Filing and Publication

Administrative bodies shall file with the Regulations Compiler all proposed administrative regulations, public hearing and comment period information, regulatory impact analysis and tiering statement, fiscal note, federal mandate comparison, and incorporated material information. Those administrative regulations received by the deadline established in KRS 13A.050 shall be published in the Administrative Register.

Public Hearing and Public Comment Period

The administrative body shall schedule a public hearing on proposed administrative regulations which shall not be held before the 21st day or later than the last workday of the month of publication. Written comments shall also be accepted until the end of the calendar month in which the administrative regulation was published.

The administrative regulation shall include: the place, time, and date of the hearing; the manner in which persons may submit notification to attend the hearing and written comments; that notification to attend the hearing shall be sent no later than 5 workdays prior to the hearing date; the deadline for submitting written comments; and the name, position, address, and telephone and fax numbers of the person to whom notification and written comments shall be sent.

The administrative body shall notify the Compiler, by phone and letter, whether the hearing was held or cancelled and whether written comments were received. If the hearing was held or written comments were received, the administrative body shall file a statement of consideration with the Compiler by the fifteenth day of the calendar month following the month of publication.

A transcript of the hearing is not required unless a written request for a transcript is made, and the person requesting the transcript shall have the responsibility of paying for same. A recording may be made in lieu of a transcript.

Review Procedure

After the public hearing and public comment period processes are completed, the administrative regulation shall be reviewed by the Administrative Regulation Review Subcommittee at its next meeting. After review by the Subcommittee, the administrative regulation shall be referred by the Legislative Research Commission to an appropriate jurisdictional committee for a second review. The administrative regulation shall be considered as adopted and in effect as of adjournment on the day the appropriate jurisdictional committee meets or 30 days after being referred by LRC, whichever occurs first.
STATEMENT OF EMERGENCY
103 KAR 3:060E

This emergency administrative regulation is being promulgated in order to provide Kentucky taxpayers the form necessary to apply for tax amnesty. This administrative regulation must be filed as soon as possible in order to comply with the tax amnesty program time frame established by KRS 131.400(4)(b) and to incorporate by reference the Kentucky Tax Amnesty Application form as may be needed by taxpayers and their representatives to apply for tax amnesty. This emergency administrative regulation shall not be replaced by an ordinary administrative regulation because KRS 131.400(4)(b) requires that the tax amnesty program be conducted for a period between sixty (60) to 120 days during the fiscal year ending June 30, 2013.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish any fees or directly or indirectly increase any fees.

(9) TIERING: Is tiering applied? Tiering does not apply to this administrative regulation as it applies to all taxpayers seeking the department's approval of their Kentucky Tax Amnesty Application.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Finance and Administration Cabinet, Department of Revenue (department), will be impacted by this administrative regulation.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 131.130(3) and KRS 131.430 authorize the action taken by this administrative regulation.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. This administrative regulation will assist in the generation of additional General Fund and Road Fund revenues as part of the Kentucky Tax Amnesty program. The Department of Revenue's expenditures will increase slightly during the notification of taxpayers of the administrative regulation.

   (a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? The application form incorporated by reference in this regulation will assist in the generation of approximately $60,000,000 during the fiscal year ending June 30, 2013.

   (b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? This administrative regulation will not generate any tax revenue for the Commonwealth in subsequent years.

   (c) How much will it cost to administer this program for the first year? The cost to administer the tax amnesty program is estimated to be three to four million dollars.

   (d) How much will it cost to administer this program for subsequent years? None.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

(b) An admissions portfolio which documents that the applicant demonstrates the following:
1. The ability to improve student achievement;
2. Knowledge of school laws related to school finance, school operations, and personnel matters;
3. The ability to implement curriculum, instruction, and assessment;
4. A commitment to ongoing professional growth;
5. Effective communication skills; and
6. The ability to build relationships, foster teamwork, and develop networks; and
(c) Proof the applicant has completed a master’s degree program.
(2) Beginning August 1, 2014, each superintendent preparation program shall:
(a) Utilize a clinical model which requires candidates to:
1. Work in diverse school and district central office settings; and
2. Solve problems based on the school district’s needs;
(b) Develop a mentoring plan for each candidate; and
(c) Design a method to assess the effectiveness of a candidate’s field experience.
(3) Beginning August 1, 2014, a superintendent preparation program’s coursework shall include a minimum of twelve (12) credit hours.
(4) Beginning August 1, 2014, a superintendent preparation program’s curriculum of study shall include the following:
(a) The study of the roles and responsibilities of a superintendent which includes:
1. Leadership theory and development;
2. The impact of board leadership on student learning;
3. Community engagement focused on student learning;
4. Capacity building;
5. District management;
6. Culturally responsive leadership;
7. Ethics;
8. Time management; and
9. Professional development;
(b) The federal, state, and local laws governing school system administration with an emphasis on the following school functions:
1. Finance;
2. Personnel;
3. Food service;
4. Facilities;
5. Transportation;
6. School safety; and
7. School-based councils; and
(c) Coursework which will assist the candidate to:
1. Develop skills that facilitate rigorous curriculum, engaging instruction, professional development, and a comprehensive assessment system;
2. Implement an aligned, rigorous, standards-based curriculum in every school which prepares all students to be globally competitive for postsecondary education and work;
3. Collaborate with district staff and school leaders to coordinate a system of support that ensures engaging and relevant instruction in every classroom;
4. Ensure that a comprehensive assessment system is appropriately used at the district, school, and classroom level for in-
formed decision making that improves learning;
5. Work with district and school staff to develop and implement a coordinated system of student academic support for students whose achievement does not meet established benchmarks; and
6. Ensure that the school system has an articulated design for preschool, early childhood, middle childhood, adolescent, and adult education that represents research and best practice.
(5) Beginning August 1, 2014, a superintendent preparation program shall require all candidates to complete a capstone project to be presented to a panel of program faculty and practicing school administrators prior to completion of the program.

Section 3. Issuance and Renewal. (1) The initial professional certificate for instructional leadership - school superintendent shall be issued for five (5) years to a candidate who has completed an approved program of preparation for superintendent at the post-master's level. Application shall be made on Form TC-1, incorporated by reference in 16 KAR 2:010.
(2) Each five (5) year renewal shall require:
(a) The completion of two (2) years of experience as a school superintendent or assistant superintendent;
(b) Three (3) semester hours of additional graduate credit or the equivalent related to the position of school superintendent; or
(c) Forty-two (42) hours of approved training selected from programs approved for the Kentucky Effective Instructional Leadership Training Program.
(3) If a lapse in certification occurs for lack of the renewal requirements, the certificate shall be reissued for a five (5) year period after the completion of an additional six (6) semester hours of graduate study or the equivalent appropriate to the program.

EDUCATION PROFESSIONAL STANDARDS BOARD
(As amended at ARRS, October 9, 2012)

RELATES TO: KRS 161.020, 161.027, 161.030
STATUTORY AUTHORITY: KRS 161.027
NECESSITY, FUNCTION, AND CONFORMITY: KRS 161.020 requires a certificate of legal credentials for any public school position for which a certificate is issued. KRS 161.027 requires the Education Professional Standards Board to develop or select appropriate tests, establish minimum scores for successful completion, and establish a reasonable fee to be charged for actual cost of administration of the tests, for an applicant seeking certification as principal, and further requires that each applicant for certification as school principal with less than two (2) years of appropriate experience complete a one (1) year internship program developed by the Education Professional Standards Board. This administrative regulation establishes the examination requirements for certification as principal required under KRS 161.027.

Section 1. (1) The certificate for school principal shall be valid for serving in the position of principal or assistant principal.
(b) A new applicant for certification as a school principal, including vocational school principal, shall successfully complete the prerequisite tests specified in Section 2 of this administrative regulation prior to certification as a school principal and sufficiently in advance of anticipated employment to permit test results to be received by the Education Professional Standards Board and processed in the normal certification cycle.

Section 2. An applicant for certification as principal shall complete the following tests and attain the minimum score specified for each test:
(1) School Leaders Licensure Assessment [601][14011] - 160; and
(2) Until December 31, 2012 [August 31, 2011, the Kentucky Specialty Test of Instructional and Administrative Practices - eighty-five (85) percent correct responses; or
(b) Beginning September 1, 2014, the Kentucky Specialty Test of Instructional and Administrative Practices (1015)[administered by the Educational Testing Service] with no passing score; or
(b) Beginning January 1, 2013, the Kentucky Specialty Test of Instructional and Administrative Practices (1015) - 58.

Section 3. The successful completion of the School Leaders Licensure Assessment shall not be required for an applicant who has:
(1) Two (2) years of experience as a certified principal in another state; and
(2) Successfully completed a nationally administered test in the area of educational leadership and administration.

Section 4. (1) An applicant for certification as principal shall take the required assessments[School Leaders Licensure Assessment] on a date established by the Educational Testing Service. An applicant shall authorize that test results be forwarded to the Education Professional Standards Board by the Educational Testing Service.
(2) Public announcement of a testing date and location shall be issued sufficiently in advance to permit registration as required by the Educational Testing Service and the Education Professional Standards Board.

Section 5. An applicant shall pay all fees assessed by the Educational Testing Service, pursuant to KRS 161.027(4), for:
(1) The required School Leaders Licensure Assessment; and
(2) The Kentucky Specialty Test of Instructional and Administrative Practices.[4] For the required School Leaders Licensure Assessment, the applicant shall pay all fees assessed by the Educational Testing Service.
(b) Until August 31, 2011, an applicant for the Kentucky Specialty Test of Instructional and Administrative Practices shall pay a fee of eighty (80) dollars.
(b) Beginning September 1, 2011, an applicant for the Kentucky Specialty Test of Instructional and Administrative Practices shall pay all fees assessed by the Educational Testing Service.

Section 6. An applicant who fails to achieve a minimum score on a required test as specified in Section 2 of this administrative regulation shall be permitted to retake the test or tests during a regularly-scheduled test administration.

Section 7. A temporary certificate issued in accordance with
Section 8. (1) For an applicant applying for a certificate under KRS 161.027(6)(b), the school superintendent of the employing district shall submit a request that shall include an affirmation that the applicant pool consisted of three (3) or less applicants who met the requirements for selecting a principal.

(2) The temporary certificate issued in accordance with KRS 161.027(6)(b) shall not be extended beyond the one (1) year period.

Section 9. On an annual or biennial basis, the Education Professional Standards Board shall collect and analyze data provided by the Educational Testing Service through score and institution reports which permit evaluation of the examination prerequisites covered by this administrative regulation.

OFFICE OF THE ATTORNEY GENERAL
Office of Consumer Protection
(As amended at ARRS, October 9, 2012)

RELATES TO: KRS 367.83801, 367.83803, 367.83805, 367.83807
STATUTORY AUTHORITY: KRS 367.83805(1), 367.83805(2), 367.83807
NECESSITY, FUNCTION AND CONFORMITY: KRS 367.83805(1) requires the Department of Law, after consultation with the Public Protection Cabinet and the Department for Public Health, to establish minimum standards for mold remediation companies that operate in the Commonwealth based on the five (5) general principles of mold remediation created by the Institute of Inspection, Cleaning and Restoration Certification (IICRC) in its publication, IICRC S520, Second Edition, Standard and Reference Guide for Professional Mold Remediation, or its successor publication.

KRS 367.83805(2) authorizes customer complaints regarding compliance by mold remediation companies with 40 KAR Chapter 2 promulgated pursuant to KRS 367.83805. This administrative regulation establishes the minimum standards for mold remediation companies that operate in the Commonwealth and incorporates by reference the forms to be utilized by mold remediation companies.

Section 1. Definitions. (1) "Customer" is defined by KRS 367.83803(1).

(2) "Indoor environmental professional" means a person qualified through training, education, and experience to assess mold problems, conduct and review sampling plans and results, and evaluate and develop plans to remediate mold in structures.

(3) "Mold" is defined by KRS 367.83803(3).

(4) "Mold remediation" is defined by KRS 367.83803(4).

(5) "Mold remediation company" is defined by KRS 367.83803(5).

(6) "Normal fungal ecology" means an indoor environment that may have settled spores, fungal fragments, or traces of actual growth whose identity, location, and quantity are reflective of typical settled spores, fungal fragments, or traces of actual growth for a similar indoor environment.

(2) "Postremediation evaluation" means the activity conducted by a mold remediation company to determine that the mold remediation has been performed and the mold remediation area, structure, and systems are free of mold contamination.

(8)[23] "Postremediation verification" means sampling and analysis conducted to determine that a remediated area has been restored to a normal fungal ecology.

Section 2. Safety and Health. A mold remediation company shall:

(1) Assure that each principal and employee has appropriate training, education, and experience to:

(a) Perform the tasks required pursuant to this administrative regulation for mold remediation assigned to that person; and

(b) Use and operate equipment, tools, and materials, that will be used or operated by that person during mold remediation or that are required pursuant to this administrative regulation.

(2) The training required by paragraph (a) of this subsection shall include, at a minimum, the following topics related to the mold remediation tasks required pursuant to this administrative regulation:

1. Safety and health;

2. Engineering controls;

3. Containment methods; and

(3) Inform the customer in writing of the mold remediation company’s determinations regarding containment, including, at a minimum, if the mold remediation company plans to:

(a) Use full or limited containment;

(b) Use negative pressure so that air pressure within the containment areas is less than in surrounding areas as a measure to prevent cross-contamination; or

(c) Advise the customer of other measures to be used to protect the occupants;

(4) If the mold remediation company makes a determination not to use containment, advise the customer in writing of the reasons for that determination;

(5) If mold is or will be disturbed, or if workers enter or will enter a containment area, ensure that workers use appropriate protective equipment, including, at a minimum:

(a) A respirator approved by the National Institute for Occupational Safety and Health (NIOSH) that is appropriate for the environment to be encountered;

(b) Goggles, if a full face respirator is not used; and

(c) Gloves; and

(6) Prior to contracting for mold remediation, inform the customer in writing:

(a) Of the potential health risks of mold exposure generally, by providing a copy of the most recent edition of the U.S. Environmental Protection Agency’s A Brief Guide to Mold, Moisture, and Your Home, Document Number EPA 402-K-02-003;

(b) Of the areas to be vacated for the duration of the remediation or of any other measures customers should use to protect tenants and occupants; and

(c) About mold and indoor environmental professionals generally, by providing a copy of Read This About Mold Before You Sign A Contract, Form MRC-1, and Read This About Indoor Environmental Professionals Before You Sign A Contract, Form MRC-2, to the customer prior to or during the initial visit to the property. If the Form MRC-1 is provided to the customer with other items, the Form MRC-1 shall be on top of or prominent among the other items.

Section 3. Contamination Prevention and Project Documentation. (1) Except as provided by subsection (6) of this section, a mold remediation company shall provide the customer with a written mold assessment and remediation plan prior to entering into a mold remediation contract with the customer.

- 946 -
(a) Portions of the mold assessment and remediation plan may be prepared by an independent indoor environmental professional if the customer has engaged one (1).
(b) The written mold assessment and remediation plan shall include, at a minimum:
1. The scope of work, including, at a minimum, the area or areas to be remediated, the tasks to be performed, and a price estimate;
2. An assessment of the source of moisture and, if applicable, measures to take to remedy or manage the moisture source. If the source of moisture or the measures to remedy or manage the moisture source have not been identified or cannot be determined, the mold assessment and remediation plan shall include a statement to that effect;
3. An assessment of the extent of the mold problem to be addressed;
4. The containment and removal techniques that will be used to control the spread of mold contamination, including the written disclosures required by Section 2(4), (5), and (7) of this administrative regulation; and
5. A statement describing how the postremediation evaluation will be conducted, including:
   a. Visual examination for removal of mold, and mold-contaminated or water-damaged materials and debris;
   b. Examination to determine that surfaces are free of dust;
   c. Examination to determine if mold-associated odors have been eliminated; and
   d. Sampling or testing for postremediation verification, if recommended. If postremediation verification is to be conducted, it shall be performed by an independent indoor environmental professional paid directly by the customer and reporting directly to the customer.
(2) If the source of moisture or the measures to remedy or manage the moisture source have not been identified or cannot be determined, or if the customer chooses to proceed with mold remediation without remediating and managing the moisture source, or both, a mold remediation company shall not perform mold remediation work for the customer until the mold remediation company obtains a completed, signed, and dated Notice of Moisture Problem, Form MRC-3, from the customer and provides a copy of a completed Form MRC-3 to the customer.
(3) A mold remediation company shall not perform mold remediation work without a written contract. A mold remediation company shall ensure that a contract for mold remediation incorporates the mold assessment and remediation plan required by subsection (1) of this section.
(4) The mold remediation company shall obtain a copy of Read This About Mold Before You Sign A Contract, Form MRC-1, and Read This About Indoor Environmental Professionals Before You Sign A Contract, Form MRC-2, with the customer’s dated signature on each form and provide a copy of the completed Form MRC-1 and Form MRC-2 to the customer prior to entering into a contract with the customer for mold assessment or mold remediation.
(5) A mold remediation company shall provide the customer with a written change order to be signed and dated by the customer prior to performing additional work for which there is a cost to the customer or prior to a substantive or material departure from the mold assessment and remediation plan.
   (a) If, because of the size and scope of the work to be performed, it is not practicable to provide a mold assessment and remediation plan for a commercial or institutional customer and if the customer requests in writing that work begin prior to receiving the mold assessment and remediation plan, the mold remediation company shall, prior to entering into a mold remediation contract with the customer:
      1. Obtain a completed, signed, and dated Commercial or Institutional Customer, Form MRC-4, from the customer and provide a copy of a completed Form MRC-4 to the customer; and
      2. Provide the customer with a price list that includes the amounts charged for labor and equipment.
   (b) The mold remediation company shall provide updates to the customer regarding the work performed and the work not yet performed. The updates shall be provided on a periodic basis as agreed to by the customer.

(7) At the conclusion of the mold remediation work, a mold remediation company shall provide the customer with a written postremediation report that includes, at a minimum:
   (a) Statement indicating if all visible mold, unrestorable mold-contaminated materials, and debris have been removed;
   (b) Statement indicating if all mold-associated odors have been eliminated;
   (c) Statement indicating if surfaces are free of dust; [and]
   (d) List of any unexpected conditions or events that arose during the mold remediation work that have the potential for:
      1. A significant impact on worker or occupant health or safety; or
      2. Interfering with achieving or maintaining an appropriate postremediation condition of the remediated area;
   (e) Statement indicating if all salvable structures, systems, and contents have been dried to an appropriate moisture content; and
   (f) List of independent indoor environmental professionals, if sampling or testing to verify the mold remediation is required by the contract.

(8) A mold remediation company shall maintain a copy of all documents required by this administrative regulation for a period of at least three (3) years following completion of the mold remediation work.

Section 4. Contamination Control. A mold remediation company shall:
(1) Control mold contamination as close as practical to its source in order to prevent the spread of mold or mold spores or particles;
(2) Minimize dust generation; and
(3) Ensure that mold contamination does not spread to less-contaminated or non-contaminated areas.

Section 5. Contamination Removal. A mold remediation company shall:
(1) Physically remove mold contamination from the structure, systems, and contents to return the structure, systems, and contents within the remediated area to a normal fungal ecology; and
(2) Return the structure, systems, and contents within the remediated area to a clean condition. The structure, systems, and contents shall be considered clean if:
   (a) Mold contamination is removed;
   (b) Unrestorable mold-contaminated materials are removed;
   (c) Debris is removed;
   (d) Surfaces are free of dust; and
   (e) Remediated areas are free of odors associated with mold.

Section 6. Incorporation by Reference. (1) The following material is incorporated by reference:
   (a) "Read This About Mold Before You Sign A Contract", Form MRC-1, October[July] 2012;
   (b) "Read This About Indoor Environmental Professionals Before You Sign A Contract", Form MRC-2, October[July] 2012;
   (c) "Notice of Moisture Problem", Form MRC-3, October[July] 2012;
   (d) "Commercial or Institutional Customer", Form MRC-4, October[July] 2012; and

(2) This material may be inspected, copied, or obtained, subject to applicable copyright law, at the Office of the Attorney General, Office of Consumer Protection, 1024 Capital Center Drive, Suite 200, Frankfort, Kentucky 40601, Monday through Friday, 8:30 a.m. to 4:30 p.m.

VOLUME 39, NUMBER 5 – NOVEMBER 1, 2012

STATUTORY AUTHORITY: KRS 322.290(4), (15) NECESSITY, FUNCTION, AND CONFORMITY: KRS 322.290(15) requires the board to adopt a program of continuing education for professional land surveyors. This administrative regulation implements the continuing professional development program mandated by KRS 322.290(15) for professional land surveyors.

Section 1. Definitions. (1) “Completion” means the professional land surveyor has satisfactorily met specific requirements of an offering by taking and passing a university course or attending a seminar.

(2) “Continuing professional development” or “CPD” means participation in activities, beyond the basic educational requirements, that:

(a) Provide specific content planned and evaluated to improve the land surveyor’s professional competence;
(b) Encourage acquisition of new skills and knowledge required to maintain competence;
(c) Strengthen the professional land surveyor’s critical inquiry and balanced judgment;
(d) Raise the ethical standards within the professional community;
(e) Meet the requirements established by this administrative regulation.

(3) “CPDC” means the Continuing Professional Development Committee.

(4) “Professional development hour” or “PDH” means not less than fifty (50) minutes of instruction or presentation that meets the requirements of this administrative regulation.

(5) “Provider” means a person, school, association, company, corporation, or group who has developed a CPD activity and participates directly in the presentation.

(6) “Sponsor” means a group, organization, or professional society, offering activities by providers.

Section 2. Continuing Professional Development Committee. (1) The chair of the State Board of Licensure for Professional Engineers and Land Surveyors shall appoint a Continuing Professional Development Committee and name its chair.

(2) The CPDC shall consist of three (3) board of licensure members of which at least two (2) are professional land surveyors.

(3) Work of the CPDC shall be considered work of the board and compensation shall be given as provided by KRS 322.270.

(4) The CPDC shall hold regular meetings and a record of its action shall be maintained.

(5) CPDC may rule on all matters concerning continuing professional development for professional land surveyors. Decisions of the CPDC shall be ratified by the board. A licensee who disagrees with a decision of the CPDC may direct his or her concerns to the board for consideration at a subsequent meeting of the board.

Section 3. Program Structure. (1) Except as provided by Sections 3(3), 6(1), and 6(2) of [otherwise in] this administrative regulation, a professional land surveyor shall complete and report to the board a minimum of eight (8) professional development hours for each calendar year, for a total of a minimum of sixteen (16) professional development hours for each reporting period.

(2) The requirement for professional development hours shall include a four (4) hour board sponsored course in standards of practice for professional land surveyors, professional ethics, and the code of professional practice and conduct, taken once every four (4) years. In the year that this course is taken, it shall count as four (4) of the required eight (8) hours.

(3) A maximum of four (4) hours in excess of the sixteen (16) professional development hours required to be earned in a reporting period may be earned in the next reporting calendar year.

(4) Failure to earn the sixteen (16) professional development hours per reporting period shall make the licensee ineligible for licensure renewal.

Section 4. Criteria for Professional Development. (1) Professional development hours may be earned by successful completion of the following activities subject to approval by the CPDC and board:

(a) College or university courses;
(b) Seminars;
(c) Tutorials;
(d) In-house programs sponsored by corporations or other organizations;
(e) Correspondence courses;
(f) Televised or videotaped courses (with approved supervision);
(g) Distance learning courses (with approved supervision);
(h) Teaching or instructing courses, programs, or items specified in paragraphs (a) through (g) of this subsection; the credit may be claimed at twice the number of hours permitted participants, except the credit shall not be claimed more than once for teaching or instructing the same or substantially similar course, program, or item;
(i) Making or attending approved presentations at technical or professional meetings;
(j) Publication of papers, articles, or books related to the practice of land surveying.

(2) Activities described in subsection (1) of this section shall:

(a) Be relevant to the practice of land surveying;
(b) Contain technical, ethical, or managerial subjects;
(c) Be an organized program of learning;
(d) Be conducted by individuals with education, training, or expertise;
(e) Be offered for the number of professional development hours recommended by the program author, subject however to review, and acceptance or adjustment by the CPDC;
(f) Not include in-service training, orientation to specific institutional policies and practices, or time used to sell or advertise a product.

(3) CPD activities shall earn credit only if substantially different from a course for which credit was claimed more than once for teaching or instructing the same or substantially similar course, program, or item.

(4) Professional development hours shall be converted as follows:

(a) One (1) university semester hour shall equal fifteen (15) professional development hours.

(b) One (1) university quarter hour shall equal ten (10) professional development hours.

(c) One (1) continuing education unit shall equal ten (10) professional development hours.

Section 5. Approval of a Continuing Professional Development Activity. Activity approvals may be granted for sponsors, providers, or individual professional land surveyors as follows:

(1) Approval of activities is valid for a specified approval period or until alteration of the activity is approved by the CPDC.

(2) Failure to notify the CPDC of a change in an activity, including a change in the instructor, may render approval of the activity null and void.

(3) Prior to approval, an activity shall not be advertised as approved for Kentucky professional land surveyors but may be advertised without a conspicuous notice that the activity has been "submitted for consideration."

(4) If prior or post approval is desired, a written request for approval of the activity shall be submitted to and received by the CPDC on the Continuing Professional Development Course Approval Form at least forty five (45) sixty (60) days prior to the meeting date of the CPDC at which the request will be considered.

(5) The credit may be claimed at twice the number of hours permitted participants, except the credit shall not be claimed more than once for teaching or instructing the same or substantially similar course, program, or item.

(6) The credit may be claimed at twice the number of hours permitted participants, except the credit shall not be claimed more than once for teaching or instructing the same or substantially similar course, program, or item.

(7) The credit may be claimed at twice the number of hours permitted participants, except the credit shall not be claimed more than once for teaching or instructing the same or substantially similar course, program, or item.

(8) The credit may be claimed at twice the number of hours permitted participants, except the credit shall not be claimed more than once for teaching or instructing the same or substantially similar course, program, or item.

(9) The credit may be claimed at twice the number of hours permitted participants, except the credit shall not be claimed more than once for teaching or instructing the same or substantially similar course, program, or item.

(10) The credit may be claimed at twice the number of hours permitted participants, except the credit shall not be claimed more than once for teaching or instructing the same or substantially similar course, program, or item.
(5) All requests for approval of an activity shall be accompanied by:
   (a) A detailed outline and objectives;
   (b) A time outline including registration, introductions, welcomes, breaks, and meals;
   (c) Handouts or reference materials needed to evaluate the activity; and
   (d) A resume for each instructor or speaker in the activity.

(6) The CPDC or board reserves the right to send a representative to monitor an activity:
   (a) The provider or sponsor shall waive all fees for the CPDC or board representative; and
   (b) Approval for the activity may be withdrawn for subsequent iterations of the activity, if significant variation is observed from the approved activity.

(7) An evaluation form shall be made available for participants at each presentation.

(8) An individual under disciplinary action from the board or a business entity with a principal who is under disciplinary action from the board shall present or be prohibited from presenting a CPD activity for credit without prior, written approval from the board.

(9) If a provider fails to obtain prior approval, a professional land surveyor may request credit for an activity by making a written request for post approval to the CPDC and including in that request the items listed in subsection (5) of this section.

(10) Upon approval, an activity shall receive a CPD number which shall be used to identify the activity.

(11) If an activity is not approved by the CPDC, the requestor shall be sent notice of nonapproval within two (2) weeks of its decision. This decision shall be presented to the board at its next meeting for ratification.

Section 6. Exemptions and Extensions. The following professional land surveyors may be exempted from the requirements of this administrative regulation by submitting a written request to the CPDC with supporting documentation for the exemption:

(1) A professional land surveyor shall be exempted for the reporting period containing the calendar year in which he or she is initially licensed by the board.

(2) A professional land surveyor who cannot satisfy the CPD requirement because of physical disability, illness, or other extenuating circumstance may be exempted for the calendar year in which the disability, illness, or extenuating circumstance occurs. The CPDC may grant an extension of time to fulfill the yearly CPD requirement for an extenuating circumstance.

(3) An exemption or extension request shall be made in writing for each calendar year and the exemption or extension shall only be valid for that calendar year.

Section 7. Reinstatement. Before a license is reinstated by the board under 201 KAR 18:115, a former professional land surveyor shall earn the continuing professional development hours required for each year the license was revoked, suspended, or expired, up to a maximum of thirty-two (32) professional development hours.

Section 8. Reporting. (1) On the biennial renewal form, a professional land surveyor shall certify whether or not he or she has complied with the requirements of this administrative regulation on the Electronic License Renewal Application, available at www.kyboels.ky.gov have been met.

(2) Biennial renewal forms received after September 1 shall be subject to the audit process in Section 9 of this administrative regulation.

Section 9. Audits. (1) Compliance with the annual CPD requirements shall be determined through an audit process.

(2) Professional land surveyors shall be audited through a random selection process or as the result of information provided to the board.

(3) Individuals selected for audit shall within thirty (30) days of the board’s request, provide the board with documentation of the CPD activities claimed for the renewal period. Appropriate documentation shall include:

(a) Verification records in the form of transcripts, completion certificates, or other documents supporting evidence of participation;

(b) Information regarding seminar or course content, instructors, and sponsoring organizations.

(4) Individual licensees shall maintain verification records and documentation for audit purposes for the current reporting period and the two (2) previous reporting periods [three (3) years after completion of the CPD activity].

(5) If continuing professional development credit is disallowed, a professional land surveyor shall have 180 calendar days after notification to substantiate the original claim or earn other credit to meet the requirement.

(6) Failure to comply with the CPD requirements shall be considered a violation of KRS 322.180(3) subjecting the professional land surveyor to disciplinary action.

(7) An audit resulting in a determination of noncompliance shall subject the professional land surveyor to an automatic audit of the next reporting period and each subsequent reporting period until an audit results in a determination of compliance.

(8) A professional land surveyor who is under investigation pursuant to KRS 322.190 may be subjected to the audit requirements of this section.

associated with the training and education program;
(c) A descriptive synopsis of the curriculum for each type of
course taught;
(d) Course educational objectives;
(e) Classroom lecture and skill practice schedules;
(f) Clinical or field rotation locations, with tentative beginning
and ending dates and participation requirements for each site;
(g) Board certification or licensure requirements for the level of
training and education being offered; and
(h) Prohibited actions described in KRS Chapter 311A that
provide grounds for a sanction against an individual making appli-
cation for certification or licensure by the Board, as described at
KRS 311A.050.
(7) An EMS-TEI shall establish and maintain written policies to
ensure that:
(a) Announcements and advertising accurately reflect the
courses offered;
(b) A procedure exists that allows complaints and grievances
be processed if filed by an applicant, a student, or a faculty
member;
(c) There is a process for a student to withdraw from a course;
and, if allowed, obtain a refund of tuition or fees paid;
(d) Examinations are developed for each course; and
(e) There are established and maintained passing require-
ments and examination policies for each course offered by the
EMS-TEI.
(8) An EMS-TEI shall assure that each student, while partici-
pating in a clinical or field rotation, is clearly identified by name and
student status by the use of:
(a) A nameplate;
VOLUME 39, NUMBER 5 – NOVEMBER 1, 2012

(b) A uniform or;
(c) Other apparent means.
(9) An EMS-TEI shall maintain, for at least five (5) years beyond the date of the last classroom session of each EMS
course;
(a) The student attendance sign in sheets for each course
taught including:
- Lectures;
- Practical skill lessons; and
- Clinical and field rotations;
(b) A master copy of written examinations and answer keys
administered for each course taught;
(c) A master copy of practical skill examination forms used
during each course taught;
(d) A master copy of the current course syllabus for the
courses taught;
(e) Health records for students that may be required by an
EMS-TEI or through written clinical, field internship, or summative
field evaluation affiliation agreements;
(f) Records of all disciplinary actions taken against a student
which shall include each response or action taken as a result of a
complaint or grievance;
(g) Remediation activity for each student enrolled, including
how the specific remediation was accomplished and if the process
was successful, and the EMS-TEI’s master file of the objectives and
competencies to be achieved by students during each educational
program. The file shall be reviewed annually by the EMS-TEI and updated as neces-
sary.

Section 4. Disciplinary Action Against an EMS-TEI. (1) The
Board shall notify the chief administrative officer of an EMS-TEI, by
certified mail, of any intent to pursue disciplinary action against the
EMS-TEI;
(2) The Board may take disciplinary action against an EMS-
TEI if;
(a) During a twenty-four (24) month period, an EMS-TEI’s cu-
mulative pass rate for initial training and the education programs
offered falls below sixty-seven (67) percent. The pass rate percentage
shall be determined by dividing the number of students that complete
the certification or licensure testing process within the
required time frame by the number of students who apply to partic-
ipate in the certification or licensure exams;
(b) An inspection or investigation by the KBEMS office deter-
mines the EMS-TEI has not met the requirements of any section of
this administrative regulation;
(c) An EMS-TEI is on probationary status and fails to meet
requirements established by the Board;
(d) The faculty or a staff member reproduces or reconstructs,
or attempts to reproduce or reconstruct, any portion of an examina-
tion for the purpose of assisting a student to cheat or create an
unfair advantage for one (1) student over another student on the
examination;
(e) The faculty or a staff member disseminates information for
purposes of reproduction or reconstruction of any portion of an
examination in order to assist a student to cheat or create an unfair
advantage for one (1) student over another student on the exami-
nation;
(f) The faculty member or a staff member cheats, or assists
students to cheat or create an unfair advantage for one (1) student
over another student on an examination;
(g) The EMS-TEI falsifies a record of education, training, or
continuing education;
(h) The EMS-TEI fails to pay a fee or issues a check for any fee
required by administrative regulation on an invalid account or an
account that does not have sufficient funds;
(i) The EMS-TEI fails to file reports required by this administra-
tive regulation; or
(j) The EMS-TEI fails to meet the requirements of the “EMS-
TEI Affidavit”.
(2) A recommendation to take disciplinary action against an
EMS-TEI shall be considered in executive session of the Board
and shall include the opportunity for the Chief Administrative Offi-
er or designee to be present and make a presentation on behalf of
the EMS-TEI.
(4) After consideration of information presented during the
executive session, the Board may take any of the following actions:
(a) Take no action;
(b) Restrict the certificate of the EMS-TEI;
(c) Establish a probationary period for the certificate of the
EMS-TEI;
(d) Suspend the certificate of the EMS-TEI; or
(e) Revoke the certificate of the EMS-TEI.
(5) The KBEMS office shall notify the chief administrative offic-
er of the EMS-TEI by certified mail of the decision to take no ac-
tion, restriction, probation, suspend, or revoke the certificate of the
EMS-TEI.
(6) The Board may direct an EMS-TEI against whom discipli-
ary action has been taken to:
(a) Not begin new courses at that level of training or education
during the term of the disciplinary action and to notify students who are
currently enrolled in an affected program of the action of the Board;
(b) Conduct an internal evaluation of the programs offered by the
EMS-TEI. If an EMS-TEI is required to conduct an internal evalua-
tion, it shall include a review of:
1. The qualifications, responsibilities, and performance of the
program coordinator, medical director, and course faculty;
2. Student admission practices;
3. Syllabi and objectives of all courses offered;
4. Graduation requirements for all courses offered by the EMS-
TEI;
5. Faculty involvement in program and course planning, serv-
ing as a liaison for clinical and field internship sites and classroom
participation;
6. Clinical or field rotation requirements and activities;
7. Quality and adequacy of clinical or field rotation opportuni-
ties;
8. Textbooks, equipment, supplies and ancillary learning aids
used by the EMS-TEI; and
9. The ability of the EMS-TEI to meet the stated goals and
objectives of the program; and
(c) Require an EMS-TEI to provide a written report to the Ex-
ecutive Director of KBEMS that shall include a list of problems
identified during the review process conducted pursuant to this
section and a detailed corrective action plan, including a time frame for the completion of the plan.
(7) If a corrective action plan is required, the executive director,
within sixty (60) days of receipt shall review the plan and notify the
chief administrative officer, by certified mail, of the planned action,
which may include:
(a) Approving the entire plan;
(b) Approving a portion or portions of the plan;
(c) Requiring additional or alternative corrective actions; or
(d) Forwards the report to the Board with or without a rec-
ommendation for action by the Board.
(8) The executive director of the Board or a designee shall
monitor compliance and may conduct announced or unannounced
site visits to determine if all requirements established for any level of
disciplinary action are being met.
(9) The Board upon recommendation of the executive director
may:
(a) Terminate disciplinary action and reinstate an EMS-TEI;
or
(b) Take action to pursue additional disciplinary action against
an EMS-TEI.
(10) Any EMS-TEI against whom the Board takes disciplinary
action may file an appeal pursuant to KRS Chapter 13B.
(11) Any disciplinary action taken against an EMS-TEI may
also be commensurate with their status as an EMS-TEA.

Section 5. Public Notice of Negative Action. The KBEMS office
shall cause to be published, in the EMS Newsletter, or similar pub-
lications of the Board, or otherwise disseminate the name of an
EMS-TEI that;
(1) Has had no action taken based on the results of an investi-
gation conducted as a result of a complaint;
(2) Is placed on probationary status;
(3) Is placed on restrictive status;
Section 6. Reporting Requirements for EMS-TEI. (1) Approved EMS-TEIs shall submit an "EMS Course Notification Report" for all courses that lead to licensure or certification by the Board to the KBEMS office within ten (10) working days of the commencement of each course, which report shall contain:

(a) The type of course to be offered;
(b) The location for the course;
(c) The tentative starting and ending dates of each course;
(d) A nine (9)-digit number and alpha-indicator for each EMS course conducted, which shall be assigned in the following manner:

1. The first three (3) digits shall correspond to the EMS-TEI approval number assigned by the Board;
2. The fourth and fifth digits shall correspond to the fiscal year (July 1—June 30) academic year. For example, if a course is taught between July 1, 2000, through June 30, 2001, the academic year number assigned shall be zero one (01);
3. The sixth and seventh digits shall correspond to the sequential number of courses begun between July 1 and June 30 of each year, and
4. An alpha-designator that shall follow the seventh digit shall be:
   a. FR for first responder courses;
   b. B for EMT-Basic courses;
   c. P for paramedic courses;
   d. EI for EMS instructor courses;
   e. CE for continuing education offerings; or
   f. Z for other educational offerings;
   (2) Each EMS course shall be self-evaluation, which report shall contain:
   a. KBEMS office within ten (10) working days of the course's commencement;
   b. The location for the course;
   c. The tentative start and end dates of each course;
   d. A nine (9)-digit number and alpha indicator for each EMS course conducted, which shall be assigned in the following manner:

   1. The first three (3) digits shall correspond to the EMS-TEI approval number assigned by the Board;
   2. The fourth and fifth digits shall correspond to the fiscal year (July 1—June 30) academic year. For example, if a course is taught between July 1, 2000, through June 30, 2001, the academic year number assigned shall be zero one (01);
   3. The sixth and seventh digits shall correspond to the sequential number of courses begun between July 1 and June 30 of each year, and
   4. An alpha-designator that shall follow the seventh digit shall be:
      a. FR for first responder courses;
      b. B for EMT-Basic courses;
      c. P for paramedic courses;
      d. EI for EMS instructor courses;
      e. CE for continuing education offerings; or
      f. Z for other educational offerings;
   (3) The EMS-TEI shall file with the KBEMS office a request for approval for the following instructional staff requirements:
   a. An instructor for the first ten (10) students;
   b. An additional instructor for each one (1) to ten (10) additional students. The additional instructor shall not be required to be certified as an EMS instructor but shall be certified by the Board minimally at the level for the course being taught;
   (4) The EMS-TEI, if providing initial training programs or continuing education programs that encompass invasive skills or procedures that routinely require medical oversight, shall have a medical director who:
      a. Is employed by or under contract with the EMS-TEI to serve as the medical director of the program;
      b. Is routinely available to the EMS-TEI to provide consult regarding issues related to the training and education program;
      c. Participates in the selection of students for the training and education program;
      d. Provides medical consultation and guidance to the course faculty; and
      e. Meets other requirements established by the Board.

Section 8. First-responder Training and Education Course Requirements. (1) Each first-responder training and education course shall utilize the United States Department of Transportation, National Highway Traffic Safety Administration, 1995 EMT-First Responder National Standard Curriculum and the "Emergency Medical Technician First Responder Instructor Manual Initial Training Curricula—Kentucky Required Mandatory Supplemental Curricula for the Emergency Medical Technician First Responder" and include training and education in:

(a) Acquired immune deficiency syndrome, as required by KRS 214.610 and 311A.110;
(b) The appropriate use of:
   1. AEDs;
   2. Oxygen therapy delivery devices, including bag-valve-mask;
   3. Cervical collar and long spine Board immobilization; and
   4. The sphygmomanometer and stethoscope for obtaining blood pressure;
   (c) Participates in the selection of students for the training and education program;
   (d) The EMS-TEI Chief Administrative Officer may require the EMS-TEI to serve as the medical director who:
      i. Is responsible for the medical oversight of all first responder training and education program.

Section 9. EMT Training and Education Course Requirements. (1) Each EMT training and education course shall:
   a. Be a minimum of 119 hours in duration;
   c. Provide training and education in acquired immune deficiency syndrome as required by KRS 311A.110;
   d. Utilize the "Kentucky Required Mandatory Supplemental Curriculum for Emergency Medical Technician Basic (EMT-B)" for:
      i. Initial training in the monitoring, maintaining and discontinuing of preestablished patient intravenous infusions in prehospital, interfacility and facility to home encounters; and
      ii. Initial training in advanced airway management to provide assistance to those licensed to perform advanced airway procedures;
   (2) Each student shall, in order to be eligible for certification in Kentucky, be required to complete a clinical or field rotation that meets the following minimum requirements:
   a. A clinical or field internship, which shall consist of at least ten (10) hours;
   b. A clinical or field internship, which shall be conducted in a hospital emergency department or a licensed ambulance service or ALS medical first response agency;
   c. Interviews and assessments of a minimum of five (5) patients; and
   d. Record of patient history and assessment on a prehospital care report form for each of the five (5) patients required in (2)(c);
   (3) The EMS-TEI Chief Administrative Officer may require the student to repeat clinical or field rotation experience, as necessary, until the EMS instructor deems the student to have achieved the goals established for the EMS education program.
   (4) If, in an extreme circumstance, an EMS-TEI is unable to obtain clinical or field rotation experience for their students, the EMS-TEI shall file with the KBEMS office a request for approval for a variance from the requirement. The written request shall include:
      a. Written evidence of a good faith effort to obtain a clinical or field rotation site, within forty (40) miles from the location of the EMT course site, by contacting at least three (3) Board-licensed ambulance services, ALS medical first response agencies, or hospital emergency departments; and
      b. A description of proposed alternatives to the clinical or field rotation.
   (5) An EMT student may begin the field internship required in this section after completion of the patient assessment module of the training and education course.
Section 10. Paramedic Training and Education Programs. (1) Each paramedic training and education program shall:

(a) Utilize the 1998 version of the United States Department of Transportation, National Highway Traffic Administration, Paramedic: National Standard Curriculum, incorporated by reference in this administrative regulation requiring as a minimum, the mean number of hours for didactic, clinical, laboratory, and summative field evaluation hours as recommended by the curriculum;

(b) Provide training and education as required by KRS 311A.110, for which the printed curriculum has been reviewed, approved and assigned an approval number by the HIV and AIDS Branch of the Cabinet for Health Services unless all students are credentialed currently;

(c) Provide training and education in determination of death and preservation of evidence as required by administrative regulation;

(d) Have a medical director who conducts or supervises a minimum of three (3) oral examinations with each student;

1. One (1) during the clinical portion of the course; and

2. One (1) during the final 100 hours of the field summative evaluation.

(2) As a part of each paramedic program, the EMS-TEI shall provide sufficient opportunities and locations for students to complete clinical rotations that shall:

(a) Be conducted at hospitals, clinics, physician offices, or other health care facilities. The EMS-TEI shall have a written contract, affiliation agreement or memorandum of agreement with each clinical rotation site, which at a minimum, outlines the responsibilities of each entity and reporting requirements for students while involved in clinical training and education;

(b) Be supervised by faculty from the paramedic training and education program or clinical instructors or supervisors employed by or under contract with the EMS-TEI to monitor student activity while in the clinical setting; and

(c) Require that a specified number of the following procedures be accomplished under supervision during the clinical rotation:

1. ALS patient assessments;

2. Intubation and other airway management techniques;

3. Placement of I.V. and I.O. lines;

4. Administration of medications utilizing I.V., I.M., I.O., endotracheal, subcutaneous, inhalation, oral and rectal routes;

5. Monitoring, if applicable, and administration of I.V. piggyback medications;

6. Electrocardiographic monitoring and dysrhythmia interpretation; and

7. Other procedures as may be required by the program medical director.

(3) As a part of each paramedic program, the EMS-TEI shall provide sufficient opportunities and locations for students to complete a field internship and summative field evaluation that shall be:

(a) Conducted at Class I, Class III, or Class VII locations licensed as ALS providers by the Board. An EMS-TEI may apply to the Board for consideration of other field internship or summative field evaluation sites where a portion of the field internship or summative field evaluation requirement may be obtained. The EMS-TEI shall have a written contract, affiliation agreement or memorandum of agreement with each field internship or summative field evaluation site which as a minimum, outlines the responsibilities of each entity and reporting requirements for students while involved in field internship or summative field evaluation training;

(b) Monitored by preceptors; and

(c) A minimum of seventy-five (75) ALS patient contacts.

Section 11. Continuing Education. (1) Continuing education offerings shall:

(a) Contain material relevant to the job duties and professional development of EMS personnel; and

(b) Be conducted at a level appropriate for the discipline of the participants.

(2) Continuing education offerings may consist of:

(a) Those provided by an EMS-TEI or EMS provider;

(b) National or international programs;

(c) Symposia or national or international special schools;

(d) On line or distance education, which shall not exceed fifty (50) percent of the total required continuing education as established by the Board; or

(e) Other education approved by the ambulance service’s medical director.

(3) Organizations other than EMS-TEIs that provide emergency medical services continuing education to the general public shall complete a Board-approved application.

(4) Organizations certified to provide continuing education may utilize the Kentucky “Optional Training Curriculum” for in-service emergency medical services continuing education for its employees or other EMTs receiving such training and education. Each student shall complete training and education and competency-based evaluations for each of the following procedures prior to being authorized to perform each respective procedure:

(a) “Application of End-Tidal CO2 Monitoring”;

(b) “Use of an Automated Blood Glucose Analysis Device”;

(c) “EMT Application of Pulse Oximetry”; and

(d) “Application of Electrocardiogram Electrodes and Monitor”.

(5) An organization certified to provide continuing education that desires to conduct training and education for EMTs who were initially certified before the implementation of the Kentucky supplemental curricula established in this administrative regulation may:

(a) Use the printed documents available from the Board; or

(b) Use service-developed printed curricula documents that have been submitted to, reviewed and approved by the Board.

Section 12. Continuing Education Instructor Requirements. (1) The following persons shall be qualified to conduct continuing education courses for persons certified or licensed by the Board:

(a) A physician licensed in Kentucky or another state, who has specific expertise in an area of prehospital discipline;

(b) A registered nurse licensed in Kentucky or another state, who has specific expertise in an area of prehospital discipline;

(c) A paramedic licensed by the Board or licensed or certified in another state;

(d) An EMTI certified in Kentucky; or

(e) An individual who:

1. Is certified by a state or federal agency to teach or perform subject matter relevant to the National Standard Curriculum for a prehospital discipline;

2. Is certified by a nationally recognized entity to provide EMS related training and education;

3. Is a presenter at a National Symposium which has been accredited by the Continuing Education Coordinating Board for EMS; and

4. Is a presenter approved by EMS medical director or EMS-TEI as uniquely qualified by experience or education.

(2) Individuals shall not hold themselves out to be an approved continuing education instructor if they do not meet the qualifications of this section.

Section 13. Pilot Programs. (1) An EMS-TEI, Class I, Class III, or Class VII provider may apply to the KBEMS office for authorization to perform field pilot testing of specialized training and education and associated procedures not otherwise provided for in administrative regulations.

(2) An entity seeking authorization to execute a field pilot test shall submit a written request to the Board with a written description of:

(a) How the pilot program shall be implemented and monitored;

(b) The proposed training and education curriculum;

(c) A list of instructors and their qualifications;

(d) The beginning and ending dates of the field pilot testing program;

(e) How the procedure shall benefit or improve the quality of patient care; and

(f) The methods to be used to evaluate the proposed training and education and procedure.

(3) An authorized entity approved by the Board to conduct a pilot program shall agree, in writing:

(a) To submit periodic reports related to the progress of the
pilot program, as required by the Board; and
(b) To abide by the requirements established by the Board for
the pilot program.
(4) An individual otherwise certified or licensed by the Board
who successfully completes an approved pilot program may per-
form the procedures relevant to the training and education received
in the pilot program subject to protocols established by the medical
director.
(5) The Board may establish pilot program limitations on:
(a) The geographic area or service location where the proce-
dure may be performed; or
(b) The performance of the procedure related to:
1. A specific event;
2. A disaster; or
3. A designated directive.
(6) The Board may authorize and utilize physicians, other than
EMS medical directors to supervise and monitor training and edu-
cation and students involved in a pilot program.
2. A medical institution or agency may restrict or limit actions that involve the per-
formance of an invasive procedure or the administration of medica-
tion subject to:
(a) Required physician or medical director oversight; or
(b) The establishment of protocols that have been reviewed and
approved by the state medical advisor and the Board.
Section 14. EMS Instructors. (1) An applicant for certification
as a Kentucky certified EMS instructor shall be certified or licensed
as a first responder, an EMT, or a paramedic. Unless certified as a first responder or EMT, an RN or EMS medical director may only
be certified as a Level III EMS instructor.
(2) An individual seeking certification as an EMS instructor shall:
(a) Complete a United States Department of Transportation
National Standard Curriculum for EMS instructor course or other
Board-authorized methods of instruction program conducted by an
entity approved by the Board;
(b) Have been certified at the level for which they are applying
for a minimum of two (2) years and shall provide documentation of
a minimum of two (2) years experience with:
1. An ambulance service;
2. A medical first-response agency such as a fire department

instructor recertification that shall:
1. Be signed by the EMS instructor; and
2. Include a statement in which the EMS instructor certifies the
truth of the information supplied;
(3) An application for renewal of certification as an EMS in-
structor shall not be considered if
(a) The application is postmarked to the Board after the certif-
ication expiration date of the applicant;
(b) Prior to the certification expiration date, the EMS instructor
applicant has not met the recertification requirements of this ad-
ministrative regulation;
(3) Upon completion of certification as an EMS instructor, the
person may not perform any authorized function restricted by KRS
or KAR to a Kentucky EMS instructor.
Section 16. Transition for Currently-certified Instructors. In-
structors certified on the effective date of this administrative regula-
tion shall be transitioned as follows:
(1) First responder instructors shall be certified as Level I EMS
instructors;
(2) EMT instructors shall be certified as Level I and Level II
EMS instructors; and
(3) Licensed paramedics, RNs or EMS medical directors who
can provide documentation no later than December 31, 2004, from
a Kentucky-approved EMS-TEI of having served as a paramedic
course coordinator or as an instructor for a Kentucky-approved
paramedic program, during the period between January 1, 1999,
and December 31, 2004 during which they can document instruc-
tion in a minimum of fifty (50) classroom hours in a minimum of five
(5) different subject areas which shall include instruction in phar-
macology, cardiac emergencies, and traumatic injuries shall be
certified as Level II EMS instructors.

Section 17. EMS Instructor Reciprocity. A person certified in
another state as an EMS instructor shall be eligible for Kentucky
certification as an EMS instructor after the person meets the re-
quirements established in this administrative regulation.

Section 18. EMS Evaluator. (1) An applicant for endorsement
as an EMS evaluator shall:
(a) Be certified as a Level I, Level II or Level III EMS instructor;
or
(b) Hold current unrestricted licensure in Kentucky as:
1. A registered nurse who has specific expertise for the discip-
line in which they are serving as an evaluator, or
2. A physician who has specific expertise for the discipline in
which they are serving as an evaluator;
(c) Have completed a Board-approved evaluator training pro-
gram;

(As amended at ARR5, October 9, 2012)

301 KAR 3:012. Public use of Otter Creek Outdoor Recreation Area.

RELATES TO: KRS 150.010, 150.240, 150.620, 150.640, 150.990

STATUTORY AUTHORITY: KRS 150.025(1), 150.240(2), 150.620

NECESSITY, FUNCTION, AND CONFORMITY: KRS 150.025(1) authorizes the department to promulgate administrative regulations to establish open seasons for the taking of wildlife, to regulate bag limits, and to make these requirements apply to a limited area. KRS 150.240(2) authorizes the department to promulgate administrative regulations to establish permits for public or commercial shooting areas. KRS 150.620 authorizes the department’s Commission to acquire, improve, and maintain lands for public shooting, fishing, and other recreational uses, to impose and enforce special regulations in the maintenance and operation of these lands, and to charge fair and reasonable fees to the public for use of these areas. This administrative regulation establishes requirements for the use of the Otter Creek Outdoor Recreation Area.

Section 1. Definitions. (1) "Camp Piomingo" means a designated area within Otter Creek Outdoor Recreation Area that is leased from the department for an outdoor summer camp.

(2) "Event" means a planned gathering of thirty (30) or more people twelve (12) years or older on the area at the same time.

(3)(2) "Shooting range" means a department built:
(a) Firearm target range facility in which a person is required to shoot through a metal tube at various stationary targets; or
(b) Archery range facility in which a person shoots at stationary targets from specified locations.

Section 2. General Area Use Restrictions. (1) A person, except for permit exempt individuals, shall possess and carry:
(a) A valid daily or annual Area Entry Permit when using the Otter Creek Outdoor Recreation Area; and
(b) A valid daily or annual Special Activities Permit if:
1. Biking on designated trails;
2. Horseback riding on designated trails; or
3. Using designated shooting range facilities.

(2) The department may enter into a lease agreement with Camp Piomingo to establish an annual flat-rate fee which allows permit-exempt use of the area by Camp Piomingo:
(a) Campers; and
(b) Staff.

(3) A person shall not be on the area when the area is closed, except for:
(a) Registered campers at the designated campground area;
(b) Authorized hunters; or
(c) A special activity or event authorized by the department.

(4)(3) The department shall notify the public when the area is closed by:
(a) A pre-recorded phone message;
(b) An internet posting; and
(c) Visible signage on the area.

(5)(4) A person shall park vehicles in designated parking areas only.

(6)(5) A person who is hunting, fishing, trapping, or boating on the area shall follow all applicable administrative regulation requirements pursuant to 301 KAR Chapters 1, 2, 3, and 6.

(7)(6) The area shall be closed to the general public, except for authorized hunters, during:
(a) A firearms deer quota hunt pursuant to 301 KAR 2:178; and
(b) A spring turkey season, pursuant to 301 KAR 2:42.

(8)(7) The following activities are prohibited without prior department authorization:
(a) Cutting or removing live or standing trees, shrubs, or other vegetation;
(b) Riding motorized all-terrain or off-highway vehicles;
(c) Allowing unleashed dogs, except at times and areas designated by the department;
(d) Camping, except in designated areas;
(e) Setting fires, except for attended fires:
1. In designated camping areas; or
2. In grills at designated picnic areas.
(f) Blocking a roadway or gate;
(g) Igniting fireworks or rockets;
(h) Participating in a commercial activity or endeavor;
(i) Damaging or destroying crops or wildlife food plots;
(j) Damaging or defacing buildings, structures, signs, or other property;
(k) Hunting in an area closed to hunting;
(l) Tethering a horse to a tree, shrub or sign; or
(m) Discharging a firearm:
1. Within 100 yards of a building;
2. Except on a designated firearm shooting range; or
3. Except during an authorized hunting season in an authorized hunting area.

Section 3. Trail Requirements. (1) A person shall only ride a
horse or bike on designated trails or roadways.
(2) A person shall not possess a wheeled vehicle other than a bike on a designated bike trail, except for department authorized maintenance activities.
(3) A person shall not ride a bike or a horse on designated trails that have been temporarily closed by the department due to:
(a) Hunting activity;
(b) Wet conditions;
(c) Trail maintenance activity;
(d) Downed trees;
(e) Unsafe conditions; or
(f) An event authorized by the department.
(4) The department shall provide the public with a reasonable notification system for temporary trail closures that includes:
(a) A pre-recorded phone message;
(b) An internet posting; and
(c) Visible signage on the area.

Section 4. Event Permits. (1) A group of people conducting an event shall not meet on the area without first applying for and obtaining a completed Event Permit from the department.
(2) A person, on behalf of the people involved with an event, shall apply for an Event Permit at least thirty (30) days in advance of the planned event.
(3) The application for an Event Permit shall be on a form provided by the department.
(4) The department shall deny an Event Permit if the planned activity or event:
(a) Is prohibited pursuant to this administrative regulation; or
(b) Is in conflict with:
1. Another Event Permit activity already authorized by the department;
2. A hunting season;
3. A quota hunt; or
4. Recreational use of the area.

(2) The permit application may be inspected, copied, or obtained, subject to applicable copyright law, at the Department of Fish and Wildlife Resources, #1 Sportsman's Lane, Frankfort, Kentucky, Monday through Friday, 8 a.m. to 4:30 p.m.

GENERAL GOVERNMENT CABINET
Department of Agriculture
Office of Consumer and Environmental Protection
Division of Environmental Services
(As amended at ARRS, October 9, 2012)

STATUTORY AUTHORITY: KRS 217B.050
NECESSITY, FUNCTION AND CONFORMITY: KRS 217B.050
requires the Department of Agriculture to promulgate administrative regulations to implement the provisions of KRS Chapter 217B. This administrative regulation establishes requirements for record-keeping, the storage and handling of restricted-use pesticides, trainee supervision, and certification denial, suspension, modification, or revocation.

Section 1. Pesticide Sales Agents. There shall be two (2) classifications of pesticide sales agents licenses: resident pesticide sales agent and remote pesticide sales agent.
(1) An individual located within the Commonwealth of Kentucky who sells or distributes restricted use pesticides or sells and makes recommendations for the use or application of pesticides to the final user shall be licensed as a resident pesticide sales agent.
(2) An individual located outside the Commonwealth of Kentucky who sells or distributes restricted use pesticides for delivery within the Commonwealth of Kentucky or sells and makes recommendations for the use or application of pesticides to the final user accepting delivery within the Commonwealth of Kentucky shall be licensed as a remote pesticide sales agent.
(3) An individual located outside the Commonwealth of Kentucky and employed by a dealer registered in Kentucky may be licensed as a resident pesticide sales agent.
(4) A resident pesticide sales agent license or remote pesticide sales agent license shall not be issued unless the applicant holds a valid category 12 certification as provided in 302 KAR 28:050.
(5) An employee or agent of a manufacturer who sells pesticides solely to a dealer for redistribution or resale shall be exempt from licensure under this administrative regulation.

Section 2. Recordkeeping Requirements. (1) Pesticide sales agents. A remote pesticide sales agent shall provide his license number to the purchaser at the commencement of the transaction and upon delivery of the pesticides, and shall have and maintain a system to ensure restricted use pesticides are delivered only to properly certified individuals. A resident pesticide sales agent or remote pesticide sales agent who is not employed by a dealer shall maintain the following records with respect to each sale of restricted use pesticides:
(a) Brand, amount, and type of restricted use pesticide sold;
(b) Buyer's name and address;
(c) Certification number of the purchaser; and
(d) Intended use: target pest or resale.
(2) Commercial and noncommercial structural applicators. All commercial and noncommercial structural applicators who apply pesticides or any termicides shall maintain the following records:
(a) Name and address of person receiving services and location of performance of services;
(b) Brand or product name of pesticides applied;
(c) Date of application;
(d) Type of area treated;
(e) Name of applicator; and
(f) Total amount of each pesticide applied, excluding paste baits.
(3) Retention. All persons required to maintain records under subsection (1) of this section shall retain the records for a period of two (2) years from the date of the sale and shall submit copies monthly to the Department of Agriculture, Division of Pesticide Regulation, Frankfort, Kentucky 40601. All persons required to maintain records under subsection (2) of this section shall retain the records for a period of three (3) years from the date of use or application. Maintenance of duplicate records shall not be required. If a use or application of a pesticide is made in the name of a person or business entity, maintenance of only one (1) set of records for each job or use shall be required by that person or business entity, even though one or more persons may have used or applied pesticides.
(4) Availability. Records required under this section shall be made available to the department upon request.

Section 3. Storage and Handling of Pesticides. (1) Applicability. This administrative regulation shall apply to all persons holding a Category 7(a), Category 7(b), Category 7(c), Category 8, or Category 12 license who have occasion to store pesticides.
(2) Standards for storage:
(a) Sites for the storage of pesticides shall be of sufficient size to store all stocks in designated areas;
(b) Storage sites shall be cool, dry, and airy or have an exhaust system installed to reduce concentrations of toxic fumes and to regulate temperatures and moisture. If an exhaust system is
installed to reduce fumes, heat, or moisture, the ventilation exhaust shall not connect with offices or other areas frequented by people; 
(c) Storage sites shall be adequately lighted so that labels and label information can be easily read;
(d) Floor sweep compound of abrasive clay, sand, sawdust, hydrated lime, or similar materials shall be kept on hand to absorb spills or leaks. The contaminated material shall be disposed of per label directions; and
(e) Restricted-use pesticides shall be located in designated and segregated areas apart from general use pesticides. These segregated areas may remain open if the entire storage area is locked when authorized personnel cannot access the area. Entrance to these segregated areas shall be plainly labeled on the outside with signs containing the words “pesticide storage area” and “danger” or “poison.”

(3) Standards for transportation of pesticides. All pesticides transported on or in vehicles owned or operated by commercial structural applicators shall be transported consistent with 49 U.S.C. 51.

Section 4. Denial, Suspension, or Revocation of Pesticide Certification. The department shall review for possible denial, suspension, or revocation, the license or certification of any person if the licensee or certified person has been convicted or is subject to a final order imposing a civil or criminal penalty pursuant to Section 14 of the Federal Insecticide, Fungicide, and Rodenticide Act of 1972, as amended, 7 U.S.C. 136a[14].

Section 5. Pesticide Application by Structural Commercial and Noncommercial Applicators. Any person governed by this administrative regulation shall be certified in Category 7(a), Structural Pest Control, pursuant to 302 KAR 29:060, before making application of pesticides to a structure, except new employees being trained pursuant to KRS 217B.560.

Section 6. Registered Pesticide Equipment Identification. (1) Each branch or pesticide applicator shall at all times have its vehicles, which are actively and regularly engaged in service work, marked for easy identification. The identification shall consist of the letters “L.P.C.O.” two (2) inches high and followed by the company number of the business, as assigned by the department. The identification shall be placed in a highly visible location.

(2) The vehicle owner shall notify the department if a vehicle registered under KRS 217B.565 is permanently transferred from the original registering location or is permanently removed from active pesticide application service. The owner shall remove or be responsible for removing the identification if the vehicle is permanently removed from active pesticide application or is permanently transferred out of the state [Section 7. Effective Date. The effective date of this administrative regulation shall be July 1, 2002].

GENERAL GOVERNMENT CABINET
Department of Agriculture
Office of Consumer and Environmental Protection
Division of Environmental Services
(As amended at ARRS, October 9, 2012)

RELATES TO: KRS Chapter 217B, 7 U.S.C. 136
STATUTORY AUTHORITY: KRS 217B.050, 217B.060
NECESSITY, FUNCTION, AND CONFORMITY: KRS 217B.050 requires the Department of Agriculture to promulgate administrative regulations to implement the provisions of KRS Chapter 217B. KRS 217B.060 authorizes the department to estab-

lish classifications of pesticide licenses. This administrative regulation establishes a system of certification for persons required to be licensed or certified under KRS Chapter 217B.

Section 1. Certification. Except as provided by Section 7 of this administrative regulation, the certifications established in this administrative regulation[Unless otherwise specified, the certifications provided for in this chapter shall be valid for three (3) years and shall be renewed and maintained in accordance with Section 7 of this administrative regulation.

Section 2. Types of Certification. (1) Category 7. Industrial, institutional, structural, and health-related pest control. This category shall cover all persons using or supervising the use of pesticides only for structural pests [only], in, on, or around food-handling establishments, human dwellings, educational facilities, health care centers, and industrial establishments, including warehouses and grain elevators and any other structures and adjacent areas, public or private; or for the protection of stored, processed, or manufactured products. Industrial, institutional, structural, and health-related pest control certification shall be divided into the following subcategories:

(a) Structural pest control certification shall cover the use of pesticides in the control of general pests and wood-destroying organisms by all means other than fumigation. Persons certified under this section shall be exempt from the requirements of 302 KAR Chapters 27 and 28 if using or supervising the use of pesticides for the control of structural-invading pests in areas adjacent to or outside any structure being treated by the person pursuant to [the provisions of] 302 KAR Chapter 29.[j]

(b) Integrated pest management certification shall cover an environmentally-sound approach to pest management in schools and health care facilities with the goal of the judicious use of pesticides and their alternatives.

(c) Structural fumigation certification shall cover the use of pesticides in the form of poisonous gases.

(2) Category 8. Public health pest control. This category shall include state, federal, or other governmental employees using or supervising the use of pesticides in management and control of pests in public health programs.

(3) Category 12. Pesticide sales agent. This category shall include any individual who sells or distributes restricted use pesticides or any individual who sells and makes recommendations for the use and application of pesticides to the final user. Category 12 certification as a pesticide sales agent under this administrative regulation shall meet the requirements of Category 12 certification under 302 KAR Chapters 27 and 28. Persons taking orders or exceeding service programs without naming or making recommendations for pesticide use shall be excluded from certification if the person selling or distributing pesticides is licensed as a pesticide sales agent.

Section 3. General Requirements. To obtain certification, a person shall take and pass, with a minimum score of seventy (70) percent, a certification examination in the category or categories in which certification is requested. Competency in the use and handling of pesticides shall be determined and based upon standards established in this administrative regulation. The examination and testing shall include the general standards of competency in Section 4 of this administrative regulation and the specific standards of competency in Section 5 of this administrative regulation for each category or subcategory in which a person desires to be certified. A person shall pay an initial certification examination fee of twenty-five (25) dollars. For persons testing in multiple categories, there shall be an additional examination fee of ten (10) dollars for each additional category. Examination fees shall be charged each time a person takes a certification examination and shall be charged regardless of the passing or failing of the examination. Upon successful passing an examination, a person shall have ninety (90) days from the date of testing to submit a completed "Structural Pest Control License Form" specifying the category or categories in which a license is requested. After ninety (90) days have expired, a person shall retake the exam before activation of a license may occur.
Section 4. General Standards of Competency. Testing shall be based on examples of problems and situations appropriate to the particular category or subcategory of the requested certification and may include the following areas of competency:

(a) An understanding of instructions, warnings, terms, symbols, and other information commonly appearing on pesticide labeling;

(b) Classification of the product, general or restricted; and

(c) Necessity for use consistent with the labeling.

(2) Safety factors, including:

(a) Pesticide toxicity, hazard to humans, and common exposure routes;

(b) Common types and causes of pesticide accidents;

(c) Precautions necessary to guard against injury to applicator and other individuals in or near treated areas;

(d) Symptoms of pesticide poisoning;

(e) First aid and other procedures to be followed if a pesticide accident occurs;

(f) Identification, storage, transport, handling, mixing procedures, and disposal methods for pesticides and used pesticide containers, including precautions to be taken to prevent children from having access to pesticide containers; and

(g) The proper selection and use of personal protective equipment for the handling and application of pesticides;

(3) The potential environmental consequences of the use and misuse of pesticides as may be influenced by factors such as:

(a) Weather and other climatic conditions;

(b) Types of terrain, soil, or other substrate;

(c) Presence of fish, wildlife, and other nontarget organisms; and

(d) Drainage patterns;

(4) Pest identification, including consideration of the following factors:

(a) Common features of pest organisms and characteristics of damage necessary to facilitate pest recognition; and

(b) Pest maturation and development as it may relate to the problem of identification and control.

(5) Pesticides, including consideration of the following factors:

(a) Types of pesticides;

(b) Types of pesticide formulations;

(c) Compatibility, synergism, persistence, and animal and plant toxicity of the formulation;

(d) Hazards and residues associated with use;

(e) Factors which influence effectiveness or lead to such problems as resistance to pesticides; and

(f) Dilution procedures.

(6) Equipment, including consideration of the following factors:

(a) Types of pesticide application equipment and advantages and limitations of each; and

(b) Uses, maintenance, and calibration of equipment.

(7) Application techniques; factors including:

(a) Methods used to apply various formulations of pesticides, solutions, and gases together with a knowledge of which technique or application to use in a given situation;

(b) Relationship of discharge and placement of pesticides to proper use, unnecessary use, and misuse; and

(c) Prevention of drift and pesticide loss into the environment.

Section 5. Specific Standards of Competency. In addition to meeting the requirements of Sections 3 and 4 of this administrative regulation, persons requesting certification for a specific category shall demonstrate competence relating to that category as follows:

(1) Category 7. Industrial, institutional, structural, and health-related pest control. This category shall be subdivided as follows:

(a) Structural pest control. Persons requesting certification in this subcategory shall demonstrate practical knowledge of a wide variety of pests including general pests and wood-destroying organisms. This practical knowledge shall include their life cycles, types of formulations appropriate for their control, minimum standards of application, and methods of application that avoid contamination of habitat and exposure of people and pets. Since human exposure, including babies, pregnant women, and elderly people, is frequently a potential problem, applicants shall demonstrate practical knowledge of the specific factors which make the pesticide a hazardous condition. Bart structural pest control may involve outdoor applications, persons shall also demonstrate practical knowledge of environmental conditions. Because school and health-related pest control may involve outdoor applications, persons shall also demonstrate practical knowledge of environmental conditions.

(b) Integrated pest management. Persons requesting certification in this subcategory shall demonstrate a practical knowledge of an integrated pest management program to determine if and when a treatment is needed. Components of an integrated pest management program may include education, proper waste management, structural repair, maintenance, biological and mechanical control techniques, and pesticide application. A prerequisite for integrated pest management certification shall be 7(a) certification. Regardless of the original issue date of 7(b) integrated pest management certification, its expiration and renewal dates shall be the same as the corresponding 7(a) certification.

(c) Structural fumigation. Persons requesting certification in this subcategory shall demonstrate a practical knowledge of those pests for which treatment by fumigation is an appropriate control technique. This practical knowledge shall include their life cycles, fumigants appropriate for use, and all related techniques. Because of the potential dangers inherent in the use of fumigant gases, the applicant shall demonstrate knowledge of the dangers involved and the safety precautions established by 302 KAR Chapter 29 [These administrative regulations] and by good operating practice. For those persons holding both a category 7(a) and 7(c) certification, the expiration and renewal dates of the 7(c) certification shall be the same as the corresponding 7(a) certification regardless of its original issue date.

(2) Category 8. Public health. Each person with certification in category 8 in effect on September 8, 2010 [the effective date of this administrative regulation] shall be granted certification in category 7(a) and category 7(b) with a expiration date of December 31, 2012.

(3) Category 12. Pesticide sales agent. Persons desiring certification in this category shall demonstrate practical knowledge of pesticide labels and label comprehension including environmental hazards, rates of application, proper application techniques, storage, shipping, handling, worker protection safety issues, and the different types of pesticides.

Section 6. License Examination. Structural. The examinations administered by the department pursuant to KRS 217B.530 and this administrative regulation for licensees to do business as structural pest control applicators, structural pest control managers, structural fumigation applicators, and structural fumigation managers shall contain all the requirements for certification to apply pesticides under this administrative regulation. If a person obtains a license to do business in one (1) or more of the above categories, that person shall be certified to purchase, use, or apply pesticides in the appropriate subcategory of industrial, institutional, structural, or health-related pest control.

Section 7. Certification Maintenance. To maintain a category 7(a), or category 12 certification, each person certified under this administrative regulation shall in any three (3) year period, attend at least twelve (12) continuing education units of training, approved by the department, in the use and application of pesticides. To maintain a category 7(b) certification, an additional three (3) continuing education units of training shall be required. And, to maintain a category 7(c) certification, each person certified in this category shall in any three (3) year period, attend at least nine (9) continuing education units. Category 7(e) category specific continuing education units of training. For those persons holding a category 7(a) certification who are also seeking to maintain a category 7(c) certification, an additional three (3) category specific continuing education units shall be required. All certifications in effect on the effective date of this administrative regulation shall be renewed.
with an expiration date of December 31, 2015. Credit shall be given in full continuing education unit increments only. [All persons holding certification in any category shall begin a new three (3) year training period beginning January 1 after the effective date of this administrative regulation.]

Section 8. Credentials. (1) If a person meets all the requirements to obtain a license to do business under KRS 217B.500 to 217B.585 and this administrative regulation, the department shall issue a document signifying that he is licensed to do business in the category for which he qualifies.

(a) Inactive status. If an applicator or operator for any reason changes status and is no longer employed but elects to maintain his license, he may do so by advising the department of the change and the reason for the change. The department shall then issue to that person a notification that his license will be held in inactive status. The license holder shall [be required to] maintain certification and pay the annual renewal fee required by KRS 217B.335. The licensee shall not [be permitted to] perform any type of regulated activity until the license is reactivated.

(b) Employee commercial license and certification. An employee of the Kentucky Department of Agriculture employed after the effective date of this administrative regulation shall not obtain or maintain any active commercial pesticide license or active certificate during the term of his employment with the department unless required by the department in the performance of his official duties. Any commercial pesticide license obtained by an employee prior to the effective date of this administrative regulation shall be placed in inactive status for the duration of his employment with the department unless required by the department in the performance of his official duties.

(2) If a person qualifies for certification incident to qualification for a license to do business, the department shall issue him one (1) document which shall be the license to do business and shall contain the certification category number.

(3) The department may, after payment of all applicable fees, waive the certification requirement and issue a certification to any person who holds a valid certification in another state if, in the opinion of the department, the other state’s requirements are substantially similar to that of Kentucky and the other state agrees to reciprocate with Kentucky.

(4) A certification may be granted, denied, suspended, or revoked independent of the grant, denial, suspension, or revocation of any license to do business. In a like manner, any license to do business may be suspended or revoked independent of the grant, denial, suspension, or revocation of any certification.

Section 9. Incorporation by Reference. (1) "Structural Pest Control License Form", October 2012, is incorporated by reference.

ENERGY AND ENVIRONMENT CABINET
Department for Environmental Protection
Division for Air Quality
(As Amended at ARRS, October 9, 2012)

401 KAR 51:001. Definitions for 401 KAR Chapter 51.

RELATES TO: KRS 48.010(15)(a), 224.01-010, 224.20-100, 224.20-110, 224.20-120, 40 C.F.R. Chapter I, 50 Appendices A-R, 51.100, 51.121, 51.165, 51.166, 51 Appendix S, 52.920, 53, 60, 60

Appendices A, B, 61, 61 Appendix B, 63 Appendices A-D, 70.2, 75, 82, 96, 42 U.S.C. 7401-7671q

STATUTORY AUTHORITY: KRS 224.10-100(5)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 224.10-100(5) requires the cabinet to promulgate administrative regulations for the prevention, abatement, and control of air pollution. This administrative regulation defines the terms used in 401 KAR Chapter 51. The definitions contained in this administrative regulation are not more stringent than the corresponding federal definitions.

Section 1. Definitions. The definitions with citations to the Code of Federal Regulations shall be governed by 40 C.F.R. Parts 50 through 96, as published on July 1, 2012, [effective July 1, 2010].

(1) "Acid rain emissions limitation" means a limitation on emissions of SO2 or NOx imposed by the Acid Rain Program under 42 U.S.C. 7651 to 7651o.

(2) "Actual emissions":

(a) Means the actual rate of emissions of a regulated NSR pollutant from an emission unit as determined according to the following:

1. Actual emissions as of a particular date equals the average rate, in tons per year, at which the unit actually emitted the pollutant during a consecutive twenty-four (24) month period, that precedes that date and is representative of normal source operation, unless a different time period is more representative of normal source operation; and

2. The unit’s actual operating hours, production rates, and types of materials processed, stored, or combusted during the selected time periods are used to calculate actual emissions;

(b) Means source-specific allowable emissions for the unit that are equivalent to actual emissions of the unit if the cabinet has made an equivalency determination pursuant to 40 C.F.R. 51.166;

(c) Means, for an emission unit that has not begun normal operations on a particular date, the potential to emit of the unit on that date;

(d) Does not mean:

1. Calculating if a significant emissions increase has occurred; or

2. Establishing a PAL under 401 KAR 51:017, Section 20.

(3) "Actuals PAL" or "PAL" means a plant-wide applicability limit established for a major stationary source based on the baseline actual emissions of all emissions units at the source that emit or have the potential to emit the PAL pollutant.

(4) "Adverse impact on visibility" is defined by 40 C.F.R. 51.301.

(5) "Affected facility" means an apparatus, building, operation, road, or other entity or series of entities that emits or may emit an air contaminant into the outdoor atmosphere.

(6) "Air contaminant" is defined by KRS 224.01-010(1).

(7) "Air pollutant" means air contaminant.

(8) "Air pollution" is defined by KRS 224.01-010(3).

(9) "Air pollution control equipment" means a mechanism, device, or contrivance used to control or prevent air pollution, that is not, aside from air pollution control laws and administrative regulations, vital to production of the normal product of the source or to its normal operation.

(10) "Allocate" or "allocation" means the number of NOx allowances to be credited to a NOx budget unit.

(11) "Allocation period" means each three (3) year period beginning May 1, 2004.

(12) "Allowable emissions" means:

(a) The emissions rate of a stationary source calculated using the maximum rated capacity of the source, unless the source is subject to federal enforceable limits that restrict the operating rate, hours of operation, or both, and the most stringent of the following:

1. The applicable standards codified in 40 C.F.R. Parts 60 and 61;

2. The applicable SIP emissions limitations, including those with a future compliance date; or

3. The emissions rates specified as a federally enforceable permit condition, including those with a future compliance date; or
(b) For an actuals PAL, the emissions rate of a stationary source calculated considering any emission limitations that are enforceable as a practical matter on the emissions unit’s potential to emit, and the most stringent provision of paragraph (a)1. through 3. of this subsection.

(13) "Alteration" means:
(a) The installation or replacement of air pollution control equipment at a source; or
(b) A physical change in or change in the method of operation of an affected facility that increases the potential to emit a pollutant, to which a standard applies, emitted by the facility or that results in the emission of an air pollutant, to which a standard applies, not previously emitted.

(14) "Alternative method" is defined by 40 C.F.R. 60.2. For purposes of this definition, "administrator" means both the U.S. EPA and the cabinet.

(15) "Ambient air" means that portion of the atmosphere, external to buildings, to which the general public has access.

(16) "Ambient air quality standard" means a numerical expression of a specified concentration level for a particular air contaminant and the time averaging interval over which that concentration level is measured and is a goal to be achieved in a stated time through the application of appropriate preventive or control measures.

(17) "ANSI" means American National Standards Institute.

(18) "AOAC" means Association of Official Analytical Chemists.

(19) "ASTM" means American Society for Testing and Materials.

(20) "Baseline actual emissions" means the rate of emissions, in tons per year, of a regulated NSR pollutant, that:
(a) For an existing electric utility steam generating unit (EUSGU), the unit actually emitted during any consecutive twenty-four (24) month period selected by the owner or operator within the five (5) year period immediately preceding the date the owner or operator begins actual construction of the project, unless a different consecutive twenty-four (24) month period is more representative of normal source operation.
1. The rate is an average that:
   a. Includes fugitive emissions, to the extent quantifiable, and emissions associated with startups, shutdowns, and malfunctions;
   b. Is adjusted downward to exclude any noncompliant emissions that occurred while the source was operating above an emission limitation that was legally enforceable during the consecutive twenty-four (24) month period; and
   c. Is based on any consecutive twenty-four (24) month period for which there is adequate information for determining annual emissions, in tons per year, and for adjusting this amount as necessary according to clause b. of this subparagraph; and
2. If a project involves multiple emissions units, only one (1) consecutive twenty-four (24) month period is used for each regulated NSR pollutant;
3. For a PAL for a stationary source, the pollutant would be emitted, and the most stringent provision of paragraph (a)1. through 3. of this subsection.

(i) To exclude any noncompliant emissions that occurred while the source was operating above an emission limitation that was legally enforceable during the consecutive twenty-four (24) month period:
   (i) To exclude any noncompliant emissions that occurred while the source was operating above an emission limitation that was legally enforceable during the consecutive twenty-four (24) month period;
   (ii) To exclude any emissions that would have exceeded an emission limitation with which the major stationary source is required currently to comply, if the source had been required to comply with the limitations during the consecutive twenty-four (24) month period; and
(ii) For an emission limitation that is part of a maximum achievable control technology standard proposed or promulgated under 40 C.F.R. Part 63, only if the Commonwealth has taken credit for the emissions reductions in an attainment demonstration or maintenance plan consistent with 40 C.F.R. 51.165(a)(3)(ii)(G); and
(c) Is based on any consecutive twenty-four (24) month period for which there is adequate information for determining annual emissions, in tons per year, for adjusting this amount as necessary according to clause b. of this subparagraph.
2. If a project involves multiple emissions units, only one (1) consecutive twenty-four (24) month period is used for each regulated NSR pollutant to determine the baseline actual emissions for the emissions units being changed with a different consecutive twenty-four (24) month period;
(c) For a new emissions unit, equals zero for determining the emissions increase that will result from the initial construction and operation of the new unit and thereafter, for all other purposes, equals the unit’s potential to emit; or
(d) For a PAL for a stationary source, is determined as follows:
1. For an existing EUSGU, in accordance with the procedures contained in paragraph (a) of this subsection;
2. For other existing emissions units, in accordance with the procedures contained in paragraph (b) of this subsection; and
3. For a new emissions unit, in accordance with the procedures contained in paragraph (c) of this subsection.

(21) "Baseline area" means an intrastate area and every part of that area designated as attainment or unclassifiable pursuant to 42 U.S.C. 7407(d)(1)(A)(ii) or (iii) in which the major source or major modification establishing the minor source baseline date would construct or would have an air quality impact equal to or greater than one (1) ppm annual average of the pollutant for which the minor source baseline date is established or PM10 or PM2.5 or equal to or greater than 0.3 ug/m3 annual average for PM2.5.

   (a) Area redesignations under 42 U.S.C. 7407(d)(1)(A)(ii) or (iii) do not intersect and are not smaller than the area of impact of a major stationary source or major modification that:
1. Establishes a minor source baseline date; or
2. Is subject to 401 KAR 51:017 and would be constructed in the Commonwealth of Kentucky.

(b) A baseline area established originally for total suspended particulate (TSP) increments remains in effect to determine the amount of available PM10 increments, unless the cabinet rescinds the corresponding minor source baseline date.

(22) "Baseline concentration" means the ambient concentration level that exists in the baseline area at the date the applicable minor source baseline date is established.

(23) "Baseline date" means major source baseline date or minor source baseline date and is established for each pollutant for which increments or other equivalent measures have been established if the area in which the proposed source or modification would construct is designated as attainment or unclassifiable pursuant to 42 U.S.C. 7407(d)(1)(A)(ii) or (iii) for the pollutant on the date of the source’s complete application; and
(a) For a major stationary source, the pollutant would be emitted in significant amounts; or
(b) For a major modification, there would be a significant net emissions increase of the pollutant.

(24) "Begin actual construction" means:
(a) Initiation of physical on-site construction activities on an emissions unit that are of a permanent nature and include installation of building supports and foundations, laying underground pipe work, and construction of permanent storage structures; and
(b) For a change in method of operations, those on-site activities, other than the preparatory activities, that mark the initiation of the change.

(25) "Best available control technology" or "BACT" means an emissions limitation, including a visible emission standard, based on the maximum degree of reduction for each regulated NSR pollu-
tant that will be emitted from a proposed major stationary source or major modification and:

(a) Is determined by the cabinet pursuant to 401 KAR 51:017, Section 8, after taking into account energy, environmental, and economic impacts and other costs, to be achievable by the source or modification through application of production processes or available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques for control of that pollutant;

(b) Does not result in emissions of a pollutant that would exceed the emissions allowed by an applicable standard codified in 40 C.F.R. Parts 60 and 61; and

(c) Is satisfied by a design, equipment, work practice, or operational standard or combination of standards approved by the cabinet, if:

1. The cabinet determines pursuant to 40 C.F.R. 51.166(b)(12) that technological or economic limitations on the application of measurement methodology to a particular emissions unit would make the limit a emissions standard unfeasible;

2. The standard establishes the emissions reduction achievable by implementation of the design, equipment, work practice, or operation; and

3. The standard provides for compliance by means that achieve equivalent results.

(25) "BOD" means biochemical oxidant demand.

(26) "BOiler" means an enclosed fossil or other fuel-fired combustion device used to produce heat and to transfer heat to recirculating water, steam, or other medium.

(27) "BTU" means British thermal unit.

(28) "Building, structure, facility, or installation" means all of the equipment, work practice or operational standard or combination of standards approved by the cabinet, if:

(a) Belong to the same industrial grouping or have the same two (2) digit major group code as described in the Standard Industrial Classification Manual;

(b) Are located on one (1) or more contiguous or adjacent properties;

(c) Are under the control of the same person or persons under common control; and

(d) Do not include the activities of a vessel.

(29) "C" means degree Celsius (centigrade).

(30) "Cabinet" is defined by KRS 224.01.

(31) "Capital expenditure" is defined by 40 C.F.R. 51.166(b)(9).

(32) "Cal" means calorie.

(33) "Capital expenditure" is defined by 40 C.F.R. 60.2.

(34) "cfm" means cubic feet per minute.

(35) "CH4" means methane.

(36) "Clean coal technology" is defined by 40 C.F.R. 51.166(b)(33).

(37) "Clean coal technology demonstration project" is defined by 40 C.F.R. 51.166(b)(34).

(38) "Clinker" means the product of a portland cement kiln from which finished cement is manufactured by milling and grinding.

(39) "CO" means carbon monoxide.

(40) "CO2" means carbon dioxide.

(41) "COD" means chemical oxidant demand.

(42) "Combustion cycle emissions system" means a system comprised of one (1) or more combustion turbines, heat recovery steam generators, or steam turbines configured to improve overall efficiency of electricity generation or steam production.

(43) "Combustion turbine" means an enclosed fossil or other fuel-fired device that is comprised of a compressor, a combustor, and a turbine, and in which the flue gas resulting from the combustion of fuel in the combustor passes through the turbine, rotating the turbine.

(44) "Commence" means that an owner or operator:

(a) Has undertaken a continuous program of construction, modification, or reconstruction of an affected facility, or that an owner or operator has entered into a contractual obligation to undertake and complete, within a reasonable time, a continuous program of construction, modification, or reconstruction of an affected facility;

(b) For construction of a major stationary source or major modification in the PSD or NSR program, has all necessary preconstruction approvals or permits, and:

1. Has begun, or caused to begin, a continuous program of actual on-site construction of the source, to be completed within a reasonable time; or

2. Has entered into binding agreements or contractual obligations that cannot be cancelled or modified without substantial loss to the owner or operator, to undertake a program of actual construction of the source to be completed within a reasonable time.

(45) "Commence commercial operation" means to have begun to produce steam, gas, or other heated medium used to generate electricity for sale or use. Except as provided in 401 KAR 51:195 or 40 C.F.R. 96.5:

(a) For a unit that is a NOx budget unit under 40 C.F.R. 96.4, on the date the unit commences commercial operation, the date remains the unit's date of commencement of commercial operation even if the unit is subsequently modified, reconstructed, or repowered; or

(b) For a unit that is not a NOx budget unit under 40 C.F.R. 96.4, on the date the unit commences commercial operation, the date the unit becomes a NOx budget unit under 40 C.F.R. 96.4 is the unit's date of commencement of commercial operation.

(46) "Commence operation" means, for a NOx budget unit, to have begun a mechanical, chemical, or electronic process, including start-up of a unit's combustion chamber. Except as provided in 401 KAR 51:195 or 40 C.F.R. 96.5:

(a) For a unit that is a NOx budget unit under 40 C.F.R. 96.4 on the date of commencement of operation, the date remains the unit's date of commencement of operation even if the unit is subsequently modified, reconstructed, or repowered; or

(b) For a unit that is not a NOx budget unit under 40 C.F.R. 96.4 on the date of commencement of operation, the date the unit becomes a NOx budget unit under 40 C.F.R. 96.4 is the unit's date of commencement of operation.

(47) "Complete" is defined by 40 C.F.R. 51.166(b)(22).

(48) "Compliance schedule" means a time schedule of remedial measures including an enforceable sequence of actions or operations leading to compliance with a limitation or standard.

(49) "Compliance supplement pool" means the quantity of NOx allowances provided to Kentucky by the U.S. EPA to be:

(a) Allocated to NOx budget units that achieve early reduction; or

(b) Used to assist NOx budget sources that are unable to meet the compliance deadline as provided in 401 KAR 51:180, Section 5.

(50) "Construction" means:

(a) Fabrication, erection, installation, or modification of an air contaminant source; or

(b) For the NSR program, any physical change or change in the method of operation, including fabrication, erection, installation, demolition, or modification of an emissions unit that would result in a change in the emissions at an air contaminant source.

(51) "Continuous emissions monitoring system" or "CEMS" means all of the equipment necessary to meet the data acquisition and availability requirements of 401 KAR 51:017 or 51:052 to sample, condition, analyze, and provide a record of emissions on a continuous basis.

(52) "Continuous emission monitoring system for NOx" or "CEMS for NOx" means the equipment required to sample, analyze, measure, and provide, by readings taken at least once every fifteen (15) minutes of the measured parameters, a permanent record of NOx emissions, expressed in tons per hour for NOx. The following systems are necessary component parts, as required by 40 C.F.R. Part 75, included in a continuous emissions monitoring system:

(a) Flow monitor;

(b) NOx pollutant concentration monitor;

(c) Diluent gas monitor (O2 or CO2);

(d) Continuous moisture monitor; and

(e) Automated data acquisition and handling system.

(53) "Continuous emissions rate monitoring system" or "CERMS" is defined by 40 C.F.R. 51.166(b)(46).

(54) "Continuous monitoring system" means the total equipment, required under the applicable administrative regulations in 401 KAR Chapters 50 to 65, used to sample, to condition (if appli-
to achieve and demonstrate compliance with the limitations and standards, including appropriate monitoring, recordkeeping, and reporting.

(66) "Equivalent method" means a method of sampling and analyzing for an air pollutant that has been demonstrated to the cabinet and the U.S. EPA pursuant to 40 C.F.R. 53.3 to have a consistent and quantitatively known relationship to the reference method under specified conditions.

(67) "Excess NOx emissions" means any tonnage of nitrogen oxides emitted by a NOx budget unit during a control period that exceeds the NOx budget emissions limitation for the unit.

(68) "Exempt compound" or "exempt solvent" means an organic compound listed in the definition of volatile organic compound as not participating in atmospheric photochemical reactions.

(69) "Existing source" means a source that is not a new source.

(70) "Extreme nonattainment county" or "extreme nonattainment area" means a county or portion of a county designated extreme nonattainment for the national ambient air quality standard for ozone.

(71) "°F" means degree Fahrenheit.

(72) "Federal land manager" is defined by 40 C.F.R. 51.166(b)(24).

(73) "Federally enforceable" means all limitations and conditions that are enforceable by the U.S. EPA, including:
   (a) Requirements developed under 40 C.F.R. Parts 60 and 61;
   (b) Requirements in the Kentucky State Implementation Plan (SIP) approved by the U.S. EPA; and
   (c) Any permit requirements established under 40 C.F.R. 52.21 or under the Kentucky SIP approved pursuant to 40 C.F.R. Part 51, Subpart I, including operating permits issued under a U.S. EPA-approved program incorporated into the SIP, that expressly requires adherence to a permit issued under the program.

(74) "Federally enforceable permit" means a permit issued under 401 KAR 52:020 or 52:030, as appropriate.

(75) "Fixed capital cost" means the capital needed to provide all the depreciable components.

(76) "Fossil fuel" means natural gas; petroleum; coal; or a form of solid, liquid, or gaseous fuel derived from natural gas, petroleum, or coal.

(77) "Fossil fuel fired" means, for a unit:
   (a) The combustion of fossil fuel, alone or in combination with another fuel, if the fossil fuel combustible comprises more than fifty (50) percent of the annual heat input on a BTU basis during a year starting in 1995 or, if a unit had no heat input starting in 1995, during the last year of operation of the unit prior to 1995; or
   (b) The combustion of fossil fuel, alone or in combination with another fuel, if the fossil fuel is projected to comprise more than fifty (50) percent of the annual heat input on a BTU basis during a year, and the unit is to be fossil fuel fired as of the date during the year the unit begins combusting fossil fuel.

(78) "ft" means feet or foot.

(79) "Fuel" means natural gas; petroleum; coal; wood; or a form of solid, liquid, or gaseous fuel derived from these materials for the purpose of creating useful heat.

(80) "Fugitive emissions" means those emissions that could not reasonably pass through a stack, chimney, vent, or other functionally equivalent opening.

(81) "g" means gram.

(82) "gal" means gallon.

(83) "gal" means gallon.

(84) "Generator" means a device that produces electricity.

(85) "gr" means grain.

(86) "HCI" means hydrochloric acid.

(87) "Heat input" means the product, in MMBTU per unit of time, of the gross calorific value of the fuel, in BTU per lb, and the fuel feed rate into a combustion device, in mass of fuel per unit of time, that:
   (a) Does not include the heat derived from preheated combustion air, recirculated flue gases, or exhaust from other sources; and
   (b) Is measured, recorded, and reported to the cabinet.

(88) "HF" means hydrogen fluoride.

(89) "Hg" means mercury.

(90) "High terrain" is defined by 40 C.F.R. 51.166(b)(25).

(91) "hr" means hour.

(92) "Hydrocarbon" means an organic compound consisting predominantly of carbon and hydrogen.

(93) "Hydrocarbon combustion flare" means:
   (a) A flare used to comply with an applicable New Source Performance Standard (NSPS) or Maximum Achievable Control Technology (MACT) standard, including uses of flares during startup, shutdown, or malfunction permitted under the standard; or
   (b) A flare that serves to control emissions of waste streams comprised predominantly of hydrocarbons and containing no more than 230 μg/dscm hydrogen sulfide.

(94) "H₂O" means water.

(95) "H₂S" means hydrogen sulfide.

(96) "H₂SO₄" means sulfuric acid.

(97) "in" means inch.

(98) "Incineration" means the process of igniting and burning solid, semisolid, liquid, or gaseous combustible wastes.

(99) "Industrial boiler or turbine" means a fossil fuel-fired boiler, combustion turbine, or a combined cycle system having a maximum design heat input of 250 MMBTU per hour or more that is not an electric generating unit.

(100) "Innovative control technology" is defined by 40 C.F.R. 51.166(b)(19).

(101) "Intermittent emissions" means emissions of particulate matter into the open air from a process that operates for less than any six (6) consecutive minutes.

(102) "J" means joule.

(103) "Kg" means kilogram.

(104) "°F" means liter.

(105) "lb" means pound.

(106) "Legally enforceable" means the cabinet or the U.S. EPA has the authority to enforce a certain restriction.
(107) "Long dry kiln" means a kiln that employs no preheating of the feed and has a dry inlet feed.
(108) "Long wet kiln" means a kiln that employs no preheating of the feed and the inlet feed to the kiln is a slurry.
(109) "Lowest achievable emissions rate" or "LAER" means, for any source:
(a) The most stringent emissions limitation that is contained in the Kentucky SIP for the class or category of stationary source, unless the owner or operator of the proposed stationary source demonstrates that the limitation is not achievable; or
(b) The most stringent emissions limitation achieved in practice by the class or category of stationary source.
(110) A major modification means for any source:
(a) A physical change or change in the method of operation of a major stationary source that will result in a significant emissions increase and a significant net emissions increase of a regulated NSR pollutant.
(b) Any emissions unit that emits or has the potential to emit 100 tons per year or more of a PAL pollutant in an attainment area; or
(c) For a major modification, the lowest achievable emissions rate for the new or modified emissions units at the stationary source; and
(d) An emissions limitation that does not exceed the allowable emissions of an applicable standard established pursuant to 40 C.F.R. Parts 60, 61, or 63.
(111) "m³" means cubic meter.
(112) "m³/hr" means cubic meter per hour.
(113) "Major emissions unit" means:
(a) Any emissions unit that emits or has the potential to emit 100 tons per year or more of a PAL pollutant in an attainment area; or
(b) Any emissions unit that emits or has the potential to emit a PAL pollutant in an amount that is equal to or greater than the major source threshold for the PAL pollutant as defined by the Clean Air Act, 42 U.S.C. 7401 - 7671q for nonattainment areas.
(114) "Major modification" means a physical change in or a change in the method of operation of a major stationary source that results in a significant emissions increase and a significant net emissions increase of a regulated NSR pollutant.
(a) A significant emissions increase from any emissions units or net emissions increase at a major stationary source that is significant for volatile organic compounds or nitrogen oxides is considered significant for ozone.
(b) A physical change or change in the method of operation does not include:
1. Routine maintenance, repair, and replacement;
2. Use of alternative fuel or raw material by reason of an order or a natural gas curtailment plan in effect under a federal act;
3. Use of an alternative fuel at a steam generating unit to the extent that the fuel is generated from municipal solid waste;
4. Use of an alternative fuel or raw material by a stationary source that:
   (a) The source was capable of accommodating before January 6, 1975, or December 21, 1976, for 401 KAR 51:052; unless the change would be prohibited by a federally enforceable permit condition that was established after January 6, 1975, for 401 KAR 51:052, or December 21, 1976, for 401 KAR 51:052, pursuant to 40 C.F.R. 51.165 or 51.166; or
   (b) The source is approved to use by a permit issued pursuant to 401 KAR 51:017 or 51:052;
   (c) An increase in the hours of operation or in the production rate, unless the change is prohibited by any federally enforceable permit condition established after January 6, 1975, for 401 KAR 51:017 or December 21, 1976, for 401 KAR 51:052 pursuant to 40 C.F.R. 52.21; after June 6, 1979, pursuant to 401 KAR 51:015; after September 22, 1982, pursuant to 401 KAR 51:017; or pursuant to 401 KAR 52:020 and 51:016E;
   (d) A change in ownership at a stationary source; and
   (e) The installation, operation, cessation, or removal of a temporary clean coal technology demonstration project, if the project complies with the Kentucky SIP and other requirements necessary to retain and maintain the national ambient air quality standards during the project and after it is terminated;
   (f) The installation or operation of a permanent clean coal technology demonstration project that constitutes a major source; and
   (g) The reactivation of a very clean coal-fired electric utility steam generating unit.
(c) Instead of this definition, the definition for "PAL major modification", in subsection (175) of this section, is used for a particular regulated NSR pollutant, if the major stationary source is complying with the requirements of 401 KAR 51:017, Section 20, and 401 KAR 51:052, Section 11, for a PAL for that pollutant.
(115) A major NSR permit means a permit issued under Kentucky's PSD or NSR program.
(116) A major source means a source with a potential emission rate equal to or greater than 100 tons per year of any one (1) of the following pollutants: particulate matter, sulfur oxides, nitrogen oxides, volatile organic compounds, carbon monoxide, or ODS.
(117) A major source baseline date means:
(a) For PM<sub>10</sub> particulate matter and sulfur dioxide, January 6, 1975, [and]
(b) For nitrogen dioxide, February 8, 1988; and
(c) For PM<sub>2.5</sub>, October 20, 2010.
(118) A major stationary source means:
(a) A stationary source of air pollutants that emits, or has the potential to emit, 100 tons per year or more of a regulated NSR pollutant, except that:
   (a) A stationary source of air pollutants that emits, or has the potential to emit, 100 tons per year or more of volatile organic compounds or nitrogen oxides in a marginal or moderate ozone nonattainment area; or
   (b) A stationary source of air pollutants that emits, or has the potential to emit, 100 tons per year or more of volatile organic compounds or nitrogen oxides in a serious ozone nonattainment area; twenty-five (25) tons per year or more of volatile organic compounds or nitrogen oxides in a severe ozone nonattainment area; or ten (10) tons per year or more of volatile organic compounds or nitrogen oxides in an extreme ozone nonattainment area;
   (b) Fifty (50) tons per year or more of carbon monoxide in a serious carbon monoxide nonattainment area where stationary sources contribute significantly to carbon monoxide levels; and
   (c) Seventy (70) tons per year or more of PM<sub>2.5</sub> in a serious PM<sub>2.5</sub> nonattainment area.
2. For the PSD program, any of the following stationary sources of air pollutants that emits, or has the potential to emit, 100 tons per year or more of a regulated NSR pollutant: fossil fuel-fired steam electric plants of more than 250 million BTU per hour heat input, coal cleaning plants with thermal dryers, Kraft pulp mills, Portland cement plants, primary zinc smelters, iron and steel mill plants, primary aluminum ore reduction plants, primary copper smelters, municipal incinerators capable of charging more than 250 tons of refuse per day, hydrofluoric, sulfuric, and nitric acid plants, petroleum refineries, lime plants, phosphoric acid plants, coke oven batteries, sulfur recovery plants, carbon black plants (furnace process), primary lead smelters, fuel conversion plants, sintering plants, secondary metal production plants, chemical process plants, electrical power plants, kraft pulp mills, Portland cement plants, primary zinc smelters, iron and steel mill plants, primary aluminum ore reduction plants, primary copper smelters, municipal incinerators capable of charging more than 250 tons of refuse per day, hydrofluoric, sulfuric, and nitric acid plants, petroleum refineries, lime plants, phosphoric acid plants, coke oven batteries, sulfur recovery plants, carbon black plants, petroleum refineries, lime plants, phosphoric acid plants, coke oven batteries, sulfur recovery plants, carbon black plants; and
3. A physical change that will occur at a stationary source not otherwise qualifying under this subsection as a major stationary source, if the change will constitute a major stationary source by itself;
(b) A source that is major for volatile organic compounds or nitrogen oxides is considered major for ozone; and
(c) Fugitive emissions are included only if the source belongs to one (1) of the following categories of stationary sources:
1. Coal cleaning plants with thermal dryers;
2. Kraft pulp mills;
3. Portland cement plants;
4. Primary zinc smelters;
5. Iron and steel mills;
6. Primary aluminum ore reduction plants;
7. Primary copper smelters;
8. Municipal incinerators capable of charging more than 250 tons of refuse per day;
9. Hydrofluoric, sulfuric, or nitric acid plants;
10. Petroleum refineries;
11. Lime plants;
12. Phosphate rock processing plants;
13. Coke oven batteries;
14. Sulfur recovery plants;
15. Carbon black plants (furnace process);
16. Primary lead smelters;
17. Fuel conversion plants;
18. Sintering plants;
19. Secondary metal production plants;
20. Chemical process plants, except ethanol production facilities producing ethanol by natural fermentation under NAICS codes 325193 or 321410;
21. Fossil-fuel boilers, or combination of fossil-fuel boilers, totaling more than 250 million BTUs per hour heat input;
22. Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels;
23. Taconite ore processing plants;
24. Glass fiber processing plants;
25. Charcoal production plants;
26. Fossil fuel-fired steam electric plants of more than 250 million BTUs per hour heat input; or
27. Another stationary source category that, as of August 7, 1980, is being regulated under 42 U.S.C. 7411 or 7412.

(119) "Malfunction" means a sudden and infrequent failure of air pollution control equipment, process equipment, or a process to operate in a normal or usual manner that is not caused entirely or in part by poor maintenance, careless operation, or other upset condition or equipment breakdown that is reasonably preventable.

(120) "Maximum Class I area" means an area identified in 40 C.F.R. Part 81, Subpart D, if the administrator of the U.S. EPA, in consultation with the Secretary of the U.S. Department of Interior, has determined visibility to be an important value.

(121) "Marginal nonattainment county" or "marginal nonattainment area" means a county or portion of a county designated marginal nonattainment for the national ambient air quality standard for ozone.

(122) "Maximum design heat input" means the ability of a unit to combust a stated maximum amount of fuel per hour on a steady state basis, as determined by the physical design and physical characteristics of the unit.

(123) "Maximum potential hourly heat input" means an hourly heat input used for reporting purposes if a unit lacks certified monitors to report heat input and is:
(a) A value calculated according to 40 C.F.R. Part 75 using the maximum fuel flow rate and the maximum gross calorific value, if the unit intends to use 40 C.F.R. Part 75, Appendix D, to report heat input; or
(b) A value reported according to 40 C.F.R. Part 75 using the maximum potential flow rate and either the maximum percent CO₂ concentration (in percent CO₂) or the minimum percent O₂, if the unit intends to use a flow monitor and a diluents gas monitor.

(124) "Maximum potential NOx emission rate" means the emission rate of NOx (in lb per MMBTU) calculated according to 40 C.F.R. Part 75, Appendix F, Section 3, using the maximum potential NOx concentration as defined in 40 C.F.R. Part 75, Appendix A, Section 2, and the maximum percent O₂ or the minimum percent CO₂ under all operating conditions of the unit except for unit startup, shutdown, and malfunction.

(125) "Maximum rated hourly heat input" means a unit specific maximum hourly heat input (MMBTU) that is the higher of the manufacturer's maximum rated hourly heat input or the highest observed hourly heat input.

(126) "µg" means microgram.
(127) "mg" means milligram.

(128) "Mid-kiln firing" means the secondary firing in kilns by injecting solid fuel at an intermediate point in the kiln using a specially designed feed injection mechanism for the purpose of decreasing NOx emissions through:
(a) Burning part of the fuel at a lower temperature; and
(b) Reducing-conditions at the solid waste injection point that may destroy some of the NOx formed upstream in the kiln burning zone.

(129) "min" means minute.
(130) "Minor source baseline date" means:
(a) The earliest date after the trigger date on which a major stationary source or a major modification subject to permit requirements established pursuant to 40 C.F.R. 52.21 or the Kentucky SIP submits a complete application. The trigger date is:
1. For particular matter and sulfur dioxide, the trigger date is August 7, 1977, for PM₁₀ and SO₂;
2. For nitrogen dioxide, the trigger date is August 7, 1988, for NO₂; and
3. October 20, 2011, for PM₂.₅.
(b) For TSP increments, that the originally established date remains in effect to determine the amount of available PM₁₀ increments, unless the cabinet rescinds the minor source baseline date pursuant to 40 C.F.R. 51.166(b)(14)(iv); and
(c) A date established for each pollutant for which increments or other equivalent measures have been established if:
1. The area in which the proposed source or modification will construct is designated as attainment or unclassifiable pursuant to 42 U.S.C. 7407(d)(1)(A)(ii) or (iii) for the pollutant on the date of its complete application pursuant to 401 KAR Chapter 52; and
2. For a major stationary source, the pollutant will be emitted in significant amounts or a significant net emissions increase of the pollutant will occur for a major modification.

(131) "MJ" means megajoules.
(132) "mm" means millimeter.
(133) "MM" means million.
(134) "mo" means month.
(135) "Moderate nonattainment county" or "moderate nonattainment area" means a county or portion of a county designated moderate nonattainment for the national ambient air quality standard for ozone.

(136) "Modification" means any physical change in, or a change in the method of operation of, an affected facility that:
(a) Increases the amount of any air pollutant (to which a standard applies) emitted into the atmosphere by that facility or that results in the emission of any air pollutant (to which a standard applies) into the atmosphere not previously emitted; and
(b) Is not solely:
1. Maintenance, repair, and replacement that the cabinet determines to be routine for a source category considering available information;
2. An increase in production rate of an affected facility, if that increase can be accomplished without a capital expenditure on that facility;
3. An increase in the hours of operation;
4. Use of an alternative fuel or raw material if, prior to the date a standard becomes applicable to that source type, the affected facility was designed to accommodate that alternative use. A facility is considered to be designed to accommodate an alternative fuel or raw material if use could be accomplished under the facility's construction specification as amended prior to the change;
5. Conversion to coal required for energy considerations, as specified in 42 U.S.C. 7411(a)(8); or
6. The addition or use of a system or device the primary function of which is the reduction of air pollutants, unless an emission control system is removed or replaced by a system that the cabinet determines to be less environmentally beneficial; or
7. The relocation or change in ownership of a source.

(137) "Monitoring device" means the total equipment, required by an applicable administrative regulation in 401 KAR Chapters 50 to 65, used to measure and record, if applicable, process parameters.

(138) "Monitoring system" means a monitoring system that meets the requirements of any applicable administrative regulation in 401 KAR Chapters 50 to 65;
ings as measured with United States Department of Energy standards.

(142) "Natural conditions" means those naturally occurring phenomena that reduce visibility as measured in terms of visual range or contrast, or coloration.

(143) "Necessary preconstruction approvals or permits" means those permits or approvals required under the administrative regulations approved to the Kentucky SIP pursuant to 40 C.F.R. 52.920, and federal air quality control laws and regulations established pursuant to 42 U.S.C. 7401 - 7671q.

(144) "Net emissions increase" means:
   (a) For any regulated NSR pollutant emitted by a major stationary source, the amount by which the sum of subparagraphs 1 and 2 of this paragraph exceeds zero:
      1. An increase in emissions from a particular physical change or change in method of operation at a stationary source as calculated pursuant to 401 KAR 51:017, Section 1(4), or 401 KAR 51:052, Section 1(2); and
      2. Any other increases and decreases in actual emissions at the major stationary source that are contemporaneous with the particular change and are otherwise creditable. Baseline actual emissions for calculating increases and decreases under this paragraph are determined as defined in this section.
   (b) An increase or decrease in actual emissions is contemporaneous with the increase from the particular change only if:
      1. For construction that commences prior to January 6, 2002, the change occurs between the date ten (10) years before construction on the change commences and the date that the increase from the change occurs; and
      2. For construction that commences on and after January 6, 2002, the change occurs between the date five (5) years before construction on the change commences and the date that the increase from the change occurs.
   (c) An increase or decrease in actual emissions is creditable only if:
      1. The cabinet or the U.S. EPA has not relied on the change in issuing a permit for the source pursuant to 401 KAR 51:017, 51:052, or 40 C.F.R. 52.21; and
      2. The permit is in effect at the time the increase or decrease in actual emissions from the particular change occurs.
   (d) An increase or decrease in actual emissions of sulfur dioxide, particulate matter, or nitrogen oxides that occurs before the applicable minor source baseline date is creditable only if it is required to be considered in calculating the amount of maximum allowable increases remaining available. For particulate matter, only PM₁₀ emissions are used to evaluate the net emissions increase for PM₁₀.
   (e) An increase in actual emissions is creditable only to the extent that the new level of actual emissions exceeds the old level.
   (f) A decrease in actual emissions is creditable only to the extent that:
      1. The old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions;
      2. The decrease is enforceable as a practical matter and at the time that actual construction on the particular change begins; and
      3. The decrease has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change.
   (g) An increase that results from a physical change at a source occurs if the emissions unit on which construction occurred becomes operational and begins to emit a particular pollutant. A replacement unit that requires shakedown becomes operational only after a reasonable shakedown period, not to exceed 180 days.
   (h) The term, actual emissions, as defined in subsection (2) of this section does not apply in determining creditable increases and decreases.

(145) "New source" means a source, the construction, reconstruction, or modification of which commenced on or after the classification date as defined in the applicable administrative regulation, irrespective of a change in emission rate.

(146) "Nitrogen oxides" means all oxides of nitrogen except nitrous oxide, as measured by test methods specified in the Kentucky SIP.

(147) "ng" means nanograms.

(148) "NO" means nitric oxide.

(149) "NO₂" means nitrogen dioxide.

(150) "Nonattainment major new source review program" or "NSR program" is defined by 40 C.F.R. 51.165(a)(1)(xxx). For purposes of this definition, "administrator" means the U.S. EPA.

(151) "NOx" means nitrogen oxides.

(152) "NOx allowance" is defined by 40 C.F.R. 96.2.

(153) "NOx Allowance Tracking System" or "NATS" is defined by 40 C.F.R. 96.2. For purposes of this definition, "administrator" means the U.S. EPA.

(154) "NOx authorized account representative" is defined by 40 C.F.R. 96.2.

(155) "NOx budget emissions limitation" means, for a NOx budget unit, the tonnage equivalent of the NOx allowances available for compliance construction for the unit and for a control period under 401 KAR 51:160 adjusted by deductions of sufficient NOx allowances to account for:
   (a) Actual utilization under 40 C.F.R. 96.42(e) for the control period;
   (b) Excess NOx emissions for a prior control period under 40 C.F.R. 96.54(d);
   (c) Withdrawal from the NOx budget program under 40 C.F.R. 96.86; or
   (d) A change in regulatory status for a NOx budget opt-in source under 40 C.F.R. 96.87.

(156) "NOx budget opt-in source" means an affected facility that has elected to become a NOx budget unit under the NOx Budget Trading Program and whose NOx budget opt-in permit has been issued and is in effect.

(157) "NOx budget source" is defined by 40 C.F.R. 96.2.

(158) "NOx Budget Trading Program" is defined by 40 C.F.R. 96.2.

(159) "NOx budget unit" means a unit that is subject to the NOx Budget Trading Program emissions limitation under 401 KAR 51:160 or 40 C.F.R. 96.80.

(160) "NOx budget unit operator" means a person who operates, controls, or supervises a NOx budget unit, a NOx budget source, or a unit for which an application for a NOx budget opt-in permit under 401 KAR 51:195 is submitted and not denied or withdrawn and includes a holding company, utility system, or plant manager of a NOx budget unit or source.

(161) "NOx budget unit owner" means:
   (a) A holder of a portion of the legal or equitable title in a NOx budget unit or in a unit for which an application for a NOx budget opt-in permit under 401 KAR 51:195 is submitted and not denied or withdrawn;
   (b) A holder of a leasehold interest in a NOx budget unit or in a unit for which an application for a NOx budget opt-in permit under 401 KAR 51:195 is submitted and not denied or withdrawn;
   (c) A purchaser of power from a NOx budget unit or from a unit for which an application for a NOx budget opt-in permit under 401 KAR 51:195 is submitted and not denied or withdrawn under a life-of-the-unit, firm power contractual arrangement and unless expressly provided for in a leasehold agreement, does not include a passive lessor, or a person who has an equitable interest through the lessor, whose rental payments are not based, either directly or indirectly, upon the revenues or income from the NOx budget unit or the unit for which an application for a NOx budget opt-in permit under 401 KAR 51:195 is submitted and not denied or withdrawn; or
   (d) For any general account, a person who has an ownership interest with respect to the NOx allowances held in the general account and who is subject to the binding agreement for the NOx authorized account representative to represent that person's ownership.

(162) "O₂" means oxygen.

(163) "O₃" means ozone.

(164) "Opacity" means the degree to which emissions reduce the transmission of light and obscure the view of an object in the background.
(165) "Operating" means, for a NOx budget unit, having documented heat input for more than 876 hours in the six (6) months immediately preceding the submission of an application for an initial NOx budget permit.

(166) "Opt-in" means, for a NOx budget unit, any person who operates, controls, or supervises a NOx budget unit, a NOx budget source, or unit for which an application for a NOx budget opt-in permit is submitted and not denied or withdrawn, and includes any holding company, utility system, or plant manager of the unit or source.

(167) "Opt-in" means to be elected to become a NOx budget unit under the NOx Budget Trading Program through a final NOx budget opt-in permit.

(168) "Owner", for a NOx budget unit, is defined by 40 C.F.R. 96.2.

(169) "Owner or operator" means a person who owns, leases, operates, controls, or supervises an affected facility or a source of which an affected facility is a part.

(171) "Ozone depleting potential" or "ODP", means pursuant to 40 C.F.R. Part 82, Subpart A, Appendices A and B, the ratio of the total amount of ozone destroyed by a fixed amount of an ozone depleting substance to the amount of ozone destroyed by the same mass of trichlorofluoromethane (CFC-11) in which the ozone depleting potential of CFC-11 is equal to one and zero-tenths (1.0).

(172) "Ozone-depleting substance" or "ODS" means a chemical compound regulated under 40 C.F.R. Part 82 with decay products, after the photolysis of the ODS by short-wave ultraviolet light, that are able to catalyze the destruction of stratospheric ozone.

(173) "PAL effective date" means:

(a) The date of issuance of the PAL permit; or

(b) For an increased PAL, the date any emissions unit that is part of the PAL major modification becomes operational and begins to emit the PAL pollutant.

(174) "PAL effective period" means the period beginning with the PAL effective date and ending ten (10) years later.

(175) "PAL modification" means any physical change in or a change in the method of operation of the PAL source that causes it to emit the PAL pollutant at a level equal to or greater than the "PAL" means ounce.

(176) "PAL permit" means the permit issued by the cabinet that establishes a PAL for a major stationary source.

(177) "PAL pollutant" means the pollutant for which a PAL is established at a major stationary source.

(178) "Particulate matter" means a material, except uncombined water that exists in a finely divided form as a liquid or solid measured by a reference method in 40 C.F.R. Chapter I, or by a test method specified in the Kentucky SIP.

(179) "Particulate matter emissions" means, except as used in 40 C.F.R. Part 60, all finely divided solid or liquid material, other than uncombined water, emitted to the ambient air as measured by applicable reference methods, or an equivalent or alternative method specified in 40 C.F.R. Part 60, Subpart A, Appendices A and B, the ratio of the total amount of particulate matter combusted, stored, or processed, is treated as part of its design if the limitation is enforceable as a practical matter.

(180) "Peak load" means the maximum instantaneous operating load.

(181) "Permitted capacity factor" means the annual permitted fuel use divided by the manufacturer's specified maximum fuel consumption multiplied by 8,760 hours per year.

(182) "Person" is defined by KRS 224.01-010(17).

(183) "Plant-wide applicability limitation" or "PAL" means an emission limitation, expressed in tons per year, for a pollutant at a major stationary source, that is enforceable as a practical matter and is established source-wide in accordance with 401 KAR 51:017 or 51:052.

(184) "PM\textsubscript{<5}\textsubscript{a}\textsubscript{,s}" means particulate matter with an aerodynamic diameter less than or equal to a nominal two and five-tenths (2.5) micrometers as measured by a reference method in 40 C.F.R. Part 50, Appendix L, and designated in accordance with 40 C.F.R. Part 53, or by an equivalent method designated in accordance with 40 C.F.R. Part 53.

(185) "PM\textsubscript{<10}\textsubscript{a}\textsubscript{,s}" means particulate matter with an aerodynamic diameter less than or equal to a nominal ten (10) micrometers as measured by a reference method in 40 C.F.R. Part 50, Appendix L, and designated in accordance with 40 C.F.R. Part 53, or by an equivalent method designated in accordance with 40 C.F.R. Part 53.

(186) "PM\textsubscript{2.5}\textsubscript{a}\textsubscript{,s}" means finely divided solid or liquid material with an aerodynamic diameter less than or equal to a nominal ten (10) micrometers emitted to the ambient air as measured by an applicable reference method, or an equivalent or alternative method specified in 40 C.F.R. Chapter I, or by a test method specified in the Kentucky SIP.

(187) "Pollution prevention" is defined by 40 C.F.R. 51.166(b)(38).

(188) "Portland cement" means a hydraulic cement produced by pulverizing clinker consisting essentially of hydraulic calcium silicates.

(189) "Portland cement kiln" means a system, including solid, gaseous or liquid fuel combustion equipment, used to calcite and fuse raw materials, including limestone and clay, to produce Portland cement clinker.

(190) "Potential to emit" or "PTE" means:

(a) The maximum capacity of a stationary source to emit a pollutant under its physical and operational design, in which:

1. A physical or operational limitation on the capacity of a source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, is treated as part of its design if the limitation is enforceable as a practical matter.

2. This definition does not alter or affect the use of this term for other purposes of the Clean Air Act, 42 U.S.C. 7401 - 7671q, or the term "capacity factor" as used in the Acid Rain Program.

(b) For the PSD and NSR programs, the maximum capacity of a stationary source to emit a pollutant under its physical or operational design, in which:

1. A physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, is treated as part of its design if the limitation or the effect it would have on emissions:

a. Is federally enforceable; or

b. For an actual PAL, is federally enforceable or enforceable as a practical matter; and

2. Secondary emissions are not counted.

(191) "ppb" means parts per billion.

(192) "ppm" means parts per million.

(193) "ppm(w/w)" means parts per million (weight by weight).

(194) "Preactincer kiln" means a kiln in which the feed to the kiln system is preheated in cyclone chambers and utilizes a secondary burner to calcine material in a separate vessel attached to the preheater prior to the final fusion in a kiln that forms clinker.

(195) "Predictive emissions monitoring system" or "PEMS" is defined by 40 C.F.R. 51.166(b)(44).

(196) "Preheater kiln" means a kiln in which the feed to the kiln system is preheated in cyclone chambers prior to the final fusion in a kiln that forms clinker.

(197) "Prevention of Significant Deterioration Program" or "PSD Program" means a major source preconstruction program that has been approved by the U.S. EPA and incorporated into the Kentucky SIP to implement the requirements of 40 C.F.R. 51.166 or 52.21.

(198) "Project" means a physical change in or change in method of operation of an existing major stationary source.

(199) "Projected actual emissions" means:

(a) The maximum annual rate, in tons per year, at which an existing emissions unit is projected to emit a regulated NSR pollutant in any one (1) of the five (5) years, in a twelve (12) month period, following the date the unit resumes regular operation after the project, or in any one (1) of the ten (10) years following that date.

1. The project involves increasing the emissions unit's design capacity or its potential to emit the regulated NSR pollutant; and

2. Full utilization of the unit would result in a significant emissions increase or a significant net emissions increase at the major stationary source; or
(b) The maximum annual rate, in tons per year, at which an emissions unit, before beginning actual construction, is projected to emit a regulated NSR pollutant, if the source:

1. a. Considers all relevant information, including historical operational data and the company’s own representations of expected and highest projected business activity, filings with the cabinet and the U.S. EPA, and compliance plans under the Kentucky SIP;

b. Includes fugitive emissions and emissions associated with startups, shutdowns, and malfunctions; and

c. Excludes, in calculating any increase in emissions that results from a project, that portion of the unit’s emissions following the project that an existing unit could have accommodated during the consecutive twenty-four (24) month period used to establish the baseline actual emissions and that are also unrelated to the project, including any increased utilization due to product demand growth; or

2. Elects to use the emissions unit’s potential to emit, in tons per year, instead of using subparagraph 1. of this paragraph to determine projected actual emissions.

(200) "psia" means pounds per square inch absolute.

(201) "psig" means pounds per square inch gage.

(202) “RACT/BACT/LAER Clearinghouse” or “RBLC” means the U.S. EPA’s online collection of previous RACT/BACT/LAER determinations.

(203) "Reactivation of a very clean coal-fired EUSGU" is defined by 40 C.F.R. 51.166(b)(37).

(204) "Reasonable further progress" is defined by 42 U.S.C. 7501(1). For purposes of this definition, "administrator" means the U.S. EPA.

(205) "Reconstruction” means the replacement of components of an existing affected facility to the extent that:

(a) The fixed capital cost of all replacement components exceeds fifty (50) percent of the fixed capital cost that would be required to construct a comparable entirely new affected facility; and

(b) It is technologically and economically feasible to meet the applicable requirements of 401 KAR Chapters 50 to 65.

(207) “Regulated NSR pollutant” means the following:

(a) For 401 KAR 51:017:

1. A pollutant for which a national ambient air quality standard has been promulgated and the following constituents or precursors to that pollutant:

a. Volatile organic compounds and nitrogen oxides are precursors to ozone in all ozone nonattainment areas;

b. Sulfur dioxide is a precursor to PM\textsubscript{2.5} in all PM\textsubscript{2.5} nonattainment areas.

c. Nitrogen oxides are presumed to be precursors to PM\textsubscript{2.5} in all PM\textsubscript{2.5} nonattainment areas unless the Cabinet demonstrates to the EPA Administrator’s satisfaction or EPA demonstrates that emissions of nitrogen oxides from sources in a specific area are not a significant contributor to that area’s ambient PM\textsubscript{2.5} concentrations;

d. Volatile organic compounds and ammonia are presumed not to be precursors to PM\textsubscript{2.5} in a PM\textsubscript{2.5} nonattainment area unless the Cabinet demonstrates to the EPA Administrator’s satisfaction or EPA demonstrates that emissions of volatile organic compounds or ammonia from sources in a specific area are a significant contributor to that area’s ambient PM\textsubscript{2.5} concentrations; and

e. PM\textsubscript{2.5} emissions and PM\textsubscript{10} emissions include gaseous emissions from a source or activity that condense to form particulate matter at ambient temperatures;

(i) On or after January 1, 2011, condensable particulate matter is included in applicability determinations and in establishing limitations for PM\textsubscript{2.5} and PM\textsubscript{10} in permits issued pursuant to 401 KAR 51:052;

(ii) Compliance with emissions limitations for PM\textsubscript{2.5} and PM\textsubscript{10} issued prior to January 1, 2011, is not based on condensable particulate matter unless required by the terms and conditions of a permit; and

(ii) Applicability determinations made prior to January 1, 2011, without accounting for condensable particulate matter are not considered in violation of this section:

2.[(b) A pollutant subject to any standard promulgated under 42 U.S.C. 7411;]

3.[(c) A pollutant subject to a standard promulgated under or established by 42 U.S.C. 7671 to 7671q; or]

4.[(d) A pollutant that otherwise is subject to regulation, as defined in subsection (231) of this section, under 42 U.S.C. 7401 to 7416, and that has not been delisted pursuant to 42 U.S.C. 7412(b)(2), is not a regulated NSR pollutant unless the listed HAP is also regulated as a constituent or precursor of a general pollutant listed under 42 U.S.C. 7408; or]

(b) For 401 KAR 51:052:

1. Nitrogen oxides or volatile organic compounds; or

2. A pollutant for which a national ambient air quality standard has been promulgated and the following constituents or precursors to that pollutant:

a. Volatile organic compounds and nitrogen oxides are precursors to ozone in all ozone nonattainment areas;

b. Sulfur dioxide is a precursor to PM\textsubscript{2.5} in all PM\textsubscript{2.5} nonattainment areas;

c. Nitrogen oxides are presumed to be precursors to PM\textsubscript{2.5} in all PM\textsubscript{2.5} nonattainment areas unless the Cabinet demonstrates to the EPA Administrator’s satisfaction or EPA demonstrates that emissions of nitrogen oxides from sources in a specific area are not a significant contributor to that area’s ambient PM\textsubscript{2.5} concentrations;

d. Volatile organic compounds and ammonia are presumed not to be precursors to PM\textsubscript{2.5} in a PM\textsubscript{2.5} nonattainment area unless the Cabinet demonstrates to the EPA Administrator’s satisfaction or EPA demonstrates that emissions of volatile organic compounds or ammonia from sources in a specific area are a significant contributor to that area’s ambient PM\textsubscript{2.5} concentrations; and

e. PM\textsubscript{2.5} emissions and PM\textsubscript{10} emissions include gaseous emissions from a source or activity that condense to form particulate matter at ambient temperatures;

(i) On or after January 1, 2011, condensable particulate matter is included in applicability determinations and in establishing limitations for PM\textsubscript{2.5} and PM\textsubscript{10} in permits issued pursuant to 401 KAR 51:052:

(ii) Compliance with emissions limitations for PM\textsubscript{2.5} and PM\textsubscript{10} issued prior to January 1, 2011, is not based on condensable particulate matter unless required by the terms and conditions of a permit; and

(iii) Applicability determinations made prior to January 1, 2011, without accounting for condensable particulate matter are not considered in violation of this section:

2.[(b) A pollutant subject to any standard promulgated under 42 U.S.C. 7411;]

3.[(c) A pollutant subject to a standard promulgated under or established by 42 U.S.C. 7671 to 7671q; or]

4.[(d) A pollutant that otherwise is subject to regulation, as defined in subsection (231) of this section, under 42 U.S.C. 7401 to 7416, and that has not been delisted pursuant to 42 U.S.C. 7412(b)(2), is not a regulated NSR pollutant unless the listed HAP is also regulated as a constituent or precursor of a general pollutant listed under 42 U.S.C. 7408; or]

(b) For 401 KAR 51:052:

1. Nitrogen oxides or volatile organic compounds; or

2. A pollutant for which a national ambient air quality standard has been promulgated and the following constituents or precursors to that pollutant:

a. Volatile organic compounds and nitrogen oxides are precursors to ozone in all ozone nonattainment areas;

b. Sulfur dioxide is a precursor to PM\textsubscript{2.5} in all PM\textsubscript{2.5} nonattainment areas;

c. Nitrogen oxides are presumed to be precursors to PM\textsubscript{2.5} in all PM\textsubscript{2.5} nonattainment areas unless the Cabinet demonstrates to the EPA Administrator’s satisfaction or EPA demonstrates that emissions of nitrogen oxides from sources in a specific area are not a significant contributor to that area’s ambient PM\textsubscript{2.5} concentrations;

d. Volatile organic compounds and ammonia are presumed not to be precursors to PM\textsubscript{2.5} in a PM\textsubscript{2.5} nonattainment area unless the Cabinet demonstrates to the EPA Administrator’s satisfaction or EPA demonstrates that emissions of volatile organic compounds or ammonia from sources in a specific area are a significant contributor to that area’s ambient PM\textsubscript{2.5} concentrations; and

e. PM\textsubscript{2.5} emissions and PM\textsubscript{10} emissions include gaseous emissions from a source or activity that condense to form particulate matter at ambient temperatures;

(i) On or after January 1, 2011, condensable particulate matter is included in applicability determinations and in establishing limitations for PM\textsubscript{2.5} and PM\textsubscript{10} in permits issued pursuant to 401 KAR 51:052:

(ii) Compliance with emissions limitations for PM\textsubscript{2.5} and PM\textsubscript{10} issued prior to January 1, 2011, is not based on condensable particulate matter unless required by the terms and conditions of a permit; and

(iii) Applicability determinations made prior to January 1, 2011, without accounting for condensable particulate matter are not considered in violation of this section:

2.[(b) A pollutant subject to any standard promulgated under 42 U.S.C. 7411;]

3.[(c) A pollutant subject to a standard promulgated under or established by 42 U.S.C. 7671 to 7671q; or]

4.[(d) A pollutant that otherwise is subject to regulation, as defined in subsection (231) of this section, under 42 U.S.C. 7401 to 7416, and that has not been delisted pursuant to 42 U.S.C. 7412(b)(2), is not a regulated NSR pollutant unless the listed HAP is also regulated as a constituent or precursor of a general pollutant listed under 42 U.S.C. 7408; or]
making functions for the corporation, or a duly authorized representative of that person if the representative is responsible for the overall operation of one (1) or more manufacturing, production, or operating facilities applying for or subject to a permit; and

1. The facility employs more than 250 persons or have gross annual sales or expenditures exceeding $25,000,000 in second quarter 1980 dollars; or

2. The delegation of authority to the representative is approved in advance by the cabinet pursuant to this subsection.

(b) For a partnership or sole proprietorship, a general partner or the proprietor, respectively;

(c) For a municipality, state, federal, or other public agency, a principal executive officer or ranking elected official. The principal executive officer of a federal agency includes the chief executive officer having responsibility for the overall operation of a principal geographic unit of the agency; or

(d) For the acid rain portion of a permit for an affected source, the designated representative.

(211) “Run” means the net period of time, either intermittent or continuous within the limits of good engineering practice, when an emission sample is collected.

(212) “S” means at standard conditions.

(213) “sec” means second.

(214) “Secondary emissions” means emissions that:

(a) Occur as a result of the construction or operation of a major stationary source or major modification, and do not come from the major stationary source or major modification itself;

(b) Are specific, well defined, quantifiable, and impact the same general area as the stationary source modification that causes the secondary emissions;

(c) Include emissions from an offsite support facility that would not otherwise be constructed or increase its emissions as a result of the construction or operation of the major stationary source or major modification; and

(d) Do not otherwise be constructed or increase its emissions as a result of the construction or operation of the major stationary source or major modification.

(215) “Serious nonattainment county” or “serious nonattainment area” means a county or portion of a county designated serious nonattainment for the national ambient air quality standard for ozone.

(216) “Severe nonattainment county” or “severe nonattainment area” means a county or portion of a county designated severe nonattainment for the national ambient air quality standard for ozone.

(217) “Shutdown” means the cessation of an operation.

(218) “Significant” means:

(a) For 401 KAR 51:017, in reference to a net emissions increase or the potential of a source to emit a regulated NSR pollutant that is not listed in the table in paragraph (a) of this subsection, any emissions rate;

(b) For 401 KAR 51:017, in reference to an emissions rate or a net emissions increase associated with a major stationary source or major modification, that is to be constructed within ten (10) kilometers of a Class I area, an impact on that area equal to or greater than one (1) µg/m² over a twenty-four (24) hour average;

(c) For 401 KAR 51:052, in reference to a net emissions increase or the potential of a source to emit any of the pollutants listed in the following table, a rate of emissions that would equal or exceed a corresponding rate listed in the table.

(219) “Significant emissions increase” means, for a regulated NSR pollutant, an increase in emissions that is equal to or greater than the emission level that is significant for that pollutant.

(220) “Significant emissions unit” means an emissions unit that emits or has the potential to emit a PAL pollutant in an amount

equal to or greater than the applicable significant level as defined in subsection (218) of this section or in 42 U.S.C. 7410 to 7671q, whichever is lower for that PAL pollutant, but less than the amount that would qualify the unit as a major emissions unit.

(221) "Small emissions unit" means an emissions unit that emits or has the potential to emit the PAL pollutant in an amount less than the PAL pollutant's applicable significant level as defined in subsection (218) of this section; or in 42 U.S.C. 7410 to 7671q, whichever is lower.

(222) "SO₂" means sulfur dioxide.

(223) "Source" means one (1) or more affected facilities containing within a given contiguous property line, which means the property is separated only by a public thoroughfare, stream, or other right of way.

(224) "sq" means square.

(225) "Stack or chimney" means a flue, conduit, or duct arranged to conduct emissions to the atmosphere.

(226) "Standard" means an emission standard, a standard of performance, or an ambient air quality standard as promulgated in 401 KAR Chapters 50 to 65 or the emission control requirements necessary to comply with 401 KAR Chapter 51.

(227) "Standard conditions" means:

(a) For source measurements, twenty (20) degrees Celsius (sixty-eight (68) degrees Fahrenheit) and a pressure of 760 mm Hg (29.92 in. of Hg); or

(b) F for air quality determinations, twenty-five (25) degrees Celsius (seventy-seven (77) degrees Fahrenheit) and a reference pressure of 760 mm Hg (29.92 in. of Hg).

(228) "Start-up" or "startup" means the setting in operation of an affected facility.

(229) "State implementation plan" or "SIP" means the most recently prepared plan or revision required by 42 U.S.C. 7410 that has been approved by the U.S. EPA.

(230) "Stationary source" means a building, structure, facility, or installation that emits or has the potential to emit a regulated NSR pollutant.

(231) "Subject to regulation" is defined by 40 C.F.R. 51.166(b)(48).

(232) "Submit" means to send or transmit a document, information, or correspondence in accordance with an applicable requirement.

(233) "TAPPI" means Technical Association of the Pulp and Paper Industry.

(234) "Temporary clean coal technology demonstration project" is defined by 40 C.F.R. 51.166(b)(35).

(235) "Ton" or "tonnage", for a NOx budget source, means a short ton or 2,000 pounds. For determining compliance with the NOx budget emissions limitation, total tons for a control period is calculated as the sum of all recorded hourly emissions, or the tonnage equivalent of the recorded hourly emissions rates, in accordance with 40 C.F.R. Part 96, Subpart H with any remaining fraction of a ton equal to or greater than 0.50 ton deemed to equal one (1) ton and any fraction of a ton less than 0.50 ton deemed to equal zero tons.

(236) "Total suspended particulates" or "TSP" means particulate matter as measured by the method described in 40 C.F.R. Part 50, Appendix B.

(237) "tpy" means tons per year.

(238) "TSS" means total suspended solids.

(239) "Uncombined water" means water that can be separated from a compound by ordinary physical means and that is not bound to a compound by internal molecular forces.

(240) "Unit" means a fossil fuel-fired stationary boiler, combustion turbine, or combined cycle system.

Section 2. Filing. (1) The filing of all documents required by this...
Section 3. Hearing. (1)(a) Hearings on Certificate of Need matters shall be held by hearing officers from the Cabinet for Health and Family Services, Health Services Administrative Hearings Branch. (b) A hearing officer shall not act on any matter in which the hearing officer has a conflict of interest as defined in KRS 45A.340. (c) Any party may file with the cabinet a petition for removal based on a conflict of interest supported by affidavit. (2) The hearing officer shall preside over the conduct of each hearing and shall regulate the course of the proceedings in a manner that shall promote the orderly and prompt conduct of the hearing. (3) Notice of the time, date, place, and subject matter of each hearing shall be: (a) Mailed to the applicant and all known affected persons providing the same or similar service in the proposed service area not less than ten (10) days prior to the date of the hearing; (b) Published in the Certificate of Need Newsletter, if applicable; and (c) Provided to members of the general public through public information channels. (4) A public hearing shall be canceled if each person who requested the hearing withdraws the request by giving written notification to the Office of Health Policy that the hearing is no longer requested. The consent of affected persons who have not requested the hearing shall be made a part of the record. (5) Any dispositive motion made by a party to the proceedings shall be filed with the hearing officer at least three (3) working days prior to the scheduled date of the hearing. (6) The hearing officer may convene a preliminary conference. (a) The purposes of the conference shall be to: 1. Formulate and simplify the issues; 2. Identify additional information and evidence needed for the hearing; and 3. Dispose of pending motions. (b) A written summary of the preliminary conference and the orders thereby issued shall be made a part of the record. (c) The hearing officer shall: 1. Tape record the conference; or 2. If requested by a party to the proceedings, allow a stenographer to be present at the expense of the requesting party. (d) During the preliminary conference, the hearing officer may: 1. Instruct the parties to: a. Formulate and submit a list of genuine contested issues to be decided at the hearing; b. Raise and address issues that can be decided before the hearing; or c. Formulate and submit stipulations to facts, laws, and other matters; 2. Prescribe the manner and extent of the participation of the parties or persons who will participate; 3. Rule on any pending motions for discovery or subpoenas; or 4. Schedule dates for the submission of prefiled testimony, further preliminary conferences, and submission of briefs and documents. (7) At least five (5) days prior to the scheduled date of any nonsubstantive review hearings and at least seven (7) days prior to the scheduled date of all other hearings, all persons wishing to participate as a party to the proceedings shall file with the cabinet an original and one (1) copy of the following for each affected application and serve copies on all other known parties to the proceedings: (a) OHP - Form 3, Notice of Appearance, incorporated by reference in 900 KAR 6:055; (b) OHP - Form 4, Witness List, incorporated by reference in 900 KAR 6:055; and (c) OHP - Form 5, Exhibit List, incorporated by reference in 900 KAR 6:055 and attached exhibits. (8)(a) If a hearing is requested on an application which has been deferred from a previous cycle and for which a hearing had previously been scheduled, parties shall: 1. File a new OHP - Form 3, Notice of Appearance; and 2. Either: a. Incorporate previously-filed witness lists (OHP - Form 4) and exhibit lists (OHP - Form 5); or b. File an amended OHP - Form 4 and OHP - Form 5. (b) A new party to the hearings shall file an original OHP - Form 3, OHP - Form 4, and OHP – Form 5. (c) Forms shall be filed in accordance with subsection (7) of this section. (9) The hearing officer shall convene the hearing and shall state the purpose and scope of the hearing or the issues upon which evidence shall be heard. All parties appearing at the hearing shall enter an appearance by stating their names and addresses. (10) Each party shall have the opportunity to: (a) Present its case; (b) Make opening statements; (c) Call and examine witnesses; (d) Offer documentary evidence into the record; (e) Make closing statements; and (f) Cross-examine opposing witnesses on: 1. Matters covered in direct examination; and 2. At the discretion of the hearing officer, other matters relevant to the issues. (11) A party that is a corporation shall be represented by an attorney licensed to practice in the Commonwealth of Kentucky. (12) The hearing officer may: (1) Deny any request for additional evidence on issues not previously identified in the preliminary order which may arise during the course of the hearing, including any additional petitions for intervention which may be filed; (b) Act to exclude irrelevant, immaterial, or unduly repetitious evidence; and (c) Question any party or witness. (13) The hearing officer shall not be bound by the Kentucky Rules of Evidence. Relevant hearsay evidence may be allowed at the discretion of the hearing officer. (14) The hearing officer shall have discretion to designate the order of presentation of evidence and the burden of proof as to persuasion. (15) Witnesses shall be examined under oath or affirmation. (16) Witnesses may, at the discretion of the hearing officer: (a) Appear through deposition in person; and (b) Provide written testimony in accordance with the following: 1. The written testimony of a witness shall be in the form of questions and answers or a narrative statement; 2. The witness shall authenticate the document under oath; and (c) 3. The witness shall be subject to cross-examination. (17) The hearing officer may accept documentary evidence in the form of copies of excerpts if: (a) The original is not readily available; (b) Upon request, parties are given an opportunity to compare the copy with the original; and (c)
(c) The documents to be considered for acceptance are listed on and attached to the party's Exhibit List (OHP - Form 5) and filed with the hearing officer and other parties at least:
1. Seven (7) days before the hearing for formal review applications;
2. Five (5) days before the hearing for nonsubstantive review applications.

(18) A document shall not be incorporated into the record by reference without the permission of the hearing officer. Any referenced document shall be precisely identified.

(19) The hearing officer may take official notice of facts which are not in dispute or of generally-recognized technical or scientific facts within the agency's special knowledge.

(20) The hearing officer may permit a party to offer, or request a party to produce, additional evidence or briefs of issues as part of the record within a designated time after the conclusion of the hearing. During this period, the hearing record shall remain open. The conclusion of the hearing shall occur when the additional information is properly filed or at the end of the designated time period, whichever occurs first.

(21) In a hearing on an application for a Certificate of Need, the hearing officer shall, upon the agreement of the applicant, continue a hearing beyond the review deadlines established by KRS 216B.062(1) and 216B.095(1).

(22) If all parties agree to waive the established decision date, the hearing officer shall render a decision within sixty (60) days of the filing of proposed findings.

(23) The cabinet shall forward a copy of the hearing officer's final decision by U.S. mail to each party to the proceedings. The original hearing decision shall be filed in the administrative record maintained by the cabinet.

Section 4. Show Cause Hearing. (1) The cabinet may conduct a show cause hearing on its own initiative or at the request of an affected person, to include hearings requested pursuant to Human of Kentucky v. NKC Hospitals, Ky., 751 S.W.2d 369 (1988), in order to determine if a person has established or is operating a health facility or health service in violation of the provisions of KRS Chapter 216B or 900 KAR Chapter 6 or is subject to the penalties provided by KRS 216B.990 for specific violations of the provisions of KRS Chapter 216B.

(2) Unless initiated by the cabinet, in order for a show cause hearing to be held, a request for a show cause hearing submitted by an affected person shall be accompanied and corroborated by credible, relevant, and substantial evidence, including an affidavit or other documentation which demonstrates that there is probable cause to believe that a person:
(a) Has established or is operating, a health facility or health service in violation of the provisions of KRS Chapter 216B or 900 KAR Chapter 6; or
(b) Is subject to the penalties provided by KRS 216B.990 for specific violations of the provisions of KRS Chapter 216B.

(3) Based on the materials accompanying the request for a show cause hearing, the cabinet shall determine if sufficient cause exists to conduct a hearing.

(4) The cabinet shall conduct a show cause hearing based on its own investigation pursuant to an annual licensure inspection or otherwise which reveals a possible violation of the terms or conditions which are a part of a Certificate of Need approval and license.

(5) The cabinet shall also conduct a show cause hearing regarding terms and conditions which are a part of a Certificate of Need approval and license at the request of any person.

(6) The show cause hearing regarding the terms and conditions shall determine whether a person is operating a health facility or health service in violation of any terms or conditions which are a part of that Certificate of Need approval and license.

(7) Show cause hearings shall be conducted in accordance with the provisions of Section 3 of this administrative regulation.

(8) If a show cause hearing is held, the individual or entity alleged to be in violation of KRS Chapter 216B shall have the burden of showing that the individual or entity alleging the violation, including the Cabinet, shall have the burden of establishing by a preponderance of evidence the alleged violations. The burden is met with evidence that the charged entity is not primarily a testing facility and that it was organized to provide the professional services of radiology.

(c) An office or clinic owned and operated by a Qualified Academic Medical Center shall demonstrate the following:
1. The physician or physicians practicing care and treatment to the patients of the office or clinic shall be licensed to practice in Kentucky and shall be employed by the Qualified Academic Medical Center;
2. The office was established and in operation prior to January 31, 2008; and
3. No further medical equipment or services shall be offered or provided at the office or clinic by a qualified academic medical center at that time.

(a) Has neither established nor is not operating a health facility or health service in violation of the provisions of KRS Chapter 216B or 900 KAR Chapter 6; or
(b) Is not subject to the penalties provided by KRS 216B.990 for specific violations of the provisions of KRS Chapter 216B.

(9) If except as provided by paragraph (b) or (c) of this subsection, if it is alleged that an office or clinic offering services or equipment covered by the State Health Plan was established or is operating in violation of KRS 216B.020(2)(a), the hearing officer shall receive his or her proposed findings of fact, conclusions of law, and proposed decision on whether the clinic or office meets the physician exemption criteria set forth in 900 KAR 6:130(6:135).

Certificate of Need criteria for physician exemption have established the following:

1. The practice claiming the exemption is 100 percent owned in any organizational form recognized by the Commonwealth by the individual physician, dentist, or other practitioners of the healing arts or group of physicians, dentists, or other practitioners of the healing arts hereinafter collectively referred to as "physician" claiming the exemption;
2. The practice claiming the exemption primarily provides physician services (e.g., evaluation and management codes) rather than services or equipment covered by the State Health Plan which are offered or provided at the office or clinic shall be primarily provided to patients whose medical conditions are being treated or managed by the practice;
3. A physician or physicians licensed to practice and practicing in Kentucky within the practice claiming the exemption are responsible for all decisions regarding the care and treatment provided to patients;
4. Patients are treated on an outpatient basis and are not maintained overnight on the premises of the office or clinic;
5. Services or equipment covered by the State Health Plan that are offered or provided at the office or clinic are related to the professional services offered to patients of the practice claiming the exemption;
6. Major medical equipment in excess of the limits set forth in 900 KAR 4:030 is not being utilized without a Certificate of Need or other statutory or regulatory exemption; and
7. Nothing in this section shall limit or prohibit the continued operation of an office or clinic that was established and in operation prior to January 31, 2006, and operating pursuant to and in accordance with the following:
- Provisions of a Certificate of Need advisory opinion issued specifically with respect to that office or clinic;
- Provisions of an Attorney General opinion issued specifically with respect to that office or clinic; or
- An order issued with respect to that office or clinic by a court of competent jurisdiction in the Commonwealth of Kentucky.

(b) A practice owned entirely by a radiologist or group of radiologists shall demonstrate the following:
1. Compliance with paragraph (a)(1), 4, 5, and 6 of this subsection;
2. The radiologists shall regularly perform physician services (e.g., test interpretations) at the location where the diagnostic tests are performed, including interpretations by or through teleradiology; and
3. The billing patterns of the practice indicate that the practice is not primarily a testing facility and that it was organized to provide the professional services of radiology.

(c) An office or clinic owned and operated by a Qualified Academic Medical Center shall demonstrate the following:
1. The physician or physicians providing care and treatment to the patients of the office or clinic shall be licensed to practice in Kentucky and shall be employed by the Qualified Academic Medical Center.
Prior to convening a show cause hearing, the cabinet shall give
the person suspected or alleged to be in violation not
than twenty (20) days' notice of its intent to conduct a hearing.

The notice shall advise the person of:
(a) The allegations against the person;
(b) Any facts determined to exist which support the existence
of the allegation; and
(c) The statute or administrative regulation alleged to have
been violated.

Notice of the date, time, place, and subject matter of each
hearing shall be:
(a) Mailed to all known affected persons or entities not less
than ten (10) business days prior to the date of the hearing; and
(b) Published in the Certificate of Need Newsletter, if applica-
ble.

At least seven (7) business days prior to all hearings
required or requested pursuant to KRS Chapter 216B, with the
exception of hearings involving applications for or revocation of a
Certificate of Need, all persons or entities wishing to participate as
a party to the proceedings shall file an original and one (1) copy of
the following with the cabinet and serve copies on all other known
parties to the proceedings:
(a) OHP - Form 3, Notice of Appearance;
(b) OHP - Form 4, Witness List; and
(c) OHP - Form 5, Exhibit List and attached exhibits.

Within thirty (30) days of the conclusion of the hearing, the
hearing officer shall tender findings of fact and a proposed decision
to the secretary.

Within thirty (30) days of the receipt of the findings of fact
and proposed decision from the hearing officer, the secretary shall
issue a final decision on the matter.

A copy of the final decision shall be mailed to the person
or his legal representative with the original hearing decision filed in
the administrative record maintained by the cabinet.

If a violation is found to have occurred as a result of a
show cause hearing conducted pursuant to subsection (1) of this
section, the cabinet shall take action as provided by KRS Chapter
216B.

If the person is found to have violated any of the terms or
conditions of any Certificate of Need approval and license as a
result of a show cause hearing conducted pursuant to subsection
(4) of this section, the cabinet shall take the following action:
(a) If the person had not previously been found to be in viola-
tion of the terms and conditions which were made a part of the
person's Certificate of Need approval and license, the person shall
be given a period of time, not to exceed sixty (60) days after is-
suance of the cabinet's decision, in which to demonstrate that the
violation has been corrected. At the conclusion of this period, the
cabinet shall verify that the facility or service is operating in com-
pliance with the terms or conditions of the Certificate of Need and
license at issue.
(b) If the cabinet is unable to verify that the facility or service
has corrected the violation in accordance with paragraph (a) of this
subsection, or if a person who had previously been found to be in viola-
tion of the terms and conditions which were a part of the per-
son's Certificate of Need approval and license is found in a subse-
quent show cause hearing conducted pursuant to this section to be
in violation of the terms and conditions again, the matter shall be
referred to the Office of Inspector General for appropriate action.

The deadlines established with respect to hearings shall
be modified if agreed to by all parties and the hearing officer.

(b)(1) The client loses mobility after entering a lease agreement with the assisted-living community; and the assisted-living community has a written plan in place to ensure that the client is not a danger.
Section 2. Application for Initial Certification Review. (1) For initial certification an applicant shall, at least sixty (60) days prior to a planned opening, file with the department:
   (a) A completed DAIL-ALC-1, Assisted-Living Community Certification Application;
   (b) A copy of a blank lease agreement and any documentation incorporated by reference into the lease agreement;
   (c) A copy of written material used to market the proposed assisted-living community, including material that markets offered special programming, staffing, or training in accordance with KRS 194A.713(11);
   (d) The floor plan of the proposed assisted-living community identifying the:
      1. Living units, including features that meet the requirements of KRS 194A.703(1);
      2. Central dining area;
      3. Laundry facility; and
      4. Central living room; and
   (e) A nonrefundable certification fee:
      1. Assessed by the department in accordance with KRS 194A.707(8);
      2. Made payable to the Kentucky State Treasurer; and
      3. Mailed to the Department for Aging and Independent Living, 275 East Main Street, Frankfort, Kentucky 40621.

(2) If an initial certification becomes effective on a date other than July 1, the certification fee shall be prorated by:
   (a) Calculating the fee for a year by computing twenty (20) dollars per living unit or the $300 minimum set forth in KRS 194A.707(8), whichever is greater, but no more than the $1,600 maximum set forth in KRS 194A.707(8);
   (b) Dividing the yearly fee by twelve (12) to obtain a monthly fee; and
   (c) Multiplying the monthly fee by the number of months remaining until the annual renewal on July 1.

Section 3. Application for Annual Certification Review. (1) The department shall renew a certification if an assisted-living community:
   (a) Has obtained its initial certification in accordance with Section 5 of this administrative regulation; and
   (b) Submits to the department annually by July 1:
      1. A completed DAIL-ALC-1, Assisted-Living Community Certification Application;
      2. The documentation required by Section 2(1)(a) through (d) of this administrative regulation, if changes have occurred since the previous certification; and
      3. The nonrefundable certification fee required by Section 2(1)(e) of this administrative regulation.

(2) If an annual certification is due after the effective date of this administrative regulation and before or after the required annual certification date, the certification fee shall be prorated as specified in Section 2(2)(a), (b), and (c) of this administrative regulation.

Section 4. Change in an Assisted-Living Community. (1) If there is an increase in the number of living units, an assisted-living community shall reapply for certification with the department:
   (a) In accordance with Section 2(1) of this administrative regulation; and
   (b) Not less than sixty (60) days prior to the increase.

(2) If the increase in units occurs before or after the required annual certification date, the certification fee shall be twenty (20) dollars per each additional unit prorated in accordance with Section 2(2) of this administrative regulation.

(3) If there is a decrease in the number of living units, an assisted-living community shall notify the department within sixty (60) days of the decrease.

(4) If there is a change of more than fifty (50) percent interest in ownership of an assisted-living community, the new owner shall apply for certification:
   (a) By following the procedures in Section 3 of this administrative regulation; and
   (b) Within thirty (30) days of the change of owners.

(5) An assisted-living community shall:
   (a) Notify the department in writing:
      1. Within thirty (30) days of a name or mailing address change for the assisted-living community or the applicant; or
      2. At least sixty (60) days prior to termination of operation; and
   (b) Notify a client of termination of operation sixty (60) days prior to closure unless there is sudden termination due to:
      1. Fire;
      2. Natural disaster; or
      3. Closure by a local, state, or federal agency.

Section 5. Initial Certification of an Assisted-Living Community. If department staff determines that an applicant for initial certification meets the application requirements specified in Section 2(1) of this administrative regulation, the department shall:
   (1) Consider the application process complete;
   (2) Notify the applicant of operation status within ten (10) business days of receipt of the completed DAIL-ALC-1, Assisted-Living Community Certification Application; and
   (3) Conduct an announced on-site review.

Section 6. Annual Certification of an Assisted-Living Community. If department staff determines that an applicant for annual certification meets the application requirements specified in Section 3(1) of this administrative regulation, the department shall:
   (1) Consider the application process complete; and
   (2) Conduct an unannounced on-site review pursuant to KRS 194A.707(2)(b) or (c).

Section 7. On-Site Review of an Assisted-Living Community. (1)(a) A representative of the department conducting a certification review shall not disclose information made confidential by KRS 194A.080(1).

(b) A confidential interview with a client or access to a client’s living unit shall be subject to the client’s oral or written consent.

(2) The on-site review shall consist of:
   (a) Review of staffing pursuant to KRS 194A.717(1);
   (b) Review of employment records including:
      1. An employment application that shall contain a criminal record check notice pursuant to KRS 216.793(1);
      2. A criminal records check that shall be:
         a. Requested in accordance with KRS 216.789(3); and
         b. Applied for within seven (7) days from the date of an employee’s hire;
      3. Verification that an employee reads and agrees to the policy and procedures of the assisted-living community regarding communicable disease pursuant to KRS 194A.717(4); and
   (c) Documentation of:
      a. Completion of employee orientation:
         i) Pursuant to KRS 194A.719(1); and
         ii) Within ninety (90) days of the date of hire; and
      b. Annual in-service education pursuant to KRS 194.719(2);
   (d) Verification of compliance with the applicable building and life safety codes in accordance with KRS 194A.703(3);
   (e) Review of client records including:
      1. A completed client functional needs assessment:
         a. To ensure that the client met the eligibility requirements for assisted-living pursuant to KRS 194A.705(5); and
         b. In which a copy was provided to the client upon move in pursuant to KRS 194A.705(5)(a);
      2. An initial and at least annual functional needs assessment:
         a. That reflects a client’s ability pursuant to KRS 194A.705(5) to perform activities of daily living and instrumental activities of daily living; and
         b. In which a copy was provided to the client after move in pursuant to KRS 194A.705(5)(b);
      3. Current personal preferences and social factors;  
      4. A signed lease with all attachments;
      5. Documentation of a client’s designated representative, if applicable; and
   6. Documentation that the client received a copy of the assisted-living community’s cardiopulmonary resuscitation policies pursuant to KRS 194A.719(1) and procedures for compliance with KRS 194A.700 through 194A.729
using a DAIL-ALC-2, Assisted-Living Community Certification Checklist;

(f) Review of an assisted-living community’s written service provision and practices related to:

1. Provisions of KRS 194A.705 which, in the case of medications not preset in a medication organizer or single dose unit container as described in KRS 194A.700(3)(a), may include but shall not exceed the following staff actions if the client requests assistance:
   a. Providing the client with a medication reminder;
   b. Reading the medication’s label to the client, and confirming that the medication is being taken by the client for whom it is prescribed; and
   c. Opening the medication container or dosage package, but not handling or removing the medication;

2. Health services, delivered by assisted-living staff, which shall be reported in compliance with KRS 194A.709(1);

3. Documentation in a client’s file:
   a. From a licensed health care professional defined by KRS 216.300(1) or entity providing the health service to the client:
      (i) Requested of the client by the assisted-living community; and
      (ii) That states the client has a temporary condition pursuant to KRS 194A.711(1); and
   b. From the assisted-living community to ensure that the client is not a danger, including if hospice or similar end-of-life services are provided; and
   c. Compliance with KRS 194A.713(11), 194A.719(1)(j), and 216.595 regarding special programming, staffing, or training that may be provided to a client of an assisted-living community provided the assisted-living community:
      a. Ensures a client’s functional needs assessment that:
         (i) Reflects the client’s abilities as specified in paragraph (d)2. of this subsection; and
      b. Complies with the requirements of KRS 216.595; and

5. Compliance with a department approved waiver request in accordance with Section 8 of this administrative regulation; and

(g) Review of any documentation or records to ensure compliance pursuant to KRS 194A.707(10).

3. The department, upon receipt of a complaint or request for a site review, may conduct an on-site review of an assisted-living community; a department representative shall hold a meeting with the assisted-living community manager or designee to discuss the preliminary results of the on-site visit.

Section 8. Waiver of Building Requirements. (1) Pursuant to KRS 216.595(3), an assisted-living community may request a waiver from the department regarding building requirements to address the specialized needs of individuals with Alzheimer’s disease or other brain disorders.

(2) The department shall:
   (a) Review the waiver request for approval; and if approved, or deny the waiver request on a case-by-case basis; and
   (b) Not waive the building and life safety codes established in KRS 194A.703(3).

(3) An assisted-living community shall not alter the building requirements established in KRS 194A.703(1) and (2) without department approval.

Section 9. Assisted-Living On-Site Review Findings. (1) The department shall:

(a) Document any noncompliance with KRS 194A.700 through 194A.729 or this administrative regulation found during an on-site review on the DAIL-ALC-2, Assisted-Living Community Certification Checklist; and

(b) Submit the finding of noncompliance to the applicant:
   1. On a statement of noncompliance located on the DAIL-ALC-3, Statement of Noncompliance and Plan of Correction; and
   2. Unless the finding is due to a client being a danger pursuant to subsection (9) of this section, within fifteen (15) business days upon completion of the on-site review.

(2)(a) The assisted-living community shall complete a plan of correction on the DAIL-ALC-3, Statement of Noncompliance and Plan of Correction and submit the form to the department within fifteen (15) business days of receipt of the notice of noncompliance.

(b) The assisted-living community shall specify in the plan the dates by which the noncompliance shall be corrected.

(3) The department shall notify the applicant in writing within fifteen (15) business days of receipt of the plan of correction:
   (a) Whether the plan of correction is approved or not approved; and
   (b) The reasons for the department’s decision.

(4)(a) If the plan of correction is approved and the department determines a follow-up on-site review is unnecessary, the department shall issue a certification certificate.

(b) The assisted-living community shall post the certificate in a public area.

(5) If the plan of correction is not approved, the applicant shall submit to the department an amended plan of correction within fifteen (15) business days of receipt of notice the plan was not approved.

(6) If the department determines after reviewing the amended plan of correction that certification may be denied or revoked, the department shall notify the assisted-living community within ten (10) business days of the determination and with the:
   (a) Opportunity for an informal dispute resolution meeting:
      1. Between the department and the assisted-living community;
      2. To be held within fifteen (15) days of the assisted-living community’s receipt of the notice; and
   3. To address a dispute, including the provision of additional documentation or support materials; and
   (b) Appeal rights as specified in Section 12(4) of this administrative regulation if:
      1. An informal dispute is not requested; or
      2. A dispute is not resolved with the informal dispute resolution.

(7) If an applicant meets all the requirements on the DAIL-ALC-2, Assisted-Living Community Certification Checklist, the department shall issue a certification certificate verifying its status.

(8) The assisted-living community shall post the certification certificate in a public area.

(9) If the department finds during a complaint or certification review that a client is a danger, the department shall:
   (a) Immediately notify the assisted-living community as established in Section 7(4) of this administrative regulation; and
   (b) Provide the DAIL-ALC-4, Statement of Danger to the assisted-living community.

(10) Within forty eight (48) hours, unless issued on a Friday and then by 4:30 p.m. eastern standard time of the next business day, of receiving the DAIL-ALC-4, Statement of Danger, the assisted-living community shall begin to implement a plan to correct the danger in accordance with Section 10(9)(2)(e)1 or 2 of this administrative regulation.

(11) The department shall make a report of suspected abuse, neglect, or exploitation to Adult Protective Services in accordance with KRS 209.030(3).

(12) The department may conduct additional on-site visits pursuant to KRS 194A.707(10).

Section 10(9). Denial and Revocation of Certification. (1) Certification shall be denied or revoked if:

(a.1) The department determines upon a complaint or certification review that an assisted-living community knowingly employs any individual convicted of an offense prohibited by KRS 216.789(1) or 216.789(2) as disclosed by the individual’s employment application or a criminal records check and if the assisted-living community fails to immediately terminate the employment upon the department’s finding; or

2. The same repeat violation of subparagraph 1 of this paragraph is found by the department within a three (3) year period; or

(b) An assisted-living community or applicant fails to submit a plan of correction to the department as specified in Section 9(2)(2) through (7) of this administrative regulation.

(2) Certification may be denied or revoked if an assisted-living community:
(a) Fails to apply for certification as specified in Sections 2(1), 3(1), or 4(1) of this administrative regulation;

(b) Submits a completed DAIL-ALC-1, Assisted-Living Community Certification Application more than fifteen (15) days late for two (2) consecutive years;

(c) Fails to submit a completed DAIL-ALC-1, Assisted-Living Community Certification Application within thirty (30) days of July 1 annually;

(d) Fails to implement its most recent approved plan of correction:

1. Under current ownership; and

2. Within the plan of correction's specified timeframe on the DAIL-ALC-3, Assisted-Living Community Statement of Noncompliance and Plan of Correction;

(e) Fails to comply with one (1) of the following requirements if the department finds that a client is a danger and the department initially verifies those findings in writing pursuant to Section 9[8][8] of this administrative regulation:

1. Fails within forty eight (48) hours, unless issued on a Friday and then by 4:30 p.m. eastern standard time of the next business day, of receiving the DAIL-ALC-4, Statement of Danger, the assisted-living community shall submit a written response to the department that confirms how the danger has been eliminated or why the danger is disputed, with submission occurring via:

   a. Email;
   b. Facsimile transmission;
   c. Delivery to the department by hand;
   d. United States mail; or
   e. Courier service; or

2. Within forty eight (48), unless issued on a Friday and then by 4:30 p.m. eastern standard time of the next business day, of receiving the DAIL-ALC-4, Statement of Danger, the assisted-living community shall:

   a. Initiate a move-out notice and begin the process of assisting the client to find appropriate living arrangements pursuant to KRS 194A.705(4); and

   b. Submit a written response to the department that confirms the assisted-living community took the required action, with submission occurring via:

      (i) Email;
      (ii) (2) Facsimile transmission;
      (iii) Delivery to the department by hand;
      (iv) United States mail; or
      (v) Courier service; or

(f) Except as provided in subsection (3) of this section, fails to initiate the requirements of paragraph (e)(2) of this subsection, if the department:

1. Notifies the assisted-living community in writing that the client remains a danger; and

2. Does not accept the assisted-living community’s written response pursuant to paragraph (e)(1) of this subsection.

(3) If, after reviewing the assisted-living community’s written response pursuant to subsection (2)(e)(1) of this section, the department determines the client remains a danger, the department shall notify the assisted-living community in writing that:

(a) Certification may be denied or revoked;

(b) The assisted-living community has the right to an informal dispute resolution meeting:

1. Between the department and the assisted-living community;

2. For the purpose of attempting to resolve a dispute, including the provision of additional documentation or support materials; and

3. To be requested by the assisted-living community in writing within three (3) business days of receiving the department’s written notice; and

(c) It has appeal rights pursuant to Section 12[12][12] of this administrative regulation if:

1. An informal dispute resolution meeting is not requested; or

2. A dispute is not resolved with the informal dispute resolution meeting.

(4) The department shall issue a written notice to the assisted-living community if the department determines:

(a)1. A danger is unsubstantiated; or

2. The danger has been eliminated; or

(b) To deny or revoke certification following an informal dispute resolution meeting pursuant to subsection (3)(b) of this section.

(5)(a) If an assisted-living community continues to operate after its certification is revoked and fails to request an informal dispute resolution meeting or an administrative hearing pursuant to Section 12[12][12] of this administrative regulation to resolve a danger dispute, the assisted-living community may be fined in accordance with KRS 194A.723.

(b) The fine shall be paid as specified in Section 11[11][11] of this administrative regulation.

Section 11[11][49] Collection of Fees and Fines. (1) An entity or business found to be in violation of KRS 194A.723 and pursuant to KRS 194A.724 assessed a penalty shall make a check payable to the Kentucky State Treasurer and mail it to the Department for Aging and Independent Living, 275 East Main Street, Frankfort, Kentucky 40621.

(2) A party aggrieved by a determination of the department may appeal the determination or the fine in accordance with KRS Chapter 13B.

(3) The fee established for the notification of conditional compliance to a lender after review of the architectural drawings and lease agreement, pursuant to KRS 194A.729, shall be $250.

Section 12[12][44] Right to Appeal Decision and Hearings. (1) If the department determines that a certification shall be denied or revoked, the applicant shall be notified of the right to appeal the determination:

(a) By certified mail; and

(b) Within ten (10) days of determination.

(2) To request an administrative hearing, an applicant shall send a written request to the department within thirty (30) days of receipt of a written notice:

(a) Nonapproval of the amended plan of correction; or

(b) Denial or revocation of certification.

(3) After receipt of the request for a hearing, the cabinet shall conduct a hearing pursuant to KRS Chapter 13B.

(4) The denial or revocation of certification shall be effective upon the final decision of the secretary pursuant to KRS Chapter 13B.

(5) If the denial or revocation is upheld by the secretary, the assisted-living community shall cease to operate and the assisted-living community shall:

(a) Assist clients in locating alternate living arrangements pursuant to KRS 194A.705(4); and

(b) Ensure that all clients are relocated within thirty (30) days of final notice of revocation or denial.

(6) The commissioner shall conduct the final appeal and the department shall have the authority to extend the time limit specified in subsection (5)(b) of this section, not to exceed an additional fifteen (15) days.

3. Point Source Categories Requiring a KPDES Permit. (1) The following categories of point sources shall require a KPDES permit to discharge:
   (a) A point source discharge identified in 40 C.F.R. 122, effective July 1, 2012[2013][2014][2015];
   (b) A concentrated animal feeding operation;
   (c) A concentrated aquatic animal production facility;
   (d) A discharge into aquaculture projects;
   (e) A discharge from separate storm sewers; and
   (f) A silviculture point source.
   (2) A facility covered by a general permit issued pursuant to Section 8 of this administrative regulation, may be required to obtain an individual permit based on contributions to water pollution.
   (3) An individual permit is required pursuant to this section, except as provided in subsection (4) of this section, the cabinet shall notify the discharger of that decision and the reasons for it.

   (a) The discharger shall apply for a permit pursuant to 401 KAR 5:060 within sixty (60) days of notice, unless an extension is requested by the applicant.
   (b) The question of whether the permit determination was proper shall remain open for consideration during the public comment period pursuant to 401 KAR 5:075 and in a subsequent hearing pursuant to KRS 224.10-420(2).
   (4)(a) Prior to a determination that an individual permit shall be required for a storm water discharge, the cabinet may require the discharger to submit information regarding the nature of the discharge as established in 40 C.F.R. 122.21(e), effective July 1, 2012[2013][2014][2015], if:
      1. The provisions of the general permit are not sufficient to protect human health and the environment; or
      2. The discharger has a history of noncompliance with the provisions of the general permit.

   (c) The discharger shall apply for a KPDES permit within sixty (60) days of notice, except an extension is requested by the applicant.

   (d) The question of whether the initial determination was proper shall remain open for consideration during the public comment period pursuant to 401 KAR 5:075 and in a subsequent hearing pursuant to KRS 224.10-420(2).

Section 4. Exclusions. An exclusion from the requirement to obtain a KPDES permit shall be:

   (1) A discharge identified in 40 C.F.R. 122.3, effective July 1, 2012[2013][2014][2015]; or KRS 224.16-050(6);
   (2) An authorization by permit or by rule that is prepared to assure that underground injection will not endanger drinking water supplies, pursuant to the Safe Drinking Water Act, 42 U.S.C. 300f-300j, and that are issued under a state or federal Underground Injection Control program;
   (3) An underground injection control well that is permitted pursuant to 40 C.F.R. 144 if those permits are protective of public health and welfare and prevent the pollution of ground and surface waters; or
   (4) A discharge that is not regulated by the U.S. EPA under the Clean Water Act Section 402, 33 U.S.C. 1342.

Section 5. Prohibitions. The cabinet shall not issue a KPDES permit if:

   (1) The conditions of the permit would violate the provisions of KRS Chapter 224;
   (2) The regional administrator has objected to issuance of the permit in writing pursuant to the procedures specified in 40 C.F.R. 123.44, effective July 1, 2012[2013][2014][2015];
   (3) The conditions of the permit do not comply with the water quality standards established in 401 KAR 10:931; or
   (4) A prohibition is established in 40 C.F.R. 122.4, effective July 1, 2012[2013][2014][2015].

Section 6. Variance Requests from Technology-based Effluent Limitations. (1) A non-POTW may request a variance from otherwise applicable effluent limitations as established in 40 C.F.R. 122.21(m), effective July 1, 2012[2013][2014][2015];

   (2) A non-POTW may request an expedited variance as established in 40 C.F.R. 122.21(e), effective July 1, 2011[2012][2013][2014][2015].

Section 7. Effect of a Permit. The effect of a KPDES permit shall be as established in 40 C.F.R. 122.5, effective July 1, 2012[2013][2014][2015].

Section 8. A General permit shall be issued as established in 40 C.F.R. 122.28, effective July 1, 2012[2013][2014][2015].
Section 9. Disposal of Pollutants into Underground Injection Control Wells, into Publicly Owned Treatment Works, or by Land Application. (1) An adjustment of effluent limitations related to disposal of pollutants into wells, into publicly owned treatment works, or by land application shall be as established in 40 C.F.R. 122.50, effective July 1, 2012[2011](2008).

(2) The cabinet may issue permits to control the disposal of pollutants into wells if necessary to protect the public health and welfare and to prevent the pollution of ground and surface waters.

Section 10. Variances from Technology-Based Treatment Requirements Available to KPDES Applicants. Consistent with KRS 224.16-050, the variance provisions in this section and in 401 KAR 5:080, Sections 2 and 4, establish those variances from technology-based requirements available to KPDES applicants. (1) Economic capability. The cabinet, with the concurrence of U.S. EPA, may modify BAT requirements for a point source if the owner or operator demonstrates that the variance satisfies the requirements of Section 10.1311(c).

(2) Environmental considerations. The cabinet, with the concurrence of U.S. EPA, may modify the BAT requirement for a point source that does not discharge toxic pollutants identified in 40 C.F.R. 401.15, effective July 1, 2022[2011](2008), conventional pollutants, or the thermal component of that discharge, if the owner or operator demonstrates that the modification is consistent with the conditions established in this administrative regulation.

(3) Innovative technology. The cabinet shall establish a date for complying with the deadline for achieving BAT not later than two years after the date for compliance with the effluent limitation would otherwise be applicable, if the innovative technology is as established in 33 U.S.C. 1311(k) and after consultation with the U.S. EPA Regional Administrator, as required by 40 C.F.R. 122.50(2), effective July 1, 2012[2011](2008).

(4) Thermal pollution. An alternative effluent limitation for the thermal component of a discharge shall be as established in 33 U.S.C. 1326(a).

Section 11. Substitutions, Exceptions, and Additions to Cited Federal Regulations. (1) “Waters of the Commonwealth” shall be substituted for “Waters of the United States” in the federal regulations cited in Sections 1 through 10 of this administrative regulation.

(2) “Cabinet” shall be substituted for “Director” if the authority to administer the federal regulations cited in Sections 1 through 10 of this administrative regulation has been delegated to the cabinet.

(3) “KPDES” shall be substituted for “NPDES” if the cabinet has been delegated authority to implement federal regulations cited in Sections 1 through 10 of this administrative regulation has been delegated to the cabinet.

(4) "Standard metropolitan statistical areas as defined by the University of Louisville Urban Studies Center, consistent with the U.S. Office of Management and Budget" shall be substituted for "Standard metropolitan statistical areas as defined by the Office of Management and Budget" in 40 C.F.R. 122.28(a)(1)(vi).

(5) “Urbanized areas as designated by the University of Louisville Urban Studies Center consistent with the U.S. Bureau of the Census” shall be substituted for “Urbanized areas as designated by the Bureau of the Census according to criteria in 30 FR 15202, effective May 1, 1974” in 40 C.F.R. 122.28 (a)(1)(vi).

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Sandy Grzeszky

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes the scope and applicability of the KPDES program including specific inclusions and exclusions, prohibitions, requirements for general permits, requirements for disposal of pollutants into wells and into publicly-owned treat works (POTW) and disposal by land application.

(b) The necessity of this administrative regulation: KRS 224.16-050 (1) requires that any exemptions granted in the issuance of these permits be pursuant to 33 U.S.C. 1311, 1312, and 1326(a). Further, KRS 224.15-050(4) requires that the cabinet shall not impose under any permit issued pursuant to this administrative regulation an effluent limitation, monitoring requirement or other condition that is more stringent than the effluent limitation, monitoring requirement or other condition that would have been applicable under the federal regulation if the permit were issued by the federal government.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 224.10-100 authorizes the cabinet to require for persons discharging into the waters of the Commonwealth, by administrative regulation, technological levels of treatment and effluent limitations. KRS 224.16-050(1) provides that the cabinet may issue federal permits pursuant to 33 U.S.C. 1342(b) of the Federal Water Pollution Control Act.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This regulation provides specific bounds for the scope of the KPDES program.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment to this administrative regulation conforms to the content of the authorizing statutes: KRS 224.10-100 authorizes the cabinet to require for persons discharging into the waters of the Commonwealth, by administrative regulation, technological levels of treatment and effluent limitations. Specifically, the amendment clarifies the cabinet will consult with EPA’s regional administrator as required by 40 C.F.R. 124.62(a)(2), before approving innovative technology.

(b) The necessity of the amendment to this administrative regulation: 40 C.F.R. 122.50(2) effective July 1, 2012 requires that the cabinet certify to EPA’s approval the Kentucky National Pollutant Discharge Elimination System administrative regulations. The most recent revisions, effective 2009, were submitted to EPA and EPA partially approved Kentucky’s administrative regulations in February 2012. The revisions to this administrative regulation are necessary to clarify that Kentucky’s regulations are no less stringent that the federal regulations and to gain full approval from EPA. The previously filed amendments referred to the July 1, 2011 version of 40 C.F.R. Part 122. This amendment updates the references to the July 1, 2012 version of 40 C.F.R. Part 122. The changes in that federal regulation between July 1, 2011 and July 1, 2012 include changes in the National Pollutant Discharge Elimination System Permit Regulation for Concentrated Animal Feeding Operations; specifically the removal of provision in response to the 2011 5th Circuit Court decision in the case of National Pork Producers Council v. U.S. EPA which vacated the portion of the 2008 regulation that required CAFOs that proposed to discharge to apply for an NPDES permit, a proposed rule in the National Pollutant Discharge Elimination System (NPDES); specifically, the Concentrated Animal Feeding Operation (CAFO) Reporting Rule (N.B. this rule has been subsequently withdrawn), and the Notice of Proposed Revisions to Stormwater Regulations to clarify that an NPDES permit is not required for stormwater discharges from logging roads.

(c) How the amendment conforms to the content of the authorizing statutes: This amendment conforms to KRS 224.16-050, which authorizes the cabinet to implement the Federal Water Pollution Control Act.

(d) How the amendment will assist in the effective administration of the statutes: The amendment to this administrative regulation will clarify that Kentucky’s regulation is no less stringent than the corresponding federal regulations.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This administrative regulation affects individuals, businesses, and organizations that are engaged in the regulated disposal of treated wastewater under the KPDES permitting program. Although over 10,000 permitted entities are affected by this administrative regulation, the amendment will not change the way the program is implemented.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administr-
tive regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment. The amendment to the administrative regulation does not change the way the program is implemented; so, regulated entities will not need to take any additional action.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Under this administrative regulation, individuals, businesses, and organizations are not expected to experience any additional cost. Because these requirements are already in federal requirements, amending this administrative regulation for consistency with federal regulations will create no additional economic burden upon affected entities.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The regulated community affected by this regulation will not be confused by inconsistencies between existing administrative regulations and the updated federal regulations.
(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:
(a) Initially: No additional cost is anticipated.
(b) On a continuing basis: No additional cost is anticipated.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation? Existing permit fees, General Funds, and EPA Funds. This amendment does not change any source of funding.
(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No additional fees or funding are expected to support this amendment.
(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This amendment does not directly or indirectly affect fees.
(9) TIERING: Is tiering applied? Yes. Permit requirements are tiered based upon the nature and size of the wastewater discharge.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT
1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? This administrative regulation affects wastewater treatment systems that discharge to waters of the Commonwealth. This amendment affects all units of state or local government that have a KPDES discharge permit.
2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 224.10-100, 224.10-110, 224.16-050, 224.18-100, 224.70-100, 40 C.F.R. 122.21,300, 33 U.S.C. 1251-1387
3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. Because these requirements are already in federal regulations, amending this administrative regulation for consistency with federal regulations will create no additional economic burden upon state or local agencies.
(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? This amendment is not expected to impact revenue.
(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? None
(c) How much will it cost to administer this program for the first year? No additional cost is expected.
(d) How much will it cost to administer this program for subsequent years? No additional cost is expected.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

FEDERAL MANDATE ANALYSIS COMPARISON
2. State compliance standards. KRS 224.16-050
3. Minimum or uniform standards contained in the federal mandate. The federal standard requires that delegated states meet or exceed the federal requirements for water pollution prevention developed under the Clean Water Act, as Amended (33 U.S.C. 1251-1387).
4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements than those required by the federal mandate? No, the amendment to this administrative regulation will not apply stricter standards than those required by the federal mandate.
5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. Not applicable.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Sandy Gruzeszky

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes the application requirements for all KPDES permits and contains additional requirements for general and specific categories of dischargers.
(b) The necessity of this administrative regulation: This administrative regulation establishes specific requirements for permitting discharges into waters of the Commonwealth.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 224.10-100 authorizes the cabinet to issue, continue in effect, revoke, modify, suspend, or deny under such conditions as the cabinet may prescribe, permits to discharge into any waters of the Commonwealth. KRS 224.16-050 authorizes the cabinet to issue federal permits pursuant to 33 U.S.C. Section 1342(b) of the Federal Water Pollution Control Act, 33 U.S.C. Section 1251 – 1387, subject to the conditions imposed in 33 U.S.C. Sections 1342(b) and (d) and that any exemptions granted shall be pursuant to the Federal Water Pollution Control Act.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation provides specific requirements for several categories of permits; furthermore, the administrative regulation references specific documents and governing federal regulations relevant to the permitting process.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment to this administrative regulation updates the citations to the corresponding federal regulations and clarifies that the state requirements are the same as the federal requirements. Specifically, the amendment clarifies that the cabinet will consult with EPA’s regional administrator as required by 40 C.F.R. 124.62(a)(2), before approving innovative technology.
(b) The necessity of the amendment to this administrative regulation: 40 C.F.R. 123.62 requires the cabinet to submit for EPA’s approval the Kentucky National Pollutant Discharge Elimination System administrative regulations. The most recent revisions, effective 2009, were submitted to EPA and EPA partially approved Kentucky’s administrative regulations in February 2012. The revisions to this administrative regulation are necessary to clarify that Kentucky’s regulations are no less stringent that the federal regulations and to gain full approval from EPA. The previously filed amendments referred to the July 1, 2011 version of 40 C.F.R. Part 122. This amendment updates the references to the July 1, 2012 version of 40 C.F.R. Part 122. The changes in that federal regulation between July 1, 2011 and July 1, 2012 include changes in the National Pollutant Discharge Elimination System Permit Regulation for Concentrated Animal Feeding Operations; specifically the removal of provisions in response to the 2011 6th Circuit Court decision in the case of National Pork Producers Council v. U.S. EPA, which vacated the portion of the 2008 regulation that required CAFOs that proposed to discharge for apply to an NPDES permit, a proposed rule in the National Pollutant Discharge Elimination System (NPDES); specifically, the Concentrated Animal Feeding Operation (CAFO) Reporting Rule (N.B. this rule has been subsequently withdrawn), and the Notice of Proposed Revisions to Stormwater Regulations to clarify that an NPDES permit is not required for stormwater discharges from logging roads.

(c) How the amendment conforms to the content of the authorizing statutes: This amendment conforms to KRS 224.16-050, which authorizes the cabinet to implement the Federal Water Pollution Control Act.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This administrative regulation affects individuals, businesses, and organizations that are engaged in the regulated activity that requires an NPDES permit. No additional regulatory costs are anticipated.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: The amendment to the administrative regulation does not change the way the program is implemented; no additional costs are anticipated.

(b) In complying with this administrative regulation or amendment, how much will the cost of each of the entities identified in question (3): Under this regulation, individuals, businesses, and organizations are not expected to experience any additional cost. Because these requirements are already in federal requirements, amending this regulation for consistency with federal regulations will create no additional economic burden upon affected entities.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The regulations and permit requirements will not be confused by inconsistencies between existing regulations and the updated federal regulations.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: No additional cost is anticipated.

(b) On a continuing basis: No additional cost is anticipated.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation? Existing permit fees, General Funds, and EPA Funds. This amendment does not change any source of funding.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No additional fees or funding are expected to support this amendment.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increased any fees: This amendment does not directly or indirectly affect fees.

(9) TIERING: Is tiering applied? Permit requirements are tied based upon the nature and size of the wastewater discharge.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT
1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? This regulation affects wastewater treatment systems that discharge to waters of the
Commonwealth. This amendment affects all units of state or local government that have a KPDES discharge permit.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 278.100(2), 278.150, 807 KAR 5:001.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. Because these requirements are already in federal regulations, amending this regulation for consistency with federal regulations will create no additional economic burden upon state or local agencies.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? This amendment is not expected to impact revenue.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? None.

(c) How much will it cost to administer this program for the first year? No additional cost is expected.

(d) How much will it cost to administer this program for subsequent years? None. No additional cost is expected.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate.
2. State compliance standards. KRS 224.16-050
3. Minimum or uniform standards contained in the federal mandate. The federal standard requires that delegated states meet or exceed the federal requirements for water pollution prevention developed under the Clean Water Act, as Amended (33 U.S.C. 1251-1387).
4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements than those required by the federal mandate? No.
5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. Not applicable.

Section 2. General Offices and Hearings. (1) The commission shall be in continuous session for the performance of administrative duties.
(2) Meetings of the commission for the consideration of all matters requiring formal hearings shall be held on days, at hours, and at places as the commission may designate.

(3) The commission shall provide notice of hearing in a case by order except when a hearing is not concluded on the designated day and the presiding officer verbally announces the date for continuation of the hearing. Verbal announcements made by the presiding officer shall be deemed proper notice of the continued hearing.

Section 3. Executive Director to Furnish Information. (1) Upon request, the executive director shall:
(a) Advise any person as to the form of a petition, complaint, answer, application, or other document desired to be filed;
(b) Provide general information regarding the commission's procedures and practices; and
(c) Make available from the commission's files, upon request, any document or record pertinent to any matter before the commission unless KRS 61.878 expressly exempts the document or record from inspection or release.

(2) The executive director may reject for filing any document which on its face does not comply with the administrative regulations of the commission.

Section 4. General Matters Pertaining to All Formal Proceedings. (1) Address of the commission. All communications shall be addressed to "Public Service Commission, 211 Sower Boulevard, Post Office Box 615, Frankfort, Kentucky 40601."
(2) Case numbers and styles. Each case shall receive a number and a style descriptive of the subject matter. The number and style shall be placed on all subsequent documents filed in the case.

(3) Signing of papers[pleadings].
(a) A paper[pleading] shall be signed by the submitting party or attorney and shall include the name, address, telephone number, facsimile number, and electronic mail address, if any, of the

(5) Amendments. Upon motion of a party, the commission may
allow any complaint, application, answer, or other paper[pleading
or document] to be amended or corrected or any omission sup-
plied therein. Unless the commission orders otherwise, the
amendment shall not relate back to the date of the original pa-
per[pleading or document].

(6) Witnesses and subpoenas.
(a) Upon the written request[application] of any party to a pro-
cceeding, subpoenas requiring the attendance of witnesses for
the purpose of taking testimony may be signed and issued by a
member of the commission.

(b) Subpoenas for the production of books, accounts, docu-
ments, or records (unless directed to issue by the commission on
its own authority) may be issued by the commission, or any com-
missioner, upon written request[application in writing], stating
as nearly as possible the books, accounts, documents, or records
desired to be produced.

(c) A party shall submit a completed subpoena with its written
request[application] when necessary.

(d) Every subpoena shall be served, in the manner prescribed
by subsection (8) of this section, on each party and any person
when information is being requested.

(e) Copies of all documents received in response to a subpoe-
na shall be filed with the commission and furnished to all other
parties to the case, except on motion and for good cause shown.
Any other tangible evidence received in response to the subpoena
shall be made available for inspection by the commission and all
other parties to the action.

(7) Computation of Time.

(a) In computing any period of time prescribed or allowed by
order of the commission or by any applicable administrative regula-

tion or statute, the day of the act, event, or default after which the
designated period of time begins to run shall not be included.

(b) The last day of the period so computed shall be included,
unless it is a Saturday, a Sunday, a legal holiday, or other day
commission offices are legally closed, in which event the period
shall run until the end of the next day which is not a Saturday, a
Sunday, a legal holiday, or other day commission offices are legal-
ly closed.

(8) Service.

(a) Unless the commission orders otherwise, service shall be
made upon the party’s attorney when the party is represented by
an attorney.

(b) Service upon an attorney or upon a party shall be made by
delivering a copy to the attorney or party or by mailing it by United
States mail or other recognized mail carrier to the attorney or
party at the last known address or by sending it by electronic
means to the electronic mail address listed on paper[pleadings]
that the attorney or party has submitted in the case. Service shall
be complete upon mailing or electronic transmission. If a serving
party learns that the mailing or electronic transmission did not
reach the person to be served, the serving party shall take
reasonable steps to immediately re-serve the party to be
served, unless service is refused, in which case the serving
party shall not be required to take additional action. but elec-
tronic transmission shall not be effective if the serving party
learns that it did not reach the person to be served.

(9) Filing.

(a) Unless electronic filing procedures set forth in Section 8 of
this administrative regulation are used, a document shall not be
deemed filed with the commission until it is physically received by
the executive director at the commission’s offices during the com-
mision’s official business hours.

(b) The executive director shall endorse upon each paper
[pleading] or document accepted for filing the date of its filing. The
endorsement shall constitute the filing of the paper[pleading]
or document.

(10) Privacy protection for filings.

(a) If a party files a document containing an individual’s social
security number, taxpayer identification number, birth date, or a
financial account number, the party shall redact the document so
the following information cannot be read:

1. The digits of the Social Security number or taxpayer identifi-
cation number;

2. The month and day of an individual’s birth; and

3. The digits of the financial account number.

(b) To redact the document, the filing party shall replace the
identifiers with neutral placeholders or cover the identifiers with an
indelible mark, that so obscures the identifiers that they cannot be
read.

(c) The executive director shall not be required to review doc-
cuments for compliance with this section. The responsibility to re-
dact a document shall rest with the party that files the document.

(11) Intervention and parties.

(a) In any formal proceeding, any person who wishes to be-
come a party to a proceeding before the commission may by timely
motion request that leave to intervene be granted. The motion shall
include the movant’s name and address and shall state his or her
interest, the purpose of taking testimony may be signed and issued by a
member of the commission.

(b) Subpoenas for the product

(c) Unless electronic filing procedures established in Sec-
tion 8 of this administrative regulation are used, a party shall
serve a person[Persons] granted leave to intervene[shall be
served] with filed testimony, exhibits, papers[pleadings], corres-
pondence, and all other documents that the party sub-
mits[submitted by the parties] in the case after the order grant-
ing intervention, but is not required to provide any documents
submitted prior to the issuance of that order.

(d) Any person who the commission has not granted leave to
intervene in a case may file written comments regarding the sub-
ject matter of the case. These comments shall be filed in the case
record. A person filing written comments shall not be deemed
a party to the proceeding and need not be named as a party to
an appeal.

Section 5. Motion Practice. (1) All requests for relief which are
not required to be made in an application, petition, or written
request[pleading] shall be by motion. A motion shall state pre-
cisely the relief requested.

(b) Unless the commission orders otherwise, a party to a case
shall file any response to a motion no later than seven (7) days
from the date of filing of a motion.

(3) Unless the commission orders otherwise, a party shall file
any reply no later than five (5) days of the filing of the most recent
response to the party’s motion. The reply shall be confined to
points raised[limited to the matters initially raised] in the re-
sponse to which they are addressed, and shall not reiterate an
argument already presented to the party’s motion.

Section 6. Certificate of Service. All documents served under
these administrative regulations shall have a proof of service certi-
fication. Proof of service shall state the date and method of service
and shall be signed by a person who can verify service.

Section 7. Filing Procedures. (1) Unless the commission orders
otherwise or the electronic filing procedures set forth in Section 8
of this administrative regulation are used, when a[an original]
document in paper medium is filed with the commission, ten (10)
additional copies in paper medium shall also be filed.
(2) All documents filed with the commission shall conform to the requirements established in this subsection.

(a) Form. Filings shall be printed or typewritten, double spaced and on one (1) side of the paper only.

(b) Size. Filings shall be on eight and one-half (8 1/2) inches by eleven (11) inches paper stock.

(c) Font. Filings shall be in type no smaller than twelve (12) point, except footnotes which may be in type no smaller than ten (10) point.

(d) Binding. Any side-bound or top-bound filing shall also include an identical unbound copy.

(3) Except as provided for in Section 8 of this administrative regulation, any filing made with the commission outside its business hours shall be considered as filed on the commission’s next business day.

(4) Documents submitted by facsimile transmission shall not be accepted.

Section 8. Electronic Filing Procedures. (1) Upon an applicant’s timely election of the use of electronic filing procedures or upon order[decision] of the commission in a case that the commission has initiated on its own motion, the procedures established in this section shall be used in lieu of other filing procedures set forth in this administrative regulation.

(2) At least seven (7) days prior to the submission of its application, an applicant shall:

(a) File with the commission written notice of its election to use electronic filing procedures using the Notice of Election of Electronic Filing Procedures Form; and

(b) If it does not have an account for electronic filing with the commission, register for an account at http://psc.ky.gov/Account/Register.

(3) All paper[documents], documents, and exhibits shall be filed with the commission by uploading an electronic version of the document using the commission’s E-Filing System at http://psc.ky.gov. In addition, the filing party shall file one (1) original with the commission as required by subsection (12)(a)2. of this section.

(4) Each file in an electronic submission shall be:

(a) In portable document format;

(b) Search–capable;

(c) Optimized for viewing over the Internet;

(d) Bookmarked to distinguish sections of the paper, except that documents filed in response to requests for information need not be individually bookmarked[pleading or document]; and

(e) If a scanned document, scanned at a resolution of no less than 300 dots per inch.

(5)(a) All electronic submissions shall include an introductory file in portable document format that is named “Read1st” and that contains:

1. A general description of the filing;

2. A list of all materials not included in the electronic filing; and

3. A statement attesting that the electronically filed documents are a true representation of the original documents.

(b) The “Read1st” file and any other document that normally contains a signature shall contain a signature in the electronically submitted document.

(c) The electronic version of the cover letter accompanying the paper medium filing may be substituted for a general description.

(d) If the electronic submission does not include all documents contained in the paper medium version (e.g., confidential materials, materials that are too large to transfer by electronic medium), the absence of these documents shall be noted in the “Read1st” document.

(6)(a) An electronic transmission or uploading session shall not exceed twenty (20) files.

(b) An individual file shall not exceed fifty (50) megabytes.

(c) If a filing party’s submission exceeds the limitations established in paragraph (a) or (b) of this subsection, the filing party shall make its electronic submission in two (2) or more consecutive electronic transmissions or uploading sessions.

(7) If filing any document with the commission, the filing party shall certify that:

(a) The electronic version of the filing is a true and accurate copy of each document filed in paper medium;

(b) The electronic version of the filing has been transmitted to the commission;

(c) A copy of the filing in paper medium has been mailed to all parties that the commission has excused from participation by electronic means.

(8)(a) Upon completion of a party’s uploading of an electronic submission, the commission shall cause an electronic mail message to be sent to all parties of record advising that an electronic submission has been made to the commission.

(b) Upon a party’s receipt of this message, it shall be the receiving party’s responsibility to access the commission’s electronic file depository at http://psc.ky.gov and view or download the submission.

(9) Unless it states its objection to the use of electronic filing procedures in its motion for intervention, a party granted leave to intervene shall:

1. It waives any right to service of commission orders by United States mail; and

2. It, or its authorized agent, possesses the facilities to receive electronic transmissions.

(10) Unless a party to a case states its objection to the use of electronic filing procedures within seven (7) days of issuance of an order in which the commission orders the use of electronic filing procedures on its own motion, that party shall:

(a) Be deemed to have consented to the use of electronic filing procedures and the service of all documents and pleadings, including orders of the commission, by electronic means; and

(b) File with the commission within seven (7) days of the date of an order directing the use of electronic filing procedures a written statement that:

1. It waives any right to service of commission orders by United States mail; and

2. It, or its authorized agent, possesses the facilities to receive electronic transmissions.

(11) If a party objects to the use of electronic filing procedures and the commission determines that good cause exists to excuse that party from the use of electronic filing procedures, service of documents on that party shall be made in accordance with Section 4(8) of this administrative regulation.

(12)(a) A document shall be considered timely filed with the commission if:

1. It has been successfully transmitted in electronic medium to the commission within the time allowed for filing and meets all other requirements imposed by this administrative regulation and any order of the commission; and

2. The original document, in paper medium, is filed at the commission’s offices no later than the second business day following the electronic filing.

(b) Parties shall attach to the top of the paper submission a[copy] copy in paper medium of the electronic mail message from the commission confirming transmission and receipt of its electronic submission.

(13) Except as expressly provided in this section, a party making a filing in accordance with the procedures set forth in this section shall not be required to comply with Section 4(8) of this administrative regulation.

Section 9. Hearings and Rehearings. (1) Except as otherwise determined in specific cases, the commission shall grant a hearing in the following classes of cases:

(a) If an order to satisfy or answer a complaint has been made and the person complained of has not satisfied the complaint to the satisfaction of the commission; or

(b) If an application has been made in a formal proceeding.
Section 10. Briefs. (1) All briefs shall be filed within the time fixed. The commission may refuse to consider any brief filed beyond the time fixed. Any request for extension of time to file a brief shall be made to the commission by written motion.

(2) Form of briefs. All briefs filed with the commission shall be in the form prescribed by the commission.

(3) A person wishing to submit an amicus curiae brief shall file a motion with the commission specifying with particularity the nature of his or her interest, the points to be presented, and their relevance to the disposition of the case. This motion shall be filed within fifteen (15) days of the time fixed for the filing of the parties' briefs. An amicus curiae brief shall be tendered with the motion.

Section 11. Documentary Evidence. (1) If documentary evidence is offered, the commission, in lieu of requiring the originals to be filed, may accept certified, or otherwise authenticated, copies of the documents or portions of the same as may be relevant, or may require evidence to be entered as a part of the record.

(2) Where relevant and material matter offered in evidence by any party is embraced in a book, paper, or document containing other matter not material or relevant, the party shall plainly designate the matter so offered. If any immaterial matter unnecessarily encumbers the record, the book, paper or document shall not be received in evidence, but may be described for identification, and if properly authenticated, the relevant and material matter may be read into the record, or, at the discretion of the commission conducting the hearing, so directs, a true copy of the matter in proper form shall be received as an exhibit, and like copies delivered by the parties offering same to opposing parties, or their attorneys, appearing at the hearing, who shall be offered the opportunity to examine the book, paper or document, and to offer evidence in like manner other portions thereof if found to be material and relevant.

(3) Each book, paper, or document may be offered in evidence as a whole, or in any part, and any part of the book, paper or document, or any other matter that may aid in the handling and disposition of the case. Unless the commission directs otherwise or the parties otherwise agree, participation to provide opportunity for settlement of a proceeding or any issues, the parties to a proceeding may meet in the presence of commission staff upon approval of the executive director. Participation in conferences with commission staff shall be limited to parties of the subject proceeding and their representatives.

(4) Conduct of hearings. Hearings shall be conducted before the commission or a commissioner or before a person designated by the commission to conduct a specific hearing.

(5) Stipulation of facts. By a stipulation in writing filed with the commission, the parties to any proceeding or investigation by the commission may agree upon the facts or any portion of the facts involved in the proceeding or investigation; or any other matter that may aid in the handling and disposition of the case. The sheets of each exhibit shall be numbered. If, and if the exhibit consists of two (2) or more sheets, the first sheet or title page shall contain a brief statement of what the exhibit purports to show, with reference by sheet and line to illustrative or typical examples contained in the exhibit. Rate comparisons and other evidence shall be condensed into tables.

(6) Record of evidence. (a) The commission shall cause to be made a record of all hearings. Unless the commission orders otherwise, this record shall be in digital video recording. A party to a case may, by motion made prior to the hearing, request that a stenographic transcript be made by a reporter approved by the commission. The commission shall grant the motion. The requesting party shall bear the cost of the stenographic transcript and shall ensure a copy of the transcript is filed with the commission within a reasonable time after completion of the hearing.

(b) The commission shall cause to be made a written exhibit list, a written hearing log, and a written log listing the date and time of where each witness’ testimony begins and ends on the digital video recording. If a party introduces an exhibit that is neither a document nor a photograph, the commission may direct a photograph of the exhibit be substituted for the exhibit.

Section 10. Briefs. (1) All briefs shall be filed within the time
(6) Each note outstanding, giving date of issue, amount, date of maturity, rate of interest, in whose favor, together with amount of interest paid during the last fiscal year;

(7) Other indebtedness, giving security by classes and describing security. If any, with a brief statement of the devolution or assumption of any portion of the indebtedness upon or by person or corporation if the original liability has been transferred, together with amount of interest paid during the last fiscal year;

(8) Rate and amount of dividends paid during the five (5) previous fiscal years, and the amount of capital stock on which dividends were paid each year; and

(9) Detailed income statement and balance sheet.

Section 13. Confidential Material. (1) All material on file with the commission shall be available for examination by the public unless the commission or the official custodian of the commission’s records determines the material is confidential.

(2) Procedure for determining confidentiality of material submitted to the commission in a case.

(a) Any person requesting confidential treatment of any material shall file a motion that:

1. Sets forth specific grounds pursuant to KRS 61.878, upon which the commission should classify that material as confidential;

2. States the time period in which the material should be treated as confidential and the reasons for this time period; and

3. Includes, in a separate sealed envelope marked confidential,[and 2. Attaches] one (1) copy of the material in paper medium which identifies by underscoring, highlighting with transparent ink, or other reasonable means only those portions which unless redacted would disclose confidential material. Text pages or portions thereof which do not contain confidential material shall not be filed in whole or in part, in the manner a motion for confidential treatment is sought for an entire document, unambiguous written notification that the entire document is confidential may be filed with the document in lieu of the required highlighting.

(b) The motion, one (1) copy of the material in paper medium which is identified by underscoring or highlighting, and ten (10) copies of the material in paper medium with those portions obscured for which confidentiality is sought, shall be filed with the commission.

(c) The motion and one (1) copy of the material in paper medium, with only those portions for which confidentiality is sought obscured, shall be served upon all parties. The motion shall contain a certificate of service on all parties.

(d) The burden of proof to show that the material falls within the exclusions from disclosure requirements enumerated in KRS 61.878 and to demonstrate the time period for which the material should be considered as confidential shall be upon the party requesting confidential treatment.

(e) Any party may respond to a motion for confidential treatment within seven (7) days after it is filed with the commission.

(f) If the case is being conducted using electronic filing procedures set forth in Section 8 of this administrative regulation, the parties shall comply with those procedures except that an unobscured copy of the material for which confidentiality is sought shall not be transmitted electronically.

(3) Procedure for determining confidentiality of material submitted outside of a formal proceeding.

(a) Any person requesting confidential treatment of any material filed with the commission outside of a case shall submit a written request to the executive director that:

1. Sets forth specific grounds upon which the material should be classified as confidential;

2. States the time period in which the material should be treated as confidential and the reasons for this time period; and

3. Includes, in a separate sealed envelope marked confidential,[and 2. Attaches] one (1) copy of the material in paper medium which identifies by underscoring, highlighting with transparent ink, or other reasonable means only those portions which unless redacted would disclose confidential material. Text pages or portions thereof which do not contain confidential material shall not be included in this identification. If confidential treatment is sought for an entire document, unambiguous written notification that the entire document is confidential may be filed with the document in lieu of redacting the document.

(b) The written request, one (1) copy of the material in paper medium which is identified by underscoring or highlighting, and one (1) copy of the material in paper medium with those portions obscured for which confidentiality is sought, shall be filed with the commission.

If confidential treatment is sought for an entire document, the filer may file a sheet noting that the entire document is confidential in lieu of redacting the document.

(c) The burden of proof to show that the material falls within the exclusions from disclosure requirements set forth in KRS 61.878 and to demonstrate the time period for which the material should be considered as confidential shall be upon the person requesting confidential treatment.

(d) The executive director, as official custodian of the commission, shall file a motion that:

1. Sets forth specific grounds pursuant to KRS 61.878, upon which the commission shall classify that material as confidential;

2. States the time period in which the material should be treated as confidential and the reasons for this time period; and

3. Includes, in a separate sealed envelope marked confidential,[and 2. Attaches] one (1) copy of the material in paper medium which identifies by underscoring, highlighting with transparent ink, or other reasonable means only those portions which unless redacted would disclose confidential material. Text pages or portions thereof which do not contain confidential material shall not be included in this identification. If confidential treatment is sought for an entire document, unambiguous written notification that the entire document is confidential may be filed with the document in lieu of redacting the document.

(4) Pending commission action on a request or motion for confidential treatment, the material specifically identified shall be accorded confidential treatment.

(b) The written request, one (1) copy of the material in paper medium which is identified by underscoring or highlighting, and ten (10) copies of the material in paper medium with those portions obscured for which confidentiality is sought, shall be submitted with the petition.

(c) The motion and one (1) copy of the material in paper medium, with only those portions for which confidentiality is sought obscured, shall be served upon all parties. The motion shall contain a certificate of service on all parties.

(d) The burden of proof to show that the material falls within the exclusions from disclosure requirements set forth in KRS 61.878 and to demonstrate the time period for which the material should be considered as confidential shall be upon the party requesting confidential treatment.

(e) Any party may respond to a motion for confidential treatment within seven (7) days after it is filed with the commission.

(f) If the case is being conducted using electronic filing procedures set forth in Section 8 of this administrative regulation, the parties shall comply with those procedures except that an unobscured copy of the material for which confidentiality is sought shall not be transmitted electronically.

(3) Procedure for determining confidentiality of material submitted outside of a formal proceeding.

(a) Any person requesting confidential treatment of any material filed with the commission outside of a case shall submit a written request to the executive director that:

1. Sets forth specific grounds upon which the material should be classified as confidential;

2. States the time period in which the material should be treated as confidential and the reasons for this time period; and

3. Includes, in a separate sealed envelope marked confidential,[and 2. Attaches] one (1) copy of the material in paper medium which identifies by underscoring, highlighting with transparent ink, or other reasonable means only those portions which unless redacted would disclose confidential material. Text pages or portions thereof which do not contain confidential material shall not be included in this identification. If confidential treatment is sought for an entire document, unambiguous written notification that the entire document is confidential may be filed with the document in lieu of redacting the document.

(b) The written request, one (1) copy of the material in paper medium which is identified by underscoring or highlighting, and one (1) copy of the material in paper medium with those portions obscured for which confidentiality is sought, shall be filed with the commission.

If confidential treatment is sought for an entire document, the filer may file a sheet noting that the entire document is confidential in lieu of redacting the document.

(c) The burden of proof to show that the material falls within the exclusions from disclosure requirements set forth in KRS 61.878 and to demonstrate the time period for which the material should be considered as confidential shall be upon the person requesting confidential treatment.

(d) The executive director, as official custodian of the commission, shall file a motion that:

1. Sets forth specific grounds pursuant to KRS 61.878, upon which the commission shall classify that material as confidential;

2. States the time period in which the material should be treated as confidential and the reasons for this time period; and

3. Includes, in a separate sealed envelope marked confidential,[and 2. Attaches] one (1) copy of the material in paper medium which identifies by underscoring, highlighting with transparent ink, or other reasonable means only those portions which unless redacted would disclose confidential material. Text pages or portions thereof which do not contain confidential material shall not be included in this identification. If confidential treatment is sought for an entire document, unambiguous written notification that the entire document is confidential may be filed with the document in lieu of redacting the document.

(4) Pending commission action on a request or motion for confidential treatment, the material specifically identified shall be accorded confidential treatment.

(b) The written request, one (1) copy of the material in paper medium which is identified by underscoring or highlighting, and ten (10) copies of the material in paper medium with those portions obscured for which confidentiality is sought, shall be submitted with the petition.

(c) The motion and one (1) copy of the material in paper medium, with only those portions for which confidentiality is sought obscured, shall be served upon all parties. The motion shall contain a certificate of service on all parties.

(d) The burden of proof to show that the material falls within the exclusions from disclosure requirements set forth in KRS 61.878 and to demonstrate the time period for which the material should be considered as confidential shall be upon the party requesting confidential treatment.

(e) Any party may respond to a motion for confidential treatment within seven (7) days after it is filed with the commission.

(f) If the case is being conducted using electronic filing procedures set forth in Section 8 of this administrative regulation, the parties shall comply with those procedures except that an unobscured copy of the material for which confidentiality is sought shall not be transmitted electronically.

(3) Procedure for determining confidentiality of material submitted outside of a formal proceeding.

(a) Any person requesting confidential treatment of any material filed with the commission outside of a case shall submit a written request to the executive director that:

1. Sets forth specific grounds upon which the material should be classified as confidential;

2. States the time period in which the material should be treated as confidential and the reasons for this time period; and

3. Includes, in a separate sealed envelope marked confidential,[and 2. Attaches] one (1) copy of the material in paper medium which identifies by underscoring, highlighting with transparent ink, or other reasonable means only those portions which unless redacted would disclose confidential material. Text pages or portions thereof which do not contain confidential material shall not be included in this identification. If confidential treatment is sought for an entire document, unambiguous written notification that the entire document is confidential may be filed with the document in lieu of redacting the document.

(b) The written request, one (1) copy of the material in paper medium which is identified by underscoring or highlighting, and one (1) copy of the material in paper medium with those portions obscured for which confidentiality is sought, shall be filed with the commission.

If confidential treatment is sought for an entire document, the filer may file a sheet noting that the entire document is confidential in lieu of redacting the document.

(c) The burden of proof to show that the material falls within the exclusions from disclosure requirements set forth in KRS 61.878 and to demonstrate the time period for which the material should be considered as confidential shall be upon the person requesting confidential treatment.

(d) The executive director, as official custodian of the commission, shall file a motion that:

1. Sets forth specific grounds pursuant to KRS 61.878, upon which the commission shall classify that material as confidential;

2. States the time period in which the material should be treated as confidential and the reasons for this time period; and

3. Includes, in a separate sealed envelope marked confidential,[and 2. Attaches] one (1) copy of the material in paper medium which identifies by underscoring, highlighting with transparent ink, or other reasonable means only those portions which unless redacted would disclose confidential material. Text pages or portions thereof which do not contain confidential material shall not be included in this identification. If confidential treatment is sought for an entire document, unambiguous written notification that the entire document is confidential may be filed with the document in lieu of redacting the document.

(b) The written request, one (1) copy of the material in paper medium which is identified by underscoring or highlighting, and one (1) copy of the material in paper medium with those portions obscured for which confidentiality is sought, shall be filed with the commission.

If confidential treatment is sought for an entire document, the filer may file a sheet noting that the entire document is confidential in lieu of redacting the document.
has previously been deemed confidential shall submit with the filed material:
1. A written notice identifying the date on which the confidentiality of the original material was determined and, if applicable, the case number in which the determination was made; and
2. One (1) copy of the filed material which is identified by underlining or highlighting, and ten (10) copies of the material with those portions obscured for which confidentiality has previously been granted.

The party seeking to address the confidential material shall advise the commission prior to the use of the material.

All persons other than commission employees not a party to a protective agreement related to the confidential material shall be excused from the hearing room during direct testimony and cross-examination directly related to confidential material.

Any portion of the record directly related to the confidential material shall be sealed.

Material granted confidentiality which later becomes publicly available or otherwise no longer warrants confidential treatment.

(a) Except as provided for in paragraphs (c) and (d) of this subsection, confidential material shall be treated as confidential and shall be made available to the requesting party no later than the period specified in the commission’s order or executive director’s written decision, no more than two (2) years. At the end of this period the person who sought confidential treatment for the material shall request that the material continue to be treated as confidential and shall demonstrate that the material still contains inclusions from disclosure requirements established in KRS 61.878. If a request is not made for continued confidential treatment, the material shall be placed in the public record. If a request is not made for continued confidential treatment, the material shall be placed in the public record without notice to the person who originally requested confidential treatment. The person who sought confidential treatment for the material may request that the material continue to be treated as confidential but shall demonstrate that the material still falls within the exclusions from disclosure requirements established in KRS 61.878.

(b) The petitioner who sought confidential protection shall inform the commission in writing at any time when any material granted confidentiality becomes publicly available.

(c) If the commission becomes aware that material granted confidentiality is publicly available or otherwise no longer qualifies for confidential treatment, the commission shall notify the petitioner who sought confidential protection, giving ten (10) days to respond. If the commission finds that material has been disclosed by someone other than the person who requested confidential treatment, in violation of a protective agreement or commission order, the information shall not be deemed or considered to be publicly available and shall not be placed in the public record.

(d) If a request to inspect material granted confidential treatment is made during the period specified in the commission’s order or executive director’s written decision, the commission shall notify in writing the person who originally sought confidential treatment for the material and direct him to demonstrate within twenty (20) days of his receipt of the notice that the material still contains inclusions from disclosure requirements established in KRS 61.878. If he is unable to make the demonstration, the commission shall make the requested materials available for public inspection. Otherwise, the commission shall deny the request for inspection.

(e) The material shall not be placed in the public record for twenty (20) days following any order finding that the material no longer qualifies for confidential treatment to allow the petitioner to seek a remedy afforded by law.

Section 14. Applications. (1) Contents of application. All applications shall be by petition. The petition shall set forth the full name, mailing address, and electronic mail address of the applicant, and shall contain fully the facts on which the application is based, with a request for the order, authorization, permission, or certificate desired and a reference to the particular law requiring or providing for same.

(a) Articles of incorporation.

(1) If the applicant is a corporation, a certified copy of its articles of incorporation and all amendments, if any, shall be annexed to the application, or a written statement attesting that its articles and all amendments have been filed with the commission in a prior proceeding and referencing the case number of the prior proceeding.

(b) If the applicant is a limited liability company, a certified copy of its articles of organization and all amendments, if any, shall be annexed to the application, or a written statement attesting that its articles and all amendments have been filed with the commission in a prior proceeding and referencing the case number of the prior proceeding.

(c) If the applicant is a limited partnership, a certified copy of its limited partnership agreement and all amendments, if any, shall be annexed to the application, or a written statement attesting that its limited partnership agreement and all amendments have been filed with the commission in a prior proceeding and referencing the case number of the prior proceeding.

Section 15. Applications for Certificates of Public Convenience and Necessity. (1) Application to bid on a franchise pursuant to KRS 278.020(3). Upon application to the commission by the utility for a certificate of convenience and necessity authorizing the applicant to bid on a franchise, license, or permit offered by any governmental agency, the applicant shall submit with its application, the following:

(a) A copy of its articles of incorporation, partnership agreement, or limited liability company statute; and an attorney general’s opinion or declaration, as applicable, that the proposed new construction or extension, as well as the location to which same will be constructed, and also the names of all public utilities, corporations, or persons with whom the proposed new construction or extension is likely to compete;

(b) Copies of franchises or permits, if any, from the proper public authority for the proposed new construction or extension, if not previously filed with the commission;

(c) A full description of the proposed location, route, or routes of the new construction or extension, including a description of the manner in which same will be constructed, and also the names of all public utilities, corporations, or persons with whom the proposed new construction or extension is likely to compete;

(d) Maps to scale of any like facilities owned by others located anywhere within the map area with adequate identification as to the ownership of the other facilities. The utility shall supply one (1) copy of each map in an electronic format and one (1) copy of each map in a paper format;

(e) The manner in detail in which it is proposed to finance the new construction or extension;

(f) An estimated annual cost of operation (thirty (30) days) after the proposed facilities are placed into service (completed), and confidential treatment is excused from the hearing room during direct testimony and cross-examination related to confidential material.

(g) All other information necessary to afford the commission a complete understanding of the situation.

Section 14. Applications. (1) Contents of application. All applications shall be by petition. The petition shall set forth the full name, mailing address, and electronic mail address of the applicant, and shall contain fully the facts on which the application is based, with a request for the order, authorization, permission, or certificate desired and a reference to the particular law requiring or providing for same.
ment, property or facilities, or conflict with the existing certificates or service of other utilities operating in the same area and under the jurisdiction of the commission that are in the general or conti-

guous area in which the utility renders service, and that do not involve sufficient capital outlay to materially affect the existing fi-
nancial condition of the utility involved, or will not result in in-
creased charges to its customers.

(4) Renewal applications. Insofar as procedure is concerned, applications for a renewal of a certificate of convenience and ne-
cessity shall be treated as an original application.

Section 16. Applications for General Adjustments in Existing
Rates. (1) All applications requesting a general adjustment in exist-
ing rates shall:

(a) Be supported by:

1. A twelve (12) month historical test period which may include
adjustments for known and measurable changes; or
2. A fully forecasted test period; and
(b) Include:

1. A statement of the reason the adjustment is required;
2. If the utility is incorporated or is a limited partnership, a cer-
tificate of good standing or certificate of authorization dated within
sixty (60) days of the date the application is filed;
3. A certified copy of a certificate of assumed name as required
by KRS 365.015 or a statement that a certificate is not necessary;
4. A summary of new or revised tariff sheets or a format which
complies with 807 KAR 5:011 with an effective date not less than thirty (30)
days from the date the application is filed;
5. Any new or revised tariff sheets identified in compliance with
807 KAR 5:011, shown either by:
   a. Providing the present and proposed tariffs in comparative
form on the same sheet side by side or on facing sheets side by
side;
   b. Providing a copy of the present tariff indicating proposed
additions by italicized inserts or underscoring and striking over
proposed deletions; and
6. A statement that customer notice has been given in com-
pliance with subsections (3) and (4) of this section with a copy of
the notice.
7. For the purposes of this administrative regulation, an affiliate
is an entity:
   a. That is wholly owned by a utility;
   b. In which a utility has a controlling interest;
   c. That wholly owns a utility;
   d. That has a controlling interest in a utility;
   e. That is under common control with the utility.
8. For the purposes of this administrative regulation, a utility, or
other entity, shall include a controlling interest in, or be
under common control with, an entity or utility if it:
   a. Directly or indirectly has the power to direct, or to cause the
direction of, the management or policies of any entity; and
b. Exercises that power:
   (i) Through one (1) or more intermediary companies, or alone;
   (ii) In conjunction with, or pursuant to an agreement;
   (iii) Through ownership of ten (10) percent or more of the vot-
ing securities;
   (iv) Through common directors, officers, stockholders, voting or
holding trusts, associated companies;
   (v) Contract; or
   (vi) Any other direct or indirect means.
(2) Notice of intent. A utility with gross annual revenues greater
than $5,000,000 shall notify the commission in writing of intent to
file a rate application at least thirty (30) days, but not more than
sixty (60) days, prior to filing its application. The notice of intent
shall state whether the rate application will be supported by a his-
torical test period or a fully forecasted test period. When filing the
notice of intent, an application may be made to the commission for
permission to use an abbreviated form of newspaper notice of
proposed rate changes. The notice shall provide the date of the
proposed rate changes which may be used to obtain a copy from the applicant of the full
schedule of increases or rate changes. The applicant shall also
transmit by electronic mail a copy of the notice in a portable docu-
ment format to the Attorney General’s Office of Rate Intervention at
rateintervention@ag.ky.gov.

(3) Manner of notification.
(a) If the utility has twenty (20) or fewer customers or is a se-
verage utility, it shall:
   i. Mail written notice to each customer no later than the date
on which the application is filed with the commission. The notice
shall meet the requirements set forth in subsection (4) of this sec-
tion;
   ii. Post at its place of business no later than the filed date of
the application a sheet containing the information provided in the
written notice to its customers; and
   iii. Keep the notice posted until the commission has issued a
final decision on the application.
(b) An applicant that has more than twenty (20) customers and
is not a sewage utility shall post at its place of business a sheet
containing the information required by subsection (4) of this section
and shall:
   i. Include notice with customer bills mailed by the date the
application is filed;
   ii. Publish notice in a trade publication or newsletter going to all
customers by the date the application is filed; or
   iii. Publish notice once a week for three (3) consecutive weeks
in a prominent manner in a newspaper of general circulation in the
utility’s service area, the first publication to be made by the date the
application is filed.
(c) Utilities providing service in multiple counties may use a
combination of the notice methods listed in paragraph (b) of this
subsection.
(d) Notice given pursuant to this administrative regulation
shall satisfy the requirements of 807 KAR 5:051, Section
2.(subsection(3)(b) of this section.)
(4) Notice Requirements. Each notice shall contain the follow-
ing information:
(a) The present rates and proposed rates for each customer
class to which the proposed rates will apply;
(b) The amount of the change requested in both dollar
amounts and percentage change for customer classification to
which the proposed rate change will apply;
(c) The amount of the average usage and the effect upon the
average bill for each customer class to which the proposed rate
change will apply, except for local exchange companies which
shall include the effect upon the average bill for each customer
class for the proposed rate change in basic local service;
(d) A statement that the rates contained in this notice are the
rates proposed by (name of utility) but that the Public Service
Commission may order rates to be charged that differ from the
proposed rates contained in this notice;
(e) A statement that any corporation, association, or person
may within thirty (30) days after the initial publication or mailing of
notice of the proposed rate changes, submit a written request to
intervene to the Public Service Commission, 211 Sower Boulevard,
P.O. Box 615, Frankfort, Kentucky 40602 that sets forth the
grounds for the request including the status and interest of the
party, and states that intervention may be granted beyond the thirty
(30) day period for good cause shown;
(f) A statement that written comments regarding the pro-
posed rate may be submitted to the Public Service Commis-

sion by mail or through the Public Service Commission’s Web
site;
(g) A statement that any person may examine this filing and
any other documents the utility has filed with the Public Service
Commission at the offices of (the name of the utility) located at (the
utility’s address) and on the utility’s Web site at (the utility’s Web
site address), if the utility maintains a public Web site; and
(h)(g) A statement that this filing and any other related docu-
ments can be found on the Public Service Commission’s Web site
at http://psc.ky.gov/;
(5) Proof of notice. An applicant shall file with the commission
no later than forty-five (45) days from the date of the initial filing:
(a) A copy of the notice.
(b) An affidavit from an authorized representa-
tive of the utility verifying the trade publication or newsletter was
required information has been filed in another commission case, a reference to that case's number shall be sufficient;

(e) A list of all commercially available or in-house developed computer software, programs, and models used in the development of the schedules and work papers associated with the filing of the utility's application. This list shall include each software, program, or model; what the software, program, or model was used for; identify the supplier of each software, program, or model; and brief description of the software, program, or model; the specifications for the computer hardware and the operating system required to run the program;

(f) Prospectuses of the most recent stock or bond offerings;

(g) Annual report to shareholders, or members, and statistical supplements covering the two (2) most recent years from the utility's application filing date;

(h) The monthly managerial reports providing financial results of operations for the twelve (12) months in the test period;

(i) A copy of the utility's annual report on Form 10-K as filed with the Securities and Exchange Commission for the most recent two (2) years, any Form 8-K issued during the past two (2) years, and any Form 10-Q issued during the past six (6) quarters updated as current information becomes available;

(j) If the utility had any amounts charged or allocated to it by an affiliate or general or home office or paid any monies to an affiliate or general or home office during the test period or during the preceding three (3) calendar years, the utility shall provide:

1. A detailed description of the method and amounts allocated or charged to the utility by the affiliate or general or home office for each charge allocation or payment;
2. An explanation of how the allocator for the test period was determined; and
3. All facts relied upon, including other regulatory approval, to demonstrate that each amount charged, allocated, or paid during the test period was reasonable;

(k) If the utility provides gas, electric, water, or sewage utility service and has annual gross revenues greater than $5,000,000, a cost of service study based on a methodology generally accepted within the industry and based on current and reliable data from a single time period; and

(l) Incumbent local exchange carriers with fewer than 50,000 access lines shall not be required to file cost of service studies, except as specifically directed by the commission. Local exchange carriers with more than 50,000 access lines shall:

1. A jurisdictional separations study consistent with Part 36 of the Federal Communications Commission's rules and regulations; and
2. Service specific cost studies to support the pricing of all services that generate annual revenue greater than $1,000,000, except local exchange access;

a. Based on current and reliable data from a single time period; and
b. Using generally recognized fully allocated, embedded, or incremental cost principles.

(10) Upon good cause shown, a utility may request pro forma adjustments for known and measurable changes to ensure fair, just and reasonable rates based on the historical test period. The following information shall be filed with applications requesting pro forma adjustments or a statement explaining why the required information does not exist and is not applicable to the utility's application:

(a) A detailed income statement and balance sheet reflecting the impact of all proposed adjustments;

(b) The most recent capital construction budget containing at least the period of time as proposed for any pro forma adjustment for plant additions;

(c) For each proposed pro forma adjustment reflecting plant additions, provide the following information:

1. The starting date of the construction of each major component of plant;
2. The proposed in-service date;
3. The total estimated cost of construction at completion;
4. The amount contained in construction work in progress at the end of the test period;
5. A schedule containing a complete description of actual plant
retirements and anticipated plant retirements related to the pro forma plant additions including the actual or anticipated date of retirement;
6. The original cost, cost of removal and salvage for each component of plant to be retired during the period of the proposed pro forma adjustment for plant additions;
7. An explanation of any differences in the amounts contained in the capital construction budget and the amounts of capital construction cost contained in the pro forma adjustment period; and
8. The impact on depreciation expense of all proposed pro forma adjustments for plant additions and retirements;
(d) The operating budget for each month of the period encompassing the pro forma adjustments; and
(e) The number of customers to be added to the test period end level of customers and the related revenue requirements impact for all pro forma adjustments with complete details and supporting work papers.
(11) All applications requesting a general adjustment in rates supported by a fully forecasted test period shall comply with the requirements established in this subsection.
(a) The financial data for the forecasted period shall be presented in the form of pro forma adjustments to the base period.
(b) Forecasted adjustments shall be limited to the twelve (12) months immediately following the suspension period.
(c) Capitalization and net investment rate base shall be based on the then (13) month forecasted period.
(d) After an application based on a forecasted test period is filed, there shall be no revisions to the forecast, except for the correction of mathematical errors, unless the revisions reflect statutory or regulatory enactments that could not, with reasonable diligence, have been included in the forecast on the date it was filed. There shall be no revisions filed within thirty (30) days of a scheduled hearing on the rate case.
(e) The commission may require the utility to prepare an alternative forecast based on a reasonable number of changes in the variables, assumptions, and other factors used as the basis for the utility's forecast.
(f) The utility shall provide a reconciliation of the rate base and capital used to determine its revenue requirements.
(12) All applications requesting a general adjustment in rates supported by a fully forecasted test period shall include the following or a statement explaining why the required information does not exist and is not applicable to the utility's application:
(a) The prepared testimony of each witness the utility proposes to use to support its application which shall include testimony from the utility's chief officer in charge of Kentucky operations on the existence of a material weakness in the utility's internal controls;
(b) The utility's most recent capital construction budget containing at a minimum a three (3) year forecast of construction expenditures;
(c) A complete description, which may be filed in a prefiled testimony form, of all factors used in preparing the utility's forecast period. All econometric models, variables, assumptions, escalation factors, contingency provisions, and changes in activity levels shall be quantified, explained, and properly supported;
(d) The utility's annual and monthly budget for the twelve (12) months preceding the filing date, the base period and forecasted period;
(e) A statement of attestation signed by the utility's chief officer in charge of Kentucky operations which shall provide:
1. That the forecast is reasonable, reliable, made in good faith and that all basic assumptions used in the forecast have been identified and justified;
2. That the forecast contains the same assumptions and methodologies as used in the forecast prepared for use by management, or an identification and explanation for any differences that exist; and
3. That productivity and efficiency gains are included in the forecast;
(f) For each major construction project which constitutes five (5) percent or more of the annual construction budget within the three (3) year forecast, the following information shall be filed:
1. The date the project was started or estimated starting date;
ment of the schedules and work papers associated with the filing of the utility's application. This list shall include each software, program, or model: what the software, program, or model was used for; identify the supplier of each software, program, or model; a brief description of the software, program, or model; the specifications for the computer hardware and the operating system required to run the program;

(u) If the utility had any amounts charged or allocated to it by an affiliate or a general or home office or paid any monies to an affiliate or a general or home office during the base period or during the previous three (3) calendar years, the utility shall file:

A detailed description of the method and amounts allocated or charged to the utility by the affiliate or general or home office for each allocation or payment;

2. The method and amounts allocated during the base period and the method and estimated amounts to be allocated during the forecasted test period;

3. An explanation of how the allocator for both the base period and the forecasted test period were determined; and

4. All facts relied upon, including other regulatory approvals, to demonstrate that each amount charged, allocated or paid during the base period is reasonable;

(v) If the utility provides gas, electric, sewage utility, or water utility service and has annual gross revenues greater than $5,000,000, a cost of service study based on a methodology generally accepted in the industry shall be based on current and reliable data from a single time period; and

(w) Incumbent local exchange carriers with fewer than 50,000 access lines shall not be required to file cost of service studies, except as specifically directed by the commission. Local exchange carriers with more than 50,000 access lines shall file:

1. A jurisdictional separations study consistent with Part 36 of the Federal Communications Commission's rules and regulations; and

2. Service specific cost studies to support the pricing of all services that generate annual revenue greater than $1,000,000 except local exchange access:

a. Based on current and reliable data from a single time period; and

b. Using generally recognized fully allocated, embedded, or incremental cost principles.

(13) All applications seeking a general adjustment in rates supported by a forecasted test period shall include the following data:

(a) A jurisdictional financial summary for both the base period and the forecasted period which details how the utility derived the amount of the requested revenue increase, and a jurisdictional summary for both the base period and the forecasted period with supporting schedules which include detailed analyses of each component of the rate base;

(b) A jurisdictional operating income summary for both the base period and the forecasted period with supporting schedules which provide breakdowns by major account group and by individual account;

(c) A summary of jurisdictional adjustments to operating income by major account with supporting schedules for individual adjustments and jurisdictional factors;

(d) A jurisdictional federal and state income tax summary for both the base period and the forecasted period with all supporting schedules of the various components of jurisdictional income taxes;

(e) Summary schedules for both the base period and the forecasted period (the utility may also provide a summary segregating those items it proposes to recover in rates) of organization membership dues; initiation fees; expenditures at country clubs; charitable contributions; marketing, sales, and advertising expenditures; professional service expenses; civic and political activity expenses; expenditures for employee parties and outings; employee gift expenses; and rate case expenses;

(f) A computation of the gross revenue conversion factor for the forecasted period;

(i) A computation of the gross revenue conversion factor for the forecasted period, the base period, the forecasted period, and two (2) calendar years beyond the forecast period;

(j) A revenue summary for both the base period and forecasted period with supporting schedules which provide detailed billing analyses for all customer classes and

(k) A typical bill comparison under present and proposed rates for all customer classes;

(l) The commission shall notify the utility of any deficiencies in the application within thirty (30) days of receiving it. For the application to be considered filed with the commission, the utility shall cure any deficiencies within thirty (30) days of the commission giving notice of any deficiencies.

(15) A request for waiver of any of the provisions of these filing requirements shall set forth the specific reasons for the request. The commission shall refer the request for waiver upon good cause shown by the utility. In determining whether good cause has been shown, the commission may consider:

(a) Whether other information which the utility would provide if the waiver is granted is sufficient to allow the commission to effectually and efficiently review the rate application;

(b) Whether the information which is the subject of the waiver request is normally maintained by the utility and reasonably available to it from the information which it maintains; and

(c) The expense to the utility in providing the information which is the subject of the waiver request.

Section 17. Application for Authority to Issue Securities. Notes, Bonds, Stocks or Other Evidences of Indebtedness. (1) When application is made by the utility for an order authorizing the issuance of securities, notes, bonds, stocks or other evidences of indebtedness payable at periods of more than two (2) years from the date thereof, under the provisions of KRS 278.300, the application, in addition to complying with the requirements of Section 14 of this administrative regulation, shall contain:

(a) A general description of the applicant's property and the field of its operation, together with a statement of the original cost of the same and the cost to the applicant, if it is impossible to state the original cost, the facts creating the impossibility shall be stated;

(b) The amount and kinds of stock, if any, which the utility desires to issue, and, if preferred, the nature and extent of the preference; the amount of notes, bonds or other evidences of indebtedness, if any, which the utility desires to issue, with terms, rate of interest and whether and how to be secured;

(c) The use to be made of the proceeds of the issue of any securities, notes, bonds, stocks or other evidences of indebtedness with a statement indicating how much is to be used for the acquisition of property, the construction, completion, extension, or improvement of facilities, the improvement of service, the maintenance of service, and the discharge or refunding of obligations;

(d) The property in detail which is to be acquired, constructed, improved, or extended with its cost, a detailed description of the contemplated construction, completion, extension, or improvement of facilities set forth in a manner whereby an estimate of the cost may be made, a statement of the character of the improvement of service proposed, and of the reasons why the service should be maintained from its capital. Whether any contracts have been made for the acquisition of any property, or for any construction, completion, extension or improvement of facilities, for the disposition of any of the securities, notes, bonds, stocks or other evidences of indebtedness which it proposes to issue or the proceeds thereof and if any contracts have been made, copies thereof shall be annexed to the petition;

(e) If it is proposed to discharge or refund obligations, a state-
ment of the nature and description of the obligations including their par value, the amount for which they were actually sold, the associated expenses, and the application of the proceeds from the sales. If notes are not to be refunded, the petition shall show the date, amount, time, rate of interest, and payee of each and the purpose for which their proceeds were expended; and

(f) Any other facts as may be pertinent to the application.

(2) The following exhibits shall be filed with the application:

(a) Financial exhibit (see Section 12 of this administrative regulation);

(b) Copies of trust deeds or mortgages, if any, unless they have already been filed with the commission, in which case reference shall be made by, by style and case number,[1] to the proceeding in which the trust deeds or mortgages have been filed; and

(c) Maps and plans of the proposed property and constructions together with detailed estimates in a form that they can be reviewed by the commission's engineering division. Estimates shall be arranged according to the uniform system of accounts prescribed by the commission for the various classes of utilities.

Section 18. Application[Repetition] for Declaratory Order. (1) The commission may, upon application by any person substantially affected, issue a declaratory order with respect to the jurisdiction of the commission, the applicability to any person, property or state of facts of any order or administrative regulation of the commission or provision of KRS Chapter 278, or with respect to the meaning and scope of any order or administrative regulation of the commission or provision of KRS Chapter 278.

(2) An application for declaratory order shall:

(a) Be in writing;

(b) Contain a complete, accurate, and concise statement of the facts upon which the application is based;

(c) Fully disclose the applicant's interest;

(d) Identify all statutes, administrative regulations, and orders to which the application relates order or administrative regulation; and

(e) State the applicant's proposed resolution or conclusion.

(3) The commission may in its discretion direct that a copy of the application for a declaratory order be served on any person the commission deems may be affected by the application.

(4) Responses, if any, to an application for declaratory order shall be filed with the commission within fourteen (14) days after the date on which the application was filed with the commission or within the time the commission directs; and be served upon the applicant.

(5) Replies to responses may be filed with the commission within fourteen (14) days after service, or within the time the commission directs.

(6) All applications, responses and replies containing allegations of fact shall be supported by affidavit or verified.

(7) The commission may in its sole discretion require an application for a declaratory order to be filed on the basis of the written submissions filed before it.

(8) The commission may take any action necessary to ensure a complete record, to include holding oral arguments on the application and requiring the production of additional documents and materials.

Section 19. Formal Complaints. (1) Contents of complaint. Each complaint shall be headed “Before the Public Service Commission,” shall set out the names of the complainant and the name of the defendant, and shall state:

(a) The full name and post office address of the complainant;

(b) The full name and post office address of the defendant; and

(c) Fully, clearly, and with reasonable certainty, the act or thing done or omitted to be done, of which complaint is made, with a reference, where practicable, to the law, order, or section, and subsections, of which a violation is claimed, and other matters, or facts, if any, as may be necessary to acquaint the commission fully with the details of the alleged violation.

The complaint shall set forth definitely the exact relief which is desired.

(2) Signature. The complaint shall be signed by the complainant or his or her attorney, if any, and if signed by an attorney, shall show the attorney’s post office address. Complaints by corporations or associations, or any other organization having the right to file a complaint, shall be signed by its attorney.

(3) Number of copies required. When the complainant files his or her original complaint, the complainant shall also file two (2) more copies than the number of persons or corporations to be served.

(4) Procedure on filing of complaint. (a) Upon the filing of a complaint, the commission shall immediately examine the same to ascertain whether it establishes a prima facie case and conforms to this administrative regulation. If the commission is of the opinion that the complaint does not establish a prima facie case or does not conform to this administrative regulation, it shall notify the complainant or his or her attorney to that effect, and opportunity may be given to amend the complaint within a specified time. If the complaint is not so amended within the time or the extension as the commission, for good cause shown, may grant, it shall be dismissed.

(b) If the commission is of the opinion that the complaint, either as originally filed or as amended, does establish a prima facie case and conforms to this administrative regulation, it shall serve an order upon any person complained of under the hand of its executive director and attested by its seal, accompanied by a copy of the complaint, directed to the person and requiring that the matter complained of be satisfied, or that the complaint be answered in writing within ten (10) days from the date of service of the order, provided that the commission may, in particular cases, require the answer to be filed within a shorter or longer period.

(5) Satisfaction of the complaint. If the defendant desires to satisfy the complaint, he or she shall submit to the commission, within the time allowed for satisfaction or answer, a statement of the relief which he is willing to give. Upon the acceptance of this offer by the complainant and the approval of the commission, further proceedings shall not be had.

(6) Answer to complaint. If the complainant is not satisfied with the relief offered, the person complained of shall file an answer to the complaint, with certificate of service on other endorsed parties, within the time specified in the order or the extension as the commission, for good cause shown, may grant. The answer shall contain a specific denial of the material allegations of the complaint as controverted by the defendant and also a statement of any new matter constituting a defense. If the answering party has no information or belief upon the subject sufficient to enable him or her to answer an allegation of the complaint, the answering party may state in the answer and place the denial upon that ground.

Section 20. Informal Complaints. (1) Informal complaints shall be made to the commission's division of consumer services in any manner that specifically states the complainant's concerns and identifies the utility.

(2) The commission's division of consumer services shall address by correspondence or other means the complaint. If an informal complaint is referred to a utility, the utility shall acknowledge to the commission's division of consumer services referral of the complaint and shall report on its efforts to contact the complainant within three (3) business days of the referral, or a lesser period as commission staff may require. If commission staff requires a period less than three (3) business days for a response, that period shall be reasonable under the circumstances.

(3) Upon resolution of the informal complaint, the utility shall notify the commission’s division of consumer services.

(4) In the event of failure to bring about satisfaction of the complaint because of the inability of the parties to agree as to the facts involved, or from other causes, the proceeding shall be held to be without prejudice to the complainant’s right to file and prosecute a formal complaint whereupon the informal proceedings shall be discontinued.

Section 21. Deviations from Rules. In special cases, for good cause shown, the commission may permit deviations from these rules.

Section 22. Incorporation by Reference. (1) The following material is incorporated by reference:

(a) “FERC Form 1”, Annual Report of Major Electric Utilities,
Licensees and Others, March 2007;
(b) “FERC Form 2”, Annual Report of Major Natural Gas Companies, December 2007;
(c) “PSC Notice of Electronic Filing Procedures Form”, July 2012;
(d) “PSC Form T (telephone)”, August 2005;
(e) “SEC Form 8-K”, January 2012;
(f) “SEC Form 10-K”, January 2012; and
(g) “SEC Form 10-Q”, January 2012;
(2) This material may be inspected, copied, or obtained, subject to applicable copyright law, at the commission’s offices located at 211 Sower Boulevard, Frankfort, Kentucky 40601, Monday through Friday, 8:00 a.m. to 4:30 p.m. or through the commission’s Web site at http://psc.ky.gov.(Section 1. General Offices and Hearings. (1) The commission will be in continuous session for the performance of administrative duties.
(2) Meetings of the commission for the consideration of all matters requiring formal hearings will be held on such days at such times and in such place as the commission may designate.
(3) Notice of hearing will be given by the secretary to parties to proceedings before the commission, except when a hearing is not scheduled on the day appointed therefor and verbal announcement is made by the presiding commissioner or hearing examiner of an adjourned date. Verbal announcements so made shall be deemed due notice of continued hearing.
(4) Section 2. Access to Furnish Information. (1) Upon request, the secretary will advise any party as to the form of a petition, complaint, answer, application or other paper desired to be filed; and he will make available from the commission’s files, upon request, any document or record pertinent to any matter before the commission.
(5) The secretary may reject for filing any document which on its face does not comply with the rules and administrative regulations of the commission.
Section 3. General Matters Pertaining to All Formal Proceedings. (1) Address of the commission. All communications should be addressed to “Public Service Commission, Frankfort, Kentucky.”
(2) Case numbers and styles. Each matter coming formally before the commission will be known as a case and will receive a number and style, descriptive of the subject matter. Such number and style shall be used as evidence of the commission’s jurisdiction and shall be used, and referred to, in all subsequent papers in such case.
(3) Form of papers filed. All pleadings and applications filed with the commission in formal proceedings shall be printed or typewritten on one (1) side of the paper only, and typewriting shall be double spaced.
(4) Signing of pleadings. Every pleading of a party represented by an attorney shall be signed by at least one (1) attorney of record in the individual capacity of counsel and shall contain an affidavit stating that the party otherwise specifically provided by statute, pleadings need not be verified or accompanied by affidavit.
(5) Amendment. At its discretion, the commission may allow any complaint, application, answer or other paper to be amended or corrected or any omission supplied therein.
(6) Witnesses and subpoenas. (a) Upon the application of any party to a proceeding, subpoenas requiring the attendance of witnesses for the purpose of taking testimony may be signed and issued by a member of the commission.
(b) Subpoenas for the production of books, accounts, papers or records (unless directed to issue by the commission on its own authority) will be issued only at the discretion of the commission, or any commissioner, upon application in writing, stating as nearly as possible the books, accounts, papers or records desired to be produced.
(7) Service of process. When any party has appeared by attorney, service upon such attorney will be deemed proper service upon the party.
(8) Intervention and parties. In any formal proceeding, any party who wishes to become a party to a proceeding before the commission may by timely motion request that he be granted leave to intervene. Such motion shall include his name and address and the name and address of any party he represents and in what capacity he is employed by such party.
(9) Each person granted leave to intervene shall be considered as making a limited intervention unless he submits to the secretary a written request for full intervention. A person making only a limited intervention shall be entitled to the full rights of a party at the hearing in which he appears and shall be served with the commission’s order, but he shall not be served with filed testimony, exhibits, pleadings, correspondence and all other documents submitted by parties. A person making a limited appearance will not be certified as a party for the purposes of receiving service of any petition for rehearing or petition for judicial review.
(b) If a person granted leave to intervene desires to be served with filed testimony, exhibits, pleadings, correspondence and all other documents submitted by parties, he shall be so notified by service upon them of a copy of the petition or by publication of the substance thereof at the expense of the applicant, for such length of time and in such newspaper or newspapers as the commission may designate. In such cases the form of notice will be prepared by the secretary, and a proof of the publication thereof must be filed at or before the hearing.
(3) Investigation on commission’s own motion. The commission may at any time, on its own motion, make investigation and order hearings into any act or thing done or omitted to be done by the public utility, which the commission may believe is in violation of any provision of law or of any order or administrative regulation of the commission. It may also through its own experts or employees, or otherwise, obtain such evidence as it may consider necessary or desirable in any formal proceeding in addition to the evidence presented by the parties.
(4) Conferences with commission staff. In order to provide opportunity for settlement of a proceeding or any of the issues therein, an informal conference with the commission staff may be arranged through the secretary of the commission either prior to, or during the course of hearings in any proceeding, at the request of any party.
(5) Conduct of hearings. Hearings will be conducted before the commission or a commissioner or before a person designated by the commission to conduct a specific hearing.
(6) Stipulation of facts. By a stipulation in writing, filed with the secretary, the parties to any proceeding or investigation by the commission may agree upon the facts or any portion of the facts involved in the controversy, which stipulation shall be regarded and used as evidence at the hearing.
(7) Testimony. All testimony given before the commission will be given under oath or affirmation.
(8) Objections and exceptions. When objections are made to the admission or exclusion of evidence before the commission, the grounds relied upon shall be stated briefly. Formal exceptions are unnecessary and will not be taken to rulings therein.
(9) Transcript of evidence. The commission will cause to be made a stenographic record of all public hearings and such copies of the transcript thereof as it requires for its own purposes. Participants desiring copies of such transcripts may obtain the same from the official reporter upon payment of the fees fixed therefor.
(10) Briefs and petitions for rehearing. All briefs and petitions as making a limited intervention unless he submits to the secretary a written request for full intervention. A person making only a limited intervention shall be entitled to the full rights of a party at the hearing in which he appears and shall be served with the commission’s order, but he shall not be served with filed testimony, exhibits, pleadings, correspondence and all other documents submitted by parties. A person making a limited appearance will not be certified as a party for the purposes of receiving service of any petition for rehearing or petition for judicial review.
(b) If a person granted leave to intervene desires to be served with filed testimony, exhibits, pleadings, correspondence and all other documents submitted by parties, he shall be so notified by service upon them of a copy of the petition or by publication of the substance thereof at the expense of the applicant, for such length of time and in such newspaper or newspapers as the commission may designate. In such cases the form of notice will be prepared by the secretary, and a proof of the publication thereof must be filed at or before the hearing.
(3) Investigation on commission’s own motion. The commission may at any time, on its own motion, make investigation and order hearings into any act or thing done or omitted to be done by the public utility, which the commission may believe is in violation of any provision of law or of any order or administrative regulation of the commission. It may also through its own experts or employees, or otherwise, obtain such evidence as it may consider necessary or desirable in any formal proceeding in addition to the evidence presented by the parties.
(4) Conferences with commission staff. In order to provide opportunity for settlement of a proceeding or any of the issues therein, an informal conference with the commission staff may be arranged through the secretary of the commission either prior to, or during the course of hearings in any proceeding, at the request of any party.
(5) Conduct of hearings. Hearings will be conducted before the commission or a commissioner or before a person designated by the commission to conduct a specific hearing.
(6) Stipulation of facts. By a stipulation in writing, filed with the secretary, the parties to any proceeding or investigation by the commission may agree upon the facts or any portion of the facts involved in the controversy, which stipulation shall be regarded and used as evidence at the hearing.
(7) Testimony. All testimony given before the commission will be given under oath or affirmation.
(8) Objections and exceptions. When objections are made to the admission or exclusion of evidence before the commission, the grounds relied upon shall be stated briefly. Formal exceptions are unnecessary and will not be taken to rulings therein.
(9) Transcript of evidence. The commission will cause to be made a stenographic record of all public hearings and such copies of the transcript thereof as it requires for its own purposes. Participants desiring copies of such transcripts may obtain the same from the official reporter upon payment of the fees fixed therefor.
(10) Briefs and petitions for rehearing. All briefs and petitions
for rehearing in any proceeding must be accompanied with notice, showing service upon any other parties or their attorneys, and, in addition to the filed original, ten (10) copies of each such document shall be furnished for the use of the commission.

(11) Filing of exhibit. All briefs shall be filed within the time fixed, and the commission may refuse to consider any brief filed thereafter. Applications for extensions of time to file briefs must be made to the commission in writing.

(12) Form of briefs. All briefs filed with the commission shall be in the form prescribed by the commission.

Section 5. Documentary Evidence. (1) If documentary evidence is offered, the commission, in its discretion, requiring the original to be filed may, in its discretion, accept certified, or otherwise authenticated, copies of such documents or such portions of the same as may be relevant, or may require such evidence to be transcribed as a part of the record.

(2) Where relevant and material matter offered in evidence by any party is embraced in a book, paper or document containing other matter, it may be required to identify the matter so offered. If such immaterial matter unnecessarily encumbers the record, such book, paper or document will not be received in evidence, but may be described for identification, and if properly authenticated, the relevant and material matter may be read into the record, or if the commission, or commissioner conducting the hearing, so directs, a true copy of such matter in proper form shall be received as an exhibit and copies delivered to the parties offering same to opposing parties, or their attorneys, appearing at the hearing, who shall be offered the opportunity to examine such book, paper, or document, and to offer evidence in like manner other portions thereof if found to be material and relevant.

(3) Whenever practicable, the sheets of each exhibit and the line of each sheet shall be numbered and if the exhibit consists of two (2) or more sheets, the first sheet or title page shall contain a brief statement of what the exhibit purports to show, with reference by sheet and line to illustrative or typical examples contained in the exhibit. Wherever practicable, rate comparisons and other such evidence shall be condensed into tables.

(4) Except as may be expressly permitted in particular instances, the commission will not receive in evidence or consider as a part of the record any book, paper or document for consideration in connection with the proceeding after the close of the testimony.

(5) Upon motion of any party to a proceeding, any case in the commission's files or any document on file with the commission, at the discretion of the commission may be made a part of the record by "reference only." By reference only, the case or document made a part of the record shall not be evidence of the truth of any matter and shall not be considered in connection with the proceeding before the commission.

(6) Requests for access to records pursuant to KRS 61.870 et seq., the Kentucky Open Records Act, upon which the commission should classify that material as confidential, and that, except as may be identified, by underscoring, highlighting with transparent ink, or other reasonable means, only those portions which unless deleted would disclose confidential material. Text pages or portions thereof which do not contain confidential material shall not be included in this identification.

(a) The petition, one (1) copy of the material which is identified by underscoring or highlighting, and ten (10) copies of the original copies delivered to the parties with those portions obscured for which confidentiality is sought, shall be filed with the commission.

(b) The petition and a copy of the material, with only those portions for which confidentiality is sought obscured, shall be served on all parties. The petition shall contain a certificate of service on all parties.

(c) The burden of proof to show that the material falls within the exclusions from disclosure requirements enumerated in KRS 61.870 et seq., shall be upon the person requesting confidential treatment.

(d) Any person may respond to the petition for confidential treatment within ten (10) days after it is filed with the commission.

(2) Pending commission action on the petition, the material specifically identified shall be temporarily accorded confidential treatment.

(3) If the commission denies the petition for confidential treatment of material, the material shall not be placed in the public record for twenty (20) days to allow the petitioner to seek any remedy afforded by law.

(4) Procedure for any party to request access to confidential material filed in any proceeding, the party seeking such access before the commission shall fail to respond to discovery by the commission or its staff or any other party to the proceeding on grounds of confidentiality. If any party responding to discovery requests seeks to have a portion or all of the response held confidential by the commission, it shall follow the procedures for petitioning for confidentiality contained in this administrative regulation. Any party's response to discovery requests shall be served upon all parties, with only those portions for which confidential treatment is sought obscured.

(b) If the commission grants confidential protection to the responsive material and if parties have not entered into protective agreements, then any party may petition the commission requesting access to the material on the ground that it is essential to a meaningful participation in the proceeding. The petition shall include a description of efforts to enter into a protective agreement and any unwillingness to enter into a protective agreement shall be fully explained. Any party may respond to the petition within ten (10) days after it is filed with the commission. The commission shall determine if the petitioner is entitled to the material, and the manner and extent of the disclosure necessary to protect confidentiality.

(c) Requests for access to records pursuant to KRS 61.870-884. No time period prescribed in this section shall limit the right of any person to request access to commission records pursuant to KRS 61.870-884. Upon a request filed pursuant to KRS 61.870-884, the commission shall respond in accordance with the procedures prescribed in KRS 61.880.
(7) Procedure for request for access to confidential material
Any person denied access to records requested pursuant to KRS 61.870 884 or to material deemed confidential by the commission in accordance with the procedures set out in this section, may obtain the information only pursuant to KRS 61.870 884, and other applicable law.

(8) Use of confidential material during formal proceedings
Any material deemed confidential by the commission may be addressed and relied upon during a formal hearing by the following procedure:
(a) The person seeking to address the confidential material shall advise the commission prior to the use of such material.
(b) Any persons other than commission employees not a party to a protective agreement related to the confidential material shall be excused from the hearing room during direct testimony and cross-examination directly related to confidential material.
(c) The court reporter shall produce a sealed transcript of that portion of the record directly related to the confidential material.
(d) The person seeking to address the confidential material shall advise the commission prior to the use of such material.
(e) All persons other than commission employees not a party to a protective agreement related to the confidential material shall be excused from the hearing room during direct testimony and cross-examination directly related to confidential material.
(f) The court reporter shall produce a sealed transcript of that portion of the record directly related to the confidential material.

Section 8. Applications
(1) Contents of application. All applications must be by petition in writing. The petition must set forth the full name and post office address of the applicant, and must contain fully the facts upon which the application is based, with a request for a complete understanding of the situation.

(2) Number of copies. At the time the original application is filed, ten (10) additional copies must also be filed, and where parties interested in the subject matter of the application are named therein, there shall be filed an additional copy for each named party, and such other additional copies as may be required by the secretary.

(3) Articles of incorporation. If the applicant is a corporation, a certified copy of its articles of incorporation and amendments thereto or out of state documents of similar import. If the utility’s articles of incorporation and amendments have already been filed with the commission in a prior proceeding, it will be sufficient if this fact is stated in the application and reference is made to the style and case number of the prior proceeding.

Section 9. Applications for Certificates of Public Convenience and Necessity
(1) Application to bid on a franchise pursuant to KRS 278.020(3). Upon application to the commission by the utility for a certificate of convenience and necessity authorizing applicant to bid on a franchise, license or permit offered by any governmental agency, the applicant shall submit with its application, the following:
(a) A copy of its articles of incorporation (see Section 8(3) of this administrative regulation),
(b) The name of the governmental agency offering the franchise.
(c) The type of franchise offered.
(d) A statement showing the need and demand for service. Should the applicant be successful in acquiring said franchise, license or permit, it shall file a copy thereof with the commission.

(2) New construction or extension. When application is made by the utility, person, firm, or corporation for a certificate that the present or future public convenience or necessity requires, or will require, the construction or extension of any plant, equipment, property or facility, the applicant, in addition to complying with Section 8 of this administrative regulation, shall submit the following, either in the application or as exhibits attached thereto:
(a) The facts relied upon to show that the proposed new construction is or will be required by public convenience or necessity.
(b) Copies of franchises or permits, if any, from the proper public authority for the proposed new construction or extension, if not previously filed with the commission.
(c) A full description of the proposed location, route, or routes of the new construction or extension, including a description of the manner in which same will be constructed, and also the names of all public utilities, corporations, or persons with whom the proposed new construction or extension is likely to compete.
(d) Three (3) maps to a suitable scale (preferably not more than two (2) miles per inch) showing the location or route of the proposed new construction or extension, as well as the location to scale of any like facilities owned by others located anywhere within the area to which the certificate is applied, with adequate identification as to the ownership of such other facilities.
(e) The manner in detail in which it is proposed to finance the new construction or extension.
(f) An estimated cost of operation after the proposed facilities are completed.
(g) All other information necessary to afford the commission a complete understanding of the situation.

(3) Extensions in the ordinary course of business. No certificate of public convenience and necessity will be required for extensions that do not create wasteful duplication of plant, equipment, property or facilities, or conflict with the existing certificates or service of other utilities operating in the same area and under the jurisdiction of the commission that are in the general area in which the new utility renders service or contiguous thereto, and that do not involve sufficient capital outlay to materially affect the existing financial condition of the utility involved, or will not result in increased charges to its customers.

(4) Renewal applications. Insofar as procedure is concerned, applications for a renewal of a certificate of convenience and necessity will be treated as an original application.

(5) Procedure for request for access to confidential material.
(a) The petitioner who sought confidential protection shall inform the commission in writing at any time when any material granted confidentially becomes publicly available.
(b) If the commission becomes aware that material granted confidentiality is publicly available or otherwise no longer warrants confidential treatment, it shall advise the petitioner who sought confidential protection, giving ten (10) days to respond. If the commission finds that material has been disclosed by someone other than the person who requested confidential treatment, in violation of a protective agreement or commission order, such information shall not be deemed or considered to be publicly available and shall not be placed in the public record.

(b) All persons other than commission employees not a party to a protective agreement related to the confidential material shall be excused from the hearing room during direct testimony and cross-examination directly related to confidential material.
(c) The court reporter shall produce a sealed transcript of that portion of the record directly related to the confidential material.
(d) The person seeking to address the confidential material shall advise the commission prior to the use of such material.
(e) If the commission finds that material has been disclosed by someone other than the person who requested confidential treatment, it shall advise the petitioner who sought confidential protection, giving ten (10) days to respond. If the commission finds that material has been disclosed by someone other than the person who requested confidential treatment, in violation of a protective agreement or commission order, such information shall not be deemed or considered to be publicly available and shall not be placed in the public record.

(d) A fully forecasted test period and shall include:
1. A statement of the reason the adjustment is required;
2. A statement that the utility’s annual reports, including the annual report for the month in which the application is filed, filed the commission in accordance with 807 KAR 5:006, Section 3(1);
3. If the utility is incorporated, a certified copy of the utility’s articles of incorporation and all amendments thereto or out of state documents of similar import. If the utility’s articles of incorporation and amendments have already been filed with the commission in a prior proceeding, the application may state this fact making reference to the style and case number of the prior proceeding.
4. If the utility is a limited partnership, a certified copy of the limited partnership agreement and all amendments thereto or out of state documents of similar import. If the utility’s limited partnership agreement and amendments have already been filed with the commission in a prior proceeding, the application may state this fact making reference to the style and case number of the prior proceeding.
5. If the utility is incorporated or is a limited partnership, a certificate of good standing or certificate of authorization dated within sixty (60) days of the date the application is filed;
6. A certified copy of a certificate of assumed name as required by KRS 365.015 or a statement that such a certificate is not necessary.
7. The proposed tariff in a form which complies with 807 KAR 5:011 with an effective date not less than thirty (30) days from the date the application is filed;
8. The utility’s proposed tariff changes, identified in compliance with 807 KAR 5:011, shown either by:
   a. Providing the present and proposed tariffs in comparative...
form on the same sheet side by side or on facing sheets side by side;

b. Providing a copy of the present tariff indicating proposed additions by italicized inserts or underscoring and striking out proposed deletions by strikeout.

9. A statement that customer notice has been given in compliance with subsections (3) and (4) of this section with a copy of the notice.

10. For the purposes of this administrative regulation, an affiliate is an entity that:
   a. Is wholly owned by a utility; or
   b. In which a utility has a controlling interest; or
   c. That wholly owns a utility; or
   d. That has a controlling interest in a utility; or
   e. That is under common control with the utility.

11. For the purposes of this administrative regulation, a utility, or other entity, shall be deemed to have a controlling interest in, or be under common control with, an entity or utility if it:
   a. Directly or indirectly has the power to direct, or to cause the direction of, the management or policies of any entity; and
   b. Exercises such power:
      (i) Through one (1) or more intermediary companies, or alone;
      or
      (ii) In conjunction with, or pursuant to an agreement; or
      (iii) Through ownership of ten (10) percent or more of the voting securities of another utility; or
      (iv) Through common directors, officers, stockholders, voting or holding trusts, associated companies; or
      (v) Contract; or
      (vi) Any other direct or indirect means.

(2) Notice of intent. Utilities with gross annual revenues greater than $1,000,000 shall file with the commission a written notice of intent to file a rate application at least forty-five (45) days prior to filing their application. The notice of intent shall state whether the rate application will be supported by a historical test period or a fully forecasted test period. This notice shall be served upon the Attorney General, Utility Intervention and Rate Division, at least thirty (30) days of the filed date of the application.

(3) Form of notice to customers. Every utility filing an application pursuant to this section shall notify all affected customers in the manner prescribed herein. The notice shall include the following:

   a. The amount of the change requested in both dollar amounts and percentage change for each customer classification to which the proposed rate change will apply;
   b. The present rates and the proposed rates for each customer class to which the proposed rates would apply;
   c. Electric, gas, water and sewer utilities shall include the effect of the proposed rate change for each customer class to which the proposed rate change will apply;
   d. Local exchange companies shall include the effect upon the average bill for each customer class for the proposed rate change in basic local service;
   e. A statement that the rates contained in this notice are the rates proposed by (name of utility), however, the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this notice;
   
   f. A statement that any corporation, association, or person with a substantial interest in the matter may, by written request, within thirty (30) days after publication or mailing of this notice of the proposed rate change request to intervene; intervention may be granted beyond the thirty (30) day period for good cause shown;
   
   g. A statement that any person who has been granted intervention by the commission may obtain copies of the rate application and any other filings made by the utility by contacting the utility through a name and address and phone number stated in this notice;
   
   h. A statement that any person may examine the rate application and any other filings made by the utility at the main office of the utility or at the commission’s office indicating the addresses and telephone numbers of both the utility and the commission; and
   
   i. The commission may grant a utility with annual gross revenues greater than $1,000,000, upon written request, permission to use an abbreviated form of published notice of the proposed rates provided the notice includes a coupon which may be used to obtain all of the information required herein.

(4) Manner of notification.

a. Sewer utilities shall give the required typewritten notice by mail to all of their customers pursuant to KRS 278.185.

b. Applicants with twenty (20) or fewer customers affected by the proposed general rate adjustment shall mail the required typewritten notice to each customer no later than the date the application is filed with the commission.

(c) Except for sewer utilities, applicants with more than twenty (20) customers affected by the proposed general rate adjustment shall give the required notice to each customer by one (1) of the following methods:

   1. A typewritten notice mailed to all customers no later than the date the application is filed with the commission;
   
   2. Publishing the notice in a trade publication or newsletter which is mailed to all customers no later than the date on which the application is filed with the commission;
   
   3. Publishing the notice once a week for three (3) consecutive weeks in a prominent newspaper in the utility’s service area, the first publication to be made within seven (7) days of the filing of the application with the commission.

(5) Notice of hearing scheduled by the commission upon application by a utility for a general adjustment in rates shall be advertised by the utility by newspaper publication in the areas that will be affected by the proposed change in rates.

(6) All applications supported by a historical test period shall include the following information or a statement explaining why the required information does not exist and is not applicable to the utility’s application:

   a. A complete description and quantified explanation for all proposed adjustments with proper support for any proposed changes in price or activity levels, and any other factors which may affect the adjustment;
   
   b. If the utility has gross annual revenues greater than $1,000,000, the prepared testimony of each witness the utility proposes to use to support its application;
   
   c. If the utility has gross annual revenues less than $1,000,000, the prepared testimony of each witness the utility proposes to use to support its application;
   
   d. A statement estimating the effect that the new rate(s) will have upon the revenues of the utility including, at minimum, the total amount of revenues resulting from the increase or decrease and the percentage of the increase or decrease;
   
   e. If the utility provides electric, gas, water or sewer service, the effect upon the average bill for each customer classification to which the proposed rate change will apply;
   
   f. If the utility is a local exchange company the effect upon the average rate for each customer class for the proposed rate change in basic local service;
   
   g. An analysis of customers’ bills in such detail that revenues from the present and proposed rates can be readily determined for each customer class;
   
   h. A summary of the utility’s determination of its revenue requirements based on return on net investment rate base, return on capitalization, interest coverage, debt service coverage, or operating ratio, with supporting schedules;
   
   i. A reconciliation of the rate base and capital used to deter-
mine its revenue requirements:
(i) A current chart of accounts if more detailed than the Uniform System of Accounts prescribed by the commission;
(ii) The independent auditor’s annual opinion report, with any written communication from the independent auditor to the utility which indicates the existence of a material weakness in the utility’s internal controls;
(iii) The most recent Federal Energy Regulatory Commission or Federal Communication Commission audit reports;
(iv) The most recent Federal Energy Regulatory Commission Form 1 (electric), Federal Energy Regulatory Commission Form 2 (gas), or Automated Reporting Management Information System Report (telephone), and Public Service Commission Form 1 (telephone);
(v) A summary of the utility’s latest depreciation study with schedules by major plant accounts, except that telecommunications utilities that have adopted the commission’s average depreciation rates shall provide a schedule that identifies the current and test periods at each plant.
(vi) The required information has been filed in another commission case; a reference to that case’s number and style will be sufficient;
(vii) A list of all commercially available or in-house developed computer software, programs, and models used in the development of the schedules and work papers associated with the filing of the utility’s application. This list shall include each software, program, or model, and an explanation of the software or model’s use, a brief description of the software, program, or model; the specifications for the computer hardware and the operating system required to run the program;
(viii) A list of all stock or bond offerings;
(ix) A list of all recent capital expenditures by the utility during the test period or during the test period or during the previous three (3) calendar years, the utility shall file: 1. A detailed description of the method and amounts allocated for each plant asset of the first year of the utility’s application filing date;
2. The monthly financial reports providing financial results of operations for the twelve (12) months in the test period;
3. The most recent two (2) years, Form 10-Ks issued within the past two (2) years, and Form 10-Qs issued during the past six (6) quarters updated as current information becomes available;
4. If the utility had any amounts charged or allocated to it by an affiliate or general or home office or paid any monies to an affiliate or general or home office during the test period or during the previous three (3) calendar years, the utility shall file: 1. A detailed description of the method and amounts allocated or charged to the utility by the affiliate or general or home office for each charge or allocation or payment;
2. An explanation of how the allocator for the test period was determined and
3. All facts relied upon, including other regulatory approvals, to demonstrate that each amount charged, allocated or paid during the test period was reasonable;
5. If the utility provides gas, electric or water utility service and has annual gross revenues greater than $5,000,000, a cost of service study based on a methodology generally accepted within the industry and based on current and reliable data from a single time period; and
6. Local exchange carriers with fewer than 50,000 access lines shall not be required to file cost of service studies, except as specifically directed by the commission. Local exchange carriers with more than 50,000 access lines shall file:
1. A jurisdictional separations study consistent with Part 36 of the Federal Communications Commission’s rules and regulations; and
2. Service-specific cost studies to support the pricing of all services that generate annual revenue greater than $1,000,000, except local exchange access:
   a. Based on current and reliable data from a single time period;
   b. Using generally recognized fully allocated, embedded, or incremental cost principles.
7. Upon good cause shown, a utility may request pro forma adjustments for known and measurable changes to ensure fair, just and reasonable rates based on the historical test period. The following information shall be filed with applications requesting pro forma adjustments or a statement explaining why the required information does not exist and is not applicable to the utility’s application:
(a) A detailed income statement and balance sheet reflecting the impact of all proposed adjustments;
(b) The most recent capital construction budget containing at least the period of time as proposed for any pro forma adjustment for plant additions;
(c) For each proposed pro forma adjustment reflecting plant additions provide the following information:
   1. The starting date of the construction of each major component of plant;
   2. The proposed in-service date;
   3. The total estimated cost of construction at completion;
   4. The amount contained in construction work in progress at the end of the test period;
5. A schedule containing a complete description of actual plant retirements and anticipated plant retirements related to the pro forma plant additions including the actual or anticipated date of retirement;
6. The original cost, cost of removal and salvage for each component of plant to be retired during the period of the proposed pro forma adjustment for plant additions;
7. The monthly managerial reports providing financial results of operations for the twelve (12) months in the test period; and
8. The impact on depreciation expense of all proposed pro forma adjustments for plant additions and retirements;
(a) The operating budget for each month of the period encompassing the pro forma adjustments;
(b) The number of customers to be added to the test period and level of customers and the related revenue requirements impact for all pro forma adjustments with complete details and supporting work papers;
8. All applications requesting a general adjustment in rates supported by a fully forecasted test period shall comply with the following requirements:
(a) The financial data for the forecasted period shall be presented in the form of pro forma adjustments to the base period;
(b) Forecasted adjustments shall be limited to the twelve (12) months immediately following the suspension period;
(c) Capitalization and net investment rate base shall be based on a thirteen (13) month average for the forecasted period;
(d) After an application based on a forecasted test period is filed, there shall be no revisions to the forecast, except for the correction of mathematical errors, unless such revisions reflect statutory or regulatory enactments that could not, with reasonable diligence, have been included in the forecast on the date it was filed. There shall be no revisions filed within thirty (30) days of a scheduled hearing on the rate application;
(e) The commission may require the utility to prepare an alternative forecast based on a reasonable number of changes in the variables, assumptions, and other factors used as the basis for utility’s forecast;
(f) The utility shall provide a reconciliation of the rate base and capital used to determine its revenue requirements.
9. All applications requesting a general adjustment in rates supported by a fully forecasted test period shall include the following or a statement explaining why the required information does not exist and is not applicable to the utility’s application:
(a) The prepared testimony of each witness the utility proposes to use to support its application which shall include testimony from the utility’s chief officer in charge of Kentucky operations on the existing programs to achieve improvements in efficiency and productivity, including an explanation of the purpose of the program;
(b) The utility’s most recent capital construction budget containing at minimum a three (3) year forecast of construction expenditures, including depreciation;
(c) A complete description, which may be filed in profiled testimony, of all factors used in preparing the utility’s forecast period. All econometric models, variables, assumptions, escalation factors, contingency provisions, and changes in activity levels shall
be quantified, explained, and properly supported;

(d) The utility's annual and monthly budget for the twelve (12) months preceding the filing date, the base period and forecasted periods.

(e) A statement of attestation signed by the utility's chief officer in charge of Kentucky operations which shall provide:

1. That the forecast is reasonable, reliable, made in good faith and that all basic assumptions used in the forecast have been identified and justified; and

2. That the forecast contains the same assumptions and methodologies as used in the forecast prepared for use by management, and an identification and explanation for any differences that exist; and

3. That productivity and efficiency gains are included in the forecast;

(f) For each major construction project which constitutes five (5) percent or more of the annual construction budget within the three (3) year forecast the following information shall be filed:

1. The date the project was started or estimated starting date;

2. The estimated completion date;

3. The total estimated cost of construction by year exclusive and inclusive of allowance for funds used during construction (AFUDC) or interest during construction credit; and

4. The most recent available total costs incurred exclusive and inclusive of AFUDC or interest during construction credit.

(g) For all construction projects which constitute less than five (5) percent of the annual construction budget within the three (3) year forecast, the utility shall file an aggregate of the information requested in paragraph (f)(3) and 4 of this subsection;

(h) A financial forecast corresponding to each of the three (3) forecasted years included in the capital construction budget. The financial forecast shall be supported by the underlying assumptions made, projecting the results of operations and shall include the following information:

1. Operating income statement (exclusive of dividends per share or earnings per share);

2. Balance sheet;

3. Statement of cash flows;

4. Revenue requirements necessary to support the forecasted rate of return;

5. Load forecast including energy and demand (electric);

6. Access line forecast (telephone);

7. Mix of generation (electric);

8. Mix of gas supply (gas);

9. Employee level;

10. Labor cost changes;

11. Capital structure requirements;

12. Rate base;

13. Gallons of water projected to be sold (water);

14. Customer forecast (gas, water);

15. MCF sales forecasts (gas);

16. Toll and access forecast of number of calls and number of minutes (telephone); and

17. A detailed explanation of any other information provided;

(i) The most recent Federal Energy Regulatory Commission or Federal Communications Commission audit reports;

(j) The most recent Federal Energy Regulatory Commission Form 1 (electric), Federal Energy Regulatory Commission Form 2 (gas), or the Automated Reporting Management Information System (telephone); and Public Service Commission Form 1 (telephone);

(k) The annual report to shareholders or members and the statistical supplements covering the most recent five (5) years from the application filing date;

(l) The current chart of accounts if more detailed than the Uniform System of Accounts chart prescribed by the commission;

(m) The most recent two (2) months of the monthly, managerial reports providing financial results of operations in comparison to the forecast;

(n) Complete monthly budget variance reports, with narrative explanations, for the twelve (12) months immediately prior to the base period, each month of the base period, and any subsequent months, as they become available;

(o) The Securities and Exchange Commission's annual report for the most recent two (2) years, Form 10-Ks and Form 8-Ks issued during the prior two (2) years and any Form 10-Qs issued during the past six (6) quarters.

(p) The independent auditor's annual opinion report, with any written communication from the independent auditor to the utility which indicates the existence of a material weakness in the utility's internal controls;

(q) The quarterly reports to the stockholders for the most recent five (5) quarters;

(r) The summary of the latest depreciation study with schedules itemized by major plant accounts, except that telecommunications utilities that have adopted the commission's average depreciation rates shall provide a schedule that identifies the current and base period depreciation rates used by major plant accounts. If the required information has been filed in another commission case a reference to that case's number and style will be sufficient;

(s) A list of all commercially available or in-house developed computer software, programs, and models used in the development of the schedules and work papers associated with the filing of the utility's application. This list shall include each software, program, or model, what the software, program, or model was used for, identify the supplier of each software, program, or model, a brief description of the software, program, or model, the specification of the computer hardware and the operating system required to run the program;

(t) If the utility had any amounts charged or allocated to it by an affiliate or a general or home office or paid any monies to an affiliate or a general or home office during the base period or during the previous three (3) calendar years, the utility shall file:

1. A detailed description of the method and amounts allocated or charged to the utility by the affiliate or general or home office for each allocation or payment;

2. The method and amounts allocated during the base period and the method and estimated amounts to be allocated during the forecasted test period;

3. An explanation of how the allocator for both the base period and the forecasted test period were determined; and

4. All facts relied upon, including any regulatory approval, to demonstrate that each amount charged, allocated or paid during the base period is reasonable;

(u) If the utility provides gas, electric or water utility service and has annual gross revenues greater than $5,000,000, a cost of service study based on a methodology generally accepted within the industry and based on current and reliable data from a single time period; and

(v) Local exchange carriers with fewer than 50,000 access lines shall not be required to file cost of service studies, except as specifically directed by the commission. Local exchange carriers with more than 50,000 access lines shall file:

1. A jurisdictional separations study consistent with Part 38 of the Federal Communications Commission's rules and regulations; and

2. Service specific cost studies to support the pricing of all services that generate annual revenue greater than $1,000,000 except local exchange access:

a. Based on current and reliable data from a single time period; and

b. Using generally recognized fully allocated, embedded, or incremental cost principles.

(t) All applications seeking a general adjustment in rates supported by a forecasted test period shall include the following data to be submitted using schedule forms hereby incorporated by reference and which may be inspected, copied or obtained at the commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday between the hours of 8 a.m. and 4:30 p.m., local time. The commission shall notify the utility of any deficiencies not cured within thirty (30) days of receiving it. The utility may cure such filing deficiencies within thirty (30) days' written notice from the commission.

(a) A jurisdictional financial summary for both the base period and the forecasted period which details how the utility derived the amount of the requested revenue increase;
VOLUME 39, NUMBER 5 – NOVEMBER 1, 2012

(b) A jurisdictional rate base summary for both the base period and the forecasted period with supporting schedules which include detailed analyses of each component of the rate base;

c) A jurisdictional operating income summary for both the base period and the forecasted period with supporting schedules which provide breakdowns by major account group and by individual account;

d) A summary of jurisdictional adjustments to operating income by major account with supporting schedules for individual adjustments and jurisdictional factors;

e) A jurisdictional federal and state income tax summary for both the base period and the forecasted period with all supporting schedules of the various components of jurisdictional income taxes;

(f) Summary schedules for both the base period and the forecasted period (the utility may also provide a summary segregating those items it proposes to recover in rates of organization membership dues; initiation fees; expenditures at country clubs; charitable contributions; marketing, sales, and advertising expenditures; professional service expenses; civic and political activity expenses; expenditures for employee parties and outings; employee gift expenses; and rate case expenses);

(g) Analyses of payroll costs including schedules for wages and salaries, employee benefits, payroll taxes, straight time and overtime hours, and executive compensation by title;

(h) A computation of the gross revenue conversion factor for the forecasted period;

(i) Comparative income statements (exclusive of dividends per share or earnings per share), revenue statistics and sales statistics for the five (5) most recent calendar years from the application filing date, the base period, the forecasted period, and two (2) calendar years beyond the forecast period;

(j) A revenue summary for both the base period and forecasted period with supporting schedules providing details on each component of the capital structure;

(k) Comparative financial data and earnings measures for the ten (10) most recent calendar years, the base period, and the forecast period;

(l) A narrative description and explanation of all proposed tariff changes;

(m) A revenue summary for both the base period and forecasted period with supporting schedules which provide detailed billing analyses for all customer classes; and

(n) A typical bill comparison under present and proposed rates for all customer classes.

111. A request for waiver of any of the provisions of these filing requirements must set forth the specific reasons for the request. The commission may, in appropriate cases, grant the request. The request should also state the nature of the waiver proposed, and of the reasons why the service should be mainly furnished; the improvement of facilities, or for the disposition of any of the securities, notes, bonds, stocks or other evidences of indebtedness which it proposes to issue or the proceeds thereof and of the purpose for which their proceeds were expended.

A. The full name and post office address of the complainant.
B. The full name and post office address of the defendant.
C. Fully, clearly, and with reasonable certainty, the act or thing done or omitted to be done, of which complaint is made, and a statement of the character of the improvement of service proposed, and of the reasons why the service should be maintained from its capital. Whether any contracts have been made for the acquisition of such property, or for such construction, completion, extension or improvement of facilities, or for the disposition of any of the securities, notes, bonds, stocks or other evidence of indebtedness which it proposes to issue or the proceeds thereof and of the purpose for which their proceeds were expended.

D. Such other facts as may be pertinent to the application.

(2) The following exhibits must be filed with the application:

A. Financial exhibit (see Section 6 of this administrative regulation).
B. Copies of trust deeds or mortgages, if any, unless they have already been filed with the commission, in which case reference should be made, by style and case number, to the proceeding in which the trust deeds or mortgages have been filed.
C. Maps and plans of the proposed property and constructions together with detailed estimates in such form that they can be checked over by the commission's engineering division. Estimates must be arranged according to the uniform system of accounts prescribed by the commission for the various classes of utilities.

Section 12. Signature. The complaint shall be signed by the complainant or his attorney, if any, and if signed by such attorney, shall show his post office address. Complaints by corporations or associations, or any other organization having the right to file a complaint, must be signed by its attorney and show his post office address. No oral or unsigned complaints will be entertained or acted upon by the commission.

3. Procedure on filing of complaint.

A. Upon the filing of such complaint, the commission will immediately examine the same to ascertain whether it establishes a prima facie case and conforming to the requirements of this administrative regulation. If the commission is of the opinion that the complaint does not establish a prima facie case or does not conform to this administrative regulation, it will notify the complainant or his attorney to that effect, and opportunity may be given to amend the complaint within a specified time. If the complaint is not so amended within such time...
or such extension thereof as the commission, for good cause shown, may grant, it will be dismissed.

(b) If the commission is of the opinion that such complaint, either as originally filed or as amended, does establish a prima facie case and conforms to this administrative regulation, the commission will serve an order upon such corporations or persons complained of under the hand of its secretary and attested by its seal, accompanied by a copy of said complaint, directed to such corporation or person and requiring that the matter complained of be satisfied, or that the complaint be answered in writing within ten (10) days from the date of service of such order, provided that the commission may, in particular cases, require the answer to be filed within a shorter time.

(5) Satisfaction of the complaint. If the defendant desires to satisfy the complaint, he shall submit to the commission, within the time allowed for satisfaction or answer, a statement of the relief which he is willing to give. Upon the acceptance of this offer by the complainant and the approval of the commission, no further proceeding need be taken.

(6) Answer to complaint. If satisfaction be not made as afore
said, the corporation or person complained of must file an answer to the complaint, with certificate of service on other parties endorsed thereon, within the time specified in the order or such extension thereof as the commission, for good cause shown, may grant. The answer must contain a specific denial of such material allegations of the complaint as controverted by the defendant and also a statement of any new matter constituting a defense. If the answering party has no information or belief upon the subject sufficient to enable him to answer an allegation of the complaint, he may so state in his answer and place his denial upon that ground (see Section 15(2) of this administrative regulation).

Section 13. Informal Complaints. (1) Informal complaints must be made in writing. Matters thus presented are, if their nature warrants, taken up by correspondence with the utility complained against in an endeavor to bring about satisfaction of the complaint without formal hearing.

(2) No form of informal complaint is prescribed, but in substance it must contain the essential elements of a complaint, including the name and address of complainant, the correct name and post office address of the utility against whom complaint is made, a clear and concise statement of the facts involved, and the relief requested.

(3) In the event of failure to bring about satisfaction of the complaint because of the inability of the parties to agree as to the facts involved, or from other causes, the proceeding is held to be incompetent, or certificate, thus: "Order issued by the

Section 14. Deviations from Rules. In special cases, for good cause shown, the commission may permit deviations from these rules.

Section 15. Forms. (1) In all practice before the commission the following forms shall be followed insofar as practicable:

(Name and address of company)
(Name and address of attorney)
(a) What this administrative regulation does: This administrative regulation provides the rules of procedures for the hearings and formal proceedings before the Public Service Commission.

(b) The necessity of this administrative regulation: This administrative regulation is needed to provide the structural framework for hearings and formal proceedings that the Public Service Commission conducts.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 278.040(3) authorizes the Commission to adopt reasonable regulations to implement the provisions of KRS Chapter 278.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: It sets forth the rules of procedures, utilities and the commission must follow.

(e) How much revenue will this administrative regulation generate: This administrative regulation is expected to reduce litigation costs.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: It clarifies the procedures for obtaining confidential treatment of materials submitted to the commission and places a person seeking such treatment on notice that he must propose a time period for which confidential treatment will be afforded. It further clarifies the types of documents which are subject to the commission’s rules of procedure. It also clarifies the contents of notices that an applicant must provide to the public to announce a proposed rate change and the scheduling of a hearing.

(b) The necessity of this administrative regulation: There is considerable confusion regarding the commission’s procedures for reviewing petitions for confidential treatment. This regulation establishes a procedure for expedited and prompt review of requests made outside of formal proceedings and addresses areas of uncertainty that have existed since the regulation’s last amendment in 1993.

(c) How the amendment conforms to the content of the authorizing statutes: KRS 278.040(3) authorizes the Commission to adopt reasonable regulations to implement the provisions of KRS Chapter 278.

(d) How this amendment will assist in the effective administration of the statutes: The amendment provides an administrative framework for addressing issues arising under KRS 61.870-884 that arise before the commission in both formal and informal proceedings.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The proposed amendment will affect all utilities regulated by the Public Service Commission.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: This amendment will not require additional actions by the utilities, but rather provides more choices and flexibility when filing with the commission.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There are no costs to comply with this amendment.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The proposed amendment generally reflects and incorporates informal practices and procedural devices that the Public Service Commission has developed and used in formal proceedings since the last revision to its rules of procedure. For a utility that electronically files a case before the commission, this amendment is expected to reduce litigation costs and expedite a final decision.

(5) Provide an estimate of how much it will cost to the administrative body to implement this administrative regulation:

(a) Initially: Implementation of the proposed amendment will not involve additional costs.

(b) On a continuing basis: No additional costs are expected.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: No additional funding is required.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding is necessary or will be required.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: No.

(9) TIERING: Is tiering applied? No.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? This administrative regulation for the first year. The Public Service Commission will continue performing the same level of review and require the same number of employees to conduct its review. The Public Service Commission has developed and used in formal proceedings since the last revision to its rules of procedure. For a utility that electronically files a case before the commission, this amendment is expected to reduce litigation costs and expedite a final decision.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 278.040(3) authorizes the commission to adopt reasonable regulations to implement the provisions of KRS Chapter 278. KRS 278.310 provides that all hearings and investigations before the commission or any commissioner shall be governed by rules adopted by the commission.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? No direct increase in revenue will result from the adoption of the proposed amendment for any governmental agency. The proposed amendment does not provide for the Public Service Commission to assess any fee or charge.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? No direct increase in revenue will result from the adoption of the proposed amendment for any governmental agency. The proposed amendment does not provide for the Public Service Commission to assess any fee or charge.

(c) How much will it cost to administer this program for the first year? There should be no increase in the Public Service Commission’s cost of operations related to the revision of the administrative regulation for subsequent years. The Public Service Commission will continue performing the same level of review and require the same number of employees to conduct its review.

(d) How much will it cost to administer this program for subsequent years? There should be no increase in the Public Service Commission’s cost of operations related to the revision of the administrative regulation for subsequent years. The Public Service Commission will continue performing the same level of review and require the same number of employees to conduct its review.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

Public Service Commission
(Amended After Comments)

RELATES TO: KRS Chapter 278, 49 C.F.R. Part 192, 49 U.S.C. 60105
STATUTORY AUTHORITY: KRS 278.230, 278.280(2), 49 C.F.R. Part 192
NECESSITY, FUNCTION, AND CONFORMITY: KRS 278.230(9) provides that every utility shall file with the commission any reports, schedules or other information that the commission reasonably requires, KRS 278.280(2) provides that the commission shall prescribe rules for the performance of any service or the furnishing of any commodity by any utility. This administrative regulation establishes general rules which apply to electric, gas, water, sewage and telephone utilities (This administrative regulation includes the substance of 807 KAR 5:008, which it repeals).

Section 1. Definitions. (1) "Built up community" means urban areas and those areas immediately adjacent.
(2) "Commission" is defined in KRS 278.010(15).
(3) "Corporation" is defined in KRS 278.010(1).
(4) "Customer" means any person, firm, corporation or body politic for or receiving service from any utility.
(5) "Gross Annual Operating Reports" means reports that KRS 278.140 requires each utility to file with the commission.
(6) "Nonrecurring charge" means a charge or fee assessed to customers to recover the specific cost of an activity, which:
(a) Is due to a specific request for a certain type of service activity for which, once the activity is completed, additional charges shall not be incurred; and
(b) Is limited to only recover the specific cost of the specific service.
(7) "Person" is defined in KRS 278.010(2).
(8) "Tariff" means a utility's schedule of all its rates, charges, tolls, maps, terms and conditions of service over which the commission has jurisdiction.
(9) "Utility" is defined in KRS 278.010(3).
(10) "Water Association" means any non-profit corporation, association or cooperative corporation having as its purpose the furnishing of a public water supply.
(11) "Water District" means a special district formed pursuant to KRS 65.810 and KRS Chapter 74.

Section 2. General Provisions. Any reference to standards or codes in 807 KAR Chapter 5 commission administrative regulations shall not prohibit a utility from continuing or initiating experimental work and installations to improve, decrease the cost of, or increase the safety of its service.

Section 3. Utility Contact Information. (1) A utility shall notify the commission in writing of:
(a) The address of its main corporate and Kentucky offices, including street address and post office box, city, state and zip code;
(b) The name, telephone number, facsimile number and mailing address of the person who serves as its primary liaison with the commission regarding its operations; and
(c) Its electronic mail address.
(2) The electronic mail address required in subsection (1) of this section shall be to an electronic mail account that the utility accesses at least once weekly and that is capable of receiving electronic mail from external sources and with attachments up to five (5) megabytes in size. Unless a utility otherwise advises the commission in writing, all electronic mail transmissions from the commission to the utility shall be sent to this address.
(3) A utility shall notify the commission in writing of any change in the information required in subsection (1) of this section within ten (10) days of the date of the change.

Section 4. Reports. (1) Gross Annual Operating Revenue Reports.
(a) Each utility shall file with the commission its gross operating revenue report on or before March 31 of each year.
(b) An extension request shall not be permitted for Gross Annual Operating Revenue Reports.
(c) A utility may file an amendment to its report with the commission on or before May 24 of the same year.
(d) The commission shall:
1. Not certify to the Department of Revenue the amounts of intrastate business set forth in any amendment filed with the commission after May 24 of that year; and
2. Report those amounts to the Department of Revenue for informational purposes.
(2) Financial and statistical reports.
(a) Every utility shall file annually using the commission's electronic filing system a financial and statistical report on or before March 31 of each year.
(b) This report shall be based upon utility type and the accounts established in conformity with the uniform system of accounts prescribed for that utility type.
(c) If documents are required to supplement or complete the report and cannot be submitted through the commission's electronic filing system, the utility shall file these documents in paper form with the commission no later than March 31.
(e) For good cause shown, the executive director of the commission may, upon application in writing, allow a reasonable extension of time for the filing.
(3) Financial statement audit reports. A utility required to file a report in accordance with section 4(2) of this regulation shall file with the commission on or before September 30 each year, a copy of the audit report of the Kentucky regulated entity, from the audit performed the previous year, or a statement that no audit was performed of the Kentucky regulated entity the previous year. For good cause shown, the executive director of the commission may, upon application in writing, allow a reasonable extension of time for the filing.
(4) Report of meters, customers and refunds. Each gas, electric or water utility shall file quarterly either a Quarterly Meter Report-Electric, Quarterly Meter Report-Gas, or a Quarterly Meter Report-Water, of meters tested, number of customers, and amount of refunds.
(5) Report of terminations for nonpayment of bills. Each water, electric, or gas utility shall file either the Water Utility Non-Payment Disconnection/Reconnection Report, Electric Utility Non-Payment Disconnection/Reconnection Report, or Gas Utility Non-Payment Disconnection/Reconnection Report, annually to report the number of residential accounts terminated for nonpayment. These reports shall be filed no later than August 15 and shall cover the period ending June 30.
(6) Record and report retention. All records and reports shall be retained in accordance with the uniform system of accounts unless otherwise specified.
(a) Transmittal letter. Each report shall be accompanied by a transmittal letter describing the report being furnished.
(b) Amending reports. Upon discovering a material error in any report that it has filed with the commission, a utility shall file an amended report to correct the error.

Section 5. Service Information. (1) (a) A utility shall, on request, give its customers or prospective customers information that enables the customers to secure safe, efficient and continuous service.
(b) A utility shall inform its customers of any change made or proposed in the character of its service that might affect the efficiency, safety, or continuity of operation.
(2) Prior to making any substantial change in the character of the service furnished that would affect the efficiency, adjustment, speed or operation of the equipment or appliances of any customer, a utility shall apply for the commission's approval. The application shall show the nature of the change to be made, the number of customers affected, and the manner in which they will be affected.

- 1015 -
Section 6. Special Rules or Requirements. (1) A utility shall not establish any special rule or requirement without first obtaining the approval of the commission on proper application.

(2) Unless specifically authorized by this administrative regulation, no utility shall deny or refuse service to a customer who has complied with all conditions of service set forth in the utility's tariff on file with the commission.

(3) Obtaining easements and rights-of-way necessary to extend service shall be the responsibility of the utility.

(a) A utility shall not:
   1. Require a prospective customer to obtain easements or rights-of-way on property not owned by the prospective customer as a condition for providing service; or
   2. Refuse to provide service to any prospective or existing customer on the basis of that customer's refusal to grant an easement or rights-of-way.

(b) The cost of obtaining easements or rights-of-way shall be included in the total per foot cost of an extension, and shall be apportioned among the utility and customer in accordance with 807 KAR 5:041, 807 KAR 5:061 or 807 KAR 5:066.

Section 7. Billings, Meter Readings and Information. (1) Information on bills.

(a) Each bill for utility service issued periodically by a utility shall clearly show:

   1. The date the bill was issued;
   2. Class of service;
   3. Present and last preceding meter readings;
   4. Date of the present reading;
   5. Number of units consumed;
   6. Meter constant, if any;
   7. Net amount for service rendered;
   8. All taxes;
   9. Any adjustments;
   10. The gross amount of the bill;
   11. The date after which a penalty may apply to the gross amount; and
   12. Whether the bill is estimated or calculated.

(b) The rate schedule under which the bill is computed shall be posted on the utility's Web site, if it maintains a Web site, and shall also be furnished under one (1) of the following methods:

   1. By printing it on the bill;
   2. By publishing it in a newspaper of general circulation once each year;
   3. By mailing it to each customer once each year; or
   4. By providing a place on each bill for a customer to indicate the customer's desire for a copy of the applicable rates. The utility shall mail the customer a copy by return first class mail.

(2) Flat rates. Flat rates for unmetered service shall approximate as closely as possible the utility's rates for metered service. The rate schedule shall clearly set out the basis upon which consumption is estimated.

(3) Bill format. Each utility shall include the billing form, including any e-bill form, to be used by it, or its contents, in its tariffed rules.

(4) Meter readings. Registration of each meter shall read in the same units as used for billing unless a conversion factor is shown on the billing form.

(a) Except as provided in paragraph (b) or (c) of this subsection, each utility, except if prevented by reasons beyond its control, shall read customer meters at least quarterly;

(b) Each customer-read meter shall be read manually, at least once during each calendar year;

(c) Each customer meter using remote reading technology shall be inspected for proper working condition and the meter registration record, [including readings verified], at the intervals established in Section 26(4)(e), Section 26(5)(a)(2), or Section 26(6)(b) of this administrative regulation.

(d) Records shall be kept by the utility to insure that the information required by this subsection is available to the commission and any customer requesting this information.

(e) If, due to reasons beyond its control, a utility is unable to read a meter in accordance with this subsection, the utility shall record the date and time the attempt was made, if applicable, and the reason the utility was unable to read the meter.

Section 8. Deposits. (1) Determination of deposits.

(a) A utility may require from any customer a minimum cash deposit or other guaranty to secure payment of bills, except from those customers qualifying for service reconnection under Section 16 of this administrative regulation.

(b) A utility shall not require a deposit based solely on the customer being a tenant or renter.

(c) The method of determining the amount of a cash deposit may differ between classes of customers, but shall be uniform for all customers within the same class.

(d) The amount of a cash deposit shall be determined by one (1) of the methods established in this paragraph:

1. Calculated deposits.

   (a) If actual usage data is available for the customer at the same or similar premises, the deposit amount shall be calculated using the customer's average bill for the most recent twelve (12) month period.

   (b) If actual usage data is not available, the deposit amount shall be based on the average bills of similar customers and premises in the system.

   (c) Deposit amounts shall not exceed two-twelfths (2/12) of the customer's actual or estimated annual bill if bills are rendered monthly, three-twelfths (3/12) if bills are rendered bimonthly, or four-twelfths (4/12) if bills are rendered quarterly.

2. Equal deposits.

   (a) A utility may establish an equal deposit amount for each class of service based on the average bill of customers in that class.

   (b) Deposit amounts shall not exceed two-twelfths (2/12) of the average bill of customers in the class if bills are rendered monthly, three-twelfths (3/12) if bills are rendered bimonthly, or four-twelfths (4/12) if bills are rendered quarterly.

3. Recalculation of deposits.

   a. If a utility retains either an equal or calculated deposit for more than eighteen (18) months, it shall notify customers in writing that at the customer's request, the deposit shall be recalculated every eighteen (18) months based on actual usage of the customer.

   b. The notice of deposit recalculation shall be included:

      (i) On the customer's application for service;
      (ii) On the receipt of deposit;
      (iii) Annually with or on customer bills.

   c. The notice of deposit recalculation shall state that if the deposit on account differs by more than ten (10) dollars for residential customers, or by more than ten (10) percent for nonresidential customers, from the deposit calculated on actual usage, the utility shall refund any over-collection and may collect any underpayment.

   d. Refunds shall be made either by check, electronic funds transfer, or by credit to the customer's account.

4. Meter readings. Registration of each meter shall read in the same units as used for billing unless a conversion factor is shown on the billing form.

(a) Except as provided in paragraph (b) or (c) of this subsection, each utility, except if prevented by reasons beyond its control, shall read customer meters at least quarterly;

(b) Each customer-read meter shall be read manually, at least once during each calendar year;

(c) Each customer meter using remote reading technology shall be inspected for proper working condition and the meter registration record, [including readings verified], at the intervals established in Section 26(4)(e), Section 26(5)(a)(2), or Section 26(6)(b) of this administrative regulation.

(d) Records shall be kept by the utility to insure that the information required by this subsection is available to the commission and any customer requesting this information.

(e) If, due to reasons beyond its control, a utility is unable to read a meter in accordance with this subsection, the utility shall record the date and time the attempt was made, if applicable, and the reason the utility was unable to read the meter.
(b) The receipt shall show the name of the customer, location of the service or customer account number, date, and amount of deposit.

(c) If the notice of recalculation described in subsection (1)(d)(3) of this section is not included in the utility's application for service or mailed with customer bills, the receipt of deposit shall contain the notification.

(d) If deposit amounts change, the utility shall issue a new receipt of deposit to the customer.

(e) The manner in which interest on deposits will be calculated and accrual and refunded credited to customers' bills.

Section 9. Nonrecurring Charges. (1) A utility may make special nonrecurring charges to recover customer-specific costs incurred that would otherwise result in monetary loss to the utility or increased rates to other customers to whom no benefits accrue from the service provided or action taken. Any utility desiring to establish or change any special nonrecurring charge shall apply for commission approval of the charge in accordance with the provisions of 807 KAR 5:011, Section 10.

(2) Nonrecurring charges shall be included in a utility's tariff and applied uniformly throughout the area served by the utility. The utility shall notify the service performed or action taken and shall yield only enough revenue to pay the expenses incurred in rendering the service.

(3) Nonrecurring charges shall include the charges listed in this subsection and may include other customer specific costs in accordance with this section and 807 KAR 5:011 section 10.

(a) Turn-on charge.
1. A turn-on charge may be assessed for a new service turn on, seasonal turn on or temporary service.
2. A turn-on charge shall not be made for initial installation of service if a tap fee is applicable.

(b) Reconnect charge.
1. A reconnect charge may be assessed to reconnect a service which has been terminated for nonpayment of bills or violation of the utility's rules or 807 KAR Chapter 5.
2. Customers qualifying for service reconnection under Section 16 of this administrative regulation shall be exempt from reconnect charges.

(c) Termination or field collection charge.
1. A charge may be assessed if a utility representative makes a trip to the premises of a customer for the purpose of terminating service.
2. The charge may be assessed if the utility representative actually terminates service or if, in the course of the trip, the utility representative agrees to delay termination based on the customer's payment or agreement to pay the delinquent bill by a specific date.
3. The utility shall not make a field collection charge more than once in any billing period.

(d) Special meter reading charge. This charge may be assessed if:
1. The customer requests that a meter be reread, and the second reading shows the original reading was correct. A charge shall not be assessed if the original reading was incorrect; or
2. A customer who reads his or her own meter fails to read the meter for three (3) consecutive months, and it is necessary for a utility representative to make a trip to read the meter.

(e) Meter resetting charge. A charge may be assessed for resetting a meter if the meter has been removed at the customer's request.

(f) Meter test charge. This charge may be assessed if a customer requests the meter be tested pursuant to Section 19 of this administrative regulation, and the tests show the as-found meter accuracy is within the limits allowed by 807 KAR 5:022 Section 8(3)(a)(1) and 8(3)(b)(1); 807 KAR 5:041, Section 17(1); or 807 KAR 5:066, Section 15(2)(a).

(g) Returned payment charge. A returned payment charge may be assessed if any form of accepted payment of a utility bill is not honored by the customer's financial institution.

(h) Late payment charge. A late payment charge may be assessed if a customer fails to pay a bill for services by the due date shown on the customer's bill. The late payment charge may be assessed only once on any bill for rendered services. Any payment rendered shall first be applied to the bill for service rendered. Additional late payment charges shall not be assessed on unpaid late payment charges.

Section 10. Customer Complaints to the Utility. (1) Upon complaint to a utility by a customer at the utility's office, by telephone or in writing, the utility shall make a prompt and complete investigation and advise the customer of its findings.

(2) The utility shall keep a record of all written complaints concerning its service. This record shall include:
(a) The customer's name and address.
(b) The date and nature of the complaint; and
(c) The disposition of the complaint.

(3) Records shall be maintained for two (2) years from the date of resolution of the complaint.

(4) If a written complaint or a complaint made in person at the utility's office is not resolved, the utility shall provide written notice to the customer of his or her right to file a complaint with the commission, and shall provide the customer with the mailing address, Web site address and telephone number of the commission.

(5) If a telephone complaint is not resolved, the utility shall provide at least oral notice to the customer of his or her right to file a complaint with the commission and the mailing address, Web site address and telephone number of the commission.

Section 11, Bill Adjustment for Gas, Electric or Water Utilities.
(1) If, upon periodic test, request test, or complaint test, a me-
ter in service is found to be in error in excess of the limits allowed by 807 KAR 5:022, Section 8(3)(a)(2); 807 KAR 5:041, Section 17(1); or 807 KAR 5:066, Section 15(4), additional tests shall be made in accordance with those same administrative regulations applicable for the meter type involved to determine the average meter error.

(2)(a) If test results on a customer's meter show an average meter error greater than two (2) percent fast or slow, or if a customer has been incorrectly billed for any other reason, except if a utility has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a customer, the utility shall:

1. Immediately determine the period during which the error has existed;
2. Recompute and adjust the customer’s bill to either provide a refund to the customer or collect an additional amount of revenue from the underbilled customer; and
3. Readjust the account based upon the period during which the error is known to have existed.

(b) If the period during which the error existed cannot be determined with reasonable precision, the time period shall be estimated using the data as elapsed time since the last meter test, if applicable, and historical usage data for the customer.

1. If the data is not available, the average usage of a similar class of customers shall be used for comparison purposes in calculating any time period
2. If the customer and utility are unable to agree on an estimate of the time period during which the error existed, the commission shall determine the issue.

(d) In all instances of customer underbilling, the customer's account shall be credited or the underbilled amount refunded at the discretion of the customer within thirty (30) days after the investigation is complete.

(b) A utility shall not require customer repayment of any underbilling to be made over a period shorter than a period coextensive with the underbilling.

(3) Monitoring usage.

(a) A utility shall monitor a customer's usage at least quarterly according to procedures that shall be included in its tariff.

(b) The procedures shall be designed to draw the utility's attention to unusual deviations in a customer's usage and shall provide for reasonable means by which the utility can determine the reasons for the unusual deviation.

(c) If a customer's usage is unduly high and the deviation is not otherwise explained, the utility shall test the customer's meter to determine whether the meter shows an average meter error greater than two (2) percent fast or slow.

(d) Usage investigation.

(a) If a utility's procedure for monitoring usage indicates that an investigation of a customer's usage is necessary, the utility shall notify the customer in writing:

1. Within ten (10) days of removing the meter from service, that a usage investigation is being conducted and the reasons for the investigation; and
2. Within ten (10) days upon completion of the investigation of the findings of the investigation.

(b) If knowledge of a serious situation requires more expeditious notice, the utility shall notify the customer by the most expeditious means available.

(c) If the meter shows an average meter error greater than two (2) percent fast or slow, the utility shall maintain the meter in question at a secure location under the utility's control, for a period of six (6) months[one (1) year] from the date the customer is notified of the finding of the investigation and the time frame the meter will be secured by the utility or if the customer has filed a formal complaint pursuant to KRS 278.260, the meter shall be maintained until the proceeding is resolved.

(d) Customer notification. If a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be notified in substantially the following form:

On ___________ (date), the meter bearing identification No. _______ installed in your building located at _______ (Street and Number) in _______ (city) was tested at _______ (on premises or elsewhere) and found to register _______ (percent fast or slow). The meter was tested on _______ (Periodic, Request, Complaint) test. Based upon these test results the utility will ___________ (charge or credit) your account in the sum of $__________, which has been noted on your regular bill. If you desire a cash refund, rather than a credit to your account, of any amount overbilled, you shall notify this office in writing within seven (7) days of the date of this notice.

6) A customer account shall be considered to be current while a dispute is pending pursuant to this section, if the customer
(a) Continues to make payments for the disputed period in accordance with historic usage, or if that data is not available, the average usage of similar customer loads; and
(b) Stays current on subsequent bills.

Section 12, Status of Customer Accounts During Billing Dispute. With respect to any billing dispute to which Section 11 of this administrative regulation does not apply, a customer account shall be considered to be current while the dispute is pending if the customer continues to make undisputed payments and stays current on subsequent bills.

Section 13, Customer's Request for Termination of Service. (1) Any customer desiring service terminated or changed from one (1) address to another shall give the utility three (3) working days' notice in person, in writing, or by telephone, if the notice does not violate contractual obligations or tariff provisions.

(b) The customer shall not be responsible for charges for service beyond the three (3) day notice period if the customer provides access to the meter during the notice period in accordance with section 20 of this administrative regulation.

(c) If the customer notifies the utility of his request for termination by telephone, the burden of proof shall be on the customer to prove that service termination was requested a dispute arises.

(2) Upon request that service be reconnected at any premises subsequent to the initial installation or connection to its service lines, the utility may, subject to subsection (3) of this section, charge the applicant a reconnect fee set out in its filed tariff.

(3) Any utility desiring to establish a termination or reconnection charge under the provisions of subsection (2) of this section shall apply for commission approval of the charge in accordance with the provisions of 807 KAR 5:011, Section 10.

Section 14, Utility Customer Relations. (1) A utility shall post and maintain regular business hours and provide representatives available to assist its customers and to respond to inquiries from the commission regarding customer complaints.

(a) Maintain a telephone number. Each utility shall:
1. Have a telephone number. Each utility shall:
2. Publish, shall publish the telephone number in all service areas; and
3. Permit all customers to contact the utility's designated representative without charge.

(b) Designated representatives. Each utility shall designate at least one (1) representative to be available to answer customer questions, resolve disputes and negotiate partial payment plans at the utility's office. The designated representative shall be knowledgeable of this regulation: 807 KAR 5:001 Section 13; KRS 278.160(2); and KRS 278.225 regarding customer bills and service and shall be authorized to negotiate and accept partial payment plans.

1. Each water, sewer, electric, or gas utility having annual operating revenues of $250,000 or more shall make the designated representative available during the utility's established working hours not fewer than seven (7) hours per day, five (5) days per week, excluding legal holidays.

2. Each water, sewer, electric, or gas utility having annual operating revenues of less than $250,000 shall make the designated representative available during the utility's established working hours not fewer than seven (7) hours per day, one (1) day per week. Additionally, during the months of November through March, each utility providing gas or electric service shall make available the designated representative during the utility's established working hours not fewer than five (5) days per week, excluding legal holidays.
VOLUME 39, NUMBER 5 – NOVEMBER 1, 2012

(c) Display of customer rights.
1. Each utility shall prominently display in each office open to the public for customer service, and shall post on its Web site, if it maintains a Web site, a summary, prepared and provided by the commission, of the customer’s rights under this section and Section 16 of this administrative regulation.

2. If a customer indicates to any utility personnel that he or she is experiencing difficulty in paying a current utility bill, that employee shall refer the customer to the designated representative for an explanation of his or her rights.

(d) Utility personnel training.

The chief operating officer of any utility that provides electric or gas service to residential customers shall certify under oath annually the training of utility personnel assigned to counsel persons presenting themselves for utility service under the provisions of this section.

3. Training shall include an annual review of this administrative regulation and policies regarding winter hardship and disconnect administrative regulations. Cabinet for Health and Family Services (or its designee) policy and programs for issuing certificates of need, and the utility’s policies regarding collection, arrears repayment plans, budget billing procedures, and weather/weather disconnected policies.

4. Certification shall include written notice to the commission by no later than October 31 of each year identifying the personnel trained, the date training occurred, and that the training met the requirements of this section.

(2) Partial payment plans. Each utility shall negotiate and accept reasonable partial payment plans at the request of residential customers who have received a termination notice for failure to pay as provided in Section 15 of this administrative regulation, except that a utility is not required to negotiate a partial payment plan with a customer who is delinquent under a previous partial payment plan. Partial payment plans shall be mutually agreed upon and subject to the conditions in this section and Section 15 of this administrative regulation. Partial payment plans which extend for a period longer than thirty (30) days shall be in writing or electronically recorded, state the date and the amount of payment due.

Written partial payment plans shall be dated and signed by both parties [the utility representative], and shall advise customers that service may be terminated without additional notice if the customer fails to meet the obligations of the plan.

(a) Budget payment plans for water, gas and electric utilities. A water, gas, or electric utility shall develop and offer to its residential customers a budget payment plan based on historical or estimated usage whereby a customer may elect to pay a fixed amount each month in lieu of monthly billings based on actual usage. Under this plan, a utility shall issue bills which adjust accounts so as to bring each participating customer current once each twelve (12) month period. The customer’s account may be adjusted at the end of the twelve (12) month period or through a series of levelized adjustments on a monthly basis if usage indicates that the account will not be current upon payment of the last budget amount. Budget payment plans shall be offered to residential customers and may be offered to other classes of customers. The provisions of the budget plan shall be included in the utility’s tariffed rules. The utility shall provide information to its customers regarding the availability of budget payment plans.

(b) Partial payment plans for customers with medical certificates or certificates of need. For customers presenting certificates under the provisions of Sections 15(3) and 16 of this administrative regulation, gas and electric utilities shall negotiate partial payment plans based upon the customer’s ability to pay, requiring accounts to become current not later than the following October 15. The plans may include, but are not limited to, budget payment plans and plans that defer payment of a portion of the arrearage until the end of the heating season through a schedule of unequal payments.

(3) Utility inspections of service conditions prior to providing service. Each electric, gas, water and sewer utility shall inspect the condition of its meter and service connections before making service connections to a new customer so that prior or fraudulent use of the facilities will not be attributed to the new customer. The new customer shall be afforded the opportunity to be present at the inspections. The utility may be required to render service to any customer until all defects in the customer-owned portion of the service facilities have been corrected.

4. Prompt connection of service. Except as provided in Section 16 of this administrative regulation, the utility shall reconnect existing service within twenty-four (24) hours or close of the next business day, whichever is later, and shall install and connect new service within seventy-two (72) hours or close of the next business day, whichever is later, when the cause for refusal or discontinuance of service has been corrected and the utility’s tariffed rules and the commission’s administrative regulations have been met.

(5) Advance termination notice. When advance termination notice is required, the termination notice shall be mailed or otherwise delivered to the customer’s last known address. The termination notice shall be in an easily readable and separate form from any other bill. The termination notice shall plainly state the reason for termination, that the termination date will not be affected by receipt of any subsequent bill, and that the customer has the right to dispute the reason for termination. The termination notice shall also comply with the applicable requirements of Section 15 of this administrative regulation.

Section 15. Refusal or Termination of Service. (1) A utility may refuse or terminate service to a customer only under the following conditions except as provided in subsections (2) and (3) of this section:

(a) For noncompliance with the utility’s tariffed rules or the commission’s administrative regulations. A utility may terminate service for a customer’s failure to comply with applicable tariffed rules or the commission’s administrative regulations pertaining to that service. However, no utility shall terminate or refuse service to any customer for noncompliance with its tariffed rules or the commission’s administrative regulations without first having made a reasonable effort to obtain customer compliance. After the effort by the utility, service may be terminated or refused only after the customer has been given at least ten (10) days written termination notice pursuant to Section 14(5) of this administrative regulation.

(b) For dangerous conditions. If a dangerous condition relating to a utility’s service that could subject any person to imminent harm or result in substantial damage to the property of the utility or others is found to exist on the customer’s premises, the service shall be refused or terminated without advance notice. The utility shall notify the customer immediately in writing and, if possible, orally of the reasons for the termination and shall disconnect service. The notice shall be recorded by the utility and shall include the corrective action to be taken by the customer or utility before service can be restored or provided. However, if the dangerous condition, such as gas piping or a gas-fired appliance, can be effectively isolated or secured from the rest of the system, the utility need discontinue service only to the affected piping or appliance.

(c) For refusal of access. When a customer refuses or neglects to provide reasonable access to the premises for installation, operation, meter reading, maintenance or removal of utility property, the utility may terminate or refuse service. The action shall be taken only when corrective action negotiated between the utility and customer has failed to resolve the situation and after the customer has been given at least ten (10) days written notice of termination pursuant to Section 14(5) of this administrative regulation.

(d) For outstanding indebtedness. Except as provided in Section 16 of this administrative regulation, a utility shall not be required to furnish new service to any person contracting for service [customer] who is indebted to the utility for service furnished or other tariffed charges until that person contracting for service [customer] has paid his indebtedness.

(e) For noncompliance with state, local or other codes. A utility may refuse or terminate service to a customer if the customer does not comply with state, municipal or other codes, rules and administrative regulations applying to the service. A utility may terminate service pursuant to this subsection only after ten (10) days’ written notice is provided pursuant to Section 14(5) of this administrative regulation.
regulation, unless ordered to terminate immediately by a govern-
mental official.

(f) For nonpayment of bills. A utility may terminate service at a
point of delivery for nonpayment of charges incurred for utility ser-
vice at that point of delivery; however, no utility shall terminate
service to any person contracting for service[cust]omer for
nonpayment of bills for any tariffed charge without first having
mailed or otherwise delivered an advance termination notice which
complies with the requirements of Section 14(5) of this administra-
tive regulation.

1. Termination notice requirements for electric or gas service.
Each electric or gas utility proposing to terminate customer service
for nonpayment shall mail or otherwise deliver to that customer ten
(10) days' written notice of intent to terminate. Under no circum-
tances shall service be terminated before twenty-seven (27) days
after the mailing date of the original unpaid bill. The termination
notice to residential customers shall include written notification to
the customer of the existence of local, state and federal programs
providing for the payment of utility bills under certain conditions,
and of the address and telephone number of the Cabinet for Health
and Family Services (or its designee) to contact for possible assis-
tance.

2. Termination notice requirements for water, sewer, or tele-
phone service. Each water, sewer, or telephone utility proposing to
terminate customer service for nonpayment shall mail or otherwise
deliver to that customer five (5) days' written notice of intent to
terminate. Under no circumstances shall service be terminated before twenty (20) days after the mailing date of the original unpaid
bill.

3. The termination notice requirements of this subsection shall
not apply if termination notice requirements to a particular custom-
er or customers are otherwise dictated by the terms of a special con-
tact between the utility and customer which has been ap-
proved by the commission.

4. This subsection shall not prevent or restrict a utility from
terminating service when a sewer service provider requests dis-
continuance of a customer's water service pursuant to KRS
74.408, KRS 96.934 or KRS 220.510, nor shall it restrict a water
district from discontinuing water service to a customer who has
failed to pay his bill for sewer service that the water district has
provided.

(g) For illegal use or theft of service. A utility may terminate
service to a customer without advance notice if it has evidence that
a customer has obtained unauthorized service by illegal use or
theft. Within twenty-four (24) hours after termination, the utility shall
send written notification to the customer of the reasons for termina-

ion or refusal of service upon which the utility relies, and of the
customer's right to appeal the termination to the utility or to the
commission. This right of termination is separate from and in addition to any other legal remedies which the utility may pursue for illegal use or theft of service. The utility shall not be
required to restore service until the customer has complied with all
tariffed rules of the utility and laws and administrative regulations of
the commission.

(2) A utility shall not terminate service to a customer if:
(a) Payment for services is made. If, following receipt of a ter-
mination notice for nonpayment but prior to the actual termination
of service payment of the amount in arrears is received by the
utility, service shall not be terminated.

(b) A payment agreement is in effect. Service shall not be ter-
minated for nonpayment if the customer and the utility have en-
tered into a partial payment plan in accordance with Section 14 of
this administrative regulation and the customer is meeting the re-
quirements of the plan.

(c) A medical certificate is presented. Service shall not be ter-
minated for thirty (30) days beyond the termination date if a physi-
cian, registered nurse or public health officer certifies in writing that
termination of service will aggravate a debilitating illness or infirmity
currently suffered by a resident living at the affected premises. A
utility may refuse to grant consecutive extensions for medical certi-
ificates past the original thirty (30) days unless the certificate is ac-
accompanied by an agreed partial payment plan in accordance with
Section 14 of this administrative regulation. A utility shall not re-
quire a new deposit from a customer to avoid termination of service
for a thirty (30) day period who presents to the utility a medical
certificate certified in writing by a physician, registered nurse or
public health officer.

(3) A gas or electric utility shall not terminate service for thirty
(30) days beyond the termination date if the Kentucky Cabinet for
Health and Family Services (or its designee) certifies in writing that
the customer is eligible for the cabinet's energy assistance pro-
gram or household income is at or below 130 percent of the povery
level, and the customer presents the certificate to the utility.

Customers eligible for certification from the Cabinet for Health and
Family Services shall have been issued a termination notice be-
 tween November 1 and March 31. Certificates shall be presented
to the utility during the initial ten (10) day termination notice period.
As a condition of the thirty (30) day extension, the customer shall
exhibit good faith in paying his indebtedness by making a present
payment in accordance with his ability to do so. In addition, the
customer shall agree to a repayment plan in accordance with Sec-
tion 14 of this administrative regulation which will permit the cus-
tomer to become current in the payment of his bill as soon as possi-
ble but not later than October 15. A utility shall not require a new
deposit from a customer to avoid termination of service for a thirty
(30) day period who presents a certificate to the utility certified by
the Cabinet for Health and Family Services (or its designee) that
the customer is eligible for the cabinet’s Energy Assistance Pro-
gram or whose household income is at or below 130 percent of the
poverty level.

Section 16. Winter Hardship Reconnection. (1) Notwithstand-
ing the provisions of Section 14(4) of this administrative regulation
to the contrary, an electric or gas utility shall reconnect service to
a residential customer who has been disconnected for nonpayment of
bills pursuant to Section 15(1)(f) of this administrative regulation
on or after application for reconnection, and who applies for reconnc-
tion during the months from November 1 through March 31 if the
customer or his agent:

(a) Presents a certificate of need from the Cabinet for Health
and Family Services (or its designee), including a certification that
a referral for weatherization services has been made in accor-
dance with subsection (3) of this section;

(b) Pays one-third (1/3) of his outstanding bill or $200, whi-

ch ever is less; and

(c) Agrees to a repayment schedule which would permit the
utility to become current in the payment of his electric or gas
bill as soon as possible but no later than October 15. However, if
the customer applies for reconnection and the customer has an
outstanding bill in excess of $600 and agrees to a repayment plan
that would pay current charges and makes a good faith reduction in
his outstanding bill consistent with his ability to pay, then the
plan shall be accepted. In addition to payment of current charges,
repayment schedules shall provide an option to the customer to
select either one (1) payment of arrears per month or more
than one (1) payment of arre arages per month.

(2) A utility shall not require a new deposit from a customer
whose service is reconnected due to paragraphs (a), (b) or (c) of
this subsection.

(2) Certificate of need for reconnection. A customer who is eligi-
ble for energy assistance under the Cabinet for Health and
Family Services’ guidelines or is certified as being in genuine fi-
nancial need, which is defined as any household with gross income
at or below 130 percent of the poverty level, may obtain a certifi-
cate of need from the cabinet (or its designee) to be used in obtain-
ing a service reconnection from the utility.

(3) Weatherization program. Customers obtaining a certificate
of need under this administrative regulation shall agree to accept
reconnection to and utilize weatherization services which are adminis-
tered by the Cabinet for Health and Family Services. The provi-
sion and acceptance of weatherization services is contingent on the
availability of funds and other program guidelines. Weatherization
services include, but are not limited to, weather stripping, insulation
and caulking.

(4) Customers who are current in their payment plans under
subsection 1(c) of this section shall not be disconnected.

Section 17. Meter Testing. (1) All electric, gas and water utili-
ties furnishing metered service shall provide meter standards and test facilities, as more specifically set out under 807 KAR 5:022, 807 KAR 5:041 and 807 KAR 5:066. Before being installed for use by any customer, an electric, gas and water meter shall be tested and a record of the readings before and after test shall be made and shall be adjusted as close to the optimum operating tolerance as possible, as more specifically set out in 807 KAR 5:022, Section 8(3)(a), 807 KAR 5:041, Section 17(1)(a)-(c) and 807 KAR 5:066, Section 15(2)(a)-(b).

(2) A utility may have all or part of its testing of meters performed by another utility or agency approved by the commission for that purpose. Each utility having tests made by another agency or utility shall notify the commission of those arrangements in detail to include make, type and serial number of standards used to make the tests.

(3) No utility shall place in service any basic measurement standard required by these rules unless the calibration has been approved by the commission. All utilities or agencies making tests or checks for utility purposes shall notify the commission promptly of the adoption or deletion of any basic standards requiring commission approval of the calibration.

(4) An electric, gas and water utility or agency doing meter testing for a utility shall have in its employ meter testers certified by the commission. These certified meter testers shall perform tests as necessary to determine the accuracy of the utility’s meters and to adjust the utility’s meters to the degree of accuracy required by commission administrative regulations.

(5) A utility or agency desiring to have an employee certified as a meter tester shall submit the name of each applicant on an “Application for Appointment of Meter Tester.” The applicant shall pass a written test administered by commission staff and have his competency in the testing of meters verified by commission staff. An apprentice in training for a utility shall have in its employ meter testers certified by the commission.

(6) A utility or agency may employ apprentices in training for certification as meter testers. The apprenticeship period shall be a minimum of six (6) months, after which the meter tester apprentice shall comply with subsection (5) of this section. All tests performed during this period by an apprentice shall be witnessed by a certified meter tester.

Section 18. Meter Test Records. (1)(a) A complete record of all meter tests and adjustments and data sufficient to allow checking of test calculations shall be recorded by the meter tester. The record shall include:

1. Information to identify the unit and its location;
2. Date of tests;
3. Reason for the tests;
4. Readings before and after test;
5. Statement of “as found” and “as left” accuracies sufficiently complete to permit checking of calculations employed;
6. Notations showing that all required checks have been made;
7. Statement of repairs made, if any;
8. Identifying number of the meter;
9. Type and capacity of the meter; and
10. The meter constant.

(b) The complete record of tests of each meter shall be continuous for at least two (2) periodic test periods and shall in no case be less than two (2) years.

(2) Historical records. (a) A utility shall keep numerically arranged and properly classified records for each meter that it owns, uses and inventories.
(b) These records shall include:
1. Identification number,
2. Date of purchase,
3. Name of manufacturer,
4. Serial number,
5. Type,
6. Rating, and
7. Name and address of each customer on whose premises the meter has been in service with date of installation and removal.
(c) These records shall also contain condensed information concerning all tests and adjustments including dates and general results of the adjustments. The records shall reflect the date of the last test and indicate the proper date for the next periodic test required by the applicable commission administrative regulation.

(3) Sealing of meters. Upon completion of adjustment and test of any meter pursuant to the commission’s administrative regulations, a utility shall affix to the meter a suitable seal in a manner that adjustments or re-calibration of the meter cannot be altered without breaking the seal.

(4) A utility may store any or all of the meter test and historical data described or required in subsections (1) and (2) of this section in a computer storage and retrieval system upon notification to the commission. If a utility elects to use a computer storage and retrieval system, a back-up copy of the identical information shall be retained.

Section 19. Request Tests. (1) A utility shall make a test of any meter upon written request of any customer if the request is not made more frequently than once each twelve (12) months. The customer shall be given the opportunity to be present at the request tests. If the tests show the as-found meter accuracy is within the limits allowed by 807 KAR 5:022 Section 8(3)(a), 807 KAR 5:022 Section 8(3)(b)(1), 807 KAR 5:041 Section 17(1) or 807 KAR 5:066 Section 15(4), the utility may make a reasonable charge for the test. The amount of the charge shall be approved by the commission and set out in the utility’s filed tariff. The utility shall maintain any meter removed from service for testing, in a secure location under the utility’s control, for a period of six (6) months. After the date the customer is notified of the finding of the investigation and the time frame the meter will be secured by the utility or if the customer has filed a formal complaint pursuant to KRS 278.270, the meter shall be maintained until the proceeding is resolved, or the meter is picked up for testing by personnel from the commission’s Meter Standards Laboratory.

(2) After having first obtained a test from the utility, any customer owning the utility may request a meter test by the commission upon written application. The request shall not be made more frequently than once (1) meter than once each twelve (12) months. Upon request, personnel from the commission’s Meter Standards Laboratory shall pick up the meter from the utility and maintain the meter for a minimum of six (6) months.[one year] from the date the customer is notified of the finding of the investigation and the time frame the meter will be secured by the commission’s Meter Standards Laboratory or if the customer has filed a formal complaint pursuant to KRS 278.270, the meter shall be maintained until the proceeding is resolved.

Section 20. Access to Property. The utility shall at all reasonable hours have access to meters, service connections and other property owned by it and located on customer’s premises for purposes of installation, maintenance, meter reading, operation, replacement or removal of its property.[when service is to be terminated] Any employee of the utility whose duties require him to enter the customer’s premises shall wear a distinguishing uniform or other insignia, identifying him as an employee of the utility, or show a badge or other identification which will identify him as an employee of the utility.

Section 21. Pole Identification. (1) Each utility owning poles or other structures supporting its wires shall mark every pole or structure located within a built-up community with the initials or other distinguishing mark by which the owner of every structure can be readily determined.

(2) Identification marks may be of any type but shall be of a permanent material and shall be easily read from the ground at a distance of six (6) feet from the structure.

(3) If utilities’ structures are located outside of a built-up community, at least every tenth structure shall be marked as set forth in subsection (2) of this section.

(4) All junction structures shall bear the identification mark and structure number of the owner.

(5) Poles need not be marked if they are clearly and unmistakably identifiable as the property of the utility.

(6) A utility shall either number its structures and maintain a numbering system or use some other method of identification so that each structure in the system can be easily identified.
Section 22. Cable Television Pole Attachments and Conduit Use. (1) Each utility owning poles or other facilities supporting its wires shall permit cable television system operators who have all necessary licenses and permits to attach cables to poles and to use facilities, as customers, for transmission of signals to their patrons.

(2) The tariffs of the utility shall set forth the rates, terms and conditions under which the utility's facilities may be used.

(3) With respect to a complaint before the commission in any individual matter concerning cable television pole attachments final action shall be taken on the matter within a reasonable time, but no later than 360 days after filing of the complaint.

Section 23. System Maps and Records. (1) Each utility shall have on file at its principal office located within the state and shall file upon request with the commission a map or maps of suitable scale of the general territory it serves or holds itself ready to serve. The map or maps shall be available for public examination:

(a) In a format and on a scale that allows the easy identification of each pole, pole line, or other segment of transmission line.

(b) In a scale that allows the easy identification of all poles, pole lines, or other segments of the transmission line.

(c) A digital geographic database (GIS) file.

(d) As a commission readable geographic information system (GIS) file, all maps prepared on or after the effective date of this resolution shall be stored in a GIS database.

(e) A digital map or maps to be available on the Internet.

(f) A general map or maps of the facilities and compliance with the commission's rules and administrative regulations.

(2) The maps shall include:

(a) The utility's name and address.

(b) The names of all streets and areas within which the utility provides service.

(c) The locations of all services, including service termini.

(d) The locations of all substations with high-voltage distribution facilities.

(e) The locations of all substations with transmission facilities.

(f) The locations of all main transmission lines and circuits.

(g) The locations of all transmission switching stations.

(h) The locations of all production facilities.

(i) The locations of all distribution vaults.

(j) The locations of all underground vaults.

(k) The locations of all underground cables.

(l) The locations of all underground conduits.

(m) The locations of all underground conduits.

(n) The locations of all underground conduits.

(o) The locations of all underground conduits.

(p) The locations of all underground conduits.

(q) The locations of all underground conduits.

(r) The locations of all underground conduits.

(s) The locations of all underground conduits.

(t) The locations of all underground conduits.

(u) The locations of all underground conduits.

(v) The locations of all underground conduits.

(w) The locations of all underground conduits.

(x) The locations of all underground conduits.

(y) The locations of all underground conduits.

(z) The locations of all underground conduits.

(3) In lieu of showing the above construction information in a map or maps, a record or an electronic database containing the following data shall be available on the map or maps:

(a) Operating districts.

(b) Rate districts.

(c) Communities served.

(d) Location and size of transmission lines, distribution lines and service connections.

(e) Location and layout of all principal items of plant.

(f) Date of construction of all items of plant by year and month.

(g) Six (6) years for each electric line supported by a wood pole or other wood support structure.

(h) Six (6) years for each electric line supported by a pole or other support structure constructed of steel or other non-wood material.

(i) Twelve (12) years for each electric line supported by a pole or other support structure constructed of steel or other non-wood material.

(j) At intervals not to exceed one (1) year, the utility shall inspect:

1. Unmanned production facilities, including peaking units not on standby status, and all monitoring devices, for any evidence of abnormality.

2. Transmission switching stations where the primary voltage is sixty-nine (69) KV or greater, for damage to or deterioration of components including structures, fences, gauges monitoring devices.

3. Underground network transformers and network protectors in vaults located in buildings or under sidewalks, for leaks, condition of case, connections, temperature and overloading.

4. Electric lines operating at sixty-nine (69) KV or greater, including insulators, conductors, and supporting facilities, for damage, deterioration and vegetation management consistent with the utility's vegetation management practices at intervals not to exceed:

   a. Six (6) years for each electric line supported by a pole or other wood support structure;

   b. Twelve (12) years for each electric line supported by a pole or other support structure constructed of steel or other non-wood material.

   c. At intervals not to exceed two (2) years, the utility shall inspect all electric facilities operating at voltages of less than sixty-nine (69) KV, to the point of service including insulators, conductors, and supporting facilities from the ground for damage, deterioration and vegetation management consistent with the utility's vegetation management practices.

   d. At intervals not to exceed two (2) years, the utility shall inspect:

      1. Utility buildings shall be inspected for compliance with safety codes at least annually.

      2. Construction equipment shall be inspected for defects, wear and operational hazards at least quarterly.

   e. Aerial inspections shall not be used as the sole basis for evidence of compliance with the commission's administrative regulations.

(4) Electric utility inspection. An electric utility shall make systematic inspections of its system in the manner set out below to insure that the commission's safety requirements are being met. These inspections shall be made as often as necessary but not less frequently than is set forth below for various classes of facilities and types of inspection.

   a. As a part of operating procedure, each utility shall continuously monitor and inspect all production facilities regularly operated and manned.

   b. At intervals not to exceed six (6) months, the utility shall inspect:

      1. Operations facilities.

      2. Terminals where the primary voltage is sixty-nine (69) KV or greater, for damage to or deterioration of components including structures, fences, gauges monitoring devices.

      3. Underground network transformers and network protectors in vaults located in buildings or under sidewalks, for leaks, condition of case, connections, temperature and overloading.

      4. Electric lines operating at sixty-nine (69) KV or greater, including insulators, conductors, and supporting facilities, for damage, deterioration and vegetation management consistent with the utility's vegetation management practices at intervals not to exceed:

         a. Six (6) years for each electric line supported by a pole or other wood support structure;

         b. Twelve (12) years for each electric line supported by a pole or other support structure constructed of steel or other non-wood material.

         c. At intervals not to exceed two (2) years, the utility shall inspect all electric facilities operating at voltages of less than sixty-nine (69) KV, to the point of service including insulators, conductors, and supporting facilities from the ground for damage, deterioration and vegetation management consistent with the utility's vegetation management practices.

(5) Gas utility inspection. A gas utility shall make systematic inspections of its system in the manner set out below to insure that the commission's safety requirements are being met. These inspections shall be made as often as necessary but not less frequently than is prescribed or recommended by the department of transportation.

   a. Inspection of service to existing and prospective customers.

   b. At intervals not to exceed fifteen (15) years but at least once each calendar year, the utility shall inspect and visually examine:

      1. Production wells, storage wells, and well equipment, includ...
ing their exterior components;[e]
  b. Pressure limiting stations, relief devices, pressure regulating
stations, and vaults;[f]
  c. Accessibility of the curb box and valve on a service line.
2. At intervals not to exceed three (3) years, meters using re-

time reading technology shall be manually inspected and visually
examined for proper working condition and the meter registration
recorded.[readings verified]
3. The utility shall inspect other facilities as follows:
  a. Utility buildings shall be inspected for compliance with safety
codes at least annually.[g]
  b. Construction equipment under the control of the utility shall
be inspected for defects, wear and operational hazards at least
quarterly.
  (b) At intervals not to exceed the periodic meter test intervals,
individual residential customer service regulators, vents and relief
valves shall be checked for satisfactory operation.
  c. At intervals not to exceed the periodic meter test intervals,
the curb box and valve on the service line shall be inspected for
operable condition.
  d. Aerial inspections shall not be used as the sole basis for
evidence of compliance with the commission’s administrative regu-
lations.
  e. Water utility inspections. Each water utility shall make sys-
tematic inspections of its system in the manner set out below to
insure that the commission’s safety requirements are being met.
These inspections shall be made as often as necessary but not
less frequently than is set forth below for various classes of facili-
ties and types of inspection.
  (a) The utility shall annually inspect all structures pertaining to
source of supply for their safety and physical and structural integri-
ty, including dams, intakes, and traveling screens. The utility shall
periodically inspect supply wells, their motors and structures,
including electric power wiring and controls for proper and safe
operation.
  (b) The utility shall annually inspect all structures pertaining to
purification for their safety, physical and structural integrity and for
leaks, including sedimentation basins, filters, and clear wells;
chemical feed equipment; pumping equipment and water storage
facilities, including electric power wiring and controls; hydrants,
main and branch meters, meter settings and valves.
  (c) The utility shall monthly inspect construction equipment and
vehicles for defects, wear, operational hazards, lubrication, and
safety features.
  (7) Telephone utility inspection. Each telephone utility shall
make systematic inspections of its system in the manner set out
below to insure that the commission’s safety requirements are
being met. The inspections shall be made as often as necessary
but not less frequently than is set forth below for various classes of
facilities and types of inspection.
  (a) The utility shall annually inspect aerial plant for electrical hazards,
proper clearance for electric clearances of facilities, vegetation
management consistent with the utility’s vegetation management
practices and climbing safety every two (2) years.
  (b) The utility shall inspect underground plant for presence of
gas, proper clearance from electric facilities and safe working con-
ditions at least annually.
  (c) The utility shall inspect utility-provided station equipment
and connections for external electrical hazards, damaged instru-
ments or wiring, appropriate protection from lightning and safe
location of equipment and wiring when on a customer’s premises.
  (d) The utility shall inspect utility buildings for compliance with
safety codes at least annually.
  (e) The utility shall inspect construction equipment for defects,
wear and operational hazards at least quarterly.
  (f) Aerial inspections shall not be used as the sole basis for
evidence of compliance with commission administrative regu-
lations.
  (6) Sewage utility inspection. Each sewage utility shall make
systematic inspections of its system in the manner set out in 807
KAR 5:071 to ensure that the commission’s safety requirements
are being met. The inspections shall be made as often as neces-
sary but not less frequently than is set out in 807 KAR 5:071.
commission shall be conducted in any manner as it deems necessary or advisable to accomplish its objects.

(2) Any reference to standards or codes in commission administrative regulations shall not prohibit utilities employing competent engineers from continuing or initiating experimental work and installations which tend to improve, decrease the cost of, or increase the safety of their service.

Section 3. Reports. (1) Financial and statistical reports. Every utility shall file annually a financial and statistical report upon forms to be furnished by the commission. This report shall be based upon the accounts set up in conformity with the uniform system of accounts for utilities. This report shall be filed on or before March 31 of each year, for the preceding calendar year. The forms for this report are hereby incorporated by reference, and may be obtained at the commission’s offices at 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, Monday through Friday between the hours of 8 a.m. and 4:30 p.m. local time. For good cause shown, the executive director of the commission may, upon application in writing, extend the time for such submission by one month.

(2) Report of meters, customers and refunds. Every gas, electric, and water utility shall make periodic reports on forms prescribed by the commission, of meter tests, number of customers and amount of refunds. These forms are hereby incorporated by reference, and may be obtained at the commission’s offices at 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, Monday through Friday between the hours of 8 a.m. and 4:30 p.m. local time.

(3) Report of terminations for nonpayment of bills. Each electric and gas utility shall, report annually the number of residential accounts terminated for nonpayment. These reports shall be filed no later than August 15 and shall cover the period ending June 30.

(4) Other reports. Every utility shall make such other reports as the commission in its discretion may require from time to time.

(5) Record and report retention. All records and reports shall be maintained in accordance with the uniform system of accounts unless otherwise specified.

(6) Transmittal letter. All reports shall be accompanied by two (2) copies of a transmittal letter describing the report being furnished.

Section 4. Service Information. (1) The utility shall, on request, give information to prospective customers such as information as is reasonably possible in order that they may secure safe, efficient and continuous service. The utility shall inform its customers of any change made or proposed in the character of its service which might affect the efficiency, safety, or continuity of operation.

(2) Prior to making any substantial change in the character of the service furnished, which would affect the efficiency, adjust-ment, based upon the nature of the change or other substantial reason, the utility shall obtain the approval of the commission. The application shall show the nature of the change to be made, the number of customers affected, and the manner in which they will be affected.

(3) The utility shall inform each applicant for service of each type, class and character of service available at his location.

Section 5. Special Rules or Requirements. (1) No utility shall establish any special rule or requirement without first obtaining the approval of the commission on proper application.

(2) A customer who has complied with commission administrative regulations shall not be denied service for failure to comply with the utility’s rules which have not been made effective in the manner prescribed by the commission.

(3) Obtaining easements and rights-of-way necessary to extend service shall be the responsibility of the utility. No utility shall require a prospective customer to obtain easements or rights-of-way on property not owned by the prospective customer as a condition for providing service. The cost of obtaining easements or rights-of-way shall be included in the total per-foot cost of an extension, and shall be apportioned among the utility and customer in accordance with the applicable administrative regulation.

Section 6. Billing, Meter Readings and Information. (1) Information on bills. Each bill for utility service issued periodically by a utility shall clearly show the following, if applicable: class of service; present and last preceding meter readings; date of the present reading; number of units consumed; meter constant, if any; net amount for service rendered; all taxes; any adjustments; and the gross amount of the bill. The date after which a penalty may apply to the gross amount shall be indicated. Estimated or calculated bills shall be distinctly marked as such. The rate schedule under which the bill is computed shall be furnished under one (1) of the following methods:

(a) By printing it on the bill.

(b) By mailing it to each customer once each year.

(c) By publishing it in a newspaper of general circulation once each year.

(d) By providing a place on each bill where a customer may indicate his desire for a copy of the applicable rate schedule. The utility shall mail the customer a copy by return first class mail.

(2) Flat rates. Flat rates for unmetered service shall approximate as closely as possible the utility’s rates for metered service. The rate schedule shall clearly set out the basis upon which consumption is estimated.

(3) Bill format. Each utility shall include the billing form to be used as a guide or, in its discretion, a translation of such form.

(4) Meter readings. Registration of each meter shall read in the same units as used for billing unless a conversion factor is shown on the billing form.

(5) Frequency of meter reading. Each utility, except if prevented by reasons beyond its control, shall read customer’s meters at least quarterly, except that each utility using customer-read meters may continue to read meters at intervals greater than or equal to once every three months.

Section 7. Deposits. (1) Determination of deposits. A utility may require from any customer a minimum cash deposit or other guarantee to secure payment of bills, except from those customers qualifying for service reconnection under Section 15 of this administrative regulation. The method of determining the amount of a cash deposit may differ between classes of customers, but shall be uniform for all customers within the same class. The amount of a cash deposit shall be determined by one (1) of the following methods:

(a) Calculated deposits. If actual usage data is available for the customer at the same or similar premises, the deposit amount shall be calculated using the customer’s average bill for the most recent twelve (12) month period. If actual usage data is not available, the deposit amount shall be based on the average bills of similar customers and premises in the system. Deposit amounts shall not exceed two (2) times the average of the highest two (2) bills of any customer in the system, or if no customer within the system is billing for service reconnection under Section 15, the average of the highest two (2) bills of any customer in the utility’s territory. For customers with abnormal consumption, the deposit amount shall be based on the utility’s average bill for the most recent annual bill where bills are rendered monthly, three (3) times (3/12) where bills are rendered bimonthly, or four (4) times (4/12) where bills are rendered quarterly.

(b) Equal deposits. The utility may establish an equal deposit amount for each class based on the average bill of customers in that class. Deposit amounts shall not exceed two (2) of the average bill of customers in the class where bills are rendered monthly, three (3) times (3/12) where bills are rendered bimonthly, or four (4) times (4/12) where bills are rendered quarterly.

(c) Recalculation of deposits. If the utility will or may retain either an equal or calculated deposit for more than eighteen (18) months, it shall notify customers in writing that, at the customer’s request, the deposit will be recalculated every eighteen (18) months based on actual usage of the customer. The notice of deposit recalculation shall be included either on the customer’s application for service or on the receipt of deposit, or may be included annually with or on customer bills. The notice of deposit recalculation shall state that if the deposit on account differs by more than ten (10) dollars for residential customers, or by more than ten (10) percent for nonresidential customers, from the deposit calculated on the applicable extension administrative regulation, and may collect any underpayment. Refunds shall be made either by check or by credit to the customer’s bill, except that a utility shall not be required to refund any excess deposit if the customer’s bill is delinquent at the time of recalculation.

(2) Waiver of deposits. Deposits may be waived at the discre-
tion of the utility in accordance with its currently effective tariff based upon a customer's showing of satisfactory credit and payment history.

(2) Additional deposit requirement. If a deposit has been waived as allowed in subsection (2) of this section, or has been returned and the customer fails to maintain a satisfactory payment record as defined in the utility's currently effective tariff, the utility may require that a deposit be made. If substantial change in usage has occurred, the utility may require that an additional deposit be made. No additional or subsequent deposit shall be required of residential customers whose payment record is satisfactory, unless the customer's classification of service changes, except as provided in subsection (1)(c) of this section.

(4) Receipt of deposit. The utility shall issue to every customer from whom a deposit is collected a receipt of deposit. The receipt shall show the name of the customer, location of the service or customer account number, date, and amount of deposit. If the notice of recalculation described in subsection (1)(c) of this section is included in the utility's application for service or mailed with customer bills, the receipt of deposit shall contain the notification. If deposit amounts change, the utility shall issue a new receipt of deposit to the customer.

(5) Deposits as a condition of service. Except as otherwise provided by Section 15 of this administrative regulation, customer service may be refused or discontinued pursuant to Section 14 of this administrative regulation if payment of requested deposits is not made.

(6) Interest on deposits. Interest shall accrue on all deposits at the rate prescribed by law, beginning on the date of deposit. Interest accrued shall be refunded to the customer or credited to the customer's bill on an annual basis, except that a utility shall not be required to refund or credit interest on deposits if the customer's bill is delinquent on the anniversary of the deposit date.

(7) Tariff requirements. Each utility which chooses to require deposits shall establish and include in its filed tariff the deposit policy to be utilized. This policy shall include:

(a) The method by which deposit amounts will be determined for each customer class;
(b) Standard criteria for determining when a deposit will be required or waived;
(c) The amount of a deposit for each customer class if the method in subsection (1)(b) of this section is used;
(d) The period of time the utility will retain the deposit, or the conditions under which the utility will refund the deposit, or both, if applicable;

(e) The manner in which interest on deposits will be calculated and accrued and refunded or credited to customers' bills.

Section 8. Special Charges. (1) A utility may make special nonrecurring charges to recover customer-specific costs incurred which would otherwise result in monetary loss to the utility or increased rates to other customers to whom no benefits accrue from the service provided or action taken. Any utility desiring to establish or change any special nonrecurring charge shall apply for commission approval of such charge in accordance with the provisions of 807.KAR 5:011, Section 10.

(2) Special charges shall be included in the utility's tariff and applied uniformly throughout the area served by the utility. They shall relate directly to the service performed or action taken and shall yield only enough revenue to pay the expenses incurred in rendering the service. The charges shall be uniform.

(3) Special charges may include, but are not limited to:

(a) Turn-on charge. A turn-on charge may be assessed for a new service turn on, seasonal turn on or temporary service. A turn-on charge shall not be made for initial installation of service where a tap fee is applicable.

(b) Disconnect charge. A reconnect charge may be assessed to reconnect a service which has been terminated for nonpayment of bills or violation of the utility's rules or commission administrative regulations. Customers qualifying for service reconnection under Section 15 of this administrative regulation shall be exempt from reconnect charges.

(c) Termination or field collection charge. A charge may be assessed when a utility representative makes a trip to the premises of a customer for the purpose of terminating service. The charge may be assessed if the utility representative actually terminates service or if, in the course of the trip, the customer pays the delinquency to avoid termination. The charge may also be made if the utility representative agrees to delay termination based on the customer's agreement to pay the delinquent bill by a specific date. The utility may make a field collection charge only once in any billing period.

(d) Special meter reading. This charge may be assessed when a customer requests that a meter be read, and the second reading shows a peculation. No charge shall be assessed if the original reading was correct. This charge may also be assessed when a customer who reads his own meter fails to read the meter for three (3) consecutive months, and in this situation for a utility representative to make a trip to read the meter.

(e) Meter-resetting charge. A charge may be assessed if requiring a meter if the meter has been removed at the customer's request.

(f) Meter test charge. This charge may be assessed if a customer requests the meter be tested pursuant to Section 18 of this administrative regulation, and the tests show the meter is not more than two (2) percent fast. No charge shall be made if the test shows the meter is more than two (2) percent fast.

(g) Returned check charge. A returned check charge may be assessed if a check accepted for payment of a utility bill is not honored by the customer's financial institution.

(h) Late payment penalty. A penalty may be assessed if a customer fails to pay a bill for services by the due date shown on the customer's bill. The penalty may be assessed only once on any bill for rendered services. Any payment received shall first be applied to the bill for service rendered. Additional penalty charges shall not be assessed on unpaid balances.

Section 9. Customer Complaints to the Utility. Upon complaint to the utility by a customer at the utility's office, by telephone or in writing, the utility shall make a prompt and complete investigation and advise the complainant of its findings. The utility shall keep a record of all written complaints concerning its service. This record shall show the name and address of the complainant, the date and nature of the complaint, and the adjustment and disposition of the complaint. Records shall be maintained for two (2) years from the date of resolution of the complaint. If a written complaint or a complaint made in person at the utility's office is not resolved, the utility shall provide written notice to the complainant of his right to file a complaint with the commission, and shall provide him with the address and telephone number of the commission. If a telephonic complaint is not resolved, the utility shall provide at least oral notice to the complainant of his right to file a complaint with the commission and the address and telephone number of the commission.

Section 10. Bill Adjustment for Gas, Electric and Water Utilities. (1) If upon periodic test, request test, or complaint test a meter in service is found to be more than two (2) percent fast, additional tests shall be made to determine the average error of the meter. Said tests shall be made in accordance with commission administrative regulations applicable to the type of meter involved.

(2) If test results on a customer's meter show an average error greater than two (2) percent fast or slow, or if a customer has been incorrectly billed for any other reason, except in an instance where a utility has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a customer, the utility shall immediately determine the period during which the error has existed, and shall recompute and adjust the customer's bill to either provide a refund to the customer or collect an additional amount of revenue from the underbilled customer. The utility shall readjust the account based upon the period during which the error is known to have existed. If the period during which the error existed cannot
be determined with reasonable precision, the time period shall be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the customer. If that data is not available, the average usage of similar customer loads shall be used for comparison purposes in calculating the time period. If the customer and the utility are unable to agree on an estimate of the time period during which the error existed, the commission shall determine the issue. In instances of customer overbilling, the customer’s account shall be credited or the overbilled amount refunded at the discretion of the customer within thirty (30) days after final meter test results. A utility shall not require customer repayment of any undisputed error over a period shorter than a period customary with the underbilling.

(2) Monitoring usage. Each utility shall monitor customers’ usage at least annually according to procedures which shall be included in its tariff on file with the commission. The procedures shall be designed to draw the utility’s attention to unusual deviations in a customer’s usage, and shall provide for reasonable means by which the utility can determine the reasons for the unusual deviation. If a customer’s usage is unduly high and the deviation is not otherwise explained, the utility shall test the customer’s meter to determine whether the meter shows an average error greater than two (2) percent fast or slow.

(4) Usage investigation. If the utility’s procedure for monitoring usage indicates that an investigation of a customer’s usage is necessary, the utility shall promptly notify the customer, and unless settled on the telephone, shall test the customer’s meter, either during the notice period or immediately after the investigation of the reasons for the investigation, and of the findings of the investigation. If knowledge of a serious situation requires more expeditious notice, the utility shall notify the customer by the most expedient means available.

(5) Customer notification. If a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be notified in substantial detail as follows:

On ____________, the meter bearing identification No. ________ was tested at ________ (on premises or elsewhere) and found to register ________ (percent fast or slow). The meter was tested on ____________ (Periodic, Request, Complaint) test.

Based upon this we herewith ________ (charge or credit) with the amount of $______, which amount has been noted on your regular bill. If you desire a refund, rather than a credit to your account, of any amount overbilled, you must notify this office in writing within seven (7) days of the date of this notice.

(6) Customer accounts shall be considered to be current while a dispute is pending pursuant to this section, as long as a customer continues to make undisputed payments and stays current on subsequent bills.

Section 11. Status of Customer Accounts During Billing Dispute. With respect to any billing dispute to which Section 10 of this administrative regulation does not apply, customer accounts shall be considered to be current while the dispute is pending as long as a customer continues to make undisputed payments and stays current on subsequent bills.

Section 12. Customer’s Request for Termination of Service. (1) Any customer desiring service terminated or changed from one to another shall give the utility three (3) working days’ notice in person, in writing, or by telephone, provided such notice does not violate contractual obligations or tariff provisions. The customer shall not be responsible for charges for service beyond the three (3) day notice period if the customer provides reasonable access to the meter during the notice period. If the customer notifies the utility of his request for termination by telephone, the burden of proof is on the customer to prove that service termination was requested if a dispute arises.

(2) Upon request that service be reconnected at any premises subsequently served by the same utility, or on additional service lines, the utility may, subject to subsection (3) of this section, charge the applicant a reconnect fee set out in its filed tariff.

(3) Any utility desiring to establish a termination or reconnection charge under the provisions of subsection (2) of this section, shall apply for commission approval of such charge in accordance with the provisions of 807 KAR 5:011. Section 10.

Section 13. Utility Customer Relations. (1) A utility shall post and maintain regular business hours and provide representatives available to assist its customers.

(2) Each utility shall maintain a telephone, shall publish the telephone number in all service areas, and shall permit all customers to contact the utility’s designated representative without charge.

(b) Designated representatives. Each utility shall designate at least one (1) representative to be available to answer customer questions, resolve disputes and negotiate partial payment plans at the utility’s office. The designated representative shall be knowledgeable of the commission’s administrative regulations regarding customer bills and service and shall be authorized to negotiate and accept partial payment plans.

1. Each major gas or electric utility (as defined by the Uniform System of Accounts) and each water and sewer utility having annual operating revenues of less than $250,000 shall make the designated representative available during the utility’s established working hours not fewer than seven (7) hours per day, five (5) days per week, excluding holidays.

2. Each nonmajor gas or electric utility (as defined by the Uniform System of Accounts) and each water or sewer utility having annual operating revenues of less than $250,000 shall make the designated representative available during the utility’s established working hours not fewer than seven (7) hours per day, five (5) days per week. Additionally, during the months of November through March, each previously defined nonmajor utility providing gas or electric service shall make available the designated representative during the utility’s established working hours not fewer than five (5) days per week.

(c) Display of customer rights. Each utility shall prominently display in each office in which payment is required a summary to be prepared and provided by the commission, of the customer’s rights under this section and Section 15 of this administrative regulation. If a customer indicates to any utility personnel that he is experiencing difficulty in paying a current utility bill, that employee shall refer the customer to the designated representative for explanation of the customer’s rights.

(d) Utility personnel training. The chief operating officer of each electric and gas utilities shall be required to certify each year the training of utility personnel assigned to counsel persons presenting themselves for utility service under the provisions of this section. Training is hereby defined as an annual review of commission administrative regulations and policies regarding winter hardship and disconnect administrative regulations, Cabinet for Health and Family Services policy and procedures for issuing collection, arrearage, repayment plans, budget billing procedures, and weather/health disconnect policies. Certification is defined as written notice to the commission by no later than October 31 of each year identifying the personnel trained, the date training occurred, and the training met the requirements of this section.

(2) Partial payment plans. Each utility shall negotiate and accept reasonable partial payment plans at the request of residential customers who have received a termination notice for failure to pay as provided in Section 14 of this administrative regulation, except that a utility is not required to negotiate a partial payment plan with a customer who is delinquent under a previous partial payment plan. Partial payment plans shall be mutually agreed upon and subject to the conditions in this section and Section 14 of this administrative regulation. Partial payment plans which extend for a period longer than thirty (30) days shall be written and shall advise customers that service may be terminated without additional notice if the customer fails to meet the obligations of the plan.

(a) Budget payment plans for gas and electric utilities. Each gas and electric utility shall develop and offer to its residential customers a budget payment plan based on historical or estimated usage whereby a customer may elect to pay a fixed amount each month in lieu of monthly billings based on actual usage. Under such plans, utilities shall issue bills which adjust accounts so as to bring each participating customer current once each twelve (12) month period. The customer’s account may be adjusted at the end
of the twelve (12) month period or through a series of leveled adjustments on a monthly basis if usage indicates that the account will not be current upon payment of the last budget amount. Budget payment plans shall be offered to residential customers but may be extended to non-customers of the utility. Each budget plan shall be included in the utility’s tariff rules. The utility shall provide information to its customers regarding the availability of such budget payment plans.

(b) Partial payment plans for customers with medical certificates or certificates of need. For customers presenting certificates under the provisions of Sections 14(3) and 15 of this administrative regulation, gas and electric utilities shall have the option of establishing partial payment plans based upon the customer’s ability to pay, requiring accounts to become current not later than the following October 15. Such plans may include, but are not limited to, budget payment plans and plans that defer payment of a portion of the arrearage until the end of the heating season through a schedule of unequal payments.

(c) Utility inspections of service conditions prior to providing service. Each electric, gas, water, and sewer utility shall inspect the condition of the meter and service connections before making service connections to a new customer so that prior or fraudulent use of the facilities will not be attributed to the new customer. The new customer shall be afforded the opportunity to be present at such inspections. The utility shall not be required to render service to any customer unless all defects in the customer-owned portion of the service facilities have been corrected.

(4) Prompt connection of service. Except as provided in Section 15 of this administrative regulation, the utility shall reconnect existing service within twenty-four (24) hours, and shall install and connect new service within seventy-two (72) hours, when the cause for refusal or discontinuance of service has been corrected and the customer has complied with the applicable regulations and commission administrative regulations.

(5) Advance termination notice. When advance termination notice is required, the termination notice shall be mailed or otherwise delivered to the last known address of the customer. The termination notice shall be in writing, distinguishable and separate from any bill. The termination notice shall plainly state the reason for termination, that the termination date will not be affected by receipt of any subsequent bill, and that the customer has the right to dispute the reasons for termination. The termination notice shall also comply with the applicable requirements of Section 14 of this administrative regulation.

Section 14. Refusal or Termination of Service. (1) A utility may refuse or terminate service to a customer only under the following conditions except as provided in subsections (2) and (3) of this section:

(a) For noncompliance with the utility’s tariffed rules or commission administrative regulations. A utility may terminate service for failure to comply with applicable tariffed rules or commission administrative regulations pertaining to that service. However, no utility shall terminate or refuse service to any customer for noncompliance with its tariffed rules or commission administrative regulations without first having made a reasonable effort to obtain customer compliance. After such effort by the utility, service may be terminated or refused only after the customer has been given at least ten (10) days written termination notice pursuant to Section 13(5) of this administrative regulation.

(b) For dangerous conditions. If a dangerous condition relating to the utility’s service which could subject any person to imminent harm or result in substantial damage to the property of the utility or others is found to exist on the customer’s premises, the service shall be refused or terminated without advance notice. The utility shall notify the customer immediately in writing and, if possible, orally of the reasons for the termination or refusal. Such notice shall be recorded by the utility and shall include the corrective action to be taken by the customer or utility before service can be resumed or provided. However, if the utility has evidence that the natural gas piping or a gas-fired appliance, can be effectively isolated or secured from the rest of the system, the utility may discontinue service only to the affected piping or appliance.

(c) For refusal of access. When a customer refuses or neglects to provide reasonable access to the premises for installation, operation, meter reading, maintenance or removal of utility property, the utility may terminate or refuse service. Such action shall be taken only when corrective action negotiated between the utility and customer has failed to resolve the situation and after the customer has been given at least ten (10) days written notice of termination pursuant to Section 13(5) of this administrative regulation.

(d) For outstanding indebtedness. Except as provided in Section 15 of this administrative regulation, a utility shall not be required to furnish new service to any customer who is indebted to the utility for service furnished or other tariffed charges until that customer has paid his indebtedness.

(e) For noncompliance with state, local or other codes. A utility may refuse or terminate service to a customer if the customer does not comply with state, municipal or other codes, rules and administrative regulations applying to such service. A utility may terminate service pursuant to this subsection only after ten (10) days’ written notice is provided pursuant to Section 13(5) of this administrative regulation, unless ordered to terminate immediately by a governmental official.

(2) For nonpayment of bills. A utility may terminate service at a point of delivery for nonpayment of charges incurred for utility service at that point of delivery; however, no utility shall terminate service to any customer for nonpayment of bills for any tariffed charge without first having mailed or otherwise delivered an advance termination notice which complies with the requirements of Section 13(5) of this administrative regulation.

1. Termination notice requirements for electric or gas service. Each electric or gas utility proposing to terminate customer service for nonpayment shall mail or otherwise deliver to that customer ten (10) days’ written notice of intent to terminate. Under no circumstances shall service be terminated before twenty-seven (27) days after the mailing date of the original unpaid bill. The termination notice shall state the reasons the utility shall initiate termination activity and the date the utility will initiate termination activity. Such action shall be taken after the customer has failed to resolve the situation and after the customer has received the termination notice.

2. Termination notice requirements for water, sewer, or telephone service. Each water, sewer, or telephone utility proposing to terminate customer service for nonpayment shall mail or otherwise deliver to that customer five (5) days’ written notice of intent to terminate. Under no circumstances shall service be terminated before twenty (20) days after the mailing date of the original unpaid bill.

3. The termination notice requirements of this subsection shall not apply if termination notice requirements to a particular customer are otherwise dictated by the terms of a special contract between the utility and customer which has been approved by the commission.

(a) For illegal use or theft of service. A utility may terminate service to a customer without advance notice if it has evidence that a customer has obtained unauthorized service by illegal use or theft. Within twenty-four (24) hours after such termination, the utility shall send written notification to the customer of the reasons for termination or refusal of service upon which the utility relies, and of the customer’s right to challenge the termination by filing a formal complaint with the commission. This right of termination is separate from and in addition to any other legal remedies which the utility may pursue for illegal use or theft of service. The utility shall not be required to restore service until the customer has complied with all tariffed rules of the utility and laws and administrative regulations of the commission.

(b) A utility shall not terminate service to a customer if the following conditions exist:

(a) If payment for services is made. If, following receipt of a termination notice for nonpayment but prior to the actual termination of service, there is delivered to the utility offi...
(c) If a medical certificate is presented. Service shall not be terminated for thirty (30) days beyond the termination date if a physician, registered nurse, or public health officer certifies in writing that termination of service will aggravate a debilitating illness or infirmity of the customer's property. A utility shall not require a new deposit from a customer to avoid termination of service for a thirty (30)-day period who presents to the utility a medical certificate certified in writing by a physician, registered nurse, or public health officer. A person with a medical certificate certified in writing by a physician, registered nurse, or public health officer shall be eligible for the cabinet's energy assistance program or whose service is reconnected due to paragraphs (a), (b) or (c) of this administrative regulation. A utility shall not require a new deposit from a customer to avoid termination of service for a thirty (30)-day period who presents to the utility a medical certificate certified in writing by a physician, registered nurse, or public health officer. A person with a medical certificate certified in writing by a physician, registered nurse, or public health officer shall be eligible for the cabinet's energy assistance program or whose service is reconnected due to paragraphs (a), (b) or (c) of this administrative regulation. A utility shall not require a new deposit from a customer to avoid termination of service for a thirty (30)-day period who presents to the utility a medical certificate certified in writing by a physician, registered nurse, or public health officer.

(2) A certificate of need for reconnection. (a) A gas or electric utility shall not terminate service for thirty (30) days beyond the termination date if the Kentucky Cabinet for Health and Family Services, Department for Social Insurance, including a household income is at or below 130 percent of the poverty level, and the customer presents such certificate to the utility. Customers eligible for the cabinet's energy assistance program or whose service is reconnected due to paragraphs (a), (b) or (c) of this administrative regulation shall agree to accept referral and utilize weatherization services which are administered by the Cabinet for Health and Family Services. The provision and acceptance of weatherization services is contingent on the availability of funds and other program guidelines. Weatherization services may include, but are not limited to, weather stripping, insulation, caulking, and caulk.

(4) Customers who are current in their payment plans under subsection (c) of this section shall not be disconnected.

Section 16. Meter Testing. (1) All electric, gas and water utilities furnishing metered service shall provide meter standards and test facilities, as more specifically set out under 807 KAR 5.022, 807 KAR 5.041 and 807 KAR 5.066. Before being installed for use by any customer, all electric, gas and water meters shall be tested and in good working order and shall be adjusted as close to the optimum operating tolerance as possible, as more specifically set out in 807 KAR 5.022. Section 9(5)(a), 807 KAR 5.041, Section 17(1)(a), (c) and 807 KAR 5.066. Section 15(2)(a)(b).

(2) A utility may have all or part of its testing of meters performed by a card authorizing him to perform meter tests. This form shall be for that purpose. Each utility having tests made by another agency or utility shall notify the commission of those arrangements in detail to include make, type, and serial number of standards used to make the checks or tests.

(3) No utility shall place in service any basic measurement standard required by these rules unless the calibration has been approved by the commission or the utility. Any retests or checks for utility purposes shall notify the commission promptly of the adoption or deletion of any basic standards requiring commission approval of the calibration.

(4) Each electric, gas and water utility or agency doing meter testing for a utility shall have in its employ meter testers certified by the commission. These certified meter testers shall perform tests as necessary to determine whether a customer's meter is in good working order or is certified as being in good working order.

(5) A utility or agency desiring to have its employees certified as meter testers shall submit the names of applicants on the commission's form entitled "Application for Appointment of Meter Testers", and after compliance with the requirements noted in this form, the applicant may be certified as a meter tester and furnished with a card authorizing him to perform meter tests. This form is hereby incorporated by reference, and may be obtained at the commission's offices at 211 Sower Boulevard, Frankfort, Kentucky, on Monday through Friday between the hours of 8 a.m. and 4:30 p.m. local time.

(6) A utility or agency may employ apprentices in training for certification as meter testers. The apprentice period shall be a minimum of six (6) months. Any apprentice under which the customer selects the service shall comply with subsection (5) of this section. All tests performed during this period by an apprentice shall be witnessed by a certified meter tester.

Section 17. Meter Test Records. (1) A complete record of all meter tests and adjustments and data sufficient to allow checking of test calculations shall be recorded by the meter tester. Such record shall include: Information to identify the unit and its location; date of tests; reason for such tests; readings before and after test; statement of "as found" and "as left" accuracies sufficiently complete to permit checking of calculations employed; notations showing that all required checks have been made, statement of repairs made, if any; identifying number of the meter; type and capacity of the meter; and the meter constant.

(b) The complete record of tests of each meter shall be continued for at least two (2) periodic test periods and shall in no case be less than two (2) years.

(2) Historical records. Each utility shall keep numerically arranged and properly classified records for each meter owned, used and inventoried by the utility. The identification number, date of purchase, name of manufacturer, serial number, type, rating, and name of the address or street on which the meter is located, if changed, shall be included in the records. These records shall also contain condensed information concerning all tests and adjustments including dates and general results of such adjustments. The records shall reflect the date of the last test and indicate the proper date for the
next periodic test required by the applicable commission administrative regulation.

(3) Sealing of meters. Upon completion of adjustment and test of any meter pursuant to commission administrative regulations, the utility shall affix to the meter a suitable seal in such a manner that adjustments or registration of the meter cannot be altered without breaking the seal.

(4) A utility may store any or all of the meter test and historical data described or required in subsections (1) and (2) of this section in a computer storage and retrieval system upon notification to the commission. If a utility elects to use a computer storage and retrieval system, a back-up copy of the identical information shall be retained.

Section 18. Request Tests. (1) Each utility shall make a test of any meter upon written request of any customer. If the request is not made more frequently than once each twelve (12) months, the customer shall be given the opportunity to be present at the request tests. If the tests show that the meter was not more than two (2) percent fast, the utility may make a reasonable charge for the test. The amount of the charge shall be approved by the commission and set out in the utility's filed tariff.

(2) After having first obtained a test from the utility, any customer of the utility may request a meter test by the commission upon written application. Such request shall not be made more frequently than once every twelve (12) months. Section 19. Identification Marks. Each utility shall at all reasonable hours have access to meters, service connections and other property owned by it and located on customer's premises for purposes of installation, maintenance, meter reading, operation, replacement or removal of its property at the time service is to be terminated. Any employee of the utility whose duties require him to enter the customer's premises shall wear a distinguishing uniform or another distinguishing identifying him as an employee of the utility or show a badge or other identification which will identify him as an employee of the utility.

Section 20. Pole Identification. (1) Each utility owning poles or other structures supporting its wires, shall mark every pole or structure located within a built-up community with the initials or other distinguishing mark by which the owner of every such structure can be readily determined. For the purpose of this rule the term "built-up community" shall mean urban areas and those areas immediately adjacent thereto.

(2) Identification marks may be of any type but shall be of a permanent material and shall be easy to read from the ground at a distance of six (6) feet from the structure.

(3) If utilities' structures are located outside of a built-up community, at least every tenth structure shall be marked as set forth in subsection (2) of this section.

(4) All junction structures shall bear the identification mark and structure number of the owner.

(5) Poles need not be marked if they are clearly and unmistakably identifiable as the property of the utility.

(6) Each utility shall either number its structures and maintain a numbering system or use some other method of identification so that each structure in the system can be easily identified.

Section 21. Cable Television Pole Attachments and Conduit Use. (1) Each utility owning poles or other facilities supporting its wires shall permit cable television system operators who have all necessary licenses and permits to attach cables to poles and to use facilities, as customers, for transmission of signals to their patrons.

(2) The tariffs of the utility shall set forth the rates, terms and conditions under which the utility's facilities may be used.

(3) With respect to a complaint before the commission in any individual matter concerning cable television pole attachments final action shall be taken on the matter within a reasonable time, but no later than 360 days after filing of the complaint.

Section 22. System Maps and Records. (1) Each utility shall have on file at its principal office located within the state and shall file upon request with the commission a map or maps of suitable scale of the general territory it serves or holds itself ready to serve showing the following:

(a) Operating districts.
(b) Rate districts.
(c) Communities served.
(d) Location and size of transmission lines, distribution lines and service connections.
(e) Location and layout of all principal items of plant.
(f) Date of construction of all items of plant by year and month.

(2) In each division or district office there shall be available information relative to the utility's system that will enable the local representative to furnish necessary information regarding the rendering of service to existing and prospective customers.

(3) In lieu of showing the above information on maps, a card record or other suitable means may be used. For all construction the records shall also show the date of construction by month and year.

Section 23. Location of Records. All records required by commission administrative regulations shall be kept in the office of the utility and shall be made available to representatives, agents or staff of the commission upon reasonable notice at all reasonable hours.

Section 24. Safety Program. Each utility shall adopt and execute a safety program, appropriate to the size and type of its operations. At a minimum, the safety program shall:

(1) Establish a safety manual with written guidelines for safe working practices and procedures to be followed by utility employees.
(2) Instruct employees in safe methods of performing their work.
(3) Instruct employees who, in the course of their work, are subject to the hazard of electrical shock, asphyxiation or drowning, in accepted methods of artificial respiration.

Section 25. Inspection of Systems. (1) Each utility shall adopt inspection procedures to assure safe and adequate operation of its facilities and compliance with commission rules and administrative regulations. These procedures shall be filed with the commission for review.

(2) Upon receipt of a report of a potentially hazardous condition at any utility facility made by a qualified employee, public official, or customer, the utility shall inspect all portions of the system which are the subject of the report.

(3) Appropriate records shall be kept by each utility to identify the inspection made, deficiencies found and action taken to correct the deficiencies.

(4) Electric utility inspection. Each electric utility shall make systematic inspections of its system in the manner set out below to insure that the commission's safety requirements are being met. These inspections shall be made as often as necessary but not less frequently than is set forth below for various classes of facilities and types of inspection.

At a part of operating procedure, each utility shall continuously monitor and inspect all production facilities regularly operated and manned.

(a) At intervals not to exceed six (6) months, the utility shall inspect:

1. Unmanned production facilities, including peaking units not on standby status, and all monitoring devices, for any evidence of abnormality.

2. Substations where the primary voltage is sixty-nine (69) KV or greater, for damage to or deterioration of components including structures, fences, gauges monitoring devices.

3. Underground network transformers and network protectors in vaults located in buildings or under sidewalks, for leaks, condition of case, connections, temperature and overloading.

4. Electric lines operating at sixty-nine (69) KV or greater, including insulators, conductors and supporting facilities, for damage or deterioration. (c) At intervals not to exceed one (1) year, the utility shall inspect:

1. Production facilities maintained on a standby status. Except for remotely controlled facilities, all production facilities shall also be thoroughly inspected.

2. Substations with primary voltage of fifteen (15) to sixty-eight (68) KV.

(d) At intervals not to exceed two (2) years, the utility shall inspect electric lines operating at voltages of less than sixty-nine (69) KV, including insulators, conductors and supporting facilities.

(e) The utility shall inspect other facilities as follows.
1. Utility buildings shall be inspected for compliance with safety codes at least annually.
2. Construction equipment shall be inspected for defects, wear and operational hazards at least quarterly.
3. Aerial inspections shall not be used as the sole basis for evidence of compliance with commission administrative regulations.
4. Gas utility inspection. Each gas utility shall make systematic inspections of its system to insure that the commission's safety requirements are being met. These inspections shall be made as often as necessary but not less frequently than is prescribed or recommended by the Department of Transportation, 49 C.F.R. Part 192 Transportation of Natural and Other Gas by Pipeline: Minimum Federal Safety Standards, for the various classes of facilities.
5. Such inspections shall be made as often as necessary but not less frequently than is set forth below for various classes of facilities.
6. Water utility inspections. Each water utility shall make systematic inspections of its system in the manner set out below to insure that the commission's safety requirements are being met. These inspections shall be made as often as necessary but not less frequently than is set forth below for various classes of facilities.
7. Telephone utility inspection. Each telephone utility shall make systematic inspections of its system in the manner set out below to ensure that the commission's safety requirements are being met. Such inspections shall be made as often as necessary but not less frequently than is set forth below for various classes of facilities.
8. Gas utility inspection. Each gas utility shall make systematic inspections of its system in the manner set out below to ensure that the commission's safety requirements are being met. Such inspections shall be made as often as necessary but not less frequently than is set forth below for various types of inspections, or as otherwise required in 807 KAR 5:071.
9. The utility shall annually inspect all structures pertaining to evidence of compliance with commission administrative regulations.
10. Water utility inspections. Each water utility shall make systematic inspections of its system in the manner set out below to ensure that the commission's safety requirements are being met. These inspections shall be made as often as necessary but not less frequently than is set forth below for various types of inspections.
11. Telephone utility inspection. Each telephone utility shall make systematic inspections of its system in the manner set out below to ensure that the commission's safety requirements are being met. Such inspections shall be made as often as necessary but not less frequently than is set forth below for various classes of facilities.
12. Gas utility inspection. Each gas utility shall make systematic inspections of its system in the manner set out below to ensure that the commission's safety requirements are being met. Such inspections shall be made as often as necessary but not less frequently than is set forth below for various types of inspections, or as otherwise required in 807 KAR 5:071.
13. The utility shall annually inspect all structures pertaining to evidence of compliance with commission administrative regulations.
the statutes by ensuring that electric utilities undertake regularly scheduled, ground-line inspections of their electrical lines operating at or above 69 kilovolts (KV) and their support structures, including poles, H-frame supports, and lattice tower structures. During the commission’s inspections, the electric lines and support structures must be inspected to detect potential issues that could affect their operation or safety.

The commission’s inspections are intended to ensure that electric utilities undertake regular ground-line inspections of their electrical lines and support structures to detect potential issues. These inspections are critical to maintaining the safety and reliability of the electrical grid. The commission’s regulations require electric utilities to undertake these inspections and support structures to ensure that the electrical system is safe and reliable.

2. **Partial Payment Plans**:

Partial payment plans are used to defray the cost of inspections and support structures. These plans are designed to help electric utilities manage the cost of inspections and support structures. The commission allows electric utilities to implement partial payment plans to cover the cost of inspections and support structures.

3. **Safety and Reliability**:

The commission’s inspections are intended to ensure that electric utilities undertake regular ground-line inspections of their electrical lines and support structures to detect potential issues. These inspections are critical to maintaining the safety and reliability of the electrical grid. The commission’s regulations require electric utilities to undertake these inspections and support structures to ensure that the electrical system is safe and reliable.

4. **Commission’s Jurisdiction**:

The commission’s jurisdiction includes all of the administrative regulations that affect the electric utilities, gas utilities, water utilities, and telephone utilities under the commission’s jurisdiction.

5. **Cost of Implementing the Amendment**:

The amendments will help the commission in its efforts to get the electric utilities to inspect their lines and implement the proposed amendment. All other electric utilities already undertake ground-line inspection of all of their electric lines and support structures using an inspection schedule at least as stringent as the proposed amendment. The proposed administrative regulation will help the Commission in its efforts to get the electric utilities to inspect their lines and implement the proposed amendment. All other electric utilities already undertake ground-line inspection of all of their electric lines and support structures using an inspection schedule at least as stringent as the proposed amendment. The proposed administrative regulation will help the Commission in its efforts to get the electric utilities to inspect their lines and implement the proposed amendment. All other electric utilities already undertake ground-line inspection of all of their electric lines and support structures using an inspection schedule at least as stringent as the proposed amendment.

6. **Commission’s Actions**:

The commission’s actions are intended to ensure that electric utilities undertake regular ground-line inspections of their electrical lines and support structures to detect potential issues that could affect their operation or safety. The commission’s actions are designed to ensure that the electrical system is safe and reliable.

7. **How the Amendment Will Change This Existing Administrative Regulation**:

The amendments will clarify the documentation needed for inspections, the requirements for partial payment plans, and the filing of GIS information. The amendments will also provide a lesser time period for the retention of meters that have tested outside the accuracy range but adds the requirement of notifying the customer how long the meter will be retained. One amendment also addresses the situation where there are multiple tenants in a building but service is in the name of the building owner only. Also, the amendments clarify the utility’s access to property.

8. **How the Amendment Conforms to the Content of the Authorizing Statutes**:

Pursuant to KRS 278.040(3) the commission is authorized to adopt reasonable regulations to implement the provisions of KRS Chapter 278. Pursuant to KRS 278.280(2), the commission is required to prescribe rules for the performance of any service or the furnishing of any commodity of the character furnished or supplied by the utility. Pursuant to KRS 278.042 the commission is required to ensure that all electric utilities construct and maintain their facilities in accordance with the most recent edition of the NESC. The amended regulation will help ensure that electric utilities are inspecting all of their electric lines and support structures properly and regularly, which will help ensure that they are providing reliable service to their customers. The amended regulation will also ensure that utilities are properly offering partial payment plans to customers and are retaining inaccurate meters for a period long enough for the customers to have a chance to have the meter tested by the Meter Standards Laboratory or to file a formal complaint.

9. **Governmental Entities**:

The proposed amendment to the regulation will affect all telephone utilities, but the impact is expected to be minimal. Most telephone utilities already look for proper vegetation management and proper clearances of both electrical and non-electrical facilities during their inspections. Gas and water utilities will have to begin documenting inspections to the point of service better. The amendment will help the commission in its efforts to get the utility which do not yet include these items in their inspection practices to do so, in order to improve reliability.

10. **How the Amendment Will Change the Electric Utilities Partial Payment Plans**:

The amendments will help the commission in its efforts to get the electric utilities to inspect their lines and implement the proposed amendment. All other electric utilities already undertake ground-line inspection of all of their electric lines and support structures using an inspection schedule at least as stringent as the proposed amendment. The proposed administrative regulation will help the Commission in its efforts to get the electric utilities to inspect their lines and implement the proposed amendment. All other electric utilities already undertake ground-line inspection of all of their electric lines and support structures using an inspection schedule at least as stringent as the proposed amendment. The proposed administrative regulation will help the Commission in its efforts to get the electric utilities to inspect their lines and implement the proposed amendment. All other electric utilities already undertake ground-line inspection of all of their electric lines and support structures using an inspection schedule at least as stringent as the proposed amendment.
or directly or indirectly increase any fees.

(9) TIERING: Is tiering applied? Tiering is not used in this proposed amendment. This amendment applies equally to all electric utilities, gas utilities and telephone utilities, because there is no rational need to provide for different schedules of electrical system inspections for the owner/operators of electric transmission systems and no need for different requirements for the inspection of telephone aerial facilities. The need to conduct ground-line inspections of electric lines and their support facilities and telephone facilities is due to the effects of time, weather, and the environment on those materials, and every utility is required to provide reliable service to its customers. Without conducting regularly scheduled inspections of their electric lines and poles—both from the air and from the ground—electric utilities will not be able to identify potential trouble spots and correct them before they cause outages or injury. Similarly, without inspecting all relevant facility clearances and vegetation management practices on their utility poles, telephone utilities will not be able to identify potential trouble spots and outage causes. Therefore, tiering principles do not apply.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? Public Service Commission; Office of Attorney General (Utility Rate and Intervention Division); water districts.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. 49 U.S.C. § 60105; KRS 278.040; KRS 278.042; KRS 278.140; KRS 278.160; KRS 278.190; KRS 278.210; KRS 278.220; KRS 278.230; KRS 278.250; KRS 278.255; KRS 278.495; KRS 278.542

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? No direct or indirect increase in revenue will result from the adoption of the proposed amendment for any governmental agency. The proposed amendment does not provide for the Public Service Commission to assess any fee or charge.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? No direct increase in revenue will result from the adoption of the proposed amendment for any governmental agency. The proposed amendment does not provide for the Public Service Commission to assess any fee or charge.

(c) How much will it cost to administer this program for the first year? No increase in the Public Service Commission’s costs. The Public Service Commission will be performing the same level of review and require the same number of employees to conduct the review.

(d) How much will it cost to administer this program for subsequent years? No increase in the Public Service Commission’s costs. The Public Service Commission will be performing the same level of review and require the same number of employees.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

807 KAR 5:011. Tariffs.

RELATES TO: KRS[Chapter] 278.010, 278.030, 278.160, 278.170, 278.180, 278.185, 278.190.

STATUTORY AUTHORITY: KRS 278.160(1)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 278.160(1) requires the commission to promulgate an administrative regulation to establish requirements for each utility to electronically file schedules showing all rates and conditions established by it and collected or enforced. This administrative regulation establishes requirements for utility tariffs.

Section 1. Definitions. (1) “Commission” is defined by KRS 278.010(15).

(2) “Date of issue” means the date the tariff sheet is signed by the representative of the utility authorized to issue tariffs.

(3) “Nonrecurring charge” means a charge or fee assessed to customers to recover the specific cost of an activity, which:

(a) Is due to a specific request for a certain type of service activity for which, once the activity is completed, additional charges shall not be incurred; and

(b) Is limited to only recover the specific cost of the specific service.

(4) “Person” is defined by KRS 278.010(2).

(5) “Rate” is defined by KRS 278.010(12).

(6) “Sewage utility” means a utility that meets the requirements of KRS 278.010(3)(f).

(7) “Signature” means an original signature or an electronic signature as defined by KRS 369.102(8).

(8) “Statutory notice” means notice made in accordance with KRS 278.180.

(9) “Tariff” means a utility’s schedule of each of its rates, charges, tolls, maps, terms, and conditions of service over which the commission has jurisdiction.

(10) “Utility” is defined by KRS 278.010(3).

(11) “Utility’s office or place of business” means a location at which the utility regularly employs and stations one (1) or more employees and is open to the public for customer service.

Section 2. General. (1) Beginning January 1, 2013, each tariff sheet and supporting document filed with the commission shall be electronically submitted to the commission using the commission’s electronic Tariff Filing System located at https://psc.ky.gov/psc_portal/.

(2) Each utility shall maintain a complete tariff with the commission.

(3) A utility furnishing more than one (1) type of service (water and electricity for example) shall file a separate tariff for each type of service.

(4) A utility shall make available a paper or electronic copy of its current tariff for public inspection in the utility’s office or place of business.

(5) A utility that operates a public Web site for its utility operations shall:

(a) Make available on that Web site for public viewing and downloading a copy of its current tariff for each type of service that it provides;

(b) Place on its Web site a hyperlink to the commission’s Web site where the tariff has been posted.

Section 3. Format. (1) A new tariff or revised sheet of an existing tariff filed with the commission shall be:

(a) Printed or typewritten;

(b) Eight and one-half (8 1/2) by eleven (11) inches in size; and

(c) In type no smaller than nine (9) point font, except headers and footers which shall be in type no smaller than eight (8) point font.

(2) Tariff Form-1. The first sheet of a tariff shall be on Tariff Form-1 or reasonable facsimile, shall be used as the tariff’s cover.
Section 4. Contents of Schedules. (1) In addition to a clear statement of all rates, each rate schedule shall state the city, town, village, or district in which rates are applicable.

(a) If a schedule is applicable in a large number of communities, it shall be accompanied by an accurate index so that each community in which the rates are applicable may be readily ascertained;

(b) A utility may indicate the applicability of a schedule by reference to the index sheet with language indicating “Applicable within the corporate limits of the City of ________,” or “see Tariff Sheet No. ________ for applicability.”

(2) The following information shall be shown in each rate schedule under the following captions in the order listed:

(a) Applicable: show the territory covered;

(b) Availability of service: show the classes of customers affected, including residential, commercial, and other groups of customers;

(c) Rates: list all rates offered;

(d) Minimum charge: state the amount of the charge, the quantity allowed (if volumetrically based), and if it is subject to a late payment charge;

(e) Late payment charge: state the amount or reference the tariff section containing the amount;

(f) Term: if contracts are made for certain periods, give the length of the term; and

(g) Special rules: list any special rules or requirements that are in effect covering this tariff;

(3) Each rate schedule shall state the type or class of service available under the stated rates, by using language similar to “available for residential lighting” or “available for all purposes.”

(4) For a tariff in which a number of rate schedules are shown available for various uses, each rate schedule shall be identified either by:

(a) A number in the format “Schedule No. ________”;

(b) A group of letters, with the designation indicative of the type or class of service for which the rate schedule is available. The format for use of a group of letters shall be in the format “Tariff R.S.” indicating that the rate schedule states residential service rates,

(5) A tariff may be further divided into sections.

Section 5. Filing Requirements. (1) Each tariff filing shall include a cover letter and conform to the requirements established in this subsection.

(a) Each document shall be submitted in portable document format (“PDF”) and be capable of viewing with Adobe Acrobat Reader;

(b) Each document shall be search-capable and optimized for viewing over the internet.

(c) Each scanned document shall be scanned at a resolution of 300 dots per inch (dpi).

(d) A document may be bookmarked to distinguish different sections of the filing.

(2) A document shall be considered filed with the commission if it has:

(a) Been successfully transmitted using the commission’s electronic tariff filing system; and

(b) Met all other requirements specified in this administrative regulation.

Section 6. Tariff Addition, Revision, or Withdrawal. (1) No tariff, tariff sheet, or tariff provision may be changed, cancelled or withdrawn except as provided by Sections 6 and 9 of this administrative regulation.

(2) A new tariff or revised sheet of an existing tariff shall be issued and placed into effect:

(a) By order of the commission; or

(b) By issuing and filing with the commission a new tariff or revised sheet of an existing tariff and providing notice to the public in accordance with Section 8 of this administrative regulation and statutory notice to the commission.

(3) Each revised tariff sheet shall contain one (1) of the following symbols in the margin indicating the change made:

“(A)” to signify deletion;

“(I)” to signify increase;

“(N)” to signify a new rate or requirement;

“(R)” to signify reduction; or

“(T)” to signify a change in text.

Section 7. Tariff Filings Pursuant to Orders. If the commission has ordered a change in the rates or rules of a utility, the utility shall file a new tariff or revised sheet of an existing tariff setting out:

(1) The revised rate, classification, charge, or rule;

(2) The applicable case number;

(3) The date of the commission order; and

(4) The margin symbols required by Section 6(3) of this administrative regulation.

Section 8. Notices. A utility shall give notice to the public as required by this section if a charge or fee is changed, revised, or initiated or a condition of service or a rule regarding the provision of service is changed, revised, or initiated and the change will affect the amount that a customer pays for service or the quality, delivery, or rendering of a customer’s service.

(1) Public postings.

(a) A utility shall post at its place of business a copy of the required notice no later than the date the filing is made with the commission. The notice shall not be removed until the filing has become effective; and

(b) A utility that maintains a public Web site shall, within two (2) business days of filing, post a copy of the public notice as well as a hyperlink to its filing on the commission’s Web site. The notice shall not be removed until the filing has become effective or the commission issues a final decision on the filing.

(2) Manner of notification.

(a) If the utility has twenty (20) or fewer customers or is a sewage utility, it shall mail written notice in accordance with subsection (3) of this section to each customer no later than the date on which the filing is submitted to the commission.

(b) If the utility has more than twenty (20) customers and is not
a sewage utility, it shall:

1. Include notice with customer bills mailed by the date the filing is submitted;
2. Publish notice in a trade publication or newsletter going to all customers by the date the filing is submitted; or
3. Publish notice once a week for three (3) consecutive weeks in a prominent manner in a newspaper of general circulation in the utility's service area, the first publication to be made by the date the filing is submitted.

(c) A utility that provides service in more than one (1) county and is not a sewage utility may use a combination of the notice methods listed in paragraph (b) of this subsection.

(3) Notice requirements. Each notice shall contain the following information:

(a) The present rates and proposed rates for each customer class to which the proposed rates will apply;
(b) The amount of the change requested in both dollar amounts and percentage change for each customer classification to which the proposed rate change will apply;
(c) The amount of the average usage and the effect upon the average bill for each customer class to which the proposed rate change will apply;
(d) A statement that the rates contained in this notice are the rates proposed by (name of utility) but that the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this notice; and
(e) A statement that any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that sets forth the grounds for the request including the status and interest of the party;
(f) A statement that any person may examine this filing and any other documents the utility has filed with the Public Service Commission at the offices of (the name of the utility) located at (the utility's address) and on the utility's Web site at (the utility's Web site address), if the utility maintains a public Web site; and
(g) A statement that written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site.

(4) Proof of notice. A utility shall file with the commission no later than forty-five (45) days from the date of the initial filing, a copy of the utility's notice to the commission of its filing for general circulation in the utility's service area, an affidavit from the publisher verifying the notice was published, including the dates of the publication with an attached copy of the published notice;

(b) If its notice is published in a trade publication or newsletter going to all customers, an affidavit from an authorized representative of the utility verifying the trade publication or newsletter was mailed to all customers;
(c) If the notice is mailed, an affidavit from an authorized representative of the utility verifying the notice was mailed;

(5) Compliance by electric utilities with rate schedule information required by 807 KAR 5:051. Notice given pursuant to subsection (2)(a) or (b) of this section shall constitute for the notice required by 807 KAR 5:051, Section 2, if the notice contained a clear and concise explanation of the proposed change in the rate schedule applicable to each customer.

(6) Periodic recalculation of a formulaic rate that does not involve a revision of the rate and that is performed in accordance with provisions of an effective rate schedule, special contract, or administrative regulation does not require notice in accordance with this section.

Section 9. Statutory Notice to the Commission. (1) A new tariff or revised sheet of an existing tariff shall become effective on the date stated on the tariff sheet if:

(a) Proper notice was given to the public in accordance with Section 8 of this administrative regulation and the commission(

(b) The tariff is not suspended by an order of the commission pursuant to KRS 278.190.

(2) All information and notices required by this administrative regulation shall be furnished to the commission at the time of the filing of the proposed rate revision. If the commission determines that there was a substantial omission, which was prejudicial to full consideration by the commission or to an intervenor, the statutory notice to the commission shall not commence to run and shall not be computed until the omitted information and notice is filed.

Section 10. Nonrecurring Charges. Notwithstanding 807 KAR 5:001, a utility may revise a nonrecurring charge pursuant to this section and Sections 6 and 9 of this administrative regulation:

(1) Each requested rate revision shall be accompanied by:

(a) A specific cost justification for the proposed rates;
(b) A copy of the public notice of each requested rate revision and verification that it has been made pursuant to Section 8 of this administrative regulation;
(c) A detailed statement explaining why the proposed changes were not included in the most recent general rate case, and why current conditions prevent deferring the proposed changes until the next general rate case;
(d) A statement identifying the group of potential or existing customers affected by the rate revision; and
(e) A copy of the utility's rate schedule and balance sheet for a recent twelve (12) month period or an affidavit from an authorized representative of the utility attesting that the utility's income statement and balance sheet are on file with the commission.

(2) The proposed rate shall relate directly to the service performed or action taken and shall yield only enough revenue to pay the expenses incurred in rendering the service.

(3) (a) If the additional revenue to be generated from the proposed rate revision exceeds by five (5) percent the total revenues provided by all nonrecurring charges for a recent twelve (12) month period, the utility shall, in addition to the information set out in subsection (1) of this section, file an absorption test.

(b) The absorption test shall show that the additional net income generated by the tariff filing shall not result in an increase in the rate of return (or other applicable valuation methods) to a level greater than that which was allowed in the most recent general rate case.

(c) As part of the absorption test, any general rate increase realized during the twelve (12) month period shall be annualized.

(4) When the utility submits its filing to the commission, it shall transmit by electronic mail an electronic copy in PDF to rateintervention@ky.gov or mail a paper copy to the Attorney General's Office of Rate Intervention, 1024 Capital Center Drive, Suite 200, Frankfort, Kentucky 40601-8204.

Section 11. Adoption Notice. (1) A utility shall file an adoption notice on Tariff Form 3 if:

(a) A change of ownership or control of a utility occurs;
(b) A utility or a part of its business is transferred from the operating control of one (1) company to that of another;
(c) A utility's name is changed; or
(d) A receiver or trustee assumes possession and operation of a utility.

(2) Unless otherwise authorized by the commission, the person operating the utility business going forward shall adopt, ratify, and make its own the former operating utility's rates, classifications and requirements on file with the commission and effective at the time of the change of ownership or control.

(3) An adoption notice may be filed and made effective without previous notice.

(4) An adoption notice filed with the commission shall be in consecutive numerical order, beginning with Public Service Commission adoption notice No. 1.

(5) Within ten (10) days after the filing of an adoption notice by a utility that had no tariff on file with the commission, the utility shall issue and file in its own name the tariff of the predecessor utility then in effect and adopted by it, or a tariff it proposes to put into effect in lieu thereof, in the form prescribed in Sections 2 through 4 of this administrative regulation with proper identifying designation.
Section 2. General. All utilities under the jurisdiction of the commission shall file with the secretary two (2) cover letters and four (4) complete copies of a tariff containing schedules of all its rates, charges, tolls and maps of the area in which it offers service and all its rules and administrative regulations and shall keep a copy of said tariff open to public inspection in its offices and places of business, as required by KRS 278.160, in substantially the form and manner hereinafter set out. If a utility furnishes more than one (1) kind of service (water and electricity for example), a separate tariff must be filed for each kind of service. For the purpose of the commission’s rules and administrative regulations, the utility’s office or place of business shall be deemed a location at which the utility regularly employs and stations one (1) or more employees and is open to the public.

Section 3. Form and Size of Tariffs. (1) All tariffs must be printed on type no smaller than six (6) point or typewritten, mimeographed or produced by similar process on hard calendared paper of good quality.

(2) The pages of a tariff shall be eight and one-half (8 1/2) by eleven (11) inches in size.

(3) Utilities shall publish tariffs in loose leaf form using one (1) side of the paper only, with not more than one (1) schedule to the page.

(4) The front cover page of a tariff shall contain the following:
   (a) Name of the utility and location of principal office.
   (b) Statement of kind of service offered.
   (c) General statement of territory served.
   (d) Date of issue and date tariff is to become effective.
   (e) Signature of the officer of the utility authorized to issue tariffs.

(5) Identifying designation in the upper right hand corner as required by Section 5 of this administrative regulation.

(6) The second and succeeding pages shall contain:
   (a) All the rules and administrative regulations of the utility.
   (b) Rate schedules showing all rates and charges for the several classes of service.
   (c) Signature of the officer of the utility authorized to issue tariffs.

(7) Date of issue and date tariff is to become effective.

(8) Identifying designation in upper right hand corner as required by Section 5 of this administrative regulation.

(9) In that portion of the tariff dealing with rates, the desired information shall be shown under the following captions in the order listed:
   (a) Applicable: show territory covered by tariff.
   (b) Availability of service: show classes of customers affected, such as domestic, commercial, etc.
   (c) Rates: list all rates covered by tariff.
   (d) Minimum charge: state amount of charge and quantity allowed.
   (e) Delayed payment charge: state if penalty or discount.
   (f) Term: if contracts are made for certain periods, give length of term.
   (g) Special rules: if any special rules and administrative regulations are in effect covering this tariff, list same hereunder.

(7) The secretary of the commission will furnish standard forms of tariffs on request.

Section 4. Contents of Schedules. (1) Each rate schedule in addition to a clear statement of all rates thereunder must state the city, town, village or district in which rates are applicable, provided, however, that schedules applicable to a large number of communities must be accompanied by an accurate index by which each community in which the rates are applicable may be readily ascertained, in which case the applicability of a schedule may be indicated by reference to the index sheet. (Example: Applicable within the corporate limits of the City of ____________, or see Tariff Sheet No. 2B for applicability.)

(2) Each rate schedule must state that class of service available under the rates stated therein. (Example: Available for domestic lighting, or available for all purposes, etc.)

(3) For a tariff in which a number of schedules are shown available for various uses, each schedule shall be identified by a number or by a group of letters, and if by a group of letters, the
Section 5. Designation of Tariffs. All tariffs must bear in the upper right-hand corner of the front page the commission number thereof. Subsequent tariffs filed as provided by Sections 6 and 9 of this administrative regulation, must continue such designation in consecutive numerical order. Any subsequent tariff must also show the commission number of the tariff cancelled, changed or modified by it.

Section 6. Change or Withdrawal of Rate Schedules Administrative Regulations. (1) No tariff, or any provision thereof, may be changed, cancelled or withdrawn except upon such terms and conditions as the commission may impose and in compliance with KRS 278.180 and Sections 6 and 9 of this administrative regulation.

(2)(a) All revisions in tariff sheets shall contain a symbol in the margin indicating the change made. These symbols are as follows:

(C) To signify changed administrative regulation.

(D) To signify discontinued rate, administrative regulation or test.

(1) To signify increase.

(2) To signify reduction.

(3) To signify a change in text.

(b) In the case of a change in the text of any tariff sheet where the rate remains the same, the effective date shall remain the same as that on the amended sheet. The issued date of the change shall be the date the filing is made with the commission.

(c) All tariff filings which involve the furnishing of equipment or services to the customer by the utility shall be accompanied by a description of the equipment or service involved in the filing and a copy of the notice sent to the customer stating the utility's obligations.

(3) New tariffs stating changes in any provision of any effective tariff may be issued and put into effect by either of the two (2) following methods:

(a) By order of the commission upon formal application by the utility and after hearing, as provided by Section 7 of this administrative regulation.

(b) By issuing and filing on at least twenty (20) days' notice to the commission and the public a complete new tariff or revised sheet of an existing tariff stating all the provisions and schedules proposed to become effective as provided by Sections 7 and 9 of this administrative regulation.

(4) The provisions or rates stated on any sheet or page of a tariff may be modified or changed by the filing of a revision of such sheet or page in accordance with the provisions of this administrative regulation. Such revisions must be identified as required herein.

Section 7. Adjustment of Rates on Application. Upon the granting of authority for a change in rates, the utility shall file a tariff setting out the rate, classification, charge, or rule and administrative regulations authorized by the commission to become effective the order may direct, and each page of the tariff so filed shall state that it is “Issued by authority of an order of the Public Service Commission in Case No. ________ dated ________.”

Section 8. Notices. Notices shall be given by the utility in the following manner:

(1) Advance notice, abbreviated newspaper notice. Utilities with gross revenues greater than $1,000,000 shall notify the commission in writing by the date stated in the notice of rate change. Applications for extensions of time shall be made to the commission, and the public shall be given a complete new tariff no later than the date on which the application is filed with the commission and, in addition, a sheet shall be posted at its place of business containing such information. Except for sewer utilities which must give a notice by mail to all of their customers pursuant to KRS 278.185, all applicants with more than twenty (20) customers shall post a sheet stating the proposed rates and the estimated amount of increase in the customer class at their place of business and, in addition, notice thereof:

(a) Shall be included with customer billings made on or before the application is filed with the commission;

(b) Shall be published in a newspaper of general circulation in the areas that will be affected one (1) time not less than seven (7) nor more than twenty-one (21) days prior to the hearing giving the purpose, time, place and date of the hearing.

(2) Notice to customers of proposed rate changes. If the applicant has twenty (20) or fewer customers, typewritten notice of the proposed rate changes and the estimated amount of increase per customer class shall be placed in the mail to each customer no later than the date on which the application is filed with the commission and, in addition, a sheet shall be posted at its place of business by such date in a trade publication or newsletter going to all customers;

(c) Shall be included with customer billings made on or before the application is filed with the commission.

(3) Notice of hearing. Where notice pursuant to KRS 424.301 is published by the applicant in a newspaper, it shall be published in a newspaper of general circulation in the areas that will be affected one (1) time not less than seven (7) nor more than twenty-one (21) days prior to the hearing giving the purpose, time, place and date of the hearing.

(4) Compliance by electric utilities with rate schedule information required by KRS 807 KAR 5.051. If notice is given by subsection (2)(a) or (b) of this section and if the notice contains a clear and concise explanation of the proposed change in the rate schedule applicable to each customer, no notice under Section 2 of 807 KAR 5.051 shall be required. Otherwise, such notice shall be given.

(5) Notice of hearing. Where notice pursuant to KRS 424.300 is published by the applicant in a newspaper, it shall be published in a newspaper of general circulation in the areas that will be affected one (1) time not less than seven (7) nor more than twenty-one (21) days prior to the hearing giving the purpose, time, place and date of the hearing.

(6) Extensions of time. Applications for extensions of time shall be made to the commission in writing and will be granted only upon a showing of compelling reason.

Section 9. Statutory Notice to the Commission. (1) When a new tariff has been so issued and notice thereof given to the commission and the public in all respects as hereinbefore provided, such tariff will become effective on the date stated therein unless the commission by order of the commission thereon specified will have delayed or changed, cancelled or withdrawn any such tariff, or any provision thereof, except as provided in this administrative regulations, and such tariff shall continue in effect as aforesaid.

(2) All information and notice required by these rules shall be furnished to the commission at the time of the filing of any pro-
posed revisions in rates or administrative regulations, and the twenty (20) days’ statutory notice to the commission will not con-
mence to run and will not be computed until such information and
notice is filed if the commission determines that there was a subst-
stantial omission, which was prejudicial to full consideration by the
commission or to an intervenor.

Section 10. Nonrecurring Charges. Nonrecurring charges are
charges to customers due to a specific request for certain types of
service activity for which, when the activity is completed, no addi-
tional charges may be incurred. Such charges are intended to be
limited in nature and to recover the specific cost of the activity.
Nonrecurring charges include reconnection charges, late payment
fees, service order changes and hook-on or tap fees. This section
allows a utility to seek a rate revision for a nonrecurring charge
outside a general rate proceeding. In addition to the specific in-
formation required pursuant to the above sections, the following in-
formation must be submitted to the commission when a utility
makes a filing to increase miscellaneous or nonrecurring service
charges outside a general rate case:

(1) Each requested rate revision must be accompanied by:
(a) A specific cost justification for the proposed rates and a full
description of the equipment or service provided under tariff. (807
KAR 5.001, Section 6(2)(c)). The proposed rates should at least
cover incremental costs, and a reasonable contribution to over-
head and common expenses are defined in tariffs, which would be
specifically incurred in the provision of this service.
(b) A copy of the public notice of each requested rate revision
and verification that it has been made pursuant to Section 8 of this
administrative regulation. In addition to the notice requirements
contained in Section 8 of this administrative regulation, the utility
shall also mail a copy of its filing to the Attorney General’s
Consumer Protection Section. The Attorney General General
within ten (10) days to notify the commission in writing if it requests a
hearing in a particular case.
(c) A detailed statement explaining why the proposed changes
could not have been included in the most previous general rate
and why current conditions prevent deferring the proposed
charges until the next general rate request.
(d) An impact statement identifying the group of customers
affected by the proposed tariff or revision. The impact statement
shall identify potential as well as existing customers.
(e) A copy of the utility’s income statement and balance sheet
for a recent twelve (12) month period.

(2) If the additional revenue to be generated from the proposed
tariff revisions exceeds by live (5) percent the total revenues pro-
vided by all miscellaneous and nonrecurring charges for a recent
twelve (12) month period, the utility shall provide a copy of all rates
information set out in subsection (1)(a) of this section, follow-
ing: An absorption test showing that the additional net income gen-
erated by the tariff filing will not result in an increase in the rate of
return (or other applicable valuation method) to a level greater
than that which was allowed in the most recent rate case. Any
general rate increases received during the twelve (12) month pe-
riod must be annualized. Any significant cost changes may be
included but must be documented as part of the filing.
(3) No more than two (2) such tariff filings under this procedure
shall be made between general rate cases. Additional tariff filings
for nonrecurring charges will be processed according to general
rate case procedures.

When these requirements are met, such a filing may be made by
letter with supporting documentation and will not require the infor-
mation normally required pursuant to the commission’s general
rate case administrative regulation, 807 KAR 5.001, Section 9.

Section 11. Change of Ownership, Adoption notice. (1) In case
of change of ownership or control of a utility, or when a utility or a
part of its business is transferred from the operating control of one
company to that of another, or when the name of a utility or a
utility company, which will thereafter operate the utility business must
use the rates, classifications and administrative regulations of the for-
term operating company (unless authorized to change by the com-
mission), and shall issue, file and post an adoption notice, on
a form furnished by the commission, adopting, ratifying and making
its own all rates, rules, classifications and administrative regula-
tions of the former operating utility, on file with the commission and
effective at the time of such change of ownership or control.
(2) Adoption notices must likewise be filed by receivers and
trustees assuming possession and operation of utilities. Adoption
notices may be filed and made effective without previous notice.
(3) Adoption notices filed with the commission by each utility
shall be in consecutive numerical order, beginning with Public Ser-
vice Commission Adoption notice No. 1.

(4) Within ten (10) days after the filing of an adoption notice as
aforesaid by a public utility which then had no tariffs on file with
the commission, said utility shall file, and cause to be filed in its
own name the tariff of the predecessor utility then in effect and
adopted by it, or such other tariff as it proposes to put into effect in lieu thereof, in the
form prescribed in Sections 2 through 5 of this administrative
regulation with proper identifying designation. (Example: Public Service Commission No. 1 cancels Public Service Commission Adoption notice No. 1)

(5) Within ten (10) days after the filing of an adoption notice, as
required by subsection (2) of this section, by a public utility which
then had other tariffs on file with the commission said utility shall
issue and file in its own name rate schedules and administrative
regulations (on additional or revised sheets to its existing tariff, or
by a complete reissue of its existing tariff, or otherwise), which
shall set out the rates and administrative regulations of the prede-
cessor utility then in effect and adopted by it, or such other rates
and administrative regulations as it proposes to put into effect in lieu thereof, in accordance with the provisions of these rules with
proper identifying designation. (Example: First Revision of Original
Sheet No. 2A, Public Service Commission, No. 11, cancels Original
Sheet No. 2A, also cancels Public Service Commission Adoption
notice No. 6, or Public Service Commission No. 12 cancels Public Service Commission Adoption notice No. 6.)

(6) When a tariff or revision is issued by a utility in compliance
with these rules which states the rates, rules and administrative
regulations of the predecessor utility without change in any of the
provisions thereof, the same may be filed without notice, but when
such tariff or revision states any change in the effect of the rates,
rules and administrative regulations of the predecessor utility, such
tariff or revision shall be subject to Sections 9 and 10 of this admin-
istrative regulation.

Section 12. Posting Tariffs, Administrative Regulations and
Statutes. Every utility shall provide a suitable table or desk in its
office and place of business, on which shall be available to the
public at all times the following:
(a) A copy of all its tariffs and supplements setting out its
rates, classifications, charges, rules and administrative regulations,
together with forms of contracts and applications applicable to its
territory served from that office or place of business.
(b) Copies of the Kentucky Revised Statutes applicable to the
utility.
(c) A copy of the administrative regulations governing such
utility adopted by the commission.
(d) A suitable placard, in large type, giving information to the
public that said tariffs, rules and administrative regulations and
statutes are kept there for public inspection.

Section 13. Special Contracts. Every utility shall file true copies
of all special contracts entered into governing utility service which
set out rates, charges or conditions of service not included in its
general tariff. The provisions of this administrative regulation appli-
cable to tariffs containing rates, rules and administrative regula-
tions, and general agreements, shall also apply to the rates and
schedules set out in said special contracts, so far as practicable.

Section 14. Deviations from Rules. In special cases, for good
cause shown upon application to and approval by the commission
may permit deviations from these rules.

Section 15. Forms. In submitting to the commission the
information required by these rules the following forms shall be followed where applicable:
VOLUME 39, NUMBER 5 – NOVEMBER 1, 2012

(1) Form of cover sheet for tariffs.
(2) Form for filing rules and administrative regulations.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Gerald E. Wuetcher

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation provides the rules and guidelines for a utility to file its tariff or to file revisions to its existing tariff.
(b) The necessity of this administrative regulation: This regulation provides the structural framework for using electronic filing procedures that should reduce filing expenses for a utility as well as allow a utility to submit and receive documents in a timelier manner.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 278.160 provides that the commission shall prescribe rules under which a utility shall file schedules showing all rates and conditions of service it has established and that it collects or enforces.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: It provides a more cost effective and timely means for a utility to submit required documents to the Public Service Commission.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: The amendments make modest revisions to the original version of the proposed regulation. It clarifies when a utility must provide notice of a proposed tariff change and the efforts that a utility must make to inform its customers and the public as to the effect of its proposed tariff revisions. It further revises the contents of the required notice to inform the public that comments regarding the proposed tariff revisions can be submitted to the Commission.
(b) The necessity of the amendment to this administrative regulation: Proposed amendments reduce the need for unnecessary public notice of minor tariff revisions that will not materially affect utility customers and ensures that utilities do not incur costs that produce no meaningful benefit for its customers. It further refines the efforts that a utility must make to ensure its customers have access to documents related to the utility’s proposed tariff revisions.
(c) How the amendment conforms to the content of the authorizing statutes: KRS 278.160 requires all utilities to file their rate schedules with the Public Service Commission and to charge only

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

CABINET FOR HEALTH AND FAMILY SERVICES
Department for Medicaid Services
Commissioner's Office
(Amended After Comments)

RELATES TO: KRS 205.560

STATUTORY AUTHORITY: KRS 194A.030(2), 194A.050(1), 205.520(3), 205.560, 42 C.F.R. 447.26, 42 U.S.C. 1396a Title II, Subtitle I, Section 2702 of the Patient Protection and Affordable Care Act

NECESSITY, FUNCTION, AND CONFORMITY: The Cabinet for Health and Family Services, Department for Medicaid Services, has responsibility to administer the Medicaid Program. KRS 205.520(3) authorizes the cabinet, by administrative regulation, to comply with any requirement that may be imposed, or opportunity presented, by federal law to quality for federal Medicaid funds. This administrative regulation establishes the Medicaid program policies, including managed care and non-managed care, regarding health care-acquired conditions and provider preventable conditions.

Section 1. Definitions. (1) "Department" means the Department for Medicaid Services or its designee.

(2) "Health care-acquired condition" is defined by 42 C.F.R. 447.26.

(3) "In writing" means on paper or by electronic means.

(4) "Inpatient hospital" means an acute care hospital, critical access hospital, long-term acute care hospital, psychiatric hospital, rehabilitation hospital, psychiatric distinct part unit in an acute care hospital, or rehabilitation distinct part unit in an acute care hospital.

(5) "Managed care organization" means an entity for which the Department for Medicaid Services has contracted to serve as a managed care organization as defined in 42 C.F.R. 438.2.

(6)[41] "Provider" is defined by KRS 205.84517.

(7)[55] "Recipient" is defined by KRS 205.84519.

Section 2. Health Care-Acquired Conditions. (1) The department or a managed care organization shall not reimburse for medical assistance in any inpatient hospital setting for a health care-acquired condition.

(2) In accordance with 42 C.F.R. 447.26(d), if a health care-acquired condition occurs, an inpatient[a] hospital shall report the health care-acquired condition to the department by:

(a) Identifying the health care-acquired condition on a claim or document attached to or associated with the services or course of treatment provided to the recipient that was not a health care-acquired condition;

(b) If not submitting a claim for services or a course of treatment provided to the recipient, report the health care-acquired condition in writing to the department within twelve (12) months of the occurrence of the health care-acquired condition;

(a) Identify, on the claim or document attached to or associated with the claim or course of treatment, the health care-acquired condition; and

(b) Submit the claim, a document associated with or regarding the claim, to the department within thirty (30) days of the occurrence of the health care-acquired condition.

Section 3. Other Provider Preventable Conditions. (1) The department or a managed care organization shall not reimburse for:

(a) Wrong surgical or other invasive procedure performed on a recipient;

(b) Surgical or other invasive procedure performed on the wrong body part; or

(c) Surgical or other invasive procedure performed on the wrong person.

(2) In accordance with 42 C.F.R. 447.26, a provider who performs a procedure listed in subsection (1) of this section shall report it to the department:

(a) By indicating the procedure on a claim or document attached to or associated with a claim for services, other than the services related to the procedure, provided to the recipient;

(b) In writing within twelve (12) months of the procedure if the provider does not submit a claim for payment to the department for services provided to the recipient in writing, which shall include by electronic means or paper, to the department within thirty (30) days of performing the procedure.

(3) Subsection (1) and (2) of this section shall not apply to a nursing facility or an intermediate care facility for individuals with an intellectual or mental retardation or a developmental disability.

Section 4. Compliance with 42 C.F.R. 447.26. The department’s or managed care organization’s reimbursement shall comply with 42 C.F.R. 447.26(c)2) and (3).

Section 5. Supersede. If any policy stated in another administrative regulation within Title 907 of the Kentucky Administration Regulations contradicts a policy stated in this administrative regulation, the policy stated in this administrative regulation shall supersede the policy stated elsewhere within Title 907.

-ing all rates and conditions established by it and collected or enforced.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? No direct increase in revenue will result from the adoption of the proposed amendment for any governmental agency. The proposed amendment does not provide for the Public Service Commission to assess any fee or charge.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? No direct increase in revenue will result from the adoption of the proposed amendment for any governmental agency. The proposed amendment does not provide for the Public Service Commission to assess any fee or charge.

(c) How much will it cost to administer this program for the first year? No increase in the Public Service Commission’s cost of reviewing new tariffs or revisions to existing tariffs is expected to result from the adoption of the proposed amendment. The Public Service Commission will be performing the same level of review and require the same number of employees to conduct its review. If the proposed amendment is adopted a utility may experience lower expenses when filing tariffs due to the reduced number of required documents. The exact amount of any savings is too difficult to quantify.

(d) How much will it cost to administer this program for subsequent years? No increase in the Public Service Commission’s cost of reviewing new tariffs or revisions to existing tariffs is expected to result from the adoption of the proposed amendment. The Public Service Commission will be performing the same level of review and require the same number of employees to conduct its review. If the proposed amendment is adopted a utility may experience lower expenses when filing tariffs due to the reduced number of required documents. The exact amount of any savings is too difficult to quantify.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Lisa Lee, Jill Hunter, or Stuart Owen

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation establishes the Medicaid program policies (managed care and non-managed care) regarding health care-acquired conditions and other provider preventable conditions.
(b) The necessity of this administrative regulation: This administrative regulation is necessary to comply with a federal mandate in the Patient Protection and Affordable Care Act and 42 C.F.R. 447.26.
(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the Patient Protection and Affordable Care Act and KRS 205.560 by establishing that the Department for Medicaid Services (DMS) and managed care organizations (MCOs) won’t reimburse for medical assistance for health care-acquired conditions or other preventable conditions.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the Patient Protection and Affordable Care Act and KRS 205.560 by establishing that DMS and MCOs won’t reimburse for medical assistance for health care-acquired conditions or other preventable conditions.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: The amendment after comments replaces the requirement that a provider report a health care-acquired condition or other preventable condition within thirty (30) days with a requirement that such provider report a health care-acquired condition or other preventable condition on the claim associated with services provided to the recipient or within twelve (12) months if the provider does not submit a claim to the department for services to the given recipient.
(b) The necessity of the amendment to this administrative regulation: The amendment is necessary to make the reporting requirement consistent with provider claims’ filing requirements and eliminate an administrative burden on providers.
(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the content of the authorizing statutes by making the reporting requirement consistent with provider claims’ filing requirements and eliminate an administrative burden on providers.
(d) How the amendment will assist in the effective administration of the statutes: The amendment will assist in the effective administration of the authorizing statutes by making the reporting requirement consistent with provider claims’ filing requirements and eliminate an administrative burden on providers.
(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: This administrative regulation will affect inpatient and outpatient hospitals, ambulatory surgical centers, physicians’ practices, advanced practice registered nurse practices, rural health clinics, federally-qualified health care centers, primary care centers, and dentists’ practices.
(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: If a provider, other than an inpatient hospital, performs a provider preventable condition they are required to report it to the Department for Medicaid Services within thirty (30) days. An inpatient hospital is required to report a health care-acquired condition on a claim associated with services provided to the recipient or within twelve (12) months of the health care-acquired condition if the hospital does not submit a claim for services provided to the recipient.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): No cost is imposed on providers.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Not reimbursing for provider preventable conditions may decrease the likelihood of provider preventable conditions occurring.
(5) Provide an estimate of how much it will cost to implement this administrative regulation:
(a) Initially: DMS anticipates a minimal increase in administrative expenditures initially for Medicaid Management Information System (MMIS) programming and related work necessary to preclude payment for provider preventable conditions.
(b) On a continuing basis: DMS anticipates no continuing cost resulting from the provider preventable condition amendment.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under the Title XIX of the Social Security Act and matching funds of general fund appropriations.
(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: The current fiscal year budget will not need to be adjusted to provide funds for implementing this administrative regulation.
(8) State whether this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish or increase any fees.
(9) Tiering: Is tiering applied? Tiering was not appropriate in this administrative regulation because the administrative regulation applies equally to all those individuals or entities regulated by it.

FEDERAL MANDATE ANALYSIS COMPARISON

2. State compliance standards. KRS 205.520(3) states, “Further, it is the policy of the Commonwealth to take advantage of all federal funds that may be available for federal requirements. To qualify for federal funds the secretary for health and family services may by regulation comply with any requirement that may be imposed or opportunity that may be presented by federal law. Nothing in KRS 205.510 to 205.630 is intended to limit the secretary’s power in this respect.” KRS 205.560(1) states, “The scope of medical care for which the Cabinet for Health and Family Services undertakes to pay shall be designated and limited by regulations promulgated by the cabinet, pursuant to the provisions in this section.”
3. Minimum or uniform standards contained in the federal mandate. Title II, Subtitle I, Section 2702 of the Patient Protection and Affordable Care Act and 42 C.F.R. 447.26 prohibit federal payments for provider preventable conditions. 42 U.S.C. 1396a(a)(19) requires Medicaid programs to provide care and services consistent with the best interests of Medicaid recipients. 42 U.S.C. 1396a(a)(30) requires Medicaid program payments to be consistent with efficiency, economy, and quality of care and sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the same geographic area.
4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? The amendment does not impose stricter, additional or different requirements than those required by the federal mandate.
5. Justification for the imposition of the stricter standard, or
FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department for Medicaid Services will be impacted by this administrative regulation.

2. Identify each state or federal regulation that requires or authorizes the action taken by the administrative regulation. This action is authorized by 42 C.F.R. 447.26 and this administrative regulation.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

   (a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? This amendment will not generate any additional revenue for state or local governments during the first year of implementation.

   (b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? This amendment will not generate any additional revenue for state or local governments during subsequent years of implementation.

   (c) How much will it cost to administer this program for the first year? The Department for Medicaid Services (DMS) anticipates a minimal increase in administrative expenditures initially for Medicaid Management Information System (MMIS) programming and related work necessary to preclude payment for provider preventable conditions.

   (d) How much will it cost to administer this program for subsequent years? DMS anticipates very minimal ongoing cost to administer the program.

   Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

   Revenues (+/-):
   Expenditures (+/-):

   Other Explanation: No additional expenditures are necessary to implement this amendment.
COUNCIL ON POSTSECONDOARY EDUCATION
(Amendment)

RELATES TO: KRS 164.945, 164.946, 164.947, 164.992, 165A.320

NECESSITY, FUNCTION, AND CONFORMITY: KRS 164.947(1), (2), 164.020(37)

This amendment requires the promulgation of a new administrative regulation to establish procedures for the licensing of religious colleges as defined in KRS 164.945. KRS 164.947 provides that religious instruction or training shall not be restricted. This administrative regulation establishes the private college licensing requirements and the requirements for religious in-state colleges to apply for an exemption to those licensing requirements.

Section 1. Definitions. (1) "Accredited" means the approval of an accrediting agency.

(2) "Accrediting agency" means a national or regional agency which evaluates colleges and is recognized by the United States Department of Education, the Council on Higher Education Accreditation, or the Council on Postsecondary Education.

(3) "Agent" means any person employed by a college to act as a solicitor, broker, or independent contractor to procure students for the college by solicitation in any form made at any place other than the main campus of the college.

(4) "College" is defined by KRS 164.945(1).

(5) "Degree" is defined by KRS 164.945(2).

(6) "Diploma" is defined by KRS 164.946(3).

(7) "In-state college" means a college that is charted, organized, or has its principal location within Kentucky.

(8) "Operating or soliciting" means having a physical presence within Kentucky and includes:

(a) An instructional or administrative site within Kentucky whether owned, leased, rented, or provided without charge;

(b) Instruction, whether theory or clinical, originating from or delivered within Kentucky utilizing teachers, trainers, counselors, advisors, sponsors, or mentors;

(c) An agent, recruiter, in-state liaison personnel, institution, or business located in Kentucky that advises, promotes, or solicits for enrollment, credit, or award of an educational or occupational credential;

(d) An articulation agreement with a Kentucky licensed college or state-supported institution; or

(e) Advertising, promotional material, or public solicitation in any form that targets for Kentucky residents through distribution or advertising in the state.

(9) "Out-of-state college" means a college that is chartered, organized, or has its principal location outside of Kentucky.

(10) "President" means the president of the Council on Postsecondary Education.

(11) "Unearned tuition" means the excess of cumulative collections of tuition and other instructional charges over the cumulative amount of earned tuition and other institutional charges prior to the first date of refund in accordance with the college’s refund policy.

Section 2. General Requirements. (1)(a) Except as provided in paragraph (b) of this subsection, an in-state or out-of-state college that is operating or soliciting in Kentucky shall be licensed.

(b) If a college is operating or soliciting in Kentucky solely for on-ground instruction at a location outside of Kentucky in which students leave Kentucky to attend, licensure shall not be required.

(2) An out-of-state college shall be licensed separately for each instructional site in Kentucky. An out-of-state college that is operating or soliciting using on-line instruction to Kentucky residents shall be considered to have an online campus which shall be licensed separately as an instructional site.

(3) A college awarding a certificate, diploma, associate degree, baccalaureate degree, master’s degree, doctoral degree, or other degree, whether the degree is earned or honorary, shall be licensed. If a college’s program is also required to be licensed or approved by another state agency as well as the Council on Postsecondary Education, the president shall attempt to coordinate the licensing function with that agency.

(4) A college shall offer only those programs, courses, and degrees, including honorary degrees, specifically authorized in the license.

(5) If a college ceases offering a licensed program, course, or degree, the college shall notify the president in writing and request that the program, course, or degree be removed from the college’s license.

(6) Providing false or misleading information shall be grounds for denial of a license, or suspension or revocation of an existing license.

(7) A religious in-state college may operate or solicit in Kentucky if the college submits to the council an Application for Religious In-State College Letter of Exemption per KRS 164.947(2). The institution shall submit an application each year by the anniversary of its initial submission date. As part of the application, the institution shall verify compliance with the requirements established in this subsection.

(a) The institution shall be nonprofit, owned, maintained, and controlled by a church or religious organization which is exempt from property taxation under the laws of Kentucky.

(b) The name of the institution shall include a religious modifier or the name of a religious entity, such as saint, person, or symbol of the church.

(c) The institution shall offer only educational programs that prepare students for religious vocations as ministers or laypersons in the categories of ministry, counseling, theology, religious education, administration, religious music, religious fine arts, media communications, or social work.

(d) The titles of degrees issued by the institution shall be distinguished from secular degree titles by including a religious modifier that:

1. Immediately precedes, or is included within, any degree title, including an Associate of Arts, Associate of Science, Bachelor of Arts, Bachelor of Science, Master of Arts, Master of Science, Advanced Practice Doctor, Doctor of Philosophy, or Doctor of Education degree; and

2. Is placed on the title line of the degree, on the transcript, and whenever the title of the degree appears in official school documents or publications.

(e) The duration of all degree programs offered by the institution shall be consistent with Section 8(8)(b) of this administrative regulation.

(f) The institution shall comply with the truth in advertising requirements established in Section 8(11)(a) of this administrative regulation.

(g)1. The institution shall disclose to each prospective student:

a. A statement of the purpose of the institution, its educational programs, and curricula;

b. A description of its physical facilities;

c. Its status regarding licensure;

d. Its fee schedule and policies regarding retaining student fees if a student withdraws;

e. Its refund policy on tuition and other instructional charges; and

f. The institution shall make the disclosures required by subparagraph 1. of this paragraph in writing at least one (1) week prior to enrollment or collection of any tuition from the prospective student. The required disclosures may be made in the institution’s current catalog.

h. The institution shall not seek to be eligible for state or federal financial aid.

Section 3. Licensure Application Procedures. (1)(a) An application for a license shall be submitted on the form entitled:
Section 4. Site Visits. (1) Within ninety (90) working days of the receipt of a full and complete application for a license, a supplemental application, or Application for Annual Maintenance of License or for Renewal of License Pursuant to 13 KAR 1:020, the president may conduct, or may have conducted, a site visit. Personnel conducting the site visit shall possess the expertise appropriate to the type of college to be visited. The purpose of a site visit shall be to make an assessment of a college using the standards for licensure as set forth in Section 8 of this administrative regulation.

(2) The president may conduct, or may have conducted, an announced or unannounced site visit of a licensed college during reasonable business hours to inspect the files, facilities, and equipment as well as conduct interviews to determine the college’s compliance with this administrative regulation and KRS 164.945, 164.946, and 164.947.

(3) Failure to provide full access to the college’s files, facilities, and equipment or prevention of interviews shall be grounds for denial of a license, or suspension or revocation of an existing license.

(a) Cost of site visits:
   (a) Costs connected with a site visit and subsequent visits as may be necessary, such as travel, meals, lodging, and consultant honoraria, shall be paid by the college.
   (b) The estimated cost of the site visit shall be paid by the college prior to the site visit.
   (c) The final settlement regarding actual expenses incurred shall be paid by the college no later than thirty (30) days following the site visit.
   (d) Failure to pay these costs shall be grounds for denial of a license, or suspension or revocation of an existing license.

Section 5. Action on Licensure Application. (1) Within ninety (90) working days of the completion of the site visit, or within sixty (60) working days of the submission of a complete licensure application if a site visit is not conducted, the president shall do one (1) of the following:

(a) Issue a license for a period of no less than one (1) year, nor more than two (2) years;
(b) Deny the application for a license;
(c) Notify the applicant of deficiencies which shall be corrected before a license is issued; or
(d) Issue a conditional license in accordance with subsection (2) of this section if the college has:
1. Not met all of the standards for licensure at the time the application is filed; and

2. Provided a written business plan to the president demonstrating it will meet the standards for licensure within a period not to exceed two (2) years.

(2) A conditional license shall not exceed a period of two (2) years and shall include the conditions the[a] college shall meet in order for the[a] college to progress toward and eventually meet the standards for licensure, including when the college shall report progress to the president and when the college shall be required to have satisfied all the conditions.

(a) The[a] college’s failure to satisfy the conditions within the specified timeframe shall:
   1. Result in automatic revocation of the conditional license; or
   2. Result in an extension of the conditional license based on a determination by the president that the college is making progress in satisfying the conditions in response to the[a] college’s written request for an extension with supporting justification.

(b) If the[a] college satisfies all the conditions with the timeframe specified, the president shall issue a license in accordance with subsection (1)(a) of this section.

Section 6. Supplementary Application Procedures. (1)(a) A [[Supplementary Application for Change of Name of Institution Pursuant to 13 KAR 1:020]] shall be required at least ninety (90) days prior to the effective date of a change in the name of a college.

(b) A Supplementary Application for Change of Location of Principal Location of a College or Location of a Licensed Instructional Site in Kentucky Pursuant to 13 KAR 1:020 shall be required at least (90) days prior to the effective date of a change in the principal location of a college or the location of a licensed instructional site in Kentucky.

(c) A [[Supplementary Application for Change of Ownership or Governance Pursuant to 13 KAR 1:020]] shall be required at least ninety (90) days prior to the effective date of a change in ownership or governance of a college.

(d) An out-state college shall submit a [[Supplementary Application to Operate as an Out-of-State Institution in the Commonwealth of Kentucky Pursuant to 13 KAR 1:020]] at least ninety (90) days prior to implementation of a change to offer an additional certificate, diploma, or degree program, major, or other concentration or specialty at the main campus.

(e) A [[Supplementary Application to Operate as an In-State Nonpublic Institution in the Commonwealth of Kentucky Pursuant to 13 KAR 1:020]] shall be submitted by an in-state college at least ninety (90) days prior to the effective date of:
1. A change to offer an additional certificate, diploma, or degree program, major, or other concentration or specialty at the main campus; or
2. The establishment of an instructional site away from the main campus of an in-state college for the purpose of offering courses for college credit which comprise at least twenty-five (25) percent of the course requirements for a degree program.

(f) A college shall submit a [[Supplementary Application for Administrative Site, Recruitment Office, or Advising Center Pursuant to 13 KAR 1:020]] at least ninety (90) days prior to the establishment of an administrative site, recruitment office, or advising center in Kentucky, or the change of location of a licensed administrative site, recruitment office, or advising center in Kentucky, if the site, office, or center is not part of a licensed instructional site or proposed instructional site for which the college is seeking licensure.

(g) A college shall submit a [[Supplementary Application for Notification of Change in Accreditation or Licensure Status Pursuant to 13 KAR 1:020]] within thirty (30) days following action by an accrediting agency or another state licensing agency which results in:
1. A college being placed in a probationary status;
2. A college losing accreditation or licensure; or
3. A college being denied accreditation or licensure.

(2) A site visit may be conducted as part of the supplementary application process in accordance with Section 4 of this administrative regulation.

(3) Failure to submit a complete and accurate supplementary application, if required, shall be sufficient cause for denial of a
license, or suspension or revocation of an existing license. The president shall notify the college by registered mail, return receipt, of the denial, suspension, or revocation of the college’s license.

Section 7. Action on Supplementary Applications. Within thirty (30) working days of the submission of a complete supplementary application if a site visit is not conducted, or within ninety (90) working days of the completion of a site visit, the president shall do one (1) of the following:

1. Approve the supplementary application and amend the current license without changing the renewal date;
2. Deny the supplementary application without amendment to the college’s license;
3. Suspend or revoke the college’s license;
4. Notify the applicant of deficiencies which shall be corrected before the supplementary application is approved and the license is amended.

Section 8. Standards for Licensure. A college shall meet the requirements and standards established in this subsection in order to be licensed.

1. Financial requirements. The college shall adhere to generally accepted accounting practices and present evidence of financial stability, including the following:
   a. Financial statements including:
      i. A statement of financial position of unrestricted net assets and liabilities, including foundation and trust agreements;
   b. An audit report prepared by an independent certified public accountant for each corporation of the college; and
   c. If available, audit reports for the past three (3) years;
   d. The name of a bank or other financial institution used by the college as a reference;
   e. A statement from the Kentucky Higher Education Assistance Authority related to programs administered by that agency and from the U.S. Department of Education related to programs administered by that department that the college is in good standing; and
   f. An annual operating budget for the college.

2. Agents. A college shall be responsible for the actions of its agents when acting on behalf of the college.

3. Guarantee of refund of unearned tuition. A college shall guarantee the refund of any unearned tuition held by the college as established in this subsection.

   a. An in-state college shall:
      1. Secure and maintain a surety bond equal to or in excess of the largest amount of unearned tuition held by the college at any time during the most recently completed fiscal year, executed by a surety company qualified and authorized to do business in Kentucky, and made payable to the Council on Postsecondary Education;
      2. Maintain an unrestricted endowment equal to or in excess of the largest amount of unearned tuition held by the college at any time during the most recently completed fiscal year; or
      3. Provide a letter of credit equal to or in excess of the largest amount of unearned tuition held by the college at any time during the most recently completed fiscal year.

   b. An out-of-state college shall secure and maintain a surety bond equal to or in excess of the largest amount of unearned tuition held by the college at any time during the most recently completed fiscal year, executed by a surety company qualified and authorized to do business in Kentucky, and made payable to the Council on Postsecondary Education.

   c. A college applying for a license for the first time shall estimate the amount of unearned tuition based on projected enrollment and tuition and other instructional charges.

   d. A college shall provide a statement from an independent certified public accountant confirming that the college is in compliance with this subsection.

4. Notice required. If a surety bond is terminated, a college shall notify the president and the license shall automatically expire with the bond unless a replacement bond is provided without a lapse in bonding.

   a. An in-state college using an unrestricted endowment or letter of credit to satisfy the provisions of subsection (3) of this section shall notify the president if the unrestricted endowment or letter of credit falls below the required amount, and the college shall obtain a surety bond for the required amount.

5. Personnel requirements.

   a. The college shall furnish information regarding the administrative officers, the directors, the owners, and the faculty, as required by the appropriate application form.

   b. The chief administrator shall hold at least an earned baccalaureate degree from an accredited or licensed college and shall have sufficient experience to qualify for the position.

   c. Faculty members shall possess academic, scholarly, and teaching qualifications similar to those required for faculty in accredited colleges that offer degrees at comparable levels.

   d. There shall be a sufficient number of full-time faculty to ensure continuity and stability of the educational program.

   e. Teaching loads of faculty members shall be consistent with recognized educational practices, and shall be appropriate to the field, the variety of courses assigned, class size, and other related factors.

6. Facilities and equipment.

   a. An instructional program shall be conducted in a facility in accordance with the requirements specified on the appropriate application form.

   b. Enrollment shall not exceed the design characteristics of the facilities.

   1. A college shall have facilities and equipment that are:
      1. Maintained and operated in compliance with the safety and health requirements set forth in local, city, and county ordinances, and federal and state law; and
      2. Adequate and appropriate for instruction in classrooms and laboratories.

7. Library resources. The library shall be appropriate to support the programs offered by the college in accordance with this subsection.

   a. A college, through ownership or formal agreements, shall provide and support student and faculty access to adequate library collections, and to other learning and information resources where courses and programs are offered. Library resources shall be appropriate to the degree level offered by the college, and shall be sufficient to support all educational, research, and public service programs.

   b. A college that does not provide its own library facilities, but instead relies on another institution, shall demonstrate that it has permission to utilize the resources of the other institution, by providing a copy of the written agreement to the president at the time of license application, and prior to the offering of any courses.

   c. A college that is dependent on another college or library for library resources shall make the extent of the dependence and the details of the agreements clear both to the president and to students and faculty.

8. Library expenditures, expressed as a percentage of total educational and general budget, shall be consistent with the percentage of library expenditures commonly observed in accredited colleges of similar types.

   a. Library staff shall be qualified as required for accredited colleges of similar types.

   b. Sufficient seating and work space for a reasonable proportion of the faculty and students to be accommodated at one (1) time shall be provided as observed in accredited colleges of similar types.

   g. The physical environment of the library shall be conducive to reflective intellectual pursuits common to institutions of higher learning.

   h. Curriculum. Earned degrees awarded by a college shall be bona fide academic degrees and the courses offered in degree programs shall be of collegiate quality as determined by the president using the criteria established in this section.

   a.1. Except as provided in subparagraph 2. of this paragraph, a degree offered on a degree program shall be consistent with a course that is generally transferable for credit among accredited colleges where the program is at a corresponding degree level, or for credit toward the baccalaureate degree if a program is at the associate degree level.
2. A course may be offered that is not transferable based on the uniqueness of a program.

(b) A college shall require a minimum of:
1. Sixty (60) student credit hours for an associate degree;
2. 120 student credit hours for a baccalaureate degree; or
3. Thirty (30) student credit hours for a post-baccalaureate, graduate, or first professional degree.

(c) A minimum of twenty-five (25) percent of the student credit hours required for a degree shall be earned through instruction offered by:
1. The college awarding the degree; or
2. Either:
   a. A party to a joint, cooperative, or consortia agreement; and
   b. Either:
      (i) Licensed by the Council on Postsecondary Education; or
      (ii) A Kentucky state-supported postsecondary education institution created by KRS 164.001.

(d) A majority of the student credit hours required for a graduate degree may be met through a joint, cooperative, or consortia agreement in which the instruction is offered by a college that is:
1. A party to the agreement; and
2. Either:
   a. Licensed by the Council on Postsecondary Education; or
   b. A Kentucky state-supported postsecondary education institution created by KRS 164.001.

(c) A college shall have a systematic program of curriculum revision in order to maintain the general standards of accredited colleges with similar programs.

(f) A college shall have a program of evaluation that includes a periodic assessment of the changes in student achievement.

(9) General education.

(a) A minimum of fifteen (15) student credit hours for associate degree programs, and thirty (30) student credit hours for baccalaureate degree programs shall be earned in general education, including science, mathematics, social and behavioral sciences, and humanities. A college which offers an interdisciplinary general education program, a block-type program, or other unique general education program shall be considered to be in compliance with the general education requirement if the president determines that the program content and distribution are appropriately related to the degree and institutional purposes.

(b) A new college, or any existing college which initiates a new associate degree or baccalaureate degree program or major, or other concentration or specialty, after March 5, 2010, shall comply fully from the outset with the general education requirements.

(10) Program supervision and instructional support. Regardless of the type of program, method of instruction, or other characteristics, an instructional program for which degree credit is awarded shall include the following:

(a) Adequate supervision by the college; and
(b) Other instructional support necessary to maintain the program.

(11) Truth in advertising. A college shall meet the requirements established in this subsection regarding advertising.

(a) Advertisements, announcements, or promotional material of any kind which are distributed in Kentucky shall not contain any statements that are untrue, deceptive, or misleading with respect to the college, its personnel, its services, or the content, accreditation status, or transferability of its courses or degree programs.

(b) Advertisements, announcements, or other materials produced by or on behalf of the college shall not indicate that the college is "sponsored", "recommended", "endorsed", or "accredited" by the Commonwealth of Kentucky, by the Council on Postsecondary Education, or by any other state agency. A statement using the name of the Council on Postsecondary Education, if any, shall be in exactly the following form: "(Name of College) is licensed by the Kentucky Council on Postsecondary Education."

(12) Recruitment and enrollment procedures. A college shall furnish the following to each student prior to enrollment:

(a) The college's policies on grades, attendance, and conduct;
(b) A description of the instructional program;
(c) A detailed schedule of all charges, rentals, and deposits;
(d) The schedule of refunds of all charges, rentals, and deposits; and
(e) The student enrollment application, contract, or agreement.

(13) Student affairs.

(a) Students admitted to the college shall have completed a state-approved secondary school program or its equivalent.

(b) The college shall provide academic counseling by faculty or staff to each student at the time of admission and throughout the program.

(c) The college shall make assistance and counseling available to each student who completes a technical or vocational program for the purpose of assisting the student with an appropriate job placement or with transfer.

(d) The college shall maintain sufficient records for each student to provide an understanding of his background, to record his progress through the instructional program, and for reference purposes.

(e) Administrative officers of the college shall be knowledgeable of federal and state laws and administrative regulations concerning the disclosure of student information and shall comply with those laws and administrative regulations.

(f) A college shall make provision for the maintenance of student records in the event the college ceases operations in accordance with KRS 164.020(23).

(14) College policies.

(a) The college shall maintain records in an orderly manner and make them available for inspection by the president or his designated representative.

(b) A catalog shall be published and distributed at least every two years and shall include general information, administrative policies, and academic policies of the college as indicated below:

1. General information:
   a. Official name and address of the college, name of the chief administrative officers, members of the governing body, and names of principal owners;
   b. The college's calendar for the period covered by the catalog including beginning and ending dates of each term or semester, registration and examination dates, legal holidays, and other important dates;
   c. Names of faculty, including relevant education and experience; and
   d. Full disclosure of the philosophy and purpose of the college;

2. Administrative policies:
   a. Admissions policies and procedures, applicable to the various programs, including policies regarding granting of credit for previous education;
   b. Policies and procedures regarding student conduct and behavior and the process for dealing with cases which culminate in probation or dismissal;
   c. Schedules for all tuition and instructional charges, and refund schedules for the tuition and instructional charges;
   d. Statement of financial aid available to students; and
   e. Procedures for obtaining transcripts in a timely fashion and at reasonable cost; and

3. Academic policies:
   a. Policy on class attendance;
   b. Description of grading system;
   c. Description of the degree, diploma, certificate, or other programs, including the course requirements and the time normally required to complete each degree, diploma, certificate, or other program; and
   d. Full description of the nature and objectives of all degrees offered.

(c) Refund policy on tuition and other instructional charges. The refund policy shall meet the minimum requirements established in this paragraph.

1. If tuition and other instructional charges are collected in advance of enrollment and the student fails to enroll, the college shall retain not more than $100, or not more than ten (10) percent of the tuition and other instructional charges for a term or semester, whichever is less.

2. Except as provided in clause 2. of this subparagraph, tuition and other instructional charges shall be charged by the
enrollment period, and the student shall not be obligated for tuition or other instructional charges relating to an enrollment period that had not begun when the student withdrew.

b. The president may approve program tuition for a specific program at a college if a student may only enroll at the beginning of the program sequence and shall remain in phase. If program tuition is approved, the college shall refund tuition and other instructional charges in accordance with its published refund policy that considers both the coursework completed prior to withdrawal and the coursework that remains.

c. Refunds shall be made within thirty (30) days after notification of withdrawal has been received by the college.

d. If a college is accredited by an accrediting agency which has a specific refund policy which is more favorable to the student, that policy shall be followed.

5. An out-of-state college shall refund in accordance with this section unless its policy is more favorable to the student, in which case the latter shall be followed.

Section 9. Failure to Apply for a License. (1) If a college which is subject to this administrative regulation fails to apply for a license, the president shall notify the college by registered mail of the requirement to obtain a license.

(2) If a license application is not then received within sixty (60) days of notification by the president, the president shall require the chief administrative officer to appear for a hearing as provided in Section 14 of this administrative regulation.

(3) If the chief administrative officer does not appear for the hearing, the president shall refer the case to the appropriate county attorney for enforcement.

Section 10. Annual Maintenance of a College’s License and Renewal of a College’s License. (b) Institutional information.

1. Name and address of college;

2. Chief executive officer’s name, title, address, phone number, fax number, and email address;

3. Institutional liaison’s name, title, address, phone number, fax number, and email address;

4. A current list of the college’s agents;

5. Copies of articles of incorporation, charter, constitution, and by-laws if there have been any changes to the documents within the last year; and

6. Copy of any articulation agreement the college has with a Kentucky licensed college or state-supported institution entered into or changed within the last year;

(c) Accreditation status.

1. If the college is accredited by an accrediting agency, verification of the college’s accreditation status;

2. If the college is not accredited by an accrediting agency, a statement indicating if, when, and from whom the college will seek accreditation;

(d) Tuition for current enrollment period per credit hour, specifying semester hour, quarter hour, or other basis, and per full-time student;

(e) A copy of the college’s current catalog;

(f) For an in-state college, a list of all licensed instructional sites away from the main campus of the college for the purpose of offering courses for college credit which comprise at least twenty-five (25) percent of the course requirements for a degree program, including the name and title of the primary contact at the off-campus site, address, phone number, and program or programs by CIP code offered at the site, or course or courses if not offering an entire degree program at the site;

(g) Program information.

1. Changes, if any, in program requirements for each program within the last year including admission requirements, courses required, and the number of credit hours required for the program or major;

2. Results of the most recent program evaluation;

3. Methods used to assess student achievement;

4. Results of the most recent assessment of student achievement;

and

5. A list of programs withdrawn within the last year in which there are no longer students enrolled including program title, degree level, CIP code, and address where the program is no longer being offered;

(h) Faculty information. Vitae for each program faculty member employed within the last year;

(i) Facilities information. Verification of compliance with all applicable local, state, and federal safety and fire codes; and

(j) Library information regarding the library collection and budget, and lease, contract, or letter of agreement authorizing use of another library collection, if any.

(2)(a) A college whose license expires by July 1, 2010 shall complete and submit the "Application for Annual Maintenance of License or for Renewal of License Pursuant to 13 KAR 1:020[2]" for maintenance of its license by May 1, 2010. If that college’s license is subsequently renewed, the college shall complete the "Application for Annual Maintenance of License or for Renewal of License Pursuant to 13 KAR 1:020[2]" in accordance with paragraph (b) of this subsection for future renewals.

(b) A college whose license expires by July 1, 2010 shall complete the "Application for Annual Maintenance of License or for Renewal of License Pursuant to 13 KAR 1:020[2]" by April 1 of each even year (beginning April 1, 2012).

3. The president may conduct, or may have conducted, a site visit as part of the annual maintenance of a license or renewal of a license process in accordance with Section 4 of this administrative regulation.

4. Within ninety (90) working days of the submission of a complete and accurate "Application for Annual Maintenance of License or for Renewal of License Pursuant to 13 KAR 1:020[2]" if a site visit is not conducted, or within ninety (90) working days of the completion of a site visit, the president shall:

(a) Notify the college of any deficiencies which shall be corrected before the college’s license is maintained or renewed;

(b) Deny maintenance or renewal of the college’s license;

(c) Maintain the college’s license without changing the college’s license renewal date; or

(d) Renew the college’s license to June 30 of the next year.

5. A college’s failure to submit a complete and accurate "Application for Annual Maintenance of License or for Renewal of License Pursuant to 13 KAR 1:020[2]" shall be grounds for denial of a license, or suspension or revocation of an existing license, and the president shall notify the college by registered mail, return receipt, of the denial, suspension, or revocation of the college’s license.
Section 11. Required Data Submission. (1) A licensed college shall submit student attendance and performance data in an electronic format. The required data fields, the format and method of submission, and the date for submission shall be in accordance with the [Kentucky Licensure Manual].

(2) The president may conduct, or may have conducted, a site visit as part of the data submission process in accordance with Section 4 of this administrative regulation.

(3) A college’s failure to submit complete, timely, and accurate data shall be sufficient grounds for denial of a license, or suspension or revocation of an existing license, and the president shall notify the college by registered mail, return receipt, of the denial, suspension, or revocation of the college’s license.

Section 12. License Expiration. (1) A license shall automatically expire if the college ceases operating or soliciting.

(2) A college that ceases operating or soliciting shall comply with Section 8(13)(l)(b)(10) of this administrative regulation and KRS 164.020(23).

Section 13. Consumer Complaint Procedure. A person with a complaint or grievance involving misrepresentation against a college licensed under this administrative regulation shall make a reasonable effort to resolve the complaint or grievance directly with the college. If a mutually satisfactory solution cannot be reached, the procedures established in this section shall be followed.

(1) A person shall submit a written complaint to the president which contains evidence relevant to the complaint and documentation that a reasonable effort was made to resolve the complaint directly with the college.

(2) The president shall require an institution to file a written response setting forth the relevant facts concerning the consumer complaint, including a statement on the current status of the complaint, and any resolution of the complaint.

(3) The president shall review the facts as presented and may intervene to bring the matter to a satisfactory conclusion through facilitation, but the facilitation shall not include legal action on behalf of any party.

Section 14. Hearings and Appeals. (1) The president shall, for cause, require the chief administrative officer, or other officers, of a college to appear for a hearing consistent with the provisions of KRS 13B.005-13B.170, in order to determine the facts if the president has determined that there is sufficient cause for a suspension or revocation of a license or placement of a college’s license in a probationary status.

(2) The officer, or other officers, of the college may be accompanied at the hearing by counsel of their own choosing and at their expense.

(3) Within thirty (30) working days after a hearing is held, the president shall reach a determination and shall issue findings, in writing, to the council and to the chief executive officer of the college.

(4) If the findings warrant, the president shall impose the sanctions authorized in this section.

(5) If it is determined that the public interest requires that sanctions be imposed, the president shall take one (1) or more of the following steps:

(a) Impose one (1) of the following sanctions:
   1. Place the college’s license in a probationary status for a designated period not to exceed one (1) year while deficiencies are being corrected;
   2. Suspend the college’s license for a period not to exceed one (1) year; or
   3. Revoke the college’s license;

(b) Refer the case to other officials for appropriate legal action.

(6) A college which is sanctioned, whether the sanction is probationary, suspension of license, or revocation of license, shall comply with the terms of the sanction.

(7) A college may appeal the actions of the president regarding the denial of issuance of a license or license renewal or the imposition of sanctions according to the procedures established in this subsection.

(a) A college shall notify the president of the intent to appeal an action within fourteen (14) days of the receipt of the letter notifying the college of the action taken.

(b) The president shall request that the Office of Administrative Hearings appoint a hearing officer who shall conduct an administrative hearing consistent with the provisions of KRS 13B.005-13B.170.

(c) The appeal shall be presented in writing no later than sixty (60) days following the receipt of notification of intent to appeal.

(d) The appeals officer shall review findings of fact, consider testimony, draw conclusions, and formulate a recommendation consistent with the facts and this administrative regulation.

(e) Within fourteen (14) days, the report of the appeals officer shall be forwarded to the college and to the president of the Council on Postsecondary Education.

(f) Within thirty (30) working days of receiving the report of the appeals officer, the president shall take one (1) of the following actions:
   1. Issue a license;
   2. Renew the license;
   3. Impose one (1) of the sanctions authorized in this section;
   4. Refer the case to other officials for appropriate action.

Section 15. License Fees. (1) The president shall assess a fee in accordance with the [Kentucky Licensure Fee Schedule] that is incorporated by reference in Section 16 of this administrative regulation.

(2) Failure to pay a fee shall be sufficient grounds for denial of a license, or suspension or revocation of an existing license.

Section 16. Incorporation by Reference. (1) The following material is incorporated by reference:

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact person: Sarah Levy

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation sets the standards and rules related to the licensing of private postsecondary education institutions, and proprietary postsecondary education institutions that are not licensed by the Commission on Proprietary Education.
(b) The necessity of this administrative regulation: KRS 164.945 through 164.947 requires the Council on Postsecondary Education to license these institutions as a protection for Kentucky citizens and to protect bona fide institutions from those who engage in fraudulent practices, unfair competition, or substandard educational programs.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 164.947 requires that the Council on Postsecondary Education, by regulation, shall adopt standards and procedures for the licensing of colleges.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: The administrative regulation sets out the standards institutions must meet in order to be licensed to operate in Kentucky. It also defines the process for new license applications, for amendments to licenses, and for license renewals.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: The process for a religious in-state college to operate or solicit in Kentucky outside the standard licensure process is outlined.
(b) The necessity of the amendment to this administrative regulation: In keeping with KRS 164.947(2), the amendment allows religious in-state colleges to provide, without restriction, religious instruction or training solely for the purpose of preparing students for occupations in the ministry while still meeting the Council’s standards for consumer protection.
(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms with the requirements of KRS 164.947(2) by ensuring that the Council does not restrict religious instruction or training through its licensure process.
(d) How the amendment will assist in the effective administration of the statutes: The amendment provides a process by which a religious in-state college can request an exemption from standard licensure so that solely religious instruction or training shall not be restricted.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: Religious in-state colleges will be impacted as they used to have to complete an application for licensure with the Council, and under the amendment will now complete an application for exemption.

(4) Provide an assessment of how the above group or groups will be impacted by either the implementation of this administrative regulation, if new, or by the change if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: A religious in-state college will complete the “Application for Religious In-State College Letter of Exemption per KRS 164.947(2)” and submit to the Council for the institution to receive the religious exemption set forth in Section 2(7) of the administrative regulation.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There will be no fee for this. Institutions will just have the cost of staff to complete the application form each year.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:
(a) Initially: We estimate that there will be no additional cost in implementing the proposed changes to the regulation.
(b) On a continuing basis: We estimate that there will be no additional costs on a continuing basis to implement the proposed changes to the regulation. However, fewer licensing fee revenues may be collected if currently licensed institutions meet the requirements to be considered a religious in-state college.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: License fees.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No. Implementation of this amendment does not require an increase in fees or funding.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: No. The proposed amendment to the regulation does not establish any fees or directly or indirectly increase fees.

(9) TIERING: Is tiering applied? Tiering is applied. If able to verify the requirements set forth in Section 2(7), religious in-state colleges shall be exempt from the standard college licensing requirements of this regulation.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? CPE is responsible for implementation, but this regulation only applies to private colleges and universities.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 164.947 and 164.020(37)

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. This change will have minimal impact.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? We estimate revenue generation of $272,400 per year for CPE.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? See 4(a).

(c) How much will it cost to administer this program for the first year? Approximately $274,000.

Kentucky Teachers’ Retirement System
(Announcement)

102 KAR 1:225. General compliance with federal tax laws.

STATUTORY AUTHORITY: KRS 161.310(1), 161.716

NECESSITY, FUNCTION AND CONFORMITY: KRS 161.310(1) requires the board of trustees to promulgate administrative regulations for the administration of the funds of the retirement system and for the transaction of business. KRS 161.716 requires the board of trustees to promulgate administrative regulations that are necessary to remove any conflicts with federal law and to protect the interests of the members and survivors of the members of the retirement system. Kentucky Teachers’ Retirement System shall administer the Retirement System as a qualified defined benefit plan pursuant to 26 U.S.C. 401(a) and 26 U.S.C. 414(d) of the Internal Revenue Code. 26 U.S.C., 26 C.F.R., and such other Internal Revenue Code Sections as applicable. This administrative regulation establishes Kentucky Teachers’ Retirement System’s compliance with 26 U.S.C. 401(a) and 503(b) in order for the Kentucky Teachers’ Retirement System to maintain its tax qualified status as a public defined benefit plan. This administrative regulation also includes provisions intended to comply with the Heroes Earnings Assistance and Relief Tax Act of 2008, “HEART Act”. This administrative regulation adds provisions that have been required as part of the determination letter process regarding vested benefits.

Section 1. Compliance with 26 U.S.C. 401(a)(7) and (8) for Vesting and Forfeitures. (1) A plan member shall be 100 percent vested in the member’s accumulated contributions at all times.
(2)(a) In conformity with 26 U.S.C. 401(a)(8), a forfeiture of benefits by a member or former member of the plan shall not be used to pay benefit increases.
(b) Forfeitures shall be used to reduce employer contributions.
(3) Upon termination or partial termination of the Kentucky Teachers’ Retirement System, or the complete discontinuance of contributions, a member shall have a nonforfeitable interest in his accrued benefit to the extent funded.
(4) In order to comply with Internal Revenue Service interpretations, subject to the provisions of KRS 161.470, a member shall have a nonforfeitable interest in his accrued benefit at attainment of age sixty (60) with[and] the completion of five (5) years of service.
(5) Subject to the provisions of KRS 161.470, a member who completes at least five (5) years of service and terminates employment shall be vested in his accrued benefit and shall be entitled to that benefit upon the attainment of normal retirement age, which is age sixty (60), unless the member withdraws his accumulated contributions.

Section 2. Compliance with 26 U.S.C. 414(p) for Qualified Domestic Relations Orders. If benefits are payable pursuant to a qualified domestic relations order that meets the requirements of a domestic relations order as defined in 26 U.S.C. 414(p), then the applicable requirements of 26 U.S.C. 414(p) shall be followed by the retirement system.

(2) Effective with respect to deaths occurring on or after January 1, 2007, while a member is performing qualifying military service, as defined in 38 U.S.C. Chapter 43 to the extent required by section 26 U.S.C. 401(a)(37) of the Internal Revenue Code, survivors of a member of the Kentucky Teachers’ Retirement System, shall be entitled to any additional benefits that the system would provide if the member had resumed employment and then died, such as accelerated vesting or survivor benefits that are contingent on the member’s death while employed.
(3) Beginning January 1, 2009, to the extent permitted by sections 3401(h) and 414(u)(2) of the Internal Revenue Code, an individual receiving differential wage payments (while the individual is performing qualified military service, as defined in 38 U.S.C. Chapter 43) from an employer shall be treated as employed by that employer for the differential wage payment if the pay is treated as annual compensation. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.

Section 5. Compliance with 26 U.S.C. 401(a)(25) for Actuarial Assumptions. (1) Kentucky Teachers’ Retirement System shall comply with 26 U.S.C. 401(a)(25) to determine the amount of any benefit that is determined on the basis of actuarial assumptions using assumptions adopted by the board by resolution for specific benefit calculation purposes.
(2) These benefits shall not be subject to employer discretion.

(1) Provide a brief summary of:
(a) What this administrative regulation does: This regulation incorporates by reference the policies and procedures governing the Kentucky Department of Corrections including the rights and responsibilities of employees and the inmate population.
(b) The necessity of this administrative regulation: To conform to the requirements of KRS 196.035 and 197.020 and to meet ACA requirements.
(c) How this administrative regulation conforms to the content of the authorizing statutes: The regulation governs the operations of the Kentucky Department of Corrections.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: The amendment brings the Kentucky Department of Corrections into compliance with ACA Standards and updates current practices for the department and its institutions.
(b) The necessity of the amendment to this administrative regulation: To conform to the requirements of KRS 196.035 and 197.020.
(c) How the amendment conforms to the content of the authorizing statutes: It permits the Secretary of the Cabinet or his delegate and the Commissioner to implement or amend practices or procedures to ensure the safe and efficient operation of the Kentucky Department of Corrections.
(d) How the amendment will assist in the effective administration of the statutes: The amendment provides staff and inmates information concerning the effective and orderly management of the state correctional institutions.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This affects the Kentucky Department of Corrections, 3,939 employees, 21,388 inmates, visitors, volunteers, and others who enter state correctional institutions.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Staff and inmates will have to follow the changes made in the policies and procedures. The institutional employees and inmates of the Department of Corrections will have to change their actions to comply with any operational changes made by this regulation. Others who enter correctional institutions will have to comply with policies and procedures concerning entry, search, contraband and others when they enter an institution.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): An exact cost of compliance is unknown, but it is not anticipated that the amendment to this administrative regulation will increase current costs.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The operational changes will assist in the effective and orderly management of the state correctional institutions.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:
(a) Initially: No increase in fees or funding is anticipated.
(b) On a continuing basis: No increase in fees or funding is anticipated.

(6) What is the source of funding to be used for the implementation and enforcement of this administrative regulation: Kentucky Department of Corrections budgeted funds for the 2012-2013 fiscal year.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change, if it is an amendment: No increase in fees or funding is anticipated.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: The regulation establishes fees for inmates, e.g. health services copays. The amendments to the regulation do not establish additional fees or increase any existing fees.

(9) TIERING: Is tiering applied? No. Tiering was not appropriate in this administrative regulation because the administrative regulation applies equally to all those individuals or entities regulated by it.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The amendments to this regulation impact the operation of Kentucky Department of Corrections and each state correctional institution.

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation: KRS 196.035, 197.020.

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.
(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? The amendments to this regulation do not create any revenue for the Kentucky Department of Corrections or other government entity.
(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? The amendments to this regulation do not create any revenue for the Kentucky Department of Corrections or other government entity.
(c) How much will it cost to administer this program for the first year? No new programs are created. The amendments to this regulation impact how the Kentucky Department of Corrections and state correctional institutions operate, but do not increase costs from what was previously budgeted to the Department of Corrections.
(d) How much will it cost to administer this program for subsequent years? The amendments to this regulation impact how the Kentucky Department of Corrections and state correctional institutions operate, but are not expected to increase costs from what will be budgeted to the Department of Corrections.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

Section 6. Evaluations. (1) The Transportation Cabinet shall perform a random or routine performance audit of an approved school or its instructor.

(2) A school shall be notified in writing of a deficiency discovered in an audit. The deficiency shall be corrected prior to its next scheduled class or the school's approval shall be withdrawn by the Transportation Cabinet.

(3) The license of a driver training school or instructor shall be suspended or revoked as established in KRS 332.210. The Kentucky State Police shall be provided a copy of each performance evaluation of a school licensed pursuant to KRS Chapter 332.

(4) A representative from the Transportation Cabinet shall be allowed free of any charge to monitor without cost a class taught by the driver training school or school pursuant to the provisions of this administrative regulation.

THOMAS O. ZAWACKI, Commissioner
zations, or state and local governments affected by this administrative regulation: This administrative regulation affects new drivers, driver training schools, and the Division of Driver Licensing at the cabinet.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: This amendment will not require any new or different actions for any of the entities in (4). Rather, the amendments will offer an alternative to the current classroom driver education training. This amended regulation should update and clarify the program for all those involved.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): A new driver may take the usual training class by attending in person, or they may take an online course by paying a reasonable fee to a vendor for the convenience of using their system and program. A vendor to offer this service will be selected pursuant to KRS 45A.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The parties will benefit by having the most current requirements and procedures for driver training schools and instructors. New drivers will benefit by having an alternative online course.

(5) Provide an estimate of how much it will cost the administrative body to implement the administrative regulation: There are no costs associated with implementing these amendments.

(a) Initially:

(b) On a continuing basis:

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: There are no costs associated with implementation of this regulation.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: The alternative online program will be offered by a vendor who will charge a convenience fee for the use of their program.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does not establish a fee. It allows a vendor to charge a reasonable fee for the use of its program services.

(9) TIERING: Is tiering applied? No. All students who apply for the program will be offered the same training and the choice between classroom and online training.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Cabinet's Division of Driver Licensing.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 186.400 and 186.574.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. Expenditures and revenues will not be affected.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? These amendments will not generate revenue.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? These amendments will not generate revenue.

602 KAR 50:030. Jurisdiction of the Kentucky Airport Zoning Commission.

RELATES TO: KRS 183.861, 183.865, 183.867, 183.868, 183.870

STATUTORY AUTHORITY: KRS 183.861

NECESSITY, FUNCTION, AND CONFORMITY: KRS 183.861 authorizes the Airport Zoning Commission to regulate the use of land within and around designated airports in the Commonwealth. KRS 183.867 specifies that the commission has jurisdiction over zoning for all public use and military airports. This administrative regulation establishes defines the areas over which the Kentucky Airport Zoning Commission shall have zoning jurisdiction and establishes if a permit shall be required from a property owner when the owner who has control over a structure which encroaches on the jurisdiction of the Kentucky Airport Zoning Commission shall apply for a permit.

Section 1. Zoning Jurisdiction. The commission shall have jurisdiction over the airspace that is above ground level and around public use and military airports designated in KRS 183.861 that lies above the imaginary surface extending outward and upward from the point of the nearest runway that is 3,200 feet or more in length; or

2. Fifty (50) to one (1) for a horizontal distance of 10,000 feet from the nearest point of the nearest runway that is less than 3,200 feet in actual length.

Section 2. Airspace. The commission shall have jurisdiction over the airspace of the Commonwealth that exceeds 200 feet in height above ground level.

The commission shall have jurisdiction over the airspace of the Commonwealth that extends above ground level.

Section 5. The owner or person with control over a structure that penetrates or may penetrate the airspace over which the commission has jurisdiction shall apply for a permit from the commission in accordance with 602 KAR 50:030.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Ann DAngelo

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation establishes the airport zoning jurisdiction of the Kentucky Airport Zoning Commission (KAZC) for designated airports as defined by KRS 183.861.
(b) The necessity of this administrative regulation: This regulation is necessary to define the areas over which the KAZC has zoning jurisdiction and inform the public and adjacent landowners to an airport if they need to file a permit application with the commission.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 183.861 establishes KAZC and gives it authority to issue rules and regulations pertaining to land use around and on airports as defined in KRS 183.861. This administrative regulation designates the areas over which KAZC has jurisdiction.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will clarify and update the zoning jurisdiction of KAZC around airports as defined by KRS 183.861.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: This administrative regulation will be updated to include a previous statutory revision which expanded the types of airports under KAZC jurisdiction.
(b) The necessity of the amendment to this administrative regulation: The amendment is necessary to update the jurisdiction of the KAZC.
(c) How the amendment conforms to the content of the authorizing statutes: The amendment will update the administrative regulation to include the current language of KRS 183.861.
(d) How the amendment will assist in the effective administration of the statutes: The amendment clarifies and updates the jurisdiction of the KAZC pursuant to KRS 183.861 so the public will have the most current requirements.
(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: All airports and members of the public that have control over a structure under the jurisdiction of KAZC.
(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including: No change or impact is anticipated.
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: No additional action will be required.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There are no fees involved with this administrative regulation.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): KRS 183.861 airports and members of the public will have the most current requirements in the administrative regulation.
(5) Provide an estimate of how much it will cost the administrative body to implement the administrative regulation: There are no known costs associated with implementing this new administrative regulation.
(a) Initially:
(b) On a continuing basis:
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: No funding is required.
(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: There is no need for the cabinet to increase fees or funding.
(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: No fees are established by this regulation either directly or indirectly.
(9) TIERING: Is tiering applied? No. Tiering is not applied because the basis for filing for a permit application depends on proximity to the airport.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? This administrative regulation impacts the Kentucky Airport Zoning Commission (KAZC), the airports designated in KRS 183.861, and property owners around the airports.
(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 183.861.
(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is in effect. There will not be any effect on the expenditures of a state or local agency.
(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? This administrative regulation will not generate additional revenue.
(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? This administrative regulation will not generate additional revenue.
(c) How much will it cost to administer this program for the first year? No administrative costs are required or expected.

RELATES TO: KRS 183.867

STATUTORY AUTHORITY: KRS 183.861, 183.867(2)(b)(4)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 183.867 requires that designated airports file a map with the commission depicting the airport and the surrounding areas (grants authority to the commission regarding zoning for public use and military airports). This administrative regulation establishes the [provides]
procedures for the adoption and revision of airport zoning maps for the existing and future expansion of public-use and military airports under the jurisdiction of the commission.

Section 1. Filing a Map. (1) Every owner of an existing or planned public-use and military airport as established in KRS 183.867(1)(1) in the state shall file with the administrator of the Kentucky Airport Zoning Commission;

(a) A map showing the airport and the area surrounding the airport used for approach and landing purposes; or [the owner shall file];

(b) An airport master plan.

(2) If an airport owner of a public-use and military airport fails to file a map as provided under Section 1 of this administrative regulation, the administrator shall prepare a cause map appropriate to show the airport and the area surrounding the airport used for approach and landing purposes.

(3) The administrator shall designate the area of jurisdiction of the commission as set forth in KRS 183.867(3) and the public-use and military airport [imaginary] surfaces as set forth in Section 2 of 602 KAR 50:010 for each publicly-owned airport on the map or airport master plan prepared under Sections 1 and 2 of this administrative regulation.

Section 2. Submission of a Map. (Section 4). (1) The airport zoning map prepared pursuant to Section 3 of this administrative regulation shall be submitted to the commission for its adoption by the commission.

(2) If the airport zoning map is adopted by order of the commission, the date of its adoption shall be noted on the airport zoning map, and the original shall be kept in the office of the administrator as established in KRS 183.867(3) and the administrative regulations of the commission.

(3) The airport owner for which an airport zoning map has been adopted by the commission shall inform the administrator of any changes in the existing or proposed boundaries, runways, or taxiways either by:

1. Filing a revised airport zoning map; or
2. Furnishing the administrator with information sufficient to prepare a revised map.

(4) The revised map shall supercede a previous map upon the order of its adoption by the commission. This administrative regulation constitutes the airport zoning map for the public-use and military airport upon its adoption by order of the commission and shall supercede any airport zoning map previously adopted by the commission.

Section 3. The administrator shall notify all local zoning bodies whose jurisdiction is limited by the zoning jurisdiction of the commission by sending to the local zoning bodies a copy of the airport zoning map adopted by order of the commission.

Section 4.[The local zoning bodies may retain jurisdiction of zoning in these areas as to all other matters; however, The local zoning bodies shall not adopt an ordinance or policy that conflicts with the jurisdiction of the commission in an area pertaining to the safe and proper use of the airport.]

Section 5. All airport zoning maps adopted by the commission shall remain in full force and effect until revised by the commission pursuant to the administrative regulations of the commission.

(2) After review of the request, the board of directors shall require the applicant to obtain an evaluation from an assistive technology professional, medical professional or other professional if more information is needed for the board to make a decision.
(3) An application shall include a quote for the total price of the equipment or service for which the loan is being requested. The board shall require the applicant to obtain additional price quotes if it considers the submitted quote to be unusually high, unless the applicant can demonstrate that the equipment is available from a single source.
(4) The applicant shall be referred to a qualified lender that has previously entered into an agreement with the board that specifies the terms and conditions under which the qualified lender may make a loan [If the board preapproves a loan, the applicant shall be referred to a qualified lender that has previously entered into an agreement with the board that specifies the terms and conditions under which the qualified lender may make a loan.] The qualified lender shall conduct a credit check of the applicant.
(5) The qualified lender may reject the loan application. The board may override the denial based upon the following criteria:
(a) Medical debt;
(b) Payment of current obligations;
(c) Financial support from family;
(d) Existence of co signer;
(e) Down payment; and
(f) No credit history or limited credit history.
(6) KATLC shall notify the applicant of its decision in writing, or in an appropriate alternative format as requested, within fifteen (15) days after the decision is made. [If an application is denied, the reasons for the denial shall be specified based on eligibility requirements and loan requirements].
(7) If desired, an applicant who is aggrieved by a decision of the board shall petition the board for reconsideration, in writing or in appropriate alternative format, and may provide additional documentation related to credit history, income, or assistive technology that addresses the stated reasons for denial.
(b) The board shall:
1. Consider the new information;
2. Provide the applicant with an opportunity to be heard; and
3. Inform the applicant of its decision at the meeting or in writing or in appropriate alternative format within seven (7) days if the applicant is not present at the meeting. The decision of the board shall be final.

Section 7. General Loan Requirements. (1) The minimum amount of a loan shall be $500 and the maximum amount of a loan shall be $25,000, except that the maximum amount for home modifications shall be $15,000.
(2) The period of a loan shall be from a minimum of one year to a maximum of ten years or the estimated life of a device, whichever is less. The loan period shall be congruent with the agreement between the board and the qualified lender pursuant to Section 10 of this administrative regulation.
(3) The assistive technology can only be titled in the name of the qualified borrower with the board or its agent as lien holder. [If the board is supplying secondary funding, the board or its agent shall become the holder of a secondary encumbrance.]
(4) The board or the qualified lender may require a qualified borrower to insure the equipment for the remaining value of the loan.
(5) The qualified borrower shall be responsible for the repair or maintenance of the equipment. An additional loan may be considered to finance a repair or maintenance.
(6) An individual may obtain more than one (1) loan if the total amount of all loans do not exceed $25,000.
(7) The qualified lender may require a down payment.

Section 8: Priority Consideration. An application shall be considered in the order in which it was received according to the following order of preference:
(1) An individual with a disability or parent or legal guardian of a person with a disability who has no current loans through the board;
(2) An individual with a disability or parent or legal guardian of a person with a disability who has one (1) or more existing loans through the board; and
(3) A nonprofit organization.

Section 9. Confidentiality. The application and all submitted information shall be held confidential.
(1) KATLC shall use an identification number for each application. Unless otherwise required, the name, Social Security number, address, telephone number, and electronic mail address of the applicant shall not be revealed.
(2) The board shall meet in closed session if discussing an appeal of an individual application and shall refer to an application in open session by its identification number.
(3) The secretary of the cabinet or a designee shall maintain access to all records relating to an application or loan.

Section 10. Agreement with a Qualified Lender. (1) In contracting with one (1) or more qualified lenders, the board shall give primary consideration to:
(a) The lender’s ability to provide loans statewide;
(b) The most favorable interest rate available for technology loans;
(c) The most favorable interest rate to be paid on corporation deposits; and
(d) The funds to be made available for technology loans over and above the amount of corporation funds on deposit.
(2) A qualified lender shall:
(a) Execute a written agreement with the board that establish-
es the requirements and conditions for issuing a loan,[including the required debt-to-income ratio and] the length of the loan, and procedures for collecting on delinquent or defaulted loans; and

(b) Agree to abide by all administrative regulations pertinent to the corporation in relation to loans.

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes guidelines for administration and regulation of Kentucky's Assistive Technology Loan Corporation.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to implement provisions of KRS 151B.450-475.

(c) How this administrative regulation conforms to the content of the authorizing statute: This administrative regulation provides information necessary for specific guidance and operation of the state's assistive technology program.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of: How the amendment will change this existing administrative regulation: The proposed amendments are made to adapt the regulations to provide better guidance to individuals who are interested in obtaining a loan for assistive technology.

(b) The necessity of the amendment to this administrative regulation: The changes made to the regulation were needed to more clearly define what is expected of individuals that apply for and obtain a loan from the assistive technology program.

(c) How the amendment conforms to the content of the authorizing statute: This amendment conforms to the authorizing statute by specifying guidance for the requirements of obtaining a loan for the purchase of assistive technology.

(d) How the amendment will assist in the effective administration of the statutes: This amendment more clearly defines to applicants and recipients what benefits they can obtain and the expectations of repaying the loan.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: Disabled individuals that seek to obtain a loan for the purchase of assistive technology.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: The applicants and recipients will not have to take any action to comply with the amendment.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Nothing.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): None.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: No additional costs are expected.

(b) On a continuing basis: The proposed amendment does not result in additional costs.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: State funds.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: There is no need for an increase in fees or funding.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish fees.

(9) TIERING: Is tiering applied? Tiering was not appropriate in this administrative regulation because the administrative regulation applies equally to all disabled applicants and recipients.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Kentucky Assistive Technology Loan Corporation.

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 151B.450-475.

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? It will not generate new revenue.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? Similar to question (a) none.

(c) How much will it cost to administer this program for the first year? There shall be no cost associated with administering this amendment.

(d) How much will it cost to administer this program for subsequent years? See (c) immediately above.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

Revenues (+/-):

Expenditures (+/-):

Other Explanation: It will not generate new revenue, but it will avoid loans from being uncollectable. Last year there were $18,700 in defaults that could not be collected. If this regulation is amended, the amounts can be collected. Home modifications are proposed to be limited to $15,000, which would have saved $6,700 last year. Therefore, the agency may have saved $25,000 had this amended administrative regulation been in place.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact person: Dawn M. Bells
(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation establishes the requirements for approval of HVAC continuing education courses and continuing education providers.
(b) The necessity of this administrative regulation: KRS 198B.684 authorizes the Board of HVAC Contractors to adopt continuing education requirements for HVAC licensees.
(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation establishes the requirements for approval as an HVAC continuing education course provider and the requirements for approval of HVAC continuing education courses.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: The administrative regulation sets forth the requirements for continuing education providers and continuing education classes to gain approval as authorized by KRS 198B.654 and 198B.684.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: This amendment will give continuing education providers flexibility to better serve license holders by providing education on timely issues/changes regarding HVAC installations, inspections and permitting within the Commonwealth.
(b) The necessity of the amendment to this administrative regulation: Updating requirements for continuing education providers will better serve the constituents of the Commonwealth and ensure the continuing education on the most timely of technological, regulatory and statutory information relating to heating, ventilation and air conditioning.
(c) How the amendment conforms to the content of the authorizing statutes: KRS 198B.654(1) requires the Kentucky Board of Heating, Ventilation, and Air Conditioning Contractors to promulgate administrative regulations necessary to enforce the provisions of KRS 198B.650 to 198B.688. KRS 198B.684 authorizes the board to promulgate an administrative regulation to establish requirements for approval of continuing education courses and providers. The Board of HVAC Contractors reviewed and recommended these amendments at the regularly scheduled quarterly meeting in February of 2012.
(d) How the amendment will assist in the effective administration of these statutes: With the recommended amendments, continuing education classes can be offered which educate on the most up to date HVAC issues facing licensees in the Commonwealth.
(e) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The Department of Housing, Buildings and Construction, Division of HVAC, HVAC continuing education providers, HVAC licensees.
(3) Provide an analysis of how the entities identified in question (2) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation: HVAC continuing education providers shall submit an application for approval as a provider and for each course to be administered by the provider. Additionally, the advanced notice for amending class schedules for HVAC continuing education courses is lessened thereby affording increased flexibility for providers to offer courses.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): The amendment results in no additional or new costs to HVAC continuing education course providers.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Benefits include increased flexibility in scheduling HVAC continuing education courses which will be accepted towards annual continuing education requirements necessary for license renewal.
(4) Provide an estimate of how much it will cost to implement this administrative regulation:
(a) Initially: There are no additional or new costs associated with the implementation of this amended administrative regulation.
(b) On a continuing basis: There are no additional or new costs associated with implementation of this amended administrative regulation.
(c) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: Existing HVAC funds will be utilized for the administration of approving HVAC continuing education providers and HVAC continuing education courses.
(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: Implementation of this amended administrative regulation will not necessitate an increase in fees or funding.
(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This amended administrative regulation does not establish new fees nor
will it directly or indirectly increase existing fees.

(9) TIERING: Is tiering applied? Tiering is not applied to this administrative regulation. All HVAC continuing education course providers and HVAC continuing education courses will be treated equally.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department of Housing, Buildings and Construction, Division of HVAC will be impacted by this administrative regulation. This administrative regulation is authorized by KRS 198B.654 and 198B.684.

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. This administrative regulation is authorized by KRS 198B.060, 198B.062, 198B.070, 198B.120, 198B.130, 227.320, 227.330, 227.990

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. This administrative regulation establishes no new fees or creates new expenditures.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? The regulatory amendment will result in no new revenue or expenditures.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? N/A

(c) How much will it cost to administer this program for the first year? N/A

(Amendment)

RELATES TO: KRS 227.300(1), (2)
NECESSITY, FUNCTION, AND CONFORMITY: KRS 227.300(1) authorizes [requires] the commissioner [executive director] to promulgate an administrative regulation establishing the Kentucky Standards of Safety, which shall provide a reasonable degree of safety for human life against the exigencies of fire and panic and insuring against fire loss. [EO 2008-507, effective June 16, 2008, reorganized the Office of Housing, Buildings and Construction, and established the commissioner, rather than executive director, as the head of the department.] This administrative regulation establishes the Kentucky Standards of Safety to supplement and supplement[s] the Kentucky Building Code, promulgated as 815 KAR 7:120, in matters of fire safety.

Section 1. Definitions. (1) "Accepted" means that all deficiencies communicated, in writing, to the owner have been satisfactorily corrected to the satisfaction of the inspecting authority.

(2) "Distinct fire hazard" means a condition that poses a threat to life or property, including a condition likely to [unreasonably] inhibit escape from danger of fire or explosion. A building shall be deemed a distinct fire hazard if the authority having jurisdiction determines [explosion because the property, or the practice or method of construction or operation, condition, or processes or materials being used do not afford adequate protection, since]:

(a) A fire, explosion, or asphyxiation is likely to exist;
(b) Conditions [4] may provide a ready fuel supply to augment the spread or intensity of a fire or explosion;
(c) A building is vacant, unguarded and open to unauthorized entry;
(d) An accumulation of combustible dust, debris, or materials is present;
(e) Required exits or fire protection are in non-working condition or not present;
(f) Objects are placed or installed so as to interfere with exits or entry;

(g) Combustible materials or items are in dangerous proximity to an ignition source such as a stove, fireplace, or heater;
(h) Electrical or mechanical systems, or installations create a hazardous condition;
(i) Operations, conditions, processes, use, or materials being used fail to afford adequate safety to the public;

2. Have primary jurisdiction over all property, unless a local government has established a fire inspection program by ordinance adopting this administrative regulation pursuant to KRS 227.320.

2. Have exclusive jurisdiction over state- or local-owned property and primary jurisdiction for code compliance for health care facilities and other facilities licensed by the Kentucky Cabinet for Health and Family Services.

(b) Local fire chief. Jurisdictions wherein a local fire chief is [4] Except as provided in subparagraph 2 of this paragraph, the local official designated by ordinance to operate a fire inspection program pursuant to KRS 227.320 shall have primary jurisdiction for the enforcement of all property within the local governmental boundary except as provided in subparagraph (a)(2) of this subsection [4]. The State Fire Marshal shall have exclusive jurisdiction over state-owned property and primary jurisdiction for code compliance for health care facilities and other facilities licensed by the Kentucky Cabinet for Health and Family Services.

Section 3. Existing Buildings and Conditions. (1) Buildings and...
conditions approved in accordance with the Kentucky Building Code, which is incorporated by reference in 815 KAR 7:120, shall apply as provided in this subsection:

(a) [Minimum or maximum standards.

1. The standards for the construction of a building constructed pursuant to 815 KAR 7:120, Kentucky Building Code, in effect at the time of construction, and for which there has been issued a lawful certificate of occupancy, shall supersede different construction standards regarding the requirements for egress facilities, fire protection, and built-in fire protection equipment established in this administrative regulation or conflicting local ordinances.

2. Methods of construction that meet the requirements of the Kentucky Building Code shall not be deemed a distinct fire hazard.

(b) New construction.

1. The design and construction of a new building to provide egress facilities, fire protection, and built-in fire protection equipment shall be controlled by the Kentucky Building Code.

2. An alteration, addition, or change to the structure that is within the scope of the building code shall be made in accordance with the applicable code.

3. Change of use. It shall be unlawful to make a change in the use of a building or portion thereof without project plan review and approval in accordance with 815 KAR 7:120, Kentucky Building Code, except as specified in Chapter 34 therein.

(a) A permit from a local government shall not be required if the building is used and maintained as accepted or approved prior to the effective date (dates) of the uniform state building code (Kentucky Building Code and this administrative regulation) shall be maintained as constructed and approved [previously permitted].

(b) A change to the construction of the building in excess of that required by the code at the time of construction shall not be required if the building is used and maintained as originally approved.

(c) Previous fire code. A building [facility] or portion thereof, which was constructed and approved prior to the effective date of the uniform state building code [Kentucky Building Code and this administrative regulation], shall be maintained as constructed and approved.

(d) Maintenance of equipment.

1. Prior to occupancy, a building shall be subject to safety inspection by the State Fire Marshal or his designee to ensure that the structure is neither a distinct fire hazard nor an unsafe structure.

2. Distinct Fire Hazards [Hazardous materials, conditions, and buildings].

(a) If the State Fire Marshal or local fire chief determines that a distinct fire hazard exists, the fire hazard shall be remedied so as to render the property reasonably safe.

(b) The State Fire Marshal shall use the standards specified in this paragraph to identify and to order the correction of a distinct fire hazard [action [and shall act] in accordance with the procedures established in KRS Chapter 227 and Section 5 of this administrative regulation. In exercising authority granted, the following shall be applicable [except those specifically excluded codes and references].

(a) NFPA 1. The following codes and references shall be excluded from NFPA 1 for purposes of this administrative regulation:

a. NFPA 70, National Electrical Code®, 2006 edition;

4. Code reference 13.3.2.26[13.3.2.24.2], High Rise Buildings;

5. Code reference 13.3.2.8[13.3.2.6.1], Existing Assembly Occupancies; and

a. NFPA 70, National Electrical Code®, 2005 Edition;

b. NFPA 5000, Building Construction and Safety Code, 2006 edition; and

8. 815 KAR 7:120, Kentucky Building Code.

9. The Kentucky Building Code, which shall apply to a new building or to an alteration, addition, or change of use in accordance with subsection (1) of this section.

10. Superseding provisions. If a provision of this administrative regulation establishes regulatory criteria different from the criteria established in a code specified in subparagraph 1 or 2 of this paragraph, the provisions of this administrative regulation shall supersede any provision incorporated by reference.

11. Modifications, alternatives, and interpretations. If the State Fire Marshal accepts or approves an alternative to a code provision or issues an interpretation and the alternative or interpretation is of general applicability, it shall be published and forwarded to all known fire inspectors and other persons requesting a copy [copies]; and

12. A condition, equipment, building, facility or portion thereof or an alternative designed to comply with the intent of a code provision that has been accepted or approved in accordance with subsection (2) of this section shall not be considered a distinct fire hazard if it is maintained and used as accepted or approved.

4. Abatement of fire hazards. The abatement of a distinct fire hazard pursuant to this administrative regulation shall not require construction measures that would exceed the requirements of the current edition of 815 KAR 7:120 [Kentucky Building Code], if the building were being newly constructed.

5. Maintenance of equipment.

a. [Fire suppression and fire protection equipment, systems, devices, and safeguards shall be maintained in accordance with the applicable NFPA referenced code and the manufacturer’s recommendations; [good working order].

b. This administrative regulation shall not be the basis for removal or abrogation of a fire protection or safety system or device installed [that exists] in a building without approval granted by the authority having jurisdiction [facility].

6. Cooperation with building official. The State Fire Marshal and the local fire chief shall coordinate and cooperate with the building code official having jurisdiction in assessing a building for relative fire safety and to assure that the proper standards are applied.

Section 4. Permits. (1) State permits required. A permit shall be required from the State Fire Marshal for the following types of installations:

(a) Elevator installations and alterations;

(b) Boiler installations and alterations; and

(c) Flammable, combustible, and hazardous material storage vessel installations.

(2) Local permits allowed.

(a) A permit from a local government shall not be required.
unless [List] required by local ordinance.
(b) An inspection or permit fee, if applicable, shall be established within [specified in] the local adopting legislation.

Section 5. Enforcement of Violations. (1) Notice of deficiency. If the State Fire Marshal or local fire chief observes an apparent violation of a provision of this administrative regulation and the standards incorporated herein or other codes or ordinances under state or local jurisdiction, the State Fire Marshal or local fire chief shall prepare a written notice of deficiency. The notice of deficiency shall state [deficiency, citing] the applicable code provision violated and specify the date by specifying a time period [in which the required repairs or improvements shall be completed. Pursuant to KRS 227.336, corrective action shall be ordered remedied within a period of time not to exceed sixty (60) days.
(2) Service of notice. The written notice of deficiency shall be served personally or via certified U.S. Mail upon the owner or the owner's duly authorized agent and upon each other person responsible for the deficiency. Proof of service shall be required to perfect service.
(3) Failure to correct deficiency. Any person who fails to correct a deficiency ordered to be remedied shall be subject to enforcement actions authorized in KRS 227.331 [as] Except if an appeal is in process pursuant to Section 6 of this administrative regulation, each deficiency shall be considered a violation.
(4) In a case where an appeal is filed in the notice of deficiency, is not completed within the time specified, the appropriate legal proceedings to compel compliance shall be requested by the authority having jurisdiction.

Section 6. Means of Appeal. (1) Appeals of orders issued by the State Fire Marshal.(appeals). [(a) An appeal to the State Fire Marshal from a notice of deficiency issued by the Division of Fire Prevention shall be:"
1. [of] an employee or deputy of the State Fire Marshal shall judge] In writing; and
2. Received by the Division of Fire Prevention, State Fire Marshal[shall be requested] prior to the completion date specified in [required by] the notice of deficiency served.
(b) If the matter is not resolved by agreement of the affected parties and the State Fire Marshal,[other appropriate] legal action shall be instituted pursuant to KRS Chapter 227.
(2) Appeal of an order to remedy. REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact person: Dawn M. Bellis

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes supplements the Kentucky Building Code (815 KAR 7:120) in matters of fire safety.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to update materials incorporated by reference to current model standards relating to fire safety.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 227.300(1) requires the department to establish the Kentucky Standards of Safety which provide a reasonable degree of safety to human life against exigencies of fire and panic, as well as insure against fire loss.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation amendment updates fire safety standards for increased protection of citizens and property against fire loss within the Commonwealth.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment updates fire safety standards, clarifies confusing language, and eliminates provisions which are in conflict with the Kentucky Building Code.

(b) The necessity of the amendment to this administrative regulation: These amendments are necessary to maximize protection afforded citizens of the Commonwealth against safety hazards, particularly fire related hazards.

(c) How the amendment conforms to the content of the authorizing statutes: KRS 227.300 provides that the department may supplement the uniform state building codes to provide safety against fire, panic and fire loss.

(d) How the amendment will assist in the effective administration of the statutes: This administrative regulation establishes additional safety provisions specifically relating to the protection of citizens against fire related injuries and fire damages.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This administrative regulation will affect the Department of Housing, Buildings and Construction, the Division of Fire Prevention, owners/operators of buildings, constituents, fire departments and chiefs authorized to carry out regulation’s provisions.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Building owners and operators will be impacted minimally by updating to the 2012 fire standards from the 2006 which updates to current fire safety technologies available.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3)? Costs associated with this amendment will depend upon whether a building owner has violations, mandatory annual inspections, change in use of an existing building or a combination of these.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Compliant buildings will benefit from the increased levels of protection against fire related loss and damages.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: There are no additional costs anticipated to the
Department as a result of the updates in this amendment.

(b) On a continuing basis: Costs for subsequent years are anticipated to remain consistent with previous years since implementation of the Standards of Safety.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: Funds established for the Division of Fire Prevention for the state’s participation; on the local level, from local funding.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: There is no need for an increase in fees or funding to implement this administrative amendment.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increases any fees: This administrative regulation does not amend the fees previously established.

CONTACT PERSON: Jill Brown, Office of Legal Services, 275 East Main Street SW-B, Frankfort, Kentucky 40601, phone (502) 564-7905, fax (502) 564-7573.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Stuart Owen

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes Department for Medicaid Services (DMS) policies relating to telehealth. The coverage policies in this administrative regulation shall apply to a managed care organization’s (MCO’s) coverage of Medicaid services for individuals enrolled in the MCO for the purpose of receiving Medicaid or Kentucky Children’s Health Insurance Program services. An MCO shall not be required to reimburse pursuant to this administrative regulation, but shall be authorized, to do so if it chooses.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to establish DMS policies relating to telehealth in accordance with KRS 194A.125 and KRS 205.559.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by establishing DMS telehealth policies.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by establishing DMS telehealth policies.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment makes the administrative regulation consistent with policies approved by the Centers for Medicare and Medicaid Services (CMS) in order to secure federal funding for the policies. The amendments include paring the telehealth service categories and clarifying provider and practitioner types authorized
to perform telehealth services.

(b) The necessity of the amendment to this administrative regulation: The amendment is necessary to ensure that policies stated in the administrative regulation are consistent with policies approved by CMS (for federal funding).

(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the content of the authorizing statutes by conforming the administrative regulation’s policies to those approved by CMS; thus, ensuring federal funding for the policies.

(d) How the amendment will assist in the effective administration of the statutes: The amendment will assist in the effective administration of the authorizing statutes by conforming the administrative regulation’s policies to those approved by CMS; thus, ensuring federal funding for the policies.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: There are currently fifty-nine (59) telehealth sites in the Kentucky and encler network. The provider network is comprised of hospitals/medical centers but also includes health departments and physicians’ offices among others.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: To be reimbursed for a telehealth consultation, a provider will have to comply with the policies and requirements established in this administrative regulation. Participation is optional, not mandatory.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3)? No cost is imposed on the entities regulated by the administrative regulation as participation is optional.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3). Those who opt to perform telehealth consultations in compliance with this administrative regulation will be reimbursed for services rendered.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: DMS anticipates that the amendment will be budget neutral. For information purposes, in state fiscal year (SFY) 2011 (July 1, 2010 through June 30, 2011), DMS paid $345,221.13 in claims for services provided via telehealth. In SFY 2012 DMS’s payment for claims dropped as expected due to the implementation of managed care. In SFY DMS paid $149,190.18 in claims for services provided via telehealth. For the period spanning November 1, 2011 through June 30, 2012 (DMS implemented managed care on November 1, 2011), DMS’s managed care organizations paid $170,547.65 in claims for services provided via telehealth.

(b) On a continuing basis: DMS anticipates that the amendment will be budget neutral.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under the Social Security Act, Title XIX and matching funds of general fund appropriations.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: Neither an increase in fees nor funding will be necessary to implement this administrative regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation neither establishes nor increases any fees.

(9) Tiering: Is tiering applied? Limits imposed on given services and providers vary in order to mirror the same limits imposed on providers and services when provided in a face-to-face setting. This is necessary to ensure that telehealth coverage does not exceed what the Medicaid program covers in a face-to-face setting.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department for Medicaid Services (DMS) will be impacted by the amendment.

2. Identify each state or federal regulation that requires or authorizes the action taken by the administrative regulation. This amendment is authorized by KRS 194A.010, 194A.030(2), 194A.125, 205.520, 205.559

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? The amendment is not expected to generate revenue for state or local government.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? The amendment is not expected to generate revenue for state or local government.

(c) How much will it cost to administer this program for the first year? DMS anticipates that the amendment will be budget neutral. For information purposes, in state fiscal year (SFY) 2011 (July 1, 2010 through June 30, 2011), DMS paid $345,221.13 in claims for services provided via telehealth. In SFY 2012 DMS’s payment for claims dropped as expected due to the implementation of managed care. In SFY DMS paid $149,190.18 in claims for services provided via telehealth. For the period spanning November 1, 2011 through June 30, 2012 (DMS implemented managed care on November 1, 2011), DMS’s managed care organizations paid $170,547.65 in claims for services provided via telehealth.

(d) How much will it cost to administer this program for subsequent years? DMS expects that the amendment will be budget neutral.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

Other Explanation:
Section 1. Definitions. (1) "Direct supervision" means in-person interactions between the supervisor and the licensee under his or her supervision which includes direct observation of actual service provision to individuals.

(2) "General supervision" means interactions between the supervisor and the licensee under his or her supervision involving real time visual and auditory contact, conducted in-person or via electronic means.

Section 2. Supervisor Qualifications. (1) Only a behavior analyst who has been certified with the Behavior Analyst Certification Board and are in good standing may provide supervision to a licensed assistant behavior analyst, a temporarily licensed behavior analyst, or a temporarily licensed assistant behavior analyst.

(2) Behavior analysts functioning as supervisors shall meet all supervisory qualifications of the Behavior Analyst Certification Board.

Section 3. Supervisor Responsibilities. (1) Except as provided in Section 16 of this administrative regulation, a supervisory arrangement shall be submitted to the Board using the Application for Licensure Form, with the supervisor and the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst petitioning the Board in writing.

(2) The supervisor and licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst shall submit to the Board the description of the supervisory arrangement or a change in the supervisory arrangement by submitting an updated Annual Supervisory Plan no later than thirty (30) days after a change in the effective date of the arrangement or change.

Section 4. (1) The supervisor shall make all reasonable efforts to be assured that the practice of each licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst is in compliance with this administrative regulation. The supervisor shall include review, discussion, and recommendations focusing on: case background information; planned behavioral assessment procedures; assessment outcomes; data collection procedures; intervention procedures and materials; intervention outcomes and data; modifications of intervention procedures; ethical issues associated with behavior change services or employment; and professional development needs and opportunities.

(2) The supervisor shall report to the Board an apparent violation of the rules established in this administrative regulation as set forth in KRS 319C.060(2)(a) and (d).

(3) The supervisor shall inform the Board immediately of a change in the ability to supervise, in the ability of a licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst to function in the practice as an licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst to function in the practice in a competent manner.

(4) The supervisor shall control, direct or limit the behavior analytic duties performed by the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor as appropriate to insure that these duties are competently performed.

(5) The supervisor of record shall be responsible for the behavior analytic duties of the licensed assistant behavior analyst, temporarily licensed behavior analyst, temporarily licensed assistant behavior analyst practicing under the direction of the supervisor. If the Board initiates an investigation concerning a licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor, the investigation shall include the supervisor of record.

(6) For each person supervised, the supervisor shall maintain a record of each supervisory session that shall include the type, place, and general content of the session. This record shall be maintained for a period of not fewer than six (6) years after the last date of supervision.

Section 5. (1) In calculating the amount of time spent in full-time practice while under supervision, 1,500 hours of satisfactory supervised practice shall be equivalent to one (1) year of experience.

(2) The Board may require additional supervised practice if recommended by the supervisor on a licensee's Annual Supervisory Plan or Annual Report of Supervision.

(3) The supervisor shall provide reports to the Board of the supervision of each licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor according to the schedule established in the following subsections.

(a) A licensed assistant behavior analyst with five (5) or more years of full-time practice, or its equivalent, shall submit a report every two (2) years on the anniversary of the date of licensure as a licensed assistant behavior analyst.

(b) A licensed assistant behavior analyst with fewer than five (5) years of full-time practice, or its equivalent, shall submit a report annually on the anniversary of the date of licensure as a licensed assistant behavior analyst.

(c) A temporarily licensed behavior analyst or temporarily licensed assistant behavior analyst shall submit a report annually on the anniversary of the date of licensure as a temporarily licensed behavior analyst or temporarily licensed assistant behavior analyst.

(4) The report shall be submitted on the Annual Report of Supervision which shall include:

(a) A description of the frequency, format, and duration of supervision;

(b) An assessment of the functioning of the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst, including the strengths and weaknesses; and

(c) Any other information which the supervisor deems relevant to an adequate assessment of the practice of the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst.

Section 6. (1) If a licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst has more than one (1) board-approved supervisor, the supervisors shall be in direct contact with each other at least once every six (6) months, and they shall provide supervisory plans and reports to the Board and copies to each other.

(2) A request to have more than two (2) supervisors at one (1) time shall be subject to Board approval and shall be submitted by new applicants on the licensure application and the Annual Supervisory Plan for which they shall include the following:

(a) The supervisors shall communicate and coordinate with each other in providing the required supervision.
Section 7. If a licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor is a behavior analyst with less than five (5) years of full-time, post-certification practice, or its equivalent, or a licensure candidate with temporary permission to practice, the supervisor of record shall:

(1) Read and countersign all assessments;

(2) Review treatment plans, notes and correspondence on an as-needed basis to assess the competency of the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst to render applied behavior analytic services;

(3) Jointly establish a supervisory plan with the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst, which shall be submitted to the board at the beginning of the supervisory relationship using the Annual Supervisory Plan. The plan shall:

(a) Be updated or revised and submitted to the board with the regular report of supervision;

(b) Include intended format, and goals to be accomplished through the supervisory process; and

(c) Include methods that the supervisor and the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor shall employ to evaluate the supervisory process;

(4) Have general supervision of the work performed by the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor shall employ to evaluate the supervisory process;

(5) Have direct supervision of the work performed by the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor at least twice per month;

(6) Have direct knowledge of the size and complexity of the caseload for each licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor at least once every three months;

(7) Have direct knowledge of the size and complexity of the caseload for each licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor;

(8) Have knowledge of the techniques being used by the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor;

(9) Have knowledge of the physical and emotional well-being of each licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor when it has a direct bearing on his or her competence to practice.

Section 8. If the licensed assistant behavior analyst or temporarily licensed behavior analyst is a behavior analyst with more than five (5) years of full-time, post-certification practice, or its equivalent, the supervisor of record shall:

(1) Review and countersign assessments as needed or appropriate;

(2) Review treatment plans, notes, and correspondence as needed or appropriate;

(3) Jointly establish a supervisory plan with each licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor, which shall be submitted to the board at the beginning of the supervisory relationship using the Annual Supervisory Plan. The plan shall:

(a) Be updated or revised and submitted to the board with the regular report of supervision;

(b) Include intended format, and goals to be accomplished through the supervisory process; and

(c) Include methods that the supervisor and licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst practicing under the direction of the supervisor shall employ to evaluate the supervisory process;

(4) Have general supervision of the work performed by each licensed assistant behavior analyst or temporarily licensed behavior analyst practicing under the direction of the supervisor at least once per month;

(5) Have direct supervision of the work performed by each licensed assistant behavior analyst or temporarily licensed behavior analyst practicing under the direction of the supervisor at least twice per month;

(6) Have direct knowledge of the size and complexity of the caseloads for each licensed assistant behavior analyst or temporarily licensed behavior analyst practicing under the direction of the supervisor;

(7) Limit and control the caseload as appropriate to the level of competence of each licensed assistant behavior analyst or temporarily licensed behavior analyst;

(8) Have knowledge of the techniques being used by each licensed assistant behavior analyst or temporarily licensed behavior analyst; and

(9) Have knowledge of the physical and emotional well-being of each licensed assistant behavior analyst or temporarily licensed behavior analyst practicing under the direction of the supervisor when it has a direct bearing on his or her competence to practice.

Section 9. Supervision Requirements. (1) All licensed assistant behavior analysts shall meet these supervision requirements, even if they are not currently providing behavior analytic services. If not currently providing behavior analytics services, supervision may focus on guiding the development and maintenance of the licensed assistant behavior analyst’s professional knowledge and skills and remaining current with the professional literature in the field.

(2) Upon resumption of practice, the licensed assistant behavior analyst shall document compliance with continuing education requirements and shall report on his or her activities and employment related to behavior analysis during the period in which the applicant did not practice.

Section 10. Supervision for Part-Time Practice. Supervision requirements for part-time practice may be modified at the discretion of the board upon approval of the submitted plan. Additional modifications of the format, frequency, or duration of supervision may be submitted for approval by the board.

Section 11. Supervisory Changes. (1) Upon a change of supervisor an updated Annual Supervisory Plan shall be submitted by the supervisor and licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst to the board for approval. This plan may require additional supervision than was previously approved by the board.

(2) Upon termination of the supervision relationship, the final Annual Report of Supervision shall be submitted to the board within thirty (30) days of the termination.

Section 12. Responsibilities of the licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst. The licensed assistant behavior analyst, temporarily licensed behavior analyst, or temporarily licensed assistant behavior analyst shall:

(1) Keep the supervisor adequately informed at all times of his or her activities and ability to function;

(2) Seek supervision as needed in addition to a regularly scheduled supervisory session;

(3) Participate with the supervisor in establishing supervisory goals and in completing the regular supervisory reports;

(4) Be jointly responsible with the supervisor for ensuring that a supervisory report or plan has been sent to the board in accordance with the reporting schedule established in Section 5 of this administrative regulation; and

(5) Report to the board any apparent violation of KRS 319C on the part of the supervisor.

Section 13. Identification of Provider in Billing. The actual deliverer of a service shall be identified to the client. A billing for a rendered service shall identify which service was performed by the...
associate behavior analyst, temporarily licensed behavior analyst, trainee, or other provider and supervised by the licensed behavior analyst.

Section 14. Disciplinary Procedures and Supervision of a Disciplined License Holder. (1) The board shall appoint an approved supervisor to supervise a disciplined license holder for the period of time defined by the final order or settlement agreement conferring the discipline.

(2) When specified by the final order or settlement agreement, the disciplined license holder shall be responsible for paying the costs of supervision.

(3) The supervisor shall:
   (a) Review the originating complaint, agreed order, or findings of the disciplinary hearing;
   (b) Meet with the disciplined license holder and the board liaison to:
      1. Summarize the actions and concerns of the board;
      2. Review the goals and expected outcomes of supervision submitted by the board liaison;
      3. Develop a specific plan of supervision; and
      4. Review the reporting requirements that shall be met during the period of supervision;
   (c) Meet with the disciplined license holder at least weekly, on an individual face-to-face basis for a minimum of one (1) hour unless modified by the board;
   (d) Submit a quarterly report to the board which reflects progress, problems, and other information relevant to the need for board-mandated supervision;
   (e) Make all reasonable efforts to ensure that the disciplined license holder's practice is in compliance with KRS Chapter 319C and 201 KAR Chapter 43;
   (f) Report to the board any apparent violation of KRS 319C on the part of the disciplined license holder;
   (g) Immediately report to the board, in writing, a change in the ability to supervise, or in the ability of the disciplined license holder to function in the practice of a licensed behavior analyst in a competent manner;
   (h) Review and countersign assessments as needed or appropriate;
   (i) Review treatment plans, notes, and correspondence as needed or appropriate;
   (j) Have direct observation of the disciplined license holder's work on an as-needed basis;
   (k) Have direct knowledge of the size and complexity of the disciplined license holder's caseload;
   (l) Have knowledge of the therapeutic modalities and techniques being used by the disciplined license holder; and
   (m) Have knowledge of the disciplined license holder's physical and emotional well-being when it has direct bearing on the disciplined license holder's competence to practice.

(5) The supervisor shall control, direct, or limit the disciplined license holder's practice as appropriate to ensure that the disciplined license holder's practice is competent.

(6) The supervisor shall contact the board liaison with any concern or problem with the disciplined license holder, his or her practice, or the supervision process.

(7) A final meeting shall be scheduled within thirty (30) days of the end of the established supervision period to summarize the supervision. The meeting shall include the supervisor, disciplined license holder, and board liaison. A written summary of the supervision shall be submitted by the supervisor to the board two (2) weeks following this meeting with a copy to the board liaison.

Section 15. Board Liaison for Disciplined License Holder. The board shall appoint a board member to serve as a liaison between the board and the approved supervisor. The board liaison shall:

(1) Recruit the supervising licensed behavior analyst from a list provided by the board;

(2) Provide the supervising licensed behavior analyst with the originating complaint, agreed order or findings of the hearing and supply other material relating to the disciplinary action as deemed appropriate by the liaison;

(3) Ensure that the supervising licensed behavior analyst is provided with the necessary documentation for liability purposes to clarify that he or she is acting as an agent of the board and has immunity commensurate with that of a board member;

(4) Provide the supervising licensed behavior analyst with a written description of the responsibilities of the supervisor and a copy of the responsibilities of the liaison;

(5) Ensure that the board has sent a written notification letter to the disciplined license holder. The notification letter shall:
   (a) State the name of the supervising licensed behavior analyst;
   (b) Specify that the disciplined license holder shall meet with the supervising licensed behavior analyst and the liaison within thirty (30) days of the notification letter;
   (6) Meet with the supervising licensed behavior analyst and disciplined license holder within thirty (30) days of the notification letter to summarize the actions of the board, review the applicable statutes and administrative regulations regarding supervision requirements for a disciplined license holder, and assist with the development of a plan of supervision. The plan of supervision shall be written at the first meeting;

(7) Submit the report of supervision to the board for approval. The liaison shall place the report of supervision on the agenda for review and approval at the next regularly scheduled board meeting. In the interim, the supervising licensed behavior analyst and disciplined license holder shall continue to meet;

(8) Remain available to the supervising licensed behavior analyst to provide assistance and information as needed;

(9) Report any problem or concern to the board regarding the supervision and communicate a directive of the board to the supervising licensed behavior analyst;

(10) Review the quarterly report of supervision and forward to the supervision committee of the board for approval; and

(11) Meet with the supervising licensed behavior analyst and the disciplined license holder at the end of the term of supervision to summarize the supervision.

Section 16. Graduate Training. Applied behavior analysis graduate students. Graduate-level applied behavior analysis students who are providing services in mental health care settings including independent practice settings shall:

(1) Be supervised by a behavior analyst licensed by the board in the state in which the training program exists, or by a licensed mental health professional approved by the training program who is affiliated with either the university training program or the practice setting;

(2) Be registered for credit in his or her course of study;

(3) Clearly identify his or her status as unlicensed trainees to all clients and payors;

(4) Give to all clients and payors the name of the licensed behavior analyst responsible for his or her work; and

(5) Not accept employment or placement to perform the same or similar activities following the completion of his or her university-sanctioned placement, regardless of the job title given, unless the student holds a license from the board.

Section 17. Incorporation by Reference. (1) The following material is incorporated by reference:

RELATES TO: KRS 156.070, 156.160, 160.380
STATUTORY AUTHORITY: KRS 156.160, 156.070
NECESSITY, FUNCTION, AND CONFORMITY: KRS 156.070 grants the Kentucky Board of Education the authority over the management and control of programs operated in the common schools. KRS 156.160 grants the Kentucky Board of Education the specific authority to promulgate administrative regulations establishing standards which school districts shall meet in program service to students. This administrative regulation establishes minimum requirements for the operation of alternative education programs in school districts.

Section 1. Definitions. (1) “Alternative education program” is defined by KRS 160.380.
(2) “Individual education program” or “IEP” is defined by 707 KAR 1.002.
(3) “Individual learning plan” or “ILP” means a comprehensive framework for advising students in grades six (6) through twelve (12) to engage in coursework and activities that will best prepare them to both realize college and career success and become contributing members of their communities.
(4) “Individual learning plan addendum” or “ILPA” means an addendum that addresses the changed educational needs of a student based upon entry into or exit from an alternative education program that includes, as appropriate, academic and behavioral needs of the student, criteria for the student’s re-entry into the traditional program, and provisions for regular review of the student’s progress throughout the school year while in an alternative

- 1082 -
(5) "Involuntary placement" means the placement of a student in an alternative education program by local district school personnel to ensure the safety of the individual student, the student body, or school staff, or to meet the educational needs of the student; to transition the student to a placement as a state agency child pursuant to KRS 158.135 and 505 KAR 1:080; or for disciplinary purposes.

(6) "Off-site program" means an alternative education program located in a separate and dedicated program facility not located within the student’s assigned school.

(7) "On-site program" means an alternative education program located within the student's assigned school campus.

(8) "Voluntary placement" means the placement of a student in an alternative education program at the request of the parent or emancipated student and with the agreement of school personnel to better meet the educational needs of the student.

Section 2. General Requirements. (1) Districts shall ensure that alternative education programs are aligned with college and career readiness outcomes for all students. Districts shall strive to ensure that alternative education programs are not limited to one type of program offering to students. Students enrolled in alternative education programs may be eligible to participate in one or more types of programs to address student learning needs that may include alternative digital learning environments, credit recovery, and innovative pathways to graduation.

(2) Local boards of education shall review and adopt policies and procedures as necessary for the operation of alternative education programs within the district. Locally-adopted policies and procedures shall include:

(a) Purpose of the program, including the ways the program supports the district’s college and career readiness goals for students;

(b) Eligibility criteria, as appropriate;

(c) Process for entering students into the program;

(d) Process for transitioning students out of the program;

(e) Composition of the team to develop the ILPA, which shall include an invitation to the parents to participate and, as appropriate, an invitation to the student to participate; and

(f) Procedures for collaboration with outside agencies involved with involuntary placements, including courts or other social service agencies to address student transitions between programs.

(3) Alternative education programs may be either on-site programs at the student's assigned school or off-site programs located in a separate facility.

(4) Alternative education program curriculum shall be aligned with the Kentucky Core Academic Standards in 704 KAR 3:303, and the student learning goals in the ILP.

(5) Alternative education program students shall be subject to the minimum graduation requirements in 704 KAR 3:305 and any additional local district graduation requirements.

(6) Alternative education programs shall be subject to any applicable requirements of 703 KAR 5:225 and Kentucky's Elementary and Secondary Education Act Flexibility Waiver, or its successor.

(7) Students participating in alternative education programs shall be eligible to access extracurricular activities as allowed by local district and school council policies and by 702 KAR 7:065 or other applicable organization rules.

(8) Students participating in alternative education programs shall continue to be able to access resources and services already available in the district, such as instructional materials, tutoring, intervention, and counseling services in furtherance of the student’s educational program as determined through the development of the ILPA.

Section 3. Placement of Students. (1) The placement of students by the district in alternative education programs may be either voluntary or involuntary. Students entering alternative education programs shall meet the eligibility requirements for the program established by the local board pursuant to Section 2 of this administrative regulation. The district shall ensure that an ILP, as required by 704 KAR 3:305, exists prior to placement of a student in an alternative education program.

(2) The placement decision for all students with an IEP shall be made through the admissions and release committee (ARC) process pursuant to 707 KAR 1:320. For a child with a disability, as defined by 707 KAR 1:002, Section 1(9), the IEP shall address the changed educational delivery needs of the student based upon entry into or exit from an alternative education program. The placement decisions for students that have been identified under 29 U.S.C. §794, Section 504 of the Rehabilitation Act of 1973, as amended, shall be made through a team process consistent with the applicable requirements outlined in 34 C.F.R. Part 104.

Section 4. Costs and Expenditures. Districts shall use the statewide financial management system and chart of accounts to track costs and expenditures associated with each alternative education program operating in the district.

Section 5. Data. Districts shall utilize the student information system to enter data regarding students enrolled in alternative education programs. Data collected shall include demographic, programmatic or other data fields contained in the student information system required by the department to track and report student participation, educational programming, achievement, and transition to and from alternative education programs.

Section 6. Personnel. Alternative education program teachers and administrators shall be subject to the teacher certification requirements in KRS 161.020, and shall comply with the classified and certified assignment restrictions outlined in KRS 160.380(3).

This is to certify that the chief state school officer has reviewed and recommended this administrative regulation prior to its adoption by the Kentucky Board of Education, as required by KRS 156.070(4).

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Kevin C. Brown

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes minimum requirements for operating alternative education programs in local school districts.

(b) The necessity of this administrative regulation: KRS 156.160 grants the Kentucky Board of Education (KBE) the specific authority to promulgate administrative regulations establishing standards which school districts shall meet in student, program, service, and operational performance. This administrative regulation establishes minimum requirements for alternative school programs. Kentucky's approved waiver from the No Child Left Behind
Act of 2001 (NCLB) (issued pursuant to 20 U.S.C. 7861) included the Individual Learning Plan addendum (ILPA) process as a part of the state’s recognition, accountability and support systems. Approval of the waiver was conditioned upon the implementation of these elements.

(c) How this administrative regulation conforms to the content of the authorizing statute: This administrative regulation establishes minimum standards for alternative education programs.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation provides specific guidance to local school districts about general program requirements, student placement, staff certification, and data collection.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: Not an amendment.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? School districts.

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 156.070, 156.160, 20 U.S.C. secs. 6301, et seq., U.S. Department of Education (USDE) No Child Left Behind Act of 2001 (NCLB) - approved waiver pursuant to 20 U.S.C. 7861.

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is in effect. Kentucky Department of Education (KDE) - The administrative regulation will require staff time to develop the data collection requirements and make necessary modifications to the existing systems. Inclusion of the data requirements in regulation will reduce or eliminate vendor charges for system changes. The administrative regulation will also require staff time for technical assistance to school districts in implementation, and in the future, costs for professional development to provide training on best practices identified through this system. Additional financial expenditures that may be needed for implementation are not known at this time. Local school districts - It is anticipated that costs of professional development to place policies and procedures which may require some changes, at low cost. The Department will work with the Kentucky School Board Association to develop model policies. As many students identified under the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act (Sections 504) will already have processes in place that can be used to comply with parent involvement and planning elements, similar processes for other students should not require extensive development. Data requirements are planned to be electronically collected through existing statewide systems.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? None.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? None.

(c) How much will it cost to administer this program for the first year? There is little, if any, anticipated additional cost to the Department, as responsibilities and costs will be apportioned to existing staff and fiscal resources. It is expected that local school district costs will be minimal, as the administrative regulation was designed to work with existing processes to meet the requirements, to operate so at low cost, and with minimal burden to local school districts.

(d) How much will it cost to administer this program for subsequent years? It is anticipated that responsibilities and costs can continue to be apportioned among existing resources at both the
state and local levels.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

Revenues (+/-):
Expenditures (+/-):

Other Explanation: Kentucky’s approved waiver from the U.S. Department of Education No Child Left Behind Act of 2001 (issued pursuant to 20 U.S.C. 7861) included the Individual Learning Plan Addendum (ILPA) process as a part of the state’s recognition, accountability, and support systems. Subsequent to a review of Kentucky’s initial application, the USED required the Department to include additional activities designed to support and engage English language learners, students with disabilities, and other disenfranchised students, which was accomplished by adding the ILPA process and other supports. Approval of the waiver was conditioned upon the inclusion of these elements. The administrative regulation was designed to work with existing processes to meet the requirements, to do so at low cost, with minimal burden to local school districts.

PUBLIC HEARING AND PUBLIC COMMENT PERIOD: A public hearing on this administrative regulation shall be held on November 27, 2012 at 9:00 a.m. Eastern Time at the Kentucky Department of Insurance, 215 W. Main Street, Frankfort, Kentucky 40601. Individuals interested in being heard at this hearing shall notify the Kentucky Department of Insurance in writing by November 16, 2012, five working days prior to the hearing, of their intent to attend. If no notification of intent to attend the hearing is received by that date, the hearing may be cancelled. This hearing is open to the public. Any person who wishes to be heard will be given an opportunity to comment on the proposed administrative regulation. A transcript of the public hearing will not be made unless a written request for a transcript is made. If you do not wish to be heard at the public hearing, you may submit written comments on the proposed administrative regulation. Written comments shall be accepted until November 30, 2012. Please send written notification of intent to be heard at the public hearing or written comments on the proposed administrative regulation to the contact person below.

CONTACT PERSON: DJ Wasson, Administrative Coordinator, Kentucky Department of Insurance, P.O. Box 517, Frankfort, Kentucky 40602, phone (502) 564-3630, fax (502) 564-1453.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: DJ Wasson
(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation repeals 806 KAR 5:050.
(b) The necessity of this administrative regulation: On July 12, 2012, amendments to KRS 304.5-070 went into effect that, among other things, defined “service contract” in relation to the purchase of a new or used motor vehicle and provided that such service contracts are not insurance. A “service contract” is a contract or agreement given for consideration in addition to the purchase price of a new or used motor vehicle to provide for repair or replacement service or indemnification for that service for the operation or structural failure of a motor vehicle due to a defect in materials or skill of work or normal wear and tear, but does not include mechanical breakdown insurance or maintenance agreements. A service contract shall not be considered a contract of, or for, insurance. 806 KAR 5:050 pertains to the regulation of motor vehicle warranties. It defines a “motor vehicle warranty” as “a contract covering only defects in material and workmanship in exchange for a separately stated charge where it is merely incidental to the business of selling or leasing motor vehicles.” A “service contract” and a “motor vehicle warranty” are functionally identical. Both require consideration to be given in addition to the purchase price of a motor vehicle, and both provide coverage for defects in material and workmanship. Because 806 KAR 5:050 is inconsistent with the amendments to KRS 190.090, and because service contracts and motor vehicle warranties are not insurance, 806 KAR 5:050 must be repealed.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 304.2-110(1) authorizes the Commissioner of the Department of Insurance to promulgate administrative regulations necessary for or as an aid to the effectuation of any provision of the Kentucky Insurance Code. Because service contracts and motor vehicle warranties are not insurance, 806 KAR 5:050 must be repealed.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation repeals an administrative regulation that governs subject matter not within the regulatory authority of the Department of Insurance.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: N/A.
(b) The necessity of the amendment to this administrative regulation: N/A.
(c) How the amendment conforms to the content of the authorizing statutes: N/A.
(d) How the amendment will assist in the effective administration of the statutes: N/A.
(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This regulation affects any entity selling a service contract or a motor vehicle warranty. Such contract will now be regulated under KRS Chapter 190.
(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: None.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Nothing.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): N/A.
(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:
(a) Initially: No cost.
(b) On a continuing basis: No cost.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: No
funding will be necessary.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding will be necessary.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation did not directly or indirectly establish any fees.

(9) TIERING: Is tiering applied? Tiering is not applied as the requirements of this regulation apply equally to all insurance companies, corporate sureties or other entities.

**FISCAL NOTE ON STATE OR LOCAL GOVERNMENT**

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? Kentucky Department of Insurance.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 190.090, KRS 304.2-110 and KRS 304.5-070.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? Nothing.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? Nothing.

(c) How much will it cost to administer this program for the first year? Nothing.

(d) How much will it cost to administer this program for subsequent years? Nothing.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

**RELATES TO:** KRS 304.7-361, 304.7-405, 304.7-417, 304.7-419, 304.7-421, 304.7-457, 304.7-469, 15 U.S.C. §§ 78 et seq.

**STATUTORY AUTHORITY:** KRS 304.2-110(1), 304.7-367

**NECESSITY, FUNCTION, AND CONFORMITY:** KRS 304.2-110(1) authorizes the Commissioner of Insurance to promulgate administrative regulations necessary for, or as an aid to, the effectuation of any provision of the Kentucky Insurance Code, as defined in KRS 304.1-010. KRS 304.7-367 authorizes the commissioner to promulgate administrative regulations to implement the provisions of KRS Chapter 304, Subtitle 7. This administrative regulation sets standards for the prudent use of derivative instruments in accordance with KRS 304.7-419.

**Section 1. Definitions.** (1) “Business entity” includes a sole proprietorship, corporation, limited liability company, association, partnership, joint stock company, joint venture, mutual fund, trust, joint tenancy or any other similar form of business organization, whether for-profit or not-for-profit.

(2) “Commissioner” is defined by KRS 304.1-050(1).

(3) “Counterparty exposure amount” means the net amount of credit risk attributable to a derivative instrument entered into with a business entity other than through a qualified exchange, qualified foreign exchange, or cleared through a qualified clearinghouse.

(4) “Department” is defined by KRS 304.1-050(1).

(5) “Derivative instrument” means an agreement, option, instrument, or a series or combination thereof:

(a) To make or take delivery of, or assume or relinquish, a specified amount of one (1) or more underlying interests, or to make a cash settlement in lieu thereof; or

(b) That has a price, performance, value or cash flow based primarily upon the actual or expected price, level, performance, value or cash flow of one (1) or more underlying interests.

(6) “Insurer” is defined in KRS 304.1-040.

(7) “Over-the-counter derivative” means a derivative instrument entered into with a business entity other than through a qualified exchange, qualified foreign exchange, or cleared through a qualified clearinghouse.

(8) “Qualified clearinghouse” means a clearinghouse for, and subject to the rules of, a qualified exchange or a qualified foreign exchange, which provides clearing services, including acting as a counterparty to each of the parties to a transaction such that the parties no longer have credit risk as to each other.

(9) “Qualified exchange” means:

(a) A securities exchange registered as a national securities exchange, or a securities market regulated under the Securities Exchange Act of 1934 (15 U.S.C. §§ 78 et seq.), as amended; or

(b) A board of trade or commodities exchange designated as a contract market by the Commodity Futures Trading Commission or any successor thereof; or

(c) Private Offerings, Resales and Trading through Automated Linkages (PORTAL); or

(d) A designated offshore securities market as defined in Securities Exchange Commission Regulation S, 17 C.F.R. Part 230, as amended; or

(e) A qualified foreign exchange.

(10) “Qualified foreign exchange” means a foreign exchange, board of trade or contract market located outside the United States, its territories or possessions:

(a) That has received regulatory comparability relief pursuant to Commodity Futures Trading Commission Rule 30.10 (as set forth in Appendix C to Part 30 of the CFTC’s Regulations, 17 C.F.R. Part 30); or

(b) That is, or its members are, subject to the jurisdiction of a foreign futures authority that has received regulatory comparability relief pursuant to Commodity Futures Trading Commission Rule 30.10 (as set forth in Appendix C to Part 30 of the CFTC’s Regulations, 17 C.F.R. Part 30) as to futures transactions in the jurisdiction where the exchange, board of trade or contract market is located; or

(c) Upon which foreign stock index futures contracts are listed that are the subject of no-action relief issued by the CFTC’s Office of General Counsel, but an exchange, board of trade or contract market that qualifies as a “qualified foreign exchange” only under this paragraph shall only be a “qualified foreign exchange” as to foreign stock index futures contracts that are the subject of such no-action relief under this paragraph.

**Section 2. Applicability.** The provisions of this administrative regulation shall not apply to:
Section 3. Amount of credit risk. (1) The amount of credit risk equals:
(a) The market value of the derivative instrument issued through a qualified clearinghouse if the liquidation of the derivative instrument would result in a final cash payment to the insurer; or
(b) Zero if the liquidation of the derivative instrument would not result in a final cash payment to the insurer.
(2) If derivative instruments are entered into through a qualified clearinghouse pursuant to a written master agreement which provides for netting of payments owed by the respective parties, and the domicile jurisdiction of the counterparty is either within the United States or if not within the United States, within a foreign jurisdiction listed by the Securities Valuation Office as eligible for netting, the net amount of credit risk shall be the greater of zero or the net sum of:
(a) The market value of the derivative instruments issued through a qualified clearinghouse entered into pursuant to the agreement, the liquidation of which would result in a final cash payment to the insurer; and
(b) The market value of the derivative instruments issued through a qualified clearinghouse entered into pursuant to the agreement, the liquidation of which would result in a final cash payment by the insurer to the business entity.
(3) For open transactions, market value shall be determined at the end of the most recent quarter of the insurer’s fiscal year and shall be reduced by the market value of acceptable collateral held by the insurer or placed in escrow by one (1) or both parties.

Section 4. Guidelines and Internal Control Procedures. (1) Before engaging in a derivative transaction, an insurer shall establish written guidelines, approved by the commissioner, that shall be used for effecting and maintaining derivative transactions. The guidelines shall:
(a) Specify insurer objectives for engaging in derivative transactions and derivative strategies and all applicable risk constraints, including credit risk limits;
(b) Establish counterparty exposure limits and credit quality standards;
(c) Identify permissible derivative transactions and the relationship of those transactions to insurer operations including a precise identification of the risks being hedged by a derivative transaction; and
(d) Require compliance with internal control procedures.
(2) An insurer shall have a written methodology for determining whether a derivative instrument used for hedging has been effective.
(3) An insurer shall have written policies and procedures describing the credit risk management process and a credit risk management system for over-the-counter derivative instrument transactions that measures credit risk exposure using the counterparty exposure amount.
(4) An insurer’s board of directors shall, in accordance with KRS 304.7-361:
(a) Approve:
1. The written guidelines, methodology, and policies and procedures required by subsections (1), (2), and (3) of this section; and
2. The systems required by subsections (1) and (2) of this section;
(b) Determine whether the insurer has adequate professional personnel, technical expertise, and systems to implement investment practices involving derivatives;
(c) Review whether derivatives transactions have been made in accordance with the approved guidelines and consistent with stated objectives; and
(d) Take action to correct any deficiencies in internal controls relative to derivative transactions.

Section 5. Commissioner Approval. Written documentation explaining the insurer’s internal guidelines and controls governing derivative transactions shall be submitted for approval to the commissioner. The commissioner shall have the authority to disapprove the guidelines and controls proposed by the insurer if the insurer cannot demonstrate the proposed internal guidelines and controls would be adequate to manage the risks associated with the derivative transactions the insurer intends to engage in.

Section 6. Documentation Requirements. An insurer shall maintain the following documentation and records relating to each derivative transaction:
(1) The purpose or purposes of the transaction;
(2) The assets or liabilities to which the transaction relates;
(3) The specific derivative instrument used in the transaction;
(4) For over-the-counter derivative instrument transactions, the name of the counterparty and the market value; and
(5) For exchange traded derivative instruments, the name of the exchange and the name of the firm that handled the trade and the market value.

Section 7. Trading Requirements. Each derivative instrument shall be:
(1) Traded on a qualified exchange;
(2) Entered into with, or guaranteed by, a business entity;
(3) Issued or written with the issuer of the underlying interest on which the derivative instrument is based; or
(4) Entered into with a qualified foreign exchange.

Section 8. Effective Date. The requirements of this administrative regulation shall not be implemented or enforced prior to the effective date determined pursuant to KRS 13A.330, or July 15, 2014, whichever is later.

FEDERAL MANDATE ANALYSIS COMPARISON

2. State compliance standards. For the purpose of transactions in derivative instruments, this administrative regulation defines a "qualified exchange" as including:

A securities market regulated under the Securities Exchange Act of 1934 (15 U.S.C. §§ 78 et seq.) as amended; and

The administrative regulation also defines a "qualified foreign exchange" as including:

A foreign exchange, board of trade or contract market located outside the United States, its territories or possessions that has received regulatory comparability relief pursuant to Commodity Futures Trading Commission Rule 30.10 (as set forth in Appendix C to Part 30 of the CFTC’s Regulations, 17 C.F.R. Part 30); and

That is, or its members are, subject to the jurisdiction of a foreign futures authority that has received regulatory comparability relief pursuant to Commodity Futures Trading Commission Rule 30.10 (as set forth in Appendix C to Part 30 of the CFTC’s Regulations, 17 C.F.R. Part 30) as to futures transactions in the jurisdiction where the exchange, board of trade or contract market is located.

3. Minimum or uniform standards contained in the federal mandate. This administrative regulation recognizes and incorporates the federal requirements for securities markets regulated under the Securities Exchange Act, designated offshore securities markets defined in the Securities Exchange Commission Regulation, and foreign exchanges regulated pursuant to the Commodity Futures Trading Commission Rule.

4. Will this administrative regulation impose stricter requirements or additional or different responsibilities or requirements,
than those required by the federal mandate? No, this administrative regulation recognizes and incorporates the federal mandate without changes.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. N/A

VOLUME 39, NUMBER 5 – NOVEMBER 1, 2012

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Lucie Duvall, Registry Administrator.

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation establishes the requirements for the Application for Registration as a secondary metals recycler and creates the forms for the application and for the Certificate of Registration.
(b) The necessity of this administrative regulation: KRS 433.902 requires that secondary metals recyclers obtain a Certificate of Registration before conducting business in the Commonwealth. KRS 433.902 (b) authorizes the Office of Occupations and Professions to prescribe by regulation the form and format of the Certificate of Registration.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 433.902(1) (b) (e) and (g) authorize the Office of Occupations and Professions to prescribe the form and format of the application for a Certificate of Registration and to set a cost based fee for administering the registration and renewal of registration process.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: The administrative regulation specifies the requirements for an application for a secondary metals recycler Certificate of Registration so that the recyclers know what is expected by the Office of Occupations and Professions to obtain registration.
(e) If this is an amendment to an existing administrative regulation, provide a brief summary of: This administrative regulation is not an amendment. It is a new regulation.
(f) How the amendment will change this existing administrative regulation:
(g) The necessity of the amendment to this administrative regulation:
(h) How the amendment conforms to the content of the authorizing statutes:
(i) How the amendment will assist in the effective administration of the statutes:
(j) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: Approximately 500 secondary metals recyclers operating in the Commonwealth.
(k) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(l) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Secondary Metals Recyclers in the Commonwealth will be required to submit an application for a Certificate of Registration with the information required by KRS 433.902(1)(b), (e) and (g); (2)(a), (b) and (c); and (3). These requirements include a background check by Kentucky State Police and the information contained in the Application for Registration as a Secondary Metals Recycler. (b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Initially, there will be no cost to the recycler until the Office of Occupations and Professions is able to arrive at an actual cost-based fee as required by KRS 433.902(1)(e).
(m) As a result of compliance, what benefits will accrue to the entities identified in question (3): The administrative regulation provides an efficient procedure for obtaining the required registration to conduct a secondary metals recycling operation.
(n) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:
(1) Initially: Costs associated with the initial implementation of this administrative regulation will involve the review of the initial applications for a Certificate of Registration and will be at $100.00 until an actual cost based fee will be proposed by a subsequent application. The cost of reviewing initial and annual renewal applications for Certificates of Registration will be funded by an actual cost based fee authorized by KRS 433.902(1) (e) and (g).
(b) On a continuing basis: The initial and annual renewal fees based on actual costs will fund the process required by this admin-
istrative regulation. The fees will be calculated by the Office of Occupations and Professions based on actual costs and there will be a fee regulation proposed under the authority of KRS 433.902 (e) and (g) based on actual cost experience.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: Costs for implementing this administrative regulation will be funded by initial and annual renewal fees paid by certificate holders.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: The fee for the certification will be proposed by regulation and later reviewed after the Office of Occupations and Professions has determined the actual costs of administering the certification of registration program.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: No. The fees will be established by regulation after an assessment of costs has been undertaken to arrive at an actual administrative cost for processing an application.

(9) TIERING: Is tiering applied? No. This administrative regulation applies to all secondary metals recyclers seeking to do business in the Commonwealth of Kentucky.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? Kentucky Office of Occupations and Professions; Sheriffs; Chiefs of Police: Police Departments and Peace Officers.

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 433.900; 433.902; 433 904; and 433.906.

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. None. The regulation places no duties or authority on local agencies.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? The administrative regulation will generate no revenue for local governments, and revenue for the state cannot be determined until the number of businesses subject to registration is known.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? The administrative regulation will generate no revenue for local governments, and revenue for the state cannot be determined until the number of businesses subject to registration is known.

(c) How much will it cost to administer this program for the first year? The charge for administration will be $1,000. The Office of Occupations and Professions uses a formula to allocate costs for the administrative support it provides to boards. Until a reliable estimate of the number of regulated persons and entities is calculated based on experience, the initial fee is $1,000.

(d) How much will it cost to administer this program for subsequent years? That amount will be calculated based on the first year of experience through the cost allocation formula mentioned in paragraph (3) (d) above.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

The Administrative Regulation Review Subcommittee met on Tuesday, October 9, 2012, and submits this report:

Administrative Regulations Reviewed by the Subcommittee:

EDUCATION PROFESSIONAL STANDARDS BOARD: Administrative certificates

16 KAR 3:010. Certification for school superintendent. Alicia A. Sneed, director, legal services, represented the board.

A motion was made and seconded to approve the following amendments: to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph and Sections 1 and 2 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

Assessment

A motion was made and seconded to approve the following amendment: to amend Section 5 for clarity. Without objection, and with agreement of the agency, the amendment was approved.

OFFICE OF THE ATTORNEY GENERAL: Office of Consumer Protection: Division of Consumer Protection

40 KAR 2:330. Mold remediation. Todd Leatherman, executive director; Elizabeth Natter, assistant attorney general; and Kevin Winstead, assistant attorney general, represented the division.

A motion was made and seconded to approve the following amendments: to amend Section 2, to: (1) specify the types of training, education, and experience required for mold remediation; and (2) comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

GENERAL GOVERNMENT CABINET: Kentucky State Board of Licensure for Professional Engineers and Land Surveyors: Board

201 KAR 18:040. Fees. Jonathan Buckley, general counsel, and David Cox, executive director, represented the board.

A motion was made and seconded to approve the following amendments: (1) to amend Section 1 to comply with the drafting and formatting requirements of KRS Chapter 13A; and (2) to amend Section 5 to specify an internal cross-reference. Without objection, and with agreement of the agency, the amendments were approved.

201 KAR 18:192. Continuing professional development for professional land surveyors.

A motion was made and seconded to approve the following amendments: (1) to amend the RELATES TO paragraph to include additional relevant citations; (2) to amend Sections 3 and 4 to specify internal cross-references; (3) to amend Sections 5, 7, and 8 to clarify provisions; (4) to amend Section 10 to incorporate by reference a required form; and (5) to amend Sections 1 through 10 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

Kentucky Board of Prosthetics, Orthotics, and Pedorthics: Board

201 KAR 44:990. Requirements for licensure as an orthotist, prosthetist, or pedorthist.

A motion was made and seconded to approve the following amendments: (1) to amend the RELATES TO paragraph to include additional relevant citations; and (2) to amend Sections 2 and 3 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

201 KAR 44:100. Inactive status.

A motion was made and seconded to approve the following amendments: to amend Section 1 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

201 KAR 44:110. Licensure by endorsement.

A motion was made and seconded to approve the following amendments: to amend the STATUTORY AUTHORITY paragraph and Section 1 to correct statutory citations. Without objection, and with agreement of the agency, the amendments were approved.

201 KAR 44:120. Post residency registration.

A motion was made and seconded to approve the following amendments: (1) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph to clearly state the necessity for and function served by this administrative regulation, as required by KRS 13A.220; and (2) to amend Section 1 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

TOURISM, ARTS AND HERITAGE CABINET: Department of Fish and Wildlife Resources: Game

301 KAR 2:030. Commercial guide license. Margaret Everson, counsel, and Benjy Kinman, commissioner’s office, represented the department.

In response to a question by Co-Chair Bell, Mr. Kinman stated that requirements regarding guide help needed to be amended in this administrative regulation so that, on public land, a helper shall be required to be certified as a guide with regard to safety, CPR training, and other requirements, and, on private land, helper requirements did not change.
A motion was made and seconded to approve the following amendments: to amend Sections 1 through 3 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

Hunting and Fishing
301 KAR 3:012. Public use of Otter Creek Outdoor Recreation Area.
A motion was made and seconded to approve the following amendment: to amend Section 2 to allow rather than require the department to establish an agreement with Camp Piomingo. Without objection, and with agreement of the agency, the amendment was approved.

GENERAL GOVERNMENT CABINET: Department of Agriculture: Office of Consumer and Environmental Protection: Division of Environmental Services: Structural Pest Control
302 KAR 29:020. General provisions. Clint Quarles, staff attorney, and Steve Sims, manager, Structural Branch, represented the division.
In response to questions by Senator Givens, Mr. Sims stated that commercial pesticide application involved the application to another owner’s property. Noncommercial application was pesticide application to a structure on one’s own property. Mr. Quarles stated that government agencies also were required to keep pesticide application records. This administrative regulation clarified pesticide application recordkeeping requirements. A person applying a pesticide was required to follow all directions on the pesticide label. Mr. Sims and Mr. Quarles stated that most pesticide applications were already compliant with the new requirements.
In response to a question by Co-Chair Bowen, Mr. Sims and Mr. Quarles stated that enforcement of application was strict if pesticides were being applied to another owner’s property.
A motion was made and seconded to approve the following amendments: (1) to amend the RELATES TO paragraph to include additional relevant citations; (2) to amend the TITLE and Section 3 for clarity; (3) to amend Section 4 to correct a citation; and (4) to amend Sections 2, 3, and 6 to comply with the drafting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

In response to a question by Senator Givens, Mr. Quarles stated that the deadline change was intended so that all certifications would expire on the same date, even those certifications that had been on different certification cycles. Only five (5) percent of applications were affected, and those applications were affected positively. The department had a new computer system that worked better if all certifications were on the same expiration cycle.
A motion was made and seconded to approve the following amendments: (1) to amend Sections 1, 4, 5, and 8 to specify an internal cross-reference; (2) to amend Sections 2 and 5 to clarify provisions; (3) to amend Section 9 to update the form incorporated by reference; (4) to amend Sections 1, 2, 4, 5, and 8 to comply with the drafting requirements of KRS Chapter 13A; and (5) to amend the structural pest control certification requirements to also require applicants to demonstrate practical knowledge of environmental conditions. Without objection, and with agreement of the agency, the amendments were approved.

ENERGY AND ENVIRONMENT CABINET: Department for Environmental Protection: Division for Air Quality: Attainment and Maintenance of the National Ambient Air Quality Standards
401 KAR 51:001. Definitions for 401 KAR Chapter 51. Sean Alteri, assistant director, and Andrea Smith, manager, Program Planning Branch, represented the division.
A motion was made and seconded to approve the following amendments: to amend Section 1 (207) to comply with the drafting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

401 KAR 51:017. Prevention of significant deterioration of air quality.
401 KAR 51:052. Review of new sources in or impacting upon nonattainment areas.

PUBLIC PROTECTION CABINET: Department of Insurance: Agent Licensing Division: Agents, Consultants, Solicitors and Adjusters
806 KAR 9:211. Repeal of 806 KAR 9:210. Frank Goins, director, Property and Casualty Division; D. J. Wesson, administrative coordinator, and Maggie Woods, director of agency licensing, represented the division.

Property and Casualty Division: Surplus Lines
A motion was made and seconded to approve the following amendments: (1) to amend Section 1 to correct a citation; and (2) to amend the NECESSITY, FUNCTION, AND CONFORMANCE paragraphs and Section 2 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

Division of Kentucky Access: Health Insurance Contracts
806 KAR 17:540. ICARE Program high-cost conditions.
806 KAR 17:545. ICARE Program employer eligibility, application process, and requirements.
806 KAR 17:555. ICARE Program requirements.

CABINET FOR HEALTH AND FAMILY SERVICES: Office of Health Policy: Certificate of Need
900 KAR 6:060. Timetable for submission of certificate of need applications. Chandra Venettozzi, health data administrator, represented the cabinet.
In response to a question by Co-Chair Bell, Ms. Venettozzi stated that this administrative regulation authorized the cabinet to reject a CON application if the application was filed more than eighty (80) days before the desired public notice.
900 KAR 6:085. Implementation of outstanding Certificate of Need when ownership has changed.
In response to a question by Co-Chair Bell, Ms. Venettozzi stated that this administrative regulation authorized a facility to transfer an unused CON only to a facility purchasing the facility with the other existing CONs as well.
A motion was made and seconded to approve the following amendments: to amend the TITLE; the NECESSITY, FUNCTION, AND CONFORMANCE paragraph; and Sections 1 and 2 to comply with the drafting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.
900 KAR 6:090. Certificate of Need filing, hearing, and show cause hearing.
In response to a question by Co-Chair Bell, Ms. Venettozzi stated that this administrative regulation was amended as part of a reorganization of requirements.
A motion was made and seconded to approve the following amendments: to amend Section 4 to: (1) correct a citation; and (2) comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.
In response to a question by Senator Pendleton, Ms. Venettozzi stated that she would investigate why Cumberland Hall transferred prospective military patients to Tennessee. Cumberland Hall had twenty (20) unoccupied beds; however, Cumberland Hall stated that those beds could not be used for adult or military patients. Ms. Venettozzi agreed to report the findings of the investigation to the Subcommittee.
A motion was made and seconded to approve the following amendments: (1) to amend the RELATES TO paragraph and Section 1 to correct statutory citations; and (2) to amend Sections 1, 3, and 4 to comply with the drafting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

**Department for Aging and Independent Living: Division of Operations Support: Aging Services**

910 KAR 1:240. Certification of assisted-living communities. Phyllis Sosa, assistant director, represented the department.

A motion was made and seconded to approve the following amendments: to amend the RELATES TO paragraph and Sections 7 and 8 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

The following administrative regulations were deferred to the November 13, 2012, meeting of the Subcommittee:

CUMULATIVE SUPPLEMENT

Locator Index - Effective Dates

The Locator Index lists all administrative regulations published in VOLUME 39 of the *Administrative Register of Kentucky* from July 2012 through June 2013. It also lists the page number on which each administrative regulation is published, the effective date of the administrative regulation after it has completed the review process, and other action which may affect the administrative regulation. NOTE: The administrative regulations listed under VOLUME 38 are those administrative regulations that were originally published in VOLUME 38 (last year's) issues of the *Administrative Register of Kentucky* but had not yet gone into effect when the 2012 Kentucky Administrative Regulations Service was published.

KRS Index

The KRS Index is a cross-reference of statutes to which administrative regulations relate. These statute numbers are derived from the RELATES TO line of each administrative regulation submitted for publication in VOLUME 39 of the *Administrative Register of Kentucky*.

Technical Amendment Index

The Technical Amendment Index is a list of administrative regulations which have had technical, nonsubstantive amendments entered since being published in the 2012 *Kentucky Administrative Regulations Service*. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10) or 13A.312(2). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published in the *Administrative Register of Kentucky*.

Subject Index

The Subject Index is a general index of administrative regulations published in VOLUME 39 of the *Administrative Register of Kentucky*, and is mainly broken down by agency.
## LOCATOR INDEX - EFFECTIVE DATES

### VOLUME 38

The administrative regulations listed under VOLUME 38 are those administrative regulations that were originally published in Volume 38 (last year’s) issues of the Administrative Register of Kentucky but had not yet gone into effect when the 2012 Kentucky Administrative Regulations Service was published.

### SYMBOL KEY:

- * Statement of Consideration not filed by deadline
- ** Withdrawn, not in effect within 1 year of publication
- *** Withdrawn before being printed in Register
- **** Emergency expired after 180 days

(r) Repealer regulation: KRS 13A.310-on the effective date of an administrative regulation that repeals another, the regulations compiler shall delete the repealed administrative regulation and the repealing administrative regulation.

### EMERGENCY ADMINISTRATIVE REGULATIONS:

(Note: Emergency regulations expire 180 days from the date filed; or 180 days from the date filed plus number of days of requested extension, or upon replacement or repeal, whichever occurs first.)

The Technical Amendment Index is a list of administrative regulations which have had technical, nonsubstantive amendments entered since being published in the 2012 Kentucky Administrative Regulations Service. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10) or 13A.312(2). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published in the Administrative Register of Kentucky. NOTE: Finalized copies of the technically amended administrative regulations are available for viewing on the Legislative Research Commission Web site at http://www.lrc.ky.gov/home.htm.
