NECESSITY, FUNCTION, AND CONFORMITY: KRS 117.015(1)(a) authorizes the State Board of Elections to promulgate administrative regulations necessary to properly carry out its duties. Several Kentucky Revised Statutes in Chapter 117 require the State Board of Elections to promulgate administrative regulations that provide for measures that establish standards for the ballots used during elections, as well as, measures that ensure that votes cast during an election are done so in a free, fair, and secure manner. This administrative regulation provides for those measures.

Section 1. In addition to the requirements for printed ballots established in KRS 117.145, ballots caused to be printed by the county clerk of each county shall meet quality and size standards specific to the voting systems certified by both the State Board of Elections and the United States Election Assistance Commission.

Section 2. The outer envelope of all mail-in absentee ballots shall bear a barcode or other label that is unique to the individual voter and capable of being read by an electronic optical scanner. The unique barcode or label for each mail-in absentee ballot outer envelope shall be issued by the State Board of Elections. Upon the need to issue a voter a second mail-in absentee ballot pursuant to KRS 117.085(9), the outer envelope of the subsequent second mail-in absentee ballot shall bear a new unique barcode or label.

Section 3.

(1) Upon the time of certification of each candidate and each question to be voted upon, all pre-printed paper ballots shall be secured by the county clerk of each county, under lock and key, in an area under the direct control of the county clerk and approved by the county board of elections.

(2) The possession of all pre-printed ballots shall be accounted for on SBE Form 76, Ballot Reconciliation Statement.

(3) If paper ballots need to be printed at a county clerk's office, an accounting of the printed ballots shall be made on either the SBE Form 76, Ballot Reconciliation Statement, or by the printing equipment.

(5) Beginning with the in-person casting of ballots during the period described in KRS 117.076, each voted in-person ballot shall remain in a locked and sealed receptacle, until the conclusion of the period described in KRS 117.295(1).

(7) All ballots and election materials not secured in an area under the direct control of the county clerk after the close of polls shall be secured at the voting location in a secure manner, based upon the advice and recommendations of the county board of elections and the sheriff from the time described in KRS 117.076 until the conclusion of voting on the day of an election.

(8) As mail-in absentee ballots are received by county clerks, they shall have their unique barcode or label scanned.

(9) Upon each mail-in absentee ballot being processed, the unique barcode or label shall be scanned again.

(3) If the mail-in absentee ballot is found to have been completed and returned as a cast ballot, the voter shall not be permitted to cast an in-person vote.

as to differentiate the drop-box or receptacle from any other that may be in use in the area.

(5) Any other non-elections related drop-box in use by a county clerk for any other official business shall clearly indicate that the other drop-box is not for the return of election material.

(6)

(a) The county clerk shall empty the drop box and any receptacle used each business day as required by KRS 117.086(2)(e) and secure the absentee ballots therein in a manner consistent with KRS 117.086(3).
