STATE IMPACT: Class A, B & C felonies are based on an average daily prison rate of \$60.38. Most Class D felons are housed in one of 78 full service jails for up to 5 years. DOC's cost to incarcerate a felony inmate in a jail is \$32.92 per day (includes jail per diem, medical & central office costs), not including substance abuse treatment. Projections are based on the daily rate x 365 x number of years.

Projected Impact: NONE MINIMAL MODERATE SIGNIFICANT

Creates no new felonies.

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. While the expense varies by jail, this estimated impact will be based on \$32.25 per day, which equals the per diem and medical that DOC pays jails to house felony offenders.

Potential Impact: Section 1 This bill proposal would require a twelve-hour period in custody when a person has been arrested for a violation of KRS Chapter 508, 510, or charged with a crime involving a violation of a protective order. This would have the potential of increasing costs associated with a mandatory period of incarceration.
