of a physician. Coverage under this subsection may be subject, for each plan year, to a cap of twenty-five thousand dollars (\$25,000) for therapeutic food, formulas, and supplements and a separate cap for each plan year of four thousand dollars (\$4,000) on low-protein modified foods. Each cap shall be subject to annual inflation adjustments based on the consumer price index. *Coverage under this section shall not be denied because two (2) or more supplements are compounded.*

- (3) The requirements of this section shall apply to all health benefit plans issued or renewed on and after <u>the effective date of this Act[July 15, 2008]</u>.
- (4) Nothing in this section or KRS 205.560, 213.141, or 214.155 shall be construed to require a health benefit plan to provide coverage for therapeutic foods, formulas, supplements, or low-protein modified food for the treatment of lactose intolerance, protein intolerance, food allergy, food sensitivity, or any other condition or disease that is not an inborn error of metabolism or genetic condition.

→ Section 5. This Act takes effect January 1, 2017.".
