An approved renewal request shall extend the waiver for an additional three (3) school years. ***A waiver related to school district facility projects, as identified in subsection (1) of this section, shall not expire unless the state board specifically provides for expiration when granting the waiver.***

- (10) The state board shall promulgate administrative regulations in accordance with KRS Chapter 13A to adopt a standardized waiver request form and establish any procedures for processing waiver requests in compliance with this section.

➔Section 16. KRS 157.360 is amended to read as follows:

- (1)
 - (a) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.
 - (b) When determining the biennial appropriations for the program, the average daily attendance for each fiscal year shall include an estimate of the number of students graduating early under the provisions of KRS 158.142.
- (2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year, except a district shall receive an amount equal to one-half (1/2) of the state portion of the average statewide per pupil guaranteed base funding level for each student who graduated early under the provisions of KRS 158.142. Each district's base funding level shall be adjusted by the following factors:
 - (a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay for:
 1. Alternative programs for students who are at risk of dropping out of school before achieving a diploma; and
 2. A hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;
 - (b) The number and types of exceptional children in the district as defined by KRS 157.200. Specific weights for each category of exceptionality shall be used in the calculation of the add-on factor for exceptional children; and
 - (c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which ensures that no public school funds are used for the transportation of nonpublic students.
- (3) Beginning with the 2015-2016 school year and each year thereafter, the General Assembly shall annually allocate funds equal to one-half (1/2) of the state portion of the average statewide per pupil guaranteed base funding level for each student who graduated early under the provisions of KRS 158.142 the previous school year to the Kentucky Higher Education Assistance Authority for deposit in the early graduation scholarship trust fund.
- (4) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year.
- (5)

Except as provided in subsection (6) of this section, the maximum number of pupils enrolled in a class shall be as follows:
 1. Twenty-four (24) in primary grades (kindergarten through third grade);
 2. Twenty-eight (28) in grade four (4);
 3. Twenty-nine (29) in grades five (5) and six (6);
 4. Thirty-one (31) in grades seven (7) to twelve (12).

1. Classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day; and
 2. Virtual program teachers shall not exceed the equivalent of three hundred (300) pupil hours per day.
- (c) The commissioner of education, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request **a temporary**~~an~~ exemption from the Kentucky **Department**~~Board~~ of Education when unusual circumstances warrant an increased class size for an individual class. A request for **a temporary**~~an~~ exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. ***The Kentucky Board of Education shall review all temporary exemptions within forty-five (45) business days, and shall revoke the temporary exemption or approve an exemption for the remainder of the school year.*** A district shall not receive~~in~~ any **temporary or state board-approved**~~one (1) year~~ exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).
- (d) In all schools the commissioner of education shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent **or school-based decision making council** may request an exemption pursuant to paragraph (c) of this subsection.~~[A local school council may request a waiver relating to maximum class size pursuant to KRS 156.161 in the same manner as a local board of education.]~~ An exemption~~or waiver~~ shall not be granted if the increased class size will impede any exceptional child from achieving his or her individual education program in the least restrictive environment.
- (6) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.
- (7) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the commissioner of education.
- (8) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. - (9) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.
- (10) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

- (11) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the commissioner of education a completed report of summer tasks for each vocational agriculture teacher. Any adjustments in the allotments approved under this subsection shall be proportional to the remaining days in the school year and subject to available funds under the program to support education excellence in Kentucky.
- (17) To calculate the state portion of the program to support education excellence in Kentucky for a school district, the Department of Education shall subtract the local effort required under KRS 157.390(5) from the calculated base funding under the program to support education excellence in Kentucky, as required by this section. The value of the real estate used in this calculation shall be the lesser of the current year assessment or the prior year assessment increased by four percent (4%) plus the value of current year new property.
