- (2) The cabinet may promulgate administrative regulations in accordance with KRS Chapter 13A relating to license fees and may, in the administrative regulations, establish standards of care and service for a child-care center, criteria for the denial of a license if criminal records indicate convictions that may impact the safety and security of children in care, and procedures for enforcement of penalties which are not in contravention of this section.
- (3) Each initial application for a license shall be made to the cabinet and shall be accompanied by a fee that shall not exceed administrative costs of the program to the cabinet and shall be renewable annually upon expiration and reapplication when accompanied by a renewal fee that shall not exceed administrative costs of the program to the cabinet. Regular licenses and renewals thereof shall expire one (1) year from their effective date.
- (4) A child-care center shall not be refused a license or have its license revoked for failure to meet standards set by the secretary until after the expiration of a period not to exceed six (6) months from the date of the first official notice that the standards have not been met. If the cabinet has probable cause to believe that an immediate threat to the public health, safety, or welfare exists, the cabinet may take emergency action pursuant to KRS 13B.125. All administrative hearings conducted under authority of KRS 199.892 to 199.896 shall be conducted in accordance with KRS Chapter 13B.
- (5) If, upon inspection or investigation, the inspector general finds that a child-care center licensed under this section has violated the administrative regulations promulgated in accordance with KRS Chapter 13A by the cabinet, the inspector general shall issue a statement of deficiency to the center containing:
 - (a) A statement of fact;
 - (b) A statement of how an administrative regulation was violated; and
 - (c) The timeframe, negotiated with the child-care center, within which a violation is to be corrected, except that a violation that poses an immediate threat to the health, safety, or welfare of children in the center shall be corrected in no event later than five (5) working days from the date of the statement of deficiency.
- (6) The Cabinet for Health and Family Services, in consultation with the Office of the Inspector General, shall establish by administrative regulations promulgated in

accordance with KRS Chapter 13A an informal dispute resolution process through which a child-care provider may dispute licensure deficiencies that have an adverse effect on the child-care provider's license.

- (7) A child-care center shall have the right to appeal to the Cabinet for Health and Family Services under KRS Chapter 13B any action adverse to its license or the assessment of a civil penalty issued by the inspector general as the result of a violation contained in a statement of deficiency within twenty (20) days of the issuance of the action or assessment of the civil penalty. An appeal shall not act to stay the correction of a violation.
- (8) In assessing the civil penalty to be levied against a child-care center for a violation contained in a statement of deficiency issued under this section, the inspector general or the inspector general's designee shall take into consideration the following factors:
 - (a) The gravity of the threat to the health, safety, or welfare of children posed by the violation;
 - (b) The number and type of previous violations of the child-care center;
 - (c) The reasonable diligence exercised by the child-care center and efforts to correct the violation; and
 - (d) The amount of assessment necessary to assure immediate and continued compliance.
- (9) Upon a child-care center's failure to take action to correct a violation contained in a statement of deficiency, or at any time when the operation of a child-care center poses an immediate threat to the health, safety, or welfare of children in the center, and the child-care center continues to operate after the cabinet has taken emergency action to deny, suspend, or revoke its license, the cabinet or the cabinet's designee shall take at least one (1) of the following actions against the center:
 - (a) Institute proceedings to obtain an order compelling compliance with the administrative regulations promulgated by the cabinet in accordance with KRS Chapter 13A;
 - (b) Institute injunctive proceedings in Circuit Court to terminate the operation of the center;
 - (c) Institute action to discontinue payment of child-care subsidies; or
 - (d) Suspend or revoke the license or impose other penalties provided by law.
- (10) Upon request of any person, the cabinet shall provide information regarding the denial, revocation, suspension, or violation of any type of child-care center license of the operator. Identifying information regarding children and their families shall remain confidential.
- (11) The cabinet shall provide, upon request, public information regarding the inspections of and the plans of correction for the child-care center within the past year. All information distributed by the cabinet under this subsection shall include a statement indicating that the reports as provided under this subsection from the past five (5) years are available from the child-care center upon the parent's, custodian's, guardian's, or other interested person's request.

- (12) All fees collected under the provisions of KRS 199.892 to 199.896 for license and certification applications shall be paid into the State Treasury and credited to a special fund for the purpose of administering KRS 199.892 to 199.896 including the payment of expenses of and to the participants in child-care workshops. - (a) If the child-care center self-reported the incident in question and if the child-care center had a history of self-reporting incidents;
 - (b) If the incident was the result of the child-care center failing in any way related to policy, training, enforcement, or supervision;
 - (c) If the incident was the result of an independent act or failure to follow administrative regulations or center policy on the part of a child-care center applicant for licensure, a child-care center director, or any staff person;
 - (d) Actions taken by the child-care center in addition to those required by administrative regulation, including but not limited to installing cameras, providing extra training for staff, implementing facility improvements, enacting safety policies stricter than those required by administrative regulation, and improving staff-to-child ratios; and

- (25) A violation of a directed plan of correction shall not result in a suspension or revocation of a child-care center's license unless the violation is solely determined by the cabinet to be serious enough to justify the suspension or revocation.
- (26) A child-care center shall be permitted to provide requested documentation to the cabinet up to five (5) business days following a request when any routine review or audit related to an alleged violation of administrative regulation occurs.
- (27) (a) A child-care center that has been granted a preliminary license with a six (6) month probationary period by the cabinet shall receive a minimum of two (2) weekly support contacts a week by the cabinet or the cabinet's designee, with at least one (1) contact being in person for each week of a six (6) month probationary period in order to assist the center owner, supervisors, and staff in understanding, implementing, and practicing administrative regulations properly.
- (b) During the six (6) month probationary period, the cabinet shall not issue a violation against a child-care center unless the cabinet determines that a violation was knowingly committed after the cabinet had provided clear instructions, or the violation created an immediate threat to the health, safety, or welfare of the children in the child-care center.
- (28) The cabinet may allow but shall not require the inspector general, the inspector general's designee, or other cabinet representative to:
- (a) Take emergency action in accordance with subsection (4) of this section by issuing an emergency order that suspends a child-care center's license;
