 1286 of the Internal Revenue Code;
 - (f) Interest and fees or penalties in the nature of interest from credit card receivables and receipts from fees charged to card holders, such as annual fees;
 - (g) Net gains, but not less than zero (0), from the sale of credit card receivables;
 - (h) All credit card issuer's reimbursement fees;
 - (i) Receipts from merchant discount. Receipts from merchant discount shall be computed net of any cardholder charge backs, but shall not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its card holders;
 - (j) Loan servicing fees derived from loans secured by real property;
 - (k) Loan servicing fees derived from loans not secured by real property;
 - (l) Interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities and from trading assets and activities. Investment assets and activities and trading assets and activities include but are not limited to investment securities, trading account assets, federal funds, securities purchased and sold under agreements to resell or repurchase, options, futures contracts, forward contracts, notional principal contracts such as swaps, equities, and foreign currency transactions. The receipts factor shall include the following amounts:
 - 1. The amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements; and
 - 2. The amount by which interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from these assets and activities;
 - (m) All receipts derived from sales that would be included in the factor established by *Section 59 of this Act* ~~KRS 141.120(8)(c)~~; and

- (2) A determination of whether receipts should be included in the numerator of the fraction shall be made as follows:
 - (a) Receipts from the lease or rental of real property owned by the financial institution shall be included in the numerator if the property is located within this Commonwealth or receipts from the sublease of real property if the property is located within this Commonwealth.

- (b)
 - 1. Except as described in subparagraph 2. of this paragraph, receipts from the lease or rental of tangible personal property owned by the financial institution shall be included in the numerator if the property is located within this Commonwealth when it is first placed in service by the lessee.
 - 2. Receipts from the lease or rental of transportation property owned by the financial institution are included in the numerator of the receipts factor to the extent that the property is used in this Commonwealth. The extent an aircraft will be deemed to be used in this Commonwealth and the amount of receipts that is to be included in the numerator of this Commonwealth's receipts factor is determined by multiplying all the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this Commonwealth and the denominator of which is the total number of landings of the aircraft. If the extent of the use of any transportation property within this Commonwealth cannot be determined, then the property shall be deemed to be used wholly in the state in which the property has its principal base of operations. A motor vehicle shall be deemed to be used wholly in the state in which it is registered.
- (c)
 - 1. Interest and fees or penalties in the nature of interest from loans secured by real property shall be included in the numerator if the property is located within this Commonwealth. If the property is located both within this Commonwealth and one (1) or more other states, receipts shall be included if more than fifty percent (50%) of the fair market value of the real property is located within this Commonwealth. If more than fifty percent (50%) of the fair market value of the real property is not located within any one (1) state, then the receipts described in this subparagraph shall be included in the numerator if the borrower is located in this Commonwealth.
 - 2. The determination of whether the real property securing a loan is located within this Commonwealth shall be made as of the time the original agreement was made, and any subsequent substitutions of collateral shall be disregarded.
- (d) Interest and fees or penalties in the nature of interest from loans not secured by real property shall be included in the numerator if the borrower is located in this Commonwealth.
- (e) Net gains from the sale of loans shall be included in the numerator as provided in subparagraphs 1. and 2. of this paragraph. Net gains from the sale of loans includes income recorded under the coupon stripping rules of Section 1286 of the Internal Revenue Code.
 - 1. The amount of net gains, but not less than zero (0), from the sale of loans secured by real property included in the numerator is determined by multiplying net gains by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (c) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans secured by real property.
 - 2. The amount of net gains, but not less than zero (0), from the sale of loans not secured by real property included in the numerator is determined by multiplying net gains by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (d) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans not secured by real property.
- (f) Interest and fees or penalties in the nature of interest from credit card receivables and receipts from fees charged to card holders, such as annual fees, shall be included in the numerator if the billing address of the card holder is in this Commonwealth.
- (g) Net gains, but not less than zero (0), from the sale of credit card receivables to be included in the numerator shall be determined by multiplying the amount established in paragraph (g) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (f) of this subsection and the denominator of which is the financial institution's total amount of interest and fees or penalties in the nature of interest from credit card receivables and fees charged to card holders.
- (h) Credit card issuer's reimbursement fees to be included in the numerator shall be determined by multiplying the amount established in paragraph (h) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (f) of this subsection and the denominator of which is the financial institution's total amount of interest and fees or penalties in the nature of interest from credit card receivables and fees charged to card holders.

- (i) Receipts from merchant discount shall be included in the numerator if the commercial domicile of the merchant is in this Commonwealth. Receipts from merchant discount shall be computed net of any cardholder charge backs but shall not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its card holders.
- (j)
 - 1.
 - a. Loan servicing fees derived from loans secured by real property to be included in the numerator shall be determined by multiplying the amount determined under paragraph (j) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (c) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans secured by real property.
 - b. Loan servicing fees derived from loans not secured by real property to be included in the numerator shall be determined by multiplying the amount determined under paragraph (k) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (d) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans not secured by real property.
 - 2. In circumstances in which the financial institution receives loan servicing fees for servicing either the secured or the unsecured loans of another, the numerator of the receipts factor shall include the fees if the borrower is located in this Commonwealth.
- (k) Receipts from services not otherwise apportioned under this section shall be included in the numerator if the service is performed in this Commonwealth. If the service is performed both within and without this Commonwealth, the numerator of the receipts factor includes receipts from services not otherwise apportioned under this section, if a greater proportion of the income-producing activity is performed in this Commonwealth based on cost of performance.
- (l)
 - 1. The numerator of the receipts factor includes interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities and from trading assets and activities described in paragraph (l) of subsection (1) of this section that are attributable to this Commonwealth.
 - a. The amount of interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities in the investment account to be attributed to this Commonwealth and included in the numerator is determined by multiplying all income from the assets and activities by a fraction the numerator of which is the average value of the assets that are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all the assets.
 - b. The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 1. of paragraph (l) of subsection (1) of this section from funds and securities by a fraction the numerator of which is the average value of federal funds sold and securities purchased under agreements to resell which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all funds and securities.
 - c. The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts described in subdivisions a. and b. of this subparagraph, attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 2. of paragraph (l) of subsection (1) of this section by a fraction the numerator of which is the average value of trading assets which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all assets.

- d. For purposes of this subparagraph, average value shall be determined using the rules for determining the average value of tangible personal property set forth in KRS 136.535(3) and (4).
- 2. In lieu of using the method set forth in subparagraph 1. of this paragraph, the financial institution may elect, or the department may require in order to fairly represent the business activity of the financial institution in this Commonwealth, the use of the method set forth in this subparagraph.
 - a. The amount of interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities in the investment account to be attributed to this Commonwealth and included in the numerator is determined by multiplying all income from assets and activities by a fraction the numerator of which is the gross income from assets and activities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all assets and activities.
 - b. The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 1. of paragraph (1) of subsection (1) of this section from funds and securities by a fraction the numerator of which is the gross income from funds and securities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all funds and securities.
 - c. The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions, but excluding amounts described in subdivisions a. and b. of this subparagraph, attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 2. of paragraph (1) of subsection (1) of this section by a fraction the numerator of which is the gross income from trading assets and activities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all assets and activities.
- 3. If the financial institution elects or is required by the department to use the method set forth in subparagraph 2. of this paragraph, it shall use this method on all subsequent returns unless the financial institution receives prior permission from the department to use, or the department requires, a different method.
- 4. The financial institution shall have the burden of proving that an investment asset or activity or trading asset or activity was properly assigned to a regular place of business outside this Commonwealth by demonstrating that the day-to-day decisions regarding the asset or activity occurred at a regular place of business outside this Commonwealth. Where the day-to-day decisions regarding an investment asset or activity or trading asset or activity occur at more than one (1) regular place of business and one (1) regular place of business is in this Commonwealth and one (1) regular place of business is outside this Commonwealth, the asset or activity shall be considered to be located at the regular place of business of the financial institution where the investment or trading policies or guidelines with respect to the asset or activity are established. Unless the financial institution demonstrates to the contrary, the policies and guidelines shall be presumed to be established at the commercial domicile of the financial institution.
- (m) The numerator of the receipts factor includes all other receipts derived from sales as determined *in Section 59 of this Act* ~~[pursuant to the provisions set forth in KRS 141.120(8)(c)]~~.
- (n)
 - 1. All receipts that would be assigned under this section to a state in which the financial institution is not taxable shall be included in the numerator of the receipts factor, if the financial institution's commercial domicile is in this Commonwealth.
 - 2. For purposes of subparagraph 1. of this paragraph, "taxable" means either:
 - a. That a financial institution is subject in another state to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, a corporate

stock tax including a bank shares tax, a single business tax, an earned surplus tax, or any tax which is imposed upon or measured by net income; or

- b. That another state has statutory authority to subject the financial institution to any of the taxes in subdivision a. of this subparagraph, whether in fact the state does or does not impose the tax.

➔Section 75. KRS 139.531 is amended to read as follows:

- (1) Notwithstanding any other provisions of this chapter to the contrary, the taxes imposed by this chapter shall apply to:
 - (a) Fees paid for breeding a stallion to a mare in this state;
 - (b) Sales of horses unless exempted under the provisions of subsections (2)(a) or (2)(d) of this section; and
 - (c) The sales price of any horse claimed at any race meeting within this state.
- (2) In addition to any other exemptions provided for the horse industry in this chapter, the taxes imposed under the provisions of this chapter shall not apply to the following activities:

- (1) (a) Except as otherwise provided in paragraph (b) of this subsection, the registration of a motor vehicle with a county clerk in order to operate it or permit it to be operated upon the highways of the state shall be deemed consent by the registrant for the motor vehicle to be assessed by the property valuation administrator from a standard manual prescribed by the department for valuing motor vehicles for assessment unless:
 1. The registrant appears before the property valuation administrator to assess the vehicle; or
 2. The motor vehicle is twenty (20) years old or older, in which case paragraph (b) of this subsection applies regarding its valuation.

The standard value of motor vehicles shall be the average trade-in value prescribed by the valuation manual unless information is available that warrants any deviation from the standard value.

reduced by ten percent (10%) annually for each year beyond nineteen (19) years; and

In the case of any motor vehicle for which the assessment procedure provided in subparagraph 2.b. of this paragraph would apply but cannot be carried out because the applicable edition of the valuation manual is unavailable, the property valuation administrator shall conduct an assessment of the vehicle to determine the value thereof for the given taxable year. The assessment under this subparagraph may be done in person if the vehicle's owner presents the vehicle at the property valuation administrator's office, or the assessment may be done through a review of photographs and other documentary evidence. In subsequent years, that valuation shall be reduced by ten percent (10%) annually.
- (2) The registration of a recreational vehicle with the county clerk in order to operate it or permit it to be operated upon the highways shall be deemed consent by the registrant thereof for the recreational vehicle to be assessed by the property valuation administrator at a valuation determined from a standard manual prescribed by the

department for valuing recreational vehicles for assessment unless the registrant appears in person before the property valuation administrator to assess the vehicle.

- (3) The registration of a motor vehicle on or before the date that the registration of the vehicle is required is prima facie evidence of ownership on January 1.
- (4) When a motor vehicle is purchased in one (1) year, but registration takes place after January 1 of the following year through no fault of the owner, the department shall assess the motor vehicle and shall send notice of the assessment to the January 1 owner in accordance with KRS 186A.035. If the month of registration has passed for the current year, the assessment shall be due and payable if not protested to the department within **sixty (60)**~~forty five (45)~~ days from the date of the notice. ➔Section 110. KRS 136.180 is amended to read as follows:

- (1) The Department of Revenue shall, immediately after fixing the assessed value of the operating property and other property of a public service corporation for taxation, notify the corporation of the valuation and the amount of assessment for state and local purposes. When the valuation has been finally determined, the department shall immediately certify, unless otherwise specified, to the county clerk of each county in which any of the operating property or nonoperating tangible property assessment of the corporation is liable to local taxation, the amount of property liable for county, city, or district tax.
- (2) No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which the taxpayer claims as the true value as stated in the protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.015(6) shall apply to the tax bill.
- (3) The Department of Revenue shall compute annually a multiplier for use in establishing the local tax rate for the operating property of railroads or railway companies that operate solely within the Commonwealth. The applicable local tax rates on the operating property shall be adjusted by the multiplier. The multiplier shall be calculated by dividing the statewide locally taxable business tangible personal property by the total statewide business tangible personal property.
- (4) The Department of Revenue shall annually calculate an aggregate local rate for each local taxing district to be used in determining local taxes to be collected for railroad carlines. The rate shall be the statewide tangible tax rate for each type of local taxing district multiplied by a fraction, the numerator of which is the commercial and industrial tangible property assessment subject to full local rates and the denominator of which is the total commercial and industrial tangible personal property assessment. Effective January 1, 1994, state and local taxes on railroad carline property shall become due **sixty (60)**~~forty five (45)~~ days from the date of notice and shall be collected directly by the Department of Revenue. The local taxes collected by the Department of Revenue shall be distributed to each local taxing district levying a tax on railroad carlines based on the statewide average rate for each type of local taxing district. However, prior to distribution any fees owed to the Department of Revenue by any local taxing district under the provisions of subsection (5) of this section shall be deducted.
- (5) The certification of valuation shall be filed by each county clerk in his office, and shall be certified by the county clerk to the proper collecting officer of the county, city, or taxing district for collection. Any district which has the value certified by the department shall pay an annual fee to the department which represents an allocation of department operating and overhead expenses incurred in generating the valuations. This fee shall be determined by the department and shall apply to valuations for tax periods beginning on or after December 31, 1981.

➔Section 111. KRS 136.1804 is amended to read as follows:

- (1) The department shall notify the corporation of the assessed value of its watercraft each year, as soon as possible after rates set by local authorities are provided to the department. The corporation shall have **sixty (60)**~~forty five (45)~~ days from the date of the department's notice of assessment to protest as provided by KRS 131.110.

- (2) No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The corporation shall pay to the department all state and local taxing district taxes due on the undisputed value of its watercraft as stated in the protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the corporation shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6) from the date the tax would have become due if the assessment had not been appealed. The provisions of KRS 134.015(6) shall apply to the tax bill.
- (3) The state and local taxing district taxes on the watercraft are due ~~sixty (60)~~**sixty (60)**~~forty five (45)~~ days from the date of notice of assessment. The tangible property taxes on watercraft shall be collected in accordance with the provisions of KRS Chapter 134.
- (4) The state rate of taxation on watercraft shall be forty-five cents (\$0.45) upon each one hundred dollars (\$100) of assessed value of the watercraft.
- (5) The department shall annually calculate an aggregate local rate, which shall be imposed upon each one hundred dollars (\$100) of assessed value of the watercraft.
 - (a) The aggregate local rate shall be the sum of each local personal property tax rate for each local taxing district multiplied by a fraction, the numerator of which shall be the length of the navigable waterways in the local taxing district and the denominator of which shall be the total of the length of all navigable waterways in this state. Both the numerator and the denominator shall be adjusted, if necessary, by paragraph (b) of this subsection.
 - (b) For purposes of computing the local property tax rate in paragraph (a) of this section, the length of the navigable waterways of the Green River shall be reduced by fifty percent (50%) and the length of the navigable waterways of the Kentucky River shall be reduced by seventy-five percent (75%).
- (6) The watercraft taxes collected for local taxing districts by the department shall be distributed to each local taxing district based upon the local taxing district's fractional portion of the amount calculated in subsection (5) of this section.
- (7) Prior to distribution of taxes to local taxing districts, the department shall retain an administrative fee of one percent (1%) of the amount due each district. The fee imposed by this subsection shall have no effect upon the discount provided to taxpayers pursuant to KRS 134.015.

➔Section 112. KRS 136.1877 is amended to read as follows:

The provisions of this section shall apply to assessments made prior to January 1, 2007.

- (1) The Department of Revenue shall immediately, after fixing the assessed value of the trucks, tractors, trailers, semitrailers, and buses, notify the taxpayer of the valuation determined. Any taxpayer who has been assessed by the department in the manner outlined in KRS 136.1873 shall have ~~sixty (60)~~**sixty (60)**~~forty five (45)~~ days from the date of the department's notice of the tentative assessment to protest as provided by KRS 131.110.
- (2) No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which the taxpayer claims as the true value as stated in the protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.015(6) shall apply to the tax bill.
- (3) The state and local taxes on the property are due ~~sixty (60)~~**sixty (60)**~~forty five (45)~~ days from the date of notice and shall be collected directly by the Department of Revenue.
- (4) The Department of Revenue shall annually calculate an aggregate local rate to be used in determining the local taxes to be collected. The rate shall be the statewide average motor vehicle tax rate for each type of local taxing district multiplied by a fraction, the numerator of which is the commercial and industrial tangible personal property assessment subject to full local rates and the denominator of which is the total commercial and industrial tangible personal property assessment.
- (5) The local taxes collected by the Department of Revenue shall be distributed to each local taxing district levying a tax on motor vehicles based on the statewide average rate for each type of local taxing district. However, prior to distribution any fees owed to the Department of Revenue by any local taxing district under the provisions of KRS 136.180(5) shall be deducted.

➔Section 113. KRS 136.188 is amended to read as follows:

- (1) Notwithstanding KRS 132.487, any truck, tractor, or bus which is operated on a route or as part of a system that is partly within and partly outside Kentucky shall be subject to an annual fee at the time the vehicle is registered with and the registration fee is paid to the Transportation Cabinet pursuant to KRS 186.020 and 186.050(3) and (13). The fee shall be imposed on the vehicle's owner or the owner's legal designee as of January 1 of each year. Such payment shall be made to the Transportation Cabinet either directly, in the case of a vehicle based in Kentucky, or indirectly, through the International Registration Plan, in the case of a vehicle based outside of Kentucky.
- (2) The fee imposed by subsection (1) of this section replaces the state and local ad valorem property tax the Department of Revenue previously imposed and centrally collected against trucks, tractors, and buses operated on a route or as part of a system that is partly within and partly outside Kentucky. The fee imposed by subsection (1) of this section shall not be construed as a fee imposed upon the registration, operation, or use of the vehicles on public highways. The Department of Revenue shall use the following method for determining the rate for fixing the assessed value of the property and for determining the annual fee amount:
 - (a) The Department of Revenue shall determine the assessed value on an annual basis by multiplying the purchase price of the truck, tractor, or bus by a depreciation value expressed as a percentage of the original cost from an authoritative source that the Department of Revenue prescribes by promulgation of an administrative regulation;
 - (b) The Department of Revenue shall determine an aggregate state and local rate on an annual basis. The state rate shall be the weighted average commercial and industrial tangible personal property tax rate, and the local rate shall be determined using the method set forth in KRS 136.180(3) and (4);
 - (c) The Department of Revenue shall determine the amount subject to the annual fee by multiplying the total assessed value of all vehicles by an apportionment factor. The apportionment factor shall be determined as provided in KRS 186.050(13)(a); and
 - (d) The annual fee shall be determined by multiplying the amount subject to the annual fee by the rate determined in paragraph (b) of this subsection.

The Department of Revenue shall provide the Transportation Cabinet with the information needed to collect the fee.

- (3) The Transportation Cabinet shall forward the money it collects from the fee imposed by subsection (1) of this section to the Department of Revenue on a monthly basis. The Department of Revenue shall divide and distribute the money among the state, counties, cities, urban-counties, charter counties, consolidated local governments, school districts, and special taxing districts in the same manner as the Department of Revenue divided and distributed the state and local ad valorem property tax previously imposed and centrally collected.
- (4) Pick-up and delivery vehicles operating from a terminal within this state and vehicles that do not leave the state in the normal course of business shall not be required to pay the fee imposed by subsection (1) of this section, but shall instead be subject to the ad valorem tax under KRS 132.487.
- (5) Any person paying the fee imposed by subsection (1) of this section shall have ~~sixty (60)~~~~forty-five (45)~~ days from the date the person is notified of the fee amount to protest. The protest shall be filed with the Commonwealth of Kentucky, Department of Revenue, in accordance with the provisions of KRS 131.110. Notification by any state's or Canadian province's or territory's registration authority of the amount due shall satisfy the notification requirement of KRS 131.110(1).
- (6) No protest or appeal shall delay the collection or payment of the fee imposed by subsection (1) of this section. The fee amount due as determined in subsection (2) of this section shall be paid at the time of registration. If the fee is not paid, the Commonwealth of Kentucky, Transportation Cabinet, shall not register the vehicle for which registration is sought. Persons registering vehicles in other states or Canada shall be subject to requirements of those registration authorities.

- (a) In the case of a failure to file a return or of a fraudulent return the additional tax may be assessed at any time.
 - (b) In the case of a return where a taxpayer other than a corporation understates his net income or omits an amount properly includable in net income or both which understatement or omission or both is in excess of twenty-five percent (25%) of the amount of net income stated in the return the additional tax may be assessed at any time within six (6) years after the return was filed.
 - (c) In the case of a return where a corporation understates its taxable net income or omits an amount properly includable in taxable net income or both, which understatement or omission or both is in excess of twenty-five percent (25%) of the amount of taxable net income stated in the return, the additional tax may be assessed at any time within six (6) years after the return was filed.
 - (d) In the case of an assessment of additional tax relating directly to adjustments resulting from a final determination of a federal audit, the additional tax may be assessed before the expiration of the times provided in this subsection, or six months from the date the department receives the final determination of the federal audit from the taxpayer, whichever is later.
 - (e) In the case of the assessment of additional tax resulting from a decrease of a net operating loss deduction or a capital loss deduction, resulting from the carryback of a loss which occurs in a taxable year beginning after December 31, 1993, the additional tax may be assessed at any time before the expiration of the times provided for in this subsection for assessing additional tax for the taxable year which resulted in the net operating loss or capital loss carryback.

The times provided in this subsection may be extended by agreement between the taxpayer and the department. For the purposes of this subsection, a return filed before the last day prescribed by law for filing the return shall be considered as filed on the last day. For taxable years beginning after December 31, 1993, any extension granted for filing the return shall also be considered as extending the last day prescribed by law for filing the return.

- (3) If any additional tax is assessed on account of any income which has been returned for taxation by any other taxpayer, the department, with the consent of the other taxpayer, his personal representatives, or heirs, shall reduce the amount of the additional tax assessed for each year by the amount of the income tax paid for that year by the other taxpayer on account of the income in question.
- (4) Every taxpayer shall:
 - (a) Notify the department in writing of every audit of the taxpayer's federal income tax return within thirty (30) days after the taxpayer has or should have had knowledge of the beginning of the audit by the Internal Revenue Service, and
 - (b) Submit a copy of the final determination of the federal audit within *one hundred eighty (180)*~~thirty (30)~~ days of the conclusion of the federal audit.

- (1) Whenever an individual who is a resident of this state has become liable for income tax to another state upon all or any part of his net income for the taxable year, derived from sources without this state and subject to taxation under this chapter, the amount of income tax payable by him under this chapter shall be credited on his return with the income tax so paid by him to the other state, upon his producing to the proper assessing officer satisfactory evidence of the fact of such payment, except that application of such credits shall not operate to reduce the tax payable under this chapter to an amount less than would have been payable were the income from the other state ignored.
- (2) An individual who is not a resident of this state shall not be liable for any income tax under KRS 141.020(4) if the laws of the state of which such individual was a resident at the time such income was earned in this state contained a reciprocal provision under which nonresidents were exempted from gross or net income taxes to such state, if the state of residence of such nonresident individual allowed a similar exemption to resident individuals of this state. The exemption authorized by this subsection shall in no manner preclude the Department of Revenue from requiring any information reports pursuant to KRS 141.150(2).

- (3) *As used in this section, "state" means a state of the United States, the District of Columbia, the commonwealth of Puerto Rico, or any territory or possession of the United States.*

➔SECTION 119. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

- (a) *"Affiliated group" means affiliated group as defined in Section 1504(a) of the Internal Revenue Code and related regulations;*
- (b) *"Consolidated return" means a Kentucky corporation income tax return filed by members of an affiliated group in accordance with this section. The determinations and computations required by this chapter shall be made in accordance with Section 1502 of the Internal Revenue Code and related regulations, except as required by differences between this chapter and the Internal Revenue Code. Corporations exempt from taxation under KRS 141.040 shall not be included in the return;*
- (c) *"Separate return" means a Kentucky corporation income tax return in which only the transactions and activities of a single corporation are considered in making all determinations and computations necessary to calculate taxable net income, tax due, and credits allowed in accordance with this chapter;*
- (d) *"Corporation" means "corporation" as defined in Section 7701(a)(3) of the Internal Revenue Code; and*
- (e) *"Election period" means the ninety-six (96) month period provided for in subsection (4)(d) of this section.*

- (3) *Every corporation doing business in this state, except those exempt from taxation under KRS 141.040, shall, for each taxable year:*

- (a) *1. File a combined report, if the corporation is a member of unitary business group as provided in Section 120 of this Act; or*
2. Make an election to file a consolidated return with all members of the affiliated group as provided in this section; or

- (b) *File a separate return, if paragraph (a) of this subsection does not apply.*

- (4) (a) *An affiliated group, whether or not filing a federal consolidated return, may elect to file a consolidated return which includes all members of the affiliated group.*

- (b) *An affiliated group electing to file a consolidated return under paragraph (a) of this subsection shall be treated for all purposes as a single corporation under this chapter. All transactions between corporations included in the consolidated return shall be eliminated in computing net income as provided in subsection (2) of Section 56 of this Act, and determining the apportionment fraction in accordance with Section 60 of this Act.*

- (c) *Any election made in accordance with paragraph (a) of this subsection shall be made on a form prescribed by the department and shall be submitted to the department on or before the due date of the return, including extensions, for the first taxable year for which the election is made.*

- (d) *Any election to file a consolidated return pursuant to paragraph (a) of this subsection shall be binding on both the department and the affiliated group for a period beginning with the first month of the first taxable year for which the election is made and ending with the conclusion of the taxable year in which the ninety-sixth consecutive calendar month expires.*

- (e) *For each taxable year for which an affiliated group has made an election provided in paragraph (a) of this subsection, the consolidated return shall include all corporations which are members of the affiliated group.*

- (5) *Each corporation included as part of an affiliated group filing a consolidated return shall be jointly and severally liable for the income tax liability computed on the consolidated return, except that any corporation which was not a member of the affiliated group for the entire taxable year shall be jointly and severally liable only for that portion of the Kentucky consolidated income tax liability attributable to that portion of the year that the corporation was a member of the affiliated group.*

- (6) *Every corporation return or report required by this chapter shall be executed by one (1) of the following officers of the corporation: the president, vice president, secretary, treasurer, assistant secretary, assistant treasurer, or chief accounting officer. The department may require a further or supplemental report of further information and data necessary for computation of the tax.*
- (7) *In the case of a corporation doing business in this state that carries on transactions with stockholders or with other corporations related by stock ownership, by interlocking directorates, or by some other method, the department shall require information necessary to make possible accurate assessment of the income derived by the corporation from sources within this state. To make possible this assessment, the department may require the corporation to file supplementary returns showing information respecting the business of any or all individuals and corporations related by one (1) or more of these methods to the corporation. The department may require the return to show in detail the record of transactions between the corporation and any or all other related corporations or individuals.*

➔SECTION 120. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

- (1) *This section shall apply to taxable years beginning on or after January 1, 2019.*
- (2) *As used in this section:*
 - (a) *"Combined group" means the group of all corporations whose income and apportionment factors are required to be taken into account as provided in subsection (3) of this section in determining the taxpayer's share of the net income or loss apportionable to this state;*
 - (b) *"Corporation" has the same meaning as in KRS 141.010, including an organization of any kind treated as a corporation for tax purposes under KRS 141.040, wherever located, which if it were doing business in this state would be a taxpayer, and the business conducted by a pass-through entity which is directly or indirectly held by a corporation shall be considered the business of the corporation to the extent of the corporation's distributive share of the pass-through entity income, inclusive of guaranteed payments;*
 - (c) *"Doing business in a tax haven" means being engaged in activity sufficient for that tax haven jurisdiction to impose a tax under United States constitutional standards;*
 - (d) *"Tax haven" means a jurisdiction that, during the taxable year has no or nominal effective tax on the relevant income and:*
 - 1. *Has laws or practices that prevent effective exchange of information for tax purposes with other governments on taxpayers benefitting from the tax regime;*
 - 2. *Has a tax regime which lacks transparency. A tax regime lacks transparency if the details of legislative, legal, or administrative provisions are not open and apparent or are not consistently applied among similarly situated taxpayers, or if the information needed by tax authorities to determine a taxpayer's correct tax liability, such as accounting records and underlying documentation, is not adequately available;*
 - 3. *Facilitates the establishment of foreign-owned entities without the need for a local substantive presence or prohibits these entities from having any commercial impact on the local economy;*
 - 4. *Explicitly or implicitly excludes the jurisdiction's resident taxpayers from taking advantage of the tax regime's benefits or prohibits enterprises that benefit from the regime from operating in the jurisdiction's domestic market; or*
 - 5. *Has created a tax regime which is favorable for tax avoidance, based upon an overall assessment of relevant factors, including whether the jurisdiction has a significant untaxed offshore financial or other services sector relative to its overall economy;*
 - (e) *"Taxpayer" means any corporation subject to the tax imposed under this chapter;*
 - (f) *"Unitary business" means a single economic enterprise that is made up either of separate parts of a single corporation or of a commonly controlled group of corporations that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. For purposes of this section, the term "unitary business" shall be broadly construed, to the extent permitted by the United States Constitution; and*

- (g) *"United States" means the fifty (50) states of the United States, the District of Columbia, and United States' territories and possessions.*
- (3) (a) *Except as provided in Section 119 of this Act, a taxpayer engaged in a unitary business with one (1) or more other corporations shall file a combined report which includes the income, determined under subsection (5) of this section, and the apportionment fraction, determined under Section 60 of this Act and paragraph (d) of this subsection, of all corporations that are members of the unitary business, and any other information as required by the department.*
- (b) *The department may, by administrative regulation, require that the combined report include the income and associated apportionment factors of any corporations that are not included as provided by paragraph (a) of this subsection, but that are members of a unitary business, in order to reflect proper apportionment of income of the entire unitary businesses. Authority to require combination by administrative regulation under this paragraph includes authority to require combination of corporations that are not, or would not be combined, if the corporation were doing business in this state.*
- (c) *In addition, if the department determines that the reported income or loss of a taxpayer engaged in a unitary business with any corporation not included as provided by paragraph (a) of this subsection represents an avoidance or evasion of tax by the taxpayer, the department may, on a case-by-case basis, require all or any part of the income and associated apportionment factors of the corporation be included in the taxpayer's combined report.*
- (d) *With respect to the inclusion of associated apportionment factors as provided in paragraph (a) of this subsection, the department may require the inclusion of any one (1) or more additional factors which will fairly represent the taxpayer's business activity in this state, or the employment of any other method to effectuate a proper reflection of the total amount of income subject to apportionment and an equitable allocation and apportionment of the taxpayer's income.*
- (e) *Notwithstanding paragraphs (a) to (d) of this subsection, a consolidated return may be filed as provided in Section 119 of this Act if the taxpayer makes an election according to Section 119 of this Act.*
- (4) *The use of a combined report does not disregard the separate identities of the taxpayer members of the combined group. Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include, in addition to the other types of income, the taxpayer member's share of apportionable income of the combined group, where apportionable income of the combined group is calculated as a summation of the individual net incomes of all members of the combined group. A member's net income is determined by removing all but apportionable income, expense, and loss from that member's total income as provided in subsection (5) of this section.*
- (5) (a) *Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include:*
1. *Its share of any income apportionable to this state of each of the combined groups of which it is a member, determined under subsection (6) of this section;*
 2. *Its share of any income apportionable to this state of a distinct business activity conducted within and without the state wholly by the taxpayer member, determined under Section 60 of this Act;*
 3. *Its income from a business conducted wholly by the taxpayer member entirely within the state;*
 4. *Its income sourced to this state from the sale or exchange of capital or assets, and from involuntary conversions, as determined under subsection (8)(k) of this section;*
 5. *Its nonapportionable income or loss allocable to this state, determined under Section 60 of this Act;*
 6. *Its income or loss allocated or apportioned in an earlier year, required to be taken into account as state source income during the income year, other than a net operating loss; and*
 7. *Its net operating loss carryover. If the taxable income computed pursuant to this subsection results in a loss for a taxpayer member of the combined group, that taxpayer member has a Kentucky net operating loss, subject to the net operating loss limitations and carry forward provisions of Section 123 of this Act. The net operating loss is applied as a deduction in a*

subsequent year only if that taxpayer has Kentucky source positive net income, whether or not the taxpayer is or was a member of a combined reporting group in the subsequent year.

- (b) No tax credit or post-apportionment deduction earned by one (1) member of the group, but not fully used by or allowed to that member, may be used in whole or in part by another member of the group or applied in whole or in part against the total income of the combined group.*
 - (c) A post-apportionment deduction carried over into a subsequent year as to the member that incurred it, and available as a deduction to that member in a subsequent year, will be considered in the computation of the income of that member in the subsequent year, regardless of the composition of that income as apportioned, allocated, or wholly within this state.*
- (6) The taxpayer's share of the business income apportionable to this state of each combined group of which it is a member shall be the product of:*
 - (a) The apportionable income of the combined group, determined under subsection (7) of this section; and*
 - (b) The taxpayer member's apportionment fraction, determined under Section 60 of this Act, including in the sales factor numerator the taxpayer's sales associated with the combined group's unitary business in this state, and including in the denominator the sales of all members of the combined group, including the taxpayer, which sales are associated with the combined group's unitary business wherever located. The sales of a pass-through entity shall be included in the determination of the partner's apportionment percentage in proportion to a ratio, the numerator of which is the amount of the partner's distributive share of the pass-through entity's unitary income included in the income of the combined group as provided in subsection (8) of this section and the denominator of which is the amount of pass-through entity's total unitary income.*
- (7) The apportionable income of a combined group is determined as follows:*
 - (a) The total income of the combined group is the sum of the income of each member of the combined group determined under federal income tax laws, as adjusted for state purposes, as if the member were not consolidated for federal purposes; and*
 - (b) From the total income of the combined group determined under subsection (8) of this section, subtract any income and add any expense or loss, other than the apportionable income, expense, or loss of the combined group.*
- (8) To determine the total income of the combined group, taxpayer members shall take into account all or a portion of the income and apportionment factor of only the following members otherwise included in the combined group as provided in subsection (3) of this section:*
 - (a) The entire income and apportionment percentage of any member incorporated in the United States or formed under the laws of any state, the District of Columbia, or any territory or possession of the United States;*
 - (b) Any member that earns more than twenty percent (20%) of its income, directly or indirectly, from intangible property or service related activities that are deductible against the apportionable income of other members of the combined group, to the extent of that income and the apportionment factor related to that income;*
 - (c) The entire income and apportionment factor of any member that is doing business in a tax haven. If the member's business activity within a tax haven is entirely outside the scope of the laws, provisions, and practices that cause the jurisdiction to meet the definition established in subsection (2)(d) of this section, the activity of the member shall be treated as not having been conducted in a tax haven;*
 - (d) If a unitary business includes income from a pass-through entity, the income to be included in the total income of the combined group shall be the member of the combined group's direct and indirect distributive share of the pass-through entity's unitary income;*
 - (e) Income from an intercompany transaction between members of the same combined group shall be deferred in a manner similar to 26 C.F.R. 1.1502-13. Upon the occurrence of any of the following events, deferred income resulting from an intercompany transaction between members of a combined group shall be restored to the income of the seller, and shall be apportionable income earned immediately before the event:*

1. *The object of a deferred intercompany transaction is:*
 - a. *Resold by the buyer to an entity that is not a member of the combined group;*
 - b. *Resold by the buyer to an entity that is a member of the combined group for use outside the unitary business in which the buyer and seller are engaged; or*
 - c. *Converted by the buyer to a use outside the unitary business in which the buyer and seller are engaged; or*
 2. *The buyer and seller are no longer members of the same combined group, regardless of whether the members remain unitary;*
- (f) *A charitable expense incurred by a member of a combined group shall, to the extent allowable as a deduction provided by Section 170 of the Internal Revenue Code, be subtracted first from the apportionable income of the combined group, subject to the income limitations of that section applied to the entire apportionable income of the group, and any remaining amount shall then be treated as a nonapportionable expense allocable to the member that incurred the expense, subject to the income limitations of that section applied to the nonapportionable income of that specific member. Any charitable deduction disallowed under this paragraph, but allowed as a carryover deduction in a subsequent year, shall be treated as originally incurred in the subsequent year by the same member, and this paragraph shall apply in the subsequent year in determining the allowable deduction in that year;*
- (g) *Gain or loss from the sale or exchange of capital assets, property described by Section 1231(a)(3) of the Internal Revenue Code, and property subject to an involuntary conversion shall be removed from the total separate net income of each member of a combined group and shall be apportioned and allocated as follows:*
1. *For each class of gain or loss, including short-term capital, long-term capital, Internal Revenue Code Section 1231, and involuntary conversions, all members' gain and loss for the class shall be combined, without netting between the classes, and each class of net gain or loss separately apportioned to each member using the member's apportionment percentage determined under subsection (6) of this section;*
 2. *Each taxpayer member shall then net its apportioned business gain or loss for all classes, including any apportioned gain and loss from other combined groups, against the taxpayer member's nonapportionable gain and loss for all classes allocated to this state, using the rules of Sections 1231 and 1222 of the Internal Revenue Code, without regard to any of the taxpayer member's gains or losses from the sale or exchange of capital assets, Internal Revenue Code Section 1231 property, and involuntary conversions which are nonapportionable items allocated to another state;*
 3. *Any resulting state source income or loss, if the loss is not subject to the limitations of Section 1211 of the Internal Revenue Code, of a taxpayer member produced by the application of subparagraphs 1. and 2. of this paragraph shall then be applied to all other state source income or loss of that member; and*
 4. *Any resulting state source loss of a member that is subject to the limitations of Section 1211 of the Internal Revenue Code shall be carried forward by that member, and shall be treated as state source short-term capital loss incurred by that member for the year for which the carryover applies; and*
- (h) *Any expense of one (1) member of the unitary group which is directly or indirectly attributable to the nonapportionable or exempt income of another member of the unitary group shall be allocated to that other member as corresponding nonapportionable or exempt expense, as appropriate.*
- (9) (a) *As a filing convenience, and without changing the respective liability of the group members, members of a combined reporting group shall annually designate one (1) taxpayer member of the combined group to file a single return in the form and manner prescribed by the department, in lieu of filing their own respective returns.*
- (b) *The taxpayer member designated to file the single return shall consent to act as surety with respect to the tax liability of all other taxpayers properly included in the combined report, and shall agree to act as agent on behalf of those taxpayers for the taxable year for matters relating to the combined report.*

If for any reason the surety is unwilling or unable to perform its responsibilities, tax liability may be assessed against the taxpayer members.

➔Section 121. KRS 139.470 is amended to read as follows:

There are excluded from the computation of the amount of taxes imposed by this chapter:

- (1) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property or digital property which this state is prohibited from taxing under the Constitution or laws of the United States, or under the Constitution of this state;
- (2) Gross receipts from sales of, and the storage, use, or other consumption in this state of:
 - (a) Nonreturnable and returnable containers when sold without the contents to persons who place the contents in the container and sell the contents together with the container; and
 - (b) Returnable containers when sold with the contents in connection with a retail sale of the contents or when resold for refilling;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

- (3) ~~{Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property used for the performance of a lump sum, fixed fee contract of public works executed prior to February 5, 1960;~~
- ~~(4)}~~ Gross receipts from occasional sales of tangible personal property or digital property and the storage, use, or other consumption in this state of tangible personal property or digital property, the transfer of which to the purchaser is an occasional sale;
- ~~(4)(5)}~~ Gross receipts from sales of tangible personal property to a common carrier, shipped by the retailer via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;
- ~~(5)(6)}~~ Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to fifty cents (\$0.50) or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the department. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;
- ~~(6)(7)}~~ Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities, or special districts as defined in KRS 65.005. This exemption shall apply only to purchases of tangible personal property, digital property, or services for use solely in the government function. A purchaser not qualifying as a governmental agency or unit shall not be entitled to the exemption even though the purchaser may be the recipient of public funds or grants;
- ~~(7)(8)}~~
 - (a) Gross receipts from the sale of sewer services, water, and fuel to Kentucky residents for use in heating, water heating, cooking, lighting, and other residential uses. As used in this subsection, "fuel" shall include but not be limited to natural gas, electricity, fuel oil, bottled gas, coal, coke, and wood. Determinations of eligibility for the exemption shall be made by the department~~{of Revenue}~~;
 - (b) In making the determinations of eligibility, the department shall exempt from taxation all gross receipts derived from sales:
 1. Classified as "residential" by a utility company as defined by applicable tariffs filed with and accepted by the Public Service Commission;
 2. Classified as "residential" by a municipally owned electric distributor which purchases its power at wholesale from the Tennessee Valley Authority;
 3. Classified as "residential" by the governing body of a municipally owned electric distributor which does not purchase its power from the Tennessee Valley Authority, if the "residential" classification is reasonably consistent with the definitions of "residential" contained in tariff filings accepted and approved by the Public Service Commission with respect to utilities which are subject to Public Service Commission regulation.

If the service is classified as residential, use other than for "residential" purposes by the customer shall not negate the exemption;

- (c) The exemption shall not apply if charges for sewer service, water, and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and
- (d) The exemption shall apply also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years;

~~(8)(9)~~ Gross receipts from sales to an out-of-state agency, organization, or institution exempt from sales and use tax in its state of residence when that agency, organization, or institution gives proof of its tax-exempt status to the retailer and the retailer maintains a file of the proof;

~~(9)(10)~~ (a) Gross receipts derived from the sale of, *the following* ~~and the storage, use, or other consumption in this state of,~~ tangible personal property to *a manufacturer or industrial processor if the property is to be directly* used in the manufacturing or industrial processing *process* of tangible personal property at a plant facility and which will be for sale. ~~The property shall be regarded as having been purchased for resale. "Plant facility" shall have the same meaning as defined in KRS 139.010. For purposes of this subsection, a manufacturer or industrial processor includes an individual or business entity that performs only part of the manufacturing or industrial processing activity and the person or business entity need not take title to tangible personal property that is incorporated into, or becomes the product of, the activity.~~

~~(a) Industrial processing includes refining, extraction of petroleum and natural gas, mining, quarrying, fabricating, and industrial assembling. As defined herein, tangible personal property to be used in the manufacturing or industrial processing of tangible personal property which will be for sale shall mean:~~

1. Materials which enter into and become an ingredient or component part of the manufactured product;
2. Other tangible personal property which is directly used in *the* manufacturing or industrial processing *process*, if the property has a useful life of less than one (1) year. Specifically these items are categorized as follows:
 - a. Materials. This refers to the raw materials which become an ingredient or component part of supplies or industrial tools exempt under subdivisions b. and c. below;
 - b. Supplies. This category includes supplies such as lubricating and compounding oils, grease, machine waste, abrasives, chemicals, solvents, fluxes, anodes, filtering materials, fire brick, catalysts, dyes, refrigerants, *and* explosives, ~~etc.~~.  - c. Industrial tools. This group is limited to hand tools such as jigs, dies, drills, cutters, rolls, reamers, chucks, saws, *and* spray guns, ~~etc.~~ and to tools attached to a machine such as molds, grinding balls, grinding wheels, dies, bits, *and* cutting blades, ~~etc.~~ Normally, for industrial tools to be considered directly used in *the* manufacturing *or industrial processing process*, they shall come into direct contact with the product being manufactured *or processed*; and
3. Materials and supplies that are not reusable in the same manufacturing *or industrial processing* process at the completion of a single manufacturing *or processing* cycle, ~~excluding repair, replacement, or spare parts of any kind~~. A single manufacturing cycle shall be considered to be the period elapsing from the time the raw materials enter into the manufacturing process until the finished product emerges at the end of the manufacturing process.

(b) *The property described in paragraph (a) of this subsection shall be regarded as having been purchased for resale.*

(c) *For purposes of this subsection, a manufacturer or industrial processor includes an individual or business entity that performs only part of the manufacturing or industrial processing activity, and the*
