

**STATEMENT OF EMERGENCY
902 KAR 2:212E**

This emergency administrative regulation is being promulgated to establish actions that the Department for Public Health may take in response to a declared national or state emergency. These actions include enhancing prevention of the spread of the infectious disease COVID-19 by wearing a face covering in public, subject to certain exceptions. This emergency administrative regulation is needed pursuant to KRS 13A.190(1)(a)1. and 4. to meet an imminent threat to public health, safety and welfare, and to protect human health. This emergency administrative regulation will not be replaced by an ordinary administrative regulation as these measures are in direct response to the declared state public health emergency. This emergency administrative regulation differs from the previously filed emergency administrative regulation on this same subject, 902 KAR 2:211E. Section 2(2) amends the groups of individuals who are required to wear face coverings, and the penalties for non-compliance have been removed.
