

STATEMENT OF EMERGENCY
702 KAR 3:270E

Pursuant to KRS 13A.190(1)(a) and KRS 39A.180, the promulgation of this emergency regulation is necessary to meet an imminent threat to public health, safety, or welfare; to protect human health; and to prevent loss of state funds. On March 6, 2020, Governor Andy Beshear signed Executive Order 2020-215 declaring a State of Emergency created by the Novel Coronavirus (COVID-19). In response to this emergency situation, all school districts closed schools to in-person classes beginning the week of March 16, 2020. On March 18, 2020, Governor Beshear entered Executive Order (EO) 2020-243 which encouraged all Kentucky citizens take feasible measures to engage in appropriate social distancing as recommended by the Centers for Disease Control and Prevention (CDC) and Kentucky Department of Public Health. Further, EO 2020-243 ordered the Kentucky Department of Education (KDE) to take steps to ensure appropriate social distancing, including permitting educational requirements to be satisfied through online courses, to the extent practicable. EO 2020-243 suspended statutes requiring physical presence of participants in meetings or interactions. Kentucky public schools remained closed to in-person classes for the remainder of the 2019-20 school year to prevent the spread of COVID-19. This emergency administrative regulation is being filed to allow school districts the ability to provide and to receive funding for a variety of instructional delivery models to meet the needs of their students and communities in light of continued COVID-19 risks and necessary prevention measures. These models include traditional in-person instructional days, periods of complete virtual learning through Non-Traditional Instruction (NTI), and days of blended in-person and NTI delivery. This emergency regulation is temporary in nature and will expire as provided for in 13A.190. An ordinary administrative regulation would not timely address the need for school districts to plan for and deliver instruction for the 2020-21 school year. The agency may, to the extent necessary, file another emergency regulation upon expiration.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Todd G. Allen

(1) Provide a brief summary of:

(a) What this administrative regulation does: For school year 2020-21, this emergency amendment requires the Kentucky Department of Education to use the school district attendance data selected by the district pursuant to Senate Bill (SB) 177 (2020) to calculate the average daily attendance used in calculating Support Education Excellence in Kentucky (SEEK) funding as well as for any other state funding based in whole or in part on average daily attendance for the district.

(b) The necessity of this administrative regulation: This emergency amendment is necessary to prevent the loss of substantial state funding traditionally based on average daily attendance (ADA) so that districts may utilize a variety of instructional delivery models that allow for social distancing and remote learning as may be required in response to the COVID-19 public health emergency for the 2020-21 school year.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 156.035 and 156.070 set forth the Kentucky Board of Education's plenary powers over the management and control of local school districts and disbursement of state appropriations. KRS 156.160(1)(j) requires the Kentucky Board of Education to promulgate administrative regulations for the preparation of budgets and salary schedules for the school districts under its management and control. Sess. Ky. Acts ch. 92, Part 1,C,1(2) and (4) that allot funding using ADA; and KRS 157.370(3) were suspended for the 2020-21 school year for SEEK funding that will occur during the 2021-22 school year.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration

of the statutes by providing guidelines for the calculations to distribute SEEK funds to school districts. To prevent the loss of substantial state funding traditionally based on average daily attendance (ADA) so that districts may utilize a variety of instructional delivery models in response to COVID-19, and pursuant to the authority set forth in Governor's Executive Order 2020-243, KRS 157.360(2), (9)-(11), (13)(a), and (16), and applicable corresponding provisions of 2020 Reg. (2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: For the 2020-21 school year, the emergency amendment requires the Kentucky Department of Education (KDE) to use the student attendance data the district chose pursuant to SB 177 (2020). This is in lieu of the funding formula set forth in the existing regulation. The data the district chose pursuant to SB 177 (2020) shall be used to calculate the average daily attendance for SEEK funding purposes as well as for any other state funding based in whole or in part on average daily attendance for the district.

(b) The necessity of the amendment to this administrative regulation: This emergency amendment is necessary to prevent the loss of substantial state funding traditionally based on average daily attendance (ADA) so that districts may utilize a variety of instructional delivery models that allow for social distancing and remote learning as may be required in response to the COVID-19 public health emergency for the 2020-21 school year.

(c) How the amendment conforms to the content of the authorizing statutes: KRS 156.035 and 156.070 set forth the Kentucky Board of Education's plenary powers over the management and control of local school districts and disbursement of state appropriations. KRS 156.160(1)(j) requires the Kentucky Board of Education to promulgate administrative regulations for the preparation of budgets and salary schedules for the school districts under its management and control. This administrative regulation is necessary to provide guidelines for the calculations to distribute the funds to school districts through the program to Support Education Excellence in Kentucky (SEEK). Sess. Ky. Acts ch. 92, Part 1,C,1(2) and (4) that allot funding using ADA; and KRS 157.370(3) were suspended for the 2020-21 school year for SEEK funding that will occur during the 2021-22 school year.

(d) How the amendment will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the statutes by providing guidelines for the calculations to distribute SEEK funds to school districts. To prevent the loss of substantial state funding traditionally based on average daily attendance (ADA) so that districts may utilize a variety of instructional delivery models in response to COVID-19, and pursuant to the authority set forth in Governor's Executive Order 2020-243, KRS 157.360(2), (9)-(11), (13)(a), and (16), and applicable corresponding provisions of 2020 Reg. Sess. Ky. Acts ch. 92, Part 1,C,1(2) and (4) that allot funding using ADA; and KRS 157.370(3) were suspended for the 2020-21 school year for SEEK funding that will occur during the 2021-22 school year.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The Kentucky Department of Education and local school districts.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: For the 2020-21 school year, the emergency amendment requires the Kentucky Department of Education (KDE) to use the student attendance data the district chose pursuant to SB 177 (2020). This is in lieu of the funding formula set forth in the existing regulation. The data the district chose pursuant to SB 177 (2020) shall be used to calculate the average daily attendance for SEEK funding purposes as well as for any other state funding based in whole or in part on average daily attendance for the district. The amendment requires the use of certain current year data for early graduation, property assessments per 160.470(5), district tax rates levied, equivalent tax rates based on tax levies, exceptional and LEP student counts, and state equalization

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There are no expected new costs related to the amendment.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Districts will have the flexibility to respond to the ongoing pandemic through the use of in-person, nontraditional (NTI) and hybrid instructional models without the risk of substantial loss of state funding. Because the NTI model makes traditional attendance recording impracticable, this administrative regulation requires KDE to use the same attendance data that the district chose pursuant to SB 177 (2020). This will allow the district to budget and plan for the 2021-22 school year.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: There are no expected additional costs in implementing the emergency amendment.

(b) On a continuing basis: There are no expected on-going costs related to the emergency amendment. This is a temporary emergency amendment necessary only to respond to the current pandemic for the 2020-21 school year.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: KDE General Funds

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change, if it is an amendment: No new fees or funding are necessary to implement the administrative regulation.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: There are no direct or indirect fees.

(9) TIERING: Is tiering applied? Tiering was not applied. This administrative regulation applies uniformly to all school districts.
