#### ( HJR 8 )

A JOINT RESOLUTION directing the Energy and Environment Cabinet (Cabinet) and the Louisville Metro Air Pollution Control District (District) to determine the environmental benefits, related costs, and potential alternatives to the federal reformulated gasoline requirements currently imposed in Jefferson County and partial areas in Bullitt and Oldham Counties.

WHEREAS, pursuant to the federal Clean Air Act (Act) as amended, 42 U.S.C. secs. 7401 et seq., the Commonwealth of Kentucky is required to prepare and submit to the federal Environmental Protection Agency (EPA) a state implementation plan and revisions to such plan as appropriate to attain and maintain the National Ambient Air Quality Standards (NAAQS) and protect human health; and

WHEREAS, pursuant to KRS Chapter 224, the Cabinet is designated as the air pollution control agency of this Commonwealth for all purposes of the Act and within that organization is the Department for Environmental Protection Division for Air Quality; and

WHEREAS, pursuant to KRS Chapter 77, the District is authorized to control air pollution in Jefferson County; and

WHEREAS, the Kentucky Air Pollution Control Commission granted concurrent jurisdiction to the District on January 26, 1971; and

WHEREAS, the intent of the Cabinet and the District is to operate an effective air pollution control program in Jefferson County as authorized under KRS Chapters 77 and 224 through joint implementation of necessary control strategies; and

WHEREAS, Governor Brereton Jones, through a letter dated September 29, 1993, opted into the federal reformulated gasoline requirements effective January 1, 1995; and

WHEREAS, at that time, reformulated gasoline provided substantive environmental benefits over conventional gasoline when first imposed in the Louisville area; and

WHEREAS, the federal EPA mandated improved quality in conventional gasoline beginning in 2011; and

WHEREAS, consequently, the environmental benefits of reformulated gasoline compared to conventional gasoline no longer provide as significant of an environmental benefit as in the past;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. The Energy and Environment Cabinet and the Louisville Metro Air Pollution Control District shall coordinate together to conduct an analysis to:

- (1) Quantify the health and environmental benefits of the federal reformulated gasoline requirements; and

(2) Estimate the related costs associated with the federal reformulated gasoline requirements to identify cost-effective compensating emission reductions from other potential air pollution control strategies that are equivalent to, or greater than, the emission reductions achieved by federal reformulated gasoline requirements, and document that those emission reductions are quantifiable, permanent, surplus, and enforceable.

➔Section 2. Pursuant to Section 110(l) of the Act, the Cabinet and District shall, upon a determination that equivalent, or greater, emission reductions from other sources are attainable and more cost-effective to offset the reformulated gasoline requirement, draft a revision to the applicable Kentucky state implementation plan to:

(1) Remove the federal requirements for reformulated gasoline from Jefferson County and partial areas of Bullitt and Oldham Counties, effective 180 days from the date of the United States Environmental Protection Agency's approval of the revision to the state implementation plan;

(2) Implement the air pollution control strategies necessary to achieve equivalent, or greater, emission reductions than those achieved by federal reformulated gasoline requirements that are more cost-effective than what is incurred as a result of reformulated gasoline;

(3) Ensure that the air pollution control strategies do not unnecessarily impede or limit economic development of new facilities and economic growth at existing facilities; and

(4) Provide for reasonable notice and a public hearing for such draft.

The state implementation plan revision shall not interfere with any applicable requirement concerning attainment of NAAQS and reasonable further progress, or any other applicable of Section 110 of the Act.

➔Section 3. Once Sections 1. and 2. of this Resolution have occurred, the General Assembly requests the Governor to petition the federal EPA to opt-out of the federal reformulated gasoline requirements in Jefferson County and partial areas of Bullitt and Oldham Counties, in accordance with 40 CFR 80.72, provided alternative air pollution control strategies, identified in the revision of the applicable Kentucky state implementation plan, can achieve equivalent, or greater, emission reductions that are more cost-effective than the existing reformulated gasoline requirement and that the chosen strategies are able to attain and maintain the National Ambient Air Quality Standards and protect human health.

  - (7) A district with a school not in compliance with the requirements of subsection (3)(d) of this section by July 1, 2022, shall not be eligible for approval *by the Kentucky Department of Education* for new building construction or expansion in the 2022-2023 school year and any subsequent year without verification of compliance, except for facility improvements that specifically address *the school safety and security requirements of issues required by* this section, ~~or~~ *when deemed necessary in essential cases* for the protection of student or staff health and safety, *or to comply with other legal requirements or orders.*

➔Section 12. KRS 508.078 is amended to read as follows:

- (1) A person is guilty of terroristic threatening in the second degree when, other than as provided in KRS 508.075, he or she intentionally:
  - (a) With respect to any scheduled, publicly advertised event open to the public, any place of worship, or any school function, threatens to commit any act likely to result in death or serious physical injury to any person at a scheduled, publicly advertised event open to the public, any person at a place of worship, or any student group, teacher, volunteer worker, or employee of a public or private elementary or secondary school, vocational school, or institution of postsecondary education, or to any other person reasonably expected to lawfully be on school property or at a school-sanctioned activity, if the threat is related to their employment by a school, or work or attendance at school, or a school function. A threat directed at a person or persons at a scheduled, publicly advertised event open to the public, place of worship, or school does not need to identify a specific person or persons or school in order for a violation of this section to occur;
  - (b) Makes false statements by any means, including by electronic communication, *indicating that an act likely to result in death or serious physical injury is occurring or will occur* for the purpose of:
    1. Causing evacuation of a school building, school property, or school-sanctioned activity;

- (3) A person is not guilty of commission of an offense under this section if he or she, innocently and believing the information to be true, communicates a threat made by another person to school personnel, a peace officer, a law enforcement agency, a public agency involved in emergency response, or a public safety answering point and identifies the person from whom the threat was communicated, if known.
- (4) Except as provided in subsection (5) of this section, terroristic threatening in the second degree is a Class D felony.
- (5) Terroristic threatening in the second degree is a Class C felony when, in addition to violating subsection (1) of this section, the person intentionally engages in substantial conduct required to prepare for or carry out the threatened act, including but not limited to gathering weapons, ammunition, body armor, vehicles, or materials required to manufacture a weapon of mass destruction.

➔Section 13. Whereas school safety continues to be a top priority for the General Assembly, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

## CHAPTER 6

### ( HCR 5 )

A CONCURRENT RESOLUTION calling for the expediting of research regarding the safety and efficacy of the use of marijuana for medical purposes.

WHEREAS, people have used marijuana, also called cannabis, for a variety of health conditions for at least 3,000 years; and

WHEREAS, 33 states, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands now allow the use of marijuana for certain medical purposes, and additional states and territories may soon approve the use of marijuana for medical purposes; and

WHEREAS, the decisions to legalize medical marijuana in those states and territories have been made by voters or legislators, and not because of a careful scientific evaluation of the benefits and risks of the use of marijuana; and

WHEREAS, an advanced society must have well-considered laws and regulations to move forward; and

WHEREAS, drugs and pharmaceuticals must meet many safety and efficacy standards to ensure that the public, health professionals, and industry are protected; and

WHEREAS, for over 80 years, federal law has directed that biological products directed for human use must meet established standards for purity, safety, and potency; and

WHEREAS, multiple tragedies have occurred over the course of United States history as the result of adulterated, deteriorated, impure, and ineffective drugs; and

WHEREAS, the thalidomide tragedy was fully understood by 1962 and remains a stark reminder that all drugs should be carefully and fully tested; and

WHEREAS, the Elixir of Sulfanilamide disaster in October 1937 caused over 100 deaths from an untested solvent; and

WHEREAS, marijuana has vastly different strains that each contain varying amounts and ratios of medicinally active compounds; and

WHEREAS, the amount and concentration of ingredients is difficult to ascertain from grower to grower or crop to crop; and

WHEREAS, a patient may risk complicating his or her treatment if the patient stabilizes on a certain strain or preparation of marijuana and then finds that the product that he or she was using is no longer available from a dispensary or grower; and

WHEREAS, different products may have different pharmacokinetic and drug interaction profiles, causing unforeseen complications in the patient's health or in his or her treatment for other conditions; and

WHEREAS, the bioavailability and bioactivity of cannabis depends on whether it is consumed as an edible, oil, vaporized, or smoked; and

WHEREAS, the United States Food and Drug Administration (FDA) sent warning letters to companies that illegally sell marijuana products with unsubstantiated medical claims in November 2017; and

WHEREAS, researchers have not conducted sufficient, large-scale clinical trials to show that the benefits of marijuana, when consumed as a whole plant, outweigh the risks for the patient that it is meant to treat; and

WHEREAS, on May 7, 2019, 30 members of Congress, representing 14 states and the District of Columbia, sent a bipartisan letter to United States Attorney General William Barr and the Acting Administrator of the Drug Enforcement Agency (DEA), Uttam Dhillon, urging them to "do whatever you can to speed up and improve the research application process"; and

WHEREAS, 27 of those bipartisan members of Congress represent 11 states and the District of Columbia which have already legalized medical marijuana, yet recognize that "we need more research" to bring "safe and effective medical treatments to those who are suffering as quickly as possible"; and

WHEREAS, researchers generally consider marijuana-based medications, like FDA-approved dronabinol (Marinol), nabilone (Cesamet), and Epidiolex, all of which are drugs that use purified chemicals derived from or based on those found in the marijuana plant, to be more promising than the use of the whole marijuana plant or its crude extracts; and

WHEREAS, several other marijuana-based medications have also been approved or are undergoing clinical trials; and

WHEREAS, up to 80 percent of people who request medical marijuana want to ease pain, and more than 33 percent cite post-traumatic stress disorder as the primary reason for their request; and

WHEREAS, two relevant reviews published in the journal *Annals of Internal Medicine* in August 2017, found little evidence to support either marijuana's effectiveness or safety in treating chronic pain or post-traumatic stress disorder; and

WHEREAS, marijuana can be addictive, and recent data suggests that 30 percent of those who use marijuana may have some degree of marijuana-use disorder; and

WHEREAS, marijuana impairs short-term memory and judgment and distorts perception; and

WHEREAS, evidence suggests that the risks of marijuana use include poorer educational performance, adverse consequences in the workplace, respiratory problems, increased risk for psychiatric disorders, increased risk for heart attack during the first hour after use, suicidal thoughts and attempted suicide among teens, and harm to unborn babies; and

WHEREAS, the United States Surgeon General issued an advisory on November 12, 2019, "emphasizing the importance of protecting our nation from the health risks of marijuana use in adolescence and during pregnancy" and noting that "recent increases in access to marijuana and in its potency, along with misperceptions of safety of marijuana, endanger our most precious resources, our nation's youth"; and

WHEREAS, the National Academies of Sciences, Engineering, and Medicine (NASEM) published a report in January 2017 that summarizes the current evidence and recommends that steps be taken to overcome regulatory barriers so that the health benefits and health risks of marijuana could be more fully understood; and

WHEREAS, further research is needed to determine whether or not a person whose health has been compromised by disease or the treatment of a disease, such as with chemotherapy, is at greater risk for adverse health outcomes from marijuana use; and

WHEREAS, a comprehensive research agenda focused on the potential benefits and adverse impacts of marijuana has not occurred and cannot occur under current federal law; and

WHEREAS, improvements and standardization of research methodologies for medical marijuana still need to occur; and

WHEREAS, the FDA requires carefully conducted studies, called clinical trials, in hundreds to thousands of human subjects to determine the benefits and risks of a possible medication; and

WHEREAS, the Kentucky General Assembly seeks to develop evidence-based policies regarding medical marijuana;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

➔Section 1. The Kentucky General Assembly hereby recognizes the important scientific and enforcement work of the FDA, the National Institute on Drug Abuse, and the DEA.

➔Section 2. The Kentucky General Assembly hereby requests that the FDA, the National Institute on Drug Abuse, and the DEA expedite research on the safety and effectiveness of the use of marijuana for certain health purposes.

➔Section 3. The Kentucky General Assembly hereby further requests that the FDA, the National Institute on Drug Abuse, and the DEA adopt the changes recommended in NASEM's January 2017 report, if they would serve to expedite research into both the potential therapeutic benefits and risks of using marijuana for health purposes so that, as policymakers, the General Assembly may develop evidence-based and scientifically sound medical marijuana policies.

➔Section 4. The Clerk of the House of Representatives is directed to forward a copy of this Resolution to the FDA, the National Institute on Drug Abuse, and the DEA.

➔Section 1. KRS 189.270 is amended to read as follows:

- (1) The department may issue permits for the operation of motor vehicles, manufactured homes, recreational vehicles, boats, or any other vehicle transporting a nondivisible load, whose gross weight including load, height, width, or length exceeds the limits prescribed by this chapter or which in other respects fail to comply with the requirements of this chapter. Permits may be issued by the department for stated periods, special purposes, and unusual conditions, and upon terms in the interest of public safety and the preservation of the highways as the department may require.
- (2) Except as provided in subsection (8)~~(7)~~ of this section, the department may, at the request of an applicant, issue a single-trip permit regardless of the type of vehicle or equipment being transported that exceeds the

weight or dimension limits established by this chapter if the load being transported is a nondivisible load. A single-trip permit shall cost sixty dollars (\$60) for each overweight or overdimensional permit requested.

- (3) (a) Except as provided in subsection ~~(8)~~~~(7)~~ of this section, the department may, at the request of an applicant, issue an annual permit regardless of the type of vehicle or equipment being transported that exceeds the weight or dimension limits established by this chapter if the load being transported is a nondivisible load.

- (5) Permits issued under this section shall be for nondivisible loads and shall be valid statewide; however, the department may, as a condition of issuing an annual or single-trip permit, limit the overweight or overdimensional vehicle to specified routes, exclude certain highways, or even cancel an applicant's permit if an unreasonable risk of accident or an unreasonable impedance of the flow of traffic would result from the presence of the overweight or overdimensional vehicle. A person who applies for, and accepts, a permit issued under this section is acknowledging that the Kentucky Transportation Cabinet is not guaranteeing safe passage of vehicles by issuing the permit. A person who applies for, and accepts, a permit issued under this section agrees to measure all clearances of highway structures, both laterally and vertically, prior to passage of the person's vehicles along the routes specified in the permit. A person who applies for, and accepts, a permit issued under this section is classified as a bare licensee whose duty is to assume sole risk involved in using Kentucky's highways without warranty of accuracy.

If the float is being used in conjunction with a parade to be held within the boundaries of the Commonwealth, a fee shall not be assessed by the department to issue the permit.
- ~~(11)~~~~(10)~~ A person shall not operate any vehicle in violation of the terms of the permit issued under this section.
- ~~(12)~~~~(11)~~

AN ACT relating to education and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. (1) Notwithstanding KRS 158.070(9), for the 2019-2020 school year, a school district that has a nontraditional instruction plan approved by the commissioner of education may request approval for additional student attendance days under an emergency nontraditional instruction plan for when the district is closed due to the state of emergency declared by the Governor related to the novel coronavirus (COVID-19).

(2) Notwithstanding any other statute or administrative regulation to the contrary, a school district that does not have a nontraditional instruction plan approved by the commissioner of education for the 2019-2020 school year may submit a plan for the 2019-2020 school year for the use of nontraditional instructional days due to the state of emergency declared by the Governor related to COVID-19 in accordance with requirements established by the

Kentucky Department of Education. The plan and number of days shall be subject to approval of the commissioner of education.

(3) The nontraditional instruction plan may include distance or virtual learning.

➔Section 2. (1) Notwithstanding any other statute or administrative regulation to the contrary, for the 2019-2020 school year, students shall receive a minimum of 1,062 instructional hours, less the amount of instructional time waived as provided in this section and any waiver provided in accordance with KRS 158.070(3)(f), in effect on the effective date of this Act, and 702 KAR 7:140.

(2) A school district may reach 1,062 instructional hours by adding time to the day. A day shall not exceed seven hours of instructional time, unless the district submitted and received approval from the commissioner of education for an innovative alternative calendar. A school district may schedule instructional days on Saturdays. A local board of education may submit a plan to the Department of Education demonstrating how 1,062 instructional hours will be completed, and the plan shall be approved.

(3) If a school district desires to complete 1,062 instructional hours by June 12, 2020, but is unable to under its current school calendar, the district shall request assistance from the commissioner of education by May 1, 2020, to determine a plan for maximizing instructional time to complete 1,062 instructional hours by June 12, 2020. If the district presents compelling rationale that adding instructional time to the day would create logistical hardships, the commissioner shall not require adding time to the day as part of the district's plan. If, after providing planning assistance to the school district, the commissioner of education determines the school district has maximized instructional time but cannot complete 1,062 hours by June 12, 2020, the commissioner shall waive the remaining instructional hours required.

(4) The Kentucky Department of Education shall make a report to the Interim Joint Committee on Education by October 30, 2020, on how school districts completed the 1,062 instructional hours.

➔Section 3. Notwithstanding KRS 158.135 and 505 KAR 1:080, for the 2019-2020 school year, an extended school calendar shall not be required for any program serving the educational needs of state agency children. State agency children in a particular program shall receive the same minimum number of instructional hours provided to students generally by the applicable school district operating a particular state agency children program, less the amount of instructional time waived as provided in this section and any waiver provided in accordance with KRS 158.070(3)(f), in effect on the effective date of this Act, and 702 KAR 7:140.

A local board shall waive any requirement under local policy for an employee to file a personal affidavit in order to take emergency leave allowed pursuant to this section.

➔Section 5. For the 2019-2020 school year, the Kentucky Department of Education is hereby directed to seek any waivers from any federal government agency that may be necessary to allow for school districts to be reimbursed under the federal Richard B. Russell National School Lunch Act for any meals and meal supplements that may be prepared and served by the district, including but not limited to waivers allowing service in non-congregate settings and reducing the mandatory wait times between serving meals, during any time that a district is closed to students in relation to the COVID-19 public health emergency. All school districts are encouraged to maximize opportunities that may be granted through any waivers regarding food service and the COVID-19 public health emergency to address food insecurity issues of students in the districts.

➔Section 6. Notwithstanding any other statute or regulation to the contrary, for the 2019-2020 school year, the Kentucky Board of Education may waive requirements of the statewide assessment and accountability system in accordance with any federal waiver regarding those requirements that the Kentucky Department of Education receives due to the COVID-19 public health emergency.

➔Section 7. For the 2019-2020 school year, the Kentucky Department of Education is hereby directed to seek and utilize any waivers from any federal government agency involving requirements of the Individuals with Disabilities Education Act, 20 U.S.C. secs. 21 1400 et. seq. that may be necessary to allow flexibility needed for school districts due to the COVID-19 public health emergency.

➔Section 8. Notwithstanding KRS 156.557 and 704 KAR 3:370, for the 2019-2020 school year, a local board of education may revise the district's certified evaluation plan due to the COVID-19 public health emergency.

postsecondary education enrollment obligations that occur prior to the last day of school due to the COVID-19 public health emergency.

➔Section 10. Notwithstanding KRS 161.011, KRS 161.750, and KRS 161.760, or any other statute or administrative regulation to the contrary, written notices required to be provided to classified and certified school district employees regarding salary or nonrenewal of contracts may be delivered via regular mail or via email to the email address on record in the school district.

➔Section 11. Notwithstanding any other statute or regulation to the contrary, for school year 2019-2020, school districts may, when submitting the Superintendent's Annual Attendance Report, substitute attendance data for school year 2018-2019 for attendance data for school year 2019-2020. If a school district submits data for school year 2018-2019, this data shall be utilized to calculate the average daily attendance that will be used in calculating Support Education Excellence in Kentucky funds and any other state funding based in whole or in part on average daily attendance for the district.

➔Section 12. Whereas the Commonwealth of Kentucky is in a state of emergency due to the COVID-19 public health crisis, which is having immediate and significant impacts on public schools, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law, and the provisions of this Act shall be retroactive to March 6, 2020.

- (4) (a) Beginning October 1, 2014, all information submitted by special purpose governmental entities under this section shall be publicly available through the registry. The rate, if adjusted, shall be set at a level no greater than a level that is expected to generate sufficient revenue to offset the actual cost of maintaining and administering the registry, providing education for the governing bodies and employees of special purpose governmental entities, and enforcing compliance.
- (d) The portion of the registration fee attributable to expenses incurred by the Auditor of Public Accounts for duties and services other than conducting audits or special examinations shall be collected by the DLG and transferred to the Auditor of Public Accounts on a quarterly basis. ➔Section 1. KRS 65.7631 is amended to read as follows:

- (1) The moneys in the CMRS fund shall be apportioned among the approved uses of the fund as specified in this section. The board shall make individual disbursements from the fund upon such terms and conditions necessary in view of the amount of revenues on deposit at the time each request for disbursement is reviewed and approved.
- (2) Not more than two and one-half percent (2.5%) of the total monthly revenues deposited into the CMRS fund shall be disbursed or reserved for disbursement by the board to pay the administrative costs and expenses incurred in the operation of the board in carrying out the functions and duties set forth in KRS 65.7621 to 65.7643.
- (3) ~~[(a)]~~ Two and one-half percent (2.5%) of the total monthly revenues deposited into the CMRS fund shall be used solely for the purpose of *establishing or maintaining statewide next generation 911 initiatives to assist with the adoption and operation of next generation 911 services and applications. Fund disbursements shall be limited to equipment, hardware, software, or contracted services used in the preparation for, or delivery of, next generation 911* ~~reimbursing the actual expenses incurred by tier III CMRS providers from June 30, 2011, to January 1, 2016, for complying with requirements established by the FCC order. Reimbursement under this subsection is only available to tier III CMRS providers that:~~

  5. Demonstrates that the PSAP has made the investment which is necessary to allow the PSAP to receive and utilize the data elements associated with wireless E911 service.
- (b) In addition to the requirements of paragraph (a) of this subsection and in order to encourage the additional consolidation of PSAPs by local governments and state government agencies, after January 1, 2017, a PSAP shall receive priority consideration for distributions of funds from subsection (4)(a) and (b) of this section as follows:

*unless the instrument exercising the power provides that the period is computed from the date the power is irrevocably exercised*, but facts at the time the power is exercised are considered in determining whether the power of alienation is suspended beyond the death of an individual or individuals alive at the time of creation of the power plus twenty-one (21) years.

- (2) The power of alienation is suspended when there are no persons who, alone or in combination with others, can convey an absolute fee in possession of land, or full ownership of personalty.
- (3) There is no suspension of the power of alienation by a trust or by equitable interests under a trust if the trustee has power to sell, either expressed or implied, or if there is a power to terminate the trust by distributing the property subject to the trust to the beneficiaries in fee simple in one (1) or more persons then living.

transferor's manifested plan of disposition and is within the limits of the rule against perpetuities applicable when the nonvested property interest or power of appointment was created.

- (3) For purposes of this section only, a future property interest or a power of appointment is created when the power is irrevocably exercised or when a revocable exercise becomes irrevocable.
- (4) An instrument which contains a provision requiring the vesting of all interests created by the instrument within the period provided by the common law rule against perpetuities shall be construed as requiring the interests to vest within the period specified by this section and KRS 381.224 and 381.225, unless the provision is determined by a court to have been included in the instrument for reasons other than protecting the interest against a violation of the common law rule against perpetuities.   3. *A qualified jurisdiction, as determined by the commissioner pursuant to subsection (3)(e)4. of this section, which is not otherwise described in this paragraph, and which meets certain additional requirements, consistent with the terms and conditions of in-force covered agreements, as specified by the commissioner in administrative regulation; or*
  4. *Any other jurisdiction contained on the list of reciprocal jurisdictions published by the commissioner in accordance with subsection (3)(g) of this section.*
- (d) As used in this section: ~~{-}~~
  1. *"Covered agreement" means an agreement entered into pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, 31 U.S.C. secs. 313 and 314, and that is currently in effect or in a period of provisional application and addresses the elimination, under specified conditions, of collateral requirements as a condition for entering into any reinsurance agreement with the ceding insurer domiciled in this state or for allowing the ceding insurer to recognize credit for reinsurance; and*
  2. "NAIC" means National Association of Insurance Commissioners.

- (2) (a) Credit for reinsurance shall be allowed a ceding insurer as either an asset or a deduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of:
  1. Subsection (3)(a), (b), (c), (d), (e), ~~for (f)~~, **or (h)** of this section; and
  2. Paragraphs (b), (c), (d), and (e) of this subsection.

- (d) For reinsurers meeting the requirements of subsection (3)(d) of this section, the requirements of paragraphs ~~(i)(e)~~ and ~~(j)(h)~~ of that subsection shall also be met.
- (e) For reinsurers meeting the requirements of subsection (3)(e) of this section, the requirements of paragraph ~~(j)(h)~~ of that subsection shall also be met.
- (3) (a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is authorized to transact insurance or reinsurance in Kentucky.
- (b)
  1. Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is accredited as a reinsurer in Kentucky. An accredited reinsurer is one which:
    - a. Files with the commissioner evidence of its submission to Kentucky's jurisdiction;
    - b. Submits to Kentucky's authority to examine its books and records;
    - c. Is licensed to transact insurance or reinsurance in at least one (1) state, or in the case of a United States branch of an alien assuming insurer, is entered through and licensed to transact insurance or reinsurance in at least one (1) state;
    - d. Files annually with the commissioner a copy of its annual statement filed with the insurance regulatory official of its state of domicile and a copy of its most recent audited financial statement; and
    - e. Demonstrates to the satisfaction of the commissioner that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers. An assuming insurer meets the requirements of this subdivision at the time of its application if:
      - i. It maintains a surplus as regards policyholders in an amount that is not less than twenty million dollars (\$20,000,000); and
      - ii. Its accreditation has not been denied by the commissioner within ninety (90) days after submission of its accreditation application.
  2. Credit shall not be allowed a ceding insurer under this paragraph if the assuming insurer's accreditation has been revoked by the commissioner after notice and hearing.
- (c) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is domiciled and licensed in or, in the case of a United States branch of an alien assuming insurer, is entered through a state which employs standards regarding credit for reinsurance substantially similar to those applicable under this section and the assuming insurer or United States branch of an alien insurer:
  1. Maintains a surplus as regards policyholders in an amount not less than twenty million dollars (\$20,000,000); and
  2. Submits to the authority of the commissioner to examine its books and records.

However, subparagraph 1. of this paragraph shall not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system.

- (d) 1. Credit shall be allowed when the reinsurance is ceded to an assuming insurer that maintains a trust in a qualified United States financial institution for the payment of valid claims of its United States policyholders and ceding insurers, their assigns, and successors in interest. The assuming insurer shall report annually to the commissioner information substantially the same as that required to be reported on the NAIC annual statement form by authorized insurers to enable the commissioner to determine the sufficiency of the trust.
2. a. In the case of a single assuming insurer, the trust shall consist of a trusteed account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, except as provided in subdivision b. of this subparagraph, the assuming insurer shall maintain a trusteed surplus of not less than twenty million dollars (\$20,000,000).
- b. At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three (3) years, the commissioner may authorize a reduction in the trusteed surplus required by subdivision a. of this subparagraph, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of a reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including, when applicable, the lines of business involved, the stability of the incurred loss estimates, and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trusteed surplus may not be reduced to an amount less than thirty percent (30%) of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust.
3. In the case of a group including incorporated and individual unincorporated underwriters:
- a. The trust shall consist of a trusteed account representing the respective underwriter's liabilities attributable to business written in the United States;
- b. The group shall maintain a trusteed surplus of which one hundred million dollars (\$100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group;
- c. The incorporated members of which group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members; and
- d. The group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary insurance regulatory official and its independent public accountants.
4. In the case of a group of incorporated underwriters under common administration, the group shall:
- a. Comply with the reporting requirements contained in subparagraph 1. of this paragraph;
- b. Have continuously transacted insurance business outside the United States for at least three (3) years immediately prior to making an application for accreditation;
- c. Maintain a trust in an amount not less than the group's several liabilities attributable to business ceded by United States ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of the group;
- d. Maintain an aggregate policyholders' surplus of at least ten billion dollars (\$10,000,000,000);
- e. Maintain a joint trusteed surplus of which one hundred million dollars (\$100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group; and

- f. Each member of the group shall make available to the commissioner an annual certification of the member's solvency by the member's domiciliary insurance regulatory official and its independent public accountant.
  - 5. The trust shall be established in a form approved by the commissioner. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers, their assigns, and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the commissioner. The trust shall remain in effect for as long as the assuming insurer shall have outstanding obligations due under the reinsurance agreements subject to the trust.
  - 6. No later than February 28 of each year, the trustees of the trust shall report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31.
- (e)
- 1. Credit shall be allowed when the reinsurance is ceded to an assuming insurer that:
    - a. Has been certified by the commissioner as a reinsurer in this state; and
    - b. Secures its obligations in accordance with the requirements of this paragraph.
  - 2. In order to be eligible for certification, the assuming insurer shall:
    - a. Be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by subparagraph 4. of this paragraph;
    - b. Maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the commissioner by administrative regulation;
    - c. Maintain financial strength ratings from two (2) or more rating agencies deemed acceptable by the commissioner by administrative regulation;
    - d. Agree to submit to the jurisdiction of this state, appoint the commissioner as its agent for service of process in this state, and agree to provide security for one hundred percent (100%) of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if the assuming insurer resists enforcement of a final United States judgment;
    - e. Agree to meet applicable information filing requirements as determined by the commissioner, both with respect to an initial application for certification and on an ongoing basis; and
    - f. Satisfy any other relevant requirements for certification as determined by the commissioner.
  - 3. An association, including incorporated and individual unincorporated underwriters, may be certified as a reinsurer in this state if the association satisfies the requirements of subparagraph 2. of this paragraph and:
    - a. The association satisfies its minimum capital and surplus requirements through the capital and surplus equivalents (net of liabilities) of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the commissioner to provide adequate protection;
    - b. The incorporated members of the association are not engaged in any business other than underwriting as a member of the association and are subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and
    - c. The association provides the commissioner an annual certification by the association's domiciliary regulator of the solvency of each underwriter member within ninety (90) days after its financial statements are due to be filed with the association's domiciliary

regulator, or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the association.

- a. The commissioner shall create and publish a list of qualified jurisdictions under which an assuming insurer licensed and domiciled in the qualified jurisdiction is eligible to be considered for certification by the commissioner as a certified reinsurer.
    - b. In order to determine whether the domiciliary jurisdiction of an assuming insurer from a jurisdiction outside of the United States is eligible to be recognized as a qualified jurisdiction, the commissioner shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction outside of the United States, both initially and on an ongoing basis, and consider the rights, benefits, and the extent of reciprocal recognition afforded by the jurisdiction outside of the United States to reinsurers licensed and domiciled in the United States. A qualified jurisdiction shall agree to share information and cooperate with the commissioner with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction may not be recognized as a qualified jurisdiction if the commissioner has determined that the jurisdiction does not adequately and promptly enforce final United States judgments and arbitration awards. Additional factors may be considered in the discretion of the commissioner.
    - c. The commissioner shall consider the list of qualified jurisdictions published through the NAIC's committee process when determining qualified jurisdictions. If the commissioner approves a jurisdiction as qualified that does not appear on the list, the commissioner shall provide justification in accordance with criteria to be developed by the commissioner by administrative regulation.
    - d. Jurisdictions within the United States that meet the requirements for accreditation under the NAIC's financial standards and accreditation program shall be recognized as qualified.
    - e. If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the commissioner may revoke or suspend the reinsurer's certification indefinitely, in lieu of revocation.
  5. The commissioner shall assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to the commissioner by administrative regulation. The commissioner shall publish a list of all certified reinsurers and their ratings.
  6.
    - a. A certified reinsurer shall secure obligations assumed from United States ceding insurers pursuant to this paragraph at a level consistent with its rating as specified by administrative regulation promulgated by the commissioner.
    - b. In order for a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the commissioner and consistent with subsection (4) of this section, or in a multibeneficiary trust in accordance with paragraph (d) of this subsection, except as otherwise provided in this paragraph.
    - c. If a certified reinsurer maintains a trust to fully secure its obligations subject to paragraph (d) of this subsection, and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer shall maintain separate trust accounts for:
      - i. Its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this paragraph or comparable laws of other United States jurisdictions; and
      - ii. Its obligation subject to paragraph (d) of this subsection.
    - d. The commissioner shall not grant a certification pursuant to this paragraph unless the certified reinsurer agrees to bind itself, by language of the trust and agreement with the commissioner with principal regulatory oversight of each trust account, to fund, upon termination of any applicable trust account, out of the remaining surplus of the trust any deficiency of any other trust account.

- e. The minimum trustee surplus requirements provided in paragraph (d) of this subsection are not applicable to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred pursuant to this paragraph, except that the multibeneficiary trust shall maintain a minimum trustee surplus of ten million dollars (\$10,000,000).
  - f. With respect to obligations incurred by a certified reinsurer pursuant to this paragraph, if the security is insufficient, the commissioner shall reduce the allowable credit by an amount proportionate to the deficiency, and the commissioner may impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.
  - g.
    - i. For purposes of this paragraph, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure one hundred percent (100%) of its obligations.
    - ii. As used in this subdivision, "terminated" includes revocation, suspension, voluntary surrender, and inactive status, except if the commissioner continues to assign a higher rating as permitted by this subsection, a certified reinsurer in inactive status or reinsurer whose certification has been suspended shall not be considered "terminated."
  - 7. If an applicant for certification has been certified as a reinsurer in an NAIC-accredited jurisdiction, the commissioner may defer to that jurisdiction's certification and the rating assigned by that jurisdiction, and the reinsurer shall be considered a certified reinsurer in this state.
  - 8. A certified reinsurer that ceases to assume new business in this state may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this subsection, and the commissioner shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.

*paragraph, or if any regulatory action is taken against the assuming insurer for serious noncompliance with applicable law;*

- b. To submit the assuming insurer's consent, in writing, to the jurisdiction of the courts of this state and to the appointment of the commissioner as an agent for service of process. The commissioner may require that consent for service of process be provided to the commissioner and included in each reinsurance agreement. Nothing in this subdivision of this subparagraph shall be construed to limit, or in any way alter, the capacity for the parties to a reinsurance agreement to agree to alternative dispute resolution mechanisms, except to the extent such agreements are unenforceable under applicable insolvency or delinquency laws;*
- c. To submit the assuming insurer's consent, in writing, to pay all final judgments, wherever enforcement is sought, obtained by a ceding insurer or its legal successor, that have been declared enforceable in the jurisdiction where the judgment was obtained;*

- e. i. To confirm that the assuming insurer is not presently participating in any solvent scheme of arrangement which involves this state's ceding insurers; and*  
*ii. To notify the ceding insurer and the commissioner, and to provide security in the amount of one hundred percent (100%) of the assuming insurer's liabilities to the ceding insurer, should the assuming insurer enter into a solvent scheme of arrangement referenced in subpart i. of this subdivision. The security required under this subdivision shall be in a form consistent with the provisions of subsections (3)(e) and (4) of this section, as specified by the commissioner in administrative regulation;*
- 4. The assuming insurer or its legal successor provides, upon request of the commissioner, on behalf of itself and any legal predecessors, any documentation prescribed by the commissioner in administrative regulation;*
- 5. The assuming insurer maintains a practice of prompt payment of claims under reinsurance agreements, pursuant to criteria set forth by the commissioner in administrative regulation; and*

  - b. *The commissioner may add an assuming insurer to the commissioner's list of assuming insurers under this subparagraph if an NAIC accredited jurisdiction has added such assuming insurer to its list of such assuming insurers, or if upon initial eligibility, the assuming insurer submits information to the commissioner as required under subsection (3)(f)4. of this section and complies with any additional requirements that the commissioner may impose by administrative regulation, except to the extent that there is a conflict with an applicable covered agreement.*
3.
  - a. *If the commissioner determines that an assuming insurer no longer meets one (1) or more of the requirements of subsection (3)(f) of this section, the commissioner may revoke or suspend the eligibility of the assuming insurer for recognition under subsection (3)(f) of this section, in accordance with procedures set forth in administrative regulation.*
  - b. *While an assuming insurer's eligibility is suspended, no reinsurance agreement issued, amended, or renewed after the effective date of the suspension qualifies for credit except to the extent that the assuming insurer's obligations under the contract are secured in accordance with subsection (4) of this section.*
  - c. *If an assuming insurer's eligibility is revoked, no credit for reinsurance may be granted after the effective date of the revocation with respect to any reinsurance agreements entered into by the assuming insurer, including reinsurance agreements entered into prior to the date of revocation, except to the extent that the assuming insurer's obligations under the contract are secured in a form acceptable to the commissioner and consistent with the provisions of subsection (4) of this section.*

6. *Nothing in this paragraph or paragraph (f) of this subsection shall be construed to:*
  - a. *Limit or in any way alter the capacity of the parties to a reinsurance agreement to:*
    - i. *Agree on requirements for security or other terms in the reinsurance agreement, except as expressly prohibited by this section or other applicable law; or*

2. To designate the Secretary of State or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding insurer.

This paragraph is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement.

**(j)**~~(h)~~ If the assuming insurer does not satisfy the requirements of paragraph (a), (b), ~~for (c)~~, **or (f)** of this subsection, the credit permitted by paragraph (d) or (e) of this subsection shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

1. Notwithstanding any other provisions in the trust instrument, if the trust is inadequate because it contains an amount less than the amount required by paragraph (d)2. of this subsection, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust;

4. The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this paragraph.

**(k)**~~(i)~~ 1. If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the commissioner may suspend or revoke the reinsurer's accreditation or certification.

2. The commissioner shall provide the reinsurer notice and an opportunity for hearing prior to the entry of a suspension or revocation order.

The commissioner's order is based on regulatory action by the reinsurer's domiciliary jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under paragraph (e)7. of this subsection; or

- c. The commissioner finds that an emergency requires immediate action and a court of competent jurisdiction has not stayed the commissioner's action.
- 4. While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with subsection (4) of this section. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance may be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with paragraph (e)6. of this subsection or subsection (4) of this section.

- 2. Upon notice by the ceding insurer to the commissioner that the certified reinsurer has failed to pay claims owed under a reinsurance agreement in a timely manner, the commissioner shall notify the certified reinsurer that it is no longer permitted to defer the posting of security for catastrophic recoverables.

This security may be in the form of:

  2. Where the assuming insurer, with the consent of the direct insured, has assumed such policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under such policies and in substitution for the obligations of the ceding insurer to such payees.
- (b) The reinsurance agreement may provide that the domiciliary liquidator of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against such ceding insurer on the contract reinsured within a reasonable time after such claim is filed in the liquidation proceeding. During the pendency of such claim, any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defenses which it deems available to the ceding insurer or its liquidator. Where two (2) or more assuming insurers are involved in the same claim and a majority in interest elect to interpose a defense to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

- (6) No bonds shall be issued hereunder in violation of federal statutes or regulations prohibiting arbitrage profits.  
➔Section 6. KRS 103.246 is amended to read as follows:
  - (1) (a) The term "pollution control facilities" means any land, building, structure, machinery, equipment, device, system or facility functionally related thereto designed for the control, containment, reduction, prevention or abatement of atmospheric pollutants or contaminants, solid waste, noise, radiation, or water pollution produced by industrial concerns and utility companies, including, but not by way of limitation, any such facilities used in whole or in part to control, contain, reduce, prevent or abate

atmospheric, solid waste, noise, radiation, or water pollution by removing, altering, containing, disposing or storing pollutants, contaminants, wastes, whether gaseous, solid or liquid, thermal or radioactive. Said term includes all pollution control facilities whenever constructed, reconstructed, purchased, leased or otherwise acquired and placed in use, which may legally be financed by issuance of bonds determined to be tax-exempt pursuant to the provisions of Section 103(b) of the Internal Revenue Code of 1954, as amended, and regulations promulgated thereunder. Pollution control facilities may be constructed as part of, and may include, facilities also designed for the recovery of chemicals or other by-products or to serve other purposes which also contribute to the control of or abatement of atmospheric, solid waste and water pollution.

- (b) The term "industrial concern" means any domestic or foreign corporation, company, partnership, association, rural electric cooperative corporation, or any other legal entity.
- (2) It is hereby determined and declared that the acquisition and financing of pollution control facilities for utilization by industrial concerns and utility companies by the issuance of bonds of cities and counties amortized by payments made by such industrial concerns and utility companies inures to the public interest, and constitutes the performance of a proper governmental purpose. It is the intent of this section to afford to cities and counties alternative methods of financing pollution control facilities to the end that atmospheric, solid waste and water pollution in the Commonwealth may be abated and controlled to the maximum possible extent.
- (3) As an alternative to the procedure set forth in KRS 103.200 to 103.285, inclusive, any city or county, for the purpose of financing the acquisition of pollution control facilities for any industrial concern or utility company, may issue negotiable bonds pursuant to KRS 103.200 to 103.285, inclusive, and either (a) loan the proceeds from the sale of such bonds to an industrial concern or utility company to finance the acquisition of such pollution control facilities, (b) sell such pollution control facilities to an industrial concern or utility company pursuant to agreement, or (c) lease such pollution control facilities from an industrial concern or utility company and sublease same to such industrial concern or utility company. In the event of use of such alternative financing procedure, such bonds shall not constitute an indebtedness of such city or county within the meaning of the Constitution of Kentucky, but shall be payable as to principal and interest solely from the revenues derived from payments, repayments, or sublease payments made by such industrial concern or utility company to such city or county in respect of such loan, sale or sublease.
- (4) In the event that an alternate procedure authorized by this section is to be utilized in the financing of pollution control facilities, (i) the provisions of KRS 103.200 to 103.285, inclusive, shall apply, except that the proceedings and procedures therein described shall contemplate and authorize a transaction in the form of (a) a loan of the proceeds from the sale of such bonds by such city or county to an industrial concern or utility company for the acquisition of such pollution control facilities, (b) a sale of such pollution control facilities to an industrial concern or utility company pursuant to agreement, or (c) a lease of such pollution control facilities from an industrial concern or utility company and sublease of same to such industrial concern or utility company; and (ii) the loan, sale, lease and sublease and any agreement or contract with respect thereto may include such provisions as such city or county shall deem appropriate to effect the securing of the financing undertaken in respect of such pollution control facilities, including, but not by way of limitation, (a) the pledge of the general credit of any such industrial concern or utility company, (b) the making of guarantees to an indenture trustee or to such city or county in respect of amortization of such bonds by any such industrial concern or utility company, (c) the creation of liens of security interests on any property or portion thereof of any such industrial concern or utility company, either senior or junior to, or ranking equally with, any other lien, security interest or rights of others, including any party or parties to any agreement in connection with such financing and/or its or their respective security holders and indenture trustees or mortgage trustees, and (d) the pledge of other direct securities of such industrial concern or utility company in respect of such bonds.
- (5) In the event any city or county shall finance pollution control facilities pursuant to the express authority contained in this section, title to such pollution control facilities shall not be acquired by such city or county in the case of a loan or lease transaction, and, in the case of a sale transaction, title may pass at any time, and the statutory mortgage lien for which provision is made in KRS 103.250 shall not apply to any such pollution control facilities.
- (6) Bonds issued by cities and counties pursuant to the authority contained in this section may be caused to mature as to principal in term or serial maturities not to exceed **forty (40)**~~thirty (30)~~ years from date of issue.

## CHAPTER 77

## ( HB 302 )

AN ACT relating to the Kentucky State Plane Coordinate System.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 1.010 is amended to read as follows:

It is the intent of the General Assembly of the Commonwealth of Kentucky that KRS 1.020 shall not eliminate the existing methods of describing points *on, within, or above* ~~of~~ the surface of the earth, as in metes and bounds or, in western Kentucky, the public land system, but rather to enhance these existing methods and establish a conformity for *defining and stating the geographic positions or locations of points on, within, or above the surface of the earth and* retracement purposes.

➔Section 2. KRS 1.020 is amended to read as follows:

- (1) The Kentucky *State Plane* Coordinate System ~~of 1983~~, which is hereby adopted, means a system of plane coordinates which have been established by the National *Oceanic and Atmospheric Administration, through its* ~~Ocean Service~~ National Geodetic Survey, for defining and stating the geographic positions or locations of points *on, within, or above* the surface of the earth within the Commonwealth of Kentucky.
- (2) For this system, the Commonwealth, *through the Commonwealth Office of Technology, under the provisions of KRS 42.650 and advised by the Geographic Information Advisory Council, under the provisions of KRS 42.740, shall establish and publish a series of layered zones covered by geodetically referenced mapping projections adopted and supported by the National Geodetic Survey as a component of the National Spatial Reference System. Each series of zones shall be identified by the geodetic datum upon which they are defined and each zone shall remain uniquely and consistently defined throughout its implementation within a particular series* ~~shall be divided into a north zone and a south zone. The north zone shall be a Lambert conformal conic projection of the North American Datum of 1983, having standard parallels at north latitudes 37 degrees, 58 minutes, and 38 degrees, 58 minutes along which parallels the scale shall be exact. The origin of coordinates shall be at the intersection of the meridian 84 degrees, 15 minutes west of Greenwich, and the parallel 37 degrees, 30 minutes north latitude. This origin shall be given the coordinates: N=0, E=500,000.000 meters. The south zone shall be a Lambert conformal conic projection of the North American Datum of 1983, having standard parallels at north latitudes 36 degrees, 44 minutes, and 37 degrees, 56 minutes along which parallels the scale shall be exact. The origin of coordinates shall be at the intersection of the meridian 85 degrees, 45 minutes west of Greenwich, and the parallel 36 degrees, 20 minutes north latitude. This origin shall be given the coordinates: N=500,000.000, E=500,000.000 meters. The southern edge of the following counties shall delineate the boundary between the north zone and the south zone: Bullitt, Spencer, Anderson, Woodford, Jessamine, Fayette, Clark, Montgomery, Menifee, Morgan, and Lawrence~~.
- (3) One U. S. survey foot equals (1200)/(3937) meter. For conversion of meters to U. S. survey feet, multiply the meters by 3.2808333333 to twelve (12) significant figures. *One international foot equals 0.3048 meter exactly. For conversion of meters to international feet, multiply the meters by 3.280839895. Unless otherwise originally established for an existing series, the base unit of linear measure for defining all zones within each series of the Kentucky State Plane Coordinate System shall be the meter. The specific constant for converting distances within each zone from the meter to the customary foot shall be:*
  - (a) *The U.S. survey foot conversion factor as originally and exclusively specified for any existing series; and*
  - (b) *The international foot conversion factor exclusively for each subsequent series established hereafter* ~~When converting from meters to feet, the conversion factor defined by the U. S. survey foot shall be used~~.
- (4) The plane coordinate values *to be* ~~for a point on the earth's surface,~~ used ~~for~~ ~~to~~ *expressing* ~~express~~ the geographic position or location of ~~a~~ ~~the~~ point in the appropriate zone of *the Kentucky State Plane Coordinate System* ~~this system,~~ shall consist of two (2) distances expressed in *customary* ~~U. S. survey~~ feet and decimals of a foot *or meters and decimals of a meter* ~~when using the Kentucky Coordinate System of 1983~~. *When the values are expressed in customary feet, the meter to foot conversion factor for the respective Kentucky State*

*Plane Coordinate System series, as specified in subsection (3) of this section, shall be used.* ~~For the Kentucky Coordinate System of 1983, ]~~ One (1) of the distances, to be known as the "*North y-coordinate*," ~~["northing" or "N"]~~, shall give the *distance north of the X axis* ~~[position in a north/south direction]~~. The other, to be known as the "*East x-coordinate*," ~~["easting" or "E"]~~ shall give the *distance east of the Y axis*. *The Y axis of any zone shall be parallel with the central meridian of that zone. The X axis of any zone shall be at right angles to the central meridian of that zone* ~~[position in an east/west direction.   - (c) The judgment for damages was not of the type that permitted the court to enter an award of periodic damages, and the local government has failed to pay the damages due in full after the passage of twenty-four (24) months from the entry of a final judgment.

  2. The employee's duties are not primarily clerical or administrative.
- (c) The effective date of participation under hazardous duty coverage for positions in the Department of Alcoholic Beverage Control shall be April 1, 1998. The employer and employee contributions shall be paid by the employer and forwarded to the retirement system for the period not previously reported.
- (2) (a) Each employer may request of the board hazardous duty coverage for those positions as defined in subsection (1) of this section. Upon request, each employer shall certify to the system, in the manner prescribed by the board, the names of all employees working in a hazardous position as defined in subsection (1) of this section for which coverage is requested. The certification of the employer shall bear the approval of the agent or agency responsible for the budget of the department or county indicating that the required employer contributions have been provided for in the budget of the employing department or county. The system shall determine whether the employees whose names have been certified by the employer are working in positions meeting the definition of a hazardous position as provided by subsection (1) of this section. This process shall not be required for employees who elect coverage under KRS 196.167(3)(b)2.

- (b) Each employer desiring to provide hazardous duty coverage to employees who begin participating in the County Employees Retirement System on or after September 1, 2008, may request that the board approve hazardous duty coverage for those positions that meet the criteria set forth in subsection (1)(b) of this section. The board shall have the authority to remove any employee from hazardous duty coverage if the board determines the employee is not working in a hazardous duty position or if the employee is classified in a hazardous duty position but has individual job duties that do not meet the definition of a hazardous duty position or are not accurately reflected in the job descriptions filed by the employer with the system.
- (3) (a) An employee who elects coverage under KRS 196.167(3)(b)2., and an employee participating in the Kentucky Employees Retirement System who is determined by the system to be working in a hazardous position in accordance with subsection (2) of this section, shall contribute, for each pay period for which he receives compensation, eight percent (8%) of his creditable compensation. - (b) Each employer shall pay employer contributions based on the creditable compensation of the employees determined by the system to be working in a hazardous position at the employer contribution rate as determined by the board. The rate shall be determined by actuarial methods consistent with the provisions of KRS 61.565 *or Section 8, as applicable*.
- (c) If the employer participated in the system prior to electing hazardous duty coverage, the employer may pay to the system the cost of converting the nonhazardous service to hazardous service from the date of participation to the date the payment is made, or the employer may establish a payment schedule for payment of the cost of the hazardous service above that which would be funded within the existing employer contribution rate. The employer may extend the payment schedule to a maximum of thirty (30) years. Payments made by the employer under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members. If the employer elects not to make the additional payment, the employee may pay the cost of converting the service and provide payment for the cost as provided by KRS 61.552(14). Payments made by the employee under this subsection shall not be picked up, as described in KRS 61.560(4), by the employer. If neither the employer nor employee makes the payment, the service prior to hazardous coverage shall remain nonhazardous. The provisions of this paragraph shall not apply to members who begin participating in the systems administered by Kentucky Retirement Systems *or County Employees Retirement System* on or after January 1, 2014.
- (4) The normal retirement age, retirement allowance, hybrid cash balance plans, other benefits, eligibility requirements, rights, and responsibilities of a member in a hazardous position, as prescribed by subsections (1), (2), and (3) of this section, and the responsibilities, rights, and requirements of his employer shall be as prescribed for a member and employer participating in the State Police Retirement System as provided for by KRS 16.505 to 16.652.
- (5) Any person employed in a hazardous position after July 1, 1972, shall be required to undergo a thorough medical examination by a licensed physician, and a copy of the medical report of the physician shall be retained on file by the employee's department or county and made available to the system upon request.
- (6) If doubt exists regarding the benefits payable to a hazardous position employee under this section, the board shall determine the benefits payable under KRS 61.510 to 61.705, or 78.510 to 78.852, or 16.505 to 16.652.

Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the Federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.
- (2) Employer and employee contributions shall be made as provided in KRS 61.510 to 61.705 and 78.510 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar (\$1), and the member shall be credited with additional service credit.
- (3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.
- (4)
  - (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment.
  - (b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment.
  - (c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:
    1. The retired member's final compensation shall be recomputed using creditable compensation for his period of reemployment; however, the final compensation resulting from the recalculation shall not be less than that of the member when his retirement allowance was last determined;
    2. If the retired member initially retired on or subsequent to his normal retirement date, his retirement allowance shall be recomputed by using the formula in KRS 61.595(1);
    3. If the retired member initially retired prior to his normal retirement date, his retirement allowance shall be recomputed using the formula in KRS 61.595(2), except that the member's age used in computing benefits shall be his age at the time of his initial retirement increased by the number of months of service credit earned for service performed during reemployment;
    4. The retirement allowance payments resulting from the recomputation under this subsection shall be payable in the month following the termination of reemployment in lieu of payments under subparagraph 3. The member shall not receive less in benefits as a result of the recomputation than he was receiving prior to reemployment or would receive as determined under KRS 61.691; and
    5. Any retired member who was reemployed prior to March 26, 1974, shall begin making contributions to the system in accordance with the provisions of this section on the first day of the month following March 26, 1974.
- (5) A retired member, or his estate, shall pay to the retirement fund the total amount of payments which are not suspended in accordance with subsection (1) of this section if the member received more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment, except the retired member or his estate may repay the lesser of the total amount of payments which were not suspended or fifty cents (\$0.50) of each dollar earned over the maximum permissible earnings during reemployment if under age sixty-five (65), or one dollar (\$1) for every three dollars (\$3) earned if over age sixty-five (65).
- (6)
  - (a) "Reemployment" or "reinstatement" as used in this section shall not include a retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095.

- (7) (a) Effective August 1, 1998, the provisions of subsections (1) to (4) of this section shall no longer apply to a retired member who is reemployed in a position covered by the same retirement system from which the member retired. Reemployed retired members shall be treated as new members upon reemployment. Any retired member whose reemployment date preceded August 1, 1998, who does not elect, within sixty (60) days of notification by the retirement systems, to remain under the provisions of subsections (1) to (4) of this section shall be deemed to have elected to participate under this subsection.
- (b) A retired member whose disability retirement was discontinued pursuant to KRS 61.615 and who is reemployed in one (1) of the systems administered by the Kentucky Retirement Systems *or County Employees Retirement System* prior to his or her normal retirement date shall have his or her accounts combined upon termination for determining eligibility for benefits. If the member is eligible for retirement, the member's service and creditable compensation earned as a result of his or her reemployment shall be used in the calculation of benefits, except that the member's final compensation shall not be less than the final compensation last used in determining his or her retirement allowance. The member shall not change beneficiary or payment option designations. This provision shall apply to members reemployed on or after August 1, 1998.
- (8) If a retired member accepts employment or begins serving as a volunteer with an employer participating in the systems administered by Kentucky Retirement Systems *or County Employees Retirement System* within twelve (12) months of his or her retirement date, the retired member shall notify the retirement system and the participating employer shall submit the information required or requested by the systems to confirm the individual's employment or volunteer status. The retired member shall not be required to notify the retirement systems regarding any employment or volunteer service with a participating agency that is accepted after twelve (12) months following his or her retirement date.
- (9) If the retired member is under a contract to provide services as an independent contractor or leased employee to an employer participating in the systems administered by Kentucky Retirement Systems *or County Employees Retirement System* within twelve (12) months of his or her retirement date, the member shall submit a copy of that contract to the retirement system, and the retirement system shall determine if the member is an independent contractor or leased employee for purposes of retirement benefits. The retired member and the participating employer shall submit the information required or requested by the systems to confirm the individual's status as an independent contractor or leased employee. The retired member shall not be required to notify the retirement systems regarding any services entered into as an independent contractor or leased employee with a participating agency that the employee enters into after twelve (12) months following his or her retirement date.
- (10) If a member is receiving a retirement allowance, or has filed the forms required for a retirement allowance, and is employed within one (1) month of the member's initial retirement date in a position that is required to participate in the same retirement system from which the member retired, the member's retirement shall be voided and the member shall repay to the retirement system all benefits received. The member shall contribute to the member account established for him prior to his voided retirement. The retirement allowance for which the member shall be eligible upon retirement shall be determined by total service and creditable compensation.

In cases where general purpose county government does not participate, but the sheriff and his employees or the county clerk and his employees do, the sheriff or the clerk shall retain the order in his office. The authority to issue and properly record such order of participation being hereby granted, permits such county to participate in the system. The effective date of such participation shall be fixed in the order.
- (b) Notwithstanding any statute to the contrary, after April 9, 2002, the systems shall deny the request for participation of any agency which does not have an irrevocable contract with the state Personnel

Cabinet for health insurance coverage under KRS 18A.225 to 18A.229 for its active employees, except that:

1. County governments entering the system between April 9, 2002, and July 1, 2003, under this section shall be excluded from this requirement; and
  2. Agencies entering the system on or after April 9, 2002, which were established by a merger or an interlocal agreement to provide public services shall be excluded from this requirement if all agencies entering into the merger or interlocal agreement had an initial participation date with the system prior to April 9, 2002.
- (2) Once a county or school board participates, it shall thereafter continue to participate, except as provided in KRS 78.535.
- (3) (a) Concurrent with the adoption of the appropriate resolution to participate in the system, a county may elect the alternate participation plan which will require the county to purchase on behalf of each employee electing coverage, at the time the county elected to participate in the system as provided under **subsection (1)(b) and (c) of Section 35 of this Act** ~~KRS 78.540(2)~~, current service credit for employment in regular full-time positions between July 1, 1958, and the participation date of the county. Accumulated service shall include service for which an employee received a refund pursuant to KRS 95.620 or 95.866, if such refund has been repaid. If the employee has not yet repaid the refund, he may make payment to the system by any method acceptable to the system, and the requirement of five (5) years of continuous reemployment prior to repayment of refunds shall not apply. The maximum period allowed in a payment schedule shall be thirty (30) years, with interest at the rate actuarially assumed by the board. A shorter period is desirable and the board may approve any payment schedule provided it is not longer than a thirty (30) year period, except that cities which participate in the system pursuant to subsection (6) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 may, at their option, extend the payment schedule to a maximum of thirty (30) years, may choose to make level payments at the interest rate actuarially assumed by the board over the life of the payment schedule chosen, and may retain employer contributions and the earnings thereon attributable to employees electing coverage;
- (c) A city entering the system under the alternate participation plan, may, by ordinance, levy a special property tax to pay for current service credit purchased for the period between July 1, 1958, and the participation date of the city. In addition, the city may maintain any tax, the proceeds of which had been devoted to funding pension obligations under the locally administered plan prior to participation in the system, for the purpose of funding current service costs incurred after the date of participation. The city may increase the tax to pay current service costs which exceed the local pension system costs to which the tax had been devoted, but the city shall not collect from the tax more revenues than are necessary to pay current service costs incurred after the date of participation. The city may continue the tax so long as it participates in the system, and the tax shall not be subject to the provisions of KRS 132.017 or 132.027. The city shall not collect either tax authorized by this paragraph if its participation has been terminated pursuant to **Section 34 of this Act** ~~KRS 61.522~~;
- (d) The county may at a later date purchase current service credit from July 1, 1958, to the participation date of the county by alternate participation plan for those employees who rejected membership in the system at the time the county first participated. In addition, the employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the

participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by adding it to the existing payment schedule established under paragraph (b) of this subsection;

- (e) A county which did not participate by alternate participation may, until July 1, 1991, purchase current service credit for those employees who rejected membership in the system at the time the county first participated. The employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. The county shall pay the cost of the service credit by lump sum or by establishing a payment schedule under paragraph (b) of this subsection; and
  - (f) A county which participated in the system but did not elect the alternate participation plan may at a later date elect the alternate participation plan. In this case, the county shall purchase on behalf of each employee participating in the system current service credit for employment in regular full-time positions between July 1, 1958, or a later date selected by the county government, and the participation date of the county. The county shall also purchase, for employees who decide to participate when the county elects the alternate participation plan, current service credit for employment in regular full-time positions between July 1, 1958, or the later date selected by the county government, and the participation date of the county. In addition, the county shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by a payment schedule established under paragraph (b) of this subsection.
  - (g) Notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, this subsection shall not apply to members who begin participating in the system on or after January 1, 2014, and no county that elects to participate in the system on or after January 1, 2014, shall be eligible to participate under the alternate participation plan.
- (4) Every school board not participating on June 21, 1974, shall enact a resolution of participation no later than July 1, 1976.
  - (5) The order of the governing body of a county, as provided for in subsection (1) of this section, may exclude from participation in the system hospitals and any other semi-independent agency. Each such excluded agency shall be identified in the order authorizing participation and such excluded agency may participate in the system as a separate agency.
  - (6) (a) After August 1, 1988, except as permitted by KRS 65.156, no local government retirement system shall be created pursuant to KRS 70.580 to 70.598 and any local government retirement systems created pursuant to KRS 79.080, 90.400, 90.410, 95.768, and KRS Chapter 96 shall be closed to new members. Each city participating in the County Employees Retirement System pursuant to this subsection shall execute the appropriate order authorizing such participation, shall select the alternate participation plan as described in subsection (3) of this section, and shall pay for the actuarial services necessary to determine the additional costs of alternate

participation. Cities which closed their local pension systems to new members and participated in the system prior to July 15, 1988, whose employees at the time of transition were given the option to join the system shall not be required to offer said employees a second option to join the system.

- (b) Notwithstanding any statute to the contrary, after April 9, 2002, the ~~system~~~~systems~~ shall deny the request for participation of any agency which does not have an irrevocable contract with the state Personnel Cabinet for health insurance coverage under KRS 18A.225 to 18A.229 for its active employees, except that agencies entering the system on or after April 9, 2002, which were established by a merger or an interlocal agreement to provide public services shall be excluded from this requirement if all agencies entering into the merger or interlocal agreement had an initial participation date with the system prior to April 9, 2002.
- (7) Any city which closed a police and firefighter pension plan to new members between January 1, 1988, and July 15, 1988, and participated in the system under the alternate participation plan shall, if its police and firefighters were not covered by Social Security, or any city which operates a pension under KRS 90.400 or 90.410, shall be required to certify that its police and firefighters are working in hazardous positions, and shall offer its police and firefighters in service at the time of entry a second option to participate under hazardous duty coverage if they were not offered hazardous duty coverage at the time of their first option. The provisions of subsection (3)(b) of this section notwithstanding, a city affected by this subsection may, at its option, extend its payment schedule to the County Employees Retirement System for alternate participation to thirty (30) years at the rate actuarially assumed by the board.

2. *The cessation of participation in the system shall apply to all employees of the employer;*
3. *The employer shall pay for all administrative costs of an actuarial study to be completed by the County Employees Retirement System consulting actuary and for any other administrative costs for discontinuing participation in the system as determined by the board and as provided by this section;*
4. *The employer shall provide an alternative retirement program for employees who will no longer be covered by the system, which may include a voluntary defined contribution plan;*
5. *If the alternative retirement program established by the employer meets the qualification requirements under 26 U.S.C. sec. 401(a) and is capable of accepting trustee-to-trustee transfers of both pre-tax and post-tax contributions, an employee of the employer ceasing participation may seek to transfer his or her account balance to the employer's qualified*

*alternate retirement program within sixty (60) days of the employer's effective cessation date. An employee's election to transfer his or her account balance within sixty (60) days of the employer's effective cessation date is an irrevocable waiver of the right to obtain service credits in the system for the time worked for the employer ceasing participation; and*

6. *The employer shall pay by lump sum to the system the full actuarial cost of the benefits accrued by its current and former employees in the system as determined separately for the pension fund and the insurance fund by the actuarial study required by subparagraph 3. of this paragraph. The full actuarial cost shall not include any employee who seeks to transfer his or her account balance to the alternative retirement program as provided by subparagraph 5. of this paragraph within sixty (60) days of the employer's effective cessation date. The actuarial cost shall be fixed, and the employer shall not be subject to any increases or subsequent adjustments, once the lump sum is paid.*
- (b) *If the board determines an employer must involuntarily cease participation in the system as provided by subsection (2)(b) of this section:*
  1. *The cessation of participation in the system shall apply to all employees of the employer;*
  2. *The employer shall pay for all administrative costs of an actuarial study to be completed by the County Employees Retirement System consulting actuary and for any other administrative costs for discontinuing participation in the system as determined by the board and as provided by this section; and*
  3. *The employer shall pay by lump sum to the system the full actuarial cost of the benefits accrued by its current and former employees in the system as determined separately for the pension fund and the insurance fund by the actuarial study required by subparagraph 2. of this paragraph. The actuarial cost shall be fixed, and the employer shall not be subject to any increases or subsequent adjustments, once the lump sum is paid.*
- (4) *Any employee hired on or after the employer's effective cessation date by an employer who has ceased participation in the system as provided by this section shall not, regardless of his or her membership date in the County Employees Retirement System, be eligible to participate in the County Employees Retirement System through the employer that ceased participation for the duration of his or her employment with that employer.*
- (5) *If an employer has ceased participation in the system as provided by this section:*
  - (a) *The rights of recipients and the vested rights of inactive members accrued as of the employer's effective cessation date shall not be impaired or reduced in any manner as a result of the employer ceasing participation in the system; and*
  - (b) *Employees of the employer ceasing participation shall accrue benefits through the employer's effective cessation date but shall not accrue any additional benefits in the County Employees Retirement System, including earning years of service credit through the ceased employer, after the employer's effective cessation date for as long as they remain employed by the employer. The day after the employer's effective cessation date, each employee described by this paragraph shall be considered an inactive member with respect to his or her employment with the employer that ceased participation and, subject to the provisions and limitations of KRS 78.510 to 78.852, shall:*
    1. *Retain his or her accounts with the County Employees Retirement System and have those accounts credited with interest in accordance with KRS 78.510 to 78.852;*

    3. *Be eligible to take a refund of his or her accumulated account balance in accordance with KRS 61.625 or any other available distribution if eligible.*
- (6) *For purposes of this section, the full actuarial cost shall be determined by the County Employees Retirement System consulting actuary separately for the pension fund and the insurance fund using the assumptions and methodology established by the system specifically for determining the full actuarial cost of ceasing participation as of the employer's effective cessation date. For purposes of determining the full actuarial cost, the assumed rate of return used to calculate the cost shall be the lesser of the assumed rate of return utilized in the system's most recent actuarial valuation or the yield on a thirty (30) year United States treasury bond as of the employer's effective cessation date, but shall in no case be lower than the assumed*

*rate of return utilized in the system's most recent actuarial valuation minus three and one-half percent (3.5%).*

- (7) *The system shall promulgate administrative regulations pursuant to KRS Chapter 13A to administer this section.*
- (8) *Any employer who voluntarily ceases participation, or who is required to involuntarily cease participation as provided in this section, shall hold the Commonwealth harmless from damages, attorney's fees, and costs from legal claims for any cause of action brought by any member or retired member of the departing employer.*

➔Section 36. KRS 78.610 is amended to read as follows:

- (1) Each employee shall, commencing on August 1, 1990, contribute, for each pay period for which he receives compensation, five percent (5%) of his creditable compensation.
- (2) The agency reporting official of a participating county shall cause to be deducted from the "creditable compensation" of each employee for each and every payroll period subsequent to the date the county participated in the system the contribution payable by the member as provided in KRS 78.510 to 78.852. The agency reporting official shall promptly pay the deducted employee contributions to the system in accordance with KRS 78.625.
- (3) The deductions provided for in subsection (2) of this section shall be made notwithstanding that the minimum compensation provided by law for any employee shall be reduced thereby. Every employee shall be deemed to consent and agree to the deductions made as provided in subsection (2) of this section; and payment of salary or compensation less the deductions shall be a full and complete discharge of all claims for services rendered by the person during the period covered by the payment, except as to any benefits provided by KRS 78.510 to 78.852.
- (4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010. These contributions shall not be included as gross income of the employee until the contributions are distributed or made available to the employee. The picked-up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. Each employer shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee

contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 78.510 to 78.852 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

- (5) The provisions of this section shall not apply to individuals who are not eligible for membership as provided by **Section 34 of this Act**~~[KRS 61.522]~~.

➔Section 37. KRS 78.615 is amended to read as follows:

- (1) Employee contributions shall be deducted each payroll period from the creditable compensation of each employee of an agency participating in the system while he is classified as regular full-time as defined in KRS 78.510 unless the person did not elect to become a member as provided by KRS 78.540~~(2)~~ or is not eligible to participate in the system as provided by **Section 34 of this Act**~~[KRS 61.522]~~. After August 1, 1982, employee contributions shall be picked up by the employer pursuant to KRS 78.610(4).
- (a) For employees who are not employed by a school board, service credit shall be allowed for each month contributions are deducted or picked up during a fiscal or calendar year, if the employee receives creditable compensation for an average of one hundred (100) hours or more of work per month based on the actual hours worked in a calendar or fiscal year. If the average number of hours of work is less than one hundred (100) hours per month, the employee shall be allowed credit only for those months he receives creditable compensation for one hundred (100) hours of work.
- (b) For noncertified employees of school boards, for service prior to July 1, 2000, service credit shall be allowed for each month contributions are deducted or picked up under the employee's employment contract during a school year determined by dividing the actual number of contracted calendar days worked by twenty (20) and rounded to the nearest whole month if the employee receives creditable compensation for an average of eighty (80) or more hours of work per month based on the employee's employment contract. The school board shall certify the number of calendar days worked, the rate of pay, and the hours in a work day for each employee monthly or annually. The employer shall file at the retirement office the final monthly report or the annual report for a fiscal year no later than twenty (20) days following the completion of the fiscal year. The retirement system shall impose a penalty on the employer of one thousand dollars (\$1,000) if the information is not submitted by the date required with an additional two hundred and fifty dollars (\$250) for each additional thirty (30) day period the information is reported late.
1. If the employee works fewer than the number of contracted calendar days, the employee shall receive service credit determined by dividing the actual number of contracted calendar days worked by twenty (20) and rounded to the nearest whole month, provided that the number of hours worked during the period averages eighty (80) or more hours.
  2. If the employee works fewer than the number of contracted calendar days and the average number of hours worked is less than eighty (80) per month, then the employee shall receive service credit for each calendar month in which he worked eighty (80) or more hours.
  3. The retirement system shall refund contributions and service credit for any period for which the employee is not given credit under this subsection.
- (c) For noncertified employees of school boards, for service on and after July 1, 2000, at the close of each fiscal year, the retirement system shall add service credit to the account of each employee who made contributions to his or her account during the year. Employees shall be entitled to a full year of service credit if their total paid calendar days were not less than one hundred eighty (180) calendar days for a regular school or fiscal year. In the event an employee is paid for less than one hundred eighty (180) calendar days, the employee may purchase credit according to administrative regulations promulgated by the system. In no case shall more than one (1) year of service be credited for all service performed in one (1) fiscal year. Employees who complete their employment contract prior to the close of a fiscal year and elect to retire prior to the close of a fiscal year shall have their service credit reduced by eight percent (8%) for each calendar month that the retirement becomes effective prior to July 1. Employees who are employed and paid for less than the number of calendar days required in their normal employment year shall be entitled to pro rata service credit for the fractional service. This credit shall be based upon the number of calendar days employed and the number of calendar days in the employee's annual employment agreement or normal employment year. Service credit may not exceed the ratio between the school or fiscal year and the number of months or fraction of a month the employee is employed during that year.

- (d) Notwithstanding paragraph (c) of this subsection, a noncertified employee of a school board who retires between July 1, 2000, and August 1, 2001, may choose to have service earned between July 1, 2000, and August 1, 2001, credited as described in paragraph (b) of this subsection, if the employee or retired member notifies the retirement system within one (1) year of his initial retirement. The decision once made shall be irrevocable.
- (2) Employee contributions shall not be deducted from the creditable compensation of any employee or picked up by the employer while he is seasonal, emergency, temporary, or part-time. No service credit shall be earned.
- (3) Contributions shall not be made or picked up by the employer and no service credit shall be earned by a member while on leave except:
  - (a) A member on military leave shall be entitled to service credit in accordance with KRS 61.555; and
  - (b) A member on educational leave who meets the criteria established by the state Personnel Cabinet for approved educational leave, who is receiving seventy-five percent (75%) or more of full salary, shall receive service credit and shall pay member contributions in accordance with KRS 78.610, and his employer shall pay employer contributions or the contributions shall be picked up in accordance with **Section 8 of this Act**~~[KRS 61.565]~~. If a tuition agreement is broken by the member, the member and employer contributions paid or picked up during the period of educational leave shall be refunded.
- (4) The retirement office, upon detection, shall refund any erroneous employer and employee contributions made to the retirement system and any interest credited in accordance with KRS 78.640.

➔Section 38. KRS 78.625 is amended to read as follows:

- (1) ***The employer shall prepare the reporting records necessary for the system to administer the provisions of KRS 78.510 to 78.852 and, from time to time, shall furnish the information the system may require in the discharge of its duties. Upon employment of an employee, the employer shall inform him or her of his or her duties and obligations in connection with the system as a condition of employment.***
- (2) The agency reporting official of the county shall file the following at the retirement office on or before the tenth day of the month following the period being reported:

- (b) Delinquent contributions, with interest at the rate adopted by the board compounded annually, or penalties may be recovered by action in the Franklin Circuit Court against the county liable or may, at the request of the board, be deducted from any other moneys payable to the county by any department or agency of the state.
- ~~(4)(3)~~ If an agency is delinquent in the payment of contributions due in accordance with any of the provisions of KRS 78.510 to 78.852, refunds and retirement allowance payments to members of this agency may be suspended until the delinquent contributions, with interest at the rate adopted by the board compounded annually, or penalties have been paid to the system.
- (5) ***The system may at any time conduct an audit of the employer in order to determine if the employer is complying with the provisions of KRS 78.510 to 78.852. The system shall have access to and may examine all books, accounts, reports, correspondence files, and records of any employer. Every employer, employee, or agency reporting official of a county, as defined in subsection (3) of Section 32 of this Act, having records in its possession or under its control, shall permit access to and examination of the records upon the request of the system.***

The city shall have the right to use assets in the local pension fund, other than assets necessary to pay benefits to the remaining active members of the local policemen's pension system and to retirees and their survivors as determined by actuarial valuation, to assist in the payment of the annual installment cost of alternate participation. All policemen who become members of the County Employees Retirement System pursuant to this section shall be granted hazardous duty coverage, and the city may, at its option, purchase accumulated sick leave for each policeman upon retirement pursuant to KRS 78.616.

The city shall have the right to use assets in the local firefighters' pension fund, other than assets necessary to pay benefits to the remaining active members of the local firefighters' pension system and to retirees and their survivors as determined by actuarial valuation, to assist in the payment of the annual installment cost of alternate participation. After certification by the County Employees Retirement System of eligibility for hazardous duty coverage, each firefighter who becomes a member of the County Employees Retirement System pursuant to this section shall be granted hazardous duty coverage.
- (9) Notwithstanding the provisions of *Sections 8 and 28 of this Act* ~~KRS 61.565~~, which relate to the contributions required of participating employers, any city of the first class participating in the County Employees Retirement System hazardous duty pension plan which has in effect a collective bargaining agreement with a group of employees who participate in said plan, shall have the right to enter into agreement with its employees or with their respective collective bargaining representatives. This agreement may include, but is not limited to, specifications of what portion of the required employer contribution shall be borne by the participating employer and what portion shall be borne by the participating employee. This provision in no way modifies the employer's obligation to remit the contributions required by the County Employees Retirement System pursuant to *Sections 8 and 28 of this Act* ~~KRS 61.565~~, whether such contributions are borne by the city or by its participating employees.
- (10) With regard to the employer participation or employer contributions pursuant to *Sections 8 and 28 of this Act* ~~KRS 61.565~~ as it relates to future pension contribution requirements or as it relates to payback period or interest charge for service liability cost under alternate participation, if any statute or any resolution of the appropriate state board of trustees having authority over employer participation or employer contribution grants any terms or conditions to any city of the home rule class, or to any county, or to any urban-county government, which are more favorable in terms of participation than terms or conditions granted to any city of the first class, then said provisions for employer participation or contribution shall be available to the city of the first class, at its option and effective upon adoption by the city of the first class and notification to the County Employees Retirement System.

The Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in the applicable provisions of the Internal Revenue Code and any regulations and rulings issued thereunder.
- (b) For purposes of this subsection, "grandfathered service" means service purchases for which a member, whose membership date in the system is prior to July 1, 1999, is eligible to purchase under KRS 16.505 to 16.652, 61.510 to 61.705, or 78.510 to 78.852, that were available for all members of the system to purchase on August 5, 1997.
- (c) 1. For service purchased under a before-tax or after-tax installment purchase of service agreement as provided by paragraph (a)2. of this subsection, the cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal, except that interest compounded annually at the actuarial rate in effect at the time the member elects to make the purchase shall be added for the period that the installments are to be made.
2. Multiple service purchases may be combined under a single installment agreement, except that no employee may make more than one (1) installment purchase at the same time.
3. For after-tax installment purchase of service agreements, the employee may elect to stop the installment payments by notifying the retirement system; may have the installment purchase recalculated to add one (1) or more additional service purchases; or may pay by lump sum the remaining principal or a portion of the remaining principal.
4. Before-tax installment purchase of service agreements shall be irrevocable, and the employee shall not be able to stop installment payments or to pay off the remaining balance of the purchase of service agreement, except upon termination of employment or death.
5. One (1) year of installment payments shall be made for each one thousand dollars (\$1,000) or any part thereof of the total cost, except that the total period allowed for installments shall not be less than one (1) year and shall not exceed five (5) years.
6. The employee shall pay the installments by payroll deduction for after-tax purchase of service agreements, and the employer shall pick up installments for before-tax purchase of service agreements. Upon notification by the retirement system, the employer shall report the installment payments either monthly or semimonthly continuously over each twelve (12) month period at the same time as, but separate from, regular employee contributions on the forms or by the computer format specified by the board.

7. The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member's account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.
8. If the employee utilizing an installment purchase of service agreement dies, retires, does not continue employment in a position required to participate in the retirement system, or elects to stop an after-tax installment purchase of service agreement, the member, or in the case of death, the beneficiary, shall have sixty (60) days to pay the remaining principal or a portion of the remaining principal of the installment purchase of service agreement by lump sum, subject to the restrictions of paragraph (a)1. of this subsection, or by transfer of funds under paragraph (a)3. of this subsection, except that payment by the member shall be filed with the system prior to the member's effective retirement date. If the member or beneficiary does not pay the remaining cost, the retirement system shall refund to the member or the beneficiary the payment, payments, or portion of a payment that does not represent a full month of service purchased, except as provided by subsection (22) of this section.
9. If the employer does not report installment payments on an employee for sixty (60) days for an after-tax installment purchase of service agreement, except in the case of employees on military leave or sick leave without pay, the installment purchase shall cease and the retirement system shall refund to the employee the payment, payments, or portion of a payment that does not represent a full month of service purchased.
10. Installment payments of employees on military leave or sick leave without pay shall be suspended during the period of leave and shall resume without recalculation upon the employee's return from leave.
11. If payments have ceased under subparagraph 8. or 9. of this paragraph and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments, subject to the restrictions of this subsection. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection.

    1. The microbrewery possesses a retail package license for those premises; and

The provisions of this section shall not be deemed inconsistent with the provisions of KRS 244.602.

## CHAPTER 82

## ( SB 249 )

AN ACT relating to retirement and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 61.565 is repealed, reenacted, and amended to read as follows:

- (1) (a) Each employer participating in the State Police Retirement System as provided for in KRS 16.505 to 16.652, the County Employees Retirement System as provided for in KRS 78.510 to 78.852, and the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute annually to the respective retirement system an amount determined by the actuarial valuation completed in accordance with KRS 61.670 and as specified by this section. Employer contributions for each respective retirement system shall be equal to the sum of the "normal cost contribution" and the "actuarially accrued liability contribution."
- (b) For purposes of this section, the normal cost contribution shall be computed as a percentage of pay and shall be an annual amount that is sufficient when combined with employee contributions to fund benefits earned during the year in the respective system~~[or plan, including costs for those members who elect to participate in the 401(a) money purchase plan]~~. The amount shall be:
  1. Paid as a percentage of creditable compensation reported for each employee participating in the system~~[or plan]~~ and accruing benefits; *and*
  2. *The same percentage of pay for all employees who are participating in the same retirement system, except that separate percentage rates shall be developed in each system for those employers whose employees are participating in hazardous duty retirement coverage as provided by KRS 61.592.*
- (c) For purposes of this section, the actuarially accrued liability contribution shall be:
  1. *Computed by amortizing*~~[an annual dollar amount that is sufficient to amortize]~~ the total unfunded actuarially accrued liability of each system over a closed period of thirty (30) years *beginning with the 2019 actuarial valuation* using the *level percentage of payroll*~~[level dollar]~~ amortization method, *except that any increase or decrease in the unfunded actuarially accrued liability occurring after the completion of the 2019 actuarial valuation shall be amortized over a closed period of twenty (20) years beginning with the actuarial valuation in which the increase or decrease in the unfunded actuarially accrued liability is recognized. An increase or decrease in the unfunded actuarially accrued liability may result from, but not be limited to, legislative changes to benefits, changes in actuarial methods or assumptions, or actuarial gains or losses;*
  2. *Paid as a percentage of payroll on the creditable compensation reported for each employee participating in the system and accruing benefits; and*
  3. *The same percentage of pay for all employees who are participating in the same retirement system, except that separate percentage rates shall be developed in each system for those employers whose employees are participating in hazardous duty retirement coverage as provided by KRS 61.592.* ~~[This method shall be used beginning with the 2019 actuarial valuation, and employer costs for the actuarially accrued liability contribution shall be prorated to each employer as provided by paragraph (f) of this subsection.]~~
- (d) The employer contributions computed under this section shall be determined using:
  1. The entry age normal cost funding method;
  2. An asset smoothing method that smooths investment gains and losses over a five (5) year period; and

3. Other funding methods and assumptions established by the board in accordance with KRS 61.670.
- (e) Effective with the 2019 actuarial valuation, the amortization period for the Kentucky Employees Retirement System, the County Employees Retirement System, and the State Police Retirement System **for liabilities accrued as of the 2019 actuarial valuation** shall be reset to a new thirty (30) year closed period for purposes of calculating the actuarially accrued liability contribution prescribed by **paragraph (c)** this subsection.
- ~~{(f) The dollar value of the actuarially accrued liability contribution specified by paragraph (e) of this subsection payable by each individual system employer based upon the 2019 actuarial valuation shall be prorated based upon the individual employer's average percentage of the total creditable compensation reported by all employers in the specific system in fiscal years 2014-2015, 2015-2016, and 2016-2017, except that the amount shall:~~
  - ~~1. Not apply to any employer who ceases participation and pays the full actuarial cost of ceasing participation as provided by KRS 61.522;~~
  - ~~2. Be adjusted for each remaining employer of a system to reflect any employer who ceases participation and who pays the full actuarial cost of ceasing participation as provided by KRS 61.522; and~~
  - ~~3. Be a single amount for all executive branch departments, program cabinets and their respective departments and administrative bodies enumerated in KRS 12.020, and any other executive branch agencies administratively attached to a department, program cabinet, or administrative body enumerated in KRS 12.020.}~~
- (2) (a) Normal cost contribution rates and the actuarially accrued liability contribution shall be determined by the board on the basis of the annual actuarial valuation last preceding the July 1 of a new biennium.
- (b) The board may amend contribution rates as of July 1 of the second year of a biennium **for the County Employees Retirement System**, if it is determined on the basis of a subsequent actuarial valuation that amended contribution rates are necessary to satisfy the requirements of this section.

The actuarial cost shall be fixed, and the employer shall not be subject to any increases or subsequent adjustments, once the lump sum is paid.
- A Kentucky Employees Retirement System employer who ceases participation in the systems under this paragraph shall not establish or contribute to on behalf of its employees a defined benefit plan which by its nature can have an unfunded liability;
- (4) Any employee hired on or after the employer's effective cessation date by an employer who has ceased participation in the system as provided by this section shall not, regardless of his or her membership date in the systems administered by Kentucky Retirement Systems, be eligible to participate in the Kentucky Employees Retirement System or the County Employees Retirement System through the employer that ceased participation for the duration of his or her employment with that employer;
  - (5) If an employer has ceased participation in the system as provided by this section:

- (a) The rights of recipients and the vested rights of inactive members accrued as of the employer's effective cessation date shall not be impaired or reduced in any manner as a result of the employer ceasing participation in the system; and
- (b) Except as provided by subsection (8)(d)2. of this section, employees of the employer ceasing participation shall accrue benefits through the employer's effective cessation date but shall not accrue any additional benefits in the Kentucky Employees Retirement System or the County Employees Retirement System, including earning years of service credit through the ceased employer, after the employer's effective cessation date for as long as they remain employed by the employer. The day after the employer's effective cessation date, each employee described by this paragraph, except as provided by subsection (8)(d)2. of this section, shall be considered an inactive member with respect to his or her employment with the employer that ceased participation and, subject to the provisions and limitations of KRS 61.510 to 61.705 and 78.510 to 78.852, shall:
  - 1. Retain his or her accounts with the Kentucky Employees Retirement System or the County Employees Retirement System and have those accounts credited with interest in accordance with KRS 61.510 to 61.705 and 78.510 to 78.852;
  - 2. Retain his or her vested rights in accordance with paragraph (a) of this subsection; and
  - 3. Be eligible to take a refund of his or her accumulated account balance in accordance with KRS 61.625 or any other available distribution if eligible;
- (6) (a) Kentucky Employees Retirement System employers who are county attorney offices, Commonwealth's attorney offices, local and district health departments governed by KRS Chapter 212, master commissioners, executive branch agencies whose employees are subject to KRS 18A.005 to 18A.200, state-administered retirement systems, state-supported universities and community colleges, property valuation administration offices, or employers in the legislative or judicial branch of Kentucky state government, shall not be eligible to voluntarily discontinue participation in the Kentucky Employees Retirement System, except that:
  - 1. Any employer who is a nonstock nonprofit corporation organized under KRS Chapter 273 may voluntarily cease participation; and
  - 2. Local and district health departments governed by KRS Chapter 212, state-supported universities and community colleges, and the Kentucky Higher Education Student Loan Corporation may voluntarily cease participation in the Kentucky Employees Retirement System solely under the provisions and requirements of subsection (8) of this section.
- (b) Only the employers in the County Employees Retirement System who are a nonstock nonprofit corporation organized under KRS Chapter 273 may voluntarily cease participation in the County Employees Retirement System;
- (7) For purposes of this section, the full actuarial cost shall be determined by the Kentucky Retirement Systems' consulting actuary separately for the pension fund and the insurance fund using the assumptions and methodology established by the system specifically for determining the full actuarial cost of ceasing participation as of the employer's effective cessation date. For purposes of determining the full actuarial cost, the assumed rate of return used to calculate the cost shall be the lesser of the assumed rate of return utilized in the system's most recent actuarial valuation or the yield on a thirty (30) year United States treasury bond as of the employer's effective cessation date, but shall in no case be lower than:
  - (a) Except as provided by paragraphs (b) to (e) of this subsection, the assumed rate of return utilized in the system's most recent actuarial valuation minus three and one-half percent (3.5%);
  - (b) Four and one-half percent (4.5%) for those Kentucky Employees Retirement System employers who voluntarily cease participation under the provisions of subsection (8) of this section who pay the costs of ceasing participation by lump-sum payment by June 30, ~~2022~~~~2021~~, and who do not make an election for their employees to continue to participate in the system after the employer's effective cessation date as provided by subsection (8)(d)3. of this section;
  - (c) Three and one-half percent (3.5%) for those Kentucky Employees Retirement System employers who voluntarily cease participation under the provisions of subsection (8) of this section who pay the costs of ceasing participation by lump-sum payment by June 30, ~~2022~~~~2021~~, and who do make an election for employees to continue to participate in the system after the employer's effective cessation date as provided by subsection (8)(d)2. of this section;

- (d) Three and one-half percent (3.5%) for those Kentucky Employees Retirement System employers who voluntarily cease participation under the provisions of subsection (8) of this section who pay the costs of ceasing participation by installment payments and who do not make an election for employees to continue to participate in the system after the employer's effective cessation date as provided by subsection (8)(d)3. of this section; or
  - (e) Three percent (3%) for those Kentucky Employees Retirement System employers who voluntarily cease participation under the provisions of subsection (8) of this section who pay the costs of ceasing participation by installment payments and who do make an election for employees to continue to participate in the system after the employer's effective cessation date as provided by subsection (8)(d)2. of this section;
- (8) Notwithstanding the provisions of this section, any Kentucky Employees Retirement System employer who is eligible to voluntarily cease participating as provided by subsection (6) of this section may, on or after April 1, 2020, but prior to May 1, ~~2021~~~~{2020}~~, ***except in the case of university or community college employers it shall be prior to January 1, 2021,*** elect to voluntarily cease participating in the systems for its nonhazardous employees by submitting a resolution in accordance with subsection (3)(a)1. of this section. If an employer makes an election to voluntarily cease participation by submitting a resolution as provided by this subsection:
- (a) The board shall accept any election to cease participation on or before June 30, ~~2021~~~~{2020}~~, and the employer's effective cessation date shall be June 30, ~~2021~~~~{2020}~~. Prior to May 1, ~~2021~~~~{2020}~~, ***or January 1, 2021, in the case of university or community college employers, the***~~[-an]~~ employer may rescind a previously submitted election to cease participation;
  - (b) Nonhazardous employees hired on or after the employer's effective cessation date by an employer who has ceased participation in the system as provided by this section shall not, regardless of his or her membership date in the systems administered by Kentucky Retirement Systems, be eligible to participate in the Kentucky Employees Retirement System through the employer that ceased participation for the duration of his or her employment with that ceasing employer;
  - (c) Nonhazardous employees hired prior to the employer's effective cessation date, who began participating in the systems administered by Kentucky Retirement Systems on or after January 1, 2014, and who are participating in the hybrid cash balance plan as provided by KRS 61.597, shall continue to contribute and earn service credit in the systems through the employer's effective cessation date. After the employer's effective cessation date, the employee shall participate in the alternative retirement plan established by the employer as provided by subsection (3)(a)4. of this section. A nonhazardous employee covered by this paragraph who elects to transfer his or her account balance within sixty (60) days of the employer's effective cessation date as provided by subsection (3)(a)5. of this section, shall, notwithstanding KRS 61.597, receive a transfer of the employee's accumulated account balance, including the entire accumulated employer credit, regardless of the employee's years of service credit;
  - (d)
    1. The employer shall, in the resolution submitted in accordance with subsection (3)(a)1. of this section, make an election as to whether or not nonhazardous employees hired prior to the employer's effective cessation date, who began participating in the systems administered by Kentucky Retirement Systems prior to January 1, 2014, who are participating in the systems administered by Kentucky Retirement Systems through the employer, will continue to participate in the system after the employer's effective cessation date.
    2. If the employer makes an election for the employees described by this paragraph to continue participating in the system after the employer's effective cessation date, these employees will continue to contribute and earn service credit in the systems for as long as they remain employed by the employer in a regular full-time position that is eligible to participate in the systems, except in the event the employer fails to make installment payments as provided by KRS 61.675(4). Any costs for the present value of future normal costs of the employees covered by this subparagraph who will contribute and earn service in the system after the employer's effective cessation date shall be included in the cost calculation established by subsection (7) of this section.
    3. If the employer does not make an election for the employees described by this paragraph to continue participating in the system after the employer's effective cessation date, these employees shall continue to contribute and earn service credit in the systems through the employer's effective cessation date. After the employer's effective cessation date, these

employees shall participate in the alternative retirement plan established by the employer as provided by subsection (3)(a)4. of this section;

- (e) The cost of ceasing participating to an individual employer shall be equal to the cost determined under subsection (7) of this section and shall include the costs of those employees who continue to participate in the system as provided by paragraph (d)2. of this subsection;
- (f) The employer may pay the full actuarial cost of ceasing participation by lump-sum payment or in installments as provided by paragraph (g) of this subsection;
- (g) If the employer elects to pay the costs in installment payments, the cost of ceasing participation as provided by this subsection shall be financed by the systems using the following method:
  1. Annual payments occurring on or after July 1, ~~2021~~~~{2020}~~, shall be a set dollar value and shall be paid in monthly installments. In fiscal year ~~2021-2022~~~~{2020-2021}~~, the set dollar value shall be equal to the higher of the actual contributions paid by the employer in fiscal year ~~2020-2021~~~~{2019-2020}~~ or the annualized average of the creditable compensation reported to the systems by the ceasing employer over the last sixty (60) months occurring prior to July 1, 2019, for which contributions were paid by the ceasing employer, and multiplied by an employer rate of forty-nine and forty-seven one-hundredths percent (49.47%). Annual payments, for fiscal years occurring on or after July 1, ~~2022~~~~{2021}~~, which shall be paid monthly, shall be increased by one and one-half percent (1.5%) annually and shall be paid until the cost as provided by subsection (7) of this section and as adjusted annually by subparagraphs 2. and 3. of this paragraph are paid in full or until an employer as described by subparagraph 4. of this paragraph has paid for thirty (30) years from the effective cessation date;
  2. Interest shall be assigned to the principal amount annually beginning on July 1, ~~2021~~~~{2020}~~, and for each July 1 thereafter, that is equal to a rate of five and one-quarter percent (5.25%) per annum for pension costs and at a rate of six and one-quarter percent (6.25%) per annum for retiree health costs;
  3. If an employer is not projected by the systems to pay off the full actuarial costs to cease participation with interest as provided by subparagraph 2. of this paragraph at the conclusion of the thirty (30) year installment period from the employer's effective cessation date, and the employer makes an election for employees to continue to participate in the system after the employer's effective cessation date as provided by paragraph (d)2. of this subsection, then the systems shall adjust the base value for the first annual payments occurring on or after July 1, ~~2021~~~~{2020}~~, in order to keep the maximum period of installments to thirty (30) years; and
  4. If an employer is not projected by the systems to pay off the full actuarial costs to cease participation with interest as provided by subparagraph 2. of this paragraph at the conclusion of the thirty (30) year installment period from the employer's effective cessation date, and the employer does not make an election for employees to continue to participate in the system after the employer's effective cessation date as provided by paragraph (d)3. of this subsection, the employer shall pay the amount determined by subparagraph 1. of this paragraph for thirty (30) years from the effective cessation date and no additional costs shall be billed to a ceasing employer after the conclusion of the thirty (30) year period nor shall the employer be subject to adjustments under subparagraph 3. of this paragraph. The system may request in future biennial executive branch budgets the additional funding needed on an annual basis to fully pay off the installments at the conclusion of the thirty (30) year period for the employers described by this paragraph, and it is the intent of the General Assembly to pay the additional funding needed by appropriation in the biennial executive branch budget.

An employer ceasing participation who is making installment payments as provided by this paragraph may at any time pay off a portion of the remaining balance or the entire remaining balance and shall not be charged any interest for periods beyond the pay-off date for the balance that is paid off;

- (h) Kentucky Employees Retirement System employers eligible to cease participation under the provisions of this subsection who do not make an election to cease participation in the system prior to May 1, ~~2021~~~~{2020}~~, **or prior to January 1, 2021, in the case of university and community college employers,** shall be required to pay the full actuarially determined contributions established by KRS 61.565 and 61.702 for fiscal years occurring on or after July 1, ~~2021~~~~{2020}~~; and

- (i) Kentucky Employees Retirement System employers who elect to cease participation in the system as provided by this subsection who are currently receiving a distribution of general fund appropriations in the biennial executive branch budget under the provisions of 2018 Ky. Acts ch. 169, Part I, G., 4., (5), 2018 Ky. Acts ch. 169, Part I, G., 5., (2), or 2018 Ky. Acts ch. 169, Part I, G., 9., (2) to help pay employer contributions to the system shall continue to receive the same level of distribution of general fund appropriations to help pay the costs of ceasing participation until such time that the employer's full actuarial costs of ceasing participation are paid off;
- (9) The Kentucky Retirement Systems shall promulgate administrative regulations pursuant to KRS Chapter 13A to administer this section;
- (10) (a) Any employer who voluntarily ceases participation, or who is required to involuntarily cease participation as provided in this section, shall hold the Commonwealth and the Kentucky Retirement Systems, including board members and employees of the Kentucky Retirement Systems, harmless from damages, attorney's fees and costs from legal claims for any cause of action brought by any member or retired member of the departing employer related to the employer's cessation of participation as set forth in this section.
- (b) Any employer who is voluntarily ceasing participation under the provisions of subsection (8) of this section shall be required to pledge any security in any relevant real estate, chattel paper, deposit accounts, documents, goods covered by documents, instruments, investment property, letters of credit rights, and money to the costs of ceasing participation until all costs of ceasing participation are paid in full; and
- (11) Notwithstanding any other provision of statute to the contrary, the provisions of KRS 61.510 to 61.705 and 78.510 to 78.852, and the administrative regulations promulgated thereunder, shall prevail regarding any question of participation in the systems of any employer or any employee of an employer who ceases participation in the Kentucky Employees Retirement System.

➔Section 4. The Kentucky Retirement Systems board of trustees shall amend the 2019 actuarial valuation for the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System in accordance with the provisions of Section 1 of this Act and shall provide the information to the Governor and General Assembly for purposes of the 2020-2022 biennial budgeting process.

➔Section 5. The amendments to Section 3 of this Act shall be retroactive back to April 1, 2020.

➔Section 6. Notwithstanding Section 1 of this Act and KRS 61.702, the employer contribution rates for the County Employees Retirement System from July 1, 2020, through June 30, 2021, shall remain 24.06 percent, consisting of 19.30 percent for pension and 4.76 percent for health insurance, for nonhazardous duty employees and 39.58 percent, consisting of 30.06 percent for pension and 9.52 percent for health insurance, for hazardous duty employees. Any future increases in the County Employees Retirement System after June 30, 2021, as provided by subsection (5) of Section 1 of this Act, shall use the employer contribution rate established by this section for County Employees Retirement System employers as the base rate to calculate future increases in County Employees Retirement System employer contribution rates.

➔Section 7. Notwithstanding KRS 6.350, 6.945, or 6.955, the provisions of KRS 6.350, 6.945, or 6.955 shall not affect or impair the validity of any provision of this Act in a court of competent jurisdiction.

➔Section 8. Whereas ensuring the financial health of the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System employers is imperative, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming law.

**Signed by Governor April 8, 2020.**
