Provide funds for early intervention services to blind and visually impaired children, ages birth to five years, across the Commonwealth. VIPS participates in transitioning children from First Steps to public school preschool programs and from preschool programs to kindergarten. Transition services include attending meetings with families and school districts across Kentucky and preparing and providing trainings to public preschool teachers welcoming a new child with visual impairments into their class as well as to experienced Teachers of the Visually Impaired (TVI) who are not familiar with serving a preschooler. To this end, the teachers, administrators, and trainers from VIPS participate in continued education on best practices and evidenced-based interventions for serving this unique population.
