

AN ACT relating to full disclosure in public safety.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔SECTION 1. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

If a section of the Kentucky Revised Statutes uses the phrase "individual, private setting" to describe the conditions under which informed consent must be given to a medical procedure, then the informed consent offered in accordance with that section shall be considered valid only if a physician or a licensed nurse, physician assistant, or social worker to whom the responsibility has been delegated by the physician has a face-to-face meeting with the patient and both parties are physically located in the same room or are participating in real-time visual telehealth services initiated by the physician or by the patient.

➔Section 2. KRS 311.723 is amended to read as follows:

- (1) No abortion shall be performed except by a physician after either:
 - (a) He determines that, in his best clinical judgment, the abortion is necessary; or
 - (b) He receives what he reasonably believes to be a written statement signed by another physician, hereinafter called the "referring physician," certifying that in the referring physician's best clinical judgment the abortion is necessary, and, in addition, he receives a copy of the report form required by KRS 213.055.
- (2) No abortion shall be performed except in compliance with regulations which the cabinet shall issue to assure that:
 - (a) Before the abortion is performed, the pregnant woman shall have a private medical consultation either with the physician who is to perform the abortion or with the referring physician in a place, at a time and of a duration reasonably sufficient to enable the physician to determine whether, based upon his best clinical judgment, the abortion is necessary. *The private*

medical consultation may occur through real-time visual telehealth services initiated by the physician or by the patient;

- (b) The physician who is to perform the abortion or the referring physician will describe the basis for his best clinical judgment that the abortion is necessary on a form prescribed by the cabinet as required by KRS 213.055; and
 - (c) Paragraph (a) of this subsection shall not apply when, in the medical judgment of the attending physician based on the particular facts of the case before him, there exists a medical emergency. In such a case, the physician shall describe the basis of his medical judgment that an emergency exists on a form prescribed by the cabinet as required by KRS 213.055.
- (3) Notwithstanding any statute to the contrary, nothing in this chapter shall be construed as prohibiting a physician from prescribing or a woman from using birth control methods or devices, including, but not limited to, intrauterine devices, oral contraceptives, or any other birth control method or device.
