

**STATEMENT OF EMERGENCY
907 KAR 15:080E**

This emergency administrative regulation governs chemical dependency treatment center services. As amended, this administrative regulation will allow for both inpatient and outpatient services to be reimbursable by Medicaid when provided within these facilities. Additional changes implement new services relating to service planning, ambulatory withdrawal management, medication assisted treatment, and inpatient chemical dependency treatment. The primary reason for promulgating this administrative regulation as an emergency administrative regulation is to better ensure the availability of a full continuum of care within the Medicaid Program for substance use disorder services pursuant to the American Society of Addiction Medicine's (ASAM) Criteria. Without the authority granted by this administrative regulation, the full continuum of care for substance use disorder established in the ASAM Criteria will not be reimbursable by Medicaid. Nationwide, and within Kentucky, the opioid epidemic has been exacerbated by the ongoing COVID-19 pandemic, and this administrative regulation will give the Department for Medicaid Services (DMS) and Kentucky providers additional vital tools to confront this serious threat to Kentucky citizens. Specifically, this administrative regulation is being filed as an emergency administrative regulation in accordance with KRS 13A.190(1)(a)1., 2., and 4. This emergency administrative regulation is needed pursuant to KRS 13A.190(1)(a)1. in order to thoroughly confront the serious and imminent danger posed to Kentucky citizens by any exacerbation of the opioid epidemic. This emergency administrative regulation is also needed pursuant to KRS 13A.190(1)(a)2. in order to preserve state and federal funding. In order to continue the SUD 1115 Waiver, Kentucky Medicaid is required to establish and maintain the availability of the full spectrum of the ASAM level of care to Kentucky Medicaid members. Failure to fully implement the ASAM criteria may risk continued federal coverage and approval of the SUD 1115 Waiver. If that happens, there would be a loss of federal funding. DMS furthermore expects a modest cost-savings from introducing the ASAM 3.7 level of care and allowing it to be utilized by chemical dependency treatment centers. This emergency administrative regulation is needed pursuant to KRS 13A.190(1)(a)4. to protect human health by increasing access to treatment for substance use disorder (SUD), and to address all aspects of the SUD epidemic within Kentucky. Beyond the immediate imminent danger of any exacerbation of the opioid epidemic, this administrative regulation is necessary to bolster innovative efforts to continue to confront and address the long standing opioid epidemic. This emergency administrative regulation shall be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.

(Emergency Amendment)**

907 KAR 15:080E. Coverage provisions and requirements regarding [outpatient] chemical dependency treatment center services.

EFFECTIVE: October 13, 2020

RELATES TO: KRS 205.520, 205.622, 309.0831, 21 U.S.C. 823(g)(2), 42 U.S.C. 1396a(a)(10)(B), 1396a(a)(23), 42 C.F.R. 435.1010

STATUTORY AUTHORITY: KRS 194A.030(2), 194A.050(1), 205.520(3)

NECESSITY, FUNCTION, AND CONFORMITY: The Cabinet for Health and Family Services, Department for Medicaid Services, has a responsibility to administer the Medicaid Program. KRS 205.520(3) authorizes the cabinet, by administrative regulation, to comply with any requirement that may be imposed or opportunity presented by federal law to qualify for federal Medicaid funds. This administrative regulation establishes the coverage provisions and requirements regarding Medicaid Program outpatient and inpatient chemical dependency treatment center services.

Section 1. General Coverage Requirements. (1) For the department to reimburse for a service covered under this administrative regulation, the service shall be:

(a) Medically necessary; and

(b) Provided:

1. To a recipient; and

2. By a chemical dependency treatment center that meets the provider participation requirements established in Section 2 of this administrative regulation.

(2)(a) Direct~~[Face-to-face]~~ contact between a practitioner and a recipient shall be required for each service except for:

1. Collateral outpatient therapy for a recipient under the age of twenty-one (21) years if the collateral outpatient therapy is in the recipient's plan of care;

2. A family outpatient therapy service in which the corresponding current procedural terminology code establishes that the recipient is not present; or

3. A psychological testing service comprised of interpreting or explaining results of an examination or data to family members or others in which the corresponding current procedural terminology code establishes that the recipient is not present.

(b) A service that does not meet the requirement in paragraph (a) of this subsection shall not be covered.

(3) A billable unit of service shall be actual time spent delivering a service in an~~[a face-to-face]~~ encounter.

(4) A service shall be:

(a) Stated in the recipient's plan of care; and

(b) Provided in accordance with the recipient's plan of care.

(5)(a) A chemical dependency treatment center shall establish a plan of care for each recipient receiving services from a chemical dependency treatment center.

(b) A plan of care shall meet the treatment plan requirements established in 902 KAR 20:160.

Section 2. Provider Participation. (1)(a) To be eligible to provide services under this administrative regulation, a chemical dependency treatment center shall:

1. Be currently enrolled as a provider in the Kentucky Medicaid Program in accordance with 907 KAR 1:672;

2. Except as established in subsection (2) of this section, be currently participating in the Kentucky Medicaid Program in accordance with 907 KAR 1:671;

3. Be licensed as a chemical dependency treatment center to provide outpatient and inpatient behavioral health services in accordance with 902 KAR 20:160; and

4. Have:

a. For each service it provides, the capacity to provide the full range of the service as established in this administrative regulation;

b. Documented experience in serving individuals with mental health, substance use, or co-occurring[behavioral health] disorders;

c. The administrative capacity to ensure quality of services;

d. A financial management system that provides documentation of services and costs; and

e. The capacity to document and maintain individual health records.

(b) The documentation referenced in paragraph (a)4.b. of this subsection shall be subject to audit by:

1. The department or its designee;

2. The Cabinet for Health and Family Services, Office of Inspector General;

3. A managed care organization, if the chemical dependency treatment center is enrolled in its network;

4. The Centers for Medicare and Medicaid Services;

5. The Kentucky Office of the Auditor of Public Accounts; or

6. The United States Department of Health and Human Services, Office of the Inspector General.

(2) In accordance with 907 KAR 17:015, Section 3(3), a chemical dependency treatment center that[which] provides a service to an enrollee shall not be required to be currently participating in the fee-for-service Medicaid Program.

(3) A chemical dependency treatment center shall:

(a) Agree to provide services in compliance with federal and state laws regardless of age, sex, race, creed, religion, national origin, handicap, or disability; and

(b) Comply with the Americans with Disabilities Act (42 U.S.C. 12101 et seq.) and any amendments to the act.

(4)(a) Except as provided by paragraph (b) of this subsection, a chemical dependency treatment center shall possess accreditation, within one (1) year of initial enrollment, by one (1) of the following:

1. The Joint Commission;

2. The Commission on Accreditation of Rehabilitation Facilities;

3. The Council on Accreditation; or

4. A nationally recognized accreditation organization.

(b) The department shall grant a one (1) time extension to a chemical dependency treatment center that requests a one (1) time extension to complete the accreditation process, if the request is submitted at least ninety (90) days prior to expiration of provider enrollment.

Section 3. Covered Services.

(b) If a recipient is transferred or referred to a residential crisis stabilization unit, a psychiatric hospital, a psychiatric distinct part unit in an acute care hospital, a Level I psychiatric residential treatment facility, a Level II psychiatric residential treatment facility, or an acute care hospital for care or treatment, the transferring chemical dependency treatment center shall, within forty-eight (48) hours of the transfer or referral, transfer the recipient's records in a manner that complies with the records' use and disclosure requirements as established in or required by:

- 1.a. The Health Insurance Portability and Accountability Act;
- b. 42 U.S.C. 1320d-2 to 1320d-8; and
- c. 45 C.F.R. Parts 160 and 164; or
- 2.a. 42 U.S.C. 290ee-3; and
- b. 42 C.F.R. Part 2.

(12)(a) If a chemical dependency treatment center's Medicaid Program participation status changes as a result of voluntarily terminating from the Medicaid Program, involuntarily terminating from the Medicaid Program, a licensure suspension, or death of an owner or deaths of owners, the health records of the chemical dependency treatment center shall:

1. Remain the property of the chemical dependency treatment center; and
2. Be subject to the retention requirements established in subsection (13) of this section.

(b) A chemical dependency treatment center shall have a written plan addressing how to maintain health records in the event of death of an owner or deaths of owners.

(13)(a) Except as established in paragraph (b) or (c) of this subsection, a chemical dependency treatment center shall maintain a health record regarding a recipient for at least six (6) years from the last date of the service or until any audit dispute or issue is resolved beyond six (6) years.

(b) After a recipient's death or discharge from services, a provider shall maintain the recipient's record for the longest of the following periods:

1. Six (6) years unless the recipient is a minor; or
2. If the recipient is a minor, three (3) years after the recipient reaches the age of majority under state law.

(c) If the Secretary of the United States Department of Health and Human Services requires a longer document retention period than the period referenced in paragraph (a) of this subsection, pursuant to 42 C.F.R. 431.17, the period established by the secretary shall be the required period.

(14)(a) A chemical dependency treatment center shall comply with 45 C.F.R. Part 164.

(b) All information contained in a health record shall:

1. Be treated as confidential;
2. Not be disclosed to an unauthorized individual; and
3. Be disclosed to an authorized representative of:
 - a. The department;
 - b. Federal government; or
 - c. For an enrollee, the managed care organization in which the enrollee is enrolled.

(c)1. Upon request, a chemical dependency treatment center shall provide to an authorized representative of the department, federal government, or managed care organization if applicable, information requested to substantiate:

- a. Staff notes detailing a service that was rendered;
- b. The professional who rendered a service; and
- c. The type of service rendered and any other requested information necessary to determine, on an individual basis, whether the service is reimbursable by the department or the managed care organization, if applicable.

2. Failure to provide information referenced in subparagraph 1_ of this paragraph shall result in denial of payment for any service associated with the requested information.

Section 7. Medicaid Program Participation Compliance. (1) A chemical dependency treatment center shall comply with:

- (a) 907 KAR 1:671;
- (b) 907 KAR 1:672; and
- (c) All applicable state and federal laws.

(2)(a) If a chemical dependency treatment center receives any duplicate payment or overpayment from the department or a managed care organization, regardless of reason, the chemical dependency treatment center shall return the payment to the department or managed care organization in accordance with 907 KAR 1:671.

(b) Failure to return a payment to the department or managed care organization in accordance with paragraph (a) of this subsection may be:

1. Interpreted to be fraud or abuse; and
2. Prosecuted in accordance with applicable federal or state law.

(3)(a) When the department makes payment for a covered service and the chemical dependency treatment center accepts the payment:

1. The payment shall be considered payment in full;
2. A bill for the same service shall not be given to the recipient; and
3. Payment from the recipient for the same service shall not be accepted by the chemical dependency treatment center.

(b)1. A chemical dependency treatment center may bill a recipient for a service that is not covered by the Kentucky Medicaid Program if the:

- a. Recipient requests the service; and
- b. Chemical dependency treatment center makes the recipient aware in writing in advance of providing the service that the:
 - (i) Recipient is liable for the payment; and
 - (ii) Department is not covering the service.

2. If a recipient makes payment for a service in accordance with subparagraph 1_ of this paragraph, the:

- a. Chemical dependency treatment center shall not bill the department for the service; and
- b. Department shall not:
 - (i) Be liable for any part of the payment associated with the service; and

(ii) Make any payment to the chemical dependency treatment center regarding the service.

(4)(a) A chemical dependency treatment center shall attest by the chemical dependency treatment center's staff's or representative's signature that any claim associated with a service is valid and submitted in good faith.

(b) Any claim and substantiating record associated with a service shall be subject to audit by the:

1. Department or its designee;
2. Cabinet for Health and Family Services, Office of Inspector General, or its designee;
3. Kentucky Office of Attorney General or its designee;
4. Kentucky Office of the Auditor for Public Accounts or its designee;
5. United States General Accounting Office or its designee; or
6. For an enrollee, managed care organization in which the enrollee is enrolled.

(c)1. If a chemical dependency treatment center receives a request from the:

a. Department to provide a claim, related information, related documentation, or record for auditing purposes, the chemical dependency treatment center shall provide the requested information to the department within the timeframe requested by the department; or

b. Managed care organization in which an enrollee is enrolled to provide a claim, related information, related documentation, or record for auditing purposes, the chemical dependency treatment center shall provide the requested information to the managed care organization within the timeframe requested by the managed care organization.

2.a. The timeframe requested by the department or managed care organization for a chemical dependency treatment center to provide requested information shall be:

(i) A reasonable amount of time given the nature of the request and the circumstances surrounding the request; and

(ii) A minimum of one (1) business day.

b. A chemical dependency treatment center may request a longer timeframe to provide information to the department or a managed care organization if the chemical dependency treatment center justifies the need for a longer timeframe.

(d)1. All services provided shall be subject to review for recipient or provider fraud or abuse, and compliance with this administrative regulation and state and federal law.

2. Willful abuse by a chemical dependency treatment center shall result in the suspension or termination of the chemical dependency treatment center from Medicaid Program participation in accordance with 907 KAR 1:671.

Section 8. Third Party Liability. A chemical dependency treatment center shall comply with KRS 205.622.

Section 9. Use of Electronic Signatures. (1) The creation, transmission, storage, and other use of electronic signatures and documents shall comply with the requirements established in KRS 369.101 to 369.120.

(2) A chemical dependency treatment center that chooses to use electronic signatures shall:

(a) Develop and implement a written security policy that shall:

1. Be adhered to by each of the chemical dependency treatment center's employees, officers, agents, or contractors;

2. Identify each electronic signature for which an individual has access; and

3. Ensure that each electronic signature is created, transmitted, and stored in a secure fashion;

(b) Develop a consent form that shall:

1. Be completed and executed by each individual using an electronic signature;

2. Attest to the signature's authenticity; and
 3. Include a statement indicating that the individual has been notified of his or her responsibility in allowing the use of the electronic signature; and
- (c) Provide the department, immediately upon request, with:
1. A copy of the chemical dependency treatment center's electronic signature policy;
 2. The signed consent form; and
 3. The original filed signature.

Section 10. Auditing Authority. The department or managed care organization in which an enrollee is enrolled shall have the authority to audit any:

- (1) Claim;
- (2) Health record; or
- (3) Documentation associated with any claim or health record.

Section 11. Federal Approval and Federal Financial Participation. (1) The department's reimbursement of services pursuant to this administrative regulation shall be contingent upon:

- (a) Receipt of federal financial participation for the coverage; and
 - (b) Centers for Medicare and Medicaid Services' approval for the coverage.
- (2) The reimbursement of services provided by a licensed clinical alcohol and drug counselor or licensed clinical alcohol and drug counselor associate shall be contingent and effective upon approval by the Centers for Medicare and Medicaid Services.

Section 12. Appeals. (1) An appeal of an adverse action by the department regarding a service and a recipient who is not enrolled with a managed care organization shall be in accordance with 907 KAR 1:563.

(2) An appeal of an adverse action by a managed care organization regarding a service and an enrollee shall be in accordance with 907 KAR 17:010.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Persons: Jonathan Scott and Donna Little

- (1) Provide a brief summary of:
 - (a) What this administrative regulation does: This administrative regulation establishes the coverage provisions and requirements regarding Medicaid Program outpatient and inpatient chemical dependency treatment center (CDTC) services.
 - (b) The necessity of this administrative regulation: This administrative regulation is necessary to comply with federal mandates. Section 1302(b)(1)(E) of the Affordable Care Act mandates that "essential health benefits" for Medicaid programs include "mental health and substance use disorder services, including behavioral health treatment" for all recipients.
 - (c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by complying

with federal mandates and enhancing and ensuring Medicaid recipients' access to behavioral health services.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the authorizing statutes by complying with federal mandates and enhancing and ensuring Medicaid recipients' access to behavioral health services.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendments to this administrative regulation combine a previously separate description of who may perform a service and a description of the service itself. This series of amendments also includes a reference to the defined terms "approved behavioral health practitioner" and "approved behavioral health practitioner under supervision" from 907 KAR 15:005 instead of a listing of each provider in each service. This provides for more transparency and compactness in the administrative regulation. The administrative regulation has also clarified the use of telehealth in several places. Additional requirements relating to mobile crisis services include requiring access to a board-certified or board eligible psychiatrist at all times, and allowing for the use of peer support specialists. Day treatment services include additional requirements relating to staff qualifications. Peer support specialist services are amended to further allow and enhance the use of emergency department bridge clinics. In addition, peer support specialist services are now required to only be 30 hours per week of direct recipient contact and group peer support services are not allowed to exceed 8 individuals within any group at one time. Intensive outpatient program services are required to comply with the most recent service criteria of the ASAM Criteria, and additional clarification is given about how the services are to be provided to adults and adolescents. The amendments also include new services and requirements relating to "service planning", "ambulatory withdrawal management", "medication assisted treatment", and "inpatient chemical dependency treatment".

(b) The necessity of the amendment to this administrative regulation: These amendments are necessary to comply with existing OIG administrative regulations, implement an SUD 1115 waiver, require compliance with the ASAM Criteria, and provide additional formatting improvements.

(c) How the amendment conforms to the content of the authorizing statutes: The amendments conform to the content of the authorizing statutes by implementing an SUD 1115 waiver.

(d) How the amendment will assist in the effective administration of the statutes: The amendments will assist in the effective administration of the statutes by providing additional clarity and requirements relating to chemical dependency treatment centers.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: Entities licensed as chemical dependency treatment centers (CDTCs), behavioral health professionals authorized to provide services in CDTCs, and Medicaid recipients who receive services in CDTCs will be affected by the administrative regulation. Currently there are 3 CDTC licenses issued by the state.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment. Entities that qualify as chemical dependency treatment centers and who wish to provide services to Medicaid recipients will need to enroll with the Medicaid Program as prescribed in the Medicaid provider enrollment regulation (complete an application and submit it to DMS) and sign agreements with managed

care organizations if the individual wishes to provide services to Medicaid recipients who are enrolled with a managed care organization.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3). The entities referenced in paragraph (a) could experience administrative costs associated with enrolling with the Medicaid Program.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3). The entities referenced in paragraph (a) will benefit by receiving Medicaid Program reimbursement for providing behavioral health services to Medicaid recipients. Behavioral health professionals authorized to provide services in a chemical dependency treatment center will benefit by having more employment opportunities in Kentucky. Medicaid recipients in need of behavioral health services will benefit from an expanded base of providers from which to receive these services.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: DMS anticipates potential savings of more than \$4.6 million due to the availability of a level of care that is less expensive than hospitalization via the introduction of inpatient chemical dependency treatment centers.

(b) On a continuing basis: DMS anticipates potential savings of more than \$4.6 million due to the availability of a level of care that is less expensive than hospitalization via the introduction of inpatient chemical dependency treatment centers.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under the Social Security Act, Title XIX and matching funds of general fund appropriations.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment. Neither an increase in fees nor funding is necessary to implement this administrative regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation neither establishes nor increases any fees.

(9) Tiering: Is tiering applied? Tiering is not applied as the policies apply equally to the regulated entities.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. Section 1302(b)(1)(E) of the Affordable Care Act, 42 U.S.C. 1396a(a)(10)(B), and 42 U.S.C. 1396a(a)(23).

2. State compliance standards. KRS 205.520(3) states: "Further, it is the policy of the Commonwealth to take advantage of all federal funds that may be available for medical assistance. To qualify for federal funds the secretary for health and family services may by regulation comply with any requirement that may be imposed or opportunity that may be presented by federal law. Nothing in KRS 205.510 to 205.630 is intended to limit the secretary's power in this respect."

3. Minimum or uniform standards contained in the federal mandate. Substance use disorder services are federally mandated for Medicaid programs. Section 1302(b)(1)(E) of the Affordable Care Act mandates that "essential health benefits" for Medicaid programs include "mental health and substance use disorder services, including behavioral health treatment." 42 U.S.C. 1396a(a)(23) is known as the freedom of choice of provider mandate. This federal law requires the Medicaid Program to "provide that (A) any individual eligible for medical assistance (including drugs) may obtain such assistance from any institution, agency, community pharmacy or

person, qualified to perform the service or services required (including an organization which provides such services, or arranges for their availability, on a prepayment basis), who undertakes to provide him such services." Medicaid recipients enrolled with a managed care organization may be restricted to providers within the managed care organization's provider network. The Centers for Medicare and Medicaid Services (CMS) – the federal agency that oversees and provides the federal funding for Kentucky's Medicaid Program – has expressed to the Department for Medicaid Services (DMS) the need for DMS to expand its substance use disorder provider base to comport with the freedom of choice of provider requirement. 42 U.S.C. 1396a(a)(10)(B) requires the Medicaid Program to ensure that services are available to Medicaid recipients in the same amount, duration, and scope as available to other individuals (non-Medicaid). Expanding the provider base will help ensure Medicaid recipient access to services statewide and reduce or prevent the lack of availability of services due to demand exceeding supply in any given area.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? The administrative regulation does not impose stricter than federal requirements.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The administrative regulation does not impose stricter than federal requirements.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department for Medicaid Services will be affected by the amendment to this administrative regulation.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 194A.030(2), 194A.050(1), 205.520(3).

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? The amendment is not expected to generate revenue for state or local government.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? The amendment is not expected to generate revenue for state or local government.

(c) How much will it cost to administer this program for the first year? DMS anticipates potential savings of more than \$4.6 million due to the availability of a level of care that is less expensive than hospitalization via the introduction of inpatient chemical dependency treatment centers.

(d) How much will it cost to administer this program for subsequent years? DMS anticipates potential savings of more than \$4.6 million due to the availability of a level of care that is less expensive than hospitalization via the introduction of inpatient chemical dependency treatment centers.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.
