PUBLIC PROTECTION AND REGULATION CABINET

Department of Mines and Minerals
Division of Explosives and Blasting

The Department of Mines and Minerals has scheduled a public hearing for 10 a.m. EDT Tuesday, August 3, 1976 in the University of Kentucky College of Law Court Room, Lexington, Kentucky, on the following 18 regulations, all of which were printed in the July 1, Register.

- 805 KAR 4:010. Licensing blasters. (Proposed Amendment) [2 Ky.R. 602]
- 805 KAR 4:070. Definitions. [2 Ky.R. 609]
- 805 KAR 4:075. General blasting provisions. [2 Ky.R. 610]
- 805 KAR 4:080. Blasters' qualifications. [2 Ky.R. 611]
- 805 KAR 4:085. Dealer registration; record requirements. [2 Ky.R. 611]
- 805 KAR 4:090. Storage of explosives and blasting agents. [2 Ky.R. 612]
- 805 KAR 4:095. Loading of explosives or blasting agents. [2 Ky.R. 612]
- 805 KAR 4:100. Surface transportation of explosives. [2 Ky.R. 613]
- 805 KAR 4:105. Underground transportation of explosives. [2 Ky.R. 613]
- 805 KAR 4:110. Initiation of explosive charges; electric blasting. [2 Ky.R. 614]
- 805 KAR 4:115. Safety fuses. [2 Ky.R. 615]
- 805 KAR 4:120. Detonating cords. [2 Ky.R. 615]
- 805 KAR 4:125. Firing the blast. [2 Ky.R. 616]
- 805 KAR 4:130. Underwater blasting. [2 Ky.R. 616]
- 805 KAR 4:135. Blasting under compressed air. [2 Ky.R. 617]
- 805 KAR 4:140. Misfires. [2 Ky.R. 617]
- 805 KAR 4:145. Inspection after blasting. [2 Ky.R. 618]
- 805 KAR 4:150. Variances. [2 Ky.R. 618]

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION

Board of Medical Licensure

The Board of Medical Licensure has scheduled a public hearing for 3 p.m. EDT on Thursday, August 26, 1976 in the Jeffersonian Room, 9700 Bluegrass Parkway, Louisville, Kentucky on the following proposed regulation, published in this issue:

- 201 KAR 9:075. Continuing medical education requirements. [3 Ky.R. 180]

PUBLIC PROTECTION AND REGULATION CABINET

Department of Insurance

The Department of Insurance has scheduled a public hearing for 10 a.m. EDT on Tuesday, August 31, 1976 on the Second Floor of the Capital Plaza Tower, Frankfort, Kentucky, on the following proposed regulation, published in this issue:

- 806 KAR 40:010. Patients' compensation fund. [3 Ky.R. 188]

Amended Regulations Now In Effect

(The following regulations were amended by the issuing agencies to meet objections of the Administrative Regulation Review Subcommittee, were approved by the Subcommittee at its July 7, 1976 meeting and became effective on that date.)

DEPARTMENT OF TRANSPORTATION Bureau of Highways As Amended

603 KAR 5:066. Weight limits for trucks.

RELATES TO: KRS 189.222

PURSUANT TO: KRS 13.082

EFFECTIVE: July 7, 1976

NECESSITY AND FUNCTION: KRS 189.222 authorizes the Secretary of Transportation to establish reasonable weight limits for trucks using the state maintained highway system. This regulation prescribes the maximum weight limits for each classification of roads in accordance with amended state and federal laws.

Section 1. General: The Secretary of Transportation, in respect to highways which are a part of the State Maintained System, by Official Order, has determined that an increase to the maximum gross weight prescribed in KRS 189.221, on designated highways or portions thereof, is justified by the strength, safety, and durability of the designated highways, and said highways do not appear susceptible to unreasonable and unusual damage by reason of such increases and said secretary is authorized to establish reasonable classification of such roads and to fix a different maximum for each classification. Provided, however, that any increase shall not, in any way, exceed the federal law or regulations thereunder or jeopardize the allotment or qualification for federal aid funds of the Commonwealth of Kentucky or exceed the weights as specified hereinafter.

Section 2. Definitions: (1) Trucking Highways. All state maintained roads are assigned a maximum allowable gross weight as follows:

(a) Class "AAA" designates a maximum allowable gross weight of 80,000 pounds.

(b) Class "AA" designates a maximum allowable gross weight of 62,000 pounds.

(c) Class "A" designates a maximum allowable gross weight of 44,000 pounds.

(2) Truck Types. For the purpose of posting bridges at the site and for listing bridge weight restrictions in these regulations, the following truck types have been established:

(a) Type 1: This is a truck consisting of two (2) single axles.

(b) Type 2: This is a truck consisting of one (1) single axle and one (1) tandem axle.

(c) Type 3: This is a truck consisting of one (1) single axle and one (1) tri-axle.

(d) Type 4: This covers trucks with three (3) single axles or two (2) single axles and one (1) tandem axle or one (1) single axle and two (2) tandem axles or any other truck and trailer combination.

Section 3. The maximum weight for trucks using Class "AAA" highways, *except the Interstate and National Defense Highways System*, shall be as follows:

(1) Gross weight, including load, not to exceed 80,000 pounds. Gross axle weight for a single axle not to exceed 20,000 pounds (with axles less than forty-two (42) inches apart to be considered as a single axle).

(2) Gross weight not to exceed 34,000 pounds on two (2) axles in tandem arrangement which are spaced forty-two (42) inches or more apart and less than ninety-six (96) inches apart, 50,000 [50,400] pounds on three (3) axles in tandem arrangement which are spaced forty-two (42) inches or more apart but less than 120 inches apart. [, or as determined by formula in subsection (3) below, whichever is greater.] In no event shall any single axle in any arrangement exceed 20,000 pounds.

[(3) The maximum gross weight for a truck consisting of two (2) single axles which exceeds 37,800 pounds gross weight, and for a truck consisting of one (1) single axle and one (1) tandem axle which exceeds 52,500 pounds gross weight, or for a truck which consists of three (3) single axles which exceeds 56,700 pounds gross weight, and for a truck consisting of one (1) single axle and one (1) tri-axle which exceeds 69,300 pounds gross weight, and for a truck consisting of two (2) single axles and one (1) tandem axle which exceeds 71,400 pounds gross weight, or for any truck with any combination of axles which exceeds 73,280 pounds gross weight shall be determined by the following formula:

$$W = 500 \left(\frac{LN}{N-1} + 12N + 36 \right)$$

Where W equals gross weight, L equals distance between extreme axles of the group of consecutive axles under

consideration and N equals the number of axles in the group, except that two (2) consecutive sets of tandem axles may carry 34,000 pounds each, providing that the distance between the first and last axles of such consecutive sets of axles is thirty-six (36) feet or more. In no event shall any axle in any arrangement exceed 20,000 pounds nor the gross weight exceed 80,000 pounds.]

(3) [(4)] Tire weight: The weight transmitted to the pavement shall not exceed 600 pounds per inch of aggregate width of all tires.

(4) [(5)] On structures of Class "AAA" highways which have a posted load limit of less than 80,000 pounds, the posted limit shall not be exceeded.

Section 4. The maximum weight for trucks using Class "AAA" highways which are a part of the Interstate or National Defense System shall be as follows:

(1) Gross weight, including load, not to exceed 80,000 pounds. Gross axle weight for a single axle not to exceed 20,000 pounds (with axles less than forty-two (42) inches apart to be considered as a single axle).

(2) Gross weight not to exceed 34,000 pounds on two (2) axles in tandem arrangement which are spaced forty-two (42) inches or more apart and less than ninety-six (96) inches apart; 50,400 pounds on three (3) axles in tandem arrangement which are spaced forty-two (42) inches or more apart but less than 120 inches apart, or as determined by formula in subsection (3) below, whichever is greater. In no event shall any single axle in any arrangement exceed 20,000 pounds.

(3) The maximum gross weight for a truck consisting of two (2) single axles which exceeds 37,800 pounds gross weight, and for a truck consisting of one (1) single axle and one (1) tandem axle which exceeds 52,500 pounds gross weight, or for a truck which consists of three (3) single axles which exceeds 56,700 pounds gross weight, and for a truck consisting of one (1) single axle and one (1) tri-axle which exceeds 69,300 pounds gross weight, and for a truck consisting of two (2) single axles and one (1) tandem axle which exceeds 71,400 pounds gross weight, or for any truck with any combination of axles which exceeds 73,280 pounds gross weight shall be determined by the following formula:

$$W = 500 \left(\frac{LN}{N-1} + 12N + 36 \right)$$

Where W equals gross weight, L equals distance between extreme axles of the group of consecutive axles under consideration and N equals the number of axles in the group, except that two (2) consecutive sets of tandem axles may carry 34,000 pounds each, providing that the distance between the first and last axles of such consecutive sets of axles is thirty-six (36) feet or more. In no event shall any axle in any arrangement exceed 20,000 pounds nor the gross weight exceed 80,000 pounds.

(4) Tire weight: The weight transmitted to the pavement shall not exceed 600 pounds per inch of aggregate width of all tires.

(5) On structures of Class "AAA" highways which have a posted load limit of less than 80,000 pounds, the posted limit shall not be exceeded.

(6) There shall be no tolerances allowed on gross weight, axle weight, or combinations of axle weights on

vehicles operating over a Class "AAA" highway which is a part of the Interstate or National Defense Highway System.

Section 5. [4.] The maximum weight for trucks using Class "AA" highways shall be as follows:

(1) Gross weight, including load, not to exceed 62,000 pounds.

(2) Gross axle weight for a single axle not to exceed 20,000 pounds (with axles less than forty-two (42) inches apart to be considered as a single axle).

(3) Gross weight not to exceed 34,000 pounds on two (2) axles in tandem arrangement which are spaced forty-two (42) inches or more apart and less than ninety-six (96) inches apart; 50,000 [50,400] pounds on three (3) axles in tandem arrangement which are spaced forty-two (42) inches or more apart but less than 120 inches apart. In no event shall any single axle in any arrangement exceed 20,000 pounds.

(4) Tire weight: The weight transmitted to the pavement shall not exceed 600 pounds per inch of aggregate width of all tires.

(5) On structures on Class "AA" highways which have a posted load limit of less than 62,000 pounds, the posted limit shall not be exceeded.

Section 6. [5.] The maximum weight for trucks using Class "A" highways shall be as follows:

(1) Gross weight, including load, not to exceed 44,000 pounds.

(2) Gross axle weight for a single axle not to exceed 20,000 pounds (with axles less than forty-two (42) inches apart to be considered as a single axle).

(3) Gross weight not to exceed 34,000 pounds on two (2) axles in tandem arrangement which are spaced forty-two (42) inches or more apart and less than ninety-six (96) inches apart.

(4) Tire weight: The weight transmitted to the pavement shall not exceed 600 pounds per inch of aggregate width of all tires.

(5) On structures on Class "A" Highways which have a posted load limit of less than 44,000 pounds, the posted limit shall not be exceeded.

Section 7. [6.] There shall be no tolerance allowed on gross weight, however, a tolerance of not more than five (5) percent shall be allowed on axle weight on highways which are not a part of the Interstate or National Defense Highway System. [axle weight or combinations of axle weights.]

Section 8. [7.] As long as any highway remains a part of the State Primary Road System, as defined by regulation 603 KAR 3:030, it is intended that the classification of highways constitutes a designation by the Secretary of Transportation as contemplated by KRS 189.280, and city ordinances which impose less stringent limits shall not apply to such state maintained highways, including bridges, unless specific relinquishment of this responsibility to a city is made by the Secretary of Transportation.

Section 9. [8.] Regulations 603 KAR 5:065 and 603 KAR 5:095 are repealed by the regulation hereinabove set forth.

JOHN C. ROBERTS, Secretary

ADOPTED: June 28, 1976

RECEIVED BY LRC: June 30, 1976 at 11:30 a.m.

(In amending the following regulation, which was printed originally in the February 1, 1976 issue [2 Ky.R. 312-392], the issuing agency deleted all references to highway bridge limitations. These deletions are not included here because of their volume, but may be ascertained by consulting the pages indicated above.)

DEPARTMENT OF TRANSPORTATION
Bureau of Highways
As Amended

603 KAR 5:096. Highway classifications.

RELATES TO: KRS 189.222

PURSUANT TO: KRS 13.082, 174.050, 189.222

EFFECTIVE: July 7, 1976

NECESSITY AND FUNCTION: KRS 189.222 authorizes the Secretary of Transportation to establish reasonable weight and dimension limits on all highways included in the State Primary Road System. This regulation is adopted to identify each road in the highway system and indicate its classifications.

Section 1. The weight and dimension limits set forth in 603 KAR 5:066 and 603 KAR 5:070 for truckway classifications shall apply on all highways in the State Primary Road System as indicated herewithin, unless bridge postings prohibit such weights on any particular segment.

Section 2. The maximum weight limits for the three (3) classifications of highways are as follows: "AAA" System, 80,000 pounds gross weight; "AA" System, 62,000 pounds gross weight; "A" System, 44,000 pounds gross weight. There shall be no tolerances allowed on gross weight, axle weight, or combinations of axle weights *on the Interstate and National Defense Highway System only*.

Section 3. The classifications [and bridge limitations] for each highway in the State Primary Road System are as follows:

KY 1

AAA—From Jct. US 60 in Grayson to Jct. KY 7 near Pactolus, north of Grayson.

AA—From Lawrence-Carter Co. Line to Jct. US 60 in Grayson; and from Jct. KY 7 near Pactolus to South end of bridge over Anglin Branch near the Greenup Co. Line.

A—From Jct. KY 3, N.W. of Louisa to the Lawrence-Carter Co. Line; and from South end of bridge over Anglin Branch (Carter Co.) to Jct. US 23 near Greenup.

KY 2

AAA—From Jct. US 60 in Olive Hill to Jct. I-64, north of Olive Hill.

AA—From Jct. I-64 to Jct. KY 7 near Warnock in Greenup Co.

A—From Jct. KY 7 near Warnock in Greenup Co. to Jct. with Main Street in Greenup.

KY 3

AAA—From Jct. US 23, southeast of Prestonsburg to Jct. KY 1428, east of Prestonsburg.

AA—From Jct. US 23 near Louisa to Jct. US 23 at south side of I-64 Interchange.

A—From Jct. KY 1428, east of Prestonsburg to Jct. US 23 at Louisa.

KY 4

AAA—The Lexington Circle Expressway in its entirety.

KY 5

AA—From Jct. KY 503 in Boyd Co. to Jct. US 23 near the Boyd-Greenup Co. Line.

A—From Jct. US 60 at Princess (Boyd Co.) to Jct. KY 503.

KY 6

AA—From Jct. KY 26 at Woodbine (Whitley Co.) to Jct. KY 11 at Dishman Street in Barbourville.

A—None.

KY 7

AAA—From the Magoffin-Floyd Co. Line, via Salyersville and West Liberty to Jct. KY 1 near Pactolus, north of Grayson.

AA—From Jct. KY 15 at Jeff in Perry Co., via Isom to Jct. KY 80 at Lackey in Floyd Co.

AA—From Jct. KY 1 near Pactolus to Jct. US 23 at South Shore in Greenup Co.

A—From Jct. KY 80 north of Garrett in Floyd Co. to the Magoffin Co. Line.

KY 8

AAA—From Jct. US 27 in Newport, via Covington, Ludlow and Bromley to entrance to Standard Oil Bulk Plant, west of Bromley in Kenton Co.; and from Jct. KY 1998 near Brent in Campbell Co. to Jct. KY 10 at the NCL of Maysville.

AA—From Entrance to Standard Oil Bulk Plant, west of Bromley, via Constance to Entrance to Interstate Asphalt Plant, northwest of Constance in Boone Co.

AA—From Jct. US 27 in Newport to Jct. of Mary Inglis Highway and 4th St. in Dayton; from Jct. KY 445 at Brent to Jct. KY 1998, south of Brent; and from Jct. KY 57 at Concord in Lewis Co. to Jct. KY 10 at Vanceburg.

A—From Jct. KY 20 at Idlewild in Boone Co. to Entrance to Interstate Asphalt Plant, N.W. of Constance; from Jct. of Mary Inglis Highway and 4th St. in Dayton to Jct. KY 455 at Brent; and From Beginning of State Maintenance at Irwin in Lewis Co. to Jct. KY 57 at Concord.

KY 2645

A—From Jct. Whitfield Schoolhouse Road at east side of US 41 extending N. and parallel to US 41 for 0.417 mile (Hopkins Co.).

KY 2646

A—From Jct. KY 813 near Mortons Gap via Old Salem Church Road to west side of US 41 (formerly KY 1622) (Hopkins Co.).

KY 2647

A—From Jct. US 41 Alt., 1.3 miles N. of the Christian Co. Line, to the MacIntosh Chapel Road 625 feet E. of the Pennyryle Parkway (Hopkins Co.).

KY 2648

A—From Jct. MacIntosh Chapel Road at west side of the Pennyryle Parkway extending S. and parallel to the Parkway for 0.175 mile (Hopkins Co.).

KY 2649

A—From end of Cates St. at Oak Hill extending east along south side of Western Kentucky Parkway for 0.089 mile (Hopkins Co.).

KY 2650

A—From Jct. US 41 Alt. at N. side of Western Kentucky Parkway extending E. and parallel to Parkway for 0.719 mile (Hopkins Co.).

KY 2651

A—From Jct. KY 1220, 800 feet S.W. of KY 109, to a point 0.102 mile W. of beginning (Hopkins Co.).

KY 2652

A—From Jct. KY 1220 at N. side of Western Kentucky Parkway extending S.W. and parallel to Parkway for 0.768 mile (Hopkins Co.).

KY 2653

A—From Jct. Nelson Lane, 736 feet west of US 41, via Whitfield Schoolhouse to a point 413 feet S.E. of US 41 (Hopkins Co.).

KY 2654

A—From a point on Cal Hamby Lane, 0.55 mile S. of KY 1221, extending south and parallel to US 41 to a point 0.861 mile south (Hopkins Co.).

KY 2655

A—From a point 0.1 mile E. of Old Hanson Road via Herbert Brown Road to a point 1,525 feet east of Pennyryle Parkway (Hopkins Co.).

KY 2656

A—From Jct. Tom Reynolds Road, 0.72 mile E. of US 41, via Fowler Road to a point 0.227 mile N. of beginning (Hopkins Co.).

KY 2657

A—From Jct. US 41, 0.2 mile N. of entrance to County High School, via Fowler Road to a point 1,255 feet east of Pennyryle Parkway (Hopkins Co.).

KY 2658

A—From Jct. Nebo-Dixon Road via Nebo-Stanhope Road to the Webster Co. Line (Hopkins Co.).

KY 2659

A—From Jct. KY 260 at west side of Pennyryle Parkway extending north and parallel to Parkway for 0.04 mile (Hopkins Co.).

KY 2660

A—From Jct. KY 862 at west side of Pennyryle Parkway via McDowell Access Road extending south and east for 0.063 mile (Hopkins Co.).

KY 2661

A—From Jct. Ivan Edwards Road at east side of Pennyryle Parkway extending south and parallel to Parkway for 0.149 mile (Hopkins Co.).

KY 2662

A—From Jct. KY 1033 at east side of Pennyryle Parkway extending south and parallel to Parkway for 0.674 mile (Hopkins Co.).

KY 2663

A—From Jct. Herbert Brown Road at east side of Pennyryle Parkway extending south and parallel to Parkway for 0.579 mile (Hopkins Co.).

KY 2664

A—From Jct. KY 260 at east side of Pennyryle Parkway extending north and parallel to Parkway for 1.641 miles (Hopkins Co.).

KY 2665

A—From a point on east side of Pennyryle Parkway 0.3 mile north of KY 862 extending north and parallel to Parkway for 0.413 mile (Hopkins Co.).

KY 2666

A—From a point 0.9 mile E. of US 41 via Bell Court-Onton Road to a point 500 feet east of Pennyryle Parkway (Webster Co.).

KY 2667

A—From a point 0.4 mile E. of US 41 via Old Slaughters-Onton Road to a point 1,400 feet east of Pennyryle Parkway (Webster Co.).

KY 2668

A—From a point on west side of Pennyryle Parkway 0.621 mile S. of Webster-Henderson Co. Line to Big Rivers Plant Access Road (Webster-Henderson Cos.).

KY 2669

A—From Jct. KY 370 at east side of Pennyryle Parkway extending north and parallel to the Parkway to Old Steamport Road (Webster Co.).

KY 2670

A—From Jct. KY 370 at west side of Pennyryle Parkway extending south and parallel to the Parkway for 0.363 mile (Webster Co.).

KY 2671

A—From Jct. Collins-KY 149 Road at west side of Pennyryle Parkway extending south and parallel to the Parkway for 0.376 mile (Webster Co.).

KY 2672

A—From Jct. KY 147 near east side of Pennyriple Parkway extending north and parallel to the parkway for 859 feet (Webster Co.).

KY 2673

A—From Jct. Old Slaughters-Onton Road at east side of the Pennyriple Parkway extending north and parallel to the Parkway for 0.413 mile, and from the Old Slaughters-Onton Road extending south for 0.083 mile (Webster Co.).

KY 2674

A—From Jct. Old Slaughters-Onton Road at west side of Pennyriple Parkway extending south and parallel to the Parkway for 0.378 mile (Webster Co.).

KY 2675

A—From a point 0.25 mile E. of US 41 via Royster Road extending east over Pennyriple Parkway for 0.379 mile (Henderson Co.).

KY 2676

A—From Jct. KY 416, 0.25 mile E. of Pennyriple Parkway, extending S.E. for 0.057 mile along Boys Camp Road (Henderson Co.).

KY 2677

A—From a point 0.2 mile N.E. of KY 136 via Toy-Anthoston, extending N.E. over Pennyriple Parkway for 0.612 mile (Henderson Co.).

KY 2678

A—From a point 0.5 mile E. of US 41 via Moss and Moss Road extending E. over Pennyriple Parkway for 0.095 mile (Henderson Co.).

KY 2679

A—From a point 200 feet S. of Greenbriar St. in Henderson via Arlington St. to a point 840 feet N. of Vanguard Ave. (Henderson Co.).

KY 2680

A—From Jct. KY 812 in Henderson via Hall Way to Augusta St. (Henderson Co.).

KY 2681

A—From a point 0.23 mile N. of Toy-Anthoston Road at east side of Pennyriple Parkway extending north and parallel to the Parkway for 1.345 miles (Henderson Co.).

KY 2682

A—From Jct. KY 136 at west side of Pennyriple Parkway extending south and parallel to the Parkway for 1.088 miles (Henderson Co.).

KY 2683

A—From a point on east side of Pennyriple Parkway 0.331 mile north of Royster Road extending south and parallel to Pennyriple Parkway to a point 0.346 mile S. of Royster Road (Henderson Co.).

KY 2684

A—From Jct. Moss and Moss Road at west side of Pennyriple Parkway extending south and parallel to the Parkway for 0.433 mile (Henderson Co.).

KY 2685

A—From Jct. Toy-Anthoston Road near east side of Pennyriple Parkway extending S.E. for 0.03 mile (Henderson Co.).

KY 2686

A—From Jct. Toy-Anthoston Road near east side of Pennyriple Parkway extending northeast for 0.027 mile (Henderson Co.).

KY 2687

A—From Jct. Stringtown Road at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.439 mile (Muhlenberg Co.).

KY 2688

A—From Jct. Old US 62, near north side of Western Kentucky Parkway extending west to Radio Station WMTA (Muhlenberg Co.).

KY 2689

A—From a point 1,200 feet east of KY 601 at south side of Western Kentucky Parkway extending east for 0.089 mile (Muhlenberg Co.).

KY 2690

A—From Jct. Wyce Chapel at south side of Western Kentucky Parkway extending east and parallel to the Parkway to KY 601 (Muhlenberg Co.).

KY 2691

A—From Jct. US 62 at south side of Western Kentucky Parkway extending east and parallel to Parkway for 0.117 mile (Muhlenberg Co.).

KY 2692

A—From a point 1,100 feet south of Western Kentucky Parkway via Henry Oates Road to a point 1,270 feet north of Western Kentucky Parkway (Muhlenberg Co.).

KY 2693

A—From Jct. KY 175 at north side of Western Kentucky Parkway extending east to Wyce Chapel (Muhlenberg Co.).

KY 2694

A—From a point 1,525 feet south of Western Kentucky Parkway via Paradise-Rockport Road to a point 650 feet north of the Parkway (Muhlenberg Co.).

KY 2695

A—From a point 650 feet south of Western Kentucky Parkway via Howerton Road to a point 400 feet north of the Parkway including a 180 foot Spur near south side of the Parkway extending east (Muhlenberg Co.).

KY 2696

A—From Jct. US 62 near I.C.G. Railroad at Martwick extending southeast for 0.164 mile (Muhlenberg Co.).

KY 2697

A—From a point 800 feet south of Western Kentucky Parkway via Stringtown Road to a point 800 feet north of the Parkway (Muhlenberg Co.).

KY 2698

A—From a point 1,112 feet south of US 60 Bypass via Carter Road to a point 1,052 feet north of Bypass (Davies Co.).

KY 2699

A—From a point at south side of US 60 Bypass extending east along the south side of the Bypass to a point 0.145 mile E. of US 431 (Daviness Co.).

KY 2700

A—From a point 746 feet east of US 60 Bypass via Bittel Road to a point 754 feet west of the Bypass (Daviness Co.).

KY 2701

A—From a point 2,241 feet west of US 60 Bypass via Fifth St. Road to a point 1984 feet east of Bypass (Daviness Co.).

KY 2702

A—From Jct. Sutherland Road at south side of US 60 Bypass extending east and parallel to Bypass to Veach Road (Daviness Co.).

KY 2703

A—From Jct. KY 54 at east side of US 60 Bypass extending S.W. and parallel to Bypass for 0.070 mile (Daviness Co.).

KY 2704

A—From Jct. Todd Bridge Road at south side of US 60 Bypass extending north and parallel to west side of US 431 interchange for 0.056 mile (Daviness Co.).

KY 2705

A—From Jct. US 431 at north side of US 60 Bypass extending S.W. and parallel to west side of US 431 interchange for 0.147 mile (Daviness Co.).

KY 2706

A—From Jct. Scherm Road at S.W. side of US 60 Bypass extending S.E. and parallel to Bypass for 0.109 mile (Daviness Co.).

KY 2707

A—From Jct. Carter Road at north side of US 60 Bypass extending S.E. and parallel to Bypass to Tamarack Road (Daviness Co.).

KY 2708

A—From Jct. KY 54 at east side of US 60 Bypass extending west and parallel with south side of US 431 for 0.107 mile (Daviness Co.).

KY 2709

A—From Jct. Airport Road, 0.39 mile W. of US 60 Bypass, extending east and parallel with south side of KY 54 for 0.190 mile (Daviness Co.).

KY 2710

A—From Jct. Alsop Lane near south side of L & N Railroad crossing extending east under US 60 Bypass then south and parallel to Bypass for 0.820 mile (Daviness Co.).

KY 2711

A—From a point 1.3 mile E. of KY 369 extending east on Union School Road for 0.303 mile (Ohio Co.).

KY 2712

A—From a point 900 feet south of Western Kentucky Parkway via Rob Roy Road to a point 936 feet north of the Parkway (Ohio Co.).

KY 2713

A—From a point 944 feet south of Western Kentucky Parkway via Windy Hill-Arnold Road to a point 556 feet north of the Parkway (Ohio Co.).

KY 2714

A—From Jct. KY 369 at North side of Western Kentucky Parkway extending west and parallel to the Parkway for 0.097 mile (Ohio Co.).

KY 2715

A—From Jct. Windy Hill-Arnold Road at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.123 mile (Ohio Co.).

KY 2716

A—From Jct. Neafus-Elfie Road 0.1 mile S. of Western Kentucky Parkway to a point 0.741 mile west of beginning (Butler-Ohio Cos.).

KY 2717

A—From Jct. Windy Hill-Arnold Road at south side of Western Kentucky Parkway extending west and parallel to the Parkway for 1.121 miles (Ohio Co.).

KY 2718

A—From Jct. US 231 at north side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.878 mile (Ohio Co.).

KY 2719

A—From Jct. KY 1245 at north side of Western Kentucky Parkway extending west and parallel to the Parkway for 0.088 mile (Ohio Co.).

KY 2720

A—From Jct. KY 1245 at north side of Western Kentucky Parkway extending south under the Parkway along the Lewis Creek Road for 0.096 mile (Ohio Co.).

KY 2721

A—From a point 0.5 mile east of US 231 at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.833 mile (Ohio Co.).

KY 2722

A—From Jct. Rob Roy Road at north side of Western Kentucky Parkway extending west and parallel to the Parkway for 1,350 feet (Ohio Co.).

KY 2723

A—From Jct. US 231 at south side of Western Kentucky Parkway extending west and parallel to the Parkway for 0.252 mile (Ohio Co.).

KY 2724

A—From 304.4 feet south of south end of bridge over East Fork of Pond River via the Blue Hole Road to a point 505.6 feet north of south end of bridge over the East Fork of Pond River (Todd Co.).

KY 2725

A—From Jct. Front St. in Lewisburg via Sneed and Second Sts. to East Henry St. (Logan Co.).

KY 2726

A—From a point 0.223 mile S. of Western Kentucky

Parkway via Elfie-Neafus Road to a point 0.174 mile north of the Parkway (Butler Co.).

KY 2727

A—From a point 550 feet south of Western Kentucky Parkway via Dog Creek Road to a point 800 feet north of Parkway, and from another point on Dog Creek Road 2,150 feet N.E. of Western Kentucky Parkway extending east along the Parkway for 0.260 mile (Grayson Co.).

KY 2728

A—From a point 1,250 feet south of Western Kentucky Parkway via Do Stop Road to a point 700 feet north of the Parkway (Grayson Co.).

KY 2729

A—From a point 800 feet south of Western Kentucky Parkway via Terry Higgs Road to a point 400 feet north of Parkway (Grayson Co.).

KY 2730

A—From a point 950 feet south of Western Kentucky Parkway via McDonald Road to a point 950 feet north of the Parkway (Grayson Co.).

KY 2731

A—From a point 700 feet south of Western Kentucky Parkway via Millwood-Pleasant View Road to a point 850 feet north of Parkway (Grayson Co.).

KY 2732

A—From a point 400 feet south of Western Kentucky Parkway via Old Antioch Church Road to a point 750 feet north of Parkway (Grayson Co.).

KY 2733

A—From a point 0.256 mile S.E. of Western Kentucky Parkway via Crow Hollow Road to a point 0.132 mile N.W. of the Parkway (Grayson Co.).

KY 2734

A—From a point 100 feet west of KY 187 at north side of Western Kentucky Parkway extending west and parallel to the Parkway for 0.838 mile (Grayson Co.).

KY 2735

A—From Jct. Do Stop Road at north side of Western Kentucky Parkway extending east for 0.073 mile (Grayson Co.).

KY 2736

A—From Jct. KY 185, 500 feet southeast of Western Kentucky Parkway, to a point 0.054 mile west of beginning (Grayson Co.).

KY 2737

A—From Jct. McDonald Road at north side of Western Kentucky Parkway extending S.W. and parallel to the Parkway for 0.198 mile (Grayson Co.).

KY 2738

A—From Jct. KY 187 at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.250 mile (Grayson Co.).

KY 2739

A—From a point on the north side of the Western

Kentucky Parkway 900 feet S.W. of Skeeter Road extending easterly for 0.612 mile (Grayson Co.).

KY 2740

A—From Jct. KY 224 at north side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.198 mile (Grayson Co.).

KY 2741

A—From Jct. KY 1214 at north side of the Western Kentucky Parkway extending east and parallel to the Parkway for 0.165 mile (Grayson Co.).

KY 2742

A—From Jct. KY 259, 668 feet north of Western Kentucky Parkway, extending S.W. and parallel to N.W. loop of the Parkway (Grayson Co.).

KY 2743

A—From Jct. KY 720 at south side of Western Kentucky Parkway extending S.W. and parallel to the Parkway for 1.681 miles (Grayson Co.).

KY 2744

A—From Crow Hollow Road at north side of Western Kentucky Parkway extending west and parallel to Parkway for 0.081 mile (Grayson Co.).

KY 2745

A—From 0.166 mile N. of KY 88 at west side of I-65 extending S.W. and parallel to I-65 for 1.472 miles (Hart Co.).

KY 2746

A—From a point 972 feet S.E. of I-65 via Eudora Road to a point 1,352 feet N.W. of I-65 (Hart Co.).

KY 2747

A—From Jct. Eudora Road at S.E. side of I-65 extending N.E. and parallel to I-65 for 0.635 mile (Hart Co.).

KY 2748

A—From a point at S.E. side of I-65, 1.8 miles N. of Barren Co. Line extending north along Hatcher Valley Road for 0.194 mile (Hart Co.).

KY 2749

A—From a point on S.E. side of I-65, 0.2 mile N.W. of KY 335, extending N.E. and parallel to I-65 for 0.311 mile (Hart Co.).

KY 2750

A—From Jct. KY 218, at N.W. side of I-65, extending N.E. and parallel to I-65 for 0.093 mile (Hart Co.).

KY 2751

A—From Jct. Rowletts-Cave Spring Road near west side of I-65 extending north and parallel to I-65 for 0.506 mile (Hart Co.).

KY 2752

A—From a point on Eddie Sego Road at east side of I-65, 0.76 mile W. of L & N R.R., extending south and parallel to I-65 for 0.197 mile (Hart Co.).

KY 2753

A—From a point 0.33 mile S.W. of Eddie Sego Road at

east side of I-65 extending S.W. and parallel to I-65 for 0.179 mile (Hart Co.).

KY 2754

A—From Jct. KY 728 at east side of I-65 extending south and S.E. via John Highbaugh and Chestnut Grove Roads for 1.712 miles (Hart Co.).

KY 2755

A—From a point at east side of I-65 on Chestnut Grove Road 0.41 mile S.E. of John Highbaugh Road extending south and parallel to I-65 for 0.160 mile (Hart Co.).

KY 2756

A—From Jct. US 31W west of I-65 underpass near Chestnut Grove Road extending east under I-65, thence south along east side of I-65 for 1.567 miles (Hart Co.).

KY 2757

A—From a point 1,500 feet west of I-65 via Rowletts-Cave Spring Road to a point 900 feet east of I-65 (Hart Co.).

KY 2758

A—From Jct. Gaither Station Road at south side of Western Kentucky Parkway extending east and parallel to the Parkway for 0.130 mile (Hardin Co.).

KY 2759

A—From Jct. Harcourt-Star Mills Road at south side of Western Kentucky Parkway extending S.W. for 0.615 mile (Hardin Co.).

KY 2760

A—From a point in Webb Mills Road at south side of Western Kentucky Parkway extending N.E. and parallel to the Parkway to a point 0.096 mile N.E. of KY 84 (Hardin Co.).

KY 2761

A—From Jct. KY 583 at south side of Blue Grass Parkway extending S.W. and parallel to the Parkway for 1.677 miles (Hardin Co.).

KY 2762

A—From a point near south side of Blue Grass Parkway extending under, then parallel to the Parkway for 0.483 mile (Hardin Co.).

KY 2763

A—From a point 1,000 feet west of I-65 via Old Sonora Road to a point 800 feet east of I-65 (Hardin Co.).

KY 2764

A—From a point 650 feet west of I-65 via Rhudes Creek Road to a point 500 feet east of I-65 (Hardin Co.).

KY 2765

A—From a point 450 feet south of Western Kentucky Parkway via Rock Creek Road to a point 450 feet north of the Parkway (Hardin Co.).

KY 2766

AA—From Jct. KY 1375 at north side of Western Kentucky Parkway, S.W. of Elizabethtown extending S.W. 1.5 miles.

A—From a point 1.5 miles S.W. of KY 1375 to a point 2.1 miles S.W. of KY 1375.

KY 2767

A—From Jct. Murriel-Town Road 122 feet east of US 31W extending along east side of US 31W and I-65 for 1.567 miles (Larue Co.).

KY 2768

A—From Jct. Fairview Road at Anderson Co. Line extending west and parallel to north side of Blue Grass Parkway for 0.972 mile (Washington Co.).

KY 2769

A—From Jct. KY 1754 at south side of Blue Grass Parkway extending west and parallel to the Parkway for 1.009 miles (Washington Co.).

KY 2770

A—From Jct. KY 1754 at north side of Blue Grass Parkway extending east and paralleling the Parkway for 0.550 mile (Washington Co.).

KY 2771

A—From Jct. KY 2768, 0.6 mile S.W. of Anderson Co. Line, extending north for 339 feet (Washington Co.).

KY 2772

A—From a point 775 feet south of Blue Grass Parkway via Fairview Road to a point 700 feet north of the Parkway (Washington Co.).

KY 2773

A—From Jct. KY 49 at south side of Blue Grass Parkway extending west and parallel to the Parkway for 0.106 mile (Nelson Co.).

KY 2774

A—From Jct. Milton Brown Road at south side of Blue Grass Parkway extending east and paralleling the Parkway for 0.572 mile (Nelson Co.).

KY 2775

A—From a point 700 feet south of the Blue Grass Parkway via Murphy Lane to a point 725 feet north of the Parkway (Nelson Co.).

KY 2776

A—From a point 1,300 feet south of Blue Grass Parkway via Ed Brent Road to a point 1,150 feet north of the Parkway (Nelson Co.).

KY 2777

A—From a point on Stillwell Road, 1.4 miles S.E. of KY 52 at north side of Blue Grass Parkway, extending east and parallel to the Parkway for 0.211 mile (Nelson Co.).

KY 2778

A—From Jct. KY 1853 at south side of Blue Grass Parkway extending west and parallel to the Parkway for 0.563 mile (Nelson Co.).

KY 2779

A—From Jct. US 150 at north side of Blue Grass Parkway extending N.E. and parallel to the Parkway for 0.469 mile (Nelson Co.).

KY 2780

A—From a point on north side of Blue Grass Parkway

0.2 mile S.W. of Ed Brent Road extending S.W. for 0.142 mile (Nelson Co.).

KY 2781

A—From a point in Sulphur Wells Road at south side of Western Kentucky Parkway extending east and parallel to the Parkway to KY 1214 (Grayson Co.).

KY 2782

A—From Jct. Ed Brent Road at south side of Blue Grass Parkway extending S.W. and parallel to the Parkway for 0.294 mile (Nelson Co.).

KY 2783

A—From Jct. KY 733 at south side of Blue Grass Parkway extending N.E. to a point 0.515 mile N.E. of the beginning (Nelson Co.).

KY 2784

A—From a point 2,086 feet west of Damron Creek Bridge via Eunice-Dunnville Road to a point 814 feet east of Damron Creek Bridge (Adair Co.).

KY 2785

A—From a point 375 feet south of Glens Fork Creek Bridge via Glens Fork-KY 55 road to a point 375 feet north of Glens Fork Creek Bridge (Adair Co.).

KY 2786

A—From entrance to Lake Cumberland Boys Camp extending N.E. for 0.5 mile (Wayne Co.).

KY 2787

A—From Jct. KY 1505 at west side of I-75 extending north and parallel to I-75 for 0.727 mile (Rockcastle Co.).

KY 2788

A—From a point on east side of I-75, 0.5 mile north of Laurel Co. line, extending north and parallel to I-75 for 0.972 mile (Rockcastle Co.).

KY 2789

A—From Jct. US 25 at S.W. end of I-75 interchange near Renfro Valley extending N.W. and parallel with off ramp for I-75 for 0.370 mile (Rockcastle Co.).

KY 2790

A—From a point on east side of I-75, 0.5 mile N. of Sand Hill Road extending N.W. and parallel with I-75 for 0.201 mile (Rockcastle Co.).

KY 2791

A—From a point 525 feet west of I-75 via Sand Hill Road to a point 150 feet S.W. of Chestnut Ridge Road (Rockcastle Co.).

KY 2792

A—From Jct. US 25 at west side of I-75 interchange at Burr extending north and parallel with I-75 for 1.255 miles, excluding 1,674 feet from a point 1,004 feet north of US 25 to a point 2,678 feet north of US 25 (Rockcastle Co.).

KY 2793

A—From Jct. US 25 at Renfro Valley via Rose Hill Road to a point 600 feet west of I-75 (Rockcastle Co.).

KY 2794

A—From Jct. Hurricane School Road at west side of I-75 extending south and parallel to I-75 for 0.864 mile (Rockcastle Co.).

KY 2795

A—From a point 0.1 mile W. of US 25 via Lambert Road to a point 925 feet west of I-75 (Rockcastle Co.).

KY 2796

A—From a point 850 feet N.W. of US 25 at Boone via Flat Gap Road to a point 375 feet N.W. of I-75 (Rockcastle Co.).

KY 2797

A—From Jct. Flat Gap Road at east side of I-75 extending north and parallel to I-75 for 0.159 mile (Rockcastle Co.).

KY 2798

A—From a point 900 feet S.E. of I-75 via Hurricane School Road to a point 600 feet N.W. of I-75 (Rockcastle Co.).

KY 2799

A—From Jct. Alford St. at west side of I-264 extending north for 0.107 mile (Jefferson Co.).

KY 2800

A—From Jct. Jefferson St. at east side of I-264 via relocated 32nd St. to Main St. (Jefferson Co.).

KY 2801

A—From Jct. I-264 at Fifth St. via Fifth St., Southern Heights Ave., Second St. and Florence Ave. to Third St. (Jefferson Co.).

KY 2802

AAA—From Jct. Eastern Parkway west of I-65 in Louisville via Hahn St., Warnock Ave. and Crittenden Drive to Eastern Parkway east of I-65 (Jefferson Co.).

KY 2803

A—From Jct. Warnock Ave. in Louisville via Arthur St. to Brandeis Ave. (Jefferson Co.).

KY 2804

A—From a point 0.25 mile W. of Jefferson Freeway via Rehl Road extending east over Freeway for 0.587 mile (Jefferson Co.).

KY 2805

A—From Jct. Pope Lick Road at Mt. Zion Church extending north to Poplar Lane (Jefferson Co.).

KY 2806

A—From a point 518 feet S.E. of Jefferson Freeway extending N.E. to a point 0.585 mile from the beginning (Jefferson Co.).

KY 2807

A—From a point 600 feet S.E. of I-71 via Springdale Road to a point 1,200 feet N.W. of I-71 (Jefferson Co.).

KY 2808

A—From a point 956 feet S. of I-71 via Barbour Lane to a point 960 feet north of I-71 (Jefferson Co.).

KY 2809

A—From Jct. KY 22 at west side of Jefferson Freeway extending northerly for 0.061 mile (Jefferson Co.).

KY 2810

A—From Jct. KY 22 at east side of Jefferson Freeway extending south for 0.064 mile (Jefferson Co.).

KY 2811

A—From Jct. KY 1447 at west side of Jefferson Freeway extending east and north for 0.091 mile (Jefferson Co.).

KY 2812

A—From Jct. KY 155, 0.35 mile E. of Jefferson Freeway extending S.W. for 0.170 mile, also extending north and west from KY 155 for 0.156 mile (Jefferson Co.).

KY 2813

A—From Jct. KY 155, 0.3 mile W. of Jefferson Freeway, extending S.E. to Hopewell Road (Jefferson Co.).

KY 2814

A—From west edge of Cul-De-Sac on Durrett Lane in Louisville, at east side of Southern Railway, extending east for 126.7 feet to east edge of Cul-De-Sac (Jefferson Co.).

KY 2815

A—From Jct. Preston St. in Louisville extending S.W. via Standiford Lane under I-65, thence N.W. paralleling I-65 to Standiford Ave. (Jefferson Co.).

KY 2816

A—From Jct. Lime Kiln Lane in Louisville at south side of I-71 extending S.W. to Limewood Circle (Jefferson Co.).

KY 2817

A—From Jct. Glenview Ave. at north side of I-71 extending east and parallel to I-71 for 0.350 mile (Jefferson Co.).

KY 2818

A—From Jct. Indian Hills Road at south side of I-71 extending N.E. for 0.211 mile (Jefferson Co.).

KY 2819

A—From Jct. Indian Hills Road 0.11 mile S. of I-71 extending S.W. for 0.191 mile (Jefferson Co.).

KY 2820

A—From Jct. Keller Ave. in Louisville extending north along east side of I-65 for 0.066 mile (Jefferson Co.).

KY 2821

AAA—From Jct. Warnock Ave. and Hahn St. in Louisville extending west on Warnock Ave. to Floyd St., thence south on Floyd St. to a point 417 feet south of I-65 at Ramp "A", thence N.W. along Ramp "A" to I-65 (Jefferson Co.).

KY 2822

AAA—From Jct. Broadway in Louisville via Brook St. to a point near Jacob St. (Jefferson Co.).

KY 2823

A—From a point 1,233 feet south of east bound lanes of

I-64 via Hempridge-Graefenburg Road to a point 739 feet N.E. of west bound lanes of I-64 (Shelby Co.).

KY 2824

A—From Jct. Brunerstown Road at north side of I-64 extending west for 0.142 mile to Burk's entrance (Shelby Co.).

KY 2825

A—From Jct. KY 714, 150 feet south of east bound lanes of I-64, to a point 725 feet S.W. of beginning (Shelby Co.).

KY 2826

A—From Jct. KY 1790, 375 feet S.W. of east bound lanes of I-64 to a point 403 feet S.E. of beginning (Shelby Co.).

KY 2827

A—From a point 138.5 feet north of west bound lanes of I-64 via Buzzard Roost Road to a point 491.7 feet south of east bound lanes of I-64 (Shelby Co.).

KY 2828

A—From Jct. Wolfe Run Frontage Road at south side of I-64 via Jephtha Knob Road to a point 580 feet north of west bound lanes of I-64 (Shelby Co.).

KY 2829

A—From a point 779 feet S.W. of east bound lanes of I-64 extending east and parallel to I-64 for 0.379 mile (Shelby Co.).

KY 2830

A—From a point 1,400 feet south of I-64 via Zaring Mill Road to a point 1,400 feet north of I-64 (Shelby Co.).

KY 2831

A—From a point 900 feet south of I-64 via Joyes Station Road to a point 800 feet north of I-64 (Shelby Co.).

KY 2832

A—From a point 500 feet south of I-64 via Conners Station Road to a point 200 feet north of I-64 (Shelby Co.).

KY 2833

A—From a point 0.4 mile S. of Pond Creek via Belknap Beach Road to a point 0.3 mile of Pond Creek (Oldham Co.).

KY 2834

A—From a point 1,100 feet south of I-71 via Glenarm Road to a point 650 feet north of I-71 (Oldham Co.).

KY 2835

A—From a point 0.16 mile N.E. of KY 53 extending N.E. along Grange Drive for 550 feet (Oldham Co.).

KY 2836

A—From a point 0.45 mile N.E. of KY 53 via Crystal Drive along north side of I-71 for 0.293 mile (Oldham Co.).

KY 2837

A—From Jct. KY 146 near north end of I-71 interchange extending S.W. for 3,019 feet (Oldham Co.).

KY 2838

A—From Jct. Glenarm Road at north side of I-71 extending N.E. and parallel to I-71 for 0.243 mile (Oldham Co.).

KY 2839

A—From Jct. KY 329 near north end of I-71 interchange construction extending S.W. 1,359 feet (Oldham Co.).

KY 2840

A—From a point on Haunz Lane, approximately 510 feet south of I-71 extending N.W. and S.W. for 0.189 mile (Oldham Co.).

KY 2841

A—From Jct. Haunz Lane at south side of I-71 extending N.W. under I-71 then S.W. to a point near the Jefferson Co. Line (Oldham Co.).

KY 2842

A—From a point 200 feet west of I-71 via Jones Lane to a point 350 feet east of I-71 (Henry Co.).

KY 2843

A—From Jct. Jones Lane near N.W. side of I-71 extending S.W. and parallel to I-71 for 0.633 mile (Henry Co.).

KY 2844

A—From Jct. Carmon Road near N.W. side of I-71 extending N.E. and parallel to I-71 for 0.148 mile (Henry Co.).

KY 2845

A—From Jct. US 421 near S.E. end of I-71 interchange extending southerly for 0.060 mile (Henry Co.).

KY 2846

A—From Jct. US 421 near N.W. end of I-71 interchange extending southerly for 0.062 mile (Henry Co.).

KY 2847

A—From a point in the I.O.O.F. Cemetery Road at S.E. side of I-71 extending N.E. and parallel to I-71 for 0.426 mile (Henry Co.).

KY 2848

A—From a point 1.4 miles N.E. of KY 153 on Wolfe Pen Branch Road extending N.E. and parallel to I-71 for 0.232 mile (Henry Co.).

KY 2849

A—From a point 1,050 feet south of I-64 via Hanley Lane to a point 700 feet north of I-64 (Franklin Co.).

KY 2850

A—From a point 550 feet south of I-64 via Cardwell Lane to a point 650 feet north of I-64 (Franklin Co.).

KY 2851

A—From Jct. Service Road to Thornhill Garage 515 feet N.E. of Dailey Ave. to a point 880 feet S.E. of beginning (Franklin Co.).

KY 2852

A—From Jct. Hiawatha Trail at Navajo Trail in

Frankfort extending east to Parking Lot at Franklin Co. High School (Franklin Co.).

KY 2855

A—From a point 1,125 feet south of the Blue Grass Parkway via Johnson Road to a point 900 feet north of the Parkway (Anderson Co.).

KY 2856

A—From Jct. KY 1291 via Sea Road to a point 350 feet south of the Blue Grass Parkway (Anderson Co.).

KY 2857

A—From a point 950 feet south of Blue Grass Parkway via Carey Road to Jct. KY 1291

KY 2859

A—From Jct. Johnson Road at north side of Blue Grass Parkway extending west and parallel to the parkway for 0.973 mile (Anderson Co.).

KY 2861

A—From a point on south side of Blue Grass Parkway 0.111 mile S.W. of KY 53 extending N.E. along south side of the Parkway to a point 1.256 miles N.E. of KY 53 (Anderson Co.).

KY 2862

A—From Jct. KY 33 at south side of Blue Grass Parkway extending east and parallel to the Parkway for 0.660 mile (Woodford Co.).

KY 2863

A—From Jct. US 60, 100 feet west of Blue Grass Parkway bridge, extending N.E. and parallel to the west bound ramp of the parkway (Woodford Co.).

KY 2864

A—From Jct. US 60, 2,400 feet east of the Blue Grass Parkway bridge, extending N.W. and parallel to the Parkway west bound ramp (Woodford Co.).

KY 2865

A—From Jct. US 60, 1,600 feet E. of the Blue Grass Parkway bridge extending west and parallel to US 60 for 0.167 mile (Woodford Co.).

KY 2866

A—From Jct. Huntertown Road at north side of Blue Grass Parkway extending east and parallel to the Parkway for 0.130 mile (Woodford Co.).

KY 2867

A—From a point 550 feet S.W. of KY 2926 to a point 800 feet N.E. of KY 2926 (Woodford Co.).

KY 2868

A—From a point 450 feet south of Blue Grass Parkway via Huntertown Road to a point 1,350 feet north of the Parkway (Woodford Co.).

KY 2869

A—From Jct. McCowans Ferry Road at north side of Blue Grass Parkway extending west and parallel to the Parkway for 0.380 mile (Woodford Co.).

KY 2870

A—From Jct. Scotts Ferry Road at south side of Blue

Grass Parkway extending east to Old Scotts Ferry Road (Woodford Co.).

KY 2871

A—From a point 1,453 feet S.W. of the Blue Grass Parkway via Scotts Ferry Road extending N.E. over the Parkway along Scotts Ferry Road for 0.539 mile (Woodford Co.).

KY 2872

A—From a point 0.246 mile west of I-75 via Duncannon Road to a point 0.265 mile east of I-75 (Madison Co.).

KY 2873

A—From Jct. Peggy's Flat Road at west side of I-75 extending north and parallel to I-75 for 0.748 mile (Madison Co.).

KY 2874

A—From Jct. KY 595 at west side of I-75 extending north and parallel to I-75 to Peggy's Flat Road (Madison Co.).

KY 2875

A—From Jct. US 25 at south end of I-75 interchange extending N.W. for 0.136 mile (Madison Co.).

KY 2876

A—From Jct. Simpson Road east of Clays Ferry Interchange extending north for 0.592 mile (Madison Co.).

KY 2877

A—From Jct. Caleast Road at west side of I-75 extending south and parallel to I-75 for 0.806 mile (Madison Co.).

KY 2878

A—From Jct. US 25, 1.52 miles north of KY 1156 extending east under I-75 then north and parallel to I-75 to a point 1.403 miles north of KY 627 (Madison Co.).

KY 2879

A—From Jct. KY 2878 at east side of I-75 extending south and parallel to I-75 for 0.475 mile (Madison Co.).

KY 2880

A—From a point 0.165 mile west of I-75 via Menelaus Road to a point 0.4 mile east of I-75 (Madison Co.).

KY 2881

A—From a point 0.24 mile west of I-75 via Caleast Road to a point 0.27 mile east of I-75 (Madison Co.).

KY 2882

A—From a point on east side of I-75, 0.791 mile S. of Duncannon Road extending north to a point 0.487 mile north of Duncannon Road (Madison Co.).

KY 2883

A—From Jct. Barnes Mill Road at west side of I-75 interchange extending north and parallel to the exit ramp for 0.139 mile (Madison Co.).

KY 2884

A—From on ramp at west side of I-75 interchange south of Clays Ferry to Simpson Road (Madison Co.).

KY 2885

A—From Jct. KY 21 in Berea near west side of I-75 extending north for 0.620 mile (Madison Co.).

KY 2886

A—From Jct. US 25 east of I-75, 0.37 mile north of I-64 and I-75 extending west via Kearney Road to a point 0.451 mile west of beginning (Fayette Co.).

KY 2887

A—From a point on Viley Road, 0.45 mile north of US 60 extending north along east side of KY 4 then under KY 4 to a point 800 feet east of KY 4 (Fayette Co.).

KY 2888

AAA—From Jct. KY 1958 (Van Meter Road) west of Winchester, via Rockwell Road to a point 1.6 miles west of beginning (Clark Co.).

A—From a point 1.6 miles west of KY 1958 to a point 0.48 mile west of KY 859 in Fayette Co.

KY 2889

A—From Jct. US 25, 299 feet north of I-64 extending east for 0.159 mile (Fayette Co.).

KY 2890

A—From Jct. Royster Road near south side of I-64 extending west and parallel to I-64 for 0.189 mile (Fayette Co.).

KY 2891

A—From Jct. Royster Road near north side of I-64 extending east and parallel to I-64 for 0.144 mile (Fayette Co.).

KY 2892

A—From Jct. Hume Road 200 feet S.E. of I-64 extending east and parallel to I-64 for 0.265 mile (Fayette Co.).

KY 2893

A—From a point 1,800 feet S.E. of I-64 via Hume Road to a point 1,500 feet N.W. of I-64 (Fayette Co.).

KY 2894

AAA—From Jct. US 25, 372 feet south of Grimes Mill Road, extending west to Scales at Rock Quarry (Fayette Co.).

KY 2895

A—From a point 550 feet west of I-75 via Athens-Walnut Hill Road to a point 850 feet E. of I-75 (Fayette Co.).

KY 2896

A—From Jct. US 25, 2.0 miles south of Scott County Line extending south and parallel to I-75 for 0.173 mile (Fayette Co.).

KY 2897

A—From Jct. Iron Works Pike at east side of I-75 extending north for 0.489 mile (Fayette Co.).

KY 2898

A—From Jct. Rock Quarry Road 1,500 feet south of Grimes Mill Road to Jct. KY 2328, 550 feet south of I-75 (Fayette Co.).

KY 2899

A—From Jct. US 25 near Cleveland Road extending north and parallel to I-75 for 0.650 mile (Fayette Co.).

KY 2900

A—From Jct. KY 418 at east side of I-75 interchange extending north and parallel to I-75 for 0.341 mile (Fayette Co.).

KY 2901

AA—From Jct. US 25, 2.0 miles S. of Scott-Fayette Co. Line, via Berea Road to a point 0.18 mile N.E. of US 25.

KY 2902

AA—From a point 100 feet south of Cooper Drive in Lexington to a point 1,000 feet north of Cooper Drive.

KY 2903

A—From Jct. Todd Road at east side of I-75 extending north and parallel to I-75 for 0.217 mile (Fayette Co.).

KY 2904

AAA—From Jct. KY 1681 (Old Frankfort Pike) near east side of KY 4 interchange at Lexington, via Duncan Road to Jct. Westland Drive.

KY 2905

AAA—From Jct. KY 1681 (Old Frankfort Pike) near west side of KY 4 Interchange at Lexington extending northeast 0.24 mile.

KY 2906

A—From Jct. US 460 at S.E. ramp for I-75 extending N.E. to Old Oxford Road (Scott Co.).

KY 2907

A—From Jct. US 25, 310 feet south of Big Eagle Creek Bridge, extending N.W. under I-75 and south parallel to I-75 for 1.216 miles (Scott Co.).

KY 2908

A—From a point on west side of I-75, 721 feet south of Pokeberry Road, to a point 1,139 feet north of Pokeberry Road (Scott Co.).

KY 2909

A—From Jct. Lisle Road at N.W. side of I-75 extending S.E. under I-75 for 386.5 feet to entrance to Walnut Hall Farm (Scott Co.).

KY 2910

A—From Jct. US 25 near east side of I-75 extending south and parallel to I-75 for 825 feet (Scott Co.).

KY 2911

A—From Jct. US 25 at west side of I-75 extending north and parallel to I-75 for 0.648 mile (Scott Co.).

KY 2912

A—From a point 0.92 mile west of US 25 extending east via Pokeberry Road to a point 0.475 mile west of US 25 (Scott Co.).

KY 2913

A—From Jct. Pokeberry Road at east side of I-75 extending N.W. for 0.124 mile (Scott Co.).

KY 2914

A—From a point 775 feet west of I-75 via Rock Quarry Road to a point 625 feet east of I-75 (Scott Co.).

KY 2915

A—From a point 1.1 miles west of US 25 extending west under I-75 via Rays Fork Road for 0.388 mile (Scott Co.).

KY 2916

A—From KY 1136, 1,500 feet S. of West Kentucky Parkway, extending N.W. to the south limits of US 31W Bypass (Hardin Co.).

KY 2917

A—From Jct. KY 923 at Grangertown via Louis Road to KY 109 (Union Co.).

KY 2918

A—From Jct. KY 923 at Grangertown via Urton Road to KY 109 (Union Co.).

KY 2922

A—From Jct. County Road, 0.6 mile S.E. of White House via Henrietta to the Lawrence Co. Line (Johnson Co.).

KY 2923

A—From Jct. KY 53, 0.20 mile N. of I-64 to 0.375 mile west (Shelby Co.).

KY 2925

A—From Jct. Van Meter Road at North side of I-64 interchange extending east and parallel to I-64 for 0.872 mile (Clark Co.).

KY 2926

A—From Jct. Scotts Ferry Road at north side of Bluegrass Parkway extending south under the parkway to Jct. KY 2867 (Woodford Co.).

KY 2927

A—From Jct. Quisenberry Road near north side of I-64 extending easterly and parallel to I-64 for 0.313 mile (Montgomery Co.).

KY 2928

A—From Jct. US 60 at north side of I-64 extending S.W. and parallel to I-64 for 0.468 mile (Montgomery Co.).

KY 2929

A—From a point in Young Lane at south side of I-64, 0.67 mile N.W. of US 460 extending east and parallel to I-64 for 0.210 mile (Montgomery Co.).

KY 2930

A—From Jct. Grassy Lick Road at north side of I-64 extending east for 0.192 mile (Montgomery Co.).

KY 2931

A—From a point on north side of I-64, 0.395 mile west of Grassy-Pruitt Road extending east and parallel to I-64 to a point 0.467 mile E. of Grassy-Pruitt Road (Montgomery Co.).

KY 2932

A—From a point 250 feet south of I-64 via Quisenberry Road to a point 950 feet north of I-64 (Montgomery Co.).

KY 2933

A—From Jct. US 60 near north side of I-64 interchange extending east and south for 0.032 mile (Carter Co.).

KY 2934

A—From Jct. US 60 near north side of I-64 interchange extending west and south for 0.028 mile (Carter Co.).

KY 2935

A—From Jct. Old US 60 at Carter-Boyd Co. Line extending N.W. and parallel to exit ramp of I-64 for 0.282 mile (Boyd Co.).

KY 2936

A—From a point 970.3 feet W. of I-75 south bound lanes via Keefer Road to a point 700 feet E. of I-75 north bound lanes (Grant Co.).

KY 2937

A—From a point 787.14 feet west of I-75 south bound lanes via Heekin Pike to a point 612.86 feet east of I-75 north bound lanes (Grant Co.).

KY 2938

A—From Jct. US 25,800 feet north of KY 36 extending west over I-75 to a point 0.325 mile west of US 25 (Grant Co.).

KY 2939

A—From a point 1,117 feet west of center of bridge over south bound lanes of I-75 via Barnes Pike to a point 881 feet east of center of bridge over north bound lanes of I-75 (Grant Co.).

KY 2940

A—From a point 1,100 feet west of I-75 via Baton Rouge Road to a point 800 feet east of I-75 (Grant Co.).

KY 2941

A—From a point 350 feet east of I-75 via Bannister Pike to a point 870 feet west of I-75 (Grant Co.).

KY 2942

A—From a point 500 feet west of I-75 via Crittenden-Mt. Zion Road to a point 497 feet east of I-75 (Grant Co.).

KY 2943

A—From Jct. KY 36 at west side of I-75 interchange extending south and parallel to I-75 for 0.450 mile (Grant Co.).

KY 2944

A—From a point on west side of I-75, 1.253 miles north of KY 22 to a point on west side of I-75, 0.909 mile south of KY 22 (Grant Co.).

KY 2945

A—From Jct. Sherman-Mt. Zion Road at west side of I-75 extending south and parallel to I-75 to a point on Cason Lane 0.622 mile south of beginning (Grant Co.).

KY 2946

A—From Cason Lane at west side of I-75 extending south and parallel to I-75 for 0.523 mile (Grant Co.).

KY 2947

A—From Jct. Sipple-Mason Road at west side of I-75

extending north and parallel to I-75 for 0.162 mile (Grant Co.).

KY 2948

A—From a point on west side of I-75, 1.570 miles south of Crittenden-Mt. Zion Road to a point on the west side of I-75, 0.767 mile north of Crittenden-Mt. Zion Road (Grant Co.).

KY 2949

A—From a point 1,013.17 feet west of north bound lanes of I-75 via Sipple-Mason Road to a point 686.83 feet east of I-75 north bound lanes (Grant Co.).

KY 2950

A—From a point 1,818.17 feet west of I-75 north bound lanes via Ragtown Service Road and Ragtown Road to 1,596.40 feet east of I-75 north bound lanes (Boone Co.).

KY 2951

A—From a point 500 feet west of I-75 via Chambers Lane to a point 750 feet east of I-75 (Grant Co.).

KY 2952

A—From a point on southwest side of I-75, 1,474 feet S.E. of L & N R.R. Bridge extending N.W. and parallel to I-75 to a point 500 feet N.W. of L & N R.R. Bridge, and from a point 0.335 mile S.E. of KY 14 to a point 0.250 mile S.E. of KY 14 (Boone Co.).

KY 2953

A—From a point 285 feet west of I-75 via Mt. Zion-Union Road to a point 515 feet east of I-75 (Boone Co.).

KY 2954

A—From Jct. KY 14 at west side of I-75 extending west for 0.244 mile to Stephenson Mill Road (Boone Co.).

KY 2955

A—From Jct. LaCresta Drive at west side of I-75, 500 feet south of US 42 extending N.E. for 267.5 feet to property line of L. L. Franks (Boone Co.).

KY 2956

A—From a point on Sunnybrook Road on west side of I-75, 0.82 mile east of Evergreen Drive extending north and parallel to I-75 for 250 feet (Boone Co.).

KY 2957

A—From a point on west side of I-75, 0.466 mile S.E. of KY 18 extending N.E. and parallel to I-75 to a point 0.376 mile N.E. of KY 18 (Boone Co.).

KY 2958

A—From a point on S.W. side of I-75, 0.112 mile S.E. of US 42 extending N.W. and parallel to S.W. ramp for I-75, thence N.E. along N.W. ramp to a point 0.203 mile N.E. of US 42 (Boone Co.).

KY 2959

A—From Jct. US 42 near S.E. ramp of US 42 extending S.E. and S.W. to a point 0.402 mile from beginning (Boone Co.).

KY 2960

A—From Jct. Mt. Zion-Union Road at east side of I-75 extending north and parallel to I-75 for 0.670 mile (Boone Co.).

KY 2961

A—From Jct. Sunset Drive in Highland Acres extending north to 0.227 mile to a point on Crescent Drive (Boone Co.).

KY 2962

A—From Jct. KY 328 at west side of I-75 interchange extending north and parallel to I-75 for 0.758 mile (Boone Co.).

KY 2963

A—From Jct. Mt. Zion-Union Road at west side of I-75 extending south and parallel to I-75 for 0.729 mile (Boone Co.).

KY 2964

A—From a point 100 feet S.W. of KY 14 on Poole Road extending N.E. across KY 14 for 359 feet (Boone Co.).

KY 2965

A—From a point 600 feet south of I-75 via Beechwood Road to a point 400 feet north of I-75 (Kenton Co.).

KY 2966

A—From a point 200 feet south of I-75 via Rivard Drive to a point 200 feet north of I-75 (Kenton Co.).

KY 2967

A—From Jct. Pieck Lane in Ft. Mitchell via Orchard Road to Leslie Ave. (Kenton Co.).

KY 2968

A—From Jct. Beechwood Road north of I-75 extending east and parallel to I-75 to Nordman Lane (Kenton Co.).

KY 2971

A—From Jct. KY 371 at north side of I-75 interchange extending east for 1,210 feet (Kenton Co.).

[KY 2972

A—From a point 1,250 feet S.W. of Terry Road on north side of I-75 in Crescent Springs extending N.E. along Ritchie Ave. for 1,500 feet (Kenton Co.).]

[KY 2973

A—From Jct. Ritchie Road at north side of I-75 in Crescent Springs via Terry Road to High St. (Kenton Co.).]

KY 2974

A—From Jct. Erlanger Road at north side of I-75 extending N.E. to a point 3,980.7 feet N.E. of beginning (Kenton Co.).

KY 2975

A—From Jct. KY 236 south of I-75 in Erlanger via Baker St. to Erlanger Road (Kenton Co.).

KY 2976

A—From Jct. Hartman Road north of I-75 in Erlanger extending S.E. paralleling KY 236 for 418 feet (Kenton Co.).

KY 2977

A—From Jct. Hartman Road, 900 feet N.E. of KY 236 extending south for 688 feet (Kenton Co.).

KY 2978

AA—From Jct. KY 236 north of I-75 extending N.E. via Hartman Road to Erlanger Road (Kenton Co.).

KY 2979

A—From Jct. Orchard Road at south side of I-75 in Fort Mitchell to a point 796.2 feet N.E. of beginning (Kenton Co.).

KY 2980

A—From a point 0.238 mile S.W. of I-75 via Eads Road to a point 0.151 mile N.E. of I-75 (Kenton Co.).

KY 2981

A—From Jct. Hume Road 600 feet N.W. of I-64 extending east and parallel to I-64 for 0.123 mile (Fayette Co.).

KY 2982

A—From a point on Clay Ridge Road near Jct. Morningview Road 485 feet N.W. of center of Phillips Creek Bridge to a point 915 feet S.E. of center of Phillips Creek Bridge, and from another point on Clay Ridge Road near Hissem Road 1,686 feet S.W. of Center of Phillips Creek Bridge to a point 958 feet N.E. of center of Phillips Creek Bridge (Campbell Co.).

KY 2983

KY 2984

A—From a point 0.187 mile W. of I-75 via Bacon Creek Road to a point 0.190 mile E. of I-75 (Whitley Co.).

KY 2985

A—From Jct. KY 836 near east side of I-75 extending S.E. for 0.529 mile to Moonshine Hollow Road (Whitley Co.).

KY 2986

A—From Jct. US 25W, 0.8 mile S. of Emlyn extending west under I-75 to a point 0.258 mile west of beginning (Whitley Co.).

KY 2987

A—From Jct. of US 25W at S.E. end of I-75 interchange near Goldbug extending N.E. for 0.262 mile (Whitley Co.).

KY 2988

A—From Jct. Tennessee Ave. at east side of I-75 in Corbin extending south for 0.056 mile (Whitley Co.).

KY 2989

A—From Jct. Tennessee Ave. at west side of I-75 in Corbin extending N.E. and parallel to I-75 to a point 0.204 mile N.E. of KY 312 (Whitley Co.).

KY 2990

A—From Jct. KY 727 at west side of I-75 extending north and parallel to I-75 for 0.097 mile (Whitley Co.).

KY 2991

A—From Jct. Tidal Wave Road at west side of I-75 extending north for 0.236 mile (Whitley Co.).

KY 2992

A—From Jct. KY 836 near west side of I-75 extending north for 0.159 mile (Whitley Co.).

KY 2993

A—From a point on Lloyd Wilson Road 0.98 mile S.E. of KY 836 at west side of I-75 extending south and parallel to I-75 for 0.075 mile (Whitley Co.).

KY 2994

A—From Jct. Little Cane Creek Road at west side of I-75 extending south and parallel to I-75 for 0.371 mile (Whitley Co.).

KY 2995

A—From Jct. River Road at west side of I-75 extending north and parallel to I-75 for 0.864 mile (Whitley Co.).

KY 2996

A—From Jct. US 25W at west side of I-75 extending north and parallel to I-75 to River Road (Whitley Co.).

KY 2997

A—From Jct. KY 1804 at west side of I-75 extending north and parallel to I-75 for 0.205 mile (Whitley Co.).

KY 2998

A—From Jct. KY 1804 at west side of I-75 extending south and parallel to I-75 for 0.691 mile (Whitley Co.).

KY 2999

A—From a point 662 feet west of I-75 via Sandy Flats Road to a point 388 feet east of I-75 (Whitley Co.).

KY 3000

A—From a point 643 feet west of I-75 via Tidal Wave Road to a point 675 feet east of I-75 (Whitley Co.).

KY 3001

A—From a point 490 feet west of I-75 via Eatontown Road to a point 555 feet east of I-75 (Whitley Co.).

KY 3002

A—From Jct. KY 363 at west side of I-75 extending N.W. for 0.115 mile (Laurel Co.).

KY 3003

A—From Jct. City Dam Road at west side of I-75 extending north and parallel to I-75 for 1.207 miles (Laurel Co.).

KY 3004

A—From a point on east side of I-75, 0.95 mile south of KY 363 extending south and parallel to I-75 for 1.884 miles (Laurel Co.).

KY 3005

A—From a point 0.1 mile S.W. of I-75 via Parker Road to a point 0.1 mile N.E. of I-75 (Laurel Co.).

KY 3006

A—From a point 1,400 feet N.W. of Parker Road on east side of I-75 extending north along I-75 for 0.109 mile (Laurel Co.).

KY 3007

A—From Jct. Parker Road at west side of I-75 extending north along I-75 to a point 0.3 mile N. of Stinking Creek Road (Laurel Co.).

KY 3008

A—From a point on N.E. side of I-75, 0.489 mile S.E. of

US 25 extending N.W. along I-75 to a point 0.190 mile N.W. of I-75 (Laurel Co.).

KY 3009

A—From Jct. KY 2041 on west side of I-75 extending N.W. and parallel to I-75 for 0.348 mile (Laurel Co.).

KY 3010

A—From Jct. US 25 on east side of I-75 extending north along I-75 then easterly for 0.424 mile (Laurel Co.).

KY 3011

A—From Jct. KY 80 at S.E. side of I-75 extending N.W. and parallel to I-75 for 0.290 mile (Laurel Co.).

KY 3012

A—From Jct. KY 192 at west side of I-75 extending N.E. for 0.077 mile (Laurel Co.).

KY 3013

A—From Jct. KY 192 at east side of I-75 extending N.W. for 0.098 mile (Laurel Co.).

KY 3014

A—All State Maintained streets south of KY 66 and KY 1482 in Oneida (Clay Co.).

KY 3015

A—All State Maintained streets south and north of US 421 in Cawood (Harlan Co.).

KY 3016

A—From Jct. Main St. in Hazard, 200 feet N.W. of High St., extending west to east bank of North Fork of Kentucky River (Perry Co.).

KY 3017

A—From Jct. KY 15 at Westbend extending east over Mountain Parkway for 0.199 mile (Powell Co.).

KY 3018

A—From a point 775 feet west of Indian Creek Bridge via North Fork Road to a point 1,625 feet east of Indian Creek Bridge (Powell Co.).

KY 3019

A—From Jct. KY 15 near Wolfe Co. Line via Tunnel Ridge Road to a point 0.223 mile north of beginning (Powell Co.).

KY 3020

A—From a point 900 feet south of Mountain Parkway via Hutton Creek Road to a point 800 feet north of Mountain Parkway (Powell Co.).

KY 3021

A—From a point on north side of Mountain Parkway 1.550 miles west of Manning-Star Gap Road to a point on north side of Mountain Parkway 0.39 mile S.E. of Manning-Star Gap Road (Powell Co.).

KY 3022

A—From Jct. KY 15 at east side of Mountain Parkway interchange extending N.W. and parallel to the Mountain Parkway for 1.626 miles (Powell Co.).

KY 3023

A—From Jct. KY 15 at Rosslyn at south side of Mountain Parkway extending west and parallel to the Mountain Parkway to Pecks Creek Road (Powell Co.).

KY 3024

A—From Jct. KY 15, 1.6 miles east of Bowen extending N.W. under the Mountain Parkway to Frontage Road No. 1 (Powell Co.).

KY 3025

A—From KY 3024, 140 feet N.W. of KY 15 extending west and parallel to the Mountain Parkway for 0.654 mile (Powell Co.).

KY 3026

A—From Jct. KY 613 at Bowen at south side of Mountain Parkway extending S.W. and parallel to the Parkway for 1.222 miles (Powell Co.).

KY 3027

A—From Jct. KY 1184 at south side of Mountain Parkway extending east and parallel to the Parkway for 0.861 mile (Powell Co.).

KY 3028

A—From Jct. KY 213 at south side of Mountain Parkway extending east and parallel to the Parkway for 0.697 mile (Powell Co.).

KY 3029

A—From a point on north side of Mountain Parkway 0.38 mile east of Hatton Creek Road extending east along north side of the Parkway for 0.123 mile (Powell Co.).

KY 3030

A—From a point on N.E. side of Mountain Parkway 3,777 feet N.W. of KY 1057 extending N.W. and parallel to the Parkway for 0.698 mile (Powell Co.).

KY 3031

A—From a point on S.W. side of Mountain Parkway 3,507 feet N.W. of KY 1057 extending N.W. and parallel to the Parkway for 0.681 mile (Powell Co.).

KY 3032

A—From Jct. Westbend Road at north side of Mountain Parkway extending N.W. and parallel to the Parkway for 1.221 miles (Powell Co.).

KY 3033

A—From Jct. KY 1812 at north side of Mountain Parkway extending east along the Parkway via Landsaw-Johnson Fork Road for 0.128 mile, thence excluding 0.597 mile on the non-maintained section, thence east for 0.265 mile, thence excluding 0.29 mile on another non-maintained section, thence east for another 0.719 mile (Wolfe Co.).

KY 3034

A—From a point 250 feet S.E. of Mountain Parkway via Leslie Hollow Road to a point 152 feet N.W. of Mountain Parkway (Wolfe Co.).

KY 3035

A—From Jct. KY 1010 at north side of Mountain

Parkway extending west for 0.101 mile (Wolfe Co.).

KY 3036

A—From a point 300 feet west of Mountain Parkway via Baptist Creek Road to a point 400 feet east of the Parkway (Wolfe Co.).

KY 3037

A—From Jct. Baptist Creek Road at south side of Mountain Parkway extending west and parallel to the Parkway for 0.584 mile (Wolfe Co.).

KY 3038

A—From Jct. KY 715 at north side of Mountain Parkway extending S.E. to a point 0.187 mile from beginning (Wolfe Co.).

KY 3039

A—From Jct. Quillan Chapel Road at north side of Mountain Parkway to a point 0.839 mile east of beginning (Wolfe Co.).

KY 3040

AAA—From Jct. KY 15 at south side of Pine Ridge interchange extending east for 0.506 mile (Wolfe Co.).

KY 3041

A—From Jct. KY 15 at N.E. side of Pine Ridge interchange extending N.W. along the Parkway for 0.501 mile (Wolfe Co.).

KY 3042

A—From Jct. KY 15 on S.W. side of Mountain Parkway 0.42 mile S.E. of Powell County Line extending S.E. for 0.477 mile (Wolfe Co.).

KY 3043

A—From a point 500 feet north of Mountain Parkway via Quillens Chapel Road to a point 1,137 feet S.E. of the Parkway, thence excluding a 0.25 mile non-state section; thence S.E. for an additional 0.198 mile; thence from a point 289 feet N.W. of KY 15 Spur extending S.E. to KY 15 Spur (Wolfe Co.).

KY 3044

A—From a point 450 feet south of the Mountain Parkway via Wheel Rim Fork Road to Jct. KY 134 north of the Parkway (Morgan Co.).

KY 3045

A—From Jct. KY 191, 0.37 mile West of KY 134 extending south under the Mountain Parkway thence S.W. along the Parkway for 0.498 mile (Morgan Co.).

KY 3046

A—From a point 437 feet south of Mountain Parkway via Cow Creek Road to a point 2,063 feet north of Mountain Parkway (Magoffin Co.).

KY 3047

A—From a point 550 feet south of Mountain Parkway via Cutuno Road to Jct. KY 134 at north side of the Parkway (Magoffin Co.).

KY 3048

A—From Jct. Mountain Parkway at KY 114 extending

south then west along the Parkway for 0.233 mile (Magoffin Co.).

KY 3049

A—From a point 500 feet south of Mountain Parkway via Long Branch Road to Jct. KY 134 at north side of the Parkway (Magoffin Co.).

KY 3050

A—From a point 535 feet south of Mountain Parkway via Right Fork Road to a point 865 feet north of Mountain Parkway at Gullett (Magoffin Co.).

KY 3051

A—From Jct. US 23 at Auxier to a point 0.212 mile north of beginning (Floyd Co.).

KY 3052

A—From Jct. KY 1751 near the NCL of Madisonville to the east property line of Madisonville Community College (Hopkins Co.).

KY 3053

A—From Jct. KY 591 in Adairville via Church St. and Park St. to US 431 (Logan Co.).

KY 3054

A—From Jct. KY 1954, via Lane Road to Highway Maintenance Garage (McCracken Co.).

KY 3055

A—From Jct. US 25 at west side of I-75 extending westerly to White Hall State Shrine Entrance (Madison Co.).

KY 3056

A—From Jct. US 431 in Central City via Harrison and Welborn Sts. to US 62 (Muhlenburg Co.).

KY 3057

A—From a point 591.92 feet south of KY 2950 via Ragtown Road north to KY 2950, 261.68 feet west of I-75 north bound lanes (Grant Co.).

KY 3058

A—From Jct. west leg of Wye at KY 80 in Columbus via Hoover Parkway to KY 80 (Hickman Co.).

KY 3059

A—From a point 1,000 feet N.W. of Western Kentucky Parkway via Wells Road to a point 2,093 feet S.E. of Western Kentucky Parkway (Hopkins Co.).

KY 3060

A—From a point 1.72 miles N.E. of KY 849 via Old Paducah Road to a point 900 feet N.E. of beginning, and from another point 1,800 feet N.E. of end of first section extending 600 feet N.E. of beginning, and from another point 5,250 feet from end of second section extending N.E. for 350 feet to Jct. KY 994 (Graves Co.).

KY 3061

A—From Jct. KY 307 at Nichols to Jct. of Nichols-Watts Road (Hickman Co.).

KY 3062

AAA—From Jct. 39th St. in Louisville via Northwestern Parkway to Jct. 37th St.

KY 3063

A—From Jct. 21st St. in Louisville via Dumesnil St. to Jct. 18th St.

KY 3064

A—From Jct. Main St. in Louisville via 15th St., Portland Ave. to 22nd St.

KY 3065

A—From Jct. US 31W south bound at 22nd St. in Louisville via Oak St. to 18th St.

KY 3066

A—From I-65 entrance ramp at Liberty St. in Louisville via 1st St. to I-65 entrance ramp at Jacob St.

Department of Library and Archives
As Amended

725 KAR 1:010. Records officers; duties.

RELATES TO: KRS Chapter 171
 PURSUANT TO: KRS 171.450
 EFFECTIVE: July 7, 1976

NECESSITY AND FUNCTION: KRS 171.450 requires the department to prescribe regulations governing the procedures for disposal of public records, and for the transfer of public records to the State Archives and Records Center. This proposed regulation is to assure uniformity and continuity in these procedures.

Section 1. Each constitutional, statutory, and executive authority of state and local government shall designate a member of the staff as records officer, whose duty shall be to represent his unit of government in its relations with the Division of Archives and Records.

Section 2. Duties and responsibilities of each records officer are as follows: (1) He shall assist the Division of Archives and Records in inventorying, analyzing, and scheduling disposition of records of his unit of government, or in any manner, as approved by the agency head as may tend to establish an efficient system of records management.

(2) He shall keep a record of the destruction of public records, noting the authorization for said destruction and the amount of records destroyed. He shall make an annual report of this record to a designated superior and to the Director of the Division of Archives and Records.

Section 3. No original documents may be destroyed by any political unit of state or local government after being microfilmed or otherwise duplicated without written approval of the *Department of Library and Archives* [State Archives and Records Commission].

CHARLES F. HINDS, State Librarian

ADOPTED: June 3, 1976

APPROVED: WENDELL P. BUTLER, Secretary

EDUCATION AND ARTS CABINET
Department of Library and Archives
As Amended

725 KAR 1:020. Reproduction of public records.

RELATES TO: KRS 171.450(1)(c), 171.600, 171.670
 PURSUANT TO: KRS 171.450, 171.660, 171.670
 EFFECTIVE: July 7, 1976

NECESSITY AND FUNCTION: KRS 171.450(1)(c) requires the department to establish standards for the reproduction of public records by photographic or microphotographic process.

Section 1. Due to the rapid changes being brought about in technology, the State Archives and Records Commission does not approve or disapprove of one method of recording by photographic or microphotographic process

over another. In order to safeguard the present and future interests of the people of the Commonwealth, all agencies of state and local governments should obtain advice from the Division of Archives and Records prior to changing their methods of recording.

Section 2. Recording may be done on paper, photostats, electrostatic, thermographic or on film in accordance with KRS 171.660.

Section 3. If the recording is done on paper, it must be done on thirty-two (32) weight, 100 percent linen paper or its equivalent in accordance with specifications established by the National Bureau of Standards.

Section 4. If done on photostats, electrostatic or thermographic methods, it must be done on thirty-two (32) weight stock of proven permanency.

Section 5. If the recording is done on microfilm, miniprint, microprint, microcard, microfiche or some other type of microform, the following safeguards must be observed to obtain approval of the *Department of Library and Archives*: [State Archives and Records Commission:]

(1) A security copy (negative or positive in 16mm or 35mm) roll form must be provided the Division of Archives and Records for security storage. This film shall be provided at no cost.

(2) Filming in a series should not be continued after the first roll until a test of the film has been completed. The State Archives and Records Division shall be the principal microfilm advisory authority.

(3) The security and use copies of microfilm should be tested for resolution, density, and hypo-residue. The security film shall be physically inspected every five (5) years for mold, spots, or other evidences of deterioration.

(4) The security copy shall not be used or handled in any way to cause the film to be scratched or damaged.

(5) The Division of Archives and Records shall be responsible, where necessary, for supervising appropriate tests of microfilm, which shall follow the standards of the United States Government Bureau of Testing and National Microfilm Association.

Section 6. No original records may be destroyed by any state or local agency after being microfilmed or otherwise duplicated without written approval of the *Department of Library and Archives*. [State Archives and Records Commission.]

Section 7. The *Department of Library and Archives* [State Archives and Records Commission] shall be the final authority in the executive branch of government for the disposition of all public records in Kentucky -- (state, county, and city) but shall not make any decisions without consultation with the agencies involved who shall participate in the decision making.

725 KAR 1:030. Disposal or destruction of public records; procedure.

RELATES TO: KRS Chapter 171

PURSUANT TO: KRS 171.450

EFFECTIVE: July 7, 1976

NECESSITY AND FUNCTION: KRS 171.450 requires the department to establish procedures for the compilation and submission to the department of lists and schedules for the disposal or destruction of public records authorized for disposal or destruction.

Section 1. Each constitutional, statutory, and executive authority of state and local government shall dispose of records as outlined in "State Records Retention and Disposal Schedules," a system developed by the Division of Archives and Records, unless otherwise provided for in this regulation.

Section 2. Authorization for the destruction of public records may be given in two (2) ways. It may be as listed in the unit State Records Retention and Disposal Schedule or it may be requested in writing by the Agency for a specific

request of an emergency nature. Authorization may also be given for the disposal of records for agencies pending completion of Records Retention and Disposal Schedules for their unit. Requests for the disposal or destruction of records must be submitted in writing by the Agency Head to the Director, Division of Archives and Records, who will submit the request to the State Librarian [Archives and Records Commission for approval]. No public record may be destroyed or disposed of without the final signature of approval of the State Librarian, Chairman of the State Archives and Records Commission. The State Librarian may designate the Director, Division of Archives and Records to approve disposal requests provided they are presented at the next commission meeting.

Section 3. No public record may be transferred from a state or local unit of government to another state or local unit of government or to a non-public agency unless provided for in the Kentucky Revised Statutes or unless the removal is approved by the State Librarian, who is also the Director of the Department of Library and Archives.

Emergency Regulations

JULIAN M. CARROLL, GOVERNOR

Executive Order 76-604

June 24, 1976

EMERGENCY REGULATION
Kentucky Retirement Systems

WHEREAS, the Commonwealth of Kentucky and its employees have a substantial investment in the Kentucky Retirement Systems; and

WHEREAS, the Kentucky Retirement Systems cannot properly be administered without accurate actuarial assumptions and tables; and

WHEREAS, the Kentucky Retirement Systems have determined and found that an emergency exists and that there is an immediate necessity to establish accurate actuarial assumptions and tables; and

WHEREAS, the General Manager of the Kentucky Retirement Systems, in conjunction with the Secretary of the Cabinet, pursuant to KRS 16.645(3), KRS 61.670, and KRS 78.545(23), has promulgated the Regulation hereinabove referenced:

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by the authority vested in me by Section 13.085(2) of the Kentucky Revised Statutes, hereby acknowledge the finding of the Kentucky Retirement Systems that an emergency exists and direct that the attached Regulation

become effective immediately upon being filed in the Office of the Legislative Research Commission.

JULIAN M. CARROLL, Governor

DREXELL R. DAVIS, Secretary of State

SECRETARY OF THE CABINET
Department of Personnel
(Proposed Amendment)

101 KAR 1:050E. Compensation plan.

RELATES TO: KRS 18.170, 18.190, 18.210, 18.240

PURSUANT TO: KRS 13.082, 18.170, 18.210

EFFECTIVE: July 1, 1976

EXPIRES: October 29, 1976

NECESSITY AND FUNCTION: KRS 18.210 requires the Commissioner of Personnel to prepare and submit to the board rules which provide for a pay plan for all employees in the classified service, taking into account such factors as the relative level of duties and responsibilities of various classes, rates paid for comparable positions elsewhere, and the state's financial resources. This rule is to assure uniformity and equity in administration of the pay plan in accordance with statutory requirements.

Section 1. Preparation, Approval, and Amendment of

the Plan. After consultation with appointing authorities and the Commissioner of the Executive Department for Finance and Administration, the commissioner shall prepare and recommend to the board a compensation plan for all classes of position. The board shall present the plan, through the Commissioner of the Executive Department for Finance and Administration, to the Governor for his approval. The plan shall provide salary ranges for the various classes, with the salaries consistent with the functions outlined in the classification plan. Such salary ranges shall include minimum, intervening, maximum, and longevity rates of pay for each class. Each class of position in the classification plan shall be assigned to a salary range in the compensation plan.

Section 2. Entrance Salary. Initial appointments to state service shall be made at the minimum of the pay range for the class unless:

(1) The commissioner determines that it is not possible to recruit qualified employees at the established entrance salary in a specific area, in which case, he may, at the request of the appointing authority, authorize the recruitment for a class of position at a higher step of the range, provided that all other employees in the same class of position in the same agency in the same locality are adjusted in salary to the same step.

(2) [(a)] The commissioner authorizes the appointment of a qualified applicant at the second or third step of the range, provided that any such exception is based on the outstanding and unusual character of the employee's experience, education and ability over and above the minimum qualifications specified for the class, provided that all other employees possessing similar qualifications in the same class of position in the same agency in the same locality are adjusted in salary to the same step.

[(b) An agency head signs the personnel action form appointing a college graduate applicant, who is not appointed under 101 KAR 1:050, Section 2 (2)(a) and who has an undergraduate average of 3.25 on a four (4) point scale, or equivalent, or better, and has submitted an official college transcript to the Department of Personnel before the effective date of his appointment.]

Section 3. Re-Entrance to State Service. Appointing authorities, with the approval of the commissioner, may place re-employed, reinstated and probationarily appointed former employees at a salary determined by one (1) of the following methods:

(1) The same class:

(a) Request the same salary that was paid at the time of separation if such salary is within the current salary range;

(b) Request a salary relative to that which was paid employee at time of separation (original salary plus increases resulting from a change of salary range) if such salary is within the current salary range;

(c) Request a lower salary within the current salary range which falls in one (1) of the steps within the salary range;

(d) Request a salary in accordance with the standards used for making new appointments.

(2) A higher class:

(a) Request the same salary that was paid at the time

of separation if such salary is within the higher salary range;

(b) Request a salary relative to that which was paid the employee at time of separation (original salary plus increases resulting from a change of salary range) if such salary is within the higher salary range;

(c) Request a salary in accordance with the standards used for making new appointments.

(3) A lower class:

(a) Request the same salary that was paid at the time of separation if such salary is within the lower salary range;

(b) Request a salary relative to that which was paid the employee at the time of separation (original salary plus increases resulting from the change of salary range) if such salary is within the lower salary range;

(c) Request a salary in accordance with the standards used for making new appointments.

Section 4. Salary Adjustments. (1) Change in Salary Range. Whenever a new or different salary range is made applicable to a class of position, persons employed in positions of that class at the effective date of the adjustment shall have their salary placed at least at the minimum salary step of the new range. An adjustment may be made to the salary step of the new range corresponding to that step which an employee held under the range formerly applicable to his class of position. In fixing salaries on an adjustment, an appointing authority shall afford equitable treatment to all employees affected by the adjustment. Salary adjustments resulting from different salary ranges being made applicable to a class of position shall not affect an employee's normal anniversary increment date.

(2) An employee who is promoted may have his salary raised to the lowest step of the salary range for the class of his new position which will provide an increase over the salary received prior to promotion. If the promotion is to a classification which constitutes an unusual increase in the level of responsibility, the appointing authority, with the prior written approval of the commissioner, may grant a two (2) or three (3) step salary increase over the employee's previous salary, provided the proposed salary is within the salary range for the position.

(3) An employee who is demoted shall have his salary reduced to at least the maximum rate of the new class; however, if an employee whose performance is satisfactory is demoted through no fault of his own as a result of the reallocation of his position to a lower class and his salary is above the maximum, he may retain the salary he received before the reallocation, but he shall not receive salary advancements so long as he remains in a position with a maximum rate no higher than this salary.

(4) Transfer. An employee who is transferred to the same class of position shall be paid the same salary that he received prior to transfer.

(5) Reclassification. An employee who is advanced to a higher pay grade through a reclassification of his position shall have his salary raised to the lowest step of the salary range for the class which will provide an increase over the salary received prior to the advancement.

(6) Reallocation. An employee who is advanced to a higher pay grade through a reallocation of his position

shall have his salary raised to the lowest step of the salary range for the class which will provide an increase over the salary received prior to the advancement.

(7) Detail to special duty. An employee who is approved for detail to special duty as provided by 101 KAR 1:110, Section 4, may have his salary raised to the lowest step of the salary range for the class of the new position which will provide an increase over the salary received prior to the detailed assignment. *Annual increments will not be permitted while an employee is on detail to special duty.*

(8) Salary reduction. Employees who are transferred back to their old class, after completion of a detail assignment or unsatisfactory probationary period following a promotion, shall have their salary reduced to the salary rate received prior to the detail assignment or promotion. *An employee who reverts back to his old class after a detail to special duty is entitled to all salary advancements he would have received had he not been on detail to special duty.*

Section 5. Salary Advancements. (1) *Annual increments* [All salary advancements] shall be based upon [quality and quantity of work giving due consideration to] length of service, and shall correspond with the steps of the approved salary range, and shall, in the classified service, be limited to employees having status.

(2) Employees shall be eligible and may be given consideration by the appointing authority for a one (1) step salary advancement at the beginning of any month following the successful completion of the probationary period. An employee may not be given salary advancement more than once for successful completion of a probationary period in the same classification. Thereafter, an employee shall be [eligible and] given [consideration by the appointing authority for] a one (1) step salary advancement at the beginning of the [any] month following completion of twelve (12) months continuous [satisfactory] service since last receiving an *annual or probationary increment* [increase in salary]. The service may be [temporary,] provisional [,] or probationary. *A reinstated, re-employed, or probationarily appointed former employee who is required to serve a probationary period shall not be eligible for a probationary period salary advancement at the end of that probationary period, except when appointed to a higher classification.*

(3) Any permanent full-time employee who has served continuously for one (1) year immediately preceding the recommendation and who has not received an outstanding merit advancement *within twelve (12)* [twenty-four (24)] months, [and who has not received more than one (1) outstanding merit advancement in his present grade,] is eligible for a one (1) step outstanding merit advancement in his present grade in addition to any other salary advancements to which he might be entitled if:

(a) His acts or ideas have resulted in significant financial savings to the Commonwealth, or to a significant improvement in service to its citizens; or,

(b) His job performance is outstanding. The appointing agency must submit written justification to the commission and the personnel action form must be approved by the agency head and the commissioner to be effective. In a fiscal year, an agency with sufficient budgeted funds may grant as many outstanding merit salary advancements as *thirty (30)* [ten (10)] percent of the number of its employees at the close of the prior fiscal year.

(4) Subject to the approval of the commissioner, any

permanent, full-time employee who, after his probationary period, satisfactorily completes 260 classroom hours of job-related instruction, is eligible for an educational achievement one (1) step salary advancement.

(5) New increment anniversary dates will be established when:

(a) An employee first enters on duty. Increment anniversary date will be the first of the month if the employee enters on duty the first work day of the month. For employees entering on duty after the first work day of the month, the anniversary date shall be the first day of the following month;

(b) An employee receives an increase in salary as a result of a promotion;

(c) An employee going on leave without pay, shall result in a postponement of employee's receiving an increment one (1) full month for each full or partial month he is on leave.

(6) Increment anniversary dates will not change when:

(a) An employee's position class receives a new or different salary range;

(b) An employee receives a salary adjustment as a result of his position being reallocated or reclassified;

(c) An employee is transferred from one department to another in the same salary grade and at the same rate of pay;

(d) An employee receives a demotion to a position of a lower class or his position receives a lower classification;

(e) An employee is approved for detail to special duty as provided by 101 KAR 1:110, Section 4[.]. *The increment anniversary date will remain the same for the last position in which the employee had status;*

(f) An employee receives an outstanding merit salary advancement under 101 KAR 1:050, Section 5(3), or an educational achievement salary advancement under 101 KAR 1:050, Section 5(4);

(g) An employee receives an adjusted increment based on the fact that the employee had not received the maximum number of salary advancements permitted.

(7) An employee who has not received the maximum number of salary advancements permitted by the time limits set forth may be given additional salary advancements at the beginning of any month provided his salary is not advanced to a step of the salary range higher than he would have reached had he received all salary advancements permitted;

(8) No employee shall have his salary advanced to a point above the maximum of the salary range applicable to the class of his position except as provided by 101 KAR 1:050, Section 5(3), (4), and 101 KAR 1:050, Section 6.

Section 6. Longevity Increases. (1) All salary advancements with the longevity plan shall be based upon [quality and quantity of work, giving due consideration to] length of service, and shall correspond with the steps of the approved salary range, and shall, in the classified service, be limited to employees having status.

(2) An employee shall be eligible and *advanced* [considered for advancement] to the first longevity step after completion of twelve (12) months [of satisfactory] service at the salary rate preceding the first longevity step and seven (7) years of total state service.

(3) An employee shall be eligible and *advanced* [considered for advancement] to the second longevity step after completion of twelve (12) months [of satisfactory] service at the salary rate preceding the second longevity step and nine (9) years of total state service.

(4) An employee shall be eligible and *advanced* [considered for advancement] to the third longevity step after completion of twelve (12) months [of satisfactory] service at the salary rate preceding the third longevity step and eleven (11) years of total state service.

(5) Requirements as to total service. [Service requirements for advancement to the longevity steps require satisfactory service.] The service does not have to be continuous. Absences of leave without pay, except approved educational leave, in excess of thirty (30) working days shall be deducted in computing total service. Re-employed persons who have been dismissed for cause from state service shall not receive credit for service prior to the dismissal. *In computing years of total service for the purpose of determining longevity eligibility only those months for which an employee earned annual leave shall be used.*

(6) The longevity steps may be used for promotions, demotions, and changes in pay grade, provided the employee possesses the total service required for advancement to the longevity step.

Section 7. Paid Overtime. Overtime for which pay is authorized shall have the approval of the Commissioner of Personnel and the Commissioner of the Executive Department for Finance and Administration.

Section 8. Maintenance and Maintenance Allowance. In each case where an employee or the employee and his family are provided with full or part maintenance, consisting of one (1) or more meals per day lodging or living quarters, and domestic or other personal services, such compensation in kind shall be treated as part payment and its value shall be deducted from the appropriate salary rate in accordance with the schedule promulgated by the commissioner after consultation with appointing authorities and the Commissioner of the Executive Department for Finance and Administration.

Section 9. Supplemental Shift Premium. Upon request of the appointing authority, the commissioner may authorize the payment of a supplemental shift premium for those employees directed to work an evening or night shift. However, no employee shall receive a supplemental shift premium subsequent to a transfer to a position that is ineligible for a shift differential premium payment. The employee's loss of shift differential pay shall not be a basis for an appeal to the Personnel Board.

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by the authority vested in me by Section 13.085(2) of the Kentucky Revised Statutes, hereby acknowledge the finding of the Kentucky Retirement Systems that an emergency exists and direct that the attached Regulation become effective immediately upon being filed in the Office of the Legislative Research Commission.

JULIAN M. CARROLL, Governor
DREXELL R. DAVIS, Secretary of State

SECRETARY OF CABINET
Kentucky Retirement Systems

105 KAR 1:040E. Actuarial assumptions and tables.

RELATES TO: KRS 16.505 to 16.652, 61.510 to 61.692, 78.510 to 78.852

PURSUANT TO: KRS 13.082, 61.670, 16.640, 61.645, 78.780

EFFECTIVE: June 30, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: KRS 16.645(3), 61.670 and 78.545(23) requires the Board to adopt actuarial tables for the administration of the County Employees Retirement System (CERS), Kentucky Employees Retirement System (KERS) and State Police Retirement System (SPRS) and for the annual determination of assets and liabilities of the systems. This regulation includes the actuarial assumptions adopted by the Board and these assumptions establish the basis for all actuarial tables used in the administration of the three (3) retirement systems.

Section 1. The following actuarial assumptions are adopted by the Board of Trustees of the Kentucky Retirement Systems as required under KRS 61.670 and shall be used to determine actuarial tables as are necessary for the administration of the Kentucky Employees Retirement System as provided by KRS 61.510 to 61.692, the County Employees Retirement System under KRS 78.510 to 78.852 and the State Police Retirement System under KRS 16.505 to 16.652. These assumptions shall also be used for the annual actuarial valuation for determination

of assets and liabilities of these retirement systems.

(1) Kentucky Employees Retirement System and County Employees Retirement System non-hazardous position members actuarial assumptions:

Interest: Six percent (6%).

Valuation of Investments: Book value except the unrealized appreciation of investments is capitalized but only to the extent required to result in a total yield of 6% for the year from investment income and capitalized appreciation.

Mortality: Pre-retirement—1951 Group Annuity Mortality Table Projected by Scale C to 1960, without age adjustment for males, but set back one year for females. Post-retirement—Same as pre-retirement. Mortality of members receiving disability allowances—1965 Disabled Annuity Mortality Table of Railroad Retirement Board.

Turnover: Select and Ultimate Table as follows:

Age	Years of Service	Terminations per 1,000
All Ages	0 to 1	350
All Ages	1 to 2	200
All Ages	2 to 3	175
All Ages	3 to 4	125
All Ages	4 to 5	100

5 OR MORE YEARS OF SERVICE

EMERGENCY REGULATION

Executive Department for
Finance and Administration

WHEREAS, House Bill No. 138 of the 1976 General Assembly entitled "AN ACT relating to public records," provides that the public records of the public agencies of this state, except as otherwise provided by the Act, shall be open for inspection by any person during regular office hours, and requires all public agencies to adopt rules and regulations in conformity with the provisions of the Act to implement its remedial purpose and intent; and,

WHEREAS, Section 4 of House Bill No. 138 provides that the Executive Department for Finance and Administration may promulgate uniform rules and regulations for such purpose for state administrative agencies; and,

WHEREAS, the Secretary of the Executive Department for Finance and Administration has, pursuant to the authorization contained in Section 4 of House Bill No. 138 aforesaid, has promulgated a uniform regulation to be followed by state administrative agencies and by persons applying to inspect such records, and has found in relation thereto that an emergency exists and that said uniform regulation should, in the public interest, be placed immediately in effect upon filing with the Legislative Research Commission.

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by virtue of the authority vested in me by KRS 13.085(2), do hereby acknowledge the finding of emergency by the Secretary of the Executive Department for Finance and Administration with respect to the filing of the uniform regulation of the Executive Department for Finance and Administration establishing the general rules to be followed by all state administrative agencies in affording public access to their records and by persons applying to inspect such records, and direct that said regulation shall be effective upon filing with the Legislative Research Commission as provided in Chapter 13 of the Kentucky Revised Statutes.

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION

200 KAR 1:020E. Access to public records.

RELATES TO: KRS Chapter 61

PURSUANT TO: KRS 61.876(3)

EFFECTIVE: June 21, 1976

EXPIRES: October 19, 1976

NECESSITY AND FUNCTION: The Executive Department for Finance and Administration is authorized by KRS 61.876(3) to promulgate uniform rules governing public access to public records maintained by administrative agencies of the state government. This regulation establishes the general rules to be followed by all state administrative agencies in affording public access to their records and by persons applying to inspect such records.

Section 1. General: Consistent with the provisions of

KRS 61.870 to 61.884, the public records of all administrative agencies of the Kentucky State Government, except as provided in Section 4 hereof, shall be open for inspection by any person in accordance with the procedures established by this regulation.

Section 2. Definitions: The following terms shall have the meaning assigned herein:

(1) "State administrative agency" means every program cabinet, department and administrative body of the Kentucky State Government as defined by KRS 12.010, headed by, or whose membership is composed of, persons appointed by the Governor, and their component organizational subdivisions.

(2) "Public record" means all books, papers, maps, photographs, cards, tapes, discs, records or other documentary materials prepared, owned, used, in the possession of or retained by a state administrative agency, but does not include any records owned by a private person or corporation in the possession of a state administrative agency or an officer or employee thereof, and not related to any function, activity, program or operation funded by the state.

(3) "Official custodian" means the chief administrative officer of a state administrative agency who by virtue of his position, is responsible for the maintenance, care and keeping of all the public records of his agency, or if so designated in writing by the chief administrative officer of a state administrative agency, the head of each office, bureau, division or other organizational subdivision within a state administrative agency, who is responsible for the maintenance, care and keeping of all the public records of his organizational unit.

(4) "Custodian" means any officer or employee of a state administrative agency having public records in his personal custody and control.

Section 3. (1) Any person may, on written application to the official custodian describing the records, inspect and make abstracts and memoranda of the contents of any of the public records, except those listed in Section 4, of all state administrative agencies. Copies of any written material shall be furnished, on request, to any person requesting them, on payment of a fee of ten (10) cents a page for each record copied; copies of photographs, maps and other non-written material, and records stored in computer files or libraries, shall be furnished to any person requesting them on payment of a fee equal to the actual cost to the agency of producing the copies. Persons requesting copies of records shall be advised of the total actual cost of copies of written material, and the actual, if known, or approximate cost, of producing copies of non-written material or of records stored in computer files or libraries before the copies are prepared. The fee shall be collected before the copies are handed or sent to the person requesting them. The fees established herein shall not be collected, for copies of records requested in the course of their employment by employees of state administrative agencies, and shall be inapplicable in cases of documents printed for sale for which a fee is fixed by or pursuant to law or which are customarily distributed without charge.

(2) The inspection of public records of state administrative agencies shall in all cases be made in the presence of an employee of the agency, on premises occupied by the agency having custody of the records, during the usual office hours of the particular office or other organizational unit having physical possession of the

records. The official custodian of the records of each state administrative agency, and of each administrative subdivision of the agency, shall be responsible for the assignment of agency employees, as a duty in addition to their usual duties, to assist persons applying to inspect the public records of the agency and to insure protection of the records against damage and disorganization.

Section 4. The public records enumerated in subsections (1) through (10) of this section shall, except as provided herein, be subject to inspection only upon an Order of a Court of this Commonwealth or of the United States. The exemptions under this section notwithstanding, nothing herein shall prohibit or limit the exchange of public records or the sharing of information between state administrative agencies and other public agencies when the exchange of such records or sharing of such information will serve legitimate governmental needs or is necessary in the performance of legitimate governmental functions, nor shall the enumeration of any material herein prohibit disclosure of statistical information not readily identifiable of any person. If any public record contains material subject to public inspection only by court order, and other material not so excluded from public inspection, the custodian of the record shall, on application by any person for inspection of such record, segregate or remove the excluded material from the record and the non-excluded material shall then be available for inspection in accordance with the application for inspection. The official custodian of the records of each state administrative agency shall generally exclude from public inspection, except by an order of court as provided in this section:

(1) Public records containing information of a personal nature where public disclosure would constitute a clearly unwarranted invasion of personal privacy.

(2) Records confidentially disclosed to an agency and compiled and maintained for: scientific research; in conjunction with an application for a loan; the regulation of commercial enterprise, including mineral exploration records; unpatented, secret, commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential; or for the grant or review of a license to do business which if openly disclosed, would permit an unfair advantage to competitors of the subject enterprise, unless the disclosure or publication of such records is directed by law.

(3) Public records pertaining to the prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within, or expanding within the Commonwealth. (Provided, however, that this exemption shall not include applications filed with state administrative agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in subsection (2).)

(4) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for an agency relative to the acquisition of real property, until such time as all of the property has been acquired.

(5) Test questions, scoring keys and other examination data used to administer a licensing examination, or an examination for employment before the examination is given or if it is to be given again.

(6) Centralized criminal history records maintained by

the Kentucky Department of Justice and intelligence and investigative reports maintained by state criminal justice agencies except as provided in KRS 17.150, and records of law enforcement or administrative agencies compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information contained in such records would harm the agency by revealing the identity of informants not otherwise known or by the premature release of information to be used in a prospective prosecution or suit or an administrative adjudication. Except as provided by KRS 17.150, public records exempted under this subsection shall be open for inspection after adjudicative action is completed or a decision has been made to take no action. The official custodian shall have the burden of justifying with specificity a refusal of a demand for inspection of any public records covered by the exemptions provided in this subsection except centralized criminal history records maintained by the Kentucky Department of Justice.

(7) Preliminary drafts, notes, correspondence between state administrative agencies and private individuals, other than correspondence intended to give notice of final action by an agency.

(8) Preliminary recommendations and memoranda in which opinions are expressed or policies formulated or recommended.

(9) All public records or information, the disclosure of which is prohibited by federal law or regulation.

(10) Public records or information, the disclosure of which is prohibited or restricted or otherwise made confidential by the statutes of this Commonwealth.

Section 5. Application for Inspection of Public Records: (1) Persons requesting to inspect public records of state administrative agencies shall file a written application describing the records requested to be inspected, on a form prescribed by the Executive Department for Finance and Administration, with the official custodian of the records of the office of the agency having physical custody of the records. Agency employees shall assist, on request of the applicant, in completing the form; the applicant shall sign the application form. The application form shall include a receipt to be completed and signed by the custodian of the records for payment received for copies of records requested by applicants and one (1) copy of the receipt shall be furnished to the applicant.

(2) Application forms for the inspection of public records of state administrative agencies will be stocked by and available from the Central Stores of the Executive Department for Finance and Administration. Each state administrative agency shall be responsible for obtaining from Central Stores an adequate supply of the application forms for use by each of its administrative subdivisions so that at all times there will be sufficient number of forms on hand to comply with requests for inspection of the agency's records.

Section 6. Agency Responsibility: (1) Each state administrative agency shall display a copy of this regulation in a prominent location in each of its offices to which the general public has access. Copies of this regulation, suitable for posting, shall be printed and each agency shall be responsible for obtaining the number of copies of the printed regulation required to comply with this section from the Central Stores of the Executive Department for Finance and Administration.

(2) The printed copies of this regulation shall bear the following caption which shall be appropriately completed by each agency and its subdivisions:

NOTICE
REGULATIONS GOVERNING INSPECTION OF
THE PUBLIC RECORDS OF THE

(Name of State Administrative Agency)

(Office, Bureau, Division, Etc.)

Pursuant to KRS 61.870 to 61.884, the public is notified that, as provided herein, the public records of the above named Agency of the Commonwealth of Kentucky are open for inspection by any person on written application to _____,

(name)

_____, official custodian of the public

(title)

records of the _____,

(state administrative agency)

whose address is _____,

or to _____,

(name) (title)

official custodian of the public records of the _____,

(office, bureau, division, etc.)

whose address is _____, from _____ a.m. to _____ p.m. Monday through Friday, each week, except holidays. Application forms for the inspection of the public records of this agency will be furnished on request to any person by an employee in this office. Assistance in completing the application form will be provided by an employee on request.

Applicants for the inspection of public records shall be advised of the availability of the records requested for inspection, and shall be notified in writing not later than three (3) working days after receipt of an application for inspection of any reason the records requested are not available for public inspection.

Copies of written material in the public records of this agency shall be furnished to any person requesting them on payment of a fee of ten cents (\$.10) a page; copies of non-written records (photographs, maps, material stored in computer files or libraries, etc.) shall be furnished on request, on payment of a charge equal to the actual cost of producing copies of such records by the most economic process not likely to damage or alter the record.

This the _____ day of _____, 19____.

(Agency Head or Designated Representative)

(3) The official custodian of records requested for public inspection shall promptly determine the availability of such records for inspection; if it is determined that the records are not available for inspection, the applicant, if present, will be orally advised, subject to written confirmation, or notified in writing, not later than three (3) working days after the date of receipt of the written application for inspection of the records, of the reason or reasons why the records are not available for inspection. If the record sought is in active use, in storage or not otherwise available, the applicant will be advised of the reason for the delay in providing access to the record and of the earliest practicable date, time and place that the record will be available for inspection. If an application for inspection of a record is denied because it is of a kind, or contains material enumerated in Section 4 of this regulation, the official custodian shall advise the applicant in writing of the reason for denial, in whole or in part, and shall include a statement of the specific exception contained in Section 4, and in KRS 61.878, authorizing denial of the application and an explanation of how the exception applies to the record withheld. A copy, signed by the official custodian of the records, of the writing denying any application for the inspection of the public records of any state administrative agency, shall be sent to the Attorney General. If any person who has been denied the

right to inspect any public records of a state administrative agency requests the Attorney General to review the denial of his application, the agency shall furnish such additional documentation concerning the circumstances of the denial of inspection of the records and a copy of the records, as the Attorney General may request. If any person denied the right to inspect the records of a state administrative agency elects to file suit against an agency to compel inspection of the records denied, the agency shall immediately advise the Attorney General of the action and forward to the Attorney General on the day served, a copy of the Summons in the action.

JULIAN M. CARROLL, GOVERNOR

Executive Order 76-595

June 23, 1976

EMERGENCY REGULATION

Executive Department for
Finance and Administration

WHEREAS, House Bill No. 674 of the 1976 General Assembly entitled "AN ACT relating to the allocation and expenditure of coal severance tax," effective June 19, 1976, creates a Coal Severance Economic Aid Fund in the state treasury; establishes a Coal Severance Economic Aid Board in each coal producing county; authorizes such boards to select capital projects to be acquired or constructed for public purposes in such counties; appropriates funds to the Coal Severance Economic Aid Fund for the 1976-78 biennium; and provides for the allocation of such funds among the coal producing counties to finance the costs of acquisition or construction of capital projects in such counties; and,

WHEREAS, the Secretary of the Executive Department for Finance and Administration, pursuant to the requirement of House Bill No. 674 as aforesaid, has promulgated an appropriate regulation governing the submission and approval by Coal Severance Economic Aid Boards of capital projects in coal producing counties; the expenditure of moneys from the Coal Severance Economic Aid Fund for such projects; and the conveyance of capital improvements and real property upon completion of such projects; and,

WHEREAS, the Secretary of the Executive Department for Finance and Administration has found that an emergency exists with respect to such regulation and that such regulation should be effective immediately upon filing with the Legislative Research Commission so as to fix in advance of the need therefor, the guidelines, rules and procedures therein made and provided.

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by virtue of the authority vested in me by KRS 13.085(2), do hereby acknowledge the finding of emergency by the Secretary of the Executive Department for Finance and Administration with respect to the filing of the aforementioned regulation of the Executive Department for Finance and Administration, and direct that said regulation shall be effective upon filing with the Legislative Research

Commission as provided in Chapter 13 of the Kentucky Revised Statutes.

JULIAN M. CARROLL, Governor

DREXELL R. DAVIS, Secretary of State

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION

200 KAR 4:020E, Coal severance economic aid boards;
fund; selection of projects.

RELATES TO: KRS Chapter 42

PURSUANT TO: KRS 42.330

EFFECTIVE: June 24, 1976

EXPIRES: October 22, 1976

NECESSITY AND FUNCTION: Pursuant to the authority vested in the Secretary of the Executive Department for Finance and Administration by KRS 42.330, this regulation establishes the procedures for submission to the Executive Department for Finance and Administration of proposals by Coal Severance Economic Aid Boards for capital projects to be acquired or constructed in coal producing counties, the costs of which are to be paid out of the Coal Severance Economic Aid Fund; the expenditure of moneys out of the Fund for such capital projects; and provides for the conveyance of such capital projects upon completion to designated beneficiary agencies.

Section 1. "Allocation," and "allocable share," are synonymous terms meaning the amount of coal severance tax receipts and other moneys deposited in the Coal Severance Economic Aid Fund apportioned to, and available for expenditure for capital projects in each coal producing county.

(2) "Capital project" means any activity involving expenditures out of the Coal Severance Economic Aid Fund for the acquisition of lands, buildings and major items of equipment, and the construction, renovation, maintenance and permanent improvement of public buildings and lands in coal producing counties.

(3) "Conveyance" means the transfer, pursuant to the terms of a written instrument, to a designated beneficiary agency of the right of use, occupancy and possession of a capital project.

(4) "Designated beneficiary agency" means the county, city, special district or other public agency or any combination of public agencies parties to and bound by an agreement entered into pursuant to the provisions of KRS 65.210 to 65.300, the Interlocal Cooperation Act, or any administrative entity created pursuant to any such agreement, designated in a capital project proposal by a coal severance economic aid board to accept conveyance of, operate, maintain, and use for public purposes a capital project.

(5) "Program statement" means a detailed written statement about a capital project which includes information concerning the proposed location of the project, a plat or map, the acreage of any land involved, the names of the present owners of such land, the intended use of the project by square footage, the types of construction proposed and the purpose of the facility.

Section 2. (1) The Coal Severance Economic Aid Board

(hereinafter, "the board") in each coal producing county shall hold and conduct meetings open to the general public for the purpose of soliciting recommendations for capital projects. The board shall cause notice of the date, place, time and purpose of each such public meeting to be advertised not less often than once each week for three (3) consecutive weeks in the newspaper of largest general circulation in the county. The secretary of the board may receive capital project recommendations from interested persons and local public agencies between the time the first newspaper advertisement of the notice of public meeting is published and the time the public meeting is held, and all such recommendations received shall be placed on the agenda of the public meeting for consideration and discussion. Capital projects may be recommended from the floor of the public meeting and shall be considered by the board. Each capital project recommendation shall be made on a form prescribed by the Executive Department for Finance and Administration, which form shall be furnished by the secretary of the board to any person requesting it.

(2) The board shall, within thirty (30) days following each public meeting, select from the capital projects recommended and considered at such meeting, the projects to be proposed to the Executive Department for Finance and Administration for acquisition or construction in the county. The board shall examine each capital project recommended and rank it in order of priority based on the anticipated public benefits to be derived from the project; and the estimated cost and time required for the project. The board shall determine an appropriate beneficiary agency to accept conveyance of the project when the acquisition and/or conveyance of the project has been completed.

(3) The secretary of the board shall cause to be prepared and submitted to the Executive Department for Finance and Administration within a reasonable time not exceeding sixty (60) days after each public meeting of the board, an itemized statement of the board's expenses incurred in holding the meeting. Such expenses shall be paid out of the state treasury on the warrant of the Secretary of the Executive Department for Finance and Administration drawn against the allocable share in Coal Severance Economic Aid Fund of the coal producing county which shall be limited to reasonable rental charges for space for holding the meetings; materials and supplies incidental or necessary to the conduct of the meetings; the costs, subject to proof of publication as provided by KRS 424.170, of publication of the notices of the meetings; and, reimbursement, subject to the provisions of 200 KAR 2:060 of the state standard travel regulations, of the reasonable and necessary mileage, meal and lodging expenses of the board incurred in attending meetings of the board.

Section 3. Each capital project selected by a board shall be submitted to the Executive Department for Finance and Administration on a form prescribed by the department and shall include a description of the project, the order of priority assigned by the board to the particular project relative to other projects selected, a program statement and designation of a beneficiary agency to accept conveyance of the capital project after completion. (If the designated beneficiary agency is an agency other than a county or city, there shall be a copy of the articles of incorporation, articles of agreement, court order, resolution, ordinance or other document creating the beneficiary agency, attached to the form.)

Section 4. (1) The Secretary of the Executive Department for Finance and Administration shall cause each notice of capital project selection by a board to be carefully reviewed to ascertain whether the project is for a purpose generally consistent with the provisions of KRS 42.330; the designated beneficiary agency is properly established as provided by the laws applicable to and authorizing the creation of such agency; and, that any agreement entered into pursuant to KRS 65.210 to 65.300, the Interlocal Cooperation Act, relative to the project conforms to and was executed as provided by that Act.

(2) When the project review has been completed, the Secretary of the Executive Department for Finance and Administration shall by appropriate orders, cause a detailed cost estimate of the project to be made which shall include estimates of the cost of acquisition of any land necessary for the project, site development, utility connections, building construction, equipment and such other matters as may be pertinent under the circumstances to determine the cost of the project. A summary of the detailed cost estimate for each capital project shall be sent to the chairman of each board as soon as practicable after they are completed.

(3) The Secretary of the Executive Department for Finance and Administration shall notify the appropriate coal severance economic aid board in writing when a capital project has been completed according to plans and specifications and accepted by the Commonwealth. Thereafter, within a reasonable time, the Secretary shall, subject to the provisions of KRS 45.360, provide for the conveyance of the capital project to the beneficiary agency designated by the board according to such terms and conditions as the secretary shall determine will assure the future use of the project for public purposes.

Section 5. (1) Upon receipt of a board's final capital project selections, the Secretary of the Executive Department for Finance and Administration shall, if the estimated cost of such projects do not exceed the allocable share of the county in the Coal Severance Economic Aid Fund, by written orders made in accordance with the procedures established in the case of state capital construction projects, and the provisions of KRS Chapters 45 and 56, authorize the acquisition in the name of the Commonwealth of any real property, or interest in real property, necessary for the project; cause to be prepared all plans, specifications and designs for the project; invite bids; and award and administer all contracts necessary and required in relation to such project.

(2) Funds shall be allotted out of the allocable share in the Coal Severance Economic Aid Fund of the county in which a capital project is to be acquired or constructed, to a project account in the state capital construction fund and all expenditures necessary and proper to be made in relation to such project shall be made from the project account according to established state financial administration procedures.

(3) The Secretary of the Executive Department for Finance and Administration shall notify the appropriate coal severance economic aid board in writing when a capital project has been completed according to plans and specifications and accepted by the Commonwealth. Thereafter, within a reasonable time, the Secretary shall, subject to the provisions of KRS 45.360, provide for the conveyance of the capital project to the beneficiary agency designated by the board according to such terms and

conditions as the secretary shall determine will assure the future use of the project the public purposes.

Section 6. Monies in the Coal Severance Economic Aid Fund not required to be held for immediate expenditure for purposes related to the acquisition or construction of capital projects shall be invested on a pooled basis in securities of the kinds state funds are customarily invested, and the interest income earned from such investments shall be prorated for expenditure for capital projects in coal producing counties according to the counties' allocable shares in the fund.

EMERGENCY REGULATION

Executive Department for
Finance and Administration

WHEREAS, House Bill No. 675 of the 1976 General Assembly entitled "AN ACT relating to capital construction," effective June 19, 1976, creates an Area Development Fund in the state treasury; makes an appropriation to such fund for the 1976-78 biennium; provides for the allocation of the fund for capital projects to be acquired or constructed for public purposes in the 15 Area Development Districts as proposed by said Districts and approved by the Secretary of the Executive Department for Finance and Administration; and directs the Secretary of the Executive Department for Finance and Administration to promulgate appropriate rules and regulations governing the submission and approval of such capital projects, expenditures from the Area Development Fund and conveyance of title to capital improvements and real property relative to such projects; and,

WHEREAS, the Secretary of the Executive Department for Finance and Administration, pursuant to the requirement of House Bill No. 675 as aforesaid, has promulgated a regulation establishing the procedures for the submission and approval of proposals for capital projects to be acquired or constructed in the Area Development Districts, prescribing the manner in which expenditures in relation to such projects shall be made out of the Area Development Fund and the conveyance of such projects for public purposes to designated beneficiary agencies, and has found that an emergency exists with respect to such regulation and that such regulation should be effective immediately upon filing with the Legislative Research Commission so as to fix in advance of the need therefor, the procedures therein made and provided;

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by virtue of the authority vested in me by KRS 13.085(2), do hereby acknowledge the finding of emergency by the Secretary of the Executive Department for Finance and Administration with respect to the filing of the aforementioned regulation of the Executive Department for Finance and Administration, and direct that said regulation shall be

effective upon filing with the Legislative Research Commission as provided in Chapter 13 of the Kentucky Revised Statutes.

JULIAN M. CARROLL, GOVERNOR

DREXELL R. DAVIS, Secretary of State

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION

200 KAR 10:040E. Area development fund; expenditures.

RELATES TO: KRS Chapter 42

PURSUANT TO: KRS 42.350

EFFECTIVE: June 24, 1976

EXPIRES: October 22, 1976

NECESSITY AND FUNCTION: Pursuant to the authority vested in the Secretary of the Executive Department for Finance and Administration by KRS 42.350, this regulation governs the expenditure of monies appropriated to or otherwise deposited in the Area Development Fund in the state treasury for the acquisition of capital projects in the 15 Area Development Districts; establishes the procedures for submission and approval of proposed capital projects in the Area Development Districts; and provides for the conveyance of title to such capital projects.

Section 1. Definitions: (1) "Capital project" means any activity approved by the Secretary of the Executive Department for Finance and Administration involving expenditures out of the Area Development Fund in the state treasury for the acquisition of lands, buildings and major items of equipment, and the construction, renovation, maintenance and permanent improvement of buildings and other public facilities in the fifteen (15) Area Development Districts.

(2) "Conveyance" means the transfer, pursuant to the terms of a written instrument, to a designated beneficiary agency of the right of use, occupancy and possession of a capital project.

(3) "Designated beneficiary agency" means the county, city, special district or other public agency or any combination of public agencies parties to and bound by an agreement entered into pursuant to the provisions of KRS 65.210 to 65.300, the Interlocal Cooperation Act, or any administrative entity created pursuant to any such agreement, designated in a capital project proposal by an area development district to accept conveyance of, operate, maintain, and use for public purposes a capital project.

Section 2. (1) The board of directors of each area development district shall determine, consistent with the goals, objectives and priorities established by existing local or regional development plans, the capital projects to be proposed for approval by the Secretary of the Executive Department for Finance and Administration for acquisition or construction out of the Area Development Fund in each of the area development districts.

(2) Capital projects eligible for consideration by the boards and for funding out of the Area Development Fund, shall include but not be limited to, reclamation and industrial development projects; acquisition, construction and improvement of county fairgrounds and other public facilities, except school property or roads, streets, highways

and bridges; and the renovation and repair of existing facilities owned by public agencies. Consistent with regional and local needs and development plans, capital projects for which funds, in addition to those in the Area Development Fund, may also be available from other sources, shall be given priority consideration by the boards over projects for which such other funds are not available.

(3) The boards of directors may propose capital projects for the direct use and benefit of any designated beneficiary agency within the geographic boundaries of the area development district; provided, however, nothing herein shall prohibit the boards of directors of two (2) or more area development districts from proposing joint capital projects, of the cost of which shall be financed out of monies allocated in the Area Development Fund for expenditure for capital projects in each of the participating area development districts.

Section 3. All proposals for capital projects shall be made on a form of proposal prescribed by the Executive Department for Finance and Administration and shall include:

- (1) A description of the project;
- (2) A statement of the public benefit expected to be derived from, and public purpose to be served by the project;
- (3) An estimate of the total cost of the project, including estimates of the cost of acquisition of necessary lands, legal, architectural and engineering fees and construction costs;
- (4) A statement of the source and amount of any funds available for capital projects in addition to amounts allocated for such projects in the Area Development Fund; any restrictions on the use of such other funds; the nature and extent of the commitment of such funds to the project by the grantor; when such funds will be made available for expenditure in relation to the project; and if the source of such funds is a federal agency, whether an environmental impact statement is required for the project and the guidelines of the federal grantor agency for the preparation of such environmental impact statement;
- (5) The proposed site or location of the capital project;
- (6) Designation of a beneficiary agency to accept conveyance of the capital project when acquisition and/or construction of the project has been completed. (If the designated beneficiary agency is any agency other than a county or city, there shall be a copy of the Articles of Incorporation, Articles of Agreement, Court Order, resolution, ordinance or other document creating the beneficiary agency attached to the capital project proposals);
- (7) Such other information and documentation as the form of proposal may require to explain the need for the capital project and provide detailed information necessary to assist the Executive Department for Finance and Administration in the acquisition of the project.

Section 4. (1) Each capital project proposal shall be submitted through the Office for Local Government to the Secretary of the Executive Department for Finance and Administration for approval. The Office for Local Government shall carefully examine each capital project proposed, and within thirty (30) days after receipt of each proposal shall inform the Secretary by a written review whether the proposal conforms to the goals, objectives and priorities of the development plan to which the proposed project relates. The time for examination of project

proposals shall be extended by any time required for any additional information deemed necessary by the Office for Local Government in connection with any proposal to be furnished by the area development district proposing the project.

(2) When it has been determined that a proposed capital project conforms to the goals, objectives and priorities established by the relevant development plan, the Secretary of the Executive Department for Finance and Administration shall, within a reasonable time, cause a detailed cost estimate of the project to be made which shall include estimates of the cost of acquisition of any land necessary for the project, site development, utility connections, building construction, equipment, and such other matters as may be pertinent under the circumstances. The secretary shall within a reasonable time after the detailed cost estimate has been made, approve the project by a written order made in accordance with the procedures established for the approval of state capital construction projects; provided, however, no project shall be approved for which the estimated cost exceeds the funds available for expenditure out of the Area Development Fund for capital projects in the area development district in which the project is proposed, combined with other funds available for the project. The secretary's approval or disapproval of each capital project shall be communicated to the board of directors of the area development district proposing the project. Any project disapproved by the secretary because the total estimated cost exceeds the balance of funds available may be revised by the board of directors of the area development district and resubmitted for further consideration by the secretary.

(3) Funds shall be allotted out of the Area Development Fund for each approved capital project to a project account in the state capital construction fund and all expenditures necessary and proper to be made in relation to such approved project shall be made from such project account. Pursuant to the provisions of KRS Chapters 45 and 56, and the applicable procedures of the Executive Department for Finance and Administration, the department shall acquire any real property required for the project, cause to be prepared all plans, specifications and designs for the project, invite bids, and award and administer all contracts necessary and required in relation to the capital project.

(4) The Secretary of the Executive Department for Finance and Administration shall advise the board of directors of the area development district and the designated beneficiary agency in writing when the capital project is completed according to plans and specifications and has been accepted by the Commonwealth. Thereafter, within a reasonable time, the secretary shall, subject to the provisions of KRS 45.360, provide for the conveyance of the capital project to the beneficiary agency designated in the proposal according to such terms and conditions as the secretary shall determine will assure the future use of the project for public purposes.

JULIAN M. CARROLL, GOVERNOR**Executive Order 76-620****June 29, 1976****EMERGENCY REGULATION****Department of Fish and Wildlife Resources**

WHEREAS, The Commonwealth of Kentucky must regulate the size and exhaust systems of boat motors used on certain lakes for both safety and noise pollution reasons; and

WHEREAS, the Department of Fish and Wildlife Resources has determined and finds that an emergency exists and that there is an immediate necessity to establish limits on the size and exhaust systems of boat motors used on certain lakes; and

WHEREAS, the Commissioner of the Department of Fish and Wildlife Resources, in conjunction with the Secretary of the Development Cabinet, pursuant to KRS 13.082 and KRS 150.025, has promulgated the Regulation hereinabove referenced:

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by the authority vested in me by Section 13.085(2) of the Kentucky Revised Statutes, hereby acknowledge the finding of the Department of Fish and Wildlife Resources that an emergency exists and direct that the attached Regulation become effective immediately upon being filed in the Office of the Legislative Research Commission.

JULIAN M. CARROLL, Governor**DREXELL R. DAVIS, Secretary of State****CABINET FOR DEVELOPMENT****Department of Fish and Wildlife Resources**

301 KAR 1:015E. Boats and outboard motors; size limits.

RELATES TO: KRS 150.025, 150.090, 150.620, 150.625

PURSUANT TO: KRS 13.082

EFFECTIVE: June 30, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: It is necessary to regulate the size of outboard motors and boats on state-owned lakes to minimize the conflict with the primary purposes of the lakes which are the perpetuation of fish or game populations and the associated sports. *It is necessary to limit the horsepower of boat motors used on lakes Malone, Beshear, and Guist Creek for safety.* [it is necessary to amend this regulation to increase the boat length limit from 16 feet to 18 feet 6 inches in the two largest lakes - Malone and Beshear.]

Section 1. No boat of any type, canoes excepted, will be permitted on any of the herein named lakes with a centerline exceeding sixteen (16) feet in length as measured on deck or from bow to stern, except on Lake Malone and Lake Beshear where the centerline length cannot exceed eighteen (18) feet six (6) inches; however, in no case shall pontoons that may be used in floating the decking or superstructure of boats exceed a length of twenty-two (22) feet.

Section 2. No houseboats of any description will be permitted on any of the herein named lakes.

Section 3. No motor of any type is permitted on the following lakes:

- (1) Lake Chumley, Lincoln County;
- (2) Dennie Gooch Lake, Pulaski County;
- (3) Martin County Lake, Martin County;
- (4) Kingdom Come Lake, Harlan County.

Section 4. Electric motors only may be used on the following lakes:

- (1) Carter Caves Lake, Carter County;
- (2) Spurlington Lake, Taylor County;
- (3) Marion County Lake, Marion County;
- (4) Elliott County Sportsmen's Lake, Elliott County;
- (5) Lake Washburn, Ohio County;
- (6) Bert Combs Lake, Clay County;
- (7) McNeely Lake, Jefferson County;
- (8) Lake Mauzy, Union County;
- (9) Carpenter Lake and Kingfisher Lakes, Daviess County;
- (10) Metcalfe County Lake, Metcalfe County;
- (11) Briggs Lake, Logan County.

Section 5. Electric motors only may be used on the following lakes located in Ballard County. These lakes are closed 15 October to 15 March, annually:

- (1) Big Turner;
- (2) Little Turner;
- (3) Shelby;
- (4) Mitchell;
- (5) Happy Hollow;
- (6) Burnt Slough;
- (7) Butler.

Section 6. No motor larger than six (6) H.P. may be used on Greenbo Lake located in Greenup County.

Section 7. No motor larger than ten (10) H.P. (inboard or outboard) may be used on the following state-owned lakes; however, slow speeds which cause no disturbance or interference with fishing must be exercised at:

- (1) Shanty Hollow Lake, Warren County;
- (2) Bullock Pen Lake, Grant County;
- (3) Lake Boltz, Grant County;
- (4) Falmouth Lake, Pendleton County;
- (5) Elmer Davis Lake, Owen County;
- (6) Beaver Creek Lake, Anderson County;
- (7) Herb Smith Lake, Harlan County;
- (8) Corinth Lake, Grant County;
- (9) Wilgreen Lake, Madison County.

Section 8. No boat motor larger than 150 H.P. may be used, and all boat motors used must have an underwater exhaust on the following state-owned lakes: [There is no size limit on motors on the following state-owned lakes:]

- (1) Guist Creek Lake, Shelby County;
- (2) Lake Malone, Todd, Muhlenberg and Logan Counties;
- (3) Lake Beshear, Christian and Caldwell Counties.

Section 9. All officers and agents of the Department of Fish and Wildlife Resources shall have full authority to enforce the provisions of this regulation. Failure to comply with the rules and specifications set forth in this regulation shall constitute grounds for revocation of the rights and

privileges of any person to admittance to and to the use of these public waters.

JULIAN M. CARROLL, GOVERNOR
Executive Order 76-593
June 23, 1976

EMERGENCY REGULATION
Department of Justice
Kentucky Law Enforcement
Foundation Program Fund

WHEREAS, the Department of Justice is vested with the responsibility for administering the police salary incentive program known as the Kentucky Law Enforcement Program Fund pursuant to KRS 15.410 to 15.990; and

WHEREAS, KRS 15.500 provides that, if funds appropriated by the General Assembly for the program are insufficient to pay the benefits provided by law, the department shall administratively establish the rate of assistance to be paid to local units of government within funding limitations; and

WHEREAS, the department has determined that sufficient funds in all probability will not be available during the forthcoming biennium to fund the program at its present level; and

WHEREAS, the department was reorganized by Executive Order NO. 76.460, effective May 19, 1976, abolishing the Executive Office of Staff Services which was responsible for the Kentucky Law Enforcement Foundation Program Fund and transferring such responsibility to the newly created Office of Deputy Secretary for External Affairs; and

WHEREAS, other changes in the Kentucky Law Enforcement Foundation Program Fund administrative regulations are required by newly enacted legislation contained in Senate Bill 118; and

WHEREAS, the department has determined and finds that an emergency exists and that there is an immediate necessity for the enactment of regulations to inform local units of government of program changes and to permit such local units to enact ordinances or resolutions for the purpose of participating in the program commencing July 1, 1976;

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by the authority vested in me by KRS 13.085(2), do hereby acknowledge the finding of the Department of Justice that an emergency exists and direct that the attached Regulations become effective immediately upon being filed in the Office of the Legislative Research Commission.

Foundation Program Fund
(Proposed Amendment)

503 KAR 5:010E. Definitions.

RELATES TO: KRS 15.420

PURSUANT TO: KRS 15.450, 15A.160

EFFECTIVE: June 30, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. This regulation establishes the definitions to be utilized in the law enforcement program fund administrative regulations.

Section 1. Definitions. As employed in the Kentucky Law Enforcement Foundation Program Fund administrative regulations, unless the context requires otherwise the following words and phrases have the following meanings:

(1) "Department" means the Department of Justice.
(2) "Secretary" means the Secretary of the Department of Justice

(3) "Bureau" means the Bureau of Training.

(4) [(5)] "Fund" means the Kentucky Law Enforcement Foundation Program Fund as provided in KRS 15.410 to 15.510.

[(4)] "Executive Office of Staff Services" means the Executive Office of Staff Services of the Department of Justice.]

(5) [(6)] "Council" means the Kentucky Law Enforcement Council.

(6) [(7)] "Local unit" means the local unit of government of any city or county or any combination of cities or counties of the Commonwealth.

(7) [(8)] "Police officer" means a full-time member of a lawfully organized police department of county or city government who is responsible for the prevention and detection of crime and the enforcement of the general criminal laws of the state, but does not include Kentucky State Police, any elected officer, sheriff, deputy sheriff, constable, deputy constable, district detective, deputy district detective, special local peace officer, auxiliary police officer or any peace officer not specifically authorized in KRS 15.410 to 15.510.

(8) [(9)] "Full-time member" means a sworn police officer who is paid a salary by the local unit for working at least a standard work year.

(9) [(10)] "Standard work year" means 2,080 hours of employment during fifty-two (52) consecutive weeks of forty (40) hours per week and includes all paid vacation hours, paid sick hours, paid holiday hours, and paid training hours.

(10) [(11)] "Base salary" means the minimum annual salary, including longevity, paid to a police officer for a standard work year by the local unit, but shall not include any incentive monies paid by the fund, expenses for uniforms or equipment paid by a police officer as a condition of employment which may reduce the officer's salary, or any other remuneration directly related to employment by the local unit. *Base salary does not include any compensation for time worked in excess of forty (40) hours per week.*

(11) [(12)] "Crime prevention team" means a law enforcement unit approved by the department [and the Law Enforcement Assistance Administration, United States Department of Justice], consisting of one or more police officers who are specially trained and whose duties and responsibilities are to anticipate, recognize and appraise a crime risk and initiate action to remove or reduce that risk.

(12) [(14)] "Police training incentive" means those basic and in-service training programs financed in part by the fund which provide a financial incentive to local units and police officers who meet the requirements set forth in these regulations.

(13) [(15)] "Educational incentive" means that educational program financed in part by the fund which provides a financial incentive to local units and police officers who meet the requirements set forth in these regulations.

[(13)] "Normal salary increase" means the normal salary increase periodically due to police officers by a local unit of government.]

(14) [(16)] "Successfully completed" means earning an average of seventy (70) percent or above on a percentage basis, a "C" grade or better on a letter grade basis, or pass on a pass/fail basis.

(15) [(17)] "Fiscal year" means the period from July 1 through June 30 of the year next following.

503 KAR 5:030E. Training and educational eligibility requirements.

RELATES TO: KRS 15.440

PURSUANT TO: KRS 15.450, 15A.160

EFFECTIVE: June 30, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that [T]he Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.440 requires police officers participating in the fund to complete a specific number of hours of basic training and in-service training. This regulation establishes general basic training and in-service training requirements for participating police officers and local units of government.

Section 1. The bureau shall review the qualifications of police officers employed by local units after the effective date of this regulation, to determine the basic training, if any, which the police officer may be required to successfully complete prior to being eligible to participate in the fund.

Section 2. Any police officer employed prior to July 1, 1972, shall be deemed to have met the basic training requirements.

Section 3. Any police officer employed by a participating local unit who possesses a high school degree or its equivalent and training equivalent to the basic training requirements established by the council may be eligible to participate in the fund by successfully passing the basic training final examination.

Section 4. Any police officer employed by a participating local unit who does not possess [a high school degree or its equivalent and] training equivalent to the basic training requirements established by the council must [attain a high school degree or its equivalent and] attend those sections of the basic training course recommended by the bureau and successfully complete the basic training final examination.

Section 5. Any police officer who attends the basic training course or takes the basic training final examination and fails to successfully complete the course or fails the basic training final examination shall be ineligible to participate in the fund until such time as he successfully completes the basic training course or successfully passes the basic training final examination, as the case may be. Provided, however, that the failure to successfully complete the course or failure to successfully pass the basic training final examination under circumstances beyond the police officer's control, such as injury or serious illness, shall not disqualify the police officer's participation in the fund if the department is notified of these circumstances and those requirements are satisfactorily completed within a reasonable period of time.

Section 6. Any police officer who attends a certified or recognized in-service training course and fails to successfully complete the course shall be ineligible to participate in the fund until such time as the officer successfully completes a certified or recognized in-service training program. Provided, however, that the failure to successfully complete the course under circumstances beyond the police officer's control, such as injury or serious illness, shall not disqualify the police officer's participation in the fund if the department is notified of these circumstances, and those requirements are satisfactorily completed within a reasonable period of time.

Section 7. Any police officer who successfully completes the basic training course during any calendar year shall be considered as having fulfilled the in-service training requirements for that year.

Section 8. The local unit must provide at least five (5) days training leave with pay not chargeable to the police officer's annual leave record for each police officer receiving in-service training.

Section 9. Each local unit employing forty (40) or more police officers shall establish a crime prevention team.

Section 10. Any police officer who does not possess a high school degree or its equivalent and who has been deemed eligible to participate in the fund pursuant to KRS 15.440(3) who terminates police service forfeits such eligibility and must meet the minimum educational requirement to re-participate in the fund.

Section 11. No police officer shall receive payments from the fund until the officer meets the basic training requirements.

Section 12. A copy of the high school diploma or GED certificate for each officer where required must be maintained by the local unit and must be available for review by appropriate departmental personnel.

503 KAR 5:040E. Educational incentive plan.

RELATES TO: KRS 15.460

PURSUANT TO: KRS 15.450, 15.500, 15A.160

EFFECTIVE: June 30, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.460 provides that local units of government participating in the fund shall file an educational incentive plan consistent with guidelines and standards established by the department. This regulation establishes the department guidelines and standards for educational incentive plans.

Section 1. The local unit shall file an educational incentive plan to be eligible for educational incentive benefits under the fund. The plan shall be filed with the department [Executive Office of Staff Services] *together with the local unit's application for participation in the educational incentive program.*

Section 2. The plan shall include the following information: (1) The names of all police officers expected to participate, their social security number, payment status, and the number of college semester hours each police officer has successfully completed.

(2) A list of acceptable areas of study which will qualify the police officer for educational incentive funds.

(3) A budget for the allocation of local educational incentive funds and state educational incentive funds.

(4) The local unit's program for assisting police officers in qualifying for educational incentive funds.

[(5) The local unit's commitment that the plan shall guarantee all police officers an equal opportunity to participate in the educational incentive fund up to the maximum benefits provided by law.]

Section 3. Educational incentive benefits shall be based solely on college credits attained by police officers. To be eligible, the police officer must successfully complete at least six (6) college semester hours.

Section 4. In order for a police officer to be eligible to receive educational incentive funds, his official transcript must be mailed directly by the college or university to the department [Executive Office of Staff Services] not later than thirty (30) days prior to the beginning of the month for which educational incentive funds are requested.

Section 5. (1) No college credit earned as a result of participating in a basic or in-service training program may qualify a police officer for educational incentive funds except to the extent that said training exceeds minimum standards for basic or in-service training.

(2) Only successfully completed college hours which are accepted by the accredited university or college where the police officer is currently enrolled, most recently enrolled, or earned his degree may be used to qualify the police officer for educational incentive funds. If a police officer has attended more than one (1) college or university, only those successfully completed college hours which are accepted by the accredited college or university where the police officer is or was most recently classified as a matriculated student shall be used to qualify the police officer for educational incentive funds.

(3) All credit hours mentioned herein are semester credit hours. Participants earning credit at a college or university using a system other than the semester credit hour system shall cause that institution to provide sufficient information to the department [Executive Office of Staff Services] so that the participant's credits may be recomputed on a semester credit hour basis using the equivalencies officially established by that college or university.

Section 6. Police officers not actively participating in the educational incentive program on June 30, 1976, shall not be eligible for participation in this program thereafter.

503 KAR 5:050E. Salary provisions.

RELATES TO: KRS 15.460, 15.470, 15.490

PURSUANT TO: KRS 15.450, 15A.160

EFFECTIVE: June 30, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.470 and 15.490 set forth the purposes for which foundation program funds may be used and the reporting procedures for accounting for those funds. This regulation establishes the salary provisions and reporting procedures authorized by KRS 15.470 and 15.490.

Section 1. To be eligible for participation in the fund, the local unit shall enact or amend an appropriate ordinance or resolution effecting compliance by the local unit and its police officers with the provisions of KRS 15.410 to 15.510 and these regulations. A certified copy of the ordinance or resolution shall be submitted by the local unit to the department with the local unit's application for participation in the fund.

Section 2. [1.] (1) Incentive funds shall be used only as a cash supplement to compensate police officers who meet the qualifications established by law and these regulations.

(2) Each police officer shall be entitled to receive the state incentive fund supplement which his qualifications brought to the local unit.

(3) Incentive funds shall not be used to supplant existing salaries or as a substitute for normal salary increases *under the fund which would violate any federal or state law or regulation regarding wage guidelines* [periodically due police officers].

Section 3. [2.] Upon acceptance for participation in the fund, the local unit shall be eligible to receive fifteen (15) percent of each qualified police officer's salary from the fund to be paid to each officer in addition to his base salary. The award to the local unit shall be based upon the total base salaries of all qualified full-time, sworn police officers employed by the local unit.

Section 4. [3.] Upon acceptance for participation in the fund, the local unit shall be eligible to receive fifty (50) per cent of any salary increase paid to police officers solely because of college credits attained not to exceed \$500 per year for any one police officer. Payment shall be based upon the following schedule:

Number of Hours Attained	Amount of Annual Incentive Payment	
	Max. Temp. Payment*	Max. Perm. Payment**
6 or more hours but less than 30	\$200	\$ 0
30 or more hours but less than 60	350	200
Associate Degree	400	250
60 or more hours but less than 90	450	350
90 or more hours but less than 120	500	450
120 or more hours but no degree	500	450
Bachelor's Degree or more	500	500

*Temporary payments can only be made to police officers who successfully complete at least twelve (12) semester hours, or the equivalent thereof each fiscal year. *Eligibility must be verified on or before the close of the respective fiscal year by submission of a current, official transcript.*

**Permanent payments may be made whether or not the officer successfully completes twelve (12) semester hours per year.

Section 5. [4.] Each police officer's base salary is calculated by using the following formula: 2,080 hours divided by the number of work hours per year required by the local unit multiplied by the salary paid by the local unit minus expenses equals the base salary paid for a standard work year. The number of work hours paid for holidays, annual leave, sick leave, and training leave are counted the same as any other work day. Examples: (1) A police officer is required to work sixty (60) hours per week (3,120 hours per year) and his pay for 3,120 hours is \$6,552. He has an expense of \$100 which is disallowed. The following

application of the formula would result:

$$2080/3120 \times 6552 - 100 = 4268$$

This police officer would not qualify.

(2) A police officer works fifty-six (56) hours per week (2,912 hours per year) and his pay is \$6,406. He has an expense of \$175 which is disallowed. The following application of the formula would result:

$$2080/2912 \times 6406 - 175 = 4400$$

This police officer would qualify and his salary incentive would be computed on \$4,400.

Section 6. [5.] (1) Request for funds by the local unit shall be submitted to the *department* [Executive Office of Staff Services] not later than thirty (30) days prior to the beginning of the month in which the funds are to be expended.

(2) The *department* [Executive Office of Staff Services] shall mail fund checks *by the first day of each month* to all local units *which* [that] have filed timely requests for funds [by the first day of each month].

(3) The local unit shall acknowledge receipt of funds to the *department* [Executive Office of Staff Services] on forms provided for that purpose.

Section 7. [6.] (1) The local unit shall include the additional compensation paid to each police officer from the fund as a part of the officer's salary in determining all payroll deductions.

(2) The local unit shall *provide each police officer with* [indicate upon] a check stub or separate receipt *upon which* the gross sum of incentive funds paid to the police officer *is identified*.

(3) The local unit shall disburse incentive funds during the month for which the funds are requested.

Section 8. [7.] The local unit shall maintain a separate account for all incentive funds which it receives pursuant to KRS 15.410 to 15.510 and these regulations.

Section 9. [8.] The local unit shall maintain records to document that each police officer devotes sufficient hours performing police duties to qualify him for incentive funds consistent with his base salary.

Section 10. [9.] (1) Each participating local unit shall submit quarterly reports to the *department* [Executive Office of Staff Services] within fifteen (15) days of the close of the quarter falling on March 31, June 30, September 30, and December 31 of each year. There shall be a separate quarterly report for police training incentive funds and educational incentive funds.

(2) The quarterly reports shall include the name, rank, social security number, date of employment, annual base salary, and the amount of incentive funds received for each police officer, *and any other information specifically requested on the respective quarterly report form.*

Section 11. *The local unit shall comply with all provisions of law applicable to local police and shall file all reports as required by laws or pursuant to these regulations.*

Section 12. *Each local unit employing forty (40) or more police officers shall provide the department with a semi-annual report on police manpower allocation. The report shall clearly demonstrate how the agency's patrol allocation has considered major crime areas.*

Section 13. [10.] (1) The local unit may be audited by the department or the Law Enforcement Assistance Administration pursuant to established audit procedures.

(2) For audit purposes, the local unit shall maintain accurate financial records. Such records shall include, but are not limited to, books of original entry, source documents supporting accounting transactions, the general ledger, subsidiary ledgers, personnel and payroll records, cancelled checks, and any related document and record.

(3) These records shall be retained by the local unit until destruction is authorized by the department or the Law Enforcement Assistance Administration.

JOHN L. SMITH, Secretary

ADOPTED: June 18, 1976

RECEIVED BY LRC: June 30, 1976 at 4:30 p.m.

**DEPARTMENT OF JUSTICE
Kentucky Law Enforcement
Foundation Program Fund
(Proposed Amendment)**

503 KAR 5:060E. Suspension or termination of incentive funds.

RELATES TO: KRS 15.410 to 15.510

PURSUANT TO: KRS 15.450, 15A.160

EFFECTIVE: June 30, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.450 authorizes the secretary to withhold or terminate payment to any local unit of government that does not comply with the requirements of KRS 15.410 to 15.510 or the regulations issued by the department. This regulation establishes the specific basis for suspension or termination of any incentive funds.

Section 1. Failure to comply with KRS 15.410 to 15.510 or the rules and regulations issued pursuant thereto may result in the suspension or termination of all incentive fund payments to the local unit and/or the return of the funds involved.

Section 2. (1) Knowingly furnishing false information required by KRS 15.410 to 15.510 or these regulations by a local unit may result in the suspension or termination of all incentive fund payments to the local unit *and/or the return of the funds involved.*

(2) Any local unit which has received incentive funds pursuant to KRS 15.410 to 15.510 or these regulations as a result of false, inaccurate, or fraudulent reporting may be required to return any funds so obtained.

JOHN L. SMITH, Secretary

ADOPTED: June 18, 1976

(Proposed Amendment)**

503 KAR 5:070E. Appeals.

RELATES TO: KRS 15.510

PURSUANT TO: KRS 15.450, 15A.160

EFFECTIVE: June 30, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.510 provides that an appeal may be taken from any decision of the Department of Justice to withhold or terminate payments from the fund to the circuit court. This regulation establishes an internal administrative hearing process to review decisions adverse to participants in the fund and to resolve, where possible on an administrative basis, potential civil litigation.

Section 1. Appeals. (1) A party adversely affected by a decision of the *department* [Executive Office of Staff Services] pursuant to administration of the provisions of KRS 15.410 to 15.510 and these regulations may appeal that decision.

(2) Such appeals shall be made to the *secretary* [Administrator of the Executive Office of Staff Services] in writing setting forth the basis of the appeal.

(3) The *secretary* [administrator] shall designate an appropriate time and place to conduct a hearing. The *secretary* [administrator] may conduct the evidentiary hearing or he may designate a hearing examiner to conduct such hearings. If a hearing examiner conducts such hearings, he shall submit findings and recommendations to the *secretary* [administrator].

(4) At the hearing, all parties shall have the right to be heard publicly and to be represented by counsel to present evidentiary facts. At the hearing of such appeal, technical rules of evidence shall not apply.

(5) Following the hearing, the *secretary* [administrator] shall issue a written opinion, a copy of which shall be provided to all parties. The decision of the *secretary* [administrator] shall be final unless appealed to the circuit court of the county where the controversy originates.

**EMERGENCY REGULATION
Department of Transportation
Bureau of Vehicle Regulation
Personalized License Plates**

WHEREAS, the 1976 General Assembly enacted Senate Bill No. 223, Section 3 of which authorizes the issuance of a personalized license plate; and

WHEREAS, the Department of Transportation has

determined that a regulation implementing Senate Bill No. 223, Section 3, should become effective the same date as the statute becomes effective in order to regulate the issuance and use of personalized plates; and

WHEREAS, the Commissioner of the Bureau of Vehicle Regulation, in conjunction with the Secretary of the Department of Transportation, pursuant to KRS 13.082 and KRS 186.174, has promulgated the Regulation hereinabove referenced;

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by the authority vested in me by Section 13.085(2) of the Kentucky Revised Statutes, hereby acknowledge the finding of the Bureau of Vehicle Regulation within the Department of Transportation that an emergency exists and direct that the attached Regulation become effective immediately upon being filed in the Office of the Legislative Research Commission.

JULIAN M. CARROLL, Governor
DREXELL R. DAVIS, Secretary of State

DEPARTMENT OF TRANSPORTATION
Bureau of Vehicle Regulation

601 KAR 9:012E. Personalized license plates.

RELATES TO: KRS 186.174

PURSUANT TO: KRS 13.082, 186.174

EFFECTIVE: June 21, 1976

EXPIRES: October 19, 1976

NECESSITY AND FUNCTION: KRS 186.174, as enacted by the 1976 General Assembly, empowers the Department of Transportation to adopt rules and regulations to implement the provisions as set forth therein for the issuance of a personalized license plate. This regulation is intended to implement the provisions of KRS 186.174.

Section 1. In the event more than one application is received by the Department requesting the same combination of letters of the alphabet and/or arabic numerals, the application received first is the one which the department shall accept and issue a personalized license plate based thereon. In order to establish the time of receipt each application shall immediately be time-stamped. This time-stamp shall also be used by the department to determine whether the application was timely received.

Section 2. The application period for the obtaining of a personalized plate shall be from April 1 through September 1 of the year preceding that in which the plate is to be issued. Applications received before April 1 or after September 1 during the year preceding that in which the plate is to be issued shall be rejected.

Section 3. No personalized plate shall be used on a motor vehicle other than the one for which it was issued.

Section 4. A personalized plate shall be obtained from the county clerk of the county in which the applicant would be required to register his vehicle. If an applicant moves to another county prior to the time he would be required to obtain his personalized plate, he shall notify the department of the new county of residence and the

department shall forward his personalized plate to the clerk of such county. If an applicant moves to another county after the time he would be required to obtain his personalized plate, he shall notify the department, the county clerk of his new county of residence, and the county clerk of his old county of residence. The county clerk of the applicant's former county of residence shall, upon notification, forward the plate to the applicant's new county of residence.

Section 5. If a personalized plate is issued through oversight or any other reason which carries letter or number combinations offensive to good taste and decency, it shall be recalled by the department and the regular tag issued under KRS 186.050(1) shall be obtained by the owner of the motor vehicle and placed on the vehicle.

Section 6. If a personalized plate is not renewed before September 1 of the year preceding that in which it was to be issued, the department shall not issue a plate bearing the same letter or number combinations for one year and then only upon proper application.

803 KAR 4:020E. Inspection fees.

RELATES TO: KRS 336.510 to 336.680

PURSUANT TO: KRS 13.082, 336.620

EFFECTIVE: July 1, 1976

EXPIRES: October 28, 1976

NECESSITY AND FUNCTION: KRS 336.620 authorizes the commissioner to prescribe the fee to be charged for each inspection of an elevator. The function of this regulation is to set forth the fee to be charged in order to raise enough revenue to properly administer the inspection program.

Section 1. Schedule of Fees. (1) Construction permit fee for installation of each new elevator shall be fifty dollars (\$50) plus four dollars (\$4) per door opening.

(2) Alteration permit fee of existing elevator shall be fifty dollars (\$50) plus four dollars (\$4) per door opening.

(3) Construction permit fee for installation of each escalator shall be fifty dollars (\$50) per unit.

(4) General inspection fee for each passenger elevator and escalator shall be fifty (\$50) per annual inspection.

(5) Inspection fee for each inspection by a general inspector made on request by the owner or user of the elevator shall be fifty dollars (\$50).

(Proposed Amendment)

805 KAR 4:010E. Licensing blasters.

RELATES TO: KRS 351.320, 351.330, 351.340, 351.990

PURSUANT TO: KRS 13.082, 351.340

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.320 requires the Department of Mines and Minerals to license blasters. This regulation spells out the licensing requirements and duties of a blaster to effect this law.

Section 1. Licensing of Blasters. (1) No person shall *detonate* [cause detonation of] explosives in any blasting operation in which more than five (5) pounds of explosives or the equivalent are used in a single charge *or in which less than five (5) pounds of explosives is used by a regular user, excluding blasting for agriculture and underground coal, unless he is licensed by the department. The department shall issue a license to use explosives to any person who:* [unless he has passed an examination, prescribed by the department, which shall test the examinee's skill and knowledge of the principles and practice of blasting operations and the storage, moving, handling, and detonation of explosives.]

(a) *has worked in blasting operations for at least twenty-four (24) months under the immediate supervision of an experienced blaster; and*

(b) *has passed an examination, prescribed by the department which shall test the examinee's practice of blasting operations and the storage, moving, handling, and detonation of explosives.*

(2) *Application for license shall be in writing upon a form furnished by the department and shall be accompanied by a fee of ten dollars (\$10). If the applicant is successful in passing the examination, a license to detonate explosives shall be issued upon the payment of an additional fee of five dollars (\$5).*

(3) *The department shall have two (2) classifications of blasting licenses and two (2) tests; one (1) termed "Kentucky Blasters License," and one (1) termed "Limited Kentucky Blasters License."*

(3) *The department shall issue a license without examination to any applicant who shall show to the department that he has, on June 16, 1972, had three (3) years experience in the handling and use of explosives.]*

(4) *Persons holding a limited Kentucky blasters license shall not conduct a blasting operation in which more than five (5) pounds of explosives are used in a single charge.*

(5) [(4)] *Each blaster shall be required to renew his license each year by application to the department, which application shall be accompanied by a fee of five dollars (\$5) [three dollars and fifty cents (\$3.50)]. The commissioner may suspend any license for due cause but no license may be revoked until the licensee has been granted a hearing.*

(6) [(5)] *The definition of a blaster for the purpose of a license is:*

(a) *A blaster is a person who makes any or all of the following decisions:*

1. *Decides hole size, spacing, or depth;*
2. *Decides total quantity of explosives;*

3. Decides quantity of explosive in each hole;

4. Decides timing delays to be used.

(b) He must be present when the charge is detonated and either physically detonates the charge or gives the order to detonate the charge.

(7) [(6)] A licensed blaster shall not take instruction on the activities covered in subsection(6) [(5)] from a person not holding a blaster's license.

(8) *Anyone failing a blasters examination may not retake the examination in less than sixty (60) days.*

PUBLIC PROTECTION AND REGULATION CABINET

Department of Mines and Minerals
Division of Explosives and Blasting

805 KAR 4:070E. Definitions.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Definitions Applicable to 805 KAR 4:070 to 805 KAR 4:150. (1) "American Table of Distances" (also known as Quantity Distance Tables) means "American Table of Distances for Storage of Explosives" as revised and approved by the Institute of the Makers of Explosives, June 5, 1964.

(2) "Approved storage facility" means a facility for the storage of explosive material conforming to the requirements of this part and covered by a license or permit issued under authority of the Internal Revenue Service (See 26 CFR Part 181).

(3) "Blast area" means the area in which explosives loading and blasting operations are being conducted.

(4) "Blaster" means the person or persons authorized to use explosives for blasting purposes and meeting the qualifications contained in 805 KAR 4:010.

(5) "Blasting agent" means any material or mixture consisting of a fuel and oxidizer used for blasting, but not classified an explosive and in which none of the ingredients is classified as an explosive provided the furnished (mixed) product cannot be detonated with a No. 8 test blasting cap when confined. A common blasting agent presently in use is a mixture of ammonium nitrate (NH₄/1 NO₃) and carbonaceous combustibles such as fuel oil or coal, and may either be procured, premixed and packaged from explosive companies or mixed in the field.

(6) "Blasting cap" means a metallic tube closed at one end, containing a charge of one or more detonating compounds, and designed for and capable of detonation

from the sparks or flame from a safety fuse inserted and crimped into the open end.

(7) "Block holding" means the breaking of boulders by firing a charge of explosives that has been loaded in a drill hole.

(8) "Conveyance" means any unit for transporting explosives or blasting agents, including but not limited to trucks, trailers, rail cars, barges, and vessels.

(9) "Detonating cord" means a flexible cord containing a center core of high explosives which, when detonated, will have sufficient strength to detonate other cap-sensitive explosives with which it is in contact.

(10) "Detonator" means blasting caps, electric blasting caps, delay electric blasting caps, and non-electric delay blasting caps.

(11) "Electric blasting cap" means a blasting cap designed for and capable of detonation by means of an electric blasting current.

(12) "Electric blasting circuitry" means:

(a) Bus wire. An expendable wire, used in parallel or series, in parallel circuits, to which are connected the leg wires of electric blasting caps.

(b) Connecting wire. An insulated expendable wire used between electric blasting caps and the leading wires or between the bus wire and the leading wires.

(c) Leading wire. An insulated wire used between the electric power source and the electric blasting cap circuit.

(d) Permanent blasting wire. A permanently mounted insulated wire used between the electric power source and the electric blasting cap circuit.

(13) "Electric delay blasting caps" means caps designed to detonate at a predetermined period of time after energy is applied to the ignition system.

(14) "Explosives" means:

(a) Any chemical compound, mixture, or device, the primary or common purpose of which is to function by explosion; that is, with substantially instantaneous release of gas and heat, unless such compound, mixture, or device is otherwise specifically classified by the U. S. Department of Transportation.

(b) All material which is classified as Class A, Class B, and Class C explosives by the U. S. Department of Transportation.

(c) Classification of explosives by the U. S. Department of Transportation is as follows:

1. Class A explosives. Possessing detonating hazard, such as dynamite, nitroglycerin, picric acid, lead azide, fulminate of mercury, black powder, blasting caps, and detonating primers.

2. Class B explosives. Possessing flammable hazard, such as propellant explosive, including some smokeless propellants.

3. Class C explosives. Includes certain types of manufactured articles which contain Class A or Class B explosives, or both, as components, but in restricted quantities.

(15) "Fuse lighters" means special devices for the purpose of igniting a safety fuse.

(16) "Magazine" means any building or structure, other than an explosives manufacturing building, used for the storage of explosives.

(17) "Misfire" means an explosive charge which failed to detonate.

(18) "Mud-capping" (sometimes known as bulldozing, adobe blasting, or dobying) means the blasting of boulders by placing a quantity of explosives against a rock, boulder, or other object without confining the explosives in a drill hole.

(19) "Non-electric delay blasting cap" means a blasting cap with an integral delay element in conjunction with and capable of being detonated by a detonation impulse or signal for miniaturized detonating cord.

(20) "Primary blasting" means the blasting operation by which the original rock formation is dislodged from its natural location.

(21) "Primer" means a cartridge or container of explosives into which a detonator or detonating cord is inserted or attached.

(22) "Safety fuse" means a flexible cord containing an internal burning medium by which fire is conveyed at a continuous and uniform rate for the purpose of firing blasting caps.

(23) "Secondary blasting" means the reduction of oversize material by the use of explosives to the dimension required for handling, including mudcapping and blockholing.

(24) "Stemming" means a suitable inert incombustible material or device used to confine or separate explosives in a drill hole, or to cover explosives in mudcapping.

(25) "Springing" means the creation of a pocket in the bottom of a drill hole by the use of a moderate quantity of explosives in order that larger quantities of explosives may be inserted therein.

(26) "Water gels, or slurry explosives" means a wide variety of materials used for blasting. They all contain substantial proportions of water and high proportions of ammonium nitrate, some of which is in solution in the water. Two (2) broad classes of water gels are:

(a) Those which are sensitized by a material classed as an explosive, such as TNT or smokeless powder; and

(b) Those which contain no ingredient classified as an explosive; these are sensitized with metals such as aluminum or with other fuels. Water gels may be premixed at an explosives plant or mixed at the site immediately before delivery into the borehole.

PUBLIC PROTECTION AND REGULATION CABINET

Department of Mines and Minerals
Division of Explosives and Blasting

805 KAR 4:075E. General blasting provisions.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. General Blasting Provisions. (1) The

employer shall permit only authorized and qualified persons to handle and use explosives.

(2) Smoking, firearms, matches, open flame lamps, and other fires, flame, or heat producing devices and sparks shall be prohibited in or near explosive magazines or while explosives are being handled, transported, or used.

(3) No person shall be allowed to handle or use explosives while under the influence of intoxicating liquors, narcotics, or other dangerous drugs.

(4) All explosives shall be accounted for at all times. Explosives not being used shall be kept in a locked magazine, unavailable to persons not authorized to handle them. The employer shall maintain an inventory and use record of all explosives. Appropriate authorities shall be notified of any loss, theft, or unauthorized entry into a magazine.

(5) No explosives or blasting agents shall be abandoned.

(6) No fire shall be fought where the fire is in imminent danger of contact with explosives. All employees shall be removed to a safe area and the fire area guarded against intruders.

(7) Original containers or Class II magazines, shall be used for taking detonators and other explosives from storage magazines to the blasting area.

(8) When blasting is done in congested areas or in proximity to a structure, railway, or highway, or any other installation that may be damaged, the blaster shall take special precautions in the loading, delaying, initiation, and confinement of each blast with mats or other methods so as to control the throw of fragments, and thus prevent bodily injury to employees.

(9) Employees authorized to prepare explosive charges or conduct blasting operations shall use every reasonable precaution including, but not limited to, visible and audible warning signals, flags, or barricades, to ensure employee safety.

(10) In so far as possible, blasting operations above ground shall be conducted between sunup and sundown.

(11) Due precautions shall be taken to prevent accidental discharge of electric blasting caps from current induced by radar, radio transmitters, lightning, adjacent power lines, dust storms, or other sources, of extraneous electricity. These precautions shall include:

(a) Detonators shall be short-circuited in holes which have been primed and shunted until wired into the blasting circuit.

(b) The suspension of all blasting operations and removal of persons from the blasting area during the approach and progress of an electric storm.

(c) The prominent display of adequate signs, warning against the use of mobile radio transmitters, on all roads within 1,000 feet of blasting operations. Whenever adherence to the 1,000-foot distance would create an operational handicap, this distance may be modified. Specimens of signs which would meet these requirements are as follows:

"Blasting Zone 1,000 Feet" "Turn off Two-Way Radio."

(d) Compliance with the recommendations of The Institute of Makers of Explosives with regard to blasting in the vicinity of radio transmitters as stipulated in Radio Frequency Energy — A Potential Hazard in the use of Electric Blasting Caps, IME Publication No. 20, March 1971.

(12) Empty boxes and paper and fiber packing materials, which have previously contained high explosives, shall not be used again for any purpose, but shall be

destroyed by burning at an approved location.

(13) Explosives, blasting agents, and blasting supplies that are obviously deteriorated or damaged shall not be used.

(14) Delivery and issue of explosives shall only be made by and to authorized persons and into authorized magazines or approved temporary storage or handling areas.

(15) Blasting operations in the proximity of overhead powerlines, communication lines, utility services, or other services or structures shall not be carried on until the operators and/or owners have been notified and measures for safe control have been taken.

(16) The use of black powder shall be prohibited, except when a desired result cannot be obtained with another type of explosive such as in quarrying certain types of dimension stone.

(17) All loading and firing shall be directed and supervised by competent persons thoroughly experienced in this field.

(18) All electric blasts shall be fired with an electric blasting machine or properly designed electric power source.

Section 1. Blasters' Qualifications. (1) A blaster shall be able to understand and give written and oral orders.

(2) A blaster should be in good physical condition and not be addicted to narcotics, intoxicants, or similar types of drugs.

(3) A blaster shall be qualified by reason of training, knowledge or experience, in the field of transporting, storing, handling, and the use of explosives, and have a working knowledge of state and local laws and regulations which pertain to explosives.

(4) Blasters shall be required to furnish satisfactory evidence of competency in handling explosives and performing in a safe manner the type of blasting that will be required.

(5) The blaster shall be knowledgeable and competent in the use of each type of blasting method used.

PUBLIC PROTECTION AND REGULATION CABINET
Department of Mines and Minerals
Division of Explosives and Blasting

805 KAR 4:085E. Dealer registration; record requirements.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Dealer Registration. Each person intending to engage in business as an importer or a manufacturer of, or a dealer in, explosive materials shall, before commencing such business, be required annually to register with the Department of Mines and Minerals. Each person shall annually fill out the registration form (E&B 36) provided by the department.

Section 2. Record Requirements. (1) Each person, corporation or entity engaged in the manufacture, purchase, or selling, of explosives, including importers, manufacturer, manufacturer limited, or dealer shall maintain in a permanent form, such records of importation, production, shipment, receipt, sale or other disposition.

(2) All records shall be retained for a period of not less than five (5) years from the date the transaction occurs or until discontinuance of business or operations. All records shall be subject to inspection and examination by the Department of Mines and Minerals.

(3) The records prescribed by Title 26, part 181.121-181.129 of the Code of Federal Regulations of the Division of Alcohol, Tobacco, and Firearms shall satisfy the requirements of this section.

Section 3. Magazine Identification. (1) All permanent, fixed, or stationary magazines shall be registered annually with the Department of Mines and Minerals. Registration forms (E&B 35) will be furnished by the department.

(2) All portable magazines shall have identification tags.

(3) The identification tags shall be approximately three (3) inches long by two (2) inches wide and shall be lettered or painted directly onto the magazine or attached such that normal use and weather will not render the tag illegible.

(4) The tags shall provide the following information:

(a) Name of owner,

- (b) Address,
- (c) Person responsible for the magazine, and
- (d) Telephone number.

This regulation effects the provisions of that law.

Section 1. Storage of Explosives and Blasting Agents.

(1) Explosives and related materials shall be stored in approved facilities required under the applicable provisions of the Internal Revenue Service regulations contained in 26 CFR 181, Commerce in Explosives.

(2) Blasting caps, electric blasting caps, detonating primers, and primed cartridges shall not be stored in the same magazine with other explosives or blasting agents.

(3) Smoking and open flames shall not be permitted within fifty (50) feet of explosives and detonator storage magazines.

(4) Permanent underground magazines containing detonators shall not be located closer than twenty-five (25) feet to any magazine containing other explosives or blasting agents.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Loading of Explosives or Blasting Agents.

(1) Procedures that permit safe and efficient loading shall be established before loading is started.

(2) All drill holes shall be sufficiently large to admit freely the insertion of the cartridges of explosives.

(3) Tamping shall be done only with wood rods or plastic tamping poles without exposed metal parts, but non-sparking metal connectors may be used for jointed poles. Violent tamping shall be avoided. The primer shall never be tamped.

(4) No holes shall be loaded except those to be fired in the next round of blasting. After loading all remaining explosives and detonators shall be immediately returned to an authorized magazine.

(5) Drilling shall not be started until all remaining butts of old holes are examined for unexploded charges, and if any are found, they shall be refired before work proceeds.

(6) No person shall be allowed to deepen drill holes which have contained explosives or blasting agents.

(7) No explosives or blasting agents shall be left unattended at the blast site.

(8) Machines and all tools not used for loading explosives into boreholes shall be removed from the immediate location of holes before explosives are delivered. Equipment shall not be operated within fifty (50) feet of loaded holes.

(9) No activity of any nature other than that which is required for loading holes with explosives shall be permitted in a blast area.

(10) Powerlines and portable electric cables for equipment being used shall be kept a safe distance from explosives or blasting agents being loaded into drill holes. Cables in the proximity of the blast area shall be de-energized and locked out by the blaster.

(11) Holes shall be checked prior to loading to determine the depth and conditions. Holes shall not be drilled where there is a danger of intersecting a charged or misfired hole.

(12) When loading a long line of holes with more than one (1) loading crew, the crews shall be separated by practical distance consistent with efficient operation and supervision of crews.

(13) No explosives shall be loaded or used underground in the presence of combustible gases or combustible dusts.

(14) All blast holes in open work shall be stemmed to the collar or to a point which will confine the charge.

(15) Warning signs, indicating a blast area, shall be maintained at all approaches to the blast area. The warning sign lettering shall not be less than four (4) inches in height on a contrasting background.

(16) A borehole shall never be sprung when it is adjacent to or near a hole that is loaded. Flashlight batteries shall not be used for springing holes.

(17) Drill holes that have been sprung or chambered, and which are not water-filled, shall be allowed to cool before explosives are loaded.

(18) No loaded holes shall be left unattended or unprotected.

(19) The blaster shall keep an accurate, up-to-date record of explosives, blasting agents, and blasting supplies used in a blast and shall keep an accurate running inventory of all explosives and blasting agents stored on the operation.

805 KAR 4:100E. Surface transportation of explosives.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Surface Transportation of Explosives.

(1) Transportation of explosives shall meet the provisions of Department of Transportation regulations contained in 14 CFR Part 103, Air Transportation; 46 CFR Parts 146-149, Water Carriers; 49 CFR Parts 171-179, Highways and Railways; 49 CFR Part 190, Pipelines; and 49 CFR Parts 390-397, Motor Carriers.

(2) Motor vehicles or conveyances transporting explosives shall only be driven by, and be in the charge of, a licensed driver who is physically fit. He shall be familiar with the local, state, and federal regulations governing the transportation of explosives.

(3) No person shall smoke, or carry matches or any other flame producing device, nor shall firearms or loaded cartridges be carried while in or near a motor vehicle or conveyance transporting explosives.

(4) Explosives, blasting agents, and blasting supplies shall not be transported with other materials or cargoes. Explosives and detonators shall be transported in separate vehicles unless separated by four (4) inches of hardwood or the equivalent, or a portable magazine.

(5) Vehicles used for transporting explosives shall be strong enough to carry the load without difficulty, and shall be in good mechanical condition.

(6) When explosives are transported by a vehicle with an open body, a Class II magazine or original manufacturer's container shall be securely mounted on the bed to contain the cargo.

(7) All vehicles used for the transportation of explosives shall have tight floors and any exposed spark-producing metal on the inside of the body shall be covered with wood, or other non-sparking material, to prevent contact with containers of explosives.

(8) Every motor vehicle or conveyance used for transporting explosives shall be marked or placarded on both sides, the front and the rear with the word "explosives" in red letters, not less than four (4) inches in height, on white background. In addition to such marking or placarding, the motor vehicle or conveyance may display, in such a manner that it will be readily visible from all directions, a red flag eighteen (18) inches by thirty (30) inches, with the word "Explosives" painted, stamped, or sewn thereon, in white letters, at least six (6) inches in height.

(9) Each vehicle used for transportation of explosives shall be equipped with a fully charged fire extinguisher, in good condition. An Underwriters Laboratory-Approved extinguisher of not less than ten (10) ABC rating will meet the minimum requirement. The driver shall be trained in the use of the extinguisher on his vehicle.

(10) Motor vehicles or conveyances carrying explosives, blasting agents, or blasting supplies, shall not be taken inside a garage or shop for repairs or servicing.

(11) No motor vehicle transporting explosives shall be left unattended.

PUBLIC PROTECTION AND REGULATION CABINET
Department of Mines and Minerals
Division of Explosives and Blasting

805 KAR 4:105E. Underground transportation of explosives.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Underground Transportation of Explosives (non-coal). (1) All explosives or blasting agents in transit underground shall be taken to the place of use or storage without delay.

(2) The quantity of explosives or blasting agents taken to an underground loading area shall not exceed the amount estimated to be necessary for the blast.

(3) Explosives in transit shall not be left unattended.

(4) The hoist operator shall be notified before explosives or blasting agents are transported in a shaft conveyance.

(5) Trucks used for the transportation of explosives underground shall have the electrical system checked weekly to detect any failures which may constitute an electrical hazard. A written record of such inspections shall be kept on file.

(6) The installation of auxillary lights on truck beds, which are powered by the truck's electrical system, shall be prohibited.

(7) Explosives and blasting agents shall be hoisted, lowered, or conveyed in a powder car. No other materials, supplies or equipment shall be transported in the same conveyance at the same time.

(8) No one, except the operator, his helper, and the powder man, shall be permitted to ride on a conveyance transporting explosives and blasting agents.

(9) No person shall ride in any shaft conveyance transporting explosives and blasting agents.

(10) No explosives or blasting agents shall be transported on any locomotive. At least two (2) car lengths shall separate the locomotive from the powder car.

(11) No explosives or blasting agents shall be transported on a man-haul trip.

(12) The car or conveyance containing explosives or blasting agents shall be pulled, not pushed, whenever possible.

(13) The powder car or conveyance especially built for the purpose of transporting explosives or blasting agents shall bear a reflectorized sign on each side with the word "Explosives" in letters, not less than four (4) inches in height, upon a background of sharply contrasting color.

(14) Compartments for transporting detonators and explosives in the same car or conveyance shall be physically separated by a distance of twenty-four (24) inches or by a solid partition at least four (4) inches thick.

(15) Explosives, blasting agents, or blasting supplies shall not be transported with other materials.

(16) Explosives or blasting agents, not in original containers, shall be placed in a suitable container when transported manually.

(17) Detonators, primers, and other explosives shall be carried in separate containers when transported manually.

PUBLIC PROTECTION AND REGULATION CABINET

Department of Mines and Minerals
Division of Explosives and Blasting

805 KAR 4:110E. Initiation of explosive charges; electric blasting.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the

maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Initiation of Explosive Charges; Electric Blasting. (1) Electric blasting caps shall not be used where sources of extraneous electricity make the use of electric blasting caps dangerous. Blasting cap leg wires shall be kept short-circuited (shunted) until they are connected into the circuit for firing.

(2) Before adopting any system of electrical firing, the blaster shall conduct a thorough survey for extraneous currents and all dangerous currents shall be eliminated before any holes are loaded.

(3) In any single blast using electric blasting caps, all caps shall be of the same style or function, and of the same manufacture.

(4) Electric blasting shall be carried out by using blasting circuits or power circuits in accordance with the electric blasting cap manufacturer's recommendations, or an approved contractor or his designated representative.

(5) When firing a circuit of electric blasting caps, care must be exercised to insure that an adequate quantity of delivered current is available, in accordance with the manufacturer's recommendations.

(6) Connecting wires and lead wires shall be insulated single solid wires of sufficient current-carrying capacity.

(7) Bus wires shall be solid single wires of sufficient current-carrying capacity.

(8) When firing electrically, the insulation on all firing lines shall be adequate and in good condition.

(9) A power circuit used for firing electric blasting caps shall not be grounded.

(10) In underground operations when firing from a power circuit, a safety switch shall be placed in the permanent firing line at intervals. This switch shall be made so it can be locked only in the "off" position and shall be provided with a short-circuiting arrangement of the firing lines to the cap circuit.

(11) In underground operations there shall be a "lightning" gap of at least five (5) feet in the firing system ahead of the main firing switch; that is, between this switch and the source of power. This gap shall be bridged by a flexible jumper cord just before firing the blast.

(12) When firing from a power circuit, the firing switch shall be locked in the open or "off" position at all times, except when firing. It shall be so designed that the firing lines to the cap circuit are automatically short-circuited when the switch is in the "off" position. Keys to this switch shall be entrusted only to the blaster.

(13) Blasting machines shall be in good condition and the efficiency of the machine shall be tested periodically to make certain that it can deliver power at its rated capacity.

(14) When firing with blasting machines the connections shall be made as recommended by the manufacturer of the electric blasting caps used.

(15) The number of electric blasting caps connected to a blasting machine shall not be in excess of its rated capacity. Furthermore, in primary blasting, a series circuit shall contain no more caps than the limits recommended by the manufacturer of the electric blasting caps in use.

(16) The blaster shall be in charge of the blasting machines, and no other person shall connect the leading wires to the machine.

(17) Blasters, when testing circuits to charged holes, shall use only blasting galvanometers equipped with a silver

chloride cell or blasters multimeter especially designed for this purpose.

(18) Whenever the possibility exists that a leading line or blasting wire might be thrown over a live powerline by the force of an explosion, care shall be taken to see that the total length of wires are kept too short to hit the lines, or that the wires are securely anchored to the ground. If neither of these requirements can be satisfied, a non-electric system shall be used.

(19) Leading wires shall remain shorted and not be connected to the blasting machine or other source of current until the charge is to be fired.

(20) After firing an electric blast from a blasting machine, the leading wires shall be immediately disconnected from the machine and short-circuited.

D. T. FROEDGE, Director

H. N. KIRKPATRICK, Commissioner

ADOPTED: June 11, 1976

APPROVED:

805 KAR 4:115E. Safety fuses.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Use of Safety Fuses. (1) The use of a fuse that has been hammered or injured in any way shall be forbidden.

(2) The hanging of a fuse on nails or other projections which will cause a sharp bend to be formed in the fuse is prohibited.

(3) Before capping safety fuse, a short length shall be cut from the end of the supply reel so as to assure a fresh cut end in the blasting cap.

(4) Only a cap crimper of approved design shall be used for attaching blasting caps to safety fuse. Crimpers shall be kept in good repair and accessible to use.

(5) No unused cap or short capped fuse shall be placed in any hole to be blasted; such unused detonators shall be removed from the working place and destroyed.

(6) No fuse shall be capped or primer made up, in any magazine or near any possible source of ignition.

(7) No one shall be permitted to carry detonators or primers of any kind on his person.

(8) The minimum length of safety fuse to be used in blasting shall be as required by state law, but shall not be less than thirty (30) inches.

(9) At least two (2) men shall be present when multiple

cap and fuse blasting is done by hand lighting method.

(10) Not more than twelve (12) fuses shall be lighted by each blaster when hand lighting devices are used. However, when two (2) or more safety fuses in a group are lighted as one (1) by means of igniting cord or other similar fuse lighting devices, they may be considered as one (1) fuse.

(11) The so-called "drop fuse" method of dropping or pushing a primer or any explosive with a lighted fuse attached is forbidden.

(12) Cap and fuse shall not be used for firing mudcap charges unless charges are separated sufficiently to prevent one (1) charge from dislodging other shots in the blast.

(13) When blasting with safety fuses consideration shall be given to the length and burning rate of the fuse. Sufficient time, with a margin of safety, shall always be provided for the blaster to reach a place of safety.

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Use of Detonating Cords. (1) Care shall be taken to select a detonating cord consistent with the type and physical condition of the borehole and stemming and the type of explosives used.

(2) Detonating cord shall be handled and used with the same respect and care given other explosives.

(3) The line of detonating cord extending out of a borehole or from a charge shall be cut from the supply spool before loading the remainder of the borehole or placing additional charges.

(4) Detonating cords shall be handled and used with care to avoid damaging or severing the cord during and after loading and hooking-up.

(5) Detonating-cord connections shall be competent and positive in accordance with approved and recommended methods. Knot type or other cord-to-cord connections shall be made only with detonating cords in which the explosive core is dry.

(6) All detonating-cord trunklines and branchlines shall be free of loops, sharp kinks, or angles that direct the cord back toward the oncoming line of detonation.

(7) All detonating-cord connections shall be inspected before firing the blast.

(8) When detonating-cord millisecond-delay connectors or short-interval-delay electric blasting caps are used with detonating cords, the practice shall conform strictly with the manufacturer's recommendations.

(9) When connecting a blasting cap or an electric blasting cap to a detonating cord, the cap shall be taped or otherwise attached securely along the side or the end of the detonating cord, with the end of the cap containing the explosive charge pointed in the direction in which the detonation is to proceed.

(10) Detonators for firing the trunkline shall not be brought to the loading area nor attached to the detonating cord until everything else is in readiness for the blast.

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Firing the Blast. (1) A code of blasting signals equivalent to Table U-1, shall be posted on one or more conspicuous places at the operation, and all employees shall be required to familiarize themselves with the code and conform to it. Danger signs shall be placed at suitable locations.

TABLE U-1

WARNING SIGNAL - A one (1) minute series of long blasts five (5) minutes prior to the blast signal.

BLAST SIGNAL - A series of short blasts one (1) minute prior to the shot.

ALL CLEAR SIGNAL - A prolonged blast following the inspection of the blast area.

(2) Before a blast is fired, a loud warning signal shall be given by the blaster in charge, who has made certain that all surplus explosives are in a safe place and all employees, vehicles, and equipment are at a safe distance, or under sufficient cover.

(3) Flagmen shall be safely stationed on highways which pass through the danger zone so as to stop traffic during blasting operations.

(4) It shall be the duty of the blaster to fix the time of blasting.

(5) Before firing an underground blast, warning shall be given, and all possible entries into the blasting area and any entrances to any working place where a drift, raise or other opening is about to hole through shall be carefully guarded. The blaster shall make sure that all employees are out of the blast area before firing a blast.

This regulation effects the provisions of that law.

Section 1. Underwater Blasting. (1) A blaster shall conduct all blasting operations, and no shot shall be fired without his approval.

(2) Loading tubes and casings of dissimilar metals shall not be used because of possible electric transient currents from galvanic action of the metals and water.

(3) Only water-resistant blasting caps and detonating cords shall be used for all marine blasting. Loading shall be done through a none-sparking metal loading tube when tube is necessary.

(4) No blast shall be fired while any vessel under way is closer than 1,500 feet to the blasting area. Those on board vessels or crafts moored or anchored within 1,500 feet shall be notified before the blast is fired.

(5) No blast shall be fired while any swimming or diving operations are in progress in the vicinity of the blasting area. If such operations are in progress, signals and arrangements shall be agreed upon to assure that no blast shall be fired while any person is in the water.

(6) Blasting flags shall be displayed.

(7) The storage and handling of explosives aboard vessels used in underwater blasting operations shall be according to the provisions outlined herein on handling and storing explosives.

(8) When more than one (1) charge is placed underwater, a float device shall be attached to an element of each charge in such a manner that it will be released by

the firing. Misfires shall be handled in accordance with the requirements of 805 KAR 4:140.

This regulation effects the provisions of that law.

Section 1. Blasting in Excavation Work Under Compressed Air. (1) Detonators and explosives shall not be stored or kept in tunnels, shafts, or caissons. Detonators and explosives for each round shall be taken directly from the magazines to the blasting zone and immediately loaded. Detonators and explosives left over after loading a round shall be removed from the working area before connecting wires are connected.

(2) When detonators or explosives are brought into an air lock, no employee except the powderman, blaster, lock tender and the employees necessary for carrying, shall be permitted to enter the air lock. No other materials, supplies, or equipment shall be locked through with the explosives.

(3) Detonators and explosives shall be taken separately into pressure working chambers.

(4) The blaster or powderman shall be responsible for the receipt, unloading, storage, and on-site transportation of explosives and detonators.

(5) All metal pipes, rails, air locks, and steel tunnel lining shall be electrically bonded together and grounded at or near the portal or shaft, and such pipes and rails shall be crossbonded together at not less than 1,000-foot intervals throughout the length of the tunnel. In addition, each low air supply pipe shall be grounded at its delivery end.

(6) The explosives suitable for use in wet holes shall be water resistant and shall be in fume Class I.

(7) When tunnel excavation in rock face is approaching mixed face, and when tunnel excavation is in mixed face, blasting shall be performed with light charges and with light burden on each hole. Advanced drilling shall be performed as tunnel excavation in rock face approaches mixed face, to

805 KAR 4:140E. Misfires.

RELATES TO: KRS 351.350, 351.990

PURSUANT TO: KRS 13.082, 351.335

EFFECTIVE: June 18, 1976

EXPIRES: October 16, 1976

NECESSITY AND FUNCTION: KRS 351.335 requires the Department of Mines and Minerals to promulgate rules and regulations concerning the manufacture, transportation, sale, storage, or use of explosives and unassembled components of explosives, and the maintenance of such explosives which has a direct bearing on safety to life and property. This regulation effects the provisions of that law.

Section 1. Misfires. (1) If a misfire is found, the blaster shall provide proper safeguards for excluding all employees from the danger zone.

(2) No other work shall be done except that necessary to remove the hazard of the misfire and only those employees necessary to do the work shall remain in the danger zone.

(3) No attempt shall be made to extract explosives from any charged or misfired hole; a new primer shall be put in and the hole reblasted. If refiring of the misfired hole presents a hazard, the explosives may be removed by washing out with water or, where the misfire is under water, blown out with air.

(4) If there are any misfires while using cap and fuse, all employees shall remain away from the charge for at least one (1) hour. Misfires shall be handled under the direction of the person in charge of the blasting. All wires shall be carefully traced and a search made for unexploded charges.

(5) No drilling, digging, or picking shall be permitted until all missed holes have been detonated or the authorized representative has approved that work can proceed.

EMERGENCY REGULATION
Department of Mines and Minerals
License Fees

WHEREAS, the Commonwealth of Kentucky needs to increase the amount of coal mined in order to meet the ever increasing demands for our coal; and

WHEREAS, the orderly processing of mine license applications necessitates that reasonable fees be set for these licenses; and

WHEREAS, the Commissioner of the Department of Mines and Minerals, in conjunction with the Secretary of the Cabinet for Public Protection and Regulation, pursuant to KRS 13.082 and KRS 351.175, has promulgated the Regulation hereinabove referred to:

NOW, THEREFORE, I, JULIAN M. CARROLL, Governor of the Commonwealth of Kentucky, by the authority vested in me by Section 13.085(2) of the Kentucky Revised Statutes, hereby acknowledge the finding of the Department of Mines and Minerals that an emergency exists and direct that the attached Regulation become effective immediately upon being filed in the Office of the Legislative Research Commission.

805 KAR 5:010E. Fees for licenses to operate.

RELATES TO: KRS 351.175
 PURSUANT TO: KRS 13.082, 351.175
 EFFECTIVE: June 24, 1976
 EXPIRES: October 22, 1976

NECESSITY AND FUNCTION: KRS 351.175 requires the Department of Mines and Minerals to establish reasonable license fees. This regulation establishes the fees to be charged with respect to the application for and issuance of a license to operate a mine.

Section 1. Every application or request to the Department of Mines and Minerals for the issuance of a license to operate a mine shall be accompanied by a United States Postal Money Order or Cashier's Check drawn in favor of the State Treasurer. The amount of this license fee shall be determined by the tonnage produced from such

mine and by reference to subsections (1), (2) and (3) of this section.

(1) The license fee for mines producing at or in excess of 500,000 tons per year shall be \$1,000.

(2) The license fee for mines producing at or in excess of 100,000 tons per year but less than 500,000 tons per year shall be \$500.

(3) The license fee for mines producing less than 100,000 tons per year shall be \$100.

Section 2. No application for a license to operate a mine shall be processed and no license to operate a mine shall be issued by the Department of Mines and Minerals without first having received a United States Postal Money Order or Cashier's Check in the amount provided in Section 1.

EMERGENCY REGULATION
Department of Insurance

WHEREAS, the availability of health care liability insurance for those engaged in providing health care is necessary for the general health and welfare of the people; and

WHEREAS, the Department of Insurance has determined and finds that an emergency exists and that there is an immediate necessity to establish a Kentucky Patients' Compensation Fund; and

WHEREAS, the Commissioner of the Department of Insurance, in conjunction with the Secretary of the Cabinet for Public Protection and Regulation, pursuant to Kentucky Revised Statutes 13.082 and 304.40, has promulgated the Regulation hereinabove referenced:

NOW, THEREFORE, I, THELMA L. STOVALL, Acting Governor of the Commonwealth of Kentucky, by the authority vested in me by Section 13.085(2) of the Kentucky Revised Statutes, hereby acknowledge the finding of the Department of Insurance that an emergency exists and direct that the attached Regulation become effective immediately upon being filed in the Office of the Legislative Research Commission.

THELMA L. STOVALL, Acting Governor
DREXELL R. DAVIS, Secretary of State

PUBLIC PROTECTION AND REGULATION CABINET
Department of Insurance

806 KAR 40:010E. Patient's compensation fund.

RELATES TO: KRS 304.40-250, 304.40-260, 304.40-310, 304.40-330

PURSUANT TO: KRS 13.082, 304.2-110

EFFECTIVE: July 8, 1976

EXPIRES: November 5, 1976

NECESSITY AND FUNCTION: KRS 304.2-110 provides that the Commissioner of Insurance may make reasonable rules and regulations necessary for or as an aid to the effectuation of any provision of the Kentucky Insurance Code. This regulation establishes the Kentucky Patient's Compensation Fund procedures and requirements for a mandatory risk sharing, non-profit plan to provide, on a self-supporting basis, the payment of settlements or judgments obtained by any "claimant" on behalf of any "patient" as the result of "malpractice" committed by any "health care provider," which is a member of said Fund, to the extent that such settlements or judgments qualify for payment from the Fund under KRS Chapter 304, Subtitle 40, and this regulation.

Section 1. Definitions: (1) "Insurance required," in, by, or pursuant to KRS 304.40-330(3) shall mean a liability insurance policy providing basic coverage, of not less than \$100,000 per occurrence and annual aggregate coverage of not less than \$300,000 per year, against legal liability of the insured and against loss, damage or expense incidental to a claim of such liability, arising out of death, injury, or disablement of any person or arising out of damage to the economic interest of any person, as the result of malpractice, written on a policy form approved for such purpose by the commissioner for an insurer authorized in Kentucky to write the kind of insurance defined in KRS 304.5-070(1)(i), (j) or written by an insurer not authorized to do business in this state, if written on a policy form which the commissioner has determined to be not substantially different from those approved for authorized insurers, and if written by such nonauthorized insurer pursuant to KRS 304.10-010 through KRS 304.10-210 as a surplus line of insurance authorized for export, and if such company has theretofore declared its willingness to the commissioner to collect and promptly transmit any and all assessments determined by the commissioner and to comply with the requirement that the company give sixty (60) days notice to the commissioner of its intent to cancel or refuse renewal of the policy. Each and every such policy form approved for use in this state by the commissioner for any authorized insurer, prior to July 1, 1976, which approval is still in effect on that date, shall be deemed to provide the "insurance required," subject only to being written with, or amended on that date to provide, limits of liability equal to or exceeding those contained in this section.

(2) "Policy year," shall mean the twelve (12) consecutive months period for which the policy is to be in effect, beginning on the effective date for the policy or any anniversary date thereof.

(3) "Fund fiscal year" shall mean that twelve (12) months period beginning with the commencement of business on July 1 of any year and ending with the close of business on June 30 of the following year.

(4) Words and terms defined in subtitle 40 of Chapter 304 of the Kentucky Revised Statutes shall be accorded the meaning set forth therein.

(5) Unless otherwise defined herein, words or terms peculiar to the insurance industry shall be accorded the meaning usually applied to them in general usage in that industry or, if not in apparent conflict, as defined anywhere in any other subtitle of Chapter 304 of the Kentucky Revised Statutes.

(6) Unless otherwise defined herein, all other words and terms shall be accorded the meaning applied to them in the general usage of the English language.

Section 2. Membership in the fund for all health care providers, as defined in KRS 304.40-260 and when licensed by this state, if required, shall be attained in the following manner:

(1) Except as hereafter provided, every person licensed to practice medicine pursuant to KRS 311.550 and practicing in Kentucky, shall become a member by virtue of the acceptance or continuation of such license, and shall remain a member for the entire period for which he continues to be so licensed. Upon written application to and approval by the commissioner an exemption from membership may be granted if such person acknowledges that if the certificate of exemption is issued by the commissioner, it is for the sole purpose of exempting him from required membership and participation in the fund and does not in any way eliminate or reduce any legal liability incurred by or attributable to him and agrees with the commissioner that in the event a court of competent jurisdiction finds the exemption to be improper, and thereby subjects the fund to any liability on his behalf, he will promptly pay to the fund any sums paid as basic coverage and all assessments for which he would have been responsible during the period of exemption as if such exemption had not been granted, and if he further certifies and demonstrates to the satisfaction of the commissioner that:

(a) He is not then engaged in the practice of medicine within the State of Kentucky and will not thereafter become so engaged without first surrendering the certificate of exemption to the commissioner; or

(b) Although licensed by the State of Kentucky, his practice in this state is confined to that of a commissioned medical officer of the armed forces of the United States, or that of a medical officer of the United States Public Health Service, the United States Veterans Administration or other agencies of the government of the United States of America, performing official duties in this state under federal law; or

(c) His practice is confined to the status of a full-time employee of the State of Kentucky; or

(d) His application has been endorsed by an advisory peer group on the basis that his practice is so limited or is conducted under such special circumstances that he should not reasonably be required to participate in the fund.

(2) Every hospital located in this state and subject to compliance with any of the provisions of KRS 216.405 to 216.485 shall become and remain a member of the fund by virtue of its continued operation as a hospital, except that this section shall not apply:

(a) To any hospital owned and operated by the United States Government; or

(b) To any hospital owned and operated by the State of Kentucky, on other than a fee for service basis, if the liability for injury to patients injured in such hospital is determinable solely by the State Board of Claims provided for in KRS 44.070.

(3) Every other health care provider in KRS 304.40-260 may become a member of the fund by making written application to the commissioner on a form provided by him for that purpose and on which the commissioner will endorse his written approval if he finds that:

(a) The applicant is providing health care service pursuant to a license issued by this state, or is an officer, director or agent thereof; or

(b) Is a corporation, partnership or sole proprietorship directly providing health care services to its employees;

(c) And that the applicant's propensity for causing

incidence of claim is not so great as to create an unfair burden on the other members of the fund in the event the applicant is approved as a member.

Section 3. (1) Membership in the plan shall terminate when:

(a) The license of the health care provider upon which the membership is based is suspended or revoked by action of the licensing authority which granted it;

(b) The member has given written notification to the commissioner, at least thirty (30) days prior to the close of any fiscal year of the fund, that the member is no longer a health care provider and has voluntarily surrendered any existing license, upon which membership was based, to the licensing authority which granted it;

(c) The member has secured an exemption from participation in the fund from the commissioner pursuant to Section 2, subsection (1) of this regulation;

(d) The membership has been secured pursuant to Section 2, subsection (3) of this regulation and the member has given written notification to the commissioner at least thirty (30) days prior to the close of any fiscal year of the fund that the member desires termination of the membership;

(e) When the member for any reason ceases to have the insurance required or a program of self insurance approved by the commissioner.

(2) Unless the commissioner for good cause, after a hearing, orders otherwise, all terminations of membership become effective at the close of any fiscal year of the fund during which they occurred.

(3) Termination of membership shall not discharge or otherwise affect the member's liability for assessments set by the commissioner to be paid to the fund for the annual period covered by the fiscal year of the fund during any part of which the membership was in effect.

Section 4. (1) Any member hospital may propose a self-insurance plan by submitting to the commissioner a certified copy of the resolution of its board of directors adopting such a plan. The commissioner shall approve any such plan if he finds that it meets the following standards:

(a) It provides that the hospital agrees to pay any final judgment entered against the hospital by any court of competent jurisdiction for any claim or claims arising from malpractice in an amount not exceeding \$100,000 for any one occurrence and \$300,000 in the aggregate during any fiscal year of the fund for which the hospital is a member; provided, however that a self-insurance plan may provide in the alternative that the hospital may obtain insurance in any amount less than the insurance required, in which event the plan shall provide that the hospital shall agree to pay any final judgment entered against the hospital by any court of competent jurisdiction for any claim or claims arising from malpractice in an amount equal to the difference between the amount of coverage provided by such insurance for any occurrence and in the aggregate and \$100,000 per any one (1) occurrence and \$300,000 in the aggregate for all claims incurred during any fiscal year of the fund for which the hospital is a member.

(b) It provides that the hospital shall report promptly to the commissioner on forms prescribed by him such information as he may require to determine the hospital's ability to make the payments provided by the plan. This report shall include, but need not be limited to, a listing of each claim made by or on behalf of any patient against the hospital growing out of alleged malpractice, the amount of

each claim if then known; whether the hospital has denied liability for each claim; the amount paid in settlement of any claim; the amount paid in satisfaction of any judgment; and the amount of the balance then in the claims reserve account or trust fund established pursuant to paragraph (d) of this subsection.

(c) It provides that the hospital shall establish a claims management and risk management program, which shall include, as a minimum, procedures satisfactory to the commissioner for the prompt investigation of each malpractice claim reported to it to determine whether malpractice liability exists and its cause; procedures for the efficient processing, adjustment and reasonable settlement of such claims; procedures for the defense by qualified counsel of claims that cannot be adjusted or settled; and procedures to examine the causes of losses and to take action to reduce their frequency and severity, including a safety program and employee and professional training program. The hospital may undertake such a claims and risk management program through its own qualified personnel, or it may undertake part or all of such a program through the services of independent contractors, including insurance agents and lawyers.

(d) It provides a reliable financial arrangement for the payment of claims by means of a claims reserve account and security deposit as described in paragraph (e) of this subsection, or by means of a trust fund as described in paragraph (f) of this subsection.

(e) It provides, if the hospital proposes to satisfy the requirement of paragraph (d) of this subsection by means of a claims reserve account and security deposit, that the hospital shall maintain a claims reserve account for the payment of all incurred but unpaid claims and claims expenses occurring during its membership in the fund and not covered by a policy of insurance or transferable to the fund, and to place on deposit with the Custodian of Insurance Securities, as security for the payment of claims out of the claims reserve account, a security deposit consisting of marketable securities, of the kinds in which insurance companies are permitted to invest, in an amount equal to \$1,000 for each acute care bed licensed to the hospital, but not less than \$25,000 nor more than \$300,000. In lieu of said security deposit, the commissioner may accept the posting of a bond with good and sufficient surety for the faithful execution of the plan and the payment of all claims, benefits, expenses or assessments due pursuant thereto, in a principal amount equal to that which would be required if the security deposit had been made.

(f) It provides, if the hospital proposes to satisfy the requirement of paragraph (d) of this subsection by means of a trust fund, that the hospital shall establish a trust fund with a recognized independent trust agent which is not related through ownership or control to the hospital, such as a bank or trust company. The trust fund shall be managed by the trustee in accordance with the Kentucky law governing trusts pursuant to a written trust agreement that includes, in addition to the provisions required to be in a trust instrument by Kentucky law, the following provisions:

1. The trustee shall have legal title to the fund and shall be responsible for its proper administration and control;

2. Loans by the trustee from the trust fund to the hospital shall not be permitted;

3. Withdrawals from the trust fund shall be made only for the payment of those claims for which this section authorizes a self-insurance plan, and the following related expenses: expenses incurred by the trustee in the

management of the fund, expenses incurred by the hospital in administering the claims management and risk management program provided by paragraph (c) of this subsection, and legal and actuarial expenses actually related to the hospital's self-insurance plan and the management of the trust fund.

4. The hospital shall, upon the establishment of the fund and annually thereafter, pay into the fund an amount to be determined by an independent actuary and approved by the commissioner who shall be instructed to analyze the fund, using actuarial methods customarily employed by the insurance industry to determine the soundness of malpractice self-insurance reserve funds, and to submit to the hospital, with a copy to the commissioner, a certified statement of the amount necessary to be paid into the fund and the time at which it shall be paid so that the fund will support disbursements to cover payment of claims made under this subparagraph together with the expenses authorized by subparagraph 3. of this paragraph. The certified statement shall also provide for an estimate of the amounts, if any, determined by the actuary to be in excess of what is reasonably needed to support such anticipated disbursements from the fund. Upon payment of such amount, the hospital shall promptly submit to the commissioner proof of such payment.

5. In the event the hospital discontinues operations, or discontinues its self-insurance plan and purchases the insurance required, an independent actuary shall be instructed to analyze the balance in the fund to determine the adequacy of the fund to support disbursements to cover payment of future claims and expenses arising from instances occurring while payments into the fund were being made, and the trustee shall maintain an appropriate reserve in the fund to pay such claims.

6. The trustee shall submit a certified financial statement to the hospital and to the commissioner no later than sixty (60) days after the end of each fiscal year of the fund stating the balance in the fund at the beginning of the year; current year payments; the amount and nature of all withdrawals from the fund, including a separate accounting for claims management expenses, legal expenses, actuarial expenses, and claims paid; and the fund's balance. If the fund remains in existence after the hospital discontinues operations or discontinues its self-insurance plan, such an annual statement shall be submitted each year until the fund is closed.

7. Any income earned by the fund must become part of the fund.

(g) It provides that the hospital shall make all books and records relating to the plan available to the commissioner for examination to determine that the plan is being operated in conformity with KRS 304.40-250 to 304.40-330 and this regulation.

(2) A self-insurance plan may be proposed by any health care provider, other than a hospital covered under Section 4, subsection (1) herein, and such plan shall be approved by the commissioner if he finds that it meets the following standards:

- (a) The health care provider agrees to pay any final judgment imposed upon him by any court of competent jurisdiction or any claim or claims arising from malpractice in an amount not exceeding \$100,000 for any one (1) such claim or \$300,000 for all such claims incurred during any fiscal year of the fund for which the health care provider is a member.

- (b) The health care provider agrees to place into escrow and maintain a security deposit consisting of marketable

securities of the kinds in which insurance companies are permitted to invest with a current value of not less than \$100,000. Thereafter, the commissioner from time to time may require such health care provider to deposit additional securities in the escrow account so as to provide potential claimants essentially the same protection as is afforded under "insurance required." Such escrow account may be established with any bank or trust company in Kentucky authorized by law to provide such services, under terms of an escrow agreement to which the commissioner would be a party and which will restrict the use of the escrow funds for any purpose other than for the self-insurance plan. Marketable securities acceptable to the commissioner may be substituted and transferred in or out of the said escrow account so long as the market value of such securities on deposit continues to meet the minimum requirements set forth in this regulation.

(c) The health care provider agrees to report promptly to the commissioner each and every incident or occurrence causing injury or death of any patient which may result in a claim against such health care provider for malpractice. Such reports shall set forth the amount of damages claimed if known, the amount reserved for the payment of such claim and any amounts paid in settlement of such claim.

(d) The health care provider agrees to promptly cause any such claim to be investigated and defended if necessary through the services of qualified persons, even though he may consider any such claim to be false and groundless.

(e) The health care provider agrees to make all books and records relating to the self-insurance plan available to the commissioner for examination to determine that the plan is being operated in conformity with KRS 304.40-250 to 304.40-330 and this regulation. ;

Section 5. (1) On or before May 1 of each year the commissioner shall issue an order prescribing a formula for the setting of assessments applicable to each member of the class of membership to which he belongs. Such formula shall contemplate to the extent reasonably possible any difference between the membership classes and their subclasses as to propensity for causing loss to the fund. The formula shall be designed to provide sufficient funds to pay all anticipated claims and expense incurred by the fund during the following fund fiscal year. It may vary as to form, content or application between those providing the required insurance through purchase of a policy and those providing it through an approved self-insurance plan. However, it shall be designed to maintain the fiscal integrity of the fund and not to produce any assessment in excess of the limits contained in KRS 304.40-330(3)(a).

(2) The order prescribing the formula shall be distributed promptly to every member and every insurer providing any malpractice insurance in this state and shall be applied by the member or member's insurer to determine the member's liability to the fund, for its subsequent fiscal year, as follows:

(a) For each insured member, other than a hospital, the member's insurer shall apply the percentage produced by the formula as applicable to such member to the gross premium charged such member for the required insurance coverage issued or renewed for such member to become effective during the fiscal year for which the formula was prescribed and the amount thereof shall be collected by the insurer at the same time that its premium is collected, and shall be included in, and transmitted to the fund with a report to the commissioner filed not later than fifteen (15)

days following the end of the month in which it was collected.

(b) Each qualified self insurer member, other than a hospital, shall apply the percentage produced by the formula as applicable to such member, to the average premium for such member's class and subclassification as determined by the commissioner, and shall remit such amount to the fund with a completed report form provided by the commissioner for such purpose on or before July 1 of the fiscal year for which the assessment formula is applicable.

(c) Based upon the applicable formula, each member hospital, whether insured or self insured, shall determine its annual assessment and shall report same to the commissioner, on a form provided by him for such purpose, on or before July 1 of the fiscal year for which the assessment formula is to apply and shall transmit therewith to the fund a sum at least equal to one-twelfth (1/12) of its determined annual assessment, and shall, on or before the first day of each and every succeeding month in the fiscal year, transmit to the fund an additional one-twelfth (1/12) of the annual assessment until the assessment is paid in full.

(3) In the event the assessment of any member or any portion thereof remains unpaid more than thirty (30) days after it shall have become due to be transmitted to the fund, the commissioner shall forthwith notify the state authority which licenses such member for proceedings by that authority to suspend the license on which the membership is based.

(4) Assessments shall be fully earned by the fund when they become due and payable by the member, but no member shall be required to pay more than one (1) annual assessment in any fiscal year.

Section 6. (1) Every insurer on behalf of its insured members and every self insured member shall promptly report to the commissioner as a potential loss to the fund every claim made by or on behalf of any patient growing out of alleged malpractice against such member, when the claim for damages may exceed the sum of \$100,000.

(2) Upon request of the commissioner the insurer or self insured member shall advise the commissioner as to the current status of its handling of any claim which has been reported as a potential loss to the fund and shall furnish any documentation required by him.

(3) When the insurer of any member or any self insured member has negotiated what it believes to be a reasonable settlement of the claim or is required to satisfy any final judgment thereon, the insurer or self insured shall, if the payment of such settlement or satisfaction is dependent upon any payment by the fund, jointly with the claimant petition the commissioner for approval of such settlement. Such petition shall briefly state the alleged facts on which the claim for malpractice is based, the name and address of the injured party, the nature and extent of injury sustained, the type and amount of damages alleged and the amount and terms of the proposed compromised or negotiated settlement. The commissioner shall approve such settlement and order the payment of the fund's proportionate share only if he is satisfied that the settlement is fair and reasonable under all the circumstances and in the best interest of both the claimant and the member, or is in satisfaction of a final judgment obtained by the claimant against the member.

(4) In the event a settlement shall be proposed by an insurer and a claimant, and the commissioner shall approve such settlement, then if such settlement is rejected by the

member of the fund, the fund shall be indemnified by the member for the amount of any judgment in excess of the fund's liability for the rejected settlement and the costs of defense incurred after rejection of the settlement offer.

(5) Every insurer on behalf of its insured members, or self-insured member on its own behalf, shall report to the commissioner within sixty (60) days of the date on which it makes a final settlement or a final judgment is entered against it on any claim in an amount less than that requiring approval by the commissioner or payment by the fund, which report shall contain the information required in a petition for settlement approval, as set forth in subsection (3) of this section, except that the claimant need not join therein.

(6) The commissioner shall report monthly to the proper licensing authority a summary of the information obtained by him under subsections (3) or (5) of this section with respect to settlements or judgments involving any and all health care providers licensed by such authority for the purpose of facilitating such authority's review of the fitness of such health care provider as required by KRS 304.40-310(2).

Section 7. (1) The commissioner shall designate an employee of the Department of Insurance to serve as the Administrator of the fund under the supervision and direction of the commissioner.

(2) The administrator shall establish and maintain such accounts and records as may be necessary to:

(a) Properly identify each and every member by name, address, license number, membership number as well as the current membership classification to which he belongs.

(b) Establish the current fiscal condition of the fund on a cash basis for any designated accounting period.

(c) Establish the current fiscal condition of the fund on an accrual basis for any designated accounting period.

(d) Provide the commissioner with adequate statistical information on which the commissioner can determine a formula for the setting of assessments for each membership classification on a basis which shall not unfairly discriminate between members.

(e) Anticipate the cash flow requirements of the fund in order that surplus cash, if any, and in such amount as may be certified by the commissioner, may be invested and reinvested by the State Treasurer for the benefit of the fund.

(f) Adequately document the source of all income to the fund and the purpose of all expenditures therefrom.

(g) Adequately document all claims reported to the fund.

(h) Adequately document all official action taken by or on behalf of the commissioner in the management of the fund.

(3) Any reports required to be made by or on behalf of any member shall be deemed the confidential personal property of the person required to so report and such reports shall not be made public except with the explicit written consent of the person so reporting.

Section 8. (1) Coverage shall be provided by the fund to all members for the payment of all claims, arising from legal liability imposed upon the member and growing out of malpractice committed by the member in excess of \$100,000 per occurrence or \$300,000 annual aggregate. Such coverage shall be extended to the member on the same terms and conditions as the policy of insurance, or approved self-insurance plan, which is maintained by the member as insurance required.

(2) In the event any member whose membership has been attained under Section 2, subsections (1) or (2) of this regulation is unable to acquire the insurance required, and the commissioner determines that KRS 304.40-330(6) is applicable, then the commissioner shall:

(a) Determine a premium to be charged such member based upon such member's education, training and experience as well as his classification for insurance purposes, which premium shall not exceed 300 percent of the average then on file with the commissioner by insurers authorized to write such coverage for risks of the same classification and experience; and

(b) Issue to such member a certificate of basic coverage within the fund and, in his discretion, contract with an insurer authorized to write and writing such coverage in this state for the furnishing of any services required for such basic coverage within the fund.

(3) In the event of the activation of a joint underwriting association pursuant to KRS 304.40-030 no certificate of basic coverage shall be issued to, or renewed for any member unless he has applied for such coverage in and has been rejected by the joint underwriting association.

(4) In the event any member has in effect at the time of any loss, insurance in excess of the insurance required, the excess coverage provided by the fund shall be liable only for a payment to any claimant in excess of all valid and collectable malpractice insurance applicable to the event giving rise to the claim against the fund hereinafter called "applicable insurance." Upon the filing of a claim required to be filed with the fund under KRS 304.40-330(8)(b) the commissioner shall immediately give notice of such claim to each malpractice insurer providing excess applicable insurance and shall require all such insurers to pay such claim up to the limits of liability of such malpractice insurance. If any insurer providing such excess applicable insurance fails or refuses to pay such claim when it is within the coverage provided by the excess policy, the commissioner shall determine the fitness of such insurer under the provisions of KRS Chapter 304 to continue to hold a "Certificate of Authority" to do business in this state.

HAROLD B. McGUFFEY, Commissioner

Amended Regulations

(In order to show the effect of amendments, the original regulation is reprinted with matter being deleted enclosed within brackets and new matter underlined where typewritten, or in italics if typeset.)

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY (Proposed Amendment)

11 KAR 5:030. Student eligibility requirements.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785

PURSUANT TO: KRS 13.082, 164.748(3)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky post-secondary institutions. This regulation sets forth eligibility requirements for KHEAA grant programs.

Section 1. Eligibility of students. In order to qualify for a KHEAA grant, a student shall:

- (1) Be a resident of the Commonwealth of Kentucky;
- (2) Be enrolled as a full-time student in an eligible course of study;
- (3) Be enrolled in an eligible institution;
- (4) Have established financial need for the grant program assistance pursuant to 11 KAR 5:050 and 11 KAR 5:060;
- (5) Have remaining eligibility. A student enrolled in an associate degree program shall be limited to four (4) semesters or six (6) quarters of grant eligibility. A student enrolled in a bachelor's degree program shall be limited to eight (8) semesters or twelve (12) quarters of grant program eligibility. An exception may be granted if the bachelor's program leads to a first degree and is designed to be completed in a ten (10) semester period in which case the eligibility may be extended at the discretion of the authority to ten (10) semesters[;]. *A student enrolled in an eligible program of a duration not otherwise covered by this regulation shall have the same number of semesters or quarters of grant program eligibility as are normally required for a student to complete that eligible program;* and
- (6) Not receive financial assistance in excess of financial need.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: The Executive Director, Kentucky Higher Education Assistance Authority, 120 Mero Street, Frankfort, Kentucky 40601.

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY (Proposed Amendment)

11 KAR 5:060. Award determination procedure.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785

PURSUANT TO: KRS 13.082, 164.748(3)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky post-secondary institutions. This regulation sets forth the award determination procedures for the KHEAA grant programs.

Section 1. State Student Incentive Grant Program eligibility. Each application shall be reviewed for determination that all eligibility requirements set forth in 11 KAR 5:030 for SSIG are met. If the applicant is eligible for SSIG consideration, the amount of award eligibility shall be determined by reference to the SSIG award determination table for the appropriate academic year or portion thereof. Awards shall be assigned for dependent students in order of ascending expected parental contribution and for independent students in order of ascending expected student and/or spouse contribution, with applicants having the least expected contribution receiving awards first. SSIG awards shall be offered to the extent that funds are available.

Section 2. Kentucky Tuition Grant Program eligibility. Whether or not the applicant is eligible for a SSIG award, the application shall be reviewed for determination of eligibility for a Kentucky Tuition Grant award.

Section 3. KTG need. For each KTG eligible applicant, the KTG need shall be computed according to the following formula: KTG need equals total cost of education minus the sum of:

- (1) Expected basic grant;
- (2) Expected parental contribution for dependent applicants or expected student and/or spouse contribution for independent applicants; and
- (3) SSIG. *Need for one (1) semester shall be determined by dividing by two (2) the results of this formula.*

Section 4. KTG award. (1) If an applicant has not received a SSIG award but the KTG need is an amount equal to or greater than \$200, the KTG shall be the lesser of the KTG need or the maximum grant authorized by KRS 164.785(3) provided that KTG awards shall be offered only to the extent that funds are available.

(2) If an applicant has received a SSIG award and the KTG need is an amount equal to or greater than fifty dollars (\$50), the KTG award shall be the lesser of the KTG need or the maximum grant authorized by KRS 164.785(3)

provided that KTG awards shall be offered only to the extent that funds are available.

Section 5. Minimum award amount. The minimum KHEAA grant awarded to any recipient for a given academic year shall be \$200. Minimum award for a one (1) semester grant shall be \$100.

Section 6. SSIG and/or KTG shall be awarded as a KHEAA grant.

Section 7. A KHEAA grant shall not exceed the cost of tuition and fees charged to the student during the academic year of the award. A semester award shall not exceed tuition and fee charges for that semester.

Section 8. The authority may reduce or revoke a KHEAA grant upon receipt of documentation that the total non-repayable gift assistance from other state funds in combination with the KHEAA grant exceeds the student's total cost of education.

Section 9. The authority shall reduce or revoke a KHEAA grant upon receipt of documentation that financial assistance from sources other than the authority in combination with the KHEAA grant exceeds the institution's financial need determination for that student. The KGPO and the award recipient shall make every reasonable effort to provide the authority the information needed to prevent an overaward.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: The Executive Director, Kentucky Higher Education Assistance Authority, 120 Mero Street, Frankfort, Kentucky 40601.

SECRETARY OF THE CABINET

Department of Revenue
(Proposed Amendment)

103 KAR 15:060. Estimated tax; amended declarations; short years.

RELATES TO: KRS 141.042, 141.300, 141.305, 141.990

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: This regulation is specifically required by KRS 141.042, 141.300, and 141.305 to provide for amended and short-year declarations of estimated tax. *It is amended to reflect 1976 legislation.*

Section 1. General. A declaration of estimated tax return for a short taxable year shall be filed by any individual whose income exceeds \$2,000 from which Kentucky tax is not withheld [\$1,000, not subject to Kentucky withholding], and by any corporation whose Kentucky income tax liability for the short taxable year can reasonably be expected to exceed \$5,000. *However, no declaration is required of an individual if the estimated tax is less than forty dollars (\$40).* A short taxable year contains more than five (5) months and less than twelve (12) months. A declaration is not required of any taxpayer for a period of less than five (5) months.

Section 2. Time for filing: (1) Individuals. A declaration for a short taxable year shall be filed at the time required by KRS 141.300(3).

(2) Corporations. A declaration for a short taxable year shall be filed at the time required by KRS 141.042(3).

Section 3. Payment. (1) Individuals. Estimated Kentucky income tax for the short taxable year shall be paid at the times prescribed by KRS 141.305(1) except that any installments unpaid at the close of the short taxable year shall be paid when the income tax return is filed.

(2) Corporations. Estimated Kentucky income tax for the short taxable year shall be paid at the times prescribed by KRS 141.044 except that any installments unpaid at the close of the short taxable year shall be paid when the income tax return is filed.

Section 4. Fiscal Years. Fiscal-year taxpayers shall substitute corresponding dates for dates prescribed for calendar-year taxpayers.

Section 5. Penalties. Individuals and corporations which fail to file and pay declarations of estimated tax for the short taxable years are subject to penalties contained in KRS 141.990.

Section 6. Amended Declarations. Individuals and corporations may file amended declarations of estimated income tax during any interval between installment dates. If an amended declaration is filed, any remaining installment(s) shall be adjusted to reflect the amendment. An amended declaration made after the third installment shall be paid in full when the amendment is filed.

MAURICE P. CARPENTER, Commissioner

ADOPTED: July 2, 1976

RECEIVED BY LRC: July 2, 1976 at 10:15 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Commissioner, Department of Revenue, Capitol Annex Building, Frankfort, Kentucky 40601.

SECRETARY OF THE CABINET

Department of Revenue
(Proposed Amendment)

103 KAR 17:020. Combined individual returns.

RELATES TO: KRS 131.130, 141.050, 141.180

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: This regulation provides a basis for the combined individual income tax return which permits married taxpayers to gain benefits of separate filing on one return. The regulation also covers other points related to individual income tax forms. *It is amended to add authority for social security numbers.*

Section 1. Forms. (1) Resident. A resident return shall be filed on Revenue Form 740 (long form) or 740-S (short form) except that a new resident may file on Revenue Form 740-NP (nonresidents and part-year residents).

(2) Nonresidents. A nonresident return shall be filed on Revenue Form 740-NP.

Section 2. Filing Elections. (1) Separate Return. Any individual, whether married or single, may elect to file a separate return.

(2) Joint Return. A husband and wife may elect, for any year, to file a joint return if they are married at the close of the taxable year; or a surviving spouse may elect to file a joint return if the husband or wife died during the taxable year even though one spouse had no gross income. If a joint return is filed, the gross income and adjusted gross income of husband and wife are computed in an aggregate amount and the deductions and the net income are also computed on an aggregate basis. If separate returns have been filed by both spouses for the taxable year, the husband and wife may elect to file an amended joint return if the Department of Revenue is notified in writing that the separate return election is rescinded. Likewise, if husband and wife have filed a joint return for the taxable year, they may elect to file an amended combined or amended separate returns. A return marked "amended" will satisfy this requirement. Persons filing joint returns are jointly and severally liable for all taxes, penalties, and interest accruing under the return.

(3) Combined Return. A husband and wife may elect, for any year, to file a combined return if they are married at the close of the taxable year. If a combined return is filed, the gross income, adjusted gross income, deductions, net income, tax credits, and tax liabilities of the husband and wife are computed separately but the tax shall be assessed on an aggregate basis. If a husband and wife elect to file a combined return, refunds shall be made payable to the husband and wife jointly and the husband and wife shall be jointly and severally liable for all taxes, penalties, and interest. Married couples electing to file a combined return shall not be permitted to rescind such election and file separate returns for that taxable year.

Section 3. General Provisions. (1) Forms may be obtained from the Department of Revenue, Frankfort, Kentucky, 40601. Each taxpayer must carefully prepare his return so as to set forth fully and clearly the information required and attach copies of all withholding statements designated to be filed with the Kentucky income tax returns. Returns which are not so prepared will not be accepted as meeting the requirements of the law. In the absence of a prescribed form, a statement made by a taxpayer disclosing his gross income and the deductions therefrom may be accepted as a tentative return. If filed within the prescribed time, such statement will relieve the taxpayer from penalties for failure to file or late filing if the tentative return is promptly supplemented by a return made on the proper form.

(2) The *social security number* and complete home address (together with the official post office and zip code) shall be given in the space provided at the top of the return for the name and address of the taxpayer. A taxpayer having a permanent business address may give that address as the principal or mailing address if the complete home address is also given within the space provided.

(3) The return may be made by an agent if the taxpayer is unable to do so. Whenever a return is made by

an agent, it must be accompanied by a power of attorney, unless, by reason of absence, illness or other good cause, the taxpayer is unable to execute a power of attorney.

(Proposed Amendment)

103 KAR 17:030. Filing requirements.

RELATES TO: KRS 141.020, 141.180

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: This regulation explains individual income tax return filing requirements for both residents and nonresidents, and is amended to reflect 1976 legislation.

Section 1. Residents. A Kentucky resident shall file an individual income tax return for each year if any of the following conditions are met:

(1) *Single, or married filing separately, with an adjusted gross income of \$1,650 or more;*

(2) *Married, and living with husband or wife with a combined adjusted gross income of \$2,650 or more;*

(3) *Single and blind, or age sixty-five (65) or over, with an adjusted gross income of \$3,650 or more;*

(4) *Married, and living with husband or wife, if both spouses are age sixty-five (65) or over with an adjusted gross income of \$5,400 or more; or*

(5) *An individual who is both age sixty-five (65) or over and blind with an adjusted gross income of \$4,900 or more.*

(6) *Notwithstanding the above filing requirements, any individual with \$1,650 or more of gross income from self-employment shall file a return.*

[(1) Single, or married and not living with husband or wife, with a gross income of \$1,200 or more, or a net income of \$1,000 or more; or

(2) Married and living with husband or wife, with a gross income of \$2,500 or more, or a net income of \$2,000 or more; or

(3) Blind, or age of sixty-five (65) or over, with a gross income of \$2,500 or more, or a net income of \$2,000 or more.]

Section 2. Nonresidents. A full-year nonresident shall file an individual income tax return if *he has any gross income from Kentucky sources and a total gross income from all sources of \$1,650 or more* [any taxable income is received from Kentucky sources and total income meets the tests established in subsections (1) to (3) of Section 1]. A person moving out of Kentucky during the year shall file an individual income tax return if the tests established in [subsection (1) to (3) of] Section 1 are met, and shall report income from all sources while a Kentucky resident

and income from Kentucky sources after become a nonresident.

Department of Revenue
(Proposed Amendment)

103 KAR 17:040. Military personnel; filing extension.

RELATES TO: KRS 141.215

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: This regulation explains a special filing extension provided by law for certain military personnel.

Section 1. General. A Kentucky resident on active service with the United States Army, Navy, Marines, Air Force, [or] Coast Guard, or *Public Health Service* may defer filing his return and the payment of the tax, which would otherwise become due, *while serving in a combat zone designated by presidential proclamation and for twelve (12) months after such service.* [during the period of military service, until twelve (12) months after the termination of military service or twelve (12) months after the termination of the national emergency, whichever is the earlier date. The term "national emergency" is defined as any period when a combat zone is established by presidential proclamation for federal income tax purposes.] *Military personnel, not serving in a combat zone, shall file returns by April 15 of the following year, or corresponding date for fiscal years, unless granted an extension of time to file as explained in regulation 103 KAR 15:050.*

Section 2. Interest and Penalties. Interest and penalties do not accrue during any period of deferment. However, if the taxpayer does not pay the deferred taxes within the twelve (12) month deferment period described above, interest and penalty will accrue from the original due date of the delinquent return.

MAURICE P. CARPENTER, Commissioner

ADOPTED: July 2, 1976

RECEIVED BY LRC: July 2, 1976 at 10:15 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: Commissioner, Department of Revenue, Capitol Annex Building, Frankfort, Kentucky 40601.

SECRETARY OF THE CABINET

Department of Revenue
(Proposed Amendment)

103 KAR 17:070. Personal tax credits.

RELATES TO: KRS 141.010, 141.020

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: This regulation explains the procedure for determining personal income tax credits and includes special rules for new residents and nonresidents. *It reflects the additional credits provided by the 1976 General Assembly.*

Section 1. General. A twenty dollar (\$20) tax credit is permitted for each personal exemption allowed by the Internal Revenue Code *except those for age sixty-five (65) and over and blindness. Kentucky law further provides an additional forty dollar (\$40) tax credit to taxpayers who are age sixty-five (65) and older and also provides another forty dollar (\$40) tax credit to taxpayers who are blind, regardless of age. Thus, all taxpayers have one (1) basic credit (\$20), taxpayers age sixty-five (65) or over have three (3) tax credits (\$60), taxpayers who are blind (regardless of age) have three tax credits (\$60), and taxpayers age sixty-five (65) or over and also blind have five tax credits (\$100.* An additional twenty dollar (\$20) tax credit is permitted for each taxpayer who is a member of the Kentucky National Guard on the last day of the taxable year.

Section 2. Persons Becoming Residents or Nonresidents During the Year. The tax credits described in Section 1 are reduced to the percentage that Kentucky income bears to total income.

Section 3. Nonresidents. (1) General. Nonresidents may claim tax credits, described in Section 1, to the extent of the percentage that Kentucky gross income bears to total income. Married taxpayers, who both have Kentucky income, may file separate returns or may file a joint return. If separate returns are filed, each taxpayer must claim his or her tax credit (including credits for age sixty-five (65) or over and blindness) but credits for dependents may be claimed by either taxpayer. The total dependents claimed by both taxpayers, however, may not exceed the total allowable.

(2) Special Rule. A special rule is provided for a married nonresident, with income from Kentucky sources, whose spouse has no Kentucky income. Allowable tax credits, permitted by Section 1, may be determined by either of the following methods:

(a) The taxpayer may claim his tax credit (including credits for age sixty-five (65) or [and] over and blindness) by multiplying his total credit(s) by the percentage of his Kentucky income to his total income. Credits for spouse and other dependents are not permitted by this method.

(b) The taxpayer may claim a portion of his tax credits (including credits for age sixty-five (65) or [and] over and blindness) plus credits for his spouse and other dependents. The allowable portion is determined by multiplying the total credits by the percentage of his Kentucky income to the total income of both spouses.

Section 4. Division of Tax Credits. Married resident taxpayers filing separate or combined returns must claim

their own tax credits but may divide tax credits of dependents in any manner they elect.

(Proposed Amendment)

103 KAR 17:080. Retirement income.

RELATES TO: KRS 141.021

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: This regulation describes certain retirement income which is exempt or partially exempt from Kentucky income tax and provides rules for calculating the exempt portion of such income. *The age limitations established by the 1976 General Assembly are added.*

Section 1. General. Retirement income, with exceptions explained below, is included in gross income under the provisions of the Internal Revenue Code.

Section 2. Exempt Retirement Income. Retirement income received from the Social Security Administration and the Railroad Retirement Board (including supplemental benefits) is exempt from income tax. The following retirement income is specifically exempt by Kentucky law which established the retirement systems:

- (1) Kentucky teachers retirement income,
- (2) Kentucky state employees and county employees retirement income, and
- (3) Kentucky judicial retirement income.

Section 3. Military and Civil Service Retirement. Federal Civil Service retirement income *and military service retirement income* received by persons *fifty (50)* [sixty-five (65)] years of age *or* [and] older [and military service retirement income received by persons fifty (50) years of age and older] may be excluded; limited to \$4,000 of such retirement income. The \$4,000 maximum exclusion is reduced by earned income, as defined in Section 911(b) of the Internal Revenue Code. The reduction applies as follows:

If Earned Income from Other Sources is:	The Maximum Retirement Exclusion is:
\$3,000 or less	\$4,000
\$3,001 to \$4,000	3,000
\$4,001 to \$5,000	2,000

SECRETARY OF THE CABINET

Department of Revenue
(Proposed Amendment)

103 KAR 18:050. Withholding statements; Form K-2.

RELATES TO: KRS 141.330, 141.335

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: Under authority of KRS 141.335, this regulation specifies the information that is required on employer income tax withholding statements.

Section 1. General. Employers must furnish to each employee, by January 31 following the close of the calendar year, the designated copies of the Withholding Statement, Revenue Form K-2 (the state portions of the combined federal and state withholding statements are also acceptable) if:

- (1) Tax has been withheld from wages, or
- (2) Tax would have been withheld if the employee had claimed no more than one (1) withholding exemption.

Section 2. Contents. (1) Revenue Form K-2 (or the state portion of the combined withholding statements) must contain the following information:

- (a) Employer's and employee's name and address,
- (b) Employer withholding account number,
- (c) Employee's social security number,
- (d) Total wages paid to employee,
- (e) Federal income tax withheld, and
- (f) Kentucky tax withheld.

(2) Withholding statements prepared incorrectly or on unacceptable forms will be returned to the employer for reissuance. Commercially printed forms must contain a designated space for state name and for state *tax* [form number]. They must also be legible and conform substantially in content and size with the official form. An employer must submit commercially printed substitute forms to the department for written approval before they may be used.

Section 3. Interrupted and Terminated Employment. If employment ends before the close of the calendar year, the designated copy of the withholding statement must be furnished to the employee within thirty (30) days from the last payment of wages. In the case of in-

interrupted employment, where there is reasonable expectation on the part of both employer and employee of further employment during the calendar year, the furnishing of the statement may be deferred to the date when the expectation of further employment during the calendar year ceases to exist.

Section 4. Incorrect and Duplicate Statements. If it becomes necessary to correct a Revenue Form K-2 after it has been issued to an employee, the new statement must be clearly marked "Corrected by Employer." If the statement is lost or destroyed, the employer shall prepare and issue duplicate copies to the employee. The duplicate copies must be clearly marked "Duplicate."

Section 5. Department Copy. Designated copies of all withholding statements issued must be submitted to the department by each employer with Revenue Form K-3 or K-3B. A list totaling the tax withheld as shown on the statements must be submitted. A large number of statements may be grouped in separate units and a list may be submitted for each unit. In such case a summary must be submitted totaling all unit lists. The statements may be submitted to the department in packages of convenient size. The packages must be identified with the name of the employer and consecutively numbered. The number of packages must be indicated immediately following the employer's name on Revenue Form K-3 or K-3B. Revenue Form K-3 or K-3B and the remittance should be filed in the usual manner, accompanied with a statement that the withholding statements are in separate packages. The employer may request permission to submit the department copy in the form of a computer listing. Computer listing requirements will be furnished upon request.

Section 6. Extension. Upon application to the department, the Income Tax Division is authorized to grant employers an extension of time, not in excess of thirty (30) days, in which to furnish employees with the designated copy of withholding statements.

RELATES TO: KRS 141.325

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: KRS 141.325(7) authorizes the department to prescribe by regulation the form and content of employee withholding exemption certificates. This regulation cites various situations and circumstances and provides instructions for employees in each particular case. *Liability limits are increased to conform to 1976 Legislation.*

Section 1. Exemption Certificate. Upon employment, an employee must file a withholding exemption certificate (Revenue Form K-4), showing the number of exemptions, with his employer, which shall remain in effect until changed (See Section 5). The tax must be withheld as if no exemptions were claimed if the employee does not file an exemption certificate.

Section 2. Change in Exemption. An amended certificate should be filed by employees to show changes in exemptions. The employer may make the amended certificate effective with the next payment of wages or the effective date may be postponed until the following January 1 or July 1 whichever occurs first but at least thirty (30) days after the date the certificate is filed.

Section 3. Amended Certificate Must be Filed. An employee must file an amended certificate, reducing the number of exemptions, within ten (10) days: (1) When spouse claimed is divorced or legally separated or claims own exemption(s), or

(2) When an employee determines that a dependent claimed will not qualify.

Section 4. Amended Certificate May be Filed. An employee may file an amended certificate increasing the number of exemptions any time: (1) The employee's spouse does not claim own exemption(s),

(2) A child is born or adopted,

(3) The employee begins to support a relative or other person qualifying as an exemption and expects to claim that person as an exemption for the current year,

(4) The employee becomes blind, or the spouse becomes blind and does not claim own exemption, or

(5) The employee or spouse reaches the age of sixty-five (65) and does not claim own exemption.

Section 5. Special Exemption Certificate. Upon employment, an employee may file (Revenue Form K-4E) with his employer and exempt the income from withholding provided: (1) The employee incurred no tax liability for the preceding year,

(2) No liability is anticipated for the current year, and

(3) The anticipated annual income will not exceed an adjusted gross income of \$1,650 [a gross income of \$1,100] for a single person or \$2,650 [\$2,200] combined adjusted gross income for married persons.

Section 6. Multiple Employers. An employee with

multiple employers may claim the special exemption with each employer provided no liability occurred for the preceding year and none is anticipated for the current year.

Section 7. Expiration. The special exemption certificate will expire on the last day of the fourth month following the close of the taxable year; or within ten (10) days if the employee reasonably anticipates that a tax liability will occur. If this exemption certificate is discontinued or expires, a new employee withholding exemption certificate (Form K-4) must be filed with the employer (See Section 1).

CABINET FOR DEVELOPMENT
Department of Fish and Wildlife Resources
(Proposed Amendment)

301 KAR 1:015. Boats and outboard motors; size limits.

RELATES TO: KRS 150.025, 150.090, 150.620, 150.625

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: It is necessary to regulate the size of outboard motors and boats on state-owned lakes to minimize the conflict with the primary purposes of the lakes which are the perpetuation of fish or game populations and the associated sports. *It is necessary to limit the horsepower of boat motors used on lakes Malone, Beshear, and Guist Creek for safety.* [it is necessary to amend this regulation to increase the boat length limit from 16 feet to 18 feet 6 inches in the two largest lakes - Malone and Beshear.]

Section 1. No boat of any type, canoes excepted, will be permitted on any of the herein named lakes with a centerline exceeding sixteen (16) feet in length as measured on deck or from bow to stern, except on Lake Malone and Lake Beshear where the centerline length cannot exceed eighteen (18) feet six (6) inches; however, in no case shall pontoons that may be used in floating the decking or superstructure of boats exceed a length of twenty-two (22) feet

Section 2. No houseboats of any description will be permitted on any of the herein named lakes.

Section 3. No motor of any type is permitted on the following lakes:

- (1) Lake Chumley, Lincoln County;
- (2) Dennie Gooch Lake, Pulaski County;
- (3) Martin County Lake, Martin County;
- (4) Kingdom Come Lake, Harlan County.

Section 4. Electric motors only may be used on the following lakes:

- (1) Carter Caves Lake, Carter County;
- (2) Spurlington Lake, Taylor County;
- (3) Marion County Lake, Marion County;
- (4) Elliott County Sportsmen's Lake, Elliott County;
- (5) Lake Washburn, Ohio County;
- (6) Bert Combs Lake, Clay County;
- (7) McNeely Lake, Jefferson County;
- (8) Lake Mauzy, Union County;
- (9) Carpenter Lake and Kingfisher Lakes, Daviess County;
- (10) Metcalfe County Lake, Metcalfe County;
- (11) Briggs Lake, Logan County.

Section 5. Electric motors only may be used on the following lakes located in Ballard County. These lakes are closed 15 October to 15 March, annually:

- (1) Big Turner;
- (2) Little Turner;
- (3) Shelby;
- (4) Mitchell;
- (5) Happy Hollow;
- (6) Burnt Slough;
- (7) Butler.

Section 6. No motor larger than six (6) H.P. may be used on Greenbo Lake located in Greenup County.

Section 7. No motor larger than ten (10) H.P. (inboard or outboard) may be used on the following state-owned lakes; however, slow speeds which cause no disturbance or interference with fishing must be exercised at:

- (1) Shanty Hollow Lake, Warren County;
- (2) Bullock Pen Lake, Grant County;
- (3) Lake Boltz, Grant County;
- (4) Falmouth Lake, Pendleton County;
- (5) Elmer Davis Lake, Owen County;
- (6) Beaver Creek Lake, Anderson County;
- (7) Herb Smith Lake, Harlan County;
- (8) Corinth Lake, Grant County;
- (9) Wilgreen Lake, Madison County.

Section 8. *No boat motor larger than 150 H.P. may be used, and all boat motors used must have an underwater exhaust on the following state-owned lakes:* [There is no size limit on motors on the following state-owned lakes:]

- (1) Guist Creek Lake, Shelby County;
- (2) Lake Malone, Todd, Muhlenberg and Logan Counties;
- (3) Lake Beshear, Christian and Caldwell Counties.

Section 9. All officers and agents of the Department of Fish and Wildlife Resources shall have full authority to enforce the provisions of this regulation. Failure to comply with the rules and specifications set forth in this regulation shall constitute grounds for revocation of the rights and privileges of any person to admittance to and to the use of these public waters.

ARNOLD L. MITCHELL, Commissioner

Dr. ROBERT C. WEBB, Chairman

ADOPTED: June 18, 1976

APPROVED:

WILLIAM L. SHORT, Secretary

RECEIVED BY LRC: June 30, 1976 at 11:30 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: The Commissioner, Department of Fish and Wildlife Resources, Capital Plaza Tower, Frankfort, Kentucky 40601.

CABINET FOR DEVELOPMENT
Department of Fish and Wildlife Resources
(Proposed Amendment)

301 KAR 3:010. Acts of depredation prohibited.

RELATES TO: KRS 150.300, 150.460, 150.620, 150.640

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: [In accordance with KRS 150.640,] This regulation is necessary to protect from any acts of depredation lands and waters owned or controlled by the Department of Fish and Wildlife Resources as fishing waters, wildlife management areas, fish hatcheries and refuges. The function of this regulation is to contribute to the protection, maintenance and development of these lands and waters and their associated wildlife through regulated and prudent use by the public. *This amendment is necessary because the reference to KRS 150.640 limited the authority of this regulation and Goose Island is no longer a refuge.*

Section 1. No person shall misuse the lands or waters owned or controlled by the Department of Fish and Wildlife Resources by acts such as, but not limited to, the cutting of trees, dumping of trash and littering, stealing or gleaned crops, permitting livestock to enter, cutting of fences, burning, damaging roads by entry of unauthorized equipment, or by any other act of depredation.

Section 2. Vehicles must use designated parking areas if such are available.

Section 3. Camping permitted only in designated camping areas on department owned or controlled lands or waters.

Section 4. No person may place any substance on or in department owned or controlled lands or waters that may be injurious to aquatic life, wildlife or wildlife habitat, or allow any substances to escape onto lands or into waters or drainage systems of a water area.

[Section 5. No persons, except Department of Fish and Wildlife Resources employees, U.S. Fish and Wildlife Service Special Agents, and U.S. Army Corps of Engineers personnel shall go upon the premises of Goose Island Refuge on Barren River Lake for any reason other than official or assigned duties.]

Section 5. [6.] No vehicle, motorcycle or other mechanized equipment is permitted, except on maintained roads of state owned or controlled lands unless authorized in writing by the commissioner.

DEVELOPMENT CABINET
Department of Agriculture
(Proposed Amendment)

302 KAR 20:070. Stockyards.

RELATES TO: KRS Chapter 257

PURSUANT TO: KRS 13.082, Ch. 257

NECESSITY AND FUNCTION: To designate sanitary requirements and operational procedures in all stockyards, sales barns, public stockyards and livestock markets relative to disease control.

Section 1.⁶ Operating Sale Requirement. (1) The owner or manager operating a stockyard, sales barn, public stockyard or livestock market shall arrange for an accredited, licensed veterinarian approved by the Department of Agriculture to be present in said sales point to carry out the provisions of this regulation.

(2) The person operating a public sale shall provide separate pens or a yarded division for isolating animals classed as reactors to brucellosis or any infectious, contagious or communicable disease.

(3) The owner operating a public sale shall provide adequate space, utilities, hot water and assistance for the accredited, licensed veterinarian to officially carry out the provisions of this regulation.

(4) The owner or operator shall furnish and maintain one or more cattle chutes suitable for restraining animals for inspection of any infectious, contagious or parasitic condition, testing, tagging, branding and other procedures routinely required in providing livestock sanitary services at stockyards.

(5) The owner or operator shall maintain records of the seller and purchaser of all livestock for one (1) year. These records to be made available to Department of Agriculture representatives for inspection upon request during regular business hours.

(6) The owner or operator shall provide adequate facilities and service at a nominal cost, if not available at or near the yards, for cleaning and disinfecting cars, trucks or other vehicles which have transported to the stockyards animals known to be infected with or exposed to a contagious, infectious, communicable or parasitic disease with a disinfectant approved by chief livestock sanitary official.

Section 2. General Requirements. (1) All stockyards and sales barns shall be routinely cleaned and disinfected and maintained in workable sanitary condition. Stockyards and sale barns shall be inspected as required by a representative of the board.

(2) After an occurrence of any infectious, contagious, parasitic or communicable disease of livestock in a stockyard, sales barn or public stockyard it shall be cleaned and disinfected with approved disinfectants in a manner approved by the chief livestock sanitary official before livestock shall be permitted to enter or leave said stockyard, sales barn or public stockyard.

(3) Livestock found to be infected and showing clinical or diagnostic symptoms of an infectious, contagious, parasitic or communicable disease shall upon recommendation of stockyard veterinarian or authorized representative of the chief livestock sanitary official be quarantined in an isolated portion of the yards for treatment,

additional diagnostic laboratory procedures, disposition to slaughter or other disposition pursuant to accepted methods of disease prevention and control.

(4) All livestock originating from a quarantined herd or premises shall be sold under permit for immediate slaughter.

(5) The card test shall be the official test for brucellosis at stockyards. All swine, cattle and dairy goats over six (6) months of age must be tested. All animals showing positive reaction must be sold for immediate slaughter only.

(6) Upon disclosure of a reactor(s) by the stockyard veterinarian, all cattle in the consignment from the same herd must be sold for slaughter or returned to the farm of origin under quarantine for retesting. Assembled cattle are considered to be a herd.

Section 3. Veterinary Compensation. Accredited veterinarians shall receive for services rendered a fee that has been agreed on by the stockyard operators, the accredited veterinarians and approved by the chief livestock sanitary official. Such fees shall be deducted from the seller's or buyer's check, depending upon conditions of sale and shall be paid to the accredited veterinarian at the close of the day's business.

Section 4. Veterinary Duties. The contract stockyard veterinarian shall: (1) Examine and validate certificates pertinent to the movement of livestock to be sold.

(2) Conduct required tests of livestock.

(3) Inspect all livestock in cooperation with assigned livestock inspector for clinical evidence of infectious, contagious, or parasitic diseases.

(4) Vaccinate all livestock for the prevention of disease as required.

(5) Obtain blood samples and conduct associated laboratory tests. Submit such specimens to state-federal laboratory for confirmation. Such specimens shall be posted by mail or delivered directly to state-federal laboratory within twenty-four (24) hours.

(6) Compile and present such reports as are routinely required to the chief livestock sanitary official.

(7) Report the presence of any infectious or contagious disease condition to chief livestock sanitary official on forms provided by the department.

Section 5. Cattle Requirements. (1) Tuberculosis:

(a) Imports: cattle six (6) months of age or older for dairy and breeding purposes shall be negative to an official tuberculin test within thirty (30) days of date of entry or originate directly and immediately from an accredited herd or eradicated free state.

(b) Cattle classified as suspects or those originating from a quarantined herd shall not be imported.

(c) Reciprocal agreements with adjoining states may be effective in lieu of specific requirements.

(d) Kentucky cattle: no tuberculosis requirements if to a Kentucky destination.

(2) Brucellosis:

(a) Cattle six (6) months of age or over which are offered for sale or are consigned to the stockyard for breeding and dairy purposes shall be separated from all other cattle in stockyard pens maintained for this consignment. *All animals in each consignment will be kept as a unit, either sold as breeding animals or slaughter animals.*

(b) Cattle six (6) months of age or older, except for the

following, shall be negative to an official brucellosis test within last eight (8) days of sale:

1. Official vaccinates identified by official tattoo twenty-four (24) months of age and under provided heavy springers and females post partum shall be negative regardless of age at time of sale.

2. Steers.

3. Cattle from certified herd.

4. Cattle consigned directly to a recognized slaughtering center with no diversion enroute except to another approved stockyard for reconsignment direct to slaughter within ten (10) days.

5. Feeder cattle consigned directly to a feed lot holding a valid feeding permit.

6. Calves under six (6) months of age.

(c) Backtagged cattle:

1. *Test all male and female animals over eighteen (18) months of age at the first point of concentration or assembly point.*

2. [1.] All cattle, except steers and spayed heifers eighteen (18) months of age or older consigned to any stockyard, sales barn or public stockyard or purchased direct by any slaughtering establishment shall be backtagged in a routine manner prescribed by the department unless negative to brucellosis test within eight (8) days.

3. [2.] Backtags placed on slaughter cattle shall not be removed at any time or by any person only under specific instructions from the chief livestock sanitary official.

4. [3.] *Backtagged cattle may not be sold or moved from the stockyard for any purpose other than immediate slaughter unless animals in the consignment it/they arrived with are negative to brucellosis test within eight (8) days prior to sale.* Backtagged cattle shall proceed directly to a recognized slaughtering center with no diversion whatever enroute except to *only one other* [another] approved stockyard or public stockyard for reconsignment to slaughter. Proof of slaughter or a brucellosis test shall be verified within ten (10) days of date of backtagging.

5. [4.] Materials for the backtagging program shall be furnished by the department and/or Animal and Plant Health Inspection Service, Veterinary Services, United States Department of Agriculture.

Section 6. Swine Requirements. (1) As prescribed in 302 KAR 20:080.

(2) Effective January 1, 1971, all serum requirements for swine moving into or through the Commonwealth of Kentucky were rescinded.

(3) Breeding swine: All breeding swine six (6) months of age or older shall in addition be negative to an official blood test for brucellosis at time of sale or have originated directly from a validated herd.

(4) Livestock markets, buying stations, and concentration points handling all classes of swine:

(a) All swine, including slaughter swine, to be inspected by an accredited veterinarian prior to leaving market.

(b) Swine moving interstate from markets to be in compliance with Title 9, Part 76, CFR, herein filed by reference, including health certification by the accredited veterinarian authorized by the state to furnish such services.

(c) Slaughter swine leaving premises to be consigned only for immediate slaughter to a recognized slaughtering establishment approved for this purpose in accordance with federal and state regulations.

(d) Markets to maintain well-constructed pens and swine-handling facilities that are clean and in good repair.

(e) Markets to provide pens surfaced with impervious material for holding and handling feeder pigs and breeding swine.

(f) Markets to provide satisfactory, well-lighted facilities for inspection and proper restraint.

(g) Clean and disinfect holding and handling pens, alleys and other facilities used in selling swine after use by each lot of swine under procedures specified by state and federal agencies to guard against spread of disease.

(h) Maintain records of origin and destination for all swine entering market and grant federal and state inspectors access to such records. Identification as to farm where farrowed shall be maintained for all feeder pigs and breeding stock and all slaughter swine which may be diverted for purposes other than slaughter. Records shall be maintained for one (1) year.

(i) Feeding and breeding swine must be placed in pens separate and apart from slaughter swine. All swine designated for slaughter must be delivered directly to an approved slaughter establishment with no diversion enroute.

(j) Permit no cull pigs to enter market unless provisions are made to pen such pigs separate and apart from all other swine so contact with healthy swine does not occur. Facilities used by these swine will not be used by other swine until cleaning and disinfecting have been accomplished. Further, cull swine to be permanently identified by an ear tag in the right ear, quarantined to the purchaser, and released from said quarantine by consignment to slaughter only. A cull pig is defined as one which does not pass veterinary inspection for health.

(k) Permit no garbage fed swine to enter market unless provisions are made to handle and pen such swine separate and apart from all other swine to avoid contact with other marketable swine.

(l) Permit no swine to be moved into or from the market unless a state or federal inspector releases such swine.

(m) Require all buyers of swine to determine the purpose of their movement. If for slaughter and there is any reason to believe the swine might be diverted (underweight swine, thin sows, etc.) the inspector may require that such swine be identified by ear tag and consigned to slaughter on a special permit. Further, any swine with which these swine mingle shall cause the entire lot to be ineligible for movement except to slaughter.

(n) Permit no feeder pigs or breeding swine to remain in the market more than seventy-two (72) hours.

(o) No feeding or breeding swine are to be allowed in any market for resale within thirty (30) days from prior sale date.

(5) Livestock markets, buying stations and concentration points handling slaughter swine only:

(a) Swine moving interstate to be in compliance with Title 9, Part 76, CFR, herein filed by reference, and applicable state regulations.

(b) Accept swine only for slaughter and to permit no swine to leave market except for slaughter only.

(c) Markets to maintain well-constructed pens and swine-handling facilities that are clean and in good repair.

(d) Maintain records of origin and destination for all swine entering market and grant federal and state in-

spectors access to such records. Records shall be maintained one (1) year.

(e) Isolate all swine suspected of being affected with or exposed to infectious disease, promptly notify the state or federal agency, and hold such swine in isolation pending instructions on disposition.

(f) Clean and disinfect holding and handling pens, alleys, and other facilities used in selling swine under procedures specified by state and federal agencies to guard against spread of disease.

Section 7. Sheep and Goat Requirements. (1) As prescribed in 302 KAR 20:040.

(2) Before the beginning of a sale all sheep and goats to be sold for breeding purposes that are free from evidence of infectious, contagious or parasitic disease shall be separated from all other sheep and goats in a part of the yard provided for this purpose.

(3) All sheep and goats that as individuals or any part of an assembled group show evidence of any infectious, contagious, communicable or parasitic disease must be sold for immediate slaughter or otherwise disposed of under permit issued by chief livestock sanitary official.

(4) Goats for dairy or breeding purposes if free from evidences of any infectious, contagious or parasitic disease shall originate directly and immediately from a brucellosis certified free herd or if six (6) months of age or over be negative to an official brucellosis test within thirty (30) days of date of sale.

**DEPARTMENT OF JUSTICE
Kentucky Law Enforcement
Foundation Program Fund
(Proposed Amendment)**

503 KAR 5:010. Definitions.

RELATES TO: KRS 15.420

PURSUANT TO: KRS 15.450, 15A.160

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. This regulation establishes the definitions to be utilized in the law enforcement program fund administrative regulations.

Section 1. Definitions. As employed in the Kentucky Law Enforcement Foundation Program Fund administrative regulations, unless the context requires otherwise the following words and phrases have the following meanings:

(1) "Department" means the Department of Justice.

(2) "Secretary" means the Secretary of the Department of Justice

(3) "Bureau" means the Bureau of Training.

(4) [(5)] "Fund" means the Kentucky Law Enforcement Foundation Program Fund as provided in KRS 15.410 to 15.510.

[(4)] "Executive Office of Staff Services" means the Executive Office of Staff Services of the Department of Justice.]

(5) [(6)] "Council" means the Kentucky Law Enforcement Council.

(6) [(7)] "Local unit" means the local unit of government of any city or county or any combination of cities or counties of the Commonwealth.

(7) [(8)] "Police officer" means a full-time member of a lawfully organized police department of county or city government who is responsible for the prevention and detection of crime and the enforcement of the general criminal laws of the state, but does not include Kentucky State Police, any elected officer, sheriff, deputy sheriff, constable, deputy constable, district detective, deputy district detective, special local peace officer, auxiliary police officer or any peace officer not specifically authorized in KRS 15.410 to 15.510.

(8) [(9)] "Full-time member" means a sworn police officer who is paid a salary by the local unit for working at least a standard work year.

(9) [(10)] "Standard work year" means 2,080 hours of employment during fifty-two (52) consecutive weeks of *forty (40) hours per week* and includes all paid vacation hours, paid sick hours, paid holiday hours, and paid training hours.

(10) [(11)] "Base salary" means the minimum annual salary, including longevity, paid to a police officer for a standard work year by the local unit, but shall not include any incentive monies paid by the fund, expenses for uniforms or equipment paid by a police officer as a condition of employment which may reduce the officer's salary, or any other remuneration directly related to employment by the local unit. *Base salary does not include any compensation for time worked in excess of forty (40) hours per week.*

(11) [(12)] "Crime prevention team" means a law enforcement unit approved by the department [and the Law Enforcement Assistance Administration, United States Department of Justice], consisting of one or more police officers who are specially trained and whose duties and responsibilities are to anticipate, recognize and appraise a crime risk and initiate action to remove or reduce that risk.

(12) [(14)] "Police training incentive" means those basic and in-service training programs financed in part by the fund which provide a financial incentive to local units and police officers who meet the requirements set forth in these regulations.

(13) [(15)] "Educational incentive" means that educational program financed in part by the fund which provides a financial incentive to local units and police officers who meet the requirements set forth in these regulations.

[(13)] "Normal salary increase" means the normal salary increase periodically due to police officers by a local unit of government.]

(14) [(16)] "Successfully completed" means earning *an average of seventy (70) percent or above on a percentage basis*, a "C" grade or better on a letter grade basis, or pass on a pass/fail basis.

(15) [(17)] "Fiscal year" means the period from July 1 through June 30 of the year next following.

(Proposed Amendment)**

503 KAR 5:030. Training and educational eligibility requirements.

RELATES TO: KRS 15.440

PURSUANT TO: KRS 15.450, 15A.160

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that [T]he Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.440 requires police officers participating in the fund to complete a specific number of hours of basic training and in-service training. This regulation establishes general basic training and in-service training requirements for participating police officers and local units of government.

Section 1. The bureau shall review the qualifications of police officers employed by local units after the effective date of this regulation, to determine the basic training, if any, which the police officer may be required to successfully complete prior to being eligible to participate in the fund.

Section 2. Any police officer employed prior to July 1, 1972, shall be deemed to have met the basic training requirements.

Section 3. Any police officer employed by a participating local unit who possesses a high school degree or its equivalent and training equivalent to the basic training requirements established by the council may be eligible to participate in the fund by successfully passing the basic training final examination.

Section 4. Any police officer employed by a participating local unit who does not possess [a high school degree or its equivalent and] training equivalent to the basic training requirements established by the council must [attain a high school degree or its equivalent and] attend those sections of the basic training course recommended by the bureau and successfully complete the basic training final examination.

Section 5. Any police officer who attends the basic training course or takes the basic training final examination and fails to successfully complete the course or fails the basic training final examination shall be ineligible to participate in the fund until such time as he successfully

completes the basic training course or successfully passes the basic training final examination, as the case may be. Provided, however, that the failure to successfully complete the course or failure to successfully pass the basic training final examination under circumstances beyond the police officer's control, such as injury or serious illness, shall not disqualify the police officer's participation in the fund if *the department is notified of these circumstances and those requirements are satisfactorily completed within a reasonable period of time.*

Section 6. Any police officer who attends a certified or recognized in-service training course and fails to successfully complete the course shall be ineligible to participate in the fund until such time as the officer successfully completes a certified or recognized in-service training program. Provided, however, that the failure to successfully complete the course under circumstances beyond the police officer's control, such as injury or serious illness, shall not disqualify the police officer's participation in the fund if *the department is notified of these circumstances, and those requirements are satisfactorily completed within a reasonable period of time.*

Section 7. Any police officer who successfully completes the basic training course during any calendar year shall be considered as having fulfilled the in-service training requirements for that year.

Section 8. The local unit must provide at least five (5) days training leave with pay not chargeable to the police officer's annual leave record for each police officer receiving in-service training.

Section 9. Each local unit employing forty (40) or more police officers shall establish a crime prevention team.

Section 10. Any police officer who does not possess a high school degree or its equivalent and who has been deemed eligible to participate in the fund pursuant to KRS 15.440(3) who terminates police service forfeits such eligibility and must meet the minimum educational requirement to re-participate in the fund.

Section 11. No police officer shall receive payments from the fund until the officer meets the basic training requirements.

Section 12. A copy of the high school diploma or GED certificate for each officer where required must be maintained by the local unit and must be available for review by appropriate departmental personnel.

503 KAR 5:040. Educational incentive plan.

RELATES TO: KRS 15.460

PURSUANT TO: KRS 15.450, 15.500, 15A.160

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.460 provides that local units of government participating in the fund shall file an educational incentive plan consistent with guidelines and standards established by the department. This regulation establishes the department guidelines and standards for educational incentive plans.

Section 1. The local unit shall file an educational incentive plan to be eligible for educational incentive benefits under the fund. The plan shall be filed with the *department* [Executive Office of Staff Services] *together with the local unit's application for participation in the educational incentive program.*

Section 2. The plan shall include the following information: (1) The names of all police officers expected to participate, their social security number, payment status, and the number of college semester hours each police officer has successfully completed.

(2) A list of acceptable areas of study which will qualify the police officer for educational incentive funds.

(3) A budget for the allocation of local educational incentive funds and state educational incentive funds.

(4) The local unit's program for assisting police officers in qualifying for educational incentive funds.

[(5) The local unit's commitment that the plan shall guarantee all police officers an equal opportunity to participate in the educational incentive fund up to the maximum benefits provided by law.]

Section 3. Educational incentive benefits shall be based solely on college credits attained by police officers. To be eligible, the police officer must successfully complete at least six (6) college semester hours.

Section 4. In order for a police officer to be eligible to receive educational incentive funds, his official transcript must be mailed directly by the college or university to the *department* [Executive Office of Staff Services] not later than thirty (30) days prior to the beginning of the month for which educational incentive funds are requested.

Section 5. (1) No college credit earned as a result of participating in a basic or in-service training program may qualify a police officer for educational incentive funds except to the extent that said training exceeds minimum standards for basic or in-service training.

(2) Only successfully completed college hours which are accepted by the accredited university or college where the police officer is currently enrolled, most recently enrolled, or earned his degree may be used to qualify the police officer for educational incentive funds. If a police officer has attended more than one (1) college or university, only those successfully completed college hours which are

accepted by the accredited college or university where the police officer is or was most recently classified as a matriculated student shall be used to qualify the police officer for educational incentive funds.

(3) All credit hours mentioned herein are semester credit hours. Participants earning credit at a college or university using a system other than the semester credit hour system shall cause that institution to provide sufficient information to the *department* [Executive Office of Staff Services] so that the participant's credits may be recomputed on a semester credit hour basis using the equivalencies officially established by that college or university.

Section 6. Police officers not actively participating in the educational incentive program on June 30, 1976, shall not be eligible for participation in this program thereafter.

JOHN L. SMITH, Secretary

ADOPTED: June 18, 1976

RECEIVED BY LRC: June 18, 1976 at 4:00 p.m.

SUBMIT COMMENT OR REQUEST FOR
HEARING TO: Secretary of Justice, State Office Building,
Frankfort, Kentucky 40601.

**DEPARTMENT OF JUSTICE
Kentucky Law Enforcement
Foundation Program Fund
(Proposed Amendment)**

503 KAR 5:050. Salary provisions.

RELATES TO: KRS 15.460, 15.470, 15.490

PURSUANT TO: KRS 15.450, 15A.160

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.470 and 15.490 set forth the purposes for which foundation program funds may be used and the reporting procedures for accounting for those funds. This regulation establishes the salary provisions and reporting procedures authorized by KRS 15.470 and 15.490.

Section 1. To be eligible for participation in the fund, the local unit shall enact or amend an appropriate ordinance or resolution effecting compliance by the local unit and its police officers with the provisions of KRS 15.410 to 15.510 and these regulations. A certified copy of the ordinance or resolution shall be submitted by the local unit to the department with the local unit's application for participation in the fund.

Section 2. [1.] (1) Incentive funds shall be used only as a cash supplement to compensate police officers who meet the qualifications established by law and these regulations.

(2) Each police officer shall be entitled to receive the state incentive fund supplement which his qualifications brought to the local unit.

(3) Incentive funds shall not be used to supplant existing salaries or as a substitute for normal salary increases *under the fund which would violate any federal or*

state law or regulation regarding wage guidelines [periodically due police officers].

Section 3. [2.] Upon acceptance for participation in the fund, the local unit shall be eligible to receive fifteen (15) percent of each qualified police officer's salary from the fund to be paid to each officer in addition to his base salary. The award to the local unit shall be based upon the total base salaries of all qualified full-time, sworn police officers employed by the local unit.

Section 4. [3.] Upon acceptance for participation in the fund, the local unit shall be eligible to receive fifty (50) per cent of any salary increase paid to police officers solely because of college credits attained not to exceed \$500 per year for any one police officer. Payment shall be based upon the following schedule:

Number of Hours Attained	Amount of Annual Incentive Payment	
	Max. Temp. Payment*	Max. Perm. Payment**
6 or more hours but less than 30	\$200	\$ 0
30 or more hours but less than 60	350	200
Associate Degree	400	250
60 or more hours but less than 90	450	350
90 or more hours but less than 120	500	450
120 or more hours but no degree	500	450
Bachelor's Degree or more	500	500

*Temporary payments can only be made to police officers who successfully complete at least twelve (12) semester hours, or the equivalent thereof each fiscal year. *Eligibility must be verified on or before the close of the respective fiscal year by submission of a current, official transcript.*

**Permanent payments may be made whether or not the officer successfully completes twelve (12) semester hours per year.

Section 5. [4.] Each police officer's base salary is calculated by using the following formula: 2,080 hours divided by the number of work hours per year required by the local unit multiplied by the salary paid by the local unit minus expenses equals the base salary paid for a standard work year. The number of base hours paid for holidays, annual leave, sick leave, and training leave are counted the same as any other work day. Examples: (1) A police officer is required to work sixty (60) hours per week (3,120 hours per year) and his pay for 3,120 hours is \$6,552. He has an expense of \$100 which is disallowed. The following application of the formula would result:

$$2080/3120 \times 6552 - 100 = 4268$$

This police officer would not qualify.

(2) A police officer works fifty-six (56) hours per week (2,912 hours per year) and his pay is \$6,406. He has an expense of \$175 which is disallowed. The following application of the formula would result:

$$2080/2912 \times 6406 - 175 = 4400$$

This police officer would qualify and his salary incentive would be computed on \$4,400.

Section 6. [5.] (1) Request for funds by the local unit shall be submitted to the *department* [Executive Office of

Staff Services] not later than thirty (30) days prior to the beginning of the month in which the funds are to be expended.

(2) The *department* [Executive Office of Staff Services] shall mail fund checks *by the first day of each month* to all local units *which* [that] have filed timely requests for funds [by the first day of each month].

(3) The local unit shall acknowledge receipt of funds to the *department* [Executive Office of Staff Services] on forms provided for that purpose.

Section 7. [6.] (1) The local unit shall include the additional compensation paid to each police officer from the fund as a part of the officer's salary in determining all payroll deductions.

(2) The local unit shall *provide each police officer with* [indicate upon] a check stub or separate receipt *upon which* the gross sum of incentive funds paid to the police officer *is identified*.

(3) The local unit shall disburse incentive funds during the month for which the funds are requested.

Section 8. [7.] The local unit shall maintain a separate account for all incentive funds which it receives pursuant to KRS 15.410 to 15.510 and these regulations.

Section 9. [8.] The local unit shall maintain records to document that each police officer devotes sufficient hours performing police duties to qualify him for incentive funds consistent with his base salary.

Section 10. [9.] (1) Each participating local unit shall submit quarterly reports to the *department* [Executive Office of Staff Services] within fifteen (15) days of the close of the quarter falling on March 31, June 30, September 30, and December 31 of each year. There shall be a separate quarterly report for police training incentive funds and educational incentive funds.

(2) The quarterly reports shall include the name, rank, social security number, date of employment, annual base salary, and the amount of incentive funds received for each police officer, *and any other information specifically requested on the respective quarterly report form*.

Section 11. *The local unit shall comply with all provisions of law applicable to local police and shall file all reports as required by laws or pursuant to these regulations.*

Section 12. *Each local unit employing forty (40) or more police officers shall provide the department with a semi-annual report on police manpower allocation. The report shall clearly demonstrate how the agency's patrol allocation has considered major crime areas.*

Section 13. [10.] (1) The local unit may be audited by the department or the Law Enforcement Assistance Administration pursuant to established audit procedures.

(2) For audit purposes, the local unit shall maintain accurate financial records. Such records shall include, but are not limited to, books of original entry, source documents supporting accounting transactions, the general ledger, subsidiary ledgers, personnel and payroll records, cancelled checks, and any related document and record.

(3) These records shall be retained by the local unit

until destruction is authorized by the department or the Law Enforcement Assistance Administration.

(Proposed Amendment)**

503 KAR 5:060. Suspension or termination of incentive funds.

RELATES TO: KRS 15.410 to 15.510

PURSUANT TO: KRS 15.450, 15A.160

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.450 authorizes the secretary to withhold or terminate payment to any local unit of government that does not comply with the requirements of KRS 15.410 to 15.510 or the regulations issued by the department. This regulation establishes the specific basis for suspension or termination of any incentive funds.

Section 1. Failure to comply with KRS 15.410 to 15.510 or the rules and regulations issued pursuant thereto may result in the suspension or termination of all incentive fund payments to the local unit and/or the return of the funds involved.

Section 2. (1) Knowingly furnishing false information required by KRS 15.410 to 15.510 or these regulations by a local unit may result in the suspension or termination of all incentive fund payments to the local unit *and/or the return of the funds involved*.

(2) Any local unit which has received incentive funds pursuant to KRS 15.410 to 15.510 or these regulations as a result of false, inaccurate, or fraudulent reporting may be required to return any funds so obtained.

JOHN L. SMITH, Secretary

(Proposed Amendment)**

503 KAR 5:070. Appeals.

RELATES TO: KRS 15.510

PURSUANT TO: KRS 15.450, 15A.160

NECESSITY AND FUNCTION: KRS 15.450 and 15A.160 provide that the Secretary of the Department of

Justice may adopt such regulations as are necessary to properly administer the law enforcement foundation program fund. KRS 15.510 provides that an appeal may be taken from any decision of the Department of Justice to withhold or terminate payments from the fund to the circuit court. This regulation establishes an internal administrative hearing process to review decisions adverse to participants in the fund and to resolve, where possible on an administrative basis, potential civil litigation.

Section 1. Appeals. (1) A party adversely affected by a decision of the *department* [Executive Office of Staff Services] pursuant to administration of the provisions of KRS 15.410 to 15.510 and these regulations may appeal that decision.

(2) Such appeals shall be made to the *secretary* [Administrator of the Executive Office of Staff Services] in writing setting forth the basis of the appeal.

(3) The *secretary* [administrator] shall designate an appropriate time and place to conduct a hearing. The *secretary* [administrator] may conduct the evidentiary hearing or he may designate a hearing examiner to conduct such hearings. If a hearing examiner conducts such hearings, he shall submit findings and recommendations to the *secretary* [administrator].

(4) At the hearing, all parties shall have the right to be heard publicly and to be represented by counsel to present evidentiary facts. At the hearing of such appeal, technical rules of evidence shall not apply.

(5) Following the hearing, the *secretary* [administrator] shall issue a written opinion, a copy of which shall be provided to all parties. The decision of the *secretary* [administrator] shall be final unless appealed to the circuit court of the county where the controversy originates.

PUBLIC PROTECTION AND REGULATION CABINET
Department of Labor
Occupational Safety and Health
(Proposed Amendment)

803 KAR 2:020: Adoption of 29 CFR Part 1910.

RELATES TO: KRS Chapter 338

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: KRS 338.051 and 338.061 authorize the Kentucky Occupational Safety and Health Standards Board to adopt and promulgate occupational safety and health rules, regulations, and standards. Express authority to adopt by reference established federal standards and national consensus standards is also given to the board. The following regulations contain those standards to be enforced by the Division of Occupational Safety and Health Compliance in the area of general industry.

Section 1. The Occupational Safety and Health Standards Board hereby adopts 29 CFR Part 1910, the Occupa-

tional Safety and Health Standards, published in the Federal Register June 27, 1974 edition, Volume 39, Number 125, Government Printing Office, Washington, D. C. 20402. These standards are hereby adopted by reference with the following additions, exceptions, and deletions:

(1) 29 CFR Part 1910.1 shall read as follows:

The provisions of this regulation adopt and extend the applicability of established federal standards contained in 29 CFR Part 1910 to all employers, employees, and places of employment throughout the Commonwealth except those excluded in KRS 338.021.

(2) 29 CFR Part 1910.2 shall read as follows: As used in this part, unless the context clearly requires otherwise:

(a) "Act" means KRS Chapter 338.

(b) "Assistant Secretary of Labor" means the Commissioner of Labor, Commonwealth of Kentucky.

(c) "Employer" means any entity for whom a person is employed except those employers excluded in KRS 338.021.

(d) "Employee" means any person employed except those employees excluded in KRS 338.021.

(e) "Standard" means a standard which requires conditions, or the adoption or use of one or more practices, means, methods, operations, or processes, reasonably necessary or appropriate to provide safe or healthful employment. "Standard" has the same meaning as and includes the words "regulation" and "rule."

(f) "National Consensus Standard" means any occupational safety and health standard or modification thereof which has been adopted and promulgated by a nationally recognized standards-producing organization.

(g) "Established Federal Standard" means any operative occupational safety and health standard established by any agency of the United States Government.

(h) An employer required under these standards to report information to the United States Department of Labor, or any subsidiary thereof, shall, instead report such information to the Kentucky Department of Labor, Capital Plaza Tower, Frankfort, Kentucky.

(3) 29 CFR Part 1910.13 through 1910.16 relating to ship repairing, shipbuilding, shipbreaking, and longshoring, and 1910.267a relating to pesticides, as well as paragraph (a)(6) in Section 1910.267 which refers to Section 1910.267a, are excluded and deleted in their entirety.

(4) 29 CFR Part 1910.141(c)(2)(i) shall read as follows:

(i) Each water closet shall occupy a separate compartment with walls or partitions between fixtures sufficiently high to assure privacy.

(5) The changes which have been adopted by the U. S. Department of Labor relating to 29 CFR Part 1910.211 and 1910.217, mechanical power presses, and published in the Federal Register, Volume 39, Number 233, December 3, 1974, copy of which is attached hereto, are hereby adopted by reference.

(6) The changes and additions which have been adopted by the U. S. Department of Labor relating to Telecommunications which are contained in 29 CFR Part 1910.67, 1910.70, 1910.183, 1910.189, 1910.190, 1910.268, 1910.274, and 1910.275, published in the Federal Register, Volume 40, Number 59, March 26, 1975, a copy of which is attached hereto, are hereby adopted by reference.

(7) 29 CFR Part 1910.93q, the Occupational Safety and Health Standard covering vinyl chloride which was published in the Federal Register, Volume 39, Number 194, October 4, 1974, a copy of which is attached hereto, is hereby adopted by reference.

(8) 29 CFR Part 1910.309(c) (National Electrical Code) shall read as follows:

"(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, the requirement in section 210-7 of the National Electrical Code that all 15-and 20-ampere receptacle outlets on single-phase circuits for construction circuit protection for personnel shall not be applicable."

(9) 29 CFR Part 1910.106(d)(2)(iii) of the Federal Register, Volume 39, Number 125, June 27, 1974, shall be amended by adding Table H-12 [11-12] of the Federal Register, Volume 40, Number 18, p. 3982, January 27, 1975, a copy of which is attached hereto, is adopted by reference.

(10) 29 CFR Part 1910.151 relating to medical services and first aid shall be changed to read as follows:

(a) The employer shall ensure the ready availability of medical personnel for advice and consultation on matters of occupational health.

(b) Employers with eight (8) or more employees within the establishment shall have persons adequately trained to render first-aid, and first-aid supplies approved by a consulting physician, along with a signed list of these supplies, shall be readily available. Outside salesmen, truck drivers, seasonal labor, and others who while performing their duties are away from the premises more than fifty (50) percent of the time are not to be included in determining the number of employees.

(c) All other employers shall, in the absence of an infirmary, clinic, or hospital in near proximity to the workplace which is used for the treatment of all injured employees, have a person or persons adequately trained to render first-aid. First-aid supplies approved by the consulting physician shall be readily available.

(d) Where the eyes or body of any person may be exposed to injurious corrosive materials, suitable facilities for quick drenching or flushing of the eyes and body shall be provided within the work area for immediate emergency use.

(11) Recodification of 29 CFR Part 1910.93 through 1910.93q as 1910.1000 through 1910.1017 respectively, as published in the Federal Register, Volume 40, Number 103, May 28, 1975, a copy of which is attached hereto, is hereby adopted by reference.

(12) 29 CFR Part 1910.141(d)(2)(i) of the Federal Register, Volume 40, Number 82, April 28, 1975, amended by deleting the last half of Table J-2, a copy of which is attached hereto, is hereby adopted by reference.

(13) The new Standard, adopted by the United States Department of Labor relating to Industrial Slings contained in 29 CFR Part 1910.184, published in the Federal Register, Volume 40, Number 125, June 27, 1975, a copy of which is attached hereto, is hereby adopted by reference.

(14) 29 CFR Part 1910.94 which was amended by revoking paragraphs (b)(2)(i) and (b)(2)(ii) and by revising paragraph (b)(2), as published in the Federal Register, Volume 40, Number 111, June 9, 1975, a copy of which is attached hereto, is hereby adopted by reference.

(15) 29 CFR 1910.217(b)(7)(xii) relating to machines using part revolution clutches shall be amended by adding the following:

This provision will not prevent the employer from utilizing a reversing means of the drive motor with the clutch-brake control in the "inch" position.

(16) 29 CFR 1910.94(d)(4)(i) Table G-14, Page 23594, published in the Federal Register, Volume 39, Number 125, Thursday, June 27, 1974, as adopted by 803 KAR 2:020 contains a typographical error and is hereby revoked. The

corrected version, published in the Federal Register, Volume 37, Number 202, Wednesday, October 18, 1972, Table G-14, Page 22155, a copy of which is attached hereto, is hereby adopted by reference.

(17) 29 CFR 1910.137 relating to Electrical Protective Devices shall be amended by adding the following:

(a) Rubber protective equipment for electrical workers shall conform to the requirements established in the American National Standards Institute standards as specified in the following list:

ITEM	STANDARD
Rubber insulating gloves.	J6.6-1967
Rubber matting for use around electric apparatus.	J6.7-1935 (R1962)
Rubber insulating blankets.	J6.4-1970
Rubber insulating hoods.	J6.2-1950 (R1962)
Rubber insulating line hose.	J6.2-1950 (R1962)
Rubber insulating sleeves.	J6.5-1962

(1) Rubber insulating equipment, designed for the voltage levels to be encountered, shall be provided and the employer shall ensure that they are used by employees as required.

(2) When rubber gloves are used on jobs where they may be torn, they shall be protected with heavy outer canvas or leather gloves.

(3) The employer is responsible for testing of new rubber insulating equipment having shelf life as well as used equipment, including gloves, sleeves, and blankets. All testing shall be in conformance to ANSI J 6, as stated above including electrical, mechanical, and visual. The following maximum retest intervals shall apply:

ITEM	IN USE	NEW
Natural rubber gloves, sleeves and blankets.	6 mo.	9 mo
Synthetic rubber gloves, sleeves and blankets.	6 mo.	9 mo

Upon completion of test, those articles found defective will be destroyed. Rubber gloves, blankets and sleeves shall be marked on the reverse side, the day the next test is due.

(4) Rubber gloves, blankets, and sleeves shall not be folded nor allowed to be laid upon the ground without protection. In addition, they shall be placed in canvas bags, canister or original containers when not in use. Rubber insulating equipment shall be kept away from heat or direct sun rays when not in use.

(18) 29 CFR 1910.1001(i)(1) which was revised by the U. S. Department of Labor, for retention of records of Asbestos Exposure Monitoring from three (3) years to twenty (20) years, as published in the Federal Register, Vol. 41, No. 55, Friday, March 19, 1976, a copy of which is attached hereto, is hereby adopted by reference.

(19) 29 CFR 1910.184(f)(6) which was amended by the U. S. Department of Labor, to delete the paragraph which prohibits the use of knots or wire rope clips to form eyes in wire rope slings, as published in the Federal Register, Vol. 41, No. 62, Tuesday, March 30, 1976, a copy of which is attached hereto, is hereby adopted by reference.

Section 2. The Occupational Safety and Health Standards Board hereby adopts the following regulation applicable to general industry.

(1) A safety tire rack, cage, or equivalent protection

shall be provided and used when inflating, mounting, or dismounting tires installed on split rims or rims equipped with locking rings or similar devices.

(2) *Changing and charging storage batteries. (For automotive-type battery charging installations and in-vehicle charging of batteries.):*

(a) *Battery charging installations shall be located in areas designated for that purpose.*

(b) *In-vehicle charging shall be done in areas designated for that purpose.*

(c) *Facilities shall be provided for flushing electrolyte from the eyes and skin with water. An adequate water supply shall be within twenty-five (25) feet of any part of the area designated above.*

(d) *No battery shall be charged or discharged within a closed or unvented container. The batteries shall be charged:*

1. *In the open, or*
2. *In a mechanically ventilated space, or*
3. *In a space providing at least twenty (20) cubic feet per ampere of charging capacity.*

(e) *A face shield shall be provided and available at each charging unit. The use of the face shield shall be required for connection and disconnection of vehicle or charger leads to the battery terminals and for the addition or pouring of electrolyte.*

(f) *Tools and other metallic objects not in actual use shall be kept away from the top terminal section of the battery.*

(g) *The following instructions shall be posted at each charging installation and on each battery charger: "WEAR FACE SHIELD (Batteries may explode);" "TURN OFF CHARGER TO CONNECT OR DISCONNECT BATTERY;" "WASH ACID SPILLS IMMEDIATELY, FIRST AID for ACID IN EYES or on SKIN QUICKLY FLUSH WITH WATER FOR 10 MINUTES."*

Department of Labor
Occupational Safety and Health
(Proposed Amendment)

803 KAR 2:032. Adoption of 29 CFR Part 1928.

RELATES TO: KRS Chapter 338

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: KRS 338.051 and 338.061 authorize the Kentucky Occupational Safety and Health Standards Board to adopt and promulgate occupational safety and health rules, regulations, and standards. Express authority to adopt by reference established federal standards and national consensus standards is also given to the Board. The following regulations contain those standards to be enforced by the

Division of Occupational Safety and Health Compliance in the area of Agriculture.

Section 1. [(1)] The Occupational Safety and Health Standards Board hereby adopts 29 CFR Part 1928, the Occupational Safety and Health Standards, published in the Federal Register April 25, 1975 edition, Volume 40, Number 81, Government Printing Office, Washington, D. C. 20402. These standards are hereby adopted by reference with the following additions, exceptions and deletions:

(1) [(2)] 29 CFR Part 1928.1 shall read as follows:

"This part contains Occupational Safety and Health standards applicable to Agriculture operations. The provisions of this regulation adopt and extend the applicability of established federal standards contained in 29 CFR Part 1928 to all employers, employees, and places of employment throughout the Commonwealth except those excluded in KRS 338.021."

(2) *The additions which have been adopted by the U.S. Department of Labor, relating to Agricultural Standards, which are contained in 29 CFR 1928.57, Subpart D, Safety for Agricultural Equipment, published in the Federal Register, Vol. 41, No. 47, Tuesday, March 9, 1976, and Vol. 41, No. 109, Friday, June 4, 1976, copies of which are attached hereto, are hereby adopted by reference.*

(Proposed Amendment)

902 KAR 2:060. Immunization schedules.

RELATES TO: KRS 158.035, 211.180, 214.032, 214.034, 214.036

PURSUANT TO: KRS 13.082, 194.050, 211.090

NECESSITY AND FUNCTION: KRS 211.180 mandates the Department for Human Resources to implement a statewide program for the detection, prevention and control of communicable diseases. KRS 214.034 requires the establishment of immunization schedules by the Department for Human Resources. This regulation specifies the ideal schedule for mandatory immunization and is in keeping with the latest scientific information on the topic.

Section 1. Schedule for Required Immunizations. Vaccines against diphtheria (D), tetanus (T), pertussis (P), poliomyelitis (Trivalent OPV), *Rubeola and rubella* [and measles] shall be administered according to the following schedule:

(1) Initial Series:

(a) Two (2) months of age: DPT, Trivalent OPV;

(b) *Eight (8) [Six (6)] weeks later: DPT, Trivalent OPV;*

(c) *Eight (8) [Six (6)] weeks later: DPT, Trivalent OPV;*

(d) Twelve (12) months of age: *Rubeola, Rubella [Measles];* and

(e) [Fifteen (15) to] Eighteen (18) months of age: *DPT, Trivalent OPV [Measles]*.

(2) Booster Doses:

(a) Shortly before starting school: *DPT, Trivalent OPV; and*

(b) Twelve (12) to fourteen (14) years of age: *Td. (Td, combined tetanus and diphtheria toxoids, adult type [TD]).*

Section 2. Variance from Immunization Schedule. The individual physician or local health department shall have the authority to alter the immunization schedule when indicated for any individual vaccinee or to suit any unusual local conditions.

902 KAR 6:040. Hospital district assignments.

RELATES TO: KRS 210.300, 222.200, *Chapter 202A [202.380]*

PURSUANT TO: KRS 210.300, *Chapter 202A [202.380]*

NECESSITY AND FUNCTION: KRS 210.300 authorizes the Secretary of the Department for Human Resources to designate hospital districts for the purpose of determining to which of the state institutions for the mentally ill the persons admitted from each county shall initially be sent. *KRS Chapter 202A [202.380]* authorizes the transfer of a mentally defective or mentally ill inmate of any penal and correctional institution to the state hospital service designated by the secretary for that purpose.

Section 1. (1) The following state mental hospital districts are created. Except as otherwise provided herein, involuntarily and voluntarily hospitalized persons will be admitted to the hospital serving the district in which they reside.

(2) District I[A]: Western State Hospital, Hopkinsville, Kentucky, counties of: *Allen, Ballard, Barren, Breckinridge, Butler, Caldwell, Calloway, Carlisle, Christian, Crittenden, Daviess, Edmonson, Fulton, Graves, Grayson, Hancock, Hardin, Hart, Henderson, Hickman, Hopkins, Larue, Livingston, Logan, Lyon, McCracken, McLean, Marion, Marshall, Meade, Metcalfe, Monroe, Muhlenberg, Nelson, Ohio, Simpson, Todd, Trigg, Union, Warren, [and] Washington, [.]*

(a) *Provided, however, residents of the following counties may be admitted to Lourdes Hospital, Paducah, Kentucky: Ballard, Calloway, Fulton, Graves, Hickman, Livingston, McCracken, and Marshall.*

(b) *Provided, further, that residents of the following counties may be admitted to T. J. Sampson Community*

Hospital, Glasgow, Kentucky: Allen, Barren, Hart, Metcalfe, and Monroe.

(c) *Provided, further, that residents of the following counties may be admitted to Our Lady of Mercy Hospital, Owensboro, Kentucky: Daviess, Hancock, Henderson, McLean, Ohio, Union and Webster.*

[(3) Because of the geographic distance involved in traveling to Hopkinsville from Marion, Nelson and Washington Counties, persons from those counties may be admitted to Kentucky State Hospital, Danville, Kentucky, or Eastern State Hospital, Lexington, Kentucky instead of Western State Hospital, if so requested.]

[(4) District IB: Lourdes Hospital, Paducah, Kentucky, counties of: Ballard, Calloway, Carlisle, Fulton, Graves, Hickman, Livingston, McCracken, and Marshall.]

[(5) District IC: T. J. Sampson Community Hospital, Glasgow, Kentucky, counties of: Allen, Barren, Hart, Metcalfe, and Monroe.]

[(6) District ID: Our Lady of Mercey Hospital, Owensboro, Kentucky, counties of: Daviess, Hancock, Henderson, McLean, Ohio, Union, and Webster.]

(3) [(7)] District II: River Region Hospital, Louisville, Kentucky, counties of: Bullitt, Henry, Jefferson, Oldham, Shelby, Spencer, and Trimble.

(4) [(8)] District III: Kentucky State Hospital, Danville, Kentucky, counties of: Adair, [Bell,] Boyle, [Breathitt,] Casey, [Clay,] Clinton, Cumberland, Garrard, Green, [Harlan, Knox, Laurel,] Lincoln, McCreary, Mercer, Pulaski, [Rockcastle,] Russell, Taylor, and Wayne, [and Whitley,]

(5) [(9)] District IV: Eastern State Hospital, Lexington, Kentucky, counties of: Anderson, Bath, Bell, Boone, Bourbon, Boyd, Bracken, Breathitt, Campbell, Carroll, Carter, Clark, Clay, Elliott, Estill, Fayette, Fleming, Floyd, Franklin, Gallatin, Grant, Greenup, Harlan, Harrison, Jackson, Jessamine, Johnson, Kenton, Knott, Knox, Laurel, Lawrence, Lee, Leslie, Letcher, Lewis, Madison, Magoffin, Martin, Mason, Menifee, Montgomery, Morgan, Owen, Owsley, Nicholas, Pendleton, Perry, Pike, Powell, Robertson, Rockcastle, Rowan, Scott, Whitley, Woodford, and Wolfe.

Section 2. Inmates of state penal and correctional institutions transferred to the Department for Human Resources shall be admitted to [District II-] *the Forensic Medicine Facility, LaGrange, Kentucky.*

Section 3. (1) *Individuals charged with a felony and requiring psychiatric evaluation or treatment or both shall be admitted upon court order to the Forensic Medicine Facility, Anchorage, Kentucky.* [Male persons whose involuntary hospitalization is ordered and who are in custody pending disposition on one or more of the following criminal charges or attempts thereof shall be admitted directly to District II-Forensic Medicine:]

[(1) Criminal Charges: murder; rape; kidnapping; assault, first and second degree; arson, first and second degree; robbery, first and second degree; and burglary, first and second degree.]

(2) *Individuals admitted upon court order to the Forensic Medical Facility, Anchorage, Kentucky, may be transferred to other state institutions for the mentally ill or to a psychiatric unit in a local general hospital.*

(3) [(2)] Prompt notification of the court is required by KRS Chapter 202A [202.208], and sending of appropriate papers to the hospital is required by KRS Chapter 202A [202.210].

Section 4. A person may be admitted to a hospital other than the one in the district of his residence upon *verbal* or written permission of the Commissioner of the Bureau for Health Services or his authorized designee. If verbal, then written confirmation shall follow within five (5) working days of the admission.

Section 5. A person may be admitted to a psychiatric unit in a local general hospital provided that unit has had prior approval of the Commissioner of the Bureau for Health Services or his authorized designee.

WILLIAM P. McELWAIN, Commissioner

DEPARTMENT FOR HUMAN RESOURCES
Bureau for Health Services
(Proposed Amendment)

902 KAR 100:015. General requirements.

RELATES TO: KRS 152.690, 152.990 [152.105 to 152.190]

PURSUANT TO: KRS 13.082, 194.050, 152.690, 211.090

NECESSITY AND FUNCTION: The Department for Human Resources is empowered by KRS 152.690 and 152.990 to regulate the possession or use of any source of ionizing or electronic product radiation and the handling and disposal of radioactive waste. The purpose of this regulation is to provide for general requirements, prohibitions, and exemptions that will be applicable to all persons who possess or use sources of ionizing or electronic product radiation in Kentucky.

Section 1. Applicability. This regulation is applicable to all persons who possess or use sources of ionizing or electronic product radiation in Kentucky.

Section 2. Exposure to be Maintained as Low as is Reasonably Achievable [Practicable]. All persons shall make every reasonable effort to maintain radiation exposures and releases of radioactive materials in effluents to unrestricted areas as low as is reasonably achievable [as far below the limits specified in these regulations as is practicable]. The term "as low as reasonably achievable" means as low as is reasonably achievable taking into account the state of technology, and the economics of improvements in relation to benefits to the public health and safety, and other societal and socioeconomic considerations, and in relation to the utilization of sources of radiation in the public interest.

Section 3. Prohibited Uses. The following uses of radiation are prohibited in Kentucky:

- (1) Hand-held fluoroscopic screens shall not be used.
- (2) Shoe-fitting fluoroscopic devices shall not be used.
- (3) Sources of radiation detrimental to public health, safety, or property shall not be used.
- (4) No person shall use sources of radiation in a manner

to intentionally expose any individual except as specifically allowed by these regulations or by license authorization.

Section 4. Records. Each licensee and registrant shall keep records showing the receipt, transfer, and disposal of all sources of radiation. Additional record requirements are specified elsewhere in these regulations.

Section 5. Inspections. (1) Each licensee and registrant shall afford to the department at all reasonable times opportunity to inspect sources of radiation and the premises and installations wherein such sources of radiation are used or stored.

(2) Each licensee and registrant shall make available for inspection, to the department, records maintained pursuant to these regulations.

Section 6. Tests. Each licensee and registrant shall perform or permit the department to perform such tests as the department deems appropriate including, but not limited to, tests of:

- (1) Sources of radiation;
- (2) Location wherein sources of radiation are used or stored;
- (3) Radiation detection and monitoring instruments; and
- (4) Other equipment and devices used in connection with utilization or storage of licensed or registered sources of radiation.

Section 7. Exemptions. (1) General Provision. The department may, upon application or its own initiative, grant such exemptions or exceptions from the requirements of these regulations as it determines are authorized by law or regulation that will not result in undue hazards to public health, safety, or property.

(2) Carriers. Common and contract carriers, freight forwarders and warehousemen, and private carriers who are subject to the rules and regulations of the U.S. Department of Transportation or the U.S. Postal Service operating within this state are exempt from licensing to the extent that they transport or store sources of radiation in the regular course of their carriage for another or storage incident thereto, provided that, when such transportation is not subject to the rules and regulations of the U.S. Nuclear Regulatory Commission, the U.S. Department of Transportation, or the U.S. Postal Service, such carriers shall comply with these regulations.

(3) U.S. Energy Research and Development Administration Contractors and U.S. Nuclear Regulatory Commission Contractors. Any U.S. Energy Research and Development Administration contractor or subcontractor and any U.S. Nuclear Regulatory Commission contractor or subcontractor of the following categories operating within this state is exempt from these regulations to the extent that such contractor or subcontractor under his contract receives, possesses, uses, transfers or acquires sources of radiation:

(a) Prime contractors performing work for the Energy Research and Development Administration at U.S. Government-owned or controlled sites, including the transportation of sources of radiation to or from such sites and the performance of contract services during temporary interruptions of such transportation;

(b) Prime contractors of the Energy Research and Development Administration performing research in, or development, manufacture, storage, testing, or transportation of, atomic weapons or components thereof;

(c) Prime contractors of the Energy Research and Development Administration using or operating nuclear reactors or other nuclear devices in a U.S. Government-owned vehicle or vessel; and

(d) Any other prime contractor or subcontractor of the Energy Research and Development Administration or of the Nuclear Regulatory Commission when the state and the Nuclear Regulatory Commission jointly determine:

1. that, under the terms of the contract or subcontract, there is adequate assurance that the work thereunder can be accomplished without undue risk to the public health and safety, and

2. that, the exemption of such contractor or subcontractor is authorized by law.

Section 8. Additional Requirements. The department may, by order, impose upon any licensee or registrant such requirements in addition to those established in these regulations as it deems appropriate or necessary to minimize danger to public health, safety, or property.

Section 9. Impounding. Sources of radiation may be subject to impoundment by the department as necessary to minimize danger to public health, safety, or property. Any such impoundment by the department shall not relieve the owner of the responsibility for such sources.

Section 10. Communications. All communications and reports concerning these regulations, and applications filed thereunder, shall be addressed to: Manager, Radiation Control Branch, Kentucky Department for Human Resources, 275 East Main Street, Frankfort, Kentucky 40601.

WILLIAM P. McELWAIN, Commissioner

DEPARTMENT FOR HUMAN RESOURCES

Bureau for Health Services

(Proposed Amendment)

902 KAR 100:065. Reciprocal recognition.

RELATES TO: KRS 152.690, 152.990 [152.105 to 152.190]

PURSUANT TO: KRS 13.082, 194.050, 152.690, 211.090

NECESSITY AND FUNCTION: The Department for Human Resources is empowered by KRS 152.690 and 152.990 to regulate the possession or use of any source of ionizing or electronic product radiation and to regulate the handling and disposal of radioactive waste. The purpose of this regulation is to provide for the reciprocal recognition of radioactive material licenses issued by the U.S. *Nuclear Regulatory* [Atomic Energy] Commission or another agreement state.

Section 1. Applicability. The provisions of this

regulation apply to all persons who possess, use or transfer radioactive material in Kentucky as authorized in a license issued by the U.S. *Nuclear Regulatory* [Atomic Energy] Commission or another agreement state.

Section 2. Reciprocal Recognition of Licenses.

(1) Subject to these regulations, any person who holds a specific license from the U.S. *Nuclear Regulatory* [Atomic Energy] Commission or any agreement state, and issued by the department having jurisdiction where the licensee maintains an office for directing the licensed activity and at which radiation safety records are normally maintained, is hereby granted a general license to conduct the activities authorized in such licensing document within this state provided that:

(a) The licensing document does not limit the activity authorized by such a document to specified installations or locations; and

(b) The out-of-state licensee notifies the department in writing at least two (2) days prior to engaging in such activity. Such notification shall indicate *the date of arrival, the duration of use, nature and scope of the use, the company where the radioactive material is to be used, the person in charge, the exact location* [period,] and type of proposed possession [and use] within this state, and shall be accompanied by a copy of the pertinent licensing document. If, for a specific case, the two (2) day period would impose an undue hardship on the out-of-state licensee, he may, upon application to the department, obtain permission to proceed sooner. The department may waive the requirement for filing additional written notifications during the remainder of the calendar year following the receipt of the initial notification from a person engaging in activities under the general license provided in this section; and

(c) The out-of-state licensee complies with all applicable regulations of the department and with all the terms and conditions of his licensing document, except any such terms and conditions which may be inconsistent with applicable regulations of the department; and

(d) Provide further that the department may require the out-of-state licensee to supply such other information as the department may reasonably request [.] ; and

(e) *The licensee does not establish a permanent office in this state;*

(f) [(e)] The out-of-state licensee shall not transfer or dispose of radioactive material possessed or used under the general license provided in this section except by transfer to a person:

1. Specifically licensed by the department or by the U.S. *Nuclear Regulatory* [Atomic Energy] Commission to receive such material, or

2. Exempt from the requirements for a license for such material under these regulations.

(2) Notwithstanding the provisions of subsection (1) of this section any person who holds a specific license or equivalent licensing document issued by the United States *Nuclear Regulatory* [Atomic Energy] Commission or an agreement state authorizing the holder to manufacture, transfer, install or service a device described in 902 KAR 100:050, Section 3(3)(a), relating to the general licensing of certain uses of radioactive materials and specific devices containing radioactive material within areas subject to the jurisdiction of the licensing body is hereby granted a general license to install, transfer, and service such a device in this state provided that:

(a) Such person shall satisfy the requirements of these regulations;

(b) The device has been manufactured, labelled, installed and serviced in accordance with applicable provisions of the specified license issued to such person by the United States *Nuclear Regulatory* [Atomic Energy] Commission or an agreement state; and

(c) Such person shall assure that any labels required to be affixed to the device under regulations of the authority which licensed manufacture of the device bear a statement that "Removal of this Label is Prohibited;"

(d) The holder of the specific license shall furnish to each general licensee to whom he transfers such device or on whose premises he installs such device a copy of the general license contained in 902 KAR 100:050, Section 3(3), relating to the general licensing of certain uses of radioactive materials and specific devices containing radioactive material.

(3) [(e)] The department may withdraw, limit, or qualify its acceptance of any specific license or equivalent licensing document issued by another agency, or any product distributed pursuant to such licensing document, upon determining that such action is necessary in order to protect health or minimize danger to life or property.

DEPARTMENT FOR HUMAN RESOURCES

Bureau for Health Services

(Proposed Amendment)

902 KAR 100:075. Group classifications.

RELATES TO: KRS 152.690, 152.990 [152.105 to 152.190]

PURSUANT TO: KRS 13.082, 194.050, 152.690, 211.090

NECESSITY AND FUNCTION: The Department for Human Resources is empowered by KRS 152.690 and 152.990 to regulate the possession or use of any source of ionizing or electronic product radiation and to regulate the handling and disposal of radioactive waste. The purpose of this regulation is to classify specific diagnostic procedures using radioactive material into groups.

Section 1. Applicability. This regulation groups specific diagnostic procedures to facilitate the issuance of licenses for the medical use of radioactive material.

Section 2. Groups of Diagnostic Uses of Radioactive Material in Humans. Whenever an applicant has been approved, under the appropriate provisions of these regulations, to perform any one of the diagnostic procedures listed in the following groups, the applicant may be approved to perform all the diagnostic procedures within that group.

(1) Group 1. Use of prepared radiopharmaceuticals for

certain diagnostic studies involving measurements of uptake, dilution and excretion. This group does not include uses involving imaging and tumor localization.

(a) Iodine 131 or Iodine 125 as sodium iodide for thyroid uptake.

(b) Iodine 131 or Iodine 125 as iodinated human serum albumin (IHSA) for determinations of blood and blood plasma volume and for studies of cardiovascular function and protein turnover.

(c) Iodine 131 or Iodine 125 as labeled rose bengal for liver function studies.

(d) Iodine 131 or Iodine 125 as labeled fats or fatty acids for fat absorption studies.

(e) Iodine 131 or Iodine 125 as labeled iodopyracet, sodium iodohippurate, sodium diatrizoate, diatrizoate methylglucamine, sodium diprotrizoate, sodium acetrizoate, or sodium iothalamate for kidney function studies.

(f) Chromium 51 as labeled human serum albumin for gastrointestinal protein loss studies.

(g) Chromium 51 as sodium chromate for determination of red blood cell volumes and studies of red blood cell survival time and gastrointestinal blood loss.

(h) Iron 59 as chloride, citrate, or sulfate for iron turnover studies.

(i) Cobalt 57, Cobalt 58, or Cobalt 60 as labeled cyanocobalamin (vitamin B-12) for intestinal absorption studies.

(j) Potassium 42 as chloride for potassium space determinations.

(k) Sodium 24 as chloride for sodium space determination.

(l) Technetium 99m as pertechnetate for blood flow studies.

(m) Mercury as chlormerodrin for kidney function studies.

(n) Any radioactive material in a radiopharmaceutical and for a diagnostic use involving measurements of uptake, dilution or excretion for which a "Notice of Claimed Investigational Exemption for a New Drug" (IND) has been accepted by the Food and Drug Administration (FDA).

(2) Group II. Use of prepared radiopharmaceuticals for diagnostic studies involving imaging and tumor localization.

(a) Iodine 131 or Iodine 125 as sodium iodide for thyroid imaging.

(b) Iodine 131 as iodinated human serum albumin (ISHA) for brain tumor localizations and cardiac imaging.

(c) Iodine 131 as macroaggregated iodinated human serum albumin for lung imaging.

(d) Iodine 131 as colloidal (microaggregated) iodinated human serum albumin for liver imaging.

(e) Iodine 131 as labeled rose bengal for liver imaging.

(f) Iodine 131 as iodopyracet, sodium iodohippurate, sodium diatrizoate, diatrizoate methylglucamine, sodium diprotrizoate, or sodium acetrizoate for kidney imaging.

(g) Iodine 131 as sodium iodiparmide for cardiac imaging.

(h) Iodine 131 as iodinated human serum albumin (IHSA) for placenta localization.

(i) Chromium 51 as sodium chromate for spleen imaging.

(j) Chromium 51 as labeled human serum albumin for placenta localization.

(k) Gold 198 in colloidal form for liver imaging.

(l) Mercury 197 as labeled chlormerodrin for kidney and brain imaging.

(m) Mercury 203 as labeled chlormerodrin for brain imaging.

(n) Selenium 75 as labeled selenomethionine for pancreas imaging.

(o) Strontium 85 as nitrate or chloride for bone imaging in patients with suspected or diagnosed cancer.

(p) Technetium 99m as pertechnetate for brain imaging.

(q) Technetium 99m as pertechnetate for thyroid imaging.

(r) Technetium 99m as pertechnetate for salivary gland and blood pool imaging, including placenta localization.

(s) Technetium 99m as labeled sulfur colloid for liver, spleen and bone marrow imaging.

(t) Technetium 99m as labeled macroaggregated human serum albumin for lung imaging.

(u) Any radioactive material in a radiopharmaceutical prepared from a reagent kit listed in subsection (3)(c) of this section for a use listed in that subsection.

(v) Any radioactive material in a radiopharmaceutical and for a diagnostic use involving imaging for which a "Notice of Claimed Investigational Exemption for a New Drug" (IND) has been accepted by the Food and Drug Administration (FDA).

(3) Group III. Use of generators and reagent kits for the preparation and use of radiopharmaceuticals containing radioactive material for certain diagnostic uses.

(a) Molybdenum 99/technetium 99m generators for the elution of technetium 99m as pertechnetate for:

1. Brain imaging,
2. Thyroid imaging,
3. Salivary gland imaging,
4. Blood pool imaging including placenta localization,
5. Blood flow studies,
6. Use with reagent kits for preparation and use of radiopharmaceuticals containing technetium 99m as provided in subsection (3)(c) and (d) of this section.

(b) Technetium 99m as pertechnetate for use with reagent kits for preparation and use of radiopharmaceuticals containing technetium 99m as provided in subsection (3)(c) and (d) of this section.

(c) Reagent kits for preparation of technetium 99m labeled:

1. Sulfur colloid for liver and spleen imaging,
2. Iron-ascorbate diethylenetriamine pentaacetic acid complex for kidney imaging,
3. Diethylenetriamine pentaacetic acid (Sn) for kidney imaging and kidney function studies,
4. Diethylenetriamine pentaacetic acid (Sn) for brain imaging,
5. Human serum albumin microspheres for lung imaging,
6. Polyphosphates for bone imaging,
7. Macroaggregated human serum albumin for lung imaging,
8. Distannous etidronate complex for bone imaging,
9. Stannous pyrophosphate for bone imaging.

(d) Tin 113/indium 113m generators for the elution of indium 113m as chloride for: blood pool imaging including placenta localization.

(e) [(d)] Any generator or reagent kit for preparation and diagnostic use of a radiopharmaceutical containing radioactive material for which generator or reagent kit a "Notice of Claimed Investigational Exemption for a New Drug" (IND) has been accepted by the Food and Drug

Administration (FDA).

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Secretary for Human Resources, Capitol Annex,
Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES
Bureau for Health Services
(Proposed Amendment)

902 KAR 100:100. Industrial radiography.

RELATES TO: KRS 152.690, 152.990 [152.105 to 152.190]

PURSUANT TO: KRS 13.082, 194.050, 152.690, 211.090

NECESSITY AND FUNCTION: The Department for Human Resources is empowered by KRS 152.690 and 152.990 to regulate the possession or use of any source of ionizing electronic product radiation and the handling and disposal of radioactive waste. The purpose of this regulation is to provide radiation safety requirements for industrial radiographic operations.

Section 1. Applicability. The requirements of this regulation apply to all licensees or registrants who use sources of radiation for industrial radiography. The requirements of this regulation are in addition to, and not in substitution for, other requirements of the Department for Human Resources radiation regulations.

Section 2. Limits on Levels of Radiation for Radiographic Exposure Devices and Storage Containers. Radiographic exposure devices measuring less than four (4) inches (*i.e.*, 10 centimeters) from the sealed source storage position to any exterior surface of the device shall have no radiation level in excess of 50 milliroentgens per hour at six (6) inches (*i.e.*, 15 centimeters) from any exterior surface of the device. Radiographic exposure devices measuring a minimum of four (4) inches from the sealed source storage position to any exterior surface of the devices, and all storage containers for sealed sources or outer containers for radiographic exposure devices shall have no radiation level in excess of 200 milliroentgens per hour at any exterior surface and ten (10) mR/hr at one (1) meter from any exterior surface. The radiation levels specified are with the sealed source in the shielded (*i.e.*, "off") position.

Section 3. Locking of Sources of Radiation. (1) Each source of radiation shall be provided with a lock or outer locked container designed to prevent unauthorized or accidental production of radiation or removal or exposure of a sealed source and shall be kept locked at all times except when under the direct surveillance of a radiographer or radiographer's assistant, or as may be otherwise authorized by these regulations. Each storage container likewise shall be provided with a lock and kept locked when containing sealed sources except when the container is under the direct surveillance of a radiographer or radiographer's assistant.

(2) Radiographic exposure devices and storage containers, when moved from one location to another, shall be locked and surveyed to assure that the sealed source is in the shielded position.

Section 4. Storage Precautions. Locked radiographic exposure devices, storage containers and other sources of radiation shall be physically secured to prevent tampering or removal by unauthorized personnel.

Section 5. Radiation Survey Instruments. The licensee or registrant shall maintain sufficient calibrated and operable radiation survey instruments to make physical radiation surveys as required by these regulations. Each radiation survey instrument shall be calibrated against appropriate energy and radiation fields at intervals not to exceed three (3) months and after each instrument servicing. A record shall be maintained of the [latest] date of calibration. Instrumentation required by this section shall have a range such that two (2) milliroentgens per hour through one (1) roentgen per hour can be measured.

Section 6. Leak Testing, Repair, Tagging, Opening, Modification, and Replacement of Sealed Sources.

(1) The replacement of any sealed source fastened to or contained in a radiographic exposure device, leak testing, repair, tagging, opening, or any other modification of any sealed source shall be performed only by persons specifically authorized to do so by the department, the U.S. Nuclear Regulatory [Atomic Energy] Commission, or any agreement state.

(2) Each sealed source shall be tested for leakage and contamination in accordance with these regulations.

(3) A sealed source which is not fastened to or contained in a radiographic exposure device shall have permanently attached to it a durable tag at least one (1) inch square bearing the prescribed radiation caution symbol in conventional colors, magenta or purple on a yellow background, and at least the instructions: "Danger-Radioactive Material—Do Not Handle—Notify Civil Authorities if Found."

Section 7. Quarterly Inventory. Each licensee or registrant shall conduct a quarterly physical inventory to account for all sources of radiation received or possessed by him. The records of the inventories shall be maintained for inspection by the department and shall include the quantities and kinds of radioactive material or rated power, manufacturer, and identifying number of radiation machines, the location of all sources of radiation, and the date of the inventory.

Section 8. Utilization Logs. Each licensee or registrant shall maintain current logs, which shall be kept available for inspection by the department, at the address specified in the license or on the registration, showing for each source of radiation the following information:

(1) A description (or make and model number) or each source of radiation or storage container in which a sealed source is located;

(2) The identity of the radiographer to whom assigned; and

(3) The site where used and dates of use; and

(4) The voltage and current, where applicable, and exposure time for each radiographic exposure employing a source of radiation.

Section 9. Inspection and Maintenance of Radiographic Exposure Devices, Storage Containers, and Other Sources of Radiation.

(1) Each licensee or registrant shall conduct a program for inspection and maintenance of radiographic exposure devices, storage containers, and other sources of radiation to assure proper functioning of components important to safety.

(2) Records of such inspection and maintenance shall be kept for inspection by the department.

Section 10. Limitations. (1) No licensee or registrant shall permit any person to act as a radiographer as defined in these regulations until such person:

(a) Has been instructed in the subjects outlined in Section 17 of this regulation and shall have demonstrated understanding thereof;

(b) Has received copies of and demonstrated an understanding of the following:

1. The requirements contained in this regulation;

2. Other applicable provisions of these regulations;

3. The conditions of the license or registration certificate issued by the department; and

4. The licensee's or registrant's approved operating and emergency procedures; and

(c) Has demonstrated competence to use the sources of radiation, related handling tools, and survey instruments which will be employed in his assignment.

(2) No licensee or registrant shall permit any person to act as a radiographer's assistant as defined in this regulation until such person:

(a) Has received copies of an instruction in the licensee's or registrant's approved operating and emergency procedures, and has demonstrated understanding thereof; and

(b) has demonstrated competence to use under the personal supervision of the radiographer the sources of radiation, related handling tools, and radiation survey instruments which will be employed in his assignment.

(3) Each licensee or registrant shall maintain records of training and testing which demonstrate that the requirements of subsections (1) and (2) of this section are met.

Section 11. Operating and Emergency Procedures. Each licensee's or registrant's operating and emergency procedures shall include instructions in at least the following:

(1) The handling and use of sources of radiation to be employed such that no person is likely to be exposed to radiation doses in excess of the limits established in these regulations;

(2) Methods and occasions for conducting radiation surveys;

(3) Methods for controlling access to radiographic areas;

(4) Methods and occasions for locking and securing sources of radiation;

(5) Personnel monitoring and the use of personnel monitoring equipment;

(6) Transportation to field locations, including packing of sources of radiation in vehicles, posting of vehicles, and control of sources of radiation during transportation;

(7) Minimizing exposure of persons in the event of an accident;

(8) The procedure for notifying proper persons in the event of an accident;

(9) Maintenance of records; and

(10) The inspection and maintenance of radiographic exposure devices, storage containers, and other sources of radiation.

Section 12. Personnel Monitoring Control. (1) No licensee or registrant shall permit any person to act as a radiographer or as a radiographer's assistant unless, at all times during radiographic operations, each such person *wears a direct reading pocket dosimeter and either a film badge or a thermoluminescent dosimeter* [shall wear a film badge and either a pocket dosimeter or pocket chamber]. Pocket dosimeters *shall have a range from zero to at least 200 milliroentgens and shall be recharged daily or at the start of each shift* [and pocket chambers shall be capable of measuring doses from zero to at least 200 milliroentgens]. A film badge or thermoluminescent dosimeter shall be assigned to and worn by only one (1) person.

(2) Pocket dosimeters [and pocket chambers] shall be read and *exposures* [doses] recorded daily. A film badge or thermoluminescent dosimeter shall be immediately processed if a [pocket chamber or] pocket dosimeter is discharged beyond its range. The [film badge] reports received from the film badge or thermoluminescent dosimeter processor and records of pocket dosimeter [and pocket chamber] readings shall be maintained for inspection by the department.

(3) The requirements for use of personnel monitoring as specified in subsections (1) and (2) of this section shall not apply in industrial radiography utilizing sources of machine radiation in cabinet X-ray systems which are equipped with interlocks such that the sources of radiation will not produce an exposure radiation field unless all openings are securely closed and which is so shielded that every location on the exterior meets conditions for an uncontrolled area.

(4) Upon application the department may authorize methods of personnel dosimetry other than film badges or thermoluminescent dosimetry.

Section 13. Documents Required at Temporary Jobs [Field Radiography] Sites. *Each licensee or registrant conducting industrial radiography at a temporary site shall have the following records available at that site for inspection by the department:*

(1) A copy of the operating and emergency procedures [shall be present at all locations where industrial radiography is performed.];

(2) A current copy of the radioactive materials license or registration certificate [shall be present at all locations where industrial radiography is performed with radioactive materials.];

(3) *Applicable regulations;*

(4) *Survey records required pursuant to Section 18 for the period of operation at the site;*

(5) *Daily pocket dosimeter records for the period of operation at the site; and*

(6) *The latest instrument calibration and leak test record for specific devices in use at the site.*

Section 14. Security. During each radiographic operation, the radiographer or radiographer's assistant shall maintain a direct surveillance of the operation to protect against unauthorized entry into a high radiation area, except:

(1) Where the high radiation area is equipped with a control device or an alarm system, or

(2) Where the high radiation area is locked to protect against unauthorized or accidental entry.

Section 15. Posting. Except as otherwise specifically exempted in these regulations, areas in which radiography is being performed shall be conspicuously posted.

Section 16. Special Requirements and Exemptions for Cabinet X-ray Systems.

(1) Except as provided by Section 12(3) of this regulation, registrants using cabinet X-ray systems are exempt from the requirements of this regulation.

(2) Cabinet X-ray systems shall meet the requirements of 902 KAR 100:145, relating to cabinet X-ray systems.

Section 17. Minimum Training Requirements for Industrial Radiographers. All industrial radiographers shall receive minimum training in the following areas:

(1) Fundamentals of radiation safety:

(a) Characteristics of gamma, neutron, and X-radiation.

(b) Units of radiation dose (mrem) and quantity of radioactivity (curie).

(c) Hazards of excessive exposure of radiation.

(d) Levels of radiation from sources of radiation.

(e) Methods of controlling radiation dose:

1. Working time;

2. Working distances;

3. Shielding.

(2) Radiation detection instrumentation to be used:

(a) Use of radiation survey instruments:

1. Operations;

2. Calibration;

3. Limitations.

(b) Survey techniques.

(c) Use of personnel monitoring equipment:

1. Film badges;

2. Pocket dosimeters;

3. Thermoluminescent dosimeters [Pocket chambers].

(3) Radiographic equipment to be used:

(a) Remote handling equipment;

(b) Radiographic exposure devices and sealed sources;

(c) Storage containers;

(d) Operation and control of x-ray equipment.

(4) The requirements of pertinent federal and state regulations; and

(5) The licensee's or registrant's written operating and emergency procedures.

Section 18. Radiation Surveys and Survey Records.

(1) No radiographic operation shall be conducted unless calibrated and operable radiation survey instrumentation as described in Section 5 of this regulation is available and used at each site where radiographic exposures are made.

(2) A physical radiation survey shall be made after each radiographic exposure utilizing radiographic exposure devices or sealed sources or radioactive material to determine that the sealed source has been returned to its shielded condition.

(3) A physical radiation survey shall be made to determine that each sealed source is in its shielded condition prior to securing the radiographic exposure device or storage container.

(4) Records shall be kept of surveys and maintained for inspection by the department.

Section 19. Required Administrative Procedures for Industrial Radiography Program.

(1) Licensees and registrants shall have an adequate program for training radiographers and radiographer's assistants and submit to the department a schedule or

description of such program which specifies the:

(a) Initial training;
 (b) Periodic training;
 (c) On-the-job training;
 (d) Means to be used by the licensee or registrant to determine the radiographer's knowledge and understanding of and ability to comply with department regulations and licensing requirements, and the licensee's or registrant's operating and emergency procedures; and

(e) Means to be used by the licensee or registrant to determine the radiographer's assistant's knowledge and understanding of and ability to comply with the licensee's or registrant's operating and emergency procedures.

(2) The licensee or registrant shall establish and submit to the department satisfactory written operating and emergency procedures.

(3) The licensee or registrant shall have and submit details of an adequate internal inspection system, or other management control, to assure that license provisions, regulations, and the licensee's or registrant's operating and emergency procedures are followed by radiographers and radiographer's assistants.

(4) The licensee or registrant shall submit to the department a description of his overall organizational structure pertaining to the radiography program, including specified delegations of authority and responsibility for operation of the program.

(5) The licensee who desires to conduct his own leak test shall establish adequate procedures to be followed in leak testing sealed sources for possible leakage and contamination and shall submit to the department a description of such procedures including:

(a) Instrumentation to be used;
 (b) Method of performing test, e.g., points on equipment to be smeared and method of taking smear; and
 (c) Pertinent experience of the person who will perform the test.

Section 20. Field X-Ray Radiographic Operations. In addition to the applicable requirements of this regulation, X-ray machines in field operations shall also meet the requirements of 902 KAR 100:105, relating to the use and operation of X-ray machines.

Section 21. Inspection and Maintenance of High Radiation Area Control Devices or Alarm Systems. For any high radiation area equipped with a control device or alarm system as described in 902 KAR 100:020, the control device or alarm system shall be tested for proper operation at intervals not to exceed three (3) months. Records of such tests shall be maintained for inspection by the department.

WILLIAM P. McELWAIN, Commissioner

ADOPTED: June 21, 1976

APPROVED: C. LESLIE DAWSON, Secretary

RECEIVED BY LRC: June 29, 1976 at 10:45 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
 TO: Secretary for Human Resources, Capitol Annex,
 Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES

Bureau for Health Services

(Proposed Amendment)

902 KAR 100:165. Notices, reports and instructions to employees.

RELATES TO: KRS 152.690, 152.990 [152.105 to 152.190]

PURSUANT TO: KRS 13.082, 194.050, 152.690, 211.090

NECESSITY AND FUNCTION: The Department for human Resources is empowered by KRS 152.690 and 152.990 to regulate the possession or use of any source of ionizing or electronic product radiation and the handling and disposal of radioactive waste. The purpose of this regulation is to provide notices, instructions, and reports for the protection of workers who may be exposed to radiation in their employment.

Section 1. Applicability. The requirements of this regulation apply to all persons working in an environment in which radioactive materials or radiation producing machines are used, possessed, or transferred. *This regulation establishes requirements for notices, instructions, and reports by licensees and registrants to individuals engaged in work under a license or registration and provides for options available to such individuals in connection with the provisions of the Act and regulations, orders, licenses and registrations issued thereunder regarding radiological working conditions.*

Section 2. Posting of Notices to Workers. (1) Each licensee or registrant shall post current copies of the following documents:

(a) The requirements of this regulation and 902 KAR 100:020, relating to standards for protection against radiation;

(b) The license, certificate of registration, conditions or documents incorporated into the license by reference and amendments thereto;

(c) The operating procedures applicable to work under the license or registration; and

(d) Any notice of violation involving radiological working conditions, proposed imposition of civil penalty, or order issued pursuant to these regulations, and any response from the licensee or registrant.

(2) If posting of a document specified in subsection (1)(a), (b), or (c) of this section is not practicable, the licensee or registrant may post a notice which describes the document and states where it may be examined.

(3) Department Form KR-441 "Notice to Employees" shall be posted by each licensee or registrant wherever individuals work in or frequent any portion of a restricted area.

(4) Documents, notices of forms posted pursuant to this section shall appear in a sufficient number of places to permit individuals engaged in work under the license or registration to observe them on the way to or from any particular work location to which the document applied, shall be conspicuous, and shall be replaced if defaced or altered.

(5) Department documents posted pursuant to subsection (1)(d) of this section shall be posted within two (2) working days after receipt of the documents from the department; the licensee's or registrant's response, if any, shall be posted within two (2) working days after dispatch

from the licensee or registrant. Such documents shall remain posted for a minimum of five (5) working days or until action correcting the violation has been completed, whichever is later.

Section 3 Instructions to Workers. All individuals working in or frequenting any portion of a restricted area shall be kept informed of the storage, transfer, or use of radioactive materials or of radiation in such portions of the restricted area; shall be instructed in the health protection problems associated with exposure to such radioactive materials or radiation, in precautions or procedures to minimize exposure, and in the purposes and functions of protective devices employed; shall be instructed in, and instructed to observe, to the extent within the worker's control, the applicable provisions of department regulations and licenses for the protection of personnel from exposures to radiation or radioactive materials occurring in such areas; shall be instructed of their responsibility to report promptly to the licensee or registrant any condition which may lead to or cause a violation of department regulations and licenses or unnecessary exposure to radiation or radioactive material; shall be instructed in the appropriate response to warnings made in the event of any unusual occurrence or malfunction that may involve exposure to radiation or radioactive material and shall be advised as to the radiation exposure reports which workers may request pursuant to Section 4 of this regulation. The extent of these instructions shall be commensurate with potential radiological health protection problems in the restricted area.

Section 4. Notifications and Reports to Individuals. (1) Radiation exposure data for an individual and the result of any measurements, analyses, and calculations of radioactive material deposited or retained in the body of an individual shall be reported to the individual as specified in this section. The information reported shall include data and results obtained pursuant to department regulations, orders or license conditions, as shown in records maintained by the licensee or registrant pursuant to department regulations. Each notification and report shall: be in writing; include appropriate identifying data such as the name of the licensee or registrant, the name of the individual, the individual's exposure information; and contain the following statement: "This report is furnished to you under the provisions of the Kentucky Department for Human Resources' Radiation Regulations. You should preserve this report for further reference."

(2) At the request of any worker, each licensee or registrant shall advise such worker annually of the worker's exposure to radiation or radioactive material as shown in records maintained by the licensee or registrant pursuant to these regulations.

(3) At the request of a worker formerly engaged in work controlled by the licensee or the registrant, each licensee or registrant shall furnish to the worker a report of the worker's exposure to radiation or radioactive material. Such report shall be furnished within thirty (30) days from the time request is made, or within thirty (30) days after the exposure of the individual has been determined by the licensee or registrant, whichever is later; shall cover, within the period of time specified in the request, each calendar quarter in which the worker's activities involved exposure to radiation from radioactive materials licensed by, or radiation machines registered with the department; and shall include the dates and locations of work under the

license or registration in which the worker participated during this period.

(4) When a licensee or registrant is required to report to the department any exposure of an individual to radiation or radioactive material, the licensee or the registrant shall also provide the individual a report on his exposure data included therein. Such reports shall be transmitted at a time not later than the transmittal to the department.

Section 5. Presence of Representatives of Licensees or Registrants and Workers During Inspection. (1) Each licensee or registrant shall afford to the department at all reasonable times opportunity to inspect materials, machines, activities, facilities, premises, and records pursuant to these regulations.

(2) During an inspection, department inspectors may consult privately with workers as specified in Section 6. The licensee or registrant may accompany department inspectors during other phases of an inspection.

(3) If, at the time of inspection, an individual has been authorized by the workers to represent them during department inspections, the licensee or registrant shall notify the inspectors of such authorization and shall give the workers' representative an opportunity to accompany the inspectors during the inspection of physical working conditions.

(4) Each workers' representative shall be routinely engaged in work under control of the licensee or registrant and shall have received instructions as specified in Section 3.

(5) Different representatives of licensees or registrants and workers may accompany the inspectors during different phases of an inspection if there is no resulting interference with the conduct of the inspection. However, only one workers' representative at a time may accompany the inspectors.

(6) With the approval of the licensee or registrant and the workers' representative, an individual who is not routinely engaged in work under control of the licensee or registrant, for example, a consultant to the licensee or registrant or to the workers' representative, shall be afforded the opportunity to accompany department inspectors during the inspection of physical working conditions.

(7) Notwithstanding the other provisions of this section, department inspectors are authorized to refuse to permit accompaniment by any individual who deliberately interferes with a fair and orderly inspection. With regard to any area containing proprietary information, the workers' representative for that area shall be an individual previously authorized by the licensee or registrant to enter that area.

Section 6. Consultation with Workers During Inspections. (1) Department inspectors may consult privately with workers concerning matters of occupational radiation protection and other matters related to applicable provisions of department regulations and licenses to the extent the inspectors deem necessary for the conduct of an effective and thorough inspection.

(2) During the course of an inspection any worker may bring privately to the attention of the inspectors, either orally or in writing, any past or present condition which he has reason to believe may have contributed to or caused any violation of the Act, these regulations, or license condition, or any unnecessary exposure of an individual to radiation from licensed radioactive material or a registered radiation machine under the licensee's or registrant's

control. Any such notice in writing shall comply with the requirements of Section 7(1).

(3) The provisions of subsection (2) of this section shall not be interpreted as authorization to disregard instructions pursuant to Section 3.

Section 7. Requests by Workers for Inspections.

(1) Any worker or representative of workers who believes that a violation of the Act, these regulations or license conditions exists or has occurred in work under a license or registration with regard to radiological working conditions in which the worker is engaged, may request an inspection by giving notice of the alleged violation to the Department for Human Resources, *Radiation Control Branch* [Radiological Health Program], 275 East Main, Frankfort, Kentucky 40601. Any such notice shall be in writing, shall set forth the specific grounds for the notice, and shall be signed by the worker or representative of the workers. A copy shall be provided to the licensee or registrant by the Department for Human Resources, *Radiation Control Branch* [Radiological Health Program], no later than at the time of inspection except that, upon the request of the worker giving such notice, his name and the name of individuals referred to therein shall not appear in such copy or on any record published, released, or made available by the department, except for good cause shown.

(2) If, upon receipt of such notice, the *Manager, Radiation Control Branch* [Director, Radiological Health Program], determines that the complaint meets the requirements set forth in subsection (1) of this section, and that there are reasonable grounds to believe that the alleged violation exists or has occurred, he shall cause an inspection to be made as soon as practicable, to determine if such alleged violation exists or has occurred. Inspections pursuant to this section need not be limited to matters referred to in the complaint.

(3) No licensee or registrant shall discharge or in any manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under these regulations or has testified or is about to testify in any such proceeding or because of the exercise by such worker on behalf of himself or others of any option afforded by this regulation.

Section 8. Inspections not Warranted; Informal Review.

(1) If the Kentucky Department for Human Resources,

Radiation Control Branch [Radiological Health Program] determines, with respect to a complaint under Section 7, that an inspection is not warranted because *there are no reasonable grounds to believe* that a violation exists or has occurred, the Department for Human Resources, *Radiation Control Branch*, [Radiological Health Program] shall notify the complainant in writing of such determination. The complainant may obtain review of such determination by submitting a written statement of position with the Commissioner, Bureau for Health Services, of the department, who will provide the licensee or registrant with a copy of such statement by certified mail, excluding, at the request of the complainant, the name of the complainant. The licensee or registrant may submit an opposing written statement of position with the commissioner, who will provide the complainant with a copy of such statement by certified mail. Upon the request of the complainant, the commissioner may hold an informal *hearing* [conference] in which the complainant and the licensee or registrant may orally present their views. An informal *hearing* [conference] may also be held at the request of the licensee or registrant, but disclosure of the identity of the complainant will be made only following receipt of written authorization from the complainant. After considering all written or oral views presented, the commissioner shall affirm, modify, or reverse the determination of the *Radiation Control Branch* [Radiological Health Program], and furnish the complainant and the licensee or registrant a written notification of his decision and the reason therefore.

(2) If the *Radiation Control Branch* [Radiological Health Program] determines that an inspection is not warranted because of the requirements of Section 7(1) have not been met, the *Manager of the Branch* [Director of the Program] shall notify the complainant in writing of such determination. Such determination shall be without prejudice to the filing of a new complaint meeting the requirements of Section 7(1).

WILLIAM P. McELWAIN, Commissioner

ADOPTED: June 21, 1976

APPROVED:

C. LESLIE DAWSON, Secretary

RECEIVED BY LRC: June 29, 1976 at 10:45 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: Secretary for Human Resources, Capitol Annex, Frankfort, Kentucky 40601.

Proposed Regulations

OFFICE OF THE LIEUTENANT GOVERNOR

5 KAR 1:010. Access to public records of office of Lieutenant Governor.

RELATES TO: KRS 61.870 to 61.884

PURSUANT TO: KRS 61.876

NECESSITY AND FUNCTION: KRS 61.876 requires that each public agency shall adopt rules and regulations to provide full access to public records, to protect public records from damage and disorganization, to prevent excessive disruption of its essential functions, to provide assistance and information upon request and to ensure efficient and timely action in response to application for inspection of public records. This regulation proposes to fulfill this statutory requirement.

Section 1. The principal office location for the Office of the Lieutenant Governor is Room 142, Capitol Building, Frankfort, Kentucky 40601. Regular office hours are 8:00 a.m. to 4:30 p.m., Monday through Friday, prevailing time in Frankfort, Kentucky.

Section 2. The title of the official custodian of the records of the Office of the Lieutenant Governor is the Lieutenant Governor of the Commonwealth of Kentucky, whose address is Room 142, Capitol Building, Frankfort, Kentucky 40601.

Section 3. Fees to be charged for copies of public records shall be ten (10) cents for each photocopy.

Section 4. The procedure to be followed in requesting inspection of public records shall be as follows:

(1) Requests for inspection of public records shall be made directly to the Lieutenant Governor or to the chief assistant to the Lieutenant Governor. The name of the chief assistant shall be posted with these regulations in the Office of the Lieutenant Governor;

(2) Requests to inspect public records may be made orally or in writing, describing in reasonably sufficient detail the records to be inspected. Every reasonable attempt shall be made by the Office of the Lieutenant Governor to respond to oral requests; however, oral requests which are found to be vague, long or complex shall be required to be submitted in writing in letter form;

(3) Records shall be inspected and copied in the presence of a member of the Office of the Lieutenant Governor, to protect the records from damage and disorganization, to lessen disruption of office procedure, to provide timely assistance and information upon request to the person requesting inspection, and to provide full access to public records;

(4) Suitable facilities shall be made available for inspection of public records.

Section 5. Those records which are available for inspection and those records which are unavailable for inspection are defined in KRS 61.870 to 61.884. A copy of the Act shall be displayed with this regulation in the Office of the Lieutenant Governor.

Section 6. A copy of this regulation shall be displayed

in the main reception room of the Office of the Lieutenant Governor, the door to that room bearing the room number 142.

THELMA L. STOVALL,
Lieutenant Governor

ADOPTED: July 12, 1976

RECEIVED BY LRC: July 14, 1976 at 9:00 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Lieutenant Governor Thelma L. Stovall, Room 142, Capitol Building, Frankfort, Kentucky 40601.

SECRETARY OF THE CABINET Department of Revenue

103 KAR 17:051. Repeals 103 KAR 17:050.

RELATES TO: KRS 141.081, 141.082

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: The Department of Revenue was required by KRS 141.082 to prescribe by regulation the method to be used by a taxpayer to indicate his election to compute tax liability by claiming the standard deduction. The 1976 General Assembly repealed KRS 141.082. Income tax form design and instructions are considered adequate for advising the taxpayer of his option.

Section 1. 103 KAR 17:050 is hereby repealed.

MAURICE P. CARPENTER, Commissioner

ADOPTED: July 2, 1976

RECEIVED BY LRC: July 2, 1976 at 10:15 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Commissioner, Department of Revenue, Capitol Annex Building, Frankfort, Kentucky 40601.

SECRETARY OF CABINET Kentucky Retirement Systems

105 KAR 1:040. Actuarial assumptions and tables.

RELATES TO: KRS 16.505 to 16.652, 61.510 to 61.692, 78.510 to 78.852

PURSUANT TO: KRS 13.082, 61.670, 16.640, 61.645, 78.780

NECESSITY AND FUNCTION: KRS 16.645(3), 61.670 and 78.545(23) requires the Board to adopt actuarial tables for the administration of the County Employees Retirement System (CERS), Kentucky Employees Retirement System (KERS) and State Police Retirement System (SPRS) and for the annual determination of assets and liabilities of the systems. This regulation includes the actuarial assumptions adopted by the Board and these assumptions establish the basis for all actuarial tables used in the administration of the three (3) retirement systems.

Section 1. The following actuarial assumptions are

ADMINISTRATIVE REGISTER

adopted by the Board of Trustees of the Kentucky Retirement Systems as required under KRS 61.670 and shall be used to determine actuarial tables as are necessary for the administration of the Kentucky Employees Retirement System as provided by KRS 61.510 to 61.692, the County Employees Retirement System under KRS 78.510 to 78.852 and the State Police Retirement System under KRS 16.505 to 16.652. These assumptions shall also be used for the annual actuarial valuation for determination of assets and liabilities of these retirement systems.

(1) Kentucky Employees Retirement System and County Employees Retirement System non-hazardous position members actuarial assumptions:

Interest: Six percent (6%).

Valuation of Investments: Book value except the unrealized appreciation of investments is capitalized but only to the extent required to result in a total yield of 6% for the year from investment income and capitalized appreciation.

Mortality: Pre-retirement—1951 Group Annuity Mortality Table Projected by Scale C to 1960, without age adjustment for males, but set back one year for females. Post-retirement—Same as pre-retirement. Mortality of members receiving disability allowances—1965 Disabled Annuity Mortality Table of Railroad Retirement Board.

Turnover: Select and Ultimate Table as follows:

Age	Years of Service	Terminations per 1,000
All Ages	0 to 1	350
All Ages	1 to 2	200
All Ages	2 to 3	175
All Ages	3 to 4	125
All Ages	4 to 5	100

5 OR MORE YEARS OF SERVICE

Age	Terminations per 1,000	Age	Terminations per 1,000
20	60	40	50
21	60	41	49
22	60	42	48
23	60	43	47

31	0.0425	51	0.0000
32	0.0400	52	0.0000
33	0.0375	53	0.0000
34	0.0350	54	0.0000
35	0.0325	55	0.0000
36	0.0300		
37	0.0275		
38	0.0250		
39	0.0225		

Disability: Same as KERS—CERS non-hazardous.

Retirement Rates: SPRS Normal Retirement as soon as eligible.
 CERS Hazardous—Normal Retirement as soon as eligible.
 KERS Hazardous—Assumed 50% will retire as soon as eligible for unreduced benefits and balance would continue until age 60.

*Salary Increase: 5% annually to age 30, graduated to 4½% at age 40 and 4¼% annually thereafter.

*The actuarial assumptions for salary increases is based on analysis of retirement system accounts for the period ended June 30, 1972 and is not to be construed as a policy of the Commonwealth of Kentucky or local government as to the rate of salary increases an employee may expect to receive.

GEORGE R. ARVIN, General Manager

ADOPTED: May 19, 1976

APPROVED: JACKSON W. WHITE, Secretary of Cabinet

SUBMIT COMMENT OR REQUEST FOR HEARING
 TO: General Manager, Kentucky Retirement Systems, 226
 West Second Street, Frankfort, Kentucky 40601.

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION

200 KAR 1:020. Access to public records.

RELATES TO: KRS Chapter 61

PURSUANT TO: KRS 61.876(3).

NECESSITY AND FUNCTION: The Executive Department for Finance and Administration is authorized by KRS 61.876(3) to promulgate uniform rules governing public access to public records maintained by administrative agencies of the state government. This regulation establishes the general rules to be followed by all state administrative agencies in affording public access to their records and by persons applying to inspect such records.

Section 1. General: Consistent with the provisions of KRS 61.870 to 61.884, the public records of all administrative agencies of the Kentucky State Government, except as provided in Section 4 hereof, shall be open for inspection by any person in accordance with the procedures established by this regulation.

Section 2. Definitions: The following terms shall have the meaning assigned herein:

(1) "State administrative agency" means every program cabinet, department and administrative body of the Kentucky State Government as defined by KRS 12.010, headed by, or whose membership is composed of, persons appointed by the Governor, and their component organizational subdivisions.

(2) "Public record" means all books, papers, maps, photographs, cards, tapes, discs, records or other documentary materials prepared, owned, used, in the possession of or retained by a state administrative agency, but does not include any records owned by a private person or corporation in the possession of a state administrative agency or an officer or employee thereof, and not related to any function, activity, program or operation funded by the state.

(3) "Official custodian" means the chief administrative officer of a state administrative agency who by virtue of his position, is responsible for the maintenance, care and keeping of all the public records of his agency, or if so designated in writing by the chief administrative officer of a state administrative agency, the head of each office, bureau, division or other organizational subdivision within a state administrative agency, who is responsible for the maintenance, care and keeping of all the public records of his organizational unit.

(4) "Custodian" means any officer or employee of a state administrative agency having public records in his personal custody and control.

Section 3. (1) Any person may, on written application to the official custodian describing the records, inspect and make abstracts and memoranda of the contents of any of the public records, except those listed in Section 4, of all state administrative agencies. Copies of any written material shall be furnished, on request, to any person requesting them, on payment of a fee of ten (10) cents a page for each record copied; copies of photographs, maps and other non-written material, and records stored in computer files or libraries, shall be furnished to any person requesting them on payment of a fee equal to the actual cost to the agency of producing the copies. Persons requesting copies

of records shall be advised of the total actual cost of copies of written material, and the actual, if known, or approximate cost, of producing copies of non-written material or of records stored in computer files or libraries before the copies are prepared. The fee shall be collected before the copies are handed or sent to the person requesting them. The fees established herein shall not be collected, for copies of records requested in the course of their employment by employees of state administrative agencies, and shall be inapplicable in cases of documents printed for sale for which a fee is fixed by or pursuant to law or which are customarily distributed without charge.

(2) The inspection of public records of state administrative agencies shall in all cases be made in the presence of an employee of the agency, on premises occupied by the agency having custody of the records, during the usual office hours of the particular office or other organizational unit having physical possession of the records. The official custodian of the records of each state administrative agency, and of each administrative subdivision of the agency, shall be responsible for the assignment of agency employees, as a duty in addition to their usual duties, to assist persons applying to inspect the public records of the agency and to insure protection of the records against damage and disorganization.

Section 4. The public records enumerated in subsections (1) through (10) of this section shall, except as provided herein, be subject to inspection only upon an Order of a Court of this Commonwealth or of the United States. The exemptions under this section notwithstanding, nothing herein shall prohibit or limit the exchange of public records or the sharing of information between state administrative agencies and other public agencies when the exchange of such records or sharing of such information will serve legitimate governmental needs or is necessary in the performance of legitimate governmental functions, nor shall the enumeration of any material herein prohibit disclosure of statistical information not readily identifiable of any person. If any public record contains material subject to public inspection only by court order, and other material not so excluded from public inspection, the custodian of the record shall, on application by any person for inspection of such record, segregate or remove the excluded material from the record and the non-excluded material shall then be available for inspection in accordance with the application for inspection. The official custodian of the records of each state administrative agency shall generally exclude from public inspection, except by an order of court as provided in this section:

(1) Public records containing information of a personal nature where public disclosure would constitute a clearly unwarranted invasion of personal privacy.

(2) Records confidentially disclosed to an agency and compiled and maintained for: scientific research; in conjunction with an application for a loan; the regulation of commercial enterprise, including mineral exploration records; unpatented, secret, commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential; or for the grant or review of a license to do business which if openly disclosed, would permit an unfair advantage to competitors of the subject enterprise, unless the disclosure or publication of such records is directed by law.

(3) Public records pertaining to the prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within, or expanding within the Commonwealth. (Provided, however, that this exemption shall not include applications filed with state administrative agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in subsection (2).)

(4) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for an agency relative to the acquisition of real property, until such time as all of the property has been acquired.

(5) Test questions, scoring keys and other examination data used to administer a licensing examination, or an examination for employment before the examination is given or if it is to be given again.

(6) Centralized criminal history records maintained by the Kentucky Department of Justice and intelligence and investigative reports maintained by state criminal justice agencies except as provided in KRS 17.150, and records of law enforcement or administrative agencies compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information contained in such records would harm the agency by revealing the identity of informants not otherwise known or by the premature release of information to be used in a prospective prosecution or suit or an administrative adjudication. Except as provided by KRS 17.150, public records exempted under this subsection shall be open for inspection after adjudicative action is completed or a decision has been made to take no action. The official custodian shall have the burden of justifying with specificity a refusal of a demand for inspection of any public records covered by the exemptions provided in this subsection except centralized criminal history records maintained by the Kentucky Department of Justice.

(7) Preliminary drafts, notes, correspondence between state administrative agencies and private individuals, other than correspondence intended to give notice of final action by an agency.

(8) Preliminary recommendations and memoranda in which opinions are expressed or policies formulated or recommended.

(9) All public records or information, the disclosure of which is prohibited by federal law or regulation.

(10) Public records or information, the disclosure of which is prohibited or restricted or otherwise made confidential by the statutes of this Commonwealth.

Section 5. Application for Inspection of Public Records: (1) Persons requesting to inspect public records of state administrative agencies shall file a written application describing the records requested to be inspected, on a form prescribed by the Executive Department for Finance and Administration, with the official custodian of the records of the office of the agency having physical custody of the records. Agency employees shall assist, on request of the applicant, in completing the form; the applicant shall sign the application form. The application form shall include a receipt to be completed and signed by the custodian of the records for payment received for copies of records requested by applicants and one (1) copy of the receipt shall be furnished to the applicant.

(2) Application forms for the inspection of public

records of state administrative agencies will be stocked by and available from the Central Stores of the Executive Department for Finance and Administration. Each state administrative agency shall be responsible for obtaining from Central Stores an adequate supply of the application forms for use by each of its administrative subdivisions so that at all times there will be sufficient number of forms on hand to comply with requests for inspection of the agency's records.

Section 6. Agency Responsibility: (1) Each state administrative agency shall display a copy of this regulation in a prominent location in each of its offices to which the general public has access. Copies of this regulation, suitable for posting, shall be printed and each agency shall be responsible for obtaining the number of copies of the printed regulation required to comply with this section from the Central Stores of the Executive Department for Finance and Administration.

(2) The printed copies of this regulation shall bear the following caption which shall be appropriately completed by each agency and its subdivisions:

NOTICE

REGULATIONS GOVERNING INSPECTION OF
THE PUBLIC RECORDS OF THE

(Name of State Administrative Agency)

(Office, Bureau, Division, Etc.)

Pursuant to KRS 61.870 to 61.884, the public is notified that, as provided herein, the public records of the above named Agency of the Commonwealth of Kentucky are open for inspection by any person on written application to _____

_____, (name)
_____, official custodian of the public
(title)
records of the _____,
(state administrative agency)

whose address is _____,
or to _____,
(name) (title)
official custodian of the public records of the _____

_____,
(office, bureau, division, etc.)
whose address is _____, from
_____ a.m. to _____ p.m. Monday through Friday, each
week, except holidays. Application forms for the inspection
of the public records of this agency will be furnished on
request to any person by an employee in this office. Assistance
in completing the application form will be provided by
an employee on request.

Applicants for the inspection of public records shall be advised of the availability of the records requested for inspection, and shall be notified in writing not later than three (3) working days after receipt of an application for inspection of any reason the records requested are not available for public inspection.

Copies of written material in the public records of this agency shall be furnished to any person requesting them on payment of a fee of ten cents (\$.10) a page; copies of non-written records (photographs, maps, material stored in computer files or libraries, etc.) shall be furnished on request, on payment of a charge equal to the actual cost of producing copies of such records by the most economic process, not likely to damage or alter the record.

This the _____ day of _____, 19____.

(Agency Head or Designated Representative)

(3) The official custodian of records requested for public inspection shall promptly determine the availability of such records for inspection; if it is determined that the records are not available for inspection, the applicant, if present, will be orally advised, subject to written confirmation, or notified in writing, not later than three (3) working days after the date of receipt of the written application for inspection of the records, of the reason or

reasons why the records are not available for inspection. If the record sought is in active use, in storage or not otherwise available, the applicant will be advised of the reason for the delay in providing access to the record and of the earliest practicable date, time and place that the record will be available for inspection. If an application for inspection of a record is denied because it is of a kind, or contains material enumerated in Section 4 of this regulation, the official custodian shall advise the applicant in writing of the reason for denial, in whole or in part, and shall include a statement of the specific exception contained in Section 4, and in KRS 61.878, authorizing denial of the application and an explanation of how the exception applies to the record withheld. A copy, signed by the official custodian of the records, of the writing denying any application for the inspection of the public records of any state administrative agency, shall be sent to the Attorney General. If any person who has been denied the right to inspect any public records of a state administrative agency requests the Attorney General to review the denial of his application, the agency shall furnish such additional documentation concerning the circumstances of the denial of inspection of the records and a copy of the records, as the Attorney General may request. If any person denied the right to inspect the records of a state administrative agency elects to file suit against an agency to compel inspection of the records denied, the agency shall immediately advise the Attorney General of the action and forward to the Attorney General on the day served, a copy of the Summons in the action.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: The Secretary, Executive Department for Finance and Administration, 301 Capitol Annex Building, Frankfort, Kentucky 40601.

EXECUTIVE DEPARTMENT FOR FINANCE
AND ADMINISTRATION

200 KAR 4:020. Coal severance economic aid bonds; fund; selection of projects.

RELATES TO: KRS Chapter 42

PURSUANT TO: KRS 42.330

NECESSITY AND FUNCTION: Pursuant to the authority vested in the Secretary of the Executive Department for Finance and Administration by KRS 42.330, this regulation establishes the procedures for submission to the Executive Department for Finance and Administration of proposals by Coal Severance Economic Aid Boards for capital projects to be acquired or constructed in coal producing counties, the costs of which are to be paid out of the Coal Severance Economic Aid Fund; the expenditure of moneys out of the Fund for such capital projects; and provides for the conveyance of such capital projects upon completion to designated beneficiary agencies.

Section 1. "Allocation," and "allocable share," are synonymous terms meaning the amount of coal severance tax receipts and other moneys deposited in the Coal

Severance Economic Aid Fund apportioned to, and available for expenditure for capital projects in each coal producing county.

(2) "Capital project" means any activity involving expenditures out of the Coal Severance Economic Aid Fund for the acquisition of lands, buildings and major items of equipment, and the construction, renovation, maintenance and permanent improvement of public buildings and lands in coal producing counties.

(3) "Conveyance" means the transfer, pursuant to the terms of a written instrument, to a designated beneficiary agency of the right of use, occupancy and possession of a capital project.

(4) "Designated beneficiary agency" means the county, city, special district or other public agency or any combination of public agencies parties to and bound by an agreement entered into pursuant to the provisions of KRS 65.210 to 65.300, the Interlocal Cooperation Act, or any administrative entity created pursuant to any such agreement, designated in a capital project proposal by a coal severance economic aid board to accept conveyance of, operate, maintain, and use for public purposes a capital project.

(5) "Program statement" means a detailed written statement about a capital project which includes information concerning the proposed location of the project, a plat or map, the acreage of any land involved, the names of the present owners of such land, the intended use of the project by square footage, the types of construction proposed and the purpose of the facility.

Section 2. (1) The Coal Severance Economic Aid Board (hereinafter, "the board") in each coal producing county shall hold and conduct meetings open to the general public for the purpose of soliciting recommendations for capital projects. The board shall cause notice of the date, place, time and purpose of each such public meeting to be advertised not less often than once each week for three (3) consecutive weeks in the newspaper of largest general circulation in the county. The secretary of the board may receive capital project recommendations from interested persons and local public agencies between the time the first newspaper advertisement of the notice of public meeting is published and the time the public meeting is held, and all such recommendations received shall be placed on the agenda of the public meeting for consideration and discussion. Capital projects may be recommended from the floor of the public meeting and shall be considered by the board. Each capital project recommendation shall be made on a form prescribed by the Executive Department for Finance and Administration, which form shall be furnished by the secretary of the board to any person requesting it.

(2) The board shall, within thirty (30) days following each public meeting, select from the capital projects recommended and considered at such meeting, the projects to be proposed to the Executive Department for Finance and Administration for acquisition or construction in the county. The board shall examine each capital project recommended and rank it in order of priority based on the anticipated public benefits to be derived from the project; and the estimated cost and time required for the project. The board shall determine an appropriate beneficiary agency to accept conveyance of the project when the acquisition and/or conveyance of the project has been completed.

(3) The secretary of the board shall cause to be prepared and submitted to the Executive Department for

Finance and Administration within a reasonable time not exceeding sixty (60) days after each public meeting of the board, an itemized statement of the board's expenses incurred in holding the meeting. Such expenses shall be paid out of the state treasury on the warrant of the Secretary of the Executive Department for Finance and Administration drawn against the allocable share in Coal Severance Economic Aid Fund of the coal producing county which shall be limited to reasonable rental charges for space for holding the meetings; materials and supplies incidental or necessary to the conduct of the meetings; the costs, subject to proof of publication as provided by KRS 424.170, of publication of the notices of the meetings; and, reimbursement, subject to the provisions of 200 KAR 2:060 of the state standard travel regulations, of the reasonable and necessary mileage, meal and lodging expenses of the board incurred in attending meetings of the board.

Section 3. Each capital project selected by a board shall be submitted to the Executive Department for Finance and Administration on a form prescribed by the department and shall include a description of the project, the order of priority assigned by the board to the particular project relative to other projects selected, a program statement and designation of a beneficiary agency to accept conveyance of the capital project after completion. (If the designated beneficiary agency is an agency other than a county or city, there shall be a copy of the articles of incorporation, articles of agreement, court order, resolution, ordinance or other document creating the beneficiary agency, attached to the form.)

Section 4. (1) The Secretary of the Executive Department for Finance and Administration shall cause each notice of capital project selection by a board to be carefully reviewed to ascertain whether the project is for a purpose generally consistent with the provisions of KRS 42.330; the designated beneficiary agency is properly established as provided by the laws applicable to and authorizing the creation of such agency; and, that any agreement entered into pursuant to KRS 65.210 to 65.300, the Interlocal Cooperation Act, relative to the project conforms to and was executed as provided by that Act.

(2) When the project review has been completed, the Secretary of the Executive Department for Finance and Administration shall by appropriate orders, cause a detailed cost estimate of the project to be made which shall include estimates of the cost of acquisition of any land necessary for the project, site development, utility connections, building construction, equipment and such other matters as may be pertinent under the circumstances to determine the cost of the project. A summary of the detailed cost estimate for each capital project shall be sent to the chairman of each board as soon as practicable after they are completed.

(3) The Secretary of the Executive Department for Finance and Administration shall notify the appropriate coal severance economic aid board in writing when a capital project has been completed according to plans and specifications and accepted by the Commonwealth. Thereafter, within a reasonable time, the Secretary shall, subject to the provisions of KRS 45.360, provide for the conveyance of the capital project to the beneficiary agency designated by the board according to such terms and conditions as the secretary shall determine will assure the future use of the project for public purposes.

Section 5. (1) Upon receipt of a board's final capital project selections, the Secretary of the Executive Department for Finance and Administration shall, if the estimated cost of such projects do not exceed the allocable share of the county in the Coal Severance Economic Aid Fund, by written orders made in accordance with the procedures established in the case of state capital construction projects, and the provisions of KRS Chapters 45 and 56, authorize the acquisition in the name of the Commonwealth of any real property, or interest in real property, necessary for the project; cause to be prepared all plans, specifications and designs for the project; invite bids; and award and administer all contracts necessary and required in relation to such project.

(2) Funds shall be allotted out of the allocable share in the Coal Severance Economic Aid Fund of the county in which a capital project is to be acquired or constructed, to a project account in the state capital construction fund and all expenditures necessary and proper to be made in relation to such project shall be made from the project account according to established state financial administration procedures.

(3) The Secretary of the Executive Department for Finance and Administration shall notify the appropriate coal severance economic aid board in writing when a capital project has been completed according to plans and specifications and accepted by the Commonwealth. Thereafter, within a reasonable time, the Secretary shall, subject to the provisions of KRS 45.360, provide for the conveyance of the capital project to the beneficiary agency designated by the board according to such terms and conditions as the secretary shall determine will assure the future use of the project the public purposes.

Section 6. Monies in the Coal Severance Economic Aid Fund not required to be held for immediate expenditure for purposes related to the acquisition or construction of capital projects shall be invested on a pooled basis in securities of the kinds state funds are customarily invested, and the interest income earned from such investments shall be prorated for expenditure for capital projects in coal producing counties according to the counties' allocable shares in the fund.

RUSSELL R. McCLURE, Secretary

ADOPTED: June 23, 1976

RECEIVED BY LRC: June 24, 1976 at 11:15 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: The Secretary, Executive Department for Finance and Administration, 301 Capitol Annex, Frankfort, Kentucky 40601.

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION

200 KAR 10:040. Area development fund; expenditures.

RELATES TO: KRS Chapter 42

PURSUANT TO: KRS 42.350

NECESSITY AND FUNCTION: Pursuant to the authority vested in the Secretary of the Executive Department for Finance and Administration by KRS 42.350, this regulation governs the expenditure of monies

appropriated to or otherwise deposited in the Area Development Fund in the state treasury for the acquisition of capital projects in the 15 Area Development Districts; establishes the procedures for submission and approval of proposed capital projects in the Area Development Districts; and provides for the conveyance of title to such capital projects.

Section 1. Definitions: (1) "Capital project" means any activity approved by the Secretary of the Executive Department for Finance and Administration involving expenditures out of the Area Development Fund in the state treasury for the acquisition of lands, buildings and major items of equipment, and the construction, renovation, maintenance and permanent improvement of buildings and other public facilities in the fifteen (15) Area Development Districts.

(2) "Conveyance" means the transfer, pursuant to the terms of a written instrument, to a designated beneficiary agency of the right of use, occupancy and possession of a capital project.

(3) "Designated beneficiary agency" means the county, city, special district or other public agency or any combination of public agencies parties to and bound by an agreement entered into pursuant to the provisions of KRS 65.210 to 65.300, the Interlocal Cooperation Act, or any administrative entity created pursuant to any such agreement, designated in a capital project proposal by an area development district to accept conveyance of, operate, maintain, and use for public purposes a capital project.

Section 2. (1) The board of directors of each area development district shall determine, consistent with the goals, objectives and priorities established by existing local or regional development plans, the capital projects to be proposed for approval by the Secretary of the Executive Department for Finance and Administration for acquisition or construction out of the Area Development Fund in each of the area development districts.

(2) Capital projects eligible for consideration by the boards and for funding out of the Area Development Fund, shall include but not be limited to, reclamation and industrial development projects; acquisition, construction and improvement of county fairgrounds and other public facilities, except school property or roads, streets, highways and bridges; and the renovation and repair of existing facilities owned by public agencies. Consistent with regional and local needs and development plans, capital projects for which funds, in addition to those in the Area Development Fund, may also be available from other sources, shall be given priority consideration by the boards over projects for which such other funds are not available.

(3) The boards of directors may propose capital projects for the direct use and benefit of any designated beneficiary agency within the geographic boundaries of the area development district; provided, however, nothing herein shall prohibit the boards of directors of two (2) or more area development districts from proposing joint capital projects, of the cost of which shall be financed out of monies allocated in the Area Development Fund for expenditure for capital projects in each of the participating area development districts.

Section 3. All proposals for capital projects shall be made on a form of proposal prescribed by the Executive Department for Finance and Administration and shall include:

- (1) A description of the project;
- (2) A statement of the public benefit expected to be derived from, and public purpose to be served by the project;
- (3) An estimate of the total cost of the project, including estimates of the cost of acquisition of necessary lands, legal, architectural and engineering fees and construction costs;
- (4) A statement of the source and amount of any funds available for capital projects in addition to amounts allocated for such projects in the Area Development Fund; any restrictions on the use of such other funds; the nature and extent of the commitment of such funds to the project by the grantor; when such funds will be made available for expenditure in relation to the project; and if the source of such funds is a federal agency, whether an environmental impact statement is required for the project and the guidelines of the federal grantor agency for the preparation of such environmental impact statement;
- (5) The proposed site or location of the capital project;
- (6) Designation of a beneficiary agency to accept conveyance of the capital project when acquisition and/or construction of the project has been completed. (If the designated beneficiary agency is any agency other than a county or city, there shall be a copy of the Articles of Incorporation, Articles of Agreement, Court Order, resolution, ordinance or other document creating the beneficiary agency attached to the capital project proposals);
- (7) Such other information and documentation as the form of proposal may require to explain the need for the capital project and provide detailed information necessary to assist the Executive Department for Finance and Administration in the acquisition of the project.

Section 4. (1) Each capital project proposal shall be submitted through the Office for Local Government to the Secretary of the Executive Department for Finance and Administration for approval. The Office for Local Government shall carefully examine each capital project proposed, and within thirty (30) days after receipt of each proposal shall inform the Secretary by a written review whether the proposal conforms to the goals, objectives and priorities of the development plan to which the proposed project relates. The time for examination of project proposals shall be extended by any time required for any additional information deemed necessary by the Office for Local Government in connection with any proposal to be furnished by the area development district proposing the project.

(2) When it has been determined that a proposed capital project conforms to the goals, objectives and priorities established by the relevant development plan, the Secretary of the Executive Department for Finance and Administration shall, within a reasonable time, cause a detailed cost estimate of the project to be made which shall include estimates of the cost of acquisition of any land necessary for the project, site development, utility connections, building construction, equipment, and such other matters as may be pertinent under the circumstances. The secretary shall within a reasonable time after the detailed cost estimate has been made, approve the project by a written order made in accordance with the procedures established for the approval of state capital construction projects; provided, however, no project shall be approved for which the estimated cost exceeds the funds available for expenditure out of the Area Development Fund for capital

projects in the area development district in which the project is proposed, combined with other funds available for the project. The secretary's approval or disapproval of each capital project shall be communicated to the board of directors of the area development district proposing the project. Any project disapproved by the secretary because the total estimated cost exceeds the balance of funds available may be revised by the board of directors of the area development district and resubmitted for further consideration by the secretary.

(3) Funds shall be allotted out of the Area Development Fund for each approved capital project to a project account in the state capital construction fund and all expenditures necessary and proper to be made in relation to such approved project shall be made from such project account. Pursuant to the provisions of KRS Chapters 45 and 56, and the applicable procedures of the Executive Department for Finance and Administration, the department shall acquire any real property required for the project, cause to be prepared all plans, specifications and designs for the project, invite bids, and award and administer all contracts necessary and required in relation to the capital project.

(4) The Secretary of the Executive Department for Finance and Administration shall advise the board of directors of the area development district and the designated beneficiary agency in writing when the capital project is completed according to plans and specifications and has been accepted by the Commonwealth. Thereafter, within a reasonable time, the secretary shall, subject to the provisions of KRS 45.360, provide for the conveyance of the capital project to the beneficiary agency designated in the proposal according to such terms and conditions as the secretary shall determine will assure the future use of the project for public purposes.

RUSSELL R. McCLURE, Secretary

ADOPTED: June 23, 1976

RECEIVED BY LRC: June 24, 1976 at 11:15 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: Secretary, Executive Department for Finance and Administration, Capital Annex, Frankfort, Kentucky 40601.

EXECUTIVE DEPARTMENT FOR FINANCE AND ADMINISTRATION Board of Medical Licensure

201 KAR 9:075. Continuing medical education requirements.

RELATES TO: KRS 311.530 to 311.620, 311.990

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: KRS 311.601 authorizes the board to promulgate necessary regulations designed to insure the continuing professional competency of practicing physicians in the state. This regulation requires all physicians in the state to participate in continuing medical education as a means of re-registration of their licenses to practice medicine. The purpose of the regulation is to enhance the professional competency of the practicing physician holding a license issued by this board.

Section 1. Continuing Medical Education Requirement.

Effective January 1, 1977, all physicians in the state of Kentucky, unless otherwise exempted, are required to report activities sufficient to fulfill appropriate requirements in continuing medical education every three (3) years in order to re-register their licenses to practice medicine in the state. The triennium will begin January 1, 1977 and will terminate December 31, 1979. Physicians entering the state during the triennium will begin their three (3) year period on the first January immediately following their licensure in the state.

Section 2. Each physician will meet continuing medical education requirements as follows:

(1) Complete 150 hours of continuing medical education during his/her reporting triennium, sixty (60) hours of which shall be in Category I and preferably pertinent to his/her designated specialty.

(2) The continuing medical education which is essential to meet the above requirements is defined in terms of categories, related to quality and quantity, as follows:

(a) Category I, continuing medical education activities having accredited sponsorship, sixty (60) hour credit minimum. In order to qualify for continuing medical education credit in Category I, an educational activity must meet both of the following criteria:

1. The continuing medical education activity must be sponsored or co-sponsored by an institution or organization accredited for continuing medical education by the appropriate council on medical education of the American Medical Association or the American Osteopathic Association, or their approved Kentucky affiliates (KMA, KOA).

2. The continuing medical education program must meet the definition of a planned program of continuing medical education, as defined by the AMA or AOA and must be designated as a Category I activity by the sponsoring institution or organization.

(b) Category II, continuing medical education activities not having an accredited sponsorship or that are designated as Category II by an accredited sponsor, forty-five (45) hour credit limit.

(c) Category III, medical teaching, forty-five (45) hour limit. Credit claimed in this category is for direct student-contact teaching of medical students, interns, residents, practicing physicians, and allied health professionals.

(d) Category IV, papers, publications, books and exhibits, forty (40) hour credit limit. Ten (10) credit hours may be claimed once for the preparation and delivery of a paper, publication of a book or a paper, display of scientific exhibits etc., in recognized scientific journals or assemblies.

(e) Category V, other unsupervised individual continuing medical education activities, forty-five (45) credit hour limit. Within this category not more than twenty-two (22) credit hours may be claimed in any one (1) of the five (5) sub-categories as follows: Self-instruction, consultation, patient care review, self-assessment and specialty board preparation.

Section 3. Exemptions. Physicians enrolled in full-time approved residency programs are exempt from participation.

Section 4. Special Dispensation. (1) Individual physicians may be granted a deferral on a year-to-year basis at the discretion of the board for such reasons as poor

health, handicap, temporary absence from practice, or other extenuating circumstances.

(2) If such a deferral is granted, the three (3) year certification period shall be extended for a time equal to the deferral. Credit earned in the three (3) year period prior to the deferral may be counted toward satisfaction of the three (3) year requirement, but may not be counted again in the next three (3) year period.

Section 5. Methods of Reporting. (1) upon completing the continuing medical education requirements, physicians are to contact the licensure office in order to obtain necessary continuing medical education "reporting form." It is emphasized that the physician is responsible for contacting the licensure office regarding this matter.

(2) Upon receipt of the continuing medical education "reporting form" and approval of the continuing medical education requirements, the physician will be so notified.

Section 6. Unsatisfactory and Delinquent Reports.

(1) If, at the end of the three (3) year period a physician has not reported activities to satisfy appropriate requirements, he/she will be so informed.

(2) A physician, who has not reported sufficient activities to satisfy the continuing medical education requirement for a three (3) year period by January 1 of the year following his/her qualifying triennium, will be advised he/she must do so by March 1 of that year to maintain his/her license to practice medicine or osteopathy.

(3) If a physician fails to report sufficient activities for a three (3) year period by March 1 of the year following his/her qualifying triennium, his/her license to practicing medicine or osteopathy in the state will automatically expire and lapse on April 1 and he/she will be so notified.

Section 7. Acceptance of Delinquent Reports and Reinstatement. (1) A physician may submit a report at any time during the year following the three (3) qualifying period. If the report is determined to be acceptable in completion of the appropriate requirements, the physician shall be certified for the preceding period and his/her license shall be reinstated.

(2) A physician who submits such a report may report on activities in the preceding three (3) year period, providing they have not been previously reported.

(3) A physician may also report activities in the calendar year following a three (3) year qualifying period for credit in that preceding period. However, the reported activities may not be counted for the next three (3) year qualifying period.

Section 8. Appeal Mechanism. If a physician's continuing medical education activities are not approved, an appeal may be made to the board.

Section 9. Fraudulent Reports. Physicians submitting fraudulent information concerning continuing medical education participation will be reported to the board for disciplinary action in accordance with KRS 311.595.

Section 10. Accrediting Agency. The board will not serve as an educational accrediting agency. The appropriate program accrediting agencies are the American Medical Association and the American Osteopathic Association and

their accrediting agencies established at the state, local and regional levels.

WILLIAM P. McELWAIN, M.D., President

ADOPTED: May 27, 1976

APPROVED: RUSSELL McCLURE, Commissioner

RECEIVED BY LRC: July 1, 1976 at 1:45 p.m.

PUBLIC HEARING: A public hearing has been scheduled to allow all interested parties an opportunity to comment on the proposed regulation as follows: Ramada Inn, Jeffersonian Room, 9700 Bluegrass Parkway, Louisville, Kentucky, Thursday, August 26, 1976, 3:00 p.m.

**EXECUTIVE DEPARTMENT FOR
FINANCE AND ADMINISTRATION
Kentucky State Real Estate Commission**

201 KAR 11:062. Retention of broker's records.

RELATES TO: KRS 324.115

PURSUANT TO: KRS 13.082

NECESSITY AND FUNCTION: To inform and set certain standards for the licensees and to protect the public.

Section 1. All brokers shall preserve for four (4) years following its consummation, records in one (1) file relating to any real estate transaction, which shall include the acquisition of and disbursement of any monies, listing and sales contracts, closing sheets, and such other pertinent information as the commission may require.

CHARLES R. BROWN, Chairman

ADOPTED: June 10, 1976

APPROVED: RUSSELL McCLURE, Secretary

RECEIVED BY LRC: July 7, 1976 at 3:00 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING TO: General Counselor, Kentucky State Real Estate Commission, 100 East Liberty Street, Suite 204, Louisville, Kentucky 40202.

**DEVELOPMENT CABINET
Department of Agriculture**

302 KAR 1:020. Burley tobacco.

RELATES TO: KRS 247.710 to 247.785

PURSUANT TO: KRS 13.082, 247.755

NECESSITY AND FUNCTION: KRS 247.755 authorizes the commissioner to establish and determine the rules and regulations to conduct a referendum among producers of burley tobacco for the purpose of promoting and stimulating by research, market development and education, the increased production, use and sale, domestic and foreign, of burley tobacco and burley tobacco products.

Section 1. Definitions: As used in these rules and regulations, unless the context otherwise requires:

(1) "Commissioner" means the Commissioner of the Department of Agriculture;

(2) "Board" means the State Board of Agriculture;

(3) "Producer" means every person who produces burley tobacco and thereafter causes the same to be marketed;

(4) "New producer" means a producer who was not engaged in the business of producing burley tobacco at the time a referendum was conducted in accordance with the provisions of these rules and regulations;

(5) "Person" means any individual, corporation, partnership, association, cooperative, or other business entity;

(6) "Referendum agent" means an employee of the Department of Agriculture under the direct control of the commissioner;

(7) "County referendum agent" means a person appointed by the commissioner, in a county where the burley tobacco referendum is held, as his agent for the conduct of said referendum;

(8) "Council for Burley Tobacco, Inc." means an existing association, representative of the burley tobacco producers of Kentucky;

(9) "Marketing quota" means each burley tobacco quota for which a marketing card is issued by the county agricultural stabilization conservation service office;

(10) "Association" means any commission, council, board, or other body.

Section 2. Counties in Which Referendum Will Be Conducted. The burley tobacco referendum will be conducted in all of the 120 counties in Kentucky.

Section 3. Who May Vote. (1) Each person engaged in the production of burley tobacco on a commercial basis, including the owners of farms on which burley tobacco is produced, tenants and sharecroppers sharing in the proceeds of the sale of burley tobacco shall be entitled to cast one (1) vote in the referendum, provided the producer is eighteen (18) years of age or older.

(2) Without limiting subsection (1) of this section, each person whose name regularly appears on checks issued in payment for the sale of burley tobacco is eligible to cast one (1) vote in the referendum regardless of the ownership of the farm upon which burley tobacco was produced. No person who certifies to the county referendum agent that he is a producer of burley tobacco shall be refused a ballot but such person shall be required to furnish the agent with information specific enough for the commissioner to verify the person's voting eligibility before such ballot is counted in the referendum.

Section 4. Voting Place. The commissioner shall establish a voting place in each county within the state where producers of burley tobacco reside. Such voting place will be the County Extension Service Office in each county where the referendum is conducted. The voting place must provide an area where each voter can mark his ballot in privacy. Only one (1) voter shall be permitted in the voting area at any one time. One or more county referendum agents shall be permitted in each voting place for the purpose of conducting the referendum. The county referendum agent shall be in charge of and be responsible for the voting area. Campaigning for or against said referendum will not be permitted in the County Extension Service Offices during voting hours.

Section 5. Hours for Voting. The voting places will be open from 9:00 a.m. to 3:00 p.m. local time and eligible

voters will be permitted to vote only during such period of time or by absentee ballot as set forth in Section 6. Voters will be permitted to vote only in the county of their residence or in the case of a corporate producer in the county where its principal place of business is located.

Section 6. Absentee Voting. Voting by absentee ballot will be permissible; provided, the request for an absentee ballot is made in writing to the commissioner at least ten (10) days in advance of September 21, 1976. The absentee ballot must be signed, and returned to the commissioner on or before September 21, 1976, before such ballot is counted in the referendum.

Section 7. Referendum Voting Date. The burley tobacco referendum voting date will be September 21, 1976. This date will be published by the commissioner through the medium of the public press in the Commonwealth of Kentucky at least thirty (30) days before the holding of such referendum, and direct written notice thereof shall likewise be given to each County Cooperative Extension Agent in any county covered by such referendum.

Section 8. Supervision of Referendum and Duties of the County Referendum Agent. The commissioner shall provide the county referendum agent with a copy of these rules and regulations to conduct said referendum. Each county referendum agent shall have in his possession and under his control a ballot box and the approved ballot forms, indelible marking pens, and other supplies sufficient to operate each voting place as established in Section 4. Each prospective voter must identify himself to the county referendum agent; and such person will be required to sign a registration book giving his name and complete mailing address. The registration book shall be maintained by the county referendum agent. Upon signing the registration book, each prospective voter will receive an official ballot from the county referendum agent. The official ballot after it has been completed by each eligible voter, shall be placed in the ballot box by said voter.

Section 9. Approved Ballot Forms. The commissioner shall furnish each county referendum agent with official ballots. Also, the official ballot shall show that the burley tobacco producer is voting on whether or not to have one-tenth (0.1) cent per pound deducted on their burley tobacco marketing quota, with a minimum of fifty (50) cents and a maximum of ten dollars (\$10) each marketing year. The funds collected by the warehouse owners, tobacco dealers, and tobacco manufacturers will be sent to the Council for Burley Tobacco to be used as provided in KRS 247.755.

Section 10. Custody of Ballot Box and Referendum Material. Each county referendum agent shall provide a ballot box large enough to enclose all ballots cast in the referendum and to protect the ballots to insure that the information on the ballots is held in confidence. The county referendum agent shall mail all marked ballots and the registration book the day following the voting in the burley tobacco referendum to the Department of Agriculture in a properly secured manila envelope or folder.

Section 11. Confidential Information. All ballots cast, the identity of any person who voted, or the manner in which any person voted, and all information furnished to,

compiled by, or in the possession of the commissioner, the referendum agent, and the county referendum agents shall be regarded as confidential. The commissioner shall retain the records, the ballots, the result of the referendum, and all other information furnished to or compiled by the commissioner in regard to the referendum for a period of twelve (12) months.

Section 12. Counting of Votes. Within five (5) days after the referendum, the commissioner shall designate an area within the department's offices to be used for counting the votes cast in the referendum. The vote count shall be conducted by employees of the department, but the Council for Burley Tobacco, Inc., and any organization actively engaged in the production of burley tobacco in Kentucky may each have one (1) representative present during the counting of the votes. Such organization must establish, to the satisfaction of the commissioner, that its desire to observe the counting of the ballots is for a legitimate purpose.

Section 13. Announcement of the Referendum Results. Announcement of the results of the referendum will be made only by the commissioner. The referendum agent or others who assist in the referendum shall not disclose any information in regard to the referendum. The commissioner will announce the results within ten (10) days after the referendum.

TO: Mr. Thomas O. Harris, Commissioner, Kentucky
Department of Agriculture, Capital Plaza Tower, 7th Floor,
Frankfort, Kentucky 40601.

DEVELOPMENT CABINET Department of Agriculture

302 KAR 1:030. Bovine animals.

RELATES TO: KRS 247.610 to 247.685

PURSUANT TO: KRS 13.082, 247.655

NECESSITY AND FUNCTION: KRS 247.655
authorizes the commissioner to establish and determine the rules and regulations to conduct a referendum among producers of bovine animals for the purpose of promoting and stimulating by research, market development and education, the increased production, use and sale, domestic and foreign, of bovine animals and bovine animal products.

Section 1. Definitions: As used in these rules and regulations, unless the context otherwise requires:

(1) "Commissioner" means the Commissioner of the Department of Agriculture;

(2) "Board" means the State Board of Agriculture;

(3) "Producer" means every person who produces bovine animals and thereafter causes the same to be marketed;

(4) "New producer" means a producer who was not engaged in the business of producing bovine animals at the

time a referendum was conducted in accordance with the provisions in these rules and regulations;

(5) "Person" means any individual, corporation, partnership, association, cooperative, or other business entity;

(6) "Referendum agent" means an employee of the Department of Agriculture under the direct control of the commissioner;

(7) "County referendum agent" means a person appointed by the commissioner, in a county where the bovine animal referendum is held, as his agent for the conduct of said referendum;

(8) "Kentucky Beef Cattle Association" means an existing association, representative of bovine animal producers of Kentucky.

Section 2. Counties in which referendum will be conducted. The bovine animal referendum will be conducted in all of the 120 counties in Kentucky.

Section 3. Who May Vote. (1) Each person engaged in the production of bovine animals on a commercial basis, including the owners of farms on which bovine animals are produced, tenants and sharecroppers sharing in the proceeds of the sale of bovine animals shall be entitled to cast one (1) vote in the referendum provided the producer is eighteen (18) years of age or older.

(2) Without limiting subsection (1) of this section, each person whose name regularly appears on checks issued in payment for the sale of bovine animals is eligible to cast one (1) vote in the referendum regardless of the ownership of the farm upon which bovine animals were produced. No person who certifies to the county referendum agent that he is a producer of bovine animals shall be refused a ballot but such person shall be required to furnish the county referendum agent with information specific enough for the commissioner to verify the person's voting eligibility before such ballot is counted in the referendum.

Section 4. Voting Place. The commissioner shall establish a voting place in each county within the state where producers of bovine animals reside. Such voting place will be in the County Extension Service Office in each county where the referendum is conducted. The voting place must provide an area where each voter can mark his ballot in privacy. Only one (1) voter shall be permitted in the voting area at any one time. One or more county referendum agents shall be permitted in each voting place for the purpose of conducting the referendum. The county referendum agent shall be in charge of and be responsible for the voting area. Campaigning for or against said referendum will not be permitted in the County Extension Service Offices during voting hours.

Section 5. Hours For Voting. The voting places will be open from 9:00 a.m. to 3:00 p.m. local time and eligible voters will be permitted to vote only during such period of time or by absentee ballot as set forth in Section 6. Voters will be permitted to vote only in the county of their residence or in the case of a corporate producer in the county where its principal place of business is located.

Section 6. Absentee Voting. Voting by absentee ballot will be permissible; provided, the request for an absentee ballot is made in writing to the commissioner at least ten (10) days in advance of September 7, 1976. The absentee ballot must be signed, and returned to the commissioner on

or before September 7, 1976, before such ballot is counted in the referendum.

Section 7. Referendum Voting Date. The bovine animal referendum voting date will be September 7, 1976. This date will be published by the commissioner through the medium of the public press in the Commonwealth of Kentucky at least thirty (30) days before the holding of such referendum, and direct written notice thereof shall likewise be given to each county extension service agent in any county covered by such referendum.

Section 8. Supervision of Referendum and Duties of the County Referendum Agent. The commissioner shall provide the county referendum agent with a copy of these rules and regulations to conduct said referendum. Each county referendum agent shall have in his possession and under his control a ballot box and the official ballot forms, indelible marking pens, and other supplies sufficient to operate each voting place as established in Section 4. Each prospective voter must identify himself to the county referendum agent; and such person will be required to sign a registration book giving their name and complete mailing address. Upon signing the registration book, each prospective voter will receive an official ballot from the county referendum agent. The official ballot after it has been completed by each eligible voter, shall be placed in the ballot box by said voter.

Section 9. Approved Ballot Forms. The commissioner shall furnish each county referendum agent with official ballots. Also, the approved ballot shall show that the bovine animal producer is voting on whether or not to have ten (10) cents per bovine animal deducted by the purchaser at the time of sale to be sent to the Kentucky Beef Cattle Association to be used as provided in KRS 247.655.

Section 10. Custody of Ballot Box and Referendum Material. Each county referendum agent shall provide a ballot box large enough to enclose all ballots cast in the referendum and to protect the ballots to insure that the information on the ballots is held in confidence. The county referendum agent shall mail all marked ballots and registration book the day following the voting in the bovine animal referendum to the Department of Agriculture in a properly secured manila envelope or folder.

Section 11. Confidential Information. All ballots cast, the identity of any person who voted, or the manner in which any person voted, and all information furnished to, compiled by, or in the possession of the commissioner, the referendum agent, and the county referendum agents shall be regarded as confidential. The commissioner shall retain the records, the ballots, the result of the referendum, and all other information furnished to or compiled by the commissioner in regard to the referendum for a period of twelve (12) months.

Section 12. Counting of Votes. Within five (5) days after the referendum, the commissioner shall designate an area within the department's offices to be used for counting the votes cast in the referendum. The vote count shall be conducted by employees of the department, but the Kentucky Beef Cattle Association and any organization actively engaged in the production of bovine animals in Kentucky may each have one (1) representative present during the counting of the votes. Such organization must

establish, to the satisfaction of the commissioner, that its desire to observe the counting of the ballots is for a legitimate purpose.

Section 13. Announcement of the Referendum Results. Announcement of the results of the referendum will be made only by the commissioner. The referendum agent or others who assist in the referendum shall not disclose any information in regard to the referendum. The commissioner will announce the results within ten (10) days after the referendum.

RECEIVED BY LRC: July 8, 1976 at 11:25 a.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Mr. Thomas O. Harris, Commissioner, Kentucky
Department of Agriculture, Capital Plaza Tower, 7th Floor,
Frankfort, Kentucky 40601.

DEVELOPMENT CABINET Kentucky State Fair Board

303 KAR 1:002. Access to Fair Board's public records.

RELATES TO: KRS Chapter 61

PURSUANT TO: KRS 61.870 to 61.884

NECESSITY AND FUNCTION: The Kentucky State Fair Board is authorized by KRS 61.876 to promulgate specific regulations governing public access to public records of the agency. This regulation supplements the uniform regulations promulgated by the Executive Department for Finance and Administration. This regulation describes, with specificity, the kinds of records which are exempt from disclosure.

Section 1. Records of a proprietary nature, including promotional, operational and financial information about a client, lessee, entertainer or other parties using any of the Kentucky State Fair Board's facilities are exempt from disclosure provided that the following criteria are satisfied:

(1) Such information must be submitted on a voluntary basis with the expectation of maintenance of confidentiality; and

(2) Inability to guarantee maintenance and confidentiality would have an adverse effect on the ability of the Kentucky State Fair Board to compete with other private and public enterprises of a similar nature.

Section 2. Records of the Kentucky State Fair Board relating to its own productions when untimely release of the information would tend to impair the board's ability to manage its productions to optimum success, the ability to control the timing of event information announcements being a vital element of such success.

Section 3. Records of the Kentucky State Fair Board relating to contracts with entertainers and other dignitaries appearing in its own productions.

Section 4. Records of the Kentucky State Fair Board relating to sales and promotional efforts which, if made public, would place the board at a competitive disadvantage with other similar facilities.

Section 5. The following is representative but not exhaustive of information which is confidential and any records or documents containing or incorporating such information are exempt from disclosure: attendance figures to lessees' events; artists' contracts; lessees' financial statements; lessees' payments to parties other than the Kentucky State Fair Board, its employees, agents and representatives; lessees' trade show exhibitor lists; documents which if exhibited would cause the premature announcement of attractions or activities; confidential reports received from sources within the entertainment industry; gross admission receipts; lessees' expenditures and escrow accounts for payment of lessees' bills; security, transportation, and crowd control arrangements for visiting dignitaries or for others if in the interest of public safety; Kentucky State Fair and National Farm Machinery Show exhibitor lists; definitely scheduled news releases prior to the scheduled time of release; Kentucky State Fair Board sales and promotion plans, preliminary correspondence and documents for the solicitation of specific prospective conventions, trade shows, attractions or other activities that if prematurely revealed before the event is definitely booked and publicly announced, would have adverse effect on the Kentucky State Fair Board's ability to compete with other facilities for such events.

Section 6. Nothing in this regulation authorizes the exemption of business transactions of the Kentucky State Fair Board and its subsidiary entities which have no relationship to maintaining competitive position for attracting trade shows, conventions or other assemblages.

DEPARTMENT OF TRANSPORTATION

600 KAR 1:010. Access to Department of Transportations' public records.

RELATES TO: KRS 61.870 to 61.884

PURSUANT TO: KRS 13.082, 61.876

NECESSITY AND FUNCTION: This regulation sets forth records in the custody of the Department of Transportation which are exempt from public inspection as authorized by the provisions of KRS 61.870 to 61.884.

Section 1. The following records in the custody of the Department of Transportation are exempt from public inspection:

(1) Records which are not subject to production or discovery under the Kentucky Rules of Civil Procedure. (KRS 61.878(1)(j).)

(2) Interoffice memoranda, memoranda to the files, inter-departmental memoranda, cost estimates and preliminary reports pertaining to recommendations regarding:

(a) Specified projects;

- (b) Engineering criteria; and
- (c) Departmental policies and procedures. (KRS 61.878(1)(g)(h).)
- (3) Consultant prequalification information, including financial statement. (KRS 61.878(1)(g)(h).)
- (4) Consultant fee proposal and negotiation data used for consultant engineering agreements. (KRS 61.878(1)(g)(h).)
- (5) Preliminary plan quantities prior to contractor quantity sheet transmittal. (KRS 61.878(1)(g)(h).)
- (6) Preliminary contract specifications relating to specific projects. (KRS 61.878(1)(g).)
- (7) Preliminary structural plans and preliminary specifications. (KRS 61.878(1)(g)(h).)
- (8) Records containing material price schedules and information used in arriving at contractual agreements between utility companies and their suppliers and contractors for adjustment, removal and/or relocation of utilities from highway projects. (KRS 61.878(1)(g)(h).)
- (9) Appraisal fee estimate. (KRS 61.878(1)(d)(h).)
- (10) Fee estimate for grave removal. (KRS 61.878(1)(d)(h).)
- (11) Performance evaluations of staff and fee appraisers. (KRS 61.878(1)(a)(d)(h).)
- (12) Acquisition documents, replacement housing evaluations and record of negotiations. (KRS 61.878(1)(d)(h).)
- (13) Contents of real estate appraisals, including the comparable sales book and mineral assays, reports, surveys and studies until such time as all the parcels of property necessary to be obtained in order to construct a highway project have been conveyed to the department by a recorded deed of conveyance. (KRS 61.878(1)(d).)
- (14) All information relating to qualification of bidders, except a list of qualified bidders. (KRS 176.210, 61.878(1)(j).)
- (15) Performance reports of contractors submitted by field personnel. (KRS 61.878(1)(a).)
- (16) Initial approval of source samples from new aggregate sources. (KRS 61.878(1)(h).)
- (17) Engineering estimates for geotechnical and soil investigations by consultants. (KRS 61.878(1)(g)(h).)
- (18) Examinations for certification of material technician (materials sources and contractors). (KRS 61.878(1)(e).)
- (19) Preliminary design information on soil strength (CBR test values). (KRS 61.878(1)(g)(h).)
- (20) Preliminary airport site information. (KRS 61.878(1)(c)(g)(h).)
- (21) Preliminary correspondence between the department and airport boards concerning proposed development projects. (KRS 61.878(1)(c)(g)(h).)
- Intra-departmental memoranda expressing opinions of programs and/or policies which have not received executive approval. (KRS 61.878(1)(h).)
- (23) Preliminary route discussions with airlines or airport boards. (KRS 61.878(1)(c)(g)(h).)
- (24) All personnel records to the same extent such are confidential pursuant to KRS 18.290 and Regulation 101 KAR 1:140, Section 12. (KRS 61.878(1)(j).)
- (25) Correspondence with private individuals other than correspondence which gives notice of final action. (KRS 61.878(1)(g).)
- (26) Motor Carriers' Quarterly Tax Return required by KRS 138.685. (KRS 61.878(1)(j), 131.190.)

(27) Applications for charge accounts (toll roads). (KRS 61.878(1)(a).)

JOHN C. ROBERTS, Secretary

ADOPTED: June 23, 1976

RECEIVED BY LRC: June 23, 1976 at 2:00 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Ed W. Hancock, Deputy Secretary for Legal Affairs,
Department of Transportation, Frankfort, Kentucky
40601.

DEPARTMENT OF TRANSPORTATION

Bureau of Vehicle Regulation

601 KAR 9:012. Personalized license plates.

RELATES TO: KRS 186.174

PURSUANT TO: KRS 13.082, 186.174

NECESSITY AND FUNCTION: KRS 186.174, as enacted by the 1976 General Assembly, empowers the Department of Transportation to adopt rules and regulations to implement the provisions as set forth therein for the issuance of a personalized license plate. This regulation is intended to implement the provisions of KRS 186.174.

Section 1. In the event more than one application is received by the Department requesting the same combination of letters of the alphabet and/or arabic numerals, the application received first is the one which the department shall accept and issue a personalized license plate based thereon. In order to establish the time of receipt each application shall immediately be time-stamped. This time-stamp shall also be used by the department to determine whether the application was timely received.

Section 2. The application period for the obtaining of a personalized plate shall be from April 1 through September 1 of the year preceding that in which the plate is to be issued. Applications received before April 1 or after September 1 during the year preceding that in which the plate is to be issued shall be rejected.

Section 3. No personalized plate shall be used on a motor vehicle other than the one for which it was issued.

Section 4. A personalized plate shall be obtained from the county clerk of the county in which the applicant would be required to register his vehicle. If an applicant moves to another county prior to the time he would be required to obtain his personalized plate, he shall notify the department of the new county of residence and the department shall forward his personalized plate to the clerk of such county. If an applicant moves to another county after the time he would be required to obtain his personalized plate, he shall notify the department, the county clerk of his new county of residence, and the county clerk of his old county of residence. The county clerk of the applicant's former county of residence shall, upon notification, forward the plate to the applicant's new county of residence.

Section 5. If a personalized plate is issued through oversight or any other reason which carries letter or number

combinations offensive to good taste and decency, it shall be recalled by the department and the regular tag issued under KRS 186.050(1) shall be obtained by the owner of the motor vehicle and placed on the vehicle.

Section 6. If a personalized plate is not renewed before September 1 of the year preceding that in which it was to be issued, the department shall not issue a plate bearing the same letter or number combinations for one year and then only upon proper application.

RELATES TO: KRS 336.510 to 336.680

PURSUANT TO: KRS 13.082, 336.620

NECESSITY AND FUNCTION: KRS 336.620 authorizes the commissioner to prescribe the fee to be charged for each inspection of an elevator. The function of this regulation is to set forth the fee to be charged in order to raise enough revenue to properly administer the inspection program.

Section 1. Schedule of Fees. (1) Construction permit fee for installation of each new elevator shall be fifty dollars (\$50) plus four dollars (\$4) per door opening.

(2) Alteration permit fee of existing elevator shall be fifty dollars (\$50) plus four dollars (\$4) per door opening.

(3) Construction permit fee for installation of each escalator shall be fifty dollars (\$50) per unit.

(4) General inspection fee for each passenger elevator and escalator shall be fifty (\$50) per annual inspection.

(5) Inspection fee for each inspection by a general inspector made on request by the owner or user of the elevator shall be fifty dollars (\$50).

PUBLIC PROTECTION AND REGULATION CABINET Department of Mines and Minerals

805 KAR 5:010. Fees for licenses to operate.

RELATES TO: KRS 351.175

PURSUANT TO: KRS 13.082, 351.175

NECESSITY AND FUNCTION: KRS 351.175 requires

the Department of Mines and Minerals to establish reasonable license fees. This regulation establishes the fees to be charged with respect to the application for and issuance of a license to operate a mine.

Section 1. Every application or request to the Department of Mines and Minerals for the issuance of a license to operate a mine shall be accompanied by a United States Postal Money Order or Cashier's Check drawn in favor of the State Treasurer. The amount of this license fee shall be determined by the tonnage produced from such mine and by reference to subsections (1), (2) and (3) of this section.

(1) The license fee for mines producing at or in excess of 500,000 tons per year shall be \$1,000.

(2) The license fee for mines producing at or in excess of 100,000 tons per year but less than 500,000 tons per year shall be \$500.

(3) The license fee for mines producing less than 100,000 tons per year shall be \$100.

Section 2. No application for a license to operate a mine shall be processed and no license to operate a mine shall be issued by the Department of Mines and Minerals without first having received a United States Postal Money Order or Cashier's Check in the amount provided in Section 1.

H. N. KIRKPATRICK, Commissioner

ADOPTED: June 26, 1976

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: H. N. Kirkpatrick, Commissioner, Department of Mines and Minerals, Post Office Box 680, Lexington, Kentucky 40501, Telephone (606) 254-0367 or 254-0368.

PUBLIC PROTECTION AND REGULATION CABINET Department of Insurance

806 KAR 3:025. Salvage or subrogation recoveries.

RELATES TO: KRS 304.3-240

PURSUANT TO: KRS 304.6-010

NECESSITY AND FUNCTION: KRS 304.6-010(1)(m) and (n) provide that in determining the financial condition of an insurer the only assets to be allowed are those pursuant to Annual Statement form approved by the Commissioner. Other assets may be allowed which are deemed by the Commissioner to be available for the payment of losses and claims. The function of this regulation is to affirm the department's long standing position regarding the treatment of salvage and subrogation, which has been not to permit such as an offset to losses or as an asset unless such has been reduced to cash or its equivalent.

Section 1. Due to the difficulty in ascertaining the value of items received as salvage on paid or unpaid losses and determining the amount which might be recovered by subrogation on paid or unpaid losses, insurance companies incorporated under the laws of this state and foreign and alien companies licensed to do business in this state shall not take credit in any annual statement or interim statement filed with this department for salvage or subrogation recoveries until such recoveries shall have been

reduced to cash or its equivalent. Salvage or subrogation recoveries reduced to cash or its equivalent shall be accounted for as an offset to losses paid, in accordance with existing practices.

HAROLD B. McGUFFEY, Commissioner

ADOPTED: July 9, 1976

APPROVED: JAMES E. GRAY, Secretary

RECEIVED BY LRC: July 12, 1976 at 3:30 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: Department of Insurance, Second Floor, Capital Plaza Tower, Frankfort, Kentucky 40601.

PUBLIC PROTECTION AND REGULATION CABINET

Department of Insurance

806 KAR 40:010. Patient's compensation fund.

RELATES TO: KRS 304.40-250, 304.40-260, 304.40-310, 304.40-330

PURSUANT TO: KRS 13.082, 304.2-110

NECESSITY AND FUNCTION: KRS 304.2-110 provides that the Commissioner of Insurance may make reasonable rules and regulations necessary for or as an aid to the effectuation of any provision of the Kentucky Insurance Code. This regulation establishes the Kentucky Patient's Compensation Fund procedures and requirements for a mandatory risk sharing, non-profit plan to provide, on a self-supporting basis, the payment of settlements or judgments obtained by any "claimant" on behalf of any "patient" as the result of "malpractice" committed by any "health care provider," which is a member of said Fund, to the extent that such settlements or judgments qualify for payment from the Fund under KRS Chapter 304, Subtitle 40, and this regulation.

Section 1. Definitions: (1) "Insurance required," in, by, or pursuant to KRS 304.40-330(3) shall mean a liability insurance policy providing basic coverage, of not less than \$100,000 per occurrence and annual aggregate coverage of not less than \$300,000 per year, against legal liability of the insured and against loss, damage or expense incidental to a claim of such liability, arising out of death, injury, or disablement of any person or arising out of damage to the economic interest of any person, as the result of malpractice, written on a policy form approved for such purpose by the commissioner for an insurer authorized in Kentucky to write the kind of insurance defined in KRS 304.5-070(1)(i), (j) or written by an insurer not authorized to do business in this state, if written on a policy form which the commissioner has determined to be not substantially different from those approved for authorized insurers, and if written by such nonauthorized insurer pursuant to KRS 304.10-010 through KRS 304.10-210 as a surplus line of insurance authorized for export, and if such company has theretofore declared its willingness to the commissioner to collect and promptly transmit any and all assessments determined by the commissioner and to comply with the requirement that the company give sixty (60) days notice to the commissioner of its intent to cancel or refuse renewal of the policy. Each and every such policy form approved for use in this state by the commissioner for any authorized insurer, prior to July 1, 1976, which

approval is still in effect on that date, shall be deemed to provide the "insurance required" subject only to being written with, or amended on that date to provide, limits of liability equal to or exceeding those contained in this section.

(2) "Policy year," shall mean the twelve (12) consecutive months period for which the policy is to be in effect, beginning on the effective date for the policy or any anniversary date thereof.

(3) "Fund fiscal year" shall mean that twelve (12) months period beginning with the commencement of business on July 1 of any year and ending with the close of business on June 30 of the following year.

(4) Words and terms defined in subtitle 40 of Chapter 304 of the Kentucky Revised Statutes shall be accorded the meaning set forth therein.

(5) Unless otherwise defined herein, words or terms peculiar to the insurance industry shall be accorded the meaning usually applied to them in general usage in that industry or, if not in apparent conflict, as defined anywhere in any other subtitle of Chapter 304 of the Kentucky Revised Statutes.

(6) Unless otherwise defined herein, all other words and terms shall be accorded the meaning applied to them in the general usage of the English language.

Section 2. Membership in the fund for all health care providers, as defined in KRS 304.40-260 and when licensed by this state, if required, shall be attained in the following manner:

(1) Except as hereafter provided, every person licensed to practice medicine pursuant to KRS 311.550 and practicing in Kentucky, shall become a member by virtue of the acceptance or continuation of such license, and shall remain a member for the entire period for which he continues to be so licensed. Upon written application to and approval by the commissioner an exemption from membership may be granted if such person acknowledges that if the certificate of exemption is issued by the commissioner, it is for the sole purpose of exempting him from required membership and participation in the fund and does not in any way eliminate or reduce any legal liability incurred by or attributable to him and agrees with the commissioner that in the event a court of competent jurisdiction finds the exemption to be improper, and thereby subjects the fund to any liability on his behalf, he will promptly pay to the fund any sums paid as basic coverage and all assessments for which he would have been responsible during the period of exemption as if such exemption had not been granted, and if he further certifies and demonstrates to the satisfaction of the commissioner that:

(a) He is not then engaged in the practice of medicine within the State of Kentucky and will not thereafter become so engaged without first surrendering the certificate of exemption to the commissioner; or

(b) Although licensed by the State of Kentucky, his practice in this state is confined to that of a commissioned medical officer of the armed forces of the United States, or that of a medical officer of the United States Public Health Service, the United States Veterans Administration or other agencies of the government of the United States of America, performing official duties in this state under federal law; or

(c) His practice is confined to the status of a full-time employee of the State of Kentucky; or

(d) His application has been endorsed by an advisory

peer group on the basis that his practice is so limited or is conducted under such special circumstances that he should not reasonably be required to participate in the fund.

(2) Every hospital located in this state and subject to compliance with any of the provisions of KRS 216.405 to 216.485 shall become and remain a member of the fund by virtue of its continued operation as a hospital, except that this section shall not apply:

(a) To any hospital owned and operated by the United States Government; or

(b) To any hospital owned and operated by the State of Kentucky, on other than a fee for service basis, if the liability for injury to patients injured in such hospital is determinable solely by the State Board of Claims provided for in KRS 44.070.

(3) Every other health care provider in KRS 304.40-260 may become a member of the fund by making written application to the commissioner on a form provided by him for that purpose and on which the commissioner will endorse his written approval if he finds that:

(a) The applicant is providing health care service pursuant to a license issued by this state, or is an officer, director or agent thereof; or

(b) Is a corporation, partnership or sole proprietorship directly providing health care services to its employees;

(c) And that the applicant's propensity for causing incidence of claim is not so great as to create an unfair burden on the other members of the fund in the event the applicant is approved as a member.

Section 3. (1) Membership in the plan shall terminate when:

(a) The license of the health care provider upon which the membership is based is suspended or revoked by action of the licensing authority which granted it;

(b) The member has given written notification to the commissioner, at least thirty (30) days prior to the close of any fiscal year of the fund, that the member is no longer a health care provider and has voluntarily surrendered any existing license, upon which membership was based, to the licensing authority which granted it;

(c) The member has secured an exemption from participation in the fund from the commissioner pursuant to Section 2, subsection (1) of this regulation;

(d) The membership has been secured pursuant to Section 2, subsection (3) of this regulation and the member has given written notification to the commissioner at least thirty (30) days prior to the close of any fiscal year of the fund that the member desires termination of the membership;

(e) When the member for any reason ceases to have the insurance required or a program of self insurance approved by the commissioner.

(2) Unless the commissioner for good cause, after a hearing, orders otherwise, all terminations of membership become effective at the close of any fiscal year of the fund during which they occurred.

(3) Termination of membership shall not discharge or otherwise affect the member's liability for assessments set by the commissioner to be paid to the fund for the annual period covered by the fiscal year of the fund during any part of which the membership was in effect.

Section 4. (1) Any member hospital may propose a self-insurance plan by submitting to the commissioner a certified copy of the resolution of its board of directors adopting such a plan. The commissioner shall approve any

such plan if he finds that it meets the following standards:

(a) It provides that the hospital agrees to pay any final judgment entered against the hospital by any court of competent jurisdiction for any claim or claims arising from malpractice in an amount not exceeding \$100,000 for any one occurrence and \$300,000 in the aggregate during any fiscal year of the fund for which the hospital is a member; provided, however that a self-insurance plan may provide in the alternative that the hospital may obtain insurance in any amount less than the insurance required, in which event the plan shall provide that the hospital shall agree to pay any final judgment entered against the hospital by any court of competent jurisdiction for any claim or claims arising from malpractice in an amount equal to the difference between the amount of coverage provided by such insurance for any occurrence and in the aggregate and \$100,000 per any one (1) occurrence and \$300,000 in the aggregate for all claims incurred during any fiscal year of the fund for which the hospital is a member.

(b) It provides that the hospital shall report promptly to the commissioner on forms prescribed by him such information as he may require to determine the hospital's ability to make the payments provided by the plan. This report shall include, but need not be limited to, a listing of each claim made by or on behalf of any patient against the hospital growing out of alleged malpractice, the amount of each claim if then known; whether the hospital has denied liability for each claim; the amount paid in settlement of any claim; the amount paid in satisfaction of any judgment; and the amount of the balance then in the claims reserve account or trust fund established pursuant to paragraph (d) of this subsection.

(c) It provides that the hospital shall establish a claims management and risk management program, which shall include, as a minimum, procedures satisfactory to the commissioner for the prompt investigation of each malpractice claim reported to it to determine whether malpractice liability exists and its cause; procedures for the efficient processing, adjustment and reasonable settlement of such claims; procedures for the defense by qualified counsel of claims that cannot be adjusted or settled; and procedures to examine the causes of losses and to take action to reduce their frequency and severity, including a safety program and employee and professional training program. The hospital may undertake such a claims and risk management program through its own qualified personnel, or it may undertake part or all of such a program through the services of independent contractors, including insurance agents and lawyers.

(d) It provides a reliable financial arrangement for the payment of claims by means of a claims reserve account and security deposit as described in paragraph (e) of this subsection, or by means of a trust fund as described in paragraph (f) of this subsection.

(e) It provides, if the hospital proposes to satisfy the requirement of paragraph (d) of this subsection by means of a claims reserve account and security deposit, that the hospital shall maintain a claims reserve account for the payment of all incurred but unpaid claims and claims expenses occurring during its membership in the fund and not covered by a policy of insurance or transferable to the fund, and to place on deposit with the Custodian of Insurance Securities, as security for the payment of claims out of the claims reserve account, a security deposit consisting of marketable securities, of the kinds in which insurance companies are permitted to invest, in an amount equal to \$1,000 for each acute care bed licensed to the

hospital, but not less than \$25,000 nor more than \$300,000. In lieu of said security deposit, the commissioner may accept the posting of a bond with good and sufficient surety for the faithful execution of the plan and the payment of all claims, benefits, expenses or assessments due pursuant thereto, in a principal amount equal to that which would be required if the security deposit had been made.

(f) It provides, if the hospital proposes to satisfy the requirement of paragraph (d) of this subsection by means of a trust fund, that the hospital shall establish a trust fund with a recognized independent trust agent which is not related through ownership or control to the hospital, such as a bank or trust company. The trust fund shall be managed by the trustee in accordance with the Kentucky law governing trusts pursuant to a written trust agreement that includes, in addition to the provisions required to be in a trust instrument by Kentucky law, the following provisions:

1. The trustee shall have legal title to the fund and shall be responsible for its proper administration and control;

2. Loans by the trustee from the trust fund to the hospital shall not be permitted;

3. Withdrawals from the trust fund shall be made only for the payment of those claims for which this section authorizes a self-insurance plan, and the following related expenses: expenses incurred by the trustee in the management of the fund, expenses incurred by the hospital in administering the claims management and risk management program provided by paragraph (c) of this subsection, and legal and actuarial expenses actually related to the hospital's self-insurance plan and the management of the trust fund.

4. The hospital shall, upon the establishment of the fund and annually thereafter, pay into the fund an amount to be determined by an independent actuary and approved by the commissioner who shall be instructed to analyze the fund, using actuarial methods customarily employed by the insurance industry to determine the soundness of malpractice self-insurance reserve funds, and to submit to the hospital, with a copy to the commissioner, a certified statement of the amount necessary to be paid into the fund and the time at which it shall be paid so that the fund will support disbursements to cover payment of claims made under this subparagraph together with the expenses authorized by subparagraph 3. of this paragraph. The certified statement shall also provide for an estimate of the amounts, if any, determined by the actuary to be in excess of what is reasonably needed to support such anticipated disbursements from the fund. Upon payment of such amount, the hospital shall promptly submit to the commissioner proof of such payment.

5. In the event the hospital discontinues operations, or discontinues its self-insurance plan and purchases the insurance required, an independent actuary shall be instructed to analyze the balance in the fund to determine the adequacy of the fund to support disbursements to cover payment of future claims and expenses arising from instances occurring while payments into the fund were being made, and the trustee shall maintain an appropriate reserve in the fund to pay such claims.

6. The trustee shall submit a certified financial statement to the hospital and to the commissioner no later than sixty (60) days after the end of each fiscal year of the fund stating the balance in the fund at the beginning of the year; current year payments; the amount and nature of all withdrawals from the fund, including a separate accounting for claims management expenses, legal expenses, actuarial

expenses, and claims paid; and the fund's balance. If the fund remains in existence after the hospital discontinues operations or discontinues its self-insurance plan, such an annual statement shall be submitted each year until the fund is closed.

7. Any income earned by the fund must become part of the fund.

(g) It provides that the hospital shall make all books and records relating to the plan available to the commissioner for examination to determine that the plan is being operated in conformity with KRS 304.40-250 to 304.40-330 and this regulation.

(2) A self-insurance plan may be proposed by any health care provider, other than a hospital covered under Section 4, subsection (1) herein, and such plan shall be approved by the commissioner if he finds that it meets the following standards:

(a) The health care provider agrees to pay any final judgment imposed upon him by any court of competent jurisdiction or any claim or claims arising from malpractice in an amount not exceeding \$100,000 for any one (1) such claim or \$300,000 for all such claims incurred during any fiscal year of the fund for which the health care provider is a member.

(b) The health care provider agrees to place into escrow and maintain a security deposit consisting of marketable securities of the kinds in which insurance companies are permitted to invest with a current value of not less than \$100,000. Thereafter, the commissioner from time to time may require such health care provider to deposit additional securities in the escrow account so as to provide potential claimants essentially the same protection as is afforded under "insurance required." Such escrow account may be established with any bank or trust company in Kentucky authorized by law to provide such services, under terms of an escrow agreement to which the commissioner would be a party and which will restrict the use of the escrow funds for any purpose other than for the self-insurance plan. Marketable securities acceptable to the commissioner may be substituted and transferred in or out of the said escrow account so long as the market value of such securities on deposit continues to meet the minimum requirements set forth in this regulation.

(c) The health care provider agrees to report promptly to the commissioner each and every incident or occurrence causing injury or death of any patient which may result in a claim against such health care provider for malpractice. Such reports shall set forth the amount of damages claimed if known, the amount reserved for the payment of such claim and any amounts paid in settlement of such claim.

(d) The health care provider agrees to promptly cause any such claim to be investigated and defended if necessary through the services of qualified persons, even though he may consider any such claim to be false and groundless.

(e) The health care provider agrees to make all books and records relating to the self-insurance plan available to the commissioner for examination to determine that the plan is being operated in conformity with KRS 304.40-250 to 304.40-330 and this regulation.

Section 5. (1) On or before May 1 of each year the commissioner shall issue an order prescribing a formula for the setting of assessments applicable to each member of the class of membership to which he belongs. Such formula shall contemplate to the extent reasonably possible any difference between the membership classes and their subclasses as to propensity for causing loss to the fund. The

formula shall be designed to provide sufficient funds to pay all anticipated claims and expense incurred by the fund during the following fund fiscal year. It may vary as to form, content or application between those providing the required insurance through purchase of a policy and those providing it through an approved self-insurance plan. However, it shall be designed to maintain the fiscal integrity of the fund and not to produce any assessment in excess of the limits contained in KRS 304.40-330(3)(a).

(2) The order prescribing the formula shall be distributed promptly to every member and every insurer providing any malpractice insurance in this state and shall be applied by the member or member's insurer to determine the member's liability to the fund, for its subsequent fiscal year, as follows:

(a) For each insured member, other than a hospital, the member's insurer shall apply the percentage produced by the formula as applicable to such member to the gross premium charged such member for the required insurance coverage issued or renewed for such member to become effective during the fiscal year for which the formula was prescribed and the amount thereof shall be collected by the insurer at the same time that its premium is collected, and shall be included in, and transmitted to the fund with a report to the commissioner filed not later than fifteen (15) days following the end of the month in which it was collected.

(b) Each qualified self insurer member, other than a hospital, shall apply the percentage produced by the formula as applicable to such member, to the average premium for such member's class and subclassification as determined by the commissioner, and shall remit such amount to the fund with a completed report form provided by the commissioner for such purpose on or before July 1 of the fiscal year for which the assessment formula is applicable.

(c) Based upon the applicable formula, each member hospital, whether insured or self insured, shall determine its annual assessment and shall report same to the commissioner, on a form provided by him for such purpose, on or before July 1 of the fiscal year for which the assessment formula is to apply and shall transmit therewith to the fund a sum at least equal to one-twelfth (1/12) of its determined annual assessment, and shall, on or before the first day of each and every succeeding month in the fiscal year, transmit to the fund an additional one-twelfth (1/12) of the annual assessment until the assessment is paid in full.

(3) In the event the assessment of any member or any portion thereof remains unpaid more than thirty (30) days after it shall have become due to be transmitted to the fund, the commissioner shall forthwith notify the state authority which licenses such member for proceedings by that authority to suspend the license on which the membership is based.

(4) Assessments shall be fully earned by the fund when they become due and payable by the member, but no member shall be required to pay more than one (1) annual assessment in any fiscal year.

Section 6. (1) Every insurer on behalf of its insured members and every self insured member shall promptly report to the commissioner as a potential loss to the fund every claim made by or on behalf of any patient growing out of alleged malpractice against such member, when the claim for damages may exceed the sum of \$100,000.

(2) Upon request of the commissioner the insurer or self insured member shall advise the commissioner as to the

current status of its handling of any claim which has been reported as a potential loss to the fund and shall furnish any documentation required by him.

(3) When the insurer of any member or any self insured member has negotiated what it believes to be a reasonable settlement of the claim or is required to satisfy any final judgment thereon, the insurer or self insured shall, if the payment of such settlement or satisfaction is dependent upon any payment by the fund, jointly with the claimant petition the commissioner for approval of such settlement. Such petition shall briefly state the alleged facts on which the claim for malpractice is based, the name and address of the injured party, the nature and extent of injury sustained, the type and amount of damages alleged and the amount and terms of the proposed compromised or negotiated settlement. The commissioner shall approve such settlement and order the payment of the fund's proportionate share only if he is satisfied that the settlement is fair and reasonable under all the circumstances and in the best interest of both the claimant and the member, or is in satisfaction of a final judgment obtained by the claimant against the member.

(4) In the event a settlement shall be proposed by an insurer and a claimant, and the commissioner shall approve such settlement, then if such settlement is rejected by the member of the fund, the fund shall be indemnified by the member for the amount of any judgment in excess of the fund's liability for the rejected settlement and the costs of defense incurred after rejection of the settlement offer.

(5) Every insurer on behalf of its insured members, or self-insured member on its own behalf, shall report to the commissioner within sixty (60) days of the date on which it makes a final settlement or a final judgment is entered against it on any claim in an amount less than that requiring approval by the commissioner or payment by the fund, which report shall contain the information required in a petition for settlement approval, as set forth in subsection (3) of this section, except that the claimant need not join therein.

(6) The commissioner shall report monthly to the proper licensing authority a summary of the information obtained by him under subsections (3) or (5) of this section with respect to settlements or judgments involving any and all health care providers licensed by such authority for the purpose of facilitating such authority's review of the fitness of such health care provider as required by KRS 304.40-310(2).

Section 7. (1) The commissioner shall designate an employee of the Department of Insurance to serve as the Administrator of the fund under the supervision and direction of the commissioner.

(2) The administrator shall establish and maintain such accounts and records as may be necessary to:

(a) Properly identify each and every member by name, address, license number, membership number as well as the current membership classification to which he belongs.

(b) Establish the current fiscal condition of the fund on a cash basis for any designated accounting period.

(c) Establish the current fiscal condition of the fund on an accrual basis for any designated accounting period.

(d) Provide the commissioner with adequate statistical information on which the commissioner can determine a formula for the setting of assessments for each membership classification on a basis which shall not unfairly discriminate between members.

(e) Anticipate the cash flow requirements of the fund in order that surplus cash, if any, and in such amount as may be certified by the commissioner, may be invested and reinvested by the State Treasurer for the benefit of the fund.

(f) Adequately document the source of all income to the fund and the purpose of all expenditures therefrom.

(g) Adequately document all claims reported to the fund.

(h) Adequately document all official action taken by or on behalf of the commissioner in the management of the fund.

(3) Any reports required to be made by or on behalf of any member shall be deemed the confidential personal property of the person required to so report and such reports shall not be made public except with the explicit written consent of the person so reporting.

Section 8. (1) Coverage shall be provided by the fund to all members for the payment of all claims, arising from legal liability imposed upon the member and growing out of malpractice committed by the member in excess of \$100,000 per occurrence or \$300,000 annual aggregate. Such coverage shall be extended to the member on the same terms and conditions as the policy of insurance, or approved self-insurance plan, which is maintained by the member as insurance required.

(2) In the event any member whose membership has been attained under Section 2, subsections (1) or (2) of this regulation is unable to acquire the insurance required, and the commissioner determines that KRS 304.40-330(6) is applicable, then the commissioner shall:

(a) Determine a premium to be charged such member based upon such member's education, training and experience as well as his classification for insurance purposes, which premium shall not exceed 300 percent of the average then on file with the commissioner by insurers authorized to write such coverage for risks of the same classification and experience; and

(b) Issue to such member a certificate of basic coverage within the fund and, in his discretion, contract with an insurer authorized to write and writing such coverage in this state for the furnishing of any services required for such basic coverage within the fund.

(3) In the event of the activation of a joint underwriting association pursuant to KRS 304.40-030 no certificate of basic coverage shall be issued to, or renewed for any member unless he has applied for such coverage in and has been rejected by the joint underwriting association.

(4) In the event any member has in effect at the time of any loss, insurance in excess of the insurance required, the excess coverage provided by the fund shall be liable only for a payment to any claimant in excess of all valid and collectable malpractice insurance applicable to the event giving rise to the claim against the fund hereinafter called "applicable insurance." Upon the filing of a claim required to be filed with the fund under KRS 304.40-330(8)(b) the commissioner shall immediately give notice of such claim to each malpractice insurer providing excess applicable insurance and shall require all such insurers to pay such claim up to the limits of liability of such malpractice insurance. If any insurer providing such excess applicable insurance fails or refuses to pay such claim when it is within the coverage provided by the excess policy, the commissioner shall determine the fitness of such insurer under the provisions of KRS Chapter 304 to continue to

hold a "Certificate of Authority" to do business in this state.

HAROLD B. McGUFFEY, Commissioner

ADOPTED: June 30, 1976

APPROVED:

JAMES E. GRAY, Secretary

RECEIVED BY LRC: July 8, 1976 at 4:00 p.m.

A PUBLIC HEARING will be held on this regulation on Tuesday, August 31, 1976, at 10 a.m., Second Floor, Capital Plaza Tower, Frankfort, Kentucky.

PUBLIC PROTECTION AND REGULATION CABINET Public Service Commission

807 KAR 2:061. Electrical inspectors' certification.

RELATES TO: KRS Chapters 227, 278

PURSUANT TO: KRS 278.045

NECESSITY AND FUNCTION: KRS 278.045 transfers and vests in the Public Service Commission all functions, powers and duties, funds, personnel, equipment and supplies relating to electrical inspection (KRS 227.450 to 227.500) existing in the present law in the Department of Public Safety.

Section 1. Responsibilities of the Public Service Commission. (1) The Public Service Commission shall require inspectors to be certified. Examinations shall be based on the National Electrical Code.

(2) The Public Service Commission shall establish qualification requirements for electrical inspectors, and schedule examinations at regular intervals.

(3) It shall be the duty of the Public Service Commission to investigate alleged misconduct of any electrical inspector as certified under this act when, in the opinion of the commission, there is sufficient evidence to suggest that such misconduct exists. Any party may seek redress from the Public Service Commission when alleged misconduct of an electrical inspector is deemed to have worked an undue hardship on the party.

(4) The Public Service Commission shall review the conduct of any electrical inspector who shall have attempted to supplant, overrule or otherwise invalidate the judgment of another electrical inspector without first obtaining express written consent from the city or county official employing the original inspector.

(5) Upon a finding by the commission that such an action has occurred the commission may suspend the certificate of the offending inspector for a period not to exceed one (1) year from the date of the commission's ruling.

(6) The commission may take other appropriate action as may be warranted by any given offense.

(7) The fact that an electrical inspector has been examined and certified by the Public Service Commission as being competent to perform electrical inspections does not authorize that individual to make inspections in the Commonwealth of Kentucky unless he has been hired by a specific city and/or county government within whose jurisdiction he will perform inspections.

Section 2. Applicability. These regulations shall apply to electrical inspectors in the employ of any and all cities

and/or counties in the Commonwealth of Kentucky, and to applicants for certification as electrical inspectors.

Section 3. Definitions. The following words and terms, when used in these regulations shall have the meanings indicated:

(1) "Applicant" means the person seeking to be certified as an electrical inspector.

(2) "Commission" means the Public Service Commission of Kentucky.

(3) "Certified electrical inspector" means an applicant who has met the criteria established by the commission for examination, has satisfactorily passed that examination, and has received a certificate attesting thereto.

(4) "Employee" means one who is employed on a full-time, part-time, or contractual basis by a city or county.

(5) "Electrical" pertains to the installation of wires and conduits for the purpose of transmitting electricity, and the installation of fixtures and equipment in connection therewith.

(6) "Electrical industry" pertains to those engaged in the generation, transmission and distribution of electricity; the design, manufacture, construction, installation, alteration or repair of electrical wiring facilities and apparatus for the utilization of electricity.

Section 4. Qualifications for Electrical Inspectors. Prior to being examined by the commission the applicant must meet the following requirements:

(1) (a) Applicant shall have had not less than three (3) years of experience in the field of electrical inspection of all types of residential, commercial, and industrial electrical light and power wiring systems, installed in accordance with the National Electrical Code; or,

(b) Applicant shall have had not less than five (5) years of experience in the installation and/or design, of all types of residential, commercial, and industrial electrical light and power wiring systems, installed in accordance with the National Electrical Code; or,

(c) Applicant shall be a Registered Professional Electrical Engineer, and shall have been registered and engaged in the practice of his profession for not less than three (3) years.

(2) Applicant shall possess the ability to speak, read, and write the English language and possess a general educational level satisfactory to perform his duties.

(3) Applicant shall not be engaged in any other activity in the electrical industry which might in any way constitute a conflict of interest. Electrical contractors, or any person employed by an electrical contractor, electricians, and employees of electric utilities are expressly prohibited from being certified.

(4) Applicant shall submit a duly notarized application, which shall be supplied by the commission upon request, wherein all pertinent personal information and experience shall be stated. Application must be received by the commission at least thirty (30) days prior to the desired examination date.

(5) A fee of ten dollars (\$10) shall accompany the application, consisting of a check or money order made payable to the Treasurer, Commonwealth of Kentucky.

Section 5. Examinations. (1) Examinations for qualified applicants shall be administered beginning at 1:00 p.m. on the first Tuesday of the months of February, May,

August, and November unless otherwise scheduled by the commission.

(2) Examinations will be administered at the commission's offices, 24th Floor, Capital Plaza Tower, Frankfort, Kentucky, unless another location is specifically designated.

(3) Examination will be based on the National Electrical Code and will be open book. The code book and all necessary supplies will be provided by the commission.

(4) A grade of seventy (70) percent shall be considered passing. An applicant, otherwise qualified, who fails to make a passing score shall, upon request, be scheduled for re-examination at the next examination date without the paying of additional fees.

(5) No applicant shall be certified without successfully passing the examination.

Section 6. Certification. (1) Certificates will be issued to individuals and not to corporations, partnerships, companies or any other entities and will be valid for a period of two (2) years from the date of issuance.

(2) Certificates will be reissued upon request prior to expiration. The fee for renewal shall be two dollars (\$2), payable to the Treasurer, Commonwealth of Kentucky.

Section 7. Revocation of Certificates. The commission may revoke, suspend or refuse to renew the certificate of an electrical inspector who is determined by the commission to be guilty of:

(1) Fraud, deceit or misrepresentation in obtaining certification.

(2) Negligence, incompetence or misconduct in the field of electrical inspection.

(3) Affixing or causing to be affixed to any electrical installation subject to his inspection a seal of approval, where he has not personally inspected such installation and found it to be satisfactory.

(4) Operating as an electrical inspector in localities or jurisdictions without having an employment arrangement with the appropriate unit of local government.

(5) Improperly overruling the findings of another electrical inspector.

Section 8. Establishment of Fees. The responsibility for the establishment of fees or other compensation of electrical inspectors rests with the employing unit of local government.

Section 9. Complaints and Grievances. (1) Any person who believes that any act or omission of any electrical inspector certified by the commission has worked an undue hardship on him, or who believes that an electrical inspector is guilty of misconduct in the performance of his duties, may seek redress from the commission.

(2) Any complaints or allegations of misconduct should be submitted in writing to the Secretary, Public Service Commission, and should set forth the nature of the complaint or alleged misconduct and the action desired on the part of the commission to alleviate same.

(3) After investigation the commission may, at its discretion, cause the matter to be set for public hearing or take any other appropriate action to resolve or correct the matter complained of.

Section 10. Retention of Records. (1) Each electrical inspector shall make and retain for a minimum time of three (3) years a complete record of each inspection. Such

record shall contain, as a minimum, sufficient information to identify the location of the structure inspected, the date of the inspection, the type of structure, whether residential, commercial, industrial or other, the designation of any required permits and the agency(s) granting same, the size and complexity of the structure, any deficiencies in meeting code requirements and action required to comply, and any other pertinent information considered necessary to allow for a review of the inspection.

(2) Such records shall be available for examination by any authorized representative of the commission upon request.

Section 11. 807 KAR 2:060 is hereby repealed.

BARKLEY J. STURGILL, Chairman

DEPARTMENT FOR HUMAN RESOURCES

900 KAR 1:010. Access to Human Resources' public records.

RELATES TO: KRS Chapter 61

PURSUANT TO: KRS 61.876(1), 194.060

NECESSITY AND FUNCTION: The Department for Human Resources is authorized by KRS 194.060(1) to promulgate rules and regulations to protect the confidential nature of all records of the department which directly or indirectly identify a patient or client or former patient or client of the department. The Department for Human Resources is also authorized by KRS 61.876(1) to promulgate rules and regulations to provide for full access to public records without excessively disrupting the essential functions of the department.

Section 1. General. Consistent with the provisions of KRS 61.870 to 61.991, the public records of the Department for Human Resources, except as provided in Section 4, shall be open for inspection by any person in accordance with the procedures established by the regulation promulgated by the Executive Department for Finance and Administration and this regulation.

Section 2. Definitions. The following terms shall have the meaning assigned herein:

(1) "State administrative agency" means every program cabinet, department and administrative body of the Kentucky State Government as defined by KRS 12.010, headed by, or whose membership is composed of, persons appointed by the Governor, and their component organizational subdivisions.

(2) "Public record" means all books, papers, maps, photographs, cards, tapes, discs, records or other documentary materials prepared, owned, used, in the possession of or retained by a state administrative agency, but does not include any records owned by a private person or corporation in the possession of a state administrative agency or an officer or employee there, unrelated to any

function, activity, program or operation funded by the state.

(3) "Official custodian" means the chief administrative officer of a state administrative agency who by virtue of his position is responsible for the maintenance, care and keeping of all the public records of his agency, or if so designated in writing by the chief administrative officer of a state administrative agency, the head of each office, bureau, division or other organizational subdivision within an administrative agency, who is responsible for the maintenance, care and keeping of all of the public records of his organizational unit. Official custodian for the Department for Human Resources is the Secretary for the department or such designees as he shall appoint in writing.

(4) "Custodian" means any officer or employee of a state administrative agency having public records in his personal custody and control.

Section 3. (1) The official custodian or his designees shall be responsible for insuring that the identity of the person seeking disclosure or his authorized representative is verified. An individual seeking disclosure of records shall disclose his name, current address, and at least one (1) piece of tangible identification such as a driver's license or union card. If the individual seeking disclosure is a representative of a client or patient of the department, he shall present written authorization from the client or patient unless he is licensed as an attorney and is representing that client or patient.

Section 4. The public records enumerated in subsections (1) through (10) of this section, except as provided herein, shall be subject to inspection only upon order of a court of this Commonwealth or of the United States. The exemptions under this section notwithstanding, nothing herein shall prohibit or limit the exchange of public records or the sharing of information between state administrative agencies or other public agencies and the Department for Human Resources, or between the subdivisions of the department, when the exchange of such records or sharing of such information will serve legitimate governmental needs or is necessary in the performance of legitimate governmental functions, nor shall the enumeration of any material herein prohibit disclosure of statistical information not readily identifiable of any person. If any public record contains material subject to public inspection only by court order, and other material not so excluded from public inspection, the custodian of the record shall, upon application by any person for inspection of such record, segregate or remove the excluded material from the record and the non-excluded material shall then be available for inspection in accordance with the application for inspection. Nothing contained herein shall limit the right of client or patient of the department or his duly authorized representative to view records pertaining to the client except adoption records which are made subject to inspection only by court order by KRS 199.570, except insofar as the disclosure thereof would constitute a clearly unwarranted invasion of privacy of any person who had contributed information on a confidential basis or the inspection would be of great detriment to the patient. The official custodian(s) of the public records for the Department for Human Resources shall exclude from public inspection, except by an order of court as provided in this section:

(1) Public records containing information of a personal nature where public disclosure would constitute a clearly

unwarranted invasion of personal privacy, including but not limited to:

(a) Items in personnel folders relating to application for employment, evaluation, and personnel actions;

(b) All medical records that are maintained either centrally or at any facility or other office of the Department for Human Resources and that contain the name, Social Security number, or other identifying data for any individual patient or client;

(c) All other records maintained by the Department for Human Resources that contain social, financial, or personal data of individual patients or clients and contains any identifying information;

(d) Copies of court commitments to treatment under the Controlled Substances Act (KRS 218A.990) and any subsequent discharge actions;

(e) All "Unusual Occurrence Reports" that contain specific information about employees or other individuals;

(f) All applications and counseling record forms whether for regular employment services or for such special programs as Comprehensive Employment and Training Act, Food Stamp, Job Corps, Migrant Seasonal Farm Workers or Work Incentive Program. This would also include all other operating forms in which either the name and/or the Social Security number of an applicant is recorded;

(g) All individual employer or employing establishment records maintained that contain identifying information regardless of whether or not the name of the employer is listed. Also included would be copies of individual applicant records and correspondence that might be provided employers or certain eligible public agencies;

(h) Raw data received by the Department for Human Resources pertaining to radiation licenses; and

(i) Information received from applicants seeking loans for businesses in a rural area under the Consolidated Farm and Rural Development Act.

(2) Records confidentially disclosed to an agency and compiled and maintained for scientific research in conjunction with an application for a loan; the regulation of commercial enterprise, including mineral exploration records, unpatented, secret, commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person which are generally recognized as confidential; or for the grant or review of a license to do business which if openly disclosed, would permit an unfair advantage to competitors of the subject enterprise, unless the disclosure or publication of such records is directed by law, including but not limited to: Individual letters written to a specific person or industry dealing with trade secrets, product development techniques, and manufacturing processes, or regulatory matters.

(3) Public records pertaining to the prospective location of a business or industry where no previous public disclosure has been made of the business's or industry's interest in locating in, relocating within, or expanding within the Commonwealth. Provided, however, that this exemption shall not include applications filed with state administrative agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in subsection (2) including but not limited to:

(a) Application for license or permit to operate establishments or facilities which contain specific information about the business, such as volume of product produced, quality control procedures, location of business,

and formulation of product;

(b) Information in inspection reports, investigation reports, sample analysis reports, and correspondence dealing with product formulation, quality control procedures, and the volume of product produced;

(c) All records related to the licensure of laboratories;

(d) Quarterly reports on generally licensed radiation device distribution.

(4) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for an agency relative to the acquisition of real property, until such time as all of the property has been acquired, including but not limited to:

(a) Certificate of need folders that include applications for certificate of need, correspondence, project reports, summaries, and section 1122 of Public Law 92-603;

(b) Application for a permit to construct a facility and construction plans and specifications on proposed or remodeled facilities, and correspondence which would specify location of new facilities.

(5) Test questions, scoring keys and other examination data used to administer a licensing examination, or an examination for employment before the examination is given or if it is to be given again.

(6) Records the Department for Human Resources compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information contained in such records would harm the agency by revealing the identity of informants not otherwise known or by the premature release of information to be used in a prospective prosecution or suit or an administrative adjudication. Except as provided by KRS 17.150, public records exempted under this subsection shall be open for inspection after adjudicative action is completed or a decision has been made to take no action. The official custodian shall have the burden of justifying with specificity a refusal of a demand for inspection of any public records covered by the exemptions provided in this subsection.

(7) Preliminary drafts, notes, correspondence between state administrative agencies and private individuals, other than correspondence intended to give notice of final action by an agency.

(8) Records of the Emergency Medical Service Grant Administration which include bids and other information required to be confidential until after the bids are awarded.

(9) Preliminary recommendations and memoranda in which opinions are expressed or policies formulated or recommended, including but not limited to:

(a) Inspection reports, investigation reports, sample analysis reports, and correspondence on individuals, establishments, or facilities for which legal action is in the process of being instigated or pending;

(b) Correspondence regarding recommendations received from various groups, organizations, or individuals pertaining to their appointment or consideration for appointment to boards, commissions, task forces, or committees which advise or otherwise assist the bureau of its affiliates;

(c) Correspondence to and from federal agencies involving preliminary data concerning the formulation of policies and budgetary matters.

(10) All public records or information, the disclosure of which is prohibited by federal law or regulation, and including but not limited to:

(a) Recipient-related records pertaining to Old Age Assistance and Medical Assistance for the Aged, Title I of

the Social Security Act, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(b) Recipient-related records pertaining to Aid to Families with Dependent Children program, Title IV-A of the Social Security Act, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(c) Recipient-related records pertaining to Child Welfare Services program, Title IV-B of the Social Security Act, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(d) Recipient-related records pertaining to the Work Incentive Program, Title IV-C of the Social Security Act, except as otherwise provided by federal law and regulation;

(e) Recipient-related records of the Paternity-Child Support program, Title IV-D of the Social Security Act, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(f) Recipient-related records pertaining to the Aid to the Blind program, Title X of the Social Security Act, except as otherwise provided by federal law and regulation;

(g) Recipient-related records of the Grants to States for Aid to the Permanently Disabled, Title XIV of the Social Security Act, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(h) Recipient-related records of the Supplemental Security Income for the Aged, Blind, and Disabled program, Title XVI of the Social Security Act, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(i) Recipient-related records of the Medical Assistance program, Title XIX of the Social Security Act, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(j) Recipient-related records of the Grants to States for Services program, Title XX of the Social Security Act, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(k) Recipient-related records pertaining to the Food Stamp program, 7 U.S.C. section 2011, et seq., except with the recipient's consent, and as otherwise provided by federal law and regulation;

(l) Recipient-related records of the State Employment Service gathered under the Wagner-Peyser Act, 29 U.S.C. section 49, et seq., except with the recipient's consent, and as otherwise provided by federal law and regulation;

(m) Recipient-related records gathered under the Comprehensive Employment and Training Act; P.L. 93-203, 93-567, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(n) Recipient-related records of the Unemployment Insurance program, 5 U.S.C. Chapter 20, except with the recipient's consent, and as otherwise provided by federal law and regulation;

(o) Recipient-related records maintained for alcoholism or alcohol abuse programs in conjunction with the National Health Act, 45 U.S.C. section 4551, et seq., except with the recipient's consent, and as otherwise provided by federal law and regulation.

(11) Public records or information, the disclosure of which is prohibited or restricted or otherwise made confidential by the statutes of this Commonwealth, and including but not limited to:

(a) Records and reports of the department which directly or indirectly identify a client or patient or former client or patient of the department (KRS 194.060);

(b) Family records and reports containing information obtained on the basis that it would not be disclosed (KRS

205.175, 61.878(1));

(c) Birth, death, stillbirth, abortion, marriage and divorce records, or any other record covered by the inspection procedures established by KRS Chapter 213, as well as all correspondence attendant thereto;

(d) Juvenile court records (KRS 208.275);

(e) Adoptive home study records (KRS 199.470);

(f) Information received by a DATE Center in accordance with KRS 210.670;

(g) Unemployment insurance records, except to the claimant as provided in KRS 341.190;

(h) Alcohol rehabilitation treatment records (KRS 222.270);

(i) All records which indirectly or directly identify a patient for whom hospitalization has been sought in accordance with KRS 210.235. No patient shall be allowed to inspect his medical records if, prior to such a request a staff physician has entered into his treatment plan written documentation to the effect that such inspection would be of great detriment to the patient;

(j) Probation records (KRS 208.340);

(k) Records of proceedings to terminate parental rights, except to the parties as provided in KRS 199.615;

(l) All records pertaining to children and their parents or relatives gathered by a child-caring or child-placing facility licensed by the department pursuant to KRS 199.640;

(m) Child abuse and neglect records (KRS 199.335(10));

(n) Records or documents which do not themselves provide confidential information, but provide keys to this information in other files or data banks.

Section 5. Application for inspection of public records:

(1) Persons requesting to inspect public records of state administrative agencies shall file a written application describing the records requested to be inspected, on a form prescribed by the Executive Department for Finance and Administration, with the official custodian of the records of the office of the agency having physical custody of the records. Agency employees shall assist, on request of the applicant, in completing the form; the applicant shall sign the application form. The application form shall include a receipt to be completed and signed by the custodian of the records for payment received for copies of records requested by applicants and one (1) copy of the receipt shall be furnished to the applicant.

(2) Application forms for the inspection of public records of state administrative agencies will be stocked by and available from the Central Stores of the Executive Department for Finance and Administration. Each state administrative agency shall be responsible for obtaining from Central Stores an adequate supply of the application forms for use by each of its administrative subdivisions so that at all times there will be sufficient number of forms on hand to comply with requests for inspection of the agency's records.

WILLIAM P. McELWAIN, Commissioner

ADOPTED: June 22, 1976

APPROVED: C. LESLIE DAWSON, Secretary

RECEIVED BY LRC: June 23, 1976 at 2:30 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Secretary for Human Resources, Capitol Annex, Room 237, Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES
Bureau for Health Services

902 KAR 11:010. Application for licensure; fee.

RELATES TO: KRS Chapter 333

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: KRS Chapter 333 empowers the Department for Human Resources to license and regulate medical laboratories in Kentucky including applications for licenses and the setting of reasonable license fees. The function of this regulation is to establish application procedures for licensure and to establish reasonable licensure fees.

Section 1. Licenses. (1) No person shall operate any medical laboratory in this Commonwealth without first obtaining the appropriate license therefor.

(2) All applications for licensure shall be filed with the Department for Human Resources, Bureau for Administration and Operations, Division for Licensing and Regulation, Frankfort, Kentucky 40601.

(3) All applicants for licenses shall, as a condition precedent to licensure, be in compliance with the applicable regulations relating to the particular medical laboratory.

(4) All licenses shall expire on December 31 following the date of issuance.

(5) Licenses may be renewed upon payment of the prescribed fee provided the medical laboratory is in compliance with the applicable provisions of KRS Chapter 333 and the regulations of the department.

(6) Medical laboratories operated by a licensed physician, or group of licensed physicians, solely and exclusively in connection with the diagnosis and treatment of their own patients shall be exempt from the licensure provisions of these regulations. If any referred work is received or performed by such medical laboratories, all provisions of these regulations shall apply.

Section 2. Fee Schedule. The initial application fee for a license and the annual renewal thereof for each medical laboratory shall be twenty-five dollars (\$25).

WILLIAM P. McELWAIN, Commissioner

ADOPTED: June 18, 1976

APPROVED: C. LESLIE DAWSON, Secretary

RECEIVED BY LRC: June 23, 1976 at 2:30 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
 TO: Secretary for Human Resources, Capitol Annex, Room
 201, Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES
Bureau for Health Services

902 KAR 11:020. Reports and standards of health and safety.

RELATES TO: KRS Chapter 333

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: KRS Chapter 333 directs that the Department for Human Resources may require medical laboratory directors to submit reports concerning selected test results and medical laboratory operations. Further, KRS Chapter 333 empowers the

Secretary of the Department for Human Resources to adopt rules and regulations to effectuate the purposes and provisions of KRS Chapter 333, including, but not limited to, standards of construction of medical laboratories and sanitary conditions within the medical laboratory and its surroundings, as well as licensure of medical laboratories. The function of this regulation is to set out the contents of the required reports, standards of health and safety for medical laboratories, and a provision relating to licensure.

Section 1. Reporting of Information Concerning Operations. The medical laboratory director shall submit to the department such reports of operation as the department may from time to time require. These reports shall include, but not be limited to, the following:

(1) Any change in laboratory supervisory personnel; such report shall be made within ten (10) days after such change;

(2) Annual reports of workload data by test, specialty, and subspecialty; such reports may be made either on a calendar or fiscal year basis depending on the accounting procedure used by the medical laboratory.

Section 2. Medical laboratory Space, Facilities, and Personnel Health. Conditions in the medical laboratory shall be adequate to ensure proper performance of services within the laboratory. Specifically, the following requirements must be met:

(1) Workbench space within the laboratory must be ample, well-lighted, and situated so as to facilitate the use of necessary sinks, water, gas, suction, and electrical outlets;

(2) Work areas must be arranged so as to minimize problems in transportation and communication;

(3) The laboratory must be properly ventilated;

(4) Volatile chemicals and inflammable solvents must be properly stored in areas where they are unlikely to ignite;

(5) Temperature and humidity within the laboratory must be controlled within the limits required for proper performance of tests and operation of instruments affected by these variations;

(6) Voltage levels of electrical sources to which automated equipment is connected must be monitored and recorded;

(7) Adequate fire precautions and occupational safety rules must be posted and observed in order to avoid physical, chemical, and biological hazards.

(8) Syringes, needles, lancets, or other blood-letting devices capable of transmitting infection from one person to another shall not be reused unless they are properly sterilized prior to each use and wrapped in a manner which will ensure that they remain sterile until used. Appropriate sterilization and disinfection techniques shall be utilized for tests performed on potentially contaminated material. Disposable syringes and needles shall be disposed of in accordance with KRS 217.177(6). Pipettes, Petri dishes, and other disposable items shall be appropriately discarded immediately after use. Each sterilizing cycle must contain a recording thermometer or other device indicating the point of proper sterilization. Records of temperature readings must be kept. Proper operation of the autoclave shall be checked monthly with viable spores or appropriate indicator.

(9) All pipette washers must have approved vacuum breakers to prevent back-siphoning.

Section 3. Provisions for Acceptance by National

Licensing or other Accrediting Bodies. With the exception of Section 1 of this regulation, the provisions of the department's regulations relating to medical laboratories shall not apply to a medical laboratory inspected and licensed pursuant to Title 42, part 74 (Clinical Laboratories Improvement Act of 1967), medical laboratories inspected and certified pursuant to Title 20, part 405, subpart M (Conditions for Coverage of Services of Independent Laboratories), and medical laboratories which have been inspected and accredited by the commission on inspection and accreditation of the College of American Pathologist or by any other national accreditation body approved for the purpose by the department, but only if the standards applied by such commission or body in determining whether or not to accredit such medical laboratory are equal to or more stringent than the provisions of KRS Chapter 333 and the rules and regulations issued pursuant to KRS Chapter 333 and only if there is adequate provision for assuring such standards continue to be met by such laboratory; provided that any such laboratory shall be treated as a licensed laboratory for all other purposes of this section.

Section 4. Compliance with State, Federal, and Local Laws. All medical laboratories shall comply with any other applicable state, federal, and local laws and regulations.

WILLIAM P. McELWAIN, Commissioner

ADOPTED: June 18, 1976

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Secretary for Human Resources, Capitol Annex, Room 201, Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES Bureau for Health Services

902 KAR 11:030. Personnel standards.

RELATES TO: KRS Chapter 333

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: KRS Chapter 333 empowers the Department for Human Resources to license and regulate medical laboratories in Kentucky, including, but not limited to, setting qualifications for medical laboratory personnel. The function of this regulation is to establish personnel standards for medical laboratory directors, supervisors, technologists and technicians.

Section 1. Medical Laboratory Director. (1) A medical laboratory director shall, in addition to the responsibilities specified in KRS Chapter 333, be responsible for the following:

(a) The technical and scientific operation of the laboratory;

(b) The performance of tests made in the laboratory;

(c) The reporting of findings of laboratory tests;

(d) The employment of qualified laboratory personnel and their in-service training.

(2) The director may serve the laboratory on a full-time or regular part-time basis.

(a) A director may not serve more than three (3) medical laboratories on a regular part-time basis, unless he or she provides for an associate in each additional laboratory, qualified according to the standards set forth in subsection (4) of this section, to serve as assistant director in each laboratory.

(b) An assistant director so designated shall not serve more than three (3) laboratories.

(3) Commensurate with the laboratory workload, the director shall spend an adequate amount of time in the laboratory to effectively direct and supervise its technical operation. In addition, the director shall be readily available for personal or telephone consultation. In the event that the director is to be continuously absent from the laboratory for more than one (1) month, he or she must make arrangements for a qualified substitute director.

(4) In order to qualify as a medical laboratory director, a person must meet one (1) of the following requirements:

(a) He or she is a physician certified in anatomical and/or clinical pathology by the American Board of Pathology or the American Osteopathic Board of Pathology or possesses qualifications which are equivalent to those required for such certification;

(b) He or she is a physician certified by the American Board of Pathology or the American Osteopathic Board of Pathology in at least one (1) of the laboratory specialties;

(c) He or she is a physician certified by the American Board of Medical Microbiology, the American Board of Clinical Chemistry, the American Board of Bioanalysis, or any other national accrediting boards in one (1) of the laboratory specialties;

(d) He or she is a physician certified by the American Society of Cytology to practice cytopathology or possesses qualifications which are equivalent to those required for such certification;

(e) He or she is a physician who, subsequent to graduation, has had at least two (2) years experience in an approved medical laboratory;

(f) He or she holds an earned doctoral degree from an accredited institution with a chemical, physical, or biological science as a major subject; and

1. Is certified by the American Board of Medical Microbiology, the American Board of Clinical Chemistry, the American Board of Bioanalysis, or any other national accrediting board acceptable to the department in one (1) of the laboratory specialties, or

2. Subsequent to graduation has had at least two (2) years full-time experience in one (1) of the laboratory specialties.

(5) A dentist certified by the American Board of Oral Pathology or possessing qualifications which are equivalent to those required for certification may serve as director of a medical laboratory specializing in the area of oral pathology only.

(6) In the event that an individual was responsible for the direction of a medical laboratory for twelve (12) months between January 1, 1968 and the effective date of this regulation, he or she may continue to serve as a medical laboratory director if one (1) of the following requirements are met:

(a) He or she holds a master's degree from an accredited institution with a chemical, physical, or biological science as a major subject and subsequent to graduation has had at least four (4) years of pertinent full-time laboratory experience; or

(b) He or she holds a bachelor's degree from an accredited institution with a chemical, physical, or

biological science as a major subject and subsequent to graduation has had at least six (6) years of pertinent full-time medical laboratory experience; or

(c) He or she has achieved a satisfactory grade through an examination approved by the department.

Section 2. Medical Laboratory Supervisors. (1) In each medical laboratory there shall be a general supervisor and a technical supervisor. A general supervisor may also be a technical supervisor in those specialties in which requirements of competency are met as otherwise provided in the department's regulations relating to medical laboratories.

(2) The general supervisor must be present on the laboratory premises during all hours in which tests are being performed.

(3) The technical supervisor shall spend an adequate amount of time in the laboratory to supervise the technical performance of the staff in the specialty and shall be readily available for personal or telephone consultation.

(4) Emergency procedures which must be implemented outside of regularly scheduled hours of duty can proceed without the general supervisor being on the premises provided that the technologist performing the tests is qualified to do so. In such instances, the supervisor who is responsible for the result of the work must review them during the next duty period and a record must be maintained reflecting the actual review.

(5) In order to qualify as a general supervisor, a person must meet one (1) of the following requirements:

(a) He or she is a physician, or has earned a doctoral degree from an accredited institution with a major in one (1) of the chemical, physical, or biological sciences and subsequent to graduation has had at least two (2) years experience in one of the laboratory specialties in an approved medical laboratory;

(b) He or she holds a master's degree from an accredited institution with a major in one (1) of the chemical, physical, or biological sciences, and subsequent to graduation has had at least three (3) years of pertinent full-time laboratory experience of which not less than two (2) years have been spent working in the designated laboratory specialty in an approved medical laboratory;

(c) He or she is qualified as a medical laboratory technologist pursuant to the provisions of Section 3 of this regulation, and subsequent to the date of qualifying as a medical laboratory technologist has had at least four (4) years of pertinent full-time laboratory experience of which not less than two (2) years have been spent working on the designated laboratory specialty in an approved medical laboratory.

(6) In order to qualify as a technical supervisor, such person shall meet the requirements of competency as otherwise provided in the department's regulations relating to medical laboratories.

(7) In order to serve as general supervisor of medical laboratory personnel specializing in the area of diagnostic cytology, a person must qualify as a cytotechnologist pursuant to Section 3 of this regulation, and subsequent to such qualification has had four (4) years of full-time experience as a cytotechnologist in a laboratory directed or supervised by a pathologist or other physician recognized as a specialist in diagnostic cytology within the preceding ten (10) years.

(8) A person not meeting the training and experience requirements of subsection (5)(a), (b), and (c) of this

section may nonetheless qualify as a medical laboratory general supervisor if:

(a) He or she was performing the duties of a medical laboratory general supervisor anytime between January 1, 1968 and the effective date of these regulations; and

(b) He or she has had at least fifteen (15) years of pertinent full-time medical laboratory experience. For purposes of this subsection, a minimum of thirty (30) semester hours of credit from an approved school of medical technology or toward a bachelor's degree from an accredited institution with a chemical, physical, or biological science as a major subject shall be considered equivalent to two (2) years of experience. Additional education shall be equated to the rate of fifteen (15) hours of credit for one (1) year of experience.

(9) In the event an individual has been serving in the capacity of medical laboratory supervisor in Kentucky for a period of not less than one (1) year prior to the effective date of this regulation, he or she may continue to supervise such laboratory notwithstanding the requirements of subsections (5), (6), (7), and (8) of this section; provided, however, that the department may require (in the interest of the health, safety, and welfare of the people of this state) as a condition precedent to the issuance of an original or renewal license hereunder that such individuals demonstrate their ability satisfactorily to perform medical laboratory examinations and to supervise a medical laboratory.

Section 3. Medical Laboratory Technologists and Cytotechnologists. (1) Medical Laboratory Technologists and Cytotechnologists shall be in sufficient number to adequately supervise the work of technicians or trainees.

(2) An individual qualifying as a medical laboratory technologist shall:

(a) Perform tests requiring the exercise of independent judgment and responsibility with minimal supervision by the director or supervisors only in those specialties or subspecialties in which the technologists are qualified by education, training, and experience;

(b) Perform tests only under the direct supervision of the laboratory supervisor or qualified technologist in those specialties in which the medical laboratory technologist is not qualified by education, training, or experience.

(3) In order to qualify as a medical laboratory technologist, a person must meet one (1) of the following requirements:

(a) He or she has earned a bachelor's degree in medical technology from an accredited university or college; or

(b) he or she has successfully completed three (3) years of academic study (a minimum of ninety (90) semester hours or equivalent) in an accredited college or university which met the specific requirements for entrance into a school of medical technology accredited by an accrediting agency approved by the appropriate state agency, and has successfully completed a course of training of at least twelve (12) months in such a school of medical technology; or

(c) He or she has earned a bachelor's degree in one (1) of the chemical, physical, or biological sciences and, in addition, has at least one (1) year of pertinent full-time laboratory experience and/or training in the specialty or subspecialty in which the individual performs; or

(d) He or she has successfully completed three (3) years (a minimum of ninety (90) semester hours or equivalent) in an accredited college or university with the following distribution of courses:

1. For those whose training was completed prior to September 15, 1963, the course work must include at least twenty-four (24) semester hours in chemistry and biology courses of which at least six (6) semester hours were in inorganic chemistry and at least three (3) semester hours were in other chemistry courses, and at least twelve (12) semester hours in biology courses pertinent to the medical sciences; or

2. For those whose training was completed after September 14, 1963, the course work must include at least sixteen (16) semester hours in chemistry courses which included at least six (6) semester hours in inorganic chemistry and which are acceptable toward a major in chemistry; and sixteen (16) semester hours in biology courses which are pertinent to the medical sciences and are acceptable toward a major in biology and three (3) semester hours of mathematics; and

3. He or she has experience and/or training covering several fields of medical laboratory work of at least one (1) year and of such quality as to provide him with education and training in medical technology equivalent to that described in subsection (3)(a) and (b) of this section;

(e) A person not meeting the training and experience requirements defined in subsection (3)(a), (b), (c), or (d) of this section may nonetheless qualify as a medical laboratory technologist if:

1. He or she was performing the duties of a medical laboratory technologist any time between January 1, 1968 and the effective date of these regulations, and

2. He or she has had at least ten (10) years of pertinent medical laboratory experience prior to the effective date of these regulations. For purposes of this subsection, a minimum of thirty (30) semester hours of credit from an approved school of medical technology or toward a bachelor's degree from an accredited institution with a chemical, physical, or biological science as a major subject shall be considered equivalent to two (2) years of experience. Additional education shall be equated to the rate of fifteen (15) hours of credit for one (1) year of experience.

(f) He or she has achieved a satisfactory grade in a proficiency examination approved by the department. However, after December 31, 1978, initial qualification as a technologist must be in accordance with the requirements of subsection (3)(a), (b), (c), or (d) of this section.

(4) In order to qualify as a medical laboratory cytotechnologist, a person must meet one (1) of the following requirements:

(a) Have successfully completed two (2) years in an accredited college or university with at least twelve (12) semester hours in science, eight (8) hours of which are in biology; and

1. Have twelve (12) months of training in a school of cytotechnology accredited by an accrediting agency approved by the appropriate state agency; or

2. He or she has received six (6) months of formal training in a school of cytotechnology accredited by an accrediting agency approved by the appropriate state agency and six (6) months of full-time experience in cytotechnology in a laboratory acceptable to the pathologist who directed such formal six (6) months of training; or

(b) He or she has, prior to the effective date of these regulations:

1. Graduated from high school; and

2. Completed six (6) months of training in cytotechnology in a laboratory directed by a pathologist or

other physician recognized as a specialist in cytotechnology; and

3. Completed two (2) years of full-time supervised experience in cytotechnology.

(c) He or she has achieved a satisfactory grade in a proficiency examination approved by the department. However, after December 31, 1978, initial qualification as a cytotechnologist must be in accordance with the requirements of subsection (4)(a) or (b) of this section.

(5) An individual qualifying as a cytotechnologist solely under subsection (4) of this section may supervise technicians and trainees only in the specialty of cytology.

(6) In the event an individual has been serving in the capacity of a laboratory technologist or cytotechnologist in Kentucky for a period of not less than one (1) year prior to the effective date of these regulations, he or she may continue to serve the laboratory in such capacity notwithstanding the requirements of subsection (3) and (4) of this section, provided, however, that the department may require (in the interest of the health, safety, and welfare of the people of this state) as a condition precedent to the issuance of an original or renewal license hereunder, that such individuals demonstrate their ability satisfactorily to perform medical laboratory functions under supervision.

Section 4. Medical Laboratory Technicians and Trainees. (1) Medical laboratory technicians shall:

(a) Perform only those medical laboratory procedures which require a degree of skill commensurate with their education, training, and technical abilities, and which involve limited exercise of independent judgment;

(b) Perform procedures only in the presence of a qualified medical laboratory technologist, supervisor, or director.

(2) A medical laboratory technician trainee shall perform only repetitive procedures which require a minimal exercise of independent judgment. He or she may perform such procedures only under the personal and direct supervision of a qualified supervisor or technologist.

(3) In order to qualify as a medical laboratory technician, a person must meet one (1) of the following requirements:

(a) He or she has successfully completed sixty (60) semester hours of academic credit including chemistry and biology as well as a structured curriculum in medical laboratory techniques at an accredited institution, or has an associate degree based on a course of study including those subjects from an accredited institution; or

(b) He or she is a high school graduate or equivalent thereof and has completed at least one (1) year in a technician training program in a school accredited by an accrediting agency approved by the appropriate state agency; or

(c) He or she is a high school graduate or equivalent thereof and has two (2) years of pertinent full-time laboratory experience as a technician trainee in an approved medical laboratory; or

(d) He or she is a high school graduate or equivalent thereof and has successfully completed an official military medical laboratory procedures course of at least fifty (50) weeks duration and has held the military enlisted occupational specialty of Medical Laboratory Specialist (Laboratory Technician); or

(e) A person not meeting the training and experience requirements defined in subsection (3)(a), (b), (c), or (d) of this section may nonetheless qualify as a medical laboratory technician if:

1. He or she was performing the duties of a medical

laboratory technician any time between January 1, 1968 and the effective date of these regulations; and

2. He or she has had at least five (5) years of pertinent medical laboratory experience prior to the effective date of these regulations.

(f) In the event that an individual has been serving in the capacity of a laboratory technician in Kentucky for a period of not less than one (1) year prior to the effective date of these regulations he may continue to serve the laboratory notwithstanding the requirements of subsection (3)(a), (b), (c), (d), and (e) of this section; provided, however, that the department may require (in the interest of the health, safety, and welfare of the people of the state) as a condition precedent to the issuance of an original or renewal license hereunder, that such individuals demonstrate their ability satisfactorily to perform medical laboratory functions under supervision; or

(g) He or she has achieved a satisfactory grade in a proficiency examination approved by the department. However, after December 31, 1978, initial certification as a technician must be in accordance with subsection (3)(a), (b), (c), or (d) of this section.

Section 5. Personnel Policies. Each laboratory shall create and maintain written personnel policies, practices, and procedures that adequately support sound laboratory practice. Work assignments shall be consistent with qualifications. In addition, the laboratory shall maintain written employment records which include:

(1) A resume of each employee's initial and continued training, experience, duties, and date or dates of employment; and

(2) Evidence of adequate health supervision of employees, including results of pre-employment physical examinations, including chest X-rays, immunization records, and records of all illness and accidents occurring on duty.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Secretary for Human Resources, Capitol Annex, Room 201, Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES Bureau for Health Services

902 KAR 11:035. Proficiency test procedures.

RELATES TO: KRS Chapter 333

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: KRS Chapter 333 empowers the Department for Human Resources to periodically inspect medical laboratories in Kentucky and to withhold the issuance of a license to the medical laboratory until the department shall determine that the laboratory is adequately staffed and equipped to operate in conformity with the requirements of Chapter 333 and the regulations promulgated thereunder. Further, Chapter 333 directs the Secretary for the Department for Human Resources to adopt rules and regulations to effectuate the

purposes of KRS Chapter 333 including, but not limited to, the licensure of medical laboratories and standards of performance in the examination of specimens including the operation by the department of a medical laboratory evaluation program. The function of this regulation is to describe the proficiency test program which shall be employed by the department to evaluate the work of medical laboratories.

Section 1. Proficiency Testing-Procedures, Samples, Test Conditions. All applicants and licensees shall be subject to a proficiency testing program approved by the department, to aid in assessing the competency of laboratory staff and the adequacy and quality of facilities, equipment, reagents, working conditions and procedures. Such testing may be carried out during on-site inspections by the department or by submittal to laboratories of samples for examination. In conducting such testing, the following rules shall apply:

(1) The laboratory shall be tested only in those procedures or specialties of procedures for which a license application, original or renewal, has been filed with the department or for which the department has issued a license;

(2) Samples shall be examined by regularly assigned personnel using the laboratory's routine methods;

(3) The samples to be tested may be provided prior to, during, or subsequent to, inspections;

(4) The time allowed for testing of samples shall be the time required under conditions of normal laboratory operations, as determined by the department;

(5) Laboratory personnel shall enter the date and time of receipt of samples, results of tests, and such other information as the department may require, on forms provided or required by the department.

Section 2. Definitions. (1) For purposes of this regulation, the term "reference laboratory" means a laboratory designated by the department to authenticate the identification, content or titer of samples and other materials used or to be used in proficiency testing;

(2) The term "referee laboratory" means a laboratory designated by the department to examine specimens or other materials for purposes of proficiency testing using the same time schedule allowed for licensed laboratories and under conditions similar to those under which licensed laboratories examine materials.

Section 3. Proficiency Testing-Reference Laboratories and Referee Laboratories. Samples identical to those submitted to the applicant or licensee laboratory shall be submitted to reference or referee laboratories designated by the department.

Section 4. Proficiency Testing-Reporting of Test Scores. (1) Where the laboratory reports reflect a lack of proficiency, the department may recommend corrective measure, consultation, or training in an appropriate laboratory and may, upon written request of the laboratory director, furnish the laboratory with additional samples after corrective measures have been taken;

(2) Results reflecting a lack of proficiency may constitute a basis for denial, revocation, suspension, or

limitation of the laboratory license, as provided by KRS 333.190(3).

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: Secretary for Human Resources, Capitol Annex, Room 201, Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES

Bureau for Health Services

902 KAR 11:040. Specialty test procedure.

RELATES TO: KRS Chapter 333

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: KRS Chapter 333 empowers the Department for Human Resources to issue licenses to medical laboratories in Kentucky and directs that such licenses be issued only for the performance of those medical laboratory procedures which the particular laboratory, by virtue of the educational and experience background of its laboratory personnel, is competent to perform. Further, the department is authorized to adopt reasonable rules and regulations to effectuate the purposes and provisions of KRS Chapter 333. The function of this regulation is to establish standards for determining the specialty of test procedures for which a laboratory may be licensed.

Section 1. Tests Performed. The medical laboratory shall perform only those laboratory procedures and tests that are within the specialties and subspecialties in which the laboratory director or supervisor is qualified. The following standards shall apply:

(1) A laboratory may perform anatomical and clinical laboratory procedures and tests in all specialties if the laboratory director or a supervisor is a physician certified in both anatomical and clinical pathology by the American Board of Pathology or the American Osteopathic Board of Pathology or possesses qualifications which are equivalent to those required for certification;

(2) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of microbiology, including the subspecialties of bacteriology, virology, mycology, and parasitology if the director or a supervisor is a physician or holds an earned doctoral or master's degree in microbiology from an accredited institution, and subsequent to graduation has had at least two (2) years of experience in clinical microbiology;

(3) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of serology if the director or a supervisor is a physician or holds an earned doctoral or master's degree in biology, chemistry, immunology, or microbiology from an accredited institution, and subsequent to graduation has had at least two (2) years experience in serology;

(4) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of hematology, including gross and microscopic

examination of the blood, if the director, or a supervisor, holds a master's or bachelor's degree in biology, immunology, microbiology, chemistry, or medical technology from an accredited institution, and subsequent to graduation has had at least two (2) years of experience in hematology;

(5) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of immunohematology if the director or a supervisor is a physician with at least two (2) years of experience in immunohematology subsequent to graduation;

(6) Notwithstanding the provisions of subsection (1) and (5) of this section, a laboratory may perform tests in the immunohematology subspecialties of ABO grouping and Rh typing, antibody detection, identification and titrating if the director or a supervisor holds a master's or bachelor's degree in biology, immunology, microbiology, chemistry, or medical technology from an accredited institution and subsequent to graduation has had at least two (2) years of experience in immunohematology;

(7) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of clinical chemistry if the director or a supervisor is a physician or holds an earned doctoral or master's degree in chemistry from an accredited institution, and subsequent to graduation has had at least two (2) years of approved experience in clinical chemistry;

(8) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of radiobioassay if the director or a supervisor is a physician or holds an earned doctoral, master's, or bachelor's degree in chemistry, physics, biology, or medical technology from an accredited institution, and subsequent to graduation has had at least two (2) years of approved experience in radiobioassay.

(9) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of tissue pathology limited to skin pathology if the director or a supervisor is a physician certified in dermato-pathology by the American Board of Dermatology or possesses qualifications which are equivalent to those required for certification;

(10) A laboratory may perform tests in the specialty of tissue pathology if the director or a supervisor is a physician who is certified in anatomical pathology by the American Board of Pathology or possesses qualifications which are equivalent to those required for certification;

(11) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of diagnostic cytology if the director or a supervisor is a physician who is certified by the American Society of Cytology to practice cytopathology or possesses qualifications which are equivalent to those required for certification. Under this provision the laboratory shall be qualified to perform such tests only on that anatomic site for which the director or supervisor is certified.

(12) Notwithstanding the provisions of subsection (1) of this section, a laboratory may perform tests in the specialty of oral pathology if the director or supervisor is a dentist or physician who is certified in oral pathology by the American Board of Oral Pathology or possesses qualifications which are equivalent to those required for certification.

Section 2. Special Exceptions. Notwithstanding the provisions of subsections (2), (3), (4), (6), (7), and (8) of Section 1, if an individual qualifies as a medical laboratory

director by reason of having served as director of a medical laboratory for twelve (12) months between January 1, 1968 and the effective date of these regulations and having attained a bachelor's degree from an accredited institution with a chemical, physical, or biological science as a major subject and subsequent to graduation has had at least six (6) years of pertinent full-time medical laboratory experience:

(1) The laboratory may perform tests in the specialty of microbiology if the director holds a bachelor's degree in a biological science, and subsequent to graduation has had at least four (4) years of experience in microbiology;

(2) The laboratory may perform tests in the specialty of hematology if the director holds a bachelor's degree in biology, immunology, or microbiology from an accredited institution, and subsequent to graduation has had at least four (4) years of experience in hematology;

(3) The laboratory may perform tests in the specialty of serology if the director holds a bachelor's degree in biology, chemistry, immunology, or microbiology, and subsequent to graduation has had at least four (4) years of experience in serology;

(4) The laboratory may perform tests in the specialty of radioassay if the director, subsequent to graduation has had at least one (1) year of experience in radioassay;

(5) The laboratory may perform tests in the subspecialties of blood grouping and Rh typing, antibody detection, identification, and titrating if the director holds a bachelor's degree in biology, immunology, or microbiology from an accredited institution and, subsequent to graduation has had at least four (4) years of experience in immunohematology;

(6) The laboratory may perform tests in the specialty of clinical chemistry if the director holds a bachelor's degree in a chemical science or its equivalent, and subsequent to graduation has had at least four (4) years of experience in clinical chemistry;

(7) The laboratory may perform tests in any of the specialties or subspecialties mentioned in subsections (1) through (6) of this section, if the director holds a bachelor's degree in medical technology, and subsequent to graduation has had at least the designated years of specialized experience.

Section 3. Special Qualification by Examination. Notwithstanding the provisions of Sections 1 and 2 of this regulation, if an individual qualifies as a medical laboratory director by reason of having served as director of a medical laboratory for twelve (12) months between January 1, 1968 and the effective date of these regulations and has achieved a satisfactory grade through an examination approved by the department, the laboratory may perform tests in the laboratory specialties in which such director achieved a satisfactory grade in an examination approved by the department.

WILLIAM P. McELWAIN, Commissioner

ADOPTED: June 18, 1976

APPROVED: C. LESLIE DAWSON, Secretary

RECEIVED BY LRC: June 23, 1976 at 2:30 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: Secretary for Human Resources, Capitol Annex, Room 201, Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES Bureau for Health Services

902 KAR 11:045. Test and specimen records.

RELATES TO: KRS Chapter 333

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: KRS Chapter 333 requires medical laboratories in Kentucky to keep records involving medical laboratory services and copies of reports of laboratory tests for the period of time and in a manner prescribed by regulation. Further, KRS Chapter 333 empowers the Secretary for the Department for Human Resources to adopt such rules and regulations as are necessary to effectuate the purposes and provisions of the chapter. The function of this regulation is to describe the contents of test and specimen records which are to be maintained by the medical laboratories.

Section 1. Records of Observations. Records of observations shall be made by the medical laboratory concurrently with the performance of each step in the examination of specimens.

(1) The records shall reflect the actual results of all control procedures;

(2) Pursuant to KRS 333.180(1), all pertinent laboratory records shall be made available to such inspection, examination, and copying as the department may direct;

(3) All records shall be retained for a period of at least two (2) years after the date of submittal of the report, except as otherwise prescribed by law.

Section 2. Specimen Records. Daily accession records shall be maintained containing the following information:

(1) The laboratory number of the specimen or other means of identification;

(2) The name and other identification of the person from whom the specimen was taken, if available;

(3) The name of the licensed physician or other person or laboratory who or which submitted the specimen;

(4) The date the specimen was collected by the physician or other authorized person, if available;

(5) The date the specimen was received in the laboratory;

(6) The condition of unsatisfactory specimens and packages when received (e.g., broken, leaked, hemolyzed, or turbid);

(7) The type of test performed; and

(8) The result of the laboratory test and the date the test was completed.

WILLIAM P. McElwain, Commissioner

ADOPTED: June 18, 1976

APPROVED: C. LESLIE DAWSON, Secretary

RECEIVED BY LRC: June 23, 1976 at 2:30 p.m.

SUBMIT COMMENT OR REQUEST FOR HEARING
TO: Secretary for Human Resources, Capitol Annex, Room 201, Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES
Bureau for Health Services

902 KAR 11:050. Equipment, methods and samples.

RELATES TO: KRS Chapter 333

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: KRS Chapter 333 directs that all medical laboratories in Kentucky shall establish a quality control program acceptable to the Department for Human Resources and empowers the department to adopt reasonable rules and regulations to effectuate the purposes of KRS Chapter 333 including, but not limited to, standards of performance in the examination of specimens. The function of this regulation is to ensure accuracy of test results by control of medical laboratory equipment, methods and samples.

Section 1. Quality Control-General Practices. Each medical laboratory shall establish a quality control program covering all types of analysis performed by the laboratory for verification and assessment of accuracy, measurement of precision, and detection of error. The program shall provide for the following:

(1) Preventive maintenance, periodic inspection, and testing for proper operation of equipment and instruments as may be appropriate; validation of methods; evaluation of reagents and volumetric equipment; surveillance of results; and remedial action to be taken in response to detected defects;

(2) Adequacy of facilities, equipment, instruments, and methods for performance of the procedures or categories of procedures for which a license application is filed or granted; proper lighting for accuracy and precision; convenient location of essential utilities; monitoring of temperature-controlled spaces and equipment, including water baths, incubators, sterilizers, and refrigerators, to ensure proper performance; evaluation of analytical measuring devices, such as photometers and radioactivity counting equipment, with respect to all critical operating characteristics;

(3) Labeling of all reagents and solutions to indicate identity and, when significant, titer, strength, or concentration, recommended storage requirements, preparation or expiration date, and other pertinent information; assure that material of substandard reactivity or deteriorated materials are not used;

(4) The availability at all times, in the immediate bench area in which staff is engaged in examining specimens and performing related procedure within a category (e.g., clinical chemistry, hematology, and pathology) of current laboratory manuals or other complete written descriptions and instructions relating to:

(a) The analytical methods to be used by the staff, properly designated and dated to reflect the most recent supervisory reviews;

(b) Reagents;

(c) Control and calibration procedures; and

(d) Pertinent literature references. Textbooks may be used as supplements to the written descriptions but may not be used in lieu thereof.

(5) Written approval by the director or supervisor of all changes in laboratory procedures;

(6) Maintenance and availability to laboratory personnel and to the department of records, reflecting dates and, where appropriate, the nature of inspection, validation, remedial action, monitoring, evaluation, and changes and

dates of changes in laboratory procedures; and

(7) Solicitation designed to provide for the collection, preservation, and transportation of specimens sufficiently stable to provide accurate and precise test results suitable for clinical interpretation.

Section 2. Quality Control for Particular Specialties and Subspecialties. In addition to the quality control provisions required under Section 1, each medical laboratory shall provide for additional controls which pertain to the particular specialties and subspecialties in which the laboratory is involved. In establishing such controls, the following rules shall apply:

(1) If the laboratory performs tests in the specialty of microbiology, chemical and biological solutions, reagents and antisera shall be tested and inspected each day of use for reactivity and deterioration. In addition:

(a) If the laboratory performs tests in the subspecialties of bacteriology and mycology, staining materials shall be tested for intended reactivity by concurrent application to smears of microorganisms with predictable staining characteristics; and each batch of medium shall be tested before or concurrently with use with selected organisms to confirm required growth, characteristics, selectivity, enrichment, and biochemical response;

(b) If the laboratory performs tests in the subspecialty of parasitology, a reference collection of slides, photographs, or gross specimens of identified parasites shall be available and used in the laboratory for appropriate comparison with diagnostic specimens; and a calibrated ocular micrometer shall be used for determining the size of ova and parasites, if size is a critical factor;

(c) If the laboratory performs tests in the subspecialty of virology, systems for the isolation of viruses and reagents for the identification of viruses shall be available to cover the entire range of viruses which are etiologically related to clinical diseases for which services are offered; records shall be maintained which reflect the systems used and the reactions observed; in tests for the identification of viruses, controls shall be employed which will identify erroneous results; and if sero-diagnostic tests for virus diseases are performed, requirements for quality control as specified for serology shall apply.

(2) If the laboratory performs tests in the specialty of serology, the following controls shall be established:

(a) Serologic tests on unknown specimens shall be run concurrently with a positive control serum of known titer or controls of graded reactivity plus a negative control in order to detect variations in reactivity levels;

(b) Controls for all test components (antigens, complement, erythrocyte indicator systems, etc.) shall be employed to ensure reactivity and uniform dosage;

(c) Test results shall not be reported unless the predetermined reactivity pattern of the controls is obtained;

(d) Each new lot of reagent shall be tested concurrently with one of known acceptable reactivity before the new reagent is placed in routine use; and

(e) Equipment, glassware, reagents, controls and techniques for tests for syphilis shall conform to those recommended in the "Manual of Tests for Syphilis 1969" U. S. Public Health Service Publication No. 411, January 1969, or to any subsequent revision thereto.

(3) If the laboratory performs tests in the specialty of clinical chemistry:

(a) Each instrument or other device shall be recalibrated or rechecked at least once on each day of use. Records

which document the routine precision of each method, automated or manual, and its recalibration schedule shall be maintained and be available to laboratory personnel and the department; at least one (1) standard and one (1) reference sample (control) shall be included with each run of unknown specimens where such standards and reference samples are available; and control limits for standards and reference samples shall be recorded and displayed and shall include the course of action to be instituted when the results are outside the acceptable limits;

(b) Screening or qualitative chemical urinalysis shall be checked daily by use of suitable reference samples.

(4) If the laboratory performs tests in the specialty of immunohematology:

(a) ABO grouping shall be performed by testing unknown red cells with anti-A and anti-B grouping serums licensed under Part 73, Title 42, Code of Federal Regulations, or possessing equivalent potency, using the technique for which the serum is specifically designed to be effective; for confirmation of ABO grouping the unknown serum shall be tested with known A and B red cells;

(b) The Rho(D) type shall be determined by testing unknown red cells with anti-Rho (anti-D) typing serum licensed under 42 CFR Part 73, or possessing equivalent potency (CD), anti-Rho" (DE) and anti-Rho rh"rh" (CDE) serums licensed pursuant to 42 CFR Part (CD), anti-Rho" (DE) and anti-Rhorh"rh" (CDE) serums licensed pursuant to 42 CFR Part 73, or possessing an equivalent potency may be used for typing donor blood; all Rho negative donor and patient cells shall be tested for the Rho variant (Du); a control system of patient's cells suspended in his own serum or in albumin shall be employed when the test is performed in a protein medium;

(c) The potency and reliability of reagents (antisera known test cells, and antiglobulin-Coombs serum) which are used for ABO grouping Rh typing, antibody detection, and compatibility determinations must be tested for reactivity on each day of use and when a new lot of reagents is first used.

(5) If the laboratory performs tests in the specialty of hematology, instruments and other devices used in hematological examination of specimens shall be recalibrated or retested or reinspected, as may be appropriate, each day of use; each procedure for which standards and controls are available shall be rechecked each day of use with standards or controls covering the entire range of expected values; tests such as the one-stage prothrombin time test shall be run in duplicate unless the laboratory can demonstrate that low frequency of random error or high precision makes such testing unnecessary; reference materials, such as hemoglobin pools, and stabilized cells, shall be tested at least once each day of use to insure accuracy of results; standard deviation, coefficient of variation, or other statistical estimates of precision shall be determined by random replicate testing of specimens; and the accuracy and precision of blood cell counts and hematocrit and hemoglobin measurements shall be tested each day of use.

(6) If the laboratory performs tests in the specialties of exfoliative cytology, histopathology, or oral pathology, the following controls shall be established:

(a) If the laboratory performs tests in the specialty of exfoliative cytology, the laboratory director or supervisor qualified in cytology shall rescreen for proper staining and correct interpretation at least a ten (10) percent random sample of gynecological smears which have been interpreted

to be in one of the benign categories by personnel not possessing director or supervisor qualifications; all gynecological smears interpreted to be in the "suspicious" or positive categories by screeners shall be confirmed by the laboratory director or qualified supervisor and the report shall be signed by a physician qualified in pathology or cytology; all nongynecological cytological preparations, positive or negative, shall be reviewed by a director or supervisor qualified in cytology; nonmanual methods shall provide quality control similar to that provided in other nonmanual laboratory procedures; and all smears shall be retained for not less than two (2) years from date of examination.

(b) If the laboratory performs tests in the specialties of histopathology and oral pathology, all special stains shall be controlled for intended reactivity by use of positive slides; stained slides shall be retained for not less than two (2) years from date of examination and blocks shall be retained for not less than one (1) year from such date; and remnants of tissue specimens shall be retained in a fixative solution until those portions submitted for microscopy have been examined and a diagnosis made by a pathologist.

(7) If the laboratory performs tests in the specialty of radiobioassay, the counting equipment shall be checked for stability at least once each day of use, with radioactive standards or reference sources; reference samples with known activity and within expected levels of normal samples shall be processed in replicate quarterly; for each method, records which document the routine precision and the recalibration schedule shall be maintained and be available to the staff and the department.

DEPARTMENT FOR HUMAN RESOURCES
Bureau for Social Insurance

904 KAR 1:007. Supplemental AABD programs. *for aged blind and disabled.*

RELATES TO: KRS 205.245

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: The Department for Human Resources is responsible under Title XVI of the Social Security Act as amended by Public Law 92-603 to administer a state funded program of supplementation to all December, 1973 recipients of Aid to the Aged, Blind and Disabled, hereinafter referred to as AABD, disadvantaged by the implementation of the Supplemental Security Income Program, hereinafter referred to as SSI. KRS 205.245 provides not only for the mandatory supplementation program but also for supplementation to other needy aged, blind and disabled persons. This regulation sets forth the provisions of the supplementation programs.

Section 1. Mandatory State Supplementation.
Mandatory state supplementation payments must be equal

to the difference between the AABD payment for the month of December, 1973 plus any other income available to the recipient as of that month and the total of the SSI payment and other income. Also included are those former aged, blind or disabled recipients ineligible for SSI due to income but whose special needs entitled them to an AABD payment as of December, 1973. Mandatory payments must continue until such time as the needs of the recipient as recognized in December, 1973 have decreased or income has increased to the December level.

(1) The mandatory payment is increased only when income as recognized in December, 1973 decreases, the SSI payment is reduced but the recipient's circumstances are unchanged, or the standard of need utilized by the bureau in determining optional supplementation payments for a class of recipients is increased.

(2) In cases of man and wife, living together, income changes after September, 1974 will result in increased mandatory payment only if total income of the couple is less than December, 1973, total income.

Section 2. Optional State Supplementation. Optional state supplementation is available to those persons meeting technical requirements and resource limitations of the aged, blind or disabled medically needy program as contained in 904 KAR 1:003 and 904 KAR 1:004 who have insufficient income to meet their need for care in a Personal Care Home as defined in 902 KAR 20:030 or Family Care Home as defined in 902 KAR 20:040 or who require a caretaker to prevent institutionalization. Application for SSI, if potential eligibility exists, is mandatory.

Section 3. Income Considerations. In determining the amount of optional supplementation payment, total net income of the applicant or recipient, or applicant or recipient and spouse, including payments made to a third party in behalf of an applicant or recipient, is deducted from the standard of need with the following exceptions:

(1) Income is conserved for an ineligible, Non-SSI spouse and/or minor dependent children in the amount of the Medical Assistance Program Basic Maintenance Scale for family size adjusted by deduction of sixty-five dollars (\$65) from monthly earnings of spouse.

(2) If one (1) member of a couple is institutionalized and the SSI spouse maintains a home, income in the amount of the SSI standard for one (1) is conserved for the spouse.

Section 4. Standard of Need: (1) The standard, based on living arrangement, from which income as computed in Section 3 is deducted to determine the amount of optional payment is as follows:

- (a) Personal care home: \$310;
- (b) Family care home: \$248;
- (c) Caretaker:
 - 1. Single individual: \$206;
 - 2. Married couple, one (1) requiring care: \$285;
 - 3. Married couple, both requiring care: \$313.

(2) In couple cases, both requiring a caretaker, and both eligible, one-half (1/2) of the deficit is payable to each. If one (1) is ineligible (neither aged, blind nor disabled) one-half (1/2) of the deficit is payable to the eligible member.

Section 5. Institutional Status. No aged, blind or disabled person shall be eligible for state supplementation while residing in a Personal Care Home or Family Care

Home unless such home is licensed under the Health Licensure Act, KRS 216.425.

SUBMIT COMMENT OR REQUEST FOR HEARING

TO: Secretary for Human Resources, Capitol Annex, Frankfort, Kentucky 40601.

DEPARTMENT FOR HUMAN RESOURCES Bureau for Social Insurance

904 KAR 1:054. Primary care center services.

RELATES TO: KRS 205.520

PURSUANT TO: KRS 13.082, 194.050

NECESSITY AND FUNCTION: The Department for Human Resources has responsibility to administer the program of Medical Assistance in accordance with Title XIX of the Social Security Act. KRS 205.520 empowers the department, by regulation, to comply with any requirement that may be imposed, or opportunity presented, by federal law for the provision of Medical Assistance to Kentucky's indigent citizenry. Primary care centers, as defined by the Health Certificate of Need and Licensure Board, represent an opportunity for the provision of comprehensive medical services to the indigent citizenry of Kentucky. This regulation, therefore, sets forth the provisions relating to primary care center services for which payment shall be made by the Medical Assistance program in behalf of both the categorically needy and medically needy.

Section 1. Requirement for Participation. Each primary care center shall be required to meet the standards set for certification by the Health Certificate of Need and Licensure Board, and shall not receive reimbursement for services as a primary care center provider until the department determines that such standards are met and that the provider complies with all requirements for program participation.

Section 2. Definitions. As used in this regulation, the following definitions apply:

(1) **Mandatory Services.** Those services which must be provided by the facility for it to be considered a primary care center by the department;

(2) **Optional Services.** Those specified services which are in addition to the mandatory or required range of services, and for which the department will make payment when appropriately provided by the primary care center;

(3) **Element.** A specific sub-program within the Medical Assistance program; for example, Primary Care Center Services is a sub-program or element of the Medical Assistance program;

(4) **All requirements for program participation:** those requirements of law or regulation generally applicable throughout the Medical Assistance program and with which all medical services providers must comply in order to participate and receive reimbursement as a provider of services to eligible Medical Assistance recipients.

Section 3. Covered Services. Each primary care center

shall provide directly to eligible program recipients on a regular, full-time basis the mandatory services, and may provide one or more of the optional services.

(1) Mandatory Services:

- (a) Medical diagnostic, treatment, and maintenance services for all age groups;
- (b) Treatment of injuries and minor trauma;
- (c) Prenatal and postnatal care;
- (d) Preventive health services which must include well-baby care, immunizations, and health education;

(e) Referral services designed to ensure the referral to and acceptance by an appropriate medical resource when services necessary to the health of the patient are not provided directly by the center;

(f) Any two (2) of the types of services provided by the following professional or para-professional practitioners:

- 1. Dentist;
- 2. Clinical Pharmacist;
- 3. Social Services Worker;
- 4. Nutritionist;
- 5. Optometrist;
- 6. Nurse Midwife;
- 7. Mental Health Worker;
- 8. Community Health/Outreach Worker.

(2) Optional Services:

(a) Any service within the scope of the Medical Assistance program so long as the appropriate requirements for provision of that service are met, including compliance with any additional specific standards and certification requirements set for that particular service, and not to exceed the coverage limits specified for that service, and any other preventive or maintenance service authorized on a facility-by-facility basis based on the need for and capability to deliver such service;

- (b) Laboratory services;
- (c) Physician/Dental inpatient hospital services;
- (d) Holding/Observation accommodations;

(e) Any of the types of services in subsection (1)(f), above, which are not provided as mandatory services;

(f) Medically related services to the extent such services are necessary for the provision of the mandatory or optional groups of services, on prior approval of the medically related service by the department.

Section 4. Limitations on Services. The following specific limitations shall apply and reimbursement shall be made only when the services to which they relate are provided in accordance with these limitations:

- (1) Clinical pharmacists' services are limited to those not related to the direct dispensing of drugs;
- (2) Outreach visits are limited to those made as part of an established plan of care for the patient and/or his family;
- (3) Laboratory services are limited to those procedures currently covered through the Physician Services element of the Medical Assistance program;
- (4) Dental services are limited to those procedures currently covered through the Dental Services element of the Medical Assistance program;
- (5) Vision care services are limited to those services currently covered through the Vision Care Services element of the Medical Assistance program;
- (6) Physician/Dental inpatient hospital services are limited to those provided in accordance with the policies and procedures effective in the Physician Services or Dental Services element of the Medical Assistance program;
- (7) Holding/Observation accommodations, for not more

than twenty-four (24) hours, when provided in accordance with the following:

(a) The patient's record shall document the appropriateness of such utilization;

(b) The physician shall make the decision that such utilization is necessary;

(c) A licensed nurse shall be on duty at the center during the time a patient is held in center accommodations beyond regular scheduled hours;

(d) A licensed physician shall be on call at all times when a patient is held beyond the regular scheduled hours of the center;

(e) A statement of conditions observed and treatment rendered during such holding time must be entered in the patient's medical record.

Section 5. Non-Covered Services. The following services are specifically excluded from coverage as primary care center services:

- (1) Telephone contacts;
- (2) Outreach visits for provision of services not included in the established plan of care;
- (3) Housekeeping, babysitting, and other homemaker services of like nature;
- (4) Services for which neither the individual nor the Medical Assistance program has an obligation to pay;
- (5) Services which under certain circumstances might be covered, but which have not been included within the Primary Care Center Services part of the Medical Assistance program;
- (6) Services which are not provided in accordance with restrictions imposed by law or regulation;
- (7) Services which might be covered if preauthorization were secured, but for which the required preauthorization has not been secured.

ADMINISTRATIVE REGULATION REVIEW SUBCOMMITTEE

Minutes of July 7, 1976 Meeting

(Subject to Subcommittee approval at its next meeting on August 4, 1976.)

The Administrative Regulation Review Subcommittee held its regularly scheduled meeting on Wednesday, July 7, 1976, at 10 a.m. EDT in room 327 of the Capitol. Present were: Members: Representative William T. Brinkley, Chairman, and Representative David G. Mason.

Guests: Dr. Howard L. Bost and James A. Coleman, Certificate of Need and Licensure Board, Bureau for Health Services; Commissioner Maurice P. Carpenter and Earl B. Sergent, Department of Revenue; and Mack J. Morgan, Kentucky Retail Federation, Inc.

LRC Staff: William H. Raines, E. Hugh Morris, Mabel D. Robertson, Garnett Evins, Deborah Herd, Diana Beard and Sam Hensley.

The minutes of the June 2, 1976 meeting were approved.

Representative Mason requested that proposed regulation 707 KAR 1:050, Department of Education, Bureau of Education for Exceptional Children, be deferred until the August meeting with the request that a representative from the agency appear before the subcommittee to answer questions relating to the regulation.

The following regulations were approved and ordered filed:

SECRETARY OF THE CABINET
Department of Revenue

Selective Excise Tax; Alcoholic Beverages

103 KAR 40:090. Consumer tax rates. (Amended)

Selective Excise Tax; Motor Vehicle Usage

103 KAR 44:010. Usage tax. (Amended)

Kentucky Retirement Systems

General Rules

105 KAR 1:010. Contributions and interest rates. (Amended)

105 KAR 1:030. Certain payment option for hazardous positions.

**EXECUTIVE DEPARTMENT FOR FINANCE
AND ADMINISTRATION**

Property

200 KAR 6:010. Personal property inventories.

200 KAR 6:015. Real property inventories.

CABINET FOR DEVELOPMENT

Department of Fish and Wildlife Resources

Game

301 KAR 2:045. Upland game birds and small game; seasons, limits. (Amended)

301 KAR 2:047. Specified areas; seasons, limits for birds and small game. (Amended)

301 KAR 2:100. Archery season and limits for deer. (Amended)

301 KAR 2:110. Raccoon and opossum season; limits. (Amended)

DEPARTMENT OF TRANSPORTATION
Bureau of Highways

Traffic

603 KAR 5:066. Weight limits for trucks. (Amended)

603 KAR 5:096. Highway classifications. (Amended)

DEPARTMENT OF EDUCATION

Office of Superintendent of Public Instruction

Planning

701 KAR 1:020. State plan for the administration of ESEA, Title IV.
