REGULATION REVIEW PROCEDURE

Filing and Publication

Administrative bodies shall file with the Regulations Compiler all proposed administrative regulations, including public hearing information (described below), the tiering statement required by KRS 13A.210, the regulatory impact analysis as required by KRS 13A.240, and the fiscal note required by KRS 13A.250.

All proposed administrative regulations received by the deadline required in KRS 13A.050, as well as the information required above, shall be published in the Administrative Register.

Following publication in the Administrative Register, all proposed administrative regulations shall be referred by the Legislative Research Commission to the appropriate committee or subcommittee for review.

Public Hearing

The administrative body shall schedule a public hearing on proposed administrative regulations, proposed amendments to administrative regulations, and proposed repeal of administrative regulations to be held not less than twenty (20) nor more than thirty (30) days following publication of the administrative regulation. The time, date, and place of the hearing and the name and address of the agency contact person shall be included on the last page of the administrative regulation when filed with the Compiler's office.

Any person interested in attending the scheduled hearing must submit written notification of such to the administrative body at least five (5) days before the scheduled hearing. If no written notice is received at least five (5) days before the hearing, the administrative body may cancel the hearing.

If the hearing is cancelled, the administrative body shall notify the Compiler immediately by telephone of the cancellation with a follow-up letter and the Compiler will place the letter of cancellation in the file of the original administrative regulation. If the hearing is held, the administrative body shall submit within fifteen (15) days following the hearing a statement of consideration summarizing the comments received at the hearing and the administrative body's responses to the comments.

No transcript of the hearing need be taken unless a written request for a transcript is made, and the person requesting the transcript shall have the responsibility of paying for same. A recording may be made in lieu of a transcript.

If an administrative body has several proposed administrative regulations published at the same time, the proposed administrative regulations may be grouped at the convenience of the administrative body for purposes of hearings.

Review Procedure

If a proposed administrative regulation is amended as a result of the public hearing, the amended version shall be published in the next Administrative Register; and following publication shall be sent to the appropriate committee for review at its next meeting. If a proposed administrative regulation is not amended as a result of the hearing or if the hearing is cancelled, the regulation shall be sent to the appropriate committee for review at its next meeting. The administrative regulation shall be considered as adopted and in effect as of adjournment on the day the subcommittee meets.

EMERGENCY REGULATIONS NOW IN EFFECT

(NOTE: Emergency regulations expire 90 days from publication or upon replacement or repeal.)

STATEMENT OF EMERGENCY

In order to continue to operate the Corrections Cabinet in accordance with KRS Chapter 196, the Corrections Cabinet needs to implement this emergency regulation. An ordinary administrative regulation cannot suffice because the effected agency policy must be revised as soon as possible to allow the cabinet to take immediate corrective action in the manner in which inmates are classified within the Kentucky correctional system; bring the cabinet's policy and general procedures for the searches of inmates, visitors, employees and vehicles that enter the Correction Cabinet's institutions in line with recent supreme court rulings; change the cabinet's extraordinary occurrence reporting procedure to adhere to current Kentucky Revised Statutes; provide guidance to the cabinet's institutional duty officers in their use of state vehicles and to allow the Frankfort Career Development Center to immediately implement institutional policy in preparation for a pending accreditation audit by the Commission on
Accreditation for Corrections. This emergency regulation will be replaced by the ordinary administrative regulation filed with the Legislative Research Commission on May 15, 1986 in accordance with KRS Chapter 13A.

900 KAR 1:006E. Limitation on indirect administrative cost in contracts.

EFFECTIVE: May 23, 1986

NECESSITY AND PURPOSE: In accordance with its intent to focus the resources of the Cabinet for Human Resources on direct service provision and minimize indirect administrative expenses, the General Assembly, Regular Session, 1986 established a limit of fifteen (15) percent on indirect administrative cost for all contracts between the cabinet and non-state government agencies and individuals with certain exceptions. HB 398 requires the cabinet to promulgate administrative regulations which address allocation and define direct and indirect costs. This regulation sets forth definitions and provisions necessary to implement this indirect administrative cost limitation in contracts. This regulation applies to Cabinet for Human Resources contracts for the 1986-87 and 1987-88 fiscal years.

Section 1. Definitions. As used in this regulation, the following definitions shall apply unless the specific context dictates otherwise.

1. "Direct costs" means those costs that can be identified specifically with and charged in whole or in part to a particular project, service, program or activity of an organization.
2. "Indirect costs" means those costs of an organization which are not specifically identifiable with a particular project, service, program, or activity but nevertheless are necessary to the general operation of the organization and the conduct of the activities it performs.
3. "Administrative activities" means those activities performed by an organization in the development and implementation of policy and the management of the organization necessary to fulfill the functions and obligations of the organization. These activities generally include, but are not limited to, agency and personnel management, accounting, auditing, and legal services.
4. "Service activities" means those activities carried out by an organization which are integral and necessary to the production and/or delivery of specific products and/or services.
5. "Indirect administrative costs" means those costs for administrative activities of an organization which are not specifically identifiable with a particular project, service, program, or activity.
6. "Cost allocation plan" means the written description of processes for identification, accumulation, and distribution of costs together with the allocation methods used.

Section 2. Indirect Administrative Cost Limitation in Contracts. (1) The Cabinet for Human Resources will limit payment to contractors for indirect administrative cost to no more than fifteen (15) percent of the contract total. For the purpose of this regulation, contract total means total actual,

STATEMENT OF EMERGENCY

Under KRS 13A the administrative body is required to implement this regulation or not have the authority to operate. Therefore, in order to continue to operate the Cabinet for Human Resources in accordance with KRS Chapter 194, the Cabinet for Human Resources needs to implement this emergency regulation. An ordinary administrative regulation cannot suffice because agency policy will not be accurately reflected in a timely manner. This emergency regulation will be replaced by an ordinary administrative regulation in accordance with House Bill 334.

MARTHA LAYNE COLLINS, Governor
E. AUSTIN, JR., Secretary
allowable expenses reimbursed by the cabinet.

(2) The provisions of this regulation are applicable to all types of contracts (except as exempted herein) between the cabinet and non-state government agencies and individuals including, but not limited to competitive bid or negotiated fixed price contracts; program administration contracts; and, personal service contracts.

(3) When offering a contract for bid or negotiation, the cabinet shall clearly indicate that the state will limit its reimbursement of indirect administrative cost to no more than fifteen (15) percent of the total actual allowable expenses reimbursed by the cabinet. If total indirect administrative cost exceeds such limit, the additional expense shall be the responsibility of the contractor and not the Commonwealth.

(4) In cases where payment to a contractor is made on a fixed price/fixed fee basis and the fixed price/fixed fee is established based upon a consideration of a prior year and/or current year actual, allowable cost (e.g., regional mental health/mental retardation boards), such contract shall be subject to the indirect administrative cost limitations set forth herein.

(5) There shall be no restrictions or limitations on indirect administrative costs paid for with contractor local funds and used to satisfy in-kind or matching requirements.

(6) If in the event more restrictive contract provisions or federal and/or state laws and regulations apply to a particular contract, such laws, regulations, or contract provisions shall prevail with respect to limitations on indirect administrative cost.

(7) In the event that training involving contracted services and related agency skills and resources are requested by the cabinet and provided by a contractor in accordance with HB 398, costs related to such activity will be considered a direct cost and not subject to indirect administrative cost limitations.

(8) In the event an audit results in a finding that the administrative cost limitations set forth herein has been exceeded for the period of performance under the contract, payment made by the cabinet to the contractor in consideration of such cost shall be subject to recovery from the contractor by the cabinet.

Section 3. Allocation Plan Required. A contractor shall maintain a written plan for allocation of direct and/or indirect costs in instances where the contractor organization operates more than one (1) project, service, program or activity. The general requirement for any cost allocation plan is that it shall provide for an equitable distribution of allocable direct costs and indirect costs to each project, service, program or activity that benefits from such costs and must be consistently and uniformly applied. Only those costs that are not specifically identifiable to a single project, service, program or other direct activity shall be allocated.

Section 4. Documentation Requirements for Costs. (1) All direct or allocable direct charges shall be documented by appropriate source documents to support the direct charging of the expense.

(2) The contractor shall document the method used to allocate direct and/or indirect costs.

(3) The contractor shall indicate the allowable indirect administrative cost amount based on the percentage such amount represents in each contract, budget and/or the final expenditure report as an indication of compliance.

(4) Reports of audits performed to meet federal and/or state requirements and which are conducted by independent public auditors, certified public accountant and/or the state auditor, shall contain a statement as to the compliance of the contractor with the cost limitations set forth herein.

Section 5. Subcontracts. In the event the primary contractor subcontracts with any non-state government agency or organization or individual pursuant to or relating to its contract with the Cabinet for Human Resources, the indirect administrative cost of the primary contractor shall not exceed fifteen (15) percent of the total actual, allowable expenses reimbursed by the cabinet excluding such subcontracted costs. The indirect administrative cost of the subcontractor shall exceed fifteen (15) percent of the total actual allowale expenses reimbursed by the primary contractor to the subcontractor. Exclusions to such division of indirect administrative cost between the primary contractor and the subcontractor shall be subject to case-by-case negotiation between the cabinet and the primary contractor. In such cases where an exception to the limits is deemed reasonable and justifiable, the negotiated limit(s) together with the reasons for the exception shall be expressed in the terms and conditions of the resulting contract. In no event shall combined indirect administrative cost of the prime contractor and subcontractor(s) in the aggregate exceed fifteen (15) percent of the total actual, allowable expenses reimbursed by the cabinet.

Section 6. Exceptions. Contracts which may be exempt from the fifteen (15) percent indirect administrative cost limitations contained herein are set forth below:

(1) Contracts for Medicaid benefits shall be exempt from the cost limitations set forth herein;

(2) A contract for a service which is predominantly administrative in nature may be exempted provided that:
   (a) The Secretary of the Cabinet for Human Resources certifies such fact and also documents why such service cannot be performed by state employees; and,
   (b) The Secretary of the Finance and Administration Cabinet concurs and authorizes such exception;

(3) A contract which is competitively solicited and/or competitively negotiated may be exempted only when such exemption results in award of the contract to the lowest priced and/or best proposal submitted by prospective contractors provided that:
   (a) The Secretary of the Cabinet for Human Resources approves such exemption; and,
   (b) The Secretary of the Finance and Administration Cabinet concurs and authorizes
such exemption; or,

(4) A contract which does not exceed a total amount of $100,000.00 and for which state funds comprise not less than seventy-five (75) percent of the funds available for such contract may be exempted from the fifteen (15) percent provided that:

(a) Combined actual allowable direct and indirect administrative costs shall not exceed twenty-five (25) percent of the total actual, allowable expenses reimbursed by the cabinet;

(b) The Secretary of the Cabinet for Human Resources approves such exemption; and,

(c) The Secretary of the Finance and Administration Cabinet concurs and authorizes such exemption.

904 KAR 2:016E. Standards for need and amount; AFDC.
RELATES TO: KRS 205.220(2), 205.210(1)
PURSUANT TO: KRS 205.220(2)
EFFECTIVE: May 16, 1986

NECESSITY AND FUNCTION: The Cabinet for Human Resources is required to administer the public assistance programs. KRS 205.220(2) and 205.210(1) require that the secretary establish the standards of need and amount of assistance for the Aid to Families with Dependent Children Program, hereinafter referred to as AFDC, in accordance with federal regulations and Title IV-A of the Social Security Act. This regulation sets forth the standards by which the need for and the amount of an AFDC assistance payment is established.

Section 1. Definitions. (1) "Assistance group" is composed of one (1) or more children and may include as specified relative any person specified in 904 KAR 2:006, Section 3. The assistance group shall include the dependent child, child's eligible parent(s), and all eligible siblings living in the home of the needy child. Additionally, if the dependent child's parent is a minor living in the home with his/her eligible parent(s), the minor's parent(s) shall also be included in the assistance group if the minor's parent applied for assistance. The incapacitated natural or adoptive parent of the child(ren) who is living in the home [and legally married to the specified relative] shall be included as second parent if the technical eligibility factors are met.

(2) "Sanctioned individual" means any person who is required to be included in the assistance group but who is excluded from the assistance group due to failure to fulfill an eligibility requirement.

(3) [[(2)]] "Full-time employment" means employment of thirty (30) hours per week or 130 hours per month or more.

(4) [[(3)]] "Part-time employment" means employment of less than thirty (30) hours per week or 130 hours per month or not employed throughout the entire month.

(5) [[(4)]] "Full-time school attendance" means a workload of at least:

(a) Twenty-five (25) clock hours per week in a General Educational Development (GED) program; or

(b) Twelve (12) semester hours or more in a college or university; or six (6) semester hours or more during the summer term; or

(c) The number of hours required by the individual high school/vocational school to fulfill their definition of full time.

(6) [[(5)]] "Part-time school attendance" means a workload of something less than "full-time school attendance."

(7) [[(6)]] "Gross income limitation standard" means 185 percent of the sum of the assistance standard, as set forth in Section 8 of this regulation, and any educational allowance as set forth in Section 9 of this regulation.

(8) [[(7)]] "Prospective budgeting" means computing the amount of assistance based on income and circumstances which will exist in the month(s) for which payment is made.

(9) [[(8)]] "Recoupment" means recovery of overpayments of assistance payments.

(10) [[(9)]] "Retrospective budgeting" means computing amount of assistance based on actual income and circumstances which existed in the second month prior to the payment month.

Section 2. Resource Limitations. Real and personal property owned in whole or in part by an applicant or recipient including sanctioned individual(s) and his/her parent(s), even if the parent(s) is not an applicant or recipient, if the applicant/recipient is a dependent child living in the home of said parent, shall be considered. The amount that can be reserved by each assistance group shall not be in excess of $1,000 equity value excluding those items specifically listed in subsection (1) as follows:

(1) Excluded Resources. The following resources shall be excluded from consideration:

(a) One (1) owner-occupied home;

(b) Home furnishings, including all appliances;

(c) Clothing;

(d) One (1) motor vehicle, not to exceed $1,000 equity value for farm machinery, livestock or other inventory, and tools and equipment other than farm, used in a self-employment enterprise;

(e) Items valued at less than fifty (50) dollars each;

(f) One (1) burial plot/sp ace per family
member;

(b) Funeral agreements not to exceed maximum equity of $1,500 per family member;

(1) Real property which the assistance group is making a good faith effort to sell. This exemption shall not exceed a period of nine (9) months and is contingent upon the assistance group agreeing to repay AFDC benefits to be accrued beginning with the first month of the exemption. Any amount of AFDC paid during that period that would not have been paid if the disposal of property had occurred at the beginning of the period is considered an overpayment. The amount of the repayment shall not exceed the net proceeds of the sale. If the property has not been sold within the nine (9) months, if eligibility stops for any other reason, the entire amount of assistance paid during the nine (9) month period shall be treated as an overpayment;

(2) Other items/benefits mandated by federal regulations.

(2) Disposition of resources. An applicant/recipient must not have transferred or otherwise divested himself/herself of property without fair compensation in order to qualify for assistance. If the transfer was made expressly for the purpose of qualifying for assistance and if the unencumbered equity value of the transferred property, when added to the total resources, exceeds the resource limitation, the household’s application shall be denied, assistance discontinued. The time period of ineligibility shall be based on the resulting amount of excess resources and begins with the month of transfer. If the amount of excess transferred resources does not exceed $500, the period of ineligibility shall be one (1) month; the period of ineligibility shall be increased one (1) month for every $500 increment up to a maximum of twenty-four (24) months.

Section 3. Income Limitations. In determining eligibility for AFDC the following will apply:

(1) Gross income test. The total gross non-AFDC income of the assistance group, as well as income of parent(s), sanctioned individuals and/or amount deemed available from the parent(s)/legal guardian(s) of a minor parent/legal guardian(s) living in the home, and/or amount deemed available from a stepparent(s) living in the home, and/or amount deemed available form an alien’s sponsor and sponsor’s spouse if living with the sponsor, shall not exceed the gross income limitation standard. Disregards specified in Section 4, subsection (1), shall apply. If total gross income exceeds the gross income limitation standard, the assistance group is ineligible.

(2) Applicant eligibility test. If the gross income is below the gross income limitation standard and the assistance group has not received assistance during the four (4) months prior to the month of application, the applicant eligibility test shall be applied. The total gross income after application of exclusions/disregards set forth in Section 4, subsections (1) and (2), shall be compared to the assistance standard set forth in Section 5. If income exceeds this standard, the assistance group is ineligible. For assistance groups who meet the gross income test but who have received assistance any time during the four (4) months prior to the application month, the applicant eligibility test shall not apply.

(3) Benefit calculation. If the assistance group meets the criteria set forth in subsections (1) and (2) of this section, benefits shall be determined by applying disregards in Section 4, subsections (1), (2), and (3). If the assistance group’s income, after application of appropriate disregards, exceeds the assistance standard, the assistance group is ineligible. Amount of assistance for the initial two (2) months of eligibility shall be determined prospectively in accordance with 45 CFR 233.34 and for subsequent months prospectively, in accordance with 45 CFR 233.35.

(4) A period of ineligibility shall be established in accordance with 45 CFR 233.20(a)(3)(ii)(F), for applicants/recipients whose income in the month of application or during any month for which assistance is paid exceeds the limits as set forth in subsections (1) and (3) of this section due to receipt of lump sum income. The ineligibility period shall be recalculated if any of the following circumstances occur:

(a) The standard of need increases and the amount of grant the assistance group would have received also changes.

(b) The income received has become unavailable to the assistance group for reasons beyond their control.

(c) The assistance group incurs and pays medical expenses in accordance with 42 CFR 435.631(c).

Section 4. Excluded/Disregarded Income. All gross non-AFDC income received or anticipated to be received by the assistance group, natural parent(s) and/or parent(s)/legal guardian(s) of a minor parent/legal guardian living in the home with such assistance group and/or stepparent(s) living in the home, shall be considered with the applicable exclusions/disregards as set forth below:

(1) Gross income test. All incomes listed below shall be excluded/disregarded:

(a) Disregards applicable to stepparent income and/or income of the parent(s)/legal guardian(s) of a minor parent/legal guardian living in the home with the assistance unit, as set forth in Section 5 of this regulation;

(b) Disregards applicable to alien sponsor’s income, as set forth in Section 6 of this regulation;

(c) Disregards applicable to self-employment income, as set forth in 45 CFR 233.20(a)(6)(v)(8) and 45 CFR 233.20(a)(11)(i)(b)(1)(i);

(d) Work Incentive Program (WIN) incentive payments;

(e) Earnings received by a dependent child from participation in the Summer Youth Program under the Job Training Partnership Act (JTPA) for a period not to exceed six (6) months within a given year;

(f) Unearned income received by a dependent child from participation in a JTPA program;

(g) Reimbursement for training-related expenses paid by a manpower agency to applicants or recipients in institutional and work experience training programs under the WIN program;

(h) Value of the monthly allotment of food
stamp coupons or value of United States Department of Agriculture (USDA) donated foods;
(i) Non-emergency medical transportation payments;
(j) Principal of loans;
(k) Educational grants, loans, scholarships, or payments for actual educational costs made under the GI Bill, obtained and used under conditions that preclude their use for current living costs and all education grants and loans to any undergraduate made or insured under any program administered by the United States Commissioner of Education;
(l) Highway relocation assistance;
(m) Urban renewal assistance;
(n) Federal disaster assistance and state disaster grants;
(o) Home produce utilized for household consumption;
(p) Housing subsidies received from federal, state or local governments;
(q) Receipts distributed to members of certain Indian tribes which are referred to in Section 5 of Public Law 94-114 that became effective October 17, 1975;
(r) Funds distributed per capita to or held in trust for members of any Indian tribe under Public Law 92-254, Public Law 93-134 or Public Law 94-540;
(s) Benefits received under Title VII, Nutrition Program for the Elderly, of the Older Americans Act of 1965, as amended;
(t) Payments for supporting services or reimbursement of out-of-pocket expenses made to individuals voluntarily serving as foster grandparents, senior health aides, or senior companions, and to persons serving in Service Corps of Retired Executives (SCORE) and Active Corps of Executives (ACE) and any other programs under Titles II and III, pursuant to Section 418 of Public Law 93-113;
(u) Payments to volunteers under Title I of Public Law 93-113 pursuant to Section 404(g) of Public Law 93-113 except when the value of such payments when adjusted to reflect the number of hours volunteers are serving is the same as or greater than the minimum wage under state or federal law, whichever is greater;
(v) The value of supplemental food assistance received under the Child Nutrition Act of 1966, as amended, and the special food service program for children under the National School Lunch Act, as amended;
(w) Payments from the Cabinet for Human Resources, Department for Social Services, for child foster care, adult foster care, or subsidized adoption;
(x) Payments made under the Low Income Home Energy Assistance Act (LIHEAP) and other energy assistance payments which are permitted to be excluded pursuant to 45 CFR 233.53 (c)(5)(i);
(y) The first fifty (50) dollars of child support payments collected in a month which reflect the current month's support obligation and is returned to the assistance group; and
(z) For a period not to exceed six (6) months within a given year, earnings of a dependent child in full-time school attendance.
2. The assistance applicant must pass an eligibility test. The exclusions/disregards set forth in subsection (1) of this section and those listed below shall be applied:
(a) Earnings received from participation in the Job Corps Program under JTPA by an AFDC child;
(b) Earnings of a dependent child in full-time school attendance for a period not to exceed six (6) months within a given year;
(c) Standard work expense deduction of seventy-five (75) dollars for full-time and part-time employment; and
(d) Child care, for a child(ren) or incapacitated adult living in the home and receiving AFDC, is allowed as a work expense is allowed not to exceed $160 per month for individual for full-time employment or $110 per month per individual for part-time employment.
3. Benefit calculation. After eligibility is established, exclude/disregard all incomes listed in subsections (1) and (2), as well as:
(a) Child support payments assigned and actually forwarded or paid to the department; and
(b) First thirty (30) dollars and one-third (1/3) of the remainder of each individual's earned income not already disregarded, if that individual's needs are considered in determining the benefit amount. The one-third (1/3) portion of this disregard shall not be applied to an individual after the fourth consecutive month it has been applied to his/her earned income. The thirty (30) dollar portion of this disregard shall be applied concurrently with the one-third (1/3) disregard, however, it shall be extended for an additional eight (8) months following the four (4) months referenced in the preceding sentence. These disregards shall be applied in accordance with 45 CFR 233.20(a)(1)(1)(D) and 45 CFR 233.20(a)(1)(1)(F) and shall be available to the individual until he/she has not been a recipient for twelve (12) consecutive months; and
(c) Earnings of a child in full-time school attendance or earnings of a child in part-time school attendance, if not working full-time.
4. Exceptions. Disregards from earnings in subsection (2)(c) and (d) and subsection (3)(b) shall not apply for any month in which the individual:
(a) Reduces, terminates, or refuses to accept employment within the period of thirty (30) days preceding such month, unless good cause exists as follows:
1. The individual is unable to engage in such employment or training for mental or physical reasons; or
2. The individual has no way to get to and from the work site or the site is so far removed from the home that commuting time would exceed three (3) hours per day; or
3. Working conditions at such job or training would be a risk to the individual's health or safety; or
4. A bona fide offer of employment at a minimum wage customary for such work in the community was not made.
(b) Fails to make a timely report of earnings unless good cause exists as follows:
1. The assistance group moved and reported the move timely, however, the move resulted in a delay in receiving or failure to receive the mandatory monthly report form; or
2. An immediate family member living in the home was institutionalized or died during the filing period; or
3. The specified relative was out of town during the entire filing period; or
4. The assistance group has been directly

Volume 13, Number 1 - July 1, 1986
affected by a natural disaster (i.e., fire, flood, storm, earthquake).

(c) Requests assistance be terminated for the primary purpose of evading the four (4) month limitation on the deduction in subsection (3)(b) of this section.

(2) Sanction exception. The earned income of sanctioned individuals shall be counted without providing the exclusion/disregards in either subsections (2) and (3) of this section.

Section 5. Income and Resources. Income and resources of a stepparent living in the home with a dependent child and/or parent(s)/legal guardian(s) living in the home with a minor parent/legal guardian but whose needs are not included in the grant are considered as follows:

(1) Income. The gross income is considered available to the assistance group, subject to the following exclusions/disregards:

(a) The first seventy-five (75) dollars of the gross earned income for full-time employment and/or the first seventy-four (74) (forty (40) dollars of the gross earned income for part-time employment;

(b) An amount equal to the AFDC assistance standard for the appropriate family size, for the support of the stepparent or parent(s)/legal guardian(s) of a minor parent/legal guardian and any other individuals living in the home but whose needs are not taken into consideration in the AFDC eligibility determination and are or could be claimed by the stepparent or parent(s)/legal guardian(s) of a minor parent/legal guardian as dependents for purposes of determining his/her federal personal income tax liability;

(c) Any amount actually paid by the stepparent or parent(s)/legal guardian(s) of a minor parent/legal guardian to individuals not living in the home who are or could be claimed by him/her as dependents for purposes of determining his/her personal income tax liability;

(d) Payments by the stepparent and/or parent(s)/legal guardian(s) of a minor parent/legal guardian for alimony or child support with respect to individuals not living in the household; and

(e) Income of a stepparent and/or parent(s)/legal guardian(s) of a minor parent/legal guardian receiving Supplemental Security Income (SSI) under Title XVI.

(2) Sanction exception. The needs of any sanctioned individual are not eligible for the exclusion(s) listed in this section.

(3) (1)(2) Resources. Resources which belong solely to the stepparent and/or parent(s)/legal guardian(s) of a minor parent/legal guardian are not considered in determining eligibility of the parent or the assistance group.

Section 6. Alien Income and Resources. The gross non-AFDC income and resources of an alien's sponsor and sponsor's spouse (if living with the sponsor) hereinafter referred to as sponsor shall be deemed available to the alien(s), subject to disregards as set forth below, for a period of three (3) years following entry into the United States. If an individual is sponsoring two (2) or more aliens, the income and resources shall be prorated among the sponsored aliens. A sponsored alien is ineligible for any month in which adequate information on the sponsor/spouse is not provided. If the alien is sponsored by an agency or organization, which has executed an affidavit of support, that alien is ineligible for benefits for a period of three (3) years from date of entry into the United States, unless it is determined that the sponsoring agency or organization is no longer in existence or does not have the financial ability to meet the alien's needs. The provisions of this section shall not apply to those aliens identified in 45 CFR 233.51(e).

(1) Income. The gross income of the sponsor is considered available to the assistance group subject to the following disregards:

(a) Twenty (20) percent of the total monthly gross earned income, not to exceed $75;

(b) An amount equal to the AFDC assistance standard for the appropriate family size of the sponsor and other persons living in the household who are or could be claimed by the sponsor as dependents in determining his/her federal personal income tax liability, and whose needs are not considered in making a determination of eligibility for AFDC;

(c) Amounts paid by the sponsor to non-household members who are or could be claimed as dependents in determining his/her federal personal income tax liability;

(d) Actual payments of alimony or child support paid to non-household members; and

(e) Income of a sponsor receiving SSI or AFDC.

(2) Resources. Resources deemed available to the alien(s) shall be the total amount of the resources of the sponsor and sponsor's spouse determined as if he/she were an AFDC applicant in this state, less $1,000.

Section 7. Earned Income Tax Credit (EITC). In the case of an applicant or recipient of AFDC, EITC payments shall be considered as earned income when received.

Section 8. Assistance Standard. The AFDC assistance standard, including amounts for food, clothing, shelter, utilities and non-medical transportation from which countable income is deducted in determining eligibility for and the amount of the AFDC assistance payment, is as follows:

Section 9. Educational Allowance. An educational allowance shall be included in the assistance standard each month at the request of the caretaker relative, if the criteria in subsection (1) of this section are met and verified for said month(s) and funds are available. Households receiving the educational allowance shall be subject to time frames, procedures, and penalties established for households required to report monthly.

(1) Technical requirements. The following requirements must be met during any month for
which an education allowance is paid.
(a) The caretaker relative must be included
    in the assistance grant;
(b) The caretaker relative must be enrolled
    full time, as defined in Section 1, in high
    school (including primary and secondary),
    vocational school, or a General Educational
    Development (GED) program for which no wage or
    child care allowance is received. If attending
    college, the caretaker relative must be enrolled
    either full or part-time, as defined in Section
    1;
(c) A cost must have been incurred for the
    care of a child(ren) who is/are under the age of
    thirteen (13) or a child(ren) who is/are under
    the age of eighteen (18), if a physician
    determines said child is unable to attend school
    due to a physical or mental disability, and
    is/are included in the assistance grant; and
    (d) The payment for child care is made to a
    provider who is not a household member.
(2) Educational allowance payment standards.
    The amount of monthly educational allowance
    payment shall be based on the number of eligible
    children for whom care is being provided and
    whether or not enrollment is full or part-time.
    The payment standards are as follows:

    Number of  Full-time  Part-time
    Children  Enrollment  Enrollment
    1         $120        $70
    2 or more $150        $90

(3) Limitations. The number of months an
    educational allowance payment is made shall be
    limited according to the type of program in
    which the student enrolls and shall not be
    provided beyond completion of one (1) program at
    each level.
(a) High school level.
    1. A student may change programs within this
       level, however, the cumulative number of months
       payment is made shall not exceed the maximum for
       the program in which the student last enrolls as
       follows:

       Type of Program  Maximums
       General Educational Development (GED)  12 months
       High School (includes primary and
       secondary)  24 months

    2. A student wishing to continue his/her
       education past the high school level may be
       eligible for additional payments not to exceed
       the maximums for the post-high school level.
(b) Post-high school level. A student may
    change programs within this level, however, the
    cumulative number of months payment is made
    shall not exceed the maximum for the program in
    which the student last enrolls as follows:

       Type of Program  Maximums
       Vocational School  24 months
       College/University  50 months

Section 10. Recoupment. The following
provisions are effective for all overpayments
discovered on or after April 1, 1982, regardless
of when the overpayment occurred.
(1) Necessary action will be taken promptly to
    correct and recoup any overpayments.

(2) Overpayments, including assistance paid
    pending hearing decisions, shall be recovered:
(a) The overpaid assistance unit;
(b) Any assistance unit of which a member of
    the overpaid assistance unit has subsequently
    become a member; or
(c) Any individual member of the overpaid
    assistance unit whether or not currently a
    recipient.
(3) Overpayments shall be recovered through:
(a) Repayment by the individual to the
    cabinet; and/or
(b) Reduction of future AFDC benefits, which
    shall result in the assistance group retaining,
    for the payment month, family income and liquid
    resources of not less than ninety (90) percent
    of the amount of assistance paid to a like size
    family with no income in accordance with Section
    8; and/or
(c) Civil action in the court of appropriate
    jurisdiction.
(4) Overpayments may be waived for inactive
    non-fraud cases involving less than thirty-five
    (35) dollars in overpayment.
(5) In cases which have both an overpayment
    and an underpayment, the cabinet shall offset
    one against the other in correcting the payment
    to current recipients.
(6) Neither reduction in future benefits nor
    civil action shall be taken except after notice
    and an opportunity for a fair hearing is given
    and the administrative and judicial remedies
    have been exhausted or abandoned in accordance
    with Title 904, Chapter 2.

Section 11. Provisions contained in this
regulation shall become effective May 16, 1986
[October 1, 1984].

STATEMENT OF EMERGENCY

Under KRS Chapter 13A the administrative body
is required to implement this regulation or not
have the authority to operate. Therefore, in
order to continue to operate the Cabinet for
Human Resources in accordance with KRS Chapter
194, the Cabinet for Human Resources needs to
implement this emergency regulation. An ordinary
administrative regulation cannot suffice because
agency policy will not be accurately reflected
in a timely manner. This emergency regulation
will be replaced by an ordinary administrative
regulation in accordance with KRS Chapter 13A.

NECESSITY AND FUNCTION: P.L. 97-35, "Block Grants for Social Services - Title XX," authorizes grants to states for social services. KRS 194.050 authorizes the Cabinet for Human Resources to adopt such rules and regulations as are necessary to implement programs mandated by federal law, or to qualify for receipt of federal funds and as are necessary to cooperate with federal agencies for the proper administration of the cabinet and its programs. The function of this manual is to implement a statewide social services program.

Section 1. DSS Policies and Procedures Manual. For the purpose of implementing and enforcing those sections of the Kentucky Revised Statutes relating to social service programs for children and adults that apply to the Department for Social Services, the Secretary of the Cabinet for Human Resources hereby adopts, by reference, the Department for Social Services' Policy and Procedural Manual as revised through April 1986 (March, 1986), as the current policies and procedures of that department. The manual contains policies and procedures relating to management procedures, adult services, support services, family and children's services, and youth services. The Department for Social Services' Policy and Procedural Manual may be reviewed in any departmental field office located in each of the 120 counties or at the Office of the Commissioner, Department for Social Services, 275 East Main Street, Frankfort, Kentucky, during regular working hours.

Section 2. Summary of Amendment. In Chapter V, Youth Services, Community Based, Revocation of Supervised Placement, strike pages 60 through 63 dated 6/84, and insert in lieu thereof Chapter V, Youth Services Community Based, Revocation of Supervised Placement, pages 20 through 23 dated 6/84 which revises the procedures for the revocation hearings process. Revisions include: changing the definition of "Chairperson," changing Juvenile Court Liaison to Juvenile Specialist, and Field Office Supervisors to Family Services Office Supervisor; transportation shall be provided by appropriate staff if another source of transportation is unavailable; and rather than the Deputy Commissioner and Director of the Division of Program Management being standing chairpersons, the Commissioner will name one (1) member of the Hearing Board as Chairperson. [In Chapter V, Youth Services, insert the following as Section A: Table of Contents; Section A.1., General Policies and Procedures; Section A.1., Admissions; Section A.2., Treatment Services; Section A.3., Health, Medical, Safety, and Dietary Services; Section A.4., Quality Assurance; Section A.5., Training; and Section A.6., Education Services. This section sets forth operating policies and procedures for youth services provided by the Department for Social Services, Division of Children's Residential Services.]

Section 3. 905 KAR 1:190. Conduct of hearings for revocation of supervised placement, is hereby repealed.

CABINET FOR HUMAN RESOURCES
Department for Medicaid Services
(As Amended)

904 KAR 1:019. Pharmacy services.

RELATES TO: KRS 205.520
PURSUANT TO: KRS 194.050, 205.560(1)(a), (b), (c)

EFFECTIVE: June 10, 1986

NECESSITY AND FUNCTION: The Cabinet for Human Resources has responsibility to administer the program of Medical Assistance under Title XIX of the Social Security Act. KRS 205.520 empowers the cabinet, by regulation, to comply with any requirement that may be imposed or opportunity presented by federal law for the provision of medical assistance to Kentucky's indigent citizenry. This regulation implements the provisions relating to pharmacy services for which payment shall be made by the Medical Assistance Program in behalf of both the categorically needy and medically needy.

Section 1. Prescribed Drugs. Drugs prescribed by a physician, osteopath, or dentist shall be provided with the following limitations:
(1) The drug must be included on the Kentucky Medical Assistance Program Outpatient Drug List;
(2) Prescribing quantities may be limited by the program;
(3) Patients placed in "lock-in" status due to over-utilization are to receive services only from their lock-in provider except in the case of emergency or referral;
(4) Practitioner authorization, i.e., actual signature of the prescriber, shall be required on all prescriptions not phoned in, on all Schedule II controlled substances prescriptions, and when the physician override (certification of brand name equivalent) procedure is being used. For telephone prescriptions (but not including the preceding) the pharmacist shall enter on the prescription form the name of the prescriber and the initials of the pharmacist;
(5) No prescription shall be refilled more than five (5) times, or more than six (6) months after the original prescription is written;
(6) Drugs, provided to recipients in institutions in which drugs are considered a part of the reasonable allowable costs under the Kentucky Medical Assistance Program, shall not be billed as an outpatient pharmacy benefit;
(7) Effective May 1, 1975, legend drugs, of a type not included on the Kentucky Medical Assistance Program Outpatient Drug List, and which meet established criteria, shall be considered covered when preauthorized by qualified medical professionals within the Department for Medicaid Services (Division of Medical Assistance).

Section 2. Drug Pricing Information. Drug manufacturers and distributors shall be required to provide the Medical Assistance Program with accurate and complete pricing and/or cost information with regard to the drug manufacturer or distributor's drugs which are considered for inclusion on the Outpatient Drug list, or which may be preauthorized, upon request of the

Volume 13, Number 1 - July 1, 1986
Section 1. Hearing Services. (1) Audiological benefits: Coverage shall be limited to the following services provided to children under age twenty-one (21) by certified audiologists: 

(a) Complete hearing evaluation;

(b) Hearing aid evaluation; 

(c) A maximum of three (3) follow-up visits within the six (6) month period immediately following fitting of a hearing aid, such visits to be related to the proper fit and adjustment of that hearing aid;

(d) One (1) follow-up visit six (6) months following fitting of a hearing aid, to assure patient's successful use of the aid.

(2) Hearing aid benefits: Effective June 1, 1981, coverage shall be provided to children under age twenty-one (21) on a pre-authorized basis for any monaural hearing aid model recommended by a certified audiologist so long as that model is available through a participating hearing aid dealer. Binaural hearing aids are not covered.

Section 2. Vision Care Services. Coverage for all age groups shall be limited to prescription services, services to frames and lenses, and diagnostic services provided by ophthalmologists and optometrists, to the extent the optometrist is licensed to perform the services and to the extent the services are covered in the ophthalmologist portion of the physician's program. Eyeglasses are provided only to children under age twenty-one (21) on a pre-authorized basis. Coverage for eyeglasses is limited to two (2) pairs of eyeglasses per year per person. This limitation includes the initial eyeglasses and one (1) replacement per year or two (2) replacements per year. Coverage for initial and extensive visits shall be limited to one (1) visit per patient per provider per twelve (12) month period.

[Section 3. If the funds allocated in the budget for eye examinations, prescriptions (for glasses), and other services are exhausted for the group aged twenty-one (21) and over, vision care services provided by ophthalmologists and optometrists will be terminated for that age group; this limitation shall not be interpreted to limit treatment of diseases of the eye by ophthalmologists. Vision care services for the group aged twenty-one (21) and over if terminated, shall be reinstated at such time as funds again become available.]

AMENDED AFTER HEARING

CABINET FOR HUMAN RESOURCES
Department for Medicaid Services
(Amended After Hearing)

904 KAR 1:220. Terms and conditions of provider participation; provider appeals.

RELATES TO: KRS 205.510 to 205.990
PURSUANT TO: KRS 104.050, 205.520
NECESSITY AND FUNCTION: Through KRS 205.520, the Secretary for Human Resources may establish regulations to comply with requirements imposed or opportunities presented by federal law to take advantage of funds available for medical assistance. Through an amendment to 42 U.S.C. 1395c and 1395j, Section 2175 of the Omnibus Budget Reconciliation Act of 1981 allows each state to restrict provider participation in its Medical Assistance Program if it is determined the provider committed fraud or abused the program. To allow the state the ability to respond for good cause against a provider through an administrative action short of adjudication of criminal liability and thereby assuring the continued integrity of the Medical Assistance Program, this regulation is enacted.

This provision reiterates the authority of the cabinet to determine the terms and conditions of vendor participation in the Kentucky Medical Assistance Program, and sets forth the procedure by which an aggrieved provider may appeal the termination, suspension, denial or nonrenewal of his or her provider agreement.

Section 1. The Cabinet for Human Resources may determine the terms and conditions for participation of vendors in the Kentucky Medical Assistance Program. The cabinet may suspend, terminate, deny or not renew a vendor's provider agreement for good cause. For purposes of this regulation, "good cause" is defined as:

(1) Misrepresenting to concealing facts in order to receive or to enable others to receive benefits;

(2) Furnishing or ordering services under Medicaid that are substantially in excess of the recipient's needs or that fail to meet professionally recognized health care standards;

(3) Misrepresenting factors concerning a facility's qualifications as a provider;

(4) Failure to comply with the terms and conditions for vendor participation in the program and to effectively render service to recipients;

(5) Submitting false or questionable charges to the agency.

Section 2. Suspension Based on Felony Conviction. [When a provider participating in the Kentucky Medical Assistance Program (KMAP) is convicted of a felony involving fraudulent practice relating to the KMAP, such provider is to be suspended from participation in the KMAP for a minimum of two (2) years. At the end of the suspension period, the provider may initiate enrollment procedures with the KMAP.]

(1) When a provider, which is not a facility or institution, participating in the Kentucky Medical Assistance Program (KMAP) is convicted of a felony involving fraudulent practice relating to the KMAP, such provider is to be suspended from participation in the KMAP for a minimum of two (2) years. At the end of the suspension period, the provider may initiate enrollment procedures with the KMAP.

(2) When a provider, which is a facility or institution, participating in the KMAP has an owner or employee who is convicted of a felony involving fraudulent practice relating to the KMAP, such owner or employee is to be precluded from participation in the KMAP for a minimum of two (2) years. In the case of an owner, this means that he/she must divest himself or herself of the ownership interest; in the case of an employee, this means the employee relationship must end. If appropriate action ending the owner or employee relationship is not taken within sixty (60) days after conviction of the felony involving fraudulent practice relating to the KMAP, the facility or institution is to be suspended from participation in the KMAP for a minimum of two (2) years except that the suspension may be for a lesser period of time if the relationship with the convicted owner or employee is severed. If a facility or institution is suspended, such provider may initiate enrollment procedures with the KMAP at the end of the suspension period if the owner or employee relationship is severed prior to the expiration of that period of time; when a convicted individual who is an owner or employee severs his/her relationship with the institution or facility, the individual may not singly or as an owner or employee of a facility or institution participate in the KMAP for a minimum period of two (2) years. An individual precluded from participation in the KMAP as a convicted owner or employee may not establish an owner/employee relationship with any other KMAP participating facility or institution during the period of suspension. If he/she does so, the facility or institution is to be precluded from the individual's exclusion from participation and afforded a reasonable opportunity (i.e., a period of sixty (60) days) to sever the relationship; if the relationship is not severed, the facility or institution will be precluded from KMAP participation in accordance with the criteria previously stated herein.

(3) A facility or institution may request that the KMAP waive (or otherwise hold in abeyance) the suspension based on the necessity for services by the convicted individual; the suspension may be waived (or otherwise held in abeyance) by the KMAP if it appears that failure to do so would result in Medicaid recipients in the community having inadequate access to services of the type provided by the facility or institution.

Volume 13, Number 1 - July 1, 1986
from the Kentucky Medical Assistance Program, except in the case of an adverse action taken under Title XVIII (Medicare), binding upon the Medical Assistance Program. Adverse action taken against an individual provider under Medicare must be appealed through the mechanism set forth in 42 CFR, Part 405 Subpart 0.

Section 4. [3.] Notification. The Kentucky Medical Assistance Program shall notify a provider in writing at least fifteen (15) days prior to the effective date of any decision to terminate, suspend, deny or not renew a provider agreement. The notice will state:

(1) The reasons for the decision;
(2) The effective date;
(3) The extent of its applicability to participation in the Medical Assistance Program;
(4) The earliest date on which the cabinet will accept a request for reinstatement;
(5) The requirements and procedures for reinstatement; and
(6) The appeal rights available to the excluded party.

Section 5. [4.] Evidentiary Hearing. Any provider aggrieved by a decision by the cabinet to suspend, terminate, deny or not renew a provider agreement pursuant to Section 1 of this regulation may, upon written request made within five (5) days from receipt of the written consideration decision, request an evidentiary hearing. Such hearing shall be held within thirty (30) days of receipt of the written request, and a decision shall be rendered within thirty (30) days from the date all evidence and testimony is submitted. Technical rules of evidence shall not apply. The hearing shall be held before an impartial decision-maker appointed by the Secretary for Human Resources.

when an evidentiary hearing is held under this section, a provider shall be entitled to the following:

(1) Timely written notice as to the basis of the adverse decision and disclosure of the evidence upon which the decision was based;
(2) An opportunity to appear in person and introduce evidence to refute the basis of the adverse decision;
(3) A provider may be represented by counsel;
(4) A provider shall have an opportunity to be heard in person, to call witnesses, and to introduce documentary and other demonstrative evidence;
(5) A provider shall have an opportunity to cross-examine witnesses;
(6) The decision of the impartial hearing officer shall be in writing and shall set forth the reasons for the decision and the evidence upon which the determination is based.

Section 6. [5.] The decision of the hearing officer shall be the final decision of the Cabinet for Human Resources.

Section 7. [6.] The rights upon appeal by skilled nursing facilities (SNF's), intermediate care facilities (ICF's), and intermediate care facilities for the mentally retarded (ICF/MR's) shall be governed by the provisions of 42 CFR 431.154 (informal reconsideration), and thereafter, 42 CFR 431.153 (evidentiary hearing).

11 KAR 5:030. Student eligibility requirements.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785

PURSUANT TO: KRS 13A.100, 164.748(4)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation sets forth eligibility requirements for KHEAA Grant programs. Capitalized acronyms, words, and phrases have the meaning assigned to them in 11 KAR 5:020.

Section 1. Eligibility of Students. In order to qualify for a KHEAA grant, a student shall:
1. Be a resident of the Commonwealth of Kentucky;
2. Be enrolled as a full-time student in an eligible course of study;
3. Be enrolled in an undergraduate program at an educational institution and have previously earned a first baccalaureate or professional degree;
4. Be determined by the authority, in accordance with procedures delineated in the KHEAA Grant Program Manual, to have established financial need for the KHEAA grant program assistance (pursuant to 11 KAR 5:050 and 11 KAR 5:060);
5. Have remaining eligibility. A student enrolled in a two-year institution shall be limited to four (4) semesters or six (6) quarters of grant eligibility. A student enrolled in a four-year institution shall be limited to eight (8) semesters or twelve (12) quarters of KHEAA grant program eligibility. An exception may be granted by the executive director if the bachelor's program leads to a first degree and is designed to be completed in a ten (10) semester period, in which case the eligibility may be extended for cause by the executive director to ten (10) semesters. A student enrolled in an eligible course of study of a duration not otherwise covered by this regulation shall have the same number of semesters or quarters of KHEAA grant program eligibility as are normally required for a student to complete that eligible course of study;
6. Not receive financial assistance to meet educational expenses in excess of need;
7. Maintain satisfactory progress in an eligible course of study according to the published standards and practices of the educational institution at which the student is enrolled; and
8. Satisfy all financial obligations to the authority and to any educational institution. Ineligibility under this subsection may be waived for cause by the executive director.

(9) Be a citizen of the United States or an eligible noncitizen. For purposes of this section an eligible noncitizen shall mean an individual who is either:

(a) A U.S. national;
(b) A U.S. permanent resident with an Alien Registration Receipt Card (I-151 or I-551); or
(c) A permanent resident of the Northern Mariana Islands;
(d) A permanent resident of the Trust Territory of the Pacific Islands; or
(e) Other eligible noncitizens who must have one of the following documents from the U.S. Immigration and Naturalization Service:
   1. Arrival-Departure Record (I-94) showing:
      a. "Refugee", or
      b. "Adjustment applicant", or
      c. "Conditional entrant", or
      d. "Indefinite parole"
   2. An official statement that the applicant has been granted asylum in the U.S.
   3. A statement that the student is in the U.S. on an F1 or F2 student visa only or an J1 or J2 exchange visitor visa only and are not eligible for KHEAA Grant assistance.

(10) Meet the federal selective service registration compliance requirement if receiving State Student Incentive Grant Funds. Those receiving Kentucky Tuition Grant (KTG) Funds only do not have to meet this requirement.

Section 2. A KHEAA grant recipient, who, on
the basis of information submitted on the KHEAA grant application, is potentially eligible for a Pell grant must apply for the Pell grant prior to disbursement of the spring semester portion of the KHEAA grant. Recipients subject to this regulation will be notified by the authority in advance of cancellation of the undisbursed portion of the KHEAA grant. If within a reasonable time, following such notification the student fails to provide documentation of filing for a Pell grant, the undisbursed portion of the KHEAA grant shall be cancelled.

Section 3. (1) A student who fails to enroll, withdraws or changes enrollment status may owe a repayment of cash disbursements made to the student for educationally related expenses if the student received financial aid, a portion of the repayment is due to the financial aid programs. 

(2) The amount of the repayment shall be determined in accordance with the institution's repayment and repayment policies relative to financial aid funds. If the student withdraws, the institution shall determine the amount of the repayment due to the authority and notify the student and the authority in a timely fashion regarding the amount due to the authority.

(3) If, under the institution's financial aid repayment policy or this regulation, the student owes a repayment, the KHEAA grant or a portion thereof must be repaid to the authority by the student. The institution must calculate the amount of repayment due to the authority and notify the student and the authority in a timely fashion regarding the amount due to the authority.

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY
(Proposed Amendment)

11 KAR 7:010. Incentive loan program; mathematics and science.

RELATES TO: KRS 156.611
PURSUANT TO: KRS 156.611(10), 164.748(4)
NECESSITY AND FUNCTION: KRS 156.611 establishes the Math/Science [sets up an] Incentive Loan [Program for Awarding Incentive Loans to persons declaring an intention to serve and who actually render service in the critical teacher shortage fields of mathematics and science. Section 39 of House Bill 6, enacted in the 1985 extraordinary session of the General Assembly, amended KRS 156.611 to transfer administration of this program from the Department of Education to the Kentucky Higher Education Assistance Authority. It is necessary to the [uninterrupted] administration of the program that the Assistance Authority promulgate this regulation[, as an interim measure,] to prescribe rules for the administration of the program while the Assistance Authority conducts extensive program planning, evaluation, and development of a permanent administrative structure for the program. For this reason, this regulation closely corresponds to 704 KAR 15:090 promulgated by the Department of Education].

Section 1. The Kentucky Higher Education Assistance Authority (authority) shall, to the extent of appropriations for such purpose, award Math/Science Incentive Loans (loans) to persons enrolled or accepted for enrollment in a Qualified Teacher Education Program on a full-time basis at a participating institution approved by the State Board of Education to offer Qualified Teacher Education Programs, who
declared an intention to teach in one (1) of the critical shortage fields in the public schools of the Commonwealth, and who meet the eligibility requirements set forth herein. Persons already possessing certification in one (1) of the critical shortage fields may be awarded loans to pursue certification in a different critical shortage field only upon a statement by the local school district superintendent of exceptional need for a teacher in that field.

Section 2. Definitions. (1) "Public school" means a common school operated under the laws of the Commonwealth of Kentucky.
(2) "Semester" means a period of about eighteen (18) weeks, which usually makes up one-half (1/2) of a public school year or one-half (1/2) of a participating institution's academic year.
(3) "Qualified teaching service" means employment in a critical shortage field in grades seven (7) through twelve (12) in a public school in a position requiring a Kentucky teacher's certificate for a major portion of a school year for at least sixty (60) days during a semester.
(4) "Participating institution" means an institution of higher education located in Kentucky, which is approved by the State Board of Education to offer teacher education programs, and which has in force an agreement with the authority providing for administration of this program.
(5) "Critical shortage field" means the teaching fields of mathematics and science specified in KRS 156.611.
(6) "Qualified teacher education program" means a program of study in mathematics or science major or area of concentration leading to teacher certification in one (1) of the critical shortage fields.

Section 3. [1.] Teacher Recertification Eligibility. (1) Up to thirty (30) percent of the annual appropriation for KRS 156.611 will be loaned to [used to assist] certified teachers who do not possess certification in one of the critical shortage fields, set forth in KRS 156.611 and who have been admitted to a qualified [an appropriate] teacher education program, approved by the State Board of Education, at a participating institution [either as a part-time student during the regular school term or as a summer school student, and who plan to complete requirements for certification in the specified critical shortage field.
(2) Eligible applicants for such loans must already possess a Kentucky teacher certificate.
(3) For time to time, eligible applicants' priority for such loans will be given in rank order established on the basis of the following weighted criteria:
(a) Relative need for teachers within the critical shortage field as determined by the Department of Education or a survey of local school district superintendent of schools. Weight: maximum thirty (30) points out of 100.
(b) The applicant's cumulative grade point average for undergraduate study. Weight: maximum twenty-five (25) points for grade point average in the 3.5 to 4.0 range; maximum twenty (20) points for averages in the 3.0 to 3.4 range; and maximum fifteen (15) points for averages in the 2.5 to 3.0 range.
(c) National Teacher Examination (NTE) or Graduate Record Examination (GRE) scores. Scores of applicants from minority population groups will be measured relative to the average scores for such minority population groups, when available. Weight: maximum twenty (20) points for scores in the ninetieth (90) to ninety-nine (99) percentile range; maximum fifteen (15) points for scores in the eightieth (80) to eightyninth (89) percentile range; maximum ten (10) points for scores in the seventieth (70) to seventyninth (79) percentile range.
(d) Consideration to teachers teaching out of field in one of the critical shortage fields on or before December 1, 1984. Weight: maximum fifteen (15) points out of 100.
(e) Proximity to completion of certification requirements in one of the critical shortage fields. Weight: maximum ten (10) points out of 100.

[[3 For first time applicants, priority for such loans will be given to the rank order established on the basis of the following appropriately weighted criteria.]]
(a) The higher of the applicant's grade point average for undergraduate work or NTE/GRE scores. Weight: fifty (50) points out of a maximum of 100.
(b) Consideration to teachers teaching out of field in one of the fields identified in KRS 156.011 on or before December 1, 1984. Weight: fifteen (15) points out of a maximum of 100.
(c) Consideration to teachers from minority population groups. Weight: fifteen (15) points out of a maximum of 100.
(d) Proximity to completion of certification requirements in one of the identified fields. Weight: ten (10) points out of a maximum of 100.
(e) Need for teachers in chosen field, as determined by the Department of Education. Weight: ten (10) points out of a maximum of 100.

(4) Once all the criteria in subsection (3) of this section have been evaluated and two (2) or more applicants are [appear] equally ranked [qualified], selection between the applicants will be made on the basis of the date the application is received by the participating institution [accompanying letters of recommendation from persons associated professionally with the applicant].
(5) Certified teachers, who received a loan under this program pursuant to prior regulations, to pursue certification in a critical shortage field on a part-time basis during the regular school year, shall be eligible to receive additional loans in accordance with this regulation to complete such certification. Such [loans] shall not exceed tuition and instructional fees payable by such a recipient in a qualified teacher education program. [Applications for such loans by eligible teachers will be received and verified each semester by the institution where the teacher intends to enroll. The institutions shall forward the applications and supporting documentation of the eligible applicants to the Department of Education.]
(6) Applicants who have successfully completed one (1) or more semesters in the program, maintain a two and five-tenths (2.5) grade point average and make normal progress toward completion of certification requirements.
shall receive priority over new applicants.] 

(6) [7] The amount of a summer loan under this section [part-time students shall not exceed the total cost of attendance determined by the participating institution tuition and institutional fees payable by such a recipient in the required courses taken each semester]. The maximum amount of summer loan for teachers enrolled full time in a qualified teacher education program in the required courses shall be $833 per summer session. The aggregate maximum for loans under this section shall be $2500 [semester]. 

(8) The last date for receipt of applications for loans by the Assistance Authority under Section 1 of this regulation shall be no later than six (6) weeks before the beginning of the relevant semester. 

Section 4. [2.] Student Certification Eligibility. (1) At least seventy (70) percent of the annual appropriation for KRS 156.611 will be used to provide incentive loans to persons enrolled part-time as a sophomore, junior, or senior [during the regular school term] in a qualified teacher education program[s] approved by the State Board of Education at a participating institution [institutions in Kentucky] with the intention of obtaining certification to teach in one of the critical shortage fields for KRS 156.611. 

(2) Eligible applicants for loans must have a grade point average of at least two and five-tenths (2.5) computed on a 4.0 scale. Applicants who have successfully completed one (1) or more years in this program shall receive priority over new applicants. For first time applicants priorities will be given according to rank order established in accordance with subsection (4) of this section. 

(3) The number of loans awarded to students at each institution will be in proportion to the number of certified teachers produced by the institution in the most recent year for which such information is available. 

(4) [4.] The college or education department at each participating institution shall establish a screening committee to verify that applicants from that institution are eligible for a loan under this section. The committee will certify that eligible loan applicants have a reasonable chance of completion of the qualified teacher education program in the selected major. The committee shall rank [order] all eligible first-time applicants based on the following criteria: 

(a) Relative need for teachers within the critical shortage fields as determined by the Department of Education or a survey of local district superintendents. Weight: maximum fifty (50) points. 

(b) Cumulative high school grade point average or for persons holding a bachelor's degree, cumulative undergraduate grade point average. Weight: maximum thirty (30) points for averages in the 3.5 to 4.0 range; maximum twenty (20) points for averages in the 2.9 to 3.4 range; and maximum ten (10) points for averages in the 2.5 to 2.9 range. 

(c) College entrance examination score or, for persons holding a bachelor's degree, Graduate Record Examination (GRE) score. Scores of applicants from minority population groups will be measured relative to the norms for such minority population groups, when available. Weight: maximum twenty (20) points for scores in the ninety-fifth (95) percentile range; maximum fifteen (15) points for scores in the eighty-fifth (85) to ninety-fifth (95) percentile range; maximum ten (10) points for scores in the seventy-fifth (75) to seventy-ninth (79) percentile range. 

[(a) Grade point average or, for persons holding a bachelor's degree, the higher of the grade point average for undergraduate work or the GRE scores. Weight: fifty (50) out of a maximum of 100.) 

[(b) College entrance scores. Weight: twenty (20) out of a maximum of 100.] 

[(c) Consideration to students from minority groups. Weight: twenty (20) out of a maximum of 100.] 

[(d) Need for teachers in chosen field as determined by the Department of Education. Weight: ten (10) out of a maximum of 100.] 

[(5)] Once all criteria in subsection (2) [(4)] of this section have been evaluated and two (2) or more applicants are equally ranked [qualified] priority shall then be given first to graduates of Kentucky high schools and second to Kentucky residents, and then based upon the date the application is received by the participating institution [applicants with letters of recommendation indicating that the applicant possesses aptitudes related to excellence in teaching mathematics/science]. 

[(6) The recipient shall maintain at least a two and five-tenths (2.5) grade point average and make normal progress toward receiving certification in one (1) of the areas listed in KRS 156.611 in order to remain in the loan program. 

[(7) The screening committee shall forward in rank order, the applications and names of all eligible applicants to the Kentucky Higher Education Assistance Authority and to the financial aid officer at the selected institutions no later than the second week of July for academic year loans and no later than the second week of April for summer semester loans.] 

[(8) The amount of loan under this section for a student shall not exceed the student's total cost of attendance determined by the participating institution. The maximum amount of loan for recipients under this section shall be $1,250 per semester or $2,500 per academic year [annually]. Summer school loans shall not exceed $833, and shall be in addition to the academic year maximum. The aggregate maximum for loans under this section shall be $7,500. 

Section 5. Application. Applications for loans will be received, evaluated and verified by the screening committee at the participating institution where the applicant intends to enroll. Applications must be submitted by a deadline set annually by the authority. The participating institution shall forward the applications, ranking and supporting documentation of the eligible applicants to the authority. Loans for summer session attendance shall be made upon separate application. 

Section 6. Renewal. Applicants who have successfully completed one (1) or more summer sessions or semesters in the program maintain a
two and five-tenths (2.5) grade point average computed on a 4.0 scale and make normal progress toward completion of certification requirements in one (1) of the critical shortage fields as determined by the participating institution. Qualify for subsequent loans, apply for the loan, and shall receive priority over new applicants. Loans pursuant to Section 3 of this regulation shall be renewed for a maximum of two (2) summer sessions.

Section 7. [3.] Use of Loan Proceeds. Proceeds of a loan under Sections 3 or 4 [1 or 2] of this regulation shall be used by the recipient first exclusively for payment of tuition and other institutional charges payable to the recipient to the participating institution, and thereafter for other educational related expenses.

Section 8. [4.] Reallocation of Funds. [Funds allotted to institutions and not utilized by them.] (1) principal and interest paid by recipients, and any money not utilized under Section 3 [1] of this regulation shall be used to make [grant] additional loans under Section 4 [2] of this regulation. [Recipients for the loans will be selected from applications forwarded by the institutions using the same eligibility and selection criteria as outlined in Section 2 of this regulation.]
(2) In the event that funds are not sufficient to award all applicants, loans shall first be awarded to those qualifying applicants who previously received loans. In the event that funds are insufficient to award all prior recipients who are qualified applicants, then loans shall be prorated in accordance with the amount and priority previously received by the applicant. If funds are sufficient to award new applicants, an award shall be made first to the applicant with the highest score on the selection criteria and, thereafter, in descending order to persons having lower scores until all available funds are exhausted.

Section 9. Disbursements. Disbursements of loans shall be made at the beginning of each semester or summer session and such disbursement shall be evidenced by a promissory note, prescribed by the authority, in which the loan recipient shall agree to repay the loan or render qualified teaching service in lieu thereof.

Section 10. Notifications. Recipients shall notify the authority within thirty (30) days of:
(1) Change in enrollment status;
(2) Cessation of enrollment in a qualified teacher education program;
(3) Employment in a qualified teaching service position; or
(4) Change of address.

Section 11. Withdrawals. Loan recipients who, prior to completion, cease to enroll on a full-time basis in a qualified teacher education program at a participating institution, shall immediately become liable for repayment to the authority of the sum of all loans received plus interest accrued thereon unless such recipient has an approved deferment pursuant to 11 KAR 7:020. For purposes of this section, teachers seeking recertification in accordance with Section 3 of this regulation are considered enrolled on a full-time basis for so long as they continue to enroll full time in consecutive summer sessions while making normal progress toward completion of certification requirements as determined by the participating institution.

Section 12. Repayment. Recipients who do not begin employment in a qualified teaching service position within the six (6) month period following completion of a qualified teacher education program in the present amendment (excluding periods of deferment pursuant to 11 KAR 7:020) shall immediately become liable to the authority for repayment of principal and interest accrued, pursuant to the earliest promissory note then outstanding. In each semester thereafter, during which a recipient does not render qualified teaching service, repayment of an additional promissory note shall become due, proceeding sequentially from the promissory note having the earliest date to the most recent date.

Section 13. Repayment Schedule. Written notification of demand shall be given to the loan recipient's last known address and shall be effective upon mailing. The authority may agree, in its sole discretion, to accept repayment in installments in accordance with a schedule established by the authority. In the event that more than one (1) promissory note has come due for repayment and remains unpaid, payments shall first be applied to the earliest unpaid promissory note. Payments shall be applied first to accrued interest and then to principal.

Section 14. Cancellation. In order to receive cancellation of a promissory note and the interest thereon, a loan recipient must render qualified teaching service in a public school during a semester. One such promissory note shall be cancelled for each semester during which qualified teaching service is verified to the authority. Such cancellations of promissory notes shall be in sequential order beginning with the earliest promissory note. Verification of qualified teaching service shall be submitted to the authority in writing, signed by the local school district superintendent or building principal, within thirty (30) days of the date a loan recipient completes such qualified teaching service.

Section 15. Interest. The interest rate on loans made under KRS 156.611 after July 1, 1986, shall be twelve (12) percent per annum simple interest. The interest rate shall remain fixed for the duration of the loan. Interest accruing on the unpaid principal of each promissory note shall be computed from the date of disbursement of the respective promissory note, and such interest shall continue to accrue until the promissory note is paid in full pursuant to Sections 11 or 13 of this regulation or cancelled pursuant to Section 16 of this regulation. In the event that the loan is not repaid or cancelled in accordance with the terms of the promissory note and related repayment schedule, if any, and judgment is rendered on the debt, then the annual interest rate shall, from the date of such judgment, be increased to nineteen (19) percent.
Section 16. Records. A participating institution shall maintain complete and accurate records pertaining to the eligibility, enrollment, and progress of students receiving aid under this program and the disbursement of funds and institutional charges as may be necessary to audit the disbursement of funds hereunder. Such records shall be maintained for at least five (5) years after the student ceases to be enrolled at the participating institution.

Section 17. Refunds. A participating institution shall refund to the authority, within forty (40) days of a recipient's last date of attendance, any amount attributable to this program which is determined to be due under the institution's refund policy.

Section 18. Information Dissemination and Recruitment. The authority shall disseminate information through high school counselors and school superintendents about this program to potential recipients. Participating institutions shall provide assurances that program information will be disseminated to freshmen and sophomores enrolled at that institution. Participating institutions shall actively recruit students from minority population groups for participation in this program.

Section 5. Qualifying service as a certified teacher in one (1) of the critical shortage areas shall be rendered within the Commonwealth of Kentucky in a public, accredited school in grades seven (7) through twelve (12), and verification of services by the local school district superintendent or building principal shall be submitted in writing to the Kentucky Higher Education Assistance Authority.

Section 6. The interest rate on loans made under KRS 156.611 shall be the prime rate effective the first banking day in July each year plus one (1) percent. The interest rate so determined shall apply to all loans made during the following annual, spring, and summer semesters and shall remain fixed for the duration of the loan. Interest accruing on the unpaid principle of each loan shall be computed from the date of disbursement of the respective loan, and such interest shall continue to accrue until the loan is paid in full.

Section 7. Repayment of loans may be deferred by the Kentucky Higher Education Assistance Authority for appropriate cause when it is in the best interest of the program, and it shall be the recipient's responsibility to request deferrals.

Section 8. Each disbursement of loans authorized under this regulation shall be evidenced by a promissory note prescribed by the Kentucky Higher Education Assistance Authority. Repayment of all outstanding notes shall become immediately due upon the recipient's ceasing to be enrolled as required in Sections 1(1) or 2(1) of this regulation. Otherwise, repayment of each note shall become due or forgiveness of each note shall occur, in sequential order beginning with the earliest note, in each of six (6) consecutive semesters, excluding periods of deferment, immediately following the recipient's completion of the required program of studies.

Said repayment or forgiveness shall be determined on the basis of whether the recipient has rendered qualifying service in accordance with Section 5 of this regulation. Written notification of demand for repayment shall be sent by the Kentucky Higher Education Assistance Authority to the recipient's last known address, and shall be effective upon mailing. The Kentucky Higher Education Assistance Authority may agree to accept repayment in installments in accordance with a schedule established by the Assistance Authority. In the event that more than one (1) note has come due for repayment and remain unpaid, then payments shall first be applied to the earliest unpaid note. Payments shall be applied first to accrued interest and then to principal.

Section 9. In the event that funds are not sufficient to satisfy all applications, the loans shall first be awarded to those qualifying applicants who previously received loans. In the event that funds remain insufficient to satisfy all applications of those previously receiving loans, then, loans shall be prorated in accordance with the cumulative amount previously received by the applicant.

(Proposed Amendment)

103 KAR 15:050. Filing dates and extensions.

RELATES TO: KRS 141.042, 141.170, 141.300
PURSUANT TO: KRS Chapter 13A
NECESSITY AND FUNCTION: This regulation is specifically required by KRS 141.042 and 141.300 to provide filing dates and extensions for declarations of estimated income tax for income tax returns.

Section 1. Filing Dates. Income tax returns must be filed with the Revenue Cabinet by the fifteenth day of the fourth month following the close of the taxable year unless an extension of time is granted. If the due date is Saturday, Sunday, or a legal holiday, the due date is the next business day. If the envelope bearing the return is postmarked on or before the due date, late filing penalties will not apply.

Section 2. Extensions: Individual Income Tax Returns. The cabinet is authorized to grant extensions of time for filing income tax returns. Individual taxpayers may obtain extensions by either of the following methods:
(1) Specific request. Taxpayers may file extension requests with the Income Withholding Tax Section, Department of Processing and Enforcement, Kentucky Revenue Cabinet, Post Office Box 1190, Frankfort, Kentucky 40602, before the due date of the return. Extension requests must contain the reasons for the request. Upon approval, taxpayers will be notified by mail. A copy of the approved extension must be attached to the return when it is filed. Extensions granted under this method are automatically granted for six (6) months (twelve (12) months for individuals outside the United States). Statutory interest shall be paid from the original due date until the tax is paid.
(2) Federal extensions. Taxpayers will be granted the same extension of time for filing Kentucky income tax returns as they are granted for filing federal income tax returns. A specific request to the cabinet is not required, under this method, but a copy of the federal extension approval(s), or request for an automatic extension must be attached to the return when it is filed. Extensions requested under this method are only for the extension period(s) granted by the Internal Revenue Service and are not automatically granted for six (6) months. Tax due plus statutory interest must be paid from the normal due date until the return is filed. Failure to file and pay the tax by the extended due date will result in late filing penalties.

Section 3. Extensions: Individual Declaration. An application for extension of time for filing a declaration of estimated income tax shall be filed with the Individual Withholding Tax Section, Department of Processing and Enforcement, Kentucky Revenue Cabinet, Post Office Box 1190, Frankfort, Kentucky 40602. The application shall contain the basis for the extension request. An extension of time for filing declarations of estimated tax will be granted only under exceptional circumstances. If approved, the extension will be granted for thirty (30) days from the normal due date. The approval also extends the time for paying installments of estimated tax for thirty (30) days.

Section 4. Extensions: Corporation Income and License Tax Returns. A corporation may file an extension request with the Corporation Income Tax Section, Department of Processing and Enforcement, Kentucky Revenue Cabinet, Post Office Box 1302 (7), Frankfort, Kentucky 40602. The extension request must be filed on or before the due date of the return and ninety (90) percent of the income tax due for the taxable year (or the income tax shown on the return for the preceding year) must be paid by that date. Payment includes credit(s) for declaration payment(s) or overpayment(s) of prior taxable years(s) credited to the current taxable period. A copy of an approved extension will not be returned to the corporation, but a copy of the extension request must be attached to the return when it is filed. Under the provisions of KRS 141.170, the cabinet is not authorized to grant an extension of time for filing a corporation income tax return unless the taxpayer both files the extension request on or before the return due date and also prepays at least ninety (90) percent of the income tax due for the year (or pays the amount of income tax shown on the return for the preceding taxable year covering a twelve (12) month period) by such return due date. (No prepayment is required if the return for the preceding year shows no tax liability.) Failure to comply with either of these requirements may require application of the penalty imposed by KRS 141.990(2). Any penalty assessed shall not apply to amounts paid on or before the original due date of the return. Statutory interest shall be paid from the original due date until the tax is paid. A timely extension request is automatically an extension for filing the corporation license tax return for the same taxable year. The corporation is not required to prepay the license tax to obtain a license tax extension. If an extension is granted for income tax purposes, this will not invalidate the extension for license tax. A corporation may elect to pay the license tax due when an extension is requested. Tax due plus interest shall be paid from the due date until the license tax return is filed and payment submitted. Corporations
which are members of a consolidated group or affiliates of another corporation must each file separate extension requests.

Section 5. Extensions: Corporation Declarations. An application for an extension of time for filing a corporation declaration of estimated income tax shall be filed with the Corporation Income Tax Section, Department of Processing and Enforcement, Kentucky Revenue Cabinet, Post Office Box 1302 [7], Frankfort, Kentucky 40602, and shall contain the basis for the extension request. An extension of time for filing a declaration of estimated tax will be granted only under exceptional circumstances. If approved, the extension will be granted for thirty (30) days from the normal due date. The approval also extends the time for paying installments of estimated tax for thirty (30) days.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Scott Akers
(1) Type and number of entities affected: This amendment results from 1986 legislation and affects approximately 15,000 corporations which no longer will be required to pay 90% of the current year income tax to obtain an extension for the return. Corporations may elect to pay, with the extension request, either the income tax paid on the prior year return or 90% of the tax for the current year. This new law eliminates the situation in which a return is considered late and subject to penalties because the corporation failed to pay 90% of current year income tax with its extension request if it could pay based upon the prior year liability and files its return within six months from the original due date.
(a) Direct and indirect costs or savings to those affected:
1. First year: Reduces number of corporations subject to penalties and reduces audit time.
2. Continuing costs or savings: Same as first year.
3. Additional factors increasing or decreasing costs (note any effects upon competition): None
(b) Reporting and paperwork requirements: Less correspondence and fewer disputes concerning penalty assessments.
(2) Effects on the promulgating administrative body:
(a) Direct and indirect costs or savings:
1. First year: Less correspondence will be received and less audit time will be required.
2. Continuing costs or savings: Same as first year.
3. Additional factors increasing or decreasing costs: None
(b) Reporting and paperwork requirements: Slightly less paperwork.
(3) Assessment of anticipated effect on state and local revenues: Slight postponement.
(4) Assessment of alternative methods: reasons why alternatives were rejected: None
(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None
(a) Necessity of proposed regulation if in conflict: N/A
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: N/A
(6) Any additional information or comments: Tiering:
Was tiering applied? No. The law applies to all corporate taxpayers.

103 KAR 16:070. Apportionment; sales factor.

RELATES TO: KRS 141.120
PURSUANT TO: KRS Chapter 13A
NECESSITY AND FUNCTION: KRS 141.120(8) requires that all business income of multi-state corporations be apportioned to Kentucky by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus a weighted [the] sales factor and the denominator of which is four (4) [three (3)]. This regulation provides detailed guidelines for determining the sales factor of a multi-state corporation.

Section 1. General. (1) KRS 141.120(1)(g) defines "sales" to mean all gross receipts not allocated under subsection (3) through (7) of KRS 141.120. Thus, if a corporation is apportioned the sales factor, the term "sales" generally means all gross receipts derived by a corporation from transactions and activities in the course of its regular business operations which produce business income.
(2) In the case of a corporation whose business activity consists of manufacturing and selling or purchasing and reselling goods or products, "sales" includes all gross receipts from the sales of goods or products (or other property which would be properly included in inventory if on hand at the close of the taxable year) held by the corporation primarily for sale in the ordinary course of its trade or business. Gross receipts for this purpose means gross sales, less returns and allowances, and includes all interest income, service charges, carrying charges, or time-price differential charges incidental to such sales. Federal and state excise taxes (including sales taxes) shall be included as part of such receipts if such taxes are passed on to the buyer or included as part of the selling price of the product.
(3) The General Assembly, during the 1985 Extraordinary Session, modified the sales factor portion of the apportionment formula. The revised formula doubles the weight of the sales factor and assigns equal weight to the property and payroll factors. The sales factor now
represents fifty (50) percent of the total apportionment formula while the property and payroll factors each represent twenty-five (25) percent. This revision is effective for taxable years beginning after July 31, 1985.

Section 2. General Business Operations. (1) The term "sales," as a general rule, also includes gross receipts derived from business transactions or activities which are incidental to the principal business activity and which are includible in business income. However, substantial amounts of gross receipts from an incidental or occasional sale of a fixed asset, used in the taxpayer's regular trade or business, will be excluded from the sales factor since the inclusion of such gross receipts will not fairly apportion to Kentucky the income derived from business activity in Kentucky. For example, gross receipts from the sale of a factory or plant will be excluded. Conversely, the inclusion in the sales factor of insubstantial amounts of gross receipts arising from incidental or occasional transactions or activities may not materially affect the income fairly attributable to the business conducted in Kentucky. A corporation may include or exclude the gross receipts from such transactions as the sale of office furniture, business automobiles, etc.

(2) If a corporation regularly derives receipts from the sale of equipment used in its business, they are included in the sales factor. For example, a truck express company owns a fleet of trucks and sells its trucks under a regular replacement program. The gross receipts from the sales of the trucks are included in the sales factor.

(3) In including or excluding gross receipts, the corporation shall be consistent in the treatment of such gross receipts in filing returns or reports to all states to which the taxpayer reports. In the event the corporation is not consistent in its reporting, it shall disclose in its Kentucky return the nature and extent of the inconsistency.

Section 3. Sales in Other Business Activities. As applied to a corporation engaged in business activity other than the manufacturing and selling or purchasing and reselling of property, "sales" include gross receipts from the corporation's business activity:

(1) If business activity consists of providing services, such as the operation of an advertising agency, the performance of equipment service contracts, or research and development contracts, "sales" includes gross receipts from the performance of such services including fees, commissions, and similar items.

(2) In the case of cost plus fixed fee contracts, such as the operation of a government-owned plant for a fee, gross receipts includes the entire reimbursed cost, plus the fee.

(3) If the business activity is renting of real or tangible personal property, "sales" includes the gross receipts from the rental, lease, or licensing of the property.

(4) If the business activity is the sale, assignment, or licensing of intangible personal property such as a patent and copyrights, "sales" includes the gross receipts therefrom.

Section 4. Sales Factor: Numerator. The numerator of the sales factor will generally include the gross receipts from sales which are attributable to Kentucky, and includes all interest income, service charges, carrying charges, or time-price differential charges incidental to such sales regardless of where the accounting records are maintained or the location of the contract or other evidence of indebtedness.

Section 5. Assignment of Sales of Tangible Personal Property to Kentucky. (1) Gross receipts from sales of tangible personal property (except sales to the United States Government) are in Kentucky the property is delivered or shipped to a purchaser within Kentucky regardless of the f.o.b. point or other conditions of sale.

(2) Gross receipts from the sales of tangible personal property to the United States Government are in Kentucky if the property is shipped from any of the states, warehouse, factory, or other place of storage in Kentucky. Only sales for which the United States Government makes direct payment to the seller, pursuant to the terms of its contract, constitute sales to the United States Government. Thus, as a general rule, sales by a subcontractor to the prime contractor, the party to the contract with the United States Government, do not constitute sales to the United States Government.

(a) Example: A corporation contracts with General Services administration to deliver trucks which were paid for by the United States Government. The United States Government is the purchaser.

(b) Example: The corporation is a subcontractor and contracts to build a component of a rocket for $1,000,000. The sale by the subcontractor to the prime contractor is not a sale to the United States Government. When the United States Government is the purchaser of property which remains in the possession of the corporation in Kentucky for further processing under another contract, or for other reasons, "shipment" is deemed to be made when the property is accepted by the United States Government.

(3) Property shall be deemed to be delivered or shipped to a purchaser within Kentucky if the recipient is located in Kentucky, even though the property is ordered from outside Kentucky. Example: The corporation, with inventory in State A, sold $100,000 of its products to a purchaser with branch stores in several states including Kentucky. The purchase order was placed by the purchaser's central purchasing department located in State B. $25,000 or the purchase order was shipped directly to purchaser's branch store in Kentucky. The branch store in Kentucky is the "purchaser within this state" with respect to $25,000 of the corporation sales.

(4) Property is delivered or shipped to a purchaser in Kentucky if the shipment terminates in Kentucky, even though the property is later transferred by the purchaser to another state. Example: The corporation makes a sale to a purchaser who maintains a central warehouse in Kentucky where all merchandise purchases are received. The purchaser reships the goods to its branch stores in other states for sale. All
products shipped to the purchaser's warehouse in Kentucky are property "delivered or shipped to a purchaser within this state."

(5) The term "purchased within this state" includes any ultimate recipient of the property if the corporation in Kentucky, at the designation of the purchaser, delivers to or has the property shipped to the ultimate recipient in Kentucky. Example: A corporation in Kentucky sold merchandise to a purchaser in State A. The corporation directed the manufacturer to ship the merchandise in State B to ship the merchandise to the purchaser's customer in this state pursuant to purchaser's instruction. The sale by the corporation is "in this state."

(6) When property being shipped by a seller from the state of origin to a consignee in another state is diverted while enroute to purchaser in Kentucky, the sales are in Kentucky. Example: The corporation, a produce grower in State A, begins shipment of perishable produce to the purchaser's place of business in State B. While enroute the produce is diverted to the purchaser's place of business in Kentucky where the corporation is subject to tax. The sale by the corporation is assigned to Kentucky.

(7) Recaptured Sales. Receipts from sale of property shipped from Kentucky to a state where taxpayer is not taxable are excluded from Kentucky sales. [For taxable years beginning after December 31, 1973. (1974 General Assembly amendment to KRS 141.120.]]

Section 6. Sales Other Than Sales of Tangible Personal Property. (1) General. KRS 141.120(8)(c). includes gross receipts from sales, other than sales of tangible personal property, in the numerator of the sales factor. Under section, gross receipts are assigned to Kentucky if the income producing activity which gave rise to the receipts is performed entirely in Kentucky. If the income producing activity is performed within and without Kentucky, receipts are attributed to Kentucky if the greater proportion of the income producing activity is performed in Kentucky, based on costs of performance.

(2) Income Producing Activity: Defined. The term "income producing activity" means the act or acts directly engaged in by the corporation for the ultimate purpose of obtaining gains or profit. Such activity does not include activities performed on behalf of a corporation by independent contractors. Accordingly, the income producing activity includes but is not limited to the following:

(a) Personal services by employees or the use of tangible and intangible property in performing a service.
(b) The sale, rental, leasing, or licensing or other use of real property.
(c) The rental, leasing, licensing or other use of tangible personal property.
(d) The sale or licensing of intangible personal property.

(3) Income Producing Activity—Location. The income producing activity is deemed performed at the situs of real, tangible, and intangible personal property or the place where personal services are rendered. The situs of real and tangible personal property is at its physical location. The situs of intangible personal property is the corporation's commercial
domicile unless the property has acquired a "business situs" in: (1) the place where intangible personal property is placed for cash; or (2) the place where the property is located if possession and control of the property is localized in connection with a trade or business so that substantial use or value attaches to the property. Example: A corporation whose principal business activity is the manufacture and sale of hot water heaters pledges bonds in Kentucky as security for the payment of taxes in connection with its business activities in Kentucky. The property has a business situs in Kentucky, therefore, interest income from such bonds is attributable to Kentucky.

(4) Costs of Performance Defined. The term "costs of performance" means direct costs determined consistent with generally accepted accounting principles and in accordance with accepted conditions or practices in the trade or business of the corporation.

(5) Assignment of Sales.

(a) If receipts from sales, other than sales of tangible personal property, do not constitute a principal source of business income and such receipts are included in the denominator of the receipts factor, these receipts are in Kentucky if:

1. The income producing activity is performed wholly within Kentucky; or
2. The income producing activity is performed both in and outside of Kentucky and a greater proportion of the income producing activity is performed in Kentucky than in any other state, based on costs of performance.

b. Example: The corporation is engaged in the heavy construction business in which it uses cranes, tractors, and earth-moving vehicles. It makes short-term rentals of the equipment when not needed on any project. The corporation rented some of the equipment to X for three (3) weeks. The equipment was used by X for two (2) weeks in Kentucky and one (1) week in State Y. The direct costs in connection with the equipment during the rental period were $500 weekly. According to the greater proportion of such costs was incurred in Kentucky. All of the rental receipts are business income and, for purposes of the sales factor, are included in the numerator.

b. Example: A corporation with commercial domicile in Kentucky manufactures and sells industrial chemicals. It owns patents on certain products. The corporation licensed production of the chemicals in foreign countries in return for royalties which are a relatively minor amount of its income. The royalties are business income and, for purposes of the sales factor, are included in the numerator.

The (b) Receipts from sales, other than sales of tangible personal property which constitute a principal source of business income, are attributed to Kentucky as follows:

1. Gross receipts from personal property in Kentucky if the real property is located in Kentucky.
2. Gross receipts from rental, lease, licensing or other use of tangible personal property shall be assigned to Kentucky if the property is in Kentucky during the entire period of rental, lease, license or other use. If the property is within and without Kentucky during such period, gross receipts attributable to
Kentucky shall be based upon the ratio which the time the property was physically present or was used in Kentucky bears to the total time or use of the property everywhere during such period.

3. Gross receipts for the performance of personal services are attributable to Kentucky to the extent such services are performed in Kentucky. If the services are performed partly within and without Kentucky, such receipts shall be attributed to Kentucky based upon the ratio which the time spent in performing such services in Kentucky bears to the total time spent in performing such services everywhere. Time spent in performing services includes time spent in performing contracts or other obligations which gave rise to such gross receipts. Personal service not directly connected with the performance of the contract or other obligation; such as, time spent in negotiating the contract is excluded from the computations.

a. Example: the corporation, a road show, presents theatrical performance at various locations in State X and in Kentucky during the taxable year. All gross receipts from performances presented in Kentucky are attributed to Kentucky.

b. Example: The corporation, a public opinion survey corporation conducted a poll by its employees in State S and in Kentucky for $9,000. The project required 600 man hours to obtain the basic data and prepare the survey report. 200 of the 600 man hours were spent in Kentucky. The receipts attributable to Kentucky are $5,000 (200 man hours divided by 600 man hours times $9,000).

4. Gross receipts from intangible personal property shall be attributed to Kentucky based upon the ratio which the total property and payroll factors in Kentucky bears to the total of the property and payroll factors everywhere for the taxable year.

5. This regulation shall also apply to sales, other than sales of tangible personal property, to the United States Government.

REGULATORY IMPACT ANALYSIS
Agency Contact Person: Scott Akers
(1) Type and number of entities affected: The General Assembly, during its 1985 Extraordinary Session, enacted legislation to double weight the sales factor thus making the denominator of the corporation income tax apportionment formula four (4) instead of three (3). This applies to all multistate corporate taxpayers. Prior law apportioned income based upon an apportionment formula which gave equal weight to the sales, property, and payroll factors.

(a) Direct and indirect costs or savings to those affected:
1. First year: None
2. Continuing costs or savings: None
3. Additional factors increasing or decreasing costs (note any effects upon competition): None
(b) Reporting and paperwork requirements: No change.

(2) Effects on the promulgating administrative body:

(Proposed Amendment)

103 KAR 16:080. Apportionment; property factor.

RELATES TO: KRS 141.120
PURSUANT TO: KRS Chapter 13A
NECESSITY AND FUNCTION: KRS 141.120(8) requires that all business income of multi-state corporations be apportioned to Kentucky by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus a weighted [the] sales factor and the denominator of which is four (4) [three (3)]. This regulation provides detailed guidelines for determining the property factor of a multi-state corporation.

Section 1. General. The property factor includes all real and tangible personal property owned or rented and used during the taxable year to produce business income, except pollution control property located in Kentucky for which a tax exemption certificate is issued by the Revenue Cabinet (formerly by the Natural Resources and Environmental Protection Cabinet). The term "real and tangible personal property" includes land, buildings, machinery, stocks of goods, equipment and other real and tangible personal property used in the production of business income but does not include coin or currency. Property used in production of nonbusiness income which is directly allocated shall be excluded from the factor. Property used in both the production of business and nonbusiness income shall be included in the factor only to the extent the property was used.
in connection with the production of business income. The method of determining the value to be included in the factor will depend upon the facts of each case. The property factor shall include the average value of property includible in the factor.

Section 2. Property Used for Business Income. (1) Property shall be included in the property factor if it is actually used or is available for or capable of being used during the taxable year for the production of business income. Property held as reserves or standby facilities or material held as a reserve source of materials shall be included in the factor. For example, a plant temporarily idle or raw material reserves not currently being processed are included in the factor. Property or equipment under construction during the income year (except inventory goods in process) shall be excluded from the factor until it is actually used for the production of business income. If the property is partially used for the production of business income while under construction, the value of the property to the extent used shall be included in the property factor. Property used in the production of business income shall remain in the property factor until its permanent withdrawal is established by an identifiable event such as its sale or conversion to the production of nonbusiness income;

(a) Example: On June 28, 1985 [30, 1975], the corporation closed its manufacturing plant in State X and held for future use. The property remained vacant until its sale on October 29, 1986 [76]. The value of the manufacturing plant is included in the property factor until November 3, 1986 [1, 1976].

(b) Example: Same as above except that the property was rented until it was sold. The rental income is business income and the plant is included in the property factor until November 1, 1986 [76].

(c) Example: On June 28, 1985 [30, 1975], the corporation closed its manufacturing plant and leased the building under a five (5) year lease on October 1, 1985 [75]. The property is included in the property factor for five years, until October 1, 1985 [75].

(d) Example: The corporation operates a chain of retail grocery stores. On June 28, 1985 [30, 1975], the corporation closes Store A. It is then remodeled into three (3) small retail stores such as a dress shop, dry cleaning, and barber shop, which are leased on November 3, 1985 [75]. The property is removed from the property factor on July 1, 1985 [75].

(2) In Example (a), the plant was sold shortly after it was put up for sale. Cases will vary as to the lapse of time until there is a sale. If a closed plant remains unsold for five (5) years after it is put up for sale, it is removed from the property factor.

Section 3. Consistency in Reporting. The corporation shall be consistent in the valuation of property and in excluding or including property in the property factor in filing returns or reports in all states. In the event the corporation is not consistent in its reporting, it shall disclose in its Kentucky return the nature and extent of the inconsistency.

Section 4. Property Factor: Numerator. (1) The numerator of the property factor shall include the average value of the corporation's real and tangible personal property owned or rented and used in Kentucky during the taxable year for the production of business income.

(2) Property in transit between locations of the corporation to which it belongs shall be considered at the destination for purposes of the property factor. Property in transit between a buyer and seller which is included by a corporation in the denominator of its property factor in accordance with its regular accounting practices shall be included in the factor according to the state of destination.

(3) The value of mobile or movable property such as construction equipment, trucks or leased electronic equipment which are located within and without Kentucky during the taxable year shall be determined, for purposes of the numerator of the factor, on the basis of total time within the state during the taxable year. An automobile assigned to a traveling employee shall be included in the numerator of the factor of the state to which the employee's compensation is assigned under the payroll factor or in the numerator of the state in which the automobile is licensed.

Section 5. Valuation of Owned Property. (1) Property owned by the corporation shall be valued at original cost. As a general rule "original cost" is deemed to be the basis of the property for federal income tax purposes (prior to the capitalization of acquisition costs of purchased acquisitions and capitalization of improvement costs) and shall be adjusted to the basis of the property at the date of acquisition by the corporation and adjusted by subsequent capital additions or improvements thereto and partial disposition thereof, by reason of sale, exchange, abandonment, etc.

(a) Example: On January 1, 1976 [1966], corporation acquired a factory building in Kentucky at a cost of $500,000 and on July 1, 1978 [1968], expended $100,000 for major remodeling of the building. It files its return for 1985 [1975] on the calendar year basis. Depreciation deduction of $22,000 was claimed on the building for its return for 1985 [1975]. The value of the building includible in the numerator and denominator of the factor is $600,000 as the depreciation deduction is not taken into account in determining the value of the building.

(b) Example: In 1985 [1977], X corporation merges into Y corporation in a taxfree reorganization under the Internal Revenue Code. At the time of the merger, X owns a factory which X built in 1980 [1972] at a cost of $1,000,000. X has been depreciating the factory at a rate of two (2) percent per year, and its basis in X's hands at the time of the merger is $900,000. Since the property is acquired by Y in a transaction in which, under the Internal Revenue Code, its basis in Y's hands is the same as in X's hands for federal income tax purposes, Y includes the property in Y's property factor at X's original cost, without adjustment for depreciation, i.e., $1,000,000.

(c) Example: Corporation Y acquires the assets of corporation X in a liquidation by which Y is entitled to use X's stock as the basis of the X assets under Section 334(b)(2) of the 1954 Internal Revenue Code (i.e., stock possessing eighty (80) percent control is purchased and liquidated within two (2) years). Under these
circumstances, Y's cost of the assets is the purchase price of the X stock, prorated over the X assets.

(2) If original cost of property is unascertainable, nominal, or zero, the property is included in the factor at its fair market value at the date of acquisition by the corporation.

(3) Inventory of stock of goods shall be included in the factor by valuation method used for federal income tax purposes.

(4) Property acquired by gift or inheritance shall be included in the factor at its basis for depreciation for federal income tax purposes.

Section 6. Rented Property. (1)(a) Property rented by a corporation is valued at eight (8) times the net annual rental rate. The net annual rental rate is the total annual rental paid, less total annual rental received from subtenants. In exceptional cases this may result in a negative value or a clearly inaccurate valuation. In those instances any other method which will properly reflect the value may be required by the cabinet or may be requested by the corporation, but in no case shall the net annual rental rate be less than an amount which bears the same ratio to the total annual rental rate paid by the taxpayer as the rental property used by the corporation bears to all the rental property.

(b) Example: The corporation rents a ten (10) story building at an annual rental rate of $1,000,000. It occupies two (2) stories and sublets eight (8) stories for $1,000,000. The net annual rental rate must not be less than two-tenths (2/10) of the annual rental rate for the entire year or $200,000.

(2) If property is used at no charge or rented for a nominal rate, the property shall be included in the property factor on the basis of a reasonable market rental rate.

(3) The "annual rental rate" is the amount paid as rental for the property for a twelve (12) month period, or the "annual rent." If property is rented for less than a twelve (12) month period, the net rent paid for the period of rental shall constitute the "annual rental rate" for the taxable year. However, if a corporation has rented property for a term of twelve (12) or more months and the current tax period covers a period of less than twelve (12) months due, for example, to a reorganization or change of accounting period, the net rent paid for the short tax period shall be annualized if the rental term is for less than twelve (12) months, the rent shall not be annualized beyond its term. Rent shall not be annualized because of the uncertain duration when the rental term is on a month to month basis.

(a) Example: Corporation A which ordinarily files its return on a calendar year is merged into corporation B on April 30. The net rent paid under a lease with five (5) years remaining is $2,500 a month. The rent for the tax period January 1 to April 30 is $10,000. After the rent is annualized the net rent is $30,000 (2,500 times thirteen (13)).

(b) Example: Same facts as in Example (a) except that the lease would have terminated on August 31. In this case the annualized net rent is $20,000 (2,500 times eight (8)).

(4) "Annual rent" is the actual sum of money or other consideration payable, directly or indirectly, by the corporation or for its benefit for the use of the property and includes:

(a) Any amount payable for the use of real or tangible personal property whether designated as a fixed sum of money or as a percentage of sales, profits or otherwise.

2. Example: A corporation pursuant to the terms of a lease, pays a lessor $1,000 per month as a base rental and at the end of the year pays the lessor one (1) percent of its gross sales of $400,000. The annual rent is $16,000 ($12,000 plus one (1) percent of $400,000 or $4,000).

(b) Any amount payable as additional rent or in lieu of rent, such as interest, taxes, insurance, repairs or any other items which are required to be paid by the terms of the lease or other arrangement, and does not include amounts paid as service charges, such as utilities, janitor services, etc. If a payment includes rent and other charges unsegregated, the amount of rent shall be determined by consideration of the relative values of the rent and the other items.

1. Example: A corporation, pursuant to the terms of a lease, pays the lessor $12,000 a year rent plus taxes in the amount of $2,000 and interest on a mortgage in the amount of $1,000. The annual rent is $15,000.

2. Example: A corporation stores part of its inventory in a public warehouse. The total charge for the year was $1,000 of which $700 was for the use of storage space and $300 for inventory insurance, handling and shipping charges, and COD collections. The annual rent is $700.

(5) "Annual rent" does not include incidental day-to-day expenses such as hotel or motel accommodations, daily rental of automobiles, etc.

(6) Leasehold improvements shall, for the purposes of the property factor, be treated as property owned by the corporation regardless of whether the corporation is entitled to remove the improvements or the improvements revert to the lessor upon expiration of the lease. The original cost of leasehold improvements shall be included in the factor.

Section 7. Averaging Property Values. (1) As a general rule the average value of property owned or leased and used by a corporation shall be determined by averaging the values at the beginning and ending of the income year. However, the cabinet may require or allow averaging by monthly values if it is required to properly reflect the average value of the corporation's property for the taxable year.

(2) Averaging by monthly values will be generally applied if substantial fluctuations in the values of the property exist during the taxable year or where property is acquired after the beginning of the taxable year or disposed of before the end of the taxable year.

(a) Example: The monthly value of the corporation's property was as follows: January $2,000; February $2,000; March $3,000; April $3,500; May $4,500; June $10,000; July $15,000; August $17,000; September $23,000; October $25,000; November $13,000; December $2,000. Total: $120,000.

(b) The average value of property includable in the property factor for the taxable year is determined as follows: $120,000 divided by twelve (12) equals $10,000.

(Proposed Amendment)
103 KAR 16:090. Apportionment; payroll factor.
RELATES TO: KRS 141.120
PURSUANT TO: KRS Chapter 13A
NECESSITY AND FUNCTION: KRS
141.120(8) requires that all business income of multi-state corporations be apportioned to Kentucky by multiplying the income by a fraction, the numerator of which is the property factor plus a weighted [the] payroll factor plus the sales factor and the denominator of which is [three] [three (3)]. This regulation provides a detailed explanation of the payroll apportionment factor.

Section 1. General. (1) The payroll factor shall include the total amount paid by the corporation for compensation during the taxable year.
(2) The total amount "paid" to employees is determined by the corporation's accounting method. If the corporation has adopted the accrual method of accounting, all compensation properly accrued shall be deemed to have been paid. Notwithstanding the corporation's method of accounting, compensation paid to employees may be included in the payroll factor by the cash method if the corporation is required to report compensation under such method for unemployment compensation purposes. The corporation shall be consistent in the treatment of compensation paid in filing returns or reports to all states. If the corporation is not consistent in its reporting, it shall disclose in its Kentucky return the nature and extent of the inconsistency.

Section 2. Compensation. (1) The term "compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services. Payments made to an independent contractor or any other person not properly classifiable as an employee are excluded. Only amounts paid directly to employees are included in the payroll factor. Amounts considered paid directly include the value of board, rent, housing, lodging, and other benefits or services furnished to employees by the corporation in return for personal services provided that such amounts constitute income to the recipient under the Federal Internal Revenue Code. In the case of employees not subject to the Federal Internal Revenue Code, e.g., those employed in foreign countries, the determination of whether such benefits or services would constitute income to the employees shall be made as though such employees were subject to the Federal Internal Revenue Code.
(2) The payroll factor includes only compensation which is attributable to business income subject to apportionment. The compensation of any employee whose activities are connected primarily with nonbusiness income shall be excluded from the factor calculation.
(a) Example: The corporation uses some of its employees in constructing a storage building which will be used for production of business income. The wages paid to those employees is treated as a capital expenditure. The amount of such wages is included in the payroll factor.
(b) Example: The corporation owns various securities from which nonbusiness income is derived. The management of the investment portfolio is the only duty of Mr. X, an employee. The salary paid to Mr. X is excluded from the payroll factor.

Section 3. Employee. The term "employee" means: (1) Any officer of a corporation, or
(2) Any individual who, under the usual common-law rules applicable in determining the employer-employee relationship, has the status of an employee. Generally, a person will be considered an employee if he is included by the corporation as an employee for purposes of the payroll taxes imposed by the Federal Insurance Contributions Act; except that, since certain individuals are included within the term "employees" in the Federal Insurance Contributions Act who would not be employees under the usual common-law rules, it may be established that a person who is included as an employee for purposes of the Federal Insurance Contributions Act is not an employee for purposes of this regulation.

Section 4. Payroll Factor—Numerator. (1) The numerator of the payroll factor is the total amount paid in Kentucky during the taxable year by the corporation for compensation. The tests in KRS 141.120(1)(b) to be applied in determining whether compensation is paid in Kentucky are derived from the model unemployment compensation act. Accordingly, if compensation paid to employees is included in the payroll factor by the cash method of accounting, or if the corporation is required to report compensation under such method for unemployment compensation purposes, it shall be presumed that the total wages reported by the corporation to Kentucky for unemployment compensation purposes constitutes compensation paid in Kentucky except for compensation excluded by this regulation. The presumption may be overcome by satisfactory evidence that an employee's compensation is not properly reportable to Kentucky for unemployment compensation purposes.

(2) Compensation is paid in Kentucky if any one of the following tests, applied consecutively, are met:
(a) The employee's service is performed entirely within Kentucky.
(b) The employee's service is performed both within and without Kentucky, but the service performed within Kentucky is incidental to the employee's service in Kentucky. The word "incidental" means any service which is temporary or transitory in nature, or which is rendered in connection with an isolated transaction.
(c) If the employee's services are performed both within and without Kentucky, the employee's compensation will be attributed to Kentucky:
1. If the employee's base of operations is in Kentucky; or
2. If there is no base of operations in any state in which some part of the service is performed but the place from which the service is directed or controlled is in Kentucky; or
3. If the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the employee's residence is in Kentucky.

(3) The term "base of operation" is the place of more or less permanent nature from which the employee starts his work and to which he customarily returns in order to receive instructions or communications from his customers or other persons, or to replenish stock or other materials, repair equipment, or perform any other function necessary to the exercise of his trade or profession at some other point or points.

(4) The term "place from which the service is directed or controlled" refers to the place from which the power to direct or control is exercised by the corporation.

Section 5. Payroll Factor—Denominator. (1) The denominator of the payroll factor is the total compensation paid everywhere during the taxable year. Accordingly, compensation paid to employees whose services are performed entirely in a state where the corporation is exempt from taxation, for example, by Public Law 86–272, are included in the denominator of the payroll factor.

(2) Example: A corporation, has employees in its state of legal domicile (State A) and is taxable in State B. In addition the corporation has other employees whose services are performed entirely in State C where the corporation is exempt from taxation by Public Law 86–272. The compensation paid employees in State C will be assigned to State C where the services are performed (i.e., included in the denominator only of the payroll factor) even though the corporation is not taxable in State C.

(1) Type and number of entities affected: The General Assembly, during its 1985 Extraordinary Session, enacted legislation to double weight the sales factor thus making the denominator of the corporation income tax apportionment formula factor (a) instead of three (3). This applies to all multistate corporate taxpayers. Prior law apportioned income based upon an apportionment formula which gave equal weight to the sales, property, and payroll factors.

(a) Direct and indirect costs or savings to these affected:
1. First year: Slight savings in Kentucky corporation income tax.
2. Continuing costs or savings: Same
3. Additional factors increasing or decreasing costs (note any effects upon competition): None
(b) Reporting and paperwork requirements: Slight increase.
(2) Effects on the promulgating administrative body:
   (a) Direct and indirect costs or savings:
       1. First year: Nominal increase in audit time.
       2. Continuing costs or savings: Same
       3. Additional factors increasing or decreasing costs: None
   (b) Reporting and paperwork requirements:
       Slight amount of additional paperwork.
   (c) Assessment of anticipated effect on state and local revenues: Decrease in state revenues by approximately $2.3 million per year.
   (d) Assessment of alternative methods; reasons why alternatives were rejected: None

103 KAR 17:080. Retirement income.

RELATES TO: KRS 6.525, 21.470, 61.690, 141.021, 164.287

PURSUANT TO: KRS Chapter 13A
NECESSITY AND FUNCTION: This regulation describes certain retirement income which is exempt or partially exempt from Kentucky income tax and provides rules for calculating the exempt portion of such income.

Section 1. General. Retirement income, with exceptions explained below, is included in gross income under the provisions of the Internal Revenue Code.

Section 2. Exempt Retirement Income. Retirement income received from the Social Security Administration and the Railroad Retirement Board (including supplemental benefits) is exempt from income tax. The following retirement income is specifically exempt by Kentucky law which established the retirement systems:
   (1) Kentucky teachers retirement income;
   (2) Kentucky state employees and county employees retirement income; and
   (3) Kentucky judicial retirement income;
   (4) Kentucky Legislative retirement income; and
   (5) Kentucky state supported institutions of higher education retirement income (effective with income received after July 14, 1986).

Section 3. Military and Civil Service Retirement. Federal retirement income and military service retirement income received by persons fifty (50) years of age or older may be excluded; limited to $4,000 of such retirement income. The $4,000 maximum exclusion is reduced by earned income, as defined in Section 911(d)(2) [[b]] of the Internal Revenue Code.

The reduction applies as follows:

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Scott Akers

(1) Type and number of entities affected: The 1986 General Assembly enacted legislation to exempt retirement income received by any employee of a Kentucky state institution of higher learning and the amendment to the regulation also includes the previously enacted legislative retirement system. This regulation is intended to include such retirement income with other retirement income specifically exempted by Kentucky law.

(a) Direct and indirect costs or savings to those affected:
   1. First year: There is a Kentucky income tax savings by retired employees of Kentucky state institutions of higher learning and retired legislators. The amount of savings depends upon amount of eligible retirement income.
   2. Continuing costs or savings: Same as first year.
   3. Additional factors increasing or decreasing costs (note any effects upon competition): None
   (b) Reporting and paperwork requirements: These income exemptions simplify filing of Kentucky individual income tax returns by those individuals whose retirement income is exempted.
   (c) Effects on the promulgating administrative body:
       (a) Direct and indirect costs or savings:
           1. First year: Nominal savings in audit costs since retirement income from all Kentucky state institutions of higher learning is now exempt.
           2. Continuing costs or savings: Same
           3. Additional factors increasing or decreasing costs: None
       (b) Reporting and paperwork requirements:
           Slight decrease
   (c) Assessment of anticipated effect on state and local revenues: Nominal decrease in state revenue.
   (d) Assessment of alternative methods; reasons why alternatives were rejected: None. Income can be exempted only by the General Assembly.
   (e) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None

105 KAR 1:010. Contributions and interest rates.

RELATES TO: KRS 16.505 to 16.652, 61.510 to 61.705 [61.702], 78.510 to 78.652
PURSUANT TO: KRS 16.576, 16.640, 61.559, 61.645, 78.780

NECESSITY AND FUNCTION: KRS 16.645, 61.565 and 78.545 require the board to determine the employer contribution rate based on an actuarial valuation. KRS 61.552 requires the board to adopt a rate of interest payable on a reconstitution of refund. KRS 16.560, 61.575, and 78.640 provide that the board may determine the rate of interest payable on the members' contribution account. KRS 61.670 provides that the board shall adopt such actuarial tables as are necessary for the administration of the system. This regulation sets the employer contribution rates, and rate of interest on a reconstitution of refund and member contribution account and establishes the actuarial tables for computation of retirement allowances for members of the Kentucky Employees Retirement System (KERS), County Employees Retirement System (CERS) and State Police Retirement System (SPRS).

Section 1. The employer contribution rate payable by a participating agency applicable to creditable compensation earned on or after August 1, 1986 [July 1, 1985], shall be as follows:

<table>
<thead>
<tr>
<th>KRS</th>
<th>State Police Retirement System</th>

Section 2. The interest rate on a reconstitution of refund as provided under KRS 61.552 shall be as follows:
(1) For time elapsed from date of refund through June 30, 1982, six (6) percent compounded annually.
(2) For time elapsed from July 1, 1982 (or date of refund if after July 1, 1982) through July 31, 1986 seven and one-half (7 1/2) percent compounded annually.
(3) For the time elapsed from August 1, 1986 (or date of refund if after August 1, 1986) eight (8) percent compounded annually.
(4) The interest rate on reconstitution of refund made by an employee who has been reinstated by order of the Personnel Board or by court order or by order of the Human Rights Commission shall be at the rate of zero (0) percent, if the refund is reconstituted within a reasonable period of time.

Section 3. The legal rate of interest as referenced in Section 7 of regulation 200 KAR 12:010 (a regulation relating to computing back pay after reinstatement) shall be the actuarial assumed interest rate set forth in Section 1 of 105 KAR 1:040.

Section 4. Interest creditable on a member's accumulated contributions in accordance with KRS 16.560, 61.575, and 78.640 shall be at the rate between two and one-half (2 1/2) percent and [of] six (6) percent as determined by the board.

Section 5. Reduction factors to be applied to determine immediate annuity equivalent to annuity deferred to Normal Retirement age under KRS 16.577, 16.578, 61.595, 61.640 and 61.680 shall be as provided in Table G, unless the provisions of subsections (1) through (5) of this section are applicable and result in a higher percentage payable:
(1) A SPRS, CERS Hazardous or KERS Hazardous duty member who is age fifty (50) or older and would attain twenty (20) years of service (fifteen (15) years of which would be current service) prior to age fifty-five (55) if his employment had continued shall have his retirement benefit computed based on the appropriate factors as follows:

LOCAL MANDATE IMPACT STATEMENT

Regulation No.: 105 KAR 1:010
SUBJECT/TITLE: Contributions and interest rates.
SPONSOR: Kentucky Retirement Systems
NOTE SUMMARY
LOCAL GOVERNMENT MANDATE: Yes
TYPE OF MANDATE: KRS 61.565
LEVEL(S) OF IMPACT: City; County; Urban County Government
BUDGET UNIT(S) IMPACT: Will impact city, county and urban-county governments that employ nonhazardous participants in the County Retirement Systems. Employer contribution is increased by 0.50% of salaries.
FISCAL SUMMARY:
First Fiscal Year 1986-1987
Revenues (+/-) $1,910,085
Expenditures (+/-) $161,000
Net Effect $1,910,085
MEASUER'S PURPOSE: Increase the employer contribution rate August 1, 1986, in accordance with KRS 61.565 to cover increased liability resulting from benefit factor increase for nonhazardous employees. The increase was recommended by an actuarial impact study done in response to HB 348.
PROVISION/MECHANICS: Agencies have been notified in writing of the increase. Collection will be done by existing methods with no increase in administrative cost or paperwork.
FISCAL EXPLANATION: Actuarial study conducted in response to provisions of HB 348 necessitated the 0.50% increase in CERS nonhazardous employer contribution rate to provide for a positive rate margin in the retirement system.

105 KAR 1:040. Actuarial assumptions and tables.

RELATES TO KRS 16.505 to 16.652, 61.510 to 61.705 (61.692), 78.510 to 78.852
PURSUANT TO: KRS 16.040, 61.645, 61.670, 78.780

Volume 13, Number 1 - July 1, 1986
NECESSITY AND FUNCTION: KRS 16.645(3), 61.670 and 78.545(23) requires the Board to adopt actuarial tables for the administration of the County Employees Retirement System (CERS), Kentucky Employees Retirement System (KERS) and State Police Retirement System (SPRS) and for the annual determination of assets and liabilities of the systems. This regulation includes the actuarial assumptions adopted by the board and these assumptions establish the basis for all actuarial tables used in the administration of the three (3) retirement systems.

Section 1. The following actuarial assumptions are adopted by the Board of Trustees of the Kentucky Retirement Systems as required under KRS 61.670 and shall be used to determine actuarial tables as are necessary for the administration of the Kentucky Employees Retirement System as provide by KRS 61.510 to 61.705 [61.692], the County Employees Retirement System under KRS 78.510 to 78.852 and the State Police Retirement System under KRS 16.505 to 16.652. These assumptions shall also be used for the annual actuarial valuation for determination of assets and liabilities of these retirement systems.

(1) Kentucky Employees Retirement System non-hazardous position members actuarial assumptions:
   - Interest: Eight (8) [ Seven and one-half (7 1/2) ] percent.
   - Valuation of Investments: Book value.
   - Disability Mortality Rates - Actuarial Study No. 75.

GENERAL GOVERNMENT CABINET 
Board of Licensure for 
Nursing Home Administrators 
(Proposed Amendment) 

201 KAR 6:010. Licensure. 

RELATES TO: KRS Chapter 216A 
PURSUANT TO: KRS Chapter 216A 
NECESSITY AND FUNCTION: KRS Chapter 216A authorizes the Kentucky Board of Licensure for Nursing Home Administrators to regulate the practice of nursing home administration in Kentucky, including the adoption of standards for licensure. The purpose of this regulation is to establish uniform requirements for the licensing of nursing home administrators. 

Section 1. Requirements for Issuance of License. An applicant for a license as a nursing home administrator shall in addition to meeting the requirements provided by KRS 216A.050: 
(1) Establish a bona fide residence or express an intent to reside in Kentucky, unless employed by a health care facility located in Kentucky. 
(2) Have satisfactorily completed a course of study for, and have been awarded a baccalaureate degree from an accredited college or university; and have six (6) months of continuous management experience in a health care facility within three (3) years from the date of application. Said management experience shall include at least partial responsibility for personnel management, budget preparation and fiscal management, and public relations. (or) 
(3) Have satisfactorily completed an associate degree program or a minimum of sixty (60) college semester hours with concentration in health services, social services, or business, and one (1) year of continuous management experience in a health care facility within three (3) years from the date of application. Said management experience shall include at least partial responsibility for personnel management, budget preparation and fiscal management and public relations. 
(4) For purposes of meeting the educational requirements above, appropriate vocational/technical programs will be accepted with the following stipulations: 
   (a) The courses/training be health, business or social services related. 
   (b) Programs requiring appropriate designation such as licensure, registration, certification, etc., will be approved only after the applicant has received that designation by the appropriate credentialing body. 
   (c) Applicants with a one (1) year program must also have at least thirty-two (32) college credit hours, at least half of which must be in general subjects such as English, math, science, psychology, etc. 
   (d) Applicants with a two (2) year program must also have at least sixteen (16) college credit hours in general subjects such as English, math, science, psychology, etc. 
   (5) Pay a license fee of $100 at the time of application, seventy-five (75) dollars of which shall be refunded in the event the applicant is not subsequently licensed. 
   (6) Effective October 1, 1985, the baccalaureate degree referred to in subsection (2) of this section must be related to health, business or social services and beginning October 1, 1985, the provisions of subsections (3) and (4) of this section, and that portion of Section 3(1)(d) of this regulation dealing with subsections (3) and (4) of this section will no longer be applicable. 

Section 2. Examination Subjects. (1) Every applicant for a license as a nursing home administrator shall successfully pass a written examination which shall include, but need not be limited to, the following subjects: 
   (a) Applicable standards of environmental health and safety; 
   (b) Local health and safety regulations; 
   (c) General administration; 
   (d) Psychology of patient care; 
   (e) Principles of patient care; 
   (f) Personal and social care; 
   (g) Therapeutic and supportive care and services in long-term care; 
   (h) Departmental organization and management; 
   (i) Community interrelationships. 
   (2) Any applicant who has failed to pass the written examination will not be permitted to take the examination again until three (3) months have elapsed. If the applicant fails to pass the examination after three (3) attempts, no further attempts to pass the examination shall be permitted by the board unless the board finds that exceptional circumstances exist at which time the applicant may be allowed to take the examination. 

Section 3. Temporary Permits. (1) The board may issue a temporary permit to an individual to practice the art of nursing home administration when the applicant: 
   (a) Has made written application to the board on the forms provided; 
   (b) Is at least twenty-one (21) years of age; 
   (c) Intends to become employed by a health care facility located in Kentucky; 
   (d) Has met the minimum education requirements for licensure contained in Section 1(2), (3), (4), (5) of this regulation and has had at least six (6) months of management
experience in a health care facility within three (3) years preceding the date of application, such experience, including at least partial responsibility for personnel management, budget preparation, and fiscal management and public relations; or;

(d) [(e)] Has been awarded a baccalaureate degree from an accredited college or university;

(e) [(f)] Has furnished the board a letter of recommendation from the facility owner or supervisor where he intends to work, with sufficient information to support the fact that an emergency situation exists; and;

(f) [(g)] Has paid the temporary permit fee of fifty (50) dollars.

(2) Temporary permits shall be issued in the name of the applicant to be employed at a specific facility for a period of six (6) months.

(3) A refund of twenty-five (25) dollars may be made to the holder of a temporary permit, in the event such permittee receives a nursing home administrators license issued during the first ninety (90) days of the permit period.

(4) A temporary permit may not be extended or renewed beyond the initial period of six (6) months and may not be transferred from one (1) facility to another nor from one (1) individual to another.

Section 4. Renewal, Expiration and Reinstatement of Licenses. (1) All Licenses shall be renewed every two (2) years from date of issue or from date of last renewal. It is the responsibility of the licensee, prior to such date of renewal to have:

(a) Made written application for renewal on the prescribed forms;

(b) Paid a biennial renewal fee of $100;

(c) Submitted evidence, satisfactory to the board, of attendance or completion of a continuing education program of study approved by the board which contained a minimum of four (4) college semester hours in courses directly related to business administration, economics, marketing, computer science, social services, psychology, and health profession related programs such as nursing, premedicine, etc., or fifty (50) clock hours, all of which must have been achieved during the immediate preceding biennial period. Any clock hours obtained during the last thirty (30) days of any renewal period, in excess of the number of hours required for renewal purposes, may be credited toward the new renewal period during the renewal process.

(2) The board may make exceptions, grant waivers or provide extensions to the requirements in subsection (1) above when extenuating circumstances are sufficiently evidenced by the licensee to warrant such action.

(3) Expired licenses may be reinstated within a period of sixty (60) days from date of expiration, provided all conditions are met. Failure on the part of the licensee to pay the biennial licensure fee and show evidence of completing the required continuing education credits during the sixty (60) day grace period shall automatically cause such license to terminate. Thereafter, any candidate for relicensure shall make application to the board and meet current licensure requirements.

Section 5. Endorsement. The board may license by endorsement, without examination, a nursing home administrator currently licensed by examination by the proper authorities of any other state upon payment of a fee of $100, and provided the applicant demonstrates to the board:

(1) That he is familiar with state and local health and safety regulations relating to nursing homes;

(2) That his license has not been revoked or suspended in any other state; and

(3) That he meets current educational and experience requirements contained in Section 1 of this regulation.

Section 6. Refusal, Suspension, and Revocation of Licenses. The board may suspend, revoke, or refuse to issue or renew a license of a nursing home administrator or may reprimand or otherwise discipline a licensee after due notice and an opportunity to be heard at a formal hearing, upon substantial evidence that such applicant or licensee:

(1) Has violated any of the provisions of the law pertaining to the licensing of nursing home administrators or the rules and regulations of the board pertaining thereto;

(2) Has willfully or repeatedly violated any of the provisions of the law, code, rules, or regulations of the licensing or supervising authority or agency of the state or political subdivision thereof having jurisdiction of the operation and licensing of nursing homes;

(3) Has been convicted of a felony involving moral turpitude;

(4) Has practiced fraud, deceit, or misrepresentation in securing or procuring a nursing home administrator license;

(5) Is incompetent to engage in the practice of nursing home administration or to act as a nursing home administrator;

(6) Has practiced fraud, deceit, or misrepresentation in his capacity as a nursing home administrator;

(7) Has committed acts of misconduct in the operation of a nursing home under his jurisdiction;

(8) Is addicted or dependent upon the use of alcohol, controlled substances or other drugs; or

(9) Has wrongfully transferred or surrendered possession, either temporarily or permanently, his license to any other person.

Section 7. Complaints and Hearing Procedures. Any person, public officer, or association, or the board may prefer charges against any licensee:

(1) Such charges shall be in writing and shall be submitted to the board.

(2) The board, or any person or persons appointed by it for the said purpose, may hold a preliminary hearing to determine whether a formal hearing on the charges is necessary.

(3) The board may dismiss the charges and take no action thereon, by formal hearing or otherwise, in which event the charges and the order dismissing the charges shall be filed with the board.

(4) If the board decides that the charges shall be heard formally, the board may hear the charges or designate a hearing officer to hear the charges and set a time and place for a hearing.

(5) A copy of the charges, together with notice of the time and place of the hearing, shall be served on the accused at least thirty
(30) days before the date fixed for the hearing.

(6) Upon the conclusion of the hearing, the board may revoke the license of the accused, or suspend such license for a fixed period, or to 2nd or 3rd degree, or take other disciplinary action, or dismiss the charges.

(7) An order of suspension made by the board may contain such provisions as to reinstatement of the license as the board shall direct.

Section 8. Conduct of Hearing. At any hearing conducted pursuant to this regulation, any party to the proceeds may appear personally and with counsel and shall be given the opportunity to introduce evidence and witnesses and to cross-examine witnesses:

(1) At any formal hearing conducted pursuant to this regulation, if a party shall appear without counsel, the board or person designated as a hearing officer shall advise such party of his right to be represented by counsel; and that if he desires to proceed without counsel that he may call witnesses, cross-examine witnesses, and introduce evidence in his behalf.

(2) Appearances shall be noted on the official record of hearing.

(3) The board or designated hearing officer may grant adjournments upon request of any party to the proceedings, provided that an adjournment shall not be for an indefinite period of time, but shall be set down for a day certain.

(4) If an adjournment is requested in advance of the hearing date, such request shall be submitted in writing and shall specify the reason for such request.

(5) In considering an application for adjournment of a hearing the board or hearing officer shall consider whether the purpose of the hearing will be affected by the granting of such adjournment.

(6) The board or designated hearing officer shall issue subpoenas and subpoena duces tecum upon request of any party to the proceedings of any hearing set down by the board.

(7) The board or hearing officer shall not be bound by the strict rules of evidence in the conduct of a hearing, but the determination and recommendations of the hearing officer shall be founded upon sufficient legal evidence to sustain them.

(8) Upon the conclusion of a hearing the board shall take such action upon such written findings and determinations as it deems proper.

Section 9. Display of Licenses. Every person licensed as a nursing home administrator shall display such license and certificate of biennial registration in a conspicuous place in the office or place of business or employment of such licensee.

Section 10. Duplicate Licenses. The board may issue a duplicate license upon payment of a fee of ten (10) dollars.

Section 11. Inactive Licensure Status. (1) A licensed nursing home administrator in good standing may be placed on inactive status upon request to the board and payment of a biennial fee of twenty (20) dollars, which is not refundable.

(2) Licensees on inactive status shall be subject to the same renewal provisions as those on active status, except that no continuing education credits are required during the inactive period.

(3) A licensee on inactive status may revert to active status by:
   (a) Making written application to the board;
   (b) Payment of a biennial licensure fee of $100;
   (c) Successfully passing an examination administered by the board.

(4) The effective date of the return to active status will be the date board approval is granted and will establish a new anniversary date for renewal purposes only, and the original licensure date remains unchanged.

401 KAR 5:090. Control of water pollution from oil and gas facilities.

RELATES TO: KRS Chapters 151, 224
PURSUANT TO: KRS 151.125, 224.033, 224.060
NECESSITY AND FUNCTION: KRS 224.033 requires the department to promulgate regulations pertaining to the issuance of permits and the prevention, abatement and control of water pollution. This regulation provides for preventing, abating and controlling water pollution from oil and gas facilities.

Section 1. Applicability. (1) The provisions of this regulation shall apply to the owner or operator of any facility which causes or is capable of causing produced water pollution.
(2) Owners or operators of dry gas wells as defined in Section 2(8) of this regulation shall be exempt from the requirements of this regulation except under Sections 4, 5(2)(b), and 8(3) of this regulation.

Section 2. Definitions. The following definitions describe terms used in this regulation. Terms not defined below shall have the meaning given to them by KRS Chapters 151 and 224 or the meaning attributed by common use.
(1) "Area of review" means a fixed radius around the facility of not less than one-fourth (1/4) mile.
(2) "Barrel" means forty-two (42) U.S. gallons.
(3) "Cabinet" means the Natural Resources and Environmental Protection Cabinet.
(4) "Director" means the secretary of the cabinet or an authorized representative. For purposes of permit issuance decisions, the director is the Director of the Division of Water.
(5) "Disposal well" means a borehole drilled or proposed to be drilled, or a well converted to be used, for the disposal of produced water, gas, produced water or other fluid by injection or other method into a subsurface zone.
(6) "Division" means Division of Water, Natural Resources and Environmental Protection Cabinet.
(7) "Drilling pit" means an earthen excavation for the collection of fluids associated with the drilling, construction, completion, acidizing, or fracturing of an oil or gas well.
(8) "Dry gas well" means a gas well producing one (1) barrel or less of produced water at maximum production conditions during a given twenty-four (24) hour period.
(9) "Enhanced recovery well" means a well used for the injection of fluids to improve or maintain reservoir productivity.
(10) "Facility" means any well, tank, pit, structure, appurtenance or improvement used in the exploration, drilling, or production of oil or gas or used for treating, storing or disposing of produced water.
(11) "Gas" means all natural gas, including casinghead gas, and all other hydrocarbons not defined herein as oil.
(12) "Geologically isolated" means a zone separated from drinking water aquifers and free of known open faults or fractures and free of any unprotected wells within the area of review.
(13) "Holding pit" means an earthen excavated depression designed to receive and store produced water at a facility.
(14) "Kentucky Pollutant Discharge Elimination System (KPDES)" means the Kentucky program for issuing, modifying, revoking and reissuing, terminating, monitoring and enforcing permits to discharge and imposing and enforcing pretreatment requirements. The KPDES regulations are 401 KAR 5:090 to 5:085.
(15) "Oil" means natural crude oil or petroleum and other hydrocarbons, regardless of specific gravity, which are produced at the well in liquid form and which are not the result of condensation of gas after it leaves the underground reservoir.
(16) "Operate" means any act relating to the construction, operation or maintenance of any facility.
(17) "Operator" means any person who operates any facility.
(18) "Owner" means any person who possesses any interest in:
(a) The right to develop, operate, or produce oil or gas; or
(b) Any facility.
(19) "Person" means as defined in KRS 224.005(12).
(20) "Pollutant" means as defined in KRS 224.005(28).
(21) "Produced water" means any and all water and pollutants and combination thereof, resulting, obtained or produced from the exploration, drilling, or production of oil or gas.
(22) "Register" means to file forms with the division which contain information as to oil and gas well geographic location, production, produced water production methods used for treating, storing or disposing of produced water, and other information deemed necessary by the division.
(23) "Stripper well" means any oil well producing ten (10) barrels or less per day of oil.
(24) "Tank battery" means an installation where oil is collected from wellheads and separated from produced water.
(25) "Total dissolved solids" means the total dissolved (filtrable) solids as determined by use of the method specified in 40 CFR Part 136.
(26) "Treatment lagoon" or "effluent lagoon," as used in 40 KAR 5:029. Section (1)(b) and as applied to facilities subject to this regulation, means a secondary recovery or waterflood impoundment existing on April 8, 1985, owned or operated by a person eligible to receive a KPDES permit for a discharge from that impoundment, if used for the purpose of diluting produced water and if the owner or operator has received prior approval from the cabinet of its request for designation as such.
(27) [(26)] "Waters of the Commonwealth" means waters of the Commonwealth as defined in KRS 224.005(26).
(28) [(27)] "Well" means a borehole drilled, or proposed to be drilled for the purpose of producing gas or oil or one through which gas or oil is being produced, or a borehole drilled or proposed to be drilled for the purpose of injecting any water, gas, produced water or other fluid therein or one into which any water,
gas, produced water or other fluid is being injec-
ted. (29) [(28)] "Zone" means a subsurface layer or
stratum capable of producing or receiving fluids.

Section 3. Prohibition. No person shall
construct, modify, or operate a facility in
violation of state or federal water quality
standards or other applicable standards in this
regulation.

Section 4. Registration. (1) All operators
shall register their facilities with the
division using a form approved by the director
containing name of operation, location of lease,
oil and produced water production rates, method
of produced water disposal, and other necessary
information. The operator shall register each
tank battery with associated wells, pits, and
other similar structures as one (1) facility.
Those facilities not associated with a tank
battery shall be registered individually.
(2) Operators who previously registered their
facilities with the division on the form
entitled "Division of Water, Crude Oil Producers
Brine Disposal Registration Form" shall not be
required to register under this section unless
there has been a change in operators or in the
reported quantity of produced water, or a
modification to the facility has occurred which
affects the operations used for treating,
storing or disposing of produced water.
(3) Operators shall post waterproof signs,
at each facility, of a size and type approved by
the director. The signs shall identify the
operator's name, address, permit number,
and other information required by the director.
(4) New facilities are required to register
with the division within sixty (60) days after
the facility begins producing oil and/or gas.
(5) Dry gas wells are exempted from the
registration requirements of this section.
[Existing dry gas wells are required to register
with the division by June 1, 1985.]

Section 5. Produced Water Disposal. Produced
water shall be disposed into an enhanced
recovery well, a disposal well permitted under
Section 11(3) of this regulation, or a well
permitted under the 40 CFR 146 Underground
Injection Control Program, by a surface
discharge permitted under Section 8 of this
regulation by evaporation or reverse osmosis,
or by any other method first approved by the
cabinet, provided that no such method approved
by the cabinet will violate water quality
standards. A KPDES permit is not required for
a permanent discharge meeting the exclusion of
401 KAR 5:055, Section 1(2)(h). (1) Produced
water shall be disposed of into either an
enhanced recovery well, a disposal well
permitted under Section 11(3) of this
regulation, or a well permitted under 40 CFR
146, the Underground Injection Control Program.
(2) If either of the following conditions
apply to a facility, surface discharges
of produced water will be allowed, but are subject
to the requirements of Section 8 of this
regulation. It is the obligation of the
applicant to demonstrate to the director, with
appropriate supporting data, that one (1) of the
following applies:
(a) The cost of constructing and operating a
disposal well system to meet the requirements of
Section 11(4) of this regulation or the legal or
actual inability to use a non-owned disposal
well would necessitate a shutdown of operations
at that particular facility; or]
(b) Less than one hundred (100) gallons per twenty-four
(24) hour period of produced water is generated,
extcept for those facilities included in Subpart
C - Onshore Subcategory of 40 CFR 435.1

Section 6. Disposal of Produced Water Off the
Facility. (1) No person shall transport produced
water away from a tank battery to any location
other than a cabinet-permitted disposal system
or an individual Underground Injection Control
(UIC) permitted site, or a disposal system in
another state.
(2) No operator shall authorize or allow the
transportation of produced water away from a
facility where it is produced unless such
operator has first submitted the following
information to the director and obtained
approval:
(a) Operator's name, mailing address, and
telephone number.
(b) Transporter's name, mailing address,
telephone number.
(c) Name of disposer, mailing address,
telephone number, disposal site, and permit
number.
(d) Vehicle identification information,
including license number and vehicle description.
(e) Quantity of produced water to be
transported.
(3) The operator of a disposal well may
receive produced water from other facilities in
accordance with the notification procedures of
subsection (2) of this section.
(4) Spills during transfer of produced water
shall be reported in accordance with 401 KAR
5:015.

Section 7. Approval Requirements for
Continuation of Existing Facilities. (1)
Applicability. The provisions of this section
shall apply to operators of facilities in
existence prior to the effective date of this
regulation.
(2) Continuation requirements. Operators may
continue to operate existing facilities for a
period not to exceed one (1) year from the date
of the submittal of a compliance plan provided
all the following provisions are met:
(a) A written request to continue operating
existing facilities is submitted to the
director. This request shall include a detailed
description of existing operations for treating,
storing or disposing of produced water.
(b) A plan is submitted to the director which
proposes a schedule and outlines the procedures
for meeting the requirements of this and other
applicable regulations.
(c) Both the written request and plan shall be
submitted to the director by June 1, 1984.
(d) Approval for continuation of operation of
existing facilities has been obtained from the
director pursuant to subsection (3) of this
section and the operator has on display at the
facility the division's approval identification
number.
(e) Approval procedures. After receiving the
written request and plan specified in subsection
(2) of this section, the director will:
(a) Review the plan and request any additional
information from the operator, if needed, within twenty (20) working days of receipt of the plan;
(3) Develop a compliance schedule for each facility or contiguous facility operation; and
(4) Issue a written approval to the operator containing the compliance schedule and an identification number within forty (40) working days after the plan is deemed complete.
(4) Nothing in this section shall be construed to authorize any discharge from any facility except pursuant to Section 8 of this regulation.

Section 8. Surface Discharges of Produced Water. (1) The provisions of 401 KAR 5:026, 5:027, 5:031, and 5:050 through 5:085, inclusive, shall apply according to their terms to the owner or operator of any facility which causes or is capable of causing produced water discharge. The provisions of this section apply to the operator of any facility discharging produced water into surface water of the Commonwealth. Where there is a specific conflict between a provision of this section and the provisions of 401 KAR 5:026, 5:027, 5:031, or 5:050 through 5:085, inclusive, this section shall prevail.
(2) A KPDES permit, issued pursuant to 401 KAR 5:050 through 5:085, inclusive, is required prior to beginning a discharge of pollutants into waters of the Commonwealth. A KPDES permit shall include effluent limitations developed pursuant to 401 KAR 5:065. Sections 2 and 4. A permit may contain a zero discharge condition or may be denied, where authorized by the KPDES regulation.
(3) For purposes of setting KPDES permit limitations, the chloride criterion of 600 mg/L, set forth in 401 KAR 5:031, Section 4. Table 1, shall be utilized as a thirty (30) day average.
(4) An owner or operator applying for a KPDES permit may request an exception to the water quality criteria of 401 KAR 5:031. Applications for the exception shall be processed by the cabinet as a part of the KPDES application, if the applicant applies for both at the same time. For exception to water quality criteria applications which are received by the cabinet at other times, the review procedure of 401 KAR 5:075 applies. A public hearing, after public notice, shall be conducted prior to granting any exception to criteria request.
(5) A KPDES applicant may combine outfalls on one (1) application, if all outfalls are owned or operated by the applicant, and if the outfalls discharge to a common watershed and are similar in effluent quality and environmental impact. If the cabinet disapproves the combination the applicant may seek review of that decision pursuant to KRS 224.080 (2). (6) Notwithstanding 401 KAR 5:065, Section 4, applicants shall pay a base KPDES application fee of $350. An additional fee may be assessed by the cabinet for combined outfalls, if the time required to process the application exceeds that necessary for processing a single-outfall application. Exceptions to criteria applications submitted pursuant to subsection (4) of this section shall pay a water quality variance fee pursuant to 401 KAR 5:080. [Applicability. The provisions of this section apply to operators of facilities discharging produced water into surface waters of the Commonwealth.]
[(2) General requirements. No produced water shall be discharged from a facility unless one of the requirements of Section 5(2) of this regulation is met and such discharge is authorized by and in accordance with the KPDES regulations 401 KAR 5:050 through 401 KAR 5:085. A KPDES permit is not required for the discharge of produced water through a permitted disposal well. KPDES permits may be issued to operators of facilities provided the facility meets the criteria for inclusion within Subpart F - Stripper Subcategory of 40 CFR Part 435.]
[(3) Any operator of oil and gas facilities who files a compliance plan indicating an intent to discharge produced water under a KPDES permit shall submit, with the KPDES application, information regarding the technological, economic and geologic factors which limit the operator's capability to inject the produced water.]
[(4) No KPDES permit shall be issued to the operator of an oil and gas facility that would be a new source or new discharger if the discharge from its construction or operation would cause or contribute to a violation of water quality standards.] Section 9. Holding Pits. (1) Applicability. The provisions of this section apply to the operators of holding pits which are constructed after the effective date of this regulation, and to the operators of existing pits that are incapable of demonstrating pursuant to Section 7 of this regulation that those pits do not contaminate surface or groundwater.
(2) Exemption. Spill Prevention Control and Countermeasure (SPCC) pits developed pursuant to Section 13 of this regulation are exempted from the requirements of this section.
(3) General requirements. Operators of holding pits shall supplement the registration form required under Section 4 of this regulation with information regarding the construction and operation of any holding pit and any other information deemed necessary by the director. This information shall be submitted to the director in forms provided by the director not less than thirty (30) days prior to the date the permit is desired.
(4) Permits. The director will issue permits to operators of holding pits to contain any condition necessary to satisfy any requirement of this regulation notwithstanding any less stringent provision of the law to the contrary.
[(5) Conditions applicable to holding pits.]
[(a) Construction requirements.]
1. Holding pits shall be constructed in accordance with KRS Chapter 151 and Division of Waste Management regulation 401 KAR 30:030.
2. Holding pits shall be constructed with an impermeable synthetic liner having a minimum thickness of twenty (20) mils.
3. Holding pits shall be designed with a continuous berm area at least two (2) feet above ground level.
(b) Operating requirements.
1. No holding pit shall discharge produced water into waters of the Commonwealth except in accordance with a KPDES permit, nor shall any holding pit be used for the ultimate disposal of produced waters.
2. All surface water shall be diverted away from the holding pit so that the holding pit shall have no additional drainage area.
3. Waste shall be removed from the holding pit.
to maintain a one (1) foot minimum feeboard. Disposal of wastes shall be in accordance with Kentucky laws and regulations.

(c) Closure requirements.
1. Except as provided in subsection (2) of this section, any holding pit no longer used for the purpose for which it was intended shall be backfilled, graded, and revegetated. The vegetative cover shall be capable of stabilizing the soil surface from erosion. This closure shall be conducted within the time period specified in the permit issued pursuant to subsection (3) of this section.
2. A holding pit may remain as a permanent structure or be used for other purposes upon written approval from the director.
3. Disposal of all wastes shall be in accordance with Kentucky laws and regulations.
4. A tank, of a size and type approved by the director, may be used in lieu of a holding pit.

Section 10. Drilling Pits. Facilities shall be constructed for the collection of fluids, other than produced water associated with construction, acidizing and chemically enhanced recovery in areas where waters of the Commonwealth may be affected. If the life of the facilities is longer than thirty (30) days following completion of exploration or drilling activities they shall meet all requirements of Section 9 of this regulation. Upon written request, the director may, with good cause, extend the allowable life of the facility to a maximum ninety (90) days if the extension will not cause or contribute to contamination of waters of the Commonwealth. The closure requirements for these facilities shall be as specified in Section 9(5)(c) of this regulation.

Section 11. Disposal Wells. (1) Applicability. The provisions of this section apply to operators of disposal wells until issuance of an individual Underground Injection Control (UIC) permit by the agency having jurisdiction under the Safe Drinking Water Act (42 U.S.C. section 300f, et seq.).
(2) General requirements. Operators of disposal wells shall supplement the registration form required under Section 4 of this regulation with information regarding the construction and operation of any disposal well, a plan showing the location of all existing and abandoned wells within the area of review and any other information deemed necessary by the director.
This information shall be submitted to the director on forms provided by the division not less than thirty (30) days prior to the date the permit is desired.
(3) Permits. The director will issue permits to operators of disposal wells to contain any condition necessary to satisfy any requirement of this regulation notwithstanding any less stringent provision of law to the contrary.
(4) Conditions applicable to all disposal wells. Disposal wells shall inject all produced waters into a formation which is geologically isolated and contains more than 10,000 mg/l of total dissolved solids or meets the criteria of an exempted aquifer as set forth in 40 CFR 146.4. If a formation is unacceptable for injection solely because abandoned and improperly plugged boreholes have established communication between it and other strata, the operator is obligated to find and properly plug these boreholes within the area of review established by the division. Disposal well failure or shutdown shall be reported immediately to the director. All plugging, casing, and operation of wells shall be done in accordance with Department of Mines and Minerals regulations 805 KAR 1:020, 1:060, and 1:070.

Section 12. Inspection and Enforcement. The cabinet may inspect any facility pursuant to KRS 224.033 and shall provide written notification of any violation to the operator. Following the determination of any violation of any applicable provision of law, the cabinet may initiate any enforcement action including an order to abate and alleviate such condition or activity pursuant to KRS 224.071 and any other applicable remedy including civil penalties pursuant to KRS 224.994.

(2) Reporting. (a) Operators shall report to the division all spills and bypasses of oil and produced water from facilities in accordance with 401 KAR 5:015.
(b) Operators shall report all discharges and bypasses of oil from a facility in accordance with the procedures in 40 CFR Part 110.

Section 14. Permit Fees. (1) The provisions of this section shall apply to the operator of each facility required to have a permit by this regulation except for any facility permitted under a general permit.
(a) Every operator who is issued a permit under the provisions of this regulation shall be assessed a permit fee in accordance with the provisions set forth in subsection (2) of this section.
(b) Upon making the determination that a permit can be issued under this regulation, the director will notify upon receipt of the total amount of the permit fee. Failure by the applicant to pay the assessed permit fee on or before the due date may result in the denial of the permit.
(c) The fee for each type of permit is listed below:

<table>
<thead>
<tr>
<th>Facility and Type of Permit</th>

<td>$200</td>
</tr>
</tbody>
</table>

(3) In addition to the requirements of this regulation, facilities issued KPDES permits will be assessed a fee pursuant to 401 KAR 5:035.
(4) Duplicate permit fee. Upon application for the issuance of a duplicate permit for activities covered under this regulation, the duplicate permit shall be issued by the cabinet upon receipt of a fifteen (15) dollar permit fee.
(5) Terms of payment. (a) Payment of a permit fee as provided for by this section will be made within thirty (30) days of the billing date.
(b) Certified checks or money orders, if used.
shall be payable to the Kentucky State Treasurer.

PUBLIC HEARING SCHEDULED: A public hearing will be scheduled from July 14, 1986 at 7 p.m. in the auditorium, Capital Plaza Tower, Frankfort, Kentucky 40601. Anyone wishing to attend the public hearing should contact Donald F. Harker, Jr., Director, Division of Water, 18 Reilly Road, Frankfort, Kentucky 40601 no later than July 19.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Donald F. Harker, Jr., Director

1. Type and number of entities affected: The amendment to 401 KAR 5:090 is proposed as a result of the Consent Decree between the Natural Resources and Environmental Protection Cabinet and the Kentucky Oil & Gas Association and other plaintiffs mentioned in civil actions no. 85-CI-172 and no. 85-CI-129. The proposed amendment redefines the terms of eligibility by which oil and natural gas facilities would be permitted to surface discharge their produced water. The proposed amendment also establishes fees for applicants for and recipients of such eligibility. Technical changes are also made by the proposed amendment to Sections 2, 5, and 8.

2. Entities affected are those parties in association with the plaintiffs mentioned in the Consent Decree to civil actions no. 85-CI-172 and no. 85-CI-129.

(a) Direct and indirect costs or savings to those affected:
   1. First year: Costs for applicants for an exception to criteria for water quality standards include a $350 base fee for application for a KPDES discharge permit. Applicants would pay $70 of the base fee with the application, and the balance would be due upon issuance of the permit. The cabinet may also assess a fee, where applicable, to successful applicants for combined outfalls into a common watershed. Savings may be realized by facilities in cases of regulatory hardship faced by producers and communities, in the form of reduced costs (capital and/or operating and maintenance) of treatment of produced water.

   2. Continuing costs or savings: Continued savings to those facilities mentioned above may be realized in the form of reduced operating and maintenance costs.

   (b) Reporting and paperwork requirements: Oil and gas producers seeking an exception to criteria would submit an application to the Natural Resources and Environmental Protection Cabinet. Applicants would be required to provide information on their facilities which would be used to evaluate each applicant's eligibility for a variance. The application form will be provided by the cabinet.

(2) Effects on the promulgating administrative body:

(a) Direct and indirect costs or savings:

   1. First year: The collection of a fee for a KPDES permit would partially offset the costs of processing applications for exception to water quality criteria and for a KPDES permit.

   Collection of a fee for combined outfalls into a common watershed would defray in part the costs of determining individual outfall limits within an affected watershed.

   2. Continuing costs or savings: None

   3. Additional factors increasing or decreasing costs: None

   (b) Reporting and paperwork requirements: The cabinet would process and evaluate applications for both exceptions to water quality criteria and KPDES discharge permits from oil and gas producers.

   (3) Assessment of anticipated effect on state and local revenues: Fees will defray application review costs for the state program.

   (4) Assessment of alternative methods; reasons why alternatives were rejected: Alternatives to the revision of surface discharge program qualifications for oil and gas producers are (1) no action and (2) appeal of actions no. 85-CI-172 and 85-CI-129. Since the Johnson Circuit Court decision enjoined the cabinet from exercising its permitting authority, the no action alternative could not be followed. The appeal option was ultimately rejected in favor of the proposed amendments due to the perception that resumption of regulation of the oil and gas industries would be delayed much longer by undertaking the appeals process than by negotiating and promulgating the proposed amendments. The proposed technical corrections can only be made by amending the existing regulation.

   (5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping or duplicating: Generally, there is no conflict posed by the amendments. However, the amendments address the potential for conflict with 401 KAR 5:026, 5:029, 5:031, or 5:050 through 5:085.

   (a) Necessity of proposed regulation if in conflict: N/A

   (b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: In the event of a specific conflict between this regulation and the provisions of 401 KAR 5:026, 5:029, 5:031, or 5:050 through 5:085, the amended Section 8(1) states that the provisions of 401 KAR 5:090 shall control.

   (6) Any additional information or comments: None

  Tiering:

Was tiering applied? No. No significant difference exists in the processing of applications of oil producers and natural gas producers; therefore, tiering is not necessary.

JUSTICE CABINET
(Proposed Amendment)

500 KAR 1:010. Definitions.

RELATES TO: KRS 61.315
PURSUANT TO: KRS 61.315(4)

NECESSITY AND FUNCTION: This regulation provides the definitions of certain terms used in 500 KAR Chapter 1 which pertain to criteria and procedures applicable to the administration of benefits paid on death of police officers who have died in the line of duty, as required by KRS 61.315(4) to be promulgated by the Justice
Cabinet.

Section 1. Definitions. The following definitions shall apply in this chapter:

(1) "Secretary" means the Secretary of the Justice Cabinet.

(2) "Cabinet" means the Justice Cabinet.

(3) "Police officer" means every full-time police officer, sheriff, or deputy sheriff who works not less than forty (40) hours per week, or any auxiliary police officer appointed pursuant to KRS 95.445, [who is] elected to office or employed by any county or city or by the state or by an airport board created pursuant to KRS Chapter 193.

(4) "Full time" means a "police officer" as defined in subsection (3) of this section who is a salaried and duly sworn officer of a statutorily and lawfully organized police department for a city, county, airport board created pursuant to KRS Chapter 193 or Commonwealth of Kentucky or sheriff's office of Kentucky and is working an approved forty (40) hour week or as approved according to a uniform weekly schedule that is standard for police officers employed by the employing county, city, and airport board or state agency or sheriff's office and who is responsible for the prevention and detection of crime and the apprehension generally of criminal laws and traffic laws of Kentucky for the general public.

(5) "Spouse" means the lawfully wedded husband or wife of the deceased officer living at the time of the officer's death, and includes a spouse living apart from the officer at the time of the officer's death for any reason or a spouse in divorce proceedings if a final divorce decree has not been entered.

(6) "Children" means any natural, adopted, or posthumous child or child born out of wedlock of the deceased police officer who, at the time of the officer's death is:

[(a) Living, or later born alive, [; and]

[(b) Under eighteen (18) years of age; or]

[(c) Eighteen (18) years of age or older and incapable of self-support because of physical or mental disability or impairment.]

(7) "Dependent parent" means a living, natural or adoptive parent of the police officer who, at the time of the police officer's death, was regularly dependent upon the income of the officer for the parent's support in the nature of food, shelter, clothing, medical expenses and other ordinary and customary items for maintenance of the parent supported for a substantial period of time.

(8) "Death as a direct result of an act" means that the antecedent act, omission to act or event inflicted upon the police officer was the substantial factor in the result of the police officer's death.

(9) "Death" means the immediate death of the police officer from an act in the line of duty that resulted in his death, as well as a traumatic injury, wound, condition of the body or disease resulting therefrom or medical attention therefor that directly causes the death of the officer within one (1) year from an act in the line of duty that resulted in his death.

(10) "Act in the line of duty" means an act or omission to act by the police officer or event involving the police officer or external force upon the police officer while the officer is engaged in any action or duty which the officer is obligated or authorized by rule, regulation, condition of employment or service, or law to perform, and for which the officer is compensated by the public agency or office the police officer serves. Specifically, an act is not in the line of duty if the death was caused by:

(a) A non work-related disease or condition or a routine work-related disease or condition commonly regarded as a concomitant of the officer's occupation;

(b) Intentional misconduct of the police officer;

(c) The police officer's intention to bring about his death;

(d) The police officer's willfulness or wanton disregard to bring about his death;

(e) If voluntary intoxication of the police officer was a contributing cause of death;

(f) If the actions or omissions of the beneficiary was a substantial factor to the death of the police officer, recovery being precluded as to that beneficiary only.

(11) "Office of the Secretary" as used herein means the person designated by the secretary of the cabinet to receive, process and make eligibility determinations on claims for benefits to be paid on death of a police officer pursuant to KRS 61.315. The address of the Office of the Secretary for filing claims is: Office of the Secretary, Justice Cabinet, Death Benefits Claim Adjustor, Commonwealth Credit Union Building, 417 High Street, 3rd Floor, Frankfort, Kentucky 40601.

(12) "Auxiliary police officer" means a duly and lawfully appointed auxiliary police officer appointed pursuant to KRS 95.445 pursuant to an ordinance by a legislative body of a city of the second, third, fourth, fifth, or sixth class or urban-county government, except a city of the fifth or sixth class in a county containing a first class city.

JUSTICE CABINET
(Proposed Amendment)

500 KAR 1:020. Filing and processing of death benefit claims.

RELATES TO: KRS 61.315
PURSUANT TO: KRS 61.315(4)

NECESSITY AND FUNCTION: This regulation provides criteria and procedures applicable to filing and processing of death benefit claims for the proper administration of benefits legally required to be paid to the proper party or parties on the death of police officers who have died in the line of duty, as required by KRS 61.315(4) to be promulgated by the Justice Cabinet.

Section 1. Submission of Claim by Proper Party. The secretary of the cabinet shall determine who is the proper party or parties to submit a claim for death benefits in accordance with the following requirements:
(1) The claim shall be submitted and executed by the claimant or the claimant's legally designated representative upon submission of written proof of such designation.
(2) If the claimant is under a disability in terms of mental or physical incapacity or as a result of being a minor, then the claim shall be submitted and executed by the claimant's legally appointed guardian, committee, trustee or other legal representative upon submission of written proof of such disability and of the legal authority of representation in the nature of affidavits and certified court records or legal documents.

Section 2. Proof of Relationship. In filing the claim for death benefits the claimant or claimant's representative shall submit the following proof of relationship:
(1) If the claimant is a spouse of the police officer, the spouse shall submit proof of marriage in the form of a duly issued and certified marriage license or certificate. Any other certified government or official report or affidavit of the marriage officiate or affidavit of two (2) witnesses of the marriage. Such documentation presented shall establish the names of parties married and the date and place of marriage. If the claimant spouse or officer was previously married, certified divorce decrees of all previous marriages shall be submitted.
(2) If the claimant is a child of the police officer, documentation of the relationship and age shall be provided in the form of certified official vital statistics records, adoption decrees, birth certificates, parentage decree, or other government agency records that reveal the age and relationship of the child with the deceased officer. Affidavits of two (2) disinterested credible witnesses or an affidavit of the officer prior to death may provide proof of the officer's recognition of the child as his natural or adopted child if none of the foregoing documentation is in existence.
(3) If the claimant is a dependent parent, proof of such relationship shall be provided in the form of certified vital statistics records, birth certificates, adoption decree or other official government records revealing the parent-child relationship. Affidavits of two (2) disinterested, credible witnesses may provide proof of the officer's recognition of the claimant as his parent if the foregoing documentation is not in existence.
(4) If dependency is to be established as in the case of a dependent parent such dependency shall be documented and proven as follows:
(a) A sworn statement of dependency by the dependent parent or the deceased officer, if one was made; and
(b) Financial records or other records that reveal all sources of income and support available for the claimant for the twelve (12) months preceding the officer's death; and
(c) The amount of income and value of support derived from each source listed; and
(d) The nature of support provided by each source; and
(e) Other documents that may be deemed necessary.
(5) If the claimant is claiming through an auxiliary police officer appointed pursuant to KRS 95.445, the claimant shall provide the ordinance establishing the auxiliary police force and sufficient official records revealing whether the officer was appointed by the appropriate officials and whether the appointment was for a third, fourth, fifth or sixth class city or urban county government, and whether a first class city is within the county wherein the auxiliary police officer was appointed.

Section 3. Proof of Death as a Direct Result of an Act in the Line of Duty. The claimant shall provide proof of death of the police officer as a direct result of an act in the line of duty by providing the following:
(1) A certified copy of the officer's death certificate; and
(2) Certified employment records substantiating the officer's full-time status as required by statute and regulation; and
(3) A certified autopsy report, if requested by the cabinet, or other sworn medical evidence...
as to the cause of death, and a coroner's report or other formal investigative report, if made; and

(4) A certified investigative report prepared by the employing police agency or sheriff's office regarding the circumstances leading to the death.

(5) Other documents that may be deemed necessary.

Section 4. Filing the Claim. (1) In order to file a claim for benefits paid on death of a police officer, the claimant shall file completed forms provided by the office of the secretary of the cabinet including the claim for death benefits and report of police officer's death along with the appropriate documentary proof herein provided for.

(2) The claim for death benefits shall be filed within the office of the secretary six (6) months from the date of the death of the police officer for which the claim is made, unless the secretary extends the filing deadline for good cause shown by the claimant.

(3) The office of the secretary may at any time require additional evidence to be submitted with regard to entitlement, the right to receive payment, the amount to be paid, or any other material issue.

(4) Whenever a claimant for benefits herein has submitted no evidence or insufficient evidence of any material issue or fact, the office of the secretary shall inform the claimant what evidence is required for a determination as to such issue or fact and shall request the claimant to submit such evidence within forty-five (45) days from the date of the request by the office of the secretary.

(5) The claimant's failure to submit evidence on a material issue or fact as requested by the office of the secretary shall be a basis for determining that the claimant fails to satisfy the conditions required to award death benefits to the claimant.

(6) After the claim has been filed and the office of the secretary determines the claimant has submitted (or failed to submit) all reports, documents and/or evidence required to be submitted, the office of the secretary shall render a decision on the claim within forty-five (45) days.

(7) A claim for benefits may be withdrawn at any time upon written notice to the secretary signed by the claimant or claimant's representative.

(8) Upon making a finding of eligibility, the office of the secretary shall, in writing, notify the claimant at claimant's last known address of its disposition of the claim. Payment shall be made to the claimant as soon thereafter as practicable, with the Justice Cabinet presenting the claim to the Finance Cabinet within five (5) working days.

(9) In those cases where the office of the secretary has found the claimant ineligible for a death benefit, the office of the secretary shall mail to claimant's last known address of its disposition and shall set forth findings of fact and conclusions of law supporting the decision, as well as claimant's right to a hearing and review by the secretary.

Section 5. Priority and Amount of Claim Benefits. Upon final determination of eligibility for benefits, the benefits are to be paid in the manner as follows:

(1) $25,000 to the surviving spouse of the police officer who died; or

(2) If the police officer has no surviving spouse, then $25,000 to the surviving children, divided in equal portions according to the number of surviving children; provided, however, if the surviving children are less than eighteen (18) years of age, the state treasurer shall:
   (a) Pay $10,000 to the surviving children in equal amounts; and
   (b) Hold $15,000 in trust divided into equal accounts at appropriate interest rates for each surviving child until such child reaches the age of eighteen (18) years. If a child dies before reaching the age of eighteen (18) years, his account shall be paid to his estate; or

(3) If the police officer who died has no surviving spouse or surviving children, then $25,000 to the surviving dependent parents of the police officer, divided in equal portions according to the number of surviving dependent parents.

MOTOR VEHICLE COMMISSION
(Proposed Amendment)

605 KAR 1:150. Temporary sales location.

RELATES TO: KRS 190.010 to 190.080
PURSUANT TO: KRS 190.020, 190.073
NECESSITY AND FUNCTION: KRS 190.020 gives the Motor Vehicle Commission, under administrative regulations promulgated by it, supervisory authority over licenses issued by said commission pursuant to the provisions of KRS 190.010 to 190.080. KRS 190.073 mandates the Motor Vehicle Commission to promulgate such regulations. KRS 190.058(8) further mandates the commission to ensure that the distribution and sale of new motor vehicles is conducted as provided by statute and under the commission’s rules. KRS 190.015 states that it is the finding and declaration of the legislature that the commission regulate the distribution and sale of all vehicles within this state in order to promote the public interest and public welfare.

A licensed motor vehicle dealer is required to have an established place of business at which the business of such a dealer may be lawfully carried on and may change the location of his business only under the endorsement of change of location by the licensor (KRS 190.035 and 190.030(7) respectively). Modern marketing techniques and economic conditions have resulted in the growing use of temporary locations by a dealer or combination of dealers for limited sales promotions. The purpose of this regulation is to fulfill the requirements of KRS Chapter 190 which mandates the commission to supervise such sales and activities and to insure that all business conducted pursuant to a temporary sale location permit conforms to the requirements of the statutes and regulations governing the activities of motor vehicle dealers.

Section 1. The licensor may issue[, at its discretion, for good cause shown,] a temporary sale location permit for the purpose of a limited sales promotion as provided for herein.

Section 2. (1) Application for a temporary sale location permit must be made on forms provided by the licensor and must be filed with the licensor a minimum of ten (10) days before the next regularly scheduled meeting of the Motor Vehicle Commission before the requested permit period. Application shall be made by the motor vehicle dealer or dealers [licensors] participating in the temporary sale.

(2) The application for a temporary sale location permit shall contain the following information:
(a) The names and addresses of all participating licensed dealers;
(b) The inclusive dates of the proposed temporary sale activity;
(c) The location of the proposed temporary sale activity;
(d) Proof of insurance coverage on the proposed temporary sale premises, of the same type as required by KRS 190.033, effective for the length of the proposed temporary sale activity;
(e) A lease or other written memorandum signed by the owner of the property upon which the temporary sale activity is to occur, evidencing said owner’s permission for the proposed temporary sale activity to occur.

(f) A statement signed by the proper local official showing that the proposed temporary sale activity may be lawfully carried on in accordance with the terms of all applicable building codes, zoning and other land use regulatory ordinances.

Section 3. [The temporary sale location permit shall be issued to two (2) or more licensed motor vehicle dealers who both shall be licensed in the same municipality or county.] The permit shall state upon its face the duration of its validity which in no event shall exceed five (5) successive days, the location for which it is issued and the name or names of the participating licensee or licensees [licensed dealers].

Section 4. The temporary sale location permit shall authorize the participating licensee or licensees [motor vehicle dealers] to engage in the sales activity for which they are licensed,
at a location other than their respective established place of business only in the municipality or county of their established place of business for the duration of the permit. Franchised motor vehicle dealers may not conduct a sale at a temporary sale location in the relevant market area assigned by the manufacturer to another franchised motor vehicle dealer of the same line make without permission of such other franchised motor vehicle dealer. [The use of the permit provided for herein shall be restricted in any area where utilization of the permit without the permission of a franchised dealer would impose an unnecessary competitive environment between the franchised motor vehicle dealer and another franchised motor vehicle dealer whose permanent place of business is outside the franchised area, and who is a franchised dealer of the same line make.]

Section 5. All business conducted under a temporary sale location permit must conform to the requirements of the statutes and regulation governing the activities of motor vehicle dealer licensees.

Section 6. The fee for a temporary sale location permit shall be $100 per participating dealer.

JAMES O. BUTTS, Chairman
APPROVED BY AGENCY: June 13, 1986
FILED WITH LRC: June 13, 1986 at 11 a.m.
PUBLIC HEARING SCHEDULED: A public hearing on this amended regulation will be held on July 23, 1986 at 10 a.m. at the office of the Motor Vehicle Commission, 114 W. Clinton Street, Frankfort, Kentucky. Those interested in attending this hearing shall contact: David Garnett, Executive Director, Kentucky Motor Vehicle Commission, 114 W. Clinton Street, Frankfort, Kentucky 40601.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: David Garnett

(1) Type and number of entities affected:
(a) Direct and indirect costs or savings to those affected: All Kentucky Retail Motor Vehicle Dealers, approximately 2,700 in number.
(b) First year: The amendment is not expected to have any bearing on cost or savings.
(c) Continuing costs or savings: See 1(a), above.

(2) Additional factors increasing or decreasing costs (note any effects upon competition): See 1(a), above.

(3) Reporting and paperwork requirements: The amendment is not expected to change any reporting or paperwork requirements.

(4) Assessment of alternative methods; reasons why alternatives were rejected: The alternative to this proposed amendment is the existing regulation. The amendment is proposed with due consideration for current economic conditions, and the belief of the agency is that the amended regulation will adequately serve to protect the public interest and public welfare and will otherwise protect and preserve the investments and properties of the citizens of this state.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None

(6) Any additional information or comments: None

Tiering: Was tiering applied? No. The proposed amendment would affect all classes of licensees in a uniform manner. There is no disproportionate impact on the regulated entities.

LABOR CABINET
Department of Workplace Standards
Kentucky Occupational Safety and Health
(Proposed Amendment)

803 KAR 2:015. General industry standards.

RELATES TO: KRS Chapter 338
PURSUANT TO: KRS Chapter 13A
NECESSITY AND FUNCTION: KRS 338.051 and 338.061 authorize the Kentucky Occupational Safety and Health Standards Board to adopt and promulgate occupational safety and health rules, regulations, and standards. Consistent with this authority the following regulations contain those standards to be enforced by the Division of Occupational Safety and Health Compliance. The Occupational Safety and Health Standards Board hereby adopts the following regulations applicable to general industry. Necessary for effective enforcement of the purposes and policies of the Occupational Safety and Health Act which is to assure so far as is possible, safe and healthful working conditions of Kentucky workers (KRS 338.011).

Section 1. Batteries. Changing and charging storage batteries (for automotive-type battery charging installations, in-vehicle charging of batteries, and battery jump starting of vehicles).

(1) Facilities shall be provided for flushing electrolyte from the eyes and skin with water when changing or charging storage batteries. An adequate water supply shall be within the work area.

(2) No battery shall be charged or discharged within a closed or unvented container. The batteries shall be charged:
(a) In the open; or
(b) In a mechanically-ventilated space; or
(c) In a space providing at least twenty (20) cubic feet per ampere of charging capacity.

(3) A face shield or goggles shall be provided and available at each charging unit. The use of the face shield or goggles shall be required for...
connection and disconnection of vehicle or charger leads to the battery terminals and for the addition or pouring of electrolyte.

(4) Employees shall wear face shields or goggles during installation and removal of batteries from vehicles, while connecting and disconnecting battery charger or jumper cable leads, and while handling electrolyte.

(5) Employees shall be instructed to:
(a) Turn off the battery charger to connect or disconnect the battery;
(b) Wash acid spills immediately; and
(c) Flush electrolyte from eyes and skin with water for ten (10) minutes.

Section 2. Safety and Testing of Supply Lines in Excess of 600 Volts. (1) Definitions:
(a) Disconnected means disconnected from any electrical source of supply;
(b) Guarded: Protected by personnel, covered, fenced, or enclosed by means of suitable castings, barrier, rails, screens, mats, platforms, or other suitable devices in accordance with standard barricading techniques designed to prevent dangerous approach or contact by persons or objects. (Note: Wires, which are insulated but not otherwise protected, are not considered as guarded);
(c) Hold cards (also called "hold tags"): A card or tag type device, usually having a predominant color of white or red which warns against or which cautions against the operation of a particular switch, device, circuit, tool, machine, etc.;
(d) Near: A distance no closer than that shown in the table in subsection (3)(c) of this section;
(e) Qualified person: A person who, because of experience and training is familiar with the construction and operation of the apparatus or equipment and the hazards involved in the performance of the job.

(2) Purpose:
(a) The intent and purpose of this regulation is to provide and establish safety procedures for testing equipment to protect electrical workers from hazards resulting from exposure to high voltage;
(b) This regulation shall apply to non-utility electrical workers who are engaged in electrical construction and/or maintenance of electrical conductors and equipment rated at 600 volts and above.

(3) Energized conductors and equipment:
(a) Only qualified employees shall work on or near high voltage conductors or equipment;
(b) Personal protective equipment shall be provided by the employer and used by the employee when working on or near energized, ungrounded high voltage conductors or equipment;
(c) No employee shall approach or take any conductive object, without an approved insulating handle, within the minimum distance specified in the table below, unless the energized part is insulated or guarded from the employee, or the employee is effectively insulated from the live parts. Rubber gloves (sleeves if necessary) rated for the voltage involved shall be considered effective insulation of the employee from the energized part.

(4) De-energized conductor or equipment:
(a) Existing conditions shall be determined before starting work on electrical conductor and/or equipment;
(b) Before any work is performed, all electrical switches, breakers and associated disconnecting devices shall be opened, made inoperable and hold tagged by the person in charge. Employees shall be trained and thoroughly instructed in the tagging procedure. One (1) qualified person, for example: foreman, general foreman or first class electrician, of each crew shall be responsible for attaching hold tags and/or hold cards to the disconnecting device. The use of such tags must be respected. Equipment or items so tagged must not be activated or used without full and proper authority of a responsible person whose signature appears on the tag;
(c) Conductors shall be short circuited and grounded wherever possible;
(d) Capacitors may be components of apparatus of the disconnected electrical system. Before employees are allowed to work, the capacitors shall be discharged, short circuited and grounded;
(e) When de-energizing conductors and equipment and the means of disconnecting from the energy source is not visible open, a voltage test shall be made before starting work. An operational check shall be made of the voltage tester prior to and following the voltage test to determine reliability of the testing device. The test device must be handled and used while wearing or using approved protective equipment during the test;
(f) All conductors and equipment shall be treated as energized until tested, short circuited and effectively grounded except when the circuit involved is isolated from all possible sources of energizing voltage from another circuit, induced voltage or backfeed;
(g) The voltage condition of de-energized conductors and/or equipment shall be determined with testing equipment designed for the applicable voltage;
(h) Upon completion of work on de-energized conductors and equipment, the person responsible shall ascertain that all employees under his jurisdiction are clear and that all protective short circuit and grounding lines are removed. The qualified person(s) shall then remove his hold tag(s). Only at this time shall conductors and equipment be re-energized.

Section 3. Safety Belts, Lanyards and Lifelines. (1) Employees working from open-sided unguarded floors, pipe racks, and ledges,
platforms, walkways, machinery, stockshelves, or similar unguarded working surfaces which are elevated ten (10) feet or more above a lower level shall be secured by safety belts and lanyards, lifelines where necessary, or shall be protected by safety nets.

(2) Lanyards shall have a nominal breaking strength of 5,400 lbs. The combination of safety belts and lanyards, lifelines where necessary, shall be designed to permit a fall of not more than five (5) feet.

(3) All safety belt and lanyard hardware, except rivets, shall be capable of withstanding a static loading of 4,000 lbs. without cracking, breaking or taking a permanent deformation.

(4) Lifelines, where necessary, shall be secured above the point of operation to an anchorage of structural member capable of supporting a minimum dead weight of 5,400 lbs.

(5) This standard shall not pre-empt any applicable standard now in effect.

(a) Heavy machinery, equipment, or parts thereof, which are suspended or held aloft by use of slings, hoists, or jacks shall be substantially blocked or cribbed to prevent falling or shifting before employees are permitted to work under or between them. Bulldozers and scraper blades, end-loader buckets, dump bodies, and similar equipment, shall be either fully lowered or blocked when being repaired or when not in use. All controls shall be in a neutral position with the motors stopped and brakes set, unless work being performed requires otherwise.

(b) Whenever the equipment is parked, the parking brake shall be set. Equipment parked on inclines shall have the wheels chocked and the parking brake set.

(c) All cab glass shall be safety glass, or equivalent, that introduces no visible distortion affecting the safe operation of any machine covered by this subpart.

(d) All equipment covered by this subpart shall comply with the requirements of 29 CFR 1910.180(j)(1) when working or being moved in the vicinity of power lines or energized transmitters.

(a) Coverage. Motor vehicles as covered by this part are those vehicles that operate within an off-highway jobsite. The requirements of this section do not apply to equipment for which rules are prescribed in subsection (3) of this section.

(b) General requirements. All vehicles shall have a service brake system, an emergency brake system, and a parking brake system. These systems may use common components, and shall be maintained in operable condition.

(c) Whenever visibility conditions warrant additional light, all vehicles, or combinations of vehicles, in use shall be equipped with at least two (2) headlightns and two (2) taillights in operable condition.

(d) All vehicles, or combination of vehicles, shall have brake lights in operable condition regardless of light conditions.

(e) All vehicles shall be equipped with an adequate audible warning device at the operator's station and in operable condition.

(f) No employer shall use any motor vehicle equipment having an obstructed view to the rear unless:

1. The vehicle has a reverse signal alarm audible above the surrounding noise level; or
2. The vehicle is backed up only when an observer signals that it is safe to do so.

(g) All vehicles with cabs shall be equipped with windshields and powered wipers. Cracked and broken glass shall be replaced. Vehicles operating in areas where conditions cause fogging or frosting of the windshields shall be equipped with operable defogging or deicing devices.

(h) All haulage vehicles, whose pay load is loaded by means of cranes, power shovels, loaders, or similar equipment, shall have a cab shield and/or canopy adequate to protect the operator from shifting or falling materials.

(i) Tools and material shall be secured to prevent movement when transported in the same compartment with employees.

(j) Vehicles used to transport employees shall have seats firmly secured and adequate for the number of employees to be carried.

(k) The employer will provide and insure the use of seat belts and anchorages meeting the requirements of 49 CFR Part 571 (Department of Transportation, Federal Motor Vehicle Safety Standards).

(1) Trucks with dump bodies shall be equipped with positive means of support, permanently attached, and capable of being locked in position to prevent accidental lowering of the body while in use.

(m) Operating levers controlling hoisting or dumping devices on haulage bodies shall be equipped with a latch or other device which will prevent accidental starting or tripping of the mechanism.

(n) Trip handles for tailgates of dump trucks shall be so arranged that in dumping, the operator will be in the clear.

(o) Each employer shall assure that the following parts, equipment, and accessories are in safe operating condition and free of apparent defects which could cause failure while in use:

1. Service brakes, including trailer brake connections: parking system (hand brake); emergency stopping system (brakes); tires; horn; steering mechanism; coupling devices; seat belts; operating controls; and safety devices.

2. All defects shall be corrected before the vehicle is placed in service. These requirements also apply to equipment such as lights, reflectors, windshields, wipers, defrosters, fire extinguishers, etc., where such equipment is necessary.

(a) Equipment: general. These rules apply to the following types of equipment: scrapers, loaders, crawler or wheel tractors, bulldozers, off-highway trucks, graders, agricultural and
industrial tractors, and similar equipment. The promulgation of specific rules for compactors and rubber-tired "skid-steer" equipment is reserved pending consideration of standards currently being developed.

(c) Seat belts need not be provided for equipment which is designed only for standup operation.

(d) Seat belts need not be provided for equipment which does not have roll-over protective structure (ROPS) or adequate canopy protection.

(e) Brakes. All equipment mentioned in subsection (a) of this section shall have a service braking system capable of stopping and holding the equipment fully loaded, as specified in Society of Automotive Engineers J237, Loader Dozer, Society of Automotive Engineers Handbook, 1986. J236, Graders, Society of Automotive Engineers Handbook, 1986. and J219b, Society of Automotive Engineers Handbook, 1986. Brakes systems for self-propelled rubber-tired off-highway equipment manufactured after January 1, 1986 shall meet the applicable minimum performance criteria set forth in the following Society of Automotive Engineers Recommended Practices:

Self-Propelled Scrapers

Self-Propelled Graders

Trucks and Wagon

Front-End Loaders and Dozers

(f) Roll-over protective structures for off-highway trucks. The promulgation of standards for roll-over protective structures for off-highway trucks is reserved pending further study and development.

(g) Audible alarms.

1. All bidirectional machines, such as compactors, graders, front-end loaders, bulldozers, and similar equipment, shall be equipped with a horn, distinguishable from the surrounding noise level, which shall be operated as needed when the machine is moving in either direction. The horn shall be maintained in an operative condition.

2. No employer shall permit material handling equipment or compacting equipment which has an obstructed view to the rear to be used in reverse gear unless the equipment has in operation a reverse signal alarm distinguishable from the surrounding noise level or an employee signals that it is safe to do so.

(h) Scissor points. Scissor points on all front-end loaders, which constitute a hazard to the operator during normal operation, shall be guarded.

Section 6. Roll-over Protective Structures: Overhead Protection. (1) Roll-over protective structure (ROPS) for material handling equipment.

(a) Coverage. This section applies to the following types of material handling equipment:

1. Rubber-tired, self-propelled scrapers.

2. Rubber-tired front-end loaders.

3. Rubber-tired dozers.

4. Wheel-type agricultural scrapers.

5. Crawler tractors.

6. Crawler-type loaders.

(b) Equipment manufactured on or after January 1, 1987. Material handling machinery described in paragraph (a) of this subsection and manufactured on or after January 1, 1987 shall be equipped with roll-over protective structures which meet the minimum performance standards prescribed in subsections (2) and (3) of this section as applicable.

(c) Equipment manufactured before January 1, 1987. All material handling equipment described in paragraph (a) of this subsection and manufactured or placed in service after January 1, 1987 shall be fitted with roll-over protective structures no later than January 1, 1988.

Machines manufactured before July 1, 1986: Reserved pending further study, development, and review.

(d) Roll-over protective structures and supporting attachment shall meet the minimum performance criteria detailed in subsections (2) and (3) of this section, as applicable, or shall be designed, fabricated, and installed in a manner which will support, based on the ultimate strength of the material, at least two (2) times the weight of the prime mover applied at the point of impact.

(e) The design objective shall be to minimize the likelihood of a complete overturn and thereby minimize the possibility of the operator being crushed as a result of a roll-over or upset.

(f) The design shall provide a vertical clearance of at least fifty-two (52) inches from the work deck to the ROPS at the point of ingress or egress.

(g) Remounting. ROPS removed for any reason shall be remounted with equal quality or better, bolts or welding as required for the original mounting.

(h) Labeling. Each ROPS shall have the following information permanently affixed to the structure:

1. Manufacturer or fabricator's name and address.

2. ROPS Model number, if any.

3. Machine make, model, or series number that the structure is designed to fit.

(i) Machines meeting certain existing governmental requirements. Any machine in use, equipped with roll-over protective structures, shall be deemed in compliance with this.
subsection if it meets the roll-over protective structure requirements of the state of California, the U.S. Army Corps of Engineers, or the Bureau of Reclamation of the U.S. Department of the Interior in effect on April 5, 1972. The requirements in effect are:

1. State of California: Construction Safety Orders, Issued by the Department of Industrial Relations pursuant to Division 5, Labor Code, §§ 3312, state of California.

(2) Minimum performance criteria for roll-over protective structures for designated scrapers, loaders, dozers, graders, and crawler tractors.

(a) General. This section prescribes minimum performance criteria for roll-over protective structures (ROPS) for rubber-tired self-propelled scrapers; rubber-tired front-end loaders and rubber-tired dozers; rubber-tracked scrapers; and motor graders. The vehicle and ROPS as a system shall have the structural characteristics prescribed in paragraph (f) of this subsection for each type of machine described in this paragraph.

(b) The static laboratory test prescribed herein will determine the adequacy of the structure under load to protect the operator under the following conditions:

1. For rubber-tired self-propelled scrapers, rubber-tired front-end loaders, and rubber-tired dozers: Operating between zero (0) and ten (10) miles per hour over hard clay where roll-over would be limited to a maximum roll angle of 360 degrees down a slope of thirty (30) degrees maximum.

2. For motor graders: Operating between zero (0) and ten (10) miles per hour over hard clay where roll-over would be limited to 360 degrees down a slope of thirty (30) degrees maximum.

3. For crawler tractors and crawler-type loaders: Operating between zero (0) and ten (10) miles per hour over hard clay where roll-over would be limited to a maximum roll angle of 360 degrees down a slope of forty-five (45) degrees.

(c) Facilities and apparatus.

1. The following material is necessary:

a. Material, equipment, and tie-down means adequate to insulate that the ROPS and its vehicle frame absorb the applied energy.

b. Equipment necessary to measure and apply loads to the ROPS. Adequate means to measure deflections and lengths should also be provided.

c. Recommended, but not mandatory, types of test setups are illustrated in Figure W-1 for all types of equipment to which this section applies; and in Figure W-2 for rubber-tired self-propelled scrapers; Figure W-3 for rubber-tired front-end loaders, rubber-tired dozers, and motor graders; and Figure W-4 for crawler tractors and crawler-type loaders.

2. Table W-1 contains a listing of the required apparatus for all types of equipment described in paragraph (a) of this subsection.

(d) Vehicle conditions. The ROPS to be tested must be attached to the vehicle structure in the same manner as it will be attached during vehicle use. A totally assembled vehicle is not required. However, the vehicle structure and frame which support the ROPS must represent the actual vehicle installation. All normally detachable windows, panels, or nonstructural fittings shall be removed so that they do not contribute to the strength of the ROPS.

The testing procedure shall include the following in the sequence indicated:

1. Energy absorbing capabilities of ROPS shall be verified when loaded laterally by incrementally applying a distributed load to the longitudinal outside top member of the ROPS, as shown in Figure W-1, W-2, or W-3, as applicable. The distributed load must be to result in approximately uniform deflection of the ROPS. The load increments should correspond with approximately five-tenths (0.5) inches ROPS deflection increment in the direction of the load application, measured at the ROPS top edge. Should the operator's seat be off-center, the load shall be applied on the off-center side.

2. Each applied load load shall be for a load (lb.) versus corresponding deflection (in.) shall be plotted, and the area under the load-deflection curve shall be calculated. This area is equal to the energy (in., lb.) absorbed by the ROPS. For a typical load-deflection curve and calculation method, see Figure W-5. In Figure W-1, incremental load shall be continued until the ROPS has absorbed the amount of energy and the minimum applied load specified under paragraph (f) of this subsection has been reached or surpassed. (See Figures for this section following the regulation.)

2. To verify the possibility of the vehicle coming to rest on its side, the support capability shall be verified by applying a distributed vertical load to the top of the ROPS so as to result in approximately uniform deflection (see Figure W-1). The load magnitude is specified in paragraph (f)2a of this subsection.

3. To verify the low temperature impact strength of the material used in the ROPS shall be verified by suitable material tests or material certification (see paragraph (f)2d of this subsection).

(f) Performance requirements.

1. General performance requirements.

a. No repairs or straightening of any member shall be carried out between each prescribed test.

b. During each test, no part of the ROPS shall enter the critical zone as detailed in SAE J397b, Society of Automotive Engineers Handbook, 1986. Deformation of the ROPS shall not allow the plane of the ground to enter this zone.

2. Specific performance requirements.
a. The energy requirement for purposes of meeting the requirements of paragraph (e) of this subsection is to be determined by referring to the plot of the energy versus weight of vehicle (see Figure W-6 for rubber-tired self-propelled scrapers; Figure W-7 for rubber-tired front-end loaders and rubber-tired dozers; Figure W-8 for crawler tractors and crawler-type loaders; and Figure W-9 for motor graders). For purposes of this subsection, force and weight are measured as pounds (lb.); energy (E) is measured as inch-pounds.

b. The applied load must attain at least a value of 204 (as determined by multiplying the vehicle weight by the corresponding factor shown in Figure W-10 for rubber-tired self-propelled scrapers; in Figure W-11 for rubber-tired front-end loaders and rubber-tired dozers; in Figure W-12 for crawler tractors and crawler-type loaders; and in Figure W-13 for motor graders).

c. The load magnitude for purposes of compliance with paragraph (e)2 of this subsection is equal to the vehicle weight. The test of load magnitude shall only be made after the requirements of subparagraph 2a of this paragraph are met.

d. Materials used in the ROPS must have the capability of performing at zero degrees Fahrenheit, or exhibit Charpy V notch impact strength of eight (8) foot-pounds at minus twenty (20) degrees Fahrenheit. This is a standard Charpy specimen as described in American Society of Testing and Materials A 370. Methods and Definitions for Mechanical Testing of Steel Products (available at the Central Office of the Kentucky Occupational Safety and Health Program). The purpose of this requirement is to reduce the tendency of brittle fracture associated with dynamic loading, low temperature operation, and stress raisers which cannot be entirely avoided on welded structures.

(e) Definitions. For purposes of this subsection, "vehicle weight" means the manufacturer's maximum weight of the prime mover for rubber-tired self-propelled scrapers. For other types of equipment to which this subsection applies, "vehicle weight" means the manufacturer's maximum weight of the vehicle plus the heaviest attachment.

(3) Protective frame (ROPS) test procedures and performance requirements for wheel-type agricultural and industrial tractors used in construction.

(a) General.

The purpose of this section is to set forth requirements for frames for the protection of operators of wheel type agricultural and industrial tractors to minimize the possibility of operator injury resulting from accidental upsets during normal operation. With respect to agricultural and industrial tractors, the provisions of subsections (b) and (c) of this section for rubber-tired dozers and rubber-tired loaders may be utilized in lieu of the requirements of this section.

2. The protective frame which is the subject of this standard is a structure mounted to the tractor that extends above the operator's seat and conforms generally to Figure W-16.

3. If an overhead weather shield is attached to the protective frame, it may be in place during tests. Provided, that it does not contribute to the strength of the protective frame. If such an overhead weather shield is attached, it must meet the requirements of paragraph (i) of this paragraph.

4. For overhead protection requirements, see subsection (4) of this section.

5. If protective enclosures are used on wheel-type agricultural and industrial tractors, they shall meet the requirements of the Society of Automotive Engineers Standard J349. Society of Automotive Engineers Handbook, 1966. Protective Enclosures, Tests, and Performance Requirements. This standard appears in the 1966 SAE Handbook and may be examined in the Central office of the Kentucky Occupational Safety and Health Program.

(b) Applicability. The requirements of this subsection apply to wheel-type agricultural tractors used in general industry work and to wheel-type industrial tractors used in general industry work. See paragraph (i) of this subsection for definitions of agricultural tractors and industrial tractors.

(c) Performance requirements.

1. Either a laboratory test or a field test is required in order to determine the performance requirements set forth in this paragraph.

2. A laboratory test may be either static or dynamic. The laboratory test must be under conditions of repeatable and controlled loading in order to permit analysis of the protective frame.

3. A field upset test, if used, shall be conducted under reasonably controlled conditions, both rearward and sideways to verify the effectiveness of the protective frame under actual dynamic conditions.

(d) Test procedures—general.

1. The tractor used shall be the tractor with the greatest weight on which the protective frame is to be used.

2. A new protective frame and mounting connections of the same design shall be used for each test procedure.

3. Instantaneous and permanent frame deformation shall be measured and recorded for each segment of the test.

4. Dimensions relative to the seat shall be determined with the seat unloaded and adjusted to its highest and most rearward latched position provided for a seated operator.
5. If the seat is offset, the frame loading shall be on the side with the least space between the centerline of the seat and the upright.

6. The lower temperature impact strength of the material used in the protective structure shall be verified by suitable material tests or material certifications in accordance with subsection (2)(f)(2) of this section.

(a) Test procedures for vehicle overturn.

Vehicle weight: The weight of the tractor, for purposes of this subsection, includes the protective frame, all fuel, and other components required for normal use of the tractor. Ballast must be added if necessary to achieve a minimum total weight of 130 lbs. (59 kg.) per maximum power takeoff horsepower at rated engine speed. The weight of the front end must be at least thirty-three (33) lb. (15 kg.) per maximum power takeoff horsepower. In case power takeoff horsepower is unusable, ninety-five (95) percent of net engine flywheel horsepower shall be used.

2. Agricultural tractors shall be tested at the weight set forth in subparagraph 1 of this paragraph.

3. Industrial tractors shall be tested with items of integral or mounted equipment and ballast that are sold as standard equipment or approved by the vehicle manufacturer for use with the vehicle where the protective frame is expected to provide protection for the operator with such equipment installed. The total vehicle weight and front end weight as tested shall not be less than the weights established in subparagraph 1 of this paragraph.

4. The test shall be conducted on a dry, firm soil bank as illustrated in Figure W-12. The soil in the impact area shall have an average cone index of 0-6 inch (152 mm.) layer not less than 150 according to American Society of Agricultural Engineers Recommendation ASAE R313, Soil Cone Penetrometer (available in the Central Office of the Kentucky Occupational Safety and Health Program). The path of travel of the vehicle shall be 12° to the top edge of the bank.

5. The upper edge of the bank shall be equipped with an eighteen (18) inch (457 mm.) high ramp as described in Figure W-15 to assist in tipping the vehicle.

6. The front and rear wheel tread settings, where adjustable, shall be at the position nearest to halfway between the minimum and maximum settings obtainable on the vehicle. Where only two (2) settings are obtainable, the minimum setting shall be used.

7. Vehicle overturn test—sideways and rearward.

a. The tractor shall be driven under its own power along the specified path of travel at a speed of ten (10) m.p.h. (16 km./hr.) or maximum vehicle speed if under ten (10) m.p.h. (16 km./hr.) up the ramp as described in subparagraph 5 of this paragraph to induce sideways overturn.

b. Rear upset shall be induced by engine power with the tractor operating in gear to obtain 3-5 m.p.h. (4.8 km./hr.) at maximum governed engine r.p.m. preferably by driving forward directly up a minimum slope of two (2) vertical to one (1) horizontal. The engine clutch may be used to aid in inducing the upset.

f) Other test procedures. When the field upset test is not used to determine ROPS performance, either the static test or the dynamic test, contained in paragraph (g) or (h) of this subsection, shall be made.

(g) Static test.

1. Test conditions.

a. The laboratory mounting base shall include that part of the tractor chassis to which the protective frame is attached including the mounting parts.

b. The protective frame shall be instrumented with the necessary equipment to obtain the required load deflection data at the location and directions specified in Figures W-16, W-17, and W-18.

c. The protective frame and mounting connections shall be instrumented with the necessary recording equipment to obtain the required load-deflection data to be used in calculating FSB (see paragraph (1)(3) of this subsection). The gauges shall be placed on mounting connections before the installation load is applied.

2. Test procedure.

a. The side load application shall be at the upper extremity of the frame upright at a ninety (90) degree angle to the centerline of the vehicle. This side load "L" shall be applied according to Figure W-16. "L" and "M" shall be recorded simultaneously. The test shall be stopped when:

(i) The strain energy absorbed by the frame is equal to the required input energy (E_{r}); or

(ii) Deflection of the frame exceeds the allowable deflection or

(iii) The load limit occurs before the allowable deflection is reached in the side load.

b. The L-M diagram, as shown by means of a typical example in Figure W-19, shall be constructed, using the data obtained in accordance with clause (a) of this subparagraph.

c. The modified L-M diagram shall be constructed according to clause (ii) of this subparagraph and according to Figure W-20, the strain energy absorbed by the frame (E_r) shall then be determined.

d. E_{r}, FER, and FSB shall be calculated.

e. The test procedure shall be repeated on the same frame utilizing (rear input: see Figure W-18) and E_{r}. Rear load application shall be uniformly distributed along a maximum projected dimension of twenty-seven (27) inches (686 mm.) and a maximum area of one (1) square inch (1132 sq. cm.) normal to the direction of load application. The load shall be applied at the upper extremity of the frame at the point which is midway between the centerline of the seat and the inside of the frame upright.

(b) Dynamic test.

1. Test conditions.

a. The protective frame and tractor shall meet the requirements of paragraph (e) or (3) of this subsection as appropriate.

b. The dynamic loading shall be produced by use of a 4,410 lb. (2,000 kg.) weight acting as a pendulum. The impact face of the weight shall be twenty-seven (27) plus or minus one (1) inch by twenty-seven (27) plus or minus one (1) inch (686 + or - 25 mm.) and shall be constructed so that its center of gravity is within one (1) inch (25.4 mm.) of its geometric center. The weight shall be suspended from a pivot point 18-22 feet (5.5-6.7 m.) above the point of impact on the frame and shall be conveniently and safely adjustable for height. (See Figure...
c. For each phase of testing, the tractor shall be restrained from moving when the dynamic load is applied. The restraining members shall be of 0.50-0.63 inch (12.5-16 mm.) steel cable and points of attaching restraining members shall be located an appropriate distance behind the rear axle and in front of the front axle to provide a 15°-30° angle between a restraining cable and the horizontal. The restraining member shall be in the plane in which the center of gravity of the pendulum will swing or more than one (1) restraining cable shall give a resultant force in this plane. (See Figure W-22).

d. The wheel tread setting shall comply with the requirements of paragraph (g) of this subsection. The tires shall have no liquid ballast and shall be inflated to the maximum pressure recommended by the tire manufacturer. With specified tire inflation, the restraining cables shall be tightened to provide tire deflection of 6-8 percent of nominal tire section width. After the vehicle is properly restrained, a wooden beam 3 x 6 in. x 15 ft. long shall be driven tightly against the appropriate wheels and clamped. For the test to the side, an additional wooden beam shall be placed as a prop against the wheel nearest the operator's station and shall be secured to the floor so that it is held tightly against the wheel rim during impact. The length of this beam shall be chosen so that when it is positioned against the wheel rim, it is at an angle of 25°-40° to the horizontal. It shall have a length 20-25 times its depth and a width two (2) to three (3) times its depth. (See Figures W-22 and W-23.)

e. Means shall be provided indicating the maximum instantaneous deflection along the line of impact. A simple friction device is illustrated in Figure W-23.

f. No repair or adjustments may be carried out during the test.

g. If any cables, props, or blocking shift or break during the test, the test shall be repeated.

h. Test procedure.

a. General. The frame shall be evaluated by imposing dynamic loading to rear followed by a load to the side on the same frame. The pendulum dropped from the height (see definition "H" in paragraph (1) of this subsection) imposes the dynamic load. The position of the point of impact shall be so selected that the initial point of impact on the frame shall be in line with the arc of travel of the center of gravity of the pendulum. A quick release mechanism should be used, but, if used, shall not influence the attitude of the block.

b. Impact at rear. The tractor shall be properly restrained according to subparagraphs (c) and (d) of this paragraph. The tractor shall be positioned with respect to the pivot point of the pendulum such that the pendulum is twenty (20) degrees from the vertical prior to impact. As shown in Figure W-22. The impact shall be to the upper extremity of the frame at the point which is midway between the centerline of the seat and the inside of the frame upright of a new frame.

c. Impact at side. The block and restraining shall conform to subparagraphs (c) and (d) of this paragraph. The point of impact shall be that structural member of the protective frame likely to hit the ground first in a sideways accidental upset. The side impact shall be applied to the side opposite that used for rear impact.

1. Performance requirements.

a. The frame, overhead weather shield, fenders, or other parts in the operator area may be deformed but shall not shatter or leave sharp edges exposed to the operator, or violate dimensions as shown in Figures W-16 and W-17 as follows:

D = 2 in. (51 mm.) inside of frame upright to vertical centerline of seat.
E = 30 in. (762 mm.)
F = Not less than 0 in. and not more than 12 in. (305 mm.) measured at centerline front of seat backrest to crossbar along the line of load application as shown in Figure W-17,
G = 24 in. (610 mm.)

b. The material and design combination used in the protective structure must be such that the structure can withstand performance tests at zero degrees Fahrenheit in accordance with subsection (2)(f)(2)d.

2. Vehicle overturn performance requirements. The requirements of this paragraph must be met in both side and rear overturns.

3. Static test performance requirements. Design factors shall be incorporated in each design to withstand an overturn test as prescribed in this paragraph. The structural requirements will be generally met if FFR is greater than one (1) and FSB is greater than K-1 in both side and rear loads.

4. Dynamic test performance requirements. Design factors shall be incorporated in each design to withstand the overturn test prescribed in this paragraph. The structural requirements will be generally met if the dimensions in this paragraph are adhered to in both side and rear loads.

(3) Definitions applicable to this section.

1. SAE J1194, Society of Automotive Engineers Handbook, 1986. Operator Protection for Wheel-Type Agricultural and Industrial Tractors (1983) defines "agricultural tractor" as a wheel-type vehicle of more than 20 engine horsepower designed to furnish the power to pull, carry, propel, or drive implements that are designed for agricultural usage. Since this subsection applies only to general industry work, the following definition of "agricultural tractor" is adopted for purposes of this regulation: "Agricultural tractor" means a wheel-type vehicle of more than twenty (20) engine horsepower used in general industry work which is designed to furnish the power to pull, propel, or drive implements.

2. "Industrial tractor" means that class of wheel-type tractor of more than twenty (20) engine horsepower (other than rubber-tired loaders and dozers described in subsection (2) of this section) used in operations such as landscaping, loading, digging, grounds keeping, and highway maintenance.

3. The following symbols, terms, and explanations apply to this section:

\[ E_{ix} = \text{Energy input to be absorbed during side loading} \]
\[ E_{ix}^* = 723 + 0.4H \text{ ft.-lb.} \]
\[ E_{ix} = 100 + 0.12W, \text{ m.-kg.} \]
\[ E_{ix} = \text{Energy input to be absorbed during rear} \]
loading. \( \frac{\text{W}}{\text{L}} = 0.47 \) W ft.-lb. \((\text{E} = 0.14 \text{ W}^{-1} \text{ m}^{-1} \text{ kg}^{-1})\). W = Tractor weight as prescribed in subsection (3)(a) and (3)(b), in lb. \((\text{W} \text{ lb})\). L = Static load, lb. \((\text{L} \text{ lb})\). D = Deflection under L in. \((\text{D} \text{ in})\).

\( \text{L} = \text{Static load-deflection diagram.} \)

\( \text{L} = \text{Modified static load-deflection diagram (Figure W-20).} \)

To account for increase in strength due to increase in strain rate, raise \( \text{L} \) in plastic range to \( \text{L} \times \text{K} \), where \( \text{K} = \text{in increase in yield strength induced by higher rate of loading (1.3 for hot rolled low carbon steel 1010-1030). Low carbon is preferable; however, if higher carbon or other materials is used, K must be determined in the laboratory.} \)

\( \text{P} = \text{Maximum observed static load.} \)

\( \text{Load Limit} = \text{Point on L-D curve where observed static load is 0.8 \text{Lmax} (refer to Figure W-19).} \)

\( \text{E} = \text{Strain energy absorbed by the frame, ft.-lb. (\text{E} \text{ ft}-\text{lb})}\).

\( \text{F} = \text{Factor of energy ratio, \text{F} = \text{E} \text{\text{L}}_{\text{ES}} = \text{E} \text{\text{L}}_{\text{ES}}.} \)

\( \text{F} = \text{Factor of energy ratio, \text{F} = \text{E} \text{\text{L}}_{\text{ES}} = \text{E} \text{\text{L}}_{\text{ES}}.} \)

\( \text{FSB} = \text{Design margin for mounting connection FSB} = (\text{P} \text{L})^{-1} \).

\( \text{H} = \text{Vertical height of lift of 4.410 lb. (2.000 kg) weight, in. (H)', mm.} \)

\( \text{The weight shall be pulled back so that the height of its center of gravity above the point of impact is defined as follows:} \)

\( \text{H} = 4.92 \times 0.001090 \text{ W} \text{ or} (\text{H}') = 125 \times 4.07 \text{ W} \text{ (Figure W-24).} \)

(k) Source of standard. The standard in this section is derived from, and restates, Society of Automotive Engineers Standard J1135, Society of Automotive Engineers Handbook, 1986. Protective Frame Test Procedures and Performance Requirements. This standard shall be referred to in the event that questions of interpretation arise. The standard appears in the 1986 SAE Handbook, which may be examined in the Central Office of the Kentucky Occupational Safety and Health Program.

(4) Overhead protection for operators of agricultural and industrial tractors.

(a) General.

1. Purpose. When overhead protection is provided on wheel-type agricultural and industrial tractors, the overhead protection shall be designed and installed according to the requirements contained in this subsection. The provisions of subsection (2) of this section for rubber-tired dozers and rubber-tired loaders may be used in lieu of the standards contained in this subsection. The purpose of the standard is to minimize the possibility of operator injury resulting from overhead hazards such as flying and falling objects, and at the same time to minimize the possibility of operator injury from the cover itself in the event of accidental upset.

2. Applicability. This standard applies to wheel-type agricultural tractors used in general industry work and to wheel-type industrial tractors used in general industry work.

(b) Overhead protection. When overhead protection is installed on wheel-type agricultural or industrial tractors used in general industry work, it shall meet the requirements of this paragraph. The overhead protection may be constructed of solid material. If grid or mesh is used, the largest permissible opening shall be such that the maximum circle which can be inscribed between the elements of the grid or mesh is 1.5 in. (38 mm.) in diameter. The overhead protection shall not be installed in such a way as to become a hazard in the case of upset.

(f) Test procedures - general.

1. The requirements of subsection (3)(d), (e), and (f) of this section shall be met.

2. Static and dynamic rear load application shall be uniformly distributed along a maximum projected dimension of 27 in. (686 mm.) and a maximum area of 160 in.² (1,032 cm.²) normal to the direction of load application. The load shall be applied to the upper extremity of the frame at the point which is midway between the centerline of the seat and the inside of the frame upright.

3. The static and dynamic side load application shall be uniformly distributed along a maximum projected dimension of 27 in. (686 mm.) and a maximum area of 160 in.² (1,032 cm.²) normal to the direction of load application. The direction of load application is the same as in subsection (3)(g) and (h) of this section. To simulate the characteristics of the structure during an upset, the center of the load application shall be located from a point 24 in. (610 mm.) (K) forward to 12 in. (305 mm.) (L) rearward of the front of the seat backrest to best utilize the structural strength. See Figure W-25.

(d) Drop test procedures.

1. The same frame shall be subjected to the drop test following either the static or dynamic test.

2. A solid steel sphere or material of equivalent spherical dimension weighing 100 lb. (45.4 kg.) shall be dropped once from a height 10 ft. (3.048 mm.) above the overhead cover.

3. The point of impact shall be on the overhead cover at a point within the zone of protection as shown in Figure W-26, which is furthest removed from major structural members.

(e) Crush test procedures.

1. The same frame shall be subjected to the crush test following the drop test and static or dynamic test.

2. The test load shall be applied as shown in Figure W-27 with the seat positioned as specified in subsection (3)(d)(4) of this section. Loading cylinders shall be pivotally mounted at both ends. Loads applied by each cylinder shall be equal within two (2) percent, and the sum of the loads of the two (2) cylinders shall be two (2) times the tractor weight as set forth in subsection (3)(e) of this section. The maximum width of the beam illustrated in Figure W-27 shall be 6 in. (152 mm.).

(f) Performance requirements.

1. General. The performance requirements set forth in subsection (3)(e) of this section shall be met.

2. Drop test performance requirements.

(a) Instantaneous deformation due to impact of the sphere shall not enter the protected zone as illustrated in Figure W-25, W-26, and W-28.

(b) In addition to the dimensions set forth in subsection (3)(e)(a) of this section, the following dimensions apply to Figure W-28:

1. \( \text{W} = 0.75 \text{ in. (444 mm.)} \)
2. \( \text{W} = 0.3 \text{ in. (50.8 mm.)} \) measured from the outer periphery of the steering wheel.
3. Crush test performance requirements. The protected zone as described in Figure H-28 must not be violated.

(g) Source of standard. This standard is derived from, and restates, the portions of Society of Automotive Engineers Standard J167, Society of Automotive Engineers Handbook, 1986, which pertain to overhead protection requirements. The full title of the SAE standard is: Protective Frame with Overhead Protection-Test Procedures and Performance Requirements. The SAE standard shall be referred to in the event that questions of interpretation arise. The SAE standard appears in the 1986 SAE Handbook, which may be examined in the Central Office of the Kentucky Occupational Safety and Health Program.

APPROVED BY AGENCY: June 4, 1986
FILED WITH LRC: June 13, 1986 at 11 a.m.

PUBLIC HEARING SCHEDULED: A public hearing concerning these regulations has been scheduled for July 25, 1986 at 1 p.m. (EST), to be held at the Kentucky Labor Cabinet, U.S. 127 Building South, Bay 2 Conference Room, Frankfort, Kentucky. Those interested in attending must provide by July 20, 1986, written notice to Mr. Guy Schoolfield, Kentucky Labor Cabinet, Division of Education and Training, OSH Assistance Branch, U.S. 127 Building South, Frankfort, Kentucky 40601.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Guy Schoolfield

(1) Type and number of entities affected: These amendments will affect those general industry workplaces which use off-road vehicles such as front-end loaders, scrapers, bulldozers, off-highway trucks, graders, and similar equipment in non-construction related activities.

(a) Direct and indirect costs or savings to those affected: No costs or savings will be incurred by the affected establishments as a result of these amendments as these types of vehicles are manufactured complying with these regulations.

1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs (note any effects upon competition):
(b) Reporting and paperwork requirements: No additional reports or records are required by these amendments.

(2) Effects on the promulgating administrative body:
(a) Direct and indirect costs or savings: No costs or savings to the Kentucky OSH Program will occur as a result of these amendments.

1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements: No additional reports or records are required by these amendments.

(3) Assessment of anticipated effect on state and local revenues: These amendments will have no effect on state and local revenues.

(4) Assessment of alternative methods; reasons why alternatives were rejected: N/A

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: No statutes, rules, regulations, or governmental policies conflict, overlap, or duplicate these amendments.

(a) Necessity of proposed regulation if in conflict:
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:
(6) Any additional information or comments: None

Tiering:
Was tiering applied? No. The Occupational Safety and Health Program targets its scheduled inspections toward those industries or firms that pose higher risks to worker health and safety or from which the OSH Program has received worker complaints.

LABOR CABINET
Department of Workplace Standards
Kentucky Occupational Safety and Health
(Proposed Amendment)

RELATES TO: KRS Chapter 338
PURSUANT TO: KRS Chapter 338

NECESSITY AND FUNCTION: KRS 338.051 and 338.057 authorize the Kentucky Occupational Safety and Health Standards Board to adopt and promulgate occupational safety and health rules and regulations, and standards. Express authority to adopt by reference established federal standards and national consensus standards is also given to the board. The following regulation contains those standards to be enforced by the Division of Occupational Safety and Health Compliance in the area of general industry. The standards are arranged in numerical order in order to facilitate reference to 29 CFR 1910.

Section 7. The Occupational Safety and Health Standards Board hereby adopts Chapter 29, Part 1910 of the Code of Federal Regulations revised as of July 1, 1984, published by the Office of the Federal Register, National Archives and Records Services, General Services Administration. These standards are hereby adopted by reference with the following additions, exceptions, deletions, and deletions:

(1) 29 CFR 1910.1 shall read as follows:
"The provisions of this regulation adopt and extend the applicability of established federal standards contained in 29 CFR Part 1910 to all employers, employees, and places of employment throughout the Commonwealth except those excluded in KRS 338.021."

(2) 29 CFR Part 1910.2 shall read as follows:
As used in this part, unless the context clearly requires otherwise:
(a) "Act" means KRS Chapter 338.
(b) "Assistant Secretary of Labor" means the Assistant Secretary of Labor, Commonwealth of Kentucky.
(c) "Employee" means any entity for whom or on whose behalf a person is employed except those employers excluded in KRS 338.021.
(d) "Employee" means any person employed except those employees excluded in KRS 338.021.
(e) "Standard" means a standard which requires compliance with the adoption or use of one (1) or more practices, means, methods, operations, or processes, reasonably necessary or appropriate to provide safe and healthful employment. "Standard" has the same meaning as and includes the words "regulation" and "rule."
(f) "National Consensus Standard" means any occupational safety and health standard or modification thereof which has been adopted and promulgated by a nationally recognized standards-producing organization.
(g) "Established federal standard" means any operative occupational safety and health standard established by any agency of the United States Government.
(h) "Auditorium" means any auditorium required by the authority designated by the employee, required by law to report information to the U.S. Department of Labor.

(b) 29 CFR 1910.20(e)(1)(i) is amended to read "Whenever an employer or designated representative requests access to an exposure or medical record, the employer shall assure that access is provided in a reasonable time, place, and manner, but no longer than fifteen (15) days after the request for access is made unless sufficient reason is given why such a time is unreasonable or impractical."

(b) 29 CFR 1910.20(e)(1)(ii) is amended to read "Whenever an employer or designated representative requests a copy of a record, the employer shall, except as specified in (v) of this section, within the period of time previously specified assure that either:"
(c) 29 CFR 1910.20(e)(1)(v) is added and shall read "Original x-ray film will be made available to the employee and/or designated representative for inspection, review, and duplication under the supervision of the employer or his designee. The employer is not required to bear the cost of duplication of x-ray film."
(d) 29 CFR 1910.20(g)(1) is amended to read "(g) Upon an employee's first entering into employment, and at least annually thereafter, each employer shall inform each employee exposed to toxic substances or harmful physical agents of the following:
(e) 29 CFR 1910.20(g)(2) is amended to read "Each employer shall make readily available to employees any informational materials concerning this standard which are provided to the employer by the Assistant Secretary of Labor for Occupational Safety and Health."
(f) (41) Subparagraph 29 CFR 1910.23(a)(7) shall be amended to read as follows: "Every temporary or permanent floor opening shall have standard railings, or shall be constantly attended by someone."

(5) (15) 29 CFR 1910.95 "Hearing Conservation Program" is amended as follows:
(e) 29 CFR 1910.95(h)(1) shall read: Audiometers tests shall be pure tone, air conduction, hearing threshold examinations with test frequencies including as a minimum 500, 1,000, 2,000, 3,000, 4,000, and 6,000 Hz. Testing at 8,000 Hz must be included in the audiometers tests for employers using audiometers with that capacity and all audiometers tests must include 8,000 Hz after January 15, 1985.
(b) 29 CFR 1910.95(h)(4) shall read: Audiometers examinations shall be administered in a room meeting the requirements listed in Appendix D: Audiometer Test Rooms. When an audiometer test room is located in a mobile test van, background sound pressure level measurements shall be taken at each testing location.
(c) 29 CFR 1910.95(h)(5)(ii) shall read: Audimeter calibration shall be checked acoustically at least annually in accordance with Appendix E: Audiometer Calibration of Audiometers. Test frequencies below 500 Hz and above 8,000 Hz (6,000 Hz until January 15, 1985 for audiometers without 8,000 Hz capability) may be omitted from this check. Deviations of fifteen (15) decibels or greater require an
exhaustive calibration.

(d) 29 CFR 1910.95(f)(5)(iii) shall read: An exhaustive calibration shall be performed at least every two (2) years in accordance with sections 4.1.2; 4.1.3; 4.1.4.3; 4.2; 4.4.1; 4.4.2; 4.4.3; and 4.5 of the American National Standard Specification for Audiometers, S3.6-1969. Test frequencies below 500 Hz and above 8,000 Hz (6,000 Hz until January 15, 1985 for audiometers without 8,000 Hz capability) may be omitted from this calibration.

(e) 29 CFR 1910.95(l)(1) shall read: The employer shall make available to affected employees or their representatives copies of this standard and shall also post a notice of the availability of this standard in the workplace.

(f) 29 CFR 1910.95(o) shall read: Paragraphs (c) through (n) of this section shall not apply to employers engaged in oil and gas well drilling and servicing operations, agriculture, or construction.

(g) 29 CFR 1910.95 Appendix E shall read: Acoustic Calibration of Audiometers.

This Appendix is Mandatory.

Audiometer calibration shall be checked acoustically, at least annually, according to the procedures described in this Appendix. The equipment necessary to perform these measurements is a sound level meter, octave-band filter set, and a National Bureau of Standards 9A coupler. In making these measurements, the accuracy of the calibrating equipment shall be sufficient to determine that the audiometer is within the tolerances permitted by American National Standard Specification for Audiometers, S3.6-1969.

1. Sound Pressure Output Check.
   a. Place the earphone coupler over the microphone of the sound level meter and place the earphone on the coupler.
   b. Set the audiometer's hearing threshold level (HTL) dial to seventy (70) dB.
   c. Measure the sound pressure level of the tones at each test frequency from 500 Hz through 8,000 Hz (6,000 Hz until January 15, 1985 for audiometers without 8,000 Hz capability) for each earphone.
   d. At each frequency the readout on the sound level meter should correspond to the levels in Table E-1 or Table E-2, as appropriate, for the type of earphone, in the column entitled "sound level meter reading."
   e. Linearity check.
      a. With the earphone in place, set the frequency to 1,000 Hz and the HTL dial on the audiometer to seventy (70) dB.
      b. Measure the sound levels in the coupler at each ten (10) dB decrement from seventy (70) dB to ten (10) dB, noting the sound level meter reading at each setting.
      c. For each ten (10) dB decrement on the audiometer the sound level meter should indicate a corresponding ten (10) dB decrease.
      d. This measurement may be made electrically with a voltmeter connected to the earphone terminals.
   3. Tolerances.

When any of the measured sound levels deviate from the levels in Table E-1 or Table E-2 plus or minus three (3) dB from any test frequency between 500 and 3,000 Hz, four (4) dB at 4,000 Hz, or five (5) dB at 6,000 Hz and 8,000 Hz, an exhaustive calibration is advised. An exhaustive calibration is required if the deviations are greater than ten (10) dB at any test frequency.

(8) [77] 29 CFR 1910.106 "flammable and combustible liquids" is amended as follows: 29 CFR 1910.106(a)(3) shall read: "The term automotive service station, or service stations, shall mean those that contain property where flammable or combustible liquids used as motor fuel are stored and dispensed from fixed equipment and into the fuel tanks of motor vehicles and shall include any facilities available for the sale and servicing of tires, batteries, accessories and for minor automotive maintenance work and shall also include private stations not accessible or open to the public such as those used by commercial, industrial, or governmental establishments. This section shall not apply to agriculture."

(9) [88] 29 CFR 1910.134 is amended as follows:

(b) 29 CFR 1910.134(d) the third sentence shall read: "Breathing air shall meet the requirements of the specification for Grade D breathing air as described in Compressed Gas
Association Commodity Specification G-7.1 - 1973:

(c) 29 CFR 1910.134(g) shall read:
Identification of Air-Purifying Respirator Canisters and Cartridges.

1. The primary means of identifying an air-purifying respirator canister or cartridge shall be by means of properly worded labels. The secondary means of identifying an air-purifying respirator canister or cartridge shall be by an identifying color or colors.

2. All who issue or use air-purifying respirators falling within the scope of this standard shall ensure that all canisters and cartridges purchased or used by them are properly labeled and colored in accordance with this standard before they are placed in service and that the labels and colors are properly maintained at all times thereafter until the canisters and cartridges have completely served their purpose. The user shall refer to the label wording to determine the type and degree of protection the canister or cartridge will afford.

On each air-purifying respirator canister and cartridge, the following shall appear in bold letters:

**CANISTER FOR**

(Name of atmospheric contaminant)

**CARTRIDGE FOR**

(Name of atmospheric contaminant)

In addition, either or both of subparagraphs a and b of this paragraph, and subparagraph (c) of this paragraph, shall appear beneath the appropriate phrase on the canister or cartridge label.

a. For respiratory protection in atmospheres containing not more than by volume of

(Name of atmospheric contaminant)

(b) For respiratory protection in atmospheres containing

(Type of particulate contaminant)

c. Do not use in atmospheres containing less than nineteen and five-tenths (19.5) percent oxygen by volume at sea level.

4. Each respirator canister or cartridge, or canister or cartridge label, shall be a distinctive color as indicated in Table I-1. The color coating used shall offer a high degree of resistance to changes such as chipping, scaling, peeling, blistering, and fading, and to the effects of ordinary atmospheres to which they may be exposed under normal conditions of storage and use.

CABINET FOR HUMAN RESOURCES
Department for Health Services
(Proposed Amendment)

502 KAR 8:020. Policies and procedures for local health department operations.

RELATES TO: KRS Chapter 212
PURSUANT TO: KRS 194.050, 211.090, 211.170, 211.180, 213.410
NECESSITY AND FUNCTION: KRS 211.170 directs the Cabinet for Human Resources to establish policies governing the activities of local health departments. This regulation adopts various manuals setting policies and standards for health departments.

Section 4. Medical Records System Policy and Procedure Manual for Local Health Departments in Kentucky. The policies and procedures set forth in the May 1, 1984, edition of the "Medical Records System Policy and Procedure Manual for Local Health Departments in Kentucky" governing the development and maintenance of medical records in local health departments are hereby adopted by reference.

Section 10. Sudden Infant Death Syndrome Program. The policies set forth in the January 1, 1985, edition of the "Sudden Infant Death Syndrome Program" manual governing the operation of the Sudden Infant Death Syndrome Program conducted by local health departments are hereby adopted by reference.

Section 11. Standards for Genetic Disease Testing, Counseling and Education Services Program. The policies set forth in the October 15, 1985, edition of the "Standards for Genetic Disease Testing, Counseling and Education Services Program" manual governing the operation of genetic disease testing and counseling clinics conducted by local health departments are hereby adopted by reference.

Section 12. Standards for Regional Pediatric Clinics. The policies set forth in the October 15, 1985, edition of the "Standards for Regional Pediatric Clinics" manual governing the operation of regional pediatric programs conducted by local health departments are hereby adopted by reference.

Section 15. Location of Manuals Referenced in This Regulation. A copy of each manual referenced in this regulation is on file in the Office of the Commissioner for Health Services, 275 East Main Street, Frankfort, Kentucky, and is open to public inspection.

Section 16. Summary of Amendment. (1) In relation to Section 2 relating to the Financial Management Manual, the "Accounting, Auditing and Financial Reporting Policies and Procedures Section" is being revised by adding OMB Circular A-122, "Audits of State and Local Governments," to the audit standards that local health departments must meet. With this change, the scope of the audit will be expanded to require additional work in internal systems, compliance testing and additional reporting for federally assisted programs conducted by local health departments. [5 relating to the Manual for local health departments, the Manual has been revised effective July 1, 1986 as follows:]

[(a) The Planning format, as specified in the Introduction, has been adjusted for program areas where services are unplanned and offered on demand; programs administered outside the confines of the Cabinet for Human Resources will no longer require preparation of a formal plan.] [(b) The Planning Schedule has been revised as the significant activities within the planning process have been rescheduled.] [(c) Under categories of Environmental Plans, reporting area 685 Private Sewage has been added to provide a mechanism to recognize on-site waste systems previously installed.] [(d) Under categories of Medical Plans, reporting areas 705 and 884 have received name changes and 878 has been reinstated.] [(2) In relation to Section 6 relating to the Standards Manual for local health departments, the Manual has been revised and republished in entirety to be effective July, 1986. In addition to minor changes for clarity, updating statistical data and terminology, the following substantive changes were made:] [(a) All existing Environmental Program Standards were revised for clarity without change in content except that the Private Water Standards were changed to reinstate bacteriological sample analysis upon request to the local health department.] [(b) Standards were added for the newly created Private Sewage Program.] [(c) Within the Genetic Disease Program Standards the following major changes were made:] [1. The program mandate is no longer Federal SPRANS Funding:] [(2) Minimum service levels include a target of seven (7) scheduled patients per clinic; and] [(3) Service periodicity has been reduced to a total of four (4) clinics per year.] [(d) The Hearing Conservation Program Standards were revised to clarify the role of local health departments and the Kentucky Commission for Handicapped Children in the delivery of services.] [(e) Prenatal Program Standards have been revised to include a change in the requested format of the program plans reducing the size of the plan to be submitted simplifying the planning process without any change in the scope of services.] [(f) The major changes within the MCH-Nutrition Standards are as follows:] [(1) A copy of the assessment of nutritional needs of the area served shall be submitted with the original program plan] [2. Performance criteria and personnel]
operations were changed to guarantee that an appropriate level of services will be provided by the registration program. Further, the first nutrition counseling was changed to require documentation of physician requests for therapeutic counseling; and

[4. Submission of quarterly expenditure reports are no longer required.]

[g] Problem indicators within the Investigation Program Standards relating to the percentage of two (2) year olds immunized at the health department and vaccine supply utilization efficiency have been deleted since this information is now available at the state level.

[11] Home Health Program Standards have been revised in their entirety. Specifically, both operational and performance criteria have been revised to reflect and promote the operation of a more efficient and cost effective home health program in conformance with Medicare's and Medicaid's stringent reimbursement and programmatic policies, rules and regulations.

[i] Program Standards were revised to include the purpose, rationale and goals of the Health Education Program Standards.

[j] The Preventacare Program Standards have been deleted because federal funding has been eliminated.

[k] In addition to minor text changes, significant revisions in the Family Planning Standards are as follows:

[1] The population now includes all women age thirteen (13) through nineteen (19). [2] The percentage of need to be met has been 100 dollars per visit for up to 150 visits per year.

[l] Program Standards for the Well Child and EPSDT Programs have been changed to reflect an automated reporting system and the coding requirements of that system.

[m] Significant revisions in the WIC Program Standards are as follows:

[1] Section I, when a local agency reaches its authorized enrollment, the local agency shall contact the state agency to determine if additional funds are available for a case load increase prior to implementing the priority system; agencies shall strive to increase priority I-III individuals to eighty-one (81) percent as follows: priority I - twenty-five (25) percent, priority II - sixteen (16) percent, priority III - forty (40) percent; and the criterion that an annual participation rate of sixty (60) percent shall be maintained has been deleted.

[2] Section II, to facilitate referral into other programs and to promote integration of services, it is strongly recommended that a physician or nurse perform the health assessment; and, battery operated hemoglobinometers may not be used in obtaining hemoglobin levels as a part of the WIC certification process.

[n] The Cancer Program Standards were revised to:

[1] Include information on smoking and its effect on health, particularly lung cancer.

[2] Require an adult history to be completed on all women receiving cancer services.

[3] Increase state allocations to local health departments from twenty (20) dollars to twenty-five (25) dollars for each woman receiving cancer services in the forty-five (45) and over age group and from twelve (12) dollars to fifteen (15) dollars for each screening in the under forty-five (45) age group.

[4] Increase the average allowable cost per patient from thirty (30) dollars to thirty-five (35) dollars; and

[5] Recommend that the specific nomenclature used in laboratory reports be used in negotiating with a cytology laboratory.

[6] Within the Diabetes Program Standards the following significant changes were made:

[1] The medical record will include an adult history form on all clients receiving comprehensive education and counseling through the local health department and a nutrition assessment when appropriate.

[2] Diagnosed diabetics will be reported on the PSRS using the ICD-9-CM Code 250, and local health department should use the 600 Code marking when providing individualized education and counseling to diabetics, with special emphasis on the elimination of tobacco use and

[3] A method was established for reimbursing local health departments for direct monitoring of persons with diabetes at a rate not to exceed ten (10) dollars per visit for up to 180 visits per year.

[p] Program Standards for the Well Child and EPSDT Programs have been changed to reflect an automated reporting system and the coding requirements of that system.

[q] Within the Hypertension Program, the Standards were changed to:

[1] Require an adult history to be completed for monitored patients and to recommend completing the Eating Habits Screening Checklist as part of the nutrition assessment;

[2] Delete requirement that health service code 808 be utilized to designate hypertensives not enrolled in the monitoring program and require that health service code 100 be utilized instead;

[3] Require ICD-9-CM "401..." for reporting all hypertensive patients receiving health department services;

[4] Allowable average cost per patient monitored in the local health department was increased from sixty (60) dollars to eighty-five (85) dollars; and

[q] Local health departments are required to maintain a copy of Salt: The Brand Name Guide to Sodium Content in their libraries as a reference document.

[r] New standards have been added for the Child Restraint Program to ensure services are provided in accordance with acceptable standards of practice.

[s] Standards for Heart Disease and Rheumatic Fever have been deleted because these programs are no longer administered by the health department.

CABINET FOR HUMAN RESOURCES
Department for Employment Services
Division of Unemployment Insurance
(Proposed Amendment)

903 KAR 5:250. Unemployment insurance procedures.

RELATES TO: KRS 341.005 through 341.990
PURSUANT TO: KRS 13A.100, 194.050(1), 341.115
NECESSITY AND FUNCTION: Title III of the Social Security Act authorizes the states to implement unemployment insurance programs. The Cabinet for Human Resources is authorized by KRS 194.050 to adopt such rules and regulations as are necessary to implement programs mandated by federal law or to qualify for receipt of federal funds and as are necessary to cooperate with federal agencies for the proper administration of the cabinet and its programs. The function of this regulation is to implement the procedures required to administer the unemployment insurance program in accordance with applicable state and federal laws and regulations.

Section 1. In order to facilitate the administration of the unemployment insurance program as authorized by Title III of the Social Security Act and KRS Chapter 341, the following operating manuals are adopted by reference:
(1) Unemployment Insurance Local Office Manual as issued February, 1984 and last revised May 8 [April 22], 1986. This manual includes procedures: for requiring proper identification of persons filing claims for benefits; for taking and processing initial, additional, reactivated and continued claims for benefits; for assigning claimants to the appropriate group for the eligibility review program; for conducting the eligibility review program; for stopping and releasing payment of benefits; for entering claim history and benefit payment information into the data base; for taking and processing claimant's claims, combined wage claims, claims by former federal employees and ex-service members, and claims for extended benefits and federal supplemental compensation benefits; for conducting investigations and issuing determinations regarding a claimant's separation, ability to work, availability for work, active search for work, benefit entitlement and deductions from benefits; for processing employers' protests to claims; for taking requests for reconsideration of monetary eligibility; for establishing benefit overpayments and initiating recovery or recoupment by processing partial payment agreements or other liens; for initiating action on lost or returned checks; for detecting and initiating recovery of fraudulent overpayments; for filing appeals to eligibility determinations; for reporting workload time spent; for compiling claims and nonmonetary determination statistics; and for ranking of local offices based on performance criteria.
(2) Unemployment Insurance Benefit Branch Procedures Manual issued May, 1982 and last revised March 7, 1986. This manual includes procedures for administering the payment of unemployment insurance benefits; for maintaining accounts for all benefit income and expenditures; for detecting, establishing and initiating recovery of benefit overpayments; for assigning benefit charges to employer accounts; for conducting a quality review of nonmonetary determinations affecting the payment of benefits; for processing unemployment claims for former federal employees, ex-service members, combined wage claimants, interstate claims, claims for Disaster Unemployment Assistance, claims under the Trade Adjustment Act and claims under the Work Incentive Program; for reconsidering monetary rate determinations; for processing payment for lost or returned benefit checks; and for investigating potential fraud and recommendation of recovery action or criminal prosecution.
(3) Unemployment Insurance Tax Collection and Accounting Branch Manual issued November, 1982 and last revised May 1 [April 4], 1986. This manual includes procedures: for setting up, transferring and cancelling employer contribution and reimbursement accounts; for collecting quarterly taxes from contributory employers and for billing reimbursing employers for benefits paid; for auditing quarterly wages and tax reports by making adjustments, assessing additional payment and penalties and crediting tax overpayments; for adjusting wages if required when a reconsideration of monetary benefit eligibility is filed; for collecting delinquent taxes by filing tax liens, recommending suits and temporary restraining orders, garnishing wages, filing claims in bankruptcy or against monies due to delinquent employers from state agencies.
(4) Unemployment Insurance Administrative Support Branch Manual issued December, 1983 and last revised November 9, 1984. This manual includes procedures: for maintaining files of benefit claims, employer records, appeals, and unemployment insurance commission orders; for maintaining mail security operations for all checks received by the division; for gathering
statistics and conducting statistical studies; for verifying workload items for the budget process; for publishing statistical reports for the budget report or for general publication; for maintaining and distributing federal and state-released procedures; for maintaining all procedures manuals; for conducting the unemployment insurance quality appraisal; for training division personnel; for retaining and disposing of records; for providing data processing liaison services; for preparing state and federal budgets; for operating the Cost Model Management System; for maintaining the Cost Information System; for controlling forms control; and for monitoring purchases, expenditures and repairs.

(5) Unemployment Insurance Field Audit Manual issued February, 1984 and last revised January 11, 1985. This manual includes procedures for handling matters which cannot be handled directly or expediently by the central office tax branch, such as procedures for locating employers; for conducting investigations of employers, and their payrolls and employment records; for issuing an employer's tax under the law; for assessing contributions and collecting delinquent contributions; for serving legal papers; for conducting property investigations; for auditing employer records; and for furnishing technical assistance to employers.

(6) Unemployment Insurance Director's Office Manual issued November 18, 1983; and last revised December 12, 1984. This manual includes procedures for operating the Fraud Investigations and Internal Security Unit such as procedures for: administering the unit; detecting fraud; prosecuting fraud cases; closing out fraud cases; preventing fraud; maintaining internal security; and conducting other investigations.

(7) Kentucky Unemployment Insurance Commission Administrative Branch Manual issued September 1, 1985. This manual includes procedures for the daily operations of the branch. Such procedures include staff duties and responsibilities, review of cases, the conduct of hearings, the preparation of decisions and the proper handling of records and reports.

Section 2. All documents incorporated by reference herein are on file for public inspection in the Office of the Commission, Employment Services, 275 East Main Street, Frankfort, Kentucky 40621 and in local unemployment insurance offices located throughout the state.

CABINET FOR HUMAN RESOURCES
Department for Employment Services
(Proposed Amendment)

903 KAR 5:270. Maximum weekly benefit rates.

RELATES TO: KRS 341.380
PURSUANT TO: KRS 194.050, 341.380

NECESSITY AND FUNCTION: KRS 341.380 requires the Secretary for Human Resources to determine the average weekly wage for insured employment. Fifty-five (55) percent of this amount adjusted to the nearest multiple of one (1) dollar constitutes the maximum weekly unemployment insurance benefit rate for those workers whose benefit year commences on or after July 1, 1986 [1985], and prior to July 1, 1987 [1986]. This regulation applies the mathematical computation required by statute and contains the determination of the maximum weekly benefit rate.

Section 1. The secretary finds the following to exist:

(1) The "total monthly employment" reported by subject employers for the calendar year of 1985 [1984] was 13,894,786 [13,455,245];

(2) The "average monthly employment," obtained by dividing the total monthly employment by twelve (12), was 1,157,899 [1,121,070];

(3) The "total wages" reported by subject employers for the calendar year of 1985 [1984] was $19,999,262.50 ($18,453,034.58);

(4) The "average weekly wage" for the calendar year of 1985 [1984] for insured employment, obtained by dividing the average monthly employment into total wages for such year and dividing by fifty-two (52), was $322.19 ($316.54);

(5) Fifty-five (55) percent of the average weekly wage of $322.19 [$316.54] for the calendar year of 1985 [1984] was $177.20 [$174.10];

(6) However, the "trust fund balance" as of December 31, 1985 [1984], was $76,598,469.22 [zero], (the outstanding loan from the Federal Unemployment Trust Fund was $11,067,364) and KRS 341.380 states that if the trust fund balance on December 31 is less than $120,000,000 the maximum weekly benefit rate shall not exceed the prior year's maximum weekly benefit rate; and

(7) The prior year's maximum weekly benefit rate was $140.

Volume 13, Number 1 - July 1, 1986
Section 2. On the basis of the above findings, and in accordance with KRS 341.380(3), the maximum weekly benefit rate for those workers whose benefit year commences on or after the first day of July, 1986 (1985), and prior to the first day of July, 1987 (1986), is determined to be $14.00.

904 KAR 3:045. Coupon issuance procedures.

RELATES TO: KRS 194.050
PURSUANT TO: KRS 194.050

NECESSITY AND FUNCTION: The Cabinet for Human Resources has responsibility to administer a Food Stamp Program as prescribed by the Food Stamp Act of 1977, as amended, and 7 CFR Part 270 through 280. KRS 194.050 provides that the secretary shall, by regulation, develop policies and operate programs concerned with the welfare of the citizens of the Commonwealth. This regulation sets forth coupon issuance procedures used by the cabinet in the administration of the Food Stamp Program.

Section 1. Basic Issuance Requirements. The cabinet is responsible for the timely and accurate issuance of coupons to eligible households. In issuing coupons the cabinet must insure that:
(1) Only certified households receive benefits;
(2) Coupons are accepted, stored, and protected after delivery to receiving points within the state;
(3) Program benefits are distributed in the correct amounts; and
(4) Coupon issuance and reconciliation activities are properly conducted in accordance with 7 CFR Part 274 and accurately reported to the Food and Nutrition Service.

Section 2. Issuance System. The cabinet shall choose one (1) of the following systems to issue coupons to eligible households:
(1) Direct delivery is a system wherein eligible households pick up and redeem their ATP cards at a specified issuance center. Regular mail issuance shall be available to those households which are unable to get to their assigned issuance centers, as determined by the cabinet.
(2) Direct mail is a system wherein coupons are mailed, using at least first class mail, directly to the eligible household.
(3) Alternate issuance is a system used, in accordance with 7 CFR 274.3(c)(3), when circumstances exist which indicate a household may not receive their benefits through the normal issuance system.
(a) Local office pickup is a system whereby a household's benefits are mailed to the local office for the household to pick up.
(b) Certified mail is a system whereby benefits are sent via the postal system and must be signed for before they are obtained.
(c) As determined by the cabinet, other issuance systems may be utilized to ensure receipt of benefits by the eligible household.

Section 3. Issuance Cycles. (1) For ongoing cases the monthly coupon packet/ATP card is mailed to the household/issuance center over the first ten (10) to twenty (20) days of the issuance month, based on the last digit of the recipient's social security number.
(2) New approvals, reapprovals and current month recertifications shall have their coupon packet/ATP card mailed to their home/issuance...
center within thirty (30) days after the date of application in accordance with 7 CFR 273.2(g)(2).
(a) Households eligible for expedited service shall have their coupon packet/ATP card [mailed or] made available for pick-up no later than the close of business on the fifth calendar day after the date of application.
(b) Residents of drug addiction/alcoholic treatment centers and group living arrangement facilities eligible for expedited service shall have their coupon packet/ATP card made available no later than seven (7) days after the date of application.

Section 4. Replacement Issuances. A total of only two (2) replacements of any kind shall be made during the six (6) month period. These replacements will be issued no more than ten (10) days after report of non-delivery is received and shall be limited to two (2) times during a six (6) month period. If coupons/ATP cards were returned to central office, non-receipt did not occur and the limit stated above does not apply.

1. Destruction in an individual household disaster, of coupons/ATP cards after receipt must be reported within ten (10) days of the incident or within the period of intended use, whichever is earlier. Replacements shall be issued within ten (10) days of receipt of request and shall be limited to one (1) time during a six (6) month period. Where FNS has issued a disaster declaration and the household is eligible for emergency food stamp benefits the household shall not receive both the disaster allotment and a replacement allotment under this provision.

2. Theft of ATP cards after receipt must be reported within ten (10) days of the incident or within the period of intended use, whichever is earlier. Replacements shall be issued within ten (10) days of receipt of request and shall be limited to one (1) time during a six (6) month period.

3. Improperly manufactured or mutilated coupons shall be replaced with an amount equal to the affected coupons in accordance with 7 CFR Part 273.11(1)(5). There is no limit on the number of times this type of replacement may be made.

4. Effective April 1, 1985, mutilated ATP cards which are identifiable as being for the current month, belonging to the household which requested replacement and which have not expired, shall be replaced provided the request for replacement was made during the period of intended use. Mutilated ATP cards which are not identifiable shall be considered as lost and not replaceable.

5. Food purchased with food stamps which is subsequently destroyed in an individual disaster, as well as in a natural disaster affecting more than one (1) household, which affects the participating household, may be eligible for replacement of the actual value of loss, not to exceed one (1) month's food stamp allotment. The disaster must be reported within ten (10) days and verified. A replacement shall be issued or the opportunity to obtain a replacement given within ten (10) days of the report of need and shall be limited to two (2) times during a six (6) month period. Where FNS has issued a disaster declaration and the household is eligible for emergency food stamp benefits the household shall not receive both the disaster allotment and a replacement allotment under this provision.

Section 5. Authorization-to-Participate Card. The ATP card is used in areas participating in a direct delivery system.

1. Effective July 1, 1985 the ATP card shall be valid for the entire month of issuance unless it is issued after the twentieth day of the month in which it is valid through the last day of the following month.

2. The household shall be provided with a means of designating an emergency authorized representative who can transact the ATP card in their stead.

Section 6. Coupon Controls. Regardless of which issuance system is used, the cabinet shall:

1. Establish a coupon inventory management system which insures that coupons are requisitioned and inventories are maintained in accordance with 7 CFR Parts 274.4(a);

2. Establish control and security procedures to safeguard coupon similar to the protect currency outlined in 7 CFR Part 274.4(b);

3. Arrange for the ordering of coupons and the prompt verification and written acceptance of each coupon shipment in accordance with 7 CFR Part 274.4(c);

4. Ensure that coupon issuers and bulk storage points promptly verify and acknowledge, in writing, any documentation concerning the contents of each coupon shipment or coupon transfer delivered to them and shall be responsible for the custody, care, control and storage of coupons pursuant to 7 CFR Part 274.5;

5. Maintain issuance records for a period of three (3) years from the month of origin as outlined in 7 CFR Part 274.7;

6. Control all issuance documents which establish household eligibility while the documents are transferred and processed within the state agency in accordance with 7 CFR Part 274.7(b); and

7. Provide security and control for all issuance accountability documents pursuant to 7 CFR Part 274.7(c).

PROPOSED REGULATIONS RECEIVED THROUGH JUNE 15

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY

11 KAR 5:031. Repeal of regulations.

RELATES TO: KRS 164.740 to 164.785
PURSUANT TO: KRS 164.748(4)
NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority (authority) administers programs of student grants pursuant to KRS 164.740 through KRS 164.785. The administrative procedures and requirements pertaining to the authority and participating institutions are delineated in the KHEAA Grant Program Manual, which is incorporated by reference and thereby made regulatory pursuant to 11 KAR 5:010. Said manual is distributed by the authority to participating institutions and made available to students. The purpose of this regulation is to repeal specific regulations that are duplicative of rules delineated in the KHEAA Grant Program Manual, and thereby preclude the possibility of error, duplicity, or conflict when modifications to program requirements are made from time to time.

Section 1. The provisions of 11 KAR 5:032, 5:033, 5:060, 5:070, 5:080, 5:085, 5:090, and 5:100 are hereby repealed.

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY

11 KAR 7:020. Deferment.

RELATES TO: KRS 156.611
PURSUANT TO: KRS 156.611, 164.748(4)

NECESSITY AND FUNCTION: KRS 156.611 establishes the Math/Science Incentive Loan Program and provides that the Kentucky Higher Education Assistance Authority (Authority) may permit deferment of repayment for cause. This regulation defines "deferment" and establishes conditions under which specified types of deferrals may be approved by the authority.

Section 1. Definitions. Unless otherwise qualified, the words and phrases used herein shall have the same meaning as set forth in 11 KAR 7:010. "Deferment" means a temporary waiver of the obligation of a Math/Science Incentive Loan recipient to make payments to the authority, pursuant to one (1) or more promissory notes executed between the recipient and the authority, which is granted by the authority, for a specified period of time, upon a showing of cause by the recipient.

Section 2. Request for Deferment. The recipient must request a deferment in writing by submitting complete and accurate information on a form prescribed by the authority. The recipient's submission of a request for deferment shall constitute authorization for the authority to request and receive such verification of facts represented by the recipient as may be deemed necessary by the authority.

Section 3. Effect on Repayments. During a deferment, no principal or interest payments shall be required but interest shall continue to accrue on the unpaid principal balance owed by the recipient. Nothing contained herein shall require the authority to grant a deferment if such deferment would legally impair the ultimate recovery of the principal and interest otherwise owed by the recipient. If, during a deferment, the recipient resumes full-time enrollment in a teacher education program leading to certification in a critical shortage field at a participating institution or renders qualified teaching service, then the deferment shall be nullified at the commencement of repayment, such that any promissory note so deferred may be subsequently cancelled in accordance with KRS 156.611 and 11 KAR 7:010.

Section 4. Types of Deferrals. The following deferrals may be granted by the authority:

(1) Enrollment deferment. A deferment granted to a recipient who is enrolled on at least a half-time basis at a business school, college, vocational school or school of nursing (as those terms are defined in KRS 164.740) in the United States. The recipient must provide to the authority, at least annually, evidence of such enrollment on properly completed forms provided by the authority.

(2) Disability deferment. A deferment granted to a recipient who is temporarily totally disabled and, therefore, unable to obtain any full-time employment or to attend school; or, a deferment granted to a recipient who is unable to obtain any full-time employment or attend school due to the temporary total disability of the recipient's spouse who requires continuous care for four (24) hours per day. The individual requiring care must be identified in the application and the nature of care must be described. The authority may, in its discretion, cancel the debt.

(3) Unemployment deferment.
   (a) A recipient seeking, but unable to obtain, a qualified teaching service position within six (6) months following completion of a qualified teacher education program at a public institution may be granted a single deferment for a period not to exceed one (1) year. The recipient must have applied for a qualified teaching service position with at least three (3) public school districts and must not have refused an offer of employment in a qualified teaching service position in such public school districts or in the public school districts to which the recipient may have applied, and must provide the authority a signed statement which sets forth:
      1. The recipient's current address;
      2. The names of public school districts to which the recipient has applied for qualified teaching service and employment;
      3. The recipient's agreement to notify the authority when he/she obtains full-time employment in a qualified teaching service position; or,
   (b) A recipient seeking, but unable to obtain, any full-time (at least thirty (30) hours per week) employment may be granted a single deferment for a period not to exceed one (1) year. The recipient must provide, on the form prescribed by the authority, a signed statement which sets forth:
      1. The recipient's current address;
      2. Certification that the recipient has registered with a public or private employment agency, if one is accessible, specifying the name and address of such agency; and,
      3. The borrower's agreement to notify the authority within thirty (30) days of a date upon which he/she obtains full-time employment. If full-time employment is obtained at any time during the period of a deferment approved pursuant to this section, such deferment will be immediately terminated.
   (c) The immediately preceding subsections of this section are alternative ways to qualify for a single deferment for a period not to exceed one (1) year. Pursuant to subsection (1) of this section, a recipient, who is seeking, but unable

Volume 13, Number 1 - July 1, 1986
to obtain, a qualified teaching service position, may receive a deferment even if employed full-time in another type of position. Pursuant to paragraph (b) of this subsection, a recipient, who is not actively seeking a qualified teaching service position, may receive a deferment only if actively seeking and unable to obtain any type of full-time employment.

(4) Parenting deferment. A deferment may be granted by the authority when a recipient interrupts qualified teaching service or enrollment in a qualified teacher education program at a participating institution for an approved leave of absence for purposes of rearing a preschool age child. The borrower must provide to the authority a statement, signed by an authorized representative of the public school district or participating institution, evidencing that such a leave of absence has been approved for the recipient. This deferment shall remain in effect during the period of the leave of absence not to exceed two (2) years. The recipient is solely responsible for securing, at least annually, the required verification of an approved leave of absence.

(5) Hardship deferment. If enrollment in a teacher education program leading to certification in a critical shortage field or employment in a qualified teaching service position is temporarily interrupted due to circumstances beyond the recipient's control, including, but not limited to, illness, accident or death in the family, after which the recipient intends to resume such enrollment or qualified teaching service position, then the authority may determine that a hardship exists and may grant a single deferment of a period not in excess of one (1) year.

(6) Qualified teaching service deferment. Deferments may be granted, from time to time, to a recipient who, due to current employment in a qualified teaching service position, may reasonably be expected, solely with the passage of six (6) months or less time, to qualify for cancellation benefits pursuant to 11 KAR 8:010.

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY
11 KAR 8:010. Teacher scholarship program.

RELATES TO: KRS 156.513
PURSUANT TO: KRS 156.613, 164.748(4)
NECESSITY AND AUTHORITY: KRS 156.613 established the Teacher Scholarship Program to encourage academically talented students to become teachers in the public schools of the Commonwealth. This regulation prescribes rules for the administration of the Teacher Scholarship Program.

Section 1. The Kentucky Higher Education Assistance Authority (authority) shall, to the extent of appropriations for such purpose, award teacher scholarships to persons enrolled or accepted for enrollment on a full-time basis at participating institutions of higher education, approved by the State Board of Education to offer teacher education programs, who declare an intention to enter the teaching profession in the public schools of the Commonwealth, and who meet the eligibility requirements set forth herein.

Section 2. Definitions. (1) "Public school" means a common school operated under the laws of the Commonwealth of Kentucky.
(2) "Semester" means a period of about eighteen (18) weeks, which usually makes up one-half (1/2) of a public school year or one-half (1/2) of a participating institution's
academic year.

(3) "Qualified teaching service" means employment in a public school in a position requiring a Kentucky Teacher's Certificate for a major portion of a school day for at least seventy (70) days during a semester.

(4) "Participating institution" means an institution of higher education located in Kentucky, which is approved by the State Board of Education to offer teacher education programs, and which has in force an agreement with the authority providing for administration of this program.

Section 3. Eligibility Criteria. Graduates of a high school, located in Kentucky, who rank academically in the top ten (10) percent of their graduating class, or who score at or above the 80th percentile on a test required for admission to the Commonwealth's public institutions of higher education, shall be eligible to apply for a teacher scholarship.

Section 4. Selection Criteria. Recipient selection will be made on the basis of the following weighted criteria: rank in class (forty percent), grade point average (forty percent), percentile score on the test required for admission to the Commonwealth's public institutions of higher education (twenty percent). (Test scores of applicants from minority population groups will be measured relative to the scores of such minority population groups.) If funds are insufficient to award all applicants, all scholarships shall be prorated in accordance with the cumulative amount previously received by such applicants. If funds are insufficient to award all prior recipients who are qualified applicants, then scholarships shall be prorated in accordance with the cumulative amount previously received by such applicants. If funds are sufficient to award all new applicants, an award shall be made first to the applicant with the highest score on the selection criteria and, thereafter, in a descending order to persons having lower scores until all available funds are awarded. Once all the criteria have been evaluated and two (2) or more applicants are equally ranked, selection between the applicants will be made on the basis of the date the application is received by the authority.

Section 5. Renewal. Teacher scholarships shall be renewed annually upon application for a maximum of three (3) years of undergraduate study for those who maintain at least the equivalent of a 2.5 cumulative grade point average on a scale of 4.0 and provided that the recipient, when first eligible, enrolls in a teacher education program and, thereafter, continues to be enrolled on a full-time basis in such a program. Awards for summer school attendance shall be made upon separate application.

Section 6. Award Maximums. The maximum teacher scholarship award for a summer session shall be $1,250; for a semester shall be $2,500; or, for an academic year (exclusive of a summer session) shall be $5,000. The aggregate maximum of all scholarships awarded shall not exceed $20,000 per individual. Awards shall not exceed the student's total cost of attendance as determined by the participating institution.

Section 7. Disbursements. Disbursement of teacher scholarships shall be made at the beginning of each semester or summer session and each such disbursement shall be evidenced by a promissory note, prescribed by the authority, in which the scholarship recipient shall agree to repay the scholarship funds or render qualified teaching service in lieu thereof.

Section 8. Notifications. Recipients shall notify the authority within thirty (30) days of:
   (1) Change in enrollment status;
   (2) Cessation of enrollment in a teacher education program;
   (3) Employment in a qualified teaching service position; or,
   (4) Change of address.

Section 9. Withdrawals. Scholarship recipients who, prior to completion, cease to be enrolled on a full-time basis in a teacher education program at a participating institution, shall immediately become liable for the repayment to the authority of the sum of all teacher scholarship funds received plus interest accrued thereon unless such recipient has an approved deferment pursuant to 11 KAR 8:020.

Section 10. Repayment. Recipients who do not begin employment in a qualified teaching service position within the six (6) month period following completion of a teacher education program in a participating institution (excluding periods of deferment pursuant to 11 KAR 8:020) shall immediately become liable for the authority for repayment of principal and interest accrued, pursuant to the earliest promissory note then outstanding. In each semester thereafter, during which a recipient does not render qualified teaching service, repayment of an additional promissory note shall become due, proceeding sequentially from the promissory note having the earliest date to the most recent date.

Section 11. Repayment Schedule. Written notification of demand for repayment shall be sent to the authority at the scholarship recipient's last known address and shall be effective upon mailing. The authority may agree, in its sole discretion, to accept repayment in installments in accordance with a schedule established by the authority. In the event that more than one (1) promissory note has come due for repayment and remains unpaid, then payments shall first be applied to the earliest unpaid promissory note. Payments shall be applied first to accrued interest and then to principal.

Section 12. Cancellation. In order to receive cancellation of a promissory note and the interest accrued thereon, a scholarship recipient must render qualified teaching service in a public school during a semester or such promissory note shall be cancelled for each semester during which qualified teaching service is verified to the authority. Such cancellations of promissory notes shall be in sequential order beginning with the earliest promissory note. Verification of qualified teaching service shall be submitted to the authority in writing, signed by the local school district superintendent or
building principal, within thirty (30) days of the date a scholarship recipient completes such qualified teaching service.

Section 13. Interest. The interest rate on scholarship funds shall be twelve (12) percent per annum simple interest. Interest accruing on the unpaid principal of each promissory note shall be computed from the date of disbursement of the respective promissory note, and such interest shall continue to accrue until the promissory note is paid in full pursuant to Section 11 of this regulation or cancelled in full pursuant to Section 12 of this regulation. In the event that the scholarship is not repaid or cancelled in accordance with the terms of the promissory note and related repayment schedules, if any, and judgment is rendered on the debt, then the annual interest rate shall, from the date of such judgment, be increased to nineteen (19) percent per annum simple interest.

Section 14. Records. A participating institution shall maintain complete and accurate records pertaining to the eligibility, enrollment and progress of students receiving aid under this program and the disbursement of funds and institutional charges as may be necessary to audit the disposition of funds hereunder. Such records shall be maintained for at least five (5) years after the student ceases to be enrolled at the institution.

Section 15. Refunds. A participating institution shall refund to the authority, within forty (40) days of a recipient's last day of attendance, any unexpended, attributable to this program which is determined to be due under the institution's refund policy.

Section 16. Information Dissemination and Recruitment. The authority shall disseminate information through high school counselors and school superintendents about this program to potential recipients. Participating institutions shall provide assurances that program information will be disseminated to freshmen and sophomores enrolled at that institution. Participating institutions shall actively recruit students from minority population groups for participation in this program.

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY
11 KAR 8:020. Deferment.
RELATES TO: KRS 156.613
PURSUANT TO: KRS 156.613, 164.748(4)
NECESSITY AND FUNCTION: KRS 156.613 establishes the Teacher Scholarship Program and provides that the Kentucky Higher Education Assistance Authority (authority) may permit deferment of repayment for cause. This regulation defines "deferment" and establishes conditions under which specified types of deferments may be approved by the authority.

Section 1. Definitions. Unless otherwise specified, the words and phrases used herein shall have the same meaning as set forth in 11 KAR 8:010. "Deferment" means a temporary waiver of the obligation of a teacher scholarship recipient to make payments to the authority, pursuant to one or more promissory notes executed between the recipient and the authority, which is granted by the authority for a specified period of time, upon a showing
of cause by the recipient.

Section 2. Request for Deferment. The recipient must request a deferment in writing by submitting complete and accurate information on a form prescribed by the authority. The recipient's submission of a request for deferment shall constitute authorization for the authority to request and receive such verification of facts represented by the recipient as may be deemed necessary by the authority.

Section 3. Effect on Repayments. During a deferment, no principal or interest repayments shall be required but interest shall continue to accrue on the unpaid principal balance owed by the recipient. Nothing contained herein shall prohibit the authority from granting a deferment if such deferment would legally impair the ultimate recovery of the principal and accrued interest otherwise owed by the recipient. If, during a deferment, the recipient resumes full-time enrollment in a teacher education program at a participating institution or renders qualified teaching service, then the deferment shall be nullified and the deferment of a principal and interest, such that any promissory note so deferred may be subsequently cancelled in accordance with KRS 156.613 and 11 KAR 8:010.

Section 4. Types of deferments. The following deferments may be granted by the authority:

(1) Enrollment deferment. A deferment granted to a recipient who is enrolled on at least a half-time basis at a business school, college, vocational school or school of nursing (as those terms are defined in KRS 164.740) in the United States. The recipient must provide to the authority, at least annually, evidence of such enrollment on properly completed forms provided by the authority.

(2) Disability deferment. A deferment granted to a recipient who is temporarily totally disabled and, therefore, unable to obtain any full-time employment or to attend school; or, a deferment granted to a recipient who is unable to attend school due to the temporary total disability of the recipient's spouse who requires continuous (twenty-four (24) hour) nursing or similar care by the recipient. For purposes of this deferment, a recipient, or the spouse of a recipient, is temporarily totally disabled if he/she suffers an injury or illness which necessitates an extended or indefinite period of recovery which can be expected to preclude gainful employment or school attendance and, in the case of a recipient's spouse, he/she is not confined to a hospital, nursing home, intermediate care facility, or similar institution. The recipient must provide to the authority a statement from a licensed physician certifying that the recipient or spouse is temporarily totally disabled in accordance with the preceding terms and conditions. The recipient is solely responsible for securing the physician's certifications. This deferment may, at the authority's discretion, be granted for a period not to exceed three (3) years, subject to annual review of a physician's certification. After the third year of any deferment, pursuant to this subsection, the authority may, in its sole discretion, cancel the debt.

(3) Unemployment deferment.
(a) A recipient seeking, but unable to obtain, a qualified teaching service position within six (6) months following completion of a teacher education program at a participating institution may be granted a single deferment for a period not to exceed one (1) year. The recipient must have applied for a qualified teaching service position with at least three (3) public school districts and must not have refused an offer of employment in a qualified teaching service position in such public school districts or in any other public school districts to which the recipient may have applied, and must provide the authority a signed statement which sets forth:
   I. The recipient's current address;
   II. The names of public school districts to which the recipient has applied for qualified teaching service employment; and
   III. The recipient's agreement to notify the authority when he/she obtains full-time employment in a qualified teaching service position; or
(b) A recipient seeking, but unable to obtain, any full-time (at least thirty (30) hours per week) employment may be granted a single deferment for a period not to exceed one (1) year. The recipient must provide, on the form prescribed by the authority, a signed statement which sets forth:
   I. The recipient's current address;
   II. Certification that the recipient has registered with a public or private employment agency, if one is available specifying the name and address of such agency; and
   III. The borrower's agreement to notify the authority within thirty (30) days of a date upon which he/she obtains full-time employment.

If full-time employment is obtained at any time during the period of a deferment approved pursuant to this section, such deferment shall be immediately terminated.

(c) The immediately preceding subsections of this section are alternative ways to qualify for a single deferment for a period not to exceed one (1) year. Pursuant to paragraph (a) of this subsection, a recipient, who is seeking, but unable to obtain, a qualified teaching service position, may receive a deferment even if employed full-time in another type of position. Pursuant to paragraph (b) of this subsection, a recipient, who is not actively seeking a qualified teaching service position, may receive a deferment only if actively seeking and unable to obtain any type of full-time employment.

(4) Parenting deferment. A deferment may be granted by the authority when a recipient interrupts qualified teaching service or enrollment in a teacher education program at a participating institution under an approved leave of absence for purposes of rearing a preschool age child. The borrower must provide to the authority a statement, signed by an authorized representative of the public school district or participating institution, evidencing that such a leave of absence has been approved for the recipient. This deferment shall remain in effect during the period of the leave of absence not to exceed two (2) years. The recipient is solely responsible for securing, at least annually, the required verification of an approved leave of absence.

(5) Hardship deferment. If enrollment in a teacher education program or employment in a
qualified teaching service position is temporarily interrupted due to circumstances beyond the recipient's control, including, but not limited to, illness, accident or death in the family, after which the recipient intends to resume such enrollment or qualified teaching service position, then the authority may determine that a hardship exists and may grant a single deferment of a period not in excess of one (1) year.

(6) Qualified teaching service deferment. Deferments may be granted, from time to time, to a recipient who, due to current employment in a qualified teaching service position, may reasonably be expected, solely with the passage of six (6) months or less time, to qualify for cancellation benefits pursuant to 11 KAR 8:010.

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority has established a program of recognition awards and scholarships to recognize and reward academic excellence. Such recognition awards and scholarships will be offered to students who demonstrate the highest capabilities for successful college study. The purpose of this regulation is to establish the criteria for eligibility and selection of applicants, establish award amounts, and delineate administrative responsibilities under the program.

Section 1. A program of recognition awards and scholarships is hereby established by the Kentucky Higher Education Assistance Authority (KHEAA) to be known as the Kentucky Distinguished Student Recognition and Scholarship Award Program. This program shall be administered in accordance with the 1986-87 Kentucky Distinguished Student Recognition and Scholarship Award Program Guidelines, incorporated herein by reference. A copy of said guidelines shall be provided by KHEAA to all Kentucky high school counselors and participating colleges and universities.

Section 2. In order for an eligible college or university to participate in this program, the institution must execute a participation agreement.

PUBLIC HEARING SCHEDULED: A public hearing regarding this regulation is scheduled to be held at 1050 U.S. 127 South, Frankfort, Kentucky, on Wednesday, July 30, 1986, at 10 a.m. Any interested persons wishing to comment or attend the hearing pursuant to KRS Chapter 13A must submit their written comments or statement of intent to attend to: The Executive Director, Kentucky Higher Education Assistance Authority, 1050 U.S. 127 South, Frankfort, Kentucky 40601, no later than Friday, July 25, 1986. Absent such response from the public, the hearing may be cancelled.
REGULATORY IMPACT ANALYSIS

Agency Contact Person: Richard F. Casey

1. Type and number of entities affected: An undetermined number of secondary school seniors and all public and private non-profit degree-granting institutions.

(a) Direct and indirect costs or savings to those affected:
1. First year: 50% of that portion of the students cost of attendance, as calculated using program guidelines, for which financial need has been determined, will be provided by the institution.
2. Continuing costs or savings: First year costs are expected to re-occur until graduation.
3. Additional factors increasing or decreasing costs (note any effects upon competition):
(b) Reporting and paperwork requirements: Requirements typically associated with the administration of a financial aid program. Additionally, the chief executive officer is required to submit annual certification of eligibility.

(2) Effects on the promulgating administrative body:
(a) Direct and indirect costs or savings:
1. First year: 100 scholars will each receive a $500 recognition award. KHEAA will provide 50% of remaining demonstrated financial need for the scholars.
2. Continuing costs or savings: KHEAA will continue to provide 50% of demonstrated financial need for scholars in subsequent years.
3. Additional factors increasing or decreasing costs: KHEAA will incur cost typically related to program administration and fund these costs from agency receipts.
(b) Reporting and paperwork requirements:
(c) Assessment of anticipated effect on state and local revenues: None
(d) Assessment of alternative methods; reasons why alternatives were rejected: N/A

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: Section 133(b) of House Bill 209, providing for nonreimbursement of eligible high school seniors by the principals of accredited high schools, will be implemented beginning with the 1987-88 academic year (which will constitute the first application period following the July 15, 1986 effective date of House Bill 209). It was not feasible to develop an expedient procedure to implement this particular subsection prior to the commencement of the 1986-87 academic year.

(a) Necessity of proposed regulation if in conflict:
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:

(5) Any additional information or comments:

Tiering:
Was tiering applied? No. No burden is imposed by this regulation. It merely establishes program participation standards applicable to all on an equal basis.

103 KAR 43:240. Supplemental highway user motor fuel tax.

PURSUANT TO: KRS Chapter 13A
NECESSITY AND FUNCTION: This regulation clarifies the rate at which the "supplemental highway user motor fuel tax" is to be levied.

Section 1. (1) General. Under the provisions of KRS 138.220(1), the tax on motor fuels is calculated at the rate of nine (9) percent of the average wholesale price of gasoline. The tax is paid and remitted to the cabinet on a monthly basis. The same requirements are to be followed in reporting and remitting an additional levy termed the "supplemental highway user motor fuel tax" which is effective July 1, 1986.

(2) Rate. The "supplemental highway user motor fuel tax" rate is determined by incremental adjustments based on a decline in the average wholesale price of gasoline. The adjustment is made by calculating the difference in the average wholesale price of gasoline determined by the Revenue Cabinet for the October-December, 1985 quarter and the average wholesale price determined applicable by the Cabinet for the July-September, 1986 quarter and each quarter thereafter. For each quarter in which a decrease in the average wholesale price occurs, the supplemental highway user motor fuel tax rate is increased by an amount equal to one-half (1/2) of the decrease. The incremental adjustments will be made for each quarter in which a decrease in the average wholesale price of gasoline occurs until the supplemental highway user motor fuel tax reaches a total rate of five (5) cents per gallon. The total of all quarterly adjustments may not increase the supplemental highway user motor fuel tax rate beyond a maximum of five (5) cents per gallon.

PUBLIC HEARING SCHEDULED: A public hearing on this regulation will be held on July 23, 1986 at 10 a.m. in Room 406 of the Capitol Annex, Frankfort, Kentucky. If no written notice of intent to attend the public hearing is received within five days before the scheduled hearing, the hearing will be cancelled. Those interested in attending shall notify in writing: Scott Akers, Revenue Cabinet, Division of Tax Policy and Legal Services, New Capitol Annex Building, Frankfort, Kentucky 40620.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Scott Akers

1. Type and number of entities affected: The 1986 General Assembly enacted legislation to increase the motor fuels taxes (gasoline, special fuels, and liquefied petroleum gas). This legislation enacted the "Supplemental Highway User Motor Fuel Tax" which provides that the rate of the tax must be corrected quarterly and the increase in the rate must be in proportion to a decline in the average wholesale price of gasoline when compared to a specified
base period. The purpose of this regulation is to make clear that the total rate increase cannot exceed five cents per gallon. Those persons affected by this regulation are consumers purchasing fuel in Kentucky for consumption on the highways.

(a) Direct and indirect costs or savings to the consumer:
1. First year: The taxes paid by the motor fuels dealer, but it is passed on to the consumer. Therefore, the tax becomes the burden of the consumer purchasing fuel in Kentucky for consumption on the highways.
2. Continuing costs or savings: Same as first year.
3. Additional factors increasing or decreasing costs (note any effects upon competition): None

(b) Reporting and paperwork requirements: The rate increase should have no measurable effect on reporting and paperwork requirements.

(c) Effects on the promulgating administrative body:
1. Direct and indirect costs or savings:
   1. First year: Nominal costs.
   2. Continuing costs or savings: None
   3. Additional factors increasing or decreasing costs: None

(d) Reporting and paperwork requirements: No more than currently required.

(e) Assessment of anticipated effect on state and local revenues: Significant increase in road fund receipts can be anticipated. There will be a small increase in local revenues for road construction and maintenance.

(f) Assessment of alternative methods; reasons why alternatives were rejected: None. To supplement the increase on motor fuels, the General Assembly enacted a user tax on heavy trucks which will also enhance the road fund.

(g) Identify any statute, administrative regulation or governing policy which may be in conflict, overlapping, or duplication: None

1. Necessity of proposed regulation if in conflict: N/A

2. If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: N/A

3. Any additional information or comments: Tiering: Was tiering applied? No. Tiering is not applicable since this regulation applies equally to all motor fuel consumers.

301 KAR 3:080. Prohibition of Lead Shot for Waterfowl and Dove Hunting.

Section 1. Prohibition of Lead Shot for Waterfowl Hunting. Lead shot is prohibited for the taking of ducks, geese, coots and mergansers in the Western Zone. This zone consists of the area west of a boundary beginning at the Kentucky-Tennessee border at Fulton, Kentucky, extending north along the Purchase Parkway to I-24, east on I-24 to U.S. 641, north on U.S. 641 to U.S. 60, northeast on U.S. 60 to U.S. 41 and then north on U.S. 41 to the Kentucky-Indiana border.

Section 3. Possession of Lead Shot Shells. Persons hunting waterfowl in the Western Zone or hunting doves on the wildlife management areas listed in Section 2 of this regulation shall not possess lead shot shells.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Don R. McCormick

1. Type and number of entities affected: Approximately 10,000 persons will participate in the waterfowl and dove hunting affected by this regulation.

(a) Direct and indirect costs or savings to those affected: Direct costs involve the purchase of shot shells containing steel rather than lead shot. The cost of steel shot is comparable to that for lead shot shells currently in use. A small, but unknown, number of persons may find it necessary to purchase larger gauge shotguns as steel shot shells may not be available in small gauges. Some persons may purchase new choke devices to accommodate steel shot ballistics which differ somewhat from those for lead shot.

1. First year: Persons who purchase new shotguns or accessories will incur levels of costs at their discretion the first year.

2. Continuing costs or savings: Costs will decline after the first year for those persons who elected to purchase new shotguns or accessories. Steel shot shell costs might also be expected to decline as their use becomes more widespread.

3. Additional factors increasing or decreasing costs (note any effects upon competition): None

(b) Reporting and paperwork requirements: None

PUBLIC PROTECTION AND REGULATION CABINET
Department of Insurance

RELATES TO: 1986 Ky. Acts c. 433 §1, §2, §3, and §4
PURSUANT TO: KRS Chapter 13A, 304.2-110, 304.32-250, 304.38-150
NECESSITY AND FUNCTION: 1986 Kentucky Acts c. 433 §1, §2, §3, and §4 authorize the Commissioner of Insurance to prescribe guidelines for coordination of benefits between group health insurance contracts. KRS 304.2-110 provides that the Commissioner of Insurance may make reasonable regulations necessary for the effectuation of any provisions of the Kentucky Insurance Code. KRS 304.32-250 provides that the Commissioner of Insurance may promulgate reasonable regulations necessary for the proper administration of KRS Chapter 304.32. KRS 304.38-150 provides that the Commissioner of Insurance may promulgate reasonable regulations necessary for the proper administration of KRS Chapter 304.38. This regulation establishes guidelines for coordination of benefits by group health insurance contracts.

Section 1. Purpose and Scope. (1) Purpose. The purpose of this regulation is to adopt a regulation substantially identical to the Model Group Coordination of Benefits Regulation of the National Association of Insurance Commissioners. This regulation is intended to establish uniformity in the permissive use of over-insurance provisions and to avoid claim delays and misunderstandings that could otherwise result from the use of inconsistent or incompatible provisions among plans.
(2) Coordination of benefits. A coordination of benefits ("COB") provision is one that is intended to avoid claims payment delays and duplication of benefits when a person is covered by two (2) or more plans providing benefits for medical, dental, or other care or treatment. It avoids claims payment delays by establishing an order in which plans pay their claims and providing the authority for the orderly transfer of information needed to pay claims promptly. It avoids duplication of the benefits by permitting a reduction of the benefits of a plan when, by the rules established by this regulation, it does not have to pay its benefits first.
(3) Coordination permissive. This regulation permits, but does not require, plans to include COB provisions.
(4) Consistency with this regulation. If a group contract includes a COB provision, it must be consistent with this regulation. A plan that does not include such a provision may not take the benefits of another plan (as defined in Section 2 of this regulation) into account when it determines its benefits. An exception to this provision is that a contract holder's coverage that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder.

Section 2. Definitions. As used in this regulation:
(1) Plan. A "plan" is a form of coverage with which coordination is allowed. The definition of plan in the group contract must state the types of coverage which will be considered in applying the COB provision of that contract. The right to include a type of coverage is limited by this subsection.
(b) The definition shown in the model COB provision in Section 3 of this regulation is an example of what may be used. Any definition that satisfies this subsection may be used.
(c) This regulation uses the term "plan." However, a group contract may, instead, use the term "program" or other reasonable term.
(d) Except as provided in paragraphs (e) and (f) of this subsection, "plan" shall not include individual or family insurance contracts.
(e) "Plan" may include:
1. Group insurance contracts;
2. Uninsured arrangements of group or group-type coverage; or
3. Group-type contracts. Group-type contracts are contracts which are not available to the general public and can be obtained and maintained only because of membership or connection with a particular organization or group. Group-type contracts answering this description may be included in the definition of plan, at the option of the insurer or the service provider and its contract-client, whether or not uninsured. Arrangements or individual contract forms are used and regardless of how the group-type coverage is designated (for example, "blanket"). The use of payroll deductions by the employee, subscriber, or member to pay for the coverage is not sufficient, of itself, to make an individual contract part of a group-type plan. This description of group-type contracts is not intended to include individually underwritten and issued, guaranteed renewable policies that may be purchased through payroll deduction at a premium savings to the insured. Franchise plan health insurance issued pursuant to KRS 304.17-390 is not a "group-type contract."
(f) "Plan" shall not include the medical benefits coverage in a group, group-type, and individual motor vehicle "no-fault" and traditional automobile "fault" type contracts.
(g) "Plan" may include Medicare or other governmental benefits. That part of the definition of "plan" may be limited to the hospital, medical, and surgical benefits of the government program. However, "plan" shall not include Medicaid and shall not include a plan when, by law, its benefits are excess to those of any private insurance plan or other non-governmental plan.
(h) "Plan" shall not be construed to include group or group-type hospital indemnity benefits of $100 per day or less, but may be construed to
include the amount by which group or group-type hospital indemnity benefits exceed $100 per day. "Hospital indemnity benefits" are those not related to expenses incurred. The term does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim. (i) "Plan" shall not include school accident-type coverages. These cover elementary, high school, and college students for accidents only, including athletic injuries, either on a 24-hour basis or on a "to and from school" basis. (2) "Insurer" means an insurer, a non-profit hospital, medical-surgical, dental, and health service corporation, a health maintenance organization, or a prepaid dental plan organization. (3) "This plan," in a COB provision, means the part of the group contract providing the health care benefits to which the COB provision applies and which may be reduced or offset on account of the benefits of other plans. Any other part of the group contract providing health care benefits is separate from "this plan." A group contract may apply one (1) COB provision to certain of its benefits (such as dental benefits), coordinating only with like benefits, and may apply other secondary COB provisions to coordinate other benefits. (4) "Primary plan" means a plan whose benefits for a person's health care coverage must be determined without taking the existence of any other plan into consideration. A plan is a primary plan if either paragraphs (a) or (b) of this section is true. The primary plan may be one (1) primary plan (for example, two (2) plans which have no order of benefit determination rules. (a) The plan either has no order of benefit determination rules, or it has rules which differ from those permitted by this regulation. (b) All plans which cover the person use the order of benefit determination rules required by this regulation and under those rules the plan determines its benefits first. (5) "Secondary plan" means a plan which is not a primary plan. If a person is covered by more than one (1) secondary plan, the order of benefit determination rules of this regulation decide the order in which their benefits are determined in relation to each other. The benefits of each secondary plan may take into consideration the benefits of the primary plan or plans and the benefits of any other plan which, under the rules of this regulation, has its benefits determined before those of that secondary plan. (6) "Allowable expense." (a) "Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item of expense is covered at least in part under any of the plans involved, except where a statute requires a different definition. However, items of expense under coverages such as dental care, vision care, prescription drugs, or hearing aid programs may be excluded from the definition of allowable expense. A plan which provides benefits only for such items of expense may limit its definition of allowable expense to like items of expense. (b) When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid. (c) The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an allowable expense under the above definition unless the patient's stay in a private hospital room is medically necessary according to generally accepted medical practice. (d) When COB is restricted in its use to specific coverage in a contract (for example, major medical or dental), the definition of "allowable expense" must include the corresponding expenses for services to which COB applies. (7) "Claim" means a request that benefits of a plan be provided or paid. The benefits claimed may be in the form of services (including supplies), payment for all or a portion of the expenses incurred, any combination of the foregoing, or an indemnification. (8) "Claim determination period." (a) Means the period of time which must not be less than twelve (12) consecutive months, over which allowable expenses are compared with total benefits payable in the absence of COB, to determine whether over-insurance exists and how much each plan will pay or provide. It usually is a calendar plan year or may use some other period of time that fits the coverage of the group contract. A person may be covered by a plan during a portion of a claim determination period if that person's coverage starts or ends during the claim determination period. (b) As each claim is submitted, each plan is to determine its responsibility by agreement or provide benefits based upon allowable expenses incurred to that point in the claim determination period, but that determination is subject to adjustment as later allowable expenses are incurred in the same claim determination period. Section 3. Model COB Contract Provision. (1) General. Section 3 contains a model COB provision for use in group contracts. That use is subject to the provisions of subsections (2) and (3) of this section and to the provisions of Section 4 of this regulation, rules for coordination of benefits. (2) Flexibility. A model group contract's COB provision does not have to use the words and format shown in this regulation. Changes may be made to fit the language and style of the rest of the group contract or to reflect the difference among plans which provide services, which pay benefits for expenses incurred, and which indemnify. Substantive changes are allowed only as set forth in this regulation. (3) Prohibited coordination and benefit design. A group contract may not reduce benefits on the basis that: (a) Another plan exists; (b) Except with respect to part B of Medicare, that a person is or could have been covered under another plan; (c) A person has elected another plan providing a lower level of benefits than another option which could have been elected; or (d) Its benefits are "excess" or "always secondary" to any plan defined in Section 2(1), except in accordance with this regulation. (4) Text of model COB provision. Coordination of the group contract's benefits with other
benefits.
(a) Applicability.

1. This coordination of benefits ("COB") provision applies to this plan when an employee or the employee's covered dependent has health care coverage under more than one (1) plan. "Plan" and "this plan" are defined below.

2. If this COB provision applies, the order of benefit determination rules should be looked at first. These rules determine whether the benefits of this plan are determined before or after those of another plan. The benefits of this plan:
   a. Shall not be reduced when, under the order of benefit determination rules, this plan determines its benefits before another plan; but
   b. May be reduced when, under the order of benefit determination rules, another plan determines its benefits first. This reduction is described in paragraph (d) of this subsection, effects on the benefits of this plan.

(b) Definitions.

1. Plan is any of these which provides benefits for, or because of, medical or dental care or treatment:
   a. Group insurance for group-type coverage, whether insured or uninsured. This includes prepayment, group practice, or individual practice coverage. It also includes coverage other than school accident-type coverage.
   b. Coverage under a governmental plan or required or provided by law. This does not include a state plan under Medicaid (Title XIX, grants to states for medical assistance programs, of the United States Social Security Act as amended from time to time). It also does not include any plan when, by law, its benefits are excess to those of any private insurance program or other governmental program.
   c. Each contract or other arrangement for coverage under clause a or b of this subparagraph is a separate plan. Also, if an arrangement has two (2) parts and COB rules apply only to one (1) of the two (2), each of the parts is a separate plan.

2. This plan is the part of the group contract that provides benefits for health care expenses.

3. "Primary plan/secondary plan." The order of benefit determination rules state whether this plan is a primary plan or a secondary plan as to another plan covering the person.

a. This plan is a primary plan, its benefits are determined before those of the other plan and without considering the other plan's benefits.
   b. When this plan is a secondary plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits.
   c. When there are more than two (2) plans covering the person, this plan may be a primary plan as to one (1) or more of the plans and may be a secondary plan as to a different plan or plans.

4. "Allowable expense" means a necessary, reasonable, and customary item of expense for health care, when the item of expense is covered at least in part by one (1) or more plans covering the person for whom the claim is made.
   a. The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an allowable expense under the above definition unless that patient's stay in a private hospital room is medically necessary either according to generally accepted medical practice, or as specifically defined in the plan.
   b. When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an allowable expense and a benefit paid.
   c. "Claim determination period" means a calendar year. However, it does not include any part of a year during which a person has no coverage under this plan, or any part of a year before the date this COB provision or a similar provision takes effect.

(c) Order of benefit determination rules.

1. General. When there is a basis for a claim under this plan and another plan, this plan is a secondary plan which has benefits determined after those of the other plan, unless:
   a. The other plan has rules coordinating benefits with those of this plan; and
   b. Both rules and this plan's rules, in subparagraph 2 of this paragraph, require that this plan's benefits be determined before those of the other plan.

2. Rules. This plan determines its order of benefits using the first of the following rules which applies:
   a. Non-dependent/dependent. The benefits of this plan which covers the person as an employee, member, or subscriber (that is, other than as a dependent) are determined before those of the plan which covers the person as a dependent.
   b. Dependent child/parents not separate or divorced. Except as stated in clause c of this subparagraph, when this plan and another plan cover the same child as a dependent of different parents, called "parents":
      i. The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year;
      ii. If both parents have the same birthday, the benefits of the plan which covered the parent longer are determined before those of the plan which covered the other parent for a shorter period of time.
      iii. However, if the other plan does not have the rule described in subclause (i) of this clause, but instead has a rule based upon the gender of the child, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.
   c. Dependent child/separated or divorced parents. If two (2) or more plans cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in this order:
      i. First, the plan of the parent with custody of the child;
      ii. Then, the plan of the spouse of the parent with the custody of the child; and
      iii. Finally, the plan of the parent not having custody of the child.
   d. However, if the specific terms of a court decree state that one (1) of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first.
subclause does not apply to any claim determination period or plan year during which any benefits are actually paid or provided before the entity has actual knowledge.

d. Active/inactive employee. The benefits of a plan which covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a plan which covers that person as a laid off or retired employee (or as that employee's dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this provision is ignored.

e. Longer/shorter length of coverage. If none of the above rules determines the order of benefits, the benefits of the plan which covered an employee, member, or subscriber longer are determined before those of a plan which covered that person for the shorter time.

(d) Effect on the benefits of this plan: when this paragraph applies. This paragraph (d) applies when, in accordance with paragraph (c) of this subsection, order of benefit determination rules, this plan is a secondary plan as to one or more other plans. In that event, the benefits of this plan may be reduced under this paragraph. Such other plan or plans are referred to as "other plans" in subparagraph 2 of this paragraph.

2. Reduction in this plan's benefits. The benefits of this plan will be reduced when the sum of:

a. The benefits that would be payable for allowable expenses under this plan in the absence of this COB provision and

b. The benefits that would be payable for the allowable expenses under the other plans, in the absence of provisions with a purpose like that of this COB provision, whether or not claim is made, exceeds those allowable expenses in a claim determination period. In that case, the benefits of this plan will be reduced so that they, and the benefits payable under the other plans do not total more than those allowable expenses. When the benefits of this plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this plan.

e. Right to receive and release needed information. Certain facts are needed to apply the COB rules. (Insurer name) has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. (Insurer name) need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must give (insurer name) any facts it needs to pay the claim.

(f) Facility of payment. A payment made under another plan may include an amount which should have been paid under this plan. If it does, (insurer name) may pay that amount to the organization which made the payment. The amount will then be treated as though it were a benefit paid under this plan. (Insurer name) will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits.

(g) Right of recovery. If the amount of the payments made by (insurer name) is more than it should have been under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, insurers, or other organizations. The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

Section 4. Rules for Coordination of Benefits.

(1) Order of benefits.

(a) General.

1. The primary plan must pay or provide its benefits as if the secondary plan or plans did not exist.

2. A secondary plan may take the benefits of another plan into account only when, under this regulation, it is secondary to that other plan.

(b) Dependent child/parents not separated or divorced. The word "birthday" in the wording shown in subsection (4)(c) to (b) of this section refers only to month and day in a calendar year, not the year in which the person was born.

(c) Longer/shorter length of coverage.

1. To determine the length of time a person has been covered under a plan, two (2) plans shall be treated as one (1) if the claimant was eligible under the second within twenty-four (24) hours after the first paid. A new plan does not include a change in the amount of scope of a plan's benefits, a change in the entity which pays, provides, or administers the plan's benefits, a change from one type of plan to another (such as, from a single employer plan to that of a multiple employer plan).

2. The claimant's length of time covered under a plan is measured from the claimant's first date of coverage under that plan. If that date is not readily available, the date the claimant first became a member of the group shall be used as the date from which to determine the length of time the claimant's coverage under the present plan has been in force.

2) Reduction in a plan's benefits when it is secondary.

(a) General. A secondary plan may reduce its benefits by using alternatives 1, 2, or 3 below, or any version thereof which is more favorable to the covered person. This is subject to the conditions and limits described in this subsection.

(b) Alternative 1. Total allowable expenses.

1. When this alternative is used, a secondary plan may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than total allowable expenses. The amount by which the secondary plan's benefits have been reduced shall be used by the secondary plan to pay allowable expenses, not otherwise paid, which were incurred during the claim determination period by the person for whom the claim is made. As each claim is submitted, the secondary plan determines its obligation to pay allowable expenses based on all claims which have been submitted up to that point in time during the claim determination period.

2. When this alternative is used, the suggested contract provision is as shown in Section 3(4)(d) of this regulation. The last paragraph quoted in Section 3(4)(d) of this regulation may be omitted if the plan provides only one (1) benefit, or may
be altered to suit the coverage provided.

(c) Alternative 2. Total allowable expenses with co-insurance.

1. When this alternative is used, a secondary plan may reduce its benefits so that the total benefits paid or provided by all plans, including this alternative, are not more than a stated percentage, but not less than eighty (80) percent of total allowable expenses. The amount by which the secondary plan’s benefits have been reduced shall be used by the secondary plan to pay the stated percentage of allowable expenses, not otherwise paid, which were incurred during the claim determination period by the person for whom the claim is made. As each claim is submitted, the secondary plan determines its obligation to pay for the stated percentage of allowable expenses paid on all claims which were submitted up to that point in time during the claim determination period.

2. When this alternative is used, the suggested contract provision for use in Section 3(4)(d)(2) of this regulation is shown below:

"Reduction in this plan's benefits. The benefits of this plan will be reduced when the sum of:

a. The benefits that would be payable for the allowable expenses under this plan in the absence of this COB provision; and

b. The benefits that would be payable for the allowable expenses under the other plans in the absence of provisions with a purpose like that of this COB provision, whether or not claim is made; exceeds the greater of 80% of those allowable expenses or the amount of benefits in a above. In that case, the benefits of this plan will be reduced so that they and the benefits in b above do not exceed the greater of 80% of those allowable expenses or the amount of benefits in a above. When the benefits of this plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this plan."

3. The last paragraph of 2, quoted immediately above, may be omitted if the plan provides only one (1) benefit, or may be altered to suit the coverage provided.

(d) Alternative 3. Maintenance of benefits. All allowables on plan.

1. When this alternative is used, a secondary plan may reduce its benefits by the amount of the benefits allowable under the other plans for the same expenses.

2. When this alternative is used, the suggested contract provision for use in Section 3(4)(d)(2) of this regulation is shown below:

"2. Reduction in this plan's benefits. The benefits that would be payable under this plan in the absence of this COB provision will be reduced by the benefits payable under the other plans for the expenses covered in whole or in part under this plan. This applies whether or not claim is made a plan. When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an expense incurred and a benefit payable. When the benefits of this plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this plan."

3. The last paragraph of 2, quoted immediately above, may be omitted if the plan provides only one (1) benefit, or may be altered to suit the coverage provided.

4. This alternative 3 may be used in a plan only when, in the absence of COB, the benefits of the plan (excluding benefits for dental care, (except pre-paid dental plan organizations) vision care, prescription drugs or hearing aid programs) will, after any deductible, be:

a. Not less than fifty (50) percent of covered expenses;

(i) For the treatment of mental or nervous disorders or alcoholism or drug abuse; or

(ii) Under cost containment provisions with alternative benefits, such as those applicable to second surgical opinions, precertification of hospital stays, etc.; and

b. Not less than twenty-five (75) percent of other covered expenses.

5. A plan using this alternative 3 may exclude definitions of and references to allowable expenses, claim determination period, or both.

(e) Conditions for use of alternatives 2 and 3.

1. General. Alternatives 2 and 3 permit a secondary plan to reduce its benefits so that total benefits may be less than 100 percent of allowable expenses.

2. Conditions. A plan using alternatives 2 or 3 must comply with the following conditions:

a. Notice. The plan must provide prior notice to employees or members that when it is secondary (that is, it determines benefits after another plan): (i) Its benefits plus those of the primary plan will be less than 100 percent of allowable expenses; unless:

(ii) The primary plan, by itself, provides benefits at 100 percent of allowable expenses.

b. Co-payment and deductible limit. When the plan is secondary, it must provide a limit on the amount the employee, member, or subscriber is required to pay toward the expenses or services covered under the plan and for which the plan is secondary. Such limit shall not exceed $2,000 for any covered person, or $3,000 for any family, in any claim determination period.

c. Unrestricted enrollment. The plan must permit a person to be enrolled for its health care coverage when that person's eligibility for health care coverage under another plan ends for any reason, if:

(i) Such a person is eligible for coverage under the plan; and

(ii) Such enrollment is made before the end of the thirty-one (31) day period immediately following either:

i. The date when health care coverage under the other plan ends; or

ii. The end of any continuation period elected by or on behalf of that person. This unrestricted enrollment is not required if a person remains eligible for coverage under that other plan, or a plan which replaces it, without interruption of that person's coverage.

d. Enrollment requirements. If a person is enrolled before the end of the period, described in clause (i) of this subparagraph, there shall be no interruption of coverage. Thus, the requirements concerning active work of employees, members, or subscribers, or non-confinements of dependents on the effective date of coverage, shall not be applied. However, coverage for the person under the plan may be subject to the same requirements, including underwriting requirements, benefit restrictions,
waiting periods and pre-existing condition limitations that would have been applied had the person been enrolled under the plan on the later of:

(i) The date the person first became eligible for the plan's coverage; or
(ii) The date the employee, member or subscriber last became covered under the plan. Credit shall be given for any pre-existing condition limitation or waiting period from the later of the dates described in subclause (i) or (ii) of this clause to the date the person actually enrolled pursuant to clause c of this subparagraph.

(3) Reasonable cash value of services. A secondary plan which provides benefits in the form of services may recover the reasonable cash value of providing the services from the primary plan, to the extent that benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan. Nothing in this provision shall be interpreted to require a plan to reimburse a covered person in cash for the value of services provided by a plan which provides benefits in the form of services.

(4) Excess and other non-conforming provisions.
(a) Some plans have order of benefit determination rules not consistent with this regulation which declare that the plan's coverage is "excess" to all others or "always secondary." This occurs because certain plans may not be subject to insurance regulation or some group contracts have not been conformed to this regulation pursuant to Section 6, effective date; existing contracts.
(b) A plan with order of benefit determination rules which comply with this regulation ("complying plan") may coordinate benefits with a plan which is "excess" or "always secondary" or which uses order of benefit determination rules which are inconsistent with those in this regulation ("non-complying plan") on the following basis:

1. If the complying plan is the primary plan, it shall pay or provide its benefits on a primary basis.
2. If the complying plan is the secondary plan, it shall, nevertheless, pay or provide its benefits first, but the amount of benefits payable shall be determined as if the complying plan were the secondary plan. In such a situation, such payment shall be the limit of the complying plan's liability.
3. If the non-complying plan does not provide the information needed by the complying plan to determine its benefits within a reasonable time after it is requested to do so, the complying plan shall assume that the benefits of the non-complying plan are identical to its own, and shall pay its benefits accordingly. However, the complying plan must adjust any payments it makes based on such assumption whenever information becomes available as to the actual benefits of the non-complying plan.

4. If:
   a. The non-complying plan reduces its benefits so that the employee, subscriber, or member receives less in benefits than he or she would have received had the complying plan paid or provided its benefits as the secondary plan and the non-complying plan paid or provided its benefits as the primary plan; and
   b. Governing state law allows the right of subrogation set forth below; then the complying plan shall advance to or on behalf of the employee, subscriber, or member an amount equal to such difference. However, in no event shall the complying plan advance more than the complying plan would have paid had it been the primary plan less any amount it previously paid. In consideration of such advance, the complying plan shall be subrogated to all rights of the employee, subscriber, or member against a non-complying plan. Such advance by the non-complying plan shall also be without prejudice to any claim it may have against the non-complying plan in the absence of such subrogation.

(5) Allowable expense. A term such as "usual and customary," "usual and prevailing," or "reasonable and customary" may be substituted for the term "necessary, reasonable, and customary." Such terms as "medical care" or "dental care" may be substituted for "health care" to describe the coverages to which the COB provisions apply.

Subrogation. The COB concept clearly differs from that of subrogation. Provisions for one may be included in group health contracts without compelling the inclusion or exclusion of the other.

Section 5. Severability. If any provision of this regulation or any application thereof to any person or circumstance is for any reason held to be invalid, the remainder of this regulation and the application of such provision to other persons or circumstances shall not be affected thereby.

Section 6. Effective Date; Existing Contracts. (1) This regulation applies to group health contracts delivered, issued for delivery, or renewed on or after January 1, 1987.
(2) As a courtesy to the Legislative Research Commission, the Department of Insurance states that it intends this regulation to be permanent. This statement does not constitute an admission of the constitutionality of 1986 Ky. Act c. 499 (House Bill 310), §8 and 9.

PUBLIC HEARING SCHEDULED: Persons with an interest in the subject matter of the proposed regulation may submit written comments to Gil McCarty, Commissioner, Kentucky Department of Insurance, P.O. Box 517, Frankfort, Kentucky 40601. Such persons may appear at a public hearing scheduled for July 21, 1986, at 10:30 a.m. (ET) in the offices of the Kentucky Department of Insurance, 229 West Main Street, Frankfort, Kentucky 40601.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Patrick Watts, Counsel

Need for the Proposed Regulations: 408, adopted by the 1986 General Assembly, requires the Commissioner of Insurance to prescribe guidelines for coordination of benefits ("COB"). COB was developed to prevent a claimant from profiting from an illness as a result of duplicate group health insurance coverage. When implemented and effective, COB reduces group
health insurance costs because an insurer's obligation to pay benefits is reduced by reimbursement from another plan.

The focal point of COB is the order of benefit determination where two or more group health insurance policies apply to the same loss. Generally, the order of benefit determination rules imposed by the proposed regulation are as follows:

1. If the other plan in question has no COB provisions, the other plan is primary.
2. If both plans have similar COB provisions, the plan determines the order of benefits using the first of the following which apply:
   a. The plan which covers the person as a group member rather than as a dependent of a group member.
   b. If the claimant is the dependent child whose parents are not separated or divorced, the plan covering the parent whose birthday falls earlier in the year is primary. If both parents' birthdays fall on the same day, the plan which has been in effect the longest time is primary.
   c. If the claimant is a dependent child whose parents are separated or divorced, the plan of the parent with custody of the child is primary, followed by the plan of the spouse of the parent with custody, and, finally, the plan of the non-custodial parent. However, if a judicial decree states that one of the parents is responsible for the health care expenses of the child, and that parent's insurer has actual knowledge of this judicial order, that plan is primary.
   d. If a plan covers a person as an active employee, it is primary to the benefits of a plan which covers that person as a laid off or retired employee.
   e. If none of the above rules determines the order of benefits, the plan which has covered the group member the longest period of time is primary.

The proposed regulation also contains the definition of a "plan" and other relevant definitions. The proposed regulation also contains a Model Contract Provision for use by insurers. This Model Contract Provision, or any other contract provision used by insurers, must comply with the rules established by Section 4 of the proposed regulation.

The regulation becomes effective January 1, 1987. This is the "target date" established by the National Association of Insurance Commissioners for implementation of its Model Regulation on Coordination of Benefits. The proposed regulation is substantially identical to the NAIC Model.

(1) Type and number of entities affected: The regulation applies to group health insurance contracts delivered, issued for delivery, or renewed in Kentucky. There are approximately 400 insurers, non-profit health service corporations, health maintenance organizations, and prepaid dental plan organizations transacting business in Kentucky. The proposed regulation will also affect the health insurance benefits and costs of all Kentuckians covered by group health insurance and groups paying for such coverage.

(a) Direct and indirect costs or savings to those affected: The proposed regulation itself will have little cost or savings impact because coordination of benefits is already in use. However, by making the rules relating to non-duplication of group health insurance benefits more uniform, the proposed regulation will preserve the savings from COB for insurers, claimants, and persons paying for group health insurance coverage.

1. First year:
   2. Continuing costs or savings:
   3. Additional factors increasing or decreasing costs (note any effects upon competition):
   (b) Reporting and paperwork requirements:
   Group health insurance contracts must comply with the coordination of benefits guidelines contained in the proposed regulation. However, since similar guidelines are being adopted in most states, imposing such guidelines through the proposed regulation should not be burdensome.
   (2) Effects on the promulgating administrative body: The adoption of formal coordination of benefits guidelines will result in savings to the Department because the guidelines will become well known.

   (a) Direct and indirect costs or savings:
   1. First year:
   2. Continuing costs or savings:
   3. Additional factors increasing or decreasing costs:
   (b) Reporting and paperwork requirements:
   (3) Assessment of anticipated effect on state and local revenues: None
   (4) Assessment of alternative methods; reasons why alternatives were rejected: None were considered because HB 607 requires the Commissioner to prescribe coordination of benefits guidelines.
   (5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None
   (a) Necessity of proposed regulation if in conflict:
   (b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:
   (5) Any additional information or comments:

Tiering:

Was tiering applied? Tiering has been applied in some minor aspects of the proposed regulation. While the proposed regulation contains a Model Contract Provision, insurers are allowed to use alternative language in some situations and are allowed to use alternative terminology and to tailor the format of the contract provisions to fit their contracts.

CABINET FOR HUMAN RESOURCES

900 KAR 1:006. Limitation on indirect administrative cost in contracts.

NECESSITY AND FUNCTION: In accordance with its intent to focus the resources of the Cabinet for Human Resources on direct service provision and minimize indirect administrative expenses, the General Assembly, Regular Session, 1986 established a limit of fifteen (15) percent on indirect administrative cost for all contracts between the cabinet and non-state government agencies and individuals with certain exceptions. HB 398 requires the cabinet to

Volume 13, Number 1 - July 1, 1986
promulgate administrative regulations which
address allocation and define direct and
indirect costs. This regulation sets forth
definitions and provisions necessary to
implement this indirect administrative cost
limitation in contracts. This regulation applies
to Cabinet for Human Resources contracts for the

Section 1. Definitions. As used in this
regulation, the following definitions shall
apply unless the specific context dictates
otherwise.

(1) "Direct costs" means those costs that can
be identified specifically with and charged in
whole or in part to a particular project,
service, program or activity of an organization.

(2) "Indirect costs" means those costs of an
organization which are not specifically
identifiable with a particular project, service,
program, or activity but nevertheless are
necessary to the general operation of the
organization and the conduct of the activities
it performs.

(3) "Administrative activities" means those
activities performed by an organization in the
development and implementation of policy and the
management of the organization necessary to
fulfill the functions and obligations of the
organization. These activities generally
include, but are not limited to, agency and
personnel management, accounting, auditing, and
legal services.

(4) "Service activities" means those
activities carried out by an organization which
are integral and necessary to the production
and/or delivery of specific products and/or
services.

(5) "Indirect administrative costs" means
those costs for administrative activities of an
organization which are not specifically
identifiable with a particular project, service,
program, or activity.

(6) "Cost allocation plan" means the written
description of processes for identification,
accumulation, and distribution of costs together
with the allocation methods used.

Section 2. Indirect Administrative Cost
Limitation in Contracts. (1) The Cabinet for
Human Resources will limit payment to contractors for indirect administrative cost to
no more than fifteen (15) percent of the
contract total. For the purpose of this
regulation, contract total means total actual,
allowable expenses reimbursed by the cabinet.

(2) The provisions of this regulation are
applicable to all types of contracts (except as
exempted herein) between the cabinet and
non-state government agencies and individuals
including, but not limited to: cost
reimbursement type contracts; competitively bid
or negotiated fixed price contracts; program
administration contracts; and, personal service
contracts.

(3) When offering a contract for bid or
negotiation, the cabinet shall clearly indicate
that the state will limit its reimbursement of
indirect administrative cost to no more than
fifteen (15) percent of the total actual
allowable expenses reimbursed by the cabinet.
If total indirect administrative cost exceeds such
limit, the additional expense shall be the
responsibility of the contractor and not the
Commonwealth.

(4) In cases where payment to a contractor is
made on a fixed price/fee basis and the
fixed price/fee is established based upon
a consideration of a prior year and/or current
year actual, allowable cost (e.g., regional
mental health/mental retardation boards), such
contracts shall be subject to the indirect
administrative cost limitations set forth herein.

(5) There shall be no restrictions or
limitations of indirect administrative costs paid
for with contractor funds used to satisfy in-kind or matching requirements.

(6) In the event there is more restrictive contract
provisions or federal and/or state laws and/or
regulations apply to a particular contract, such
laws, regulations, or contract provisions shall
prevail with respect to limitations on indirect
administrative cost.

(7) In the event that training involving
contracted services and related agency skills
and resources are requested by the cabinet and
provided by a contractor in accordance with HB
398, costs related to such activity will be
considered a direct cost and not subject to
indirect administrative cost limitations.

(8) In the event an audit results in a finding
that the indirect administrative cost
limitations set forth herein has been exceeded for the period of performance of the
contract, payment made by the cabinet to the
contractor in consideration of such cost shall
be subject to recovery from the contractor by
the cabinet.

Section 3. Allocation Plan Required. A
contractor shall maintain a written plan for
allocation of direct and/or indirect costs in
instances where the contractor organization
operates more than one (1) project, service,
program or activity. The general requirement for
any cost allocation plan is that it shall
provide for an equitable distribution of
allocable direct costs and indirect costs to
each project, service, program or activity that
benefits from such costs and must be
consistently and uniformly applied. Only those
costs that are not specifically identifiable to
a single project, service, program or other
direct activity shall be allocated.

Section 4. Documentation Requirements for
Costs. (1) All direct or allocable direct
charges shall be documented by appropriate
source documents to support the direct charging
of the expense.

(2) The contractor shall document the method
used to allocate direct and/or indirect costs.

(3) The cabinet shall indicate the
allowable indirect administrative cost amount
and the percentage such amount represents in
each contract budget and/or the final
expenditure report as an indication of
compliance.

(4) Reports of audits performed to meet
federal and/or state requirements and which are
conducted by independent public auditors,
cabinet auditors, and/or the state auditor,
shall contain a statement as to the compliance
of the contractor with the cost limitations set
forth herein.

Section 5. Subcontracts. In the event the
primary contractor subcontracts with any
non-state government agency or organization or individual pursuant or relating to its contract with the Cabinet for Human Resources, the indirect administrative cost of the primary contractor shall not exceed fifteen (15) percent of the total actual allowable expenses reimbursed by the cabinet excluding such subcontracted costs. The indirect administrative cost of the subcontractor shall not exceed fifteen (15) percent of the total actual allowable expenses reimbursed by the primary contractor. Exceptions to such division of indirect administrative cost between the primary contractor and the subcontractor shall be subject to case-by-case negotiation between the cabinet and the prime contractor. In such cases where an exception to the limits is deemed reasonable and justifiable, the negotiated limit(s) together with the reasons for the exception shall be expressed in the terms and conditions of the resulting contract. In no event shall combined indirect administrative cost of the prime contractor and subcontractor(s) in the aggregate exceed fifteen (15) percent of the total actual allowable expenses reimbursed by the cabinet.

Section 6. Exceptions. Contracts which may be exempt from the fifteen (15) percent indirect administrative cost limitations contained herein are set forth below:

(1) Contracts for Medicaid benefits shall be exempt from the cost limitations set forth herein;

(2) A contract for a service which is predominantly administrative in nature may be exempted provided that:
   (a) The Secretary of the Cabinet for Human Resources certifies such fact and also documents why such service cannot be performed by state employees; and,
   (b) The Secretary of the Finance and Administration Cabinet concurs and authorizes such exception;

(3) A contract which is competitively solicited and/or competitively negotiated may be exempted only when such exemption results in award of the contract to the lowest priced and/or best proposal submitted by prospective contractors provided that:
   (a) The Secretary of the Cabinet for Human Resources approves such exemption; and,
   (b) The Secretary of the Finance and Administration Cabinet concurs and authorizes such exemption;

(4) A contract which does not exceed a total amount of $100,000.00 and for which state funds comprise not less than seventy-five (75) percent of the fund sources available for such contract may be exempted from the fifteen (15) percent provided that:
   (a) Combined actual allowable direct and indirect administrative costs shall not exceed twenty-five (25) percent of the total actual, allowable expenses reimbursed by the cabinet;
   (b) The Secretary of the Cabinet for Human Resources approves such exemption; and,
   (c) The Secretary of the Finance and Administration Cabinet concurs and authorizes such exemption.

The Administrative Regulation Review Subcommittee met on June 9 and 10, 1986, and submits the following report:

Press Staff: Susan Wunderlich, Joe Hood, Gregory Karambolas, Donna Valencia, and Carla Arnold.

The Subcommittee determined that attachments be made to the following regulations:

General Government Cabinet: Board of Accountancy

201 KAR 1:067 (Quality Enhancement Program.) The Subcommittee determined that this regulation was authorized under the provisions of KRS Chapter 325. It authorized the Board to adopt regulations for the administration of the KRS Chapter 325 in order to promulgate rules of professional conduct needed to establish and maintain a high standard of integrity in the profession. Representative Meyer asked for an explanation of the procedure the Board would employ and what actions the Board would take on its findings after a review of the audits licensees would be required to submit. Board personnel replied that the Board would require the licensee to make changes recommended after a review of the audits submitted. If the Board felt that disciplinary action against a licensee was warranted, it would order a full investigation but would not take disciplinary action simply on the basis of the review of audits. In response to further questions, Board personnel stated that generally accepted accounting procedures are the standards employed for review of audits and other material submitted by licensees, and that any action taken by the Board would comply with the hearing procedures and requirements of KRS Chapter 325.

The Subcommittee approved a motion referring this regulation to the Interim Joint Committee on Business Organizations and Professions for legislative recommendations that may be required under the provisions of House Bill 310.

General Government Cabinet: Board of Hairdressers and Cosmetologists

201 KAR 12:110 (School license.) The Subcommittee stated that the requirements of KRS Chapter 317A that three members of the Board sit on their own or have a substantial financial interest in salons or cosmetology schools. Board representatives argued against the regulation. Board personnel stated that the regulation would not prohibit a member from serving on the Board if he owned a salon or had an interest in a school; it would preclude a Board member from obtaining an additional license. They stated that licenses and schools were limited in number; that it was not possible to notify those who would want to apply when a license was vacated; that the Board wanted to avoid a potential problem when the "first in time" applicant was a Board member. Representative Meyer asked whether a notice of a vacated license could not be mailed to hairdressers and cosmetologists, or whether an association of hairdressers and cosmetologists could not notify them. Board personnel stated that there were approximately 32,000 licensees. In response to a question by Representative Meyer, Board personnel stated that the number of schools was not established by statute but instead through Board action. Representative Brinkley stated that the Subcommittee understood the nature of the problem facing the Board, and the intent of the Board in promulgating this regulation. Because of the questions raised concerning statutory authorization, the Subcommittee approved a motion by Representative Brinkley that this regulation be referred to the Interim Joint Committee on Business Organizations and Professions for legislative recommendations. The Board amended Section 14(c) of the regulation to delete the words, "the effective date of this regulation" and to insert in lieu thereof, "June 9, 1986."

Corrections Cabinet: Office of the Secretary

501 KAR 6:070 (Kentucky Correctional Institution for Women.) Representatives Brinkley and Meyer raised questions concerning the Corrections Cabinet's policy on strip searching of visitors. It was pointed out that KCIW 19:03-01, a manual incorporated by reference,
authorized strip searches with the permission of the state police. An objection was raised concerning the authority of the cabinet to permit the state police to authorize a strip search. The cabinet responded that if it has reasonable suspicion that a visitor is carrying drugs or contraband, it will request the visitor to submit to a strip search. It was pointed out by Representative Brinkley and Meyer that the state police are held to the higher standard of probable cause. Questions revolved around the issue of whether the cabinet would, on reasonable suspicion, hold or detain a visitor who refused to submit to a search for the state police. After a lengthy discussion, the cabinet seemed to state that if the state police do not have probable cause that the visitor is carrying contraband, then the cabinet would allow the visitor to leave the facility. Representative Brinkley questioned the authority of the cabinet to detain a visitor on reasonable suspicion for a strip search by the state police who are required to base detention or search on probable cause. He asked why the cabinet did not conduct a strip search itself if it had reasonable suspicion that the visitor was concealing drugs or other contraband since its personnel were considered peace officers. The Subcommittee approved a motion that this regulation be referred to the Interim Joint Committee on Judiciary-Criminal Justice for legislative recommendations and to report its findings to the subcommittee.

The Subcommittee determined that the following regulations, amended as agreed by the subcommittee and promulgating body, complied with KRS Chapter 13A:

Tourism Cabinet: Department of Fish and Wildlife Resources: Game
301 KAR 2:047 (Specified areas; seasons, limits for birds and small game.) This regulation was amended to clarify which counties are included in specific wildlife management areas.

Education and Humanities Cabinet: Department of Education: Office of Instruction: Instructional Services
704 KAR 3:145 (Evaluation guidelines.) This regulation was amended to conform with language in the statutes.

Public Protection and Regulation Cabinet: Board of Tax Appeals: Tax Appeals
802 KAR 1:010 (Rules of practice and procedure.) This regulation was amended to clarify that appeals shall be filed within thirty days of the date of the mailing of the board’s ruling, order or determination in order to conform to the statute.

Public Protection and Regulation Cabinet: Harness Racing Commission: Harness Racing Rules
811 KAR 1:215 (Kentucky Standardbred Development Fund.) This regulation was technically amended to add the word “or” after the words “frozen, desiccated.”

Cabinet for Human Resources: Department for Social Insurance: Medicaid Services
304 KAR 1:019 (Pharmacy services.) The following amended was made by the agency: “(3)

"Drug manufacturer or distributor” means those companies which the KMAP request to provide directly to the KMAP pricing or cost information which will be used in establishing the estimated acquisition cost upper limit as required by federal regulations." An additional amendment was made to list KRS 205.560(1)(a)-(c) in the "Pursuant to" section of the regulation.

904 KAR 1:038 (Hearing and vision services.) Section 3 of the regulation was deleted so that ophthalmologists and optometrists could be covered under Medicaid Services. This amendment was made by the subcommittee and agency in order that the regulation comply with the statutes.

The Subcommittee determined that the following regulations complied with KRS Chapter 13A:

Tourism Cabinet: Department of Fish and Wildlife Resources: Fish
301 KAR 1:015 (Boats and outboard motors; size limits.)

Game
301 KAR 2:040 (Upland game shooting preserves.)
301 KAR 2:045 (Upland game birds, furbearers and small game; seasons, limits.)
301 KAR 2:170 (Seasons for deer hunting.)

Hunting and Fishing
301 KAR 3:010 (Depredation of wildlife areas.)
301 KAR 3:030 (Year-round season for some birds and animals.)

Wildlife
301 KAR 4:050 (Swan Lake Wildlife Management Area restrictions.)

Natural Resources and Environmental Protection Cabinet: Department for Environmental Protection: General Administrative Procedures
401 KAR 50:035 (Permits.)
401 KAR 50:042 (Good engineering practice stack height.)

Corrections Cabinet: Office of the Secretary
401 KAR 6:020 (Corrections policies and procedures.)
501 KAR 6:030 (Kentucky State Reformatory.)
501 KAR 6:040 (Kentucky State Penitentiary.)
501 KAR 6:050 (Luther Luckett Correctional Complex.)
501 KAR 6:060 (Northpoint Training Center.)
501 KAR 6:080 (Corrections Cabinet Manuals.)
501 KAR 6:900 (Frankfort Career Development Center.)

Education and Humanities Cabinet: Office of Instruction: Teacher Certification
704 KAR 20:015 (Rank I classification.)

Department of Insurance: Group and Blanket Health Insurance
806 KAR 18:020 (Preferred and exclusive provider arrangements.)

Department of Financial Institutions: Securities
808 KAR 10:210 (Registration exemptions - Federal Regulation D.)
808 KAR 10:230 (Fee payment – KRS 292.380(5).)
808 KAR 10:240 (Registration exemptions - Sale of business.)

Harness Racing Commission: Harness Racing Rules
811 KAR 1:090 (Stimulants and drugs.)
811 KAR 1:225 (Substance abuse by commission employees and licensees.) In response to questions by Representatives Bruce and Meyer, agency personnel stated that testing for drugs is done either at random or of all a class; that testing for drugs is generally done on an individual basis if it is supported by probable cause to test; that either all drivers are tested for alcohol; or, if probable cause exists with regard to one driver, individual testing for alcohol is done; that a blood content of .05 or more would result in a prohibition of participating; that the standards are those of the National Association of Standardbred Racing Commissioners; that no licensee objected.

Cabinet for Human Resources: Department for Health Services: Local Boards of Health
902 KAR 8:020 (Policies and procedures for local health department operations.)
Hospitalization of Mentally Ill and Mentally Retarded
902 KAR 12:080 (Policies and procedures for mental health/mental retardation facilities.)
Department for Employment Services: Unemployment Insurance
903 KAR 5:260 (Unemployment insurance procedures.)
Department for Social Insurance: Medical Assistance
904 KAR 1:009 (Physicians' services.)
Public Assistance
904 KAR 2:190 (Incorporation by reference of materials relating to the Refugee Assistance Program.)
Food Stamp Program
904 KAR 3:035 (Certification process.)
Department for Social Services: Aging Services
905 KAR 8:030 (Meals standards for the Older Americans Act.)
Department for Medicaid Services: Medicaid Services
907 KAR 1:007 (Documentation of medical assistance services.)

The Subcommittee had no objections to emergency regulations which had been filed.

The Subcommittee deferred the following regulation at the request of the promulgating administrative body:

Cabinet for Human Resources: Department for Health Services: Certificate of Need and Licensure
902 KAR 20:210 (General health services licensure.)

Chairman Brinkley and Representative Meyer requested the following information from agency personnel: (1) What specific health services are governed by this regulation? (2) If there are specific health services governed by this regulation, why aren't they cited? (3) If there are no specific health services, why is the regulation needed? (4) How would any health service governed by this regulation know that it was governed by this regulation? (5) How would it know which of the alternative licensure procedures or requirements it must meet? They stated that under this regulation, a health service would not know on application for licensure what standards or requirements it must meet. It would know only after an inspection which criteria it must meet. The agency would determine the applicable criteria or standards on an ad hoc basis. There would be no advance notice of the specific requirements. They added that under this regulation, a health service is not provided alternative procedures. In reality, the cabinet will determine standards, rules, criteria, as it chooses. KRS 13A requires these specific matters to be set out in a regulation. It was pointed out that, under other regulations such as 902 KAR 20:140-200, all other known health services appear to have specific standards or requirements set out in administrative regulations. Representatives Brinkley and Meyer suggested that if the cabinet is afraid that certain unspecified health services won't be covered by existing regulations, the very least that should be required would be a regulation listing criteria or standards or requirements that all health services must meet. Such a regulation could contain a provision that a health service must meet its requirements unless another regulation applies specifically to it. They suggested that it would be better to promulgate a regulation governing a specific health service and amend it as conditions warranted, and pointed out that the regulation being reviewed may regulate a type of service which the General Assembly has not authorized to be regulated. Chairman Brinkley pointed out that KRS Chapter 13A requires that conditions to licensure be promulgated as administrative regulations, that notice of such conditions be given those who are governed by them. Agency personnel agreed to defer this regulation and to meet with the staff of the Subcommittee and the staff of the Interim Joint Committee on Health and Welfare in order to revise the regulation.

Other Business:
The members approved a motion by Representative Meyer that the Subcommittee request that the Department of Library and Archives explain their selection procedures for allocating federal funds to public libraries, and directed the staff to prepare a memorandum to that effect.

The Subcommittee adjourned at 11 a.m. until July 1, 1986.
