(b) If the activity does not qualify as continuing education, the board shall deduct the number of hours claimed for that activity from the total number of hours earned by the licensee. After this calculation, if a licensee does not have the required twelve (12) hours of continuing education, the board shall send written notification to the licensee that:

- 1. The licensee did not meet the continuing education requirements because an activity listed on the applicant's form as a continuing education activity did not qualify for continuing education credit; and
