81. 2400004842 University of Louisville Research Foundation 300 East Market Street, Suite 300 Louisville, KY 40202-1959	October 08, 2024 - June 30, 2026	HPV Vaccination & Treatment Impact	$679,761.14	Federal 100%; Monthly.	Provide funds for a study to use detailed claims data and advanced research design techniques to analyze Human papillomavirus vaccination and treatment in Kentucky. The project has four aims: (1) estimate the utilization of Human papillomavirus vaccination in Medicaid enrollees over time; (2) identify disparities in utilization of Human papillomavirus vaccination in terms of demographic, geographic, and other social determinants of health; (3) estimate the health impact of Human papillomavirus vaccination in terms of Human papillomavirus-associated cancer and years of life gained; and (4) estimate the economic impact of Human papillomavirus vaccination in terms of cost savings of Human papillomavirus-related disease and return on investment.
82. 2400005015 University of Louisville Research Foundation 300 East Market Street, Suite 300 Louisville, KY 40202-1959	October 01, 2024 - June 30, 2026	Youth Behavioral Health Services Study	$50,600.29	Federal 100%; Monthly.	Provide funds for a research study that will look at what remains largely unknown as to the extent of which youth in Out of Home Care (OOHC) are actually receiving needed Behavioral Health (BH) services in response to results of the Child and Adolescent Needs and Strengths (CANS) assessment, and the extent to which services may be associated with improvement in delivery.
83. 2500000165 University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 04, 2024 - June 30, 2026	Food Insecurity & Medicaid Spending	$184,628.36	Federal 100%; Monthly.	Provide funds to generate new evidence on whether alleviating childhood hunger and food insecurity can affect healthcare utilization and spending among children from low-income and resource-poor environments. To do so, UKRF will leverage the timing of Kentucky's universal meals program adoption via school-based Community Eligibility Provisions (CEP), throughout Kentucky. CEP programs offer free school meals to all students in high-poverty schools, and they are an extension of the National School Lunch Program. Despite important benefits (e.g., child food security, increased academic performance), we do not know whether CEP benefits may spillover to also affect disparities in healthcare utilization and spending that arise from food insecurity.

84. 2500000239					
University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - June 30, 2026	Changes in Healthcare Access in KY Medicaid	$127,030.76	Federal 50%; Agency 50%; Monthly.	Provide funds to generate new knowledge regarding the dynamics of network adequacy over time within Kentucky's Medicaid Managed Care (MMC) program. Emerging evidence suggests there are differences in potential versus realized access to care across Kentucky's MMC program, but we do not know if there are external factors that could have created deterioration in healthcare access across Kentucky's 6 MMC organizations. The goal is to produce new evidence that supports CHFS's mission to ensure health care access for those enrolled in Medicaid. The study aims are as follows: 1) describe changes in in provider participation in Kentucky's MMC networks over time; and 2) explore whether there are changes in geographic accessibility differences between the stated versus realized networks over time.

Provide funds to develop and execute a traffic records data and analysis quick response team at the Kentucky Transportation Center (KTC). The Kentucky Transportation Center has considerable resources and expertise for identifying and addressing safety concerns using a variety of traffic records databases and tools. The aim of this project is to increase access to data from the six traffic record systems, but more especially to increase access to expert resources with a more in-depth knowledge of the databases. Accordingly, KTC will develop and host a free traffic data service to enable users to "access an expert" to conduct small studies and get answers to traffic safety problems.

University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	Crash Data Analysis	$90,850.00	Federal 100%; Monthly.	Provide funds to develop and execute a traffic records data and analysis quick response team at the Kentucky Transportation Center (KTC). The Kentucky Transportation Center has considerable resources and expertise for identifying and addressing safety concerns using a variety of traffic records databases and tools. The aim of this project is to increase access to data from the six traffic record systems, but more especially to increase access to expert resources with a more in-depth knowledge of the databases. Accordingly, KTC will develop and host a free traffic data service to enable users to "access an expert" to conduct small studies and get answers to traffic safety problems. These answers would ordinarily be out of reach due to a) difficulty and expense of contracting, or b) lack of awareness that such expert resources exist and are available to them. The project will also develop a website documenting and publicizing the service.

University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	Trauma Registry Data System	$157,091.00	Federal 100%; Monthly.	Provide funds to improve the Trauma Registry Data System. A substantial body of evidence supports the ability of state trauma systems to reduce the toll of motor vehicle crash-related injuries. Kentucky's trauma system is voluntary and currently includes 29 of the state's 93 general acute care hospitals. Quarterly reporting to the state trauma registry includes elements dictated by the National Trauma Data Bank as well as state-specific metrics. We propose several steps to enhance the uniformity, timeliness, accuracy, and integration of trauma registry data. Importantly, these steps would be undertaken in collaboration with hospitals that have experienced unprecedented strains in the response to the Covid-19 pandemic.

275. 2500000586 University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	AADT Data Integration	$115,989.00	Federal 100%; Upon receipt of invoices.	Provide funds for AADT input safety performance analysis. However, due to limited traffic monitoring resources, AADT estimates are mostly available on state-maintained roads and extremely sparse on local roads. A prior study has developed an approach to estimation of AADT on all roads, including local roads, in Kentucky. UK Transportation Center will use the latest data from KYTC and third party vendors to update the AADT estimates. UK Transportation Center will also integrate AADT with other highway attributes and crash records on local roads where safety performance analysis was previously limited due to lack of data.
276. 2500000589 University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	Road Data for CAV Deployment	$105,843.70	Federal 100%; Upon receipt of invoices.	Provide funds to help complete road data for the CAV deployment. With the development of CAVs, KYTC is facing the challenge of preparing the transportation system ready for the CAV deployment. The gap between the existing HIS and asset management systems maintained by KYTC and CAV needed data has not been identified and evaluated. UK Transportation Center will: 1) identify CAV data needs from the current USDOT and State DOTs documents; 2) identify CAV data needs from existing research reports and papers; and 3) summarize the HIS and asset management systems maintained by KYTC as well as private and publicly available data that may have value to CAV deployment.
277. 2500000591 University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	Crash Data Analysis Tool Update	$130,508.83	Federal 100%; Upon receipt of invoices.	Provide funds to identify, prioritize, and implement bug fixes, additional features, and enhancements to the CDAT tool. The Crash Data Analysis Tool (CDAT) fills an important need for safety analysis. This tool uses a static annual snapshot of crash data for reproducible analysis that is perfect for research and safety applications. It utilizes best practices and standardizes algorithms to reduce the likelihood of errors in analysis. CDAT works like a web form, which gives far broader access to safety experts to perform better safety analysis with the most modern tools and

University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	Safety Features Data Integration & Completeness	$105,641.44	Federal 100%; Upon receipt of invoices.	Provide funds to examine data available on modern vehicle safety and how to link it to Kentucky Vehicle Data to increase Completeness and Integration. The vehicle database currently has fields for airbag and seatbelt safety features, leaving a gap in completeness when considering newer available vehicle safety features.
279. 2500000597					
University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	Crash Severity Data Integration	$84,481.65	Federal 100%; Upon receipt of invoices.	Provide funds to integrate crash data with health-related databases containing various severity metrics to provide needed access to detailed, crash-level severity information, and significantly improve crash data quality and safety-related decision making.
280. 2500000608					
University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	Data Collection Process	$96,003.78	Federal 100%; Upon receipt of invoices.	Provide funds for a thorough understanding of the latest changes, additions, and suggestions outlined in the 6th edition of the MMUCC to enhance Kentucky's efforts in redesigning the crash data collection process. Project results would provide Kentucky with an overview of how the current crash reporting system aligns with the most recent MMUCC guidance, providing the state the opportunity to enhance crash data collection procedures during the upcoming crash report in tool redesign.
281. 2500000611					
University of Kentucky Research Foundation 109 Kinkead Hall Lexington, KY 40506	October 01, 2024 - September 30, 2025	Pedestrian & Cyclist Crash Data	$100,151.20	Federal 100%; Upon receipt of invoices.	Provide funds to conduct a comprehensive review of crash narratives, allowing for a more nuanced understanding of occurrences of pedestrian and cyclist crashes, and design a method that categorizes the causes of these crashes based on narrative review and integrate them into crash database to improve safety analysis. Recognizing the critical need to address the safety of vulnerable road users, such as pedestrians and cyclists, the Kentucky 2020-2024 Strategic Highway Safety Plan has identified this as one of its six emphasis areas. While past studies predominantly relied on standard tabular data from the crash database to analyze pedestrian and bicycle involved crashes, the utilization of crash narratives
