- (c) *The county shall then subtract from the figure calculated in paragraph (b) of this subsection the property tax, occupational licensure tax, and insurance premium tax revenue it has collected or anticipates it will be able to collect for each year following the annexation, which figure will represent the remittance payment required to be paid by the city to the county.*

The county shall update its calculation of the figure in paragraph (c) of this subsection on a yearly basis, and shall provide the figure to the city at least thirty (30) days prior to the date on which payment is required to be made by the city. A city shall not be required to remit payments unless the county has provided the city with documentation confirming the figure calculated in paragraph (c) of this subsection.

- (2) (a) *When a city proposes to annex territory that does not contain active residential, commercial, or industrial uses on a substantial part of the territory, the crediting provisions set forth in KRS 68.197 apply to the county in which the territory is located, and:*

 - a. *Existing water and sewer services were provided by the city to the territory on or before January 1, 2024; and*

- a. *Specialized infrastructure or utilities that the county itself cannot feasibly provide at the time of the annexation;*
 - b. *The provision of public safety or emergency response services that the county itself cannot feasibly provide at the time of annexation; or*
 - c. *The ability to sell alcoholic beverages in the territory to be annexed;*
- the county may, within fifteen (15) days after receiving written notice of the annexation from the city as required by subsection (2) of Section 1 of this Act or subsection (1) of Section 2 of this Act, enact a resolution stating that the county desires to negotiate with the city regarding the creation of an interlocal agreement for revenue and cost sharing related to development of the territory to be annexed. A copy of the resolution shall be immediately transmitted to the city.*
- (b) *If a city receives the resolution, it shall negotiate with the county to form an interlocal agreement that addresses participation between the county and city in:*
1. *Cost sharing for public investment in the development of the area;*
 2. *Cost sharing for provision of municipal services within the area; and*
 3. *Revenue sharing of occupational tax revenue collected from the territory.*
- (c) *The negotiations shall be completed within sixty (60) days of the enactment of the resolution by the county, and the city shall not enact an ordinance finally annexing the territory into the city during that period.*
- (d) *If the parties fail to reach an agreement within the sixty (60) day period described in paragraph (c) of this subsection:*

- (e) *If the county elects to participate with the city in development of the territory pursuant to subsection (2)(d)2.b. of this section, a cost and revenue sharing default option shall apply, under which the county shall provide funding for:*
1. *Fifty percent (50%) of the costs associated with the public investment made in developing the territory; and*
 2. *Fifty percent (50%) of the costs associated with the provision of additional municipal services in the territory.*
- The city shall be required to remit to the county, on a yearly basis, fifty percent (50%) of the occupational tax revenue generated in the territory, or an amount of occupational tax revenue that would equal the amount that the county would collect from the territory pursuant to its countywide occupational tax rate in the absence of crediting, whichever is less. In no instance shall a county receive payments under this section that would exceed the amount it would collect from the territory pursuant to its countywide occupational tax rate in the absence of crediting. If a county would receive an amount of revenue that is less than fifty percent (50%) of the occupational tax revenue generated in the territory pursuant to this paragraph, then its responsibility for funding pursuant to subparagraphs 1. and 2. of this paragraph shall be changed to a percentage equal to the percentage of revenue that the county would receive under this paragraph. A county may, during the sixty (60) day period discussed in paragraph (c) of this subsection, elect to impose a countywide occupational tax or raise its countywide occupational tax rate in conformance with statute.*
- (f) *Any agreement made pursuant to this subsection, including a default agreement under subsection (2)(e) of this section, shall be considered an interlocal agreement and be subject to the provisions of the Interlocal Cooperation Act, including the reporting requirements set forth in KRS 65.260.*

- (3) *When a city proposes to annex territory in a county in which the crediting provisions set forth in KRS 68.197 apply, the provisions of subsections (1) and (2) of this section shall not apply if the city and county are parties to an interlocal agreement concerning the sharing of occupational tax revenue between the city and county, and that agreement would apply to the proposed annexation.*
- (4) (a) *When a city completes an annexation of territory in a county in which the crediting provisions set forth in KRS 68.197 apply, the city shall submit to the Department for Local Government the information required by this subsection. The information shall be submitted within (60) days following the enactment of the ordinance finally annexing the territory into the city, and shall include the following:*

 3. *A copy of any interlocal agreement created as a result of compliance with this section or that applies as described in subsection (3) of this section.*
- (b) *The Department for Local Government may make reporting forms consistent with this subsection, and may promulgate administrative regulations pursuant to KRS Chapter 13A to implement the provisions of this subsection.*

A dealer's failure to comply with the specific requirements of the manufacturer or distributor for processing a claim may not constitute grounds for denial of the claim or reduction of the amount of compensation paid to the dealer if the dealer presents reasonable documentation or other evidence to substantiate the claim.

➔Section 1. KRS 224.60-130 is amended to read as follows:

- (1) The Energy and Environment Cabinet, Department for Environmental Protection, Division of Waste Management, shall:
 - (a) Establish by administrative regulation the policy, guidelines, and procedures to administer the financial responsibility and petroleum storage tank accounts of the petroleum storage tank environmental assurance fund. In adopting administrative regulations to carry out this section, the division may distinguish between types, classes, and ages of petroleum storage tanks. The division may establish a range of amounts to be paid from the fund, or may base payments on methods such as pay for performance, task order, or firm fixed pricing, which are designed to provide incentives for contractors to more tightly control corrective action costs, and shall establish criteria to be met by persons who contract to perform corrective action to be eligible for reimbursement from the fund. The criteria may include the certification of individuals, partnerships, and companies. Criteria shall be established to certify laboratories that contract to perform analytical testing related to the underground storage tank program. Owners and operators shall have all required analytical testing performed by a certified laboratory to be eligible for fund participation. Persons who contract with petroleum storage tank owners or operators shall not be paid more than the amount authorized by the division for reimbursement from the fund for the performance of corrective action. At a minimum, the division shall promulgate administrative regulations *in accordance with KRS Chapter 13A* that will ~~ensure~~^{insure} an unobligated balance in the fund adequate to meet financial assurance requirements and corrective action requirements of KRS 224.60-135(2) and (4). If the unobligated balance in the fund is not adequate to meet the requirements of this paragraph, the division shall obligate funds necessary to meet these requirements;
 - (b) Establish by administrative regulation the criteria to be met to be eligible to participate in the financial responsibility and petroleum storage tank accounts and to receive reimbursement from these accounts. The division may establish eligibility criteria for the petroleum storage tank account based upon the financial ability of the petroleum storage tank owner or operator. Owners or operators seeking coverage under the petroleum storage tank account shall file for eligibility and for financial assistance with the division. To ensure cost effectiveness, the division shall promulgate administrative regulations *in accordance with KRS Chapter 13A* specifying the circumstances under which prior approval of corrective action costs shall be required for those costs to be eligible for reimbursement from the fund. In promulgating administrative regulations to carry out this section, the division may distinguish between types, classes, and ages of petroleum storage tanks and the degree of compliance of the facility with any administrative regulations of the cabinet promulgated pursuant to KRS 224.60-105 or applicable federal regulations;
 - (c) Establish a financial responsibility account within the fund which may be used by petroleum storage tank owners and operators to demonstrate financial responsibility as required by administrative regulations of the cabinet or the federal regulations applicable to petroleum storage tanks, consistent with the intent of the General Assembly as set forth in KRS 224.60-120(5). The account shall receive four-tenths of one cent (\$0.004) from the one and four-tenths cent (\$0.014) paid on each gallon of gasoline and special fuels received in this state pursuant to KRS 224.60-145. To be eligible to use this account to demonstrate compliance with financial responsibility requirements of the cabinet or federal regulations, or to receive reimbursement from this account for taking corrective action and for compensating third parties for bodily injury and property damage, the petroleum storage tank owner or operator shall meet the eligibility requirements established by administrative regulation promulgated by the division;
 - (d) Establish a small operator assistance account within the fund which may be used by the division to make or participate in the making of loans, to purchase or participate in the purchase of the loans, which purchase may be from eligible lenders, or to insure loans made by eligible lenders;
 - (e) Establish a petroleum storage tank account within the fund to be used to pay the costs of corrective action due to a release from a petroleum storage tank not eligible for reimbursement from the financial responsibility account. Reimbursements of corrective action projects performed under the petroleum storage tank account shall be carried out on or before July 15, ~~2034~~²⁰²⁸. Any corrective action costs incurred after this date shall not be eligible for reimbursement under the petroleum storage tank account. The account shall receive one cent (\$0.01) from the one and four-tenths cent (\$0.014) paid on each gallon of gasoline and special fuels received in this state pursuant to KRS 224.60-145. This account shall not be used to compensate third parties for bodily injury and property damage. Within

three (3) months after July 15, 2004, the division shall develop a plan to address the payment of claims and completion of corrective action at facilities eligible for reimbursement from this account. The division shall establish a ranking system to be used for the distribution of amounts from this account for the purpose of corrective action. In promulgating administrative regulations to carry out this section, the division shall consider the financial ability of the petroleum storage tank owner or operator to perform corrective action and the extent of damage caused by a release into the environment from a petroleum storage tank;

- (f) Hear complaints brought before the division regarding the payment of claims from the fund in accordance with KRS 224.10-410 to 224.10-470;
- (g) Establish and maintain necessary offices within this state, appoint employees and agents as necessary, and prescribe their duties and compensation;
- (h) Employ, in accordance with the procedures found in KRS 45A.690 to 45A.725 for awarding personal service contracts, a qualified actuary to perform actuarial studies, as directed by the division, for determining an appropriate reserve in the financial responsibility account and the petroleum storage tank account sufficient to satisfy the obligations in each account for all eligible facilities and to satisfy future liabilities and expenses necessary to operate each account. The division shall, by administrative regulation, set the entry level for participation in the fund;
- (i) Authorize expenditures from the fund to carry out the purpose of KRS 224.60-105 to 224.60-160, including reasonable costs of administering the fund, the procurement of legal services, and the procurement of analytical testing services when necessary to confirm the accuracy of analytical testing results obtained by a petroleum storage tank owner or operator. The expenditures shall be paid from the appropriate account;
- (j) Establish a small operators' tank removal account within the fund to reimburse the reasonable cost of tank system removal for small owners and operators. The account shall not be used when an owner or operator is removing the tank with the intention of replacing or upgrading the tank. In promulgating administrative regulations to carry out this paragraph, the division may distinguish among owners and operators based on income and types and classes of tanks. The division shall not place a limit on the number of tanks that an owner or operator has in order to be eligible to participate in the program and receive reimbursement under this paragraph;
- (k) Establish by administrative regulation the policy, guidelines, and procedures to perform financial audits of any petroleum storage tank owner or operator receiving reimbursement from the fund or any entity contracting or subcontracting to provide corrective action services for facilities eligible for fund reimbursement. Financial audits shall be limited to those files, records, computer records, receipts, and other documents related to corrective action performed at a facility where the costs of corrective action have been reimbursed by the fund. Files, records, computer records, receipts, and other documents related to corrective action reimbursed by the fund shall be subject to a financial audit for a period of three (3) years after the date of final reimbursement from the fund. Results of the audits shall be protected from disclosure as allowed by KRS 61.878(1)(c). Financial auditing services may be contracted for or personnel may be employed as needed to implement the requirements of this paragraph;
- (l) Be authorized to enter and inspect any facility intending to seek reimbursement for the cost of corrective action to determine the reasonableness and necessity of the cost of corrective action. The division may collect soil or water samples or require storage tank owners or operators to split samples with the division for analytical testing. Refusal to allow entry and inspection of a facility or refusal to allow the division to collect or split samples shall make the facility ineligible for fund participation;

➔Section 28. KRS 238.570 is amended to read as follows:

- (1) A fee is imposed on charitable gaming in the amount of fifty-three hundredths of one percent (0.53%) of gross receipts derived from all charitable gaming conducted by charitable organizations required to be licensed in the Commonwealth of Kentucky. The amount of the fee shall be adjusted by October 1 of each odd-numbered year in accordance with subsection (3) of this section. Each licensed charitable organization shall remit to the *office* ~~department~~ all moneys due as set forth in administrative regulations promulgated by the *corporation* ~~department~~. Failure by a licensed charitable organization to timely remit the fee required under this subsection upon notice of delinquency shall constitute grounds for disciplinary action in accordance with KRS 238.560.

All revenues generated from the fee levied in subsection (1) of this section from license fees and from administrative fines imposed by the *office* ~~department~~ shall be deposited in this account. Fund amounts attributable to the fee levied in subsection (1) of this section that are not expended at the close of a fiscal year shall not lapse but shall be carried forward to the next fiscal year.
- (3) (a) No later than July 31 of each odd-numbered year, the *Kentucky Horse Racing and Gaming Corporation* ~~Public Protection Cabinet~~ shall determine:
 1. The amount of gross receipts during the prior biennium against which the fee collected under subsection (1) of this section was assessed; and
 2. The final budgeted amount as determined by the enacted budget for the upcoming biennium for the administration and enforcement of the provisions of this chapter. If a budget is not enacted, the amount shall be the corresponding amount in the last enacted budget.
- (b) On October 1 of each odd-numbered year, the fee assessed under subsection (1) of this section shall be proportionally adjusted by the *Kentucky Horse Racing and Gaming Corporation* ~~Public Protection Cabinet~~. The new rate shall be calculated by multiplying one hundred ten percent (110%) by the amount determined in paragraph (a)2. of this subsection, and subtracting from that amount one-half (1/2) of any remaining balance in the account. The total shall then be divided by the amount determined in paragraph (a)1. of this subsection. The result shall be expressed as a percentage and shall be rounded to the nearest thousandth of a percent (0.000%).

ARTICLE I

PURPOSES

SECTION 1. Purposes.

The purposes of this compact are to:

1. Establish uniform requirements among the party states for the licensing of participants in live racing with pari-mutuel wagering, and ensure that all such participants who are licensed pursuant to this compact meet a uniform minimum standard of honesty and integrity.
2. Facilitate the growth of the pari-mutuel racing industry in each party state and nationwide by simplifying the process for licensing participants in live racing, and reduce the duplicative and costly process of separate licensing by the regulatory agency in each state that conducts live racing with pari-mutuel wagering.
3. Authorize the Kentucky Horse Racing *and Gaming Corporation*~~Commission~~ to participate in this compact.
4. Provide for participation in this compact by officials of the party states, and permit those officials, through the compact committee established by this compact, to enter into contracts with governmental agencies and nongovernmental persons to carry out the purposes of this compact.
5. Establish the compact committee created by this compact as an interstate governmental entity duly authorized to request and receive criminal history record information from the Federal Bureau of Investigation and other state and local law enforcement agencies.

ARTICLE II

DEFINITIONS

SECTION 2. Definitions.

Any state that has adopted or authorized live racing with pari-mutuel wagering shall be eligible to become party to this compact.

If as a result of withdrawals participation in this compact decreases to less than three (3) party states, this compact no longer shall be in force and effect unless and until there are at least three (3) or more party states again participating in this compact.

ARTICLE IV

COMPACT COMMITTEE

SECTION 6. Compact committee established.

There is hereby created an interstate governmental entity to be known as the "compact committee," which shall be comprised of one (1) official from the racing commission or its equivalent in each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the party state he represents. Pursuant to the laws of his party state, each official shall have the assistance of his state's racing commission or the equivalent thereof in considering issues related to licensing of participants in live racing and in fulfilling his responsibilities as the representative from his state to the compact committee. If an official is unable to perform any duty in connection with the powers and duties of the compact committee, the racing commission or equivalent thereof from his state shall designate another of its members as an alternate who shall serve in his place and represent the party state as its official on the compact committee until that racing commission or equivalent thereof determines that the original representative official is able once again to perform his duties as that party state's representative official on the compact committee. The designation of an alternate shall be communicated by the affected state's racing commission or equivalent thereof to the compact committee as the committee's bylaws may provide.

Determine which categories of participants in live horse racing, including but not limited to owners, trainers, jockeys, grooms, mutuel clerks, racing officials, veterinarians, and farriers, and which categories of equivalent participants in dog racing and other forms of live racing with pari-mutuel wagering authorized in two (2) or more of the party states, should be licensed by the committee, and establish the requirements for the initial licensure of applicants in each such category, the term of the license for each category, and the requirements for renewal of licenses in each category. Provided, however, that with regard to requests for criminal history record information on each applicant for a license, and with regard to the effect of a criminal record on the issuance or renewal of a license, the compact committee shall determine for each category of participants in live racing which licensure requirements for that category are, in its judgment, the most restrictive licensure requirements of any party state for that category and shall adopt licensure requirements for that category that are, in its judgment, comparable to those most restrictive requirements.
2. Investigate applicants for a license from the compact committee and, as permitted by federal and state law, gather information on such applicants, including criminal history record information from the Federal Bureau of Investigation and relevant state and local law enforcement agencies, and, where appropriate, from the Royal Canadian Mounted Police and law enforcement agencies of other countries, necessary to determine whether a license should be issued under the licensure requirements established by the committee as provided in paragraph 1 above. Only officials on, and employees of, the compact committee may receive and review such criminal history record information, and those officials and employees may use that information only for the purposes of this compact. No such official or employee may disclose or disseminate such information to any

person or entity other than another official or employee of the compact committee. The fingerprints of each applicant for a license from the compact committee shall be taken by the compact committee, its employees, or its designee and, pursuant to Public Law 92-544 or Public Law 100-413, shall be forwarded to a state identification bureau, or to an association of state officials regulating pari-mutuel wagering designated by the Attorney General of the United States, for submission to the Federal Bureau of Investigation for a criminal history record check. Such fingerprints may be submitted on a fingerprint card or by electronic or other means authorized by the Federal Bureau of Investigation or other receiving law enforcement agency.

3. Issue licenses to, and renew the licenses of, participants in live racing listed in paragraph 1 of this section who are found by the committee to have met the licensure and renewal requirements established by the committee. The compact committee shall not have the power or authority to deny a license. If it determines that an applicant will not be eligible for the issuance or renewal of a compact committee license, the compact committee shall notify the applicant that it will not be able to process his application further. Such notification does not constitute and shall not be considered to be the denial of a license. Any such applicant shall have the right to present additional evidence to, and to be heard by, the compact committee, but the final decision on issuance or renewal of the license shall be made by the compact committee using the requirements established pursuant to paragraph 1 of this section.
4. Enter into contracts or agreements with governmental agencies and with nongovernmental persons to provide personal services for its activities and such other services as may be necessary to effectuate the purposes of this compact.
5. Create, appoint, and abolish those offices, employments, and positions, including an executive director, as it deems necessary for the purposes of this compact, prescribe their powers, duties and qualifications, hire persons to fill those offices, employments and positions, and provide for the removal, term, tenure, compensation, fringe benefits, retirement benefits and other conditions of employment of its officers, employees and other positions.
6. Borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association, corporation or other entity.
7. Acquire, hold, and dispose of real and personal property by gift, purchase, lease, license, or in other similar manner, in furtherance of the purposes of this compact.
8. Charge a fee to each applicant for an initial license or renewal of a license.
9. Receive other funds through gifts, grants and appropriations.

SECTION 8. Voting requirements.

- A. Each official shall be entitled to one (1) vote on the compact committee.
- B. All action taken by the compact committee with regard to the addition of party states as provided in Section 3, the licensure of participants in live racing, and the receipt and disbursement of funds shall require a majority vote of the total number of officials (or their alternates) on the committee. All other action by the compact committee shall require a majority vote of those officials (or their alternates) present and voting.
- C. No action of the compact committee may be taken unless a quorum is present. A majority of the officials (or their alternates) on the compact committee shall constitute a quorum.

SECTION 9. Administration and management.

- A. The compact committee shall elect annually from among its members a chairman, a vice chairman, and a secretary/treasurer.
- B. The compact committee shall adopt bylaws for the conduct of its business by a two-thirds (2/3) vote of the total number of officials (or their alternates) on the committee at that time and shall have the power by the same vote to amend and rescind these bylaws. The committee shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendments thereto with the Secretary of State or equivalent agency of each of the party states.
- C. The compact committee may delegate the day-to-day management and administration of its duties and responsibilities to an executive director and his support staff.
- D. Employees of the compact committee shall be considered governmental employees.

SECTION 10. Immunity from liability for performance of official responsibilities and duties.

No official of a party state or employee of the compact committee shall be held personally liable for any good faith act or omission that occurs during the performance and within the scope of his responsibilities and duties under this compact.

ARTICLE V

RIGHTS AND RESPONSIBILITIES OF EACH PARTY STATE

SECTION 11. Rights and responsibilities of each party state.

A. By enacting this compact, each party state:

1. Agrees (i) to accept the decisions of the compact committee regarding the issuance of compact committee licenses to participants in live racing pursuant to the committee's licensure requirements, and (ii) to reimburse or otherwise pay the expenses of its official representative on the compact committee or his alternate.
2. Agrees not to treat a notification to an applicant by the compact committee under paragraph 3 of Section 7 that the compact committee will not be able to process his application further as the denial of a license, or to penalize such an applicant in any other way based solely on such a decision by the compact committee.
3. Reserves the right (i) to charge a fee for the use of a compact committee license in that state, (ii) to apply its own standards in determining whether, on the facts of a particular case, a compact committee license should be suspended or revoked, (iii) to apply its own standards in determining licensure eligibility, under the laws of that party state, for categories of participants in live racing that the compact committee determines not to license and for individual participants in live racing who do not meet the licensure requirements of the compact committee, and (iv) to establish its own licensure standards for the licensure of nonracing employees at pari-mutuel racetracks and employees to separate satellite wagering facilities. Any party state that suspends or revokes a compact committee license shall, through its racing commission or the equivalent thereof or otherwise, promptly notify the compact committee of that suspension or revocation.

B. No party state shall be held liable for the debts or other financial obligations incurred by the compact committee.

ARTICLE VI

CONSTRUCTION AND SEVERABILITY

SECTION 12. Construction and severability.

This compact shall be liberally construed so as to effectuate its purposes. The provisions of this compact shall be severable, and, if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution of the United States or of any party state, or the applicability of this compact to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If all or some portion of this compact is held to be contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

➔Section 75. KRS 230.3761 is amended to read as follows:

The Governor of this Commonwealth is authorized and directed to execute a compact on behalf of the Commonwealth with any of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and each territory or possession of the United States, legally joining therein in the form substantially as follows:

ARTICLE I

PURPOSES

The purposes of this compact are:

- (A) To enable member states to act jointly and cooperatively to create more uniform, effective, and efficient practices, programs, rules, and regulations relating to live pari-mutuel horse or greyhound racing and to pari-mutuel wagering activities, both on-track and off-track, that occur in or affect a member state;
- (B) To facilitate the health and growth of the industry by simplifying the process of participating in live horse and greyhound racing and pari-mutuel wagering, improving the quality and integrity of racing and wagering, more

- (C) To authorize the Kentucky Horse Racing *and Gaming Corporation*~~[Commission]~~ to participate in this compact;

- (E) To establish the compact commission created by this compact as an interstate governmental entity duly authorized to request and to receive criminal history record information from the Federal Bureau of Investigation and from state, local, and foreign law enforcement agencies.

ARTICLE II

DEFINITIONS

For the purposes of this compact, the following terms shall have the following meaning:

ARTICLE III

COMPOSITION AND MEETINGS OF COMPACT COMMISSION

The member states shall create and participate in a compact commission as follows:

- (A) This compact shall come into force when enacted by any six (6) eligible states, and shall thereafter become effective as to any other member state that enacts this compact. Any state that has adopted or authorized pari-mutuel wagering or live horse or greyhound racing shall be eligible to become a party to this compact. A compact rule, fee, practice, or program shall not become effective in a new member state based merely upon it entering the compact.
- (B) The member states hereby create the racing and wagering commission, a body corporate and an interstate governmental entity of the member states, to coordinate the decision-making and actions of each member state racing commission through a compact commission.
- (C) The compact commission shall consist of one (1) commissioner, the chairperson of the state racing commission or such person's designee, from each member state. When a commissioner is not present to perform any duty in the compact commission, a designated alternate may serve instead. The person who represents a member state in the compact commission shall serve and perform such duties without compensation or remuneration; provided that, subject to the availability of budgeted funds, each may be

reimbursed for ordinary and necessary costs and expenses. The designation of a commissioner, including the alternate, shall be effective when written notice has been provided to the compact commission. The commissioner, including the alternate, must be a member or employee of the state racing commission.

- (D) The compact commissioner from each state shall participate as an agent of the state racing commission. Each commissioner shall have the assistance of the state racing commission in regard to all decision making and actions of the state in and through the compact commission.
- (E) Each member state, by its commissioner, shall be entitled to one (1) vote in the compact commission. A majority vote of the total number of commissioners shall be required to issue or renew a license, to receive and distribute any funds, and to adopt, amend, or rescind the by-laws. A compact rule, fee, practice, or program shall take effect in and for each member state whose commissioner votes affirmatively to adopt it. Other compact actions shall require a majority vote of the commissioners who are meeting.
- (F) Meetings and votes of the compact commission may be conducted in person or by telephone or other electronic communication. Meetings may be called by the chairperson of the compact commission or by any two (2) commissioners. Reasonable notice of each meeting shall be provided to all commissioners serving in the compact commission.
- (G) No action may be taken at a compact commission meeting unless there is a quorum, which is either a majority of the commissioners in the compact commission or, where applicable, all the commissioners from any member states who propose or are voting affirmatively to adopt a compact rule, fee, practice, or program.
- (H) Once effective, the compact shall continue in force and remain binding according to its terms upon each member state; provided that, a member state may withdraw from the compact by repealing the statute that enacted the compact into law. The racing commission of a withdrawing state shall give written notice of such withdrawal to the compact chairperson, who shall notify the member state racing commissions. A withdrawing state shall remain responsible for any unfulfilled obligations and liabilities. The effective date of withdrawal from the compact shall be the effective date of the repeal.

ARTICLE IV

OPERATION OF COMPACT COMMISSION

The compact commission is hereby granted, so that it may be an effective means to pursue and achieve the purposes of each member state in this compact, the power and duty:

- (A) To adopt, amend, and rescind by-laws to govern its conduct, as may be necessary or appropriate to carry out the purposes of the compact; to publish them in a convenient form; and to file a copy of them with the state racing commission of each member state;
- (B) To elect annually from among the commissioners (including alternates) a chairperson, vice-chairperson, and treasurer with such authority and duties as may be specified in the by-laws;
- (C) To establish and appoint committees which it deems necessary for the carrying out of its functions, including advisory committees which shall be comprised of national industry stakeholders and organizations, and such other persons as may be designated in accordance with the by-laws, to obtain their timely and meaningful input into the compact rule, fee, practice, and program making processes;
- (D) To establish an executive committee, with membership established in the by-laws, which shall oversee the day-to-day activities of compact administration and management by the executive director and staff; hire and fire as may be necessary after consultation with the compact commission; administer and enforce compliance with the provisions, by-laws, rules, fees, practices, and programs of the compact; and perform such other duties as the by-laws may establish;
- (E) To create, appoint, and abolish all those offices, employments, and positions, including an executive director, useful to fulfill its purposes; to hire persons for them; to prescribe their powers, duties, and qualifications; and to provide for their term, tenure, removal, compensation, fringe and retirement benefits, and other conditions of employment;
- (F) To delegate day-to-day management and administration of its duties, as needed, to an executive director and support staff, such as the Association of Racing Commissioners International, Inc., or its successor;
- (G) To adopt an annual budget sufficient to provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities. The budget shall be fully funded by means established by the compact commission. A member state may choose to participate in funding by means other than a compact

fee or fees, in which case the compact commission shall make a finding of how much the member state, including its racing and wagering, may benefit from budget items (less program costs funded by user fees); and the member state may provide such funding by its own means. Indivisible benefits to live racing shall be allocated by proportion of annual purses. Nothing in this provision shall prevent the compact commission from paying obligations accrued in a prior year or from revising its finding of the benefit to a member state from the preceding year; and

- (H) To provide a mediation and a binding dispute resolution service for member states who decide to use them to resolve a compact dispute among each other; provided, that the design and implementation of each program shall be established by compact rule making.

ARTICLE V

GENERAL POWERS AND DUTIES

To allow each member state, as and when it chooses, to achieve the purpose of this compact through joint and cooperative action, the member states are hereby granted the power and duty, by and through the compact commission:

- (A) To act jointly and cooperatively to create a more equitable and uniform pari-mutuel racing and wagering interstate regulatory framework, including but not limited to the adoption of standardized rules of racing and equine drug regulations, closing inequalities in how regulatory standards and statutory requirements apply to industry participants; improving wagering monitoring and integrity; and making industry and participant information more available to government officials;
- (B) To collaborate with national industry stakeholders and industry organizations, such as the Racing Medication and Testing Consortium, in the design and implementation of compact rules, fees, practices, and programs in a manner that serves the best interests of racing;
- (C) To create more uniform, effective, or efficient practices and programs, with the consent of each member state that shall participate in them, relating to any part of live pari-mutuel horse or greyhound racing or pari-mutuel wagering activities, whether on-track or off-track, that occur in or affect a member state;
- (D) To adopt compact rules, which shall have the force and effect of state rules or regulations in the member states who vote to adopt them, to govern all or any part of live pari-mutuel horse and greyhound racing or pari-mutuel wagering activities;
- (E) To charge and collect a fee for services provided by the compact, including licensure and renewal of each license applicant, and for defraying the actual cost of compact commission administration, procedures, activities and programs; and
- (F) To issue and renew licenses for participants in live racing and pari-mutuel wagering who are found by the compact commission to have met its licensure or renewal requirements in categories it chooses to license. It shall establish the term for each category, and the license criteria and weight given to character and integrity information that in its judgment meet the most restrictive requirements of the member states. The compact commission shall not have the power or authority to deny a license. If it determines that an applicant will not be eligible, it shall notify the applicant that it will not be able to process the application any further, which shall not constitute and shall not be considered to be the denial of a license. Although an applicant shall have the right to present further evidence and to be heard, the final decision on issuance or renewal of a license shall be made by the compact commission pursuant to its established requirements. The compact commission shall have the power and duty to investigate license applicants and, as permitted by federal and state law, to gather information, including criminal history records from the Federal Bureau of Investigation and from state, local, and foreign country law enforcement agencies (including the Royal Canadian Mounted Police), necessary to decide whether an applicant meets its license requirements. Such criminal history record information may be received and reviewed only by the officials on, and employees of, the compact commission, and that information may be used only for the purposes of this compact. No such official or employee may disclose or disseminate such criminal history record information to any person or entity other than another official on, or employee of, the compact commission. The compact commission, its employees, or its designee shall take the fingerprints of each license applicant and, pursuant to Public Law 92-544 or Public Law 100-413, forward the fingerprints to a state identification bureau, the Association of Racing Commissioners International (an association of state officials regulating pari-mutuel wagering, designated by the Attorney General of the United States), or another entity with an equivalent designation, for submission to the Federal Bureau of Investigation or other receiving law enforcement agency. The compact commission shall cooperate with the Interstate Compact on Licensure of Participants in Live Racing with Pari-Mutuel Wagering and, if requested

by that entity, assume all of its licensing and employer duties and responsibilities with the authority of and pursuant to all of the licensing standards, laws, rules and regulations applicable to that entity.

ARTICLE VI

OTHER POWERS AND DUTIES

The compact commission may exercise such incidental powers and duties as may be necessary and proper for it to function in a useful manner, including but not limited to the power and duty:

- (A) To enter into contracts and agreements with governmental agencies and other persons, including officers and employees of a member state, to provide personal services for its activities and such other services as may be necessary;
- (B) To borrow, accept, and contract for the services of personnel from any state, federal, or other governmental agency, or from any other person or entity;
- (C) To receive information from and to provide information to each member state racing commission, including its officers and staff, on such terms and conditions as may be established in the by-laws;
- (D) To acquire, hold, and dispose of any real or personal property by gift, grant, purchase, lease, license, and similar means and to receive additional funds through gifts, grants, and appropriations;
- (E) To purchase and maintain insurance and bonds, and to require others to do so;
- (F) When authorized by a compact rule, to conduct hearings, issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence, and render decisions and orders;
- (G) To establish in the by-laws the requirements that shall describe and govern its duties to conduct open or public meetings and to provide public access to compact records and information, which shall include the exceptions established by law in one (1) or more member states and shield any confidential submissions made in connection with license applications; and
- (H) To enforce compliance with the provisions, by-laws, rules, fees, practices, and programs of the compact using such means as may be consistent with this compact.

ARTICLE VII

COMPACT RULE MAKING

In the exercise of its rule making authority, the compact commission shall:

- (A) Engage in formal rule making pursuant to a process that substantially conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the actions and operations of the compact commission;
- (B) Gather information and engage in discussions with advisory committees, national industry stakeholders, and others to foster and conduct a collaborative approach in the design and advancement of compact rules in a manner that serves the best interests of racing and as established in the by-laws;
- (C) Not publish a proposed compact rule in a member state over its objection. The affirmative vote of a member state for a proposed compact rule shall be necessary and sufficient to adopt, amend, or rescind a compact rule as applicable to that member state; and
- (D) Have a standing committee that reviews at least quarterly the participation in and value of compact rules and, when it determines that a revision is appropriate or when requested to by any member state, submits a revising proposed compact rule. To the extent a revision would only add or remove a member state or states from where a compact rule has been adopted, the vote required by this article shall be required of only such state or states.

ARTICLE VIII

COMPACT FEES

- (A) The compact commission may charge and collect a fee for services provided by the compact, including licensure and renewal of each license applicant, and for defraying the actual cost of compact commission administration, procedures, activities, and programs; provided that such latter fee or fees shall not create a disproportionate cost for any member state.

- (B) Compact fees must relate to participation in live horse or greyhound racing and pari-mutuel wagering activities, whether on-track or off-track, that occur in or affect a member state. No fee shall be adopted except after consultation with relevant advisory committees and interested national industry stakeholders.
- (C) The establishment of a compact fee may include a requirement that a participant in live horse or greyhound racing with pari-mutuel wagering, as a condition of continued participation, collect, hold, and remit to the compact commission funds that belong to a third party, with which it conducts related transactions, that is obliged to pay the compact fee.
- (D) The compact commission may require fee payments to occur on a periodic basis, accompanied by a sworn report attesting to accuracy and completeness, and may provide that it shall have the power to examine the books and records of any persons required to pay or remit it, for the purpose of ascertaining whether the proper amounts are being paid. Such books and records shall not thereby be made available for public inspection.
- (E) No fee shall be adopted before the completion of a period of public notice and participation substantially conforming, as may be appropriate to the actions and operations of the compact commission, for making rules under the Model State Administrative Procedure Act of 1981 as amended.

ARTICLE IX

STATUS AND RELATIONSHIP TO MEMBER STATES

- (A) The compact commission, as an interstate governmental entity, shall be exempt from all taxation in and by the member states.
- (B) The compact commission shall not pledge the credit of any member state except by and with the appropriate legal authority of that state.
- (C) The compact commission shall adopt an annual budget that is sufficient to provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities, and by which member states shall fully fund the compact commission by the means set forth in this compact.
- (D) Each member state shall reimburse or otherwise pay the expenses of its commissioner, including any alternate, in the compact commission.
- (E) No member state, except as provided in Article XII of this compact, shall be held liable for the debts or other financial obligations incurred by the compact commission.
- (F) No member state shall have, while it participates in the compact commission, any claim to or ownership of any property held by or vested in the compact commission or to any compact commission funds held pursuant to this compact except for state license or other fees or moneys collected by the compact commission as its agent.
- (G) The compact dissolves upon the date of the withdrawal of the member state that reduces membership in the compact to one (1) state. Upon dissolution, the compact becomes null and void and shall be of no further force or effect, although rules and programs adopted through this compact shall remain rules and programs in each member state that had adopted or consented to them, and the business and affairs of the racing and wagering compact shall be concluded and any surplus funds shall be distributed to the former member states in accordance with the by-laws.

ARTICLE X

RIGHTS AND RESPONSIBILITIES OF MEMBER STATES

- (A) Each member state in the compact shall accept the decisions, duly applicable to it, of the compact commission in regard to compact rules, fees, practices, and programs, and the issuance or renewal of licenses.
- (B) When the compact commission determines that an application shall not be processed further, the member states shall not treat this as the denial of a license or otherwise penalize the applicant because of such action by the compact commission.
- (C) Each member state in the compact shall have and exercise the right:
 - (1) To charge a fee for the use of a compact license within that member state equal to the fee charged for a comparable state license;
 - (2) To apply its own standards and procedures to determine whether the use of a compact commission license should be suspended or revoked in its jurisdiction;

- (3) To apply its own standards for licensure or renewal of state applicants who do not meet the licensure requirements of the compact commission, who are within a category of participants in racing and wagering that the compact commission does not license, or who apply to the member state for a state license; and
 - (4) To apply its own standards and procedures, except as may be provided by rule, to determine whether a participant in live racing or pari-mutuel wagering has violated any rule or regulation in its jurisdiction and to impose an appropriate penalty.
- (D) Each member state racing commission shall promptly notify the compact commission, or its designee, whenever the member state has adjudged a violation of any state or compact rule and imposed a suspension or revocation upon a compact commission licensee.
- (E) All departments, agencies, bodies, officers, and employees of each member state and its political subdivisions are authorized to cooperate with the compact commission and shall take all necessary and appropriate action, such as to publish proposed and adopted rules in state registries and administrative codes, to effectuate and in furtherance of compact duties or actions that may affect the state.
- (F) This compact shall not be construed to diminish or limit the powers and responsibilities of the member state racing commission, or to invalidate any action it has previously taken, except to the extent it has, by its compact commissioner, expressed its consent to a specific rule or other action of the compact commission. The compact commissioner from each state shall serve as the agent of the state racing commission and shall possess substantial racing and wagering knowledge and experience as a regulator or participant in the racing and wagering industry in order to participate effectively in compact rule making.

ARTICLE XI

ENFORCEMENT OF COMPACT

- (A) Any member state in the compact and the compact commission may initiate legal action in the United States District Court, in any federal district where the compact commission has an office, to enforce compliance by any member state or the compact commission with the compact provisions, by-laws, fees, findings, practices, and programs.
- (B) Any member state in the compact and the compact commission may initiate legal action, in any state or federal court, to enforce the compact provisions, fees, practices, and programs against any person, including a non-member state or political subdivision. Member states that benefit from the compact commission, its employees, or one (1) of its provisions, by-laws, fees, findings, practices, or programs shall provide or share in the cost of legal services to defend or uphold them.
- (C) The compact commission shall have standing to intervene in any legal action that pertains to the subject matter of the compact and might affect its powers, duties, or actions.
- (D) The courts and executive in each member state shall enforce the compact and take all actions necessary and appropriate to effectuate its purposes and intent. Compact provisions, by-laws, and rules shall be received by all judges, departments, agencies, bodies, and officers of each member state and its political subdivisions as evidence of them.
- (E) The compact commission may require, from the date a compact fee was required to be paid, interest not to exceed the rate of one percent (1%) per month and a penalty not to exceed five percent (5%). The compact commission may, if it determines that any fees received by it were paid in error, and provided that an application for it is filed with the compact commission within one (1) year from the time the erroneous payment is made, correct the error by a refund, without interest, including from other collected fees.
- (F) The compact commission, if it determines that a payment or report is in error, may make a finding that fixes the correct amount of the fee. It must issue the finding within three (3) years from when a fee or report was due or filed. The finding shall be final and conclusive unless an application for a hearing is filed by the subject within thirty (30) days. The action of the compact commission in making a final finding, after a hearing, shall be reviewable in state court as provided in this compact.

ARTICLE XII

LEGAL ACTIONS AGAINST COMPACT

- (A) Any person may commence a claim, action, or proceeding against the compact commission in state court for damages or to challenge a compact rule, fee, practice, or program that is duly applicable to that state. The

compact commission shall have the benefit of the same limits of liability, defenses, rights to indemnity and defense by the state, and other legal rights and defenses for non-compact matters of the state racing commission in the state. All legal rights and defenses that arise from this compact shall also be available to the compact commission.

- (B) A compact commissioner, alternate, or other member or employee of a state racing commission who undertakes compact activities or duties does so in the course of business of their state racing commission, and shall have the benefit of the same limits of liability, defenses, rights to indemnity and defense by the state, and other legal rights and defenses for noncompact matters of state employees in their state. The executive director and other employees of the compact commission shall have the benefit of these same legal rights and defenses of state employees in the member state in which they are primarily employed. All legal rights and defenses that arise from this compact shall also be available to them.
- (C) Each member state shall be liable for and pay judgments filed against the compact commission to the extent related to its participation in the compact. Where liability arises from action undertaken jointly with other member states, the liability shall be divided equally among the states for whom the applicable rule, fee, practice, program, or action or omission of the executive director or other employees of the compact commission was undertaken; and no member state shall contribute to or pay, or be jointly or severally or otherwise liable for, any part of any judgment beyond its share as determined in accordance with this article.

ARTICLE XIII

RESTRICTIONS ON AUTHORITY

- (A) Notwithstanding anything to the contrary herein, the compact commission shall not adopt any practice, program, or rule that may change Kentucky requirements governing the amount and distribution of the takeout, retention, or breakages on intrastate wagers or that imposes licensure requirements for non-racing or non-wagering employees of any racetrack or off-site wagering facility operating wholly within the state.
- (B) Kentucky state laws applicable to pari-mutuel racing and wagering shall remain in full force and effect.
- (C) Notwithstanding anything to the contrary herein, no fee except for services provided by the compact commission shall be adopted by the compact commission in Kentucky without the prior consent of any horsemen (as expressed by their recognized horsemen's organization) licensed by the state racing commission who, or any franchised or state racing commission licensed racing corporation that, would be obliged to pay the fee.

ARTICLE XIV

CONSTRUCTION, SAVING AND SEVERABILITY

- (A) This compact shall be liberally construed so as to effectuate its purposes.  - (c) In the absence of a contract between a host track and a receiving track, the commission shall be split as provided for in KRS 230.378(3).
- (5) A track may receive simulcasts and conduct interstate wagering thereon subject to the following limitations which shall be in addition to the limitations set forth in KRS 230.3771:

 - (e) A track may receive simulcasts of special event races conducted in other states or foreign countries which are determined by the **corporation**~~{racing commission}~~ to be of sufficient national or international significance or interest to warrant interstate wagering and if the simulcast of these races has been approved by the Kentucky Thoroughbred Owners and Breeders Association, Inc., the Kentucky Division of the Horseman's Benevolent and Protective Association, for Thoroughbred races, and the Kentucky Harness Horsemen's Association for harness racing, and any track conducting live horse races of the same breed at the same time as the simulcast race.
 - (f) A track may also receive simulcasts and conduct interstate wagering on Thoroughbred horse races other than those described in paragraphs (a) and (e) of this subsection if the simulcast of these races has been approved by the Kentucky Thoroughbred Owners and Breeders Association, Inc., and the Kentucky Horsemen's Benevolent and Protective Association, for Thoroughbred races, and the Kentucky Harness Horsemen's Association, or its successor, for harness racing.

- (i) The in-state track receiving the simulcast specified in paragraph (h) of this subsection shall offer that simulcast to all participating tracks and simulcast facilities in the intertrack wagering system.
- (j) All interstate simulcasting shall be conducted in accordance with applicable federal laws.
- (6) The *corporation*~~racing commission~~ may promulgate necessary and reasonable administrative regulations for the purpose of administering the conduct of intertrack or interstate wagering and regulating the conditions under which wagering shall be held and conducted.  - (b) A Thoroughbred host track which receives interstate simulcasts and conducts interstate wagering thereon during the period of time from the first awarded day of its live meet through the last awarded day of its live meet shall offer the simulcasts to all Thoroughbred receiving tracks, all harness tracks not subject to the provisions of KRS 230.377(2), and all simulcast facilities through the intertrack wagering system.

 - (e) If more than one (1) Thoroughbred track conducts live racing at the same time on the same day, no track or simulcast facility may receive an interstate simulcast of Thoroughbred races unless all Thoroughbred tracks conducting live racing at the same time of day agree upon all interstate simulcasts to be received and the division of the Thoroughbred host track's commission. If more than one (1) Thoroughbred track conducts live racing at different times on the same day, the Thoroughbred host track with the highest average daily handle, based on the preceding year, shall be the host track for purposes of splitting the commissions earned on interstate wagering at receiving tracks within the Commonwealth. For purposes of this subsection, average daily handle includes live handle, intertrack wagering handle, and simulcast facility handle. Also for purposes of this subsection, the time of day during which a host track conducts live racing commences with its first published post time and concludes ten (10) minutes after the published post time of its last race of the day, regardless of actual post times.
 - (f) Each Thoroughbred track which desires to conduct interstate wagering pursuant to the provisions of this subsection shall during each year make application to the *corporation*~~racing commission~~ for no less

Interstate simulcasts received by a Thoroughbred host track under the conditions set forth in this paragraph shall not be subject to the conditions set forth in paragraphs (b), (c), (e), and (f) of this subsection.
 - (j) A receiving track's commission on interstate wagering, after deduction of applicable taxes and any amounts required to be paid by contract to the track from which the interstate simulcast originated, shall be split as follows:
 - 1. Twenty-five percent (25%) to the receiving track where the interstate wagering occurs;
 - 2. Twenty-five percent (25%) to the Thoroughbred host track designated by paragraphs (a) and (e) of this subsection. - (a) A harness receiving track may receive interstate simulcasts of harness races, quarter horse races, paint horse races, Appaloosa races, and Arabian horse races, and conduct interstate wagering thereon at any time of day and during the course of any live harness horse race meet conducted in the Commonwealth of Kentucky so long as the harness receiving track conducting interstate wagering remits to the harness host track conducting a live meet, from the first awarded day of its live meet through the last awarded day of the same live meet, the amounts provided in paragraph (j) of this subsection.

If more than one (1) harness track conducts live racing at different times on the same day, the harness host track with the highest average daily handle, based on the preceding year, shall be the host track for purposes of splitting the commissions earned on interstate wagering at receiving tracks within the Commonwealth. For purposes of this subsection, average daily handle includes live handle, intertrack wagering handle, and simulcast facility handle. Also for purposes of this subsection, the time of day during which a host track conducts live racing commences with its first published post time and conclude ten (10) minutes after the published post time of its last race of the day, regardless of actual post times.
 - (f) Each harness track which desires to conduct interstate wagering pursuant to the provisions of this subsection shall during each year make application to the ~~corporation~~~~racing commission~~ for no less than one hundred percent (100%) of the number of racing days awarded to the track in 1994 and one hundred percent (100%) of the number of races scheduled to be run by the track in 1993.

➔Section 78. KRS 230.3773 is amended to read as follows:

- (1) As used in this section, "interstate common wagering pool" means a pari-mutuel pool established in one (1) horse racing jurisdiction that is combined with comparable pari-mutuel pools from at least one (1) horse racing jurisdiction for the purpose of establishing payoff prices in the various jurisdictions.
- (2) Interstate wagers at a receiving track may form an interstate common wagering pool with wagers at a track in another jurisdiction, and the receiving track may adopt the commission and breakage rates of the track at which the race is being run. Excise taxes and commission rates may not be imposed on any interstate common wagering pool other than on amounts actually wagered in Kentucky. The combination of pari-mutuel pools as provided in this section constitutes the communication of wagering information for purposes of calculating odds and payoffs only and does not constitute the transfer of wagers in interstate commerce.

- (1) Any track licensed by the ~~corporation~~~~racing commission~~ to conduct horse racing and desiring to establish a simulcast facility shall apply for and may receive approval from the ~~corporation~~~~racing commission~~ for each simulcast facility. Prior to considering an application for approval of a simulcast facility, the ~~corporation~~~~racing commission~~ shall notify by regular mail, each state senator, state representative, county judge/executive, and mayor in the jurisdiction in which the proposed simulcast facility is located, at least ten (10) days in advance of the ~~corporation~~~~racing commission~~ meeting at which the application is to be considered or voted upon. For the purposes of this section, "governing body" means, in an incorporated area, the board of aldermen, city council or board of commissioners; in a county, the fiscal court; in an urban-county government, the urban-county council, or in a charter county, the legislative body created in accordance with KRS 67.825 to 67.875.

Any agreements respecting these arrangements shall be filed with the ~~corporation~~~~racing commission~~, and applications for simulcast facilities shall be filed by and licenses may be issued to, these licensed tracks by the ~~corporation~~~~racing commission~~.
 - (6) A simulcast facility may be established and operated on property that is owned or leased and which is not used solely for the operation of a simulcast facility; provided however, that a simulcast facility may not be established on the premises of a lottery vendor.

 - (b) The commission of a simulcast facility derived from interstate wagering shall be reduced by any amounts required to be paid by contract to the host track or track conducting the live race before it is divided as set forth in this section. No simulcast facility may receive any interstate simulcast except with the approval of the live Kentucky host track.
 - (c) The Kentucky Thoroughbred Owners and Breeders, Inc., shall annually report to the ~~corporation~~~~racing commission~~ on all money expended in accordance with subsection (9)(a)4. of this section. The report shall be in the form required, and provide all information required by the ~~corporation~~~~racing commission~~.

CHAPTER 172

(SB 349)

AN ACT relating to energy policy and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔SECTION 1. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO READ AS FOLLOWS:

(1) *The General Assembly finds and declares that:*

- (a) *The long-term economic health and well-being of the citizens of the Commonwealth and the United States depends upon the availability of reliable sources of energy;*
- (b) *The Commonwealth has abundant reserves of coal, natural gas, and other natural resources;*
- (c) *The energy needs of the Commonwealth are best met by continuing to engage in an all-of-the-above approach to electric generation resources, including but not limited to coal, oil, natural gas, wind, solar, hydropower, nuclear, and any future or emerging technologies like hydrogen power;*
- (d) *The current economy and future economic development of the Commonwealth requires reliable, resilient, dependable, and abundant supplies of electrical power;*
- (e) *The demand for reliable, resilient, dispatchable electrical power is anticipated to significantly increase in the coming decades as the Commonwealth becomes home to additional manufacturing and other economic development projects which increase demand for electrical power;*
- (f) *It is in the interest of the Commonwealth that it be able to generate sufficient electricity within its borders to serve its own industrial, residential, and commercial demand and to power its own economy;*
- (g) *The electrification of the United States' economy combined with unprecedented federal regulatory pressures have created an electric generation resource crisis in the Commonwealth;*
- (h) *Existing state and federal policies with respect to energy do not adequately address the concerns of the General Assembly or citizens of the Commonwealth such that a comprehensive Kentucky energy policy is required;*
- (i) *Current policies at the state and federal level do not adequately assess capacity, availability, reliability, or resilience attributes of existing and new fossil fuel-fired, nuclear, or other emerging dispatchable electric generating resources;*
- (j) *It is the policy of the Commonwealth to maintain adequate capacity of available, reliable, dispatchable, and resilient electric generation to provide for the existing and reasonably projected future energy consumption needs of all wholesale, retail, and other consumers of electricity in the Commonwealth;*
- (k) *Further retirement of fossil fuel-fired electric generating resources is not necessary for the protection of the environment or the health, safety, and welfare of the citizens of the Commonwealth;*
- (l) *The health, happiness, safety, economic opportunity, and general welfare of the citizens of the Commonwealth will be promoted and protected by the operation of fossil fuel-fired electric generating resources and, conversely, those interests would be harmed by the premature retirement of those generating resources;*
- (m) *The Commonwealth can support a multitude of potential electric generating resources and energy fuel supply sources so as to be the national leader in the production of energy in all forms;*
- (n) *Local economic development is essential to the health, happiness, safety, and general welfare of the citizens of the Commonwealth;*
- (o) *Local economic development requires an adequate supply of electricity to support new and expanding industries and is enhanced by robust employment in coal mining and coal transportation and at electric generating facilities, the local job multiplier effect of employment in the coal, natural*

gas, and electric generating industries, and state and local taxes and other forms of economic value creation for the Commonwealth; and

- (p) *The numerous energy policy challenges facing the Commonwealth require a comprehensive energy policy informed by the input, judgment, experience, and expertise of diverse stakeholders representing a variety of interests and energy resources, including but not limited to coal, oil, natural gas, wind, solar, hydropower, nuclear, and any future or emerging resources to achieve the best results for the citizens of the Commonwealth.*
- (2) *For the purposes of this section:*
- (a) *"Commission" means the Energy Planning and Inventory Commission established in this section;*
- (b) *"Dispatchable" means a source of electric power generation that is available on demand, that is not intermittent, and that can be adjusted to increase or decrease its power output upon request of a power grid operator or otherwise upon demand or request, or that can have its power output adjusted in response to market or system needs;*
- (c) *"Generation and transmission cooperative" has the same meaning as in KRS 278.010;*
- (d) *"Intermittent" means:*

 2. *A source of electric power that generates energy by harnessing wind power or energy, whether through a turbine or other device;*
 3. *Geothermal energy, biomass energy, anaerobic digestion, or combined heat and power from solar, wind, geothermal, or anaerobic digestion sources;*
 4. *Any short duration energy storage, which includes any method of storing generated electricity for later dispatch to the grid, whether alone or in conjunction with any other intermittent sources described in this paragraph, that is equivalent to less than forty-eight (48) hours of the average peak generation of the unit it is used to offset; or*
 5. *Conventional hydropower and pumped storage hydropower, unless they are capable of providing energy on demand, in which case they shall be deemed to be dispatchable;*
- (e) *"Public Service Commission" means the Kentucky Public Service Commission established under KRS Chapter 278, or any successor entity having the power to regulate rates and services of public utilities pursuant to the powers enumerated in KRS Chapter 278; and*

- (1) *Except as otherwise provided in KRS 278.010 to KRS 278.450, if the commission fails to issue a final order on any application submitted to it by a utility pursuant to KRS 278.018, 278.020, 278.216, 278.218, 278.271, and 278.300 within eight (8) months of the acceptance of the filing of the application, then the application shall be deemed approved by the commission and the relief requested shall be deemed to be granted.*
- (2) *The commission shall complete and issue a final order on all eight (8) month and two (2) year reviews of the operation of a utility's environmental surcharge and fuel adjustment clause within eight (8) months of commencing the review.*

➔Section 3. KRS 278.110 is amended to read as follows:

- (1) The commission acting through the executive director may employ such clerks, stenographers, rate experts, agents, special agents, engineers, accountants, auditors, inspectors, lawyers, hearing examiners, experts and other classified service employees and the commission may contract for services of persons in a professional or scientific capacity to make or conduct a hearing or a temporary or special inquiry, investigation or examination as it deems necessary to carry out the provisions of this chapter, or to perform the duties and exercise the powers conferred by law upon the commission.
- (2)
 - (a) *When the commission contracts for the services of a person in a professional or scientific capacity to conduct a hearing, temporary special inquiry, investigation, or examination, any nonprivileged final report or recommendation prepared in fulfillment of the contract shall be filed within the record for the case for which the final report or recommendation was prepared at the same time it is provided to the commission.*
 - (b) *A contracted person who has prepared and submitted a final report or recommendation pursuant to this subsection shall be required to respond to any written information requests regarding the final report or recommendation. Additionally, the contracted person shall be available for cross-examination as a witness in the case for which the final report or recommendation was prepared and filed at any public hearing held by the commission pursuant to the rules it has adopted.*

➔Section 4. KRS 278.264 is amended to read as follows:

- (1) Notwithstanding any provision of law to the contrary, the commission shall have the authority to approve or deny the retirement of an electric generating unit owned by a utility. Prior to retiring an electric generating unit, a utility shall apply to the commission for an order approving the retirement, and shall give the commission thirty (30) days' notice of the application. *The application shall include a statement certifying the applicant's compliance with the requirements of Section 1 of this Act.* The commission shall enter an order approving, approving with conditions, or denying the application within one hundred eighty (180) days of receiving an administratively complete application.
- (2) There shall be a rebuttable presumption against the retirement of a fossil fuel-fired electric generating unit. The commission shall not approve the retirement of an electric generating unit, authorize a surcharge for the decommissioning of the unit, or take any other action which authorizes or allows for the recovery of costs for the retirement of an electric generating unit, including any stranded asset recovery, unless the presumption created by this section is rebutted by evidence sufficient for the commission to find that:
 - (a) The utility will replace the retired electric generating unit with new electric generating capacity that:
 1. Is dispatchable by either the utility or the regional transmission organization or independent system operator responsible for balancing load within the utility's service area;
 2. Maintains or improves the reliability and resilience of the electric transmission grid;~~and~~
 3. Maintains the minimum reserve capacity requirement established by the utility's reliability coordinator; *and*
 4. *Has the same or higher capacity value and net capability, unless the utility can demonstrate that such capacity value and net capability is not necessary to provide reliable service;*
 - (b) The retirement will not harm the utility's ratepayers by causing the utility to incur any net incremental costs to be recovered from ratepayers that could be avoided by continuing to operate the electric generating unit proposed for retirement in compliance with applicable law;~~and~~
 - (c) The decision to retire the fossil fuel-fired electric generating unit is not the result of any financial incentives or benefits offered by any federal agency; *and*

- (d) *The utility shall not commence retirement or decommissioning of the electric generating unit until the replacement generating capacity meeting the requirements of paragraph (a) of this subsection is fully constructed, permitted, and in operation, unless the utility can demonstrate that it is necessary under the circumstances to commence retirement or decommissioning of the existing unit earlier.*
- (3) The utility shall at a minimum provide the commission with evidence of all known direct and indirect costs of retiring the electric generating unit and demonstrate that cost savings will result to customers as a result of the retirement of the electric generating unit.
- (4) The commission shall prepare and submit an annual report to the Legislative Research Commission by December 1 of each year detailing:
- (a) The number of requests by utilities to retire electric generating units in the Commonwealth, the nameplate capacity of each of those units, and whether the request was approved or denied by the commission;
 - (b) The impact of any commission-approved retirement of an electric generating unit on the:
 1. Commonwealth's generation fuel mix;
 2. Required capacity reserve margins for the utility;
 3. Need for capacity additions or expansions at new or existing facilities as a result of the retirement; and
 4. Need for additional purchase power or capacity reserve arrangements; and
 - (c) Whether the retirement resulted in stranded costs for the ratepayer that will be recovered by the utility through a surcharge or some other separate charge on the customer bill.
- (5) *As used in this section:*
- (a) *"Dispatchable" means a source of electric power generation that is available on demand, that is not intermittent, and that can be adjusted to increase or decrease its power output upon request of a power grid operator or otherwise upon demand or request, or that can have its power output adjusted in response to market or system needs; and*
 - (b) *"Intermittent" means:*
 1. *A source of electric power generation from a solar photovoltaic, solar thermal heating, concentrating solar thermal collector, or other solar energy collection or generation system;*
 2. *A source of electric power that generates energy by harnessing wind power or energy, whether through a turbine or other device;*
 3. *Geothermal energy, biomass energy, anaerobic digestion, or combined heat and power from solar, wind, geothermal, or anaerobic digestion sources;*
 4. *Any short duration energy storage, which includes any method of storing generated electricity for later dispatch to the grid, whether alone or in conjunction with any other intermittent sources described in this paragraph, that is equivalent to less than forty-eight (48) hours of the average peak generation of the unit it is used to offset; or*
 5. *Conventional hydropower and pumped storage hydropower, unless they are capable of providing energy on demand, in which case they shall be deemed to be dispatchable.*

➔Section 5. All initial appointments to the Energy Planning and Inventory Commission board and executive committee shall be made on or before July 1, 2024. The initial terms of appointments made by the Governor who are not executive branch officials shall be staggered as follows: seven members shall serve until the July 1, 2025, seven members shall serve until July 1, 2026, and the two gubernatorial appointments to the executive committee shall serve until July 1, 2027.

➔Section 6. Whereas the continued unabated retirement of needed generating resources threatens to harm employment, tax revenue, and utility rates, and is creating a crisis with respect to the Commonwealth's ability to meet current and projected future energy demands, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

Veto Overridden April 12, 2024.

- (1) The board may release on parole persons confined in any adult state penal or correctional institution of Kentucky or sentenced felons incarcerated in county jails eligible for parole. All paroles shall issue upon order

of the board duly adopted. As soon as practicable after his or her admission to an adult state penal or correctional institution or county jail if he or she is a sentenced felon, and at such intervals thereafter as it may determine, the Department of Corrections shall obtain all pertinent information regarding each prisoner, except those not eligible for parole. The information shall include the results of his or her most recent risk and needs assessment, his or her criminal record, his or her conduct, employment, and the reports of physical and mental examinations that have been made. The Department of Corrections shall furnish the circumstances of his or her offense, the results of his or her most recent risk and needs assessment, and his or her previous social history to the board. The Department of Corrections shall prepare a report on any information it obtains. It shall be the duty of the Department of Corrections to supplement this report with any material the board may request and submit the report to the board.

- (2) Before granting the parole of any prisoner, the board shall consider the pertinent information regarding the prisoner, including the results of his or her most recent risk and needs assessment, and shall have him or her appear before it for interview and hearing. The board in its discretion may hold interviews and hearings for prisoners convicted of Class C felonies not included within the definition of "violent offender" in KRS 439.3401 and Class D felonies not included within the definition of "sex crime" in KRS 17.500. The board in its discretion may request the parole board of another state confining prisoners pursuant to KRS 196.610 to interview eligible prisoners and make a parole recommendation to the board. A parole shall be ordered only for the best interest of society and not as an award of clemency, and it shall not be considered a reduction of sentence or pardon. A prisoner shall be placed on parole only when arrangements have been made for his or her proper employment or for his or her maintenance and care, and when the board believes he or she is able and willing to fulfill the obligations of a law abiding citizen. Notwithstanding any statute to the contrary, including KRS 440.330, when a prisoner is otherwise eligible for parole and the board has recommended parole for that prisoner for the reasons set forth in this subsection, the board may grant parole to any prisoner wanted as a fugitive by any other jurisdiction, and the prisoner shall be released to the detainer from that jurisdiction. Such parole shall not constitute a relinquishment of jurisdiction over the prisoner, and the board in all cases expressly reserves the right to return the prisoner to confinement in a correctional institution of the Commonwealth if the prisoner violates the terms of his or her parole.
- (3) (a) A nonviolent offender convicted of a Class D felony with an aggregate sentence of one (1) to five (5) years who is confined to a state penal institution or county jail shall have his or her case reviewed by the Parole Board after serving fifteen percent (15%) or two (2) months of the original sentence, whichever is longer.
- (b) Except as provided in this section, the board shall adopt administrative regulations with respect to the eligibility of prisoners for parole, the conduct of parole and parole revocation hearings and all other matters that come before it, or conditions to be imposed upon parolees. Regulations governing the eligibility of prisoners for parole shall be in accordance with professionally accepted ideas of correction and reform and may utilize in part objective, performance-based criteria and risk and needs assessment information; however, nothing herein contained shall preclude the board from utilizing its present regulations in conjunction with other factors involved that would relate to the inmate's needs and the safety of the public.
- (4) The board shall ~~ensure~~ ~~insure~~ that all sentenced felons who have longer than ninety (90) days to serve in state penal institutions, halfway houses, reentry centers, and county jails are considered for parole not less than sixty (60) days prior to their parole eligibility date, and the Department of Corrections shall provide the necessary assistance and information to the board in order for it to conduct timely parole reviews.
- (5) In addition to or in conjunction with each hearing conducted under subsection (2) of this section for any prisoner convicted of a Class A, B, or C felony or a Class D felony included within the definition of "sex crime" in KRS 17.500 and prior to the granting of a parole to any such prisoner, the Parole Board shall conduct a hearing of which the following persons shall receive not less than forty-five (45) nor more than ninety (90) days' notice: the Commonwealth's attorney who shall notify the sheriff of every county and the chief of police of every city and county in which the prisoner committed any Class A, B, or C felony or a Class D felony included within the definition of "sex crime" in KRS 17.500 for which he or she is imprisoned, and all identified victims of the crimes or the next of kin of any victim who is deceased. Notice to the Commonwealth's attorney shall be by mail, fax, or electronic means at the discretion of the board, and shall be in a manner that ensures receipt at the ~~Commonwealth's~~ ~~Commonwealth~~ attorney's business office. Notices received by chiefs of police and sheriffs shall be posted in a conspicuous location where police employed by the department may see it. Notices shall be posted in a manner and at a time that will allow officers to make comment thereon to the Parole Board. Notice to victims or their next of kin shall be made, for prisoners incarcerated prior to July 15, 1986, by mail, fax, or electronic means at the discretion of the board, and shall be

in a manner that ensures receipt by the Commonwealth's attorney, who shall forward the notice promptly to the victims or their next of kin at their last known address. For prisoners incarcerated on or after July 15, 1986, notice to the victims or their next of kin shall be by mail from the Parole Board to their last known address as provided by the Commonwealth's attorney to the Parole Board at the time of incarceration of the prisoner. For prisoners incarcerated prior to April 1, 2021, for a Class D felony included within the definition of "sex crime" in KRS 17.500, notice to the victims or their next of kin shall be in a manner that ensures receipt by the Commonwealth's attorney, who shall forward the notice promptly to the victims or their next of kin at their last known address. For prisoners incarcerated on or after April 1, 2021, for a Class D felony included within the definition of "sex crime" in KRS 17.500, notice to the victims or their next of kin shall be by mail from the Parole Board to their last known address as provided by the Commonwealth's attorney to the Parole Board at the time of incarceration of the prisoner. Notice to the victim or the next of kin of subsequent considerations for parole after the initial consideration shall not be sent if the victim or the next of kin gives notice to the board that he or she no longer wants to receive such notices. The notice shall include the time, date, and place of the hearing provided for in this subsection, and the name and address of a person to write if the recipient of the notice desires to attend the hearing or to submit written comments.

- (6) Persons receiving notice as provided for in subsection (5) of this section may submit comments, in person or in writing, to the board upon all issues relating to the parole of the prisoner. The board shall read and consider all comments prior to making its parole decision, if they are received by the board not less than seven (7) days before the date for the hearing. The board shall retain all comments in the prisoner's permanent Parole Board file, and shall consider them in conjunction with any subsequent parole decisions affecting the prisoner. In addition to officers listed in subsection (5) of this section, the crime victims or the next of kin of any victim who is deceased or who is disabled and cannot attend the hearing or the parent or legal guardian of any victim who is a minor may attend the hearing provided for in subsection (5) of this section and present oral and written comments upon all issues relating to the parole of the prisoner, if they have advised the board, in writing received by the board not less than seven (7) days prior to the date set for the hearing, of their intention to attend the hearing. The board shall receive and consider all comments, shall make a record of them which it shall retain in the prisoner's permanent Parole Board file, and shall consider them in conjunction with any subsequent parole decision affecting the prisoner. Persons appearing before the Parole Board pursuant to this subsection may elect to make their presentations outside of the presence of the prisoner.
- (7) Victims of Class D felonies not included within the definition of "sex crime" in KRS 17.500 may submit comments in person or in writing to the board upon all issues relating to the parole of a prisoner.
- (8) Any hearing provided for in subsections (5), (6), and (7) of this section shall be open to the public unless the persons having a right to appear before the board as specified in those subsections request closure of hearing for reasons of personal safety, in which event the hearing shall be closed. The time, date, and location of closed hearings shall not be disclosed to the public.
- (9) Except as specifically set forth in this section, nothing in this section shall be deemed to expand or abridge any existing rights of persons to contact and communicate with the Parole Board or any of its members, agents, or employees.
- (10) The unintentional failure by the Parole Board, sheriff, chief of police, or any of its members, agents, or employees or by a Commonwealth's attorney or any of his or her agents or employees to comply with any of the provisions of subsections (5), (6), and (8) of this section shall not affect the validity of any parole decision or give rise to any right or cause of action by the crime victim, the prisoner, or any other person.
- (11) No eligible sexual offender within the meaning of KRS 197.400 to 197.440 shall be granted parole unless he or she has successfully completed the Sexual Offender Treatment Program.
- (12) Any prisoner who is granted parole after completion of the Sexual Offender Treatment Program shall be required, as a condition of his or her parole, to participate in regular treatment in a mental health program approved or operated by the Department of Corrections.
- (13) When the board grants parole contingent upon completion of a program, the commissioner, or his or her designee, shall determine the most appropriate placement in a program operated by the department or a residential or nonresidential program within the community approved by the department. If the department releases a parolee to a nonresidential program, the department shall release the parolee only if he or she will have appropriate community housing pursuant to KRS 439.3408.

(14) If the Parole Board does not grant parole to a prisoner, the maximum deferment for a prisoner convicted of a non-violent, non-sexual Class C or Class D felony shall be twenty-four (24) months. For all other prisoners who are eligible for parole:

- (a) No parole deferment greater than five (5) years shall be ordered unless approved by a majority vote of the full board; and
- (b) No deferment shall exceed ten (10) years, except for life sentences.

(15) When an order for parole is issued, it shall recite the conditions thereof, ***which may include requiring the person to participate in a specific evidence-based program designed to reduce violence.***

The court shall provide as an explicit condition of every sentence to probation or conditional discharge that the defendant not commit another offense during the period for which the sentence remains subject to revocation.

(2) When imposing a sentence of probation or conditional discharge, the court may, in addition to any other reasonable condition, require that the defendant:

- (a) Avoid injurious or vicious habits;

For good cause shown, the testing fee may be waived by the court;
- (m) Use an alcohol monitoring device, as defined in KRS 431.068. All costs associated with the device, including administrative and operating costs, shall be paid by the defendant. - (n) During all or part of the period of probation or conditional discharge, participate in a global positioning monitoring system program operated by a county pursuant to KRS 67.372 and 67.374 under the same terms and conditions as provided in KRS 431.517; ***or***
- (o) ***Participate in a specific evidence-based program designed to reduce violence.***

(3) When imposing a sentence of probation or conditional discharge in a case where a victim of a crime has suffered monetary damage as a result of the crime due to his or her property having been converted, stolen, or unlawfully obtained, or its value substantially decreased as a result of the crime, or where the victim suffered actual medical expenses, direct out-of-pocket losses, or loss of earning as a direct result of the crime, or where the victim incurred expenses in relocating for the purpose of the victim's safety or the safety of a member of

the victim's household, or if as a direct result of the crime the victim incurred medical expenses that were paid by the Cabinet for Health and Family Services, the Crime Victims Compensation Board, or any other governmental entity, the court shall order the defendant to make restitution in addition to any other penalty provided for the commission of the offense. Payment of restitution to the victim shall have priority over payment of restitution to any government agency. Restitution shall be ordered in the full amount of the damages, unless the damages exceed one hundred thousand dollars (\$100,000) or twice the amount of the gain from the commission of the offense, whichever is greater, in which case the higher of these two (2) amounts shall be awarded. The court may, in lieu of ordering monetary restitution, order the defendant to make restitution by working for or on behalf of the victim. The court shall determine the number of hours of work necessary by applying the then-prevailing federal minimum wage to the total amount of monetary damage caused by or incidental to the commission of the crime. The court may, with the consent of the agency, order the defendant to work as specified in KRS 533.070. Any work ordered pursuant to this section shall not be deemed employment for any purpose, nor shall the person performing the work be deemed an employee for any purpose.  - (d) An order of restitution shall not preclude the owner of property or the victim who suffered personal physical or mental injury or out-of-pocket loss of earnings or support or other damages from proceeding in a civil action to recover damages from the defendant. A civil verdict shall be reduced by the amount paid under the criminal restitution order.
- (4) When requiring fees for controlled substances or alcohol tests, or other fees and payments authorized by this section or other statute, except restitution, to be paid by the defendant, the court shall not order the payments to be paid through the circuit clerk.
 - (5) When a defendant is sentenced to probation or conditional discharge, he or she shall be given a written statement explicitly setting forth the conditions under which he or she is being released.

The time actually spent in confinement or home incarceration pursuant to this provision shall not exceed twelve (12) months or the maximum term of imprisonment assessed pursuant to KRS Chapter 532, whichever is the shorter. Time spent in confinement or home incarceration under this subsection shall be credited against the maximum term of imprisonment assessed for the defendant pursuant to KRS Chapter 532, if probation or conditional discharge is revoked and the defendant is sentenced to imprisonment. Unless otherwise specified, reauthorized projects shall conform to the original authorization enacted by the General Assembly.

(2) **Expiration of Existing Line-Item Capital Construction Projects:** All appropriations to existing line-item capital construction projects expire on June 30, 2024, unless reauthorized in this Act with the following exceptions: (a) A construction or purchase contract for the project shall have been awarded by June 30, 2024; (b) Permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds, if the authorized project completes an initial draw on the line of credit within the fiscal biennium immediately subsequent to the original authorization; and (c) Grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties by June 30, 2024. Notwithstanding the criteria set forth in this subsection and KRS 45.229 and 45.770(5)(d), funds appropriated to 2024-2026 fiscal biennium nonstatutory maintenance pools shall not lapse and shall carry forward.

(3) **Bond Proceeds Investment Income:** Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties and excess bond proceeds upon the completion of a bond-financed capital project shall be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations.

(4) **Appropriations for Projects Not Line-Itemized:** Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Kentucky Infrastructure Authority Water and Sewer projects; Flood Control projects; Repair of State-Owned Dams; Guaranteed Energy Savings Performance Contract projects; Wetland and Stream Mitigation projects; General Fund, Investment Income, Restricted Fund, Federal Fund, Bond-funded, and Aircraft maintenance pools; Economic Development projects, which shall include authorization for the High-Tech Construction Pool and the High-Tech Investment Pool; Postsecondary Education pools; Legacy System Retirement Pool; Wastewater Treatment Upgrades Pool; Utility Infrastructure Replacement Pool; and State Fair Board property improvements. Such action is authorized provided that the principal amount of any such debt obligation is not increased and the term of the debt obligation is not extended. Any such refinancing shall still be subject to the requirements of KRS 45.750 to 45.810 for reporting to the Capital Projects and Bond Oversight Committee.

(8) Cash Defeasance: State agencies identified in KRS 45A.850(1)(a) and (2)(a) are authorized to economically or legally defease debt obligations that have previously been issued by the agency, or through a third party but for which the Commonwealth or the agency is currently making lease-rental payments to meet the current debt service requirements. If Restricted Funds are used for the defeasance of bonds, the agency may use a prior Agency Bond authorization for a new debt obligation so long as the debt service for the new debt obligation is not greater than the debt service of the defeased bonds and the term of the new debt obligation is not greater than the term of the defeased bonds. PART III**GENERAL PROVISIONS**

1. Funds Designations: Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Fund, State Enterprise Funds (State Parks, State Fair Board, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Fleet Management, Computer Services, Correctional Industries, Central Printing, Risk Management, and Property Management), and selected Fiduciary Funds (Other Expendable Trust Funds). Separate fund records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, other miscellaneous federal receipts received by a budget unit, and the Unemployment Compensation Fund, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. Expenditure of Excess Restricted Funds or Federal Funds Receipts: If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 2024-2025 or fiscal year 2025-2026, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by a specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act, for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400, 48.500, 48.600, 48.605, 48.620, 48.630, 48.730, and 48.800, and with the authorization of the State Budget Director and approval of the Secretary of the Finance and Administration Cabinet.

Prior to authorizing the appropriation of any excess, unbudgeted Restricted Funds pursuant to this section, the State Budget Director and the Secretary of the Finance and Administration Cabinet shall review the adequacy of the General Fund Surplus Account with respect to its availability to support authorized expenditures from the General Fund Surplus Account, known as Necessary Government Expenses. If General Fund Surplus Account moneys are determined by this review to be adequate to meet known or anticipated Necessary Government Expenses during

fiscal year 2024-2025 or fiscal year 2025-2026, respectively, then the appropriation increase may be approved. If the review indicates that there are insufficient funds available or reasonably estimated to become available to the General Fund Surplus Account to meet known or projected Necessary Government Expenses for the fiscal years enumerated above, the State Budget Director and the Secretary of the Finance and Administration Cabinet may disapprove the request for additional Restricted Funds expenditure authority and may direct the excess Restricted Funds identified to the General Fund Surplus Account in order to meet Necessary Government Expense obligations. The results of any review shall be reported to the Interim Joint Committee on Appropriations and Revenue in accordance with KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.730, and 48.800.

Any request made by a budget unit pursuant to KRS 48.630 that relates to Restricted Funds or Federal Funds shall include documentation showing a comparative statement of revised estimated receipts by fund source and the proposed expenditures by proposed use, with the appropriated sums specified in the Budget of the Commonwealth, and statements which explain the cause, source, and use for any variances which may exist.

Notwithstanding KRS 48.630(2), any request for allotment of unbudgeted appropriations from any fund source shall be made in writing 14 days in advance of any allotment revision by the head of the budget unit and transmitted simultaneously to the State Budget Director and the Interim Joint Committee on Appropriations and Revenue. The State Budget Director shall report all approved revisions of unbudgeted appropriations to the Interim Joint Committee on Appropriations and Revenue within 14 days of the revision. This report shall include analysis, including but not limited to the amount, necessity, remaining unbudgeted funds, and anticipated future needs for unbudgeted funds.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the fiscal biennium 2024-2026 Branch Budget Request Manual and according to the following schedule in each fiscal year: (a) on or before the beginning of each fiscal year; (b) on or before October 1; (c) on or before January 1; and (d) on or before April 1.

3. Interim Appropriation Increases: No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and the documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with KRS 48.630 and Section 2. of this Part. Proposed revisions to an appropriation contained in the enacted State/Executive Branch Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

PART X

PHASE I TOBACCO SETTLEMENT

(1) **General Purpose:** This Part prescribes the policy implementing aspects of the national settlement agreement between the tobacco industry and the collective states as described in KRS 248.701 to 248.727. In furtherance of that agreement, the General Assembly recognizes that the Commonwealth of Kentucky is a party to the Phase I Master Settlement Agreement (MSA) between the Participating Tobacco Manufacturers and 46 Settling States which provides reimbursement to states for smoking-related expenditures made over time.

(2) **State's MSA Share:** The Commonwealth's share of the MSA is equal to 1.7611586 percent of the total settlement amount. Payments under the MSA are made to the states annually in April of each year.

(3) **MSA Payment Amount Variables:** The total settlement amount to be distributed on each payment date is subject to change pursuant to several variables provided in the MSA, including inflation adjustments, volume adjustments, previously settled states adjustments, and the nonparticipating manufacturers adjustment.

(4) **Distinct Identity of MSA Payment Deposits:** The General Assembly has determined that it shall be the policy of the Commonwealth that all Phase I Tobacco Settlement payments shall be deposited to the credit of the General Fund and shall maintain a distinct identity as Phase I Tobacco Settlement payments that shall not lapse to the credit of the General Fund surplus but shall continue forward from each fiscal year to the next fiscal year to the extent that any balance is unexpended.

(5) **MSA Payment Estimates and Adjustments:** Based on the official estimates of the Consensus Forecasting Group, the amount of MSA payments expected to be received in fiscal year 2024-2025 is \$97,800,000 and in fiscal year 2025-2026 is \$93,100,000. It is recognized that payments to be received by the Commonwealth are estimated and are subject to change. If MSA payments received are less than the official estimates, appropriation reductions shall be applied as follows: after exempting appropriations for debt service, the Attorney General, and the Department of Revenue, 50 percent to the Agricultural Development Fund, 30 percent to the Early Childhood Development Fund, and 20 percent to the Health Care Improvement Fund. If MSA payments received exceed the official estimates, appropriation increases shall be applied as follows: after exempting appropriations for debt service, the Attorney General, and the Department of Revenue, 50 percent to the Agricultural Development Fund, 30 percent to the Early Childhood Development Fund, and 20 percent to the Health Care Improvement Fund.

a. **State Enforcement:** Notwithstanding KRS 248.654 and 248.703(4), a total of \$150,000 of the MSA payments in each fiscal year is appropriated to the Attorney General for the state's diligent enforcement of noncompliant nonparticipating manufacturers.

b. **State Enforcement:** Notwithstanding KRS 248.654 and 248.703(4), a total of \$250,000 of the MSA payments in each fiscal year is appropriated to the Finance and Administration Cabinet, Department of Revenue for the state's diligent enforcement of noncompliant nonparticipating manufacturers.
