REGULATION REVIEW PROCEDURE

Filing and Publication

Administrative bodies shall file with the Regulations Compiler all proposed administrative regulations, public hearing information, tiering statement, regulatory impact analysis, fiscal note, and the federal mandate comparison. Those regulations received by the deadline required in KRS 13A.050 shall be published in the Administrative Register.

Public Hearing

The administrative body shall schedule a public hearing on proposed administrative regulations to be held not less than twenty (20) nor more than thirty (30) days following publication. The time, date, and place of the hearing and the name and address of the agency contact person shall be included on the last page of the administrative regulation when filed with the Compiler's office.

Any person interested in attending the scheduled hearing must submit written notification of such to the administrative body at least five (5) days before the scheduled hearing. If no written notice is received at least five (5) days before the hearing, the administrative body may cancel the hearing.

If the hearing is cancelled, the administrative body shall notify the Compiler of the cancellation. If the hearing is held, the administrative body shall submit within fifteen (15) days following the hearing a statement of consideration summarizing the comments received at the hearing and the administrative body's responses to the comments.

No transcript of the hearing need be taken unless a written request for a transcript is made, and the person requesting the transcript shall have the responsibility of paying for same. A recording may be made in lieu of a transcript.

Review Procedure

If a proposed administrative regulation is amended as a result of the public hearing, the amended version shall be published in the next Administrative Register; and following publication shall be reviewed by the Administrative Regulation Review Subcommittee at its next meeting. If a proposed administrative regulation is not amended as a result of the hearing or if the hearing is cancelled, the regulation shall be reviewed by the Administrative Regulation Review Subcommittee at its next meeting. After review by the Subcommittee, the regulation shall be referred by the Legislative Research Commission to an appropriate jurisdictional committee for a second review. The administrative regulation shall be considered as adopted and in effect as of adjournment on the day the appropriate jurisdictional committee meets or thirty (30) days after being referred by LRC, whichever occurs first.

REFERRAL PROCEDURE

When a promulgating administrative body defers a regulation at a legislative subcommittee or committee meeting, the regulation is deferred to the next regular meeting of that committee. If the administrative body determines that the deferred regulation shall not be amended after deferral, the administrative body shall notify the Regulations Compiler that the regulation should go into effect without further amendment.

EMERGENCY REGULATIONS NOW IN EFFECT

(NOTE: Emergency regulations expire 90 days from publication or upon replacement or repeal.)

STATEMENT OF EMERGENCY
501 KAR 6:070E

In order to continue to operate the Kentucky Correctional Institution for Women in accordance with KRS Chapter 196, the Corrections Cabinet needs to implement this emergency regulation. An ordinary administrative regulation cannot suffice because the effected institutional policies must be implemented to allow the Kentucky Correctional Institution for Women to submit a series of new and revised policies to prepare the institution for an upcoming national accreditation audit. These policies are needed to bring the Kentucky Correctional Institution for Women into compliance with standards set by the American Correctional Association. This emergency regulation will be replaced by the ordinary administrative regulation filed with LRC on November 4, 1988 in accordance with KRS Chapter 13A.

STATEMENT OF EMERGENCY
603 KAR 5:230E

KRS 177.9771 requires that the Secretary of Transportation update the extended weight coal or coal by-products haul road system each year by November 1. In order that this year's update be effective no later than November 1, 1988 it is necessary that this emergency regulation listing the roads in the extended weight coal or coal by-products haul road system, based upon 1987 data, be implemented. This emergency administrative regulation shall be replaced by an ordinary administrative regulation. The ordinary administrative regulation was filed with the Regulations Compiler on October 18, 1988.

TRANSPORTATION CABINET
Department of Highways
Divisions of Planning and Maintenance

603 KAR 5:230E. Bridge weight limits on the extended weight coal or coal by-products haul road system.

RELATES TO: KRS 177.9771, 189.230
STATUTORY AUTHORITY: KRS 177.9771
EFFECTIVE: October 26, 1988
NECESSITY AND FUNCTION: KRS 177.9771(2) requires the Secretary of the Transportation Cabinet to certify those public highways which meet certain criteria as the extended weight coal or coal by-products haul road system. KRS 189.230 provides that the Department of Highways may prescribe gross vehicle weight limits for bridges lower than the limits prescribed in KRS 177.9771 on any bridge which may be damaged or destroyed to the point of catastrophic failure if gross vehicle weights exceed certain limits. This regulation identifies the extended weight coal or coal by-products haul road system and the bridges on the [extended weight coal haul road] system which the Department of Highways has judged may be so damaged and prescribes the maximum weight limit for each of these [such] bridges. Further, KRS 177.9771(9) requires the Transportation Secretary to meet with certain local governing bodies and give consideration to their concerns before adding to or deleting from the extended weight coal or coal by-products haul road system and establishes procedures to be followed by local governing bodies requesting this consideration.

Section 1. Definitions. The following terms when used in this administrative regulation shall have the following meanings:
(1) "TY I" means a single unit truck consisting of two (2) single axles.
(2) "TY II" means a single unit truck consisting of one (1) steering axle and two (2) axles in tandem arrangement.
(3) "TY III" means a single unit truck consisting of one (1) steering axle and three (3) axles in tridem arrangement.
(4) "TY IV" means a tractor-semitrailer

combination with five (5) or more axles.
(5) "KY" means a state numbered highway maintained by the Kentucky Department of Highways.
(6) "US" means a United States numbered highway maintained by the Kentucky Department of Highways.
(7) "I" means an interstate and defense highway maintained by the Kentucky Department of Highways.
(8) "CR" means a public highway, road, or street not maintained by the Kentucky Department of Highways.
(9) "MP" means milepoint.
(10) "FROM" means the beginning milepoint and terminus of a road segment on the extended weight coal haul road system.
(11) "TO" means the ending milepoint and terminus of a road segment on the extended weight coal haul road system.
(12) "Catastrophic failure" means a failure that is marked by sudden or unpredictable damage ranging from extreme misfortune to utter ruin.
(13) "AASHTO" means the American Association of State Highway and Transportation Officials.
(14) "CO" means county.
(15) "LN" means line.
(16) "Mpt." means milepoint.
(17) "PKWY" means parkway.
(18) "Local governing body" means the fiscal court of any county, the city council or commission of a city of the first through fourth classes or the council of an urban county government.
(19) "Coal by-products" means any of the following: fly ash, bottom ash, wet bottom boiler slag, scrubber sludge, burned coal waste (red dog), coal slag, and coal cinders.

Section 2. (1) The Department of Highways shall determine the bridges on the extended weight coal or coal by-products haul road system which may be damaged or destroyed to the point of catastrophic failure by motor vehicles operating at the weights authorized by KRS 177.9771. This determination shall be based upon an analysis of the bridges in accordance with the guidelines and ratings set forth in the AASHTO Manual for Maintenance Inspection of Bridges, 1983 edition and 1984 and 1985 Interim Revisions. The load factor method of analysis may be used only when a bridge is known to have been designed by that method. When the allowable stress method of analysis is used the maximum allowable stress in steel members shall not exceed sixty-nine (69) percent of the yield strength of the steel.
(2) When the analysis specified in subsection (1) of this section cannot be applied to a bridge, the Department of Highways shall determine if any [such] bridge may be damaged or destroyed to the point of catastrophic failure in accordance with the AASHTO Manual for Maintenance Inspection of Bridges, 1983 edition and 1984 and 1985 Interim Revisions. Before making such a determination the Department of Highways shall conduct an on-site inspection to determine whether the bridge shows appreciable signs of deterioration or distress or otherwise poses a significant hazard to the traveling public.

Section 3. When the Department of Highways determines that a bridge on the extended weight coal or coal by-products haul road system may be damaged or destroyed to the point of catastrophic failure, the department may adopt a weight limit for the bridge in accordance with the guidelines set forth in the AASHTO Manual for Maintenance Inspection Bridges, 1983 edition and 1984 and 1985 Interim Revisions.

Section 4. The following highways, or portions of those highways, are certified as meeting the criteria of and are designated as the extended weight coal and coal by-products haul road system. Further, the Department of Highways has determined that the [following] bridges listed beneath the highways on the extended weight coal or coal by-products haul road system may be damaged or destroyed to the point of catastrophic failure as provided in Section 2 of this administrative regulation and has established a weight limit for each as set forth in Section 3 of this administrative regulation:

STATEMENT OF EMERGENCY
902 KAR 20:016E

This emergency regulation amends portions of 902 KAR 20:016E which relate to infectious waste and waste management. This regulation is necessary to provide for continuing effect. The previous process for promulgating this regulation fell outside of the statutory time frames and therefore became null and void. In order to continue to implement these changes in a timely manner, it is necessary to promulgate this emergency regulation. This emergency administrative regulation shall be replaced by an ordinary administrative regulation. The ordinary administrative regulation was filed with the Regulations Compiler on November 9, 1988.

HARRY J. COWHERD, M.D., Secretary

CABINET FOR HUMAN RESOURCES
Office of the Inspector General

902 KAR 20:016E. Hospitals; operations and services.

RELATES TO: KRS 216B.010 to 216B.130, 216B.107, 216B.990(1), (2)
STATUTORY AUTHORITY: KRS 216B.042 [216B.040], 216B.105[, Executive Order 86-366]
EFFECTIVE: November 15, 1988
NECESSITY AND FUNCTION: KRS 216B.042 [216B.040] mandate that the Kentucky Cabinet for Human Resources [Health Facilities and Health Services Certificate of Need and Licensure Board] regulate health facilities and health services. [Executive Order 86-366 transferred the authority to regulate health services and health facilities from the Kentucky Health Facilities and Health Services Certificate of Need and Licensure Board to the Office of the Inspector General.] This regulation provides for the minimum licensure requirements for the operation of hospitals and the basic services to be provided by hospitals.

Section 1. Scope of Operations and Services. Hospitals are establishments with organized medical staffs and permanent facilities with inpatient beds which provide medical services, including physician services and continuous nursing services for the diagnosis and treatment of patients who have a variety of medical conditions, both surgical and nonsurgical.

Section 2. Definitions. (1) "Governing authority" means the individual, agency, partnership, or corporation, in which the ultimate responsibility and authority for the conduct of the institution is vested.

(2) "Medical staff" means an organized body of physicians, and dentists when applicable, appointed to the hospital staff by the governing authority. All members of the medical staff shall be licensed to practice medicine or dentistry in Kentucky, with the exception of graduate physicians who are in the first year of hospital training.

(3) "Registered records administrator" means a person who is certified as a Registered Records

Administrator by the American Medical Record Association.

(4) "Accredited record technician" means a person who has graduated from a program for medical record technicians accredited by the Council on Medical Education of the American Medical Association and the American Medical Record Association; and who is certified as an Accredited Record Technician by the American Medical Record Association.

(5) "Qualified dietician" or "nutritionist" means:

(a) A person who has a bachelor of science degree in foods and nutrition, food service management, institutional management or related services and has successfully completed a dietetic internship or coordinated undergraduate program accredited by the American Dietetic Association (ADA) and is a member of the ADA or is registered as a dietician by ADA; or

(b) A person who has a master's degree in nutrition and is a member of ADA or is eligible for registration by ADA; or

(c) A person who has bachelor of science degree in home economics and three (3) years of work experience with a registered dietician.

(6) "Certified radiation operator" means a person who has been certified pursuant to KRS 211.870 and 902 KAR 105:010 to 105:070 as an operator of sources of radiation.

(7) "Protective devices" means devices that are designed to protect a person from falling, to include side rails, safety vest or safety belt.

(8) "Restraint" means any pharmaceutical agent or physical or mechanical device used to restrict the movement of a patient or the movement of a portion of a patient's body.

(9) "Psychiatric unit" means a department of a general acute care hospital consisting of eight (8) or more psychiatric beds organized for the purpose of providing psychiatric services.

(10) "Induration" means a firm area in the skin which develops as a reaction to injected tuberculosis proteins when a person has tuberculosis infection. The diameter of the firm area is measured to the nearest millimeter to gauge the degree of reaction. A reaction of ten (10) millimeters or more of induration is considered highly indicative of tuberculosis infection.

(11) "Skin test" means a tuberculin skin test utilizing the intradermal (Mantoux) technique using five (5) tuberculin units of purified protein derivative (PPD). The results of the test must be read forty-eight (48) to seventy-two (72) hours after injection and recorded in terms of millimeters of induration.

(12) "Two (2) step skin testing" means a series of two (2) tuberculin skin tests administered seven (7) to fourteen (14) days apart.

(13) "Organ procurement agency" means a federally designated organization which coordinates and performs activities which encourage the donation of organs/tissues for transplantation.

Section 3. Administration and Operation. (1) Governing authority licensee.

(a) The hospital shall have a recognized governing authority that has overall responsibility for the management and operation of the hospital and for compliance with federal, state, and local laws and regulations pertaining to its operation.

(b) The governing authority shall appoint an administrator whose qualifications, responsibilities, authority, and accountability shall be defined in writing and approved by the governing authority, and shall designate a mechanism for the periodic performance review of the administrator.

(2) Administrator.

(a) The administrator shall act as the chief executive officer and shall be responsible for the management of the hospital, and shall provide liaison between the governing authority and the medical staff.

(b) The administrator shall keep the governing authority fully informed of the conduct of the hospital through periodic reports and by attendance at meetings of the governing authority.

(c) The administrator shall develop an organizational structure including lines of authority, responsibility, and communication, and shall organize the day-to-day functions of the hospital through appropriate departmentalization and delegation of duties.

(d) The administrator shall establish formal means of accountability on the part of subordinates to whom he has assigned duties.

(e) The administrator shall hold interdepartmental and departmental meetings (where appropriate), shall attend or be represented at such meetings on a regular basis, and shall report to such departments as well as to the governing authority the pertinent activities of the hospital.

(3) Administrative records and reports.

(a) Administrative reports shall be established, maintained and utilized as necessary to guide the operation, measure productivity, and reflect the programs of the facility. Such reports shall include: minutes of the governing authority and staff meetings, financial records and reports, personnel records, inspection reports, incident investigation reports, and other pertinent reports made in the regular course of business.

(b) The hospital shall maintain a patient admission and discharge register. Where applicable, a birth register and a surgical register shall also be maintained.

(c) Licensure inspection reports and plans of correction shall be made available to the general public upon request.

(4) Policies. The hospital shall have written policies and procedures governing all aspects of the operation of the facility and the services provided, including:

(a) A written description of the organizational structure of the facility including lines of authority, responsibility and communication, and departmental organization;

(b) Admission policies which assure that patients are admitted to the hospital in accordance with policies of the medical staff;

(c) Constraints imposed on admissions by limitations of services, physical facilities, staff coverage or other factors;

(d) Financial requirements for patients on admission;

(e) Emergency admissions;

(f) Requirements for informed consent by patient, parent, guardian or legal representative for diagnostic and treatment procedures;

(g) There shall be an effective procedure for

recording accidents involving a patient, visitor, or staff, and incidents of transfusion reactions, drug reactions, medication errors, etc.; and a statistical analysis shall be reported in writing through the appropriate committee;

(h) Reporting of communicable diseases to the health department in whose jurisdiction the disease occurs pursuant to KRS Chapter 214 and 902 KAR 2:020;

(i) Use of restraints and a mechanism for monitoring and controlling their use;

(j) Internal transfer of patients from one (1) level or type of care to another (if applicable);

(k) Discharge and termination of services; and

(l) Organ procurement for transplant protocol developed by the medical staff in consultation with the organ procurement agency.

(5) Patient identification. The hospital shall have a system for identifying each patient from time of admission to discharge (e.g., an identification bracelet imprinted with name of patient, hospital identification number, date of admission, and name of attending medical staff member).

(6) Discharge planning.

(a) The hospital shall have a discharge planning program to assure the continuity of care for patients being transferred to another health care facility or being discharged to the home.

(b) The professional staff of the facility involved in the patient's care during hospitalization shall participate in discharge planning of the patient whose illness requires a level of care outside the scope of the general hospital.

(c) The hospital shall coordinate the discharge of the patient with the patient and the person(s) or agency responsible for the postdischarge care of the patient. All pertinent information concerning postdischarge needs shall be provided to the responsible person(s) or agency.

(7) Transfer procedures and agreements.

(a) The hospital shall have written patient transfer procedures and agreements with at least one (1) of each type of other health care facilities which can provide a level of inpatient care not provided by the hospital. Any facility which does not have a transfer agreement in effect but has documented a good faith effort to enter into such an agreement shall be considered to be in compliance with this requirement. The transfer procedures and agreements shall specify the responsibilities each institution assumes in the transfer of patients and shall establish responsibility for notifying the other institution promptly of the impending transfer of a patient and arranging for appropriate and safe transportation.

(b) If the patient is transferred to another health care facility or to the care of a home health agency, a transfer form shall accompany the patient or be sent immediately to the home health agency. The transfer form shall include at least: attending medical staff member's instructions for continuing care, a current summary of the patient's medical record, information as to special supplies or equipment needed for patient care, and pertinent social information on the patient and family. When such transfer occurs, a copy of the patient's signed discharge summary shall be forwarded to another health care facility or home health agency within fifteen (15) days of the patient's discharge.

(c) When a transfer is to another level of care within the same facility, the complete medical record or a current summary thereof shall be transferred with the patient.

(8) Medical staff.

(a) The hospital shall have a medical staff organized under bylaws approved by the governing authority, which is responsible to the governing authority of the hospital for the quality of medical care provided to the patients and for the ethical and professional practice of its members.

(b) The medical staff shall develop and adopt policies or bylaws, subject to the approval of the governing authority, which shall:

1. State the necessary qualifications for medical staff membership. For purposes of this document, medical staff shall mean physicians, and dentists when applicable.

2. Define and describe the responsibilities and duties of each category of medical staff (e.g., active, associate, courtesy, consulting, or honorary), delineate the clinical privileges of staff members, and establish a procedure for granting and withdrawing staff privileges to include credentials review.

3. Provide a mechanism for appeal of decisions regarding staff membership and privileges.

4. Provide a method for the selection of officers of the medical staff.

5. Establish requirements regarding the frequency of, and attendance at, general staff and department/service meeting of the medical staff.

6. Provide for the appointment of standing and special committees, and include requirements for composition and organization, frequency of and attendance at meetings, and the minutes and reports which shall be part of the permanent records of the hospital. These committees may include: executive committee, credentials committee, medical audit committee, medical records committee, infections control committee, tissue committee, pharmacy and therapeutics committee, utilization review committee, and quality assurance committee.

(9) Personnel.

(a) The hospital shall employ a sufficient number of qualified personnel to provide effective patient care and all other related services and shall have written personnel policies and procedures which shall be available to all hospital personnel.

(b) There shall be a written job description for each position. Job descriptions shall be reviewed and revised as necessary.

(c) There shall be an employee health program for mutual protection of employees and patients including provisions for preemployment and periodic health examination. The hospital shall comply with the following tuberculosis testing requirements:

1. The skin test status of all staff members shall be documented in the employee's personnel record. A skin test shall be initiated on all new staff members before or during the first week of employment and the results shall be documented in the employee's personnel record within the first month of employment. No skin testing is required at the time of initial employment if the employee documents a prior skin test of ten (10) or more millimeters of induration or if the employee is currently

receiving or has completed six (6) months of prophylactic therapy or a course of multiple-drug chemotherapy for tuberculosis. Two (2) step skin testing is required for new employees over age forty-five (45) whose initial test shows less than ten (10) millimeters of induration, unless they can document that they have had a tuberculosis skin test within one (1) year prior to their current employment. All staff who have never had a skin test of ten (10) or more millimeters induration must be skin tested annually on or before the anniversary of their last skin test.

2. All staff who are found to have a skin test of ten (10) or more millimeters induration, on initial employment testing or annual testing, must receive a chest x-ray unless a chest x-ray within the previous two (2) months showed no evidence of tuberculosis, or the individual can document the previous completion of a course of prophylactic treatment with isoniazid. Such employees shall be advised of the symptoms of the disease and instructed to report to their employer and seek medical attention promptly if symptoms persist.

3. The hospital administrator shall be responsible for ensuring that all skin tests and chest x-rays are done in accordance with subparagraphs 1 and 2 of this paragraph. All skin testing dates and results and all chest x-ray reports shall be recorded as a permanent part of the personnel record.

4. The following shall be reported by the hospital administrator to the local health department having jurisdiction immediately upon becoming known: names of staff who convert from a skin test of less than ten (10) to a skin test of ten (10) millimeters or more induration at the time of employment; and all chest x-rays suspicious for tuberculosis.

5. Any staff whose skin test status changes on annual testing from less than ten (10) to ten (10) or more millimeters of induration shall be considered to be recently infected with Mycobacterium tuberculosis. Such recently infected persons who have no signs or symptoms of tuberculosis disease on chest x-ray or medical history should be given preventive therapy with isoniazid for six (6) months unless medically contraindicated, as determined by a licensed physician. Medications shall be administered only upon the written order of a physician. If such individual is unable to take isoniazid therapy, the individual shall be advised of the clinical symptoms of the disease, and have an interval medical history and a chest x-ray taken and evaluated for tuberculosis disease every six (6) months during the two (2) years following conversion, for a total of five (5) chest x-rays.

6. Any staff who can document completion of preventive treatment with isoniazid shall be exempt from further screening requirements.

(d) Current personnel records shall be maintained for each employee which include the following:

1. Name, address, Social Security number;
2. Health records;
3. Evidence of current registration, certification, or licensure of personnel;
4. Records of training and experience;
5. Records of performance evaluation.

(10) Physical and sanitary environment.

(a) The condition of the physical plant and the overall hospital environment shall be maintained in such a manner that the safety and well-being of patients, personnel and visitors are assured.

(b) A person shall be designated responsible for services and for the establishment of practices and procedures in each of the following areas: plant maintenance, laundry operations (if applicable), and housekeeping.

(c) There shall be an infection control committee charged with the responsibility of investigating, controlling and preventing infections in the hospital. Infection incident reports shall be filed.

(d) There shall be written infection control policies, which are consistent with the Centers for Disease Control guidelines [There shall be current written infection control measures,] including:

1. Policies which address the prevention of disease transmission to and from patients; visitors and employees, including but not limited to: [Policies concerning the admission and isolation of patients with specific or suspected infectious diseases, protective isolation of appropriate patients and protective routine for personnel and visitors;]

a. Universal blood and body fluid precautions;

b. Precautions for infections which can be transmitted by the air-borne route; and

c. Work restrictions for employees with infectious diseases.

2. Policies which address the use of environmental cultures. Results of all testing shall be recorded and reported to the Infection Control Committee; and [Written procedures for the bacteriological testing of all areas of possible infection. Results of all testing shall be recorded and reported to the infection control committee;]

3. Policies which address the cleaning, disinfection, and sterilization methods used for equipment and the environment. [The method of control used in relation to the sterilization of supplies and water; and]

[4. Policies for the protection of patients from employees who have a communicable disease.]

(e) The hospital shall provide in-service education programs on the cause, effect, transmission, prevention and elimination of infections.

(f) The hospital buildings, equipment, and surroundings shall be kept in a condition of good repair, neat, clean, free from all accumulations of dirt and rubbish, and free from foul, stale or musty odors.

1. An adequate number of housekeeping and maintenance personnel shall be provided.

2. Written housekeeping procedures shall be established for the cleaning of all areas and copies shall be made available to personnel.

3. Equipment and supplies shall be provided for cleaning of all surfaces. Such equipment shall be maintained in a safe, sanitary condition.

4. Hazardous cleaning solutions, compounds, and substances shall be labeled, stored in closed metal containers and kept separate from other cleaning materials.

5. The facility shall be kept free from insects and rodents with harborages and entrances for these eliminated.

6. Garbage and trash shall be stored in areas separate from those used for preparation and storage of food and shall be removed from the premises regularly. Containers shall be cleaned

regularly.

(g)1. Sharp wastes, including needles, scalpels, razors, or other sharp instruments used for patient care procedures, shall be segregated from other wastes and placed in puncture resistant containers immediately after use. [Sharp wastes, such as broken glass, scalpel blades, and hypodermic needles, shall be segregated from other wastes and aggregated in rigid containers immediately after use. After use, all needles shall also be rendered unusable. The rigid containers of sharp wastes shall either be incinerated, on site or off site, or disposed of in a sanitary landfill approved pursuant to 401 KAR 47:020.]

2. Needles shall not be recapped, purposely bent or broken, or otherwise manipulated by hand.

3. The containers of sharp wastes shall either be incinerated on or off site, or be rendered nonhazardous by a technology of equal or superior efficacy, which is approved by both the Cabinet for Human Resources and the Natural Resources and Environmental Protection Cabinet.

4. Nondisposable sharps such as large-bore needles or scissors shall be placed in a puncture resistant container for transport to the Central Medical and Surgical Supply Department in accordance with 902 KAR 20:009, Section 22.

(h)1. All disposable waste shall be placed in suitable bags or closed containers so as to prevent leakage or spillage, and shall be handled, stored, and disposed of in such a way as to minimize direct exposure of personnel to waste materials.

2. The hospital shall establish specific written policies regarding handling and disposal of all wastes.

3. The following wastes shall receive special handling:

a. Microbiology laboratory waste which includes, but is not limited to viral or bacterial cultures, contaminated swabs, and specimen containers and test tubes used for microbiologic purposes shall either be incinerated, autoclaved or be rendered nonhazardous by technology of equal or superior efficacy, which is approved by both the Cabinet for Human Resources and the Natural Resources and Environmental Protection Cabinet; and

b. Pathological waste which includes all tissue specimens from surgical or necropsy procedures shall be incinerated.

4. The following wastes shall be disposed of by incineration, or be autoclaved before disposal, or be carefully poured down a drain connected to a sanitary sewer: blood, blood specimens, used blood tubes, or blood products.

5. Any wastes conveyed to a sanitary sewer shall comply with applicable federal, state, and local pretreatment regulations pursuant to 40 CFR 403 and 401 KAR 5:055, Section 9.

6. Any incinerator used for the disposal of waste shall be in compliance with 401 KAR 59:020 and 401 KAR 61:010.

(i) The hospital shall have available at all times a quantity of linen essential to the proper care and comfort of patients.

1. Linens shall be handled, stored, and processed so as to control the spread of infection.

2. Clean linen and clothing shall be stored in clean, dry, dust-free areas designated exclusively for this purpose. Uncovered mobile carts may be used to distribute a daily supply of linen in patient care areas.

3. Soiled linen and clothing shall be placed in suitable bags or closed containers so as to prevent leakage or spillage, and will be handled in such a way as to minimize direct exposure of personnel to soiled linen. Soiled linen shall be stored in areas separate from clean linen. [The hospital shall establish a written policy for the handling and disposal of all infectious and pathological waste. Any incinerator used for the disposal of waste shall be in compliance with 401 KAR 59:020 and 401 KAR 61:010.]

[1. All unpreserved tissue specimens from surgical or necropsy procedures shall be incinerated, on site or off site.]

[2. The following waste shall be sterilized before disposal or be disposed of by incineration if they are combustible:]

[a. Dressings and materials from open or contaminated wounds;]

[b. Waste materials and disposable linens from isolation rooms;]

[c. Culture plates;]

[d. Test tubes;]

[e. Sputum cups; and]

[f. Contaminated sponges and swabs.]

[(i) The hospital shall have available at all times a quantity of linen essential to the proper care and comfort of patients.]

[1. Linens shall be handled, stored, and processed so as to control the spread of infection.]

[2. Clean linen and clothing shall be stored in clean, dry, dust-free areas designated exclusively for this purpose.]

[3. Soiled linen and clothing shall be placed in suitable bags or closed containers and stored in separate areas ventilated to the exterior of the buildings; this air shall not be allowed to recirculate into the facility.]

(11) Medical records.

(a) The hospital shall have a medical records service with administrative responsibility for medical records. A medical record shall be maintained, in accordance with accepted professional principles, for every patient admitted to the hospital or receiving outpatient services.

1. The medical records service shall be directed by a registered records administrator, either on a full-time, part-time, or consultative basis, or by an accredited record technician on a full-time or part-time basis, and shall have available a sufficient number of regularly assigned employees so that medical record services may be provided as needed.

2. All medical records shall be retained for a minimum of five (5) years from date of discharge, or in the case of a minor three (3) years after the patient reaches the age of majority under state law, whichever is the longer.

3. Provision shall be made for written designation of specific location(s) for storage of medical records in the event the hospital ceases to operate because of disaster, or for any other reason. It shall be the responsibility of the hospital to safeguard both the record and its informational content against loss, defacement, and tampering. Particular attention shall be given to protection from damage by fire or water.

(b) A system of identification and filing to insure the prompt location of a patient's medical record shall be maintained:

1. Index cards shall bear at least the full name of the patient, the birth date, and the medical record number.

2. There shall be a system for coordinating the inpatient and outpatient medical records of any patient whose admission is a result of or related to outpatient services.

3. All clinical information pertaining to inpatient or outpatient services shall be centralized in the patient's medical record.

4. In hospitals using automated data processing, indexes may be kept on punch cards or reproduced on sheets kept in books.

(c) Records of patients are the property of the hospital and shall not be taken from the facility except by court order. This does not preclude the routing of the patient's records, or portion thereof, including x-ray film, to physicians or dentists for consultation.

1. Only authorized personnel shall be permitted access to the patient's records.

2. Patient information shall be released only on authorization of the patient, the patient's guardian or the executor of his estate.

(d) Medical record contents shall be pertinent and current and shall include the following:

1. Identification data and signed consent forms, including name and address of next of kin, and of person or agency responsible for patient;

2. Date of admission and name of attending medical staff member;

3. Chief complaint;

4. Medical history including present illness, past history, family history and physical examination;

5. Report of special examinations or procedures, such as consultations, clinical laboratory tests, x-ray interpretations, EKG interpretations, etc.;

6. Provisional diagnosis or reason for admission;

7. Orders for diet, diagnostic tests, therapeutic procedures, and medications, including patient limitations, signed and dated by the medical staff member; and, if given verbally, undersigned by the medical staff member upon his next visit to hospital;

8. Medical, surgical and dental treatment notes and reports, signed and dated by a physician, or dentist when applicable, including records of all medication administered to the patient;

9. Complete surgical record signed by attending surgeon, or oral surgeon, to include anesthesia record signed by anesthesiologist or anesthetist, preoperative physical examination and diagnosis, description of operative procedures and findings, postoperative diagnosis, and tissue diagnosis by qualified pathologist on tissue surgically removed;

10. Physician's, or dentist's when applicable, progress notes and nurses' observations;

11. Record of temperature, blood pressure, pulse and respiration;

12. Final diagnosis using terminology in the current version of the International Classification of Diseases or the American Psychiatric Association's Diagnostic and Statistical Manual, as is applicable;

13. Discharge summary, including condition of patient on discharge, and date of discharge;

14. In case of death, autopsy findings, if performed; and

15. In the case of death, an indication that the patient has been evaluated for organ donation in accordance with hospital protocol.

(e) Records shall be indexed according to disease, operation, and attending medical staff member. For indexing, any recognized system may be used.

1. The disease and operative indices shall be developed using a recognized nomenclature, and shall include each specific disease created and each operative procedure performed, and shall include all essential data on each patient having that particular condition;

2. The attending medical staff index shall include all patients attended or seen in consultation by each medical staff member;

3. Indexing shall be current, within six (6) months following discharge of the patient.

(12) Organ donation.

(a) The hospital shall establish and maintain a written organ procurement for transplant protocol, in consultation with an organ procurement agency, which encourages organ donation and identifies potential organ donors.

(b) In cases where an individual has died or death is imminent, the patient's attending physician shall determine, in accordance with the hospital's protocol, whether the patient is a potential organ/tissue donor.

(c) The hospital protocol shall include:

1. Criteria, developed in consultation with the organ procurement agency for identifying potential donors;

2. Procedures for obtaining consent for organ donation;

3. Procedures for the hospital administrator or his designee to notify the organ procurement agency of potential organ donors;

4. Procedures by which the patient's attending physician or designee in accordance with hospital protocol shall document in the patient's medical record that the organ procurement agency has been notified in the case of potential donors or contraindications to donation.

(d) No patient with impending or declared brain death and/or cardiopulmonary death as determined pursuant to KRS 446.400 should be considered as a potential donor if contraindications are identified and documented in the patient's medical record.

Section 4. Provision of Services. (1) Medical staff services.

(a) Medical care provided in the hospital shall be under the direction of a medical staff member in accordance with staff privileges granted by the governing authority.

(b) The attending medical staff member shall assume full responsibility for diagnosis and care of his/her patient. A physician, or other member of the medical staff if so designated in the hospital bylaws, shall conduct and record a complete history and physical examination for the patient within twenty-four (24) hours after admission to the hospital.

(c) The attending medical staff member shall state his final diagnosis, complete the discharge summary and sign the records within fifteen (15) days following the patient's discharge.

(d) Physician services shall be available twenty-four (24) hours a day on at least an on-call basis.

(e) There shall be sufficient medical staff coverage for all clinical services of the

hospital in keeping with their size and scope of activity.

(2) Nursing service.

(a) The hospital shall have a nursing department organized to meet the nursing care needs of the patients and maintain established standards of nursing practice. A registered nurse, preferably one who has a bachelor of science degree in nursing, shall serve as director of the nursing department.

(b) There shall be a registered nurse on duty at all times.

1. There shall be registered nurse supervision and staff nursing personnel for each service or nursing unit to insure the immediate availability of a registered nurse for all patients on a twenty-four (24) hour basis.

2. There shall be other nursing personnel in sufficient numbers to provide nursing care not requiring the service of a registered nurse.

3. There shall be additional registered nurses for surgical, obstetrical, emergency, and other services of the hospital in keeping with their size and scope of activity.

4. All persons not employed by the hospital who render special duty nursing services in the hospital shall be under the supervision of the nursing supervisor of the department or service concerned.

(c) The hospital shall have written nursing care procedures and written nursing care plans for patients. Patient care shall be carried out in accordance with attending medical staff member's orders, nursing care plans, and nursing care procedures.

1. Nursing care plans shall be developed for each patient and shall be kept current daily. Plans shall indicate long and short-term goals, nursing care needed, and methods, approaches and modifications necessary to insure best results for the patient.

2. A registered nurse shall assign staff and evaluate the nursing care of each patient in accordance with the patient's need and the nursing staff available.

3. Nursing notes shall be written and signed on each shift by persons rendering care to patients. The notes shall be descriptive of the nursing care given and shall include information and observations of significance which contribute to the continuity of patient care.

4. Medications shall be administered by a registered nurse, a physician, or dentist except in the case of a licensed practical nurse under the supervision of a registered nurse.

5. No medication or treatment shall be given without a written order signed by a physician or dentist, when applicable. Telephone orders for medications shall be given only to registered nurses or a pharmacist and signed by the medical staff member within twenty-four (24) hours from the time the order is given.

6. No form of patient restraint or protective device other than bed rails shall be used, except in an emergency until the attending medical staff member can be contacted, or upon written or telephone orders of the attending medical staff member. When such restraint is necessary, the least restrictive form of protective device shall be used which affords the patient the greatest possible degree of mobility and protection. In no case shall a locking restraint be used.

7. Meetings of the nursing staff and other nursing personnel shall be held at least monthly to discuss patient care, nursing service problems, and administrative policies. Written minutes of all meetings shall be kept.

(3) Dietary services.

(a) The hospital shall have a dietary department, organized, directed and staffed to provide quality food service and optimal nutritional care.

1. The dietary department shall be directed on a full-time basis by an individual who by education or specialized training and experience is knowledgeable in food service management.

2. The dietary service shall have at least one (1) qualified dietician or nutritionist, either full-time, part-time, or on a consultative basis, to supervise the nutritional aspects of patient care.

3. Sufficient additional personnel shall be employed to perform assigned duties to meet the dietary needs of all patients.

4. The dietary department shall have available for all dietary personnel current written policies and procedures for food storage, handling, and preparation.

5. An in-service training program, which shall include the proper handling of food, safety and personal grooming, shall be given at least quarterly for new dietary employees.

(b) Menus shall be planned, written and rotated to avoid repetition. Nutritional needs shall be met in accordance with recommended dietary allowances of the Food and Nutrition Board of the National Research Council of the National Academy of Sciences and in accordance with the medical staff member's orders.

(c) Meals shall correspond with the posted menu. When changes in menu are necessary, substitution shall provide equal nutritive value and the changes shall be recorded on the menu. Menus shall be kept on file for thirty (30) days.

(d) All diets, regular and therapeutic, shall be prescribed in writing, dated, and signed by the attending medical staff member. Information on the diet order shall be specific and complete and shall include the title of the diet, modifications in specific nutrients stating the amount to be allowed in the diet, and specific problems that may affect the diet or eating habits.

(e) Food shall be prepared by methods that conserve nutritive value, flavor, and appearance, and shall be served at the proper temperatures and in a form to meet individual needs (e.g., it shall be cut, chopped, or ground to meet individual patient needs).

(f) If a patient refuses foods served, nutritious substitutions shall be offered.

(g) At least three (3) meals or their equivalent shall be served daily with not more than a fifteen (15) hour span between a substantial evening meal and a breakfast unless otherwise directed by the attending medical staff member. Meals shall be served at regular times with between-meal or bedtime snacks of nourishing quality offered.

(h) There shall be at least a three (3) day supply of food available in the facility at all times to prepare well-balanced palatable meals for all patients.

(i) There shall be an identification system for patient trays, and methods used to assure that each patient receives the appropriate diet as ordered.

(j) The hospital shall comply with all applicable provisions of KRS 219.011 to KRS

219.081 and 902 KAR 45:005 (Kentucky's Food Service Establishment Act and Food Service Code).

(4) Laboratory services. The hospital shall have a well-organized, adequately supervised laboratory with the necessary space, facilities and equipment to perform those services commensurate with the hospital's needs for its patients. Anatomical pathology services and blood bank services shall be available either in the hospital or by arrangement with other facilities.

(a) Clinical laboratory. Basic clinical laboratory services necessary for routine examinations shall be available regardless of the size, scope and nature of the hospital.

1. Equipment necessary to perform the basic tests shall be provided by the hospital.

2. All equipment shall be in good working order, routinely checked, and precise in terms of calibration.

3. Provision shall be made to carry out adequate clinical laboratory examinations including chemistry, microbiology, hematology, serology, and clinical microscopy.

a. Some of these services may be provided through arrangements with another licensed hospital which has the appropriate laboratory facilities, or with an independent laboratory licensed pursuant to KRS 333.030 and any regulations promulgated thereunder.

b. When work is performed by an outside laboratory, the original report from this laboratory shall be contained in the patient's medical record.

4. Laboratory facilities and services shall be available at all times.

a. Adequate provision shall be made to assure the availability of emergency laboratory services twenty-four (24) hours a day, seven (7) days a week, including holidays, either in the hospital or under arrangements as specified in paragraph (a)3a of this subsection.

b. Where services are provided by an outside laboratory, the conditions, procedures, and availability of such services shall be in writing and available in the hospital.

5. There shall be a clinical laboratory director and a sufficient number of supervisors, technologists and technicians to perform promptly and proficiently the tests requested of the laboratory. Laboratory services shall be under the direction of a pathologist on a full-time, regular part-time, or a consultative basis. The laboratory shall not perform procedures and tests which are outside the scope of training of the laboratory personnel.

6. Signed reports of all laboratory services provided shall be filed with the patient's medical record and duplicate copies kept in the department.

a. The laboratory report shall be signed by the technologist who performed the test.

b. There shall be a procedure for assuring that all requests for laboratory tests are ordered and signed by a medical staff member.

(b) Anatomical pathology. Anatomical pathology services shall be provided as indicated by the needs of the hospital either in the hospital or under arrangements as specified in paragraph (a)3a of this subsection.

1. Anatomical pathology services shall be under the direct supervision of a pathologist on a full-time, regular part-time or regular consultative basis. If the latter pertains, the hospital shall provide for at least monthly consultative visits by a pathologist.

2. The pathologist shall participate in staff, departmental and clinicopathologic conference.

3. The pathologist shall be responsible for establishing the qualifications of staff and for their in-service training.

4. With exceptions of those exclusions listed in written policies of the medical staff, all tissues removed at surgery shall be macroscopically, and if necessary, microscopically examined by the pathologist.

a. A list of tissues which do not routinely require microscopic examination shall be developed in writing by the pathologist or designated physician with the approval of the medical staff.

b. A tissue file shall be maintained in the hospital.

c. In the absence of a pathologist, there shall be an established plan for sending to a pathologist outside the hospital all tissues requiring examination.

5. Signed reports of tissue examinations shall be promptly filed with the patient's medical record and duplicate copies kept in the department.

a. All reports of macro and microscopic examinations performed shall be signed by the pathologist.

b. Provision shall be made for the prompt filing of examination results in the patient's medical record and notification of the medical staff member requesting the examination.

c. Duplicate copies of the examination reports shall be filed in the laboratory in a manner which permits ready identification and accessibility.

(c) The laboratory shall meet the minimum proficiency testing and quality control provisions in accordance with Medicare certification requirements.

(d) Blood bank. Facilities for procurement, safekeeping and transfusion of blood and blood products shall be provided or be readily available.

1. The hospital shall maintain, as a minimum, proper blood storage facilities under adequate control and supervision of the pathologist or other authorized physician.

2. For emergency situations the hospital shall maintain at least a minimum blood supply in the hospital at all times, shall be able to obtain blood quickly from community blood banks or institutions, or shall have an up-to-date list of donors and equipment necessary to bleed them.

3. If the hospital utilizes outside blood banks, there shall be a written agreement governing the procurement, transfer and availability of blood.

4. There shall be a provision for prompt blood typing and cross-matching and for laboratory investigation of transfusion reactions, either through the hospital or by arrangements with others on a continuous basis, under the supervision of a physician.

5. Blood storage facilities in the hospital shall have an adequate alarm system, which shall be regularly inspected and tested and is otherwise safe and adequate.

6. Records shall be kept on file indicating the receipt and disposition of all blood provided to patients in the hospital.

7. A committee of the medical staff or its equivalent shall review all transfusions of blood or blood derivatives and shall make

recommendations concerning policies governing such practices.

8. Samples of each unit of blood used at the hospital shall be retained, according to the instructions of the committee indicated in subparagraph 7 of this paragraph, for further testing in the event of reactions. Blood not so retained which has exceeded its expiration date shall be disposed of promptly.

9. The review committee shall investigate all transfusion reactions occurring in the hospital and shall make recommendations to the medical staff regarding improvements in transfusion procedures.

(5) Pharmaceutical services.

(a) The hospital shall have adequate provisions for the handling, storing, recording, and distributing of pharmaceuticals in accordance with state and federal laws and regulations.

1. A hospital which maintains a pharmacy for the compounding and dispensing of drugs shall provide pharmaceutical services under the supervision of a registered pharmacist on a full-time or part-time basis, according to the size and demands of the hospital.

a. The pharmacist shall be responsible for supervising and coordinating all the activities of the pharmacy department.

b. Additional personnel competent in their respective duties shall be provided in keeping with the size and activity of the department.

2. Hospitals not maintaining a pharmacy shall have a drug room utilized only for the storage and distribution of drugs, drug supplies and equipment. Prescription medications shall be dispensed by a registered pharmacist elsewhere. The drug room shall be operated under the supervision of a pharmacist employed at least on a consultative basis.

a. The consulting pharmacist shall assist in drawing up correct procedures, rules for the distribution of drugs, and shall visit the hospital on a regularly scheduled basis in the course of his duties.

b. The drug room shall be kept locked and the key shall be in the possession of a responsible person on the premises designated by the administrator.

(b) Records shall be kept of the transactions of the pharmacy or drug room and correlated with other hospital records where indicated.

1. In accordance with accounting procedures of the hospital, the pharmacy shall establish and maintain a system of records and bookkeeping in accordance with policies of the hospital for maintaining adequate control over the requisitioning and dispensing of all drugs and drug supplies and charging patients for drugs and pharmaceutical supplies.

2. A record of the stock on hand and of the dispensing of all controlled substances shall be maintained in such a manner that the disposition of any particular item may be readily traced.

(c) The medical staff in cooperation with the pharmacist and other disciplines, as necessary, shall develop policies and procedures that govern the safe administration of drugs, including:

1. The administration of medications only upon the order of an individual who has been assigned clinical privileges or who is an authorized member of the house staff;

2. Review of the physician's, or dentist's when applicable, original order, or a direct copy by the pharmacist dispensing the drugs;

3. The establishment and enforcement of automatic stop orders;

4. Proper accounting for and disposition of unused medications or special prescriptions returned to the pharmacy as a result of patient being discharged, or when such medications/prescriptions do not meet sterile and label requirements;

5. Provision for emergency pharmaceutical services; and

6. Provision for reporting adverse medication reactions to the appropriate committee of the medical staff.

(d) Therapeutic ingredients of medications dispensed shall be included in the United States Pharmacopoeia, National Formulary, United States Homeopath-Pharmacopoeia, New Drugs, or Accepted Dental Remedies (except for any drugs unfavorably evaluated therein), or shall be approved for use by the appropriate committee of the medical staff.

1. A pharmacist shall be responsible for determining specifications and choosing acceptable sources for all drugs, with approval of the appropriate committee of the medical staff.

2. There shall be available a formulary or list of drugs accepted for use in the hospital which shall be developed and amended at regular intervals by the appropriate committee of the medical staff.

(6) Radiology services.

(a) The hospital shall have diagnostic radiology facilities. The radiology service shall have a current license or registration pursuant to KRS 211.842 to 211.852 and any regulations promulgated thereunder.

1. The hospital shall provide at least one (1) fixed diagnostic x-ray unit which is capable of general x-ray procedures.

2. The hospital shall have a radiologist on at least a consulting basis to function as medical director of the department and to interpret films that require specialized knowledge for accurate reading.

3. Personnel adequate to supervise and conduct the services shall be provided, and at least one (1) certified radiation operator shall be on duty or on call at all times.

(b) There shall be written policies and procedures governing radiologic services and administrative routines that support sound radiologic practices.

1. Signed reports shall be filed in the patient's record and duplicate copies kept in the department.

2. Radiologic services shall be performed only upon written order of a physician or dentist, and the order shall contain a concise statement of the reason for the service/examination.

3. Reports of interpretations shall be written or dictated and signed by the radiologist.

4. The use of all x-ray apparatus shall be limited to certified radiation operators, under the direction of medical staff members as necessary. The same limitation shall apply to personnel applying and removing radium element, its disintegration products, and radioactive isotopes.

(c) The radiology department shall be free of hazards for patients and personnel. Proper safety precautions shall be maintained against fire and explosion hazards, electrical hazards and radiation hazards.

(7) Physical restoration/rehabilitation service.

(a) Hospitals in which physical restoration/rehabilitation services are available shall provide individualized techniques required to achieve maximum physical function normal to the patient while preventing unnecessary debilitation and immobilization.

(b) Written policies and procedures shall be developed for each rehabilitation service provided.

(c) A member of the medical staff shall be designated to have responsibility for coordinating the restorative services provided to the patients in accordance with their needs.

(d) Equipment for physical therapy shall be adequate to meet the needs of the service and shall be in good condition.

(e) Physical therapy services shall be provided only upon written orders of a medical staff member.

(f) Physical therapy services shall be provided by or under the supervision of a licensed physical therapist, on a full-time, part-time or consultative basis.

(g) Complete therapy reports shall be maintained for each patient provided such services. The reports shall be signed by the therapist who prepared it and shall be a part of the patient's medical record.

(8) Emergency services.

(a) Every hospital shall have procedures for taking care of the emergency patient with at least a registered nurse on duty to evaluate the patient and a physician on call.

(b) If the facility has an organized emergency department/service, policies and an emergency care procedures manual governing medical and nursing care provided in the emergency room shall be established by and be a continuing responsibility of the medical staff.

1. The emergency service shall be under the direction of a licensed physician. Medical staff members shall be available at all times for the emergency service, either on duty or on call. Current schedules and telephone numbers shall be posted in the emergency room.

2. Nursing personnel shall be assigned to, or designated to cover, the emergency service at all times.

3. Facilities shall be provided to assure prompt diagnosis and emergency treatment. A specific area of the hospital shall be utilized for patients requiring emergency care on arrival. The emergency area shall be located in close proximity to an exterior entrance of the facility and shall be independent of the operating room suite.

4. Diagnostic and treatment equipment, drugs, and supplies shall be readily available for the provision of emergency services and shall be adequate in terms of the scope of services provided.

5. Adequate medical records shall be kept on every patient seen in the emergency room. These records shall be under the supervision of the Medical Record Service and, where appropriate, shall be integrated with inpatient and outpatient records. Emergency room records shall include at least:

a. A log book listing chronologically the patient visits to the emergency room including patient identification, means of arrival and person(s) transporting patient, and time of arrival;

b. History of present complaint and physical findings;

c. Laboratory and x-ray reports, where applicable;

d. Diagnosis;

e. Treatment ordered and details of treatment provided;

f. Patient disposition;

g. Record of all referrals;

h. Instructions to the patient and/or family for those not admitted to the hospital; and

i. Signatures of attending medical staff member, and nurse when applicable.

(9) Outpatient services.

(a) A hospital which has an organized outpatient department shall have written policies and procedures relating to the staff, functions of service, and outpatient medical records.

(b) The outpatient department shall be organized in sections (clinics), the number of which shall depend on the size and degree of departmentalization of the medical staff, the available facilities, and the needs of the patient it serves.

(c) The outpatient department shall have appropriate cooperative arrangements and communications with community agencies such as home health agencies, the local health department, social and welfare agencies, and other outpatient departments.

(d) Services offered by the outpatient department shall be under the direction of a physician who is a member of the medical staff.

1. A registered nurse shall be responsible for the nursing services of the department.

2. The number and type of other personnel employed shall be determined by the volume and type of services provided and type of patient served in the outpatient department.

(e) Necessary laboratory and other diagnostic tests shall be available either through the hospital or a laboratory in another licensed hospital or a laboratory licensed pursuant to KRS 333.030 and any regulations promulgated thereunder.

(f) Medical records shall be maintained and, where appropriate, coordinated with other hospital medical records.

1. The outpatient medical record shall be filed in a location which insures ready accessibility to the medical staff members, nurses, and other personnel of the outpatient department.

2. Information in the medical record shall be complete and sufficiently detailed relative to the patient's history, physical examination, laboratory and other diagnostic tests, diagnosis, and treatment to facilitate continuity of care.

(10) Surgery services.

(a) Hospitals in which surgery is performed shall have an operating room(s) and a recovery room supervised by a registered nurse qualified by training, experience and ability to direct surgical nursing care.

1. Sufficient surgical equipment including suction facilities and instruments in good repair shall be provided to assure safe and aseptic treatment of all surgical cases.

2. When flammable anesthetics are used, precautions shall be taken to eliminate hazards of explosions, including use of shoes with conductive soles and prohibition of garments or other items of silk, wool, or synthetic fibers

which accumulate static electricity.

(b) There shall be effective policies and procedures regarding surgical staff privileges, functions of the service, and evaluation of the surgical patient.

1. Surgical privileges shall be delineated for all members of the medical staff doing surgery in accordance with the competencies of each, and a roster shall be maintained.

2. Except in emergencies, a surgical operation or other hazardous procedures shall be performed only on written consent of the patient or his legal representative.

3. The operating room register shall be complete and up to date. It shall include the patient's name; hospital room number; preoperative and postoperative diagnosis; complications, if any; names of surgeon, first assistant, anesthesiologist or anesthetist, scrub and circulating nurse; operation performed; and type of anesthesia.

4. There shall be a complete history and physical workup in the chart of every patient prior to surgery. If such has been transcribed but not yet recorded in the patient's chart, there shall be a statement to that effect and an admission note by the attending medical staff member in the chart. The chart of the patient shall accompany him to the operating suite and shall be returned to the patient's floor or room after the operation.

5. An operative report describing the techniques and findings shall be written or dictated immediately following surgery and signed by the surgeon.

6. All tissues removed by surgery shall be placed in suitable solutions, properly labeled, and submitted to the pathologist for macroscopic and, if necessary, microscopic examinations.

7. All infections of clean surgical cases shall be recorded and reported to the appropriate committee of the medical staff. A procedure shall exist for the investigation of such cases.

(c) Rules and policies related to the operating rooms shall be available and posted.

(11) Anesthesia services.

(a) The hospital which provides surgical or obstetrical services shall have anesthesia services available, and these services shall be organized under written policies and procedures regarding staff privileges, the administration of anesthetics, and the maintenance of safety controls.

(b) A physician member of the medical staff shall be the medical director of anesthesia services. Whenever possible, the director shall be a physician specializing in anesthesiology.

(c) If anesthetics are not administered by an anesthesiologist, the medical staff shall designate a medical staff anesthetist or a registered nurse anesthetist qualified to administer anesthetics under the supervision of the operating surgeon.

(d) Every patient requiring anesthesia services shall have a preanesthetic physical examination by a medical staff member with findings recorded within forty-eight (48) hours of surgery, an anesthetic record on a special form, a postanesthetic follow-up, with findings recorded by the anesthesiologist, medical staff anesthetist, or nurse anesthetist.

(e) The postanesthetic follow-up note shall be written upon discharge from the post-anesthesia recovery area or within three (3) to twenty-four (24) hours after the procedures which required anesthesia. This note shall include a record of blood pressure, pulse, presence or absence of the swallowing reflex and cyanosis, any postoperative abnormalities or complications, and the general condition of the patient.

(12) Obstetrics service.

(a) Hospitals providing obstetrical care of patients shall have adequate space, necessary equipment and supplies, and a sufficient number of nursing personnel to assure safe and aseptic treatment of mothers and newborns and provide protection from infection and cross-infection.

1. The obstetrics service shall be under the medical direction of a physician and under the supervision of a registered nurse qualified by training, experience, and ability to direct effective obstetrical and newborn nursing care. In hospitals where the obstetrical caseload does not justify a separate nursing staff, obstetrical nurses shall be designated and shall be oriented to the specific needs of obstetrical patients.

2. A registered nurse shall be on duty in the labor and delivery unit whenever any patient is in the unit. Each obstetrics patient shall be kept under close observation by professional personnel during the period of recovery after delivery, whether in the delivery room or in a recovery area, until she is transferred to the maternity unit.

3. An on-call schedule or other suitable arrangement shall be provided to ensure that a physician who is experienced in obstetrics is readily available for consultation and obstetrical emergencies.

4. Provisions shall be made for the care of patients in labor with adequately equipped labor rooms.

(b) An adequate supply of prophylaxis for the prevention of infant blindness shall be kept on hand and administered within thirty (30) minutes after delivery [before the infant is removed from the delivery room].

(c) The hospital shall comply with the provisions of KRS 214.155 and 902 KAR 4:030 in administering tests for inborn errors of metabolism to infants.

(d) There shall be an acceptable method and procedure for the positive associative identification of the mother and infant. This shall be done in the delivery room at the time of birth and shall remain in place during the entire period of hospitalization.

(e) An up-to-date register book of all deliveries shall be maintained containing the following information:

1. Infant's full name, sex, date, time of birth and weight;

2. Mother's full name, including maiden name, address, birthplace and age at time of this birth;

3. Father's full name, birthplace, age at time of this birth; and

4. Full name of attending physician or nurse midwife.

(f) Each hospital providing maternity service shall provide a nursery which shall not be used for any other purpose. Specific routines for daily care of infants and their environment shall be prepared in writing and posted in the nursery workroom.

(g) A policy shall be established for deliveries occurring outside the delivery room and for patients who are infectious.

(h) Written policies and procedures shall be developed to cover alternative use of obstetrical beds.

(13) Pediatric services.

(a) Hospitals providing pediatric care shall have proper facilities for the care of children apart from the newborn and maternity nursing services. If there is not a separate area permanently designated as the pediatric unit, there shall be an area within an adult care unit for pediatric patient care. There shall be available beds and other equipment which are appropriate in size for pediatric patients.

(b) There shall be proper facilities and procedures for the isolation of children with infectious, contagious or communicable conditions. At least one (1) patient room shall be available for isolation use.

(c) A physician with pediatric experience shall be on call at all times for the care of pediatric patients.

(d) Pediatric nursing care shall be under the supervision of a registered nurse qualified by training, experience and ability to direct effective pediatric nursing. All nursing personnel assigned to pediatric service shall be oriented to the special care of children.

(e) Policies shall be established to cover conditions under which parents may stay with small children or "room-in" with their hospitalized child for moral support and assistance with care.

(14) Psychiatric services. Hospitals which have a psychiatric unit shall designate the location and number of beds to be licensed as psychiatric beds and meet the requirements of psychiatric hospitals operations and services, licensure regulation.

(15) Chemical dependency treatment services. Hospitals providing chemical dependency treatment services shall meet the requirements of 902 KAR 20:160, Chemical dependency treatment services and facility specifications, Section 3, Administrative and Operation and Section 4, Provision of Services, and designate location and the number of beds to be used for this purpose.

(16) Medical library.

(a) The hospital shall maintain appropriate medical library services according to the professional and technical needs of hospital personnel.

(b) The medical library shall be in a location accessible to the professional staff, and its contents shall be organized and available at all times to the medical and nursing staffs.

STATEMENT OF EMERGENCY
904 KAR 3:020E

This emergency administrative regulation revises the consideration of income and deductions for student assistance programs under the Bureau of Indian Affairs, provides an income exclusion for certain irregular income received from nonprofit charitable organizations and allows a deduction for the Standard Utility Allowance for LIHEAP recipients. This emergency administrative regulation shall be replaced by an ordinary administrative regulation.

WALLACE G. WILKISON, Governor

CABINET FOR HUMAN RESOURCES
Department for Social Insurance
Division of Management & Development

904 KAR 3:020E. Eligibility requirements.

RELATES TO: KRS 194.050
STATUTORY AUTHORITY: KRS 194.050
EFFECTIVE: October 31, 1988
NECESSITY AND FUNCTION: The Cabinet for Human Resources has responsibility to administer a Food Stamp Program as prescribed by the Food Stamp Act of 1977, as amended, and 7 CFR [Part] 270 through 280. KRS 194.050 provides that the secretary shall, by regulation, develop policies and operate programs concerned with the welfare of the citizens of the Commonwealth. This regulation sets forth the eligibility requirements used by the cabinet in the administration of the Food Stamp Program.

Section 1. Eligibility Requirements. In accordance with regulations promulgated by the Food and Nutrition Service (FNS), of the United States Department of Agriculture, national uniform standards of eligibility for the Food Stamp Program, composed of both financial and nonfinancial criteria, shall be utilized. Financial criteria shall consist of income and resource limitations. Nonfinancial criteria shall consist of certain technical factors. Participation in the program shall be limited to those households whose incomes are determined to be a substantial limiting factor in permitting them to obtain a more nutritious diet. The income eligibility standards are derived from the Office of Management and Budget's (OMB) nonfarm income poverty guidelines.

Section 2. Countable Income. All income from any source shall be counted, except income specifically excluded in Section 3 of this regulation, including but not limited to:

(1) Wages earned by a household member, including all wages received by a striker the <u>day</u> [month] prior to the [month of the] strike or <u>wages received during</u> the month of application, <u>whichever is higher,</u> in accordance with 7 CFR [Part] 273.1(g).

(2) The gross income of a self-employment enterprise, including the total gain from the sale of any capital goods or equipment related to the business, excluding the cost of doing business.

(3) Training allowance from vocational and rehabilitative programs recognized by federal, state or local governments, to the extent that they are not reimbursements.

(4) Payments under Title I (Volunteers in Service to America, University Year for Action, etc.) of the Domestic Volunteer Service Act of 1973 shall be considered earned income unless specifically excluded in 7 CFR [Part] 273.9(c)(10)(iii).

(5) The earned or unearned income of excluded household members as set forth in 904 KAR 3:035, Section 5(3).

(6) Assistance payments from federal or federally aided public assistance such as supplemental security income (SSI) or aid to

families with dependent children (AFDC); general assistance (GA) programs, or other assistance programs based on need.

(7) Annuities; pensions; retirement; veteran's or disability benefits; worker's or unemployment compensation; strike pay; old-age, survivors, or social security benefits; foster care payments for children or adults; gross income minus the cost of doing business derived from rental property in which a household member is not actively engaged in the management of the property at least twenty (20) hours a week.

(8) Wages earned by a household member which are garnisheed or diverted by an employer and paid to a third party for a household expense.

(9) Support or alimony payments made directly to the household from nonhousehold members. This includes [and/or] any portion of such payments returned to the household by the cabinet.

(10) Such portion of scholarships, educational grants, fellowships, deferred payment loans for education, veterans educational benefits and the like which are not excludable under Section 3(6) of this regulation.

(11) Payments from government sponsored programs, dividends, interest, royalties, and all other direct money payments from any source which can be construed to be a gain or benefit.

(12) Monies withdrawn or dividends which are or could be received from a trust fund considered to be excludable under 7 CFR [Part] 273.8(e)(8) by a household, unless otherwise exempt under the provisions set forth in 7 CFR [Part] 273.9(c).

(13) That amount of monthly income of an alien's sponsor and the sponsor's spouse (if living with the sponsor) that has been deemed to be that of the alien in accordance with 7 CFR [Part] 273.11(h).

(14) Assistance monies from another program, as specified in 7 CFR 273.11(j), which are withheld for purposes of recouping an overpayment which resulted from the household's intentional failure to comply with that program's requirements. These withheld monies shall be considered as income in accordance with 7 CFR 273.11(j).

(15) Earnings to individuals who are participating in on-the-job training programs under the Job Training Partnership Act. This provision does not apply to household members under nineteen (19) years of age who are under the parental control of another adult member.

Section 3. Income Exclusions. The following payments shall not be considered as income:

(1) Money withheld from an assistance payment, earned income or other income source, or monies received from any income source which are voluntarily or involuntarily returned, to repay a prior overpayment received from that income source, provided the overpayment was not excludable in accordance with 7 CFR [Part] 273.9(c). However, monies withheld, as specified in Section 2, subsection (14) of this regulation shall not be excluded.

(2) Child support payments received by AFDC recipients which must be transferred to the division administering Title IV-D of the Social Security Act, as amended, to maintain AFDC eligibility. However, any portion of such monies returned to the household by the cabinet shall not be excluded.

(3) Any gain or benefit which is not in the form of money payable directly to the household.

(4) Money payments that are not payable directly to a household, but are paid to a third party for a household expense are excludable as a vendor payment as defined in 7 CFR 273.9(c).

(5) Any income in the certification period which is received too infrequently or irregularly to be reasonably anticipated, but not in excess of thirty (30) dollars in a quarter.

(6) As defined in 7 CFR 273.9(c), educational loans on which payment is deferred, grants, scholarships, fellowships, veteran educational benefits, and the like to the extent that they are made available [used] for tuition and mandatory fees at an institution of post secondary education, including correspondence schools at that level, or a school at any level for the physically or mentally handicapped. Origination fees and insurance premiums on student loans are excludable charges. For federal education assistance programs funded under Title IV of the Higher Education Act or effective December 1, 1988, Student Assistance Programs under the Bureau of Indian Affairs, additional income exclusions include costs of books, travel, routine supplies, and cost for rental or purchase of equipment used for educational purposes. Portions of nonfederal (state, local, or private) deferred payment educational loans are excluded based on provisions contained in 7 CFR 273.9(c)(4).

(7) All loans, including loans from private individuals as well as commercial institutions, other than educational loans on which repayment is deferred.

(8) Reimbursements for past or future expenses to the extent they do not exceed actual expenses, and do not represent a gain or benefit to the household as defined in 7 CFR 273.9(c).

(9) Money received and used for the care and maintenance of a third party beneficiary who is not a household member.

(10) The earned income of children who are members of the household, who are students at least half time and who have not attained their 18th birthday.

(11) Money received in the form of a nonrecurring lump-sum payment.

(12) The cost of producing self-employment income. If the cost of producing farm self-employment income exceeds the income derived from self-employment farming as defined in 7 CFR [Part] 273.11(a), such losses shall be offset against any other countable income in the household.

(13) Any income specifically excluded by any other federal statute from consideration as income for the purpose of determining eligibility for the Food Stamp Program.

(14) Any energy assistance payments made under federal laws or certified as excludable energy payments by FNS.

(15) Any cash donations based on need received on or after February 1, 1988 from nonprofit charitable organizations, not to exceed $300 in a federal fiscal quarter in accordance with 7 CFR 273.9(iv)(2).

Section 4. Income Eligibility Standards. Participation in the Food Stamp Program is limited to those households whose incomes fall at or below the applicable standards as established by FNS and which are set forth below:

(1) Households which contain a member who is elderly or disabled as defined in 904 KAR 3:010,

Section 1(10) shall have their net income compared to 100 percent of the federal income poverty guidelines.

(2) Households which are categorically eligible as defined in CFR 273.2 do not have to meet either the gross or net income eligibility standards.

(3) All other households shall have their gross income (total income after excluded income has been disregarded but before any deductions have been made) compared to 130 percent of the federal income poverty guidelines and their net income compared to 100 percent of the federal income poverty guidelines.

Section 5. Income Deductions. The following shall be allowable income deductions:

(1) A standard deduction per household per month. This standard shall be periodically adjusted by FNS to reflect changes in the cost of living for a prior period of time as determined by FNS.

(2) Twenty (20) percent of gross earned income.

(3) Payments for the actual cost for the care of a child or other dependent when necessary for a household member to seek, accept or continue employment or attend training or pursue education preparatory to employment. This deduction shall not exceed the child care maximum established by FNS.

(4) Monthly shelter cost in excess of fifty (50) percent of the household's income after all other allowable deductions have been made. The shelter deduction shall not exceed the excess shelter maximum established by FNS, except that households containing an elderly or disabled member shall not be subject to said maximum with [in] regard[s] to the shelter deduction. The excess shelter maximum shall be adjusted periodically by FNS to reflect changes in the cost of living for a prior period of time. Allowable monthly shelter expenses shall be those expenses outlined in 7 CFR [Part] 273.9(d)(5). The cabinet shall develop a standard utility allowance for use in calculating shelter cost for those households which receive LIHEAP benefits or which incur heating/cooling (by air conditioning units only) costs separate and apart from their rent or mortgage payments in accordance with 7 CFR [Part] 273.9(d)(6). If the household is not entitled to the utility standard or does not choose to use the utility standard, it may claim actual utility expenses for any utility which it does pay separately. The standard utility allowance shall be adjusted at least annually to reflect changes in the cost of utilities.

(5) Allowable medical expenses, excluding special diets, in excess of thirty-five (35) dollars per month incurred by any household member who meets the definition of elderly or disabled, as set forth in 7 CFR [Part] 271.2, are those meeting the criteria set forth in 7 CFR [Part] 273.9(d)(3) including, but not limited to:

(a) Medical and dental care;

(b) Hospitalization or outpatient treatment and nursing care;

(c) Medication and medical supplies;

(d) Health and hospitalization premiums; and

(e) Dentures, hearing aids, eyeglasses and prosthetics.

Section 6. Resources. Uniform national resource standards of eligibility shall be utilized. Eligibility shall be denied or terminated if the total value of a household's liquid and nonliquid resources, not exempt under Section 7 of this regulation and in accordance with 7 CFR [Part] 273.8, exceed:

(1) $3000: for all households with one (1) or more members, when at least one (1) member is sixty (60) years or older; or

(2) $2000: for all other households.

(3) Households which are categorically eligible as defined in 7 CFR 273.2 shall be considered as having met the food stamp resource requirement.

Section 7. Exempt Resources. The following resources shall not be considered in determining eligibility:

(1) The home and surrounding property which is not separated from the home by intervening property owned by others.

(2) Household goods, personal effects including one (1) burial plot per household member, the cash value of life insurance policies and pension funds (except that Keogh plans which involve no contractual relationship with individuals who are not household members and Individual Retirement Accounts shall not be exempt), and prepaid burial plans if a contractual agreement for repayment must be signed in order to withdraw any funds.

(3) Licensed/unlicensed vehicles as specified in 7 CFR [Part] 273.8.

(4) Property which annually produces income consistent with its fair market value, even if only used on a seasonal basis.

(5) Property which is essential to the employment or self-employment of a household member, in accordance with 7 CFR [Part] 273.8(e)(5).

(6) Installment contracts for the sale of land or buildings if the contract or agreement is producing income consistent with its fair market value.

(7) Any governmental payments which are designated for the restoration of a home damaged in a disaster, if the household is subject to legal sanction if funds are not used as intended.

(8) Resources whose cash value is not accessible to the household.

(9) Resources which have been prorated as income.

(10) Indian lands held jointly with the tribe, or land that can be sold only with the approval of the Department of the Interior's Bureau of Indian Affairs; and

(11) Resources which are excluded for food stamp purposes by express provision of federal statute.

Section 8. Transfer of Resources. Households which have transferred resources knowingly for the purpose of qualifying or attempting to qualify for food stamps shall be disqualified from participation in the program for up to one (1) year from the date of the discovery of the transfer in accordance with 7 CFR 273.8(i).

Section 9. Nonfinancial Criteria. Nonfinancial eligibility standards apply equally to all households and consist of:

(1) Residency. A household must live in the county in which they make application;

(2) Identity. Applicant's identity will be verified; also, where an authorized representative applies for the household, both

the applicant's and the authorized representative's identities will be verified;

(3) Citizenship and alien status. Program participation shall be limited to either citizens of the United States or eligible aliens, as outlined in 7 CFR [Part] 273.4. Individuals whose status is questionable shall be ineligible to participate until such status has been verified;

(4) Household size. Size of household will be verified through readily available documentary evidence or through a collateral contract; and

(5) Students. Persons aged eighteen (18) to sixty (60) who are physically and mentally fit and enrolled at least half time in an institution of higher education are ineligible to participate unless they meet criteria specified in 7 CFR [Part] 273.5.

(6) Mandatory monthly reporting (MMR). Households shall be required to file monthly reports in accordance with 7 CFR 273.21 and any waivers thereto approved by FNS as a condition of eligibility, unless otherwise exempted by the appropriate federal agency.

(7) Social security number (SSN). Households applying for or participating in the Food Stamp Program must comply with SSN requirements by providing the SSN of each household member or applying for one (1) prior to certification. Failure to comply without good cause shall be determined for each household member and shall result in such individual's disqualification from participation in the Food Stamp Program until this requirement is met.

(8) Work registration. All household members, except those exempt in 7 CFR [Part] 273.7(b), shall be required to register for work, accept suitable employment and be subject to other work registration requirements specified in 7 CFR [Part] 273.7. Strikers whose households are eligible in accordance with 904 KAR 3:035, Section 5(9), shall be subject to the work registration requirements unless exempt for reasons other than employment at the time of application.

(9) Quality Control. Refusal to cooperate in completing a quality control review shall result in termination of the participating household's benefits.

Section 10. Provisions contained in this regulation shall become effective November 1, 1988 [September 1, 1987] unless otherwise specified.

REGULATIONS AS AMENDED BY ADMINISTRATIVE BODY AND REVIEWING SUBCOMMITTEE

COMPILER'S NOTE: The amendments made to the following regulations at the meeting of the Administrative Regulation Review Subcommittee meeting on November 3, 1988, were misprinted in the November 1988 Administrative Register. The correct amendments are as follows:

401 KAR 5:005. Section 10(7) should not be deleted but should read as follows:

(7) The provisions of this section shall apply to permit applications submitted on or after **the effective date of this regulation** [October 1, 1988] and to applications which are not completed by **the effective date of this regulation** [October 1, 1988]. Permit applications which are completed by **the effective date of this regulation** [October 1, 1988] shall be subject to this section as in effect on December 10, 1985.

401 KAR 5:085. Section 4(4) should not be deleted but should read as follows:

(4) The provisions of this section shall apply to permit applications submitted on or after **the effective date of this regulation** [October 1, 1988]. Permit applications which are submitted by **the effective date of this regulation** [October 1, 1988] shall be subject to this section as in effect on December 10, 1985.

401 KAR 6:015. Section 4(5) of this regulation was not printed in the "As Amended" section of the November Register. However, this section shoud be amended to read as follows:

(5) The provisions of this section shall apply to complete plans and specifications submitted on or after **the effective date of this regulation** [October 1, 1988] and to submitted plans and specifications which are not completed by **the effective date of this regulation** [October 1, 1988]. Plans and specifications which are submitted complete by **the effective date of this regulation** [October 1, 1988] shall be subject to no fee.

401 KAR 6:300. Section 2(6) should not be deleted but should read as follows:

(6) The provisions of this regulation shall apply to applications, examinations, and initial certifications submitted on or after **the effective date of this regulation** [October 1, 1988]. The certificate renewal fee shall become effective upon the beginning of the next certification year after **the effective date of this regulation** [October 1, 1988].

401 KAR 39:020. Section 1(2) should not be deleted but should read as follows:

(2) The provisions of this regulation shall apply to delisting petitions submitted on or after **the effective date of this regulation** [October 1, 1988], and to such petitions which are not complete, as determined by the cabinet, by **the effective date of this regulation** [October 1, 1988]. Delisting petitions which are complete, as determined by the cabinet, by **the effective date of this regulation** [October 1, 1988], shall be subject to this regulation as in effect on December 2, 1983.

401 KAR 39:030. Section 1(2) should not be deleted but should read as follows:

(2) The provisions of this regulation shall apply to permit applications for treatment, storage, or disposal facilities submitted on or after **the effective date of this regulation** [October 1, 1988], and to such applications which are not complete, as determined by the cabinet, by **the effective date of this regulation** [October 1, 1988]. Permit applications for treatment, storage, or disposal facilities which are complete, as determined by the cabinet, by **the effective date of this regulation** [October 1, 1988], shall be subject to this regulation as in effect on December 2, 1983.

401 KAR 39:060. Section 1(2) should not be deleted but should read as follows:

(2) The provisions of this regulation shall apply to short-term permit applications submitted on or after **the effective date of this regulation** [October 1, 1988], and to such applications which are not complete, as determined by the cabinet, by **the effective date of this regulation** [October 1, 1988]. Short-term permit applications which are complete, as determined by the cabinet, by **the effective date of this regulation** [October 1, 1988], shall be subject to this regulation as in effect on December 2, 1983.

401 KAR 39:070. Section 1(2) should not be deleted but should read as follows:

(2) The provisions of this regulation shall apply to applications for permit modifications submitted on or after **the effective date of this regulation** [October 1, 1988], and to such applications which are not complete, as determined by the cabinet, by **the effective date of this regulation** [October 1, 1988]. Applications for permit modifications which are complete, as determined by the cabinet, by **the effective date of this regulation** [October 1, 1988], shall be subject to this regulation as in effect on December 2, 1983. [In the event modification of a permit is required as a result of changes in Kentucky Statute or the Hazardous Waste Management Regulations, no modification fee shall be imposed.]

401 KAR 39:090. Section 1(2) should not be deleted but should read as follows:

(2) The provisions of this regulation shall apply to postclosure permit applications

submitted on or after the effective date of this regulation [October 1, 1988], and to such applications which are not complete, as determined by the cabinet, by the effective date of this regulation [October 1, 1988]. Postclosure permit applications which are complete, as determined by the cabinet, by the effective date of this regulation [October 1, 1988], shall be subject to this regulation as in effect on March 10, 1988.

401 KAR 39:120. Section 1(2) should not be deleted but should read as follows:

(2) The provisions of this regulation shall apply to Part A applications for hazardous waste site or facility permits submitted on or after the effective date of this regulation [October 1, 1988], and to such applications which are not complete, as determined by the cabinet, by the effective date of this regulation [October 1, 1988]. Part A applications for hazardous waste site or facility permits which are complete, as determined by the cabinet, by the effective date of this regulation [October 1, 1988], shall be subject to the provisions of this regulation.

401 KAR 47:060. Section 1(2) should not be deleted but should read as follows:

(2) The provisions of this regulation shall apply to solid waste site or facility permit applications submitted on or after the effective date of this regulation [October 1, 1988], and to such applications which are not complete as determined by the cabinet, by the effective date of this regulation [October 1, 1988]. Solid waste site or facility permit applications which are complete as determined by the cabinet, by the effective date of this regulation [October 1, 1988], shall be subject to this regulation as in effect on March 1, 1983.

401 KAR 50:036. The second and third sentences of Section 1 should not be deleted, but Section 1 should read as follows:

Section 1. Applicability. The provisions of this regulation shall apply to the owner or operator of each source required to have a permit by 401 KAR 50:035 except for publicly owned sources. The provisions of this regulation shall apply to permit applications submitted on or after the effective date of this regulation [October 1, 1988], and to applications which are not complete by the effective date of this regulation [October 1, 1988]. Permit applications which are complete by the effective date of this regulation [October 1, 1988], shall be subject to this regulation as in effect on May 6, 1981.

COMPILER' NOTE: The following regulation was amended by the promulgating agency and the Administrative Regulation Review Subcommittee on November 1, 1988.

UNIVERSITY OF KENTUCKY
College of Agriculture
Agriculture Experiment Station
(As Amended)

12 KAR 5:030. Test samples.

RELATES TO: KRS 260.775 to 260.845, 260.992
STATUTORY AUTHORITY: KRS 260.785
NECESSITY AND FUNCTION: The Director of the Agricultural Experiment Station, University of Kentucky, is charged with the enforcement of KRS Chapter 260 to regulate milk buyers, milk testers and milk weighers and samplers. The purpose of this regulation is to establish guidelines and approved procedures to insure accurate fresh [or composite] milk samples for milk component testing.

Section 1. Buyers of milk received from producers' farm bulk tanks with fresh samples taken during any twenty-four (24) hour period shall [must] observe the following:

(1) Samples will be collected from every producers' shipment of milk and delivered to the buyer.

(2) Individual tank truck load samples shall [must] be obtained whenever producer samples are used for milk fat tests.

(3) Samples shall [must] be collected in a clean, dry, sanitized container. Four (4) ounces of milk shall be obtained with at least one (1) inch air space in top of a six (6) ounce container. A minimum of one (1) ounce shall be obtained in smaller containers. Samples shall be kept between thirty-three (33) degrees to forty (40) degrees Fahrenheit and in an upright position until they are tested for milk fat.

(4) Fresh milk samples shall [must] be held for twenty-four (24) hours for retest following the last scheduled date for testing.

(5) Dairymen's milk samples used for payment shall be handled only by licensed samplers-weighers [milk haulers] or licensed milk testers. Anyone handling these milk samples for shipping, picking up or transferring them in any manner shall [must] attend a sampler-weigher [hauler] training school for a sampler-weigher [hauler] license or be a licensed tester.

[Section 2. (1) With composite samples use one (1) corrosive sublimate (mercuric chloride or bichloride of mercury) tablet containing not less than 0.3 gram (4.6 grains) of mercuric chloride per tablet, or some equally effective preservative, in each eight (8) ounce composite sample bottle. Three-tenths (0.3) gram of mercuric chloride is sufficient preservative to keep a 140 ml. composite sample of milk for four (4) weeks. Composite samples shall be tested immediately after the compositing period ends. At plants receiving milk from a large number of patrons, arrangements must be made to care for and test all of the samples before they deteriorate sufficiently to affect the accuracy of the tests. Keeping all composite samples (except those being tested during the current day) at fifty (50) degrees Fahrenheit or under is required. On the first day of the compositing

period, after the portion for that day has been put in the bottle, and after allowing for preservative to soften, the bottle shall be given a slight rotary motion to color the milk.]

[(2) A minimum of ten (10) ml. shall be taken from each producer's delivery of milk. The quantity removed shall be the same for each day's production during a compositing period. The total composite sample at the time of testing shall be not less than 100 ml. If for example, a producer delivers milk only two (2) days during a compositing period, then a minimum sample of fifty (50) ml. must be taken on each of the two (2) days.]

[(3) Composite sample bottles shall have a capacity of not less than eight (8) ounces, be free from cracks, and be tightly fitted with an approved rubber stopper.]

[(a) Each bottle shall be identified with a legible mark of identification.]

[(b) Every sample bottle shall be clean and dry before the addition of a preservative and maintained in such a manner as to prevent the accumulation of moisture which may dilute the sample of milk.]

[(c) Each milk plant shall be provided with at least two (2) complete sets of sample bottles.]

[Section 3. When a dipper, thief, or similar manual device is used, it must be rinsed once prior to use with the milk which is to be sampled. When an automatic sampler is used, it must be operated in accordance with the manufacturer's instructions, and must include the correct vacuum, no leaks in the line and proper slope in lines to permit prompt drainage. The sampler and weigher must operate the automatic sampler so the milk fills the dome to the line marked thereon for this purpose (about one-half (1/2) full). It is possible for the automatic sampler to cause the check on mixing accuracy to be unsatisfactory.]

[(2) The composite samples shall be stored away from strong light in a clean sanitary cabinet maintained at a temperature between thirty-five (35) degrees and fifty (50) degrees Fahrenheit. The samples shall not be kept at room temperature for longer than one (1) hour each day during the compositing period.]

[(3) Place the sample bottles in tempering bath with the surface of the water slightly above the level of the milk in the bottles.]

[(4) The temperature of the bath should not exceed 110° Fahrenheit at the time of placing the cold samples in it. Shortly thereafter the temperature should be adjusted as the temperature of the milk rises, so that the final temperature of both bath and samples is 100° Fahrenheit. (Two (2) baths may be used, one (1) for heating and one (1) thermostatically controlled for holding at 100° Fahrenheit).]

[(5) Do not mix the milk in the sample bottles when at churning temperature (seventy (70) degrees to ninety (90) degrees Fahrenheit).]

[(6) Any sample which may become diluted with water must be discarded and a permanent record made of the date of accident and the identity of the sample.]

[(7) Any cream adhering to the sides of the bottle and the stopper must be reincorporated with the contents by gently rotating and inverting the bottle. A rubber policeman or nylon bristle brush may be used if preferred.]

[(8) (a) The composite sample, after reaching 100° Fahrenheit is mixed by pouring back and forth at least twice between the original sample bottle and a mixing container. The mixing container shall be drained at least fifteen (15) seconds prior to reuse.]

[(b) If the bottle is not over two-thirds (2/3) full, the sample may be mixed by shaking horizontally back and forth six (6) times through a distance of about six (6) inches within a period of three (3) seconds. Care must be used to avoid churning when this procedure is used. The sample for testing shall be pipetted immediately after mixing.]

[(9) Temperature of milk for pipetting. The temperature of the milk at the time of pipetting shall be 100° Fahrenheit.]

[(10) Pipetting. The tip of the milk pipette (calibrated to contain 17.6 ml of water at twenty degrees (20°) Centigrade) should be at a level approximately equal to one-half (1/2) the height of the milk in the sample bottle. The pipette is then filled until the topmost surface of the milk is even with the graduation mark on the pipette. The milk is then discharged into a test bottle by inserting the whole length of the long delivery tube of the pipette into the neck of the test bottle before releasing its contents. The lip of the test bottle must be vented to permit air to escape readily from the bottle, preferably by means of a grooved rubber washer at the base of the bulb of the pipette.]

[(11) When the charge has drained, usually about ten (10) to fifteen (15) seconds after free flow has stopped, blow out the last drop or remove the pipette from the test bottle with a quick upward movement in order to remove the last drop from the tip of the pipette. Two (2) pipettes used alternately may be advantageous.]

[(12) Composite milk samples must be held for seven (7) days following the last scheduled day for testing of all the producers' milk samples.]

COMPILER' NOTE: The following two regulations were amended by the promulgating agency and the Interim Joint Committee on State Government and became effective on November 9, 1988.

DEPARTMENT OF PERSONNEL
(As Amended)

101 KAR 2:100. Leave regulations.

RELATES TO: KRS 18A.030, 18A.110
STATUTORY AUTHORITY: KRS Chapter 13A, 18A.030, 18A.110
EFFECTIVE: November 9, 1988
NECESSITY AND FUNCTION: KRS 18A.110 requires the Commissioner of Personnel to promulgate comprehensive administrative regulations, consistent with KRS Chapter 18A, which govern annual leave, sick leave, special leaves of absence, and for other conditions of leave. This regulation is necessary to comply with these statutory requirements.

Section 1. Annual Leave. (1) Each full-time employee in the state service, except seasonal, temporary, per diem, and emergency employees, and each part-time employee who works at least 100 hours a month shall accumulate annual leave with pay at the following rate:

Months of Service	Annual Leave Days
0-59 months	1 leave day per month; 12 per year
60-119 months	1 1/4 leave days per month; 15 per year
120-179 months	1 1/2 leave days per month; 18 per year
180 months and over	1 3/4 leave days per month; 21 per year

A full-time employee must have worked more than half of the work days in a month to qualify for annual leave. Each employee shall be credited with additional leave upon the first day of the month following the month in which the leave is earned. In computing months of total service for the purpose of earning annual leave, only those months for which an employee earned annual leave shall be counted or in the case of a part-time employee, only those months in which the employee worked at least 100 hours shall be counted. In those cases where an employee is changed from part time to full time, those months in which the employee worked at least 100 hours as a part-time employee shall be counted in computing years of total service. Former employees who have been rehired and who have been previously dismissed for cause from state service shall receive credit for service prior to the dismissal, except where such dismissal resulted from a violation of KRS 18A.140, 18A.145, or 18A.990. In those cases where an employee is changed from full time to part time, those months for which the employee earned annual leave as a full-time employee shall be counted in computing months of total service. Employees serving on a part-time basis who work less than 100 hours a month shall not be entitled to annual leave.

(2) Annual leave may be accumulated and carried forward from one (1) calendar year to the next not to exceed the following maximum amounts:

Months of Service	Maximum Amount
0-59 months	Thirty (30) work days
60-119 months	Thirty-seven (37) work days
120-179 months	Forty-five (45) work days
180-239 months	Fifty-two (52) work days
240 months and over	Sixty (60) work days

However, leave in excess of the above maximum amounts shall be converted to sick leave at the end of the calendar year. Months of service for the purpose of determining the maximum amount of annual leave which may be accumulated and the amount to be converted to sick leave shall be computed as provided in subsection (1) of this section. Annual leave shall not be granted in excess of that earned prior to the starting date of leave.

(3) Absence due to sickness, injury, or disability in excess of that hereinafter authorized for such purposes may, at the request of the employee and within the discretion of the appointing authority, be charged against annual leave.

(4) Accumulated annual leave shall be granted by the appointing authority in accordance with operating requirements and, insofar as practicable, with the request of employees. An employee who makes a timely request for annual leave shall be granted annual leave by the appointing authority, during the calendar year, up to at least the amount of time he earned that year.

(5) Employees are charged with annual leave for absence only on days upon which they would otherwise work and receive pay.

(6) Annual leave shall accrue only when an employee is working or on authorized leave with pay. Annual leave shall not accrue when an employee is on educational leave with pay.

(7) An employee who is transferred or otherwise changed from the jurisdiction of one agency to another shall retain his accumulated annual leave in the receiving agency.

(8) Before an employee may be placed on leave of absence without pay in excess of thirty (30) working days, he must have used or have been paid for any accumulated annual leave unless he has requested to retain up to ten (10) days of accumulated annual leave.

(9) **Employees** [To be] eligible for state contributions for life insurance and health benefits **under the provisions of KRS Chapter 18A shall** [, an employee must] have worked or been on paid leave for more than half of the work days in a month, **except:**

(a) When the employee is unable to work or take paid leave for more than half of the work days in a month due to a work related injury covered by workers compensation.

(b) When the employee is unable to work or take paid leave for more than half of the work days in a month due to his or immediate family member's prolonged illness or disability verified by a medical certificate signed by a licensed physician and certifying to the prolonged incapacity or illness.

(10) [(9)] Employees shall be paid in a lump sum for accumulated annual leave, not to exceed the maximum amounts as set forth in Section 2(2) of this regulation, when separated by proper resignation or retirement. In the case of layoff, the employee shall be paid in a lump sum for all accumulated leave. An employee in the unclassified service who reverts to the classified service or an employee who resigns one day and is employed the next day shall retain his accumulated leave in the receiving agency unless he is appointed at a lower salary; in this case the employee has the option to be paid for accumulated annual leave at the higher rate. The effective date of the separation shall be the last work day. A pay voucher shall be submitted on accumulated annual leave.

(11) [(10)] An employee who has been dismissed for cause or who has failed to give proper notice of resignation may, at the discretion of the appointing authority, be paid in a lump sum for accumulated annual leave not to exceed the maximum amounts set forth in Section 2(2) of this regulation.

(12) [(11)] Upon the death of an employee, his estate shall be entitled to receive pay for the unused portion of the employee's accumulated annual leave.

(13) [(12)] Absence for a fraction or part of a day that is charged to annual leave shall be charged in hours or increments of one-quarter (1/4) hours.

Section 2. Sick Leave. (1) Each employee in the state service, except emergency, per diem and part-time employees who work less than 100 hours a month, shall accumulate sick leave with pay at the rate of one (1) working day for each

month of service. An employee must have worked more than half of the work days in a month to qualify for sick leave with pay. Each employee shall be credited with additional sick leave upon the first day of the month following the month in which the sick leave is earned. Employees serving on a part-time basis who work at least 100 hours a month shall accumulate sick leave with pay at the rate of one (1) working day for each month of service. Each employee shall be credited with additional sick leave upon the first day of the month following the month in which the sick leave is earned.

(2) Full-time employees completing 120 months of total service with the state shall be credited with ten (10) additional days of sick leave upon the first day of the month following the completion of 120 months of service. In computing months of total service for the purpose of crediting ten (10) additional days of sick leave, only those months for which an employee earned sick leave shall be used. In those cases where an employee is changed from part time to full time, those months in which the employee worked at least 100 hours as a part-time employee shall be counted in computing months of total service. Part-time employees who work at least 100 hours a month completing 120 months of total service with the state shall be credited with ten (10) additional sick leave days upon the first day of the month following the completion of 120 months of service. In computing months of total service for part-time employees who work at least 100 hours a month for the purpose of crediting ten (10) additional sick leave days, only those months in which the employee worked at least 100 hours shall be used. In those cases where an employee is changed from full time to part time, those months for which the employee earned sick leave as a full-time employee shall be counted in computing years of total service. The total service must be verified before the leave is credited to the employee's record. Former employees who have been rehired and who had been previously dismissed for cause from state service shall receive credit for service prior to the dismissal, except where such dismissal resulted from the violation of KRS 18A.140, 18A.145, or 18A.990.

(3) Unused sick leave may be accumulated with no maximum on accumulation.

(4) Sick leave shall accrue only when an employee is working or on authorized leave with pay. Sick leave shall not accrue when an employee is on educational leave with pay.

(5) An appointing authority shall grant accrued sick leave with pay when an employee:

(a) Receives medical, dental or optical examination or treatment;

(b) Is disabled by sickness, injury or pregnancy. The appointing authority may require a doctor's statement attesting to the inability to perform his/her duties;

(c) Is required to care for a sick or injured member of his immediate family for a reasonable period of time. The appointing authority may require a doctor's statement supporting the need for care;

(d) Would jeopardize the health of others at his duty post, because of exposure to a contagious disease;

(e) Has lost by death a parent, child, brother or sister, or the spouse of any of them, or any persons related by blood or affinity with a similarly close association. Leave under this paragraph is limited to three (3) days or a reasonable extension at the discretion of the appointing authority.

(6) At the termination of sick leave with pay not exceeding six (6) months, the appointing authority shall return the employee to his former position. At the termination of sick leave with pay exceeding six (6) months, the appointing authority shall return the employee to a position for which he is qualified and which resembles his former position as closely as circumstances permit.

(7) An appointing authority shall grant sick leave without pay for so long as an employee is disabled by sickness, or illness, or pregnancy, and the total continuous leave does not exceed one (1) year. The appointing authority may require periodic doctor's statements during the year attesting to the continued inability to perform his/her duties. When the employee has given notice of his ability to resume his duties, the appointing authority shall return the employee to a position for which he is qualified and which resembles his former position as closely as circumstances permit; if there is no such position available, the regulations pertaining to layoff apply. An employee who is unable to return to work at the end of one (1) year of sick leave without pay, after being requested to return to work at least ten (10) days prior to the expiration of such sick leave, shall be dismissed by the appointing authority. An employee granted sick leave without pay may, upon request, retain up to ten (10) days of accumulated sick leave.

(8) Employees [To be] eligible for state contributions for life insurance and health benefits under the provisions of KRS Chapter 18A shall [, an employee must] have worked or been on paid leave for more than half of the work days in a month, except:

(a) When the employee is unable to work or take paid leave for more than half of the work days in a month due to a work related injury covered by workers compensation.

(b) When the employee is unable to work or take paid leave for more than half of the work days in a month due to his or immediate family member's prolonged illness or disability verified by a medical certificate signed by a licensed physician and certifying to the prolonged incapacity or illness.

(9) [(8)] Absence for a fraction or part of a day that is chargeable to sick leave shall be charged in hours or increments of one-quarter (1/4) hours.

(10) [(9)] An employee who is transferred or otherwise changed from the jurisdiction of one agency to another shall retain his accumulated sick leave in the receiving agency.

(11) [(10)] Employees shall be credited for accumulated sick leave when separated by proper resignation, layoff, retirement, or when granted leave without pay in excess of thirty (30) working days. Former employees who are reinstated or reemployed shall have unused sick leave balances revived upon appointment and placed to their credit.

(12) [(11)] In cases of absence due to illness or injury for which Workers' Compensation benefits are received, accumulated sick leave may be used in order to maintain regular full salary. If paid sick leave is used, Workers' Compensation pay benefits shall be assigned back

to the state for whatever period of time an employee received paid sick leave. The [Upon return to work an] employee's sick leave shall be immediately reinstated to the extent that Workers Compensation Benefits were assigned. [In cases of absence due to illness or injury for which Workers' Compensation benefits are received for lost time, sick leave may be utilized to the extent of the difference between such benefits and the employee's regular salary.]

(13) [(12)] Application for sick leave. An employee shall file a written application for sick leave with or without pay within a reasonable time. Except in cases of emergency illness, an employee shall request advance approval for sick leave for medical, dental or optical examination, and for sick leave without pay. In all cases of illness, an employee is obligated to notify his immediate supervisor or other designated person. Failure to do so in a reasonable period of time may be cause for denial of sick leave for the period of absence.

(14) [(13)] Supporting evidence.

(a) An appointing authority may require an employee to supply supporting evidence in order to receive sick leave. A supervisor's or employee's certificate may be accepted, but a medical certificate may be required, signed by a licensed practitioner and certifying to the incapacity, examination, or treatment. An appointing authority shall grant sick leave when the application is supported by acceptable evidence.

(b) An appointing authority may place on sick leave an employee whose health might be jeopardized by job duties, [or] whose health might jeopardize others, or whose health prevents performance of duties and responsibilities, and who, on request, fails to produce a satisfactory medical certificate.

Section 3. Court Leave. An employee shall be entitled to leave of absence from duties during his scheduled working hours, without loss of time or pay for that amount of time necessary to comply with subpoenas by any court, or administrative agency or body of the federal or state government or any political subdivision thereof, to serve as a juror or a witness except in cases where the employee himself or a member of his family is a party plaintiff. This leave shall include necessary travel time. If relieved from duty as a juror or witness during his normal working hours, the employee shall return to work.

Section 4. Compensatory Leave. (1) It shall be the responsibility of the appointing authorities to administer the overtime and compensatory leave provisions of the Fair Labor Standards Act. An employee who is authorized to work in excess of the prescribed hours of duty shall be granted compensatory leave on an hour-for-hour basis, subject to the provisions of the Fair Labor Standards Act and Kentucky Labor Laws. Compensatory leave may be accumulated or taken off in one-quarter (1/4) hour increments. The maximum amount of compensatory leave that may be accumulated shall be 200 hours.

(2) An employee who is transferred or otherwise changed from the jurisdiction of one agency to another shall retain his compensatory leave in the receiving agency.

(3) Upon separation from state service, employees will be paid for all unused compensatory leave at the greater of their regular hourly rate of pay or at the average regular rate of pay for the final three (3) years of employment.

(4) An employee who has accrued compensatory leave shall be permitted by the appointing authority or his designee to take such time off when practicable. To maintain a manageable level of accumulated compensatory time and for the specific purpose of reducing an employee's compensatory leave, an appointing authority or his designee may direct an employee to take accumulated compensatory time off from work. Notice must be in writing specifying the number of hours to be taken.

(5) An employee deemed to be "nonexempt" shall be paid one and one-half (1 1/2) times his regular hourly rate of pay for all hours worked in excess of forty (40) per week.

(6) An employee except one who is in policy making position, may, after accumulating 151 hours of compensatory leave, request that he be paid for fifty (50) hours at his regular rate of pay. An employee's leave balance shall be reduced accordingly.

(7) All employees, except those who are in policy making positions, shall be paid for fifty (50) hours at their regular hourly rate of pay upon accumulating 200 hours of compensatory leave. The employee's leave balance shall be reduced accordingly.

(8) All employees whose prescribed hours of duty are normally less than forty (40) per week and who have not exceeded the maximum amount of compensatory time shall receive compensatory leave on an hour-for-hour basis until the total hours worked in that week reaches forty (40).

(9) Compensatory leave used during the same workweek it is earned does not constitute "hours worked" for computing paid overtime.

Section 5. Military Leave. Any employee who is an active member of the United States Army Reserve, the United States Air Force Reserve, the United States Naval Reserve, the United States Marine Corps Reserve, the United States Coast Guard Reserve, the United States Public Health Service Reserve, or the Kentucky National Guard shall be relieved from his civil duties upon request therefor, to serve under orders on training duty without loss of his regular compensation for a period not to exceed ten (10) working days in any one (1) calendar year, and any such absence shall not be charged to leave. Absence in excess of this amount will be charged as annual leave, compensatory leave or leave without pay. The appointing authority may require a copy of the orders requiring the attendance of an employee before granting military leave. An appointing authority shall grant an employee entering military duty a leave of absence without pay for a period of such duty not to exceed six (6) years. All accumulated annual and compensatory leave may be paid in a lump sum, at the request of the employee, upon receiving this leave.

Section 6. Voting Leave. All employees who are eligible and registered to vote shall be allowed, upon prior request, [ample time, up to a maximum of] four (4) hours, for the purpose of voting. Such absence shall not be charged against leave. Employees who are not scheduled to work during voting hours shall not receive voting leave and shall not be entitled

to compensatory leave in lieu of time off to vote. Employees who are permitted to work in lieu of voting leave shall be granted compensatory leave on an hour-for-hour basis.

Section 7. Special Leave of Absence. (1) In addition to leaves as above provided, an appointing authority may grant leave without pay for a period or periods not to exceed thirty (30) working days in any calendar year.

(2) An appointing authority, with approval of the commissioner, may grant leave of absence when requested by an employee for a period not to exceed twenty-four (24) months, with or without pay for assignment to and attendance at college, university, vocational or business school for the purpose of training in subjects related to the work of the employee and which will benefit the state service.

(3) An appointing authority, with approval of the commissioner, may grant an employee a leave of absence without pay for a period not to exceed one (1) year for purposes other than specified in this regulation that are deemed in the best interest of the state.

(4) An appointing authority, with approval of the commissioner, may place an employee on leave without pay for a period not to exceed thirty (30) working days pending an investigation into allegations of employee misconduct. The employee shall be notified in writing by the appointing authority that he is being placed on leave without pay and of the reasons therefor. If such investigation reveals no misconduct on behalf of the employee, he shall be made whole for the period of such leave and all records relating to the investigation will be purged from agency and Department of Personnel files. The appointing authority shall notify the employee in writing of the completion of the investigation and the action taken, including those cases where the employee voluntarily resigns in the interim.

(5) Employees [To be] eligible for state contributions for life insurance and health benefits under the provisions of KRS Chapter 18A shall [, an employee must] have worked or been on paid leave for more than half of the work days in a month, except:

(a) When the employee is unable to work or take paid leave for more than half of the work days in a month due to a work related injury covered by workers compensation.

(b) When the employee is unable to work or take paid leave for more than half of the work days in a month due to his or immediate family member's prolonged illness or disability verified by a medical certificate signed by a licensed physician and certifying to the prolonged incapacity or illness.

Section 8. Absence Without Leave. An employee who is absent from duty without approval shall report the reason therefor to his supervisor immediately. Unauthorized and/or unreported absence shall be considered absence without leave and deduction of pay may be made for each period of such absence. Such absence may constitute grounds for disciplinary action.

DEPARTMENT OF PERSONNEL
(As Amended)

101 KAR 3:010. Leave regulations for unclassified service.

RELATES TO: KRS 18A.155
STATUTORY AUTHORITY: KRS Chapter 13A, 18A.155
EFFECTIVE: November 9, 1988
NECESSITY AND FUNCTION: KRS 18A.155 requires the Commissioner of Personnel to submit to the Governor proposed administrative regulations for the unclassified service persons in positions enumerated in KRS 18A.155(1)(g), (h), (i), (j), (k), (p), (u) and (v). KRS 18A.155 further provides that these regulations shall be approved by the Governor. In practice, the leave regulations (101 KAR 2:100) which apply to merit system employees in the following specific areas have also been applied to the aforementioned categories of employees in the unclassified service.

Section 1. Annual leave. (1) Each full-time employee in the state service, except seasonal, temporary, per diem, and emergency employees, or each part-time employee who works at least 100 hours a month shall accumulate annual leave with pay at the following rate:

Months of Service	Annual Leave Days
0-59 months	1 leave day per month; 12 per year
60-119 months	1 1/4 leave days per month; 15 per year
120-179 months	1 1/2 leave days per month; 18 per year
180 months and over	1 3/4 leave days per month; 21 per year

A full-time employee must have worked more than half of the work days in a month to qualify for annual leave. Each employee shall be credited with additional leave upon the first day of the month following the month in which the leave is earned. In computing months of total service for the purpose of earning annual leave, only those months for which an employee earned annual leave shall be counted or in the case of a part-time employee, only those months in which the employee worked at least 100 hours shall be counted. In those cases where an employee is changed from part time to full time, those months in which the employee worked at least 100 hours as a part-time employee shall be counted in computing years of total service. Former employees who have been rehired and who have been previously dismissed for cause from state service shall receive credit for service prior to the dismissal, except where such dismissal resulted from a violation of KRS 18A.140, 18A.145, or 18A.990. In those cases where an employee is changed from full time to part time, those months for which the employee earned annual leave as a full-time employee shall be counted in computing months of total service. Employees serving on a part-time basis who work less than 100 hours a month shall not be entitled to annual leave.

(2) Annual leave may be accumulated and carried forward from one (1) calendar year to the next not to exceed the following maximum amounts:

Months of Service	Maximum Amount
0-59 months	Thirty (30) work days
60-119 months	Thirty-seven (37) work days
120-179 months	Forty-five (45) work days
180-239 months	Fifty-two (52) work days
240 months and over	Sixty (60) work days

However, leave in excess of the above maximum amounts shall be converted to sick leave at the end of the calendar year. Months of service for the purpose of determining the maximum amount of annual leave which may be accumulated and the amount to be converted to sick leave shall be computed as provided in subsection (1) of this section. Annual leave shall not be granted in excess of that earned prior to the starting date of leave.

(3) Absence due to sickness, injury, or disability in excess of that authorized for such purposes may, at the request of the employee and within the discretion of the appointing authority, be charged against annual leave.

(4) Accumulated annual leave shall be granted by the appointing authority in accordance with operating requirements and, insofar as practicable, with the request of employees. An employee who makes a timely request for annual leave shall be granted annual leave by the appointing authority, during the calendar year, up to at least the amount of time he earned that year.

(5) Employees are charged with annual leave for absence only on days upon which they would otherwise work and receive pay.

(6) Annual leave shall accrue only when an employee is working or on authorized leave with pay. Annual leave shall not accrue when an employee is on educational leave with pay.

(7) An employee who is transferred or otherwise changed from the jurisdiction of one (1) agency to another shall retain his accumulated annual leave in the receiving agency.

(8) Before an employee may be placed on leave of absence without pay in excess of thirty (30) working days, he must have used or have been paid for any accumulated annual leave unless he has requested to retain up to ten (10) days of accumulated annual leave.

(9) Employees [To be] eligible for state contributions for life insurance and health benefits under the provisions of KRS Chapter 18A shall [, an employee must] have worked or been on paid leave for more than half of the work days in a month, except:

(a) When the employee is unable to work or take paid leave for more than half of the work days in a month due to a work related injury covered by workers compensation.

(b) When the employee is unable to work or take paid leave for more than half of the work days in a month due to his or immediate family member's prolonged illness or disability verified by a medical certificate signed by a licensed physician and certifying to the prolonged incapacity or illness.

(10) [(9)] Employees shall be paid in a lump sum for accumulated annual leave, not to exceed the maximum amounts as set forth in Section 1(2) of this regulation, when separated by proper resignation or retirement. In the case of layoff, the employee shall be paid in a lump sum for all accumulated annual leave. An employee in the unclassified service who reverts to the classified service or an employee who resigns one day and is employed the next day shall retain his accumulated leave in the receiving agency unless he is appointed at a lower salary; in this case the employee has the option to be paid for accumulated annual leave at the higher rate. The effective date of the separation shall be the last work day. A pay voucher shall be submitted on accumulated annual leave.

(11) [(10)] An employee who has been dismissed for cause or who has failed to give proper notice of resignation may, at the discretion of the appointing authority, be paid in a lump sum for accumulated annual leave not to exceed the maximum amounts set forth in Section 1(2) of this regulation.

(12) [(11)] Upon the death of an employee, his estate shall be entitled to receive pay for the unused portion of the employee's accumulated annual leave.

(13) [(12)] Absence for a fraction or part of a day that is charged to annual leave shall be charged in hours or increments of one-quarter (1/4) hours.

Section 2. Sick Leave. (1) Each employee in the state service, except an emergency, per diem and part-time employees who work less than 100 hours a month, shall accumulate sick leave with pay at the rate of one (1) working day for each month of service. An employee must have worked more than half of the work days in a month to qualify for sick leave with pay. Each employee shall be credited with additional sick leave upon the first day of the month following the month in which the sick leave is earned. Employees serving on a part-time basis who work at least 100 hours a month shall accumulate sick leave with pay at the rate of one (1) working day for each month of service. Each employee shall be credited with additional sick leave upon the first day of the month following the month in which the sick leave is earned.

(2) Full-time employees completing 120 months of total service with the state shall be credited with ten (10) additional days of sick leave upon the first day of the month following the completion of 120 months of service. In computing months of total service for the purpose of crediting ten (10) additional days of sick leave, only those months for which an employee earned sick leave shall be used. In those cases where an employee is changed from part time to full time, those months in which the employee worked at least 100 hours as a part-time employee shall be counted in computing months of total service. Part-time employees who work at least 100 hours a month completing 120 months of total service with the state shall be credited with ten (10) additional sick leave days upon the first day of the month following the completion of 120 months of service. In computing months of total service for part-time employees who work at least 100 hours a month for the purpose of crediting ten (10) additional sick leave days, only those months in which the employee worked at least 100 hours shall be used. In those cases where an employee is changed from full time to part time, those months for which the employee earned sick leave as a full-time employee shall be counted in computing years of total service. The total service must be verified before the leave is credited to the employee's record. Former employees who have been rehired and who had been previously dismissed for cause from state

service shall receive credit for service prior to the dismissal, except where such dismissal resulted from the violation of KRS 18A.140, 18A.145, or 18A.990.

(3) Unused sick leave may be accumulated with no maximum on accumulation.

(4) Sick leave shall accrue only when an employee is working or on authorized leave with pay. Sick leave shall not accrue when an employee is on educational leave with pay.

(5) An appointing authority shall grant accrued sick leave with pay when the employee:

(a) Receives medical, dental or optical examination or treatment;

(b) Is disabled by sickness, injury or pregnancy. The appointing authority may require a doctor's statement attesting to the inability to perform his/her duties;

(c) Is required to care for a sick or injured member of his immediate family for a reasonable period of time. The appointing authority may require a doctor's statement supporting the need for care;

(d) Would jeopardize the health of others at his duty post, because of exposure to a contagious disease;

(e) Has lost by death a parent, child, brother or sister, or the spouse of any of them, or any persons related by blood or affinity with a similarly close association. Leave under this paragraph is limited to three (3) days or a reasonable extension at the discretion of the appointing authority.

(6) At the termination of sick leave with pay not exceeding six (6) months, the appointing authority may return the employee to his former position. At the termination of sick leave with pay exceeding six (6) months, the appointing authority may return the employee to a position for which he is qualified and which resembles his former position as closely as circumstances permit.

(7) An appointing authority shall grant sick leave without pay for so long as an employee is disabled by sickness, or illness, or pregnancy, and the total continuous leave does not exceed one (1) year. The appointing authority may require periodic doctor's statements during the year attesting to the continued inability to perform his/her duties. When the employee has given notice of his ability to resume his duties, the appointing authority may return the employee to a position for which he is qualified and which resembles his former position as closely as circumstances permit. An employee who is unable to return to work at the end of one (1) year of sick leave without pay, after being requested to return to work at least ten (10) days prior to the expiration of such sick leave, shall be dismissed by the appointing authority. An employee granted sick leave without pay may, upon request, retain up to ten (10) days of accumulated sick leave.

(8) Employees [To be] eligible for state contributions for life insurance and health benefits under the provisions of KRS Chapter 18A shall [, an employee must] have worked or been on paid leave for more than half of the work days in a month, except:

(a) When the employee is unable to work or take paid leave for more than half of the work days in a month due to a work related injury covered by workers compensation.

(b) When the employee is unable to work or take paid leave for more than half of the work days in a month due to his or immediate family member's prolonged illness or disability verified by a medical certificate signed by a licensed physician and certifying to the prolonged incapacity or illness.

(9) [(8)] Absence for a fraction or part of a day that is chargeable to sick leave shall be charged in hours or increments of one-quarter (1/4) hours.

(10) [(9)] An employee who is transferred or otherwise changed from the jurisdiction of one agency to another shall retain his accumulated sick leave in the receiving agency.

(11) [(10)] Employees shall be credited for accumulated sick leave when separated by proper resignation, layoff, retirement, or when granted leave without pay in excess of thirty (30) working days. Former employees who are reinstated or reemployed shall have unused sick leave balances revived upon appointment and placed to their credit.

(12) In cases of absence due to illness or injury for which Workers' Compensation benefits are received, accumulated sick leave may be used in order to maintain regular full salary. If paid sick leave is used, Workers' Compensation pay benefits shall be assigned back to the state for whatever period of time an employee received paid sick leave. The [Upon return to work an] employee's sick leave shall be immediately reinstated to the extent that Workers' Compensation Benefits were assigned.

[(11) In cases of absence due to illness or injury for which Workers' Compensation benefits are received for lost time, sick leave may be utilized to the extent of the difference between such benefits and the employee's regular salary.]

(13) [(12)] Application for sick leave. An employee shall file a written application for sick leave with or without pay within a reasonable time. Except in cases of emergency illness, an employee shall request advance approval for sick leave for medical, dental or optical examination, and for sick leave without pay. In all cases of illness, an employee is obligated to notify his immediate supervisor or other designated person. Failure to do so in a reasonable period of time may be cause for denial of sick leave for the period of absence.

(14) [(13)] Supporting evidence.

(a) An appointing authority may require an employee to supply supporting evidence in order to receive sick leave. A supervisor's or employee's certificate may be accepted, but a medical certificate may be required, signed by a licensed practitioner and certifying to the incapacity, examination, or treatment. An appointing authority shall grant sick leave when the application is supported by acceptable evidence.

(b) An appointing authority may place on sick leave an employee whose health might be jeopardized by job duties, [or] whose health might jeopardize others, or whose health prevents performance of duties and responsibilities, and who, on request, fails to produce a satisfactory medical certificate.

Section 3. Court Leave. An employee shall be entitled to leave of absence from duties during his scheduled working hours, without loss of time or pay for that amount of time necessary to comply with subpoenas by any court, or administrative agency or body of the federal or state government or any political subdivision

thereof, to serve as a juror or a witness except in cases where the employee himself or a member of his family is a party plaintiff. This leave shall include necessary travel time. If relieved from duty as a juror or witness during his normal working hours, the employee shall return to work.

Section 4. Compensatory Leave and Overtime. (1) It shall be the responsibility of the appointing authorities to administer the overtime and compensatory leave provisions of this section and the Fair Labor Standards Act. An employee who is authorized to work in excess of the prescribed hours of duty shall be granted compensatory leave on an hour-for-hour basis, subject to the provisions of the Fair Labor Standards Act and Kentucky Labor Laws. Compensatory leave may be accumulated or taken off in one-quarter (1/4) hour increments. The maximum amount of compensatory leave that may be accumulated shall be 200 hours.

(2) An employee who is transferred or otherwise changed from the jurisdiction of one agency to another shall retain his compensatory leave in the receiving agency.

(3) Upon separation from state service, employees will be paid for all unused compensatory leave at the greater of their regular hourly rate of pay or at the average regular rate of pay for the final three (3) years employment.

(4) An employee who has accrued compensatory leave shall be permitted by the appointing authority or his designee to take such time off if the use of such time does not unduly disrupt the operations of the agency. To maintain a manageable level of accumulated compensatory time and for the specific purpose of reducing an employee's compensatory leave, an appointing authority or his designee may direct an employee to take accumulated compensatory time off from work. Notice must be in writing specifying the number of hours to be taken.

(5) An employee deemed to be "nonexempt" shall be paid at one and one-half (1 1/2) times his regular hourly rate of pay for all hours worked in excess of forty (40) per week.

(6) An employee except one who is in policy making position, may, after accumulating 151 hours of compensatory leave, request that he be paid for fifty (50) hours at his regular rate of pay. An employee's leave balance shall be reduced accordingly.

(7)(a) All employees, except those who are in policy making positions, shall be paid for fifty (50) hours at their regular hourly rate of pay upon accumulating 200 hours of compensatory leave. The employee's leave balance shall be reduced accordingly.

(b) An employee in a policy making position shall be paid for all accrued compensatory leave, not to exceed 200 hours, only upon termination from the unclassified service. An employee who reverts to a position in the classified service or an employee who resigns one day and is employed the next day shall retain his accrued compensatory leave in the receiving agency unless he is appointed at a lower salary; in this case the employee has the option to be paid for his compensatory leave at the higher rate.

(8) All employees whose prescribed hours of duty are normally less than forty (40) per week and who have not exceeded the maximum amount of compensatory time shall receive compensatory leave on an hour-for-hour basis until the total hours worked in that week reaches forty (40).

(9) Compensatory leave used during the same workweek it is earned does not constitute "hours worked" for computing paid overtime.

Section 5. Military Leave. Any employee who is an active member of the United States Army Reserve, the United States Air Force Reserve, the United States Naval Reserve, the United States Marine Corps Reserve, the United States Coast Guard Reserve, the United States Public Health Service Reserve, or the Kentucky National Guard shall be relieved from his civil duties upon request therefor, to serve under orders on training duty without loss of his regular compensation for a period not to exceed ten (10) working days in any one (1) calendar year, and any such absence shall not be charged to leave. Absence in excess of this amount will be charged as annual leave, compensatory leave or leave without pay. The appointing authority may require a copy of the orders requiring the attendance of an employee before granting military leave. An appointing authority shall grant an employee entering military duty a leave of absence without pay for a period of such duty not to exceed six (6) years. All accumulated annual and compensatory leave may be paid in a lump sum, at the request of the employee, upon receiving this leave.

Section 6. Voting Leave. All employees who are eligible and registered to vote shall be allowed, upon prior request, [ample time, up to a maximum of] four (4) hours, for the purpose of voting. Such absence shall not be charged against leave. Employees who are not scheduled to work during voting hours shall not receive voting leave and shall not be entitled to compensatory leave in lieu of time off to vote. Employees who are permitted to work in lieu of voting leave shall be granted compensatory leave on an hour-for-hour basis.

Section 7. Special Leave of Absence. (1) In addition to leaves as above provided, an appointing authority may grant leave without pay for a period or periods not to exceed thirty (30) working days in any calendar year.

(2) An appointing authority, with approval of the commissioner, may grant leave of absence when requested by an employee for a period not to exceed twenty-four (24) months, with or without pay for assignment to and attendance at college, university, vocational or business school for the purpose of training in subjects related to the work of the employee and which will benefit the state service, or for other purposes that are deemed to be in the best interests of the state service.

(3) An appointing authority, with approval of the commissioner, may grant an employee a leave of absence without pay for a period not to exceed one (1) year for purposes other than specified in this regulation that are deemed in the best interest of the state.

(4) An appointing authority, with approval of the commissioner, may place an employee on leave without pay for a period not to exceed thirty (30) working days pending an investigation into allegations of employee misconduct. The employee shall be notified in writing by the appointing authority that he is being placed on leave

without pay and of the reasons therefor. If such investigation reveals no misconduct on behalf of the employee, he shall be made whole for the period of such leave and all records relating to the investigation will be purged from agency and Department of Personnel files. The appointing authority shall notify the employee in writing of the completion of the investigation and the action taken.

(5) Employees [To be] eligible for state contributions for life insurance and health benefits under the provisions of KRS Chapter 18A shall [, an employee must] have worked or been on paid leave for more than half of the work days in a month, except:

(a) When the employee is unable to work or take paid leave for more than half of the work days in a month due to a work related injury covered by workers compensation.

(b) When the employee is unable to work or take paid leave for more than half of the work days in a month due to his or immediate family member's prolonged illness or disability verified by a medical certificate signed by a licensed physician and certifying to the prolonged incapacity or illness.

Section 8. Absence Without Leave. An employee who is absent from duty without approval shall report the reason therefor to his supervisor immediately. Unauthorized and/or unreported absence shall be considered absence without leave and deduction of pay may be made for each period of such absence. Such absence may constitute grounds for disciplinary action.

COMPILER'S NOTE: The following regulation was amended by the promulgating agency and the Administrative Regulation Review Subcommittee on November 1, 1988. It was further amended by the agency and the Interim Joint Committee on State Government and became effective on November 9, 1988.

DEPARTMENT OF MILITARY AFFAIRS
(As Amended)

106 KAR 1:060. Rescue squad regulations.

RELATES TO: KRS Chapter 39
STATUTORY AUTHORITY: KRS 39.730
EFFECTIVE: November 9, 1988
NECESSITY AND FUNCTION: KRS 39.730 requires the Division of Disaster and Emergency Services to develop regulations identifying minimum equipment to be obtained by rescue squads which participate in the rescue aid program. Further, KRS 39.700-39.770 provides information about eligibility, rescue operations and funding procedures and additional information is required to assist squads and to ensure uniformity and fairness in the administration of the program.

Section 1. KRS 39.730 sets forth eligibility requirements for rescue squads applying for grants. All requirements shall apply to applicants for the first grant and subsequent grants under this statute except that squads shall not be required to meet the 168 man-hour training requirement until July 1, 1989.

Section 2. KRS 39.730 requires rescue squads to be formally affiliated with the local disaster and emergency services organization. In those cases where the local disaster and emergency services organization does not meet minimum requirements established for participation in the state supplementary fund program, whether the organization actually receives funds or not, it shall be determined that the local organization is inactive and that affiliation is impossible.

Section 3. KRS 39.720 requires each local disaster and emergency services director to submit requests for funding initiated by the chief officer of each rescue squad. In counties with more than one (1) squad applying for funds, the director shall, after consulting with squad representatives and the county judge/executive, submit with the application a memorandum or letter enumerating comprehensive priorities for the jurisdiction.

Section 4. Each rescue squad which applies for rescue aid funds shall use DES Form 107, which is hereby adopted by reference, which shall be provided by the state Division of Disaster and Emergency Services. All sections of the form shall be properly completed before the advisory committee established under KRS 39.720 may consider the application. The committee may require additional information when such information may aid in the review process.

Section 5. The executive director of disaster and emergency services shall approve grants for equipment specified as basic minimum equipment for each qualifying squad before approving funds for any other equipment unless, in his judgment, justification for such optional equipment is so extraordinary that it merits an exemption from the requirement. All such exemptions shall be made in writing.

Section 6. The executive director of disaster and emergency services may recognize squads which provide one (1) or more "specialized" rescue services. He may do so only after determining that there is a need for such services and that the need is not being met by existing resources. Any local disaster and emergency services director, rescue squad member, or individual interested in establishing a specialized squad may propose that a service be recognized and may subsequently negotiate a basic minimum equipment list for that specialty.

Section 7. The basic minimum equipment list for general purpose rescue squads shall be:

12 pair gloves, canvas or leather
12 pair of safety goggles
12 fire or squad coats
2 self-contained breathing apparatus, 30 minute capacity, with spare tank (NIOSH [(OSHA] approved)

KENTUCKY PAROLE BOARD
(As Amended)

501 KAR 1:030. Determining parole eligibility.

RELATES TO: KRS 439.340
STATUTORY AUTHORITY: KRS 439.340(3)
NECESSITY AND FUNCTION: KRS 439.340 requires the Kentucky Parole Board to adopt regulations with respect to eligibility of prisoners for parole. This regulation establishes the criteria for determining parole eligibility.

Section 1. Definitions. As used in these regulations, unless the content otherwise requires:
(1) "Board" is the Kentucky Parole Board or a quorum thereof.
(2) "Quorum" is the number of members of any body who must necessarily be present in order for the body to transact business.
(3) "Panel" is anything less than a quorum.
(4) "Chairman" is the chief administrative officer of the board as described in KRS 439.320(2), appointed by the Governor to direct the operations of the board and to fulfill the functions established by law for such position.
(5) "Detainer" is a document issued or made by a legal authority, authorizing the keeper of a prison/jail to keep in his custody the person named in the document.
(6) "Serve-out" is a decision of the board that an inmate must serve until the completion of his sentence (SOT - serve-out time).
(7) "Deferment" is a decision of the board that an inmate must serve a specific number of months before further parole consideration.
(8) "Reconsideration" is a decision to review a previous board action.
(9) "Parole recommendation" is a decision of the board that an inmate may be released from incarceration prior to the expiration of his sentence if the inmate has an approved parole plan and if the inmate has signed his parole certificate.
(10) "Parole" is the release of an inmate with a signed parole certificate to the community prior to the expiration of his sentence, subject to conditions imposed by the board and subject to its supervision. Where a court or other authority has issued a detainer against the

inmate, the board, in its discretion, may release him to answer the detainer of such court or authority.

(11) "Parole rescission" is a decision of the board to terminate or rescind an inmate's parole recommendation, before such inmate is actually released on parole.

(12) "Parole revocation" is the formal procedure by which the board may terminate or revoke a parolee's release on parole.

(13) "Preliminary hearing" is the initial hearing conducted by an administrative law judge to determine whether probable cause exists to believe a parolee has violated the conditions of his parole.

(14) "Youthful offender" is a juvenile declared as such as described in KRS 640.010.

Section 2. Statement of Content. (1) It is the intent of the Kentucky General Assembly in creating the Kentucky Parole Board that it be autonomous and in all respects functionally and administratively separate from any other state agency, except as provided in KRS 439.320(1). Consequently, the board will protect such necessary freedom from real or apparent political control, manipulation, or undue or improper influence by any person, group, or other entity of any kind.

(2) All decisions of the board regarding policy, procedures and its actions in parole matters shall be determined by simple majority vote of the members of the board, except as provided in KRS 439.320(2). Panels of the board may make recommendations to the full board where authorized.

Section 3. Administration. (1) Board structure. The composition of the board shall be as provided by law. The appointment of members of the board, the selection of its chairman, and the quorum requirements shall be those as specified by law.

(2) Information concerning the board.

(a) The board shall provide and disseminate written information concerning the functions of the Kentucky Parole Board.

(b) The board shall maintain close communication and cooperation with the Corrections Cabinet, the Governor and his staff, members and committees of the General Assembly, and other public officials, including judges, state attorney general, Commonwealth Attorney, law enforcement officials and public defenders. The board will communicate and cooperate with all public and private service agencies, including, but not limited to, agencies dealing with mental health, vocational rehabilitation, legal aid and human services.

(c) Since the board has the authority to grant parole, it welcomes the opinion of the sentencing judge, prosecuting attorney, other public officials, and private citizens concerning parole consideration.

Section 4. Parole Eligibility. (1) Initial parole review date.

(a) All persons confined to a state penal institution or county jail who have been convicted of a felony offense committed after the effective date of this regulation shall have their cases reviewed by the board (unless otherwise prohibited by statute) in accordance with the schedule set out as follows:

Sentence Being Served	Time Service Required Before First Review (Minus Jail Credit)
1 year, up to but not including 2 years	4 months
2 years, up to and including 39 years	20% of sentence received
More than 39 years, up to and including Life	8 years
Persistent Felony Offender I	10 years

For the crimes, committed on or after July 15, 1986, of murder, manslaughter I, rape I, sodomy I, assault I, kidnapping (where there is serious physical injury or death), arson I (where there is serious physical injury or death), criminal attempt, criminal solicitation, or criminal conspiracy to commit any of the previously listed capital offenses or Class A felonies which involve serious physical injury or death of the victim:

Sentences of a Number of Years	As prescribed by statute
Sentences of Life	As prescribed by statute

(b) All persons confined to a state penal institution or county jail who have been convicted of a felony offense committed on or after December 3, 1980 but prior to the effective date of this regulation shall have their cases reviewed by the board in accordance with the schedule set out as follows:

Sentence Being Served	Time Service Required Before First Review (Minus Jail Credit)
1 year, up to but not including 2 years	4 months
2 years, up to and including 39 years	20% of sentence received
More than 39 years, up to and including Life	8 years

(c) All persons confined to a state penal institution or county jail who have been convicted of a felony offense committed prior to December 3, 1980 shall have their cases reviewed by the board in accordance with the schedule set out as follows:

Sentence Being Served	Time Service Required Before First Review (Minus Jail Credit)
1 year	4 months
More than 1 year and less than 18 months	5 months
18 months up to and including 2 years	6 months
More than 2 years and less than 2 1/2 years	7 months

2 1/2 years up to 3 years	8 months
3 years	10 months
More than 3 years, up to and including 9 years	1 year
More than 9 years, up to and including 15 years	2 years
More than 15 years, up to and including 21 years	4 years
More than 21 years, up to and including Life	6 years

Parole eligibility on those individuals serving multiple sentences, one (1) or more of the crimes which resulted in the convictions committed under Section 4(b) or (c) of this regulation and one (1) or more committed under Section 4(a) of this regulation, will be calculated by applying the parole eligibility criteria in effect at the time the most recent crime was committed.

(d) After the initial review for parole, subsequent review, so long as confinement continues, shall be at the discretion of the board; except maximum deferment given at any one time shall not exceed the minimum parole eligibility for a life sentence as established by statute. The board reserves the right to order a serve-out on any sentence.

(e) A sentence on conviction of a felony imposed upon a confined prisoner for a crime committed prior to the date of his instant commitment, if designated to be served consecutively, shall be added to the sentence[(s)] being served to determine eligibility for parole consideration if the inmate has not been discharged from the institution since his original admission on that institutional number. If the confined prisoner is a returned parole violator with an additional consecutive sentence then parole eligibility will be determined on the length of the new sentence only, calculated from the date of final sentencing. If the confined prisoner has been recommended for parole or given a serve-out or deferment and receives an additional sentence, running either concurrently or consecutively, parole eligibility on the new sentence will be calculated from the date of original admission on the aggregate sentences (total time to serve) and allowing jail credit on all sentences, as if he had never been seen by the board. If the additional sentence is designated to be served concurrently, he shall be considered as having started to accrue parole eligibility on the day he was committed on the first sentence.

(f) A person receiving a concurrent or consecutive sentence[(s)] for crime[(s)] committed while confined in the institution or while on escape from the institution shall not begin accruing eligibility time towards parole consideration on the latter sentence[(s)] until he has become eligible for parole on the sentence[(s)], including a life sentence, for which he was originally confined.

(g) In determining parole eligibility for an inmate who has received a sentence for an escape, the board will require, in addition to the amount of time to be served for parole eligibility on the original sentence[(s)], and the time required to be served for any crime[(s)] committed while in the institution or while on escape, the service of additional time equal to the time to be served for any additional sentence[(s)] received for such escape.

(h) If a confined prisoner receives a deferment, escapes before he meets the board next time, returns to the institution from escape but does not have a new sentence for escape, the time out on escape will be added to the deferred date to arrive at his new adjusted deferment date. However, if he later receives an escape sentence for that escape, his time will be calculated on the new sentence from the date of sentencing. A new escape sentence will wipe out the deferment.

(i) Even though an inmate has received a serve-out or deferment on his original sentence[(s)] prior to receiving an escape sentence or a sentence or sentences for crimes committed while on escape or while confined in the institution, he will automatically be brought before the board again when, and not until, he becomes eligible for parole consideration on the additional sentence(s) and the parole eligibility will be calculated from the date of sentencing on the new sentence or sentences.

(j) If an inmate has received a parole recommendation but escapes prior to being released on parole, the parole recommendation will be rescinded by the board upon receipt of an affidavit signed and submitted by the institutional parole officer of the institution from where the inmate escaped attesting to the fact that the escape has occurred. Upon return to a state institution, the inmate will be placed back before the board at its next regularly scheduled hearing at the institution where he is confined.

(k) A person who is shock probated and later returned as a shock probation violator shall be considered for parole after he has served the required time on the sentence calculated by adding on the period of time the inmate was out of the institution to his original parole eligibility date.

(l) Persons returned to the institution as a shock probation violator with a new concurrent sentence shall have separate dates of parole eligibility on each sentence computed and the inmate will be heard separately on each eligibility date. The adjusted parole eligibility date on the sentence on which he was shock probated shall be determined by adding the period of time he was out of the institution to his original parole eligibility date calculated prior to being shock probated.

(m) A person who is shock probated and later returned to the institution with a new sentence acquired while on shock probation and ordered to be served consecutively shall be eligible for a parole hearing when he has served the amount of time required to be eligible for a parole hearing required on the aggregate of the two (2) sentences. The time served toward parole eligibility prior to discharge by shock probation shall be included as part of the total period of time to be served for parole eligibility on the aggregate sentences.

(2) In keeping with the intent of the Act, the Parole Board may with the consent of the majority of the board review the case of any inmate for parole consideration prior to his

eligibility date if he qualifies for the intensive supervision program under the criteria established in conjunction with the Corrections Cabinet, or medical problems exist, as documented by the Corrections Cabinet medical doctors, or upon written request of the sentencing judge or prosecuting attorney of record. This will not be done until the reason for such action is submitted to all members in writing, along with all supporting documents, and all members will note in writing as to their desire to grant a hearing. This will then be filed in the record of the inmate in question and made a permanent part of his file in the central office of the Corrections Cabinet.

(3) The parole hearing will consist of an interview with the inmate by the board, or a panel. In instances when the inmate is too ill to appear before the board, the board may, at its discretion, appoint one (1) member to interview the inmate in the health care facility where he is confined and report back to the remaining members. In this instance, as in all cases, a majority vote by a quorum is required before action is taken.

(4) If an inmate refuses to meet the board on his scheduled hearing date, a notarized statement must be presented to this effect. A person refusing to meet the board may petition the board for reconsideration if he changes his mind.

(5) Inmates who are psychologically unstable may be deferred in absentia until they are able to meet the board if the board receives documentation from a certified psychologist or psychiatrist.

(6) The board shall schedule the initial parole hearing as follows (unless otherwise prescribed by statute):

(a) For those institutions that have hearings scheduled once per month, the inmates will be seen during the month they are eligible for parole consideration, if administratively possible.

(b) For those institutions that have hearings scheduled bimonthly, the inmates will be seen during the month eligible or one (1) month prior to the month they are eligible for parole consideration, if administratively possible.

(c) In those instances where it is not administratively possible to conduct the initial parole hearing during the month the inmate is eligible for a parole hearing, the inmate will be seen at the next available board hearing conducted at the institution where the inmate is housed.

(7) In all cases where parole is recommended, it is conditional upon continued good institutional conduct through the actual release date. If an inmate with a parole recommendation receives an institutional write-up [and/]or good time loss, the board is to be notified in writing of the institutional infraction so that the board may take further action as needed.

Section 5. Board Criteria for Granting or Denying Parole. (1) Before granting or denying parole, the board shall apply any or all of the following factors to each inmate:

(a) Current offense - seriousness, violence involved, firearm used;

(b) Prior record;

(c) Institutional adjustment and conduct - disciplinary reports, loss of good time, work and program involvement;

(d) Attitude toward authority - before incarceration, during incarceration;

(e) History of alcohol or drug involvement;

(f) History of prior probation, shock probation or parole violations;

(g) Education and job skills;

(h) Employment history;

(i) Emotional stability;

(j) Mental capacities;

(k) Terminal illness;

(l) History of deviant behavior;

(m) Official and community attitudes toward accepting inmate back in the county of conviction;

(n) Victim impact statements and[/or] victim impact hearings;

(o) Review of parole plan - housing, employment, need for community treatment and follow-up resources;

(p) Any other factors involved that would relate to the inmate's needs and the safety of the public.

(2) During this process, the board may rescind a parole recommendation or reconsider a parole denial.

Section 6. Youthful Offender. (1) Youthful offenders are subject to the jurisdiction of the Kentucky Parole Board as described in KRS 640.080.

(2) The Cabinet for Human Resources and[/or] the Corrections Cabinet shall provide the Parole Board with all necessary records to conduct a hearing as described in KRS 640.100.

(3) Youthful offenders shall be subject to all sections of the Kentucky Parole Board regulations as applicable.

(4) Youthful offenders housed by the Cabinet for Human Resources shall have a hearing at a site agreed upon by that cabinet and the Parole Board.

(5) All youthful offenders housed by the Corrections Cabinet shall have a hearing at a site determined by the Parole Board.

(6) Administrative law judges shall hold preliminary revocation hearings at facilities out of sight and sound of adult inmates.

(7) Final revocation hearings for youthful offenders shall be held at a site agreed upon by the Cabinet for Human Resources and the Kentucky Parole Board or the Central Office of the Parole Board.

(8) Special hearings for youthful offenders will be held in central office.

Section 7. Conditions of Parole. (1) The general conditions are as follows:

(a) The parolee shall report to his parole officer immediately upon arrival at his destination and submit in writing once a month, or more often if directed by the officer, a report on forms prescribed by the Division of Probation and Parole.

(b) The parolee shall permit his parole officer to visit his home and place of employment at any time.

(c) The parolee shall not indulge in the use of nonprescribed controlled substances.

(d) The parolee shall work regularly and support his legal dependents. When unemployed, he shall report this fact to his officer and make every attempt to obtain other employment.

(e) The parolee shall not associate with a convicted felon except for legitimate purposes,

including but not limited to family, residential, occupational or treatment purposes.

(f) The parolee shall not visit with inmates of penal institutions without permission of his parole officer.

(g) The parolee shall not leave the state, district, residence or place of employment without written permission of his parole officer.

(h) The parolee shall not be permitted to purchase, own or have in his possession a firearm or other weapon. Purchase of a firearm by a person who has been convicted of a felony is a violation of federal law.

(i) The parolee shall not violate any law or city ordinance of this state or any other state or of the United States.

(j) The parolee shall not falsify any report to his parole officer including his monthly report.

(k) The parolee does not have the right to register for voting purposes and cannot hold office; should he register or reregister prior to restoration of civil rights, he will be in violation of the law which carries a maximum penalty of five (5) years in prison.

(l) The parolee shall comply with all rules and regulations prescribed by the Division of Probation and Parole and special instructions of his parole officer.

(m) The parolee shall pay a supervision fee unless expressly waived by the Parole Board.

(2) Special conditions of parole may be added in individual cases at the discretion of the Parole Board.

WORKERS' COMPENSATION BOARD
Department of Workers' Claims
(As Amended)

803 KAR 25:025. Joint self-insurers.

RELATES TO: KRS 342.350
STATUTORY AUTHORITY: KRS 342.350
NECESSITY AND FUNCTION: This regulation establishes the procedure and minimum requirements through which groups of employers may join together to self-insure their workers' compensation liability.

Section 1. Definitions. (1) "Group members" means employers who form a self-insurance group and who have common ownership, common interests or both.

(2) "Common ownership" means two (2) or more entities with more than fifty (50) percent common ownership. For the purpose of creating a group of self-insured employers and certification thereof as such under this regulation, all group member employers having more than fifty (50) percent common ownership shall constitute one (1) group member employer.

(3) "Common interests" means two (2) or more entities that are members of a bona fide trade association or are engaging in similar activities and with similar worker's compensation risks.

(4) "Manual premium" means the premium produced by using applicable manual rates, manual classifications and payrolls without regard to premium discounts and experience modifications.

(5) "Normal premium" means the premium produced by the application of a percentage to the manual premium. This percentage shall be agreed upon by the trustees and the excess insurers, and shall be based upon the actual past and anticipated future premiums and losses of the group members.

(6) "Aggregate excess insurance" means an insurance policy which covers statutory claims in excess of a certain percentage of the normal premium subject to a maximum dollar amount and is written on the basis of claims incurred during the policy period. ["Statutory claims" means all occurrences taking place within the liability period of the aggregate excess insurance policy for which liability is or may be imposed on an employer under KRS Chapter 342.]

(7) "Specific excess insurance" means an insurance policy which covers the amount of any claim from any one (1) occurrence involving one (1) or more employees in the same accident or occurrence in excess of a specified dollar amount subject to a maximum dollar amount.

(8) "Loss fund" means the amount of the total retained liability for claims by the group members as set forth in the aggregate excess insurance policy.

(9) "Self-insurance fund" means the loss fund together with all other expenses of the group related to the self-insurance program, including aggregate and specific excess insurance, servicing organization fees, bonds, related taxes and other reasonable and necessary expenses.

(10) "Assessments" means charges to group members to sustain the self-insurance fund.

(11) "Surplus funds" means monies in the self-insurance fund resulting from investment income and resulting from earned premiums in excess of all losses and other costs for the period in which premiums were earned, including all reserves for outstanding liabilities.

(12) "Dividends" means periodic payments to group members from surplus funds.

(13) "Trustees" means persons to be elected by the group members and/or selected by the board of directors of the association for stated terms to direct the administration of the self-insurance fund.

(14) "Fiscal agent" means a person, partnership or corporation, other than a servicing organization or employees or agents of a servicing organization, with whom the trustees enter into a contract for the receipt, investment and disbursement of the self-insurance fund.

(15) "Servicing organization" means a person, partnership or corporation with whom the trustees enter into a contract to perform one (1) or more of the following services:

(a) Adjustment of claims;

(b) Safety engineering;

(c) Purchase of excess insurance;

(d) Accumulation of statistics and the preparation of needed premium and loss reports and tax reports;

(e) Development of members, assessments and dividends;

(f) Administration of a revolving fund; and

(g) Preparation of self-insurance reports as may be required by the trustees or law.

(16) "Manual" means the manual on worker's compensation insurance as filed by the National Council on Worker's Compensation and approved by the Kentucky Department of Insurance.

(17) "Board" means the Workers' Compensation Board, Department of Workers' Claims [Labor], Commonwealth of Kentucky.

Section 2. Requirements for Group Self-insurance. (1) A group of employers must file an application and an indemnity agreement in the form prescribed by the board to become group self-insurers. Such application must be filed not later than thirty (30) days prior to the proposed inception date of the self-insurance program. The indemnity agreement shall jointly and severally bind the group and each member thereof to comply with the provisions of the Kentucky Workers' Compensation Act, the rules and regulations of the board, and the decision of the trustees for operation of the group fund.

(2) Applicants must either meet the requirements of common ownership or common interests, or both. The liability of [no] one group member shall not [may] exceed sixty (60) percent of the assessment [normal premium] nor sixty (60) percent of the liabilities of the group.

(3) Group members must have a total estimated annual normal premium of not less than $100,000. The total group must have a combined net worth of not less than $500,000 as shown by sworn statements by the owners or officers of each group member. Statements need not be certified, but must have been prepared by a certified public accountant.

Section 3. New Members. New members of a group must meet all the requirements of an original member.

Section 4. Withdrawals. (1) Members of a group. In order to withdraw from a self-insurance group a member must give sixty (60) days notice to the trustees and the board, must receive written acknowledgment from the trustees, and is not entitled to receive any dividends for at least two (2) years after the effective date of its withdrawal.

(2) Entire group. Should a group determine to withdraw from its self-insurance program, the trustees must give thirty (30) days notice to the board and to each of the group members by certified mail and may pay no dividends without the specific written approval of the board for at least three (3) years following the close of each self-insurance year during which it operated. It must also show the board that it has made satisfactory arrangements for the continued payment and servicing of all outstanding claims.

Section 5. Trustees; Duties. (1) Trustees shall consist of not less than three (3) nor more than seven (7) persons, none of whom are to be officers, employees or agents of a servicing organization. The trustees shall have the authority to administer the operations of the self-insurance fund.

(2) The trustees on behalf of the group members shall be responsible for the assessment and collection of all funds from the group members for the self-insurance fund, and for the disbursements of all funds in accordance with written agreements between the trustees and all group members. Such disbursements shall include the payment of claims, or payments into a revolving fund from which such claim payments shall be made, payments of insurance and bond premiums, payment of fees under agreements with servicing organizations and fiscal agents, payment of dividends to members, payment of self-insurance taxes and payment of all other expenses which may be reasonable and necessary.

(a) The trustees may contract with a fiscal agent and/or servicing organization to perform these functions.

(b) A revolving fund of not more than twenty (20) percent of estimated annual normal premiums may be established for the use by a servicing organization for the payment of claims.

(3) The trustees may perform, if qualified, any or all of the functions of a servicing organization or may contract with a servicing organization to perform these functions.

(a) A servicing organization must be qualified to perform the functions that it contracts to perform. Its employees and/or agents must be duly licensed to perform those functions for which a license is required under Kentucky law.

(b) Any contract with a servicing organization that includes the adjustment and settlement of claims must include a requirement that the servicing organization will adjust to final conclusion any and all claims that result from an occurrence during the period for which the contract is effective.

(c) If there is to be a revolving fund, the servicing organization must maintain a fidelity bond as required herein.

(4) Excess insurance.

(a) With the exception of group self-insurers qualified under paragraph (b) of this subsection, the trustees must purchase aggregate excess insurance for losses in excess of a percentage of the normal premium which shall be the retained liability of the group members. That retained liability and other fixed costs of the fund must not exceed 100 percent of the assessment of the group members, unless such amount over 100 percent is secured by unencumbered surplus monies of the group fund. The limit of liability of the aggregate excess insurance shall not be less than $1,000,000 or fifty (50) percent of the normal premium, whichever is higher.

(b) A group self-insured shall not be required to purchase aggregate excess insurance under the following conditions:

1. The group self-insured has been in continuous operation for at least five (5) years.

2. The group self-insured's annual normal premium has exceeded five (5) million dollars in each of the most recent three (3) policy periods.

3. The group self-insured's reserves for unpaid incurred losses and expenses and its premium structure for the current policy period have been established so as to provide adequately for the losses expected to arise from its underwritings. Proof of adherence to this requirement must be provided by way of a certified opinion expressed by a member of the American Academy of Actuaries in conjunction with an actuarial study of both of the above items, and shall include the elements considered in expressing the foregoing opinion. The study must include or be accompanied by a statement by the actuary that the reserve funding and premium schedule as set forth in the study and adopted

by the fund are reasonable and have been established using generally accepted actuarial principles. The group self-insured may select the actuary to perform this study; however, such selection must be made from a group of actuaries or actuarial firms approved by the board. This list will be made available by the board upon request.

(c) [(b)] The trustees shall purchase specific excess insurance with a limit of at least $2,000,000 [1,000,000] per occurrence.

(d) [(c)] Contracts for excess insurance. Any casualty insurance company, to be eligible to write excess liability coverage for self-insurers in the State of Kentucky, shall at all times, in its financial statement on file with the Insurance Commissioner, show assets, including surplus to policy holders, at least equal to the latest Insurance Department requirements for admission of a new company to do business in the state. The financial and policyholder's ratings, as shown in the most current issue of "Best's Insurance Reports, Property-Liability," shall not be less than "IX" and "A," or "XII" and "B+" respectively. (The ratings are to be read separately, i.e., a rating of "X" and "B+" is not acceptable.) If, upon the publishing of "Best's" the company does not have a minimum rating of "A" policyholder's and "IX" financial or "B+" policyholders and "XII" financial, then the authorization for the company to write excess coverages shall be withdrawn immediately. In the event a company is not rated by "Best's", that company may be approved at the discretion of the board.

(5) Fund balances.

(a) Not less than thirty (30) days prior to inception of each self-insurance year, the trustees must collect from its group members an amount equal to not less than twenty-five percent of the anticipated self-insurance fund for the ensuing year and must collect not less than one-third (1/3) of the remaining balance each thirty (30) days thereafter. The amount to be collected shall be based upon estimated annual assessments and shall be adjusted each year accordingly. The assessment to each member shall bear a relationship to the normal premium chargeable to that member.

(b) Disbursements from the fund shall be only for those purposes related to the self-insurance program. Dividends may not be paid for at least twenty-four (24) months after the expiration of the self-insurance term and may be paid only from surplus funds. The distribution of dividends between members shall be based upon a formula which may or may not reflect any individual member's claim experience. Additional dividends may be paid periodically thereafter from surplus funds.

(c) The formula to be used for assessments and for the distribution of dividends shall be in accordance with a written agreement between all members of the group.

(d) The trustees or its fiscal agent shall not utilize any of the monies collected as premiums for any purpose unrelated to worker's compensation. Further, it shall be prohibited from borrowing any monies from the fund. The trustees may, at their discretion, invest any surplus monies not needed for current obligations, but such investments shall be limited to U.S. Government bonds, U.S. Treasury notes, investment share accounts in any savings and loan association whose deposits are insured by a federal agency, and certificates of deposit if issued by a duly chartered commercial bank. Such deposits in savings and loan associations and commercial banks shall be limited to institutions in the state of Kentucky and the safety of any investments which exceed the federally insured amounts shall be the responsibility of the trustees.

(e) Any variation from the requirements set forth in this subsection must be specifically authorized by a written order of the board.

(6) Group members.

(a) The trustees shall not accept as a member of the group, any employer that does not have a net worth of at least two (2) times its estimated annual assessment, unless such employer pays its full annual assessment in advance. The trustees shall not accept as a member of the group any employer that does not meet all other qualifications for being a member of the group as set forth in the bylaws of the group.

(b) At the discretion of the trustees, the self-insurance program may include the Kentucky employees of foreign (out-of-state) employers.

(c) The trustees may suspend or expel any member from the group due to adverse claims experience and/or lack of cooperation with safety and loss prevention policies by giving the member and the board thirty (30) days notice.

(d) The trustees shall secure from each member of the group within forty-five (45) days of the close of the self-insurance year a report of actual payrolls for the year and shall produce from such report a premium adjustment. The trustees shall secure from each member an agreement to report such payrolls in accordance with the rules and classifications of the manual. Willful failure to properly report in accordance with such rules may result in immediate expulsion from the group. Such expulsion shall be reported to the board.

(e) At least thirty (30) days prior to due date, the trustees shall notify each group member of all assessments due, including annual adjustments, and failure by any member to pay such assessments within thirty (30) days if such notice may, at the discretion of the trustees, result in immediate suspension or expulsion from the group.

(7) Reports.

(a) The trustees shall utilize the services of a certified public accountant and shall file a certified audit each year with the board within 180 days of the end of the self-insured term.

(b) Within 120 days of the end of each self-insurance term, the trustees shall furnish group members a statement setting forth all premiums, losses and expenses and the allocation of assessments and the distribution of dividends among its members.

(c) The trustees shall file such additional reports as may be required by appropriate agencies of the Commonwealth.

(8) Bonds.

(a) The trustees and fund administrators shall provide a fidelity bond to the board in the amount of not less than $300,000 [$100,000], which may be subject to a deductible of not exceeding $10,000, for each trustee and for each fund administrator and the administrator's employees.

(b) The fiscal agent shall provide a fidelity bond to the trustees for not less than fifty (50) percent or $1,000,000, whichever is the

lower, of the funds to be handled by the fiscal agent. This requirement shall be waived if the fiscal agent is a national bank.

(c) The servicing organization shall provide a fidelity bond to the trustees of not less than two (2) times the amount of the revolving fund.

(d) In lieu of the bonds required under paragraphs (a), (b) and (c) of this subsection, the trustees may secure a fidelity blanket bond in an amount not less than fifty (50) percent of the self-insurance fund or $2,000,000 [1,000,000], whichever is the lower; said bonds to include the trustees, personnel of the servicing organization and the fiscal agent, unless the fiscal agent is a national bank.

(e) The fund must provide [a self-insurance] surety [bond] to the board on a form prescribed by the board in an amount not less than $250,000 or five (5) percent of the annual normal premium as established in the most recent certified audit on file with the board, whichever is higher [not less than seventy-five (75) percent of the aggregate reinsurance retention level] [annual normal premium, but not exceeding $250,000].

(f) Any corporate surety, to be eligible for writing self-insurers' bonds in the state of Kentucky, shall be authorized by the insurance commissioner of the state of Kentucky to transact such a business in the state, and its latest financial statement on file with the insurance commissioner shall at all times show assets, including surplus to policyholders, at least equal to the latest Insurance Department requirements for admission of a new company to do business in the state. The policyholders' and financial ratings, as shown in the most current issue of "Best's Insurance Reports, Property-Liability," shall not be less than "B+" and "XII," or "A" and "IX," respectively. (The ratings are to be read separately, i.e., a rating of "X" and "B+" is not acceptable.) In the event a company is not rated by "Best's," a corporate surety may be approved at the discretion of the board. No surety shall expose itself to any loss on any one (1) risk in an amount exceeding its current U.S. Treasury limit.

(9) The group shall be considered as an individual employer for all purposes of taxation and the individual members of said groups shall not be exposed to tax liability other than liability existing as a result of the interindemnity agreement with the other group members and the self-insurance fund.

COMPILER'S NOTE: The following two regulations were amended by the promulgating agency and the Administrative Regulations Review Subcommittee on November 1, 1988.

CABINET FOR HUMAN RESOURCES
Department for Social Insurance
(As Amended)

904 KAR 3:060. Administrative disqualification hearings and penalties.

RELATES TO: KRS 194.050
STATUTORY AUTHORITY: KRS 194.050, 7 CFR Part 270 through 280
NECESSITY AND FUNCTION: The Cabinet for Human Resources has responsibility to administer a Food Stamp Program as prescribed by the Food Stamp Act of 1977, as amended and 7 CFR Part 270 through 280. KRS 194.050 provides that the secretary shall, by regulation, develop policies and operate programs concerned with the welfare of the citizens of the Commonwealth. This regulation sets forth the procedures used by the cabinet to determine when an act of intentional program violation has occurred and appropriate penalties which shall be applied.

Section 1. Administrative Disqualification Hearings. An administrative disqualification hearing shall [should] be initiated by the cabinet whenever it has documented evidence to prove that a household member has committed an act of intentional program violation. An administrative disqualification hearing may be initiated regardless of the current eligibility of the individual. For purposes of determining if an act of intentional program violation, as defined in 7 CFR 273.16(c), has been committed, the [said] act shall consist of having intentionally:

(1) Made a false or misleading statement, or misrepresented, concealed, or withheld facts; or

(2) Committed any act that constitutes a violation of the Food Stamp Act, the food stamp regulations, or any state statute relating to the use, presentation, transfer, acquisition, receipt, or possession of food stamp coupons or ATP's.

Section 2. Disqualification Hearing Procedures. The cabinet shall [will] provide state level administrative disqualification hearings in accordance with 7 CFR 273.16(e) which shall [will] be heard by the fair hearing officials. Hearings shall be conducted by an impartial official(s) who did not have any personal stake or involvement in the case, who was not directly involved in the initial determination that the household member had committed intentional program violation, and was not the immediate supervisor of the case worker who took the action.

(1) The powers and duties of the hearing official shall be the same as those specified in 904 KAR 3:070, Section 12.

(2) The household's rights during the hearing shall be the same as those specified in 904 KAR 3:070, Section 13.

(3) The hearing decision shall comply with provisions specified in 904 KAR 3:070, Section 14(1).

(4) At the hearing, the hearing official shall advise the household member or representative that they may refuse to answer questions during the hearing.

(5) Within ninety (90) days of the date the household member is notified in writing that a hearing has been scheduled, the cabinet shall conduct the hearing, arrive at a decision and notify the household member of the decision. The household member or representative is entitled to one (1) postponement not to exceed thirty (30) days, provided that the request is made at least ten (10) days in advance of the date of the scheduled hearing. If a hearing is postponed, the above time limits shall be extended for as many days as the hearing is postponed.

Section 3. Advance Notice of Disqualification Hearing. The cabinet shall provide written notice to the household member suspected of intentional program violation at least thirty (30) days in advance of the date a hearing initiated by the cabinet has been scheduled. The notice shall be sent certified mail - addressee only - return receipt requested and shall contain:

(1) The date, time, and place of the hearing;

(2) The charge(s) against the household member;

(3) A summary of the evidence, and how and where the evidence may [can] be examined;

(4) A warning that the decision shall [will] be based solely on information provided by the Food Stamp Office if the household member fails to appear at the hearing;

(5) A statement that the household member or representative shall [will] have ten (10) days from the date of the scheduled hearing to present good cause for failure to appear;
(6) A warning that a determination of intentional program violation shall [will] result in a six (6) month disqualification for the first violation, a twelve (12) month disqualification for a second violation, and permanent disqualification for the third violation, and a statement of which penalty is applicable to the case scheduled for a hearing;
(7) A listing of the household member's rights as contained in 904 KAR 3:070, Section 13;
(8) A statement that the hearing shall [does] not preclude the state or federal government from prosecuting the household member for intentional program violation in a civil or criminal court action, or from collecting the overissuance;
(9) A statement advising a household member, if there are individuals or organizations which provide free legal representation, of the availability of this service.

Section 4. Scheduling the Disqualification Hearing. The time and place of the hearing shall be arranged so that the hearing is accessible to the household member suspected of intentional program violation. If the household member or its representative does not appear for the hearing, the state agency shall determine whether proper advance notice was received by the household member. If there is no proof that the household member received or refused a timely notice of the hearing, the hearing shall not be conducted. The claim is annotated in the following manner: Order to Remove from Docket. The hearing process is again initiated when the household member is located and another notice can be provided to that member. [and it shall be dismissed without prejudice.] However, when the agency has sufficient evidence to verify that the household member either received or refused such notice, the hearing shall be conducted. [If the household member or its representative cannot be located or fails to appear at a hearing initiated by the cabinet without good cause, the hearing shall be conducted without the household member being represented.] Even though the household member is not represented, the hearing official is required to carefully consider the evidence and determine if intentional program violation was committed based on clear and convincing evidence. If the household member is found to have committed an intentional program violation but a hearing official later determined that the household member or representative had good cause as defined in 904 KAR 3:070, Section 9, for not appearing, the previous decision shall no longer remain valid and the cabinet shall conduct a new hearing. The hearing official who originally ruled on the case may conduct the new hearing. The household member shall have [has] ten (10) days from the date of the scheduled hearing to present reasons indicating a good cause for failure to appear. A hearing official must enter the good cause decision into the record.

Section 5. Participation while Awaiting a Disqualification Hearing. A pending hearing shall not affect the individual's or the household's right to be certified and participate in the program. Since the cabinet cannot disqualify a household member for intentional program violation until the hearing official or a court of appropriate jurisdiction finds that the individual has committed intentional program violation or the individual has signed a waiver of right to an administrative disqualification hearing, or the individual has signed a disqualification consent agreement, the cabinet shall determine the eligibility and benefit level of the household in the same manner it would be determined for any other household.

Section 6. Disqualification Hearing Decision. The hearing official shall base the determination of intentional program violation on clear and convincing evidence which demonstrates that the household member(s) committed and intended to commit intentional program violation as defined in Section 1 of this regulation. Decisions of the hearing official shall specify the reasons for the decision, identify the supporting evidence, identify the pertinent handbook section and corresponding FNS regulation and respond to reasoned arguments made by the household member or representative. An official report containing the substance of what transpired at the hearing, together with all papers and requests filed in the hearing proceeding, shall be retained by the cabinet. This record shall also be available to the household or its representative during work hours for copying and inspection.

Section 7. Notification of Disqualification Hearing Decisions. The cabinet shall notify the household member in writing of hearing decisions as specified below:
(1) If the hearing finds that the household member did not commit intentional program violation, the cabinet shall provide a written notice which informs the household member of the decision.
(2) If the hearing finds that the household member committed intentional program violation, the cabinet shall provide written notice to the household member. This notice shall be provided prior to disqualification. The notice shall inform the household member of the disqualification and when the disqualification will take effect. If the individual is no longer participating, the notice shall inform the individual that the period of disqualification will be deferred until such time as the individual again applies for and is determined eligible for program benefits. A list of the household member's rights shall also be printed on the notice of the hearing decision. A notice shall also be provided to the remaining household members, if any, informing them of the allotment they will receive during the disqualification period or that they may [must] reapply because their certification period has expired. A written demand letter shall also be sent to the remaining household members explaining the repayment requirements.

Section 8. Waiver Disqualification Hearings. Individuals accused of intentional program violation shall be allowed to waive their rights to an administrative disqualification hearing and shall be handled in accordance with 7 CFR 273.16(f).

Section 9. Deferred Adjudication. Individuals accused of intentional program violation shall be allowed to sign disqualification consent agreements in cases of deferred adjudication and shall be handled in accordance with 7 CFR 273.16(h).

Section 10. Intentional Program Violation Disqualification Penalties. Individuals found through an administrative disqualification hearing to have committed an intentional program violation, or individuals who have signed a waiver of right to an administrative disqualification hearing, or individuals who have signed a disqualification consent agreement, or individuals found guilty by a court of appropriate jurisdiction shall be ineligible to participate for six (6) months for the first violation, twelve (12) months for the second violation, or permanently for the third violation. The disqualification period for a nonparticipant shall be deferred until such time as he[/she] applies for and is determined eligible for program benefits. Once a disqualification period is imposed, it shall continue uninterrupted, regardless of any subsequent determinations of eligibility/ineligibility of the disqualified member's household. Court ordered disqualifications may be imposed separate and apart from any action taken by the cabinet. In cases where the determination of intentional program violation is reversed by a court, the cabinet shall reinstate the individual, if eligible, and restore any benefits that were lost as a result of the disqualification. Individuals found guilty of intentional program violation by a court of appropriate jurisdiction shall be disqualified for the period of time specified by that court. If the court fails to specify or address a disqualification period for the intentional program violation, the cabinet shall impose a disqualification period consistent with the time periods set forth in this section and in accordance with 7 CFR 273.16(g)(2). The cabinet shall disqualify only the individual convicted of intentional program violation and not the entire household. The remaining household members shall agree to make restitution within thirty (30) days of the date the cabinet's demand letter is mailed, in accordance with established procedures for cash or coupon repayment. If the household does not agree to make restitution or after having agreed to make restitution fails to do so, allotment reduction shall be imposed on the household's monthly allotment. The cabinet shall inform the household in writing of the disqualification penalties for committing intentional program violation at each time it applies for benefits.

Section 11. Appeal Rights of the Household. No further administrative appeal procedure exists after an administrative disqualification hearing finds that an intentional program violation was committed or an individual has waived his[/her] right to an administrative disqualification hearing. The determination of intentional program violation made by a disqualification hearing official shall not [cannot] be reversed by a subsequent fair hearing decision. The household member, however, is entitled to seek relief in a court having appropriate jurisdiction. The period of disqualification may be subject to stay by a court of appropriate jurisdiction or other injunctive remedy.

Section 12. The provisions contained in this regulation shall become effective, in accordance with 272.1(g), September 1, 1988 [April 1, 1983].

CABINET FOR HUMAN RESOURCES
Department for Medicaid Services
(As Amended)

907 KAR 1:036. Amounts payable for skilled nursing and intermediate care facility services.

RELATES TO: KRS 205.520
STATUTORY AUTHORITY: KRS 194.050
NECESSITY AND FUNCTION: The Cabinet for Human Resources has responsibility to administer the program of Medical Assistance in accordance with Title XIX of the Social Security Act. KRS 205.520 empowers the cabinet, by regulation, to comply with any requirement that may be imposed, or opportunity presented, by federal law for the provision of medical assistance to Kentucky's indigent citizenry. This regulation sets forth the method for determining amounts payable by the cabinet for skilled nursing care facility services and intermediate care facility services.

Section 1. Definitions. For purpose of Sections 2 through 6 of this regulation, the following definitions shall prevail unless the specific context dictates otherwise:

(1) "Allowable cost" means that portion of the facility's cost which may be allowed by the cabinet in establishing the reimbursement rate. Generally, cost is considered allowable if the item of supply or service is necessary for the provision of the appropriate level of patient care and the cost incurred by the facility is within cost limits established by the cabinet, i.e., the allowable cost is "reasonable."

(2) "Ancillary services" means those direct services for which a separate charge is customarily made, and which except for ventilator therapy services are retrospectively settled on the basis of reasonable allowable cost at the end of the facilities' fiscal year. Ancillary services are limited to the following:

(a) Legend and nonlegend drugs, including indwelling urethral catheters and syringes, and irrigation supplies and solutions utilized with those catheters regardless of how those supplies and solutions are utilized. Coverage and allowable cost payment limitations are specified in the cabinet's regulation on payment for drugs.

(b) Physical, occupational and speech therapy.

(c) Laboratory procedures.

(d) X-ray.

(e) Oxygen and other related oxygen supplies.

(f) Respiratory therapy (excluding the routine administration of oxygen) effective September 1, 1988.

(g) Psychological and psychiatric therapy (for intermediate care facilities for the mentally retarded only).

(h) Ventilator therapy services, subject to the coverage limitations shown in the reimbursement manual.

(i) Disposable and reusable incontinent

briefs, reusable briefs with disposable liners, and disposable or reusable underpads when ordered by a physician.

(3) "Hospital based skilled nursing facilities" means those skilled nursing facilities so classified by Title XVIII-A.

(4) The "basic per diem cost" is the computed rate arrived at when otherwise allowable costs are trended and adjusted in accordance with the inflation factor, the occupancy factor, and the median cost center per diem upper limits.

(5) "Inflation factor" means the comparison of allowable routine service costs, not including fixed or capital costs, with an inflation rate to arrive at projected current year cost increases, which when added to allowable costs, including fixed or capital costs, yields projected current year allowable costs. The inflation factor shall be included for rates computed on August 3, 1985, and thereafter.

(6) "Incentive factor" means the comparison of the basic per diem cost with the incentive return schedule to arrive at the actual dollar amount of cost containment incentive return to be added to the basic per diem cost.

(7) "Investment factor" means the comparison of the basic per diem cost with the investment return schedule to arrive at the actual dollar amount of investment return to be added to the basic per diem cost.

(8) "Maximum allowable cost" means the maximum amount which may be allowed to a facility as reasonable cost for provision of an item of supply or service while complying with limitations expressed in related federal or state regulations.

(9) "Maximum payment" means the maximum amount the cabinet will reimburse, on a facility by facility basis, for routine services.

(10) "Occupancy factor" means the imposition of an assumed level of occupancy used in computing unadjusted basic per diem rates.

(11) "Prospective rate" means a payment rate of return for routine services based on allowable costs and other factors, and includes the understanding that except as specified such prospective rate shall not be retroactively adjusted, either in favor of the facility or the cabinet.

(12) "Routine services" means the regular room, dietary, medical social services, nursing services, minor medical and surgical supplies, and the use of equipment and facilities. Routine services include but are not limited to the following:

(a) All general nursing services, including administration of oxygen and related medications, handfeeding, incontinency care and tray services.

(b) Items which are furnished routinely and relatively uniformly to all patients, such as patient gowns, water pitchers, basins and bed pans. Personal items such as paper tissues, deodorants, and mouthwashes are allowable as routine services if generally furnished to all patients.

(c) Items stocked at nursing stations or on the floor in gross supply and distributed or utilized individually in small quantities, such as alcohol, applicators, cotton balls, band-aids and tongue depressors.

(d) Items which are utilized by individual patients but which are reusable and expected to be available in an institution providing a skilled nursing or intermediate care facility level of care, such as ice bags, bed rails, canes, crutches, walkers, wheelchairs, traction equipment, and other durable medical equipment.

(e) Laundry services including personal clothing to the extent it is the normal attire for everyday facility use, but excluding dry cleaning costs.

(f) Other items or services generally available or needed within a facility unless specifically identified as ancillary services. (Items excluded from reimbursement include private duty nursing services and ambulance services costs.)

(13) For disposable briefs, reusable briefs, reusable briefs with disposable liners, and disposable or reusable underpads provided upon a physician's orders, the per unit product cost in excess of twenty (20) cents, but not in excess of forty (40) cents, shall be considered ancillary cost, with other cost for such products (including all laundry cost) to be considered routine cost. The first six (6) dollars and fifty (50) cents of cost per catheter for indwelling urethral catheters (excluding specialty purpose catheters) shall be considered as allowable ancillary cost with any balance of cost to be considered as allowable routine cost. Indwelling urethral special purpose catheters will be reimbursable as an ancillary at full allowable cost when ordered by a physician.

Section 2. [1.] Reimbursement for Skilled Nursing and Intermediate Care Facilities. All skilled nursing facilities (SNFs) or intermediate care facilities (ICFs) participating in the Title XIX program shall be reimbursed in accordance with this regulation. Payments made shall be in accordance with the requirements set forth in 42 CFR 447.250 through 42 CFR 447.280. A skilled nursing facility desiring to participate in Title XIX shall be required to participate in Title XVIII-A.

Section 3. [2.] Basic Principles of Reimbursement. (1) Payment shall be on the basis of rates which are reasonable and adequate to meet the costs which are required to [must] be incurred by efficiently and economically operated facilities in order to provide care and services in conformity with applicable state and federal laws, regulations, and quality and safety standards.

(2) Payment amounts shall be arrived at by application of the reimbursement principles developed by the cabinet (Kentucky Medical Assistance Program Intermediate Care/Skilled Nursing Facility Reimbursement Manual, revised July [May] 1, 1988, as amended on November 1, 1988 which is hereby incorporated by reference) and supplemented by the use of the Title XVIII-A reimbursement principles. The Kentucky Medical Assistance Program Intermediate Care/Skilled Nursing Facility Reimbursement Manual may be reviewed during regular working hours (8 a.m. to 4:30 p.m.) in the Office of the Commissioner, Department for Medicaid Services, 275 East Main Street, Frankfort, Kentucky 40621. Copies may also be obtained from that office.

Section 4. [3.] Implementation of the Payment System. The cabinet's reimbursement system is supported by the Title XVIII-A Principles of Reimbursement, with the system utilizing such principles as guidelines in unaddressed policy

areas. The cabinet's reimbursement system includes the following specific policies, components or principles:

(1) Prospective payment rates for routine services shall be set by the cabinet on a facility by facility basis, and shall not be subject to retroactive adjustment except as specified in this section, including the provisions contained in subsections (14) and (15) of this section. Prospective rates shall be set annually, and may be revised on an interim basis in accordance with procedures set by the cabinet. An adjustment to the prospective rate (subject to the maximum payment for that type of facility) will be considered only if a facility's increased costs are attributable to one (1) of the following reasons: governmentally imposed minimum wage increases; the direct effect of new licensure requirements or new interpretations of existing requirements by the appropriate governmental agency as issued in regulation or written policy which affects all facilities within the class; or other governmental actions that result in an unforeseen cost increase. The amount of any prospective rate adjustment shall [may] not exceed that amount by which the cost increase resulting directly from the governmental action exceeds on an annualized basis the inflation allowance amount included in the prospective rate for the general cost area in which the increase occurs. For purposes of this determination, costs will be classified into two (2) general areas, salaries and other. The effective date of interim rate adjustment shall be the first day of the month in which the adjustment is requested or in which the cost increase occurred, whichever is later.

(2) The prospective rate shall not exceed, on a facility by facility basis, an administratively established maximum payment for that type of facility. The state will set a uniform rate year for SNFs and ICFs (July 1 - June 30) by taking the latest audited cost data available as of May 16 of each year and trending the facility costs to July 1 of the rate year. (Unaudited, partial year, [and/]or budgeted cost data may be used if a full year's audited data is unavailable. Unaudited reports are subject to adjustment to the audited amount, and will be used when an audited cost report ending within twenty-four (24) months of the 30th of April preceding the rate year is not available. Facilities paid on the basis of partial year or budgeted cost reports shall have their reimbursement settled back to allowable cost, with usual upper limits applied. Facilities beginning program participation on or after July 1, 1984 whose rates are subject to settlement back to cost will not be included in the arrays until such time as the facilities are no longer subject to cost settlement.) After allowable costs are indexed for inflation for the rate year, freestanding (nonhospital based) facilities will be arrayed and the maximum set at 102 percent of the median for the class (SNF or ICF). Publicly operated skilled nursing and intermediate care facilities classified as institutions for mental diseases will not be subject to the administratively set upper limit and component limitations, although such facilities will be included in the arrays for purposes of establishing the applicable upper limits. In recognition of the higher costs of hospital based SNFs, their upper limit shall be set at 135 percent of the upper limit [102 percent of the median of allowable trended and indexed costs] of all other SNFs for covered services provided on or after July 1, 1988, and at 125 percent of the upper limit of all other SNFs for covered services provided on or after January 1, 1989, and at 115 percent of the upper limit of all other SNFs for covered services provided on or after October 1, 1989, and at 105 percent of the upper limit of all other SNFs for covered services provided on or after July 1, 1990 [, however, such upper limit shall not exceed 102 percent of the median of the array of allowable trended and indexed costs of hospital based SNFs]. The maximum payment amounts will be adjusted each July 1, beginning with July 1, 1985, so that the maximum payment amount for the prospective uniform rate year will be at 102 percent of the median per diem allowable costs for the class (SNF or ICF) on July 1 of that year. For purposes of administrative ease in computations normal rounding may be used in establishing the maximum payment amount, with the maximum payment amount rounded to the nearest five (5) cents. Upon being set, the arrays and upper limits will not be altered due to revisions or corrections of data. For ICF-MRs, there is no administratively established upper limit. Effective January 1, 1987, and continuing through the rate years beginning July 1, 1987, and July 1, 1988, the allowable cost for each facility shall include a patient care labor intensity factor of two and six-tenths (2.6) percent applied to that portion of the facilities' operating costs attributable (based on averages for the class of facility) to labor costs. This allowance is generally intended for the purpose of direct service staff improvements to enhance patient care. [Effective with the rate year beginning on July 1, 1987, that portion of the facilities' operating costs attributable (based on averages for the class of facility) to labor costs shall be indexed for the rate year by a labor cost intensity factor based on the state employee annual salary increment; this indexing shall be in lieu of the usual indexing for inflation of such labor costs, however, the labor cost intensity factor shall be not less than the usual indexing factor and, if necessary, shall be increased to an amount equal to the usual indexing factor. This adjustment is designed to allow for salary and staffing improvements to improve patient care.]

(3) The reasonable direct cost of ancillary services provided by the facility as a part of total care shall be compensated on a reimbursement cost basis as an addition to the prospective rate except for ventilator therapy services which shall be paid on a prospective rate basis. Ancillary services reimbursement shall be subject to a year-end audit, retroactive adjustment and final settlement. Ancillary costs may be subject to maximum allowable cost limits under federal regulations. Any percentage reduction made in payment of current billed charges shall not exceed twenty-five (25) percent, except in the instance of individual facilities where the actual retroactive adjustment for a facility for the previous year reveals an overpayment by the cabinet exceeding twenty-five (25) percent of billed charges, or where an evaluation by the cabinet of an individual facility's current billed charges shows the charges to be in excess of average billed charges for other comparable

facilities serving the same area by more than twenty-five (25) percent. A refund will be requested from a facility if the amount paid to the facility for legend drugs, covered legend devices and nonlegend drugs, if applicable, exceeds the program's computed maximum allowable cost. The amount of refund will be determined by conducting a statistically accurate sample of the Medicaid patients for the facility's fiscal year. The percentage that a facility is over the computed maximum allowable cost will be multiplied by the amount paid by the program for drugs for the fiscal year under review.

(4) Interest expense used in setting the prospective rate is an allowable cost if permitted under Title XVIII-A principles and if it meets these additional criteria:

(a) It represents interest on long-term debt existing at the time the vendor enters the program or represents interest on any new long-term debt, the proceeds of which are used to purchase fixed assets relating to the provision of the appropriate level of care. If the debt is subject to variable interest rates found in balloon-type financing, renegotiated interest rates will be allowable. The form of indebtedness may include mortgages, bonds, notes and debentures when the principal is to be repaid over a period in excess of one (1) year; or

(b) It is other interest for working capital and operating needs that directly relates to providing patient care. The form of such indebtedness may include, but is not limited to, notes, advances and various types of receivable financing; [however, short-term interest expense on a principal amount in excess of program payments made under the prospective rate equivalent to two (2) months experience based on ninety (90) percent occupancy or actual program receivables will be disallowed in determining cost;]

(c) For both paragraphs (a) and (b) of this subsection, interest on a principal amount used to purchase goodwill or other intangible assets will not be considered an allowable cost.

(5) Compensation to owner/administrators will be considered an allowable cost provided that it is reasonable, and that the services actually performed are a necessary function. Compensation includes the total benefit received by the owner for the services he renders to the institution, excluding fringe benefits routinely provided to all employees and the owner/administrator. Payment for services requiring a licensed or certified professional performed on an intermittent basis will not be considered a part of compensation. "Necessary function" means that had the owner not rendered services pertinent to the operation of the institution, the institution would have had to employ another person to perform the service. Reasonableness of compensation will be based on total licensed beds (all levels). Compensation for owners and nonowner administrators (except for nonowner administrators of intermediate care facilities for the mentally retarded and dual licensed pediatric facilities) shall not exceed the amounts specified in the Interimediate Care/Skilled Nursing Facility Reimbursement Manual.

(6) The allowable cost for services or goods purchased by the facility from related organizations shall be the cost to the related organization, except when it can be demonstrated that the related organization is in fact equivalent to any other second party supplier, i.e., a relationship for purposes of this payment system is not considered to exist. A relationship will be considered to exist when an individual or individuals possess five (5) percent or more of ownership or equity in the facility and the supplying business; however, an exception to the relationship shall [will] be determined to exist when fifty-one (51) percent or more of the supplier's business activity of the type carried on with the facility is transacted with persons and organizations other than the facility and its related organizations.

(7) The amount allowable for leasing costs shall not exceed the amount which would be allowable based on the computation of historical costs, except that for general intermediate care facilities entering into lease/rent arrangements prior to April 22, 1976, intermediate care facilities for the mentally retarded entering into lease/rent arrangements prior to February 23, 1977, and skilled nursing facilities entering into lease/rent arrangements prior to December 1, 1979, the cabinet will determine the allowable costs of such arrangements based on the general reasonableness of such costs.

(8) The following provisions are applicable with regard to median per diem cost center upper limits:

(a) For facilities (except ICF-MRs) beginning participation in the Medicaid program on or after April 1, 1981, (and classified as newly participating facilities for purposes of this subsection), the following upper limits (within the class) shall be applicable with regard to otherwise allowable per diem costs, by cost center: for nursing services, 125 percent of the median; for dietary services, 125 percent of the median; for capital costs, 105 percent of the median; and for all other costs, 105 percent of the median.

(b) Facilities participating in the Medicaid program prior to April 1, 1981, shall be classified as newly participating facilities (solely for purposes of this subsection) when either of the following occurs on or after April 1, 1981: first, when the facility expands its bed capacity by expansion of its currently existing plant or, second, when a multilevel facility (one providing more than one (1) type of care) converts existing personal care beds in the facility to either skilled nursing or intermediate care beds, and the number of additional or converted personal care beds equals or exceeds (in the cumulative) twenty-five (25) percent of the Medicaid certified beds in the facility as of March 31, 1981; however, as an exception to the conditions specified in this subsection a facility will not be considered as newly participating if it increases its certified bed capacity by no more than a cumulative total of thirty-five (35) beds (on or after April 1, 1981) so long as its new total certified bed capacity does not exceed sixty-five (65) beds. Facilities participating in the Medicaid program prior to April 1, 1981 shall not be classified as newly participating facilities solely because of changes of ownership.

(c) For purposes of application of this subsection the facility classes are basic intermediate care and skilled nursing care. The "median per diem cost" is the midpoint of the range of all facilities' costs (for the class)

which are attributable to the specific cost center, which are otherwise allowable costs for the facilities' prior fiscal year, and which are adjusted by trending, indexing and the occupancy factor. The median for each cost center for each class shall be determined annually using the same cost data for the class which was used in setting the maximum payment amount. The Department for Medicaid Services shall notify all participating facilities of the median per diem cost center upper limits currently in effect.

(d) A facility may request that the Reimbursement Review Panel grant a waiver of its status as a newly participating facility based upon a presentation of facts showing that the provider had already incurred a substantial material financial obligation or binding commitment toward building or expanding a facility prior to April 1, 1981. The obtaining of a certificate of need shall not be construed, in itself, to be sufficient to justify approval of a waiver request, and a waiver, if granted, shall be applicable only with regard to that building or expansion for which the waiver was requested and approved.

(e) Intermediate care facilities for the mentally retarded (ICF-MRs) are not subject to the median per diem cost center upper limits shown in this subsection.

(9) Certain costs not directly associated with patient care will not be considered allowable costs. Costs which are not allowable include political contributions, travel and related costs for trips outside the state (for purposes of conventions, meetings, assemblies, conferences, or any related activities), specified vehicle costs as shown in the Kentucky Medical Assistance Program Intermediate Care/Skilled Nursing Facility Reimbursement Manual, and legal fees for unsuccessful lawsuits against the cabinet. However, costs (excluding transportation costs) for training or educational purposes outside the state are allowable costs unless such costs are incurred by administrators or owners.

(10) To determine the gain or loss on the sale of a facility for purposes of determining a purchaser's cost basis in relation to depreciation and interest costs, the following methods will be used for changes of ownership occurring before July 18, 1984:

(a) Determine the actual gain on the sale of the facility.

(b) Add to the seller's depreciated basis two-thirds (2/3) of one (1) percent of the gain for each month of ownership since the date of acquisition of the facility by the seller to arrive at the purchaser's cost basis.

(c) Gain is defined as any amount in excess of the seller's depreciated basis as computed under program policies at the time of the sale, excluding the value of goodwill included in the purchase price.

(d) A sale is any bona fide transfer of legal ownership from an owner(s) to a new owner(s) for reasonable compensation, which is usually fair market value. Lease-purchase agreements [and/]or other similar arrangements which do not result in transfer of legal ownership from the original owner to the new owner are not considered sales until [such time as] legal ownership of the property is transferred.

(e) If an enforceable agreement for a change of ownership was entered into prior to July 18, 1984, the purchaser's cost basis will be determined in the manner set forth in paragraphs (a) through (d) of this subsection.

(11) Notwithstanding the provisions contained in subsection (10) of this section, or in any other section or subsection of this regulation or the "Kentucky Medical Assistance Program Intermediate Care/Skilled Nursing Facility Reimbursement Manual," the cost basis for any facility changing ownership on or after July 18, 1984 (but not including changes of ownership pursuant to an enforceable agreement entered into prior to July 18, 1984 as specified in subsection (10)(e) of this section) shall be determined in accordance with the methodology set forth herein for the reevaluation of assets of skilled nursing and intermediate care facilities.

(a) No increase will be allowed in capital costs.

(b) The allowable historical base for depreciation for the purchaser will be the lesser of the allowable historical cost of the seller less any depreciation allowed to the seller in prior periods, or the actual purchase price.

(c) The amount of interest expense allowable to the purchaser is limited to the amount that was allowable to the seller at the time of the sale.

(12) Each facility shall maintain and make available any [such] records (in a form acceptable to the cabinet) which [as] the cabinet may require to justify and document all costs to and services performed by the facility. The cabinet shall have access to all fiscal and service records and data maintained by the provider, including unlimited on-site access for accounting, auditing, medical review, utilization control and program planning purposes.

(13) The following shall apply with regard to the annual cost report required of the facility:

(a) The year-end cost report shall contain information relating to prior year cost, and will be used in establishing prospective rates and setting ancillary reimbursement amounts.

(b) New items or expansions representing a departure from current service levels for which the facility requests prior approval by the program are to be so indicated with a description and rationale as a supplement to the cost report.

(c) Cabinet approval or rejection of projections [and/]or expansions will be made on a prospective basis in the context that if [such] expansions and related costs are approved they will be considered when actually incurred as an allowable cost. Rejection of items or costs will represent notice that such costs will not be considered as part of the cost basis for reimbursement. Unless otherwise specified, approval will relate to the substance and intent rather than the cost projection.

(d) When a request for prior approval of projections [and/]or expansions is made, absence of a response by the cabinet shall not be construed as approval of the item or expansion.

(14) The cabinet shall review each year-end cost report to determine the necessity for and scope of an audit in relation to routine and ancillary service cost. If an audit is not performed, the report will be settled without audit. If an audit is indicated, it will be either a limited-scope audit or a full field

audit. An audit may be conducted for purposes of verifying cost to be used in setting the prospective rate or for purposes of adjusting prospective rates which have been set based on unaudited data; audits may be conducted annually or at less frequent intervals. An audit of ancillary cost will be conducted as needed.

(15) Year-end adjustments of the prospective rate and a retroactive cost settlement will be made when:

(a) Incorrect payments have been made due to computational errors (other than the omission of cost data) discovered in the cost basis or establishment of the prospective rate.

(b) Incorrect payments have been made due to misrepresentation on the part of the facility (whether intentional or unintentional).

(c) A facility is sold and the funded depreciation account is not transferred to the purchaser.

(d) The prospective rate has been set based on unaudited cost reports and the prospective rate is to be adjusted based on audited reports with the appropriate cost settlement made to adjust the unaudited prospective payment amounts to the correct audited prospective payment amounts, effective September 1, 1988.

(16) Reimbursement paid shall [may] not exceed the facility's customary charges to the general public for such services, except in the case of public facilities rendering inpatient services at a nominal charge (which may be reimbursed at the prospective rate established by the cabinet).

(17) The cabinet may develop and[/or] utilize methodology to assure an adequate level of care. Facilities determined by the cabinet to be providing less than adequate care may have penalties imposed against them in the form of reduced payment rates.

(18) Each facility shall submit the required data for determination of the prospective rate no later than sixty (60) days following the close of the facility's fiscal year. This time limit may be extended at the specific request of the facility (with the cabinet's concurrence).

[(19) Each ICF which admits a recipient from an SNF during the period of September 1, 1985 through January 31, 1986 shall receive an incentive payment of seven (7) dollars and fifty (50) cents for each day of covered care rendered such recipient, subject to the following conditions:]

[(a) The recipient must meet SNF patient status criteria as of August 31, 1985 only because of nonavailability of an ICF bed, where the recipient is on the waiting list of an ICF; and]

[(b) The incentive payment may be paid for more than ninety (90) covered days of care only if all such days are prior to February 1, 1986.]

[(20) When a recipient in a SNF changes patient status (from SNF to ICF) on or after February 1, 1986 and is admitted to an ICF within the permitted transfer period for the recipient (i.e., while the recipient still qualifies for coverage at the skilled rate), the ICF shall receive an incentive payment of seven (7) dollars and fifty (50) cents for each day of covered care rendered the recipient; such incentive payment shall be paid for no more than ninety (90) days of care.]

[(21) The incentive payment referenced in subsections (19) and (20) of this section shall be paid without regard to maximum payment limitations shown elsewhere in this regulation.]

(19) [(22)] Effective September 26, 1985 (for services provided on or after September 1, 1985), a participating skilled nursing facility may be paid for care provided to Medicaid eligible patients who meet intermediate care patient status criteria subject to the following criteria or conditions:

(a) The payment shall [will] be made at the upper limit for payments to intermediate care facilities, or the skilled nursing rate for the facility if lower;

(b) The patient is required to [must] be in the skilled nursing facility bed awaiting placement to an intermediate care bed; and

(c) The patient is required to [must] have been reclassified from SNF patient status to ICF patient status; or, alternatively, the patient is required to [must] meet ICF patient status criteria, and the appropriate representative of the Department for Social Services is required to [must] certify that no ICF bed is available and that an emergency exists so that placement in the SNF bed offers the best alternative in the circumstances. Payment made based on the certification that no ICF bed is available and that an emergency exists may be made for no more than thirty (30) days; however, the certification and declaration of emergency may be renewed by the Department for Social Services as appropriate and payment may be made pursuant to such renewal.

[(23) SNF's which on February 1, 1986 continued to care for recipients who were classified as meeting SNF patient status criteria as of August 31, 1985 only because of nonavailability of an ICF bed, where the recipient is on the waiting list of an ICF, may receive the usual SNF rate for those recipients subject to the following transitional reimbursement standards and criteria:]

[(a) The facility must file a letter of intent with the Cabinet for Human Resources, Office of the Secretary, 275 East Main Street, Fourth Floor, Frankfort, Kentucky 40621 by January 31, 1986 (receipt in the cabinet is required) for downward conversion of the bed(s) in which the recipient(s) is residing.]

[(b) Any facility which files a letter of intent must submit to the Commission for Health Economics Control in Kentucky (CHECK) an appropriate certificate of need application for downward conversion of the skilled bed(s), no later than February 14, 1986, in order for the transitional reimbursement payments to continue.]

[(c) Payment under this transitional reimbursement provision shall continue only until such time as the Commission for Health Economics Control in Kentucky (CHECK) has acted on the application and any appropriate licensure action has been effected.]

Section 5. [4.] Prospective Rate Computation. The prospective rate for each facility will be set in accordance with the following:

(1) Determine allowable prior year cost for routine services.

(2) The allowable prior year cost, not including fixed or capital costs, will then be trended to the beginning of the uniform rate year and increased by a percentage so as to reasonably take into account economic conditions and trends. Such percentage increase shall be known as an inflation factor.

(3) The unadjusted basic per diem cost (defined as the unadjusted allowable cost per

patient per day for routine services) will then be determined by comparison of costs with the facility's occupancy rate (i.e., the occupancy factor) as determined in accordance with procedures set by the cabinet. The occupancy rate shall not be less than actual bed occupancy, except that it shall not exceed ninety-eight (98) percent of certified bed days (or ninety-eight (98) percent of actual bed usage days, if more, based on prior year utilization rates). The minimum occupancy rate shall be ninety (90) percent of certified bed days for facilities with less than ninety (90) percent certified bed occupancy. The cabinet may impose a lower occupancy rate for newly constructed or newly participating facilities, or for existing facilities suffering a patient census decline as a result of a competing facility newly constructed or opened serving the same area. The cabinet may impose a lower occupancy rate during the first two (2) full facility fiscal years an existing skilled nursing facility participates in the program under this payment system.

(4) Cost center median related per diem upper limits will then be applied as appropriate to the unadjusted basic per diem cost. The resultant adjusted amounts (and unadjusted amounts, as applicable) will be combined (or recombined) to arrive at the basic per diem cost (defined as the adjusted allowable cost per patient per day for routine services).

(5) To the basic per diem cost shall be added a specified dollar amount for investment risk and an incentive for cost containment in lieu of a return on equity capital, except that no return for investment risk shall be made to nonprofit facilities, and publicly owned and operated facilities shall not receive the investment or incentive return.

(a) Cost incentive and investment schedule for general intermediate care facilities:

(Effective 7-1-88 [7-1-87])

Basic Per Diem Cost	Investment Factor Per Diem Amount	Incentive Factor Per Diem Amount
$32.99 & below [31.99 & below]	$.92	$.58
33.00 - 33.99 [32.00 - 32.99]	$.86	$.50
34.00 - 34.99 [33.00 - 33.99]	$.78	$.41
35.00 - 35.99 [34.00 - 34.99]	$.70	$.32
36.00 - 36.99 [35.00 - 35.99]	$.61	$.21
37.00 - 37.99 [36.00 - 36.99]	$.51	$.09
38.00 - 38.61 [37.00 - 37.87]	$.35	-

Maximum Payment $38.61 [37.87]

(b) Cost incentive and investment schedule for intermediate care facilities for the mentally retarded:

(Effective 7-1-87)

Basic Per Diem Cost	Investment Factor Per Diem Amount	Incentive Factor Per Diem Amount
$86.99 & below	$1.38	$.87
87.00 - 92.99	$1.29	$.75
93.00 - 98.99	$1.18	$.62
99.00 -104.99	$1.06	$.47
105.00 -110.99	$ .92	$.31
111.00 -116.99	$ .76	$.13
117.00 -123.49	$ .53	-

(c) Cost incentive and investment schedule for skilled nursing facilities:

(Effective 7-1-88 [7-1-87])

Basic Per Diem Cost	Investment Factor Per Diem Amount	Incentive Factor Per Diem Amount
$43.99 & below [41.99 & below]	$.92	$.58
44.00 - 45.99 [42.00 - 43.99]	.86	.50
46.00 - 47.99 [44.00 - 45.99]	.78	.41
48.00 - 49.99 [46.00 - 47.99]	.70	.32
50.00 - 51.99 [48.00 - 49.99]	.61	.21
52.00 - 53.99 [50.00 - 51.99]	.51	.09
54.00 - 56.07 [52.00 - 54.00]	.35	-

Maximum Payment $56.07 [54.00]*

*The maximum payment for hospital based skilled nursing facilities is set at $75.69 effective July 1, 1988 and $70.09 effective January 1, 1989 [72.90].

(6) The prospective rate is then compared, as appropriate, with the maximum payment. If in excess of the program maximum, the prospective rate shall be reduced to the appropriate maximum payment amount. The maximum payment amounts have been set to be at or about 102 percent of the median of adjusted basic per diem costs for the class, recognizing that hospital based skilled nursing facilities have special requirements that are required to [must] be considered. The cabinet has determined that the maximum payment rates shall be reviewed annually against the criteria of 102 percent of the median for the class and that adjustments to the payment maximums will be made effective July 1, 1985 and each July 1 thereafter. This policy shall allow, but does not require lowering of the maximum payments below the current levels if application of the criteria against available cost data should show that 102 percent of the median is a lower dollar amount than has been currently set.

Section 6. [5.] Reimbursement Review and Appeal. Participating facilities may appeal cabinet decisions as to application of the general policies and procedures in accordance with the following:

(1) First recourse shall be for the facility to request in writing to the Director, Division of Reimbursement and Contracts, a reevaluation

of the point at issue. This request is required to [must] be received within forty-five (45) days following notification of the prospective rate or forwarding of the audited cost report by the program. The director shall review the matter and notify the facility of any action to be taken by the cabinet (including the retention of the original application of policy) within twenty (20) days of receipt of the request for review or the date of the program/vendor conference, if one is held, except that additional time may be taken as necessary to secure further information or clarification pertinent to the resolution of the issue.

(2) Second recourse shall be for the facility to request in writing to the Commissioner, Department for Medicaid Services, a review by a standing review panel to be established by the commissioner. This request is required to [must] be postmarked within twenty (20) days following notification of the decision of the Director, Division of Reimbursement and Contracts. Such panel shall consist of three (3) members: one (1) member from the Division of Reimbursement and Contracts, one (1) member from the Kentucky Association of Health Care Facilities, and one (1) member from the Department for Medicaid Services (but not within the Division of Reimbursement and Contracts) as designated by the Commissioner, Department for Medicaid Services, with such designated member to act as chairperson of the review panel. A date for the reimbursement review panel to convene will be established within twenty (20) days after receipt of the written request. The panel shall issue a binding decision on the issue within thirty (30) days of the hearing of the issue, except that additional time may be taken as necessary to secure further information or clarification pertinent to the resolution of the issue. In carrying out the intent and purposes of the program the panel may take into consideration extenuating circumstances which are required to [must] be considered in order to provide for equitable treatment and reimbursement of the provider. The attendance of the representative of the Kentucky Association of Health Care Facilities at review panel meetings shall be at the cabinet's expense.

[Section 6. Definitions. For purposes of Sections 1 through 6 of this regulation, the following definitions shall prevail unless the specific context dictates otherwise.]

[(1) "Allowable cost" means that portion of the facility's cost which may be allowed by the cabinet in establishing the reimbursement rate. Generally, cost is considered allowable if the item of supply or service is necessary for the provision of the appropriate level of patient care and the cost incurred by the facility is within cost limits established by the cabinet, i.e., the allowable cost is "reasonable."]

[(2) "Ancillary services" means those direct services for which a separate charge is customarily made, and which except for ventilator therapy services are retrospectively settled on the basis of reasonable allowable cost at the end of the facilities' fiscal year. Ancillary services are limited to the following:]

[(a) Legend and nonlegend drugs, including indwelling urethral catheters and syringes, and irrigation supplies and solutions utilized with those catheters regardless of how those supplies and solutions are utilized. Coverage and allowable cost payment limitations are specified in the cabinet's regulation on payment for drugs.]

[(b) Physical, occupational and speech therapy.]

[(c) Laboratory procedures.]

[(d) X-ray.]

[(e) Oxygen and other related oxygen supplies and inhalation therapy.]

[(f) Psychological and psychiatric therapy (for ICF/MR only).]

[(g) Ventilator therapy services, subject to the coverage limitations shown in the Reimbursement Manual.]

[(3) "Hospital based skilled nursing facilities" means those skilled nursing facilities so classified by Title XVIII-A.]

[(4) The "basic per diem cost" is the computed rate arrived at when otherwise allowable costs are trended and adjusted in accordance with the inflation factor, the occupancy factor, and the median cost center per diem upper limits.]

[(5) "Inflation factor" means the comparison of allowable routine service costs, not including fixed or capital costs, with an inflation rate to arrive at projected current year cost increases, which when added to allowable costs, including fixed or capital costs, yields projected current year allowable costs. The inflation factor shall be included for rates computed on August 3, 1985 and thereafter.]

[(6) "Incentive factor" means the comparison of the basic per diem cost with the incentive return schedule to arrive at the actual dollar amount of cost containment incentive return to be added to the basic per diem cost.]

[(7) "Investment factor" means the comparison of the basic per diem cost with the investment return schedule to arrive at the actual dollar amount of investment return to be added to the basic per diem cost.]

[(8) "Maximum allowable cost" means the maximum amount which may be allowed to a facility as reasonable cost for provision of an item of supply or service while complying with limitations expressed in related federal or state regulations.]

[(9) "Maximum payment" means the maximum amount the cabinet will reimburse, on a facility by facility basis, for routine services.]

[(10) "Occupancy factor" means the imposition of an assumed level of occupancy used in computing unadjusted basic per diem rates.]

[(11) "Prospective rate" means a payment rate of return for routine services based on allowable costs and other factors, and includes the understanding that except as specified such prospective rate shall not be retroactively adjusted, either in favor of the facility or the cabinet.]

[(12) "Routine services" means the regular room, dietary, medical social services, nursing services, minor medical and surgical supplies, and the use of equipment and facilities. Routine services include but are not limited to the following:]

[(a) All general nursing services, including administration of oxygen and related medications, handfeeding, incontinency care and tray services.]

[(b) Items which are furnished routinely and relatively uniformly to all patients, such as patient gowns, water pitchers, basins, and bed pans. Personal items such as paper tissues,

deodorants, and mouthwashes are allowable as routine services if generally furnished to all patients.]

[(c) Items stocked at nursing stations or on the floor in gross supply and distributed or utilized individually in small quantities, such as alcohol, applicators, cotton balls, bandaids and tongue depressors.]

[(d) Items which are utilized by individual patients but which are reusable and expected to be available in an institution providing a skilled nursing or intermediate care facility level of care, such as ice bags, bed rails, canes, crutches, walkers, wheelchairs, traction equipment, and other durable medical equipment.]

[(e) Laundry services, including personal clothing to the extent it is the normal attire for everyday facility use, but excluding dry cleaning costs.]

[(f) Other items or services generally available or needed within a facility unless specifically identified as ancillary services. (Items excluded from reimbursement include private duty nursing services and ambulance services costs.)]

[(13) The first twenty (20) cents of cost of each disposable incontinent brief shall be considered to be ancillary costs when such briefs are provided upon a physician's orders, with the balance of the cost of such briefs considered to be routine costs.]

Section 7. Implementation Date. The amendments to this regulation shall be effective with regard to payments for services provided on or after July [May] 1, 1988 except as specified in Sections 1(2)(f), 4(2) and (15)(d) of this regulation.

PROPOSED AMENDMENTS RECEIVED THROUGH NOVEMBER 15, 1988

FINANCE AND ADMINISTRATION CABINET
Higher Education Assistance Authority
Division of Program Administration
(Proposed Amendment)

11 KAR 5:010. Authority, purpose, name of grant programs.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785
STATUTORY AUTHORITY: KRS 13A.100, 164.748(4)
NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation sets forth the purpose and names of these grant programs. This amendment is intended to replace the requirements contained in the KHEAA Grant Manual with specific regulations.

Section 1. The State Student Incentive Grant Program (SSIG) authorized under KRS 164.740 to 164.764 provides eligible Kentucky residents grant assistance in order to pursue eligible courses of study at Kentucky educational institutions.

Section 2. The Kentucky Tuition Grant Program (KTG) authorized under KRS 164.780 and 164.785 provides qualified Kentucky residents who bear the major costs of attending accredited independent colleges and universities within the Commonwealth a tuition or fees grant as supplementary aid where need exists.

Section 3. Awards from the State Student Incentive Grant Program, the Kentucky Tuition Grant Program, or a combination of the two (2) may be referred to as KHEAA grants.

[Section 4. Participants in the KHEAA grant programs shall comply with procedures and requirements established by the authority and delineated in the 1986-87 KHEAA Grant Manual, applicable to grants for the 1986-87 academic year and the 1987-88 KHEAA Grant Manual, applicable to grants for the 1987-88 academic year, the text and appendix B of each respectively being incorporated herein by reference. A current copy of the manual shall be maintained on file with the Legislative Research Commission. Copies of the manual may be obtained upon request to the authority. Participating educational institutions shall maintain a current copy of the manual on file and, upon request, make a copy of the manual available for review by students.]

PUBLIC HEARING: A public hearing on this administrative regulation shall be held on December 21, 1988 at 9:30 a.m. at 1050 U.S. 127 South, Frankfort, Kentucky 40601. Individuals interested in attending this hearing shall notify this agency in writing by December 16, 1988, five days prior to the hearing, of their intent to attend. If no notification of intent to attend the hearing is received by that date, the hearing may be cancelled. This hearing is open to the public. Any person who attends will be given an opportunity to comment on the proposed administrative regulation. A transcript of the public hearing will not be made unless a written request for a transcript is made. If you do not wish to attend the public hearing, you may submit written comments on the proposed administrative regulation. Send written notification of intent to attend the public hearing or written comments on the proposed administrative regulation to: The Executive Director, Kentucky Higher Education Assistance Authority, 1050 U.S. 127 South, Frankfort, Kentucky 40601.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Paul P. Borden
(1) Type and number of entities affected: The amendment has little effect on any entity. The amendment simply removes the incorporation by reference of the Kentucky Higher Education Assistance Authority Grant Manual. The same requirements previously contained in the Grant Manual are being adopted as proposed regulations 11 KAR 5:120 through 11 KAR 5:180.
(a) Direct and indirect costs or savings to those affected:
1. First year: No cost or saving will be affected by the amendment. The Grant Manual will continue to be produced and distributed to particpating schools as it has in the past.
2. Continuing costs or savings: None
3. Additional factors increasing or decreasing costs (note any effects upon competition): The amendment will result in no increase or decrease in costs or savings. Please see (1)(a)1 above.
(b) Reporting and paperwork requirements: The amendment will necessitate no reporting or paperwork.
(2) Effects on the promulgating administrative body: The amendment will have no effect on the promulgating body. The Grant Manual, no longer incorporated by reference, will still be provided to interested parties.
(a) Direct and indirect costs or savings:
1. First year: None
2. Continuing costs or savings: None. See (1)(a)1 above.
3. Additional factors increasing or decreasing costs: None. There are no financial considerations applicable.
(b) Reporting and paperwork requirements: There are no paperwork or reporting requirements.
(3) Assessment of anticipated effect on state and local revenues: The amendment has no affect, adverse or positive, on state or local revenue.
(4) Assessment of alternative methods; reasons why alternatives were rejected: The only alternative to the amendment would have been to leave intact the incorporation of the Grant Manual by reference. Inasmuch as the manual is constantly being revised with temporary data such as calendars and schedules, it is not considered expedient to be in a position of having to constantly amend a regulation.
(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: This regulation does not conflict, overlap, duplicate any statute, administrative regulation, or government policy.

(a) Necessity of proposed regulation if in conflict: There is no conflict.
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: There is no conflict.
(6) Any additional information or comments: This is an amended regulation which simply deletes the incorporation by reference of the Grant Manual which will continue to be provided to interested entities.
TIERING: Was tiering applied? No. The concept of tiering is not applicable to any of the provisions of this amendment.

11 KAR 5:030. Student eligibility requirements.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785
STATUTORY AUTHORITY: KRS 13A.100, 164.748(4)
NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation sets forth eligibility requirements for KHEAA Grant programs. This amendment is intended to replace the requirements contained in the KHEAA Grant Manual with specific regulations. [Capitalized acronyms, words, and phrases have the meaning assigned to them in 11 KAR 5:020.]

Section 1. Definitions. The terms "authority", "business school", "college", "federal act", "grant", "school of nursing", and "vocational school" shall have the meanings defined in KRS 164.740. For purposes of this regulation, the terms listed below shall have the following meanings:
(1) "Academic year" means a period of time, usually eight (8) or nine (9) months, during which a full-time student would normally be expected to complete the equivalent of two (2) semesters, two (2) trimesters, three (3) quarters, 900 clock hours, twenty-four (24) semester hours, or thirty-six (36) quarter hours of instruction.
(2) "Educational expenses" means tuition and fees, books and supplies, room and board or reasonable living expenses, reasonable miscellaneous personal expenses, and reasonable transportation costs for the academic period of the grant application.
(3) "Educational institution" means a participating institution located in Kentucky which:
(a) Offers an eligible course of study;
(b) Enrolls as regular students only persons having either a certificate of graduation from a school providing secondary education or the recognized equivalent of such a certificate, or persons who are beyond the age of compulsory school attendance in the Commonwealth of Kentucky and have the ability to benefit from the training offered by the institution;
(c) Has entered into an administrative agreement with the authority; and
(d) For purposes of the State Student Incentive Grant Program a business school, college, school of nursing or vocational school, as defined in KRS 164.740(3), (4), (17), and (18), respectively and meets the requirements of the federal act; or
(d) For purposes of the Kentucky Tuition Grant Program, a private, nonprofit college accredited by the Southern Association of Colleges and Schools, Commission on Colleges, and whose institutional programs are not comprised solely of sectarian instruction.
(4) "Eligible course of study" means a program offered by an educational institution which:
(a) Is of at least two (2) academic years duration; and
(b) Leads to a degree in a field other than theology, divinity or religious education at the institution at which the student is enrolled.
(5) "Full-time student" means a student who is carrying a full-time academic workload, other than by correspondence, measured in terms of:
(a) Course work or other required activities as determined by the institution in which the student is enrolled, including any combination of courses, work experience, research or special studies which the institution requires of the student to consider him as being engaged in full-time study, and which amounts to the equivalent of a minimum of twelve (12) semester hours or twelve (12) quarter hours per academic term for institutions utilizing trimesters, semesters or quarter hour systems or which consists of a program requiring the minimum of twenty-five (25) clock hours per week for those institutions that do not utilize such systems; and
(b) The tuition and fees customary for full-time study at that institution.
(6) "Pell grant" means an award under the Pell Grant Program operated by the United States Government under the provsion of 20 U.S.C. 1070a.
(7) "Resident of Kentucky or resident" means a person who is classified as an in-state student in accordance with criteria set forth in the "Residency Classification Policy" at 13 KAR 2:040, as adopted and from time to time amended by the Council on Higher Education.

Section 2. [1.] Eligibility of Students. In order to qualify for disbursement of a KHEAA grant, a student shall:
(1) Be a resident of the Commonwealth of Kentucky;
(2) Be enrolled as a full-time student in an eligible course of study;
(3) Be enrolled in an undergraduate program at an educational institution and not have previously earned a first baccalaureate or professional degree;
(4) Be determined by the authority, in accordance with procedures delineated in 11 KAR 5:120 through 11 KAR 5:140 [the KHEAA Grant Program Manual], to have established financial need for the KHEAA grant program assistance;
(5) Have remaining eligibility. A student enrolled in a two (2) year institution shall be limited to four (4) semesters or six (6) quarters of grant eligibility. A student enrolled in a four (4) year institution shall be limited to eight (8) semesters or twelve (12) quarters of KHEAA grant program eligibility. An exception may be granted by the executive director of the authority if the bachelor's program leads to a first degree and is designed to be completed in a ten (10) semester period,

in which case the eligibility may be extended for cause by the executive director to ten (10) semesters. A student enrolled in an eligible course of study of a duration not otherwise covered by this regulation shall have the same number of semesters or quarters of KHEAA grant program eligibility as are normally required for a full-time student to complete that eligible course of study;

(6) Not receive financial assistance to meet educational expenses in excess of need;

(7) Maintain satisfactory progress in an eligible course of study according to the published standards and practices of the educational institution at which the student is enrolled; and

(8) Satisfy all financial obligations to the authority and to any educational institution. Ineligibility under this subsection may be waived for cause by the executive director of the authority;

(9) Be a citizen of the United States or an eligible noncitizen. For purposes of this section, an eligible noncitizen shall mean an individual who is either:

(a) A U.S. national;

(b) A U.S. permanent resident with an Alien Registration Receipt Card (I-151 or I-551);

[(c) A permanent resident of the Northern Mariana Islands;]

[(d) A permanent resident of the Trust Territory of the Pacific Islands; or]

(c) [(e)] A person with a Departure Record (I-94) from the U.S. Immigration and Naturalization Service showing any one of the following designations:

1. "Refugee;"
2. "Asylum granted;"
3. "Indefinite parole" and/or "humanitarian parole;"
4. "Cuban-Haitian entrant."

Students who are in the U.S. on an F1 or F2 student visa only or a J1 or J2 exchange visitor visa only or a G series visa only are not eligible for KHEAA grant assistance; [and]

(10) Meet the federal selective service registration compliance requirement if receiving State Student Incentive Grant funds. Those receiving Kentucky Tuition Grant (KTG) funds only do not have to meet this requirement; and

(11) Be receiving full-time credit at an educational institution in an eligible course of study and paying full-time tuition and fees to that institution, if the student is studying abroad or off campus.

Section 3. [2.] A KHEAA grant recipient, who, on the basis of information submitted on the KHEAA grant application, is potentially eligible for a Pell grant must apply for the Pell grant prior to disbursement of the spring semester portion of the KHEAA grant. Recipients subject to this regulation will be notified by the authority in advance of cancellation of the undisbursed portion of the KHEAA grant. If within a reasonable time following such notification the student fails to provide documentation of filing for a Pell grant, the undisbursed portion of the KHEAA grant shall be cancelled.

Section 4. [3.] (1) A student who fails to enroll, withdraws or changes enrollment status may owe a repayment of cash disbursements made to the student for educationally related expenses. If the student received financial aid, a portion of the repayment is due to the financial aid programs.

(2) The amount of the repayment shall be determined in accordance with the institution's refund and/or repayment policies relative to financial aid funds. If, however, a KHEAA grant recipient officially or unofficially withdraws from an institution before the first day of classes of the award period, or the student's enrollment is terminated with no assessment of tuition and fees by the institution, then the award shall be deemed an overaward and a full refund or repayment of the KHEAA grant shall be required, notwithstanding any institutional policy to the contrary.

(3) If, under the institution's financial aid repayment policy or this regulation, the student owes a repayment, the KHEAA grant or a portion thereof must be repaid to the authority by the student. The institution must calculate the amount of repayment due to the authority and notify the student and the authority in a timely fashion regarding the amount due to the authority.

(1) Type and number of entities affected: Undetermined number of eligible students who apply for state grants.

(a) Direct and indirect costs or savings to those affected:

1. First year: Current regulation is being amended to delete reference to the Kentucky Higher Education Assistance Authority Grant Manual. The defined terms formerly found in the manual will be incorporated into the amended regulation.

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs (note any effects upon competition):

(b) Reporting and paperwork requirements: No reporting or paperwork requirements are imposed on the affected entities.

(2) Effects on the promulgating administrative

body: None
(a) Direct and indirect costs or savings:
1. First year: This amendment is primarily a procedural rather than substantive vehicle. It deletes reference to the Grant Manual and adds the definitions formerly incorporated by reference. There are no costs or savings realized.
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements: Any such requirement will have no effect on state and local revenues.
(3) Assessment of anticipated effect on state and local revenues: This amendment will have no effect on state and local revenues.
(4) Assessment of alternative methods; reasons why alternatives were rejected: No alternative method is feasible. The existing regulation is being amended to conform, without using the concept of incorporation by reference, to 20 U.S.C. §1070 et seq.
(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: The amended regulation conflicts with no statute, administrative regulation or governmental policy.
(a) Necessity of proposed regulation if in conflict:
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:
(6) Any additional information or comments: The amendment deletes from the list of eligible students residents of the Northern Marianas which in 1986 became a Commonwealth of the United States; most residents are now eligible by virtue of being United States citizens. Additionally, most residents of the former Trust Territory of the Pacific Islands are, or will be upon ratification of the Compact of Free Association (P.L. 99-239), ineligible.
TIERING: Was tiering applied? No. The concept of tiering is not applicable to any of the provisions of this amendment.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 34 CFR §692.21(b) and §692.40.
2. State compliance standards. The regulation sets forth 11 criteria that must be met to be eligible to receive a KHEAA grant. Those criteria include residency, citizenship, enrollment status, financial need, academic progress, selective service registration, and application for other federal aid.
3. Minimum or uniform standards contained in the federal mandate. 34 CFR §692.21(b) requires the state to make grants only to students eligible under §692.40. That latter regulation requires that the student have substantial financial need and meet the requirements of 34 CFR §668.7, which pertains to citizenship, academic progress, enrollment status, selective service registration and application for other federal aid.
4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes, the regulation requires the student to be a Kentucky resident.
5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. KRS 164.753(4) requires that grants be restricted to Kentucky residents. The program is predominantly funded by state general fund appropriations, and is intended for the improvement of educational opportunity of Kentucky residents. Federal law does not prohibit the restriction of eligibility on the basis of state residency.

TRANSPORTATION CABINET
Department of Vehicle Regulation
Division of Motor Carriers
(Proposed Amendment)

601 KAR 9:074. Kentucky highway use license, records and taxes.

RELATES TO: KRS 138.655 to 138.725

STATUTORY AUTHORITY: KRS 138.725

NECESSITY AND FUNCTION: KRS 138.725 makes the Department of Vehicle Regulation responsible for the application of the Kentucky motor carrier taxes covered by KRS 138.655 to 138.725. This regulation provides procedures for licensees to follow in order to comply with the statutes.

Section 1. Definitions. (1) "Registration" means the registration of each of the vehicles operated by the licensee for the purpose of a tax imposed by KRS 138.660. Proof of this registration is the motor vehicle identification card issued by the Department of Vehicle Regulation and carried in the cab of the vehicle.

(2) "Current registration period" means the quarterly period for which the tax under KRS 138.660 is due or required to be reported on the quarterly tax return.

(3) "Combined license weight" means the declared combined maximum gross weight of the vehicle and any towed unit for registration purposes for the current registration period; or the highest actual combined gross weight of the vehicle and any towed unit when operated on the public highways of the state during the current registraton period.

(4) "Declared gross weight" means the combined license weight.

(5) "Gross weight" means the unladen weight of the vehicle and any towed unit plus the maximum load to be carried by it on the highways of the Commonwealth of Kentucky.

Section 2. [1.] Application for Kentucky Highway Use License. Every motor carrier as defined in KRS 138.655(5) shall apply for and obtain [on a department approved form] a license before using or continuing to use the public highways in the state. The application shall be on forms prescribed and furnished by the Department of Vehicle Regulation. The department shall issue a Kentucky Highway Use (KYU) license number to each qualified motor carrier, and the department shall cause this [said] license number to be displayed on each motor vehicle identification card issued by it.

Section 3. [2.] Bonds-cash Deposit. Every motor carrier and heavy equipment motor carrier, pursuant to the provisions of KRS 138.655 to 138.725 shall file with the department at the time of application for a license a corporate bond, cash bond, or security approved by the department. The applicant for the license shall be the principal obligor and the Commonwealth of Kentucky shall be the obligee. The bond shall [will] be conditioned as required in KRS 138.670, and the department shall administer the bond as provided in KRS 138.670.

Section 4. [3.] Registration for Highway Use Tax. (1) Proof of registration shall be required of all motor carriers as defined in KRS 138.655(5) prior to operating a motor vehicle on the public highways of Kentucky. [For the purpose of this section registration shall mean the registration of the licensee for the purpose of a tax imposed by KRS 138.660. Such registration shall be required of all motor carriers as defined in KRS 138.655(5). The current registration period shall be deemed that quarterly period for which the tax under KRS 138.660 is due or required to be reported on the quarterly return.] The applicant for the license in Section 2 of this regulation shall apply to the department for a motor vehicle identification card on forms prescribed and furnished by the department for each vehicle to be operated in Kentucky. The application shall meet the requirements established in 601 KAR 9:040. [The completion by the applicant and submittal to the department for validation shall be necessary prior to the authority of the applicant to operate a motor vehicle on the public highways of Kentucky.]

(2) A motor vehicle [carrier] identification card, which is [shall be] issued by the department, shall contain [which contains] the name and address of the person or company under whose authority the vehicle is being operated, the identification of the vehicle, and [such] other information as may be requested, including, but without limitation, the KYU license number issued to the applicant for the use of the public highways of Kentucky. The identification card shall show the vehicle combined license weight or the actual combined gross weight of the vehicle and any towed unit when operated on the public highways of the state during the current registration period [as defined hereinabove].

[(2) Definitions.]

[(a) "Combined license weight" shall mean the declared combined maximum gross weight of the vehicle and any towed unit for the registration purposes for the current registration period as defined hereinabove; or the highest actual combined gross weight of the vehicle and any towed unit when operated on the public highways of the state during the current registration period as defined herein.]

[(b) "Declared gross weight" shall mean the same as paragraph (a) of this subsection.]

[(c) "Gross weight" shall mean the unloaded weight of the vehicle plus the maximum load to be carried by it on the highways of the Commonwealth of Kentucky.]

(3) The motor vehicle identification card shall be displayed in the cab of the vehicle at all times. Failure to display the identification card shall constitute a violation of KRS 138.665.

Section 5. [4.] Communications, Business Names and License Address. All licensees shall immediately report any change in principal business address, legal status or business name to the department. All motor carrier operations shall be conducted in the name in which the license and the motor vehicle identification cards are [is] issued or the duly assumed business name of the licensee, as it appears on the license. All licensees are required to use the name utilized in the application for the license in all documents relating to their operations and in all correspondence with the department. All correspondence with the department shall be addressed as follows: Kentucky Department of Vehicle Regulation, Division of Motor Carriers, Post Office Box 2007, Frankfort, Kentucky 40602.

Section 6. [5.] Instruments Filed Become Permanent Records. All bonds filed with the department as required by statute are permanent records and cannot be returned to licensee or removed from the custody of the department as long as the licensee is subject to the Kentucky Statutes.

Section 7. [6.] Kentucky Highway Use License for Leased Vehicles. (1) Any person leasing or renting a commercial motor vehicle to a lessee who is engaged in private carriage, where the operator of such vehicle is required to have a Kentucky Highway Use License may obtain the license by making application to the department and complying with the appropriate administrative regulations. Any lessor with a Kentucky Highway Use License may entitle the lessee to operate the leased or rented vehicle under the lessor's license. If the lessor allows the lessee to operate under the lessor's license the lease shall be carried in the vehicle and the required motor vehicle identification card shall be in the lessor's name and the lessor shall make the required quarterly reports and pay all taxes which may become due by virtue of the operation of the motor vehicle. A lessor of motor vehicle equipment who makes an application for a license under this section shall furnish the department a copy of the standard lease or rental agreement as well as the address of the place of business where the lessor's records are maintained. A current list of all lessees who lease equipment from the lessor and who will use the lessor's Kentucky Highway Use License shall be filed with the department. This list shall contain the name of the lessee, the lessee's address, the number of vehicles leased to each lessee and other pertinent information which the department may require. The list required by this section [herein] shall be updated and kept current on a semiannual basis by the lessor.

(2) A carrier or motor carrier as defined in KRS 281.011 leasing a motor vehicle shall be required to obtain the Kentucky Highway Use License and the lessee shall be responsible to make the required quarterly reports and to pay any tax which may become due.

Section 8. [7.] Authorized Deductions on Quarterly Returns. Every person licensed as a motor carrier may deduct on his quarterly tax return the amount of tax paid on fuel at the time of purchase, provided the purchase is made in Kentucky and the Kentucky motor fuel tax has been paid and provided the fuel is used to propel a motor vehicle subject to the provisions of KRS 138.660. The tax credits, and tax refunds, authorized by KRS 138.695 to be granted to a taxpayer for all mileage and fuel taxes imposed under KRS 138.655 through 138.725 [eligible therefor] shall not exceed in amount the actual amount of the subject taxes paid by the [said] taxpayer, exclusive of any applicable interest thereon due the taxpayer by operation of law. A valid receipt shall be obtained as evidence of purchase from the person making the sale or delivery.

(1) A valid receipt shall meet the following criteria:

(a) The purchase receipt shall be the original prepared by a station or vendor located in the Commonwealth of Kentucky and shall have an imprinted Kentucky address. Receipts that have an imprinted Kentucky address, but include other station locations outside of Kentucky are invalid.

(b) The following shall be included on the receipt:

1. Name and station location of the vendor;
2. Date of purchase;
3. Number of gallons purchased;
4. Type of fuel purchased;
5. Company unit number of vehicle or registration number of unit; and
6. Licensee's name.

(c) The name and address of the vendor shall be preprinted or imprinted, which includes, but is not restricted to, credit card machines. Station receipts that are identified only by impressed rubber stamp markers or handwritten are not valid.

(2) Other documents such as computer records, ledgers, and journals may be accepted as evidence of valid fuel purchase receipts, if such records contain the same information as required in subsection (1) of this section, provided such records meet acceptable auditing tests.

(3) Bulk or storage purchasers of fuel shall maintain a withdrawal or disbursement record when such fuel is used in taxable highway or road units. This record shall be kept on all units fueling from this tank showing the unit fueled, gallons withdrawn, and the date of withdrawal. Tax on bulk purchases shall be paid at the time of purchase in accordance with KRS 138.220[, 138.565,] and 234.320. If a motor carrier uses tax free bulk storage fuel to fuel taxable units (highway units), tax will be

levied on total fuel purchased for bulk storage.

(a) Any use of fuel from a tax-free storage tank without adequate records to prove no on-highway use of the fuel shall be taxable. Approved location of tax-free storage shall be issued by the Revenue Cabinet before tax-free fuel is purchased.

(b) Credit for fuel purchase receipts other than for the taxable units shall not be allowed.

(4) In instances where fuel is purchased by trip-leased units and the lessee is responsible for the Kentucky highway tax, all receipts shall be made in the name of the lessee. Receipts made out in the name other than the person or company responsible for the fuel tax shall be invalid.

(5) Certain motor vehicles including, but not limited to, mixers, pumps, load lifts, refrigeration equipment, that utilize power takeoff equipment and similar devices which involve consumption of fuel from the same tanks that are permanently attached to and are part of the power unit and serve to power the operation of the motor vehicles upon the highways. Operators of those types of motor vehicles utilizing such equipment, may adjust the miles per gallon entry on their Kentucky highway use tax returns to reflect fuel actually consumed by such power takeoff equipment in operations over the highway, provided, however, that any adjustment claimed therefor must be substantiated by adequate records, and is subject to audit by the Transportation Cabinet. [Nothing herein contained shall be construed as authorizing a taxpayer to claim tax credit in respect to taxes paid on fuels which are actually consumed on off-highway operations.]

Section 9. [8.] Cancellation of License. If a motor carrier fails to comply with the terms of KRS 138.655 to 138.725, or these regulations, its Kentucky Highway Use Tax License may be cancelled. Reasons for cancellation include, but are not limited to, the following:

(1) Failure to file tax return thirty (30) days after the due date. The licensee shall [will] be mailed a second notice or reminder and be given fifteen (15) days to file the return if he has not filed his tax return within thirty (30) days after the due date. If the licensee fails to comply with the second notice, the license will be subject to cancellation.

(2) Failure to pay additional taxes assessed by the department.

(3) Failure by a licensee to produce records after written demand for such may result in cancellation of the license and any other penalties applicable by law. Each succeeding day shall constitute a separate violation until the records are produced at the place stated in the demand.

Section 10. [9.] Procedure upon Cancellation of License. (1) Upon cancellation of Kentucky Highway Use License in accordance with the provisions of KRS 138.675 and after notice to the carrier by mailing the same to the address on file in the department, the carrier shall immediately return to the department the license and all motor vehicle identification cards issued to the [such] carrier.

(2) Failure to return the license and cards or the operation of a motor vehicle displaying a motor vehicle identification card after notice of revocation of the highway use license shown thereon, shall be a violation of KRS 138.675.

Section 11. [10.] Tax Liability and Protest Procedures. (1) The licensee shall be mailed a supplemental tax statement, if additional tax is found to be owed as the result of an audit or found as the result of an examination of licensee's tax return. The licensee has thirty (30) days to pay or protest to the department per KRS 131.110 in writing any assessment or tax liability imposed by the department. A protest shall be accompanied by a supporting statement identifying specific adjustments being protested and setting forth the reasons upon which the protest is being made.

(2) If the licensee so desires, he may, within thirty (30) days, protest directly to the Kentucky Board of Tax Appeals.

(3) The department shall acknowledge receipt of the protest and if protest is acceptable, a tax conference shall be set between the department and licensee within sixty (60) days of the protest. The department shall notify the licensee within thirty (30) days its decision to deny or accept the reasons of the protest. If denied, the licensee may protest to the Kentucky Board of Tax Appeals.

(4) If the licensee fails to pay the tax statement or file a protest with the Kentucky Board of Tax Appeals within thirty (30) days, a reminder shall be sent to licensee demanding payment within fifteen (15) days. If within fifteen (15) days, the taxes have not been remitted to the department, a demand shall be made against the licensee's surety bond. Any balance of unpaid taxes shall be submitted to the Transportation Cabinet's legal counsel [section] for collection.

Section 12. [11.] Penalties. In addition to any other penalties which may be imposed under KRS 138.990 and any other applicable laws, the licensee shall be subject to the civil penalties provided for in KRS 138.715.

Section 13. [12.] Inspection. Any motor vehicle [highway] enforcement officer or state police officer may inspect the motor vehicle identification card, license registration, driver's log, lease, trip sheet or shipping document to determine if the vehicle is qualified to operate on the highways of the Commonwealth of Kentucky. The law enforcement officer may also weigh vehicles to determine if the gross weight conforms to the licensed weight on the motor vehicle identification card.

Section 14. [13.] Records Disposition. The department shall retain the active file of KYU tax returns for at least five (5) years. An inactive KYU license shall be retained two (2) years after cancellation.

Section 15. [14.] Reinstatement of License. If the carrier desires to be reinstated after cancellation, the carrier shall:

(1) Prove to the department that sufficient records are being and will be maintained to file accurate Kentucky Highway Use Tax returns.

(2) Submit quarterly returns for all missed periods.

(3) Pay all taxes for missed returns plus penalties and interest.

(4) Provide a replacement bond if its previous bond has been cancelled.

(5) Provide evidence of insurance, operating authority, and other items required by KRS

Chapter 281, if applicable to the carrier.

Section 16. [15.] Maintenance of Records. (1) Every motor carrier reporting and paying taxes under a cooperative agreement entered into pursuant to KRS 177.979 shall keep and maintain records of all coal shipments over the state maintained public highways. Each licensee shall also maintain weight tickets, bona fide third party documents or other documents to accurately verify tonnage that will reflect the true tonnage transported over said highways and the distance that such tonnage was transported over such highway. The weight ticket or third party document shall include but not be limited to the following:

(a) Name and identification number of the mine owner, severer, processor, broker or shipper.

(b) Name and KYU number of person transporting coal.

(c) Transporter's assigned unit vehicle number.

(d) Points of origin and destination.

(2) Every motor carrier required to report and pay taxes under the provisions of KRS 138.660 shall keep and maintain records on each motor vehicle operated on Kentucky highways. The records shall include vehicle type, declared gross weight, actual weight, number of axles, mileage operated in Kentucky as reported on trip sheets and driver logs, fuel purchases, and use and other disposition of gasoline and special fuels.

(3) All records shall be maintained for five (5) years for audit and tax purposes.

PUBLIC HEARING: A public comment hearing will be held on this administrative regulation on December 21, 2988 at 2 p.m., local prevailing time in the Fourth Floor Hearing Room of the State Office Building located at the corner of High and Clinton Streets, Frankfort, Kentucky. Any person who intends to attend this hearing must in writing by December 16, 1988 notify this agency. If no notification of intent to attend the hearing is received by this date, the hearing may be cancelled. This hearing is open to the public. Any person who attends will be given an opportunity to comment on the proposed administrative regulation. A transcript of the public hearing will not be made unless a written request for a transcript is made. If you do not wish to attend the public hearing, you may submit written comments on the administrative regulation. If the hearing is held, written comments will be accepted until the close of the hearing. If the hearing is cancelled, written comments will only be accepted until December 16, 1988. 3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: None, as a result of changes to the administrative regulation.

(3) Assessment of anticipated effect on state and local revenues: None

(4) Assessment of alternative methods; reasons why alternatives were rejected: The administrative regulation needed to be amended as a result of the repeal of KRS 138.565. Therefore, at the same time we made the changes necessary as a result of House Bill 901. In Section 8(5) there has been some confusion about which fuel tanks are used to fuel the power takeoff equipment for which there is an adjustment to the taxes owed. This change was made to ensure that everyone understood the way the Transportation Cabinet was interpreting their administrative regulation.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None

(a) Necessity of proposed regulation if in conflict: N/A

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: N/A

601 KAR 9:130. Motor vehicle registration.

RELATES TO: KRS Chapters 186, 186A

STATUTORY AUTHORITY: KRS 186.020, 186.041, 186.042, 186.044, 186.1701, 186.1702, 186.171, 186.172, 186.1721, 186.173, 186.1731, 186.1732, 186.177, 186.178, 186.179, 186.182, 186.185, Chapter 47, Appendix A, Part IV, Preamble

NECESSITY AND FUNCTION: KRS 186.020 requires owners of motor vehicles to apply for registration in accordance with regulations issued by the Transportation Cabinet before operating the motor vehicle or permitting its operation. Other sections of KRS Chapter 186 either permit or require the Transportation Cabinet to adopt administrative regulations regarding the issuance of special license plates to motor vehicles during registration of the vehicle. This administrative regulation establishes those procedures. In addition, House Bill 516, the Executive Budget Bill passed by the 1988 General Assembly, requires that the

initial application for a special license plate which serves to recognize specific groups or associations shall have a registration fee of fifty (50) dollars. This administrative regulation specifically sets forth the time periods when the fifty (50) dollars is to be paid.

Section 1. Vehicle Transaction Form. The vehicle transaction record form required by KRS 186A.060 shall serve as the application for first time vehicle registration. The certificate of registration issued when a vehicle is registered in Kentucky shall serve as the application for renewal of registration.

Section 2. Title in Motor Vehicle. During the fifteen (15) day period allowed by KRS 186.020(1) an assigned title shall be carried in the motor vehicle if the vehicle was last licensed in a title issuing jurisdiction. If the jurisdiction does not issue titles, the standard document for perfecting the sale of the motor vehicle in the licensing jurisdiction shall be carried in the vehicle.

Section 3. Found License Plate. Any person finding a lost, unexpired registration plate shall deliver it to the Department of Vehicle Regulation or to any county clerk.

Section 4. Temporary Kentucky Residents. Any full-time college student or member of the armed forces who is temporarily maintaining a place of abode in Kentucky while attending a Kentucky college or university or stationed at a military facility is not required to register his vehicle in Kentucky if he maintains residency in his home state. However, the purchase of property in Kentucky, registration to vote in Kentucky or the possession of a valid Kentucky operator's license shall be legally sufficient to establish a case [prima facie evidence] that the vehicle owner is a resident of Kentucky and therefore required to register the vehicle in Kentucky.

Section 5. Placement of License Plate. No license plate or renewal decal shall be placed on a motor vehicle other than the one for which it was issued.

Section 6. Lost or Stolen Special Plates. If a special license plate is lost or stolen the individual responsible for the registration of the vehicle may secure a replacement special license plate by following the provision of KRS 186.180.

Section 7. Fee for License Plates which Recognize Specific Groups or Associations. The one (1) time fifty (50) dollar initial registration fee imposed by KRS Chapter 47, Appendix A, shall be paid at the time of any initial application subsequent to July 15, 1988 by the person responsible for the vehicle registration.

Section 8. Renewal Decals on Special Plates. Registration for vehicles with license plates issued under the authority of KRS 186.173, 186.1731, 186.1732 and 186.182 are required to be renewed each year to remain valid. However, the Transportation Cabinet shall have the authority to determine if a new license plate shall be issued or if the renewal is validated by placing a renewal decal on the existing license plate. However, it the special national guard plate, civil air patrol plate, congressional medal of honor recipient plate or army reserve plate deteriorates to the point where the inscriptions are not discernible, the owner may obtain a replacement plate free of charge.

Section 9. National Guard License Plates. (1) Taxicabs, airport limousines, and U-drive-it vehicles registered under the provisions of KRS 186.050(1) shall not be issued a national guard license plate under the provisions of KRS 186.173.

(2) If the applicant for a national guard license plate is a Kentucky national guard retiree, his application shall be signed by the custodian of military records, Department of Military Affairs. The custodian's signature shall certify that the applicant is a retiree of the Kentucky National Guard with twenty-five (25) years of service.

Section 10. Disabled Veterans License Plate. A license plate may only be issued to a disabled veteran under the provisions of KRS 186.041(2) for use on a vehicle which would normally be registered under the provisions of KRS 186.050(1) or (3)(a).

Section 11. 601 KAR 9:013, National Guard license plates, is repealed.

(1) Type and number of entities affected: 3,000 people who apply for collegiate license plates; 2,500 people who apply for military reservist license plates; 1,500 people who apply

for Purple Heart license plates and 20 people who apply for Pearl Harbor survivor license plates. In addition, first time registration of other special plates (not including handicapped, personalized and disabled veterans) will be affected by Section 7.

(a) Direct and indirect costs or savings to those affected: The $50 fee was set by House Bill 516 not this administrative regulation. Therefore, the regulation has no direct or indirect costs or savings to those affected.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs (note any effects upon competition):

(b) Reporting and paperwork requirements:

(2) Effects on the promulgating administrative body: The cost of the production of a special license plate is $1.50. However, the newly authorized special license plates will increase the workload of the special license section by about 30 percent.

(a) Direct and indirect costs or savings: The increased cost was mandated by the passage of new laws, not due to any change in the administrative regulation.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: None, as a result of changes to the administrative regulation.

(3) Assessment of anticipated effect on state and local revenues: None

(4) Assessment of alternative methods; reasons why alternatives were rejected: The Transportation Cabinet considered defining a new application as each time a person applied for a new license plate. This would have meant that a $50 fee would be imposed on special license plates each time a person was issued a new special license plate. This was rejected because the A & R Committee explained that this was not their intention.

Department of Vehicle Regulation
Division of Driver Licensing
(Proposed Amendment)

601 KAR 13:050. Alcohol driver education program.

RELATES TO: KRS 189A.070, 186.560

STATUTORY AUTHORITY: KRS 186.400, 186.560

NECESSITY AND FUNCTION: KRS Chapter 189A allows a person convicted the first time of driving under the influence of alcohol or any substance which may impair his driving ability (DUI) to have the driver license revocation period shortened from six (6) months to thirty (30) days by successfully completing an alcohol driver education program. KRS 189A.070 allows the Transportation Cabinet to set standards for the course and curriculum of the alcohol driver education program pursuant to KRS 186.560. This regulation is necessary to establish standards, needs, and criteria for such alcohol driver education programs. However, this regulation does not apply to any services provided under KRS Chapters 210, 216B, or 222.

Section 1. Definitions. (1) "Course" or " [-] alcohol driver education program" means a course, that meets those requirements of Sections 6 and 7 of this regulation and that is open to any licensed driver of this state who has been convicted of a first offense of DUI, but does not include services under KRS Chapters 210, 216B, or 222.

(2) "Geographical area" means [is defined as] that area which the applicant proposes to serve and so sets forth in his application.

(3) "Affected party" means an applicant who has applied to offer an approved driver education program; any person or legal entity operating an approved driver education program within any portion of the geographical area proposed to be served by the applicant; or any person or legal entity which prior to an evidentiary hearing on the application files a separate application to operate an approved driver education program within any portion of the geographical area proposed to be served by the applicant.

Section 2. No person shall offer, conduct or engage in the business of offering or conducting an alcohol driver education program pursuant to KRS 186.560 and 189A.070, which purports to be an alcohol driver education program, without obtaining the prior written approval of the Transportation Cabinet, Division of Driver Licensing, pursuant to the provisions of this administrative regulation. A person shall file an application for approval of a course with the Transportation Cabinet. [;] The application shall be on the form furnished by the Transportation Cabinet and shall contain the information required by the Transportation Cabinet. [Said] Application forms can be obtained from the Transportation Cabinet, Division of Driver Licensing, State Office Building, 2nd Floor, Frankfort, Kentucky 40622.

Section 3. The completed application shall be accompanied by the following:

(1) A copy of the proposed course materials, curriculum, and promotional documents;

(2) A copy of the procedures and instruments used in making an assessment of the defendant's problem;

(3) The name, address, and social security number of the instructors who shall conduct the course;

(4) A copy of the manual and course materials for the instructor's preparation course;

(5) A statement certifying that the fee schedule submitted with the application reflects the actual costs; and

(6) Documentation sufficient to determine whether the program is needed in the geographical area.

Section 4. In determining whether an applicant has provided documentation that the proposed driver education program is needed in a geographical area, the division shall utilize

the following criteria:
(1) The extent to which the driver education program services are utilized in a geographical area in relation to the population in that geographical area.
(2) The extent to which the population in a geographical area will utilize the applicant's services if approved.
(3) The extent to which the population of the geographical area has reasonable access to driver education program services.
(4) The extent to which the proposed driver education program services adversely impact affected parties.
(5) The extent to which the applicant is able to perform the services proposed and to conform to the [rules and] regulations of the division.

Section 5. (1) Within fifteen (15) days of receipt of the application, the division shall notify the applicant in writing whether or not the application is completed as required by Section 3 of this regulation.
(2) If the application is not complete, the notice to the applicant shall give the applicant the option of submitting additional documentation or of notifying the division that he elects for the application to be processed as originally submitted.
(3) An application shall be deemed filed upon a determination of completeness by the division, upon receipt of the requested additional documentation by the division, or upon receipt of a letter from the applicant stating that he elects for the application to be processed as originally submitted. An application not completed within six (6) months from the date the application was received by the division shall be returned to the applicant.
(4) The division shall give written notice to affected persons that a completed application has been filed. The notice shall set the date for a public hearing not less than ten (10) days nor more than thirty (30) days after the application is determined completed.
(5) The division shall determine whether the applicant has shown sufficient documentation to establish that the proposed drivers education program is needed in the geographical area to be served within sixty (60) days after the public hearing is adjourned.
(6) The decision of the division to approve or disapprove the application shall include:
(a) Written findings based upon the criteria set out in Section 3 of this regulation; and
(b) Notice of appeal rights.

Section 6. If [In the event] the course application is approved, the course approval shall be valid until cancelled. Any person who has obtained approval for a course shall comply with the following requirements:
(1) Apply to the Transportation Cabinet for approval if there are any proposed additions or deletions to a previously approved course or its curriculum;
(2) Perform all necessary administrative functions in connection with the course;
(3) Obtain approval from the Transportation Cabinet of the form of the certificate to be issued upon course completion as specified in subsection (4) of this section;
(4) Provide each participant, satisfactorily completing the course, with an approved certificate of course completion;
(5) Maintain records which indicate the name, address, and social security number and the date of the course and if the course was satisfactorily completed for those individuals who have attended the course within the previous five (5) years;
(6) Provide and train instructors to conduct courses;
(7) Conduct the course in accordance with the description and curriculum approved by the Transportation Cabinet;
(8) Provide the Transportation Cabinet with a schedule of class dates, times, and locations; and
(9) Authorize and permit the Transportation Cabinet to audit the records of the approved course and to monitor and evaluate [any and] all portions of the course including but not limited to the classroom facility, the use of the instructional materials, and the actual presentation of the course, and qualification of instructors.

Section 7. No course shall be approved unless the course shall have a minimum of nine (9) hours of classroom instruction. The course may be completed in one (1) or more than one (1) day. The curriculum of the course shall at least include but shall not be limited to the following subject matters:
(1) The alcohol driving offender in the Commonwealth of Kentucky;
(2) Recognizing the alcohol problem related to traffic safety;
(3) Assuming the responsibility of dealing with the problem;
(4) Alternative approaches and support to resolving the problem;
(5) Personal strategy for sustaining commitment to the alcohol driver education program;
(6) Maximizing personal influence by working with DUI offenders; and
(7) Determining risk factors created by a variety of psychological, social, and physical factors that can facilitate or inhibit the functions required in driving, including but not limited to:
(a) The effects and compensatory measures concerning the relationships between alcohol, drugs, or medication and driving performances;
(b) The negative stresses and compensatory measures associated with physical, mental, and social conditions as they relate to driver performances.

Section 8. Upon written notice the Transportation Cabinet may rescind and cancel the certification of approval of any person or agency conducting the course for good cause, including but not limited to any of the following reasons:
(1) Deletions or additions have been made to the curriculum which have not been specifically approved by the Transportation Cabinet;
(2) The agency or any instructor has failed to comply with any of the provisions of this administrative regulation.

Section 9. Any person aggrieved by a decision of the division under the authority of this regulation may appeal within fifteen (15) days to the Commissioner of Vehicle Regulation. The decision of the commissioner shall be the final decision of the cabinet.

Section 10. Any agency or person submitting information to the Transportation Cabinet certifying that an individual has enrolled, completed, or failed to complete a program which is to be given credit as provided for in KRS 186.560(7), shall submit such information on the forms as required by the Transportation Cabinet.

Section 11. A certificate issued prior to July 15, 1986, is effective [only] for the operation [continuation] of an alcohol driver education program [as] located and operated in any geographical area in Kentucky. However, the operator of the alcohol driver education program shall notify the division of the entire geographical area he is serving each time there is a change. [as of that date.]

PUBLIC HEARING: A public comment hearing will be held on this administrative regulation on December 21, 1988 at 1 p.m., local prevailing time, in the Fourth Floor Hearing Room of the State Office Building located at the corner of High and Clinton Streets, Frankfort, Kentucky. Any person who intends to attend this hearing must in writing by December 16, 1988, notify this agency. If no notification of intent to attend the hearing is received by this date, the hearing may be cancelled. This hearing is open to the public. Any person who attends will be given an opportunity to comment on the administrative regulation. A transcript of the public comment hearing will not be made unless a written request for a transcript is made. If you do not wish to attend the public hearing, you may submit written comments on the proposed administrative regulation. If the hearing is held, written comments will be accepted until the close of the hearing. If the hearing is cancelled, written comments will only be accepted until December 16, 1988. Send written notification of intent to attend the public hearing or written comments on the proposed administrative regulation to: Sandra G. Pullen, Executive's Staff Advisor, Transportation Cabinet, Tenth Floor, State Office Building, Frankfort, Kentucky 40622, (502) 564-4890.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Sandra G. Pullen
(1) Type and number of entities affected: Three programs established prior to July 15, 1986 which teach the alcohol driver education program.
(a) Direct and indirect costs or savings to those affected: Allowed to expand the geographical areas served by their programs without prior state approval.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs (note any effects upon competition):
(b) Reporting and paperwork requirements: Eliminates requirement for application for expansion.
(2) Effects on the promulgating administrative body:
(a) Direct and indirect costs or savings: The indirect cost will be a further reduction in the number of individuals attending the state run alcohol driver education program.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements: None
(3) Assessment of anticipated effect on state and local revenues: None
(4) Assessment of alternative methods; reasons why alternatives were rejected: The idea of continuing to require these three programs to expand only with permission from the Transportation Cabinet based on need of a geographical area was rejected because the cabinet agreed that the correct interpretation of KRS 186.560(8) grandfathered in the programs in existence prior to July 15, 1986.
(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None
(a) Necessity of proposed regulation if in conflict:
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:
(6) Any additional information or comments:

603 KAR 5:075. Overweight and overdimensional permits.

RELATES TO: KRS 189.222, 189.270
STATUTORY AUTHORITY: KRS 174.080, 189.270
NECESSITY AND FUNCTION: KRS 189.270 authorizes the Secretary of the Transportation Cabinet to issue permits for the movement of motor vehicles with loads exceeding legal weights and dimensions. This regulation establishes the procedures and [determines] requirements necessary in the interest of highway safety for the issuance of an overweight or overdimensional permit.

Section 1. "Daylight hours" means the period of a day from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset, but it does not include any time when atmospheric conditions render visibility lower than is ordinarily the case during this period of the day.
(2) "National holiday" means New Year's Day, Memorial Day (as observed on the last Monday in May), Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

Section 2. Issuance of the Permit. [1.] Special permits to allow [permit] the movement of motor vehicles with gross weights or [and] gross dimensions in excess of the weights and dimensions specified by statutes and regulations shall be issued by the Department of Vehicle Regulation, [Permit Section,] Division of Motor Carriers[, Frankfort, Kentucky,] when, in the discretion of the department, this [such] movement is necessary to provide transportation for specified cargo in the interest of the health, welfare and economy of the people. Each special [such] permit issued shall be limited to designated portions of the state primary road

system and stated periods of time. A separate permit shall be required for each vehicle involved in a [such] movement.

Section 3. Application for Permit. [2.] Applications for overweight or overdimensional permits shall be made to the Department of Vehicle Regulation, [Permit Section,] Division of Motor Carriers, Frankfort, Kentucky 40622. The application shall state the purpose of the movement for which a permit is requested, the portion of the state primary road system to be used, the cargo to be hauled, the period of time needed to complete the movement, and the identity of the vehicle to be used.

Section 4. Base Permit Fee. The base fee for the issuance of a special permit to a vehicle which is overweight and overdimensional shall be sixty (60) dollars. The base fee for the issuance of a special permit to a vehicle which is either overweight or overdimensional shall be sixty (60) dollars.

Section 5. Movement Time Allowed. [3.] Permits are valid during daylight hours only from Monday through Saturday noon. However, permits are not valid on national holidays and [, except for those periods before, during, and after the following holidays: New Year's Day; Memorial Day; Independence Day; Labor Day; Thanksgiving Day; and Christmas Day. In connection with these holidays,] travel is not permitted from noon the preceding day until daylight hours of the next permissible day. If the national holiday occurs on Sunday the restricted period shall [will] extend from noon of the preceding Friday to daylight hours of the following Tuesday. If satisfactory proof of an emergency is furnished the Department of Vehicle Regulation, the department may authorize moves during the restricted hours. [The term "daylight hours" means the period from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset, but it does not include such period or part thereof when atmospheric conditions render visibility lower than is ordinarily the case during such daylight hours.]

Section 6. [4.] The Department of Vehicle Regulation and the Department Highways shall have [reserves] the right to deny a permit for any movement which may cause damage to public property or may be detrimental to public safety.

PUBLIC HEARING: A public comment hearing will be held on this administrative regulation on December 21, 1988 at 2:30 p.m., local prevailing time in the Fourth Floor Hearing Room of the State Office Building located at the corner of High and Clinton Streets, Frankfort, Kentucky. Any person who intends to attend this hearing must in writing by December 16, 1988 so notify this agency. If no notification of intent to attend the hearing is received by this date, the hearing may be cancelled. This hearing is open to the public. Any person who attends will be given the opportunity to comment on the administrative regulation. A transcript of the public comment hearing will not be made unless a written request for a transcript is made. If you do not wish to attend the public hearing, you may submit written comments on the administrative regulation. If the hearing is held, written comments will be accepted until the close of the hearing. If the hearing is cancelled, written comments will only be accepted until December 16, 1988. REGULATORY IMPACT ANALYSIS

Agency Contact Person: Sandra G. Pullen
(1) Type and number of entities affected: All applicants for overdimensional or overweight permits.
(a) Direct and indirect costs or savings to those affected: None as a result of the amendment to the regulation.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs (note any effects upon competition):
(b) Reporting and paperwork requirements: None as a result of the amendment to the regulation.
(2) Effects on the promulgating administrative body: None as a result of the amendment to this regulation.
(a) Direct and indirect costs or savings:
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements:
(3) Assessment of anticipated effect on state and local revenues: None
(4) Assessment of alternative methods; reasons why alternatives were rejected: There had been much confusion about the cost of the base permit fee set forth in KRS 189.270 if a vehicle were both overweight and overdimensional. The intention of the drafters of House Bill 665 passed by the 1988 General Assembly was that no more than a $60 base fee ever be charged and not $120 as assumed by some. Therefore, the regulation was amended to make this clarification of KRS 189.270.
(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None
(a) Necessity of proposed regulation if in conflict:
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:
(6) Any additional information or comments: Most of the changes made are format changes to comply with the requirements of House Bill 901.
TIERING: Was tiering applied? No. All applicants should be treated alike in the processing of permits. However, KRS 189.270 is tiered.

(Proposed Amendment)

603 KAR 5:230. Bridge weight limits on the extended weight coal or coal by-products haul road system.

RELATES TO: KRS 177.9771, 189.230
STATUTORY AUTHORITY: KRS 177.9771
NECESSITY AND FUNCTION: KRS 177.9771(2) requires the Secretary of the Transportation Cabinet to certify those public highways which meet certain criteria as the extended weight coal or coal by-products haul road system. KRS 189.230 provides that the Department of Highways may prescribe gross vehicle weight limits for bridges lower than the limits prescribed in KRS 177.9771 on any bridge which may be damaged or destroyed to the point of catastrophic failure if gross vehicle weights exceed certain limits. This regulation identifies the extended weight coal or coal by-products haul road system and the bridges on the [extended weight coal haul road] system which the Department of Highways has judged may be so damaged and prescribes the maximum weight limit for each of these [such] bridges. Further, KRS 177.9771(9) requires the Transportation Secretary to meet with certain local governing bodies and give consideration to their concerns before adding to or deleting from the extended weight coal or coal by-products haul road system and establishes procedures to be followed by local governing bodies requesting this consideration.

Section 1. Definitions. The following terms when used in this administrative regulation shall have the following meanings:
(1) "TY I" means a single unit truck consisting of two (2) single axles.
(2) "TY II" means a single unit truck consisting of one (1) steering axle and two (2) axles in tandem arrangement.
(3) "TY III" means a single unit truck consisting of one (1) steering axle and three (3) axles in tridem arrangement.
(4) "TY IV" means a tractor-semitrailer combination with five (5) or more axles.
(5) "KY" means a state numbered highway maintained by the Kentucky Department of Highways.
(6) "US" means a United States numbered highway maintained by the Kentucky Department of Highways.
(7) "I" means an interstate and defense highway maintained by the Kentucky Department of Highways.
(8) "CR" means a public highway, road, or street not maintained by the Kentucky Department of Highways.
(9) "MP" means milepoint.
(10) "FROM" means the beginning milepoint and terminus of a road segment on the extended weight coal haul road system.
(11) "TO" means the ending milepoint and terminus of a road segment on the extended weight coal haul road system.
(12) "Catastrophic failure" means a failure that is marked by sudden or unpredictable damage ranging from extreme misfortune to utter ruin.
(13) "AASHTO" means the American Association of State Highway and Transportation Officials.
(14) "CO" means county.
(15) "LN" means line.
(16) "Mpt." means milepoint.
(17) "PKWY" means parkway.
(18) "Local governing body" means the fiscal court of any county, the city council or commission of a city of the first through fourth classes or the council of an urban county government.
(19) "Coal by-products" means any of the following: fly ash, bottom ash, wet bottom boiler slag, scrubber sludge, burned coal waste (red dog), coal slag, and coal cinders.

Section 2. (1) The Department of Highways shall determine the bridges on the extended weight coal or coal by-products haul road system which may be damaged or destroyed to the point of catastrophic failure by motor vehicles operating at the weights authorized by KRS 177.9771. This determination shall be based upon an analysis of the bridges in accordance with the guidelines and ratings set forth in the AASHTO Manual for Maintenance Inspection of Bridges, 1983 edition and 1984 and 1985 Interim Revisions. The load factor method of analysis may be used only when a bridge is known to have been designed by that method. When the allowable stress method of analysis is used the maximum allowable stress in steel members shall not exceed sixty-nine (69) percent of the yield strength of the steel.
(2) When the analysis specified in subsection (1) of this section cannot be applied to a bridge, the Department of Highways shall determine if any [such] bridge may be damaged or destroyed to the point of catastrophic failure in accordance with the AASHTO Manual for Maintenance Inspection of Bridges, 1983 edition and 1984 and 1985 Interim Revisions. Before making such a determination the Department of Highways shall conduct an on-site inspection to determine whether the bridge shows appreciable signs of deterioration or distress or otherwise poses a significant hazard to the traveling public.

Section 3. When the Department of Highways determines that a bridge on the extended weight coal or coal by-products haul road system may be damaged or destroyed to the point of catastrophic failure, the department may adopt a weight limit for the bridge in accordance with the guidelines set forth in the AASHTO Manual for Maintenance Inspection Bridges, 1983 edition and 1984 and 1985 Interim Revisions.

Section 4. The following highways, or portions of those highways, are certified as meeting the criteria of and are designated as the extended weight coal and coal by-products haul road system. Further, the Department of Highways has determined that the [following] bridges listed beneath the highways on the extended weight coal or coal by-products haul road system may be damaged or destroyed to the point of catastrophic failure as provided in Section 2 of this administrative regulation and has established a weight limit for each as set forth in Section 3 of this administrative regulation:

Section 5. No person shall operate, or knowingly cause to be operated, on any bridge listed in Section 4 of this administrative regulation any vehicle whose gross vehicle weight exceeds the weight limits specified for that bridge.

Section 6. In accordance with KRS 189.230(3), the Department of Highways shall post the gross vehicle weight limits for each bridge listed in Section 4 of this administrative regulation.

Section 7. No person shall operate, or knowingly cause to be operated, on any bridge on the extended weight coal haul road system any vehicle whose gross vehicle weight exceeds the limits specified by a notice posted pursuant to KRS 189.230(3).

Section 8. Resolutions of local governing bodies issued pursuant to KRS 177.9771(9) making recommendations to the Secretary of Transportation shall be submitted to: Secretary of Transportation, Transportation Cabinet, State Office Building, Frankfort, Kentucky 40622. The resolution shall set forth a specific description of the road or road segments under consideration. The resolution shall futher set forth with specificity those conditions which give rise to inherent and definite hazards or create special conditions which the Secretary of the Transportation Cabinet needs to consider.

Section 9. A copy of the AASHTO Manual for Maintenance Inspection of Bridges, 1983 edition and 1984 and 1985 Interim Revisions is hereby incorporated by reference as part of this administrative regulation. A copy of the AASHTO Manual for Maintenance Inspection of Bridges, 1983 edition and 1984 and 1985 Interim Revisions may be viewed at the Transportation Cabinet, Department of Highways, Division of Maintenance, Frankfort, Kentucky. Copies of the AASHTO Manual for Maintenance Inspection of Bridges, 1983 edition and 1984 and 1985 Interim Revisions may be obtained from the American Association of State Highway and Transportation Officials, 444 North Capitol Street, N.W., Suite 225, Washington, D.C. 20001.

Section 10. 603 KAR 5:210 is repealed.

603 KAR 7:020. Nonurbanized public transportation program and elderly and handicap program.

RELATES TO: KRS 96A.010 through 96A.370, 96A.090, 96A.095

STATUTORY AUTHORITY: KRS 174.080

NECESSITY AND FUNCTION: The Nonurbanized Public Transportation Program is authorized and governed by Section 18 of the Urban Mass Transportation Act of 1964, as amended; 49 USC 1601 et seq. and 49 CFR 825. The Elderly and Handicapped Public Transportation Program is authorized and governed by Section 16(b)(2) of the same Act. The Transportation Cabinet is authorized by KRS 96A.095 to accept funds from the Commonwealth and any of its agencies and from federal agencies appropriations and grants to accomplish the promotion and development of mass transit services in Kentucky. The function of this regulation is to implement the procedures required to administer the Nonurbanized Public Transportation Program and the Elderly and Handicapped Public Transportation Program in accordance with applicable state and federal laws and regulations.

Section 1. In order to facilitate the administration of the Nonurbanized Public Transportation Program as authorized by Section 18 of the Urban Mass Transportation Act and KRS Chapter 96A and the Elderly and Handicapped Public Transportation Program as authorized by Section 16(b)(2) of the Urban Mass Transportation Act and KRS Chapter 96A, the following are adopted by reference:

[(1) The "Section 18 Nonurbanized Area Public Transportation Program Application Guidelines" issued March, 1982 and last revised March, 1986, by the Transportation Cabinet. These guidelines inform all prospective and continuing grantees for public transportation assistance in nonurbanized areas of the federal and state requirements for such a grant. They also include a complete application format.]

(1) [(2)] The "State Management Plan" for the Section 18 and Section 16(b)(2) Programs issued April, 1981 and last revised September, 1988 [June, 1986], by the Transportation Cabinet. This management plan is a document designed to facilitate both the Transportation Cabinet and the Urban Mass Transportation Administration (UMTA). It outlines the cabinet's procedures and policies for administering both the Section 18 and Section 16(b)(2) programs. It also includes guidelines to inform all prospective and continuing grantees for public transportation assistance in nonurbanized areas of the federal and state requirements for a grant.

(2) The Section 16(b)(2) Application Guidelines issued October, 1988 by the Transportation Cabinet. It includes guidelines to inform all prospective and continuing grantees for elderly or handicapped public transportation assistance of the federal and state requirements for a grant.

Section 2. All documents incorporated by reference [herein] are on file for public

inspection in the Division of Mass Transportation, 11th Floor, State Office Building, Frankfort, Kentucky 40622.

Section 3. 603 KAR 7:030, Elderly and handicapped public transportation program, is repealed.

701 KAR 5:060. Code of ethics for state testing program.

RELATES TO: KRS 158.650 to 158.750
STATUTORY AUTHORITY: KRS 156.070, 158.670
NECESSITY AND FUNCTION: KRS 158.650 to 158.750 mandate an annual statewide basic [and essential] skills testing program, for designated grades, the result of which are to be used to assure that all public school students are acquiring appropriate skills; to aid districts in developing educational improvement plans; and to identify school districts which are educationally deficient. Such statutes also require the Department of Education to select and purchase appropriate tests [develop] and implement the statewide testing program. This regulation is necessary to fulfill the intent and purpose of the Educational Improvement Act and to promote the integrity of the testing program by providing guidelines for the administration of the statewide assessment program at the classroom, school, and district levels and by providing required procedures and penalties for reported and confirmed violations.

Section 1. (1) Each local district board of education shall assure that the statewide assessment program required by KRS 158.650 to 158.750 is administered in accordance with the guidelines developed by the Kentucky Advisory Committee for Educational Improvement and approved by the State Board for Elementary and Secondary [of] Education. The guidelines listed in this section [, as approved by the State Board of Education,] comprise the [document] "Code of Ethics for the State Testing Program." [, November, 1984," and as amended in February, 1985, which is incorporated herein by reference and copies of which may be obtained from the Office of Research and Planning, Department of Education.]

(2) Each local superintendent of schools, in cooperation with the district's testing coordinator and school principals, is responsible for implementing the state testing program in the local school district. The Department of Education shall develop and disseminate district-based certification forms, school-based certification forms, and classroom-based certification forms to be signed by local district superintendents, district testing coordinators, principals, and teachers. These forms shall certify that the following expectations in the Code of Ethics have been met at the local district level:

(a) Teaching the test. Specific test items shall not be taught. This restriction includes any manner of teaching test items during the school day or through homework assignments ranging from teachers remembering a single test item from an in-service session through manually or mechanically copying the actual test items. Changing a word, a phrase, or a distractor in a test item and utilizing it in any manner during the instructional process is a violation of the code. The utilization of any test item from any form of the test in any manner is a violation of the Code of Ethics.

(b) Practice tests and reinforcement materials. The use of practice tests and reinforcement materials developed by major test companies and textbook publishers are appropriate. Materials and documents developed and published by the Kentucky Department of Education are also appropriate. Teacher developed materials are appropriate as long as such materials do not violate the teaching of the test provisions.

(c) Teaching concepts measured by the test. It is appropriate for teachers, principals, and supervisors to be knowledgeable of the skills or concepts being tested and to provide instruction directed toward improving student knowledge in these areas.

(d) Professional preparation.

1. Before administering the test, principals and appropriate central office personnel shall become thoroughly familiar with the testing schedule, the test content, and the directions for test administration. Local district personnel shall read the directions for completing answer sheets and administering the test, follow specific directions for administering each test, make sure students understand what they are to do before beginning the test, monitor students as they work on the test, and allow time for questions from students before beginning the test.

2. The review of test content and test administration procedures by teachers under a controlled situation such as an in-service training activity as a part of a faculty meeting is encouraged. If test booklets are made available to teachers and other appropriate personnel during training sessions, no written notes shall be made with regard to specific test items, and all test booklets shall be accounted for after each session. Teachers are not to be given a permanent copy of the test.

(e) Scheduling the test. Mandated tests shall be scheduled between the 160th and 170th instructional day of the school year. Tests shall be scheduled so there will be sufficient time to complete a subtest by the end of the testing session. Students taking the test shall not be subject to distractions.

(f) Test storage. All tests shall be stored in a secured central location. Each school district shall implement an accounting system for each test, preferably a number system by level. The district's test coordinator and the local superintendent are responsible for test storage and security.

(g) Test distribution. Tests shall be distributed to schools by grade or number of students no more than five (5) working days prior to test administration. This allows time for professional preparation and distribution to individual classroom teachers. The school principal, in cooperation with the district test coordinator, is responsible for test storage and security once the tests are distributed to each school. Tests shall be returned to the central location no later than three (3) days after all test administration is completed. The district test coordinator shall implement an accounting system from the central location to the school and back to the central location. The system shall require signatures of the principal and the district test coordinator.

(h) Timing the test. Timing of the test shall be in compliance with the specified time limits. Teachers and principals, in cooperation with the district testing coordinator, are responsible for implementing and monitoring the specified time limits. Any deviation from the time limits is a violation of the code.

(i) Test administration. During test administration, teachers or proctors shall check to see that students are marking answers in the correct manner and assist students who are not marking on the designated portions of the answer document. After such problems have been resolved, the only assistance given shall be in the mechanics of taking the test. The teacher or proctor shall make sure that all students understand the directions for taking the test. The teacher or proctor may assist students with mechanical tasks, such as helping a student find the proper location on the answer sheet; however, they shall provide no assistance that will inadvertantly indicate an answer, such as pointing out the reasoning behind an item or referring to classwork. Indicating a correct response in any manner is a violation of the code.

(j) Populations to be tested. Students legally identified for special education shall be tested under the mandate of the Educational Improvement Act as amended unless specific parental permission has been obtained through the admissions and release committee procedures to exempt a child from state mandated testing. Local school districts are not permitted to develop separate summaries for special education

students. Students lacking proficiency in the English language to the extent that they are taught in a language other than English may be exempted from the state mandated testing program. All students so exempted shall be reported by name and grade in conjunction with the central office certification form.

(k) Collection and storage. The principal is responsible for collecting and organizing answer sheets at the school level. Answer sheets shall not be altered for any reason (with the exception of erasing stray marks and darkening responses as required) or in any manner by the teacher or principal. The district test coordinator is responsible for collecting and organizing answer sheets at the local district level. Answer sheets shall not be altered for any reason (with the exception of erasing stray marks and darkening responses as required) or in any manner by the district test coordinator including any personnel who may be assisting the coordinator. Altering answer sheets in any manner at the classroom, school, or district level (with the exception of erasing stray marks or darkening responses as required) is a violation of the code and invalidates the data.

(l) Publishing the information. KRS 158.690 and the related annual performance report specify in detail the requirements for publishing test information. Any revisions or deviations from the format or requirements for publishing test information as required by statute and the annual performance report are violation of the code.

Section 2. Each local district board of education shall submit to the Department of Education, at the same time test answer documents are submitted, a certification that the district has adhered to the Code of Ethics [guidelines] set by this regulation. The Department of Education shall develop and disseminate the certification forms [forth in the incorporated code of ethics]. Local district certification shall be submitted by the district as a prerequisite to the scoring of local district test answer documents.

Section 3. Each local district, and the Department of Education, shall adhere to the following procedures for [provide to the Department of Education and the State Board of Education a written explanation of] any cases involving alleged exceptions to compliance with the provisions of the following: [guidelines as set forth in the code of ethics.]

(1) When the Department of Education or a local district receives a written and signed allegation that a violation of the testing ethics has occurred in a local district, the Superintendent of Public Instruction shall notify the superintendent of the local district, and when an alleged violation has been reported, the local district shall fully investigate the alleged violation in accordance with appropriate due process procedures, and:

(a) If it is determined that the alleged violation did not occur, the local district shall keep in a local file a report covering the details of the alleged violation, the investigative steps taken, and the results of the investigation. In addition, a letter shall be forwarded to the Superintendent of Public Instruction concerning the results of the investigation.

(b) If it is determined that the alleged violation did occur, the local district shall submit a written explanation to the Superintendent of Public Instruction that covers the conditions surrounding the violation, the action taken to eliminate further instances of ethics violations and the specific action taken against those causing or committing the violation. Actions against those causing or committing the violation may include, but not be limited to, written reprimands in the personnel and certification files, suspension, and dismissal. If the action taken is not at least a written reprimand, then a full report justifying the action taken shall be filed with the Superintendent of Public Instruction.

(2)(a) Upon receipt of the written report from the local district, the Department of Education shall review the written document, and if the violation is confirmed, such violation shall be confirmed in the summary test score publications, and the district scores that are affected by the violation shall be deleted from those publications and the local district shall note the situation in its Annual Performance Report. The local district shall be notified by the Department of Education that the test results of students affected by any violation shall either be destroyed (with a letter entered into the student cumulative folder explaining the absence of the test report) or a letter attached to the test report explaining which portions of the data are invalid due to the violation.

(b) The Superintendent of Public Instruction shall present a written report of Code of Ethics violations and make recommendations to the Educational Improvement Act Advisory Committee and the State Board for Elementary and Secondary Education.

702 KAR 5:030. Superintendents' responsibilities.

RELATES TO: KRS 156.160, 189.540
STATUTORY AUTHORITY: KRS 156.070, 156.160
NECESSITY AND FUNCTION: KRS 156.160 and 189.540 require the State Board <u>for Elementary and Secondary</u> [of] Education to promulgate regulations relating to the safety of public school children, the transportation of such children to and from school, and the operation of school buses. This regulation provides the district superintendent with the regulations necessary to assist him in administering the district's pupil transportation programs and to provide the maximum consistency throughout the state.

Section 1. Each school district superintendent shall be responsible for the general supervision of the district's pupil transportation program. The superintendent may designate another employee or other employees of the board to assist in carrying out this responsibility. For the purpose of these regulations, the word "superintendent" shall mean the superintendent or his designate.

Section 2. The superintendent shall require that a safety inspection be made on each school bus owned and operated by the board or contracted to the board at least once each month that the district's schools are in session. This inspection shall be made by a competent person. If, upon inspection, a school bus is found to be in unsafe operating condition, the superintendent shall withhold the bus from operation until the required repairs are made. The superintendent shall be responsible for keeping the records of the bus safety inspections on file, and shall be responsible for certifying to the Division of Pupil Transportation at least once each month that each school bus used during that month has received the proper safety inspection.

Section 3. The superintendent shall be responsible for preparing the school bus route maps, school bus inventories, and other reports required by the Division of Pupil Transportation for the purpose of making the pupil transportation cost calculation for the Minimum Foundation Program.

Section 4. The superintendent shall be responsible for making reports on a monthly basis to the Division of Pupil Transportation on all school bus accidents that happened to the district's buses during the month.

Section 5. The superintendent shall be responsible for providing the necessary and required school bus driver training before a school bus driver shall enter into the duties of transporting pupils to and from school or events related to such schools. This training shall at least include the school bus driver course prescribed by the State Board <u>for Elementary and Secondary</u> [of] Education, in accordance with 702 KAR 5:080, Sections 8 and 9, and shall be conducted by a certified instructor. Evidence that the driver has received this training shall be submitted to the Division of Pupil Transportation and a copy shall be kept on file in the office of the superintendent.

Section 6. The superintendent shall be responsible for providing the required in-service school bus driver training which each school bus driver must complete annually for certification renewal, in accordance with 702 KAR 5:080, Section 10. The in-service training shall include at least eight (8) hours of appropriate instruction conducted by a certified instructor. Evidence that each driver has received this training shall be submitted to the Division of Pupil Transportation and a copy shall be kept on file in the office of the superintendent.

Section 7. The superintendent may issue a temporary school bus driver's permit provided the applicant meets the qualifications set forth in 702 KAR 5:080, Sections 1 through 7, and a certified instructor judges the applicant competent to safely drive a school bus and safeguard the welfare of students. The temporary school bus driver's permit shall be valid for a period of twenty (20) consecutive school days and shall be nonrenewable.

<u>Section 8. The superintendent shall perform a criminal records check of all currently employed school bus drivers and school bus driver applicants for criminal history; alcohol and illegal drug use; and driving infraction conviction(s) prior to recommendation for</u>

employment. Current school bus drivers with a positive records check in such areas shall be considered for appropriate disciplinary action.

702 KAR 5:080. Bus drivers' qualifications; responsibilities.

RELATES TO: KRS 156.160, 189.540

STATUTORY AUTHORITY: KRS 156.070, 156.160, 189.540
NECESSITY AND FUNCTION: KRS 156.160 requires the State Board for Elementary and Secondary [of] Education to adopt regulations relating to the transportation of children to and from school and to medical inspections and other matters deemed relevant to the protection of the physical welfare and safety of public school children; and KRS 189.540 requires the State Board to adopt regulations to govern the design and operation of school buses. This regulation implements those duties relative to the qualifications and responsibilities of the school bus driver.

Section 1. All local boards of education shall require annual medical examination of each school bus driver and drivers of special vehicles used to transport school children to and from school and such events related to such schools. The medical examination shall include tests for hearing and vision disorders, emotional instability, and for serious medical conditions including diabetes, epilepsy, heart disease, and other chronic or communicable diseases if indicated in the opinion of the examining physician. The examination shall include tests for tuberculosis upon initial employment and positive reactors shall be required to have further evaluations. All medical examinations of the school bus drivers shall be reported on a form prescribed by the State Department of Education and submitted to the local superintendent.

Section 2. No person shall be employed as a school bus driver who has been convicted of driving any motor vehicle under the influence of alcohol or any illegal drug within the last five (5) years. No person shall drive a school bus unless he or she is physically or mentally able to operate a school bus safely and satisfactorily. If there is limitation of motion in joints, neck, back, arms, legs, etc., due to injury or disease that would limit the driver's ability to safely perform the task of safely driving a school bus, the driver shall be rejected. Any driver taking medication either by prescription or without prescription, shall not be permitted to drive if that medication would affect, in any way, the driver's ability to safely drive a school bus.

Section 3. (1) No person shall drive a school bus unless he or she has:
(a) Visual acuity of at least 20/40 (Snellan) in each eye either without glasses or by correction with glasses;
(b) Form field vision of not less than a total of 140 degrees;
(c) The ability to recognize the colors of traffic signals and devices showing standard red, green, and amber.
(2) Drivers requiring correction by glasses shall wear properly prescribed glasses at all times while driving.

Section 4. No person shall drive a school bus whose hearing is less than 7/15 in the better ear, or hearing loss is greater than forty (40) decibels if audiogram is used, for conversational tones, with or without a hearing aid. Drivers requiring a hearing aid shall wear such properly operating aids at all times while

driving.

Section 5. The board, at its discretion, may require a school bus driver to pass a routine physical examination or a special type physical examination more often than annually. The school bus driver shall have a current physical fitness certificate on file in the district superintendent's office.

Section 6. A driver shall not start driving a school bus until his 18th birthday.

Section 7. The school bus driver shall have a current driver's license that is valid in Kentucky.

Section 8. Beginning with the 1985-86 school year, no person shall begin driving a school bus until he or she has completed the beginning school bus driver training course prescribed by the State Board <u>for Elementary and Secondary</u> [of] Education and has been issued a Kentucky school bus driver certificate by the Superintendent of Public Instruction, based upon evidence submitted by a certified instructor that all training requirements have been satisfied; provided that a temporary school bus driver's permit may be issued under the provisions set forth in 702 KAR 5:030, Section 7. The prescribed training course for beginning drivers shall consist of the following instructional units and minimum instructional times:

(1) Laws and regulations - one (1) hour;
(2) Driving fundamentals - one (1) hour;
(3) Care and maintenance - one (1) hour;
(4) Critical situations - one (1) hour;
(5) Accidents and emergency procedures - one (1) hour;
(6) Pupil management - one (1) hour;
(7) First aid - one (1) hour; and
(8) Vehicle operations - one (1) hour.

Section 9. Beginning with the 1986-87 school year, no school bus driver shall continue to drive a school bus until he or she has completed the school bus driver training course prescribed by the State Board <u>for Elementary and Secondary</u> [of] Education and holds a Kentucky school bus driver certificate issued by the Superintendent of Public Instruction, based upon evidence submitted by a certified instructor that all training requirements have been satisfied. The prescribed training course for initial certification of experienced drivers shall consist of the instructional units and minimum times outlined in Section 8 of this regulation, plus the following instructional units and minimum instructional times:

(1) Special education transportation - five-tenths (.5) hour; and
(2) Extra curricular trips - five-tenths (.5) hour.

Section 10. Beginning with the 1987-88 school year, all school bus drivers shall be required to renew their certificates annually by satisfactorily completing eight (8) hours of in-service driver safety training conducted by a certified instructor and relevant to the curriculum established under the standards set forth in Sections 8 and 9 of this regulation.

Section 11. Substitute school bus drivers shall meet the same requirements as regular school bus drivers.

Section 12. In case of an emergency that would make it necessary for the driver to leave the bus while pupils are on board, the driver shall stop the motor, shift the bus to low gear, set the parking brake, remove the ignition key, and place one (1) of the older responsible pupils in charge during the driver's absence.

Section 13. The driver shall operate the school bus at all times in a manner that provides the maximum amount of safety and comfort for the pupils under the circumstances.

Section 14. The driver shall supervise the seating of the pupils on the bus. The driver shall make certain the seating capability of the bus has been fully utilized before any pupil is permitted to stand in the bus aisle.

Section 15. The driver shall not, at any time, permit pupils to stand in the stepwell or landing area or where the pupil would likely fall out of the bus if the rear emergency door was opened, or where the driver's view directly in front of the bus or to either side of the front of the bus would be obscured.

Section 16. The driver shall report to the superintendent any overcrowded conditions on the bus.

Section 17. The driver shall transport only those pupils officially assigned to a particular bus trip unless an unassigned pupil presents the driver with a written permit to ride the bus trip that has been signed by the school principal or his designate. The driver shall not permit an assigned pupil to leave the bus at a stop other than where the pupil regularly leaves the bus unless a written permit signed by the school principal or his designate is presented to the driver.

Section 18. The driver shall not transport adult employees of the board or any person not employed by the board unless he receives written permission of the district superintendent to do so.

Section 19. The driver shall not knowingly permit any firearms or weapons, either operative or ceremonial, to be transported on the bus. The driver shall not knowingly permit any fireworks of any type to be transported.

Section 20. The driver shall not knowingly permit any live animals, fowls, or reptiles to be transported on the bus. The driver shall not knowingly permit any preserved specimen to be transported that would likely frighten any pupil or cause a commotion on the bus.

Section 21. The driver shall not permit the transportation of any object that would likely block the bus aisle or exits in case of a collision.

Section 22. The driver shall not permit a pupil to operate the entrance door handle or any other bus control except in case of an emergency.

Section 23. The driver shall activate the

flashing stop warning lights and/or the stop signal arm a sufficient distance from a bus stop that would permit any prudent motorist to stop short of striking or passing the stopped bus.

Section 24. For safety reasons, the driver shall not permit gasoline to be put into the bus gasoline tank while pupils are on board the bus.

Section 25. If a pupil's conduct on the bus is such that it endangers the lives and morals of the other people on the bus and makes it unsafe for the bus to continue on its route, and when requested by the driver to desist from such conduct and the pupil does not comply, it shall be the duty of the driver to order the pupil to leave the bus, and if this order is refused, to eject the pupil from the bus or send for assistance, whichever the circumstances dictate. Ejecting a pupil from the bus shall be done only in the most extreme circumstances. When ejection from the bus is required, the driver shall notify the principal of the school where the pupil attends, the district superintendent or some other school authority of the action taken as soon as it is possible to do so.

Section 26. In the interest of safety, the driver shall stop the bus at all places where the roadway crosses a railroad track or tracks at the grade level. The driver shall open the bus entrance door, listen, and look for the approach of a train from both directions. When the driver has ascertained that it is safe for the bus to cross the railroad tracks, he shall close the bus entrance door, shift the bus gears into the range that will provide adequate power and proceed immediately to cross the railroad tracks. In cases of severe weather or restricted visibility, the driver shall request assistance from the oldest pupils on the bus in determining whether or not it is safe for the bus to cross the railroad tracks. Under these circumstances, the stop signal arm and flashing warning lights shall be used only if these pupils get off the bus before it is driven across the tracks and board the bus after it has crossed the tracks.

Section 27. The driver shall have the authority to assign a pupil to a specific seat on the school bus.

Section 28. The driver shall make a pretrip inspection of the bus safety and operating equipment each time that the bus is taken out for the transportation of pupils.

Section 29. The school bus driver shall not operate the school bus at a speed in excess of the posted speed limit on the sections of highways over which the bus travels, nor at any time in excess of fifty-five (55) miles per hour. The driver shall not drive the school bus on any roadway at any time at a speed where the conditions of the roadway, weather conditions, or other extenuating circumstances would likely make it unsafe for the bus to travel at that speed.

Section 30. The driver shall wear the driver's seat belt at all times that the bus is operated.

Section 31. The stop signal arm and flashing warning lights shall be used only at stops where pupils are boarding or leaving the bus.

Section 32. The driver shall not use tobacco products while operating the school bus, nor knowingly permit pupils to use tobacco products when on the school bus.

Section 33. The driver shall signal pupils who must cross a roadway to board or leave the bus when the driver has determined that any visible approaching traffic creating a substantive risk of harm has come to a complete stop and is not attempting to start up or pass the bus.

Section 34. A driver shall not operate a school bus while under the influence of alcoholic beverages or any illegal drug or other drug as provided in Section 2 of this regulation. Drivers found under the influence of alcohol or any illegal drugs while on duty or with remaining driving responsibilities that same day shall be dismissed from employment.

Section 35. The driver of a school bus shall be on the bus at all times students are loading or unloading.

704 KAR 3:345. Evaluation guidelines.

RELATES TO: KRS 156.101
STATUTORY AUTHORITY: KRS 156.070, 156.101
NECESSITY AND FUNCTION: KRS 156.101 requires the State Board for Elementary and Secondary [of] Education to establish a statewide program for evaluation of certified school employees, including superintendents, and to develop guidelines for implementing the program and establishing the framework within which each local school district is to develop its own specific evaluation policies. This regulation establishes the requirements for the evaluation programs and policies of local school districts.

Section 1. Definitions. (1) Teacher - [for the purpose of this regulation,] any certified staff person who directly instructs students.
(2) Administrator - [for the purpose of this regulation,] any certified staff person other than the classroom teacher who serves as a primary evaluator.
(3) Other support staff - any certified staff other than teacher or adminstrator.
(4) [(3)] Evaluation - the process of assessing or determining the effectiveness of the performance of the certified employee in a given teaching and [/] learning or leadership and [/] management situation, based on predetermined criteria, through observation and other means of gathering information. Evaluation shall also include the establishment and monitoring of a growth plan mutually agreed upon by the evaluator and the evaluated certified employee.
(5) [(4)] Formative evaluation - a continuous cycle of collecting evaluation information [through observation and other means,] and interacting or providing feedback and suggestions regarding the certified employee's teaching or administrative performance. [The formative evaluation phase may also include the establishment of an improvement plan mutually agreed upon by the evaluator and the evaluated certified employee.]
(6) [(5)] Summative evaluation - the summary of, and conclusions from, all evaluation data, including but not limited to the formative evaluation data. The summative evaluation occurs [the results of the formative evaluation phase occurring] at the end of an evaluation cycle. Summative evaluation includes a conference involving the evaluator and the evaluated certified employee, and a written evaluation report.
(7) [(6)] Observation - a [the] process of gathering information, based on predetermined criteria in the district plan. [, to determine the effectiveness of the teacher by observing in the classroom the behaviors of the teacher and the reactions of the students to the teaching process, as well as the physical set of the classroom.]
(8) [(7)] Conference - a meeting involving the evaluator and the certified employee evaluated for the purpose of providing feedback from the evaluator, analyzing the results of [the] observation(s) and [or] other information to determine strengths and weaknesses, to develop a plan for growth [improvement] and follow-up.
(9) [(8)] Performance criteria - [predetermined] performance areas, [or] skills, or outcomes on which the certified employee shall [will] be evaluated based on the district plan.
(10) [(9)] Indicators - measurable behaviors outcomes which demonstrate performance criteria. [observable level of attainment of a performance criterion.]
(11) [(10)] Standards of performance - acceptable qualitative [and/]or quantitative level of performance expected of effective teachers or [/] administrators.
(12) [(11)] Position - term used to signify a professional role in the school district (e.g., teacher, secondary principal, supervisor of instruction).
(13) [(12)] Job category - term used to signify a group or class of positions with closely related functions (e.g., principal, coordinator, director[, etc.]).
(14) Growth plan - a plan whereby the evaluatee is given assistance for becoming more proficient as a teacher or administrator. The plan includes an objective, a plan for achieving the objective and evaluating success.

Section 2. Each local school district shall have an evaluation plan and procedures approved by the State Board for Elementary and Secondary [of] Education. Approval of the plan and procedures shall be for the purpose of certification as to the compliance of each specific school district's evaluation plan with the broad guidelines set forth herein.

Section 3. The local school district shall have a written policy for the evaluation of all certified employees[. The policy shall include a statement that the purposes of the evaluation system are to improve instruction, provide a measure of performance accountability to citizens and to provide encouragement and incentives for certified employees to improve their performances, as well as to support individual personnel decisions. The policy shall also contain procedures for appeal of individual evaluations in accordance] consistent with KRS 156.101[(11). The local appeals panel mandated therein shall be in place by June 1, 1986. Its jurisdiction shall include but not be limited to evaluations upon which the determination of eligibility for the $300 payment to be given in the 1987-88 school year is based].

[Section 4. All employees required to hold a valid certificate, issued by the Kentucky Department of Education, in order to perform their functions are to be evaluated as follows:]
[(1) The initial evaluation process shall be completed for all administrators, including the superintendent, and nontenured teachers, under an approved plan by the end of the 1985-86 school year.]

[(2) The initial evaluation process shall be completed for all tenured teachers under an approved plan by the end of the 1986-87 school year.]

[(3) In any local school district with an established evaluation plan in full operation during the 1984-85 school year which provides for a three (3) year evaluation cycle for tenured teachers, any evaluations of tenured teachers during the 1984-85 school year may be considered the initial evaluation of those tenured teachers as required by subsection (2) of this section, provided that such evaluation plan and procedures are approved by the Department of Education pursuant to the provisions of this regulation.]

Section 4. [5.] (1) An ad hoc committee consisting of equal numbers of teachers and administrators shall develop evaluation procedures and forms.

(2) The procedures shall provide for both formative evaluation and summative evaluation and shall include, but not be limited to, the following elements:

(a) The immediate supervisor of the certified school employee shall be designated the primary evaluator. Additional administrative personnel may be used to observe and provide information [in addition] to the primary evaluator.

(b) All monitoring or observations of performance of a certified employee shall be conducted openly and with the full knowledge of the teacher or administrator. The local district may determine the length and frequency and nature of observations conducted by an evaluator.

(c) The evaluation system shall include a growth plan [whereby the person evaluated is given assistance for becoming more proficient as a teacher or administrator].

(d) Evaluation shall include formative conferences [a minimum of one (1) conference] between the evaluator and the person evaluated within one (1) work week following each observation. In addition, the summative conference shall be held at the end of the evaluation cycle and include all evaluation data [the evaluation. However, additional conferences after observations are recommended].

(e) Evaluation with multiple observations shall occur annually for each nontenured certified employee. The formative data collected during the beginning teacher internship period may be utilized in summative evaluation of the intern.

(f) Multiple observations shall be conducted with certified employees whose initial observation results are unsatisfactory.

(g) Summative evaluation shall occur, but not be limited to, [at] a minimum of once every three (3) year period for each tenured teacher. [The local district may evaluate tenured teachers with greater frequency than the minimum.]

(h) Summative evaluation shall occur annually for administrators, except for superintendents who shall be evaluated not less than every two (2) years.

(i) All evaluations of certified employees below the level of the district superintendent shall be in writing on an evaluation form and become a part of the official personnel record.

(j) All observations shall include documentation of information to be used in determining the performance of the evaluatee [person evaluated].

(k) The evaluation system shall provide [personnel] an opportunity for a written response by the evaluatee [certified employee evaluated].

(l) A copy of the evaluation shall be provided to the evaluatee [person evaluated].

Section 5. [6.] (1) The evaluation procedures and forms shall be designed to support individual personnel decisions.

(2) The evaluation forms shall include, but not limited to, a list of performance criteria characteristic of effective teaching or administrative practices. The performance criteria shall include, but not limited to the following:

(a) Performs professional responsibilities and duties as outlined in the job description including regular attendance and punctuality;

(b) Demonstrates effective classroom [and/]or staff management skills;

(c) Uses instructional strategies and processes effectively;

(d) Demonstrates effective interpersonal and communication skills with peers, subordinates, students and[/or] parents;

(e) Demonstrates knowledge of subject matter [and/]or administrative techniques;

(f) Plans and evaluates instructional [and/]or administrative activities. Under each criterion, specific descriptors or indicators that can be measured [observed] and recorded shall be listed. In addition, standards of performance shall be established for each criterion.

(3) All certified school personnel shall be made aware of the criteria on which they are to be evaluated at the beginning of the evaluation period.

(4) Evaluation forms or instruments shall be specific for each position or job category. Other forms for observation and pre- and postconferences may be used at the discretion of the local district. [The Florida Performance Measurement System adopted for use in the Beginning Teacher Internship Program may be used as an observation instrument for formative evaluation in this program, but shall not be the sole basis of the summative evaluation of experienced personnel. All certified personnel shall be made aware of the observation instrument(s) to be used prior to the observation.]

Section 6. [7.] (1) All evaluators, with the exception of district board of education members, shall be trained, tested, and certified.

(2) Training shall:

(a) Include skill development in the use of the local evaluation process [and instrument]. Each local district shall conduct this training;

(b) Include skill development in the identification of effective teaching and [/] management practices, effective observation and conferencing techniques, establishing and assisting with certified employee growth [improvement] plans, and summative evaluation techniques. This training shall be conducted by providers who have been approved by the State Board for Elementary and Secondary [of] Education as trainers for the Instructional Leadership Improvement Program;

(c) Be provided by the State Board for Elementary and Secondary [of] Education for all new administrators who are designated as

evaluators. Other administrators who have not received training in the skill areas listed in paragraph (b) of this subsection may participate also; and

(d) Be approved as a part of the evaluation plan and procedures submitted to the State Board for Elementary and Secondary [of] Education.

(3) Testing shall:

(a) Include a cognitive test of research-based and professionally accepted teaching and [/] management practices and effective evaluation techniques listed in subsection (2)(b) of this section; and

(b) Be conducted by the State Board for Elementary and Secondary [of] Education or agencies approved by the State Department of Education.

(4) Initial certification as an evaluator shall be issued by the State Board for Elementary and Secondary [of] Education upon completion of the required evaluation training program and successful completion of testing. [Principals who receive certification through the Beginning Teacher Internship Program shall not be required to receive additional training or testing on research-based effective teaching practices and observation techniques.]

[(5) All certified personnel who have received a passing score on the cognitive test required by the Beginning Teacher Internship Program prior to July 1, 1986 shall be eligible for initial certification as evaluators of teachers.]

(5) [(6)] Continued certification as an evaluator shall be contingent upon the completion of a minimum twelve (12) hours of evaluation training every two (2) years beginning July 1, 1988 [1986]. This training shall be in any one, or a combination, of the following skill areas: use of the local evaluation process [and instrument], identification of effective teaching and [/] management practices; effective observation and conferencing techniques; establishing and assisting with certified employee growth [improvement] plans; or summative evaluation techniques.

(a) Hours of training received in the use of the local evaluation process [and instruments] shall be certified by the local board of education with documentation available for review by the State Department of Education.

(b) Hours of training received in the other skill areas may compose part of the evaluator's required hours for the Instructional Leader Improvement Program.

(6) [(7)] Each local district shall designate a person responsible for evaluation training as the contact person for the evaluation plan submitted by the local district.

Section 7. [8.] The local board of education shall annually review the evaluation plan to ensure compliance with KRS 156.101 and these regulations. If substantive changes are made to the evaluation plan, the local board of education shall utilize the ad hoc committee, as provided for in Section 4 [5] of this regulation, in formulating the revisions. Examples of substantive change are, but are not limited to, change in cycle, observation frequency, forms, and appeals procedures. All revisions to the plan shall be reviewed and approved by the local board of education and submitted to the State Board for Elementary and Secondary [of] Education for approval.

Section 8. [9.] (1) Any certified employee who feels that the local district is not implementing the evaluation plan according to the way it was approved by the State Board for Elementary and Secondary [of] Education shall have the opportunity to appeal to the State Board for Elementary and Secondary [of] Education.

(2) The appeal procedures shall be as follows:

(a) The State Board for Elementary and Secondary [of] Education shall appoint a committee of three (3) board members to serve on the State Evaluation Appeals Panel. Said panel shall have no jurisdiction relative to complaints involving the professional judgmental conclusions of evaluations and its jurisdiction shall be limited to procedural matters already addressed by the local appeals panel required by KRS 156.101(11) and Section 3 of this regulation.

(b) The certified employee shall [must] submit a written request to the Superintendent of Public Instruction for a hearing before the State Evaluation Appeals Panel. A specific description of the complaint and grounds for appeal shall [must] be submitted with this request.

(c) The State Evaluation Appeals Panel, or the Department of Education at its direction shall review the complaint and investigate to determine if a hearing should be granted.

(d) If a hearing is granted, all involved parties shall have an opportunity to speak before the appeals panel.

(e) A decision of the appeals panel shall be rendered within fifteen (15) working days after a hearing.

[Section 10. Each nonadministrative certified personnel employed during the 1987-88 school year who has a summative evaluation report which is not unsatisfactory overall shall be paid the sum of $300.]

[(1) The local evaluation plan shall include a definition of and the appropriate rating(s) for a certified employee who has satisfactorily completed the evaluation process and been deemed eligible for the $300 payment during the 1987-88 school year as provided in KRS 156.101(10).]

[(2) The local board of education shall determine the specific local procedures regarding the eligibility for the $300 payment and submit the implementation plan to the State Department of Education for approval by the state board by July 1, 1986.]

[(3) Eligibility for the $300 payment shall be based on the summative evaluation of nonadministrative certified personnel during the 1987-88 school year, or during either of the two (2) previous school years if no evaluation is due during 1987-88. Only one (1) $300 payment will be awarded for each eligible person during this three (3) year period, and said payment shall be made during the 1987-88 school year. Any certified employee who is not scheduled for an evaluation during the 1987-88 school year and has a rating that will prevent him/her from receiving the $300 payment in the 1987-88 school year shall, at the certified employee's request, be reevaluated in 1987-88.]

704 KAR 10:022. Elementary, middle and secondary schools standards.

RELATES TO: KRS 156.160
STATUTORY AUTHORITY: KRS 156.070, 156.160
NECESSITY AND FUNCTION: KRS 156.160 requires the State Board <u>for Elementary and Secondary</u> [of] Education to adopt rules and regulations relating to grading, classifying, and accrediting all common schools, and further allows private, parochial, and church schools to voluntarily comply with accreditation standards and to be so certified by the state board. This regulation implements this duty by prescribing general standards to be used in evaluation of public elementary, middle and secondary schools, and of those nonpublic schools voluntarily seeking an accreditation evaluation.

Section 1. [(1)] Pursuant to the authority vested in the [Kentucky] State Board <u>for Elementary and Secondary</u> [of] Education by KRS 156.070 and 156.160, the Kentucky Standards for [Grading, Classifying and] Accrediting Elementary, Middle and Secondary Schools, as amended on <u>November 2, 1988</u> [January 7, 1987], are presented herewith for filing with the Legislative Research Commission, and incorporated by reference.
[(2) "Procedures for Kentucky Accreditation Program," April, 1985, as revised on September 10, 1985, is presented herewith for filing with the Legislative Research Commission and incorporated by reference.]

Section 2. Pursuant to the authority vested in the [Kentucky] State Board <u>for Elementary and Secondary</u> [of] Education by KRS 156.160(2), nonpublic schools which voluntarily request accreditation shall be in compliance with all standards and indicators included in the Kentucky Standards for [Grading, Classifying and] Accrediting Elementary, Middle and Secondary Schools limited to curriculum, textbooks, and staff certification. Schools <u>shall</u> [will] address all standards and indicators except those marked "N/A" (not applicable). These Voluntary Nonpublic School Accreditation Standards, May, 1986, are presented herewith for filing with the Legislative Research Commission and incorporated herein by reference.

Section 3. The procedures for the voluntary accreditation of individual nonpublic schools or related groups of such schools under common management and control shall be as follows:
(1) All nonpublic schools or groups of schools which voluntarily request accreditation shall notify the Division of Accreditation by letter of their intentions.
(2) An Instructional Services Advisor (I.S.A.) shall be assigned to a school and shall be the liaison between the school and the Department of Education. The I.S.A. shall provide the school with the department's self-study guide and provide technical assistance as needed.
(3) An on-site team will visit each school to validate the school's self-study. This team shall be appointed by the Department of Education and shall consist of at least three (3) persons - an I.S.A., a local nonpublic school official and another Department of Education staff member.
(4) An additional team member shall be appointed for each additional five (5) faculty members beyond fifteen (15).
(5) A report shall be generated by the on-site team and a copy presented to the school or related group of schools. The school or related group of schools shall prepare a three (3) year plan of action to correct all noncompliance. The plan shall be monitored annually to assure that the plan of action is being implemented.
(6) The school or related group of schools shall then be placed on a five (5) year accreditation cycle. The first year shall be the self-study and the on-site visit followed by a three (3) year plan of action, and the last year shall be devoted to updating the self-study.
(7) State funds <u>shall</u> [may] not be used for the accreditation of nonpublic schools. Such schools shall reimburse the Department of Education the total costs of accreditation

certification, including necessary follow-up, either from their own funds or from any appropriate federal grants.

[Section 4. "The Merit Rating Procedural Information and General Criteria for Guidance Programs," March, 1985, and "Merit Rating Guidelines for Kentucky Schools," as amended on July 1, 1987, are presented herewith for filing with the Legislative Research Commission and incorporated by reference.]

Section 4. [5.] Any school or institution whose primary mission is to serve a student clientele (K-12) with unique needs that are outside the generally accepted operational range of students who attend public schools shall be classified and accredited under the category of Special School Accreditation.

Section 5. [6.] A copy of all documents incorporated in this regulation may be copied, inspected, and obtained from the Office of Research and Planning [Instruction], Department of Education, Third Floor, Capital Plaza Tower, Frankfort, 8 a.m. - 4:30 p.m., Monday-Friday.

704 KAR 20:005. Kentucky standards for preparation-certification of professional school personnel program approval.

RELATES TO: KRS 161.020, 161.025, 161.030
STATUTORY AUTHORITY: KRS 156.070, 161.030
NECESSITY AND FUNCTION: KRS 161.020 prohibits any person from holding the position of superintendent, principal, teacher, supervisor, director of pupil personnel, or other public school position for which certificates may be issued unless he holds a certificate of legal qualifications for the particular position; KRS 161.025 gives the Kentucky Council on Teacher Education and Certification the duty to develop and recommend policies and standards relating to teacher preparation and certification; and KRS 161.030 rests the certification of teachers and other school personnel and the approval of teacher-preparatory colleges and universities and their curricula with the State Board of Education. This regulation establishes the standards and procedures which are to be used for the approval of the various teacher preparation programs offered by the colleges and universities, and where applicable, these curriculum standards are consistent with the Program of Studies as incorporated in 704 KAR 3:304; and this regulation also establishes procedures and necessary justifications for future development of new preparation-certification programs.

Section 1. Pursuant to the statutory authority placed upon the Superintendent of Public Instruction, the State Board for Elementary and Secondary [of] Education, and the Kentucky Council on Teacher Education and Certification under KRS Chapter 161, there is hereby devised, created, and incorporated by reference the Kentucky Standards for the Preparation-Certification of Professional School Personnel, which shall include the standards and procedures for the approval of college and university curricula for the preparation programs.

Section 2. The Kentucky Standards for the Preparation-Certification of Professional School Personnel are hereby amended, and the amended document is hereby incorporated by reference and identified as the Kentucky Standards for the Preparation-Certification of Professional School Personnel, revised November [July], 1988. A copy of this document can be inspected, copied and obtained from the Office of Instruction, Department of Education, 18th Floor, Capital Plaza Tower, Frankfort, Kentucky, 8 a.m. - 4:30 p.m., Monday-Friday.

Section 3. Any proposal for the development by

the Council on Teacher Education and certification of a program of preparation-certification for a new position shall be evaluated in writing by the office of the Superintendent of Public Instruction on the basis of the following criteria:

(1) There are compelling reasons for establishing a preparation-certification program. Alternate procedures for insuring professional competence for the position are either not feasible or are not appropriate. The likelihood of unsatisfactory practices represents too high a risk for noncertification alternatives.

(2) A distinctive and specific body of knowledge exists for the new position which is not likely to be attained without a specific preparation-certification plan. The body of knowledge is sufficiently extensive for a program of preparation - twelve (12) semester hours of credit or more - rather than something that can be earned in miscellaneous noncredit experiences.

(3) There are pupils having unique characteristics which require the teacher to have specialized knowledge and skills or there is a need for special services for which unique professional preparation is required.

(4) There is a sufficient demand for the training for this position to warrant the development of preparation-certification programs at one (1) or more Kentucky teacher education institutions and for sustaining these programs over a period of several years.

(5) The preparation-certification requirement is cost effective in terms of the anticipated benefits to the local school district.

704 KAR 20:198. Director of special education.

RELATES TO: KRS 161.020, 161.025, 161.030
STATUTORY AUTHORITY: KRS 156.070, 161.030
NECESSITY AND FUNCTION: KRS 161.020, 161.025, and 161.030 require that teachers and other professional school personnel hold certificates of legal qualifications for their respective positions to be issued upon completion of programs of preparation prescribed by the Kentucky Council on Teacher Education and Certification and approved by the State Board for Elementary and Secondary [of] Education; furthermore, the teacher education institutions are required to be approved for offering the preparation programs corresponding to particular certificates on the basis of standards and procedures recommended by the council and approved by the state board. This regulation establishes an appropriate certificate for director of special education which shall also be valid for the position of teacher consultant for special education, and relates to the corresponding standards and procedures for program approval as included in the Kentucky Standards for the Preparation-Certification of Professional School Personnel.

Section 1. (1) The endorsement for director of special education shall be issued in accordance with the pertinent Kentucky statutes and State Board for Elementary and Secondary [of] Education regulations to an applicant who holds a provisional certificate for any category of special education, has completed at least three (3) years of experience as a teacher or teacher consultant of which two (2) years are in special education, and who in addition thereto, has completed the approved program of preparation which corresponds to the certificate at a teacher education institution approved under the standards and procedures included in the Kentucky Standards for the

Preparation-Certification of Professional School Personnel, as adopted by 704 KAR 20:005, TEC 69.0, Section 1. The approved program shall consist of forty-five (45) semester hours of credit above the bachelor's degree level and shall include a master's degree or planned fifth year program in special education.

(2) The endorsement for director of special education shall have the same duration period as the base certificate.

(3) The endorsement for director of special education shall be valid for the position of teacher consultant for special education or director of special education.

(4) Effective with the fall term of the 1990-91 academic year, teacher education institutions shall not admit applicants to the program of preparation for the endorsement for director of special education as described in subsections (1), (2), and (3) of this section; instead, applicants shall apply for admission to the preparation program for the professional certificate for director of special education. Persons admitted to the preparation program for the endorsement for director of special education shall complete the program by September 1, 1992.

Section 2. (1) A professional certificate for director of special education shall be issued in accordance with the pertinent Kentucky statutes and State Board for Elementary and Secondary Education regulations to an applicant who has satisfied the prerequisites and who has completed the approved program of preparation which corresponds to the certificate at a teacher education institution approved under the standards and procedures included in the Kentucky Standards for the Preparation-Certification of Professional School Personnel, as adopted by 704 KAR 20:005, TEC 69.0, Sections 2 and 3.

(2) The professional certificate for director of special education shall be issued for a duration period of five (5) years and may be renewed for subsequent five (5) year periods based upon completion by September of successful experience as a director of special education or three (3) semester hours of additional graduate credit related to the position of the director of special education, or forty-two (42) hours of approved training selected from programs approved for the Kentucky Effective Leadership Training Program.

(3) Any persons whose job duties, regardless of job title, include supervising, directing, administering, or coordinating special education programs for the 1988-89 academic year without an appropriate certificate under this regulation may be approved for 1989-91, and such may be extended for 1991-93 upon completion by September 1, 1991, of forty-two (42) participant hours of instruction relevant to the role of the director of special education as determined by the Office of Education for Exceptional Children or upon completion of one-half (1/2) of the approved curriculum standards for the professional certificate for director of special education. The approval may be extended for the same duration period as the base teaching certificate upon completion of another forty-two (42) participant hours to be completed by September 1, 1993, or completion of the approved curriculum standards for the professional certificate for director of special education. The forty-two (42) participant hours may also satisfy the requirement for the Effective Instructional Leadership Act, KRS 156.101.

(4) All persons whose job description includes supervising, directing, administering, coordinating special education programs, other than those approved under the provisions of subsections (3) of this section, shall be required to hold the endorsement for director of special education or the professional certificate for director of special education.

704 KAR 20:340. Endorsement for teachers of computer courses.

RELATES TO: KRS 161.020, 161.025, 161.030
STATUTORY AUTHORITY: KRS 156.070, 161.030
NECESSITY AND FUNCTION: KRS 161.020 prohibits any person from holding the position of superintendent, principal, teacher, supervisor, director of pupil personnel, or other public school position for which certificates may be issued unless he holds a certificate of legal qualifications for the particular position; KRS 161.025 gives the Kentucky Council on Teacher Education and Certification the duty to develop and recommend policies and standards relating to teacher preparation and certification; and KRS 161.030 rests the certification of teachers and other school personnel and the approval of teacher preparatory colleges and universities and their curricula with the State Board for Elementary and Secondary [of] Education. This regulation establishes the requirement that all teacher preparation programs include computer instruction and special preparation for persons who will teach the courses for which high school credit is given.

Section 1. (1) [Beginning January 1, 1987,] A certificate valid for classroom teaching at the secondary or middle grade level may be endorsed for teaching computer science, grades 5-12, [courses at the secondary level] upon completion of a minimum of eighteen (18) semester hours of college credit which includes:
(a) College algebra;
(b) Statistics;
(c) Introduction to Computer Science and Applications; and
(d) Computer programming - in addition to paragraph (c) of this subsection, a minimum of nine (9) semester hours of computer programming to develop competencies adequate for teaching computer science courses as listed in the Kentucky Program of Studies for Kentucky Schools, Grades K-12.
(2) The curriculum requirements for this endorsement may be satisfied in whole or in part through an evaluation of proficiency as provided in 704 KAR 20:030, at the option of the teacher education institution offering this endorsement program.

Section 2. The qualifications of [(3) Secondary] teachers who have taught Computer Math I, II or Advanced Placement Computer Programming for two (2) years within the five (5) years prior to January 1, 1989, as attested by the school district, may [continue to] be approved for teaching computer science in grades 5-12 [these assignments].

Section 3. [2.] (1) [Effective 1987-88,] The teacher education institutions shall incorporate into the teacher preparation programs for early elementary grades K-4, middle grades 5-8, and secondary grades 9-12, instruction in computer literacy, application, and operation. This instruction shall include the following content:
(a) Utilization of the computer as a tool;
(b) Selection, utilization, and care of software and peripherals and telecommunications;
(c) Copyright laws, privacy laws, and computer ethics; and
(d) Touch keyboard control and instruction.
(2) Proficiency in the requirements outlined in subsection (1) of this section [above] may be achieved through formal instruction with or without college credit, or at the option of the teacher education institution may be demonstrated by an appropriate evaluation of proficiency under provisions of 704 KAR 20:030 and shall be a prerequisite to methodology courses. Appropriate methodology courses shall, insofar as practical, incorporate the use of the computer as an instructional tool.
[(3) All individuals receiving initial teacher certification on or after January 1, 1989, shall also be eligible to teach Introduction to Computer Applications.]
(3) The qualifications of teachers [(4) Individuals who were initially certified prior to January 1, 1989,] may [also] be approved for teaching Introduction to Computer Applications upon establishing proficiency in areas outlined in subsection (1) of this section[. Individuals may establish proficiency] by making a passing score on an appropriate examination approved [prescribed] by the Kentucky Department of Education.

Section 4. [3.] The teacher preparation programs for the middle grades 5-8 and secondary grades 9-12 shall include instruction in software applications such as word processing, spread sheets, and file management in order to prepare teachers at these levels to integrate software applications into the various subject areas.

709 KAR 1:080. [State plan for] Community education.

RELATES TO: KRS 160.155 to 160.157

STATUTORY AUTHORITY: KRS 156.070, 160.156, 160.157

NECESSITY AND FUNCTION: KRS 160.155 to 160.157 establish the framework for a local school district to set up, and receive state funding for, a community education program, with KRS 160.156 directing the State Board for Elementary and Secondary [of] Education to establish a system of priorities for targeting available resources on the areas of greatest need with respect to [develop a state plan for] community education and to administer a community education grant program and with KRS 160.157 establishing general criteria for local district eligibility for funding. [, including the goals and objectives of such a program and a system of priorities for targeting available resources on areas with the greatest need.] This regulation implements [adopts] such statutory provisions by defining the appropriate allocation of appropriated funds and by establishing criteria by which grant proposals are to be evaluated and criteria for model-trainer projects [a state plan].

Section 1. (1) Funds appropriated by the Kentucky General Assembly for support of community education development and expansion during the 1988-90 biennium shall be distributed as follows:

(a) Grants to local school districts in the following two (2) categories in the aggregate amount of $235,000:

1. Partial funding for local district coordinator salaries - $217,000; and

2. Compensation to local districts for serving as model-trainer units - $18,000.

(b) The remaining monies shall be used for administrative expenses.

(2) A competitive review process shall be utilized to select actual grant recipients. Grants shall be awarded upon approval of the State Board for Elementary and Secondary Education. Districts interested in receiving funding shall submit an application to the Kentucky Department of Education. Applications shall be evaluated and scored based on adherence to the criteria designated in this regulation. [The "State Plan for Community Education, May, 1986" is hereby adopted and incorporated herein by reference, for the purpose of administering KRS 160.155 to 160.157. Copies of such document can be obtained from the Office of Instruction, Department of Education.]

Section 2. Grant proposals shall be evaluated and scored utilizing the following criteria:

(1) Local board of education willingness to staff a full-time community education coordinator or director (interpreted as one whose total working hours - regardless of number - are devoted to the implementation of the community education concept). It is understood that the concept of community education includes lifelong learning (early childhood, K-12, adult, and special populations), systematic citizen involvement, utilization of public facilities, and agency cooperation. No state certification is necessary for the coordinator or director positions, but education and job experience shall be considered in the scoring process, and the proposed coordinator or director shall be evaluated as to whether he or she possesses skills in communication, organization and management, human and public relations, decision-making and problem solving, budgeting, and evaluation. 0-20 points.

(2) Evidence that the local board has an existing, or planned, advisory council, representative of the community, which shall be involved in the planning, implementation and evaluation of community education efforts. 0-15 points.

(3) Evidence of cooperation among local school district and community organizations, agencies, institutions, local business, and industry. 0-15 points.

(4) A plan which includes provisions for early childhood, K-12, adult, and special populations. 0-15 points.

(5) A management plan for implementation of the overall project. 0-15 points.

(6) Evidence of a systematic plan for conducting needs assessment and evaluation. 0-10 points.

(7) Evidence that schools and other public facilities are available for citizen use. 0-10 points.

Section 3. Criteria for model-trainer projects shall be as follows:

(1) The purpose of such projects shall be to provide technical training for local district coordinators, advisory council members, school administrators, agency representatives, and other community members; to provide awareness training for local district staffs and community representatives; and to utilize the experience and expertise of local district community educators to provide training for existing and potential community education projects.

(2) In order to qualify for funding of model-trainer projects, districts shall demonstrate success in community education and that they have all components of the process in place, i.e., lifelong learning, citizen involvement, agency cooperation, K-12 support, and facility usage; and districts shall further authorize the community education coordinator or director to serve as the trainer.

(3)(a) For training purposes, the state shall be divided into Region I - school districts located west of I-65; Region II - school districts located between I-65 and I-75 and south of I-64; Region III - school districts located north of I-64; and Region IV - school districts located south of the I-64 and east of I-75.

(b) Local districts shall have the opportunity to participate in at least two (2) workshops per year, one (1) at the trainer project site and one (1) elsewhere in a region.

(c) Training shall be provided during each year of the 1988-90 biennium, but training shall not be held during the two (2) Department of Education moratorium periods for state sponsored meetings during the spring and fall.

PUBLIC PROTECTION & REGULATION CABINET
Harness Racing Commission
(Proposed Amendment)

811 KAR 1:215. Kentucky Standardbred Development Fund.

RELATES TO: KRS 230.770
STATUTORY AUTHORITY: KRS 230.770(5), (6)
NECESSITY AND FUNCTION: To regulate the eligibility of horses participating in races for which a portion of the purse is provided by the Kentucky Standardbred Development Fund. The function of this regulation is to establish eligibility standards and administrative practices to enforce such standards and to establish mandatory criteria for these races and the administration of purses and payments in such races.

Section 1. Beginning with the 1985 breeding season the owner or lessee of any standard bred stallion desiring to use him for breeding purposes and to have him qualify under the Kentucky Standardbred Development Fund must register said stallion by February 1 of the breeding season with the Kentucky Harness Racing Commission. Said stallion shall stand in the Commonwealth of Kentucky for the remainder of the breeding season except if contracted to stand at stud in the southern hemisphere. The registration shall be on forms provided by the commission with a payment of twenty (20) [ten (10)] percent of the stud fee or a minimum of $200 [$100]. A virgin standardbred stallion entering stud for the first time may be registered prior to his first breeding and must stand in the Commonwealth of Kentucky the remainder of the breeding season, except if contracted to stand at stud in the southern hemisphere.

Section 2. Stallions remaining in the state for more than one (1) breeding season shall be renewed annually. A renewal form must be filed by February 1 of the breeding season on forms provided by the commission. The annual renewal fee for stallions to the Kentucky Standardbred Development Fund will be twenty (20) [ten (10)]

percent of the stud fee with a minimum of $200 [$100].

Section 3. Owners of standardbred stallions registered with the commission shall submit by October 1 a report of mares bred during the preceding twelve (12) months. In addition, beginning with foals of 1985 owners shall submit to the Kentucky Standardbred Development Fund a copy of the Foaling Report Sheet sent to the United States Trotting Association of foals dropped.

Section 4. If the commission finds a registration to be incorrect, such registration may be cancelled and notice thereof shall be sent to the owner of the horse.

Section 5. (1) In order to qualify for the Kentucky Standardbred Development Fund, a foal must be the product of the mating of a mare with a Kentucky registered and resident stallion. The mare to be bred must either be a resident at the farm on which the stallion stands or be shipped to the farm on which the stallion stands to be impregnated. The transporting or mailing of a Kentucky registered stallion's semen to a broodmare is strictly prohibited.

(2) A foal conceived by semen which is frozen, desiccated, or transported off the premises where it is produced or not implanted on the same day it is collected, is not eligible for nomination to the Kentucky Standardbred Development Fund.

Section 6. Upon failure of an owner or lessee of a registered stallion to furnish the commission requested information relative to the registration of a horse, the commission may suspend or cancel the registration.

Section 7. If the commission finds that an application for registration or transfer contains false or misleading information, the commission may summon the person who executed said application and any other person who has knowledge thereof. Failure to respond to such summons may cause the commission to suspend or cancel the registration of horses owned by such person. After a hearing, the commission may suspend, cancel, or bar from further registration, horses owned by the person who executed the false or misleading information.

Section 8. Any owner or lessee of a stallion eligible or the Kentucky Standardbred Development fund shall designate a resident of Kentucky as an authorized agent who shall be responsible for the registrations and records of the farm and for complying with the requirements of the Kentucky Standardbred Development Fund on behalf of the owner or lessee.

Section 9. The authorized agent application is provided by the Kentucky Harness Racing Commission and must be filed together with the stallion registration.

Section 10. Sires stakes races in which any part of the purse is provided by the Kentucky Standardbred Development Fund shall be subject to the rules and regulations of the Kentucky Harness Racing Commission.

Section 11. Each colt, gelding or filly participating in a Kentucky sires stakes race must have been sired by a stallion registered with the Kentucky Harness Racing Commission, and maintained eligibility to the Kentucky Standardbred Development Fund.

Section 12. Each race shall be a one (1) mile dash.

Section 13. The race will split if more than eleven (11) declare to start. Thereafter, no division shall contain more than nine (9) horses. In the case of a split the event will be raced as follows: The nominating, sustaining, stallion and starting fees shall be added to the purse and each division shall race for an equal part of that purse.

Section 14. Gait must be specified by the first two (2) year old payment. Change of gait may be made at the time of declaration at the track, but sustaining payments remain in the funds of the original gait specified.

Section 15. All races will be raced in separate colt-gelding and filly divisions.

Section 16. All declaration fees will be added to the purse and will be made payable to the racing association at the time of declaration.

Section 17. The purse will be distributed on the following percentage basis:
(1) 50-25-12-8-5; five (5) starters or more;
(2) 50-25-15-10; four (4) starters;
(3) 60-30-10; three (3) starters;
(4) 65-35; two (2) starters.
The nominating, sustaining, stallion, supplemental and starting fees shall be added to the purse and each division shall race for an equal part of that purse. In 1985, purses for three (3) and two (2) year olds will be $16,500 estimated. This will apply at each of the Kentucky pari-mutuel tracks.

Section 18. Should circumstances prevent the racing of any event, if the race is not drawn, added monies will be equally divided among horses eligible for the uncontested event at the time of declaring off. In the event the race is drawn, the monies will be equally divided among the horses entered to start. This will include stake payments, declaration fees and purses provided by the Kentucky Standardbred Development Fund.

Section 19. Starters will declare in at each track at the time specified by the association conducting the event.

Section 20. At the time of the declaration a started must show at least one (1) charted line with no breaks within the last six (6) starts and within thirty (30) days prior to the day of the race; a two (2) year old trotter must have been timed in 2:14 or faster; a two (2) year old pacer must have been timed in 2:12 or faster; a three (3) year old trotter must have been timed in 2:10 or faster and a three (3) year old pacer must have been timed in 2:08 or faster. A broken equipment break or an interference break will not be considered a break as stated in this section. An eligibility certificate or a clear photocopy of the eligibility certificate must be on deposit with the race secretary at the time

of declaration or the declaration will be rejected. If the horse has a start subsequent to the eligibility certificate or photocopy being sent, the declarer must advise the race secretary of the commitment to race or the horse may be scratched from the race. This rule shall be in effect for wagering and nonwagering races.

Section 21. The Kentucky Standardbred Development Fund will be distributed by the Kentucky Harness Racing Commission on an equitable basis to promote the purposes expressed in KRS 230.770. The commission may authorize expenditures at any time; however, the commission may at its scheduled meeting each November, make provisions for the following year's distribution of funds for stake races. The Sires Stakes racing dates shall be issued after the tracks' race dates are set.

Section 22. The Kentucky Standardbred Development Fund will provide a trophy for each event. In the case of division races each division shall receive a trophy.

Section 23. After payment of the nomination fee, foals shall remain eligible for events each year by making the required sustaining and declaration payments for that year. The two (2) year old March 15 payment must be made in order to remain eligible as a three (3) year old.

Section 24. All nomination and sustaining payments shall be made to the Kentucky Standardbred Development Fund.

Section 25. Payments. All yearlings will be nominated on May 15 and fees will be twenty (20) dollars each. For foals of 1987, [Beginning with foals of 1983] a late payment of $100 will be accepted to nominate a yearling if the May 15 deadline is missed. Beginning with foals of 1988 and thereafter, a late payment of $200 will be accepted to nominate a yearling if the May 15 deadline is missed. This supplemental payment may be made at any time prior to the two (2) year old March 15 payment. Fees are payable to the Kentucky Standardbred Development fund.

TWO (2) YEAR OLD PAYMENTS
Foals of 1987 (To be raced in 1989)

March 15th	$ 40
May 15th	$200
Declaration Fee (for each track)	$200

March 15th payment makes entry eligible as a three (3) year old.

TWO (2) YEAR OLD PAYMENTS
Foals of 1988 and Thereafter

March 15th	$100
May 15th	$200
Declaration Fee (for each track)	2% of actual purse

March 15th payment makes entry eligible as a three (3) year old.

THREE (3) YEAR OLD PAYMENTS
Foals of 1986 & 1987
(To be raced in 1989 & 1990)

February 15	$ 80
March 15	$200
Declaration Fee (for each track)	$200

THREE (3) YEAR OLD PAYMENTS
Foals of 1988 and Thereafter

February 15	$100
March 15	$200
Declaration Fee (for each track)	2% of actual purse

PUBLIC HEARING: A public hearing has been scheduled on this regulation on December 21, 1988, at 10 a.m. at the office of the Kentucky Harness Racing Commission. Anyone interested in attending this hearing shall notify in writing: Carl B. Larsen, Executive Director, Kentucky Harness Racing Commission, 4063 Iron Works Pike, Building B, Lexington, Kentucky 40511 at least five days before the hearing.

REGULATORY IMPACT ANALYSIS
811 KAR 1:215, Section 1

Agency Contact Person: Carl B. Larsen
(1) Type and number of entities affected: 76 Kentucky registered standardbred stallions and their owners.
(a) Direct and indirect costs or savings to those affected: Indirectly, this proposed amendment could save the stallion owners an impossible-to-determine amount of money because it would permit Kentucky stallion owners to share stallion breeding seasons with Australasia (Australia/New Zealand).
1. First year: This savings, which would occur because syndication of stallions between Kentucky and Australasian breeders would continue indefinitely.
2. Continuing costs or savings: See 1 above.
3. Additional factors increasing or decreasing costs (note any effects upon competition): There would be no other factors which would increase or decrease costs.
(b) Reporting and paperwork requirements:
(2) Effects on the promulgating administrative body: There would be no additional reporting or paperwork requirement placed upon this administrative body as the current reporting and registration methods would be unchanged as this agency is only interested in the breeding of the stallion in the Commonwealth of Kentucky, and such methods are in place and operational.
(a) Direct and indirect costs or savings: There would be no direct or indirect costs or savings to this agency.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements: There would be no additional reporting or paperwork requirements involving this agency beyond those currently in place.
(3) Assessment of anticipated effect on state and local revenues: Because Australia and New Zealand are interested in upgrading their stock, this proposed amendment would permit Kentucky breeders to share Kentucky stallion seasons with Australasians. This sharing would only be permitted to take place with persons residing in the southern hemisphere. The potential exists for Australasians to form partnerships with Kentucky horsemen to syndicate stallions.

Because seasons are opposite in the northern and southern hemispheres, stallions have the potential to breed year round. These potential syndications could benefit Kentucky by increasing the sales of Kentucky registered horses which would add to the income of Kentucky breeders and sales companies. An increase in sales would generate an increase in Kentucky sales tax revenue; increase breeding farm income, and therefore tax; and increase sales company income. However, it should be noted that there is currently an embargo against U.S. standardbred horses being shipped to Australasia. Horses that have been cleared for shipment in the U.S. are not being permitted to enter either Australia or New Zealand. This is because U.S. standardbreds have tested positive for EVA virus (equine venereal disease) and it remains undecided by the international equine veterinarians and chemists about what levels of EVA should be considered acceptable. Even with a determination, there is no guarantee that Australasia will lift the embargo. Said embargo could remain in effect for years, thereby negating any potential for revenue increase.

(4) Assessment of alternative methods; reasons why alternatives were rejected: No alternative methods were considered.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: There is no statute, administrative regulation, or government policy which is in conflict, duplicated or overlapping.

(a) Necessity of proposed regulation if in conflict:

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:

(6) Any additional information or comments: The thoroughbred industry has been successfully sharing stallions with the southern hemisphere for several years. There have been no known complications arising from this arrangement. Should the EVA issue be settled, and U.S. standardbreds permitted to enter Australasia, the potential exists to increase sales tax revenue, income tax revenues, and provide some benefit to Kentucky breeders.

REGULATORY IMPACT ANALYSIS
Sections 1, 2, and 25

Agency Contact Person: Carl B. Larsen

(1) Type and number of entities affected: Based on 1988 figures: owners of 72 registered stallions; owners of 45 yearlings who paid supplementals; owners of 720 2-year olds; and 353 owners of 3-year olds.

(a) Direct and indirect costs or savings to those affected:

1. First year: In 1989, the cost of registration of stallions would increase from 10% to 20% or $100 minimum to a $200 minimum.

2. Continuing costs or savings: In 1990, yearling supplementals would increase from $100 to $200 and 2-year old payments would be $100 instead of $40; in 1991, 3-year old payments would increase from $80 to $100. The declaration fee paid at each track would change in 1990 from $200 to 2% of the actual purse. Thus, if a race split into three divisions, the declaration fee would be 2% of 1/3 of the total purse.

3. Additional factors increasing or decreasing costs (note any effects upon competition): The above fee increases were proposed to the Commission and agreed upon by Kentucky breeders, standardbred owners, and standardbred race tracks. As the program currently exists, breeders are having difficulty marketing Kentucky-bred yearlings because the sires stakes purses are so low. The fee increases were considered to be in line with states offering comparable purse money, and the breeders and horsemen felt if the purse money could be doubled, the market for Kentucky-bred yearlings would increase considerably. The tracks stand to gain from the increases as well, as larger purse money usually attracts a larger crowd and handle. With larger stakes races attracting a larger crowd and increasing pari-mutuel handle, the revenue to the state would also increase. The revenue to the Standardbred Development Fund would also increase, which would allow that additional money to be put back into purses for the horsemen. Since its inception in 1976, the Standardbred Development Fund has not raised stallion registration fees, or any of the nomination or sustaining fees paid by horsemen. Based upon the rate of inflation since 1976, the $25,000 purse raced for in 1976 is currently worth approximately $6,000. Current purse money offers no incentive to the horsemen, breeders, or betting public.

(b) Reporting and paperwork requirements: There would be no additional paperwork or reporting requirements, as schedule follows same as currently used.

(2) Effects on the promulgating administrative body:

(a) Direct and indirect costs or savings: There would be no direct or indirect costs to the Kentucky Standardbred Development Fund; however, if handle increased after full implementation, the 1.25% received by the fund for purse money would also increase.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: There would be no additional reporting or paperwork requirements as the fund currently receives nomination and sustaining payments from horsemen and maintains records on the revolving trust which distributes the purse money for those who have maintained eligibility to the program.

(3) Assessment of anticipated effect on state and local revenues: State revenue could be affected if the pari-mutuel handle increased.

(4) Assessment of alternative methods; reasons why alternatives were rejected: The proposed registration and payment increases were agreed upon by breeders, horsemen, and tracks. No alternative methods were suggested.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: There is no statute, administrative regulation, or government policy which would be in conflict, overlapped or duplicated.

(a) Necessity of proposed regulation if in conflict:

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:

(6) Any additional information or comments: Filed with the regulation are examples of purses

using 1988 figures, which show the actual 1988 purse and the 1989 purse based upon decreased divisions; and the 1990 purse based upon increased stallion registration fees, and increased sustaining fees. (These examples may be viewed in the office of the Regulations Compiler, Room 46, State Capitol.)

PUBLIC PROTECTION & REGULATION CABINET
Department of Housing, Buildings & Construction
Division of Building Codes Enforcement
(Proposed Amendment)

815 KAR 7:020. Building code.

RELATES TO: KRS Chapter 198B

STATUTORY AUTHORITY: KRS 198B.040(7), 198B.050

NECESSITY AND FUNCTION: The Kentucky Board of Housing, Buildings and Construction is required by KRS 198B.040(7) to adopt and promulgate a mandatory uniform state building code, which establishes standards for construction of buildings in the state. This regulation establishes the Kentucky Building Code basic provisions relating to new construction, including general building limitations, special use and occupancy, light, ventilation and sound transmission control, means of egress, structural and foundation loads and stresses, acceptable materials and tests, fire resistive construction and fire protection systems, safety during building operations, mechanical systems, energy conservation and electrical systems. This amendment is needed to allow certain standard construction practices, which do not reduce the life safety features of the building code, to continue in single family dwellings and apartments.

Section 1. The Kentucky Building Code shall include the National Electrical Code, 1987 Edition, N.F.P.A. #70, published by and copies available from the National Fire Protection Association, Batterymarch Park, Quincy, Massachusetts 02269. The National Electrical Code is hereby adopted by reference.

Section 2. The Kentucky Building Code shall include the "BOCA National Building Code/1987," Tenth Edition, published by and copies available from Building Officials and Code Administrators International, Inc., 4051 W. Flossmoor Road, Country Club Hills, Illinois 60477. That code, including all standards listed in Appendices A through D are hereby adopted by reference on June 18, 1987, with the following additions, exceptions and deletions:

(1) Delete Article 1 in its entirety. All requirements for the administration and enforcement of this regulation are set forth in 815 KAR 7:010 with fees established by 815 KAR 7:013.

(2) Change subsection 201.0 to include the following additional definitions:

(a) "Basement: That portion of a building the average height of which is at least half below grade, which is ordinarily used for purposes such as storage, laundry facilities, household tool shops, and installation and operation of heating, cooling, ventilating facilities, but which is not ordinarily used for purposes of general household habitation." (See "Story Above Grade")

(b) "Construction: The erection, fabrication, reconstruction, substantial alteration or conversion of a building, or the installation of equipment therein."

(c) "Equipment: Facilities or installations including but not limited to, heating, electrical, ventilating, air-conditioning, and refrigerating facilities or installations."

(d) "Reconstruction: The process of reproducing by new construction the exact form and detail of a vanished building, structure or object or a part thereof as it appeared at a specific period of time."

(e) "Rehabilitation: The process of returning a property to a state of utility through repair or alteration which makes possible an efficient contemporary use of while preserving those portions or features of the property which are significant to historical, architectural and cultural values."

(f) "Restoration: The process of accurately recovering the form and details of the property and its setting as it appeared at a particular period of time by means of the removal of later work or by the replacement of missing earlier work."

(g) "Stabilization: The process of applying measures designed to reestablish a weather-resistant enclosure and the structural stability of an unsafe or deteriorated property while maintaining the essential form as it exists."

(h) "Story: That part of the building comprised between a floor and the floor or roof next above which is not a basement or an attic."

(i) "TIA or Tentative Interim Amendment": means a publication of the National Fire Protection Association Standards Council which is a tentative amendment of the National Electrical Code referenced in Section 1 of this regulation because it has not been processed through the entire standards-making process; and it is interim because it is effective only between editions of the standard. As used in this regulation, it is a permanent provision until otherwise amended.

(4) Change subsection 309.5 to read as follows: "309.5 Use group R-4 Structures: This use group shall include all detached one (1) or two (2) family dwellings not more than than three (3) stories in height, and their accessory structures as indicated in the Appendix B Standard, One (1) and Two (2) family Dwelling Code. All such structures shall be designed and built in accordance with the requirements of this code for use group R-3 structures or shall be designed and built in accordance with all the requirements of the one (1) and two (2) family dwelling code as listed in Appendix B, except that the requirements of the state plumbing code (Article 28) shall supersede those conflicting requirements of the one (1) and two (2) family dwelling code. This choice shall be made by the builder at the time of plans submission. Nevertheless, any builder may use exception #3 of Section 809.4 to determine minimum size of egress windows."

(5) Change subsection 505.1 to read as follows: "505.1 Alteration Limitations: These provisions shall not be deemed to prohibit alterations within the limitations of Sections 106 and 505.2 provided an unlawful change of use is not involved."

(6) Delete Sections 512.1 through 512.4.1 and substitute the following: "512.1" Requirements

for accessibility of the handicapped: Please see 815 KAR 7:060 for construction requirements providing accessibility to the handicapped, Article 33 of this Code.

(7) Amend Article 32 as follows:

(a) Amend Section 3202.1 to read as follows: "The provisions in the following Section 3202.1.1 through 3202.1.5 shall apply to existing buildings that will continue to be, or are proposed to be, in Use Groups A, B, E, F, M, R and S. These provisions shall not apply to historic buildings as provided for in Section 102.5."

(b) Amend subsection 3202.1.5 to read as follows: "All portions of the buildings proposed for change in use shall conform to the provisions of Article 33 as required by Section 3302.1."

(8) Change Section 600.8.2 by creating a new subsection which shall read as follows: "600.8.2 Housekeeping: Periodic inspections of existing uses and occupancies shall be made by the appropriate fire and health officials to insure maintenance of good housekeeping conditions."

(9) Change Section 608.1 to read as follows: "Private garages located beneath rooms in buildings of Use Groups R-1, R-2, R-3 or I-1 shall have walls, partitions, floors and ceilings separating the garage space from the adjacent interior spaces constructed of not less than one (1) hour fire-resistance rating. Attached private garages shall be completely separated from the adjacent interior spaces and the attic area by means of one-half (1/2) inch gypsum board or equivalent applied to the garage side. The sills of all door openings between the garage and adjacent interior spaces shall be raised not less than four (4) inches (102 mm) above the garage floor. The door opening protectives shall be one and three-fourths (1 3/4) inch solid core wood doors or approved equivalent. In lieu of the required one and three quarter (1 3/4) or twenty (20) minute door, an approved automatic sprinkler head located directly above the door in the garage and properly connected to the domestic water system or an approved automatic detector located directly above the door in the garage shall be acceptable."

(10) Delete Section 702 and Section 804 in their entirety.

(11) Amend Article 11 as follows:

(a) Change Section 1100.0 by creating a new subsection which shall read as follows: "1100.2 Certificate of Compliance: the provisions of this article and Article 12 may be deemed to have been satisfied when certification of an architect or engineer registered in Kentucky to that effect is placed on drawings submitted to the building official."

(b) Amend subsection 1105.4 by changing "Section 103.3" to "Section 106.3".

(c) Amend subsection 1113.1.1, Additions, by adding an exception to read as follows: "Exception: in Zone 1, additions that increase the height of an existing building shall not be required to conform to the provisions of this subsection."

(12) Delete subsections 904.4.2, 904.4.3, 904.4.4 in their entirety; and amend subsection 904.4 to read as follows: "Interior hangings and decorations shall comply with Section 904.4.1."

(13) Change subsection 2500.2 to read as follows: "2500.2 Boilers: All boilers and associated pressure piping shall meet the standards for construction, installation and inspection as set forth in Title 815, Chapter 15, Kentucky Administrative Regulations."

(14) Add two (2) new subsections to Section 2500.0 which shall read as follows:

(a) "2500.3 Unfired Pressure Vessels. All unfired pressure vessels shall meet the standards set forth in Section VIII of the 1983 Edition of the ASME Boiler and Pressure Vessel Code, ANSI/ASME BPV-VIII-1."

(b) "2500.4 Mechanical Code: All mechanical equipment and systems not covered by 2500.2 or 2500.3 but which are required by other provisions of this code to be installed in accordance with the mechanical code listed in Appendix A, shall be constructed, installed and maintained in conformity with the BOCA Basic Mechanical Code/1987 including all applicable standards listed within Appendix A."

(15) Delete Article 29 in its entirety.

(16) Amend Article 27 by changing, creating or deleting certain portions thereof, as follows:

(a) Create a new subsection 2700.5 which shall read as follows: "2700.5 Electrical Inspections: Inspections conducted to determine compliance with the National Electrical Code shall be conducted by a certified electrical inspector in accordance with 815 KAR 35:015."

(b) Create a new subsection to 2700.5 to read as follows: "2700.5.1 Tentative Interim Amendment. Notwithstanding the provisions of Section 310-15(b) of the National Electrical Code dealing with ampacities of underground conductors, compliance with Tentative Interim Amendment #87-4, dated April 6, 1988, is incorporated by reference and shall be deemed to satisfy the intent of the Code. Copies of which are available from the Department of Housing, Buildings and Construction, The 127 Building, U.S. 127 South, Frankfort, KY 40601."

(c) Delete Subsections 2701.3, 2704.3, and 2704.4.

(d) In Subsections 2702.1, 2702.3 and 2703.1 change the words "Building Official" to "Certified Electrical Inspector."

(17) Delete subsections 2800.1 through 2807.1 in their entirety and substitute the following: "2800.1 Scope: The design and installation of all plumbing systems, including sanitary and storm water sewage disposal in buildings shall comply with the requirements of Chapter 318 of the Kentucky Revised Statutes and the Kentucky State Plumbing Code as set out in Title 815, Chapter 20, Kentucky Administrative Regulations."

(18) Change subsection 809.4 to read as follows:

"809.4 Emergency escape: Every sleeping room below the fourth story in buildings of Use Group R and I-1 shall have at least one (1) operable window or exterior door approved for emergency egress or rescue. The units must be operable from the inside to a full clear opening without the use of separate tools. Where windows are provided as a means of egress or rescue, they shall have a sill height not more than forty-four (44) inches (1118 mm) above the floor. All egress or rescue windows from sleeping rooms must have a minimum net clear opening of five and seven-tenths (5.7) square feet (0.532). The minimum net clear opening height dimension shall be twenty-four (24) inches (610 mm). The minimum net clear opening width dimension shall be twenty (20) inches (508 mm).

Bars, grilles or screens placed over emergency

escape windows shall be releasable or removable from the inside without the use of a key, tool or excessive force."

EXCEPTIONS

1. Grade floor windows may have a minimum net clear opening of five (5) square feet (0.47 m2).

2. In buildings where the sleeping room is provided with a door to a corridor having access to two (2) remote exits in opposite directions, then an outside window or an exterior door for emergency escape from each such sleeping room is not required.

3. Buildings equipped throughout with a complete automatic fire suppression system.

4. Egress windows located on the first and second stories in multiple family dwellings (R-2 and R-3 use groups) and one (1) and two (2) family dwellings, may have a minimum net clear opening height dimension of twenty-two (22) inches and a minimum width dimension of twenty (20) inches; and the net clear opening area may be reduced to no less than four (4) square feet. The minimum total glazed area must be five (5) square feet in the case of a ground floor window and not less than five and seven-tenths (5.7) square feet in the case of a second story window. (This exception applies only if the sash frames can be readily broken or removed.)

Section 3. Elevator, Dumbwaiter and Conveyor Equipment, Installation and Maintenance. The following subsections of Article 26 of the BOCA Basic Building Code are deleted or changed to read as follows:

(1) Change Subsection 2603.4 of Article 26 to read as follows: "2603.4 Posting certificates of compliance: The owner or lessee shall post the last issued certificate of compliance in a conspicuous place on the elevator, available to the building official."

(2) Change Subsection 2602.4.1 of Article 26 to read as follows: "2602.4.1 Periodic Inspection Intervals: Periodic inspections shall hereafter be made at intervals of not more than twelve (12) months for all passenger elevators, manlifts and escalators."

(3) Change Subsection 2610.1 of Article 26 to read as follows: "2610.1 General: The construction of machine rooms and related construction for passenger and freight elevators and dumbwaiters shall be protected from the weather, and shall be enclosed with fire resistive enclosures. Enclosures and access doors thereto shall have a fire endurance at least equal to that required for the hoistway enclosure in Table 401."

Section 4. Elevators. On page 485 of Appendix A of the BOCA National Building Code under "Elevators, Escalators and Moving Walks," add the following citations: "A17.1B-1985; A17.1C-1986, with the exception of rules 102.2(c)(4) and 700.4b, 700.5, 700.7b, 700.10b, 707.4."

Section 5. Amend Article 3 of the 1987 Edition of the BOCA National Building Code adding a new section to read as follows: "310.4 Tobacco auction warehouses: Warehouses, for the sale of tobacco only, of Type 1, Type 2, or Type 3 construction, may be constructed without a sprinkler system when all the following requirements have been met:

(1) The initial submission of plans to the Department of Housing, Buildings and Construction shall include a signed certificate by the owner that the warehouse will be used solely for the sale of tobacco on a seasonal basis or for the storage of noncombustibles.

(2) A manual fire alarm and smoke detection system with notification to the local fire service shall be provided with installation in accordance with Section 1017 of this code.

(3) An eighteen (18) foot paved and posted fire lane surrounding the entire perimeter of the building shall be provided and be accessible from a public street.

(4) A fifty (50) foot fire separation shall be maintained between the warehouse and the lot line and the warehouse and the nearest building."

Section 6. Amend the 1987 Edition of the BOCA National Building Code as follows:

(1) Amend Article 5 as follows:

(a) In subsection 505.1, change the number, "103.0," to read "106.0."

(b) In subsection 511.1, change the number, "124.0," to read "123.0."

(c) Delete subsection 513.1 in its entirety.

(2) Delete the reference to the BOCA Fire Prevention Code listed in Appendix A and install in its place the following: "The Kentucky Fire Safety Standards (815 KAR 10:020 - Fire Safety Standards) shall be used as the fire prevention code."

(3) Amend Figure 1113.1 of Article 11 by adding the following list of 120 Kentucky counties showing the assigned earthquake risk zone for each. The risk zone assigned herein shall supersede any general area designations as shown upon the face of the map.

(4) Change subsection 2203.2.1.7 to read as follows: "Glazing in fixed panels having a glazed area in excess of nine (9) square feet (0.84 m^2) with the lowest edge less than eighteen (18) inches (457 mm) above the finish floor level or walking surface within thirty-six (36) inches (914 mm) of such glazing, and the finish floor or walking surface are extended on both sides of said glazing. In lieu of safety glazing, such glazed panels may be protected with a horizontal member not less than one and one-half (1 1/2) inches (38 mm) in width when located between twenty-four (24) inches (610 mm) and thirty-six (36) inches (914 mm) above the walking surface."

(5) Change section 2203 by adding a new subsection 2203.3 which shall read as follows:

(a) "2203.3 Labeling requirements:

1. Each light of safety glazing material manufactured, distributed, imported, or sold for use in hazardous locations or installed in such a location within the Commonwealth of Kentucky shall be permanently labeled by such means as etching, sandblasting or firing ceramic material on the safety glazing material. The label shall identify the labeler, whether manufacturer, fabricator or installer, and the nominal thickness and the type of safety glazing material and the fact that said material meets the test requirements of ANSI Standard Z-97.1 and Z-97.1a listed in Appendix A and such further requirements as may be adopted by the Department of Housing, Buildings and Construction. The label must be legible and visible after installation. Such safety glazing labeling shall not be used on other than safety glazing materials."

(6) Change subsection 915.4 and the exceptions thereto to read as follows: "915.4 Duct and pipe shafts: In all buildings other than buildings of Use Group R-2, vertical pipes arranged in groups of two (2) or more which penetrate two (2) or more floors and occupy an area of more than one (1) square foot (0.093 m^2), and vertical ducts which penetrate two (2) or more floors, shall be enclosed by construction of not less than one (1) hour fire-resistance rating to comply with this section. All combustible ducts connecting two (2) or more stories shall be enclosed as indicated herein.

Exceptions:

1. In all buildings of Use Group R-2, vertical noncombustible ducts shall not be required to have a one (1) hour enclosure provided:

(a) the cross sectional area does not exceed thirty-five (35) square inches;

(b) the duct does not penetrate more than three (3) floors;

(c) the duct serves no more than one (1) dwelling unit and shall not join other ducts except above the top level for the purpose of utilizing a single roof penetration; and

(d) these ducts are restricted for use as a bathroom or kitchen exhaust, and combustion air supply and relief.

(7) Add the following language and NFPA Standards to Appendix A on page 496:

"These NFPA Standards are to be used for fire suppression requirements and design only, where referenced in a specific code requirement in the body of the Code."

(8) Amend Article 30 as follows:

In subsection 3005.2, change the words, "Section 2805.4 through 2805.4.3" to read "Article 28, 815 KAR 20:090."

(9) Delete Article 28 in its entirety and substitute the following reference: "2800.1 General: See Kentucky State Plumbing Code for all the requirements for plumbing installations as set forth in Chapter 20, Title 815 of Kentucky Administrative Regulations. Informational copies are available from the Kentucky Division of Plumbing, U.S. 127 South, Frankfort, Kentucky 40601."

Section 7. Amend section 812 of the 1987 Edition of the BOCA National Building Code.

(1) Amend the first sentence of subsection 812.4.2 to read as follows: All doors equipped with latching or locking devices in buildings of Use Groups A and E or portions of buildings used for assembly or educational purposes and serving rooms or spaces with an occupant load greater than 100 shall be equipped with approved panic hardware."

(2) Create an exception to subsection 812.4.2 to read as follows: "Exception: Panic hardware for Use Group A3 is not required for the principal entrance/exit doors if (1) they are free-swinging; and (2) the calculated occupant load does not exceed 150; and (3) the latch/lock device is a thumb latch/lock or a key operated lock device in which the key cannot be removed from the side from which egress is to be made when it is locked."

Section 8. Amend Section 1016.1 to read as follows: "1016.1 Fire hydrants: Fire hydrants installed on private property as a part of a private fire protection system shall be located so as to meet the requirements of NFPA 24. Yard hydrant installation shall be coordinated with the responsible fire officials who shall not make recommendations which exceed the requirements of NFPA 24. Hydrants not addressed by NFPA 24 shall conform to the standards of the administrative authority of the jurisdiction and the fire department. Hydrants shall not be installed on a water main less than six (6) inches in diameter."

Section 9. Amend Article 9 of the 1987 Edition of the BOCA National Building Code by creating certain portions thereof as follows:

(1) Create a new subsection 905.4 which shall read as follows: "905.4 Combustible Pipe: Combustible Pipe shall be permitted in all use groups and construction types where approved by Article 28 of this Code and the Kentucky State Plumbing Code."

(2) Create a new subsection 905.4.1 which shall read as follows: "905.4.1 Vertical Combustible Pipes: Vertical Combustible Pipes shall comply with Sections 905.4.2 and 915.4."

(3) Create a new subsection 905.4.2 which shall read as follows: "905.4.2 Combustible Pipe Penetrations: Combustible pipe penetrations of fire-resistance rated assemblies shall be acceptable when installed in accordance with an approved tested assembly utilizing combustible pipe penetrations. If there is no approved tested assembly with combustible pipe penetrations, noncombustible fittings shall be required where combustible pipe penetrations enter into or exit from the fire-resistance rated assembly."

Section 10. Create a new Section 2511 of the 1987 BOCA National Building Code entitled "Rangehoods" to read as follows: "2511 Rangehoods. Rangehoods in kitchen exhaust systems shall comply with the requirements of the Mechanical Code listed in Appendix A. The bottom edge of the hood shall be located at a height of not more than four feet (4') above the cooking surface."

Section 11. Amend subsection 625.1 by adding a sentence to read as follows: "625.1.1 The Cabinet for Human Resources, Department for Health Services shall regulate the design and construction of new facilities as related to water distribution and treatment systems for public swimming pools and the proper operation and maintenance of all such facilities. Their regulation is 902 KAR 10:120 and is titled 'Kentucky Public Swimming and Bathing Facilities Regulation'."

Section 12. Amend Appendix A, page 492 of the 1987 BOCA National Building Code under CABO by adding a reference to CABO-1987 Supplement.

Section 13. Amend Section 1012.2.9, Use Group S, by adding an Exception to read as follows: "Use Group S: In all buildings or structures or portions thereof of Use Group S, other than public garages which shall conform to Section 1012.2.11, when:

(1) Three (3) or more stories in height, of Use Group S-1, and more than 3,000 square feet (279 m^2) in area per floor; or

(2) Three (3) or more stories in height, of Use Group S-2, and more than 10,000 square feet (930 m^2) in area per floor; or

(3) Four (4) or more stories in height of Use Group S-1 or S-2 regardless of the area per floor.

EXCEPTION: For open parking structures, the required standpipe may be a dry without making a connection to the permanent water supply."

Section 14. Amend Table 806 of Article 8 by adding an Exception to Industrial Areas which reads as follows: "Exception: For purposes of determining jurisdiction under Sections 108 and 109, design professional seal requirements, and Article 33 coverage, use 200 gross."

Section 15. Amend subsection 304.1 to read as follows: "304.1 General: All buildings and structures, or parts thereof, other than those used for business training or vocational training, shall be classified in Use Group E which are used by more than five (5) persons at one (1) time for educational purposes including, among others, schools, academies, colleges and universities. Educational type uses with a total occupant load less than fifty (50) shall be classified as Use Group B. School buildings, or parts thereof, for business training or vocational training shall be classified in the same use group as the business or vocation taught."

Section 16. Amend various sections of the 1987 BOCA National Building Code dealing with apartment buildings and single family dwellings by creating certain exceptions, as follows:

(1) Create an exception to Section 708.1.3 to read, "Exception: Use Group R-3 basement recreation rooms, a furred ceiling height of six feet and eight inches (6'8") around the ducts may be made in the soffit area only for structural beams and mechanicals. The above two-thirds (2/3) area requirements must still be met."

(2) Create an exception to Section 828.2.2 to read, "Exception: Handrails within individual dwelling units shall not be less than thirty (30) inches nor more than thirty-four (34) inches, measured vertically, above the nosing of the treads or above the finished floor."

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Judith G. Walden
(1) Type and number of entities affected: Builders of apartment buildings and single family dwellings.
(a) Direct and indirect costs or savings to those affected: Reduced construction costs in some living unit designs.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs (note any effects upon competition):
(b) Reporting and paperwork requirements: There are no paperwork requirements except printing the code changes to be added to the Kentucky Building Code, which may cost up to $200.
(2) Effects on the promulgating administrative body: There are no costs or savings to this agency because the regulation merely provides for certain variations in construction methods in certain designs of buildings which are prohibited without this amendment.
(a) Direct and indirect costs or savings:
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements:
(3) Assessment of anticipated effect on state and local revenues: Local or state revenues not affected because fees for construction of these buildings are unchanged.
(4) Assessment of alternative methods; reasons why alternatives were rejected: The alternative method of construction as stated in the KBC was not rejected. The exceptions to the rule which are added herein were found by the Board of Housing to be acceptable, safe practices within the limits defined.

Department of Housing, Buildings & Construction
Division of Plumbing
(Proposed Amendment)

815 KAR 20:020. Parts or [and] materials list.

RELATES TO: KRS Chapter 318
STATUTORY AUTHORITY: KRS Chapter 13A, 318.130 [13.080(3)(b), 13.082]
NECESSITY AND FUNCTION: The department is directed by KRS 318.130 through the State Plumbing Code Committee to adopt and put into effect a State Plumbing Code. This regulation will allow the department to permit the use of new parts and materials without amending specific regulations for each new item. This regulation will eliminate the repetitious amending of the Plumbing Code now required to include new materials item by item. This amendment is needed to formalize the approval process in accordance with KRS Chapter 13A, to establish certain new definitions and to clarify the intent that all new products be equivalent to other items already in the Code.

Section 1. Definitions as used in this regulation. (1) "APML" shall mean the "Approved Parts or Materials List."
(2) "ABS" means acrylonitrile-butadiene-styrene pipe.
(3) "ASTM" means American Society for Testing Materials.
(4) [(2)] "Parts or materials" shall mean all types of fittings and piping used in the soil, waste and vent systems, house sewers, potable water supply, plumbing fixtures, appurtenances, and mechanical sewage systems in plumbing systems.
(5) [(3)] "Committee" shall mean the State Plumbing Code Committee.
(6) [(4)] "Code" shall mean the State Plumbing Code.
(7) [(5)] "Department" shall mean the Department of Housing, Buildings and Construction.
(8) [(6)] "Person" shall mean any individual, public or private corporation, political subdivision, government agency, municipality, copartnership, association, firm, trust, estate, or other entity whatsoever.
(9) "PVC" means polyvinyl chloride pipe.

Section 2. Approved Parts or [and] Materials List (APML). The use of any part or material in any drainage or plumbing system or section thereof, other than those currently authorized by the code, is prohibited unless the use of such part or material has been considered by the committee and approved by the department as being equal to or better than other similar approved items for inclusion in the APML. The APML may also specify methods of installation [and/]or restrictions applicable to a particular part or material.

Section 3. Amending the APML. (1) A person desiring to have the APML amended shall petition, in writing, for an opportunity to be heard by the committee no later than fourteen (14) days prior to the next scheduled meeting of the committee. Such request shall include a description of the part or material for which approval is sought, available technical data, and a listing of other authorities which have the use of the part or material, and any other pertinent information requested by the committee.
(2) The committee will consider all parts or materials for which approval is sought and will forward thirty (30) days thereafter its recommended disposition to the department. Provided, however, that a hearing will be held before the committee if requested, within thirty (30) days following the determination of the committee, by a person having an interest in the subject matter. Upon approval [adoption] of a recommendation by the department, the APML shall be amended by listing the new part or material in Section 5 of this regulation. [will be amended as necessary, and filed by reference in accordance with 1 KAR 1:010.]

Section 4. Custody of the APML. It shall be the responsibility of the Director, Division of Plumbing, to maintain an up-to-date APML and to make it available for inspection during regular office hours. Copies of the APML may be obtained by mailing a self-addressed stamped envelope to the Division of Plumbing, Department of Housing, Buildings and Construction, Frankfort, Kentucky 40601. The cost of reproduction shall not exceed ten (10) cents per page.

Section 5. Content of Approved Parts or Materials List. The following list of parts or materials have been approved by the Kentucky Plumbing Code Committee and the Division of Plumbing and shall be allowed for installation in Kentucky.

(1) Flexible three-fourths (3/4) inch hot and cold water connectors for hot water heaters, minimum wall thickness, .032.

(2)(a) Flushmate water closet tank.

(b) Microphor company. Two (2) quart flush toilets.

(c) Jomar 3 and 4 water conserver water closets to operate efficiently on three and one-half (3 1/2) gallons of water per flush.

(d) Superinse toilet that operates on one (1) gallon of water per flush as manufactured by Universal Rundle for the Thetford Wastewater Treatment Systems.

(e) IFO Sanitar AB Model-3160 and 3180 China Water Closet equipped with a Fluidmaster 4003A-F77 Ballcock.

(f) Cashsaver MX (quantum 150-1) Water Closet Combination and Flushmate II Flushometer/Tank as manufactured by Mansfield Plumbing Products.

(3) Tubular traps with gasket in trap seal.

(4) Magic Flush Sewage Systems - limited for use in governmental, industrial or commercial applications where proper operation and maintenance is assured.

(5)(a) Polyethylene sump pump basin. Polyethylene sump pump basin must be constructed of polyethylene material and be provided with a sump cover.

(b) Liberty Pump Model 402, Laundry Tray Pump for pipe size one and one-half (1 1/2) inch for light commercial and household usage.

(c) Drain pump and HiLo Industries Power Drain for pipe size one and one-half (1 1/2) inch for light commercial and household usage.

(d) Sewage ejector pit - eighteen (18) inch by twenty-two (22) inch with steel cover pit and eighteen (18) inch by thirty (30) inch with steel cover sump pit as manufactured by Lunsford and Associates, Inc.

(6)(a) No-caulk roof flashing. No-caulk roof flashing shall be eighteen (18) inch by eighteen (18) inch galvanized iron base with a neoprene boot forming a water tight seal with the stack that it serves.

(b) Polyethylene roof flashing. Polyethylene roof flashing shall have a base which will extend six (6) inches in all directions from the base of a stack and shall have a boot with a performed thermoplastic rubber gasket.

(c) Dektite pipe flashing system to be used on metal building decks for plumbing vent stacks as manufactured by Buildex Corporation.

(d) Oatey eighteen (18) inch by eighteen (18) inch no caulk thermoplastic flashing, one (1) piece construction, positive double seal in three (3) inch only.

(e) Carlisle syntec systems. Vent flashings for sureseal and Brite-Ply roofing systems as required by Carlisle Corporation.

(f) Trocal roofing systems. Vent flashings for Trocal roofing systems as required by Dynamit Nobel of American, Inc.

(g) Masterflash Pipe Flashing system for plumbing vent stacks as manufactured by Aztec Washer Company.

(h) Hi-Tuff Roofing Systems pipe flashing system for plumbing vent stacks as required by J.P. Stevens and Company, Inc.

(7)(a) Kitchen sink faucet. Kitchen sink faucets may have corrugated supply piping provided the piping has a wall thickness equal to Type M copper pipe.

(b) Sink and lavatory faucets and pop-up lavatory assembly parts manufactured by CPVC plastic as manufactured by Nobco Co.

(8) Lab-Line Enfield L-E Acide waste systems, one and one-half (1 1/2) thru four (4) inch inside measurement for above and below ground installation on acid waste only. Underground must be laid on six (6) inches of sand grillage. May be backfilled by hand and tamped six (6) inches around piping or may be surrounded by six (6) inches of sand grillage.

(9) Floor drains, shower drains, urinal drains and cleanouts manufactured by Plastic Oddities, Inc.

(10) Tubular plastic components conforming to ASTM F409-75, bathtub waste and overflow, traps, continuous sink wastes and extension tubes as manufactured by J & B Products Corporation.

(11)(a) Water heaters. Heat pump water heaters as manufactured by Dec International, Inc., Therma-Stor Products Group.

(b) Water heaters, point of use or instantaneous.

1. In-sink-erator's Ultra System. For instant hot water to serve individual fixtures, Model #777W, W, WH, WA and WHA.

2. Thermar Tankless water heaters - nonpressure type without the requirement of a temperature and pressure relief valve; the pressure type with the requirement that the temperature and pressure relief valve be of a one-half (1/2) inch short shank valve and must be installed with the product.

3. Vitaclimate Control Systems, Inc. - Heatrae Instantaneous Water Heaters Models 7000 and 9000, pressure type, point of use water heater and must be equipped with an approved temperature and pressure relief valve installed so that the thermo couple of the relief valve extends into the heat chamber discharge.

4. Paloma Automatic Instantaneous Gas Water Heaters Numbers PH-6DN, PH-6DP, PH-12A-DN, PH-12A-DP, PH-12M-DN, PH-12M-DP, PH-16A-DN, PH-16A-DP, PH-16M-DN, PH-16M-DP, PH-24A-DN, PH-24A-DP, PH-24M-DN and PH-24M-DP.

5. Rinnai Gas Fired Instantaneous Water Heaters Model Numbers REU-95GS-2R, REU-95GS-3R, REU-90, REU-130 pressure type and must be equipped with an approved temperature and pressure relief valve.

6. Elkay Aqua-Temp tankless water heaters - nonpressure type without the requirement of a temperature and pressure relief valve.

7. International Technology Sales Corporation AEG Telefunken MDT instantaneous water heater and must be equipped with an approved temperature and pressure relief valve.

8. International Technology Sales Corporation Zanker Faucet Model W05U without a temperature and pressure relief valve.

9. Amtrol hot water maker model numbers WH7P,

WH7 and WH7C with a minimum three-fourths (3/4) inch inlet and outlet.

10. Chronomite Laboratories, Inc. - instantaneous water heater and must be equipped with an approved temperature and pressure relief valve.

11. Nova Hot Water Generator Models: VES5/10, VES6/12, VES7/14, VES8/16, VES9/18 and VES11/22 as manufactured by Hot Water Generators, Inc.

12. Aqua Star tankless gas water heaters, model numbers 125 VP and 80 VP and must be equipped with an approved temperature and pressure relief valve.

13. Ariston electric water heaters, model numbers P-15S and P-10S and must be equipped with an approved temperature and pressure relief valve.

(12) Compression joints. Failsafe hot and cold water systems.

(13) Orion fittings for acid waste piping systems for above and below ground.

(14) R & G Slone Manufacturing Company. Fuseal mechanical joint for the connection of polypropylene and waste piping.

(15) Johns Manville Flex I drain roof drain system.

(16) Hydrocide liquid membrane (HLM) to be used as a shower pan material conforming to ASTM C836-76. The density of the material must be at least one-sixth (1/6) inch thick.

(17) Cycle-let waste treatment and water recycling system as manufactured by Thetford Corporation to be approved on an individual basis as to engineering requirements.

(18) Scotch-Clad brand waterproofing system as manufactured by the 3M Company for thin-set installation of ceramic and quarry tile in shower stalls, bathrooms, janitorial closets limited to those applications on concrete floors and using metallic soil and waste piping.

(19) Elkay Aqua-chill water dispensers.

(20) Flexible connectors for hot and cold potable water supply in plumbing fixture connections as manufactured by Aqua-Flo Corporation limited to thirty (30) inch length except dishwashers which will be forty-eight (48) inches maximum.

(21)(a) Delta Faucet Company's quick-connect fitting known as "grabber" to be used with hot and cold potable water installations above ground only.

(b) REMCO Angle Stop Quick connect valve for use with hot and cold potable water installations above ground only.

(22) Interceptors.

(a) Town and Country plastic interceptors to be used as a grease trap.

(b) Grease recovery unit (GRU) as manufactured by Lowe Engineering, Lincoln Park, NJ.

(c) Scienco, Inc., models SI-101-20G, SI-104-35G, SI-102-50G and SI-103-100G with PVC solvent connections only.

(d) Rockford separators for grease, oil, hair and solids in various styles and sizes and being more specifically model series G, G LO, G M, G LOM, GF, GFE, GAS, GPS, GSS, QS, RHS, GSC, RMS, RSD, SD, SDE, GTD, and RTD that are used for their intended purpose and installed in accordance to the manufacturer's specification and the plumbing code.

(e) Grease interceptors as manufactured by Enpoco, Inc. of St. Charles, IL.

(23) Plastic Oddities Srv (sewer relief vent) cleanout.

(24) ARMCO A-2000 - a PVC corrugated pipe with smooth interior meeting or exceeding all the material and service test requirements of ASTM D-3034-74 except dimensions at the time of manufacture.

(25) Nonchemical water treatment to control lime scale and corrosion build-up superior water conditioners as manufactured by Kemtune, Inc.

(26) Eljer plumbing ware - Elgers ultra one/G water closet.

(27) P/"Power Flush" and "Quik Jon" as manufactured by Zoeller Company; must have a three (3) inch vent; alternate additional waste openings to be located in pump chamber above top of base chamber.

(28) Exemplar Energy garden solar water heater.

(29) ProSet systems for pipe penetrations in fire rated structures. System A for copper and steel pipe. System C using solvent weld joints only. ProSet E-Z flex coupling NOT APPROVED for use.

(30) ABS and PVC backwater valves, Models 3281, 3282, 3283 and 3284 for solvent cement joints only as manufactured by Canplas Industries.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Judith G. Walden

(1) Type and number of entities affected: Manufacturers of new products not yet made part of a national standard allowed by the Kentucky Plumbing Code.

(a) Direct and indirect costs or savings to those affected: There are no costs or savings because the regulation only establishes acceptability of previously unapproved products. It does provide ability of a manufacturer to market his product in Kentucky.

1. First year: None

2. Continuing costs or savings: None

3. Additional factors increasing or decreasing costs (note any effects upon competition): Enhances competition for products.

(b) Reporting and paperwork requirements:

(2) Effects on the promulgating administrative body: Formalizes, with proper regulatory oversight the procedures for acceptability of

new products in the State Plumbing Code.

(a) Direct and indirect costs or savings: The paperwork requirements and recordkeeping needs remain the same, so there are no costs or savings involved.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: Unchanged by this amendment.

(3) Assessment of anticipated effect on state and local revenues: No effect on revenues because the regulation merely identifies existing procedures in regulatory form.

(4) Assessment of alternative methods; reasons why alternatives were rejected: The previous method of filing new parts or materials does not statutorily meet KRS Chapter 13A requirements.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: This is the only known law on policy dealing with this product.

STATUTORY AUTHORITY: KRS 216B.042 [216B.040], 216B.105[, Executive Order 86-366]

NECESSITY AND FUNCTION: KRS 216B.042 [216B.040] mandate that the Kentucky Cabinet for Human Resources [Health Facilities and Health Services Certificate of Need and Licensure Board] regulate health facilities and health services. [Executive Order 86-366 transferred the authority to regulate health services and health facilities from the Kentucky Health Facilities and Health Services Certificate of Need and Licensure Board to the Office of the Inspector General.] This regulation provides for the minimum licensure requirements for the operation of hospitals and the basic services to be provided by hospitals.

Section 1. Scope of Operations and Services. Hospitals are establishments with organized medical staffs and permanent facilities with inpatient beds which provide medical services, including physician services and continuous nursing services for the diagnosis and treatment of patients who have a variety of medical conditions, both surgical and nonsurgical.

Section 2. Definitions. (1) "Governing authority" means the individual, agency, partnership, or corporation, in which the ultimate responsibility and authority for the conduct of the institution is vested.

(2) "Medical staff" means an organized body of physicians, and dentists when applicable, appointed to the hospital staff by the governing authority. All members of the medical staff shall be licensed to practice medicine or dentistry in Kentucky, with the exception of graduate physicians who are in the first year of hospital training.

(3) "Registered records administrator" means a person who is certified as a Registered Records Administrator by the American Medical Record Association.

(4) "Accredited record technician" means a person who has graduated from a program for medical record technicians accredited by the Council on Medical Education of the American Medical Association and the American Medical Record Association; and who is certified as an Accredited Record Technician by the American Medical Record Association.

(5) "Qualified dietician" or "nutritionist" means:

(a) A person who has a bachelor of science degree in foods and nutrition, food service management, institutional management or related services and has successfully completed a dietetic internship or coordinated undergraduate program accredited by the American Dietetic Association (ADA) and is a member of the ADA or is registered as a dietician by ADA; or

(b) A person who has a master's degree in nutrition and is a member of ADA or is eligible for registration by ADA; or

(c) A person who has bachelor of science degree in home economics and three (3) years of work experience with a registered dietician.

(6) "Certified radiation operator" means a person who has been certified pursuant to KRS 211.870 and 902 KAR 105:010 to 105:070 as an operator of sources of radiation.

(7) "Protective devices" means devices that are designed to protect a person from falling, to include side rails, safety vest or safety belt.

(8) "Restraint" means any pharmaceutical agent or physical or mechanical device used to restrict the movement of a patient or the movement of a portion of a patient's body.

(9) "Psychiatric unit" means a department of a general acute care hospital consisting of eight (8) or more psychiatric beds organized for the purpose of providing psychiatric services.

(10) "Induration" means a firm area in the skin which develops as a reaction to injected tuberculosis proteins when a person has tuberculosis infection. The diameter of the firm area is measured to the nearest millimeter to gauge the degree of reaction. A reaction of ten (10) millimeters or more of induration is considered highly indicative of tuberculosis infection.

(11) "Skin test" means a tuberculin skin test utilizing the intradermal (Mantoux) technique using five (5) tuberculin units of purified protein derivative (PPD). The results of the test must be read forty-eight (48) to seventy-two (72) hours after injection and recorded in terms of millimeters of induration.

(12) "Two (2) step skin testing" means a series of two (2) tuberculin skin tests administered seven (7) to fourteen (14) days apart.

(13) "Organ procurement agency" means a federally designated organization which coordinates and performs activities which encourage the donation of organs/tissues for transplantation.

Section 3. Administration and Operation. (1) Governing authority licensee.

(a) The hospital shall have a recognized governing authority that has overall responsibility for the management and operation of the hospital and for compliance with federal, state, and local laws and regulations pertaining to its operation.

(b) The governing authority shall appoint an administrator whose qualifications, responsibilities, authority, and accountability shall be defined in writing and approved by the governing authority, and shall designate a mechanism for the periodic performance review of the administrator.

(2) Administrator.

(a) The administrator shall act as the chief executive officer and shall be responsible for the management of the hospital, and shall provide liaison between the governing authority and the medical staff.

(b) The administrator shall keep the governing authority fully informed of the conduct of the hospital through periodic reports and by attendance at meetings of the governing authority.

(c) The administrator shall develop an organizational structure including lines of authority, responsibility, and communication, and shall organize the day-to-day functions of the hospital through appropriate departmentalization and delegation of duties.

(d) The administrator shall establish formal means of accountability on the part of subordinates to whom he has assigned duties.

(e) The administrator shall hold interdepartmental and departmental meetings (where appropriate), shall attend or be represented at such meetings on a regular basis, and shall report to such departments as well as to the governing authority the pertinent activities of the hospital.

(3) Administrative records and reports.

(a) Administrative reports shall be established, maintained and utilized as necessary to guide the operation, measure productivity, and reflect the programs of the facility. Such reports shall include: minutes of the governing authority and staff meetings, financial records and reports, personnel records, inspection reports, incident investigation reports, and other pertinent reports made in the regular course of business.

(b) The hospital shall maintain a patient admission and discharge register. Where applicable, a birth register and a surgical register shall also be maintained.

(c) Licensure inspection reports and plans of correction shall be made available to the general public upon request.

(4) Policies. The hospital shall have written policies and procedures governing all aspects of the operation of the facility and the services provided, including:

(a) A written description of the organizational structure of the facility including lines of authority, responsibility and communication, and departmental organization;

(b) Admission policies which assure that patients are admitted to the hospital in accordance with policies of the medical staff;

(c) Constraints imposed on admissions by limitations of services, physical facilities, staff coverage or other factors;

(d) Financial requirements for patients on admission;

(e) Emergency admissions;

(f) Requirements for informed consent by patient, parent, guardian or legal representative for diagnostic and treatment procedures;

(g) There shall be an effective procedure for recording accidents involving a patient, visitor, or staff, and incidents of transfusion reactions, drug reactions, medication errors, etc.; and a statistical analysis shall be reported in writing through the appropriate committee;

(h) Reporting of communicable diseases to the health department in whose jurisdiction the disease occurs pursuant to KRS Chapter 214 and 902 KAR 2:020;

(i) Use of restraints and a mechanism for monitoring and controlling their use;

(j) Internal transfer of patients from one (1) level or type of care to another (if applicable);

(k) Discharge and termination of services; and

(l) Organ procurement for transplant protocol developed by the medical staff in consultation with the organ procurement agency.

(5) Patient identification. The hospital shall have a system for identifying each patient from time of admission to discharge (e.g., an identification bracelet imprinted with name of patient, hospital identification number, date of admission, and name of attending medical staff member).

(6) Discharge planning.

(a) The hospital shall have a discharge planning program to assure the continuity of care for patients being transferred to another health care facility or being discharged to the home.

(b) The professional staff of the facility involved in the patient's care during hospitalization shall participate in discharge planning of the patient whose illness requires a level of care outside the scope of the general hospital.

(c) The hospital shall coordinate the discharge of the patient with the patient and the person(s) or agency responsible for the postdischarge care of the patient. All pertinent information concerning postdischarge needs shall be provided to the responsible person(s) or agency.

(7) Transfer procedures and agreements.

(a) The hospital shall have written patient transfer procedures and agreements with at least one (1) of each type of other health care facilities which can provide a level of inpatient care not provided by the hospital. Any facility which does not have a transfer agreement in effect but has documented a good faith effort to enter into such an agreement shall be considered to be in compliance with this requirement. The transfer procedures and agreements shall specify the responsibilities each institution assumes in the transfer of patients and shall establish responsibility for notifying the other institution promptly of the impending transfer of a patient and arranging for appropriate and safe transportation.

(b) If the patient is transferred to another health care facility or to the care of a home health agency, a transfer form shall accompany the patient or be sent immediately to the home health agency. The transfer form shall include at least: attending medical staff member's instructions for continuing care, a current

summary of the patient's medical record, information as to special supplies or equipment needed for patient care, and pertinent social information on the patient and family. When such transfer occurs, a copy of the patient's signed discharge summary shall be forwarded to another health care facility or home health agency within fifteen (15) days of the patient's discharge.

(c) When a transfer is to another level of care within the same facility, the complete medical record or a current summary thereof shall be transferred with the patient.

(8) Medical staff.

(a) The hospital shall have a medical staff organized under bylaws approved by the governing authority, which is responsible to the governing authority of the hospital for the quality of medical care provided to the patients and for the ethical and professional practice of its members.

(b) The medical staff shall develop and adopt policies or bylaws, subject to the approval of the governing authority, which shall:

1. State the necessary qualifications for medical staff membership. For purposes of this document, medical staff shall mean physicians, and dentists when applicable.

2. Define and describe the responsibilities and duties of each category of medical staff (e.g., active, associate, courtesy, consulting, or honorary), delineate the clinical privileges of staff members, and establish a procedure for granting and withdrawing staff privileges to include credentials review.

3. Provide a mechanism for appeal of decisions regarding staff membership and privileges.

4. Provide a method for the selection of officers of the medical staff.

5. Establish requirements regarding the frequency of, and attendance at, general staff and department/service meeting of the medical staff.

6. Provide for the appointment of standing and special committees, and include requirements for composition and organization, frequency of and attendance at meetings, and the minutes and reports which shall be part of the permanent records of the hospital. These committees may include: executive committee, credentials committee, medical audit committee, medical records committee, infections control committee, tissue committee, pharmacy and therapeutics committee, utilization review committee, and quality assurance committee.

(9) Personnel.

(a) The hospital shall employ a sufficient number of qualified personnel to provide effective patient care and all other related services and shall have written personnel policies and procedures which shall be available to all hospital personnel.

(b) There shall be a written job description for each position. Job descriptions shall be reviewed and revised as necessary.

(c) There shall be an employee health program for mutual protection of employees and patients including provisions for preemployment and periodic health examination. The hospital shall comply with the following tuberculosis testing requirements:

1. The skin test status of all staff members shall be documented in the employee's personnel record. A skin test shall be initiated on all new staff members before or during the first week of employment and the results shall be documented in the employee's personnel record within the first month of employment. No skin testing is required at the time of initial employment if the employee documents a prior skin test of ten (10) or more millimeters of induration or if the employee is currently receiving or has completed six (6) months of prophylactic therapy or a course of multiple-drug chemotherapy for tuberculosis. Two (2) step skin testing is required for new employees over age forty-five (45) whose initial test shows less than ten (10) millimeters of induration, unless they can document that they have had a tuberculosis skin test within one (1) year prior to their current employment. All staff who have never had a skin test of ten (10) or more millimeters induration must be skin tested annually on or before the anniversary of their last skin test.

2. All staff who are found to have a skin test of ten (10) or more millimeters induration, on initial employment testing or annual testing, must receive a chest x-ray unless a chest x-ray within the previous two (2) months showed no evidence of tuberculosis, or the individual can document the previous completion of a course of prophylactic treatment with isoniazid. Such employees shall be advised of the symptoms of the disease and instructed to report to their employer and seek medical attention promptly if symptoms persist.

3. The hospital administrator shall be responsible for ensuring that all skin tests and chest x-rays are done in accordance with subparagraphs 1 and 2 of this paragraph. All skin testing dates and results and all chest x-ray reports shall be recorded as a permanent part of the personnel record.

4. The following shall be reported by the hospital administrator to the local health department having jurisdiction immediately upon becoming known: names of staff who convert from a skin test of less than ten (10) to a skin test of ten (10) millimeters or more induration at the time of employment; and all chest x-rays suspicious for tuberculosis.

5. Any staff whose skin test status changes on annual testing from less than ten (10) to ten (10) or more millimeters of induration shall be considered to be recently infected with Mycobacterium tuberculosis. Such recently infected persons who have no signs or symptoms of tuberculosis disease on chest x-ray or medical history should be given preventive therapy with isoniazid for six (6) months unless medically contraindicated, as determined by a licensed physician. Medications shall be administered only upon the written order of a physician. If such individual is unable to take isoniazid therapy, the individual shall be advised of the clinical symptoms of the disease, and have an interval medical history and a chest x-ray taken and evaluated for tuberculosis disease every six (6) months during the two (2) years following conversion, for a total of five (5) chest x-rays.

6. Any staff who can document completion of preventive treatment with isoniazid shall be exempt from further screening requirements.

(d) Current personnel records shall be maintained for each employee which include the following:

1. Name, address, Social Security number;

2. Health records;

3. Evidence of current registration, certification, or licensure of personnel;
4. Records of training and experience;
5. Records of performance evaluation.
(10) Physical and sanitary environment.
(a) The condition of the physical plant and the overall hospital environment shall be maintained in such a manner that the safety and well-being of patients, personnel and visitors are assured.
(b) A person shall be designated responsible for services and for the establishment of practices and procedures in each of the following areas: plant maintenance, laundry operations (if applicable), and housekeeping.
(c) There shall be an infection control committee charged with the responsibility of investigating, controlling and preventing infections in the hospital. Infection incident reports shall be filed.
(d) There shall be written infection control policies, which are consistent with the Centers for Disease Control guidelines [There shall be current written infection control measures,] including:
1. Policies which address the prevention of disease transmission to and from patients; visitors and employees, including but not limited to: [Policies concerning the admission and isolation of patients with specific or suspected infectious diseases, protective isolation of appropriate patients and protective routine for personnel and visitors;]
a. Universal blood and body fluid precautions;
b. Precautions for infections which can be transmitted by the air-borne route; and
c. Work restrictions for employees with infectious diseases.
2. Policies which address the use of environmental cultures. Results of all testing shall be recorded and reported to the Infection Control Committee; and [Written procedures for the bacteriological testing of all areas of possible infection. Results of all testing shall be recorded and reported to the infection control committee;]
3. Policies which address the cleaning, disinfection, and sterilization methods used for equipment and the environment. [The method of control used in relation to the sterilization of supplies and water; and]
[4. Policies for the protection of patients from employees who have a communicable disease.]
(e) The hospital shall provide in-service education programs on the cause, effect, transmission, prevention and elimination of infections.
(f) The hospital buildings, equipment, and surroundings shall be kept in a condition of good repair, neat, clean, free from all accumulations of dirt and rubbish, and free from foul, stale or musty odors.
1. An adequate number of housekeeping and maintenance personnel shall be provided.
2. Written housekeeping procedures shall be established for the cleaning of all areas and copies shall be made available to personnel.
3. Equipment and supplies shall be provided for cleaning of all surfaces. Such equipment shall be maintained in a safe, sanitary condition.
4. Hazardous cleaning solutions, compounds, and substances shall be labeled, stored in closed metal containers and kept separate from other cleaning materials.
5. The facility shall be kept free from insects and rodents with harborages and entrances for these eliminated.
6. Garbage and trash shall be stored in areas separate from those used for preparation and storage of food and shall be removed from the premises regularly. Containers shall be cleaned regularly.
(g)1. Sharp wastes, including needles, scalpels, razors, or other sharp instruments used for patient care procedures, shall be segregated from other wastes and placed in puncture resistant containers immediately after use. [Sharp wastes, such as broken glass, scalpel blades, and hypodermic needles, shall be segregated from other wastes and aggregated in rigid containers immediately after use. After use, all needles shall also be rendered unusable. The rigid containers of sharp wastes shall either be incinerated, on site or off site, or disposed of in a sanitary landfill approved pursuant to 401 KAR 47:020.]
2. Needles shall not be recapped, purposely bent or broken, or otherwise manipulated by hand.
3. The containers of sharp wastes shall either be incinerated on or off site, or be rendered nonhazardous by a technology of equal or superior efficacy, which is approved by both the Cabinet for Human Resources and the Natural Resources and Environmental Protection Cabinet.
4. Nondisposable sharps such as large-bore needles or scissors shall be placed in a puncture resistant container for transport to the Central Medical and Surgical Supply Department in accordance with 902 KAR 20:009, Section 22.
(h)1. All disposable waste shall be placed in suitable bags or closed containers so as to prevent leakage or spillage, and shall be handled, stored, and disposed of in such a way as to minimize direct exposure of personnel to waste materials.
2. The hospital shall establish specific written policies regarding handling and disposal of all wastes.
3. The following wastes shall receive special handling:
a. Microbiology laboratory waste which includes, but is not limited to viral or bacterial cultures, contaminated swabs, and specimen containers and test tubes used for microbiologic purposes shall either be incinerated, autoclaved or be rendered nonhazardous by technology of equal or superior efficacy, which is approved by both the Cabinet for Human Resources and the Natural Resources and Environmental Protection Cabinet; and
b. Pathological waste which includes all tissue specimens from surgical or necropsy procedures shall be incinerated.
4. The following wastes shall be disposed of by incineration, or be autoclaved before disposal, or be carefully poured down a drain connected to a sanitary sewer: blood, blood specimens, used blood tubes, or blood products.
5. Any wastes conveyed to a sanitary sewer shall comply with applicable federal, state, and local pretreatment regulations pursuant to 40 CFR 403 and 401 KAR 5:055, Section 9.
6. Any incinerator used for the disposal of waste shall be in compliance with 401 KAR 59:020 and 401 KAR 61:010.
(i) The hospital shall have available at all times a quantity of linen essential to the proper care and comfort of patients.

1. Linens shall be handled, stored, and processed so as to control the spread of infection.

2. Clean linen and clothing shall be stored in clean, dry, dust-free areas designated exclusively for this purpose. Uncovered mobile carts may be used to distribute a daily supply of linen in patient care areas.

3. Soiled linen and clothing shall be placed in suitable bags or closed containers so as to prevent leakage or spillage, and will be handled in such a way as to minimize direct exposure of personnel to soiled linen. Soiled linen shall be stored in areas separate from clean linen. [The hospital shall establish a written policy for the handling and disposal of all infectious and pathological waste. Any incinerator used for the disposal of waste shall be in compliance with 401 KAR 59:020 and 401 KAR 61:010.]

[1. All unpreserved tissue specimens from surgical or necropsy procedures shall be incinerated, on site or off site.]

[2. The following waste shall be sterilized before disposal or be disposed of by incineration if they are combustible:]

[a. Dressings and materials from open or contaminated wounds;]

[b. Waste materials and disposable linens from isolation rooms;]

[c. Culture plates;]

[d. Test tubes;]

[e. Sputum cups; and]

[f. Contaminated sponges and swabs.]

[(i) The hospital shall have available at all times a quantity of linen essential to the proper care and comfort of patients.]

[1. Linens shall be handled, stored, and processed so as to control the spread of infection.]

[2. Clean linen and clothing shall be stored in clean, dry, dust-free areas designated exclusively for this purpose.]

[3. Soiled linen and clothing shall be placed in suitable bags or closed containers and stored in separate areas ventilated to the exterior of the buildings; this air shall not be allowed to recirculate into the facility.]

(11) Medical records.

(a) The hospital shall have a medical records service with administrative responsibility for medical records. A medical record shall be maintained, in accordance with accepted professional principles, for every patient admitted to the hospital or receiving outpatient services.

1. The medical records service shall be directed by a registered records administrator, either on a full-time, part-time, or consultative basis, or by an accredited record technician on a full-time or part-time basis, and shall have available a sufficient number of regularly assigned employees so that medical record services may be provided as needed.

2. All medical records shall be retained for a minimum of five (5) years from date of discharge, or in the case of a minor three (3) years after the patient reaches the age of majority under state law, whichever is the longer.

3. Provision shall be made for written designation of specific location(s) for storage of medical records in the event the hospital ceases to operate because of disaster, or for any other reason. It shall be the responsibility of the hospital to safeguard both the record and its informational content against loss, defacement, and tampering. Particular attention shall be given to protection from damage by fire or water.

(b) A system of identification and filing to insure the prompt location of a patient's medical record shall be maintained:

1. Index cards shall bear at least the full name of the patient, the birth date, and the medical record number.

2. There shall be a system for coordinating the inpatient and outpatient medical records of any patient whose admission is a result of or related to outpatient services.

3. All clinical information pertaining to inpatient or outpatient services shall be centralized in the patient's medical record.

4. In hospitals using automated data processing, indexes may be kept on punch cards or reproduced on sheets kept in books.

(c) Records of patients are the property of the hospital and shall not be taken from the facility except by court order. This does not preclude the routing of the patient's records, or portion thereof, including x-ray film, to physicians or dentists for consultation.

1. Only authorized personnel shall be permitted access to the patient's records.

2. Patient information shall be released only on authorization of the patient, the patient's guardian or the executor of his estate.

(d) Medical record contents shall be pertinent and current and shall include the following:

1. Identification data and signed consent forms, including name and address of next of kin, and of person or agency responsible for patient;

2. Date of admission and name of attending medical staff member;

3. Chief complaint;

4. Medical history including present illness, past history, family history and physical examination;

5. Report of special examinations or procedures, such as consultations, clinical laboratory tests, x-ray interpretations, EKG interpretations, etc.;

6. Provisional diagnosis or reason for admission;

7. Orders for diet, diagnostic tests, therapeutic procedures, and medications, including patient limitations, signed and dated by the medical staff member; and, if given verbally, undersigned by the medical staff member upon his next visit to hospital;

8. Medical, surgical and dental treatment notes and reports, signed and dated by a physician, or dentist when applicable, including records of all medication administered to the patient;

9. Complete surgical record signed by attending surgeon, or oral surgeon, to include anesthesia record signed by anesthesiologist or anesthetist, preoperative physical examination and diagnosis, description of operative procedures and findings, postoperative diagnosis, and tissue diagnosis by qualified pathologist on tissue surgically removed;

10. Physician's, or dentist's when applicable, progress notes and nurses' observations;

11. Record of temperature, blood pressure, pulse and respiration;

12. Final diagnosis using terminology in the current version of the International Classification of Diseases or the American

Psychiatric Association's Diagnostic and Statistical Manual, as is applicable;

13. Discharge summary, including condition of patient on discharge, and date of discharge;

14. In case of death, autopsy findings, if performed; and

15. In the case of death, an indication that the patient has been evaluated for organ donation in accordance with hospital protocol.

(e) Records shall be indexed according to disease, operation, and attending medical staff member. For indexing, any recognized system may be used.

1. The disease and operative indices shall be developed using a recognized nomenclature, and shall include each specific disease created and each operative procedure performed, and shall include all essential data on each patient having that particular condition;

2. The attending medical staff index shall include all patients attended or seen in consultation by each medical staff member;

3. Indexing shall be current, within six (6) months following discharge of the patient.

(12) Organ donation.

(a) The hospital shall establish and maintain a written organ procurement for transplant protocol, in consultation with an organ procurement agency, which encourages organ donation and identifies potential organ donors.

(b) In cases where an individual has died or death is imminent, the patient's attending physician shall determine, in accordance with the hospital's protocol, whether the patient is a potential organ/tissue donor.

(c) The hospital protocol shall include:

1. Criteria, developed in consultation with the organ procurement agency for identifying potential donors;

2. Procedures for obtaining consent for organ donation;

3. Procedures for the hospital administrator or his designee to notify the organ procurement agency of potential organ donors;

4. Procedures by which the patient's attending physician or designee in accordance with hospital protocol shall document in the patient's medical record that the organ procurement agency has been notified in the case of potential donors or contraindications to donation.

(d) No patient with impending or declared brain death and/or cardiopulmonary death as determined pursuant to KRS 446.400 should be considered as a potential donor if contraindications are identified and documented in the patient's medical record.

Section 4. Provision of Services. (1) Medical staff services.

(a) Medical care provided in the hospital shall be under the direction of a medical staff member in accordance with staff privileges granted by the governing authority.

(b) The attending medical staff member shall assume full responsibility for diagnosis and care of his/her patient. A physician, or other member of the medical staff if so designated in the hospital bylaws, shall conduct and record a complete history and physical examination for the patient within twenty-four (24) hours after admission to the hospital.

(c) The attending medical staff member shall state his final diagnosis, complete the discharge summary and sign the records within fifteen (15) days following the patient's discharge.

(d) Physician services shall be available twenty-four (24) hours a day on at least an on-call basis.

(e) There shall be sufficient medical staff coverage for all clinical services of the hospital in keeping with their size and scope of activity.

(2) Nursing service.

(a) The hospital shall have a nursing department organized to meet the nursing care needs of the patients and maintain established standards of nursing practice. A registered nurse, preferably one who has a bachelor of science degree in nursing, shall serve as director of the nursing department.

(b) There shall be a registered nurse on duty at all times.

1. There shall be registered nurse supervision and staff nursing personnel for each service or nursing unit to insure the immediate availability of a registered nurse for all patients on a twenty-four (24) hour basis.

2. There shall be other nursing personnel in sufficient numbers to provide nursing care not requiring the service of a registered nurse.

3. There shall be additional registered nurses for surgical, obstetrical, emergency, and other services of the hospital in keeping with their size and scope of activity.

4. All persons not employed by the hospital who render special duty nursing services in the hospital shall be under the supervision of the nursing supervisor of the department or service concerned.

(c) The hospital shall have written nursing care procedures and written nursing care plans for patients. Patient care shall be carried out in accordance with attending medical staff member's orders, nursing care plans, and nursing care procedures.

1. Nursing care plans shall be developed for each patient and shall be kept current daily. Plans shall indicate long and short-term goals, nursing care needed, and methods, approaches and modifications necessary to insure best results for the patient.

2. A registered nurse shall assign staff and evaluate the nursing care of each patient in accordance with the patient's need and the nursing staff available.

3. Nursing notes shall be written and signed on each shift by persons rendering care to patients. The notes shall be descriptive of the nursing care given and shall include information and observations of significance which contribute to the continuity of patient care.

4. Medications shall be administered by a registered nurse, a physician, or dentist except in the case of a licensed practical nurse under the supervision of a registered nurse.

5. No medication or treatment shall be given without a written order signed by a physician or dentist, when applicable. Telephone orders for medications shall be given only to registered nurses or a pharmacist and signed by the medical staff member within twenty-four (24) hours from the time the order is given.

6. No form of patient restraint or protective device other than bed rails shall be used, except in an emergency until the attending medical staff member can be contacted, or upon written or telephone orders of the attending medical staff member. When such restraint is

necessary, the least restrictive form of protective device shall be used which affords the patient the greatest possible degree of mobility and protection. In no case shall a locking restraint be used.

7. Meetings of the nursing staff and other nursing personnel shall be held at least monthly to discuss patient care, nursing service problems, and administrative policies. Written minutes of all meetings shall be kept.

(3) Dietary services.

(a) The hospital shall have a dietary department, organized, directed and staffed to provide quality food service and optimal nutritional care.

1. The dietary department shall be directed on a full-time basis by an individual who by education or specialized training and experience is knowledgeable in food service management.

2. The dietary service shall have at least one (1) qualified dietician or nutritionist, either full-time, part-time, or on a consultative basis, to supervise the nutritional aspects of patient care.

3. Sufficient additional personnel shall be employed to perform assigned duties to meet the dietary needs of all patients.

4. The dietary department shall have available for all dietary personnel current written policies and procedures for food storage, handling, and preparation.

5. An in-service training program, which shall include the proper handling of food, safety and personal grooming, shall be given at least quarterly for new dietary employees.

(b) Menus shall be planned, written and rotated to avoid repetition. Nutritional needs shall be met in accordance with recommended dietary allowances of the Food and Nutrition Board of the National Research Council of the National Academy of Sciences and in accordance with the medical staff member's orders.

(c) Meals shall correspond with the posted menu. When changes in menu are necessary, substitution shall provide equal nutritive value and the changes shall be recorded on the menu. Menus shall be kept on file for thirty (30) days.

(d) All diets, regular and therapeutic, shall be prescribed in writing, dated, and signed by the attending medical staff member. Information on the diet order shall be specific and complete and shall include the title of the diet, modifications in specific nutrients stating the amount to be allowed in the diet, and specific problems that may affect the diet or eating habits.

(e) Food shall be prepared by methods that conserve nutritive value, flavor, and appearance, and shall be served at the proper temperatures and in a form to meet individual needs (e.g., it shall be cut, chopped, or ground to meet individual patient needs).

(f) If a patient refuses foods served, nutritious substitutions shall be offered.

(g) At least three (3) meals or their equivalent shall be served daily with not more than a fifteen (15) hour span between a substantial evening meal and a breakfast unless otherwise directed by the attending medical staff member. Meals shall be served at regular times with between-meal or bedtime snacks of nourishing quality offered.

(h) There shall be at least a three (3) day supply of food available in the facility at all times to prepare well-balanced palatable meals for all patients.

(i) There shall be an identification system for patient trays, and methods used to assure that each patient receives the appropriate diet as ordered.

(j) The hospital shall comply with all applicable provisions of KRS 219.011 to KRS 219.081 and 902 KAR 45:005 (Kentucky's Food Service Establishment Act and Food Service Code).

(4) Laboratory services. The hospital shall have a well-organized, adequately supervised laboratory with the necessary space, facilities and equipment to perform those services commensurate with the hospital's needs for its patients. Anatomical pathology services and blood bank services shall be available either in the hospital or by arrangement with other facilities.

(a) Clinical laboratory. Basic clinical laboratory services necessary for routine examinations shall be available regardless of the size, scope and nature of the hospital.

1. Equipment necessary to perform the basic tests shall be provided by the hospital.

2. All equipment shall be in good working order, routinely checked, and precise in terms of calibration.

3. Provision shall be made to carry out adequate clinical laboratory examinations including chemistry, microbiology, hematology, serology, and clinical microscopy.

a. Some of these services may be provided through arrangements with another licensed hospital which has the appropriate laboratory facilities, or with an independent laboratory licensed pursuant to KRS 333.030 and any regulations promulgated thereunder.

b. When work is performed by an outside laboratory, the original report from this laboratory shall be contained in the patient's medical record.

4. Laboratory facilities and services shall be available at all times.

a. Adequate provision shall be made to assure the availability of emergency laboratory services twenty-four (24) hours a day, seven (7) days a week, including holidays, either in the hospital or under arrangements as specified in paragraph (a)3a of this subsection.

b. Where services are provided by an outside laboratory, the conditions, procedures, and availability of such services shall be in writing and available in the hospital.

5. There shall be a clinical laboratory director and a sufficient number of supervisors, technologists and technicians to perform promptly and proficiently the tests requested of the laboratory. Laboratory services shall be under the direction of a pathologist on a full-time, regular part-time, or a consultative basis. The laboratory shall not perform procedures and tests which are outside the scope of training of the laboratory personnel.

6. Signed reports of all laboratory services provided shall be filed with the patient's medical record and duplicate copies kept in the department.

a. The laboratory report shall be signed by the technologist who performed the test.

b. There shall be a procedure for assuring that all requests for laboratory tests are ordered and signed by a medical staff member.

(b) Anatomical pathology. Anatomical pathology services shall be provided as indicated by the needs of the hospital either in the hospital or

under arrangements as specified in paragraph (a)3a of this subsection.

1. Anatomical pathology services shall be under the direct supervision of a pathologist on a full-time, regular part-time or regular consultative basis. If the latter pertains, the hospital shall provide for at least monthly consultative visits by a pathologist.

2. The pathologist shall participate in staff, departmental and clinicopathologic conference.

3. The pathologist shall be responsible for establishing the qualifications of staff and for their in-service training.

4. With exceptions of those exclusions listed in written policies of the medical staff, all tissues removed at surgery shall be macroscopically, and if necessary, microscopically examined by the pathologist.

a. A list of tissues which do not routinely require microscopic examination shall be developed in writing by the pathologist or designated physician with the approval of the medical staff.

b. A tissue file shall be maintained in the hospital.

c. In the absence of a pathologist, there shall be an established plan for sending to a pathologist outside the hospital all tissues requiring examination.

5. Signed reports of tissue examinations shall be promptly filed with the patient's medical record and duplicate copies kept in the department.

a. All reports of macro and microscopic examinations performed shall be signed by the pathologist.

b. Provision shall be made for the prompt filing of examination results in the patient's medical record and notification of the medical staff member requesting the examination.

c. Duplicate copies of the examination reports shall be filed in the laboratory in a manner which permits ready identification and accessibility.

(c) The laboratory shall meet the minimum proficiency testing and quality control provisions in accordance with Medicare certification requirements.

(d) Blood bank. Facilities for procurement, safekeeping and transfusion of blood and blood products shall be provided or be readily available.

1. The hospital shall maintain, as a minimum, proper blood storage facilities under adequate control and supervision of the pathologist or other authorized physician.

2. For emergency situations the hospital shall maintain at least a minimum blood supply in the hospital at all times, shall be able to obtain blood quickly from community blood banks or institutions, or shall have an up-to-date list of donors and equipment necessary to bleed them.

3. If the hospital utilizes outside blood banks, there shall be a written agreement governing the procurement, transfer and availability of blood.

4. There shall be a provision for prompt blood typing and cross-matching and for laboratory investigation of transfusion reactions, either through the hospital or by arrangements with others on a continuous basis, under the supervision of a physician.

5. Blood storage facilities in the hospital shall have an adequate alarm system, which shall be regularly inspected and tested and is otherwise safe and adequate.

6. Records shall be kept on file indicating the receipt and disposition of all blood provided to patients in the hospital.

7. A committee of the medical staff or its equivalent shall review all transfusions of blood or blood derivatives and shall make recommendations concerning policies governing such practices.

8. Samples of each unit of blood used at the hospital shall be retained, according to the instructions of the committee indicated in subparagraph 7 of this paragraph, for further testing in the event of reactions. Blood not so retained which has exceeded its expiration date shall be disposed of promptly.

9. The review committee shall investigate all transfusion reactions occurring in the hospital and shall make recommendations to the medical staff regarding improvements in transfusion procedures.

(5) Pharmaceutical services.

(a) The hospital shall have adequate provisions for the handling, storing, recording, and distributing of pharmaceuticals in accordance with state and federal laws and regulations.

1. A hospital which maintains a pharmacy for the compounding and dispensing of drugs shall provide pharmaceutical services under the supervision of a registered pharmacist on a full-time or part-time basis, according to the size and demands of the hospital.

a. The pharmacist shall be responsible for supervising and coordinating all the activities of the pharmacy department.

b. Additional personnel competent in their respective duties shall be provided in keeping with the size and activity of the department.

2. Hospitals not maintaining a pharmacy shall have a drug room utilized only for the storage and distribution of drugs, drug supplies and equipment. Prescription medications shall be dispensed by a registered pharmacist elsewhere. The drug room shall be operated under the supervision of a pharmacist employed at least on a consultative basis.

a. The consulting pharmacist shall assist in drawing up correct procedures, rules for the distribution of drugs, and shall visit the hospital on a regularly scheduled basis in the course of his duties.

b. The drug room shall be kept locked and the key shall be in the possession of a responsible person on the premises designated by the administrator.

(b) Records shall be kept of the transactions of the pharmacy or drug room and correlated with other hospital records where indicated.

1. In accordance with accounting procedures of the hospital, the pharmacy shall establish and maintain a system of records and bookkeeping in accordance with policies of the hospital for maintaining adequate control over the requisitioning and dispensing of all drugs and drug supplies and charging patients for drugs and pharmaceutical supplies.

2. A record of the stock on hand and of the dispensing of all controlled substances shall be maintained in such a manner that the disposition of any particular item may be readily traced.

(c) The medical staff in cooperation with the pharmacist and other disciplines, as necessary, shall develop policies and procedures that govern the safe administration of drugs,

including:

1. The administration of medications only upon the order of an individual who has been assigned clinical privileges or who is an authorized member of the house staff;

2. Review of the physician's, or dentist's when applicable, original order, or a direct copy by the pharmacist dispensing the drugs;

3. The establishment and enforcement of automatic stop orders;

4. Proper accounting for and disposition of unused medications or special prescriptions returned to the pharmacy as a result of patient being discharged, or when such medications/prescriptions do not meet sterile and label requirements;

5. Provision for emergency pharmaceutical services; and

6. Provision for reporting adverse medication reactions to the appropriate committee of the medical staff.

(d) Therapeutic ingredients of medications dispensed shall be included in the United States Pharmacopoeia, National Formulary, United States Homeopath-Pharmacopoeia, New Drugs, or Accepted Dental Remedies (except for any drugs unfavorably evaluated therein), or shall be approved for use by the appropriate committee of the medical staff.

1. A pharmacist shall be responsible for determining specifications and choosing acceptable sources for all drugs, with approval of the appropriate committee of the medical staff.

2. There shall be available a formulary or list of drugs accepted for use in the hospital which shall be developed and amended at regular intervals by the appropriate committee of the medical staff.

(6) Radiology services.

(a) The hospital shall have diagnostic radiology facilities. The radiology service shall have a current license or registration pursuant to KRS 211.842 to 211.852 and any regulations promulgated thereunder.

1. The hospital shall provide at least one (1) fixed diagnostic x-ray unit which is capable of general x-ray procedures.

2. The hospital shall have a radiologist on at least a consulting basis to function as medical director of the department and to interpret films that require specialized knowledge for accurate reading.

3. Personnel adequate to supervise and conduct the services shall be provided, and at least one (1) certified radiation operator shall be on duty or on call at all times.

(b) There shall be written policies and procedures governing radiologic services and administrative routines that support sound radiologic practices.

1. Signed reports shall be filed in the patient's record and duplicate copies kept in the department.

2. Radiologic services shall be performed only upon written order of a physician or dentist, and the order shall contain a concise statement of the reason for the service/examination.

3. Reports of interpretations shall be written or dictated and signed by the radiologist.

4. The use of all x-ray apparatus shall be limited to certified radiation operators, under the direction of medical staff members as necessary. The same limitation shall apply to personnel applying and removing radium element, its disintegration products, and radioactive isotopes.

(c) The radiology department shall be free of hazards for patients and personnel. Proper safety precautions shall be maintained against fire and explosion hazards, electrical hazards and radiation hazards.

(7) Physical restoration/rehabilitation service.

(a) Hospitals in which physical restoration/rehabilitation services are available shall provide individualized techniques required to achieve maximum physical function normal to the patient while preventing unnecessary debilitation and immobilization.

(b) Written policies and procedures shall be developed for each rehabilitation service provided.

(c) A member of the medical staff shall be designated to have responsibility for coordinating the restorative services provided to the patients in accordance with their needs.

(d) Equipment for physical therapy shall be adequate to meet the needs of the service and shall be in good condition.

(e) Physical therapy services shall be provided only upon written orders of a medical staff member.

(f) Physical therapy services shall be provided by or under the supervision of a licensed physical therapist, on a full-time, part-time or consultative basis.

(g) Complete therapy reports shall be maintained for each patient provided such services. The reports shall be signed by the therapist who prepared it and shall be a part of the patient's medical record.

(8) Emergency services.

(a) Every hospital shall have procedures for taking care of the emergency patient with at least a registered nurse on duty to evaluate the patient and a physician on call.

(b) If the facility has an organized emergency department/service, policies and an emergency care procedures manual governing medical and nursing care provided in the emergency room shall be established by and be a continuing responsibility of the medical staff.

1. The emergency service shall be under the direction of a licensed physician. Medical staff members shall be available at all times for the emergency service, either on duty or on call. Current schedules and telephone numbers shall be posted in the emergency room.

2. Nursing personnel shall be assigned to, or designated to cover, the emergency service at all times.

3. Facilities shall be provided to assure prompt diagnosis and emergency treatment. A specific area of the hospital shall be utilized for patients requiring emergency care on arrival. The emergency area shall be located in close proximity to an exterior entrance of the facility and shall be independent of the operating room suite.

4. Diagnostic and treatment equipment, drugs, and supplies shall be readily available for the provision of emergency services and shall be adequate in terms of the scope of services provided.

5. Adequate medical records shall be kept on every patient seen in the emergency room. These records shall be under the supervision of the Medical Record Service and, where appropriate, shall be integrated with inpatient and

outpatient records. Emergency room records shall include at least:

a. A log book listing chronologically the patient visits to the emergency room including patient identification, means of arrival and person(s) transporting patient, and time of arrival;

b. History of present complaint and physical findings;

c. Laboratory and x-ray reports, where applicable;

d. Diagnosis;

e. Treatment ordered and details of treatment provided;

f. Patient disposition;

g. Record of all referrals;

h. Instructions to the patient and/or family for those not admitted to the hospital; and

i. Signatures of attending medical staff member, and nurse when applicable.

(9) Outpatient services.

(a) A hospital which has an organized outpatient department shall have written policies and procedures relating to the staff, functions of service, and outpatient medical records.

(b) The outpatient department shall be organized in sections (clinics), the number of which shall depend on the size and degree of departmentalization of the medical staff, the available facilities, and the needs of the patient it serves.

(c) The outpatient department shall have appropriate cooperative arrangements and communications with community agencies such as home health agencies, the local health department, social and welfare agencies, and other outpatient departments.

(d) Services offered by the outpatient department shall be under the direction of a physician who is a member of the medical staff.

1. A registered nurse shall be responsible for the nursing services of the department.

2. The number and type of other personnel employed shall be determined by the volume and type of services provided and type of patient served in the outpatient department.

(e) Necessary laboratory and other diagnostic tests shall be available either through the hospital or a laboratory in another licensed hospital or a laboratory licensed pursuant to KRS 333.030 and any regulations promulgated thereunder.

(f) Medical records shall be maintained and, where appropriate, coordinated with other hospital medical records.

1. The outpatient medical record shall be filed in a location which insures ready accessibility to the medical staff members, nurses, and other personnel of the outpatient department.

2. Information in the medical record shall be complete and sufficiently detailed relative to the patient's history, physical examination, laboratory and other diagnostic tests, diagnosis, and treatment to facilitate continuity of care.

(10) Surgery services.

(a) Hospitals in which surgery is performed shall have an operating room(s) and a recovery room supervised by a registered nurse qualified by training, experience and ability to direct surgical nursing care.

1. Sufficient surgical equipment including suction facilities and instruments in good repair shall be provided to assure safe and aseptic treatment of all surgical cases.

2. When flammable anesthetics are used, precautions shall be taken to eliminate hazards of explosions, including use of shoes with conductive soles and prohibition of garments or other items of silk, wool, or synthetic fibers which accumulate static electricity.

(b) There shall be effective policies and procedures regarding surgical staff privileges, functions of the service, and evaluation of the surgical patient.

1. Surgical privileges shall be delineated for all members of the medical staff doing surgery in accordance with the competencies of each, and a roster shall be maintained.

2. Except in emergencies, a surgical operation or other hazardous procedures shall be performed only on written consent of the patient or his legal representative.

3. The operating room register shall be complete and up to date. It shall include the patient's name; hospital room number; preoperative and postoperative diagnosis; complications, if any; names of surgeon, first assistant, anesthesiologist or anesthetist, scrub and circulating nurse; operation performed; and type of anesthesia.

4. There shall be a complete history and physical workup in the chart of every patient prior to surgery. If such has been transcribed but not yet recorded in the patient's chart, there shall be a statement to that effect and an admission note by the attending medical staff member in the chart. The chart of the patient shall accompany him to the operating suite and shall be returned to the patient's floor or room after the operation.

5. An operative report describing the techniques and findings shall be written or dictated immediately following surgery and signed by the surgeon.

6. All tissues removed by surgery shall be placed in suitable solutions, properly labeled, and submitted to the pathologist for macroscopic and, if necessary, microscopic examinations.

7. All infections of clean surgical cases shall be recorded and reported to the appropriate committee of the medical staff. A procedure shall exist for the investigation of such cases.

(c) Rules and policies related to the operating rooms shall be available and posted.

(11) Anesthesia services.

(a) The hospital which provides surgical or obstetrical services shall have anesthesia services available, and these services shall be organized under written policies and procedures regarding staff privileges, the administration of anesthetics, and the maintenance of safety controls.

(b) A physician member of the medical staff shall be the medical director of anesthesia services. Whenever possible, the director shall be a physician specializing in anesthesiology.

(c) If anesthetics are not administered by an anesthesiologist, the medical staff shall designate a medical staff anesthetist or a registered nurse anesthetist qualified to administer anesthetics under the supervision of the operating surgeon.

(d) Every patient requiring anesthesia services shall have a preanesthetic physical examination by a medical staff member with findings recorded within forty-eight (48) hours

of surgery, an anesthetic record on a special form, a postanesthetic follow-up, with findings recorded by the anesthesiologist, medical staff anesthetist, or nurse anesthetist.

(e) The postanesthetic follow-up note shall be written upon discharge from the post-anesthesia recovery area or within three (3) to twenty-four (24) hours after the procedures which required anesthesia. This note shall include a record of blood pressure, pulse, presence or absence of the swallowing reflex and cyanosis, any postoperative abnormalities or complications, and the general condition of the patient.

(12) Obstetrics service.

(a) Hospitals providing obstetrical care of patients shall have adequate space, necessary equipment and supplies, and a sufficient number of nursing personnel to assure safe and aseptic treatment of mothers and newborns and provide protection from infection and cross-infection.

1. The obstetrics service shall be under the medical direction of a physician and under the supervision of a registered nurse qualified by training, experience, and ability to direct effective obstetrical and newborn nursing care. In hospitals where the obstetrical caseload does not justify a separate nursing staff, obstetrical nurses shall be designated and shall be oriented to the specific needs of obstetrical patients.

2. A registered nurse shall be on duty in the labor and delivery unit whenever any patient is in the unit. Each obstetrics patient shall be kept under close observation by professional personnel during the period of recovery after delivery, whether in the delivery room or in a recovery area, until she is transferred to the maternity unit.

3. An on-call schedule or other suitable arrangement shall be provided to ensure that a physician who is experienced in obstetrics is readily available for consultation and obstetrical emergencies.

4. Provisions shall be made for the care of patients in labor with adequately equipped labor rooms.

(b) An adequate supply of prophylaxis for the prevention of infant blindness shall be kept on hand and administered within thirty (30) minutes after delivery [before the infant is removed from the delivery room].

(c) The hospital shall comply with the provisions of KRS 214.155 and 902 KAR 4:030 in administering tests for inborn errors of metabolism to infants.

(d) There shall be an acceptable method and procedure for the positive associative identification of the mother and infant. This shall be done in the delivery room at the time of birth and shall remain in place during the entire period of hospitalization.

(e) An up-to-date register book of all deliveries shall be maintained containing the following information:

1. Infant's full name, sex, date, time of birth and weight;

2. Mother's full name, including maiden name, address, birthplace and age at time of this birth;

3. Father's full name, birthplace, age at time of this birth; and

4. Full name of attending physician or nurse midwife.

(f) Each hospital providing maternity service shall provide a nursery which shall not be used for any other purpose. Specific routines for daily care of infants and their environment shall be prepared in writing and posted in the nursery workroom.

(g) A policy shall be established for deliveries occurring outside the delivery room and for patients who are infectious.

(h) Written policies and procedures shall be developed to cover alternative use of obstetrical beds.

(13) Pediatric services.

(a) Hospitals providing pediatric care shall have proper facilities for the care of children apart from the newborn and maternity nursing services. If there is not a separate area permanently designated as the pediatric unit, there shall be an area within an adult care unit for pediatric patient care. There shall be available beds and other equipment which are appropriate in size for pediatric patients.

(b) There shall be proper facilities and procedures for the isolation of children with infectious, contagious or communicable conditions. At least one (1) patient room shall be available for isolation use.

(c) A physician with pediatric experience shall be on call at all times for the care of pediatric patients.

(d) Pediatric nursing care shall be under the supervision of a registered nurse qualified by training, experience and ability to direct effective pediatric nursing. All nursing personnel assigned to pediatric service shall be oriented to the special care of children.

(e) Policies shall be established to cover conditions under which parents may stay with small children or "room-in" with their hospitalized child for moral support and assistance with care.

(14) Psychiatric services. Hospitals which have a psychiatric unit shall designate the location and number of beds to be licensed as psychiatric beds and meet the requirements of psychiatric hospitals operations and services, licensure regulation.

(15) Chemical dependency treatment services. Hospitals providing chemical dependency treatment services shall meet the requirements of 902 KAR 20:160, Chemical dependency treatment services and facility specifications, Section 3, Administrative and Operation and Section 4, Provision of Services, and designate location and the number of beds to be used for this purpose.

(16) Medical library.

(a) The hospital shall maintain appropriate medical library services according to the professional and technical needs of hospital personnel.

(b) The medical library shall be in a location accessible to the professional staff, and its contents shall be organized and available at all times to the medical and nursing staffs.

HARRY J. COWHERD, M.D., Secretary
APPROVED BY AGENCY: November 9, 1988
FILED WITH LRC: November 10, 1988 at 3 p.m.

PUBLIC HEARING: A public hearing on this regulation has been scheduled for December 22, 1988 at 9 a.m. in the Health Services Auditorium, First Floor, Health Services Building, 275 East Main Street, Frankfort, Kentucky. However, this hearing will be cancelled unless interested persons notify the

following office in writing by December 17, 1988, of their desire to appear and testify at the hearing: Ryan Halloran, General Counsel, Cabinet for Human Resources, 275 East Main Street - 4 West, Frankfort, Kentucky 40601.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Eric Friedlander

(1) Type and number of entities affected: 125 hospitals.

(a) Direct and indirect costs or savings to those affected: The costs associated with these amendments will vary depending on the size of the facility and the type of waste management procedures already in place. Industry estimates range anywhere from 2 to 5 pounds of infectious waste per day per bed and costs of disposal anywhere between 20 to 50 cents per pound.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs (note any effects upon competition): Hospitals may incur extra costs if they have to redraft waste management policies.

(b) Reporting and paperwork requirements: On balance, there will be no additional requirements: the post-anesthesia note has been modified to allow for more flexibility, blood pressure has been added as a required element of the patient record.

(2) Effects on the promulgating administrative body: There will be a change in survey procedures, should not have any significant effect.

(a) Direct and indirect costs or savings: The costs associated with printing new survey forms and regulations.

1. First year: $500 for printing costs.

2. Continuing costs or savings: No continuing costs as reprints of regulations and survey forms are built into the continuing budget.

3. Additional factors increasing or decreasing costs: The change in the linen requirements may reduce some unnecessary citations thereby reducing agency costs.

(b) Reporting and paperwork requirements: No additional requirements are anticipated.

(3) Assessment of anticipated effect on state and local revenues: There will be no effect on revenues.

(4) Assessment of alternative methods; reasons why alternatives were rejected: An infection control and waste management committee composed of professionals in the field and representatives of the state felt this was the best option.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: There should be no conflict with existing statutes.

(a) Necessity of proposed regulation if in conflict:

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:

(6) Any additional information or comments:

TIERING: Was tiering applied? No. In order to insure the health and safety of hospital workers and citizens of the Commonwealth, these standards should apply to all hospital facilities.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. CFR 482.2-482.60.

2. State compliance standards. This regulation is being amended to update the standards relating to infection control and waste management, to clarify linen policies, to add patient blood pressure to the required elements of the patient record, and to make prophilaxis for the prevention of infant blindness time specific.

3. Minimum or uniform standards contained in the federal mandate. Federal standards are general in nature, so that specific standards as they relate to these areas do not exist.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? The standards are more detailed than the federal standards. They do not impose any different responsibilities on the hospital.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The greater detail in the state standards is necessary in order to assure quality care in Kentucky.

CABINET FOR HUMAN RESOURCES
Department for Social Insurance
Division of Management & Development
(Proposed Amendment)

904 KAR 3:020. Eligibility requirements.

RELATES TO: KRS 194.050
STATUTORY AUTHORITY: KRS 194.050
NECESSITY AND FUNCTION: The Cabinet for Human Resources has responsibility to administer a Food Stamp Program as prescribed by the Food Stamp Act of 1977, as amended, and 7 CFR [Part] 270 through 280. KRS 194.050 provides that the secretary shall, by regulation, develop policies and operate programs concerned with the welfare of the citizens of the Commonwealth. This regulation sets forth the eligibility requirements used by the cabinet in the administration of the Food Stamp Program.

Section 1. Eligibility Requirements. In accordance with regulations promulgated by the Food and Nutrition Service (FNS), of the United States Department of Agriculture, national uniform standards of eligibility for the Food Stamp Program, composed of both financial and nonfinancial criteria, shall be utilized. Financial criteria shall consist of income and resource limitations. Nonfinancial criteria shall consist of certain technical factors. Participation in the program shall be limited to those households whose incomes are determined to be a substantial limiting factor in permitting them to obtain a more nutritious diet. The income eligibility standards are derived from the Office of Management and Budget's (OMB) nonfarm income poverty guidelines.

Section 2. Countable Income. All income from any source shall be counted, except income specifically excluded in Section 3 of this regulation, including but not limited to:

(1) Wages earned by a household member, including all wages received by a striker the

day [month] prior to the [month of the] strike or wages received during the month of application, whichever is higher, in accordance with 7 CFR [Part] 273.1(g).

(2) The gross income of a self-employment enterprise, including the total gain from the sale of any capital goods or equipment related to the business, excluding the cost of doing business.

(3) Training allowance from vocational and rehabilitative programs recognized by federal, state or local governments, to the extent that they are not reimbursements.

(4) Payments under Title I (Volunteers in Service to America, University Year for Action, etc.) of the Domestic Volunteer Service Act of 1973 shall be considered earned income unless specifically excluded in 7 CFR [Part] 273.9(c)(10)(iii).

(5) The earned or unearned income of excluded household members as set forth in 904 KAR 3:035, Section 5(3).

(6) Assistance payments from federal or federally aided public assistance such as supplemental security income (SSI) or aid to families with dependent children (AFDC); general assistance (GA) programs, or other assistance programs based on need.

(7) Annuities; pensions; retirement; veteran's or disability benefits; worker's or unemployment compensation; strike pay; old-age, survivors, or social security benefits; foster care payments for children or adults; gross income minus the cost of doing business derived from rental property in which a household member is not actively engaged in the management of the property at least twenty (20) hours a week.

(8) Wages earned by a household member which are garnisheed or diverted by an employer and paid to a third party for a household expense.

(9) Support or alimony payments made directly to the household from nonhousehold members. This includes [and/or] any portion of such payments returned to the household by the cabinet.

(10) Such portion of scholarships, educational grants, fellowships, deferred payment loans for education, veterans educational benefits and the like which are not excludable under Section 3(6) of this regulation.

(11) Payments from government sponsored programs, dividends, interest, royalties, and all other direct money payments from any source which can be construed to be a gain or benefit.

(12) Monies withdrawn or dividends which are or could be received from a trust fund considered to be excludable under 7 CFR [Part] 273.8(e)(8) by a household, unless otherwise exempt under the provisions set forth in 7 CFR [Part] 273.9(c).

(13) That amount of monthly income of an alien's sponsor and the sponsor's spouse (if living with the sponsor) that has been deemed to be that of the alien in accordance with 7 CFR [Part] 273.11(h).

(14) Assistance monies from another program, as specified in 7 CFR 273.11(j), which are withheld for purposes of recouping an overpayment which resulted from the household's intentional failure to comply with that program's requirements. These withheld monies shall be considered as income in accordance with 7 CFR 273.11(j).

(15) Earnings to individuals who are participating in on-the-job training programs under the Job Training Partnership Act. This provision does not apply to household members under nineteen (19) years of age who are under the parental control of another adult member.

Section 3. Income Exclusions. The following payments shall not be considered as income:

(1) Money withheld from an assistance payment, earned income or other income source, or monies received from any income source which are voluntarily or involuntarily returned, to repay a prior overpayment received from that income source, provided the overpayment was not excludable in accordance with 7 CFR [Part] 273.9(c). However, monies withheld, as specified in Section 2, subsection (14) of this regulation shall not be excluded.

(2) Child support payments received by AFDC recipients which must be transferred to the division administering Title IV-D of the Social Security Act, as amended, to maintain AFDC eligibility. However, any portion of such monies returned to the household by the cabinet shall not be excluded.

(3) Any gain or benefit which is not in the form of money payable directly to the household.

(4) Money payments that are not payable directly to a household, but are paid to a third party for a household expense are excludable as a vendor payment as defined in 7 CFR 273.9(c).

(5) Any income in the certification period which is received too infrequently or irregularly to be reasonably anticipated, but not in excess of thirty (30) dollars in a quarter.

(6) As defined in 7 CFR 273.9(c), educational loans on which payment is deferred, grants, scholarships, fellowships, veteran educational benefits, and the like to the extent that they are made available [used] for tuition and mandatory fees at an institution of post secondary education, including correspondence schools at that level, or a school at any level for the physically or mentally handicapped. Origination fees and insurance premiums on student loans are excludable charges. For federal education assistance programs funded under Title IV of the Higher Education Act or effective December 1, 1988, Student Assistance Programs under the Bureau of Indian Affairs, additional income exclusions include costs of books, travel, routine supplies, and cost for rental or purchase of equipment used for educational purposes. Portions of nonfederal (state, local, or private) deferred payment educational loans are excluded based on provisions contained in 7 CFR 273.9(c)(4).

(7) All loans, including loans from private individuals as well as commercial institutions, other than educational loans on which repayment is deferred.

(8) Reimbursements for past or future expenses to the extent they do not exceed actual expenses, and do not represent a gain or benefit to the household as defined in 7 CFR 273.9(c).

(9) Money received and used for the care and maintenance of a third party beneficiary who is not a household member.

(10) The earned income of children who are members of the household, who are students at least half time and who have not attained their 18th birthday.

(11) Money received in the form of a nonrecurring lump-sum payment.

(12) The cost of producing self-employment income. If the cost of producing farm

self-employment income exceeds the income derived from self-employment farming as defined in 7 CFR [Part] 273.11(a), such losses shall be offset against any other countable income in the household.

(13) Any income specifically excluded by any other federal statute from consideration as income for the purpose of determining eligibility for the Food Stamp Program.

(14) Any energy assistance payments made under federal laws or certified as excludable energy payments by FNS.

(15) Any cash donations based on need received on or after February 1, 1988 from nonprofit charitable organizations, not to exceed $300 in a federal fiscal quarter in accordance with 7 CFR 273.9(iv)(2).

Section 4. Income Eligibility Standards. Participation in the Food Stamp Program is limited to those households whose incomes fall at or below the applicable standards as established by FNS and which are set forth below:

(1) Households which contain a member who is elderly or disabled as defined in 904 KAR 3:010, Section 1(10) shall have their net income compared to 100 percent of the federal income poverty guidelines.

(2) Households which are categorically eligible as defined in CFR 273.2 do not have to meet either the gross or net income eligibility standards.

(3) All other households shall have their gross income (total income after excluded income has been disregarded but before any deductions have been made) compared to 130 percent of the federal income poverty guidelines and their net income compared to 100 percent of the federal income poverty guidelines.

Section 5. Income Deductions. The following shall be allowable income deductions:

(1) A standard deduction per household per month. This standard shall be periodically adjusted by FNS to reflect changes in the cost of living for a prior period of time as determined by FNS.

(2) Twenty (20) percent of gross earned income.

(3) Payments for the actual cost for the care of a child or other dependent when necessary for a household member to seek, accept or continue employment or attend training or pursue education preparatory to employment. This deduction shall not exceed the child care maximum established by FNS.

(4) Monthly shelter cost in excess of fifty (50) percent of the household's income after all other allowable deductions have been made. The shelter deduction shall not exceed the excess shelter maximum established by FNS, except that households containing an elderly or disabled member shall not be subject to said maximum with [in] regard[s] to the shelter deduction. The excess shelter maximum shall be adjusted periodically by FNS to reflect changes in the cost of living for a prior period of time. Allowable monthly shelter expenses shall be those expenses outlined in 7 CFR [Part] 273.9(d)(5). The cabinet shall develop a standard utility allowance for use in calculating shelter cost for those households which receive LIHEAP benefits or which incur heating/cooling (by air conditioning units only) costs separate and apart from their rent or mortgage payments in accordance with 7 CFR [Part] 273.9(d)(6). If the household is not entitled to the utility standard or does not choose to use the utility standard, it may claim actual utility expenses for any utility which it does pay separately. The standard utility allowance shall be adjusted at least annually to reflect changes in the cost of utilities.

(5) Allowable medical expenses, excluding special diets, in excess of thirty-five (35) dollars per month incurred by any household member who meets the definition of elderly or disabled, as set forth in 7 CFR [Part] 271.2, are those meeting the criteria set forth in 7 CFR [Part] 273.9(d)(3) including, but not limited to:

(a) Medical and dental care;

(b) Hospitalization or outpatient treatment and nursing care;

(c) Medication and medical supplies;

(d) Health and hospitalization premiums; and

(e) Dentures, hearing aids, eyeglasses and prosthetics.

Section 6. Resources. Uniform national resource standards of eligibility shall be utilized. Eligibility shall be denied or terminated if the total value of a household's liquid and nonliquid resources, not exempt under Section 7 of this regulation and in accordance with 7 CFR [Part] 273.8, exceed:

(1) $3000: for all households with one (1) or more members, when at least one (1) member is sixty (60) years or older; or

(2) $2000: for all other households.

(3) Households which are categorically eligible as defined in 7 CFR 273.2 shall be considered as having met the food stamp resource requirement.

Section 7. Exempt Resources. The following resources shall not be considered in determining eligibility:

(1) The home and surrounding property which is not separated from the home by intervening property owned by others.

(2) Household goods, personal effects including one (1) burial plot per household member, the cash value of life insurance policies and pension funds (except that Keogh plans which involve no contractual relationship with individuals who are not household members and Individual Retirement Accounts shall not be exempt), and prepaid burial plans if a contractual agreement for repayment must be signed in order to withdraw any funds.

(3) Licensed/unlicensed vehicles as specified in 7 CFR [Part] 273.8.

(4) Property which annually produces income consistent with its fair market value, even if only used on a seasonal basis.

(5) Property which is essential to the employment or self-employment of a household member, in accordance with 7 CFR [Part] 273.8(e)(5).

(6) Installment contracts for the sale of land or buildings if the contract or agreement is producing income consistent with its fair market value.

(7) Any governmental payments which are designated for the restoration of a home damaged in a disaster, if the household is subject to legal sanction if funds are not used as intended.

(8) Resources whose cash value is not accessible to the household.

(9) Resources which have been prorated as

income.

(10) Indian lands held jointly with the tribe, or land that can be sold only with the approval of the Department of the Interior's Bureau of Indian Affairs; and

(11) Resources which are excluded for food stamp purposes by express provision of federal statute.

Section 8. Transfer of Resources. Households which have transferred resources knowingly for the purpose of qualifying or attempting to qualify for food stamps shall be disqualified from participation in the program for up to one (1) year from the date of the discovery of the transfer in accordance with 7 CFR 273.8(i).

Section 9. Nonfinancial Criteria. Nonfinancial eligibility standards apply equally to all households and consist of:

(1) Residency. A household must live in the county in which they make application;

(2) Identity. Applicant's identity will be verified; also, where an authorized representative applies for the household, both the applicant's and the authorized representative's identities will be verified;

(3) Citizenship and alien status. Program participation shall be limited to either citizens of the United States or eligible aliens, as outlined in 7 CFR [Part] 273.4. Individuals whose status is questionable shall be ineligible to participate until such status has been verified;

(4) Household size. Size of household will be verified through readily available documentary evidence or through a collateral contract; and

(5) Students. Persons aged eighteen (18) to sixty (60) who are physically and mentally fit and enrolled at least half time in an institution of higher education are ineligible to participate unless they meet criteria specified in 7 CFR [Part] 273.5.

(6) Mandatory monthly reporting (MMR). Households shall be required to file monthly reports in accordance with 7 CFR 273.21 and any waivers thereto approved by FNS as a condition of eligibility, unless otherwise exempted by the appropriate federal agency.

(7) Social security number (SSN). Households applying for or participating in the Food Stamp Program must comply with SSN requirements by providing the SSN of each household member or applying for one (1) prior to certification. Failure to comply without good cause shall be determined for each household member and shall result in such individual's disqualification from participation in the Food Stamp Program until this requirement is met.

(8) Work registration. All household members, except those exempt in 7 CFR [Part] 273.7(b), shall be required to register for work, accept suitable employment and be subject to other work registration requirements specified in 7 CFR [Part] 273.7. Strikers whose households are eligible in accordance with 904 KAR 3:035, Section 5(9), shall be subject to the work registration requirements unless exempt for reasons other than employment at the time of application.

(9) Quality Control. Refusal to cooperate in completing a quality control review shall result in termination of the participating household's benefits.

Section 10. Provisions contained in this regulation shall become effective <u>November 1, 1988</u> [September 1, 1987] unless otherwise specified.

PUBLIC HEARING: A public hearing on this administrative regulation shall be held on December 22, 1988 at 9 a.m. at Health Services Auditorium. Individuals interested in attending this hearing shall notify this agency in writing by December 17, 1988, five days prior to the hearing, of their intent to attend. If no notification of intent to attend the hearing is received by that date, the hearing may be cancelled. This hearing is open to the public. Any person who attends will be given an opportunity to comment on the proposed administrative regulation. A transcript of the public hearing will not be made unless a written request for a transcript is made. If you do not wish to attend the public hearing, you may submit written comments on the proposed administrative regulation. Send written notification of intent to attend the public hearing or written comments on the proposed administrative regulation to: Ryan Halloran, General Counsel, Cabinet for Human Resources, 275 East Main Street - 4 West, Frankfort, Kentucky 40601.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: James E. Randall, Director

(1) Type and number of entities affected: Approximately 7,100 HEAP recipients live in subsidized housing and their rent includes utility expenses. As a result of this amendment, these households are now entitled to the Standard Utility Allowance deduction. No data is available for determining the number of households which receive cash donations based on need from nonprofit charitable organizations. Also, the number of food stamp recipients expected to receive student assistance income from the Bureau of Indian Affairs is unknown.

(a) Direct and indirect costs or savings to those affected:

1. First year: Approximately 7,100 food stamp recipients are entitled to increased food stamp benefits as a result of eligibility for LIHEAP benefits. The additional Standard Utility Allowance deduction will result in a greater allotment. Since this policy is reviewed at each food stamp application, reapplication and recertification, the change will affect most (if not all) of these HEAP recipients.

2. Continuing costs or savings: Same as first year.

3. Additional factors increasing or decreasing costs (note any effects upon competition): None

(b) Reporting and paperwork requirements: Insignificant

(2) Effects on the promulgating administrative body:

(a) Direct and indirect costs or savings: None. Food stamp coupons are 100% federally funded. Therefore, the state will not incur any additional costs as a result of implementing these amendments.

1. First year: None
2. Continuing costs or savings: None

3. Additional factors increasing or decreasing costs: None

(b) Reporting and paperwork requirements: Insignificant

(3) Assessment of anticipated effect on state and local revenues: None

(4) Assessment of alternative methods; reasons why alternatives were rejected: None

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None

(a) Necessity of proposed regulation if in conflict:

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:

(6) Any additional information or comments: None

TIERING: Was tiering applied? No. Eligibility conditions for food stamps must be applied on a consistent and equitable basis in accordance with federal regulations.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate.

Public Law 100-50

7 CFR 273.9(c)(2), Federal Register 6/15/88

7 CFR 273.9(d)(17), FNS/SERO Regulations Supplement 88-9

2. State compliance standards.

This regulation allows additional student assistance income exclusions, provides a food stamp utility deduction for LIHEAP recipients and excludes certain cash donations based on need.

3. Minimum or uniform standards contained in the federal mandate.

The federal regulations allow students who receive income from the Bureau of Indian Affairs to receive deductions similar to those granted to recipients of Title IV income under the Higher Education Act. The federal regulations also provide an exclusionary provision for cash donations based on need of $300 or less per quarter, if the money is received from a nonprofit charitable organization. In addition, food stamp recipients who receive income from LIHEAP are assumed to have expended the funds for heating/cooling costs and are, therefore, entitled to such a deduction in computing their food stamp allotments.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate?

No. The provisions of this administrative regulation coincide with those mandated by the Food and Nutrition Service. The guidelines for these provisions are specific with respect to the application of these policy amendments.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements.

This administrative regulation will not impose any stricter requirements or any additional or different responsibilities than those required by the federal mandate.

PROPOSED REGULATIONS RECEIVED THROUGH NOVEMBER 15, 1988

FINANCE AND ADMINISTRATION CABINET
Higher Education Assistance Authority
Division of Program Administration

11 KAR 5:120. Application by recipients of AFDC.

RELATES TO: KRS 164.748(4), (8), (14), (16), 164.753(4)(b), 164.780, 164.785
STATUTORY AUTHORITY: KRS 13A.100, 164.748(4)
NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation sets forth procedures by which recipients of Aid to Families with Dependent Children may apply for KHEAA grant assistance and the award determination procedures for such applicants.

Section 1. Definitions. The term "authority" shall have the meaning defined in KRS 164.740. For purposes of this regulation, the term listed below shall have the following meaning: "parent" means a student's natural or adoptive mother or father, or a legal guardian appointed by a court who is specifically required by the court to use his or her own resources to support the student.

Section 2. The student application prescribed in 11 KAR 5:130 shall be used.

Section 3. To properly complete the KHEAA grant application procedure, each applicant who receives payments for himself/herself or whose parent receives payments on behalf of the applicant under the program known as "Aid to Families with Dependent Children (AFDC)" administered by the Kentucky Cabinet for Human Resources, Bureau for Social Insurance, (CHR, BSI), shall indicate in the designated place on the application that these benefits are received.

Section 4. The authority shall request data from the DHR, BSI to verify that the family is a current bona fide recipient of payments under the AFDC program.

Section 5. Each verified applicant receiving AFDC payments for himself/herself or whose parent receives payments for the applicant who meets all of the student eligibility requirements in 11 KAR 5:030, except Section 1(4), will be awarded a KHEAA grant in the maximum amount available to students at the educational institution where the applicant is or will be enrolled for the period covered by the application, so long as funds are available.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Paul P. Borden
(1) Type and number of entities affected: An estimated 1,200 recipients of Aid to Families with Dependent Children.
(a) Direct and indirect costs or savings to those affected: There is and will be no cost or savings to those affected. The regulation simply adopts procedures and definitions previously incorporated in the Kentucky Higher Education Assistance Authority Grant Manual.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs (note any effects upon competition):
(b) Reporting and paperwork requirements: Paperwork requirements are almost negligible; the Bureau for Social Insurance (CHR) will provide Kentucky Higher Education Assistance Authority with electronically computed data to substantiate AFDC status for state grants.
(2) Effects on the promulgating administrative body: There is virtually no effect on the promulgating body.
(a) Direct and indirect costs or savings: There is no cost or savings during the first year or during succeeding years.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements: The regulation creates no reporting or paperwork requirements except that the Bureau for Social Insurance (CHR) will verify that a grant applicant is a bona fide recipient of AFDC payments.
(3) Assessment of anticipated effect on state and local revenues: There is no effect on state and local revenues; the regulation does not affect the funding of the grant programs.
(4) Assessment of alternative methods; reasons why alternatives were rejected: No viable alternative could be conceived.
(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: The regulation does not conflict, overlap, or duplicate any statute, administrative regulation, or government policy.
(a) Necessity of proposed regulation if in conflict: There is no conflict.
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: There is no conflict.

(6) Any additional information or comments: The regulation ensures that qualified grant applicants who are AFDC recipients will be awarded a Kentucky Higher Education Assistance Authority grant in the maximum amount available to students at the educational institution attended by the applicant, so long as funds are available. Funding for the grant programs is not affected by the regulation.

TIERING: Was tiering applied? Yes. Verified recipients of AFDC payments, who otherwise qualify for state grants, will be awarded a Kentucky Higher Education Assistance Authority grant in the maximum amount available to students at the applicant's school. It has been determined that the establishment of eligibility for AFDC benefits is tantamount to eligibility for KHEAA grant programs, and Kentucky Higher Education Assistance Authority concurs with that assessment.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785

STATUTORY AUTHORITY: KRS 13A.100, 164.748(4)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation prescribes the form to be used by students to apply for and establish financial need for KHEAA grant programs.

Section 1. Definitions. The terms "authority", "business school", "college", "federal act", "grant", "school of nursing", and "vocational school" shall have the meanings defined in KRS 164.740. For purposes of this regulation, the terms listed below shall have the following meanings:

(1) "Educational institution" means an institution located in Kentucky which:

(a) Offers an eligible course of study;

(b) Enrolls as regular students only persons having either a certificate of graduation from a school providing secondary education or the recognized equivalent of such a certificate, or persons who are beyond the age of compulsory school attendance in the Commonwealth of Kentucky and have the ability to benefit from the training offered by the institution;

(c) Has entered into an administrative agreement with the authority; and

(d) For purposes of the State Student Incentive Grant Program, a business school, college, school of nursing or vocational school, as defined in KRS 164.740(3), (4), (17), and (18) respectively and meets the requirements of the federal act; or

(e) For purposes of the Kentucky Tuition Grant Program, a private, nonprofit college accredited by the Southern Association of Colleges and Schools, Commission on Colleges, and whose institutional programs are not comprised solely of sectarian instruction.

(2) "Eligible course of study" means a program offered by an educational institution which:

(a) Is of at least two (2) academic years duration; and

(b) Leads to a degree in a field other than theology, divinity or religious education at the institution at which the student is enrolled.

Section 2. In order to receive KHEAA grant program benefits for the 1989-90 academic year, the 1989-90 Kentucky Financial Aid Form shall be completed and submitted in accordance with the instructions provided by the authority. The application and instructions, herein incorporated by reference, are available from the authority at its office at 1050 U.S. 127 South, Frankfort, Kentucky. An applicant shall indicate the choice of an educational institution on the application to be considered for the KHEAA grant. The educational institution listed first shall be used in the determination of a KHEAA grant program award.

Section 3. If the student provides written notification of change of first choice educational institution, on or before July 15 or November 15, prior to the commencement of the respective fall or spring semester for which a KHEAA grant is sought, grant program eligibility shall be redetermined and award determination shall be recomputed by the authority based upon the new choice of educational institution. If the student changes his/her choice of educational institution after July 15, any KHEAA grant award for the succeeding fall academic term shall be revoked, and grant program eligibility shall be recomputed for the spring academic term. If the student changes his/her choice of educational institution after November 15, any KHEAA grant award for the succeeding spring term shall be revoked.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Paul P. Borden

(1) Type and number of entities affected: Approximately 16,000 recipients of Kentucky Higher Education Assistance Authority grants plus an undetermined number who file the Kentucky Financial Aid Form as a requirement for

consideration for other types of student financial assistance.

(a) Direct and indirect costs or savings to those affected: Kentucky Higher Education Assistance Authority grant applicants are required to file the Kentucky Financial Aid Form each year. The annual cost is from $10.75 to $54.50, depending on the number of institutions to which information in the form is to be sent.

1. First year: See (a).

2. Continuing costs or savings: See (a).

3. Additional factors increasing or decreasing costs (note any effects upon competition): The only variable in the cost would be the number of institutions to which the applicant wished to provide data from the form.

(b) Reporting and paperwork requirements: Applicants are required to complete the Kentucky Financial Aid Form each year they apply for grants.

(2) Effects on the promulgating administrative body: Adoption of the Kentucky Financial Aid Form provides the agency with one application and a uniform methodology for determining awards.

(a) Direct and indirect costs or savings: The agency bears no portion of the cost of processing the Kentucky Financial Aid Form.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: The agency bears the undetermined cost of reporting to the applicants and schools such relevant data as size of awards and denials. Additionally, checks are processed and forwarded to the schools.

(3) Assessment of anticipated effect on state and local revenues: The adoption of the Kentucky Financial Aid Form as the application form for state grants has no effect on state or local revenues. Costs are borne by the applicants.

(4) Assessment of alternative methods; reasons why alternatives were rejected: There are other financial aid application forms available, but the Kentucky Financial Aid Form is already in use throughout the Commonwealth, and most educational institutions in Kentucky require it for determining their own financial aid awards.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: This regulation does not overlap, duplicate, or conflict with any statute, administrative regulation or government policy.

(a) Necessity of proposed regulation if in conflict: There is no conflict.

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: There is no conflict.

(6) Any additional information or comments: The regulation also defines certain commonly used terms relevant to the administration of the grant programs.

TIERING: Was tiering applied? No. The concept of tiering is not applicable to the provisions of this amendment. All entities are treated equally; all applicants for KHEAA grants are required to submit the Kentucky Financial Aid Form.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 20 U.S.C. §1070c-2(b)(4), 34 CFR §692.21(d) and 34 CFR 692.40(b).

2. State compliance standards. This regulation requires grant applicants to demonstrate substantial financial need by completing and submitting the Kentucky Financial Aid Form.

3. Minimum or uniform standards contained in the federal mandate. 20 U.S.C. §1070c-2(b)(4) requires the state to select grant recipients on the basis of criteria established by the state and approved by the U.S. Secretary of Education. 34 CFR §692.21 and §692.41 require that the state establish standards for determination of substantial financial need, approved by the U.S. Secretary of Education. Those standards may include family income, expected family contribution, and the relation of the resources available for the student to the cost of attendance. The elements may be evaluated under a system used for other federal financial aid programs or the state's own system or a combination of the two. No particular application form is required by federal law for state student incentive grants.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? No particular application form is required for state student incentive grants, provided that the system used to evaluate need is approved by the U.S. Secretary of Education. Federal law (20 U.S.C. §1087ss) requires the U.S. Secretary of Education to develop an application form for other federal student financial aid programs, but that form is not required to be used for state student incentive grants.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. A form acceptable under federal law, but different from the federal application form is used because it provides additional information considered to be useful by the majority of participating educational institutions.

11 KAR 5:140. Award determination procedure.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785

STATUTORY AUTHORITY: KRS 13A.100, 164.748(4)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation sets forth the award determination procedures for the KHEAA Grant programs.

Section 1. Definitions. The terms "authority" and "grant" shall have the meanings defined in KRS 164.740. For purposes of this regulation, the terms listed below shall have the following meanings:

(1) "Academic year" means a period of time, usually eight (8) or nine (9) months, during which a full-time student would normally be

expected to complete the equivalent of two (2) semesters, two (2) trimesters, three (3) quarters, 900 clock hours, twenty-four (24) semester hours, or thirty-six (36) quarter hours of instruction.

(2) "Application date" means the date that the application is processed by the College Scholarship Service.

(3) Educational expenses" means tuition and fees, books and supplies, room and board or reasonable living expenses, reasonable miscellaneous personal expenses and reasonable transportation costs for the academic period of the grant application.

(4) "Educational institution" means a participating institution located in Kentucky which:

(a) Offers an eligible course of study;

(b) Enrolls as regular students only persons having either a certificate of graduation from a school providing secondary education or the recognized equivalent of such a certificate, or persons who are beyond the age of compulsory school attendance in the Commonwealth of Kentucky and have the ability to benefit from the training offered by the institution;

(c) Has entered into an administrative agreement with the authority; and

(d) For purposes of the State Student Incentive Grant Program, a business school, college, school of nursing or vocational school, as defined in KRS 164.740(3), (4), (17), and (18) respectively and meets the requirements of the federal act; or

(e) For purposes of the Kentucky Tuition Grant Program, a private, nonprofit college accredited by the Southern Association of Colleges and Schools, Commission on Colleges, and whose institutional programs are not comprised solely of sectarian instruction.

(5) "Eligible course of study" means a program offered by an educational institution which:

(a) Is of at least two (2) academic years duration; and

(b) Leads to a degree in a field other than theology, divinity or religious education at the institution at which the student is enrolled.

(6) "Full-time student" means a student who is carrying a full-time academic workload, other than by correspondence, measured in terms of:

(a) Course work or other required activities as determined by the institution in which the student is enrolled, including any combination of courses, work experience, research or special studies which the institution requires of the student to consider him as being engaged in full-time study, and which amounts to the equivalent of a minimum of twelve (12) semester hours or twelve (12) quarter hours per academic term for institutions utilizing trimesters, semesters or quarter hour systems or which consists of a program requiring the minimum of twenty-five (25) clock hours per week for those institutions that do not utilize such systems; and

(b) The tuition and fees customary for full-time study at that institution.

(7) "KHEAA grant program officer 'or' (KGPO)" means the official designated on the administrative agreement, pursuant to KRS 164.748(5), to serve as the authority's on-campus agent to certify all institutional transactions and activities with respect to the KHEAA grant programs.

(8) "Overaward" means provision through any and all sources of financial assistance to meet educational expenses in excess of a student's need.

(9) "Pell grant" means an award under the Pell Grant Program operated by the United States Government under the provision of 20 U.S.C. 1070a.

(10) "Total cost of education 'or' (TCE)" for an academic year means an amount determined for each applicant by the following formula: normal tuition and fees for a full-time student at the institution chosen by the applicant plus maximum board contract amount plus minimum room contract amount. For institutions which do not have room and board charges, a maintenance allowance of $1,100 for the year or $550 for a semester or such other allowances as may be agreed to between the authority and any educational institution will be allowed.

Section 2. State Student Incentive Grant (SSIG) Program Awards. Each application shall be reviewed for determination that all eligibility requirements set forth in 11 KAR 5:030 for SSIG are met. To qualify for a SSIG award based on financial need, the applicant's family contribution using Congressional methodology, prescribed in Title IV, Part F of the federal act (20 U.S.C. §1087kk through §1087vv) shall be $2,000 or less. SSIG awards shall be offered in ascending order based on the application date, to the extent that funds are available.

Section 3. Kentucky Tuition Grant (KTG) Program Awards. Whether or not the applicant is eligible for a SSIG award, the application shall be reviewed for determination of eligibility for a KTG.

Section 4. KTG Need. For each KTG eligible applicant, the KTG need shall be computed according to the following formula: KTG need equals total cost of education minus the sum of:

(1) Expected Pell grant;

(2) Congressional methodology family contribution; and

(3) SSIG.

Section 5. KTG Award. (1) If an applicant does not qualify for a SSIG award, and the KTG need is an amount equal to or greater than $200, the KTG shall be the lesser of the KTG need or the maximum grant authorized by KRS 164.785(3), except that KTG awards shall be offered only to the extent funds are available.

(2) If an applicant does not qualify for a SSIG award, and the KTG need is an amount less than $200, no award shall be made.

(3) If an applicant has received a SSIG award and KTG need is an amount equal to or greater than fifty (50) dollars, the KTG award shall be the lesser of the KTG need or the maximum grant established by the authority pursuant to KRS 164.785(3), except that KTG awards shall be offered only to the extent that funds are available.

Section 6. Minimum KHEAA Grant. The minimum KHEAA grant awarded to any recipient for a given academic year shall be $200.

Section 7. SSIG and KTG shall be awarded as a KHEAA grant.

Section 8. A KHEAA grant shall not exceed the

cost of tuition and fees charged to the student during the academic year of the award. A SSIG shall not exceed $500. A KTG shall not exceed $1,200. A semester award shall not exceed tuition and fee charges for that semester. No KHEAA grant award shall be made for a summer academic term.

Section 9. The authority shall reduce or revoke a KHEAA grant upon receipt of documentation that financial assistance from other sources in combination with the KHEAA grant exceeds the educational institution's determination of financial need for that student. The KHEAA grant program officer (KGPO) and the grant recipient shall make every reasonable effort to provide the authority the information needed to prevent an overaward.

Section 10. If the authority receives revised data that, upon recomputation, results in the student becoming ineligible for a KHEAA grant that has already been offered, but not disbursed, the grant shall be revoked. If the student is determined to be ineligible after the KHEAA grant has been disbursed, the student shall repay to the authority the entire amount of the KHEAA grant.

Section 11. If the authority receives revised data that, upon recomputation, necessitates reduction of the KHEAA grant and the grant has not yet been disbursed, the reduction shall be made to both the fall and spring disbursements, and the student shall be notified of the reduction. If the grant for the fall academic term has already been disbursed, then the reduction shall be made to the spring disbursement. If both the fall and spring disbursements have been made, the student shall repay the overaward to the authority.

Section 12. Students requested, by the institution, to provide verification of data for any financial assistance program shall provide the verification before receiving disbursement of a KHEAA grant. Any student who is awarded a KHEAA grant who fails to provide verification requested by the educational institution shall be deemed ineligible, and the grant shall be revoked.

PUBLIC HEARING: A public hearing on this administrative regulation shall be held on December 21, 1988 at 9:30 a.m. at 1050 U.S. 127 South, Frankfort, Kentucky 40601. Individuals interested in attending this hearing shall notify this agency in writing by December 16, 1988, five days prior to the hearing, of their intent to attend. If no notification of intent to attend the hearing is received by that date, the hearing may be cancelled. This hearing is open to the public. Any person who attends will be given an opportunity to comment on the proposed administrative regulation. A transcript of the public hearing will not be made unless a written request for a transcript is made. If you do not wish to attend the public hearing, you may submit written comments on the proposed administrative regulation. Send written notification of intent to attend the public hearing or written comments on the proposed administrative regulation to: The Executive Director, Kentucky Higher Education Assistance Authority, 1050 U.S. 127 South, Frankfort, Kentucky 40601.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Paul P. Borden

(1) Type and number of entities affected: Approximately 16,000 recipients of Kentucky Higher Education Assistance Authority grants plus an undetermined number of applicants who do not receive grants.

(a) Direct and indirect costs or savings to those affected: The minimum cost associated with the application process is $10.75 per year. Actually, this is the College Scholarship Service charge for processing the Kentucky Financial Aid Form which is required for the grant program as well as other student financial assistance programs. No other costs are borne by the affected entities.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs (note any effects upon competition):

(b) Reporting and paperwork requirements: Grant recipients are required to report certain changes in their enrollment status in order to ensure appropriate award amounts which are, to some degree, determined by the type of institution attended, i.e., public or private.

(2) Effects on the promulgating administrative body: Adoption of the policies and procedures addressed in this regulation continues without substantive change those policies and procedures, previously specified in the KHEAA Grant Manual, to which the agency adheres in the determination of grant awards.

(a) Direct and indirect costs or savings: The only costs, which are minimal and undetermined, are those associated with the maintenance of computerized records with respect to the student's application, eligibility and the actual awarding of grants.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: Data respecting applicant eligibility must be electronically recorded and stored.

(3) Assessment of anticipated effect on state and local revenues: The implementation of this regulation has no effect on local and state revenues.

(4) Assessment of alternative methods; reasons why alternatives were rejected: There are no viable alternatives. The procedures and policies incorporated in this regulation are the culmination of several years experience in the area of substantiating and determining student financial assistance awards.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: This proposed regulation does not conflict with, duplicate, or overlap any administrative regulation, statute, or government policy.

(a) Necessity of proposed regulation if in conflict: There is no conflict, overlap or duplication.

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: There is no

conflict, overlap or duplication.

(6) Any additional information or comments: The provision of the regulation add a degree of uniformity to the methodology respecting student financial need assessment. Grants made under the State Student Incentive Grant program are governed by federal law. 20 U.S.C. §1070c-2 requires the selection of grant recipients based on criteria established by the state and approved by the U.S. Secretary of Education. 20 U.S.C. §1087kk through §1087vv prescribes a system of financial need assessment commonly known as Congressional methodology. While not required to be used in either of KHEAA's grant programs, Congressional methodology is required to be used by participating educational institutions to determine need for purposes of other federally funded student financial aid programs. Adoption by KHEAA of Congressional methodology therefore promotes the integration of the various student aid programs, reduces the burden on participating institutions, and facilitates approval by the U.S. Secretary of Education.

TIERING: Was tiering applied? Yes. A verified recipient of AFDC benefits, if otherwise eligible for state grants, will receive the maximum grant available for any student for attendance at a given eligible school subject to the availability of funds. In making the determination as to the amount of the grant, consideration is not given to the applicant's expected family contribution.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 20 U.S.C. §1070c-2(b)(4), 34 CFR §692.21(d) and 34 CFR 692.40(b). In order to be eligible for state student incentive grants, a student must have a substantial financial need as determined annually based on criteria established by the state and approved by the U.S. Secretary of Education.

2. State compliance standards. The Kentucky Higher Education Assistance Authority has adopted as the needs assessment vehicle the Congressional methodology prescribed in Title IV, Part F of the federal act (20 U.S.C. §1087kk through 1087vv).

3. Minimum or uniform standards contained in the federal mandate. The federal mandate requires demonstration of a substantial financial need for SSIG awards. (See #1 above.)

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? The requirements are the same as those imposed by the federal mandate.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The requirements are the same.

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation sets forth the procedures for notification to applicants and to educational institutions.

Section 1. Definitions. The terms "authority", "business school", "college", "federal act", "grant", "school of nursing", and "vocational school" shall have the meanings defined in KRS 164.740. For purposes of this regulation, the terms listed below shall have the following meanings:

(1) "Educational institution" means an institution located in Kentucky which:

(a) Offers an eligible course of study;

(b) Enrolls as regular students only persons having either a certificate of graduation from a school providing secondary education or the recognized equivalent of such a certificate, or persons who are beyond the age of compulsory school attendance in the Commonwealth of Kentucky and have the ability to benefit from the training offered by the institution;

(c) Has entered into an administrative agreement with the authority; and

(d) For purposes of the State Student Incentive Grant Program, a business school, college, school of nursing or vocational school, as defined in KRS 164.740(3), (4), (17), and (18) respectively and meets the requirements of the federal act; or

(e) For purposes of the Kentucky Tuition Grant Program, a private, nonprofit college accredited by the Southern Association of Colleges and Schools, Commission on Colleges, and whose institutional programs are not comprised solely of sectarian instruction.

(2) "Eligible course of study" means a program offered by an educational institution which:

(a) Is of at least two (2) academic years duration; and

(b) Leads to a degree in a field other than theology, divinity or religious education at the institution at which the student is enrolled.

(3) "KHEAA grant program officer 'or' (KGPO)" means the official designated on the administrative agreement, pursuant to KRS 164.748(5), to serve as the authority's on-campus agent to certify all institutional transactions and activities with respect to the KHEAA grant programs.

Section 2. The authority shall notify each KHEAA grant recipient of the amount of award together with disbursement information. The recipient shall notify the authority of any incorrect information appearing on the notice, including name, address, social security number or institutional choice errors or changes.

Section 3. So long as funds are available the authority shall individually notify Kentucky applicants of the reason for their denial. When funds are no longer available, public, rather than individual, notification shall be given.

Section 4. Periodically the authority shall forward to the KGPO at each educational institution a report listing student applicants indicating that institution as the one in which they plan to enroll.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Paul P. Borden
(1) Type and number of entities affected: Approximately 16,000 applicants are awarded grants each year by the Kentucky Higher Education Assistance Authority. These individuals are all notified of their awards by mail. Additionally, a number of others, approximating 35,000, do not receive grants due to a variety of reasons. If any of this group are denied prior to the exhaustion of grant funds, they are notified by mail. If any applications are received after available funds are exhausted public notice is made to notify the applicants.
(a) Direct and indirect costs or savings to those affected: There are no costs or savings to the award recipients or to the schools they attend.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs (note any effects upon competition):
(b) Reporting and paperwork requirements: The proposed regulation requires the Kentucky Higher Education Assistance Authority to notify grant recipients and their schools of award related data. No requirements are placed on the applicants or schools.
(2) Effects on the promulgating administrative body: The KHEAA shall notify the grant recipients and their schools of grants awarded. Those denied grants will be notified either by mail or by public notice.
(a) Direct and indirect costs or savings: The cost of the implementation of the provisions of the proposed regulation would be the undetermined cost of generating and mailing required notices to the students and their schools. Presumably, the costs would vary only slightly, if at all, from year to year. Additionally, the agency would bear the minimal costs associated with recordkeeping.
1. First year:
2. Continuing costs or savings:
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements: The KHEAA is required to notify grant recipients and their schools of the awards. Individual notices are generated by computer.
(3) Assessment of anticipated effect on state and local revenues: There will be no effect on local and state revenues.
(4) Assessment of alternative methods; reasons why alternatives were rejected: The system of notification is the most efficient and equitable method that could be implemented. There are no viable alternatives.
(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: This proposed regulation does not overlap, duplicate, or conflict with any statute, administrative regulation or government policy.
(a) Necessity of proposed regulation if in conflict: There is no conflict.
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: There is no conflict.
(6) Any additional information or comments:
TIERING: Was tiering applied? No. All entities affected by the proposed amendment are treated equally. The concept of tiering is not applicable to the implementation of the provisions of this regulation.

STATUTORY AUTHORITY: KRS 13A.100, 164.748(4)
NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation sets forth the disbursement procedures for KHEAA grant programs.

Section 1. Definitions. The terms "authority", "business school", "college", "federal act", "grant", "school of nursing", and "vocational school" shall have the meanings defined in KRS 164.740. For purposes of this regulation, the terms listed below shall have the following meanings:
(1) "Educational institution" means an institution located in Kentucky which:
(a) Offers an eligible course of study;
(b) Enrolls as regular students only persons having either a certificate of graduation from a school providing secondary education or the recognized equivalent of such a certificate, or persons who are beyond the age of compulsory school attendance in the Commonwealth of Kentucky and have the ability to benefit from the training offered by the institution;
(c) Has entered into an administrative agreement with the authority; and
(d) For purposes of the State Student Incentive Grant Program, a business school, college, school of nursing or vocational school, as defined in KRS 164.740(3), (4), (17), and (18) respectively and meets the requirements of the federal act; or

(e) For purposes of the Kentucky Tuition Grant Program, a private, nonprofit college accredited by the Southern Association of Colleges and Schools, Commission on Colleges, and whose institutional programs are not comprised solely of sectarian instruction.

(2) "Eligible course of study" means a program offered by an educational institution which:

(a) Is of at least two (2) academic years duration; and

(b) Leads to a degree in a field other than theology, divinity or religious education at the institution at which the student is enrolled.

(3) "KHEAA grant program officer 'or' (KGPO)" means the official designated on the administrative agreement, pursuant to KRS 164.748(5), to serve as the authority's on-campus agent to certify all institutional transactions and activities with respect to the KHEAA grant programs.

Section 2. Eligibility Verification. (1) The KHEAA grant program eligibility verification roster will be forwarded to the KGPO at each educational institution prior to the beginning of each semester.

(2) The KGPO shall certify the eligibility of KHEAA grant recipients according to instructions attached to the roster and return it to the authority at least three (3) weeks prior to the date on which receipt of the KHEAA grant checks is requested.

Section 3. Checks, Check Register. (1) Upon receipt of the properly certified eligibility verification roster, the authority will issue to the KGPO individual checks made payable to each award recipient.

(2) The checks shall be accompanied by two (2) copies of a KHEAA grant check register, one (1) copy of which shall be retained by the institution and the other shall be returned to the authority in accordance with instructions attached thereto. The instructions will specify:

(a) Conditions under which a check shall be disbursed to the KHEAA grant recipient;

(b) Conditions under which a check shall be returned to the authority; and

(c) The date on which the register and any undisbursed checks shall be returned to the authority.

(3) An institution which has not returned a previous check register or completed it according to instructions shall not receive another check register and additional checks until it has satisfied the requirements in subsection (2) of this section.

Section 4. Alternative Disbursement. In lieu of the processes respecting the disbursement of checks pursuant to Section 2 of this regulation, the authority, in its sole discretion, may enter agreements on such terms as the authority deems appropriate to provide alternative methods for economical and efficient disbursement of KHEAA grants.

Section 5. If the student submits to the authority a written request that is received by the authority not later than July 15 preceding the fall academic term for which a KTG is awarded, the entire amount of the KTG, up to the amount of tuition and fees charged for the fall academic term, may be disbursed for that academic term. Otherwise, a KTG shall be disbursed in the amount of one-half (1/2) for the fall academic term and one-half (1/2) for the spring academic term. A SSIG shall always be disbursed in the amount of one-half (1/2) for the fall academic term and one-half (1/2) for the spring academic term.

Section 6. KHEAA grants shall be disbursed to eligible students enrolled at an educational institution, using the quarter system, so that the first disbursement shall be in the fall quarter beginning in August, September, or October, and the second disbursement shall be in the winter quarter beginning in January, February, or March. Enrollment during a spring quarter beginning in April or later shall not qualify a student for KHEAA grant assistance.

Section 7. KHEAA grants shall be disbursed to eligible students enrolled at an educational institution, using a short winter term in combination with longer fall and winter terms, so that the first disbursement shall be in the fall academic term and the second disbursement shall be in the spring academic term. Enrollment during the shorter winter academic term shall not qualify a student for KHEAA grant assistance.

Section 8. The educational institution shall be responsible for proper disbursement of KHEAA grants. The institution shall be liable for disbursement to the wrong individual or to an ineligible student, and shall make restitution to the authority of any amount improperly disbursed. Failure of the institution to make restitution when required may result in limitation, suspension or termination of the participation of the institution in accordance with 11 KAR 4:020.

Section 9. Undisbursed KHEAA grant checks shall be returned to the authority without any alteration, except an endorsement of "for deposit to State Treasury only."

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Paul P. Borden

(1) Type and number of entities affected: Approximately 16,000 recipients of KHEAA state grants and any of the 56 participating Kentucky institutions in which they enroll.

(a) Direct and indirect costs or savings to those affected: There are unknown costs to the affected entities. Theoretically, the institutions would bear the negligible cost of maintaining grant award data in the recipient's records and disbursing award to the recipients.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs (note any effects upon competition):

(b) Reporting and paperwork requirements: The institutions must report to the agency changes in the student's enrollment status which could affect eligibility. Additionally, they must verify award disbursements.

(2) Effects on the promulgating administrative body: It is the responsibility of the agency to provide to each institution a check for the proceeds of all grant awards to students in attendance at a particular institution.

(a) Direct and indirect costs or savings: The major cost of the state grant program is the actual award cost. The total amount awarded for the 1988-89 academic year is $13,189,000; of this, the U.S. Department of Education provided $888,000 and the remainder was appropriated by the General Assembly. No substantial increase or decrease is anticipated for upcoming years in the near future. Administrative costs are unknown, but for the complete operation of the grant program they are estimated at $377,724.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: KHEAA bears the unknown costs associated with the generation and delivery of the award checks to the institutions. Miscellaneous computerized records are maintained to ensure conformity to program procedures and policies.

(3) Assessment of anticipated effect on state and local revenues: The General Assembly appropriates the major portion of the funds disbursed in the KHEAA grant program. See (2)(a) above.

(4) Assessment of alternative methods; reasons why alternatives were rejected: There are no viable alternatives. The policies and procedures governing the disbursement of KHEAA grant program awards are prescribed by federal mandate (the Higher Education Act of 1965 as amended).

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: The proposed regulation does not overlap, duplicate, or conflict with any statute, administrative regulation or government policy.

(a) Necessity of proposed regulation if in conflict:

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:

(6) Any additional information or comments: The proposed regulation does not effect costs, savings, or changes in policies and procedures; it merely adopts into administrative regulation a program that has been fully operational, as previously prescribed by the KHEAA grant manual, for a number of years.

TIERING: Was tiering applied? Yes. All grant recipients have fully met eligibility requirements and are afforded equal treatment. The regulation does, however, provide for alternative disbursement methods at the discretion of KHEAA, such as generation of a single check to public institutions for redisbursement to the students or crediting to student accounts to achieve economy and reduce administrative burden.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 20 U.S.C. §1070c-2(b)(9).

2. State compliance standards. The regulation establishes procedures for the disbursement of grants to students through participating educational institutions and thereby provides for documentation and accounting of such disbursements.

3. Minimum or uniform standards contained in the federal mandate. 20 U.S.C. §1070c-2(b)(9) requires the state to provide such fiscal controls and fund accounting procedures as may be necessary to assure proper disbursement and accounting for federal funds.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? No

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. N/A

STATUTORY AUTHORITY: KRS 13A.100, 164.748(4)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky post secondary institutions. This regulation sets forth the apportionment of financial aid refunds from institutions and repayment from students due to the KHEAA grant programs.

Section 1. Definitions. The terms "authority", "business school", "college", "federal act", "grant", "school of nursing", and "vocational school" shall have the meanings defined in KRS 164.740. For purposes of this regulation, the terms listed below shall have the following meanings:

(1) "Educational institution" means an institution located in Kentucky which:

(a) Offers an eligible course of study;

(b) Enrolls as regular students only persons having either a certificate of graduation from a school providing secondary education or the recognized equivalent of such a certificate, or persons who are beyond the age of compulsory school attendance in the Commonwealth of Kentucky and have the ability to benefit from the training offered by the institution;

(c) Has entered into an administrative

agreement with the authority; and

(d) For purposes of the State Student Incentive Grant Program, a business school, college, school of nursing or vocational school, as defined in KRS 164.740(3), (4), (17), and (18) respectively and meets the requirements of the federal act; or

(e) For purposes of the Kentucky Tuition Grant Program, a private, nonprofit college accredited by the Southern Association of Colleges and Schools, Commission on Colleges, and whose institutional programs are not comprised solely of sectarian instruction.

(2) "Eligible course of study" means a program offered by an educational institution which:

(a) Is of at least two (2) academic years duration; and

(b) Leads to a degree in a field other than theology, divinity or religious education at the institution at which the student is enrolled.

Section 2. A student who fails to enroll, withdraws or changes enrollment status may be due a refund of monies paid to the institution or may owe a repayment of cash disbursements made to the student for educationally related expenses. If the student received financial aid, a portion of the refund and/or repayment shall be due to the financial aid programs.

Section 3. The amount of the refund and/or repayment shall be determined in accordance with the educational institution's refund and repayment policies relative to financial aid funds, except as provided in Section 4 of this regulation. These policies shall be published and consistently administered. The policies shall be filed with the authority. The authority shall be notified in writing of any changes in such policies.

Section 4. When a KHEAA grant recipient officially or unofficially withdraws from or is expelled by an institution before the first day of classes of the award period, the award shall be deemed an overaward and a full refund or repayment of the KHEAA grant shall be required, notwithstanding any institutional policy to the contrary. In cases of unofficial withdrawal, the institution shall use the last recorded date of class attendance by the student as the end of the student's enrollment. If the institution is unable to document the student's last date of attendance, any KHEAA grant disbursement for that award period shall be subject to full refund and repayment. If, at any time, a KHEAA grant recipient's enrollment is terminated with no assessment of tuition and fees by the institution, then the full KHEAA grant shall be subject to cancellation, if not yet disbursed, or refund and repayment if the grant has already been disbursed.

Section 5. If a refund is due under the institution's financial aid refund policy, the KHEAA grant or a portion thereof shall be refunded by the institution by check made payable to KHEAA grants. The institution shall multiply the total financial aid refund amount by the following fraction to determine the portion of the refund to be returned to the authority:

$$\frac{\text{KHEAA state grant for the term}}{\text{Total aid awarded for the term (Minus work earnings)}}$$

Section 6. (1) If, under the institution's financial aid repayment policy, the student owes a repayment, the KHEAA grant or a portion thereof shall be repaid to the authority by the student. The institution shall calculate the amount of repayment due to the authority and notify the student and the authority in a timely fashion regarding the amount due to the authority. Students are required to make such repayments by certified check or money order payable to KHEAA Grants, Frankfort, Kentucky. The institution shall multiply the total financial aid repayment amount by the following fraction to determine the portion of the repayment to be paid to the authority by the student:

$$\frac{\text{KHEAA state grant for the term}}{\text{Total aid awarded for the term (Minus work earnings)}}$$

(2) The authority shall notify the student and the institution when repayment is received.

Section 7. Refunds by institutions and notifications of student repayments due transmitted to the authority shall be accompanied by student's name and social security number, the reason for the refund or repayment, date of enrollment status change, the semester and year, and the calculation used for determining each refund or repayment.

REGULATORY IMPACT ANALYSIS

(1) Type and number of entities affected: An undetermined number of grant recipients and the institutions attended by those recipients. Affected students are those who lose their eligibility status as a result of a change of enrollment status: affected institutions are those institutions attended or expected to be

attended by those students.

(a) Direct and indirect costs or savings to those affected: The savings to the student would be the amount of refund due them or the amount of any repayment required of them as the result of a change of enrollment status. Any costs would be the unknown amounts an institution or student would be required to refund or repay as a result of a change in enrollment status.

1. First year: See (a).

2. Continuing costs or savings: See (a).

3. Additional factors increasing or decreasing costs (note any effects upon competition): Institutions are required to establish, publish and adhere to a refund and repayment policy. Students affected are required to make any repayment due KHEAA by certified check or money order.

(b) Reporting and paperwork requirements: Institutions are required to maintain such records as are necessary to determine a change of enrollment status and the amount of any refund or repayment due the student or the authority.

(2) Effects on the promulgating administrative body: The authority will receive undetermined sums of money in the form of refunds and repayments due as the result of changes in enrollment status.

(a) Direct and indirect costs or savings: An undetermined savings will be effected by the authority as the result of mandatory refunds and repayments made by on behalf of students whose enrollment status and eligibility are charged.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: A negligible amount of paperwork is required on the part of the authority. The burden of determining status changes, making refunds and repayments, and notifying the authority rests with the institutions and students. The authority will notify the institution and student when repayment is received.

(3) Assessment of anticipated effect on state and local revenues: There is no effect on state and local revenues.

(4) Assessment of alternative methods; reasons why alternatives were rejected: No alternative methods are available.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: This regulation does not overlap, duplicate, or conflict with any statute, administrative regulation or government policy.

(a) Necessity of proposed regulation if in conflict:

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:

(6) Any additional information or comments: Any monies recovered as the result of refunds or repayments are used to make additional KHEAA grants to students whose eligibility has been established but for whom funding was not available.

TIERING: Was tiering applied? No. The concept of tiering is not applicable to the provisions of this regulation. All affected entities are accorded equal consideration and treatment.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 34 CF §668.22.

2. State compliance standards. The regulation prescribes a formula for calculation of a refund (by the educational institution) or repayment (by the student) of a KHEAA grant. When a refund or repayment is determined to be due under the policies established by the educational institution.

3. Minimum or uniform standards contained in the federal mandate. 34 CFR §668.22 prescribes that when a refund or repayment is determined to be owed under institutional policy, the amount of the refund or repayment to each financial aid program will be in direct proportion to the ratio of aid received by the student loan from that particular program bears to the total amount of aid received by the student from all programs.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? The regulation dispenses with the formula for calculating refund or repayment and requires a full refund or repayment if the educational institution is unable to document the student's enrollment or if the student ceases enrollment without assessment of costs by the educational institution.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The KHEAA grants are intended to assist eligible students meet the costs of enrollment in participating educational institutions. It is considered to be appropriate and proper to require full refund or repayment of KHEAA grants in circumstances where either the institution cannot document the eligibility of the student or no education related costs are incurred by the student.

11 KAR 5:180. Records and reports.

RELATES TO: KRS 164.740 to 164.764, 164.780, 164.785

STATUTORY AUTHORITY: KRS 13A.100, 164.748(4)

NECESSITY AND FUNCTION: The Kentucky Higher Education Assistance Authority administers grant programs to provide financial assistance to students to attend Kentucky educational institutions. This regulation requires that educational institutions provide records and reports to the authority.

Section 1. Definitions. The terms "authority", "business school", "college", "federal act", "grant", "school of nursing", and "vocational school" shall have the meanings defined in KRS 164.740. For purposes of this regulation, the terms listed below shall have the following meanings:

(1) "Educational institution" means an institution located in Kentucky which:

(a) Offers an eligible course of study;

(b) Enrolls as regular students only persons having either a certificate of graduation from a school providing secondary education or the

recognized equivalent of such a certif. .e, or persons who are beyond the age of compulsory school attendance in the Commonwealth of Kentucky and have the ability to benefit from the training offered by the institution;

(c) Has entered into an administrative agreement with the authority; and

(d) For purposes of the State Student Incentive Grant Program, a business school, college, school of nursing or vocational school, as defined in KRS 164.740(3), (4), (17), and (18) respectively and meets the requirements of the federal act; or

(e) For purposes of the Kentucky Tuition Grant Program, a private, nonprofit college accredited by the Southern Association of Colleges and Schools, Commission on Colleges, and whose institutional programs are not comprised solely of sectarian instruction.

(2) "Eligible course of study" means a program offered by an educational institution which:

(a) Is of at least two (2) academic years duration; and

(b) Leads to a degree in a field other than theology, divinity or religious education at the institution at which the student is enrolled.

Section 2. Records and Reports. Any educational institution shall, upon written request, make available to the authority:

(1) All records relied upon by that institution to certify that any recipient of funds from the authority is an eligible student pursuing an eligible course of study.

(2) Any educational institution which requires a student to execute a contract providing for payment of tuition and fees shall include on the face of that contract:

(a) Date the student signed the contract;

(b) Date student began or will begin classes;

(c) Expected graduation date;

(d) Major field of study;

(e) Minor field of study;

(f) Full or part-time enrollment status; and

(g) All degrees previously earned.

A copy of the contract for the academic period for which the KHEAA grant is awarded for each applicant certified as eligible shall be submitted with the eligibility verification roster.

PUBLIC HEARING: A public hearing on this administrative regulation shall be held on December 21, 1988 at 9:30 a.m. at 1050 U.S. 127 South, Frankfort, Kentucky 40601. Individuals interested in attending this hearing shall notify this agency in writing by December 16, 1988, five days prior to the hearing, of their intent to attend. If no notification of intent to attend the hearing is received by that date, the hearing may be cancelled. This hearing is open to the public. Any person who attends will be given an opportunity to comment on the proposed administrative regulation. A transcript of the public hearing will not be made unless a written request for a transcript is made. If you do not wish to attend the public hearing, you may submit written comments on the proposed administrative regulation. Send written notification of intent to attend the public hearing or written comments on the proposed administrative regulation to: The Executive Director, Kentucky Higher Education Assistance Authority, 1050 U.S. 127 South, Frankfort, Kentucky 40601.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Paul P. Borden

(1) Type and number of entities affected: The affected entities are the 56 educational institutions which participate in the KHEAA grant program.

(a) Direct and indirect costs or savings to those affected: Costs are the unknown expenses to the institution relative to maintaining records upon which the institution relies to certify that any recipient of funds from the authority is an eligible student pursuing an eligible course of study.

1. First year: See (a).

2. Continuing costs or savings: See (a)

3. Additional factors increasing or decreasing costs (note any effects upon competition): If the institution requires its students to execute a contract providing for payment of tuition and fees, a copy of that contract for the academic period for which the KHEAA grant is awarded shall be submitted to the authority. The records required to be maintained (i.e., relating to enrollment status, financial need, costs assessed, and financial aid received) do not differ in form, substance, or volume from records that would normally be maintained by the educational institution in the normal course of conducting its business or administering other federal funded programs of student financial assistance.

(b) Reporting and paperwork requirements: See (1) and (a) above.

(2) Effects on the promulgating administrative body: The authority maintains the records submitted by the institutions.

(a) Direct and indirect costs or savings: The costs of maintaining such records are unknown, but they are considered minimal and are not expected to substantially decrease or increase in succeeding years.

1. First year:

2. Continuing costs or savings:

3. Additional factors increasing or decreasing costs:

(b) Reporting and paperwork requirements: The authority maintains the records (enrollment contracts) submitted by the participating institutions.

(3) Assessment of anticipated effect on state and local revenues: There is no effect on local or state revenues.

(4) Assessment of alternative methods; reasons why alternatives were rejected: No conceivable alternative could achieve the intended goals of the proposed regulation.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: The proposed regulation does not overlap, duplicate, or conflict with any statute, administrative regulation or government policy.

(a) Necessity of proposed regulation if in conflict:

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions:

(6) Any additional information or comments: Federal program requirements as well as the exercise of due diligence necessitate the

maintenance of certain records in order to protect the interests of the United States and the Commonwealth of Kentucky.

TIERING: Was tiering applied? No. The concept of tiering is not applicable to the provisions of this regulation. All affected entities are accorded equal treatment.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 20 U.S.C. §1070c-2(b)(9) and 34 CFR §668.14(f).

2. State compliance standards. State compliance standards require participating institutions to maintain records sufficient in scope to verify an applicant's eligibility for KHEAA grants. Additionally, the proposed regulation requires participating institutions to submit copies of enrollment contracts if they require their students to execute such contracts.

3. Minimum or uniform standards contained in the federal mandate. 20 U.S.C. §1070c-2(b)(9) requires the state to develop such fiscal control and fund accounting procedures necessary to assure proper disbursement and accounting for federal funds and for the making of reports required by the U.S. Secretary of Education. 34 CFR §668.14(f) requires participating institutions to develop an adequate system to identify discrepancies in information it receives from different sources with respect to a student's application for any financial aid under Title IV of the Higher Education Act and to review and retain any documents related to the student's eligibility.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? This regulation imposes an additional requirement for participating institutions; they are required to submit to KHEAA copies of enrollment contracts if they require the execution of such contracts by their students.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. Submission of copies of enrollment contracts is a contributory factor in substantiating and verifying enrollment status and eligibility. The provision helps protect the interests of the Commonwealth of Kentucky and the U.S. Department of Education.

(1) Type and number of entities affected: An undetermined number of students, estimated to be about 16,000, who receive state grants and 56 postsecondary educational institutions in the Commonwealth that participate in the Kentucky Higher Education Assistance Authority Grant programs.

(a) Direct and indirect costs or savings to those affected: None

1. First year: The proposed repeal of 11 KAR 5:020 has no associated costs imposed on eligible students.

2. Continuing costs or savings: Likewise, no costs or savings were imposed by the regulation, so no savings or costs result from repeal. The provisions of the regulation, which were general definitions of terms used in other regulations, are being incorporated into 11 KAR 5:030 through 11 KAR 5:180 in accordance with KRS 13A.222(2)(e).

3. Additional factors increasing or decreasing costs (note any effects upon competition): None

(b) Reporting and paperwork requirements: None. The regulation is being repealed.

(2) Effects on the promulgating administrative body: No effect. The provisions of the repealed amendment will be incorporated in 11 KAR 5:030 through 11 KAR 5:180 in accordance with KRS 13A.222(2)(e).

(a) Direct and indirect costs or savings: None. See (1)(a)1 and 2 above.

103 KAR 8:100. Qualification of motor vehicles as dealer's inventory.

RELATES TO: KRS 132.020
STATUTORY AUTHORITY: KRS Chapter 13A, 131.130
NECESSITY AND FUNCTION: KRS 132.020 places a special tax rate on goods held for sale in the regular course of business. This regulation establishes the rules and conditions under which motor vehicles held for sale by motor vehicle dealers may be subject to the special tax rate.

Section 1. As used herein, the following terms shall mean:
(1) "Bona fide customer" means a person who has expressed an interest in purchasing a motor vehicle from the dealer through an arms length transaction.
(2) "Dealer's licensed location" means a location licensed to the dealer by the Kentucky Motor Vehicle Commission and any other sale or display location specifically approved for such dealer by the commission.
(3) "Bona fide salesperson or employee" means a licensed dealer's licensed salesperson or employee who is actively engaged in, devotes a substantial portion of his time to, and derives at least twenty-five (25) percent of his earned income from the conduct of the dealer's business.

Section 2. A motor vehicle shall qualify for the special tax rate specified in KRS 132.020, provided:
(1) The vehicle is held by a licensed motor vehicle dealer for sale in the regular course of business and the vehicle is displayed or demonstrated at the dealer's licensed location during regular business hours and, after business hours, is garaged or parked at such location;
(2)(a) For new vehicles, a Monroney sticker issued by the manufactured is affixed to the vehicle and the vehicle is not registered by such dealer;
(b) For used vehicles, a federal trade commission buyer's guide sticker is affixed to the vehicle;
(3) The sticker required pursuant to subsection (2) of this section is plainly visible and legible when viewed from outside the vehicle.

Section 3. Notwithstanding the provisions of Section 2 of this regulation, no vehicle shall be deemed to be held for sale by a dealer in the regular course of business if:
(1) The vehicle is operated on the public highways for any purpose other than repair, maintenance, demonstration or delivery incident to sale to a bona fide customer;
(2) More than 1,000 miles accrue on the vehicle's odometer while the vehicle is held by the dealer;
(3) The vehicle is operated by any person other than a bona fide customer on a demonstration drive, a bona fide salesperson or employee on a demonstration drive with a bona fide customer, a repairman after making necessary repairs to or maintenance on the vehicle, or a bona fide salesperson or employee incident to the transportation of the vehicle directly to a customer or another licensed location;
(4) The vehicle is at any time operated beyond a twenty-five (25) mile radius of the dealer's licensed location. This provision shall not apply to vehicles which are being transported directly to an actual purchaser of the vehicle or to or from a manufacturer or another dealer provided sufficient documentation verifying the sale or delivery is carried in the vehicle and, if requested, is presented for inspection by the Revenue Cabinet or other enforcement agency; or
(5) Personal possessions are stored or transported in the vehicle.

Section 4. The burden of proving that any motor vehicle is entitled to the special tax rate pursuant to this regulation shall be upon the dealer.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Scott Akers
(1) Type and number of entities affected: 400 new car dealers and 3,000+ used car dealers will

be touched by this regulation. The impact will be directly related to the number of vehicles actually held in their inventories on January 1 of each year.

(a) Direct and indirect costs or savings to those affected: Since January 1, 1984, new car inventories have not been listed for property tax. Therefore, all new car dealers will be required to pay property tax on January 1 inventories at a state rate of 1/10 cent per $100 of value plus full local rates that are applicable to each specific location. Each dealer will be required to file a return which now will include an itemized listing of vehicles affected. The 3,000+ used car dealers will experience a minimal increase in total tax liability since licensed used cars are taxed in the present system.

1. First year: Accurate estimates of the number of new vehicles normally in a dealer's inventory on January 1 are not available. However, the average annual property tax on each passenger car would range from $35 on a vehicle valued at $5,000 to $175 for one valued at $25,000. The average property tax on heavy trucks in dealer inventories will range from $300 on trucks valued at $50,000 to $675 on a $100,000 vehicle. The total cost to each dealer would be determined by the value and number of vehicles in the January 1 inventory.

2. Continuing costs or savings: Same

3. Additional factors increasing or decreasing costs (note any effects upon competition): None

(b) Reporting and paperwork requirements: Will result in an increase in paperwork for each dealer in filing a list of vehicles held in inventory on each January 1.

(2) Effects on the promulgating administrative body: None - very minimal cost for dissemination of information to those affected or involved in the assessment process.

(a) Direct and indirect costs or savings:

1. First year: Nominal - insignificant cost of savings.

2. Continuing costs or savings: Same

3. Additional factors increasing or decreasing costs: None

(b) Reporting and paperwork requirements: Minor increase in paperwork to dealers.

(3) Assessment of anticipated effect on state and local revenues: New car inventories will not produce any significant state revenue at the 1/10 cent per $100 rate. However, local jurisdictions having new care dealer location in their area will receive significant revenue increases directly related to the size of the dealer agency (i.e., number of vehicles held on inventory on January 1). Some, as yet undetermined, loss of revenue will be experienced on all licensed used cars because of the reduction of the state rate from .45 cents per $100 value to 1/10 cent per $100 value. However, this change is mandated by statute and is not a direct effect of this regulation. Local jurisdiction revenues will not be changed as it relates to licensed used cars.

(4) Assessment of alternative methods; reasons why alternatives were rejected: No alternative available. Since new vehicles are not presently titled in the Avis system they cannot be assessed in the same manner as licensed vehicles.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication: None to the best of our knowledge.

(a) Necessity of proposed regulation if in conflict: N/A

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: N/A

103 KAR 44:030. Exemption from usage tax on motor vehicles used on Kentucky highways while held for sale by licensed motor vehicle dealers.

RELATES TO: KRS 138.460

STATUTORY AUTHORITY: KRS Chapter 13A, 131.130

NECESSITY AND FUNCTION: KRS 138.460 provides for a usage tax on the use of motor vehicles on Kentucky highways. This regulation establishes the rules and conditions under which motor vehicles used on Kentucky highways while held for sale by licensed motor vehicle dealers may be exempted from such tax.

Section 1. As used herein, the following terms shall mean:

(1) "Bona fide customer" means a person who has expressed an interest in purchasing a motor vehicle from the dealer through an arms length transaction.

(2) "Dealer's licensed location" means a location licensed to the dealer by the Kentucky Motor Vehicle Commission and any other sale or display location specifically approved for such dealer by the commission.

(3) "Bona fide salesperson or employee" means a licensed dealer's licensed salesperson or employee who is actively engaged in, devotes a substantial portion of his time to, and drives at least twenty-five (25) percent of his earned income from the conduct of the dealer's business.

Section 2. A motor vehicle used on Kentucky highways shall not be subject to the usage tax levied in KRS 138.460 provided:

(1) The vehicle is held by a licensed motor vehicle dealer for sale in the regular course of business and the vehicle is displayed or demonstrated at the dealer's licensed location during regular business hours and, after business hours, is garaged or parked at such location;

(2)(a) For new vehicles, a Monroney sticker issued by the manufactured is affixed to the vehicle and the vehicle is not registered by such dealer;

(b) For used vehicles, a federal trade commission buyer's guide sticker is affixed to the vehicle;

(3) The sticker required pursuant to subsection (2) of this section is plainly visible and legible when viewed from outside the vehicle;

(4) The upper right hand corner of both the front windshield and rear window displays the dealer's bona fide inventory control number for the vehicle which corresponds to the dealer's inventory records for such vehicle. Such number shall be in bold characters of not less than two and one-half (2 1/2) inches in height made with a waterproof marking substance; and

(5) A record of each use on the public highways of the vehicle is kept by the dealer.

Such record shall include the name and address of each driver of the vehicle, the date each use began and ended, the odometer reading at the beginning and ending of each use, and a description of the specific purpose of each use.

Section 3. Notwithstanding the provisions of Section 2 of this regulation, no vehicle shall be deemed to be held for sale by a dealer in the regular course of business if:

(1) The vehicle is operated on the public highways for any purpose other than repair, maintenance, demonstration or delivery incident to sale to a bona fide customer;

(2) More than 1,000 miles accrue on the vehicle's odometer while the vehicle is held by the dealer;

(3) The vehicle is operated by any person other than a bona fide customer on a demonstration drive, a bona fide salesperson or employee on a demonstration drive with a bona fide customer, a repairman after making necessary repairs to or maintenance on the vehicle, or a bona fide salesperson or employee incident to the transportation of the vehicle directly to a customer or another licensed location;

(4) The vehicle is at any time operated beyond a twenty-five (25) mile radius of the dealer's licensed location. This provision shall not apply to vehicles which are being transported directly to an actual purchaser of the vehicle or to or from a manufacturer or another dealer provided sufficient documentation verifying the sale or delivery is carried in the vehicle and, if requested, is presented for inspection by the Revenue Cabinet or other enforcement agency; or

(5) Personal possessions are stored or transported in the vehicle.

Section 4. The burden of proving that any motor vehicle is qualified for exemption from usage tax pursuant to this regulation shall be upon the dealer.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: Scott Akers

(1) Type and number of entities affected: The entities affected are Kentucky motor vehicle dealers and salesmen, employees, family members and friends who drive vehicles bearing dealer plates for nondemonstration purposes. There are 3,323 licensed motor vehicles dealers in Kentucky. Motor vehicle dealers are affected because the regulation will limit motor vehicle usage tax exempt use of motor vehicles bearing dealer plates to vehicles being held for resale only. The regulation will not affect highway use of vehicles bearing dealer plates for demonstration use to bona fide customers, transportation in connection with maintenance and transportation of the vehicle directly to a customer or another licensed location and specifically prohibits personal use of vehicles bearing dealer plates.

(a) Direct and indirect costs or savings to those affected: Motor vehicle dealers, salesmen, employees, family members and friends thereof will be required to pay motor vehicle usage tax on the personal use of motor vehicles upon Kentucky highway in the same manner as other Kentucky citizens.

1. First year: Motor Vehicle Usage Tax receipts would increase proportionate to the number of motor vehicles currently held for personal use using dealer plates for which dealer plates would not be acquired and which would likely enter the normal registration/tax collection system. As of September there were 18,347 dealer plates issued in 1988 with some dealers having as many as 70 plates. Total Usage Tax increases would be approximately $550 per vehicle or $550,000 per thousand dealer plated vehicles subject to tax pursuant to this regulation. If only one-half of the vehicles bearing dealer plates are subjected to Usage Tax, then a first year increase in Usage Tax revenue of $5,045,425 would result.

2. Continuing costs or savings: Since Usage Tax is a one time tax there would not be continuing costs or savings associated with vehicles taxed upon implementation of this regulation. Additional savings will accrue as a result of increased compliance in subsequent years.

3. Additional factors increasing or decreasing costs (note any effects upon competition): If vehicles subjected to Usage Tax are subsequently registered, registration and titling fees would be realized by the Transportation Cabinet and Ad Valorem Tax would likely be collected.

(b) Reporting and paperwork requirements: Motor vehicle dealers would be required to maintain a log of bona fide Motor Vehicle Usage Tax exempt use on each vehicle used on public highways bearing a dealer plate. Motor vehicle dealers would be required to maintain and display on the vehicle front windshield and rear window the inventory control numbers of vehicles held in inventory for resale. The dealer would be required to carry in vehicles being transported documentation verifying the sale or delivery of the vehicle.

(2) Effects on the promulgating administrative body: The Revenue Cabinet will be responsible for enforcement of Usage Tax exemption requirements on vehicles bearing dealer plates.

(a) Direct and indirect costs or savings: The Revenue Cabinet will utilize present office

compliance and field staff to enforce the provisions of the dealer plate exemption. Minor administrative and computer service costs will be incurred.

1. First year: First year administrative and computer service costs will be incurred proportionate to enforcement activity.

2. Continuing costs or savings: Continuing administrative and computer service costs will be incurred proportionate to enforcement activity. Effective enforcement in the first year should decrease costs in future years.

3. Additional factors increasing or decreasing costs: There are no known additional factors which would increase or decrease costs.

(b) Reporting and paperwork requirements: There are no known additional factors which would increase or decrease reporting and paperwork requirements.

(3) Assessment of anticipated effect on state and local revenues: Motor Vehicle Usage Tax which contributes to the Road Fund, would be increased. Titling and registration fees which contribute to the Road Fund and local and state General Fund revenues resulting from collection of Ad Valorem Property Tax would likely increase from the registration of vehicles as a result of being subjected to Usage Tax under this regulation.

(4) Assessment of alternative methods; reasons why alternatives were rejected: The alternative to this regulation was maintaining the status quo where dealer plates are used profusely for personal purposes by dealers and dealer's salesmen, employees, family and friends. The status quo was rejected because of the widespread use of dealer plates for personal purposes and the resulting inequities to taxpayers who pay the required Usage Tax on their use of Kentucky highways.

(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping or duplication: KRS 186.070, administered by the Transportation Cabinet, prescribes the manner in which dealer plates may be used. However, nothing in KRS Chapter 186, or KRS Chapter 138 which levies the Usage Tax, provides an exemption from Usage Tax for motor vehicles bearing dealer plates.

(a) Necessity of proposed regulation if in conflict: This regulation is necessary in order to address abuse of Usage Tax through proliferation of the use of dealer plates for nondemonstration purposes.

(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: There is noncomparable regulation relating to the use of dealer plates. If there had been such a regulation, this regulation would still be necessary in order to address the Usage Tax issue.

(6) Any additional information or comments: Kentucky Revised Statutes make no provision for Usage Tax exemption of motor vehicles bearing dealer plates. KRS 138.470(3) provides an exemption in the case of a used motor vehicle transferred to a dealer provided the vehicle is held for resale only. These vehicles bear regular license plates. In the past, enforcement of Usage Tax on vehicles bearing dealer plates has not been pursued by the Revenue Cabinet due to the ambiguous wording of the KRS 186.070(1) dealer plate statute. However, the statute was clarified by the 1986 General Assembly by the addition of KRS 186.070(2) which specifically provides that dealer plates may be used for demonstration purposes only. Since the purpose of a vehicle bearing a dealer plate is to demonstrate that vehicle to the public for sale, visibility of bona fide demonstration vehicles would be enhanced by the addition of an inventory number on the windshield and rear window and the removal from public view of vehicles bearing dealer plates which do not also bear a Monroney sticker or a federal trade commission buyer's guide sticker and which may bear parking permits, bumper stickers, trailer hitches, etc. or contain personal effects.

106 KAR 1:070. Standards for local disaster and emergency services organizations.

RELATES TO: KRS 39.483
STATUTORY AUTHORITY: KRS 39.483
NECESSITY AND FUNCTION: KRS 39.483 requires the Division of Disaster and Emergency Services to establish standards for local disaster and emergency services organizations established pursuant to KRS 39.415.

Section 1. In addition to requirements outlined in KRS 39.483, the following requirements shall be met before a local disaster and emergency services organization is considered eligible for funding:

(1) A functional or full scale exercise to test the operations plan shall be conducted annually.

(2) A local director, whether paid or unpaid, shall complete the following home study courses:

(a) Emergency Program Manager - FEMA Home Study Course Number One within three (3) months after appointment.

(b) Emergency Management USA - FEMA Home Study Course Number Two within six (6) months after appointment.

(c) Radiological Emergency Management - FEMA Home Study Course Number Three within one (1) year after appointment.

(3) Local directors who are paid a minimum of twenty (20) hours per week for emergency management duties must complete one (1) of the following courses each year. Successful completion of comparable federal courses meets this requirement.

(a) Exercise design course.
(b) Leadership and influence.
(c) Decision making/problem solving.
(d) Effective communications.
(e) Emergency planning course.
(f) Civil defense systems, programs and policies.

Section 2. Reimbursement for attending required courses and workshops shall comply with Finance and Administration Cabinet policies. If availability of funds is limited, reimbursement shall be made for mandatory training first.

Section 3. The following persons may be reimbursed for attendance at one (1) of the Emergency Management Workshops. Reimbursement is limited to three (3) persons from the same county.

(1) Chief or assistant chief of a fire department.
(2) Chief or assistant chief of a police department.
(3) Chief or assistant chief of a rescue squad that is affiliated with a local disaster and emergency services organization.
(4) Director of a local ambulance service.
(5) Director of public works.
(6) Director of emergency medical services.
(7) County disaster and emergency services operations officer.
(8) County disaster and emergency services communications officer.
(9) Public information officer of a local disaster and emergency services organization.

Section 4. The Division of Disaster and Emergency Services shall publicize all available state and federal emergency management courses to all local mayors, county judge/executives, and disaster and emergency services directors by:
(1) Mailing all pertinent information regarding training to them at least thirty (30) days in advance of classes.
(2) Mailing an annual catalog at the beginning of the training calendar.

REGULATORY IMPACT ANALYSIS

Agency Contact Person: L. Orlando
(1) Type and number of entities affected: Directors of local disaster and emergency services are affected. There are 120 local organizations that are affected.
(a) Direct and indirect costs or savings to those affected:
1. First year:
2. Continuing costs or savings: First year and continuing costs are the same. Because the local director is paid while attending mandatory training, indirect cost is limited to only those duties he is unable to perform while attending training. Indirect savings for the first year and continuing savings will be ongoing as a result of the application of the emergency management principles learned at training classes.
3. Additional factors increasing or decreasing costs (note any effects upon competition): There is no competition for training local DES directors.
(b) Reporting and paperwork requirements: There are no reporting and paperwork requirements for those entities affected.
(2) Effects on the promulgating administrative body:
(a) Direct and indirect costs or savings:
1. First year:
2. Continuing costs or savings: There are no direct and indirect costs or savings since the promulgating administrative body has been performing this function for at least ten years.
3. Additional factors increasing or decreasing costs:
(b) Reporting and paperwork requirements: There are no additional reporting or paperwork requirements associated with this training since this administrative body has been performing all these tasks as an ongoing part of the training program.
(3) Assessment of anticipated effect on state and local revenues: There will be no effect on state and local revenues.
(4) Assessment of alternative methods; reasons why alternatives were rejected: There is no alternative to the proposed training except no training at all.
(5) Identify any statute, administrative regulation or government policy which may be in conflict, overlapping, or duplication:
(a) Necessity of proposed regulation if in conflict: Proposed regulation is not in conflict.
(b) If in conflict, was effort made to harmonize the proposed administrative regulation with conflicting provisions: Proposed regulation is not in conflict.
(6) Any additional information or comments: The proposed administrative regulation duplicates 106 KAR 1:020, Section 4. In addition, the proposed administrative regulation is more specific as to exactly which classes are required.

RELATES TO: KRS 157.605, 157.606
STATUTORY AUTHORITY: KRS 156.070, 157.606
NECESSITY AND FUNCTION: KRS 157.605 and 157.606 establish the "Ride to the Center for the Arts Program Fund" to provide matching funds to local school districts for the cost of transportation of students in grades 6-9 for the purpose of visiting the Kentucky Center for the Arts. This regulation is necessary to provide for the administration of the program and disbursement of money from the fund.

Section 1. Total transportation costs eligible for reimbursement from the Ride to the Center for the Arts Program Fund shall be eighty (80) cents per mile computed from the school to the Kentucky Center for the Arts, and the bus driver's salary for the hours worked. One-half (1/2) (fifty (50) percent) of the total

transportation cost will be awarded to the local school district upon receipt of a statement signed by the superintendent verifying the date the trip was made, the number of students transported, the number of buses used, the total mileage, and the bus driver's total hours and hourly rate.

Section 2. Applications for the matching funds shall be made on forms supplied by the Office of Instruction, Unit for Arts and Humanities, by July 1 of each year beginning July 1, 1989. Applications prior to July 1, 1989, must also be made on forms supplied by the Office of Instruction and will be processed when received.

Section 3. Preference shall be given to schools who have not participated previously in the program. A review panel selected by the Office of Instruction, Unit for Arts and Humanities, shall review all applications and make recommendations to the State Board for Elementary and Secondary Education.

Section 1. Return of Prescription Drugs Prohibited; Exceptions. (1) No pharmacist, practitioner, or agent thereof shall accept the return of a prescription drug for reuse or resale unless:
(a) The drug is in a sealed container by which it can be readily determined by a pharmacist employed by the dispensing pharmacy or by the dispensing practitioner that entry or attempted entry by any means has not been made;
(b) The drug container meets the standards of the United States Pharmacopoeia for storage conditions including temperature, light sensitivity, moisture, chemical and physical stability;
(c) The drug labeling and packaging has not been altered or defaced and the identity of the drug, its potency, lot number, and expiration date are legible;
(d) The drug does not require refrigeration; and
(e) The drug is returned to a pharmacist employed by the dispensing pharmacy or to the dispensing practitioner within fourteen (14) days except that the fourteen (14) day limit may be waived if all conditions listed above are met and if:
1. The drug was dispensed for a patient in a health care facility licensed by the Cabinet for Human Resources;
2. The drug has not come into the physical possession of the person for whom it was prescribed;
3. The drug has been under the continuous control of personnel in the health care facility who are trained and knowledgeable in the storage and administration of drugs; and
4. The drug has been properly stored in an area which is regularly inspected by a pharmacist.

(1) Type and number of entities affected: This regulation will affect every person in the Commonwealth who receives a prescription drug. The greatest impact will be patients in an acute or long-term care facilities for whom drugs are dispensed but may not be used. Many of these could be returned to the pharmacy which would reduce the cost of their health care.
(a) Direct and indirect costs or savings to those affected: The consumer could receive some savings if he returned prescription drugs for credit or refund. Patients in acute or long term care facilities could receive the most benefit since these drugs more often meet the criteria for reuse or resale.

1. First year: Unknown. Possibility of saving depends on packaging and labeling of drugs when dispensed.
2. Continuing costs or savings: Same

FEDERAL MANDATE COMPARISON

1. Federal Statute or regulation constituting the federal mandate.
While the federal Food, Drug and Cosmetic Act prohibits the adulteration and misbranding of drugs, it does not specifically address the return of prescription drugs which are to be reused or resold.
2. State compliance standards:
This regulation requires that prescription drugs may be returned for reuse or resale only under limited conditions so as to prevent the dispensing of drugs which may have become adulterated or misbranded.
3. Minimum or uniform standards contained in the federal mandate.
4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate?
5. Justification for the imposition of the stricter standards, or additional or different responsibilities or requirements.

ADMINISTRATIVE REGULATION REVIEW SUBCOMMITTEE
Minutes of the November 1, 1988 Meeting

The November meeting of the Administrative Regulation Review Subcommittee was held on Tuesday, November 1, 1988 at 10 a.m. in Room 107. Representative Mark D. O'Brien, Chairman, called the meeting to order, and the secretary called the roll. On motion of Senator McCuiston, seconded by Senator Quinlan, the minutes of the October 3 and 4, 1988 meeting were approved.

Present November 1, 1988 were:

LRC Staff: Susan Wunderlich, Joe Hood, Gregory Karambellas, Donna Pierce, Norman Lawson, Ann Gordon and Carla Arnold.

The Administrative Regulation Review Subcommittee met on November 1, 1988, and submits this report:

The Subcommittee determined that the following administrative regulations do not comply with KRS Chapter 13A or other applicable statutes as set forth below:

Tourism Cabinet: Department for Fish and Wildlife Resources: Hunting and Fishing

301 KAR 3:021 (Hunting and fishing license fees.) The Subcommittee approved a motion to attach a statement of objection to this regulation because they felt the increase in the fee for a turkey permit was unreasonable. The promulgating body stated that they increased the fee to match the fees in the surrounding states; the Subcommittee did not feel that was an appropriate reasons to increase the fees.

Cabinet for Human Resources: Department for Medicaid Services: Medicaid Services

907 KAR 1:036 (Amounts payable for skilled nursing and intermediate care facility services.) Representatives of the Kentucky Hospital Association, the Kentucky Association of Health Care Facilities, Mary Chiles Hospital in Mt. Sterling, and H.C.P. Respiratory Care Service appeared before the Subcommittee. The following objections were raised: There was no statutory requirement for the certification of providers of respiratory therapy services; a bill to require such had been defeated at the last regular session; a shortage of providers existed; while a proposed amendment to the administrative regulation would grant over a year during which providers would be required to meet the education and certification requirements, it would be too expensive for most to meet the education requirements, the on-the-job training experience earned by these people would be ignored, educational facilities did not exist in many areas of the state; the regulation required on-site supervision which would be impossible for many rural hospitals to meet unless the only qualified personnel worked 24 hours a day or moved into the hospital; affected hospitals would lose a great deal of money because the requirements would prohibit payment for these services as ancillary costs. Representative Meyer pointed out that the administrative regulation had not been tiered. Agency personnel stated that they did not have the factual information necessary to make a decision on tiering. It was pointed out that many of those affected would not be able to afford the courses offered in order to meet the education requirement. Agency personnel stated that, with the information presented at this meeting, it was obvious the regulation could have been tiered because of adverse and disparate impact on the industry and certain providers.

The Subcommittee approved a motion to amend this administrative regulation to extend the time period during which the educational and certification requirements had to be met. The Subcommittee approved a motion to attach a statement to this administrative regulation that it exceeded statutory authority for the following reasons: Contrary to KRS Chapter 13A, tiering was not applied; Since legislation that would require the certification and licensure of respiratory therapists was rejected by the General Assembly, the administrative body did not have the statutory authority to require such certification and licensure.

The Subcommittee also approved a motion to request that the Commission refer the issue of Medicaid reimbursement, under this administrative regulation and in general, to an appropriate interim joint committee for a detailed review.

The Subcommittee determined that the following administrative regulations, as amended, complied with KRS Chapter 13A:

Agricultural Experiment Station: Milk and Cream

12 KAR 5:030 (Test samples.) It was pointed out that there is no statutory authority for the licensure of milk haulers. The Subcommittee

approved a motion to amend this regulation to delete the word "hauler" and to insert in lieu thereof "sampler-weigher".

Department of Military Affairs: National Guard
106 KAR 1:060 (Rescue squad regulations.) This regulation failed to specify the precise requirements or alternatives in the equipment list found in Section 7. This regulation was amended to specify the actual requirements or alternatives provided for in the basic minimum equipment list.

Finance and Administration Cabinet: Office of Management Services: State Owned Buildings and Grounds
200 KAR 3:045 (Monthly meal charges at mansions.) A technical amendment was made to this administrative regulation to clarify that the charges relating to children related to children twelve years of age or older, and language was inserted to correct grammar. An objection had been raised to language in Section 1 that permitted payment of monthly maintenance charges either by salary deduction or by the issuance of a check to the State Treasurer. KRS 42.035 and 42.037 provide only for salary deduction as a method of payment. Chairman O'Brien acknowledged that the alternative method may be more efficient but explained that that could be permitted only after relevant statutes had been amended. The Subcommittee approved a motion deleting language permitting payment by check to the State Treasurer.

Corrections Cabinet: Kentucky Parole Board
501 KAR 1:030 (Determining parole eligibility.) This regulation was amended to delete the "(s)" from the words "crime" and "sentence"; and to change "and/or" to either "and" or "or" to comply with the requirements of KRS Chapter 13A.

Corrections Cabinet: Office of the Secretary
501 KAR 6:030 (Kentucky State Reformatory.) This reference material to this regulation was amended to comply with the statutory requirement to notify local officials of the release of hazardous substances.

Labor Cabinet: Department of Workers' Claims: Workers' Compensation Board
803 KAR 25:025 (Joint self-insurers.) This regulation was amended to correct a grammatical error. Section 2 was amended to clarify that the liability of one group member not exceed 60 percent of the assessment.

Cabinet for Human Resources: Department for Social Insurance: Food Stamp Program
904 KAR 3:060 (Administrative disqualification hearings and penalties.) Section 4 had provided that if there was no proof that a timely notice was received or refused, the disqualification hearing would not be conducted and it would be dismissed without prejudice. This section was amended to provide that the hearing would not be conducted, but that it would be reinitiated when the household member was located and after another proper notice could be sent to the household member. Under the amendment, the hearing would not be dismissed but would appear to be suspended.

The Subcommittee determined that the following regulations complied with KRS Chapter 13A:

Agricultural Experiment Station: Milk and Cream
12 KAR 5:010 (Licenses.)
12 KAR 5:020 (Testing.)
12 KAR 5:040 (Sampling and weighing.)
12 KAR 5:050 (Inspections.)
12 KAR 5:060 (Purchases from farm bulk tanks.)
12 KAR 5:070 (Uniform standards for payment.)

General Government Cabinet: Board of Physical Therapy
201 KAR 22:040 (Procedure for renewing licenses.)
201 KAR 22:110 (Renewal of assistant's certification.)

Tourism Cabinet: Department for Fish and Wildlife Resources: Fish
301 KAR 1:085 (Mussel shell harvesting.)
301 KAR 1:146 (Commercial fishing gear.)
301 KAR 1:150 (Waters open to commercial fishing.)

501 KAR 6:130 (Western Kentucky Farm Center.)

Transportation Cabinet: Property Acquisition and Uniform Relocation
600 KAR 3:010 (Relocation assistance payments of the Transportation Cabinet.)

Education and Humanities Cabinet: Department of Education: Office of Instruction: Kindergartens and Nursery Schools
704 KAR 5:060 (Entrance of five year olds into kindergarten for compulsory attendance purposes.)
Office of Vocational Rehabilitation: Administration
706 KAR 1:050 (Office of vocational rehabilitation appeals procedures.)

The Subcommittee deferred the following regulations at the request of the promulgating administrative body:

Education and Humanities Cabinet: Department of Education: Office of Local Services: School Terms, Attendance and Operation

702 KAR 7:065 (Designation of agent to manage high school interscholastic athletics.) This regulation was deferred in order for the Kentucky Board of Education to approve the statement of consideration before the regulation was reviewed by the Administrative Regulation Review Subcommittee.

Cabinet for Human Resources: Department for Health Services: Hospitalization of Mentally Ill and Mentally Retarded

902 KAR 12:020 (Patient's rights.) Pam Clay, Office of Public Advocacy, and John Basham, Citizen Advocate, stated their objections to this regulation. It was felt that the definition of "emergency situation" would permit substantial deviation from individual treatment plans or from plans approved pursuant to a court hearing for "violations" that did not present immediate or substantial dangers or threats to a patient or to others. Objections were raised over subsections of Section 4 governing the right to refuse treatment. The wording of subsection (1)(b) could permit treatment even without the required court order and could permit such treatment by the extension of the definition of "emergency" or by the connection of separate incidents to cover a continuous treatment without court order. An objection was raised to another portion of a subsection of Section 4 that appeared to permit a guardian to commit his ward without a KRS Chapter 202A proceeding, and that failed to provide for the statutory hearing in the case of voluntary commitments. During the discussion it became apparent that the administrative body failed to submit its amendments in the proper format. Consequently, it was impossible to determine what the administrative regulation actually stated. The administrative body agreed to defer this administrative regulation in order to meet with Ms. Clay to consider her objections and to rewrite the administrative regulation employing the procedure mandated by KRS Chapter 13A.

The Subcommittee had no objections to emergency regulations which had been filed.

OTHER BUSINESS:

The Subcommittee approved a motion by Representative Meyer directing staff to write to the Infrastructure Authority requesting information on implementation of its program without the promulgation of administrative regulations.

The Subcommittee adjourned at 11:30 a.m. until December 5, 1988.

OTHER COMMITTEE REPORTS

COMPILER'S NOTE: In accordance with KRS 13A.290(9), the following report(s) were forwarded to the Legislative Research Commission by the appropriate jurisdictional committee(s) and are hereby printed in the Administrative Register. The administrative regulations listed in each report became effective upon adjournment of the committee meeting at which they were considered.

INTERIM JOINT COMMITTEE ON BUSINESS ORGANIZATIONS AND PROFESSIONS
Meeting of October 20, 1988

The Interim Joint Committee on met on Friday, October 14, 1988, and submits this report:

The Committee considered the following regulations and no objections were noted:

201 KAR 8:400 & E - Board of Dentistry
201 KAR 8:410 & E - Board of Dentistry
201 KAR 9:175 & E - Board of Medical Licensure
201 KAR 20:161 - Board of Nursing

The Committee deferred the following regulations because an agency representative with authority to amend regulations was not present at the meeting:

811 KAR 1:180 - Harness Racing Commission
811 KAR 1:055 - Harness Racing Commission
811 KAR 1:035 - Harness Racing Commission

The Committee adjourned at 11:35 a. m. until Friday, November 11, 1988.

INTERIM JOINT COMMITTEE ON JUDICIARY-CRIMINAL
Meeting of October 11, 1988

The Interim Joint Committee on Judiciary-Criminal met on Tuesday, October 11, 1988, and submits this report:

The Interim Joint Committee on Judiciary-Criminal determined that the following administrative regulation, as amended by the Administrative Regulation Review Subcommittee, complied with KRS Chapter 13A:

501 KAR 6:020 (Corrections policies and procedures.)

The Interim Joint Committee on Judiciary-Criminal adjourned at 1:53 p. m.

INTERIM JOINT COMMITTEE ON APPROPRIATIONS AND REVENUE
Meeting of October 27, 1988

The Interim Joint Committee on Appropriations and Revenue met on October 27, 1988, and submits this report:

The Committee determined that the following administrative regulation does not comply with KRS Chapter 13A or other applicable statutes and attach objections as set forth below:

Revenue Cabinet: Department of Professional and Support Services: Selective Excise Tax: Motor Fuels

103 KAR 43:270 (Export of special fuels used in commercial ships and vessels.) The proposed regulation would define gasoline or special fuels delivered into the fuel tank of an United States Coast Guard certified commercial ship, located on a waterway which is an exterior legal boundary of the Commonwealth, as gasoline or special fuels sold for export from Kentucky. The effect of the definition would be to totally exempt such gasoline or special fuel from the gasoline and special fuels tax and to exempt the dealer of such fuels from prepayment of the tax.

KRS 138.445 provides that persons buying any liquid fuel for the purpose of dispensing the fuel into fuel tanks of "watercraft" shall be reimbursed 90% of the prepaid tax. The proposed regulation would provide a 100% exemption from the applicable tax for fuel used in the operation of a specific class of watercraft, and therefore is in conflict with KRS 138.445. The proposed regulation is also in conflict with KRS 138.240(2)(d), which limits the definition of exported fuels to fuels removed from Kentucky "in transport truck, tankcar or cargo lots."

The Committee approved a motion that the administrative regulation exceeded statutory authority as expressed in KRS 138.240 and 138.445.

The Committee adjourned at 12:15 p.m. until November 29, 1988.

INTERIM JOINT COMMITTEE ON AGRICULTURE AND NATURAL RESOURCES
Meeting of October 26, 1988

The Interim Joint Committee on Agriculture and Natural Resources met Wednesday, October 26, 1988, and submits this report:

The committee determined that the following administrative regulations do not comply with KRS Chapter 13A with the same objections attached by the Administrative Regulation Review Subcommittee:

401 KAR 5:005
401 KAR 5:010
401 KAR 5:085
401 KAR 6:015
401 KAR 6:040

401 KAR 39:110
401 KAR 39:120
401 KAR 47:060
401 KAR 50:036

The committee determined that administrative regulation 401 KAR 4:120 does not comply with KRS Chapter 13A or other applicable statutes and objected to provisions that require obtaining a permit for a garden plot larger than one-half acre or grazing cattle on pasture land.

The committee determined that the following administrative regulations comply with KRS Chapter 13A:

302 KAR 15:030	401 KAR 32:010
302 KAR 16:010	401 KAR 32:040

405 KAR 16:100	405 KAR 24:040
405 KAR 16:110	

The committee did not have objections to emergency regulations which had been filed.

The committee adjourned at 2:01 p.m., October 26, 1988.

INTERIM JOINT COMMITTEE ON TRANSPORTATION
Meeting of November 1, 1988

The Interim Joint Committee on Transportation met on Tuesday, November 1, 1988, and submits this report:

The Committee determined that the following administrative regulations, as amended, complied with KRS Chapter 13A:

603 KAR 5:115

The Committee adjourned at 1:20.

INTERIM JOINT COMMITTEE ON LABOR AND INDUSTRY
Meeting of November 3, 1988

The Interim Joint Committee on Labor and Industry met on November 3, 1988, and submits this report:

The agency withdrew the following regulation: 803 KAR 25:080.

INTERIM JOINT COMMITTEE ON BUSINESS ORGANIZATIONS AND PROFESSIONS
Meeting of November 11, 1988

The Interim Joint Committee on Business Organizations and Professions met on Friday, November 11, 1988, and submits this report:

The Committee determined that the following regulations complied with KRS Chapter 13A:

811 KAR 1:035 - Harness Racing Commission
811 KAR 1:055 - Harness Racing Commission
201 KAR 22:040 - Board of Physical Therapy
201 KAR 22:110 - Board of Physical Therapy

The Committee determined that the following administrative regulations, as amended, complied with KRS Chapter 13A:

811 KAR 1:180 - Harness Racing Commission

In Section 3(2), the amendment raised the following participant fees in Section 3(2) as follows:

Participant fees:

Judges-Patrol	$15 to $18
Assistant Race Secretary	$10 to $12
Assistant Starting Judge/Gate Driver	$10 to $12
Mutuel Employees	$10 to $12
Timer	$10 to $12
Security Guard	$10 to $12
Miscellaneous	$10 to $12

The Committee deferred the following regulations at the agency's/agencies' request:

201 KAR 1:012 - Kentucky State Racing Commission

The Committee adjourned at 3:30 p.m.

INTERIM JOINT COMMITTEE ON STATE GOVERNMENT
Meeting of November 9, 1988

The Interim Joint Committee on State Government met November 9, 1988, and submits this report.

The Committee determined that the following administrative regulations--amended November 9 by the Interim Joint Committee on State Government as indicated--comply with KRS Chapter 13A:

101 KAR 2:100 (LEAVE REGULATIONS)

Section 1, subsection (9) is amended to read as follows:

"(9) Employees [To be] eligible for state contributions for life insurance and health benefits[,] under the provisions of KRS Chapter 18A [an employee must] shall have worked or been on paid leave for more than half of the work days in a month, except:

(a) When the employee is unable to work or take paid leave for more than half of the work days in a month due to a work related injury covered by workers compensation.

(b) When the employee is unable to work or take paid leave for more than half of the work days in a month due to his or immediate family member's prolonged illness or disability verified by a medical certificate signed by a licensed physician and certifying to the prolonged incapacity or illness."

Section 2, subsection (8) is amended to read the same as Section 1 (9)(a),(b) above.

Section 7, subsection (5) is amended to read

the same as Section 1 (9)(a),(b) above.

Section 2, subsection (12) is amended to read:

"(12)[11] In cases of absence due to illness or injury for which workers' compensation benefits are received, accumulated sick leave may be used in order to maintain regular full salary. If paid sick leave is used, workers' compensation pay benefits shall be assigned bask to the state for whatever period of time an employee received paid sick leave. [Upon return to work an] The employee's sick leave shall be immediately reinstated to the extent that workers compensation benefits were assigned. [In cases of absence due to illness or injury for which Workers' Compensation benefits are received for lost time, sick leave may be utilized to the extent of the difference between such benefits and the employee's regular salary.]"

Section 6 is amended on line 2 after the word "request" to delete the words "ample time, up to a maximum of".

101 KAR 3:010 (LEAVE REGULATIONS FOR UNCLASSIFIED SERVICE)

The above amendment to 101 KAR 2:100 is also adopted for the same numbered sections in 101 KAR 3:010.

106 KAR 1:060 & E (RESCUE SQUAD REGULATIONS)

Amended to include DES Form 107 as reference material and to amend all references thereto to include the language ", which is hereby adopted by reference,". (DES Form 107 attached)

Amended to add the following new section at the end of the regulation: "Section ___. 106 KAR 1:030, Rescue Organizations, is repealed."

The Committee determined that the following administrative regulations do not comply with KRS Chapter 13A or other applicable statutes and attach objections as set forth below:

101 KAR 2:110 (EMPLOYEE EVALUATION PLAN) - This regulation was found to be deficient because it repeats statutory language.

101 KAR 1:320 (PROBATIONARY PERIOD) - This regulation was found to be deficient because it repeats statutory language.

101 KAR 1:360 (APPEAL PROCEDURES) - This regulation was found to be deficient because it repeats statutory language.
