REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person:Sara Boswell Janes

(1) Provide a brief summary of:

(a) What this administrative regulation does:

This administrative regulation establishes the application, education, and examination requirements to qualify for licensure.

(b) The necessity of this administrative regulation:

This administrative regulation enables the board to evaluate an applicant's qualifications by establishing the application, education and examination requirements for licensure.

(c) How this administrative regulation conforms to the content of the authorizing statutes:

KRS 335.525(1)(b) requires that an applicant is of good moral character. KRS 335.525(1)(c) requires that applicants for licensure shall have received a master's or doctoral degree in counseling or a related field from a regionally-accredited institution. KRS 335.525(1)(d) requires that applicants for licensure shall have sixty (60) graduate semester hours in specified areas. KRS 335.525(1)(f) requires that applicants achieve passing scores on the examination required by the Board. KRS 335.515(3) authorizes the board to promulgate administrative regulations necessary to carry out the provisions of KRS 335.500 to 335.599.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes:

This administrative regulation specifies the types of education and examination that are acceptable for licensure, as well as certain grounds for denial of licensure, renewal or reinstatement.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation:

The amendment clarifies the educational course work required for licensure; removes reference to specific regional institutions associations for accreditation to clarify the administrative body's intention that the accrediting institution must be CACREP-accredited and to eliminate the need to revise the regulations every time the name of an institution changes; requires utilization of the online application portal, with exceptions, to streamline administration and reduce the delay in processing the application; cleans up language relating to the proper DSM; clarifies that "direct service" includes diagnosis, treatment planning, assessment, techniques and interventions in compliance with KRS 535.525(1)(d) and (e); requires all background checks to be performed by the FBI; establishes grounds for denial of licensure, renewal or reinstatement; removes the Optional Affidavit for Licensure option since the original intent for a reduction in delayed licensure is no longer needed and cleans up additional language relating to the Affidavit.

(b) The necessity of the amendment to this administrative regulation:

This amendment is necessary to clarify the qualifying academic institutions for licensure; to clarify the educational and experiential direct service standards considered by the administrative body for licensure; to standardize background checks through the FBI to ensure complete information with a prompt response to

avoid unnecessary delay in processing and for public safety; to clarify grounds for denial of licensure, renewal or reinstatement; and to remove the Optional Affidavit for Licensure as it is no longer needed.

(c) How the amendment conforms to the content of the authorizing statutes:

The amendment is in conformity with KRS 335.515(1), (3), 335.500, 335.525(1)(c), (d), (f), 335.527(1)(a).

(d) How the amendment will assist in the effective administration of the statutes:

The amendment assists by clarifying the educational, direct service and background check requirements process for licensure; clarifies the board's grounds for denial of a license, renewal, or reinstatement; and will eliminate the additional KSP background check step and cost for applicants.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation:

This regulation will affect an average of 70-80 applications for licensure monthly, as well as 4017 active licensees who must annually renew and 56 inactive licensees who may apply for reinstatement.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment:

An applicant will have to submit a criminal background check and syllabi, as well as report any conviction (which they are already required to do), as well report any substantiated act of child abuse and neglect, adult abuse and entry of any domestic violence order where the applicant is a respondent and the subject of the order.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3):

There will be no new cost and the cost should even be reduced since only one background check is required. There will be a cost of obtaining a criminal background check, which the board understands to be between \$10 and \$50.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3):

Reduced costs for background check and prompt processing for application due to delays in the Kentucky background check; and public safety in approval of the application with an affidavit versus a complete background check.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially:

No costs by the administrative body will be incurred to implement these changes.

(b) On a continuing basis:

No new costs will be incurred by the changes.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation:

The board's operations are funded by fees paid by credential holders and applicants.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an

amendment:

No increase in fees or funding will be required to implement the changes made by this regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees:

This administrative regulation does not establish any new fees.
