STATE IMPACT : Class A, B & C felonies are based on an average daily prison rate of \$60.38. Most Class D felons are housed in one of 79 full service jails for up to 5 years. DOC's cost to incarcerate a felony inmate in a jail is \$32.92 per day (includes jail per diem, medical & central office costs), not including substance abuse treatment. Projections are based on the daily rate x 365 x number of years.	
Projected Impact: ☐ NONE ☐ MINIMAL ☐	MODERATE SIGNIFICANT
Potential Cost: Section 10. This committee sub proposal repeals and re-enacts KRS 403.7531. This would establish a Class D felony penalty for failure of a respondent to participate in a global positioning monitoring system when court ordered to participate. This could increase costs associated with incarceration.	
A Class D Felony sentence is 1 to 5 years.	10 Class D Felons cost \$120,145 to \$600,724.
1 Class D Felon costs Ky. \$12,014 to \$60,072.	100 Class D Felons cost \$1.2M to \$6M.
LOCAL IMPACT : Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. While the expense varies by jail, this estimated impact will be based on \$32.25 per day, which equals the per diem and medical that DOC pays jails to house felony offenders.	
Potential Cost: Section 17 Establishes a penalty for a violation of an order of protection a Class A misdemeanor.	
	10 Class A misdemeanants: \$29,025 to 117,713. 100 Class A misdemeanants: \$290,250 to \$1.1M. Statement:
NOTE: Consideration should be given to the cumulative impact of all bills that increase the felon population or that impose new obligations on state or local governments.
