401 KAR 47:025. Permit review and determination timetables.

RELATES TO: KRS 224.01, 224.10, 224.40, 224.50
STATUTORY AUTHORITY: KRS 224.10-220
NECESSITY, FUNCTION, AND CONFORMITY: KRS Chapter 224 requires the cabinet to adopt administrative regulations for the management, processing, and disposal of solid wastes. KRS 224.40-305 requires persons who establish, construct, operate, maintain or permit the use of a waste site or facility to obtain a permit. This chapter establishes standards applicable to all solid waste sites or facilities. KRS 224.10-220 requires the cabinet to establish timetables for the review and determination of permit applications and registrations. This administrative regulation sets forth timetables for the review and determination of solid waste permit applications and registrations.

Section 1. Submittal of Permit Applications and Registrations. (1) The official date of receipt for documents associated with a solid waste permit application or registration shall be the date the document is stamped received by the Division of Waste Management.

(2) The applicant or registrant shall have the burden of establishing that the application or registration is in compliance with all requirements of KRS Chapter 224 and 401 KAR Chapters 30, 47, and 48.

Section 2. Administrative Completeness Determination. (1) No application or registration shall be reviewed until the cabinet has determined that the application or registration is administratively complete. A determination by the cabinet that an application or registration is administratively complete means that the application or registration contains the major elements required by KRS Chapter 224 and 401 KAR Chapters 30, 47, and 48 that are necessary to allow meaningful review by the cabinet. An application or registration shall not be deemed administratively complete if one (1) or more major components are found to be absent from the application or registration, which, by virtue of their absence, would require that the permit be denied. A determination that an application or registration is administratively complete shall not mean that the application is complete in every detail, nor shall it mean that any aspect of the application is technically sufficient or approvable.

(2) Within forty-five (45) calendar days of receipt of the application or registration the cabinet shall provide written notice to the applicant or registrant as to the administrative completeness of the application or registration.

(a) If the application or registration is determined to be administratively complete, the cabinet shall notify the applicant or registrant in writing that the review and determination period provided by Section 3 of this administrative regulation has commenced.

(b) If the application or registration is determined to be incomplete, the cabinet shall notify the applicant or registrant of the deficiencies that render it administratively incomplete. The applicant or registrant shall have thirty (30) calendar days from mailing or hand delivery of the cabinet's notice of deficiency to correct the deficiencies and render the application or registration administratively complete, unless a longer time period is approved by the cabinet.

(c) The cabinet shall have thirty (30) calendar days from receipt of the applicant's or registrant's submittal of a complete response to a notice of deficiency to determine if the application or registration is administratively complete.

1. If the applicant or registrant renders the application or registration administratively complete within the specified timetable, the cabinet shall notify the applicant or registrant in writing that the review and determination period provided by Section 3 of this administrative regulation has commenced.

2. If the cabinet determines that the application or registration is not administratively complete at
the end of the period specified in this subsection, the cabinet shall make a written determination to
deny the permit with the stated reason that the application or registration, in its current form, fails to
comply with the requirement to submit a complete application. This action shall not preclude the
submission of a new application or registration for the same site or facility in the future. Submission
of a new application or registration shall be considered as if not previously submitted for the purpose
of fees and review timetables.

Section 3. Timetables for Permit or Registration Review and Determination. (1) All administratively
complete permit applications and registrations shall be reviewed and a determination made to is-
sue, acknowledge, or deny the permit within the following timetables:
   (a) Application to Construct a New Solid Waste Disposal Facility or to Horizontally Expand an Ex-
   isting Solid Waste Disposal Facility: the timetable is specified in KRS 224.40-310(10).
   (b) Research, Development, and Demonstration Permit: 180 calendar days.
   (c) Permit modifications: 180 calendar days.
   (d) Closure Permit: 180 calendar days.
   (e) Permit transfer: 180 calendar days.
   (f) Permit renewal: 180 calendar days.
   (g) Registered Permit-by-rule: ninety (90) calendar days.
   (h) Any other permit action not specifically set forth in this section: ninety (90) calendar days.
(2) The timetables specified in subsection (1) of this section may be e-
xtended at the initiative of
either the cabinet or the applicant or regi-
strant. The purpose and period of the extension shall be in
writing and, if agreed to, shall be signed by both the cabinet and the applicant or registrant. The
agreement to extend the timetable shall become part of the cabinet's permit or registration file.

Section 4. Timetable Exclusions. The time periods specified in Section 3 of this administrative
regulation shall not run during the following intervals:
   (1) From the date the cabi-
   net mails or hand delivers a notice of deficiency until the date the Divi-
   sion of Waste Management stamps as received a complete response to the deficiencies. If a notice
   of deficiency is sent to an applicant or registrant, the applicant or registrant shall
   have 180 calendar
days to respond to the notice of deficiency. Failure to respond to a notice of deficiency within 180
calendar days shall be grounds for denial of the permit;
   (2) Sixty (60) days from the date of any public hearing on the application or registration to allow
   the cabinet time to consider public comments; and
   (3) From the date a permit application or registration is subject to any adjudicatory process that
   prevents the cabinet from making a determination to the date all administrative or judicial hearings
   are final and all parties are in compliance with all final orders resulting from those hearings.

Section 5. Timetable Extensions. If two (2) or more permits for a facility, site, source, construction
project, or other entity are required from the cabinet, the cabinet may coordinate the issuance of the
permits, establishing different review and action times that shall be accomplished by the cabinet or
applicant. If the permits are coordinated, the cabinet shall so notify the applicant and
indicate the
   time frames under which the intermediate actions and final permit actions shall be accomplished.
The established time frame for final action shall not exceed the last date for action that is provided
for under applicable statutes and administrative regulations, based on all applications being consid-
ered and their filing dates.

Section 6. Applicability Dates. (1) The provisions of this administrative regulation shall apply to
applications and registrations received after the effective date of this administrative regulation.
(2)(a) The provisions of this administrative regulation shall not apply to applications and registra-
tions pending on the effective date of this administrative regulation unless, within ninety (90) days of
the effective date of this administrative regulation, the applicant or registrant submits written notifica-
tion to the cabinet that the applicant or registrant desires to have the application or registration sub-
ject to this administrative regulation.

(b) If the applicant or registrant fails to notify the cabinet in accordance with paragraph (a) of this
subsection, the application or registration shall not be subject to the provisions of this administrative
regulation.

(c) Applications and registrations for which the cabinet has mailed or hand delivered a notice of
deficiency prior to the cabinet's receipt of the letter provided for in paragraph (a) of this subsection
shall not be subject to the provisions of Section 2 of this administrative regulation. All other provi-
sions of this administrative regulation shall apply beginning on the date the cabinet receives the no-
tice provided for in paragraph (a) of this subsection.

Section 7. Relationship to KRS 224.40-310(10). Applications processed under KRS 224.40-
310(10) shall be subject to the provisions of Sections 1 and 4(1) of this administrative regulation.
The other provisions of this administrative regulation shall not apply to applications processed under
KRS 224.40-310(10). (19 Ky.R. 1952; 2254; 2405; eff. 4-28-1993; Crt eff. 10-9-2018.)
