REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Rose Mack

(1) Provide a brief summary of:

(c) How does this administrative regulation conform to the authorizing statute: KRS 150.025 authorizes the department to establish hunting season dates and bag limits. KRS 150.360 authorizes the department to restrict methods for the taking of wildlife. KRS 150.371 authorizes the department to regulate the taking of waterfowl on public and private land. This administrative regulation establishes procedures for the taking of waterfowl within reason-
(including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department’s Wildlife Division and Law Enforcement Division.

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 150.025(1) authorizes the department to promulgate administrative regulations to establish open seasons for the taking of wildlife and to regulate bag limits. KRS 150.360 authorizes the department to restrict methods of taking wildlife. KRS 150.600 authorizes the department to regulate the taking of waterfowl on public and private land. Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

FEDERAL MANDATE ANALYSIS COMPARISON

2. State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Part 20.

3. Minimum or uniform standards contained in the federal mandate. 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing date, the maximum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during, and after periods open for hunting.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may allow. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional, and/or state populations of birds important to Kentucky’s waterfowl hunters. The season on snow geese is shorter than the federal framework because migration patterns for this species result in a paucity of birds early in the federal framework. The Canada goose season in the Northeast Goose Zone is shorter than is permitted in the rest of the state because of the desire to maintain a huntable population in that region of the state.

STATEMENT OF EMERGENCY 301 KAR 2:222E

This emergency administrative regulation establishes season dates, limits, shooting hours and other requirements for hunting waterfowl on public lands. Waterfowl hunting season frameworks are set annually by the U.S. Fish and Wildlife Service. Under federal law, states that wish to establish migratory bird hunting seasons shall do so within the federal frameworks. Development of the federal regulations involves consideration of harvest and population status data, coordination with state wildlife agencies, and public involvement. Consequently, federal migratory bird hunting regulations are promulgated less than six (6) weeks before the opening dates of the hunting season in Kentucky. An ordinary administrative regulation will not suffice because the federal framework is not established until days before the start of the waterfowl season. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.

Revenues (+/-):
Expenditures (+/-):
Other Explanation:

2. State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Parts 20 and 21.

3. Minimum or uniform standards contained in the federal mandate. 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing date, the maximum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during and after periods open for hunting.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may allow. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional and/or state populations of birds important to Kentucky's waterfowl hunters. The greatest wintering and migrating waterfowl concentrations are located on public lands managed by the Department. The Department imposes more restrictive hunting regulations on these lands in effort to meet waterfowl management objectives while still providing quality hunting opportunity.

Part 657, 30 C.F.R. Parts 77.216-1, 77.216-2, 730-733, 735, 773.13(a), 778, 783, 784, 785.17(b), (d), 917, 40 C.F.R. Parts 136, 434, 16 U.S.C. 1276(a), 1531 -1544[et seq.], 30 U.S.C. 1253, 1255, 1257, 1258, 1266, 1267. NECESSITY, FUNCTION, AND CONFORMITY: KRS 350.028(1), (5), 350.151(1), and 350.465(1) authorize the cabinet to promulgate administrative regulations relating to surface and underground coal mining operations. This administrative regulation establishes requirements for granting the grant of a permit for underground coal mining operations. This administrative regulation differs from the corresponding federal regulations as follows: (1) Section 16 of this administrative regulation requires information on alternative sources of water supply if the applicant's determination of probable hydrologic consequences under Section 32 of this administrative regulation finds that water supplies may be adversely affected. There is no exact federal counterpart to this requirement for alternative water supply information for underground mines, although a close parallel is found in the subsidence control plan requirements at 30 C.F.R. 784.20(b)(8), which require a description of measures to be taken to replace adversely affected protected water supplies. This administrative regulation establishes that underground mines and surface mines shall be subject to the same requirements regarding water supply replacement, consistent with KRS 350.421 [as amended in 1994]. (2) Section 26(1) of this administrative regulation requires that the application contain an example of the letter by which the applicant proposes to notify the owners of structures for which a subsidence condition survey is required under 405 KAR 18:210, Section 1(4). The corresponding federal regulation does not require a sample letter. The federal regulations are structured so that these subsidence surveys shall be included in the permit application prior to permit issuance. The cabinet's administrative regulations allow the detailed surveys of structures to be submitted after permit issuance. The example letter is needed in the permit application to ensure that the applicant is prepared to provide proper notice to owners of structures after permit issuance. (3) Section 26 of this administrative regulation does not include the requirement at 30 C.F.R. 784.20(a)(3) for detailed surveys of the subsidence condition of structures that may be damaged by subsidence. These surveys may be submitted after permit issuance[et seq.] and therefore are required under 405 KAR 18:210 rather than this administrative regulation. (4) Section 26 of this administrative regulation applies to water supplies for "domestic, agricultural, industrial, or other legitimate use", whereas the corresponding federal regulation is limited to poundments, establishment of vegetation for wildlife food and cover, and the replacement of perches and nest boxes. If the plan does not include enhancement measures, a statement shall be given explaining why enhancement is not practicable. (3) Upon request, the cabinet shall provide the protection and enhancement plan required under this section to the U.S. Department of the Interior, Fish and Wildlife Service regional or field office for their review. This information shall be provided within ten (10) days of the receipt of the request from the Service.
"drinking, domestic, or residential" water supplies. This administrative regulation applies to water supplies protected under KRS 350.421, whereas the federal regulation applies to water supplies protected under 30 U.S.C. 1309a.

   1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment;
   2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided;
   3. Each property shall be recognized as a physical record of its time, place, and use. A change that creates a false sense of historical development, such as adding a conjectural feature or architectural elements to another building, shall not be undertaken;
   4. Changes to the property of those changes that have acquired historic significance in their own right shall be retained and preserved;
   5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved;
   6. Deteriorated architectural features shall be repaired rather than replaced. If the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, if possible, materials. Replacement of missing architectural features shall be substantiated by documentary, physical, or pictorial evidence;
   7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible;
   8. Significant archeological resources affected by a project shall be protected and preserved. If these resources shall be disturbed, mitigation measures shall be undertaken;
   9. New additions, exterior alterations, or related new construction shall not destroy historic context, if applicable or current building. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment;
   10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and image of the historic property and its environment would be unimpaired.
   (c) The quality of materials, craftsmanship, and related new construction in rehabilitation shall match the quality of materials, craftsmanship, and design of the historic structure in question. Certain treatments, if improperly applied, or certain materials by their physical properties, may cause or accelerate physical deterioration of historic buildings, and use of these treatments or materials shall result in denial of certification. The burden shall be upon the applicant to consult with the council for a determination as to what rehabilitation measures are appropriate for the structure. Inappropriate rehabilitation measures on historic properties shall include:
      1. Improper masonry repointing of materials and techniques;
      2. Improper exterior masonry cleaning methods;
      3. Improper introduction of insulation if damage to historic fabric would result; and
      4. Incompatible additions and new construction.
   (d) In certain limited cases, it may be necessary to dismantle and rebuild portions of a certified historic structure to stabilize and repair weakened structural members and systems. In these cases, the council may consider the dismantling and rebuilding of a portion of a certified historic structure to stabilize and repair weakened structural members and systems, and at part if a certified historic rehabilitation if:
1. The necessity for dismantling is justified in supporting document-
umentation;
2. Significant architectural features and overall design are re-
tained; and
3. Adequate historic materials are retained to maintain the ar-
chitectural and historic integrity of the overall structure.

(3) Substantial rehabilitation. A rehabilitation project shall be a
substantial rehabilitation only if the requirements of KRS
171.396(9) and (10) are met. To determine whether a rehabilitation
project is a substantial rehabilitation, the [following conditions es-
tablished in this subsection shall apply:]

(a) Increases to the adjusted basis of the structure shall in-
clude capital improvements to the structure, legal fees incurred for
perfecting title, and zoning costs. Any depreciation previously
claimed for the structure shall be subtracted from this figure.

(b) If a cost only partially qualifies as an eligible rehabilitation
expense because some of the cost is attributable to the enlarge-
ment of the building, the expenditures shall be apportioned propor-
tionately between the original portion of the building and the en-
largement.

(c) In addition to the expenses listed in KRS 171.396(9), quali-
fi ed rehabilitation expenses shall include:
1. The cost of work done to structural components of the build-
ing within the footprint of the historic structure if they are perma-
nent;
2. Costs related to new heating, plumbing, and electrical sys-
tems, as well as expenses related to updating kitchens and bath-
rooms; compliance with the Americans with Disabilities Act of 1990
(42 U.S.C.[Section 12101], and fire suppression systems and fire
escapes; and
3. The cost of architectural and engineering fees, site survey
fees, legal expenses, development fees, and other construction-
related costs, if those [such] costs are added to the basis of the
property.

(4) Review of Part 2 Applications.

(a) A complete and adequately documented Certification Appli-
cation Part 2- Description of Rehabilitation shall be reviewed by the
council for a determination that the rehabilitation plan is a substan-
tial rehabilitation and meets the standards for rehabilitation.

(b) After consideration of the information contained in the
application and other available information, the council shall issue a
preliminary certification of rehabilitation if the rehabilitation plan is a
substantial rehabilitation [as defined by KRS 171.396(10)], and
meets the standards for rehabilitation [as established in subsection
(2) of this section] of this administrative regulation.

5) If the application is not adequate to complete the review
or if revisions to the rehabilitation project are necessary to meet the
standards for rehabilitation [as established in subsection (2) of
this section] of this administrative regulation, the council shall
attempt to notify the applicant by mail, telephone, or e-mail using
the contact information provided on the application.

(b) An applicant’s failure to respond may result in denial of the
application.

(c) The council’s notification or failure to notify shall not consti-
tute a waiver of a deficiency [of deficiencies] or an alteration of a
time limitation [as established] of this administrative regulation.

(6) Changes to rehabilitation plans. Once a rehabilitation plan
has been approved by the council, an applicant may only make
substantive changes in the work described in the application by:

(a) Filing a Certification Application-Continuation/Amendment
form with the council; and

(b) Receiving notification from the council that the revised plan
continues to meet the standards for rehabilitation [as established]
in subsection (2) of this section of this administrative regulation and is a
substantial rehabilitation [as defined by KRS 171.396(10)]

Section 5. Certifications of Rehabilitation-Part 3 Completed
Work. (1) Application. Upon completion of a rehabilitation project, an applicant shall [timely file a Certification Application Part 3-
Request for Certification of Completed Work with the council for
final certification of rehabilitation. An application shall include the
following information:

(a) Names and mailing addresses of owners;
(b) Name and address of property;
(c) Designation of whether the application is for owner-
occupied residential property or other property;
(d) Actual starting date and completion date;
(e) Actual qualified rehabilitation expenses;
(f) Photographs adequate to document the appearance of the
structure, both on the interior and exterior, and its site and envi-
ronment during and after rehabilitation;
(g) The taxpayer identification number or Social Security num-
ber; and
(h) Signatures of owners or a representative authorized to sign
on behalf of the owner requesting certification.

(2) Summary of Investment and Election of Credit. In addition to
filing a Certification Application Part 3- Request for Certification of
Completed Work form, the applicant shall submit a Summary of In-
vestment and Election of Credit form with the council. The Sum-
mary of Investment and Election of Credit shall include the follow-
ing:

(a) Names and mailing addresses of the owners;
(b) Name and address of the property;
(c) Actual costs attributed to the rehabilitation work;
(d) The taxpayer identification number or Social Security number;
(e) Notarization of the signatures if the property is an owner-
occupied residence or, for all other property, compila-
tion [certification] by a certified public accountant or equivalent of
the actual costs attributed to the rehabilitation of the historic struc-
ture; and
(f) An irrevocable election by the taxpayer to:
1. Use the credit, in which case, the credit shall be refundable;
or
2. Transfer the credit as established in KRS 171.397(8).

(3) Scope of review.
(a) Rehabilitation shall encompass all work on the interior and exterior of the certified historic structure or struc-
tures and the site and environment, as determined by the council,
as related demands on the historic or architectural integrity of the prop-
erty; and such rehabilitation work which may affect the historic integ-
ity, integrity or site, landscape features, and environment of the certified historic structure.

2. Conformance to the standards of rehabilitation established in Section 4(2) of this administrative regulation shall be
determined on the basis of application documentation and other available information by evaluating the property as it existed prior to the commencement of rehabilitation.

(b) A phased rehabilitation project shall not be reimbursed
projects are not permitted. Each rehabilitation project shall be self-
contained, and completion of the rehabilitation project shall not be contingent upon a phased rehabilitation to com-
mence after receiving final certification of rehabilitation.

(c) Portions of a completed rehabilitation project that are not in con-
formance with the standards for rehabilitation shall not be ex-
empted, and may result in denial of the Certification Application Part 3-Request for Certification of Completed Work.

(4) Review of Part 3 Applications. A complete and adequately-
documented Certification Application Part 3- Request for Certification of
Completed Work shall be reviewed by the council for a deter-
mination that the completed rehabilitation project is a certified
rehabilitation and a determination of the final amount of credit ap-
proved. The council shall issue a final certification of rehabilitation if all the following requirements have been met:

(a) All elements of the completed rehabilitation project meet
the standards for rehabilitation [as established] in Section 4(2) of this administrative regulation; and
(b) The completed rehabilitation project was a substantial re-
habilitation [as defined by KRS 171.396(10)]; and
(c) Part 3 was filed with the council after the completion date [as defined in Section 1(5) of this administrative regulation].
and within thirty (30) days following the close of the calendar year in which the completion of the rehabilitation occurred.

(5) If the application is not adequate to complete the review or if revisions to the rehabilitation project are necessary to meet the standards of rehabilitation established under this administrative regulation, the council shall attempt to notify the applicant by mail, telephone, or e-mail using the contact information provided on the application. Applicant’s failure to respond may result in denial of the application. The council’s notification or failure to notify shall not constitute a waiver or alteration of time limitations established under this Act.

Section 6. Recapture of Preliminary Tax Credit Allocation For Credits Under KRS 171.397. (1) Notice of Recapture. For tax credits under KRS 171.397, if an owner fails to obtain a Certification of Completed Work within thirty-six (36) months from the date of the taxpayer’s preliminary allocation of tax credit, the director shall mail to the owner written notice of recapture of the preliminary tax credit allocation.

(2) Objection. (a) If the owner objects to the recapture of the preliminary allocation of tax credit, the owner shall file written notice of objection accompanied by a supporting statement setting forth grounds for objection within forty-five (45) days of the date of the notice of recapture.

(b) If the owner does not timely object, the preliminary tax credit allocation shall be recaptured by the council and added to the certification rehabilitation credit cap for the next calendar year as established in KRS 171.397(2)(c).

(3) Reinstatement. Within thirty (30) days of receipt of the owner’s notice of objection, the council shall review the objection and determine if the owner has provided reasonable grounds as established in subsection (5) of this section to reinstate the preliminary allocation.

(a) If the council determines that the preliminary tax credit allocation has been reinstated, the:

1. Council shall give the owner written notice that the preliminary tax credit allocation has been reinstated for an additional twenty-four (24) months;

2. Owner shall pay a review fee for a Part 2 application in the amount established in Section 10(1) or (2) of this administrative regulation;

3. Owner shall obtain a Certification of Completed Work on or before the expiration of twenty-four (24) months. If the owner fails to obtain a Certification of Completed Work or fails to request an extension under subsection (4) of this administrative regulation, the council shall initiate recapture of the preliminary tax credit allocation under the procedures established in Section 6 of this administration regulation.

(b) If the council determines that the preliminary tax credit allocation shall not be reinstated:

1. The council shall give the owner written notice that the preliminary tax credit allocation has not been reinstated;

2. The owner shall be given thirty (30) days from the date of the notice that the preliminary tax credit allocation has not been reinstated to file an appeal as established in Section 8 of this administrative regulation;

3. If the owner fails to file a timely appeal as established in Section 8 of this administrative regulation:

a. The preliminary allocation shall not be reinstated;

b. The preliminary tax credit allocation shall be recaptured by the council;

c. The preliminary tax credit allocation shall be added to the certification rehabilitation credit cap for the next calendar year as established in KRS 171.397(2)(c).

(4) Extension of Preliminary Tax Credit Allocation. (a) At any time prior to expiration of thirty-six (36) months from the date of the taxpayer’s preliminary allocation of tax, an owner may request in writing that the preliminary tax credit allocation be extended for a period of twenty-four (24) months if the:

1. Owner provides written documentation of reasonable grounds established in subsection (5) of this section for an extension; and

2. Owner pays a review fee for a Part 2 application in the amount established in Section 10(1) or (2) of this administrative regulation, whichever is applicable.

(b) Prior to the expiration of the twenty-four (24) month extension, the owner may request another extension under the procedures established in this subsection. There shall not be a limit on the number of extensions that an owner may request.

(5) Grounds for Reinstatement or Extension. (a) Reasonable grounds shall be documentation of on-going efforts to obtain financial, legal, material, or physical resources necessary to complete the rehabilitation project or documentation that the delay in completion of the rehabilitation project is necessary and unavoidable.

(b) Reasonable grounds shall not include casualty loss or demolition to the extent that the structure no longer qualifies as a certified historic structure, inability to qualify as a substantial rehabilitation, or inability or unwillingness to perform work conditioned by the council and necessary to qualify the project as a certified rehabilitation.

(c) The number of prior reinstatements or extensions shall not be a factor in determining if a reinstatement or extension shall be granted.

Section 7. Inspection. The director or an authorized representative of the council shall be permitted to conduct an inspection of the property at any time up to three (3) years after the council has issued a Certification of Completed Work to determine if the work meets the standards for rehabilitation established under this Act.

Section 8. Appeal. A taxpayer may appeal a determination that the rehabilitation project does not qualify as a certified rehabilitation for purposes of the Act by filing an appeal in writing, in care of the council, to the director or a reviewing officer designated by the director to hear an appeal. (1) An appeal shall be made within thirty (30) [five (5)] days of the date of receipt of the determination being appealed.

(2) The director or the reviewing officer shall decide, based solely upon the record developed by the council, if the council:

(a) Reached incorrect conclusions of law;

(b) Made clearly erroneous factual findings;

(c) Did not consider relevant facts; or

(d) Abused the discretion available to that person.

(3) The director’s or reviewing officer’s decision shall:

(a) Confirm the determination;

(b) Reverse the determination on account of incorrect conclusions of law; or

(c) Remand the matter to the council for further proceedings.

(4) The director or reviewing officer shall decide the appeal and shall notify the taxpayer of the decision in writing within thirty (30) days from the date the appeal is received.

(5) If the appeal was decided by a reviewing officer and the reviewing officer affirms the determination, the taxpayer may appeal the reviewing officer’s determination to the director as established in this subsection.

(a) An appeal to the director shall be filed within the time period established in subsection (1) of this section.

(b) The director shall use the same standards of review established in subsection (2) of this section.

(c) The director shall:

1. Confirm the decision of the reviewing officer;

2. Reverse the determination on account of incorrect conclusions of law; or

3. Remand the matter to the council for further proceedings.

(d) The director shall decide the appeal and shall notify the taxpayer of the decision in writing within thirty (30) days from the date the appeal is received.

Section 9. Revocation of Owners’ Certifications. (1) If, after obtaining final certification of rehabilitation, the council determines that the rehabilitation was not undertaken as represented by the owner in the applications, amendments, or supporting documentation, or the owner upon obtaining final certification undertook dis-
qualifying work, the council may revoke a certification by giving written notice to the owner.

(2) The owner may file an appeal as established in Section 8 of this administrative regulation.

(3) If the owner fails to file a timely appeal, the final certification of rehabilitation shall be revoked within thirty (30) days from the date written notice is filed. The council shall notify the department of its final determination, and any tax consequences of a revocation of certification shall be determined by the department.

Section 10. (4) Fees for Processing Rehabilitation Certification Requests. (1) Payment of fees for review of Parts 2 and 3 shall be filed with the council when applications are filed and are non-refundable. Certification shall not be issued until the appropriate remittance is received. Payment shall be made by check or money order payable to the Kentucky State Treasurer.

(2) For tax credits under KRS 171.397, fees for reviewing rehabilitation certification requests of owner-occupied residential property shall be charged in accordance with the following schedule. If a Part 2 application is denied, there shall not be a charge for a Part 3 review.

company, business development corporation, partnership, limited
partnership, sole proprietorship, association, joint stock company,
receivership, trust, professional service organization, or other legal
entity through which business is conducted, recognized by the
Department of Revenue for purposes of the applicable tax benefit un-
der KRS 171.397 or KRS 171.3961, and seeking a credit against taxes
imposed by KRS 141.020 (Kentucky individual income tax-
es), KRS 141.040 (Kentucky corporation income taxes), KRS
141.0401 (Kentucky limited liability entity taxes), or KRS 136.505
(Kentucky franchise tax for financial institutions); the Department of
Revenue; the Kentucky Heritage Council reviewing certifications of
rehabilitation; and local governments authorized by the Kentucky
Heritage Council pursuant to KRS 171.397 (13) to perform reviews of
Certifications of Application Part 1 and Part 2 of the certification
process and submit recommendations to the Council.

(4) Provide an analysis of how the entities identified in question
(3) will be impacted by either the implementation of this administra-
tive regulation, if new, or by the change, if it is an amendment, in-
cluding: The regulation will impact the taxpayers listed above, be-
cause it provides a uniform process under KRS 171.3961 for certifi-
cations of rehabilitation; and Council’s certification process that meets
the United States Secretary of the Interior’s Standards for Rehabili-
tation.

(a) List the actions that each of the regulated entities identified
in question (3) will have to take to comply with this administrative
regulation or amendment: Taxpayers requesting certifications of
historic significance and of rehabilitation under KRS 171.3961 will
undergo a five-step process that will require the filing of a Letter of
Application-Intent to Apply For Extended Credit, Certificate of
Application Part 1-Evaluation of National Register Status, Certif-
icate of Application Part 2-Description of Rehabilitation, Certificate of
Application Part 3-Request for Certification of Completed Work, and
Certificate of Application-Investment Summary and Election of
Credit forms along with all required supporting documentation. If
taxpayer has failed to obtain a Certification of Application Part 3-
Certification of Completed Work within thirty (30) months from the
date or receiving a preliminary tax credit allocations under KRS
171.397, the amended regulation sets forth a process for recapture of
the preliminary allocation and allows unused preliminary tax
credit allocation to be added to the certification rehabilitation credit
cap for the next calendar year. The amendment permits taxpayers
to make an unlimited number of requests for extension for good
cause for additional twenty-four (24) month periods.

(b) In complying with this administrative regulation or amend-
ment, how much will it cost each of the entities identified in ques-
tion (3): Processing fees shall accompany the filing of Certificate of
Application Part 2-Description of Rehabilitation, and Certificate of
Application Part 3-Request for Certification of Completed Work
forms. Processing fees are based upon the total rehabilitation cost of
the project and are $3,000 for filing Part 2 and $2,500 for filing
Part 3. Taxpayers receiving a preliminary allocation and desiring a
twenty-four (24) month extension or successfully objecting to a no-
tice to recapture shall be required to file an additional fee for a Part 2
review.

(c) As a result of compliance, what benefits will accrue to the
entities identified in question (3): Standards for certification of his-
toric significance are clearly established; the Council’s Certifica-
tions of Part 1 and Part 2 will determine credit eligibility against
taxes imposed by KRS 141.020, 141.040, and 141.0401 upon comple-
tion of the rehabilitation; and the Council’s certification pro-
cess for rehabilitation will better insure that rehabilitation plans
comply with uniform standards and protect the historic integrity of
the structures. Recaptured preliminary tax credit allocations under
KRS 171.397 will be added to the certified rehabilitation credit cap
for the next calendar year and be made available for preliminary
allocation to future qualified rehabilitation projects. Taxpayers are
provided a standard and uniform process for an appeal of a deter-
mation that the rehabilitation project does not qualify as a certi-
fied rehabilitation for purposes of the Act.

(5) Provide an estimate of how much it will cost the administra-
tive regulation to implement this administrative regulation:

(a) Initially: Most certification reviews will take place at the office
of the Kentucky Heritage Council. Most of the agency’s work to
implement this regulation would be included in our normal budget-
ary costs.

(b) On a continuing basis: Same as initial cost. There may be
additional travel costs if it becomes necessary to review projects at
the sites. Currently two (2) staff member review the Part 1 and Part
2 Certifications. Additional staff help may be necessary if the num-
ber of applications increase in the future.

(6) What is the source of the funding to be used for the imple-
mentation and enforcement of this administrative regulation: Fund-
ing will come from the normal budget for the Kentucky Heritage
Council.

(7) Provide an assessment of whether an increase in fees or
funding will be necessary to implement this administrative regula-
tion, if new, or by the change if it is an amendment: No increase in
funding will be necessary. The fees established in the original
regulation have not been increased. It is projected that the addi-
tional fees will be sufficient to cover reasonable costs associated
with review of the certification applications for tax credits under
KRS 171.3961.

(8) State whether or not this administrative regulation estab-
lished any fees or directly or indirectly increased any fees: A pro-
cessing fee is associated with this regulation for tax credit applica-
tions under KRS 171.3961, and is tiered based upon projected re-
habilitation costs for Part 2 and actual rehabilitation costs for Part
3. Taxpayers receiving a preliminary allocation and desiring a
twenty-four (24) month extension or successfully objecting to a no-
tice to recapture shall be required to file an additional fee for a Part
2 review.

(9) TIERING: Is tiering applied? Processing fees were tiered
based upon projected and actual rehabilitation costs. The lowest
tier of expenses up to $60,000 cover the maximum available credit
for owner-occupied residential property, so all residential property
owners are treated equally. The remaining tiers of expenses repre-
sent increases commensurate with the cost of all other projects,
mainly commercial, as increasing costs are indicative of increasing
levels of complexity, higher intensity of inspection and review, and
increased likelihood of changes. The additional tier for tax credits
under KRS 171.3961 represents the increased expenses due to the
massive scale of the projects with over $15,000,000 in qualified
rehabilitation expenditures and the degree of inspection and spe-
nalized review required.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts, or divisions of state or local government
(including cities, counties, fire departments, or school districts)
will be impacted by this administrative regulation? The Kentucky Her-
itage Council, an agency of the Tourism, Art, and Heritage Cabinet,
is required to certify to the Department of Revenue the maximum
historic preservation tax credit available under KRS 171.397 for
taxpayers seeking a tax credit against taxes imposed by KRS
141.020, 141.040, 141.0401, or 136.505. For tax credits available
under KRS 171.3961, the Council’s Certifications of Part 1 and
Part 2 will determine credit eligibility against taxes imposed by KRS
141.020, 141.040, and 141.0401 upon completion of the rehabilita-
tion. It is noted that KRS 171.397(13) provides that the Council may
authorize a local government to perform initial review of appli-
cations for the credit allowed under the statute and forward the
applications to the Council with recommendations. The Council has
not, nor does it anticipate, the authorization of any local govern-
ment to perform this function and no part of this regulation relates to
any current program, service, or requirement of a state or local
government entity.

(2) Identify each state or federal statute or federal regulation
that requires or authorizes the action taken by the administrative
regulation. KRS 171.396, 171.3961, and 171.397.

(3) Estimate the effect of this administrative regulation on the
expenditures and revenues of a state or local government agency
(including cities, counties, fire departments, or school districts) for
the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation gen-
erate for the state or local government (including cities, counties,
fire departments, or school districts) for the first year? Based upon

1370
the number and amount of tax credits claimed last fiscal year and the number of credit application estimated to be filed under KRS 171.3961, the estimated revenue generated to state government will be approximately $68,000.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? The estimated revenue generated for state government for subsequent years will be approximately the same as for the first four years and as long as the statutory cap on the total credit claimed by all taxpayers in each fiscal year remains $5,000,000. The estimated revenue generated for 2018 and beyond shall revert back to pre-2014 levels as the credit under KRS 171.3961 will no longer be applicable.

(c) How much will it cost to administer this program for the first year? Specific dollar estimates cannot be given. Currently the program costs are being met through the normal agency budget. Expenditures include the following: (i) a percentage of four (4) staff salaries; two-thirds of two (2) salaried position of $46,000 plus benefits and one-quarter of two (2) staff positions of $30,000 plus benefits; and (ii) miscellaneous expenses for mailing, phone, and travel for inspections where necessary. Total expenses are estimated to be somewhere between $100,000 and $120,000.

(d) How much will it cost to administer this program for subsequent years? Costs shall remain roughly the same as the previous year for the first four years and as long as the statutory cap on the total credit claimed by all taxpayers in each fiscal year remains $5,000,000. The estimated revenue generated for 2018 and beyond shall revert back to pre-2014 levels as the credit under KRS 171.3961 shall no longer be applicable.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Stuart Owen

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes the definitions for administrative regulations located in 907 KAR Chapter 15. Chapter 15 contains Medicaid administrative regulations regarding behavioral health services, including substance use disorder services, provided by independent providers. The Department for Medicaid Services (DMS) is expanding its scope of behavioral health services, including substance use disorder services, provided by independent providers. This administrative regulation will assist in the effective administration of the authorizing statutes by establishing the definitions for administra-
tive regulations located in 907 KAR Chapter 15, Chapter 15 contains Medicaid administrative regulations regarding behavioral health services, including substance use disorder services, provided by independent providers.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment creates/inserts a definition for “behavioral health practitioner under supervision”, “billing supervisor”, “certified alcohol and drug counselor”, and “healthcare common procedure coding system”. The amendment after comments inserts a definition for “behavioral health practitioner”, “behavioral health service organization”, “community support associate”, “residential crisis stabilization unit”, and “Section 504 plan”, and clarifies the “face-to-face” definition by inserting a reference to the Medicaid administrative regulation (907 KAR 3:170) which establishes Telehealth requirements.

(b) The necessity of the amendment to this administrative regulation: Inserting the four (4) new definitions is necessary to define practitioners authorized to render services in a behavioral health services organization, establish new categories of provider of behavioral health services of which the coverage and reimbursement provisions are established in 907 KAR 15:020 (Coverage provisions and requirements regarding behavioral health services) and 907 KAR 15:025 (Reimbursement provisions and requirements regarding behavioral health services). Coverage and reimbursement of BHSO services is necessary to comply with federal requirements as defined in Section 1302(b)(1)(E) of the Affordable Care Act mandates that “essential health benefits” for Medicaid programs include “mental health and substance use disorder services, including behavioral health treatment” for all recipients. 42 U.S.C. 1396a(a)(23), is known as the freedom of choice of provider mandate. This federal law requires the Medicaid Program to “provide that (A) any individual eligible for medical assistance (including drug benefits) may obtain such assistance from any institution, agency, community pharmacy or person, qualified to perform the service or services required (including an organization which provides such services, or arranges for their availability, on a prepayment basis), who undertakes to provide him such services.” 42 U.S.C. 1396a(a)(10)(B) requires the Medicaid Program to ensure that services are available to Medicaid recipients in the same amount, duration, and scope. Expanding the provider base (to include behavioral health service organizations) will help ensure that there is sufficient access to services statewide and reduce or prevent the lack of availability of services due to demand exceeding supply in any given area. The amendment after comments is necessary to clarify terms.

(c) How the amendment conforms to the content of the authorizing statutes: The amendments after comments will conform to the content of the authorizing statutes by defining terms utilized in BHSO administrative regulations. The amendment after comments conforms to the content of the authorizing statutes by clarifying terms.

(d) How the amendment will assist in the effective administration of the statutes: The amendments after comments will assist in the effective administration of the authorizing statutes by defining terms utilized in BHSO administrative regulations. The amendment after comments will assist in the effective administration of the authorizing statutes by clarifying terms.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: Medicaid recipients of behavioral health services and BHSOs (as well as behavioral health practitioners who work for BHSOs) will be affected by the amendment.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: No action is required by this administrative regulation is it only contains definitions.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3)? No cost is imposed.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3)? Individuals will benefit due to terms being defined.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: No cost is necessary to initially implement this administrative regulation.

(b) On a continuing basis: No continuing cost is necessary to implement this administrative regulation.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under Title XIX of the Social Security Act and state matching funds comprised of general fund and restricted fund appropriations.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change, if it is an amendment: Neither an increase in fees nor funding are necessary.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact person: Stuart Owen

(1) Provide a brief summary of:
   (a) What this administrative regulation does: This new administrative regulation establishes the coverage provisions and requirements regarding Medicaid Program behavioral health services provided by behavioral health services organizations (BHSOs). This administrative regulation is being promulgated in conjunction with 907 KAR 15:025, Reimbursement for behavioral health services provided by behavioral health services organizations. To qualify as a provider, a behavioral health services organization must be licensed in accordance with 902 KAR 20:430. BHSOs are authorized to provide to Medicaid recipients, behavioral health services related to a mental health disorder, substance use disorder, or co-occurring disorders. The array of services includes a screening; an assessment; psychological testing; crisis intervention; mobile crisis services; day treatment; peer support; intensive outpatient program services; individual outpatient therapy; group outpatient therapy; family outpatient therapy; collaborative outpatient therapy; service planning; residential services for a substance use disorder; a screening, brief intervention, and referral to treatment for a substance use disorder; assertive community treatment; comprehensive community support services; and therapeutic rehabilitation program services.
   (b) The necessity of this administrative regulation: This administrative regulation is necessary - to comply with federal mandates. Section 1302(b)(1)(E) of the Affordable Care Act mandates that "essential health benefits" for Medicaid programs include "mental health and substance use disorder services, including behavioral health treatment" for all recipients. 42 U.S.C. 1396a(a)(23), is known as the freedom of choice of provider mandate. This federal law requires the Medicaid Program to "provide that (A) any individual eligible for medical assistance (including drugs) may obtain such assistance from any institution, agency, community pharmacy or person, qualified to perform the service or services required (including an organization which provides such services, or arranges for their availability, on a prepayment basis), who undertakes to provide him such services." 42 U.S.C. 1396a(a)(10)(B) requires the Medicaid Program to ensure that services are available to Medicaid recipients in the same amount, duration, and scope. Expanding the provider base (to include behavioral health services organizations) will help ensure Medicaid recipient access to services statewide and reduce or prevent the lack of availability of services due to demand exceeding supply in any given area.
   (c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by complying with federal mandates and enhancing and ensuring Medicaid recipients' access to behavioral health services.
   (d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the authorizing statutes by complying with federal mandates and enhancing and ensuring Medicaid recipients' access to behavioral health services.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
   (a) How the amendment will change this existing administrative regulation: The amendments in this "amended after comments" administrative regulation include adding certified alcohol and drug counselors (CADCs) to the practitioners who can provide individual outpatient therapy, group outpatient therapy, family outpatient therapy, collateral outpatient therapy, and assessments; adding CADCs to the practitioners who can supervise peer support specialists; clarifying that multi-family group outpatient therapy (in contrast to other group outpatient therapy groups) includes related individuals (family members); clarifying that consultations between professionals is covered as part of collateral outpatient therapy; clarifying that notes regarding behavioral health services rendered to a recipient must be recorded within forty-eight (48) hours of the service visit rather than on the same day; clarifying that notes regarding services rendered by a behavioral health practitioner under supervision must be signed by the supervising professional within thirty (30) days; clarifying the mobile crisis services' requirements; clarifying what constitutes continuous nursing; replacing the term "mental health disability" with "mental health disorder"; replacing the term "treatment plan" in various places in which the appropriate term is "plan of care"; reducing the time frame for transferring a recipients' health record to a residential crisis stabilization unit, psychiatric hospital, psychiatric distinct part unit in an acute care hospital, or an acute care hospital (for when a recipient transfers to any of these settings) from ten (10) days to forty-eight (48) hours; deleting a reference to a Department for Behavioral Health, Developmental and Intellectual Disabilities (DBHID) administrative regulation (908 KAR 1:370) which establishes uniform standards and procedures for alcohol and other drug abuse treatment programs; and clarifying the plan of care requirements (including reviews of the plan of care and documenting}
the reviews in a health record).

(b) The necessity of the amendment to this administrative regulation: The amendments regarding CADCs are necessary as the department has learned that these practitioners are qualified to provide the corresponding services and supervision; the multi-family group outpatient therapy amendment is necessary as this therapy must include multiple individuals from a family; thus, is not subject to the restriction — applied to other group outpatient therapy — of not including related individuals; the collaborative outpatient therapy clarification is similarly necessary as the service does indeed encompass consultation between professionals; the amendment regarding notes is necessary to remove a discrepancy between two (2) provisions; the amendments regarding mobile crisis and continuous nursing are necessary for clarity; replacing the term "mental health disability" with "mental health disorder" is necessary as mental health disorder is the correct term; reducing the health record transfer timeframe for transfers to certain settings is necessary to protect the recipient's health, safety, and welfare; and clarifying the plan of care requirements is necessary for clarity. Delet- ing the reference to the DBHID administrative regulation establishes that each and the entity will enroll as a or other drug abuse treatment programs is necessary as the administrative regulation already imposes such standards rendering a reference in this administrative regulation redundant.

(c) How the amendment conforms to the content of the authorizing statutes: The amendments conform to the content of the authorizing statutes by enabling qualified practitioners to provide services, eliminating discrepancies, and clarifying policies.

(d) How the amendment will assist in the effective administration of the statutes: The amendments will assist in the effective administration of the authorizing statutes by enabling qualified practitioners to provide services, eliminating discrepancies, and clarifying policies.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: The following behavioral health organizations will be affected by this administrative regulation. Currently, there are forty-six (46) entities that provide behavioral health services via DMS’s "Impact Plus" program. These entities provide such services as subcontractors of the Department for Behavioral Health, Intellectual and Developmental Disabilities (DBHID) or the Department for Community Based Services (DCBS.) DMS anticipates that each of the entities will enroll as an or other drug abuse treatment programs as BHSOs. Additionally, the following behavioral health professionals who are authorized to provide services in a behavioral health services organization will be affected: licensed psychologists, advanced practice registered nurses, licensed professional clinical counselors, licensed clinical social workers, licensed marriage and family therapists, licensed psychological practitioners, licensed psychological associate, certified social workers, licensed professional counselor associates, marriage and family therapy associates, licensed behavior analysts, licensed assistant behavior analysts, licensed professional art therapists, licensed professional art therapist associates, certified alcohol and drug counselors, peer support specialists, and community support associates. Medicaid recipients who qualify for behavioral health services will also be affected by this administrative regulation. Certified alcohol and drug counselors will be affected by the amendment as they are being authorized to provide more services as well as supervision of peer support specialists.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment. Entities that qualify as behavioral health services organizations and who wish to provide services to Medicaid recipients will need to enroll with the Medicaid Program as prescribed in the Medicaid provider enrollment regulation (completing an application and submit it to DMS) and sign agreements with managed care organizations if the individual wishes to provide services to Medicaid recipients who are enrolled with a managed care organization.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3). The entities referenced in paragraph (a) could experience administrative costs associated with enrolling with the Medicaid Program.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3). The entities referenced in paragraph (a) will benefit by receiving Medicaid Program reimbursement. Behavioral health professionals authorized to provide services in a behavioral health services organization will benefit by having more employment opportunities in Kentucky. Medicaid recipients in need of behavioral health services will benefit from an expanded base of providers from which to receive these services.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: DMS is unable to accurately estimate the costs of expanding the behavioral health provider base due to the variables involved as DMS cannot estimate the utilization of these services in BHSOs compared to utilization in other authorized provider settings. Independent behavioral health providers, community mental health centers, federally-qualified health centers, rural health clinics, and primary care centers. However, an actuary with whom DMS contracted has estimated an average per recipient per month increase (to DMS) of twenty-seven (27) dollars associated with DMS’s expansion of behavioral health services (including substance use disorder services) as well as behavioral health providers this year.

(b) On a continuing basis: The response in paragraph (a) also applies here.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under the Social Security Act, Title XIX and matching funds of general fund appropriations.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment. Neither an increase in fees nor funding is necessary to implement this administrative regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation neither establishes nor increases any fees.

(9) Tiering: Is tiering applied? Tiering is not applied as the policies apply equally to the regulated entities.

FEDERAL MANDATE ANALYSIS COMPARISON
1. Federal statute or regulation constituting the federal mandate. Section 1302(b)(1)(E) of the Affordable Care Act, 42 U.S.C. 1396a(a)(10)(B), and 42 U.S.C. 1396a(a)(23).

2. State compliance standards. KRS 205.520(3) states: “Further, it is the policy of the Commonwealth to take advantage of all federal funds that may be available for medical assistance. To qualify for federal funds the secretary for health and family services may by regulation comply with any requirement that may be imposed or opportunity that may be presented by federal law. Nothing in KRS 205.510 to 205.630 is intended to limit the secretary's power in this respect.”

3. Minimum or uniform standards contained in the federal mandate. Substance use disorder services are federally mandated for Medicaid programs. Section 1302(b)(1)(E) of the Affordable Care Act mandates that "essential health benefits" for Medicaid programs include "mental health and substance use disorder services, including behavioral health treatment." 42 U.S.C. 1396a(a)(23), is known as the freedom of choice of provider mandate. This federal law requires the Medicaid Program to "provide that (A) any individual eligible for medical assistance (including drugs) may obtain such assistance from any institution, agency, community pharmacists, and any health care provider to perform the service or services required (including an organization which provides such services, or arranges for their availability, on a prepayment basis),

1397
who undertakes to provide him such services.” Medicaid recipients enrolled with a managed care organization may be restricted to providers within the managed care organization’s provider network. The Centers for Medicare and Medicaid Services (CMS) – the federal agency which oversees and provides the federal funding for Kentucky’s Medicaid Program – has expressed to the Department for Medicaid Services (DMS) the need for DMS to expand its substance use disorder provider base to comport with the freedom of choice of provider requirement. 42 U.S.C. 1396a(a)(10)(B) requires the Medicaid Program to ensure that services are available to Medicaid recipients in the same amount, duration, and scope as available to other individuals (non-Medicaid.) Expanding the provider base will help ensure Medicaid recipient access to services statewide and reduce or prevent the lack of availability of services due to demand exceeding supply in any given area.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? The administrative regulation does not impose stricter than federal requirements.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The administrative regulation does not impose stricter than federal requirements.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department for Medicaid Services will be affected by the amendment to this administrative regulation.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 194A.030(2), 194A.050(1), 205.520(3).

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? The amendment is not expected to generate revenue for state or local government.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? The amendment is not expected to generate revenue for state or local government.

(c) How much will it cost to administer this program for the first year? DMS is unable to accurately estimate the costs of expanding the behavioral health provider base due to the variables involved as DMS cannot estimate the utilization of these services in BHSSOs compared to utilization in other authorized provider settings (independent behavioral health providers, community mental health centers, federally-qualified health centers, rural health clinics, and primary care centers). However, an actuary with whom DMS consulted estimated an average per recipient per month increase (to DMS) of twenty-seven (27) dollars associated with DMS’s expansion of behavioral health services (including substance use disorder services) as well as behavioral health providers this year.

(d) How much will it cost to administer this program for subsequent years? The response to question (c) also applies here.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact person: Stuart Owen

(1) Provide a brief summary of:
(a) What this administrative regulation does: This new administrative regulation establishes the reimbursement provisions and requirements regarding Medicaid Program behavioral health services provided by behavioral health services organizations (BHSOs). This administrative regulation is being promulgated in conjunction with 907 KAR 15:020 (Coverage provisions and requirements regarding services provided by behavioral health services organizations) and the Cabinet for Health and Family Services, Office of Inspector General’s BHSO licensure administrative regulation (902 KAR 20:430). To qualify as a provider, a behavioral health services organization must be licensed in accordance with 902 KAR 20:430. BHSOs are authorized to provide, to Medicaid recipients, behavioral health services related to a mental health disorder, substance use disorder, or co-occurring disorders. The array of services includes a screening; an assessment; psychological testing; crisis intervention; mobile crisis services; day treatment; peer support; parent or family peer support; intensive outpatient program services; individual outpatient therapy; group outpatient therapy; family outpatient therapy; collateral outpatient therapy; inpatient services for a substance use disorder; a screening, brief intervention, and referral to treatment for a substance use disorder; assertive community treatment; comprehensive community support services; and therapeutic rehabilitation program services. The Department for Medicaid Services (DMS) will reimburse a percent of Medicaid (tiered based on practitioner qualifications) for services that are covered by Medicare and per a fee schedule, incorporated by reference, for services not covered by Medicare.
(b) The necessity of this administrative regulation: This administrative regulation is necessary - to comply with federal mandates. Section 1302(b)(1)(E) of the Affordable Care Act mandates that “essential health benefits” for Medicaid programs include “mental health and substance use disorder services, including behavioral health treatment” for all recipients. 42 U.S.C. 1396a(a)(23), is known as the freedom of choice of provider mandate. This federal law requires the Medicaid Program to “provide that (A) any individual eligible for medical assistance (including drugs) may obtain such assistance from any institution, agency, community pharmacy or person, qualified to perform the service or services required (including an organization which provides such services, or arranges for their availability, on a prepayment basis), who undertakes to provide him such services.” 42 U.S.C. 1396a(a)(10)(B) requires the Medicaid Program to reimburse Medicaid recipients in the same amount, duration, and scope. Expanding the provider base (to include behavioral health services organizations) will help ensure Medicaid recipient access to services statewide and reduce or prevent the lack of availability of services due to demand exceeding supply in any given area.
(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by complying with federal mandates and enhancing and ensuring Medicaid recipients’ access to behavioral health services.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the authorizing statutes by complying with federal mandates and enhancing and ensuring Medicaid recipients’ access to behavioral health services.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: The amendment after comments adds certified alcohol and drug counselors to the behavioral health practitioners authorized to provide individual outpatient therapy, group outpatient therapy, collateral outpatient therapy, family outpatient therapy, and assessments. Services rendered by CADCs will be paid at fifty-two and one hundred and ten cents (52.10) percent of the rate for the service on the Kentucky-specific Medicare Physician Fee Schedule.
(b) The necessity of the amendment to this administrative regulation: The amendment is necessary to add a type of behavioral health professional who is qualified to provide services to the behavioral health professional pool in behavioral health service organizations to enhance recipient access to services.
(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the content of the authorizing statutes by enhancing recipient access to services.
(d) How the amendment will assist in the effective administration of the statutes: The amendment assists in the effective administration of the authorizing statutes by enhancing recipient access to services.
(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: The following behavioral health professionals who are authorized to provide services in a behavioral health services organization will be affected: licensed psychologists, advanced practice registered nurses, licensed professional clinical counselors, licensed clinical social workers, licensed marriage and family therapists, licensed psychological practitioners, licensed psychological associates, certified social workers, licensed professional counselor associates, marriage and family therapy associates, licensed behavior analysts, licensed assistant behavior analysts, licensed psychologists, licensed professional art therapists, licensed art therapists, certified alcohol and drug counselors, peer support specialists, and community support associates. tion, if new, or by the change, if it is an amendment, in-

question (3) will have to take to comply with this administrative
regulation or amendment. Entities that qualify as behavioral health
services organizations and who wish to provide services to Medi-
caid recipients will need to enroll with the Medicaid Program as
prescribed in the Medicaid provider enrollment regulation (com-
plete an application and submit it to DMS) and sign agreements
with managed care organizations if the individual wishes to provide
services to Medicaid recipients who are enrolled with a managed
care organization.

ment, how will the costs of seven of the entities identified in ques-
tion (3). The entities referenced in paragraph (a) could experience
administrative costs associated with enrolling with the Medicaid
Program.
(c) As a result of compliance, what benefits will accrue to the
entities identified in question (3). The entities referenced in para-
graph (a) will benefit by receiving Medicaid Program reimburse-
ment for behavioral health services or by the expansion of behavioral
services in a behavioral health services organization will benefit by
having more employment opportunities in Kentucky. Medicaid re-
ipients in need of behavioral health services will benefit from an
expanded base of providers from which to receive these services.
(5) Provide an estimate of how much it will cost to implement
this administrative regulation:
(a) Initially: DMS is unable to accurately estimate the costs of
expanding the behavioral health provider base due to the variables
involved as DMS cannot estimate the utilization of these services in
BSHSOs compared to utilization in other authorized provider set-
tings (independent behavioral health providers, community mental
health centers, federally-qualified health centers, rural health clin-
cics, and primary care centers.) However, an actuary with whom
DMS contracted has estimated an average per recipient per month
increase (to DMS) of twenty-seven (27) dollars associated with
DMS’s expansion of behavioral health services (including sub-
stance use disorder services) as well as behavioral health provid-
ers this year.
(b) On a continuing basis: The response in paragraph (a) also
applies here.
(6) What is the source of the funding to be used for the imple-
mentation and enforcement of this administrative regulation: The
sources of revenue to be used for implementation and enforcement
of this administrative regulation are federal funds authorized under
the Social Security Act, Title XIX and matching funds of general
fund appropriations.
(7) Provide an assessment of whether an increase in fees or
funding will be necessary to implement this administrative regula-
tion, if now, or by the change if it is an amendment. Neither an in-
crease in fees nor funding is necessary to implement this adminis-
trative regulation.
(8) State whether or not this administrative regulation estab-
lishes any fees or directly or indirectly increases any fees: This
administrative regulation neither establishes nor increases any fees.
(9) Tiering: Is tiering applied? Tiering is not applied as the poli-
cies apply equally to the regulated entities.

ate. Section 1302(b)(1)(E) of the Affordable Care Act, 42 U.S.C.
1396(a)(10)(B), 42 U.S.C. 1396a(a)(23), and 42 U.S.C.
1396a(a)(30)(A).
2. State compliance standards. KRS 205.520(3) states: "Fur-
ther, it is the policy of the Commonwealth to take advantage of all
federal funds that may be available for medical assistance. To
qualify for federal funds the secretary for health and family services
may by regulation comply with any requirement that may be im-
posed or opportunity that may be presented by federal law. Noth-
ing in KRS 205.510 to 205.630 is intended to limit the secretary's power in this respect."
3. Minimum or uniform standards contained in the federal 
mandate. Substance use disorder services are federally mandated 
for Medicaid programs. Section 1302(b)(1)(E) of the Affordable 
Care Act mandates that "essential health benefits" for Medicaid 
programs include "mental health and substance use disorder ser-

ices, including behavioral health treatment." 42 U.S.C. 1396a(a)(23), is known as the freedom of choice of provider man-
date. This federal law requires the Medicaid Program to "provide

that (A) any individual eligible for medical assistance (including
drugs) may obtain such assistance from any institution, agency,
community pharmacy or person, qualified to perform the service or
services required (including an organization which provides such
services, or arranges for their availability, on a prepayment basis),
who so requests to provide him such services." Medicaid recipients
enrolled with a managed care organization may be restricted to
providers within the managed care organization’s provider network.
The Centers for Medicare and Medicaid Services (CMS) – the fed-
eral agency which oversees and provides the federal funding for
Kentucky’s Medicaid Program – has expressed to the Department
for Medicaid Services (DMS) the need for DMS to expand its sub-
statewide base to comply with federal requirements. This freedom
of choice of provider requirement. 42 U.S.C. 1396a(a)(10)(B) requires
the Medicaid Program to ensure that services are available to Med-
icaid recipients in the same amount, duration, and scope as avai-
ble to other individuals (non-Medicaid.) Expanding the provider
base will help ensure Medicaid recipient access to services
statewide and reduce or prevent the lack of availability of services
due to demand exceeding supply in any given area. Similarly, 42
U.S.C. 1396a(a)(30)(A) requires Medicaid state plans to "com-
municate with managed care organizations if the individual wishes to provide
such methods and procedures relating to the utilization of, and
the payment for, care and services available under the plan (including
but not limited to utilization review plans as provided for in section
1903(j)(4)) as may be necessary to safeguard against unnecessary
utilization of such care and services and to assure that payments
are consistent with efficiency, economy, and quality of care and are
sufficient to enlist enough providers so that care and services are
available under the plan at least to the extent that such care and
services are available to the general population in the geographic
area."
4. Will this administrative regulation impose stricter require-
ments, or additional or different responsibilities or require-
ments, than those required by the federal mandate? The adminis-
trative regulation does not impose stricter or additional or different requirements.
5. Justification for the imposition of the stricter standard, or ad-
ditional or different responsibilities or requirements. The adminis-
trative regulation does not impose stricter than federal require-
ments.
FISCAL NOTE ON STATE OR LOCAL GOVERNMENT
1. What units, parts or divisions of state or local government
(including cities, counties, fire departments, or school districts) will
be impacted by this administrative regulation? The Department for
Medicaid Services will be affected by the amendment to this ad-
mnoregulation.
2. Identify each state or federal regulation that requires or au-
taxed the action taken by the administrative regulation. KRS
194A.030(2), 194A.050(1), 205.520(3).
3. Estimate the effect of this administrative regulation on the
expenditures and revenues of a state or local government agency
(including cities, counties, fire departments, or school districts) for
the first full year the administrative regulation is in effect.
(a) How much revenue will this administrative regulation gen-
erate for the state or local government (including cities, counties,
fire departments, or school districts) for the first year? The
amendment is not expected to generate revenue for state or local
government.
(b) How much revenue will this administrative regulation gen-
erate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? The amendment is not expected to generate revenue for state or local government.
(c) How much will it cost to administer this program for the first year? DMS is unable to accurately estimate the costs of expanding the behavioral health provider base due to the variables involved as DMS cannot estimate the utilization of these services in BHSCOs compared to utilization in other authorized provider settings (independent behavioral health providers, community mental health centers, federally-qualified health centers, rural health clinics, and primary care centers). However, an actuary with whom DMS contracted has estimated an average per recipient per month increase (to DMS) of twenty-seven (27) dollars associated with DMS’s expansion of behavioral health services (including substance use disorder services) as well as behavioral health providers this year.
(d) How much will it cost to administer this program for subsequent years? The response to question (c) also applies here.
Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of KRS 319A by establishing a procedure for the licensure of persons who wish to practice in this state as an OT/L or an OTA/L. This administrative regulation is consistent with the policy mandate of KRS 319A.070.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by expediting a procedure for the licensure of persons who wish to practice in this state as an OT/L or an OTA/L.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: This amendment will change this existing administrative regulation by allowing foreign trained applicants to utilize the NBCOT Visa Verification process as evidence of legal permission for employment as an occupational therapist in the United States.

(b) The necessity of the amendment to this administrative regulation: This amendment is necessary to minimize the potential for fraudulent or inaccurate copies of NBCOT certificates to be utilized as evidence for successfully meeting requirements for certification, and by establishing the NBCOT electronic verification system as the most time sensitive and secure form for qualifying NBCOT certification. The Jurisprudence exam assures that applicants for licensure have demonstrated knowledge of the statutes and regulations pursuant to the practice of occupational therapy. Allowing foreign-trained applicants to utilize the NBCOT Visa Verification system expands options for applicants’ verifications that meet current practices of external Visa verification. These changes will allow the Kentucky Board for Licensure in Occupational Therapy to more effectively and efficiently carry out its duties and powers.

(c) How the amendment conforms to the content of the authorizing statutes: This amendment conforms to the content of the authorizing statutes by establishing a procedure for persons who wish to practice in this state as an OT/L or an OTA/L, and in order for the Kentucky Board for Licensure in Occupational Therapy to complete its powers and duties as related to KRS 319A.100, 319A.110, 319A.130.

Persons that have not previously been licensed, certified, or registered in any state applying for licensure will have to request from NBCOT that an electronic verification of success exam completion be submitted to the state. Foreign trained practitioners applying for licensure would be able to utilize the most recognized and valid process for providing evidence of legal permission, for employment as an occupational therapist in the United States.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3)? No additional costs will be incurred by applicants for licensure as an OT/L or OTA/L that are or have been licensed, certified, or registered in another state or who are foreign trained but will it require an additional cost to NBCOT for applicants that have not previously been licensed, certified, or registered in any state in order to comply with this amendment.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3)? This administrative regulation will benefit applicants for licensure as an OT/L or OTA/L that are or have been licensed, certified, or registered in any state by shortening the time of application completion. The Kentucky Board for Licensure in Occupational Therapy can receive notification of successful credential verification on the same day as the applicant, which will reduce the application timeline by at least 2 – 3 weeks. All applicants will benefit from having an external assessment demonstrating their knowledge of state statutes and regulations for the practice of occupational therapy and foreign trained applicants will be able to utilize the most recognized and established current practice process for providing evidence of legal permission for employment as an occupational therapist in the United States.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Persons: Jeremy Reed, Scott DeBurger
(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation allows the board to promulgate administrative regulations to carry out the provisions of KRS Chapter 319A. KRS 319A.170 requires fees for initial license, renewal and late renewal to be determined by the board, and KRS 319A.160(10) allows the board to set an inactive license renewal fee. This administrative regulation establishes those fees.
(b) The necessity of this administrative regulation: This administrative regulation is necessary to set forth procedures for compliance with KRS 319A.160(10), 319A.170
(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of KRS 319A.070(3).
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by outlining fees for initial license, renewal and late renewal.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
How the amendment will change this existing administrative regulation: This amendment will change the regulation by outlining the current wording so that all licensees pay the same additional fee for renewing the license after the deadline. Currently the seventy-five (75) dollar wording means that an OT/L renewing late pays a twenty-five (25) dollar penalty and an OTA/L renewing late is paying a forty (40) dollar penalty for renewing after the deadline.
(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This administrative regulation impacts all occupational therapy practitioners licensed in Kentucky who are renewing the license.
(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: All must complete the renewal process on an annual basis.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3)? If a licensee renewes after the deadline of October 31 a late renewal fee of twenty-five (25) dollars will be added to the cost of renewal.
(c) As a result of compliance, what benefits will accrue to the entities identified in question. All practitioners who renew the license after the deadline will be subject to the same fee. This benefits any OTA/L who renewes after the deadline. The new wording will benefit all in clarifying the language of the regulation, reducing confusion.
(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:
(a) Initially: No additional costs are necessary to implement the changes made by this amendment.
(b) On a continuing basis: No additional costs are necessary to implement the changes made by this amendment.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The
fees for persons licensed under KRS 319A and set forth in this regulation.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding will be necessary to implement this amended administrative regulation.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does establish fees for license annual renewal. This amendment does not increase fees, but clarifies the late renewal fee so that the fee is consistent and equal for all practitioners.

(9) TIERING: Is tiering applied? Tiering is applicable as for OT/L license renewal fee is fifty (50) dollars and OTA/L renewal fee is thirty-five (35) dollars. The amendment eliminates an unintentional tiering of the late renewal fee.

(a) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. This regulation sets fees for renewals which is a large revenue source for the Kentucky Board of Licensure for Occupational Therapy but the amendment will reduce the revenue for late renewal fees of OTA/L practitioners only by fifteen (15) dollars. The estimate of reduction in revenue is less than $375.00 per year.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect? This administrative regulation generates the largest annual revenue source for the Kentucky Board of Licensure for Occupational Therapy.

FEDERAL MANDATE ANALYSIS COMPARISON

2. State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Part 20, 21.

3. Minimum or uniform standards contained in the federal mandate. 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing date, the maximum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during, and after periods open for hunting.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may allow. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional and/or state populations of birds important to Kentucky’s waterfowl hunters. The season on snow geese is shorter than the federal framework because migration patterns for this species result in a paucity of birds early in the federal framework. The Canada goose season in the Northeast Goose Zone is shorter than is permitted in the rest of the state because of the desire to maintain a huntable population in that region of the state.

FEDERAL MANDATE ANALYSIS COMPARISON

2. State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Parts 20 and 21.

3. Minimum or uniform standards contained in the federal mandate. 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing dates, the minimum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during and after periods open for hunting.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

5. Justification for the imposition of the stricter standard or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may adopt. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional and/or state populations of birds important to Kentucky’s waterfowl hunters. The greatest wintering and migrating waterfowl concentrations are located on public lands managed by the Department. The Department imposes more restrictive hunting regulations on these lands in effort to meet waterfowl management objectives while still providing quality hunting opportunity.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact: Elizabeth Caywood
(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation establishes the requirements necessary for domestic violence shelters to receive funding.
(b) The necessity of this administrative regulation: This administrative regulation is necessary to provide requirements for domestic violence shelters to receive funds.
(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of these statutes by establishing necessary requirements for domestic violence shelters.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by establishing funding requirements for domestic violence shelters.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: The amendment to this administrative regulation removes the existing cost sharing (i.e., match) requirement for domestic violence shelters to eliminate the associated administrative and operational burdens, and it refines processes per recommendations of the Kentucky Coalition against Domestic Violence (KCADV), formerly known as the Kentucky Domestic Violence Association. Definitions that were unique to the cost sharing subsection were also removed. Additional technical corrections were made in accordance with KRS Chapter 13A.
(b) The necessity of the amendment to this administrative regulation: The amendment to this administrative regulation is necessary to remove existing match requirement for Kentucky's domestic violence shelter programs. The match requirement was originally intended to ensure programs seek additional funding opportunities, and as the programs have demonstrated success in diversifying funding streams, the requirement has become counterproductive for domestic violence programs. The cost share requirement creates administrative and operational burdens on shelters, and shelters are unable to use the cash or in-kind as match to leverage other non-state funding streams, including private foundation and federal grants. The match requirements contained in 922 KAR 5:050, which have been proposed for deletion in this amendment, have become detrimental to their original intention or purpose.
(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the content of the authorizing statutes by removing the requirements necessary for domestic violence shelters to receive funding, while eliminating administrative burdens for the domestic violence programs.
(d) How the amendment will assist in the effective administration of the statutes: The amendment to this administrative regulation assists in the effective administration of the statutes by refining and updating state funding requirements for domestic violence shelters.
(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The affected entities include the fifteen (15) domestic violence shelters and related services located in each of the fifteen (15) area development districts.

(4) Provide an analysis of how the entities identified in question (3) will have to take to comply with this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: The fifteen (15) domestic violence shelters will continue to access funding for their program services through diversified sources in addition to state funds, including federal grants, local grants, private foundation grants, cash and in-kind donations.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): The regulated entities will incur no new or additional costs. As a result of this change, providers will receive increased funding, saving the entities identified in question (3): The amendment to this administrative regulation supports funding diversification and sustainability of programs by removing the state funds’ match requirement from domestic violence shelters. Through this regulatory amendment, match currently used by domestic violence shelters for state general funds can instead be used to match non-state funding sources.
(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:
(a) Initially: The administrative body does not anticipate any new or additional costs to implement the proposed regulatory amendment.
(b) On a continuing basis: The administrative body does not anticipate any new or additional costs to implement the proposed regulatory amendment.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: Funding provided to KCADV through the Department for Community Based Services is from the federal Family Violence Prevention and Services Grant, Social Services Block Grant, Temporary Assistance for Needy Families Block Grant, General Funds, and Restricted Funds derived from a portion of marriage license fees.
(7) Provide an assessment of whether an increase in fees or...
funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: An increase in fees or funding is not necessary to implement the amendment to this administrative regulation.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does not establish any fees, or directly or indirectly increase any fees.

(9) TIERING: Is tiering applied? Tiering is not applied, as this administrative regulation is applied in a like manner statewide.

Accreditation in KRS 15A.070, to teach curriculum approved by the Kentucky Law Enforcement Council (KLEC) to certify law enforcement officers as having met the requirements for completion of law enforcement training. Specifically basic training is necessary for participation in the Kentucky Law Enforcement Foundation Program Fund (KLEFPF), and peace officer certification pursuant to KRS 15.380 through 15.404.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 15.330(1)(h) authorizes the Kentucky Law Enforcement Council to promulgate reasonable rules and administrative regulations to accomplish the purposes of KRS 15.310 through 15.404 and KRS 15.990 to 15.992. KRS 15A.070 obligates DOCJT to establish, supervise, and coordinate training programs and schools for law enforcement personnel. KRS 15A.070 further authorizes DOCJT to promulgate administrative regulations. This administrative regulation is required to establish graduation standards for DOCJT basic training, which is necessary for the administration of KLEFPF (KRS 15.410 through 15.510), and peace officer certification (KRS 15.310, and 15.380 through 15.404).
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This regulation sets clear, reasonable and consistent rules and procedures for graduation from DOCJT basic training, the successful completion of which is necessary before an officer may achieve active peace officer certification, or participate in KLEFPF.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation:

(a) List the actions that each of the regulated entities identified in question (3) have to take to comply with this administrative regulation or amendment: The agencies would not experience any detrimental impact. They should be benefited by receiving a quality graduate with modern, up-to-date training consistent with currently approved curriculum as required by KLEC.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Compliance with the amendments should not cost anything more than what it costs presently. Administrative Regulations Reviewed by the Subcommittee:

EDUCATION PROFESSIONAL STANDARDS BOARD: Teaching Certificates

16 KAR 2:120. Emergency certification and out-of-field teaching. Alicia Sneed, director of legal services, represented the board.

In response to a question by Co-Chair Harris, Ms. Sneed stated that "out-of-field teaching" included teaching pursuant to a teaching certificate but outside of the teacher's content area. "Out-of-field teaching" was necessary, on an emergency basis, because some districts could not obtain a teacher with specific content background, even one without a teaching certificate.

PERSONNEL CABINET: Office of the Secretary: Personnel Cabinet, Classified

FINANCE AND ADMINISTRATION CABINET: Commonwealth Office of Technology: General Administration

In response to a question by Co-Chair Harris, Ms. LeMay stated that COT had not experienced any security breaches thus far in calendar year 2014.

A motion was made and seconded to approve the following amendments: (1) to amend the STATUTORY AUTHORITY paragraph to correct a statutory citation; (2) to amend the NECESSITY, FUNCTION, AND CONFORMITY paragraph to clearly state the necessity for and function served by this administrative regulation, as required by KRS 13A.220; (3) to amend Section 1 to comply with the drafting and formatting requirements of KRS Chapter 13A; and (4) to amend Section 2 and the material incorporated by reference for clarity. Without objection, and with agreement of the agency, the amendments were approved.

GENERAL GOVERNMENT CABINET: Board of Licensed Professional Counselors: Board

201 KAR 36:060. Qualifying experience under supervision. Chris Griffith, chair, and Brian Judy, assistant attorney general, represented the board.

In response to a question by Co-Chair Harris, Mr. Griffith stated that the requirement to allow supervision changed from six (6) to twelve (12) supervisees to ensure a sufficient number of supervisors in the appropriate discipline. The board expected the transition from six (6) to twelve (12) supervisees to be a gradual process, rather than a sudden event.

A motion was made and seconded to approve the following amendments: (1) to amend Sections 1, 3, 5, 6, 8, and 9 to comply with the drafting and formatting requirements of KRS Chapter 13A; (2) to amend Section 1 to add a definition for "supervisor of record"; (3) to amend Section 3 to: (a) clarify that a supervisor of record shall be a licensed professional clinical counselor; and (b) establish examples of what circumstances the board may consider for showing that the ability to obtain supervision from a licensed professional clinical counselor is prohibited by difficulty; (4) to amend Section 5 to establish examples of what extenuating circumstances the board may consider in granting a limited waiver from the requirement of one (1) monthly direct in person meeting to satisfy the face-to-face supervision requirements; and (5) to amend the Supervisory Agreement form to: (a) comply with the drafting requirements of KRS Chapter 13A; and (b) update the number of supervisees that a supervisor of record shall be responsible for from six (6) to twelve (12) so that the form is consistent with the administrative regulation. In response to a question by Co-Chair Harris, Mr. Brooks stated that Asian Carp were used for fish meal and fish paste. Thus far, there had been little progress in stopping encroachment of Asian Carp; however, the department expected three (3) Asian Carp processing facilities to begin operating soon, which may assist with the problem.

Without objection, and with agreement of the agency, the amendments were approved.
In response to questions by Co-Chair Harris, Ms. Mynear stated that the division’s statutory mandate required protection for the sick and elderly. Proper funding was crucial to complying with that mandate. The division had not increased fees since 2003, and the 2003 fee increases were minimal, in that it did not keep fees commensurate with costs. The division had repeatedly needed to use General Funds to compensate for inadequate fees. The cost of an inspection of a long-term care facility was between $8,000 and $9,500. The division was experiencing critical staffing shortages. There was one (1) surveyor for approximately every forty (40) facilities, resulting in delays that may affect the economy if, for example, a facility opening was delayed. Inadequate fees also affect Medicaid funding. The division amended this administrative regulation as a result of stakeholder comments in an attempt to make a good-faith compromise regarding fees. Additionally, retirement at the division had increased by 1,000 percent since 2003, further eroding staffing and funding. The fee increases were annual. Ms. Mynear stated that, in addition to the annual inspections, the division also conducted investigations in response to complaints. The division did not charge for inspections resulting from complaints.

Without objection, and with agreement of the agency, the amendments were approved.

902 KAR 20:440 & E. Facilities specifications, operation and services; residential crisis stabilization units.

In response to a question by Co-Chair Harris, Ms. Bramer-Barnes stated that this administrative regulation pertained to crisis stabilization units.

A motion was made and seconded to approve the following amendments: (1) to amend the RELATES TO paragraph and Section 1 to correct citations; (2) to amend Sections 4, 5, 7, 10, 11, 12, 14, and 16 to include cross-references and comply with the drafting and formatting requirements of KRS Chapter 13A; and (3) to amend Section 17 to align the hearing procedures with KRS Chapter 13B.
