ENCE ADMINISTRATIVE REGULATIONS

STATEMENT OF EMERGENCY

301 KAR 2:221E

This emergency administrative regulation establishes season dates, limits, shooting hours, and other requirements for hunting waterfowl. Waterfowl hunting season frameworks are set annually by the U.S. Fish and Wildlife Service. Under federal law, states that wish to establish migratory bird hunting seasons shall do so within the federal frameworks. Development of the federal regulations involves consideration of harvest and population status data, coordination with state wildlife agencies, and public involvement. Consequently, federal migratory bird hunting regulations are promulgated less than six (6) weeks before the opening dates of the hunting season in Kentucky. An ordinary administrative regulation will not suffice because the federal framework is not established until days before the start of the waterfowl season. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency regulation.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate.

2. State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Part 20, 21.

3. Minimum or uniform standards contained in the federal mandate. 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing date, the maximum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during and after periods open for hunting.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may allow. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional and/or state populations of birds important to Kentucky’s waterfowl hunters. The season on snow geese is shorter than the federal framework because migration patterns for this species result in a paucity of birds early in the federal framework. The Canada goose season in the Northeast Goose Zone is shorter than is permitted in the rest of the state because of the desire to maintain a huntable population in that region of the state.

FEDERAL MANDATE ANALYSIS COMPARISON

2. State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Parts 20 and 21.

3. Minimum or uniform standards contained in the federal mandate. 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing date, the maximum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during and after periods open for hunting.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may allow. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional and/or state populations of birds important to Kentucky’s waterfowl hunters. The greatest wintering and migrating waterfowl concentrations are located on public lands managed by the Department. The Department imposes more restrictive hunting regulations on these lands in effort to meet waterfowl management objectives while still providing quality hunting opportunity.

(a) Relevant to unmet certification criteria specified on the
regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: The amendment to this administrative regulation will create a new living arrangement category to support individuals with serious mental illness in private residences who meet other existing technical and financial eligibility requirements for the State Supplementation Program. The amendment to this administrative regulation will also increase the standards of need in the State Supplementation Program to reflect the cost of living adjustment (a.k.a., COLA) to be implemented in calendar year 2014 by the Social Security Administration for Supplemental Security Income (SSI) recipients. Lastly, the amendment updates terminology within the body of the administrative regulation and its incorporated materials. Other technical corrections were made in accordance with KRS Chapter 13A.
(b) The necessity of the amendment to this administrative regulation: This amendment is necessary to comply with terms of the interim settlement agreement entered between the Cabinet for Health and Family Services and the Division of Protection and Advocacy to avoid federal suit. The new living arrangement category is one of many steps negotiated between the agencies in effort to achieve the goals of community integration and self-determination for individuals with serious mental illness who are living in, or at risk of living in, a personal care home. The amendment in this category is necessary to comply with the agreement between the Commonwealth of Kentucky and the Social Security Administration, formerly a part of the U.S. Department of Health, Education, and Welfare, to pass along the cost of living adjustment in Supplemental Security Income (SSI) benefits to State Supplementation Program recipients. Failure to comply with this agreement jeopardizes the state's Medicaid funding.
(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to authorizing statutes through its establishment of a new living arrangement category, as permitted by 20 C.F.R. 416.2099. The Social Security Administration announced the amount of the Supplemental Security Income (SSI) cost of living adjustment on October 30, 2013. The announcement was delayed due to the federal government shutdown. Terms used in the administrative regulation and its incorporated material were also updated to reflect terminology changes made to the statutes during the 2012 Regular Session, specifically the replacement of "mental retardation" with "intellectual disability".
(d) How the amendment will assist in the effective administration of the statutes: This amendment will assist in the effective administration of the statutes by: (1) establishing State Supplementation Program eligibility and benefits to facilitate the most integrated setting and the provision of the most appropriate services to meet the needs of individuals with serious mental illness; (2) passing along the 2014 cost of living adjustment for Supplemental Security Income (SSI) to State Supplementation Program through an increase in the program's standards of need for all recipients; and (3) providing an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Assistance through the cabinet and the Division of Protection and Advocacy will be provided to existing State Supplementation recipients with interest and preliminary qualifications for the new living arrangement category. The new living arrangement category will also be an ongoing option for qualifying State Supplementation applicants and recipients with serious mental illness. Regulated entities will realize an increase in the standards of need for each level of care in the State Supplementation Program effective January 1, 2014.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There will be no cost to the regulated entities.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Individuals with serious mental illness will be able to qualify for the State Supplementation Program through a new living arrangement category. In addition, the State Supplementation Program's standards of need will increase by the 2014 cost of living adjustment implemented for the Supplemental Security Income (SSI) Program by the Social Security Administration. Benefit amounts in the State Supplementation Program will increase by the 2014 cost of living adjustment.
(d) How the amendment will assist in the effective administration of the statutes: This amendment will assist in the effective administration of the statutes by: (1) establishing State Supplementation Program eligibility and benefits to facilitate the most integrated setting and the provision of the most appropriate services to meet the needs of individuals with serious mental illness; (2) passing along the 2014 cost of living adjustment for Supplemental Security Income (SSI) Program by the Social Security Administration, formerly a part of the U.S. Department of Health, Education, and Welfare, to pass along the cost of living adjustment for Supplemental Security Income (SSI) to State Supplementation Program through an increase in the program's standards of need for all recipients; and (3) making technical corrections to reflect terminology changes made to the statutes by the Social Security Administration, formerly a part of the U.S. Department of Health, Education, and Welfare.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: General Funds/Agency Funds are used to fund the State Supplementation Program.
(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding is necessary to implement this administrative regulation.
(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does not establish any fees, and it does not directly or indirectly increase any fees.
(9) TIERING: Is tiering applied? Tiering is not applied, because this administrative regulation will be applied in a like manner statewide.

STATEMENT OF EMERGENCY
921 KAR 3:090E

This emergency administrative regulation is necessary to adjust the standardized benefit allotments in the Simplified Assistance for the Elderly (SAFE) program concurrent with the sunset of a provision contained within the American Recovery and Reinvestment Act of 2009, as amended by the Healthy Hungry Free Kids Act of 2010, which increased the Supplemental Nutrition Assistance Program (SNAP) maximum benefit allotments effective April 1, 2009, through November 1, 2013. Benefits through the SAFE Program, a demonstration project under SNAP, must be adjusted by November 1st to ensure that SAFE benefits are cost neutral in comparison to benefits that are available through regular SNAP per federal instruction received September 13, 2013. Failure to adjust the SAFE program’s benefit allotments would result in noncompliance with governing federal laws, federal instruction, and may result in suspension or loss of the demonstration project that improves access to food benefits, delivery of food benefits, and program participation for recipients of Supplemental Security Income (SSI) who are aged sixty (60) or older. An ordinary administrative regulation would not allow the agency sufficient time to adjust the standardized benefit allotments in the SAFE program concurrent with the November 1st effective date of the federally prescribed sunset. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to the emergency administrative regulation. The SAFE program is an approved demonstration project by the U.S. Department of Agriculture’s Food and Nutrition Service (FNS) that provides a standardized monthly allotment of SNAP benefits. The program is required to be cost neutral in relation to regular SNAP. To determine cost neutrality, benefit amounts received through the SAFE program should be comparable to regular SNAP benefits, but should be at no additional cost. An evaluation of the project by FNS earlier this year determined that the SAFE program was not cost neutral and adjustments in the monthly allotment were necessary to bring the project into compliance with federal mandates. On April 1, 2013, an emergency administrative regulation was filed to correct the noncompliance.

STATUTORY AUTHORITY: KRS 241.060(2), EO 2008-507.

NECESSITY, FUNCTION, AND CONFORMITY: KRS 241.060(2) authorizes the board to limit in its sound discretion the number of licenses of each kind or class to be issued in this state or any political subdivision, and restrict the locations of licensed premises. EO 2008-507, effective June 16, 2008, abolished the Environmental and Public Protection Cabinet and established the new Public Protection Cabinet, and reorganized the Office of Alcohol Beverage Control as the Department of Alcohol Beverage Control. This administrative regulation establishes quota retail liquor package licenses in cities that have become wet pursuant to KRS 242.125 separately from their respective counties which remain dry, and individual quotas for smaller political subdivisions within a county if the general retail package liquor license quota established in 804 KAR 9:010, if applied, would result in the issuance of more licenses than the population of the political subdivision could reasonably support.

Section 1. Establishment of general city quotas. (1) Except as provided in subsection (2) of this section and Section 4 of this administrative regulation, the number of quota retail package licenses issued by the department in [any] city of the Commonwealth which becomes wet separately by virtue of a KRS 242.125 local option election held after January 1, 2013, shall be (not exceed) a number equal to one (1) for every 2,300 persons resident in the city.

(2) The minimum number of quota retail package licenses issued by the department in [any] city shall be two (2) [such] licenses.

(3) The estimates of population for Kentucky cities prepared by the Kentucky State Data Center, Urban Studies Center of the University of Louisville, Louisville, Kentucky, shall be used (if available) in every year to determine the number of licenses prescribed by this administrative regulation. The United States Government census figures of population shall be used in a census year.

Section 2. Requests for Specific City Quota. (1) Three (3) or more years after the certification of a wet election pursuant to KRS 242.125 by a city, the city may file a request to the board seeking a specific city quota to increase the number of quota retail package licenses for the city from that established in Section 1 of this administrative regulation.

(2) Before seeking this request, the city shall publish a notice in the newspaper used by the city for legal notices advising the general public of the city’s intent to request additional city quota licenses from the board. (As Amended at ARRS, November 12, 2013)

RELATES TO: KRS Chapter 13B, 210.710, 210.720, and 210.730
NECESSITY, FUNCTION, AND CONFORMITY: KRS 194A.050 requires the Secretary of the Cabinet for Health and Family Services to promulgate administrative regulations necessary to operate the programs and fulfill the responsibilities vested in the cabinet. KRS 210.750 authorizes the Secretary to promulgate administrative regulations to carry out the provisions of KRS 210.710 to 210.780. KRS 210.710(4) and 210.720(3) require the Secretary to adopt a "Means test" for determining the ability to pay of the patient or person responsible for the patient for board, maintenance, and treatment at a facility operated or utilized by the Cabinet for Health and Family Services, for individuals with behavioral health, developmental and intellectual disabilities[the mentally ill or mentally retarded]. This administrative regulation establishes the "Means test" for making that determination.

Section 1. Definitions. (1) "Allowed deduction" means an amount disregarded or deducted from income and assets for the purpose of determining the ability to pay for services rendered by a facility.

(2) "Available assets" means resources of the patient or person responsible for the patient in accordance with KRS 210.720(3), less the applicable protections specified in Section 2(7) of this administrative regulation.

(3) "Deductible" means an amount that a patient or person responsible for the patient is expected to pay toward their care by a third-party payor such as Medicare or a private insurance company.
Section 2. Determination of the Ability to Pay for Services Rendered at Facilities. (1) The facility shall apply the means test to each patient who is admitted to the facility for treatment.

(a) Each facility shall apply the means test to each patient admitted to the facility for treatment in accordance with Section 2(7) of this administrative regulation; and

(C) Facility staff expects the patient’s hospital stay to be three (3) months or less in duration.

(D) The applicable amount contained in the Ability To Pay Assets Table of Section 3(7) of this administrative regulation for the size of the patient’s family using the dependent counting guidelines contained in subsection (5)(n)4 of this section; and

(E) Other assets that are exempted under state law, if any.

Section 3. Calculation of the Amount the Patient or Person Responsible for the Patient is Able to Pay.

(1) The facility shall calculate the ability to pay amount utilizing either the "Ability to Pay Worksheet" or the "Deductible Ability to Pay Worksheet" as appropriate and by using the following formula:

(b) Determine the amount of allowed deductions from income in accordance with Section 2(5) of this administrative regulation;

(c) Subtract the allowed deductions from income; and

(d) The remaining available income shall be divided by 365 to obtain the average daily income of the patient or person responsible for the patient.

(2) If the patient or person responsible for the patient has available assets, the facility shall:

(a) Determine the amount of available assets in accordance with Section 2(7) of this administrative regulation; and

(4) Ability to pay liabilities arising from deductibles shall first be applied to available assets of the patient or person responsible for the patient with any remaining liability being satisfied with available income.

(5) If the Department for Medicaid Services performs an income assessment for a Medicaid patient residing in a nursing facility, intermediate care facility for individuals with mental retardation or a developmental disability or psychiatric hospital in accordance with 907 KAR 1.655, that Medicaid income assessment shall be relied upon in lieu of the ability to pay provisions established in this administrative regulation.

(6)(a) After the ability to pay is determined for the patient or person responsible for the patient, a "Patient or Responsible Party Financial Agreement and Assignment" form shall be completed.

(b) This form shall be explained to the patient or person responsible for the patient and signed by all parties.

(c) If the patient or person responsible for the patient refuses to sign, this refusal shall be noted on the form including the date the form was discussed.

(d) Refusal to sign the form shall not absolve the liability of the patient or person responsible for the patient to pay for services rendered.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Stuart Owen

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes the Department for Medicaid Services’ (DMS’s) reimbursement provisions and requirements related to freestanding birth center services. Freestanding birth centers are authorized to provide delivery services for deliveries that are not complicated.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to establish DMS’s reimbursement provisions and requirements related to freestanding birth center services. Reimbursing for freestanding birth centers is mandated by Section 2301 of the Affordable Care Act.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by establishing DMS’s reimbursement provisions and requirements related to freestanding birth center services.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by establishing DMS’s reimbursement provisions and requirements related to freestanding birth center services.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: This amendment increases reimbursement for freestanding birth centers by paying $1,557, rather than $365, to a freestanding birth center as the facility component of freestanding birth center services. DMS will continue to pay a professional component (to the rendering provider) based on reimbursed established in DMS’s physicians’ services reimbursement regulation (907 KAR 3:010.) Additional amendments including inserting necessary definitions for clarity; inserting general provider requirements (such as program integrity or related); establishing that managed care organizations are not required to reimburse the same amount as DMS reimburses; and establishing that policies are contingent upon receipt of federal funding/federal approval.

(b) The necessity of the amendment to this administrative regulation: This amendment is necessary to elevate DMS’s reimbursement for freestanding birth center services to a level that is compatible with other states and will provide an incentive to freestanding birth centers to participate in the Medicaid program.

Reimbursing for deliveries in a freestanding birth center (which are non-complicated deliveries) are less expensive than reimbursing for the same deliveries in an inpatient hospital.

(c) How the amendment conforms to the content of the authorizing statutes: This amendment conforms to the content of the authorizing statutes by reimbursing for freestanding birth centers at a level compatible with other states and by encouraging such deliveries as they are less expensive than deliveries in an inpatient hospital.

(d) How the amendment will assist in the effective administration of the statutes: This amendment will assist in the effective administration of the authorizing statutes by reimbursing for freestanding birth centers at a level compatible with other states and by encouraging such deliveries as they are less expensive than deliveries in an inpatient hospital.

(3) A list of the type of individuals, businesses, organizations, or state and local government affected by this administrative regulation: Freestanding birth centers; physicians, advanced practice registered nurses, registered nurse, and physician assistants who would work for a freestanding birth center; and Medicaid recipients who would like to have a baby in a freestanding birth center as opposed to an inpatient hospital would benefit by having an option to have a baby in a freestanding birth center rather than in an inpatient hospital.

Freestanding birth centers provide a homelike setting for deliveries and perform deliveries in a manner that is less medically-oriented or rigid in protocol as an inpatient hospital.

For example, freestanding birth centers typically do not induce or augment labor with oxytocin, do not provide continuous electronic fetal monitoring, do not provide epidural anesthesia, do not provide narcotics, and do not perform surgical deliveries.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment. No actions are required by the amendment.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3). No cost is imposed by the amendment.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3). Freestanding birth centers and providers who provide services through the centers will benefit by being reimbursed for the services. Medicaid recipients will benefit by having an option to have a baby in a freestanding birth center rather than in an inpatient hospital.

Freestanding birth centers provide a homelike setting for deliveries and perform deliveries in a manner that is less medically-oriented or rigid in protocol as an inpatient hospital.

For example, freestanding birth centers typically do not induce or augment labor with oxytocin, do not provide continuous electronic fetal monitoring, do not provide epidural anesthesia, do not provide narcotics, and do not perform surgical deliveries.

(5) Provide an estimate of how much it will cost to implement this administrative regulation.

(a) Initially: The cost is indeterminable as currently, there are no freestanding birth centers operating in Kentucky. One (1) entity submitted an application for certificate of need (CON) in the autumn of 2012, a CON hearing was conducted in March 2013 and as of the filing of this administrative regulation, no decision had been made to grant or deny the certificate of need request. DMS understands that the applicant does not intend, if a CON is granted, to provide services to Medicaid recipients.

(b) On a continuing basis: The cost is indeterminable. Please see the above response to question (5)(a).

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds
authorized under Title XIX of the Social Security Act and matching state funds appropriated in the biennium budget.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: Neither an increase in fees nor funding will be necessary to implement the amendment.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation neither imposes nor increases any fees.

(9) Tiering: Is tiering applied? Tiering is not applied as the policies apply equally to the regulated entities.

For purposes of the preceding sentence, the term birth attendant means an individual who is recognized or registered by the State involved to provide health care at childbirth and who provides such care within the scope of practice under which the individual is legally authorized to perform such care under State law (or the State regulatory mechanism provided by State law), regardless of whether the individual is under the supervision of, or associated with, a physician or other health care provider. Nothing in this subparagraph shall be construed as changing State law requirements applicable to a birth attendant." 42 U.S.C. establishes that medical assistance (Medicaid) includes "freestanding birth center services (as defined in subsection (l)(3)(A)) and other ambulatory services that are offered by a freestanding birth center (as defined in (l)(3)(B)) and that are otherwise included in the plan." 42 U.S.C. 1396a(a)(30)(A) requires Medicaid state plans to: "...provide such methods and procedures relating to the utilization of, and the payment for, care and services available under the plan (including but not limited to utilization review plans as provided for in section 1903(l)(4)) as may be necessary to safeguard against unnecessary utilization of such care and services."

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? No.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The requirements are not stricter than federal requirements.

The estimates are based on the test scores of 103,525 students from fourteen (14) universities and two (2) states who took both the SAT I and the ACT between October 1994 and December 1996. Because the ACT and the SAT I have different content, students’ actual scores on the ACT could differ significantly from the concordance estimates in the table.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Diana L. Barber
(1) Provide a brief summary of:
   (a) What this administrative regulation does: This administrative regulation sets out the procedures for administering the Kentucky Educational Excellence Scholarship (KEES) Program.
   (b) The necessity of this administrative regulation: This administrative regulation is necessary to establish the requirements relating to the Kentucky Educational Excellence Scholarship (KEES) Program for the Kentucky Higher Education Assistance Authority (KHEAA).
   (c) How this administrative regulation conforms to the content
of the authorizing statutes: KRS 164.7877(3) requires KHEAA to administer the funds appropriated to the trust fund for the program. KRS 164.7874(14) requires KHEAA to determine the KEES curriculum’s courses of study. KRS 164.7879(3)(c) requires KHEAA to determine the eligibility of a noncertified, nonpublic high school graduate and for a GED recipient for a supplemental award. KRS 164.7874(3) requires KHEAA to establish a table to convert an SAT score to an ACT standard. KRS 164.7881(6) requires KHEAA to establish a five (5) year postsecondary education program standard. KRS 164.7881(4)(a) requires KHEAA to establish overall award levels for the program. KRS 164.7879(2)(c) requires KHEAA to determine eligibility for children of parents who are in the military and who claim Kentucky as their home of record. KRS 164.7535 and 164.7881 (4)(c) require KHEAA to identify equivalent undergraduate programs of study. This administrative regulation established these requirements related to the KEES program.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of how the amendment will change this existing administrative regulation: This amendment will change the existing regulation by adding “numerical course average” as a defined term for purposes of determining the underlying letter grades for course grade point average calculations used to determine KEES award eligibility.

(b) The necessity of the amendment to this administrative regulation: This amendment to the administrative regulation is necessary in order to further instruct high schools that the letter grades used to calculate student grade point averages must be derived from the same numerical course average as the letter grades displayed on the student’s official transcript.

(c) How the amendment conforms to the content of the authorizing statutes: The authorizing statutes require KHEAA to develop regulations for administration of the KEES program. This amendment enhances the provisions pertaining to high school calculation and reporting of grade point averages for their students to enable KHEAA to determine eligibility for KEES base awards.

(d) How the amendment will assist in the effective administration of the statutes: This amendment to the administrative regulation will assist in the effective administration of the statutes by further clarifying the letter grades used to calculate student grade point averages must be derived from the same numerical course average as the letter grades displayed on the student’s official transcript.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The amendment to this administrative regulation clarifies that high schools must utilize the same numerical course average to determine letter grades for KEES grade point average reporting purposes as those utilized in determining letter grades for use on the student’s official high school transcript. While the amendment could potentially impact the high schools in their letter grade determinations, it is presumed that the vast majority of high schools already utilize the same numerical course average methodology for calculation of students’ course letter grades for KEES as for transcript purposes, so there should be no net impact.

(4) Provide an assessment of how the above group or groups will be impacted by either the implementation of this administrative regulation, if new, or by the change if it is an amendment: (a) List the actions that each of the regulated entities identified in question (3) will have to take in order to comply with this administrative regulation or amendment: High schools will be required to determine each course letter grade described utilized in grade point average calculations using the same numerical course average as the letter grades displayed on the student’s official high school transcript.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There will be no cost to program recipients in complying with this amendment to the administrative regulation.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): High schools who comply with letter grade determination will have their students considered for KEES base awards.

(5) Provide an estimate of how much it will cost to implement this administrative regulation: (a) Initially: None.

(b) On a continuing basis: See 5(a) above.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The KEES program is funded through net lottery revenues transferred in accordance with KRS 154A.130.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change, if it is an amendment: No increase in fees or funding will be necessary to implement this amendment.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish any fees nor increase any existing fees.

(9) TIERING: Is tiering applied? Tiering was not applied to the amendment of this administrative regulation. The concept is not applicable to this amendment of this administrative regulation. The administrative regulation is intended to provide equal opportunity to participate within parameters, and consequently does not inherently result in disproportionate impacts on certain classes of regulated entities or address a particular problem to which certain regulated entities do not contribute. Disparate treatment of any person or entity affected by this administrative regulation could raise questions of arbitrary action on the part of the agency. The “equal protection” and “due process” clauses of the Fourteenth Amendment of the U.S. Constitution apply may be implicated as well as Sections 2 and 3 of the Kentucky Constitution. The regulation provides equal treatment and opportunity for all applicants and recipients.

(b) The necessity of this administrative regulation: KRS 40.460(2)(b) creates Veterans Program Trust Fund. This regulation is necessary to impose rules for expenditures, to provide for administration of fund, and to create and maintain a trust fund board of directors.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 40.310(3) authorizes the Department of Veterans’ Affairs to accept gifts, grants, and other contributions from governmental units and authorizes the department to administer these funds through the use of trust and agency accounts. KRS 40.460(2)(b) establishes the Veterans’ Program Trust Fund. KRS 40.310(7) authorizes the Kentucky Department of Veterans’ Affairs to manage this Trust Fund.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: It will continue to assist in the effective administration of KRS 40.460(2)(b) and KRS 40.310(7) by providing rules for expenditures and for a trust fund board.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment will provide clear direction—but also flexibility—in Veterans Program Trust Fund expenditures. The amendment also cleans up minor errors in the language and leaves it gender-neutral. It also sets rules of procedure such as the required number of Board members to have a quorum, and creates rules of accountability to ensure the money expended is used according to the regulation.

(b) The necessity of the amendment to this administrative regulation: The regulation as currently written broadly permits expenditures that may not benefit veterans. Particularly Section 2(1)(d) provides for funds to a program that “Works with the public and private sectors to honor and recognize the service and sacrifice of veterans.” Invites requests that are worded in this way, but aren’t for programs that aren’t of real benefit to veterans. In addition, there are currently no rules for making a presentation, for alternative means of voting (proxy, teleconference, etc.), or any guidelines for accountability.

(c) How the amendment conforms to the content of the authorizing statutes: The regulation as amended more closely conforms to content of authorizing statutes by more clearly delineating extent of permissible expenditures. Also the amendment eliminates reference to KRS 11A.055, which only relates to fundraising for 501c organizations and other specific programs, and not to fundraising for veterans or for the Veterans Program Trust Fund.

(d) How the amendment will assist in the effective administration of the statutes: See response to (c), above.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: Only organizations that request funds from Veterans Program Trust Fund will be affected.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Organizations that request funds from Veterans Program Trust Fund will need to establish that the program meets the criteria in the regulation.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): No cost.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Qualifying programs that provide services to veterans can receive assistance from Veterans Program Trust Fund, with approval of the board and the Commissioner of the Department of Veterans Affairs.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: Trust fund is already operational and board is in place.

(b) On a continuing basis: Minimal transportation expenses for board operation; Department of Veterans Affairs maintains the trust fund accounts and conducts day-to-day administration of fund.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The Veterans Program Trust Fund receives portions of fees for veterans-related license plates sold pursuant to KRS 186.162, voluntary donations of state income tax refunds pursuant to KRS 141.444, and individual donations. Fines for misrepresenting military status would go into fund too, pursuant to KRS 434.444(5).

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No
increase of funding necessary for this modification of an existing regulation.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: No fees are established, directly or indirectly.

(9) TIERING: Is tiering applied? (Explain why or why not) No. This regulation affects only the Department of Veterans Affairs, the Veterans Program Trust Fund, its board, and those who make requests to board to fund programs for veterans. No government entities, businesses or organizations that are not intended to be subject to the regulation are affected by it.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? Only (Kentucky Department of Veterans Affairs and Veterans Program Trust Fund board will be impacted.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 40.310(3); KRS 40.460(2) (b)

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. No effect. The Veterans Program Trust Fund is already in place. Regarding (a) – (d) below, the Veterans Program Trust Fund is an offset-budget account, with revenues coming primarily from portions of fees for veteran-related license plates sold pursuant to KRS 186.102. The fund also receives voluntary donations of state income tax refunds pursuant to KRS 141.444, and individual contributions. The amendment will have no affect on the amount of money the fund receives and no substantial effect on what the fund distributes.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? None.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? None.

(c) How much will it cost to administer this program for the first year? N/A.

(d) How much will it cost to administer this program for subsequent years? N/A.

   Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 150.025(1) authorizes the department to promulgate administrative regulations to establish open seasons for the taking of wildlife and to regulate bag limits. FEDERAL MANDATE ANALYSIS COMPARISON

2. State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Part 20, 21.

3. Minimum or uniform standards contained in the federal mandate. 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing date, the maximum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during and after periods open for hunting.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may allow. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional and/or state populations of birds important to Kentucky's waterfowl hunters. The season on snow geese is shorter than the federal framework because migration patterns for this species result in a paucity of birds early in the federal framework. The Canada goose season in the Northeast Goose Zone is shorter than is permitted in the rest of the state because of the desire to maintain a huntable population in that region of the state.

FEDERAL MANDATE ANALYSIS COMPARISON

    2. State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Parts 20 and 21.
mandate. 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing date, the maximum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during and after periods open for hunting.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may allow. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional and/or state populations of birds important to Kentucky’s waterfowl hunters. The greatest wintering and migrating waterfowl concentrations are located on public lands managed by the Department. The Department imposes more restrictive hunting regulations on these lands in effort to meet waterfowl management objectives while still providing quality hunting opportunity.

   c. How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the authorizing statutes through its establishment of a supplemental program for persons who are aged, blind, or have a disability and its compliance with the agreement with the Social Security Administration, formerly a part of the U.S. Department of Health, Education, and Welfare, to maintain the state's eligibility for federal Medicaid funding.
   d. How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by establishing the eligibility requirements and standards of need for the State Supplementation Program for persons who are aged, blind, or have a disability.
   e. If this is an amendment to an existing administrative regulation, provide a brief summary of:
      a. How the amendment will change this existing administrative regulation: The amendment to this administrative regulation will create a new living arrangement category to support individuals with serious mental illness in private residences who meet other existing technical and financial eligibility requirements for the State Supplementation Program. The amendment to this administrative regulation will also increase the standards of need in the State
Supplementation Program to reflect the cost of living adjustment (a.k.a., COLA) to be implemented in calendar year 2014 by the Social Security Administration for Supplemental Security Income (SSI) recipients. Lastly, the amendment updates terminology within the body of the administrative regulation and its incorporated materials. Other technical corrections were made in accordance with KRS Chapter 13A.

(b) The necessity of the amendment to this administrative regulation: This amendment is necessary to comply with terms of the interim settlement agreement entered between the Cabinet for Health and Family Services and the Division of Protection and Advocacy to avoid federal suit. The new living arrangement category is one of many steps negotiated between the agencies in effort to achieve the goals of community integration and self-determination for individuals with serious mental illness who are living in, or at risk of living in, a personal care home. In addition, this amendment is necessary to comply with the agreement between the Commonwealth of Kentucky and the Social Security Administration, formerly a part of the U.S. Department of Health, Education, and Welfare, to pass along the cost of living adjustment in Supplemental Security Income (SSI) benefits to State Supplementation Program recipients. Failure to comply with this agreement jeopardizes the state’s Medicaid funds pursuant to 20 C.F.R. 416.2030 and guidance received from the Social Security Administration, to prevent the unnecessary institutionalization of individuals with serious mental illness. The amendment also conforms to authorizing statutes by (a) establishing State Supplementation Program standards of need for all levels of care for the State Supplementation Program; and (3) making terminology used within the administrative regulation consistent with the statutes.

(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to authorizing statutes through its establishment of a new living arrangement category, as permitted by 20 C.F.R. 416.2030 and guidance received from the Social Security Administration, to prevent the unnecessary institutionalization of individuals with serious mental illness. The amendment also conforms to authorizing statutes by complying with an agreement between Kentucky and the federal government to pass along the cost of living adjustment for Supplemental Security Income (SSI) to State Supplementation Program through an increase in the program’s standards of need for all recipients.

(d) How the amendment will assist in the effective administration of the statutes: This amendment will assist in the effective administration of the statutes by: (1) establishing State Supplementation Program eligibility and benefits to facilitate the most integrated setting and the provision of the most appropriate services to meet the needs of individuals with serious mental illness, (2) passing along the 2014 cost of living adjustment for the Supplemental Security Income (SSI) benefit by modifying the standards of need for all levels of care for the State Supplementation Program; and (3) making terminology used within the administrative regulation consistent with the statutes.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department for qualifying State Supplementation applicants and recipients with serious mental illness. Regulated entities will realize an increase in the standards of need for each level of care in the State Supplementation Program effective January 1, 2014.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There will be no cost to the regulated entities.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Individuals with serious mental illness will be able to qualify for the State Supplementation Program through a new living arrangement category. In addition, the State Supplementation Program’s standards of need will increase by the 2014 cost of living adjustment implemented for the Supplemental Security Income (SSI) Program by the Social Security Administration. Benefit amounts in the State Supplementation Program are the difference between the applicable standard of need and countable income.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: There is no new cost to the administrative body anticipated to initially implement the new living arrangement category. Other technical and financial eligibility requirements of the program were unchanged. There will be negligible fiscal impact to the Cabinet for Health and Family Services to implement the mandated pass-through of the 2014 SSI cost of living adjustment. Not complying with the federal pass-through mandate would jeopardize the state’s federal Medicaid funding.

(b) On a continuing basis: There is no new cost to the administrative body anticipated for future years. There will be negligible fiscal impact to the Cabinet for Health and Family Services to implement the mandated pass-through of the 2014 SSI cost of living adjustment.

(c) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: General Funds/Agency Funds are used to fund the State Supplementation Program.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding is necessary to implement this administrative regulation.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does not establish any fees, and it does not directly or indirectly increase any fees.

(9) TIERING: Is tiering applied? Tiering is not applied, because this administrative regulation will be applied in a like manner statewide.

The Administrative Regulation Review Subcommittee met on Tuesday, November 12, 2013, and submits this report:

Administrative Regulations Reviewed by the Subcommittee:

COUNCIL ON POSTSECONDARY EDUCATION: Adult Education and Literacy
13 KAR 3:010. GED® Testing Program. Jacqueline Korengel, director of statistic initiatives; Travis Powell, general counsel; and Rae Smith, associate of GED services, represented the council.

In response to questions by Co-Chair Harris, Mr. Powell stated that the new GED® examination fee was $120, rather than the previous sixty (60) dollar fee. The new GED® examination was computer based, and the paper examination would no longer be offered. The GED® examination fee was established by the Pearson GED® testing company and financed research and development for future versions of the examination. Other states added a state premium to the $120 GED® examination fee, but Kentucky opted not to add any additional cost. Ms. Korengel stated that, in comparison with other professional examinations, the GED® fee was less than average and the test itself was longer than average; therefore, the fee was reasonable. Mr. Powell stated that financial and other benefits to GED® certificate recipients far outweighed the fee.

In response to questions by Representative Lee, Ms. Korengel stated that the new fee was required once the new examination was offered. There were no provisions for participants who had paid the sixty (60) dollar fee for the previous examination but were still in the process of striving for a certificate. Those participants would be required to pay the new $120 fee independent of anything already paid toward certification. Pearson GED® established the new fee-related requirements. Mr. Powell stated that Pearson GED® was now a for-profit company. The examination program had been losing money, and some testing facilities were closing; therefore, the program was reorganized, and a new fee established. Pearson GED® had changed from a nonprofit to a for-profit company within the last year or two (2). The council’s authorizing statutes required a “GED®” designation; therefore, the council was not authorized to use a test other than the Pearson GED® examination. Ms. Smith stated that a participant who had successfully passed parts of the paper GED® examination but was not yet certified would have to start the process over again under the new GED® examination. Mr. Powell stated that, under the new GED® examination, a participant could choose to take all parts of the GED® examination in a single examination process. Under the previous program, the financial incentive was to take all parts of the examination in a single examination process over a two (2) day period.

In response to questions by Representative Damron, Mr. Powell stated that the council determined who qualified for GED® certification. “GED®” was now a trademarked name by Pearson GED®. The council’s authorizing statutes required the trademarked examination, but the council was open to the General Assembly amending those statutes to allow flexibility for other examination options. Vetting examination options would take time, and the council preferred to go forward with this administrative regulation, rather than deferring. There were organizations to assist program participants in paying for the GED® examination.

Representative Damron stated that legislators had not intended to delegate public policy to a for-profit company in the case of the GED® examination, and the changes were not foreseen when the authorizing statutes were enacted. The overall GED® certification expense was greater than the $120 examination cost if taking into account education programs and related community programs. The cost still was small compared with the certification benefits; however, a for-profit company should not make public policy.

In response to questions by Co-Chair Harris, Ms. Smith stated that approximately 12,000 participants per year sought GED® certification. Mr. Powell stated that, even if the council’s authorizing statutes were amended to provide more flexibility in examination options, it was possible that after vetting other examinations, the Pearson GED® may still be the most appropriate examination or even the least expensive. The council would not know until the other examinations were researched. Ms. Korengel stated that, because the new examination would be computer-based only, the council had spent funding resources to ensure that each examination facility was technologically equipped to provide that testing. Additionally, the new examination was based on the core curriculum standards established in Kentucky and other states.

In response to questions by Representative Lee, Ms. Smith stated that the Pearson GED® examination was nationally portable and recognized by other states.

Co-Chair Bell stated that the council should work diligently to address all concerns expressed by the Subcommittee.

A motion was made and seconded to approve the following amendments: to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph and Section 5 to comply with the drafting and formatting requirements of KRS Chapter 13A and for clarity. Without objection, and with agreement of the agency, the amendments were approved.

STATE BOARD OF ELECTIONS: Forms and Procedures
31 KAR 4:070 & E. Recanvass procedures. Maryellen Allen, executive director, represented the board.

PERSONNEL CABINET: Office of the Secretary: Personnel Cabinet, Classified
GENERAL GOVERNMENT CABINET: Board of Licensure for Professional Engineers and Land Surveyors: Board

In response to a question by Co-Chair Bell, Mr. Buckley stated that this administrative regulation was amended to revise the forms incorporated by reference. Additional information and clarification were required to ensure that the board has the correct, most up-to-date address for each licensee and to investigate disciplinary matters from other jurisdictions, if applicable. For example, under the previous version of this administrative regulation, the board inadvertently licensed someone who was in the process of being convicted for murder.

A motion was made and seconded to approve the following amendments: (1) to amend the agency name; the RELATES TO and NECESSITY, FUNCTION, AND CONFORMITY paragraphs; and Sections 1 and 2 to comply with the drafting and formatting requirements of KRS Chapter 13A; and (2) to amend the material incorporated by reference to comply with the drafting requirements of KRS Chapter 13A and for consistency with the requirements for licensees in KRS Chapter 322. Without objection, and with agreement of the agency, the amendments were approved.

TOURISM, ARTS AND HERITAGE CABINET: Department of Fish and Wildlife Resources: Fish

301 KAR 1:130. Live bait for personal use. Brian Clark, assistant director of public affairs; Benjy Kinman, deputy commissioner; and Karen Waldrop, director of wildlife, represented the department.

A motion was made and seconded to approve the following amendments: to amend Section 2 to comply with the drafting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

Hunting and Fishing

301 KAR 3:022. License, tag and permit fees.

In response to questions by Representative Damron, Mr. Kinman stated that these fee increases were anticipated to produce revenue of approximately $2.500,000. Representative Damron stated that it was unusual for the department to expect such large fee increases while other agencies were cutting budgets because of the economic recession and while the department was experiencing investigation of issues related to financial oversight.

Mr. Kinman stated that the revenue was needed to pay for increased fleet costs, technology costs, training stipends, and health insurance rates. Fees had not been increased since 2007. Over three (3) million dollars was needed for the agency to break even.

In response to questions by Co-Chair Bell, Mr. Kinman stated that the department had conducted a survey that demonstrated that the department needed to lower the amount of the proposed fee increase. Otherwise, there may be a loss of revenue if sportsmen chose not to purchase the permits based on cost. Ms. Waldrop stated that overall the nonresident deer permit fee would still be increased. The agency amendment made an incremental decrease in the originally proposed fee increase, which increased the fee from sixty (60) dollars to $120, instead of $160.

In response to questions by Senator Gregory, Mr. Kinman stated that a federal rule change was being proposed that would establish a threshold fee. That federal rule change proposal was currently in committee. The department anticipated the number of senior hunting and fishing permits purchased to increase by approximately four (4) percent because more baby boomers were reaching the age to qualify.

In response to a question by Representative Turner, Mr. Kinman stated that the outside consultant cost to review the impact of the nonresident deer permit fee was $27,000. Overall, outside consultant fees, not including university consultants, was under $100,000.

Representative Damron stated that he wanted this administrative regulation to be deferred until there was a resolution of the federal rule change proposal. He stated that he would not support raising fees for seniors, disabled persons, or disabled veterans, especially until the investigation into the department's financial irregularities was resolved. Ms. Waldrop apologized if she had confused Subcommittee members regarding the federal rule change proposal. She stated that she did not intend to create an impression that the rule change was already effective. Mr. Kinman stated that the nine (9) member commission did not authorize him to agree to defer consideration of this administrative regulation.

Representative Turner stated that the department showed a lack of respect in its failure to agree to deferral of this administrative regulation.

Mr. Kinman stated that the department would agree to reinstate the five (5) dollar fee for a senior or disabled combination hunting and fishing license. The Subcommittee agreed to that fee reduction.

A motion was made and seconded to approve the following amendments: (1) to amend Sections 1 through 4 and 6 to comply with the drafting requirements of KRS Chapter 13A; and (2) to amend Section 1 to reduce the: (a) nonresident deer permit fee from $160 to $120; and (b) resident senior and disabled combination hunting and fishing license from eleven (11) dollars to five (5) dollars. Without objection, and with agreement of the agency, the amendments were approved.

Wildlife

301 KAR 4:095. Buying and selling mounted wildlife specimens.

A motion was made and seconded to approve the following amendments: (1) to amend the RELATES TO paragraph to add a citation; and (2) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph and Section 2 to comply with the drafting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

State Fair Board: Fairgrounds and Exhibition Center

303 KAR 1:042. Repeal of 303 KAR 1:041. Ellen Benzing, policy analyst, represented the board.

In response to questions by Representative Lee, Ms. Benzing stated that the provisions established in this administrative regulation were from a 1978 policy. The board was in the process of developing new requirements, which requirements were still in draft form. The new administrative regulation may be ready for filing in approximately six (6) months.

JUSTICE AND PUBLIC SAFETY CABINET: Department of Corrections: Office of the Secretary

501 KAR 6:050. Luther Luckett Correctional Complex. Amy Barber, assistant general counsel, represented the department.

A motion was made and seconded to approve the following amendments: to amend Section 1 and LLCC 13-02-05 to align the institution's payment policy for medical services with the department's policy, CPP 13.2, incorporated by reference in 501 KAR 6:020. Without objection, and with agreement of the agency, the amendments were approved.

TRANSPORTATION CABINET: Motor Vehicle Commission: Commission

605 KAR 1:050. Dealer and salesman. Carlos Cassady, executive director, and Trevor Earl, counsel, represented the commission.

Co-Chair Bell thanked the commission for these administrative regulations and stated that transportation was a key to economic improvement.

A motion was made and seconded to approve the following amendments: (1) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraphs and Sections 1, 2, 4, 5, and 6 to comply with the drafting requirements of KRS Chapter 13A; and (2) to add Section 7 to incorporate by reference the application form. Without objection, and with agreement of the agency, the amendments were approved.
605 KAR 1:070. Change of ownership.

A motion was made and seconded to approve the following amendments: (1) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph and Sections 1, 3, 4, and 5 to comply with the drafting and formatting requirements of KRS Chapter 13A; and (2) to add Section 6 to incorporate by reference the application form. Without objection, and with agreement of the agency, the amendments were approved.

605 KAR 1:090. Business names.

A motion was made and seconded to approve the following amendments: (1) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph to clearly state the necessity for and function served by this administrative regulation, as required by KRS 13A.220; and (2) to amend Sections 1 and 2 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

605 KAR 1:130. Procedures.

A motion was made and seconded to approve the following amendments: (1) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph to clearly state the necessity for and function served by this administrative regulation, as required by KRS 13A.220; and (2) to amend Sections 1 through 9, and 11 through 15 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

605 KAR 1:190. Motor vehicle advertising.

A motion was made and seconded to approve the following amendments: (1) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph to clearly state the necessity for and function served by this administrative regulation, as required by KRS 13A.220; and (2) to amend Sections 1 through 16 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

605 KAR 1:210. Nonprofit motor vehicle dealer requirements and licensing.

A motion was made and seconded to approve the following amendments: (1) to amend the TITLE; the NECESSITY, FUNCTION, AND CONFORMITY paragraph; and Sections 1 through 3 to comply with the drafting requirements of KRS Chapter 13A; and (2) to amend the RELATES TO paragraph to add a statutory citation. Without objection, and with agreement of the agency, the amendments were approved.

EDUCATION AND WORKFORCE DEVELOPMENT: Kentucky Board of Education: Department of Education: General Administration

702 KAR 1:115. Annual in-service training of district board members. Kevin Brown, associate commissioner and general counsel; Karen Kidwell, director of program standards; and David Wickersham, attorney, represented the department.

Office of Instruction

704 KAR 3:035. Annual professional development plan.

A motion was made and seconded to approve the following amendments: to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph and Sections 1 through 5 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

704 KAR 3:390. Extended school services.

In response to questions by Co-Chair Bell, Mr. Brown stated that this administrative regulation would not negatively impact schools. The new formula could make funding go up or down, but overall the total amount would remain the same as the previous formula. A slight increase was anticipated because the prior formula used old score assessments and old dropout standards.

In response to a question by Co-Chair Harris, Mr. Brown stated that new dropout and graduation rates precipitated the formula change.

In response to a question by Senator Clark, Mr. Brown stated that the department would follow up with data regarding average daily attendance.

Co-Chair Bell stated that he did not want a school system to lose extended services, especially because no one seemed to be able to anticipate the impact of this administrative regulation. Mr. Brown stated that the department did not receive public comments during the public comment period. Some support was expressed, but there was no negative feedback received.

A motion was made and seconded to approve the following amendments: (1) to amend Section 4 to clarify what constitutes a "true emergency"; and (2) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph and Sections 1, 2, and 4 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

PUBLIC PROTECTION CABINET: Department of Alcoholic Beverage Control: Advertising Distilled Spirits and Wine

804 KAR 1:100. General advertising practices. Trey Hiemenz, legislative liaison; Frederick Higdon, commissioner; and Steve Humphress, general counsel, represented the department.

Jason Nemes, attorney, represented license holders in Somerset to request revisions to 804 KAR 9:040.

In response to a question by Representative Damron, Mr. Hiemenz stated that the administrative regulation had been silent regarding the issue of advertising through social media, and the purpose of the revision was to clarify that advertising through social media was not prohibited.

A motion was made and seconded to approve the following amendments: (1) to amend the STATUTORY AUTHORITY paragraph and Section 2 to add additional relevant citations; and (2) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph and Sections 2, 3, 4, 5, 8, 9, and 10 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

Quotas

804 KAR 9:040. Quota retail package licenses.

Mr. Nemes stated that he represented three license holders in Somerset. The administrative regulation process had worked successfully pertaining to this administrative regulation. He generally supported this administrative regulation; however, his clients still requested two (2) revisions. Rather than automatically assigning a city more than one (1) license in order to avoid a monopoly, in addition to population, the department should consider nearness to other cities with licenses. Also, Mr. Nemes requested an amendment to require evidence of ability or inability to serve the area in order to support a change in licensure.

Representative Turner stated that the sorts of problems encountered in Somerset were an example of the problems associated with reclassification of licenses.

In response to the comments by Mr. Nemes, Mr. Hiemenz stated that the new administrative regulation based licenses on population solely because the department believed to do so would reflect the intention of the voting citizens.

A motion was made and seconded to approve the following amendments: to amend Sections 1, 2, 3, 5, and 6 to: (1) clarify this administrative regulation's applicability to cities that have already been given quotas; (2) specify the standard to determine if a city will receive an increased quota; (3) clarify procedures for quota vacancies and reductions; (4) reorganize provisions; and (5) comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.
In response to a question by Representative Lee, Mr. Owen stated that the administrative regulation’s language regarding continuation of services during an appeal was taken directly from the federal requirements. The cabinet had worked with the Department of Protection and Advocacy to respond to the issue of the language for continuation of services during an appeal and determined that using the federal language directly was prudent.

Representative Damron stated that the cabinet did not seem to provide adequate independent review of appeals pertaining to denials of service. Because the cabinet was so closely related to the managed care organizations, the appropriate level of independence was absent. It was important that decisions regarding appeals pertaining to denials of service be based on medical, not financial, factors.

A motion was made and seconded to approve the following amendments: (1) to amend Section 1 to add definitions of “administrative hearing,” “hearing officer,” and “party”; (2) to amend Sections 1, 2, and 4 through 17 to: (a) clarify that references to an “administrative hearing,” “hearing officer,” and “party”; (2) to amend Sections 1, 2, and 4 through 17 to: (a) clarify that references to “administrative hearing,” “hearing officer,” and “party”; (3) to amend Section 5 to specify what actions qualify for continuation of services in accordance with the established procedures; (4) to amend Section 6 to specify that an administrative hearing shall be conducted within thirty (30) days of the date of the request for an administrative hearing unless otherwise authorized by the hearing officer; (5) to amend Sections 7, 9, 10, 11, and 12 to align the administrative hearing procedures to those established in KRS Chapter 13B; and (6) to amend Section 13 to establish the maximum fee an attorney is authorized to charge an applicant or recipient for representation regarding Medicaid before the Supreme Court of Kentucky. Without objection, and with agreement of the agency, the amendments were approved.

In response to questions by Co-Chair Harris, Mr. Mudd stated that all costs were raised, except at Oakwood, which had decreased costs.

In response to a question by Representative Lee, Ms. Fiehler stated that this administrative regulation removed the requirement for a minimum of five (5) dissimilar components as long as meals still met nutritional standards. Under the previous requirements, meeting the requirement often made meals less appetizing just to fill each slot in a tray.
A motion was made and seconded to approve the following amendments: (1) to amend the RELATES TO and NECESSITY, FUNCTION, AND CONFORMITY paragraphs to add citations; (2) to amend Section 10 to specify provisions; and (3) to amend Sections 1, 3, 4, 6, 10, and 15 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

The following administrative regulations were deferred to the December 10, 2013, meeting of the Subcommittee:

CUMULATIVE SUPPLEMENT

Locator Index - Effective Dates

The Locator Index lists all administrative regulations published in VOLUME 40 of the Administrative Register of Kentucky from July 2013 through June 2014. It also lists the page number on which each administrative regulation is published, the effective date of the administrative regulation after it has completed the review process, and other action which may affect the administrative regulation. NOTE: The administrative regulations listed under VOLUME 39 are those administrative regulations that were originally published in VOLUME 39 (last year's) issues of the Administrative Register of Kentucky but had not yet gone into effect when the 2013 Kentucky Administrative Regulations Service was published.

KRS Index

The KRS Index is a cross-reference of statutes to which administrative regulations relate. These statute numbers are derived from the RELATES TO line of each administrative regulation submitted for publication in VOLUME 40 of the Administrative Register of Kentucky.

Technical Amendment Index

The Technical Amendment Index is a list of administrative regulations which have had technical, nonsubstantive amendments entered since being published in the 2013 Kentucky Administrative Regulations Service. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10) or 13A.312(2). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published in the Administrative Register of Kentucky.

Subject Index

The Subject Index is a general index of administrative regulations published in VOLUME 40 of the Administrative Register of Kentucky, and is mainly broken down by agency.
The administrative regulations listed under VOLUME 39 are those administrative regulations that were originally published in Volume 38 (last year’s) issues of the Administrative Register of Kentucky but had not yet gone into effect when the 2013 Kentucky Administrative Regulations Service was published.

The Technical Amendment Index is a list of administrative regulations which have had technical, nonsubstantive amendments entered since being published in the 2013 Kentucky Administrative Regulations Service. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10) or 13A.312(2). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published in the Administrative Register of Kentucky. NOTE: Finalized copies of the technically amended administrative regulations are available for viewing on the Legislative Research Commission Web site at http://www.lrc.ky.gov/home.htm.
