REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person:Sara Boswell Janes

(1) Provide a brief summary of:

(a) What this administrative regulation does:

This regulation establishes the renewal and reinstatement application requirements, as well as the requirements for extension of a temporary license for interpreters.

(b) The necessity of this administrative regulation:

This regulation is necessary to provide appropriate procedures for the application process for renewing or reinstating license or extending a temporary license as an interpreter.

(c) How this administrative regulation conforms to the content of the authorizing statutes:

The regulation is in conformity as the authorizing statute gives the board the ability to promulgate regulations generally.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes:

This regulation will assist the board in administering this program by ensuring that licensees have a clear understanding of the process for renewing and reinstating a license and extending a temporary license and requirements for doing so.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation:

The amendment will clarify that the renewal, renewal grace period and reinstatement of license apply to full licensure only. The amendment also strikes language relating to reinstatement of a temporary license, as well as striking the terms “mentor” and “mentee” and replacing it with “supervisor” and “supervisee” to be consistent with the statutory requirement for supervision set forth in KRS 309.312(3). The amendment also strikes language permitting a waiver of the letter recommending extension by the supervisor describing progress achieved because it has never been used and the Board wished to close the loophole waiving the supervisor’s recommendation for an extension. The language relating to an extension request by a deaf or hard of hearing temporary licensee has been stricken because it is repetitious and unnecessary as the extension requirements in place can be used by all temporary licensees. Additionally, the amendment will strike the reinstatement of the temporary license since there is no reinstatement authorized by statute, however extensions are authorized by statute, and move the language relating to extensions to 201 KAR 39:070 which relates only to temporary licenses in order to reduce confusion. Finally, the materials incorporated by reference will be updated and some moved in conformity with these amendments.

(b) The necessity of the amendment to this administrative regulation:

These amendments are necessary to reduce the confusion surrounding renewal, reinstatement and extension of full and temporary licenses and to make the regulations consistent with the statutory requirements of supervision versus mentoring and reinstatement versus extensions of temporary licenses. the amendment also closes a loophole that would allow a temporary licensee to bypass the temporary license extension requirement, to reduce confusion created by

requirements for temporary license extension by both hearing and deaf interpreters and to update the forms.

(c) How the amendment conforms to the content of the authorizing statutes:

The regulation is in conformity as the authorizing statute gives the board the ability to promulgate regulations generally related to the practice of interpreting.

(d) How the amendment will assist in the effective administration of the statutes:

The amendment will assist in effective administration by clarifying what the options for renewal, reinstatement and extension are for different license types which will in turn reduce questions and confusion by licensees requiring the board to process. The amendment will also make the regulations consistent with statute which specifically precludes renewal of a temporary license and never authorized reinstatement of a temporary license in the first place.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation:

There are 533 full and 45 temporarily licensed interpreters who will be affected, as well as an unknown number of new applicants.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment:

No increase in fees or funding is necessary to implement this administrative regulation change.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees:
