STATEMENT OF EMERGENCY
922 KAR 1:320E

This emergency administrative regulation is necessary in accordance with KRS 13A.190(1)(a)1 and 2 to conform to new technology and business operations of the Child Care Assistance Program (CCAP). Without the amendment, the state would risk noncompliance with federal funding mandates potentially leading to corrective action or a loss of funding. In addition, the amendment ensures that parents, child care providers, and early care and education professionals have their service appeal and complaint rights clearly delineated to avoid potentially jeopardizing the welfare of children subject to their care or service provision. An ordinary administrative regulation would not allow the agency sufficient time to implement measures to conform to the new CCAP eligibility and enrollment system and business operations. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.

      (a) How the amendment will change this existing administrative regulation: This administrative regulation is necessary to implement tougher penalties for intentional program violations (i.e., fraud and abuse) committed by either a CCAP recipient or a child care provider participating in CCAP. The penalties to be applied in CCAP are identical to penalties currently used for intentional program violations (IPVs) and fraud and abuse in the Supplemental Nutrition Assistance Program (SNAP). In addition, after a period of 90 days delinquency in repayment of an established claim, the amendment will require that all delinquent claim payments be made prior to a CCAP recipient or child care provider returning to active status within CCAP. The amendment to this administrative also aligns the administrative regulation’s incorporated materials with the new claims system.       (b) The necessity of the amendment to this administrative regulation: The amendment to this administrative regulation is necessary to toughen penalties and claim collections practices within CCAP in effort to deter and respond appropriately to programmatic fraud and abuse and to reconcile outstanding claim balances.       (3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The parent of a child eligible for CCAP or
a provider serving a child eligible for CCAP could be impacted by this administrative regulation if an overpayment or underpayment or a suspected intentional program violation has occurred involving the child’s case/eligibility or payment to the child care provider. During State Fiscal Year 2015, CCAP served, on average, 22,792 children in 12,236 families per month. For State Fiscal Year 2015, the numbers for providers participating in CCAP are as follows: 2,056 licensed (Type I and Type III), 336 certified, and 207 registered. For the first half of State Fiscal Year 2015, July through December, 1,814 claims were established on both recipients and providers participating in CCAP.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Measures incorporated impact CCAP recipients and child care providers that have committed an intentional program violation and/or are in a repayment agreement due to a delinquency. The disqualification period for an intentional program violation has been extended comparable to the Supplemental Nutrition Assistance Program (SNAP), and collection practices for delinquent claim repayments have been enhanced to foster greater compliance on the part of repaying CCAP recipients and child care providers.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There are no new or additional costs to regulated entities.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The amendment to this administrative regulation will foster accuracy in benefits and program integrity for applicants, recipients, and providers participating in CCAP. (5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:
(a) Initially: There will be no new or additional cost to the administrative body to implement this administrative regulation.
(b) In a continuing basis: There will be no new or additional cost to the administrative body to implement this administrative regulation.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The source of funding to be used for implementation and enforcement of this administrative regulation will be the federal Child Care and Development Block Grant, state matching, state maintenance of effort funds, and General Fund dollars. In addition, child care provided to work-eligible adults participating in the Kentucky Works Program is supported by federal and state funds allocated to the Temporary Assistance for Needy Families (TANF) Block Grant.

STATEMENT OF EMERGENCY
922 KAR 2:160E

This emergency administrative regulation is necessary in accordance with KRS 13A.190(1)(a) to ensure an adequate supply of child care providers participating in the Child Care Assistance Program (CCAP) through payment enhancements and operating modifications. Without the amendment, children’s health, safety, and welfare would be jeopardized due to reduced child care options for vulnerable households, including children receiving Child Protective Services, children with special needs, children of teen parents, children whose parents are transitioning from cash assistance or welfare, and children from low-income households. CCAP providers have not seen a rate increase in ten (10) years. Since 2013, there has been a net participation decline of over 500 licensed and certified child care providers. In accordance with KRS 13A.190(1)(a)2 and 3, the emergency administrative regulation also ensures timely compliance with Pub. L. 113-186, Child Care and Development Grant Act of 2014, the associated federal proposed rule, and related technologies’ deployment in effort to avoid rate freeze and correction federal financial penalty. An ordinary administrative regulation would not allow the agency sufficient time to implement measures to respond appropriately to decline child care provider participation in CCAP and to timely comply with newer federal requirements. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.

NECESSITY, FUNCTION, AND CONFORMITY: KRS 194A.050(1) requires the Secretary of the Cabinet for Health and Family Services to promulgate administrative regulations necessary to operate programs and fulfill the responsibilities vested in the cabinet, qualify for the receipt of federal funds, and cooperate with other state and federal agencies for the proper administration of the cabinet and its programs. KRS 199.892 enables the Cabinet for Health and Family Services to promulgate administrative regulations to qualify to receive federal funds under the provisions of the federal Social Security Act, 42 U.S.C. 9857-9859[9858-9859], and 601-619, and to provide for effective regulation of child care centers. KRS 199.8994 requires the cabinet to administer all child care funds to the extent allowable under federal law or regulation and in a manner which is in the best interest of the clients to be served. This administrative regulation establishes requirements that enable the Cabinet for Health and Family Services to qualify for federal funds under the Child Care and Development Fund, and establishes procedures for the implementation of the Child Care Assistance Program to the extent that funding is available.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Cabinet for Health and Family Services, Department for Community Based Services will be impacted by this administrative regulation.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation: KRS 194A.050, 199.892, 199.8994, 45 C.F.R. 98, 42 U.S.C. 601-619, 9857-9858q

3. Estimate the effect of this administrative regulation on the
expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? The Child Care Assistance Program (CCAP) has been operational for a number of years. It does not directly generate revenues for the state; however, it supports the health, safety, and welfare of children and the ability of low-income parents to work and obtain additional skills and training. This administrative regulation will not directly generate any new revenue for the first year. Research suggests that quality early care and education help avoid future public costs.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? This administrative regulation will not directly generate any new revenue for subsequent years.

(c) How much will it cost to administer this program for the first year? The administration of this program is projected to fall within available federal and state appropriations.

(d) How much will it cost to administer this program for subsequent years? The administration of this program is projected to fall within available federal and state appropriations. The administrative body will continually monitor its costs to make any adjustments necessary to maintain CCAP and related services with available funding.

STATEMENT OF EMERGENCY
922 KAR 2:260E

This emergency administrative regulation is necessary in accordance with KRS 13A.190(1)(a)1 and 2 to conform to new technology and business operations of the Child Care Assistance Program (CCAP). Without this amendment, the state would risk noncompliance with federal funding mandates potentially leading to corrective action or a loss of funding. In addition, the amendment ensures that parents, child care providers, and early care and education professionals have their service appeal and complaint rights clearly delineated to avoid potentially jeopardizing the welfare of children subject to their care or service provision. An ordinary administrative regulation would not allow the agency sufficient time to implement measures to conform to the new CCAP technology and business operations. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.

The amended QDRO shall be submitted to KTRS for review and approval prior to filing with the court.

(e) KTRS shall have no liability to the alternate payee with respect to amounts paid to the participant.

(17) The participant shall be responsible for notifying KTRS in writing of an event which causes benefit payments to the alternate payee spouse, child, or other dependent, to cease.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? Kentucky Retirement Systems and employers eligible to seek to voluntarily cease participation in the Kentucky Employees Retirement System or the County Employees Retirement System.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 61.522.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. The employer will have to pay its internal administrative costs and Kentucky Retirement Systems’ administrative costs. The administrative regulation generates no revenue, but will allow employers to cease participation, which will eliminate the requirement for them to pay continuing employer contributions after cessation. The employer is required by statute to pay the full actuarial cost of withdrawal:
   (a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? None
   (b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? None
   (c) How much will it cost to administer this program for the first year? Ultimately, the cost to Kentucky Retirement Systems should be negligible as KRS 61.522 requires the employer seeking to cease its participation to pay its internal administrative costs and Kentucky Retirement Systems’ administrative costs. For each employer that seeks to cease participation, Kentucky Retirement Systems projects the cost to slightly exceed the respective application deposit. The application deposit for the estimated withdrawal liability is $5,000 and $10,000.00 for the calculation of the actual withdrawal liability.

4. Identify the actions that each of the regulating agencies is taking to implement this administrative regulation:
   (a) How the amendment will change this existing administrative regulation:
   (b) The necessity of the amendment to this administrative regulation:
   (c) How much will it cost to administer this program for subsequent years? KRS 61.522 requires the employer seeking to cease its participation to pay its internal administrative costs and Kentucky Retirement Systems should be negligible. For each employer that seeks to cease participation, Kentucky Retirement Systems projects the cost to slightly exceed the respective costs of filing the application. Kentucky Retirement Systems cannot predict how many participating entities may seek to utilize the withdrawal process.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

   (b) The necessity of this administrative regulation: This administrative regulation is necessary to set the requirements for education and supervision of a certified social worker who desires to practice clinical social work.
   (c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 335.080(1)(c) and 335.100(1)(a) require an applicant for a certified social worker license to have a master's degree or a doctoral degree in social work from an educational institution approved by the board. KRS 335.080(3) requires a certified social worker who desires to practice clinical social work under the supervision of a licensed clinical social worker as directed by the board by promulgation of an administrative regulation. KRS 335.100(1)(b) provides that an applicant for a licensed clinical social worker license to have acquired post-master's experience under appropriate supervision as established by the board by promulgation of an administrative regulation. KRS 335.100(3) provides that a licensed clinical social worker shall assume responsibility for and supervise the certified social worker’s practice of clinical social work as directed by the board by promulgation of an administrative regulation. This administrative regulation is necessary to establish the educational institutions approved by the board, the definitions relating to supervision, the content of a supervisory contract, and the requirements of experience under supervision.
   (d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation informs an applicant of the education and supervision requirements established by the board.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
   (a) How the amendment will change this existing administrative regulation: This amendment establishes that qualifying experience under supervision may be provided by electronic supervision through the use of computers and other electronic means by interactive video technology rather than face-to-face supervision. The amendment also specifies that the board may consider supervision hours obtained by an applicant who is working in a clinical practice setting that does meet the broad exposure requirement, and makes other minor corrective changes.
   (b) The necessity of this amendment to the administrative regulation: This administrative regulation is necessary to allow supervised experience to be conducted by electronic means and to modify the requirement of broad exposure in the clinical practice setting, and to make other minor corrections.
   (c) How the amendment conforms to the content of the authorizing statutes: KRS 335.080(3) permits a certified social worker to engage in the practice of clinical social work under the supervision of a licensed clinical social worker as directed by the board by promulgation of an administrative regulation. Electronic supervision may be used for one (1) direct meeting per month but only after the first twenty-five (25) hours of individual supervision hours have been obtained in face-to-face, in-person meetings where the supervisor and supervisee are physically present in the same room. No more than fifty (50%) percent of the individual supervision hours may be obtained in an electronic format.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): By allowing electronic supervision, supervisors and their supervisees may avoid cancelling individual supervision typically caused by inclement weather or challenges due to the distances between rural settings, and take advantage of growing technological opportunities for face-to-face meetings that are not in-person, in the same physical place.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: The board estimates that no additional costs will be incurred by this amendment.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Stuart Owen

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation establishes the coverage provisions regarding occupational therapy, physical therapy, and speech-language pathology services provided to Medicaid recipients by adult day health care programs, multi-therapy agencies (any combination of physical therapists, occupational therapists, speech-language pathologists), comprehensive outpatient rehabilitation facilities (CORFs), rehabilitation agencies, special health clinics, and mobile health services.
(b) The necessity of this administrative regulation: This administrative regulation is necessary to expand the physical therapy, occupational therapy, and speech-language pathology service provider base to ensure Medicaid recipient access to the associated services.
(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by enhancing Medicaid recipient access to care as federally mandated.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the authorizing statutes by enhancing Medicaid recipient access to care as federally mandated.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: The amendment after comments clarifies that a psychiatrist may write an order for services as well as help develop a recipient’s plan of care; establishes that a plan of care shall be developed for each recipient and that the plan of care is developed via collaboration between an occupational therapist, physical therapist, or speech-language pathologist and a physician, advanced practice nurse, or physician assistant; eliminates the prior authorization requirement for the first twenty (20) visits per calendar year; clarifies that the twenty (20) visit per calendar year limit is for each type of service rather than an aggregate limit of twenty (20); clarifies that medical necessity is determined on an individualized basis per each recipient based on the recipient’s needs; establishes that outcomes are identified in the collaborative plan of care rather than in the order by the physician, psychiatrist, advanced practice nurse practitioner, or physician assistant; and inserts a reference to the administrative regulation that contains appeals provisions for managed care enrollees.

(b) The necessity of the amendment to this administrative regulation: The amendment after comments is necessary to clarify provisions to remove the administrative burden of obtaining prior authorization for the first twenty (20) visits in a year and to insert a reference to a managed care organization administrative regulation that establishes appeals provisions for managed care organization enrollees as the providers identified in this administrative regulation may provide services to managed care organization enrollees if they so choose.
(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the content of the authorizing statutes by clarifying provisions and by removing the administrative burden of obtaining prior authorization for the first twenty (20) visits in a year in order to better facilitate access to services.
(d) How the amendment will assist in the effective administration of the statutes: This is a new administrative regulation. The amendment will assist in the effective administration of the authorizing statutes by clarifying provisions and by removing the administrative burden of obtaining prior authorization for the first twenty (20) visits in a year in order to better facilitate access to services.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: Adult day health care programs, occupational therapists, physical therapists, speech-language pathologists, multi-therapy agencies (combination of occupational therapists, physical therapists, and speech-language pathologists), comprehensive outpatient rehabilitation facilities (CORFs), rehabilitation agencies, mobile health service providers, special health clinics, and recipients of the services will be affected by the administrative regulation.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment. Any entity that wishes to provide the services will need to enroll in the Medicaid Program as a provider and most likely join the provider network of managed care organizations as many recipients of the services will be enrolled with a managed care organization.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3). No cost is imposed; however, entities may experience administrative costs associated with enrolling in the Medicaid Program.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3). Entities will benefit by being eligible to receive Medicaid reimbursement for providing the services. Medicaid recipients will benefit from having an expanded array of providers from which to receive the services.

(5) Provide an estimate of how much the program will cost to implement this administrative regulation:
(a) Initially: The cost is indeterminable as the Department for Medicaid Services is unable to predict how many organizations authorized by this administrative regulation to enroll in the Medicaid program and provide occupational therapy, physical therapy, or speech-language pathology services will elect to do so. DMS is also unable to forecast how many Medicaid recipients will elect to receive these services from the aforementioned providers rather than from the existing pool of providers of these services.

(b) On a continuing basis: The answer in paragraph (a) above also applies here.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under Title XIX of the Social Security Act and state matching funds comprised of general fund and restricted fund appropriations.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: Neither an increase in fees nor funding is necessary.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation neither establishes nor directly nor indirectly increases any fees.

(9) Tiering: Is tiering applied? Tiering is neither applied nor necessary as the provisions in this administrative regulation apply equally to the affected parties.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 42 U.S.C. 1396a(a)(30).
2. State compliance standards. KRS 194A.030(2) states, "The Department for Medicaid Services shall serve as the single state agency in the Commonwealth to administer Title XIX of the Federal Social Security Act."
3. Minimum or uniform standards contained in the federal mandate. There is a federal mandate to ensure recipient access to services covered by the state’s Medicaid program. As the Department for Medicaid Services (DMS) covers occupational therapy, physical therapy, and speech-language pathology services, it must ensure that an adequate provider base exists to ensure recipient access to care. A relevant federal law – 42 U.S.C. 1396a(a)(30) requires a state's Medicaid program to "provide such methods and procedures relating to the utilization of, and the payment for, care and services available under the plan (including but not limited to utilization review plans as provided for in section 1903(l)(4)) as may be necessary to safeguard against unnecessary utilization of such services and to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area." Expanding the base of authorized providers comports with the intent of the aforementioned federal law.
4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? No.
5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. Stricter requirements are not imposed.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. 42 U.S.C. 1396a(a)(30) and KRS 194A.030(2).

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

CABINET FOR HEALTH AND FAMILY SERVICES
Department for Medicaid Services
Division of Policy and Operations (Amended After Comments)

907 KAR 8:045. Reimbursement of occupational therapy, physical therapy, and speech-language pathology provided by various entities.

RELATES TO: KRS 205.520

NECESSITY, FUNCTION, AND CONFORMITY: The Cabinet for Health and Family Services, Department for Medicaid Services, has a responsibility to administer the Medicaid Program. KRS 205.520(3) authorizes the cabinet, by administrative regulation, to comply with any requirement that may be imposed or opportunely presented by federal law to qualify for federal Medicaid funds. This administrative regulation establishes the Medicaid Program coverage provisions and requirements regarding occupational therapy services, physical therapy services, and speech-language pathology services provided to Medicaid recipients who are not enrolled with a managed care organization and by adult day health care programs, rehabilitation agencies, special health clinics, mobile health service, multi-therapy agencies, and comprehensive outpatient rehabilitation facilities.

Section 1. Provider Participation. To be eligible to provide and be reimbursed for services covered under this administrative regulation, a provider shall meet the requirements established in 907 KAR 8:040.

Section 2. Reimbursement. (1) To be reimbursable under this administrative regulation, a service shall meet the coverage requirements established in 907 KAR 8:040.

(2) The department shall reimburse:
   (a) 63.75 percent of the rate listed on the current Kentucky-specific Medicare Physician Fee Schedule for a service provided by:
      1. An occupational therapist;
      2. A physical therapist; or
      3. A speech-language pathologist; or
VOLUME 42, NUMBER 10 – APRIL 1, 2016

(b) 37.5 percent of the rate listed on the current Kentucky-specific Medicare Physician Fee Schedule for a service provided by:

1. An occupational therapy assistant;
2. A physical therapist assistant; or
3. A speech-language pathology clinical fellow.

(3)(a) The current Kentucky-specific Medicare Physician Fee Schedule shall be the Kentucky-specific Medicare Physician Fee Schedule used by the Centers for Medicare and Medicaid Services on the date that the service is provided.

(b) For example, if an occupational therapy service is provided on a date when the Centers for Medicare and Medicaid Services:

1. Interim Kentucky-specific Medicare Physician Fee Schedule for a given year is in effect, the reimbursement for the service shall be the amount established on the interim Kentucky-specific Medicare Physician Fee Schedule for the year; or
2. Final Kentucky-specific Medicare Physician Fee Schedule for a given year is in effect, the reimbursement for the service shall be the amount established on the final Kentucky-specific Medicare Physician Fee Schedule for the year.

(4) The unit amount for a given service shall be as established in the corresponding:

(a) Current procedural terminology code for the service; or
(b) Healthcare common procedure coding system code for the service or item.

Section 3. Not Applicable to Managed Care Organizations. A managed care organization shall not be required to reimburse in accordance with this administrative regulation for a service covered pursuant to:

1. Section 4. Federal Approval and Federal Financial Participation. The department’s coverage of services pursuant to this administrative regulation shall be contingent upon:

(1) Receipt of federal financial participation for the coverage; and
(2) Centers for Medicare and Medicaid Services’ approval for the coverage.

Section 5. Appeals. A provider may appeal an action by the department as established in accordance with 907 KAR 8:040; and

(2) This administrative regulation.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: Adult day health care (ADHC) programs, occupational therapists, physical therapists, speech-language pathologists, multi-therapy agencies (combination of occupational therapists, physical therapists, and speech-language pathologists), comprehensive outpatient rehabilitation facilities (CORFs), rehabilitation agencies, mobile health service providers, special health clinics, and recipients of the services will be affected by the administrative regulation.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) The necessity of this administrative regulation: This administrative regulation is necessary to expand the physical therapy, occupational therapy, and speech-language pathology service provider base to ensure Medicaid recipient access to the associated services.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to expand the physical therapy, occupational therapy, and speech-language pathology service provider base to ensure Medicaid recipient access to care as federally mandated.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3). Entitles will benefit by being
eligible to receive Medicaid reimbursement for providing the services. Medicaid recipients will benefit from having an expanded array of providers from which to receive the services.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: The cost is indeterminable as the Department for Medicaid Services is unable to predict how many organizations authorized by this administrative regulation to enroll in the Medicaid program and provide occupational therapy, physical therapy, or speech-language pathology services will elect to do so. DMS is also unable to forecast how many Medicaid recipients will elect to receive these services from the aforementioned providers rather than from the existing pool of providers of these services.

(b) On a continuing basis: The answer in paragraph (a) above also applies here.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under Title XIX of the Social Security Act and state funds comprised of general fund and restricted fund appropriations.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: Neither an increase in fees nor funding are necessary.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation neither establishes nor directly nor indirectly increases any fees.

(9) Tiering: Is tiering applied? Tiering is applied in that the rates are tiered based upon whether the rendering practitioner is an occupational therapist, physical therapist, or speech-language pathologist or an assistant. DMS will pay a lower rate for services rendered by assistants.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. 42 U.S.C. 1396a(a)(30).

2. State compliance standards. KRS 194A.030(2) states, "The Department for Medicaid Services shall serve as the single state agency to administer Title XIX of the Federal Social Security Act." 3. Minimum or uniform standards contained in the federal mandate. There is a federal mandate to ensure recipient access to care. A relevant federal law – 42 U.S.C. 1396a(a)(30) requires the state's Medicaid program to "provide such methods and procedures relating to the utilization of, and the payment for, care and services available under the plan (including but not limited to utilization review plans as provided for in section 1903(b)(4) as may be necessary to safeguard against unnecessary utilization of such care and services and to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area." Expanding the base of authorized providers comports with the intent of the aforementioned federal law.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? No.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. Stricter requirements are not imposed.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department for Medicaid Services will be affected by this administrative regulation.

2. Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. 42 U.S.C. 1396a(a)(30) and KRS 194A.030(2).

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? None.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? None.

(c) How much will it cost to administer this program for the first year? The cost is indeterminable as the Department for Medicaid Services is unable to predict how many organizations authorized by this administrative regulation to enroll in the Medicaid program and provide occupational therapy, physical therapy, or speech-language pathology services will elect to do so. DMS is also unable to forecast how many Medicaid recipients will elect to receive these services from the aforementioned providers rather than from the existing pool of providers of these services.

(d) How much will it cost to administer this program for subsequent years? The response in paragraph (c) above also applies here.

(4) Provide analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Each application certificate holder will incur an increase to obtain their application certificate to practice respiratory care in the Commonwealth. The Governor's Office of Policy and Management provided a forecasted Assent Projections from FY 2016 through FY 2019 as well as a Two Year Revenue Actual from FY 2008 through FY 2015. This information shows the Board is eating into its balance since FY 2010-2011 when our office rental space cost doubled due to having to give up office space at Spindletop on Iron Works Pike and the increasing fees to operate and increased retirement factor are all contributors. The Board staff of two (2) serves over 7,600 applicants, hospitals, respiratory schools and the Commonwealth agencies.

(6) If a claimant is successful in his or her request for interlocutory relief, and if payment of benefits pursuant to the interlocutory relief order results in an overpayment of benefits, the party making the overpayment shall be entitled to a dollar-for-dollar credit for the overpayment against past due or future awarded income benefits.

(7) If interlocutory relief is requested in the application for benefits, an assignment to an ALJ shall not be made on other issues and a scheduling order shall not be issued until a ruling has been made on the interlocutory relief request, unless the requesting party shows that delay will result in irreparable harm.

(b) Rehabilitation services may be ordered while the claim is pending upon a showing that immediate provision of services will substantially increase the probability that the plaintiff will return to work.

(5) If interlocutory relief is awarded in the form of income benefits, the application shall be placed in abeyance unless a party shows irreparable harm will result. The administrative law judge may require periodic reports as to the physical condition of the plaintiff. Upon motion and a showing of cause, or upon the administrative law judge's own motion, interlocutory relief shall be terminated and the claim removed from abeyance.

(6) An attorney's fee in the amounts authorized by KRS 342.320 that does not exceed twenty (20) percent of the weekly income benefits awarded pursuant to a request for interlocutory relief may be granted. The remainder shall be the Special Fund’s lump sum liability.

(2) If the employer settles its liability for income benefits with the employee for a lump sum payment and a determination is made of the Special Fund’s liability, the Special Fund’s portion of income benefits shall be paid commencing with the date of approval of the employer’s settlement and continuing for the balance of the compensable period.

(3) In computing settlements involving periodic payments, the employer shall pay its liability over the initial portion of the award, based on the number of weeks its liability bears to the entire liability for the claim. The Special Fund shall make all remaining payments for the balance of the compensable period.

(4) Pursuant to KRS 342.265, election by the Special Fund to settle on the same terms as the employer shall mean the Special Fund agrees to settle in the same manner as the employer in either a discounted lump sum or in periodic payments based upon its proportionate share of the permanent disability percentage paid by the employer. “Same terms” shall not include any additional payments the employer included for buy out of medical expenses, temporary total disability, rehabilitation, or other benefits for which the Special Fund is not liable.

   (c) The employer entered into a settlement agreement not supported by the medical evidence, or that includes sums for claims other than coal workers’ pneumoconiosis or that was procured by fraud or mistake; or
   (d) The award or settlement was for retraining incentive benefits and the request for participation did not include the training or education certification required by this administrative regulation.

(7) Denial of a request for participation may be appealed by any party to an administrative law judge within thirty (30) days following receipt of the denial.

(8) The administrative law judge shall:
   (a) Determine if the denial was arbitrary, capricious, or in excess of the statutory authority of the director; and
   (b) Not reexamine the weight assigned to evidence by an administrative law judge in an award.

(9) Except in claims under KRS 342.792, the employer shall promptly commence payment on all of the liability pursuant to the award or order and shall continue until the liability of the Kentucky Coal Workers’ Pneumoconiosis Fund is established.

   (a) This duty of prompt payment shall continue during pendency of an appeal from denial of a request for participation.

(b) In claims arising from KRS 342.792, the Kentucky Coal Workers’ Pneumoconiosis Fund shall promptly commence payment upon its acceptance of the claim.

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes the procedures for the adjustment and practice of claims for workers’ compensation using the newly established Litigation Management System (LMS).

(b) The necessity of this administrative regulation: Pursuant to KRS 342.260(1) and KRS 342.285(1), the commissioner is required to promulgate administrative regulations necessary to carry on the work of the administrative law judges and the Workers’ Compensation Board. The new administrative regulation establishes the procedures utilizing the electronic filing, or LMS. It amends 803 KAR 25:010.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation establishes an orderly procedure for the Department of Workers’ Claims’ administrative law judges and the Workers’ Compensation Board to carry on the adjudication of workers’ compensation claims and appeals.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: The administrative regulation is necessary for the orderly and prompt resolution and adjudication of workers’ compensation claims and appeals. All parties to a workers’ compensation claim should be afforded a process and procedure for prompt, orderly and fair resolution and adjudication. The Litigation Management System will allow for the prompt filing of legal documents without the filing of paper.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment provides for use of electronic filing of claims and streamlines and revises the claim process.

(b) The necessity of the amendment to this administrative regulation: The amendment is needed to implement electronic claims filing.

(c) How the amendment conforms to the content of the authorizing statutes: The amendment updates procedures for filing and litigating claims.

(d) How the amendment will assist in the effective administration of the statutes: The amendment enables the use of electronic filing and simplifies the filing and litigation of claims.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The amended administrative regulation affects all injured workers, those afflicted with an occupational disease, and employers, including governmental entities subject to the Workers’ Compensation Act, all physicians and medical providers providing services to injured workers, workers with occupational diseases, insurance carriers, self-insured employers, self-insured groups, third-party administrators, and their attorneys.

This includes the usage of computers for electronic filing of documents required by the Litigation Management System.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): The amended administrative regulation will be available for no additional cost through the web site of the Legislative Research Commission. Thus, there should be no additional cost for access to the administrative regulation. It is anticipated that increased adjudicatory efficiencies will reduce overall litigation costs for the identified entities, as there will be a drastic reduction in paper usage and postage expenses.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The identified entities will receive prompt, fair and orderly resolution and adjudication of workers’ compensation claims and disputes, which should be faster due to the electronic filing of documents.

804 KAR 9:040. Quota retail package licenses.

RELATES TO: KRS 241.060, 241.065, 242.125, 243.030
STATUTORY AUTHORITY: KRS 241.060

NECESSITY, FUNCTION, AND CONFORMITY: KRS 241.060(2) authorizes the board to limit in its sound discretion the number of licenses of each kind or class to be issued in this state or any political subdivision, and restrict the locations of licensed premises. This administrative regulation establishes quota retail package licenses in cities that have become wet pursuant to KRS 242.125 separately from their respective counties which remain dry.

Section 1. Establishment of general city quotas. (1) Except as provided in subsection (2) of this section and Section 4 of this administrative regulation, the number of quota retail package licenses issued by the department in a city of the Commonwealth which becomes wet separately by virtue of a KRS 242.125 local option election shall be a number equal to one (1) for every 2,300 persons resident in the city.

(2) The minimum number of quota retail package licenses issued by the department in a city shall be two (2) licenses.

(3) The estimates of population for Kentucky cities prepared by the Kentucky State Data Center, Urban Studies Center of the University of Louisville, Louisville, Kentucky, shall be used in every year except a census year to determine the number of licenses prescribed by this administrative regulation. The United States Government census figures of population shall be used in a census year.

Section 2. Requests for Specific City Quota. (1) Three (3) or more years after the certification of a wet election pursuant to KRS 242.125 by a city, the city may file a request to the board seeking a specific city quota to increase the number of quota retail package licenses for the city.

(2) Before seeking this request, the city shall publish a notice in the newspaper used by the city for legal notices advising the general public of the city's intent to request additional city quota licenses from the board.

(3) A city's request to the board for a specific increased quota shall include:

(a) A certified copy of a city's governing body government resolution approving the request;

(b) A certified copy of the notice referenced in subsection (2) of this section; and

(c) An explanation why the city meets the criteria for a quota increase in conformity with Section 3 of this administrative regulation.

(4) Upon receiving a city request satisfying subsection (3) of this section, the board may promulgate, in conformity with KRS Chapter 13A, an amendment to Section 4 of this administrative regulation which sets a higher specific quota for the city.

(5) The specific city quota for quota retail package licenses set by the board in subsection (4) of this section shall not exceed a ratio of one (1) for every 1,500 persons resident in the city.

(6) This section does not guarantee that a city will receive the requested specific city quota even if the board promulgates an initial amendment pursuant to subsection (4) of this section. The city shall bear the burden of showing the requested increase is necessary due to a change in circumstances from the previous request and that current needs are not being met by the current license holders.

(7) If the board rejects a request made under this section, the board shall notify the city of its decision by registered mail at the address given in the request. Within thirty (30) days after the date of the mailing of the notice, the city may indicate, in writing, its desire for an administrative hearing before the board regarding its request. The hearing shall be conducted in accordance with the provisions of KRS Chapter 13B.

(8) Following an initial request for an increase under subsection (1) of this section, a city may file an additional request to the board once every three (3) years from the date of the denial or establishment of a specific city quota. The procedures established in subsections (1) through (7) of this section shall be followed.

Section 3. Criteria for Consideration. (1) The board shall consider the following information in its determination of a city's request for an increased quota made under Section 2(3) of this administrative regulation:

(a) Population served by the city;

(b) Total retail sales of the city for the most recent past fiscal year;

(c) Retail sales per capita for the most recent past fiscal year;

(d) Total alcohol sales in the city for the most recent fiscal year;

(e) Tourist destinations in the area, if applicable; and

(f) Other economic and commercial data offered to show the city's capacity to support additional licenses.

(2) The board shall grant the request if the factors considered under subsection (1) of this section justify the requested increase.

Section 4. Establishment of Specific City Quotas. (1) Pikeville, which repealed prohibition on April 12, 1983, shall have a quota of thirteen (13) quota retail package licenses.

(1) On or before January 1 of each year, the Department of Alcoholic Beverage Control shall request from the Kentucky State Data Center, Urban Studies Center of the University of Louisville, Louisville, Kentucky, population estimates as of that date for all wet cities located in dry counties.

(2) If a city's population has increased and the city no longer has one (1) quota retail package license for every 2,300 persons resident in the city, the Department of Alcoholic Beverage Control shall increase the city's quota to maintain the 1:2,300 ratio.

(3) If a quota retail package license vacancy is created under Section 5(2), or 2 of this administrative regulation and once the section is published, the Department of Alcoholic Beverage Control shall have sixty (60) days arrange for the newspaper used for city legal notices to advertise the vacancy and provide information about applying for it.

(4) The Department of Alcoholic Beverage Control shall accept applications for a quota retail package license vacancy not later than thirty (30) days following the date on which the notice required under subsection (3) of this section is published.

(5) A licensee that holds a quota retail package license shall assume the business risk that the number of quota licenses might be increased.

Section 6. Quota Reductions. (1) This administrative regulation shall not prohibit renewal or approved transfer of an existing quota retail package license issued in a wet city situated in a dry county.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Melissa McQueen
(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation sets specific quotas for retail package licenses for cities pursuant to KRS 242.125, and sets forth the criteria needed for consideration if a city desires an increase in its quota.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to set specific quotas for retail package licenses in cities and to outline the process by which a city can request an increase.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 241.060(1) authorizes the board to promulgate administrative regulations.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes. This administrative regulation lists specific quotas for cities which makes it clear what number of licenses are available.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: It adds a quota increase for the city of Somerset.

(b) The necessity of the amendment to this administrative regulation: This amendment is necessary for the department to comply with a Pulaski Circuit Court order in Pulaski Circuit Court Civil Action No. 13-CI-00872 and styled City of Somerset vs. Alcoholic Beverage Control Board, et al.

(c) How the amendment conforms to the content of the authorizing statutes: The department is authorized to promulgate regulations pursuant to KRS 241.060. In City of Somerset vs. Alcoholic Beverage Control Board, et al., Pulaski Circuit Court Civil Action No. 13-CI-00872, the Pulaski Circuit Court held that the Department of Alcoholic Beverage Control was required to increase the number of licenses available to Somerset in 2013 in deference to the legislature when it was previously filed. The court ordered the Department to reevaluate its proposed amended regulation and to use its own discretion in so doing. The court ordered the Department to restore Somerset to its position after the ARR Subcommittee hearing and prior to withdrawal of the amendment. At that time, the Department had previously filed an amendment in 804 KAR 9:040 aimed at increasing Somerset’s quota to ten (10). In restoring Somerset to its post-ARR Subcommittee hearing and pre-amendment withdrawal position, the court ordered the Department to exercise “its own discretion” using the version of 804 KAR 9:040 in existence when the proposed amendment was withdrawn. The proposed amendment would restore Somerset to its exact position after the ARR Subcommittee hearing and before the amendment was withdrawn and allow the Department to exercise its statutory discretion in compliance with the court’s order through all steps of the regulatory process.

(d) How the amendment will assist in the effective administration of the statutes: This amendment causes the department to comply with the Pulaski Circuit Court’s order which held that the department failed to perform its statutory duties and discretion under KRS 241.060. Filing this amendment will restore Somerset to its exact position after the ARR Subcommittee hearing and before the amendment was withdrawn.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The City of Somerset is affected by this administrative regulation.

(4) Provide an analysis of how the entities identified in question...
(3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment. The city and current licensees will not have to take any additional steps to comply with this amendment.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3)? There are not expected to be any additional costs.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): City residents will likely have increased business competition resulting in better consumer choices and prices. The availability of additional licenses reduces the price of an existing license so as to better promote and encourage business investments in community. City would also receive minimal financial benefits from additional licensing fees of the extra available licenses.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: No extra costs are anticipated to amend this administrative regulation.

(b) On a continuing basis: None.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: No funding is used to implement and enforce the amendment of this administrative regulation.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change, if it is an amendment: There is no anticipated increase in fees or funding necessary to amend this administrative regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increased any fees: This administrative regulation amendment does not directly or indirectly increase any fees.

(9) TIERING: Is tiering applied? No tiering is applied because this regulation applies equally to the regulated entities.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts or divisions of state or local government (including cities, counties, fire departments or school districts) will be impacted by this administrative regulation? The city of Somerset requested this amendment and is expected to be impacted by this amendment. (2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulations. KRS 241.060(1) authorizes the board to promulgate administrative regulations.

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? Minimal revenue will be generated by this administrative regulation in the form of additional licensing fees.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? Minimal revenue is expected to be generated by this administrative regulation in the form of additional licensing fees.

(c) How much will it cost to administer this program for the first year? The cost to administer this amendment should be minimal, if any.

(c) How this administrative regulation conforms to the content of the authorizing statutes: The administrative regulation conforms to the content of the authorizing statutes by establishing procedures for improper payments, claims, and penalties used by the cabinet in CCAP.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: The administrative regulation currently assists in the effective administration of the statutes through its establishment of the cabinet’s procedures for improper payments, claims, and penalties in CCAP.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: This administrative regulation is necessary to implement tougher penalties for intentional program violations (i.e., fraud and abuse) committed by either child care provider participating in CCAP. The penalties to be applied in CCAP are identical to penalties currently used for intentional program violations (IPVs) in the Supplemental Nutrition Assistance Program (SNAP). In addition, after a period of 90 days delinquency in repayment of an established claim, the amendment will require that all delinquent claim payments be made prior to a CCAP recipient or child care provider returning to active status within CCAP. The amendment to this administrative regulation also aims to align the administrative regulation’s incorporated materials with the new claims system.
(b) The necessity of the amendment to this administrative regulation: The amendment to this administrative regulation is necessary to toughen penalties and claim collection practices within CCAP in effort to deter and respond appropriately to programmatic fraud and abuse and to reconcile outstanding claim balances. The proposed changes to the administrative regulation assure alignment with the new claims system, which promises further programmatic modernization, greater efficiency in ongoing case maintenance, and enhanced reporting and archiving functionalities.
(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the content of the authorizing statutes through its enhancement of penalties and claim collection practices in CCAP.
(d) How the amendment will assist in the effective administration of the statutes: The amendment will assist in the effective administration of the statutes through its improvements to the cabinet’s procedures for improper payments, claims, and penalties in CCAP.
(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The parent of a child eligible for CCAP or a provider serving a child eligible for CCAP could be impacted by this administrative regulation if an overpayment or underpayment or a suspected intentional program violation has occurred involving the child’s case/eligibility or payment to the child care provider. During State Fiscal Year 2015, CCAP served, on average, 22,792 children in 12,236 families per month. For State Fiscal Year 2015, the numbers for providers participating in CCAP are as follows: 2,056 licensed (Type I and Type II), 336 certified, and 207 registered. For the first half of State Fiscal Year 2015, July through December, 1,174 tiered penalties were established on both recipients and providers participating in CCAP.
(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Measures incorporated impact CCAP recipients and child care providers that have committed an intentional program violation and/or are in a repayment agreement due to a claim. The disqualification period for an intentional program violation has been extended comparable to the Supplemental Nutrition Assistance Program (SNAP), and collection practices for delinquent claim repayments have been enhanced to foster greater compliance on the part of repaying CCAP recipients and child care providers.
(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There are no new or additional costs to regulated entities.
(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): The amendment to this administrative regulation will foster accuracy in benefits and program integrity for applicants, recipients, and providers participating in CCAP. (b) On a continuing basis: There will be no new or additional cost to the administrative body to implement this administrative regulation.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The source of funding to be used for implementation and enforcement of this administrative regulation will be the federal Child Care and Development Fund Block Grant, state matching, state maintenance of effort funds, and General Fund dollars. In addition, child care provided to work-eligible adults participating in the Kentucky Works Program is supported by federal and state funds allocated to the Temporary Assistance for Needy Families (TANF) Block Grant.
(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: An increase in fees or funding is not necessary to change this administrative regulation.
(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: The amendment to this administrative regulation does not establish any fees or directly or indirectly increase any fees.

CUMULATIVE SUPPLEMENT

Locator Index - Effective Dates

The Locator Index lists all administrative regulations published in VOLUME 42 of the Administrative Register of Kentucky from July 2015 through June 2016. It also lists the page number on which each administrative regulation is published, the effective date of the administrative regulation after it has completed the review process, and other action which may affect the administrative regulation. NOTE: The administrative regulations listed under VOLUME 41 are those administrative regulations that were originally published in VOLUME 41 (last year's) issues of the Administrative Register of Kentucky but had not yet gone into effect when the 2015 Kentucky Administrative Regulations Service was published.

KRS Index

The KRS Index is a cross-reference of statutes to which administrative regulations relate. These statute numbers are derived from the RELATES TO line of each administrative regulation submitted for publication in VOLUME 42 of the Administrative Register of Kentucky.

Technical Amendment Index

The Technical Amendment Index is a list of administrative regulations which have had technical, nonsubstantive amendments entered since being published in the 2015 Kentucky Administrative Regulations Service. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10), 13A.312(2), or 13A.320(1)(d). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published in the Administrative Register of Kentucky.

Subject Index

The Subject Index is a general index of administrative regulations published in VOLUME 42 of the Administrative Register of Kentucky, and is mainly broken down by agency.

**TECHNICAL AMENDMENT INDEX**

The Technical Amendment Index is a list of administrative regulations which have had technical, nonsubstantive amendments entered since being published in the *2015 Kentucky Administrative Regulations Service*. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10), 13A.312(2), or 13A.320(1)(d). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published to show the technical corrections in the *Administrative Register of Kentucky*. NOTE: Finalized copies of the technically amended administrative regulations are available for viewing on the Legislative Research Commission Web site at [http://www.lrc.ky.gov/home.htm](http://www.lrc.ky.gov/home.htm).

‡ - Pursuant to KRS 13A.320(e), this indicates a technical change was made to this administrative regulation during the promulgation process.
