➔SECTION 2. A NEW SECTION OF KRS CHAPTER 205 IS CREATED TO READ AS FOLLOWS:

(1) To the extent allowable under federal law, the department shall develop the following programs to increase Medicaid reimbursement for inpatient hospital services provided by a qualifying hospital to Medicaid recipients:

(a) A program to increase inpatient reimbursement to qualifying hospitals within the Medicaid fee-for-service program in an aggregate amount equivalent to the UPL gap; and

(b) A program to increase inpatient reimbursement to qualifying hospitals within the Medicaid managed care program in an aggregate amount equivalent to the managed care gap.

(2) On an annual basis prior to the start of each program year, the department shall determine:

(a) The maximum allowable UPL for inpatient services provided in the Kentucky Medicaid fee-for-service program;

(b) The fee-for-service UPL gap for applicable ownership groups;

(c) A per discharge uniform add-on amount to be applied to Medicaid fee-for-service discharges at qualifying hospitals for that program year, determined by dividing the UPL gap for the applicable ownership group by total fee-for-service hospital inpatient discharges at qualifying hospitals in the data used to calculate the UPL gap. Claims for discharges that already receive an enhanced rate at qualifying hospitals that also are classified as a pediatric teaching hospital or as a psychiatric access hospital shall be excluded from the calculation of the per discharge uniform add-on, unless the department is required to include these claims to obtain federal approval;

(d) The maximum managed care gap for inpatient services; and

(e) A per discharge uniform add-on amount to be applied to Medicaid managed care discharges at qualifying hospitals for that program year in an amount that is calculated by dividing the managed care gap by total managed care in-state qualifying hospital inpatient discharges in the data used to calculate the managed care gap. Claims for discharges that already receive an enhanced rate at qualifying hospitals that also are classified as a pediatric teaching hospital or as a psychiatric access hospital shall be excluded from the calculation of the per discharge uniform add-on, unless the department is required to include these claims to obtain federal approval.

At least thirty (30) days prior to the beginning of each program year, the department shall provide each qualifying hospital the opportunity to verify the base data to be utilized in both the fee-for-service and managed care gap calculations, with data sources and methodologies identified.

(3) On a quarterly basis in the program year, the department shall:

(a) Calculate a fee-for-service quarterly supplemental payment for each qualifying hospital using fee-for-service claims for inpatient discharges paid in the quarter to the qualifying hospital multiplied by the uniform add-on amount determined in subsection (2)(c) of this section;

(b) Calculate a managed care quarterly supplemental payment for each qualifying hospital to be paid by each managed care organization using managed care encounter claims for inpatient discharges received in the quarter multiplied by the uniform add-on amount determined in subsection (2)(e) of this section;

(c) Make the quarterly supplemental payment calculated under paragraph (a) of this subsection;

(d) Provide each managed care organization with a listing of the supplemental payments to be paid by each managed care organization to each qualifying hospital;

(e) Provide each managed care organization with a supplemental capitation payment to cover the managed care organization's quarterly supplemental payments to be paid to qualifying hospitals in the quarter;

(f) Determine the amount of state funds necessary to obtain federal matching funds that, in the aggregate, equal the total quarterly supplemental payments to be paid to all qualifying hospitals in both the fee-for-service and the Medicaid managed care programs;

(g) Determine a per discharge hospital assessment for the quarter for each qualifying hospital, which shall be calculated by first applying towards the state share calculated under paragraph (f) of this subsection the qualifying hospital disproportionate share percentage of the excess disproportionate share taxes and then dividing the remaining state share by the total discharges reported by all in-state qualifying hospitals on the Medicare cost report filed by those qualifying hospitals in the calendar year two (2) years prior to the program year;

(h) Determine each qualifying hospital's quarterly assessment by multiplying the assessment established in paragraph (g) of this subsection by the hospital's total discharges from the qualifying hospital's Medicare cost report filed in the calendar year two (2) years prior to the program year; and

(i) Provide each qualifying hospital with a notice sent on the same day as the distribution to managed care organizations of the supplemental capitation payments pursuant to paragraph (e) of this subsection, of the qualifying hospital's quarterly assessment, that shall state the total amount due from the assessment, the date payment is due, the total number of paid claims for inpatient discharges used to calculate the qualifying hospital's quarterly supplemental payments, and the amount of quarterly supplemental payments due to be received by the qualifying hospital from the department and each Medicaid managed care organization.

(4) In calculating the quarterly supplemental payments under subsection (3)(a) and (b) of this section for qualifying hospitals that are also classified as a pediatric teaching hospital or as a psychiatric access hospital, no add-on shall be applied to the paid claims for the services for which that hospital also receives supplemental payments pursuant to state plan methodologies and managed care contracts in effect on January 1, 2019.

(5) Each qualifying hospital shall receive four (4) quarterly supplemental payments in the program year, as determined under subsection (3) of this section.

(6) Medicaid managed care organizations shall pay the supplemental payments to qualifying hospitals within five (5) business days of receiving the supplemental capitation payment from the department.

(7) A qualifying hospital shall pay its quarterly assessment no later than fifteen (15) days from the date the qualifying hospital is notified of the assessment from the department. A non-state government-owned hospital may make payment of its assessment through an intergovernmental transfer. The department may delay or withhold a portion of the supplemental payment if a hospital is delinquent in its payment of a quarterly assessment.

(8) The department shall complete the actions required under subsection (3) of this section expeditiously and within the same quarter as all required information is received.

(9) Qualifying hospitals may notify the department of errors in the data used to make a quarterly supplemental payment by providing documentation within thirty (30) days of receipt of a quarterly supplemental payment from a Medicaid managed care organization. If the department agrees that an error occurred in a qualifying hospital's quarterly supplemental payment, the department shall reconcile the payment error through an adjustment in the qualifying hospital's next quarterly supplemental payment.

(10) The programs in this section shall not be implemented if federal financial participation is not available or if the provider tax waiver is not approved. A qualifying hospital shall have no obligation to pay an assessment if any federal agency determines that federal financial participation is not available for any assessment. Any assessments received by the department that cannot be matched with federal funds shall be returned pro rata to the qualified hospitals that paid the assessments.

(11) The department may implement the hospital rate improvement programs only if Medicaid state plan amendments required for federal financial participation are approved by the United States Centers for Medicare and Medicaid Services.

(12) The assessment authorized under Sections 1 to 4 of this Act shall be restricted for use to accomplish the inpatient reimbursement increases established under this section. The Commonwealth shall not maintain or revert funds received under Sections 1 to 4 of this Act to the state general fund except that the department may receive two hundred fifty thousand ($250,000) dollars in state funds each program year to administer the programs. The department shall not establish Medicaid fee-for-service rate-setting methodology changes that result in rate reductions from policies in effect as of October 1, 2018, for acute care hospitals and July 1, 2019, for hospitals paid on a per diem basis.

(13) The department shall promulgate administrative regulations to implement the provisions of Sections 1 to 4 of this Act.

➔SECTION 3. A NEW SECTION OF KRS CHAPTER 205 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby established in the State Treasury the hospital Medicaid assessment fund for the purpose of holding assessments collected under Section 2 of this Act and funds transferred pursuant to Section 4 of this Act.

(2) All assessments collected shall be deposited into the fund and transferred to the department on a quarterly basis to be distributed only for the purpose of administering the provisions of Section 2 of this Act.

(3) Any fund amounts remaining in the fund after the cessation of the collection of the assessment under Section 2 of this Act shall be refunded to qualifying hospitals on a pro rata basis based upon the assessments paid by each qualifying hospital for the program year that ended immediately before the cessation of the collection of the assessment.

(4) Notwithstanding KRS 45.229, fund amounts not expended at the close of a fiscal year shall not lapse but shall be carried forward into the next fiscal year and shall be used to reduce the assessments in the subsequent program year.

(5) Any interest earnings of the fund shall become a part of the fund and shall not lapse.

(6) Moneys deposited into the fund are hereby appropriated for the purposes set forth in this section and shall not be appropriated or transferred by the General Assembly for any other purpose.

➔SECTION 4. A NEW SECTION OF KRS CHAPTER 205 IS CREATED TO READ AS FOLLOWS:

Beginning in state fiscal year 2020 and continuing thereafter, the qualifying hospital disproportionate share percentage of the excess disproportionate share taxes shall be transferred to the hospital Medicaid assessment fund and used for the state matching dollars for the payments made under Section 2 of this Act. The university hospital disproportionate share percentage of the excess disproportionate share taxes shall be used for the state matching dollars for supplemental payments to university hospitals or used for state mental hospital reimbursement purposes, as applicable.

(1) Obtaining a license through false or fraudulent representation;

(2) Making any substantial misrepresentation;

(3) Pursuing a continued and flagrant course of misrepresentation or intentionally making false promises or disseminating misleading information through agents or advertising or otherwise;

(4) Accepting valuable consideration as an apprentice auctioneer for the performance of any of the acts specified in this chapter, from any person, except his or her principal auctioneer;

(5) Failing to account for or remit, within a reasonable time, any money belonging to others that comes into the licensee's possession, commingling funds of others with the licensee's own funds, or failing to keep the funds of others in an escrow or trustee account;

(6) Paying valuable consideration to any person for services performed in violation of this chapter, or procuring, permitting, aiding, or abetting any unlicensed person acting in violation of any of the provisions of this chapter;

(7) Entering a plea of guilty, an Alford plea, a plea of no contest to, or being convicted of, any felony, and the time for appeal has passed or the judgment of conviction has been finally affirmed on appeal;

(8) Violation of any provision of this chapter or any administrative regulation promulgated by the board;

(9) Failure to furnish voluntarily at the time of execution, copies of all written instruments prepared by any licensee to each signatory of the written instrument;

(10) Any conduct of a licensee which demonstrates bad faith, dishonesty, incompetence, or untruthfulness;

(11) Any other conduct that constitutes improper, fraudulent, dishonest, or negligent dealings;

(12) Failure to enter into a binding written auction listing contract with the seller or with the seller's duly authorized agent prior to advertising, promoting, or offering any real or personal property by or at auction;

(13) Failure to provide a receipt to all persons consigning personal property with any licensee for auction;

(14) Failure to establish and maintain, for a minimum of five (5) years from final settlement, complete and correct written or electronic records and accounts of all auction transactions, including:

(a) Listing contracts, including the name and address of the seller;

(b) Written purchase contracts;

(c) Descriptive inventory and final bid amounts of all items or lots offered;

(16) Failure of a principal auctioneer to provide supervision to his or her apprentice auctioneers ***to ensure compliance with this chapter and the administrative regulations promulgated thereunder***.

➔Section 5. KRS 330.220 is amended to read as follows:

(1) If real or personal property is offered in lots or parcels in a sale by auction, each lot or parcel shall be the subject of a separate sale. This subsection shall not preclude real or personal property from being offered for bidding individually or in some form or combination.

(2) Unless otherwise provided in the conditions of sale for auctions regarding horses or any interests therein, a sale by auction is complete when the auctioneer so announces by the fall of the hammer, announcing the item sold, and the successful bidder's identification or in other customary manner. If it becomes immediately apparent at the close of the bidding that the auctioneer and a bid assistant or ringman have acknowledged the same bid from different bidders, the auctioneer may continue the bidding between the disputed bidders. When a bid is made while the auctioneer is in the process of completing the sale by auction, the auctioneer may continue the bidding or declare the real or personal property sold under the bid on which the hammer was falling.

(3) No auction shall be advertised as "absolute" nor shall any advertising contain the words "absolute auction" or the word "absolute" or words with similar meaning nor shall any licensee offer or sell any real or personal property at absolute auction unless:

(a) There are no liens or encumbrances on the real or personal property, except property tax obligations, easements, or restrictions of record, in favor of any person, firm, or corporation other than the seller, or unless each and every holder of each and every lien and encumbrance, by execution of the auction listing contract, or otherwise furnishing to the auctioneer written evidence of a binding commitment therefor, shall have agreed to the unqualified acceptance of the highest bid for the property, without regard to the amount of the highest bid or the identity of the high bidder; or, alternatively, that a financially responsible person, firm, or corporation, by execution of the auction listing contract or by otherwise furnishing to the auctioneer written evidence of a binding commitment therefor, shall have absolutely guaranteed the forthwith and complete discharge and satisfaction of any and all liens and encumbrances immediately after the sale or at the closing, without regard to the amount of the highest bid received, or the identity of the high bidder; and

(b) There is the bona fide intention at the time of the advertising and at the time of the auction to transfer ownership of the real or personal property, regardless of the amount of the highest and last bid, to the high bidder, ***subject to the provisions of subsection (5)(b) of this section,*** that intent existing without reliance on any agreement that any particular bid or bid level must be made or be reached, below which level the real or personal property would not be transferred to the high bidder; and

(c) The auction listing contract contains a binding requirement that the auction be conducted without reserve, and includes an acknowledgment that the seller, or anyone acting upon behalf of the seller, shall not bid at the absolute auction, or otherwise participate in the bidding process.

(4) Compliance with subsection (3) of this section shall not prohibit:

(a) A secured party or other lienholder who is not the seller from bidding at an absolute auction, providing that such bidding does not constitute, nor is it tantamount to the direct or indirect establishment or agreement to the establishment of a reserve price on the real or personal property by the seller or by the auctioneer, or by anyone aiding or assisting, or acting upon behalf of, the seller or the auctioneer; or

(b) Any individual party to the dissolution of any marriage, partnership, trust, limited liability company, or corporation from bidding as an individual entity apart from the selling entity, on real or personal property being sold at auction pursuant to that dissolution; or

(c) Any individual party or heir of a deceased person's bona fide estate from bidding as an individual entity, apart from the selling entity, on real or personal property being offered at auction pursuant to that estate settlement; or

(d) The inclusion of nonmisleading advertising of certain real or personal property to be sold at "absolute auction" and the nonmisleading advertising of certain real or personal property to be offered at auction with reserve, within the same advertisement, or for sale at the same date and place, providing that advertisement shall make clearly apparent through equal or appropriate emphasis, which real or personal property is being offered by each method.

(5) ***(a)*** Any auction sale is, without requirement of announcement at any time, presumed to be with reserve unless the real or personal property is in explicit terms offered at absolute auction. An auction without reserve means an absolute auction. An auction with reserve means the real or personal property may be offered subject to the seller's confirmation or subject to a certain reserve price. In an auction with reserve, the auctioneer may withdraw the real or personal property at any time until he or she announces completion of the sale. In an absolute auction, after the auctioneer calls for bids on an article, lot, or parcel, that article, lot, or parcel shall not be withdrawn unless no bid is made within a reasonable time.

(b) At both reserve auctions and without reserve auctions, the auctioneer may establish reasonable ***minimum*** bid increments once an opening bid has been offered.

(6) (a) The provisions of this chapter shall not prohibit any licensee from bidding on his or her own behalf at any auction sale, whether absolute or with reserve, if his or her option to do so has been fully disclosed, including disclosure to the seller.

(b) Except as provided in subsection (4) of this section, the seller may not bid at an absolute auction, nor may anyone bid upon his or her behalf. No licensee shall knowingly receive a bid by or on behalf of the seller at an absolute auction.

(c) Bids may be made by the seller, or upon the seller's behalf, at any auction with reserve, provided that full disclosure has clearly been made that liberty for bidding is retained. No licensee shall knowingly receive a bid in the absence of full disclosure. If the auctioneer knowingly receives a bid on the seller's behalf or the seller makes or procures a bid and notice has not been clearly given that liberty for bidding is reserved, the buyer may avoid the sale or take the real or personal property at the price of the last good faith bid prior to the completion of the sale.

(d) There shall be no requirement that the reserve be announced when it is attained.

(e) Nothing in this subsection shall be construed to alter or diminish the provisions of KRS 330.210.

(7) (a) At any absolute auction, any advertisement or representation of a minimum or suggested starting bid is prohibited.

(b) At any reserve auction, any advertisement or representation of a minimum or suggested starting bid is prohibited unless:

1. The minimum or suggested starting bid advertised or represented is sufficient to satisfy the auction listing contract stated reserve or confirmation amount; and

2. The auction listing contract contains a binding acknowledgment by the seller that permission has been granted for disclosure.

➔Section 6. KRS 330.990 is amended to read as follows:

(1) Any person engaging in auction activities regulated by this chapter without a license shall be guilty of:

(a) For the first offense, a violation with a fine up to two hundred fifty dollars ($250);

(b) For the second offense, a Class B misdemeanor with a fine up to two hundred fifty dollars ($250) and up to ninety (90) days imprisonment; and

(c) For the third and subsequent offenses, a Class A misdemeanor with a fine up to five hundred dollars ($500) and up to twelve (12) months imprisonment.

(2) The board or its authorized representative may apply for injunctive relief to the Circuit Court of the county in which the alleged violation occurred ***or in which the alleged offender resides*** to enjoin any person or entity from committing an act in violation of this chapter. The injunction proceedings shall be in addition to, and not in lieu of, all penalties and other remedies in this chapter. In an action for injunction, the board may demand and recover a civil penalty of fifty dollars ($50) per day for each violation, reasonable attorney's fees, and court costs.

Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the Federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.

(2) Employer and employee contributions shall be made as provided in KRS 61.510 to 61.705 and 78.510 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar ($1), and the member shall be credited with additional service credit.

(3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

(4) (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment.

(b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment.

(c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

4. The retirement allowance payments resulting from the recomputation under this subsection shall be payable in the month following the termination of reemployment in lieu of payments under subparagraph 3. The member shall not receive less in benefits as a result of the recomputation than he was receiving prior to reemployment or would receive as determined under KRS 61.691; and

The retired member and the participating employer shall submit the information required or requested by the systems to confirm the individual's employment or volunteer status.

(10) If a member is receiving a retirement allowance, or has filed the forms required for a retirement allowance, and is employed within one (1) month of the member's initial retirement date in a position that is required to participate in the same retirement system from which the member retired, the member's retirement shall be voided and the member shall repay to the retirement system all benefits received. The member shall contribute to the member account established for him prior to his voided retirement. The retirement allowance for which the member shall be eligible upon retirement shall be determined by total service and creditable compensation.

(11) (a) If a member of the Kentucky Employees Retirement System retires from a department which participates in more than one (1) retirement system and is reemployed within one (1) month of his initial retirement date by the same department in a position participating in another retirement system, the retired member's retirement allowance shall be suspended for the first month of his retirement and the member shall repay to the retirement system all benefits received for the month.

(b) A retired member of the County Employees Retirement System who after initial retirement is hired by the county from which the member retired shall be considered to have been hired by the same employer.

(b) The job descriptions and statements of duties shall be filed with the retirement office.

(13) If the retirement system determines that the retired member has been employed in a position with the same principal duties as the position from which the member retired:

(a) The member's retirement allowance shall be suspended during the period that begins on the month in which the member is reemployed and ends six (6) months after the member's termination;

(b) The retired member shall repay to the retirement system all benefits paid from systems administered by Kentucky Retirement Systems under reciprocity, including medical insurance benefits, that the member received after reemployment began;

(c) Upon termination, or subsequent to expiration of the six (6) month period from the date of termination, the retired member's retirement allowance based on his initial retirement account shall no longer be suspended and the member shall receive the amount to which he is entitled, including an increase as provided by KRS 61.691;

(d) Except as provided in subsection (7) of this section, if the position in which a retired member is employed after initial retirement is a regular full-time position, the retired member shall contribute to a

second member account established for him in the retirement system. Service credit gained after the member's date of reemployment shall be credited to the second member account; and

(e) Upon termination, the retired member shall be entitled to benefits payable from his second retirement account.

In this capacity the cabinet may act as a fiduciary and transact business in the same manner as any individual and for fiduciary purposes may sue and be sued in any of the courts of the state. Bond shall not be required of the cabinet.

(2) (a) Whenever a resident of the state is adjudged partially disabled or disabled and no other suitable person or entity is available and willing to act as limited guardian, guardian, limited conservator, or conservator, the cabinet may be appointed as the resident's limited guardian, guardian, limited conservator, or conservator. (n) To receive an explanatory notice from the cabinet, consistent with KRS 620.130 and when it is in the best interest of the child, when a foster child's case plan has changed and, except in an immediate response to a child protective services investigation involving the foster home, an explanatory notice of termination or change in placement affecting the foster home within fourteen (14) days of the change or termination in placement;

(o) To have priority consideration for placement if a child who has previously been placed in the foster home reenters foster care, consistent with KRS 605.130 and 620.130 and to the extent it is in the best interest of the child;

(p) To have priority consideration for adoption if a foster child who has been placed in the foster home for a period of at least twelve (12) consecutive months becomes eligible for adoption consistent with KRS 605.130 and 620.130 and to the extent it is in the best interest of the child;

(q) To maintain contact with the foster child after the child leaves the foster home, unless the child, a biological parent, the cabinet when the cabinet retains custody of the child, or other foster or adoptive parent refuses such contact; and

(r) To receive notice of, have a right to attend, and have a right to be heard in, either verbally or in writing, any cabinet or court proceeding held with respect to the child. This paragraph shall not be construed to require that a foster parent caring for the child be made a party to a proceeding solely on the basis of the notice and rights to attend and be heard.

(2) The responsibilities of foster parents shall include but not be limited to the following:

(a) To maintain an orderly and clean home;

(b) To ensure that the child has adequate resources for personal hygiene and clothing;

(c) To provide recreational and spiritual opportunities for the child, in accordance with cabinet policies;

(d) To attend all school and case planning meetings involving a foster child placed in their home whenever possible, subject to KRS 620.130 and the confidentiality requirements of 42 U.S.C. sec. 671;

(e) To abide by cabinet policies relating to discipline of a foster child; and

(f) To support the involvement of a foster child's biological family whenever possible and in accordance with cabinet policies.

(3) The cabinet shall provide specific training on investigations of alleged child abuse or neglect in a foster home to a person appointed by the Kentucky Foster/Adoptive Care Association. The training shall include the rights of a foster parent during an investigation. Training shall be consistent with 42 U.S.C. sec. 5106(a).

(4) ***The cabinet shall promulgate administrative regulations to establish that foster parent approval shall be effective for a minimum of three (3) years before reevaluation is required.***

(5) Nothing in this section shall be construed to establish monetary liability of or cause of action against the cabinet.

➔Section 5. KRS 625.060 is amended to read as follows:

(1) In addition to the child, the following shall be the parties in an action for involuntary termination of parental rights:

(a) The petitioner;

(b) The cabinet, if not the petitioner;~~[and]~~

(c) The biological parents, if known and if their rights have not been previously terminated. It shall not be necessary to make the putative father a party if he is exempted by KRS 625.065***; and***

(d) A foster parent of a child who is currently placed with the foster parent, and the child is part of the involuntary termination of parental rights action that is related to an allegation of dependency, neglect, or abuse pursuant to KRS Chapter 620, unless the judge determines this involvement is inappropriate.

(2) Any party other than the child who is not the petitioner shall be a respondent.

➔Section 6. KRS 625.090 is amended to read as follows:

(1) The Circuit Court may involuntarily terminate all parental rights of a parent of a named child, if the Circuit Court finds from the pleadings and by clear and convincing evidence that:

(a) 1. The child has been adjudged to be an abused or neglected child, as defined in KRS 600.020(1), by a court of competent jurisdiction;

2. The child is found to be an abused or neglected child, as defined in KRS 600.020(1), by the Circuit Court in this proceeding;

3. The child is found to have been diagnosed with neonatal abstinence syndrome at the time of birth, unless his or her birth mother:

a. Was prescribed and properly using medication for a legitimate medical condition as directed by a health care practitioner that may have led to the neonatal abstinence syndrome; or

b. Is currently, or within ninety (90) days after the birth, enrolled in and maintaining substantial compliance with both a substance abuse treatment or recovery program and a regimen of prenatal care or postnatal care as recommended by her health care practitioner throughout the remaining term of her pregnancy or the appropriate time after her pregnancy;~~[or]~~

4. The parent has been convicted of a criminal charge relating to the physical or sexual abuse or neglect of any child and that physical or sexual abuse, neglect, or emotional injury to the child named in the present termination action is likely to occur if the parental rights are not terminated;

(b) The Cabinet for Health and Family Services has filed a petition with the court pursuant to KRS 620.180; and

(c) Termination would be in the best interest of the child.

(2) No termination of parental rights shall be ordered unless the Circuit Court also finds by clear and convincing evidence the existence of one (1) or more of the following grounds:

(a) That the parent has abandoned the child for a period of not less than ninety (90) days;

(b) That the parent has inflicted or allowed to be inflicted upon the child, by other than accidental means, serious physical injury;

(c) That the parent has continuously or repeatedly inflicted or allowed to be inflicted upon the child, by other than accidental means, physical injury or emotional harm;

(d) That the parent has been convicted of a felony that involved the infliction of serious physical injury to any child;

(e) That the parent, for a period of not less than six (6) months, has continuously or repeatedly failed or refused to provide or has been substantially incapable of providing essential parental care and protection for the child and that there is no reasonable expectation of improvement in parental care and protection, considering the age of the child;

(f) That the parent has caused or allowed the child to be sexually abused or exploited;

(g) That the parent, for reasons other than poverty alone, has continuously or repeatedly failed to provide or is incapable of providing essential food, clothing, shelter, medical care, or education reasonably necessary and available for the child's well-being and that there is no reasonable expectation of significant improvement in the parent's conduct in the immediately foreseeable future, considering the age of the child;

(h) That:

1. The parent's parental rights to another child have been involuntarily terminated;

2. The child named in the present termination action was born subsequent to or during the pendency of the previous termination; and

3. The conditions or factors which were the basis for the previous termination finding have not been corrected;

(i) That the parent has been convicted in a criminal proceeding of having caused or contributed to the death of another child as a result of physical or sexual abuse or neglect;~~[or]~~

(j) That the child has been in foster care under the responsibility of the cabinet for fifteen (15) cumulative months out of forty-eight (48) months preceding the filing of the petition to terminate parental rights***; or***

(k) That the child has been removed from the biological or legal parents more than two (2) times in a twenty-four (24) month period by the cabinet or a court.

(3) In determining the best interest of the child and the existence of a ground for termination, the Circuit Court shall consider the following factors:

(a) Mental illness as defined by KRS 202A.011(9), or an intellectual disability as defined by KRS 202B.010(9) of the parent as certified by a qualified mental health professional, which renders the parent consistently unable to care for the immediate and ongoing physical or psychological needs of the child for extended periods of time;

(b) Acts of abuse or neglect as defined in KRS 600.020(1) toward any child in the family;

(c) If the child has been placed with the cabinet, whether the cabinet has, prior to the filing of the petition made reasonable efforts as defined in KRS 620.020 to reunite the child with the parents unless one or more of the circumstances enumerated in KRS 610.127 for not requiring reasonable efforts have been substantiated in a written finding by the District Court;

(d) The efforts and adjustments the parent has made in his circumstances, conduct, or conditions to make it in the child's best interest to return him to his home within a reasonable period of time, considering the age of the child;

(e) The physical, emotional, and mental health of the child and the prospects for the improvement of the child's welfare if termination is ordered; and

(f) The payment or the failure to pay a reasonable portion of substitute physical care and maintenance if financially able to do so.

(4) If the child has been placed with the cabinet, the parent may present testimony concerning the reunification services offered by the cabinet and whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent.

(5) If the parent proves by a preponderance of the evidence that the child will not continue to be an abused or neglected child as defined in KRS 600.020(1) if returned to the parent the court in its discretion may determine not to terminate parental rights.

(6) Upon the conclusion of proof and argument of counsel, the Circuit Court shall enter findings of fact, conclusions of law, and a decision as to each parent-respondent within thirty (30) days either:

(a) Terminating the right of the parent; or

(b) Dismissing the petition and stating whether the child shall be returned to the parent or shall remain in the custody of the state.

CHAPTER 133

(HB 444)

AN ACT relating to locally operated area technology centers and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 157.069 is amended to read as follows:

(1) As used in this section:

(a) "Secondary area technology center" or "secondary area center" means a school facility dedicated to the primary purpose of offering five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas. An area center may be called a "magnet technology center" or "career center" or may be assigned another working title by the parent agency. An area center may be either state or locally operated; and

(b) "Vocational department" means a portion of a school facility that has five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas.

(2) The Kentucky Department of Education shall distribute all general funds designated for locally operated secondary area centers and vocational departments, which have been receiving state supplemental funds prior to June 21, 2001, by a weighted formula, specified in an administrative regulation promulgated by the

Kentucky Board of Education. The formula shall take into account the differences in cost of operating specific programs. The commissioner of education shall determine programs to be assigned to categories based on the descriptions found in paragraphs (a) to (c) of this subsection. Programs in Categories III and II shall be eligible for funding.

(a) Category III--High-cost technical programs: Programs in which students develop highly technical skills in specific occupational areas and that require high-cost equipment, materials, and facilities. This category may include selected industrial technology Level III programs as defined by the Department of Education and programs in other occupational areas as deemed appropriate;

(b) Category II--Technical skill programs: Programs in which students develop technical skills focused in occupational areas and that require technical equipment but high-cost equipment, facilities, or materials are not necessary to operate the programs. This category may include selected industrial technology Level III programs as defined by the Department of Education and programs in other occupational areas as deemed appropriate; and

(c) Category I--Orientation and career exploration programs: Programs that provide orientation and exploration of broad-based industries by giving students knowledge and experience regarding careers within these industries and develop some exploratory or hands-on skills used in the industry.

Notwithstanding paragraphs (a) and (b) of subsection (1) of this section, the Department of Education shall approve the combining of eligible secondary vocational programs into a single vocational department for purposes of funding for a school district that has been receiving state supplemental funds and has distributed its vocational programs, previously located in area centers, among magnet career academies.

(3) For calculation purposes and after categorizing the programs as described in subsection (2) of this section, a weight shall be applied as a percentage of the base guarantee per pupil in average daily attendance as defined by KRS 157.320 under the Support Education Excellence in Kentucky Program, which shall be applied to full-time equivalent students in Categories II and III. Category I programs shall receive no weight. The full-time equivalent students shall be calculated on the basis of the total program enrollment divided by the length of the class period divided by six (6).

(4) (a) If a school district has a locally operated secondary area center that has been receiving state supplemental funds, and the district moves the center as part of a collaborative project agreement between two (2) or more school districts, then the Kentucky Department of Education may, subject to approval by the commissioner of education, distribute the general funds designated for the district's locally operated secondary area center to the district for the purpose of supporting the collaborative project for the district's full-time equivalent students in Category II and III programs.

(b) If the commissioner of education approves the distribution of funds under paragraph (a) of this subsection:

1. For the first year of the collaborative project agreement, the department shall distribute an amount equal to the final allotted amount of general funds from the prior fiscal year designated for the district's locally operated secondary area center; and

2. For any successive year of the collaborative project agreement, the department shall calculate the amount of general funds to distribute pursuant to subsections (2) and (3) of this section. The amount distributed shall not exceed the amount distributed under subparagraph 1. of this paragraph.

Signed by Governor March 26, 2019.

CHAPTER 134

(HB 439)

AN ACT relating to human immunodeficiency virus.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 214.181 is amended to read as follows:

(1) The General Assembly finds that the use of tests designed to reveal a condition indicative of human immunodeficiency virus (HIV) infection can be a valuable tool in protecting the public health. The General Assembly finds that knowledge of HIV status is increasingly important for all persons since treatment using antiretroviral medications can slow disease progression, prolong and improve the lives of HIV-positive individuals, and reduce the likelihood of perinatal mother-to-child transmission. Many members of the public are deterred from seeking testing because they misunderstand the nature of the test or fear that test results will be disclosed without their consent. The General Assembly finds that the public health will be served by facilitating informed, voluntary, and confidential use of tests designed to detect human immunodeficiency virus infection.

(2) A person who has signed a general consent form for the performance of medical procedures and tests is not required to also sign or be presented with a specific consent form relating to medical procedures or tests to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any other causative agent of acquired immunodeficiency syndrome that will be performed on the person during the time in which the general consent form is in effect. However, a general consent form shall instruct the patient that, as part of the medical procedures or tests, the patient may be tested for human immunodeficiency virus infection, hepatitis, or any other blood-borne infectious disease if a doctor or advanced practice registered nurse orders the test for diagnostic purposes. Except as otherwise provided in subsection (5)(d) of this section, the results of a test or procedure to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any probable causative agent of acquired immunodeficiency syndrome performed under the authorization of a general consent form shall be used only for diagnostic or other purposes directly related to medical treatment.

(3) In any emergency situation where informed consent of the patient cannot reasonably be obtained before providing health-care services, there is no requirement that a health-care provider obtain a previous informed consent.

(4) The physician or advanced practice registered nurse who orders the test pursuant to subsections (1) and (2) of this section, or the attending physician, ***or designee,*** shall be responsible for informing the patient of the results of the test if the test results are positive for human immunodeficiency virus infection. If the tests are positive, the physician or advanced practice registered nurse ***or designee,*** shall also be responsible for either:

(a) Providing information and counseling to the patient concerning his infection or diagnosis and the known medical implications of such status or condition; or

(b) Referring the patient to another appropriate professional or health-care facility for the information and counseling.

(5) (a) No person in this state shall perform a test designed to identify the human immunodeficiency virus, or its antigen or antibody, without first obtaining the informed consent of the person upon whom the test is being performed, except as specified in subsections (2) and (3) of this section.

(b) No test result shall be determined as positive, and no positive test result shall be revealed to any person, without corroborating or confirmatory tests being conducted.

(c) 1. Nothing in this subsection shall be construed as prohibiting the disclosure to the patient of preliminary positive results from HIV rapid tests if results are delivered with an explanation of the following:

a. The meaning of a reactive rapid test;

b. The importance of confirmatory testing; and

c. The importance of taking precautions to reduce the risk of infecting others while awaiting the results of confirmatory testing.

2. In special cases where immediate actions may be necessary to protect a patient, such as potential perinatal transmission or incidents warranting post-exposure prophylaxis, a preliminary positive result from a HIV rapid test may be disclosed to the patient and used as a basis to recommend options for prophylaxis or treatment.

(d) No person who has obtained or has knowledge of a test result pursuant to this section shall disclose or be compelled to disclose the identity of any person upon whom a test is performed, or the results of the test in a manner which permits identification of the subject of the test, except to the following persons:

1. The subject of the test or the subject's legally authorized representative;

2. Any person designated in a legally effective release of the test results executed prior to or after the test by the subject of the test or the subject's legally authorized representative;

3. A physician, nurse, or other health-care personnel who has a legitimate need to know the test result in order to provide for his protection and to provide for the patient's health and welfare;

4. Health-care providers consulting between themselves or with health-care facilities to determine diagnosis and treatment;

5. The cabinet, in accordance with rules for reporting and controlling the spread of disease, as otherwise provided by state law;

6. A health facility or health-care provider which procures, processes, distributes, or uses:

   a. A human body part from a deceased person, with respect to medical information regarding that person; or

   b. Semen provided prior to the effective date of this section for the purpose of artificial insemination;

7. Health facility staff committees, for the purposes of conducting program monitoring, program evaluation, or service reviews;

8. Authorized medical or epidemiological researchers who shall not further disclose any identifying characteristics or information;

9. A person allowed access by a court order that is issued in compliance with the following provisions:

   a. No court of this state shall issue an order to permit access to a test for human immunodeficiency virus performed in a medical or public health setting to any person not authorized by this section or by KRS 214.420. A court may order an individual to be tested for human immunodeficiency virus only if the person seeking the test results has demonstrated a compelling need for the test results which cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for testing and disclosure against the privacy interest of the test subject and the public interest which may be disserved by disclosure which deters blood, organ, and semen donation and future human-immunodeficiency-virus-related testing or which may lead to discrimination. This paragraph shall not apply to blood bank donor records;

   b. Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject's true name shall be communicated confidentially, in documents not filed with the court;

   c. Before granting any order, the court shall provide the individual whose test result is in question with notice and a reasonable opportunity to participate in the proceedings if he or she is not already a party;

   d. Court proceedings as to disclosure of test results shall be conducted in camera, unless the subject of the test agrees to a hearing in open court or unless the court determines that a public hearing is necessary to the public interest and the proper administration of justice;

   e. Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may have access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

No person to whom the results of a test have been disclosed shall disclose the test results to another person except as authorized by this subsection. When disclosure is made pursuant to this subsection, it shall be accompanied by a statement in writing that includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of such information without the specific written consent of the person to whom such information pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is NOT sufficient for this purpose." An oral disclosure shall be accompanied by oral notice and followed by a written notice within ten (10) days.

(6) (a) The Cabinet for Health and Family Services shall establish a network of voluntary human immunodeficiency virus testing programs in every county in the state. These programs shall be conducted in each public health department established under the provisions of KRS Chapter 212. Additional programs may be contracted to other private providers to the extent that finances permit and local circumstances dictate.

(b) Each public health department shall have the ability to provide counseling and testing for the human immunodeficiency virus to each patient who receives services and shall offer the testing on a voluntary basis to each patient who requests the test.

(c) Each public health department shall provide a program of counseling and testing for human immunodeficiency virus infection, on an anonymous or confidential basis, dependent on the patient's desire. If the testing is performed on an anonymous basis, only the statistical information relating to a positive test for human immunodeficiency virus infection shall be reported to the cabinet. If the testing is performed on a confidential basis, the name and other information specified under KRS 214.645 shall be reported to the cabinet. The cabinet shall continue to provide for anonymous testing and counseling.

(d) The result of a serologic test conducted under the auspices of the cabinet shall not be used to determine if a person may be insured for disability, health, or life insurance or to screen or determine suitability for, or to discharge a person from, employment. Any person who violates the provisions of this subsection shall be guilty of a Class A misdemeanor.

(7) No public health department and no other private or public facility shall be established for the primary purpose of conducting a testing program for acquired immunodeficiency syndrome, acquired immunodeficiency syndrome related complex, or human immunodeficiency virus status without first registering with the cabinet, complying with all other applicable provisions of state law, and meeting the following requirements:

(a) The program shall be directed by a person who has completed an educational course approved by the cabinet in the counseling of persons with acquired immunodeficiency syndrome, acquired immunodeficiency syndrome related complex, or human immunodeficiency virus infection;

(b) The program shall have all medical care supervised by a physician licensed under the provisions of KRS Chapter 311;

(c) The program shall have all laboratory procedures performed in a laboratory licensed under the provisions of KRS Chapter 333;

(d) Informed consent shall be required prior to testing. Informed consent shall be preceded by an explanation of the test, including its purpose, potential uses, and limitations and the meaning of its results;

(e) The program, unless it is a blood donor center, shall provide pretest counseling on the meaning of a test for human immunodeficiency virus, including medical indications for the test; the possibility of false positive or false negative results; the potential need for confirmatory testing; the potential social, medical, and economic consequences of a positive test result; and the need to eliminate high-risk behavior;

(f) The program shall provide supplemental corroborative testing on all positive test results before the results of any positive test is provided to the patient;

(g) The program shall provide post-test counseling, in person, on the meaning of the test results; the possible need for additional testing; the social, medical, and economic consequences of a positive test result; and the need to eliminate behavior which might spread the disease to others;

(h) Each person providing post-test counseling to a patient with a positive test result shall receive specialized training, to be specified by regulation of the cabinet, about the special needs of persons with positive results, including recognition of possible suicidal behavior, and shall refer the patient for further health and social services as appropriate;

(i) When services are provided for a charge during pretest counseling, testing, supplemental testing, and post-test counseling, the program shall provide a complete list of all charges to the patient and the cabinet; and

(j) Nothing in this subsection shall be construed to require a facility licensed under KRS Chapter 333 or a person licensed under the provisions of KRS Chapters 311, 312, or 313 to register with the cabinet if he

or she does not advertise or hold himself or herself out to the public as conducting testing programs for human immunodeficiency virus infection or specializing in such testing.

(8) Any violation of this section by a licensed health-care provider shall be a ground for disciplinary action contained in the professional's respective licensing chapter.

(9) Except as provided in subsection (6)(d) of this section, insurers and others participating in activities related to the insurance application and underwriting process shall be exempt from this section.

(10) The cabinet shall develop program standards consistent with the provisions of this section for counseling and testing persons for the human immunodeficiency virus.

➔Section 2. KRS 214.625 is amended to read as follows:

(1) The General Assembly finds that the use of tests designed to reveal a condition indicative of human immunodeficiency virus (HIV) infection can be a valuable tool in protecting the public health. The General Assembly finds that despite current scientific knowledge that ***antiretroviral therapy (ART)*** ~~[zidovudine (AZT)]~~ prolongs the lives of acquired immunodeficiency syndrome victims, and may also be effective when introduced in the early stages of human immunodeficiency virus infection, many members of the public are deterred from seeking testing because they misunderstand the nature of the test or fear that test results will be disclosed without their consent. The General Assembly finds that the public health will be served by facilitating informed, voluntary, and confidential use of tests designed to detect human immunodeficiency virus infection.

(2) A person who has signed a general consent form for the performance of medical procedures and tests is not required to also sign or be presented with a specific consent form relating to medical procedures or tests to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any other causative agent of acquired immunodeficiency syndrome that will be performed on the person during the time in which the general consent form is in effect. However, a general consent form shall instruct the patient that, as part of the medical procedures or tests, the patient may be tested for human immunodeficiency virus infection, hepatitis, or any other blood-borne infectious disease if a doctor or advanced practice registered nurse orders the test for diagnostic purposes. Except as otherwise provided in subsection (5)(c) of this section, the results of a test or procedure to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any probable causative agent of acquired immunodeficiency syndrome performed under the authorization of a general consent form shall be used only for diagnostic or other purposes directly related to medical treatment.

(3) In any emergency situation where informed consent of the patient cannot reasonably be obtained before providing health-care services, there is no requirement that a health-care provider obtain a previous informed consent.

(4) The physician or advanced practice registered nurse who orders the test pursuant to subsections (1) and (2) of this section, ***his or her designee,*** or the attending physician, shall be responsible for informing the patient of the results of the test if the test results are positive for human immunodeficiency virus infection. If the tests are positive, the physician or advanced practice registered nurse***, or his or her designee,*** shall also be responsible for either:

(a) Providing information and counseling to the patient concerning his infection or diagnosis and the known medical implications of such status or condition; or

(b) Referring the patient to another appropriate professional or health-care facility for the information and counseling.

(5) (a) No person in this state shall perform a test designed to identify the human immunodeficiency virus, or its antigen or antibody, without first obtaining the informed consent of the person upon whom the test is being performed, except as specified in subsections (2) and (3) of this section.

(b) No test result shall be determined as positive, and no positive test result shall be revealed to any person, without corroborating or confirmatory tests being conducted.

(c) No person who has obtained or has knowledge of a test result pursuant to this section shall disclose or be compelled to disclose the identity of any person upon whom a test is performed, or the results of the test in a manner which permits identification of the subject of the test, except to the following persons:

1. The subject of the test or the subject's legally authorized representative;

2. Any person designated in a legally effective release of the test results executed prior to or after the test by the subject of the test or the subject's legally authorized representative;

3. A physician, nurse, or other health-care personnel who has a legitimate need to know the test result in order to provide for his protection and to provide for the patient's health and welfare;

4. Health-care providers consulting between themselves or with health-care facilities to determine diagnosis and treatment;

5. The cabinet, in accordance with rules for reporting and controlling the spread of disease, as otherwise provided by state law;

6. A health facility or health-care provider which procures, processes, distributes, or uses:

   a. A human body part from a deceased person, with respect to medical information regarding that person; or

   b. Semen provided prior to July 13, 1990, for the purpose of artificial insemination;

7. Health facility staff committees, for the purposes of conducting program monitoring, program evaluation, or service reviews;

8. Authorized medical or epidemiological researchers who shall not further disclose any identifying characteristics or information;

9. A parent, foster parent, or legal guardian of a minor; a crime victim; or a person specified in KRS 438.250;

10. A person allowed access by a court order which is issued in compliance with the following provisions:

   a. No court of this state shall issue an order to permit access to a test for human immunodeficiency virus performed in a medical or public health setting to any person not authorized by this section or by KRS 214.420. A court may order an individual to be tested for human immunodeficiency virus only if the person seeking the test results has demonstrated a compelling need for the test results which cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for testing and disclosure against the privacy interest of the test subject and the public interest which may be disserved by disclosure which deters blood, organ, and semen donation and future human immunodeficiency virus-related testing or which may lead to discrimination. This paragraph shall not apply to blood bank donor records;

   b. Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject's true name shall be communicated confidentially, in documents not filed with the court;

   c. Before granting any order, the court shall provide the individual whose test result is in question with notice and a reasonable opportunity to participate in the proceedings if he is not already a party;

   d. Court proceedings as to disclosure of test results shall be conducted in camera, unless the subject of the test agrees to a hearing in open court or unless the court determines that a public hearing is necessary to the public interest and the proper administration of justice; and

   e. Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may have access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

No person to whom the results of a test have been disclosed shall disclose the test results to another person except as authorized by this subsection. When disclosure is made pursuant to this subsection, it shall be accompanied by a statement in writing which includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of such information without the specific written consent of the person to whom such information pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is NOT sufficient

for this purpose." An oral disclosure shall be accompanied by oral notice and followed by a written notice within ten (10) days.

(6) (a) The Cabinet for Health and Family Services shall establish a network of voluntary human immunodeficiency virus testing programs in every county in the state. These programs shall be conducted in each public health department established under the provisions of KRS Chapter 211. Additional programs may be contracted to other private providers to the extent that finances permit and local circumstances dictate.

(b) Each public health department shall have the ability to provide counseling and testing for the human immunodeficiency virus to each patient who receives services and shall offer the testing on a voluntary basis to each patient who requests the test.

(c) Each public health department shall provide a program of counseling and testing for human immunodeficiency virus infection, on an anonymous or confidential basis, dependent on the patient's desire. If the testing is performed on an anonymous basis, only the statistical information relating to a positive test for human immunodeficiency virus infection shall be reported to the cabinet. If the testing is performed on a confidential basis, the name and other information specified in KRS 214.645 shall be reported to the cabinet. The cabinet shall continue to provide for anonymous testing and counseling.

(d) The result of a serologic test conducted under the auspices of the cabinet shall not be used to determine if a person may be insured for disability, health, or life insurance or to screen or determine suitability for, or to discharge a person from, employment. Any person who violates the provisions of this subsection shall be guilty of a Class A misdemeanor.

AN ACT relating to surcharges on insurance policies.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 136.392 is amended to read as follows:

(1) (a) Every domestic, foreign, or alien insurer, other than life and health insurers, which is either subject to or exempted from Kentucky premium taxes as levied pursuant to the provisions of either KRS 136.340, 136.350, 136.370, or 136.390, shall charge and collect a surcharge of one dollar and ***eighty***~~[fifty]~~ cents ***($1.80)***~~[($1.50)]~~ upon each one hundred dollars ($100) of premium, assessments, or other charges, except for those municipal premium taxes, made by it for insurance coverage provided to its policyholders, on risk located in this state, whether the charges are designated as premiums, assessments, or otherwise. The premium surcharge shall be collected by the insurer from its policyholders at the same time and in the same manner that its premium or other charge for the insurance coverage is collected. The premium surcharge shall be disclosed to policyholders pursuant to administrative regulations promulgated by the commissioner of insurance. However, no insurer or its agent shall be entitled to any portion of any premium surcharge as a fee or commission for its collection. On or before the twentieth day of each month, each insurer shall report and remit to the Department of Revenue, on forms as it may require, all premium surcharge moneys collected by it during its preceding monthly accounting period less any moneys returned to policyholders as applicable to the unearned portion of the premium on policies terminated by either the insured or the insurer. Insurers with an annual liability of less than one thousand dollars ($1,000) for each of the previous two (2) calendar years may report and remit to the Department of Revenue all premium surcharge moneys collected on a calendar year basis on or before the twentieth day of January of the following calendar year. The funds derived from the premium surcharge shall be deposited in the State Treasury, and shall constitute a fund allocated for the uses and purposes of the Firefighters Foundation Program fund, KRS 95A.220 and 95A.262, and the Law Enforcement Foundation Program fund, KRS 15.430.

(b) Effective July 1, ***2019***~~[1992]~~, the surcharge rate in paragraph (a) of this subsection shall ***only*** be adjusted by ***an Act of the General Assembly, and the adjusted rate shall be applied beginning ninety (90) days after the effective date of the Act***~~[the commissioner of revenue to a rate calculated to provide sufficient funds for the uses and purposes of the Firefighters Foundation Program fund as prescribed by KRS 95A.220 and 95A.262 and the Law Enforcement Foundation Program fund as prescribed by KRS 15.430 for each fiscal year. The rate shall be calculated using as its base the number of local government units eligible for participation in the funds under applicable statutes as of January 1, 1994. To allow the commissioner of revenue to calculate an appropriate rate, the secretary of the Public Protection Cabinet and the secretary for the Justice and Public Safety Cabinet shall certify to the commissioner of revenue each year the estimated budgets for the respective funds specified above, including any surplus moneys in the funds, which shall be incorporated into the consideration of the adjusted rate. As soon as practical, the commissioner of revenue shall advise the commissioner of insurance of the new rate and the commissioner of insurance shall inform the affected insurers. The new rate shall take effect no earlier than six (6) months from the date that the commissioner of insurance notifies the affected insurers]~~.

(2) Within five (5) days after the end of each month, all insurance premium surcharge proceeds deposited in the State Treasury as set forth in this section shall be paid by the State Treasurer into the Firefighters Foundation Program fund trust and agency account and the Law Enforcement Foundation Program fund trust and agency account. The amount paid into each account shall be proportionate to each fund's respective share of the total deposits, pursuant to KRS 42.190. Moneys deposited to the Law Enforcement Foundation Program fund trust and agency account shall not be disbursed, expended, encumbered, or transferred by any state official for uses and purposes other than those prescribed by KRS 15.410 to 15.500, except that beginning with fiscal year 1994-95, through June 30, 1999, moneys remaining in the account at the end of the fiscal year in excess of three million dollars ($3,000,000) shall lapse. On and after July 1, 1999, moneys in this account shall not lapse. Money deposited to the Firefighters Foundation Program fund trust and agency account shall not be disbursed, expended, encumbered, or transferred by any state official for uses and purposes other than those prescribed by KRS 95A.200 to 95A.300, except that beginning with fiscal year 1994-95, through June 30, 1999, moneys remaining in the account at the end of the fiscal year in excess of three million dollars ($3,000,000) shall lapse, but moneys in the revolving loan fund established in KRS 95A.262 shall not lapse. On and after July 1, 1999, moneys in this account shall not lapse.

(3) Insurance premium surcharge funds collected from the policyholders of any domestic mutual company, cooperative, or assessment fire insurance company shall be deposited in the State Treasury, and shall be paid monthly by the State Treasurer into the Firefighters Foundation Program fund trust and agency account as provided in KRS 95A.220 to 95A.262. However, insurance premium surcharge funds collected from

policyholders of any mutual company, cooperative, or assessment fire insurance company which transfers its corporate domicile to this state from another state after July 15, 1994, shall continue to be paid into the Firefighters Foundation Program fund and the Law Enforcement Foundation Program fund as prescribed.

(4) No later than July 1 of each year, the Department of Insurance shall provide the Department of Revenue with a list of all Kentucky-licensed property and casualty insurers and the amount of premium volume collected by the insurer for the preceding calendar year as set forth on the annual statement of the insurer. No later than September 1 of each year, the Department of Revenue shall calculate an estimate of the premium surcharge due from each insurer subject to the insurance premium surcharge imposed pursuant to this section, based upon the surcharge rate imposed pursuant to this section and the amount of the premium volume for each insurer as reported by the Department of Insurance. The Department of Revenue shall compare the results of this estimate with the premium surcharge paid by each insurer during the preceding year and shall provide the Legislative Research Commission, the Commission on Fire Protection Personnel Standards and Education, the Kentucky Law Enforcement Council, and the Department of Insurance with a report detailing its findings on a cumulative basis. In accordance with KRS 131.190, the Department of Revenue shall not identify or divulge the confidential tax information of any individual insurer in this report.

(5) The insurance premiums surcharge provided in this section shall not apply to premiums collected from the following:

(a) The federal government;

(b) Resident educational and charitable institutions qualifying under Section 501(c)(3) of the Internal Revenue Code;

(c) Resident nonprofit religious institutions for real, tangible, and intangible property coverage only;

(d) State government for coverage of real property; or

(e) Local governments for coverage of real property.

(6) Pursuant to the Non-Admitted and Reinsurance Reform Act of 2010, Title V, Subtitle B, of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Pub. L. No. 111-203, the insurance premium surcharge on non-admitted insurance for multistate risks shall be exempt from the provisions of this section but shall be subject to the provisions of KRS 304.10-180.

(2) A person with a disability may submit a request for a reasonable accommodation to maintain an assistance animal in a dwelling. (3) Unless the person making the request has a disability or disability-related need for an assistance animal that is readily apparent, a person receiving a request for a reasonable accommodation to maintain an assistance animal in a dwelling shall evaluate the request and any reliable supporting documentation to verify the disability-related need for the reasonable accommodation regarding an assistance animal. The person receiving the request may independently verify the authenticity of any supporting documentation.

(4) A person with a disability who is granted a reasonable accommodation to maintain an assistance animal in a dwelling shall comply with the rental agreement or any rules and regulations of the property owner applicable to all residents that do not interfere with an equal opportunity to use and enjoy the dwelling and any common areas of the premises. The criteria for approval of eligible companies and economic development projects shall include but not be limited to the creditworthiness of eligible companies; the number of new jobs to be provided by an economic development project to residents of the Commonwealth; and the likelihood of the economic success of the economic development project.

(3) The economic development project shall involve a minimum investment of one hundred thousand dollars ($100,000) by the eligible company and shall result in the creation by the eligible company, within two (2) years from the date of the final approval authorizing the economic development project, of a minimum of fifteen (15) new full-time jobs at the site of the economic development project for Kentucky residents to be employed by the eligible company and to be held by persons subject to the personal income tax of the Commonwealth. The authority may extend this two (2) year period upon the written application of an eligible company requesting an extension.

(4) (a) Within six (6) months after the activation date, the approved company shall compensate a minimum of ninety percent (90%) of its full-time employees whose jobs were created with base hourly wages equal to either:

However, for projects receiving preliminary approval of the authority prior to July 1, 2008, the base hourly wage shall be one hundred fifty percent (150%) of the federal minimum wage existing on January 1, 2007. Any economic development project satisfying the requirements of this subsection shall only be eligible for inducements to the extent of the expansion, and no inducements shall be available for the equivalent of the agribusiness, manufacturing, or electric generation facility to be replaced. No economic development project otherwise satisfying the requirements of this subsection shall be approved by the authority which results in a lease abandonment or lease termination by the approved company without the consent of the lessor.

(6) With respect to each eligible company making an application to the authority for inducements, and with respect to the economic development project described in the application, the authority shall request materials and make inquiries of the applicant as necessary or appropriate. ➔Section 34. KRS 163.475 is amended to read as follows:

(1) The General Assembly finds that the provision of industrial evaluation, training, and employment opportunities for individuals who are blind or visually impaired is a valuable and necessary component of vocational rehabilitation services. The office ~~[for the Blind]~~has sole responsibility for and the obligation to operate and manage a Division of the Kentucky Industries for the Blind. This facility has struggled to meet these mandates but, faced with declining available state revenues, expects a continual diminishment to a submarginal operation with respect to providing viable long-term employment opportunities that are self-sustaining and sufficiently diversified for individuals who are blind or visually impaired.

(2) The General Assembly finds that increased flexibility in contract negotiation, purchasing, and hiring will enhance the competitiveness of the Kentucky Industries for the Blind, resulting in additional production contracts thereby guaranteeing continued and expanded jobs and other opportunities for individuals who are blind or visually impaired. This flexibility and competitiveness can be achieved through the operation of the Kentucky Industries for the Blind by a nonprofit corporation, the members of which have expertise in management skills and background pertaining to sound business practices and rehabilitation philosophy.

(3) The General Assembly finds that a transition period from state division to a nonprofit operation is necessary to ensure the success and continuation of the important functions of the Kentucky Industries for the Blind. Therefore, the General Assembly shall continue to support the Division of the Kentucky Industries for the Blind through appropriations to the office~~[for the Blind]~~ for six (6) years in order to eliminate eventually the necessity for annual state appropriations. The office~~[for the Blind]~~ shall monitor and safeguard the expenditure of those public moneys for the use and benefit of the Kentucky Industries for the Blind and citizens who are blind and visually impaired in the Commonwealth.

(4) The General Assembly finds that the continued employment of current employees of the Division of the Kentucky Industries for the Blind is a necessary and important outcome. The office~~[for the Blind]~~ shall ensure through contractual provisions that the nonprofit corporation it contracts with pursuant to KRS 163.480(2) offers employment to every employee of the Kentucky Industries for the Blind at the time the nonprofit corporation assumes total responsibility for the operation of the workshop. The office~~[for the Blind]~~ shall maximize the retirement benefits for each current employee of the Division of Kentucky Industries for the Blind at the time the office contracts for total operation by the nonprofit corporation through the parted employer provisions of KRS 61.510 to 61.705.

(5) The General Assembly finds that at the time the Kentucky Industries for the Blind is operated totally by the nonprofit corporation, the office~~[for the Blind]~~ shall have the authority to convey ownership of the workshop to any nonprofit corporation with which it contracts pursuant to KRS 163.480(2) without financial consideration, including real and personal property, inventory of materials, and stores for resale. The instrument of conveyance to such nonprofit corporation shall provide that the real property and production equipment conveyed, or sufficient remuneration therefor, shall revert to the state at any time the nonprofit corporation or its successor shall cease operating the Kentucky Industries for the Blind for the benefit of individuals who are blind or visually impaired.

➔Section 35. KRS 163.480 is amended to read as follows:

(1) The office~~[for the Blind]~~ may contract, to the extent funds are available under this chapter and under conditions and standards established by the office, with any nonprofit corporation able to provide expertise in the operation of workshops for and rehabilitation of individuals who are blind or visually impaired and whose objectives are to carry out the purposes of KRS 163.470 ***(10)*** ~~[(12)]~~.

(2) The office~~[for the Blind]~~ shall contract with a nonprofit corporation, effective July 1, 2000, to provide industrial evaluation, training, and employment opportunities for individuals who are blind or visually impaired.

(1) The Accessible Electronic Information Service Program is created and shall be provided by the office~~[for the Blind]~~. The program shall include:

(a) Intrastate access for eligible persons to read audio editions of newspapers, magazines, newsletters, schedules, announcements, and other information using a touch-tone telephone, radio, or other technologies that produce audio editions by use of computer; and

(3) The office~~[for the Blind]~~ shall review new technologies and current service programs in Kentucky for the blind and visually impaired that are available to expand audio communication if the office determines that these new technologies will expand access to consumers in a cost-efficient manner. The office may implement recommendations from the ***Statewide Council for Vocational Rehabilitation***~~[Office for the Blind State Rehabilitation Council]~~ for improving the program.

(1) Any employing unit that becomes subject to this chapter within any calendar year shall be considered a subject employer during the whole of that calendar year, except as specifically provided elsewhere in this section or this chapter.

(2) Except as provided in subsections (3) and (5) of this section, a subject employer shall cease to be a subject employer only as of the first day of January of any calendar year if he files with the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment, on or before the fifteenth day of April of that year, a written application for termination of coverage, and the covered employment performed for such subject employer within the preceding calendar year was not sufficient to render an employing unit a subject employer under KRS 341.070. The secretary may, however, after notifying such employer in writing at his last known address, terminate the coverage of any subject employer as of the first day of January of any calendar year if such subject employer has had no individuals in covered employment in this state at any time during the three (3) preceding calendar years, and the balance of such employer's reserve account may be immediately transferred to the pooled account.

(3) (a) Any employing unit not otherwise subject to this chapter that files with the office its written election to become a subject employer for not less than two (2) calendar years shall, with the written approval of such election by the secretary, become subject hereto to the same extent as all other subject employers, as of the date stated in such approval, but not with respect to the period previous to such date. Such subject employer shall cease to be subject hereto as of January 1 of any calendar year subsequent to such two (2) calendar years, only if on or before April 15 of such year, it has filed with the office a written notice to that effect.

(b) Any employing unit for which services that do not constitute covered employment are performed may file with the office a written election that all such services performed by individuals in its employ in one (1) or more distinct establishments or places of business shall be considered to constitute covered employment by a subject employer for all the purposes of this chapter for not less than two (2) calendar years. Upon written approval of such election by the secretary, such services shall be considered to constitute covered employment from and after the date stated in such approval, but not with respect to the period previous to such date. Such services shall cease to be considered covered employment subject hereto as of January 1 of a calendar year subsequent to such two (2) calendar years, only if on or before April 15 of such year such employing unit has filed with the office a written notice to that effect.

(c) Any employing unit having service performed in covered employment solely by reason of KRS 341.050(1)(h) may terminate such service as "covered employment" as of the first day of January of any calendar year if such service does not meet the provisions of paragraph (e), (f) or (g), but only if on or before April 15 of such year, the employing unit has filed with the office a written request to terminate service as "covered employment."

(4) An employing unit that becomes a subject employer under KRS 341.070(7), shall become subject as of the date of acquisition.

(5) Notwithstanding the provisions of subsections (1), (2), and (3) of this section, any subject employer whose entire reserve account has been transferred to a successor in interest as provided for in KRS 341.540 shall immediately cease to be a subject employer and shall thereafter become a subject employer only upon his future employment experience.

➔Section 59. KRS 341.260 is amended to read as follows:

(1) Contributions shall accrue and become payable by each subject employer for each calendar year in which he is subject to this chapter. Such contributions shall be based upon wages paid during such calendar year for covered employment. Such contributions shall become due and be paid at the offices of the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment, in Frankfort by each subject employer to the office for the fund in accordance with such regulations as the secretary prescribes, and shall not be deducted in whole or in part from the wages of workers in his employ. In the

(2) Any contractor, who is or becomes a subject employer under the provisions of this chapter, who contracts with any subcontractor, who also is or becomes a subject employer under the provisions of this chapter, shall withhold sufficient moneys on said contract to guarantee that all contributions, penalties, and interest are paid upon completion of said contract, or shall require of said subcontractor a good and sufficient bond guaranteeing payment of all contributions, penalties, and interest due, or to become due with respect to wages paid for employment on said contract. Failure to comply with the provisions of this section shall render said contractor directly liable for such contributions, penalties, and interest due from said subcontractor and the wages paid by said subcontractor shall be deemed wages paid by the said contractor with respect to the same periods for all purposes under this chapter, and liens of the same nature are attachable and enforceable in the same manner as liens under KRS 341.310 and 341.315. A person, employing unit, or entity that enters into a verbal or written agreement with another, or between which there exists an implied contract based upon the circumstances, conduct, or acts or relations of the parties:

(3) For the calendar year 2001 and each calendar year thereafter, employer contribution rates shall be determined in accordance with "Table A" set out in subsection (4) of this section. For each calendar year, the secretary shall determine the rate schedule to be in effect based upon the "trust fund balance" as of September 30 of the preceding year. If the "trust fund balance":

(a) Equals or exceeds one and eighteen hundredths percent (1.18%) of the total wages paid in covered employment in the state during the state fiscal year ended as of June 30 of that year, the rates listed in the "Trust Fund Adequacy Rates" schedule of "Table A" shall be in effect;

Except as otherwise provided in this section, the contribution rate for each

subject employer for the calendar year immediately following the computation date shall be the rate in that "Schedule" of "Table A," as set out below, effective with respect to the calendar year, which appears on the same line as his reserve ratio as shown in the "Employer Reserve Ratio" column of the same table.

(5) As used in this section and elsewhere in this chapter, unless the context clearly requires otherwise:

(a) "Trust fund balance" means the amount of money in the unemployment insurance fund, less any unpaid advances made to the state under Section 1201 of the Social Security Act. In determining the amount in the fund as of a given date all money received by the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment, on that date shall be considered as being in the fund on that date;

(b) "Total wages" means all remuneration for services, as defined in KRS 341.030(1) to (7), paid by subject employers;

(c) An employer's "reserve ratio" means the percentage ratio of his reserve account balance as of the computation date to his taxable payrolls for the twelve (12) consecutive calendar quarters ended as of June 30 immediately preceding the computation date;

(d) For the purposes of this section, an employer's "reserve account balance" means the amount of contributions credited to his reserve account as of the computation date, less the benefit charges through June 30 immediately preceding the computation date. If benefits charged to an account exceed contributions credited to the account, the account shall be considered as having a debit balance and a reserve ratio of "less than zero"; and

(e) "Computation date" is July 31 of each calendar year prior to the effective date of new rates of contributions.

➔Section 61. KRS 341.300 is amended to read as follows:

(1) Contributions unpaid on the date on which they are due and payable, as prescribed by the secretary, shall be subject to interest at the rate of one and five-tenths percent (1.5%) per month or fraction thereof, not to exceed ninety percent (90%) of the amount of such contributions, from and after such date until payment is received by the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment~~[,]~~irrespective of whether such delinquency has been reduced to a judgment or not as provided in subsection (2) of this section or is the subject of an administrative appeal or court action. The interest charged for a month, in which the unpaid contributions remain unpaid, shall be considered accrued and therefore due and owing on the first day after the last day of the month in which the balance is due. Such interest shall be paid into the unemployment compensation administration fund.

(2) If, after due notice, any subject employer defaults in any payment of contributions, interest or penalties thereon, the amount due shall be collected by a civil action instituted in the Franklin Circuit Court or the Franklin District Court depending upon the jurisdictional amount in controversy including interest and penalties in the name of the state, and the subject employer adjudged in default shall pay the costs of the action. Civil actions brought under this section shall be heard by the court, without the intervention of a jury, at the earliest possible date, and shall be entitled to preference upon the calendar of the court over all other civil

actions except petitions for judicial review under this chapter and cases arising under the workers' compensation law.

(3) At or after the commencement of an action under subsection (2) of this section, attachment may be had against the property of the liable subject employer for such contributions, interest, and penalties, without the execution of a bond, or after judgment has been entered an execution may be issued against the property of such employer without the execution of a bond.

(4) An action for the recovery of contributions, interest, or penalties under this section shall be barred and any lien therefor shall be canceled and extinguished unless collected or suit for collection has been filed within ten (10) years from the due date of such contributions, except, in the case of the filing of a false or fraudulent report, the contributions due shall not be barred and may at any time be collected by the methods set out in this chapter, including action in a court of competent jurisdiction.

➔Section 62. KRS 341.360 is amended to read as follows:

(1) No worker may be paid benefits for any week of unemployment:

(a) With respect to which a strike or other bona fide labor dispute which caused him to leave or lose his employment is in active progress in the establishment in which he is or was employed, except that benefits may be paid unless the employer notifies the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment, in writing within seven (7) days after the beginning of such alleged strike or labor dispute of the alleged existence of such strike or labor dispute. For the purpose of this subsection, a lockout shall not be deemed to be a strike or a bona fide labor dispute and no worker shall be denied benefits by reason of a lockout;

(b) For which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States, except as otherwise provided by an arrangement between this state and such other state or the United States; but if the appropriate agency of such state or of the United States finally determines that he is not entitled to such unemployment compensation, this subsection shall not apply;

(c) 1. Which, when based on service in an instructional, research, or principal administrative capacity in an institution of higher education as defined in KRS 341.067(2) or in an educational institution as defined in KRS 341.067(4), begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the worker performs such services in the first of such academic years or terms and if there is a contract or a reasonable assurance that the worker will perform such services in any such capacity for any institution or institutions of higher education or an educational institution in the second of such academic years or such terms; or

2. Which, when based on service other than as defined in subparagraph 1. of this paragraph, in an institution of higher education or an educational institution, as defined in KRS 341.067(2) or (4), begins during the period between two (2) successive academic years or terms, if the worker performs such services in the first of such academic years or terms and there is a reasonable assurance that the worker will perform such services in the second of such academic years or terms; except that if benefits are denied to any worker under this paragraph and such worker was not offered an opportunity to perform such services for such institution of higher education or such educational institution for the second of such academic years or terms, such worker shall be entitled to a retroactive payment of benefits for each week for which the worker filed a timely claim for benefits and for which benefits were denied solely by reason of this paragraph; or

3. Which, when based on service in any capacity defined in subparagraphs 1. and 2. of this paragraph, begins during an established and customary vacation period or holiday recess if the worker performs any such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such worker will perform any such services in the period immediately following such vacation period or holiday recess; or

paragraph, the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one (1) or more institutions of higher education or educational institutions;

Notwithstanding any other provision of this paragraph, any benefits paid to a worker based on service other than as defined in subparagraph 1. of this paragraph performed in an institution of higher education as defined in KRS 341.067(2) shall be deemed to have been paid as a result of Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment, error and not recoverable by the cabinet or such institution if such payment is improper by virtue of the retroactive application to October 30, 1983, of subparagraph 2. of this paragraph; or

(2) Benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sport seasons or similar periods and there is a reasonable assurance that such individual will perform such services in the later of such seasons or similar periods.

(3) (a) Benefits shall not be paid on the basis of services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was residing in the United States under color of law at the time such services were performed, including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act.

(b) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(c) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.

➔Section 63. KRS 341.410 is amended to read as follows:

The secretary acting through his duly authorized representatives shall, upon request, determine the insured status of a worker. If a worker is found to have fully insured status, as defined in KRS 341.090(3), the ***Office*** ~~[Division]~~ of Unemployment Insurance shall notify all interested parties. If found to be not fully insured, the division shall notify the worker. The secretary may, at any time, make further determinations as may affect the worker's eligibility for benefits or may set aside, reconsider, modify, or amend a determination at any time on the basis of additional information or to correct a clerical mistake. The secretary may by regulation prescribe what constitutes a determination as used in this section and KRS 341.420(2) and (3). Any further determination made pursuant to this section may be appealed pursuant to KRS 341.420.

➔Section 64. KRS 341.415 is amended to read as follows:

(1) (a) Any person who has received any sum as benefits under this chapter or any other state's unemployment insurance statutes or any United States Department of Labor unemployment insurance benefit program, providing the secretary has signed a reciprocal agreement with such other state or the United States Department of Labor as provided in KRS 341.145, while any condition for the receipt of such benefits was not fulfilled in his case, or while he was disqualified from receiving benefits, or if he has received benefits in weeks for which he later receives a back pay award, shall, in the discretion of the secretary, either have such sum deducted from any future benefits payable to him under this chapter or repay the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment, for the fund a sum equal to the amount so received by him.

(b) If after due notice, the recipient of such sum fails to remit or arrange for remittance of the sum, the sum may be collected in the manner provided in KRS 341.300(2) for collection of past-due contributions and any sums so collected shall be credited to the pooled account or the appropriate reimbursing employer account.

(c) The appropriate reimbursing employer account shall not receive credit for sums collected under this subsection or KRS 341.550(2)(b) if a determination has been made that an improper benefit payment

established after October 21, 2013, was due to the reimbursing employer, or an agent of the employer, in accordance with the provisions of KRS 341.530(4)(a) and (b). The sums collected shall be credited to the pooled account.

(d) If any benefit was paid as a result of office error as defined by administrative regulation, there shall be no recoupment or recovery of an improperly paid benefit, except by deduction from any future benefits payable to him under this chapter. For purposes of this section, overpayments as a result of a reversal of entitlement to benefits in the appeal or review process shall not be construed to be the result of office error.

(2) At or after the commencement of an action under subsection (1) of this section, attachment may be had against property of the recipient of improperly paid benefits in the manner provided in KRS 341.300(3).

(3) A lien on a parity with state, county, and municipal ad valorem tax liens, is hereby created in favor of the office upon all property of any recipient of improperly paid benefits. This lien shall be for a sum equal to the amount of the overpayment finally determined and shall continue until the amount of the overpayment plus any subsequent assessment of additional improperly paid benefits, penalty, interest, and fees are fully paid. The lien shall commence from such time as the recipient has exhausted or abandoned the appeal procedure set forth in this chapter and the amount of the overpayment is finally fixed. A notice of lien may be filed in the same manner as that provided for in KRS 341.310.

(4) Any amount paid to a person as benefits, which he has been found liable to repay or to have deducted from future benefits under subsections (1), (2), and (3) of this section, which has neither been repaid nor so deducted within a period of five (5) years following the last day of the benefit year within which it was paid, may be deemed to be uncollectible and shall be permanently charged to the pooled account, except that if such payment was made by reason of fraudulent representations, no future benefits shall be paid such person within a period of ten (10) years of the last day of the benefit year within which such payments were made at which time these amounts may be declared uncollectible. Nothing in this subsection shall be deemed to affect collection of improperly paid benefits pursuant to a judgment or other legal remedy.

(5) In the event benefits have been paid as a result of a false statement, misrepresentation, or concealment of material information by a recipient of benefits and have not been repaid by the recipient within one (1) calendar year from the date of the first notice, interest at the rate of one and five-tenths percent (1.5%) per month or any part thereof, shall be imposed on and added to the unpaid balance each successive month, providing due notice has been given to the recipient. Such interest shall be paid into the unemployment compensation administration account.

(6) A recipient of benefits paid as a result of a false statement, misrepresentation, or concealment of material information by the recipient shall be assessed a fifteen percent (15%) penalty of the amount of improperly paid benefits. The penalty under this subsection shall be collected in the same manner as improperly paid benefits in this section and paid into the unemployment trust fund.

(7) The deduction from future benefits specified in subsection (1) of this section shall be limited to twenty-five percent (25%) of the benefit amount otherwise payable under this chapter unless the overpayment resulted from a backpay award, false statement, misrepresentation, or concealment of material information by a recipient of benefits. In these instances, the rate of deduction shall be one hundred percent (100%). The rate of deduction from benefits payable by another state or the United States of America shall be determined by the applicable state or federal statute.

➔Section 65. KRS 341.440 is amended to read as follows:

(1) The manner in which appeals are presented and hearings and appeals conducted shall be in accordance with regulations prescribed by the secretary for determining the rights of the parties, and such hearings to be conducted in a summary manner. A complete record shall be kept of all proceedings in connection with any appeal. All testimony at any hearing upon an appeal shall be recorded either stenographically or mechanically, but need not be transcribed unless further appealed. No examiner, referee or member of the commission shall participate in any hearing in which he is an interested party.

(2) Witnesses subpoenaed pursuant to proceedings under KRS 341.420 and 341.430 shall be allowed fees in accordance with rates allowed by law. Such fees and all expenses of proceedings before the Office of ***Unemployment Insurance***~~[Employment and Training]~~, Department of Workforce Investment, or commission involving disputed claims shall be deemed a part of the expense of administering this chapter.

(3) In the absence of an appeal therefrom, decisions of the commission shall become final twenty (20) days after the date they are made.

➔Section 66. KRS 341.470 is amended to read as follows:

(1) No agreement by a worker to waive, release, or commute his rights to benefits or any other rights under this chapter shall be valid. No agreement by any worker to pay any portion of a subject employer's contributions, required under this chapter from such subject employer, shall be valid. No subject employer shall directly or indirectly make or require or accept any deductions from wages to finance the subject employer's contributions required of him. In cases involving awards to a worker by an arbitrator, court, or other administrative body or mediator, the secretary may require the employer to withhold benefits paid under this chapter from the award and pay the amount withheld into the unemployment insurance trust fund. All subject employers are required to notify the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment, prior to paying any back pay award.

(2) No worker claiming benefits shall be charged fees of any kind in any proceeding under this chapter by the commission, the secretary, or his or her representatives. Any worker claiming benefits in any proceeding before a referee or the commission may represent himself or herself or may be represented by counsel or other agent duly authorized by such worker and shall be afforded the opportunity to participate in the proceeding without restriction; but no counsel or agent shall either charge or receive for such service more than an amount approved by the commission.

(3) (a) Any employer in any proceeding before a referee or the commission may represent himself or may be represented by counsel or other agent duly authorized by such employer; and

(b) Any person appearing in any proceeding before a referee or the commission who is an officer of, or who regularly performs in a managerial capacity for, a corporation or partnership which is a party to the proceeding in which the appearance is made shall be permitted to represent such corporation or partnership and shall be afforded the opportunity to participate in the proceeding without restriction.

(4) No assignment, pledge, or encumbrance of any right to benefits due or payable under this chapter shall be valid; and such rights to benefits shall be exempt from levy, execution, attachment, or any other remedy for the collection of debt. Benefits received by any worker, as long as they are not mingled with other funds of the recipient, shall be exempt from any remedy for the collection of all debts except debts incurred for necessaries furnished to such worker or his spouse or dependents during the time such worker was unemployed. No waiver of any exemption provided for in this subsection shall be valid.

(5) The provisions of this section shall not be applicable to child support deductions made in accordance with KRS 341.392 and withholding for federal and state income tax in accordance with KRS 341.395.

➔Section 67. KRS 341.530 is amended to read as follows:

(1) The Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment, shall maintain a reserve account for each subject employer making contributions to the fund and a reimbursing employer account for each subject employer making payment in lieu of contributions, and shall, except as provided in KRS 341.590, credit to such account the total amount of all contributions or benefit reimbursement paid by the employer on his own behalf. Nothing in this section or elsewhere in this chapter shall be construed to grant any employer or individual who is or was in his employ prior claims or rights to the amounts paid by him into the fund.

(2) Except as provided in subsection (3) of this section, all regular benefits paid to an eligible worker in accordance with KRS 341.380 plus the extended benefits paid in accordance with KRS 341.700 to 341.740, subject to the provisions of paragraphs (a) and (b) of this subsection, shall be charged against the reserve account or reimbursing employer account of his most recent employer. No employer shall be deemed to be the most recent employer unless the eligible worker to whom benefits are payable shall have worked for such employer in each of ten (10) weeks whether or not consecutive back to the beginning of the worker's base period.

(a) Subject employers, which are not governmental entities as defined in KRS 341.069, shall be charged one-half (1/2) of the extended benefits paid in accordance with KRS 341.700 to 341.740; and

(b) Subject employers which are governmental entities, as defined in KRS 341.069, shall be charged for all extended benefits paid in accordance with KRS 341.700 to 341.740 for compensable weeks occurring on or after January 1, 1979, and for one-half (1/2) of the extended benefits paid for compensable weeks occurring prior to such date.

(3) Notwithstanding the provisions of subsection (2) of this section, benefits paid to an eligible worker and chargeable to a contributing employer's reserve account under such subsection shall be charged against the pooled account if such worker was discharged by such employer for misconduct connected with his most recent work for such employer, voluntarily left his most recent work with such employer without good cause attributable to the employment, or the employer has continued to provide part-time employment and wages, without interruption, to the same extent that was provided from the date of hire, and the employer within a reasonable time, as prescribed by regulation of the secretary, notifies the office, in writing, of the alleged voluntary quitting, discharge for misconduct or continuing part-time employment; provided, however, that no employer making payments to the fund in lieu of contributions shall be relieved of charges by reason of this subsection.

(4) Notwithstanding the provisions of subsection (3) of this section, no contributing employer's reserve account shall be relieved of any charges for benefits relating to an improper benefit payment to a worker established after October 21, 2013, if:

(a) The improper benefit payment was made because the employer, or an agent of the employer, was at fault for failing to respond timely or adequately to the request of the secretary for information relating to a claim for benefits; and

(b) The employer, or an agent of the employer, has a pattern of failing to respond timely or adequately to requests under paragraph (a) of this subsection. For purposes of this paragraph, a "pattern of failing" means at least six (6) failures occur in a calendar year or the failure to respond to two percent (2%) of such requests in a calendar year, whichever is greater.

(5) Any determination under subsection (4) of this section shall be transmitted to the last known physical or electronic address provided by the employer and may be appealed in accordance with the provisions of KRS 341.420(2).

(6) Each subject employer's reserve account or reimbursing account shall, unless terminated as of the computation date (as defined in subsection (5) of KRS 341.270), be charged with all benefits paid to eligible workers which are chargeable to such reserve account or reimbursing account under subsection (2) of this section. A subject employer's reserve account or reimbursing account shall be deemed to be terminated if he has ceased to be subject to this chapter, and his account has been closed and any balance remaining therein has been transferred to the fund's pooled account or to a successor's account as provided in KRS 341.540 or has been refunded if the employer is a reimbursing employer.

(7) Notwithstanding subsection (1) of this section, two (2) or more nonprofit (Internal Revenue Code sec. 501(c)(3) organizations may jointly request the secretary to establish a group reserve account or reimbursing account for such nonprofit organizations. Two (2) or more governmental entities may jointly request the secretary to establish a group reserve account or reimbursing account, and once established, such account shall remain in effect at least two (2) calendar years and thereafter until either dissolved at the discretion of the secretary or upon filing application for dissolution by the group members. Each member of a group shall be jointly and severally liable for all payments due under this chapter from each or all of such group members. The secretary shall prescribe such procedures as he deems necessary for the establishment, maintenance, and dissolution of a group reserve account or reimbursing account.

(8) Any subject contributing employer may at any time on or before December 31, 2011, make voluntary payments to the fund, additional to the contributions required under KRS 341.260 and 341.270. Effective January 1, 2012, any subject contributing employer with a negative reserve account balance may make voluntary payments to the fund every other calendar year, in addition to the contributions required under KRS 341.260 and 341.270. Notwithstanding any other provision of this chapter, contributions paid on or before the computation date and voluntary payments made within twenty (20) days following the mailing of notices of new rates shall be credited to an employer's reserve account as of the computation date, provided no voluntary payments shall be used in computing an employer's rate unless the payment is made prior to the expiration of one hundred and twenty (120) days after the beginning of the year for which the rate is effective. Voluntary payments by any employer shall not exceed any negative balance they may have in their reserve account as of the computation date. Any employer who is delinquent in the payment of contributions, penalties, or interest as of the computation date shall be entitled to make voluntary payments only after the amount of the delinquency is paid in full.

➔Section 68. KRS 341.540 is amended to read as follows:

(1) As used in this section, unless the context clearly requires otherwise:

(a) "Substantially common" or "substantially the same" means that there is identifiable or demonstrative commonality or similarity of ownership, familial relationships, principals or corporate officers, day-to-day operations, assets and liabilities, and stated business;

(b) "Trade" or "business" includes but is not limited to a commercial enterprise or establishment; any entity engaged in the supplying, production, or manufacturing of goods, commodities, or services; any entity engaged in commerce, sale for profit, or the providing of goods, personnel, or services;

(c) "Knowingly" means having actual knowledge of, or acting with deliberate ignorance or disregard for, the prohibition involved;

(d) "Violates" or "attempts to violate" includes, but is not limited to, intended evasion, misrepresentation, or willful nondisclosure; and

(e) "Person" has the same meaning as in Section 7701(a)(1) of the Internal Revenue Code.

(2) (a) For the purpose of this chapter, if a subject employer transfers all or part of its trade or business, the acquiring employing unit shall be deemed a successor if the transfer is in accordance with administrative regulations promulgated by the secretary, or if there is substantially common ownership, management, or control of the subject employer and employing unit. If an employing unit is deemed a successor, the transferring employing unit shall be deemed a predecessor.

(b) For the purpose of this chapter, if a nonsubject employer acquires all or part of the trade or business of a subject employer, the nonsubject employer shall file an application with the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment to establish an unemployment reserve account within forty-five (45) days of employing personnel. The application will be considered and processed in accordance with administrative regulations promulgated by the secretary and shall require information necessary to determine whether the nonsubject employer is a successor of the subject employer and to establish an initial unemployment contribution rate for the employer. Factors to be considered in the determination of successorship and the fixing of the initial rate shall include but not be limited to the nonsubject employer's prior unemployment claims history, benefit charges, historical rate charges, and payment penalties assessed in the previous five (5) years, in addition to the factors set forth in subsection (6)(b) of this section. After consideration of these factors, and others that the applicant may submit in justification of an initial rate determination, the secretary shall set an appropriate contribution rate. Any determinations of initial unemployment contribution rates made pursuant to this subsection shall not be effective prior to January 1, 2018.

(3) (a) Notwithstanding subsection (2)(b) of this section, any successor to the trade or business of a subject employer shall assume the resources and liabilities of the predecessor's reserve account, including interest, and shall continue the payment of all contributions and interest due under this chapter, except that the successor shall not be required to assume the liability of any delinquent contributions and interest of a predecessor or predecessors unless the cabinet notifies the successor of the delinquency within six (6) months after the department has notice of the succession; and

(b) Any nonsubject employer that is deemed a successor in whole or part shall be allowed to make a one (1) time voluntary payment to pay off or reduce the negative reserve assumed from the predecessor. This payment shall be made within sixty (60) days of receipt of the first notice of a negative predecessor reserve account. This one (1) time voluntary payment cannot exceed the amount of negative reserve assumed by the successor.

(4) The liability for delinquent contributions and interest imposed upon the successor by subsection (3) of this section shall be secondary to the liability of the predecessor or predecessors, and if the delinquency has been reduced to judgment, the order of execution on the judgment shall be as follows:

(a) Against the assets, both real and personal, of the predecessor or predecessors;

(b) Against the assets, both real and personal, of the business acquired; and

(c) Against the assets, both real and personal, of the successor or acquirer.

(5) (a) Notwithstanding the provisions of subsection (3) of this section, any successor to a portion of the trade or business of a subject employer, who is, or by reason of the transfer becomes, a subject employer, shall assume the resources and liabilities of the predecessor's reserve account in proportion to the percentage of the payroll or employees assignable to the transferred portion. In calculating the transferred portion, the secretary shall utilize the last four (4) calendar quarters preceding the date of

transfer for workers employed by the successor subsequent to that date. The taxable payroll, benefit charges and the potential benefit charges shall be assumed by the successors in a like proportion.

(b) Notwithstanding the provisions of paragraph (a) of this subsection, if any employing unit succeeds to a portion of the trade or business of another employing unit; becomes, by reason of that succession, a subject employer with substantially the same ownership, management, or control as the predecessor employing unit; and lays off or terminates more than one-half (1/2) of the original employees transferred within six (6) months of the date of transfer; then the succession and creation of the new employing unit shall be voided, and the benefits attributable to the lay-offs or terminations shall be charged to the reserve account of the original employing unit.

(6) (a) The contribution rate of a successor in whole or in part, which was a subject employer prior to succession, shall not be affected by the transfer of the reserve account for the remainder of the rate year in which succession occurred; except that the rate of the successor shall be recalculated and made effective upon the first day of the calendar quarter immediately following the date of the transfer if there is substantially common ownership, management, or control of the predecessor and successor.

(b) The contribution rate of a successor in whole or in part, which was not a subject employer prior to succession, shall be determined by a review of the application required by subsection (2)(b) of this section, except if the secretary finds, after a thorough investigation based on the use of objective factors, including but not limited to:

1. The cost of acquiring the business;

2. How long the original business enterprise was continued; and

3. Whether a substantial number of new employees were hired for performance of duties unrelated to the business activity prior to acquisition;

that the succession was solely for the purpose of obtaining a rate lower than that prescribed in KRS 341.270(1) and 341.272 for a new employing unit, then the unemployment experience of the predecessor shall not be transferred, the rate for a new employing unit shall be assigned, and the employing unit shall be otherwise deemed a successor for the purpose of KRS 341.070(7) and subsection (3) of this section.

(c) The contribution rate for a successor which becomes a subject employer through the simultaneous transfer, either in whole or in part, of two (2) or more predecessor reserve accounts shall be the rate determined in accordance with the provisions of KRS 341.270, by combining the reserve accounts succeeded to as of the computation date for determining rates for the calendar year in which succession occurred.

(d) The contribution rate of a successor which succeeds, either in whole or in part, to a predecessor's reserve account after a computation date, but prior to the beginning of the calendar year immediately following that computation date, shall be the rate determined in accordance with KRS 341.270, by effecting the transfer of the reserve account as of the computation date immediately preceding the date of succession.

(7) Notwithstanding KRS 341.270, the contribution rate for an employing unit that knowingly violates or attempts to violate the provisions of this section or any other provision of the chapter related to determining the assignment of a contribution rate shall be the highest rate assignable under this chapter for the calendar year during which the violation or attempted violation occurred and the three (3) calendar years immediately following that year. If that employer's rate is already at the highest assignable rate, or if the amount of increase in the employer's rate would be less than an additional two percent (2%) for that year, then a penalty rate of contributions of an additional two percent (2%) of taxable wages shall be imposed for each year.

(8) In addition to the penalties prescribed in subsection (7) of this section and KRS 341.990(9), any person who knowingly violates this section shall be subject to the penalties stipulated under KRS 341.990.

(9) (a) The secretary shall establish procedures to identify the transfer of a business for purposes of this section.

(b) The secretary shall have the authority and discretion to set an initial contribution rate upon the providing of justification by a subject employer and consideration of relevant factors, including but not limited to the factors set forth in subsections (2) and (6)(a) of this section.

➔Section 69. KRS 341.990 is amended to read as follows:

(1) Except as otherwise provided in subsection (11) of this section, any employee of any state agency who violates any of the provisions of KRS 341.110 to 341.230 shall be guilty of a Class B misdemeanor.

(2) Any person subpoenaed to appear and testify or produce evidence in an inquiry, investigation, or hearing conducted under this chapter who fails to obey the subpoena shall be guilty of a Class B misdemeanor.

(3) Any subject employer, or officer or agent of a subject employer, who violates subsection (1) of KRS 341.470 shall be guilty of a Class A misdemeanor.

(4) Any person who violates subsection (2) of KRS 341.470 shall be guilty of a Class A misdemeanor.

(5) Any person who knowingly makes a false statement or representation of a material fact or knowingly fails to disclose a material fact to the secretary to obtain or increase any benefit under this chapter or under an employment security law of any other state, or of the federal government, either for himself or for any other person, business entity, or organization shall be guilty of a Class A misdemeanor unless the value of the benefits procured or attempted to be procured is one hundred dollars ($100) or more, in which case he shall be guilty of a Class D felony.

(6) (a) Any person who knowingly makes a false statement or representation, or who knowingly fails to disclose a material fact to prevent or reduce the payment of benefits to any worker entitled thereto, or to avoid becoming or remaining subject to this chapter, or to avoid or reduce any payment required of an employing unit under this chapter shall be guilty of a Class A misdemeanor unless the liability avoided or attempted to be avoided is one hundred dollars ($100) or more, in which case he shall be guilty of a Class D felony.

(b) Any person who willfully fails or refuses to furnish any reports required, or to produce or permit the inspection or copying of records required in this chapter shall be guilty of a Class B misdemeanor. Each such false statement, representation or failure and each day of failure or refusal shall constitute a separate offense.

(7) In any prosecution for the violation of subsection (5) or (6) of this section, it shall be a defense if the person relied on the advice of an employee or agent of the Office of ***Unemployment Insurance*** ~~[Employment and Training]~~, Department of Workforce Investment.

(8) Any person who willfully violates any provision of this chapter or any rule or regulation under it, the violation of which is made unlawful or the observance of which is required under the terms of this chapter, and for which no specific penalty is prescribed in this chapter or in any other applicable statute, shall be guilty of a violation. Each day the violation continues shall constitute a separate offense.

(9) In addition to the higher rates imposed under KRS 341.540(7), any person, whether or not an employing unit, who knowingly advises or assists an employing unit in the violation or attempted violation of KRS 341.540 or any other provision of this chapter related to determining the assignment of a contribution rate shall be subject to a civil monetary penalty of not less than five thousand dollars ($5,000).

(10) Proceeds from all penalties imposed under subsection (9) of this section and KRS 341.540 shall be deposited in the unemployment compensation administration account and shall be expended solely for the cost of administration of this chapter consistent with KRS 341.240.

(11) Any person who violates the confidentiality provision in KRS 341.190(4) shall be guilty of a Class A misdemeanor.

➔Section 70. KRS 342.0011 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Injury" means any work-related traumatic event or series of traumatic events, including cumulative trauma, arising out of and in the course of employment which is the proximate cause producing a harmful change in the human organism evidenced by objective medical findings. "Injury" does not include the effects of the natural aging process, and does not include any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury;

(2) "Occupational disease" means a disease arising out of and in the course of the employment;

(3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence;

(4) "Injurious exposure" shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which the claim is made;

(5) "Death" means death resulting from an injury or occupational disease;

(c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability rating and has a complete and permanent inability to perform any type of work as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:

1. Total and permanent loss of sight in both eyes;

2. Loss of both feet at or above the ankle;

3. Loss of both hands at or above the wrist;

4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;

6. Incurable insanity or imbecility; or

7. Total loss of hearing;

(12) "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits;

of employment from persons other than the employer as evidenced by the employee's federal and state tax returns;

(18) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting, and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with the farm operations, including the sale of produce at on-site markets and the processing of produce for sale at on-site markets. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market;

(19) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter;

(20) "United States," when used in a geographic sense, means the several states, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States;

(21) "Alien" means a person who is not a citizen, a national, or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien;

(22) "Insurance carrier" means every insurance carrier or insurance company authorized to do business in the Commonwealth writing workers' compensation insurance coverage and includes the Kentucky Employers Mutual Insurance Authority and every self-insured group operating under the provisions of this chapter;

Severance or processing of coal shall not include acts performed by a final consumer if the acts are performed at the site of final consumption.

(b) "Engaged in severance or processing of coal" shall include all individuals, partnerships, limited partnerships, limited liability companies, corporations, joint ventures, associations, or any other business entity in the Commonwealth which has employees on its payroll who perform any of the acts stated in paragraph (a) of this subsection, regardless of whether the acts are performed as owner of the coal or on a contract or fee basis for the actual owner of the coal. A business entity engaged in the severance or processing of coal, including but not limited to administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time;

(24) "Premium" for every self-insured group means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all membership dues, fees, or other payments by members of the group to associations or other entities used for underwriting, claims handling, loss control, premium audit, actuarial, or other services associated with the maintenance or operation of the self-insurance group;

(25) (a) "Premiums received" for policies effective on or after January 1, 1994, for insurance companies means direct written premiums as reported in the annual statement to the Department of Insurance by insurance companies, except that "premiums received" includes premiums charged off or deferred, and, on insurance policies or other evidence of coverage with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. For policies with provisions for deductibles with

effective dates on or after January 1, 1995, assessments shall be imposed on premiums received as calculated by the deductible program adjustment. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

(b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. For policies with provisions for deductibles with effective dates on or after January 1, 1995, assessments shall be imposed as calculated by the deductible program adjustment. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

(d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors.

(e) "Deductible program adjustment" means calculating premium and premiums received on a gross basis without regard to the following:

1. Schedule rating modifications, debits, or credits;

2. Deductible credits; or

3. Modifications to the cost of coverage from inception through and including any audit that are based on negotiated retrospective rating arrangements, including but not limited to large risk alternative rating options;

(26) "Insurance policy" for an insurance company or self-insured group means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year;

(27) "Self-insurance year" for a self-insured group means the annual period of certification of the group created pursuant to KRS 342.350(4) and 304.50-010;

(28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the commissioner using generally-accepted actuarial methods as follows:

(a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The commissioner shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the commissioner. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period;

(b) The commissioner shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the department and from the records of the ***Department of Workforce Investment*** ~~[Office of Employment and Training]~~, Education and Workforce Development Cabinet. The commissioner shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period;

(c) The commissioner shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the department and the ***Department of Workforce Investment*** ~~[Office of Employment and Training]~~ data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122;

(d) For November 1, 1987, through December 31, 1988, premium for each employer carrying its own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying its own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews its application for certification to carry its own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the commissioner, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification;

(e) If an employer having fewer than five (5) years of doing business in this state applies to carry its own risk and is so certified, its premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then its premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the commissioner pursuant to KRS 342.340(1);

(f) If an employer is certified to carry its own risk after having previously insured the risk, its premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry its own risk and has paid all amounts due for assessments upon premiums paid while insured, the employer shall be assessed only upon the premium calculated under this subsection;

(g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection; and

(h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents ($0.30) per one hundred dollars ($100) of the employer's most recent annualized payroll for employees covered by this chapter;

(29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget;

(30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System;

(31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits;

(32) "Physician" means physicians and surgeons, psychologists, optometrists, dentists, podiatrists, and osteopathic and chiropractic practitioners acting within the scope of their license issued by the Commonwealth;

(33) "Objective medical findings" means information gained through direct observation and testing of the patient applying objective or standardized methods;

(34) "Work" means providing services to another in return for remuneration on a regular and sustained basis in a competitive economy;

(35) "Permanent impairment rating" means percentage of whole body impairment caused by the injury or occupational disease as determined by the "Guides to the Evaluation of Permanent Impairment";

(36) "Permanent disability rating" means the permanent impairment rating selected by an administrative law judge times the factor set forth in the table that appears at KRS 342.730(1)(b); and

(37) "Guides to the Evaluation of Permanent Impairment" means, except as provided in KRS 342.262:

(a) The fifth edition published by the American Medical Association; and

(b) For psychological impairments, Chapter 12 of the second edition published by the American Medical Association.

➔Section 71. KRS 342.122 is amended to read as follows:

(1) (a) For calendar year 1997 and for each calendar year thereafter, for the purpose of funding and prefunding the liabilities of the special fund, financing the administration and operation of the Kentucky Workers' Compensation Funding Commission, and financing the expenditures for all programs in the Labor Cabinet, except the ~~[Division of Apprenticeship and]~~Division of Wages and Hours in the Department of Workplace Standards, as reflected in the enacted budget of the Commonwealth and enacted by the General Assembly, the funding commission shall impose a special fund assessment rate of nine percent (9%) upon the amount of workers' compensation premiums received on and after January 1, 1997, through December 31, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying his or her own risk.

(b) The funding commission shall, for calendar year 1998 and thereafter, establish for the special fund an assessment rate to be assessed against all premium received during that calendar year which shall produce enough revenue to amortize on a level basis the unfunded liability of the special fund as of June 30 preceding January 1 of each year, for the period remaining until December 31, 2029. The interest rate to be used in this calculation shall reflect the funding commission's investment experience to date and the current investment policies of the commission. This assessment shall be imposed upon the amount of workers' compensation premiums received by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011,

of every employer carrying its own risk. On or before October 1 of each year, the commission shall notify each insurance carrier writing workers' compensation insurance in the Commonwealth, every group of self-insured employers, and each employer carrying its own risk, of the rates which shall become effective on January 1 of each year, unless modified by the General Assembly.

(c) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission.

(d) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on workers' compensation premiums.

(2) (a) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received. Receipt shall be considered timely through actual physical receipt or by postmark of the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(b) Beginning on January 1, 2020, all assessments shall be electronically remitted to the funding commission quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received. Receipt shall be considered timely when filed and remitted using the appropriate electronic pay system as prescribed by the funding commission. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(3) The assessments imposed by this section may be collected by the insurance carrier from the insured. However, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. If the insurance carrier collects the assessment from an insured, the assessment shall be collected at the same time and in the same proportion as the premium is collected. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages imposed by this chapter. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. The percentages imposed by this chapter for an insurance policy issued by an insurance company shall be those percentages in effect on the annual effective date of the policy, regardless of the date that the premium is actually received by the insurance company.

(4) A self-insured group may elect to report its premiums and to have its assessments computed in the same manner as insurance companies. This election may not be rescinded for at least ten (10) years, nor may this election be made a second time for at least another ten (10) years, except that the board of directors of the funding commission may, at its discretion, waive the ten (10) year ban on a case-by-case basis after formal petition has been made to the funding commission by a self-insured group.

(5) The funding commission, as part of the collection and auditing of the special fund assessments required by this section, shall annually require each insurance carrier and each self-insured group to provide a list of employers which it has insured or which are members and the amount collected from each employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or self-insured group may require its insureds or members to furnish the SIC code for each of their employees. However, the failure of any employer to furnish said codes shall not relieve the insurance carrier or self-insured group from the obligation to furnish same to the funding commission. The ***Department of Workforce Investment***~~[Office of Employment and Training]~~, Education and Workforce Development Cabinet, is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.

(6) Each self-insured employer, self-insured group, or insurance carrier shall provide any information and submit any reports the Department of Revenue or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.

(7) The special fund shall be required to maintain a central claim registry of all claims to which it is named a party, giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. The registry shall be established by January 26, 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund.

(8) The fund heretofore designated as the subsequent claim fund is abolished, and there is substituted therefor the special fund as set out by this section, and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

(9) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.

(10) All assessment rates imposed for periods prior to January 1, 1997, under KRS 342.122 shall forever remain applicable to premiums received on policies with effective dates prior to January 1, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provision of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying its own risk.

➔Section 72. KRS 342.710 is amended to read as follows:

(1) One of the primary purposes of this chapter shall be restoration of the injured employee to gainful employment, and preference shall be given to returning the employee to employment with the same employer or to the same or similar employment.

(2) The commissioner shall continuously study the problems of rehabilitation, both physical and vocational, and shall investigate and maintain a directory of all rehabilitation facilities, both private and public.

(3) An employee who has suffered an injury covered by this chapter shall be entitled to prompt medical rehabilitation services for whatever period of time is necessary to accomplish physical rehabilitation goals which are feasible, practical, and justifiable. When as a result of the injury he or she is unable to perform work for which he or she has previous training or experience, he or she shall be entitled to such vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore him or her to suitable employment. In all such instances, the administrative law judge shall inquire whether such services have been voluntarily offered and accepted. The administrative law judge on his or her own motion, or upon application of any party or carrier, after affording the parties an opportunity to be heard, may refer the employee to a qualified physician or facility for evaluation of the practicability of, need for, and kind of service, treatment, or training necessary and appropriate to render him or her fit for a remunerative occupation. Upon receipt of such report, the administrative law judge may order that the services and treatment recommended in the report, or such other rehabilitation treatment or service likely to return the employee to suitable, gainful employment, be provided at the expense of the employer or its insurance carrier. Vocational rehabilitation training, treatment, or service shall not extend for a period of more than fifty-two (52) weeks, except in unusual cases when by special order of the administrative law judge, after hearing and upon a finding, determined by sound medical evidence which indicates such further rehabilitation is feasible, practical, and justifiable, the period may be extended for additional periods.

(4) Where rehabilitation requires residence at or near the facility or institution, away from the employee's customary residence, reasonable cost of his or her board, lodging, or travel shall be paid for by the employer or its insurance carrier.

(5) Refusal to accept rehabilitation pursuant to an order of an administrative law judge shall result in a fifty percent (50%) loss of compensation for each week of the period of refusal.

(6) The commissioner shall cooperate on a reciprocal basis with the Office of Vocational Rehabilitation and the ***Department of Workforce Investment***~~[Office of Employment and Training]~~ of the Education and Workforce Development Cabinet. In the event medical treatment, medical rehabilitation services, or vocational rehabilitation services are purchased for an injured employee by the Office of Vocational Rehabilitation or ***Department of Workforce Investment***~~[Office of Employment and Training]~~ following the refusal by the employer or its insurance carrier to provide such services, the administrative law judge, after affording the parties an opportunity to be heard, may order reimbursement of the cost of such treatment or services by the employer or its insurance carrier as apportioned in the award. This section shall not be interpreted to require mandatory evaluation of employees based on length of disability. Any administrative regulations promulgated

pursuant to this section that require mandatory referral to a qualified rehabilitation counselor shall expire on April 4, 1994.

(7) An employee who is enrolled and participating in a program of rehabilitation training pursuant to this section may elect to receive an acceleration of benefits as awarded under KRS 342.730. Such acceleration shall be available to the employee during the period of retraining, but in no event shall be paid in a weekly amount greater than sixty-six and two-thirds percent (66-2/3%) of the average weekly wage upon which the award is based, not to exceed one hundred percent (100%) of the state average weekly wage. Upon successful completion of the rehabilitation program, the total of all accelerated benefits paid shall be deducted on a dollar-for-dollar basis, without discount, from weekly benefits otherwise due the employee subject to the maximum amount of the award. Such remaining benefits, if any, shall then be divided by the number of weeks remaining payable under the award, and that amount shall be the weekly benefit due the employee. If a program of rehabilitation training is terminated by the employee prior to completion, all sums paid on an accelerated basis shall be discounted at the rate set forth in KRS 342.265 and then deducted on a dollar-for-dollar basis from weekly benefits otherwise due the employee subject to the maximum amount of the award. Such remaining benefits, after the discount, shall be divided by the number of weeks remaining payable under the award, and that amount shall be the weekly benefit due the employee. In no event shall this subsection be construed as requiring payment of benefits in excess of the total of those benefits which would otherwise be payable under the award.

➔Section 73. KRS 342.732 is amended to read as follows:

(1) Notwithstanding any other provision of this chapter, income benefits and retraining incentive benefits for occupational pneumoconiosis resulting from exposure to coal dust in the severance or processing of coal shall be paid as follows:

(a) 1. If an employee has a radiographic classification of category 1/0, 1/1 or 1/2, coal workers' pneumoconiosis and spirometric test values of eighty percent (80%) or more, the employee shall be awarded a one (1) time only retraining incentive benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined by KRS 342.740, but not more than seventy-five percent (75%) of the state average weekly wage, payable semimonthly for a period not to exceed one hundred four (104) weeks, except as provided in subparagraph 3. of this paragraph.

2. Except as provided in subparagraph 3. of this paragraph, these benefits shall be paid only while the employee is enrolled and actively and successfully participating as a full-time student taking the equivalent of twelve (12) or more credit hours per week in a bona fide training or education program that if successfully completed will qualify the person completing the course for a trade, occupation, or profession and which program can be completed within the period benefits are payable under this subsection. The program must be approved under administrative regulations to be promulgated by the commissioner. These benefits shall also be paid to an employee who is a part-time student taking not less than the equivalent of six (6) nor more than eleven (11) credit hours per week, except that benefits shall be an amount equal to thirty-three and one-third percent (33-1/3%) of the employee's average weekly wage as determined by KRS 342.740, but not more than thirty-seven and one-half percent (37-1/2%) of the state average weekly wage, payable biweekly for a period not to exceed two hundred eight (208) weeks.

3. These benefits shall also be paid biweekly while an employee is actively and successfully pursuing a High School Equivalency Diploma in accordance with administrative regulations promulgated by the commissioner. These benefits shall be paid in the amount of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage not to exceed seventy-five percent (75%) of the state average weekly wage for a maximum period not to exceed seventeen (17) weeks. These income benefits shall be in addition to the maximum amount of retraining incentive benefits payable under this paragraph.

4. The employer shall also pay, directly to the institution conducting the training or education program, instruction, tuition, and material costs not to exceed five thousand dollars ($5,000).

5. The employee shall notify the parties of his or her intention to retrain within thirty (30) days after the administrative law judge's order becomes final. The employee must initiate retraining within three hundred sixty-five (365) days of the administrative law judge's final order. Income benefits payable under subparagraphs 1. and 2. of this paragraph shall begin no later than thirty (30) days following conclusion of income benefits paid under subparagraph 3. if such benefits were paid.

6. If an employee who is awarded retraining incentive benefits under this paragraph successfully completes a bona fide training or education program approved by the commissioner, upon completion of the training or education program, the employer shall pay to that employee the sum of five thousand dollars ($5,000) for successful completion of a program that requires a course of study of not less than twelve (12) months nor more than eighteen (18) months, or the sum of ten thousand dollars ($10,000) for successful completion of a program that requires a course of study of more than eighteen (18) months. This amount shall be in addition to retraining incentive benefits awarded under this paragraph, and tuition expenses paid by the employer.

7. An employee who is age fifty-seven (57) years or older on the date of last exposure and who is awarded retraining incentive benefits under subparagraphs 1. to 4. of this paragraph, may elect to receive in lieu of retraining incentive benefits, an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage, not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of twenty-five percent (25%) for a period not to exceed four hundred twenty-five (425) weeks, or until the employee reaches sixty-five (65) years of age, whichever occurs first, KRS 342.730(4) notwithstanding.

8. A claim for retraining incentive benefits provided under this section may be filed, but benefits shall not be payable, while an employee is employed in the severance or processing of coal as defined in KRS 342.0011(23).

9. If an employer appeals an award of retraining incentive benefits, upon an employee's motion, an administrative law judge may grant retraining incentive benefits pending appeal as interlocutory relief.

10. If an employee elects to defer payment of retraining incentive benefits for a period of retraining longer than three hundred sixty-five (365) days, benefits otherwise payable shall be reduced week-for-week for each week retraining benefits are further deferred;

(b) 1. If an employee has a radiographic classification of category 1/0, 1/1, or 1/2 coal workers' pneumoconiosis and respiratory impairment evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, or category 2/1, 2/2, or 2/3 coal workers' pneumoconiosis and spirometric test values of eighty percent (80%) or more of the predicted normal values, there shall be an irrebuttable presumption that the employee has a disability rating of twenty-five percent (25%) resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage, but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of twenty-five percent (25%). The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks.

2. An employee who is awarded benefits under this paragraph may, at the time of the award or before benefit payments begin, elect to receive retraining incentive benefits provided under paragraph (a)1. to 6. of this subsection, in lieu of income benefits awarded under this paragraph, provided that such option is available one (1) time only and is not revocable, and provided that in no event shall income benefits payable under this paragraph be stacked or added to retraining incentive income benefits paid or payable under subparagraphs 1. to 6. of paragraph (a)1. to 6. of this subsection to extend the period of disability;

(c) If it is determined that an employee has a radiographic classification of category 1/0, 1/1, or 1/2, and respiratory impairment resulting from exposure to coal dust as evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values, or category 2/1, 2/2, or 2/3 coal workers' pneumoconiosis and respiratory impairment evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, or category 3/2 or 3/3 coal workers' pneumoconiosis and spirometric test values of eighty percent (80%) or more, there shall be an irrebuttable presumption that the employee has a disability rating of fifty percent (50%) resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of fifty percent (50%). The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks;

(d) If it is determined that an employee has a radiographic classification of category 2/1, 2/2, or 2/3 coal workers' pneumoconiosis, based on the latest ILO International Classification of Radiographics, and respiratory impairment as evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values or category 3/2 or 3/3 pneumoconiosis and respiratory impairment evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, there shall be an irrebuttable presumption that the employee has a seventy-five percent (75%) disability rating resulting from exposure to coal dust and the employee shall be awarded income benefits which shall be equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of seventy-five percent (75%). The award shall be payable for a period not to exceed five hundred twenty (520) weeks. Income benefits awarded under this paragraph shall be payable to the employee during the disability; and

(e) If it is determined that an employee has radiographic classification of 3/2 or 3/3 occupational pneumoconiosis and respiratory impairment evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values, or complicated pneumoconiosis (large opacities category A, B, or C progressive massive fibrosis), there shall be an irrebuttable presumption that the employee is totally disabled resulting from exposure to coal dust, and the employee shall be awarded income benefits equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the average weekly wage of the state as determined by KRS 342.740. Income benefits awarded under this paragraph shall be payable to the employee during such disability.

(2) The presence of respiratory impairment resulting from exposure to coal dust shall be established by using the largest forced vital capacity (FVC) value or the largest forced expiratory volume in one second (FEV1) value determined from the totality of all such spirometric testing performed in compliance with accepted medical standards.

(3) When valid spirometric tests are not provided and a physician certifies to the administrative law judge that spirometric testing is not medically indicated because of the permanent physical condition of the employee, the administrative law judge shall make his or her decision on the basis of evidence admitted which establishes the existence of a diagnosis of occupational pneumoconiosis and respiratory impairment due to the occupational pneumoconiosis. The evidence submitted by the employee shall include one (1) or more arterial blood gas studies performed in accordance with accepted medical standards. Income benefits shall not be awarded in the absence of valid spirometric tests if the claimant's PO2 arterial blood gas value is equal to or higher than one (1) standard deviation from the normal value obtained by the formula (103.5 - 0.42X), where X equals the claimant's age at the time of the arterial blood gas study.

(4) Upon request, the commissioner shall refer an employee who has been awarded retraining incentive benefits under subsection (1)(a) of this section to the Office of Vocational Rehabilitation for evaluation and assessment of the training, education, or other services necessary to prepare the employee for a trade, occupation, or profession that will return the employee to remunerative employment, or services necessary and appropriate to prepare and enable the employee to successfully complete a bona fide training or education program approved by the commissioner. The commissioner shall contract with the Office of Vocational Rehabilitation to provide vocational rehabilitation or education services commensurate with the skill levels and abilities of the employee. Services provided under this subsection shall be funded by the coal workers' pneumoconiosis fund, KRS 342. 1242 notwithstanding, for claims filed on or before June 30, 2017, and by the employer for claims filed after June 30, 2017.

(5) The commissioner shall promulgate administrative regulations sufficient to effectuate the provisions relating to retraining incentive benefits provided under subsection (1)(a) of this section. The administrative regulations shall:

(a) Create an online portal through which employees shall select a facility or institution to provide their retraining. This portal shall list bona fide training or education programs. These programs shall include postsecondary programs registered with the Higher Education Assistance Authority, and will qualify the employee for a trade, occupation, or profession. The programs listed shall be capable of completion within the period benefits are payable under subsection (1)(a) of this section;

(b) Establish requirements for approval and certification of a bona fide training or education program;

(c) Provide that funds paid to the training or education program by the employer as required under subsection (1)(a)4. of this section shall be applied only to instruction, tuition, material costs, and any fees necessary for the completion of the program;

(e) Establish attendance, performance and progress standards, and reporting requirements in consultation with the ***Office of Adult Education within the Department of Workforce Investment in the Education and Workforce Development Cabinet***~~[Kentucky Adult Education Program within the Council on Postsecondary Education]~~ as conditions that must be satisfied to receive retraining incentive income benefits pursuant to subsection (1)(a)3. of this section.

(6) In no event shall income benefits awarded under this section be stacked or added to income benefits awarded under KRS 342.730 to extend the period of disability and in no event shall income or retraining incentive benefits be paid to the employee while the employee is working in the mining industry in the severance or processing of coal as defined in KRS 342.0011(23)(a).

the rate shall be adjusted in the succeeding year so that the cumulative total of each year's property tax revenue increase shall not exceed four percent (4%) per year.

(5) The provisions of subsection (2) of this section notwithstanding, the assessed value of unmined coal certified by the department after July 1, 1994, shall not be included with the assessed value of other real property in determining the state real property tax rate. All omitted unmined coal assessments made after July 1, 1994, shall also be excluded from the provisions of subsection (2) of this section. The calculated rate shall, however, be applied to unmined coal property, and the state revenue shall be devoted to the program described in KRS 146.550 to 146.570, except that four hundred thousand dollars ($400,000) of the state revenue shall be paid annually to the State Treasury and credited to the Office of Energy Policy for the purpose of public education of coal-related issues.

2. ***a.*** It shall be the duty of all persons owning any tangible personal property taxable in this state to list or have listed the property***, by the address at which it is located,*** with the property valuation administrator of the county of taxable situs or with the department between January 1 and May 15 in each year, except as ***provided by subdivision b. of this subparagraph or*** otherwise prescribed by law.

b. On January 1 of each year, for each address, if the sum of all of the taxable tangible personal property's fair cash values is one thousand dollars ($1,000) or less, the taxpayer shall not be required to list the property in accordance with subdivision a. of this subparagraph.

c. On January 1 of each year, for each address, if the sum of all of the taxable tangible personal property's fair cash values exceeds one thousand dollars ($1,000) and the property is not listed as required by subdivision a. of this subparagraph, the property shall be deemed omitted property in accordance with KRS 132.290.

d. For any taxable tangible personal property that is not listed due to the one thousand dollar ($1,000) threshold established in subdivision b. of this subparagraph, the owner of the property shall maintain records of the property and its fair cash value calculation for five (5) years after the expiration of the listing period.

3. The holder of legal title, the holder of equitable title, and the claimant or bailee in possession of the property on the assessment date as provided by law shall be liable for the taxes thereon, and the property may be assessed in any of their names. But, as between them, the holder of the equitable title shall pay the taxes thereon, whether or not the property is in his or her possession at the time of payment.

However, if requested in writing by the property valuation administrator or by the department, any real property owner shall submit a property tax return to verify existing information or to provide additional information for assessment purposes. Any real property which has been underassessed as a result of the owner intentionally failing to provide information, or intentionally providing erroneous information, shall be subject to revaluation, and the difference in value shall be assessed as omitted property under the provisions of KRS 132.290.

(3) If the owner fails to list the property, the property valuation administrator shall nevertheless assess it. The property valuation administrator may swear witnesses in order to ascertain the person in whose name to make the list. The property valuation administrator, his or her employee, or employees of the department may physically inspect, or inspect using any other method approved by the department, and revalue land and buildings in the absence of the property owner or resident. The exterior dimensions of buildings may be measured and building photographs may be taken; however, with the exception of buildings under construction or not yet occupied, an interior inspection of residential and farm buildings, and of the nonpublic portions of commercial buildings shall not be conducted in the absence or without the permission of the owner or resident.

If the taxpayer disagrees with the increase in the assessment, the taxpayer may protest the notice in accordance with KRS 131.110***~~[, who may within forty five (45) days thereafter protest to the department and offer evidence to show that no increase should be made. (2) Upon ***the***~~[such]~~ assessment becoming final, the department shall certify the amount due to the taxpayer. (b) "Overpayment" or "payment where no tax was due" means the excess of the tax payments made over the correct tax liability determined under the terms of the applicable statute without reference to the constitutionality of the statute.

(2) When money has been paid into the State Treasury in payment of any state taxes, except ad valorem taxes, whether payment was made voluntarily or involuntarily, the appropriate agency shall authorize refunds to the person who paid the tax, or to his heirs, personal representatives or assigns, of any overpayment of tax and any payment where no tax was due. When a bona fide controversy exists between the agency and the taxpayer as to the liability of the taxpayer for the payment of tax claimed to be due by the agency, the taxpayer may pay the amount claimed by the agency to be due, and if an appeal is taken by the taxpayer from the ruling of the agency within the time provided by KRS 49.220 and it is finally adjudged that the taxpayer was not liable for the payment of the tax or any part thereof, the agency shall authorize the refund or credit as the Kentucky Claims Commission or courts may direct.

(3) No refund shall be made unless each taxpayer individually files an application or claim for the refund within four (4) years from the date payment was made. Each claim or application for a refund shall be in writing and state the specific grounds upon which it is based. Denials of refund claims or applications may be protested and appealed in accordance with KRS 49.220 and 131.110.

(5) Refunds shall be authorized with interest as provided in KRS 131.183. The refunds authorized by this section shall be made in the same manner as other claims on the State Treasury are paid. They shall not be charged against any appropriation, but shall be deducted from tax receipts for the current fiscal year.

(6)~~[(5)]~~ Nothing in this section shall be construed to authorize the agency to make or cause to be made any refund except within four (4) years of the date prescribed by law for the filing of a return including any extension of time for filing the return, or the date the money was paid into the State Treasury, whichever is the later, except in any case where the assessment period has been extended by written agreement between the taxpayer and the department, the limitation contained in this subsection shall be extended accordingly. Nothing in this section shall be construed as requiring the agency to authorize any refund to a taxpayer without demand from the taxpayer, if in the opinion of the agency the cost to the state of authorizing the refund would be greater than the amount that should be refunded or credited.

(7)~~[(6)]~~ This section shall not apply to any case in which the statute may be held unconstitutional, either in whole or in part.

(8)~~[(7)]~~ In cases in which a statute has been held unconstitutional, taxes paid thereunder may be refunded to the extent provided by KRS 134.590, and by the statute held unconstitutional.

(9)~~[(8)]~~ No person shall secure a refund of motor fuels tax under KRS 134.580 unless the person holds an unrevoked refund permit issued by the department before the purchase of gasoline or special fuels and that permit entitles the person to apply for a refund under KRS 138.344 to 138.355.

(10)~~[(9)]~~ Notwithstanding any provision of the Kentucky Revised Statutes to the contrary:

(a) The Commonwealth hereby revokes and withdraws its consent to suit in any forum whatsoever on any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return. No such claim shall be effective or recognized for any purpose;

(b) Any stated or implied consent for the Commonwealth of Kentucky, or any agent or officer of the Commonwealth of Kentucky, to be sued by any person for any legal, equitable, or other relief with respect to any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return, is hereby withdrawn; and

(c) The provisions of this subsection shall apply retroactively for all taxable years ending before December 31, 1995, and shall apply to all claims for such taxable years pending in any judicial or administrative forum.

(11)~~[(10)]~~ Notwithstanding any provision of the Kentucky Revised Statutes to the contrary:

The burden of proving the contrary is upon the person who makes the sale of:

(1) Tangible personal property or digital property unless the person takes from the purchaser a certificate to the effect that the property is either:

(a) Purchased for resale according to the provisions of KRS 139.270;

(b) Purchased through a fully completed certificate of exemption or fully completed Streamlined Sales and Use Tax Agreement Certificate of Exemption in accordance with KRS 139.270; or

➔Section 22. KRS 139.270 is amended to read as follows:

(1) The resale certificate, certificate of exemption, or Streamlined Sales and Use Tax Agreement Certificate of Exemption relieves the retailer or seller from the burden of proof if the retailer or seller:

1. Obtains a fully completed resale certificate, certificate of exemption, or Streamlined Sales and Use Tax Agreement Certificate of Exemption; or

2. Captures the relevant data elements that correspond to the information that the purchaser would otherwise provide to the retailer or seller on the Streamlined Sales and Use Tax Agreement Certificate of Exemption; and

(b) Maintains a file of the certificate obtained or relevant data elements captured in accordance with KRS 139.720.

(2) The relief from liability provided to the retailer or the seller in this section does not apply to a retailer or seller who:

(a) Fraudulently fails to collect the tax;

(b) Solicits purchasers to participate in the unlawful claiming of an exemption; or

(c) Accepts an exemption certificate when the purchaser claims an entity-based exemption when:

1. The product sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the retailer or seller; and

2. The state in which that location resides provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in that state.

For purposes of this paragraph, "entity-based exemption" means an exemption based on who purchases the product or who sells the product. An exemption available to all individuals shall not be considered an entity-based exemption.

(3) (a) If the department requests that the seller or retailer substantiate that the sale was a sale for resale or an exempt sale and the retailer or seller has not complied with subsection (1) of this section, the seller or retailer shall be relieved of any liability for the tax on the transaction if the seller or retailer, within one hundred twenty (120) days of the department's request:

a. Was available under this chapter on the date the transaction occurred;

b. Could be applicable to the item being purchased; and

c. Is reasonable for the purchaser's type of business; or

2. Obtains other information establishing that the transaction was not subject to the tax.

(b) Notwithstanding paragraph (a) of this subsection, if the department discovers through the audit process that the seller or retailer had knowledge or had reason to know at the time the information was provided that the information relating to the exemption claimed was materially false, or the seller or retailer otherwise knowingly participated in activity intended to purposefully evade the tax that is properly due on the transaction, the seller or retailer shall not be relieved of the tax on the transaction. The department shall bear the burden of proof that the seller or retailer had knowledge or had reason to know at the time the information was provided that the information was materially false.

(4) Notwithstanding subsections (1) and (3) of this section, the seller or retailer may still offer additional documentation that is acceptable by the department that the transaction is not subject to tax and to relieve the seller or retailer from the tax liability.

(5) If the department later finds that the retailer or seller complied with subsections (1), (3), and (4) of this section, but that the purchaser used the property ***or service*** in a manner that would not have qualified for resale status or the purchaser issued a certificate of exemption or a Streamlined Sales and Use Tax Agreement Certificate of Exemption and used the property ***or service*** in some other manner or for some other purpose, the department shall hold the purchaser liable for the remittance of the tax ***originally due*** and may apply penalties provided in KRS 139.990.

(c) The marketplace provider shall collect Kentucky tax on the entire sales price or purchase price paid by a purchaser on each retail sale subject to tax under this chapter that is made on its own behalf or that is facilitated by the marketplace provider, regardless of whether the seller would have been required to collect the tax had the retail sale not been facilitated by the marketplace provider.

(3) Nothing in this section shall be construed to relieve the marketplace provider of liability for collecting but failing to remit the taxes imposed under this chapter.

(4) (a) The marketplace provider shall be subject to audit on all sales made on its own behalf and on all sales facilitated by the marketplace provider.

(b) The marketplace retailer shall be relieved of all liability for the collection and remittance of the sales or use tax on sales facilitated by the marketplace provider.

(8) Transition from Section 168 of the Internal Revenue Code, Accelerated Cost Recovery System (ACRS) depreciation, to the depreciation allowed or allowable under this section shall be reported in the first taxable year beginning on or after August 1, 1985. Corporations will not be permitted to adjust the basis by the ACRS depreciation not allowed for Kentucky income tax purposes in tax years beginning on or before June 30, 1984.

(9) A taxpayer may elect to treat the cost of property placed in service on or before July 31, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1981, except that the aggregate cost which may be expensed for corporations shall not exceed five thousand dollars ($5,000). A taxpayer may elect to treat the cost of property placed in service on or after August 1, 1985, as an expense as

provided in Section 179 of the Internal Revenue Code in effect on December 31, 1980. Computations, limitations, definitions, exceptions, and other provisions of Section 179 of the Internal Revenue Code and related regulations shall be construed to govern the computation of the allowable deduction.

(a) Compute the Kentucky unadjusted basis which is the cost of the asset reduced by any basis adjustment made by the taxpayer under Section 48(q)(1) of the Internal Revenue Code and any expense allowed and utilized under Section 179 of the Internal Revenue Code (First Year Expense) in determining Kentucky net income in prior years, and

(b) Compute the adjusted basis by subtracting the depreciation allowed or allowable for Kentucky income tax purposes from the unadjusted basis, except corporations will not be permitted to adjust the basis of assets by the ACRS depreciation not allowed for Kentucky income tax purposes in the tax years beginning on or before June 30, 1984, and

(c) Compute the gain or loss by subtracting the adjusted basis from the value received from the disposition of the depreciable property, and

(d) Compute the recapture of depreciation required under Sections 1245 through 1256 of the Internal Revenue Code and related regulations, and

(e) Unless otherwise provided in this subsection the provisions of the Internal Revenue Code and related regulations governing the determination of capital gains or losses shall apply for Kentucky income tax purposes.

(11) Unless otherwise provided by this chapter, the basis of property placed in service prior to January 1, 1990, for purposes of Kentucky income tax shall be the basis, adjusted or unadjusted, required to be used under Section 167 of the Internal Revenue Code in effect on December 31, 1980.

(14) For taxable years beginning after December 31, 1993, the transition amount computed in accordance with the provisions of paragraph (e) of subsection (12) of this section shall be reported by the taxpayer as follows:

4. The taxpayer elects the provisions of this paragraph with the filing of an amended income tax return for the first taxable year beginning after December 31, 1993.

1. Deduct from gross income twenty-five percent (25%) of the transition amount if the adjusted Kentucky basis of transition property exceeds the adjusted federal basis of transition property; or

2. Add to gross income twenty-five percent (25%) of the transition amount if the adjusted federal basis of transition property exceeds the adjusted Kentucky basis of transition property.

(c) In the first taxable year beginning after December 31, 1993, if the transition amount does not exceed one hundred thousand dollars ($100,000) and the taxpayer does not elect the provisions of paragraph (b) of this subsection, the taxpayer shall:

1. Deduct from gross income the total transition amount if the adjusted Kentucky basis of transition property exceeds the adjusted federal basis of transition property; or

2. Add to gross income the total transition amount if the adjusted federal basis of transition property exceeds the adjusted Kentucky basis of transition property.

(15) Notwithstanding any other provision of this section to the contrary, any qualified farming operation, as defined in KRS 141.410, shall be allowed to compute the depreciation deduction for new buildings and equipment purchased to enable participation in a networking project, as defined in KRS 141.410, on an accelerated basis at two (2) times the rate that would otherwise be permitted under the provisions of this section. A small business exclusion from this tax shall be provided based on the reduction contained in this subsection. The tax shall be the greater of the amount computed under paragraph (b) of this subsection or one hundred seventy-five dollars ($175), regardless of the application of any tax credits provided under this chapter or any other provisions of the Kentucky Revised Statutes for which the business entity may qualify.

(b) The limited liability entity tax shall be the lesser of subparagraph 1. or 2. of this paragraph:

1. a. If the corporation's or limited liability pass-through entity's gross receipts from all sources are three million dollars ($3,000,000) or less, the limited liability entity tax shall be ***one hundred seventy-five dollars ($175)***~~[zero]~~;

In determining eligibility for the reductions contained in this paragraph, a member of a combined group shall consider the combined gross receipts and the combined gross profits from all sources of the entire combined group, including eliminating entries for transactions among the group.

(c) A credit shall be allowed against the tax imposed under paragraph (a) of this subsection for the current year to a corporation or limited liability pass-through entity that owns an interest in a limited liability pass-through entity. The credit shall be the proportionate share of tax calculated under this subsection by the lower-level pass-through entity, as determined after the amount of tax calculated by the pass-through entity has been reduced by the minimum tax of one hundred seventy-five dollars ($175). The amount of credit allowed to a corporation based on the amount of tax paid under subsection (2) of this section for the current year shall be applied to the income tax due from the corporation's activities in this state. Any remaining credit from the corporation shall be disallowed.

(b) The credit allowed members, shareholders, or partners of a limited liability pass-through entity shall be the members', shareholders', or partners' proportionate share of the tax calculated under subsection (2) of this section for the current year after subtraction of any credits identified in KRS 141.0205, as determined after the amount of tax paid has been reduced by the minimum tax of one hundred seventy-five dollars ($175). The credit allowed to members, shareholders, or partners of a limited liability pass-through entity shall be applied to income tax assessed on income from the limited liability pass-through entity. Any remaining credit from the limited liability pass-through entity shall be disallowed.

(4) Each taxpayer subject to the tax imposed in this section shall file a return, on forms prepared by the department, on or before the fifteenth day of the fourth month following the close of the taxpayer's taxable year. Any tax remaining due after making the payments required ***under Section 42 of this Act***~~[in KRS 141.042]~~ shall be paid by the original due date of the return.

(5) The department shall prescribe forms and promulgate administrative regulations as needed to administer the provisions of this section.

(4) (a) An affiliated group, whether or not filing a federal consolidated return, may elect to file a consolidated return which includes all members of the affiliated group.

(b) An affiliated group electing to file a consolidated return under paragraph (a) of this subsection shall be treated for all purposes as a single corporation under this chapter. All transactions between corporations included in the consolidated return shall be eliminated in computing net income as provided in KRS 141.039(2), and determining the apportionment fraction in accordance with KRS 141.120.

(c) Any election made in accordance with paragraph (a) of this subsection shall be made on a form prescribed by the department and shall be submitted to the department on or before the due date of the return, including extensions, for the first taxable year for which the election is made.

(7) In the case of a corporation doing business in this state that carries on transactions with stockholders or with other corporations related by stock ownership, by interlocking directorates, or by some other method, the department shall require information necessary to make possible accurate assessment of the income derived by the corporation from sources within this state. To make possible this assessment, the department may require the corporation to file supplementary returns showing information respecting the business of any or all individuals and corporations related by one (1) or more of these methods to the corporation. The department may require the return to show in detail the record of transactions between the corporation and any or all other related corporations or individuals.

➔Section 48. KRS 141.202 is amended to read as follows:

(1) This section shall apply to taxable years beginning on or after January 1, 2019.

(2) As used in this section:

(a) "Combined group" means the group of all corporations whose income and apportionment factors are required to be taken into account as provided in subsection (3) of this section in determining the taxpayer's share of the net income or loss apportionable to this state***. A combined group shall include only corporations, the voting stock of which is more than fifty percent (50%) owned, directly or indirectly, by a common owner or owners***;

(b) "Corporation" has the same meaning as in KRS 141.010, including an organization of any kind treated as a corporation for tax purposes under KRS 141.040, wherever located, which if it were doing business in this state would be a taxpayer, and the business conducted by a pass-through entity which is directly or indirectly held by a corporation shall be considered the business of the corporation to the extent of the corporation's distributive share of the pass-through entity income, inclusive of guaranteed payments;

(c) "Doing business in a tax haven" means being engaged in activity sufficient for that tax haven jurisdiction to impose a tax under United States constitutional standards;

(d) ***1.*** "Tax haven" means a jurisdiction that, during the taxable year has no or nominal effective tax on the relevant income and:

a.~~[1.]~~ Has laws or practices that prevent effective exchange of information for tax purposes with other governments on taxpayers benefitting from the tax regime;

b.~~[2.]~~ Has a tax regime which lacks transparency. A tax regime lacks transparency if the details of legislative, legal, or administrative provisions are not open and apparent or are not consistently applied among similarly situated taxpayers, or if the information needed by tax authorities to determine a taxpayer's correct tax liability, such as accounting records and underlying documentation, is not adequately available;

c.~~[3.]~~ Facilitates the establishment of foreign-owned entities without the need for a local substantive presence or prohibits these entities from having any commercial impact on the local economy;

d.~~[4.]~~ Explicitly or implicitly excludes the jurisdiction's resident taxpayers from taking advantage of the tax regime's benefits or prohibits enterprises that benefit from the regime from operating in the jurisdiction's domestic market; or

e.~~[5.]~~ Has created a tax regime which is favorable for tax avoidance, based upon an overall assessment of relevant factors, including whether the jurisdiction has a significant untaxed offshore financial or other services sector relative to its overall economy**.**

2. "Tax haven" does not include a jurisdiction that has entered into a comprehensive income tax treaty with the United States, which the Secretary of the Treasury has determined is satisfactory for purposes of Section 1(h)(11)(C)(i)(II) of the Internal Revenue Code;

(e) "Taxpayer" means any corporation subject to the tax imposed under this chapter;

(f) "Unitary business" means a single economic enterprise that is made up either of separate parts of a single corporation or of a commonly controlled group of corporations that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. For purposes of this section, the term "unitary business" shall be broadly construed, to the extent permitted by the United States Constitution; and

(g) "United States" means the fifty (50) states of the United States, the District of Columbia, and United States' territories and possessions.

(3) (a) Except as provided in KRS 141.201, a taxpayer engaged in a unitary business with one (1) or more other corporations shall file a combined report which includes the income, determined under subsection (5) of this section, and the apportionment fraction, determined under KRS 141.120 and paragraph (d) of this subsection, of all corporations that are members of the unitary business, and any other information as required by the department. ***The combined report shall be filed on a waters-edge basis under subsection (8) of this section.***

(b) The department may, by administrative regulation, require that the combined report include the income and associated apportionment factors of any corporations that are not included as provided by paragraph (a) of this subsection, but that are members of a unitary business, in order to reflect proper apportionment of income of the entire unitary businesses. Authority to require combination by administrative regulation under this paragraph includes authority to require combination of corporations that are not, or would not be combined, if the corporation were doing business in this state.

(c) In addition, if the department determines that the reported income or loss of a taxpayer engaged in a unitary business with any corporation not included as provided by paragraph (a) of this subsection represents an avoidance or evasion of tax by the taxpayer, the department may, on a case-by-case basis, require all or any part of the income and associated apportionment factors of the corporation be included in the taxpayer's combined report.

(d) With respect to the inclusion of associated apportionment factors as provided in paragraph (a) of this subsection, the department may require the inclusion of any one (1) or more additional factors which will fairly represent the taxpayer's business activity in this state, or the employment of any other method to effectuate a proper reflection of the total amount of income subject to apportionment and an equitable allocation and apportionment of the taxpayer's income.

(e) ***A unitary business shall consider the combined gross receipts and combined income from all sources of all members under subsection (8) of this section, including eliminating entries for transactions among the members under subsection (8)(e) of this section.***

(f) Notwithstanding paragraphs (a) to ***(e)***~~[(d)]~~ of this subsection, a consolidated return may be filed as provided in KRS 141.201 if the taxpayer makes an election according to KRS 141.201.

(4) The use of a combined report does not disregard the separate identities of the taxpayer members of the combined group. Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include, in addition to the other types of income, the taxpayer member's share of apportionable income of the combined group, where apportionable income of the combined group is calculated as a summation of the individual net incomes of all members of the combined group. A member's net income is determined by removing all but apportionable income, expense, and loss from that member's total income as provided in subsection (5) of this section.

(5) (a) Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include:

1. Its share of any income apportionable to this state of each of the combined groups of which it is a member, determined under subsection (6) of this section;

2. Its share of any income apportionable to this state of a distinct business activity conducted within and without the state wholly by the taxpayer member, determined under KRS 141.120;

3. Its income from a business conducted wholly by the taxpayer member entirely within the state;

4. Its income sourced to this state from the sale or exchange of capital or assets, and from involuntary conversions, as determined under subsection (8)(k) of this section;

5. Its nonapportionable income or loss allocable to this state, determined under KRS 141.120;

6. Its income or loss allocated or apportioned in an earlier year, required to be taken into account as state source income during the income year, other than a net operating loss; and

7. Its net operating loss carryover. If the taxable income computed pursuant to this subsection results in a loss for a taxpayer member of the combined group, that taxpayer member has a Kentucky net operating loss, subject to the net operating loss limitations and carry forward

provisions of KRS 141.011. The net operating loss is applied as a deduction in a subsequent year only if that taxpayer has Kentucky source positive net income, whether or not the taxpayer is or was a member of a combined reporting group in the subsequent year.

(b) No tax credit or post-apportionment deduction earned by one (1) member of the group, but not fully used by or allowed to that member, may be used in whole or in part by another member of the group or applied in whole or in part against the total income of the combined group.

(c) A post-apportionment deduction carried over into a subsequent year as to the member that incurred it, and available as a deduction to that member in a subsequent year, will be considered in the computation of the income of that member in the subsequent year, regardless of the composition of that income as apportioned, allocated, or wholly within this state.

(6) The taxpayer's share of the business income apportionable to this state of each combined group of which it is a member shall be the product of:

(a) The apportionable income of the combined group, determined under subsection (7) of this section; and

(b) The taxpayer member's apportionment fraction, determined under KRS 141.120, including in the sales factor numerator the taxpayer's sales associated with the combined group's unitary business in this state, and including in the denominator the sales of all members of the combined group, including the taxpayer, which sales are associated with the combined group's unitary business wherever located. The sales of a pass-through entity shall be included in the determination of the partner's apportionment percentage in proportion to a ratio, the numerator of which is the amount of the partner's distributive share of the pass-through entity's unitary income included in the income of the combined group as provided in subsection (8) of this section and the denominator of which is the amount of pass-through entity's total unitary income.

(7) The apportionable income of a combined group is determined as follows:

(a) The total income of the combined group is the sum of the income of each member of the combined group determined under federal income tax laws, as adjusted for state purposes, as if the member were not consolidated for federal purposes; and

(b) From the total income of the combined group determined under subsection (8) of this section, subtract any income and add any expense or loss, other than the apportionable income, expense, or loss of the combined group.

(8) To determine the total income of the combined group, taxpayer members shall take into account all or a portion of the income and apportionment factor of only the following members otherwise included in the combined group as provided in subsection (3) of this section:

(a) The entire income and apportionment percentage of any member incorporated in the United States or formed under the laws of any state, the District of Columbia, or any territory or possession of the United States ***that earns less than eighty percent (80%) of its income from sources outside of the United States, the District of Columbia, or any territory or possession of the United States***;

(b) Any member that earns more than twenty percent (20%) of its income, directly or indirectly, from intangible property or service related activities that are deductible against the apportionable income of other members of the combined group, to the extent of that income and the apportionment factor related to that income;

(c) The entire income and apportionment factor of any member that is doing business in a tax haven. If the member's business activity within a tax haven is entirely outside the scope of the laws, provisions, and practices that cause the jurisdiction to meet the definition established in subsection (2)(d) of this section, the activity of the member shall be treated as not having been conducted in a tax haven;

(d) If a unitary business includes income from a pass-through entity, the income to be included in the total income of the combined group shall be the member of the combined group's direct and indirect distributive share of the pass-through entity's unitary income;

(e) Income from an intercompany transaction between members of the same combined group shall be deferred in a manner similar to 26 C.F.R. 1.1502-13. Upon the occurrence of any of the following events, deferred income resulting from an intercompany transaction between members of a combined group shall be restored to the income of the seller, and shall be apportionable income earned immediately before the event:

1. The object of a deferred intercompany transaction is:

   a. Resold by the buyer to an entity that is not a member of the combined group;

   b. Resold by the buyer to an entity that is a member of the combined group for use outside the unitary business in which the buyer and seller are engaged; or

   c. Converted by the buyer to a use outside the unitary business in which the buyer and seller are engaged; or

2. The buyer and seller are no longer members of the same combined group, regardless of whether the members remain unitary;

(f) A charitable expense incurred by a member of a combined group shall, to the extent allowable as a deduction provided by Section 170 of the Internal Revenue Code, be subtracted first from the apportionable income of the combined group, subject to the income limitations of that section applied to the entire apportionable income of the group, and any remaining amount shall then be treated as a nonapportionable expense allocable to the member that incurred the expense, subject to the income limitations of that section applied to the nonapportionable income of that specific member. Any charitable deduction disallowed under this paragraph, but allowed as a carryover deduction in a subsequent year, shall be treated as originally incurred in the subsequent year by the same member, and this paragraph shall apply in the subsequent year in determining the allowable deduction in that year;

(g) Gain or loss from the sale or exchange of capital assets, property described by Section 1231(a)(3) of the Internal Revenue Code, and property subject to an involuntary conversion shall be removed from the total separate net income of each member of a combined group and shall be apportioned and allocated as follows:

1. For each class of gain or loss, including short-term capital, long-term capital, Internal Revenue Code Section 1231, and involuntary conversions, all members' gain and loss for the class shall be combined, without netting between the classes, and each class of net gain or loss separately apportioned to each member using the member's apportionment percentage determined under subsection (6) of this section;

2. Each taxpayer member shall then net its apportioned business gain or loss for all classes, including any apportioned gain and loss from other combined groups, against the taxpayer member's nonapportionable gain and loss for all classes allocated to this state, using the rules of Sections 1231 and 1222 of the Internal Revenue Code, without regard to any of the taxpayer member's gains or losses from the sale or exchange of capital assets, Internal Revenue Code Section 1231 property, and involuntary conversions which are nonapportionable items allocated to another state;

3. Any resulting state source income or loss, if the loss is not subject to the limitations of Section 1211 of the Internal Revenue Code, of a taxpayer member produced by the application of subparagraphs 1. and 2. of this paragraph shall then be applied to all other state source income or loss of that member; and

4. Any resulting state source loss of a member that is subject to the limitations of Section 1211 of the Internal Revenue Code shall be carried forward by that member, and shall be treated as state source short-term capital loss incurred by that member for the year for which the carryover applies; and

(h) Any expense of one (1) member of the unitary group which is directly or indirectly attributable to the nonapportionable or exempt income of another member of the unitary group shall be allocated to that other member as corresponding nonapportionable or exempt expense, as appropriate.

(9) (a) As a filing convenience, and without changing the respective liability of the group members, members of a combined reporting group shall annually designate one (1) taxpayer member of the combined group to file a single return in the form and manner prescribed by the department, in lieu of filing their own respective returns.

(b) The taxpayer member designated to file the single return shall consent to act as surety with respect to the tax liability of all other taxpayers properly included in the combined report, and shall agree to act as agent on behalf of those taxpayers for the taxable year for matters relating to the combined report. If for

any reason the surety is unwilling or unable to perform its responsibilities, tax liability may be assessed against the taxpayer members.

(2) Pass-through entities shall determine net income in the same manner as in the case of an individual under KRS 141.010 and the adjustment required under Sections 703(a) and 1363(b) of the Internal Revenue Code. Computation of net income under this section and the computation of the partner's, member's, or shareholder's distributive share shall be computed as nearly as practicable identical with those required for federal income tax purposes except to the extent required by differences between this chapter and the federal income tax law and regulations.

(3) Individuals, estates, trusts, or corporations doing business in this state as a partner, member, or shareholder in a pass-through entity shall be liable for income tax only in their individual, fiduciary, or corporate capacities, and no income tax shall be assessed against the net income of any pass-through entity, except as required for S corporations by KRS 141.040.

(4) (a) Every pass-through entity required to file a return under subsection (1) of this section, except publicly traded partnerships as ***described***~~[defined]~~ in ***subsection (6)(a)18. of this section***~~[KRS 141.0401(6)(r)]~~, shall withhold Kentucky income tax on the distributive share, whether distributed or undistributed, of each:

2. Corporate partner or member that is doing business in Kentucky only through its ownership interest in a pass-through entity.

(b) Withholding shall be at the maximum rate provided in KRS 141.020 or 141.040.

(5) (a) Effective for taxable years beginning after December 31, ***2018***~~[2011]~~, every pass-through entity required to withhold Kentucky income tax as provided by subsection (4) of this section shall ***pay***~~[make a declaration and payment of]~~ estimated tax for the taxable year if:

(b) The~~[declaration and]~~ payment of estimated tax shall contain the information and shall be filed as provided in KRS 141.207.

(6) (a) If a pass-through entity demonstrates to the department that a partner, member, or shareholder has filed an appropriate tax return for the prior year with the department, then the pass-through entity shall not be required to withhold on that partner, member, or shareholder for the current year unless the exemption from withholding has been revoked pursuant to paragraph (b) of this subsection.

(b) An exemption from withholding shall be considered revoked if the partner, member, or shareholder does not file and pay all taxes due in a timely manner. An exemption so revoked shall be reinstated only with permission of the department. If a partner, member, or shareholder who has been exempted from withholding does not file a return or pay the tax due, the department may require the pass-through entity to pay to the department the amount that should have been withheld, up to the amount of the partner's, member's, or shareholder's ownership interest in the entity. The pass-through entity shall be entitled to recover a payment made pursuant to this paragraph from the partner, member, or shareholder on whose behalf the payment was made.

(7) In determining the tax under this chapter, a resident individual, estate, or trust that is a partner, member, or shareholder in a pass-through entity shall take into account the partner's, member's, or shareholder's total distributive share of the pass-through entity's items of income, loss, deduction, and credit.

2. If the pass-through entity is doing business both within and without this state, the partner's, member's, or shareholder's distributive share of the pass-through entity's items of income, loss, and deduction multiplied by the apportionment fraction of the pass-through entity as prescribed in subsection (11) of this section; and

(b) The partner's, member's, or shareholder's total distributive share of credits of the pass-through entity.

(9) A corporation that is subject to tax under KRS 141.040 and is a partner or member in a pass-through entity shall take into account the corporation's distributive share of the pass-through entity's items of income, loss, and deduction and:

(a) 1. For taxable years beginning on or after January 1, 2007, but prior to January 1, 2018, shall include the proportionate share of the sales, property, and payroll of the limited liability pass-through entity or general partnership in computing its own apportionment factor; and

2. For taxable years beginning on or after January 1, 2018, shall include the proportionate share of the sales of the limited liability pass-through entity or general partnership in computing its own apportionment factor; and

(b) Credits from the partnership.

(c) The phrases "a partner or member in another pass-through entity" and "doing business both within and without this state" shall extend to each level of multiple-tiered pass-through entities.

(d) The attribution to the pass-through entity of the pro rata share of property, payroll and sales from its role as a partner or member in another pass-through entity will also apply when determining the pass-through entity's ultimate apportionment factor for property, payroll and sales as required under subsection (11) of this section.

(11) (a) For taxable years beginning prior to January 1, 2018, a pass-through entity doing business within and without the state shall compute an apportionment fraction, the numerator of which is the property factor, representing twenty-five percent (25%) of the fraction, plus the payroll factor, representing twenty-five percent (25%) of the fraction, plus the sales factor, representing fifty percent (50%) of the fraction, with each factor determined in the same manner as provided in KRS 141.901, and the denominator of which is four (4), reduced by the number of factors, if any, having no denominator, provided that if the sales factor has no denominator, then the denominator shall be reduced by two (2).

(14) (a) Nonresident individuals shall not be taxable on investment income distributed by a qualified investment partnership. For purposes of this subsection, a "qualified investment partnership" means a pass-through entity that, during the taxable year, holds only investments that produce income that would not be taxable to a nonresident individual if held or owned individually.

(b) A qualified investment partnership shall be subject to all other provisions relating to a pass-through entity under this section and shall not be subject to the tax imposed under KRS 141.040 or 141.0401.

(15) (a) 1. A pass-through entity may file a composite income tax return on behalf of electing nonresident individual partners, members, or shareholders.

2. The pass-through entity shall report and pay on the composite income tax return income tax at the highest marginal rate provided in this chapter on any portion of the partners', members', or shareholders' pro rata or distributive shares of income of the pass-through entity from doing business in this state or deriving income from sources within this state. Payments made pursuant to subsection (5) of this section shall be credited against any tax due.

3. The pass-through entity filing a composite return shall still make estimated tax payments if required to do so by subsection (5) of this section, and shall remain subject to any penalty ***under Sections 42 and 52 of this Act***~~[provided by KRS 131.180 or 141.990]~~ for any~~[declaration]~~ underpayment ***of estimated tax determined under Section 42 or 52 of this Act***~~[or any installment not paid on time]~~.

4. The partners', members', or shareholders' pro rata or distributive share of income shall include all items of income or deduction used to compute adjusted gross income on the Kentucky return that is passed through to the partner, member, or shareholder by the pass-through entity, including but not limited to interest, dividend, capital gains and losses, guaranteed payments, and rents.

(b) A nonresident individual partner, member, or shareholder whose only source of income within this state is distributive share income from one (1) or more pass-through entities may elect to be included in a composite return filed pursuant to this section.

(c) A nonresident individual partner, member, or shareholder that has been included in a composite return may file an individual income tax return and shall receive credit for tax paid on the partner's behalf by the pass-through entity.

(d) A pass-through entity shall deliver to the department a return upon a form prescribed by the department showing the total amounts paid or credited to its electing nonresident individual partners, members, or shareholders, the amount paid in accordance with this subsection, and any other information the department may require. A pass-through entity shall furnish to its nonresident partner, member, or shareholder annually, but not later than the fifteenth day of the fourth month after the end of its taxable year, a record of the amount of tax paid on behalf of the partner, member, or shareholder on a form prescribed by the department.

Without the consent of the General Assembly, the council shall not abolish or limit the total enrollment of the general program offered at any community college to meet the goal of reasonable access throughout the Commonwealth to a two (2) year course of general studies designed for transfer to a baccalaureate program. 2. In cooperation with and subject to the acknowledgement of other regulatory officials involved with supervision of members of the internationally active insurance group; and

3. In consultation with the internationally active insurance group.

The insurer's principal records shall be kept either at its principal office or, with the approval of the commissioner, at its place of business in any other state where it, or its affiliate as defined in~~[subsection (4) of]~~ KRS 304.37-010, is engaged in the business of entering into contracts of insurance.

➔Section 8. KRS 304.37-130 is amended to read as follows:

(1) The following definitions shall apply for the purposes of this section only:

(a) "Acquisition" means any agreement, arrangement, or activity the consummation of which results in a person acquiring directly or indirectly the control of another person, such as the acquisition of voting securities, the acquisition of assets, bulk reinsurance, and mergers; and

(b) An "involved insurer" includes an insurer which either acquires or is acquired, is affiliated with an acquirer or acquired, or is the result of a merger.

(2) (a) This section applies to any acquisition in which there is a change of control of an insurer authorized to do business in Kentucky, except as set forth in paragraph (b) of this subsection.

(b) This section shall not apply to the following:

1. An acquisition subject to approval or disapproval of the commissioner pursuant to KRS 304.37-120;

2. A purchase of securities solely for the investment purposes so long as the securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in any insurance market in Kentucky. If a purchase of securities results in a presumption of control under KRS 304.37-010***(3)***~~[(8)]~~, it is not solely for investment purposes unless the insurance regulatory official of the insurer's state of domicile accepts a disclaimer of control, or affirmatively finds that control does not exist, and the disclaimer action or affirmative finding is communicated by the domiciliary insurance regulatory official to the commissioners;

3. If the acquisition of a person by another person when both persons are neither directly nor through affiliates primarily engaged in the business of insurance, if preacquisition notification is filed with the commissioner in accordance with subsection (3)(a) of this section thirty (30) days prior to the proposed effective date of the acquisition. However, the acquisition notification shall not be required for exclusion from this section if the acquisition would otherwise be excluded from this section by any other subparagraph of this paragraph;

4. The acquisition of already affiliated persons;

5. An acquisition if, as an immediate result of the acquisition:

a. The combined market share of the involved insurers would not exceed five percent (5%) of the total market;

b. There would be no increase in any market share; or

c. The combined market share of the involved insurers would not exceed twelve percent (12%) of the total market; and the market share would not increase by more than two percent (2%) of the total market.

For the purpose of this subparagraph (b)5., a market means direct written insurance premium in Kentucky for a line of business as contained in the annual statement required to be filed by insurers authorized to do business in Kentucky;

6. An acquisition for which a preacquisition notification would be required pursuant to this section due solely to the resulting effect on the ocean marine insurance line of business; and

7. An acquisition of an insurer whose domiciliary insurance regulatory official affirmatively finds that the insurer is in failing condition, there is lack of feasible alternative to improving the condition, the public benefits of improving the insurer's condition through the acquisition exceed

the public benefits that would arise from not lessening competition, and the findings are communicated by the domiciliary insurance regulatory official to the commissioner.

(3) An acquisition covered by subsection (2) of this section may be subject to an order pursuant to subsection (5) of this section or KRS 304.37-010 unless the acquiring person files a preacquisition notification and the waiting period has expired. The acquired person may file a preacquisition notification. The commissioner shall give confidential treatment to information submitted under this subsection in the same manner as provided in KRS 304.37-050.

(a) The preacquisition notification shall be in the form and contain the information prescribed by the National Association of Insurance Commissioners relating to those markets which, under subsection (2)(b)5. of this section, cause the acquisition not to be exempted from the provisions of this section. The commissioner may require additional material and information the commissioner deems necessary to determine whether the proposed acquisition, if consummated, would violate the competitive standard of subsection (4) of this section. The required information may include an opinion of an economist as to the competitive impact of the acquisition in Kentucky accompanied by a summary of the education and experience of the economist indicating his or her ability to render an informed opinion.

(b) The waiting period required shall begin on the date of receipt by the commissioner of a preacquisition notification and shall end on the earlier of the thirtieth day after the date of receipt, or termination of the waiting period by the commissioner. Prior to the end of the waiting period, the commissioner may, on a one-time basis, require the submission of additional needed information relevant to the proposed acquisition; if the submission is required, the waiting period shall end on the earlier of the thirtieth day after receipt of the additional information by the commissioner or termination of the waiting period by the commissioner.

(4) (a) The commissioner may enter an order under subsection (5)(a) of this section with respect to an acquisition if there is substantial evidence that the effect of the acquisition may be to lessen substantially competition in any line of insurance in Kentucky or tend to create a monopoly, or if the insurer fails to file adequate information in compliance with subsection (3) of this section.

(b) In determining whether a proposed acquisition would violate the competitive standard of paragraph (a) of this subsection, the commissioner shall consider the following:

1. Any acquisition covered under subsection (2) of this section involving two (2) or more insurers competing in the same market is prima facie evidence of violation of the competitive standards:

a. If the market is highly concentrated and the involved insurers possess the following shares of the market:

Insurer A	Insurer B
4%	4% or more
10%	2% or more
15%	1% or more;

or

b. If the market is not highly concentrated and the involved insurers possess the following shares of the market:

Insurer A	Insurer B
5%	5% or more
10%	4% or more
15%	3% or more
19%	1% or more.

A highly concentrated market means one in which the share of the four (4) largest insurers is seventy-five percent (75%) or more of the market. Percentages not shown in the tables are interpolated proportionately to the percentages that are shown. If more than two (2) insurers are involved, exceeding the total of the two (2) columns in the table is prima facie evidence of

violation of the competitive standard in paragraph (a) of this subsection. For the purpose of this subparagraph, the insurer with the largest share of the market shall be deemed to be insurer A;

2. There is a significant trend toward increased concentration when the aggregate market share of any grouping of the largest insurers in the market, from the two (2) largest to the eight (8) largest, has increased by seven percent (7%) or more of the market over a period of time extending from any base year five (5) to ten (10) years prior to the acquisition up to the time of the acquisition. Any acquisition or merger covered under subsection (2) of this section involving two (2) or more insurers competing in the same market is prima facie evidence of violation of the competitive standard in paragraph (a) of this subsection if:

   a. There is a significant trend toward increased concentration in the market;

   b. One of the insurers involved is one of the insurers in a grouping of the large insurers showing the requisite increase in the market share; and

   c. Another involved insurer's market is two percent (2%) or more;

3. For the purposes of subsection (4)(b) of this section:

   a. The term "insurer" includes any company or group of companies under common management, ownership or control;

   b. The term "market" means the relevant product and geographical markets. In determining the relevant product and geographical markets, the commissioner shall give due consideration to factors such as the definitions or guidelines, if any, promulgated by the National Association of Insurance Commissioners and to information, if any, submitted by parties to the acquisition. In the absence of sufficient information to the contrary, the relevant product market is assumed to be the direct written insurance premium for a line of business, the line being that used in the annual statement required to be filed by insurers doing business in Kentucky, and the relevant geographical market is assumed to be Kentucky; and

   c. The burden of showing prima facie evidence of violation of the competitive standard rests upon the commissioner; and

4. Even though an acquisition is not prima facie violative of the competitive standard under paragraph (b) of this subsection, the commissioner may establish the requisite anticompetitive effect based upon other substantial evidence. Even though an acquisition is prima facie violative of the competitive standard under paragraph (b) of this subsection, a party may establish the absence of the requisite anticompetitive effect based upon other substantial evidence. Relevant factors in making this determination shall be such factors as market shares, volatility of ranking of market leaders, number of competitors, concentration, trend of concentration in the industry, and ease of entry into and exit from the market.

(c) An order shall not be entered under subsection (5)(a) of this section if:

1. The acquisition will yield substantial economies of scale or economies in resource utilization that cannot be feasibly achieved in any other way, and the public benefits which would arise from the economies exceed the public benefits which would arise from not lessening competition; or

2. The acquisition will substantially increase the availability of insurance, and the public benefits of the increase exceed the public benefits which would arise from not lessening competition.

(5) (a) If an acquisition violates the standards of this section, the commissioner may enter an order:

1. Requiring an involved insurer to cease and desist from doing business in Kentucky with respect to the line or lines of insurance involved in the violation; or

2. Denying the application of an acquired or acquiring insurer for a certificate of authority to do business in Kentucky.

(b) The order referred to in paragraph (a) of this subsection shall be entered pursuant to a hearing held under Subtitle 2 of this chapter.

Signed by Governor March 26, 2019.

CHAPTER 161

(HB 419)

AN ACT relating to the contracting or reemployment of retired state and local employees.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 61.590 is amended to read as follows:

(1) ***(a)*** A member or beneficiary eligible to receive retirement benefits under any of the provisions of KRS 61.510 to 61.705, 78.510 to 78.852, and 16.510 to 16.652 shall have on file at the retirement office on the form prescribed by the board, a correctly completed notification of retirement, giving his ***or her*** name, address, Social Security number or Kentucky Retirement Systems member identification number, last day of employment, and other information the system may require. The form entitled "Notification of Retirement" shall not be filed more than six (6) months before the member's effective retirement date***; and*** ~~[.]~~

(b) A member eligible to receive retirement benefits under any of the provisions of KRS 61.510 to 61.705, 78.510 to 78.852, and 16.510 to 16.652 shall certify in writing on the "Notification of Retirement" form or another form prescribed by the board that no prearranged agreement existed prior to the member's retirement between the member and any participating agency in the systems administered by the Kentucky Retirement Systems for the member to return to employment with the participating agency. No retirement benefits shall be paid to the member until the member completes the certification required by this paragraph.

(2) After receipt of the correctly completed form entitled "Notification of Retirement", the system shall cause to be prepared an estimate of the amounts the member or beneficiary may expect to receive under the various plans available to the member or beneficiary. This information shall be recorded on a form entitled "Estimated Retirement Allowance" and forwarded to the member or beneficiary.

(3) The member or beneficiary shall file at the retirement office the form entitled "Estimated Retirement Allowance" after he has checked one (1) payment option of his choice, signed the document, and had his signature witnessed. A member shall not have the right to select a different payment option on or after the first day of the month in which the member receives his or her first retirement allowance or after the effective date of a deferred retirement option as provided by subsection (6) of this section. A beneficiary shall not have the right to select a different payment option after the effective date of the beneficiary's retirement allowance as provided in subsection (7) of this section.

(4) A member or beneficiary choosing a monthly payment option shall have on file at the retirement office his birth certificate or other acceptable evidence of date of birth. If a survivorship option is chosen, proof of dates of birth of the beneficiary and member shall be on file at the retirement office.

(5) (a) The effective date of normal retirement shall be the first month following the month in which employment from all employers participating in any of the systems administered by Kentucky Retirement Systems was terminated.

(b) The effective date of disability retirement shall be the first month following the month in which the member's last day of paid employment in a regular full-time position occurred, provided the member files the form entitled "Estimated Retirement Allowance" no later than six (6) months following the date the notification of approval for disability retirement benefits is mailed. If the member fails to file the form entitled "Estimated Retirement Allowance" within six (6) months of the date the notification of approval for disability retirement benefits is mailed, then the member's form entitled "Notification of Retirement" shall be void. The member shall be required to submit a new form entitled "Notification of Retirement" to apply for disability retirement and reestablish eligibility for disability retirement benefits.

(c) The effective date of early retirement shall be the first month following the month a correctly completed form entitled "Notification of Retirement" is filed at the retirement office or a future month designated by the member, if employment from all employers participating in any of the systems administered by Kentucky Retirement Systems has been terminated and if the member files the form entitled "Estimated Retirement Allowance" no later than six (6) months following termination. If the member fails to file the form entitled "Estimated Retirement Allowance" within six (6) months following the effective retirement date of the member, then the member's form entitled "Notification of Retirement" shall be void and the member shall be required to submit a new form entitled "Notification of Retirement" to apply for early retirement.

(6) The effective date of a deferred retirement option as provided under KRS 16.576(5) shall be the month following age sixty-five (65), or the month following written notification from the member that he wishes to begin receiving retirement payments. In the event of the death of a member who has deferred his retirement allowance, the effective date of retirement shall be the month following the member's death.

(7) Notwithstanding the provisions of KRS 16.578 or 61.640, the effective date of a beneficiary's retirement allowance under normal, early, or disability retirement shall be as prescribed in subsection (5) or (6) of this section if the member dies before the first day of the month in which the member would have received his or her first retirement allowance and his beneficiary becomes eligible for payments under KRS 16.578 or 61.640.

➔Section 2. KRS 61.637 is amended to read as follows:

(1) A retired member who is receiving monthly retirement payments under any of the provisions of KRS 61.510 to 61.705 and 78.510 to 78.852 and who is reemployed as an employee by a participating agency prior to August 1, 1998, shall have his retirement payments suspended for the duration of reemployment. Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the Federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.

(2) Employer and employee contributions shall be made as provided in KRS 61.510 to 61.705 and 78.510 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar ($1), and the member shall be credited with additional service credit.

(3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

(4) (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment.

(b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment.

(c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

1. The retired member's final compensation shall be recomputed using creditable compensation for his period of reemployment; however, the final compensation resulting from the recalculation shall not be less than that of the member when his retirement allowance was last determined;

2. If the retired member initially retired on or subsequent to his normal retirement date, his retirement allowance shall be recomputed by using the formula in KRS 61.595(1);

3. If the retired member initially retired prior to his normal retirement date, his retirement allowance shall be recomputed using the formula in KRS 61.595(2), except that the member's age used in computing benefits shall be his age at the time of his initial retirement increased by the number of months of service credit earned for service performed during reemployment;

4. The retirement allowance payments resulting from the recomputation under this subsection shall be payable in the month following the termination of reemployment in lieu of payments under subparagraph 3. The member shall not receive less in benefits as a result of the recomputation than he was receiving prior to reemployment or would receive as determined under KRS 61.691; and

5. Any retired member who was reemployed prior to March 26, 1974, shall begin making contributions to the system in accordance with the provisions of this section on the first day of the month following March 26, 1974.

(5) A retired member, or his estate, shall pay to the retirement fund the total amount of payments which are not suspended in accordance with subsection (1) of this section if the member received more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment, except the retired member or his estate may repay the lesser of the total amount of payments which were not suspended or fifty cents ($0.50) of each dollar earned over the maximum permissible earnings during reemployment if under age sixty-five (65), or one dollar ($1) for every three dollars ($3) earned if over age sixty-five (65).

(6) (a) "Reemployment" or "reinstatement" as used in this section shall not include a retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095.

(b) A retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095 or by court order or by order of the Human Rights Commission and accepts employment by an agency participating in the Kentucky Employees Retirement System or County Employees Retirement System shall void his retirement by reimbursing the system in the full amount of his retirement allowance payments received.

(7) (a) Effective August 1, 1998, the provisions of subsections (1) to (4) of this section shall no longer apply to a retired member who is reemployed in a position covered by the same retirement system from which the member retired. Reemployed retired members shall be treated as new members upon reemployment. Any retired member whose reemployment date preceded August 1, 1998, who does not elect, within sixty (60) days of notification by the retirement systems, to remain under the provisions of subsections (1) to (4) of this section shall be deemed to have elected to participate under this subsection.

(b) A retired member whose disability retirement was discontinued pursuant to KRS 61.615 and who is reemployed in one (1) of the systems administered by the Kentucky Retirement Systems prior to his or her normal retirement date shall have his or her accounts combined upon termination for determining eligibility for benefits. If the member is eligible for retirement, the member's service and creditable compensation earned as a result of his or her reemployment shall be used in the calculation of benefits, except that the member's final compensation shall not be less than the final compensation last used in

determining his or her retirement allowance. The member shall not change beneficiary or payment option designations. This provision shall apply to members reemployed on or after August 1, 1998.

(8) ***If a retired member accepts employment or begins serving as a volunteer with an employer participating in the systems administered by Kentucky Retirement Systems within twelve (12) months of his or her retirement date, the*** ~~[A]~~ retired member ~~[or his employer]~~shall notify the retirement system~~[if he has accepted employment or is serving as a volunteer with an employer that participates in the retirement system from which the member retired. The retired member]~~ and the participating employer shall submit the information required or requested by the systems to confirm the individual's employment or volunteer status. ***The retired member shall not be required to notify the retirement systems regarding any employment or volunteer service with a participating agency that is accepted after twelve (12) months following his or her retirement date.***

(9) If the retired member is under a contract ***to provide services as an independent contractor or leased employee to an employer participating in the systems administered by Kentucky Retirement Systems within twelve (12) months of his or her retirement date***, the member shall submit a copy of that contract to the retirement system, and the retirement system shall determine if the member is an independent contractor ***or leased employee*** for purposes of retirement benefits. The retired member and the participating employer shall submit the information required or requested by the systems to confirm the individual's~~[employment or volunteer]~~ status ***as an independent contractor or leased employee***. ***The retired member shall not be required to notify the retirement systems regarding any services entered into as an independent contractor or leased employee with a participating agency that the employee enters into after twelve (12) months following his or her retirement date.***

(10) If a member is receiving a retirement allowance, or has filed the forms required for a retirement allowance, and is employed within one (1) month of the member's initial retirement date in a position that is required to participate in the same retirement system from which the member retired, the member's retirement shall be voided and the member shall repay to the retirement system all benefits received. The member shall contribute to the member account established for him prior to his voided retirement. The retirement allowance for which the member shall be eligible upon retirement shall be determined by total service and creditable compensation.

(11) (a) If a member of the Kentucky Employees Retirement System retires from a department which participates in more than one (1) retirement system and is reemployed within one (1) month of his initial retirement date by the same department in a position participating in another retirement system, the retired member's retirement allowance shall be suspended for the first month of his retirement and the member shall repay to the retirement system all benefits received for the month.

(b) A retired member of the County Employees Retirement System who after initial retirement is hired by the county from which the member retired shall be considered to have been hired by the same employer.

(12) (a) If a hazardous member who retired prior to age fifty-five (55), or a nonhazardous member who retired prior to age sixty-five (65), is reemployed within six (6) months of the member's termination by the same employer, the member shall obtain from his previous and current employers a copy of the job description established by the employers for the position and a statement of the duties performed by the member for the position from which he retired and for the position in which he has been reemployed.

(b) The job descriptions and statements of duties shall be filed with the retirement office.

(13) If the retirement system determines that the retired member has been employed in a position with the same principal duties as the position from which the member retired:

(a) The member's retirement allowance shall be suspended during the period that begins on the month in which the member is reemployed and ends six (6) months after the member's termination;

(b) The retired member shall repay to the retirement system all benefits paid from systems administered by Kentucky Retirement Systems under reciprocity, including medical insurance benefits, that the member received after reemployment began;

(c) Upon termination, or subsequent to expiration of the six (6) month period from the date of termination, the retired member's retirement allowance based on his initial retirement account shall no longer be suspended and the member shall receive the amount to which he is entitled, including an increase as provided by KRS 61.691;

(d) Except as provided in subsection (7) of this section, if the position in which a retired member is employed after initial retirement is a regular full-time position, the retired member shall contribute to a second member account established for him in the retirement system. Service credit gained after the member's date of reemployment shall be credited to the second member account; and

(e) Upon termination, the retired member shall be entitled to benefits payable from his second retirement account.

(14) (a) If the retirement system determines that the retired member has not been reemployed in a position with the same principal duties as the position from which he retired, the retired member shall continue to receive his retirement allowance.

(b) If the position is a regular full-time position, the member shall contribute to a second member account in the retirement system.

(15) (a) If a retired member is reemployed at least one (1) month after initial retirement in a different position, or at least six (6) months after initial retirement in the same position, and prior to normal retirement age, the retired member shall contribute to a second member account in the retirement system and continue to receive a retirement allowance from the first member account.

(b) Service credit gained after reemployment shall be credited to the second member account. Upon termination, the retired member shall be entitled to benefits payable from the second member account.

(16) A retired member who is reemployed and contributing to a second member account shall not be eligible to purchase service credit under any of the provisions of KRS 16.505 to 16.652, 61.510 to 61.705, or 78.510 to 78.852 which he was eligible to purchase prior to his initial retirement.

CHAPTER 162

(HB 415)

AN ACT relating to child support.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 205.721 is amended to read as follows:

(1) All services available to individuals receiving public assistance under Title IV-A of the Federal Social Security Act benefits shall also be available to individuals not receiving public assistance benefits, upon application by the individual with the cabinet.

(2) The cabinet shall continue to provide IV-D services when a family ceases to receive public assistance without requiring a formal application and without payment of the application fee specified in subsection (3) of this section. IV-D services shall be discontinued upon the request of the recipient.

(3) Except as provided in subsection (2) of this section, the cabinet may charge an application fee for the services based on a fee schedule, which shall take into account the applicant's net income. No application fee shall be required from individuals receiving public assistance.

(4) The cabinet shall impose an annual fee of ***thirty-five dollars ($35)***~~[twenty-five dollars ($25)]~~ pursuant to ***42 U.S.C. sec. 654***~~[Public Law 109-171, Section 7310]~~, which shall be satisfied by withholding the fee from a child support disbursement.

➔Section 2. KRS 403.212 is amended to read as follows:

(1) The following provisions and child support table shall be the child support guidelines established for the Commonwealth of Kentucky.

(2) For the purposes of the child support guidelines:

(a) "Income" means actual gross income of the parent if employed to full capacity or potential income if unemployed or underemployed.

(b) "Gross income" includes income from any source, except as excluded in this subsection, and includes but is not limited to income from salaries, wages, retirement and pension funds, commissions, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, Social Security benefits, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, Supplemental Security Income (SSI), gifts, prizes, and alimony or maintenance received. Specifically excluded are benefits received from means-tested public assistance programs, including but not limited to public assistance as defined under Title IV-A of the Federal Social Security Act, and food stamps.

(c) For income from self-employment, rent, royalties, proprietorship of a business, or joint ownership of a partnership or closely held corporation, "gross income" means gross receipts minus ordinary and

necessary expenses required for self-employment or business operation. Straight-line depreciation, using Internal Revenue Service (IRS) guidelines, shall be the only allowable method of calculating depreciation expense in determining gross income. Specifically excluded from ordinary and necessary expenses for purposes of this guideline shall be investment tax credits or any other business expenses inappropriate for determining gross income for purposes of calculating child support. Income and expenses from self-employment or operation of a business shall be carefully reviewed to determine an appropriate level of gross income available to the parent to satisfy a child support obligation. In most cases, this amount will differ from a determination of business income for tax purposes. Expense reimbursement or in-kind payments received by a parent in the course of employment, self-employment, or operation of a business or personal use of business property or payments of expenses by a business, shall be counted as income if they are significant and reduce personal living expenses such as a company or business car, free housing, reimbursed meals, or club dues.

(d) If a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of potential income, except that a determination of potential income shall not be made for a parent who is ***incarcerated,*** physically or mentally incapacitated**,** or is caring for a very young child, age three (3) or younger, for whom the parents owe a joint legal responsibility. Potential income shall be determined based upon employment potential and probable earnings level based on the obligor's or obligee's recent work history, occupational qualifications, and prevailing job opportunities and earnings levels in the community. A court may find a parent to be voluntarily unemployed or underemployed without finding that the parent intended to avoid or reduce the child support obligation.

(e) "Imputed child support obligation" means the amount of child support the parent would be required to pay from application of the child support guidelines.

(f) Income statements of the parents shall be verified by documentation of both current and past income. Suitable documentation shall include, but shall not be limited to, income tax returns, paystubs, employer statements, or receipts and expenses if self-employed.

(g) "Combined monthly adjusted parental gross income" means the combined monthly gross incomes of both parents, less any of the following payments made by the parent:

1. The amount of pre-existing orders for current maintenance for prior spouses to the extent payment is actually made and the amount of current maintenance, if any, ordered paid in the proceeding before the court;

2. The amount of pre-existing orders of current child support for prior-born children to the extent payment is actually made under those orders; and

3. A deduction for the support to the extent payment is made, if a parent is legally responsible for and is actually providing support for other prior-born children who are not the subject of a particular proceeding. If the prior-born children reside with that parent, an "imputed child support obligation" shall be allowed in the amount which would result from application of the guidelines for the support of the prior-born children.

(h) "Split custody arrangement" means a situation where each parent is the residential custodian for one (1) or more children for whom the parents share a joint legal responsibility.

(3) The child support obligation set forth in the child support guidelines table shall be divided between the parents in proportion to their combined monthly adjusted parental gross income.

(4) The child support obligation shall be the appropriate amount for the number of children in the table for whom the parents share a joint legal responsibility. The minimum amount of child support shall be sixty dollars ($60) per month.

(5) The court may use its judicial discretion in determining child support in circumstances where combined adjusted parental gross income exceeds the uppermost levels of the guideline table.

(6) The child support obligation in a split custody arrangement shall be calculated in the following manner:

(a) Two (2) separate child support obligation worksheets shall be prepared, one (1) for each household, using the number of children born of the relationship in each separate household, rather than the total number of children born of the relationship.

(b) The nonresidential custodian with the greater monthly obligation amount shall pay the difference between the obligation amounts, as determined by the worksheets, to the other parent.

(7) The child support guidelines table is as follows:

➔Section 3. KRS 403.215 is amended to read as follows:

After July 15, 1990, any new or modified order or decree which contains provisions for the support of a minor child or minor children, shall provide for a wage assignment which shall begin immediately except for good cause shown, and which shall be paid based upon the payment schedule of wages of the employer to whom the wage assignment is directed, and at a minimum, on a monthly basis. If good cause is shown, the wage assignment shall take effect when an arrearage accrues that is equal to the amount of support payable for one (1) month, pursuant to KRS 405.465. ***Notice of all orders providing for wage assignment issued in Kentucky on or after January 1, 1994, shall be sent to the employer using the federally approved Income Withholding for Support (IWO) form that contains the accompanying OMB number.***

➔Section 4. KRS 405.467 is amended to read as follows:

(1) All support orders issued by the Cabinet for Health and Family Services, including those issued pursuant to Part D, Title IV of the Federal Social Security Act, shall provide for immediate withholding of earnings of the parent or parents obligated to pay child support and medical support as is necessary to pay the child support obligation, except where one (1) of the parties demonstrates, and the court or administrative order finds that there is good cause not to require immediate income withholding, or a written agreement is reached by both parties which provides for an alternative arrangement.

(2) In any case in which a support order was issued in the state and in which a parent is required to pay court-ordered or administratively determined child support, medical support, maintenance, and medical support insurance, and wage withholding is not in effect, and an arrearage accrues that is equal to the amount of support payment for one (1) month, upon request of the absent parent, request of the custodial parent, or upon administrative determination, the secretary shall issue an order for withholding of earnings of the parent as is necessary to comply with the order plus interest at the legal rate on the arrearage, if any, without the need for a judicial or administrative hearing.

(3) ***If a court-ordered arrearage repayment amount does not exist and an arrearage accrues that is equal to the amount of support payable for one (1) month, an arrearage repayment amount may be determined administratively. The cabinet shall promulgate administrative regulations establishing the guidelines for arrearage payments.***

(4) In any case in which a parent is required either by court order or administrative order to provide medical insurance coverage for the child and the parent has failed to make application to obtain coverage for the child, the secretary shall issue an order for withholding of the employee's share, if any, of premiums for health coverage and to pay the share of premiums to the insurer, without the need for a judicial or administrative hearing.

(5)~~[(4)]~~ The cabinet shall advise the obligated parent that a wage withholding has commenced by sending a copy of the order to withhold at the same time that the order is sent to the employer. The only basis for contesting the withholding shall be a mistake of fact or law. If the parent contests the withholding, the cabinet shall give the obligor an opportunity to present his or her case at an administrative hearing conducted in accordance with KRS Chapter 13B and decide if the withholding will continue.

(6)~~[(5)]~~ The cabinet shall combine any administrative or judicial wage withholding order, or multiple administrative or judicial orders for child support and medical support into a single wage withholding order when payable through the cabinet to a single family or to multiple family units.

(7)~~[(6)]~~ The cabinet shall serve the order to withhold earnings or notice of multiple wage withholding orders specifying wage withholding requirements on the employer of an obligor by certified mail, return receipt requested. The order shall state the amount to be withheld, or the requirement to enroll the child under the health insurance coverage, including amounts to be applied to arrearages, plus interest at the legal rate on the arrearage, if any, and the date the withholding is to begin. The total amount to be withheld, including current support and payment on arrearages plus interest, and medical insurance coverage may not exceed the limit permitted under the federal Consumer Credit Protection Act at 15 U.S.C. sec. 1673(b).

(8)~~[(7)]~~ If there is more than one (1) notice for child support withholding against a single absent parent, the cabinet shall allocate amounts available for withholding, giving priority to current child support, up to the limits imposed under Section 303(b) of the Consumer Credit Protection Act at 15 U.S.C. sec. 1673(b). The allocation by the cabinet shall not result in a withholding for one (1) of the support obligations not being implemented. Amounts resulting from wage withholding shall be allocated on a proportionate basis between multiple family units. Any custodial parent adversely affected by the provisions of this subsection shall have standing to challenge any proportionate allocations and, for good cause shown, a District Court, Circuit Court,

or family court of competent jurisdiction may set aside the cabinet's proportional allocations as to the custodial parent.

(9) ~~[(8)]~~ If the amounts to be withheld preclude collection of the total amount of combined child support and medical support due to the limits of the federal Consumer Credit Protection Act at 15 U.S.C. sec. 1673(b), the actual amount received shall be applied first to the current monthly child support obligation amount. Any payment exceeding the current monthly child support obligation shall then be applied by the cabinet to the administratively ordered or judicially ordered medical support obligation.

(10) ~~[(9)]~~ The employer shall forward to the Cabinet for Health and Family Services that portion of salary or wages of the parent due and to be due in the future as will be sufficient to pay the child support amount ordered.

(11) ~~[(10)]~~ The employer shall be held liable to the cabinet for any amount which the employer fails to withhold from earnings due an obligor following receipt of an order to withhold earnings.

(12) ~~[(11)]~~ Any order to withhold earnings under this section shall have priority as against any attachment, execution, or other assignment, notwithstanding any state statute or administrative regulation to the contrary.

(13) ~~[(12)]~~ No withholding under this section shall be grounds for discharging from employment, refusing to employ, or taking disciplinary action against any obligor subject to withholding required by this section.

(14) ~~[(13)]~~ The remedies provided for in this section shall also be available for applicable support orders issued in other states.

(15) ~~[(14)]~~ Interstate requests for withholding of earnings shall be processed by the cabinet.

Signed by Governor March 26, 2019.

(4) ***Conservation officers***~~[All persons]~~ charged with the enforcement of this chapter and the administrative regulations issued thereunder shall have the right to go upon the land of any person or persons whether private or public for the purpose of ~~[conducting research or investigation of game or fish or their habitat conditions or engage in restocking game or fish or in any type of work involved in or incident to game and fish restoration projects or their enforcement or in]~~the enforcement of laws or orders of the department relating to game or fish, while in the normal, lawful and peaceful pursuit of such investigation or work or enforcement, may enter upon, cross over, be upon, and remain upon privately owned lands for such purposes, and shall not be subject to arrest for trespass while so engaged or for such cause thereafter. (1) Any conservation officer who is sued for any act or omission in the line of duty and who has a judgment for monetary damages rendered against him or her in his or her individual capacity, and who personally suffers actual financial loss, unreimbursed from any source, by the enforcement and satisfaction of the judgment, including any costs or attorney fees awarded pursuant thereto, shall be indemnified by the Commonwealth, from funds appropriated to the fish and game fund for the payment of judgments, to the extent of his or her actual financial loss.

(2) The indemnification shall be contingent upon an express determination by the commissioner that the act or omission which resulted in liability was within the scope and course of employment of the conservation officer, and occurred during the performance of duty, and was committed or omitted in the good faith belief that the act or omission was lawful and proper.

(3) The indemnification shall not be construed to abrogate or limit any privilege, immunity, or matter of defense otherwise available to the conservation officer and shall not constitute a waiver of any privilege, immunity, or matter of defense, including the sovereign immunity of the Commonwealth.

➔Section 4. KRS 15.460 is amended to read as follows:

(1) (a) Except as provided in subsection (4)(a) of this section, an eligible unit of government shall be entitled to receive an annual supplement of three thousand dollars ($3,000) for each qualified police officer it employs. The supplement amount shall be increased to four thousand dollars ($4,000) beginning July 1, 2018.

(b) 1. In addition to the supplement, the unit of government shall receive an amount equal to the required employer's contribution on the supplement to the retirement plan and duty category to which the officer belongs. In the case of County Employees Retirement System membership, the retirement plan contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage.

2. The unit of government shall pay the amount received for retirement plan coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement.

3. If the foundation program funds are insufficient to pay employer contributions to the system, then the total amount available for retirement plan payments shall be prorated to each eligible government so that each receives the same percentage of required retirement plan costs attributable to the cash salary supplement.

(c) 1. In addition to the payments received under paragraphs (a) and (b) of this subsection, but only if sufficient funds are available to make all payments required under paragraph (b) of this subsection, each unit of government shall receive an administrative expense reimbursement in an amount equal to seven and sixty-five one-hundredths percent (7.65%) of the total annual supplement received greater than three thousand one hundred dollars ($3,100) for each qualified police officer that is a local officer as defined in KRS 15.420(2)(a)1. that it employs, subject to the cap established by subparagraph 3. of this paragraph.

2. The unit of government may use the moneys received under this paragraph in any manner it deems necessary to partially cover the costs of administering the payments received under paragraph (a) of this subsection.

3. The total amount distributed under this paragraph shall not exceed the total sum of five hundred twenty-five thousand dollars ($525,000) for each fiscal year. If there are insufficient funds to provide for full reimbursement as provided in subparagraph 1. of this paragraph, then the amount shall be distributed pro rata to each eligible unit of government so that each receives the same percentage attributable to its total receipt of the cash salary supplement.

(d) In addition to the payments received under paragraphs (a) and (b) of this subsection, each unit of government shall receive the associated fringe benefits costs for the total supplement of four thousand dollars ($4,000) for each qualified police officer that is a state officer as defined in KRS 15.420(2)(a)2. that it employs. Fringe benefits shall be limited to retirement plan contributions and the federal insurance contributions act tax.

(e) Notwithstanding paragraphs (a) to (d) of this subsection, a Kentucky Department of Fish and Wildlife Resources conservation officer appointed pursuant to KRS ***150.090(2)*** ~~[150.090(1)]~~ and listed in KRS 15.420(2)(a)2.n. shall be a participant in the Kentucky Law Enforcement Foundation Program fund, but shall not receive an annual supplement from that fund. A conservation officer shall receive an annual training stipend commensurate to the annual supplement paid to the police officer as defined in KRS 15.420. The annual training stipend disbursed to a conservation officer shall be paid from the game and fish fund pursuant to KRS 150.150.

(f) Any peace officer sanctioned by the Tourism, Arts and Heritage Cabinet shall be deemed a police officer solely for the purpose of inclusion in the Law Enforcement Foundation Program fund.

(2) The supplement provided in subsection (1) of this section shall be paid by the unit of government to each police officer whose qualifications resulted in receipt of a supplemental payment. The payment shall be in addition to the police officer's regular salary and, except as provided in subsection (4)(b) of this section, shall continue to be paid to a police officer who is a member of:

(a) The Kentucky National Guard during any period of activation under Title 10 or 32 of the United States Code or KRS 38.030; or

(b) Any reserve component of the United States Armed Forces during any period of activation with the United States Armed Forces.

(3) (a) A qualified sheriff who receives the maximum salary allowed by Section 246 of the Kentucky Constitution and KRS 64.527 shall not receive a supplement.

(b) A qualified sheriff who does not receive the maximum salary allowed by Section 246 of the Kentucky Constitution and KRS 64.527, excluding the expense allowance provided by KRS 70.170, shall upon annual settlement with the fiscal court under KRS 134.192, receive that portion of the supplement that will not cause his or her compensation to exceed the maximum salary.

(c) A qualified sheriff who seeks to participate in the fund shall forward a copy of the annual settlement prepared under KRS 134.192 to the fund. The sheriff shall reimburse the fund if an audit of the annual

settlement conducted pursuant to KRS 134.192 reflects that the sheriff received all or a portion of the supplement in violation of this section. A sheriff who fails to provide a copy of the annual settlement to the fund or to reimburse the fund after correction by audit, if required, shall not be qualified to participate in the fund for a period of two (2) years.

(d) A qualified deputy sheriff shall receive the supplement from the sheriff if the sheriff administers his or her own budget or from the county treasurer if the sheriff pools his or her fees. The failure of a sheriff to comply with the provisions of this section shall not affect the qualification of his or her deputies to participate in the fund.

(4) (a) Eligible units of government shall receive the salary supplement, excluding funds applicable to the employer's retirement plan contribution, provided in subsection (1) of this section for distribution to a police officer who is eligible under subsection (2) of this section.

(b) A qualified police officer receiving a salary supplement during any period of military activation, as provided in subsection (2) of this section, shall not be entitled to receive the employer's retirement plan contribution, and the salary supplement shall not be subjected to an employee's contribution to a retirement plan. The salary supplement shall otherwise be taxable for all purposes.

(5) A unit of government receiving disbursements under this section shall follow all laws applicable to it that may govern due process disciplinary procedures for its officers, but this subsection shall not be interpreted to:

(a) Authorize the department, the cabinet, or the council to investigate, judge, or exercise any control or jurisdiction regarding the compliance of a unit of government with laws that may govern due process disciplinary procedures for its officers, except as otherwise provided by laws;

(b) Create a private right of action for any police officer regarding an agency's participation in this section;

(c) Authorize a termination of an agency's participation as a result of a judgment that the unit of government failed to follow its procedures in any independent cause of action brought by the police officer against the unit of government; or

(d) Prevent the adoption, amendment, or repeal of any laws that may govern the due process disciplinary procedures of a unit of government's police officers.

➔Section 5. KRS 186.675 is amended to read as follows:

The clerk shall issue the registration plate furnished by the cabinet and shall be paid for this service the sum of one dollar ($1).

(4) Beginning April 1, 1993, at the request of the owner, trailers and semitrailers which are drawn by motor vehicles required to be licensed under KRS 186.050(3) to (13) may be permanently registered, except the registration shall expire when the trailer or semitrailer is sold or when it is otherwise permanently removed from service by the owner. The registration fee for the period shall be ninety-eight dollars ($98). The clerk

shall issue the registration plate furnished by the cabinet and shall be paid for this service the sum of three dollars ($3).

CHAPTER 168

(HB 266)

AN ACT relating to speed limits.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 189.390 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Business district" means the territory contiguous to and including a highway if, within six hundred (600) feet along the highway, there are buildings in use for business or industrial purposes that occupy three hundred (300) feet of frontage on one (1) side or three hundred (300) feet collectively on both sides of the highway;

(b) "Residential district" means the territory contiguous to and including a highway not comprising a business district if the property on the highway for a distance of three hundred (300) feet or more is improved with residences or residences and buildings in use for business; and

(c) "State highway" means a highway or street maintained by the Kentucky Department of Highways.

(2) An operator of a vehicle upon a highway shall not drive at a greater speed than is reasonable and prudent, having regard for the traffic and for the condition and use of the highway.

(3) The speed limit for motor vehicles on state highways shall be as follows, unless conditions exist that require lower speed for compliance with subsection (2) of this section, or the secretary of the Transportation Cabinet establishes a different speed limit in accordance with subsection (4) of this section:

(a) Sixty-five (65) miles per hour on interstate highways and parkways;

(b) Fifty-five (55) miles per hour on all other state highways; and

(c) Thirty-five (35) miles per hour in a business or residential district.

(4) (a) If the secretary of transportation determines, upon the basis of an engineering and traffic investigation, that any speed limit is greater or less than is reasonable or safe under the conditions found to exist at any intersection, or upon any part of a state highway, the secretary of transportation may establish by official order a reasonable and safe speed limit at the location. The secretary shall not increase any speed limit established by subsection (3) of this section in excess of sixty-five (65) miles per hour, except that, notwithstanding the provisions of subsection (3)(a) of this section, the secretary may increase the speed limit on any of the following segments of highway to seventy (70) miles per hour:

1. Interstate 24 (entire length);

2. Interstate 64 from Interstate 264 to the West Virginia state line;

3. Interstate 65 from Interstate 264 to the Tennessee state line;

4. Interstate 69 (entire length);

5. Interstate 71 from Interstate 264 to Interstate 275;

6. Interstate 75 from the Tennessee state line to Interstate 275;

7. ***Interstate 165 (entire length);***

8. The Audubon Parkway (entire length);

9.~~[8.]~~ The Julian M. Carroll Purchase Parkway (entire length);

10.~~[9.]~~The Bert T. Combs Mountain Parkway ***(entire length)***~~[from Interstate 64 to the beginning of the Mountain Parkway Extension (KY 9009) in Wolfe County]~~;

11. The Bert T. Combs Mountain Parkway Extension (entire length);

12.~~[10.]~~ The Edward T. Breathitt Pennyrile Parkway (entire length);

13.~~[11.]~~ The Wendell H. Ford Western Kentucky Parkway (entire length);

14.~~[12.]~~ The Louie B. Nunn Cumberland Parkway (entire length);

15.~~[13.]~~ The Martha Layne Collins Bluegrass Parkway (entire length); and

16.~~[14.]~~ The William H. Natcher Parkway (entire length).

(b) In a highway work zone, the Transportation Cabinet may temporarily reduce established speed limits without an engineering or traffic investigation. A speed limit established under this paragraph shall become effective when and where posted. The Transportation Cabinet shall post signs notifying the traveling public of the temporary highway work zone maximum speed limit. Nothing in this paragraph shall be construed to prevent the Transportation Cabinet from using moveable or portable speed limit signs in highway work zones.

(5) (a) A city or a county may by ordinance establish speed limits within its own jurisdiction, except as provided in paragraph (b) of this subsection.

(b) The alteration of speed limits on state highways within a city or a county shall not be effective until the alteration has been approved by the secretary of transportation. The secretary shall not approve any alteration that could increase any speed limit established by subsection (3)(b) or (c) of this section in excess of fifty-five (55) miles per hour.

(c) If a county determines, upon the basis of an engineering and traffic investigation and study, that it is unsafe to park motor vehicles on or along any highway, other than a state highway, within the unincorporated areas of the county, or that in any business district the congestion of traffic justifies a reasonable limitation on the length of time any one (1) motor vehicle is permitted to park in such district so as to reduce the congestion, the fiscal court may by ordinance establish "no parking" areas on the highway, or limit the length of time any motor vehicle may be parked in any business district.

(6) The speed limit for motor vehicles in an off-street parking facility offered for public use, whether publicly or privately owned, shall be fifteen (15) miles per hour.

(7) A person shall not drive a motor vehicle at a speed that will impede or block the normal and reasonable movement of traffic, except when reduced speed is necessary for safe operation or in compliance with law.

(8) In every charge for a violation of any speed limit specified in this section, the warrant or citation shall specify the speed at which the defendant is alleged to have driven, and the lawful speed limit applicable at the location where the violation is charged to have occurred.

Signed by Governor March 26, 2019.

CHAPTER 169

(HB 254)

AN ACT relating to freedom of speech at public postsecondary education institutions.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 164.348 is amended to read as follows:

(1) For purposes of this section:

(a) "Faculty" means any person tasked by a public postsecondary education institution with providing scholarship, academic research, or teaching, regardless of whether the person is compensated by the public postsecondary education institution; and

(b) "Student" means an individual currently enrolled in at least one (1) credit hour at a public postsecondary education institution or a student organization registered pursuant to the policies of a public postsecondary education institution.

(2) Consistent with its obligations to respect the rights secured by the Constitutions of the United States and the Commonwealth of Kentucky, a governing board of a public postsecondary education institution shall ***adopt policies to*** ensure that:

(a) ~~[(1)]~~ ***The institution protects the fundamental and constitutional right of all students and faculty to freedom of expression;***

(b) The institution grants students and faculty the broadest possible latitude to speak, write, listen, challenge, learn, and discuss any issue;

(c) The institution commits to maintaining a marketplace of ideas where the free exchange of ideas is not suppressed because an idea put forth is considered by some or even most of the members of the institution's community to be offensive, unwise, disagreeable, conservative, liberal, traditional, or radical;

(d) Students and faculty do not substantially obstruct or otherwise substantially interfere with the freedom of others to express views they reject so that a lively and fearless freedom of debate and deliberation is promoted and protected;

(e) The expression of a student's religious or political viewpoints in classroom, homework, artwork, and other written and oral assignments is free from discrimination or penalty based on the religious or political content of the submissions;

(f) 1. ~~[(2) (a)]~~ The selection of students to speak at official events is made in a viewpoint-neutral manner;

2. ~~[(b)]~~ The prepared remarks of the student are not altered before delivery, except in a viewpoint-neutral manner, unless requested by the student. However, student speakers shall not engage in speech that is obscene, vulgar, offensively lewd, or indecent; and

3. ~~[(c)]~~ If the content of the student's speech is such that a reasonable observer may perceive affirmative institutional sponsorship or endorsement of the student speaker's religious or political viewpoint, the institution shall communicate, in writing, orally, or both, that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the institution;

(g) ~~[(3)]~~ ***Student*** religious and political organizations are allowed equal access to public forums on the same basis as nonreligious and nonpolitical organizations;

(h) ~~[(4)]~~ No recognized religious or political student organization is hindered or discriminated against in the ordering of its internal affairs, selection of leaders and members, defining of doctrines and principles, and resolving of organizational disputes in the furtherance of its mission, or in its determination that only persons committed to its mission should conduct such activities;~~[and]~~

(i) Student activity fee funding to a student organization is not denied based on the viewpoints that the student organization advocates;

(j) The generally accessible, open, outdoor areas of the campus be maintained as traditional public forums for students and faculty to express their views, so that the free expression of students and faculty is not limited to particular areas of the campus often described as "free speech zones";

(k) ~~[(5)]~~ There shall be no restrictions on the time, place, and manner of student speech that occurs in the outdoor areas of campus or is protected by the First Amendment of the United States Constitution, except for restrictions that are:

1. ~~[(a)]~~ Reasonable;

2. ~~[(b)]~~ Justified without reference to the content of the regulated speech;

3. ~~[(c)]~~ Narrowly tailored to serve a compelling governmental interest; and

4. ~~[(d)]~~ Limited to provide ample alternative options for the communication of the information***;*** ~~[.]~~

(l) Permit requirements do not prohibit spontaneous outdoor assemblies or outdoor distribution of literature, although an institution may adopt a policy that grants members of the university community the right to reserve certain outdoor spaces in advance;

(m) All students and faculty are allowed to invite guest speakers to campus to engage in free speech regardless of the views of the guest speakers;

(n) Students are not charged fees based on the content of their speech, the content of the speech of guest speakers invited by students, or the anticipated reaction or opposition of listeners to the speech; and

(o) The institution does not disinvite a speaker invited by a student, student organization, or faculty member because the speaker's anticipated speech may be considered offensive, unwise, disagreeable, conservative, liberal, traditional, or radical by students, faculty, administrators, government officials, or members of the public.

(3) (a) Any person aggrieved by a violation of any policy adopted or required to have been adopted pursuant to subsection (2) of this section shall have a cause of action against the institution, or any of its agents acting in their official capacities, for damages arising from the violation, including reasonable attorney's fees and litigation costs.

(b) A claim brought pursuant to this subsection may be asserted in any court of competent jurisdiction within one (1) year of the date the cause of action accrued. The cause of action shall be deemed to have accrued at the point in time the violation ceases or is cured by the institution.

(c) Excluding reasonable attorney's fees and litigation costs, any prevailing claimant shall be awarded no less than one thousand dollars ($1,000) but no more than one hundred thousand dollars ($100,000) cumulatively per action. If multiple claimants prevail and the damages awarded would exceed one hundred thousand dollars ($100,000), the court shall divide one hundred thousand dollars ($100,000) amongst all prevailing claimants equally.

(4) (a) The policies adopted pursuant to subsection (2) of this section shall be made available to students and faculty using the following methods:

1. Publishing in the institution's student handbook and faculty handbook, whether paper or electronic; and

2. Posting to a prominent location on the institution's Web site.

(b) The policies adopted pursuant to subsection (2) of this section may also be made available to students and faculty using the following methods:

1. Mailing electronically to students and faculty annually using their institutionally provided e-mail addresses; or

2. Including in orientation programs for new students and new faculty.

(5) (a) Nothing in this section shall be construed to grant students the right to engage in conduct that intentionally, materially, and substantially disrupts another's expressive activity if that activity is occurring in a campus space previously scheduled or reserved for that activity or under the exclusive use or control of a particular group.

(b) Conduct intentionally, materially, and substantially disrupts another's expressive activity if it significantly hinders the expressive activity of another person or group, or prevents the communication of a message or the transaction of a lawful meeting, gathering, or procession by:

1. Being of a violent or seriously disruptive nature; or

2. Physically blocking or significantly hindering any person from attending, hearing, viewing, or otherwise participating in an expressive activity.

(c) Conduct does not intentionally, materially, and substantially disrupt another's expressive activity if the conduct:

1. Is protected under the First Amendment to the United States Constitution or the Constitution of the Commonwealth of Kentucky, including but not limited to lawful protests and counter-protests in the outdoor areas of campus generally accessible to the public, except during times when those areas have been reserved in advance for other events; or

2. Is an isolated occurrence that causes minor, brief, and nonviolent disruptions of expressive activity.

➔Section 2. This Act may be cited as the Campus Free Speech Protection Act.

Signed by Governor March 26, 2019.

(d) The preliminarily approved company shall submit any documentation required by the authority upon request of the authority;

(e) To obtain final approval, the preliminarily approved company shall submit:

The tax incentive agreement shall establish an activation date, which shall be within two (2) years of final approval;

(f) 1. On or before the activation date, the approved company shall notify the authority of its intention to activate the tax incentive agreement. The approved company shall submit:

3. If an approved company meets the minimum investment, full-time job, and wage requirements, including employee benefits, established by KRS 154.32-020, but fails to meet higher job targets and minimum wage targets, including employee benefits, established in the tax incentive agreement, then the provisions of subsection (4) of this section shall apply in determining the incentives for which the approved company qualifies.

(g) 1. The authority shall monitor the tax incentive agreement at least annually, and the approved company shall submit all documentation necessary for the authority to monitor the agreement.

2. The authority shall, based on the documentation provided, confirm that the approved company is in continued compliance with the provisions of the tax incentive agreement and, therefore, eligible for incentives.

3. Upon annual review, if the approved company meets the minimum job and wage requirements, including employee benefits, established by KRS 154.32-020, but fails to meet the job target and minimum wage target, including employee benefits, established in the tax incentive agreement, then the provisions of subsection (4) of this section shall apply in determining the incentives for which the approved company qualifies in any year.

4. Upon final approval, the authority shall notify the department that an approved company is eligible for incentives and shall provide the department with the information necessary to monitor the use of incentives by the approved company. If, at any time during the term of the tax incentive agreement, an approved company becomes ineligible for incentives, the authority shall notify the department, and the department shall discontinue the availability of incentives for the approved company.

(2) (a) The authority may establish procedures and standards for the review and approval of eligible companies and their economic development projects through the promulgation of administrative regulations in accordance with KRS Chapter 13A.

(b) Standards to be used by the authority in reviewing and approving an eligible company and its economic development project shall include but not be limited to:

1. The creditworthiness of the eligible company;

2. The proposed capital investment to be made;

3. The number of new full-time jobs to be provided for the residents of the Commonwealth and the wages to be paid;

4. Support of the local community; and

5. The likelihood of the economic success of the economic development project.

(3) The application shall include but not be limited to:

(b) A description of the economic development project, including its location, the total investment in the economic development project, and total proposed eligible costs;

(e) Proposed wage and employee benefit amounts for the new full-time jobs to be created as a result of the proposed economic development project;

(f) For proposed economic development projects new to the Commonwealth, certification by the eligible company that the economic development project could reasonably and efficiently locate outside of the Commonwealth and, without the incentives offered by the authority, the eligible company would likely locate outside the Commonwealth;

(g) For eligible companies with an existing location in the Commonwealth considering an expansion, certification that the tax incentives are necessary for the expansion to occur;

(h) A letter of support from a local governmental entity in the city or county where the economic development project will be located; and

(4) (a) An approved company that meets the minimum job and wage requirements, including employee benefits established by KRS 154.32-020, but fails to meet the job target and minimum wage target, including employee benefits established by the tax incentive agreement, shall be eligible to receive the incentives authorized by the tax incentive agreement as provided in this subsection.

(b) If, upon activation or annual review, an approved company achieves at least ninety percent (90%) of both the job target and minimum wage target, including employee benefits established by the tax incentive agreement, and no other default has occurred, then the approved company shall be eligible to receive full incentives as provided in the tax incentive agreement.

(c) If, upon activation or annual review, an approved company achieves less than ninety percent (90%) of either the job target or minimum wage target, including employee benefits established in the tax incentive agreement, and no other default has occurred, then the incentives available to the approved company for the following year shall be reduced by a percentage equal to the percentage representing the difference between the job target or minimum wage target, including employee benefits established in the tax incentive agreement, and the actual average number of full-time jobs or average wage, including employee benefits, paid. If both the number of actual average full-time jobs and average wages paid, including employee benefits, are below ninety percent (90%) of the targets on the same measurement date, then the greater percentage reduction of the two (2) shall be applied rather than reducing the incentives available by the sum of the two (2).

(d) If, upon annual review, either the actual number of new full-time jobs or the average wages paid for those jobs, including employee benefits, is less than the minimum requirements established by KRS 154.32-020, then the economic development project may be suspended automatically or, with approval of the authority, terminated.

➔Section 5. KRS 154.32-090 is amended to read as follows:

(1) An approved company or, with the authority's consent, an affiliate of an approved company may impose wage assessments against employees as provided in this section if a wage assessment is included in the incentives awarded to the approved company in the tax incentive agreement. The level of wage assessment shall be negotiated as part of the tax incentive agreement.

(2) If an economic development project is located in an enhanced incentive county, the approved company or, with the authority's consent, an affiliate of the approved company may require that each employee subject to the tax imposed by KRS 141.020, whose job is determined by the authority to be created as a result of the economic development project, as a condition of employment, agree to an assessment of up to five percent (5%) of taxable wages.

(3) (a) If the economic development project is not located in an enhanced incentive county, and is located in a local jurisdiction where:

1. No local occupational license fee is imposed; or

2. a. A local occupational license fee greater than or equal to one percent (1%) is imposed; and

b. The local jurisdiction agrees to forgo one percent (1%) via credits against the local occupational license fee for the affected employees; then

(b) An approved company or, with the authority's consent, an affiliate of an approved company may require that each employee subject to tax imposed by KRS 141.020, whose job is determined by the authority to be created as a result of the economic development project, as a condition of employment, agree to pay an assessment of up to four percent (4%) of taxable wages.

(4) (a) If:

1. The economic development project is not located in an enhanced incentive county, and is located in a jurisdiction where the local occupational license fee is less than one percent (1%); and

2. The local jurisdiction agrees to forgo the total amount of the local occupational license fee; then

(b) An approved company or, with the authority's consent, an affiliate of an approved company may require that each employee subject to tax imposed by KRS 141.020, whose job is determined by the authority to be created as a result of the economic development project, as a condition of employment, agree to pay an assessment of up to three percent (3%) of taxable wages, plus a percentage equal to the amount of the local occupational license fee the local jurisdiction agrees to forgo.

(5) (a) If:

1. The project is not located in an enhanced incentive county and is located in a county where the jurisdiction imposes a local occupational license fee of less than one percent (1%); and

2. The local jurisdiction agrees to forgo only a portion of the total amount of the local occupational license fee; then

(b) An approved company or, with the authority's consent, an affiliate of an approved company may require that each employee subject to tax imposed by KRS 141.020, whose job is determined by the authority to be created as a result of the economic development project, as a condition of employment, agree to pay an assessment to be determined as follows:

1. Divide the local occupational license fee that the local jurisdiction has agreed to forgo by the total local occupational license fee imposed;

2. Multiply the result determined under subparagraph 1. of this paragraph by three percent (3%); and

3. Add the result from subparagraph 2. of this paragraph to the local occupational license fee that the local jurisdiction has agreed to forgo.

(6) (a) If:

1. The project is not located in an enhanced incentive county, and is located in a county where the jurisdiction imposes a local occupational license fee equal to or greater than one percent (1%); and

2. The local jurisdiction agrees to forgo the local occupational license fee in an amount of less than one percent (1%); then

(b) An approved company or, with the authority's consent, an affiliate of an approved company may require that each employee subject to tax imposed by KRS 141.020, whose job is determined by the authority to be created as a result of the economic development project, as a condition of employment, agree to pay an assessment to be determined as follows:

1. Divide the local occupational license fee that the local jurisdiction has agreed to forgo by one percent (1%);

2. Multiply the result determined under subparagraph 1. of this paragraph by three percent (3%); and

3. Add the result from subparagraph 2. of this paragraph to the local occupational license fee that the local jurisdiction has agreed to forgo.

(7) If the project is not located in an enhanced incentive county, and:

(a) Is located in a local jurisdiction that does not impose a local occupational license fee, the local jurisdiction shall be required to provide some alternative inducement satisfactory to the authority at the local level in order for a preliminarily approved company to receive final approval. However, the authority may waive this requirement if there are reasonable circumstances that prevent the local jurisdiction from providing a reasonable inducement; or

(b) Is located in a local jurisdiction that does impose a local occupational license fee, the jurisdiction may request that the authority waive the local occupational license fee requirements established by subsection (3), (4), (5), or (6) of this section if the local jurisdiction offers alternative inducements of similar value satisfactory to the authority. The authority shall review all requests for a waiver, and may waive the local occupational license fee requirements and instead require the local jurisdiction to provide alternative inducements of similar value if the authority determines that the circumstances warrant an alternative contribution by the local jurisdiction.

(8) Each employee paying the assessment shall simultaneously be entitled to a credit against the Kentucky individual income tax required to be withheld under KRS 141.310 equal to the state portion of the assessment and shall be entitled to a credit against the local occupational license tax equal to the local portion of the assessment.

(9) If more than one (1) local jurisdiction imposes an occupational license fee, the local jurisdiction portion of the assessment shall be prorated proportionately among the taxes imposed by the local jurisdictions unless one (1) local jurisdiction agrees to forgo the receipt of these taxes in an amount equal to the local jurisdiction portion of the wage assessment, in which case no proration shall be made.

(10) If a full-time employee subject to state tax imposed by KRS 141.020 is already employed by the approved company at a site other than the site of the economic development project, that full-time employee's job shall be deemed to have been created when the full-time employee is transferred to the site of the economic development project if the full-time employee's existing job is filled with a new full-time employee.

(11) If an approved company elects to impose the assessment as a condition of employment, it shall be authorized to deduct the assessment from each payment of wages to the employee~~[unless the approved company receives an advance disbursement as set forth in KRS 154.32-080, in which case assessment claims shall be filed with the department, but no assessment shall be withheld by the company until the advance disbursement is repaid in full]~~.

(12) Notwithstanding any other provision of the Kentucky Revised Statutes, if an approved company elects not to deduct the assessment from each payment of wages to the employee, but rather requests a reimbursement of state tax imposed by KRS 141.020 or local occupational tax in the aggregate after they have been paid to the state or local jurisdiction, no interest shall be paid by the state or by the local jurisdiction on that reimbursement.

(13) No credit, or portion thereof, shall be allowed against any occupational license fee imposed by or dedicated solely to the board of education in a local jurisdiction.

(14) An approved company imposing an assessment shall make its payroll, books, and records available to the authority or the department upon request, and shall file with the authority or department documentation pertaining to the assessment as the authority or department may require.

(15) Any assessment of the wages of employees of an approved company in connection with their employment at an economic development project shall permanently cease at the expiration of the tax incentive agreement.

➔Section 6. KRS 154.60-020 is amended to read as follows:

(1) The authority shall develop a small business development credit program in consultation with the Office of Entrepreneurship to assist new or existing small businesses operating in the Commonwealth. (c) Each eligible position that is created and filled shall be maintained for twelve (12) months. If a full-time employee filling a newly created eligible position ceases to be employed by the small business for any reason, that employee shall be replaced within forty-five (45) days in order for the eligible position to maintain its eligible status, in addition to meeting all other applicable requirements.

(d) The small business shall submit all information necessary for the authority to determine credit eligibility for each year, and the amount of credit for which the small business is eligible.

(e) The maximum amount of credit for each small business for each year shall not exceed twenty-five thousand dollars ($25,000).

➔Section 5. KRS 342.122 is amended to read as follows:

(1) (a) For calendar year 1997 and for each calendar year thereafter, for the purpose of funding and prefunding the liabilities of the special fund, financing the administration and operation of the Kentucky Workers' Compensation Funding Commission, and financing the expenditures for all programs in the Labor Cabinet, except the ~~[Division of Apprenticeship and]~~Division of Wages and Hours in the Department of Workplace Standards, as reflected in the enacted budget of the Commonwealth and enacted by the General Assembly, the funding commission shall impose a special fund assessment rate of nine percent (9%) upon the amount of workers' compensation premiums received on and after January 1, 1997, through December 31, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying his or her own risk.

(b) The funding commission shall, for calendar year 1998 and thereafter, establish for the special fund an assessment rate to be assessed against all premium received during that calendar year which shall produce enough revenue to amortize on a level basis the unfunded liability of the special fund as of June 30 preceding January 1 of each year, for the period remaining until December 31, 2029. The interest rate to be used in this calculation shall reflect the funding commission's investment experience to date and the current investment policies of the commission. This assessment shall be imposed upon the amount of workers' compensation premiums received by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying its own risk. On or before October 1 of each year, the commission shall notify each insurance carrier writing workers' compensation insurance in the Commonwealth, every group of self-insured employers, and each employer carrying its own risk, of the rates which shall become effective on January 1 of each year, unless modified by the General Assembly.

(c) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission.

(d) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on workers' compensation premiums.

(2) (a) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received. Receipt shall be considered timely through actual physical receipt or by postmark of the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(b) Beginning on January 1, 2020, all assessments shall be electronically remitted to the funding commission quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received. Receipt shall be considered timely when filed and remitted using the appropriate electronic pay system as prescribed by the funding commission. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(3) The assessments imposed by this section may be collected by the insurance carrier from the insured. However, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. If the insurance carrier collects the assessment from an insured, the assessment shall be collected at the same time and in the same proportion as the premium is collected. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages imposed by this chapter. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. The percentages imposed by this chapter for an insurance policy issued by an insurance company shall be those percentages in effect on the annual effective date of the policy, regardless of the date that the premium is actually received by the insurance company.

(4) A self-insured group may elect to report its premiums and to have its assessments computed in the same manner as insurance companies. This election may not be rescinded for at least ten (10) years, nor may this election be made a second time for at least another ten (10) years, except that the board of directors of the funding commission may, at its discretion, waive the ten (10) year ban on a case-by-case basis after formal petition has been made to the funding commission by a self-insured group.

(5) The funding commission, as part of the collection and auditing of the special fund assessments required by this section, shall annually require each insurance carrier and each self-insured group to provide a list of employers which it has insured or which are members and the amount collected from each employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or self-insured group may require its insureds or members to furnish the SIC code for each of their employees. However, the failure of any employer to furnish said codes shall not relieve the insurance carrier or self-insured group from the obligation to furnish same to the funding commission. The Office of Employment and Training, Education and Workforce Development Cabinet, is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.

(6) Each self-insured employer, self-insured group, or insurance carrier shall provide any information and submit any reports the Department of Revenue or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.

(7) The special fund shall be required to maintain a central claim registry of all claims to which it is named a party, giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. The registry shall be established by January 26, 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund.

(8) The fund heretofore designated as the subsequent claim fund is abolished, and there is substituted therefor the special fund as set out by this section, and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

(9) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.

(10) All assessment rates imposed for periods prior to January 1, 1997, under KRS 342.122 shall forever remain applicable to premiums received on policies with effective dates prior to January 1, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provision of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying its own risk.

➔Section 6. KRS 343.010 is amended to read as follows:

As used in this chapter unless the context requires otherwise:

(1) "Apprentice" means a worker at least sixteen (16) years of age, except where a higher minimum age standard is otherwise fixed by law, who is employed to learn an apprenticeable occupation as provided in 29 C.F.R. pt. 29;

(5) The Secretary of State shall examine the petition of each candidate to determine whether it is regular on its face. If there is an error, the Secretary of State shall notify the candidate by certified mail within twenty-four (24) hours of filing.

(6) The order of names on the ballot for each district or circuit, and numbered division if divisions exist, shall be determined by lot at a public drawing to be held in the office of the Secretary of State at 2 p.m., standard time, on the Thursday following the first Tuesday after the first Monday in June preceding the regular election for those petitions for nomination required to be filed no later than the first Tuesday following the first Monday in June. (9) The county clerks of each county shall cause to be printed on the ballot labels for the voting machines and on the absentee ballots for the regular election the names of the candidates for offices of the Court of Justice.

(10) The names of the candidates shall be placed on the voting machine in a separate column or columns or in a separate line or lines and identified by the words "Judicial Ballot," and in a manner so that the casting of a vote for all of the candidates of a political party will not operate to cast a vote for judicial candidates. The words "Vote for one" or "Vote for one in each division," shall be printed on the appropriate location. The office, numbered division if divisions exist, and the candidates therefor shall be clearly labeled. No party designation or emblem of any kind, nor any sign indicating any candidate's political belief or party affiliation, shall be used on voting machines or special ballots.

(d) A state senatorial district;

(e) A state representative district;

(f) A justice of the peace or county commissioner's district established under KRS Chapter 67; or

(g) An aldermanic ward established under KRS 83.440.

(2) The county board of elections shall have the authority to draw precinct lines so as to enable more than one (1) precinct to vote at one (1) location. The county board of elections shall review election precinct boundaries as often as necessary. Without exception, they shall review the boundaries of all election precincts exceeding seven hundred (700) votes cast in the last regular election prior to each primary election, and the State Board

of Elections may require a written report at least sixty (60) days prior to the candidate filing deadline set forth in KRS 118.165(1) ***and (2)*** on each election precinct exceeding seven hundred (700) votes cast in the last regular election. Consideration to the division of said election precincts should be based on the anticipated growth factor within the specified boundaries; however, the county board of elections shall not be prohibited from dividing election precincts in excess of seven hundred (700) votes cast in the last regular election or less than seven hundred (700) votes cast in the last regular election if they elect to do so. However, the State Board of Elections may, in its discretion, withhold from a county the expenses of an election under KRS 117.345 for any precinct containing more than one thousand five hundred (1,500) registered voters, excluding those precincts utilizing optical scan voting machines and those periods of time in which the precinct boundaries have been frozen under KRS 117.056.

No election precinct shall be created, divided, abolished, or consolidated or the boundaries therein changed prior to any general election to comply with the provisions of KRS 117.055 to 117.0555 and KRS 117.0557 later than the last date prescribed by election law generally for filing certificates or petitions of nomination with the county clerk or Secretary of State.

(4) The county board of elections shall designate the name or number and the boundaries of the election precincts. Each precinct shall contain, as nearly as practicable, an equal number of voters, based on the number of registered voters in the county.

(5) A map and listing of the exact election precinct boundaries shall be filed by the county board of elections with the State Board of Elections, and any changes in boundaries thereafter made shall also be filed with the State Board of Elections. A copy of this map indicating all precinct boundaries within the county shall be included in the election supplies of each precinct.

(6) If the county board of elections fails to perform any of the duties required by KRS 117.055 to 117.0555 and KRS 117.0557:

(a) The State Board of Elections or any citizen and voter of the county may apply to the Circuit Court of the county for a summary mandatory order requiring the board to perform the duty. Appeals may be taken to the Court of Appeals by either party; and

(b) The State Board of Elections shall not submit claims for payments to the county under KRS 117.343 and 117.345 until the State Board of Elections determines in writing that the duty has been performed.

(7) The county board of elections shall coordinate all precinct boundary changes with the affected school board, magisterial, and municipal boundaries.

(1) An independent, or political organization, or political group candidate required to file nomination papers pursuant to KRS 118.365(5) shall be required to file a statement-of-candidacy form with the same office at which nomination papers are filed. Candidates for federal office and candidates for mayor or legislative body in cities of the home rule class participating in partisan elections shall not be required to file a statement-of-candidacy form. The statement-of-candidacy form shall be filed not earlier than the first Wednesday after the first Monday in November of the year preceding the year in which the office will appear on the ballot and not later than ***the first Friday following the first Monday in January***~~[April 1]~~ preceding the day fixed by law for holding of regular elections for the offices sought.~~[If the office in which the statement-of-candidacy form is to be filed is closed on April 1, the form may be filed on the next business day.]~~ The statement-of-candidacy form shall be filed no later than 4 p.m. local time when filed on the last day on which papers are permitted to be filed. No person shall file a statement-of-candidacy form for more than one (1) public office during an election cycle.

(2) The statement-of-candidacy form shall be prescribed by the State Board of Elections. The statement-of-candidacy form shall be signed by the candidate upon filing. No charge shall be assessed for the filing of a statement-of-candidacy form. The Secretary of State and county clerks shall examine the statement-of-candidacy form of each candidate who files the form to determine if there is an error. If an error has occurred, the candidate shall be notified by certified mail within twenty-four (24) hours.

➔Section 15. If any section, any subsection, or any provision of this Act is found by a court of competent jurisdiction in a final, unappealable order to be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions of this Act.

➔Section 16. This Act takes effect November 6, 2019.

Signed by Governor March 26, 2019.

(b) ***Convicted of*** a series of Class D felony violations of one (1) or more statutes enumerated in ***subsection (1)(a) of*** this section arising from a single incident***;*** ~~[, or who has been]~~

(c) Granted a full pardon~~[,]~~***; or***

(d) ***Convicted of a Class D felony, or an offense prior to January 1, 1975 which was punishable by not more than five (5) years' incarceration, which was not a violation of KRS 189A.010, 508.032, or 519.055, abuse of public office, a sex offense, or an offense committed against a child, and did not result in serious bodily injury or death; or of a series of felony offenses eligible under this paragraph;***

may file with the court in which he or she was convicted an application to have the judgment vacated. The application shall be filed as a motion in the original criminal case. The person shall be informed of the right at the time of adjudication.

(2) ***(a)*** A verified application to have the judgment vacated under this section shall be filed no sooner than five (5) years after the completion of the person's sentence, or five (5) years after the successful completion of the person's probation or parole, whichever occurs later.

(b) Upon the payment of the filing fee and the filing of the application, the Circuit Court clerk shall serve a notice of filing upon the office of the Commonwealth's attorney or county attorney that prosecuted the case and the county attorney of the county where the judgment was entered. The office of the Commonwealth's attorney or county attorney that prosecuted the case shall file a response within sixty (60) days after being served with the notice of filing. That time period may be extended for good cause, but the hearing on the application to vacate the judgment shall occur no later than one hundred twenty (120) days following the filing of the application. The inability to determine the location of the crime victim shall constitute good cause for an extension of time. No hearing upon the merits of the application shall be scheduled until the Commonwealth's response has been filed, or if no response is received, no later than one hundred twenty (120) days after the filing of the application.

(c) ***In any case in which the Commonwealth objects that the application is grossly incomplete, the court shall order the person or agency originating the application to supplement the application.***

(3) Upon the filing of the Commonwealth's response to an application, or if no response is received, no later than one hundred twenty (120) days after the filing of the application, the court shall set a date for a hearing and the

Circuit Court clerk shall notify the office of the Commonwealth's attorney or county attorney that prosecuted the case. The office of the Commonwealth's attorney or county attorney that prosecuted the case shall notify the victim of the crime, if there was an identified victim. The Commonwealth's attorney or county attorney shall be authorized to obtain without payment of any fee information from the Transportation Cabinet regarding the crime victim's address on file regarding any vehicle operator's license issued to that person.

(4) ***(a) In an application pursuant to subsection (1)(d) of this section, upon the filing of the Commonwealth's response objecting to the vacating of a judgment and expungement of a record, the court shall schedule a hearing within one hundred twenty (120) days of the Commonwealth's response. The prosecutor shall specify in the objection the reasons for believing a denial of the application is justified. At the hearing at which the applicant or his or her attorney must be present, the applicant must prove by clear and convincing evidence that:***

1. Vacating the judgment and expunging the record is consistent with the welfare and safety of the public;

2. The action is supported by his or her behavior since the conviction or convictions, as evidenced that he or she has been active in rehabilitative activities in prison and is living a law-abiding life since release;

3. The vacation and expungement is warranted by the interests of justice; and

4. Any other matter deemed appropriate or necessary by the court to make a determination regarding the petition for expungement is met.

(b) At the hearing, the applicant may testify as to the specific adverse consequences he or she may be subject to if the application is denied. The court may hear testimony of witnesses and any other matter the court deems proper and relevant to its determination regarding the application. The Commonwealth may present proof of any extraordinary circumstances that exist to deny the application. A victim of any offense listed in the application shall have an opportunity to be heard at any hearing held under this section.

(c) If the court determines that circumstances warrant vacation and expungement and that the harm otherwise resulting to the applicant clearly outweighs the public interest in the criminal history record information being publicly available, then the original conviction or convictions shall be vacated and the records shall be expunged. The order of expungement shall not preclude a prosecutor's office from retaining a nonpublic record for law enforcement purposes only.

(5) The court may order the judgment vacated, and if the judgment is vacated the court shall dismiss with prejudice any charges which are eligible for expungement under subsection (1) of this section or KRS 431.076 or 431.078, and***, upon full payment of the fee in subsection (11) of this section,*** order expunged all records in the custody of the court and any records in the custody of any other agency or official, including law enforcement records, if the court finds that:

(a) The person had not***, after the effective date of this Act,***~~[previously]~~ had a felony conviction vacated and the record expunged pursuant to this section;

(b) The person had not in the five (5) years prior to the filing of the application to have the judgment vacated been convicted of a felony or a misdemeanor;~~[and]~~

(c) No proceeding concerning a felony or misdemeanor is pending or being instituted against the person***; and***

(d) For an application pursuant to subsection (1)(d) of this section, the person has been rehabilitated and poses no significant threat of recidivism.

(6)~~[(5)]~~ If the court has received a response from the office of the Commonwealth's attorney or county attorney that prosecuted the case stating no objection to the application to have the judgment vacated, or if one hundred twenty (120) days have elapsed since the filing of the application and no response has been received ***from the victim or the office of the Commonwealth's attorney or county attorney that prosecuted the case***, the court may, without a hearing, vacate the judgment in the manner established in subsection (4) of this section.

(7)~~[(6)]~~ Upon entry of an order vacating and expunging a conviction, the original conviction shall be vacated and***, upon full payment of the fee in subsection (11) of this section,*** the record shall be expunged. The court and other agencies shall cause records to be deleted or removed from their computer systems so that the matter shall not appear on official state-performed background checks. The court and other agencies shall reply to any

inquiry that no record exists on the matter. The person whose record is expunged shall not have to disclose the fact of the record or any matter relating thereto on an application for employment, credit, or other type of application. If the person is not prohibited from voting for any other reason, the person's ability to vote shall be restored and the person may register to vote.

(8) ~~[(7)]~~ An order vacating a conviction under this section shall not extend or revive an expired statute of limitations, shall not constitute a finding of legal error regarding the proceedings leading to or resulting in the conviction, shall not nullify any findings of fact or conclusions of law made by the trial court or any appellate court regarding the conviction, and shall not constitute a finding of innocence regarding the conviction.

(9) ~~[(8)]~~ The Administrative Office of the Courts shall establish a form application to be used in filing an application to have judgment vacated and records expunged.

(10) ~~[(9)]~~ The filing fee for an application to have judgment vacated and records expunged shall be ~~[five hundred dollars ($500). The first]~~fifty dollars ($50)***, which*** ~~[of each fee collected pursuant to this subsection]~~ shall be deposited into a trust and agency account for deputy clerks and shall not be refundable.

(11) (a) Upon the issuance of an order vacating and expunging a conviction pursuant to this section, the applicant shall be charged an expungement fee of two hundred fifty dollars ($250), which may be payable by an installment plan in accordance with KRS 534.020.

(b) When the order is issued, the court shall set a date, no sooner than eighteen (18) months after the date of the order, by which the defendant must comply with the installment payment plan. The applicant shall be given notice of the total amount due, the payment frequency, and the date by which all payments must be made. The notice shall state that the expungement cannot be completed until full payment is received, and that if the applicant has not completed the installment payment plan by the scheduled date, he or she shall appear on that date to show good cause as to why he or she is unable to satisfy the obligations. Notwithstanding provisions of KRS 534.020 to the contrary, no applicant shall be ordered to jail for failure to complete an installment plan ordered pursuant to this section.

(c) The revenues and interest from the expungement fee shall be deposited in the expungement fund created in Section 4 of this Act.

(12) ~~[(10)]~~ This section shall be retroactive.

➔Section 2. KRS 431.076 is amended to read as follows:

(1) A person who has been charged with a criminal offense and who has been found not guilty of the offense, or against whom charges have been dismissed ~~[with prejudice]~~and not in exchange for a guilty plea to another offense, or against whom felony charges originally filed in the District Court have not resulted in an indictment by the grand jury, may petition the District or Circuit Court in which the charges were filed to expunge all records.

(2) The expungement petition shall be filed no sooner than sixty (60) days following the order of acquittal or dismissal ***with prejudice*** by the court***,*** ~~[or]~~ twelve (12) months following the date of the District Court decision to hold the matter to the grand jury***, or five (5) years following the date of the order of dismissal without prejudice***. The petition shall be served upon the office of the Commonwealth's attorney or county attorney that prosecuted the case.

(3) Following the filing of the petition, the court may set a date for a hearing. If the court does so, it shall notify the county or Commonwealth's attorney, as appropriate, of an opportunity for a response to the expungement petition. In addition, if the criminal charge relates to the abuse or neglect of a child, the court shall also notify the Office of General Counsel of the Cabinet for Health and Family Services of an opportunity for a response to the expungement petition. The counsel for the Cabinet for Health and Family Services shall respond to the expungement petition, within twenty (20) days of receipt of the notice, which period of time shall not be extended by the court, if the Cabinet for Health and Family Services has custody of records reflecting that the person charged with the criminal offense has been determined by the cabinet or by a court under KRS Chapter 620 to be a substantiated perpetrator of child abuse or neglect. If the cabinet fails to respond to the expungement petition or if the cabinet fails to prevail, the order of expungement shall extend to the cabinet's records. If the cabinet prevails, the order of expungement shall not extend to the cabinet's records.

(4) If the court finds that there are no current charges or proceedings pending relating to the matter for which the expungement is sought, the court may grant the petition and order the expunging of all records in the custody of the court and any records in the custody of any other agency or official, including law enforcement records.

If the expungement petition pertains to felony charges originally filed in the District Court which have not resulted in an indictment by the grand jury, and the Circuit Court or District Court grants the motion, it shall dismiss the charges and order the expunging of the records. The court shall order the expunging on a form provided by the Administrative Office of the Courts. Every agency, with records relating to the arrest, charge, or other matters arising out of the arrest or charge, that is ordered to expunge records, shall certify to the court within sixty (60) days of the entry of the expungement order, that the required expunging action has been completed. All orders enforcing the expungement procedure shall also be expunged.

(5) If an expungement is ordered under this section, an appellate court which issued an opinion in the case may, upon motion of the petitioner in the case, order the appellate case file to be sealed and also direct that the version of the appellate opinion published on the court's Web site be modified to avoid use of the petitioner's name in the case title and body of the opinion.

(6) After the expungement, the proceedings in the matter shall be deemed never to have occurred. The court and other agencies shall delete or remove the records from their computer systems so that any official state-performed background check will indicate that the records do not exist. The court and other agencies shall reply to any inquiry that no record exists on the matter. The person whose record is expunged shall not have to disclose the fact of the record or any matter relating thereto on an application for employment, credit, or other type of application.

(7) This section shall be retroactive.

➔Section 3. KRS 431.079 is amended to read as follows:

(1) ~~[Beginning January 1, 2014,]~~Every petition or application filed seeking expungement ***of a conviction*** shall include a certification of eligibility for expungement. The Department of Kentucky State Police and the Administrative Office of the Courts shall certify that the agencies have conducted a criminal background check on the petitioner and whether or not the petitioner is eligible to have the requested record expunged. The Department of Kentucky State Police shall promulgate administrative regulations to implement this section, in consultation with the Administrative Office of the Courts.

(2) ***Nothing in this section shall be construed to prohibit the expungement of a case ordered by a court of competent jurisdiction.***

(3) For the purposes of this section, KRS 431.073, 431.076, and 431.078, "expungement" means the removal or deletion of records by the court and other agencies which prevents the matter from appearing on official state-performed background checks.

➔SECTION 4. A NEW SECTION OF KRS CHAPTER 431 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created in the State Treasury a fund designated the "expungement fund."

(2) The fund shall be administered by the Justice and Public Safety Cabinet.

(3) Beginning on the effective date of this Act, the revenues and interest from the expungement fee imposed by Section 1 of this Act shall be deposited in the fund.

(4) On January 1, April 1, July 1, and October 1 of each year, the balance of the fund shall be distributed as follows:

(a) Ten percent (10%) shall be distributed to the Department for Libraries and Archives;

(b) Forty percent (40%) shall be distributed to the Department of Kentucky State Police;

(c) Forty percent (40%) shall be equally distributed among the offices of Commonwealth's attorneys; and

(d) Ten percent (10%) shall be distributed to the Administrative Office of the Courts to be deposited into the trust and agency account for deputy circuit clerks along with the fee established in subsection (10) of Section 1 of this Act.

(5) All interest earned on moneys in the fund shall be credited to the fund and shall not lapse.

(6) Notwithstanding KRS 45.229, fund amounts not expended at the close of a fiscal year shall not lapse but shall be carried forward into the next fiscal year.

(7) Moneys deposited in the fund are hereby appropriated for the purposes set forth in this section and shall not be appropriated or transferred by the General Assembly for any other purposes.

Signed by Governor March 26, 2019.

CHAPTER 189

(HB 55)

AN ACT relating to reemployment of elected officials.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 61.637 is amended to read as follows:

(1) A retired member who is receiving monthly retirement payments under any of the provisions of KRS 61.510 to 61.705 and 78.510 to 78.852 and who is reemployed as an employee by a participating agency prior to August 1, 1998, shall have his retirement payments suspended for the duration of reemployment. Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the Federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.

(2) Employer and employee contributions shall be made as provided in KRS 61.510 to 61.705 and 78.510 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar ($1), and the member shall be credited with additional service credit.

(3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

(4) (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment.

(b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment.

(c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

1. The retired member's final compensation shall be recomputed using creditable compensation for his period of reemployment; however, the final compensation resulting from the recalculation shall not be less than that of the member when his retirement allowance was last determined;

2. If the retired member initially retired on or subsequent to his normal retirement date, his retirement allowance shall be recomputed by using the formula in KRS 61.595(1);

3. If the retired member initially retired prior to his normal retirement date, his retirement allowance shall be recomputed using the formula in KRS 61.595(2), except that the member's age used in computing benefits shall be his age at the time of his initial retirement increased by the number of months of service credit earned for service performed during reemployment;

4. The retirement allowance payments resulting from the recomputation under this subsection shall be payable in the month following the termination of reemployment in lieu of payments under subparagraph 3. The member shall not receive less in benefits as a result of the recomputation than he was receiving prior to reemployment or would receive as determined under KRS 61.691; and

5. Any retired member who was reemployed prior to March 26, 1974, shall begin making contributions to the system in accordance with the provisions of this section on the first day of the month following March 26, 1974.

(5) A retired member, or his estate, shall pay to the retirement fund the total amount of payments which are not suspended in accordance with subsection (1) of this section if the member received more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment, except the retired member or his estate may repay the lesser of the total amount of payments which were not suspended or fifty cents ($0.50) of each dollar earned over the maximum permissible earnings during reemployment if under age sixty-five (65), or one dollar ($1) for every three dollars ($3) earned if over age sixty-five (65).

(6) (a) "Reemployment" or "reinstatement" as used in this section shall not include a retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095.

(b) A retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095 or by court order or by order of the Human Rights Commission and accepts employment by an agency participating in the Kentucky Employees Retirement System or County Employees Retirement System shall void his retirement by reimbursing the system in the full amount of his retirement allowance payments received.

(7) (a) Effective August 1, 1998, the provisions of subsections (1) to (4) of this section shall no longer apply to a retired member who is reemployed in a position covered by the same retirement system from which the member retired. Reemployed retired members shall be treated as new members upon reemployment. Any retired member whose reemployment date preceded August 1, 1998, who does not elect, within sixty (60) days of notification by the retirement systems, to remain under the provisions of subsections (1) to (4) of this section shall be deemed to have elected to participate under this subsection.

(b) A retired member whose disability retirement was discontinued pursuant to KRS 61.615 and who is reemployed in one (1) of the systems administered by the Kentucky Retirement Systems prior to his or her normal retirement date shall have his or her accounts combined upon termination for determining eligibility for benefits. If the member is eligible for retirement, the member's service and creditable compensation earned as a result of his or her reemployment shall be used in the calculation of benefits, except that the member's final compensation shall not be less than the final compensation last used in determining his or her retirement allowance. The member shall not change beneficiary or payment option designations. This provision shall apply to members reemployed on or after August 1, 1998.

(8) A retired member or his employer shall notify the retirement system if he has accepted employment or is serving as a volunteer with an employer that participates in the retirement system from which the member retired. The retired member and the participating employer shall submit the information required or requested by the systems to confirm the individual's employment or volunteer status.

(9) If the retired member is under a contract, the member shall submit a copy of that contract to the retirement system, and the retirement system shall determine if the member is an independent contractor for purposes of retirement benefits. The retired member and the participating employer shall submit the information required or requested by the systems to confirm the individual's employment or volunteer status.

(10) If a member is receiving a retirement allowance, or has filed the forms required for a retirement allowance, and is employed within one (1) month of the member's initial retirement date in a position that is required to participate in the same retirement system from which the member retired, the member's retirement shall be voided and the member shall repay to the retirement system all benefits received. The member shall contribute to the member account established for him prior to his voided retirement. The retirement allowance for which the member shall be eligible upon retirement shall be determined by total service and creditable compensation.

(11) (a) If a member of the Kentucky Employees Retirement System retires from a department which participates in more than one (1) retirement system and is reemployed within one (1) month of his initial retirement date by the same department in a position participating in another retirement system, the retired member's retirement allowance shall be suspended for the first month of his retirement and the member shall repay to the retirement system all benefits received for the month.

(b) A retired member of the County Employees Retirement System who after initial retirement is hired by the county from which the member retired shall be considered to have been hired by the same employer.

(12) (a) If a hazardous member who retired prior to age fifty-five (55), or a nonhazardous member who retired prior to age sixty-five (65), is reemployed within six (6) months of the member's termination by the same employer, the member shall obtain from his previous and current employers a copy of the job

description established by the employers for the position and a statement of the duties performed by the member for the position from which he retired and for the position in which he has been reemployed.

(b) The job descriptions and statements of duties shall be filed with the retirement office.

(13) If the retirement system determines that the retired member has been employed in a position with the same principal duties as the position from which the member retired:

(a) The member's retirement allowance shall be suspended during the period that begins on the month in which the member is reemployed and ends six (6) months after the member's termination;

(b) The retired member shall repay to the retirement system all benefits paid from systems administered by Kentucky Retirement Systems under reciprocity, including medical insurance benefits, that the member received after reemployment began;

(c) Upon termination, or subsequent to expiration of the six (6) month period from the date of termination, the retired member's retirement allowance based on his initial retirement account shall no longer be suspended and the member shall receive the amount to which he is entitled, including an increase as provided by KRS 61.691;

(d) Except as provided in subsection (7) of this section, if the position in which a retired member is employed after initial retirement is a regular full-time position, the retired member shall contribute to a second member account established for him in the retirement system. Service credit gained after the member's date of reemployment shall be credited to the second member account; and

(e) Upon termination, the retired member shall be entitled to benefits payable from his second retirement account.

(14) (a) If the retirement system determines that the retired member has not been reemployed in a position with the same principal duties as the position from which he retired, the retired member shall continue to receive his retirement allowance.

(b) If the position is a regular full-time position, the member shall contribute to a second member account in the retirement system.

(15) (a) If a retired member is reemployed at least one (1) month after initial retirement in a different position, or at least six (6) months after initial retirement in the same position, and prior to normal retirement age, the retired member shall contribute to a second member account in the retirement system and continue to receive a retirement allowance from the first member account.

(b) Service credit gained after reemployment shall be credited to the second member account. Upon termination, the retired member shall be entitled to benefits payable from the second member account.

(16) A retired member who is reemployed and contributing to a second member account shall not be eligible to purchase service credit under any of the provisions of KRS 16.505 to 16.652, 61.510 to 61.705, or 78.510 to 78.852 which he was eligible to purchase prior to his initial retirement.

(17) Notwithstanding any provision of subsections (1) to (7)(a) and (10) to (15) of this section, the following shall apply to retired members who retired prior to January 1, 2019, and who are reemployed by an agency participating in one (1) of the systems administered by Kentucky Retirement Systems on or after September 1, 2008:

(a) Except as provided by paragraphs (c) and (d) of this subsection, if a member is receiving a retirement allowance from one (1) of the systems administered by Kentucky Retirement Systems, or has filed the forms required to receive a retirement allowance from one (1) of the systems administered by Kentucky Retirement Systems, and is employed in a regular full-time position required to participate in one (1) of the systems administered by Kentucky Retirement Systems or is employed in a position that is not considered regular full-time with an agency participating in one (1) of the systems administered by Kentucky Retirement Systems within three (3) months following the member's initial retirement date, the member's retirement shall be voided, and the member shall repay to the retirement system all benefits received, including any health insurance benefits. If the member is returning to work in a regular full-time position required to participate in one (1) of the systems administered by Kentucky Retirement Systems:

1. The member shall contribute to a member account established for him or her in one (1) of the systems administered by Kentucky Retirement Systems, and employer contributions shall be paid on behalf of the member by the participating employer; and

2. Upon subsequent retirement, the member shall be eligible for a retirement allowance based upon total service and creditable compensation, including any additional service or creditable compensation earned after his or her initial retirement was voided;

(b) Except as provided by paragraphs (c) and (d) of this subsection, if a member is receiving a retirement allowance from one (1) of the systems administered by Kentucky Retirement Systems and is employed in a regular full-time position required to participate in one (1) of the systems administered by Kentucky Retirement Systems after a three (3) month period following the member's initial retirement date, the member may continue to receive his or her retirement allowance during the period of reemployment subject to the following provisions:

1. Both the employee and participating agency shall certify in writing on a form prescribed by the board that no prearranged agreement existed between the employee and agency prior to the employee's retirement for the employee to return to work with the participating agency. If an elected official is reelected to a new term of office in the same position and ***has retired from the elected office within twelve (12) months***~~[retires following the election but]~~ prior to taking the new term of office, he or she shall be deemed by the system as having a prearranged agreement under the provisions of this subparagraph and shall have his or her retirement voided. If the participating agency or employer fail to complete the certification, the member's retirement shall be voided and the provisions of paragraph (a) of this subsection shall apply to the member and the employer;

2. Notwithstanding any other provision of KRS Chapter 16, 61, or 78 to the contrary, the member shall not contribute to the systems and shall not earn any additional benefits for any work performed during the period of reemployment;

3. Except as provided by KRS 70.291 to 70.293 and 95.022 and except for any retiree employed as a school resource officer as defined by KRS 158.441, the employer shall pay employer contributions as specified by KRS 61.565 and 61.702 on all creditable compensation earned by the employee during the period of reemployment. The additional contributions paid shall be used to reduce the unfunded actuarial liability of the systems; and

4. Except as provided by KRS 70.291 to 70.293 and 95.022 and except for any retiree employed as a school resource officer as defined by KRS 158.441, the employer shall be required to reimburse the systems for the cost of the health insurance premium paid by the systems to provide coverage for the retiree, not to exceed the cost of the single premium. Effective July 1, 2015, local school boards shall not be required to pay the reimbursement required by this subparagraph for retirees employed by the board for eighty (80) days or less during the fiscal year;

(c) If a member is receiving a retirement allowance from the State Police Retirement System or from hazardous duty retirement coverage with the Kentucky Employees Retirement System or the County Employees Retirement System, or has filed the forms required to receive a retirement allowance from the State Police Retirement System or from hazardous duty retirement coverage with the Kentucky Employees Retirement System or the County Employees Retirement System, and is employed in a regular full-time position required to participate in the State Police Retirement System or in a hazardous duty position with the Kentucky Employees Retirement System or the County Employees Retirement System within one (1) month following the member's initial retirement date, the member's retirement shall be voided, and the member shall repay to the retirement system all benefits received, including any health insurance benefits. If the member is returning to work in a regular full-time position required to participate in one (1) of the systems administered by Kentucky Retirement Systems:

1. The member shall contribute to a member account established for him or her in one (1) of the systems administered by Kentucky Retirement Systems, and employer contributions shall be paid on behalf of the member by the participating employer; and

2. Upon subsequent retirement, the member shall be eligible for a retirement allowance based upon total service and creditable compensation, including any additional service or creditable compensation earned after his or her initial retirement was voided;

(d) If a member is receiving a retirement allowance from the State Police Retirement System or from hazardous duty retirement coverage with the Kentucky Employees Retirement System or the County Employees Retirement System and is employed in a regular full-time position required to participate in the State Police Retirement System or in a hazardous duty position with the Kentucky Employees Retirement System or the County Employees Retirement System after a one (1) month period following the member's initial retirement date, the member may continue to receive his or her retirement allowance during the period of reemployment subject to the following provisions:

1. Both the employee and participating agency shall certify in writing on a form prescribed by the board that no prearranged agreement existed between the employee and agency prior to the employee's retirement for the employee to return to work with the participating agency. If an elected official is reelected to a new term of office in the same position and ***has retired from the elected office within twelve (12) months***~~[retires following the election but]~~ prior to taking the new term of office, he or she shall be deemed by the system as having a prearranged agreement under the provisions of this subparagraph and shall have his or her retirement voided. If the participating agency or employer fail to complete the certification, the member's retirement shall be voided and the provisions of paragraph (c) of this subsection shall apply to the member and the employer;

2. Notwithstanding any other provision of KRS Chapter 16, 61, or 78 to the contrary, the member shall not contribute to the systems and shall not earn any additional benefits for any work performed during the period of reemployment;

3. Except as provided by KRS 70.291 to 70.293 and 95.022 and except for any retiree employed as a school resource officer as defined by KRS 158.441, the employer shall pay employer contributions as specified by KRS 61.565 and 61.702 on all creditable compensation earned by the employee during the period of reemployment. (e) Notwithstanding paragraphs (a) to (d) of this subsection, a retired member who qualifies as a volunteer for an employer participating in one (1) of the systems administered by Kentucky Retirement Systems and who is receiving reimbursement of actual expenses, a nominal fee for his or her volunteer services, or both, shall not be considered an employee of the participating employer and shall not be subject to paragraphs (a) to (d) of this subsection if:

1. Prior to the retired member's most recent retirement date, he or she did not receive creditable compensation from the participating employer in which the retired member is performing volunteer services;

2. Any reimbursement or nominal fee received prior to the retired member's most recent retirement date has not been credited as creditable compensation to the member's account or utilized in the calculation of the retired member's benefits;

3. The retired member has not purchased or received service credit under any of the provisions of KRS 61.510 to 61.705 or 78.510 to 78.852 for service with the participating employer for which the retired member is performing volunteer services; and

4. Other than the status of volunteer, the retired member does not become an employee, leased employee, or independent contractor of the employer for which he or she is performing volunteer services for a period of at least twenty-four (24) months following the retired member's most recent retirement date.

If a retired member, who provided volunteer services with a participating employer under this paragraph violates any provision of this paragraph, then he or she shall be deemed an employee of the participating employer as of the date he or she began providing volunteer services and both the retired member and the participating employer shall be subject to paragraphs (a) to (d) of this subsection for the period of volunteer service; and

(f) Notwithstanding any provision of this section, any mayor or member of a city legislative body who has not participated in the County Employees Retirement System prior to retirement, but who is otherwise eligible to retire from the Kentucky Employees Retirement System or the State Police Retirement System, shall not be:

(18) Notwithstanding any provision of subsections (1) to (7)(a) and (10) to (17) of this section, the following shall apply to retired members, retirees, or annuitants of the systems or plans administered by the Kentucky Retirement Systems, the Judicial Form Retirement System, and the Teachers' Retirement System, who retire and begin drawing a retirement allowance on or after January 1, 2019, and are reemployed on or after January 1, 2019, by an agency participating in the systems administered by the Kentucky Retirement Systems:

(a) Except as provided by paragraphs (c) and (d) of this subsection, if a retired member is receiving a retirement allowance from the systems administered by the Kentucky Retirement Systems and is reemployed in any position with an agency participating in any of the systems administered by the Kentucky Retirement Systems, regardless of whether or not the position is considered regular full-time under KRS 61.510(21), 78.510(21), or paragraph (g) of this subsection, within a three (3) month period following the member's initial retirement date from the systems, the member's retirement shall be voided and the member shall repay to the system all benefits received, including any health insurance benefits. If the member's retirement is voided as provided by this paragraph and the member has returned to work in a position that is considered a regular full-time position in the systems administered by Kentucky Retirement Systems as defined in KRS 61.510(21) or 78.510(21), as applicable:

1. The member shall contribute to a member account established for him or her in one (1) of the systems administered by the Kentucky Retirement Systems and employer contributions shall be paid on behalf of the member by the participating employer; and

2. Upon subsequent retirement, the member shall be eligible for a retirement allowance based upon total service, accumulated account balance, and creditable compensation, including any additional service, creditable compensation, or accumulated account balance earned after his or her initial retirement was voided, subject to the limitations of KRS 6.525, 21.374, 61.5955, or 61.5956;

(b) Except as provided by paragraphs (c) and (d) of this subsection, if a retired member, annuitant, or retiree is receiving a retirement allowance from the systems administered by the Kentucky Retirement Systems and is reemployed or elected to a position with an agency participating in the systems administered by the Kentucky Retirement Systems after a three (3) month period following the member's initial retirement date from the system:

1. Both the employee and participating agency shall certify in writing on a form prescribed by the board that no prearranged agreement existed between the employee and agency prior to the employee's retirement for the employee to return to work with the participating agency. If an elected official is reelected to a new term of office in the same position and ***has retired from the elected office within twelve (12) months***~~[retires following the election but]~~ prior to taking the new term of office, he or she shall be deemed by the system as having a prearranged agreement under the provisions of this subparagraph and shall have his or her retirement voided. If the participating agency or employer fails to complete the certification, the member's retirement shall be voided and the provisions of paragraph (a) of this subsection shall apply to the member and the employer;

2. The member shall not contribute to the systems and shall not earn any additional benefits for any work performed during the period of reemployment;

3. The retired member may continue to draw his or her retirement allowance during the period of reemployment if:

a. The period of reemployment is not considered regular full-time as defined by paragraph (g) of this subsection; or

b. The period of reemployment is considered regular full-time but the member has not returned to reemployment for at least a twelve (12) month period following his or her initial retirement. If the member returns to reemployment in a regular full-time position after a three (3) month but prior to a twelve (12) month period following his or her initial retirement, then the member's retirement allowance shall be suspended until twelve (12) months following his or her initial retirement; and

4. The employer shall pay the employer normal cost contributions as specified by KRS 61.565(1)(b) and 61.702, on all creditable compensation earned by the employee during the period of regular full-time reemployment, based upon the system in which the member is reemployed. Health insurance coverage provided to an individual in the group market or otherwise in connection with a group health plan does not satisfy this criteria even if the individual, or the individual's spouse or parent, pays some or all of the cost of the coverage unless the coverage is offered in connection with a group health plan that has fewer than two (2) participants as current employees on the first day of the plan year;

(b) An individual entitled to benefits under the health benefit plan has been diagnosed with a high-cost condition on or before the effective date of the individual's coverage for coverage issued on a guarantee-issue basis after July 15, 1995;

(c) The health benefit plan imposes the maximum pre-existing condition exclusion permitted under KRS 304.17A-200;

(d) The individual purchasing the health benefit plan is not eligible for or covered by other coverage; and

(e) The individual is not a state employee eligible for or covered by the state employee health insurance plan under KRS Chapter 18A.

(2) Notwithstanding the provisions of subsection (1) of this section, if the total claims paid for the high-cost condition under a program plan for any three (3) consecutive years are less than the premiums paid under the program plan for those three (3) consecutive years, then the following shall occur:

(a) The policy shall not be considered to be a program plan thereafter until the first renewal of the policy after there are three (3) consecutive years in which the total claims paid under the policy have exceeded the total premiums paid for the policy and at the time of the renewal the policy also qualifies under subsection (1) as a program plan; and

(b) Within the last six (6) months of the third year, the insurer shall provide each person entitled to benefits under the policy who has a high-cost condition with a written notice of insurability. The notice shall state that the recipient may be able to purchase a health benefit plan other than a program plan and shall also state that neither the notice nor the individual's actions to purchase a health benefit plan other than a program plan shall affect the individual's eligibility for plan coverage. The notice shall be valid for six (6) months.

(3) (a) There is established within the guaranteed acceptance program the alternative underwriting mechanism that a participating insurer may elect to use. An insurer that elects this mechanism shall use the underwriting criteria that the insurer has used for the past twelve (12) months for purposes of the program plan requirement in paragraph (b) of subsection (1) of this section for high-risk individuals rather than using the criteria established in KRS 304.17A-005~~[(24)]~~ and 304.17A-280 for high-cost conditions.

(b) An insurer that elects to use the alternative underwriting mechanism shall make written application to the commissioner. Before the insurer may implement the mechanism, the insurer shall obtain approval of the commissioner. Annually thereafter, the insurer shall obtain the commissioner's approval of the underwriting criteria of the insurer before the insurer may continue to use the alternative underwriting mechanism.

Nothing in this section shall be construed to limit the common law rights of a husband.

➔Section 5. KRS 311.725 is amended to read as follows:

3. The father of the fetus is liable to assist in the support of her child, even in instances where he has offered to pay for the abortion;

(c) At least twenty-four (24) hours prior to the abortion, a copy of the printed materials has been provided to the pregnant woman if she chooses to view these materials;

(d) The pregnant woman certifies in writing, prior to the performance or inducement of the abortion:

(2) By January 1, 1999, the cabinet shall cause to be published in English in a typeface not less than 12 point type the following materials:

The materials shall include a comprehensive list of the available agencies and a description of the services offered by the agencies and the telephone numbers and addresses of the agencies, and inform the pregnant woman about available medical assistance benefits for prenatal care, childbirth, and neonatal care and about the support obligations of the father of a child who is born alive. The cabinet shall ensure that the materials are comprehensive and do not directly or indirectly promote, exclude, or discourage the use of any agency or service described in this section;~~[and]~~

(b) Materials that inform the pregnant woman of the probable anatomical and physiological characteristics of the zygote, blastocyte, embryo, or fetus at two (2) week gestational increments for the first sixteen (16) weeks of her pregnancy and at four (4) week gestational increments from the seventeenth week of her pregnancy to full term, including any relevant information regarding the time at which the fetus possibly would be viable. The materials shall use language that is understandable by the average person who is not medically trained, shall be objective and nonjudgmental, and shall include only accurate scientific information about the zygote, blastocyte, embryo, or fetus at the various gestational increments. The materials shall include, for each of the two (2) of four (4) week increments specified in this paragraph, a pictorial or photographic depiction of the zygote, blastocyte, embryo, or fetus. The materials shall also include, in a conspicuous manner, a scale or other explanation that is understandable by the average person and that can be used to determine the actual size of the zygote, blastocyte, embryo, or fetus at a particular gestational increment as contrasted with the depicted size of the zygote, blastocyte, embryo, or fetus at that gestational increment***; and***

(c) Materials that inform the pregnant woman of the potential ability of a physician to reverse the effects of prescription drugs intended to induce abortion, where additional information about this possibility may be obtained, and contact information for assistance in locating a physician who may aide in the reversal.

(3) Upon submission of a request to the cabinet by any person, hospital, physician, or medical facility for one (1) or more copies of the materials published in accordance with subsection (2) of this section, the cabinet shall make the requested number of copies of the materials available to the person, hospital, physician, or medical facility that requested the copies.

(4) If a medical emergency or medical necessity compels the performance or inducement of an abortion, the physician who will perform or induce the abortion, prior to its performance or inducement if possible, shall inform the pregnant woman of the medical indications supporting the physician's judgment that an immediate abortion is necessary. Any physician who performs or induces an abortion without the prior satisfaction of the conditions specified in subsection (1) of this section because of a medical emergency or medical necessity shall enter the reasons for the conclusion that a medical emergency exists in the medical record of the pregnant woman.

(5) If the conditions specified in subsection (1) of this section are satisfied, consent to an abortion shall be presumed to be valid and effective.

(6) The failure of a physician to satisfy the conditions of subsection (1) of this section prior to performing or inducing an abortion upon a pregnant woman may be the basis of disciplinary action pursuant to KRS 311.595.

(7) The cabinet shall charge a fee for each copy of the materials distributed in accordance with subsections (1) and (3) of this section. The fee shall be sufficient to cover the cost of the administration of the materials published in accordance with subsection (2) of this section, including the cost of preparation and distribution of materials.

➔Section 2. KRS 134.580 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Agency" means the agency of state government which administers the tax to be refunded or credited; and

(b) "Overpayment" or "payment where no tax was due" means the excess of the tax payments made over the correct tax liability determined under the terms of the applicable statute without reference to the constitutionality of the statute.

(2) When money has been paid into the State Treasury in payment of any state taxes, except ad valorem taxes, whether payment was made voluntarily or involuntarily, the appropriate agency shall authorize refunds to the person who paid the tax, or to his heirs, personal representatives or assigns, of any overpayment of tax and any payment where no tax was due. When a bona fide controversy exists between the agency and the taxpayer as to the liability of the taxpayer for the payment of tax claimed to be due by the agency, the taxpayer may pay the amount claimed by the agency to be due, and if an appeal is taken by the taxpayer from the ruling of the agency within the time provided by KRS 49.220 and it is finally adjudged that the taxpayer was not liable for the payment of the tax or any part thereof, the agency shall authorize the refund or credit as the Kentucky Claims Commission or courts may direct.

(3) No refund shall be made unless each taxpayer individually files an application or claim for the refund within four (4) years from the date payment was made. Each claim or application for a refund shall be in writing and state the specific grounds upon which it is based. Denials of refund claims or applications may be protested and appealed in accordance with KRS 49.220 and 131.110.

(4) ***Notwithstanding any provision of this section, when an assessment of limited liability entity tax is made under KRS 141.0401 against a pass-through entity as defined in KRS 141.206, the corporation or individual partners, members, or shareholders of the pass-through entity shall have the greater of the time period provided by this section or one hundred eighty (180) days from the date the assessment becomes final to file amended returns requesting any refund of tax for the taxable year of the assessment and to allow for items of income, deduction, and credit to be properly reported on the returns of the partners, members, or shareholders of the pass-through entity subject to adjustment.***

(5) Refunds shall be authorized with interest as provided in KRS 131.183. The refunds authorized by this section shall be made in the same manner as other claims on the State Treasury are paid. They shall not be charged against any appropriation, but shall be deducted from tax receipts for the current fiscal year.

(6) ~~[(5)]~~ Nothing in this section shall be construed to authorize the agency to make or cause to be made any refund except within four (4) years of the date prescribed by law for the filing of a return including any extension of time for filing the return, or the date the money was paid into the State Treasury, whichever is the later, except in any case where the assessment period has been extended by written agreement between the taxpayer and the department, the limitation contained in this subsection shall be extended accordingly. Nothing in this section shall be construed as requiring the agency to authorize any refund to a taxpayer without demand from the taxpayer, if in the opinion of the agency the cost to the state of authorizing the refund would be greater than the amount that should be refunded or credited.

(7) ~~[(6)]~~ This section shall not apply to any case in which the statute may be held unconstitutional, either in whole or in part.

(8) ~~[(7)]~~ In cases in which a statute has been held unconstitutional, taxes paid thereunder may be refunded to the extent provided by KRS 134.590, and by the statute held unconstitutional.

(9) ~~[(8)]~~ No person shall secure a refund of motor fuels tax under KRS 134.580 unless the person holds an unrevoked refund permit issued by the department before the purchase of gasoline or special fuels and that permit entitles the person to apply for a refund under KRS 138.344 to 138.355.

(10) ~~[(9)]~~ Notwithstanding any provision of the Kentucky Revised Statutes to the contrary:

(a) The Commonwealth hereby revokes and withdraws its consent to suit in any forum whatsoever on any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return. No such claim shall be effective or recognized for any purpose;

(b) Any stated or implied consent for the Commonwealth of Kentucky, or any agent or officer of the Commonwealth of Kentucky, to be sued by any person for any legal, equitable, or other relief with respect to any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return, is hereby withdrawn; and

(c) The provisions of this subsection shall apply retroactively for all taxable years ending before December 31, 1995, and shall apply to all claims for such taxable years pending in any judicial or administrative forum.

(11) ~~[(10)]~~ Notwithstanding any provision of the Kentucky Revised Statutes to the contrary:

(a) No money shall be drawn from the State Treasury for the payment of any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return; and

(b) No provision of the Kentucky Revised Statutes shall constitute an appropriation or mandated appropriation for the payment of any claim for recovery, refund, or credit of any tax overpayment for any taxable year ending before December 31, 1995, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return.

➔SECTION 3. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) Effective for taxable years beginning on or after January 1, 2019, any taxpayer required to file a return under KRS 141.180 who is entitled to an income tax refund and who desires to contribute to the Kentucky YMCA Youth Assembly program may designate an amount, not to exceed the amount of the refund, to be paid to the Kentucky YMCA Youth Association. A designation made under this section shall not affect the income tax liability of the taxpayer, but it shall reduce the income tax refund by the amount designated.

(2) The tax refund designation authorized by this section shall be printed on the face of the Kentucky individual income tax form.

(3) The instructions accompanying the individual income tax return shall include a description of the Kentucky YMCA Youth Assembly and the purposes for which the funds from the income tax checkoff may be used.

(4) The department shall, by July 1, 2020, and by July 1 of each year thereafter, transfer the funds designated by taxpayers under this section to the Kentucky YMCA Youth Association.

(5) The funds transferred to the Kentucky YMCA Youth Association under subsection (4) of this section shall be used exclusively in support of the Kentucky YMCA Youth Assembly program.

➔Section 4. KRS 141.039 is amended to read as follows:

For taxable years beginning on or after January 1, 2018, in the case of corporations:

(1) Gross income shall be calculated by adjusting federal gross income as defined in Section 61 of the Internal Revenue Code as follows:

(a) Exclude income that is exempt from state taxation by the Kentucky Constitution and the Constitution and statutory laws of the United States;

(b) Exclude all dividend income;

(c) Include interest income derived from obligations of sister states and political subdivisions thereof;

(d) Exclude fifty percent (50%) of gross income derived from any disposal of coal covered by Section 631(c) of the Internal Revenue Code if the corporation does not claim any deduction for percentage depletion, or for expenditures attributable to the making and administering of the contract under which such disposition occurs or to the preservation of the economic interests retained under such contract;

(e) Include in the gross income of lessors income tax payments made by lessees to lessors, under the provisions of Section 110 of the Internal Revenue Code, and exclude such payments from the gross income of lessees;

(f) Include the amount calculated under KRS 141.205;

(g) Ignore the provisions of Section 281 of the Internal Revenue Code in computing gross income;

(h) Include the amount of deprecation deduction calculated under 26 U.S.C. sec. 167 or 168; and

(2) Net income shall be calculated by subtracting from gross income:

(a) The deduction for depreciation allowed by KRS 141.0101;

(b) Any amount paid for vouchers or similar instruments that provide health insurance coverage to employees or their families;~~[and]~~

(c) All the deductions from gross income allowed corporations by Chapter 1 of the Internal Revenue Code, as modified by KRS 141.0101, except:

1. Any deduction for a state tax which is computed, in whole or in part, by reference to gross or net income and which is paid or accrued to any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or to any foreign country or political subdivision thereof;

2. The deductions contained in Sections 243, 244, 245, and 247 of the Internal Revenue Code;

3. The provisions of Section 281 of the Internal Revenue Code shall be ignored in computing net income;

4. Any deduction directly or indirectly allocable to income which is either exempt from taxation or otherwise not taxed under the provisions of this chapter, and nothing in this chapter shall be construed to permit the same item to be deducted more than once;

5. Any deduction for amounts paid to any club, organization, or establishment which has been determined by the courts or an agency established by the General Assembly and charged with enforcing the civil rights laws of the Commonwealth, not to afford full and equal membership and full and equal enjoyment of its goods, services, facilities, privileges, advantages, or accommodations to any person because of race, color, religion, national origin, or sex, except nothing shall be construed to deny a deduction for amounts paid to any religious or denominational club, group, or establishment or any organization operated solely for charitable or educational purposes which restricts membership to persons of the same religion or denomination in order to promote the religious principles for which it is established and maintained;

6. Any deduction prohibited by KRS 141.205; and

7. Any dividends-paid deduction of any captive real estate investment trust***; and***

(d) 1. A deferred tax deduction in an amount computed in accordance with this paragraph.

2. For purposes of this paragraph:

a. "Net deferred tax liability" means deferred tax liabilities that exceed the deferred tax assets of a combined group as defined in Section 5 of this Act, as computed in accordance with accounting principles generally accepted in the United States of America; and

b. "Net deferred tax asset" means that deferred tax assets exceed the deferred tax liabilities of the combined group, as computed in accordance with accounting principles generally accepted in the United States of America.

3. Only publicly traded companies, including affiliated corporations participating in the filing of a publicly traded company's financial statements prepared in accordance with accounting principles generally accepted in the United States of America, as of January 1, 2019, shall be eligible for this deduction.

4. If the provisions of Section 5 of this Act result in an aggregate increase to the member's net deferred tax liability, an aggregate decrease to the member's net deferred tax asset, or an aggregate change from a net deferred tax asset to a net deferred tax liability, the combined group shall be entitled to a deduction, as determined in this paragraph.

5. For ten (10) years beginning with the combined group's first taxable year beginning on or after January 1, 2024, a combined group shall be entitled to a deduction from the combined group's entire net income equal to one-tenth (1/10) of the amount necessary to offset the increase in the net deferred tax liability, decrease in the net deferred tax asset, or aggregate change from a net deferred tax asset to a net deferred tax liability. The increase in the net deferred tax liability, decrease in the net deferred tax asset, or the aggregate change from a net deferred tax asset to a net deferred tax liability shall be computed based on the change that would result from the imposition of the combined reporting requirement under Section 5 of this Act, but for the deduction provided under this paragraph as of the effective date of this paragraph.

6. The deferred tax impact determined in subparagraph 5. of this paragraph shall be converted to the annual deferred tax deduction amount, as follows:

a. The deferred tax impact determined in subparagraph 5. of this paragraph shall be divided by the tax rate determined under Section 12 of this Act;

b. The resulting amount shall be further divided by the apportionment factor determined by KRS 141.120 or 141.121 that was used by the combined group in the calculation of the deferred tax assets and deferred tax liabilities as described in subparagraph 5. of this paragraph;

c. The resulting amount represents the total net deferred tax deduction available over the ten (10) year period as described in subparagraph 5. of this paragraph.

7. The deduction calculated under this paragraph shall not be adjusted as a result of any events happening subsequent to the calculation, including but not limited to any disposition or abandonment of assets. The deduction shall be calculated without regard to the federal tax effect and shall not alter the tax basis of any asset. If the deduction under this section is greater than the combined group's entire Kentucky net income, any excess deduction shall be carried forward and applied as a deduction to the combined group's entire net income in future taxable years until fully utilized.

8. Any combined group intending to claim a deduction under this paragraph shall file a statement with the department on or before July 1, 2019. The statement shall specify the total amount of the deduction which the combined group claims on the form including calculations and other information supporting the total amounts of the deduction as required by the department. No deduction shall be allowed under this paragraph for any taxable year except to the extent claimed on the timely filed statement in accordance with this paragraph.

➔Section 5. KRS 141.202 is amended to read as follows:

(1) This section shall apply to taxable years beginning on or after January 1, 2019.

(2) As used in this section:

(a) "Combined group" means the group of all corporations whose income and apportionment factors are required to be taken into account as provided in subsection (3) of this section in determining the taxpayer's share of the net income or loss apportionable to this state***. A combined group shall include only corporations, the voting stock of which is more than fifty percent (50%) owned, directly or indirectly, by a common owner or owners***;

(b) "Corporation" has the same meaning as in KRS 141.010, including an organization of any kind treated as a corporation for tax purposes under KRS 141.040, wherever located, which if it were doing business in this state would be a taxpayer, and the business conducted by a pass-through entity which is directly or indirectly held by a corporation shall be considered the business of the corporation to the extent of the corporation's distributive share of the pass-through entity income, inclusive of guaranteed payments;

(c) "Doing business in a tax haven" means being engaged in activity sufficient for that tax haven jurisdiction to impose a tax under United States constitutional standards;

(d) ***1.*** "Tax haven" means a jurisdiction that, during the taxable year has no or nominal effective tax on the relevant income and:

a. ~~[1.]~~ Has laws or practices that prevent effective exchange of information for tax purposes with other governments on taxpayers benefitting from the tax regime;

b. ~~[2.]~~ Has a tax regime which lacks transparency. A tax regime lacks transparency if the details of legislative, legal, or administrative provisions are not open and apparent or are not consistently applied among similarly situated taxpayers, or if the information needed by tax authorities to determine a taxpayer's correct tax liability, such as accounting records and underlying documentation, is not adequately available;

c. ~~[3.]~~ Facilitates the establishment of foreign-owned entities without the need for a local substantive presence or prohibits these entities from having any commercial impact on the local economy;

d. ~~[4.]~~ Explicitly or implicitly excludes the jurisdiction's resident taxpayers from taking advantage of the tax regime's benefits or prohibits enterprises that benefit from the regime from operating in the jurisdiction's domestic market; or

e. ~~[5.]~~ Has created a tax regime which is favorable for tax avoidance, based upon an overall assessment of relevant factors, including whether the jurisdiction has a significant untaxed offshore financial or other services sector relative to its overall economy***.***

2. "Tax haven" does not include a jurisdiction that has entered into a comprehensive income tax treaty with the United States, which the Secretary of the Treasury has determined is satisfactory for purposes of Section 1(h)(11)(C)(i)(II) of the Internal Revenue Code;

(e) "Taxpayer" means any corporation subject to the tax imposed under this chapter;

(f) "Unitary business" means a single economic enterprise that is made up either of separate parts of a single corporation or of a commonly controlled group of corporations that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. For purposes of this section, the term "unitary business" shall be broadly construed, to the extent permitted by the United States Constitution; and

(g) "United States" means the fifty (50) states of the United States, the District of Columbia, and United States' territories and possessions.

(3) (a) Except as provided in KRS 141.201, a taxpayer engaged in a unitary business with one (1) or more other corporations shall file a combined report which includes the income, determined under subsection (5) of this section, and the apportionment fraction, determined under KRS 141.120 and paragraph (d) of this subsection, of all corporations that are members of the unitary business, and any other information as required by the department. ***The combined report shall be filed on a waters-edge basis under subsection (8) of this section.***

(b) The department may, by administrative regulation, require that the combined report include the income and associated apportionment factors of any corporations that are not included as provided by paragraph (a) of this subsection, but that are members of a unitary business, in order to reflect proper apportionment of income of the entire unitary businesses. Authority to require combination by administrative regulation under this paragraph includes authority to require combination of corporations that are not, or would not be combined, if the corporation were doing business in this state.

(c) In addition, if the department determines that the reported income or loss of a taxpayer engaged in a unitary business with any corporation not included as provided by paragraph (a) of this subsection represents an avoidance or evasion of tax by the taxpayer, the department may, on a case-by-case basis, require all or any part of the income and associated apportionment factors of the corporation be included in the taxpayer's combined report.

(d) With respect to the inclusion of associated apportionment factors as provided in paragraph (a) of this subsection, the department may require the inclusion of any one (1) or more additional factors which will fairly represent the taxpayer's business activity in this state, or the employment of any other method to effectuate a proper reflection of the total amount of income subject to apportionment and an equitable allocation and apportionment of the taxpayer's income.

(e) ***A unitary business shall consider the combined gross receipts and combined income from all sources of all members under subsection (8) of this section, including eliminating entries for transactions among the members under subsection (8)(e) of this section.***

(f) Notwithstanding paragraphs (a) to ***(e)***~~[(d)]~~ of this subsection, a consolidated return may be filed as provided in KRS 141.201 if the taxpayer makes an election according to KRS 141.201.

(4) The use of a combined report does not disregard the separate identities of the taxpayer members of the combined group. Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include, in addition to the other types of income, the taxpayer member's share of apportionable income of the combined group, where apportionable income of the combined group is calculated as a summation of the individual net incomes of all members of the combined group. A member's net income is determined by removing all but apportionable income, expense, and loss from that member's total income as provided in subsection (5) of this section.

(5) (a) Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include:

1. Its share of any income apportionable to this state of each of the combined groups of which it is a member, determined under subsection (6) of this section;

2. Its share of any income apportionable to this state of a distinct business activity conducted within and without the state wholly by the taxpayer member, determined under KRS 141.120;

3. Its income from a business conducted wholly by the taxpayer member entirely within the state;

4. Its income sourced to this state from the sale or exchange of capital or assets, and from involuntary conversions, as determined under subsection (8)(k) of this section;

5. Its nonapportionable income or loss allocable to this state, determined under KRS 141.120;

6. Its income or loss allocated or apportioned in an earlier year, required to be taken into account as state source income during the income year, other than a net operating loss; and

7. Its net operating loss carryover.~~[If the taxable income computed pursuant to this subsection results in a loss for a taxpayer member of the combined group, that taxpayer member has a Kentucky net operating loss, subject to the net operating loss limitations and carry forward provisions of KRS 141.011. The net operating loss is applied as a deduction in a subsequent year only if that taxpayer has Kentucky source positive net income, whether or not the taxpayer is or was a member of a combined reporting group in the subsequent year.]~~

(b) No tax credit or post-apportionment deduction earned by one (1) member of the group, but not fully used by or allowed to that member, may be used in whole or in part by another member of the group or applied in whole or in part against the total income of the combined group.

(c) ***If the taxable income computed pursuant to Section 4 of this Act results in a net loss for a taxpayer member of the combined group, that taxpayer member has a Kentucky net operating loss, subject to***

the net operating loss limitations and carry forward provisions of KRS 141.011. No prior year net operating loss carryforward shall be available to entities that were not doing business in this state in the year in which the loss was incurred. A Kentucky net operating loss carryover incurred by a taxpayer member of a combined group shall be deducted from income or loss apportioned to this state pursuant to this section as follows:

1. For taxable years beginning on or after the first day of the initial taxable year for which a combined unitary tax return is required under this section, if the computation of a combined group's Kentucky net income before apportionment to this state results in a net operating loss, a taxpayer member of the group may carry over its share of the net operating loss as apportioned to this state, as calculated under this section and in accordance with KRS 141.120 or 141.121, and it shall be deductible from a taxpayer member's apportioned net income derived from the unitary business in a future tax year to the extent that the carryover and deduction is otherwise consistent with KRS 141.011;

2. Where a taxpayer member of a combined group has a Kentucky net operating loss carryover derived from a loss incurred by a combined group in a tax year beginning on or after the first day of the initial tax year for which a combined unitary tax return is required under this section, then the taxpayer member may share the net operating loss carryover with other taxpayer members of the combined group if the other taxpayer members were members of the combined group in the tax year that the loss was incurred. Any amount of net operating loss carryover that is deducted by another taxpayer member of the combined group shall reduce the amount of net operating loss carryover that may be carried over by the taxpayer member that originally incurred the loss;

3. Where a taxpayer member of a combined group has a net operating loss carryover derived from a loss incurred in a tax year prior to the initial tax year for which a combined unitary tax return is required under this section, the carryover shall remain available to be deducted by that taxpayer member and any other taxpayer members of the combined group but in no case shall the deduction reduce any taxpayer member's Kentucky apportioned taxable income by more than fifty percent (50%) in any taxable year, other than the taxpayer member that originally incurred the net operating loss, in which case no limitation is provided except as provided by Section 172 of the Internal Revenue Code. Any net operating loss carryover that is not utilized in a particular taxable year shall be carried over by the taxpayer member that generated the loss and utilized in the future consistent with the limitations of this subparagraph; or

4. Where a taxpayer member of a combined group has a net operating loss carryover derived from a loss incurred in a tax year during which the taxpayer member was not a taxpayer member of the combined group, the carryover shall remain available to be deducted by that taxpayer member or other taxpayer members but in no case shall the deduction reduce any taxpayer member's Kentucky apportioned taxable income by more than fifty percent (50%) in any taxable year, other than the taxpayer member that originally incurred the net operating loss, in which case no limitation is provided except as provided by Section 172 of the Internal Revenue Code. Any net operating loss carryover that is not utilized in a particular taxable year, shall be carried over by the taxpayer member that generated the loss and utilized in the future consistent with the limitations of this subparagraph~~[A post-apportionment deduction carried over into a subsequent year as to the member that incurred it, and available as a deduction to that member in a subsequent year, will be considered in the computation of the income of that member in the subsequent year, regardless of the composition of that income as apportioned, allocated, or wholly within this state]~~.

(6) The taxpayer's share of the business income apportionable to this state of each combined group of which it is a member shall be the product of:

(a) The apportionable income of the combined group, determined under subsection (7) of this section; and

(b) The taxpayer member's apportionment fraction, determined under KRS 141.120, including in the sales factor numerator the taxpayer's sales associated with the combined group's unitary business in this state, and including in the denominator the sales of all members of the combined group, including the taxpayer, which sales are associated with the combined group's unitary business wherever located. The sales of a pass-through entity shall be included in the determination of the partner's apportionment percentage in proportion to a ratio, the numerator of which is the amount of the partner's distributive

share of the pass-through entity's unitary income included in the income of the combined group as provided in subsection (8) of this section and the denominator of which is the amount of pass-through entity's total unitary income.

(7) The apportionable income of a combined group is determined as follows:

(a) The total income of the combined group is the sum of the income of each member of the combined group determined under federal income tax laws, as adjusted for state purposes, as if the member were not consolidated for federal purposes; and

(b) From the total income of the combined group determined under subsection (8) of this section, subtract any income and add any expense or loss, other than the apportionable income, expense, or loss of the combined group.

(8) To determine the total income of the combined group, taxpayer members shall take into account all or a portion of the income and apportionment factor of only the following members otherwise included in the combined group as provided in subsection (3) of this section:

(a) The entire income and apportionment percentage of any member***,*** incorporated in the United States or formed under the laws of any state, the District of Columbia, or any territory or possession of the United States***, that earns less than eighty percent (80%) of its income from sources outside of the United States, the District of Columbia, or any territory or possession of the United States***;

(b) Any member that earns more than twenty percent (20%) of its income, directly or indirectly, from intangible property or service related activities that are deductible against the apportionable income of other members of the combined group, to the extent of that income and the apportionment factor related to that income***. If a non-U.S. corporation is includible as a member in the combined group, to the extent that the non-U.S. corporation's income is excluded from U.S. taxation pursuant to the provisions of a comprehensive income tax treaty, the income or loss is not includible in the combined group's net income or loss. The member's expenses or apportionment factors attributable to income that is excluded from U.S. taxation pursuant to the provisions of a comprehensive income tax treaty are not to be included in the combined report***;

(c) The entire income and apportionment factor of any member that is doing business in a tax haven. If the member's business activity within a tax haven is entirely outside the scope of the laws, provisions, and practices that cause the jurisdiction to meet the definition established in subsection (2)(d) of this section, the activity of the member shall be treated as not having been conducted in a tax haven;

(d) If a unitary business includes income from a pass-through entity, the income to be included in the total income of the combined group shall be the member of the combined group's direct and indirect distributive share of the pass-through entity's unitary income;

(e) Income from an intercompany transaction between members of the same combined group shall be deferred in a manner similar to 26 C.F.R. 1.1502-13. Upon the occurrence of any of the following events, deferred income resulting from an intercompany transaction between members of a combined group shall be restored to the income of the seller, and shall be apportionable income earned immediately before the event:

1. The object of a deferred intercompany transaction is:

a. Resold by the buyer to an entity that is not a member of the combined group;

b. Resold by the buyer to an entity that is a member of the combined group for use outside the unitary business in which the buyer and seller are engaged; or

c. Converted by the buyer to a use outside the unitary business in which the buyer and seller are engaged; or

2. The buyer and seller are no longer members of the same combined group, regardless of whether the members remain unitary;

(f) A charitable expense incurred by a member of a combined group shall, to the extent allowable as a deduction provided by Section 170 of the Internal Revenue Code, be subtracted first from the apportionable income of the combined group, subject to the income limitations of that section applied to the entire apportionable income of the group, and any remaining amount shall then be treated as a nonapportionable expense allocable to the member that incurred the expense, subject to the income

limitations of that section applied to the nonapportionable income of that specific member. Any charitable deduction disallowed under this paragraph, but allowed as a carryover deduction in a subsequent year, shall be treated as originally incurred in the subsequent year by the same member, and this paragraph shall apply in the subsequent year in determining the allowable deduction in that year;

(g) Gain or loss from the sale or exchange of capital assets, property described by Section 1231(a)(3) of the Internal Revenue Code, and property subject to an involuntary conversion shall be removed from the total separate net income of each member of a combined group and shall be apportioned and allocated as follows:

1. For each class of gain or loss, including short-term capital, long-term capital, Internal Revenue Code Section 1231, and involuntary conversions, all members' gain and loss for the class shall be combined, without netting between the classes, and each class of net gain or loss separately apportioned to each member using the member's apportionment percentage determined under subsection (6) of this section;

2. Each taxpayer member shall then net its apportioned business gain or loss for all classes, including any apportioned gain and loss from other combined groups, against the taxpayer member's nonapportionable gain and loss for all classes allocated to this state, using the rules of Sections 1231 and 1222 of the Internal Revenue Code, without regard to any of the taxpayer member's gains or losses from the sale or exchange of capital assets, Internal Revenue Code Section 1231 property, and involuntary conversions which are nonapportionable items allocated to another state;

3. Any resulting state source income or loss, if the loss is not subject to the limitations of Section 1211 of the Internal Revenue Code, of a taxpayer member produced by the application of subparagraphs 1. and 2. of this paragraph shall then be applied to all other state source income or loss of that member; and

4. Any resulting state source loss of a member that is subject to the limitations of Section 1211 of the Internal Revenue Code shall be carried forward by that member, and shall be treated as state source short-term capital loss incurred by that member for the year for which the carryover applies; and

(h) Any expense of one (1) member of the unitary group which is directly or indirectly attributable to the nonapportionable or exempt income of another member of the unitary group shall be allocated to that other member as corresponding nonapportionable or exempt expense, as appropriate.

(9) (a) As a filing convenience, and without changing the respective liability of the group members, members of a combined reporting group shall annually designate one (1) taxpayer member of the combined group to file a single return in the form and manner prescribed by the department, in lieu of filing their own respective returns.

(b) The taxpayer member designated to file the single return shall consent to act as surety with respect to the tax liability of all other taxpayers properly included in the combined report, and shall agree to act as agent on behalf of those taxpayers for the taxable year for matters relating to the combined report. (2) (a) For taxable years beginning on or after January 1, 2007, an annual limited liability entity tax shall be paid by every corporation and every limited liability pass-through entity doing business in Kentucky on all Kentucky gross receipts or Kentucky gross profits except as provided in this subsection. A small business exclusion from this tax shall be provided based on the reduction contained in this subsection. The tax shall be the greater of the amount computed under paragraph (b) of this subsection or one hundred seventy-five dollars ($175), regardless of the application of any tax credits provided under this chapter or any other provisions of the Kentucky Revised Statutes for which the business entity may qualify.

(b) The limited liability entity tax shall be the lesser of subparagraph 1. or 2. of this paragraph:

1. a. If the corporation's or limited liability pass-through entity's gross receipts from all sources are three million dollars ($3,000,000) or less, the limited liability entity tax shall be ***one hundred seventy-five dollars ($175)*** ~~[zero]~~;

b. If the corporation's or limited liability pass-through entity's gross receipts from all sources are greater than three million dollars ($3,000,000) but less than six million dollars ($6,000,000), the limited liability entity tax shall be nine and one-half cents ($0.095) per one hundred dollars ($100) of the corporation's or limited liability pass-through entity's Kentucky gross receipts reduced by an amount equal to two thousand eight hundred fifty dollars ($2,850) multiplied by a fraction, the numerator of which is six million dollars ($6,000,000) less the amount of the corporation's or limited liability pass-through entity's Kentucky gross receipts for the taxable year, and the denominator of which is three

million dollars ($3,000,000), but in no case shall the result be less than ***one hundred seventy-five dollars ($175)***~~[zero]~~;

c. If the corporation's or limited liability pass-through entity's gross receipts from all sources are equal to or greater than six million dollars ($6,000,000), the limited liability entity tax shall be nine and one-half cents ($0.095) per one hundred dollars ($100) of the corporation's or limited liability pass-through entity's Kentucky gross receipts.

2. a. If the corporation's or limited liability pass-through entity's gross profits from all sources are three million dollars ($3,000,000) or less, the limited liability entity tax shall be ***one hundred seventy-five dollars ($175)***~~[zero]~~;

b. If the corporation's or limited liability pass-through entity's gross profits from all sources are at least three million dollars ($3,000,000) but less than six million dollars ($6,000,000), the limited liability entity tax shall be seventy-five cents ($0.75) per one hundred dollars ($100) of the corporation's or limited liability pass-through entity's Kentucky gross profits, reduced by an amount equal to twenty-two thousand five hundred dollars ($22,500) multiplied by a fraction, the numerator of which is six million dollars ($6,000,000) less the amount of the corporation's or limited liability pass-through entity's Kentucky gross profits, and the denominator of which is three million dollars ($3,000,000), but in no case shall the result be less than ***one hundred seventy-five dollars ($175)***~~[zero]~~;

c. If the corporation's or limited liability pass-through entity's gross profits from all sources are equal to or greater than six million dollars ($6,000,000), the limited liability entity tax shall be seventy-five cents ($0.75) per one hundred dollars ($100) of all of the corporation's or limited liability pass-through entity's Kentucky gross profits.

In determining eligibility for the reductions contained in this paragraph, a member of a combined group shall consider the combined gross receipts and the combined gross profits from all sources of the entire combined group, including eliminating entries for transactions among the group.

(c) A credit shall be allowed against the tax imposed under paragraph (a) of this subsection for the current year to a corporation or limited liability pass-through entity that owns an interest in a limited liability pass-through entity. The credit shall be the proportionate share of tax calculated under this subsection by the lower-level pass-through entity, as determined after the amount of tax calculated by the pass-through entity has been reduced by the minimum tax of one hundred seventy-five dollars ($175). The credit shall apply across multiple layers of a multi-layered pass-through entity structure. The credit at each layer shall include the credit from each lower layer, after reduction for the minimum tax of one hundred seventy-five dollars ($175) at each layer.

(d) The department may promulgate administrative regulations to establish a method for calculating the cost of goods sold attributable to Kentucky.

(3) A nonrefundable credit based on the tax calculated under subsection (2) of this section shall be allowed against the tax imposed by KRS 141.020 or 141.040. The credit amount shall be determined as follows:

(a) The credit allowed a corporation subject to the tax imposed by KRS 141.040 shall be equal to the amount of tax calculated under subsection (2) of this section for the current year after subtraction of any credits identified in KRS 141.0205, reduced by the minimum tax of one hundred seventy-five dollars ($175), plus any credit determined in paragraph (b) of this subsection for tax paid by wholly or partially owned limited liability pass-through entities. The amount of credit allowed to a corporation based on the amount of tax paid under subsection (2) of this section for the current year shall be applied to the income tax due from the corporation's activities in this state. Any remaining credit from the corporation shall be disallowed.

(b) The credit allowed members, shareholders, or partners of a limited liability pass-through entity shall be the members', shareholders', or partners' proportionate share of the tax calculated under subsection (2) of this section for the current year after subtraction of any credits identified in KRS 141.0205, as determined after the amount of tax paid has been reduced by the minimum tax of one hundred seventy-five dollars ($175). The credit allowed to members, shareholders, or partners of a limited liability pass-through entity shall be applied to income tax assessed on income from the limited liability pass-through entity. Any remaining credit from the limited liability pass-through entity shall be disallowed.

(4) Each taxpayer subject to the tax imposed in this section shall file a return, on forms prepared by the department, on or before the fifteenth day of the fourth month following the close of the taxpayer's taxable year. Any tax remaining due after making the payments required in KRS ***141.044***~~[141.042]~~ shall be paid by the original due date of the return.

(5) The department shall prescribe forms and promulgate administrative regulations as needed to administer the provisions of this section.

(6) The tax imposed by subsection (2) of this section shall not apply to:

➔Section 14. KRS 160.637 is amended to read as follows:

(1) "Requesting school districts" shall mean those school districts for which the Department of Revenue is requested to act as tax collector under the authority of KRS 160.627(2).

The expenses shall be borne by the school districts on a basis proportionate to the revenue received by the districts.

(3) The following shall apply only when the Department of Revenue is acting as tax collector under the authority of KRS 160.627(2):

(a) When the department is initially requested to be the tax collector under KRS 160.627(2), the department shall estimate the costs of implementing the administration of the tax so requested, and shall inform the requesting school district of this estimated cost. The requesting school district shall pay to the department ten percent (10%) of this estimated cost referred to as "start-up costs" within thirty (30) days of notification by the department. Subsequent requesting school districts shall pay their pro rata share, or ten percent (10%), whichever is less, of the unpaid balance of the initial "start-up costs" until the department has fully recovered the costs. The payment shall be made within thirty (30) days of notification by the department.

(b) The Department of Revenue shall also be reimbursed by each school district for its proportionate share of the actual operational expenses incurred by the department in collecting the excise tax. The expenses, which shall be deducted by the Department of Revenue from payments to school districts made under the provisions of KRS 160.627(2), shall be allocated by the department to school districts on a basis proportionate to the number of returns processed by the Department of Revenue for each district compared to the total processed by the Department of Revenue for all districts.

(c) All funds received by the department under the authority of paragraphs (a) and (b) of this subsection shall be deposited into an account entitled the "school tax fund account," an account created within the restricted fund group set forth in KRS 45.305. The use of these funds shall be restricted to paying the department for the costs described in paragraphs (a) and (b) of this subsection. This account shall not lapse.

(d) The department may retain a portion of the school tax revenues collected in a special account entitled the "school tax refund account" which is an account created within the restricted fund group set forth in KRS 45.305. The sole purpose of this account shall be to authorize the Department of Revenue to refund school taxes. This account shall not lapse. Refunds shall be made in accordance with the provisions in KRS 134.580***(6)*** ~~[(5)]~~, and when the taxpayer has made an overpayment or a payment where no tax was due as defined in KRS 134.580***(7)*** ~~[(6)]~~, within four (4) years of payment.

(e) KRS 160.621 notwithstanding, when the department is acting as tax collector under the authority of KRS 160.627(2), the requesting school district may enact the tax enumerated in KRS 160.621 only at the following rates: five percent (5%), ten percent (10%), fifteen percent (15%), and twenty percent (20%) on a school district resident's state individual income tax liability as computed under KRS Chapter 141.

(f) Beginning August 1, 1982, any school district which requests the department to collect taxes under the authority of KRS 160.627(2) shall inform the department of this request not less than one hundred fifty (150) days prior to January 1.

(g) The department shall not be required to collect taxes authorized in KRS 160.621 of an individual when the department is not pursuing collection of that individual's state income taxes. The department shall not be required to collect or defend the tax set forth in KRS 160.621 in any board or court of this state.

(h) Any overpayments of the tax set forth in KRS 141.020 or payments made when no tax was due may be applied to any tax liability arising under KRS 160.621 before a refund is authorized to the taxpayer. No individual's tax payment shall be credited to the tax set forth in KRS 160.621 until all outstanding state income tax liabilities of that individual have been paid.

(i) KRS 160.510 notwithstanding, the State Auditor shall be the only party authorized to audit the Department of Revenue with respect to the performance of its duties under KRS 160.621.

➔Section 15. KRS 141.206 is amended to read as follows:

(1) Every pass-through entity doing business in this state shall, on or before the fifteenth day of the fourth month following the close of its annual accounting period, file a copy of its federal tax return with the form prescribed and furnished by the department.

(2) Pass-through entities shall determine net income in the same manner as in the case of an individual under KRS 141.010 and the adjustment required under Sections 703(a) and 1363(b) of the Internal Revenue Code. Computation of net income under this section and the computation of the partner's, member's, or shareholder's distributive share shall be computed as nearly as practicable identical with those required for federal income tax purposes except to the extent required by differences between this chapter and the federal income tax law and regulations.

(3) Individuals, estates, trusts, or corporations doing business in this state as a partner, member, or shareholder in a pass-through entity shall be liable for income tax only in their individual, fiduciary, or corporate capacities, and no income tax shall be assessed against the net income of any pass-through entity, except as required for S corporations by KRS 141.040.

(4) (a) Every pass-through entity required to file a return under subsection (1) of this section, except publicly traded partnerships as defined in KRS 141.0401(6)***(a)18. and (b)14.***[~~(r)~~], shall withhold Kentucky income tax on the distributive share, whether distributed or undistributed, of each:

1. Nonresident individual partner, member, or shareholder; and

2. Corporate partner or member that is doing business in Kentucky only through its ownership interest in a pass-through entity.

(b) Withholding shall be at the maximum rate provided in KRS 141.020 or 141.040.

(5) (a) Effective for taxable years beginning after December 31, 2011, every pass-through entity required to withhold Kentucky income tax as provided by subsection (4) of this section shall make a declaration and payment of estimated tax for the taxable year if:

1. For a nonresident individual partner, member, or shareholder, the estimated tax liability can reasonably be expected to exceed five hundred dollars ($500); or

2. For a corporate partner or member that is doing business in Kentucky only through its ownership interest in a pass-through entity, the estimated tax liability can reasonably be expected to exceed five thousand dollars ($5,000).

(b) The declaration and payment of estimated tax shall contain the information and shall be filed as provided in KRS 141.207.

(6) (a) If a pass-through entity demonstrates to the department that a partner, member, or shareholder has filed an appropriate tax return for the prior year with the department, then the pass-through entity shall not be required to withhold on that partner, member, or shareholder for the current year unless the exemption from withholding has been revoked pursuant to paragraph (b) of this subsection.

(b) An exemption from withholding shall be considered revoked if the partner, member, or shareholder does not file and pay all taxes due in a timely manner. An exemption so revoked shall be reinstated only with permission of the department. If a partner, member, or shareholder who has been exempted from withholding does not file a return or pay the tax due, the department may require the pass-through entity to pay to the department the amount that should have been withheld, up to the amount of the partner's, member's, or shareholder's ownership interest in the entity. The pass-through entity shall be entitled to recover a payment made pursuant to this paragraph from the partner, member, or shareholder on whose behalf the payment was made.

(7) In determining the tax under this chapter, a resident individual, estate, or trust that is a partner, member, or shareholder in a pass-through entity shall take into account the partner's, member's, or shareholder's total distributive share of the pass-through entity's items of income, loss, deduction, and credit.

(8) In determining the tax under this chapter, a nonresident individual, estate, or trust that is a partner, member, or shareholder in a pass-through entity required to file a return under subsection (1) of this section shall take into account:

(a) 1. If the pass-through entity is doing business only in this state, the partner's, member's, or shareholder's total distributive share of the pass-through entity's items of income, loss, and deduction; or

2. If the pass-through entity is doing business both within and without this state, the partner's, member's, or shareholder's distributive share of the pass-through entity's items of income, loss, and deduction multiplied by the apportionment fraction of the pass-through entity as prescribed in subsection (11) of this section; and

(b) The partner's, member's, or shareholder's total distributive share of credits of the pass-through entity.

(9) A corporation that is subject to tax under KRS 141.040 and is a partner or member in a pass-through entity shall take into account the corporation's distributive share of the pass-through entity's items of income, loss, and deduction and:

(a) 1. For taxable years beginning on or after January 1, 2007, but prior to January 1, 2018, shall include the proportionate share of the sales, property, and payroll of the limited liability pass-through entity or general partnership in computing its own apportionment factor; and

2. For taxable years beginning on or after January 1, 2018, shall include the proportionate share of the sales of the limited liability pass-through entity or general partnership in computing its own apportionment factor; and

(b) Credits from the partnership.

(10) (a) If a pass-through entity is doing business both within and without this state, the pass-through entity shall compute and furnish to each partner, member, or shareholder the numerator and denominator of each factor of the apportionment fraction determined in accordance with subsection (11) of this section.

(b) For purposes of determining an apportionment fraction under paragraph (a) of this subsection, if the pass-through entity is:

1. Doing business both within and without this state; and

2. A partner or member in another pass-through entity;

then the pass-through entity shall be deemed to own the pro rata share of the property owned or leased by the other pass-through entity, and shall also include its pro rata share of the other pass-through entity's payroll and sales.

(c) The phrases "a partner or member in another pass-through entity" and "doing business both within and without this state" shall extend to each level of multiple-tiered pass-through entities.

(d) The attribution to the pass-through entity of the pro rata share of property, payroll and sales from its role as a partner or member in another pass-through entity will also apply when determining the pass-through entity's ultimate apportionment factor for property, payroll and sales as required under subsection (11) of this section.

(11) (a) For taxable years beginning prior to January 1, 2018, a pass-through entity doing business within and without the state shall compute an apportionment fraction, the numerator of which is the property factor, representing twenty-five percent (25%) of the fraction, plus the payroll factor, representing twenty-five percent (25%) of the fraction, plus the sales factor, representing fifty percent (50%) of the fraction, with each factor determined in the same manner as provided in KRS 141.901, and the denominator of which is four (4), reduced by the number of factors, if any, having no denominator, provided that if the sales factor has no denominator, then the denominator shall be reduced by two (2).

(b) For taxable years beginning on or after January 1, 2018, a pass-through entity doing business within and without the state shall compute an apportionment fraction as provided in KRS 141.120.

(12) Resident individuals, estates, or trusts that are partners in a partnership, members of a limited liability company electing partnership tax treatment for federal income tax purposes, owners of single member limited liability companies, or shareholders in an S corporation which does not do business in this state are subject to tax under KRS 141.020 on federal net income, gain, deduction, or loss passed through the partnership, limited liability company, or S corporation.

(13) An S corporation election made in accordance with Section 1362 of the Internal Revenue Code for federal tax purposes is a binding election for Kentucky tax purposes.

(14) (a) Nonresident individuals shall not be taxable on investment income distributed by a qualified investment partnership. For purposes of this subsection, a "qualified investment partnership" means a pass-through entity that, during the taxable year, holds only investments that produce income that would not be taxable to a nonresident individual if held or owned individually.

(b) A qualified investment partnership shall be subject to all other provisions relating to a pass-through entity under this section and shall not be subject to the tax imposed under KRS 141.040 or 141.0401.

(15) (a) 1. A pass-through entity may file a composite income tax return on behalf of electing nonresident individual partners, members, or shareholders.

2. The pass-through entity shall report and pay on the composite income tax return income tax at the highest marginal rate provided in this chapter on any portion of the partners', members', or shareholders' pro rata or distributive shares of income of the pass-through entity from doing business in this state or deriving income from sources within this state. Payments made pursuant to subsection (5) of this section shall be credited against any tax due.

3. The pass-through entity filing a composite return shall still make estimated tax payments if required to do so by subsection (5) of this section, and shall remain subject to any penalty provided by KRS 131.180 or 141.990 for any declaration underpayment or any installment not paid on time.

4. The partners', members', or shareholders' pro rata or distributive share of income shall include all items of income or deduction used to compute adjusted gross income on the Kentucky return that is passed through to the partner, member, or shareholder by the pass-through entity, including but not limited to interest, dividend, capital gains and losses, guaranteed payments, and rents.

(b) A nonresident individual partner, member, or shareholder whose only source of income within this state is distributive share income from one (1) or more pass-through entities may elect to be included in a composite return filed pursuant to this section.

(c) A nonresident individual partner, member, or shareholder that has been included in a composite return may file an individual income tax return and shall receive credit for tax paid on the partner's behalf by the pass-through entity.

(d) A pass-through entity shall deliver to the department a return upon a form prescribed by the department showing the total amounts paid or credited to its electing nonresident individual partners, members, or shareholders, the amount paid in accordance with this subsection, and any other information the department may require. A pass-through entity shall furnish to its nonresident partner, member, or shareholder annually, but not later than the fifteenth day of the fourth month after the end of its taxable year, a record of the amount of tax paid on behalf of the partner, member, or shareholder on a form prescribed by the department.

➔Section 16. Sections 5, 12, 14, 15, 16, 32, 40, 41, 48, and 60 of HB 354/EN (2019 Ky. Acts ch. 151) as enacted by the 2019 General Assembly are hereby repealed and shall not be codified by the Reviser of Statutes.

Any contract entered into pursuant to this subsection shall include:

(a) A provision specifying that the KSPSRO shall follow the policies and procedures of the Department of Kentucky State Police and shall abide by federal, state, and local laws. The responsibility and decision to arrest or take other police action lies solely with the KSPSRO, respective to state law and the KSPSRO's departmental standard operating procedures or standing order. The KSPSRO's continual collaboration with school personnel and his or her understanding of each student's needs may impact the decision to arrest or take other police action, but the responsibility is that of the KSPSRO;

(b) A provision stipulating that the KSPSRO shall be an employee of the school district, but shall revert to Department of Kentucky State Police employee status during such time that the KSPSRO takes police action pursuant to state or federal law. The KSPSRO shall be under the immediate supervision and direction of the Department of Kentucky State Police when taking police action;

(c) A KSPSRO shall not address school discipline issues that do not constitute crimes or that do not impact the immediate health or safety of the students or school personnel.

In the event additional weapons or gear is utilized than that which is carried on his or her person, the storage of these items shall be defined by the Department of Kentucky State Police. If a vehicle or equipment is damaged during the scope of a KSPSRO's secondary employment with the school district, but not while the KSPSRO is engaged in police action, the school district is responsible for restitution to the Department of Kentucky State Police.

(4) Notwithstanding subsection (2) of this section, a KSPSRO shall be deemed an employee of the Department of Kentucky State Police for all purposes whenever engaged in any police action, including arrests, searches and seizures, uses of force, issuing citations, serving warrants, pursuing suspects, or investigating criminal offenses or vehicle accidents.

(5) Nothing in this section shall be construed to require the Department of Kentucky State Police to assign or provide funding for KSPSROs.

(6) Nothing in this section shall be deemed to waive or otherwise limit the rights, privileges, immunities, and matters of defense, now available or hereafter made available, to school districts, the Department of Kentucky State Police, any local law enforcement agency, any KSPSRO, or any school resource officer in any suit brought against them in consequence of acts or omissions.

3. Communicate expectations more clearly and concisely to teachers, parents, students, and citizens;

4. Be based on evidence-based research;

5. Consider international benchmarks; and

6. Ensure that the standards are aligned from elementary to high school to postsecondary education so that students can be successful at each education level.

(c) 1. The department shall establish four (4) standards and assessments review ~~[and development]~~ committees, with each committee composed of a minimum of six (6) Kentucky public school teachers and a minimum of two (2) representatives from Kentucky institutions of higher education, including at least one (1) representative from a public institution of higher education. 3. The review of the committee shall be limited to the procedural aspects of the review process undertaken prior to its consideration.

4. Notwithstanding KRS 12.028, the committee shall not be subject to reorganization by the Governor.

(g) 1. The review process implemented under this subsection shall be an open, transparent process that allows all Kentuckians an opportunity to participate. The department shall ensure the public's assistance in reviewing and suggesting changes to the standards and alignment adjustments to corresponding state assessments by establishing a Web site dedicated to collecting comments by the public and educators. An independent third party, which has no prior or current affiliation with a curriculum or assessment resources vendor, shall be selected by the department to collect and transmit the comments to the department for dissemination to the appropriate advisory panel for review and consideration.

If the process is found deficient, the recommendations may be returned to the appropriate standards and assessments review~~[and development]~~ committee for review as described in subparagraph 3. of this paragraph. If the process is found sufficient, the recommendations shall be forwarded without amendment to the Kentucky Board of Education.

(h) The Kentucky Board of Education shall promulgate administrative regulations in accordance with KRS Chapter 13A as may be needed for the administration of the review process, including staggering the timing and sequence of the review process by subject area and remuneration of the review~~[and development]~~ committees and advisory panels described in paragraphs (c) and (d) of this subsection.

(i) 1. The Kentucky Board of Education shall consider for approval the revisions to academic standards for a content area and the alignment of the corresponding state assessment once recommendations are received from the standards and assessments process review committee. Existing state academic standards shall remain in place until the board approves new standards.

2. Any revision to, or replacement of, the academic standards and assessments as a result of the review process conducted under this subsection shall be implemented in Kentucky public schools no later than the second academic year following the review process. Existing academic standards shall be used until new standards are implemented.

3. Help all students use higher-order thinking and communication skills.

(k) The Education Professional Standards Board in cooperation with the Kentucky Board of Education and the Council on Postsecondary Education shall coordinate information and training sessions for faculty and staff in all of the teacher preparation programs in the use of the revised academic content standards. The Education Professional Standards Board shall ensure that each teacher preparation program includes use of the academic standards in the pre-service education programs and that all teacher interns will have experience planning classroom instruction based on the revised standards.

(3) (a) The Kentucky Board of Education shall be responsible for creating and implementing a balanced statewide assessment program that measures the students', schools', and districts' achievement of the

goals set forth in KRS 158.645 and 158.6451, to ensure compliance with the federal Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor, and to ensure school accountability.

(b) The board shall revise the annual statewide assessment program as needed in accordance with revised academic standards and corresponding assessment alignment adjustments approved by the board under subsection (2) of this section.

(c) The statewide assessments shall not include any academic standards not approved by the board under subsection (2) of this section.

(d) The board shall seek the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; the Education Assessment and Accountability Review Subcommittee, and the National Technical Advisory Panel on Assessment and Accountability in the development of the assessment program. The statewide assessment program shall not include measurement of a student's ability to become a self-sufficient individual or to become a responsible member of a family, work group, or community.

(4) (a) The academic components of the statewide assessment program shall be composed of annual student summative tests, which may include a combination of multiple competency-based assessment and performance measures approved by the Kentucky Board of Education.

(b) The annual student summative tests shall:

1. Measure individual student achievement in language, reading, English, mathematics, science, and social studies at designated grades;

2. Provide teachers and parents a valid and reliable comprehensive analysis of skills mastered by individual students;

3. Provide diagnostic information that identifies strengths and academic deficiencies of individual students in the content areas;

4. Provide information to teachers that can enable them to improve instruction for current and future students;

5. Provide longitudinal profiles for students; and

6. Ensure school and district accountability for student achievement of the goals set forth in KRS 158.645 and 158.6451, except the statewide assessment program shall not include measurement of a student's ability to become a self-sufficient individual or to become a responsible member of a family, work group, or community.

(5) The state student assessments shall include the following components:

(a) Elementary and middle grades requirements are:

1. A criterion-referenced test each in mathematics and reading in grades three (3) through eight (8) that is valid and reliable for an individual student and that measures the depth and breadth of Kentucky's academic content standards;

4. An editing and mechanics test relating to writing, using multiple choice and constructed response items, to be administered one (1) time within the high school grades; and

5. A college admissions examination to assess English, reading, mathematics, and science in the spring of grade ten (10) and the spring of grade eleven (11);

(c) The Kentucky Board of Education shall add any other component necessary to comply with the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor, as determined by the United States Department of Education;

(d) The criterion-referenced components required in this subsection shall be composed of constructed response items and multiple choice items;

(e) The Kentucky Board of Education may incorporate end-of-course examinations into the assessment program to be used in lieu of requirements for criterion-referenced tests required under paragraph (b) of this subsection; and

(f) The results of the assessment program developed under this subsection shall be used by schools and districts to determine appropriate instructional modifications for all students in order for students to make continuous progress, including that needed by advanced learners.

(6) Each school district shall administer the statewide student assessment during the last fourteen (14) days of school in the district's instructional calendar. The Kentucky Board of Education may change the testing window to allow for innovative assessment systems or other online test administration and shall promulgate administrative regulations that minimize the number of days of testing and outline the procedures to be used during the testing process to ensure test security, including procedures for testing makeup days, and to comply with federal assessment requirements.

(7) A student enrolled in a district-operated or district-contracted alternative program shall participate in the appropriate assessments required by this section.

(8) A local school district may select and use commercial interim or formative assessments or develop and use its own formative assessments to provide data on how well its students are growing toward mastery of Kentucky academic standards, so long as the district's local school board develops a policy minimizing the reduction in instructional time related to the administration of the interim assessments. Nothing in this section precludes teachers from using ongoing teacher-developed formative processes.

(9) Each school that enrolls primary students shall use diagnostic assessments and prompts that measure readiness in reading and mathematics for its primary students as determined by the school to be developmentally appropriate. The schools may use commercial products, use products and procedures developed by the district, or develop their own diagnostic procedures. The results shall be used to inform the teachers and parents or guardians of each student's skill level.

(10) The state board shall ensure that a technically sound longitudinal comparison of the assessment results for the same students shall be made available.

(11) The following provisions shall apply to the college admissions examinations described in subsection (5)(b)5. of this section:

(a) The cost of both college admissions examinations administered to students in high school shall be paid for by the Kentucky Department of Education. The costs of additional college admissions examinations shall be the responsibility of the student;

(b) If funds are available, the Kentucky Department of Education shall provide a college admissions examination preparation program to all public high school juniors. The department may contract for necessary services; and

(c) Accommodations provided to a student with a disability taking the college admissions assessments under this subsection shall consist of:

1. Accommodations provided in a manner allowed by the college admissions assessment provider when results in test scores are reportable to a postsecondary institution for admissions and placement purposes, except as provided in subparagraph 2. of this paragraph; or

2. Accommodations provided in a manner allowed by a student's individualized education program as defined in KRS 158.281 for a student whose disability precludes valid assessment of his or her academic abilities using the accommodations provided under subparagraph 1. of this paragraph when the student's scores are not reportable to a postsecondary institution for admissions and placement purposes.

(12) Kentucky teachers shall have a significant role in ***providing feedback about*** the design of the assessments, except for the college admissions exams described in subsection (5)(b)5. of this section. The assessments shall be designed to:

(a) Measure grade appropriate core academic content, basic skills, and higher-order thinking skills and their application;

(b) Provide valid and reliable scores for schools. If scores are reported for students individually, they shall be valid and reliable;

(c) Minimize the time spent by teachers and students on assessment; and

(d) Assess Kentucky academic standards only.

(13) The results from assessment under subsections (3) and (5) of this section shall be reported to the school districts and schools no later than seventy-five (75) days following the last day the assessment can be administered. Assessment reports provided to the school districts and schools shall include an electronic copy of an operational subset of test items from each assessment administered to their students and the results for each of those test items by student and by school.

(14) The Department of Education shall gather information to establish the validity of the assessment and accountability program. It shall develop a biennial plan for validation studies that shall include but not be limited to the consistency of student results across multiple measures, the congruence of school scores with documented improvements in instructional practice and the school learning environment, and the potential for all scores to yield fair, consistent, and accurate student performance level and school accountability decisions. Validation activities shall take place in a timely manner and shall include a review of the accuracy of scores assigned to students and schools, as well as of the testing materials. The plan shall be submitted to the Commission by July 1 of the first year of each biennium. A summary of the findings shall be submitted to the Legislative Research Commission by September 1 of the second year of the biennium.

(15) The Department of Education and the state board shall offer optional assistance to local school districts and schools in developing and using continuous assessment strategies needed to assure student progress. The continuous assessment shall provide diagnostic information to improve instruction to meet the needs of individual students.

(16) The Administration Code for Kentucky's Assessment Program shall include prohibitions of inappropriate test preparation activities by school district employees charged with test administration and oversight, including but not limited to the issue of teachers being required to do test practice in lieu of regular classroom instruction and test practice outside the normal work day. The code shall include disciplinary sanctions that may be taken toward a school or individuals.

(17) The Kentucky Board of Education, after the Department of Education has received advice from the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, shall promulgate an administrative regulation under KRS Chapter 13A to establish the components of a reporting structure for assessments administered under this section. The reporting structure shall include the following components:

(a) A school report card that clearly communicates with parents and the public about school performance. The school report card shall be sent to the parents of the students of the districts, and information on electronic access to a summary of the results for the district shall be published in the newspaper with the largest circulation in the county. It shall include but not be limited to the following components reported by race, gender, and disability when appropriate:

1. Student academic achievement, including the results from each of the assessments administered under this section;

2. For Advanced Placement, Cambridge Advanced International, and International Baccalaureate, the courses offered, the number of students enrolled, completing, and taking the examination for each course, and the percentage of examinees receiving a score of three (3) or better on AP

examinations, a score of "e" or better on Cambridge Advanced International examinations, or a score of five (5) or better on IB examinations. The data shall be disaggregated by gender, race, students with disabilities, and economic status;

3. Nonacademic achievement, including the school's attendance, retention, graduation rates, and student transition to postsecondary;

4. School learning environment, including measures of parental involvement; and

5. Any other school performance data required by the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor;

(b) An individual student report to parents for each student in grades three (3) through eight (8) summarizing the student's skills in reading, science, social studies, and mathematics. The school's staff shall develop a plan for accelerated learning for any student with identified deficiencies or strengths; and

(c) A student's highest scores on the college admissions assessments administered under subsection (5)(b)5. of this section.

(18) (a) Beginning in fiscal year 2017-2018, and every six (6) years thereafter, the Kentucky Department of Education shall implement a comprehensive process for reviewing and revising the academic standards in visual and performing arts and practical living skills and career studies for all levels and in foreign language for middle and high schools. The department shall develop review committees for the standards for each of the content areas that include representation from certified specialist public school teachers and postsecondary teachers in those subject areas.

(b) The academic standards in practical living skills for elementary, middle, and high school levels shall include a focus on drug abuse prevention, with an emphasis on the prescription drug epidemic and the connection between prescription opioid abuse and addiction to other drugs, such as heroin and synthetic drugs.

(c) The department shall provide to all schools guidelines for programs that incorporate the adopted academic standards in visual and performing arts and practical living and career studies. The department shall provide to middle and high schools guidelines for including a foreign language program. The guidelines shall address program length and time, courses offered, staffing, resources, and facilities.

(d) The Kentucky Department of Education, in consultation with certified public school teachers of visual and performing arts, may develop program standards for the visual and performing arts.

(19) The Kentucky Department of Education shall provide to all schools guidelines for including an effective writing program within the curriculum. Each school-based decision making council or, if there is no school council, a committee appointed by the principal, shall adopt policies that determine the writing program for its school and submit it to the Department of Education for review and comment. The writing program shall incorporate a variety of language resources, technological tools, and multiple opportunities for students to develop complex communication skills for a variety of purposes.

(20) (a) The Kentucky Department of Education, in consultation with the review committees described in subsection (18) of this section, shall develop a school profile report to be used by all schools to document how they will address the adopted academic standards in their implementation of the programs as described in subsection (18) of this section, which may include student opportunities and experiences in extracurricular activities. The department shall include the essential workplace ethics program on the school profile report.

(b) By October 1 of each year, each school principal shall complete the school profile report, which shall be signed by the members of the school council, or the principal if no school council exists, and the superintendent. The report shall be electronically transmitted to the Kentucky Department of Education, and the original shall be maintained on file at the local board office and made available to the public upon request. The department shall include a link to each school's profile report on its Web site.

(c) If a school staff member, student, or a student's parent has concerns regarding deficiencies in a school's implementation of the programs described in subsection (18) of this section, he or she may submit a written inquiry to the school council.

➔Section 2. KRS 158.6455 is amended to read as follows:

It is the intent of the General Assembly that schools succeed with all students and receive the appropriate consequences in proportion to that success.

(1) (a) The Kentucky Board of Education shall create an accountability system to classify districts and schools in accordance with the academic standards and student assessment program developed pursuant to KRS 158.6453.

(b) The accountability system shall include:

1. An annual overall summative performance evaluation of each school and district compared to goals established by the Kentucky Department of Education. The evaluation for each school and district shall:

a. Not consist of a single summative numerical score that ranks schools against each other; and

b. Be based on a combination of academic and school quality indicators and measures, with greater weight assigned to the academic measures;

2. Student assessment results;

3. Progress toward achieving English proficiency by limited English proficiency students;

4. Quality of school climate and safety;

5. High school graduation rates;

6. Postsecondary readiness for each high school student, which shall be included as an academic indicator, and shall be measured by:

a. Meeting or exceeding a college readiness benchmark score on the college admissions examination used as the statewide assessment in KRS 158.6453(5)(b)5 ***or a college placement examination approved by the Council on Postsecondary Education***. The college readiness benchmark score shall be established by the Council on Postsecondary Education; or

b. Achievement of college credit, postsecondary articulated credit, apprenticeship time toward a credential or associate degree, or any industry-recognized certifications, licensures, or credentials, with more weight in accountability for industry-recognized certifications, licensures, or credentials identified as high demand in accordance with the process described in paragraph (c) of this subsection. Eligible industry-recognized certifications, licensures, or credentials shall not be limited to those earned in conjunction with a minimum sequence of courses. Each high school shall publicly report the credits, hours, and credentials on an annual basis; and

7. Any other factor mandated by the federal Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor.

(c) Based on data from the Kentucky Center for Education and Workforce Statistics, each local workforce investment board, in conjunction with local economic development organizations from its state regional sector, shall annually compile a list of industry-recognized certifications, licensures, and credentials specific to the state and regional workforce area, rank them by demand for the state and regional area, and provide the list to the Kentucky Workforce Innovation Board. The Kentucky Workforce Innovation Board, in conjunction with the Kentucky Department of Education, may revise the lists before the Kentucky Department of Education disseminates the lists to all school districts to be used as postsecondary readiness indicators.

(d) 1. The Kentucky Department of Education shall pay for the cost of an assessment taken by a high school student for attaining an industry-recognized certification, credential, or licensure if the student consecutively completes at least two (2) related career pathway courses approved by the department prior to taking the assessment.

2. If a high school student has not completed the two (2) course requirement described in subparagraph 1. of this paragraph but meets performance-based experience eligibility and passes an assessment, the department shall provide a weighted reimbursement amount to the school district for the cost of the assessment based on the level of demand of the certificate, credential, or license earned. The Kentucky Board of Education shall promulgate regulations establishing

the performance-based experience eligibility requirements and weighted reimbursement amounts.

(e) Prior to promulgating administrative regulations to revise the accountability system, the board shall seek advice from the School Curriculum, Assessment, and Accountability Council; the Office of Education Accountability; the Education Assessment and Accountability Review Subcommittee; and the National Technical Advisory Panel on Assessment and Accountability.

(2) A student's test scores shall be counted in the accountability measure of:

(a) 1. The school in which the student is currently enrolled if the student has been enrolled in that school for at least a full academic year as defined by the Kentucky Board of Education; or

2. The school in which the student was previously enrolled if the student was enrolled in that school for at least a full academic year as defined by the Kentucky Board of Education; and

(b) The school district if the student is enrolled in the district for at least a full academic year as defined by the Kentucky Board of Education; and

(c) The state if the student is enrolled in a Kentucky public school prior to the beginning of the statewide testing period.

(3) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education shall promulgate an administrative regulation in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A to establish more rigorous action, intervention, and appropriate consequences for schools that fail to exit comprehensive support and improvement status described in KRS 160.346. The consequences shall be designed to improve the academic performance and learning environment of identified schools and may include but not be limited to:

(a) A review and audit process to determine the appropriateness of a school's or district's classification and to recommend needed assistance;

(b) School and district improvement plans;

(c) Eligibility to receive Commonwealth school improvement funds under KRS 158.805;

(d) Education assistance from highly skilled certified staff; and

(e) Observation of school personnel.

(4) All students who drop out of school during a school year shall be included in a school's annual average school graduation rate calculation.

(5) After receiving the advice of the Education Assessment and Accountability Review Subcommittee, the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education may promulgate by administrative regulation, in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A, a system of district accountability that includes establishing a formula for accountability, goals for improvement over a three (3) year period, rewards for leadership in improving teaching and learning in the district, and consequences that address the problems and provide assistance when one (1) or more schools in the district fail to exit comprehensive support and improvement status after three (3) consecutive years of implementing the turnaround intervention process described in KRS 160.346.

(6) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education shall promulgate administrative regulations in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A, to establish a process whereby a school shall be allowed to appeal a performance judgment which it considers grossly unfair. Upon appeal, an administrative hearing shall be conducted in accordance with KRS Chapter 13B. The state board may adjust a performance judgment on appeal when evidence of highly unusual circumstances warrants the conclusion that the performance judgment is based on fraud or a mistake in computations, is arbitrary, is lacking any reasonable basis, or when there are significant new circumstances occurring during the three (3) year assessment period which are beyond the control of the school.

➔Section 3. KRS 160.346 is amended to read as follows:

(1) For purposes of this section:

(11) For school districts that include a significant number of schools, as determined by the department, identified for targeted support and improvement:

(a) The department shall periodically review a local board's resource allocations to support school improvement and provide technical assistance to the local school board; and

(b) The department may provide a recommended list of turnaround or school intervention providers that have demonstrated success implementing evidence-based strategies.

(12) If, in the course of a school audit, the audit team identifies information suggesting that a violation of KRS 160.345(9)(a) may have occurred, the commissioner of education shall forward the evidence to the Office of Education Accountability for investigation.

(13) A school's right to establish a council granted under KRS 160.345 may be restored by the local board of education two (2) years after the school exits comprehensive support and improvement status.
