- (b) Each option of the Kentucky Board of Education to renew the lease for a succeeding biennial term may be exercised at any time after the adjournment of the session of the General Assembly at which appropriations shall have been made for the operation of the state government for such succeeding biennial term, by notifying the State Property and Buildings Commission in writing, signed by the chief state school officer, and delivered to the secretary of the Finance and Administration Cabinet as a member of the commission. The option shall be deemed automatically exercised, and the lease automatically renewed for the succeeding biennium, effective on the first day thereof, unless a written notice of the board's election not to renew shall have been delivered in the office of the secretary of the Finance and Administration Cabinet before the close of business on the last working day in April immediately preceding the beginning of the succeeding biennium.

No lease between the board and the State Property and Buildings Commission shall bind the board to pay rentals for more than one (1) fiscal biennium at a time, subject to the aforesaid renewal options. The board may receive and may apply to rental payments under any lease and to the cost of providing for the operation of the television or related facilities not only appropriations which may be made to it from state funds, from time to time, but also contributions, gifts, matching funds, devises, and bequests from any source, whether federal or state, and whether public or private, so long as the same are not conditioned upon any improper use of the television or related facilities in a manner inconsistent with the provisions of this subsection.

- (4) The state board may, on the recommendation and with the advice of the chief state school officer, prescribe, print, publish, and distribute at public expense such administrative regulations, courses of study, curriculums, bulletins, programs, outlines, reports, and placards as each deems necessary for the efficient management, control, and operation of the schools and programs under its jurisdiction. All administrative regulations published or distributed by the board shall be enclosed in a booklet or binder on which the words "informational copy" shall be clearly stamped or printed.
- (5) Upon the recommendation of the chief state school officer or his or her designee, the state board shall establish policy or act on all matters relating to programs, services, publications, capital construction and facility renovation, equipment, litigation, contracts, budgets, and all other matters which are the administrative responsibility of the Department of Education.

- (2) It is hereby declared that:
- (a) The ~~practices~~~~[practice]~~ of veterinary medicine, *veterinary technology, animal euthanasia, and allied animal health professionals and the operation of veterinary facilities, AAHP facilities, and board-certified animal control agencies are privileges which are*~~[is a privilege which is]~~ granted by legislative authority *and are subject to regulation and control* in the interest of public health, safety, and welfare~~[.]~~ to protect the public from:

 4. *Unlicensed persons;*~~[this chapter is enacted in the interest of the health, safety, and welfare of the animal population and the citizens of Kentucky.]~~
 - (b) *It is a matter of public interest and concern that the practices of veterinary medicine, veterinary technology, animal euthanasia, and allied animal health professions working on animals merit and receive the confidence of the public and that only qualified individuals be permitted to practice these professions in the Commonwealth. This chapter shall be liberally construed to carry out these objectives and purposes;*
 - (c) *The intent of this chapter is to regulate the professions of veterinary medicine, veterinary technology, animal euthanasia, and allied animal health professional work on animals and to establish standards for veterinary premises and AAHP premises, both fixed and mobile, and shall result in displacing competition by restricting licensure, permitting, certification, and registration to practice these professions, as this practice is defined and interpreted by the board, to persons and premises determined by the board to be qualified under this chapter; and*
 - (d) *Any resulting restriction on competition is outweighed by the broader interest in protection of the public health, safety, and welfare. It is understood that the regulatory structure calls for veterinarians, veterinary technicians, AAHPs, and citizens at large to serve on the board and this chapter recognizes the need for professional expertise provided by veterinarians and veterinary technicians serving the public interest.*

- (3) *This chapter is intended to provide active oversight and supervision through its legislative enactment, the promulgation of administrative regulations, the appointment of board members by the Governor, legal representation of the board by competent counsel, legislative appropriation of moneys and spending authority to support the board, and engagement in the administrative regulation review process under the auspices of the Legislative Research Commission.*
- (4) *It is the purpose of this chapter to promote, preserve, and protect the public health, safety, and welfare by and through the licensure, permitting, certification, registration, and regulation of individuals, whether physically located within or outside of the Commonwealth, who practice veterinary medicine, veterinary technology, animal euthanasia, and AAHP services within Kentucky, and the registration of veterinary facility locations, AAHP facility locations, and mobile facilities where veterinary medicine or AAHP activities are being practiced. In furtherance of this purpose, the Kentucky Board of Veterinary Examiners is created, and its members, functions, and procedures shall be established in accordance with this chapter.*
- (5) *The purpose of this chapter is to establish a comprehensive scheme to fully occupy the fields of veterinary medicine, veterinary technology, AAHP work on animals, and animal euthanasia, and provide a uniform regulatory scheme to be enforced by the Kentucky Board of Veterinary Examiners as defined in the scopes of practice.*

➔SECTION 3. A NEW SECTION OF KRS CHAPTER 321 IS CREATED TO READ AS FOLLOWS:

Telehealth shall be authorized for veterinary practice. Telehealth is divided into categories based on who is involved in the communication. For communication between veterinarians and other persons, there are distinctions in practice related to whether a VCPR as set forth in Section 10 of this Act has been established with the patient. Different types of veterinary telehealth include the following:

- (1) *Telemonitoring, mHealth, or mobile health applications and wearables which are:*
- (a) *Designed to augment animal health care within VCPRs; or*
 - (b) *Designed and marketed directly to consumers for their education and for animal monitoring without clinical input and outside the context of a VCPR;*
- (2) *Telesupervision, which shall be permitted as a part of telehealth practice;*
- (3) *Telemedicine or connected care, which provides the delivery of information specific to a particular patient and shall be conducted within the context of an established VCPR to ensure protection for the patient, subject to the following:*
- (a) *Telemedicine or connected care is an approach to veterinary practice that is patient- and client-centered, and actively engages the entire veterinary healthcare team. This type of telehealth involves use of one (1) or more tools to exchange medical information electronically from one (1) site to another to improve a patient's clinical health status, which may be utilized to augment the practice of veterinary medicine. The appropriate application of connected care or telemedicine can enhance animal care by facilitating communication, diagnostics, treatments, client education, scheduling, and other tasks;*
 - (b) *Practitioners providing telemedicine or connected care to patients in the Commonwealth shall be credentialed to practice by the board and operate in association with a registered veterinary facility or registered allied animal health professional facility in Kentucky. Practitioners practicing this type of telemedicine shall comply with all state and federal statutes and regulations, including requirements for access to follow-up care; and*
 - (c) *Telemedicine or connected care provided to patients in Kentucky shall only be conducted within an existing VCPR as set forth in Section 10 of this Act and is required to be reestablished through an in-person visit every twelve (12) months, with the exception of advice given in an emergency care situation or teletriage until a patient can be seen by or transported to a veterinarian. The VCPR for that twelve (12) months shall be deemed to constitute a relationship in Kentucky, regardless of whether the patient or client travels outside the Commonwealth; and*
- (4) *Telehealth conducted without a VCPR, which may include only the delivery of general advice, educational information, and teletriage. Telehealth which may be conducted without a VCPR includes:*
- (a) *Teleadvice, which is general advice that is not intended to diagnose, prognose, treat, correct, change, alleviate, or prevent animal disease, illness, pain, deformity, defect, injury, or other physical, dental, or mental conditions. If the practitioner providing the teleadvice is a qualified veterinarian, veterinary technician, allied animal health professional, or other board credential holder, the practitioner shall be required to hold a valid credential from the Kentucky board, except as authorized by Section 14 of this Act, shall comply with all state and federal statutes and regulations, and shall disclose the practitioner's name and Kentucky credential number to the person receiving services;*
 - (b) *Teleconsulting, in which the established VCPR remains with the veterinarian seeking advice or counsel; and*
 - (c) *Teletriage, when in assessing patient condition electronically, the assessor determines urgency and the need for immediate referral to a veterinarian, based on the owner's or responsible party's report*

of history and clinical signs, sometimes supplemented by visual information, such as photographs or video. Practitioners providing telerriage to patients in the Commonwealth shall be credentialed to practice by the board in Kentucky, shall comply with all state and federal statutes and regulations, and shall disclose the practitioner's name and Kentucky credential number to the person receiving services.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 532.025 is amended to read as follows:

- (1) (a) Upon conviction of a defendant in cases where the death penalty may be imposed, a hearing shall be conducted. In such hearing, the judge shall hear additional evidence in extenuation, mitigation, and aggravation of punishment, including the record of any prior criminal convictions and pleas of guilty or pleas of nolo contendere of the defendant, or the absence of any prior conviction and pleas; provided, however, that only such evidence in aggravation as the state has made known to the defendant prior to his *or her* trial shall be admissible. Subject to the Kentucky Rules of Evidence, juvenile court records of adjudications of guilt of a child for an offense that would be a felony if committed by an adult shall be admissible in court at any time the child is tried as an adult, or after the child becomes an adult, at any subsequent criminal trial relating to that same person. Juvenile court records made available pursuant to this section may be used for impeachment purposes during a criminal trial and may be used during the sentencing phase of a criminal trial; however, the fact that a juvenile has been adjudicated delinquent of an offense that would be a felony if the child had been an adult shall not be used in finding the child to be a persistent felony offender based upon that adjudication. Release of the child's treatment, medical, mental, or psychological records is prohibited unless presented as evidence in Circuit Court. Release of

any records resulting from the child's prior abuse and neglect under Title IV-E or IV-B of the Federal Social Security Act is also prohibited. The judge shall also hear argument by the defendant or his *or her* counsel and the prosecuting attorney, as provided by law, regarding the punishment to be imposed. The prosecuting attorney shall open and the defendant shall conclude the argument. In cases in which the death penalty may be imposed, the judge when sitting without a jury shall follow the additional procedure provided in subsection (2) of this section. Upon the conclusion of the evidence and arguments, the judge shall impose the sentence or shall recess the trial for the purpose of taking the sentence within the limits prescribed by law. If the trial court is reversed on appeal because of error only in the presentence hearing, the new trial which may be ordered shall apply only to the issue of punishment;

- (b) In all cases in which the death penalty may be imposed and which are tried by a jury, upon a return of a verdict of guilty by the jury, the court shall resume the trial and conduct a presentence hearing before the jury. Such hearing shall be conducted in the same manner as presentence hearings conducted before the judge as provided in paragraph (a) of this subsection, including the record of any prior criminal convictions and pleas of guilty or pleas of nolo contendere of the defendant. Upon the conclusion of the evidence and arguments, the judge shall give the jury appropriate instructions, and the jury shall retire to determine whether any mitigating or aggravating circumstances, as defined in subsection (2) of this section, exist and to recommend a sentence for the defendant. Upon the findings of the jury, the judge shall fix a sentence within the limits prescribed by law.
- (2) In all cases of offenses for which the death penalty may be authorized, the judge shall consider, or he *or she* shall include in his instructions to the jury for it to consider, any mitigating circumstances or aggravating circumstances otherwise authorized by law and any of the following statutory aggravating or mitigating circumstances which may be supported by the evidence:

 4. The offender committed the offense of murder for himself, *herself*, or another, for the purpose of receiving money or any other thing of monetary value, or for other profit;
 5. The offense of murder was committed by a person who was a prisoner and the victim was a prison employee engaged at the time of the act in the performance of his *or her* duties;
 6. The offender's act or acts of killing were intentional and resulted in multiple deaths;
 7. The offender's act of killing was intentional and the victim was a state or local public official or police officer, sheriff, or deputy sheriff engaged at the time of the act in the lawful performance of his *or her* duties;~~and~~
 8. The offender murdered the victim when an emergency protective order or a domestic violence order was in effect, or when any other order designed to protect the victim from the offender, such as an order issued as a condition of a bond, conditional release, probation, parole, or pretrial diversion, was in effect; *and*
 9. ***The offender's act of killing was intentional and resulted in the death of a child under twelve (12) years old.***
- (b) Mitigating circumstances:

 8. The youth of the defendant at the time of the crime.
- (3) The instructions as determined by the trial judge to be warranted by the evidence or as required by KRS 532.030(4) shall be given in charge and in writing to the jury for its deliberation. The jury, if its verdict be a recommendation of death, or imprisonment for life without benefit of probation or parole, or imprisonment for life without benefit of probation or parole until the defendant has served a minimum of twenty-five (25) years of his *or her* sentence, shall designate in writing, signed by the foreman of the jury, the aggravating circumstance or circumstances which it found beyond a reasonable doubt. In nonjury cases, the judge shall make such designation. In all cases unless at least one (1) of the statutory aggravating circumstances enumerated in subsection (2) of this section is so found, the death penalty, or imprisonment for life without benefit of probation or parole, or the sentence to imprisonment for life without benefit of probation or parole until the defendant has served a minimum of twenty-five (25) years of his *or her* sentence, shall not be imposed.

WHEREAS, in June, 2022, reformulated gas was estimated to be 45 cents more expensive than conventional gas; and

WHEREAS, the national average price of gasoline is currently at a historic level of \$3.47 per gallon, a figure essentially unchanged from last year that seemingly represents the new normal; and

WHEREAS, the cabinet and the district have undertaken that analysis and are engaged in the development of revisions required by House Joint Resolution 8 to eliminate reliance on reformulated gasoline as a control measure for the state implementation plan for Jefferson County and partial areas of Bullitt and Oldham Counties, and to adopt the air pollution control strategies in the state implementation plan revision that are necessary to satisfy any applicable requirement concerning attainment of NAAQS and reasonable further progress, and any other applicable requirement of Section 110 of the Clean Air Act; and

WHEREAS, the cabinet and the district should be prepared to move forward to seek federal approval for that revision to the state implementation plan once the EPA has approved the pending requests from the cabinet and the district for redesignation of the Jefferson County and partial areas of Bullitt and Oldham Counties as being in attainment for ozone;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

AN ACT relating to the retirement of fossil fuel-fired electric generating units and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔SECTION 1. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

As used in this section and Section 2 of this Act:

- (1) *"Electric generating unit" means one (1) or more fossil fuel-fired combustion or steam generating sources used for generating electricity that deliver all or part of their power to the electric power grid for sale;*
- (2) *"Reliability" means having adequate electric generation capacity to safely deliver electric energy in the quantity, with the quality, and at a time that the utility customers demand;*
- (3) *"Resilience" means having the ability to quickly and effectively respond to and recover from events that compromise grid reliability;*
- (4) *"Retirement" or "retired" means the closure or the complete and permanent cessation of operations at an electric generating unit; and*

➔SECTION 2. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

- (1) *Notwithstanding any provision of law to the contrary, the commission shall have the authority to approve or deny the retirement of an electric generating unit owned by a utility. Prior to retiring an electric generating unit, a utility shall apply to the commission for an order approving the retirement, and shall give the commission thirty (30) days' notice of the application. The commission shall enter an order approving, approving with conditions, or denying the application within one hundred eighty (180) days of receiving an administratively complete application.*
- (2) *There shall be a rebuttable presumption against the retirement of a fossil fuel-fired electric generating unit. The commission shall not approve the retirement of an electric generating unit, authorize a surcharge for the decommissioning of the unit, or take any other action which authorizes or allows for the recovery of costs for the retirement of an electric generating unit, including any stranded asset recovery, unless the presumption created by this section is rebutted by evidence sufficient for the commission to find that:*
 - (a) *The utility will replace the retired electric generating unit with new electric generating capacity that:*
 1. *Is dispatchable by either the utility or the regional transmission organization or independent system operator responsible for balancing load within the utility's service area;*
 2. *Maintains or improves the reliability and resilience of the electric transmission grid; and*
 3. *Maintains the minimum reserve capacity requirement established by the utility's reliability coordinator;*
 - (b) *The retirement will not harm the utility's ratepayers by causing the utility to incur any net incremental costs to be recovered from ratepayers that could be avoided by continuing to operate the electric generating unit proposed for retirement in compliance with applicable law; and*

- (c) *The decision to retire the fossil fuel-fired electric generating unit is not the result of any financial incentives or benefits offered by any federal agency.*
- (3) *The utility shall at a minimum provide the commission with evidence of all known direct and indirect costs of retiring the electric generating unit and demonstrate that cost savings will result to customers as a result of the retirement of the electric generating unit.*
- (4) *The commission shall prepare and submit an annual report to the Legislative Research Commission by December 1 of each year detailing:*
 - (a) *The number of requests by utilities to retire electric generating units in the Commonwealth, the nameplate capacity of each of those units, and whether the request was approved or denied by the commission;*

 - 2. *Required capacity reserve margins for the utility;*
 - 3. *Need for capacity additions or expansions at new or existing facilities as a result of the retirement; and*
 - 4. *Need for additional purchase power or capacity reserve arrangements; and*
 - (c) *Whether the retirement resulted in stranded costs for the ratepayer that will be recovered by the utility through a surcharge or some other separate charge on the customer bill.*

➔Section 3. Whereas the United States is retiring coal-fired electric generating units at an unprecedented rate, with retirements potentially affecting employment rates, tax revenues, and utility rates, and compromising the reliability of electric power service and resilience of the electric grid, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

Became law without Governor's signature March 29, 2023.

- (1) All support orders issued by the *Office of the Attorney General*~~[Cabinet for Health and Family Services]~~, including those issued pursuant to Part D, Title IV of the Federal Social Security Act, shall provide for immediate withholding of earnings of the parent or parents obligated to pay child support and medical support as is necessary to pay the child support obligation, except where one (1) of the parties demonstrates, and the court or administrative order finds that there is good cause not to require immediate income withholding, or a written agreement is reached by both parties which provides for an alternative arrangement.
- (2) In any case in which a support order was issued in the state and in which a parent is required to pay court-ordered or administratively determined child support, medical support, maintenance, and medical support insurance, and wage withholding is not in effect, and an arrearage accrues that is equal to the amount of

support payment for one (1) month, upon request of the absent parent, request of the custodial parent, or upon administrative determination, the **Attorney General**~~[secretary]~~ shall issue an order for withholding of earnings of the parent as is necessary to comply with the order plus interest at the legal rate on the arrearage, if any, without the need for a judicial or administrative hearing.

- (3) If a court-ordered arrearage repayment amount does not exist and an arrearage accrues that is equal to the amount of support payable for one (1) month, an arrearage repayment amount may be determined administratively. The **Office of the Attorney General**~~[cabinet]~~ shall promulgate administrative regulations establishing the guidelines for arrearage payments.
- (4) In any case in which a parent is required either by court order or administrative order to provide medical insurance coverage for the child and the parent has failed to make application to obtain coverage for the child, the **Attorney General**~~[secretary]~~ shall issue an order for withholding of the employee's share, if any, of premiums for health coverage and to pay the share of premiums to the insurer, without the need for a judicial or administrative hearing.

The only basis for contesting the withholding shall be a mistake of fact or law. If the parent contests the withholding, the **Office of the Attorney General**~~[cabinet]~~ shall give the obligor an opportunity to present his or her case at an administrative hearing conducted in accordance with KRS Chapter 13B and decide if the withholding will continue.
- (6) The **Office of the Attorney General**~~[cabinet]~~ shall combine any administrative or judicial wage withholding order, or multiple administrative or judicial orders for child support and medical support into a single wage withholding order when payable through the **office**~~[cabinet]~~ to a single family or to multiple family units.

The allocation by the **office**~~[cabinet]~~ shall not result in a withholding for one (1) of the support obligations not being implemented. Amounts resulting from wage withholding shall be allocated on a proportionate basis between multiple family units. Any custodial parent adversely affected by the provisions of this subsection shall have standing to challenge any proportionate allocations and, for good cause shown, a District Court, Circuit Court, or family court of competent jurisdiction may set aside the **Office of the Attorney General's**~~[cabinet's]~~ proportional allocations as to the custodial parent.
- (9) If the amounts to be withheld preclude collection of the total amount of combined child support and medical support due to the limits of the federal Consumer Credit Protection Act at 15 U.S.C. sec. 1673(b), the actual amount received shall be applied first to the current monthly child support obligation amount. Any payment exceeding the current monthly child support obligation shall then be applied by the **Office of the Attorney General**~~[cabinet]~~ to the administratively ordered or judicially ordered medical support obligation.
- (10) The employer shall forward to the **Office of the Attorney General**~~[Cabinet for Health and Family Services]~~ that portion of salary or wages of the parent due and to be due in the future as will be sufficient to pay the child support amount ordered.
- (11) The employer shall be held liable to the **Office of the Attorney General**~~[cabinet]~~ for any amount which the employer fails to withhold from earnings due an obligor following receipt of an order to withhold earnings.
- (12) Any order to withhold earnings under this section shall have priority as against any attachment, execution, or other assignment, notwithstanding any state statute or administrative regulation to the contrary.
- (13) No withholding under this section shall be grounds for discharging from employment, refusing to employ, or taking disciplinary action against any obligor subject to withholding required by this section.

- (14) The remedies provided for in this section shall also be available for applicable support orders issued in other states.
- (15) Interstate requests for withholding of earnings shall be processed by the *Office of the Attorney General*~~[cabinet]~~.

The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases.  - (a) To order or accept delivery of any motor vehicle, part or accessory thereof, appliances, equipment, or any other product not required by law, which shall not have been voluntarily ordered by the new motor vehicle dealer; except that this section is not intended to modify or supersede any terms or provisions of the franchise requiring new motor vehicle dealers to market a representative line of those motor vehicles which the manufacturer or distributor is publicly advertising;[-]
 - (b) To order or accept delivery of any new motor vehicle with special features, appliances, accessories, or equipment not included in the list price of the motor vehicle, as publicly advertised by the manufacturer or distributor;[-]
 - (c) To order for any person any parts, accessories, equipment, machinery tools, appliance, or any commodity whatsoever not required in connection with a recall campaign;[-]
 - (d) To participate monetarily in an advertising campaign or contest, any promotional materials, training materials, showroom or other display decorations, or materials, at the expense of the dealer, without the consent of the dealer;[-]
 - (e) To enter into any agreement with the manufacturer, distributor, factory branch, or factory representative, or to do any other act prejudicial to the new motor vehicle dealer by threatening to

cancel a franchise or any contractual agreement existing between the dealer and the manufacturer, distributor, factory branch, or factory representative. Notice in good faith to any dealer of the dealer's violation of any terms or provisions of the dealer's franchise, or contractual agreement shall not constitute a violation of this law;[-]

- (f) To change the capital structure of the dealership, or the means by or through which the dealer finances the operation of the dealership, provided that the dealership at all times meets any reasonable capital standards agreed to by the dealer, excluding any entity engaged primarily in providing financing or insurance on motor vehicles;[-]
 - (g) To refrain from participation in the management or investment in, or the acquisition of any other line of new motor vehicle or related products; provided, however, that this section does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicles, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the franchise and with any reasonable facility requirements of the manufacturer, and no change is made in the principal management of the new motor vehicle dealership;[-]
 - (h) To change *the* location of the dealership[-] or[-to], during the course of the agreement, make any substantial alterations to *the same components of* the dealership premises:
 1. *Within ten (10) years of a previously required improvement, alteration, or construction to those same components; or*[-]
 2. When to do so, would be unreasonable in light of the current economic, political, and social considerations;[-]
 - (i) To prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this law, or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the Commonwealth or the United States of America, or to the commissioner, if the referral would be binding upon the dealer;[-]
 - (j) To establish or maintain exclusive facilities, personnel, display space, or signage for a new motor vehicle make or line; *or*[-]
 - (k) To expand facilities without making available a sufficient supply of new motor vehicles to support the expansion in light of the market and economic conditions.
- (2) It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative, *either directly or indirectly*:
- (a) To delay, refuse, or fail to deliver motor vehicles, or vehicle parts or accessories in reasonable quantities relative to the new motor vehicle dealer's facilities and sales potential in the new motor vehicle dealer's relevant market area, and within a reasonable time, but in any case no more than sixty (60) days, after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts, or accessories to new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. The delivery to another dealer of a motor vehicle of the same model and *identically*[-similarly] equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who had placed his *or her* written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be prima facie evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within sixty (60) days, without cause. This section is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer, distributor, factory branch, or factory representative;[-]
 - (b) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the relevant market areas;[-]
 - (c) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall not be a transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld;[-]
 - (d) *To receive money, goods, services, or any other benefit from any vendor on account of a transaction between the dealer and the vendor with whom the dealer does business on the recommendation or requirement of the manufacturer or distributor, other than for compensation for services rendered,*

~~unless the benefit is promptly accounted for, and transmitted to the dealer, excluding any entity engaged primarily in providing financing or insurance on motor vehicles; [To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and the other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the dealer, excluding any entity engaged primarily in providing financing or insurance on motor vehicles.]~~

- (e) To increase prices of motor vehicles which the dealer had ordered for private retail customers prior to the dealer's receipt of the written official price increase notification, a sales contract signed by a private retail consumer shall constitute evidence of each order, provided that the vehicle is in fact delivered to the customer. In the event of manufacturer price reductions, the amount of a reduction received by a dealer shall be passed on to the private retail consumer by the dealer, if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by the following shall not be subject to the provisions of this section:

 2. Revaluation of the United States dollar, in the case of foreign-make vehicles or components; or
 3. Increased transportation charges due to an increase in the rate charged by common carrier or transporter;[-]

- (h) To deny any dealer the right of free association with any other dealer for any lawful purpose;[-]
- (i) To establish or maintain a relationship, on the part of a manufacturer, distributor, factory branch, or factory representative, where the voting rights exceed a simple majority;[-]
- (j) To own, operate, or control any motor vehicle dealership in the Commonwealth; however, this subsection shall not prohibit:
1. The operation by any manufacturer of a dealership for a temporary period, not to exceed one (1) year, during the transition from one (1) owner to another;
 2. The ownership or control of a dealership by a manufacturer while the dealership is being sold under a bona fide contract or purchase option to the operator of the dealership; or
 3. The ownership, operation, or control of a dealership by a manufacturer if the licensor determines after a hearing at the request of any party, that there is not a dealer who is independent of the manufacturer available in the community or trade area to own and operate the franchise in a manner consistent with the public interest;[-]
- (k) To compete without good faith with a new motor vehicle dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, distributor, factory branch, or factory representative in the relevant market area. A manufacturer, distributor, factory branch, or factory representative shall not, however, be deemed to be competing when operating a dealership, either temporarily for a reasonable period, not to exceed one (1) year, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment, subject to loss in the dealership, and can reasonably expect to acquire full ownership of such dealership on reasonable terms and conditions;[-]
- (l) *To offer to sell or to sell, directly or indirectly, at retail, any new motor vehicle to a consumer in the Commonwealth, except through a new motor vehicle dealer holding a franchise for the line make***

- (m) *To fail to assign any retail vehicle reservation, request to purchase, or lease received by the manufacturer from a resident of the Commonwealth to the franchised dealer designated by the customer or, if no designation is made, to the franchised dealer in the closest proximity to the consumer, and for which the franchised dealer is otherwise in compliance with the franchise agreement and authorized to sell the make and model based on applicable standards and requirements that include but are not limited to any facility, technology, or training requirements necessary to sell or service the vehicle, so long as the standards and requirements are compliant with the applicable laws and regulations. Nothing in this paragraph shall require a manufacturer or distributor to allocate or supply additional or supplemental inventory to a franchised dealer located in the Commonwealth in order to satisfy a retail consumer's reservation or request;*
- (n)~~(l)~~ To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursement or authority granted its new motor vehicle dealers to make warranty adjustment with retail customers;~~;~~
- (o)~~(m)~~ To fail to give consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a new motor vehicle dealer in this state; provided that consent may be withheld when in light of other circumstances, granting the consent would be unreasonable; ~~or~~;

- (b) ***On and after the effective date of this Act until June 30, 2025, no premium shall be charged on any one (1) subject of risk upon a valuation of more than ten million dollars (\$10,000,000), unless the Office of the Controller in the Finance and Administration Cabinet has contracted for reinsurance that limits the liability of the fund to ten million dollars (\$10,000,000) upon that risk.***

→Section 2. KRS 56.120 is amended to read as follows:

- (1) When the amount of damage has been determined, the State Treasurer shall debit the account of the state fire and tornado insurance fund by that amount and credit with an equal amount the account of the agency that has control or custody of the property damaged, and upon warrant from the Finance and Administration Cabinet, the Treasurer shall pay to the agency the amount so credited to it, for the purpose of repairing the damage or reconstructing or replacing the damaged or destroyed property. If the agency deems it impracticable or undesirable to use the money for repair, reconstruction, or replacement of the property damaged or destroyed, it may, with the approval of the Finance and Administration Cabinet, and subject to the provisions of KRS 56.491, expend said funds for the acquisition, repair, construction, or reconstruction of property similar to the property damaged or destroyed.

The premium for reinsurance shall be paid out of the state fire and tornado insurance fund, on warrant of the cabinet.*
- (2) *On or after July 1, 2025, the Office of the Controller in the Finance and Administration Cabinet may contract with any responsible fire and tornado insurance or reinsurance company authorized to do business in Kentucky to reinsure any subject of risk of which the total valuation has been fixed at over one million dollars (\$1,000,000) in such a way as to limit the net liability of the state fire and tornado insurance fund with respect to such subject of risk to one million dollars (\$1,000,000). A JOINT RESOLUTION directing the Governor or his designee to certify to the Environmental Protection Agency that the Kentucky Board of Radon Safety has legal and administrative authority to enter into a grant with the EPA, including specifically the receipt and administration of EPA State Indoor Radon Grant funding.

WHEREAS, during the 2022 Regular Session of the Kentucky General Assembly, the General Assembly passed House Bill 77, which became law on July 14, 2022, and is codified as KRS 309.430 to 309.454; and

WHEREAS, House Bill 77 eliminated the state Radon Program under the Department for Public Health and created a new, independent board in the Public Protection Cabinet attached to the Department for Professional Licensing; and

WHEREAS, the General Assembly through House Bill 77 created the Kentucky Board of Radon Safety to, among other duties, "[e]nter into agreements with any federal or state agency, political subdivision, postsecondary educational institution, nonprofit organization, or other person or entity to assist with and administer grants received by the board, including but not limited to the Environmental Protection Agency State Indoor Radon Grant (SIRG) program"; and

WHEREAS, the General Assembly granted the Kentucky Board of Radon Safety the authority to promote the control of radon in Kentucky, including the development and implementation of programs for the evaluation and control of radon activities, and promulgate administrative regulations and conduct administrative hearings in accordance with KRS Chapters 13A and 13B, respectively, and transferred the responsibility for the radon contractor registration program from the Cabinet for Health and Family Services to the board; and

WHEREAS, on June 1, 2022, the EPA senior general law attorney corresponded with the secretary of the Public Protection Cabinet, to acknowledge the EPA's awareness of the passage of House Bill 77 and outline the requirements for the Governor to certify that "the board has legal and administrative authority to enter into a grant with the EPA"; and

WHEREAS, the EPA asked for a response to the certification within 14 calendar days of receipt of the letter, and 119 days later on September 27, 2022, the secretary of the Governor's executive cabinet responded to the EPA letter, stating the Cabinet for Health and Family Services remains the "lead state agency" for the SIRG funding, rather than recognizing the new board as designee, as now statutorily required by enacted legislation; and

WHEREAS, the Constitution of the Commonwealth of Kentucky divides the Commonwealth's power into three distinct branches of government. Section 29 vests the legislative power in the General Assembly, and the Kentucky Supreme Court has established that the shaping of public policy is the exclusive domain of the legislature. Section 69 vests the executive power in the Governor, who is required by Section 81 to "take care that the laws be faithfully executed" and, therefore, duty bound to follow Kentucky law as enacted by the General Assembly; and

WHEREAS, the General Assembly duly enacted House Bill 77, the Governor signed the bill into law on March 31, 2022, and KRS 309.434 clearly establishes the Kentucky Board of Radon Safety as the entity responsible for the regulation of all radon health and safety efforts within the state, including, specifically, the receipt and administration of EPA SIRG funding; and

WHEREAS, by writing the EPA on September 27, 2022, that the Cabinet for Health and Family Services remains the lead agency responsible for SIRG funding, the Governor has acted contrary to his constitutional duty to take care that KRS 309.434 be faithfully executed;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. It is the intent of the General Assembly that the Kentucky Board of Radon Safety be the state entity to receive and administer EPA SIRG funding in accordance with its statutory authority.

➔Section 2. The Governor or his designee is hereby directed to certify to the EPA that the Kentucky Board of Radon Safety has legal and administrative authority to enter into a grant with the EPA.

- (2) *A local government may:*
 - (a) *Enact ordinances not in conflict with Sections 1 to 30 of this Act or with the cabinet's administrative regulations, regulating the time, place, and manner of cannabis business operations, except that a*

local government shall not enact ordinances that impose an undue burden or make cannabis business operations unreasonable or impractical;

- (b) Prohibit all cannabis business operations within its territory through the passage of an ordinance; or*
 - (c) Enact resolutions directing that the question of prohibiting cannabis businesses from operating within its territory be submitted to the voters of its territory at the next regular election pursuant to subsection (5)(j) of this section.*
- (3) If a county, consolidated local government, charter county government, or unified local government prohibits all cannabis business operations, the legislative body of a city located within the county, consolidated local government, charter county government, or unified local government may:*
- (a) Approve cannabis business operations within the limits of the city through the passage of an ordinance; or*
 - (b) Enact resolutions directing that the question of allowing cannabis businesses to operate within the limits of the city be submitted to the voters who are eligible to vote in that city's elections at the next regular election pursuant to subsection (5)(j) of this section.*
- (4) If a local government legislative body with jurisdiction prohibits cannabis business operations through the passage of an ordinance, a public question that is initiated by petition and that proposes allowing a cannabis business to operate within the affected territory is authorized.*
- (5) A public question that is initiated by petition and is authorized by subsection (4) of this section shall be submitted to the voters within the affected territory at the next regular election by complying with the following requirements:*
- (a) Before a petition for submission of the proposal may be presented for signatures, an intent to circulate the petition, including a copy of the unsigned petition, shall be filed with the county clerk of the affected territory by any person or group of persons seeking the submission of the public question.  - (e) No petition for the submission of the proposal shall be circulated for more than six (6) months prior to its filing;*
 - (f) After a petition for the submission of the proposal has received no fewer than the number of qualifying signatures required by paragraph (c) of this subsection, the signed petition shall be filed with the county clerk.  - (g) No signer of the petition may withdraw his or her name or have it taken from the petition after the petition has been filed. If the name of any person has been placed on the petition for submission of the public question without that person's authority, the person may, at any time prior to certification of sufficiency of the petition by the county clerk as required by paragraph (h) of this subsection, request the removal of his or her name by the county board of elections and, upon proof that the*

➔Section 2. KRS 151.110 is amended to read as follows:

- (1) (a) The conservation, development, and proper use of the water resources of the Commonwealth of Kentucky have become of vital importance as a result of population expansion and concentration, industrial growth, technological advances, and an ever increasing demand for water for varied domestic, agricultural, industrial, municipal, and recreational uses. It is recognized by the General Assembly that excessive rainfall during certain seasons of the year causes damage from overflowing streams. However, prolonged droughts at other seasons curtail *domestic*, industrial, municipal, agricultural, and recreational uses of water and seriously threaten the continued growth and economic well-being of the Commonwealth. The advancement of the safety, happiness, and welfare of the people and the protection of property require that the power inherent in the people be utilized to promote and to regulate the conservation, development, and most beneficial use of the water resources. It is hereby declared that the general welfare requires that the water resources of the Commonwealth be put to the beneficial use to the fullest extent of which they are capable, that the waste or nonbeneficial use of water be prevented, and that the conservation and beneficial use of water be exercised in the interest of the people. Therefore, it is declared the policy of the Commonwealth to actively encourage and to provide financial, technical, or other support for projects that will ~~manage~~~~[control and store]~~ our water resources in order that the continued growth and development of the Commonwealth might be ~~ensured~~~~[assured]~~. To that end, it is declared to be the purpose of KRS Chapters 146, 149, 151, 224, 262, and KRS 350.029 and 433.750 to 433.757 for the Commonwealth to permit, regulate, and participate in the construction or financing of facilities to store surplus surface water for future use; to conserve and develop the *groundwater*~~[ground water]~~ resources of the Commonwealth; to require local communities to develop long range water supply plans; to protect the rights of all persons equitably and reasonably interested in the use and availability of water; to prohibit the pollution of water resources and to maintain the normal flow of all streams so that the proper quantity and quality of water will be available at all times to the people of the Commonwealth; to provide for the adequate disposition of water among the people of the Commonwealth entitled to its use during severe droughts or times of emergency; to prevent harmful overflows and flooding; to regulate the construction, maintenance, and operation of all dams and other barriers of streams; to prevent the obstruction of streams and floodways by the dumping of substances therein; to keep accurate records on the amount of water withdrawal from streams and watercourses and reasonably regulate the amount of withdrawal of public water; and to engage in other activities as may be necessary to conserve and develop the water resources of the Commonwealth of Kentucky, and to ensure adequate supply of water for domestic, agricultural, recreational, and economic development uses.
- (b) The cabinet shall:
1. Provide leadership in water use efficiency for all water uses;
 2. Promote conservation;
 3. Offer technical assistance and conduct research;
 4. Be the lead agency with other state and local agencies to incorporate conservation measures and incentives into their programs;
 5. Sponsor "technology transfer sessions" on water conservation to commercial and industrial operations;

6. Provide leadership to communities looking for information and methods for coping with the issues of growth and water supply;
 7. Provide **recommendations and** leadership for **water resources**, on-farm and rural community drought and water assessment, monitoring, and improvement for agricultural purposes; and
 8. Have the authority to receive and disperse federal, state, and other funds for the purpose of **water resources**, on-farm and community drought and water assessment, monitoring, and improvements.
- (c) **Paragraph (b) of this** subsection~~[(1)(b)]~~ shall not be construed as changing the relationship between the cabinet and the Kentucky River Authority and their respective responsibilities for oversight of the Kentucky River as set out in KRS 151.700 and 151.720.

- (2) It is a finding of the General Assembly that groundwater is an important but vulnerable natural resource of this state, that the majority of rural Kentuckians rely exclusively on groundwater for drinking, and that groundwater is inextricably linked to surface waters which may also serve as a drinking water resource. It is also a finding that groundwater is a resource equally vital for agricultural, commercial, and industrial purposes and that useable groundwater is critical to the future development of these industries. Therefore, it shall be the policy of this state to manage groundwater for the health, welfare, and economic prosperity of all citizens.

➔Section 3. KRS 151.112 is amended to read as follows:

- (1) The cabinet shall develop a comprehensive and systematic planning process for the long-range management and orderly development of the Commonwealth's water resources. The planning process shall generate over each biennium a plan for the implementation of specific goals and management objectives for the cabinet to achieve in meeting the Commonwealth's water needs. The biennial plan shall serve as the basis for the cabinet's budgeting process in allocating resources to the state's water resource programs. The planning process shall be developed to:
- (a) Protect, conserve, develop, and utilize the water resource in a manner consistent with the Commonwealth's duties for management of natural resources, the public's right to clean water, and the preservation of the natural, scenic, cultural, historic, and aesthetic values of the environment;
 - (b) Provide a coordinated framework for cooperation among federal, interstate, state, and local government agencies in the planning and management of water resources, in a manner consistent with KRS Chapter 147 and KRS 224.10-100(13);
 - (c) Be both anticipatory of future needs and reactive to **current needs**~~[problems]~~;
 - (d) Provide for public involvement in the establishment of the comprehensive and systematic planning process, in plan development and implementation, and the allocation and prioritizing of resources for water resource management and development;~~[and]~~
 - (e) Establish a process for the collection and coordination of data regarding surface **water** and **groundwater**~~[ground-water]~~ availability and quality, including the presence of point and nonpoint sources of pollution, instream flow information, withdrawal and use information, an assessment of flood damage and storm water management problems, and an identification and assessment of future data needs; **and**
 - (f) **Request technical assistance from any agency or organization the cabinet deems necessary to carry out its duties as established in this chapter.**
- (2) The continuous planning process shall include goals and objectives for **groundwater**~~[ground]~~ and surface water quantity and quality management in order to assess the effectiveness of current programs in addressing the comprehensive water needs of the Commonwealth and to gauge the need for new or different programs to recommend to the General Assembly for legislation.

➔Section 4. KRS 151.116 is amended to read as follows:

The cabinet shall promulgate **administrative** regulations to carry out the program and shall consult with the Cabinet for Economic Development **and the Kentucky Infrastructure Authority** in developing those regulations. The **administrative** regulations shall set out the details which are to be included in the water supply plans, the procedure for counties and their municipalities and public water systems to apply for financial assistance to pay for the plans, and the criteria and process by which the cabinet will approve plans. The cabinet shall assemble all information in a uniform database available to all agencies and concerned entities.

➔Section 5. KRS 151.120 is amended to read as follows:

- (1) Water occurring in any stream, lake, **groundwater**,~~[ground water, subterranean water]~~ or other body of water in the Commonwealth which may be applied to any useful and beneficial purpose is hereby declared to be a natural resource and public water of the Commonwealth and subject to control or regulation for the public welfare as provided in KRS Chapters 146, 149, 151, 262 and 350.029 and 433.750 to 433.757.
- (2) Diffused surface water which flows vagrantly over the surface of the ground shall not be regarded as public water, and the owner of land on which such water falls or flows shall have the right to its use. Water left standing in natural pools in a natural stream when the natural flow of the stream has ceased, shall not be regarded as public water and the owners of land contiguous to that water shall have the rights to its use.

➔Section 6. KRS 151.125 is amended to read as follows:

The secretary shall exercise the following authority and powers:

- (1) ~~[To]~~Administer and enforce the provisions of this chapter and all rules and regulations and orders promulgated thereunder;
- (2) ~~[To]~~Conduct or obtain investigations, research, experiments, training programs and demonstrations, and to collect and disseminate information relating to the safe construction, operation, or maintenance of dams and reservoirs;
- (3) ~~[To]~~Adopt, after giving public notice and affording an opportunity to all interested persons to appear and offer evidence at a public hearing in connection therewith, general rules and **administrative** regulations for flood control and water resources, **and minimum standards for floodplain management, deemed**~~[which he deems]~~ necessary to accomplish the purposes of this chapter. Such rules and **administrative** regulations, which shall have the force and effect of law, shall be of uniform application as far as practicable, but they may take proper account of differences in topography, geology, soil conditions, climate, hydrology, and use of the reservoir and the lands lying in the floodplain downstream from the dam;
- (4) ~~[To]~~Adopt, **in accordance with KRS Chapter 13A**~~[without notice or hearing]~~, rules and **administrative** regulations with respect to procedural aspects of hearings, the filing of reports and orders, the issuance of **inspection reports**~~[certificates of inspection]~~, construction permits, water withdrawal permits, and other procedural matters;
- (5) ~~[To]~~Issue orders requiring the adoption by an owner of remedial measures necessary for the safety of life, or public or private property, or for carrying out the provisions of this chapter, or rules and **administrative** regulations issued thereunder;
- (6) ~~[To]~~Examine and approve or disapprove applications for construction permits for the construction, enlargement, repair, or alteration of a dam;
- (7) ~~[To]~~Establish standards for the safe construction, enlargement, repair, alteration, maintenance, or operation of a dam or reservoir. Such standards shall be issued in the form of **administrative** regulations as described in subsection (3) of this section;
- (8) ~~[To]~~Make such investigations or inspections as necessary to determine the condition of a dam to **ensure**~~[insure]~~ compliance with any provisions of this chapter, including the right to enter at any time upon an area affected for such purposes and the right of ingress and egress across intervening properties;
- (9) ~~[To]~~Order the suspension or revocation, after warning, of any **inspection report**~~[certificate of inspection]~~, construction permit, or water withdrawal permit for failure to comply with any of the provisions of this chapter or with any rules, **administrative** regulations, or orders adopted pursuant thereto, or with any of the conditions contained in or attached to the **inspection report**~~[certificate of inspection]~~, construction permits, or water withdrawal permits;
- (10) ~~[To]~~Order the immediate cessation of any act that is started or continued without a construction permit or water withdrawal permit as required by~~[the provisions of]~~ this chapter; **and**
- (11) To institute and prosecute all such court actions as may be necessary to obtain the enforcement of any order issued by the cabinet in carrying out the provisions of this chapter.

➔Section 7. KRS 151.220 is amended to read as follows:

The cabinet shall:

- (1) Undertake for and as the official agency of the state, such studies and prepare such reports and recommendations as may be necessary to establish a statewide program of flood control, ~~[[including major drainage]]~~, and a statewide program for the development of water resources;
- (2) Study and review for the state as its official agency, all survey reports, engineering reports, and other reports concerning or affecting water related projects within the state which are proposed for construction by the federal government, the state government or any agency or subdivision thereof, or which will involve the expenditure of federal or state funds, and which might affect flood control or the development of water resources of the state, and to act as the official representative of the state in any representations, recommendations, or requests to Congress or the General Assembly concerning such projects or the priority which should be accorded them with relation to the statewide program;
- (3) Make a continuous water resources study of data from other existing state or federal agencies and such other sources as may be available. - (4) Cooperate with any local, state, or federal agency, or the agencies of any other state engaged or proposing to engage in any work which will affect or be affected by the functions of the cabinet and may lend to or receive from any such agency such financial assistance as may be necessary within the limits of authorized expenditure;
- (5) Have, for flood control and water resources development purposes, jurisdiction over all streams within or bordering upon the state. The cabinet shall have the authority to establish and enforce floodways along such streams;
- (6) Have authority to accept and use *cooperative agreements*, ~~[[gifts, contributions, donations and]]~~ grants, *and other contributions; and*
- (7) Be the official state agency for determination of stream mileage.

➔ Section 8. KRS 151.250 is amended to read as follows:

- (1) Notwithstanding any other provision of law, no person and no city, county, or other political subdivision of the state, including levee districts, drainage districts, flood control districts or systems, or similar bodies, shall commence the construction, reconstruction, relocation, or improvement of any dam, embankment, levee, dike, bridge, fill, or other obstruction, ~~[[except those constructed by the *Kentucky Transportation Cabinet*, [Department of Highways) across or along any stream, or]]~~ in the *floodplain or* floodway of any stream, unless the plans and specifications for such work have been:
 - (a) Submitted by the person or political subdivision responsible for the construction, reconstruction, or improvement; and ~~[[such plans and specifications have been]]~~
 - (b) Approved in writing by the cabinet and a permit issued.

However, the cabinet by *administrative* regulation may exempt those dams, embankments, or other obstructions which are not of such size or type as to require approval by the cabinet in the interest of safety or retention of water supply.

- (2) No person, city, county, or other political subdivision of the state shall commence the filling of, *or place a building, barrier, or obstruction of any sort in*, any area *in the floodplain or floodway* ~~[[with earth, debris, or any other material, or raise the level of any area in any manner, or place a building, barrier or obstruction of any sort on any area located adjacent to a river or stream or in the floodway of the stream so that such filling, raising or obstruction will in any way affect the flow of water in the channel or in the floodway of the stream]]~~ unless plans and specifications for such work have been submitted to and approved by the cabinet and a permit issued as required in subsection (1) above.
- (3) Nothing in this section is intended to give the cabinet any jurisdiction or control over the construction, reconstruction, improvement, enlargement, maintenance, or operation of any drainage district, ditch, or system established for agricultural purposes. *However, the cabinet may require approval prior to construction of structures, dams, embankments, levees, bridges, fill, or other construction related to agricultural operations that impact the base flood of a stream* ~~[[, or to require approval of the same except where such obstruction of the stream or floodway is determined by the cabinet to be a detriment or hindrance to the beneficial use of water resources in the area, and the person or political subdivision in control thereof so notified]].~~

- (4) The Department for Natural Resources through KRS Chapter 350 shall have exclusive jurisdiction over KRS Chapter 151 concerning the regulation of dams, levees, embankments, dikes, bridges, fills, or other obstructions across or along any stream or in the floodway of any stream which structures are permitted under KRS Chapter 350 for surface coal mining operations.

➔Section 9. KRS 151.260 is amended to read as follows:

- (1) All applications for permits required by KRS 151.250 shall be in the form and manner prescribed by the cabinet.
- (2) Unless waived by the cabinet, all plans and specifications submitted for approval shall be drawn by an engineer, licensed to practice as a professional engineer under the provisions of KRS Chapter 322.
- (3) Upon receipt of all plans and specifications, the cabinet shall notify the applicant in writing within twenty (20) working days *for a floodplain permit application, and within forty-five (45) working days for a dam permit application*, either that the permit will be issued or denied, or that certain modifications in the plans or specifications must be made before a permit will be issued.
- (4) *The secretary may establish, by administrative regulation promulgated pursuant to KRS Chapter 13A, a requirement for the owner of any dam classified by the cabinet as high hazard, moderate hazard, or significant hazard to develop, exercise, and maintain an emergency action plan certified by the owner of the dam.*

➔Section 10. KRS 151.293 is amended to read as follows:

- (1) Within sixty (60) days of completion of an on-site inspection of an existing dam, the cabinet *shall prepare an inspection report* ~~may either grant a certificate of inspection, or deny the certificate of inspection~~ and notify the owner in writing ~~[, stating the reasons for denial]~~.
- (2) ~~[In deciding whether or not a certificate of inspection should be issued, the cabinet shall take into account all pertinent facts and conditions, but shall not issue a certificate unless the following conditions have been met:~~
 - ~~(a) The proposed action in the judgment of the cabinet will be conducted in such a way that the safety of the public is adequately provided for;~~
 - ~~(b) All information requested by the cabinet has been provided; and~~
 - ~~(c) The changed flow of the stream or level of the reservoir will not significantly interfere with a beneficial use by other water users.~~
- ~~(3) In granting a certificate of inspection,]~~The cabinet may impose such conditions relating to the inspection, operation, maintenance, alteration, repair, use, or control of a dam or reservoir as it determines are necessary for the protection of public health, safety, or welfare.
- ~~(3)~~~~(4)~~ The cabinet may establish hazard categories for dams based on downstream floodplain use, size, or type of dam, or other criteria, and may impose different conditions or types of conditions on the approval of dams or reservoirs in the different categories. The hazard categories in all cases shall be based only on the actual risk imposed by the dam.
- ~~(4)~~~~(5)~~ The cabinet may utilize the results and information provided by or for the United States Army Corps of Engineers pursuant to the provisions of *Pub. L. No.* ~~[Public Law]~~ 92-367 if the information is not more than one (1) year old at the time of use.
- ~~(5)~~~~(6)~~ *Inspection reports* ~~[Certificates of inspection]~~ shall be for a definite period of time, not to exceed five (5) years, as determined by the cabinet and stated on the *inspection report* ~~[certificate]~~. In determining the period of inspection, the cabinet may take account of any circumstances pertinent to the situation, including, but not limited to, the size and type of dam, topography, geology, soil conditions, hydrology, climate, use of the reservoir, the lands lying in the floodplain downstream from the dam, and the hazard category of the dam.
- ~~(6)~~~~(7)~~ The cabinet may modify *an inspection report* ~~[a certificate of inspection]~~ or the conditions attached to it. Such modification shall become effective ninety (90) days following issuance by the cabinet of a revised *inspection report* ~~[certificate]~~, except when the cabinet finds that a state of emergency exists and that life or property would be endangered by delay. In case of an emergency declared by the cabinet, the new conditions shall be effective immediately.

(7)~~(8)~~ Specific guidelines for issuance and renewal of *an inspection report*~~[certificate of inspection]~~ for earth embankment dams shall be provided by administrative regulations which shall address at least the following areas:

- (a) The hydraulic capacity requirements for each category of dam shall be provided. The probable maximum precipitation as determined by the *National Oceanic and Atmospheric Administration or another scientific evidence-based means*~~[United States Weather Service]~~ shall be used only where it can be clearly demonstrated that failure of the dam by overtopping would result in greater loss of life than would occur if the dam did not exist and only for small watersheds, since such large rainfall events are not expected to occur over large areas. The cabinet shall provide a table of factors that reduce this rainfall appropriately for larger watersheds;
- (b) Minimum criteria for the embankment stability of the dam, including consideration of such factors as steepness of slopes, strength of materials, and earthquake loadings shall be specified;
- (c) Variance procedures for applicable hydraulic and stability considerations shall be included for, but not limited to, variances to hydraulic criteria where only a small number of persons are at risk and where a reliable, effective emergency preparedness system will be installed; where a risk analysis demonstrates that at rainfall levels less than that specified in the administrative regulation there is no risk that actually results from the dam; where an owner can demonstrate that the dam substantially conforms to the criteria in the administrative regulation; and, for dams that pose a risk of economic damages only, where the owner provides indemnification against potential damages;
- (d) Before any variance is issued, the affected public shall be notified of the cabinet's intended action and allowed to make known any objections or concerns that it might have;
- (e) Whenever the owner of a dam has requested a variance and the request has not been granted or has not been granted in the manner requested, the owner or aggrieved party may petition the cabinet to have the variance request reviewed and a final determination made by the cabinet. If not satisfied by the final determination of the cabinet, the party may seek administrative remedy from the cabinet under the provisions of KRS 151.182;

However, if the incident involves a motor vehicle accident in which there was a fatality, the investigating peace officer shall seek such a search warrant for blood testing unless the testing has already been done by consent. If testing done pursuant to a warrant reveals the presence of alcohol or any other substance that impaired the driving ability of a person who is charged and convicted of a violation of KRS 189A.010(1), the sentencing court shall require, in addition to any other sentencing provision, that the defendant make restitution to the state for the cost of the testing.

Nothing in this section shall be deemed to create a right to have an attorney present during the administration of the tests, but the person's attorney may be present if the attorney can physically appear at the location where the test is to be administered within the time period established in this section.
- (4) Immediately following the administration of the final test requested by the officer, the person shall again be informed of his or her right to have a test or tests of his or her blood performed by a person of his or her choosing described in KRS 189A.103 within a reasonable time of his or her arrest at the expense of the person arrested. In the event the commission exercises its rulemaking authority in a manner that is beyond purpose and intent of this interstate compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect of law in the member states.*
- C. *If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact within four (4) years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.*

- A. Oversight:*
 - 1. The executive and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact shall have standing as statutory law.*
 - 2. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.*
 - 3. All courts and all administrative agencies shall take judicial notice of the compact, the rules of the commission, and any information provided to a member state pursuant thereto in any judicial or quasi-judicial proceeding in a member state pertaining to the subject matter of this compact or which may affect the powers, responsibilities, or actions of the commission.*
 - 4. The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and shall have standing to intervene in such a proceeding for all purposes.  - 1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall provide:*

 - b. Remedial training and specific technical assistance regarding the default.*
 - 2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the commissioners of the member states, and all rights, privileges, and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.*
 - 3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the*

commission to the governor, the majority and minority leaders of the defaulting state's legislature, the state licensing authority, and each of the member states.

4. *A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.*
5. *The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.*

1. *The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.*
2. *By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.*

ARTICLE XI

Effectuation, Withdrawal, and Amendment

- A. *The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state.*
 1. *On or after the effective date of the compact, the commission shall convene and review the enactment of each of the charter member states to determine if the statute enacted by each such charter member state is materially different from the model compact statute.*
 2. *A charter member state whose enactment is found to be materially different from the model compact statute shall be entitled to the default process set forth in Article X.*
 3. *Member states enacting the compact subsequent to the charter member states shall be subject to the process set forth in Article VII. C. 20 to determine if their enactments are materially different from the model compact statute and whether they qualify for participation in the compact.*
- B. *If any member state is later found to be in default, or is terminated or withdraws from the compact, the commission shall remain in existence and the compact shall remain in effect even if the number of member states should be less than ten (10).*
- C. *Any state that joins the compact after the commission's initial adoption of the rules and bylaws shall be subject to the rules and bylaws as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state, as the rules and bylaws may be amended as provided in this compact.*
- D. *Any member state may withdraw from this compact by enacting a statute repealing the same.*

1. *A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.*
 2. *Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.*
- E. *This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.*

ARTICLE XII

Construction and Severability

This compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any member state, a state seeking membership in the compact, or of the United States or the applicability thereof to any other government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

Persons liable for repayment of scholarships under this paragraph shall be liable for interest accruing from the dates on which the teacher scholarships were disbursed.
- (e) Recipients who have outstanding loans or scholarships under KRS 156.611, 156.613, 164.768, or 164.770 respectively, and who render qualified teaching service, shall have their notes canceled in accordance with subsection (6)(c) of this section.

- (7) A repayment obligation imposed by this section shall not be voidable by reason of the age of the recipient at the time of receiving the teacher scholarship.
- (8) Failure to meet repayment obligations imposed by this section shall be cause for the revocation of a person's teaching certificate, subject to the procedures set forth in KRS 161.120.

- (11) Notwithstanding any other statute to the contrary, if available funds are insufficient for all requested scholarships for eligible applicants during any fiscal year, the authority shall give priority consideration to eligible applicants who previously received teacher scholarships and, until June 30, 2018, to loan forgiveness for teachers who have outstanding loan balance eligibility for Best in Class loans issued prior to June 30, 2008. If funds are insufficient to make all requested renewal scholarships to eligible applicants, the authority shall reduce all scholarship awards to the extent necessary to provide scholarships to all qualified renewal applicants. If, after awarding all eligible renewal applicants, funds are not depleted, initial applications shall be ranked according to regulatory selection criteria, which may include expected family contribution and application date, and awards shall be made to highly qualified applicants until funds are depleted.

 4. There are persons who need to be recruited to teach in Kentucky schools to meet the diverse cultural and educational needs of students; and
 5. There should be alternative procedures to the traditional teacher preparation programs that qualify persons as teachers;
 - (b) There are hereby established alternative certification program options as described in subsections (2) to (10) of this section;

- (2) Option 1: Certification of a person with exceptional work experience. An individual who has exceptional work experience and has been offered employment in a local school district shall receive a one (1) year provisional certificate with approval by the Education Professional Standards Board of a joint application by the individual and the employing school district under the following conditions:

- (b) The council shall review reports of events described in paragraph (a) of this subsection to determine whether the event warrants the initiation of proceedings by the council to revoke a peace officer's certification. If the council determines to initiate proceedings to revoke a peace officer's certification under this subsection, the administrative hearing shall be conducted pursuant to KRS Chapter 13B. A final order by the council revoking certification may be appealed pursuant to the provisions of KRS 13B.140.

- (2) Payments for hospital care, nursing-home care, and drugs or other medical, ophthalmic, podiatric, and dental supplies shall be on bases which relate the amount of the payment to the cost of providing the services or supplies. It shall be one (1) of the functions of the council to make recommendations to the Cabinet for Health and Family Services with respect to the bases for payment. In determining the rates of reimbursement for long-term-care facilities participating in the Medical Assistance Program, the Cabinet for Health and Family Services shall, to the extent permitted by federal law, not allow the following items to be considered as a cost to the facility for purposes of reimbursement:
- (a) Motor vehicles that are not owned by the facility, including motor vehicles that are registered or owned by the facility but used primarily by the owner or family members thereof;
 - (b) The cost of motor vehicles, including vans or trucks, used for facility business shall be allowed up to fifteen thousand dollars (\$15,000) per facility, adjusted annually for inflation according to the increase in the consumer price index-u for the most recent twelve (12) month period, as determined by the United States Department of Labor. Medically equipped motor vehicles, vans, or trucks shall be exempt from the fifteen thousand dollar (\$15,000) limitation. Costs exceeding this limit shall not be reimbursable and shall be borne by the facility. Costs for additional motor vehicles, not to exceed a total of three (3) per facility, may be approved by the Cabinet for Health and Family Services if the facility demonstrates that each additional vehicle is necessary for the operation of the facility as required by regulations of the cabinet;
 - (c) Salaries paid to immediate family members of the owner or administrator, or both, of a facility, to the extent that services are not actually performed and are not a necessary function as required by regulation of the cabinet for the operation of the facility. The facility shall keep a record of all work actually performed by family members;
 - (d) The cost of contracts, loans, or other payments made by the facility to owners, administrators, or both, unless the payments are for services which would otherwise be necessary to the operation of the facility and the services are required by regulations of the Cabinet for Health and Family Services. Any other payments shall be deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health and Family Services. Interest paid to the facility for loans made to a third party may be used to offset allowable interest claimed by the facility;
 - (e) Private club memberships for owners or administrators, travel expenses for trips outside the state for owners or administrators, and other indirect payments made to the owner, unless the payments are deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health and Family Services; and
 - (f) Payments made to related organizations supplying the facility with goods or services shall be limited to the actual cost of the goods or services to the related organization, unless it can be demonstrated that no relationship between the facility and the supplier exists. A relationship shall be considered to exist when an individual, including brothers, sisters, father, mother, aunts, uncles, and in-laws, possesses a total of five percent (5%) or more of ownership equity in the facility and the supplying business. An exception to the relationship shall exist if fifty-one percent (51%) or more of the supplier's business activity of the type carried on with the facility is transacted with persons and organizations other than the facility and its related organizations.

- (3) No vendor payment shall be made unless the class and type of medical care rendered and the cost basis therefor has first been designated by regulation.
- (4) The rules and regulations of the Cabinet for Health and Family Services shall require that a written statement, including the required opinion of a physician, shall accompany any claim for reimbursement for induced premature births. This statement shall indicate the procedures used in providing the medical services.
- (5) The range of medical care benefit standards provided and the quality and quantity standards and the methods for determining cost formulae for vendor payments within each category of public assistance and other recipients shall be uniform for the entire state, and shall be designated by regulation promulgated within the limitations established by the Social Security Act and federal regulations. It shall not be necessary that the amount of payments for units of services be uniform for the entire state but amounts may vary from county to county and from city to city, as well as among hospitals, based on the prevailing cost of medical care in each locale and other local economic and geographic conditions, except that insofar as allowed by applicable federal law and regulation, the maximum amounts reimbursable for similar services rendered by physicians within the same specialty of medical practice shall not vary according to the physician's place of residence or place of practice, as long as the place of practice is within the boundaries of the state.
- (6) Nothing in this section shall be deemed to deprive a woman of all appropriate medical care necessary to prevent her physical death.
- (7) To the extent permitted by federal law, no medical assistance recipient shall be recertified as qualifying for a level of long-term care below the recipient's current level, unless the recertification includes a physical examination conducted by a physician licensed pursuant to KRS Chapter 311 or by an advanced practice registered nurse licensed pursuant to KRS Chapter 314 and acting under the physician's supervision.
- (8)
 - (a) If payments made to community mental health centers, established pursuant to KRS Chapter 210, for services provided to the intellectually disabled exceed the actual cost of providing the service, the balance of the payments shall be used solely for the provision of other services to the intellectually disabled through community mental health centers.
 - (b) *Except as provided in subsections (4) and (5)(c) of Section 2 of this Act, if a community mental health center, established pursuant to KRS Chapter 210, provides services to a recipient of Medical Assistance Program benefits outside of the community mental health center's regional service area, as established in Section 2 of this Act, the community mental health center shall not be reimbursed for such services in accordance with the department's fee schedule for community mental health centers but shall instead be reimbursed in accordance with the department's fee schedule for behavioral health service organizations.*
 - (c) *As used in this subsection, "community mental health center" means a regional community services program as defined in Section 1 of this Act.*
- (9) No long-term-care facility, as defined in KRS 216.510, providing inpatient care to recipients of medical assistance under Title XIX of the Social Security Act on July 15, 1986, shall deny admission of a person to a bed certified for reimbursement under the provisions of the Medical Assistance Program solely on the basis of the person's paying status as a Medicaid recipient. No person shall be removed or discharged from any facility solely because they became eligible for participation in the Medical Assistance Program, unless the facility can demonstrate the resident or the resident's responsible party was fully notified in writing that the resident was being admitted to a bed not certified for Medicaid reimbursement. No facility may decertify a bed occupied by a Medicaid recipient or may decertify a bed that is occupied by a resident who has made application for medical assistance.
- (10) Family-practice physicians practicing in geographic areas with no more than one (1) primary-care physician per five thousand (5,000) population, as reported by the United States Department of Health and Human Services, shall be reimbursed one hundred twenty-five percent (125%) of the standard reimbursement rate for physician services.
- (11) The Cabinet for Health and Family Services shall make payments under the Medical Assistance program for services which are within the lawful scope of practice of a chiropractor licensed pursuant to KRS Chapter 312, to the extent the Medical Assistance Program pays for the same services provided by a physician.
- (12)
 - (a) The Medical Assistance Program shall use the appropriate form and guidelines for enrolling those providers applying for participation in the Medical Assistance Program, including those licensed and regulated under KRS Chapters 311, 312, 314, 315, and 320, any facility required to be licensed pursuant

to KRS Chapter 216B, and any other health care practitioner or facility as determined by the Department for Medicaid Services through an administrative regulation promulgated under KRS Chapter 13A. A Medicaid managed care organization shall use the forms and guidelines established under KRS 304.17A-545(5) to credential a provider. For any provider who contracts with and is credentialed by a Medicaid managed care organization prior to enrollment, the cabinet shall complete the enrollment process and deny, or approve and issue a Provider Identification Number (PID) within fifteen (15) business days from the time all necessary completed enrollment forms have been submitted and all outstanding accounts receivable have been satisfied.

- (b) Within forty-five (45) days of receiving a correct and complete provider application, the Department for Medicaid Services shall complete the enrollment process by either denying or approving and issuing a Provider Identification Number (PID) for a behavioral health provider who provides substance use disorder services, unless the department notifies the provider that additional time is needed to render a decision for resolution of an issue or dispute.
 - (c) Within forty-five (45) days of receipt of a correct and complete application for credentialing by a behavioral health provider providing substance use disorder services, a Medicaid managed care organization shall complete its contracting and credentialing process, unless the Medicaid managed care organization notifies the provider that additional time is needed to render a decision. If additional time is needed, the Medicaid managed care organization shall not take any longer than ninety (90) days from receipt of the credentialing application to deny or approve and contract with the provider.
 - (d) A Medicaid managed care organization shall adjudicate any clean claims submitted for a substance use disorder service from an enrolled and credentialed behavioral health provider who provides substance use disorder services in accordance with KRS 304.17A-700 to 304.17A-730.
 - (e) The Department of Insurance may impose a civil penalty of one hundred dollars (\$100) per violation when a Medicaid managed care organization fails to comply with this section. Each day that a Medicaid managed care organization fails to pay a claim may count as a separate violation.
