CHAPTER 86

( HB 218 )

AN ACT relating to insurance coverage for autism benefits.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.17A-142 is amended to read as follows:

(1) As used in this section unless the context requires otherwise:

(a) "Applied behavior analysis" means the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior;

(b) "Autism services provider" means any licensed person, entity, or group that provides treatment of autism spectrum disorders;

(c) "Autism spectrum disorder" means any of the autism spectrum disorders or pervasive developmental disorders as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders ("DSM") published by the American Psychiatric Association;

(d) "Diagnosis of autism spectrum disorders" means medically necessary assessments, evaluations, or tests to diagnose whether an individual has any of the autism spectrum disorders, including testing tools which shall be appropriate to the presenting characteristics and age of the individual and be empirically validated for autism spectrum disorders to provide evidence that meets the criteria for autism spectrum disorder in the most recent DSM published by the American Psychiatric Association; and

(e) "Treatment for autism spectrum disorders" includes the following care for an individual diagnosed with an autism spectrum disorder:

1. Medical care services provided by a licensed physician, an advanced registered nurse practitioner, or other licensed health care provider;

2. Habilitative or rehabilitative care, including professional counseling and guidance services, therapy, and treatment programs, including applied behavior analysis, that are necessary to develop, maintain, and restore, to the maximum extent practicable, the functioning of an individual;

3. Pharmacy care, if covered by the plan, including medically necessary medications prescribed by a licensed physician or other health-care practitioner with prescribing authority and any medically necessary health-related services to determine the need or effectiveness of the medications;

4. Psychiatric care, including direct or consultative services, provided by a psychiatrist licensed in the state in which the psychiatrist practices;

5. Psychological care, including direct or consultative services, provided by an individual licensed by the Kentucky Board of Examiners of Psychology or by the appropriate licensing agency in the state in which the individual practices;

6. Therapeutic care services provided by licensed speech therapists, occupational therapists, or physical therapists; and

7. Applied behavior analysis prescribed or ordered by a licensed health or allied health professional.

(2) All health benefit plans issued or renewed on or after the effective date of this Act (A large group health benefit plan) shall provide coverage for an individual between the ages of one (1) through twenty-one (21) years of age, as required by subsection (2) of this section, for the diagnosis and treatment of autism spectrum disorders. To the extent that the diagnosis and treatment of autism spectrum disorders are not already covered by a health insurance policy, coverage under the section shall be included in health benefit plans that are

Legislative Research Commission PDF Version
An insurer shall not terminate coverage, or refuse to deliver, execute, issue, amend, adjust, or renew coverage, to an individual solely because the individual is diagnosed with or has received treatment for any of the autism spectrum disorders.

[(2) Coverage under this section shall be subject to a maximum annual benefit per covered individual as follows:

(a) For individuals between the ages of one (1) through their seventh birthday, the maximum annual benefit shall be fifty thousand dollars ($50,000) per individual;

(b) For individuals between the ages of seven (7) through twenty-one (21), the maximum benefit shall be one thousand dollars ($1,000), per month per individual; and

(c) These limits shall not apply to other health conditions of the individual and services for the individual not related to the treatment of an autism spectrum disorder.]

(3) Coverage under this section shall not be subject to any maximum annual benefit limit, including any limits on the number of visits an individual may make to an autism services provider.

(4) Coverage under this section may be subject to copayment, deductible, and coinsurance provisions of a health benefit plan that are no less favorable than those that apply to other medical services covered by the health benefit plan.

(5) This section shall not be construed as limiting benefits that are otherwise available to an individual under a health benefit plan.

(6) Except for inpatient services, if an individual is receiving treatment for autism spectrum disorders:

(a) An insurer shall have the right to request a utilization review of that treatment not more than once every twelve (12) months, unless the insurer and the individual’s licensed physician, licensed psychologist, or licensed psychological practitioner agree that a more frequent review is necessary. The cost of obtaining any review shall be borne by the insurer;

(b) Upon request of the reimbursing insurer, an autism services provider shall furnish medical records, clinical notes, or other necessary data that substantiate that initial or continued treatment or services that are medically necessary and are resulting in improved clinical status;

(c) When treatment is anticipated to require continued services to achieve demonstrable progress, the insurer may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, anticipated outcomes stated as goals, and the frequency by which the treatment plan will be updated; and

(d) The treatment plan shall contain specific cognitive, social, communicative, self-care, or behavioral goals that are clearly defined, directly observed, and continually measured and that address the characteristics of the autism spectrum disorder.

(7) [This section shall not be construed as requiring coverage for treatment of autism spectrum disorders for individuals covered under an individual or small group health benefit plan, except as provided by KRS 304.17A-143.]

(8) [Nothing in this section and KRS 304.17A-141 and 304.17A-143 shall be construed as:

1. Limiting, replacing, or otherwise affecting any obligation to provide services to an individual under an individualized service plan or other publicly funded program; or

2. Requiring a health benefit plan to provide benefits for services that are included in an individualized family service plan, an individualized education program, an individualized service plan, or other publicly funded programs.

(b) The coverage mandated in this section and KRS 304.17A-141 and 304.17A-143 shall be in addition to any services which an individual is entitled to receive under any such publicly funded programs.

(9) No reimbursement is required under this section for services, supplies, or equipment:

(a) For which the insured has no legal obligation to pay in the absence of this or like coverage;

(b) Provided to the insured by a publicly funded program;]
(c) Performed by a relative of an insured for which, in the absence of any health benefits coverage, no charge would be made; and

(d) For services provided by persons who are not licensed as required by law.

Section 2. The following KRS sections are repealed:

304.17A-143 Coverage for treatment of autism in the individual and small group market -- Limitation -- Definitions.

Section 3. This Act takes effect January 1, 2019.

Signed by Governor April 2, 2018.
