The extent of the instructions shall be commensurate with potential radiological health protection problems in the workplace.

Section 3. Notifications and Reports to Individuals.

- (1) Radiation exposure data for an individual and the results of measurements, analyses, and calculations of radioactive material deposited or retained in the body of an individual, shall be reported to the individual.

The reports shall be transmitted to the individual at a time not later than the transmittal to the cabinet.

(7)

(a) At the request of a worker who is terminating employment in work involving exposure to radiation or radioactive material during the current year, the licensee or registrant shall provide to the worker, or to the worker's designee, at termination a written report regarding the radiation dose received by that worker from operations of the licensee or registrant during the current year or fraction thereof.

(4) The workers' representative shall be routinely engaged in work under control of the licensee or registrant and shall have received instructions as specified in Section 2 of this administrative regulation.

(5) Different representatives of licensees or registrants and workers may accompany the inspectors during different phases of an inspection if there is no resulting interference with the conduct of an inspection. However, only one (1) workers' representative at a time may accompany the inspectors.

(6) With the approval of the licensee or registrant and the workers' representative, an individual who is not routinely engaged in work under control of the licensee or registrant, for example, a consultant to the licensee or registrant or to the workers' representative, shall be afforded the opportunity to accompany cabinet inspectors during the inspection of physical working conditions.

(2) During the course of an inspection, a worker may bring to the attention of the inspectors, either orally or in writing, a past or present condition that he has reason to believe may have contributed to or caused a violation of the Act, 902 KAR Chapter 100, or license condition, or an unnecessary exposure of an individual to radiation from licensed radioactive material or a registered radiation machine under the licensee's or registrant's control. A written notice shall comply with the requirements of Section 6(1) of this administrative regulation.

(3) The requirements of subsection (2) of this section shall not be interpreted as authorization to disregard instructions required by Section 2 of this administrative regulation.

Section 6. Requests by Workers for Inspections.

(1)

(a) A worker or representative of workers who believes that a violation of the Act, 902 KAR Chapter 100, or a license condition exists or has occurred in work under a license or registration with regard to radiological working conditions in which the worker is engaged, may request an inspection by giving notice of the alleged violation to the Cabinet for Health and Family Services, Radiation Health Branch.

(b) The notice shall:

2. Set forth the specific grounds for the notice; and
3. Be signed by the worker or representative of the workers.

(2) In accordance with 49 C.F.R. 19.16, if, upon receipt of the notice, the Manager, Radiation Health Branch, determines that the complaint meets the requirements established in subsection (1) of this section, and that there are reasonable grounds to believe that the alleged violation exists or has occurred, the manager of the Radiation and Health Branch shall cause an inspection to be made as soon as practicable, to determine if the alleged violation exists or has occurred. An inspection authorized by this section may not be limited to matters referred to in the complaint.

- (b) Instituted or caused to be instituted a proceeding under 902 KAR 100:170;
- (c) Testified or is about to testify in a proceeding; or
- (d) Exercised an option on behalf of himself or others afforded by this administrative regulation.

Section 7. Inspections not Warranted; Informal Review.

(1)

(a) If the Cabinet for Health and Family Services, Radiation Health Branch determines, with respect to a complaint under Section 6 of this administrative regulation, that an inspection is not warranted because there are no reasonable grounds to believe that a violation exists or has occurred, the cabinet shall notify the complainant in writing of the determination.

(b) The complainant may obtain a review of the determination by submitting a written statement of position with the Commissioner, Department for Public Health. The commissioner shall provide the licensee or registrant with a copy of the statement by certified mail excluding, at the request of the complainant, the name of the complainant.

(c) The licensee or registrant may submit an opposing written statement of position with the commissioner, who shall provide the complainant with a copy of the statement by certified mail.

complainant shall be notified, in writing, of the determination. The determination shall be without prejudice to the filing of a new complaint meeting the requirements of Section 6(1) of this administrative regulation.

Section 8. Employee Protection.

- (c) Other enforcement action.

(4)

(a) An action taken by an employer or others that adversely affects an employee shall be predicated upon nondiscriminatory grounds.

(b) The prohibition applies if the adverse action occurs because the employee has engaged in a protected activity.

(c) An employee's engagement in a protected activity does not automatically render him or her immune from discharge or discipline for legitimate reasons, or from adverse action dictated by nonprohibited considerations.

(5) An agreement affecting the compensation, terms, conditions, or privileges of employment, including an agreement to settle a complaint filed by an employee with the

Department of Labor, shall not contain a provision that has the potential to prohibit, restrict, or discourage an employee from participating in protected activity, including providing information to the cabinet or to his or her employer on alleged violations or other matters within cabinet's regulatory responsibilities.
