1. Exclusively vocational-technical, special education, or preschool programs;
 2. Instructional programs operated in institutions or schools outside of the district; or
 3. Alternative schools designed to provide services to at-risk populations with unique needs;

The policy may include a requirement that each school council make an annual report at a public meeting of the board describing the school's progress in meeting the educational goals set forth in KRS 158.6451 and district goals established by the board. The policy shall also address and comply with the following:
- (a) Except as provided in paragraph (b)2. of this subsection, each participating school shall form a school council composed of two (2) parents, three (3) teachers, and the principal or administrator. CAPITAL PROJECTS BUDGET

(1) **Capital Construction Fund Appropriations and Reauthorizations:** Moneys in the Capital Construction Fund are appropriated for the following capital projects subject to the conditions and procedures in this Act. Items listed without appropriated amounts are previously authorized for which no additional amount is required. These items are listed in order to continue their current authorization into the 2022-2024 fiscal biennium. Unless otherwise specified, reauthorized projects shall conform to the original authorization enacted by the General Assembly.

(2) **Expiration of Existing Line-Item Capital Construction Projects:** All appropriations to existing line-item capital construction projects expire on June 30, 2022, unless reauthorized in this Act with the following exceptions: (a) A construction or purchase contract for the project shall have been awarded by June 30, 2022; (b) Permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds, if the authorized project completes an initial draw on the line of credit within the fiscal biennium immediately subsequent to the original authorization; and (c) Grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties by June 30, 2022. Notwithstanding the criteria set forth in this subsection and KRS 45.229 and 45.770(5)(d), funds appropriated to 2022-2024 fiscal biennium nonstatutory maintenance pools shall not lapse and shall carry forward.

(3) **Bond Proceeds Investment Income:** Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties and excess bond proceeds upon the completion of a bond-financed capital project shall be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations.

(4) Appropriations for Projects Not Line-Itemized: Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Kentucky Infrastructure Authority Water and Sewer projects; Flood Control projects; Repair of State-Owned Dams; Guaranteed Energy Savings Performance Contract projects; Wetland and Stream Mitigation projects; General Fund, Restricted Fund, Federal Fund, Bond-funded, and Aircraft maintenance pools; Postsecondary Education pools; Commonwealth Office of Technology Infrastructure Upgrades; Legacy System Retirement Pool; the Wastewater Treatment Upgrades pool; the State Schools Roof Repair and Replacement pool; the State Schools HVAC pool; the State Schools Safety and Security pool; State Parks Improvement; and State Fair Board Property Improvements. Notwithstanding any statute to the contrary, projects estimated to cost \$1,000,000 and over and equipment estimated to cost \$200,000 and over shall be reported to the Capital Projects and Bond Oversight Committee.

(5) Capital Construction and Equipment Purchase Contingency Account: If funds in the Capital Construction and Equipment Purchase Contingency Account are not sufficient, then expenditures of the fund are to be paid first from the General Fund Surplus Account (KRS 48.700), if available, or from the Budget Reserve Trust Fund Account (KRS 48.705), subject to the conditions and procedures provided in this Act.

(6) Emergency Repair, Maintenance, and Replacement Account: If funds in the Emergency Repair, Maintenance, and Replacement Account are not sufficient, then expenditures of the fund are to be paid first from the General Fund Surplus Account (KRS 48.700), if available, or from the Budget Reserve Trust Fund Account (KRS 48.705), subject to the conditions and procedures provided in this Act.

(7) Appropriation-Supported Debt: To lower the cost of borrowing, the agencies identified in KRS 45A.850(1)(a) and (2)(a) are authorized to refinance appropriation supported debt obligations that have previously been issued and for which the Commonwealth is currently making lease-rental payments to meet the current debt service requirements. Such action is authorized provided that the principal amount of any such debt obligation is not increased and the term of the debt obligation is not extended. Any such refinancing shall still be subject to the requirements of KRS 45.750 to 45.810 for reporting to the Capital Projects and Bond Oversight Committee.

(8) Cash Defeasance: State agencies identified in KRS 45A.850(1)(a) and (2)(a) are authorized to economically or legally defease debt obligations that have previously been issued by the agency, or through a third party but for which the Commonwealth or the agency is currently making lease-rental payments to meet the current debt service requirements. If Restricted Funds are used for the defeasance of bonds, the agency may use a prior Agency Bond authorization for a new debt obligation so long as the debt service for the new debt obligation is not greater than the debt service of the defeased bonds and the term of the new debt obligation is not greater than the term of the defeased bonds. Any such refinancing shall still be subject to the requirements of KRS 45.750 to 45.810 for reporting to the Capital Projects and Bond Oversight Committee.

PART III

GENERAL PROVISIONS

1. Funds Designations: Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Fund, State Enterprise Funds (State Parks, State Fair Board, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Fleet Management, Computer Services, Correctional Industries, Central Printing, Risk Management, and Property Management), and selected Fiduciary Funds (Other Expendable Trust Funds). Separate fund records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, other miscellaneous federal receipts received by a budget unit, and the Unemployment Compensation Fund, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. Expenditure of Excess Federal Funds Receipts: If receipts received or credited to the Federal Funds accounts of a budget unit during fiscal year 2022-2023 or fiscal year 2023-2024, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by a specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act, for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.730, and 48.800, and with the authorization of the State Budget Director and approval of the Secretary of the Finance and Administration Cabinet.

Any request made by a budget unit pursuant to KRS 48.630 that relates to Federal Funds shall include documentation showing a comparative statement of revised estimated receipts by fund source and the proposed expenditures by proposed use, with the appropriated sums specified in the Budget of the Commonwealth, and statements which explain the cause, source, and use for any variances which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Federal Funds records contained in the fiscal biennium 2022-2024 Branch Budget Request Manual and according to the following schedule in each fiscal year: (a) on or before the beginning of each fiscal year; (b) on or before October 1; (c) on or before January 1; and (d) on or before April 1.

Notwithstanding KRS 48.630, no unbudgeted Restricted Funds shall be allotted or expended without the express authority of the General Assembly, with the exceptions of the Public Service Commission, institutions of higher education, workers' compensation payments paid by the Personnel Cabinet, and KRS 150.255 trust and agency stream and wetland mitigation funds.

3. Interim Appropriation Increases: No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and the documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with KRS 48.630 and Section 2. of this Part. Proposed revisions to an appropriation contained in the enacted Executive Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

Notwithstanding KRS 48.630(3), (4), and (5), any proposed and recommended actions to increase appropriations for funds specified in Section 2. of this Part shall be scheduled consistent with the timetable contained in that section in order to provide continuous and timely budget information.

4. Revision of Appropriation Allotments: Allotments within appropriated sums for the activities and purposes contained in the enacted Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

5. Permitted Appropriation Obligations: No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly and legislative and executive records.

6. Lapse of General Fund or Road Fund Appropriations Supplanted by Federal Funds: Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account, respectively, to the extent the Federal Funds otherwise become available.

7. Federally Funded Agencies: A state agency entitled to Federal Funds, which would represent 100 percent of the cost of a program, shall conform to KRS 48.730.

8. Lapse of General Fund or Road Fund Excess Debt Service Appropriations: Pursuant to KRS 48.720, any excess General Fund or Road Fund debt service shall lapse to the respective surplus account unless otherwise directed in this Act.

9. Statutes in Conflict: All statutes and portions of statutes in conflict with any of the provisions of this Act, to the extent of the conflict, are suspended unless otherwise provided by this Act.

10. Interpretation of Appropriations: Notwithstanding KRS 48.500, all questions that arise in interpreting this Act and the Transportation Cabinet budget shall be decided by the Attorney General, and the decision of the Attorney General shall be final and conclusive.

11. Publication of the Budget of the Commonwealth: The State Budget Director shall cause the Governor's Office for Policy and Management, within 60 days of adjournment of the 2022 Regular Session of the General Assembly, to publish a final enacted budget document, styled the Budget of the Commonwealth, based upon the Legislative Budget, Executive Budget, Transportation Cabinet Budget, and Judicial Budget as enacted by the 2022 Regular Session, as well as other Acts which contain appropriation provisions for the 2022-2024 fiscal biennium, and based upon supporting documentation and legislative records as considered by the 2022 Regular Session. This document shall include, for each agency and budget unit, a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class, and any other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted Executive Budget and

Transportation Cabinet Budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each Part of this Act and by KRS 48.400 to 48.810, and upon review and approval by the Interim Joint Committee on Appropriations and Revenue.

12. State Financial Condition: Pursuant to KRS 48.400, the State Budget Director shall monitor and report on the financial condition of the Commonwealth.

13. Prorating Administrative Costs: The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for prorating the administrative costs of the Finance and Administration Cabinet, the Department of the Treasury, and the Office of the Attorney General relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate federal laws and regulations governing the programs. The receipts and allotments under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

14. Construction of Budget Provisions Regarding Executive Reorganization Orders: Nothing in this Act shall be construed to confirm or ratify, under KRS 12.028, any executive reorganization order unless the executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 2022 Regular Session of the General Assembly.

15. Budget Planning Report: By August 15, 2023, the State Budget Director, in conjunction with the Consensus Forecasting Group, shall provide to each branch of government, pursuant to KRS 48.120, a budget planning report.

16. Tax Expenditure Revenue Loss Estimates: By October 15, 2023, the Office of State Budget Director shall provide to each branch of government detailed estimates for the General Fund and Road Fund for the current and next two fiscal years of the revenue loss resulting from tax expenditures. The Department of Revenue shall provide assistance and furnish data, which is not restricted by KRS 131.190. "Tax expenditure" as used in this section means an exemption, exclusion, or deduction from the base of a tax, a credit against the tax, a deferral of a tax, or a preferential tax rate. The estimates shall include for each tax expenditure the amount of revenue loss, a citation of the legal authority for the tax expenditure, the year in which it was enacted, and the tax year in which it became effective.

17. Duplicate Appropriations: Any appropriation item and sum in Parts I to X of this Act and in an appropriation provision in any Act of the 2022 Regular Session which constitutes a duplicate appropriation shall be governed by KRS 48.312.

18. Priority of Individual Appropriations: KRS 48.313 shall control when a total or subtotal figure in this Act conflicts with the sum of the appropriations of which it consists.

19. Severability of Budget Provisions: Appropriation items and sums in Parts I to X of this Act shall conform to KRS 48.311. If any section, any subsection, or any provision is found by a court of competent jurisdiction in a final, unappealable order to be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions.

20. Unclaimed Lottery Prize Money: For fiscal year 2022-2023 and fiscal year 2023-2024, all unclaimed lottery prize money under KRS 154A.110(3) shall be credited to the Kentucky Educational Excellence Scholarship Reserve Account to be held as a subsidiary account within the Finance and Administration Cabinet for the purpose of funding the KEES Program as appropriated in this Act. If the Kentucky Higher Education Assistance Authority certifies to the State Budget Director that the appropriations in this Act for the KEES Program under the existing award schedule are insufficient to meet funds required for eligible applicants, then the State Budget Director shall provide the necessary allotment of funds in the balance of the KEES Reserve Account to fund the KEES Program. Actions taken under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue on a timely basis.

21. Workers' Compensation: Notwithstanding KRS 342.340(1) and 803 KAR 25:021, Section 4, the Personnel Cabinet shall be exempt from procuring excess risk insurance in fiscal year 2022-2023 and fiscal year 2023-2024 for the Workers' Compensation Benefits and Reserve Program administered by the Cabinet.

22. Carry Forward and Undesignated General Fund and Road Fund Carry Forward: Notwithstanding KRS 48.700 and 48.705, and other Parts of this Act, the Secretary of the Finance and Administration Cabinet shall determine and certify, within 30 days of the close of fiscal year 2021-2022 and fiscal year 2022-2023, the actual amount of undesignated balance of the General Fund and the Road Fund for the year just ended. The amounts from the undesignated fiscal year 2021-2022 and fiscal year 2022-2023 General Fund and Road Fund balances that are designated and carried forward for budgeted purposes in the 2022-2024 fiscal biennium shall

The members of the council shall be nominated and elected by district. There shall be only one (1) council member elected from each council district.
- (2) There shall be twenty-six (26) council districts. The initial boundaries, population, and numerical designation of the council districts shall be as specified by KRS 67C.135. The population of the council districts shall be as nearly equal as is reasonably possible. ~~For any newly consolidated local governments whose officials take office in 2003, upon taking office, the legislative council may take action to adjust the boundaries and population of the districts in order to equalize the population of the districts which may have changed as a result of recent census information.~~ Any changes made to alter the boundaries of council districts shall be based on the population of the county as determined by the most recent United States Census or official census estimates as provided by the United States Bureau of the Census.
- (3) Following the official publication of each decennial census by the United States Bureau of the Census for the area embraced by a consolidated local government, the council shall adopt an ordinance, if necessary, to redistrict the council districts. A redistricting ordinance shall provide for the distribution of population among the council districts as nearly equal as is reasonably possible. Every council district shall be compact and contiguous and shall respect existing neighborhood, community, and city boundaries whenever possible.
- (4) The consolidated local government council members shall serve for a term of four (4) years beginning on the first Monday in January following their election, except that the initial election of council members shall be in a manner as to provide for staggered terms for council members. At the initial election of the members of a consolidated local government council, those representing even-numbered districts shall be elected for a two (2) year term. Those representing odd-numbered districts shall be elected for a four (4) year term. Thereafter, all council members shall be elected for four (4) year terms.
- (5) The members of a consolidated local government council shall be nominated and elected from the district in which they reside in partisan elections. After the initial terms of office of the first elected council members, council members shall be elected in the same election years as other local government officials as regulated by the regular election laws of the Commonwealth and as provided in subsection (4) of this section.

A council member shall continue to reside within the district from which he or she was elected throughout the term of office.

- (7) The presiding officer of a consolidated local government council shall be a president who shall be chosen annually by a majority vote of the entire council from among its members at the first meeting of the council in January. The mayor or two-thirds (2/3) of the entire membership of the council may call a special meeting at any time. Meetings shall be held in such places in the county as are provided by ordinance, and the place of meetings shall not be changed except by an ordinance for which two-thirds (2/3) of the members of the consolidated local government council have voted.
- (10) The council shall determine its own rules and order of business, and keep and provide a public record of its proceedings. The council shall provide for the publication of all ordinances in a composite code of ordinances.
- (11) Council ordinances that prescribe penalties for their violation shall be enforced through the entire area of the consolidated local government unless:
 - (a) Otherwise provided by statute; or

Should the council fail to elect, by majority vote of the membership of the council, a qualified person to fill the vacancy within thirty (30) days, the mayor of the consolidated local government shall fill the vacancy by appointment of a qualified person for the unexpired term.
- (13) All legislative powers of a consolidated local government are vested in the consolidated local government council. The term "legislative power" is to be construed broadly and shall include the power to:

- (1) Each candidate, slate of candidates, and each committee shall, before receiving any contributions or expending any money, designate one (1) primary campaign depository for the purpose of depositing all contributions received and disbursing all expenditures made by the candidate, slate of candidates, or committee. The candidate, slate of candidates, or committee may also designate one (1) secondary depository in each county in which an election is held and in which the candidate, slate of candidates, or committee participates. Deputy campaign treasurers may make expenditures from secondary depositories but only from moneys which first have been deposited in the primary campaign depository. Only a financial institution authorized to transact business in Kentucky may be designated as a campaign depository. The candidate, slate of candidates, or committee shall file the name and address of each primary and secondary depository so designated at the same time the candidate, slate of candidates, or committee files the name of his or its campaign treasurer.
- (2) All funds received by the campaign treasurer or any deputy campaign treasurer of any candidate, slate of candidates, or committee shall be deposited in a campaign depository in an account designated "Campaign Fund of (name of candidate or committee)." For each deposit, the campaign treasurer or deputy campaign treasurer shall retain a statement showing the name and business address of the permanent committee, the amount contributed, and a description of the major business, social, or political interest represented by the permanent committee for each contribution of any amount made by a permanent committee, and the full name, address, employer of each other contributor ~~and the spouse of the contributor~~ or, if the contributor ~~or spouse of the contributor~~ is self-employed, the name under which he is doing business, and occupation of each contributor of more than one hundred dollars (\$100) and the amount contributed. Cash contributions shall be accompanied by the same receipt form.

➔Section 8. Whereas, it is critically important to protect the integrity and reliability of the electoral process in order to safeguard the fundamental right to vote, and it is a reasonable legislative task to seek improvement, modernization, and transparency in campaign finance and election procedures without undue delay in notice to the people of the Commonwealth and its election officials tasked with administering the election laws within this state, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

CHAPTER 210

(HB 3)

AN ACT relating to public health and declaring an emergency.

WHEREAS, in September 2000, the Food and Drug Administration (FDA) approved the distribution and use of mifepristone (brand name mifeprex), originally referred to as "RU-486", an abortion-inducing drug, subject to distribution restrictions pursuant to 21 C.F.R. 314.520, also referred to as "Subpart H," which allows for post-marketing distribution or use restrictions; and

WHEREAS, mifepristone is still subject to certain restrictions on its distribution under the Mifepristone REMS Program; and

WHEREAS, in September 2000, the FDA prescribed a specific gestation of 49 days from the last menstrual period (LMP), dosage, and administration protocol for mifeprex/mifepristone; and

WHEREAS, the approved FDA protocol for mifeprex/mifepristone was modified in March 2016 and maintains that certain distribution restrictions are still necessary because of the drug's potential for serious complications; and

WHEREAS, as approved by the FDA, the 2016 administration protocol consists of one 200 mg tablet in a single oral dose of mifeprex/mifepristone followed by four 200 mcg tablets misoprostol taken 24 to 48 hours later in the cheek pouch, through 70 days LMP. The patient is to return for a follow-up visit to confirm that a complete abortion has occurred 7 to 14 days after administration of the abortion-inducing drug; and

WHEREAS, the 2016 FDA protocol also requires that the distribution and use of mifeprex/mifepristone be under the supervision of a qualified healthcare provider who has the ability to assess the duration of pregnancy, diagnose ectopic pregnancies, and provide surgical intervention or has made plans to provide surgical intervention through another qualified physician; and

WHEREAS, on December 16, 2021, the FDA announced that it will no longer require an in-person medical examination, it will permit abortion-inducing drugs to be mailed to the patient, and it will permit pharmacies to fill prescriptions if they are certified by the manufacturers to do so; and

WHEREAS, court testimony by Planned Parenthood and other abortion providers has demonstrated that providers routinely and intentionally failed to follow the September 2000 FDA-approved protocol for mifeprex/mifepristone (for example, see *Planned Parenthood Cincinnati Region v. Taft*, 459 F. Supp. 2d 626, S.D. Oh. 2006); and

WHEREAS, the use of mifeprex/mifepristone presents significant medical risks, including but not limited to uterine hemorrhage, viral infections, abdominal pain, cramping, vomiting, headache, fatigue, and pelvic inflammatory disease; and

WHEREAS, health problems usually do not occur during the first pregnancy for an Rh negative woman with an Rh positive fetus because the body does not have a chance to develop a large number of antibodies; and

WHEREAS, if the woman is Rh negative and does not receive an injection of Rh immunoglobulin at the time of an abortion or delivery, she may experience Rh incompatibility in future pregnancies which can lead to

complications and miscarriage. Therefore, it is critical for a qualified physician to determine blood type and administer Rh immunoglobulin if a woman is Rh negative; and

WHEREAS, the risk of complications increases with advancing gestational age and with the failure to either complete the two-step dosage process for the mifeprax/mifepristone regimen or to receive abortion pill reversal care from a qualified healthcare professional; and

WHEREAS, studies document that increased rates of complications, including incomplete abortion, occur even within the FDA-approved gestational limit; and

WHEREAS, as of March 2020, the FDA reported 4,480 adverse events after women used mifeprax/mifepristone for abortions. Among these events were 24 deaths, 1,183 hospitalizations, 339 blood transfusions, and 256 infections, including 48 severe infections; and

WHEREAS, the Adverse Event Reports (AER) systems relied upon by the FDA have limitations and typically detect only a small proportion of events that actually occur; and

WHEREAS, as of March 31, 2020, 27 women have reportedly died after administration of mifeprax/mifepristone, with 6 deaths attributed to severe bacterial infections. Eight of those women administered the mifeprax/mifepristone regimen in an "off-label" or "evidence-based" manner then-advocated by abortion providers, and the FDA has not been able to determine whether this off-label use led to the deaths; and

WHEREAS, medical evidence demonstrates that women who use abortion-inducing drugs risk four times more complications than those who undergo surgical abortions. At least three to eight percent of medical abortions fail to evacuate the pregnancy tissue and require surgical completion. One percent will fail to kill the fetus. If surgical completion is required after a failed medical abortion, the risk of premature delivery in a subsequent pregnancy is more than three times higher. Failure rates increase as gestational age increases. The gestational age range of 63 to 70 days has been inadequately studied. The 2016 FDA gestational age extension was based on only one study worldwide of little more than 300 women; and

WHEREAS, 2020 marked the state of Arkansas' first full year of data after a new abortion complication reporting law went into effect. Forty-five complications were reported in 2020, of which 40, or 88 percent of all complications, resulted from medication abortions; and

WHEREAS, a woman's ability to provide informed consent depends on the extent to which the woman receives information sufficient to make an informed choice; and

WHEREAS, the decision to abort "is an important, and often a stressful one, and it is desirable and imperative that it be made with full knowledge of its nature and consequences" as stated in *Planned Parenthood v. Danforth*, 428 U.S. 52, 67 (1976); and

WHEREAS, some women come to regret their decision to abort shortly after ingesting mifeprax/mifepristone; and

WHEREAS, in recent years, physicians have developed a method to potentially reverse the effects of mifeprax/mifepristone. This abortion pill reversal or rescue process has been discussed in a peer-reviewed study and is based on decades of the safe use of progesterone to stabilize and continue pregnancies; and

WHEREAS, understanding the science behind the mechanism of action of mifeprax/mifepristone has allowed physicians to design a specific rescue for a woman who has used mifeprax/mifepristone to induce an abortion but has not yet ingested the second drug in the medication abortion regimen. Since physicians know that mifeprax/mifepristone works by blocking progesterone, physicians know that treating a woman with progesterone can displace mifeprax/mifepristone from the progesterone receptors. This allows the woman's body to respond naturally to the progesterone and to effectively fight the effects of the mifeprax/mifepristone-induced blockage; and

WHEREAS, it has long been known that mifepristone acts reversibly at the molecular level of receptor binding. Progesterone and mifepristone compete for the binding site of the receptor making the anti-progesterone activity of mifepristone reversible; and

WHEREAS, mifeprax/mifepristone floods the progesterone receptors, blocking progesterone. Progesterone reverses the effects of the mifeprax/mifepristone by outcompeting and outnumbering the mifepristone and restoring adequate progesterone to sustain the pregnancy; and

WHEREAS, progesterone itself has been used safely during pregnancy for decades. It is used in in-vitro fertilization, infertility treatments, and high-risk pregnancies such as pre-term labor. Using progesterone to reverse the effects of mifeprax/mifepristone is a targeted response that is safe for women; and

WHEREAS, statistics show that as of March 2020, more than 1,000 lives have been saved following the progesterone reversal process and that babies born following the reversal process have a rate of birth defects no higher than the general population; and

WHEREAS, studies show that following the progesterone reversal process or otherwise treating a woman with progesterone during pregnancy does not lead to increased mortality rates; and

WHEREAS, to facilitate reliable scientific studies and research on the safety and efficacy of abortion-inducing drugs, it is essential that the medical and public health communities have access to accurate information both on the efficacy and use of abortion-inducing drugs, as well as on resulting complications; and

WHEREAS, abortion "record keeping and reporting provisions that are reasonably directed to the preservation of maternal health and that properly respect a patient's confidentiality and privacy are permissible" as stated in *Planned Parenthood v. Danforth*, 428 U.S. 80 at 52, 79-81 (1976); and

WHEREAS, abortion and complication reporting provisions do not impose an "undue burden" on a woman's right to choose whether or not to terminate a pregnancy. Specifically, "[t]he collection of information with respect to actual patients is a vital element of medical research, and so it cannot be said that the requirements serve no purpose other than to make abortions more difficult" as stated in *Planned Parenthood v. Casey*, 505 U.S. 833 at 900-901 (1992); and

WHEREAS, to promote its interest in maternal health and life, the Commonwealth of Kentucky has an interest in collecting demographic information on all drug-induced abortions performed and all abortion complications from all drug-induced abortions diagnosed or treated and compiling statistical reports based on the information collected for future scientific studies and public health research; and

WHEREAS, based on the findings from scientific studies and public health research, it is the purpose of this Act to:

1. Protect the health and welfare of every woman considering a drug-induced abortion;
2. Ensure that a physician examines a woman prior to dispensing an abortion-inducing drug in order to confirm the gestational age of the unborn child, the intrauterine location of the unborn child, and that the unborn child is alive, since routine administration of mifeprex/mifepristone following spontaneous miscarriage is unnecessary and exposes the woman to unnecessary risks associated with both mifeprex/mifepristone and misoprostol;
3. Ensure that a physician does not prescribe or dispense an abortion-inducing drug beyond 70 days' gestation;
4. Reduce "the risk that a woman may elect an abortion, only to discover later, with devastating psychological consequences, that her decision was not fully informed." *Planned Parenthood v. Casey*, 505 U.S. 833, 882 (1992);
5. Ensure that women considering a drug-induced abortion receives comprehensive information on abortion-inducing drugs, including the potential to reverse the effects of the drugs should she change her mind, and that women submitting to an abortion does so only after giving her voluntary and fully informed consent to the procedure; and
6. Promote the health and safety of women, by adding to the sum of medical and public health knowledge through the compilation of relevant data on drug-induced abortions performed in the state, as well as on all medical complications and maternal deaths resulting from these abortions; and

WHEREAS, sexually transmitted diseases (STDs) are usually spread by having vaginal, oral, or anal sex. More than 9 million women in the United States are diagnosed with an STD each year, and women often have more serious health problems associated with STDs than men, including infertility; and

WHEREAS, the primary goal of the Kentucky Sexually Transmitted Disease Prevention and Control Program is to prevent the spread and complications of STDs; and

WHEREAS, local health departments test for chlamydia, gonorrhea, and syphilis, and provide treatment for individuals diagnosed with, exposed to, or suspected of having these diseases; and

WHEREAS, chlamydia and gonorrhea, left untreated, increase the risk of chronic pelvic pain and life-threatening ectopic pregnancy and untreated syphilis in pregnant women results in infant death up to 40 percent of the time; and

WHEREAS, women have a higher risk than men of getting an STD during unprotected sex; and

WHEREAS, since women and girls seeking to terminate an unplanned pregnancy may have had limited encounters with a healthcare provider prior to their encounter with an abortion providing facility, it is in the best interest of improving health outcomes for all Kentucky women and girls to ensure women and girls have the opportunity to receive timely and accurate information on women's health risks, especially Rh negative and STDs, that may impact their future health, the health of their partners and future pregnancies, and increase the risk of harmful fetal and child health outcomes; and

WHEREAS, despite spending on healthcare in the United States far outpacing other nations, health outcomes are often much worse, particularly for women, because the focus in the United States has been on treating discrete, acute conditions and procedures rather than coordinating care, providing preventive services, and addressing root causes of poor health;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 311.732 is amended to read as follows:

- (2) No person shall perform an abortion upon a minor unless:
 - (a) The attending physician ~~or his agent~~ *has* secured the informed written consent of the minor and one (1) parent or legal guardian *with joint or physical custody and the consenting parent or legal guardian of the minor has made a reasonable attempt to notify any other parent with joint or physical custody at least forty-eight (48) hours prior to providing the informed written consent.*

- (4) (a) *If the court finds by:*

the court shall enter a written order, making specific factual findings and legal conclusions supporting its decision ***to grant the petition for an abortion.*** ~~as follows: }~~

(b) ***If the court does not make any of the findings specified in paragraph (a) of this subsection, the court shall deny the petition.*** ~~(a) Granting the petition for an abortion if the court finds that the minor is mature and well informed enough to make the abortion decision on her own;~~

~~(b) Granting consent to the abortion if the court finds that the performance of the abortion would be in the minor's best interest; or~~

~~(c) Deny the petition, if the court finds that the minor is immature and that performance of the abortion would not be in the minor's best interest.~~

(c) ***As used in this subsection, "best interest of the minor" shall not include financial best interest, financial considerations, or the potential financial impact on the minor or the minor's family if the minor does not have an abortion.***

(c) ***The physician shall inform the parent or legal guardian, in person or by telephone, within twenty-four (24) hours of the abortion, including details of the medical emergency that necessitated the abortion without the parent's or legal guardian's consent. The physician shall also provide this information in writing to the parent or legal guardian at his or her last known address by first-class mail or by certified mail, return receipt requested, with delivery restricted to the parent or legal guardian.*** ~~A physician who does not comply with subsection (2), (3), or (4) of this section due to the utilization of this exception shall certify in writing the medical indications upon which his judgment was based.~~

~~(10)~~(9) A report indicating the basis for any medical judgment that warrants failure to obtain consent pursuant to this section shall be filed with the Cabinet for Health and Family Services on a form supplied by the cabinet. This report shall be confidential.

~~(11)~~(10) Failure to obtain consent pursuant to the requirements of this section is prima facie evidence of failure to obtain informed consent and of interference with family relations in appropriate civil actions. The law of this state shall not be construed to preclude the award of exemplary damages in any appropriate civil action relevant to violations of this section. Nothing in this section shall be construed to limit the common-law rights of parents.

(12) *A minor upon whom an abortion is performed is not guilty of violating this section.*

➔Section 2. KRS 311.595 is amended to read as follows:

If the power has not been transferred by statute to some other board, commission, or agency of this state, the board may deny an application or reregistration for a license; place a licensee on probation for a period not to exceed five (5) years; suspend a license for a period not to exceed five (5) years; limit or restrict a license for an indefinite period; or revoke any license heretofore or hereafter issued by the board, upon proof that the licensee has:

The physician shall make that determination after making inquiries of the pregnant woman and performing any medical examinations or tests of the pregnant woman the physician considers necessary as a reasonably prudent physician, knowledgeable about the case and medical conditions involved, would consider necessary to determine the unborn child's probable **gestational**~~[post fertilization]~~ age.
- (2) Except in a medical emergency that prevents compliance with this section, no physician shall intentionally perform or induce or intentionally attempt to perform or induce an abortion on a pregnant woman after the unborn child reaches the probable **gestational**~~[post fertilization]~~ age of **fifteen (15)**~~[twenty (20)]~~ weeks without first entering the determination made in subsection (1) of this section and the associated findings of the medical examination and tests in the medical record of the pregnant woman.

➔SECTION 30. A NEW SECTION OF KRS CHAPTER 315 IS CREATED TO READ AS FOLLOWS:

Any prescription or medical order for a drug that is known to possibly cause an abortion shall be presumed by a pharmacy to be for indications other than for the termination of a pregnancy. A pharmacy dispensing such prescription or medical order shall not be required to verify that the prescription or medical order does not violate any provision of this chapter or KRS Chapter 216B.

➔SECTION 31. A NEW SECTION OF KRS 311.710 TO 311.820 IS CREATED TO READ AS FOLLOWS:

- (1) *The Attorney General may bring an action to enforce compliance with the Humanity in Healthcare Act of 2022 or intervene as a matter of right in any case in which the constitutionality of any section of the Act is challenged.*

➔SECTION 32. A NEW SECTION OF KRS 311.781 TO 311.786 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds and declares, according to contemporary medical research, all of the following:

- (1) *Medical and other authorities now know more about human prenatal development than ever before, including:*
 - (a) *Between five (5) and six (6) weeks' gestation, an unborn child's heart begins beating;*
 - (b) *At approximately eight (8) weeks' gestation, an unborn child begins to move about in the womb;*
 - (c) *At nine (9) weeks' gestation, all basic physiological functions are present, including teeth, eyes, and external genitalia;*
 - (d) *At ten (10) weeks' gestation, an unborn child's vital organs begin to function, and hair, fingernails, and toenails begin to form;*
 - (e) *At eleven (11) weeks' gestation, an unborn child's diaphragm is developing, he or she may even hiccup, and he or she is beginning to move about freely in the womb; and*
 - (f) *At twelve (12) weeks' gestation, an unborn child can open and close his or her fingers, starts to make sucking motions, senses stimulation from the world outside the womb, and has taken on "the human form" in all relevant aspects under *Gonzales v. Carhart*, 550 U.S. 124, 160 (2007);*
- (2) *The United States Supreme Court has long recognized that the state has an "important and legitimate interest in protecting the potentiality of human life," *Roe v. Wade*, 410 U.S. 113, 162 (1973), and specifically that "the state has an interest in protecting the life of the unborn". *Planned Parenthood of Southeastern Pennsylvania v. Casey*, 505 U.S. 833, 873 (1992);*
- (3) *The majority of abortion procedures performed after fifteen (15) weeks' gestation are dilation and evacuation procedures which involve the use of surgical instruments to crush and tear the unborn child apart before removing the pieces of the dead child from the womb, procedures prohibited under Section 36 of this Act, and the General Assembly finds that the intentional commitment of such acts for nontherapeutic or elective reasons is a barbaric practice, dangerous for the maternal patient, and demeaning to the medical profession;*
- (4) *Abortion carries significant physical and psychological risks to the maternal patient, and these physical and psychological risks increase with gestational age;*

- (5) *As the second trimester progresses, in the vast majority of uncomplicated pregnancies, the maternal health risks of undergoing an abortion are greater than the risks of carrying a pregnancy to term;*
- (6) *Seventy-five percent (75%) of all the nations in the world do not permit abortion after twelve (12) weeks' gestation except, in most instances, to save the life and preserve the physical health of the mother; and*
- (7) *The Commonwealth of Kentucky has legitimate interests from the outset of the pregnancy in protecting both the health of the woman and the life of an unborn human individual who may be born.*

➔Section 33. KRS 311.781 is amended to read as follows:

As used in KRS 311.781 to 311.786:

- (1) "Fertilization" means the fusion of a human spermatozoon with a human ovum;
- (2) **"Gestational age" has the same meaning as in KRS 311.7701;**
- (3) "Medical emergency" means a condition that in the physician's reasonable medical judgment, based upon the facts known to the physician at that time, so complicates the woman's pregnancy as to necessitate the immediate performance or inducement of an abortion in order to prevent the death of the pregnant woman or to avoid a serious risk of the substantial and irreversible impairment of a major bodily function of the pregnant woman that delay in the performance or inducement of the abortion would create;
- ~~(4)(3)~~ "Pain-capable unborn child" means an unborn child of a probable **gestational**~~{post fertilization}~~ age of **fifteen (15)**~~{twenty (20)}~~ weeks or more;
- ~~(5)(4)~~ "Physician" has the same meaning as in KRS 311.720;
- (6) **"Probable gestational age" has the same meaning as in KRS 311.720;**
- ~~{(5) "Post fertilization age" means the age of the unborn child as calculated from the fusion of a human spermatozoon with a human ovum;~~
- ~~(6) "Probable post fertilization age" means, in reasonable medical judgment and with reasonable probability, the age of the unborn child, as calculated from fertilization, at the time the abortion is performed or induced or attempted to be performed or induced;}~~
- (7) "Reasonable medical judgment" means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved;
- (8) "Serious risk of the substantial and irreversible impairment of a major bodily function" means any medically diagnosed condition that so complicates the pregnancy of the woman as to directly or indirectly cause the substantial and irreversible impairment of a major bodily function. A medically diagnosed condition that constitutes a "serious risk of the substantial and irreversible impairment of a major bodily function" includes pre-eclampsia, inevitable abortion, and premature rupture of the membranes, but does not include a condition related to the woman's mental health; and
- (9) "Unborn child" means an individual organism of the species homo sapiens from fertilization until live birth.

➔Section 34. KRS 311.782 is amended to read as follows:

- (1) No person shall intentionally perform or induce or intentionally attempt to perform or induce an abortion on a pregnant woman when the probable **gestational**~~{post fertilization}~~ age of the unborn child is **fifteen (15)**~~{twenty (20)}~~ weeks or greater.
- (2) It shall be an affirmative defense to a charge under subsection (1) of this section that the abortion was intentionally performed or induced or intentionally attempted to be performed or induced by a physician and that the physician determined, in the physician's reasonable medical judgment, based on the facts known to the physician at that time, that either of the following applied:
 - (a) The probable **gestational**~~{post fertilization}~~ age of the unborn child was less than **fifteen (15)**~~{twenty (20)}~~ weeks; or
 - (b) The abortion was necessary to prevent the death of the pregnant woman or to avoid a serious risk of the substantial and irreversible impairment of a major bodily function of the pregnant woman. No abortion shall be necessary if it is based on a claim or diagnosis that the pregnant woman will engage in conduct that would result in her death or in substantial and irreversible impairment of a major bodily function or if it is based on any reason related to her mental health.

- (3) (a) Except when a medical emergency exists that prevents compliance with KRS 311.783, the affirmative defense set forth in subsection (2)(a) of this section does not apply unless the physician who intentionally performs or induces or intentionally attempts to perform or induce the abortion makes a determination of the probable ~~gestational~~~~[post fertilization]~~ age of the unborn child as required by KRS 311.783(1) or relied upon such a determination made by another physician and certifies in writing, based on the results of the tests performed, that in the physician's reasonable medical judgment the unborn child's probable ~~gestational~~~~[post fertilization]~~ age is less than **fifteen (15)**~~[twenty (20)]~~ weeks.
- (b) Except when a medical emergency exists that prevents compliance with one (1) or more of the following conditions, the affirmative defense set forth in subsection (2)(b) of this section does not apply unless the physician who intentionally performs or induces or intentionally attempts to perform or induce the abortion complies with all of the following conditions:
1. The physician who intentionally performs or induces or intentionally attempts to perform or induce the abortion certifies in writing that, in the physician's reasonable medical judgment, based on the facts known to the physician at that time, the abortion is necessary to prevent the death of the pregnant woman or to avoid a serious risk of the substantial and irreversible impairment of a major bodily function of the pregnant woman;
 2. A different physician not professionally related to the physician described in subparagraph 1. of this paragraph certifies in writing that, in that different physician's reasonable medical judgment, based on the facts known to that different physician at that time, the abortion is necessary to prevent the death of the pregnant woman or to avoid a serious risk of the substantial and irreversible impairment of a major bodily function of the pregnant woman;
 3. The physician intentionally performs or induces or intentionally attempts to perform or induce the abortion in a hospital or other health care facility that has appropriate neonatal services for premature infants;
 4. The physician who intentionally performs or induces or intentionally attempts to perform or induce the abortion terminates or attempts to terminate the pregnancy in the manner that provides the best opportunity for the unborn child to survive, unless that physician determines, in the physician's reasonable medical judgment, based on the facts known to the physician at that time, that the termination of the pregnancy in that manner poses a greater risk of death of the pregnant woman or a greater risk of the substantial and irreversible impairment of a major bodily function of the pregnant woman than would other available methods of abortion;
 5. The physician certifies in writing the available method or techniques considered and the reasons for choosing the method or technique employed; and
 6. The physician who intentionally performs or induces or intentionally attempts to perform or induce the abortion has arranged for the attendance in the same room in which the abortion is to be performed or induced or attempted to be performed or induced at least one (1) other physician who is to take control of, provide immediate medical care for, and take all reasonable steps necessary to preserve the life and health of the unborn child immediately upon the child's complete expulsion or extraction from the pregnant woman.
- (4) The state Board of Medical Licensure shall revoke a physician's license to practice medicine in this state if the physician violates or fails to comply with this section.
- (5) Any physician who intentionally performs or induces or intentionally attempts to perform or induce an abortion on a pregnant woman with actual knowledge that neither of the affirmative defenses set forth in subsection (2) of this section applies, or with a heedless indifference as to whether either affirmative defense applies, is liable in a civil action for compensatory and punitive damages and reasonable attorney's fees to any person, or the representative of the estate of any person including but not limited to an unborn child, who sustains injury, death, or loss to person or property as the result of the performance or inducement or the attempted performance or inducement of the abortion. In any action under this subsection, the court also may award any injunctive or other equitable relief that the court considers appropriate.
- (6) A pregnant woman on whom an abortion is intentionally performed or induced or intentionally attempted to be performed or induced in violation of subsection (1) of this section is not guilty of violating subsection (1) of this section or of attempting to commit, conspiring to commit, or complicity in committing a violation of subsection (1) of this section.

➔SECTION 35. A NEW SECTION OF KRS 311.781 TO 311.786 IS CREATED TO READ AS FOLLOWS:

The Attorney General shall have authority to bring an action in law or equity to enforce any provisions of KRS 311.781 to 311.786 on behalf of the Commonwealth of Kentucky. The state Board of Medical Licensure shall also have authority to bring an action on its own behalf.

➔Section 36. KRS 311.787 is amended to read as follows:

- (1) As used in this section:
 - (a) "Bodily dismemberment, crushing, or human vivisection" means a procedure in which a person, with the purpose of causing the death of an unborn child, dismembers the living unborn child and extracts portions, pieces, or limbs of the unborn child from the uterus through the use of clamps, grasping forceps, tongs, scissors, or a similar instrument that, through the convergence of two (2) rigid levers, slices, crushes, or grasps, or performs any combination of those actions on, any portion, piece, or limb of the unborn child's body to cut or separate the portion, piece, or limb from the body. The term includes a procedure that is used to cause the death of an unborn child and in which suction is subsequently used to extract portions, pieces, or limbs of the unborn child after the unborn child's death;
 - (b) "Medical emergency" has the same meaning as in KRS 311.720;
 - (c) "Probable ~~gestational~~~~[post-fertilization]~~ age" has the same meaning as in KRS ~~311.720~~~~[311.781]~~; and
 - (d) "Unborn child" has the same meaning as in KRS 311.781.
- (2) No person shall intentionally perform or induce or attempt to perform or induce an abortion on a pregnant woman:
 - (a) That will result in the bodily dismemberment, crushing, or human vivisection of the unborn child; and
 - (b) When the probable ~~gestational~~~~[post-fertilization]~~ age of the unborn child is eleven (11) weeks or greater;

except in the case of a medical emergency.
- (3) A pregnant woman on whom an abortion is performed or induced or attempted to be performed or induced in violation of subsection (2) of this section is not guilty of violating subsection (2) of this section or of attempting to commit, conspiring to commit, or complicity in committing a violation of subsection (2) of this section.

➔Section 37. (1) If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect the other provisions or applications of this Act that can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

(2) Nothing in this Act shall be construed as creating or recognizing a right to abortion.

(3) Nothing in Section 27 or Sections 32 to 36 of this Act shall be construed as altering generally accepted medical standards.

➔Section 38. Sections 1 to 31 of this Act may be cited as the Humanity in Healthcare Act of 2022.

➔Section 39. Whereas the Commonwealth of Kentucky has a paramount interest in protecting all human life, an emergency is declared to exist, and this Act take effect upon its passage and approval by the Governor or its otherwise becoming a law.

Veto Overridden and Signed by Secretary of State April 14, 2022.
