RELATES TO: KRS 238.505, 238.545  
STATUTORY AUTHORITY: KRS 238.515, 238.545  
NECESSITY, FUNCTION, AND CONFORMITY: KRS 238.515 authorizes the Department of Charitable Gaming to establish and enforce reasonable standards for the conduct of charitable gaming. KRS 238.545 requires the department to establish standards for pulltab construction, distribution, electronic pulltabs, and rules of play. This administrative regulation establishes those standards.

Section 1. Definitions. These definitions shall apply to all administrative regulations relating to pulltabs or electronic pulltabs.

(1) "Bonus round" means a single, new screen, apart from ordinary gameplay, that incrementally reveals the results of a single electronic pulltab ticket either by simulating the opening of additional tickets or simulating a prize board from which a player may pick symbols or icons.

(2) "Cumulative pulltab game" means a pulltab game consisting of multiple pulltab deals or game sets that is designed by the manufacturer so that a portion of each deal's predetermined payout is designated to a prize pool board.

(3) "Deal" means each separate game or series of pulltabs that have the same serial number and that may be composed of multiple packages.

(4) "Electronic pulltab system" means:
   (a) A central computer system, which may be an optional site system;
   (b) Electronic pulltab devices;
   (c) Point of sale stations;
   (d) Secondary components; and
   (e) Proprietary software that contains reporting and control functions whereby the central computer system communicates with the electronic pulltab devices for the purpose of distributing a finite number of electronic pulltabs, a certain number of which, if randomly selected, entitle a player to prize awards at various levels.

(5) "Event game" means a type of pulltab game, with or without a seal card, that is designed by the manufacturer so that certain prizes are determined by:
   (a) The draw of a bingo ball; or
   (b) A method of randomly selecting numbers or symbols that correspond to the numbers or symbols printed on a paper or electronic pulltab.

(6) "Fixed-base electronic pulltab device" means a single personal computing device that has been loaded with proprietary software by a licensed manufacturer to enable it to function as an electronic pulltab device.

(7) "Flare" means the paper included with a deal of paper pulltabs, or the electronic representation of a paper flare included with a game set of electronic pulltabs, that identifies the game, the rules of the game, the payout structure, and other information required by these regulations.

(8) "Form number" means a manufacturer’s alphanumeric number that identifies a pulltab payout structure.

(9) "Game set" means the entire deal of finite electronic pulltabs that contains predefined and randomized game results assigned under a unique serial number.

(10) "Game subset" means a division of a game set into equal sizes following randomization, with each game subset also identified by a unique serial number.

(11) "Hand-held electronic pulltab device" means a single tablet or hand-held computer, other than a mobile phone or similar hand-held device that is either manufactured or custom-
ized by the manufacturer to operate as an electronic pulltab device.

(12) "Jackpot prize in a progressive pulltab game" or "progressive jackpot prize" means a prize in addition to the instant or seal card prizes that is carried over from deal to deal, or game set to game set, until it is won.

(13) "Jar ticket" means a type of pulltab game ticket that is folded, glued, or stapled.

(14) "Last sale" means a pulltab game designed by the manufacturer in which a prize is awarded to the person who bought the last pulltab or electronic pulltab in a deal or game set.

(15) "Multipackaged pulltab deal" means a pulltab game consisting of a single deal or game set of not more than 25,000 tickets that is packed or electronically grouped in subsets and in which each subset contributes to a prize pool with or without a prize board.

(16) "Progressive pulltab game" or "carryover pulltab game" means a pulltab game consisting of one (1) or more deals or game sets designed by the manufacturer so that a portion of the deal's predetermined prize payout is designated to a progressive jackpot and the jackpot value may accumulate from one (1) deal to the next deal until won.

(17) "Pulltab" means a charity game ticket as defined by KRS 238.505(5).

Section 2. Conformity of Paper Pulltabs. (1) A licensed distributor of charitable gaming supplies and equipment shall distribute in Kentucky only those paper pulltabs conforming to the requirements of this administrative regulation.

(2) A licensed charitable organization shall sell to the public only those paper pulltabs conforming to the requirements of this administrative regulation.

Section 3. Paper Pulltab Construction Standards. (1) Pulltabs shall be constructed so that the concealed numbers, symbols, or winner protection features cannot be viewed or determined from the outside of the pulltab using a high intensity lamp of up to and including 500 watts, with or without utilizing a focusing lens.

(2) The deal shall be designed, printed, glued, cut, and assembled in a manner to prevent determination of a winning or losing ticket without removing the tabs or otherwise uncovering the symbols or numbers as intended.

(3) Each pulltab in a deal shall bear the same serial number. If a seal card is used with a pulltab deal, the seal card shall bear the same serial number as each pulltab. Only one (1) serial number shall be used in a deal. A serial number used in a deal of pulltabs shall not be repeated by the same manufacturer on that same manufacturer’s form number within a three (3) year period.

(4) If the pulltab utilizes a window, the numbers or symbols on the pulltab shall be fully visible in the window and shall be placed so that no part of a symbol or number remains covered when the tab is removed. Displacement of the symbol to the left or right in a window may be used for increased game security. Additional security devices or methods, including a laminate underneath a window, may be used by a manufacturer.

(5) It shall not be possible to distinguish winning pulltabs from losing pulltabs through variations in printing graphics or colors, including those involving different printing plates.

(6) All winning pulltabs shall have at least one (1) winner protection feature. In addition, all winning pulltabs that entitle a player to an instant prize of greater than twenty (20) dollars shall include an additional form of winner protection. Numeral jar tickets with colored winning numerals shall not be required to have secondary winner protection.

(7) All pulltabs shall be glued on the window edges and between each window. The glue shall be of sufficient strength and type to prevent the separation or delamination of the pulltab. For banded tickets, the glue shall be of sufficient strength and quality to prevent the separation of the band from the ticket.
(8) The window slits on each break-open ticket shall be perforated on at least three cut sides. The ties shall be of a sufficient thickness or strength to prevent unauthorized peering under the windows and so that unauthorized peering under the windows can be detected. It shall not be possible to isolate winning or potential winning tickets from variations to the size or the appearance of a cut edge of the pulltab comprising a particular game.

(9) Except as provided in subsections (10) and (11) of this section, the minimum information that shall be printed on an unopened pulltab with an overall area of two and five-tenths (2.5) square inches or more shall be:
   (a) The name of the manufacturer, or its distinctive logo;
   (b) The name of the game;
   (c) The manufacturer's form number;
   (d) The price per individual pulltab;
   (e) The unique minimum five (5) digit game serial number, printed on the game information side of the pulltab; and

(11) A pulltab with an overall area of less than one and six-tenths (1.6) square inches unopened shall:
   (a) Have printed on it, at a minimum, the information listed in subsection (9)(a) and (e) of this section; and
   (b) Not be required to have the information listed in subsection (9)(b), (c), (d), or (f) of this section.

Section 4. Randomization of Paper Pulltabs. Winning paper pulltabs shall be distributed and mixed among all other pulltabs in a deal to eliminate any pattern between deals, or portions of deals. The pulltab deal shall be assembled so that the winning pulltabs cannot be distinguished. Winning tickets shall be randomly distributed throughout the deal. Banded tickets packaged in bags, rather than boxes, shall be subject to these requirements.

Section 5. Packaging and Distribution of Paper Pulltabs. (1)(a) Each paper pulltab deal's package, box, or other container shall be sealed or taped at every entry point at the manufacturer's factory with a tamper resistant seal or tape.
   (b) The seal or tape shall be visible under the shrink-wrap or from outside the container and shall be constructed to guarantee that, if the container is opened or otherwise tampered with, evidence of the opening or tampering will be easily detected.
   (c) The seal or tape shall include a warning to the purchaser that the deal may have been tampered with if the package, box, or other container is received by the purchaser with the seal or tape broken.
   (d) If the deal is packaged in a plastic bag, the entry point shall be completely sealed by the application of heat or adhesive. The warning may be imprinted in the plastic.

(2) A deal's serial number shall be clearly and legibly placed on:
   (a) The outside of the deal's package, box, or other container; or
   (b) The inside of the deal's package, box, or other container if it is clearly visible from the outside of the package, box, or other container.
(3) Manufacturers shall print on or affix to the outside of the package or container of pulltabs or include inside the package or container, in bold print of sufficient size to be easily read, a message that states substantially the following: "tickets must be removed from this packaging container and thoroughly mixed prior to sale to the public."

(4) Manufacturers shall include with every deal of pulltabs a bar code label that contains at a minimum the name of the manufacturer or its distinctive logo, the game form number, and the game serial number. The bar code label shall be visible from the outside of the package, box, or other container.

Section 6. Flares and Seal Cards for Paper Pulltabs. (1) Every deal of pulltabs shall contain a flare or a seal card. The manufacturer shall print directly on the paper flare or seal card the following information:
(a) The name of the game;
(b) The manufacturer's name or logo;
(c) The manufacturer's form number;
(d) The game serial number;
(e) The ticket count;
(f) The prize structure, including a description of the number of winning pulltabs by denomination, with their respective winning symbols or number combinations, and amounts dedicated to the prize pool in a seal card game with a cumulative prize, or a carryover or progressive prize; and
(g) The cost per play.
(2) Every deal of pulltabs shall contain instructions on how to play the game.

Section 7. Cumulative Games and Carryover or Progressive Games. (1) The rules for cumulative games, carryover, or progressive games shall apply to both paper and electronic pulltabs.
(2) The amount dedicated to a cumulative prize pool or a carryover or progressive jackpot shall be predetermined by the manufacturer and built into the payout structure for the game.
(a) For paper pulltabs, the dedicated amount shall be printed by the manufacturer on either the flare or seal card for each game or on each ticket in each game.
(b) For electronic pulltab games, the dedicated amount shall be included by the manufacturer on the flare or seal card for each game.
(3) All games contributing to the cumulative prize pool or the carryover or progressive jackpot shall be of the same form number.
(4) The paper or electronic flare or seal card for the carryover or progressive jackpot shall contain an area in which the current amount of the carryover or progressive jackpot can be posted.
(5) If a carryover or progressive pulltab game uses a progressive jackpot prize card that is separate from the jackpot seal, the jackpot card shall contain prize space for the organization to record the serial numbers of all games contributing to the jackpot prize.
(6) If a carryover or progressive pulltab game uses a jackpot prize card that is separate from the jackpot seal card, each deal of the game shall possess both a seal card and a jackpot prize card that has the serial number of the deal affixed to it by the manufacturer.
(7) In a carryover or progressive pulltab game, the organization shall either start a new jackpot card with each deal or use the original jackpot card until won. The organization shall maintain each jackpot card used.
(8) A progressive pulltab game shall not be designed by the manufacturer to give any player initial odds greater than a fifty (50) percent chance to win the progressive jackpot.
(9) If a paper pulltab game contributes to a progressive raffle jackpot, a licensed charitable organization shall not sell a similar version of that paper pulltab game unless it also contributes to a progressive raffle jackpot. All paper pulltab game tickets that contribute to a progressive raffle jackpot shall be sold for cash and shall not be used as a merchandise prize for any bingo, pulltab, or door prizes.

Section 8. Event Games. (1) The rules for event games shall apply to both paper and electronic pulltabs.

(2) An event game shall not contain a "last sale" feature.

(3) The number of winners and the prize amounts shall be built into the payout structure for the game by the manufacturer.

(4) An event ticket prize shall not exceed the individual ticket prize limit for a pulltab game.

(5) The prize for an event pulltab game shall not be considered a bingo prize.

Section 9. Multipackaged Pulltab Deals. (1) The rules for multipackaged pulltab deals shall apply to both paper and electronic pulltabs. Every package shall be played for the deal to show the stated profit.

(2) Each package may contain individual winners if desired. If each package contains a winner, the game shall contain a method of verifying from which package the winner was sold.

Section 10. Tracking by Manufacturer. Every manufacturer of paper pulltabs shall maintain records sufficient to track each deal of paper pulltabs, by serial number and form number, from the manufacturer to the next point of sale for thirty-six (36) months. The records shall be subject to inspection by department staff.

Section 11. Tracking by Distributor. (1) Every distributor of paper and electronic pulltabs shall maintain records sufficient to track each deal of paper pulltabs, by serial number and form number, from purchase by the distributor to the next point of sale for thirty-six (36) months. The records shall be subject to inspection by department staff.

(2) For sales in the Commonwealth of Kentucky or to residents of Kentucky, the records required under this section shall be sufficient if the distributor records the name of the purchaser and makes and retains a copy of the Kentucky charitable gaming license or exemption number of the purchaser at the next point of sale.

Section 12. Requirements of Distributor Invoice. (1) Distributors selling paper pulltabs to charitable organizations or other distributors shall provide the charitable organization or other distributor with an invoice that contains, at a minimum, the following information:

Section 13. Defects. (1) If a defect in packaging or construction of a paper pulltab is discovered by an organization, the defect shall be reported to the distributor within fifteen (15) days. The distributor shall correct the defect or replace the defective items within a reasonable time, or, if the product cannot be replaced or the defect corrected, the distributor shall provide a refund to the organization.

(2) If the department, in consultation with the manufacturer, determines that a defect actually exists, and the defect affects game security or otherwise threatens public confidence in the game, the department shall, with respect to paper pulltabs for use in Kentucky, require the manufacturer to:

(a) Recall the affected pulltabs that have not been sold at retail to licensed organizations; or
(b) Issue a total recall of all affected deals.

(3) In choosing and directing a particular recall in accordance with subsection (2) of this section, the department shall be guided in each circumstance by any combination of the following factors:

(11) A charitable organization shall award prizes to winners of pulltabs only in accordance with the prize structure indicated on the flare or seal card accompanying the deal or game set of tickets as designed by the manufacturer. If multiple prize structures are indicated on the flare or seal card, the charitable organization shall announce to the patrons and circle on the paper flare or seal card the prize structure to be awarded before placing the deal or game set into play.

(12) A holder of a winning pulltab shall have fifteen (15) days to redeem the winning ticket. If the prize is not claimed within fifteen (15) days, the prize shall be considered unclaimed and be retained as property of the organization.

(13) Once redeemed, the holder of a winning pulltab shall be paid no later than five (5) days from the date of redemption.

(14) All winning paper pulltabs shall have the winning symbol or number defaced or
punched by an authorized representative of the charitable organization immediately after redemption.

(15)(a) The charitable organization shall retain, in paper or electronic form, for a period of twelve (12) months, to allow auditing by the staff of the department:

5. All unsold pulltabs.

(b) These records may be maintained at the gaming location.

(16) The fair market value of bingo paper, a card-minding device, pulltab, or electronic pulltab device given away as a merchandise prize shall be the price that a patron would have paid for the same bingo paper, card-minding device, pulltab, or electronic pulltab device at that charitable gaming session.

(17)(a) If bingo paper is awarded as a merchandise prize, whether as a door prize or game prize, the patron shall be given a voucher.

2. The date on which it was awarded;
3. The date on which it was redeemed; and
4. The number of card-minding devices and the number of faces loaded on each device, or the number of electronic pulltab devices and credits loaded on each device, if any, given in exchange for the voucher.

(c) Once the voucher is completed, it shall be redeemed for the card-minding device or electronic pulltab device. No more than one (1) card-minding device or one (1) electronic pulltab device may be redeemed per player per charitable gaming session.

(d) The organization shall retain the voucher with its charitable gaming session records.

(e) There shall be a specific button on the point of sale programmed for each type of voucher involving a card-minding device and electronic pulltab device.

   1. All tickets from a deal or game set have been sold;
   2. All the winning tickets from a deal or game set have been sold;
   3. All the lines on the sign-up card have been filled;
   4. The deal or game set has been closed because no future date is anticipated; or
   5. Instructed to by the game as designed by the manufacturer.

(b) Each winning combination, the name of the game, and the serial number of the deal or game set shall be announced and posted at the location of the game.

Section 23. Seal Card Games with Carry Over or Progressive Prizes. (1) The prize pool for a progressive pulltab game shall be established only through the play of deals or game sets of the same game that bear a manufacturer's form number identical to the form number of any previously-played deals or game sets contributing to the prize pool.

(2) Before placing a paper deal into play, the charitable organization shall verify that the serial number on the pulltabs within each deal match the serial number on the flare or seal card accompanying the deal by conducting a random sampling of pulltabs within each deal. The serial number on the tickets shall not be required to match the serial number on the progressive pulltab jackpot card if the deal is the second or subsequent deal played in the progressive game and one (1) progressive jackpot card is used for more than one (1) deal.

(3) After a progressive pulltab game has been started, it shall remain in play continuously until the progressive jackpot prize is awarded. If the game is begun at a bingo session, it shall be offered at each succeeding bingo session of the licensee. If the game is begun at the office location, it shall be offered on each succeeding day its office is open. If an organization stops conducting charitable gaming or wishes to stop playing a progressive pulltab game, the organization shall, with prior approval from the department, transfer the current jackpot to another progressive game or determine a method to award the progressive jackpot to the players. With prior approval from the department, an organization may alter the suggested rules of the manufacturer to determine a winner.

(4) The seal card for each deal or game set in a progressive game shall show, in addition to all other information required for flares and seal cards, the amount dedicated to the progressive jackpot prize pool.

(15) The jackpot prize pool in a progressive game shall be considered an adjusted gross receipt that shall be deposited within two (2) business days of the charitable gaming session.

Section 24. Seal Card Games with Cumulative Prizes. (1) The prize pool for a cumulative pulltab game shall be established only through the play of deals or game sets of the same game that bear a manufacturer's form number identical to the form number of any previously played deals or game sets contributing to the prize pool, unless the department permits otherwise pursuant to subsection (3) of this section.

(2) Before placing a paper deal into play, the charitable organization shall verify that the se-
rial number on the pulltabs within each deal matches the serial number on the flare, prize board, or seal card accompanying the deal by conducting a random sampling of pulltabs within each deal.

(3) After a cumulative pulltab game has been started, it shall remain in play continuously until the cumulative prize pool has been awarded. If that game is begun at a bingo session, it shall be offered at each succeeding bingo session of the licensee. If the game is begun at the office location, it shall be offered on each succeeding day their office is open. If an organization stops conducting charitable gaming or wishes to stop playing a cumulative pulltab game, the organization shall, with prior approval from the department, transfer the current jackpot to another cumulative game or determine a method to award the cumulative jackpot to the players. With prior approval from the department, an organization may alter the suggested rules of the manufacturer to determine a winner.

(4) Prizes shall be offered and awarded only in accord with the manufacturer’s predesignated prize structure for the game, unless the department permits otherwise pursuant to subsection (3) if this section.

(5) The seal card for each deal or game set in a cumulative pulltab game shall show, in addition to all other information required for flares and seal cards, the amount dedicated to the cumulative prize pool.

(6) Every seal card for each deal or game set that has been played or is being played in the course of a cumulative pulltab game, together with any prize board, shall be displayed at all times while the game is in play, until the cumulative prize pool is awarded.

(7) The serial numbers for each deal or game set contributing to a cumulative prize pool shall be recorded in the charitable gaming session records.

(8) An organization shall not award the cumulative prize pool unless the serial number and form number on the winning ticket matches the serial number and form number on a seal card from a deal or game set of tickets that contributed to the cumulative prize pool.

(9) A cumulative prize board shall not contain prizes totaling in excess of $2,400.

(10) A licensed charitable organization shall report to the department concerning its play of seal card games of cumulative games on the financial report.

Section 25. Electronic Pulltab System Construction Standards. (1) An electronic pulltab system’s central computer system shall be dedicated to electronic accounting, reporting, presentation, randomization, and transmission of electronic pulltabs to electronic pulltab devices. It shall also be capable of generating the data necessary to provide reports required by regulation or otherwise specified by the department.

(2) A player shall purchase or otherwise obtain access to an electronic pulltab device, and load money to a player account for purchase of electronic pulltabs during the current charitable gaming session, only from a point of sale station. The point of sale station may be stationary, mobile, or self-service.

(3) All equipment used to facilitate the distribution, play, or redemption of electronic pulltabs shall be physically located within the boundaries of the Commonwealth of Kentucky. Electronic pulltab devices, site system if used, point of sale stations, and all secondary components shall be located on the premises where the charitable gaming session is being held.

(4) A manufacturer, distributor, or charitable organization shall not add to an electronic pulltab system any software or program unless the software or program has been certified by an independent testing facility. If the department detects or discovers an electronic pulltab system at a playing location that is using a program or software that has not been certified by an independent testing facility, the electronic pulltab system shall be determined to have an unauthorized modification and use of the system shall cease immediately.
(5) Any element of the central computer system that holds or maintains game data, other than an electronic pulltab device or point of sale station, shall be kept in a locked and secure enclosure with limited access to designated personnel. The system shall provide a secure physical and electronic means for securing the games and game data against alteration, tampering, or unauthorized access.

(6) The central computer system shall include a central server located in the Commonwealth of Kentucky that is accessible to the department so the department has the ability to remotely verify the operation, compliance, and internal accounting systems of the electronic pulltab system at any time. The department shall have real time and complete read-only access to all data for all systems and devices.

(a) The manufacturer shall provide to the department all current protocols, passwords, and any other required information needed to access the electronic pulltab system prior to the operation of the system within Kentucky, and at all times while the system remains operational within Kentucky.

(b) The department shall be notified of any changes in the protocols, passwords, and any other required information needed to access the system at least three (3) days prior to the change.

(c) Any reports maintained or generated by the electronic pulltab system shall be capable of being downloaded or otherwise accessed via the internet by the department.

(7) A site system, if used, shall:

(a) Be located at the gaming premises;

(b) Be operated by the charitable organization;

(c) Interface with, connect with, control, or define the operational parameters of the electronic pulltab devices;

(d) Report and transmit the game results as prescribed by the department;

(e) Provide security and access levels sufficient so that the internal control objectives are met as prescribed by the department; and

(f) Contain a point of sale station.

(8) The site system, if used, may include the following components:

(a) Required printers;

(b) Proprietary executable software;

(c) Report generation software; and

(d) An accounting system or database.

(9) The electronic pulltab system shall provide password protection for each organization.

(10) An electronic pulltab system shall provide a means for terminating a game set if information about electronic pulltabs in an open game set has been accessed, or if the department determines there has been a breach of game security. Traceability of unauthorized access including time and date, users involved, and any other relevant information shall be available.

(11) An electronic pulltab system shall not permit the alteration of any accounting or significant event information. Significant events shall include power resets or failures, communication loss between an electronic pulltab device and the electronic pulltab system, any award in excess of the single-win limit for an electronic pulltab, or corruption of the electronic pulltab system memory or storage. If financial data is changed, an automated audit log shall be capable of being produced to document the following:

(a) Data element altered;

(b) Data element value prior to alteration;

(c) Data element value after alteration; and

(d) Time and date of alteration.

(12) An electronic pulltab system shall provide password security or other secure means of
ensuring data integrity and enforcing user permissions for all system components, including
the following:

(e) A program or report shall be available that lists all authorized users on the electronic
pulltab system including their privilege level.
(13) All components of an electronic pulltab system that allow access to users, other than
end-users for game play, shall have a password sign-on comprised of a personal identification
code and a personal password.
(14) Electronic pulltab system software components shall be verifiable by a secure means at
the system level. An electronic pulltab system shall have the ability to allow for an independent
integrity check of the components from an outside source and is required for all control pro-
grams that may affect the integrity of the electronic pulltab system. This shall be accomplished
by being authenticated by a third-party device, which may be embedded within the electronic
pulltab system software or having an interface or procedure for a third-party application to au-
thenticate the component. This integrity check shall provide a means for field verification of the
electronic pulltab system components.
(15) The electronic pulltab system shall have a medium for securely storing electronic
pulltab game sets that shall be mirrored in real time by a backup medium. The electronic
pulltab system shall also provide a means for storing duplicates of the game sets already
transmitted to the electronic pulltab devices so as to reflect, on an ongoing basis, changes in
the transmitted game sets as they occur.
(a) All storage shall be through an error checking, nonvolatile physical medium, or an equiv-
alent architectural implementation, so that if the primary storage medium fails, the functions of
the electronic pulltab system and the process of auditing those functions shall continue with no
critical data loss.
(b) The database shall be stored on redundant media so that a single failure of any portion
of the system shall not result in the loss or corruption of data.
(c) If there is a catastrophic failure when the electronic pulltab system cannot be restarted in
any other way, it shall be possible to reload the electronic pulltab system from the last viable
backup point and fully recover the contents of that backup, to consist of at least the following
information:
1. All significant events;
2. All accounting information; and
3. Auditing information, including all open game sets and the summary of completed game
sets.
(16) Connections between all components of the electronic pulltab system shall only be
through use of secure communication protocols that are designed to prevent unauthorized ac-
cess or tampering, employing Data Encryption Standards (DES) or equivalent encryption with
changeable seeds or algorithms.
(17) An electronic pulltab system's central computer system may be used to record the data
used to verify game play and to configure and perform security checks on electronic pulltab
devices, if the functions do not affect the security, integrity, or outcome of any game and meet
the requirements established in this administrative regulation regarding program storage de-
vices.

(18) An electronic pulltab system shall not display to the player, the licensed charitable organization, or the licensed distributor the number of electronic pulltabs that remain in a game set, or the number of winners or losers that have been drawn or still remain in the game set while the game set is still open for play. Once a game set has been closed, it shall not be able to be opened for play.

(19) The electronic pulltab system shall render unplayable the electronic pulltabs of a charitable organization once the organization logs out of the system at the end of the organization’s charitable gaming session and until the organization logs back onto the system at the start of the organization’s next scheduled charitable gaming session. If multiple organizations use the same electronic pulltab devices and electronic pulltab system, one (1) organization’s electronic pulltab games and data shall not be accessible or played by another organization.

(20) An electronic pulltab system may include player tracking software. Player tracking records shall at all times be the property of the charitable organization and neither the manufacturer nor the distributor shall utilize or make available to any person, other than the department or as otherwise authorized by law, the information contained within the player tracking software without the express permission of the charitable organization.

(21) One (1) or more electronic internal accounting systems shall be required to perform recordkeeping, reporting, and other functions in support of an electronic pulltab system. The electronic internal accounting system shall not interfere with the outcome of any gaming function.

(22) The electronic internal accounting system shall be capable of recording and retaining for a period of not less than three (3) years the following information:

(a) The name and license number of the organization utilizing an electronic pulltab system; and

(b) For each charitable gaming session:
  1. The date and time of each log-on and log-off of an organization;
  2. The total amount of all monetary transactions regarding electronic pulltabs and electronic pulltab devices at each charitable gaming session;
  3. The total number of electronic pulltab devices sold or provided at each charitable gaming session;
  4. The serial number of each hand-held electronic pulltab device sold or provided;

(e) The name of the charitable organization and license number; and

(f) The point of sale identification number or name.

(3) If the receipt printer malfunctions or printed receipts are not legible, manual receipts shall be issued that contain the same information required pursuant to subsection (2) of this section.

(4) The point of sale station shall be capable of displaying, at minimum, the following for each charitable gaming session:

(a) The sales transaction history, including:
   1. The organization name and license number;

The supplemental tabs are utilized to reveal the value of the initial, winning pulltab ticket incrementally. These supplemental tabs appear for entertainment value only."

(12) An available player account balance shall be collected by the player by pressing the "cash-out" button or "logoff" button on the electronic pulltab device and taking the device, the receipt, or, if allowed, a player account card to the point of sale station.

Section 29. Independent Testing Facility Certification for Electronic Pulltabs. (1) An electronic pulltab system shall not be sold, leased, or otherwise furnished to any person for use in the conduct of charitable gaming until an identical system containing identical software has been tested and certified by an independent testing facility.
