**(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes:**

This administrative regulation establishes procedures to administer PSTEAF as required by KRS 224.60-130(1)(a) through (e) and implements the requirements for financial responsibility of petroleum storage tank owners or operators as required by KRS 224.60-120(6).

**(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:**

**(a) How the amendment will change this existing administrative regulation:**

This amendment updates the existing administrative regulation to increase the rates for reimbursement to owners and operators for eligible corrective action. In addition, this amendment amends the re-evaluation process for costs that cannot be completed for the established rates.

**(b) The necessity of the amendment to this administrative regulation:**

This amendment is necessary due to the rising costs for corrective action work over the last few years. Reimbursement costs to owners and operators needed to be increased to meet the current rates for corrective action. This amendment will stimulate more activity and remediation as the reimbursement rates will be in line with current costs. In addition, the re-evaluation process required amendment as the current process was unable to address certain costs that cannot be completed for the established rates.

**(c) How the amendment conforms to the content of the authorizing statutes:**

KRS 224.60-130(1)(a) through (e) requires the establishment of the procedures to administer the PSTEAF. KRS 224.10-100(28) authorizes the cabinet to promulgate administrative regulations not inconsistent with the provisions of law administered by the cabinet. KRS 224.60-120(6) requires the cabinet to establish administrative regulations to implement the requirements for financial responsibility of petroleum storage tank owners or operators.

**(d) How the amendment will assist in the effective administration of the statutes:**

This amendment establishes procedures to administer the PSTEAF as required by KRS 224.60-130(1)(a) through (e), and implements the requirements for financial responsibility of petroleum storage tank owners or operators as required by KRS 224.60-120(6).

**(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation:**

This administrative regulation will affect owners and operators of underground storage tank eligible companies that contract with those owners or operators, certified laboratories that process samples collected at underground storage tank facilities, and certified tank installers/removers. There are 3,096 underground storage tank facilities, 61 eligible companies that contract with those owners or operators, and 38 certified laboratories that process samples collected at underground storage tank facilities.

**(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:**

**(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment:**

Entities will have to submit the new forms incorporated in this amendment for reimbursement, as well as use the new increased rates for reimbursement.

**(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3):**

This amendment will not have a cost for the entities identified.

**(c) As a result of compliance, what benefits will accrue to the entities identified in question (3):**

Corrective action from the release of an underground storage tank would be reimbursed up to \$1 Million. The benefits to owners and operators also include compliance with both the federal and state regulations.

**(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:**

**(a) Initially:**

The agency will not incur any additional costs for the implementation of this administrative regulation initially.

**(b) On a continuing basis:**

The agency will not incur any continuing costs for the implementation of this administrative regulation.

**(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation:**

Implementation and enforcement of this administrative regulation would be achieved by a combination of tank fee registrations, PSTEAF, and grants from the U.S. Environmental Protection Agency.

**(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment:**

No increase in fees or funding is necessary to implement this administrative regulation.

**(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees:**

This administrative regulation does not establish any fees, but does establish administrative procedures for the entry level established in KRS 224.60-120(1) for owner or operators that are reimbursed from PSTEAF.

**(9) TIERING: Is tiering applied?**

Yes. The entry level for petroleum storage tank owners is based on the number of tanks owned pursuant to KRS 224.60-120(1) and ranges from \$500 to \$12,500.

## FEDERAL MANDATE ANALYSIS COMPARISON

**(1) Federal statute or regulation constituting the federal mandate.**

40 C.F.R. 280, Subpart H.

**(2) State compliance standards.**

KRS 224.60-130(1)(a) through (e), 224.60-120(6).

**(5) Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements.**

The differences in this administrative regulation are statutory requirements.

## FISCAL NOTE

**(1) What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation?**

**(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation.**

KRS 224.10-100(28), 224.60-120(6), 224.60-130(1)(a) through (e), and 40 C.F.R. 280, Subpart H.

**(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.**

**(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year?**

The proposed administrative regulation will not generate revenue in subsequent years.

**(c) How much will it cost to administer this program for the first year?**

The underground storage tank program is already in effect. With the increased reimbursement costs, the UST program will cost approximately \$33.5 Million to administer as a whole, including reimbursement to owners and operators for eligible corrective action costs. In addition the PSTeAF must maintain a balance to satisfy obligations and expenses necessary to operate each account and maintain an appropriate reserve (\$1,000,000 minimum) in the Financial Responsibility Account. Currently, the UST Program has obligated \$13,084,036 in UST capital project sites and \$12,147,944 in UST corrective action, which are guarantees of payment pursuant to KRS 224.60-140 for corrective action under contract with a petroleum storage tank owner or operator.

**(d) How much will it cost to administer this program for subsequent years?**

The UST program will cost approximately \$33.5 Million, as a whole, including reimbursement to owners and operators for eligible corrective action costs to administer the program for subsequent years. In addition the PSTeAF must maintain a balance to satisfy obligations and expenses necessary to operate each account and maintain an appropriate reserve (\$1,000,000 minimum) in the Financial Responsibility Account. **Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.**

**Revenues (+/-):**UST Program revenues include: \$1,639,000 (biennially) in federal grant funding (LUST Prevention and LUST Cleanup), \$279,000 tank fees (annually), \$38.7 Million PSTEAF. PSTEAF consists of (\$0.014) per gallon of gasoline and special fuels received in the state pursuant to KRS 224.60-145. PSTEAF, in accordance with KRS 224.60-140, and each account established within, is maintained as a separate interest-bearing account intended to accumulate and accrue a reserve to cover the obligations as a guarantee of payment. In accordance with KRS 224.60-145, any surplus shall be transferred to a restricted fund and retained.

**Expenditures (+/-):**UST Program expenditures are approximately \$33.5 Million as whole, including reimbursement to owners and operators for eligible corrective action costs. In addition the PSTEAF must maintain a balance to satisfy obligations and expenses necessary to operate each account and maintain an appropriate reserve (\$1,000,000 minimum) in the Financial Responsibility Account. **(a) How much cost savings will this administrative regulation generate for the regulated entities for the first year?**

The proposed administrative regulation will not generate cost savings for any regulated entities in the first year.

**(b) How much cost savings will this administrative regulation generate for the regulated entities for subsequent years?**

The proposed administrative regulation will not generate cost savings for any regulated entities in subsequent years.

**(c) How much will it cost the regulated entities for the first year?**

There is no known cost to the regulated entities in the first year.

**(d) How much will it cost the regulated entities for subsequent years?**

There is no known cost to the regulated entities in subsequent years.

**Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.**

**Cost Savings (+/-):**There is no known cost savings.

**Expenditures (+/-):**There is no known effect on current expenditures.

**Other Explanation:**

This administrative regulation amendment increases reimbursement rates to cover the costs of current corrective action costs. Due to the rise in costs over the last few years, current reimbursement rates do not suffice.

**(5) Explain whether this administrative regulation will have a major economic impact, as defined below.**

"Major economic impact" means an overall negative or adverse economic impact from an administrative regulation of five hundred thousand dollars (\$500,000) or more on state or local government or regulated entities, in aggregate, as determined by the promulgating administrative bodies. [KRS 13A.010(13)] This proposed administrative regulation will not have a major economic impact.
