A motion was made and seconded to approve the following amendments: (1) to amend Section 1 to comply with the drafting requirements of KRS Chapter 13A; and (2) to amend the material incorporated by reference to: (a) correct citations; (b) make a technical correction; and (c) clarify procedures for obtaining a title opinion, a title insurance commitment, and a final title insurance policy. Without objection, and with agreement of the agency, the amendments were approved.

GENERAL GOVERNMENT CABINET: Board of Nursing: Board

A motion was made and seconded to approve the following amendments: to amend Sections 2, 9, and 11 to comply with the drafting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

Real Estate Appraisers Board: Board

201 KAR 30:030. Types of appraisers required in federally related transactions; certification and licensure. Nicole Biddle, assistant attorney general, and Larry Disney, executive director, represented the board.

In response to questions by Co-Chair Harris, Mr. Disney stated that all appraisers completed the course once; however, in the past there was no need for appraisers to repeat the course. Due to federal changes, the board has amended this administrative regulation to provide for repeated courses. The initial federal statute governing this administrative regulation became effective in 1989. The board amends 201 KAR 30:040 each year to update the manual incorporated by reference to comply with federal changes.

201 KAR 30:040. Standards of practice.

Board of Licensed Diabetes Educators: Board

201 KAR 45:130. Continuing education. Matt James, assistant attorney general, represented the board.

A motion was made and seconded to approve the following amendments: (1) to amend the RELATES TO paragraph to add a citation; (2) to amend Sections 3 and 4 to comply with the drafting requirements of KRS Chapter 13A; and (3) to amend Section 5 to clarify disciplinary action for failure to comply with continuing education requirements. Without objection, and with agreement of the agency, the amendments were approved.

PUBLIC PROTECTION CABINET: Horse Racing Commission: Quarter Horse, Paint Horse, Appaloosa, and Arabian Racing

811 KAR 2:190. Kentucky Quarter Horse, Paint Horse, Appaloosa, and Arabian Development Fund. Jamie Eads, director of incentives, and Marc Guilfoil, executive director, represented the commission. Rich Wicke, sprint racing coordinator, Kentucky Quarter Horse Association, appeared in support of this administrative regulation.

A motion was made and seconded to approve the following amendments: to amend Sections 1, 3, 4, 5, and 10 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

CABINET FOR HEALTH AND FAMILY SERVICES: Department for Medicaid Services: Division of Community Alternatives: Medicaid Services

907 KAR 1:160. Home and community based waiver services Version 1. Deborah Anderson, commissioner, Department for Aging and Independent Living; Leslie Hoffmann, director of behavior-al health and community alternatives; and Stuart Owen, regulation coordinator, represented the department. David Allgood, director of advocacy, Center for Accessible Living; MaryLee Underwood, advocate parent and executive director, Commonwealth Council on Developmental Disabilities; Kelly Upchurch, president, Kentucky Association of Adult Day Care; and David Wickstrom, executive director, Independence Place, appeared in support of these administrative regulations. Bill Dolan and Malicia Hitch, Department for Protection and Advocacy, appeared in support of these administrative regulations but requested confirmation of a specific issue. Mary Hass, advocate parent, and Reverend Steven Rudy, advocate parent, appeared in opposition to these administrative regulations. Joyce Lewis, president; Darlene Litteral, general counsel; and John Woodard, attorney, Professional Home Health Care Agency, Incorporated, appeared in opposition to these administrative regulations.

Mr. Allgood stated that the Center for Accessible Living supported these administrative regulations, which would greatly improve services for the physically disabled. The cabinet worked well with stakeholders and were welcoming of input during the development of these administrative regulations. The waiver program should save money in addition to helping people.

Mr. Wickstrom stated that Independence Place served thousands of people and supported these administrative regulations. These administrative regulations would help those with physical disabilities remain independent and stay in their communities, especially through funding construction modifications. Time allotment flexibility would help people grocery shop, obtain employment, etc. Services would not be lost under this waiver program.
Mr. Upchurch stated that the Kentucky Association of Adult Day Care ran 118 adult day centers across Kentucky. The new waiver program would prevent premature admission to long-term care centers, but did not prohibit a participant from opting for a long-term care center. These administrative regulations created a support system for care givers. The waiver program included independent assessments and case providers, while also helping to address provider gaps, especially in rural areas.

Ms. Underwood stated that the new waiver expands time allotments so that caregivers have more employment options. Transportation services were enhanced; transportation has been identified as the number one need. The independent assessment was a positive step. The cabinet offered many opportunities for stakeholder input. A portion of providers were supportive of these administrative regulations moving forward through the process.

Representative Belcher stated that she appreciated the many emails and input she received related to this new waiver program.

In response to a question by Co-Chair Marzian, Ms. Anderson stated that funding was accomplished through a provider tax increase and reallocation of funds.

Mr. Woodward stated that Professional Home Health Care Agency, Incorporated was opposed to these administrative regulations and believed that they violated KRS 205.5605, which required that each consumer be allocated a monthly budget allowance based on a needs assessment. He stated that these administrative regulations established a fixed fee with a cap, rather than a monthly budget based on a needs assessment. The new waiver program expanded the scope of options and reduced oversight that was previously built into the budget determination process. Recipients may not receive the correct combination of services to prevent institutionalized care. Mr. Owen stated that the budgetary requirements of KRS 205.5605 were not restated in these administrative regulations because they were already established by statute, but that the budget requirements did apply and were being enforced. Each recipient received a monthly budget based on need.

In response to a question by Representative Belcher, Ms. Anderson stated that the new waiver was participant directed but was based on federal Labor Department requirements. If the state directly established the fee, the state would become the de facto employer; therefore, these administrative regulations established a cap per unit. The budget was then determined based on the rate and how many units were needed according to a needs assessment.

Ms. Hitch stated that the Department of Protection and Advocacy was concerned regarding continuity of speech, physical, and occupational therapy. Mr. Dolan, also with the Department of Protection and Advocacy, expressed the same concern and occupational therapy. Mr. Nave, director of corporation tax division; and Steve Washing, director of corporation tax division, represented the department. Russ Woodward, director of corporation tax division, represented the department. Russ Woodward, director of corporation tax division, represented the department. Mr. Nave, director of corporation tax division, expressed the same concerns. Ms. Anderson stated that there would not be a lapse. CMS would not grant waiver approval until all participants were fully transitioned; therefore, a lapse was not possible.

Reverend Steven Rudy stated that he was father and legal guardian of his daughter, Stephanie, who was a recipient of the home and community-based waiver program. Through the previous waiver program, Rev. Rudy was able to employ an agency to pro-vide services to Stephanie at the rate of $19.00 per hour. Pursuant to the new waiver program, there would be a cap of $11.50 per hour, so that Stephanie would be unable to continue with her cur-rent agency at the current rate. Her care would be greatly compromised. A personal, in-home care agency could not be procured at the proposed cap. Additionally, the quality of individual employees procured at this rate were unlikely to possess the training, expertise, trustworthiness, and professionalism required. Because Stephanie had multiple disabilities, she could not be left alone for any length of time. Rev. Rudy asked the Subcommittee to recon-sider the price cap.

In response to Rev. Rudy, Ms. Anderson stated that $11.50 was the cap. Taxes would be added on the cap, making the cap effective more like $13.50. The figure was developed by determining the average cost of a typical home health associate. The rate was not intended to cover the full cost of care directly from a company. Stephanie’s situation may be better addressed by allowing a traditional provider subcontracted from a company.

Co-Chair Marzian stated that this new waiver program seemed to provide the most benefit to the most people and should move forward through the process. There were concerns about specific situations, but it was generally beneficial to keep people in communi-ties as much as possible.

A motion was made and seconded to approve the following amendments: (1) to amend Sections 1, 2, 3, 5, 6, 8, and 10 to comply with the drafting and formatting requirements of KRS Chapter 13A.; (2) to amend Section 1 to include the definition of “ADHC services” a reference to the need for respite services; (3) to amend Section 3 to reference federal regulatory provisions establishing a longer document retention period; and (4) to amend Sections 6 and 10 to correct the names of two (2) forms incorporated by reference. Without objection, and with agreement of the agency, the amendments were approved.

A motion was made and seconded to approve the following amendments: to amend Sections 1, 2, 4, 5, and 7 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

Certified Provider Requirements

A motion was made and seconded to approve the following amendments: (1) to amend Sections 1 through 10, 12, and 14 to comply with the drafting and formatting requirements of KRS Chapter 13A; (2) to amend Section 1 to reference federal regulatory provisions establishing a longer document retention period; and (3) to amend Sections 6 and 14 to correct the names of two (2) forms incorporated by reference. Without objection, and with agreement of the agency, the amendments were approved.

A motion was made and seconded to approve the following amendments: to amend Sections 1, 2, and 4 to comply with the drafting and formatting requirements of KRS Chapter 13A. Without objection, and with agreement of the agency, the amendments were approved.

The following administrative regulations were deferred to the March 7, 2016, meeting of the Subcommittee:

FINANCE AND ADMINISTRATION CABINET: Department of Revenue: Forms

103 KAR 3:030 & E. Property and severance forms manual.

David Gordon, executive director of property valuation; Sherman Nave, director of corporation tax division; and Steve Washing, director of income tax division, represented the department. Russ Woodward, director of corporation tax division, appeared in opposition to this administrative regulation.

Mr. Woodward stated that the Kentucky Society of CPAs was concerned that a form change may actually result in a policy change with tax implications. The instructions for one (1) form included a statement that custom tax software was taxable, which would result in a tax increase. Mr. Gordon stated that this form change was a clarification and that all tax software, including custom tax software, has been considered taxable.

In response to questions by Senator Raque Adams, Mr. Gordon stated that the Kentucky Society of CPAs was just now bringing this concern because the issue was initially overlooked due to the volume of forms involved. A CPA member had told Mr. Woodward that this would result in a one (1) million dollar tax increase for a specific client.

In response to a question by Co-Chair Harris, Mr. Gordon stated that the department agreed to defer consideration of this
administrative regulation to the March 7, 2016, meeting of the Subcommittee. Without objection, and with agreement of the agency, this administrative regulation was deferred.

TECHNICAL AMENDMENT INDEX

The Technical Amendment Index is a list of administrative regulations which have had technical, nonsubstantive amendments entered since being published in the 2015 Kentucky Administrative Regulations Service. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10), 13A.312(2), or 13A.320(1)(d). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published to show the technical corrections in the Administrative Register of Kentucky. NOTE: Finalized copies of the technically amended administrative regulations are available for viewing on the Legislative Research Commission Web site at http://www.lrc.ky.gov/home.htm.
