NECESSITY, FUNCTION, and CONFORMITY: KRS 138.463(9) requires the fair market rental or lease value of a motor vehicle to be based on standards established by an administrative regulation promulgated by the Transportation Cabinet. This administrative regulation establishes the standards for use in determining the minimum amount of usage tax to be reported and paid on a rental or lease vehicle.

Section 1. Definitions. (1) "Lease" is defined by KRS 138.462(3).

(2) "Rental" is defined by KRS 138.462(2).

Section 2. Fair Market Value Rental Amount of a Permit Holder. (1) If a U-drive-it permit holder is regularly engaged in the business of renting motor vehicles to retail customers, the Transportation Cabinet Division of Road Fund Audits shall audit the records of the permit holder to determine an average rental amount that establishes the fair market value rental amount for the permit holder.

(2) The fair market value rental amount shall be used to assess the usage tax assessed pursuant to KRS 138.463 on an individual transaction of a U-drive-it permit holder regularly engaged in the business of renting vehicles to retail customers if:

(a) The transaction is for less than the fair market value of the rental of the motor vehicle; or

Section 3. Fair Market Value Established by Cabinet as Rental Amount.

(b) The value for a specific vehicle classification shall be the fair market value established by the cabinet as the rental amount for a specific vehicle classification.

(2) The industry average fair market value established by the cabinet as the rental amount for a specific vehicle classification shall be used to assess the tax assessed by KRS 138.463 for the following:

(a) A transaction by a permit holder who is not regularly engaged in the business of renting vehicles to retail customers; or

(b) A vehicle used by a permit holder regularly engaged in the business of renting vehicles to retail customers who are not correctly reporting the U-drive-it usage tax on a monthly tax return.

Section 4. Fair Market Value Lease Amount. (2) The fair market value lease amount shall be used to assess the U-drive-it usage tax required by KRS 138.463 on an individual transaction of a U-drive-it permit holder regularly engaged in the business of leasing vehicles to retail customers if:

- (a) The transaction is for less than the fair market value of the lease of the motor vehicle; or
- (b) The records required to be maintained by 601 KAR 1:147, Section 2(2), are missing or incomplete.

Section 5. Fair Market Value Transportation Cabinet Established Lease Amount. (1)(a) The Transportation Cabinet Division of Road Fund Audits shall survey the executed lease agreements of randomly selected U-drive-it permit holders regularly engaged in the business of leasing vehicles to retail customers to determine the industry average dollar lease amount per \$1,000 value of the manufacturer's suggested retail price of a vehicle.

(b) The value established as the industry average dollar lease amount per \$1,000 of the manufacturer's suggested retail price shall be the fair market value Transportation Cabinet established lease amount per \$1,000 of the manufacturer's suggested retail price.

(2) The usage tax assessed pursuant to KRS 138.463 for a lease vehicle of a permit holder not regularly engaged in the business of leasing vehicles to retail customers shall be the greater of the following:
