

**STATEMENT OF EMERGENCY**  
**201 KAR 5:010E.**

Pursuant to KRS 13A.190(1)(a)1., this emergency amendment is being promulgated to meet an imminent threat to public health, safety, and welfare. This emergency amendment is necessary to immediately revise certain licensure examination requirements. In response to OAG 25-13, the October 1, 2025 Opinion of the Attorney General (AG), the Board of Optometric Examiners (KBOE) promulgated 201 KAR 5:021E to review the licenses of individuals who graduated from optometry schools between 2020 and 2023. That emergency regulation included the option of submitting results from the Optometry Examining Board of Canada (OEBC) written examination as an alternative to results from the National Board of Examiners in Optometry (NBEO) Part I, which was also an option for initial licensure under 201 KAR 5:010, as effective July 30, 2025. However, in response to public comments the KBOE filed a Statement of Consideration on April 15, 2026 to amend 201 KAR 5:021E to immediately remove the OEBC written examination as an acceptable test option for the ongoing license reviews moving forward. This emergency amendment to 201 KAR 5:010E is required to ensure that the OEBC written examination is immediately removed as an option for initial licensure as well. This emergency amendment will be replaced by an ordinary administrative regulation amendment. The ordinary administrative regulation amendment will not be identical to this emergency amendment, as the language in Section 1 of the emergency amendment should not be included in the ordinary regulation once the emergency amendment expires. This emergency amendment does not have the same subject matter as an emergency administrative regulation that was previously filed and withdrawn within the past 270 days.
