

202A.428 Revocation of advance directive for mental health treatment.

An advance directive may be revoked by:

- (1) A document that is signed and dated by the grantor and declares an intention to revoke;
- (2) An oral statement of intent to revoke made by a grantor to a health care provider in the presence of some other person; or
- (3) Destruction of the document by the grantor or by some person in the grantor's presence at the grantor's direction.

Effective: June 24, 2003

History: Created 2003 Ky. Acts ch. 190, sec. 5, effective June 24, 2003.
