Amended Regulations

(In order to show the effect of amendments, the original regulation is reprinted with matter being deleted enclosed within brackets and new matter underlined where typewritten, or in italics if typeset.)

(The three regulations which follow, published originally in the December issue [2 Ky.R 269, 272, 273], were amended by the issuing agency following hearings. The regulations, as amended, will be considered by the Administrative Regulation Review Subcommittee at its next regular meeting on February 4, 1976.]

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY (Proposed Amendment)

11 KAR 5:020. Definitions.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785

PURSUANT TO: KRS 13.082, 164.748(3)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistnace to students to attend Kentucky post-secondary institutions. This regulation sets forth the definitions of acronyms, words and phrases used in the administration of KHEAA grant programs.

Section 1. Definitions. (1) "Academic year" is a period of time, usually eight (8) or nine (9) months, during which a full-time student would normally be expected to complete the equivalent of two (2) semesters, two (2) trimesters, or three (3) quarters of instruction.

(2) "Accredited" for the purpose of the State Student Incentive Grant is interpreted by the authority to mean fully accredited pursuant to KRS 164.740(3), (4), (5), or (6). Accredited for the purpose of the Kentucky Tuition Grant is interpreted by the authority to mean fully accredited by the Commission on Colleges of the Southern Association of Colleges and Schools. The authority, therefore, does not recognize as fully accredited those institutions classified as "correspondent," or "recognized candidate for accreditation," or institutions having "three-letter" accreditation.

(3) "Agreement" is the document titled "Certifications and Declarations to Participate in the Kentucky Higher Education Assistance Authority Grant Programs" executed by the educational institution and the "Authority Declaration of Eligibility to Participate in the Kentucky Higher Education Assistance Authority Grant Programs" executed by the authority.

(4) "Application" means Kentucky Financial Aid Form, a copy of which is herein filed by reference. This form is available from Kentucky Higher Education Assistance Authority, Frankfort, Kentucky 40601.

(5) "Authority" is the Board of Directors of the Kentucky Higher Education Assistance Authority.

(6) "Basic Grant" is an award under the Basic Educational Opportunity Grant Program operated by the United States Government under the provision of PL Number 92-315.

(7) "Clock hour" is a period of time which is the equivalent of a fifty (50) to sixty (60) minute class, lecture or recitation, or a fifty (50) to sixty (60) minute period of faculty-supervised laboratory, shop training or internship.

(8) "Degree" means the earned academic title or designation, mark, appellation or series of letters or words which signify satisfactory completion of the requirements of an educational program of undergraduate study beyond the secondary school level and which leads to an associate or bachelor's degree.

(9) "Dependent student" is a KHEAA grant applicant who answers yes for the years specified on the application to any questions relating to living with parents more than two (2) consecutive weeks in a year, listing as a tax exemption on parents' United States income tax return, and receipt of financial assistance from parents.

(10) "Eligible course of study" is a program offered by an eligible institution which:

(a) Enrolls as regular students only those persons having either a certificate of graduation from a school providing secondary education or the recognized equivalent of such a certificate;

(b) Is of at least two (2) academic years duration; and

(c) Leads to a degree in a field other than theology, divinity, or religious education.

(11) "Eligible institution" is an accredited *public or other nonprofit or proprietary* educational institution in Kentucky which offers an eligible course of study which is not comprised solely of sectarian instruction, which has entered into an agreement with the authority, and which is licensed under the provisions of KRS 164.945 to 164.947 and Executive Order 74-633.

(12) "Executive director" is the chief administrative officer appointed by the authority.

(13) "Full-time student" is a student who is carrying a full-time academic work load, other than by correspondence, measured in terms of:

(a) Course work or other required activities as determined by the institution in which the student is enrolled, including any combination of courses, work experience, research or special studies which the institution requires of the student to consider him as being engaged in full-time study, and which amounts to the equivalent of a minimum of twelve (12) semester hours or twelve (12) quarter hours per academic term for institutions utilizing trimesters, semesters or quarter hour systems; and

(b) The tuition and fees customary for full-time study at that institution.

(14) "Independent student" is a KHEAA grant applicant who answers no to all questions relating to living with parents more than two (2) consecutive weeks in a year, listing as a tax exemption on parents' United States income tax return, and receipt of financial assistance from parents.

(15) "KHEAA grant program officer (KPGO)" is the full-time administrative official designated on the agreement by a participating institution to serve as the authority's on-campus agent to certify all institutional transactions and activities with respect to the KHEAA grant programs.

(16) "Over-award" means provision through any and all

sources of more financial assistance than is needed by a student.

(17) "Parental contribution (PC)" is the amount the parents or others in loco parentis of a dependent student can reasonably be expected to contribute toward meeting the student's educational cost. PC is determined for KHEAA grant programs by application of the uniform methodology of need analysis assessment to the data entered on the application.

(18) "Proprietary institution" means a school:

[(a) Which provides a program of training of at least two (2) academic years duration to prepare students for gainful employment in a recognized occupation;]

(a) [(b)] Which admits as regular students only persons having a certificate of graduation from a school providing secondary education or the recognized equivalent of such a certificate;

(b) [(c)] Which, *if it offers courses subject to approval under the Proprietary School Act of 1972, as interpreted by OAG 73-251,* is legally authorized under the provisions of [the Proprietary School Act of 1972] *that act to provide a program of education beyond secondary education and which is legally authorized by the State Board of Business Schools* under the provisions of KRS Chapter 331 to provide a program of education beyond secondary education;

(c) [(d)] Which is licensed by the Council on Public Higher Education under the provisions of KRS 164.945 to 164.947 and Executive Order 74-633;

(d) [(e)] Which, pursuant to KRS 164.740(6), is accredited by the Association of Independent Colleges and Schools, Accreditation Commission, which is successor to the Commission for Business Schools;

(e) [(f)] Which is not a public or other nonprofit institution; and

(f) [(g)] Which has been in existence for at least two (2) years.

(19) "Resident of Kentucky" is a person who is classified as an in-state student in accordance with the "Policy on Classification of Students for Fee Assessment Purposes at State-Supported Institutions of Higher Education" as adopted and from time to time amended by the Council on Public Higher Education.

(20) "Student contribution (SC)" is the amount the student and/or spouse can reasonably be expected to contribute toward meeting the applicant's educational cost. The SC is determined for KHEAA grant programs by application of the uniform methodology of need analysis assessment to the data entered on the application.

(21) "Student eligibility index (SEI)" is the expected family contribution computed by the United States Office of Education, or its contractor from the data on the application for a basic grant.

(22) "Total cost of education (TCE)" for an academic year is an amount determined for each applicant by the following formula: normal tuition and fees for a full-time student at the institution chosen by the applicant plus maximum board contract *amount* plus minimum room contract *amount.* For a one (1) semester applicant one-half (½) of the TCE shall be used. For institutions which do not have room and board charges, a maintenance allowance of $900 for the year or $450 for a semester *or such other allowances for room and board as may be agreed to between the authority and any eligible institution,* will be allowed.

PAUL P. BORDEN, Executive Director
ADOPTED: January 8, 1976
RECEIVED BY LRC: January 9, 1976 at 4:20 p.m.

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY
(Proposed Amendment)

11 KAR 5:060. Award determination procedure.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785

PURSUANT TO: KRS 13.082, 164.748(3)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky post-secondary institutions. This regulation sets forth the award determination procedures for the KHEAA grant programs.

Section 1. State Student Incentive Grant Program eligibility. Each application shall be reviewed for determination that all eligibility requirements set forth in 11 KAR 5:030 for SSIG are met. If the applicant is eligible for SSIG consideration, the amount of award eligibility shall be determined by reference to the SSIG award determination table for the appropriate academic year or portion thereof. Awards shall be assigned *for dependent students* in order of ascending expected parental contribution *and for independent students in order of ascending expected student and/or spouse contribution,* with *applicants* [students] having the least expected [parental] contribution receiving awards first. SSIG awards *shall* [will] be offered to the extent that funds are available.

Section 2. Kentucky Tuition Grant Program eligibility. Whether or not the applicant is eligible for *a* [an] SSIG award, the application shall be reviewed for determination of eligibility for a Kentucky Tuition Grant award.

Section 3. KTG need. For each KTG eligible applicant, the KTG need shall be computed according to the following formula: KTG need equals total cost of education minus the sum of:

(1) Expected basic grant;

(2) Expected parental contribution for dependent applicants or expected student and/or spouse contribution for independent applicants; and

(3) SSIG.

Section 4. KTG award. (1) If an applicant has not received *a* [an] SSIG award but the KTG need is an amount equal to or greater than $200, the KTG shall be the lesser of the KTG need or the maximum grant authorized by KRS 164.785(3) provided that KTG awards *shall* [will] be offered only to the extent that funds are available.

(2) If an applicant has received *a* [an] SSIG award and the KTG need is an amount equal to or greater than fifty dollars ($50), the KTG award shall be the lesser of the KTG need or the maximum grant authorized by KRS 164.785(3)

provided that KTG awards *shall* [will] be offered only to the extent that funds are available.

Section 5. Minimum award amount. The minimum KHEAA grant awarded to any recipient for a given academic year *shall* [will] be $200. Minimum award for a one (1) semester grant *shall* [will] be $100.

Section 6. SSIG and/or KTG shall be awarded as a KHEAA grant.

Section 7. A KHEAA grant shall not exceed the cost of tuition and fees charged to the student during the academic year of the award. A semester award shall not exceed tuition and fee charges for that semester.

Section 8. The authority may reduce or revoke a KHEAA grant upon receipt of documentation that the total non-repayable gift assistance from other state funds in combination with the KHEAA grant *exceeds* [will exceed] the student's total cost of education.

Section 9. The authority shall reduce or revoke a KHEAA grant upon receipt of documentation that financial assistance from sources other than the authority in combination with the KHEAA grant *exceeds* [will exceed] the institution's financial need determination for that student. The KGPO and the award recipient shall make every reasonable effort to provide the authority the information needed to prevent an overaward.

PAUL P. BORDEN, Executive Director
ADOPTED: January 8, 1976
RECEIVED BY LRC: January 9, 1976 at 4:20 p.m.

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY
(Proposed Amendment)

11 KAR 5:085. Requirement of basic grant application.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785
PURSUANT TO: KRS 13.082, 164.748(3)
NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky post-secondary institutions. This regulation *provides for cancellation of undisbursed portions of KHEAA grants to students who are potentially eligible for, but who do not apply for, a basic grant.* [prohibits payment of second semester KHEAA grant disbursements to students who do not apply for basic grants.]

Section 1. *A KHEAA grant recipient who on the basis of information submitted on the KHEAA grant application is potentially eligible for a basic grant must apply for the basic grant prior to disbursement of the spring semester portion of the KHEAA grant. Recipients subject to this regulation will be notified by the authority in advance of any action by the authority to cancel the undisbursed portion of the KHEAA grant. If within a reasonable time following such notification the student fails to apply for a basic grant the undisbursed portion of the KHEAA grant shall be cancelled.* [To receive a spring semester KHEAA grant disbursement, a KHEAA grant recipient must have applied for a basic grant. Recipients for whom documentation of such application has not been received prior to the beginning of said semester shall have the remaining undisbursed portion of their KHEAA grant cancelled.]

PAUL P. BORDEN, Executive Director
ADOPTED: January 8, 1976
RECEIVED BY LRC: January 9, 1976 at 4:20 p.m.

SECRETARY OF THE CABINET
Kentucky Teachers' Retirement System
(Proposed Amendment)

102 KAR 1:110. Leave of absence.

RELATES TO: KRS 161.545
PURSUANT TO: KRS 13.082, 161.310
NECESSITY AND FUNCTION: KRS 161.545 provides that members of the Teachers' Retirement System may make contributions and receive service credit while on a leave of absence as set out in regulations of the board of trustees. This regulation provides procedures for receiving such contributions and granting of service credit for members on leave of absence.

Section 1. Members may make contributions while on leave of absence granted by the governing board of a school district or institution in accordance with the provisions of the statutes at the time the leave is granted. Payment of contributions shall be made by the end of the fiscal year next succeeding the year in which the leave was effective. No member may make payment on leave of absence for more than three (3) years in any ten (10) year period beginning with the first year of such leave. The administrative head of the district or institution granting the leave shall certify the granting or extension of leave to the Teachers' Retirement System. No leave for a period longer than one (1) year shall be recognized, but such leaves may be extended annually for a total not to exceed three (3) years.

Section 2. Contributions for a period of leave shall be based on the annual salary for the last year of active service at the contribution rate in effect for the period of leave. Interest at the rate of six (6) percent per annum shall be added for contributions paid after the end of the school year for which the leave was granted.

Section 3. A leave of absence shall not be recognized by the Teachers' Retirement System as a basis for making contributions to the system unless the member was employed in a covered position as defined in KRS 161.220(22), by the employer granting the leave, and received compensation for at least one-half (½) a regular school year during the year the leave was granted or during the next preceding school year.

TED L. CROSTHWAIT, Executive Secretary
ADOPTED: December 15, 1975
RECEIVED BY LRC: December 18, 1975 at 1:10 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Ted L. Crosthwait, Executive Secretary, Teachers' Retirement System, 216 West Main Street, Frankfort, Kentucky 40601.

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION
Real Estate Commission
(Proposed Amendment)

201 KAR 11:060. Broker's name required on advertising.

RELATES TO: KRS 324.020
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To inform and set certain standards for the licensees and to protect the public. *Amendment necessary for including Broker-Salesmen.*

Section 1. Unless otherwise prohibited by law, the employing broker's name and the fact that he is a real estate broker shall appear in all advertising of any nature whatsoever, including newspaper ads, all signs, stationery, cards, etc., in order that the general public be advised of the licensed broker. Firm name only is required on newspaper classified ads. This regulation shall apply only to those brokers who are doing business under a firm name or assumed name other than their own.

Section 2. The name of the employing broker on all posted signs shall not be less than one (1) inch in height.

Section 3. The deceased broker's name may remain a part of the firm name.

Section 4. Only brokers *and broker-salesmen* may have their name in the firm name. (No salesman's name may be a part of the firm name.)

Section 5. Any salesman or broker employed as a salesman must advertise in the name of his employing broker, even when selling his own property.

CHARLES R. BROWN, Chairman
ADOPTED: December 4, 1975
APPROVED: WILLIAM E. SCENT, Commissioner
RECEIVED BY LRC: December 18, 1975 at 1:10 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: General Counselor, Real Estate Commission, 100 East Liberty Street, Suite 204, Louisville, Kentucky 40202.

DEPARTMENT OF JUSTICE
Kentucky Crime Commission
(Proposed Amendment)

500 KAR 5:015. Filing period for grant application.

RELATES TO: KRS 15A.040
PURSUANT TO: KRS 15A.140, 15A.160
NECESSITY AND FUNCTION: KRS 15A.140 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations consistent with the provisions of 1974 Acts Chapter 74. KRS 15A.040 vests supervisory authority of federal and state grant programs with the Kentucky Crime Commission. The Crime Control Act of 1973, 42 USC 3701, provides that the Kentucky Crime Commission shall approve or disapprove all grant applications within ninety (90) days of receipt thereof. This regulation establishes the filing period for grant applications, *grant adjustments,* budget revisions, or concept papers to insure proper administrative review within this ninety (90) day period.

Section 1. Applications for grants, *grant adjustments,* budget revisions, or concept papers involving funds administered by the Department of Justice as the state planning agency shall be filed with the Executive Office of Staff Services of the Department of Justice. A grant application, *grant adjustment,* budget revisions, or concept paper shall be considered as officially received and eligible for staff review by the Executive Office of Staff Services and action by the Kentucky Crime Commission at its next regular meeting if the grant application, *grant adjustment,* budget revision, or concept paper is physically received by the Executive Office of Staff Services during the period commencing sixty (60) calendar days prior to and terminating at 4:30 p.m. local time, forty-five (45) calendar days prior to the next regular stated meeting of the Kentucky Crime Commission. Grant applications, *grant adjustments,* budget revisions, or concept papers not delivered to the Executive Office of Staff Services during any such filing period shall not be considered received and shall be returned to the applicant in which case the applicant shall be advised of the filing deadline for subsequent consideration of the grant application, *grant adjustment,* budget revision, or concept paper.

JOHN L. SMITH, Secretary
Chairman, Kentucky Crime Commission
ADOPTED: December 22, 1975
RECEIVED BY LRC: December 30, 1975 at 1:30 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: The Secretary, Department of Justice, 213 St. Clair Street, Frankfort, Kentucky 40601.

DEPARTMENT OF TRANSPORTATION
Division of Aeronautics and Airport Zoning
Kentucky Airport Zoning Commission
(Proposed Amendment)

602 KAR 50:010. Definitions.

RELATES TO: KRS 183.861 to 183.990
PURSUANT TO: KRS 13.082, 183.861
NECESSITY AND FUNCTION: To define certain terms used in the regulations of the Kentucky Airport Zoning Commission. The purpose of this amendment is to further define terms used in the regulations of the Commission.

Section 1. Administrative Terms. (1) "Administrator" means the Administrator of the Kentucky Airport Zoning Commission or any individual to whom he has delegated his authority in the matter concerned.
(2) "Commission" means the Kentucky Airport Zoning Commission created pursuant to KRS 183.861 through 183.990.
(3) "Local zoning body" means an independent, joint or regional planning commission or any local government which is a member of a planning unit created pursuant to KRS Chapter 100.

Section 2. Zoning Terms. (1) "Airport" as used in these regulations, means any area of land or water operated or constructed by an airport board or other governmental agency located within the Commonwealth which is

designed for the landing and taking-off of aircraft, and any appurtenant areas used, or intended for use, for airport buildings, facilities, or rights of way, and all airport buildings and facilities located thereon; including, but not limited to, runways, taxiways, aircraft ramps, terminal and cargo building, gates, hangars, shops, service buildings, automobile parking, motels, restaurants, retail and wholesale stores, banks, automobile service facilities and garages, and entrance and service roads used or useful in connection with or as a part of the airport.

(2) *"Jurisdictional* [conical] surface" means that surface extending from the periphery of the airport reference points as established on the zoning map and extending outward and upward therefrom at a slope and horizontal distance as defined in these regulations.

(3) "Zoned airspace" means the airspace above the *jurisdictional* [conical] surface in which zoning jurisdiction is assumed by these regulations.

(4) "Reference point" for each runway means that point as depicted on the airport map at the end of each runway as presently exists or as depicted on the airport master plan or as proposed to be extended in a letter of intent on file with the Federal Aviation Administration, all of which shall have reasonable assurance of completion. The height of each reference point shall in all cases be its height above sea level.

(5) "Runway" means the surface of an airport used for landing and taking off of aircraft as depicted on the airport zoning map and airport master plan.

(6) "Obstruction" means any structure, object of natural growth, or use of land which protrudes into the zoned airspace as herein defined.

(7) "Navigable airspace" means air space above the minimum altitudes of flight prescribed by the regulations of the federal aviation agency or department consistent therewith, and includes the air space necessary for normal landing or taking off of aircraft.

Section 3. General Definitions. (1) "Person" means any individual, firm, partnership, corporation, company, association, or body politic, and includes any trustee, receiver, assignee or other similar representative thereof.

(2) "Structure" means any object constructed or installed by man, including, but not limited to, buildings, towers smokestacks, and overhead transmission lines, and objects of natural growth whether temporary or permanent.

(3) "Body politic" means the Commonwealth of Kentucky and its political subdividions, departments, commissions, boards, authorities, agencies, or any instrumentality of the state government, county or city government.

(4) "Alter a structure" means to increase the height of a structure or change the visibility of a structure by painting, marking or lighting the structure in a manner different from the painting, marking, and lighting standards set forth in the regulations of the commission.

Section 4. Airport Master Plan. As used in the regulations of the commission "Airport Master Plan" or "airport map" means the basic plan for the layout of a public airport that shows as a minimum:

(1) The present boundaries of the airport and of the offsite area that the owner of a public airport owns or controls for airport purposes, and of their proposed additions;

(2) The location and nature of existing and proposed airport facilities (such as runways, taxiways, aprons, terminal buildings, hangars, and roads) and of their proposed modification and extensions; and,

(3) The location of existing and proposed non-aviation areas, and of their existing improvements.

(4) An owner of an existing or proposed public airport may file a copy of its airport layout plan prepared under Part 151 of the Federal Aviation Regulations that has been approved by the FAA in lieu of an airport master plan or airport map.

Section 5. Definitions Relating to permits (1) "Permit" means the approval of an Application for a Permit to Alter or Construct a Structure by the administrator of the commission pursuant to the regulations of the commission.

(2) "Airport land use permit" means the approval by order of the commission of a request by a public airport to change a use or activity within an airport which is otherwise prohibited by the regulations of the commission.

Section 6. (1) "Aeronautical study" means that the administrator conducts the "aeronautical study" of the effect of the proposed construction or alteration of a structure upon the operation of air navigation facilities and the safe and efficient utilization of the navigable airspace. This study may include the physical and electromagnetic radiation effect the proposal may have on the operation of an air navigation facility.

(2) To the extent considered necessary the administrator:

(a) Solicits comments, in writing, from all interested persons, including but not limited to, the manager or chief executive officer of the airport, the airport board, the chief executive of the city and the county judge of the units of local government that appoint the airport board;

(b) Explores objections to the proposal and attempts to develop recommendations for adjustments of aviation requirements that would accommodate the proposed construction or alteration;

(c) Examines possible revisions of the proposal that would eliminate the exceeding of standards in the regulations of the commission;

(d) The administrator issues a recommendation to the commission as to whether the proposed construction or alteration would be a hazard to air navigation and send copies to all known interested persons;

(e) If the applicant revises his proposal to eliminate exceeding of the standards of the regulations of the commission or withdraws it, the administrator terminates the study and notifies all known interested persons and the commission.

602 KAR 50:030. Jurisdiction of commission.

RELATES TO: KRS 183.861, 183.865, 183.867
PURSUANT TO: KRS 13.082, 183.861
NECESSITY AND FUNCTION: To define the areas over which the Kentucky Airport Zoning Commission assumes jurisdiction for the purpose of zoning in accordance with the statutes.

Section 1. The commission assumes zoning jurisdiction over that air space over and around the public airports within the Commonwealth which lies above the *jurisdictional* [conical] surface which shall extend outward and upward at a slope of 100 to one (1) from the peripheral of the reference points for each runway, as depicted on the Airport Zoning Map, for a horizontal distance of 20,000 feet, and thereafter at a slope of thirty (30) to one (1) for a horizontal distance of 24,000 feet.

Section 2. The commission assumes zoning jurisdiction over the use of land and structures within public airports within the state.

Section 3. The commission recognizes that it has the power to assume jurisdiction over the use of land and structures around airports notwithstanding the provisions of KRS Chapters 100 and 147.

RELATES TO: KRS 183.870
PURSUANT TO: KRS 13.082, 183.861
NECESSITY AND FUNCTION: To regulate the heights of structures in the navigable air space of the Commonwealth for the benefit of the safety of aircraft and the public.

Section 1. No person shall construct or alter any existing structure above the ground level or the surface of open water in that remaining navigable airspace of the state outside the *zoned airspace* [conical surface] that exceeds: 200 feet in height above the ground level, or fifty (50) feet in height above the surface of open water, unless the persons who intend to construct or alter such a structure obtains a permit from the commission in accordance with the procedures set forth in the regulations of the commission.

Section 2. The commission shall consider the factors set forth in KRS 183.870(1) in approving or disapproving an application for the issuance of a permit under Section 1.

603 KAR 5:095. Truckway classifications.

RELATES TO: KRS 189.222
PURSUANT TO: KRS 13.082, 174.050, 189.222
NECESSITY AND FUNCTION: KRS 189.222 authorizes the Secretary of Transportation to establish reasonable weight and dimension limits on all highways included in the State Primary Road System. This regulation is adopted to identify those portions of the highway system affected and indicate their classification.

Section 1. The classifications for KY 36 are amended to read as follows:

AAA–From South end of bridge at Milton to Jct. US 42 at Prestonsville near Carrollton, and from Junction with US 60 in Owingsville to Junction with *US 460 at Frenchburg* [I-64], except bridge over Big Salt Lick Creek, 0.2 mile south of the Bath-Menifee County Line, and Bridge over Beaver Creek in Frenchburg, limited to 62,000 pounds gross load for Type III trucks; and from Jct. US 68 approximately 13 miles NE of Paris to Jct. KY 32 in Carlisle.

AA–From Breckinridge to Jct. US 27 in Cynthiana.

A–From Jct. with I-75 and Old US 25 near Williamstown to Breckinridge, and from Jct. US 60 in Owingsville extending northwest to KY 1994, except Southern Railroad overpass near Williamstown (10 ton capacity).

B–All other portions not herein classified.

Section 2. The classifications for KY 211 are amended to read as follows:

AA–From Jct. US 60 at Salt Lick to *Jct. KY 36, 0.6 mile north of the Bath-Menifee County Line* [Pipe and Supply Company entrance approximately 0.6 mile SW of US 60].

B–All other portions not herein classified.

(Proposed Amendment)

603 KAR 5:110. Permits for moving mobile homes.

RELATES TO: KRS 189.270
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: KRS 189.275 authorizes the Department of Transportation to issue permits for the movement of mobile homes exceeding legal dimensions. This regulation establishes permit fees and determines requirements necessary in the interest of highway safety.

Section 1. No house trailer of a width greater than eight (8) feet or with a combined length of house trailer and towing vehicle greater than fifty-five (55) feet, one or both, shall be towed upon any Kentucky highway unless, and until a special written permit has been issued by the Department of Transportation.

Section 2. Permits will be issued for single trips, or at the option of owners as set forth in Section 3, an annual permit will be issued to authorize movement of house trailers not exceeding twelve (12) feet in width. Registration and capacity of towing vehicles for house trailers in excess of eight (8) feet wide shall be the same as noted in Section 3. Single trip permits will be issued for a period of not more than ten (10) calendar days.

Section 3. Annual permits for movement of house trailers not exceeding twelve (12) feet in width on specified highways as shown by map on the permit will be issued to dealers and manufacturers located within the Commonwealth of Kentucky and certificated motor carriers who are properly licensed as such by the Department of Transportation and to private owner-residents of Kentucky for movements of their personally owned house trailers. No annual permits will be issued for the movement of house trailers in excess of twelve (12) feet in width. Each towing vehicle for house trailers twelve (12) feet wide must be registered in Kentucky for a gross weight of not less than 22,000 pounds, have dual wheels on the rear and be rated at least one and one-half (1 1/2) ton capacity. Towing vehicles for house trailers fourteen (14) feet wide must have a minimum of 185 horsepower, a minimum of two (2) ton capacity, and must be licensed for a gross weight equal to the combined weight of the towing vehicle and the house trailer.

Section 4. The issue cost of single trip permits shall be ten dollars ($10) and the issue cost of annual permits shall be forty dollars ($40) for each towing vehicle and the cost will not be prorated. Permits will not be issued for units, including towing vehicle and house trailer combined, exceeding *eighty-five (85)* [eighty (80)] feet in length and fourteen (14) feet in width. The mobile home itself shall not exceed seventy (70) feet in length. Single trip permits will specify the highway to be used for the trip.

Section 5. Annual permits shall be issued by the Permit Section, Division of Motor Carriers, Department of Transportation, Frankfort, Kentucky.

Section 6. Single trip permits shall be issued by the Permit Section, Division of Motor Carriers, Frankfort, Kentucky, and by the Department of Transportation District Offices at Paducah, Madisonville, Bowling Green, Elizabethtown, Louisville, Covington, Lexington, Somerset, Flemingsburg, Ashland Sub-District, Jackson, Manchester and Pikeville, Kentucky.

Section 7. One lead escort vehicle is required for movement of house trailers twelve (12) feet wide on all two (2) lane highways except on sections of toll roads which may be two (2) lane. Escort vehicles, both front and rear, may be required on some highways where highway conditions may dictate the need. Red flags twelve (12) feet by twelve (12) feet square must be displayed both sides front bumper of lead escort and both sides of rear of a following escort. Amber flashing lights may be used on both escort and towing vehicle. Red lights are prohibited.

Section 8. All permit forms and requests for trip permits shall specify make of towing vehicle, license number and state of issue, name and address of owner, dates for travel and routes of travel. Requests and permit forms for annual permits shall specify make of towing vehicle, rated capacity, serial number, license number, and whether for hire or private carrier.

Section 9. A duplicate permit to replace an annual permit or to transfer the permit to another vehicle may be obtained from the Permit Section, Division of Motor Carriers, Frankfort, by the payment of a fee ten dollars ($10).

Section 10. Prior departmental approval must be secured from the Permit Section, Division of Motor Carriers, Frankfort, for any house trailer hauled under an annual permit which deviates from the routes prescribed in the permit issued for the towing vehicle.

Section 11. Permits shall be carried in the towing vehicles and must be presented, upon request, to any law enforcement officer or authorized personnel of the Department of Transportation for inspection.

Section 12. Permits are valid during daylight hours only, from Monday through Saturday noon, except for those periods before, during and after the following holidays: New Year's Day; Memorial Day; Independence Day; Labor Day; Thanksgiving Day; and Christmas Day. In connection with these holidays, travel is not permitted from noon the preceding day until daylight of the next permissible day. If the holiday occurs on Sunday or Monday the restricted period will extend from noon of the preceding Friday to daylight of the following Tuesday. If satisfactory proof of an emergency is furnished the Permit Section, Division of Motor Carriers, Frankfort, Kentucky, the Permit Section may authorize moves during the restricted hours. The term "daylight hours" means the period from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset, but is does not include such period or part thereof when atmospheric conditions render visibility lower than is ordinarily the case during such daylight hours.

Section 13. Single trip permits for moves involving house trailers fourteen (14) feet wide will be issued by the Central Office only. The permit fee shall be ten dollars ($10).

Section 14. Moves of house trailers fourteen (14) feet wide will be limited to four (4) lane highways and to reasonable distances on two (2) lane highways. The definition of a reasonable distance from a four (4) lane highway to the units ultimate destination is defined in the sense that the Department of Transportation will in its best judgment designate the shortest and best route to be used. The department shall deny movements on any routes deemed unsuitable for move.

Section 15. Moves cannot be made when the pavement is wet or when wind velocity exceeds twenty-five (25) M P H Moves will be made between the hours of 9:00 a.m. and 3:00 p.m. week days only. No travel on weekends, holidays or at night.

Section 16. When house trailers fourteen (14) feet wide are moved, one (1) escort will be required in the rear on four (4) lane highways and one (1) escort vehicle, both front and rear, on other highways. Escort vehicles shall have an amber flashing light on the roof. The house trailer shall be equipped with four (4) way amber flashers spaced not less than six (6) feet above the roadway. All running lights must be on while in motion. All axles on the house trailer shall be equipped with brakes.

Section 17. Speed limit on movement of fourteen (14) feet wide house trailers on interstate highways is forty-five (45) M.P.H. On other highways the speed limit is thirty-five (35) M.P.H., unless posted minimum speed exceeds this, then this may be increased to the minimum posted speed.

Department of Education
Bureau of Instruction
(Proposed Amendment)

704 KAR 20:205. Special education teachers.

RELATES TO: KRS 161.020, 161.025, 161.030
PURSUANT TO: KRS 13.082, 156.070, 156.130, 156.160
NECESSITY AND FUNCTION: KRS 161.020, 161.025, and 161.030 require that teachers and other professional school personnel hold certificates of legal qualifications for their respective positions to be issued upon completion of programs of preparation prescribed by the Kentucky Council on Teacher Education and Certification and approved by the State Board of Education; furthermore, the teacher education institutions are required to be approved for offering the preparation programs corresponding to particular certificates on the basis of standards and procedures recommended by the council and approved by the state board. This regulation establishes an appropriate certificate and relates to the corresponding standards and procedures for program approval as included in the Kentucky State Plan for the Approval of Preparation Programs for the Certification of Professional School Personnel.

Section 1. Special education certification for teachers of exceptional children shall be identified by the designation "special education" followed by the designation of the particular category of exceptionality for which the program of preparation is designed. The separate special education categories of exceptionality for teacher certification purposes are designated as follows:
(1) Special Education—Educable mentally retarded;
(2) Special Education—Trainable mentally retarded;
(3) Special Education—Orthopedically handicapped;
(4) Special Education—Partially seeing;
(5) Special Education—Blind;
(6) Special Education—Hard of hearing;
(7) Special Education—Deaf;
(8) Special Education—Neurologically impaired;
(9) Special Education—Emotionally distrubed;
(10) Special Education—Speech and hearing.

Section 2. (1) The basic pattern of preparation for special education teachers of exceptional children shall be preparation for one (1) of the designated special education categories of exceptionality listed in Section 1 and also preparation for regular classroom teaching at either the elementary, junior high, or high school level.

(2) As an alternate pattern for the category of "Special Education—Speech and Hearing" the preparation program may be made up of a four (4) year program with a bachelor's degree which includes the General Education Component and the Component for Special Education—Speech and Hearing; however, the validity of a certificate based upon this alternate program shall be limited to teaching only in the special education assignment corresponding to the preparation and not for regular classroom teaching.

Section 3. Certification as a teacher of exceptional children shall be issued in accordance with the pertinent Kentucky statutes and State Board of Education regulations to an applicant who has completed an approved program of preparation for either the provisional elementary certificate, the junior high school certificate, or the provisional high school certificate, and who has also completed the corresponding approved program of preparation for a designated category of special education at a teacher education institution approved under the standards and procedures included in the Kentucky State Plan for the Approval of Preparation Programs for the Certification of Professional School Personnel.

Section 4. The standard certificate for special education shall be issued initially for a duration period of ten (10) years and shall be extended for life upon three (3) years of successful teaching experience on a regular teaching certificate completed prior to the expiration of the certificate. If the requirements for life extension have not been completed by the end of the ten (10) year period, the certificate may be renewed at the end of each ten (10) year period upon completion of two (2) years of successful

teaching experience or upon six (6) semester hours graduate credit for each of the years required experience.

Section 5. Provisional certification for special education shall be issued as an endorsement to the base classroom teaching certificate for a duration period coinciding with that of the base certificate.

Section 6. (1) Effective with the preparation programs completed after September 1, 1975, certification for teaching special education shall be valid for teaching in the grades and subjects covered by the regular classroom teacher preparation program used as the base, and for teaching the designated special education category in the same grades as the base program, that is: elementary, grade one (1) through eight (8); junior high school, grade five (5) through nine (9); and high school, grades seven (7) through twelve (12).

(2) Effective for preparation programs completed prior to September 1, 1975, certification for teaching special education shall be valid for teaching in the grades and subjects covered by the regular classroom teacher preparation program used as the base, and for teaching the designated special education category in grades one (1) through twelve (12).

(3) As an exception, certification for the category of "Special Education–Speech and Hearing" shall be valid for grades K through twelve (12) for the special education assignment.

Section 7. (1) A certificate endorsement for teaching a specific category of special education for one (1) year shall be issued to an applicant who holds a regular classroom teaching certificate and who has completed at least six (6) semester hours credit from the approved preparation program for the corresponding special education category.

(2) The endorsement shall be valid for teaching the specific special education category in the same grades covered by the certificate used as the base for the endorsement.

(3) Subsequent one (1) year endorsements shall be issued to the applicant upon completion each year of an additional six (6) semester hours credit selected from the approved preparation program for the specific special education category.

(4) As a prerequisite for issuing a one (1) year endorsement for the category "Special Education–Speech and Hearing" the application shall be accompanied by a statement from the local board of education and the superintendent of the local school district declaring that an emergency exists as described in the regulations governing emergency teacher certification.

Section 8. Persons enrolled prior to the *1977-78* [1976-77] school term for any of the special education preparation programs described in this regulation must complete the entire program by September 1, *1981* [1980], in order to qualify for certification. Persons intending to prepare for any professional position relating to the teaching of exceptional children and beginning the program of preparation during the *1977-78* [1976-77] school term or thereafter shall follow the appropriate program of preparation as described in the regulations under the following titles: Provisional Certificate for Teachers of Exceptional Children–Learning and Behavior Disorders, Provisional Certificate for Teachers of Exceptional Children–Trainable Mentally Handicapped, Provisional Certificate for Teachers of Exceptional Childran–Speech and Communication Disorders, Provisional Certificate for Teachers of Exceptional Children– Hearing Impaired, endorsement for Teaching Visually Impaired Pupils, and Endorsement for Teaching Multiple Handicapped Pupils. Sections 1 through 8 of this regulation shall expire on September 1, *1981* [1980].

705 KAR 4:070. Agribusiness education.

RELATES TO: KRS 156.070, 163.030
PURSUANT TO: KRS 13.082
EFFECTIVE: ~~October 8, 1975~~
NECESSITY AND FUNCTION: To establish program standards for secondary agribusiness education programs.

Section 1. The following minimum requirements shall apply to those schools offering secondary agribusiness education programs:

(1) Instruction shall be for youth in secondary schools who are preparing for job entry in the field of agriculture. Classroom instruction and supervision of the students' occupational experience programs must be a part of the instructional program. Time shall be provided in the daily schedule for both class instruction and supervision.

(2) The curriculum shall be designed to offer training that will enable students to develop skills and competencies that are necessary for job entry and advancement in their chosen agricultural occupations.

(3) Each student shall plan and conduct, under the supervision of the teacher, an occupational experience program which contributes to his occupational objective.

(4) Each student enrolled in a preparatory program shall have a record of an occupational objective on file. It shall specify a planned sequence of instruction.

(5) Preparatory programs designed for eleventh and twelfth grade students shall be two (2) year programs that meet for a minimum two (2) hour block of instruction each school day.

(6) Any exception to the minimum requirements in this section shall have the approval of the Assistant Superintendent for Vocational Education.

Section 2. The Future Farmers of America (FFA) shall be the officially recognized student organization for secondary students enrolled in agribusiness education:

(1) Each approved program in agribusiness education shall have an active FFA chapter that provides leadership development for all its members as evidenced by its meeting the requirements for a standard chapter.

(2) Agribusiness education teachers shall serve as FFA chapter advisers. In multiple-teacher departments, each teacher shall share the FFA chapter responsibilities.

Section 3. (1) *A regular program of agribusiness education shall require the services of a teacher for a twelve (12) month period. The summer months shall be spent supervising occupational experience programs of secondary students, supervising the business operations of young and adult farmers and other agricultural workers employed in agriculture. In addition to providing the necessary supervision to students enrolled in the agribusiness education programs, the teacher shall also use summer employment for many of the following activities:* [Teachers of agribusiness education shall be employed for a minimum of one (1) month beyond the normal school year. This month shall be spent supervising students' occupational experience programs, attending approved in-service education, attending and supervising students at the annual FFA convention, revising the course of study, purchasing teaching materials, planning and conducting classroom and laboratory improvements. Additional extended employment of up to full twelve (12) months employment shall be provided when the teacher of agribusiness education conducts a program that requires fulltime employment involved in some of the following summer activities:]

(a) Teaching secondary students during summer sessions or during weeks of school extended beyond the normal school year.

[(b) Supervision of students enrolled in vocational programs during the academic year.]

(b) [(c)] Placement and follow-up of graduates.

[(d) Supervision of students' occupational experience programs.]

(c) [(e)] Supervision of students participating in local, regional, state and national livestock shows and fairs that are a part of the agribusiness education program.

(d) [(f)] Attending and supervising students during a week of leadership development at the Kentucky FFA Leadership Training Center.

(e) [(g)] Participation in the in-service training provided and promoted by the agribusiness education unit.

(f) [(h)] Planning and supervising summer activities of the FFA chapter.

(g) [(i)] Conducting planned evaluation to ascertain the quality and validity of the instructional program.

(h) Attending and supervising students at the annual state FFA convention.

(i) Revising the course of study, purchasing teaching materials, planning and conducting classroom and laboratory improvements.

(j) Visiting prospective students.

(2) *A plan for the agribusiness education program shall be submitted annually with the local plan for vocational education. It must include a plan for summer activities and weeks of teachers' time to be devoted to each. The summer plan shall be for the months of July and August of the current year and June of the following calendar year.* [The number of months of extended employment granted shall be based on plans submitted with the annual local plan for vocational education. The plan shall include the objectives as well as the activities and percentage of time to be devoted to each. The period covered by this plan shall be July 1 to June 30 of the following year.]

(3) By May 15, each agribusiness education teacher shall submit a schedule of [extended] employment activities for the summer. *This schedule shall be for June, July, and August of the current year.*

(4) Where the plans for a local program do not justify the services of a teacher of agribusiness education for a twelve (12) month period, a plan for employment of less than twelve (12) months must be developed between the local board of education and the local teacher. The plan, with justification, shall be submitted annually to the Superintendent of Public Instruction for approval.

Section 4. The schools offering agribusiness education shall provide facilities and equipment relevant to the program(s) being offered. (Example: greenhouse with related facilities and equipment for a horticulture program.) The facilities and equipment shall be approved by the Assistant Superintendent for Vocational Education. Minimum standards for facilities and equipment shall be prepared and distributed by the Bureau of Vocational Education.

Section 5. The minimum qualifications for employment of an agribusiness education teacher shall be: Agribusiness education teachers shall have valid cerrificate.

Section 6. Standards for cooperative education programs in agribusiness education, in addition to other regulations governing cooperative education programs, shall be:

(1) The student shall be placed on a farm, in an agricultural business, industry, processing plant, organization, or with a professional in agribusiness for cooperative work experience.

(2) A written training plan shall be agreed on by the cooperator, the trainee, the teacher, and the parents of the trainee.

(3) The trainee shall spend sufficient time in a salaried position to develop skills and competencies necessary to reach the occupational objective.

Section 7. The agribusiness education unit shall prepare course descriptions and criteria for distribution to local school districts when the criteria for approval are more specific than these program standards.

Proposed Regulations

DEPARTMENT OF TRANSPORTATION
Bureau of Vehicle Regulation

601 KAR 14:010. Headgear and eye-protective devices.

RELATES TO: KRS 189.285
PURSUANT TO: KRS 13.082, 174.080, 189.285
NECESSITY AND FUNCTION: KRS 189.285 requires the Secretary of Transportation, by regulation, to fix minimum standards for approved protective headgear, approved eye-protective devices, and prescribe the manner in which they shall be used. He is also required to maintain and cause to be published a list of approved protective headgear and approved eye-protective devices. This regulation is designed to comply with the statutory requirements.

Section 1. No person shall operate or ride as a passenger on a motorcycle unless such person wears protective headgear as adopted in Sections 3 and 4.

Section 2. No person shall operate or ride as a passenger on a motorcycle unless such person wears an eye-protective device as adopted in Section 5.

Section 3. Motor Vehicle Safety Standard No. 218, Motorcycle Helmets as of March 1, 1974, and future amendments and revisions thereto, adopted and issued by the National Highway Traffic Safety Administration, U. S. Department of Transportation, are hereby adopted insofar as they do not conflict with the laws of Kentucky.

Section 4. Specifications for Protective Headgear for Vehicle Users as of August 26, 1971, and future amendments and revisions thereto, approved and issued by the American National Standards Institute, Inc., are hereby adopted insofar as they dc not conflict with the laws of Kentucky.

Section 5. Minimum Requirements for Motorcyclists Eye Protection, as of August 5, 1971, and future amendments and revisions thereto, adopted and issued by the Vehicle Equipment Safety Commission are hereby adopted insofar as they do not conflict with the laws of Kentucky.

Section 6. The following shall constitute the lists of approved protective headgear and approved eye-protective devices as contemplated by KRS 189.285:
(1) For protective headgear, that list published by the American Association of Motor Vehicle Administrators under date of March 15, 1975, and future amendments and revisions thereto.
(2) For eye protective devices, that list published by the American Association of Motor Vehicle Administrators under date of September 15, 1975, and future amendments and revisions thereto.

Section 7. A copy of the standards, specifications and lists mentioned hereinabove is hereby incorporated by reference as part of this regulation. Subsequent amendments to any of the above-mentioned documents will be filed as any other regulation.

DEPARTMENT OF TRANSPORTATION
Bureau of Highways

603 KAR 5:066. Weight limits for trucks.

RELATES TO: KRS 189.222
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: KRS 189.222 authorizes the Secretary of Transportation to establish reasonable weight limits for trucks using the state maintained highway system. This regulation prescribes the maximum weight limits for each classification of roads in accordance with amended state and federal laws.

Section 1. General: The Secretary of Transportation, in respect to highways which are a part of the State Maintained System, by Official Order, has determined that an increase to the maximum gross weight prescribed in KRS 189.221, on designated highways or portions thereof, is justified by the strength, safety, and durability of the designated highways, and said highways do not appear susceptible to unreasonable and unusual damage by reason of such increases and said secretary is authorized to establish reasonable classifications of such roads and to fix a different maximum for each classification. Provided, however, that any increase shall not, in any way, exceed the federal law or regulations thereunder or jeopardize the allotment or qualification for federal aid funds of the Commonwealth of Kentucky or exceed the weights as specified hereinafter.

Section 2 Definitions: (1) Trucking Highways. All state maintained roads are assigned a maximum allowable gross weight as follows:
(a) Class "AAA" designates a maximum allowable gross weight of 80,000 pounds.
(b) Class "AA" designates a maximum allowable gross weight of 62,000 pounds.
(c) Class "A" designates a maximum allowable gross weight of 44,000 pounds.
(2) Truck Types. For the purpose of posting bridges at the site and for listing bridge weight restrictions in these regulations, the following truck types have been established:
(a) Type 1: This is a truck consisting of two (2) single axles.
(b) Type 2: This is a truck consisting of one (1) single axle and one (1) tandem axle.

(c) Type 3: This is a truck consisting of one (1) single axle and one (1) tri-axle.

(d) Type 4: This covers trucks with three (3) single axles or two (2) single axles and one (1) tandem axle or one (1) single axle and two (2) tandem axles or any other truck and trailer combination.

Section 3. The maximum weight for trucks using Class "AAA" highways shall be as follows:

(1) Gross Weight, including load, not to exceed 80,000 pounds. Gross axle weight for a single axle not to exceed 20,000 pounds (with axles less than forty-two (42) inches apart to be considered as a single axle).

(2) Gross weight not to exceed 34,000 pounds on two (2) axles in tandem arrangement which are spaced forty-two (42) inches or more apart and less than ninety-six (96) inches apart; 50,400 pounds on three (3) axles in tandem arrangement which are spaced forty-two (42) inches or more apart but less than 120 inches apart, or as determined by formula in subsection (3) below, whichever is greater. In no event shall any single axle in any arrangement exceed 20,000 pounds.

(3) The maximum gross weight for a truck consisting of two (2) single axles which exceeds 37,800 pounds gross weight, and for a truck consisting of one (1) single axle and one (1) tandem axle which exceeds 52,500 pounds gross weight, or for a truck which consists of three (3) single axles which exceeds 56,700 pounds gross weight, and for a truck consisting of one (1) single axle and one (1) tri-axle which exceeds 69,300 pounds gross weight, and for a truck consisting of two (2) single axles and one (1) tandem axle which exceeds 71,400 pounds gross weight, or for any truck with any combination of axles which exceed 73,280 pounds gross weight shall be determined by the following formula:

$$W = 500\left(\frac{LN}{N-1} + 12N + 36\right)$$

Where W equals gross weight, L equals distance between extreme axles of the group of consecutive axles under consideration and N equals the number of axles in the group, except that two (2) consecutive sets of tandem axles may carry 34,000 pounds each, providing that the distance between the first and last axles of such consecutive sets of axles is thirty-six (36) feet or more. In no event shall any axle in any arrangement exceed 20,000 pounds nor the gross weight exceed 80,000 pounds.

(4) Tire weight: The weight transmitted to the pavement shall not exceed 600 pounds per inch of aggregate width of all tires.

(5) On structures of Class "AAA" highways which have a posted load limit of less than 80,000 pounds, the posted limit shall not be exceeded.

Section 4. The maximum weight for trucks using Class "AA" Highways shall be as follows:

(1) Gross weight, including load, not to exceed 62,000 pounds.

(2) Gross axle weight for a single axle not to exceed 20,000 pounds (with axles less than forty-two (42) inches apart to be considered as a single axle).

(3) Gross weight not to exceed 34,000 pounds on two (2) axles in tandem arrangement which are spaced forty-two (42) inches or more apart and less than ninety-six (96) inches apart; 50,400 pounds on three (3) axles in tandem arrangement which are spaced forty-two (42) inches or more apart but less than 120 inches apart. In no event shall any single axle in any arrangement exceed 20,000 pounds.

(4) Tire Weight: The weight transmitted to the pavement shall not exceed 600 pounds per inch of aggregate width of all tires.

(5) On structures on Class "AA" Highways which have a posted load limit of less than 62,000 pounds, the posted limit shall not be exceeded.

Section 5. The maximum weight for trucks using Class "A" Highways shall be as follows:

(1) Gross weight, including load, not to exceed 44,000 pounds.

(2) Gross axle weight for a single axle not to exceed 20,000 pounds (with axles less than forty-two (42) inches apart to be considered as a single axle).

(3) Gross weight not to exceed 34,000 pounds on two (2) axles in tandem arrangement which are spaced forty-two (42) inches or more apart and less than ninety-six (96) inches apart.

(4) Tire weight: The weight transmitted to the pavement shall not exceed 600 pounds per inch of aggregate width of all tires.

(5) On structures on Class "A" Highways which have a posted load limit of less than 44,000 pounds, the posted limit shall not be exceeded.

Section 6. There shall be no tolerances allowed on gross weight, axle weight or combinations of axle weights. am.

Section 7. As long as any highway remains a part of the State Primary Road System, as defined by regulation 603 KAR 3:030, it is intended that the classification of highways constitutes a designation by the Secretary of Transportation as contemplated by KRS 189.280, and city ordinances which impose less stringent limits shall not apply to such state maintained highways, including bridges, unless specific relinquishment of this responsibility to a city is made by the Secretary of Transportation.

Section 8. Regulations 603 KAR 5:065 and 603 KAR 5:095 are repealed by the regulation hereinabove set forth.

JOHN C. ROBERTS, Secretary

ADOPTED: December 22, 1975

RECEIVED BY LRC: December 24, 1975 at 10:45 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Dandridge F. Walton, Deputy Secretary for Legal Affairs, Department of Transportation, Frankfort, Kentucky 40601.

DEPARTMENT OF TRANSPORTATION
Bureau of Highways

603 KAR 5:096. Highway classifications.

RELATES TO: KRS 189.222
PURSUANT TO: KRS 13.082, 174.050, 189.222
NECESSITY AND FUNCTION: KRS 189.222 authorizes the Secretary of Transportation to establish reasonable weight and dimension limits on all highways included in the State Primary Road System. This regulation is adopted to identify each road in the highway system and indicate its classifications.

Section 1. The weight and dimension limits set forth in 603 KAR 5:066 and 603 KAR 5:070 for truckway classifications shall apply on all highways in the State Primary Road System as indicated herewithin, unless bridge postings prohibit such weights on any particular segment.

Section 2. The maximum weight limits for the three (3) classifications of highways are as follows: "AAA" System, 80,000 pounds gross weight; "AA" System, 62,000 pounds gross weight; "A" System, 44,000 pounds gross weight. There shall be no tolerances allowed on gross weight, axle weight, or combinations of axle weights.

Section 3. The classifications and bridge limitations for each highway in the State Primary Road System are as follows:

KY 1 AAA From: Jct. US 60 in Grayson
To: Jct. KY 7 near Pactolus, north of Grayson

AA From: Lawrence-Carter County Line
To: Jct. US 60 in Grayson

AA From: Jct. KY 7 near Pactolus
To: South end of bridge over Anglin Branch near the Greenup County Line

A From: Jct. KY 3, N.W. of Louisa
To: The Lawrence-Carter County Line

A From: South end of bridge over Anglin Branch (Carter Co.)
To: Jct. US 23 near Greenup

KY 2664 A Jct. KY 260 at east side of Pennyrile Parkway extending north and parallel to Parkway for 1.641 mi. (Hopkins County)

KY 2665 A From a point on east side of Pennyrile Parkway 0.3 mi. North of KY 862 extending north and parallel to Parkway for 0.413 mi. (Hopkins Co.)

KY 2666 A From a point 0.9 mi. E. of US 41 via Bell Court-Onton Road to a point 500 feet east of Pennyrile Parkway. (Webster County)

KY 2667 A From a point 0.4 mi. E. of US 41 via Old Slaughters-Onton Road to a point 1400 feet east of Pennyrile Parkway. (Webster County)

KY 2668 A From a point on west side of Pennyrile Parkway 0.621 mi. S. of Webster-Henderson County Line to Big Rivers Plant Access Road. (Webster-Henderson Counties)

KY 2669 A Jct. KY 370 at east side of Pennyrile Parkway extending north and parallel to the Parkway to Old Steamport Road. (Webster County)

KY 2670 A Jct. KY 370 at West Side of Pennyrile Parkway extending south and parallel to the Parkway for 0.363 mi. (Webster County)

KY 2671 A Jct. Collins-KY 149 Road at west side of Pennyrile Parkway extending south and parallel to the Parkway for 0.376 mi. (Webster County)

KY 2672 A Jct. KY 147 near east side of Pennyrile Parkway extending north and parallel to the parkway for 859 feet (Webster County)

KY 2673 A Jct. Old Slaughters-Onton Road at east side of the Pennyrile Parkway extending north and parallel to the Parkway for 0.413 mi., and from the Old Slaughters-Onton Road extending south for 0.083 mi. (Webster County)

KY 2674 A Jct. Old Slaughters-Onton Road at west side of Pennyrile Parkway extending south and parallel to the Parkway for 0.378 mi. (Webster County)

KY 2675	A	From a point 0.25 mi. E. of US 41 via Royster Road extending east over Pennyrile Parkway for 0.379 mi. (Henderson County)
KY 2676	A	Jct. KY 416, 0.25 mi. E. of Pennyrile Parkway extending S.E. for 0.057 mi. along Boys Camp Road. (Henderson County)
KY 2677	A	From a point 0.2 mi. N.E. of KY 136 via Toy-Anthoston extending N.E. over Pennyrile Parkway for 0.612 mi. (Henderson County)
KY 2678	A	From a point 0.5 mi. E. of US 41 via Moss and Moss Road extending E. over Pennyrile Parkway for 0.095 mi. (Henderson County)
KY 2679	A	From a point 200 feet S. of Greenbriar Street in Henderson via Arlington Street to a point 840 feet N. of Vanguard Avenue. (Henderson County)
KY 2680	A	Jct. KY 812 in Henderson via Hall Way to Augusta Street. (Henderson County)
KY 2681	A	From a point 0.23 mi. N. of Toy-Anthoston Road at east side of Pennyrile Parkway extending north and parallel to the Parkway for 1.345 mi. (Henderson County)
KY 2682	A	Jct. KY 136 at west side of Pennyrile Parkway extending south and parallel to the Parkway for 1.088 mi. (Henderson County)
KY 2683	A	From a point on east side of Pennyrile Parkway 0.331 mi. north of Royster Road extending south and parallel to Pennyrile Parkway to a point 0.346 mi. S. of Royster Road. (Henderson County)
KY 2684	A	Jct. MOss and Moss Road at west side of Pennyrile Parkway extending south and parallel to the Parkway for 0.433 mi. (Henderson County)
KY 2685	A	Jct. Toy-Anthoston Road near East side of Pennyrile Parkway extending S.E. for 0.03 mi. (Henderson Co.)
KY 2686	A	Jct. Toy-Anthoston Road near East side of Pennyrile Parkway extending northeast for 0.027 mi. (Henderson County)
KY 2687	A	Jct. Stringtown Road at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.439 mi. (Muhlenberg County)
KY 2688	A	Jct. Old US 62, near north side of Western Kentucky Parkway extending west to Radio Station WMTA. (Muhlenberg County)
KY 2689	A	From a point 1200 feet east of KY 601 at south side of Western Kentucky Parkway extending east for 0.089 mi. (Muhlenberg County)
KY 2690	A	Jct. Wyce Chapel at south side of Western Kentucky Parkway extending east and parallel to the Parkway to KY 601. (Muhlenberg County)
KY 2691	A	Jct. US 62 at south side of Western Kentucky Parkway extending east and parallel to Parkway for 0.117 mi. (Muhlenberg County)
KY 2692	A	From a point 1100 feet south of Western Kentucky Parkway via Henry Oates Road to a point 1270 feet north of Western Kentucky Parkway. (Muhlenberg Co.)
KY 2693	A	Jct. KY 175 at North side of Western Kentucky Parkway extending east to Wyce Chapel. (Muhlenberg County)
KY 2694	A	From a point 1525 feet south of Western Kentucky Parkway via Paradise-Rockport Road to a point 650 feet north of the Parkway. (Muhlenberg County)
KY 2695	A	From a point 650 feet south of Western Kentucky Parkway via Howerton Road to a point 400 feet north of the Parkway including a 180 foot Spur near south side of the Parkway extending east. (Muhlenberg County)
KY 2696	A	Jct. US 62 near I.C.G. Railroad at Martwick extending southeast for 0.164 mi. (Muhlenberg Co.)
KY 2697	A	From a point 800 feet south of Western Kentucky Parkway via Stringtown Road to a point 800 feet north of the Parkway. (Muhlenberg County)
KY 2698	A	From a point 1112 feet south of US 60 Bypass via Carter Road to a point 1052 feet north of Bypass (Daviess County)
KY 2699	A	From a point at south side of US 60 Bypass extending east along the south side of the Bypass to a point 0.145 mi. E. of US 431. (Daviess Co.)
KY 2700	A	From a point 746 feet east of US 60 Bypass via Bittel Road to a point 754 feet west of the Bypass (Daviess County)
KY 2701	A	From a point 2241 feet west of US 60 Bypass via Fifth Street Road to a point 1984 feet east of Bypass (Daviess County)
KY 2702	A	Jct. Sutherland Road at south side of US 60 Bypass extending east and parallel to Bypass to Veach Road (Daviess County)
KY 2703	A	Jct. KY 54 at east side of US 60 Bypass extending S.W. and parallel to Bypass for 0.070 mi. (Daviess County)
KY 2704	A	Jct. Todd Bridge Road at south side of US 60 Bypass extending north and parallel to west side of US 431 Interchange for 0.056 mi. (Daviess County)
KY 2705	A	Jct. US 431 at North side of US 60 Bypass extending S.W. and parallel to west side of US 431 Interchange, for 0.147 mi. (Daviess County)
KY 2706	A	Jct. Scherm Road at S.W. side of US 60 Bypass extending S.E. and parallel to Bypass for 0.109 mi. (Daviess County)
KY 2707	A	Jct. Carter Road at North side of US 60 Bypass extending S.E. and parallel to Bypass to Tamarack Road. (Daviess County)
KY 2708	A	Jct. KY 54 at east side of US 60 Bypass extending west and parallel with south side of US 431 for 0.107 mi. (Daviess County)
KY 2709	A	Jct. Airport Road, 0.39 mi. W. of US 60 Bypass extending east and parallel with south side of KY 54 for 0.190 mi. (Daviess County)
KY 2710	A	Jct. Alsop Lane near south side of L & N Railroad crossing extending east under US 60 Bypass then south and parallel to Bypass for 0.820 mi. (Daviess County)
KY 2711	A	From a point 1.3 mi. E. of KY 369 extending east on Union School Road for 0.303 mi. (Ohio County)
KY 2712	A	From a point 900 feet south of Western Kentucky Parkway via Rob Roy Road to a point 936 feet north of the Parkway. (Ohio County)
KY 2713	A	From a point 944 feet south of Western Kentucky Parkway via Windy Hill-Arnold Road to a point 556 feet north of the Parkway. (Ohio County)
KY 2714	A	Jct. KY 369 at North side of Western Kentucky Parkway extending west and parallel to the Parkway for 0.097 mi. (Ohio County)
KY 2715	A	Jct. Windy Hill-Arnold Road at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.123 mi. (Ohio County)
KY 2716	A	Jct. Neafus-Elfie Road 0.1 mi. S. of Western Kentucky Parkway to a point 0.741 mi. West of beginning. (Bulter-Ohio Counties)

KY 2717 A Jct. Windy Hill-Arnold Road at south side of Western Kentucky Parkway extending west and parallel to the Parkway for 1.121 mi. (Ohio County)

KY 2718 A Jct. US 231 at north side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.878 mi. (Ohio County)

KY 2719 A Jct. KY 1245 at north side of Western Kentucky Parkway extending west and parallel to the Parkway for 0.088 mi. (Ohio County)

KY 2720 A Jct. KY 1245 at north side of Western Kentucky Parkway extending south under the parkway along the Lewis Creek Road for 0.096 mi. (Ohio County)

KY 2721 A From a point 0.5 mi. east of US 231 at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.833 mi. (Ohio County)

KY 2722 A Jct. Rob Roy Road at North Side of Western Kentucky Parkway extending west and parallel to the Parkway for 1350 feet. (Ohio County)

KY 2723 A Jct. US 231 at south side of Western Kentucky Parkway extending west and parallel to the Parkway for 0.252 mi. (Ohio County)

KY 2724 A From 304.4 feet south of south end of bridge over East Fork of Pond River via the Blue Hole Road to a point 505.6 feet north of south end of bridge over the East Fork of Pond River. (Todd County)

KY 2725 A Jct. Front Street in Lewisburg via Sneed and Second Streets to East Henry Street. (Logan County)

KY 2726 A From a point 0.223 mi. S. of Western Kentucky Parkway via Elfie-Neafus Road to a point 0.174 mi. north of the Parkway. (Butler County)

KY 2727 A From a point 550 feet south of Western Kentucky Parkway via Dog Creek Road to a point 800 feet north of Parkway and from another point on Dog Creek Road 2150 feet N.E. of Western Kentucky Parkway extending east along the Parkway for 0.260 mi. (Grayson County)

KY 2728 A From a point 1250 feet south of Western Kentucky Parkway via Do Stop Road to a point 700 feet north of the Parkway. (Grayson County)

KY 2729 A From a point 800 feet south of Western Kentucky Parkway via Terry Higgs Road to a point 400 feet north of Parkway. (Grayson County)

KY 2730 A From a point 950 feet south of Western Kentucky Parkway via McDonald Road to a point 950 feet north of the Parkway. (Grayson County)

KY 2731 A From a point 700 feet south of Western Kentucky Parkway via Millwood-Pleasant View Road to a point 850 feet north of Parkway. (Grayson County)

KY 2732 A From a point 400 feet south of Western Kentucky Parkway via Old Antioch Church Road to a point 750 feet north of Parkway. (Grayson County)

KY 2733 A From a point 0.256 mi. S.E. of Western Kentucky Parkway via Crow Hollow Road to a point 0.132 mi. N.W. of the Parkway. (Grayson County)

KY 2734 A From a point 100 feet west of KY 187 at north side of Western Kentucky Parkway extending west and parallel to the Parkway for 0.838 mi. (Grayson Co.)

KY 2735 A Jct. Do Stop Road at north side of Western Kentucky Parkway extending east for 0.073 mi. (Grayson County)

KY 2736 A Jct. KY 185, 500 feet southeast of Western Kentucky Parkway to a point 0.054 mi. west of beginning. (Grayson County)

KY 2737 A Jct. McDonald Road at North side of Western Kentucky Parkway extending S.W. and parallel to the Parkway for 0.198 mi. (Grayson County)

KY 2738 A Jct. KY 187 at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.250 mi. (Grayson County)

KY 2739 A From a point on the north side of the Western Kentucky Parkway 900 feet S.W. of Skeeter Road extending Easterly for 0.612 mi. (Grayson County)

KY 2740 A Jct. KY 224 at north side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.198 mi. (Grayson County

KY 2741 A Jct. KY 1214 at north side of the Western Kentucky Parkway extending east and parallel to the Parkway for 0.165 mi. (Grayson County)

KY 2742 A Jct. KY 259, 668 feet north of the Western Kentucky Parkway extending S.W. and parallel to N.W. loop of the Parkway. (Grayson County)

KY 2743 A Jct. KY 720 at south side of Western Kentucky Parkway extending S.W. and parallel to the Parkway for 1.681 mi. (Grayson County)

KY 2744 A From Crow Hollow Road at North side of Western Kentucky Parkway extending west and parallel to Parkway for 0.081 mi. (Grayson County)

KY 2745 A From 0.166 mi. N. of KY 88 at West side of I-65 extending S.W. and parallel to I-65 for 1.472 mi. (Hart County)

KY 2746 A From a point 972 feet S.E. of I-65 via Eudora Road to a point 1352 feet N.W. of I-65 (Hart County)

KY 2747 A Jct. Eudora Road at S.E. side of I-65 extending N.E. and parallel to I-65 for 0.635 mi. (Hart Co.)

KY 2748 A From a point at S.E. side of I-65, 1.8 mi. N. of Barren County Line extending north along Hatcher Valley Road for 0.194 mi. (Hart County)

KY 2749 A From a point on S.E. side of I-65, 0.2 mi. N.W. of KY 335, extending N.E. and parallel to I-65 for 0.311 mi. (Hart County)

KY 2750 A Jct. KY 218, at N.W. side of I-65 extending N.E. and parallel to I-65 for 0.093 mi. (Hart County)

KY 2751 A Jct. Rowletts-Cave Spring Road near West side of I-65 extending north and parallel to I-65 for 0.506 mi. (Hart County)

KY 2752 A From a point on Eddie Sego Road at East side of I-65, 0.76 mi. W. of L & N Railroad extending south and parallel to I-65 for 0.197 mi. (Hart Co.)

KY 2753 A From a point 0.33 mi. S.W. of Eddie Sego Road at east side of I-65 extending S.W. and parallel to I-65 for 0.179 mi. (Hart County)

KY 2754 A Jct. KY 728 at east side of I-65 extending south and S.E. via John Highbaugh and Chestnut Grove Roads for 1.712 mi. (Hart County)

KY 2755 A From a point at east side of I-65 on Chestnut Grove Road 0.41 mi. S.E. of John Highbaugh Road extending south and parallel to I-65 for 0.160 mi. (Hart Co.)

KY 2756 A Jct. US 31W west of I-65 underpass near Chestnut Grove Road extending east under I-65 thence south along east side of I-65 for 1.567 mi. (Hart Co.)

KY 2757 A From a point 1500 feet west of I-65 via Rowletts-Cave Spring Road to a point 900 feet east of I-65. (Hart County)

KY 2758 A Jct. Gaither Station Road at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.130 mi. (Hardin County)

KY 2759 A Jct. Harcourt-Star Mills Road at south side of Western Kentucky Parkway extending S.W. for 0.615 mi. (Hardin County)

KY 2760 A From a point in Webb Mills Road at south side of Western Kentucky Parkway extending N.E. and parallel to the Parkway to a point 0.096 mi. N.E. of KY 84. (Hardin County)

KY 2761 A Jct. KY 583 at south side of Blue Grass Parkway extending S.W. and parallel to the Parkway for 1.677 mi. (Hardin County)

KY 2762 A From a point near south side of Blue Grass Parkway extending under then parallel to the Parkway for 0.483 mi. (Hardin County)

KY 2763 A From a point 1000 feet west of I-65 via Old Sonora Road to a point 800 feet east of I-65 (Hardin County)

KY 2764 A From a point 650 feet west of I-65 via Rhudes Creek Road to a point 500 feet east of I-65 (Hardin Co.)

KY 2765 A From a point 450 feet south of Western Kentucky Parkway via Rock Creek Road to a point 450 feet north of the Parkway. (Hardin County)

KY 2766 AA From: Jct. KY 1375 at north side of Western Kentucky Parkway, S.W. of Elizabethtown
To: Extending S.W. 1.5 miles

A From: A point 1.5 miles S.W. of KY 1375
To: A point 2.1 miles S.W. of KY 1375

KY 2767 A Jct. Murriel-Town Road 122 feet east of US 31W extending along east side of US 31W and I-65 for 1.567 miles. (Larue County)

KY 2768 A Jct. Fairview Road at Anderson County Line extending West and parallel to north side of Blue Grass Parkway for 0.972 mi. (Washington Co.)

KY 2769 A Jct. KY 1754 at south side of Blue Grass Parkway extending west and parallel to the Parkway for 1.009 mi. (Washington County)

KY 2770 A Jct. KY 1754 at north side of Blue Grass Parkway extending east and paralleling the Parkway for 0.550 mi. (Washington County)

KY 2771 A Jct. KY 2768, 0.6 mi. S.W. of Anderson County Line extending north for 339 feet. (Washington Co.)

KY 2772 A From a point 775 feet south of Blue Grass Parkway via Fairview Road to a point 700 feet north of the Parkway. (Washington County)

KY 2773 A Jct. KY 49 at south side of Blue Grass Parkway extending west and parallel to the Parkway for 0.106 mi. (Nelson County)

KY 2774 A Jct. Milton Brown Road at south side of Blue Grass Parkway extending east and paralleling the Parkway for 0.572 mi. (Nelson County)

KY 2775 A From a point 700 feet south of the Blue Grass Parkway via Murphy Lane to a point 725 feet north of the Parkway. (Nelson County)

KY 2776 A From a point 1300 feet south of Blue Grass Parkway via Ed Brent Road to a point 1150 feet north of the Parkway. (Nelson County)

KY 2777 A From a point on Stillwell Road, 1.4 mi. S.E. of KY 52 at north side of Blue Grass Parkway extending east and parallel to the Parkway for 0.211 mi. (Nelson County)

KY 2778 A Jct. KY 1853 at south side of Blue Grass Parkway extending west and parallel to the Parkway for 0.563 mi. (Nelson County)

KY 2779 A Jct. US 150 at north side of Blue Grass Parkway extending N.E. and parallel to the Parkway for 0.469 mi. (Nelson County)

KY 2780 A From a point on north side of Blue Grass Parkway 0.2 mi. S.W. of Ed Brent Road extending S.W. for 0.142 mi. (Nelson County)

KY 2781 A From a point in Sulphur Wells Road at south side of Western Kentucky Parkway extending east and parallel to the Parkway to KY 1214. (Grayson Co.)

KY 2782 A Jct. Ed Brent Road at south side of Blue Grass Parkway extending S.W. and parallel to the Parkway for 0.294 mi. (Nelson County)

KY 2783 A Jct. KY 733 at south side of Blue Grass Parkway extending N.E. to a point 0.515 mi. N.E. of the beginning. (Nelson County)

KY 2784 A From a point 2086 feet west of Damron Creek Bridge via Eunice-Dunnville Road to a point 814 feet east of Damron Creek Bridge. (Adair County)

KY 2785 A From a point 375 feet south of Glens Fork Creek Bridge via Glens Fork-KY 55 road to a point 375 feet north of Glens Fork Creek Bridge. (Adair Co.)

KY 2786 A Entrance to Lake Cumberland Boys Camp extending N.E. for 0.5 mi. (Wayne County)

KY 2787 A Jct. KY 1505 at west side of I-75 extending north and parallel to I-75 for 0.727 Mi. (Rockcastle Co.)

KY 2788 A From a point on East side of I-75, 0.5 mi. north of Laurel County Line extending north and parallel to I-75 for 0.972 mi. (Rockcastle County)

KY 2789 A Jct. US 25 at S.W. end of I-75 interchange near Renfro Valley extending N.W. and parallel with off ramp for I-75 for 0.370 mi. (Rockcastle Co.)

KY 2790 A From a point on east side of I-75, 0.5 mi. N. of Sand Hill Road extending N.W. and parallel with I-75 for 0.201 mi. (Rockcastle County)

KY 2791 A From a point 525 feet west of I-75 via Sand Hill Road to a point 150 feet S.W. of Chestnut Ridge Road. (Rockcastle County)

KY 2792 A Jct. US 25 at West side of I-75 interchange at Burr extending north and parallel with I-75 for 1.255 mi., excluding 1674 feet from a point 1004 feet north of US 25 to a point 2678 feet north of US 25. (Rockcastle County)

KY 2793 A Jct. US 25 at Renfro Valley via Rose Hill to a point 600 feet west of I-75 (Rockcastle County)

KY 2794 A Jct. Hurricane School Road at west side of I-75 extending south and parallel to I-75 for 0.864 mi. (Rockcastle County)

KY 2795 A From a point 0.1 mi. W. of US 25 via Lambert Road to a point 925 feet west of I-75 (Rockcastle Co.)

KY 2796 A From a point 850 feet N.W. of US 25 at Boone via Flat Gap Road to a point 375 feet N.W. of I-75. (Rockcastle County)

KY 2797 A Jct. Flat Gap Road at east side of I-75 extending north and parallel to I-75 for 0.159 mi. (Rockcastle County)

KY 2798 A From a point 900 feet S.E. of I-75 via Hurricane School Road to a point 600 feet N.W. of I-75. (Rockcastle County)

KY 2799 A Jct. Alford Street at west side of I-264 extending north for 0.107 mi. (Jefferson County)

KY 2800 A Jct. Jefferson Street at east side of I-264 via relocated 32nd Street to Main Street. (Jefferson Co.)

KY 2801 A Jct. I-264 at Fifth Street via Fifth Street, Southern Heights Avenue, Second Street and Florence Avenue to Third Street. (Jefferson County)

KY 2802	AAA	Jct. Eastern Parkway west of I-65 in Louisville via Hahn Street, Warnock Avenue and Crittenden Drive to Eastern Parkway east of I-65 (Jefferson County)
KY 2803	A	Jct. Warnock Avenue in Louisville via Arthur Street to Brandeis Avenue. (Jefferson County)

KY 2805	A	Jct. Pope Lick Road at Mt. Zion Church extending north to Poplar Lane. (Jefferson County)
KY 2806	A	From a point 518 feet S.E. of Jefferson Freeway extending N.E. to a point 0.585 mi. from the beginning. (Jefferson County)
KY 2807	A	From a point 600 feet S.E. of I-71 via Springdale Road to a point 1200 feet N.W. of I-71. (Jefferson County)
KY 2808	A	From a point 956 feet S. of I-71 via Barbour Lane to a point 960 feet north of I-71. (Jefferson Co.)
KY 2809	A	Jct. KY 22 at west side of Jefferson Freeway extending northerly for 0.061 mi. (Jefferson County)
KY 2810	A	Jct. KY 22 at east side of Jefferson Freeway extending south for 0.064 mi. (Jefferson County)
KY 2811	A	Jct. KY 1447 at west side of Jefferson Freeway extending east and north for 0.091 mi. (Jefferson Co.)
KY 2812	A	Jct. KY 155, 0.35 mi. E. of Jefferson Freeway extending S.W. for 0.170 mi., also extending north and west from KY 155 for 0.156 mi. (Jefferson County)
KY 2813	A	Jct. KY 155, 0.3 mi. W. of Jefferson Freeway extending S.E. to Hopewell Road. (Jefferson County)
KY 2814	A	From west edge of Cul-De-Sac on Durrett Lane in Louisville at east side of Southern Railway extending east for 126.7 feet to east edge of Cul-De-Sac. (Jefferson County)
KY 2815	A	Jct. Preston Street in Louisville extending S.W. via Standiford Lane under I-65 thence N.W. paralleling I-65 to Standiford Avenue. (Jefferson Co.)
KY 2816	A	Jct. Lime Kiln Lane in Louisville at south side of I-71 extending S.W. to Limewood Circle. (Jefferson County)
KY 2817	A	Jct. Glenview Avenue at north side of I-71 extending east and parallel to I-71 for 0.350 mi. (Jefferson County)
KY 2818	A	Jct. Indian Hills Road at south side of I-71 extending N.E. for 0.211 mi. (Jefferson County)
KY 2819	A	Jct. Indian Hills Road 0.11 mi. S. of I-71 extending S.W. for 0.191 mi. (Jefferson County)
KY 2820	A	Jct. Keller Avenue in Louisville extending north along east side of I-65 for 0.066 mi. (Jefferson Co.)
KY 2821	AAA	Jct. Warnock Avenue and Hahn Street in Louisville extending West on Warnock Avenue to Floyd Street thence south on Floyd Street to a point 417 feet south of I-65 at Ramp "A" thence N.W. along Ramp "A" to I-65 (Jefferson County)
KY 2822	AAA	Jct. Broadway in Louisville via Brook Street to a point near Jacob Street. (Jefferson County)
KY 2823	A	From a point 1233 feet south of east bound lanes of I-64 via Hempridge-Graefenburg Road to a point 739 feet N.E. of West Bound lanes of I-64. (Shelby County)
KY 2824	A	Jct. Brunerstown Road at north side of I-64 extending west for 0.142 mi. to Burk's Entrance. (Shelby County)
KY 2825	A	Jct. KY 714, 150 feet south of east bound lanes of I-64 to a point 725 feet S.W. of beginning. (Shelby County)
KY 2826	A	Jct. KY 1790, 375 feet S.W. of east bound lanes of I-64 to a point 403 feet S.E. of beginning (Shelby County)
KY 2827	A	From a point 138.5 feet north of west bound lanes of I-64 via Buzzard Roost Road to a point 491.7 feet south of east bound lanes of I-64 (Shelby County)
KY 2828	A	Jct. Wolfe Run Frontage Road at south side of I-64 via Jeptha Knob Road to a point 580 feet north of west bound lanes of I-64. (Shelby County)
KY 2829	A	From a point 779 feet S.W. of east bound lanes of I-64 extending east and parallel to I-64 for 0.379 mi. (Shelby County)
KY 2830	A	From a point 1400 feet south of I-64 via Zaring Mill Road to a point 1400 feet north if I-64. (Shelby County)
KY 2831	A	From a point 900 feet south of I-64 via Joyes Station Road to a point 800 feet north of I-64. (Shelby County)
KY 2832	A	From a point 500 feet south of I-64 via Conners Station Road to a point 200 feet north of I-64 (Shelby County)
KY 2833	a	From a point 0.4 mi. S. of Pond Creek via Belknap Beach Road to a point 0.3 mi. of Pond Creek (Oldham County)
KY 2834	A	From a point 1100 feet south of I-71 via Glenarm Road to a point 650 feet north of I-71. (Oldham County)
KY 2835	A	From a point 0.16 mi. N.E. of KY 53 extending N.E. along Grange Drive for 550 feet. (Oldham County)
KY 2836	A	From a point 0.45 mi. N.E. of KY 53 via Crystal Drive along north side of I-71 for 0.293 mi. (Oldham County)
KY 2837	A	Jct. KY 146 near North end of I-71 interchange extending S.W. for 3019 feet. (Oldham County)
KY 2838	A	Jct. Glenarm Road at North side of I-71 extending N.E. and parallel to I-71 for 0.243 mi. (Oldham Co.)
KY 2839	A	Jct. KY 329 near north end of I-71 interchange construction extending S.W. 1359 feet. (Oldham Co.)
KY 2840	A	From a point on Haunz Lane, approximately 510 feet south of I-71 extending N.W. and S.W. for 0.189 mi. (Oldham County)
KY 2841	A	Jct. Haunz Lane at south side of I-71 extending N.W. under I-71 then S.W. to a point near the Jefferson County Line. (Oldham County)
KY 2842	A	From a point 200 feet west of I-71 via Jones Lane to a point 350 feet east of I-71 (Henry County)
KY 2843	A	Jct. Jones Lane near N.W. side of I-71 extending S.W. and parallel to I-71 for 0.633 mi. (Henry Co.)
KY 2844	A	Jct. Carmon Road near N.W. side of I-71 extending N.E. and parallel to I-71 for 0.148 mi. (Henry Co.)
KY 2845	A	Jct. US 421 near S.E. end of I-71 interchange extending southerly for 0.060 mi. (Henry County)
KY 2846	A	Jct. US 421 near N.W. end of I-71 interchange extending southerly for 0.062 mi. (Henry County)

KY 2847	A	From a point in the I.O.O.F Cemetery Road at S.E. side of I-71 extending N.E. and parallel to I-71 for 0.426 mi. (Henry County)
KY 2848	A	From a point 1.4 mi. N.E. of KY 153 on Wolfe Pen Branch Road extending N.E. and parallel to I-71 for 0.232 mi. (Henry County)
KY 2849	A	From a point 1050 feet south of I-64 via Hanley Lane to a point 700 feet north of I-64. (Franklin County)
KY 2850	A	From a point 550 feet south of I-64 via Cardwell Lane to a point 650 feet north of I-64 (Franklin County)
KY 2851	A	Jct. Service Road to Thornhill Garage 515 feet N.E. of Dailey Avenue to a point 880 feet S.E. of beginning. (Franklin County)
KY 2852	A	Jct. Hiawatha Trail at Navaho Trail in Frankfort extending east to Parking Lot at Franklin County High School (Franklin County)
KY 2853	No number assigned.	
KY 2854	No number assigned.

KY 2856	A	Jct. KY 1291 via Sea Road to a point 350 feet south of the Blue Grass Parkway. (Anderson County)
KY 2857	A	From a point 950 feet south of Blue Grass Parkway via Carey Road to Jct. KY 1291 north of the Parkway (Anderson County)
KY 2858	No number assigned	
KY 2859	A	Jct. Johnson Road at north side of Blue Grass Parkway extending west and parallel to the parkway for 0.973 mi. (Anderson County)
KY 2860	No number assigned	
KY 2861	A	From a point on south side of Blue Grass Parkway 0.111 mi. S.W. of KY 53 extending N.E. along south side of the Parkway to a point 1.256 mi. N.E. of KY 53 (Anderson County)
KY 2862	A	Jct. KY 33 at south side of Blue Grass Parkway extending east and parallel to the Parkway for 0.660 mi. (Woodford County)
KY 2863	A	Jct. US 60, 100 feet west of Blue Grass Parkway bridge extending N.E. and parallel to the west bound ramp of the parkway. (Woodford County)
KY 2864	A	Jct. US 60, 2400 feet east of the Blue Grass Parkway bridge extending N.W. and parallel to the Parkway west bound ramp. (Woodford County)
KY 2865	A	Jct. US 60, 1600 feet E. of the Blue Grass Parkway bridge extending west and parallel to US 60 for 0.167 mi. (Woodford County)
KY 2866	A	Jct. Huntertown Road at North side of Blue Grass Parkway extending east and parallel to the Parkway for 0.130 mi. (Woodford County)
KY 2867	A	From a point 550 feet S.W. of KY 2926 to a point 800 feet N.E. of KY 2926 (Woodford County)
KY 2868	A	From a point 450' south of Blue Grass Parkway via Huntertown Road to a point 1350 feet north of the parkway. (Woodford County)
KY [illegible]	A	Jct. McCowans Ferry Road at north side of Blue Grass Parkway extending west and parallel to the Parkway for 0.380 mi. (Woodford County)
KY 2870	A	Jct. Scotts Ferry Road at South side of Blue Grass Parkway extending east to Old Scotts Ferry Road. (Woodford County)
KY 2871	A	From a point 1453 feet S.W. of the Blue Grass Parkway via Scotts Ferry Road extending N.E. over the Parkway along Scotts Ferry Road for 0.539 mi. (Woodford County)
KY 2872	A	From a point 0.246 mi. west of I-75 via Duncannon Road to a point 0.265 mi. east of I-75 (Madison Co.)
KY 2873	A	Jct. Peggy's Flat Road at west side of I-75 extending north and parallel to I-75 for 0.748 mi. (Madison Co.)
KY 2874	A	Jct. KY 595 at west side of I-75 extending north and parallel to I-75 to Peggy's Flat Road. (Madison Co.)
KY 2875	A	Jct. US 25 at south end of I-75 interchange extending N.W. for 0.136 mi. (Madison County)
KY 2876	A	Jct. Simpson Road east of Clays Ferry Interchange extending north for 0.592 mi. (Madison County)
KY 2877	A	Jct. Caleast Road at west side of I-75 extending south and parallel to I-75 for 0.806 mi. (Madison Co.)
KY 2878	A	Jct. US 25, 1.52 mi. north of KY 1156 extending east under I-75 then north and parallel to I-75 to a point 1.403 mi. north of KY 627. (Madison County)
KY 2879	A	Jct. KY 2878 at east side of I-75 extending south and parallel to I-75 for 0.475 mi. (Madison Co.)
KY 2880	A	From a point 0.165 mi. west of I-75 via Menelaus Road to a point 0.4 mi. east of I-75. (Madison Co.)
KY 2881	A	From a point 0.24 mi. west of I-75 via Caleast Road to a point 0.27 mi. east of I-75. (Madison County)
KY 2882	A	From a point on east side of I-75, 0.791 mi. S. of Duncannon Road extending north to a point 0.487 mi. north of Duncannon Road. (Madison County)
KY 2883	A	Jct. Branes Mill Road at west side of I-75 interchange extending north and parallel to the Exit Ramp for 0.139 mi. (Madison County)
KY 2884	A	From on ramp at west side of I-75 interchange south of Clays Ferry to Simpson Road. (Madison County)
KY 2885	A	Jct. KY 21 in Berea near west side of I-75 extending north for 0.620 mi. (Madison County)
KY 2886	A	Jct. US 25 east of I-75, 0.37 mi. north of I-64 and I-75 extending west via Kearney Road to a point 0.451 mi. west of beginning (Fayette County)
KY 2887	A	From a point on Viley Road, 0.45 mi. north of US 60 extending north along east side of KY 4 then under KY 4 to a point 800 feet east of KY 4. (Fayette County)
KY 2888	AAA	From: Jct. KY 1958 (Van Meter Road) west of Winchester, via Rockwell Road To: A point 1.6 miles west of beginning (Clark County)
	A	From: A point 1.6 miles west of KY 1958 To: A point 0.48 mile west of KY 859 in Fayette County
KY 2889	A	Jct. US 25, 299 feet north of I-64 extending east for 0.159 mi. (Fayette County)
KY 2890	A	Jct. Royster Road near south side of I-64 extending west and parallel to I-64 for 0.189 mi. (Fayette Co.)
KY 2891	A	Jct. Royster Road near north side of I-64 extending east and parallel to I-64 for 0.144 mi. (Fayette Co.)
KY 2892	A	Jct. Hume Road 200 feet S.E. of I-64 extending east and parallel to I-64 for 0.265 mi. (Fayette Co.)

KY 2893 A From a point 1800 feet S.E. of I-64 via Hume Road to a point 1500 feet N.W. of I-64 (Fayette County)

KY 2894 AAA Jct. US 25, 372 feet south of Grimes Mill Road extending west to Scales at Rock Quarry. (Fayette Co.)

KY 2895 A From a point 550 feet west of I-75 via Athens-Walnut Hill Road to a point 850 ft. E. of I-75 (Fayette Co.)

KY 2896 A Jct. US 25, 2.0 mi. south of Scott County Line extending south and parallel to I-75 for 0.173 mi. (Fayette County)

KY 2897 A Jct. Iron Works Pike at east side of I-75 extending north for 0.489 mi. (Fayette County)

KY 2898 A Jct. Rock Quarry Road 1500 feet south of Grimes Mill Road to Jct. KY 2328, 550 feet south of I-75 (Fayette County)

KY 2899 A Jct. US 25 near Cleveland Road extending north and parallel to I-75 for 0.650 mi. (Fayette County)

KY 2900 A Jct. KY 418 at east side of I-75 interchange extending north and parallel to I-75 for 0.341 mi. (Fayette Co.)

KY 2901 AA From: Jct. US 25, 2.0 miles S. of Scott-Fayette County Line, via Berea Road
To: A point 0.18 mile N.E. of US 25

Office of Planning and Research

701 KAR 1:010. State plan for career education.

RELATES TO: KRS 156.160
PURSUANT TO: KRS 13.082, 156.010, 156.070
NECESSITY AND FUNCTION: A State Plan for the administration of Career Education is to implement federal regulations, and is necessary in order to be eligible to receive federal funds under P.L. 93-380.

Section 1. Pursuant to the authority vested in the State Board of Education by KRS 156.070 and 156.160, the Career Education State Plan is presented herewith for filing with the Legislative Research Commission, and incorporated by reference.

LYMAN V. GINGER,
Superintendent of Public Instruction
ADOPTED: December 16, 1975
RECEIVED BY LRC: December 22, 1975 at 11:45 a.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Mr. Samuel Alexander, Secretary, State Board of Education, 17th Floor, Capital Plaza Tower, Frankfort, Kentucky 40601.

EDUCATION AND ARTS CABINET
Department of Education
Office of Superintendent of Public Instruction

702 KAR 1:040. Procedure for suspending certificate after breach of contract.

RELATES TO: KRS 161.780
PURSUANT TO: KRS 13.082, 156.070, 156.130, 156.160
NECESSITY AND FUNCTION: To provide procedures by which the Superintendent of Public Instruction may suspend the certificate of a teacher or superintendent because of a breach of contract for personal services.

Section 1. When a local school district desires redress as provided in KRS 161.780, the board of education shall submit by registered mail a written complaint to the Superintendent of Public Instruction, with a copy of such complaint to the teacher or superintendent affected, requesting the suspension of the certificate held by the teacher in question and setting forth the facts of the case. The complaint shall be accompanied by a true copy of the contract which was signed by the teacher in question and an extract from the minutes of the local board of education showing the action of employment of the teacher.

Section 2. Upon receipt of the request for certificate suspension, the Superintendent of Public Instruction shall notify the teacher by certified or registered mail of the complaint and give the teacher an opportunity to request a hearing in which the teacher may show cause why the certificate should not be suspended. In the event the teacher desires such a hearing, the Superintendent of Public Instruction shall be so notified within fifteen (15) days of the date of the notification to the teacher.

Section 3. Upon the request of a teacher for a hearing upon the complaint of a local board of education, the Superintendent of Public Instruction will convene a hearing in his offices in Frankfort for the purpose of investigating all facts surrounding the written complaint. Within ten (10) days following the hearing, he will submit to both the teacher and the local board of education his findings and final action regarding the complaint.

LYMAN V. GINGER,
Superintendent of Public Instruction

Office of Superintendent of Public Instruction

702 KAR 1:050. Hearing for suspension.

RELATES TO: KRS 156.132
PURSUANT TO: KRS 13.082, 156.070, 156.130, 156.160
NECESSITY AND FUNCTION: Provides for a summary hearing for suspension of superintendent or board member.

Section 1. A quorum of the State Board of Education shall be present at the summary hearing. A majority of the board shall constitute a quorum.

Section 2. The summary hearing may be had at the regular quarterly meeting of the State Board of Education or at a special meeting called by the chairman of said board as provided in KRS 156.160.

Section 3. The Superintendent of Public Instruction, the chairman or any member of the State Board of Education, or a person or persons authorized by the State Board of Education, shall present written or oral charges against the superintendent or local board members.

Section 4. The charges shall then be considered by the State Board of Education along with such evidence as its presented in support thereof.

Section 5. The chairman shall rule on the admissibility of evidence with the advice of the Attorney General or his assistant, and shall not be bound by the formal rules of evidence found in the Rules of Civil Procedure.

Section 6. The State Board of Education may suspend a local board member or superintendent without his being present, but such board member or superintendent may be invited to be present.

Section 7. In the event of suspension by the State Board

of Education, statutory notice and conformance with statutory appeal provisions shall be accorded.

702 KAR 1:060. Waiver and suspension of regulations.

RELATES TO: KRS 156.070
PURSUANT TO: KRS 13.082, 156.070, 156.130, 156.160
NECESSITY AND FUNCTION: To provide for waiver and/or temporary suspension of State Board of Education regulations during experimental programs or unusual circumstances.

Section 1. The Kentucky State Board of Education upon recommendation of the Superintendent of Public Instruction, by majority vote, at any regular or special meeting, may waive any regulation previously adopted when unusual circumstances occur or experimental programs are initiated, and the board determines such waiver or suspension is in the best interest of the public schools of the Commonwealth.

Section 2. The effective date and duration of such waiver or suspension shall be determined in each instance when a waiver or suspension occurs.

ADOPTED: December 16, 1975
RECEIVED BY LRC: December 22, 1975 at 11:45 a.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Mr. Samuel Alexander, Secretary, State Board of Education, 17th Floor, Capital Plaza Tower, Frankfort, Kentucky 40601.

EDUCATION AND ARTS CABINET
Department of Education
Office of Superintendent of Public Instruction

702 KAR 1:080. Transfer of annexed property; hearing.

RELATES TO: KRS 160.445
PURSUANT TO: KRS 13.082, 156.070, 156.130, 156.160
NECESSITY AND FUNCTION: Provides for an orderly hearing to resolve differences between local boards of education with regard to the transfer or annexation of property.

Section 1. Upon receipt of a petition of a board of education by reason of the provisions of KRS 160.045, the Superintendent of Public Instruction, or his designated respresentative, shall conduct an impartial investigation of the facts and conditions attendant to the proposed annexation and provide each affected board of education a report which sets forth the factual findings of his investigation and his recommendations based upon those findings.

Section 2. In the event either affected board of education appeals the decision of the Superintendent of Public Instruction to the State Board of Education, the superintendent of Public Instruction shall file notice of such appeal by registered mail on the respective boards of education and fix the time and place a hearing by the State Board of Education on the appeal will be held.

Section 3. Each board of education, at least ten (10) days prior to the hearing on the appeal, shall present to the State Board of Education and the other affected local board of education, a brief which shall set forth arguments for or against the transfer of property.

Section 4. Oral arguments and rebuttals will be heard by the State Board of Education. Each affected board of education shall be represented by one (1) person who may be an attorney, the superintendent of schools, or a board member.

(1) Arguments shall be limited to thirty (30) minutes

and rebuttals to ten (10) minutes for each board of education.

(2) Interested persons will be permitted to present arguments for or against approval of transfer, but rebuttals will not be permitted by any person other than the representative designated by the board of education. The time for arguments by interested persons shall be specified by the Chairman of the State Board of Education at the time of the hearing.

(3) Any member of the State Board of Education shall have the privilege of questioning the representatives of boards of education or any interested persons who present arguments for or against approval of transfer.

Section 5. After the hearing is completed, but before any action is taken, the Superintendent of Public Instruction, or a member of his staff acting in his behalf, under the provisions of KRS 156.130, shall make, at the same board meeting at which the hearing is held but subsequent to completion of the hearing, recommendations to the State Board of Education. These recommendations shall be read in the presence of all interested persons and copies of the written recommendations shall be given to the parties involved in the dispute.

Section 6. The State Board of Education shall by appropriate action approve or reject the transfer of property involved. This action shall not be subject to rehearing. However, the matter may be again brought before the State Board of Education for a new hearing if new facts warrant after all steps provided in KRS 160.045 have been followed and new efforts have been made to solve the problem locally.

Section 7. The State Board of Education shall, in case of approval of transfer of property, specify the effective date of transfer, the effective assessment date used in calculating the amount to be paid to the district losing the property, and other pertinent details which will affect the transfer of property.

Section 8. The State Board of Education will cause to be made a stenographic record of all public hearings and such copies of the transcript thereof as it requires for its own purpose. Participants desiring copies of transcripts may obtain the same from the official reporter upon payment of the cost therefor.

Bureau of Instruction

704 KAR 20:260. Junior R.O.T.C. personnel.

RELATES TO: KRS 161.020, 161.025, 161.030

PURSUANT TO: KRS 13.082, 156.070, 156.130, 156.060

NECESSITY AND FUNCTION: KRS 161.020, 161.025, and 161.030 require that teachers and other professional school personnel hold certificates of legal qualifications for their respective positions to be issued upon completion of programs of preparation prescribed by the Kentucky Council on Teacher Education and Certification and approved by the State Board of Education. This regulation establishes an appropriate certificate for a specific professional position.

Section 1. The certificate for specialized professional school services endorsed for the position of senior instructor, Junior Reserve Officers Training Corps, shall be issued initially for a two (2) year period to an applicant who has completed a bachelor's degree; who has been officially recommended for the position of senior instructor, Junior Reserve Officers Training Corps, by the appropriate branch of military service upon criteria which includes twenty (20) years military service; and who has been contracted for this employment by a local school district, and who is recommended for certification by the local school superintendent.

Section 2. The endorsement for senior instructor, Junior Reserve Officers Training Corps, may be renewed for continuing service upon recommendation by the local school superintendent and upon completion of the following curriculum: General Psychology, three (3) semester hours; Human Growth and Development, three (3) semester hours; Basic Concepts Concerning Education, two (2) semester hours; English Composition, six (6) semester hours; Communications (such as speech, creative writing, advanced grammar, journalism) or Guidance (such as vocational guidance, guidance and counseling, career orientation), three (3) semester hours.

Section 3. The certificate for specialized professional school services endorsed for the position of junior instructor, Junior Reserve Officers Training Corps, shall be issued initially for a two (2) year period to an applicant who has completed high school graduation, or its equivalence as determined by an acceptable score on the General Education Development Test; who has been officially recommended for the position of junior instructor, Junior Reserve Officers Training Corps, by the appropriate branch of military service upon criteria which includes twenty (20) years military service; who has been contracted for this employment by a local school district; and who is recommended for certification by the local school superintendent.

Section 4. The endorsement for junior instructor, Junior Reserve Officers Training Corps, may be renewed for continuing service upon recommendation by the local school superintendent and upon completion of the following curriculum: General Psychology, three (3) semester hours; Human Growth and Development, three (3) semester hours; Basic Concepts Concerning Education, two (2) semester hours; English Composition, six (6) semester hours; Communications (such as speech, creative writing, advanced grammar, journalism) or Guidance (such as vocational guidance, guidance and counseling, career orientation), three (3) semester hours.

Section 5. This regulation shall become effective for all Junior Reserve Officers Training Corps personnel employed

for the 1976-77 school term and thereafter.

PUBLIC PROTECTION AND REGULATION
Department of Insurance
Office of the State Fire Marshal

806 KAR 50:081. Class I flammable liquids; self service stations.

RELATES TO: KRS 227.300
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: KRS 227.300 requires the Commissioner to promulgate rules to provide for the safe storage and handling of all flammable liquids. This regulation supplements the National Fire Protection Association's "National Fire Codes," Volume 1, Chapter III, Article 30, 1973 edition, in the area of safe practices in a self-service station for Class I flammable liquids.

Section 1. Definition: (1) A self-service station is defined as a location where all flammable and combustible liquids used as motor fuel are stored and dispensed from fixed approved dispensing devices into the fuel tanks of motor vehicles by persons other than the service station attendant, and may include multiple occupancy facilities available for the sale of other retail products.

(2) Partial (split island) self-service is defined as a service station offering attendant service on one or more pump islands and self-service on one or more different pump islands. The partial self-service shall be offered at an island in close proximity to the office area of the building and in clear view of those attendants working in or about the service station office or service area.

Section 2. Remote Control Required: (1) In all self-service stations for flammable liquids there shall be a control room in which a remote control device is located. Said device must be located within arms reach of the attendant while he is maintaining the appropriate and adequate observation and control of dispensing activities.

(2) Emergency controls for partial self-service stations shall be installed and connected in series at two (2) or more locations remote from dispensing devices, including remote pumping systems, and easily accessible to the attendant. Such controls shall be capable to shut off the power to all dispensing devices in the event of an emergency.

(3) Emergency controls for partial self-service station shall be installed only at locations approved by the State Fire Marshal, and controls shall not be more than 100 feet from self-service dispensers. Operating instructions shall be conspicuously posted in the dispensing area.

Section 3. (1) Attendant required, duties for self-service station:

(a) There shall be not less than one (1) attendant on duty at all times while the station is open to the public and the self-service gasoline dispensing equipment is in use.

(b) An attendant shall supervise the dispensing of Class I liquids from within the confines of the control room or stand wherein the remote control device is located.

(c) The attendant shall refuse service to any customer who is smoking or who appears for any reason to be unable or incompetent to participate in the dispensing of a Class I liquid

(2) Attendant required, duties for partial self-service station:

(a) There shall be not less than one (1) attendant on duty at all times while the station is open to the public and the self-service gasoline dispensing equipment is in use. The dispensing area shall at all times be in clear view of the attendant and the placing or allowing of any obstacle to come between the dispensing area and the attendant shall be prohibited.

(b) The attendant shall refuse service to any customer who is smoking or who appears for any reason to be unable or incompetent to participate in the dispensing of a Class I liquid.

(c) Dispensing devices shall not be operated until authorized and/or activated by the attendant. The attendant shall not authorize the dispensing of a Class I liquid from the self-service dispensers until he has ascertained that a Class I liquid can be safely dispensed.

Section 4. Communication System: (1) For self-service stations, a two-way communication system of the public address type shall be provided to facilitate direct and individual communication between the control room or stand, and each pump island.

(2) For partial self-service stations, an approved two-way electronic voice communications system shall be

provided unless unaided voice communications may be readily heard under the conditions of operation considering distance, noise levels, obstructions and enclosures.

Section 5. Water for Spillage for Self-Service Stations and Partial Self-Service Stations: (1) An operable water hose shall be connected and available for washing down spillage at all times the station is open for business.

(2) In the event of Class I liquid spillage, an attendant shall forthwith wash down said spillage, unless in so doing, a greater hazard would result.

Section 6. Locking Dispensing Units for Self-Service Stations and Partial Self-Service Stations: Each dispensing device for Class I liquids at a remote control dispensing station shall be kept locked or otherwise maintained inoperable at all times that the station is unattended.

Section 7. This regulation supplements the rules for the safe storage and handling of all flammable liquids in the National Fire Protection Association's "National Fire Codes," Volume 1, Chapter III, Article 30, 1973 Edition, herein filed by reference.

Section 8. 806 KAR 50:080 is hereby repealed.

HAROLD B. McGUFFEY, Commissioner
ADOPTED: December 18, 1975
APPROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Kentucky Department of Insurance, Second Floor, Capital Plaza Tower, Frankfort, Kentucky 40601.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:010. Definitions.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to define the terms used in the commission's rules and regulations.

Section 1. Definitions. The following words and phrases, irrespective of literal meaning as defined in recognized dictionaries, have assumed special meaning and connotations as used in racing, and in the context of these rules, shall be construed as having the following special meaning:

(1) "Added money" means cash, exclusive of trophy or other award, added by the association to stake fees paid by subscribers to form the total purse for a stakes race.

(2) "Age" of a horse is reckoned as beginning on the first day of January in the year in which the horse is foaled.

(3) "Allowance race" means a race in which contestants receive weight allowance based on performance and/or winnings as stipulated in the conditions thereof.

(4) "Appaloosa Horse" means a horse duly registered with the Appaloosa Horse Club, Inc., Moscow, Idaho.

(5) "Arrears" means money due for entrance fees, jockey fees, nomination or supplemental fees in stake races, fines, purchase money in claiming races, and/or default in any payment due incidental to the rules and regulations or conditions of a race.

(6) "Association" means any person, corporation, organization, or partnership licensed by the Kentucky Quarter Horse and Appaloosa Commission under KRS 230.420(2) and engaged in the conduct of a recognized Quarter Horse or Appaloosa race meeting.

(7) "Authorized agent" means an agent appointed by a notorized document signed by the owner and lodged annually with the Secretary of the Kentucky Quarter Horse and Appaloosa Commission, or if a single meeting only with the secretary of the meeting, to be sent to the commission.

(8) "Betting interest" means a single horse, or more than one (1) horse joined as a "mutuel entry" or joined in the "mutuel field," on which a single pari-mutuel wager may be placed.

(9) "Bleeder" means any horse known to have bled from its nostrils during a workout or race.

(10) "Bred" means the place at which a horse is foaled.

(11) "Breeder" of a horse is the owner of its dam at the time of service.

(12) "Claiming race" means any race in which every horse running therein may be transferred in conformity with these rules.

(13) "Closing" means time published by the association after which entries for a race will not be accepted.

(14) "Commission" means the Kentucky Quarter Horse and Appaloosa Commission. "Commissioner" is a member of the commission.

(15) "Corrupt practice" shall mean any attempt to enrich oneself or associates or gain an advantage, through unfair, unlawful, or dishonest behaviour in connection with the racing of horses.

(16) "Day" means any twenty-four (24) hour period beginning at 12:01 a.m. and ending at midnight. "Racing day" is a day on which races are conducted. "Calendar days" are those consecutive days counted irrespective of number of "racing days."

(17) "Declaration" means withdrawal of horse entered in a race prior to time of closing of entries therefor in conformance with these rules.

(18) "Directive" means an official order issued by the commission.

(19) "Disciplinary action" means that taken by the stewards or the commission for a rule violation and can include suspension, revocation, voidance of a license or ejection or exclusion from association grounds, or assessment of a forfeiture, or reprimand, or any combination thereof.

(20) "Disqualification" means an order of the stewards or commission revising the order of finish of a race.

(21) "Entry" means the act of nominating a horse for a race in conformance with these rules. (See "mutuel entry.")

(22) "Equipment" means accouterments other than ordinary saddle, girth, pad, saddle cloth, and bridle carried by a horse, and includes whip, blinkers, tongue strap, muzzle, hood, noseband, bit, shadow roll, martingale, brest plate, bandages, boots, and racing plates or shoes.

(23) "Exhibition race" means a race between horses of diverse ownership for which a purse is offered by the association, but on which no pari-mutuel wagering is permitted.

(24) "Field, or mutuel field" means a single betting interest involving more than one (1) horse formed when the number of horses starting in a race exceeds the numbering capacity of the totalizator, and the highest numbered horse

within the numbering capacity of the totalizator and all horses of a higher number are grouped in the "mutuel field."

(25) "Forfeit" means money due by a licensee because of an error, fault, neglect of duty, breach of contract, or alternative order of the stewards or commission.

(26) "Foul" means any action by any jockey that tends to hinder another jockey or any horse in the proper running of the race.

(27) "Handicap race" means a race in which the weights to be carried by the horses therein are assigned by the association handicapper with the intent of equalizing the chances of winning for all horses entered therein. A "free handicap" is a handicap for which no nominating fee is required to be weighted, but an entrance or starting fee may be required for starting therein.

(28) "Horse" means quarter horse or appaloosa registered as such with the American Quarter Horse Association in Amarillo, Texas, or the Appaloosa Horse Club, Inc., in Moscow, Idaho; and when used in these rules to designate any quarter horse or appaloosa irrespective of age or sex designation.

(29) "Ineligible" means horse or person not qualified under these rules or conditions of a race to participate in a specified racing activity.

(30) "Jockey" means rider currently licensed to ride in races as a jockey, or apprentice jockey, or amateur jockey, or a provisional jockey permitted by the stewards to ride in two (2) races prior to applying for a license.

(31) "Kentucky bred" is a foal dropped by a mare in Kentucky after being bred in Kentucky and remaining in the state until said foal is weaned.

(32) "Kentucky foal" is a foal dropped in Kentucky and whose dam has not been outside the state to be bred more than 120 days from the date of foaling and has remained in the state until foal is weaned.

(33) "Kentucky race" means a race in which the contestants are Kentucky bred and foaled horses as stipulated in the conditions.

(34) "Lessee" means licensed owner whose interest in a horse is a leasehold.

(35) "Licensee" means person or association that has been duly issued a currently valid license to participate in racing in this Commonwealth by the Kentucky Quarter Horse and Appaloosa Commission.

(36) "Maiden" is a horse which shows in the Daily Racing Form, the American Quarter Horse Chart Book or the Appaloosa Chart Book as never having won a race on a track recognized by the Kentucky Quarter Horse and Appaloosa Commission. A maiden which has been disqualified after finishing first in a race is still a maiden.

(37) "Match race" means race between two (2) horses, for which no other horses are eligible.

(38) "Meeting" means the entire period of consecutive days, exclusive of Sundays and dark days, granted by the commission to a licensed association for the conduct of racing, beginning at 10 a.m. of the first racing day and extending through a period ending one (1) hour after the last scheduled race of the last day. (See "Recognized meeting.")

(39) "Month" means calendar month.

(40) "Mutuel entry" means single betting interest involving two (2) or more horses entered in the same race and joined for pari-mutuel purposes because of common ties as to ownership or training so that a wager on one (1) horse joined in a "mutuel entry" is a wager on all horses joined in the same "mutuel entry."

(41) "Mutuel field" means the same as "field." (See subsection (24) of this section.)

(42) "Nomination fee" (see "subscription").

(43) "Nominator" means any person in whose name a horse is entered for a stake race.

(44) "Off time" is the moment at which, on signal of the starter, the horses break and run.

(45) "Owner" means any person who holds, in whole or in part, any right, title, or interest in a horse, or any lessee of a horse, who has been duly issued a currently valid owner's license as a person responsible for such horse.

(46) "Place" when used in the context of a single position in the order of finish in a race, means second; when used in the context of pari-mutuel wagering, a "place" wager is one involving a payoff on a betting interest which finished first or second in a race; when used in the context of mutiple positions in the order of finish in a race, "place or placing" means finishing first, or second, or third. (See also, "unplaced.")

(47) "Post" means the starting point of a race.

(48) "Post position" means the relative place assigned to each horse, numbered from the inner rail across the track at the starting line, from which each horse is to start a race.

(49) "Post time" means the time set for the arrival at the starting point of the horses in a race.

(50) "Prize" means the combined total of any cash, premium, trophy, and object of value awarded to the owners of horses according to order of finish in a race.

(51) "Purse" means the gross cash portion of the prize for which a race is run.

(52) "Purse race" means any race for which entries close less than seventy-two (72) hours prior to its running, and for which owners of horses entered are not required by its conditions to contribute money toward its purse.

(53) "Quarter Horse" means a horse registered with the American Quarter Horse Association of Amarillo, Texas.

(54) "Race" means running contest between horses, ridden by jockeys, over a prescribed course free of obstacles or jumps, at a recognized meeting, during regular racing hours, for a prize.

(55) "Race day" means any period of twenty-four (24) hours beginning at midnight and included in the period of a race meeting.

(56) "Racing official" means racing commissioner, commission staff as duties require, and all association racing department employees, as duties require.

(57) "Recognized meeting" means any race meeting conducted under jurisdiction of any legally constituted board or commission conducted with approval of the American Quarter Horse Association of Amarillo, Texas, or the Appaloosa Horse Club, Inc., of Moscow, Idaho.

(58) "Recognized tracks" are those conducting recognized meetings.

(59) "Registration certificate" means document issued by the American Quarter Horse Association of Amarillo, Texas, or the Appaloosa Horse Club, Inc., of Moscow, Idaho, certifying as to the name, age, color, sex, pedigree, and breeder of a horse as registered by number with the American Quarter Horse Association or the Appaloosa Horse Club.

(60) "Ruled off" means denial of entrance to premises of any association under jurisdiction of the commission.

(61) "Rules" when used in the plural, shall be deemed to mean all current "rules" promulgated by the commission; when used in the singular, shall be deemed to be confined to the numbered "rule," and subparagraphs thereof, wherein such mention is made.

(62) "Rulings" means all determinations, decisions, or orders of the stewards or of the commission duly issued in writing and posted.

(63) "Scratch" means withdrawal of a horse entered for a race after time of closing of entries therefor in conformance with these rules.

(64) "Scratch time" means time set by the racing secretary as a deadline for horsemen to indicate their desire to scratch out of a race.

(65) "Secretary" means duly appointed and currently serving secretary of the commission.

(66) "Specimen" means sample of blood, urine, or saliva taken or drawn from a horse for chemical testing.

(67) "Stakes" mean all fees paid by subscribers to an added-money or stakes race for nominating, eligibility, entrance, or starting, as may be required by the conditions of such race, such fees to be included in the purse.

(68) "Stakes race" means race which closes more than seventy-two (72) hours in advance of its running and for which subscribers contribute money towards its purse.

(69) "Starter:"

(a) Official who dispatches the horses from the starting gate;

(b) A horse is a starter when the stall doors of the starting gate open in front of it at the time the official starter dispatches the horses.

(70) "Stewards" means duly appointed racing officials with powers and duties set out in 812 KAR 1:025 serving at a current meeting in this Commonwealth.

(71) "Subscription" means a fee to keep a horse eligible to run in a Stake Race.

(72) "Suspended" means withdrawal by the steward or commission of racing privileges.

(73) "Tote (tote board)" means the totalisator.

(74) "Trial race" is a race designed primarily to determine the class of competing horses. A trial may be run as a purse race or stakes, or it may be run as a "time trial" with no purse at all. Whenever a trial is run for a purse or stakes so small that the value to the winner is less than fifty dollars ($50), the winning of the race shall not be counted against the winner in calculating the weight he must carry under the conditions of a subsequent race.

(75) "Unplaced" means not among the first three (3) horses finishing a race.

(76) "Walkover" means race in which the only starter or all starters represent single ownership.

(77) "Weigh in" means presentation of a jockey to the clerk of scales for weighing after a race.

(78) "Weigh out" means presentation of a jockey to the clerk of scales for weighing prior to a race.

(79) "Weight" means the number of pounds carried or to be carried in a race and includes the jockey, his silks, breeches, and boots, saddle, pad and cloth but excludes the protective helmet, whip, and bridle.

(80) "Workout" means training exercise of a horse on the training track or main track of an association during which such horse is timed for speed over a specified distance.

(81) "Year" means twelve (12) consecutive months beginning with January and ending with December.

JOHN HEFLIN, Chairman

ADOPTED: November 26, 1975

APPROVED: ELIJAH M. HOGGE, Secretary

RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:015. Commission; administrative staff.

RELATES TO: KRS 230.410 to 230.447

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the positions and duties of the commission.

Section 1. Statutory powers of the commission. (1) The commission shall be composed of five (5) members, responsible as a body for the regulation of quarter horse and appaloosa racing in Kentucky, under the terms defined in KRS 230.410 to 230.447, and other statutes pertaining to quarter horse and appaloosa racing.

(2) Individual members of the commission may be assigned specific areas of responsibility; and, with the consent of the commission, can act with full authority of the commission in such areas.

Section 2. Commission secretary. The secretary of the commission shall be appointed by the Governor, for a term not to exceed four (4) years. He shall possess the powers and perform the duties imposed upon him by KRS 230.410 to 230.447, and shall perform such ot er duties as the commission may direct.

Section 3. Administrative staff. The following positions and duties compose, with secretary, the administrative staff of the commission. (1) Senior steward and chief administrator, in overall supervision of all commission matters pertaining to racing.

(2) State steward, responsible for all commission matters at the race meetings to which he is assigned, and for such other duties as may be directed.

(3) Associate steward, who may be assigned by the commission to serve under the state steward as they may direct.

(4) Executive director, responsible under the chief administrator for the administration of commission programs.

(5) Public relations director, responsible for the promotion of the quarter horse and appaloosa industry in Kentucky.

Section 4. Commission license administrator. The commission may employ a person or persons who shall be responsible for processing license applications of all persons, other than associations, required to be licensed by 812 KAR 1:020 and collecting fees therefor. All license applications received by the license administrator shall be subject to approval by the licensing committee and the commission. The licensing administrator and his assistants shall:

(1) Be present on association grounds prior to the opening of a race meeting to accept license applications and shall maintain an office on association grounds to accept license applications during such race meeting.

(2) File daily reports to the commission on license applications received with accountings of fees received and forwarded to the commission.

(3) Be responsible for the photographing of license applicants for whom same is required.

(4) Be bonded.

Section 5. Commission supervisor of pari-mutuel betting. (1) The commission shall employ a supervisor with accounting experience who shall be responsible for ascertaining whether the proper amounts have been paid from pari-mutuel pools to the betting public, to the association, and to the commonwealth, by checking, auditing, and filing with the commission verified reports accounting for daily pari-mutuel handle distribution and attendance for each preceding racing day and a final report at the conclusion of each race meeting in the Commonwealth.

(2) Such daily reports to the commission shall show: for each race; number of horses started, number of betting interests, total money wagered in each betting pool, and refunds, if any for each day. The sum of all betting pools, and total refunds also, total pari-mutuel handle for the comparable racing day for the preceding year, and cumulative total and daily average pari-mutuel handle for the race meeting.

(3) Such daily reports also shall show: amount of state pari-mutuel tax due; taxable admissions, tax exempt admissions, total admissions; temperature, weather and track conditions, Post time of first race; program purses, distance and conditions of each race; any minus pools resulting with explanation.

(4) The commission supervisor of pari-mutuel betting shall submit to the commission on or before thirty (30) days after the close of each race meeting a final verified report giving in summary form a recapitulation of the daily reports for each race meeting and such other information as the commission may require.

(5) The commission supervisor of pari-mutuel betting or his representative shall have access to all association books, records, and pari-mutuel equipment for checking accuracy of same.

Section 6. Commission veterinarian. The commission shall employ a graduate veterinarian licensed in Kentucky and experienced in equine medicine and practice. He shall advise the commission and the stewards on all equine veterinary matters. The commission veterinarian's prime responsibility shall be the supervision and control of the detention area and for the collection of samples for the testing of horses for prohibited medication as outlined in 812 KAR 1:095. The commission may employ persons to assist the commission veterinarian in maintaining the detention area and collecting specimens. The commission veterinarian shall not treat or prescribe for any horse registered to race at any race track where he is employed, except in case of emergency; nor shall he buy or sell, for himself or another, any horse under his supervision; nor shall he wager on a race under his supervision.

Section 7. Commission chemist. (1) The commission is authorized to acquire, operate and maintain or to provide by contract for the maintainance of a testing laboratory and related facilities, for the purpose of performing such tests as the commission may require. Such commission chemist shall be a graduate chemist experienced in chemical testing techniques for conducting tests on urine, saliva, sweat, blood and other specimens from quarter horse or appaloosas delivered to the commission chemist or his representative by the commission veterinarian.

(2) The commission chemist shall report to the state steward all substances he might find in his tests which are not normal in the body of the horse as outlined in 812 KAR 1:095. His duties will be limited to these reports and need not include the possible effects on the physiology of a horse.

Section 8. Commission director of security. The commission may employ an investigator experienced in police work who shall advise the commission as to any person on association grounds, or among license applicants, whose conduct or reputation is such that such person's presence on association grounds may reflect on the honesty and integrity of quarter horse or appaloosa racing or interfere with the orderly conduct of quarter horse or appaloosa racing. The commission director of security shall:

(1) Maintain a current file on persons against whom rulings have been issued in racing jurisdictions and reported through the National Association of State Racing Commissioners. Said file also shall contain reports as to ejections or exclusions from association grounds in Kentucky and other racing jurisdictions.

(2) Investigate and ascertain the truth of statements made on license applications.

(3) Investigate possible infractions of racing rules at the request of the commission or stewards.

(4) Participate and co-operate with members of the track security police, state and local police on all other investigations pertaining to racing in the Commonwealth.

Section 9. Commission inspector. The commission may employ a person or persons who shall be responsible for ascertaining that all persons required to be licensed under 812 KAR 1:020 have same in their possession on association grounds, and for conducting investigations on association grounds at the request of the stewards or the director of security.

Section 10. Investigative powers. To insure compliance with these rules or to investigate possible infraction of these rules, the commission and its representatives shall have free access to all offices, files, records, enclosures, barns, and other facilities owned or possessed by associations. The commission and its representatives shall have the power to conduct a reasonable search of the person and property in the possession of licensed persons, such property being restricted to that on association grounds and including, without limiting thereby, tack rooms, living or sleeping quarters.

Section 11. Publication of rule changes. All rules adopted, revised, or repealed subsequent to the publication of a rule book shall be signed by the secretary and published by posting same with the effective date, in compliance with the statutes, of such change on the bulletin board on the racing secretary's office of each association, and by forwarding a copy of same to the National Association of State Racing Commissioners, and to the Daily Racing Form for publication therein.

JOHN HEFLIN, Chairman
ADOPTED: November 26, 1975
APPROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:020. Licensing procedures.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the licensing procedures and requirements.

Section 1. License required. No person, legal entity, or association shall conduct any quarter horse or appaloosa race for any stakes, purse, or reward in the Commonwealth without first securing a license therfor from the commission. No person shall participate in quarter horse or appaloosa racing in the Commonwealth as a horse owner, trainer, jockey, apprentice jockey, agent, stable employee, racing official, association employee, or employee of a person or concern contracting with the association to provide a service or commodity and which employment requires their presence on association grounds during a race meeting, or veterinarian, farrier, horse dentist, or supplier of food, tack, medication, or horse feed, without first securing a license therefor from the commission.

Section 2. Conditions precedent to issuance of license. Quarter horse and appaloosa racing and participation therein in the Commonwealth are privileges, not rights, granted only by the commission by license subject to the hereinafter set out conditions precedent. Acceptance of a license shall be construed as consent and agreement to the following conditions precedent by the licensee and failure to comply therewith shall be grounds for immediate voidance or revocation of such license:

(1) Representations made or with license application are complete and correct.

(2) Licensee shall abide by all rulings and decisions of the stewards and all such decisions by the stewards shall remain in force unless reversed or modified only by the commission upon proper appeal thereto. All rulings and decisions of the stewards may be appealed to the commission except those made by the stewards as to findings of fact as occurred during and incident to the running of a race and as to determination of the extent of disqualification of horses in a race for fouls committed during such race, and all such excepted rulings and decisions by the stewards shall be final with no right of review thereof by the commission or courts.

(3) Licensee shall consent to a reasonable search of his person and property in his possession by the commission or its representatives, such property being restricted to that on association grounds and including, without limiting thereby, tack rooms, living or sleeping quarters, motor vehicles, trunks, boxes and containers of any sort, and licensee shall consent to seizure of any object which may be evidence indicating a rule violation. Licensee shall cooperate in every way with the commission or its representatives during the conduct of an investigation, to include responding correctly under oath to the best of his knowledge all questions asked by the commission or its representatives pertaining to racing matters.

(4) A licensed trainer shall be responsible for the condition of horses in his charge and shall be held to a high standard of care in taking all precautions as are reasonable and necessary to safeguard such horses from tampering. Upon a finding of a positive for a prohibited medication, drug, or substance, in a saliva, urine, or blood specimen taken from a horse, the trainer of such horse shall have the burden of proof showing freedom from negligence in the exercise of a high degree of care in safeguarding such horse from tampering.

Section 3. Standards for granting licenses and racing dates to associations. The commission may issue a license to any association which applies for same to conduct a quarter horse or appaloosa race meeting on such days as the commission may deem appropriate, if the commission finds that the proposed conduct of racing by such association would be in the best interest of the public health, safety, and welfare of the immediate community as well as to Commonwealth, and if by reason of financial stability, track location, traffic flow, facilities for the public, facilities for racing participants and horses, character and reputation for honesty of all persons identified with the association, competence of proposed racing officials and association employees, absence of conflict with other race meetings in time and patronage area, sentiment of the community in which such association proposed to conduct a race meeting, and capability to comply with the rules and rulings of the commission, the licensing of such association would serve to nurture, promote, develop, or improve the quarter horse and appaloosa industry in the Commonwealth. As a condition precedent to the issuance of such license, the commission may require a surety bond or other surety conditioned upon the payment of all taxes due the Commonwealth, together with the payment of operating expenses including purses and awards to owners of horses participating in races.

Section 4. Standards for granting licenses to participants in racing. The commission may issue a license to any person who applies for same to participate in quarter horse or appaloosa racing in the Commonwealth as a horse owner, trainer, jockey, apprentice jockey, agent, stable employee, racing official, association employee, or employee of a person or concern contracting with the association to provide a service or commodity and which requires their presence on association grounds during a race meeting, or veterinarian, farrier, horse dentist, or supplier of food, tack, medication, or horse feed, if the commission finds that the financial responsibility, age, experience, reputation, competence, and general fitness of the applicant to perform the activity permitted by a license, are consistent with the best interest of racing and the maintenance of the honesty, integrity, and high quality thereof.

Section 5. Grounds for refusal, suspension, or revocation of a license. The commission in its discretion may refuse to issue a license to an applicant, or may suspend or revoke a license issued or order disciplinary measures, on the following grounds:

(1) Denial of a license to an applicant, or suspension or revocation of a license in another racing jurisdiction; the commission may require re-instatement in the original racing jurisdiction where applicant was denied a license or where his license was suspended or revoked;

(2) Conviction of a crime or violation of any narcotic regulation;

(3) Falsification, misrepresentation, or omission of required information in license application to the commission; failure to disclose to the commission complete ownership or beneficial interest in a horse entered to be

raced; misrepresentation or attempted misrepresentation in connection with the sale of a horse or other matter pertaining to racing or registration of quarter horses or appaloosa;

(4) Failure to comply with any order or ruling of the commission, stewards, or racing official pertaining to a racing matter;

(5) Ownership of any interest in, or participation by any manner in, any bookmaking, pool-selling, touting, bet solicitation, or illegal enterprise, or association with any person so engaged in such activity;

(6) Person less than sixteen (16) years of age;

(7) Person unqualified by experience or competence to perform the activity permitted by license as determined by standard examinations prescribed by the stewards;

(8) Intoxication, use of profanity, fighting or any conduct of a disorderly nature, on association grounds;

(9) Employment or harboring of unlicensed persons required by these rules to be licensed;

(10) Discontinuance of or ineligibility for activity for which license was issued;

(11) Possession on association grounds, without written permission therefor from the commission or stewards, of:

(a) Firearms;

(b) Battery, or buzzer, or electrical device, or other appliance other than an ordinary whip which could be used to alter the speed of a horse in a race or workout.

(12) Possession on association grounds by a person other than a licensed veterinarian of:

(a) Hypodermic needle, or hypodermic syringe, or other device which could be used to administer any substance to a horse;

(b) Narcotics, or medication, or drug, or substance which could be used to alter the speed of a horse in a race.

(13) Use of profane, abusive, or insulting language to or interference with a commissioner, member of the commission staff, or racing official, while such persons are in the discharge of their duties;

(14) Cruelty to a horse or neglect of a horse entrusted to a licensee's care;

(15) Offering, promising, giving, accepting, or soliciting a bribe in any form, directly or indirectly, to or by a person having any connection with the outcome of a race, or failure to report knowledge of same immediately to the stewards;

(16) Causing, or attempting to cause, or participation in any way in any attempt to cause the pre-arrangement of a race result, or failure to report knowledge of same immediately to the stewards;

(17) Entering, or aiding and abetting the entering of, a horse ineligible or unqualified for the race entered;

(18) Drug addition, bad moral character, intemperate habits, bad reputation for honesty, truth and veracity, or involvement in a subject of public notice as involved in any activity which, in the opinion of the commission, would be inconsistent with the best interests of racing by reflection on the honesty and integrity of the sport of racing, or association with persons so characterized;

(19) Violation of any rule of the commission, or aiding or abetting any person in the violation of any such rule.

Section 6. License applications for associations. Any person or legal entity desiring to conduct quarter horse or appaloosa racing in the Commonwealth may apply to the commission for association license. Such application shall be made in writing on application forms prescribed by the commission and filed at the commission general office on or before September 1 of the year preceding the calendar year in which the license is to be in force. Such application shall contain:

(1) Name and location of track. Initial applications shall be accompanied by such physical information as the commission may require.

(2) Names and addresses of all officers, directors, stockholders, and other persons owning or controlling a beneficial interest in the association with such degree of ownership or type of interest shown; names and addresses of all persons capable of exercising any control over affairs of the association as trustee or guardian or lessor, or mortgagee, or fiduciary. Any corporation, partnership, or other legal entity which owns or controls a beneficial interest in the association directly, or through other corporations or legal entities, shall similarly file with the application lists showing the names and addresses of all officers, directors, stockholders, and other persons owning or controlling a beneficial interest in such legal entities with such degree of ownership or type of interest thereunto pertaining. No application shall be acted upon by the commission until the commission is satisfied a full disclosure has been made.

(3) Days and hours thereof on which racing is requested to be conducted.

(4) Names of racing officials and persons responsible for track security and fire protection.

(5) Proposed purse schedule, showing minimum purse, average daily distribution, added money for each stake, if any.

(6) An operating report on forms prescribed by the commission if applicant is currently licensed.

(7) Such other information as the commission may from time to time require to ascertain the fitness of the applicant to conduct quarter horse and appaloosa racing.

Section 7. License application for participants in racing. (1) Any person other than an association required to be licensed by Section 1 and desiring to participate in quarter horse and appaloosa racing in the Commonwealth may apply to the commission for a license. Such application shall be made in writing on application forms prescribed by the commission and filed at the commission general office or with the commission license administrator at the association on or after January 2 of the calendar year in which the license is to be in force, but not later than twenty-four (24) hours after applicant has arrived on association grounds.

(2) Applications from persons not previously licensed in Kentucky shall include the names of two (2) reputable persons who will attest to the good reputation of the applicant and to the capability and general fitness of the applicant to perform the activity permitted by the license.

(3) Applications from persons whose age is not readily ascertainable by the licensing committee shall be accompanied by an attested copy of birth certificate or work permit showing applicant is sixteen (16) years or older.

(4) Fingerprint identification will be required of all licensees unless waived by the commission (i.e., absentee owners and casual delivery personnel who do not enter the stable area).

(5) Applications from persons, corporations, partnerships, lessors, or other legal entities involving more than one individual person desiring to race horses in the Commonwealth shall, in addition to designating the person or persons to represent the entire ownership of such horses,

be accompanied by documents which fully disclose the identity and degree and type of ownership held by all individual persons who own or control a present or reversionary interest in such horses. No application shall be acted upon by the commission until the commission is satisfied a full disclosure has been made.

(6) Applications from persons desiring to treat, or prescribe for, or attend any horse on association grounds as a practicing veterinarian, shall be accompanied by evidence that such person is currently licensed as a veterinarian by the Commonwealth of Kentucky. An accredited practicing veterinarian not licensed by the commission or the Commonwealth, however, may with permission of the stewards in an emergency be called in as a consultant, or to serve as a veterinarian for one (1) horse on a temporary basis, and shall not thereby be considered as participating in racing in this state.

(7) Applications from persons desiring to treat, or prescribe for, or attend any horse on association grounds as a dental technician shall be accompanied by the name of a licensed veterinarian who will attest to the technical competence of such applicant and under whose sponsorship and direction such applicant will work on association grounds.

(8) Applications from persons not previously licensed in the capacity of farrier shall not be forwarded with recommendation to the commission by the licensing committee until such applicant has been administered a standard examination by an experienced farrier known to the stewards so as to provide the licensing committee a reasonable basis for recommendation as to the technical proficiency of such applicant for a farrier's license.

(9) The following annual fees shall accompany the application and shall not be refundable:

(a) $20—Owner license and annual color registration;

(b) $15—Trainer, jockey, apprentice jockey, or jockey's agent license;

(c) $10—Veterinarian, dental technician, assistant trainer, farrier, o apprentice farrier license;

(d) $5—Stable employee license (foreman, authorized agent, exercise boy, groom, hotwalker, watchman, or pony boy);

(e) $5—Stable area supplier license (suppliers of horse feed, tack, medication, or food vendors);

(f) $5—Racing department employee license, steward, racing secretary, assistant racing secretary, director of racing, starter and assistant starter, paddock judge, patrol judge, placing judge, timer, commission veterinarian, commission chemist, commission supervisor of pari-mutuel betting, commission director of security, commission license administrator, commission inspector, association veterinarian, testing laboratory employee, horse identifier, valet, jockey room custodian, clerk of scales, entry clerk, photo finish operator, film patrol or video tape operator and projectionist, flagman, or outrider;

(g) $5—Mutuel department employee license, manager, calculator, sheet writer, supervisor, ticket checker, ticket seller, ticket cashier, messenger, runner, outbook clerk, program clerk, porter, information and change clerk, boardman, ticket room and money room clerk, assistant, totalizator employee;

(h) $5—Occupational license, admission department manager and employees; concessions manager and employees; parking manager and employees; association security department including police chief, detective, policemen, watchmen, fire, ambulance drivers and attendants; track superintendent, groundsmen, mechanics, carpenters; maintenance department manager and employees; all other persons employed by the association or employed by a person or concern contracting with the association to provide a service or commodity and which employment requires their presence on association grounds during a race meeting;

(i) $3—Temporary occupational license for persons to be employed in occupations listed in paragraph (h) above for ten (10) days or less during a calendar year.

Section 8. Licensing committee. The commission may appoint a licensing committee including the commission secretary and commission steward or their designated representative. Such licensing committee shall review all applications for all licenses, and forward all such applications to the commission with recommendations thereon, subject to security checks, for final action. Such licensing committee may issue to a license applicant a temporary permit to participate in the activity for which such license application was made pending administrative processing and final action on such license application by the commission.

Section 9. Term of license. Licenses issued by the commission for participation in quarter horse and appaloosa racing shall be valid from the date of issuance through the calendar year shown on such license at all race meetings conducted by associations in the Commonwealth during such calendar year, unless sooner suspended, revoked, or voided. The commission may renew any license and any such renewal shall not be construed to be a waiver or condonement of any violation which occurred prior to such renewal and shall not prevent subsequent proceedings against the licensee therefor. The validity of a license does not preclude or infringe upon the common law right of associations to eject or exclude any persons, licensed or unlicensed, from association grounds.

Section 10. Possession of license required. No person required to be licensed by these rules may participate in any activity required to be licensed on association grounds during a race meeting without having been issued a valid license therefore and having same in his possession. All licenses specified under subsection (9)(b) to (i) shall include a color photograph of the licensee.

Section 11. Applicability of rules and rulings to household. Rules pertaining to, and rulings against, licensees shall apply in like force to the spouse and members of the immediate family or households of the licensee, unless there is a showing on the part of an affected spouse, or affected member of the immediate family or household of the licensee, and the stewards in their discretion so find, that the continuation of participation in racing by such affected person will in no way circumvent the intent of the rule, or effect of the ruling, by permitting a person under the control or direction of the licensee to serve in essence as a substitute for a suspended licensee, or person ineligible to participate in a particular activity.

Section 12. Notice for discontinuance of employment. Licensed associations, racing officials, owners, trainers, jockeys, agents, farriers, stable employees, and all other licensees who have accepted with advance notice the conditions under which a race meeting is planned to be conducted, shall before terminating employment, engagements, or activities under such conditions, so notify the commission and respective interested persons or

associations of such intention at least fifteen (15) days before such termination. The commission shall upon notice to parties in interest conduct a hearing on the matter. If the commission finds that the cause of termination is unreasonable, unlawful, or contrary to these rules, the commission shall so advise all parties in interest and shall take appropriate action against offending parties. If the commission finds that the cause of termination is reasonable, lawful, and not contrary to these rules, the commission shall so advise all parties in interest and shall use its best efforts to settle the dispute.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:025. Stewards.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the qualifications, duties, powers and responsibilities of the stewards.

Section 1. Qualifications for a steward. No person shall qualify for commission appointment or approval as a steward unless:

(1) He has served as a steward, or racing secretary or assistant racing secretary, or starter, or placing judge, or patrol judge, or paddock judge, or clerk of scales, and as an observer in the stewards' stand at one (1) or more recognized race meetings for a period of not less than sixty (60) racing days per year during at least three (3) of the five (5) preceding calendar years; provided, however, if no person is available to serve who possesses the aforesaid experience as a racing official, then, the commission may consider for approval persons who have engaged in racing as an owner, or trainer, or jockey, or veterinarian, or breeder, and as an observer in the stewards' stand for at least three (3) of the five (5) preceding calendar years;

(2) He has satisfactorily passed an optical examination within one (1) year prior to approval as a steward evidencing corrected twenty-twenty (20-20) vision and ability to distinguish colors correctly;

(3) The commission is satisfied that income, other than salary as a steward, which may accrue to a person under consideration for appointment as a steward is independent of and unrelated to patronage of or employment by any licensee under the supervision of such steward, so as to avoid the appearance of any conflict of interest or suggestion of preferential treatment of a licensee.

Section 2. Appointment of stewards. (1) There shall be three (3) stewards for each race meeting, one (1) of whom shall be appointed by the commission and two (2) of whom shall be nominated by the association for approval by the commission. Names of association nominees for steward shall be submitted at the time of application for association license if possible, but no later than thirty (30) days before commencement of a race meeting and be accompanied by biographical data setting out the experience and qualifications of the nominees. The association shall submit successive nominees until two (2) persons are approved by the commission as qualified to serve as stewards. No steward shall serve until approved by the commission.

(2) Stewards shall serve from one (1) minute after midnight on the day before the first racing day until one (1) minute before midnight on the day after the last racing day of the race meeting for which they are appointed; provided, in the event a dispute or controversy arises during a race meeting which is not settled at the conclusion of the race meeting, then the power of the stewards shall be extended over the period necessary to resolve the matter, or until the matter is referred or appealed to the commission.

(3) Stewards shall be responsible only to the commission and may be replaced by the commission at any time for failure to perform their duties to the satisfaction of the commission.

(4) In the event a steward becomes ill, resigns, or is unable to serve for any reason, then the remaining stewards shall nominate a successor or temporary steward to the commission for approval. In emergencies, a single commissioner by telephone may approve appointment of a successor steward.

Section 3. General powers of stewards. The stewards shall exercise immediate supervision, control, and regulation of racing at each licensed race meeting on behalf of and responsible only to the commission. By way of illustration and without limiting thereby, the powers of the stewards shall include:

(1) Authority over all horses and all persons, licensed or unlicensed, on association grounds during a race meeting as to all matters relating to racing;

(2) To determine all questions, disputes, protests, complaints, or objections concerning racing which arise during a race meeting and to enforce such determinations;

(3) To suspend the license of a participant in racing, or eject or exclude from association grounds or any part thereof licensed or unlicensed persons upon reasonable belief that a violation of these rules has or is about to occur;

(4) To interpret and enforce these rules and determine all questions pertaining to a racing matter not specifically covered by these rules in conformity with justice and the customs of the turf, the same being subject to the powers and duties of the commission;

(5) To issue decisions or rulings pertaining to racing which shall supersede orders of the officers, directors, and officials of the association and which shall, if the stewards deem proper, vary any arrangement for the conduct of a race meeting, to include without limiting thereby, postponing a race, or cancelling a race, ruling a race run as "no contest;"

(6) To request and receive assistance from commission employees, racing officials, track security police, state or local police, in the investigation of possible rule infractions;

(7) To conduct hearings on all questions, disputes, protests, complaints, or objections concerning racing matters;

(8) In the event a regularly named rider or trainer or

racing official other than a steward is unable for any reason to perform, the stewards may select a substitute therefor; upon suspicion of fraud or misconduct, the stewards may excuse a horse or replace any rider or trainer, or racing official other than a steward;

(9) All other powers enumerated in these rules.

Section 4. Duties and responsibilities of stewards. In addition to the duties and responsibilities necessary and pertinent to general supervision, control, and regulation of race meetings, and without limiting the authority of the stewards to perform same and other duties enumerated in these rules, the stewards shall have the following specific duties and responsibilities:

(1) To take cognizance of all misconduct or rule infractions irrespective of whether complained of, and to cause investigations to be made of all instances of possible rule infractions; to take such action as the stewards may deem necessary to prevent rule infraction;

(2) At least one (1) steward shall be on association grounds from scratch time (or if not a racing day, when entries are first taken) until entries are closed. At least one (1) steward shall be present for the regular showing of racing films or video tapes. All three (3) stewards shall be on association grounds for a continuous period beginning three (3) hours before post time for the first race until conclusion of the last race. All three (3) stewards shall be present in the stewards' stand during the running of each race;

(3) At least one (1) steward, or a designated representative of the stewards, shall be present in the paddock at least twenty (20) minutes before each race and remain there until the horses leave for the starting gate, to observe the conduct of all persons in and around the paddock and inspect, with the paddock judge and association veterinarian, all horses for fitness;

(4) To inspect all applications for licenses to participate in racing, and administer, or cause to be administered by technically qualified persons, standard examinations to all first-time applicants for a trainer, jockey, apprentice jockey, veterinarian, dental technician, or farrier license, and make recommendations to the commission as to the qualifications of all applicants for licenses to participate in racing;

(5) To review all licenses, registration certificates, and all contracts, papers, and other documents pertaining to the sale or ownership of a horse, payment of purse money, jockey and apprentice jockey contracts, appointments of agents, adoptions of racing colors or stable name, and determine the eligibility and appropriateness thereof for participation in racing under supervision of the stewards;

(6) To call for proof of eligibility of a horse or person to participate in a race if such is in question and in absence of sufficient proof to establish eligibility, the stewards may rule such horse or person ineligible;

(7) To review stall applications and advise the association of undesirable persons, if any, among owners and trainers applying for stalls and provide the association with information pertaining to such undesirable persons;

(8) To supervise the taking of entries and receive all declarations and scratches and determine all questions arising and pertaining to same; the stewards may in their discretion refuse the entry of any horse by any person, or refuse to permit a declaration or scratch, or may limit entries in any way;

(9) To lock all pari-mutuel betting machines not later than the moment the starting gate is opened for the commencement of a race; to cause the "inquiry" sign to be posted on the infield odds board immediately after the horses have crossed the finish line in a race if any doubt is held by any steward or patrol judge as to the fairness of the running of such race; to cause the objection sign to be posted on the infield odds board upon the lodging of same; to cause the "official" sign to be posted on the infield odds board after determining the official order of finish for purposes of pari-mutuel payoff;

(10) To review the patrol films or video tapes of each day's races before commencement of the successive day's races and to draw up a list of riders (including all apprentice jockeys) whom the stewards feel should review such films for instructional purposes and cause same to be posted in the jockey's room. The patrol judges shall assist in making up the film list and attend all film showings whenever their other duties permit;

(11) To maintain a daily log, reporting all actions taken by the stewards on all controversies which arise during the day, such report to show name of track, date, weather, track condition, claims, results of saliva and urine tests, rulings issued, and any other circumstance or condition regarded as unusual, such reports to be signed by all three (3) stewards and filed within twenty-four (24) hours at the commission general office;

(12) To make periodic inspections of the barn area and check track security; to make occasional, informal visits to the jockeys' room and observe weighing out and check security; such inspections and observations made shall be noted in the stewards' report;

(13) To maintain a minute book which shall contain a detailed written record of all questions, disputes, protests, complaints, or objections brought to the attention of the stewards, summary of interviews taken thereon, reports of investigations thereon, together with rulings issued thereon; if a ruling is not unanimous, the dissenting steward shall record reasons for such dissent; such stewards' minute book shall be available to the commission for inspection at all times, but shall not be considered part of commission papers open to public inspection;

(14) Within seven (7) days after the conclusion of a race meeting, the stewards shall submit to the commission a written report setting out the condition of the meeting and association grounds, together with any recommendation for the improvement thereof which they may deem appropriate.

JOHN HEFLIN, Chairman

ADOPTED: November 26, 1975

APPROVED: ELIJAH M. HOGGE, Secretary

RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:030. Racing officials.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the qualifications, duties, powers and responsibilities of the racing officials.

Section 1. Racing officials. (1) Persons appointed by the association to serve as racing officials during a race meeting must first be approved by the commission and shall serve only as long as approved by the commission, and shall be under the supervision of the stewards. For purposes of this rule, racing officials shall include those persons serving as steward, racing secretary, assistant racing secretary, clerk of the scales, paddock judge, starter, patrol judge, placing judge, timer, identifier and association veterinarian.

(2) No person while serving as a racing official shall, indirectly or directly, own a beneficial interest in a quarter horse or appaloosa, or jockey contract, or association under his supervision; nor shall be cause to be bought or sold, for himself or another, any quarter horse or appaloosa under his supervision; nor shall he buy or sell, for himself or another, any right to or in a contract with a jockey or apprentice jockey under his supervision; nor shall he wager on any race under his supervision; nor shall he write or solicit horse insurance or have any monetary interest in any business which seeks the patronage of horsemen or racing associations as such. For the purposes of the above, the following racing department employees shall also be deemed racing officials: assistant starter, jockey room custodian, jockey room employees, valets, outriders.

(3) Racing officials serving in the capacity of stewards, placing and/or patrol judges, clerk of scales, starter and horse identifier shall take and satisfactorily pass an optical examination within one (1) year prior to the race meeting at which they serve, such examination evidencing corrected twenty-twenty (20-20) vision and an ability to distinguish colors correctly.

(4) Any racing official who desires to leave his employment during the race meeting must first obtain permission from the commission; in the event a vacancy occurs among racing officials other than stewards, the association shall promptly appoint a successor, subject to approval of the commission; in the event the association does not appoint a successor in time to permit the orderly conduct of racing, then the stewards shall immediately appoint a temporary successor.

Section 2. Racing secretary. The racing secretary shall be responsible for the programing of races during the race meeting, compiling and publishing condition books, assigning weights for handicap races, and shall receive all entries, subscriptions, declarations, and scratches. Among the duties for which the racing secretary and his staff are responsible are:

(1) Safekeeping of registration of certifications and racing permits for horses, recording information required thereon, and returning same to owners at the conclusion of the race meeting;

(2) Maintaining a record of all stakes fees received, and all arrears, jockeys' fees, purchase money in claiming races, and all other monies received incident to the race meeting and pay over same to persons entitled thereto within fourteen (14) days after race meeting concluded;

(3) Supervision of the horsemen's bookkeeper's handling of the "horseman's account;"

(4) Daily posting of entries for the benefit of the public as soon as possible after the entries have been closed and declarations have been made;

(5) To assign stall applicants such stabling as he may deem proper after consultation with the stewards and to maintain a record of arrival and departure of all horses stabled on association grounds;

(6) To publish the official daily program, insuring the accuracy therein of the following information:

(a) Sequence of races to be run and post time for the first race;

(b) Purse, conditions, and distance for each race, and current track record for such distance;

(c) The full name of licensed owners of each horse, indicated as leased if applicable, and description of racing colors to be carried;

(d) The full name of the trainer and the full name of the jockey named for each horse together with the weight to be carried;

(e) The saddle cloth number or designation for each horse; and the post position for each horse if there is a variance with the saddle cloth designation;

(f) Identification of each horse by name, color, sex, age, sire and dam;

(g) Such other information as may be requested from time to time by the association or the commission.

Section 3. Clerk of the scales. One (1) racing official shall serve as clerk of the scales who shall be responsible for the security, regulation, and control of the jockeys room, the equipment therein, and personnel permitted access thereto. Among the duties for which the clerk of scales is responsible for:

(1) Weighing out every jockey no later than fifteen (15) minutes prior to the race the jockey is scheduled to ride and recording all overweights which shall immediately be posted and announced to the public before each race;

(2) Weighing in every jockey immediately after the finish of each race and promptly notifying the stewards whether any jockey weighed in more than two (2) pounds underweight;

(3) Safekeeping of all racing colors;

(4) Reporting all color changes or jockey changes from that listed in the official daily program and causing same to be posted and announced to the public before each race;

(5) Supervision of all valets and the issuance of numbered saddle cloths and equipment for each horse;

(6) Accuracy of the scales and periodic tests thereof;

(7) Submitting to the racing secretary at the close of each racing day a statement of weight carried in each race by each jockey, noting overweight, if any;

(8) All complaints, protests, objections, or disputes submitted to the clerk of the scales shall be immediately transmitted to the stewards, and if the stewards are unavailable, then to the commission.

Section 4. Paddock judge. One (1) racing official shall serve as paddock judge who shall have general supervision of the paddock and be responsible for:

(1) Assembling the horses and jockeys in the paddock no later than fifteen (15) minutes before the scheduled post time for each race;

(2) Proper identification of all horses entered in each race. The track horse identifier shall be under the supervision of the paddock judge;
(3) Maintaining a written record of all equipment and inspecting all equipment of each horse saddled and reporting any change thereof to the stewards;
(4) Inspection of bandages of a horse; the paddock judge may order such bandages removed or replaced;
(5) Inspection of the feet of each horse to insure that each horse is properly shod;
(6) Paddock schooling of all horses approved for such by the stewards;
(7) Taking such measures as to insure that the saddling of all horses is orderly, open to public view, free from interference, and that horses are mounted at the same time, and leave the paddock for the post in proper sequence.

Section 5. Starter. (1) The starter shall be responsible for the fair and equal start of all horses in a race at the scheduled starting time by means of a starting gate and bell, or other device activated by his signal. The starter may employ such assistant starters as he may deem necessary and shall daily change the gate position of each assistant starter without notice to the assistant starters until the field for the first race shall come upon the track.
(2) No horse shall be permitted to start in a race unless approval is given by the starter. The starter shall maintain a schooling list which shall be posted in the racing secretary's office listing the names of all horses ineligible to start for want of adequate training leaving the gate. Horses shall be schooled under the supervision of the starter or his assistants.
(3) The starter shall report to the stewards any disobedience of his orders or attempts to take unfair advantage at the starting gate and recommend penalties for offenders.
(4) No assistant starter shall handle a horse until instructed to do so by the starter. No assistant starter shall strike or use abusive language to a jockey.
(5) No starter or assistant starter shall accept any gratuity or payment other than his regular salary directly or indirectly, for services in starting a race, nor shall he wager on a race.
(6) The starter shall maintain a written record showing the names of all starters during the day and the names of the assistant starters who handled each horse, such record to be made available to the stewards upon request.
(7) The starter shall have constant radio or telephone communication with the stewards from the time the horses leave the paddock until the field is sent away.

Section 6. Patrol judges. A race for a distance of 440 yards or less shall have at least one (1) patrol judge; a race for a distance over 440 yards shall have at least two (2) patrol judges. Racing officials shall serve as patrol judges who shall be stationed in elevated stands at points designated by the stewards to observe the running of each race. Each patrol judge shall have instant radio or telephone communication with the stewards to report observations, particularly as to any suspected foul riding, during the running of each race. Patrol judges shall assist in making up the film list and shall review all patrol films or video tapes before commencement of the next succeeding race program.

Section 7. Placing judges. Three (3) racing officials shall serve as placing judges who shall occupy a stand directly above the finish line during the running of each race. The placing judges shall take special note of racing colors and distinguishing equipment carried by each horse. The placing judges shall determine the order of the horses as they cross the finish line by consideration of the respective noses of such horses. The placing judges shall cause the numbers of the first four (4) horses to cross the finish line to be flashed on the result board. A photo-finish camera approved by the commission shall be used as an aid by the placing judges in determining the order of the horses as they cross the finish line; placing judges may request a photo to assist in determining margins of less than a half-length.

Section 8. Timer. A racing official shall serve as timer who shall occupy a stand directly above the finish line during the running of each race and record the official time thereof. The timer shall record the fractional time of leading horses during each race and the final time of the first horse to cross the finish line. An electrical or mechanical timing device approved by the commission may be used as an aid by the timer in determining the official time of each race. The timer shall maintain a written record of fractional and finish times of each race and file same with the racing secretary at the close of each racing day.

JOHN HELFIN, Chairman
ADOPTED: November 26, 1975
APPROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:035. Associations.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation outlines the requirements for racing associations.

Section 1. Maintenance of grounds, facilities and uniform track. Each association shall at all times maintain its grounds and facilities so as to be neat and clean, painted and in good repair, with special consideration for the comfort and safety of patrons, employees, and other persons whose business requires their attendance; with special consideration for the health and safety of horses there stabled, exercising, or entered to race; and shall have available adequate and proper implements to maintain a uniform track, weather conditions permitting.

Section 2. Result boards, totalizators required. Each association shall provide and maintain mechanically operated totalizators and electronic boards showing odds, results, and other race information located in plain view of patrons.

Section 3. Starting gate. Each association shall provide and maintain a working starting gate on every day horses

are permitted to exercise on its racing strip. Each association shall have in attendance one or more men qualified to keep said starting gates in good working order whenever said gates are in use, and each association shall provide for periodic inspections of said gates.

Section 4. Stabling. Each association shall be responsible for providing and maintaining fire-resistant barns and stalls in good repair, and in a clean and sanitary condition; each barn and each stall shall be numbered in consecutive order for ready ascertainment of location and identification and adequate drainage therefor shall be maintained. The racing secretary shall submit to the stewards prior to the opening of each race meeting a list of locations of approved off-track stabling facilities from which horses may be permitted to race; such locations shall be considered for purposes of these rules "association grounds."

Section 5. Stands for officials. Each association shall provide and maintain stands commanding an uninterrupted view of the entire racing strip for racing officials, such stands and location thereof to be approved by the commission. Patrol judge stands shall be constructed so the floor thereof shall be at least six (6) feet higher than the track rail.

Section 6. Permanent markers must be located at each standard quarter horse and appaloosa distance as applicable. Distance pole markers and permanent markers must be located where they can be seen clearly from the judge's stand. Each post shall be identified by color: such as, 220 yds., white; 250 yds., blue; 300 yds., yellow; 330 yds., green; 350 yds., red; 400 yds., black; 440 yds., orange; 500 yds., black and white; 550 yds., red and white; 660 yds., green and white; and 870 yds., blue and white. In addition, for appaloosa races, markers shall be located at six (6) and six and one-half (6½) furlongs to be painted yellow and white and orange and white, respectively.

Section 7. Lighting. Each association shall provide and maintain flood lights so as to insure adequate illumination in the stable area and parking area. Adequacy of track lighting for night racing shall be determined by the commission.

Section 8. Facilities for stable employees. Each association shall provide and maintain in good repair adequate living quarters and conveniently located sanitary facilities such as showers, toilets, and wash basins for stable employees. No person shall be permitted to sleep in any stall.

Section 9. Facilities for jockeys. Each association shall provide and maintain adequate facilities for jockeys scheduled to ride each day, such facilities to include accommodations for rest and recreation of jockeys on racing days, showers, toilets, wash basins, mirrors, arrangements for safekeeping of apparel and personal effects, snack bar, and other accommodations as requested by the clerk of scales.

Section 10. Facilities for commission. Each association shall provide adequate office space for the commission on association grounds and shall make available to the commission, and mark accordingly, a season box of six (6) to eight (8) seats and appropriate parking places for use of the commission throughout each racing day. Each association shall honor for access to preferred parking facilities and all other areas on association grounds any ring, lapel button, or automobile emblem issued at any time by the commission, or by the National Association of State Racing Commissioners.

Section 11. Sanitary facilities for patrons. Each association shall on every racing day, provide adequate and sanitary toilets and wash rooms, and furnish free drinking water for patrons and persons having business at the association.

Section 12. Manure removal. Each association shall provide and maintain adequate manure pits of such size and construction to handle refuse from stalls. The contents of said manure pits shall be removed from the stable area as promptly as is possible.

Section 13. Photo-finish cameras. Each association shall provide and maintain at the finish line two (2) photo-finish cameras for photographing the finish of races; one (1) camera to be held in reserve. The photo-finish photographer shall promptly furnish to the stewards and placing judges prints of all finishes as may be requested and in such number as may be required for public posting. The association shall maintain a one-year file of all such photo-finishes.

Section 14. Patrol films or video tapes. Each association shall at all times during a race meeting provide and maintain personnel and equipment necessary to produce adequate motion pictures or video tapes and record with same each race from start to finish.

(1) Projection or viewing equipment shall be adequate to permit simultaneous showing of head-on and side-angle views of the running of each race.

(2) Such films and video tapes shall be retained and secured by the association for not less than one (1) year and shall be available at all times to the commission and stewards. Each visual record of a race involving any question, dispute, or controversy shall be filed with the commission upon order of the stewards.

(3) Such films, or video tapes, shall be made available for viewing at the track by licensees who owned, trained, or rode a horse in the race requested to be viewed, and to members of the press.

Section 15. Ambulances. Each association shall provide and maintain at least one (1) man-ambulance and at least one (1) horse-ambulance during times horses are permitted to exercise or race. Said ambulances shall be equipped, manned, ready for immediate duty, and shall be located at an entrance to the racing strip.

Section 16. First-aid room. Each association shall equip and maintain adequate first-aid facilities with not less than two (2) beds and attendance of a competent physician and registered nurse during race hours.

Section 17. Track kitchen. Each association shall provide adequate eating facilities within the stable area, maintained in a clean and sanitary manner at all times horses are stabled on association grounds.

Section 18. Communication system. Each association shall install and maintain in good working service

communication systems between the stewards' stand and patrol judges, pari-mutuel department, starting gate, public address announcer, and clerk of the scales.

Section 19. Fire prevention. Each association shall be responsible for maintaining an adequate program for fire prevention and fire suppression. Each association within fifteen (15) days before commencement of a race meeting shall be inspected by the state or local fire marshal whose certification that the association plant and stable area meet fire safety requirements is necessary for the commission to approve commencement of the race meeting. Each association shall maintain a firefighting unit of trained personnel equipped with high expansion foam fire extinguishers and other equipment as may be recommended by the local fire inspection authority. Each association shall prohibit:

(1) Smoking in stalls, under shed rows, and in feed rooms;

(2) Open fires, oil or gas lamps in stable area; and

(3) Locking of stalls occupied by horses.

Section 20. Telephone restricted. (1) No association shall permit communication by any electrical, mechanical, manual, or visual method from association grounds of any information pertaining to any race conducted by the association until at least thirty (30) minutes after the last race of the day is declared official; excepting from the effect of this rule such information as may be transmitted by duly accredited members of the news media for the benefit of the public at large.

(2) All telephones and telegraph wires on association grounds shall be closed from fifteen (15) minutes before post time of the first race and remain closed until thirty (30) minutes after the finish of the last race is declared official and no calls or wires shall be allowed to be made or received while such telephone and telegraph wires are closed.

(3) Excepted from the effect of this rule shall be the transmission of information pertaining to racing by duly accredited members of the news media, and the ordinary conduct of business as may be transmitted by members of the commission and its staff or association officials.

(4) No association employee shall furnish, other than to authorized persons, any information with respect to entries, scratches, jockey changes, or track conditions for any race.

Section 21. Association police. Each association shall provide and maintain competent police and watchman services, night and day, in and about association grounds, and shall furnish daily to the commission a report on any disturbances, drunkenness, or disorderly conduct committed by any person on association grounds.

Section 22. Security. Each association shall cause to be excluded from association grounds all persons designated by order of the commission or stewards to be excluded. Each association shall take such measures as to maintain security of horses on association grounds so as to protect from injury due to frightening of or tampering with said horses. Each association shall exclude from the paddock area, race strip, and winner's entrance all persons who have no immediate connection with the horses entered except members of the commission, racing officials, and duly accredited members of the news media.

Section 23. Vendors and suppliers. Each association shall supervise the practice and procedures of all vendors of food, horse feed, medication, and tack, who have entry to the stable area. No association by virtue of this rule shall attempt to control or monopolize proper selling to owners, trainers, or stable employees, nor shall an association grant a concession to any vendor of feed, racing supplies, or racing services. Any vendor of horse feeds or medications shall file with the commission veterinarian a list of products which he proposes to sell, including any new preparation or medication. No association shall permit the sale of any alcoholic beverage, beer excepted, within the stable area.

Section 24. Ejection or exclusion from association grounds. (1) Associations may eject or exclude any persons, licensed or unlicensed, from association grounds or a part thereof solely of its own volition and without any reason or excuse given therefor, provided, however, such ejection or exclusion is not founded on race, creed, color, or national origin.

(2) Associations shall eject or exclude from association grounds all persons believed to be engaged in a bookmaking activity or solicitation of bets or touting, and a report thereof shall be submitted promptly to the commission, to the stewards, and to the local police.

(3) Associations shall eject or exclude from the stable area on association grounds all persons except those whose presence in the stable area is authorized as:

(a) Persons licensed to conduct an activity, the conduct of which requires the presence of such licensee in the stable area;

(b) Duly accredited members of the news media;

(c) Guests of a licensed owner or licensed trainer physically in the company of such owner or trainer;

(d) Persons physically in the company of and under the control and supervision of a racing official, or association security guard, or association public relations department representative.

(4) Reports of all ejections or exclusions from association grounds for any reason shall be made immediately to the commission and the stewards, such reports stating the name of all persons and circumstances involved.

Section 25. Ownership of associations. Each association shall file with the commission a revised list of persons whose identity is required by 812 KAR 1:040, immediately upon transfer of any beneficial interest or control in the association as from time to time may occur.

Section 26. Plan of association grounds. Each association shall file with the commission existing maps and plans of association grounds, showing all structures, piping, fire hydrants, fixed equipment, and racing strip, noting elevation as filled, drained, and gapped, and composition of track base and cushion. Each association shall file revised maps or plans of association grounds upon any material change as may occur from time to time.

Section 27. Attendance report. (1) Each association shall file with the commission daily attendance reports showing a turnstile count of all persons admitted to association grounds where pari-mutuel wagering is conducted; such attendance report shall indicate the daily number of paid admissions and free admissions.

(2) On request from the commission, each association shall file with the commission a current badge list showing

the names of all persons issued tax exempt admission credentials.

(3) Tax exempt admission credentials shall not be transferable and associations shall exclude or eject from association grounds any person attempting to use such tax exempt admissions credentials not issued to him by the association.

Section 28. Financial report. In addition to filing with the commission copies of reports required by KRS 138.530 to be filed with the Department of Revenue on pari-mutuel, each association shall furnish to the commission within sixty (60) days after the close of its fiscal year three (3) copies of its balance sheet and of its operating statement for such fiscal year with comparison to prior year, the same to be duly sworn to by the treasurer of the association and certified by a licensed certified public accountant. Such financal report shall be in such form as may be prescribed from time to time by the commission.

Section 29. Horseman's bookkeeper. (1) Each association shall maintain a separate bank account, to be known as the "horsemen's account," with at all times sufficient funds in such account to pay all money owing to horsemen in regard to purses, stakes, rewards, claims, and deposits. Withdrawals from this account shall at all times be subject to audit by the commission, and the horsemen's bookkeeper in charge of such account shall be bonded.

(2) All portions of purse money shall be made available to earners thereof within forty-eight (48) hours (Sundays excluded) after the result of the race in which such money was earned has been declared official; except, however, when the stewards shall order money withheld until final adjudication of a dispute determining which persons are entitled to such money in dispute.

(3) No portion of purse money other than jockey fees shall be deducted by the association for itself or for another, unless so requested in writing by the person to whom such purse monies are payable, or his duly authorized representative. Irrespective of whether requested, the horsemen's bookkeeper shall mail to each owner a duplicate of each record of a deposit, withdrawal or transfer of funds affecting such owner's racing account at the close of each race meeting.

Section 30. Outriders. Each association shall employ at least two (2) outriders to escort starters to the post and to assist in the returning of all horses to the unsaddling area. No outrider shall lead any horse that has not demonstrated unruliness, but shall assist in the control of any horse which might cause injury to a jockey or others. Each association shall wear traditional apparel. Outriders shall be required to be present on the racing strip, mounted, and ready to assist in the control of any unruly horse or to recapture any loose horse, at all times horses are permitted on the racing strip for exercising or racing.

Section 31 Association veterinarian. (1) Each association shall employ a graduate veterinarian, licensed in Kentucky, experienced in equine medicine and practice, who shall be responsible for inspecting and reporting all horses entered for racing soundness; maintaining and posting in the racing secretary's office a veterinary list of horses ineligible to race because of sickness or unsoundness; control of communicable equine diseases; insect control; sanitary conditions in the stable area, and observe and report all cruel or inhumane treatment of horses to the stewards.

(2) The association veterinarian shall be attendant on the stewards and the racing secretary at scratch time each day, and shall examine such horses as such racing officials may request, and shall make reports to such racing officials as promptly as possible.

(3) The association veterinarian shall be responsible for inspecting every horse entered on the day of the race for which such horse is entered. Such inspection shall be for physical fitness, general conditions, and for any noticeable unsoundness or peculiarities that may affect the racing condition of the horse or be considered for scratching a horse on a muddy or sloppy track. Such pre-race examinations shall be recorded on a health record for every starter at the race meeting.

(4) The association veterinarian shall be present in the paddock for saddling, shall accompany each field to the starting post, and observe all horses after the finish of each race. If, in the opinion of the association veterinarian, a horse suffers an injury while in the paddock, during the post parade, or at the starting gate, which injury shall render such horse unfit to race, he shall recommend to the stewards that the horse be excused and placed on the veterinary list. All horses requested to be scratched for physical reasons after scratch time shall be inspected by the association veterinarian who shall report the condition of such horse to the stewards.

(5) No association veterinarian during his employment by an association shall be permitted to engage in private veterinary practice involving quarter horses or appaloosas; nor be employed by or receive any compensation directly or indirectly from any licensed owner or trainer; nor sell or buy, for himself or another, any quarter horse or appaloosa; nor place any wager in any manner on any race run at the association; nor sell any drug supplies; nor sell horse insurance; nor be licensed to participate in racing in any other capacity.

Section 32. Horse identifier. Each association shall employ one (1) or more persons to be charged with the responsibility of proper identification of all horses entered to be raced. A horse identifier may accompany the association veterinarian on the pre-race examination of all starters. Every starter shall be examined in the paddock by a horse identifier for sex, age, color, markings, and lip tattoo, for comparison with its registration certificate; photographs may be used as an aid in identification. If a horse identifier has any doubt as to the identity of a horse entered to be raced, the horse identifier shall so notify the paddock judge and the stewards.

Section 33. Valets. Each association shall employ a sufficient number of persons licensed as valets to attend each individual rider on a day's racing program. Such valets shall be under the immediate supervision and control of the clerk of scales. No rider shall employ a valet or be attended by any person other than the valet assigned to him by the clerk of scales. No valet shall be assigned to the same rider for more than two (2) consecutive racing days. Valets shall be responsible for the care and cleaning of his assigned riders apparel and equipment; shall insure his rider has the proper equipment and colors for each race; shall present the proper equipment and attend the saddling of his rider's mount; and shall attend the weighing out of his rider. No valet or other jockey room attendant may place a wager for himself or another, directly or indirectly, on races run while

he is serving as a valet. Each association shall provide uniform attire for valets who shall wear same at all times while performing their duties within public view.

Section 34. Minimum purse and stakes values. No association shall program or run any race the purse for which is less than $500 in cash without special permission of the commission. No association shall program or run any stakes race the added value of which is less than $2,000 in cash added by the association to stakes fees paid by owners. Such minimum cash amounts paid by the association shall be exclusive of nomination, eligibility, entrance, and starting fees, and exclusive of other cash awards, premiums, prizes, or objects of value.

Section 35. Maximum number of races. No association shall program or run more than nine (9) races on any single racing day without special permission of the commission.

Section 36. Two (2) year old races. Beginning on April 1, of each year each association shall program in the conditions book at least four (4) two (2) year old races each week.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:040. Owners.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the requirements for owners.

Section 1. License required. No horse may be entered or raced in this state unless the owner or each of the part owners has been granted a current owner's license; except that, the commission may, through its licensing committee as provided by 812 KAR 1:020, cause a temporary license to be issued which will be valid for entering and racing pending administrative processing and final action by the commission on such owner's license application, but in no event shall such temporary license be considered valid later than two (2) weeks after such license application was submitted.

Section 2. Requirements for owner's license. (1) In addition to rules applicable to licensees under 812 KAR 1:020, a holder of an owner's license:

(a) Must be an individual person, eighteen (18) years or older; provided, however, the commission may grant an owner's license to a person less than eighteen (18) years of age who is a son or daughter of a licensed owner in this state, if the parent thereof holding an owner's license in this state files with the license application of such minor an agreement whereby such parent assumes responsibility for meeting all financial, contractual, or other obligations relating to racing of such applicant son or daughter.

(b) Must carry workmen's compensation insurance covering employees in connection with racing as required by Kentucky law.

(c) Must own or have under lease a horse eligible to race, and be prepared to prove same upon call of the stewards.

(d) Must not engage in an activity directly or indirectly involving the racing performance of horses on association grounds owned by others.

(2) The commission may deny, suspend, or revoke an owner's license for the spouse, or any member of the immediate family or household, of a person ineligible to be licensed as an owner, unless there is a showing on the part of the applicant or licensed owner, and the commission so finds, that his participation in racing as an owner will in no way circumvent the intent of the rule by permitting a person, under the control or direction of a person ineligible for an owner's license, to serve in essence as a substitute for such eligible person.

(3) A licensed owner or trainer may personally serve as a farrier or jockey for horses he owns or are registered as in his care, provided he has received from the stewards a certificate of said licensee's fitness as a competent farrier or jockey.

Section 3. Ownership disclosure. (1) Licensed owners and licensed trainers shall be held jointly responsible for making a full disclosure of the entire ownership of each horse in their care.

(2) Such disclosure shall identify in writing all individual persons who directly, or indirectly, through a lien, or a lease, or partnership, or corporate stockholding, or syndication, or other joint venture, hold any present or reversionary right, title, or interest in and to such horse, and those individual persons who by virtue of any form of interest might exercise control over such horse or can benefit from the racing of such horse; the degree and type of such ownership held by each individual person shall be designated.

(3) Such disclosure shall be made when registering each horse with the racing secretary upon arrival on association grounds, or at time of entry, whichever event occurs first, and shall be revised immediately upon any subsequent change in such ownership.

(4) Such disclosure together with all written agreements, and affidavits setting out oral agreements, pertaining to the ownership of or rights in and to a horse, shall be attached to the registration certificate for such horse and filed with the racing secretary, who shall be responsible for the care and security of such papers while such horses thereunto pertaining are located on association grounds.

(5) Such disclosure is made for the benefit of the public and all documents pertaining to the ownership or lease of a horse filed with the racing secretary shall be available for public inspection.

(6) The stewards shall review the ownership of each horse entered to race and insure each registration certificate is properly endorsed by the transferor to the present owner. The stewards may determine the validity for racing purposes of all leases, transfers, and agreements pertaining to ownership of a horse; and may call for adequate evidence of ownership at any time. The stewards may declare

ineligible to race any horse, the ownership or control of which, is in question.

Section 4. Joint ownership. (1) No more than four (4) individual persons may be licensed as owners of a single horse.

(2) In the event more than four (4) individual persons own interests in a single horse, through a partnership, or corporation, or syndication, or other joint venture, then such individual persons may designate in writing a member of the partnership, corporation, syndicate, or joint venture to represent the entire ownership of and be responsible for such horse as the licensed owner thereof.

(3) Such agreement, or lease, shall accompany the application for an owner's license. Each person designated as representing the entire ownership of a horse must be licensed.

(4) The commission may deny, suspend, or revoke the license of any owner whose ownership of a horse is qualified or limited in part by rights or interests in or to such horse being held or controlled by any other individual person or persons who would be ineligible to be licensed as an owner under 812 KAR 1:020.

Section 5. Program listing of owners. Names of all individual persons licensed as owners of each horse shall be listed in the daily program; if space limitations preclude listing of first names, then at least two (2) initials shall precede surnames. Stable names, or corporate names, registered in other racing jurisdictions may be shown parenthetically if space limitations permit. Lessees licensed as owners shall be designated on the program as lessee of each leased horse.

Section 6. Leases. Horses may be raced under lease provided the lease agreement is annexed to the horse's registration certificate and is approved by the stewards. Validity of a lease for the purposes of racing a horse in this state may be suspended temporarily or voided by the stewards at any time. No lease may be approved by the stewards for racing purposes unless:

(1) Lessee is licensed as an owner;

(2) Each of the signatures of the lessors and lessees on the lease agreement is subscribed and sworn to before a notary public;

(3) Term of the lease is no less than one (1) year, unless sooner terminated by claim or retirement of subject horses;

(4) Conditions of the lease specify, as to parties to the lease, whether the subject horse can be entered in a race to be claimed. If agreeable to lessor that the subject horse may be entered to be claimed, conditions of the lease must specify the minimum price for which the subject horse can be entered, the name of the payee of claiming price;

(5) Conditions of the lease specify that upon claim of subject horse the lease shall terminate and all rights in and to such horse shall pass to claimant as a bona fide purchaser;

(6) After reviewing the full ownership of such leased horses, and the interests of all persons involved in such lease, and the term and conditions of such lease, the stewards in their discretion find that such lease:

(a) Completely divests lessors or sublessors of further control or direction of the racing performance of such horse while under lease; and

(b) The resultant program-listing of lessee would not mislead the betting public by reason of the absence in the program-listing of the name of a person or persons possessing a beneficial interest in such leased horse.

Section 7. Racing colors. (1) Owners shall be responsible for designing and providing individual racing colors, consisting of jackets and capes of distinctive color and pattern to be worn by jockeys during a race, such racing colors to be registered with the commission.

(2) Racing colors may be registered for the life of an owner upon payment of a twenty-five dollar ($25) fee therefor. Upon death of a registrant of lifetime racing colors, no application for the same colors shall be accepted by the commission for twelve (12) months, except from members of the family of the deceased owner.

(3) Racing colors other than those registered for life must be registered annually, application therefor to accompany application for an owner's license.

(4) Registration of racing colors shall be at the discretion of the commission. Disputes as to rights to particular racing colors shall be determined by the commission. The commission may refuse to accept for registration racing colors which:

(a) Are not readily distinguishable by color and pattern from racing colors currently registered in this state or with the Jockey Club;

(b) Include advertising, promotional, or cartoon symbols or words, or which, in the opinion of the commission, are not in keeping with the traditions of the turf.

(5) No horse may be raced in racing colors other than those registered in the name of the horse's owner without special permission of the stewards. If an owner races two (2) or more horses in the same race, jackets shall be identical while caps shall be varied in color or design. Any deviation from registered colors granted by the stewards shall be immediately posted on the public notice board.

(6) Owners and trainers shall be jointly responsible for the condition of racing colors, insuring that they are neat, clean, and in good repair, and that an adequate number of sets of racing colors are placed in the care of the clerk of scales.

(7) The clerk of scales, and the valet serving a jockey, shall be jointly responsible for having the correct jacket and cap on each rider when leaving the jockey room for the paddock.

(8) Racing colors are not assignable and registration thereof shall be automatically cancelled upon the death or license-suspension of an owner.

Section 8. Employees licensed. No owner or trainer may employ or contract with an unlicensed person to perform an activity on association grounds for which a license is required. An owner shall immediately notify the racing secretary upon change of trainer during a race meeting.

Section 9. Authorized agent. A licensed owner may, as a principal, authorize any person, as an agent, to act in such owner's behalf in all matters pertaining to racing in this state. and ownership of horses on association grounds, provided by 812 KAR 1:020. A licensed owner, as a principal, shall be jointly liable and responsible with his licensed authorized agent for all acts and omissions of such authorized agent serving in such owner's behalf in a racing matter, until written notification from such owner revoking such agency is received by the commission.

Section 10. Suspension. In the event the license of an

owner is suspended or revoked, all horses owned wholly or in part by such owner shall not be permitted to race during such suspension unless such horses are transferred to a licensed owner, and such transfer is approved by the stewards as completely divesting of such suspended former owner of control of or benefit from the subsequent racing of such horses.

Section 11. Partnerships. (1) Partnerships must be registered with the commission. Partnership papers shall set forth the following:

(a) The name and address of every person having an interest in the horse or horses involved.

(b) The relative proportion of such interests.

(c) To whom the winnings are payable.

(d) In whose name the horse or horses shall run.

(e) With whom the power of entry and declaration rests.

(f) The terms of any contingency, lease, or any other arrangement.

(g) The names of the horse or horses involved.

(2) Any partner transacting business on behalf of a partnership must own an interest therein at least equal to that owned by any other partner.

(3) All partnership registrations must be signed by all of the partners or by their authorized agent.

(4) Any alteration in a recorded partnership must be reported in writing to the commission and signed by all the partners, or their authorized agent.

(5) All the parties in a partnership and each of them shall be jointly and severally liable for all stakes, fees, and other obligations.

JOHN HEFLIN, Chairman

ADOPTED: November 26, 1975

APPROVED: ELIJAH M. HOGGE, Secretary

RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:045. Trainers.

RELATES TO: KRS 230.410 to 230.447

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the requirements for trainers.

Section 1. License required. No horse may be raced in this state unless the trainer thereof has been granted a current trainer's license.

Section 2. Requirements for trainer's license. (1) In addition to rules applicable to licensees under 812 KAR 1:020, a holder of a trainer's license:

(a) Must be an individual person eighteen (18) years or older. No trainer may be licensed to train under an assumed or stable name.

(b) Must be qualified by experience or competence to care for and train race horses as determined by a standard examination prescribed and given at any time by the stewards.

(c) Must have in his charge a horse eligible to race.

(d) Must not engage in an activity directly or indirectly involving the racing performance of horses on association grounds other than those registered as being in his charge.

(2) A licensed trainer cannot also be currently licensed to participate in racing in this state as a jockey, apprentice jockey, jockey's agent, veterinarian, assistant veterinarian, dental technician, farrier, apprentice farrier, or as an association racing department employee, except as provided by 812 KAR 1:020.

(3) The commission may deny, suspend or revoke a trainer's license or the spouse, or any member of the immediate family or household, or a licensee ineligible to hold a trainer's license under subsection (1)(d) of this section, unless there is a showing on the part of the applicant or licensed trainer, and the commission so finds, that his participation in racing as a trainer will in no way circumvent the intent of this rule by permitting a person under the control or direction of a licensee ineligible to hold a trainer's license to serve in essence as a substitute for such ineligible person.

Section 3. Duties and responsibilities. A licensed trainer shall bear primary responsibility for the proper care, health, training condition, safety, and protection against administration of prohibited drugs or medication of horses in his charge. A licensed trainer:

(1) Shall register with the racing secretary all persons in his employ and insure same are duly licensed within twenty-four (24) hours after such employees arrive on association grounds, or are employed. Upon discharge of an employee, a trainer must promptly notify the racing secretary and commission license administrator.

(2) Shall carry workmen's compensation insurance covering his employees in connection with racing as required by Kentucky law.

(3) Shall register with the racing secretary all horses in his charge in accordance with 812 KAR 1:020. No licensed trainer may take or keep in his charge a horse owned wholly or in part, or controlled by, a person unlicensed as an owner. No licensed trainer shall assume responsibility for a horse not under his active care and supervision, except as provided in subsection (6) of this section.

(4) Shall bear primary responsibility for horses he enters as to eligibility; weight allowance claimed, physical fitness to perform creditably at the distance entered; absence of prohibited drugs or medication; proper shoes, bandages, and equipment; and timely arrival in the saddling paddock. A licensed trainer shall be jointly responsible with the licensed owner for horses he enters as to stakes payments and jockey fees due.

(5) Shall furnish the name of the jockey engaged to ride each horse entered, if possible at the time of entry, but in no event later than scratch time. If no jockey has been named to ride a horse entered to race by scratch time, then the stewards shall select the best rider available to ride such horse.

(6) Shall personally attend his horses in the paddock and supervise the saddling thereof, unless excused by the stewards. If a licensed trainer is to be absent from association grounds where his horses are stabled, he must provide a substitute, his licensed assistant trainer or another licensed trainer, to attend the saddling of horses already entered and to assume complete responsibility for horses to

be entered; such substitute must be approved by the stewards and shall sign in the presence of the stewards a form furnished by the commission accepting complete responsibility for horses such substitute enters.

(7) May attend the taking and testing of a saliva, urine, or blood sample from a horse in his charge by the commission veterinarian and commission chemist, or may delegate one of his licensed employees to do so.

(8) Shall maintain the stable area assigned to him in a clean, neat and sanitary condition at all times, and insure that fire prevention rules are strictly observed in his stable area.

(9) Shall promptly report to the association veterinarian any sickness, or death of any horse in his charge.

Section 4. Restrictions on ownership. No licensed trainer shall have any interest, by ownership or lease in the racing or breeding qualities, in a horse of which he is not the trainer at any race meeting at which such trainer is in charge of a racing stable.

Section 5. Horses suspended. All horses in the charge of a trainer whose license has been revoked or suspended, shall not be permitted to race during the period of such trainer's suspension. Upon application by the owners of such suspended horses, the stewards may approve the transfer of such horses to the care of another licensed trainer, and upon such approved transfer, such horses may be entered to race.

Section 6. Assistant trainer. A licensed owner or licensed trainer may employ an assistant trainer. Such assistant trainer must be licensed before acting in such capacity on behalf of his employer. Qualifications for obtaining an assistant trainer's license shall be prescribed by the stewards. A licensed assistant trainer shall assume the same duties and responsibilities as imposed on the holder of a trainer's license. The licensed trainer shall be jointly responsible with his assistant trainer for all acts and omissions of such assistant trainer involving a racing matter.

JOHN HEFLIN, Chairman
ADOPTED: November 26, 1975
APPROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:050. Jockeys and apprentices.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the requirements for jockeys and apprentice jockeys.

Section 1. Probationary mounts. Any person desiring to participate in this state as a rider and who never previously has ridden in a race may be permitted to ride in two (2) races before applying for a license as a jockey or apprentice jockey; provided, however:

(1) Such person is a licensee with at least one (1) year of service with a racing stable;

(2) A licensed trainer certifies in writing to the stewards that such person has demonstrated sufficient horsemanship to be permitted such probationary mounts;

(3) The starter has schooled such person breaking from the starting gate with other horses and approves such person as capable of starting a horse properly from the starting gate in a race;

(4) The stewards in their sole discretion are satisfied such person intends to become a licensed jockey, possesses the physical ability and has demonstrated sufficient horsemanship to ride in a race without jeopardizing the safety of horses or other riders in such race. No such person shall be permitted to ride in any such probationary race without prior approval of the stewards.

Section 2. Qualifications for license. In addition to rules applicable to licensees under 812 KAR 1:020, a holder of a license as a jockey or apprentice jockey:

(1) Must be an individual person sixteen (16) years of age or older and licensed under his legal name which shall be listed in the daily race program;

(2) Must have served at least one (1) year with a racing stable;

(3) Must have ridden in at least two (2) races;

(4) Must, when required by the stewards, provide a medical affidavit certifying such person is physically and mentally capable of performing the activities and duties of a licensed jockey.

Section 3. Amateur or provisional jockey. An amateur wishing to ride in races on even terms with professional riders, but without accepting fees or gratuities therefor, must be approved by the stewards as to competency of horsemanship, must be granted a jockey's license, and such amateur status must be duly noted on the daily race program. A licensed owner or licensed trainer, upon approval by the stewards, may be issued a provisional jockey's license to ride his own horse or horse registered in his care as trainer.

Section 4. Apprentice allowance. Any person sixteen (16) years of age or older, who never previously has been licensed as a jockey in any country, and who is qualified under Section 2, may claim in all purse races except handicaps the following weight allowances:

(1) Six (6) pounds until he has ridden five (5) winners, and four (4) pounds until he has ridden an additional thirty (30) winners.

(2) An apprentice jockey may enter into a contract with a licensed owner or licensed trainer qualified under Section 5 for a period not to exceed five (5) years. Such contracts must be approved by the stewards and filed with the racing commission; such contracts shall be binding in all respects on the signatories thereof. An apprentice who is not contracted shall be given an apprentice jockey certificate, on a form furnished by the commission.

(3) In the event an apprentice jockey is unable to ride for a period of fourteen (14) consecutive days or more because of service in the armed forces of the United States, or because of physical disablement, or because of restrictions on racing, the commission upon

recommendation of the stewards and after consultation with the racing authority which first approved the original apprentice contract, may extend the time during which such apprentice weight allowance may be claimed for a period no longer than the period such apprentice rider was unable to ride.

(4) After completion of conditions in subsection (1), such rider must be issued a license as a jockey before accepting subsequent mounts. Under these circumstances, the commission may waive collection of an additional license fee.

Section 5. Rider contracts. All contracts between an employer owner or trainer and employee rider are subject to the rules of racing. All riding contracts for terms longer than thirty (30) days, as well as any amendments thereto, or cancellation, or transfer thereof, must be in writing with signature of parties thereto notarized, must be approved by the stewards and filed with the commission. The stewards may approve a riding contract and permit parties thereto to participate in racing in this state if the stewards find that:

(1) The contract employer is a licensed owner or licensed trainer who owns or trains at least three (3) horses eligible to race at the time of execution of such contract;

(2) The contract employer possesses such character, ability, facilities, and financial responsibility as may be conducive to developing a competent race rider;

(3) Such contracts for apprentice jockeys provide for fair remuneration, adequate medical care, and an option equally available to both employer and apprentice jockey to cancel such contract after two (2) years from date of execution.

Section 6. Restrictions as to contract riders. No rider may: (1) Ride any horse not owned or trained by his contract employer in a race against a horse owned or trained by his contract employer;

(2) Ride or agree to ride any horse in a race without consent of his contract employer;

(3) Share any money earned from riding with his contract employer;

(4) Accept any present, money, or reward of any kind in connection with his riding of any race except through his contract employer.

Section 7. Calls and engagements. Any rider not so prohibited by prior contract may agree to give first or second call on his race-riding services to any licensed owner or trainer. Such agreements, if for terms of more than thirty (30) days, must be in writing, approved by the stewards, and filed with the commission. Any rider employed by a racing stable on a regular salaried basis may not ride against the stable which so employs him. No owner or trainer shall employ or engage a rider to prevent him from riding another horse.

Section 8. Jockey fee. (1) The fee to a jockey in all races shall be, in the absence of special agreement, as follows:

(a) Purse, $500 to $1,400: Winning mount, 10% of purse; Second mount $30; Third mount $25; Losing mount $20;

(b) Purse, $1,500 to $1,900: Winning mount, 10% of purse; Second mount $35; Third mount $30; Losing mount $25;

(c) Purse, $2,000 to $3,400: Winning mount, 10% of purse; Second mount $45; Third mount 35; Losing mount $30;

(d) Purse, $3,500 to $4,900: Winning mount, 10% of purse; Second mount $50; Third mount $40; Losing mount $30;

(e) Purse, $5,000 and up: Winning mount, 10% of purse; Second mount $55; Third mount $45; Losing mount $35.

(2) A jockey fee shall be considered earned by a rider when he is weighed out by the clerk of scales except:

(a) When rider does not weigh out and ride in a race for which he has been engaged because an owner or trainer engaged more than one (1) rider for the same race; in such case, the owner or trainer shall pay an appropriate fee to each rider engaged for such race.

(b) When such rider capable of riding elects to take himself off the mount without, in the opinion of the stewards, proper cause therefor.

(c) When such rider is replaced by the stewards with a substitute rider for a reason other than a physical injury suffered by such rider during the time between weighing out and start of the race.

Section 9. Duty to fulfill engagements. Every rider shall fulfill his duly scheduled riding engagements, unless excused by the stewards. No rider shall be forced to ride a horse he believes to be unsound, nor over a racing strip he believes to be unsafe, but if the stewards find a rider's refusal to fulfill a riding engagement is based on a personal belief unwarranted by the facts and circumstances, such rider may be subject to disciplinary action.

Section 10. Presence in jockey room. (1) Each rider who has been engaged to ride in a race shall be physically present in the jockey room no later than one (1) hour prior to post time for the first race on the day he is scheduled to ride, unless excused by the stewards, or the clerk of scales; and upon arrival shall report to the clerk of scales his engagements. In the event a rider should fail for any reason to arrive in the jockey room prior to one (1) hour before post time of a race in which he is scheduled to ride, the clerk of scales shall so advise the stewards who thereupon may name a substitute rider and shall cause announcement to be made of any such rider substitution prior to opening of wagering on such race.

(2) Each rider reporting to the jockey room shall remain in the jockey room until he has fulfilled all his riding engagements for the day, except to ride in a race, or except to view the running of a race from a location approved by the stewards. Such rider shall have no contact or communication with any person outside the jockey room other than an owner or trainer for whom he is riding, or a racing official, or a representative of the regular news media, until such rider has fulfilled all his riding engagements for the day.

(3) The association shall be responsible for such security of the jockey room as to exclude all persons except riders scheduled to ride on the day's program, valets, authorized attendants, racing officials, duly accredited members of the news media, and persons having special permission of the stewards to enter the jockey room.

(4) Any rider intending to discontinue riding at a race meeting prior to its conclusion shall so notify the stewards after fulfilling his final riding engagement of the day he intends to depart.

Section 11. Weighing out. (1) Each rider engaged to ride in a race shall report to the clerk of scales for weighing out not more than one (1) hour and not less than fifteen (15) minutes before post time for each race in which he is

engaged to ride, and at the time of weighing out shall declare overweight, if any.

(2) No rider shall pass the scale with more than one (1) pound overweight, without consent of the owner or trainer of the horse he is engaged to ride; in no event shall a rider pass the scale with more than five (5) pounds overweight.

(3) No horse shall be disqualified because of overweight carried.

(4) Whip, blinkers, number cloth, bridle, and rider's safety helmet shall not be included in a rider's weight.

Section 12. Wagering. No rider shall place a wager, or cause a wager to be placed on his behalf, or accept any ticket or winnings from a wager on any race except on his own mount, and except through the owner or trainer of the horse he is riding. Such owner or trainer placing wagers for his rider shall maintain a precise and complete record of all such wagers, and such record shall be available for examination by the stewards at all times.

Section 13. Attire. Upon leaving the jockey room to ride in any race, each rider shall be neat and clean in appearance and wear the traditional jockey costume with all jacket buttons and catches fastened. Each jockey shall wear the cap and jacket racing colors registered in the name of the owner of the horse he is to ride, stock tie, white or light breeches, top boots, safety helmet approved by the commission, and a number on his right shoulder corresponding to his mount's number as shown on the saddle cloth and daily race program. The clerk of scales and attending valet shall be held jointly responsible with a rider for his neat and clean appearance and proper attire.

Section 14. Viewing films or tapes of races. Every rider shall be responsible for checking the film list posted by the stewards in the jockey room the day after riding in a race, the posting of same to be considered as notice to all riders whose names are listed thereon to present themselves at the time designated by the stewards to view the patrol films or video tapes of races. Any rider may be accompanied by a representative of the jockey organization of which he is a member in viewing such films, or with the stewards' permission, be represented at such viewing by his designated representative.

ADOPTED: November 26, 1975
APPROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:055. Authorized agents.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the requirements for authorized jockeys and agents.

Section 1. Agents permitted. Any licensed owner, or licensed jockey, or licensed apprentice jockey, may as a principal authorize another person as an agent to act in such principal's behalf in all matters pertaining to racing in this state and transfer of horses on association grounds. Such authorization shall be in writing and shall define the powers, limits, and term of such agency.

Section 2. License required. (1) No person may act as agent on behalf of another individual in a matter pertaining to racing in this state, or in the transfer of horses on association grounds, unless both principal and agent have been duly issued current licenses permitting such activity.

(2) If an authorized agent is to act on behalf of more than one principal, a separate license must be obtained as to each principal. Applications for an authorized agent license shall be accompanied by the written agency appointment, signed by the principal and notarized.

(3) If such agency appointment is other than one authorizing broad general powers, and qualifies or limits powers of the agent to act on behalf of the principal in any way (for example: limitation as to transfer of money in the horsemen's account, or entry of a horse for a minimum claiming price, or sale or purchase or lease of a horse), then such license, if issued, shall indicate thereon such limitation by the words "qualified" or "limited."

(4) No racing official shall permit any authorized agent whose license indicates a qualified agency to act as an authorized agent until such racing official has inspected a copy of the agency appointment and ascertains such act is empowered by such agency.

(5) No jockey agent shall make engagements for more than two (2) riders, except that a single jockey agent may represent all riders under contract employment to a single employer. No rider may be respresented by two (2) jockey agents at one time.

Section 3. Termination of agency. Such agency shall remain in effect until written notification of revocation is received from the principal by the commission. In the event a jockey agent is dismissed by his employer, or if a jockey agent discontinues making engagements for a rider, then such jockey agent shall immediately notify the stewards and turn over to the clerk of scales a list of any unfulfilled engagements such jockey agent may have made for such rider.

Section 4. Acts by authorized agent. Unless precluded by specific limitations in the agency appointment, a licensed authorized agent may perform on behalf of the licensed owner-principal all acts as relate to racing in this state or transfer of horses on association grounds as could be performed by the principal had such principal been present. In executing any document on behalf of the

principal, an authorized agent shall clearly indicate he is acting as an authorized agent and shall specify the principal for whom he is acting. When an authorized agent enters a claim for the account of a principal for whom he is licensed as an authorized agent, the name of the licensed owner for whom the claim is being made and the name of the authorized agent shall appear on the claim slip.

Section 5. Riding engagements. No person other than the licensed contract employer, or a licensed jockey agent, may make riding engagements for a rider, except that a jockey not represented by an agent may make his own riding engagements. Such persons permitted to make riding engagements shall maintain in their possession at all times an engagement book and shall record therein riding engagements made, the same being subject to examination by the stewards at any time. No jockey agent may enter the jockey room, or paddock, or racing strip during the hours of racing.

Section 6. Conflicting claims for rider. Any dispute arising from a conflict of claims for the services of a rider shall be determined by the stewards on the basis of written records submitted by the parties involved.

JOHN HEFLIN, Chairman
ADOPTED: November 26, 1975
APPROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:060. Pari-mutuel wagering.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the requirements for the operation of pari-mutuel wagering.

Section 1. Pari-mutuel system of wagering required. Each association licensed to conduct racing in this state may permit wagering only on races conducted by such association on the grounds of such association; no association may accept wagers on races conducted elsewhere by another association. All such permitted wagering shall be under the pari-mutuel system, employing an electric totalizator approved by the commission. All systems of wagering other than pari-mutuel, such as bookmaking and action-pool selling, are prohibited and any person participating or attempting to participate in prohibited wagering shall be ejected or excluded from association grounds.

Section 2. Totalizator required. Each association shall install and operate during its race meeting an electric totalizator approved by the commission. Such totalizator shall be tested daily under the supervision of the commission to insure its proper working order.

Section 3. Records to be maintained. The pari-mutuel manager shall maintain complete records of all wagering so the commission may upon review ascertain for any race: the opening line and subsequent odds fluctuations, the amount, and at which window, wagers were placed on any betting interest, and such other information as the commission may from time to time require. A copy of such wagering records shall be retained by each association and safeguarded for a period not less than two (2) years and may not be destroyed without permission of the commission.

Section 4. Calculation and distribution of pools. The only pari-mutuel wagering pools permitted in this state shall be for win, place, show, daily double, exacta, and quinella, each with separate and independent calculation and distribution. From each pool there shall be deducted by each association the commission as provided by KRS 138.515, with the remainder being the net pool for distribution as payoffs to ticket holders as follows:

(1) Win pool. The amount wagered on the horse or betting interest which finished first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the horse or betting interest finishing first, such quotient being the profit per dollar wagered to win; payoff includes return of amount wagered and profit thereon.

(a) In the event of a dead heat for first involving horses of two (2) different betting interests, the win pool is distributed as if a place pool; if involving horses of three (3) different betting interests, the win pool is distributed as if a show pool.

(b) In the event no win ticket is sold on the horse which finishes first, the net win pool is distributed to holders of win tickets on the horse finishing second.

(2) Place pool. The amounts wagered to place on the first two (2) horses to finish are deducted from the net pool to determine the profit; the profit is divided into two (2) equal amounts; one half (½) of the profit is divided by the amount wagered to place on the first finisher, such quotient being the profit per dollar wagered to place on the first finisher; and one half (½) of the profit is divided by the amount wagered to place on the second finisher, such quotient being the profit per dollar wagered to place of such second finisher; payoffs include return of amount wagered and profit thereon as to each of the first two (2) finishers.

(a) In the event of a dead heat for first: between horses representing the same betting interests, the place pool is distributed as if a win pool; if between horses representing two (2) different betting interests, the place pool is distributed as if one (1) betting interest finished first and the other finished second; if between h rses representing three (3) different betting interests, the place pool is distributed as if a show pool.

(b) In the event of a dead heat for second: between horses representing the same betting interest, the place pool is distributed as if no dead heat occurred; if between horses representing two (2) or more different betting interests, the profit is divided in half, with one half (½) allocated for wagers to place on the horse which finished first, and other half divided equally so as to allocate one-fourth (¼) of the profit on the net place pool for wagers to place on each of two (2) horses finishing in a dead heat for second, or

one-sixth (1/6) of the profit for wagers to place on each of three (3) horses finishing in a dead heat for second.

(c) In the event the first and second finishers comprise a single betting interest, the place pool is distributed as if a win pool.

(d) In the event no place ticket is sold on a horse which finishes first or second, then the horse which finished third shall replace that horse in the distribution of wagers in the place pool.

(3) Show pool. The amounts wagered to show on the first three (3) horses to finish are deducted from the net pool to determine the profit; the profit is divided into three (3) equal amounts; one third (1/3) of the profit is divided by the amount wagered to show on the first finisher, such quotient being the profit is divided by the amount wagered to show on the second finisher, such quotient being the profit per dollar wagered to show on such second finisher; and one third (1/3) of the profit is divided by the amount wagered to show on the third finisher, such quotient being the profit per dollar wagered to show on such third finisher; payoffs include return of amount wagered and profit thereon as to each of the first three (3) finishers.

(a) In the event of a dead heat for first: Between two (2) horses involving different betting interests, or three (3) horses involving three (3) different betting interests, the show pool is distributed as if no dead heat occurred; if between two (2) horses involving the same betting interest, two thirds (2/3) of the profit is allocated to wagers to show on the coupled betting interest, and one third (1/3) allocated to wagers to show on the other horse among the first three (3) finishers; if between three (3) horses involving one (1) betting interest, the show pool is distributed as if a win pool.

(b) In the event of a dead heat for second: Between two (2) horses involving two (2) different betting interests, the show pool is distributed as if no dead heat occurred; if between horses involving the same betting interest, two thirds (2/3) of the profit shall be allocated to wagers to show on the coupled betting interest, and one third (1/3) allocated to wagers to show on the horse finishing first; if between three (3) horses involving two (2) or three (3) betting interests, one third (1/3) of the profit is allocated to wagers to show on the horse finishing first, and the remaining two thirds (2/3) of the profit is divided equally by the number of betting interest finishing in a dead heat for second for proportionate distribution on wagers to show for each such betting interest finishing in a dead heat for second.

(c) In the event of a dead heat for third: Between horses involving the same betting interest, the show pool is distributed as if no dead heat occurred; if between horses involving two (2) or more betting interests, two thirds (2/3) of the profit shall be allocated to wagers to show on the first two (2) finishers, and the remaining one third (1/3) is divided equally by the number of betting interests finishing in a dead heat for third for proportionate distribution on wagers to show for each such betting interest finishing in a dead heat for third.

(d) In the event the first three (3) horses to finish comprise one (1) betting interest, the show pool shall be distributed as a win pool. In the event two (2) horses coupled as a single betting interest finish first and second, or first and third, or second and third, two thirds (2/3) of the profit shall be allocated to wagers to show on the other horse among the first three (3) finishers.

(e) In the event one (1) horse coupled in the betting by reason of being in the mutuel field or part of a mutuel entry finishes first or second, and another horse included in the same betting interest finishes in a dead heat for third; one half (½) of the profit in the show pool shall be allocated to wagers on such field or entry, one third (1/3) of the profit in the show pool shall be allocated to wagers on the horse finishing first or second, and the remaining one sixth (1/6) of such profit shall be allocated to wagers on the horse finishing in a dead heat for third with such field or entry.

(f) In the event only two (2) horses finish, the show pool, if any, shall be distributed as if a place pool; if only one (1) horse finishes, the place and show pools, if any, shall be distributed as if a win pool; if no horse finishes, all money wagered on such race shall be refunded upon presentation and surrender of pari-mutuel tickets sold thereon. In the event no show ticket is sold on a horse which finishes first, or second, or third, then, the horse which finished fourth shall replace that horse in the distribution of wagers in the show pool.

(4) Daily double pool. The amount wagered on the winning combination, such being the horse or betting interest which finishes first in the first daily double race, is deducted from the net pool to determine the profit, the profit is divided by the amount wagered on the winning combination, such quotient being the profit per dollar wagered on the winning daily double combination; payoff includes the amount wagered and profit thereon.

(a) In the event of a dead heat for first involving two (2) different betting interests, in one (1) of the two (2) daily double races, the daily double pool is distributed as if a place pool, with half the profit allocated to wagers combining the single winner of one (1) daily double race and one (1) of the betting interests involved in the dead heat in the other daily double race, with the other half of the profit allocated to wagers combining the single winner of one (1) daily double race and the other betting interest involved in the dead heat in the other daily double race.

(b) In the event of dead heats for first involving different betting interests in each of the daily double races, resulting in four (4), or six (6), or nine (9), winning combinations for proportionate allocation for each such winning daily double wager.

(c) In the event no daily double ticket is sold combining the horse or betting interest which finishes first in one (1) of the daily double races, the daily double pool is distributed as if win pool with the profit allocated to wagering combination which include the horse or betting interest which finished first in one (1) of the daily double races.

(d) In the event no daily double ticket is sold combining the horses or betting interests which finished first in both the first and second race of the daily double, then the winning combination for distribution of the daily double profit shall be that combining the horses or betting interests which finished second in each of the daily double races.

(e) If after daily double wagering has commenced and a horse not coupled with another as a betting interest in the first race of the daily double is excused by the stewards or is prevented from racing because of failure of the

starting-gate to open properly, then daily double wagers combining such horse shall be deducted from the daily double pool and refunded upon presentation and surrender of daily double tickets thereon.

(f) If, prior to closing of the daily double wagering, a scheduled starter in the second half of the daily double which is not coupled in the betting with another horse is excused by the stewards, then daily double wagers combining such horse shall be deducted from the daily double pool and refunded upon presentation and surrender of daily double tickets thereon.

(g) If after the first race of the daily double has been run, and a horse not coupled with another as a betting interest in the second race of the daily double is excused by the stewards or prevented from racing because of failure of the starting-gate door to open properly, then daily double wagers combining the winner of the first daily double race with such horses prevented from racing in the second daily double race shall be allocated consolation payoffs:

1. Consolation daily double payoffs shall be determined by dividing the net daily double pool by the amount wagered combining the winner of the first daily double race with every horse or betting interest scheduled to start in the second daily double race, such quotient being the consolation payoff per dollar wagered combining the winner of the first daily double race with such horse prevented from racing in the second daily double race.

2. Such consolation payoffs shall be deducted from the net daily double pool before calculation and allocation of wagers on the winning daily double combination.

(h) If for any reason the first daily double race is cancelled or declared "no race" by the stewards, then the entire daily double pool shall be refunded upon presentation and surrender of daily double tickets thereon. If for any reason the second daily double race is cancelled or declared "no race" by the stewards after the first daily double race is declared official, then the net daily double pool shall be distributed to wagering combinations which include the horse or betting interest which finished first in the first daily double race.

(i) If no daily double ticket is sold requiring distribution, then the entire daily double pool shall be refunded upon presentation and surrender of daily double tickets thereon.

(5) Quinella pool. The amount wagered on the winning combination, such being the first two (2) finishers irrespective of which horse finishes first and which horse finishes second, is deducted from the net pool to determine the profit; the profit is divided by the amount wagered on the winning combination, such quotient being the profit per dollar wagered on the winning quinella combination; payoff includes the amount wagered and profit thereon.

(a) In the event of a dead heat for first: Between horses involving two (2) different betting interests, the net quinella pool is distributed as if no dead heat occurred; if between horses involving three (3) different betting interests, the net quinella pool is distributed as if a show pool and is allocated to wagers combining any of the three (3) horses finishing in a dead heat for first.

(b) In the event of a dead heat for second: Between horses involving two (2) different betting interests, the net quinella pool is distributed as if a place pool and is allocated to wagers combining the first finisher with either horse finishing in a dead heat for second; if between horses involving three (3) different betting interests, the net quinella pool is distributed as if a show pool, and allocated to wagers combining the first horse with each of the three (3) horses finishing in a dead heat for second.

(c) In the event horses representing a single betting interest finish first and second, the net quinella pool shall be allocated to wagers combining such single betting interest with the horse or betting interest which finishes third.

(d) In the event no quinella ticket is sold combining:

1. The first finisher with one (1) of the horses finishing in a dead heat for second, then the net quinella pool is allocated to wagers combining the first finisher with the other horse finishing in a dead heat for second;

2. The first finisher with either of the horses finishing in a dead heat for second, then the net quinella pool is allocated to wagers combining the two (2) horses which finished in the dead heat for second;

3. The first finisher with either of the horses finishing in a dead heat for second, or combining the two (2) horses which finished in a dead heat for second, then the net quinella pool is distributed as if a show pool and is allocated to wagers combining any of the first three (3) finishers with any other horses;

4. The first two (2) finishers, then the net quinella pool shall be distributed as if a place pool and is allocated to wagers combining the first finisher with any other horses, and wagers combining the second finisher with any other horse;

5. Horses or betting interest as would require distribution, then the entire quinella pool shall be refunded upon presentation and surrender of quinella tickets thereon.

(6) Exacta pool. The exacta pool is a contract by the purchaser of a ticket combining two (2) horses in a single race, selecting the two (2) horses that will subsequently finish first and second in that race. Payment of the ticket shall be made only to the purchaser who has selected the same order of finish as officially posted.

(a) The exacta is not a "parlay" and has no connection with or relation to the win, place and show betting and will be calculated as an entirely separate pool.

(b) If no ticket is sold on the winning combination of an exacta pool, the net pool shall be distributed equally between holders of tickets selecting the winning horse to finish first and/or holders of tickets selecting the second place horse to finish second.

(c) If no ticket is sold that would require distribution of an exacta pool to winner as above defined, the association shall make a complete and full refund of exacta pool.

(d) In case of a dead heat between two (2) horses for first place, the net exacta pool shall be calculated and distributed as a place pool to holders of tickets of the winning combinations. In case of a dead heat between two (2) horses for second place, the exacta pool shall be figured as a place pool, the holders of tickets combining the winning horse and the two (2) horses finishing second participating in the pay-off.

(e) In the event of a dead heat for second place, if no ticket is sold on one (1) of the two (2) winning combinations, the entire net pool shall be calculated as a win pool and distributed to those holding tickets on the other winning combination. If no tickets combine the winning horse with either of the place horses in the dead heat, the exacta pool shall be calculated and distributed as a place pool to holders of tickets representing any interest in the net pool.

(f) In the event of an entry finishing first and second,

the net exacta pool shall be distributed to holders of tickets selecting the entry to win combined with the horse finishing third.

(7) Refunds:

(a) If after win, place, or show wagering has commenced, a horse not coupled with another as a betting interest is excused by the stewards or is prevented from racing because of failure of the starting-gate door to open properly, the wagers on such horse shall be deducted from the win, place, and show pools, as the case may be, and refunded upon presentation and surrender thereof. If more than one (1) horse represents a single betting interest by reason of coupling as a mutuel entry or mutuel field, such single betting interest being the sole subject of a wager or part of a combination in a daily double, exacta or quinella wager, then there shall be no refund unless all of the horses representing such single betting interest are excused by the stewards and/or are prevented from racing because of failure of the starting-gate doors to open properly.

(b) If after exacta and quinella wagering has commenced, a horse not coupled with another as a betting interest is excused by the stewards or is prevented from racing because of failure of the starting-gate to open properly, then exacta and quinella wagers combining such horse with any other horse or betting interest shall be deducted from the exacta and quinella pool and refunded upon presentation and surrender of exacta and quinella tickets thereon.

(8) Race cancelled. If for any reason a race is cancelled or declared "no race" by the stewards after wagering has commenced on such race, then all wagering thereon shall be refunded upon presentation and surrender of pari-mutuel tickets thereon; except as to daily double wagers upon cancellation of the second daily double race, which shall be distributed as provided under subsection (4)(h) of this section.

(9) Totalizator breakdown. In the event of an irreparable breakdown of the totalizator during the wagering on a race, the wagering on that race shall be declared closed and the payoff shall be computed on the sums wagered in each pool up to the time of the breakdown.

Section 5. Minimum wager and payoff. The minimum wager to be accepted by any licensed association shall be two dollars ($2). The minimum payoff on a two dollar ($2) wager shall be two dollars and twenty cents ($2.20).

Section 6. Minors prohibited from wagering. No minor shall be permitted by any licensed association to purchase or cash a pari-mutuel ticket.

Section 7. Odds or payoffs posted. Approximate odds, based on win pool betting for finishing first for each betting interest, shall be posted on one (1) or more boards or television screens within view of the wagering public, at intervals of not more than ninety (90) seconds. If daily double wagering is conducted, before off-time of the second daily double race, the possible payoff for each two dollar ($2) daily double wager combining the winner of the first daily double race with every horse or betting interest in the second daily double race; excepting that, in the event of a dead heat for first in the first daily double race, or a scheduled starter in the second daily double race is excused so as to cause a consolation daily double pool, then posting of all possible payoffs shall not be mandatory, but the association shall make every effort to compute such daily double prices and advise the public of same by posting or public-address announcement as soon as possible and prior to the running of the second daily double race.

Section 8. Betting explanation. Each association shall cause to be published in the daily race program a general explanation of pari-mutuel betting and an explanation of each type of betting pool offered; such explanation also shall be posted in conspicuous places about the association grounds so as to adequately inform the public. Such explanation shall be submitted to the state steward prior to publication so as to insure an absence of conflict with these rules.

Section 9. Prior approval required for betting pools. Each association desiring to conduct more than nine (9) betting races on a single day, or desiring to offer daily double, exacta or quinella wagering, shall first apply therefor in writing to the commission and obtain specific approval as to number of betting races and type of wagering to be offered on a single day.

Section 10. Pools dependent upon entries. (1) Unless the commission approves a prior written request from the association to alter wagering opportunities for a specific race, each association shall offer win, place, and show wagering on all programmed races involving six (6) or more betting interests.

(2) If horses representing five (5) or fewer betting interests qualify to start in a race, then the association may prohibit show wagering on that race; if horses representing four (4) or fewer betting interests qualify to start in a race, then the association may prohibit both place and show wagering on that race.

(3) If, by reason of a horse being excused by the stewards after wagering has commenced or a horse is prevented from racing because of failure of a starting-gate door to open properly, the number of actual starters representing different betting interests is:

(a) Reduced to five (5), then the association may cancel show wagering on that race and the entire show pool shall be refunded upon presentation and surrender of show tickets thereon;

(b) Reduced to four (4) or fewer, then the association may cancel both place and show wagering on that race and the entire place pool and show pool shall be refunded upon presentation and surrender of such place and show tickets thereon.

Section 11. Pari-mutuel ticket sales. (1) No pari-mutuel tickets shall be sold except by the association conducting the races on which such wagers are made, and the same shall be sold only at regular "seller" windows properly designated by signs showing the type and denomination of tickets to be sold at such windows. No pari-mutuel ticket may be sold after the totalizator has been locked and no association shall be responsible for ticket sales entered into but not completed by issuance of a ticket before the totalizator has been locked.

(2) Any claim by a person that he has been issued a ticket other than that which he requested, must be made before such person leaves the seller window and before the totalizator is locked.

(3) After purchasing a ticket and after leaving a ticket window, a person shall not be entitled to enter for issuance an incorrect ticket, or claim refund or payment for tickets

discarded, or lost, or destroyed, or mutilated beyond identification.

(4) Payment on valid pari-mutuel tickets shall be made only upon presentation and surrender thereof to the association where such wager was made within two (2) years following the running of the race on which such wager was made. Failure to present any such ticket within two (2) years shall constitute a waiver of the right to receive payment thereon.

(5) Payment of valid pari-mutuel tickets shall be made on the basis of the order of finish as purposely posted on the infield results board and declared "official" by the stewards; any subsequent change in such order of finish or award of purse money as may result from a subsequent ruling by the stewards or commission, shall in no way affect the pari-mutuel payoff.

(6) The association shall be responsible for the correctness of all payoff prices posted as "official" on the infield results board. If an error is made in posting the payoff figures on the public board, and ascertained before any tickets are cashed thereon, then such posting error may be corrected accompanied by a public address announcement, and only the correct amounts shall be used in the payoff, irrespective of the initial error on the public board.

(7) Prior to posting payoffs, the pari-mutuel manager shall require each of the computer printout sheets (calculating sheets) of such race to be proven by the computer (calculator) and the winners verified. Such proof shall show the amounts for commission, breakage, and payoffs, which added together shall equal the total pool. All pay slips are to be checked with computer printout sheets (calculating sheets) as to winners and prices before being issued to cashiers, and all board prices are to be rechecked with the computer printout sheet (calculator) before released to the public.

(8) Whenever the recapitulation of the sales registered by each ticket issuing machine subsequently proves that the actual amount in the pool, or pools, is less than the amount used in calculating the payoff, such deficiency shall be deposited in the pool or pools by the association. Should the recapitulation of sales prove that the actual amount in the pool or pools, is greater than the amount used in calculating the payoff due to a mechanical error of the totalizator, such error resulting in underpayment to the public, then the aggregate of such underpayments shall be paid unto the corresponding pool of the next race or races, in such amounts as may be determined by the state steward and the pari-mutuel manager. If any such error should occur in computing the daily double pool, the underpayment shall be added to the daily double pool of the following day. Overpayments and underpayments subsequently discovered upon recapitulation after the close of a meeting may be adjusted, and any underpayment resulting from such final adjustment shall be paid to the Department of Revenue.

Section 12. Betting interests involving more than one (1) horse. When two (2) or more horses entered for the same race are determined by the stewards to have common ties through ownership or training and are joined by the stewards as a "mutuel entry," such mutuel entry shall become a single betting interest and a wager on one (1) horse in a mutuel entry shall be a wager on all horses in the same mutuel entry. When the number of horses competing in a race exceeds the numbering capacity of the totalizator, the racing secretary shall assign the highest pari-mutuel numbers to horses so that the highest numbered horse within the numbering capacity of the totalizator, together with horses of higher numbers, shall be grouped in the "mutuel field" as a single betting interest, and a wager on one (1) horse in the mutuel field shall be a wager on all horses in the same mutuel field.

Section 13. Emergency situations. In the event any emergency arises in connection with the operation of the pari-mutuel department not provided for by these rules, then the pari-mutuel manager shall make an immediate decision and render a full report to the commission.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:065. Registration; racing requirements.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the requirements for horses entered to be raced.

Section 1. Registration required. No horse may be entered or raced in this state unless duly registered and named in the registry office of the American Quarter Horse Association of Amarillo, Texas or Appaloosa Horse Club, Inc., Moscow, Idaho and unless the registration certificate or racing permit issued by the American Quarter Horse Association or Appaloosa Horse Club, Inc., for such horse is on file with the racing secretary; except, however, the stewards may for good cause, in their discretion, waive this requirement if the horse is otherwise correctly identified to the stewards' satisfaction.

Section 2. Ringers prohibited. (1) No horse may be entered or raced in this state designated by a name other than the name under which such horse is currently registered with the American Quarter Horse Association of Amarillo, Texas or Appaloosa Horse Club, Inc., Moscow, Idaho. In the event a horse's name is changed by the American Quarter Horse Association or Appaloosa Horse Club, Inc., such horse's former name shall be shown parenthetically in the daily race program the first three (3) times such horse races after such name change.

(2) No person shall at any time cause or permit the correct identity of a horse to be concealed or altered, nor shall any person refuse to reveal the correct identity of a horse he owns, or which is in his care, to a racing official or member of the regular news media.

(3) No horse shall race in this state without a legible lip tattoo number applied by agents of the American Quarter Horse Association of Amarillo, Texas or Appaloosa Horse

Club, Inc., Moscow, Idaho; except, however, the stewards may for good cause, in their discretion, waive this requirement if the horse is otherwise correctly identified to the stewards' satisfaction. The stewards shall require that a horse without a lip tattoo number be lip tattooed within a reasonably practical time.

(4) No horse may be entered or raced in this state if previously involved in a "ringer" case to the extent that: a person having control of such horse knowingly entered or raced such horse while designated by a name such horse entered or raced such horse while designated by a name other than the name under which such horse was registered with the American Quarter Horse Association or Appaloosa Horse Club, Inc.; or such person having control of such horse participated in or assisted in the entry or racing of some other horse under the name registered as belonging to such horse in question.

Section 3. Denerving. (1) Any horse on which a neurectomy has been performed shall have such fact designated on its registration certificate or racing permit. It shall be the joint responsibility of the practicing veterinarian who performed the operation and the trainer of such denerved horse to insure that such fact is designated on the registration certificate or racing permit.

(2) Any horse whose ulnar, radial, or median nerve has been either blocked or removed (known as high nerved), or whose volar or plantar nerve has been blocked or removed bilaterally, shall not be entered or raced in this state.

(3) Any horse whose volar or plantar nerve has been removed unilaterally or which has had a posterior digital neurectomy (known as low nerved), may be permitted to race provided such denerving has been reported by the trainer to the stewards, and such horse has been approved for racing by the association veterinarian prior to being entered for a race.

(4) In the event a horse races in violation of this rule and participates in the purse distribution, then no protest thereon will be considered unless submitted in writing to the stewards within forty-eight (48) hours after such race.

(5) In the event a horse races in violation of this rule and is claimed, then no protest thereon will be considered unless the successful claimant submits such protest in writing within forty-eight (48) hours requesting the claim be voided. Should the claim be voided, the horse shall be returned to the owner who started such horse in such race, and the claim price shall be returned to the claimant.

(6) A list of all denerved horses shall be posted in the racing secretary's office. No person shall report a horse as having a neurectomy when in fact such horse has not.

Section 4. Bleeders. Any horse known to have bled from its nostrils during a race or workout may not be entered or raced without prior approval for racing by the association veterinarian. In the event a horse bleeds a second time, such horse shall be placed on the veterinarian's list and prohibited from racing for a minimum of six (6) months; in the event a horse bleeds a third time, such horse shall be thereafter prohibited from racing in this state.

Section 5. Health certificate required. No horse may be stabled on association grounds unless, within ten (10) days of arrival on association grounds, such horse has been examined by an accredited practicing veterinarian who certifies as to the identity of such horse, temperature at time of examination, and that to the best of his knowledge and belief such horse is free from any infectious or contagious disease or exposure thereto and observable extoparasites, and further certifies as to such other matters as may be required from time to time by the Kentucky State Veterinarian in Frankfort. Notice of this requirement shall accompany stall applications and be included in the condition book.

Section 6. Workouts. No horse may be schooled in the paddock, or taken onto a track on association grounds for training or workout, other than during normal training hours posted by the association, without special permission of the stewards.

Section 7. Removal from association grounds. No horse may be removed from association grounds without prior approval of the stewards and unless released by the racing secretary. No dead or sick horse may be removed from association grounds without prior approval of the commission veterinarian.

Section 8. Age restrictions. No horse five (5) years of age or older may be entered or raced in a race restricted to maidens. No horse thirteen (13) years of age or older may be entered or raced.

Section 9. Fillies and mares bred. Any filly or mare that has been covered by a stallion shall be so reported to the racing secretary prior to being entered in a race. A list of all fillies and mares so reported, showing the names of stallions to which they have been bred, shall be posted in the racing secretary's office. No filly or mare that has been covered by a stallion may be entered in a claiming race unless a written release from the stallion owner is attached to such filly or mare's registration certificate indicating that the stallion service fee has been paid or satisfied.

Section 10. Serviceable for racing. No horse may be entered or raced that: (1) Is not in serviceable, sound racing condition. The stewards may at any time cause a horse on association grounds to be examined by a qualified person.

(2) Is posted on a veterinarian's list, or stewards' list, or starter's list or is suspended, in any racing jurisdiction.

(3) Has been administered any drug in violation of 812 KAR 1:095.

(4) Is blind or has seriously impaired vision in both eyes.

(5) Is not correctly identified to the satisfaction of the stewards.

(6) Is owned wholly or in part by, or is trained by, an ineligible person.

Section 11. Equipment. (1) Whips and blinkers must be used consistently on a horse. Permission to change use of any equipment used on a horse in its last previous start must be obtained from the stewards. A horse's tongue must be tied down during a race with a clean bandage or gauze. A horse's bridle may weigh no more than two (2) pounds; war bridles are prohibited. No horse may race in ordinary training shoes; bar shoes may be used for racing only with permission of the stewards.

(2) Use on a horse either in a race or workout of any goading device, or chain, or spurs, or electrical or mechanical device, or appliance other than the ordinary whip which could be used to alter the speed of such horse, is prohibited.

(3) No whip shall be used that weighs more than one (1)

pound or is longer than thirty (30) inches with one (1) popper. No stingers or projections extending through the hole of a popper or any metal part on a whip shall be permitted. Indiscriminate or brutal use on a horse of an ordinary whip, as determined by the stewards in their sole discretion, is prohibited.

Section 12. Sex alteration. Any alteration in the sex of a horse must be reported by such horse's trainer to the racing secretary promptly, and the racing secretary shall note same on such horse's registration certificate.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:070. Entries, subscriptions and declarations.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline requirements for entry, subscription and declaration of horses in order to race.

Section 1. Entering required. No horse shall be qualified to start in any race unless such horse has been and continues to be duly entered therein. Entries or subscriptions for any horse, or the transfer of same, may be refused or cancelled by the association without notice or reason given therefor.

Section 2. Procedure for making entries. (1) All entries, subscriptions, declarations, and scratches shall be lodged with the racing secretary and shall not be considered as having been made until received by the racing secretary who shall maintain a record of time of receipt of same.

(2) Every entry must be in the name of such horse's licensed owner, as completely disclosed and registered with the racing secretary under these rules, and made by the owner, or trainer, or a person deputized by such owner or trainer.

(3) Every entry must be in writing, or by telegraph promptly confirmed in writing; except that an entry may be made by telephone to the racing secretary, but must be confirmed promptly in writing should the stewards, the racing secretary, or an assistant to the racing secretary so request.

(4) Every entry shall clearly designate the horse so entered. When entered for the first time during a meeting, every horse shall be designated by name, age, color, sex, sire, dam, and broodmare sire, as reflected by such horse's registration certification.

(a) No horse may race unless correctly identified to the satisfaction of the stewards as being a horse duly entered.

(b) In establishing identity of a horse, responsibility shall be borne by any person attempting to identify such horse as well as the owner of such horse, all such persons being subject to appropriate disciplinary action for incorrect identification.

(5) No alteration may be made in any entry after the closing of entries, but an error may be corrected.

(6) No horse may be entered in two (2) races to be run on the same day.

Section 3. Stabling requirement. No entry shall be accepted for any horse not stabled on association grounds where such race is to be run, unless its stabling elsewhere has been approved by the racing secretary as provided by 812 KAR 1:035.

Section 4. Limitation as to spouses. No entry in any race shall be accepted for a horse owned wholly or in part by, or trained by, a person whose husband or wife is under license suspension at time of such entry; except that if the license of a jockey has been suspended for a routine riding offense, then the stewards may waive this rule as to the duly licensed husband or wife of such suspended jockey.

Section 5. Mutuel entries. (1) All horses entered in the same race and trained by the same trainer shall be joined as a mutuel entry and single betting interest. All horses entered in the same race and owned wholly, or in part by the same owner or spouse thereof, shall be joined as a mutuel entry and single betting interest.

(2) No more than two (2) horses having common ties through ownership or training as to be joined as a mutuel entry may be entered in a purse race. When making such double entry, a preference for one (1) of the horses must be made.

(3) In no case may two (2) horses having common ties through ownership start in a race to the exclusion of a single interest. In races in which the number of starters is limited to ten (10) or less, no two (2) horses having common ties through training may start to the exclusion of a single entry.

Section 6. Subscriptions. (1) Nominations to or entry of a horse in a stakes race is a subscription. Any subscriber to a stakes race may transfer or declare such subscription prior to closing.

(2) Joint subscriptions and entries may be made by any one of joint owners of a horse, and each such owner shall be jointly and severally liable for all payments due thereon.

(3) Death of a horse, or a mistake in its entry when such horse is eligible, does not release the subscriber or transferee from liability for all stakes fees due thereon. No fees paid in connection with a subscription to a stakes race that is run shall be refunded, "except as otherwise stated in the conditions of a stake race."

(4) Death of a nominator or original subscriber to a stakes race shall not render void any subscription, entry, or right of entry thereunder. All rights, privileges, and obligations shall attach to the successor owner, including the legal representatives of the decedent.

(5) When a horse is sold privately, or sold at public auction, or claimed, stakes engagements for such horse shall be transferred automatically with such horse to its new owner; except that, if such horse is transferred to a person whose license is suspended or otherwise unqualified to race or enter such horse, then such subscriptions shall be void as of the date of such transfer.

(6) All stakes fees paid toward a stakes race shall be allocated to the winner thereof unless otherwise provided by the condition for such stakes race. In the event a stakes race is not run for any reason, all such subscription fees paid shall be refunded.

Section 7. Closings. (1) Entries for purse races and subscriptions to stakes races shall close at the time designated by the association in previously published conditions for such races. If a race is not split, no entry, subscription, or declaration shall be accepted after such closing time; except that in event of an emergency, or if a purse race fails to fill them the racing secretary may, with the approval of the steward, extend such closing time.

(2) If the hour of closing is not specified for stakes races, then subscriptions and declarations therefor may be accepted until midnight of the day of closing; provided, they are received in time for compliance with every other condition of such race.

(3) Entries which have closed shall be compiled without delay by the racing secretary along with declarations, be posted.

Section 8. Number of starters in a race. (1) The maximum number of starters in any race shall be limited to the number of starting positions afforded by the association starting gate approved by the commission as can be positioned across the width of the track at the starting point for such race; and such maximum number of starters further shall be limited by the number of horses which, in the opinion of the stewards, considering the safety of the horses and riders, and the distance from the start to the first turn, can be afforded a fair and equal start.

(2) Any claiming race in the printed condition book for which eight (8) or more horses representing different betting interests are entered must be run. All other purse races in the printed condition book for which six (6) or more horses representing different betting interests are entered must be run.

(3) If any purse race in the printed condition book fails to fill with the minimum number of entries required by subsection (2) of this section to be run, then the association may cancel or declare off such race. The names of all horses entered therein shall be publicly posted in the office of the racing secretary not later than 1:00 p.m. the same day.

Section 9. Split or divided races. (1) In the event a race is cancelled or declared off, the association may split any race programmed for the same day and which may previously have been closed. Races printed in the condition book shall have preference over substitute and extra races.

(2) When a purse race is split, forming two (2) or more separate races, the racing secretary shall give notice thereof not less than fifteen (15) minutes before such races are closed so as to grant time for the making of additional entries to such split races.

(3) Division of entries upon the splitting of any race shall be made in accordance with the conditions under which entries and subscriptions therefor were made, and in the absence of specific prohibition by such conditions:

(a) Horses originally joined as a mutuel entry may be placed in different divisions of a split race unless the person making such multiple entry, at the time of such entry, indicates such coupling of horses is not to be uncoupled when such race is split.

(b) Division of entries in any split stakes race may be made according to age, or sex, or both.

(c) Entries for any split race not divided by any method provided above by this rule, shall be divided by lot so as to provide a number of betting interests as near equal as possible for each division of such split race.

Section 10. Post positions. Post positions for all races shall be determined by lot, drawn in the presence of those making the entries for such race. Post positions in split races also shall be redetermined by lot in the presence of those making the entries for such split race. The racing secretary shall assign pari-mutuel numbers for each starter to conform with the post position drawn, except when a race includes two (2) or more horses joined as a single betting interest.

Section 11. Also eligible list. (1) If the number of entries for a purse race exceed the number of horses permitted to start in such race as provided by Section 8 of this regulation, then the names of as many as eight (8) horses entered but not drawn into such race as starters shall be posted on the entry sheet as "also eligible" to start.

(2) After any horses have been excused from a purse rance at scratch time, a new drawing shall be taken as to horses on the also-eligible list, and the starting and post position of such horses drawn from the also-eligible list shall be determined by the sequence drawn.

(3) Any owner or trainer of any horse on the also-eligible list who does not wish to start such horse in such race shall so notify the racing secretary prior to scratch time for such race and such horse shall forfeit any preference to which it may have been entitled.

(4) Where entries are closed two (2) racing days prior to the running of a race, any horse on an also-eligible list, and which also has been drawn into a race as a starter for the succeeding day, shall not be given an opportunity to be drawn into the earlier race for which he had been listed as also-eligible.

Section 12. Preferred list; stars. (1) The racing secretary shall maintain a list of horses which were entered but denied an opportunity to race because eliminated from a race programmed in the printed condition book either by overfilling or failure to fill. Horses so eliminated shall be awarded a preference "star" for each such elimination, and as to drawing in from the also-eligible list to subsequent races of similar distance and similar conditions, such horses shall be given preference over horses with fewer number or no preference stars.

(2) No preference shall be given a horse otherwise entitled thereto for a race if such horse also is entered for a race on the succeeding day.

(3) No preference shall be given a horse otherwise entitled thereto for a race unless preference is claimed at the time of entry by indicating same on the entry with the word "preferred."

Section 13. Arrears. No horse may be entered or raced if the owner thereof is in arrears as to any stakes fees due by such owner; except with the approval of the racing secretary.

Section 14. Declaration. Withdrawal of a horse from a race before closing thereof by the owner or trainer or person deputized by either, such being known as a "declaration," shall be made in the same manner as to form, time, and procedure as provided for the making of entries. Declarations and scratches are irrevocable. No

declaration fee shall be required by any licensed association.

Section 15. Scratches. Withdrawal of a horse from a race after closing thereof by the owner or trainer or person deputized by either, such being known as a "scratch," shall be permitted only under the following conditions:

(1) A horse may be scratched from a stakes race for any reason at any time up until fifteen (15) minutes prior to post time for the racing preceding such stakes race by the filing in writing of such intention with the racing secretary. Upon receiving a scratch from a stakes race, the racing secretary shall promptly notify the stewards and pari-mutuel manager, and shall cause public announcement of same to be made.

(2) No horse may be scratched from a purse race without approval of the stewards and unless such intention to scratch has been filed in writing with the racing secretary or his assistant at or before the time conspicuously posted as "scratch time." Scratch of one (1) horse coupled in a mutuel entry in a purse race must be made at or before the posted scratch time, unless permission is granted by the stewards to allow both horses to remain in the race until a later appointed scratch time therefor.

(3) In purse races, horses that are physically disabled or sick shall be permitted to be scratched first. Should horses representing more than ten (10) betting betting interests in either of the two (2) daily double races, or horses representing more than eight (8) betting interests in any other purse race, remain in after horses with physical excuses have been scratched, then owners or trainers may be permitted at scratch time to scratch horses without physical excuses down to such respective minimum number for such races, this privilege to be determined by lot if an excessive number of owners or trainers wish to scratch their horses.

(4) Entry of any horse which has been scratched, or excused from starting by the stewards, because of a physical disability or sickness shall not be accepted until the expiration of three (3) calendar days after such horse was scratched or excused.

ADOPTED: November 26, 1975

APPROVED: ELIJAH M. HOGGE, Secretary

RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:075. Weight allowances.

RELATES TO: KRS 230.410 to 230.447

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the requirements for assigning weights for the horse to race.

Section 1. (1) Weight penalties are obligatory; weight allowance must be claimed at time of entry and shall not be waived after the posting of entries, except by consent of the stewards.

(2) A horse shall start with only the allowance of weight to which it is entitled at time of starting, regardless of its allowance at time of entry.

(3) Horses incurring weight penalties for a race shall not be entitled to any weight allowance for that race; horses not entitled to the first weight allowance in a race shall not be entitled to any subsequent allowance specified in the conditions.

(4) Claim of weight allowance to which a horse is not entitled shall not disqualify unless protest is made in writing and lodged with stewards at least one (1) hour before post time.

(5) No horse shall incur a weight penalty or be barred from any race for having been placed second or lower in any race; nor shall a horse be given a weight allowance for failure to finish second or lower in any race.

(6) No horse shall receive allowance of weight nor be relieved of extra weight for having been beaten in one (1) or more races, but this rule shall not prohibit maiden allowances or allowances to horses that have not won a race within a specified period or a race of a specified value.

(7) In determining eligibility, allowances and penalties, the reports, records, and statistics as published in the Daily Racing Form and the monthly chart books, or corresponding official publications of any foreign country, shall be considered.

(8) Horses winning races at unrecognized meetings shall not be penalized for winnings in races run thereafter under the jurisdiction of the commission.

(9) Jockeys shall be weighed out for their respective mounts by the clerk of scales not less than fifteen (15) minutes before post time. (see also 812 KAR 1:050, Section 11(1).)

(10) A jockey's weight shall include his clothing, boots, goggles, saddle and its attachments or any other equipment except as specified. None of the following items shall be included in the jockey's weight: whip, bridle, bit or reins, safety helmet, blinkers, or number cloth. (see also 812 KAR 1:050, Section 11(4).)

(11) Five (5) pounds is the limit of overweight any horse is permitted to carry. (see also 812 KAR 1:050, Section 11(2).)

(12) Only valets furnished by the association shall assist jockeys in weighing out.

(13) After a race has been run, the jockey shall ride promptly to the finish line and there dismount and present himself to the clerk of scales to be weighed in. He shall carry over to the scales all pieces of equipment with which he weighed out.

(14) Each jockey shall weigh in at the same weight as that at which he weighed out, and if short of it by more than two (2) pounds, his mount shall be disqualified.

(15) No jockey shall weigh in at more than two (2) pounds over the weight at which he weighed out, except insofar as said weight may have been affected by the elements.

(16) If a jockey is prevented from riding his mount to the finish line because of an accident or illness either to himself or his horse, he may walk or be carried to the scales, or he may be excused by the stewards from weighing in.

JOHN HEFLIN, Chairman
ADOPTED: November 26, 1975
APPROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:080. Claiming of horses.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation relates to the claiming of horses.

Section 1. Claiming races. (1) In claiming races any horse is subject to claim for its entered price by any owner, in good standing, who has started a horse at the meeting in which the claim is made. An owner may claim out of his initial race.

(2) A claim may be made by an authorized agent, but an agent may claim only for the account of those for whom he is licensed as agent, and the name of the authorized agent, as well as the name of the owner for whom the claim is being made, shall appear on the claim slip.

(3) No person shall claim his own horse, or cause his own horse to be claimed, directly or indirectly, for his own account. No claimed horse shall remain in the same stable or under the care or management of the owner or trainer from whom claimed.

(4) No person shall claim more than one (1) horse from any one (1) race. No authorized agent, although representing several owners, shall submit more than one (1) claim for any race. When a stable consists of horses owned by more than one (1) person, trained by the same trainer, not more than one (1) claim may be entered on behalf of such stable in any one (1) race. An owner who races in a partnership may not claim except in the interest of the partnership, unless he has also started a horse in his own individual interest.

(5) A claimed horse shall not run for thirty (30) days after being claimed in a race in which the determining eligibility price is less than twenty-five (25) percent more than the price for which the horse was claimed. The day claimed shall not count but the following calendar day shall be the first day, and the horse shall be entitled to enter whenever necessary so that it may start on the thirty-first (31st) calendar day following the claim. This provision shall not apply to starter handicaps, in which the weight to be carried is assigned by the handicapper.

(6) No horse claimed in a claiming race shall be sold or transferred, wholly or in part, to anyone within thirty (30) days after the day it was claimed, except in another claiming race. No horse shall race elsewhere until after the close of the meeting at which it was claimed.

(7) Each claim shall be made in writing on a form and in an envelope supplied by the association. Both form and envelope must be filled out completely, and must be accurate in every detail.

(8) Claims must be deposited in the claim box at least fifteen (15) minutes before post time of the race from which the claim is being made. No money or its equivalent shall be put in the claim box. For a claim to be valid the claimant must have at the time of filing the claim a credit balance in his account with the horseman's bookkeeper of not less than the amount of the claim, plus the Kentucky sales tax.

(9) The stewards, or their designated representative, shall open the claim envelopes for each race as soon as the horses leave the paddock en route to the post. They shall thereafter check with the horseman's bookkeeper to ascertain whether the proper credit balance has been established with the association, and whether the claimant has established claiming privileges by starting a horse at the meeting.

(10) If more than one (1) valid claim is filed for the same horse, title to the horse shall be determined by lot under the supervision of the stewards or their designated representative.

(11) Any horse that has been claimed shall, after the race has been run, be taken to the paddock for delivery to the claimant, who must present written authorization for the claim from the racing secretary. No person shall refuse to deliver to the person legally entitled thereto a horse claimed out of a claiming race, and futhermore the horse in question shall be disqualified from further racing until delivery is made.

(12) Claims are irrevocable. Title to a claimed horse shall be vested in the successful claimant from the time the said horse is a starter, and said claimant shall then become the owner of the horse whether it be alive or dead, sound or unsound, or injured during the race, or after it. A claimed horse shall run in the interest of and for the account of the owner from whom claimed.

(13) No person shall offer, or enter into, an agreement to claim or not to claim, or attempt to prevent another person from claiming any horse in a claiming race. No person shall attempt by intimidation to prevent anyone from running a horse in any claiming race. No owner or trainer shall make an agreement with another owner or trainer for the protection of each other's horses in a claiming race.

(14) Claims which are not made in keeping with the rules shall be void. The stewards may at any time in their discretion require any person filing a claim to make affidavit in writing that he is claiming in accordance with the rules. The stewards shall be the judges of the validity of the claim, and if they feel that a "starter" was nominated for the purpose of making its owner eligible to claim, they may invalidate the claim.

(15) Any person holding a lien of any kind against a horse entered in a claiming race must record the same with the racing secretary and/or horseman's bookkeeper at least

thirty (30) minutes before post time for that race. If none is so recorded, it shall be assumed that none exists.

(16) Should a stable at a meeting be eliminated by sale or removal from the grounds, save to other stabling approved by the stewards, the right to claim is void. An owner whose stable has been completely eliminated by claiming shall have the right to claim during the remainder of the meeting at which his stable was eliminated, or for thirty (30) Kentucky racing days, whichever period is longer. If the thirty (30) day period should extend into the next succeeding meeting, the owner must obtain a certificate from the stewards of the meeting at which he lost his last horse, and must present this certificate when filing a claim at the next meeting. After claiming a horse under the conditions of this rule the owner shall be required to reinstate his eligibility to claim by starting a horse, before being eligible to make another claim.

(17) The engagements of a claimed horse pass automatically with the horse to the claimant.

(18) Notwithstanding any designation of sex or age appearing on the racing program or in any racing publication, the claimant of a horse shall be solely responsible for determining the age or sex of the horse claimed.

JOHN HEFLIN, Chairman
ADOPTED: November 26, 1976

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:085. Running of the race.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation outlines the requirements relating to the running of a race.

Section 1. Post time. Post time for the first race on each racing day shall be approved by the commission. Post time for subsequent races on the same program shall be fixed by the pari-mutuels manager. At tracks where night racing is conducted, no race shall be started after 11:55 p.m.

Section 2. Horses in paddock not to be touched. No person shall touch a horse while in the paddock except its licensed owner, its licensed trainer, authorized stable personnel, the paddock judge, the horse identifier, its assigned valet, a steward, a farrier, or an outrider.

Section 3. Trainer responsibility. The trainer shall be responsible for arrival in the paddock, at the time prescribed by the paddock judge, or each horse entered by the trainer and shall supervise the saddling of such horse. If a trainer is to be absent from a track where his horses are participating in races, he must provide his own assistant trainer or licensed trainer to substitute for him during his absence.

Section 4. Withdrawal of a horse. Every horse whose starting is obligatory is expected to run the course; except, however, that the stewards may order the withdrawal of a horse at any time up to the actual start of a race.

Section 5. Walkover. If at the time for saddling, only one (1) horse or horses owned by only one (1) stable shall have weighed out, such horse or horses of single ownership shall be ridden past the stewards' stand, go to the post and then move over the course before determination of the winner.

Section 6. Parade to the post; Time. All horses shall parade and carry their declared weight from the paddock to the starting post, such parade to pass the stewards' stand. After passing the stewards stand once, horses may break formation and canter, warm-up, or go as they please to the post. The parade to the post shall not exceed twelve (12) minutes from the time the field enters upon the track, except in cases of unavoidable delay. If a jockey is thrown on the way to the post, such jockey must remount at the point at which thrown. In the event the jockey is so injured as to require a substitute jockey to be named for the horse by the stewards, the horse shall be returned to the paddock where the horse shall be mounted by a substitute jockey.

Section 7. Lead pony. When, by permission of the paddock judge, a horse is led to the post by a pony, such horse may be excused from parading with the other horses, but must en route to the post, pass the stewards' stand. Lead ponies may be excluded from the saddling enclosure or walking ring, at the discretion of the stewards and paddock judge.

Section 8. Control of horses and jockeys by starter. The horses and jockeys shall be under the control of the starter from the moment they enter the track until the race is started. If an accident happens to any jockey or his equipment, the starter may grant a delay to permit the substitution of a jockey or repair of equipment. During such delay the starter may permit any jockey to dismount. Should a horse break through the gate or unseat its jockey after any of the field is loaded in the starting gate, and such horse is not immediately taken in hand by the outrider and brought back for reloading, the starter shall unload the horses in the gate and reload such horses in their proper order when the runaway horse is brought back to position for reloading. All causes of delay shall be reported by the starter to the stewards. No person other than the jockey or starter or assistant starter shall be permitted to strike a horse or attempt, by shouting or other fashion, to assist such horse in getting a start.

Section 9. Starting gate to be used. A starting gate approved by the commission shall be used in starting all races on the flat except in cases permitted by the stewards. When a race is started without a starting gate, there shall be no start until, and no recall after, the assistant starter has dropped the flag in answer to the starter.

Section 10. Horses left at post. (1) If a door at the front of the starting gate should fail to open timely when the starter dispatches the field, or if a horse inadvertently has not been loaded in his scheduled position in the starting

gate when the field is dispatched, thereby causing such horse to be left at the post, the starter immediately shall report such circumstance to the stewards who shall immediately post the "inquiry" sign on the infield results board and advise the public to hold all mutuel tickets. After consulting with the starter and viewing the patrol films or video tapes, the stewards then shall determine whether such horse was precluded from obtaining a fair start.

(2) If the stewards find such horse was precluded from obtaining a fair start, the stewards shall rule such a horse a non-starter and shall order money wagered on such horse deducted from the pari-mutuel pool and refunded to holders of pari-mutuel tickets thereon; provided, however, if such horse ruled a non-starter is part of a mutuel entry and another horse in such entry is not left at the post, there shall be no pari-mutuel refund.

(3) Stakes fees for such ruled non-starter shall be refunded to the owner.

(4) The starter may, in his discretion, place an unruly or fractious horse on the outside of the starting gate and one (1) length behind the starting line. If such horse so stationed outside the starting gate by the starter dwells or refuses to break with the field, and thereby is left at the post, there shall be no refund or pari-mutuel wagers thereon nor refund of stakes fees paid therefor.

Section 11. Leaving course; Losing jockey. If a horse leaves the course during the running of a race, such horse must turn back and run the course from the point at which it left the course, or such horse shall be ruled unplaced. Any horse which starts in a race, but does not cross the finish line, or is not ridden across the finish line by the jockey with whom it starts the race, shall be declared unplaced. Any portion of a purse that would normally accrue to such horse shall revert to the association.

Section 12. Fouls. A leading horse when clear is entitled to any part of the track. If a leading horse, or any other horse in a race, swerves or is ridden to either side so as to interfere with or intimidate or impede any other horse or jockey, or to cause same, it is a foul; if a jockey strikes another horse or jockey, it is a foul. If in the opinion of the stewards, a foul alters the finish of a race, any offending horses may be disqualified by the stewards.

Section 13. Stewards to determine foul riding. Every jockey shall be responsible for making his best effort to control and guide his mount in such a way as not to cause a foul. The stewards shall take cognizance of riding which results in a foul, irrespective of whether an objection is lodged, and if in the opinion of the stewards, a foul is committed as a result of a jockey not making his best effort to control and guide his mount to avoid a foul, whether intentionally or through carelessness or incompetence, such jockey may be penalized at the discretion of the stewards.

Section 14. Horses to be ridden out. Every horse in every race must be ridden so as to win or finish as near as possible to first and demonstrate the best and fastest performance of which it is capable at the time; no horse shall be eased up without adequate cause even if it has no apparent chance to earn a portion of the purse money. A jockey who unnecessarily causes a horse to shorten stride may be penalized at the discretion of the stewards. Stewards shall take cognizance of marked reversal of form of all horses and shall conduct inquiries of the licensed owner, licensed trainer; and all other persons connected with such horse suspected of unformful racing, and if the stewards find that such horse was deliberately restrained or impeded in any way by any means so as not to win or finish as near as possible to first, any person found to have contributed to such circumstance may be penalized at the discretion of the stewards.

Section 15. Use of whips, other means of altering performance. Whips are to be used uniformly and the stewards shall take cognizance of unusual use or non-use of a whip by a jockey. No appliance, electrical or mechanical, other than the ordinary whip, shall be used to affect the speed of a horse in a race or workout. No sponge or other object may be used to interfere with the respiratory system of a horse. Use or non-use of ordinary racing equipment shall be consistent and any change thereof must be approved by the stewards.

Section 16. Official order of finish as to pari-mutuel payoff. In the event of foul riding, or other cause for disqualification of any horses in a race, is brought to the attention of the stewards by the time the last jockey in a race has been weighed in, the stewards shall rule on the extent of disqualification, if any, and shall determine the placing of the horses in the official order of finish for purposes of pari-mutuel payoff. After the stewards have caused the "official" sign to be flashed on the infield result board, the order of finish so declared official shall be final, and no right of appeal thereof shall exist, insofar as the pari-mutuel payoff in concerned. Any subsequent change in the order of finish or award of purse money after the result of a race has been so declared official by the stewards shall in no way affect the pari-mutuel payoff.

ADOPTED: November 26, 1975
APROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:090. Objections and complaints.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation relates to the requirements and procedures in lodging of objections and complaints.

Section 1. Persons eligible to lodge objections or complaints. Objections or complaints against a horse or jockey entered in a race shall be received only when duly lodged by the owner or authorized agent of the owner, or the trainer, or the jockey, of another horse engaged in the same race and whose horse suffered or could suffer by the

alleged rule violation. An inquiry also can be made by a racing official.

Section 2. Form for objections and complaints. Objections as to interference or fouls occurring during the running of the race may be lodged orally with the clerk of scales or with the stewards; all other objections or complaints shall be made in writing and bear the signature of the complainant. Objections or complaints lodged during a race meeting shall be addressed to the stewards. Objections or complaints lodged after the termination of a race meeting shall be addressed to the commission secretary at the commission general office. An objection or complaint once lodged cannot be withdrawn without permission of the stewards.

Section 3. Time for lodging objections or complaints. Objections or complaints based on the following rule violations must be lodged by persons aggrieved thereby within the time prescribed therefor; except that the stewards may declare a horse ineligible or disqualified at any time:

(1) At least one (1) hour before post time if objection is based on incorrect weight allowance claimed for a horse entered to race.

(2) Before the race has been posted as official on the infield result board if objection is based on interference by a horse, improper course run by a horse, foul riding by a jockey, or any other matter occurring during and incident to the running of the race.

(3) Not later than one (1) year after the race was run if the objection or complaint is based on fraudulent or willful misstatement in entry under which a horse has run.

(4) Not later than forty-eight (48) hours, exclusive of Sunday, after the race was run if objections or complaints are based on any other rule violation.

Section 4. Final determination of objections to acts in race. The stewards shall make all findings of fact as to all matters occurring during and incident to the running of a race; shall determine all objections, and inquiries based on interference by a horse, improper course run by a horse, foul riding by a jockey, and all other matters occuring during and incident to the running of a race; and, shall determine the extent of disqualification, if any, of horses in a race for a foul committed during such race. Such findings of fact and determinations shall be final and no appeal may be taken thereon. In determining the extent of disqualification, the stewards in their discretion may:

(1) Disqualify and place the offending horse, and any horses coupled with it as an entry, behind such horses as may have suffered by reason of the foul;

(2) Disqualify and declare the offending horse, and any horses coupled with it as an entry, unplaced;

(3) Disqualify the offending horse, and any horses coupled with it as an entry, from participation in all or any part of the purse;

(4) Declare null and void a track record set or equaled by a disqualified horse, or any horses coupled with it as an entry;

(5) Affirm the placing judges' order of finish and suspend a jockey if in the stewards' opinion the foul riding did not affect the order of finish;

(6) Disqualify the offending horse and not suspend a jockey if in the stewards' opinion the interference to another horse in a race was not the result of an intentional foul or careless riding on the part of a jockey.

Section 5. Dispute of a race after declared official for pari-mutuel payoff. In the event the result of a race is placed in dispute by the lodging of an objection or complaint, or by discovery of an alleged rule violation, after such race has been declared official for pari-mutuel payoff (for example, discovery of a ringer or otherwise ineligible starter, or violation of the medication rule), then pending final determination of such disputed race:

(1) Purse money and trophy to which the horse objected to may have been entitled shall be withheld and placed in escrow by the association until final adjudication of the dispute; provided, however, any portion of the purse money whose distribution would not be affected by the determination of such dispute, at the discretion of the stewards, may be distributed.

(2) If purse money or trophy has been awarded to an owner prior to the lodging of an objection or discovery of an alleged rule violation which places the outcome of a race in dispute, such money or trophy shall be returned immediately to the association on order of the stewards. Upon final adjudication of the dispute, the person deemed to be entitled to the purse money or trophy shall be entitled to an order of recovery from any person or association holding same.

(3) The horse which crossed the finish line first and any other horse for which the race is claimed, shall be liable for all penalties attaching to the winner of that race until the matter is finally adjudicated.

Section 6. Determination of a disputed race. The stewards shall determine all objections, complaints, or alleged rule violations lodged or discovered after a race has been declared official for pari-mutuel payoff and shall issue a ruling thereon. If the stewards find that rule was violated, the stewards may penalize the persons responsible therefor, disqualify any horse in the disputed race, and award the purse money and trophy in accordance with any resulting revised order of finish in such disputed race.

Section 7. Revised order of finish after race declared official for pari-mutuel payoff. In the event a horse is disqualified after a race has been declared official for pari-mutuel payoff and thereby causes revision of the order of finish in such race:

(1) The pari-mutuel payoff shall in no way be affected.

(2) The stewards shall be responsible for causing appropriate corrections to be made in official records for the race and in racing statistics as may pertain to the respective horses, jockeys, trainers, owners, breeders, sires, dams, and broodmare sires, by reporting such corrections to the racing secretary and to the Daily Racing Form.

Section 8. Complaints against officials. All complaints or protests by any licensee based on any decision or act of a racing official other than the stewards, or concerning any matter as should occur on association grounds not provided for by Sections 4 and 5 of this regulation shall be made in writing, shall be signed by the complainant, and shall be submitted to the stewards. All complaints or protests by any persons based on any decision, or act, or conduct of the stewards shall be submitted to the commission, as provided by 812 KAR 1:105.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:095. Medication of horses.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation relates to the use of medication on the horses and requirements and controls thereof.

Section 1. Use of medication. Full use of modern therapeutic measures and medication calculated to improve or protect the health of a horse may be administered to a horse in training, under the direction of a licensed veterinarian. In the interest of protecting the racing public, health of the horse, safety of the participants in a race, nurturing formful racing, and improvement of the breed of quarter horse and appaloosa.

(1) No horse while participating in a race shall carry in its body any medication, or drug, or substance, or metabolic derivative thereof, which is a narcotic, or which could serve as a local anesthetic, or tranquilizer, of which could stimulate or depress the circulatory, respiratory, or central nervous system of a horse, thereby affecting its speed.

(2) Also prohibited are any drugs which might mask or screen the presence of the aforementioned prohibited drugs, or prevent or delay testing procedures.

(3) Proof of detection by the commission chemist of a medication, or drug, or substance, or metabolic derivative thereof, prohibited by subsection (1) of this section, in a saliva, urine, or blood specimen duly taken under the supervision of the commission veterinarian from a horse promptly after running a race, shall be prima facie evidence that such horse was administered and carried such prohibited medication, drug, or substance, in its body while running in such race in violation of this rule.

Section 2. When administration prohibited. No person other than a licensed veterinarian shall administer or cause to be administered, or participate, or attempt to participate, in any way in the administration to a horse registered for racing of any medication, drug, or substance on the day of a race for which such horse is entered and prior to such race.

Section 3. Responsibility for prohibited administration. (1) Any person found to have administered a medication, drug, or substance which caused or could have caused a violation of Sections 1 or 2 of this regulation, or caused, or participated, or attempted to participate in any way in such administration, shall be subject to disciplinary action.

(2) The licensed trainer of a horse found to have been administered a medication, drug, or substance in violation of Sections 1 or 2 of this regulation shall bear the burden of proof showing freedom from negligence in the exercise of a high degree of care in safeguarding such horse from tampering; and, failing to prove such freedom from negligence (or reliance on the professional ability of a licensed veterinarian) shall be subject to disciplinary action.

(3) The assistant trainer, groom, stable watchman, or any other person having the immediate care and custody of a horse found to have been administered a medication, drug, or substance in violation of Sections 1 or 2 of this regulation, if found negligent in guarding or protecting such horse from tampering shall be subject to disciplinary action.

Section 4. Record of administrations. Daily reports of any treatment of any horse registered for racing with any medication, drug, or substance shall be submitted by the licensed veterinarian administering or prescribing such treatment, to the commission veterinarian. Detection of any unreported medication, drug, or substance by the commission chemist in a pre-race or post-race test may be grounds for disciplinary action:

(1) Such daily reports shall accurately reflect the identity of the horse treated, diagnosis, time of treatment, type and dosage of medication, drug, or substance, and method of administration.

(2) Such daily reports shall remain confidential except that the commission veterinarian may compile general data therefrom to assist the commission formulating policies or rules, and the stewards may review same in investigating a possible violation of these rules.

Section 5. Commission veterinarian list. As a guide to owners, trainers, and veterinarians, the commission veterinarian may from time to time publish a list of medications shown by brand and generic names, specifically prohibited for racing. Such list shall not be considered exclusive and medications shown thereon shall be considered only as among those, along with others not so listed, prohibited by general classification under Section 1 of this regulation.

Section 6. Detention area. Each licensed association shall provide and maintain on association grounds a fenced enclosure sufficient in size and facilities to accommodate stabling of horses temporarily detained for the taking of sample specimens for chemical testing, and such detention area shall be under the supervision and control of the commission veterinarian.

Section 7. Horses to be tested. The stewards may at any time order the taking of a blood, urine, or saliva specimen from any horse entered to be tested. Any owner or trainer may at any time request that a specimen be taken from a horse he owns or trains by the commission veterinarian and tested by the commission chemist, provided the costs of such testing are borne by the owner or trainer requesting such test. In the absence of any such order or request, the commission chemist shall test same, all horses which: finish first in any race; finish first or second in any quinella or exacta race; finish first or second or third in any stakes; and any horse whose performance in a race, in the opinion of the stewards, may have been altered by a prohibited substance.

Section 8. Procedure for taking specimens. (1) All horses from which specimens are to be drawn are to be taken to the detention area at the prescribed time and remain there until released by the commission veterinarian. No person other than the owner, trainer, groom, or hotwalker, of a horse to be tested, and no lead pony, shall

be admitted to the detention area without permission of the commission veterinarian.

(2) Stable equipment other than necessary for washing and cooling out a horse are prohibited in the detention area; buckets and water will be furnished by the commission veterinarian. If a body brace is to be used, it shall be supplied by the responsible trainer and administered only with the permission and in the presence of the commission veterinarian. A licensed veterinarian may attend a horse in the detention area only in the presence of the commission veterinarian.

(3) During the taking of specimens from a horse, the owner, or responsible trainer (who, in the case of a claimed horse shall be the persons whose names such horse raced), or a stable representative designated by such owner or trainer, shall be present and witness the taking of such specimen and so signify in writing.

(4) All containers previously used for specimens shall be thoroughly cleaned in the commission chemist laboratory and shall be sealed with the labaratory stamp which shall not be broken except in the presence of the witness as provided by subsection (3) of this section. Only distilled water, with or without acetic acid, shall be used to moisten gauze used in collection of saliva. Instruments and utensils used in the taking of samples shall be sterilized after each use.

(5) Samples taken from a horse by the commission veterinarian or his assistant shall be placed in a container and sealed together with a double identification tag. One portion of such tag bearing a printed identification number shall remain with the sealed container; the other portion of such tag bearing the same printed identification number shall be detached in the presence of the witness as provided by subsection (3) of this section, the commission veterinarian shall thereon identify the horse from which such specimen was taken, as well as the race and day, verified by such witness, and such detached portions of identification tags shall be placed in a sealed envelope by the commission veterinarian for delivery only to the stewards. The commission veterinarian shall take every precaution to ensure that the commission chemist and no member of the laboratory staff shall know the identity of the horse from which a specimen was taken prior to the completion of all testing thereon.

(a) If after a horse remains a reasonable time in the detention area and a specimen may not be taken from such horse, the commission veterinarian may permit such horse to be returned to its barn and usual surroundings for the taking of a specimen under the supervision of the commission veterinarian.

(b) With the consent of the trainer or attendant the commission veterinarian may administer to the horse a diuretic to facilitate urination. Quantity, identity and time of administration shall be noted on both portions of the specimen identification tag by the commission veterinarian.

(c) The commission veterinarian shall be responsible for safeguarding all specimens while in his possession and shall cause such specimens to be delivered only to the commission chemist as soon as possible after sealing, but in such order or in such manner as not to reveal the identify of any horse from which each sample was taken.

Section 9. Procedure for testing. (1) The commission chemist shall be responsible for safeguarding and testing each specimen delivered to his laboratory by the commission veterinarian. Each specimen shall be divided into portions so that one (1) portion shall be used for initial testing for unknown substances, and another portion used for confirmation tests. If a sufficient quantity of the specimen is available, a third portion shall be preserved for further testing as the commission may direct.

(2) The commission chemist shall conduct individual tests on each specimen capable of screening same for prohibited substances, and such other tests as to detect and identify any suspected prohibited substance or metabolic derivative thereof with specificity. Pooling of specimens shall be permitted only with the knowledge and approval of the commission veterinarian.

(3) Upon the finding of a test negative for prohibited substances, the remaining portions of such specimen may be discarded. Upon the finding of tests suspicious or positive for prohibited substances, such test shall be reconfirmed, and the remaining portion, if available, of such specimen preserved and protected until such time as the stewards rule it may be discarded.

(4) The commission chemist shall submit to the state steward a written report as to each specimen tested, indicating thereon by specimen tag identification number, whether such a specimen was tested negative or positive for prohibited substances. Such report shall be submitted within twenty-four (24) hours after the conclusion of the last race of the preceding day, dark days excluded. The commission chemist shall report test findings to no person other than the state steward or his designated representative.

(a) In the event the commission chemist should find a specimen suspicious for a prohibited medication, he may request additional time for test analysis and confirmation.

(b) The racing association shall not make distribution of any purse until given clearance of chemical tests by the stewards.

(5) The commission chemist will make a further report to the state steward on any substance his tests showed, which are not normal in a horse. These reports shall be confidential and are not evidence for disciplinary action. They can be used as a warning to the trainer or veterinarian, by the stewards, by the commission veterinarian to improve his surveillance and by the Equine Research Program at the University of Kentucky. The residue of specimen material from such test will be preserved by the commission chemist until released by the racing commission.

(6) In reporting to the stewards a finding of a test positive for a prohibited substance, the commission chemist shall present documentary or demonstrative evidence acceptable in the scientific community and admissible in court in support of such professional opinion as to such positive finding.

JOHN HEFLIN, Chairman

ADOPTED: November 26, 1975

APPROVED: ELIJAH M. HOGGE, Secretary

RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:100. Disciplinary measures.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation is to outline the disciplinary powers of the stewards and commission.

Section 1. Disciplinary measures by stewards. Upon the finding of a violation of these rules, or an attempted violation, on association grounds during the conduct of a meeting at which the stewards have been appointed to serve, the stewards may:

(1) Declare ineligible for racing or disqualify in a race any horse or licensed person.

(2) Suspend the license of any person involved in such rule violation for any length of time deemed appropriate by the stewards as in keeping with the seriousness of the rule violation.

(3) Cause any person, licensed or unlicensed, found to have interfered with, or contributed toward the interference of, the orderly conduct of a race or race meeting, or person whose presence is found by the stewards to be inconsistent with maintaining the honesty and integrity of the sport of quarter horse or appaloosa racing, to be excluded or ejected from association grounds or any portion of association grounds.

(4) In the case of a license suspension, the stewards may fix in the alternative a forfeiture not to exceed $250, which sum the licensee may, if he so chooses, pay to the commission in lieu of such imposed license suspension.

Section 2. Disciplinary measures by commission. Upon the finding of a violation of these rules, or an attempted violation, on any association grounds during the conduct of a race meeting in the Commonwealth, the commission may:

(1) Declare ineligible for racing or disqualify in a race any horse or licensed person.

(2) Deny, suspend, revoke, or declare void any license applied for or issued by the commission.

(3) Cause any person, licensed or unlicensed, found to have interfered with, or contributed toward the interference of, the orderly conduct of a race or race meeting or any person whose presence is found by the commission to be inconsistent with maintaining the honesty and integrity of the sport of quarter horse or appaloosa racing, to be excluded or ejected from all association grounds or any portion of any association grounds for any length of time the commission may deem the presence of such person remains inconsistent with maintaining the honesty and integrity of the sport of quarter horse or appaloosa racing in the Commonwealth.

(4) Upon appeal and hearing de novo of a matter determined by the stewards, the commission may reverse or revise such stewards ruling in all respects; except as to findings of fact by the stewards as occurred during an incident to the running of a race and as to the extent of disqualification fixed by the stewards for a foul in a race.

(5) In lieu of a license suspension or revocation, the commission may fix in the alternative a forfeiture in any amount, which sum the licensee may, if he so chooses, pay to the commission in lieu of an imposed license suspension or revocation. Such forfeitures paid to the commission shall in no event in any way accrue to the personal benefit of any commissioner or stewards.

JOHN HEFLIN, Chairman
ADOPTED: November 26, 1975
APPROVED: ELIJAH M. HOGGE, Secretary
RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.
SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

PUBLIC PROTECTION AND REGULATION
Quarter Horse and Appaloosa Commission

812 KAR 1:105. Hearings, reviews and appeals.

RELATES TO: KRS 230.410 to 230.447
PURSUANT TO: KRS 13.082
NECESSITY AND FUNCTION: To regulate conditions under which quarter horse and appaloosa racing shall be conducted in Kentucky. The function of this regulation outlines the procedures and requirements relating to hearings, reviews, and appeals.

Section 1. Hearings, reviews, appeals. (1) Before holding any stewards hearing provided for under these rules, notice in writing must be given to any party charged with a violation other than a routine riding offense occurring in a race unless waived in writing by the person charged.

(2) The notice required by Section 2, subsection (1), of this regulation shall:

(a) Notify the party of the specific rule or rules, the infraction for which he is charged, and a brief statement of the facts supporting said charge.

(b) State the time and place of hearing.

(c) State that the party charged may be represented by legal counsel, or by a representative of any racing trade organization of which he is a member.

(3) All stewards' hearings shall be closed and the stewards shall cause no public announcement to be made concerning a matter under investigation until conclusion of the hearing, and the party charged has been notified of the decision.

(4) The state steward shall conduct the hearing in such a manner as to ascertain and determine the substantial rights of the parties involved and shall not be bound by technical rules of procedure and evidence.

(5) All testimony of such hearings shall be given under oath, and a record shall be made of the hearing, either by use of a tape recorder or by court reporter's transcript. The party charged with the violation may, however, waive the recording and the transcription of the testimony. The stewards will not be required to receive testimony under oath in cases where their ruling is based solely upon a review of the video tapes of a race.

(6) If, at the conclusion of said hearing the stewards shall find that a rule has been violated, they shall promptly issue a written ruling which sets forth the full name of every person charged with the rule violation, identification of such persons, if licensed by license classification and

address, the rule number and pertinent parts of the rule violated, the finding by the stewards as to the violation of such rule, and the penalty affixed by the stewards. Copies of such rulings shall be delivered to each party in interest, delivered to the commission, posted in the racing secretary's office, and forwarded to the office of the National Association of State Racing Commissioners.

(7) At least the state steward and one (1) association steward shall be present at all times at the hearing.

(8) Review and appeal. Any party who is the subject of any order or ruling of the stewards may apply to the commission for a review of such steward's order or ruling other than as to extent of disqualification for a foul in a race or as to a finding of fact as occurred during an incident to the running of a race.

(9) Application for review. An application to the commission for review of a steward's order or ruling must be made within ten (10) days after such order or ruling is issued in writing, and shall:

(a) Be in writing and addressed to the commission secretary at the commission general office.

(b) Contain the signature of the applicant, and the address to which notices may be mailed to applicant.

(c) Set forth the order or ruling requested to be reviewed and the date thereof.

(d) Set forth the reasons for making such application.

(e) Request a hearing.

Section 2. Commission hearings. Before holding any commission hearing provided for under these rules, the commission shall:

(1) Give written notice forthwith to all parties personally or by mail. If indispensable and the necessary parties propose a large class, notice shall be served upon a reasonable number thereof as representatives of such class. Such notice shall include a statement of:

(a) Time and place of such hearing as designated by the commission chairman, but such time shall not be less than five (5) days and no more than thirty (30) days after service of notice unless at the request of a party and in order to provide a fair hearing;

(b) The legal authority and jurisdiction under which the hearing is to be held;

(c) Specific designation of the particular rules or statutes alleged to have been violated; and

(d) A clear and concise factual statement sufficient to inform each party with reasonable definiteness of the type of acts or practices alleged to be in violation of the act or rules promulgated thereunder. In fixing the times and places for hearings, due regard shall be had for the convenience of the parties and their representatives.

(2) The right of any party to subpoena witnesses and documentary evidence through the commission, employing such rights of discovery and use of subpoenas as would be available under the Kentucky Civil Rules of Procedures, pretrial and trial procedures shall be governed by Kentucky Rules of Civil Procedure.

Section 3. Special prosecutor. (1) The commission may request the Attorney General to appoint a special prosecutor to carry the burden of proof showing a rule violation if the matter involved a rule violation and requires a proceeding of an adversary nature; such prosecutor being one who has had no prior participation in the matter of any kind. The commission also may request the Attorney General, or a member of his staff other than the special prosecutor, serve as law officer for the commission to assist the presiding officer in rendering decisions of a judicial nature. The special prosecutor shall have the services of the Kentucky State Police for investigatory purposes.

(2) The commission shall permit all parties that so desire to be represented by counsel; shall permit all parties to respond and present evidence and argument on all issues involved; and shall permit all parties to examine commission memoranda and data and all other information which is or has been considered by the commission in investigating and hearing the matter or which may be offered as evidence.

(3) The commission shall administer oaths and issue subpoenas upon its own motion or when requested by an appearing party. Each party shall pay the cost of its subpoenas and the expenses of its witnesses. When a subpoena is disobeyed, any party may apply to the Franklin Circuit Court for an order requiring obeyance; failure to comply with such order shall be cause for punishment as a contempt of the court under KRS 421.110.

(4) Unless varied by the commission, the order of proof in the de novo hearing may be:

(a) Evidence presented by the prosecution as to alleged violations of a rule;

(b) Cross examination of prosecution witnesses; redirect examination;

(c) Evidence presented by a party charged, in defense or explanation;

(d) Cross examination of party charged, and his witnesses; re-direct examination;

(e) Rebuttal or other evidence, on behalf of the prosecution or any other party in interest as deemed pertinent by the presiding officer;

(f) Closing argument by party charged; and

(g) Closing argument by prosecution.

(5) The commission shall keep a record of each hearing which shall include:

(a) All pretrial and trial pleadings, motions, and interlocutory rulings;

(b) All evidence received or considered;

(c) A statement of matters officially noticed;

(d) Questions and offers of proof and rulings thereon;

(e) Proposed findings and exceptions;

(f) All commission memoranda or data submitted to the commission in connection with the commission's consideration of the case;

(g) All stenographic recordings taken and transcriptions made; oral proceedings, or any part thereof, shall be reported stenographically upon request of any party and shall be paid for by such parties desiring copies; and

(h) Final adjudication including findings of fact, based exclusively on evidence presented at the hearing and matters officially noticed, and any decision, opinion, and ruling by the commission on the matter.

(6) The commission may exclude evidence that is irrelevant, immaterial, or unduly repetitous and may admit evidence that would be inadmissible under the Rules of Civil Procedure but is evidence of the type commonly relied upon by reasonably prudent men in the conduct of their affairs.

(a) Objections to evidentiary offers may be made and shall be noted in the record; and

(b) All or part of the evidence may be received in

written form if the interest of the appearing parties will not be substantially prejudiced thereby.

(7) The commission may take official notice of technical facts or customs or procedures common to racing, but all appearing parties to the hearing shall be duly notified. Appearing parties shall have an opportunity to contest facts so noticed, including commission memoranda or commission data.

(8) Members of the commission participating in the adjudication of a matter before it shall not, directly or indirectly:

(a) In connection with any issue of fact in the matter before the commission, consult with any person or party who was engaged in the investigation or prosecution of the matter before the commission, or conduct any personal investigation outside the record, without giving an opportunity for all appearing parties to participate.

(b) In connection with any issue at law, no party or representative shall be consulted without giving all parties an opportunity to participate.

(9) The commission may make an informal disposition of the matter by stipulation, agreed settlement, consent order, or by default.

(10) Upon conclusion of the hearing, the commission shall take the matter under advisement, shall render a decision as promptly as possible, and shall issue a ruling in final adjudication of the matter. Such ruling shall set forth the full name of every person charged with a rule violation; identification of such person, if licensed, by license classification and address; the rule number and pertinent parts of the rule alleged to have been violated; a separate statement of findings of fact; a separate statement of conclusions of law; a separate statement of reasons for the decisions; and penalties fixed by the commission, if any. Copies of such ruling shall be delivered to each party in interest, posted in the racing secretary's office of the association where the matter arose, and forwarded to the office of the National Association of State Racing Commissioners.

Section 4. Appeal from commission order or ruling. Any person or licensee aggrieved by any order or decision of the commission may appeal same to the Franklin Circuit Court. Such appeal must be made within ten (10) days after the entry of such order of decision of the commission by posting and filing in the office of the Franklin Circuit Court Clerk:

(1) A bond to secure the costs of the action in a sum approved by the circuit clerk, said bond to be secured by corporate surety approved by the Department of Insurance.

(2) An attested copy of the order or decision appealed from.

(3) An attested copy of the transcript of evidence heard by the commission, the cost of such transcript of evidence heard by the commission, the cost of such transcript being borne by the appellant. Appeals from a commission order or decision shall be taken as provided in KRS 243.560 or 243.590.

Section 5. Suspensions pending appeal. The commission may, for cause shown and provided that sufficient facts are presented by affidavit to warrant such action, lift a suspension until the final determination of the commission.

Section 6. Continuances. (1) All applications for continuance made prior to a hearing shall be in writing, shall set forth the reasons therefore, and shall be filed with the commission after giving notice of such application by mail or otherwise to all parties or their attorney. At the time of the hearing, applications for continuance may be made orally. If requested, and in the manner prescribed by the commission, the party applying for the continuance shall substantiate the reasons contained in such application.

(2) When application is made for continuance of a cause because of the illness of an applicant, licensee, witness, or counsel, such application shall be accompanied by a medical certificate attesting to such illness and inability.

(3) An application for continuance of any commission hearing must be received by the commission at least ninety-six (96) hours prior to the time fixed for a hearing. An application received by the commission within the ninety-six (96) hour period will not be granted unless a satisfactory arrangement in writing is made with the commission for the payment of all expenses resulting from such continuance. However, the commission may waive payment of such expenses for extenuating circumstances.

(4) If the commission approves the application for continuance, the commission forthwith shall set a date for the continued hearing.

Section 7. Commission hearing officer. The commission may, by written order, designate counsel for the commission or any other qualified person designated by the commission as an officer to take testimony, conduct hearings, and submit findings to the commission.

Section 8. Disqualification of commission members and hearing officer. A commission member or hearing officer may at any time withdraw from the proceeding if he deems himself disqualified, and upon the filing in good faith before the terminiation of the hearing of an affidavit of personal bias or disqualification of any such member or hearing officer, the commission shall determine the matter as a part of the record and decision in the case. In the event of such withdrawal or disqualification, any other member of the commission, if there be such participating in the hearing, shall have the authority to complete the hearing and to participate in the decision. In cases where the hearing is conducted by the commission, members participating in the decision shall hear all the evidence, or shall read the evidence prior to making a decision thereon. At least three (3) members of the commission must hear all the evidence or read the record before making a final decision.

JOHN HEFLIN, Chairman

ADOPTED: November 26, 1975

APPROVED: ELIJAH M. HOGGE, Secretary

RECEIVED BY LRC: December 19, 1975 at 2:45 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: Secretary, Quarter Horse and Appaloosa Commission, 403 West Third Street, Suite 409, Ames Building, Owensboro, Kentucky 42301.

ADMINISTRATIVE REGULATION REVIEW SUBCOMMITTEE

Minutes of January 14, 1976 Meeting

(Subject to Subcommittee approval at its next meeting on February 4, 1976.)

The Administrative Regulation Review Subcommittee held its nineteenth meeting on Wednesday, January 14, 1976, at 10 a.m. in room 330 of the Capitol. Present were:

Members: Senator Michael R. Moloney, Chairman and two new members, Senator Donald L. Johnson and Representative William T. Brinkley, who were appointed by the Legislative Research Commission to fill the vacancies created by the resignation of Representative Bobby H. Richardson and by Representative James A. Davis who did not seek re-election.

Guests: Johnny McDougal and Frank H. Julian, Murray State University; Randal D. Hart and Elmer D. Anderson, Morehead State University; Herb Vescio and J. M. Myers, Eastern Kentucky University; John Inhessin, Berea College; and Paul P. Borden, Kentucky Higher Education Assistance Authority.

Press: Charles Pentecost, United Press International.

LRC Staff: William H. Raines, E. Hugh Morris, Mabel Robertson, Garnett Evins and Paula Lay.

Senator Moloney informed representatives from the various universities and college that due to the late date of receipt of statements of affirmative consideration from the Kentucky Higher Education Assistance Authority, and in order to give the new members of the Subcommittee and other interested persons an opportunity to adequately review the proposed regulations, the subcommittee would delay consideration of 11 KAR 5:010 through 11 KAR 5:101 until the next meeting on February 4, 1976, at 10 a.m., in room 9 of the State Capitol.

The following regulation was returned to the issuing agency:

201 KAR 18:040, Board of Registration for Professional Engineers and Land Surveyors, fees, was returned for the reason that the fee for re-examination proposed by the regulation is contrary to the statute and the fee for in-training certification is not authorized by statute.

The following regulations were approved and ordered filed:

SECRETARY OF THE CABINET
Department of Revenue
Selective Excise Tax; Alcoholic Beverages
103 KAR 40:100. Consumer tax; customs. (Amended)

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION
State-Owned Buildings and Grounds
200 KAR 3:045. Monthly meal charges at mansions.
Division of Occupations and Professions
Real Estate Commission
201 KAR 11:135. Salesman's obtaining broker's license. (Amended)
Board of Ophthalmic Dispensers
201 KAR 13:030. Contact lens fitting. (Not amended)

DEPARTMENT OF TRANSPORTATION
Bureau of Regulation
Motor Vehicle Tax
601 KAR 9:040. Reciprocity. (Amended)
Motor Vehicle Inspections
601 KAR 10:070. Exemptions. (Amended)
Bureau of Highways
Traffic
603 KAR 5:095. Truckway classifications. (Amended)

DEPARTMENT OF EDUCATION
Bureau of Finance and Administration
School District Finance
702 KAR 3:180. Additional categories and add-on-weight for exceptional children.

The meeting adjourned at 10:30 a.m. to meet again on Wednesday, February 4, 1976, at 10 a.m. EST in room 9 of the State Capitol.
