

AN ACT relating to tuition and fees for postsecondary education and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 164.020 is amended to read as follows:

The Council on Postsecondary Education in Kentucky shall:

- (1) Develop and implement the strategic agenda with the advice and counsel of the Strategic Committee on Postsecondary Education. The council shall provide for and direct the planning process and subsequent strategic implementation plans based on the strategic agenda as provided in KRS 164.0203;
- (2) Revise the strategic agenda and strategic implementation plan with the advice and counsel of the committee as set forth in KRS 164.004;
- (3) Develop a system of public accountability related to the strategic agenda by evaluating the performance and effectiveness of the state's postsecondary system. The council shall prepare a report in conjunction with the accountability reporting described in KRS 164.095, which shall be submitted to the committee, the Governor, and the General Assembly by December 1 annually. This report shall include a description of contributions by postsecondary institutions to the quality of elementary and secondary education in the Commonwealth;
- (4) Review, revise, and approve the missions of the state's universities and the Kentucky Community and Technical College System. The Council on Postsecondary Education shall have the final authority to determine the compliance of postsecondary institutions with their academic, service, and research missions;
- (5) Establish and ensure that all postsecondary institutions in Kentucky cooperatively provide for an integrated system of postsecondary education. The council shall guard against inappropriate and unnecessary conflict and duplication by promoting transferability of credits and easy access of information among institutions;
- (6) Engage in analyses and research to determine the overall needs of postsecondary

education and adult education in the Commonwealth;

- (7) Develop plans that may be required by federal legislation. The council shall for all purposes of federal legislation relating to planning be considered the "single state agency" as that term may be used in federal legislation. When federal legislation requires additional representation on any "single state agency," the Council on Postsecondary Education shall establish advisory groups necessary to satisfy federal legislative or regulatory guidelines;
- (8) **(a)** Determine tuition and approve the minimum qualifications for admission to the state postsecondary educational system.
- (b)** In defining residency, the council shall classify a student as having Kentucky residency if the student met the residency requirements at the beginning of his or her last year in high school and enters a Kentucky postsecondary education institution within two (2) years of high school graduation. In determining the tuition for non-Kentucky residents, the council shall consider the fees required of Kentucky students by institutions in adjoining states, the resident fees charged by other states, the total actual per student cost of training in the institutions for which the fees are being determined, and the ratios of Kentucky students to non-Kentucky students comprising the enrollments of the respective institutions, and other factors the council may in its sole discretion deem pertinent.
- (c)** **1. For the 2016-2017 through the 2019-2020 academic years, tuition for resident students shall not exceed the amount of tuition charged to resident students for the 2015-2016 academic year.**
- 2. Tuition increases for resident students for the 2020-2021 academic year and thereafter are to be determined in consultation with the General Assembly;**
- (9) Devise, establish, and periodically review and revise policies to be used in making

recommendations to the Governor for consideration in developing recommendations to the General Assembly for appropriations to the universities, the Kentucky Community and Technical College System, and to support strategies for persons to maintain necessary levels of literacy throughout their lifetimes including but not limited to appropriations to the Kentucky Adult Education Program. The council has sole discretion, with advice of the Strategic Committee on Postsecondary Education and the executive officers of the postsecondary education system, to devise policies that provide for allocation of funds among the universities and the Kentucky Community and Technical College System;

- (10) Lead and provide staff support for the biennial budget process as provided under KRS Chapter 48, in cooperation with the committee;
- (11)
 - (a) Except as provided in paragraph (b) of this subsection, review and approve all capital construction projects covered by KRS 45.750(1)(f), including real property acquisitions, and regardless of the source of funding for projects or acquisitions. Approval of capital projects and real property acquisitions shall be on a basis consistent with the strategic agenda and the mission of the respective universities and the Kentucky Community and Technical College System.
 - (b) The organized groups that are establishing community college satellites as branches of existing community colleges in the counties of Laurel, Leslie, and Muhlenberg, and that have substantially obtained cash, pledges, real property, or other commitments to build the satellite at no cost to the Commonwealth, other than operating costs that shall be paid as part of the operating budget of the main community college of which the satellite is a branch, are authorized to begin construction of the satellite on or after January 1, 1998;
- (12) Require reports from the executive officer of each institution it deems necessary for the effectual performance of its duties;

- (13) Ensure that the state postsecondary system does not unnecessarily duplicate services and programs provided by private postsecondary institutions and shall promote maximum cooperation between the state postsecondary system and private postsecondary institutions. Receive and consider an annual report prepared by the Association of Independent Kentucky Colleges and Universities stating the condition of independent institutions, listing opportunities for more collaboration between the state and independent institutions and other information as appropriate;
- (14) Establish course credit, transfer, and degree components as required in KRS 164.2951;
- (15) Define and approve the offering of all postsecondary education technical, associate, baccalaureate, graduate, and professional degree, certificate, or diploma programs in the public postsecondary education institutions. The council shall expedite wherever possible the approval of requests from the Kentucky Community and Technical College System board of regents relating to new certificate, diploma, technical, or associate degree programs of a vocational-technical and occupational nature. Without the consent of the General Assembly, the council shall not abolish or limit the total enrollment of the general program offered at any community college to meet the goal of reasonable access throughout the Commonwealth to a two (2) year course of general studies designed for transfer to a baccalaureate program. This does not restrict or limit the authority of the council, as set forth in this section, to eliminate or make changes in individual programs within that general program;
- (16) Eliminate, in its discretion, existing programs or make any changes in existing academic programs at the state's postsecondary educational institutions, taking into consideration these criteria:
 - (a) Consistency with the institution's mission and the strategic agenda;
 - (b) Alignment with the priorities in the strategic implementation plan for achieving the strategic agenda;

- (18) Review proposals and make recommendations to the Governor regarding the establishment of new public community colleges, technical institutions, and new four (4) year colleges;
- (19) Postpone the approval of any new program at a state postsecondary educational institution, unless the institution has met its equal educational opportunity goals, as established by the council. In accordance with administrative regulations promulgated by the council, those institutions not meeting the goals shall be able to obtain a temporary waiver, if the institution has made substantial progress toward meeting its equal educational opportunity goals;
- (20) Ensure the coordination, transferability, and connectivity of technology among postsecondary institutions in the Commonwealth including the development and implementation of a technology plan as a component of the strategic agenda;
- (21) Approve the teacher education programs in the public institutions that comply with standards established by the Education Professional Standards Board pursuant to KRS 161.028;
- (22) Constitute the representative agency of the Commonwealth in all matters of postsecondary education of a general and statewide nature which are not otherwise delegated to one (1) or more institutions of postsecondary learning. The

responsibility may be exercised through appropriate contractual relationships with individuals or agencies located within or without the Commonwealth. The authority includes but is not limited to contractual arrangements for programs of research, specialized training, and cultural enrichment;

- (23) Maintain procedures for the approval of a designated receiver to provide for the maintenance of student records of the public institutions of higher education and the colleges as defined in KRS 164.945, and institutions operating pursuant to KRS 165A.310 which offer collegiate level courses for academic credit, which cease to operate. Procedures shall include assurances that, upon proper request, subject to federal and state laws and regulations, copies of student records shall be made available within a reasonable length of time for a minimum fee;
- (24) Monitor and transmit a report on compliance with KRS 164.351 to the director of the Legislative Research Commission for distribution to the Health and Welfare Committee;
- (25) Develop in cooperation with each state postsecondary educational institution a comprehensive orientation program for new members of the council and the governing boards. - (30) Prepare and present by January 31 of each year an annual status report on postsecondary education in the Commonwealth to the Governor, the Strategic Committee on Postsecondary Education, and the Legislative Research Commission;
- (31) Consider the role, function, and capacity of independent institutions of postsecondary education in developing policies to meet the immediate and future needs of the state. When it is found that independent institutions can meet state needs effectively, state resources may be used to contract with or otherwise assist independent institutions in meeting these needs;
- (32) Create advisory groups representing the presidents, faculty, nonteaching staff, and students of the public postsecondary education system and the independent colleges and universities;
- (33) Develop a statewide policy to promote employee and faculty development in all postsecondary institutions and in state and locally operated secondary area technology centers through the waiver of tuition for college credit coursework in the public postsecondary education system. Any regular full-time employee of a postsecondary public institution or a state or locally operated secondary area technology center may, with prior administrative approval of the course offering institution, take a maximum of six (6) credit hours per term at any public postsecondary institution. The institution shall waive the tuition up to a maximum of six (6) credit hours per term;

- (35) Participate with the Kentucky Department of Education, the Kentucky Board of Education, and postsecondary education institutions to ensure that academic content requirements for successful entry into postsecondary education programs are aligned with high school content standards and that students who master the high school academic content standards shall not need remedial courses.
