Pursuant to 21 RS HB 140, Ky. Acts Ch. 67, Section 2(1)(d), the Cabinet for Health and Family Services is required to promulgate administration regulations to establish a glossary of telehealth terminology to provide standard definitions for all health care providers, state agencies, and payors. The terminology and definitions used in the uniform glossary will be included in the health benefit plans sold in the commonwealth in calendar year 2022. The health benefit plans to be sold in the private health insurance market in calendar year 2022 were required to be filed with the Kentucky Department of Insurance for review and approval by April 1, 2021. Pursuant to KRS 304.14-120, the department has sixty (60) days to review and approve the forms. Pursuant to KRS 304.14-120(2) and 304.14-120(4), the department as extended the review timeframe through July 30, 2021. However, because the deadline for insurers to submit final plan documents for certification to be sold on the exchange in calendar year 2022 is August 12, 2021, the July 30, 2021, deadline cannot be extended further. In order to meet this imminent deadline, the cabinet needs to file an emergency administrative regulation to establish the glossary of telehealth terminology. This administrative regulation is deemed to be an emergency pursuant to KRS 13A.190(1)(a)3. as it meets the promulgation deadline that is established by state statute. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact person: Kim Minter or Krista Quarles

1. Provide a brief summary of:

   a. What this administrative regulation does: This administrative regulation establishes a telehealth terminology glossary and establishes requirements to prevent waste, fraud, and abuse.

   b. The necessity of this administrative regulation: This administrative regulation is necessary to establish a telehealth glossary to be utilized by state agencies when promulgating telehealth administrative regulations, and by health care providers and payors to understand telehealth in the delivery of health care services, and establishes requirements to prevent waste, fraud, and abuse in KRS 211.334 and 211.336 and required by HB 140, Ky. Acts Ch. 67, from the 2021 Regular Session.

   c. How this administrative regulation conforms to the content of the authorizing statutes. The administrative regulation conforms to the content of the authorizing statutes by establishing a telehealth glossary and requirements for use.

   d. How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by establishing a telehealth glossary and requirements. KRS 211.334(1) authorizes the cabinet, in consultation with the Division of Telehealth Services within the Office of
Health Data and Analytics, to provide guidance and direction to providers delivering health care services using telehealth or digital health; and to promote access to health care services provided via telehealth or digital health.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: This is a new administrative regulation.

(b) The necessity of the amendment to this administrative regulation: This is a new administrative regulation.

(c) How the amendment conforms to the content of the authorizing statutes: This is a new administrative regulation.

(d) How the amendment will assist in the effective administration of the statutes: This is a new administrative regulation.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: This increase will impact those payors, providers, members, and recipients who are regulated by state government. In the early part of the pandemic, telehealth utilization increased and was about 78 times higher than previous levels. Over the course of the COVID-19 pandemic, telehealth usage appears to have stabilized at levels that are about 38 times higher than pre-pandemic telehealth utilization. The Cabinet for Health and Family Services anticipates that increased telehealth utilization will be an ongoing feature of the healthcare system.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in questions (3) will have to take to comply with this administrative regulation or amendment: All health care providers who deliver health care services via telehealth, all state agencies authorized or required to promulgate administrative regulations relating to telehealth, and all payors should utilize the glossary for consistency when referencing telehealth terminology.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the identities identified in question (3): No cost is imposed on the entities regulated by this administrative regulation.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Telehealth Terminology Glossary will assist providers, consumers, patients, and stakeholders in understanding telehealth within the health care system as well as standardizing telehealth language across all state agencies who promulgate telehealth legislation.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: The department anticipates that it will incur no additional expenses in the implementation of this administrative regulation in the first year of operation.

(b) On a continuing basis: The department anticipates that it will incur no additional expenses in implementing this administrative regulation on a continuing basis.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: Federal Centers for Medicare and Medicaid Services (CMS) funding, state restricted funding, and MCO capitation fees.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new or by the change, if it is an amendment: No increase in fees or funding is anticipated with implementing this administrative regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indi-
rectly increased any fees. This administrative regulation neither establishes nor increases any fees.

(9) TIERING: Is tiering applied? Tiering was not applied as telehealth requirements are applied equally to all affected.

FEDERAL MANDATE ANALYSIS COMPARISON

2. State compliance standards. Meeting federal standards by complying with privacy, security, waste, fraud, and abuse requirements.

3. Minimum or uniform standards contained in the federal mandate. Meeting federal standards by complying with privacy, security, waste, fraud and abuse requirements.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? No

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. Not applicable.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department for Medicaid Services (DMS) and all state agencies authorized or required to promulgate administrative regulations relating to telehealth, and all payors.
