STANDARD ADMINISTRATIVE REGULATION REVIEW PROCEDURE
Overview for Regulations Filed under KRS Chapter 13A As Amended by 2021 Legislation

(See KRS Chapter 13A for specific provisions)

Filing and Publication
Administrative bodies shall file all proposed administrative regulations with the Regulations Compiler. Filed regulations shall include public hearing and comment period information; a regulatory impact analysis and tiering statement; a fiscal note on state and local government; and, if applicable, a federal mandate comparison and any required incorporated material. Administrative regulations received by the deadline established in KRS 13A.050 shall be published in the Administrative Register. Emergency administrative regulations become effective upon filing.

Public Hearing and Public Comment Period
The administrative body shall schedule a public hearing on a proposed administrative regulation. The public hearing is held between the 21st and the last workday of the month in which the public comment period ends. Information about the public comment period shall include: the place, time, and date of the hearing; the manner in which a person may submit written comments or a notification to attend the hearing; a statement specifying that unless a notification to attend the hearing is received no later than 5 workdays prior to the hearing date, the hearing may be cancelled; the deadline for submitting written comments; and the name, position, and contact information of the person to whom notifications and written comments shall be sent.

Public comment periods for ordinary regulations end on the last day of the month following publication; whereas, public comment periods for emergency regulations run through the last day of the month in which the regulation was published. For other ordinary regulations with open comment periods, please also see last month’s Administrative Register of Kentucky.

The administrative body shall notify the Compiler whether the hearing was held or cancelled and whether or not written comments were received. If the hearing was held or written comments were received, the administrative body shall file a statement of consideration with the Compiler by the fifteenth day of the calendar month following the close of the public comment period.

Review Procedure
After the public hearing and public comment period processes are completed, the administrative regulation will be tentatively scheduled for review at the next meeting of the Administrative Regulation Review Subcommittee. After review by the subcommittee, the regulation shall be referred by the Legislative Research Commission to an appropriate jurisdictional committee for a second review. If a quorum is present, unless the regulation is deferred or found deficient, an ordinary regulation shall be considered in effect upon adjournment of the appropriate jurisdictional committee or 90 days after being referred by LRC, whichever occurs first.
EMERGENCY ADMINISTRATIVE REGULATIONS

NOTE: Pursuant to KRS 13A.190, emergency regulations expire after 270 days (or 270 days plus the number of days an accompanying ordinary is extended) or upon replacement by an ordinary regulation, whichever occurs first. This index reflects the KRS Chapter 13A-established expiration dates; however, expiration dates may be impacted by 2021 legislation including: Regular Session legislation: House Joint Resolution 77; KRS Chapter 39A, as amended by Senate Bill 1; and by KRS Chapters 13A and 214, as amended by Senate Bill 2; or Special Session legislation: House Joint Resolution 1; or KRS Chapter 13A as amended by Senate Bill 1 and Senate Bill 2.

This emergency administrative regulation is necessary for compliance with the requirement to promulgate administrative regulations within 30 days of Senate Bill 8, 2022 Regular Session, becoming law. The act, codified as 2022 Ky. Acts ch. 75, sec. 21, was effective April 1, 2022. The requirement of the act is being fulfilled by removing Kentucky Employees Charitable Campaign provisions from this administrative regulation and promulgating as a new, stand-alone regulation, 101 KAR 6:020. This administrative regulation is being promulgated pursuant to KRS 13A.190(1)(a).3 to meet the deadline required by the act. An ordinary administrative regulation is not sufficient because the new administrative regulation for the Kentucky Employees Charitable Campaign, 101 KAR 6:020, will be promulgated as an emergency regulation, necessitating concurrent changes to this administrative regulation. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.

HB 220 was signed by the Governor on March 15, 2021. This emergency regulation is required to ensure the agency is able to be fiscally sound. HB 220 goes into effect June 29, 2021. The renewal period of individuals and establishments for the Kentucky Board of Embalmers and Funeral Directors is July 1 through 31st. The Kentucky Board of Embalmers and Funeral Directors initially filed this emergency regulation, along with an ordinary version of the same, on June 20, 2021; however, due to a change in personnel, the Board deferred those regulations each month and they will now expire, pursuant to KRS 13A.190(3), on March 27, 2022. In accordance with KRS 13A.190(5), this subsequent emergency regulation differs from its initial version because it makes changes to comply with the Board’s statutory authority and it makes numerous technical changes to comply with the formatting and drafting requirements of KRS Chapter 13A. This emergency regulation complies with the restrictions on filing subsequent administrative regulations established in KRS 13A.125 and it is necessary to prevent a lapse in the Board’s effective administrative regulations. This emergency regulation will be replaced by an ordinary regulation and will be submitted at the same time. The ordinary regulation is identical to the emergency.

STATEMENT OF EMERGENCY

201 KAR 15:110E

During its 2021 regular session, the General Assembly passed House Bill 220 (attached), an amendment to KRS 316.030, 316.125, 316.131, 316.170, and 316.210, to allow the Board of Embalmers and Funeral Directors to establish fees through the promulgation of administrative regulations. HB 220 was signed by the Governor on March 15, 2021. This emergency regulation removes fees from this administrative regulation and centralizes all fees in one administrative regulation. HB 220 became effective on June 29, 2021. The renewal period of individuals and establishments for the Kentucky Board of Embalmers and Funeral Directors is July 1 through 31st. This emergency regulation is necessary to ensure that the Board is able to be fiscally sound. The Kentucky Board of Embalmers and Funeral Directors initially filed this emergency regulation, along with an ordinary version of the same, on June 20, 2021; however, due to a change in personnel, the Board continually deferred the regulations and they will now expire, pursuant to KRS 13A.190(3), on March 27, 2022. In accordance with KRS 13A.190(5), this subsequent emergency regulation differs from its initial version because it makes changes to comply with the Board’s statutory authority and it makes numerous technical changes to comply with the formatting and drafting requirements of KRS Chapter 13A. This emergency regulation complies with the restrictions on filing subsequent administrative regulations established in KRS 13A.125 and is necessary to prevent a lapse in the Board’s effective administrative regulations. This emergency regulation will be replaced by an ordinary regulation and will be submitted at the same time. The ordinary regulation is identical to the emergency.

STATEMENT OF EMERGENCY
201 KAR 15:125E

During its 2021 regular session, the General Assembly passed House Bill 220 (attached), an amendment to KRS 316.030, 316.125, 316.131, 316.170, and 316.210, to allow the Board of Embalmers and Funeral Directors to establish fees through the promulgation of administrative regulations. HB 220 was signed by the Governor on March 15, 2021. This emergency regulation removes fees from this administrative regulation and centralizes all fees in one administrative regulation, updates language, and makes technical changes and clarifications. HB 220 became effective on June 29, 2021. The renewal period of individuals and establishments for the Kentucky Board of Embalmers and Funeral Directors is July 1 through 31st. This emergency regulation is necessary to ensure that the Board is able to be fiscally sound. The Kentucky Board of Embalmers and Funeral Directors initially filed this emergency regulation, along with an ordinary version of the same, on June 20, 2021; however, due to a change in personnel, the Board continually deferred the regulations and they will now expire, pursuant to KRS 13A.190(3), on March 27, 2022. In accordance with KRS 13A.190(5), this subsequent emergency regulation differs from its initial version because it makes changes to comply with the Board's statutory authority and it makes numerous technical changes to comply with the formatting and drafting requirements of KRS Chapter 13A. This emergency regulation complies with the restrictions on filing subsequent administrative regulations established in KRS 13A.125 and is necessary to prevent a lapse in the Board's effective administrative regulations. This emergency regulation will be replaced by an ordinary regulation and will be submitted at the same time. The ordinary regulation is identical to the emergency.

STATEMENT OF EMERGENCY

201 KAR 20:070E

This emergency amendment to an existing administrative regulation is being promulgated to meet an imminent threat to public health and welfare. The Commonwealth of Kentucky is experiencing a critical nursing shortage, as evidenced by the Governor declaring a state of emergency under Executive Order 2021-913. This emergency administrative regulation is being filed on an emergency basis under Kentucky Revised Statutes (KRS) 13A.190, 39A.190, 314.011, 314.041, 314.051, and 314.131(1), to meet an imminent threat to public health, safety and welfare and to address the nursing shortage by easing the provisional licensing requirement for nurse applicants who have not passed the National Council Licensure Examination (NCLEX). The existing regulation provides that a provisional license is revoked after one failed attempt to pass the NCLEX. This emergency administrative regulation differs from the existing administrative regulation because it provides applicants for nurse licensure two opportunities within six months to take and pass the NCLEX, before their provisional license is revoked for failing to pass the exam. It further limits their provisional licenses to a period of six months. This emergency administrative regulation will be replaced by an identical ordinary administrative regulation.

202 KAR 7:545E

This emergency administrative regulation is being promulgated in order to meet an imminent threat to public health, safety, and welfare. Specifically, this emergency amendment is necessary to ensure ambulance services remain eligible to obtain a license from the Board more than 90 days after being issued a Certificate of Need ("CON") from the Cabinet for Health and Family Services (the "Cabinet").

Senate Bill 150 (Regular Session 2020) ("SB 150") granted the Kentucky Board of Emergency Medical Services (the "Board") the authority to waive or modify certain statutes and regulations related to the EMS profession during the State of Emergency declared by the Governor in Executive Order 2020-215. See SB 150 § 1(13). On October 11, 2021, the Board filed an emergency waiver and modification of 202 KAR 7:545 with the Secretary of State, which waived the requirement that ambulance services...
obtain a license from the Board within 90 days of being issued a CON from the Cabinet. This waiver and modification was necessary because ambulance services were not able to meet the 90-day requirement due to part staffing shortages and supply chain delays.

The Board's modification and waiver of 202 KAR 7:545 was ratified and approved by the General Assembly. See Senate Bill 25 (Regular Session 2022) § 4(27)(h). Due to the continued impracticability of obtaining a license from the Board within 90 days of the agency being issued a CON, the Board filed an ordinary regulation amendment to 202 KAR 7:545 on February 8, 2022. The amendment would have required agencies to "apply for" rather than "obtain" a license from the Board within 90 days of issuance of a CON and to request a final inspection for licensure within 180 days after applying for a license. However, on January 14, 2022, Senate Bill 25 (Regular Session 2022) ("SB 25") became law. Pursuant to Section 4 of SB 25, the Board's modification and waiver of 202 KAR 7:545 will expire on April 14, 2022. Therefore, an ordinary administrative regulation is not sufficient to address the imminent threat to public health, safety, and welfare because the Board's ordinary amendment to 202 KAR 7:545 filed on February 8, 2022 could not become effective before the Board's modification and waiver expires on April 14, 2022.

EMS agencies seeking a license from the Board continue to experience staffing shortages and supply chain delays, and it remains impractical to satisfy the 90-day requirement. Therefore, the continued ability for EMS agencies to obtain a license from the Board more than 90 days after a CON from the Cabinet is critical to ensuring that new agencies can be licensed by the Board and can begin providing EMS services to underserved communities. Accordingly, EMS staffing shortages, supply chain delays, and the April 14, 2022 expiration of the Board's modification and waiver of 202 KAR 7:545 (which would have the effect of reimposing the 90-day requirement) present an imminent threat to public health, safety, and welfare and this emergency administrative regulation is necessary.

This emergency administrative regulation will be replaced by an ordinary administrative regulation because EMS staffing shortages, supply chain delays, and the impracticability of satisfying the 90-day requirement are expected to continue. The companion ordinary administrative regulation is identical to this emergency administrative regulation.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Michael Poynter

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes requirements for each class of ambulance service and medical first response agencies.

(b) The necessity of this administrative regulation: KRS 311A.020 requires the Board to exercise all administrative functions in the regulation of ambulance services and medical first response agencies, except those regulated by the Board of Medical Licensure or the Cabinet for Health and Family Services. KRS 311A.030 requires the board to promulgate administrative regulations to establish requirements for various classes of ambulance and emergency medical service agencies. This administrative regulation is necessary to establish requirements for each class of ambulance service and medical first response agencies.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of KRS 311A.020 and 311A.030 by establishing requirements for each class of ambulance service and medical first response agencies.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: KRS 311A.020 requires the Board to exercise all administrative functions in the regulation of ambulance services and medical first response agencies, except those regulated by the Board of Medical Licensure or the Cabinet for Health and Family Services. KRS 311A.030 requires the board to promulgate administrative regulations to establish requirements for various classes of ambulance and emergency medical service agencies. This administrative regulation assists in the effective administration of these statutes by establishing requirements for each class of ambulance service and medical first response agencies.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: This amendment removes the requirement that agencies obtain a license from the Board within ninety (90) days after receiving a certificate of need. Instead, agencies will only need to apply for a license from the Board within ninety (90) days of issuance of a certificate of need. After applying for a license, agencies must request a final inspection from the Board within 180 days.

(b) The necessity of the amendment to this administrative regulation: This amendment is necessary because it is difficult for agencies to satisfy the requirement that they receive a license within ninety (90) days of issuance of a certificate of need. Before a license may be issued by the Board, new EMS agencies must contract with a medical director, order medications, purchase and acquire ambulances, hire staff, procure physical locations, etc. Were the Board to strictly enforce this requirement, some otherwise qualified agencies would be denied a license.

(c) How the amendment conforms to the content of the authorizing statutes: This amendment conforms to the content of KRS 311A.020 and 311A.030 by removing requirements for each class of ambulance service and medical first response agencies.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: All ambulance services and medical first response agencies will be affected by this administrative regulation.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Ambulance services and medical first response agencies will no longer be required to obtain a license from the Board within ninety (90) days after the issuance of a certificate of need.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Compliance with this administrative regulation will not require entities to incur additional costs.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Ambulance services and medical
first response agencies will benefit from being permitted to receive a license from the Board more than ninety (90) days after being issued a certificate of need.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation: There will be no cost to the administrative body to implement this administrative regulation.

(a) Initially: There will be no cost to the administrative body to implement this administrative regulation.

(b) On a continuing basis: There will be no cost to the administrative body to implement this administrative regulation.

(6) What is the source of funding to be used for the implementation and enforcement of this administrative regulation: No funding source is necessary to implement and enforce this administrative regulation.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding will be necessary.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish any fees.

(9) TIERING: Is tiering applied? Tiering is not applied to this administrative regulation because this amendment applies to all ambulance services and medical first response agencies.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

(1) What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The administrative regulation will affect all ambulance services and medical first response agencies.

KRS 311A.030 requires the board to promulgate administrative regulations to establish requirements for various classes of ambulance and emergency medical service agencies. This administrative regulation establishes tiering requirements for each class of ambulance service and medical first response agencies.

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? This administrative regulation will generate no revenue for the first year.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? This administrative regulation will generate no revenue for subsequent years.

STATEMENT OF EMERGENCY

202 KAR 7:560E

This emergency administrative regulation is being promulgated in order to meet an imminent threat to public health, safety, and welfare. Specifically, this emergency amendment is necessary to ensure adequate staffing of ambulances.

Senate Bill 150 (Regular Session 2020) ("SB 150") granted the Kentucky Board of Emergency Medical Services (the "Board") the authority to waive or modify certain statutes and regulations related to the EMS profession during the State of Emergency declared by the Governor in Executive Order 2020-215. See SB 150 § 1(13). On or about April 14, 2020, the Board filed an emergency waiver and modification of 202 KAR 7:560 with the Secretary of State, which waived the requirement that ambulances be driven by an emergency medical technician (EMT) and provided instead that ambulances could be driven by "[a] driver certified in CPR and who has had an emergency vehicle operator's course". This waiver and modification allowed emergency medical responders (EMRs) to drive ambulances during the State of Emergency and was necessary to address EMS staffing shortages across the Commonwealth.

The Board's modification and waiver of 202 KAR 7:560 was ratified and approved by the General Assembly. See House Joint Resolution 1 (Special Session 2021) § 4(29)(k); Senate Bill 25 (Regular Session 2022) § 4(27)(k). Due to continued EMS staffing shortages, on January 12, 2022, the Board filed an ordinary regulation amendment to 202 KAR 7:560 to allow EMRs to continue to drive ambulances after the State of Emergency ends.

However, on January 14, 2022, Senate Bill 25 (Regular Session 2022) ("SB 25") became law. Pursuant to Section 4 of SB 25, the Board's modification and waiver of 202 KAR 7:560 will expire on April 14, 2022. Therefore, an ordinary administrative regulation is not sufficient to address the imminent threat to public health, safety, and welfare because the Board's ordinary amendment to 202 KAR 7:560 filed on January 12, 2022 could not become effective before the Board's modification and waiver expires on April 14, 2022.

Emergency medical services across the Commonwealth continue to experience staffing shortages and, therefore, the continued ability for EMS agencies to assign EMRs as ambulance drivers is critical to ensuring that agencies can adequately staff the ambulances that serve their communities. Accordingly, EMS staffing shortages and the April 14, 2022 expiration of the Board's modification and waiver of 202 KAR 7:560 pose an imminent threat to public health, safety, and welfare and this emergency administrative regulation is necessary.

This emergency administrative regulation will be replaced by an ordinary administrative regulation because EMS staffing shortages are expected to continue and the requirement the EMTs drive ambulances rather than EMRs is not necessary. The companion ordinary administrative regulation is identical to this emergency administrative regulation.

KRS 342.020(1) requires employers to pay for reasonable and necessary medical treatment for the cure and relief from the effects of a work-place injury or occupational disease. KRS 342.020(4) requires the employer to pay the medical provider within thirty (30) days of receipt of a statement for services and requires the commissioner to promulgate administrative regulations establishing conditions under which the thirty (30) day period for payment may be tolled. KRS 342.020(4) further requires the commissioner to promulgate administrative regulations with procedures by which disputes regarding the necessity, effectiveness, frequency, and cost of treatment may be resolved. Utilization review is a procedure by which medical treatment may be evaluated for reasonableness and necessity and disputes may be resolved; the thirty (30) day period for payment is tolled while a treatment claim is undergoing utilization review. Additionally, KRS 342.020(7)(f) requires employers with a managed care system to establish procedures for utilization review of medical services to assure that a course of treatment is reasonably necessary; diagnostic procedures are not unnecessarily duplicated; the frequency, scope, and duration of treatment is appropriate; pharmaceuticals are not unnecessarily prescribed; and that ongoing and proposed treatment is not experimental, cost ineffective, or harmful to the employee. KRS 342.035(5)(c) requires the commissioner to promulgate administrative regulations governing medical provider utilization review activities conducted by an insurance carrier, self-insured group, or self-insured employer pursuant to KRS Chapter 342. During the 2017 session of the General Assembly, KRS Chapter 13A was amended to state that administrative regulations shall expire seven (7) years after the last effective date. KRS 342.190 was due to expire unless the regulations compiler was notified that the Department of Workers’ Claims had reviewed the administrative regulation and certified its desire to keep the administrative regulation in effect or notified the regulations compiler it would amend the administrative regulation; the Department notified the regulations compiler of its intent to amend 803 KAR 25:190. An amendment to 803 KAR 25:190 was filed February 18, 2021, and found deficient by the Administrative Regulation Review Subcommittee during its meeting on November 9, 2021. Governor Andy Beshear determined 803 KAR 25:190 was effective notwithstanding the finding of deficiency. The General Assembly passed Senate Bill 65 on April 13, 2022, over the Governor’s veto. Senate Bill 65 provides that 803 KAR 25:190, as amended, expires if not adopted by the time the bill was enacted or, if it had been adopted by the time the bill was enacted, then 803 KAR 25:190 is null, void, and unenforceable at the time the bill was enacted. In contravention to the statutory requirements of KRS Chapter 342, no administrative regulation is in effect to govern medical provider utilization review activities conducted by an insurance carrier, self-insured group, or self-insured employer pursuant to KRS Chapter 342. Additionally, it is not possible to have an ordinary administrative regulation become effective in time to meet these statutory requirements. The guidance provided in this emergency administrative regulation cannot be provided through an ordinary administrative regulation because the ordinary rulemaking process cannot be completed in time to meet the statutory requirements. This emergency administrative regulation will be replaced by an ordinary administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.

(k) Approve the application;

(l) Deny the application; or

(m) Refer consideration of the application for a reasonable time for the purpose of conducting further investigation of the application.

(q) A Kentucky affiliate shall have until December 31 following the November 1 deadline established in subsections (11) and (12) of this section to revise and update any information previously provided to the commission on or before the November 1 deadline.

(r) The application and the accompanying award distribution plan provided to the commission shall include the following information:

(s) The name of the breed of horse covered by the plan;

(t) The name of the Kentucky affiliate;

(u) A letter from the national breed organization representing the breed certifying that the Kentucky affiliate is the recognized representative in Kentucky of that breed, and certifying the number of horses twenty-five (25) years of age and younger in the breed residing in Kentucky. 3. The affiliate shall provide the data electronically to the commission and in a format agreeable to the commission;

(d) A letter from the national breed organization representing the breed certifying that the breed has a closed breed registry; and

(e) A thoroughbred breed shall not be eligible for registration with the KHBIF, unless the thoroughbred breed consists exclusively of show horses.

(f) A standardbred breed shall not be eligible for registration with the KHBIF, unless the standardbred breed consists exclusively of show horses.

(g) The color of a breed of horses shall not be the sole criterion used to define that breed for purposes of registration with the KHBIF.

1. The scoring method or point system to be utilized in contests to determine the incentive winner of each contest as certified by the national breed organization;
2. The identity of the scoring person or body that will judge each contest as certified by the national breed organization;
3. The rules of the contests in which the horses of the breed will participate as certified by the national breed organization; and
4. The percentage distribution formula by which the Kentucky affiliate shall grant awards to incentive winners.

(b) The records of each national breed organization shall be used as the official records of the commission for determining the following information:

The number of horses in each case shall be the number of horses recorded on each Kentucky affiliate's application form on the December 31 deadline established in Section 2(13) of this administrative regulation; and

(b) Multiplying the fraction obtained in paragraph (a) by the total amount of money allocated to all Kentucky affiliates during the year.

(5) An award to an incentive winner from the KHBIF shall be determined based on the award distribution plan submitted by the Kentucky affiliate representing the breed to the commission pursuant to Section 2(13)(b) of this administrative regulation.

(6) The commission shall, by March 1 of each year, notify the Kentucky affiliate of the total dollars allocated to that affiliate.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Todd G. Allen

(1) Provide a brief summary of:
(a) What this administrative regulation does: KRS 503.110 allows for the use of physical force upon a student when the school “believes that the force used is necessary to promote the welfare of a minor... or maintain discipline in a school,... or other group.” This practice is commonly referred to as corporal punishment. This regulation seeks to establish minimum requirements for the use of corporal punishment including a requirement to attain parental consent prior to use, requirements for the deployment of additional behavior management best practices and supports, and requirements for documentation and reporting.
(b) The necessity of this administrative regulation: The American Academy of Child and Adolescent Psychiatry states that corporal punishment may be harmful to children. As such, this regulation seeks to reduce the potential for harm by providing foundational requirements, requiring parental notification and consent, and establishing reporting procedures.
(c) How this administrative regulation conforms to the content of the authorizing statute: The regulation conforms to the authority given to the Kentucky Board of Education in KRS 156.070, 156.160, and 158.444.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This regulation creates uniformity in the deployment of corporal punishment across the Commonwealth. It seeks to protect the public’s right to provide input by mandating that local school districts adopt policies related to corporal punishment. Additionally, it seeks to protect the parent’s rights by requiring prior notification and consent. Finally, the
regulation establishes minimum reporting requirements so that relevant administrative bodies and the public can better understand how corporal punishment is being deployed.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: This is a new regulation.
(b) The necessity of the amendment to this administrative regulation: This is a new regulation.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Todd G. Allen

(1) Provide a brief summary of:

(a) What this administrative regulation does: KRS 160.380 defines an alternative education program as “a program that exists to meet the needs of students that cannot be addressed in a traditional classroom setting but through the assignment of students to alternative classrooms, centers, or campuses that are designed to remediate academic performance, improve behavior, or provide an enhanced learning experience. Alternative education programs do not include career or technical centers or departments.” This regulation supports the districts in the operation of alternative education programs by creating standard definitions, outlining requirements for additional procedures within district level policies, establishing foundational entry criteria, and establishing data collection requirements.

(b) The necessity of this administrative regulation: This regulation ensures that students across the Commonwealth have access to alternative education programs and that those programs are governed following the same set of foundational principles.

(c) How this administrative regulation conforms to the content of the authorizing statute: The regulation conforms to KRS 160.380, 156.070, 156.160.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This regulation outlines the foundational requirements for the operation of alternative education programs. Districts use this regulation as a starting point when crafting their own local policies.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: These amendments seek to provide clarity and uniformity to alternative education programs. The definitions section has been updated to clarify the definition of an on-site versus off-site program and to create a uniform definition of a long term placement. Additionally, the amendment creates a new requirement for additional procedures within district level policies that encourage greater monitoring and interaction between district level staff and alternative education program staff. Finally, the amendment clarifies the expectation that districts ensure that partnering organizations are providing appropriate data for inclusion in the student information system.

(b) The necessity of the amendment to this administrative regulation: This amendment is necessary to resolve frequent issues identified through the comprehensive monitoring processes deployed by the Kentucky Department of Education. Collectively, these amendments address roughly eighty percent of monitoring findings over the past five years.

(c) How the amendment conforms to the content of the authorizing statute: KRS 160.380 defines the alternative education program. The amendment conforms to this regulation under the authority granted by KRS 156.070 and 156.160.

(d) How the amendment will assist in the effective administration of the statutes: These amendments seek to resolve frequent findings from KDE’s consolidated monitoring process. Each amendment is the direct result of audit findings and will help to provide clarity for districts seeking to run alternative education programs.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: Those affected by the amendments made in this regulation include: All public school districts operating alternative education programs.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: School districts operating alternative education programs will be required to create two new procedures within policies related to the periodic local monitoring of alternative education programs and the selection of professional learning for teachers working in alternative education programs. The alterations to definitions may require school districts to amend existing policies or practices to align with the changes.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3)? There should be no additional cost to districts as a result of this amendment.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3)? Compliance with the amended regulation will ensure that students assigned to alternative education programs have equal access to quality teachers and rigorous coursework. Additionally, the changes will provide greater uniformity in data collection and reporting that will allow the KDE to better support alternative education programs in the future.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: KDE will incur initial training costs to update alternative education providers on the new requirements.

(b) On a continuing basis: KDE incurs an ongoing cost of staff and resources that are already in place.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: Enforcement of this regulation is funded by the Kentucky General Fund.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding will be necessary to implement this amendment.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This amendment does not establish or indirectly increase any fees.

Section 1. Definitions. (1) "Employee" is defined by KRS 337.010(1)(e) and (2)(a).
(2) "Employer" is defined by KRS 337.010(1)(d).

Section 2. The Employer-Employee Relationship. (1) In order for KRS Chapter 337 to be applicable there must be an employer-employee relationship. An employer-employee relationship requires an employer, employee, and the acts or conditions of work. (2) To determine whether an individual is an employee for purposes of an employer-employee relationship, the factors that shall be considered include:
(a) The extent to which the services rendered are an integral part of the principal’s business;
(b) The permanency of the relationship;
(c) The amount of the alleged contractor’s investment in facilities and equipment;
(d) An alleged contractor’s opportunities for profit and loss;
(e) The amount of initiative, judgment, or foresight in open market competition with others required for the success of the claimed independent enterprise; and
(f) The nature and degree of control by the principal. The factors to be considered when determining control include:
1. Whether there are restrictive provisions in the agreement between the possible employer and possible employee which require the work be satisfactory to the possible employer and detailing how the work is to be performed;
2. Whether the possible employer has control over the business of the person performing work even though the possible employer does not control the particular circumstances of the work;
3. Whether an agreement is indefinite or for a long period of time;
4. Whether the possible employer may cancel the agreement at his or her discretion, and on how much notice;
5. Whether the possible employer may discharge employees of an alleged independent contractor;
6. Whether the work done by an alleged independent contractor is the same or similar to that done by admitted employees; and
7. The degree of independent business organization and operation.
(3) In addition to the factors in subsection (2)(f) of this section, if control cannot be firmly established, the following factors shall be considered when determining if an independent contractor is an employee:
(a) Whether the work done by the alleged independent contractor is listed on the payroll with the appropriate tax deductions;
(b) Whether the payments to the alleged independent contractor are charged to a labor and salary account or selling expense account;
(c) Whether the employees of the alleged independent contractor must be approved by the possible employer;
(d) Whether the possible employer keeps the books and prepares payroll for the possible employee;
(e) Whether the alleged independent contractor is assigned to a particular territory without freedom of movement outside thereof;
(f) Whether the alleged independent contractor has an independent economic or other interest in his or her work, other than increasing his or her own pay;
(g) Whether the respective tax returns of the parties list the remuneration paid; and
(h) Whether the possible employer has control over the manner in which the work is to be performed.
(4) The following factors shall be immaterial to the determination of whether an employer-employee relationship exists:
(a) The place where the work is performed;
(b) The absence of a formal employment agreement;
(c) Whether the state or local government grants a license to the alleged independent contractor;
(d) The measurement, method, or designation of compensation;
(e) The fact that no compensation is paid and the alleged independent contractor must rely entirely on tips, if other indications of employment are present; and
(f) Whether the alleged independent contractor is paid by the piece or by the job or on a percentage or commission basis.

Section 3. Work. The subject matter of the employer-employee relationship must be work or its equivalent. The essential elements of work are:
(1) Physical or mental exertion, whether burdensome or not;
(2) Controlled or required by the employer; and
(3) Pursued necessarily and primarily for the benefit of the employer and their business.

Section 4. Religious, Charitable and Nonprofit Organizations. Schools, Volunteer Workers, Members of Religious Orders. (1) Persons such as nuns, monks, lay brothers, deacons, and other members of religious orders who serve pursuant to their religious obligations in the schools, hospitals, and other institutions operated by their church or religious order shall not be considered to be employees. (2) Individuals who volunteer their services to religious, charitable and similar nonprofit organizations and schools not as employees or in contemplation of pay for the services rendered shall not be considered employees.
(3) Although the volunteer services described in subsection (2) of this section do not create an employer-employee relationship, the organizations for which they are performed may have employees performing compensated service whose employment is subject to KRS Chapter 337.
(a) In accordance with KRS Chapter 337, where an employer-employee relationship exists, employees shall not be paid less than statutory wages for hours worked in the workweek.
(b) There are circumstances where an employee may donate services as a volunteer and the time so spent shall not be compensable work.
(c) An employer-employee relationship shall not exist with respect to the volunteer time between the organization and the volunteer or between the volunteer and the person for whose benefit the service is performed.
(4) As part of an overall education program, public or private schools and institutions of higher learning may permit or require students to engage in activities conducted primarily for the benefit of the participants as a part of the educational opportunities provided to the students by the school or institution. These activities do not result in an employer-employee relationship between the student and the school or institution. The fact that a student may receive a minimal payment or stipend for participation in the activities shall not create an employer-employee relationship.
(5)(a) Tasks performed as a normal part of a program of treatment, rehabilitation, or vocational training shall not be considered as work of a kind requiring a hospital patient, school student, or institutional inmate to be considered an employee of the hospital, school, or institution.
(b) Initial participation by a student with disabilities in a schoolwork program or sheltered workshop program shall not constitute an employer-employee relationship if the following conditions are met:
1. The activities are educational, are conducted primarily for the benefit of the participants, and comprise one of the facets of the
educational opportunities provided to the individuals. The individual may receive some payment for his or her work in order to have a more realistic work situation, or as an incentive to the individual or to ensure that the employer will treat the individual as a worker; 2. The time in attendance at the school plus the time in attendance at the experience station, either in the school or with an outside employer, does not substantially exceed time that the individual would be required to attend school if following a normal academic schedule. Time in excess of one (1) hour beyond the normal school schedule or attendance at the experience station on days when school is not in session shall be considered substantial; and 3. The individual does not displace a regular employee or impair the employment opportunities of others by performing work which would otherwise be performed by regular employees who would be employed by the school or an outside employer.

Section 5. Outside Work or Homework Performed by Independent Contractor. (1) A homeworker is an employee, even though there may be a buying and selling arrangement between the parties.

(a) If the employer asserts outside work or homework is performed by independent contractors, the following factors shall be considered in determining whether employee-employer relationship: (i) Whether the employer has the right to control the manner of the performance of the work or the time in which the work is to be done; (ii) Whether the employer pays the employee for Social Security, unemployment, or workers’ compensation insurance; (iii) Whether the homeworker ever collected any benefits such as unemployment or workers’ compensation, because of unemployment by the employer; (iv) Whether the employer furnishes the material or finances directly or indirectly the purchase of the material which the homeworker uses; (v) Whether the purchase of the material by the homeworker is made at arm’s length; (vi) Whether payments are made in cash or by check; (vii) How the homeworker profits under the buying-selling arrangement compared with wages as a homeworker; (viii) Whether the homeworker has a license to do business; and (ix) Whether the homeworker bills the employer for the work done; (b) Whether sales taxes are paid; (c) Whether the employer provides the materials; (d) Whether the employer pays the taxes for Social Security, unemployment, or workers’ compensation insurance; (e) Whether the employer furnishes the material or finances directly or indirectly the purchase of the material which the homeworker uses; (f) Whether the homeworker furnishes the material or finances directly or indirectly the purchase of the material which the homeworker uses; (g) Whether bills of sale are prepared; (h) Whether the homeworker ever collected any benefits such as unemployment or workers’ compensation, because of unemployment by the employer; (i) Whether the employer provides the materials; (j) Whether the employer pays the taxes for Social Security, unemployment, or workers’ compensation insurance; (k) Whether the employer furnishes the material or finances directly or indirectly the purchase of the material which the homeworker uses; (l) Whether the employer provides the materials; (m) Whether the homeworker furnishes the material or finances directly or indirectly the purchase of the material which the homeworker uses.

Section 6. Trainees and Student-trainees. Whether trainees or students are employees under KRS Chapter 337, depends upon all circumstances of their activities on the premises of the employer. If all the following criteria apply, the trainees or students shall not be employees under KRS Chapter 337:

1. The training, even though it includes actual operation of the facilities of the employer, is similar to that which would be given in a vocational school;
2. The training is for the benefit of the trainees or students;
3. The trainees or students do not displace regular employees, but work under their close observation;
4. The employer that provides the training derives no immediate advantage from the activities of the trainees or students and on occasion operations may actually be impeded;
5. The trainees or students are not necessarily entitled to a job at the conclusion of the training period; and
6. The employer and the trainees or students understand that the trainees or students are not entitled to wages for the time spent in training.

LABOR CABINET
Department of Workplace Standards  
(Amended After Comments)

803 KAR 1:061. Overtime pay requirements  
RELATES TO: KRS 337.285  
STATUTORY AUTHORITY: KRS 337.295  
NECESSITY, FUNCTION, AND CONFORMITY: KRS 337.285 requires overtime pay standards. KRS 337.295 authorizes the commissioner to promulgate administrative regulations. This administrative regulation establishes the official interpretations of the Department of Workplace Standards, Kentucky Labor Cabinet, with respect to the meaning and application of the overtime pay requirements established in KRS 337.285.

Section 1. Definitions. (1) “Profit sharing plan” means any person or arrangement that provides for the distribution by the employer to the employees of their respective shares of profits.  
(2) “Profit sharing trust” means any program or arrangement that provides for the irrevocable deposit by the employer of the employee’s distributive shares of profits with a trustee for deferred distribution to the employees of their respective shares.

Section 2. Application of Overtime Provisions Generally. (1) Because there is not an absolute limitation in KRS 337.285 on the number of hours that an employee may work in any workweek, the employee may work as many hours a week as the employee and employer determined, if the required overtime compensation is paid to the employee for hours worked in excess of forty (40) hours as established in KRS 337.285.  
(2) In accordance with KRS 337.285, an employer shall not be required to pay an employee overtime compensation for hours in excess of eight (8) per day or for work on Saturdays, Sundays, holidays, or regular days of rest.  
(3) If more than forty (40) hours are not actually worked in the workweek, overtime compensation pursuant to KRS 337.285 need not be paid.  
(4) KRS 337.285 shall not relieve an employer of an obligation the employer may have assumed by agreement or of any obligation imposed by other state or federal laws to limit overtime hours of work or to pay premium rates for work in excess of a daily standard or for work on Saturdays, Sundays, holidays, or other periods outside of or in excess of the normal or regular workweek or work day.

Section 3. The Workweek as the Basis for Applying KRS 337.285. If in any workweek, KRS 337.285 applies to an employee or employer is not exempt from overtime pay requirements, the employer shall total all the hours worked by the employee in that workweek and pay overtime compensation for each hour worked in excess of forty (40) hours.

Section 4. Each Workweek Stands Alone. (1) In accordance with KRS 337.285, in a single workweek an employer shall not average more hours over two (2) or more weeks. If an employee works thirty (30) hours one (1) week and fifty (50) hours the next, the employee shall receive overtime compensation for the overtime hours worked beyond the applicable maximum in the second week, even if the average number of hours worked in the two (2) weeks is forty (40).  
(2) This section shall apply regardless of whether the employee works on a standard or swing-shift schedule and regardless of whether the employee is paid on a daily, weekly, biweekly, monthly, or other basis.  
(3) This section shall apply to pieceworkers and employees paid on a commission basis. For pieceworkers and commission workers, the hours worked and the compensation earned shall be determined on a workweek basis.

Section 5. Determining the Workweek. (1) An employee’s workweek shall be based on a fixed and regularly recurring period of 168 hours, seven (7) consecutive twenty-four (24) hour periods, which need not coincide with the calendar week but may begin on any day and at any hour of the day.  
(2) For purposes of computing pay in accordance with KRS 337.285, a single workweek may be established for a plant or other establishment as a whole or different workweeks may be established for different employees or groups of employees.  
(3) Once the beginning time of an employee’s workweek basis is established, it shall remain fixed regardless of the schedule of hours worked. The beginning of the workweek may be changed if the change is intended to be static and not designed to evade overtime requirements. The proper method of computing overtime pay in a period in which a change in the time of commencement of the workweek is made shall be accomplished as established in Section 13 of this administrative regulation.

Section 6. General Standard for Overtime Pay. The general overtime pay standard in KRS 337.285 requires that overtime shall be compensated at a rate not less than one and one-half (1 1/2) times the hourly rate at which the employee is employed but shall not be less than the statutory minimum. If the employee’s hourly
rate of pay is higher than the statutory minimum, the overtime compensation shall be computed at a rate not less than one and one-half (1 1/2) times the higher rate.

Section 7. Overtime compensation shall be at an hourly rate in accordance with KRS 337.285, which is based on the rate per hour.

(1) An employer shall not be required to compensate employees on an hourly rate basis. Employee earnings may be determined on a piece-rate, salary, commission, or other basis, but the overtime compensation due to employees shall be computed on the basis of the hourly rate calculated based on earnings computed at the hourly rate of employees during each workweek.

(2) The hourly rate of pay of an employee shall be determined by dividing the total remuneration for employment in any workweek by the total number of hours worked by the employee in that workweek for which the compensation was paid.

Section 8. (1) Hour rate employee. Overtime pay criteria for hourly rate employees is as established in 29 C.F.R. 778.110.

(2) Pieceworker. If an employee is employed on a piece-rate basis, the hourly rate of pay shall be computed by adding together total earnings for the workweek from piece rate and all other sources and dividing that sum by the number of hours worked in the week for which compensation was paid. For the overtime work the pieceworker is entitled to be paid, in addition to the total weekly earnings at this hourly rate for all hours worked, a sum equivalent to one-half (1/2) this rate of pay multiplied by the number of hours worked in excess of forty (40) in the week.

(3) Day rates and job rates. The overtime pay criteria for day rates and job rates are as established in 29 C.F.R. 778.112.

(4) Salaried employee. The overtime pay criteria for salaried employees is as established in 29 C.F.R. 778.113 and 778.114.

(5) Employees working two (2) or more rates. If an employee in a single workweek works at two (2) or more different types of work for which different overtime rates are established, the hourly rate for that week shall be the weighted average of the rates. The total earnings shall be computed to include compensation during the workweek from all the rates and shall then be divided by the total number of hours worked at all jobs.

(6) Payments other than cash. The overtime pay criteria for payments other than cash are as established in 29 C.F.R. 778.116.

(7) Commission payments. The overtime pay criteria for commission payments is as established in 29 C.F.R. 778.117 through 778.121.

(8) Other methods of determining the regular hourly rate shall be allowed if they provide for each employee employed by an employer to be paid a rate of not less than one and one-half (1 1/2) times the hourly rate at which the employee is employed and the method is not being used as an attempt to evade the provisions of KRS 337.285.

Section 9. Payments Excluded from Computing Hourly Rate. As used in KRS 337.285, the "hourly rate at which he is employed" shall be deemed to include all remuneration for employment paid to, or on behalf of, the employee, but shall not be deemed to include:

(1) Sums paid as gifts; payments in the nature of gifts made at holiday times or on other special occasions as a reward for service, the amounts of which are not measured by or dependent on hours worked, production, or efficiency. The sums shall not be credited toward overtime compensation due. To qualify for this exclusion, the bonus shall be actually a gift or in the nature of a gift. If it is measured by hours worked, production, or efficiency, the payment shall be considered geared towards wages and hours during the bonus period and shall not be considered in the nature of a gift. If the payment is so substantial that it can be assumed that employees consider it a part of the wages for which they work, the bonus shall not be considered to be in the nature of a gift. If the bonus is paid pursuant to contract, it shall not be in the nature of a gift.

(2) Payments made for an occasional period during which time worked is not being performed due to vacation, holiday, illness, failure of the employer to provide sufficient work or other similar cause, reasonable payments for traveling expenses or other expenses incurred by an employee in the furtherance of the employer's interests and properly reimbursable by the employer, and other similar payments to an employee that are not made as compensation for the employee's hours worked in any workweek, no part of the payments shall be credited toward overtime compensation due pursuant to KRS 337.285;

(3) Sums paid in recognition of services performed during a given period if:

(a) Both the fact that payment is to be made and the amount of the payment shall be determined at the sole discretion of the employer at or near the end of the period and not pursuant to any prior contract, agreement, or promise causing the employee to expect the payments regularly; or

(b) The payments are made pursuant to a bona fide profit-sharing plan or trust or bona fide thrift or savings plan. The sums shall not, however, be credited toward overtime compensation due pursuant to KRS 337.285. In order for a bonus to qualify for exclusion as a discretionary bonus the employer shall retain discretion both as to the fact of payment and as to the amount until a time quite close to the end of the period for which the bonus is paid. The sum to be paid as a bonus shall be determined by the employer without prior promise or agreement. The employee shall not have a contract right, express or implied, to any amount. If the employer promises in advance to pay a bonus the employer shall have abandoned discretion with regard to it;

(c) Contributions irrevocably made by an employer to a trustee or third person pursuant to a bona fide profit-sharing plan for avoiding old-age, retirement, life, accident, or health insurance or similar benefits for employees. The sums shall not be credited toward overtime compensation pursuant to KRS 337.285;

(4) Extra compensation provided by a premium rate paid for certain hours worked by the employee in any day or workweek because the hours are worked in excess of eight (8) in a day or in excess of the maximum workweek applicable to the employee's normal working hours. Extra compensation paid for these hours shall be creditable toward overtime compensation pursuant to KRS 337.285;

(5) Extra compensation provided by a premium rate paid for work by the employee on Saturdays, Sundays, holidays, regular days of rest, or in the sixth or seventh day of the workweek, in which the premium rate is not less than one and one-half (1 1/2) times the rate established in good faith for like work performed in nonovertime hours on other days. Extra compensation paid for these shall be creditable toward overtime compensation pursuant to KRS 337.285; or

(7) Extra compensation provided by a premium rate period to the employee, in pursuance of an applicable employment contract or collective bargaining agreement, for certain hours worked by the employee in any day or workweek because the hours are worked in excess of the maximum workweek applicable to the employee's interests and properly reimbursable by the employer, and other similar payments to an employee that are not made as compensation for the employee's hours worked in any workweek, no part of the payments shall be credited toward overtime compensation due pursuant to KRS 337.285.

Section 10. Requirements of a "Bona Fide Profit-sharing Plan or Trust." (1) A bona fide profit-sharing plan or trust shall comply with paragraphs (a) through (f) of this subsection.

(a) The profit-sharing plan or trust shall constitute a definite program or arrangement in writing, communicated or made available to the employees, which shall be established and maintained in good faith for the purpose of distributing to the employees a share of profits as additional remuneration over and above the wages or salaries paid to employees, which wages or salaries shall not be dependent upon or influenced by the existence of the profit-sharing plan or trust or the amount of the payments made pursuant thereto;

(b) All contributions or allocations by the employer in the fund to be distributed to the employees shall be:

1. Derived solely from profits of the employer's business as a
whole, or an established branch or division of the business which is recognized for general business purposes and for which profits shall be separately and regularly calculated in accordance with accepted accounting practice; and

2. Made periodically, but not more frequently than is customary or consonant with accepted accounting practice to make periodic determinations of profit.

(f) Provision shall be made either for payment to the individual employees of their respective shares of profits after the determination of the amount of profits to be distributed, or for the irrevocable deposit by the employer of the employee’s distributive shares of profits with a trustee for deferred distribution to the employees of their respective shares after a stated period of time or upon the occurrence of appropriate contingencies established in the plan or trust. The right of an employee to receive his or her share shall not be dependent upon continuing in the employ of the employer after the period for which the determination of profits has been made.

(2) A plan or trust that contains any of the following provisions shall not be deemed to meet the requirements of a bona fide profit-sharing or trust:

(b) The plan shall establish the category or categories of employees participating and the basis of their eligibility. Eligibility shall not be based on factors such as work, production, or efficiency of the employees. Hours of work may be used to determine eligibility of part-time or casual employees.

(c) The amount any employee could save under the plan shall be stated in the plan or determined in accordance with a definite formula established in the plan. The formula shall be based on factors such as the straight-time earnings or total earnings, rate of pay, or length of service of the employee.

(d) The employer’s total contribution in any year shall not exceed fifteen (15) percent of the participating employees’ total earnings during the year. In addition, the employer’s total contribution in any year shall not exceed the total amount saved or invested by the participating employees during that year.

(e) The employer’s contributions shall be apportioned among the individual employees in accordance with a definite formula or method of calculation established in the plan. A change in the workweek necessarily results in a situation in which one (1) or more hours or days fall in both the old workweek as previously constituted and the new workweek. If the workweek in a plant commenced at 7 a.m. on Monday and it is now proposed to being the workweek at 7 a.m. on Sunday, the hours worked from 7 a.m. Sunday to 7 a.m. Monday shall constitute both the last hours of the old workweek and the first hours of the newly established workweek.

LABOR CABINET
Department of Workplace Standards
(Amended After Comments)

803 KAR 1:091. Workers with Disabilities and Work Activities Centers’ employee’s wages.

RELATES TO: KRS 337.275, 337.285-[337.325, 337.345, 337.385-337.405]

STATUTORY AUTHORITY: KRS 337.295

NECESSITY, FUNCTION, AND CONFORMITY: KRS 337.295 authorizes the commissioner to issue administrative regulations permitting workers with disabilities and work activities centers’ employees to be employed at less than the established minimum wage. KRS 337.010(2)(a)(5) requires that the wages be set for a period of time fixed by the commissioner. The function of this administrative regulation is to set certain standards to be used in obtaining these special rates.

Section 1. As used in this administrative regulation, unless the context requires otherwise:

(1) “Commissioner” is defined by KRS 337.010(1)(a).

(2) “Department” is defined in KRS 337.010(1)(b).

(3) “Work Activities Centers” means centers planned and designed to provide therapeutic activities for workers with severe disabilities affecting their productive capacity. The purpose of work activities centers is carrying out a recognized program of rehabilitation for workers with disabilities and/or providing the individuals with remunerative employment or other occupational rehabilitative activity of an educational or therapeutic nature.

(4) “Worker with a Disability” is defined by 29 C.F.R. 525.3(d).

Section 2. (1) No employer shall employ a worker with a disability or work activities center employee at less than the applicable minimum wage, unless the employment has been authorized by a special certificate issued by the commissioner or by the U.S. Department of Labor. The rate of pay and the period of time effective shall be fixed by the certificate.

(2) When the minimum wage provided by KRS 337.275 is less than or equal to the federal minimum wage the commissioner will not issue certificates for persons whose employment is subject to the federal minimum wage provisions of the Fair Labor Standards Act of 1938, as amended (FLSA). For these persons the employer shall request a certificate from the U.S. Department of Labor. Valid certificates issued by the U.S. Department of Labor, Wage Hour Division, which authorize rates of pay lower than the applicable Kentucky minimum wage, will be accepted as authority to pay subminimum wage rates, provided that the information submitted in the applications is complete and accurate. If there is any reason to believe that the employment is, or may be in the future, subject to the FLSA minimum wage, the federal certificate shall be obtained, and a state certificate will not be necessary.

(3) For workers with disabilities or work activities center employees not covered by the minimum wage provisions of the FLSA, certificates may be issued by the commissioner if all of the requirements for federal certificates are met. These requirements are published in Title 29, Part 525 of the Code of Federal Regulations. For state certification the commissioner will exercise the authority and functions which the administrator has for the federal certificates.

(4) In the event an employer misuses a certificate in any way, the commissioner reserves the right to revoke the certificate and to refuse to issue another certificate in the future. If the certificate was issued by the U.S. Department of Labor, the commissioner will revoke any authority for payment of less than the minimum wage provided by KRS 337.275.

(5) Application for Kentucky special minimum wage certificates for workers with disabilities and work activities center employees will be submitted to the Division of Wages and Hours, Kentucky Department of Workplace Standards, Kentucky Labor Cabinet, 500 Mero Street, 3rd floor, Frankfort, Kentucky 40601 and shall be accompanied by the completed federal special minimum wage certificate applications as appropriate under Title 29, Part 525 of the Code of Federal Regulations.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Contact Person: Krista Quarles or Laura Begin
(1) Provide a brief summary of:
   (a) What this administrative regulation does: This administrative regulation establishes the procedures by which the cabinet shall conduct a child abuse and neglect check using information in the central registry.
   (b) The necessity of this administrative regulation: This administrative regulation is necessary to establish cabinet procedures for child abuse and neglect checks of the central registry.
   (c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by establishing cabinet procedures for conducting child abuse and neglect checks of the central registry, as required by KRS 620.051(2).
   (d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation currently assists in the effective administration of the statutes through its establishment of cabinet procedures for child abuse and neglect checks of the central registry.
(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
   (a) How the amendment will change this existing administrative regulation: This amendment updates the material incorporated by reference, the DPP-156 and DCC-374, for consistency between electronic and hard-copy formats. The forms are being amended to address checks submitted by out of state employers and minors and to allow other forms of identifying information to be submitted.
   The administrative regulation is being further amended to clarify
that a central registry check may be authorized, not just required, by law; a check of an individual for whom it is not required or authorized by law shall not be completed; and that a parent or guardian’s consent is required for a check of an individual under the age of eighteen. None of this is a new practice or requirement, but is being clarified in the administrative regulation in response to public comment. Incorporated material is also being amended to make clarifications and corrections in response to public comment.

(b) The necessity of the amendment to this administrative regulation: The cabinet’s CA/N registry database was moved from being solely a paper-based process to an online database in order to improve background check efficiency. Minor changes in the forms are necessary to make the electronic versions more intuitive and easier to use. Years ago, the department experienced a backlog in completing these checks, but since moving to an electronic format, the department has been able to complete checks in a timely and responsive manner. In calendar year 2020, over 77,000 child abuse and neglect central registry checks were processed.

(c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the content of the authorizing statutes through its update of cabinet procedures for child abuse and neglect checks of the central registry. KRS 620.051(2) requires the cabinet to promulgate administrative regulations to establish the central registry and the process for a background check of the cabinet’s child abuse and neglect records.

(d) How the amendment will assist in the effective administration of the statutes: The amendment will assist in the effective administration of the statutes through its enhancement of the cabinet’s child abuse and neglect check procedures to provide a more efficient background check process.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: Individuals who are subject to statutory and regulatory requirements involving a child abuse and neglect check conducted by the cabinet are impacted by this administrative regulation. In calendar year 2020, over 77,000 child abuse and neglect central registry checks were processed.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: The central registry system is now available through an electronic format that is efficient and user-friendly. This amendment makes minor changes in the hard-copy and electronic forms. The electronic format allows for a much more timely background check to be completed, necessary for certain employment and volunteer opportunities.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There is no new or additional cost to regulated entities.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Minor form changes are being accomplished through this amendment, which will provide clarification and more options to individuals completing the form.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: There is no cost to implement these form changes.

(b) On a continuing basis: There is no cost to implement these form changes. The electronic format that is used in conducting these background checks saves the department in office supplies and postage costs, which was approximately $8,000 per year.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: General fund dollars.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: The fee charged by the cabinet for a child abuse and neglect check is unchanged and is consistent with KRS 620.051(1). The fees collected support cabinet programing.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: The administrative regulation includes a fee established by the General Assembly and codified in KRS 620.051(1). The fee is unchanged through this amendment.

(9) TIERING: Is tiering applied? Tiering is not applied, because this administrative regulation will be implemented in a like manner statewide.

Other governmental organizational units that require staff or providers to undergo child abuse and neglect central registry checks, such as the Department of Juvenile Justice or the Department for Medicaid Services, are impacted by this administrative regulation, but this amendment is minor and only provides clarification and alternatives for submitting identification.

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 194A.050(1), 605.130(7), 605.150(1), 620.051(2), 42 U.S.C. 671(a)(20), 5106a(b), 9858f

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

Only the scores from the critical reasoning and mathematics sections of the SAT within a single exam administration shall be considered for KEES supplemental awards.

This table may be used to relate SAT I V+M scores to ACT Composite scores.

The estimates are based on the test scores of 103,525 students from fourteen (14) universities and two (2) states who took both the ACT and the SAT I between October 1994 and December 1996. Because the ACT and the SAT I have different content, students' actual scores on the ACT could differ significantly from the concordance estimates in the table.

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation sets forth the procedures for administering the Kentucky Educational Excellence Scholarship (KEES) Program.
(b) The necessity of this administrative regulation: This administrative regulation is necessary to establish the requirements relating to the Kentucky Educational Excellence Scholarship (KEES) Program pursuant to the authorizing statute.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 164.7877(3) requires KHEAA to administer the funds appropriated to the trust fund for the program; KRS 164.7874(14) requires KHEAA to determine the KEES curriculum’s courses of study; KRS 164.7879(3)(c) requires KHEAA to determine the eligibility of a noncertified, nonpublic high school graduate and for a GED recipient for a supplemental award; KRS 164.7874(3) requires KHEAA to establish a table to convert an SAT score to an ACT standard; KRS 164.7881(6) requires KHEAA to establish a five (5) year postsecondary education program standard; KRS 164.7881(4)(a) requires KHEAA to establish overall award levels for the program; KRS 164.7879(2)(c) requires KHEAA to determine eligibility for children of parents who are in the military and who claim Kentucky as their home of record; and KRS 164.7535 and 164.7881 (4)(c) require KHEAA to identify equivalent undergraduate programs of study. This administrative regulation establishes these requirements related to the KEES program.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by establishing program eligibility criteria for administration of the KEES program by the Authority.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: This amendment will change the existing regulation by adding a new SAT Conversion Table to document the newest concordance for examinations taken on or after July 2018. Additionally, the amendment will eliminate subsection 3 of Section 5 regarding five-year baccalaureate degree programs as none have been offered in Kentucky is several years. Finally, the amendment will eliminate the references to both Optometry Curriculum Spaces programs as well as the “Equivalent Undergraduate Programs List” in Section 5, subsection 4 as neither of these exists any longer.
(b) The necessity of the amendment to this administrative regulation: This amendment to the administrative regulation is necessary to insure accurate calculation of supplemental KEES awards based on the standardized SAT exam for students who test on or after July 2018; as well as to eliminate most provisions contained in the current version of the regulation.
(c) How the amendment conforms to the content of the authorizing statutes: The authorizing statutes require KHEAA to promulgate regulations for the administration of the KEES program including the determination of supplemental awards based upon standardized test scores as well as eligible program requirements. This amendment conforms to the authorizing statutes by incorporating the most recent concordance for SAT examinations taken on or after July 2018 and by removing inapplicable provisions from the regulation.
(d) How the amendment will assist in the effective administration of the statutes: This amendment to the administrative regulation will assist in the effective administration of the statutes by enabling the authority to make determinations of supplemental KEES awards based on the most current and accurate concordance of SAT examination scores. Further, it will clarify program eligibility for the public.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: The proposed amendment to this administrative regulation will affect those high school students who sat for the SAT examination on or after July 2018. The other provisions being removed pursuant to this amendment will have no impact as any individuals since those sections have not been relevant for a number of years.

(4) Provide an analysis of how the above group or groups will be impacted by either the implementation of this administrative regulation, if new, or by the change if it is an amendment, including:
(a) List the actions that each of the regulated entities identified...
in question (3) will have to take to comply with this administrative regulation or amendment: No actions will be required by award recipients in order to comply with the amendment to this administrative regulation.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3)? There will be no cost to award recipients in complying with this amendment.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3)? Those students who sat for the SAT on or after July 2018 will benefit by this amendment in that their ACT equivalent will be calculated accurately as a result of the addition of the most recent grade concordance table.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: No cost.

(b) On a continuing basis: No cost.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The KEES program is funded through net lottery revenues transferred in accordance with KRS 154A.130.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change, if it is an amendment: Any increase in funding as a result of the amendment to this administrative regulation would be nominal at most. Although the changes could increase the overall KEES award of a participating student, this would be negligible.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish any fees nor increase any existing fees.

(9) TIERING: Is tiering applied? Tiering was not applied. It is not applicable to this amendment. This administrative regulation is intended to provide equal opportunity to participate, and consequently does not inherently result in disproportional impacts on certain classes of regulated entities. The "equal protection" and "due process" clauses of the Fourteenth Amendment of the U.S. Constitution may be implicated as well as Sections 2 and 3 of the Kentucky Constitution. The regulation provides equal treatment and opportunity for all applicants and recipients.

Also, a new section is added to provide for participation in the electronic performance management system by non-KRS Chapter 18A agencies.

(b) The necessity to change this existing administrative regulation: This administrative regulation was originally promulgated effective September 6, 2019, to facilitate a change from a written to an electronic evaluation system for KRS Chapter 18A classified employees. The amendments are necessary to clarify procedures, to update regulatory requirements to ensure consistency with the recently implemented electronic evaluation system, to build in exceptions for various scenarios that sometimes result due to unknown variables or employee turnover, and to expand optional use of the evaluation system to non-KRS Chapter 18A agencies.

(c) How the amendment conforms to the content of the authorizing statutes: KRS 18A.030 requires the secretary to promulgate comprehensive administrative regulations consistent with the provisions of KRS Chapters 13A and 18A. Regulations which establish a uniform employee performance evaluation system are required pursuant to KRS 18A.110(1)(j) and (7)(j). KRS 18A.110(2) requires the secretary to promulgate comprehensive administrative regulations for the unclassified service.

(d) How the amendment assists in the effective administration of the statutes: This regulation and the amendments establish the uniform employee performance management system and explain how it is to be administered.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: All KRS Chapter 18A classified employees and their agencies are affected. In addition, unclassified employees in KRS Chapter 18A federally funded time-limited or grant funded time-limited positions, and participating non-classified agencies and employees, may be subject to the provisions of this administrative regulation.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: The Personnel Cabinet is responsible for communicating the changes to employees and agencies. Non-KRS Chapter 18A agencies must request approval from the Personnel Cabinet to participate in the performance management system established under this administrative regulation. No additional action is required for compliance by each regulated entity.

(b) In complying with this administrative regulation or amendment, how much will it cost to implement this administrative regulation, if new, or by the change, if it is an amendment, including:
(a) Initially: This regulation, as amended, is not anticipated to generate any new or additional costs.
b) On a continuing basis: This regulation, as amended, is not anticipated to generate any new or additional costs.
(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: This regulation, as amended, is not anticipated to generate any new or additional costs.
(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: This regulation, as amended, is not anticipated to generate any new or additional fees or funding.
(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This regulation, as amended, is not anticipated to generate any new or additional fees.
(9) TIERING: Is tiering applied? No. This regulation, as amended, treats all impacted entities the same.

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.
(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? No revenue will be generated.

(2) An appointing authority may approve the use of additional sick leave, compensatory leave, annual leave, or leave without pay if the employee does not have accrued leave, or a combination thereof, at the request of the employee following the loss of an immediate family member.

(3) For purposes of funeral and bereavement leave, an immediate family member shall include the employee’s spouse, parent, grandparent, child, brother, or sister, or the spouse of any of them, and may include other relatives of close association if approved by the appointing authority.

(d) The appointing authority shall notify a current employee, in writing, of the completion of the investigation and the action taken.

(4) An appointing authority may place a career unclassified employee on administrative leave with pay upon the employee’s receipt of an intent to dismiss for cause letter.

(5) Discretionary leave with pay. (a) An appointing authority may grant, or the secretary may direct, discretionary leave with pay to an employee for a period not to exceed ten (10) working days in a calendar year when it is considered necessary for the welfare of the employee.

(4) If operational needs allow, except for an employee in mandatory operations, management shall make every reasonable effort to arrange schedules whereby an employee shall be given an opportunity to make up time not worked rather than charging it to leave.

(5) An employee shall not make up work if the work would result in the employee working more than forty (40) hours in a workweek.

(a) Time lost shall be made up within 123 calendar days [four (4) months] of the occurrence of the absence. If it is not made up within 123 calendar days [four (4) months], leave shall be deducted from compensatory leave, followed by annual leave, and if no compensatory or annual leave is available, time lost shall be charged to leave without pay and deducted from an employee’s wages.

(3) An employee shall request leave in advance to qualify for blood donation leave.

(a) An employee who is deferred from donating blood shall not:

All other amendments made are for the purpose of clarifying the existing regulation and do not require additional action by any of the regulated entities.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): The cost of compliance with the amendments for regulated entities should be negligible. However, upon compliance with the amendments to this administrative regulation, some participating employers may experience a change in the employer contributions and health insurance premium reimbursements owed to the systems operated by the Kentucky Public Pensions Authority. Whether the employer contributions and health insurance premium reimbursements owed by the various affected participating employers will increase or decrease and the amount of the fluctuations in costs are not known (and are expected to vary by participating employer).

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Entities will have greater assurance that they are reemploying retired police officers and school resource officers in accordance with the statutory requirements for exemption from employer contributions and health insurance premium reimbursements. Accordingly, these entities are less

2814
likely to owe potentially significant back payments of employer contributions and health insurance premium reimbursements when the entity accidentally hires a retired police officer or school resource officer that does not meet the statutory requirements to allow the entity to be exempt from paying employer contributions and health insurance premium reimbursements. Additionally, splitting the cost of health insurance premium reimbursements evenly based on the number of participating employers employing the retired member is a fair way for the participating employer hiring a retired member that works for multiple participating employers to anticipate the hiring costs up front.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: The costs associated with the implementation of the amendments to this administrative regulation should be negligible.

(b) On a continuing basis: The costs associated with the implementation of the amendments to this administrative regulation should be negligible.

(6) What is the source of the funding to be used for the implementation of this administrative regulation? Administrative expenses of the Kentucky Public Pensions Authority are paid from the Retirement Allowance Account (trust and agency funds).

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: There is no increase in fees or funding required.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish any fees or directly or indirectly increase any fees.

(9) TIERING: Is tiering applied? Tiering is not applied. All members and participating employers are subject to the same processes and procedures.

**FISCAL NOTE ON STATE OR LOCAL GOVERNMENT**

(1) What units, parts, or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? This administrative regulation impacts 124,061 employers that participate in the Kentucky Public Pensions Authority, including local governments (county and city), school boards, other local agencies, state departments, state boards, other executive and quasi-governmental agencies, and the Kentucky State Police. Additionally, this administrative regulation impacts the Kentucky Public Pensions Authority and the three systems for which it provides day-to-day operations (the County Employees Retirement System, the Kentucky Employees Retirement System, and the State Police Retirement System).

(2) Identify each state or federal statute or federal regulation that requires or authorizes the action taken by the administrative regulation. KRS 61.505, 61.637, and 78.5540.

(3) Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect. This administrative regulation will not affect revenues of a state or local government agency. However, expenditures of state and local government agencies may fluctuate based on the incorporation of forms and other documentation required for certain participating employers to claim exemption from paying employer contributions and health insurance reimbursements for certain reemployed retired police officers and school resource officers. Whether expenditures of the various affected participating employers will increase or decrease and the amount of the fluctuations in expenditures are not known (and are expected to vary by participating employer).

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? None.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? None.

(c) How much will it cost to administer this program for the first year? The cost to Kentucky Public Pensions Authority to administer this administrative regulation should be negligible.

(d) How much will it cost to administer this program for subsequent years? The cost to Kentucky Public Pensions Authority to administer this administrative regulation should be negligible.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.

BOARDs AND COMMISSIONS

Board of Dentistry

(AMENDMENT)

201 KAR 8:550. Anesthesia and sedation related to dentistry.

RELATES TO: KRS 313.035

STATUTORY AUTHORITY: KRS 313.035(1)

NECESSITY, FUNCTION AND CONFORMITY: KRS 313.035(1) requires the board to promulgate administrative regulations related to anesthesia and sedation permits. The administration of local anesthesia, sedation, and general anesthesia is an integral part of dentistry and the foundation of pain control. This administrative regulation establishes requirements for permits to perform sedation or anesthesia associated with dentistry.

Section 1. Definitions. (1) “Analgesia” means the diminution or elimination of pain.

(2) “ADA” means American Dental Association.

(3) “ASA” means American Society of Anesthesiologists.

(4) “Continual” means repeated regularly and frequently in steady succession.

(5) “Continuous” means prolonged without any interruption.

(6) “Deep sedation” means a drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function could be impaired. The patient might require assistance in maintaining a patent airway, and spontaneous ventilation could be inadequate. Cardiovascular function is usually maintained.

(7) “Enteral” means a technique of administration in which the agent is absorbed through the gastrointestinal (GI) tract or oral mucosa (oral, rectal, or sublingual).

(8) “General anesthesia” means a drug-induced loss of consciousness during which a patient is not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation could be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function might be impaired.

(9) “Immediately available” means onsite at the facility and available for immediate use.

(10) “Local anesthesia” means the elimination or diminution of sensation, especially pain, in one (1) part of the body by the topical application or regional injection of a drug.

(11) “Maximum Recommended Dose” or “MRD” means the maximum FDA-recommended dose of a drug for minimal sedation, as printed in FDA-approved labeling for unmonitored home use.

(12) “Minimal sedation” means a minimally depressed level of consciousness produced by a pharmacological method that retains the patient’s ability to independently and continuously maintain an airway and respond normally to tactile stimulation and verbal command. Although cognitive function and coordination might be moderately impaired, ventilatory and cardiovascular functions are unaffected.

(13) “Moderate sedation” means a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. Intervention is not required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is usually maintained. This term includes the enteral administration of drugs exceeding the maximum recommended dose during a single appointment.

(14) “Nitrous oxide sedation” or “N2O sedation” means a technique of inhalation sedation with nitrous oxide and oxygen.

(15) “Operating dentist” means a licensed dentist with primary responsibility for providing dental care during a procedure.

(16) “Pediatric patient” means a patient twelve (12) years of age or younger.

(17) “Qualified anesthesia provider” means a licensed anesthesiologist, Certified Registered Nurse Anesthetist, or dentist with an applicable sedation permit.

(18) “Qualified dentist” means a licensed dentist with an applicable sedation permit. A qualified dentist can also be an operating dentist if they fulfill the requirement of subsection (15) of this section.

(19) “Time-oriented anesthesia record” means documentation at appropriate time intervals of drugs administered, doses of drugs administered, and physiologic patient data obtained during patient monitoring.

(20) “Trained individual” means personnel with an active certification in Basic Life Support for Healthcare Providers, who has been trained in monitoring EKG’s, pulse oximetry, blood pressures, airway management, and capnography. Training,
Section 2. Scope and Applicability. (1) The board shall be committed to the safe and effective use of sedation and anesthesia by licensed, educated, and trained dentists.

(2) Because large doses of local anesthetics, especially in combination with sedative agents, carry the risk of central nervous system depression, each licensed dentist shall be aware of the maximum, safe dosage limits for each patient.

(3) Level of sedation shall be independent of the route of administration. Moderate or deep sedation, or general anesthesia, may be achieved via any route of administration.

(4) Because sedation and general anesthesia are a continuum and it is not always possible to predict how an individual patient will respond, each licensed dentist intending to produce a given level of sedation shall be able to diagnose and manage the physiologic consequences for patients whose level of sedation becomes deeper than initially intended. For all levels of sedation, the qualified dentist shall have the training, skills, drugs, and equipment to identify and manage such an occurrence until either:

(a) Assistance arrives; or

(b) The patient returns to the intended level of sedation without airway or cardiovascular complications.

(5) Because new indications, agents, and techniques lead to changes in anesthesia and sedation practices, the board shall evaluate changes for safety, efficacy, and to what extent changes become accepted practice within the profession of dentistry.

Section 3. Nitrous Oxide Sedation. (1) Nitrous oxide sedation may be used by a Kentucky-licensed dentist without a sedation permit or by a Kentucky-licensed dental hygienist who is registered to deliver nitrous oxide analgesia under the direct supervision of a dentist as per KRS 313.060(10).

(2) Equipment used in the administration of nitrous oxide sedation shall have functional safeguard measures that:

(a) The dentist shall:

(i) The patient is located in the office and is continuously monitored.

(ii) The physician and the patient are advised regarding the planned procedure and instructions of the effects of minimal sedation.

(iii) Documentation. A sedative record shall include the names of all drugs administered including local anesthetics, the time administered, the route of administration of minimal sedation. Baseline vital signs including body weight, height, blood pressure, and pulse rate shall be obtained unless rendered impractical by the nature of the patient, procedure, or equipment. Body temperature shall be measured if clinically indicated.

4. Preoperative dietary restrictions shall be considered based on the sedative technique prescribed.

5. The patient or the patient’s parent, legal guardian, or caregiver, shall be advised regarding the planned procedure and any other anticipated possible procedures associated with the delivery of any sedative agents. Informed consent for the proposed sedation shall be obtained prior to its administration.

2. Adequate oxygen supply and the equipment necessary to deliver oxygen under positive pressure shall be determined prior to the administration of minimal sedation.

3. The patient shall be physically examined prior to the administration of minimal sedation. Baseline vital signs including body weight, height, blood pressure, and pulse rate shall be obtained unless rendered impractical by the nature of the patient, procedure, or equipment. Body temperature shall be measured if clinically indicated.

(2) Equipment.

a. A positive-pressure oxygen delivery system suitable for the patient being treated shall be immediately available.

b. All equipment shall be examined for proper performance prior to each administration of sedation.

c. If inhalation equipment is used, it shall have a fail-safe system that shall be examined and calibrated and a functioning device that shall prohibit the delivery of less than thirty (30) percent oxygen, or a calibrated and functioning in-line oxygen analyzer with audible alarm.

d. A scavenging system shall be used if gases other than oxygen or air are delivered to a patient.

3. Monitoring and documentation.

a. Monitoring. The dentist or a trained individual chosen by the dentist, shall remain in the treatment room during active dental treatment to monitor the patient continuously until the patient meets the criteria for discharge to the recovery area. The following shall be monitored unless precluded or invalidated by the nature of the patient:

(i) Consciousness. The patient’s level of sedation and responsiveness to verbal commands shall be continually assessed;

(ii) Oxygenation. Oxygen saturation by pulse oximetry shall be continually evaluated;

(iii) Ventilation. The patient’s chest excursions shall be monitored and respirations shall be verified; and

(iv) Circulation. Blood pressure and heart rate shall be evaluated preoperatively and postoperatively.

b. Documentation. A sedative record shall be maintained for each patient to whom sedation is administered. The sedative record shall include the names of all drugs administered including local anesthetics, the time administered, the route of
administration, dosages, and monitored physiological parameters.

   a. Oxygen and suction equipment shall be immediately available if a separate recovery area is utilized.
   b. The dentist or a trained individual chosen by the dentist shall monitor the patient during recovery until the patient is ready for discharge.
   c. The dentist shall examine the patient and document the patient’s level of consciousness, oxygenation, ventilation, and circulation prior to discharge.
   d. The patient, parent, escort, legal guardian, or caregiver shall be given post-operative verbal and written instructions prior to or upon discharge.
   e. Emergency management.
      1. If a patient enters a deeper level of sedation than the dentist is qualified to provide, the dentist shall stop the dental procedure until the patient is returned to the intended level of sedation.
      2. The operating dentist shall be responsible for the sedative management, adequacy of the facility and staff, equipment, protocols, and diagnosis and treatment of emergencies related to the administration of minimal sedation and patient rescue.

Section 5. Moderate Sedation. (1) A Moderate Sedation Permit issued by the board shall be required for a Kentucky-licensed dentist to administer moderate sedation as defined by Section 1(13) of this administrative regulation.

(2) A dentist who administers moderate sedation shall do so within a sufficient margin of safety to avoid an unintended loss of consciousness.

(3) A qualified dentist shall be aware that repeated dosing of an agent before the effects of previous dosing can be fully appreciated could result in a greater alteration of the state of consciousness than intended. A dentist who administers moderate sedation shall refrain from administering an additional drug increment before the previous dose has taken full effect.

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation establishes requirements for each class of ambulance service and medical first response agencies.

(b) The necessity of the administration of the statutes: KRS 311A.020 requires the Board to exercise all administrative functions in the regulation of ambulance services and medical first response agencies, except those regulated by the Board of Medical Licensure or the Cabinet for Health and Family Services. KRS 311A.030 requires the Board to promulgate administrative regulations to establish requirements for various classes of ambulance service and emergency medical service agencies. This administrative regulation is necessary to establish requirements for each class of ambulance service and medical first response agencies.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of KRS 311A.020 and 311A.030 by establishing requirements for each class of ambulance service and medical first response agencies.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

Instead, agencies will only need to apply for a license from the Board within ninety (90) days of issuance of a certificate of need. After applying for a license, agencies must request a final inspection from the Board within 180 days.

(b) The necessity of the amendment to this administrative regulation: This amendment is necessary because it is difficult for agencies to satisfy the requirement that they receive a license within ninety (90) days of issuance of a certificate of need. Before a license may be issued by the Board, new EMS agencies must contract with a medical director, order medications, purchase and acquire ambulances, hire staff, procure physical locations, etc. Were the Board to strictly enforce this requirement, some otherwise qualified agencies would be denied a license.

(c) How the amendment conforms to the content of the authorizing statutes: This amendment conforms to the content of KRS 311A.020 and 311A.030 by removing requirements for each class of ambulance service and medical first response agencies.

(a) What this administrative regulation does: This administrative regulation establishes size limits, daily creel limits, and possession limits for sport fish that may be taken from Kentucky waters.
(b) The necessity of this administrative regulation: This administrative regulation is necessary to properly manage the sport fish populations of Kentucky.
(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 150.025(1) authorizes the Department to promulgate administrative regulations to establish seasons for the taking of fish and wildlife, to regulate creel limits and methods of take, and to make these requirements apply to a limited area. KRS 150.470 authorizes the department to establish creel and size limits for fish.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the statutes by limiting the number and size of fish that may be taken from Kentucky’s waters. This will ensure that Kentucky’s valuable sport fish populations are maintained at high levels.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: This amendment will help standardize and simplify black bass regulation across the state by better grouping lakes into standardized regulation blocks. Thirty-two water bodies were standardized across six different regulation options including: statewide regulation, 12- to 15-inch slot limit for largemouth bass only, 12- to 15-inch slot limit for largemouth bass and smallmouth bass, 15-inch size limit and 6-fish creel for largemouth bass, 15-inch size limit and 6 fish creel for largemouth and smallmouth bass, and a 15-inch size limit and 6 fish creel on three river watersheds. In addition, special trout regulations were removed from Poor Fork of the Cumberland River and Paintsville Lake Tailwater, Swift Camp Creek catch-and-release regulations were standardized with all other catch and release trout streams, a special size and creel regulation was placed on channel and blue catfish at Carr Creek Lake, and all four reservoirs containing muskie were standardized to a 40-inch size limit.
(b) The necessity of the amendment to this administrative regulation: This amendment is necessary to protect the largemouth bass populations across the state and better standardize and simplify regulations. In addition, simplification of trout regulations and better protection of catfish at Carr Creek Lake and muskie at four reservoirs was needed.
(c) How the amendment conforms to the content of the authorizing statutes: See 1(c) above.
(d) How the amendment will assist in the effective administration of the statutes: See 1(d) above.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: All anglers fishing at the water bodies and the species identified in question 3.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question 3: There will be no cost incurred by the anglers identified.
(c) As a result of compliance, what benefits will accrue to the entities identified in question 3: Anglers who fish at the water bodies and for the species identified in 2(a) above will benefit in the long run from a higher quality sport fishery, improved angling opportunities, and easier to understand regulations.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:
(a) Initially: There will be no initial cost to implement this administrative regulation.
(b) On a continuing basis: There will be no additional cost on a continuing basis.
6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation? The source of funding is the State Game and Fish Fund.

7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: It will not be necessary to increase a fee or funding to implement this administrative regulation.

8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This administrative regulation does not establish any fees nor does it indirectly increase any fees.

FEDERAL MANDATE ANALYSIS COMPARISON

(2) State compliance standards. The Department of Fish and Wildlife Resources sets migratory birds seasons within the frameworks established by the U.S. Fish and Wildlife Service and published in 50 C.F.R. Parts 20 and 21.

(3) Minimum or uniform standards contained in the federal mandate, 50 C.F.R. Part 20 contains season frameworks for the earliest opening and latest closing date, the maximum number of days a species is open to hunting, and daily bag and possession limits. 50 C.F.R. Part 21 defines permits and the necessary requirements to hold and possess migratory game birds before, during and after periods open for hunting.

(4) Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? Yes.

(5) Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. The federal mandate defines the regulatory frameworks that a state may allow. States are permitted to be more restrictive but not more liberal in their respective regulations. State management objectives necessitate more restrictive regulations to protect local, regional and/or state populations of birds important to Kentucky's waterfowl hunters. The Department imposes more restrictive hunting regulations in some regions in effort to meet waterfowl management objectives while still providing quality hunting opportunity.

REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT
Contact Person: Joshua Newton

1. (a) What this administrative regulation does: This administrative regulation authorizes retail malt beverage package licensees to sell specialized containers (called “growlers”) filled with malt beverages to consumers.

(b) The necessity of this administrative regulation: This administrative regulation replaces and renews an administrative regulation that inadvertently expired due to inaction by the Department. It is necessary in order to permit the practice of selling growlers, which had occurred for at least 7 years, to continue legally.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to KRS 241.060, which authorizes the Board to promulgate reasonable administrative regulations governing the supervision of the manufacture, sale, and trafficking of alcoholic beverages, and does not conflict with statute.

2. (a) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in effective administration of alcoholic beverage control statutes by authorizing a practice already in use in the Commonwealth and permitting enforcement and investigatory resources to be put toward preventing and policing serious statutory violations.

(b) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: NA

(b) The necessity of the amendment to this administrative regulation: NA

(c) How the amendment conforms to the content of the authorizing statutes: NA

(d) How the amendment will assist in the effective administration of the statutes: NA

3. List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This regulation will affect retail malt beverage package licensees who wish to sell growlers of malt beverages for consumption off the licensed premises. The number licensees affected is therefore uncertain.

4. Provide an analysis of how the entities identified in the previous question will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions each of the regulated entities have to take to comply with this regulation or amendment: Regulated entities who wish to sell growlers will need to ensure that they have the proper materials and equipment to clean, sanitize, label, and seal growlers, and undertake procedures outlined in the administrative regulation regarding cleaning, sanitizing, labeling, and sealing the growlers they sell. Regulated entities who do not wish to sell growlers do not need to take any actions to comply with this administrative regulation.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities: Compliance with this administrative regulation will present no cost to regulated entities who do not wish to sell growlers. Compliance with this regulation by regulated entities who wish to sell growlers will require the purchase and installation of a three-compartment sink on the premises, instruments to tap kegs of malt beverages to dispense malt beverage into the growler, and sanitization, testing, labeling, and sealing materials. The Department is unaware of the price of these materials.

(c) As a result of compliance, what benefits will accrue to the entities: Regulated entities will be able to sell growlers of malt beverages.

5. Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: There is no cost to the administrative body to implement this regulation.

9. TIERING: Is tiering applied? Explain why or why not. Tiering is not applied because this will affect all regulated entities equally.

Transparency was ensured through the press, the fact that the fund was subject to audit, and through the oversight of local governments and local government leaders. Initially, distributions were made, in addition to FEMA distributions, to cover funeral expenses and for immediate repairs and sheltering needs. The fund was now beginning to focus on rebuilding efforts. The fund currently had received approximately $51 million in donations and had distributed approximately $10 million.

In response to questions by Co-Chair Hale, Ms. Wasson stated that the cabinet would follow up with information for this subcommittee regarding FEMA resources and their distribution. Mr. Brinkman stated that, with the proposed agency amendments, this administrative regulation met the needs of stakeholders. There were residual concerns that involved safety equipment with which the department agreed to assist stakeholders in the short term.

CUMULATIVE SUPPLEMENT

Unless otherwise noted, information contained in these indexes relates only to administrative regulations printed in this, the 48th year of the Administrative Register of Kentucky, from July 2021 through June 2022.

Locator Index - Effective Dates

Lists all administrative regulations published or continuing through the KRS Chapter 13A review process during this Register year. It also lists the page number on which each regulation is published, the effective date of the regulation after it has completed the review process, and other actions that may affect the regulation.

NOTE: Regulations listed with a “47 Ky.R.” or “48 Ky.R.” notation are regulations that were originally published in previous years’ issues of the Administrative Register of Kentucky but had not yet gone into effect when the last Register year ended.

ALSO NOTE: Legislation may affect the expiration date of some regulations. Generally, the expiration dates listed in this index are based on KRS Chapter 13A provisions.

KRS Index

A cross-reference of statutes to which administrative regulations relate. These statute numbers are derived from the RELATES TO line of each regulation submitted for publication during this Register year.

Certifications Index

A list of administrative regulations for which certification letters have been filed pursuant to KRS 13A.3104 during this Register year.

Technical Amendment Index

A list of administrative regulations that have had technical, non-substantive amendments made during this Register year. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10), 13A.2255(2), 13A.312(2), or 13A.320(1)(d). Because these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published in the Administrative Register of Kentucky; however, they are usually available for a short time on the Legislative Research Commission’s Web site.

Subject Index

A general index of administrative regulations published during this Register year, and is mainly broken down by agency.
## LOCATOR INDEX - EFFECTIVE DATES

Administrative regulations published in previous Register years may appear in this index if a regulation had not completed the KRS Chapter 13A review process by the beginning of Register year 48. The “Register number” or “Ky.R. number” is listed the first time a regulation is published during that Register year. Once the regulation has been published in another Register year, the new Ky.R. number will appear next to the page number entry. To view versions of regulations published in 46 Ky.R. or 47 Ky.R., please visit our online Administrative Registers of Kentucky.

The Technical Amendment Index is a list of administrative regulations that have had technical, nonsubstantive amendments made during the 48th year of the Administrative Register of Kentucky. These technical changes have been made by the Regulations Compiler pursuant to KRS 13A.040(9) and (10), 13A.2255(2), 13A.312(2), or 13A.320(1)(d). Since these changes were not substantive in nature, administrative regulations appearing in this index will NOT be published to show the technical corrections in the Register. NOTE: Technical amendments may be available online for a short period of time before finalized versions of the technically amended regulations are available. To view regulations on the Legislative Research Commission Web site go to https://apps.legislature.ky.gov/law/kar/titles.htm.

‡ - A technical change was made to this administrative regulation during the promulgation process, pursuant to KRS 13A.320(1)(e).
