A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.

(e) In the event that a member fails to designate a beneficiary, or all designated beneficiaries predecease the member, the member's estate shall be deemed to be the beneficiary unless the member is married at the time of his or her death, in which case the spouse shall be deemed the beneficiary.

(f) Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system.

(2) The provisions of this section shall be retroactive as they relate to election of
beneficiaries by members still in active status on the effective date of this section. The provisions of this section shall not apply to any account from which a member is drawing a retirement allowance or to the life insurance benefit available under KRS 161.655.

Section 9. KRS 161.500 is amended to read as follows:

(1) At the close of each fiscal year, the retirement system shall add service credit to the account of each member who made contributions to his or her account during the year. Members shall be entitled to a full year of service credit if their total paid days were not less than one hundred eighty (180) days of a one hundred eighty-five (185) day contract for a regular school or fiscal year. In the event a member is paid for less than one hundred eighty (180) days, the member may purchase credit according to administrative regulations established by the board of trustees. Members employed under contracts requiring a work schedule other than one hundred eighty-five (185) days, but not less than one hundred eighty-five (185) days, shall be entitled to a full year of service credit if they have no more than five (5) unpaid days during a regular school or fiscal year, except that members employed in teaching positions by an employer described in subsection(4)(b) or (n) of Section 2 of this Act under contracts requiring a work schedule other than one hundred eighty (180) days, but not less than one hundred eighty (180) days, shall be entitled to a full year of service credit if they have no more than five (5) unpaid days during a regular school or fiscal year. In no case shall more than one (1) year of service be credited for all service performed in one (1) fiscal year. Members who complete their employment contract prior to the close of a fiscal year and elect to retire prior to the close of a fiscal year shall have their service credit reduced by eight percent (8%) for each calendar month that the retirement becomes effective prior to July 1.

(2) Members who are employed and paid for less than the number of days required in
their normal employment year shall be entitled to pro rata service credit for the fractional service. Such credit shall be based upon the number of days employed and the number of days in the member's annual employment agreement or normal employment year.

(3) Service credit may not exceed the ratio between the school or fiscal year and the number of months or fraction of a month the member is employed during that year.

(4) No service credit shall be granted in the Teachers' Retirement System for service that has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

Section 10. KRS 161.515 is amended to read as follows:

(1) For the purposes of this section, "out-of-state service" shall mean service in any state in a comparable position on a full-time basis, which would be covered if in Kentucky.

(2) (a) An active contributing member who has been a contributing member of the retirement system for at least one (1) full scholastic year subsequent to the latest out-of-state service, may present for credit service rendered out of state, not to exceed ten (10) years actually taught as a certified or licensed teacher. All members who elect to purchase this service shall pay to the retirement system the full actuarial cost as provided under KRS 161.220(22). For each year of which the retirement system shall accept payment, one (1) year of service credit shall be given. For members who purchased this service under the cost formula as it existed under this subsection on June 30, 2005, this credit may not be used to meet the service requirements of KRS 161.525, 161.600, or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.
(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the State of Kentucky, may present this service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by a public institution or governmental agency. This service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit.

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section who purchased this service under the cost formula as it existed under those subsections on June 30, 2005, may elect to use this service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of eight percent (8%) for each year so used. These payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and after this date, shall not receive credit for service defined in subsections (2)(a) or (2)(b) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

(4) A member, having completed service as a volunteer in the Kentucky Peace Corps created by KRS 154.1-720, may purchase service credit for the time served in the corps on the same basis as provided in this section for the purchase of out-of-state
service credit. A member, having completed service as a federal Peace Corps volunteer, may purchase up to two (2) years of service credit for time served in the Peace Corps on the same basis as provided in this section for the purchase of out-of-state service credit.

(5) Service purchased under this section by members who at the time of purchase are employed by employers other than those described in KRS 161.220(4)(b) or (n) shall be credited with the retirement factor in effect for members of the Kentucky Teachers' Retirement System for the year that the out-of-state service was worked and as set forth in subsection(1)(a), (b), and (d) of Section 20 of this Act for members who were not employed by employers described in subsection(4)(b) or (n) of Section 2 of this Act[, as described in KRS 161.620(1)(a) and (b), with a retirement factor of two and one-half percent (2.5%) for each year of service that was originally performed on or after July 1, 1983, and two percent (2.0%) for each year of service performed before July 1, 1983]. Service purchased under this section by members who at the time of purchase are employed by employers described in KRS 161.220(4)(b) or (n) shall be credited with the retirement factor in effect for members of the Kentucky Teachers' Retirement System for the year that the out-of-state service was worked and as set forth in subsection(1)(a) and (e) of Section 20 of this Act for members who were employed by employers described in subsection(4)(b) or (n) of Section 2 of this Act[, as described in KRS 161.620(1)(a), with a retirement factor of two percent (2.0%) for each year of service, regardless of when the service was performed].

Section 11. KRS 161.520 is amended to read as follows:

Upon the death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:
(1) Where there is a surviving widow or widower who is named as the primary beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income;

(b) Two hundred forty dollars ($240) per month when the surviving widow or widower's total income from all sources does not exceed six thousand six hundred dollars ($6,600) per year or five hundred fifty dollars ($550) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life, except as provided in subsection (6) of this section. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower of a member who dies after July 1, 1978, shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision;

(2) (a) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be two hundred dollars ($200) per month in the case of one (1) child, three hundred forty dollars ($340) per month in the case of two (2) children, four hundred dollars ($400) per month in the case of three (3) children, and four hundred forty dollars ($440) per month in the case of four (4) or more children. Benefits under this subsection shall apply in addition to benefits
which may be payable under subsections (1) and (3) of this section.

(b) Notwithstanding any provision of law to the contrary, the surviving spouse may elect to receive a lump-sum refund of the member's account in lieu of the survivorship benefits payable under this subsection and subsection (1) of this section only if the surviving spouse is designated as the primary beneficiary and:

1. Is a biological or adoptive parent of all children eligible for a benefit under this subsection and has not had his or her parental rights terminated; or
2. Has been appointed as legal guardian of all of the children eligible under paragraph (a) of this subsection.

(c) To elect a lump-sum refund of the member's account under paragraph (b) of this subsection, the surviving spouse who is designated as the primary beneficiary must sign a waiver on forms prescribed by the retirement system of his or her rights and the member's children's rights to the survivorship benefits payable under this subsection and subsection (1) of this section. The surviving spouse shall not waive the survivorship benefits available under this subsection or subsections (1) and (6) of this section if any of the member's children have attained age eighteen (18) or older unless all of those children consent in writing on forms prescribed by the retirement system to waive their survivorship benefits available under this subsection;

(3) (a) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of the child or until the time as the mental or physical condition creating the dependency no longer exists or the child marries. The mental or physical condition of the adult child shall be
revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(14). Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (2) of this section.

(b) Notwithstanding any provision of law to the contrary, the surviving spouse shall not elect to receive a lump-sum refund of the member's account in lieu of the survivorship benefits payable under this subsection and subsection (1) of this section unless:

1. The surviving spouse is designated as the primary beneficiary;
2. The surviving spouse has been appointed by the court as guardian, conservator, or other fiduciary with sufficient general or specific authority to waive the survivorship benefits available under this subsection for any child or children age eighteen (18) or older who have been adjudicated incompetent to make decisions on their own behalf by a court of law; and
3. Any child or children age eighteen (18) or older who are mentally competent to make decisions on their own behalf as attested to by two (2) physicians' statements consent in writing on forms prescribed by the retirement system to waive their survivorship benefits available under this subsection.

(c) If eligible to elect a lump-sum refund of the member's account, the surviving spouse shall sign a waiver on forms prescribed by the retirement system of his or her rights and the member's children's rights to the survivorship benefits payable under this subsection and subsections (1) and (2) of this section;

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a
parent shall be established as of the date of the death of the member;

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home, or other institution at the member's expense for same period;

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19), if a full-time student in high school, or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent, or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency;

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating to eligibility or dependency, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems this action necessary;

(8) No payment of benefits shall be made unless the board of trustees authorizes the payment. The board shall promulgate administrative regulations for the administration of the provisions in this section and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable;

(9) In the event that there are no eligible survivors as defined in subsections (1) to (5) of this section, or in the event that the surviving spouse elects not to receive
survivorship benefits on his or her own behalf or on behalf of any of the member's children as permitted under subsections (2) and (3) of this section, the board of trustees shall pay to the estate or the designated beneficiaries of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or designated beneficiaries of the deceased member the balance of the accumulated contributions;

(10) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits; and

(11) Benefits under subsections (2) and (3) of this section shall apply to a child who is a legally adopted survivor at the time of the death of the member. This provision shall be retroactive to include a child who was born after January 1, 1990, and is a legally adopted survivor of a member whose death occurred prior to July 15, 2008.

Section 12. KRS 161.540 is amended to read as follows:

(1) (a) Effective July 1, 1988, each individual who first becomes a member before July 1, 2008, shall contribute to the retirement system nine and eight hundred fifty-five thousandths percent (9.855%) of annual compensation, except that university employees who participate in the Kentucky Teachers' Retirement System shall contribute eight and three hundred seventy-five thousandths
percent (8.375%) of annual compensation.

(b) Each individual who first becomes a member on or after July 1, 2008, shall contribute to the retirement system ten and eight hundred fifty-five thousandths percent (10.855%) of annual compensation, except that university employees who participate in the Kentucky Teachers’ Retirement System shall contribute nine and three hundred seventy-five thousandths percent (9.375%) of annual compensation.

(c) 1. Effective July 1, 2010, members shall, in addition to those contributions required under paragraphs (a) and (b) of this subsection, make a contribution to the medical insurance fund established under KRS 161.420(5) according to the following schedule:
   a. For each individual who first became a member of the retirement system before July 1, 2008, a total amount of annual compensation equal to and effective on:
      July 1, 2010.........................Twenty-five hundredths percent (.25%)
      July 1, 2011..................................One-half percent (0.50%)
      July 1, 2012....................................One percent (1.0%)
      July 1, 2013..................................One and one-half percent (1.5%)
      July 1, 2014........Two and twenty-five hundredths percent (2.25%)
      July 1, 2015,
      and thereafter................Three percent (3.0%) for a total of three and seventy-five hundredths percent (3.75%) when added to the contributions required under KRS 161.420(5)(a); or
   b. For each individual who first becomes a member of the retirement system on or after July 1, 2008, a total amount of annual compensation equal to and effective on:
July 1, 2013..............................................One-half percent (0.50%)
July 1, 2014........One and twenty-five hundredths percent (1.25%)
July 1, 2015,
and thereafter...............Two percent (2.0%) for a total of three and
seventy-five hundredths percent (3.75%)
when added to the contributions required
under KRS 161.420(5)(a)

2. Notwithstanding subparagraph 1. of this paragraph, members employed
by any employer identified in KRS 161.220(4)(b) or (n) shall contribute,
as a percentage of their total annual compensation, the actuarial
equivalent of the percentage contributed by members under
subparagraph 1. of this paragraph, not to exceed the percentages
established under the schedules set forth in subparagraph 1. of this
paragraph. The actuarial equivalent to be contributed under this
subsection shall be determined by the retirement system's actuary. These
contributions shall be in lieu of those contributions required under
subparagraph 1. of this paragraph.

3. When the medical insurance fund established under KRS 161.420(5)
achieves a sufficient prefunded status as determined by the retirement
system's actuary, the board of trustees shall recommend to the General
Assembly that the contributions required under subparagraphs 1. and 2.
of this paragraph shall, in an actuarially accountable manner, be either
decreased, suspended, or eliminated.

(d) Payments authorized by statute that are made to retiring members, who
became members of the system before July 1, 2008, for not more than sixty
(60) days of unused accrued annual leave shall, subject to subsection(10) of
Section 2 of this Act, be considered as part of the member's annual
compensation, and shall be used only for the member's final year of active service. **Notwithstanding the provisions of this subsection or any other statute to the contrary, for retirement calculation purposes, members employed under year-round contracts may only be credited for payment of annual leave under the following conditions:**

1. Payment by an employer for annual leave shall be equally available to all members serving under contracts requiring the same number of worked days and greater;

2. At least two (2) members of the employer shall receive payment for annual leave; and

3. The contract requires at least two hundred forty (240) worked days of service.

(e) The contribution of members shall not exceed the applicable percentages on annual compensation as set forth in this section or as otherwise limited by statute. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded in lump sum to the member's employer for distribution to the member.

(2) Each public board, institution, or agency listed in KRS 161.220(4) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the member contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall
be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). The picked-up member contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the member contribution, and the picked-up member contribution shall be in lieu of a member contribution. Each employer shall pay these picked-up member contributions from the same source of funds which is used to pay earnings to the member. The member shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Member contributions picked-up after August 1, 1982, shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as member contributions made prior to August 1, 1982.

Section 13. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time, or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees if contributions were not otherwise made as a result of the service. Members placed on leave of absence during a period of full-time employment as defined in KRS 161.220(21) may make contributions and receive service credit for this leave only if contributions are made by the end of the fiscal year next succeeding the year in which the leave was effective as provided in administrative regulations promulgated by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(2) Active contributing members of the Teachers' Retirement System, or former members who are currently participating in a state-administered retirement system, who were granted leaves of absence during a period of full-time employment as defined in KRS 161.220(21) since July 1, 1964, for reasons of health as defined under the Federal Family Medical Leave Act of 1993, 29 U.S.C. secs. 2601 et seq.,
child rearing, or to improve their educational qualifications, and did not purchase the leave of absence as provided in subsection (1) of this section may obtain credit for the leave of absence as provided under the administrative regulations of the board of trustees and under the following conditions:

(a) The leave of absence shall be verified by a copy of the board of education minutes which granted the leave of absence or by other documentation that was generated contemporaneously with the leave that is determined by the retirement system to reasonably establish that a leave of absence was granted; and

(b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the leave of absence, and by depositing the appropriate contributions in the state accumulation fund and medical insurance fund [an amount equal to this total].

(c) The member shall receive credit for no more than two (2) years under the provisions of this subsection.

(3) Sabbatical leaves of absence granted by any one (1) of the five (5) universities identified in subsection (4)(b) of Section 2 of this Act for which the university employee is provided full pay at the rate he or she was provided as a full-time employee immediately preceding the sabbatical leave shall be deemed as full-time employment provided for the university and employee and employer contributions shall be made in accordance with Sections 12 and 27 of this Act.

(4) Contributions permitted under this section after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(5) Notwithstanding any other provisions of this section to the contrary, purchase of service credit under subsection (2) of this section for individuals who become
members on or after July 1, 2008, shall be purchasable only at the full actuarial cost.

Section 14. KRS 161.553 is amended to read as follows:

(1) The cost of providing statutory benefit improvements for annuitants may be funded by annual appropriations from the state on an actuarial amortized basis over the lifetime of the annuitants. The schedules in paragraphs (a), (b), and (c) of this subsection are the annual appropriations which shall be made by the state for benefit improvements approved in the respective fiscal years or biennia prior to July 1, 2016:

Section 15. KRS 161.560 is amended to read as follows:

(1) (a) Each school district, institution, and agency employing members of the retirement system shall deduct from the compensation of each member for each payroll period subsequent to the date the individual became a member, the percentage of his compensation due under the rates prescribed in KRS 161.540. No later than fifteen (15) days following the end of each payroll period, the employer[agency] shall have on file at the retirement system's office[forward] all amounts deducted to the Kentucky Teachers' Retirement System. The retirement system may[shall] charge the employer[employing agency] interest at an annual rate not to exceed twelve percent (12%) for deductions not filed[remitted] within the specified fifteen (15) days. However,
the retirement system may waive the interest penalty for good cause.

(b) Each employer employing members of the retirement system shall have on file at the retirement system's office no later than fifteen (15) days following the end of each payroll period payroll reports, contributions lists, and other data required by administrative regulation of the board of trustees. The retirement system may impose a penalty on the employer not to exceed one thousand dollars ($1,000) when the employer does not meet the reporting date. However, the retirement system may waive the penalty for good cause.

(c) Each employer employing members of the retirement system shall have on file at the retirement system's office an annual summary report of member contributions and periods employed to the retirement system no later than August 1 following the completion of each fiscal year. The retirement system may impose a penalty on the employer not to exceed one thousand dollars ($1,000) when the employer does not meet the August 1 reporting date. However, the retirement system may waive the penalty for good cause.

(d) The deductions described by paragraph (a) of this subsection shall be made notwithstanding the fact that the salary as a result may be less than the minimum compensation provided by law. Every member shall be deemed to consent and agree to the deductions, and the deductions shall be considered as having been paid to the member. After August 1, 1982, member contributions shall be picked up by the agency pursuant to KRS 161.540(2).

(2) If an employer fails to deduct the correct retirement contribution from a member's compensation, the member may make the contribution that should have been deducted by the employer and receive retirement credit for the payment. For
correction of omitted member contributions that occur more than one (1) year after
the year in which the error was made, the employer shall be responsible for paying
interest to the retirement system at a rate of eight percent (8%) from the end of the
year in which the service was performed to the date of payment.

Section 16. KRS 161.597 is amended to read as follows:

(1) A member in active contributing status may purchase any service credit which the
member is authorized to purchase by making installment payments in lieu of a
lump-sum payment.

(2) To initiate an installment payment plan, a member shall make a written request to
the retirement system for an estimate to purchase service credit by making
installment payments.

(3) To qualify for installment payments, the total cost of the service purchase, including
any chargeable interest, shall exceed one thousand dollars ($1,000).

(4) Installment payments shall be at least fifty dollars ($50) per month and shall be
made for a period of time which is not less than twelve (12) months nor more than
sixty (60) months. Interest at eight percent (8%) per annum, unless the board
specifies in an administrative regulation a different interest rate, shall be charged on
all installment payment purchases of service credit that are purchasable at less than
full actuarial cost.

(5) Installment payments shall be made on a monthly basis by payroll deduction or
electronic fund transfer and forwarded separately to the Teachers’ Retirement
System on forms or by computer format not later than fifteen (15) days following
the end of each month. The payments shall be considered accumulated contributions
and shall not be picked up as provided in KRS 161.560, except that subject to
approval by the Internal Revenue Service and only as permitted by the Internal
Revenue Code, installment payments by payroll deduction shall be made on a tax-
defered basis.
(6) A member may elect to terminate payroll deductions at any time and purchase the remaining service credit by lump-sum payment. A member on a leave of absence may make personal installment payments. Termination of employment in a covered position shall terminate installment payments. If the member is later employed by a different employer in a covered position, the member may request a new estimate and reinstate installment payments. A member that misses two (2) consecutive installment payments shall be in default. A member in default shall receive a refund of all prior installment payments and the member’s service credit shall be reduced accordingly (on a pro rata basis for the total amount of contributions made by installment payments). A member in default may not reinstate installment payments for twelve (12) months from the date the member was in default.

(7) If a member dies before completing scheduled installment payments, the named beneficiary of the member’s retirement account may pay the remaining balance due by a lump-sum payment within thirty (30) days of the death of the member.

Section 17. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers’ Retirement System and continue to receive his or her retirement allowance under the following conditions:

(1) Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position, or in a position providing substitute teaching services, covered by the Kentucky Teachers’ Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, excluding employer-
provided medical insurance required under subsection (5) of this section, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. Nonqualified service credit purchased under the provisions of KRS 161.5465 or elsewhere with any state-administered retirement system shall not be used to meet the thirty (30) year requirement set forth in this subsection. Out-of-state teaching service provided in public schools for kindergarten through grade twelve (12) may count toward the thirty (30) year requirement set forth in this subsection even if it is not purchased as service credit, if the member obtains from his or her out-of-state employer certification of this service on forms prescribed by the retirement system;

(2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position, or in a position providing substitute teaching services, covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, excluding employer-provided medical insurance required under subsection (5) of this section, shall be considered;

(3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may use any source considered reliable
including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis;

(4) Under this section, an employer may employ full-time a number of retired members not to exceed three percent (3%) of the membership actively employed full-time by that employer. The board of trustees may reduce this three percent (3%) cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the three percent (3%) cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by KRS 161.220(21). A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met. A district's written request to exceed its quota shall be submitted no sooner than two (2) weeks after the start of the school year;
(5) A member returning to work in a full-time or part-time position, or in a position providing substitute teaching services, under subsection (1) or (2) of this section will contribute to an account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account, or any other account from which the member is eligible to draw a retirement allowance. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under KRS 161.540. The new account shall independently meet all five (5) year vesting requirements as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this new account shall be calculated pursuant to KRS 161.620(1)(b). This new account shall not entitle the member to a duplication of the benefits offered under KRS 161.620(6) or 161.675, nor shall this new account provide the benefits offered by KRS 161.520, 161.525, 161.620(3), 161.655, 161.661, or 161.663. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement.
member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicable designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by KRS 161.470;

(6) The board of trustees may annually, on July 1, adjust the current daily rate of a member's last annual compensation, for each full twelve (12) month period that has elapsed subsequent to the member earning his or her last annual compensation, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. Each annual adjustment shall become part of the member's daily rate base. Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations, and the member shall be refunded his or her retirement contributions made on the compensation that exceeds these salary limitations.

Notwithstanding any other provision of law to the contrary, a member retiring from a local school district who returns to work for a local school district under subsection (1) or (2) of this section shall be entitled, without any reduction to his or her retirement allowance or any other retirement benefit, to earn a minimum amount equal to one hundred seventy dollars ($170) per day;

(7) (a) A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A
retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer.

(b) As an alternative to the separation-from-service requirements in paragraph (a) of this subsection, a retired member who is returning to work for the same employer in a full-time position under subsections (1) and (2) of this section may elect a separation-from-service of not less than two (2) months followed by a forfeiture of the retired member's retirement allowance on a month-to-month basis for each month that the member has separated from service for less than twelve (12) full months. A retired member returning to work for the same employer in a part-time position, or for a different employer in a full-time position, may elect an alternative separation-from-service requirement of at least two (2) months followed by a forfeiture of the member's retirement allowance for one (1) month. During the period that the member forfeits his or her retirement allowance and thereafter, member and employer contributions shall be made to the retirement system as a result of employment in any position subject to membership in the retirement system. The member shall contribute to an account with the retirement system subject to the conditions set forth in subsection (5) of this section. [For purposes of measuring the separation-from-service requirements set forth throughout this section, a member's separation from service begins on the first day following the last day of paid employment for the member prior to retirement.]

(c) A retired member under age sixty (60) who is returning to work for an employer that has employees who participate in the Kentucky Teachers' Retirement System shall comply with the separation-from-service requirements in this subsection before performing any service for the employer, regardless of whether the retired member is providing service in a
position covered by the Kentucky Teachers' Retirement System.

(d) The starting date for any separation-from-service required under this subsection shall be the effective date of the member's retirement.

(e) The separation-from-service requirements of this subsection are not met if there is a prearranged agreement between the member and the member's employer prior to retirement for the member to return to work for the employer after retirement.

(f) The Kentucky Teachers' Retirement System may require the member and the member's employer to certify in writing on a form prescribed by the retirement system that no prearranged agreement as described in paragraph (e) of this subsection has been or will be entered into.

(g) Failure to comply with the separation-from-service requirements in this subsection voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service;

(8) (a) Effective July 1, 2004, local school districts may employ retired members in full-time or part-time teaching or administrative positions without limitation on the compensation of the retired members that is otherwise required by subsections (1) and (2) of this section. Under provisions of this subsection, a local school district may only employ retired members to fill critical shortage positions for which there are no other qualified applicants as determined by the local superintendent. The number of retired members that a local school district may employ under this subsection shall be no more than two (2) members per local school district or one percent (1%) of the total active members employed by the local school district on a full-time basis as defined under KRS 161.220(21), whichever number is greater. Retired members
returning to work under this subsection shall be subject to the separation-from-service requirements set forth in subsection (7) of this section. Retired members returning to work under this subsection shall waive their medical insurance coverage with the retirement system during their period of reemployment and receive medical insurance coverage that is offered to other full-time members employed by the local school district. **If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member.** Retired members returning to work under this subsection shall contribute to an account subject to the conditions set forth in subsection (5) of this section. Retired members returning to work under this subsection shall make contributions to the retirement system at the rate provided under KRS 161.540. The employer shall make contributions at the rate provided under KRS 161.550. Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at the rates determined by the retirement system's actuary that reflect any accrued liability resulting from the reemployment of these members.

(b) **1.** The Department of Education may employ retired members in full-time or part-time teaching or nonteaching positions without the limitations on compensation otherwise required by subsections (1) and (2) of this section to fill critical shortage areas in the schools it operates, including the Kentucky School for the Blind, the Kentucky School for the Deaf, and the Kentucky Virtual High School, and to serve on audit teams.

2. **Specific individuals approved by the commissioner of education as having the necessary experience to provide services and support from the Department of Education to persistently low-achieving schools in accordance with KRS 160.346 may be employed without the**
limitations on compensation otherwise required by subsections (1) and (2) of this section.

3. The department shall be subject to the same requirements as local school districts as provided in paragraph (a) of this subsection, except the Kentucky Teachers' Retirement System shall determine the maximum number of employees that may be employed under this paragraph;

(9) The return to work limitations set forth in this section shall apply to retired members who are returning to work in the same position from which they retired, or a position substantially similar to the one from which they retired, or a position described in KRS 161.046 or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the return to work limitations set forth in this section. The board of trustees shall determine whether employment in a nonteaching position is subject to this subsection;

(10) The provisions of subsections (1) to (8) of this section are not subject to KRS 161.714;

(11) Any member retired by reason of service may waive his or her annuity and return to full-time employment in a position covered by the Kentucky Teachers' Retirement System under the following conditions:

(a) The member shall receive no annuity payments while employed in a covered position, shall waive his or her medical insurance coverage with the Kentucky Teachers' Retirement System during the period of reemployment, and shall receive the medical insurance coverage that is generally offered by the member's active employer to the other members of the retirement system employed by the active employer. The member's estate or, if there is a
beneficiary applicable designated by the member, then the beneficiary, shall continue to be eligible for life insurance benefits as provided in KRS 161.655. Service subsequent to retirement shall not be used to improve an annuity, except as provided in paragraphs (b) and (c) of this subsection;

(b) Any member who waives regular annuity benefits and returns to teaching or covered employment shall be entitled to make contributions on the salaries received for this service and have his retirement annuity recalculated as provided in the regular retirement formula in KRS 161.620(1), less any applicable actuarial discount applied to the original retirement allowance due to the election of a joint and last survivor option. Retirement option and beneficiary designation on original retirement shall not be altered by postretirement employment, and dependents and spouses of the members shall not become eligible for benefits under KRS 161.520, 161.525, or 161.661 because of postretirement employment;

(c) When a member returns to full-time teaching or covered employment as provided in subsection (b) of this section, the employer is required to withhold and remit regular retirement contributions. The member must be employed full-time for at least one (1) consecutive contract year to be eligible to improve an annuity. The member shall be returned to the annuity rolls on July 1 following completion of the contract year or on the first day of the month following the month of termination of service if full-time employment exceeds one (1) consecutive contract year. A member shall not be returned to the annuity rolls until after he or she has filed a retirement application in compliance with KRS 161.600(4). Any discounts applied at the time of the original retirement due to service or age may be reduced or eliminated due to additional employment if full-time employment is for one (1) consecutive contract year or longer; and
(d) A member retired by reason of service who has been employed the equivalent of twenty-five (25) days or more during a school year under KRS 161.605 may waive the member's retirement annuity and return to regular employment covered by the Kentucky Teachers' Retirement System during that school year a maximum of one (1) time during any five (5) year period, beginning with that school year;

(12) Retired members may be employed in a part-time teaching capacity by an agency described in KRS 161.220(4)(b) or (n), not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. Retired members may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by an agency described in KRS 161.220(4)(b) or (n) in a position that would otherwise be covered by the retirement system. Except as otherwise provided by this subsection, the return to work provisions set forth in subsections (1) to (8) of this section shall not apply to retired members who return to work solely for an agency described in KRS 161.220(4)(b) or (n). Calculation of the number of days and teaching hours for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service. Any member who exceeds the twelve (12) hour or one hundred (100) day limitations of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation.
that the member earns in employment exceeding twelve (12) hours, one hundred
(100) days, or any apportionment of the two (2) combined. **Effective July 1, 2017,**
retired members under age sixty (60) returning to work for an employer described
in subsection(4)(b) or (n) of Section 2 of this Act shall comply with the
separation-from-service requirements of subsection (7) of this section:

(13) When a retired member returns to employment in a part-time teaching capacity or in
a nonteaching capacity as provided in subsection (12) of this section, the employer
shall contribute annually to the retirement system on the compensation paid to the
retired member at rates determined by the retirement system actuary that reflect
accrued liability for retired members who return to work under subsection (12) of
this section; and

(14) For retired members who return to work during any one (1) fiscal year in both a
position described in KRS 161.220(4)(b) or (n) and in a position described under
another provision under KRS 161.220(4), and for retired members who return to
work in a position described under KRS 161.220(4)(b) or (n) in both a teaching and
an administrative or nonteaching capacity, the board of trustees shall adopt a
methodology for a pro rata apportionment of days and hours that the retired member
may work in each position.

⇒ Section 18. KRS 161.612 is amended to read as follows:

Effective July 1, 2002, any individual occupying a position on a part-time basis that
requires certification or graduation from a four (4) year college or university as a
condition of employment and any individual providing part-time or substitute teaching
services that are the same or similar to those teaching services provided by certified, full-
time teachers shall be a member of the Kentucky Teachers' Retirement System, according
to the conditions and only to the extent set forth in this section, if the individual is
employed by one (1) of the public boards, institutions, or agencies set forth in KRS
161.220, excluding those public boards, institutions, and agencies described in KRS
161.220(4)(b) and (n). Members providing part-time and substitute services shall participate in the retirement system as follows:

(1) Members providing part-time and substitute services shall accrue service credit as provided under KRS 161.500 and be entitled to a retirement allowance upon meeting the service retirement conditions of KRS 161.600. The board of trustees shall adopt a methodology for accrediting service credit to these members on a pro rata basis. The methodology adopted by the board of trustees may be amended as necessary to ensure its actuarial soundness. The retirement allowance for members providing part-time and substitute services shall be calculated pursuant to KRS 161.620, except that the provisions of KRS 161.620(3) shall not apply. Members providing part-time and substitute services who meet the service retirement conditions of KRS 161.600 may also be eligible to participate as approved by the board of trustees in the medical insurance program provided by the retirement system under KRS 161.675. Members providing part-time and substitute services shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540. A member who provides part-time or substitute services, or in the event of the death of the member, the member's estate or applicably designated beneficiary, will be entitled, within ninety (90) days of the posting of the annual report submitted by the member's employer, to a refund of contributions as permitted and limited by KRS 161.470;

(2) (a) 1. The board of trustees shall adopt eligibility conditions under which members providing part-time and substitute services may participate in the benefits provided under KRS 161.520, 161.655, 161.661, and 161.663.

2. For all disability retirement applications filed with the Kentucky Teachers' Retirement System on or after July 1, 2016, disability retirement payments and any other recurring payments payable by a
state-administered retirement system to members providing part-time or substitute services shall be applied to reduce, on a dollar-for-dollar basis, the minimum monthly disability retirement allowance of five hundred dollars ($500) provided for under subsection (6) of Section 25 of this Act.

3. Members providing part-time or substitute services shall not be eligible to apply for a disability retirement allowance if they are eligible for a service retirement allowance that is not subject to an actuarial reduction required under KRS 161.600(1)(b) or (d).

(b) The board of trustees may permit members providing part-time or substitute services to participate in other benefits offered by the retirement system by promulgating administrative regulations that establish eligibility conditions for participation in these benefits. All eligibility conditions adopted by the board of trustees pursuant to this subsection may be amended as necessary to ensure their actuarial soundness;

(3) In addition to the pro rata methodology adopted by the board of trustees under subsection (1) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding the accrual, retention, accreditation, and use of service credit that apply to members providing full-time services. In addition to the eligibility conditions set forth by the board of trustees under subsection (2) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding both the eligibility to participate and the extent of participation in any benefit offered under KRS 161.220 to 161.716 that apply to members providing full-time services;

(4) Notwithstanding any other provisions of this section to the contrary, instructional assistants who provide teaching services in the local school districts on a full-time basis in positions covered by the County Employees Retirement System who are
used as substitute teachers on an emergency basis for five (5) days or less during any one (1) fiscal year shall not be considered members of the Teachers' Retirement System during that period in which they are serving as substitute teachers for five (5) days or less;

(5) The board of trustees may adopt a pro rata methodology to determine the annual compensation of members providing part-time and substitute services in order to determine benefits provided under KRS 161.661 and 161.663. Members providing part-time and substitute services who had retirement contributions posted to their accounts during the previous fiscal year and who have not had those contributions refunded to them are eligible to vote for the board of trustees;

(6) The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership; and

(7) The provisions of this section are not subject to KRS 161.714.

➔Section 19. KRS 161.614 is amended to read as follows:

A court order awarding additional back salary to or reinstating a member as a result of employment in a position covered by the Kentucky Teachers' Retirement System shall entitle the member to additional salary or service credit, or both, under the following circumstances:

(1) Members shall make contributions to the Kentucky Teachers' Retirement System at the rate set forth in KRS 161.540 and members' employers shall make contributions at the rate set forth in KRS 161.550, with interest accruing on all contributions at the rate of eight percent (8%) per annum from the end of each fiscal year that back salary or the reinstatement was ordered. Contributions, plus interest, shall be made for each year that back salary or reinstatement was ordered. No service or salary credit shall be credited to a member's account unless full contributions are paid to
the Kentucky Teachers' Retirement System;

(2) The member may have court-ordered back salary credited to his or her account only to the extent that the member actually received payment for the back salary and only to the extent that the court-ordered back salary is within the salary scale that was available to the member in the covered position for the years that the back salary was awarded. Court-ordered back salary can be credited to the member's account only as permitted under KRS 161.220(9) and (10). The member may have court-ordered service credited to his or her account only after the retirement system has received the contributions and interest on the full compensation that would normally be earned in the position that is the subject of the litigation;

(3) The member's employer ordered to pay back salary or to reinstate the member by a court of competent jurisdiction shall provide the retirement system with a breakdown of the back salary awarded to the member on a year-by-year basis;

(4) The calculations of the contributions and interest required to be paid for court-ordered back salary or reinstatement shall be provided by the retirement system to the member or the member's employer at the member's or employer's request. Requests for these calculations shall be made with at least two (2) weeks of advance notice to the retirement system to provide these calculations. The retirement system will calculate accrued interest as of the last day of the month during which payment of the full contributions are made;

(5) For purposes of this section, a settlement agreement that provides back salary or reinstatement, and is adopted by order or judgment of a court of competent jurisdiction or is referenced in an order dismissing the action as settled shall have the same effect as a court order adjudicating the matter. Orders entered by a government board or agency as a result of litigation conducted on an administrative hearing level and legally binding arbitration and mediation awards shall be considered as court orders for the purposes of this section; and
(6) Under no circumstances shall a member be entitled to service credit as a result of court-ordered reinstatement that is in violation of the provisions of KRS 161.500.

Section 20. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1998, and thereafter, except as otherwise provided by this section, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed by members of the Teachers' Retirement System who are members under the provisions of KRS 161.220(4)(b) or (n) shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section;

(b) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, and before July 1, 2008, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned less than ten (10) full years of service credit, the retirement allowance shall be two percent (2%) of the member's final average salary for each year of service. For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, and before July 1, 2008, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned at least ten (10) full years of service credit, the annual allowance for each year of service shall be two and one-half percent (2.5%) of the member's final average salary;

(c) The board of trustees may approve for members who initially retire on or after
July 1, 2004, and who become members before July 1, 2008, except those persons who are members under KRS 161.220(4)(b) or (n), a retirement allowance of three percent (3%) of the member's final average salary for each year or partial year of service credit earned in excess of thirty (30) years. This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. This subsection is optional with the board of trustees and shall not be subject to KRS 161.714;

(d) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2008, except those persons who become members under KRS 161.220(4)(b) or (n), the retirement allowance shall be:

1. a. One and seven-tenths percent (1.7%) of the member's final average salary for each year of service if the member has earned ten (10) or less years of service at retirement;
   
   b. Two percent (2%) of the member's final average salary for each year of service if the member has earned greater than ten (10) but no more than twenty (20) years of service at retirement;
   
   c. Two and three-tenths percent (2.3%) of the member's final average salary for each year of service if the member has earned greater than twenty (20) but no more than twenty-six (26) years of service at retirement; or
   
   d. Two and one-half percent (2.5%) of the member's final average salary for each year of service if the member has earned greater than twenty-six (26) but no more than thirty (30) years of service at
retirement; and

2. Three percent (3%) of the member's final average salary for each year or partial year of service earned in excess of thirty (30) years of service at retirement subject to the same terms and conditions as set forth in paragraph (c) of this subsection;

(e) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2008, who are members under KRS 161.220(4)(b) or (n), the retirement allowance shall be:

1. One and one-half percent (1.5%) of the member's final average salary for each year of service if the member has earned ten (10) or less years of service at retirement;

2. One and seven-tenths percent (1.7%) of the member's final average salary for each year of service if the member has earned greater than ten (10) but no more than twenty (20) years of service at retirement;

3. One and eighty-five hundredths percent (1.85%) of the member's final average salary for each year of service if the member has earned greater than twenty (20) but less than twenty-seven (27) years of service at retirement; or

4. Two percent (2%) of the member's final average salary for each year of service if the member has earned twenty-seven (27) or more years of service at retirement; and

(f) The retirement allowance of a member at retirement, as measured on a life annuity, shall not exceed the member's last yearly salary or the member's final average salary, whichever is the greater amount. For purposes of this section, "yearly salary" means the compensation earned by a member during the most recent period of contributing service, either consecutive or nonconsecutive, preceding the member's effective retirement date and shall be subject to the
provisions of KRS 161.220(9) and (10).

(2) Effective July 1, 2002, and annually on July 1 thereafter, the retirement allowance of each retired member, of each recipient of a straight life annuity with a refundable balance, and of each recipient (beneficiary) of a retirement option shall be increased in the amount of one and one-half percent (1.5%), provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase.

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than four hundred dollars ($400) effective July 1, 2002, and not less than four hundred forty dollars ($440) effective July 1, 2003, multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection, except the following:

(a) Individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2008; or

(b) Members whose retirement allowance payment is reduced below the minimum allowance as a result of its division in a qualified domestic relations order or any other provision permitted under KRS 161.700.

(4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time
of the member's retirement.

(5) (a) The Kentucky Teachers' Retirement System may in its biennial budget request funding to provide an increase in the monthly allowance of each retired member, each recipient of a straight life annuity with a refundable balance, and each recipient of a retirement option in order to help their monthly allowances keep up with the costs of inflation.

(b) If funding is available, each retired member, each recipient of a straight life annuity with a refundable balance, and each recipient of a retirement option shall receive the full increase provided by the funding if the retired member, recipient of a straight life annuity with a refundable balance, or recipient of a retirement option has had [Effective July 1, 2008, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed three and one-half percent (3.5%) of the monthly allowance in effect the previous month, provided the retired member had] been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective.

(c) In the event that the retired member, the recipient of a straight life annuity with a refundable balance, or the recipient of a retirement option has had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase.

(d) The level of increase provided for in this subsection shall be determined by the funding provided in the [2008-2010] biennium budget appropriation.

(6) [Effective July 1, 2009, the monthly allowance of each retired member and each
recipient of a retirement option of the retired member may be increased in an amount not to exceed seven tenths of one percent (0.7%) of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2008-2010 biennium budget appropriation.

(7) Effective July 1, 1990, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(7)(8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code.

(8)(9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's retirement annuity. The limitation on compensation for eligible members shall not be less than the amount which was allowed to be taken into account by the retirement system in
effect on July 1, 1993. For this purpose, an eligible member is an individual who was a member of the retirement system before the first plan year beginning after December 31, 1995.

Section 21. KRS 161.630 is amended to read as follows:

(1) A member, upon retirement, shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under options which the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).

(2) The retirement option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:
   (a) A divorce, annulment, or marriage dissolution following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement that provides indefinitely continuing benefits to a spousal beneficiary and return the retiree to a single lifetime benefit equivalent as determined by the board; or
   (b) Following marriage or remarriage, or the death of the designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of a single lifetime benefit at the time of the election, as determined by the board. The plan shall become effective the first of the month following receipt of an application on a form approved by the board.

(3) Except as otherwise provided in this section, a beneficiary designation shall not be changed after the effective date of retirement except for retirees who elect the life annuity with refundable balance or the predetermined years certain and life
thereafter option. A member may remove a beneficiary at any time, but shall not
designate a substitute beneficiary. If a member elects to remove a beneficiary, the
member's retirement allowance shall not change regardless of the retirement option
selected by the member, even if the removed beneficiary predeceases the member.

(4) A member who experiences a qualifying event under subsection (2) of this section
and who elects a new optional plan of payment shall make that election within sixty
(60) days of the qualifying event.

➤ Section 22. KRS 161.643 is amended to read as follows:

(1) Each school district, institution, and agency employing annuitants of the retirement
system shall have on file at the retirement system's office an annual summary
report of the days employed and the compensation paid to each
annuitant and other data as required by administrative regulation of the board of
trustees no later than August 1, following the completion of each fiscal year.

(2) The retirement system may impose a penalty on the employer not to exceed one
thousand dollars ($1,000) when the employer does not meet the August 1
filing date or fails to provide the information required for employment of
annuitants of the retirement system. However, the retirement system may waive the
penalty for good cause.

(3) The retirement system may promulgate administrative regulations in accordance
with KRS Chapter 13A to require employers to report more frequently than on an
annual basis.

➤ Section 23. KRS 161.650 is amended to read as follows:

(1) In the case of death of a member who has retired by reason of service or disability,
any portion of the member's accumulated contributions, including member
contributions to the state accumulation fund and regular interest to the date of
retirement, that has not, and will not be paid as an allowance or benefit shall be paid
to the member's beneficiary in such manner as the board of trustees elects.

(2)  (a) The member may designate a primary beneficiary or two (2) or more cobeneficiaries to receive any remaining accumulated member contributions payable under this section.

(b) A contingent beneficiary may be designated in addition to the primary beneficiary or the cobeneficiaries. The member may designate two (2) or more contingent beneficiaries.

(c) To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of any remaining accumulated member contributions.

(d) Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system. Cobeneficiaries shall be composed of a single class of individuals, or trusts where permitted, who will share in equal proportions in any payment that may become available under this section.

(e) 1. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent marriage or divorce.

2. Subsequent marriage by the member shall void the primary beneficiary and any cobeneficiary designation, even that of a trust, and the spouse of the member at death shall be considered as the primary beneficiary, unless the member subsequent to marriage designates another beneficiary. An individual who is married prior to becoming a retired member of the retirement system and remains married at the time of becoming a retired member shall have his or her spouse considered the primary beneficiary, unless the member
designates another beneficiary for any amounts payable under subsection (1) of this section.

3. A final divorce decree shall terminate the beneficiary status of an ex-spouse unless, subsequent to divorce, the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.

(f) In the event that the member fails to designate a beneficiary or all designated beneficiaries predecease the member, any remaining accumulated member contributions shall be payable to the member's estate; unless the member is married at the time of his or her death, in which case any remaining contributions shall be payable to his or her spouse.

⇒ Section 24. KRS 161.655 is amended to read as follows:

(1) Effective July 1, 2000, the Teachers' Retirement System shall:

(a) Provide a life insurance benefit in a minimum amount of five thousand dollars ($5,000) for its members who are retired for service or disability. This life insurance benefit shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system; and

(b) Provide a life insurance benefit in a minimum amount of two thousand dollars ($2,000) for its active contributing members. This life insurance benefit shall be payable upon the death of an active contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system.

(2) (a) The member may name one (1) primary and one (1) contingent beneficiary for receipt of the life insurance benefit. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of the life
insurance benefit.

(b) Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system.

(c) In the event that a member fails to designate a beneficiary, or all designated beneficiaries predecease the member, the member's estate shall be deemed to be the beneficiary, unless the member is married at the time of his or her death, in which case the spouse shall be deemed the beneficiary.

(d) 1. Any beneficiary designation made by the member, including the estate should the estate become the beneficiary by default, shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent marriage or divorce.

2. A valid marriage license shall terminate any previously designated beneficiary, even that of a trust, and establish the spouse as beneficiary unless, subsequent proof of the marriage, the member or retired member redesignates someone other than the new spouse as the beneficiary.

3. An individual who is married prior to becoming an active member or a retired member of the retirement system and remains married at the time of becoming an active or retired member of the retirement system shall have his or her spouse considered the primary beneficiary, unless the member designates another beneficiary.

4. A final divorce decree shall terminate the beneficiary status of an ex-spouse unless, subsequent to divorce, the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.
(3) Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.

(4) Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

(5) Upon the death of a member of the Teachers' Retirement System, the life insurance provided pursuant to subsection (1) of this section may be assigned by the designated beneficiary to a bank or licensed funeral home.

Section 25. KRS 161.661 is amended to read as follows:

(1) (a) Any member who is accredited by the retirement system [has completed] five (5) or more years of accredited service credit in the public schools of Kentucky after July 1, 1941, may retire for disability and be granted a disability allowance if found to be eligible as provided in this section. Application for disability benefits shall be made within one (1) year of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of employment in a position covered by the Teachers' Retirement System and subsequent to the accreditation by the retirement system [completion] of five (5) years of teaching service credit in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service.

(b) The annual disability allowance shall be equal to sixty percent (60%) of the
member's final average salary.

(c) The following individuals shall not be eligible for disability benefits as provided by this section:

1. Members with twenty-seven (27) or more years of service credit; and [are eligible for service retirement only.]

2. Individuals who become members on or after July 1, 2016, who are eligible for an unreduced benefit as provided by KRS 161.600(1)(a).

(2) The provisions of KRS 161.520, 161.525, and subsections (3), (4), and (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of these members.

(3) Members shall earn one (1) year of entitlement to disability retirement, at sixty percent (60%) of the member's final average salary, for each four (4) years of service in a covered position, but any member meeting the service requirement for disability retirement shall be credited with no less than five (5) years of eligibility.

(4) A member retired by reason of disability shall continue to earn service credit at the rate of one (1) year for each year retired for disability. This service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of a medical review committee, and this service shall be used in calculating benefits as provided in subsection (5) of this section, but under no circumstances shall this service be used to provide the member with more than twenty-seven (27) years of total service credit. The service credit shall be valued at the same level as service earned by active members as provided under KRS 161.600 and 161.620.

(5) Any member retired by reason of disability and remaining disabled at the expiration of the entitlement period shall have his disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) of this
section. The retirement allowance shall be calculated as set forth in KRS 161.620, except that those persons less than sixty (60) years of age shall be considered as sixty (60) years of age. Members having their disability benefits recalculated under this subsection shall not be entitled to a benefit based upon an average of their three (3) highest salaries as set forth in KRS 161.220(9), unless approved otherwise by the board of trustees.

(6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy (70) or until the member's eligibility is discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period. Members who have their disability retirement allowance recalculated at the expiration of their entitlement period shall be entitled to a minimum monthly allowance of five hundred dollars ($500) as the basic straight life annuity. The minimum allowance shall be effective July 1, 1992, and shall apply to those members who have had their allowance recalculated prior to that date and to disability retirees who will have their benefit allowance recalculated on or after that date. For individuals who become members on or after July 1, 2016, disability retirement payments and any other recurring payments payable by any state-administered retirement system shall be applied to reduce, on a dollar-for-dollar basis, the minimum monthly disability retirement allowance payable under this subsection.

(7) Effective July 1, 1992, members retired for disability prior to July 1, 1964, shall be entitled to a minimum monthly allowance of five hundred dollars ($500) as their basic straight life annuity and their surviving spouse shall be eligible for survivor benefits as provided in KRS 161.520(1)(a) and (b).
(8) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or any member, who is age sixty (60) years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.

(9) In order to qualify for retirement by reason of disability a member must suffer from a physical or mental condition presumed to be permanent in duration and of a nature as to render the member incapable of being gainfully employed in a covered position. The incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of a medical review committee.

(10) A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of a medical review committee indicate the disability no longer exists, the allowance shall be discontinued.

(11) Eligibility for payment shall begin on the first day of the month following receipt of the application in the Teachers' Retirement System office, or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.

(12) No person who receives a disability allowance may be employed in a position that entails duties or qualification requirements similar to positions subject to participation in the retirement system either within or without the State of Kentucky. So doing shall constitute a misdemeanor and shall result in loss of the allowance from the first date of this service. A member who applies for and is approved for disability retirement on or after July 1, 2002, and whose annual disability benefit is less than forty thousand dollars ($40,000) may earn income in any occupation other than covered employment only to the extent that the annual
income from the other employment when added to the annual disability benefit does not exceed forty thousand dollars ($40,000). For any member who exceeds this limit as a result of income from other employment, the Kentucky Teachers' Retirement System shall reduce the member's disability benefit on a dollar-for-dollar basis for each dollar that the member's combined annual disability benefit and annual income from other employment exceeds forty thousand dollars ($40,000). The board of trustees may annually increase the forty thousand dollar ($40,000) limit by the percentage increase in the annual average of the consumer price index for all urban consumers for the most recent calendar year as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%).

(13) All members who applied for disability retirement before July 1, 2002, and were approved as a result of that application shall be subject to the income limitations as they existed on June 30, 2002, until July 1, 2006. Effective July 1, 2006, the twenty-seven thousand dollar ($27,000) limitation shall be increased to forty thousand dollars ($40,000) and may be adjusted by the board of trustees by the consumer price index in the manner described in subsection (12) of this section. The recipient of a disability allowance who engages in any gainful occupation other than covered employment must make a report of the duties involved, compensation received, and any other pertinent information required by the board of trustees.

(14) The board of trustees shall designate medical review committees, each consisting of three (3) licensed physicians. A medical review committee shall pass upon all applications for disability retirement and upon all applicant statements, medical certifications, and examinations submitted in connection with disability applications. The disposition of each case shall be recommended by a medical review committee in writing to the retirement system. Members of a medical review committee shall follow administrative regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized
by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The retirement system may secure additional medical examinations and information as it deems necessary. A member may appeal any final agency decision denying his or her disability retirement application pursuant to the provisions of KRS 161.250(2).

(15) A disability may be presumed to be permanent if the condition creating the disability may be reasonably expected to continue for one (1) year or more from the date of application for disability benefits.

(16) Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of a medical review committee, may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve (12) months of the date disability benefits terminated. If the termination of benefits were voluntary, the reinstatement may be made without medical examination if application is made within three (3) months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

(17) No person who is receiving disability benefits under this section may be employed in a position which qualifies the person for membership in a retirement system financed wholly or in part with public funds. Employment in a position prohibited by this subsection shall result in disqualification for those disability benefits from the date of employment in the prohibited position.

(18) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section, or becomes disqualified from receiving a portion of those benefits due to income from other than covered employment, shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the
Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits. The Kentucky Teachers' Retirement System may, in order to collect an outstanding debt, reduce or terminate any benefit that a member is otherwise entitled to receive.

Section 26. KRS 161.680 is amended to read as follows:

(1) If any change or error in a record results in any individual receiving from the retirement system more or less than the individual was entitled to receive, the board of trustees shall, when the error is discovered, correct the error, and as far as practicable adjust the payments so that the actuarial equivalent of the benefit to which the individual was entitled shall be paid.

(2) The Kentucky Teachers' Retirement System shall take all practicable and cost-effective steps to collect overpayments from a member's or retiree's account. Methods of correction of overpayments from any member's or retiree's account shall include but are not limited to reclamation of the overpayment from the member's or retiree's account at the depository bank, the deduction of moneys from account refunds, deduction from the retirement allowance or joint and survivor annuity payable from the account, and deduction of moneys from the life insurance benefit.

Section 27. KRS 161.550 is amended to read as follows:

(1) Beginning with July 1, each employer, except as provided under KRS 161.555, shall contribute annually to the Kentucky Teachers' Retirement System a permanent amount equal to that contributed by members of the retirement system it employs less the amount contributed by employees under KRS 161.540(1)(c), plus an additional three and one-fourths percent (3.25%) of the total of salaries of members...
of the retirement system it employs to discharge the system's unfunded obligations with interest assumed by the state and to provide funding to the medical insurance fund as provided under KRS 161.420(5). If the board of trustees establishes a trust fund under 26 U.S.C. sec. 115, the board may deposit the employer contribution dedicated to retiree health in that trust fund.

(2) In addition to the required contributions in subsection (1) of this section, the state shall contribute annually to the Kentucky Teachers' Retirement System a percentage of the total salaries of the state-funded and federally funded members it employs to pay the cost of health insurance coverage for retirees who are not eligible for Medicare and who retire on or after July 1, 2010, less the amounts that are otherwise required to be paid by the retirees under KRS 161.675. The Kentucky Teachers' Retirement System may also request an additional amount necessary to ensure payment of medical insurance costs through fiscal year 2015-2016 which shall not be subject to the limitations of paragraph (c) of this subsection. The board shall deposit funds in the medical insurance fund unless the board of trustees has established a trust fund under 26 U.S.C. sec. 115 for this purpose. In this case, the board may deposit the employer contribution in that trust fund. This contribution shall be known as the state medical insurance fund stabilization contribution. The percentage to be contributed by the state under this subsection:

(a) Shall be determined by the retirement system's actuary for each biennial budget period;

(b) May be suspended or adjusted by the General Assembly if in its judgment the welfare of the Commonwealth so demands; and

(c) Shall not exceed the lesser of the actual benefit cost for retirees not eligible for Medicare who retire on or after July 1, 2010, or the amount contributed by employers under subsection (3) of this section.

(3) Effective July 1, 2010, all local boards of education, agencies, and organizations
identified in KRS 161.220(4), with the exception of those institutions identified under paragraphs (b) and (n) of KRS 161.220(4), shall make a contribution for each payroll on behalf of their active employees who participate in the Kentucky Teachers' Retirement System in an amount equal to the percentage of payroll of those active employees, according to the schedule as follows:

July 1, 2010........................................ Twenty-five hundredths percent (.25%)
July 1, 2011............................................................... One-half percent (.50%)
July 1, 2012................................................................. One percent (1.0%)
July 1, 2013......................................................One and one-half percent (1.5%)
July 1, 2014...............................Two and twenty-five hundredths percent (2.25%)
July 1, 2015, and thereafter .................Three percent (3.0%)

(4) Institutions identified under KRS 161.220(4)(b) and (n) shall make a contribution for each payroll on behalf of their active employees who participate in the Kentucky Teachers' Retirement System of an amount equal to a percentage of these employees' payroll that is actuarially equivalent to the percentage contributed by local boards of education, agencies, and organizations identified under subsection (3) of this section, not to exceed the percentages established under the schedule set forth in subsection (3) of this section. The actuarial equivalent to be contributed under this subsection shall be determined by the Kentucky Teachers' Retirement System's actuary.

(5) When the medical insurance fund established under KRS 161.420(5) achieves a sufficient prefunded status as determined by the Kentucky Teachers' Retirement System's actuary, the board of trustees shall recommend to the General Assembly that the contributions required under subsections (3) and (4) of this section shall, in an actuarially accountable manner, be either decreased, suspended, or eliminated.

(6) Each employer shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under
KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155; 161.168; 161.507(4); 161.515; 161.545; 161.553; 161.605; 161.612; and 161.620(1), (3), (5), and (6). In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. Employer contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and these contributions shall be considered deferred compensation to the members.
