In those situations, the interpreter shall guard against allowing his or her personal involvement to affect his or her ability to interpret impartially. If the interpreter finds that he or she can no longer be impartial, the interpreter shall inform the parties involved and may assist in finding another interpreter.

(6) Prior to accepting an engagement for services, a licensee shall advise the party responsible for payment of the services to be provided of the amount of compensation to be charged for the services.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Rose Mack

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes restrictions on the buying, selling, and transportation of wildlife native to Kentucky and defines enclosure requirements for captive wildlife.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to control the indiscriminate possession and commercialization of wildlife, ensure that minimum welfare standards are set forth for lawfully possessed wildlife, protect the public and native wildlife from wildlife-borne diseases, and to prevent the introduction of wildlife that might be detrimental to native fauna and flora.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 150.025(1) authorizes the department to regulate the buying, selling, or transporting of wildlife. KRS 150.180 requires any person transporting live wildlife into Kentucky to obtain a permit from the department. KRS 150.280 authorizes the Department of Fish and Wildlife Resources to promulgate administrative regulations to establish the procedures for propagation and holding of protected wildlife.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will carry out the purposes of KRS 150.025(1), 150.180 and 150.280 by defining the permits and procedures that are required for transportation and holding of protected wildlife.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: This amendment will increase the number of northern bobwhite quail an individual may possess for personal use without having a captive wildlife permit from fifty (50) to one hundred (100). The amendment clarifies that bobwhite quail possessed without a permit must still comply with the minimum confining facilities and people who dog train or shoot-to-train with bobwhite must comply with other statewide requirements. This amendment has also been modified to conform to the wording and style requirements of the Legislative Research Commission and Chapter 13A.

(b) The necessity of the amendment to this administrative regulation: This amendment is necessary to allow people to hold more than 50 bobwhite quail for the purposes of dog training and shooting and to conform to the LRC regulation drafting and style requirements.

(c) How the amendment conforms to the content of the authorizing statutes: See (1)(c) above.

(d) How the amendment will assist in the effective administration of the statutes: See (1)(d) above.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: All individuals who possess bobwhite quail for personal use in allowable numbers without a captive wildlife permit will be affected.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Those possessing bobwhite quail for dog training or shoot to train activity will be required to comply with holding and permitting requirements.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There is no cost associated with the implementation of this administrative regulation.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Individuals who possess Northern Bobwhite for personal use will now be allowed to possess up to one hundred (100) birds rather than only fifty (50) without having to obtain a captive wildlife permit.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation: (a) Initially: This administrative regulation change will result in no initial change in cost to the Kentucky Department of Fish and Wildlife Resources to administer.

(b) On a continuing basis: There will be no additional cost on a continuing basis.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation? The source of funding is the State Game and Fish Fund.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: It will not be necessary to increase any other fees or to increase funding to implement this administrative regulation.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: No new fees will be established.

(9) TIERSING: Is tiering applied? Tiering was not applied because all individuals who possess native wildlife for personal use are treated equally.

The program provides state recognition at graduation ceremonies to students who complete the program criteria and attend school in districts that participate in the voluntary program.
(b) The necessity of this administrative regulation: The provisions of KRS 156.070 do not require the Kentucky Board of Education to implement a graduation recognition program, but it does give the Board the authority to do so.
(c) How this administrative regulation conforms to the content of the authorizing statute: This administrative regulation provides specifics for the criteria and implementation of the Commonwealth Diploma Program as permitted by KRS 156.070.
(d) How this administrative regulation currently assists or will

   (a) How the amendment will change this existing administrative regulation: This amendment deletes Section 3 of this administrative regulation. The amendment will discontinue reimbursement by the Department for the costs of the AP examinations for a student who scores a minimum composite score on the AP examinations. Students will continue to be eligible for the diploma through 2012-2013, but without reimbursement for AP examination fees.
   (b) The necessity of the amendment to this administrative regulation: This amendment is necessary due to budget constraints that prevent the Department from issuing reimbursement for earning the composite score of 8 on 3 Advanced Placement or International Baccalaureate examinations. The Department currently reimburses $280,000.00 annually.
   (c) How the amendment conforms to the content of the authorizing statute: This amendment conforms to the authorizing statute because KRS 156.070 permits the Kentucky Board of Education to set the criteria for the program.
   (d) How the amendment will assist in the effective administration of the statutes: This amendment will clarify for districts, school boards, parents and stakeholders the fact that beginning in the 2012-13 academic year, students will no longer be eligible for reimbursement for composite scores of 8 across 3 Advanced Placement or International Baccalaureate examinations, but will remain eligible for the diploma for the 2012-13 academic year.
   (3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: All school districts in Kentucky are eligible to participate, which is coordinated by staff in the Kentucky Department of Education.

      (a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment:
         District will need to submit the names of students who have met the criteria for the Commonwealth Diploma but will not have to track or submit names of students with composite scores of 8 across 3 Advanced Placement or International Baccalaureate examinations. The district may choose to reimburse those students but is not required by regulation to do so.
      (b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There will be no cost to the school districts unless they choose to reimburse students. This regulation does not require districts to reimburse for AP exam fees.

   (5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:
      (a) Initially: The proposed amendment does not result in additional cost.
      (b) On a continuing basis: The proposed amendment does not result in additional costs.
   (6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: No additional funding is required.
   (7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: The proposed amendment does not result in additional costs.
   (8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish fees or increase any fees. (b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): The cost to administer the risk and needs assessment tool is $3 per offender. The case management plan requires software updates, included in $1.2 million allocated to update the Department of Corrections offender management system per HB 463 implementation.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The Department of Corrections will allocate referral resources, interventions, and programming space according to nationally set best practices. Department employees will benefit from a more streamlined assessment and case management process, allowing staff to identify higher risk offenders and appropriate resources likewise, making more productive use of staff time and Department resources. Additionally, offenders will benefit from more effective assessment, case monitoring, and therefore reduced recidivism.

5. Provide an estimate of how much it will cost to implement this administrative regulation:
(a) Initially: Initial cost of training staff to conduct risk and needs assessment: $10,000 paid by grant funding to train master trainers. In-house training for the case management plan includes 350 employees, with the only cost to the Department for employee travel and per diem.

(b) On a continuing basis: On-going costs for the risk and needs assessment includes the cost of training line staff. In 2011, the Department trained 119 new community supervision staff and 179 institutional staff to administer the assessment. Costs to the Department include housing costs, travel reimbursement and per diem. Additionally, there will be $5,000 per year cost for training of master trainers, paid by grant funding. On-going costs also include the cost to administer the assessment to offenders. To date, the Department has completed approximately 25,000 assessments at
the cost of $3 per assessment.

(6) What is the source of funding to be used for the implementation and enforcement of this administrative regulation: Funding is a combination of federal grant funds and Department of Corrections general funds.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change, if it is an amendment: If assessment and case planning services are expanded to in-mates housed in county jails, additional funding will be required.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish or incorporate any fees.

(9) TIERING: Is tiering applied? No. Tiering was not appropriate in this administrative regulation because the administrative regulation applies equally to all those individuals or entities regulated by it.

Mr. Mangeot stated that the raccoon season was the primary contentious issue and that the department considered deferral. Subcommittee staff stated that the raccoon season remained a bobcat winter season by shifting the total season, increased the bag limit for river otter, and extended the stated that this administrative regulation lengthened the raccoon season. In response to a question by Senator Pendleton, Dr. Waldrop deferred consideration of this administrative regulation. He emphasized that it was important that the Subcommittee and the agency honor a prior commitment, but it would be unfortunate if this administrative regulation was deferred again from the upcoming May agenda. Pendleton stated that he was unaware that a commitment to defer consideration of this administrative regulation to the May meeting of the Subcommittee. Dr. Waldrop agreed to deferral.

The following administrative regulations were deferred to the May 8, 2012, meeting of the Subcommittee:

KENTUCKY HIGHER EDUCATION ASSISTANCE AUTHORITY: Division of Student and Administrative Services: Authority 101 KAR 4:080. Student aid applications.

KHEAA Grant Programs 11 KAR 5:145. CAP grant award determinations procedure.

101 KAR 2:140. Workers' Compensation Fund and Program.

Personnel Cabinet, Unclassified 101 KAR 3:015. Leave administrative regulations for the unclassified service.

TOURISM, ARTS AND HERITAGE CABINET: Department of Fish and Wildlife Resources: Game 301 KAR 2:251. Hunting and trapping seasons and limits for furbearers. David W. Hise, counsel; Mark Mangeot, legislative liaison; and Karen Waldrop, director, Wildlife Division, represented the department.

In response to a question by Senator Pendleton, Dr. Waldrop stated that this administrative regulation lengthened the raccoon season, increased the bag limit for river otter, and extended the bobcat winter season by shifting the total season. Subcommittee staff stated that the raccoon season remained a contentious issue and that the department considered deferral.

Mr. Mangeot stated that the raccoon season was the primary item of concern, but a deferral that delayed the effective date of this administrative regulation would negatively impact provisions pertaining to all three (3) furbearing species in this administrative regulation.

In response to a question by Co-Chair Bowen, Dr. Waldrop stated that deferral of this administrative regulation, with the purpose of further amendment, would delay the process because changes to this administrative regulation needed to go before all stakeholders for consideration. The delay would affect the bag limit increase for river otter and the bobcat season changes, as well as the raccoon season, to the detriment of sportmen. The department preferred to allow this administrative regulation to continue through the amendment process and would consider revision of the raccoon season in a future amendment. The department would defer if necessary, but preferred not to defer.

Senator Pendleton stated that he preferred not to delay this administrative regulation regarding the raccoon issue because it would affect the bobcat season. Bobcats caused significant property damage, and the change to the season was very important for bobcat control.

In response to a statement by Representative Ford, Senator Pendleton stated that he was unaware that a commitment to defer consideration of this administrative regulation had been made. He emphasized that it was important that the Subcommittee and the agency honor a prior commitment, but it would be unfortunate if this administrative regulation was deferred again from the upcoming May agenda.

Co-Chair Bowen asked the department to defer consideration of this administrative regulation to the May meeting of the Subcommittee. Dr. Waldrop agreed to deferral.

TRANSPORTATION CABINET: Department of Vehicle Regulation: Division of Motor Carriers: Division 601 KAR 1:018. Special overweight or overdimensional motor vehicle load permits.

The Subcommittee adjourned at 1:55 p.m. until May 8, 2012.

The Technical Amendment Index is a list of administrative regulations which have had technical, non-substantive amendments entered since being published in the 2011 bound Volumes. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10) or 13A.312(2). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published in the Administrative Register. NOTE: Finalized copies of the technically amended administrative regulations are available for viewing on the Legislative Research Commission Web site at http://www.lrc.ky.gov/home.htm.
