STATE IMPACT: Class A, B & C felonies are based on an average daily prison rate of \$61.09. Most Class D felons are housed in one of 78 full service jails for up to 5 years. DOC's cost to incarcerate a felony inmate in a jail is \$32.51 per day (includes jail per diem, medical & central office costs), not including substance abuse treatment. Projections are based on the daily rate x 365 x number of years.

Projected Impact: NONE MINIMAL MODERATE SIGNIFICANT
\$0-\$1,000,000 \$1,000,000- \$5,000,000 \$5,000,000- Up

Potential Impact: The proposed legislation expands the language of the law concerning animal cruelty to include areas that are part of dog fighting such as breeding training or selling dogs that are used to fight.. Cruelty to animals is a Class D felony.

According to numbers received from AOC, from 2010 through 2015 there were 95 cases of animal cruelty. There were 2,464 other animal cruelty related cases under 12 different charges that deal with different types of cruelty to animals. If it were estimated that 10% of those cases would fall under the new statute, then 246 individuals could be convicted of a class D felony under the proposed legislation. Divided out over a 5 year period would be 49 individuals per year. If they were all incarcerated it would cost the Department an average of \$581,434 a year.

A Class D Felony sentence is 1 to 5 years.

10 Class D Felons cost \$118,660 to \$593,310.

1 Class D Felon costs Ky. \$11,866 to \$59,331.

100 Class D Felons cost \$1.1M to \$5.9M.

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. While the expense varies by jail, this estimated impact will be based on \$31.92 per day, which equals the per diem and medical that DOC pays jails to house felony offenders.

Projected Impact: NONE MINIMAL MODERATE SIGNIFICANT

Creates no new misdemeanor offenses.
