

**211.170 Functions of cabinet relating to local health departments.**

In relation to local health departments, the cabinet shall, among other things:

- (1) Establish policies governing the activities and practices of such departments;
- (2) Supervise their financial, personnel, program, administrative and other functions;
- (3) Establish standards of operation in accordance with KRS 212.120;
- (4) Evaluate the organization and activities of local health departments;
- (5) Conduct state and district conferences for local health officers and local health department personnel;
- (6) Allocate, modify or cancel allotments of state funds to local health departments pursuant to KRS 212.120; and
- (7) Promote the establishment of local health departments.

**Effective:** June 17, 1954

**History:** Created 1954 Ky. Acts ch. 157, sec. 11, effective June 17, 1954.
