

217B.570 Responsibility for actions of employee or agent -- Department's authority to examine, test, and inspect.

- (1) Each structural pest management company and employer of a noncommercial applicator shall be responsible for the actions of every person who acts as its employee or agent in performing structural pest management services.
- (2) The department shall have authority at reasonable times during regular business hours to examine and test any and all chemicals stored for the purpose of being used for prevention or control of wood destroying organisms or general pests.
- (3) The department shall have the authority to inspect equipment and all storage and disposal areas.
- (4) The department shall have the authority at reasonable times during regular business hours to inspect and observe the manner in which a particular pesticide is applied to ensure that it is being done according to the registered label.
