RE: HB 506/BR 1528
AA Statement 3 of 4

Dear Mary:

House Bill 506 amends KRS 61.661 to require the Kentucky Retirement Systems (Systems) to disclose upon request the names, status, projected or actual benefit payments, and other retirement information of each member or recipient of a retirement allowance of the Systems; require the Systems to also make the information available on a searchable database on the Systems' Web site or on a Web site established by the executive branch to provide government expenditure and salary data to the public.

KRS staff members have examined HB 506 and have determined that the bill will not increase or decrease benefits or the participation in benefits in any of the retirement systems administered by KRS. Furthermore, although HB 506 will impose some administrative cost on the Systems, that cost is actuarially insignificant; therefore, HB 506 will not change the actuarial liability of any of the retirement systems administered by KRS. Consequently, we have not requested any further actuarial analysis of HB 506 by the System's independent actuary.

Please let me know if you have any questions regarding our analysis of HB 506.

Sincerely,

A handwritten signature in cursive script that reads "William A. Thielen".
