CHAPTER 2

(SB 4)

AN ACT relating to elections.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 121.005 is amended to read as follows:

(1) The General Assembly finds and declares that:

(a) The intent of disclosure of campaign finance information is to make that information about ***political contributions and expenditures***~~[the role of money in politics]~~ accessible to the public;

(b) The volume of campaign finance reports submitted each year to the state renders it virtually impossible, without the help of computer technology, to derive meaningful conclusions from the records; ***and***

(c) Computer automation is a necessary and effective means of transmitting, organizing, storing, and retrieving vast amounts of data submitted by candidates in election campaigns~~[; and~~

~~(d) Although candidates are currently permitted to file campaign finance reports electronically if they so choose, very few candidates have chosen to do so, and therefore access to campaign finance data through electronic or on-line technology is limited]~~.

(2) The General Assembly enacts this legislation to accomplish the following:

(a) To improve the existing system of electronic reporting and extend its usage to more candidates;

(b) To allow concerned persons easy, convenient, and timely access to campaign finance reports submitted to the state;

(c) To ease the burden on candidates and committees of tabulating, filing, and maintaining public records of financial activity;

(d) To strengthen both the disclosure and enforcement capabilities of the Registry of Election Finance;

(e) To cooperate in the standardization of reporting formats among states so that interstate as well as intrastate sources of political money can be known;

(f) To provide for a fully informed electorate; and

(g) To help restore public trust in the governmental and electoral institutions of this state.

➔Section 2. KRS 121.120 is amended to read as follows:

(1) The registry may:

(a) Require by special or general orders, any person to submit, under oath, any written reports and answers to questions as the registry may prescribe;

(b) Administer oaths or affirmations;

(c) Require by subpoena, signed by the ***chair*** ~~[chairman]~~, the attendance and testimony of witnesses and the production of all documentary evidence, excluding individual and business income tax records, relating to the execution of its duties;

(d) In any proceeding or investigation, to order testimony to be taken by deposition before any person who is designated by the registry and has the power to administer oaths and, in those instances, to compel testimony and the production of evidence in the same manner as authorized under paragraph (c) of this subsection;

(e) Initiate, through civil actions for injunctive, declaratory, or other appropriate relief, defend, or appeal any civil action in the name of the registry to enforce the provisions of this chapter through its legal counsel;

(f) Render advisory opinions under KRS 121.135;

(g) Promulgate administrative regulations necessary to carry out the provisions of this chapter;

(h) Conduct investigations and hearings expeditiously, to encourage voluntary compliance, and report apparent campaign finance law violations to the appropriate law enforcement authorities;

(3) The registry may appoint a full-time executive director, legal counsel, and an accountant for auditing purposes, all of whom shall serve at the pleasure of the registry. The registry may also appoint such other employees as are necessary to carry out the purposes of this chapter. All requests for personnel appointments shall be forwarded by the registry directly to the secretary of the Personnel Cabinet and shall be subject to ***the secretary's*** ~~[his]~~ review and certification only.

(4) The registry shall adopt official forms and perform other duties necessary to implement the provisions of this chapter. The registry shall not require the listing of a person's Social Security number on any form developed by the registry. Without limiting the generality of the foregoing, the registry shall:

(a) Develop prescribed forms for the making of the required reports;

(b) Prepare and publish a manual for all candidates, slates of candidates, ***contributing organizations,*** and committees, describing the requirements of the law, including uniform methods of bookkeeping and reporting, requirements as to reporting dates, and the length of time that candidates, slates of candidates, ***contributing organizations,*** and committees are required to keep any records pursuant to the provisions of this chapter;

(c) Develop a filing, coding, and cross-indexing system;

(d) Make each report filed available for public inspection and copying during regular office hours at the expense of any person requesting copies of them;

(e) Preserve all reports for at least six (6) years from the date of receipt. Duly certified reports shall be admissible as evidence in any court in the Commonwealth;

2. For each contribution in excess of one hundred dollars ($100) made to a candidate or slate of candidates for a statewide-elected state office, ***or*** to a campaign committee for a candidate or slate of candidates for a statewide-elected state office, the date, name, address, occupation, and employer of each contributor and the spouse of the contributor or, if the contributor or spouse of the contributor is self-employed, the name under which ***the contributor*** ~~[he]~~ is doing business, and the amount contributed by each contributor, listed alphabetically; and

3. For each contribution in excess of one hundred dollars ($100) made to any candidate or campaign committee other than those specified in subparagraph 2., the date, name, address, occupation, and employer of each other contributor or, if the contributor is self-employed, the name under which ***the contributor*** ~~[he]~~ is doing business, and the amount contributed by each contributor, listed alphabetically;

indirectly, attempt to secure or create privileges, exemptions, or advantages for himself***, herself,*** or others in derogation of the public interest at large in a manner that seeks to leave any registry member or employee charged with the enforcement of the campaign finance laws no alternative but to comply with the wishes of the officeholder or person. Registry members and employees shall be free of obligation or the appearance of obligation to any interest other than the fair and efficient enforcement of the campaign finance laws and administrative regulations. It shall not be considered a violation of this subsection for an officeholder or other person to seek remedies in a court of law to any policy or enforcement decision he ***or she*** considers to be an abridgement of his ***or her*** legal rights.

(6) If adequate and appropriate agency funds are available, the registry shall:

(a) Develop or acquire a system for electronic reporting for use by individuals and entities required to file campaign finance reports with the registry under this chapter. (c) Make all~~[paper or electronic]~~ reports filed with the registry pertaining to candidates for the General Assembly and statewide office available on the Internet free of charge, in an easily understood format that allows the public to browse, search, and download the data contained in the reports by each of the reporting categories required by this chapter, including but not limited to:

If any statewide candidate, slate of candidates, or campaign committee of a statewide candidate or slate of candidates submits ***a campaign***~~[an election]~~ finance report in a nonelectronic format for an election scheduled in 2015 or later, the registry shall require the statewide candidate, slate of candidates, or campaign committee of the statewide candidate or slate of candidates to resubmit the ***campaign***~~[election]~~ finance report in an electronic format~~[the first time that entity files an electronic report for that election]~~***;***

If any candidate, slate of candidates, committee, or contributing organization does not submit the required campaign finance reports electronically by the applicable filing deadline, the registry shall publish the candidate, slate of candidates, committee, or contributing organization's name as a delinquent filer until such time as the campaign finance report is properly filed in an electronic format; and

(j) Require all independent expenditure reports to be submitted electronically within forty-eight (48) hours of the date that the communication is publicly distributed or otherwise publicly disseminated, beginning with the primary scheduled in 2020, and for each subsequent election scheduled thereafter.

(7) In conjunction with the program of electronic reporting set out in subsection (6) of this section, the registry shall deem an electronic report to be filed when submitted by either of the following methods:

(1) (a) Any candidate, slate of candidates, or political issues committee shall be exempt from filing any campaign finance reports required by subsections (3) and (4) of this section if the candidate, slate of candidates, or political issues committee chair files a form prescribed and furnished by the registry stating that currently no contributions have been received and that contributions will not be accepted or expended in excess of three thousand dollars ($3,000) in any one (1) election.~~[For a candidate for judicial office who desires to be exempt from filing any campaign finance reports as provided in this paragraph, the request for exemption shall be filed by the campaign treasurer of the candidate's campaign committee, but the candidate shall be personally liable for any violation if the campaign treasurer accepts contributions or makes expenditures in excess of the limit and shall be subject to the same penalties as a candidate as provided in subparagraph 1. or 2. of paragraph (k) of this subsection.]~~ A separate form shall be required for each primary, regular, or special election in which the candidate or slate of candidates participates or in which the public question appears on the ballot, unless the candidate, slate of candidates, or political issues committee chair indicates on a request for exemption that the request will be applicable to more than one (1) election. The form shall be filed with the same office with which a candidate or slate of candidates files nomination papers or, in the case of a political issues committee, with the registry.

(b) For a primary, a candidate or slate of candidates shall file a request for exemption not later than the deadline for filing nomination papers and, except as provided in subparagraph 2. of paragraph (c) of this subsection, shall be bound by its terms unless it is rescinded in writing not later than ***thirty (30) days preceding the primary***~~[fifteen (15) days after the filing deadline]~~. For a regular election, a candidate or slate of candidates shall file or rescind in writing a request for exemption not later than ***sixty (60) days preceding the regular election***~~[twenty-five (25) days after the date of the preceding primary election]~~, except as provided in subparagraph 2. of paragraph (c) of this subsection. For a special election, a candidate or slate of candidates shall file a request for exemption not later than ten (10) days after the candidate or slate of candidates is nominated for a special election and shall be bound by its terms unless it is rescinded in writing not later than ***thirty (30) days preceding the special election***~~[twenty-five (25) days after the date on which the nomination for a special election is made]~~. 2. A candidate ***or slate of candidates that***~~[for any city, urban county government, charter county government, consolidated local government, unified local government, or county office or for any school board office, who]~~ is exempted from campaign finance reporting requirements pursuant to paragraph (a) of this subsection but who accepts contributions or makes expenditures in excess of the exempted amount in an election, shall file all applicable reports required for the remainder of that election, based upon the amount of contributions or expenditures the candidate ***or slate of candidates*** accepts or receives in that election. The filing of applicable required reports by a candidate ***or slate of candidates*** after the exempted amount is exceeded shall serve as notice to the registry that the initial exemption has been rescinded. No further notice to the registry shall be required and no penalty for exceeding the initial exempted amount shall be imposed against the candidate ***or slate of candidates***, except for failure to file applicable reports required after the exempted amount is exceeded.

(d) Any candidate or slate of candidates that is subject to ***a June or***~~[an]~~ August filing deadline and that intends to execute a request for exemption shall file the appropriate request for exemption not later than the filing deadline and, except as provided in subparagraph 2. of paragraph (c) of this subsection, shall be bound by its terms unless it is rescinded in writing not later than ***sixty (60) days preceding the regular election***~~[fifteen (15) days after the filing deadline]~~. (g) Any candidate or slate of candidates that has filed a request for exemption may petition the registry to determine whether another person is campaigning as a write-in candidate prior to having filed a declaration of intent to receive write-in votes, and, if the registry determines upon a preponderance of the evidence that a person who may later be a write-in candidate is conducting a campaign, the candidate or slate of candidates, except as provided in subparagraph 2. of paragraph (c) of this subsection, may petition the registry to permit the candidate or slate of candidates to exercise the reversion rights provided in subparagraph 1. of paragraph (c) of this subsection.

(h) If the opponent of a candidate or slate of candidates is replaced due to his ***or her*** withdrawal because of death, disability, or disqualification, the candidate or slate of candidates, except as provided in subparagraph 2. of paragraph (c) of this subsection, may exercise the reversion rights provided in subparagraph 1. of paragraph (c) of this subsection not later than fifteen (15) days after the party executive committee nominates a replacement for the withdrawn candidate or slate of candidates.

This report shall be made by a permanent committee, inaugural committee, or contributing organization to the registry on the last day of the first calendar quarter following the registration of the committee with the registry and on the last day of each succeeding calendar quarter until such time as the committee terminates. A contributing organization shall file a report of contributions received and expenditures on a form provided or using a format approved by the registry

(7) If the final statement of a candidate, campaign committee, or political issues committee shows an unexpended balance of contributions, continuing debts and obligations, or an expenditure deficit, the campaign treasurer shall file with the registry a supplemental statement of contributions and expenditures not more than thirty (30) days after the deadline for filing the final statement. Subsequent supplemental statements shall be filed annually, to be received by the registry by December 1 of each year, ~~[and any statement received by the registry within five (5) days after December 1 of each year shall be deemed timely filed,]~~ until the account shows no unexpended balance, continuing debts and obligations, expenditures, or deficit, or until the year before the candidate or a slate of candidates seeks to appear on the ballot for the same office for which the funds in the campaign account were originally contributed, in which case the candidate or a slate of candidates shall file the supplemental annual report by December 1 of that year or at the end of the first calendar quarter of that year after the candidate or slate of candidates files nomination papers for the next year's primary or regular election ~~[, and any report received by the registry within five (5) days after the applicable filing deadline shall be deemed timely filed]~~. ***All post-election reports to the registry shall cover campaign activity during the entire reporting period and must be received by the registry within two (2) business days after the date the reporting period ends to be deemed timely filed.*** All contributions shall be subject to KRS 121.150 ***as of the date of the election in which the candidate appeared on the ballot***.

(9) A candidate or slate of candidates is relieved of the duty personally to file reports and keep records of receipts and expenditures if the candidate or slate states in writing or on forms provided by the registry that:

(10) No candidate, slate of candidates, campaign committee, political issues committee, or contributing organization shall use or permit the use of contributions or funds solicited or received for the person or in support of or opposition to a public issue which will appear on the ballot to further the candidacy of the person for a different public office, to support or oppose a different public issue, or to further the candidacy of any other person for public office; except that nothing in this subsection shall be deemed to prohibit a candidate or slate of candidates from using funds in the campaign account to purchase admission tickets for any fundraising event or testimonial affair for another candidate or slate of candidates if the amount of the purchase does not exceed two hundred dollars ($200) per event or affair. Any funds or contributions solicited or received by or on behalf of a candidate, slate of candidates, or any committee, which has been organized in whole or in part to further any candidacy for the same person or to support or oppose the same public issue, shall be deemed to have been solicited or received for the current candidacy or for the election on the public issue if the funds or contributions are solicited or received at any time prior to the regular election for which the candidate, slate of candidates, or public issue is on the ballot. under Section 501(c)(3) of the United States Internal Revenue Code of 1986, as amended, and any successor thereto.

Any such participant shall have the same immunity with respect to participation in any judicial proceeding resulting from such report or action. However, any person who knowingly makes a false report and does so with malice shall be guilty of a Class A misdemeanor.

(2) Any employee or designated agent of a children's advocacy center shall be immune from any civil liability arising from performance within the scope of the person's duties as provided in KRS 620.030 to 620.050. Any such person shall have the same immunity with respect to participation in any judicial proceeding. Nothing in this subsection shall limit liability for negligence. Upon the request of an employee or designated agent of a children's advocacy center, the Attorney General shall provide for the defense of any civil action brought against the employee or designated agent as provided under KRS 12.211 to 12.215.

(3) Neither the husband-wife nor any professional-client/patient privilege, except the attorney-client and clergy-penitent privilege, shall be a ground for refusing to report under this section or for excluding evidence regarding a dependent, neglected, or abused child or the cause thereof, in any judicial proceedings resulting from a report pursuant to this section. This subsection shall also apply in any criminal proceeding in District or Circuit Court regarding a dependent, neglected, or abused child.

(4) Upon receipt of a report of an abused, neglected, or dependent child pursuant to this chapter, the cabinet as the designated agency or its delegated representative shall initiate a prompt investigation or assessment of family needs, take necessary action, and shall offer protective services toward safeguarding the welfare of the child. The cabinet shall work toward preventing further dependency, neglect, or abuse of the child or any other child under the same care, and preserve and strengthen family life, where possible, by enhancing parental capacity for adequate child care.

(5) The report of suspected child abuse, neglect, or dependency and all information obtained by the cabinet or its delegated representative, as a result of an investigation or assessment made pursuant to this chapter, except for those records provided for in subsection (6) of this section, shall not be divulged to anyone except:

5. The parties to an administrative hearing conducted by the cabinet or its designee in accordance with KRS Chapter 13B in an appeal of a cabinet-substantiated finding of abuse or neglect. The children's advocacy center may, in its sole discretion, provide testimony in lieu of files, reports, notes, photographs, records, electronic and other communications, and working papers used or developed by the center if the center determines that the release poses a threat to the safety or well-being of the child, or would be in the best interests of the child. Following the administrative hearing and any judicial review, the parties to the administrative hearing shall return all files, reports, notes, photographs, records, electronic and other communications, and working papers used or developed by the children's advocacy center to the center.

(b) The provisions of this subsection shall not be construed as to contravene the Rules of Criminal Procedure relating to discovery.

(8) Nothing in this section shall prohibit employees or designated agents of a children's advocacy center from disclosing information during a multidisciplinary team review of a child sexual abuse case as set forth under KRS 620.040. Persons receiving this information shall sign a confidentiality statement consistent with statutory prohibitions on disclosure of this information.

(9) Employees or designated agents of a children's advocacy center may confirm to another children's advocacy center that a child has been seen for services. 2. Make one (1) copy for the defendant's or respondent's counsel that the defendant's or respondent's counsel shall not duplicate.

(b) The defendant's or respondent's counsel shall file the copy with the court clerk at the close of the case.

(d) The provisions of this subsection shall not be construed as to contravene the Rules of Criminal Procedure relating to discovery.

(11) Identifying information concerning the individual initiating the report under KRS 620.030 shall not be disclosed except:

(a) To law enforcement officials that have a legitimate interest in the case;

(b) To the agency designated by the cabinet to investigate or assess the report;

(c) To members of multidisciplinary teams as defined by KRS 620.020 that operated under KRS 431.600

(12) (a) Information may be publicly disclosed by the cabinet in a case where child abuse or neglect has resulted in a child fatality or near fatality.

2. Any cooperation, assistance, or information from any agency of the state or any other agency, institution, or facility providing services to the child or family that were requested and received by the cabinet during the investigation of a child fatality or near fatality.

(c) The cabinet shall submit a report by September 1 of each year containing an analysis of all summaries of internal reviews occurring during the previous year and an analysis of historical trends to the Governor, the General Assembly, and the state child fatality review team created under KRS 211.684.

(13) When an adult who is the subject of information made confidential by subsection (5) of this section publicly reveals or causes to be revealed any significant part of the confidential matter or information, the confidentiality afforded by subsection (5) of this section is presumed voluntarily waived, and confidential information and records about the person making or causing the public disclosure, not already disclosed but related to the information made public, may be disclosed if disclosure is in the best interest of the child or is necessary for the administration of the cabinet's duties under this chapter.

(14) As a result of any report of suspected child abuse or neglect, photographs and X-rays or other appropriate medical diagnostic procedures may be taken or caused to be taken, without the consent of the parent or other person exercising custodial control or supervision of the child, as a part of the medical evaluation or investigation of these reports. These photographs and X-rays or results of other medical diagnostic procedures may be introduced into evidence in any subsequent judicial proceedings or an administrative hearing conducted by the cabinet or its designee in accordance with KRS Chapter 13B in an appeal of a cabinet-substantiated finding of child abuse or neglect. The person performing the diagnostic procedures or taking photographs or X-rays shall be immune from criminal or civil liability for having performed the act. Nothing herein shall limit liability for negligence.

(15) In accordance with 42 U.S.C. sec. 671, the cabinet shall share information about a child in the custody of the cabinet with a relative or a parent of the child's sibling for the purposes of:

(a) Evaluating or arranging a placement for the child;

(b) Arranging appropriate treatment services for the child; or

(16) In accordance with 42 U.S.C. sec. 671, the cabinet shall, in the case of siblings removed from their home who are not jointly placed, provide for frequent visitation or other ongoing interaction between the siblings, unless the cabinet determines that frequent visitation or other ongoing interaction would be contrary to the safety or well-being of any of the siblings.

(14) "Spontaneous miscarriage" means the natural or accidental termination of a pregnancy and the expulsion of the fetus, typically caused by genetic defects in the fetus or physical abnormalities in the pregnant woman;

(15) "Standard medical practice" means the degree of skill, care, and diligence that a physician of the same medical specialty would employ in like circumstances. As applied to the method used to determine the presence of a fetal heartbeat for purposes of Section 4 of this Act, "standard medical practice" includes employing the appropriate means of detection depending on the estimated gestational age of the fetus and the condition of the woman and her pregnancy; and

(16) "Unborn child" and "unborn human individual" have the same meaning as "unborn child" has in KRS 311.781.

➔SECTION 2. A NEW SECTION OF KRS 311.710 TO 311.830 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds and declares, according to contemporary medical research, all of the following:

(1) As many as thirty percent (30%) of natural pregnancies end in spontaneous miscarriage;

(2) Less than five percent (5%) of all natural pregnancies end in spontaneous miscarriage after detection of fetal cardiac activity;

(3) Over ninety percent (90%) of intrauterine pregnancies survive the first trimester if cardiac activity is detected in the gestational sac;

(4) Nearly ninety percent (90%) of in vitro pregnancies do not survive the first trimester where cardiac activity is not detected in the gestational sac;

(5) Fetal heartbeat, therefore, has become a key medical predictor that an unborn human individual will reach live birth;

(6) Cardiac activity begins at a biologically identifiable moment in time, normally when the fetal heart is formed in the gestational sac;

(7) The Commonwealth of Kentucky has legitimate interests from the outset of the pregnancy in protecting the health of the woman and the life of an unborn human individual who may be born; and

(8) In order to make an informed choice about whether to continue her pregnancy, the pregnant woman has a legitimate interest in knowing the likelihood of the fetus surviving to full-term birth based upon the presence of cardiac activity.

➔SECTION 3. A NEW SECTION OF KRS 311.710 TO 311.830 IS CREATED TO READ AS FOLLOWS:

Sections 4 to 6 of this Act apply only to intrauterine pregnancies.

(6) Any person who intends to remove an abandoned storage tank facility shall:

(a) Notify the cabinet before undertaking the removal;

(b) Do so at his or her own risk and expense; and

(c) Bear sole responsibility for complying with all applicable local, state, and federal laws and regulations during the removal, disposal, and reclamation of the site.

(7) Nothing in this section shall be construed as an additional grant of authority for any person or entity other than the cabinet or the cabinet's agents to take action under this section and KRS 353.561, 353.562, and 353.564.

(3)~~[(2)]~~ The cabinet may initiate an action for reimbursement of costs in any court of competent jurisdiction. The recovery of any costs under this section and KRS 353.563 shall be credited to the Kentucky abandoned storage tank ***and orphan well*** reclamation fund except for recovered administrative costs which shall be retained by the cabinet.

(4)~~[(3)]~~ The cabinet may not seek reimbursement from the landowner for costs incurred under this section and KRS 353.563 unless the landowner qualifies as the last known owner or operator under subsection ***(2)(a)***~~[(1)(a)]~~ of this section or caused or contributed to a threat under subsection ***(2)(b)***~~[(1)(b)]~~ of this section.

➔Section 5. KRS 353.590 is amended to read as follows:

(1) Any person seeking a permit required by KRS 353.570 shall submit to the department a written application in a form prescribed by the department. ***A person under eighteen (18) years old shall not be eligible for a permit issued under this chapter.***

(2) Each application shall be accompanied by a specified fee as follows:

(a) The fee shall be three hundred dollars ($300) for each well to be drilled, deepened, or reopened for any purpose relating to the production, repressuring, or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole.

(b) If the department receives delegation of authority for administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Pub. L. 93-523 as amended), the department may, by administrative regulation, establish a fee or schedule of fees in an amount not to exceed fifty dollars ($50) per well, in addition to the fees imposed by paragraph (a) of this subsection, upon each application to drill, deepen, or reopen a well for any purpose relating to the production, repressuring, or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole. The fees or schedule of fees to be established by administrative regulation shall not exceed an amount sufficient to recover the costs incurred by the department in administering the Underground Injection Control Program less any other state or federal funds which are made available for this purpose.

(c) All money paid to the State Treasurer for fees required by paragraph (b) of this subsection shall be for the sole use of the department in the administration of the Underground Injection Control Program under Section 1425 of the Safe Drinking Water Act (Pub. L. 93-523 as amended).

(3) Applications for each deep well shall be assessed a fee according to the following schedules:

(a) For a vertical deep well:

3. Five hundred dollars ($500) for each additional lateral.

(4) For a horizontal deep well, each additional deep horizontal well located on the same well pad shall be assessed the following fee:

(a) Three thousand dollars ($3,000) for a total measured well depth up to ten thousand (10,000) feet; and

(b) Four thousand dollars ($4,000) for a total measured well depth greater than ten thousand (10,000) feet.

(5) All money paid to the State Treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the General Assembly for the use of the department.

(6) Each application shall be accompanied by a plat, which shows the location and elevation of each well, prepared according to the administrative regulations promulgated under KRS 353.500 to 353.720. The plat shall be certified as accurate and correct by a professional land surveyor licensed in accordance with the provisions of KRS Chapter 322.

(7) When any person submits to the department an application for a permit to drill a ***shallow*** well, or to reopen, deepen, or temporarily abandon any well which is not covered by surety bond, the department shall, except as provided in this section, require from the ***shallow*** well operator the posting of a bond. ***For any well permit issued after the effective date of this Act, the department shall require two dollars ($2) of bond amount for every foot of true vertical well depth. For applications for well transfers filed after the effective date of this Act, pursuant to subsection (23) of this section, bonding shall be two dollars ($2) for every foot of true vertical well depth and shall be posted by the transferee operator. Failure to post the required bond shall result in an order issued by the department:***

(a) Requiring the proper plugging and abandonment of the shallow well or wells; or

(b) Refusing to transfer the requested shallow well or wells.~~[Bonds for deep wells are posted for the purpose of ensuring well plugging and reclamation of disturbed areas. The bond for plugging shallow wells shall be posted in accordance with the following schedule:~~

(8) Plugging and reclamation bonds for vertical deep wells shall be twenty-five thousand dollars ($25,000). However, the commission may establish a higher bonding amount for vertical deep wells if the anticipated plugging and reclamation costs exceed the minimum bonding amounts established in this section.

(9) The minimum amount of plugging and reclamation bond for a horizontal deep well shall be forty thousand dollars ($40,000). However, the commission may establish a bond amount greater than forty thousand dollars ($40,000) if the anticipated plugging and reclamation costs exceed the minimum bond.

(10) (a) All bonds required to be posted ***prior to the effective date of this Act*** under this section for plugging shallow wells shall:

1. Be made in favor of the department;

2. Be conditioned that the wells, upon abandonment, shall be plugged in accordance with the administrative regulations of the department and that all records required by the department be filed as specified; and

3. Remain in effect until the plugging of the well is approved by the department, or the bond is released ***or forfeited*** by the department.

(b) ***All bonds required to be posted after the effective date of this Act under this section for plugging shallow wells shall:***

1. Be made in favor of the department;

2. Be conditioned on the wells, upon abandonment, being plugged and the disturbed areas reclaimed in accordance with applicable statutes and the administrative regulations promulgated thereunder, and on all records required by the department being filed as specified; and

3. Remain in effect until the plugging of the well and the reclamation of the disturbed area is approved by the department, or the bond is released or forfeited by the department.

(c) All bonds required to be posted under this section for plugging deep wells shall:

1. Be made in favor of the department;

2. Be conditioned that the wells, upon abandonment, shall be plugged and the disturbed area reclaimed in accordance with the statutes and the administrative regulations of the department and that all records required by the department be filed as specified; and

3. Remain in effect until the plugging of the well and the reclamation of the disturbed area is approved by the department or the bond is released by the department.

(11) An operator may petition the department to amend the drilling depth and bond amount applicable to a particular well and shall not proceed to drill to a depth greater than that authorized by the department until the operator is so authorized, except pursuant to administrative regulations promulgated by the department.

(12) (a) ***Any shallow well blanket bond filed by an operator prior to the effective date of this Act shall remain in effect until the plugging or transfer of all the wells secured by the blanket bond, or the blanket bond is released or forfeited by the department. In the event that a number of the wells are plugged, transferred, or both, that result in the operator being eligible for a blanket bond in a lower amount, the department shall release the bond to a lower amount based upon the tiered structure in existence at the time the bond was issued. After the effective date of this Act, in the event that an operator with a shallow well blanket bond that was filed prior to the effective date of this Act drills or acquires additional wells and has remaining capacity on the blanket bond after the effective date of this Act, the operator may secure such wells with the existing blanket bond up to the limits of the bond. However, the number of wells that are eligible to be covered by a blanket bond filed prior to the effective date of this Act that were in a tier with more than five hundred (500) wells shall be limited to one thousand (1,000) wells***~~[Any qualified shallow well operator, in lieu of the individual bond, may file with the department a blanket bond according to the following tiered structure:~~

(b) ***After the effective date of this Act,*** any~~[nonqualified]~~ shallow well operator, in lieu of an individual bond, may file with the department a blanket bond according to the following tiered structure:

2. ***Twenty-six (26) to one hundred (100) wells require an additional thirty thousand dollar ($30,000) bond;***

3. One hundred one (101) ***to five hundred (500) wells require an additional one hundred fifty thousand dollar ($150,000) bond; and***~~[or more wells require a one hundred thousand dollar ($100,000) bond]~~

4. Five hundred one (501) to one thousand (1,000) wells require an additional one hundred thousand dollar ($100,000) bond.

(c) After the effective date of this Act, well operators who have more wells than can be accommodated by the blanket bonding structure established in paragraph (b) of this subsection or as in effect pursuant to paragraph (a) of this subsection may, in lieu of individual bonds, incrementally increase the amount of their blanket bonds filed with the department according to the tiers established in paragraph (b) of this subsection. Nothing contained in this subsection shall require a well operator with a blanket bond in existence prior to the effective date of this Act to increase the amount of its blanket bond as to the wells covered by the existing blanket bond.

(13)~~[To qualify for a blanket bond for a shallow well under the tiered structure set forth in subsection (12)(a) of this section, an operator shall:~~

~~(14) In addition to the requirements set forth in subsection (15) of this section, proof of financial ability set forth in subsection (13)(c) of this section shall be established by an audited financial statement that satisfies at least two (2) of the following ratios:~~

~~(a) A ratio of total liabilities to net worth less than two (2); or~~

~~(b) A ratio of the sum of net income plus depreciation, depletion, and amortization to total liability greater than one-tenth (0.1); or~~

~~(c) A ratio of current assets to current liabilities greater than one and five-tenths (1.5).~~

~~(15)]~~ If the operator is a corporate subsidiary, the operator further shall provide a corporate guarantee in which the guarantor shall be the parent corporation of the operator of the wells covered under the bond. The corporate guarantee shall provide:

(b) The corporate guarantee shall remain in force unless the guarantor sends notice of the cancellation by certified mail to the operator and to the department. Cancellation shall not occur, however, during the one hundred twenty (120) day period beginning on the first day that both the operator and the department have received notice of cancellation, as evidenced by the certified mail return receipts.

(14)~~[(16)]~~ An operator shall not be eligible ***to file a new***~~[for]~~ blanket ***bond or add additional wells to an existing blanket bond***~~[bonding]~~ if the operator has:

~~(b)]~~ Any outstanding, unabated violations of KRS Chapter 353 or the regulations adopted pursuant thereto which have not been appealed;

(b)~~[(c)]~~ A forfeiture of a bond, whether an individual bond or portion of a blanket bond, on any permit where the operator has not entered into an agreed order with the department for the plugging and proper abandonment of the well or wells on the forfeited permit or permits; or

(c)~~[(d)]~~ A permit or permits, upon which a bond or portion of a bond has been forfeited and the proceeds from the forfeiture have been spent by the department to plug or reclaim the permitted well or wells, unless the operator has made restitution to the department for all costs associated with the forfeiture, plugging, and proper abandonment.

(15)~~[(17)]~~ Any deep well operator, in lieu of an individual bond, may file with the department a blanket bond according to the following:

(a) One (1) to ten (10) vertical deep wells require a two hundred thousand dollar ($200,000) bond; and

(b) One (1) to ten (10) horizontal deep wells require a three hundred twenty thousand dollar ($320,000) bond.

(16) ~~[(18)]~~ A deposit in cash or a bank-issued irrevocable letter of credit may serve in lieu of either of the individual well or blanket bonds.

(17) ~~[(19)]~~ Individuals acquiring a single well for domestic use may post a combination bond which shall consist of a cash bond in the amount of one thousand dollars ($1,000) plus a lien on the property to cover future plugging costs. Only one (1) combination bond may be posted by each individual.

(18) ~~[(20)]~~ A certificate of deposit, the principal of which is pledged in lieu of a bond and whose interest is payable to the party making the pledge, may serve for an individual well bond. A certificate of deposit, the principal of which is pledged in lieu of a bond and whose interest is payable to the party making the pledge, may serve for a blanket bond, provided that the first five thousand dollars ($5,000) of the blanket bond is posted with the department in cash.

(19) ~~[(21)]~~ The bond or bonds referred to in this section shall be executed by the well operator as principal and, if a surety bond, by a corporate surety authorized to do business in the Commonwealth.

(20) ~~[(22)]~~ A deposit in cash shall serve in lieu of either of the above bonds; all cash bonds accepted by the department shall be deposited into an interest-bearing account, with the interest thereon payable to the special agency account known as the oil and gas well plugging fund, created in subsection ***(27)*** ~~[(28)]~~ of this section, to be used in accordance with the purposes described therein. All cash bonds being held by the department on July 13, 1990, shall likewise be deposited in the interest-bearing account, with the proceeds to be used for the purposes established for the oil and gas well plugging fund.

(21) ~~[(23)]~~ The bond amounts prescribed by subsection (7) of this section shall be applicable only to permits issued ***after the effective date of this Act*** ~~[upon and after July 15, 2006]~~. All bonds posted for permits issued prior to ***the effective date of this Act*** ~~[July 15, 2006]~~, shall remain in full force and effect for the duration of the permits ***secured by the bonds***.

(22) ~~[(24)]~~ The blanket bond amounts prescribed by subsection (12) of this section shall be effective ***after the effective date of this Act*** ~~[upon and after July 15, 2006]~~. Any operator having filed a blanket bond with the department prior to ***the effective date of this Act, in the event that the capacity of the bond is reached*** ~~[July 15, 2006]~~, may at its discretion increase the level of the blanket bond incrementally by increasing the blanket bond by the amount of the individual bond prescribed by subsection (12) of this section on any wells drilled subsequent to ***the effective date of this Act*** ~~[July 15, 2006]~~, until the blanket bond has reached the level ***necessary to conform to the tiers*** prescribed by subsection (12) of this section.

(b) 1. Upon receipt of a request for a well records report made by an operator seeking to become a successor operator and approved by the current operator, the department shall print a well records report of the wells requested and provide the report to both the current operator and the operator seeking to become a successor operator.

2. If the report indicates the existence of outstanding violations or of missing records required to be filed pursuant to this chapter, on any application to transfer a well or wells filed within thirty (30) days of the date of the well report, the successor operator may decline to accept transfer of any wells with outstanding violations or with missing records, or may agree to accept responsibility for abatement of the violations or the filing of the missing records.

3. Based upon the successor operator's response to the well record report and subject to bonding requirements and the provisions of Section 11 of this Act, the department shall approve the transfer of the requested well or wells or any portion thereof not declined by the successor operator.

4. The department may not hold a successor operator responsible or liable for missing records not disclosed on the well record report provided by the department prior to transfer, or for missing records that which were not filed or completed by a previous operator and for which information necessary to complete the records is not reasonably available.

(c) Subject to Section 11 of this Act, upon receipt of written approval of the requested transfer, the successor operator shall assume the obligations of this chapter as to the particular well or wells and relieve the current operator of responsibility under this chapter with respect to the well or wells

(24) ~~[(26)]~~ If the requirements of this section with respect to ***any provision of KRS 353.500 to 353.720 or 353.735 to 353.747, or any administrative regulation or order promulgated or issued thereunder,*** ~~[proper plugging upon abandonment and submission of all required records on all well or wells]~~ have not been complied with within the time limits set by the department, by administrative regulation, or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator by certified mail, addressed to the permanent address shown on the application for a permit.

(a) The notice shall specify in what respects the operator has failed to comply with this chapter or the administrative regulations of the department.

(b) If, within forty-five (45) days after mailing of the notice of noncompliance, no agreement has been reached with the department regarding the alleged failure to comply, and the director determines that the operator has not complied with the requirements set forth by the department, the bond shall be ordered forfeited to the department. The forfeiture order shall become effective thirty (30) days after the department gives the operator notice of the order, unless a petition has been filed pursuant to KRS 353.700, in which case the forfeiture order shall only become effective upon a final determination of the secretary affirming the forfeiture order following the conclusion of the petition process.

(25) (a) In addition to a notice of noncompliance issued pursuant to subsection (24) of this section, the cabinet may issue a well closure order to any person or operator where:

1. An oil and gas well is in violation of KRS 353.500 to 353.720 or 353.735 to 353.747, or any administrative regulation or order promulgated or issued thereunder, and the violation is causing or could be reasonably expected to cause an imminent threat to human health, safety, or the environment; or

2. The operation of an oil and gas well by any person without first posting bond.

(b) The well closure order shall be affixed by a red tag marker to the wellhead with a letter of violation and a copy of the well closure order mailed to the address of record for the responsible person or operator, if an address is on file with the division. The letter of violation and well closure order shall notify the person or operator to immediately:

1. Cease operation of the well; and

2. Abate the violation of KRS 353.500 to 353.720 or 353.735 to 353.747, or any administrative regulation or order promulgated or issued thereunder.

(c) Any person operating a well under the circumstances described in paragraph (a)2. of this subsection may be ordered to properly plug and abandon the well, but such order does not relieve any prior obligation owed by the current operator of record pursuant to KRS 353.180. The well closure order may be appealed pursuant to KRS 353.700 within thirty (30) days of issuance.

(26) ~~[(27)]~~ A bond forfeited pursuant to the provisions of this chapter may be collected by an attorney for the department or by the Attorney General, after notice from the director.

(27) ~~[(28)]~~ All sums received~~[under this section or]~~ through the forfeiture of bonds shall be placed in the State Treasury and credited to a special agency account to be designated as the oil and gas well plugging fund, which shall be an interest-bearing account with the interest thereon payable to the fund. This fund shall be available to the department and shall be expended for the plugging of any abandoned wells coming within the authority of the department pursuant to this chapter. The plugging of any well pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist

except for the plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

(28) ~~[(29)]~~ (a) Any permitted stratigraphic test well:

1. Is subject to all requirements under this section and KRS 353.5901, 353.550, 353.610, and 353.660(1) and (4) as if the stratigraphic test well were defined as a "well" in KRS 353.510(14); and

2. Shall be plugged within one hundred eighty (180) days of completion of drilling the well.

(b) A stratigraphic test well shall be permitted as an oil and gas production well prior to:

1. Producing oil or gas; or

2. Deviating from true vertical.

(c) Any stratigraphic test well converted to an oil or gas production well under paragraph (b) of this subsection shall be subject to the requirements of KRS 353.660(1) to (3).

(2) A person shall not operate any motor truck or semitrailer truck on any highway unless it is equipped with a red light that automatically indicates the application of brakes and is visible from the rear a distance of not less than five hundred (500) feet.

(3) No person shall operate on any highway a motor truck or semitrailer truck having a width of any part in excess of eighty-four (84) inches, unless it carries at least two (2) clearance lights to indicate the outside left limit of the motor truck or semitrailer truck, one (1) light colored white, to be attached to and be visible from the front of the motor truck or semitrailer truck, and two (2) lights colored red, to be attached to and be visible from the rear, in each case a distance of not less than five hundred (500) feet.

➔Section 7. KRS 189.340 is amended to read as follows:

(1) Vehicles overtaking other vehicles proceeding in the same direction shall pass to the left of them and shall not again drive to the right until reasonably clear of those vehicles. Vehicles overtaking streetcars may pass either to the right or left when so directed by a police officer, when on a one (1) way street or where the location of the tracks prevents compliance with this section, with regard for other traffic.

(2) (a) Vehicles overtaking a bicycle ***or electric low-speed scooter*** proceeding in the same direction shall:

1. If there is more than one (1) lane for traffic proceeding in the same direction, move the vehicle to the immediate left, if the lane is available and moving in the lane is reasonably safe; or

2. If there is only one (1) lane for traffic proceeding in the same direction, pass to the left of the bicycle ***or electric low-speed scooter*** at a distance of not less than three (3) feet between any portion of the vehicle and the bicycle and maintain that distance until safely past the overtaken bicycle ***or electric low-speed scooter***. If space on the roadway is not available to have a minimum distance of three (3) feet between the vehicle and the bicycle ***or electric low-speed scooter***, then the driver of the passing vehicle shall use reasonable caution in passing the bicyclist ***or electric low-speed scooter operator***.

(b) The driver of a motor vehicle may drive to the left of the center of a roadway, including when a no-passing zone is marked in accordance with subsection (6) of this section, to pass a person operating a bicycle ***or electric low-speed scooter*** only if the roadway to the left of the center is unobstructed for a sufficient distance to permit the driver to pass the person operating the bicycle ***or electric low-speed scooter*** safely and avoid interference with oncoming traffic. This paragraph does not authorize driving on the left side of the center of the roadway when otherwise prohibited under state law.

(c) The operator of a bicycle ***or electric low-speed scooter*** shall not ride more than two (2) abreast on a single highway lane unless operating on any part of the roadway marked exclusively for bicycle use. Persons riding two (2) abreast shall not impede the normal and reasonable movement of traffic.

(3) The operator of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a roadway with unobstructed pavement of sufficient width for two (2) or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(4) The operator of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movements in safety. Such movement shall not be made by driving off the roadway unless passing vehicle comes to a complete stop and such movement may be made safely.

(5) No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event, the overtaking vehicle must return to the right-hand side of the roadway before coming within two hundred (200) feet of any vehicle approaching from the opposite direction.

(6) The commissioner of highways is hereby authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones, and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof, except as provided for in subsection (2)(b) of this section.

(7) Whenever any roadway has been divided into three (3) clearly marked lanes for travel, the following additional rules shall apply:

(a) A vehicle shall be driven as nearly as may be practical entirely within a single lane and shall not be moved from that lane until the driver has first ascertained that the movement can be made with safety;

(b) A vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance, or in preparation for a left turn or where a center lane is at the time allocated exclusively to traffic moving in the direction in which the vehicle is proceeding and is signposted to give notice of the allocation; and

(c) Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and operators of vehicles shall obey the directions of such signs.

(8) A vehicle shall not be driven in the left lane of any limited access highway of four (4) lanes or more with a posted speed limit of at least sixty-five (65) miles per hour, except in overtaking a slower vehicle, yielding to traffic coming onto such a highway, or when traffic conditions exist which would prohibit safe use of the right or center lanes.

(9) (a) Except as provided in paragraph (c) of this subsection, the operator of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having regard for the speed of the vehicle and the traffic upon and condition of the highway.

(b) Except as provided in paragraph (c) of this subsection, the operator of any motor truck, semitrailer truck, bus, or heavy construction equipment unit, when traveling upon a highway outside of a business or residential district, shall not follow within two hundred fifty (250) feet of another such vehicle or equipment unit. This subsection shall not prevent overtaking and passing, nor shall it apply to any lane specially designated for use of motor trucks or semitrailer trucks, buses or heavy construction equipment units.

(c) Paragraphs (a) and (b) of this subsection shall not apply to a trailing commercial motor vehicle involved in a platoon as defined in KRS 281.010, but shall apply to the commercial motor vehicle leading a platoon.

➔Section 8. KRS 189.810 is amended to read as follows:

(1) "Slow-moving vehicle" includes farm machinery, including animal-drawn vehicles, highway construction and maintenance vehicles, and any other type of vehicle**,** except bicycles ***and electric low-speed scooters***, capable of a rate of speed no greater than twenty-five (25) miles per hour.

(2) "Slow-moving vehicle emblem" consists of a fluorescent yellow-orange triangle with a dark red reflective border, as specified in American Society of Agricultural Engineers R276 or Society of Automotive Engineers J943 standards, or consisting of reasonably similar reflective qualities as specified in said standards.

➔Section 9. KRS 189.635 is amended to read as follows:

(1) The Justice and Public Safety Cabinet, Department of Kentucky State Police, shall be responsible for maintaining a reporting system for all vehicle accidents which occur within the Commonwealth. Such accident reports shall be utilized for such purposes as will improve the traffic safety program in the Commonwealth involving the collection, processing, storing, and dissemination of such data and the establishment of procedures by administrative regulations to ensure that uniform definitions, classifications, and other federal requirements are in compliance.

(2) Any person operating a vehicle on the highways of this state who is involved in an accident resulting in fatal or nonfatal personal injury to any person or damage to the vehicle rendering the vehicle inoperable shall be required to immediately notify a law enforcement officer having jurisdiction. In the event the operator fails to notify or is incapable of notifying a law enforcement officer having jurisdiction, such responsibility shall rest with the owner of the vehicle or any occupant of the vehicle at the time of the accident. A law enforcement officer having jurisdiction shall investigate the accident and file a written report of the accident with his or her law enforcement agency.

(3) Every law enforcement agency whose officers investigate a vehicle accident of which a report must be made as required in this chapter shall file a report of the accident with the Department of Kentucky State Police within ten (10) days after investigation of the accident upon forms supplied by the department.

(4) Any person operating a vehicle on the highways of this state who is involved in an accident resulting in any property damage exceeding five hundred dollars ($500) in which an investigation is not conducted by a law enforcement officer shall file a written report of the accident with the Department of Kentucky State Police within ten (10) days of occurrence of the accident upon forms provided by the department.

(5) All accident reports filed with the Department of Kentucky State Police in compliance with subsection (4) above shall not be considered open records under KRS 61.872 to 61.884 and shall remain confidential, except that the department may disclose the identity of a person involved in an accident when his or her identity is not otherwise known or when he or she denies his or her presence at an accident. Except as provided in subsection (9) of this section, all other accident reports required by this section, and the information contained in the reports, shall be confidential and exempt from public disclosure except when produced pursuant to a properly executed subpoena or court order, or except pursuant to subsection (8) of this section. These reports shall be made available only to the parties to the accident, the parents or guardians of a minor who is party to the accident, and insurers or their written designee for insurance business purposes of any party who is the subject of the report, or to the attorneys of the parties.

(6) Except as provided for in this subsection, the department shall not release accident reports for a commercial purpose. The department may, as a matter of public safety, contract with an outside entity and release vehicle damage data extracted from accident reports to such an entity if the data is used solely for the purpose of providing the public a means of determining a vehicle's accident history. The department may further contract with a third party to provide electronic access to reports for persons and entities who are entitled to such reports under subsections (5) and (9) of this section.

(7) The department shall promulgate administrative regulations in accordance with KRS Chapter 13A to set out a fee schedule for accident reports made available pursuant to subsections (5), (8), and (9) of this section. These fees shall be in addition to those charged to the public for records produced under KRS Chapter 61.

(8) (a) The report shall be made available to a news-gathering organization, solely for the purpose of publishing or broadcasting the news. The news-gathering organization shall not use or distribute the report, or knowingly allow its use or distribution, for a commercial purpose other than the news-gathering organization's publication or broadcasting of the information in the report.

(b) A newspaper or periodical shall be considered a news-gathering organization if it:

1. Is published at least fifty (50) of fifty-two (52) weeks during a calendar year;

2. Contains at least twenty-five percent (25%) news content in each issue or no more than seventy-five percent (75%) advertising content in any issue in the calendar year; and

3. Contains news of general interest to its readers that can include news stories, editorials, sports, weddings, births, and death notices.

(c) A newspaper, periodical, or radio or television station shall not be held to have used or knowingly allowed the use of the report for a commercial purpose merely because of its publication or broadcast.

(d) For the purposes of this section, the meaning of "news-gathering organization" does not include any product or publication:

1. Which is intended primarily for members of a particular profession or occupational group; or

2. With the primary purpose of distributing advertising or of publishing names and other personal identifying information concerning parties to motor vehicle accidents which may be used to solicit for services covered under Subtitle 39 of KRS Chapter 304.

(e) A request under this section shall be completed using a form promulgated by the department through administrative regulations in accordance with KRS Chapter 13A. The form under this paragraph shall include:

1. The name and address of the requestor and the news-gathering organization the requestor represents;

2. A statement that the requestor is a news-gathering organization under this subsection;

3. A statement that the request is in compliance with the criteria contained in this section; and

4. A declaration of the requestor as to the accuracy and truthfulness of the information provided in the request.

(9) The report shall be made available without subpoena to any party to litigation who files with the department a request for the report and includes a copy of the first page of a District or Circuit Court clerk-stamped complaint naming all parties.

(11) The motor vehicle insurers of any train engineer or other train crew member involved in an accident on a railroad while functioning in their professional capacity shall be prohibited from obtaining a copy of any accident report filed on the accident under this section without written consent from the individual the company insures. Insurance companies issuing motor vehicle policies in the Commonwealth shall be prohibited from raising a policyholder's rates solely because the policyholder, in his or her professional capacity, is a train engineer or other train crew member involved in an accident on a railroad.

(12) For reporting and statistical purposes, ***motor scooters and autocycles*** ~~[an autocycle]~~ as defined in KRS 186.010 shall be listed as ***a*** ~~[its own]~~ distinct category and shall not be considered to be a motor vehicle or a motorcycle for reports issued under this section.

(2) "Basic reparation benefits" mean benefits providing reimbursement for net loss suffered through injury arising out of the operation, maintenance, or use of a motor vehicle, subject, where applicable, to the limits, deductibles, exclusions, disqualifications, and other conditions provided in this subtitle. The maximum amount of basic reparation benefits payable for all economic loss resulting from injury to any one (1) person as the result of one (1) accident shall be ten thousand dollars ($10,000), regardless of the number of persons entitled to such benefits or the number of providers of security obligated to pay such benefits. Basic reparation benefits consist of one (1) or more of the elements defined as "loss."

(3) "Basic reparation insured" means:

(a) A person identified by name as an insured in a contract of basic reparation insurance complying with this subtitle; and

(c) "Replacement services loss" means expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the injured person would have performed, not for income but for the benefit of himself or his family, if he had not been injured.

(d) "Survivor's economic loss" means loss after decedent's death of contributions of things of economic value to his survivors, not including services they would have received from the decedent if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of decedent's death.

(e) "Survivor's replacement services loss" means expenses reasonably incurred by survivors after decedent's death in obtaining ordinary and necessary services in lieu of those the decedent would have performed for their benefit if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of the decedent's death and not subtracted in calculating survivor's economic loss.

(6) "Use of a motor vehicle" means any utilization of the motor vehicle as a vehicle including occupying, entering into, and alighting from it. It does not include:

(a) Conduct within the course of a business of repairing, servicing, or otherwise maintaining motor vehicles unless the conduct occurs off the business premises; or

(b) Conduct in the course of loading and unloading the vehicle unless the conduct occurs while occupying, entering into, or alighting from it.

Motor vehicle shall not mean moped as defined in this section ***or an electric low-speed scooter as defined in Section 3 of this Act***.

(8) "Moped" means either a motorized bicycle whose frame design may include one (1) or more horizontal crossbars supporting a fuel tank so long as it also has pedals, or a motorized bicycle with a step-through type frame which may or may not have pedals rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour.

(9) "Public roadway" means a way open to the use of the public for purposes of motor vehicle travel.

(10) "Net loss" means loss less benefits or advantages, from sources other than basic and added reparation insurance, required to be subtracted from loss in calculating net loss.

(11) "Noneconomic detriment" means pain, suffering, inconvenience, physical impairment, and other nonpecuniary damages recoverable under the tort law of this Commonwealth. The term does not include punitive or exemplary damages.

(12) "Owner" means a person, other than a lienholder or secured party, who owns or has title to a motor vehicle or is entitled to the use and possession of a motor vehicle subject to a security interest held by another person. The term does not include a lessee under a lease not intended as security.

(2) "Bonds" or "negotiable bonds" means bonds, notes, variable rate bonds, commercial paper bonds, bond anticipation notes, or any other obligations for the payment of money issued by a city, county, or other authority pursuant to KRS 103.210 to 103.285.

(1) It shall be the duty of the state local debt officer to review only those projects authorized by KRS 103.200(1)(k), (l), (m), and (n), and only off-street parking facilities, cable television, and mass communication facilities

(b) Whether there is substantiating documentation to demonstrate that the project places an unjustified competitive disadvantage on existing business in the area;

(c) Whether there is substantiating documentation to demonstrate that normal commercial financing is unavailable for this project or, if available, at what rates it must be secured and under what terms and conditions;

(d) If the project is in accord with the intent of KRS 103.200 to 103.285, this section, and KRS 103.2451; and

(e) The project's economic soundness.

(2) If the committee or the state local debt officer finds that the project does not meet all of the above listed criteria, it shall deny approval of the project until the objections thereto have been met.

(3) The committee and the state local debt officer may require the submission of testimony, project data, or any other information deemed appropriate with regard to any project submitted to it for approval.

(4) The committee and the state local debt officer, within fourteen (14) days of receiving application, shall notify in writing the agency or unit of government proposing the issuance of bonds, the appropriate county judge/executive, mayor, and school superintendent, and the developers of the project of the date on which the project will be considered by the committee at a public hearing. Any person may attend the hearing and may personally, or through counsel, address the committee with regard to the project and make recommendations to the committee thereon. Notice shall be given to the agency or unit of government proposing to issue the bonds and the developers of the project not less than forty-five (45) days before the date the committee has set for the hearing on the project. The agency or unit of government proposing the issuance of the bonds shall~~[, not less than thirty (30) days before the date of the hearing,]~~ publish notice of the hearing in the manner required by KRS Chapter 424. The agency or unit of government proposing the issuance of the bonds shall require the developer of the project (if it is other than the agency or unit of government) to reimburse the agency or unit of government for the cost of the advertising required herein. A hearing officer may conduct the hearing with a proposed order to the committee or the state local debt officer.

(5) The committee and the state local debt officer shall have the right to approve or disapprove any project submitted to it, and over which it has jurisdiction as described in subsection (1) of this section, and no bonds or other evidence of indebtedness for any such project shall be issued until the project has been approved by the committee.

(6) When the revenues of the respective local government or school district are negatively impacted by the project, the committee and the state local debt officer shall require submission of a written statement of assurance that the appropriate county judge/executive, mayor, and school superintendent are in agreement with the negotiated financial arrangement. This written statement of assurance shall be used for advisory purposes.

(7) The maximum length of any bond authorization under this section shall not exceed the anticipated useful life of the building or equipment purchased or ***forty (40)***~~[thirty (30)]~~ years, whichever is shorter.

➔Section 7. KRS 424.130 is amended to read as follows:

(1) Except as otherwise provided in KRS 424.110 to 424.370 and notwithstanding any provision of existing law providing for different times or periods of publication, the times and periods of publications of advertisements required by law to be made in a newspaper shall be as follows:

(a) When an advertisement is of a completed act, such as an ordinance, resolution, regulation, order, rule, report, statement, or certificate and the purpose of the publication is not to inform the public or the members of any class of persons that they may or shall do an act or exercise a right within a designated period or upon or by a designated date, the advertisement shall be published one (1) time only and within thirty (30) days after completion of the act. However, a failure to comply with this paragraph shall not ***invalidate any ordinance or resolution or*** subject a person to any of the penalties provided by

KRS 424.990 unless such failure continues for a period of ***fifteen (15)*** ~~[ten (10)]~~ days after notice to comply has been given him by registered letter.

(b) When an advertisement is for the purpose of informing the public or the members of any class of persons that on or before a certain day they may or shall file a petition or exceptions or a remonstrance or protest or objection, or resist the granting of an application or petition, or present or file a claim, or submit a bid, the advertisement shall be published at least once, but may be published two (2) or more times, provided that one (1) publication occurs not less than seven (7) days nor more than twenty-one (21) days before the occurrence of the act or event.

(c) When an advertisement is for the purpose of informing the public and the advertisement is a notice of delinquent taxes, or notice of the sale of tax claims, the advertisement shall be published either:

1. Once a week for three (3) consecutive weeks; or

2. One (1) time, preceded by a one-half (1/2) page notice of advertisement the preceding week. The one-half (1/2) page advertisement shall include notice that a list of uncollectible delinquent taxes is also available for public inspection in accordance with KRS 424.330 during normal business hours at the business address of the city or county and on an identified Internet Web site. The advertisement shall include the business address of the city or county and the Uniform Resource Locator (URL) for the Internet Web site where the document can be viewed. The Internet Web site shall be affiliated with the city or county and contain other information about the city or county government. The delinquent tax list shall be posted on the Internet Web site for a minimum of thirty (30) days and shall be updated weekly.

The provisions of this paragraph shall not be construed to require the advertisement of notice of delinquent state taxes which are collected by the state.

(d) Any advertisement not coming within the scope of paragraph (a), (b), or (c) of this subsection, such as one for the purpose of informing the public or the members of any class of persons of the holding of an election, or of a public hearing, or of an examination, or of an opportunity for inspection, or of the due date of a tax or special assessment, shall be published at least once but may be published two (2) or more times, provided that one (1) publication occurs not less than seven (7) days nor more than twenty-one (21) days before the occurrence of the act or event, or in the case of an inspection period, the inspection period commences.

(e) If the particular statute requiring that an advertisement be published provides that the day upon or by which, or the period within which, an act may or shall be done or a right exercised, or an event may or shall take place, is to be determined by computing time for the day of publication of an advertisement, the advertisement shall be published at least once, promptly, in accordance with the statute, and the computation of time shall be from the day of initial publication.

(2) This section is not intended to supersede or affect any statute providing for notice of the fact that an adversary action in court has been commenced.

➔Section 8. KRS 66.310 is amended to read as follows:

(1) No county may issue bonds which, together with all other net indebtedness of the county plus the principal amount of any outstanding self-supporting obligations, is in excess of one-half of one percent (0.5%) of the value of the taxable property therein, as determined by the next preceding certified assessment, without having first secured the written approval of the state local debt officer. Any other bonds to be issued by any county may be submitted for approval as hereinafter provided. When the fiscal court of any county has petitioned the state local debt officer under KRS 66.320 for assistance in formulating a plan for reorganizing its debt structure, or has received the approval of any issue of county bonds voluntarily as provided in this section, all bonds thereafter issued by the county must be approved as provided in this section.

(2) Without the approval of the state local debt officer a county may not lease, as lessee, a building or public facility that has been or is to be financed at the county's request or on its behalf through the issuance of bonds by another public body or by a nonprofit corporation serving as an agency and instrumentality of the county for that purpose, unless the bonds, if issued by the county itself as its own general obligations, would be exempt under the provisions of subsection (1). If his or her approval is required, the state local debt officer shall hold a hearing for the purpose of considering the terms of the lease upon the same basis as is provided under subsections (3) and (4) of this section, and interested parties shall have the same right of appeal as is therein provided. This subsection does not apply to leases entered into before July 1, 1964, nor to renewals

thereafter of leases entered into before that date, nor to bonds referred to in this subsection if those bonds have been sold prior to that date, whether or not actually delivered to the purchaser or purchasers thereof before that date.

(3) The state local debt officer shall hold a hearing in accordance with KRS Chapter 13B for the purpose of determining whether any issue of bonds submitted to him or her for approval should be approved or disapproved. The state local debt officer shall provide notice of the hearing to the county judge/executive of the county proposing to issue bonds, and the county judge/executive shall cause a copy of that notice to be published~~[not less than twenty (20) days]~~ in advance of the date set for the hearing ***as provided in Section 7 of this Act***. Any person having a material interest in the issuance of the bonds shall have an opportunity to be heard and to present evidence at the hearing held by a hearing officer appointed by the state local debt officer. A record of the proceedings of the hearing shall be made, and the state local debt officer shall review the record and prepare a written decision approving or disapproving the issuance of the proposed bonds. The decision shall set forth the findings of fact upon which the state local debt officer bases his or her decision. On the day that the state local debt officer issues a decision, he or she shall mail a copy to the county judge/executive of the county proposing to issue the bonds and to any person who attended the hearing and requested to receive a copy of the decision.

(4) The state local debt officer shall disapprove the issuance of the proposed bonds if he or she finds that one (1) or more of the following conditions exist:

(a) The financial condition and prospects of the county do not warrant a reasonable expectation that interest and principal maturities can be met when due without seriously restricting other expenditures of the county, including the debt service on the other outstanding obligations of the county;

(b) The issue of bonds will not serve the best interests of both the county issuing the bonds and a majority of its creditors; or

(c) The bonds or the issuance thereof will be invalid.

(5) If the state local debt officer is petitioned by any county to approve the issuance of bonds to refund outstanding county bonds, and if the state local debt officer is unable to find that the bonds sought to be refunded were in their entirety validly issued, he or she shall nevertheless find that bonds may be issued validly for the purpose of refunding the bonds, in equivalent or lesser par principal amount, provided that the interest rate to be borne by the refunding bonds shall be sufficient to make possible their liquidation within their life at no greater average annual cost to the county than would be required to liquidate, within the same number of years, the portion of the outstanding indebtedness found to be valid at the interest rate borne by it before refunding.

(6) Within thirty (30) days after the date of a decision by the state local debt officer approving a county's proposal to issue bonds, any interested party or taxpayer of the county ***that presented evidence at the hearing required by subsection (3) of this section*** may appeal to the Circuit Court of the county proposing to issue the bonds. Appeal shall be taken by filing a complaint with the clerk of the court and serving a copy of the complaint upon the state local debt officer by certified mail, return receipt requested. The fiscal court and, in the case of funding or refunding bonds, the creditors whose claims or bonds are proposed to be funded or refunded, shall be made parties to the appeal. The state local debt officer shall not be named as a party to an appeal under this subsection, but shall be allowed to intervene in the appeal upon his or her motion. Summons shall be served and class representatives designated as provided in the Rules of Civil Procedure. Within thirty (30) days of receipt of the complaint, the state local debt officer shall certify and file a copy of the record of the proceedings and his or her decision with the Circuit Court.

(7) A county proposing to issue bonds may appeal a decision of the state local debt officer disapproving the issuance of the bonds by filing a complaint with the Franklin Circuit Court within thirty (30) days after the date of the decision. The state local debt officer shall be named as a defendant in an appeal under this subsection. Summons shall be issued and served as provided in the Rules of Civil Procedure. With his or her answer, the state local debt officer shall certify and file a copy of the record of the proceedings and his or her decision.

(8) Appeals to the Circuit Court shall be advanced on the docket and shall be heard and decided upon the record certified by the state local debt officer. The findings of fact of the state local debt officer shall be final if supported by any substantial evidence; however, if only the question of the validity of the bonds proposed to be funded or refunded is in issue, additional evidence relating to the validity of the bonds may be presented.

(9) An appeal may be taken from the Circuit Court to the Court of Appeals in the manner provided in the Rules of Civil Procedure.

(10) If no appeal is taken from the approval of a bond issue by the state local debt officer as provided in this section, the decision as to the legality of the bonds shall be res judicata in any subsequent case or cases raising the question of their legality.

(11) Record of the approval of bonds as provided in this section shall be made in the minutes of the next meeting of the fiscal court of the county issuing the bonds so approved, and copies of all decisions of the state local debt officer shall be filed with the Secretary of State.

(12) As used in this section, bonds means bonds and obligations.

➔Section 9. KRS 66.400 is amended to read as follows:

(1) As used in this section:

(a) "Bond" has the same meaning as in KRS 66.011 and is issued according to the provisions of KRS 66.011 to 66.191;

(b) "Lease" has the same meaning as in KRS 65.940 and is entered into under the provisions of KRS 65.940 to 65.956; and

(c) "Local government" has the same meaning as in KRS 44.001.

(2) Any taxing agency or instrumentality as defined in Chapter IX of the Federal Bankruptcy Act as amended by the Acts of Congress of August 16, 1937, Chapter 657, June 22, 1938, Chapter 575, March 4, 1940, Chapter 41, June 28, 1940, Chapter 438 and acts amendatory and supplementary thereto or acts extending the date of expiration thereof, as the same may be amended or extended from time to time, may file a petition for the composition of its debts and to do all things necessary to comply with the provisions of the Federal Bankruptcy Act. No county shall file a petition as provided in the Federal Bankruptcy Act unless the proposed plan is first approved by the state local debt officer and the state local finance officer, as defined in KRS 68.001. No changes or modifications shall be made in the plan of composition after the filing of the petition without the approval of the state local debt officer and the state local finance officer. The state local debt officer and the state local finance officer shall approve or disapprove the proposed plan of composition or any changes or modifications thereof under the same procedure and for the same reasons as bonds are approved or disapproved under KRS 66.280 to 66.390.

(3) (a) The revenues of a tax adopted:

1. According to KRS 66.111(1) for the payment of bonds shall be deemed pledged for the payment of the principal of and the premium and interest on the bonds; and

2. According to KRS 65.942(2) for the payment of a lease shall be deemed pledged for the payment of the principal and interest portions of a lease payment and any prepayment penalties on a lease;

whether or not the pledge is stated in the bonds, the lease, or in the proceedings authorizing the bonds or the lease.

(b) The holders of all bonds issued and leases entered into shall have a first lien on those tax revenues.

(c) There shall be a statutory lien on the tax revenues pledged in favor of the holders of all bonds issued and leases entered into, effective by operation of law, that shall apply to all outstanding bonds payable from taxes adopted according to KRS 66.111(1) and leases payable from taxes adopted according to KRS 65.942(2), without priority of one (1) bond or lease over another bond or lease, regardless of when the bonds were issued or the lease was entered into.

(d) No filing need be made under the Uniform Commercial Code or otherwise to perfect the lien on the tax revenues.

(e) The pledge of the tax shall constitute a sufficient appropriation, and the tax revenues shall be applied as required by the pledge, without the requirement for further appropriation.

(4) Amounts appropriated for the payment of any obligation that is subject to annual renewal, including but not limited to leases entered into under the provisions of KRS 58.010 to 58.205 or KRS 65.940 to 65.956, shall be deemed pledged for payment according to subsection (3)(a) of this section, and the holders of all

bonds issued or leases entered into shall have a first lien on those appropriations commencing on the date of the appropriation.

(5) (a) The public property of any local government, of every character and description, used for government or public purposes, is exempt from seizure by attachment, execution, or other legal process, except as provided in subsections (7) and (8) of this section.

(b) A local government's funds in the hands of its treasurer or a depository shall not be subject to garnishment or other legal process, except as provided in subsections (6), (7), and (8) of this section.

(6) (a) Except for judgments covered under KRS 65.2004, any local government against which final judgment has been rendered for a claim that is not fully covered by insurance may make a motion to the Circuit Court to enter an order for the payment of money damages, in whole or in part, through a periodic payment schedule for a period of time not to exceed ten (10) years.

(b) A court entering an order in response to a motion made by a local government under paragraph (a) of this subsection shall consider the ability of the local government to pay the judgment without a substantial disruption to the essential public services provided by the local government. The court shall consider the following factors in evaluating the motion and in setting a periodic payment schedule:

1. The funds available in the local government's current fiscal year and other funds available to the local government to pay the damages in the remainder of the local government's fiscal year during which the final judgment was entered;

2. The total revenues reasonably expected to be collected by the local government in subsequent fiscal years based upon the historical collections in previous fiscal years;

3. The total expenses of the local government in subsequent years for the costs associated with the provision of essential public services, the payment of debt service for the existing obligations of the local government, and any other expenses reasonably necessary for the efficient administration of the local government, including personnel, operation, and maintenance costs associated with existing infrastructure, and new costs which may be reasonably anticipated for the local government; and

4. If the award for damages is an amount that exceeds twenty-five percent (25%) of the total revenues collected by the local government in the immediately preceding fiscal year, the court may also consider any revenue or debt financing options that are reasonably available to the local government that could be employed to help satisfy the judgment.

(c) An order entered by the court establishing a periodic payment schedule shall specify the total amount awarded, the amount of each payment, the interval between payments, and the number of payments to be paid under the order.

(d) Any judgment paid pursuant to the periodic payment schedule established under this subsection shall bear interest accruing from the date final judgment is entered at one-half (1/2) the interest rate provided by KRS 360.040.

(e) Upon petition to the court, the court may modify a periodic payment schedule established in this subsection for good cause shown by the local government. The modification may include changes to the amount of payments, the number of payments, and the period of payments, but in no case shall an adjustment pursuant to this paragraph alter the total amount of damages to be paid, exclusive of interest, in the original order.

(7) Subject to the provisions of subsection (6) of this section, a court may enter an order providing for the attachment, execution, garnishment, or seizure by other legal process of public property, including moneys, of a local government only upon a finding that:

(a) The local government has failed to comply with an order, modified order, or judgment entered by the court as provided by subsection (6) of this section or KRS 65.2004;

(b) After a period of twenty-four (24) months, the local government did not petition the court to enter an order for the payment of money damages, in whole or in part, through a periodic payment schedule as provided by subsection (6) of this section or KRS 65.2004 and has not paid in full the total damages awarded under the judgment; or

(c) The judgment for damages was not of the type that permitted the court to enter an award of periodic damages, and the local government has failed to pay the damages due in full after the passage of twenty-four (24) months from the entry of a final judgment.

(8) (a) Any order providing for the attachment, execution, garnishment, or seizure by other legal process of public property, including moneys, of a local government shall not impair the ability of the local government to continue to provide essential services to the public, including the payment of key personnel needed for the provision of those services and those employees necessary for the collection of revenues on behalf of the local government.

(b) In making a determination as to the appropriate extent of an order under this subsection, a court shall consider but shall not be limited to the factors provided in subsection (6)(b) of this section.

(9) Nothing in this section shall:

(a) Bar the pursuit of any other remedies that exist to enforce a judgment under state law; or

(b) Prohibit a local government and a judgment creditor from entering into an agreement for the payment of damages under terms and conditions that differ from the remedies and process established under this section.

(3) This section shall not in any wise repeal, amend, affect, or apply to any existing statute exempting property from local taxation or fixing a special rate on proper classification or imposing a state tax which is declared to

be in lieu of all local taxation, nor shall it be construed to authorize a city to require any company that pays both an ad valorem tax and a franchise tax to pay a license tax.

(4) This section shall also be subject to the provisions of KRS 91.200 in cities of the first class having a sinking fund and commissioners of a sinking fund.

(5) ~~[(a) License fees on businesses, trades, occupations, or professions may not be imposed by a city with a population of less than one thousand (1,000) based upon the most recent federal decennial census at a percentage rate on salaries, wages, commissions, or other compensation earned by persons for work done or services performed within that city nor the net profits of businesses, professions, or occupations from activities conducted in that city.~~

~~(b) Notwithstanding paragraph (a) of this subsection, a city with a population of less than one thousand (1,000) based upon the most recent federal decennial census that, prior to January 1, 2014, imposed a license fee at a percentage rate on salaries, wages, commissions, or other compensation for work done or services performed within the city or on the net profits or gross receipts of businesses, professions, and occupations from activities conducted within the city may continue to impose that fee on a percentage rate.~~

~~(6) ~~]License fees or occupational taxes may not be imposed against or collected on income received by precinct workers for election training or work at election booths in state, county, and local primary, regular, or special elections.

(6) ~~[(7)]~~ License fees or occupational taxes may not be imposed against or collected on any profits, earnings, or distributions of an investment fund which would qualify under KRS 154.20-250 to 154.20-284 to the extent any profits, earnings, or distributions would not be taxable to an individual investor.

(7) ~~[(8)]~~ (a) It is the intent of the General Assembly to continue the exemption from local license fees and occupational taxes that existed on January 1, 2006, for providers of multichannel video programming services or communications services as defined in KRS 136.602 that were taxed under KRS 136.120 prior to January 1, 2006.

(b) To further this intent, license fees or occupational taxes may not be imposed against any company providing multichannel video programming services or communications services as defined in KRS 136.602. If only a portion of an entity's business is providing multichannel video programming services or communications services including products or services that are related to and provided in support of the multichannel video programming services or communications services, this exclusion applies only to that portion of the business that provides multichannel video programming services or communications services including products or services that are related to and provided in support of the multichannel video programming services or communications services.

➔Section 13. KRS 95.761 is amended to read as follows:

(1) Any city with a population equal to or greater than one thousand (1,000) but less than eight thousand (8,000) based upon the most recent federal decennial census which has now, or in which there may be hereafter established a regular police or fire department in the future, may by ordinance create a civil service commission, whose duties shall be to hold examinations as to the qualifications of applicants for employment within the police or fire departments. If a city elects to establish a civil service system for its police and fire employees under this section, then it may adopt either the provisions of this section, or KRS 95.762 ***to***~~[, 95.763, 95.764, 95.765, and]~~ 95.766, or it may adopt the provisions of KRS 90.300 to 90.420. A city meeting the population criteria of this subsection may adopt the provisions of KRS 90.300 to 90.420 for municipal employees who are not police or fire personnel.

(2) Any city ***meeting the criteria of subsection (6) of this section*** may provide a retirement system for any of its employees, including police and firefighters, pursuant to KRS 90.400 or 90.410. If a city creates a retirement system for its police and firefighters pursuant to KRS 90.400 or 90.410, it shall establish a board of trustees for that system. The provisions of KRS 90.400 and 90.410 notwithstanding, a majority of the board shall be members of the retirement system elected by the members of the retirement system, except that if there are fewer than six (6) active and retired members of the fund, the board of trustees shall be composed of the mayor, city treasurer or chief financial officer, and two (2) employees appointed by the mayor, one (1) from the city police department and one (1) from the city fire department, who shall serve for one (1) year and until their respective successors are appointed and qualified. If all of the members of the pension fund are from one (1) department, no appointment shall be made from the other department. The board of trustees shall control and manage the retirement fund, for the exclusive purposes of providing benefits to members and their

beneficiaries and defraying reasonable expenses of administering the plan. The board may contract with investment advisors or managers to perform investment services as deemed necessary and prudent by the board.

(3) A city meeting the criteria of subsection (6) of this section may adopt the provisions of KRS 79.080 or 78.510 to 78.852 for any of its employees, or either KRS 95.520 to 95.620 or KRS 95.767 to 95.784 for its police and firefighters. After adoption of the provisions of any of the statutes listed in this section, the city may not revoke, rescind or repeal these adoptions for any employee covered thereby.

(4) (a) Any of the following offices, positions, and places of employment, in the police and fire departments, may be excluded from the classified service: The chief of police, assistant chief of police, chief of firefighters and assistant chief of firefighters.

(b) Any classified employee in either department who shall accept an appointment and qualify as chief of police, assistant chief of police, chief of firefighters, or assistant chief of firefighters, shall be deemed to have received a leave of absence from the classified service for, and during the incumbency of, any of said respective positions. Should any such chief or assistant chief, cease to serve as such, the same classification and rank which he had prior to said appointment shall be restored to him.

(5) After August 1, 1988, no city shall create a new pension fund pursuant to this section other than by adopting KRS 78.510 to 78.852, or by adopting a deferred compensation program pursuant to KRS 18A.270 or a defined contribution or money purchase plan qualified under Section 401(a) of the Internal Revenue Code of 1954 as amended. Any city which adopted a pension system pursuant to this section on or prior to August 1, 1988, shall participate in the County Employees Retirement System effective August 1, 1988.

(6) As used in subsections (2) and (3) of this section, "city" means only those cities that were previously classified as cities of the fourth and fifth class under the classification system that was in effect before August 1, 1988.

(7) Notwithstanding subsection (1) of this section, no city shall adopt ***any***~~[a]~~ civil service system for any of its employees ~~[under KRS 90.300 to 90.420 or under KRS 95.761, 95.762, 95.763, 95.764, 95.765, and 95.766]~~during the months of November or December in any even-numbered year.

(8) Any city that creates a civil service commission pursuant to this section may repeal or amend the ordinance at the discretion of the city legislative body. The city legislative body shall not repeal any provisions of the ordinance governing the maintenance of a pension fund.

➔Section 14. KRS 96.045 is amended to read as follows:

(1) No municipality, in which there is located an existing electric, water or gas public utility plant or facility shall construct or cause to be constructed any similar utility plant or any similar public utility facility duplicating such existing plant or facility or to obtain or acquire any similar public utility plant or facility other than by the purchase of the existing plant or facility or by the acquisition of such existing plant or facility by the exercise of the power of eminent domain.

(2) "Municipality" means any county, city, ***and***~~[town, village and]~~ municipal corporation ~~[of any and every class]~~in the Commonwealth of Kentucky, and any board, commission or agency thereof.

(3) All laws and parts of laws in conflict herewith to the extent of such conflict are repealed.

➔Section 15. KRS 96.120 is amended to read as follows:

(1) Any city ***that owns and operates its own water or light plant*** may acquire a franchise to furnish water and light to any other city, in the same manner that any private corporation or individual may acquire such a franchise.

(2) Any city that owns and operates its own water or light plant may contract with any other city to furnish water and light to that other city. Those contracts may be entered into by the legislative bodies of the cities, and the legislative bodies are given full power to so contract in regard to the furnishing of water or light. Each contract shall be specific in its terms. Any city may pay to any other city a rental for water and light from year to year, or for a term of years.

(3) Any city may construct, lay, or maintain mains, pipes, lines, or other necessary apparatus to convey water or light from any city that owns and operates its own water or light plant, or may contract with the other city to do these things, and the other city shall have the same power. For this purpose, any city may acquire rights and rights-of-way in the same manner that private corporations or individuals may acquire rights

and rights-of-way, and may do any other things in carrying into effect the provisions of this section that any individual or corporation may do.

➔Section 16. KRS 96.189 is amended to read as follows:

(1) Any city ~~[with a population equal to or greater than eight thousand (8,000) based upon the most recent federal decennial census]~~may, pursuant to an ordinance so providing, acquire any streetcar system existing in the city, with all its appliances, or may establish and install a streetcar system, and may operate within and not more than ten (10) air miles beyond the corporate limits of the city, improve and extend a system so acquired or installed upon the terms and conditions as may be provided by ordinance and by the terms of the contract by which the system is acquired or installed. Any city ~~[meeting the population requirements of this section]~~may acquire, establish, and install a street omnibus or taxicab system, and operate it upon the terms and conditions as are prescribed by ordinance.

(2) To provide for the financing of the streetcar system or street omnibus or taxicab line, the city may issue bonds at not less than par and accrued interest, to bear interest at a rate or rates or method of determining rates as the city determines, payable at least annually, and to mature at any time not exceeding twenty (20) years after their date, and may provide for a sinking fund to meet the bonds at their maturity. No bonds shall be issued except in compliance with the general law in reference to the amount of indebtedness that may be incurred by the city, nor until after a vote is taken as required by law to authorize the incurring of indebtedness.

➔Section 17. KRS 96.200 is amended to read as follows:

Except as otherwise provided in KRS ~~[96.330 or]~~96.550 to 96.900, ~~[or,]~~the legislative body of any city may, by ordinance, provide in what manner and for what purpose any profits, earnings or surplus funds arising from the operation of any public utility owned or operated by the city may be used and expended. The ordinance may be amended or repealed from time to time. Until such an ordinance is enacted any surplus earnings shall be paid into the city treasury, to be expended for the general purposes of government in the city.

➔Section 18. KRS 107.020 is amended to read as follows:

(1) The term "governing body," as used in this chapter, means and includes the legislative body of any city, whether the same be designated by applicable statutes as a general council, a common council, a city council, a board of commissioners, or otherwise. The term "governing body," as used in KRS 107.010 to 107.220 shall include the legislative body of any county unless the context requires otherwise. The terms "municipality" and "city" as used in KRS 107.010 to 107.220 shall include county within their meaning unless the context requires otherwise.

(2) The term "ordinance" means and includes any ordinance enacted in accordance with the general laws applicable to ordinances of the class of city in question, and the form of government thereof, and in accordance with the provisions of this chapter.

(3) The term "public way" means and includes streets, boulevards, avenues, roads, lanes, alleys, parkways, courts, terraces, and other courses of travel open to the general public by whatsoever name designated.

(4) The terms "improvement" and "project" mean and include:

(a) The construction of public ways or the substantial reconstruction or widening thereof;

(b) The construction, installation, or substantial reconstruction of sanitary, storm, or combined sewers and appurtenances;

(c) The construction, enlargement or substantial reconstruction of sewage treatment plants for rendering sewage less hazardous to public health, safety, and general welfare;

(d) The construction, installation, or substantial replacement of fire hydrants ***and***~~[in cities with populations of less than twenty thousand (20,000) based upon the most recent federal decennial census,]~~ necessary water mains and appurtenances ***in any city***~~[in a city in a county containing a city of the first class or a city with a population equal to or greater than twenty thousand (20,000) based upon the most recent federal decennial census]~~; or

(e) Any combination of the same. Bonds for improvements defined in paragraphs (b), (c) and (d) of this subsection may be caused to mature as to principal in term or serial maturities not to exceed thirty (30) years from date of issue.

(5) The term "costs" as applied to any project undertaken under this chapter includes the cost of labor, materials, and equipment necessary to complete the project in a satisfactory manner, cost of land acquired, and every

expense connected with the project, including preliminary and other surveys, inspections of the work, engineers' fees and costs, attorneys' fees, preparation of plans and specifications, publication of ordinances and notices, interest which will accrue on the bonds until the due date of the first annual improvement assessment levied in connection therewith, a sum equal to any discount in the sale of the bonds (if discount bids are authorized and permitted by the governing body), a reasonable allowance for unforeseen contingencies, the printing of bonds, and other costs of financing which may include the payment of a fee to a fiscal agent for advice and assistance in the preparation and marketing of the bonds. As applied to wastewater collection projects undertaken by metropolitan sewer districts "costs" also include:

(a) The cost of inspections of work as construction progresses;

(b) Interest which will accrue on the bonds until the due date of the first annual improvement assessment if a lump sum is not paid;

(c) Capitalized interest on the bonds for a period not to exceed three (3) years;

(d) All or any portion of the debt service reserve requirement, if determination is made to finance same from bond proceeds;

(e) Payment of attorneys' fees, underwriting and fiscal agency fees, trustees' fees, rating service fees if approved by the fiscal court; and

(f) Other costs of issuance of bonds.

(6) The term "assessed value basis" means the plan for the levying of annual improvement benefit assessments on the basis of the assessed values of the benefited properties, as authorized by this chapter. As applied to wastewater collection projects undertaken by metropolitan sewer districts, "assessed value basis" means the plan for the levying of annual improvement benefit assessments upon benefited property for the benefits conferred by the construction of projects on the basis of the ad valorem assessed values (land only) of the benefited property, whether the owners pay such levies in full or on an annual basis to amortize bonds. Identical annual improvement benefit assessments upon classified zones of benefited property may also be included in this plan where determination is made by order of a metropolitan sewer district, as provided in KRS 107.030, that benefits conferred by construction of a project are substantially equal and that the assessed value (land only) of all benefited property or designated zones thereof shall therefore be deemed equal in respect of a given wastewater collection project.

(7) The term "front-foot basis" refers to the plan for financing improvements by apportioning the cost among benefited properties upon the basis of the number of linear feet thereof abutting upon the improvement project, as otherwise provided by law.

(8) The terms "property to be benefited," "properties to be benefited," "benefited property" and "benefited properties" all mean and refer to the property or properties defined in KRS 107.140. As applied to wastewater collection projects undertaken by metropolitan sewer districts, "benefited property" and "property to be benefited" mean the property (land only) proposed to be benefited by construction of a wastewater collection project instituted by a metropolitan sewer district and against which lump-sum or annual improvement benefit assessments are to be levied.

(9) "Construction" means the following services and facilities provided by a metropolitan sewer district:

(a) Preliminary planning to determine the economic and engineering feasibility of construction of wastewater collection projects, and any engineering, architectural, legal, fiscal, and economic investigations and studies necessary. Also included are all necessary surveys, designs, plans, working drawings, specifications, procedures, and other required actions incident to the construction of wastewater collection projects;

(b) The building, acquisition, installation, erection, alteration, remodeling, improvement, expansion, or extension of wastewater collection projects and any other physical devices reasonably associated with such projects;

(c) The provision of sewer collection services and facilities to benefited property although not directly financed by the issuance of bonds; and

(d) Inspection and supervision incident to the acquisition, construction, and installation of wastewater collection projects.

(10) "Debt service reserve requirement" means with respect to any particular issue of bonds for a wastewater collection project of a metropolitan sewer district, the maximum annual requirements for payment of principal of and interest on such bond issue funded either in whole or in part by application of bond proceeds or accrued by the levying of improvement benefit assessments as provided in KRS Chapters 76 and 107.

(11) "Metropolitan sewer district" means a joint metropolitan sewer district which has been duly created under KRS 76.005 to 76.210.

(12) "Order" means a formal and binding enactment of the board of a metropolitan sewer district entered in connection with the financing by such district of a wastewater collection project.

(13) "Wastewater" means any water or liquid substance containing sewage, industrial waste, or other pollutants or contaminants.

(14) "Wastewater collection project" means treatment plants and all or part of any facilities and systems of a metropolitan sewer district used in the collection, holding, or transmission of wastewater from a benefited property to wastewater treatment plants or other similar facilities for final disposition. These terms shall include, without being limited to, sanitary sewage collection lines, intercepting sewers, outfall sewers, sewer laterals, power stations and pumping stations, and other equipment and their appurtenances necessary to enable the project to fulfill its function, including land acquisition, if required, whether such project facilities are provided by funds derived from issuance of bonds or otherwise provided by a district in any manner.

(15) "Classified zone" means any portion of any construction phase of a wastewater collection project designated by a metropolitan sewer district after a determination that all property located in such zone is benefited substantially equal by such construction.

➔Section 19. KRS 107.030 is amended to read as follows:

If a municipality desires to authorize, construct, and finance an improvement pursuant to this chapter, its governing body shall initiate the proceedings by adopting an ordinance, herein called the "First Ordinance," in which announcement shall be made of the public way or ways (which need not be contiguous) proposed to be improved and the geographical limits of the proposed improvement in such manner as to identify the benefited properties or the identity of the property or properties to be benefited by the fire hydrant in ***a city***~~[cities with a population of less than twenty thousand (20,000) based upon the most recent federal decennial census]~~ or by the sewer installations (which may include a sewage treatment plant) which properties may be identified by naming the public way or ways upon which they abut, if any, or by geographical location, or both. In either case the ordinance shall recite the nature and scope of the improvement, a preliminary estimate of the costs thereof, as submitted in writing by an engineer, or firm of engineers, holding a license from the Commonwealth of Kentucky, and the amount, if any, which the city proposes to appropriate from available city funds toward the estimated cost. Any metropolitan sewer district desiring to initiate a wastewater collection project pursuant to this chapter shall, by order of its board cause a written preliminary engineering and financing report to be prepared by one (1) or more engineers, or one (1) or more firms of engineers, licensed to do business in the Commonwealth of Kentucky, or alternatively, by district personnel, for submission to the district. The preliminary engineering and financing report shall designate a geographical area in which a wastewater collection project is recommended for construction. The report shall contain a reasonable description of the project facilities proposed to be constructed, a statement as to benefits to be conferred by the proposed project, the distribution of the benefits and an estimate of the cost of the proposed project. The board of the district shall receive the preliminary engineering and financing report at a regular meeting. The board shall study and evaluate it, and by duly entered order either approve, disapprove the report as submitted, or amend and approve the report. Following approval of the preliminary engineering and financing report by the board of the metropolitan sewer district, the board shall formally initiate proceedings for the construction and financing of the proposed wastewater collection project. This announcement shall identify all benefited properties by naming the public way upon which such benefited properties abut, if any, or by geographical location, or by other appropriate description. The first ordinance shall describe the nature, scope and preliminary cost estimate of the wastewater collection project being proposed. The ordinance shall determine that each parcel of land identified as benefited property shall be afforded benefits by the projects unless specifically excluded. A public hearing shall be held in respect of the proposed wastewater collection project. In all succeeding proceedings, the city shall be bound and limited by the preliminary report of the engineer, or engineers, with regard to the nature, scope, and extent of the proposed improvement project (unless the first ordinance be amended, as hereinafter provided); but shall not be bound by, or limited to, the preliminary estimate of costs. The costs shall be determined upon the basis of construction bids publicly solicited as hereinafter provided, and shall be binding upon the city, and upon the owners of property to be benefited by the proposed improvement project, whether the same turn out to be equal to, below, or above such preliminary estimate. Architects, attorneys, consultants, engineers, and fiscal agents shall be employed after reasonable advertisement of the need for their services and with such competition as is permitted by law. In a first ordinance for a wastewater

collection project, the board of a metropolitan sewer district shall make findings of fact regarding the degree and nature of the benefit which will accrue to benefited properties by the installation of the project. If the board determines as a fact that groups of or all of the benefited properties will be affected and benefited in substantially the same manner and to substantially the same degree, the board may classify such benefited properties into one (1) or more assessment zones based upon the similarity of benefits to be derived. In such case, the board may deem all benefited properties within a particular assessment zone to be equally benefited and therefore equally treated for purposes of levying improvement benefit assessments for amortization of bonds issued to provide funds to pay the costs of the project. It is the intent of KRS Chapters 76 and 107 to vest in the board of any metropolitan sewer district undertaking a project authority to make findings of fact in order to classify properties according to benefits conferred from the construction of projects. The board may, by appropriate order, determine that identified groups of benefited properties will be benefited in substantially the same manner by a project and these properties shall be treated equally for purposes of annual improvement benefit assessment of such benefited properties. The board may rely upon any pertinent data in making such findings of fact, including the size and diameter of sanitary sewer service connections to be made available. If the board of the district determines that all properties situated within a particularly described geographic area will not receive substantially equal benefits from the project, the board shall determine in the first ordinance that such properties shall be annually assessed for benefits conferred based upon the relative assessed land valuation of each benefited property as it relates to the aggregated assessed land valuation of all benefited properties within such particularly described geographic area. Whichever basis of assessment is selected, it shall be used both initially, when land owners may pay improvement benefit assessments in a lump sum, and subsequently during each annual period in which project bonds are outstanding if a lump-sum payment is not paid. The first ordinance shall provide for a public hearing at a time and place specified therein (not less than one (1) week after publication) and shall give notice that at the hearing any owner of property to be benefited may appear and be heard as to:

(1) Whether the proposed project should be undertaken or abandoned;

(2) Whether the nature and scope of the project shall be altered;

(3) Whether the project shall be financed through the issuance of bonds according to the "assessed value basis," authorized by this chapter; or

(4) Whether the project shall be financed through assessments made and apportioned on a front-foot basis, as may otherwise be authorized by law. The first ordinance shall be published pursuant to KRS Chapter 424. The first ordinance may designate a person, who may be the mayor, a member of the governing body, or any city official, to preside at and conduct such public hearing. In the absence of a designation in the ordinance, the mayor or a person designated by the mayor shall preside. Notwithstanding the foregoing, the public hearing shall not be deemed irregular or improper if it is in fact presided over and conducted at the designated time and place by any elected city officer or member of the governing body.

➔Section 20. KRS 107.140 is amended to read as follows:

(1) (a) In the case of improvements of public ways, the benefited property shall consist of all real property abutting upon both sides of the improvement project, and the cost of improving intersections shall be included in the total costs to be assessed and apportioned, unless and to the extent the city shall appropriate, within constitutional limitations, from available funds, a definite and specified sum as a contribution thereto, or a portion of the aggregate cost, or the cost of specified portions of the improvement; provided, however, that if provisions shall be made for sidewalk improvements, as an integral part of the improvement of a "public way," as defined in subsection (3) of KRS 107.020, upon only one side of the project, the costs of the sidewalk improvement shall be ascertained and assessed separately against the property abutting upon that side only, but the governing body may provide that such assessment shall include a fair share of the over-all costs as herein defined, other than the amounts of the actual construction contracts.

(b) In the case of improvements for draining sewage, storm water, or a combination thereof, the benefited properties shall consist of all properties which are thereby afforded a means of drainage, including not only the properties which may be contiguous to the improvements, but also adjacent properties within a reasonable distance therefrom as the governing body may in the proceedings set forth.

(c) In the case of an improvement project consisting in whole or in part of a sewage treatment plant, or enlargement or substantial reconstruction of an existing sewage treatment plant, the benefited properties shall be all those properties the sewage from which is treated in such plant, including properties already provided with sewer drainage facilities as well as those properties which the improvement project will provide with such drainage facilities, but the governing body may classify properties according to the extent of benefits to be afforded to them, and may establish one (1) rate of assessment applicable to all

properties participating in the benefits of the sewage treatment installations, and an additional rate of assessment applicable to properties for which the improvement project will also provide sewer drainage facilities. In relation to wastewater collection projects constructed by metropolitan sewer districts, benefited property shall consist of all property whether improved or unimproved to which the project affords a means of discharging wastewater.

(d) The governing body may, either in the proceedings initiating an improvement project, or in subsequent proceedings, recognize the necessity or desirability in the interest of the public health, safety and general welfare, that properties other than the properties originally benefited by an improvement under paragraphs (b) or (c) of this subsection, be permitted to connect to such sewer drainage and/or treatment facilities, and may make equitable provisions which may be adjustable from year to year as bonds are retired, whereby the owners of such later-connecting properties, may, by paying charges for the privilege of connecting, and/or by assuming a share of improvement assessments, or otherwise, be placed as nearly as practicable on a basis of financial equity with the owners of properties initially provided to be assessed.

(e) The governing body may, either in the proceedings initiating an improvement project, or in subsequent proceedings, recognize the necessity or desirability in the interest of the public health, safety and general welfare that residential properties within one thousand feet (1000'), measured along paved roads, of a fire hydrant in ***a city***~~[cities with a population of less than twenty thousand (20,000) based upon the most recent federal decennial census]~~ may be assessed on the same basis as property abutting upon a street where a fire hydrant is to be installed.

(2) (a) Benefited property owned by the city or county, or owned by the United States government or any of its agencies, if such property is subject to assessment by Act of Congress, shall be assessed annually the same as private property, and the amount of the annual assessment shall be paid by the city, county, or United States government, as the case may be. The same right of action shall lie against the county as against a private owner.

(b) Benefited property owned by the state, except property the title to which is vested in the Commonwealth for the benefit of a district board of education pursuant to KRS 162.010, shall be assessed as follows: Before assessing the state, the governing body shall serve written notice on the secretary of the Finance and Administration Cabinet setting forth specific details including the estimated total amount of any improvement assessment proposed to be levied against any state property relative to any proposed improvement project. Said written notice shall be served prior to the next even-numbered-year regular session of the General Assembly so that the amount of any specific improvement assessment may be included in the biennial executive branch budget recommendation to be submitted to the General Assembly. Payment of any assessment shall be made only from funds specifically appropriated for that assessment. If an amount sufficient to pay the total amount of any assessment has been appropriated, then the total amount shall be paid; if an amount sufficient only to pay annual assessments has been appropriated, then only the amount of the annual assessment shall be paid. The amount of the assessment shall be certified by the city treasurer to the Finance and Administration Cabinet, which shall thereupon draw a warrant upon the State Treasurer, payable to the city treasurer, and the State Treasurer shall pay the same.

(c) In the case of property the title to which is vested in the Commonwealth for the benefit of a district board of education, the amount of the annual assessment shall be paid by the city or other local governmental agency or authority which undertook the improvement project.

(3) No benefited property shall be exempt from assessment.

➔Section 21. KRS 107.190 is amended to read as follows:

If the ordinances and proceedings authorized by this chapter shall encompass and include less than all of the undertakings authorized and contemplated by the definitions set forth in KRS 107.020, (i.e., a street improvement project with or without sidewalk, curb, gutter, and/or storm or surface water sewers or drains or sanitary sewers, or sewage treatment facilities or fire hydrant in ***a city***~~[cities with a population of less than twenty thousand (20,000) based upon the most recent federal decennial census]~~), the city shall not be precluded from ordaining and requiring the omitted matters and structures to be constructed at the expense of the benefited properties at any time in the future, in accordance with the provisions of this chapter, or in accordance with any other applicable laws. If the improvement project shall encompass all of the elements included in the definition of "improvement" or "project" as set forth in this chapter, the city shall not thereafter undertake any project for any part of the improvements as herein defined except (a) at the exclusive cost of the city, or (b) at the cost of the benefited properties from and after fifteen

(15) years after completion and acceptance of the project, or (c) from the proceeds of revenue bonds payable from service charges.

➔Section 22. KRS 154.1-010 is amended to read as follows:

As used in this chapter, unless the context indicates otherwise:

(1) "Agribusiness" or "agricultural business entity" means any person, partnership, limited partnership, corporation, limited liability company, or any other entity engaged in a business that processes raw agricultural products, including timber, or provides value-added functions with regard to raw agricultural products;

(2) Sheriffs may charge and collect a fee of forty dollars ($40) from any person not requesting the service of the sheriff on behalf of the Commonwealth, any of its agencies, or the Department of Kentucky State Police for the services provided in subsection (1) of this section where a percentage, commission, or reasonable fee is not otherwise allowed. If a percentage, commission, or reasonable fee is allowed, that amount shall be paid. If payment is specified from a person other than the person who requested the service, then the person specified shall be responsible for payment.

(3) Sheriffs may charge and collect a fee of twenty-five dollars ($25) for the handling of an impounded vehicle and a fee of twenty-five dollars ($25) per day for the storage of an impounded vehicle.

➔SECTION 2. A NEW SECTION OF KRS CHAPTER 70 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section, "hearing board" or "board" means a body:

(a) Established by ordinance;

(b) Empowered to conduct hearings pursuant to this section; and

(c) Composed of one (1) or more persons appointed pursuant to ordinance and any hearing officers appointed by the board.

Any actions of a hearing officer shall be deemed to be the action of the board.

(2) A sheriff may impound a motor vehicle parked, stopped, or standing upon a street or public way within its jurisdiction that is in violation of an ordinance or statute prohibiting parking, stopping, or standing in the location, manner, or at the time the vehicle is cited or for any other lawful reason.

(3) A sheriff may condition the release of an impounded motor vehicle upon the payment of the handling and storage fees imposed thereon, unless the owner or other person entitled to possession challenges the validity of the impoundment pursuant to subsection (4) of this section. A vehicle may be released to the owner or other person entitled to possession only upon proof of ownership or right to possession. The sheriff may require reasonable security, bond, or other assurances of indemnification from a person who is not the registered owner of the vehicle prior to releasing the vehicle to that person.

(4) The owner of a motor vehicle which has been impounded pursuant to this section or other person entitled to possession may challenge the validity of the impoundment and request in writing a hearing before the hearing board. The hearing shall be conducted within ten (10) business days of the date of the request, unless the owner or other person entitled to possession waives the right to the hearing or the sheriff shows good cause for the delay. The sheriff shall retain possession of the vehicle pending the hearing, unless the owner or other person claiming right of possession posts a bond in an amount equal to the fees accrued as of the date of the hearing request, or seventy-five dollars ($75), whichever is less. If the owner or person claiming possession of the vehicle is unable to pay the amount of the bond, the hearing shall be held within seventy-two (72) hours of the date the request for the hearing is received, unless that person requests or agrees to a continuance.

(5) (a) At least five (5) days prior to the date set for the hearing, the sheriff shall notify the person requesting the hearing of the date, time, and place of the hearing. In the case of a hearing required to be held within seventy-two (72) hours of the date of the request as provided in subsection (4) of this section, the person requesting the hearing shall be informed at the time of his or her request, or as soon thereafter as is practicable, of the date, time, and place of the hearing.

(b) Any person who refuses or, except for good cause, fails to appear at the date, time, and place set for the hearing shall be deemed to have conceded on that person's and owner's behalf that the impoundment was valid and reasonable.

(c) At the hearing, after consideration of the evidence, the board shall determine whether the impoundment was valid and reasonable. If the board determines the impoundment was:

1. Valid and reasonable, the board shall uphold the impoundment and condition the release of the vehicle upon payment of all fees accruing thereto. If a bond was posted as security for release of the vehicle, the bond shall be forfeited to the sheriff. Any fees in excess of the

amount of the bond posted shall be ordered to be paid by the owner of the vehicle to the sheriff; or

2. Not valid and reasonable, an order releasing the vehicle shall be entered. All fees paid or amounts posted as bond because of the impoundment of the vehicle shall be returned.

The board shall furnish the owner or person appearing on the owner's behalf with a copy of its order.

(d) The board may consider a parking citation and any other written report made under oath by the issuing officer in lieu of the officer's personal appearance at the hearing.

(e) An appeal from the hearing board's determination may be made to the District Court of the county in which the sheriff is located within seven (7) days of the board's determination. The appeal shall be initiated by the filing of a complaint and a copy of the board's order in the same manner as any civil action. The action shall be tried de novo and the burden shall be on the sheriff to establish that the impoundment was valid and reasonable. If the court finds that the impoundment was:

1. Valid and reasonable, the owner shall be ordered to pay all fees accruing thereto as of the date of judgment; or

2. Not valid and reasonable, the sheriff shall be ordered to release the vehicle, if applicable, and to return all fees paid as a result of the impoundment and the plaintiff shall be authorized to recover his or her costs.

(f) The judgment of the District Court may be appealed to the Circuit Court in accordance with the Rules of Civil Procedure.

➔Section 3. Whereas confusion exists as to whether a sheriff may charge for the storage of impounded vehicles, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

Signed by Governor March 22, 2019.

➔Section 4. KRS 262.850 is amended to read as follows:

(1) This section shall be known as "the Agricultural District and Conservation Act."

(2) It is the policy of the state to conserve, protect and to encourage development and improvement of its agricultural lands for the production of food and other agricultural products. It is also the policy of this state to conserve and protect the agricultural land base as a valuable natural resource which is both fragile and finite. The pressure imposed by urban expansion, transportation systems, water impoundments, surface mining of mineral resources, utility rights-of-way and industrial development has continually reduced the land resource base necessary to sufficiently produce food and fiber for our future needs. It is the purpose of this section to provide a means by which agricultural land may be protected and enhanced as a viable segment of the state's economy and as an important resource.

(3) The local governing administrative body for an agricultural district shall be the conservation district board of supervisors. The Soil and Water Conservation Commission shall be responsible for statewide administration of the agricultural district program and shall have sole authority to certify or deny agricultural district petitions. The commission may apply for assistance and funds from the Federal Farmland Protection Act of 1981 (Pub. L. 97-377) which may be available for the development of the agricultural district program and may accept easements as provided in KRS 65.410 to 65.480.

(4) Any owner or owners of land may submit a petition to the local conservation district board of supervisors requesting the creation of an agricultural district within the county. The petition shall include a description of the proposed area, description of each land parcel, location of the proposed boundaries, petitioners' names and addresses, adjacent landowners' names and addresses, and other pertinent information as required in the petition application. The boundary of an agricultural district shall be contiguous. No land shall be included in an agricultural district without the consent of the owner.

(5) Upon receipt of a petition, the local conservation district board of supervisors shall notify the fiscal court and any local or regional planning or zoning body, if any, by sending a copy of the petition and accompanying materials to that body.

(6) The following factors shall be considered by the local conservation district board of supervisors and the Soil and Water Conservation Commission when considering the formation of any agricultural district:

(a) The capability of the land to support agricultural production, as indicated by: soil, climate, topography or other natural factors;

(b) The viability of active farmlands, as indicated by: markets for farm products, extent and nature of farm improvements, present status of farming, anticipated trends in agricultural economic conditions and technology;

(c) That the proposed agricultural district meets the minimum size limit of two hundred fifty (250) contiguous acres, unless the local conservation district board and the Soil and Water Conservation Commission allow fewer than two hundred fifty (250) contiguous acres if the proposed area meets a minimum annual production performance established by the district board and approved by the commission;

(d) County development patterns and needs and the location of the district in relation to any urban development boundaries within the county;

(e) Any matter which may be relevant to evaluate the petition; and

(f) Whether an application is from more than one (1) farm owner, in which case a preference shall be given to the application.

(7) The local soil and water conservation district board of supervisors shall review the petition application and submit a recommendation to the Soil and Water Conservation Commission within ***one hundred (100)*** ~~[sixty (60)]~~ days of receipt. The local conservation district recommendation shall be submitted to the commission in the form of approval, approval with modifications, or denial of the petition accompanied by justification for such a denial.

(8) The Soil and Water Conservation Commission shall review the recommendation of the district board of supervisors and certify or deny the agricultural district's petition within ***one hundred (100)*** ~~[sixty (60)]~~ days of receipt.

(9) Upon the approval of a petition by the Soil and Water Conservation Commission, the commission shall notify the area development district in which the agricultural district will lie, the local county clerk, and the secretary of the Governor's Cabinet.

(10) Land within the boundary of an agricultural district shall not be annexed.

(11) The owners of land within the boundary of an agricultural district shall be exempt under KRS 74.177 from any assessment authorized for the extension of water service lines until the land is removed from the district and developed for nonagricultural use. Any member, or any successor heir of the member, of an agricultural district may withdraw from the district upon notifying the local conservation district board of supervisors in writing.

(12) It shall be the policy of all state agencies to support the formation of agricultural districts as a means of preserving Kentucky's farmlands and to mitigate the impact of their present and future plans and programs upon the continued agricultural use of land within an agricultural district.

(13) Agricultural districts shall be comprised only of agricultural land as defined in KRS 132.010.

(14) An agricultural district shall be established for five (5) years with a review to be made by the local soil and water conservation district board of supervisors at the end of the five-year period and every five (5) years thereafter. Each owner of land shall agree to remain in the district for a five (5) year period, which is renewable at the end of the five (5) years. However, the board shall make a review any time upon the written request of a local government which demonstrates that the review is necessary in order to consider development needs of the local government. The board shall consider whether the continued existence of the district is justified, any adjustments which may be necessary due to urban or county development, and other factors the board finds relevant. The board shall revise the district as necessary based on the review and subject to approval of the State Soil and Water Conservation Commission. Before the state commission takes final action, all interested parties shall be given the opportunity to request the state commission to amend or overturn the local board's decision.

(15) The withdrawal of a member from a district reducing the remaining acreage of agricultural district land to less than two hundred fifty (250) acres or resulting in the remaining land being noncontiguous shall not cause the decertification of the district.

(16) Any member of an agricultural district who has received a summons of condemnation proceedings being instituted concerning the member's land located in the district may request the local soil and water conservation district board of supervisors to hold a public hearing on the proposed taking of land. However a hearing under this section shall not be held if the petitioner in the condemnation proceeding is a utility as defined in KRS 278.010(3) and obtained a certificate of convenience and necessity as required by KRS 278.020(1).

(17) (a) The board shall notify the local property valuation administrator of the farms which belong to an agricultural district and whenever a farm is withdrawn from a district. The board shall also inform all members of a district of the right to have their land assessed by the local property valuation administrator at the land's agricultural use value and shall offer advice and assistance on obtaining such an assessment.

(b) The board shall also notify the local property valuation administrator whenever a farm is released or withdrawn from an agricultural district.

(18) The board may allow an amendment to an existing certified agricultural district if approved by the commission.

➔Section 5. KRS 262.900 is amended to read as follows:

~~[(1)]~~As used in KRS 262.900 to 262.920, unless the context clearly indicates otherwise:

(1) ~~[(a)]~~ "Agricultural conservation easement" or "easement" means an interest in land, less than fee simple, which represents the right to restrict or prevent the development or improvement of the land for purposes other than agricultural production. The easement may be granted by the owner of the fee simple to the Commonwealth or to a qualified organization described in Section 170(c) of the Internal Revenue Code. It may be granted in perpetuity, as the equivalent of the covenants running with the land***;*** ~~[.]~~

(2) ~~[(b)]~~ "Agricultural district" means a land use category created by voluntary agreement between the Commonwealth and one (1) or more landowners under Kentucky's agricultural district law, KRS 262.850, where the primary use of land is and will remain to be agriculture***;*** ~~[.]~~

(3) ~~[(c)]~~ "Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and nursery and greenhouse products, including the processing or retail marketing of these crops, livestock and livestock products, and nursery and greenhouse products, if more than fifty percent (50%) of those processed or merchandised products are produced by the farm operator, and the raising and stabling of horses for commercial purposes***;*** ~~[.]~~

(4) ~~[(d)]~~ "Applicant" means a person or qualified organization described in Section 170(c) of the Internal Revenue Code offering to sell to the PACE Corporation under the PACE Program an easement on a tract of land which is in or available for agricultural use***;*** ~~[.]~~

(5) ~~[(e)]~~ "ASCS" means the Agricultural Stabilization and Conservation Service of the United States Department of Agriculture***;*** ~~[.]~~

(6) ~~[(f)]~~ "Bargain sale" means the sale of an easement by a landowner at a price below appraised market value, when a portion of the value of the easement is donated by the landowner in a properly executed document as a charitable contribution to a qualified organization described in Section 170(c) of the Internal Revenue Code***;*** ~~[.]~~

(7) ~~[(g)]~~ "Capability class" means a group of soils that have similar characteristics when used for field crop production***;*** ~~[.]~~

(8) ~~[(h)]~~ "Comparable sales" means market sales of similar land. In locating comparable sales, first priority shall be given to parcels located in the same general vicinity. The second priority shall be given to farms located in other areas***;*** ~~[.]~~

(11) ~~[(k)]~~ "Commonwealth funds" means money appropriated to the PACE Corporation for the purchase of agricultural conservation easements***;*** ~~[.]~~

(12) ~~[(l)]~~ "Development" means the carrying out of any material change in the use or appearance of land, or dividing into two (2) or more parcels***;*** ~~[.]~~

(13) ~~[(m)]~~ "Easement value" means the value per acre as determined by a numerical point system or, if an appraisal is used, the difference between the unrestricted value of a farm and its value as restricted by an easement. 3. ***No principal who has been previously removed from a position in the district for cause may be considered for appointment as principal in that district.***

4. Personnel decisions made at the school level under the authority of subparagraphs 1. and 2. of this paragraph shall be binding on the superintendent who completes the hiring process;

5.~~[4.]~~ Applicants subsequently employed shall provide evidence that they are certified prior to assuming the duties of a position in accordance with KRS 161.020;~~[and]~~

6.~~[5.]~~ Notwithstanding other provisions of this paragraph, if the applicant is the spouse of the superintendent and the applicant meets the service requirements of KRS 160.380(2)(e), the applicant shall only be employed upon the recommendation of the principal and the approval of a majority vote of the school council; ***and***

7. Beginning with the effective date of this Act, notwithstanding the requirement that a principal be elected on a majority vote of the council in subparagraph 2. of this paragraph, if the school council is in a county school district in a county with a consolidated local government adopted under KRS Chapter 67C, then the selection of a principal shall be subject to approval by the superintendent. If the superintendent does not approve the principal selected by the council, then the superintendent may select the principal;

(i) The school council shall adopt a policy to be implemented by the principal in the following additional areas:

1. Determination of curriculum, including needs assessment, curriculum development and responsibilities under KRS 158.6453(19);
2. Assignment of all instructional and noninstructional staff time;
3. Assignment of students to classes and programs within the school;
4. Determination of the schedule of the school day and week, subject to the beginning and ending times of the school day and school calendar year as established by the local board;
5. Determination of use of school space during the school day related to improving classroom teaching and learning;
6. Planning and resolution of issues regarding instructional practices;
7. Selection and implementation of discipline and classroom management techniques as a part of a comprehensive school safety plan, including responsibilities of the student, parent, teacher, counselor, and principal;
8. Selection of extracurricular programs and determination of policies relating to student participation based on academic qualifications and attendance requirements, program evaluation, and supervision;
9. Adoption of an emergency plan as required in KRS 158.162;
10. Procedures, consistent with local school board policy, for determining alignment with state standards, technology utilization, and program appraisal; and
11. Procedures to assist the council with consultation in the selection of personnel by the principal, including but not limited to meetings, timelines, interviews, review of written applications, and review of references. Procedures shall address situations in which members of the council are not available for consultation; and

(j) Each school council shall annually review data as shown on state and local student assessments required under KRS 158.6453. The data shall include but not be limited to information on performance levels of all students tested, and information on the performance of students disaggregated by race, gender, disability, and participation in the federal free and reduced price lunch program. After completing the review of data, each school council, with the involvement of parents, faculty, and staff, shall develop and adopt a plan to ensure that each student makes progress toward meeting the goals set forth in KRS 158.645 and 158.6451(1)(b) by April 1 of each year and submit the plan to the superintendent and local board of education for review as described in KRS 160.340. The Kentucky Department of Education shall provide each school council the data needed to complete the review required by this paragraph no later than October 1 of each year. If a school does not have a council, the review shall be completed by the principal with the involvement of parents, faculty, and staff.

(3) The policies adopted by the local board to implement school-based decision making shall also address the following:

(a) School budget and administration, including: discretionary funds; activity and other school funds; funds for maintenance, supplies, and equipment; and procedures for authorizing reimbursement for training and other expenses;

(b) Assessment of individual student progress, including testing and reporting of student progress to students, parents, the school district, the community, and the state;

(c) School improvement plans, including the form and function of strategic planning and its relationship to district planning, as well as the school safety plan and requests for funding from the Center for School Safety under KRS 158.446;

(d) Professional development plans developed pursuant to KRS 156.095;

(e) Parent, citizen, and community participation including the relationship of the council with other groups;

(f) Cooperation and collaboration within the district, with other districts, and with other public and private agencies;

(g) Requirements for waiver of district policies;

(h) Requirements for record keeping by the school council; and

(i) A process for appealing a decision made by a school council.

(4) In addition to the authority granted to the school council in this section, the local board may grant to the school council any other authority permitted by law. The board shall make available liability insurance coverage for the protection of all members of the school council from liability arising in the course of pursuing their duties as members of the council.

(5) All schools shall implement school-based decision making in accordance with this section and with the policy adopted by the local board pursuant to this section. Upon favorable vote of a majority of the faculty at the school and a majority of at least twenty-five (25) voting parents of students enrolled in the school, a school meeting its goal as determined by the Department of Education pursuant to KRS 158.6455 may apply to the Kentucky Board of Education for exemption from the requirement to implement school-based decision making, and the state board shall grant the exemption. The voting by the parents on the matter of exemption from implementing school-based decision making shall be in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

(6) The Department of Education shall provide professional development activities to assist schools in implementing school-based decision making. School council members elected for the first time shall complete a minimum of six (6) clock hours of training in the process of school-based decision making, no later than thirty (30) days after the beginning of the service year for which they are elected to serve. School council members who have served on a school council at least one (1) year shall complete a minimum of three (3) clock hours of training in the process of school-based decision making no later than one hundred twenty (120) days after the beginning of the service year for which they are elected to serve. Experienced members may participate in the training for new members to fulfill their training requirement. School council training required under this subsection shall be conducted by trainers endorsed by the Department of Education. By November 1 of each year, the principal through the local superintendent shall forward to the Department of Education the names and addresses of each council member and verify that the required training has been completed. School council members elected to fill a vacancy shall complete the applicable training within thirty (30) days of their election.

(7) A school that chooses to have school-based decision making but would like to be exempt from the administrative structure set forth by this section may develop a model for implementing school-based decision making, including but not limited to a description of the membership, organization, duties, and responsibilities of a school council. The school shall submit the model through the local board of education to the commissioner of education and the Kentucky Board of Education, which shall have final authority for approval. The application for approval of the model shall show evidence that it has been developed by representatives of the parents, students, certified personnel, and the administrators of the school and that two-thirds (2/3) of the faculty have agreed to the model.

(8) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt by administrative regulation a formula by which school district funds shall be allocated to each school council. Included in the school council formula shall be an allocation for professional development that is at least sixty-five percent (65%) of the district's per pupil state allocation for professional development for each student in average daily attendance in the school. The school council shall plan professional development in compliance with requirements specified in KRS 156.095, except as provided in KRS 158.649. School councils of small schools shall be encouraged to work with other school councils to maximize professional development opportunities.

(9) (a) No board member, superintendent of schools, district employee, or member of a school council shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (i) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the Kentucky Board of Education.

(c) The Kentucky Board of Education shall conduct a hearing in accordance with KRS Chapter 13B for complaints referred by the Office of Education Accountability.

(d) If the state board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent, a member of a school council, or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

(e) Notwithstanding paragraph (d) of this subsection and KRS 7.410(2)(c), if the state board determines a violation of the confidentiality requirements set forth in subsection (2)(h)2. of this section by a school council member has occurred, the state board shall remove the member from the school council, and the member shall be permanently prohibited from serving on any school council in the district.

(10) Notwithstanding subsections (1) to (9) of this section, a school's right to establish or maintain a school-based decision making council and the powers, duties, and authority granted to a school council may be rescinded or the school council's role may be advisory if the commissioner of education or the Kentucky Board of Education takes action under KRS 160.346.

(11) Each school council of a school containing grades K-5 or any combination thereof, or if there is no school council, the principal, shall develop and implement a wellness policy that includes moderate to vigorous physical activity each day and encourages healthy choices among students. The policy may permit physical activity to be considered part of the instructional day, not to exceed thirty (30) minutes per day, or one hundred and fifty (150) minutes per week. Each school council, or if there is no school council, the principal, shall adopt an assessment tool to determine each child's level of physical activity on an annual basis. The council or principal may utilize an existing assessment program. The Kentucky Department of Education shall make available a list of available resources to carry out the provisions of this subsection. The department shall report to the Legislative Research Commission no later than November 1 of each year on how the schools are providing physical activity under this subsection and on the types of physical activity being provided. The policy developed by the school council or principal shall comply with provisions required by federal law, state law, or local board policy.

(12) Discretionary authority exercised under subsection (2)(h)2.b. of this section shall not violate provisions of any employer-employee bargained contract existing between the district and its employees.

➔Section 3. KRS 161.720 is amended to read as follows:

(1) The term "teacher" for the purpose of KRS 161.730 to 161.810 shall mean any person for whom certification is required as a basis of employment in the public schools of the state, with the exception of the superintendent.

(2) The term "year" as applied to terms of service means actual service of not less than seven (7) school months within a school year; provided, however, that any board of education may grant a leave of absence for professional advancement or military leave for active duty service with full credit for service.

(3) The term "limited contract" shall mean a contract for the employment of a teacher for a term of one (1) year only or for that portion of the school year that remains at the time of employment.

(4) The term "continuing service contract" shall mean a contract for the employment of a teacher which shall remain in full force and effect until***:***

(a) The teacher resigns or retires***;***

(b) ***The contract***~~[, or until it]~~ is terminated or suspended as provided in KRS 161.790 and 161.800***; or***

(c) ***For contracts entered into on or after July 1, 2019, the teacher begins employment in a district-level administrative position in a county school district in a county with a consolidated local government adopted under KRS Chapter 67C. For purposes of this section and KRS 161.730 to 161.810, "district-level administrative position" means an administrative position in a local school district that has administrative level-duties and responsibilities that are not limited to one (1) school in the district***.

(5) The term "continuing status" means employment of a teacher under a continuing contract.

(6) The term "standard" or "college" certificate for the purpose of KRS 161.730 to 161.810 shall mean any certificate issued upon the basis of graduation from a standard four (4) year college or completion of a local district alternative certification training program.

(7) The term "superintendent" for the purpose of KRS 161.765 shall mean the school officer appointed by a board of education under the authority of KRS 160.350 or any person authorized by law to perform the duties of that officer.

(8) The term "administrator" for the purpose of KRS 161.765 shall mean a certified employee, below the rank of superintendent, who devotes the majority of his employed time to service as a principal, assistant principal, supervisor, coordinator, director, assistant director, administrative assistant, finance officer, pupil personnel worker, guidance counselor, school psychologist, or school business administrator. The term "administrator" shall also include those assistant, associate, or deputy superintendents who do not fall within the definition of "superintendent" as set forth in subsection (7) of this section.

(9) The terms "demote" or "demotion" for the purpose of KRS 161.765 shall mean a reduction in rank from one position on the school district salary schedule to a different position on that schedule for which a lower salary is paid. The terms shall not include lateral transfers to positions of similar rank and pay or minor alterations in pay increments required by the salary schedule.

➔Section 4. KRS 161.740 is amended to read as follows:

(1) Teachers eligible for continuing service status in any school district shall be those teachers who meet qualifications listed in this section:

(a) Hold a standard or college certificate as defined in KRS 161.720 or meet the certification standards for vocational education teachers established by the Education Professional Standards Board.

(b) When a currently employed teacher is reemployed by the superintendent after teaching four (4) consecutive years in the same district, or after teaching four (4) years which shall fall within a period not to exceed six (6) years in the same district, the year of present employment included, the superintendent shall issue a written continuing contract if the teacher assumes his duties, ***except as provided in subsection (4) of this section,*** and the superintendent shall notify the board of the action taken. A limited status employee on approved military leave shall be awarded service credit for each year of military service or each year of combined military and school service within a school year toward continuing contract status. If the leave time will qualify the teacher for continuing contract status, the local district may require the teacher to complete a one (1) year probationary period upon return. If required, the local district shall notify the teacher in writing within fourteen (14) days following receipt of the military leave request. Each day served in the General Assembly by a board of education employee during a regular or extraordinary session shall be included in the computation of a year as defined in KRS 161.720(2).

(c) When a teacher has attained continuing contract status in one district and becomes employed in another district, the teacher shall retain that status***, except as provided in subsection (4) of this section***. However, a district may require a one (1) year probationary period of service in that district before granting that status. For purposes of this subsection, the continuing contract of a teacher shall not be terminated when the teacher leaves employment, all provisions of KRS 161.720 to 161.810 to the contrary notwithstanding, and the continuing service contract shall be transferred to the next school

district, under conditions set forth in this section, for a period of up to seven (7) months from the time employment in the first school district has terminated. Nothing contained herein shall be construed to give a teacher a right to reemployment in the first school district during the seven (7) month period following termination.

(d) Service credit toward a continuing contract shall begin only when a teacher is properly certified as defined in KRS 161.720(6) or, in the case of a vocational education teacher, when the required certification standards established by the Education Professional Standards Board have been met.

(2) Vocational education teachers fulfilling the requirements in subsection (1) of this section as of July 15, 1982, shall be eligible for continuing service status.

(3) Whether employed under a limited contract or continuing service contract status, any teacher or superintendent who has been or may be hereafter inducted into the Armed Forces of this country, shall at the expiration of service be reemployed or reinstated in a comparable position as of the beginning of the next school year, provided application is made at least thirty (30) days before the opening of school, unless physically or mentally incapacitated according to medical notations on official discharge papers. Vacancies created by military leaves shall be filled by teachers or superintendents employed by the board of education under a limited contract of one (1) year or less.

(4) Beginning July 1, 2019, a teacher employed in a district-level administrative position in a county school district in a county with a consolidated local government adopted under KRS Chapter 67C shall not be issued a written continuing contract. However, if a teacher had a written continuing contract prior to becoming employed in a district-level administrative position and transfers to another position in the district that is not a district-level administrative position, then the teacher shall revert to continuing service contract status. If the teacher becomes employed in another district, the teacher shall revert to continuing service contract status subject to the provisions of subsection (2)(c) of this section regarding probation and the time period for transferring a continuing service contract to another school district.

➔Section 5. KRS 161.765 is amended to read as follows:

(1) A superintendent may demote an administrator ***by complying with the requirements of KRS 161.760 when the administrator:*** ~~[who]~~

(a) Has not completed three (3) years of administrative service, not including leave granted under KRS 161.770***; or***

(b) Is in a district-level administrative position in a county school district in a county with a consolidated local government adopted under KRS Chapter 67C ~~[, by complying with the requirements of KRS 161.760]~~.

(2) ***Except for an administrator described in subsection (1)(b) of this section,*** an administrator who has completed three ***(3)*** years of administrative service, not including leave granted under KRS 161.770, cannot be demoted unless the following procedures have been complied with:

(a) The superintendent shall give written notice of the demotion to the board of education and to the administrator. If the administrator wishes to contest the demotion, he shall, within ten (10) days of receipt of the notice, file a written statement of his intent to contest with the superintendent. If the administrator does not make timely filing of his statement of intent to contest, the action shall be final.

(b) Upon receipt of the notice of intent to contest the demotion, a written statement of grounds for demotion, signed by the superintendent, shall be served on the administrator. The statement shall contain:

1. A specific and complete statement of grounds upon which the proposed demotion is based, including, where appropriate, dates, times, names, places, and circumstances;

2. The date, time, and place for a hearing, the date to be not less than twenty (20) nor more than thirty (30) days from the date of service of the statement of grounds for demotion upon the administrator.

(c) Upon receipt of the statement of grounds for demotion the administrator shall, within ten (10) days, file a written answer. Failure to file such answer, within the stated period, will relieve the board of any further obligation to hold a hearing and the action shall be final. The board shall issue subpoenas as are requested.

(d) The hearing on the demotion shall be public or private, at the discretion of the administrator and shall be limited to the matters set forth in the written statement of grounds for demotion. The board shall provide to the administrator a verbatim transcript of the hearing. The board of education shall hear the case, with the board chairman presiding. The board, upon hearing the evidence and argument presented, shall retire to private chambers to arrive at a decision. Counsel or representatives for either party in the hearing shall not be consulted by the board unless the corresponding counsel or representatives for the other party are present and unless a verbatim transcript of such consultation is made for the record.

(e) Within five (5) days from the close of the hearing, the board of education shall advise the parties of its decision and shall take official action in the case.

(f) Appeal from final board action may be taken in the same manner and under the same provisions as an appeal from tribunal action under KRS 161.790.

Signed by Governor March 25, 2019.

CHAPTER 66

(SB 256)

AN ACT relating to the Public Service Commission.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 278.020 is amended to read as follows:

(1) (a) No person, partnership, public or private corporation, or combination thereof shall commence providing utility service to or for the public or begin the construction of any plant, equipment, property, or facility for furnishing to the public any of the services enumerated in KRS 278.010, except:

1. Retail electric suppliers for service connections to electric-consuming facilities located within its certified territory***;***~~[and]~~

2. Ordinary extensions of existing systems in the usual course of business; or

3.~~[2.]~~ A water district created under KRS Chapter 74 or a water association formed under KRS Chapter 273 that undertakes a waterline extension or improvement project if the water district or water association is a Class A or B utility as defined in the uniform system of accounts established by the commission according to KRS 278.220 and:

a. The water line extension or improvement project will not cost more than five hundred thousand dollars ($500,000); or

b. The water district or water association will not, as a result of the water line extension or improvement project, incur obligations requiring commission approval as required by KRS 278.300.

In either case, the water district or water association shall not, as a result of the water line extension or improvement project, increase rates to its customers;

until that person has obtained from the Public Service Commission a certificate that public convenience and necessity require the service or construction.

(b) Upon the filing of an application for a certificate, and after any public hearing which the commission may in its discretion conduct for all interested parties, the commission may issue or refuse to issue the certificate, or issue it in part and refuse it in part, except that the commission shall not refuse or modify an application submitted under KRS 278.023 without consent by the parties to the agreement.

(c) The commission, when considering an application for a certificate to construct a base load electric generating facility, may consider the policy of the General Assembly to foster and encourage use of Kentucky coal by electric utilities serving the Commonwealth.

(d) The commission, when considering an application for a certificate to construct an electric transmission line, may consider the interstate benefits expected to be achieved by the proposed construction or modification of electric transmission facilities in the Commonwealth.

(e) Unless exercised within one (1) year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.

(2) For the purposes of this section, construction of any electric transmission line of one hundred thirty-eight (138) kilovolts or more and of more than five thousand two hundred eighty (5,280) feet in length shall not be considered an ordinary extension of an existing system in the usual course of business and shall require a certificate of public convenience and necessity. However, ordinary extensions of existing systems in the usual course of business not requiring such a certificate shall include:

(a) The replacement or upgrading of any existing electric transmission line; or

(b) The relocation of any existing electric transmission line to accommodate construction or expansion of a roadway or other transportation infrastructure; or

(c) An electric transmission line that is constructed solely to serve a single customer and that will pass over no property other than that owned by the customer to be served.

(3) Prior to granting a certificate of public convenience and necessity to construct facilities to provide the services set forth in KRS 278.010(3)(f), the commission shall require the applicant to provide a surety bond, or a reasonable guaranty that the applicant shall operate the facilities in a reasonable and reliable manner for a period of at least five (5) years. The surety bond or guaranty shall be in an amount sufficient to ensure the full and faithful performance by the applicant or its successors of the obligations and requirements of this chapter and of all applicable federal and state environmental requirements. However, no surety bond or guaranty shall be required for an applicant that is a water district or water association or for an applicant that the commission finds has sufficient assets to ensure the continuity of sewage service.

(4) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one (1) year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.

(5) No utility shall apply for or obtain any franchise, license, or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.

(6) No person shall acquire or transfer ownership of, or control, or the right to control, any utility under the jurisdiction of the commission by sale of assets, transfer of stock, or otherwise, or abandon the same, without prior approval by the commission. The commission shall grant its approval if the person acquiring the utility has the financial, technical, and managerial abilities to provide reasonable service.

(7) No individual, group, syndicate, general or limited partnership, association, corporation, joint stock company, trust, or other entity (an "acquirer"), whether or not organized under the laws of this state, shall acquire control, either directly or indirectly, of any utility furnishing utility service in this state, without having first obtained the approval of the commission. Any acquisition of control without prior authorization shall be void and of no effect. As used in this subsection, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a utility, whether through the ownership of voting securities, by effecting a change in the composition of the board of directors, by contract or otherwise. Control shall be presumed to exist if any individual or entity, directly or indirectly, owns ten percent (10%) or more of the voting securities of the utility. This presumption may be rebutted by a showing that ownership does not in fact confer control. Application for any approval or authorization shall be made to the commission in writing, verified by oath or affirmation, and be in a form and contain the information as the commission requires. The commission shall approve any proposed acquisition when it finds that the same is to be made in accordance with law, for a proper purpose and is consistent with the public interest. The commission may make investigation and hold hearings in the matter as it deems necessary, and thereafter may grant any application under this subsection in whole or in part and with modification and upon terms and conditions as it deems necessary or appropriate. The commission shall grant, modify, refuse, or prescribe

appropriate terms and conditions with respect to every such application within sixty (60) days after the filing of the application therefor, unless it is necessary, for good cause shown, to continue the application for up to sixty (60) additional days. The order continuing the application shall state fully the facts that make continuance necessary. In the absence of that action within that period of time, any proposed acquisition shall be deemed to be approved.

(8) Subsection (7) of this section shall not apply to any acquisition of control of any:

(a) Utility which derives a greater percentage of its gross revenue from business in another jurisdiction than from business in this state if the commission determines that the other jurisdiction has statutes or rules which are applicable and are being applied and which afford protection to ratepayers in this state substantially equal to that afforded such ratepayers by subsection (7) of this section;

(b) Utility by an acquirer who directly, or indirectly through one (1) or more intermediaries, controls, or is controlled by, or is under common control with, the utility, including any entity created at the direction of such utility for purposes of corporate reorganization; or

(c) Utility pursuant to the terms of any indebtedness of the utility, provided the issuance of indebtedness was approved by the commission.

(9) In a proceeding on an application filed pursuant to this section, any interested person, including a person over whose property the proposed transmission line will cross, may request intervention, and the commission shall, if requested, conduct a public hearing in the county in which the transmission line is proposed to be constructed, or, if the transmission line is proposed to be constructed in more than one county, in one of those counties. The commission shall issue its decision no later than ninety (90) days after the application is filed, unless the commission extends this period, for good cause, to one hundred twenty (120) days. The commission may utilize the provisions of KRS 278.255(3) if, in the exercise of its discretion, it deems it necessary to hire a competent, qualified and independent firm to assist it in reaching its decision. The issuance by the commission of a certificate that public convenience and necessity require the construction of an electric transmission line shall be deemed to be a determination by the commission that, as of the date of issuance, the construction of the line is a prudent investment.

(10) The commission shall not approve any application under subsection (6) or (7) of this section for the transfer of control of a utility described in KRS 278.010(3)(f) unless the commission finds, in addition to findings required by those subsections, that the person acquiring the utility has provided evidence of financial integrity to ensure the continuity of sewage service in the event that the acquirer cannot continue to provide service.

(11) The commission shall not accept for filing an application requesting authority to abandon facilities that provide services as set forth in KRS 278.010(3)(f) or to cease providing services unless the applicant has provided written notice of the filing to the following:

(a) Kentucky Division of Water;

(b) Office of the Attorney General; and

(c) The county judge/executive, mayor, health department, planning and zoning commission, and public sewage service provider of each county and each city in which the utility provides utility service.

(12) The commission may grant any application requesting authority to abandon facilities that provide services as set forth in KRS 278.010(3)(f) or to cease providing services upon terms and conditions as the commission deems necessary or appropriate, but not before holding a hearing on the application and no earlier than ninety (90) days from the date of the commission's acceptance of the application for filing, unless the commission finds it necessary for good cause to act upon the application earlier.

(13) If any provision of this section or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to that end the provisions are declared to be severable.

➔Section 2. KRS 278.183 is amended to read as follows:

(1) Notwithstanding any other provision of this chapter, effective January 1, 1993, a utility shall be entitled to the current recovery of its costs of complying with the Federal Clean Air Act as amended and those federal, state, or local environmental requirements which apply to coal combustion wastes and by-products from facilities utilized for production of energy from coal in accordance with the utility's compliance plan as designated in subsection (2) of this section. These costs shall include a reasonable return on construction and other capital expenditures and reasonable operating expenses for any plant, equipment, property, facility, or other action to

be used to comply with applicable environmental requirements set forth in this section. Operating expenses include all costs of operating and maintaining environmental facilities, income taxes, property taxes, other applicable taxes, and depreciation expenses as these expenses relate to compliance with the environmental requirements set forth in this section.

(2) Recovery of costs pursuant to subsection (1) of this section that are not already included in existing rates shall be by environmental surcharge to existing rates imposed as a positive or negative adjustment to customer bills in the second month following the month in which costs are incurred. Each utility, before initially imposing an environmental surcharge pursuant to this subsection, shall thirty (30) days in advance file a notice of intent to file said plan and subsequently submit to the commission a plan, including any application required by KRS 278.020(1), for complying with the applicable environmental requirements set forth in subsection (1) of this section. The plan shall include the utility's testimony concerning a reasonable return on compliance-related capital expenditures and a tariff addition containing the terms and conditions of a proposed surcharge as applied to individual rate classes. Within six (6) months of submittal, the commission shall conduct a hearing ***upon the request of a party, and shall, regardless of whether or not a hearing is requested*** ~~[to]~~:

(b) Establish a reasonable return on compliance-related capital expenditures; and

(c) Approve the application of the surcharge.

(3) The amount of the monthly environmental surcharge shall be filed with the commission ten (10) days before it is scheduled to go into effect, along with supporting data to justify the amount of the surcharge which shall include data and information as may be required by the commission. At six (6) month intervals, the commission shall review past operations of the environmental surcharge of each utility, and after hearing, as ordered, shall, by temporary adjustment in the surcharge, disallow any surcharge amounts found not just and reasonable and reconcile past surcharges with actual costs recoverable pursuant to subsection (1) of this section. Every two (2) years the commission shall review and evaluate past operation of the surcharge, and after hearing, as ordered, shall disallow improper expenses, and to the extent appropriate, incorporate surcharge amounts found just and reasonable into the existing base rates of each utility.

(4) The commission may employ competent, qualified independent consultants to assist the commission in its review of the utility's plan of compliance as specified in subsection (2) of this section. The cost of any consultant shall be included in the surcharge approved by the commission.

(5) The commission shall retain all jurisdiction granted by this section and KRS 278.020 to review the environmental surcharge authorized by this section and any complaints as to the amount of any environmental surcharge or the incorporation of any environmental surcharge into the existing base rate of any utility.

(c) Any communication making an actual threat of physical violence against a clearly identified or reasonably identifiable victim or an actual threat of some specific violent act may be revealed by the program in order to prevent the commission of any physical violence or violent act using the protocol established in KRS 202A.400.

(6) (a) There is hereby established in the State Treasury a restricted fund to be known as the professional and volunteer firefighters professional development and wellness program fund.

(b) The fund shall consist of moneys received from the Firefighters Foundation Program Fund established in KRS 95A.220, grants, gifts, state appropriations, and federal funds.

CHAPTER 70

(HB 382)

AN ACT relating to the Kentucky Life and Health Insurance Guaranty Association Act.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 304.42-020 is amended to read as follows:

The purpose of this subtitle is to protect the persons specified in KRS 304.42-030(1), subject to certain limitations, against failure in the performance of contractual obligations under life***,***~~[and]~~ health~~[insurance policies]~~ and annuity ***policies, plans, or*** contracts specified in KRS 304.42-030(2) because of the impairment or insolvency of the member insurer that issued the policies***, plans,*** or contracts. To provide this protection:

(1) An association of ***member*** insurers is created to pay benefits and to continue coverages as limited by this subtitle; and

(2) ***Member insurers***~~[Members]~~ of the association are subject to assessment to provide funds to carry out the purpose of this subtitle.

➔Section 2. KRS 304.42-030 is amended to read as follows:

(1) This subtitle shall provide coverage for the policies and contracts specified in subsection (2) of this section:

(a) To persons who, regardless of where they reside (except for nonresident certificate holders ***or enrollees*** under group policies or contracts), are the beneficiaries, assignees, or payees***, including health care providers rendering services covered under a health insurance policy, contract, or certificate,*** of the persons covered under paragraph (b) of this subsection.

(b) To persons who are the owners of or certificate holders ***or enrollees*** under such policies or contracts, other than structured settlement annuities, who:

1. Are residents; or

2. Are not residents, but only under the following conditions:

a. The ***member*** insurer which issued the policies or contracts is domiciled in this state;

b. The states in which the persons reside have associations similar to the association created by this subtitle; and

c. The persons are not eligible for coverage by an association in any other state due to the fact that the insurer ***or health maintenance organization*** was not licensed in the state at the time specified in the state's guaranty association law.

(c) For structured settlement annuities covered in subsection (2) of this section, paragraphs (a) and (b) of this subsection shall not apply and this subtitle shall, except as provided in paragraphs (d) and (e) of this subsection, provide coverage to a person who is a payee under a structured settlement annuity, or beneficiary of a payee if the payee is deceased, if the payee is a resident, regardless of where the contract owner resides. If the payee is not a resident, this subtitle shall provide coverage but only under both of the following conditions:

1. a. The contract owner of the structured settlement annuity is a resident; or

b. The contract owner of the structured settlement annuity is not a resident, but the insurer that issued the structured settlement annuity is domiciled in this state and the state in which the contract owner resides has an association similar to the association created by this subtitle; and

2. Neither the payee, the beneficiary, nor the contract owner is eligible for coverage by the association of the state in which the payee or contract owner resides.

(d) This subtitle shall not provide coverage to***:***

2. A person who acquires rights to receive payments through a structured settlement factoring transaction as defined in 26 U.S.C. sec. 5891(c)(3)(A), regardless of whether the transaction occurred before or after the section became effective.

(e) This subtitle is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage in this subtitle is provided coverage under the laws of any other state, the person shall not be provided coverage under this subtitle. In determining the application of the provisions of this paragraph in situations where a person could be covered by the association of more than one (1) state, whether as an owner, payee, ***enrollee,*** beneficiary, or assignee, this subtitle shall be construed in conjunction with other state laws to result in coverage by only one (1) association.

(2) (a) This subtitle shall provide coverage to the persons specified in subsection (1) of this section for ***policies and contracts of*** direct, nongroup life ***insurance***, health ***insurance***, ***which for purposes of this subtitle includes health maintenance organization subscriber contracts and certificates,*** or ***annuities***~~[annuity policies or contracts]~~ and supplemental contracts to any of these and for certificates issued under direct group policies and contracts.

(b) This subtitle shall not provide coverage for:

b. On and after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting three (3) percentage points from Moody's corporate bond yield average as most recently available;

d. Extracontractual claims; or

e. A claim for penalties or consequential or incidental damages;

10. A contractual agreement that establishes the member insurer's obligations to provide a book value accounting guaranty for defined contribution benefit plan participants by reference to a portfolio of assets that is owned by the benefit plan or its trustee which in each case is not an affiliate of the member insurer;~~[and]~~

(c) The exclusion of coverage under paragraph (b)3. of this subsection shall not apply to any portion of a policy or contract, including a rider, that provides long-term care or any other health insurance benefits.

(3) (a) The benefits that the association may become obligated to cover shall in no event exceed the lesser of the contractual obligations for which the ***member*** insurer is liable or would have been liable if it were not an impaired or insolvent insurer, or with respect to any one (1) life, regardless of the number of policies or contracts:

1. In life insurance, three hundred thousand dollars ($300,000) in death benefits, but not more than one hundred thousand dollars ($100,000) net cash surrender and net cash withdrawal values for life insurance;

2. ***For***~~[In]~~ health insurance benefits:

a. One hundred thousand dollars ($100,000) for coverages not defined as disability ***income*** insurance***,***~~[or]~~ ***health benefit plans***~~[basic hospital, medical, and surgical insurance, major medical insurance]~~, or long-term care insurance, including any net cash surrender and net cash withdrawal values;

(b) In no event shall the association be obligated to cover more than:

1. An aggregate of three hundred thousand dollars ($300,000) in benefits with respect to any one (1) life under subparagraphs 2. and 3. of paragraph (a) of this subsection, except with respect to benefits for ***health benefit plans***~~[basic hospital, medical, and surgical insurance and major medical insurance]~~ as stated in paragraph (a) of this subsection, in which case the aggregate liability of the association shall not exceed five hundred thousand dollars ($500,000) with respect to any one (1) individual; or

(c) The limitations set forth in this subsection are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under this subtitle may be met by the use of assets attributable to covered policies or reimbursed to the association in accordance with its subrogation and assignment rights.

(d) For purposes of this subtitle, benefits provided by a long-term care rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the base life insurance policy or annuity contract to which it relates.

(4) In performing its obligations to provide coverage under KRS 304.42-080, the association shall not be required to guarantee, assume, reinsure***, reissue,*** or perform, or cause to be performed, assumed, reinsured***, reissued,*** or performed, the contractual obligations of the insolvent or impaired insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract.

➔Section 5. KRS 304.42-080 is amended to read as follows:

(1) If a member insurer is an impaired insurer, the association may, in its discretion, and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer and that are approved by the commissioner:

(a) Guarantee, assume, ***reissue,*** or reinsure, or cause to be guaranteed, assumed, ***reissued,*** or reinsured, any or all of the policies or contracts of the impaired insurer; or

(b) Provide such monies, pledges, loans, notes, guarantees, or other means as are proper to effectuate paragraph (a) of this subsection and assure payment of the contractual obligations of the impaired insurer pending action under paragraph (a) of this subsection.

(2) If a member insurer is an insolvent insurer, the association shall, in its discretion, either:

(a) 1. Guarantee, assume, ***reissue,*** or reinsure, or cause to be guaranteed, assumed, ***reissued,*** or reinsured, the policies or contracts of the insolvent insurer; or

2. Assure payment of the contractual obligations of the insolvent insurer; and

3. Provide such monies, pledges, loans, notes, guarantees, or other means as are reasonably necessary to discharge such duties; or

(b) Provide benefits and coverages in accordance ***with*** the following provisions:

1. ~~[With respect to life and health insurance policies and annuities,]~~Assure payment of benefits~~[for premiums identical to the premiums and benefits (except for terms of conversion and renewability)]~~ that would have been payable under policies or contracts of the insolvent insurer, for claims incurred:

a. With respect to group policies and contracts, not later than the earlier of the next renewal date under such policies or contracts or forty-five (45) days, but in no event less than thirty (30) days, after the date on which the association becomes obligated with respect to such policies or contracts;

b. With respect to nongroup policies, contracts, and annuities not later than the earlier of the next renewal date (if any) under such policies or contracts or one (1) year, but in no event less than thirty (30) days, from the date on which the association becomes obligated with respect to such policies or contracts;

2. Make diligent efforts to provide all known insureds***, enrollees,*** or annuitants for nongroup policies and contracts, or group policy ***or contract*** owners with respect to group policies and contracts thirty (30) days' notice of the termination under subparagraph 1. of this paragraph of the benefits provided;

3. With respect to individual~~[health and life insurance]~~ policies~~[,]~~ and ***contracts***~~[annuities]~~ covered by the association, make available to each known insured***, enrollee,*** or annuitant, or owner if other than the insured***, enrollee,*** or annuitant, and with respect to an individual formerly ***an*** insured***, enrollee,*** or~~[formerly and]~~ annuitant under a group policy ***or contract*** who is not eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of subparagraph 4. of this paragraph, if the insureds***, enrollees,*** or annuitants had a right under law or the terminated policy***, contract, or annuity*** to convert coverage to individual coverage or to continue an individual policy***, contract,*** or annuity in force until a specified age or for a specified time, during which the insurer ***or health maintenance organization*** had no right unilaterally to make changes in any provision of the policy***, contract, or annuity*** or had a right only to make changes in premium by class;

4. a. In providing substitute coverage required under subparagraph 3. of this paragraph the association may offer either to reissue the terminated coverage or to issue an alternative policy ***or contract at actuarially justified rates***.

b. Alternative or reissued policies ***or contracts*** shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy ***or contract***.

c. The association may reinsure any alternative or reissued policy ***or contract***;

5. a. Alternative policies ***or contracts*** adopted by the association shall be subject to approval by the ~~[domiciliary insurance]~~ commissioner~~[or receivership court]~~. The association may adopt alternative policies ***or contracts*** of various types for future issuance without regard to any particular impairment or insolvency.

b. Alternative policies ***or contracts*** shall contain at least the minimum statutory provisions required in this state and provide benefits that shall not be unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of

rates which it shall adopt. The premium shall reflect the amount of insurance ***or coverage*** to be provided and the age and class of risk of each insured, but shall not reflect any changes in the health of the insured ***or enrollee*** after the original policy ***or contract*** was last underwritten.

c. Any alternative policy ***or contract*** issued by the association shall provide coverage of a type similar to that of the policy ***or contract*** issued by the impaired or insolvent insurer, as determined by the association;

6. If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy ***or contract***, the premium shall be ***actuarially justified and*** set by the association in accordance with the amount of insurance ***or coverage*** provided and the age and class of risk, subject to approval by the~~[domiciliary insurance]~~ commissioner~~[or by the receivership court]~~; and

7. The association's obligations with respect to coverage under any policy ***or contract*** of the impaired or insolvent insurer or under any reissued or alternative policy ***or contract*** shall cease on the date such coverage***, contract,*** or policy is replaced by another similar policy ***or contract*** by the policy ***or contract*** owner, ***enrollee,*** the insured, or the association.

(3) When proceeding under subsection (2)(b) of this section with respect to any policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with KRS 304.42-030(2)(b)3.

(4) Nonpayment of premiums within thirty-one (31) days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract for substitute coverage shall terminate the association's obligations under such policy***, contract,*** or coverage under this subtitle with respect to such policy***, contract,*** or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this subtitle.

(5) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association, and the association shall be liable for unearned premiums due to policy or contract owners arising after the entry of such order.

(6) The protection provided by this subtitle shall not apply where any guaranteed protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state.

(7) In carrying out its duties under subsection (2) of this section, the association may:

(a) Subject to approval by a court in this state, impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this subtitle are less than the amounts needed to assure full and prompt performance of the association's duties under this subtitle, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of such permanent policy or contract liens to be in the public interest; and

(b) Subject to approval by a court in this state, impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value. In addition, in the event of a temporary moratorium or moratorium charge imposed by the receivership court on payment of cash values or policy loans, or on any other right to withdraw funds held in conjunction with policies or contracts, out of the assets of the impaired or insolvent insurer, the association may defer the payment of cash values, policy loans, or other rights by the association for the period of the moratorium or moratorium charge imposed by the receivership court, except for claims covered by the association to be paid in accordance with a hardship procedure established by the liquidator or rehabilitator and approved by the receivership court.

(8) A deposit in this state, held under law or required by the commissioner for the benefit of creditors, including policy ***or contract*** owners, not turned over to the domiciliary liquidator upon the entry of a final order of liquidation or order approving a rehabilitation plan of ***a member***~~[an]~~ insurer domiciled in this state or in a reciprocal state, shall be promptly paid to the association. The association:

(a) Shall be entitled to retain a portion of any amount so paid to it equal to the percentage determined by dividing the aggregate amount of policy ***or contract*** owners' claims related to that insolvency for which

the association has provided statutory benefits by the aggregate amount of all policy ***or contract*** owners' claims in this state related to that insolvency; and

(b) Shall remit to the domiciliary receiver the amount so paid to the association and retained in accordance with paragraph (a) of this subsection. Any amount so paid to the association less the amount retained by it in accordance with paragraph (a) of this subsection shall be treated as a distribution of estate assets under KRS 304.33-440 or similar provision of the state of domicile of the impaired or insolvent insurer.

(9) If the association fails to act within a reasonable period of time with respect to an insolvent insurer as provided in subsection (2) of this section, the commissioner shall have the powers and duties of the association under this subtitle with respect to the insolvent insurer.

(10) The association may render assistance and advice to the commissioner, upon his or her request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

(11) The association shall have standing to appear or intervene before any court or agency in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under this subtitle or with jurisdiction over any person or property against whom the association may have rights through subrogation or otherwise. Such standing shall extend to all matters germane to the powers and duties of the association, including, but not limited to, proposals for reinsuring, ***reissuing,*** modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association shall also have the right to appear or intervene before a court or agency in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over any person or property against whom the association may have rights through subrogation or otherwise.

(12) (a) Any person receiving benefits under this subtitle shall be deemed to have assigned the rights under, and any causes of action against any person for losses arising under, resulting from, or otherwise relating to, the covered policy or contract to the association to the extent the benefits received because of this subtitle, whether benefits are payments of or on account of contractual obligations, continuation of coverage, or provision of substitute or alternative ***policies, contracts, or*** coverages. The association may require an assignment to it of such rights and cause of action by any payee, policy or contract owner, beneficiary, insured, ***enrollee,*** or annuitant as a condition precedent to the receipt of any right or benefits conferred by this subtitle upon such person.

(b) The subrogation rights of the association under this subsection shall have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under this subtitle.

(c) In addition to paragraphs (a) and (b) of this subsection, the association shall have all common law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer or owner, beneficiary, ***enrollee,*** or payee of a policy or contract with respect to such policy or contract, including without limitation, in the case of a structured settlement annuity, any rights of the owner, beneficiary, ***enrollee,*** or payee of the annuity, to the extent of benefits received under this subtitle against a person originally or by succession responsible for the losses arising from the personal injury relating to the annuity or payment therefor.

(d) If the preceding provisions of this subsection are invalid or ineffective with respect to any person or claim for any reason, the amount payable by the association with respect to the related covered obligations shall be reduced by the amount realized by any other person with respect to the person or claim that is attributable to the policies***, contracts,*** or portion thereof covered by the association.

(e) If the association has provided benefits with respect to a covered obligation and a person recovers amounts as to which the association has rights as described in the preceding paragraphs of this subsection, the person shall pay to the association the portion of the recovery attributable to the policies***, contracts,*** or portion thereof covered by the association.

(13) In addition to the rights and powers elsewhere in this subtitle, the association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this subtitle;

(b) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under KRS 304.42-090 and to settle claims or potential claims against it;

(c) Borrow money to effect the purposes of this subtitle; any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic ***member*** insurers and may be carried as admitted assets;

(d) Employ or retain such persons as are necessary or appropriate to handle the financial transactions of the association, and to perform such other functions as may become necessary or proper under this subtitle;

(e) Take such legal action as may be necessary or appropriate to avoid or recover payment of improper claims;

(f) Exercise, for the purposes of this subtitle and to the extent approved by the commissioner, the powers of a domestic life ***insurer,*** ~~[or]~~ health insurer, ***or health maintenance organization,*** but in no case may the association issue ~~[insurance]~~ policies or ~~[annuity]~~ contracts other than those issued to perform its obligations under this subtitle;

(g) Organize itself as a corporation or in other legal form permitted by the laws of the state;

(h) Request information from a person seeking coverage from the association in order to aid the association in determining its obligations under this subtitle with respect to the person, and the person shall promptly comply with the request; ~~[and]~~

(i) ***Unless prohibited by law, in accordance with the terms and conditions of the policy or contract, file for actuarially justified rate or premium increases for any policy or contract for which it provides coverage under this subtitle; and***

(j) Take other necessary or appropriate action to discharge its duties and obligations under this subtitle or to exercise its powers under this subtitle.

(14) The association may join an organization of one (1) or more other state associations of similar purposes, to further the purposes and administer the powers and duties of the association.

(15) (a) At any time within one (1) year after the date on which the association becomes responsible for the obligations of a member insurer, the association may elect to succeed to the rights and obligations of the member insurer that accrue on or after that date and that relate to ***policies,*** contracts***, or annuities*** covered in whole or in part by the association, under any one (1) or more indemnity reinsurance agreements entered into by the member insurer as a ceding ***member*** insurer and selected by the association. The association may not exercise any such election with respect to a reinsurance agreement if the receiver, rehabilitator, or liquidator of the member insurer has previously and expressly disaffirmed the reinsurance agreement. The election shall be effected by a notice to the receiver, rehabilitator, or liquidator and to the affected reinsurer. If the association makes an election, subparagraphs 1. to 4. of this paragraph shall apply with respect to the agreements selected by the association:

1. The association shall be responsible for all unpaid premiums due under the agreements for periods both before and after the date, and shall be responsible for the performance of all other obligations to be performed after the coverage date, in each case which relate to ***policies,*** contracts***, or annuities*** covered, in whole or in part, by the association. The association may charge ***policies,*** contracts***, or annuities*** covered in part by the association, through reasonable allocation methods, the costs for reinsurance in excess of the obligations of the association;

2. The association shall be entitled to any amounts payable by the reinsurer under the agreements with respect to losses or events that occur in periods after the coverage date and that relate to ***policies,*** contracts***, or annuities*** covered by the association, in whole or in part. Upon receipt of any such amounts the association shall be obliged to pay to the beneficiary under the policy***,*** ~~[or]~~ contract***, or annuity*** on account of which the amounts were paid a portion of the amount equal to the excess of:

   a. The amount received by the association, over

   b. The benefits paid by the association on account of the policy***,*** ~~[or]~~ contract***, or annuity*** less the retention of the impaired or insolvent member insurer applicable to the loss or event;

3. Within thirty (30) days following the association's election, the association and each indemnity reinsurer shall calculate the net balance due to or from the association under each such reinsurance agreement as of the date of the association's election ***with respect to policies,***

contracts, or annuities covered in whole or in part by the association, which calculation shall give full credit to all items paid by either the member insurer or its receiver, rehabilitator, or liquidator, or the indemnity reinsurer during the period between the coverage date and the date of the association's election. Either the association or indemnity reinsurer shall pay the net balance due the other within five (5) days of the completion of the calculation. If the receiver, rehabilitator, or liquidator has received any amounts due the association under subparagraph 2. of this paragraph, the receiver, rehabilitator, or liquidator shall remit those amounts to the association as promptly as practicable; and

4. If the association, within sixty (60) days of the election, pays the premiums due for periods both before and after the coverage date that relate to ***policies,*** contracts***, or annuities*** covered by the association in whole or in part, the ***member*** insurer shall not be entitled to terminate the reinsurance agreements insofar as the agreements relate to ***policies,*** contracts***, or annuities*** covered by the association in whole or in part and shall not be entitled to set off any unpaid premium due for periods prior to the coverage date against amounts due the association.

(b) If the association transfers its obligations to another insurer, and if the association and the other insurer agree, the other insurer shall succeed to the rights and obligations of the association under paragraph (a) of this subsection effective as of the date agreed upon by the association and the other insurer and regardless of whether the association has made the election referred to in paragraph (a) of this subsection if:

1. The indemnity reinsurance agreements automatically terminate for new reinsurance unless the indemnity reinsurer and the other ***member*** insurer agree to the contrary;

2. The obligations described in subparagraph 2. of paragraph (a) of this subsection no longer apply on and after the date the indemnity reinsurance agreement is transferred to the third party ***member*** insurer; and

3. The association has not previously expressly determined in writing that it will not exercise the election referred to in paragraph (a) of this subsection.

(c) The provisions of this subsection shall supersede the provisions of any ***state*** law~~[of this state]~~ or of any affected reinsurance agreements that provide for or require any payment of reinsurance proceeds, on account of losses or events that occur in periods after the coverage date, to the receiver, liquidator, or rehabilitator of the insolvent member insurer. The receiver, rehabilitator, or liquidator shall remain entitled to any amounts payable by the reinsurer under the reinsurance agreements with respect to losses or events that occur in periods prior to the coverage date, subject to applicable setoff provisions.

(d) Except as otherwise expressly provided in this subsection, nothing in this subsection shall alter or modify the terms and conditions of the indemnity reinsurance agreements of the insolvent member insurer. Nothing in this subsection shall abrogate or limit any rights of any reinsurer to claim that it is entitled to rescind a reinsurance agreement. Nothing in this subsection shall give a ***policyholder, contract***~~[policy]~~ owner***. enrollee, certificate holder,*** or beneficiary an independent cause of action against an indemnity reinsurer that is not otherwise set forth in the indemnity reinsurance agreement.

(16) The board of directors of the association shall have discretion and may exercise reasonable business judgment to determine the means by which the association is to provide the benefits of this subtitle in an economical and efficient manner.

(17) If the association has arranged or offered to provide the benefits of this subtitle to a covered person under a plan or arrangement that fulfills the association's obligations under this subtitle, the person shall not be entitled to benefits from the association in addition to or other than those provided under the plan or arrangement.

(18) Venue in a suit against the association under this subtitle shall be in Franklin County. The association shall not be required to give an appeal bond in an appeal that relates to a cause of action arising under this subtitle.

➔Section 6. KRS 304.42-090 is amended to read as follows:

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments shall be due not less than thirty (30) days after prior written notice to the member insurers and shall accrue interest at eight percent (8%) per annum on and after the due date.

(2) There shall be two (2) classes of assessments:

(a) Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses. Class A assessments may be authorized and called whether or not related to a particular impaired or insolvent insurer;

(b) Class B assessments shall be authorized and called to the extent necessary to carry out the powers and duties of the association under KRS 304.42-080 with regard to an impaired or insolvent insurer.

(3) (a) The amount of any Class A assessment shall be determined by the board and may be authorized and called on a pro rata or non-pro rata basis. If pro rata, the board may provide that it be credited against future Class B assessments.~~[The total of all non-pro rata assessments shall not exceed one hundred fifty dollars ($150) per member insurer in any one (1) calendar year.]~~ The amount of any Class B assessment***, except for assessments related to long-term care insurance,*** shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.

(b) ***The amount of the Class B assessment for long-term care insurance written by the impaired or insolvent insurer shall be allocated according to a methodology included in the plan of operation and approved by the commissioner. The methodology shall provide for fifty percent (50%) of the assessment to be allocated to accident and health member insurers and fifty percent (50%) to be allocated to life and annuity member insurers.***

(c) Class B assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account for the three (3) most recent calendar years for which information is available preceding the year in which the ***member*** insurer became insolvent, or in the case of assessment with respect to an impaired insurer, the three (3) most recent calendar years for which information is available preceding the year in which the ***member*** insurer became impaired, bears to such premiums received on business in this state for such calendar years by all assessed member insurers.

(d)~~[(c)]~~ Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this subtitle. Classification of assessments under subsection (2) of this section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible. The association shall notify each member insurer of its anticipated pro rata share of an authorized assessment not yet called within one hundred eighty (180) days after the assessment is authorized.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. Once the conditions that caused a deferral have been removed or rectified, the member shall pay all assessments that were deferred under a repayment plan approved by the association.

(5) (a) Subject to the provisions of paragraph (b) of this subsection, the total of all assessments authorized by the association with respect to a member insurer for each account shall not in any one (1) calendar year exceed two percent (2%) of the ***member*** insurer's average annual premiums received in this state on the policies and contracts covered by the account during the three (3) calendar years preceding the year in which the ***member*** insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any other account, does not provide in any one (1) year in any other account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this subtitle.

(b) If two (2) or more assessments are authorized in one (1) calendar year with respect to ***member*** insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in paragraph (a) of this subsection shall be equal and limited to the higher of the three (3) year average annual premiums for the applicable account as calculated under this section.

(c) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one (1) or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(d) If the maximum assessment for the life insurance account or the annuity account in one year does not provide an amount sufficient to carry out the responsibilities of the association, then pursuant to paragraph (c) of this subsection, the board shall access the other account for the necessary additional amount, subject to the maximum stated in paragraph (a) of this subsection.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each ***member*** insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses claims.

(7) It shall be proper for any member insurer, in determining its premium rates and policy owner dividends as to any kind of insurance ***or health maintenance organization business*** within the scope of this subtitle, to consider the amount reasonably necessary to meet its assessment obligations under this subtitle.

(8) The association shall issue to each ***member*** insurer paying an assessment under this subtitle, other than a Class A assessment, a certificate of contribution, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the ***member*** insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve.

(9) (a) A member insurer that wishes to protest all or part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the association. The payment shall be available to meet association obligations during the pendency of the protest or any subsequent appeal. Payment shall be accompanied by a statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest.

(b) Within sixty (60) days following the payment of an assessment under protest by a member insurer, the association shall notify the member insurer in writing of its determination with respect to the protest unless the association notifies the member insurer that additional time is required to resolve the issues raised by the protest.

(c) Within thirty (30) days after a final decision has been made, the association shall notify the protesting member insurer in writing of that final decision. Within sixty (60) days of receipt of notice of the final decision, the protesting member insurer may appeal the final action to the commissioner, in accordance with KRS 304.42-110(3).

(d) In the alternative to rendering a final decision with respect to a protest based on a question regarding the assessment base, the association may refer protests to the commissioner for a final decision, with or without a recommendation from the association.

(e) If the protest or appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member ***insurer***~~[company]~~. Interest on a refund due a protesting member ***insurer*** shall be paid at the rate actually earned by the association.

(10) The association may request information of member insurers in order to aid in the exercise of its power under this section and member insurers shall promptly comply with a request.

➔Section 7. KRS 304.42-110 is amended to read as follows:

In addition to the duties and powers enumerated elsewhere in this subtitle:

(1) The commissioner shall:

(a) Upon request of the board of directors, provide the association with a statement of the premiums in the appropriate states for each member insurer;

(b) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders, if any. The failure of the ***impaired*** insurer to promptly

comply with the demand shall not excuse the association from the performance of its powers and duties under this subtitle; and

(c) In any liquidation or rehabilitation proceeding involving a domestic ***member*** insurer, be appointed as the liquidator or rehabilitator. If a foreign or alien member insurer is subject to a liquidation proceeding in its domiciliary jurisdiction or state of entry, the commissioner may be appointed conservator.

(2) The commissioner may suspend or revoke, after notice and hearing conducted in accordance with KRS Chapter 13B, the certificate of authority ***or license*** to transact ***business***~~[insurance]~~ in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. A forfeiture shall not exceed five percent (5%) of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars ($100) per month.

(3) Any final action of the board of directors or the association may be appealed to the commissioner by any member insurer if the appeal is taken within sixty (60) days of its receipt of notice of the action being appealed. Any final order of the commissioner shall be subject to judicial review as set forth in Subtitle 2 of this chapter and KRS Chapter 13B.

(4) The liquidator, rehabilitator, or conservator of any impaired insurer may notify all interested persons of the effect of this subtitle.

➔Section 8. KRS 304.42-120 is amended to read as follows:

To aid in the detection and prevention of ***member*** insurer insolvencies or impairments:

(1) It shall be the duty of the commissioner:

(a) To notify the commissioners of all of the other states, territories of the United States and the District of Columbia when he or she takes any of the following actions against a member insurer:

1. Revocation of license;

2. Suspension of license;

3. Makes any formal order that ***the member insurer***~~[such company]~~ restrict its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policy owners***,*** ***contract owners, certificate holders,*** or creditors.

Such notice shall be mailed to all commissioners within thirty (30) days following the action taken or the date on which such action occurs;

(b) To report to the board of directors when he or she has taken any of the actions set forth in paragraph (a) of this subsection or has received a report from any other commissioner indicating that any such action has been taken in another state. Such report to the board of directors shall contain all significant details of the action taken or the report received from another commissioner;

(c) To report to the board of directors when he or she has reasonable cause to believe from any examination, whether completed or in process, of any member insurer that ***the member***~~[such]~~ insurer may be an impaired or insolvent insurer; and

(d) To furnish to the board of directors the NAIC insurance regulatory information system information developed by the National Association of Insurance Commissioners, and the board may use the information contained therein in carrying out its duties and responsibilities under this section. Such report and the information contained therein shall be kept confidential by the board of directors until such time as made public by the commissioner or other lawful authority.

(2) The commissioner may seek the advice and recommendations of the board of directors concerning any matter affecting his or her duties and responsibilities regarding the financial condition of member ***insurers***~~[companies]~~ and ***insurers or health maintenance organizations***~~[companies]~~ seeking admission to transact~~[insurance]~~ business in this state.

(3) The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation***,*** or conservation of any member insurer or germane to the solvency of any ***insurer or health maintenance organization***~~[company]~~ seeking to do~~[an~~

~~insurance]~~ business in this state. ***These***~~[Such]~~ reports and recommendations ***are confidential by law and*** shall not be considered public ***records***~~[documents]~~.

(4) The board of directors may, upon majority vote, notify the commissioner of any information indicating any member insurer may be an impaired or insolvent insurer.

(5) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of ***member*** insurer insolvencies.

➔Section 9. KRS 304.42-130 is amended to read as follows:

(1) A member insurer, other than a nonprofit hospital, medical, surgical, dental, or health service corporation, may offset its tax liability to this state imposed against it under KRS 136.320(3) and (4), 136.330, 136.340, or 136.350, whichever may be applicable, against the assessment described in subsection (8) of KRS 304.42-090 to the extent of twenty percent (20%) of the amount of the assessment for each of the five (5) calendar years following the year in which the assessment was paid. If a member insurer should cease doing business, all uncredited assessments may be credited against its tax liability for the year in which it ceases doing business.

(2) ***A member insurer that is exempt from taxes referenced in subsection (1) of this section may recoup its assessments by a surcharge on its premiums in a sum reasonably calculated to recoup the assessments over a reasonable period of time, as approved by the commissioner. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax, the medical loss ratio, or agent commission. If a member insurer collects excess surcharges, the member insurer shall remit the excess amount to the association, and the excess amount shall be applied to reduce future assessments in the appropriate account.***

(3) Any sums acquired by refund, pursuant to KRS 304.42-090(6), from the association which have theretofore been written off by contributing ***member*** insurers and offset against taxes as provided in this section, and are not then needed for purposes of this subtitle, shall be paid by the association to the commissioner and by the commissioner deposited with the State Treasurer for credit to the general fund of this state.

➔Section 10. KRS 304.42-140 is amended to read as follows:

(1) Nothing in this subtitle shall be construed to reduce the liability for unpaid assessments of the insureds on an impaired or insolvent insurer operating under a plan with assessment liability.

(2) Records shall be kept of all meetings of the board of directors to discuss the activities of the association in carrying out its powers and duties under KRS 304.42-080. The records of the association with respect to an impaired or insolvent insurer shall not be disclosed prior to the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, prior to the termination of the impairment or insolvency of the ***member*** insurer, or prior to the order of a court of competent jurisdiction. Nothing in this subsection shall limit the duty of the association to render a report of its activities under KRS 304.42-150.

(3) For the purpose of carrying out its obligations under this subtitle, the association shall be deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to subsection (8) of KRS 304.42-080. Assets of the impaired or insolvent insurer attributable to covered policies ***and contracts*** shall be used to continue all covered policies ***and contracts*** and pay all contractual obligations of the impaired or insolvent insurer as required by this subtitle. Assets attributable to covered policies ***or contracts***, as used in this subsection, is that proportion of the assets which the reserves that should have been established for ***the***~~[such]~~ policies ***or contracts*** bear to the reserves that should have been established for all policies ***or contracts or health benefit plans***~~[of insurance]~~ written by the impaired or insolvent insurer.

(4) As a creditor of the impaired or insolvent insurer as established in subsection (3) of this section and consistent with KRS 304.33-440, the association and other similar associations shall be entitled to receive a disbursement of assets out of the marshaled assets, from time to time as the assets become available to reimburse it, as a credit against contractual obligations under this subtitle. If the liquidator has not, within one hundred twenty (120) days of a final determination of insolvency of ***a member***~~[an]~~ insurer by the receivership court, made an application to the court for the approval of a proposal to disburse assets out of marshaled assets to guaranty associations having obligations because of the insolvency, then the association shall be entitled to make application to the receivership court for approval of its own proposal to disburse these assets.

(5) (a) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders***, enrollees, certificate holders, contract owners,*** and ***policy owners***~~[policyowners]~~ of the

insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such insolvent insurer. In such a determination, consideration shall be given to the welfare of the ***enrollees, certificate holders, contract owners, and*** policy owners of the continuing or successor ***member*** insurer;

(b) No distribution to stockholders, if any, of an impaired or insolvent insurer shall be made until and unless the total amount of valid claims of the association for funds expended in carrying out its powers and duties under KRS 304.42-080 with respect to ***the member***~~[such]~~ insurer have been fully recovered by the association.

(6) (a) If an order for liquidation or rehabilitation of ***a member***~~[an]~~ insurer domiciled in this state has been entered, the receiver appointed under such order shall have a right to recover on behalf of the ***member*** insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the ***member*** insurer on its capital stock, made at any time during the five (5) years preceding the petition for liquidation or rehabilitation subject to the limitations of paragraphs (b) to (d) of this subsection;

(b) No~~[such]~~ distribution shall be recoverable if the ***member*** insurer shows that when paid the distribution was lawful and reasonable, and that the ***member*** insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the ***member*** insurer to fulfill its contractual obligations;

(c) Any person who was an affiliate that controlled the ***member*** insurer at the time the distributions were paid shall be liable up to the amount of distributions he received. Any person who was an affiliate that controlled the ***member*** insurer at the time the distributions were declared, shall be liable up to the amount of distributions which would have been received if they had been paid immediately. If two (2) persons are liable with respect to the same distributions, they shall be jointly and severally liable;

(d) The maximum amount recoverable under this subsection shall be the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer;

(e) If any person liable under paragraph (c) of this subsection is insolvent, all its affiliates that controlled it at the time the dividend was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

➔Section 11. KRS 304.42-190 is amended to read as follows:

No person, including ***a member***~~[an]~~ insurer, agent, affiliate of ***a member***~~[an]~~ insurer, life settlement provider, or life settlement broker shall make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly, to be made, published, disseminated, circulated**,** or placed before the public, in any newspaper, magazine**,** or other publication, or in the form of a notice, circular, pamphlet, letter**,** or poster, or over any radio station or television station, or in any other way, any advertisement, announcement**,** or statement which uses the existence of the Insurance Guaranty Association of this state for the purpose of sales, solicitation, or inducement to purchase any form of insurance ***or other coverage*** covered by the Kentucky Life and Health Insurance Guaranty Association Act. (3) The cabinet shall review reimbursement rates paid to foster parents on a biennial basis and shall issue a report in October of each odd-numbered year to the Child Welfare Oversight and Advisory Committee established in KRS 6.943 comparing the rates paid by Kentucky to the figures presented in the Expenditures on Children by Families Annual Report prepared by the United States Department of Agriculture and the rates paid to foster parents by other states. To the extent that funding is available, reimbursement rates paid to foster parents shall be increased on an annual basis to reflect cost of living increases.

(4) The cabinet is encouraged to develop pilot projects both within the state system and in collaboration with private child caring agencies to test alternative delivery systems and nontraditional funding mechanisms.

(5) ***(a) The cabinet shall track and analyze data on relative and fictive kin caregiver placements. The data shall include but not be limited to"***

(b) By September 30, 2020, and upon request thereafter, the cabinet shall submit a report to the Governor, the Chief Justice of the Supreme Court, and the director of the Legislative Research Commission for distribution to the Child Welfare Oversight and Advisory Committee and the Interim Joint Committee on Health and Welfare and Family Services relating to the data tracking and analysis established in this subsection.[~~To the extent funds are available, the cabinet may establish a~~

~~program for kinship care, monetary provisions for relative caregivers, a guardianship assistance program under federal Title IV-E of the Social Security Act, and other relative caregiver and fictive kin services that support a safe, developmentally appropriate, and more permanent placement with a qualified relative or fictive kin for a child who would otherwise be placed in another out-of-home placement.~~

~~(6) The cabinet shall promulgate administrative regulations in accordance with KRS Chapter 13A to implement the provision of subsection (5) of this section~~].

(6) [~~(7)~~] Foster parents shall have the authority, unless the cabinet determines that the child's religion, race, ethnicity, or national origin prevents it, to make decisions regarding haircuts and hairstyles for foster children who are in their care for thirty (30) days or more.

➔Section 4. KRS 610.010 is amended to read as follows:

(1) Unless otherwise exempted by KRS Chapters 600 to 645, the juvenile session of the District Court of each county shall have exclusive jurisdiction in proceedings concerning any child living or found within the county who has not reached his or her eighteenth birthday or of any person who at the time of committing a public offense was under the age of eighteen (18) years, who allegedly has committed a public offense prior to his or her eighteenth birthday, except a motor vehicle offense involving a child sixteen (16) years of age or older. A child sixteen (16) years of age or older taken into custody upon the allegation that the child has committed a motor vehicle offense shall be treated as an adult and shall have the same conditions of release applied to him or her as an adult. A child taken into custody upon the allegation that he or she has committed a motor vehicle offense who is not released under conditions of release applicable to adults shall be held, pending his or her appearance before the District Court, in a facility as defined in KRS 15A.067. Children sixteen (16) years of age or older who are convicted of, or plead guilty to, a motor vehicle offense shall, if sentenced to a term of confinement, be placed in a facility for that period of confinement preceding their eighteenth birthday and an adult detention facility for that period of confinement subsequent to their eighteenth birthday. The term "motor vehicle offense" shall not be deemed to include the offense of stealing or converting a motor vehicle nor operating the same without the owner's consent nor any offense which constitutes a felony;

(2) Unless otherwise exempted by KRS Chapters 600 to 645, the juvenile session of the District Court of each county or the family division of the Circuit Court shall have exclusive jurisdiction in proceedings concerning any child living or found within the county who has not reached his or her eighteenth birthday and who allegedly:

(a) Is beyond the control of the school or beyond the control of parents as defined in KRS 600.020;

(b) Is an habitual truant from school;

(c) Is an habitual runaway from his or her parent or other person exercising custodial control or supervision of the child;

(d) Is dependent, neglected, or abused;

(e) Has committed an alcohol offense in violation of KRS 244.085;

(f) Has committed a tobacco offense as provided in KRS 438.305 to 438.340; or

(g) Is mentally ill.

(3) Actions brought under subsection (1) of this section shall be considered to be public offense actions.

(4) Actions brought under subsection (2)(a), (b), (c), (e), and (f) of this section shall be considered to be status offense actions.

(5) Actions brought under subsection (2)(d) of this section shall be considered to be nonoffender actions.

(6) Actions brought under subsection (2)(g) of this section shall be considered to be mental health actions.

(7) Nothing in this chapter shall deprive other courts of the jurisdiction to determine the custody or guardianship of children upon writs of habeas corpus or to determine the custody or guardianship of children when such custody or guardianship is incidental to the determination of other causes pending in such other courts; nor shall anything in this chapter affect the jurisdiction of Circuit Courts over adoptions and proceedings for termination of parental rights.

(8) The court shall have no jurisdiction to make permanent awards of custody of a child except as provided by KRS 620.027.

(9) If the court finds an emergency to exist affecting the welfare of a child, or if the child is eligible for ***the relative or fictive kin caregiver assistance*** ~~[kinship care]~~ as established in ***Section 1 of this Act*** ~~[KRS 605.120]~~, it may make temporary orders for the child's custody; however, if the case involves allegations of dependency, neglect, or abuse, no emergency removal or temporary custody orders shall be effective unless the provisions of KRS Chapter 620 are followed. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the Circuit Court awarding custody of such child, all prior orders of the juvenile session of the District Court in conflict therewith shall be deemed canceled. This section shall not work to deprive the Circuit Court of jurisdiction over cases filed in Circuit Court.

(10) The court of each county wherein a public offense, as defined in subsection (1) of this section, is committed by a child who is a resident of another county of this state shall have concurrent jurisdiction over such child with the court of the county wherein the child resides or the court of the county where the child is found. Whichever court first acquires jurisdiction of such child may proceed to final disposition of the case, or in its discretion may make an order transferring the case to the court of the county of the child's residence or the county wherein the offense was committed, as the case may be.

(11) Nothing in this chapter shall prevent the court from holding a child in contempt of court to enforce valid court orders previously issued by the court, subject to the requirements contained in KRS 610.265 and 630.080.

(12) Except as provided in KRS 635.060(4), 630.120(5), or 635.090, nothing in this chapter shall confer upon the District Court or the family division of the Circuit Court, as appropriate, jurisdiction over the actions of the Department of Juvenile Justice or the cabinet in the placement, care, or treatment of a child committed to the Department of Juvenile Justice or committed to or in the custody of the cabinet; or to require the department or the cabinet to perform, or to refrain from performing, any specific act in the placement, care, or treatment of any child committed to the department or committed to or in the custody of the cabinet.

(13) Unless precluded by KRS Chapter 635 or 640, in addition to informal adjustment, the court shall have the discretion to amend the petition to reflect jurisdiction pursuant to the proper chapter of the Kentucky Unified Juvenile Code.

(14) The court shall have continuing jurisdiction over a child pursuant to subsection (1) of this section, to review dispositional orders, and to conduct permanency hearings under 42 U.S.C. sec. 675(5)(c) until the child is placed for adoption, returned home to his or her parents with all the court imposed conditions terminated, completes a disposition pursuant to KRS 635.060, or reaches the age of eighteen (18) years.

Signed by Governor March 25, 2019.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 11A.040 is amended to read as follows:

(1) A public servant, in order to further his own economic interests, or those of any other person, shall not knowingly disclose or use confidential information acquired in the course of his official duties.

This provision shall not apply to a contract, purchase, or good faith negotiation made under KRS Chapter 416 relating to eminent domain or to agreements that may directly or indirectly involve public funds disbursed through entitlement programs. This provision shall not apply to purchases from a state agency that are available on the same terms to the general public or that are made at public auction. This provision shall not apply to former officers of the Department of Public Advocacy whose continued representation of clients is necessary in order to prevent an adverse effect on the client.

(7) A present or former officer or public servant listed in KRS 11A.010(9)(a) to (g) shall not, within ***one (1) year*** ~~[six (6) months]~~ following termination of his office or employment, accept employment, compensation, or other economic benefit from any person or business that contracts or does business with, or is regulated by, the state in matters in which he was directly involved during the last thirty-six (36) months of his tenure. This provision shall not prohibit an individual from returning to the same business, firm, occupation, or profession in which he was involved prior to taking office or beginning his term of employment, or for which he received, prior to his state employment, a professional degree or license, provided that, for a period of ***one (1) year*** ~~[six (6) months]~~, he personally refrains from working on any matter in which he was directly involved during the last thirty-six (36) months of his tenure in state government. (b) The date the term of office expires to which the public servant was elected.

(b) The date the term of office expires to which the public servant was elected.

(10) Without the approval of his appointing authority, a public servant shall not accept outside employment from any person or business that does business with or is regulated by the state agency for which the public servant works or which he supervises, unless the outside employer's relationship with the state agency is limited to the receipt of entitlement funds.

(a) The appointing authority shall review administrative regulations established under KRS Chapter 11A when deciding whether to approve outside employment for a public servant.

The registration card shall be valid from the date of its issuance through the thirty-first day of July of the following year.

(7) The commission shall review each registration statement filed with the commission under this section to determine if the statement contains all of the required information. If the commission determines the registration statement does not contain all of the required information or that an executive agency lobbyist, employer, or real party in interest has failed to file a registration statement, the commission shall send written notification of the deficiency by certified mail to the person who filed the registration statement or to the person who failed to file the registration statement regarding the failure. Any person so notified by the commission shall, not later than fifteen (15) days after receiving the notice, file a registration statement or an amended registration statement that includes all of the required information. If any person who receives a notice under this subsection fails to file a registration statement or an amended registration statement within the fifteen (15) day period, the commission may initiate an investigation of the person's failure to file. If the commission initiates an investigation pursuant to this section, the commission shall also notify each elected executive official and the secretary of each cabinet listed in KRS 12.250 of the pending investigation.

CHAPTER 77

(SB 22)

AN ACT relating to the Interstate Medical Licensure Compact.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔SECTION 1. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

The Interstate Medical Licensure Compact is hereby enacted and entered into with all other jurisdictions that legally join in the Compact, which is, in form, substantially as follows:

ARTICLE I

PURPOSE

In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards and provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The Compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. The Compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at

the time of the physician-patient encounter and therefore requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the Compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the Compact.

ARTICLE II

(12) "Offense" means a felony, gross misdemeanor, or crime of moral turpitude.

(13) "Rule" means a written statement by the Interstate Commission promulgated pursuant to Article XII of the Compact that is of general applicability, implements, interprets, or prescribes a policy or provision of the Compact, or an organizational, procedural, or practice requirement of the Interstate Commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule.

(14) "State" means any state, commonwealth, district, or territory of the United States.

(15) "State of principal license" means a member state where a physician holds a license to practice medicine and which has been designated as such by the physician for purposes of registration and participation in the Compact.

(a) Static qualifications, which include verification of medical education, graduate medical education, results of any medical or licensing examination, and other qualifications as determined by the Interstate Commission through rule, shall not be subject to additional primary source verification where already primary source verified by the state of principal license.

(b) The member board within the state selected as the state of principal license shall, in the course of verifying eligibility, perform a criminal background check of an applicant, including the use of the results of fingerprint or other biometric data checks compliant with the requirements of the Federal Bureau of Investigation, with the exception of federal employees who have suitability determination in accordance with 5 C.F.R. sec. 731.202.

(4) After receiving verification of eligibility under subsection (2) and any fees under subsection (3), a member board shall issue an expedited license to the physician. This license shall authorize the physician to practice medicine in the issuing state consistent with the Medical Practice Act and all applicable laws and regulations of the issuing member board and member state.

(5) An expedited license shall be valid for a period consistent with the licensure period in the member state and in the same manner as required for other physicians holding a full and unrestricted license within the member state.

(6) An expedited license obtained through the Compact shall be terminated if a physician fails to maintain a license in the state of principal licensure for a nondisciplinary reason, without redesignation of a new state of principal licensure.

(7) The Interstate Commission is authorized to develop rules regarding the application process, including payment of any applicable fees, and the issuance of an expedited license.

ARTICLE VI

(2) If a license granted to a physician by the member board in the state of principal license is revoked, surrendered or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician's license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the Medical Practice Act of that state.

(3) If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matter of law and fact decided, and:

(a) Impose the same or lesser sanctions against the physician so long as such sanctions are consistent with the Medical Practice Act of that state; or

(b) Pursue separate disciplinary action against the physician under its respective Medical Practice Act, regardless of the action taken in other member states.

(4) If a license granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any licenses issued to the physician by any other member boards shall be suspended, automatically and immediately without further action necessary by the other member boards, for ninety (90) days upon entry of the order by the disciplining board, to permit the member boards to investigate the basis for the action under the Medical Practice Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the ninety (90) day suspension period in a manner consistent with the Medical Practice Act of that state.

ARTICLE XI

The total assessment shall be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

(2) The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same.

(3) The Interstate Commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state.

(4) The Interstate Commission shall be subject to a yearly financial audit conducted by a certified or licensed public accountant and the report of the audit shall be included in the annual report of the Interstate Commission.

ARTICLE XIV

ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

(1) The Interstate Commission shall, by a majority of commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the Compact within twelve (12) months of the first Interstate Commission meeting.

(2) The Interstate Commission shall elect or appoint annually from among its commissioners a chairperson, a vice chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson, or in the chairperson's absence or disability, the vice chairperson, shall preside at all meetings of the Interstate Commission.

(3) Officers selected in subsection (2) shall serve without remuneration from the Interstate Commission.

(4) The officers and employees of the Interstate Commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities, provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(a) The liability of the executive director and employees of the Interstate Commission or representatives of the Interstate Commission, acting within the scope of their employment or duties for acts, errors, or omissions occurring within their state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(b) The Interstate Commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

(c) To the extent not covered by the state involved, member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

ARTICLE XV

RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

(1) The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

(2) Rules deemed appropriate for the operations of the Interstate Commission shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act" of 2010, and subsequent amendments thereto.

(3) Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the Interstate Commission.

ARTICLE XVI

OVERSIGHT OF INTERSTATE COMPACT

(1) The executive, legislative, and judicial branches of state government in each member state shall enforce the Compact and shall take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of the Compact and the rules promulgated hereunder shall have standing as statutory law but shall not override existing state authority to regulate the practice of medicine.

(2) All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the Compact which may affect the powers, responsibilities or actions of the Interstate Commission.

(3) The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, the Compact, or promulgated rules.

ARTICLE XVII

ENFORCEMENT OF INTERSTATE COMPACT

(1) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the Compact.

(2) The Interstate Commission may, by majority vote of the commissioners, initiate legal action in the United States District Court for the District of Columbia, or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the Compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XVIII

DEFAULT PROCEDURES

(1) The grounds for default include, but are not limited to, failure of a member state to perform such obligations or responsibilities imposed upon it by the Compact, or the rules and bylaws of the Interstate Commission promulgated under the Compact.

(2) If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the Compact, or the bylaws or promulgated rules, the Interstate Commission shall:

(a) Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default, and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default; and

(b) Provide remedial training and specific technical assistance regarding the default.

(3) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the commissioners and all rights, privileges, and benefits conferred by the Compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(4) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(5) The Interstate Commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.

(6) The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.

(7) The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the Compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

(8) The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

ARTICLE XIX

DISPUTE RESOLUTION

ARTICLE XX

MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

(1) Any state is eligible to become a member state of the Compact.

(2) The Compact shall become effective and binding upon legislative enactment of the Compact into law by no less than seven (7) states. Thereafter, it shall become effective and binding on a state upon enactment of the Compact into law by that state.

(3) The governors of nonmember states, or their designees, shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the Compact by all states.

(4) The Interstate Commission may propose amendments to the Compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XXI

WITHDRAWAL

(1) Once effective, the Compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the Compact by specifically repealing the statute which enacted the Compact into law.

(2) Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

(3) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing the Compact in the withdrawing state.

(4) The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt of notice provided under subsection (3).

(5) The withdrawing state is responsible for all dues, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(6) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Interstate Commission.

(7) The Interstate Commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

ARTICLE XXII

DISSOLUTION

(1) The Compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the Compact to one (1) member state.

(2) Upon the dissolution of the Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XXIII

SEVERABILITY AND CONSTRUCTION

(1) The provisions of the Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(2) The provisions of the Compact shall be liberally construed to effectuate its purposes.

(3) Nothing in the Compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XXIV

BINDING EFFECT OF COMPACT AND OTHER LAWS

(1) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

(2) All laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

(3) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

(4) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(5) In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

CHAPTER 79

(HB 26)

AN ACT relating to procurement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 45A.385 is amended to read as follows:

The local public agency may use small purchase procedures for any contract for which a determination is made that the aggregate amount of the contract does not exceed ***thirty thousand*** ~~[twenty thousand]~~ dollars ***($30,000)*** ~~[($20,000)]~~ if small purchase procedures are in writing and available to the public.

➔Section 2. KRS 45A.430 is amended to read as follows:

(1) Bidder security shall be required for all competitive sealed bidding for construction contracts when the price is estimated by the local public agency to exceed ***one hundred thousand*** ~~[twenty-five thousand]~~ dollars ***($100,000)*** ~~[($25,000)]~~. Bidder's security shall be a bond provided by a surety company authorized to do business in this Commonwealth, or the equivalent in cash, in a form satisfactory to the local public agency. Nothing herein prevents the requirement of such bonds on construction contracts under ***one hundred thousand*** ~~[twenty-five thousand]~~ dollars ***($100,000)*** ~~[($25,000)]~~ when the circumstances warrant.

(2) Bidder's security shall be in an amount equal to at least five percent (5%) of the amount of the bid.

(3) When the invitation for bids requires that bidder security be provided, noncompliance requires that the bid be rejected, provided, however, that the local public agency may set forth by regulation exceptions to this requirement in the event of substantial compliance.

(4) After the bids are opened, they shall be irrevocable for the period specified in the invitation for bids, provided that, if a bidder is permitted to withdraw his bid before award because of a mistake in the bid as allowed by law or regulation, no action shall be had against the bidder or the bidder's security.

➔Section 3. KRS 45A.435 is amended to read as follows:

(1) When a construction contract is awarded in an amount in excess of ***one hundred thousand***~~[twenty-five thousand]~~ dollars ***($100,000)***~~[($25,000)]~~, the following bonds shall be furnished to the local public agency, and shall become binding on the parties upon the award of the contract:

(a) A performance bond satisfactory to the local public agency executed by a surety company authorized to do business in this Commonwealth, or otherwise supplied, satisfactory to the local public agency, in an amount equal to one hundred percent (100%) of the contract price as it may be increased; and

(b) A payment bond satisfactory to the local public agency, executed by a surety company authorized to do business in this Commonwealth, or otherwise supplied, satisfactory to the local public agency, for the protection of all persons supplying labor and material to the contractor or his subcontractors for the performance of the work provided for in the contract. The bond shall be in an amount equal to one hundred percent (100%) of the original contract price.

(2) Nothing in this section shall be construed to limit the authority of the local public agency to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in subsection (1) of this section, including, but not limited to, bonds for the payment of taxes and unemployment insurance premiums.

➔Section 4. KRS 424.260 is amended to read as follows:

(1) Except where a statute specifically fixes a larger sum as the minimum for a requirement of advertisement for bids, no city, county, or district, or board or commission of a city or county, or sheriff or county clerk, may make a contract, lease, or other agreement for materials, supplies except perishable meat, fish, and vegetables, equipment, or for contractual services other than professional, involving an expenditure of more than ***thirty thousand***~~[twenty thousand]~~ dollars ***($30,000)***~~[($20,000)]~~ without first making newspaper advertisement for bids. This subsection shall not apply to the transfer of property between governmental agencies as authorized in KRS 82.083(4)(a).

(2) If the fiscal court requires that the sheriff or county clerk advertise for bids on expenditures of less than ***thirty thousand***~~[twenty thousand]~~ dollars ***($30,000)***~~[($20,000)]~~, the fiscal court requirement shall prevail.

(3) (a) Nothing in this statute shall limit or restrict the ability of a local school district to acquire supplies and equipment outside of the bidding procedure if those supplies and equipment meet the specifications of the contracts awarded by the Office of Material and Procurement Services in the Office of the Controller within the Finance and Administration Cabinet or a federal, local, or cooperative agency and are available for purchase elsewhere at a lower price. A board of education may purchase those supplies and equipment without advertising for bids if, prior to making the purchases, the board of education obtains certification from the district's finance or purchasing officer that the items to be purchased meet the standards and specifications fixed by state price contract, federal (GSA) price contract, or the bid of another school district whose bid specifications allow other districts to utilize their bids, and that the sales price is lower than that established by the various price contract agreements or available through the bid of another school district whose bid specifications would allow the district to utilize their bid.

(b) The procedures set forth in paragraph (a) of this subsection shall not be available to the district for any specific item once the bidding procedure has been initiated by an invitation to bid and a publication of specifications for that specific item has been published. In the event that all bids are rejected, the district may again avail itself of the provisions of paragraph (a) of this subsection.

(4) This requirement shall not apply in an emergency if the chief executive officer of the city, county, or district has duly certified that an emergency exists, and has filed a copy of the certificate with the chief financial officer of the city, county, or district, or if the sheriff or the county clerk has certified that an emergency exists, and has filed a copy of the certificate with the clerk of the court where his necessary office expenses are fixed pursuant to KRS 64.345 or 64.530, or if the superintendent of the board of education has duly certified that an emergency exists, and has filed a copy of the certificate with the chief state school officer.

(5) The provisions of subsection (1) of this section shall not apply for the purchase of wholesale electric power for resale to the ultimate customers of a municipal utility organized under KRS 96.550 to 96.900.

Signed by Governor March 25, 2019.

The applicant shall pay fees to the county clerk for filing the assurance and administering the oath as set forth in KRS 64.012.

(5) The assurance required by this section shall be in the amount of one thousand dollars ($1,000) and shall be issued by a surety or other entity licensed or authorized to do business in this state. 2. Any obligations the applicant or licensee may contract for with producers, depositors, or other persons placing grains in the applicant's or licensee's facilities, from the effective date of the bond and thereafter, regardless of whether or not the applicant's or licensee's facility remains the subject of a valid license;

(e) Be filed with and remain in possession of the department until it is released, canceled, or discharged as provided for by the terms of this chapter and any administrative regulations promulgated under it;

(f) Be kept in force at all times while the licensee is operating as a grain warehouse operator or grain dealer. Failure to keep the bond or other security in force shall be cause for revocation of the license, and shall subject the licensee to criminal penalties set forth in Section 25 of this Act; and

(g) Contain a provision stating that it may not be canceled by any party, except upon ninety (90) days' notice in writing to the department. A notice of cancellation shall not affect any liability accrued before the expiration of the notice period.

(7) The amount of the security required by subsection (1) of this section shall be in a principal amount, to the nearest one thousand dollars ($1,000), that is equal to ten percent (10%) of:

(a) For a licensed grain dealer, the aggregate dollar amount:

A licensee shall retain copies of such documents for a period of not less than four (4) years from the date when the ownership interest or debt was extinguished.

(6) A licensee's accounting functions shall be performed in conformity with generally accepted accounting principles.

(7) A licensee's business records shall accurately identify any liens or encumbrances on grain that is held or owned by the licensee.

(8) A licensee shall provide to the department at least once annually, and upon request, an audited financial statement that is certified by the licensee, its owner, or other officer to be an accurate reflection of the licensee's financial condition, except when exempted by subsection (5) of Section 19 of this Act.

(6) A licensee which has entered into one (1) or more forward pricing contracts shall maintain at least eighty percent (80%) of the value of the licensee's unpaid obligations for all grain purchased under forward pricing contracts, using one (1) or more of the following:

(a) Grain maintained in storage in the licensee's warehouse or other storage facilities;

(b) Rights to grain as evidenced by a warehouse receipt or scale ticket for storage of the grain under an agreement with another warehouse approved by a representative of the department; or

(c) Proceeds from the sale of grain as evidenced by one (1) or more of the following:

1. Funds held in a separate account, designated for the benefit of unpaid sellers of grain that was delivered under forward pricing contracts, in a state or federally licensed financial institution or a lending agency of the Farm Credit Administration;

2. Short-term investments held in time accounts, designated for the benefit of unpaid sellers of grain that was delivered under forward pricing contracts, in a state or federally licensed financial institution or a lending agency of the Farm Credit Administration; or

3. Other evidence of unencumbered security or assets acceptable to the department, including but not limited to an irrevocable letter of credit or surety bond.

(7) If the department or the board determines that a licensee does not have sufficient net worth to satisfy the indebtedness, the department shall prohibit the transfer or disbursement of any grain, property, or assets except for the satisfaction of unpaid obligations for grain that was delivered under forward pricing contracts. Disbursements of payments to sellers shall be made on a pro rata basis of the value of the remaining grain.

➔SECTION 12. A NEW SECTION OF KRS CHAPTER 251 IS CREATED TO READ AS FOLLOWS:

(1) The department shall inspect each licensed grain warehouse at least two (2) times each year. The department's inspection shall include:

(a) A determination whether the grain in storage is properly accounted for;

(b) An assessment of the storage facilities for fitness; and

(c) An assessment of the condition of the grain in storage.

(2) The department shall permit a licensee to store grain at another facility that is licensed and located in the Commonwealth of Kentucky, if the requirements for a surety bond or other evidence of financial responsibility set forth in Section 9 of this Act are satisfied.

(3) A licensee that is short of grain may cover the shortage by:

(a) Acquiring additional bond on one hundred percent (100%) of the value of the grain; or

(b) Depositing the shortage value of the grain into a special account that is payable jointly to the licensee and the department.

(4) The department may allow a licensee that is short of grain to substitute one (1) type of grain for another type of grain on a dollar-for-dollar basis.

(5) The department shall inspect each licensed grain dealer at least one (1) time each year. The department's inspection shall include:

(a) An inspection of the licensee's scale tickets, settlements, and canceled checks; and

(b) Verification that payments are made by the dealer within thirty (30) days of the completion of delivery.

(6) A licensee that is short of grain shall correct any deficiencies identified by the department within the deadline mandated by the department.

➔SECTION 13. A NEW SECTION OF KRS CHAPTER 251 IS CREATED TO READ AS FOLLOWS:

(b) Other grains that may be approved for "fund-covered grain status" by a majority vote of the board.

(2) The board shall not approve for "fund-covered grain status" any grain that is not publicly traded on at least one (1) exchange in the United States or Canada.

➔SECTION 14. A NEW SECTION OF KRS CHAPTER 251 IS CREATED TO READ AS FOLLOWS:

(1) Except as provided in subsections (2) and (3) of this section, any claimant who delivers fund-covered grain to a licensed grain dealer or licensed grain warehouse operator shall be eligible for coverage by the fund without regard to whether the claimant resides in Kentucky or another state.

(2) Any person who submits to the department, not later than January 31, a written notice of intent not to be covered by the fund, shall:

(a) Be entitled to receive from the board a refund of any assessments collected from that person pursuant to Section 21 of this Act during the course of that calendar year; and

(b) Remain ineligible for coverage and compensation by the fund for any grain that may be delivered by or on behalf of that person to any licensee during the course of that calendar year.

(3) By submitting a timely written notice of intent not to be covered by the fund as provided under subsection (2) of this section, a person foregoes any protection or eligibility for compensation from the fund for grain that may be delivered during the course of that calendar year. The written notice shall:

(a) Be effective with respect to eligibility for coverage only to the fund-covered grain delivered in that calendar year; and

(b) Not have any effect with respect to eligibility for coverage for fund-covered grain delivered in previous calendar years or in subsequent calendar years.

(4) Any person who does not submit to the department, on or before January 31, a written notification of intent not to be covered by the fund shall:

(a) Not be entitled to receive a refund of any assessments that may be collected from that person pursuant to Section 21 of this Act during the course of that calendar year; and

(b) Remain eligible for coverage by the fund for any fund-covered grain delivered by or on behalf of that person to any licensee during the course of that calendar year.

(5) Any person who submits a written notice of intent not to be covered by the fund shall be deemed also to have given notice of intent not to be covered to the extent of his, her, or its ownership interest in any other entities in which he, she, or it holds such an interest.

➔SECTION 15. A NEW SECTION OF KRS CHAPTER 251 IS CREATED TO READ AS FOLLOWS:

(1) When a depositor stores grain with a grain warehouse operator and has written evidence of ownership disclosing a storage obligation, the producer or other depositor has a first priority lien on the grain, the proceeds from the grain, or on grain owned by the grain warehouse operator. The lien terminates when the storage liability of the grain warehouse operator to the depositor terminates.

(2) The lien created under this section shall be preferred to any lien or security interest of any creditor to the grain warehouse operator, regardless of whether the creditor's lien or security interest was attached to the grain or proceeds before or after the date on which the producer or other depositor's lien was attached.

(3) A depositor who claims a lien under this section need not file any notice of the lien in order to perfect the lien.

(4) The lien created under this section is discharged, except as to the proceeds therefrom and except as to grain owned by the grain warehouse operator, upon sale of the grain by the warehouse operator to a buyer in the ordinary course of business.

➔SECTION 16. A NEW SECTION OF KRS CHAPTER 251 IS CREATED TO READ AS FOLLOWS:

(1) When the board determines there has been a failure involving a licensed grain dealer or licensed grain warehouse operator, the board shall have the authority to:

(a) Take receivership of any grain on the licensee's premises to ensure that it is not destroyed, lost, stolen, or otherwise disposed of;

(b) Sell the grain and place the proceeds in escrow for the benefit of the owners, or for the benefits of claimants, when the identities of those persons have been identified;

(c) Establish a priority lien on any grain or other assets that remain in the licensee's possession, custody, or control;

(d) Secure and take possession of any grains or other commodities in the possession, custody, or control of the failed grain dealer or grain warehouse operator for the purpose of using it to cover outstanding storage obligations. If there is insufficient grain to cover outstanding shortage obligations, the board shall determine each depositor's pro rata share of the value of the remaining grain. Any remaining deficiency shall be considered a claim of the producer or depositor against the fund, if applicable. Each grade of grain shall be treated separately for the purpose of covering outstanding storage obligations and calculating claims against the fund;

(e) Commence action upon the surety bond, certificate of deposit, letter of credit, or temporary surety as required by Section 9 of this Act. The board may commence action against both the licensee and the surety or other financial institution in the Franklin Circuit Court or a Circuit Court in the county where the grain is located;

(f) Deposit into the fund any remaining assets of the failed grain dealer or grain warehouse operator for the purpose of using those assets to pay claimants;

(g) Establish a period of time, not less than thirty (30) days and not greater than one (1) year, for potential claimants to file their claims with supporting documentation;

(h) Make a public announcement of the procedure and deadline for potential claimants to file their claims;

(i) Examine timely filed claims and make such investigation as may be necessary for the board to determine whether a claim is a valid claim;

(j) Determine which of the claims that were submitted in advance of the deadline are valid claims;

(k) Assign to each valid claim an initial value computed as a percentage of the value of the grain on the date when it was delivered by the claimant to the licensee, relying on the value established for that

grain by the Chicago Board of Trade on the date of delivery. If there is no price information from the Chicago Board of Trade for that grain on that date, then the board shall rely on price information from another exchange in the United States or Canada. If there is no price information from any exchange in the United States or Canada for that grain on that date, the board shall determine an alternative method for determining a value for that grain on that date;

(l) Compute claim values by applying these percentages to each valid claim's initial value:

1. One hundred percent (100%), for valid claims that are evidenced by a grain warehouse receipt issued by a federally licensed warehouse; or

2. A minimum of ninety percent (90%), for all other valid claims; and

(m) Notify each claimant in writing of the board's determination as to:

1. The validity of the claim;

2. The value of the grain claimed by the claimant;

3. The amount and percent of value that will be reimbursed by the fund; and

4. The claimant's right to request a hearing on his or her claim within thirty (30) days of the claimant's receipt of the written notification.

(2) The board shall not approve for payment from the fund any claims with respect to grains that are not fund-covered grains.

(3) The board shall not compute a claim's value in reliance on the price or other terms of agreement between a claimant and a licensee.

(4) If a producer or other depositor fails to file a claim within the time announced by the board, then the board and the fund shall not be liable to that depositor.

(5) If the board fails to commence action against the surety bond, certificate of deposit, letter of credit, or temporary surety that Section 9 of this Act required the licensee to obtain within thirty (30) days of a depositor making a written demand that the board commence action, then the depositor shall have a right of action against the licensee to recover damages suffered by reason of the licensee's failure. The depositor shall give the board immediate written notice of the commencement of such action.

(6) The board shall deny payment from the fund to a claimant when the board determines that the claimant:

(a) Elected to opt out of coverage, as permitted by Section 14 of this Act; or

(b) Engaged in conduct or practices which substantially contributed to the claimant's financial loss.

(7) A claimant who accepts payment from the fund shall be deemed to have assigned to the board all of the claimant's rights, title, and interest in the grain and in any judgment with respect to the grain. The board shall have the authority to initiate or maintain any civil action it deems necessary to compel a licensee or a former licensee to repay to the fund any sums disbursed therefrom in relation to a claim.

➔SECTION 17. A NEW SECTION OF KRS CHAPTER 251 IS CREATED TO READ AS FOLLOWS:

Any person injured by the violation of any provision in this chapter may bring an action against the person or corporation that committed the violation to recover damages sustained due to the violation without regard to whether or not the person or corporation committing the violation has been subjected to other civil or criminal penalties.

3. If determined necessary by the ***office*** ~~[department]~~, a second assessment may be assessed in the same manner as the annual assessment in subparagraph 2. of this paragraph; and

4. In no event shall the sum of the first assessment provided for in subparagraph 2. of this paragraph and the second assessment provided for in subparagraph 3. of this paragraph be greater than one percent (1%) of the total amount of all assessable health benefit plan premiums earned during the prior assessment period.

(b) The first assessment shall be for the period from January 1, 2000, through December 31, 2000, and shall be paid on or before March 31, 2001. Subsequent annual assessments shall be paid on or before March 31 of the year following the assessment period.

(2) Every supporting insurer shall report to the ***office*** ~~[department]~~, in a form and at the time as the ***office*** ~~[department]~~ may specify, the following information for the specified period:

GAP losses shall be reimbursed after reserving sufficient funds for Kentucky Access.

(7) With respect to a GAP participating insurer who reasonably will be expected both to pay assessments and to receive payments from the assessment fund, the ***office*** ~~[department]~~ shall calculate the net amount owed to or to be received from the fund, and the ***office*** ~~[department]~~ shall only collect assessments for or make payments from the fund based upon net amounts.

(8) Insurers paying an assessment may include in any health insurance rate filing the amount of these assessments as provided for in Subtitle 17A of this chapter.

As used in this subsection, "future losses" may include reserves for incurred but not reported claims.

4. Hydro energy; and

(c) Has a rated capacity of not greater than ***forty-five (45)***~~[thirty (30)]~~ kilowatts.

(b) Dollar value of all electricity consumed by the eligible customer-generator over the same billing period and priced using the applicable tariff of the retail electric supplier.

➔Section 2. KRS 278.466 is amended to read as follows:

(1) Each retail electric supplier shall make net metering available to any eligible customer-generator that the supplier currently serves or solicits for service. If the cumulative generating capacity of net metering systems reaches one percent (1%) of a supplier's single hour peak load during ***a calendar***~~[the previous]~~ year, the ***supplier shall have no further*** obligation~~[of the supplier]~~ to offer net metering to ***any***~~[a]~~ new customer-generator ***at any subsequent time***~~[may be limited by the commission]~~.

(2) Each retail electric supplier serving a customer with eligible electric generating facilities shall use a standard kilowatt-hour meter capable of registering the flow of electricity in two (2) directions. Any additional meter, meters, or distribution upgrades needed to monitor the flow in each direction shall be installed at the customer-generator's expense. If additional meters are installed, the net metering calculation shall yield the same result as when a single meter is used.

(3) ***A retail electric supplier serving an eligible customer-generator shall compensate that customer for all electricity produced by the customer's eligible electric generating facility that flows to the retail electric supplier, as measured by the standard kilowatt-hour metering prescribed in subsection (2) of this section. The rate to be used for such compensation shall be set by the commission using the ratemaking processes under this chapter during a proceeding initiated by a retail electric supplier or generation and transmission cooperative on behalf of one (1) or more retail electric suppliers.***

Excess bill credits shall not be transferable between customers or premises. If an eligible customer-generator closes his or her account, no cash refund for accumulated credits shall be paid.

(5) Using the ratemaking process provided by this chapter, each retail electric supplier shall be entitled to implement rates to recover from its eligible customer-generators all costs necessary to serve its eligible customer-generators, including but not limited to fixed and demand-based costs, without regard for the rate structure for customers who are not eligible customer-generators.

(6) For an eligible electric generating facility in service prior to the effective date of the initial net metering order by the commission in accordance with subsection (3) of this section, the net metering tariff provisions

in place when the eligible customer-generator began taking net metering service, including the one-to-one (1:1) kilowatt-hour denominated energy credit provided for electricity fed into the grid, shall remain in effect at those premises for a twenty-five (25) year period, regardless of whether the premises are sold or conveyed during that twenty-five (25) year period. For any eligible customer-generator to whom this paragraph applies, each net metering contract or tariff under which the customer takes service shall be identical, with respect to energy rates, rate structure, and monthly charges, to the contract or tariff to which the same customer would be assigned if the customer were not an eligible customer-generator~~[The amount of electricity billed to the eligible customer-generator using net metering shall be calculated by taking the difference between the electricity supplied by the retail electric supplier to the customer and the electricity generated and fed back by the customer. If time-of-day or time-of-use metering is used, the electricity fed back to the electric grid by the eligible customer-generator shall be net metered and accounted for at the specific time it is fed back to the electric grid in accordance with the time-of-day or time-of-use billing agreement currently in place.~~

~~(4) Each net metering contract or tariff shall be identical, with respect to energy rates, rate structure, and monthly charges, to the contract or tariff to which the same customer would be assigned if the customer were not an eligible customer-generator.~~

~~(5) The following rules shall apply to the billing of net electricity:~~

~~(a) The net electricity produced or consumed during a billing period shall be read, recorded, and measured in accordance with metering practices prescribed by the commission;~~

~~(b) If the electricity supplied by the retail electric supplier exceeds the electricity generated and fed back to the supplier during the billing period, the customer generator shall be billed for the net electricity supplied in accordance with subsections (3) and (4) of this section;~~

~~(c) If the electricity fed back to the retail electric supplier by the customer-generator exceeds the electricity supplied by the supplier during a billing period, the customer generator shall be credited for the excess kilowatt hours in accordance with subsections (3) and (4) of this section. This electricity credit shall appear on the customer generator's next bill. Credits shall carry forward for the life of the customer-generator's account;~~

~~(d) If a customer generator closes his account, no cash refund for residual generation related credits shall be paid; and~~

~~(e) Excess electricity credits are not transferable between customers or locations]~~.

(7)~~[(6)]~~ Electric generating systems and interconnecting equipment used by eligible customer-generators shall meet all applicable safety and power quality standards established by the National Electrical Code (NEC), Institute of Electrical and Electronics Engineers (IEEE), and accredited testing laboratories such as Underwriters Laboratories.

(8)~~[(7)]~~ An eligible customer-generator installation is transferable to other persons ***at the same premises***~~[or service locations]~~ upon notification to the retail electric supplier and verification that the installation is in compliance with the applicable safety and power quality standards in KRS 278.467 and in subsection ***(7)***~~[(6)]~~ of this section.

(9)~~[(8)]~~ Any upgrade of the interconnection between the retail electric supplier and the customer-generator that is required by commission-approved tariffs for the purpose of allowing net metering shall be made at the expense of the customer-generator.

➔Section 3. KRS 278.467 is amended to read as follows:

(1) The commission shall have original jurisdiction over any dispute between a retail electric supplier and an eligible customer-generator, regarding net metering rates, service, standards, performance of contracts, and testing of net meters.

All retail electric suppliers shall make their net

metering tariff and interconnection practices easily available to the public by posting the tariff and practices on their Web sites.

~~3. That if the person first submits to the requested alcohol and substance tests, the person has the right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested]~~.

(b) Nothing in this subsection shall be construed to prohibit a judge of a court of competent jurisdiction from issuing a search warrant or other court order requiring a blood or urine test, or a combination thereof, of a defendant charged with a violation of KRS 189A.010, or other statutory violation arising from the incident, when a person is killed or suffers physical injury, as defined in KRS 500.080, as a result of the incident in which the defendant has been charged.
