STATUTORY AUTHORITY: KRS 151B.185, 151B.195

CERTIFICATION STATEMENT:

NECESSITY, FUNCTION, AND CONFORMITY: KRS 151B.195 requires the Executive Director of the Office of Vocational Rehabilitation to promulgate administrative regulations governing the services, personnel, and administration of the State Vocational Rehabilitation Agency. This administrative regulation establishes the requirements for the provision of vocational rehabilitation services, including assistive technology and other goods and services necessary for individuals with disabilities to prepare for, secure, retain, advance in, or regain competitive integrated employment.

Section 1. General Provisions.

(1) Services under this administrative regulation shall be provided to individuals for diagnostic and assessment services necessary to determine eligibility or priority for services, and to enable an individual to prepare for, secure, retain, advance in, or regain competitive integrated employment as permitted by 34 C.F.R. 361.42.

(2) Comparable services and benefits, including private insurance, Medicaid, Medicare, and other third-party payers, shall be used to the maximum extent allowable prior to the expenditure of office funds, unless the service is exempt under federal regulations or unless the use of the comparable service or benefit would result in unreasonable delay in the progress of the individual, consistent with 34 C.F.R. 361.53.

(3) Financial participation requirements shall apply in accordance with 781 KAR 1:020 when permitted under federal law.

(4) All services shall be provided consistent with the individual's informed choice and shall be aligned with the individual's strengths, resources, priorities, concerns, abilities, capabilities, and interests as required under 34 C.F.R. 361.46 and 361.52. Informed choice does not obligate the office to provide higher-cost or non-essential services, equipment, or options when a less costly alternative meets the disability-related vocational rehabilitation needs.

(5) All goods and services shall be purchased in accordance with the Kentucky Model Procurement Code and federal procurement standards.

(6) The office shall not purchase general household or personal items not directly related to disability-related vocational need unless the item is necessary for the individual to participate in a vocational rehabilitation service or to achieve an employment outcome.

(7) The office shall not impose fixed or arbitrary limits on the cost, type, or duration of services and shall allow for individualized exceptions consistent with 781 KAR 1:020.

(8) Service fees, rate schedules, and maximum allowable costs for services shall comply with 781 KAR 1:020.

(9) The office shall comply with applicable cost principles set forth in 2 C.F.R. Part 200 when making expenditures.

(10) Direct payments to individuals.

(a) The office may issue a direct payment to an individual when necessary for the individual to obtain, maintain, or advance in employment or to participate in a

vocational rehabilitation service under an IPE, and when no qualified vendor is reasonable available to provide or accept payment for the service.

(b) For purposes of this processing a direct payment under subsection (a), an individual may be required to register as a vendor solely to facilitate payment. Vendor registration under this subsection shall not classify the individual as a commercial vendor or service provider for any other purpose.

(c) Nothing in this subsection shall exempt the office from complying with state and federal procurement requirements.

Section 2. Specialized Eligibility and Assessment Requirements.

(1) Terminal Illness Affecting Ability to Benefit.

(a) For individuals with medical conditions that may be terminal, eligibility and service decisions shall be based on documented functional limitations and the individual's ability to benefit from vocational rehabilitation services in terms of achieving an employment outcome, consistent with 34 C.F.R. 361.42.

(b) The office may provide services when the individual's prognosis supports a reasonable expectation of achieving or maintaining competitive integrated employment for a sufficient period to prepare for, obtain, maintain, or advance from services.

(c) When the attending physician identifies a guarded prognosis, the office may require documentation regarding anticipated work capacity or work life expectancy to support eligibility or service decisions.

(d) When documentation indicates that the individual is unlikely to benefit from services due to imminent medical decline, the counselor shall consult with the Branch Manager prior to an eligibility determination or denial of services.

(2) Visual Impairments.

(a) Verification of a visual impairment shall be based on medical documentation from an ophthalmologist or optometrist that identifies the nature and extent of the visual condition and any resulting functional limitations relevant to vocational rehabilitation.

(b) When medical information is outdated or insufficient for eligibility or service planning, the office may require a current visual examination.

(c) When visual impairment co-occurs with hearing loss or when dual sensory loss is suspected, referral for audiological evaluation may be required to determine functional limitations and service needs.

(d) Individuals determined eligible for Social Security benefits based on statutory blindness shall be presumed eligible for vocational rehabilitation services consistent with 34 C.F.R. 361.42(a)(3).

(3) Rapidly Progressive Visual Conditions.

1. Is progressive in nature;
2. Requires timely intervention; and
3. Is expected, if untreated, to result in functional limitations affecting employment.

(b) Eligibility and service planning for individuals with progressive visual conditions shall be based on documented functional limitations, anticipated vocational impact, and the individual's informed choice.

(3) Driver rehabilitation technology services may be provided to an individual who does not meet the requirements of subsection (2) of this section if the office determines:

(a) That documentation exists that failure to provide the services will preclude the successful completion of the individualized plan for employment; or

(b) The provision of the service would result in a substantial cost savings to the office.

(4) Driver rehabilitation technology services shall not include general driver education or permit-preparation courses that are not directly related to the individual's disability and vocational rehabilitation needs.

- (5) Before a non-recoverable, permanent vehicle modification will be approved, an individual shall obtain a valid Kentucky operator's license or, for nondriver passenger modification, documentation demonstrating vocational necessity for safe transportation.
- (6) A non-recoverable, permanent vehicle modification costing in excess of \$5,000 shall not be delivered to the individual unless the individual provides proof of insurance for the replacement cost of the vehicle and vehicle modifications.
- (7) A vehicle modification costing in excess of \$10,000 shall not be provided unless the individual:
 - (a) Has a vocational objective of competitive integrated employment;
 - (b) Is employed, actively seeking work, or has a reasonable expectation of beginning work within six (6) months; and

- (4) An upgrade or repair to a vehicle modification costing in excess of \$10,000 shall not be provided unless the office determines that failure to provide the update or repair would prevent the successful maintenance of competitive integrated employment or would result in a significant cost savings to the office.
- (5) An upgrade or repair may be provided to an individual who does not meet the requirements of this section if the office determines:
- (a) That documentation exists that failure to provide the services will preclude the successful achievement or maintenance of competitive integrated employment under the individualized plan for employment; or
 - (b) The provision of the service would result in a substantial cost savings to the office.

Section 20. Repeat Vehicle Modifications.
