Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔SECTION 1. A NEW SECTION OF KRS CHAPTER 77 IS CREATED TO READ AS FOLLOWS:

- (1) *As used in this section, "environmental audit" has the same meaning as in Section 2 of this Act.*
- (2) *Any person or facility subject to the requirements of this chapter or the rules, orders, or administrative regulations promulgated hereunder that performs or causes the performance of an environmental audit that complies with the requirements of Section 2 of this Act shall be entitled to all of the benefits, privileges, and protections afforded by that section.*

➔Section 2. KRS 224.1-040 is amended to read as follows:

- (1) As used in this section:
- (a) "Environmental audit" means a voluntary, internal, and comprehensive evaluation of one (1) or more facilities or an activity at one (1) or more facilities regulated under *KRS Chapter 77 or* this chapter, or federal, regional, or local counterparts or extensions thereof, or of management systems related to that facility or activity, that is designed to identify and prevent noncompliance and to improve compliance

with statutory or regulatory requirements. An environmental audit may be conducted by the owner or operator, by the owner's or operator's employees, or by independent contractors.

- (b) "Environmental audit report" means a set of documents, each labeled "environmental audit report: privileged document" and prepared as a result of an environmental audit. An environmental audit report may include field notes and records of observations, findings, suggestions, conclusions, drafts, memoranda, drawings, photographs, computer-generated or electronically recorded information, maps, charts, graphs, and surveys, provided the supporting information is collected or developed for the primary purpose and in the course of an environmental audit. An environmental audit report, when completed, shall have three (3) components:
1. An audit report prepared by an auditor, which shall include the scope and date of the audit and the information gained in the audit together with exhibits and appendices, and may include conclusions and recommendations;
 2. Memoranda and documents analyzing part or all of the audit report and discussing implementation issues; and
 3. An audit implementation plan that addresses correcting past noncompliance, improving current compliance, and preventing future noncompliance.
- (c) "Voluntary disclosure" means the prompt reporting to *the air pollution control district established under KRS Chapter 77 by the owner or operator of a facility of the voluntary discovery of a violation of KRS Chapter 77 or any rules, orders, or administrative regulations promulgated pursuant thereto, or to* the cabinet by the owner or operator of a facility of the voluntary discovery of a violation of this chapter or the administrative regulations promulgated pursuant thereto prior to:

 2. The filing of a notice of a citizen suit filed under federal or state law;
 3. The filing of a complaint by a third party;
 4. The reporting to a federal, state, or local agency of the violation by an employee who is not authorized to speak on behalf of the facility; or
 5. The imminent discovery of the violation by a regulatory agency.

1. The violation was discovered by an environmental audit; and
 2. The violation was not identified through a legally mandated monitoring or sampling requirement prescribed by statute, administrative regulation, permit, judicial or administrative order, agreed order, consent decree, or plea bargain.
- (2) In order to encourage owners and operators of facilities and persons conducting other activities regulated under *KRS Chapter 77 or* this chapter, or its federal, regional, or local counterparts or extensions, both to conduct voluntary internal environmental audits of their compliance programs and management systems and to assess and improve compliance with statutory and regulatory requirements, an environmental audit privilege is created to protect the confidentiality of communications relating to voluntary internal environmental audits.
- (3) An environmental audit report shall be privileged and shall not be admissible as evidence in any civil or administrative proceeding, except as provided in subsection (4) of this section.
- (4) The privilege described in subsection (3) of this section does not apply to the extent that:
- (a) It is waived expressly or waived by implication by the owner or operator of a facility or persons conducting an activity that prepared or caused to be prepared the environmental audit report;
 - (b) The owner or operator of a facility or person conducting an activity seeks to introduce an environmental audit report as evidence. Seeking to introduce any part of the report shall constitute waiver of the privilege described in subsection (3) of this section for the entire report;

- (c) In a civil or administrative proceeding, a court of record, after a private review consistent with the Kentucky Rules of Civil Procedure, shall require disclosure of material for which the privilege described in subsection (3) of this section is asserted, if the court determines that:
1. The privilege is asserted for a fraudulent purpose;
 2. The material is not subject to the privilege; or
 3. Even if subject to the privilege, the material shows evidence of noncompliance with **KRS Chapter 77 or** this chapter, or with the federal, regional, or local counterparts or extensions thereof, and appropriate efforts to achieve compliance were not promptly initiated and pursued with reasonable diligence.
- (d) A party asserting the environmental audit privilege in subsection (3) of this section has the burden of proving the privilege, including, if there is evidence of noncompliance with **KRS Chapter 77 or** this chapter, or the federal, regional, or local counterparts or extensions thereof, proof that appropriate efforts to achieve compliance were promptly initiated and pursued with reasonable diligence. A party seeking disclosure under subsection (4)(c)1. of this section has the burden of proving that the privilege is asserted for a fraudulent purpose.
- (5) The privilege described in subsection (3) of this section shall not extend to:

CHAPTER 181

(HB 388)

AN ACT relating to local government and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 67C.147 is amended to read as follows:

- (1) In order to maintain the tax structure, tax rates, or level of services in the area of the consolidated local government formerly comprising the city of the first class, the legislative council of a consolidated local government may provide in the manner described in this chapter for taxes and services within the area comprising the former city of the first class which are different from the taxes and services which are applicable in the remainder of the county. These differences may include differences in tax rates upon the class of property which includes the surface of the land, differences in ad valorem tax rates upon personal property, and differences in tax rates upon insurance premiums.
- (2) Any difference in the ad valorem tax rate on the class of property which includes the surface of the land in the portion of the county formerly comprising the city of the first class and in the portion of the county other than that formerly comprising the city of the first class may be imposed directly by the consolidated local government council. Any change in these ad valorem tax rates shall comply with KRS 68.245, 132.010, 132.017, and 132.027 and shall be used for services as provided by KRS 82.085.
- (3) If the consolidated local government council determines to provide for tax rates applicable to health insurance premiums and personal property which are different in the area formerly comprising the city of the first class than the rates applicable in the remainder of the county, it shall do so in the following manner. The consolidated local government council shall by ordinance create a tax district to be known as the "urban service tax district" bounded by the former boundaries of the former city of the first class. The ordinance shall designate the number of members of the board of this ~~tax~~~~taxing~~ district and the manner in which they shall be appointed. The ordinance shall provide that the board of the ~~tax~~~~taxing~~ district shall receive the income derived from the differential~~-in~~ tax rate applicable in the area formerly comprising the city of the first class with respect to personal property, health insurance premiums, or both, and shall contract with the consolidated local government to pay all sums collected to the consolidated local government, in return for the provision of services performed by the consolidated local government within the area formerly comprising the city of the first class which services are in addition to services performed by the consolidated local government in the remainder of the county. The consolidated local government shall provide at least an annual reporting to the urban service tax district board and the legislative body of the consolidated local government containing but not limited to detailed operating and capital expenditures of each service performed by the consolidated local government.
- (4) After the initial formation of an urban service ~~tax~~~~taxing~~ district in a consolidated local government, the boundaries of the district may be modified in the following manner. The proposal to alter the boundaries of the urban service ~~tax~~~~taxing~~ district within a consolidated local government may be initiated by:
 - (a) A resolution enacted by the consolidated local government describing the boundaries of the area to be added to or deleted from the ~~tax~~~~taxing~~ district and duly passed and signed by the mayor not less than one hundred twenty (120) days before the next regularly scheduled election day within the county; or
 - (b) A petition signed by a number of qualified voters living within precincts within the area to be added to or deleted from the ~~tax~~~~taxing~~ district equal to ten percent (10%) of the votes cast within each precinct in the last general election for President of the United States and delivered to the clerk of the legislative

council more than one hundred twenty (120) days next preceding the next regularly scheduled election day within the county.

The boundaries so described in either case shall not cross precinct lines. The question of whether the area bounded as described should be added to or deleted from, as the case may be, the urban ~~service tax~~^{services taxing} district shall then be placed upon the ballot in the precincts in the area to be added or deleted at the next regular election and the question stated on the ballot shall be so phrased that a "Yes" vote shall be cast in favor of making the proposed change and a "No" vote shall be cast to oppose the proposed change. If a majority of those voting in those precincts support the change, then the change in the boundaries of the urban service ~~tax~~ district shall be implemented.

- (5) (a) *No later than July 1, 2025, the consolidated local government shall reimburse a fire district operating under KRS Chapter 75 for expenses related to each emergency medical response made by the fire district operating under KRS Chapter 75 into the area of the urban service tax district. A fire district so responding shall receive from the consolidated local government three hundred dollars (\$300) for transporting a person and one hundred fifty dollars (\$150) for arriving at person's location when no person is transported.*

- (b) *From July 1, 2028, to June 30, 2031, the differential tax received by the urban service tax district shall fund no less than ninety percent (90%) of all costs related to the services provided, including capital expenditures related to the services, within the urban service tax district by the consolidated local government as set out in this section that are in addition to the services performed by the consolidated local government in the remainder of the county.*

- (4) The adoption of a consolidated local government in a county containing a city of the first class shall not prevent the merger or dissolution of any existing cities as provided by law or the merger of any remaining cities with the newly consolidated local government.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 6.681 is amended to read as follows:

- (1) The commission may render advisory opinions concerning matters under its jurisdiction, based upon real or hypothetical circumstances, when requested by:
- (a) Any person covered by this code;
- (b) Any person who is personally and directly involved in the matter; or
- (c) The commission upon its own initiative.

- (2) (a) An advisory opinion shall be requested in writing and shall state relevant facts and ask specific questions. The request for the advisory opinion shall remain confidential unless confidentiality is waived, in writing, by the requestor.
- (b) *No less than five (5) days prior to the meeting in which the commission is scheduled to consider an advisory opinion, the commission shall provide a draft of its proposed response to the advisory opinion request, or notice of its intention not to issue an advisory opinion, to the requestor and each commissioner. The requestor may appear personally, with or without counsel, before the commission in closed session to provide comment on the proposed response prior to the commission's vote on the request.*
- (3) Advisory opinions shall be based on the Kentucky Revised Statutes as written and shall not be based on the personal opinions of commission members as to legislative intent or the spirit of the law.
- (4) The commission shall promulgate administrative regulations to establish criteria under which it may issue confidential advisory opinions. All other advisory opinions shall be published except that before an advisory opinion is made public, it shall be modified so that the identity of any person associated with the opinion shall not be revealed.
- (5) The confidentiality of an advisory opinion may be waived either:
- (a) In writing by the person who requested the opinion; or
- (b) By majority vote of the members of the commission, if a person makes or purports to make public the substance or any portion of an advisory opinion requested by or on behalf of the person. The commission may vote to make public the advisory opinion request and related materials.
- (6) (a) A written advisory opinion issued by the commission shall be binding on the commission in any subsequent proceeding concerning the facts and circumstances of the particular case if no intervening facts or circumstances arise which would change the opinion of the commission if they had existed at the time the opinion was rendered. However, if any fact determined by the commission to be material was omitted or misstated in the request for an opinion, the commission shall not be bound by the opinion.
- (b) A written advisory opinion shall be admissible in the defense of any criminal prosecution or civil proceeding for violations of this code for actions taken in reliance on that opinion.

➔Section 2. KRS 6.686 is amended to read as follows:

- (1) (a) The commission shall have jurisdiction to investigate and proceed as to any violation of this code upon the filing of a complaint. The complaint shall be a written statement alleging a violation against one (1) or more named persons and stating the essential facts constituting the violation charged. The complaint shall be made under oath and signed by the complaining party before a person who is legally empowered to administer oaths. The commission shall have no jurisdiction in the absence of a complaint. A member of the commission may file a complaint.
- (b) Within ten (10) days of the filing of a complaint, the commission shall cause a copy of the complaint to be served by certified mail upon the person alleged to have committed the violation.
- (c) Within twenty (20) days of service of the complaint the person alleged to have committed the violation may file an answer with the commission. The filing of an answer is wholly permissive, and no inferences shall be drawn from the failure to file an answer.
- (d) 1. ~~[Not later than ten (10) days]~~After the commission receives the answer, or the time expires for the filing of an answer, the commission *may dismiss the matter for failure to state a claim of an ethics violation, or otherwise* shall *determine*~~[initiate a preliminary inquiry into any alleged violation of this code. If the commission determines]~~ upon the affirmative vote of at least five (5) members, at either *the next*~~[a]~~ regularly scheduled meeting~~[,]~~ or a teleconference meeting called upon the chair's oral or written notice to all members of the commission, *whether there is reason to believe the person named in the complaint has committed or is about to commit*~~[that the complaint fails to state a claim of]~~ an ethics violation~~[, the complaint shall be dismissed]~~.
2. *If the commission determines that there is reason to believe the person named in the complaint has committed or is about to commit a violation of this code, upon an affirmative vote of at least five (5) members, the commission shall initiate a preliminary inquiry into the alleged*

violations pursuant to subsections (3) to (5) of this section. A determination by the commission under this subparagraph:

- a. Means that the commission believes that the alleged violation merits further inquiry, and the commission shall proceed with its inquiry and investigation; and*
 - b. Is not a finding that a person named in a complaint has violated this code.*
3. *If the commission fails to determine by an affirmative vote of at least five (5) members that there is reason to believe the respondent has committed or is about to commit a violation of this code, the complaint shall be dismissed.*
- (e) Within thirty (30) days of the commencement of the inquiry, the commission shall give notice of the status of the complaint and a general statement of the applicable law to the person alleged to have committed a violation.
 - (f) A complaint may be filed against a former legislator, a former legislative agent, or a former employer of a legislative agent within one (1) year of the date he or she left office or terminated lobbying registration.  - (g) The applicable criminal statutes of limitation shall not apply to ethical misconduct under KRS 6.601 to 6.849.
- (2) All commission proceedings, including the complaint and answer and other records relating to a preliminary inquiry, shall be confidential until a final determination is made by the commission, except:
- (a) The commission may turn over to the Attorney General, the United States Attorney, Commonwealth's attorney, or county attorney of the jurisdiction in which the offense allegedly occurred, evidence which may be used in criminal proceedings; and
 - (b) If the complainant or alleged violator publicly discloses the existence of a preliminary inquiry, the commission may publicly confirm the existence of the inquiry and, in its discretion, make public any documents which were issued to either party.
- (3) The commission shall afford a person who is the subject of a preliminary inquiry an opportunity to appear in response to the allegations in the complaint. The person shall have the right to be represented by counsel, to appear and be heard under oath, and to offer evidence in response to the allegations in the complaint.
- (4) If the commission determines by the answer or in the preliminary inquiry that the complaint does not allege facts sufficient to constitute a violation of this code, the commission shall immediately terminate the matter and notify in writing the complainant and the person alleged to have committed a violation. The commission may confidentially inform the alleged violator of potential violations and provide information to ensure future compliance with the law. If the alleged violator publicly discloses the existence of such action by the commission, the commission may confirm the existence of the action and, in its discretion, make public any documents that were issued to the alleged violator.
- (5) If the commission, during the course of the preliminary inquiry, finds probable cause to believe that a violation of this code has occurred, the commission shall notify the alleged violator of the finding, and the commission may, upon majority vote:
- (a) Due to mitigating circumstances such as lack of significant economic advantage or gain by the alleged violator, lack of significant economic loss to the state, or lack of significant impact on public confidence in government, confidentially reprimand, in writing, the alleged violator for potential violations of the law and provide a copy of the reprimand to the presiding officer of the house in which the alleged violator serves, or the alleged violator's employer, if the alleged violator is a legislative agent. The proceedings leading to a confidential reprimand and the reprimand itself shall remain confidential except that, if the alleged violator publicly discloses the existence of such an action, the commission may confirm the existence of the action and, in its discretion, make public any documents which were issued to the alleged violator; or
 - (b) Initiate an adjudicatory proceeding to determine whether there has been a violation.
- (6) Any person who knowingly files with the commission a false complaint of misconduct on the part of any legislator or other person shall be guilty of a Class A misdemeanor.

1. ***The name of the applicant, a description of the eligible project, and the location of each proposed project for which an application was received;***
 2. ***The date the application was approved by the Kentucky Economic Development Authority;***
 3. ***The amount of funding authorized for each project approved;***
 4. ***The total amount of funding disbursed for each project approved; and***
 5. ***The round of funding for which each project received approval.***
- (2) Upon receipt of eligible grant recipients and eligible project recommendations and prioritization from the Kentucky Association for Economic Development and the third-party independent site selection consultant, the cabinet shall verify and process the eligible grant recipients and eligible project recommendations with the intent to approve and award grants matching the selected grant recipient's contribution to its eligible project on a dollar-for-dollar basis, under the economic development fund program pursuant to KRS 154.12-100.
- (3) (a) Prior to the first round of grant awards, the cabinet shall allocate a percentage of the total funds appropriated to this program by the General Assembly to each county in the Commonwealth. When awarding grants in the first round of funding, the cabinet shall not award grants to an eligible grant recipient or a group of eligible grant recipients in excess of the amount allocated to the county in which it or they are located, except when pooled pursuant to subsection (4) of this section. The allocation shall be made according to the following calculations:
1. For all counties except Jefferson County, the percentage of the fund each county is eligible to receive shall be determined by each county's proportion of the state's population based on the most recent federal decennial census;

- (4) For selected eligible grant recipients that are involved in a regional project, the cabinet may pool the potential allocation of funds available for each county represented by the eligible grant recipients for the grant amount awarded. For example, if a county that is eligible for up to ten percent (10%) of the program funds based on the calculations in subsection (3) of this section partners with a county that is eligible for five percent (5%) of the program funds based on the calculations in subsection (3) of this section, then the total allocation for the regional project that the cabinet may award is fifteen percent (15%).
- (5) Grant applicants that have received discretionary mega-development project funding shall be disqualified from participation in the Kentucky Product Development Initiative.

If a state licensing board initiates formal disciplinary proceedings against a licensee, and data obtained by the board is relevant to the charges, the board may provide the data to the licensee and his or her counsel, as part of the notice process required by KRS 13B.050, and admit the data as evidence in an administrative hearing conducted pursuant to KRS Chapter 13B, with the board and licensee taking all necessary steps to prevent further disclosure of the data; and
 3. A medicinal cannabis practitioner or an employee of a medicinal cannabis practitioner's practice acting under the specific direction of the medicinal cannabis practitioner who obtains data under paragraph (c)5. of this subsection may share the report with the patient or person authorized to act on the patient's behalf. Any medicinal cannabis practitioner or employee who obtains data under paragraph (c)5. of this subsection may place the report in the patient's medical record, in which case the individual report shall then be deemed a medical record subject to disclosure on the same terms and conditions as an ordinary medical record in lieu of the disclosure restrictions otherwise imposed by this section.
- (5) The data contained in, and any report obtained from, the electronic system for monitoring established pursuant to this section shall not be a public record, except that the Department for Medicaid Services may submit the data as evidence in an administrative hearing held in accordance with KRS Chapter 13B.
- (6) Intentional disclosure of transmitted data to a person not authorized by subsection (3)(f) to (h) or (4)(c) and (d) of this section or authorized by KRS 315.121, or obtaining information under this section not relating to a bona fide current or prospective patient or a bona fide specific investigation, shall be a Class B misdemeanor for the first offense and a Class A misdemeanor for each subsequent offense.
- (7) The cabinet may, by promulgating an administrative regulation, limit the length of time that data remain in the electronic system. Any data removed from the system shall be archived and subject to retrieval within a reasonable time after a request from a person authorized to review data under this section.
- (8) (a) The Cabinet for Health and Family Services shall work with each board responsible for the licensure, regulation, or discipline of practitioners, pharmacists, or other persons who are authorized to prescribe, administer, or dispense controlled substances for the development of a continuing education program about the purposes and uses of the electronic system for monitoring established in this section.
- (b) The cabinet shall work with each board responsible for the licensure, regulation, or discipline of medicinal cannabis practitioners for the development of a continuing education program about the purposes and uses of the electronic system for monitoring established in this section.
- (c) The cabinet shall work with the Kentucky Bar Association for the development of a continuing education program for attorneys about the purposes and uses of the electronic system for monitoring established in this section.
- (d) The cabinet shall work with the Justice and Public Safety Cabinet for the development of a continuing education program for law enforcement officers about the purposes and uses of the electronic system for monitoring established in this section.
- (e) The cabinet shall develop a training program for cannabis business agents about the purposes and uses of the electronic system for monitoring established in this section.

- (9) The cabinet, Office of Inspector General, shall conduct quarterly reviews to identify patterns of potential improper, inappropriate, or illegal prescribing or dispensing of a controlled substance, issuance of written certifications, or cultivation, processing, or dispensing of medicinal cannabis. The Office of Inspector General may independently investigate and submit findings and recommendations to the appropriate boards of licensure or other reporting agencies.
- (10) The cabinet shall promulgate administrative regulations to implement the provisions of this section. Included in these administrative regulations shall be:
- (a) An error resolution process allowing a patient to whom a report had been disclosed under subsections (3) and (4) of this section to request the correction of inaccurate information contained in the system relating to that patient; and
 - (b) A requirement that data be reported to the system under subsection (3)(b) of this section within one (1) day of dispensing.
- (11) (a) Before July 1, 2018, the Administrative Office of the Courts shall forward data regarding any felony or Class A misdemeanor conviction that involves the trafficking or possession of a controlled substance or other prohibited acts under KRS Chapter 218A for the previous five (5) calendar years to the cabinet for inclusion in the electronic monitoring system established under this section. On or after July 1, 2018, such data shall be forwarded by the Administrative Office of the Courts to the cabinet on a continuing basis. The cabinet shall incorporate the data received into the system so that a query by patient name indicates any prior drug conviction.
- (b) Before July 1, 2024, the Administrative Office of the Courts shall forward *all available* data regarding any disqualifying felony offense for the previous five (5) calendar years to the cabinet for inclusion in the electronic monitoring system established under this section. On or after July 1, 2024, such data shall be forwarded by the Administrative Office of the Courts to the cabinet on a continuing basis.  - ~~(n)~~ "Stop-loss provision" means a provision included in the funding formulas as described in subsection (9) of this section to limit reduction of an institution's funding amount to a predetermined percentage, notwithstanding the amounts calculated by operation of the formula; and
 - ~~(o)~~ "University allocable resources" means the formula base amount net of any small school adjustment as described in subsection (5)(c) of this section, any amount protected by a hold-harmless provision, and any applicable increase or decrease in general fund appropriations.
- (2) The General Assembly hereby finds that improving opportunity for the Commonwealth's citizens and building a stronger economy can be achieved by its public college and university system focusing its efforts and resources on the goals of:
- (a) Increasing the retention and progression of students toward timely credential or degree completion;
 - (b) Increasing the number and types of credentials and degrees earned by all types of students;
 - (c) Increasing the number of credentials and degrees that garner higher salaries upon graduation, such as science, technology, engineering, math, and health, and in areas of industry demand;
 - (d) Closing achievement gaps by increasing the number of credentials and degrees earned by low-income students, underprepared students, ~~and~~ underrepresented ~~minority~~ students, *and nontraditional age students*; and
 - (e) Facilitating credit hour accumulation and transfer of students from KCTCS to four (4) year postsecondary institutions.
- (3) (a) The General Assembly hereby declares these goals can best be accomplished by implementing a comprehensive funding model for the allocation of state general fund appropriations for postsecondary institution operations that aligns the Commonwealth's investments in postsecondary education with the Commonwealth's postsecondary education policy goals and objectives.
- (b) The General Assembly further recognizes that priority for state general fund appropriations for postsecondary institutions should be given to each institution's funding floor over appropriations to the performance fund. For purposes of this section, "funding floor" means an institution's fiscal year 2020-2021 general fund appropriation included in 2020 Ky. Acts ch. 92, plus any fiscal year 2020-2021 distribution from the performance fund, and minus fiscal year 2020-2021 debt service on bonds and appropriations for mandated programs.
- (4) This section establishes a comprehensive funding model for the public postsecondary education system to be implemented by the Council on Postsecondary Education. The funding model shall include a public university

sector formula and a KCTCS sector formula, *and shall not include any race-based metrics or targets in the formulas.*

- (5) The funding formula for the public university sector shall:
- (a) Recognize differences in missions and cost structures between research universities and comprehensive universities to ensure that neither are advantaged or disadvantaged during the first full year of implementation;
 - (b) Distribute one hundred percent (100%) of the university allocable resources for all universities in the sector, based on rational criteria, including student success, course completion, and operational support components, regardless of whether state funding for postsecondary institution operations increases, decreases, or remains stable;
 - (c) Include an adjustment to minimize impact on smaller campuses as determined by the council; and
 - (d) Be constructed to achieve equilibrium, at which point the funding formula rewards rates of improvement above the sector average rate.
- (6) Funding for the public university sector shall be distributed as follows:
- (a) **Forty percent (40%)**~~{Thirty five percent (35%)}~~ of total university allocable resources shall be distributed based on each university's share of total student success outcomes produced, including but not limited to:
 1. Bachelor's degree production;
 2. ~~{Bachelor's degrees awarded per one hundred (100) undergraduate full-time equivalent students;~~
 3. ~~—~~Numbers of students progressing beyond thirty (30), sixty (60), and ninety (90) credit hour thresholds;
 - 3.~~{4.}~~ Science, technology, engineering, math, and health bachelor's degree production; and
 - 4.~~{5.}~~ Bachelor's degrees earned by low-income students and underrepresented ~~{minority}~~ students;
 - (b) **Thirty percent (30%)**~~{Thirty five percent (35%)}~~ of total university allocable resources shall be distributed based on each university's share of sector total student credit hours earned, excluding dual credit enrollment, weighted to account for cost differences by academic discipline and course level, such as lower and upper division baccalaureate, master's, doctoral research, ~~{and}~~ doctoral professional, *and nontraditional age students*; and
 - (c) Thirty percent (30%) of total university allocable resources shall be distributed in support of vital campus operations as follows:
 1. Ten percent (10%) shall be distributed based on each university's share of Category I and Category II square feet, net of research, nonclass laboratory, and open laboratory space, to support maintenance and operation of campus facilities and may include a space utilization factor as determined by the council in collaboration with the working group established in subsection (11) of this section;
 2. Ten percent (10%) shall be distributed based on each university's share of total instruction and student services spending, net of maintenance and operation, to support campus administrative functions; and
 3. Ten percent (10%) shall be distributed based on each university's share of total full-time equivalent student enrollment to support academic support services such as libraries and academic computing.
- (7) The funding formula for the KCTCS sector:
- (a) Shall distribute one hundred percent (100%) of KCTCS institution allocable resources for all KCTCS colleges based on rational criteria, including student success, course completion, and operational support components, regardless of whether state funding for postsecondary institution operations increases, decreases, or remains stable;
 - (b) May include an adjustment to account for *community economic disadvantage*~~{declining enrollment}~~ in some regions of the Commonwealth as determined by the council; and

- (c) Shall be constructed to achieve equilibrium, at which point the funding formula rewards rates of improvement above the sector average rate.
- (8) Funding for the KCTCS sector shall be distributed as follows:
- (a) Thirty-five percent (35%) of total KCTCS institution allocable resources shall be distributed based on each college's share of total student success outcomes produced, including but not limited to:
1. Certificate, diploma, and associate degree production, ***weighted to provide a premium for credentials that are aligned with the economic needs of the state***;
 2. Numbers of students progressing beyond fifteen (15), thirty (30), and forty-five (45) credit hour thresholds;
 3. ~~Science, technology, engineering, math, and health credentials production;~~
 4. ~~Production of high wage, high demand, industry credentials as determined using occupational outlook data and employment statistics wage data provided by the Department of Workforce Development in the Education and Labor Cabinet;~~
 5. ~~Production of industry credentials designated as targeted industries by the Education and Labor Cabinet;~~
 6. ~~Credentials earned by low-income students, underprepared students, ~~and~~ underrepresented ~~minority~~ students, ***and nontraditional age students***; and~~
- 4.7. Transfers to four (4) year institutions;
- (b) Thirty-five percent (35%) of total KCTCS institution allocable resources shall be distributed based on each college's share of total student credit hours earned, weighted to account for cost differences by academic discipline; and
- (c) Thirty percent (30%) of total KCTCS institution allocable resources shall be distributed in support of vital campus operations as follows:
1. Ten percent (10%) shall be distributed based on each college's share of Category I and Category II square feet, net of research, nonclass laboratory, and open laboratory space, to support maintenance and operation of campus facilities and may include a space utilization factor as determined by the council in collaboration with the postsecondary education working group established in subsection (11) of this section;
 2. Ten percent (10%) shall be distributed based on each college's share of total instruction and student services spending, net of maintenance and operation, to support campus administrative functions; and
 3. Ten percent (10%) shall be distributed based on each college's share of total full-time equivalent student enrollment to support academic support services such as libraries and academic computing.
- (9) (a) The funding formula for both sectors shall include:
1. A hold-harmless provision for fiscal year 2018-2019 preventing a reduction in an institution's funding amount based solely on the formula calculation, and allowing a hold-harmless amount determined by the formula in fiscal year 2018-2019 to be deducted from an institution's formula base amount in whole or in part in fiscal years 2019-2020 and 2020-2021, as determined by the council;
 2. A hold-harmless provision for fiscal year 2021-2022, and every fiscal year thereafter, preventing a reduction in an institution's funding amount based solely on the formula calculation;
 3. A stop-loss provision for fiscal year 2019-2020 limiting the reduction in funding to any institution to one percent (1%) of that institution's formula base amount;
 4. A stop-loss provision for fiscal year 2020-2021 limiting the reduction in funding to any institution to two percent (2%) of that institution's formula base amount; and
 5. A stop-loss provision for fiscal year 2021-2022, and every fiscal year thereafter, limiting the reduction in funding to any institution to zero percent (0%) of that institution's formula base amount.

- (b) Paragraph (a) of this subsection shall not be construed to limit the level of a budget reduction that may be enacted by the General Assembly or implemented by the Governor.
- (10) (a) By May 1 each year, the council shall certify to the Office of the State Budget Director the amount to be distributed to each of the public universities and KCTCS as determined by the comprehensive funding model created in this section, not to exceed the available balance in the performance fund.
- (b) The Office of the State Budget Director shall distribute the appropriations in the performance fund for that fiscal year to the institutions in the amounts the council has certified. The adjusted appropriations to each institution shall be allotted as provided in KRS 48.600, 48.605, 48.610, 48.620, and 48.630.
- (c)
 1. The certified amounts distributed from the performance fund to the institutions are nonrecurring funds that shall not be included in the institutions' base budget amounts submitted in their biennial budget requests.
 2. The certified amounts distributed from the performance fund in the previous fiscal year shall be included in the performance fund's base budget amount submitted by the council in the biennial budget request.
- (d) For fiscal year 2017-2018, the Office of the State Budget Director shall distribute to the public postsecondary education institutions, except for Kentucky State University, those funds appropriated to the performance fund by the General Assembly in 2016 Ky. Acts ch. 149, Part I, K., 12., in accordance with the comprehensive funding model created in this section.
- (11) (a) The Council on Postsecondary Education is hereby directed to establish a postsecondary education working group composed of the following:
 1. The president of the council;
 2. The president or designee of each public postsecondary institution, including the president of KCTCS;
 3. The Governor or designee;
 4. The Speaker of the House or designee; and
 5. The President of the Senate or designee.
- (b) Beginning in fiscal year 2020-2021 and every three (3) fiscal years thereafter, the postsecondary education working group shall convene to determine if the comprehensive funding model is functioning as expected, identify any unintended consequences of the model, and recommend any adjustments to the model. The council may call the working group to convene prior to the start of the required fiscal year to allow sufficient time for the group to complete its work.
- (c) The results of the review and recommendations of the working group shall be reported by the council to the Governor, the Interim Joint Committee on Appropriations and Revenue, and the Interim Joint Committee on Education by December 1 of each fiscal year the working group convenes.
- (12) The council shall promulgate administrative regulations under KRS Chapter 13A to implement the provisions of this section.
- (13) (a) The postsecondary education performance fund is hereby established as an appropriation unit to support improvement in the operations of the public postsecondary institutions and achievement of the Commonwealth's education policy goals and workforce development priorities. General fund moneys may be appropriated by the General Assembly to this fund for distribution to the public postsecondary institutions in amounts determined through the comprehensive funding model created in this section.
- (b) Any balance in the performance fund at the close of any fiscal year shall not lapse but shall be carried forward to the next fiscal year and be continuously appropriated for the purposes specified in this section. A general statement that all continuing appropriations are repealed, discontinued, or suspended shall not operate to repeal, discontinue, or suspend this fund or to repeal this action.

➔Section 2. The Council on Postsecondary Education shall promulgate and file an emergency administrative regulation, or amend a current administrative regulation, in accordance with KRS Chapter 13A by April 1, 2024, or within 30 days of the effective date of this Act, whichever is later, to implement Section 1 of this Act.

➔Section 3. The postsecondary education working group established in subsection (11) of Section 1 of this Act shall convene during the 2024 Interim for the sole purpose of considering how to define "underrepresented

students" in the comprehensive funding model for the public postsecondary education system created in Section 1 of this Act. By December 1, 2024, the Council on Postsecondary Education shall report the recommendations of the working group to the Governor and to the Legislative Research Commission for referral to the Interim Joint Committees on Education and Appropriations and Revenue.

➔Section 4. The Council on Postsecondary Education, for the fiscal year 2024-2025 funding distribution in the comprehensive funding model created in Section 1 of this Act, shall:

(1) Define "underrepresented students" as first-generation college students, and shall distribute one and one-half percent of allocable resources to bachelor's degree production in this area in the university model and one percent of allocable resources to degree production in this area in the Kentucky Community and Technical College System model; and

(2) Distribute nine and one-half percent of allocable resources to low-income students in the university model and five percent of allocable resources in the Kentucky Community and Technical College System model.

➔Section 5. The agreement or agreements may be made on a basis commensurate with, and determined by, the miles traveled on, and use made of, the highways of this Commonwealth as compared with the miles traveled on and use made of highways of other states, or upon any other equitable basis of proportional registration. Notwithstanding the provisions of KRS 186.020, the cabinet shall promulgate administrative regulations concerning the registration of motor vehicles under any agreement or agreements made under this section and shall provide for direct issuance by it of evidence of payment of any registration fee required under ~~the~~_[such] agreement or agreements. Any proportional registration fee required to be collected under any proportional registration agreement or agreements shall be in accordance with the taxes established in this section.

Title to ~~the~~_[such] vehicle may be transferred; however title without proper registration shall not authorize the operation or use of the vehicle on any public highway. Any commercial vehicle properly titled in Kentucky may also be registered in Kentucky, and, upon payment of the required fees, the department may issue an apportioned registration plate to ~~the~~_[such] commercial vehicle.
 - (c) Any commercial vehicle that is properly titled in a foreign jurisdiction, which vehicle is subject to apportioned registration, as provided in paragraph (a) of this subsection, may be registered in Kentucky, and, upon proof of proper title and payment of the required fees, the department may issue an apportioned registration plate to the commercial vehicle. The department shall promulgate administrative regulations in accordance with this section.

If an applicant elects to make a contribution under this subsection, the two dollar (\$2) donation shall be added to the regular fee for any motor vehicle registration issued pursuant to this section. One (1) donation may be made per issuance of each registration. The fee shall be paid to the county clerk and shall be transmitted by the State Treasurer to the Department of Fish and Wildlife Resources to be used exclusively for the purpose of wildlife management and conservation activities in support of hunger relief. The county clerk may retain up to five percent (5%) of the fees collected under this subsection for administrative costs associated with the collection of this donation. Any donation requested under this subsection shall be voluntary and may be refused by the applicant at the time of issuance or renewal of a license plate.
- (16) In addition to the fees outlined in this section, the county clerk shall collect from the registrants of electric vehicles, electric motorcycles, and hybrid vehicles the electric vehicle ownership fees imposed in KRS 138.475.

➔Section 3. KRS 189.340 is amended to read as follows:

- (1) ***The driver of a vehicle***~~[Vehicles]~~ overtaking other vehicles proceeding in the same direction shall pass to the left of them and shall not again drive to the right until reasonably clear of those vehicles. ***The driver of a vehicle***~~[Vehicles]~~ overtaking streetcars may pass either to the right or left when so directed by a police officer, when on a one (1) way street or where the location of the tracks prevents compliance with this section, with regard for other traffic.
- (2) (a) ***The driver of a vehicle***~~[Vehicles]~~ overtaking a bicycle or electric low-speed scooter proceeding in the same direction shall:
1. If there is more than one (1) lane for traffic proceeding in the same direction, move the vehicle to the immediate left, if the lane is available and moving in the lane is reasonably safe; or
 2. If there is only one (1) lane for traffic proceeding in the same direction, pass to the left of the bicycle or electric low-speed scooter at a distance of not less than three (3) feet between any portion of the vehicle and the bicycle or electric low-speed scooter and maintain that distance until safely past the overtaken bicycle or electric low-speed scooter. If space on the roadway is not available to have a minimum distance of three (3) feet between the vehicle and the bicycle or electric low-speed scooter, then the driver of the passing vehicle shall use reasonable caution in passing the bicyclist or electric low-speed scooter operator.
- (b) The driver of a motor vehicle may drive to the left of the center of a roadway, including when a no-passing zone is marked in accordance with subsection (6) of this section, to pass a person operating a bicycle or electric low-speed scooter only if the roadway to the left of the center is unobstructed for a sufficient distance to permit the driver to pass the person operating the bicycle or electric low-speed scooter safely and avoid interference with oncoming traffic. This paragraph does not authorize driving on the left side of the center of the roadway when otherwise prohibited under state law.
- (c) The operator of a bicycle or electric low-speed scooter shall not ride more than two (2) abreast on a single highway lane unless operating on any part of the roadway marked exclusively for bicycle use. Persons riding two (2) abreast shall not impede the normal and reasonable movement of traffic.
- (3) The operator of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:
- (a) When the vehicle overtaken is making or about to make a left turn; ***or***
 - (b) Upon a roadway with unobstructed pavement of sufficient width for two (2) or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.
- (4) The operator of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting ***the passing***~~[such movements]~~ in safety, ***and not***~~[Such movement shall not be made]~~ by driving off the roadway unless ***the vehicle being passed is at***~~[passing vehicle comes to]~~ a complete stop and ***the passing***~~[such movement]~~ may be made safely.
- (5) ***A person***~~[No vehicle]~~ shall ***not drive a vehicle***~~[be driven]~~ to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit overtaking and passing to be completely

made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event, the overtaking vehicle must return to the right-hand side of the roadway before coming within two hundred (200) feet of any vehicle approaching from the opposite direction.

- (6) The commissioner of highways is hereby authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of ~~the~~^{such} zones, and when ~~such~~^{such} signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof, except as provided for in subsection (2)(b) of this section.
- (7) Whenever any roadway has been divided into three (3) *or more* clearly marked lanes for travel *in one (1) direction*, the following additional rules shall apply:
- (a) *A person shall drive* a vehicle ~~shall be driven~~ as nearly as may be practical entirely within a single lane and shall not *move* ~~be moved~~ from that lane until the driver *ascertains* ~~has first ascertained~~ that the movement can be made with safety;
 - (b) *A person shall not drive* a vehicle ~~shall not be driven~~ in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance, or in preparation for a left turn or where a center lane is at the time allocated exclusively to traffic moving in the direction in which the vehicle is proceeding and is signposted to give notice of the allocation;~~and~~
 - (c) *A person shall not operate a truck tractor, trailer, or semitrailer in the leftmost lane except when entering or leaving a highway, yielding to traffic coming onto the highway, or when traffic conditions exist which would prohibit safe use of the right or center lanes; and*
 - (d) Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and operators of vehicles shall obey the directions of ~~these~~^{such} signs.
- (8) ~~On~~^{A vehicle shall not be driven in the left lane of} any limited access highway of four (4) lanes or more with a posted speed limit of at least sixty-five (65) miles per hour, *a person shall not operate a motor vehicle in the leftmost lane*, except *when*:~~in~~
- (a) Overtaking a slower vehicle;~~;~~
 - (b) Yielding to traffic coming onto ~~the~~^{such a} highway;~~;~~ or
 - (c) ~~when~~^{Traffic} *or road* conditions exist which would prohibit safe use of the right or center lanes.
- (9) (a) Except as provided in paragraph (c) of this subsection, the operator of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having regard for the speed of the vehicle and the traffic upon and condition of the highway.
- (b) Except as provided in paragraph (c) of this subsection, the operator of any motor truck, semitrailer truck, bus, or heavy construction equipment unit, when traveling upon a highway outside of a business or residential district, shall not follow within two hundred fifty (250) feet of another ~~such~~ vehicle or equipment unit. This subsection shall not prevent overtaking and passing, nor shall it apply to any lane specially designated for use of motor trucks or semitrailer trucks, buses or heavy construction equipment units.
- (c) Paragraphs (a) and (b) of this subsection shall not apply to a trailing commercial motor vehicle involved in a platoon as defined in KRS 281.010, but shall apply to the commercial motor vehicle leading a platoon.

➔Section 7. KRS 189.270 is amended to read as follows:

- (1) (a) The department may issue permits for the operation of motor vehicles, manufactured homes, recreational vehicles, boats, or any other vehicle transporting a nondivisible load, whose gross weight including load, height, width, or length exceeds the limits prescribed by this chapter or which in other respects fail to comply with the requirements of this chapter. Permits may be issued by the department for stated periods, special purposes, and unusual conditions, and upon terms in the interest of public safety and the preservation of the highways as the department may require.

A person who applies for, and accepts, a permit issued under this section is acknowledging that the Kentucky Transportation Cabinet is not guaranteeing safe passage of vehicles by issuing the permit. A person who applies for, and accepts, a permit issued under this section agrees to measure all clearances of highway structures, both laterally and vertically, prior to passage of the person's vehicles along the routes specified in the permit. - (10) Any person transporting a parade float which exceeds the dimensional limits on a highway over which it is transported shall be required to obtain a permit as required in subsection (2) of this section. If the float is being used in conjunction with a parade to be held within the boundaries of the Commonwealth, a fee shall not be assessed by the department to issue the permit.
- (11) A person shall not operate any vehicle in violation of the terms of the permit issued under this section.
- (12) (a) The cabinet shall not promulgate administrative regulations pursuant to this section that restrict the time or days of the week when a permit holder may operate on the highway, except that travel may be limited from 6 a.m. to 9 a.m. and 3 p.m. to 6 p.m. Monday through Friday. In addition to the restrictions established in this paragraph, any manufactured home being transported by permit issued under this

- (1) (a) *The General Assembly of the Commonwealth of Kentucky hereby finds and determines that property valuation administrators in all counties are officers whose jurisdiction or duties are coextensive with that of the Commonwealth within the meaning of Section 246 of the Constitution of Kentucky.*
- (b) The compensation of the property valuation administrator shall be based on the schedule contained in subsection (2) of this section as modified by subsection (3) of this section. The compensation of the property valuation administrator shall be calculated by the department annually. Should a property valuation administrator for any reason vacate the office in any year during his term of office, he shall be paid only for the calendar days actually served during the year.
- (2) The salary schedule for property valuation administrators provides for nine (9) levels of salary based upon the population of the county in the prior year as determined by the United States Department of Commerce, Bureau of the Census annual estimates. To implement the salary schedule, the department shall, by November 1 of each year, certify for each county the population group applicable to each county based on the most recent estimates of the United States Department of Commerce, Bureau of the Census. The salary schedule provides four (4) steps for yearly increments within each population group. Property valuation administrators shall be paid according to the first step within their population group for the first year or portion thereof they serve in office. Thereafter, each property valuation administrator, on January 1 of each subsequent year, shall be advanced automatically to the next step in the salary schedule until the maximum salary figure for the population group is reached. If the county population as certified by the department increases to a new group level, the property valuation administrator's salary shall be computed from the new group level at the beginning of the next year. A change in group level shall have no effect on the annual change in step. Prior to assuming office, any person who has previously served as a property valuation administrator must certify to the department the total number of years, not to exceed four (4) years, that the person has previously served in the office. The department shall place the person in the proper step based upon a formula of one (1) incremental step per full calendar year of service:

- (3) (a) For calendar year ~~2024~~~~[2000]~~, the salary schedule in subsection (2) of this section shall be increased by the amount of increase in the annual consumer price index as published by the United States Department of Commerce for the year ended December 31, ~~2023~~~~[1999]~~. This salary adjustment shall take effect on *the effective date of this Act*~~[July 14, 2000]~~, and shall not be retroactive to the preceding January 1.
- (b) *I.* For each calendar year beginning after December 31, ~~2024~~~~[2000]~~, upon publication of the annual consumer price index by the United States Department of Commerce, the annual rate of salary for the property valuation administrator shall be determined by applying the increase in the consumer price index to the salary in effect for the previous year. This salary determination shall be retroactive to the preceding January 1. *A property valuation administrator's salary shall not exceed the maximum salary set out for officers whose jurisdiction or duties are coextensive with that of the Commonwealth within the meaning of Section 246 of the Constitution of Kentucky.*
- 2. a. Each property valuation administrator who is serving in office on the effective date of this Act who did not receive an eight percent (8%) salary increase in July 2022 while serving as property valuation administrator shall receive a lump-sum payment that is equal to eight percent (8%) of the sum the property valuation administrator received between the effective date of this Act and the date the property valuation administrator took office after July 1, 2022.*

If a property valuation administrator fails without good cause, as determined by the commissioner of the department, to obtain the minimum amount of approved training in any year, the officer shall lose all training incentives previously accumulated. No

Each property valuation administrator shall be allowed to carry forward up to forty (40) hours of training credit into the following calendar year for the purpose of satisfying the minimum amount of training for that year. This amount shall be increased by the consumer price index adjustments prescribed in paragraphs (a) and (b) of this subsection. Each training unit shall be approved and certified by the department. - (5) Deputy property valuation administrators and other authorized personnel may be advanced one (1) step in grade upon completion of twelve (12) months' continuous service. The department may make grade classification changes corresponding to any approved for department employees in comparable positions, so long as the changes do not violate the integrity of the classification system. Subject to availability of funds, the department may extend cost-of-living increases approved for department employees to deputy property valuation administrators and other authorized personnel, by advancement in grade.

The Personnel Cabinet shall provide advice and technical assistance to the department in the revision and updating of the personnel classification system, which shall be equitable in all respects to the personnel classification systems maintained for other state employees. Any deputy property valuation administrator employed or promoted to a higher position may be examined by the department in accordance with standards of the Personnel Cabinet, for the position to which he is being appointed or promoted. No state funds available to any property valuation administrator's office as compensation for deputies and other authorized personnel or for other authorized expenditures shall be paid without authorization of the department prior to the employment by the property valuation administrator of deputies or other authorized personnel or the incurring of other authorized expenditures.

- (6) Each school district shall administer the statewide student assessment during the last fourteen (14) days of school in the district's instructional calendar. The Kentucky Board of Education may change the testing window to allow for innovative assessment systems or other online test administration and shall promulgate administrative regulations that minimize the number of days of testing and outline the procedures to be used during the testing process to ensure test security, including procedures for testing makeup days, and to comply with federal assessment requirements.
 - (7) A student enrolled in a district-operated or district-contracted alternative program shall participate in the appropriate assessments required by this section.
 - (8) A local school district may select and use commercial interim or formative assessments or develop and use its own formative assessments to provide data on how well its students are growing toward mastery of Kentucky academic standards, so long as the district's local school board develops a policy minimizing the reduction in instructional time related to the administration of the interim assessments. Nothing in this section precludes teachers from using ongoing teacher-developed formative processes.
 - (9) Each school that enrolls primary students shall use diagnostic assessments and prompts that measure readiness in reading and mathematics for its primary students as determined by the school to be developmentally appropriate. The schools may use commercial products, use products and procedures developed by the district, or develop their own diagnostic procedures. The results shall be used to inform the teachers and parents or guardians of each student's skill level.

 - 2. Accommodations provided in a manner allowed by a student's individualized education program as defined in KRS 158.281 for a student whose disability precludes valid assessment of his or her academic abilities using the accommodations provided under subparagraph 1. of this paragraph when the student's scores are not reportable to a postsecondary institution for admissions and placement purposes.
- (12) Kentucky teachers shall have a significant role in providing feedback about the design of the assessments, except for the college admissions exam described in subsection (5)(b)5. of this section. The assessments shall be designed to:

Validation activities shall take place in a timely manner and shall include a review of the accuracy of scores assigned to students and schools, as well as of the testing materials. The plan shall be submitted to the Commission by July 1 of the first year of each biennium. A summary of the findings shall be submitted to the Legislative Research Commission by September 1 of the second year of the biennium.
- (15) The Department of Education and the state board shall offer optional assistance to local school districts and schools in developing and using continuous assessment strategies needed to ensure student progress. The continuous assessment shall provide diagnostic information to improve instruction to meet the needs of individual students.
- (16) The Administration Code for Kentucky's Assessment Program shall include prohibitions of inappropriate test preparation activities by school district employees charged with test administration and oversight, including but not limited to the issue of teachers being required to do test practice in lieu of regular classroom instruction and test practice outside the normal work day. - (17) The Kentucky Board of Education, after the Department of Education has received advice from the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the department's technical advisory committee, shall promulgate an administrative regulation under KRS Chapter 13A to establish the components of a reporting structure for assessments administered under this section. The reporting structure shall include the following components:

The data shall be disaggregated by gender, race, students with disabilities, and economic status;
 3. Nonacademic achievement, including the school's attendance, retention, graduation rates, and student transition to postsecondary;
 4. School learning environment, including measures of parental involvement; and
 5. Any other school performance data required by the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor;

- (20) (a) The Kentucky Department of Education, in consultation with the review committees described in subsection (18) of this section, shall develop a school profile report to be used by all schools to document how they will address the adopted academic standards in their implementation of the programs as described in subsection (18) of this section, which may include student opportunities and experiences in extracurricular activities. The department shall include the essential workplace ethics program on the school profile report.
- (b) By October 1 of each year, each school principal shall complete the school profile report, which shall be signed by the members of the school council, or the principal if no school council exists, and the superintendent. The report shall be electronically transmitted to the Kentucky Department of Education, and the original shall be maintained on file at the local board office and made available to the public upon request. The department shall include a link to each school's profile report on its Web site.

- (c) If a school staff member, student, or a student's parent has concerns regarding deficiencies in a school's implementation of the programs described in subsection (18) of this section, he or she may submit a written inquiry to the school council.

The payments shall be suspended at the beginning of the month in which the reemployment occurs.
- (2) Employer and employee contributions shall be made as provided in KRS 61.510 to 61.705 and 78.510 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar (\$1), and the member shall be credited with additional service credit.
- (3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

The sole purpose of the audit shall be to document that the collaboration meetings have taken place as required by this section and that other provisions of this section have been met.

~~(13)~~ ~~The jurisprudence examination shall be prescribed by the board and be conducted on the licensing requirements under this chapter and board regulations and requirements applicable to advanced practice registered nursing in this Commonwealth. The board shall promulgate administrative regulations in accordance with KRS Chapter 13A, establishing the provisions to meet this requirement.~~

(b) On or after June 29, 2023:

1. An advanced practice registered nurse who has had four (4) years of prescribing authority with a CAPA-CS and who wishes to prescribe controlled substances without a CAPA-CS shall submit, via the APRN update portal, a request for review from the Kentucky Board of Nursing that the advanced practice registered nurse's license is in good standing;

2. However, if the then-current CAPA-CS expires or is rescinded prior to the end of the four (4) year term, a new CAPA-CS shall be required and subject to the provisions of this section;
 3. The advanced practice registered nurse shall not prescribe controlled substances without a CAPA-CS until the board has completed its review and has notified the advanced practice registered nurse in writing that the advanced practice registered nurse is exempt from the CAPA-CS requirement; and
 4. The review request shall include the payment of a fee set by the board through the promulgation of an administrative regulation.
- (c) Upon receipt of a request pursuant to this subsection, the Kentucky Board of Nursing shall perform a review to determine whether the license of the advanced practice registered nurse is in good standing based upon an evaluation of the criteria specified in this subsection and in the administrative regulation promulgated by the board pursuant to this subsection, including but not limited to verification:

- (d) Based on the findings of these actions, the Kentucky Board of Nursing shall determine if the advanced practice registered nurse's license is in good standing for the purpose of removing the requirement for the advanced practice registered nurse to have a CAPA-CS in order to prescribe controlled substances.
- (e) If the advanced practice registered nurse's license is found to be in good standing, the advanced practice registered nurse shall be notified by the board in writing that a CAPA-CS is no longer required. The advanced practice registered nurse shall not be required to maintain a CAPA-CS as a condition to prescribe controlled substances unless the board later imposes such a requirement as part of an action instituted under KRS 314.091(1). An advanced practice registered nurse may choose to maintain a CAPA-CS indefinitely after the determination of good standing has been made. An advanced practice registered nurse who chooses to prescribe without a CAPA-CS shall be held to the same standard of care as all other providers with prescriptive authority.

➔Section 2. KRS 403.211 is amended to read as follows:

- (1) An action to establish or enforce child support may be initiated by the parent, custodian, or agency substantially contributing to the support of the child. The action may be brought in the county in which the child resides or where the defendant resides.
- (2) At the time of initial establishment of a child support order, whether temporary or permanent, or in any proceeding to modify a support order, the child support guidelines in KRS 403.212 or *Section 1 of this Act*~~[403.212]~~ shall serve as a rebuttable presumption for the establishment or modification of the amount of child support. Courts may deviate from the guidelines where their application would be unjust or inappropriate. Any deviation shall be accompanied by a written finding or specific finding on the record by the court, specifying the reason for the deviation.
- (3) A written finding or specific finding on the record that the application of the guidelines would be unjust or inappropriate in a particular case shall be sufficient to rebut the presumption and allow for an appropriate adjustment of the guideline award if based upon one (1) or more of the following criteria:

However, no such agreement shall be the basis of any deviation if public assistance is being paid on behalf of a child under the provisions of Part D of Title IV of the Federal Social Security Act;~~and~~
- (g) *Failure by one (1) party to consistently exercise the court-ordered time-sharing schedule or time-sharing agreement between the parents; and*

- (4) "Extraordinary" as used in this section shall be determined by the court in its discretion.
- (5) When a party has defaulted or the court is otherwise presented with insufficient evidence to determine gross income, the court shall order child support based upon the needs of the child or the previous standard of living of the child, whichever is greater. An order entered by default or due to insufficient evidence to determine gross income may be modified upward and arrearages awarded from the date of the original order if evidence

of gross income is presented within two (2) years which would have established a higher amount of child support pursuant to the child support guidelines set forth in KRS 403.212 or *Section 1 of this Act*~~[403.2121]~~.

- (6) The court shall allocate between the parents, in proportion to their combined monthly adjusted parental gross income, reasonable and necessary child care costs incurred due to employment, job search, or education leading to employment, in addition to the amount ordered under the child support guidelines.
- (7) (a) Pursuant to 45 C.F.R. sec. 303.31(a)(2), for the purposes of this section, "health care coverage" includes fee for service, health maintenance organization, preferred provider organization, and other types of private health insurance and public health care coverage under which medical services could be provided to a dependent child. If health care coverage is reasonable in cost and accessible to either parent at the time the request for coverage is made, the court shall order the parent to obtain or maintain coverage, and the court shall allocate between the parents, in proportion to their combined monthly adjusted parental gross income, the cost of health care coverage for the child, in addition to the support ordered under the child support guidelines.
- (b) A parent, who has one hundred percent (100%) of the combined monthly adjusted parental gross income, shall be entitled to a reduction in gross income of the entire amount of premiums incurred and paid.
- (c) The court shall order the cost of health care coverage of the child to be paid by either or both parents of the child regardless of who has physical custody. The court order shall include:
1. A judicial directive designating which parent shall have financial responsibility for providing health care coverage for the dependent child, which shall include but not be limited to health care coverage, payments of necessary health care deductibles or copayments;
 2. If appropriate, cash medical support. "Cash medical support" means an amount to be paid toward the cost of health care coverage, fixed payments for ongoing medical costs, extraordinary medical expenses, or any combination thereof; and
 3. A statement providing that if the designated parent's health care coverage provides for covered services for dependent children beyond the age of majority, then any unmarried children up to twenty-five (25) years of age who are full-time students enrolled in and attending an accredited educational institution and who are primarily dependent on the insured parent for maintenance and support shall be covered.
- (d) If health care coverage is not reasonable in cost and accessible at the time the request for the coverage is made, the court order shall provide for cash medical support until health care coverage becomes reasonable in cost and accessible.
- (8) (a) For purposes of this section, "reasonable in cost" means that the cost of coverage to the responsible parent does not exceed five percent (5%) of his or her gross income. The five percent (5%) standard shall apply to the cost of adding the child to an existing policy, the difference in the cost between a single and a family policy, or the cost of acquiring a separate policy to cover the child. If the parties agree or the court finds good cause exists, the court may order health care coverage in excess of five percent (5%) of the parent's gross income.
- (b) For purposes of this section, "accessible" means that there are providers who meet the health care needs of the child and who are located no more than sixty (60) minutes or sixty (60) miles from the child's primary residence, except that nothing shall prohibit use of a provider located more than sixty (60) minutes or sixty (60) miles from the child's primary residence.
- (9) ***The initial two hundred fifty dollars (\$250) of medical expenses shall be covered by the parent who maintains health insurance for the child or children subject to the order per calendar year, unless the parties have agreed otherwise.***
- (10) (a) The cost of extraordinary medical expenses shall be allocated between the parties in proportion to their combined monthly adjusted parental gross incomes.
- (b) 1. "Extraordinary medical expenses" means uninsured expenses in excess of two hundred fifty dollars (\$250) ~~for the~~ ***for the*** child ***or children subject to the order*** per calendar year.
2. "Extraordinary medical expenses" includes but is not limited to the costs that are reasonably necessary for medical, surgical, dental, orthodontal, optometric, nursing, and hospital services;

for professional counseling or psychiatric therapy for diagnosed medical disorders; and for drugs and medical supplies, appliances, laboratory, diagnostic, and therapeutic services.

- ~~(11)~~~~(10)~~ The court order shall include the Social Security numbers, provided in accordance with KRS 403.135, of all parties subject to a support order.
- ~~(12)~~~~(11)~~ In any case administered by the Cabinet for Health and Family Services, if the parent ordered to provide health care coverage is enrolled through an insurer but fails to enroll the child under family coverage, the other parent or the Cabinet for Health and Family Services may, upon application, enroll the child.
- ~~(13)~~~~(12)~~ In any case administered by the cabinet, information received or transmitted shall not be published or be open for public inspection, including reasonable evidence of domestic violence or child abuse if the disclosure of the information could be harmful to the custodial parent or the child of the parent. Necessary information and records may be furnished as specified by KRS 205.175.
- ~~(14)~~~~(13)~~ In the case in which a parent is obligated to provide health care coverage, and changes employment, and the new employer provides health care coverage, the Cabinet for Health and Family Services shall transfer notice of the provision for coverage for the child to the employer, which shall operate to enroll this child in the obligated parent's health plan, unless the obligated parent contests the notice as specified by KRS Chapter 13B.
- ~~(15)~~~~(14)~~ Notwithstanding any other provision of this section, any wage or income shall not be exempt from attachment or assignment for the payment of current child support or owed or to-be-owed child support.
- ~~(16)~~~~(15)~~ A payment of money received by a child as a result of a parental disability shall be credited against the child support obligation of the parent. A payment shall not be counted as income to either parent when calculating a child support obligation. An amount received in excess of the child support obligation shall be credited against a child support arrearage owed by the parent that accrued subsequent to the date of the parental disability, but shall not be applied to an arrearage that accrued prior to the date of disability. The date of disability shall be as determined by the paying agency.

➔Section 3. KRS 403.090 (Effective until July 1, 2025) is amended to read as follows:

- (1) The fiscal court of any county may, by resolution, authorize the appointment of a "friend of the court." If the Circuit Court of the county has but one (1) judge, the appointment shall be made by the judge. The person appointed to the office of friend of the court shall serve at the pleasure of, and subject to removal by, the appointing authority. The person appointed shall be a licensed practicing attorney. The appointed person shall take the constitutional oath of office and shall give bond in such sum as may be fixed by the appointing judge or judges.
- (2) Except for those cases administered pursuant to 42 U.S.C. secs. 651 et seq., it shall be the duty of the friend of the court to supervise and enforce the payment of sums ordered or adjudged by the Circuit Court in divorce actions to be paid for the care and maintenance of minor children. All persons who have been ordered or adjudged by the court, in connection with divorce actions, to make payments for the care and maintenance of children, shall, if so ordered by the court, make such payments to the friend of the court. The friend of the court shall see that the payments, except for those cases administered pursuant to 42 U.S.C. secs. 651 et seq., are properly applied in accordance with the order or judgment. However, if the court so directs, the payments may be made through the juvenile session of District Court of the county; in such case the friend of the court shall render such assistance as may be required in keeping records concerning such payments and in the enforcement of delinquent payments, and the Circuit Court may direct that a designated amount or portion of the funds appropriated by the fiscal court for expenses of the friend of the court be paid to the juvenile session of District Court as reimbursement for the expenses incurred by the juvenile session of District Court in connection with the handling of such payments. The friend of the court shall promptly investigate all cases where payments have become delinquent, and when necessary shall cause the delinquent person to be brought before the court for the purpose of compelling payment. The friend of the court shall ascertain the facts concerning the care, custody, and maintenance of children for whom payments are being made, and shall report to the court all cases in which the children are not receiving proper care or maintenance, or in which the person having custody is failing to furnish proper custody. He shall make such other reports to the court as the court may require.
- (3) In the event that a waiver is granted under 42 U.S.C. secs. 651 et seq., allowing payment of wage withholding collections to be directed to the friend of the court, an obligor shall be given the option of payment either to the friend of the court or the centralized collection agency.

- (4) In any action for divorce where the parties have minor children, the friend of the court, if requested by the trial judge, shall make such investigation as will enable the friend of the court to ascertain all facts and circumstances that will affect the rights and interests of the children and will enable the court to enter just and proper orders and judgment concerning the care, custody, and maintenance of the children. The friend of the court shall make a report to the trial judge, at a time fixed by the judge, setting forth recommendations as to the care, custody, and maintenance of the children. The friend of the court may request the court to postpone the final submission of any case to give the friend of the court a reasonable time in which to complete the investigation.
- (5) The friend of the court shall have authority to secure the issuance by the court of any order, rule, or citation necessary for the proper enforcement of orders and judgments in divorce actions concerning the custody, care, and maintenance of children. In performing duties under subsection (4) of this section the friend of the court shall attend the taking of depositions within the county, and shall have authority to cross-examine the witnesses. In the case of depositions taken on interrogatories, the friend of the court may file cross-interrogatories. The friend of the court shall be duly notified of the time and place of the taking of depositions in all divorce actions where the parties have minor children, and shall attend the taking of all such depositions when the friend of the court deems it necessary for the protection of the minor children, or when the friend of the court may be directed by the court to attend.
- (6) The friend of the court shall not directly or indirectly represent any party to a divorce action except as herein authorized to represent the minor children of parties to a divorce action, but if an allowance is made for the support of a spouse and an infant child or children, may proceed to enforce the payment of the allowance made to the spouse also.
- (7) Where a friend of the court is acting as a designee of the cabinet pursuant to KRS 205.712 and an applicant for Title IV-D services pursuant to KRS 205.721 has requested a modification of an existing child support order pursuant to a divorce or other judicial order, the friend of the court shall seek the modification, providing all jurisdictional requirements are met. The friend of the court's representation shall extend only for the limited purpose of seeking a modification of an existing child support order consistent with the provisions of KRS 403.212 or *Section 1 of this Act* ~~[403.2121]~~.
- (8) The fiscal court of any county which has authorized the appointment of a friend of the court under this section shall, by resolution, fix a reasonable compensation for the friend of the court and make a reasonable allowance for necessary expenses, equipment, and supplies, payable out of the general fund of the county, upon approval of the appointing judge or judges.

➔Section 5. KRS 403.212 (Effective until July 1, 2025) is amended to read as follows:

- (1) The following provisions and child support table shall be the child support guidelines established for the Commonwealth of Kentucky.
- (2) The Cabinet for Health and Family Services shall:
 - (a) Promulgate an administrative regulation in accordance with KRS Chapter 13A establishing a child support obligation worksheet; and
 - (b) Make accessible on its ~~website~~~~[Web site]~~ a manual providing examples or illustrations of the application of the child support guidelines and the child support obligation worksheet.
- (3) For the purposes of the child support guidelines:
 - (a) "Income" means actual gross income of the parent if employed to full capacity or potential income if unemployed or underemployed;
 - (b) "Gross income" includes income from any source, except as excluded in this subsection, and includes but is not limited to income from salaries, wages, retirement and pension funds, commissions, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, Social Security benefits, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, Supplemental Security Income (SSI), gifts, prizes, and alimony or maintenance received.

Specifically excluded are benefits received from means-tested public assistance programs, including but not limited to public assistance as defined under Title IV-A of the Federal Social Security Act, and food stamps;

- (c) For income from self-employment, rent, royalties, proprietorship of a business, or joint ownership of a partnership or closely held corporation, "gross income" means gross receipts minus ordinary and necessary expenses required for self-employment or business operation. Straight-line depreciation, using Internal Revenue Service (IRS) guidelines, shall be the only allowable method of calculating depreciation expense in determining gross income. Specifically excluded from ordinary and necessary expenses for purposes of this guideline shall be investment tax credits or any other business expenses inappropriate for determining gross income for purposes of calculating child support. Income and expenses from self-employment or operation of a business shall be carefully reviewed to determine an appropriate level of gross income available to the parent to satisfy a child support obligation. In most cases, this amount will differ from a determination of business income for tax purposes. Expense reimbursement or in-kind payments received by a parent in the course of employment, self-employment, or operation of a business or personal use of business property or payments of expenses by a business, shall be counted as income if they are significant and reduce personal living expenses such as a company or business car, free housing, reimbursed meals, or club dues;
- (d) "Self-support reserve" means a low-income adjustment amount to the obligated parent of nine hundred fifteen dollars (\$915) per month that considers the subsistence needs of the obligor with a limited ability to pay in accordance with 45 C.F.R. sec. 302.56(c)(1)(ii), and as applied under subsection (5) of this section;
- (e)
 - 1. If there is a finding that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of potential income, except that a finding of voluntary unemployment or underemployment and a determination of potential income shall not be made for a parent who is incarcerated, physically or mentally incapacitated, or is caring for a very young child, age three (3) or younger, for whom the parents owe a joint legal responsibility;
 - 2. A court may find a parent is voluntarily unemployed or underemployed without finding that the parent intended to avoid or reduce the child support obligation; and
 - 3. Imputation of potential income, when applicable, shall include consideration of the following circumstances of the parents, to the extent known:
 - a. Assets and residence;
 - b. Employment, earning history, and job skills;
 - c. Educational level, literacy, age, health, and criminal record that could impair the ability to gain or continue employment;
 - d. Record of seeking work;
 - e. Local labor market, including availability of employment for which the parent may be qualified and employable;
 - f. Prevailing earnings in the local labor market; and
 - g. Other relevant background factors, including employment barriers;
- (f) "Obligor" has the same meaning as in KRS 205.710;
- (g) "Imputed child support obligation" means the amount of child support the parent would be required to pay from application of the child support guidelines;
- (h) Income statements of the parents shall be verified by documentation of both current and past income. Suitable documentation shall include, but shall not be limited to, income tax returns, paystubs, employer statements, or receipts and expenses if self-employed;
- (i) "Combined monthly adjusted parental gross income" means the combined monthly gross incomes of both parents, less any of the following payments made by the parent:
 - 1. The amount of pre-existing orders for current maintenance for prior spouses to the extent payment is actually made and the amount of current maintenance, if any, ordered paid in the proceeding before the court;

2. The amount of pre-existing orders of current child support for prior-born children to the extent payment is actually made under those orders; and
 3. A deduction for the support to the extent payment is made, if a parent is legally responsible for and is actually providing support for other prior-born children who are not the subject of a particular proceeding. If the prior-born children reside with that parent, an "imputed child support obligation" shall be allowed in the amount which would result from application of the guidelines for the support of the prior-born children; and
- (j) "Split custody arrangement" means a situation where each parent has sole custody and decision-making authority while the child or children is in his or her residence. Visitation only occurs when the child is in residence with the other parent.
- (4) Any child support obligation shall be calculated by using the number of children for whom the parents share a joint legal responsibility.
 - (5) (a) Except as provided in paragraph (b) of this subsection, the child support obligation set forth in the child support guidelines table shall be divided between the parents in proportion to their combined monthly adjusted parental gross income.
 - (b) The child support obligation of an obligated parent whose monthly adjusted gross income is equal to or less than the amounts in subparagraphs 1. to 5. of this paragraph shall be calculated using the monthly adjusted gross income of the obligated parent alone to provide for the self-support reserve. The following monthly adjusted gross income amounts shall qualify an individual for the self-support reserve:
 1. One thousand one hundred dollars (\$1,100) with one (1) child;
 2. One thousand three hundred dollars (\$1,300) with two (2) children;
 3. One thousand four hundred dollars (\$1,400) with three (3) children;
 4. One thousand five hundred dollars (\$1,500) with four (4) or five (5) children; or
 5. One thousand six hundred dollars (\$1,600) with six (6) or more children.
 - (c) The obligated parent shall pay the lesser support amount calculated in accordance with:
 1. Paragraph (a) of this subsection;
 2. Paragraph (b) of this subsection; and
 3. As determined under *Section 1 of this Act* ~~[KRS 403.2121]~~ if the shared parenting time credit is applicable.
 - (6) The minimum amount of child support shall be sixty dollars (\$60) per month, except as provided in *subsection (3) of Section 1 of this Act* ~~[KRS 403.2121(3)]~~.
 - (7) The court may use its judicial discretion in determining child support in circumstances where combined adjusted parental gross income exceeds the uppermost levels of the guideline table.
 - (8) The child support obligation in a split custody arrangement shall be calculated in the following manner:
 - (a) Two (2) separate child support obligation worksheets shall be prepared, one (1) for each household, using the number of children born of the relationship in each separate household, rather than the total number of children born of the relationship.
 - (b) The parent with the greater monthly obligation amount shall pay the difference between the obligation amounts, as determined by the worksheets, to the other parent.
 - (9) The child support guidelines table is as follows:

➔Section 6. KRS 403.212 (Effective July 1, 2025) is amended to read as follows:

- (1) The following provisions and child support table shall be the child support guidelines established for the Commonwealth of Kentucky.
- (2) The Office of the Attorney General shall:
 - (a) Promulgate an administrative regulation in accordance with KRS Chapter 13A establishing a child support obligation worksheet; and
 - (b) Make accessible on its website a manual providing examples or illustrations of the application of the child support guidelines and the child support obligation worksheet.
- (3) For the purposes of the child support guidelines:

- (a) "Income" means actual gross income of the parent if employed to full capacity or potential income if unemployed or underemployed;
- (b) "Gross income" includes income from any source, except as excluded in this subsection, and includes but is not limited to income from salaries, wages, retirement and pension funds, commissions, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, Social Security benefits, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, Supplemental Security Income (SSI), gifts, prizes, and alimony or maintenance received. Specifically excluded are benefits received from means-tested public assistance programs, including but not limited to public assistance as defined under Title IV-A of the Federal Social Security Act, and food stamps;
- (c) For income from self-employment, rent, royalties, proprietorship of a business, or joint ownership of a partnership or closely held corporation, "gross income" means gross receipts minus ordinary and necessary expenses required for self-employment or business operation. Straight-line depreciation, using Internal Revenue Service (IRS) guidelines, shall be the only allowable method of calculating depreciation expense in determining gross income. Specifically excluded from ordinary and necessary expenses for purposes of this guideline shall be investment tax credits or any other business expenses inappropriate for determining gross income for purposes of calculating child support. Income and expenses from self-employment or operation of a business shall be carefully reviewed to determine an appropriate level of gross income available to the parent to satisfy a child support obligation. In most cases, this amount will differ from a determination of business income for tax purposes. Expense reimbursement or in-kind payments received by a parent in the course of employment, self-employment, or operation of a business or personal use of business property or payments of expenses by a business, shall be counted as income if they are significant and reduce personal living expenses such as a company or business car, free housing, reimbursed meals, or club dues;
- (d) "Self-support reserve" means a low-income adjustment amount to the obligated parent of nine hundred fifteen dollars (\$915) per month that considers the subsistence needs of the obligor with a limited ability to pay in accordance with 45 C.F.R. sec. 302.56(c)(1)(ii), and as applied under subsection (5) of this section;
- (e)
 - 1. If there is a finding that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of potential income, except that a finding of voluntary unemployment or underemployment and a determination of potential income shall not be made for a parent who is incarcerated, physically or mentally incapacitated, or is caring for a very young child, age three (3) or younger, for whom the parents owe a joint legal responsibility;
 - 2. A court may find a parent is voluntarily unemployed or underemployed without finding that the parent intended to avoid or reduce the child support obligation; and
 - 3. Imputation of potential income, when applicable, shall include consideration of the following circumstances of the parents, to the extent known:
 - a. Assets and residence;
 - b. Employment, earning history, and job skills;
 - c. Educational level, literacy, age, health, and criminal record that could impair the ability to gain or continue employment;
 - d. Record of seeking work;
 - e. Local labor market, including availability of employment for which the parent may be qualified and employable;
 - f. Prevailing earnings in the local labor market; and
 - g. Other relevant background factors, including employment barriers;
- (f) "Obligor" has the same meaning as in KRS 15.800;
- (g) "Imputed child support obligation" means the amount of child support the parent would be required to pay from application of the child support guidelines;

- (h) Income statements of the parents shall be verified by documentation of both current and past income. Suitable documentation shall include, but shall not be limited to, income tax returns, paystubs, employer statements, or receipts and expenses if self-employed;
 - (i) "Combined monthly adjusted parental gross income" means the combined monthly gross incomes of both parents, less any of the following payments made by the parent:
 1. The amount of pre-existing orders for current maintenance for prior spouses to the extent payment is actually made and the amount of current maintenance, if any, ordered paid in the proceeding before the court;
 2. The amount of pre-existing orders of current child support for prior-born children to the extent payment is actually made under those orders; and
 3. A deduction for the support to the extent payment is made, if a parent is legally responsible for and is actually providing support for other prior-born children who are not the subject of a particular proceeding. If the prior-born children reside with that parent, an "imputed child support obligation" shall be allowed in the amount which would result from application of the guidelines for the support of the prior-born children; and
 - (j) "Split custody arrangement" means a situation where each parent has sole custody and decision-making authority while the child or children is in his or her residence. Visitation only occurs when the child is in residence with the other parent.
- (4) Any child support obligation shall be calculated by using the number of children for whom the parents share a joint legal responsibility.
- (5) (a) Except as provided in paragraph (b) of this subsection, the child support obligation set forth in the child support guidelines table shall be divided between the parents in proportion to their combined monthly adjusted parental gross income.
- (b) The child support obligation of an obligated parent whose monthly adjusted gross income is equal to or less than the amounts in subparagraphs 1. to 5. of this paragraph shall be calculated using the monthly adjusted gross income of the obligated parent alone to provide for the self-support reserve. The following monthly adjusted gross income amounts shall qualify an individual for the self-support reserve:
1. One thousand one hundred dollars (\$1,100) with one (1) child;
 2. One thousand three hundred dollars (\$1,300) with two (2) children;
 3. One thousand four hundred dollars (\$1,400) with three (3) children;
 4. One thousand five hundred dollars (\$1,500) with four (4) or five (5) children; or
 5. One thousand six hundred dollars (\$1,600) with six (6) or more children.
- (c) The obligated parent shall pay the lesser support amount calculated in accordance with:
1. Paragraph (a) of this subsection;
 2. Paragraph (b) of this subsection; and
 3. As determined under *Section 1 of this Act* ~~[KRS 403.2121]~~ if the shared parenting time credit is applicable.
- (6) The minimum amount of child support shall be sixty dollars (\$60) per month, except as provided in *subsection (3) of Section 1 of this Act* ~~[KRS 403.2121(3)]~~.
- (7) The court may use its judicial discretion in determining child support in circumstances where combined adjusted parental gross income exceeds the uppermost levels of the guideline table.
- (8) The child support obligation in a split custody arrangement shall be calculated in the following manner:
- (a) Two (2) separate child support obligation worksheets shall be prepared, one (1) for each household, using the number of children born of the relationship in each separate household, rather than the total number of children born of the relationship.
 - (b) The parent with the greater monthly obligation amount shall pay the difference between the obligation amounts, as determined by the worksheets, to the other parent.

(9) The child support guidelines table is as follows:

- (a) Restraining the adverse party from:
 1. Committing further acts of domestic violence and abuse;
 2. Any unauthorized contact or communication with the petitioner or other person specified by the court;
 3. Approaching the petitioner or other person specified by the court within a distance specified in the order, not to exceed five hundred (500) feet;
 4. Going to or within a specified distance of a specifically described residence, school, or place of employment or area where such a place is located; and
 5. Disposing of or damaging any of the property of the parties;
- (b) Authorizing, at the request of the petitioner:
 1. Limited contact or communication between the parties that the court finds necessary; or
 2. The parties to remain in a common area, which may necessitate them being closer than five hundred (500) feet under limited circumstances with specific parameters set forth by the court.

Nothing in this paragraph shall be interpreted to place any restriction or restraint on the petitioner;
- (c) Directing or prohibiting any other actions that the court believes will be of assistance in eliminating future acts of domestic violence and abuse, except that the court shall not order the petitioner to take any affirmative action;
- (d) Directing that either or both of the parties receive counseling services available in the community in domestic violence and abuse cases; and
- (e) Additionally, if applicable:
 1. Directing the adverse party to vacate a residence shared by the parties to the action;
 2. Utilizing the criteria set forth in KRS 403.270, 403.320, and 403.822, grant temporary custody, subject to KRS 403.315;

- (b) Only impose a location restriction where there is a specific, demonstrable danger to the petitioner or other person protected by the order;
- (c) Specifically describe in the order the locations or areas prohibited to the respondent; and
- (d) Consider structuring a restriction so as to allow the respondent transit through an area if the respondent does not interrupt his or her travel to harass, harm, or attempt to harass or harm the petitioner.

(3) When temporary child support is granted under this section, the court shall enter an order detailing how the child support is to be paid and collected. Child support ordered under this section may be enforced utilizing the same procedures as any other child support order.

(4) A domestic violence order shall be effective for a period of time fixed by the court, not to exceed three (3) years, and may be reissued upon expiration for subsequent periods of up to three (3) years each. The fact that an order has not been violated since its issuance may be considered by a court in hearing a request for a reissuance of the order.

➔Section 8. KRS 405.430 (Effective until July 1, 2025) is amended to read as follows:

- (3) In a contested paternity case, the child, the mother, and the putative father shall submit to genetic testing upon a request of any of the parties, unless the person or guardian of the person who is requested to submit to genetic testing shows good cause, taking into account the best interests of the child, why the genetic tests cannot be performed. The request shall be supported by a sworn statement of the party, requesting that the test be performed, which shall include the information required by 42 U.S.C. sec. 666(a)(5)(B)(i) or (ii).
- (4) When a parent who fails to support a child is not obligated to provide child support by court order, the cabinet may administratively establish a child support obligation based upon a voluntary acknowledgment of paternity as set forth in KRS Chapter 406, the parent's minimum monthly child support obligation and proportionate share of child care costs incurred due to employment or job search of either parent, or incurred while receiving elementary or secondary education, or higher education or vocational training which will lead to employment. The monthly child support obligation shall be determined pursuant to the Kentucky child support guidelines set forth in KRS 403.212 or *Section 1 of this Act*~~{403.212}~~. The actual cost of child care shall be reasonable and shall be allocated between the parents in the same proportion as each parent's gross income, as determined under the guidelines, bears to the total family gross income.
- (5) The cabinet shall recognize a voluntary acknowledgment of paternity as a basis for seeking a support order, irrespective of the alleged father's willingness to consent to a support order.
- (6) When in the best interest of the child, the cabinet may review and adjust a parent's child support obligation or child care obligation as established by the cabinet, upon a request of the cabinet when an assignment has been made, or upon either parent's petition if the amount of the child support awarded under the order differs from the amount that would be awarded in accordance with KRS 403.212 or *Section 1 of this Act*~~{403.212}~~. The cabinet shall notify parents at least once every three (3) years of the right to a review.
- (7) In establishing or modifying a parent's monthly child support obligation, the cabinet may use automated methods to identify orders eligible for review, conduct the review, identify orders eligible for adjustment, and apply the adjustment to eligible orders in accordance with KRS 403.212 or *Section 1 of this Act*~~{403.212}~~. The cabinet shall utilize information, including financial records, about the parent and child which it has good reason to believe is reliable and may require the parents to provide income verification.
- (8) In cases in which past-due support is owed for a child receiving public assistance under Title IV-A of the Federal Social Security Act, the cabinet shall issue an administrative order, or seek a judicial order, requiring the obligated parent to participate in work activities, or educational or vocational training activities for at least twenty (20) hours per week, unless the parent is incapacitated as defined by 42 U.S.C. sec. 607.
- (9) The cabinet may disclose financial records only for the purpose of establishing, modifying, or enforcing a child support obligation of an individual. - (10) The cabinet may issue both intrastate and interstate administrative subpoenas to any individual or entity for financial or other information or documents which are needed to establish, modify, or enforce a child support obligation pursuant to Title IV-D of the Social Security Act, 42 U.S.C. secs. 651 et seq. An administrative subpoena lawfully issued in another state to an individual or entity residing in this state shall be honored and enforced in the Circuit Court of the county in which the individual or entity resides.

- (12) No person shall knowingly make, present, or cause to be made or presented to an employee or officer of the cabinet any false, fictitious, or fraudulent statement, representation, or entry in any application, report, document, or financial record used in determining child support or child care obligations.
- (13) If a person knowingly or by reason of negligence discloses a financial record of an individual, that individual may pursue civil action for damages in a federal District Court or appropriate state court. No liability shall arise with respect to any disclosure which results from a good faith, but erroneous, interpretation. In any civil action brought for reason of negligence of disclosure of financial records, upon finding of liability on the part of the defendant, the defendant shall be liable to the plaintiff in an amount equal to:
 - (a) The sum of the greater of one thousand dollars (\$1,000) for each act of unauthorized disclosure of financial records; or

- (b) The sum of the actual damages sustained by the plaintiff resulting from the unauthorized disclosure; plus
 - (c) If willful disclosure or disclosure was a result of gross negligence, punitive damages, plus the costs, including attorney fees, of the action.
- (14) The cabinet shall issue an administrative order or seek a judicial order requiring a parent with a delinquent child support obligation, as defined by administrative regulation promulgated under KRS 15.055, to participate in the program described in KRS 205.732 to help low-income, noncustodial parents find and keep employment unless the parent is incapacitated as defined by 42 U.S.C. sec. 607.

- (3) When any contract in an amount in excess of **one hundred~~forty~~** thousand dollars **(\$100,000)~~(\$40,000)~~** for commodities, supplies, equipment, or services of any kind, or when a contract for construction services costing **one hundred~~forty~~** thousand dollars **(\$100,000)~~(\$40,000)~~** or less is proposed for presentation to vendors or contractors, the agency contract administrator shall evaluate whether a performance bond should be required in the procurement document, and make his recommendation to the purchasing agency. The opinion of the agency contract administrator shall be made in writing or electronically, set forth the reasons for his or her opinion regarding compliance or noncompliance, and be signed by the agency contract administrator. This opinion may have an electronic signature. The using agency head shall, after consideration of the performance audits, the final performance review, and the opinion of the agency contract administrator regarding compliance or noncompliance, determine whether to recommend to the purchasing agency that the performance bond be released or whether a claim should be made against the performance bond. This determination of the using agency head shall be in writing, signed by the using agency head, and forwarded to the purchasing agency. This determination may have an electronic signature and be transmitted electronically. If the recommendation of the using agency is not followed by the purchasing agency, the purchasing agency shall place a statement in the file explaining why it is not followed.
- (4) Nothing in this section shall be construed to limit the authority of the Commonwealth to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in subsection (2) or (3) of this section.
